15 October 1981

Honorable Bob Graham
Governor of Florida
Tallahassee, Florida 32304

Dear Governor Graham:

This report is submitted pursuant to the provisions of Chapter 250.10, Florida Statutes, and pertains to the administration of the Department of Military Affairs for the fiscal year 1 July 1980 - 30 June 1981.

The progress reflected in this report indicates the high level of readiness and efficiency maintained by the Florida National Guard in its endeavors to fulfill both the State and Federal missions. I believe that you, as Commander in Chief, can justifiably take pride, the same as I, in the achievements of the Florida National Guard.

Respectfully yours,

K. C. BULLARD
Major General, FLARNG
The Adjutant General

DEPARTMENT OF MILITARY AFFAIRS

INTRODUCTION

The State of Florida Department of Military Affairs, is a State Agency, created by Chapter 250, Florida Statutes and composed of the military force provided for in the laws of the State of Florida. The Florida National Guard is provided for by Section 2, Article X of the Constitution and Chapter 250.08 of the Florida Statutes. The National Guard of the United States is provided for by Title 32, U.S. Code.

The Governor is Commander in Chief of the Florida National Guard. The Adjutant General is Chief of the Department of Military Affairs and Commanding General of the Florida Army and Air National Guard. There is an Assistant Adjutant General, an Assistant Adjutant General for Air, and a directorate staff organization in the Headquarters, (Appendix I, Organizational Chart).

The troop structure of the Florida National Guard is composed of the Florida Army National Guard and Florida Air National Guard. The Army National Guard consists of the State Headquarters and Headquarters Detachment with its attached support type units; an Infantry Brigade (Separate); and nondivisional units grouped under an Alternate Command Headquarters, FLARNG; and a Command and Control Headquarters, (Appendix III, Organization - Florida Army National Guard). The Florida Air National Guard consists of the Headquarters Florida Air National Guard; the 125th Fighter Group, (Appendix IV, Organization - Florida Air National Guard).

MISSION

As provided for under the provisions of the National Defense Act, units of the Florida National Guard, both Army and Air, have a dual mission.

(1) A State mission, to provide military organizations trained and equipped to function when necessary in the protection of life and property, and in the preservation of peace, order and the public safety, as directed by competent State Authority; and,

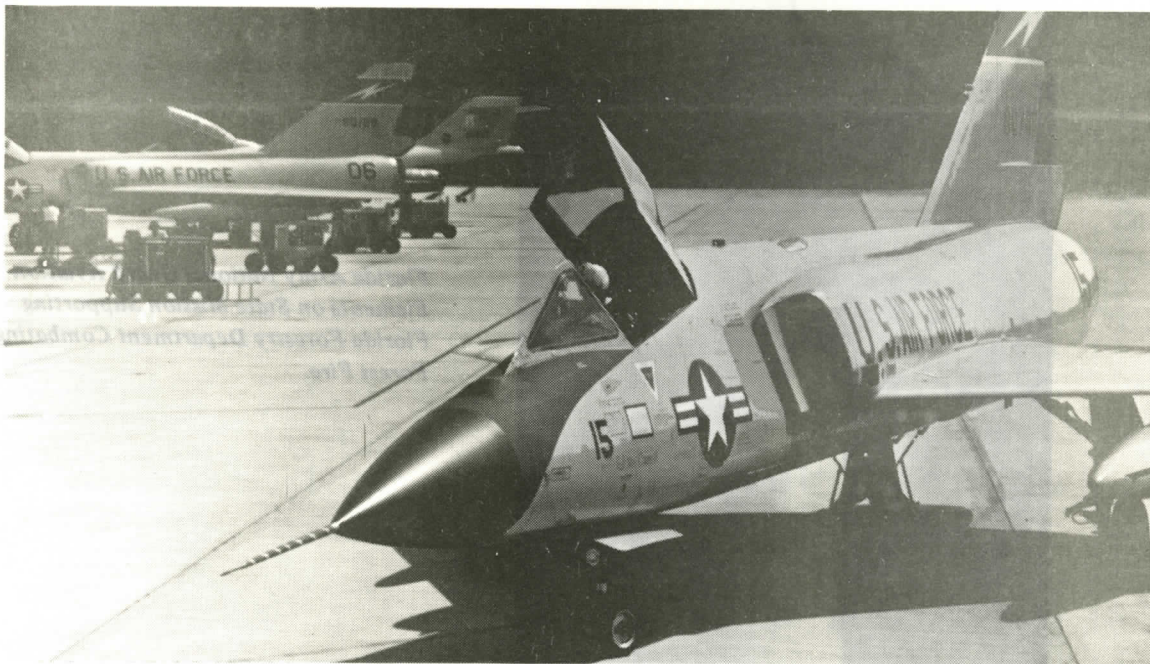

Florida Army National Guard Aviation Elements on State Mission Supporting Florida Forestry Department Combating Forest Fire.

(2) A Federal mission, as Reserve Components of the Army and Air Force of the United States, to provide trained and qualified individuals available for Federal service in time of war or national emergency, or at such other times as the national security may require augmentation of the United States Armed Forces.

Florida Guardsman Training to Support National Security

The Florida Air National Guard, in addition to their State and Federal mission, has an air sovereignty mission for the eastern seaboard of the United States. Mission involves the maintenance of F-106 fighters and crew on a twenty-four hour alert status, armed and ready for immediate commitment to intercept unidentified aircraft in or approaching the airspace of the United States.

The State Adjutant General and his Headquarters has an additional Federal mission to direct and coordinate the preattack planning and postattack operations of all military forces (Army, Navy, Air Force) made available within the State, to support civil authorities engaged in providing for survival of people and continuity of government in a nuclear environment.

SUMMARY

A total of thirty-three Army National Guard units were reorganized. Twenty-four units were reorganized as a result of the Department of Army implementing minor changes to equipment and personnel. Nine units were reorganized as a result of the Total Army Analysis (TAA); review of the nine units effected by the TAA, four were consolidated and redesignated, one was inactivated, two were organized and two were relocated. A detailed discussion of these actions may be found in the paragraph titled ORGANIZATION.

Annual Training of Army National Guard units was successfully conducted at CONUS and OCONUS training sites. The CONUS training was accomplished at Camp Santiago, Puerto Rico, Camp Shelby, Mississippi, Fort Eustis, Virginia, Forts Gordon and Stewart, Georgia, West Point, New York, in addition to Camp Blanding. The OCONUS training program provided training for one unit and several cellular elements in Europe. All units, evaluated during Annual Training, met the training requirements and standards prescribed by FORSCOM and First U.S. Army.

The First U.S. Army Inspector General's office conducted inspections of forty-three Army National Guard units. All units received satisfactory ratings.

The Army CAPSTONE Program was implemented in late September. The purpose of the program is to improve deployment and mobilization training by selecting and matching reserve component units to active units. Under this program, the 53rd Separate Infantry Brigade was selected to participate with the 193rd Infantry Brigade in an AC/RC Partnership agreement. Selected to participate in an expanded affiliation agreement with like active component units, were the 53rd Signal Group, 149th General Supply Company and 631st Maintenance Company.

During fiscal year 1981, the Florida Army National Guard reflected a net gain of 236 personnel. As of 30 June 1981, Florida's strength of 9,542 assigned personnel reflects a fill of 101.3%, ranking Florida number 5 of all states in percentage of assigned strength as compared to authorized strength. During the coming year it is expected that Florida will grow both in additional authorized units and assigned personnel.

The 125th Fighter Interceptor Group continues to maintain its high level of combat readiness. This statement has been documented several times during the past year by USAF Inspection Teams. The Group is presently maintaining a personnel strength level of 107%.

