

REPORT
OF THE
ADJUTANT GENERAL

OF THE
STATE OF FLORIDA

1971

HENRY W. McMILLAN
MAJOR GENERAL, LINE
THE ADJUTANT GENERAL

STATE ARSENAL, ST. AUGUSTINE
32084

10 January 1972

Honorable Reubin O'D. Askew
Governor of Florida
Tallahassee, Florida 32304

Dear Governor Askew:

Pursuant to the provisions of Section 250.10, Florida Statutes, there is submitted herewith the report of the Adjutant General of Florida, pertaining to the administration of the Department of Military Affairs for the Calendar Year 1971.

As indicated in the accompanying report, the progress made during this year reflects the high state of readiness and efficiency maintained by the Florida National Guard in its efforts to fulfill both State and Federal missions. I feel that you as Commander in Chief can take real pride, as I do, in the accomplishments of the Florida National Guard.

Respectfully yours,

HENRY W. McMILLAN
Major General, Line
The Adjutant General

GOVERNORS OF FLORIDA

FIRST SPANISH PERIOD, 1565-1763

At St. Augustine

Pedro Menéndez de Avilés	1565-1574
Hernando de Miranda	1575-1577
Pedro Menéndez Marqués (Governor <i>ad interim</i>)	1577-1578
Pedro Menéndez Marqués	1578-1589
Gutierre de Miranda	1589-1592
Rodrigo de Junco (appointed governor, was drowned)	-1592
Domingo Martínez de Avandaño	1594-1595
Gonçalo Meñdez de Canço	1596-1603
Pedro de Ybarra	1603-1609
Juan Fernández de Olivera	1609-1612
Juan de Tribiño Guillamas	1613-1618
Juan de Salinas	1618-1623
Luis de Rojas y Borja	1624-1629
Andrés Rodríguez de Villegas	1630-1631
Luis Horruytiner	1633-1638
Damian de Vega Castro y Pardo	1639-1645
Benito Ruiz de Salaza Ballecilla (deposed in 1646, reinstated in 1647)	1645-1650
Nicolás Ponce de León (Governor <i>ad interim</i>)	
Pedro Benedit Horruytiner (Governor <i>ad interim</i>)	
Diego de Rebolledo	1655-1659
Alonso de Aranguiz y Cortés	1659-1663
Francisco de la Guerra y de la Vega	1664-1670
Manuel de Cendoya	1670-1673
Nicolás Ponce de León (Governor <i>ad interim</i>)	-1674
Pablo de Hita y Salazar	1675-1680
Juan Marqués Cabrera	1680-1687
Diego de Quiroga y Lozada	1687-1693
Laureano de Torres y Ayala	1693-1699
Joseph de Zúñiga y Cerda	1699-1706
Francisco de Córcoles y Martínez	1706-1716
Juan de Ayala Escobar (Governor <i>ad interim</i>)	1717-1718
Antonio de Benavides	1718-1734
Francisco del Moral Sánchez	1734-1737
Manuel Joseph de Justís (Governor <i>ad interim</i>)	-1737
Manuel de Montiano	1737-1749
Melchor de Navarrete	1749-1752

GOVERNORS OF FLORIDA

FIRST SPANISH PERIOD—Continued

Fulgencio García de Solís (Governor <i>ad interim</i>)	1752-1755
Alonzo Fernández de Heredia	1755-1758
Lucas de Palazio	1758-1761
Melchor Feliu	1762-1763

ENGLISH PERIOD, 1763-1783

East Florida at St. Augustine

James Grant	1763-1770
John Moultrie (Lt. Governor)	1771-1774
Patrick Tonyn	1774-1783

West Florida at Pensacola

George Johnstone	1763-1767
Monforte Browne	1767-1769
John Eliot	1769-1769
Elias Durnford	1769-1770
Peter Chester	1770-1781

SECOND SPANISH PERIOD, 1783-1821

East Florida at St. Augustine

Manuel de Zéspedes	1783-1790
Juan Quesada	1790-1795
Bartolomé Morales, Acting Governor	1795
Enrique White	1795-1811
Juan de Estrada	1811-1812
Sebastián Kindelan	1812-1815
Juan de Estrada, Acting Governor	1815-1816
José Coppinger	1816-1821

West Florida at Pensacola

Arturo O'Neill	1781-1793
Enrique White	1793-1795
Paula Gelabert	1795-1796
Juan Folch	1796-1811
Francisco St. Maxent	1811-1812
Mauricio de Zúñiga	1812-1813
Mateo González Manrique	1813-1815
José Masot	1816-1819
José Callava	1819-1821

GOVERNORS OF FLORIDA

Under the American Flag

TERRITORIAL GOVERNORS, 1821-45

Andrew Jackson	1821-1822	Robert Raymond	
William P. Duval	1822-1834	Reid	1839-1841
John H. Eaton	1834-1836	Richard Keith Call	1841-1844
Richard Keith Call	1836-1839	John Branch	1844-1845

DEPARTMENT OF MILITARY AFFAIRS

INTRODUCTION

The State of Florida, Department of Military Affairs, is a State agency created by Chapter 250, Florida Statutes and composed of the military force provided for in the laws of the State of Florida. The Florida National Guard is provided for by Section 2, Article X of the Constitution and Chapter 250.08 of the Florida Statutes. The National Guard of the United States is provided for by Title 32, U. S. Code.

The Governor is Commander in Chief of the Florida National Guard. The Adjutant General is Chief of the Department of Military Affairs and Commanding General of the Florida Army and Air National Guard. There is an Assistant Adjutant General who is also Assistant Adjutant General for Army, an Assistant Adjutant General for Air, and a directorate staff organization in the Headquarters. (Appendix I, Organizational Chart.)

The troop structure of the Florida National Guard is composed of the Florida Army National Guard and Florida Air National Guard. The Army National Guard consists of the State Headquarters and Headquarters Detachment with its attached support type units, commanded by The Adjutant General; an Infantry Brigade (Separate), commanded by a Brigadier General; and non-divisional units grouped under an Alternate Command Headquarters, FARNG, commanded by a Brigadier General. (Appendix III, Organization - Florida Army National Guard.) The Florida Air National Guard consists of the Headquarters Florida Air National Guard, commanded by a Brigadier General; and a Fighter Group, commanded by a Colonel. (Appendix IV, Organization - Florida Air National Guard.)

MISSION

As provided for under the provisions of the National Defense Act, units of the Florida National Guard, both Army and Air, have a dual mission.

(1) A State mission, to provide military organizations trained and equipped to function when necessary in the protection of life and property, and in the preservation of peace, order and the public safety, as directed by competent State authority; and,

(2) A Federal mission, as Reserve components of the Army and Air Force of the United States, to provide trained and qualified individuals available for Federal service in time of war or national emergency, or at such other times as the national security may require augmentation of the United States armed forces.

The Florida Air National Guard, in addition to their State and Federal mission, has an air defense mission for the eastern seaboard of the United States, from Charleston, South Carolina to Key West, Florida. This aerospace mission involves the maintenance of four F-102 fighters and crew on a twenty-four hour alert status, armed and ready for immediate commitment to intercept unidentified aircraft in or approaching the air space of the United States.

The State Adjutant General and his Headquarters has an additional Federal mission to direct and coordinate the preattack planning and postattack operations of all military forces (Army, Navy, Air Force) within the State, to support civil authorities engaged in providing for survival of people and continuity of government in a nuclear environment.

SUMMARY

During Calendar Year 1971, the Florida Army National Guard experienced only minor reorganizational changes, and the troop structure and allocation of strengths remained unchanged. The state-wide reorganization of units under Modified Tables of Organization and Equipment scheduled for completion during Calendar Year 1971, and as reflected in the last Annual Report, was delayed and now provides for units of the Florida Army National Guard being reorganized on 3 January 1972. The Florida Army National Guard has continued to attain and maintain those training level objectives prescribed by Department of The Army, and has maintained its national standards of unit proficiency. During Annual Training, Calendar Year 1971 most units successfully completed their prescribed Army Training Tests, and remaining units will complete such tests during Annual Training, Calendar Year 1972. Annual Training Reports and Annual General Inspection Reports were outstanding, and peak proficiency was attained in the preparation of Unit Readiness Reports at all levels of Command. Continued utilization of the educational facilities offered by the regular establishment has contributed highly to the maintenance of branch and technical qualification of officers, and the Military Occupational Specialties of enlisted personnel, and the Florida National Guard Officer Candidate School has continued to produce the number of fine qualified officers required to keep to a minimum the number of second lieutenant vacancies. Unit strengths have been satisfactorily maintained, and recruiting efforts have been satisfactory. However, in compliance with a National Guard Bureau directed program entitled "Operation Belong", established for the purpose of assisting the several states in attaining and maintaining authorized strengths while in a zero draft posture, the Florida Army National Guard initiated a Recruiting and Retention Training Program beginning in October 1971 which, consisted of a 14 hour Recruiter Training School for 140 Unit NCO Recruiters, a 6 hour Recruiting and Retention Seminar for all officers of the Army Guard, and a 6 hour Seminar for 64 enlisted Staff Administrative Specialists and primary Administrative Supply Technicians.

There were no significant reorganizational changes in the Florida Air National Guard during the Calendar Year, and the 125th Fighter Group continues to maintain its high level of training and national standing, and to fulfill its mission in the air defense of the eastern seaboard of the United States from Charleston, South Carolina to Key West, Florida.

Fiscal Matters, both State and Federal, remain on a sound basis, and expansion of our fine facilities continue to make forward strides. The Florida National Guard can well be proud of its many noteworthy accomplishments during the past year.

ORGANIZATION

Although the troop structure of the Florida National Guard remained unchanged, and only minor reorganizational changes were experienced during Calendar Year 1971, there were several changes of marked importance. On 5 January 1971, upon his inauguration as Governor of the State of Florida, the Honorable Reubin O'D. Askew assumed command of the Florida National Guard. In March 1971, the 1st and 3rd Infantry Battalions and the 2nd Mechanized Infantry Battalion, 124th Infantry were reorganized under a new series of Modified Tables of Organization and Equipment (MTOE). Incident to such reorganization, the Scout, Heavy Mortar and Maintenance Platoon, Hq and Hq Co, 2nd Bn, 124th Infantry at Eustis was consolidated with Hq and Hq Co, 2nd Bn, 124th Infantry with station at Orlando, and the 3rd Rifle Platoon and Weapons Platoon, Co B, 2nd Bn, 124th Infantry was reorganized as the 2nd and 3rd Rifle Platoons, Co B, 2nd Bn, 124th Infantry and transferred from Orlando to Eustis. Company B (-3rd Rifle Platoon and Weapons Platoon), 2nd Bn, 124th Infantry at Sanford, was reorganized as Company B (-2nd & 3rd Rifle Platoons), 2nd Bn, 124th Infantry. In May 1971, the 153rd Engineer Company was reorganized under the MTOE concept, and on 1 July 1971, Headquarters and Headquarters Detachment, FARNG was reorganized, concurrently with the reorganization of the Emergency Operation Headquarters, FARNG as the 50th Support Center, Rear Area Operations, at which time the Alternate Command Headquarters, Headquarters and Headquarters Detachment, FARNG was co-located with the 50th Support Center, Rear Area Operations, under the Command Supervision of

Brigadier General George H. Dale, former Commander of the Emergency Operation Headquarters, FARNG. Also on 1 July 1971, Headquarters and Headquarters Detachment, Camp Blanding was reorganized as the 653rd Engineer Detachment (Tm HF), and on 1 December 1971 the 111th Aviation Company (53rd Infantry Brigade) was reorganized as the 111th Aviation Company (Corps), and assigned to the Alternate Command Headquarters, FARNG.