ORGANIZATION

The force structure of the Florida Army National Guard had nine major changes and twenty-four minor changes.

The major changes included the relocation of the 149th General Supply Company from Fort Lauderdale to Miami, the inactivation of the 181st Military Police Company, Miami, the organization of the 743rd Maintenance Company, Fort Lauderdale, HHD, 253rd Transportation Battalion, Pensacola was reorganized as HHD, 417th Signal Battalion, the 1043rd Transportation Company, Pensacola, was reorganized as the 427th Signal Company, the 494th Medical Detachment was organized in Tallahassee, the 927th Medical Company was organized in Camp Blanding, the 253rd Medical Detachment was relocated from Camp Blanding to Miami, and finally the 146th Signal Battalion was reorganized from an operations battalion to a corps area battalion.

The minor changes were a result of the Department of the Army Vertical Army Authorization Document System implementation of equipment and personnel changes to Modified Table of Organization and Equipment documents.

Headquarters, Florida Air National Guard experienced several major changes during the past year. Brigadier General William M. Whittaker was appointed the Assistant Adjutant General for Air and a new Commander of State Headquarters was appointed with the retirement of the previous Commander. Command and control, staff assistance visits and exercise evaluations continue to be the primary activities of State Headquarters.

EMPLOYEES

There are 1,107 individuals, civilian and military, employed by or assigned to the Department of Military Affairs. These employees work either directly with the Headquarters, Department of Military Affairs or with National Guard units in the field, supporting approximately 10,000 Florida National Guard personnel. (Appendix II, Employee Allocation, Department of Military Affairs). There are 150 Career Service personnel of the State of Florida, employed under the State Personnel rules and regulations, 957 Federal technicians, authorized for employment under the rules and regulations of the U.S. Civil Service Commission by Public Law 90-486, and 11 active duty personnel assigned as Army and Air Force Advisors to the Florida National Guard. These employees are specialists in the field of administration, finance, accounting, supply and maintenance. With the exception of a limited number of employees, personnel are required to be military members of the various organizations and units to which assigned. (Fiscal Data, Appendices VII and VIII).

ARMORY BOARD, STATE OF FLORIDA

The Armory Board, State of Florida, established as provided by Section 250.40, Florida Statutes, and comprised of the Governor, the Adjutant General, the State Quartermaster, the General Officers of the Line, Group Commanders, and the Senior Air Commander of the active Florida National Guard, provides general supervision and control of real properties utilized by the Florida National Guard. The Armory Board is responsible for and controls forest management, mineral removal, game and fish propagation programs and the maintenance and improvement of the former Federal lands at Camp Blanding, with the approval of the U.S. Government. (A detail of the organization of the Armory Board is shown in Appendix V).

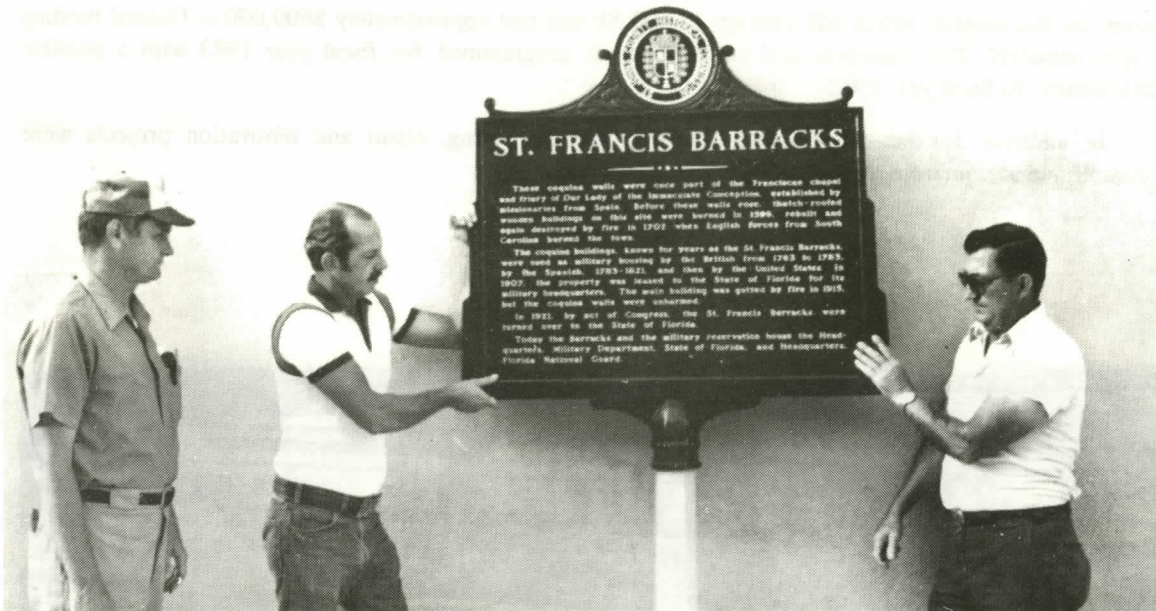

The National Guard, as a joint effort of Federal, State and local Governments, has taken its place as a major component in the defense of our National, State and local communities through this mutual support. The Armory Board reemphasized its policy, during the year, that National Guard armories be utilized by the citizenry of the community, to the fullest extent possible, where such use is not to the detriment of public interest and does not interfere with the primary use of armories for the housing and training of military units stationed therein. The Armory Board cooperated with other armed services, State agencies and organizations by providing facilities at Camp Blanding for use in training, rifle marksmanship, and instruction.

FACILITIES

State Arsenal

The State Arsenal is one of the older and more historic buildings in St. Augustine. It houses Headquarters for the Department of Military Affairs and the Florida National Guard. This four hundred year old facility was formerly the site of a Franciscan Monastery constructed in 1588. It was converted to a military barracks by the British in 1763; from 1783 to 1821 it was a Spanish garrison; and from 1821 to 1900, it served as a U.S. Army Post. In 1907 the Headquarters of the Department of Military Affairs and the Florida National Guard was established here. Normal repairs and maintenance are performed in such a manner as to preserve the historic features of the facilities, insofar as is feasible.

When the main building was gutted by fire in December 1915, the original walls were unharmed and the building lay in dismal ruin until 1921, when Congress passed an act donating St. Francis Barracks, to the State of Florida for military purposes. The State Legislature appropriated funds to restore the building, modeling it after the lines of the former structure. For four centuries St. Francis Barracks (State Arsenal) has been a religious and military outpost.

A New Historical Plaque is Erected at the State Arsenal Highlighting the Four Hundred Years of History of the Site

Armories/Construction

There are fifty National Guard armory installations, strategically located throughout the State, from Pensacola on the west, to Jacksonville on the northeast, to Fort Myers and Homestead on the south. (Locations and valuations are reflected in Appendix VI).

600-Person Armory and 6-Bay Organizational Maintenance Shop - Miami: The construction of the new Armory and Organizational Maintenance Shop in Miami has been completed. This attractive, new facility cost \$2,245,515 (\$1,554,419 Federal funds and \$691,096 State funds). The Armory, which is two-story, contains 47,393 SF and the Organizational Maintenance Shop contains 7,196 SF.

600-Person Armed Forces Reserve Center and Organizational Maintenance Shop/Combined Support Maintenance Shop - West Palm Beach: A construction contract was awarded on 22 October 1980 for this facility, which will house the two West Palm Beach Guard units, along with a USAR garrison unit and small detachment. This two-story facility will contain 60,000 SF and the OMS/CSMS will contain 5,700 SF. The total project will cost \$3,054,590 and is approximately 40% complete. Completion is scheduled for May 1982.

200-Person Armory and Post Headquarters Building - Camp Blanding: Design of this new facility has now been completed. However, due to minor unit reorganizations some re-design will be required. This facility will house 8 units and detachments, along with the Post Headquarters operation, will include approximately 41,000 SF and is estimated to cost \$2,500,000. It is planned that this armory will provide an excellent facility for AT conferences, AT Officer's call, AT theatre and related functions during the year. This project is currently planned for fiscal year 1982.

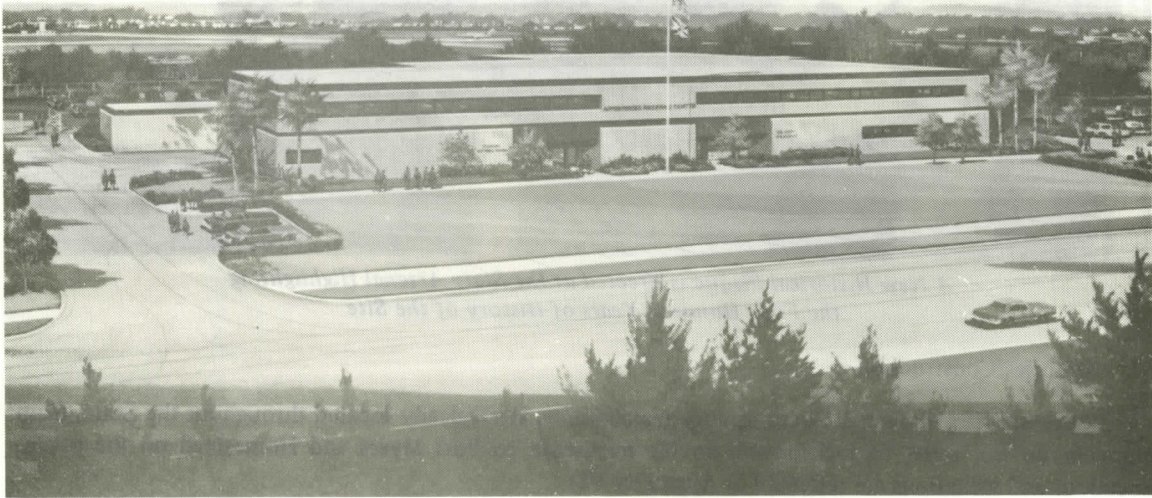

Non-Armory Construction

Army Aviation Support Facility Expansion - Jacksonville: Authorization has been received to expand and update the Aviation Facility at Craig Field in Jacksonville. Design on this project, which will cost approximately \$1,700,000 in Federal funding, is approximately 35% complete and construction is programmed in fiscal year 1983 with a possible advancement to fiscal year 1982.

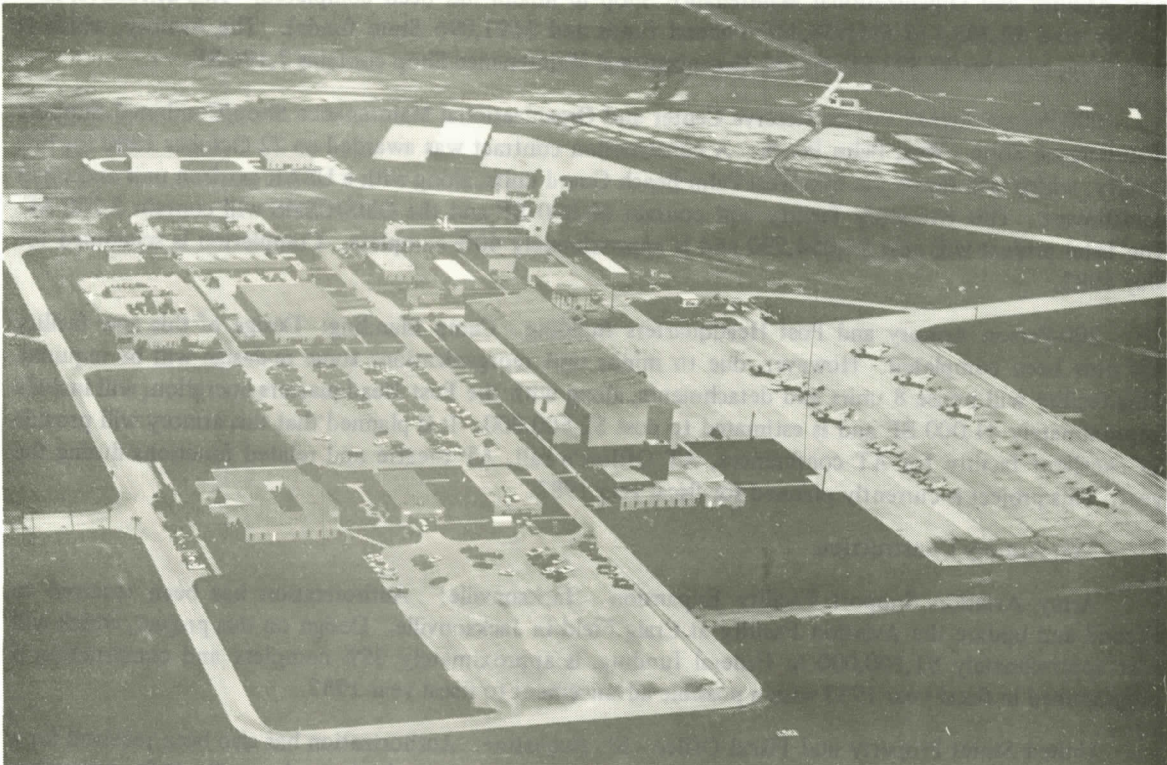

United States Property and Fiscal Office - St. Augustine: Authorization has also been received for a new United States Property and Fiscal Office building to be located near the Arsenal complex in St. Augustine.

Design on this project, which will contain 12,600 SF and cost approximately \$800,000 in Federal funding is approximately 35% complete and construction is programmed for fiscal year 1983 with a possible advancement to fiscal year 1982.

In addition to the above major projects, fencing, paving, repair and renovation projects were accomplished at numerous armories throughout the State.

Armed Forces Reserve Center – West Palm Beach

*Florida Air National Guard Installation
Jacksonville International Airport*

The Florida Air National Guard Base, located at the Jacksonville International Airport, is the home of the Florida Air National Guard. The 158-acre complex consists of 25 buildings containing 316,235 square feet of floor space and over 130,876 square yards of pavement for a gross asset value of more than 6 million dollars. This past year State Funds amounting to approximately \$116,300 and Federal Funds amounting to \$1,250,100 were expended for the operation, maintenance, repairs and new construction at this installation. The major portions of these funds were used for Closed Circuit TV Security System Cost, Hush House Pad and Utilities.

This complex consists of buildings which can be easily expanded should the need arise, and includes an independent emergency water supply, underground lines, vehicle parking areas, a 78,201 square foot aircraft maintenance hangar, a base operations building, consolidated maintenance facility, a 260-person dining hall and a medical clinic. The facilities were designed to incorporate functional management for nearly any mission assignment.

Ranges

National Guard Firing Ranges at Camp Blanding and Avon Park were continued in use during the year. These ranges were used, not only by the Florida National Guard, but also by the regular and reserve forces. Considerable improvements were accomplished on the ranges at Camp Blanding.

CAMP BLANDING

One of the Two Approved Drop Zones in Operation at Camp Blanding.