There were no reorganizational changes reflected for Headquarters, Florida Air National Guard, or the 125th Fighter Group, FANG during the Calendar Year.

As reflected in the Annual Report for Calendar Year 1970, it was proposed by Chief, National Guard Bureau to complete during Calendar Year 1971, a nationwide reorganization of the Army National Guard under a new series of Modified Tables of Organization and Equipment. However, due to the vast number of changes directed by the Department of The Army in the troop structure of the Army National Guard nationwide, such reorganization was not completed as planned, with the reorganization of Florida Army National Guard units being rescheduled for 3 January 1972.

EMPLOYEES

There are 740 individuals, civilian and military, employed by the Department of Military Affairs. These employees work either directly with the Headquarters, Department of Military Affairs or with National Guard units in the field, supporting approximately 9,000 Guardsmen assigned to the Florida National Guard. (Appendix II, Organization, State of Florida, Department of Military Affairs.) There are 99 Career Service personnel of the State of Florida, employed under the rules and regulations of the State Division of Personnel and Retirement, and 641 Federal technicians authorized for employment under the rules and regulations of the U. S. Civil Service Commission. These employees are specialist in the field of administration, finance, accounting, supply and maintenance. With the exception of a limited number of female employees, personnel are required to be military members of the various organizations and units to which assigned. (Fiscal data, Appendices VII and VIII.)

On 1 January 1969, Public Law 90-486 provided for employees, paid from Federal funds, to participate in the Civil Service Retirement Program.

ARMORY BOARD, STATE OF FLORIDA

The Armory Board, State of Florida, established as provided by Section 250.40, Florida Statutes, and comprised of the Governor, the Adjutant General, the State Quartermaster, the General Officers of the Line, Group Commanders, and the Senior Air Commander of the active Florida National Guard, provides general supervision and control of real properties utilized by the Florida National Guard. This Board met during the year to consider plans for construction, alteration, rental, maintenance and management of National Guard armories, other facilities and real properties utilized by the Florida National Guard. The Armory Board is responsible for and controls forest management, mineral exploitation, game and fish propagation programs and the maintenance and improvement of the former Federal lands at Camp Blanding, with the approval of the U. S. Government. (A detail of the organization of the Armory Board, State of Florida, is shown in Appendix V.)

The National Guard, as a joint effort of Federal, State and local governments, has taken its place as a major component in the defense of our Nation, State and local communities through this mutual support. The Armory Board reemphasized its policy, during the year, that National Guard armories be utilized by the citizenry of the community, to the fullest extent possible, where such use is not to the detriment of public interest and does not interfere with the primary use of armories for the housing and training of military units stationed therein. The Armory Board further cooperated with other armed services, State agencies and organizations by providing facilities at Camp Blanding for use in training, rifle marksmanship, instruction, etc.

ARMORIES

There are fifty-one National Guard armories, strategically located in cities throughout the State, from Pensacola on the west, to Jacksonville on the northeast, to Fort Myers and Homestead on the south. (Locations and property values are reflected in Appendix VI.)

During the year, a new one unit armory at Bradenton was completed and occupied by the unit. This is a modern facility which will materially benefit the training of the unit and compliment the community.

Construction was commenced on a new one unit armory at Avon Park. When completed, this armory will replace an old facility which is inadequate for the housing and training of the local unit. It is anticipated that construction will be completed and the armory will be ready for occupancy in April 1972.

A new armory had been programmed at Bartow to replace an inadequate facility for which the Armory Board has been unable to renew a long term lease with the City. The 1971 session of the Legislature, however, did not provide State matching funds and this project was reprogrammed for FY 1972-73. Federal matching funds are available for this project. A new armory has also been programmed for Lakeland to replace an old, inadequate WPA building, during FY 1972-73.

In addition to the above major projects, fencing, paving, repair and renovation projects were accomplished at numerous armories throughout the State.

FACILITIES

State Arsenal

The State Arsenal is one of the oldest and more historic buildings in St. Augustine. It houses Headquarters for the Department of Military Affairs and the Florida National Guard. This four hundred year old facility was formerly the site of a Franciscan Monastery constructed in 1588. It was converted to a military barracks by the British in 1763; from 1783 to 1821 a Spanish garrison; 1821 to 1900 a U. S. Army Post. In 1907 the Headquarters of the Department of Military Affairs and the Florida National Guard was established here. Normal repairs and maintenance are performed in such a manner as to preserve the historic features of the facilities, insofar as is feasible.

Air National Guard Base

The Florida Air National Guard Base, located at the Jacksonville International Airport, is the home of the Florida Air National Guard. The 168 acre complex consists of 19 buildings containing 188,000 square feet of floor space and over 128,000 square yards of paving. The complex consists of buildings which can be easily expanded should the need arise, and includes an independent emergency water supply, underground electrical distribution system, a central heating and air conditioning plant with underground distribution lines, adequate parking space, 80,000 square foot aircraft maintenance hangar, base operations building, dormitories, a 260-man dining hall and a dispensary. The facilities were designed to incorporate functional management for any mission assignment.

Ranges

National Guard Rifle Ranges at Camp Blanding, Avon Park and Stuart were continued in use during the year and in addition, the MacDill Air Force Base ranges, in Tampa, were utilized through an agreement with the Air Force. These ranges were used, not only by the Florida National Guard, but also by the regular and reserve forces.

CAMP BLANDING

General

The Armory Board maintains the Florida National Guard's 72,000 acre campsite located in Clay County. Included in this area are 40,000 acres representing former Federal lands, deeded to the Armory Board by the Federal Government through Public Law 493, with stipulations that the lands be maintained as a military reservation and, further, that a Forest Management Program be conducted. The Armory Board realizes revenue from the forestry program and also from mineral exploitation occurring on these former Federal lands.

Utilization

National Guard

The Camp Blanding Military Reservation, with its 70,000 available acres, is utilized extensively for the training of units of the Florida National Guard in all phases of training, to include weekend Multiple Unit Training Assemblies (MUTA), and Annual Training (AT). During Calendar Year 1971, such training facilities were utilized some 20,200 man-days for Army National Guard MUTAs, with an additional 1,500 man-days being devoted to conduct of small arms competitive matches, as sponsored by the National Guard and by the Camp Blanding Rifle and Pistol Club. During the period May through July 1971, 92,779 man-days were devoted to Annual Training Exercises for elements of the Army National Guard of Florida, with an additional 14,000 man-days being utilized for the Annual Training of the South Carolina Army National Guard.

The Camp Blanding Military Reservation is noted for its fine facilities and training areas for the conduct of Command Post Exercises, Specialized Training, and Training Conferences, as well as for its excellent firing ranges, to include; Cal .30 and Cal .45 Small Arms Ranges, Machine Gun, Recoilless Rifle, 81mm and 4.2mm Mortar Ranges, and an Antiaircraft Artillery Range. Camp Blanding is also the home of the Florida National Guard Officer Candidate School, our basic source for newly commissioned second lieutenants for filling junior officer vacancies throughout the Florida Army National Guard. It is also the home training site of the Special Forces elements of the Florida Army National Guard, with its fine jungle type training areas, and having its own drop zone and rappelling tower facility. Of utmost importance, is the fine Army Airfield and its excellent service facilities, which all Army Aviation units make extensive use of throughout the training year.

During the past year, vast improvements have been made in all ranges, to include the track vehicle driving ranges, and the six Administrative Bivouac Areas are being expanded with improved latrines, showers, and lighting.

The Warehouse Storage Facilities continue to be utilized by the Director, Supply and Services (USP&FO for Florida) for the receipt, storage and issuance of Federal properties and supplies, as utilized by units of the Florida Army National Guard, and the Florida National Guard Combined Support Maintenance Shop continues to perform its important mission of maintenance of Federal equipment as maintained at that location, and in support of units throughout the State. Prior to the close of year 1971, the new Annual Training Equipment Pool (ATEP) Facilities, adjacent to the Combined Support Maintenance Shop was completed and occupied.

Active and Reserve Forces

The Regular Establishment; Army, Navy, Air Force and Marine Corps, as well as elements of their respective Reserve Forces, continue to utilize training areas and small arms ranges at Camp Blanding as a part of their yearly training programs. A total of 8,654 man-days were spent in training exercises by such elements during the Calendar Year.

The U. S. Atlantic Fleet, Fleet Air, Naval Air Station, Jacksonville continues to maintain its leased portion of the Reservation which is utilized for the training of their pilots, to include carrier based personnel, in air-to-ground bombing and strafing, and for the operation of their Radar Scoring Station.

Florida Game and Fresh Water Fish Commission

The agreement between the Armory Board and the Florida Game and Fresh Water Fish Commission, whereby portions of Camp Blanding are opened to controlled public hunting and fishing, remains in effect. Controlled burning and grain planting has been most favorable in production of game. Lake samplings indicated that stocked fish in certain lakes have done well in most instances.

Forest Management Operation

The Armory Board continues to conduct a Forest Management Program at Camp Blanding. During the year, normal road maintenance and construction throughout the reservation was accomplished. Additionally, 1/4 mile of new road, with drainage structures, was constructed. Harvesting and replanting of timber continues in a balanced program under the supervision of a professional forester, with the projected planting of 500,000 pine seedlings during FY 1971-72.

Mining Operations

E. I. duPont deNemours and Company continues to mine on the western edge of Camp Blanding, with ilmenite still the principle mineral removed from the soil. DuPont, at their own expense, has instituted a procedure whereby the top six inches of soil is stripped and stockpiled, prior to the mining operation. This top soil is redistributed, on the subsequent spoil area, thereby successfully stabilizing the spoil and improving the return of vegetation.

Construction

Utilizing Federal training site funds authorized for opening, operation and closing costs, in connection with annual training at Camp Blanding, a great deal of renovation has been accomplished. This work included road repairs, paving and building repair. Several buildings utilized by National Guard troops, in the cantonment area, were renovated.