General

The Army Board maintains the Florida National Guard's 70,380 acre campsite located in Clay County. Included in this area are 40,000 acres, representing former Federal lands, deeded to the Army Board by the Federal Government through Public Law 493, with stipulations that all the lands be maintained as a military reservation and that a Forest Management Program be conducted. The Army Board realizes revenue from the forestry program and, also, from mineral removal occurring on these former Federal lands, all of which is utilized to defray operating expenses.

Utilization

The Camp Blanding Military Reservation is utilized extensively by units of the Florida National Guard in all phases of training, to include weekend Multiple Unit Training Assemblies (MUTA) and Annual Training (AT). During the fiscal year, the facilities were utilized some 36,327 man-days for Army National Guard MUTA's with an additional 610 being devoted to conduct of small arms competitive matches, sponsored by the National Guard and by Camp Blanding Rifle and Pistol Clubs. Man-days totaling 62,750 were devoted to AT exercises for elements of the Army National Guard of Florida, with an additional 48,927 man-days devoted to AT by elements of other states' National Guard. Another 635 man-days were devoted to Federal Government organizations, while 8,925 man-days were devoted to State and local agencies.

Members of Florida's Special Forces Rappelling From a Huey Helicopter

The Camp Blanding Military Reservation is noted for its fine facilities and training areas conducive to the conduct of command post exercises, logistical exercises, specialized training and training conferences, as well as for its recently renovated and modernized firing ranges, which include 7.62MM, .30 and .45 Caliber small arms ranges, machine gun, rocket launcher, recoilless rifle, 81MM and 4.2" mortar ranges, subcaliber tank ranges, a Tow/Dragon tracking range, an aviation air assault range, a demolitions and explosives range, and an antiaircraft artillery range. Recent additions to the range complex include 8 platoon and company size live fire ranges for infantry training and a new extensive demolition range. Camp Blanding is the home of the Florida National Guard Military Academy, consisting of the Officer Candidate School, the basic source of newly commissioned second lieutenants required for filling junior officer vacancies and the Non-Commissioned Officer Academy which provides advanced leadership training for non-commissioned officers of the Florida Army National Guard. The camp is the home training site of the Special Forces elements of the Florida Army National Guard, with its fine jungle type training areas, drop zone and rappelling tower facility. Of utmost importance, is the Camp Blanding Army Airfield and its excellent service facilities, which are used extensively by Army Aviation units throughout the training year.

Warehouse storage facilities continue to be occupied by the Directorate of Supply and Services (USPFO) for receipt, storage and issue of Federal property and supplies, which are utilized by the units of the Florida Army National Guard. The Florida National Guard Combined Support Maintenance Shop (CSMS) continues to perform its important mission of maintenance of Federal equipment in support of units throughout the State. The Mobilization and Training Equipment Site (MATES) facility, adjacent to the CSMS, maintains vehicles and weapons used by units in training at Camp Blanding. Equipment consists of self-propelled, tracked, twin 40MM guns, various types of engineer heavy equipment, infantry recoilless rifles, mortars and wheeled vehicles.

The regular establishment, Army, Navy, Air Force and Marine Corps, as well as elements of their respective reserve forces, continue to utilize training areas and small arms ranges at Camp Blanding as part of their yearly programs. A total of 42,233 man-days were spent in training exercises by such elements during the year.

The U.S. Atlantic Fleet, Fleet Air, Naval Air Station, Jacksonville continues to maintain its leased portion of the Reservation which they and the Air Force utilize for the training of pilots, to include carrier based personnel, in air-to-ground bombing and strafing and for the operation of their Radar Scoring Station.

Fiscal year usage of this outstanding training facility totaled 200,407 man-days.

Game Management

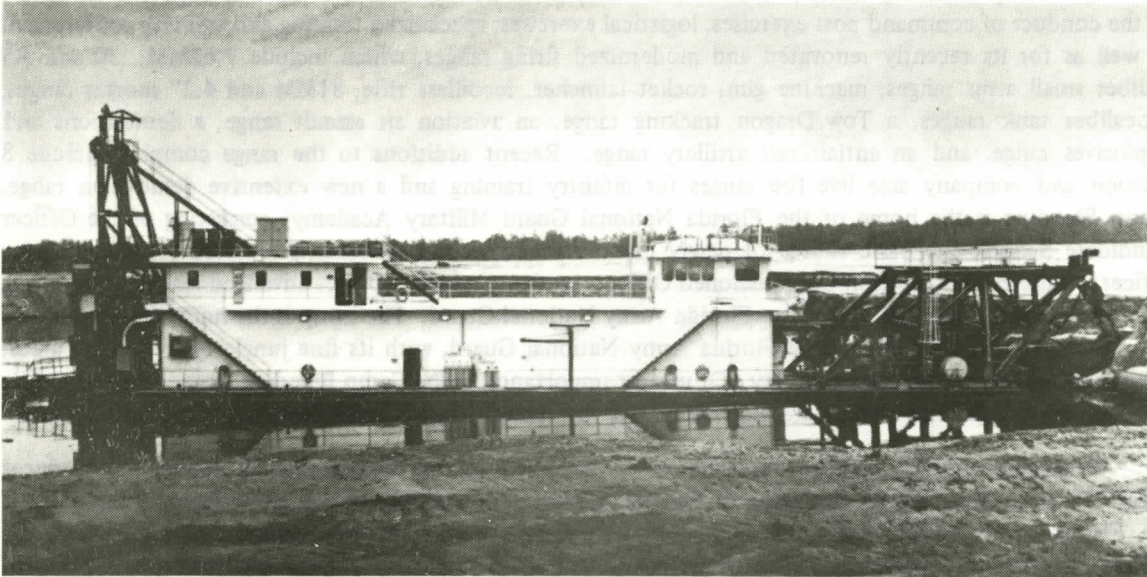

The agreement between the Armory Board and the Department of Natural Resources, whereby portions of Camp Blanding are opened to controlled public hunting and fishing, remains in effect. Controlled burning and grain planting has been most favorable in the production of game. Lake samplings indicated that fish stocked in certain lakes have done well in most instances.

Forest Management

The Armory Board continues to conduct a Forest Management Program at Camp Blanding. During the year, normal road maintenance throughout the Reservation was accomplished and additionally, new roads, with drainage structures, were constructed. Harvesting and replanting of timber continues in a balanced program under the supervision of a professional forester.

Mining Operations

E. I. duPont deNemours and Company continues to mine in a restricted area on the western edge of Camp Blanding, ilmenite being the principle mineral removed from the soil. DuPont, at their own expense, as an ecological project, has instituted a procedure whereby the topsoil is stripped and stockpiled, prior to the mining operation. After mining, this topsoil is redistributed, on the subsequent spoil area, thereby successfully stabilizing the spoil and improving the return of vegetation. Pine trees are now flourishing on this area.

Construction

Telephone Exchange Building - Camp Blanding: Construction of the Telephone Exchange Building on Fort Lauderdale Street near the Sports Complex has been completed. This facility will house the military switchboards now in operation at Camp Blanding. During the past two and one-half years, a unit from the Georgia Air National Guard, assisted by the 146th Signal Battalion, has been busy installing a new underground telephone wiring system during IDT's and AT's. The Telephone Exchange Building is the final leg in this project which should provide for improvements in the Camp Blanding Telephone system. This facility includes 1,600 SF and cost \$60,990 in 100% Federal funds. We hope to have the total system in operation prior to AT 82.

Rehabilitation of Mess Halls: The design for the rehabilitation of 4 to 7 mess halls in the cantonment area has been completed. This project is estimated to cost approximately \$160,000 and will be supported with Federal funds. The National Guard Bureau will fund this project in fiscal year 1981. The improvements include new roofs, service counters, kitchen hoods, ceilings, ventilation, improved lighting and removal of the wood window flaps and replacement with windows and screens.

Mrs. Carolyn Moody & MG K.C. Bullard, Adjutant General of Florida, Unveil the Plaque at the Entrance to Moody Hall, Dedication 26 April 1981

Moody Hall: The new Service Club at Camp Blanding is currently being successfully operated by a civilian contractor, on a near full-time basis. This operation has overcome a serious deficiency which had existed for several years and it is anticipated that this operation will continue.

STATE FUNDS

Appropriated Funds

Disbursement of General Revenue Funds are based on appropriations made by the Florida State Legislature and are reflected in Appendix VII.

Armory Board Trust Fund

This fund is utilized primarily as a revolving fund from which expenditures related to Intrusion Detection Systems supervision and inspections and Air National Guard Base security costs are reimbursed with Federal funds by the Army and Air Service Contracts.

Camp Blanding Management Trust Fund

This fund consists of revenues realized at Camp Blanding, principally from the sale of timber products and royalties received from the mining operation, and, by law, is expended exclusively for the operation and maintenance of Camp Blanding.

Community Funds

Florida law provides that counties and municipalities may provide financial or material support to the National Guard. A portion of the Military Code dealing with this subject is quoted below and Appendix X details that support received during fiscal year 1980-81.

250.40 Armory Board; Armories, How obtained -

(6) In order to provide for the cooperative support of the National Guard, and that armories may be provided which will furnish suitable training facilities and adequate storage accommodations for all arms, equipment and other military property, the armory board shall have authority to receive from counties, municipalities and other sources, donations of land and contributions of money to aid in providing, improving and maintaining an arsenal, armories, camp site, target ranges, and other facilities, throughout the state, and any property so donated, shall be held as other property for the use of the state and such counties and municipalities are hereby authorized and empowered to make such donations of lands by deed or long term leases and contributions of moneys for the purposes herein set forth, and to issue bonds or certificates of indebtedness to provide funds for such purposes; * * * * *

Service Contracts

The Federal Government and the Armory Board have cost-sharing contracts for the maintenance and operation of the physical plant of certain facilities of the Florida National Guard. The Army Service Contract, which supports the Arsenal Annex, portions of Camp Blanding, the Army Aviation Maintenance Shop and thirteen Organizational Maintenance Shops, provides for a Federal share of 75% and Armory Board share of 25%. The Air Service Contract, which supports the Air National Guard Base at Jacksonville, provides for a Federal share of 80% and Armory Board share of 20%. Annual training and weekend training activities of the Florida National Guard are 100% Federally funded.

Budgets

A recapitulation of budgeted State funds for the previous, current and next fiscal years is displayed at Appendix VII.

DATA PROCESSING

The Department of Military Affairs, like many other agencies, utilizes electronic data processing to

aid in the accomplishment of its mission. During fiscal year 1980-81, the Department replaced outdated unit record equipment with a self-contained System/34 Computer. Complete conversion of all card files and programs to the new system were accomplished during this period.

Department of Military Affairs Employees Shown With Components of the System 34 Computer

The Data Processing Center Activity of the United States Property and Fiscal Officer for Florida is the servicing facility for all Federal programs required by the Florida Army National Guard. These programs consist of accounting functions for Federal activities of logistics, financial accounting, military pay (JUMPS), and civilian technician payrolls. This Center also maintains data and prepares reports for Military Personnel Directorate; Plans, Operations and Training Directorate; Technician Personnel Office; Recruiting and Retention Office; Equal Employment Officer and the Maintenance Directorate.

Federal Data Processing Center in Operation

The IBM 1401 Computer has been replaced by a new Burroughs 1955 Data Processing System. This conversion has brought the Army National Guard up-to-date in computer hardware. This system is disk oriented and enables this Center to service activities of the Florida Army National Guard with programs that are more responsive to their needs and provides Commanders with timely and concise information for improved control and utilization of Federal funds and equipment.

ADMINISTRATION

Administrative and staff services were provided to the Headquarters and the units of the Florida National Guard. These services included public affairs, records administration, mail management, distribution of Department of the Army publications, reproductions, awards and trophies, communications and security files.

RECORDS MANAGEMENT

The Department's Archives and Records Administration Program insures uniform procedures governing maintenance and disposition of records and the preserving of historical documents. Permanent records are microfilmed to reduce storage space.

COMMUNICATIONS

This Headquarters maintains a reliable communication system using the following means:

SUNCOM. A dedicated State of Florida long distance telephone network for governmental agencies which provides a nationwide direct dialing capability.

Commercial Telephone. The solid state, highly versatile touch tone telephone system installed throughout the State Arsenal complex by Western Electric and Southern Bell Telephone and Telegraph Company with its many automatic features has materially improved communications efficiency within the Headquarters. This system also has a radio telephone patch capability that expands this versatility State-wide. The equipment and installation costs were supported jointly by Federal and State funds and will result in a 30% savings on monthly recurring costs.

Defense Communications Automatic Voice Switching Network (AUTOVON). A military worldwide general purpose dialing system providing the capability of immediate communication with other military installations.

Interim Remote Terminal (IRT) Telecommunications Link. A telecommunications center linked directly to an Automated Multi-Media Exchange (AMME). The AMME connects into the Automatic Digital Network (AUTODIN) which provides the Department of Military Affairs with the capability to transmit and receive narrative and card traffic from world-wide subscribers.

Facsimile Communications. Facsimile is a telecommunications system for the transmission of fixed images with a view to their reception in recorded form; these images include typewritten and handwritten documents, fingerprint records, maps, charts, operation overlays, sketches, and photographs. Facsimile communications is provided for the Florida Army National Guard by a "Burroughs DEX 4100" located in the Telecommunications Center at the United States Property and Fiscal Office.

National Weather Service Teletype. A teletype network providing the capability to receive written messages on all weather conditions (Severe, Hurricane Advisories) and local weather conditions throughout the State of Florida.

National Warning System (NAWAS). A voice circuit emanating from North American Air Defense Command (NORAD), Colorado Springs, Colorado, the objective of which is to establish, operate and maintain an effective nationwide warning system to alert governments and the public to the threat of extraordinary dangers. This system can also be used within the State for emergency operations and consists of over one hundred (100) extensions including the Governor's Office, Division of Disaster Preparedness, local civil preparedness agencies, police, sheriffs, and weather stations.

Command State Emergency Radio Net (COMSERN). A Florida National Guard radio net providing radio communication with Florida National Guard Task Force Headquarters strategically located throughout the State.

Commercial FM. A commercial FM (line-of-sight) system consisting of two (2) base stations and ten (10) handi-talkie radios. This system is used during emergencies for direct communications between the Adjutant General and key staff officers assigned as liaison to civil authorities and/or coordinating National Guard assistance throughout the emergency area.

Mobile Communication Center. The Headquarters has tailored a military expansible van into a mobile communication center to provide communications into disaster stricken and remote areas. Power for operation is supplied by two (2) gasoline generators mounted on a trailer. The center is equipped to operate on:

- Single Sideband (SSB) - 2 to 15 MHz
- Amplitude Modulation (AM) - 2 to 15 MHz
- Frequency Modulation (FM) - 30 to 75.95 MHz
- Air to Ground (AM) - 220 to 399.9 MHz
- Florida Highway Patrol Net

Florida Highway Patrol Radio Network. The Department also has the capability of entering the Florida Highway Patrol Radio Net with a base station located in St. Augustine.