An Annual Training Equipment Pool maintenance and storage building was completed and occupied. This \$162,912 facility was constructed with Federal funds to support the Air Defense Artillery training facility at Camp Blanding.

STATE FUNDS

Appropriated Funds

Disbursements of General Revenue Funds are based on appropriations made by the Florida State Legislature and are reflected in Appendix VII.

Service Contracts

The Federal Government and the Armory Board have cost-sharing contracts for the maintenance and operation of certain facilities of the Florida National Guard. The Army Service Contract, which covers the Arsenal Annex, portions of Camp Blanding, the Army Aviation Maintenance Shop and sixteen organizational maintenance shops, provides for a Federal share of 75% and Armory Board share of 25%. The Air Service Contract, which covers the Air National Guard Base at Jacksonville, provides for a Federal share of 80% and Armory Board share of 20%. Annual training site and weekend training site activities

of the Florida National Guard are 100% Federally funded.

Budget Requests

The requests for operating funds for the coming year, by the Department of Military Affairs, appear in Appendix VII.

Inter-Service Agreements

The Army, Navy, Air Force, Marines and the Reserve Forces, which includes the National Guard, currently operate under a policy whereby one service may support another on a reimbursable basis. This policy reduces duplication of effort, gives a faster response to requirements and effects an overall savings to the Federal Government and ultimately to the tax payer. The Florida National Guard receives subsistence from the active services installations throughout the State of Florida and we are thereby able to subsist our troops in a better manner and at a reduced cost over the purchase of this subsistence from commercial sources. Conversely, the Florida National Guard supports the active and other reserve forces by furnishing gasoline to these services at the bulk purchase price. Also, the Florida National Guard supported the U. S. STRIKE Command (Communications Support Element) through June 30, 1971, by performing maintenance and repairs on vehicles, weapons and other items which that command did not have the capability to perform and the services were not available on the commercial market. The services and supplies furnished the other services on a reimbursable basis by the Florida National Guard during the past Fiscal Year amounted to \$160,326.49.

DATA PROCESSING

The Department of Military Affairs, like many other agencies, utilizes electronic data processing to aid in the accomplishment of its mission. The Jacksonville Data Center serves this Department through a data center sub-unit located in the State Arsenal.

The Data Processing Center activity of the Office of the United States Property and Fiscal Officer for Florida, is the servicing facility for all Federal programs required by the Florida Army National Guard. These programs consist of accounting functions for the Federal activities of logistics, financial accounting and civilian technician payrolls. The center also maintains data and records and prepares reports for the Military Personnel, Organization and Training, Military Support to Civil Authorities and Maintenance Directorates.

ADMINISTRATION

Administrative and staff services were provided to the Headquarters and the units of the Florida National Guard. These services included public affairs, records administration, mail management, distribution of Department of the Army publications, reproductions, awards and trophies, communications and security files.

RECORDS MANAGEMENT

The Department's Archives and Records Administration Program insures uniform procedures governing maintenance and disposition of records and the preserving of historical documents. Permanent records are microfilmed to reduce storage space.

COMMUNICATIONS

This Headquarters maintains a reliable communication system using the following means:

Commercial Telephone. A console (switchboard) providing external and internal communication equipped with a radio telephone patch capability.

Defense Communications Automatic Voice Switching Network (AUTOVON). A military worldwide general purpose dialing system providing the capability of immediate communication with other military installations.

Landline Teletype. A teletype network providing the capability to transmit and receive written messages.

National Warning System (NAWAS). A voice circuit emanating from North American Air Defense Command (NORAD), Colorado Springs, Colorado, the objective of which is to establish, operate and maintain an effective nation-wide warning system to alert governments and the public to the threat of extraordinary dangers. This system can also be used within the State for emergency operations with over seventy (70) extensions to the Governor's office, civil defense, police and sheriffs, and weather stations.

Command State Emergency Radio Net (COMSERN). A Florida National Guard radio net providing radio communication with Florida National Guard Task Force Headquarters strategically located throughout the state.

Florida Highway Patrol Radio Network. The Department has the capability of entering the Florida Highway Patrol Radio Net with a base station located in St. Augustine.

These communication systems when integrated provide continuous reliable communications under all conditions. To insure continuous communication with this Headquarters, a staff officer is available twenty-four hours daily.

PUBLIC AFFAIRS

The "Florida Guardsman" magazine, a four-page monthly insert in "The National Guardsman" is utilized to maintain a high level of morale and to promote esprit de corps. This magazine is subscribed to by Florida National Guardsmen.

An illustrated narrative briefing of the Florida National Guard continues to be an excellent method of furthering the understanding of civil authorities, civic organizations and other groups throughout the State of the organization, responsibilities and mission of the Department of Military Affairs.

The history of the State Arsenal and the Military Reservation dates back to the 16th century when it was the site of a Franciscan Monastery. In order to preserve and record this unique history a museum and archives is maintained. The museum is aptly located in the former monastery cells and endeavors to tell the story of the Florida National Guard and the militia from territorial days to the present. Historical documents and artifact contributed by Guardsmen, former Guardsmen and citizens have resulted in a collection of many historical items that would have otherwise become lost to posterity.

COMMUNITY SERVICES

The role the National Guard plays to the State and Nation during times of disaster and emergencies, both natural and man made and the service rendered by the Guardsmen to the citizens during these devastating occurrences are well known, little, however is said of community orientated activities of a non-military nature performed by the Guard. The armory facilities of the Florida National Guard are available for community functions and are extensively utilized by other governmental agencies; State, County and City. It is through this type of governmental cooperation that full utilization of facilities is accomplished. The armories' facilities; classrooms, drill hall, indoor rifle ranges and parking areas, etc.,

provide excellent accommodations for conducting various activities. The armories are also available to civic and fraternal organizations for their activities. In addition a ninety acre (90) tract at Camp Blanding, "Camp Neyati", has been made available to the Gateway Girl Scout Council, Incorporated, for camping and other activities of youth groups.

Many National Guard units sponsor youth organizations and athletic teams. Further, they provide speakers and ceremonial detachments for civic and patriotic observances. Individual Guardsmen also serve as advisors and leaders for youth organizations in their communities.

SERVICE RECORDS

The Department has custody of available records of the soldiers of Florida. These records include Muster Rolls of the Indian Wars of 1835, Muster Rolls of the Florida Militia and Florida National Guard since 1835, and Rolls of the Florida troops mustered into the Confederate Forces and Union Forces in the War Between the States (Civil War), the Spanish American War, the Mexican Border Incident, World War I, World War II, the Korean Conflict, and the Berlin Crisis. A card record is maintained for each individual who entered World War I from the State of Florida, whether by enlistment, induction through Selective Service or induction with the Florida National Guard. In addition, an individual file folder, containing copies of all pertinent orders and personnel documents, is retained for each individual who has been a member of the Florida National Guard (Army and Air). The individual folders for current members are separated from the folders of former members and are maintained current at all times. These records occupy approximately 1,200 feet of shelf filing space. Requests for Statements of Service and information generally fall into two broad categories. The majority of requests in the first category are for documentary evidence to establish eligibility for some type of benefit such as Federal or State military retirement benefits; birth date and/or active Federal service for Social Security benefits; increased military longevity pay for former service; burial in a National Cemetery or government furnished grave marker; or hospitalization or other financial benefits through the Veterans Administration. The second category pertains to requests in the interest of genealogy or history and, for the most part, are applicable to records prior to 1900.

The number of Statements of Service furnished during the period of this report was 449 of which 89 were for advanced certification of completion of 20 years of active service which would entitle the individual to Federal retired pay for military service upon attaining age 60. This requirement was instituted to eliminate errors and misinformation which previously would not appear until individual reached age 60 at which time he would discover that some of his service did not meet this criteria and it was too late to perform additional service to meet the requirements for Federal retired pay.

MILITARY SUPPORT TO CIVIL AUTHORITY

General

The Adjutant General has both State and Federal responsibilities in providing support to civil authorities. The State responsibility involves providing troops (National Guard) to assist civil authorities in major emergencies when authorized by the Governor. On the Federal side The Adjutant General is responsible for the preattack planning and postattack operations of all military forces (Army, Navy, Air Force and their reserve components) to support civil defense (civil authority) within the State of Florida in event of a nuclear attack against this nation.

Planning and Coordination

The Adjutant General has been provided with five (5) federally paid technicians to plan for and supervise the Federal mission. In 1967, their role was expanded to include planning for and supervising the State mission. These technicians form the Directorate for MSCA (Military Support to Civil Authority)

in the Department of Military Affairs. Close liaison is maintained with law enforcement agencies and civil defense within the State as well as with Federal agencies and military forces. National Guard troop units within the State are organized into task forces for rapid response to locations within the vicinity of their home station. Close contact is maintained with civil authorities by these task forces.

Operations

The Department of Military Affairs goes into an increased readiness status immediately upon threat of civil disturbance, natural disaster, or similar emergency that may require use of National Guard troops. Measures taken include a telephone alert of key personnel, contact with local authorities, and review of capabilities of troop units in the emergency area. As the situation develops to a more serious threat additional actions are taken to man the EOC (Emergency Operations Center), dispatch liaison officers to area, alert troop units and send additional equipment and communications as deemed necessary.

Active State Duty

Under the provisions of Military Code, Chapter 250, Florida Statutes, troops of the Florida National Guard were called to Active State Duty to assist civil authorities during 1971 as follows:

Jacksonville--Civil Disturbance--18-19 June 1971

Rioting and looting broke out in Jacksonville on 16 June 1971. The disorders spread each night until the Governor authorized use of National Guard troops on 18 June. Four hundred seventy-five (475) officers and men were assembled in armories but heavy rains drove the rioters inside before troops were put on the street. The number of troops was reduced to three hundred seventy-five (375) on 19 June. Once again, heavy rains quieted the situation before it overtaxed police. Troops were released on the morning of 20 June.

Disney World--Traffic Jams--1-3 and 23-25 October 1971

Four (4) officers and men operated two helicopters in assisting the Florida Highway Patrol in spotting and airlifting troopers to traffic jams during the openings at Disney World.

FLORIDA NATIONAL GUARD OFFICER CANDIDATE SCHOOL

The Florida National Guard Officer Candidate School was established in March 1961, by the Adjutant General of Florida. The mission of the School is to provide effective instruction for Officer Candidates that will qualify them in the military educational requirements for appointment as second lieutenants, and to develop maximum leadership and command ability in the candidates.

The school is operated by a fourteen-man OCS section consisting of seven officers, one warrant officer and six enlisted men. The section is organic to the State Headquarters Detachment. During the Annual Training period the section is augmented with additional instructor and support personnel. The school is accredited by the Department of The Army and is inspected yearly by the Inspector General, Third United States Army to determine manner of performance. The school has received very high ratings on each inspection.