PUBLIC AFFAIRS

The "Florida Guardsman" magazine, a four-page monthly insert in "The National Guardsman," is utilized to maintain a high level of morale and to promote esprit de corps. This magazine is subscribed to by Florida National Guardsmen.

An illustrated narrative briefing of the Florida National Guard continues to be an excellent method of furthering the understanding of civil authorities, civic organizations and other groups throughout the State, of the organization, responsibilities and mission of the Department of Military Affairs.

The history of the State Arsenal and the Military Reservation dates back to the 16th century when it was the site of a Franciscan Monastery. In order to preserve and record this unique history a museum and archives is maintained. The museum is aptly located in the former monastery cells and endeavors to tell the story of the Florida National Guard and the militia from territorial days to the present. Historical documents and artifact contributed by Guardsmen, former Guardsmen and citizens have resulted in a collection of many historical items that would have otherwise become lost to posterity.

COMMUNITY SERVICES

The role the National Guard plays to the State and Nation during times of disaster and emergencies, both natural and man made and the service rendered by the Guardsmen to the citizens during these devastating occurrences are well known, little, however is said of community orientated activities of a non-military nature performed by the Guard. The armory facilities of the Florida National Guard are available for community functions and are extensively utilized by other governmental agencies; State, County and City. It is through this type of governmental cooperation that full utilization of facilities is accomplished. The armories' facilities; classrooms, drill hall, indoor rifle ranges and parking area, etc., provide excellent accommodations for conducting various activities. The armories are also available to civic and fraternal organizations for their activities. In addition a ninety-acre (90) tract at Camp Blanding, "Camp Neyati", has been made available to the Gateway Girl Scout Council, Incorporated, for camping and other activities of youth groups. The Florida National Guard units are receptive to the needs of the local scout troops, assisting with major equipment needs such as water trailers at large camp outs and annually hosting over 3,000 scouts at Camp Blanding at the North Florida Council Encampment.

The All Guard Team represents the National Guard at such competition as National Championship Matches, International Olympic Tryouts, and Interservice Matches, as well as numerous other matches at regional level.

The Florida National Guard was afforded the honor of having SFC Sidney M. Mills, HHD, FLARNG; SP4 Barbara C. Keller, HHC, 50th S&S Bn; SGT Kenneth A. Jordan, HHC, 50th S&S Bn and MSGT Stanley F. Ferreira, 125th Resource Mgmt Sq, selected as members of the All National Guard Rifle and Pistol Team for 1981, which participated in these matches. The National Guard teams participating at this level of competition were awarded a major portion of all individual and team awards in competition.

All Army and All Air Force and Regional Matches

All Army and All Air Force Regional Rifle (7.62mm and 5.56mm) and Pistol Matches (Cal .22, Cal .38 and Cal .45) are conducted by the Department of the Army and Air Force, and fiscal support of State

National Guard Teams is not provided. Regional and All National Guard Teams are selected from the states and territories, however, based on marksmanship ability achieved in Army Area and State level matches which are supported for competition at this level by the National Guard Bureau.

The Florida National Guard was afforded the distinct honor during 1981 of having three individual marksmen selected for participation at this level of competition. They were: MSGT Stanley F. Ferreira, 125th Resource Management Squadron, FLANG, an Air Force pistol competitor; SGT Kenneth A. Jordan, HHC 50th S&S Bn, an Army rifle competitor; and SP4 Barbara C. Keller, HHC 50th S&S Bn, a smallbore rifle competitor. The National Guard teams participating at this level of competition were awarded a major portion of all individual and team awards in competition.

All National Guard Rifle and Pistol Matches

All National Guard Rifle and Pistol Matches are conducted annually by the National Guard Bureau to promote marksmanship and provide a significant year end goal of high level competition among the states. The first such match was conducted at Camp Robinson, Little Rock, Arkansas in September 1973. These matches are held in honor of Major General Winston P. Wilson who accomplished so much for the marksmanship program of the National Guard during his tenure as Chief of the National Guard Bureau.

Florida National Guard Rifle, Pistol and Light Machine Gun Teams participated in these matches in 1980. SGT Kenneth A. Jordan, HHC 50th S&S Bn, North Miami, and SSG Johnnie S. Croft, Jr., 153d Engr Co, Lake City, distinguished themselves and the Florida National Guard Team by being awarded the Excellence in Competition (Leg) Medal toward a Distinguished Rifleman's Badge. TSGT Richard T. Berry, 125th Combat Spt Sq, FLANG, Jacksonville, placed second marksman class in the center fire pistol Individual Match and third, marksman class, in the .45 caliber Individual Matches. MSGT Stanley F. Ferreira, 125th Resource Mgmt Sq, FLANG, Jacksonville, placed second overall in the Individual Service Pistol Match Aggregate. SP4 Ralph S. Varnum, 631st Maint Co, Starke, placed third, marksman class, in the Individual Rifle Championship Aggregate Match and COL Franklin M. Persons, HHD FLARNG, St. Augustine, placed third, marksman class, in the Individual Excellence in Competition Match.

Army Area (FORSCOM Commanders) Matches

First U.S. Army Rifle (7.62mm and 5.56mm) and Pistol (Cal .32, Cal .38 and Cal .45) Championship Matches conducted by Commanding General, First U.S. Army were held at Fort Meade, Maryland in April 1981. Participation in this competition is limited to those teams placing in the upper fifty percent nationally during competition during that marksmanship year.

The Florida National Guard was represented in the composite phase of both the rifle and pistol competition at these matches in 1981. MSGT Stanley F. Ferreira, Resource Mgmt Sq, FLANG, Jacksonville, distinguished himself and the Florida National Guard during pistol competition by winning a first place open overall individual award and a second place open individual award. SFC James A. Livingston, CSC 2/124th Inf, Eustis, won a first place open individual award and two second place open individual awards. Rifle competitor, SGT Lee F. Arsenault, Co C 1/124th Inf, Homestead, distinguished himself and the Florida National Guard by winning one third place open individual award. Florida National Guard Pistol Team placed sixth and the Rifle Team seventh in overall First Army Area competition to include National Guard, Reserve and Active Army competitors.

State Marksmanship Matches

The Taliaferro Trophy Match (5.56mm, M-16) is conducted each year at Camp Blanding, Florida, under the authority of the Adjutant General. The Taliaferro Trophy was presented to the Militia of Florida in 1903 by the Honorable James B. Taliaferro, then United States Senator from Florida. It is awarded annually for unit rifle marksmanship competition. Winners of competition for 1980 were:

- Winner — 631st Maint Co, Starke
- 2nd Place — 153d Engr Co (Blue Team), Lake City
- 3rd Place — 153d Engr Co (Gold Team), Lake City

First Place Rifle Team, 631st Maintenance Company (From Left) SP5 Steve Varnum, SFC Clarence Hutchinson, MG K. C. Bullard, Presenting the Taliaferro Trophy to SSG Michael Rhoden, SSG Terry Hardee and SP5 Cecil Gaskins

The Individual Rifle Championship Trophy (5.56mm, M-16) is fired concurrently with the Taliaferro Trophy Match. The Individual Rifle Championship Trophy, presented to the Florida National Guard by Brigadier General Robert G. White, then Assistant Adjutant General of Florida in 1959, is awarded to the individual achieving the highest record score during the Individual Rifle Championship Match. Winners for 1980 were:

- Winner — SSG Terry F. Hardee, 631st Maint Co, Starke
- 2nd Place — TSGT Ross D. Dodd, 125th Cmbt Spt Sq, Jacksonville
- 3rd Place — PSG Claude C. Hamilton, HHC 1/124th Inf, Miami