To successfully complete the Florida National Guard Officer Candidate Course encompasses a full year of study and training, starting with a two (2) week training period the first summer, followed by twelve (12) weekend training assemblies during the fall, winter and spring months and is completed at a second two-week training period the second summer. The Program of Instruction taught is developed and monitored by the United States Army Infantry School, Fort Benning, Georgia, in coordination with Chief, National Guard Bureau, and closely parallels the resident Infantry Officer Candidate School. It

consists of three hundred twenty-two (322) hours of instruction. All examinations are graded by the Infantry School. Methods of leadership development include rigid discipline, high standards of deportment and conduct, and exacting manner of performance, frequent and effective counseling, and continuous observation, correction and evaluation. The Florida National Guard Officer Candidate School is the primary source of junior officer procurement for the Florida Army National Guard. At present 56% of all company grade officers in the Florida Army National Guard are graduates of the school. In recent years personnel of the United States Army Reserve have been admitted to the school and, upon graduation, are appointed second lieutenants in that component. Numbers of candidates attending the Florida National Guard Officer Candidate School, and graduates, by year, are as shown below:

CLASS	ENROLLED	GRADUATED
1962	49	24
1963	79	45
1964	118	61
1965	89	53
1966	127	79
1967	126	69
1968	96	54
1969	51	26
1970	53	21
1971	53	30
1972	57	

DECORATIONS

State

The Florida Cross—Awarded in the name of the Governor to the officer, warrant officer, or enlisted man of the Florida National Guard who distinguished himself conspicuously by extraordinary heroism at the risk of his life, or by exceptionally outstanding meritorious service to the State or Federal government.

The Florida Cross was awarded for meritorious service during this period to the following individual:

COL John J. Rooks	FlaARNG	GO 59	10 Jun 71
-------------------	---------	-------	-----------

The Distinguished Service Medal—Awarded to the officer, warrant officer, enlisted man or civilian who distinguished himself by bravery or by meritorious service affecting the Florida National Guard.

The Distinguished Service Medal was awarded for meritorious service during this period to the following individuals:

1SG Thomas W. McMullen	FlaARNG	GO 2	11 Jan 71
1SG Johnsie R. McGuire	FlaARNG	GO 5	14 Jan 71
LTC John O. Keeling	FlaARNG	GO 13	3 Mar 71
MSG John T. Flaten	FlaARNG	GO 14	3 Mar 71
MG John M. Finn	U.S. Army	GO 15	8 Mar 71
CW4 Robert D. Bellamy	FlaARNG	GO 16	8 Mar 71
LTC Richard S. Pinson	FlaARNG	GO 18	8 Mar 71
LTC Richard E. Dorman	FlaARNG	GO 23	12 Mar 71
MAJ George H. Moseley	FlaARNG	GO 24	12 Mar 71
LTC William H. Payne	FlaARNG	GO 40	13 Apr 71

COL Rudolph Smith	U.S. Army	GO 46	16 Apr 71
LTC Richard S. Lewis	U.S. Army	GO 48	30 Apr 71
CWO Royal E. Johnson	FlaARNG	GO 49	3 May 71
MAJ Donald E. Woods	FlaARNG	GO 50	3 May 71
CW3 William L. Wolf	FlaARNG	GO 54	18 May 71
1SG David L. Allen	FlaARNG	GO 66	28 Jul 71
CPT Donald S. Flowers	FlaARNG	GO 67	28 Jul 71
MG Winston P. Wilson	AFNGUS	GO 79	10 Aug 71
LTC Wilbur P. Stanford	FlaARNG	GO 88	15 Oct 71
COL Henry H. Cobb, Jr.	AlaARNG	GO 91	9 Nov 71
LTC William J. Bell	FlaARNG	GO 92	15 Nov 71
SGT Thomas W. Barber	FlaARNG	GO 93	15 Nov 71
TSGT Stanley F. Ferreira	FlaANG	GO100	16 Dec 71

The Florida Service Medal—Awarded to the officer, warrant officer or enlisted man when he is placed on the Retired List after twenty years service.

The Florida Service Medal was awarded during this period to the following:

MAJ Robert F. Breedon	FlaARNG	GO 21	9 Mar 71
LTC William H. Payne	FlaARNG	GO 22	9 Mar 71
COL Oscar O. Wilkerson	FlaARNG	GO 65	27 Jul 71
CW4 Stanley S. Taylor	FlaARNG	GO 69	29 Jul 71
MSG Charles O. Jaap	FlaARNG	GO 77	9 Aug 71

Federal

The Armed Forces Reserve Medal—Authorized by Department of The Army, and awarded by the Adjutant General, State of Florida, to active members of the Florida National Guard, under the provisions of Army Regulation 672-5-1.

It is awarded to officers, warrant officers and enlisted men who honorably and satisfactorily complete ten years service as a member of one or more of the Reserve Components of the Armed Forces of the United States. A ten-year device is authorized for each additional ten-year period.

Eighty (80) awards were made during this period.

AWARDS

The Florida Commendation Ribbon—Awarded to officers, warrant officers and enlisted men of the Florida National Guard who render outstanding service in their military capacity by superior performance of duty.

One hundred thirty-nine (139) awards were made during this period.

The Active State Service Ribbon—Awarded to officers, warrant officers and enlisted men of the Florida National Guard who participate in a major tour of active state service in the aid of civil authorities.

No awards were made during this period.

The Florida Service Ribbon—Awarded to officers, warrant officers and enlisted men who complete five years of service in the Florida National Guard. A bronze cluster is authorized upon completion of each additional five-year period.

Six hundred eighty-five (685) awards were made during this period.

Drill Attendance Ribbon—Awarded to enlisted men for completion of one year of 100% drill attendance, to include the field training period. A bronze cluster is authorized upon completion of each additional period. A silver cluster is awarded in lieu of any five bronze clusters.

One thousand four hundred sixty-two awards were made during this period.

TROPHIES AND AWARDS

The Eisenhower Trophy—Awarded by the Chief, National Guard Bureau, to the Army National Guard unit in each State rated the most outstanding during the Calendar Year. The following designated Florida Army National Guard unit was presented the Eisenhower Trophy for Calendar Year 1971.

Headquarters and Headquarters Detachment 453d Transportation Company

The National Guard Florida Trophy—Awarded through the Chief, National Guard Bureau, by the National Board for the Promotion of Rifle Practice to the team attaining the highest figure of merit in each State. The following designated Florida Army National Guard unit was presented the National Guard Florida Trophy for Calendar Year 1970.

Battery A, 2nd Battalion (105-T), 116th Artillery

Award for Efficiency in Maintenance—Awarded by the National Guard Bureau to the Army National Guard company-sized unit in each State during the Fiscal Year that achieves the best rating in those areas of the Command Maintenance Inspection that pertains directly to unit maintenance of issued equipment. The following designated Florida Army National Guard unit was presented the Award for Efficiency in Maintenance for Fiscal Year 1971.

Headquarters and Headquarters Battery, 1st Battalion (155-SP), 116th Artillery

The Governor's Trophy—Awarded annually through the Adjutant General, State of Florida, to the most outstanding organization of the Florida Army National Guard. The following designated Florida Army National Guard unit was presented the Governor's Trophy for Calendar Year 1970.

Battery A, 2nd Battalion (105-T), 116th Artillery

The Adjutant General's Trophy—Awarded annually to the most outstanding federally recognized organization in the Florida Army National Guard for efficiency in administration, supply and maintenance. The following designated Florida Army National Guard unit was presented the Adjutant General's Trophy for Calendar Year 1970.

153d Engineer Company

The Remington Trophy—Presented to the Florida National Guard by the citizens of Ilion, New York, commemorating the making of the first Remington rifle. Awarded annually to the organization of the Florida National Guard whose team obtains the highest figure of merit during the National Rifle Association Indoor Rifle Tournament. The following designated Florida Army National Guard unit was presented the Remington Trophy for Calendar Year 1970.

Headquarters and Headquarters Company, 146th Signal Battalion

The I. Thord-Gray Trophy—Presented to the Florida National Guard by Major General I. Thord-Gray, retired British Army Officer, to the organization of the winning team of the Florida National Guard

excelling in pistol marksmanship matches. The following designated Florida Army National Guard unit was presented the I. Thord-Gray Trophy for Calendar Year 1971.

Headquarters and Headquarters Detachment, Florida Army National Guard

The Wadsworth Trophy—Presented to the Florida National Guard by Major General Louie C. Wadsworth. Awarded to the unit attaining the highest rating for efficiency in maintenance of equipment. The following designated Florida Army National Guard unit was presented the Wadsworth Trophy for Calendar Year 1971.

Headquarters and Headquarters Battery, 1st Battalion (155-SP) 116th Artillery

The Outstanding Airman Trophy—Awarded annually by the Adjutant General, State of Florida, to the outstanding airman of the Florida Air National Guard. The following airman was awarded the Outstanding Airman Trophy for Calendar Year 1971.

MSGT Robert E. Price, 125th Consolidated Aircraft Maintenance Squadron

RIFLE AND PISTOL MARKSMANSHIP MATCHES

National Matches

National Rifle (7.62mm) and Pistol Matches (Cal. 22, Cal. 38 and Cal. 45) conducted under the supervision of the National Rifle Association were held at Camp Perry, Ohio in 1971.

Support for State National Guard Teams participating in the National Matches was not available for Calendar Year 1971. The Florida National Guard was afforded the honor, however, of having SSG Sidney M. Mills, HHD, FARNG, and TSGT Stanley F. Ferreira selected as members of the All National Guard Pistol Team for 1971 which participated in these matches.

As a result of scores fired during the conduct of the National Matches, TSGT Ferreira was distinguished by being selected as a member of the "President's Hundred". Sergeant Ferreira being one of the top fifty (50) competitors for Calendar Year 1971 has received a letter of congratulations from the President of the United States and is entitled to wear the distinctive "President's Hundred" shoulder patch on his military uniform.

All Army and All Air Force and Regional Matches

All Army and All Air Force Regional Rifle (7.62mm) and Pistol Matches (Cal. 22, Cal. 38 and Cal. 45) are conducted by the Department of the Army and fiscal support of State National Guard Teams is not provided. Regional and All National Guard Teams are selected from the states and territories, however, based on marksmanship ability achieved in Army Area and State level matches which are supported for competition at this level by the National Guard Bureau.

The Florida National Guard was afforded the distinct honor of having two individual marksmen selected for participation at this level of competition. They were TSGT Stanley F. Ferreira, 125th Combat Support Group FANG, an Air Force competitor, and SSG Sidney M. Mills, HHD, FARNG, St. Augustine, an Army competitor.

Army Area Matches

Third U. S. Army Rifle (7.62mm) and Pistol (Cal. 22, Cal. 38 and Cal. 45) Championship Matches conducted by Commanding General, Third U. S. Army, were held at Fort Benning, Georgia in 1971. The

Florida National Guard was represented in both rifle and pistol competition at these matches. SSG Sidney M. Mills, HHD, FARNG, St. Augustine was awarded third place winner, open category in both the individual .45 Cal. Slow Fire Match and the 22 Cal. Timed Fire Match. TSGT Ferreira was awarded First Place winner for 22 Cal. National Match course with a score of 299-8X which established a new Third Army Area Record.

State Marksmanship Matches

The Taliaferro Trophy Match (Cal. 30 M-1 or 7.62mm M-14) is conducted each year at Camp Blanding, Florida under authority of the Adjutant General. The Taliaferro Trophy was presented to the Militia of Florida in 1903 by the Honorable James B. Taliaferro, then United States Senator from Florida. It is awarded annually for unit rifle marksmanship competition. Winners of competition for 1971 cannot be listed at this time inasmuch as Matches were postponed due to training commitments and will not be fired prior to publication of this report.

The Individual Rifle Championship Trophy (Cal. 30 M-1 or 7.62mm M-14) is fired concurrently with the Taliaferro Trophy Match. The Individual Rifle Championship Trophy presented to the Florida National Guard by Brigadier General Robert G. White, then Assistant Adjutant General in 1959, is awarded to the individual achieving the highest record score during the Individual Rifle Championship Match. Winners cannot be listed at this time inasmuch as Matches were postponed due to training commitments and will not be fired prior to publication of this report.

The I. Thord-Gray Trophy Match (Cal. 45) is conducted each year at Camp Blanding, Florida under authority of the Adjutant General. The I. Thord-Gray Trophy was presented to the Florida National Guard in 1930, by Major General I. Thord-Gray, retired British Army Officer and was awarded for unit team marksmanship (carbine) competition until 1965. The trophy has been placed in pistol team competition as a result of the removal of the carbine from military inventory in 1966. Winners for 1971 are as follows:

Winner: HHD, FARNG, St. Augustine
2nd Place: Co D (Maint), 53rd Spt Bn, Starke
3rd Place: Co C, 1st Bn, 124th Inf, Homestead

The Mark W. Lance Trophy (Individual Pistol Championship Cal. 45) Match is fired concurrently each year with the I. Thord-Gray Trophy Match at Camp Blanding, Florida under the authority of the Adjutant General. The Mark W. Lance Trophy, presented to the Florida National Guard in 1967 by the Camp Blanding Rifle and Pistol Club in memory of former Adjutant General, Major General Mark W. Lance, is presented annually to the individual achieving the highest record score in Pistol Match Competition. Winners for 1971 are as follows:

Winner: SSG Sidney M. Mills, HHD, FARNG, St. Augustine
2nd Place: TSGT Stanley F. Ferreira, Sr., 125th Cmbt Spt Sq, Jacksonville
3rd Place: MAJ Donald E. Power, HHD, FARNG, St. Augustine

Chief, National Guard Bureau Annual Pistol Tournament

The Chief, National Guard Bureau Annual Pistol Tournament (Cal. 22) is conducted annually by the National Rifle Association in cooperation with the National Guard Bureau to determine National, Army Area and State winners. Florida National Guard individuals and teams placed during 1971 as shown below:

Individual CNGB Pistol Match: SSG Sidney M. Mills, HHD, FlaARNG Placed 1st in the State.
Unit Team CNGB Pistol Match: HHD, FlaARNG, St. Augustine was winner in the Third U. S. Army Area and State.

National Rifle Association Indoor Rifle Tournament

The National Rifle Association Indoor Rifle Tournament consisting of team and individual Matches between league Match winners is conducted annually under the authority of the Chief, National Guard Bureau and sponsored by the Adjutant General. State winners for 1971 are listed below:

Team: Btry C, 1st Bn, 116th Arty, Palmetto, Florida
Individual: 1SG Johnsie R. McGuire, Btry C, 1st Bn, 116th Arty

ARMY NATIONAL GUARD

The Florida Army National Gurd entered fiscal year 1971 with a priority aggregate strength of 8,138 and during the fiscal year this was lowered to 8,080.

The strength of the Florida Army National Guard for this period has averaged 98.74 percent of the priority aggregate strength.

The overstrength of officers created by the 20 January 1968 reorganization has been absorbed by normal attrition with the exception of six warrant officers.

During the period of this report, two procurement programs, "Try One" and "Reserve Components Active Army In-Service Recruiting" were initiated to attract prior service personnel to enlist in the National Guard. Under these programs authority was granted to enlist in the grade held at the time of release from active duty without regard to the grade authorized for the vacancy for which enlisted. There remains some overstrength in grade resulting from the reorganization, 20 January 1968. Due to the two programs in effect to enlist prior service personnel, authority was granted by the National Guard Bureau to extend the authorized period of retention in the overgrade status of enlisted personnel which occurred as the result of the reorganization.

RESERVE OFFICER PERSONNEL ACT OF 1954

During the period 1 July 1970 – 30 June 1971, the Reserve Officer Personnel Act of 1954 (ROPA) remained unchanged insofar as the provisions of mandatory elimination and mandatory promotion consideration were concerned.

During this period, 56 officers were considered for mandatory promotion with 40 being selected for a 71 percent selection rate. Breakdown of consideration is as follows:

	LT to CPT		CPT to MAJ		MAJ to LTC	
RECOMMENDED	9	60%	23	79%	8	67%
NOT RECOMMENDED 1st	4	27%	4	14%	3	25%
NOT RECOMMENDED 2nd	<u>2</u>	13%	<u>2</u>	7%	<u>1</u>	8%
	15		29		12	

This reflects a six (6) percent increase in selection rate over the previous fiscal year. The continued increase in selection rate over the past four years reflect the results of the emphasis placed on the importance of early completion of military educational requirements and the importance of the Officer Efficiency Report. It remains necessary for the majority of officers selected for mandatory promotion to decline their promotion for the authorized period. Due to the continuing backlog of declinations generated by the overstrength of the 1968 reorganization, the necessity will continue for officers selected under ROPA to decline their promotions to remain in Florida Army National Guard positions. It remains necessary for some officers to accept discharge from the Florida National Guard with transfer to the non-unit U. S. Army Reserve for mandatory promotion.

FLORIDA ARMY NATIONAL GUARD OFFICER SELECTION BOARD

During 1971 the Major - Lieutenant Colonel Selection Board met three times for the purpose of selecting officers for assignment to major and lieutenant colonel vacancies. Selections continue to come

from those officers serving under declinations or from those in the immediate zone of consideration.

One Colonels Selection Board was held during 1971, at which time selections were made for all known vacancies that would occur in 1972, reassignments made due to the pending 3 January 1972 reorganization and the rotation of assignments to command and staff positions in accordance with officer career management practices.

The Officer Selection Boards continue to provide all officers, regardless of geographical location, unit or branch assignment an opportunity to be considered for field grade and colonel vacancies.

ARMY NATIONAL GUARD TRAINING

Training of the Florida Army National Guard is based on criteria prescribed by the United States Continental Army Command, in coordination with the National Guard Bureau. The Commanding General, Third United States Army is charged with the responsibility of coordination, support and supervision of prescribed training. Standards for training are established by Department of The Army and unit performance is evaluated annually during the active duty (annual training) period by a Board of Active Army Officers.

There are four phases of training: Basic Combat Training and Advanced Individual Training for development of basic skills and techniques, culminating in the assignment of Military Occupational Specialties (MOS) to individuals commensurate with the type of training received and which denotes qualification to perform the duties of a particular job assignment; Basic Unit Training, conducted by all units in accordance with the Army Training Program (ATP) appropriate to each type unit, to develop effective, well coordinated sections, teams and small units, composed of those members having acquired the skills and techniques as noted above in the Advanced Individual Training Phase; and finally, the Advanced Unit Training Phase which, is designed to provide practice in the employment of unit techniques, to develop unit operating procedures, and to furnish command and staff training in the conduct of combined arms training.

Rigid training objectives were assigned to all units of the Florida Army National Guard to be accomplished during training year 1971-72.

These objectives were: To attain and sustain proficiency at the highest level of the Basic Unit Training Phase or comparable level of the Army Training Program, to include testing. To develop in the individual soldier the ability to perform adequately in his military specialty, to use his individual weapon effectively, to maintain physical fitness, and to understand his rights and responsibilities as a member of the Armed Forces.

INITIAL ACTIVE DUTY FOR TRAINING PROGRAM

The Reserve Enlistment Program of 1963 (REP-63) continued during the period of this report. This program requires a nonprior service individual who enlists to enter within 180 days of his enlistment, on active duty for a minimum period of four months to receive basic and MOS training. Maximum active duty time is determined by the time required to train the individual in his assigned MOS.

During the period of this report, sufficient quotas were obtained from Department of The Army to preclude any backlogs from occurring during the year. Except for unusual circumstances, nonprior service enlistees entered their initial active duty for training within 30 to 180 days after enlistment.

A total of 1,071 trainees entered initial active duty for training during this period with 1,380 completing their training and returning to their National Guard unit.

ENLISTED EVALUATION SYSTEM

The Enlisted Evaluation System is a method of testing individuals in their assigned Military Occupation Specialty (MOS). This program has been in effect for the Army National Guard since April 1964 and is administered by the U. S. Army Enlisted Evaluation Center, Fort Benjamin Harrison, Indiana.

During the past year, administering procedures have changed to eliminate the requirement for an Enlisted Efficiency Report to accompany the test and to reduce the frequency of the test to every four years instead of each year. Promotion or reassignment of MOS requires immediate retesting in that grade or MOS.

During 1971, four test periods were conducted in which a total of 1,681 enlisted personnel were evaluated. Test results continue to reflect personnel of the Florida National Guard compare favorably with the Active Army and the overall National Guard.

RETENTION AND RECRUITING

Pending a zero draft environment as committed by the President and Congress, National Guard Bureau authorized the employment of a Recruiting and Retention Officer for each State. It was recognized at all levels of command that the National Guard would face a strength crisis beginning in 1971. The State of Florida employed a Retention and Recruiting Officer in September of 1971.

During the months of September thru December 1971, a series of Recruiter Schools, AST and Officer Retention and Recruiting Seminars were scheduled. There were 130 unit Recruiters trained at the Company/Battery level Recruiter Training Schools conducted at three (3) locations within the State. Each class consisted of fourteen (14) hours of concentrated instruction. A total of sixty-five (65) AST's received a condensed six (6) hour Retention and Recruiting course during December 71. All officers and warrant officers of the Florida Army National Guard received the condensed six (6) hour Retention and Recruiting course conducted over a period of two months at three different locations of the State.