First Place Pistol Team, Battery D, 1st Battalion, 265th Artillery, SSG Gerald Shea, SFC Steve Boring receiving the I. Thord-Gray Trophy from MG K. C. Bullard, SFC Arthur Brown and SSG Robert Syford

The I. Thord-Gray Trophy Match (Cal .45) is conducted each year at Camp Blanding, Florida, under authority of the Adjutant General. The I. Thord-Gray Trophy was presented to the Florida National Guard in 1930 by Major General I. Thord-Gray, retired British Army officer, and was awarded for unit team marksmanship (carbine) competition until 1965. The trophy has been placed in pistol team competition as a result of the removal of the carbine from military inventory in 1966. Winners for 1980 are as follows:

Winner – Btry D 1/265th ADA, Daytona Beach
2nd Place – Co A (-) 2/124th Inf, Clearwater
3rd Place – HHD FLARNG, St. Augustine

The Mark W. Lance Trophy (Individual Pistol Championship, Cal .45) Match is fired concurrently each year with the I. Thord-Gray Trophy Match at Camp Blanding, Florida, under the authority of the Adjutant General. The Mark W. Lance Trophy, presented to the Florida National Guard in 1967 by the Camp Blanding Rifle and Pistol Club in memory of former Adjutant General, Major General Mark W. Lance, is presented annually to the individual achieving the highest record score in pistol match competition. Winners for 1980 are as follows:

Winner – SFC James A. Livingston, CSC 2/124th Inf, Eustis
2nd Place – TSGT Buddy F. Henson, Cmbt Spt Sq, FLANG, Jacksonville
3rd Place – SSG Robert A. Ferguson, Co A 2/124th Inf, Clearwater

Chief, National Guard Bureau Annual Rifle and Pistol Tournaments

The Chief, National Guard Bureau Rifle and Pistol Tournaments (Cal .22) are conducted annually by the National Rifle Association in cooperation with the National Guard Bureau to determine National, Army Area, and State winners. Florida National Guard individuals and teams placed during fiscal year 1981 as shown below:

Unit Team CNGB Rifle Match:	Co B (-), 1 Bn 124 Inf, West Palm Beach State Winner
Individual CNGB Rifle Match:	SSG Stewart P. Raiman Co B (-), 1 Bn 124 Inf, West Palm Beach State Winner
Unit Team CNGB Pistol Match:	Co A (-) 1 Bn 124 Inf, Clearwater State Winner
Individual CNGB Pistol Match:	MSGT Stanley F. Ferreira 125th Resource Mgmt Squadron, Jacksonville State Winner

National Rifle Association Indoor Rifle Tournament

The National Rifle Association Indoor Rifle Tournament is conducted annually under sponsorship of the Adjutant General per authority of Chief, National Guard Bureau. The tournament is conducted in two phases. Phase I is Postal/Shoulder Matches between teams of each of the three leagues. League winners fire a Shoulder Match to determine the State Champion. The composition of a unit team consists of two unit Guardspersons and two junior members under 18 years of age. Guard membership is not a requirement for a junior member. Results for fiscal year 1981 are as follows:

Team Competition:	HHC, 50th S&S Bn, North Miami, FL State Winner

SERVICE RECORDS

The Department has custody of available records of the soldiers of Florida. These records include Muster Rolls of the Indian Wars of 1835, Muster Rolls of the Florida Militia and Florida National Guard

since 1835, and Rolls of the Florida troops mustered into the Confederate Forces and Union Forces in the War Between the States (Civil War), the Spanish American War, the Mexican Border Incident, World War I, World War II, the Korean Conflict, and the Berlin Crises. A card record is maintained for each individual who entered World War I from the State of Florida, whether by enlistment, induction through Selective Service, or induction with the Florida National Guard. In addition, an individual file folder, containing copies of all pertinent orders and personnel documents, has been retained for each individual who has been a member of the Florida National Guard (Army and Air). The individual folders for current members are separated from the folders of former members and are maintained current at all times.

A project to convert all files on former members to microfiche was begun in August of 1979. The project will be accomplished by a civilian contractor in 4 phases. Phases I and II were completed in March of 1980. It is anticipated that phases III and IV will be completed not later than mid fiscal year 1982. This project, when completed, will have eliminated a critical records storage problem in the vault storage area and will also insure positive record security in as much as a duplicate roll of film has been forwarded for storage in the State Archives in Tallahassee, Florida. A microfiche camera and film/jacket inserter has been purchased to permit ongoing filming of files on members as they are separated from the Florida National Guard. This procedure eliminates any future build-up of paper files in the vault storage area.

Request for Statements of Service and information generally fall into two broad categories. The majority of requests in the first category are for documentary evidence to establish eligibility for some type of benefit such as Federal or State military retirement benefits; birth date and/or active Federal service for Social Security benefits; increased military longevity pay for former service; burial in a National Cemetery or government furnished grave marker; or hospitalization or other financial benefits through the Veterans Administration. The second category pertains to requests in the interest of genealogy or history and, for the most part, are applicable to records prior to 1900. The number of Statements of Service furnished during the period of this report was 295 of which 48 were for advanced certification of completion of 20 years of active service which would entitle the individual to Federal retired pay for military service upon attaining age 60. This requirement was instituted to eliminate errors and misinformation which previously would not appear until individual reached age 60 at which time he would discover that some of his service did not meet this criteria and it was too late to perform additional service to meet the requirements for Federal retired pay.

MILITARY SUPPORT TO CIVIL AUTHORITY

General

The Adjutant General has both State and Federal responsibilities in providing support to civil authorities. The State responsibility involves providing troops (National Guard) to assist civil authorities in major emergencies when authorized by the Governor. On the Federal side the Adjutant General is responsible for the preattack planning and postattack operations of all military forces (Army, Navy, Air Force and their reserve components) to support civil defense (civil authority) within the State of Florida in event of a nuclear attack against this nation.

Planning and Coordination

The responsibility for planning, coordination and conduct of operations in support of civil authorities is centered in the Directorate of Plans, Operations and Training. Liaison is maintained with law enforcement agencies and the Bureau of Disaster Preparedness within the State and with Federal agencies and military commands as appropriate. National Guard troop units are organized into task forces to provide a rapid response to locations within a specific area in proximity to the units' home stations. Liaison is maintained with civil authorities in their area of responsibility by these task forces.

Operations

The Department of Military Affairs goes into an increased readiness status immediately upon threat of civil disturbance, natural disaster, or similar emergency that may require use of National Guard troops. Measures taken include a telephone alert of key personnel, contact with local authorities and appropriate State agencies, and review of capabilities of troop units in the emergency area. As the situation develops to a more serious threat additional actions are taken to man the EOC (Emergency Operations Center), dispatch liaison officers to area, alert troop units and send additional equipment and communications as deemed necessary.

Active State Duty

Under the provisions of Chapter 250, Florida Statutes, troops of the Florida National Guard were called to Active State Duty to assist civil authorities during fiscal year 1981 as follows:

17 - 20 July 1980 - Civil Disturbance - Miami, FL

Civil unrest in the Liberty City area of Miami continued to disrupt the black communities of metropolitan Dade County. Four hundred and eight (408) officers and enlisted personnel assisted civil authorities to reestablish law and order in the troubled area.

 26 - 27 May 1981 - Flagler County
 5 - 12 June 1981 - Volusia County
 18 - 19 June 1981 - Dixie County

Due to extremely dry climatic conditions throughout the State of Florida, an epidemic of forest fires broke out endangering lives and property. One hundred and fifty-five (155) individuals, for a total of three hundred and eighty-two (382) mandays, assisted the Division of Forestry in fighting fires in each of those counties listed above.