Beginning in August 1971 through December 1971, the State began to lose strength due to the large amount of ETS's occurring, compiled with the low percentage rate of reenlistments and/or extensions. However, it is anticipated that this trend will reverse itself early in 1972 due to the efforts of all units in establishing a firm, workable, and successful Retention and Recruiting Program.

SCHOOL PROGRAM

The Army National Guard School Program, supported from Federal funds, provides the vehicle for the branch and technical training of officer and enlisted personnel whereby they may qualify themselves for their unit TOE/TDA assignments and receive advance training in critical Military Occupational Specialties. It is through the media of the Service School Program that officers are afforded the opportunity to complete training in their chosen career fields, and officers and enlisted personnel alike maintain their proficiency in the areas of combat arms, technical and administrative fields.

During Calendar Year 1971, 104 officers and 20 enlisted personnel participated in the Army Service School Program, 98 officers and 2 enlisted personnel in the Army Area School Program, and 131 officers and 234 enlisted personnel participated in Specialized and Refresher Type Courses of Military Instruction. In addition, all officers of the Army National Guard and 64 Staff Administrative Specialists and Administrative Supply Technicians participated in a 6-hour Recruiting and Retention Seminar. This program, as a 14-hour course was also extended to 140 Unit NCO Recruiters.

FEDERAL FUNDS AND EQUIPMENT

The Florida Army National Guard continues to be better equipped than in previous years. This is due primarily to the issue of more modern equipment and the additional funding being made available to the State of Florida by the Federal government.

The Secretary of Defense has announced that the National Guard will fill a major role in future national crises. In this announcement, statements were made that additional equipment, more modernized equipment and additional funds will be made available to the National Guard for the support of this increased national defense role. In keeping with this policy the Federal Government has furnished the State of Florida the following new items of equipment:

1,506 Bayonets	1 Searchlight
2 Expansible Vans	19 Sniper Rifles
7,151 Face Shields	25 Trailers, Cargo, 1½ Ton
5 Gas Dispensers	10 Trailers, ¼ Ton
497 Grenade Launchers	9 Trucks, Ambulances, 1¼ Ton
3 Helicopters, Observation OH-58	77 Trucks, Cargo, 2½ Ton
5 Helicopters, UH-1D	49 Trucks, Cargo, 5 Ton
3 Howitzers, 155 MM, Self-Propelled	4 Truck Carryalls
93 Machine Guns, 7.62 MM	25 Trucks, Dump, 5 Ton
234 Radios	26 Trucks, Stake, 5 Ton
1,500 Rifles, 5.56 MM	13 Trucks, Tractors, 5 Ton
4,070 Riot Batons	16 Trucks, Wrecker

Camp Blanding, Florida, is still being used for weekend training assemblies and annual training site for National Guardsmen, not only from the State of Florida but from other states. The Federal Government continues to partially support this site as evidenced in Appendix VIII.

During Fiscal Year 1971, there were 408 full-time Federal employees paid from Federal Funds. Federal Funds, Fiscal Year 1971, expended in direct support of the Florida Army National Guard totaled \$13,671,412.83. At the close of Fiscal Year 1971, the value of Army equipment and supplies on hand in the State totaled \$33,188,770.66.

MAINTENANCE OF FEDERAL PROPERTY

Surface Equipment

The maintenance of surface equipment is accomplished in two general categories. Organizational (user and unit) maintenance is accomplished as a part of military training within the organization. To assist Commanders, there are sixteen Organizational Maintenance Shops, with an authorized technician strength of 112, strategically located to furnish backup organizational maintenance.

The Annual Training Equipment Pool, located at Camp Blanding, moved into a new building in December. This activity performs organizational maintenance of sixty-four Guns, Self-Propelled, Twin, 40mm (Air Defense Artillery), for use by National Guard Air Defense Artillery units in the Third United States Army Area, and is manned by 9 full-time technicians.

Support maintenance is accomplished at the Combined Support Maintenance Shop located at Camp Blanding. With an authorized technician strength of 68, major items of equipment supported are 9,361 small arms, 158 artillery, 100 combat vehicles, 2,645 tactical vehicles (including trailers), 648 sighting and fire control items, 2,810 communications and electronic items and 29 engineer special purpose equipment. Ninety percent of the CSMS personnel are technically trained, and in order to keep abreast of the

latest techniques and ever increasing complexity of equipment, attendance at service schools (Army) and manufacturer's courses of instruction is encouraged.

ARMY AVIATION

All Army Aviation units in the Florida Army National Guard are consolidated at the Craig Airport, Jacksonville, Florida, and are housed in an armory, hangar, and organizational maintenance shop complex.

In order to assist the units in training, administration and logistical support the Adjutant General employs approximately forty National Guard technicians and these are members of an organization called the Army Aviation Support Facility Command. Within this Command approximately ten technicians are in the administration and training and approximately thirty in maintenance and supply.

The principle duty of training technicians is aircraft transition in new aircraft, aircraft currency and instrument proficiency. Maintenance personnel perform organizational, direct support and when authorized general support maintenance on assigned aircraft.

Types and numbers of aircraft presently assigned includes, nine OH-23D, three OH-58, four U-6A, nine UH-1D, and one 1CA1 Flight Simulator. Aviation units are rapidly converting to new and modern aircraft with an ultimate goal in Fiscal Year 73 of twenty-one OH-58, eleven UH-1 and two U-21. All other types of aircraft will be excessed from the inventory.

Aviation units are being maintained at or near full strength with qualified men and officers. In almost every case new aviators being processed into the units are combat veterans with experience in the types of aircraft being received in the units.

Average Total Flight Time of all Pilots - 2,002 hours. Total Combat Time Flown by Assigned Pilots - 25,260 hours. Approximately 6,000 flying hours were utilized for proficiency and support missions during Calendar Year 1971.

AIR NATIONAL GUARD

AIR NATIONAL GUARD OPERATIONS AND AIR DEFENSE COMMAND ALERT PROGRAM

The Florida Air National Guard continues to perform the aerospace defense of the southeastern United States. The alert force provides two aircraft on fifteen minute alert twenty-four hours per day, seven days per week. The alert commitment plus the daily training requirements keep over half of the fighter pilots in the squadron on active Air Force duty each day. This outstanding participation is even more significant considering many aircrew members are engaged in full time employment in the greater Jacksonville area. The Aerospace Defense Command's 20th NORAD Region at Fort Lee, Virginia, maintains operations control of the active alert detachment with satellite operations at Fort Fisher, Virginia, and Tyndall Air Force Base, Florida. Operational and training activity involving the alert force are as follows:

There were twenty-four (24) Air Defense Scrambles ordered during the period. Of the twenty-four scrambles that became airborne several were tasked as trailer aircraft on hijacked airliners.

Thirteen hundred fifty-five (1355) training intercepts were flown by aircrews on alert status during daily training operations. Twelve hundred five (1205) successful training intercepts were accomplished.

One hundred twelve (112) training flights were flown on Air Defense exercises with one hundred thirty (130) successful intercepts.

An Operational Readiness Inspection and General Inspection of the 125th Fighter Group was conducted by an inspection team representing the Inspector General, Headquarters, Aerospace Defense Command, during the period 15-21 October 1971.

The 125th Fighter Group deployed to Tyndall Air Force Base, Florida, during 24-29 January 1971. During this period seven (7) aircraft (Airborne Weapons Systems) were evaluated utilizing a test firing program against Firebee drone targets. Fourteen (14) aircrews and thirty-six (36) maintenance personnel were involved in the deployment, twenty-eight (28) Sorties were flown during the deployment, three (3) AIM 26B missiles were fired, six (6) AIM 4A missiles were fired and twenty-four (24) FEAR rockets were fired.

The 125th Fighter Group attended Annual Field Training from 12-26 June 1971. The overall Annual Training mobility exercise was very successful and the unit's operational/training objectives were accomplished in an outstanding and professional manner.

The 125th Fighter Group leads the Air National Guard units in exercise participation. During the year NORAD or the 20th Region conducted nineteen (19) live exercises in which the 159th Fighter Interceptor Squadron provided a large interceptor force, plus numerous target aircraft.

Aircrew Flying and Ground Training Requirements accomplished during this period were as follows: 100% of all Ground Training was accomplished. 100% of all Flying Training was accomplished. Eleven (11) pilots received Physiological Training, which a pilot is required to undergo every three (3) years.

Twenty-seven (27) Primary Duty Fighter Pilots are authorized in the 159th Fighter Interceptor Squadron. An average of twenty-five (25) pilots was maintained during this period. At present, four (4) officers in Pilot Training School. Average total time of all pilots - 3,250 hours, average total jet time - 2,222 hours and average total unit equipment aircraft time - 1,200 hours.

ADMINISTRATIVE/PERSONNEL MANAGEMENT

During the year 1971, administrative management continues to require constant evaluation at all supervisory levels. The changes and additional emphasis placed on the Air National Guard by the Department of Defense necessitates day to day improvements of methods and procedures to get the job done.

Along with the increased emphasis on the Air National Guard, No Notice Inspections came into being for the first time in the history of the Air National Guard. These include General Inspections, Operational Readiness Inspections and Unit Evaluation Inspections.

An outstanding rating was received for the establishment and implementation of the philosophy of Documentation policies by the Documentation manager.

The Air National Guard deployed for Annual Training for the first time in ten (10) years. The deployment was carried out without incident and the functioning as a complete Fighter Group proved beneficial to management and all personnel were highly motivated by the spirit of unit togetherness and unit integrity.

All military pay functions were transferred from the Consolidated Base Personnel Office to the Comptroller during this reporting period. Manning limitations were lifted and at present the Air National Guard is fulfilling all spaces allotted by the National Guard Bureau. It is believed future spaces may not be filled unless incentives similar to those of the Regular Air Force are implemented for the Air National Guard (Bonus).

As always, direction of General Military Training, On-The-Job Training, Disaster Preparedness Training, Riot Control Training plus various other exercises coupled with normal duties, continue to require attention.

SCHOOL TRAINING

All non-prior service enlistees in the Florida Air National Guard are required to complete a minimum of four months active duty subsequent to enlistment. This training may consist of USAF Basic Military Training (BMT) with a period of intensive on-the-job training at home station, or Basic Military Training with subsequent entry into an Air Force technical school. The larger portion of the enlistment spaces received have been BMT with subsequent entry into the technical school. This is to the advantage of the Air National Guard in that these Airmen receive the necessary fundamentals of a job in a formal school geared for the purpose of teaching. This formal training makes the actual on-the-job training portion comparatively easy.

Enlistment of non-prior service personnel is controlled by quotas of school spaces allocated by the National Guard Bureau. For the past several years, the unit has maintained a large backlog of applicants on the waiting list. However, due to the uncertainty of the selective service calls, upon receipt of the latest allocation of spaces, some difficulty was experienced in filling the spaces. With the exception of approximately thirty-five to forty applications of young men who are currently seniors in high school, the waiting list is practically non-existent. The Florida Air National Guard has already initiated a program of having its members sell the Air National Guard to their friends and acquaintances.

Various other types of formal training courses are available to members of the Florida Air National Guard in addition to those for non-prior service airmen. Some of these courses are: undergraduate pilot training, advanced training courses, lateral training, special training courses, field training detachment courses, etc.

This unit has continued to utilize the Air National Guard Non-Commissioned Officer Academy at Knoxville, Tennessee. At the present time, there are forty-four (44) graduates of the full academy and five (5) who have attended Phase I only. These five individuals have applications currently pending for the Phase II class in June 1972.

UNIT TRAINING

Unit training is conducted in accordance with directives published by the National Guard Bureau, Headquarters, United States Air Force, Aerospace Defense Command, and by local directives. The heart of the unit training program is on-the-job training (OJT). The OJT program of the Florida Air National Guard continued to progress at a satisfactory rate during the past year, having only a few airmen in the unit becoming delinquent in their training.

OJT Trainer-Supervisor classes were scheduled and conducted by a highly qualified United States Air Force instructor in 1971. These classes are designed to acquaint supervisory personnel and trainers with classification, assignment, training methods and upgrading procedures. Practically all personnel who are involved in administering an OJT program or who have the responsibility of actually conducting OJT have attended this course in past years.

The Dual-Channel concept of conducting OJT is still as effective as it has been in the past. Career Development Courses have been prepared on all career fields authorized in the Florida Air National Guard, except the medical field which has about one-half available.

FEDERAL FUNDS AND EQUIPMENT

The mission of the Florida Air National Guard is such that it must be operationally ready for combat at all times. To insure the maximum in readiness, the Federal government funds and equips the Florida Air National Guard on a level closely paralleling the active Air Force. An average of two hundred three (203) full-time Federally supported technicians are employed at the Air National Guard Base in Jacksonville. These technicians, representing about 25% of the overall strength of the Florida Air Guard, are specialists in the fields of command, administration, finance, accounting, supply and maintenance.

During Calendar Year 1971, Federal funds in the amount of \$4,473,277.70 were expended in support of the Florida Air National Guard. The value of military equipment in use is \$41,231,124.84, an increase of \$2,068,839.84. This increase was due to the assignment of additional mission aircraft and supporting equipment.

The F-102 aircraft, with which the Florida Air National Guard is currently equipped, is an expensive weapon system to operate. Cash purchases of supplies and services in the Jacksonville area in support of this aircraft during Calendar Year 1971 totaled \$9,903.58, while purchase orders and delivery orders on local business concerns totaled \$93,756.33. Local transportation companies received \$11,585.30 for movement of material from Jacksonville to various points in the nation. Cross Service agreements with other military activities in the Jacksonville area resulted in services to the Florida Air National Guard valued at \$35,505.00. The Federal funds paid to Florida business concerns, coupled with the \$3,380,512.29 paid in salaries during this period, represents an industry of considerable value to the State of Florida and its citizens.

The warehouse inventory of 5400 active items was maintained at \$1,319,068.00. There was an average of 14,000 monthly transactions. These figures indicate an efficient inventory control system that is well within the limits prescribed by the active Air Force. The aircraft fuel section issued fuel and petroleum products during this period that were valued at \$435,081.46.

The Florida Air National Guard supply system experienced a major change during the year 1971.

Supply accounting procedures were converted from Punched Card Accounting Machine (PCAM) procedures to a Standard Base Level Supply System (U-1050-II). The Air National Guard is under a Satellite concept, which is a method of accounting for supplies and equipment on a UNIVAC 1050-II Real Time Computer located on a support base. This unit was Satellited on a computer located at Moody Air Force Base, Georgia.

A "Memorandum of Understanding" (per AFR II-4) between Moody Air Force Base and the Florida Air National Guard was negotiated to establish authority and responsibilities of the respective commanders. This agreement assures necessary support of the program by both organizations.

Conversion procedures for the change of supply systems started on 1 January 1971. All tasks were accomplished on schedule and conversion was completed on 7 May 1971.

This system will result in increased supply effectiveness, better use of manpower and dollar resources, and will standardize the Air National Guard with the Air Force supply system.

MAINTENANCE

During the past year, an average of one hundred thirty-five (135) personnel were employed by the Air Technician Detachment of the Florida Air National Guard to perform maintenance on unit aircraft, which include nineteen (19) F-102s, two (2) TF-102s, two (2) T-33s, one (1) C-54 and one (1) U-3A aircraft. Maintenance personnel are responsible for performance of all organizational maintenance and much of the intermediate maintenance on both the primary mission and support mission aircraft, missiles and associated test equipment, ground power equipment, all motor vehicles, including crash and firefighting equipment, the flight simulator, and the base communications system.

The 125th Fighter Group has had the F-102 as its primary aircraft for over eleven years. This is the longest period of time this unit has retained any single aircraft model, and it has enabled us to attain an exceptionally high level of maintenance proficiency. During this eleven year period, more than 50,000 hours of F-102 flying time have been logged. The average experience level of Air Technician employees is now over eighteen (18) years. The experience level of all mechanics and specialists, both Air Technician and week-end trainee, has risen steadily as a result of continued vigorous on-the-job training programs conducted at this base, coupled with attendance of most newly assigned airmen at Air Force Technical Schools.

In the month of September, the on site Inspection Repair as Necessary (IRAN) program for the F-102A was started. This program requires the removal of the wings, replacement of all hydraulic actuators, rewire of most systems, removal and replacement of corroded fuselage skins, removal of any moisture from flight control surfaces, pressure check of flight control surfaces, and a complete Non-Destructive Inspection of wings and all attached fittings. NDI is the X-Raying of these major components for cracks and corrosion. This program proves to be the major step to having first class aircraft. The amount of repair already accomplished by the IRAN crew is unbelievable. After the aircraft have been through IRAN the unscheduled maintenance should be at a bare minimum.

Parts procurement problems resulted from old aircraft. During 1971, we were NORS (Not Operationally Ready Supply) for twelve (12) months due to lack of parts. This compares with no months NORS during the previous year. A total of ninety-five (95) cannibalization actions were required on F102 aircraft. This is the removal of parts, not otherwise available, from one aircraft to make another operationally ready. Cannibalization is a "last resort" action. Subsequent inspections should be more routine and far less unscheduled maintenance should be required.

DIVISION EXERCISES

During the course of the year on numerous occasions, we are called upon to assist various Air

Force units and air divisions by supporting division exercises with targe and/or interceptor aircraft. Our parent air division has commended this unit many times for the support furnished during these around-the-clock operations.

INSPECTIONS

We received a "Satisfactory" rating from the Inspector General during our IG inspection in October 1971. The Inspector General commented that "maintenance personnel were knowledgeable, cooperative and enthusiastic in the performance of their duties". The IG rated as outstanding the Analysis-Records-Reports-Administration Section for the second year.

AIR DEFENSE COMMAND ALERT

The maintenance section provides support for the twenty-four (24) hour Air Defense Command alert commitment with ready maintenance crews and aircraft. Weapons loading crews are available for necessary loading and unloading of aircraft armament on a continuing basis. Our aircraft have been scrambled on many occasions to provide escort and surveillance for aircraft being highjacked to Cuba.

TYNDALL DEPLOYMENT

During February 1971, eight (8) aircraft, ten (10) pilots and thirty-six (36) maintenance support personnel were sent on temporary duty to Tyndall Air Force Base, Florida. The purpose of this deployment was to evaluate the F-102 weapons system and aircrews in actual firing of missiles against the Firebee radio controlled drone targets. Our success rate at deployments such as this is a tribute to the high degree of skill displayed by both pilots and maintenance personnel.

AIR NATIONAL GUARD BASE

Three base paving projects started in Calendar Year 70 were completed in January 1971, at a cost of \$23,658.00. Two base electrical problems occurred due to lightning and other factors. A main building transformer failed and was repaired at a cost of \$2,000.00. Secondly, the aircraft parking ramp lighting gradually degraded to an unsafe level. Ramp lighting has been 80% restored at an approximate cost of \$2,000.00 and will be fully restored by contract for an additional \$3,000.00 by early 1972. Correction of base wide erosion has been initiated with Air National Guard personnel using earth moving equipment borrowed from the 153d Engineer Company, Army National Guard, Lake City, Florida. The loan of this equipment has resulted in significant contractual savings and provided valuable training for civil engineering equipment operators. This project is considered long range and of a continuous nature.

ANNUAL TRAINING

All units of the Florida Air National Guard except elements of the 125th Civil Engineering Flight deployed to the Air National Guard Base at Gulfport, Mississippi, in June 1971, for Annual Training. This was the first time since June 1961, that Annual Training was conducted as a complete group. Many Guardsmen had enlisted since that time, therefore, it was their first experience at deploying away from their home station. Some minor problems were experienced as could be expected, however, the overall operation was satisfactory. The 125th CE Flt conducted Annual Training at Eglin Air Force Base, Florida, participating in "Prime Beef" training. The 125th Civil Engineering Flight supported three widely dispersed activities during Annual Training, they supported the 125th Ftr Gp while at Gulfport, Mississippi, participated in a forty (40) man Prime Beef training exercise at Eglin Air Force Base and accomplished work projects and normal maintenance at home station (Jacksonville International Airport).

Effective 1 July 1971, the unit's year round training plan was implemented again for Fiscal Year

1972. Some of the objectives of this plan are to, increase daily support capability, improve utilization of field training manpower, improve individual proficiency training, increase participation by commanders, staff officers, and supervisors, attain a closer daily working relationship between the Air technicians and military personnel and improve Air National Guard employer relations by allowing large organizations that have several employees who are Guardsmen to schedule their field training at various periods.

PUBLIC AFFAIRS

During 1971, the Florida Air National Guard continued to stress community relations and public information programs, and turned increasing attention to internal information programs.

Following are summaries of the more important Florida Air National Guard activities, news events and public affairs programs during the year:

The Zero Draft emphasis prompted an increased recruiting information program, and a series of news releases and public service spot announcements were mailed to newspapers, radio and TV stations in the Jacksonville area. The releases were designed to inform prior servicemen of the opportunities which exist in the Florida Air National Guard for service to the State and Nation and for personal development.

Considerable planning has gone into a one-hour Orientation Briefing which has been prepared for presentation to all members of the Florida Air National Guard during the ensuing year. The briefing is designed to give young Guardsmen some perspective concerning the historical background of the National Guard, the purpose of Reserve Forces in terms of defense and economy, and detailed information about the mission of the Florida Air National Guard and how each member of the unit contributes to the mission.

For the first time in many years, the Florida Air National Guard deployed to a distant air base for its annual summer training period. Radio, TV stations and newspapers in the area of the base (Gulfport, Mississippi) received informative releases on the Florida Air National Guard and its mission. Hometown newspapers also received information on men participating in training, along with photographs.

The NCO Academy Graduates Association continued its program of presenting to area public schools a United States Flag which has flown over the Capitol. The presentation is made in conjunction with a patriotic program designed to instill a sense of pride in our Nation among area youths.

The Air Police of the Florida Air National Guard received quarterly briefings detailing their responsibilities in relation to the mass media covering aircraft accidents. The Air Police were instructed to permit maximum freedom of coverage consistent with security and rescue operations. Legal steps to be taken in the event of compromised security were also outlined.

The Florida Air National Guard hosted a fourteen (14) county planning conference for the Explorer Scouts of the North Florida Council, and received an award from the Scouts in recognition of its contributions to the program.

ADVISORS

ARMY

The primary mission of the U. S. Army Advisor Group is to provide maximum advice and assistance to the units of the Florida National Guard in all phases of training, administration, maintenance and supply procedures to accomplish their mission of attaining and maintaining a high degree of operational readiness. The Senior Army Advisor, Colonel Dale F. McGee, Jr., is the liaison officer between the Adjutant General and the Commanding General, Third United States Army.

The Advisor Group is organized to parallel the organization of the Florida Army National Guard. The Headquarters of the Advisor Group is located at the State Arsenal in St. Augustine. Advisor Detachments are at the Alternate Command Headquarters in Jacksonville and Headquarters, 53d Brigade in Tampa. Under these two sub-commands, there are twenty-two Advisor Stations at National Guard armories throughout Florida. The stations are staffed with fully qualified officer and enlisted Advisors.

AIR

The Department of the Air Force provides an officer as Air Force Advisor and a Non-Commissioned Officer as Air Force Technical Advisor to the Florida Air National Guard, with office at the Headquarters, 125th Fighter Group, Jacksonville International Airport, Florida. The mission of the Advisors is to provide administrative advice and technical assistance within their capabilities.

The Aerospace Defense Command is the gaining command of the Florida Air National Guard with operational control provided by the 20th Air Division, Fort Lee Air Force Station, Virginia.

After several years without an officer advisor being assigned to the 125th Fighter Group, Lieutenant Colonel James D. Baker was assigned during May 1971. LTC Baker performs liaison duties with the Air Force and the Adjutant General.

Senior Master Sergeant Robert J. Holden has served as the Airman Advisor since October 1969. Both LTC Baker and SMSGT Holden have completed tours in Southeast Asia and are well orientated in the Aerospace Defense Command mission.

NATIONAL GUARD OFFICERS ASSOCIATION OF FLORIDA

The National Guard Officers Association of Florida has been in existence since 1902. It consists of all officers and warrant officers of the Florida Army and Air National Guard. The organization is run on a democratic basis, with the officers elected by the membership. Committee meetings are held periodically during the year, and a general conference is convened annually at some location within the State. The annual conferences consist of business sessions during the day with the social functions in the evening.

The purposes of the Association are to promote and improve adequate national security; to provide a medium by which all officers of the Florida National Guard may become better acquainted; to establish a foundation for promoting esprit de corps in the Florida National Guard; to promulgate and support legislation in furtherance of the best interests of the Florida National Guard; and, to maintain an Association complementing and in harmony with the National Guard Association of the United States.

This Association has 100% membership of all active National Guard officers and warrant officers. Even though members attend the annual conferences at their own expense, attendance continues to average in excess of 50% at these conferences. During Calendar Year 1971, the 69th Annual Conference was held at the Plaza Hotel, Daytona Beach, Florida, on 26-27 March. Distinguished guests participating were:

Lieutenant General Albert O. Connor,
Commanding General, Third U. S. Army

Major General George V. Williams,
Commander, 21st Air Division

Brigadier General Jack K. Gamble,
Commander, 20th Air Division

Colonel James B. Deerin, Retired
Executive Vice President,
National Guard Association of the United States

Members of the Executive Council – 1971

Colonel Richard L. Lewis – President

Colonel John J. Rooks – President-elect

Lieutenant Colonel George H. Moseley – Secretary-Treasurer

Major Carl G. Oliver

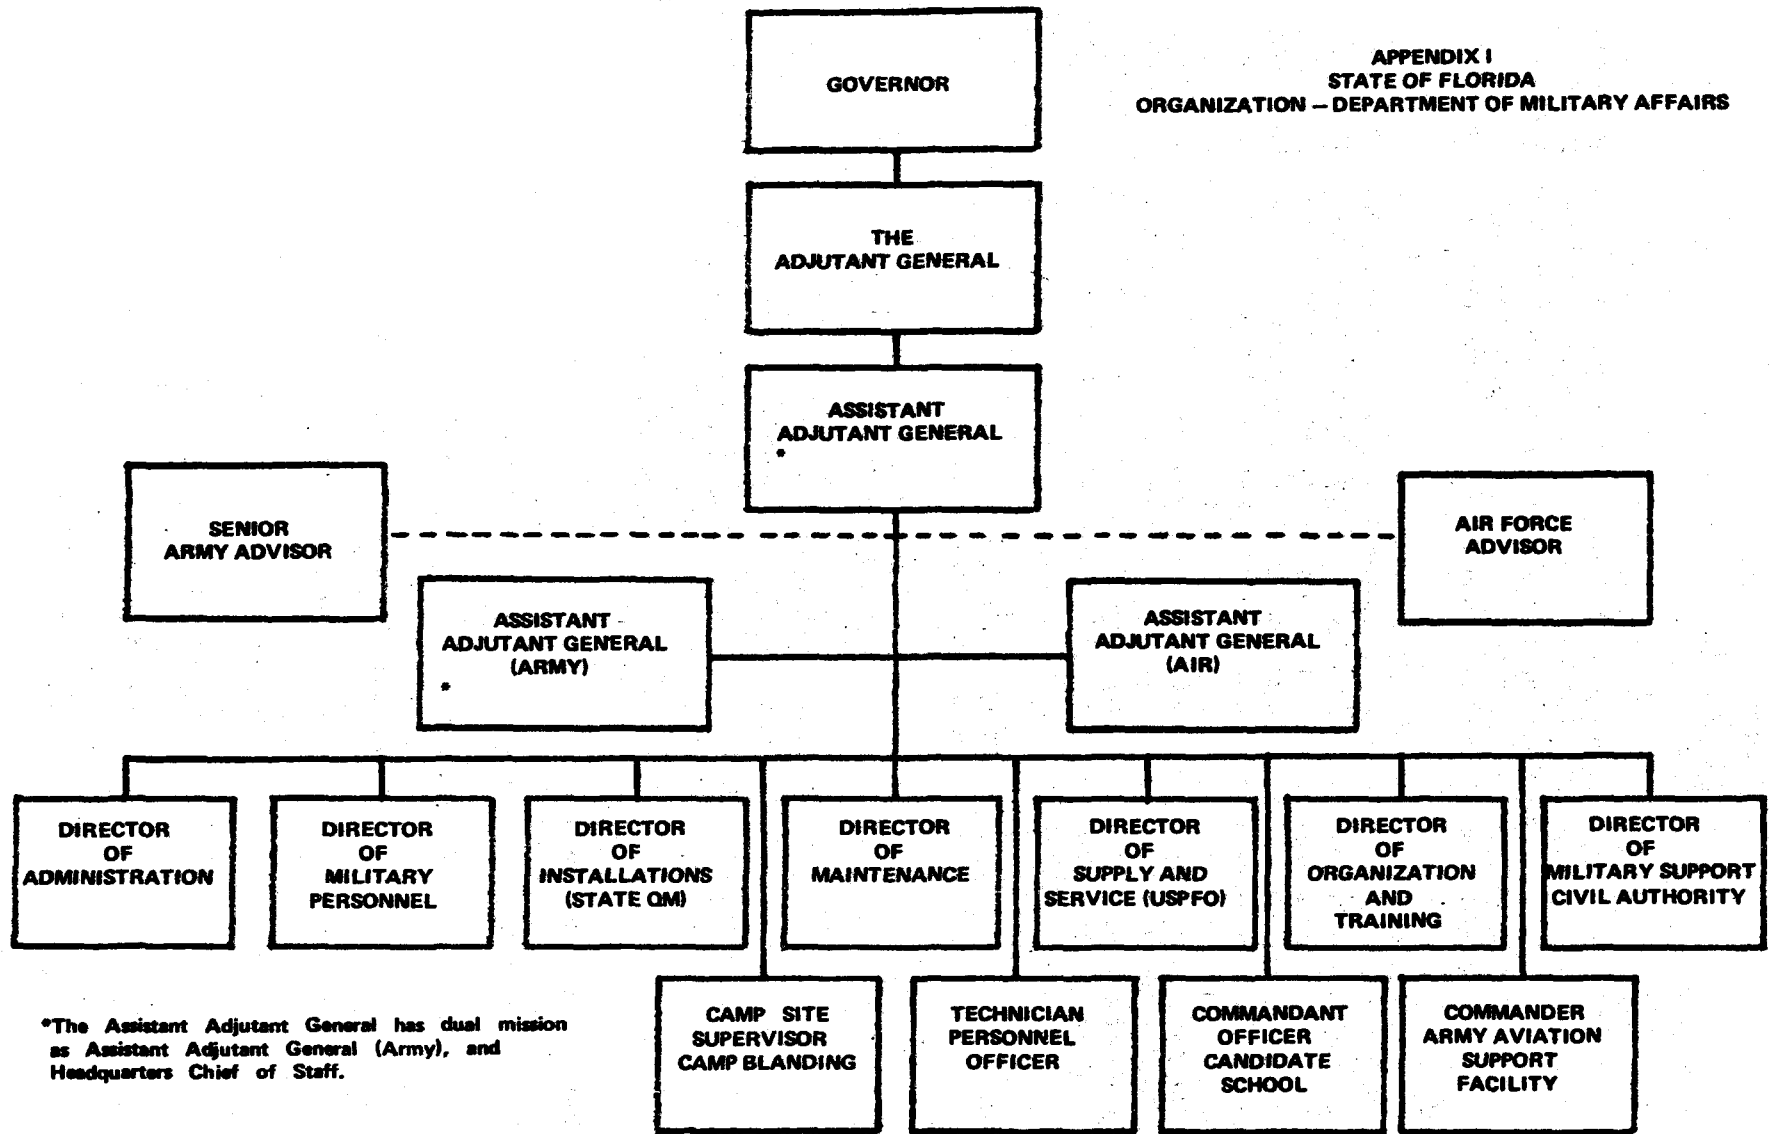

Major Roy G. Runken

Major William B. Nunn

Major Donald L. Miller

CW4 Royal E. Johnson