FLORIDA NATIONAL GUARD MILITARY ACADEMY (FNGMA)

On 1 September 1975 the Florida National Guard Officer Candidate School was reorganized and redesignated as Florida National Guard Military Academy and assigned the mission of conducting both an Officer Candidate School and Noncommissioned Officer School.

The Academy is operated by a twenty-eight person section consisting of ten officers and eighteen enlisted personnel. During the Annual Training period, the section is augmented with additional instructor and support personnel, to a desired strength of forty officers/warrant officers and one hundred fifty enlisted personnel. The Academy is accredited by the Department of the Army and is evaluated yearly by representatives of the Commanding General, First United States Army, to determine manner of performance. The Academy has received very high ratings on each evaluation and is considered one of the best in the nation.

Officer Candidate School

The Florida National Guard Military Academy Officer Candidate School was originally established in March 1961 by the Adjutant General of Florida. The mission of the school is to provide effective instruction for Officer Candidates that will qualify them in the military educational requirements for appointment as second lieutenants, and to develop maximum leadership and command ability in the candidates.

Class No. 20, currently in progress, will complete their twelve months of training and will graduate and be commissioned 25 July 1981.

Class No. 21 will begin their training on 12 July 1981 in a Phase I fifteen (15) day Annual Training period. They will continue into twelve (12) weekend training assemblies during the fall, winter and spring (Phase II), an additional fifteen (15) day Annual Training period in July 1982 (Phase III) and a minimum four-week branch resident qualification course (Phase IV). Class No. 21 will graduate and be commissioned at completion of Phase III and attend Phase IV in an officer status within twelve months of commissioning. The program consists of a minimum of 576 hours.

The Programs of Instruction taught are developed and monitored by the United States Army Infantry School, Fort Benning, Georgia, in coordination with Chief, National Guard Bureau, and closely parallels the resident Infantry Officer Candidate School. All examinations are graded by the Infantry School. Methods of leadership development include rigid discipline, high standards of deportment and conduct, and exacting manner of performance, frequent and effective counseling, and continuous observation, correction and evaluation. The Florida National Guard Military Academy Officer Candidate School is the primary source of junior officer procurement for the Florida Army National Guard. At present 50% of all company grade officers in the Florida Army National Guard are graduates of the school. In recent years personnel of the United States Army Reserve have been admitted to the school, and upon graduation, are appointed second lieutenants in that component. Numbers of candidates attending the Florida National Guard Military Academy Officer Candidate School, and graduates by year, are shown below:

Noncommissioned Officer School

The Florida National Guard Military Academy Noncommissioned Officer School was established 1 September 1975. The mission of the school is to develop leadership and professional military skills in selected personnel in grades E-4 through E-9 to qualify them as noncommissioned officers.

Three programs of instruction for noncommissioned officers are conducted - Basic Course for grades E-4 and E-5, consisting of 113 hours; Advanced Course for grades E-6 and E-7, consisting of 66 hours; and a Senior Course for grades E-8 and E-9, consisting of 56 hours. Through 30 June 1981, nine classes had been conducted with graduates as shown below:

EQUAL OPPORTUNITY (EO), EQUAL EMPLOYMENT OPPORTUNITY (EEO), AND SOCIAL ACTIONS (SL)

The Florida National Guard has several Equal Opportunity Programs: Equal Opportunity Program (EO) for the Florida Army National Guard and Social Actions Program (SL) for Florida Air National Guard military members. There is also an Equal Employment Opportunity Program for Federal employees and one for State of Florida Military Department employees. Each of these programs received continued emphasis during the year. Emphasis in the military programs is on upward mobility for enlisted personnel and increasing the number of minority officers in both the Army and Air National Guard. Equal Employment Opportunity Program emphasis continues to be in the areas of recruitment of minorities for full-time positions and upward mobility to higher graded positions where minorities and women continue to be underrepresented.

Florida National Guard Equal Opportunity in Action

Current status in the various programs is as follows:

Military EO and SL Programs

Military Membership

	Minorities	Women	Total Military Force
ARNG	30.5%	5.1%	9542
ANG	11.0%	6.1%	997

There were no significant changes in percentages of minorities and women in the ARNG and ANG while overall strength increased in both services by 236 in ARNG and 40 in ANG.

Active Guard/Reserve (AGR) Full-Time Manning

Active Guard/Reserve (AGR) is a new concept which was initiated this fiscal year in the National Guard wherein individual members of the Florida National Guard are placed on two-year tours of active training duty under Title 32, USC. These positions are provided to perform duties in technician position descriptions (Conversion Full-Time Manning - CFTM (ARNG) and Military Full-Time Training Administration - MFTTA (ANG) and/or to provide additional full-time support to selected units (Additive Full-Time Manning - AFTM). Representation attained in these programs is as follows.

AGR (CFTM/MFTTA)

	Minorities	Women	Total Positions
ARNG (CFTM)	3.4%	16.9%	61
ANG (MFTTA)	0%	0%	5

AGR (AFTM)

	Minorities	Women	Total Positions
ARNG	29.2%	8.3%	25
ANG	NA	NA	0

A total of five EO sections are authorized by MTOE/MTDA in the ARNG throughout the state. The ANG is authorized one Social Actions section. The only change made in these EO sections was an MTDA change in the HHD FLARNG reducing the grade of the EO Officer from Lieutenant Colonel O5 to Major O4. Ten of the twenty-one personnel occupying EO or SL duty positions have received formal training in their assigned duties. Thirty-four trained Unit Discussion Leaders are assigned throughout the state in the ARNG for utilization at unit level.

Two EO complaints were received and resolved at the informal level during the fiscal year.

Technician EEO Program

	Minorities	Women	Total Technicians
ARNG	8.3%	10.3%	507
ANG	3.1%	8.4%	323

The percentage of minority technicians decreased by 1.8%, while women technicians increased by .6% during the fiscal year in the ARNG. In the ANG, minority technicians decreased by .6%, and women technicians increased by 1.7%. The total number of technicians increased by four (4) in the ARNG and by twenty-six (26) in the ANG.

State Employee EEO Program

Department of Military Affairs

	Minorities	Women	Total Employees
	23%	33.1%	148

Total employees increased by twelve over the preceding period which resulted in decrease of percentage of minorities by 2.7% and women by 1.4%.

Twenty-two EEO Counselors are appointed and trained in advanced counseling techniques. These counselors work with both Technician and State Employee Programs.

One EEO complaint was received and resolved at the informal level.

ARMY NATIONAL GUARD

The Florida Army National Guard entered fiscal year 1981 with an authorized strength of 9,134 personnel. During the fiscal year the authorized strength has increased to a current authorization of 9,418 personnel as a result of several minor reorganizations.

The strength at the beginning of fiscal year 1981 was 9,306 and Florida was at 101.8% of authorized strength. As of 30 June 1981, Florida's strength was at 9,542 for 101.3% of fill, ranking nationally number 5 of all states in percentage of assigned strength compared to authorized strength.

Source of officer procurement consisted of one third furnished through the State OCS program and two thirds from officers returning from active duty, transfers from out of state Guard, reserve units and ROTC graduates.

RESERVE OFFICER PERSONNEL ACT (ROPA) 1954

The Reserve Officer Personnel Act (ROPA) continues to prescribe policy, guidance, and procedures for consideration, selection, and promotion of Army National Guard commissioned officers not otherwise selected for unit vacancy promotion within their respective state.

During the fiscal year 1981 period, 32 officers were considered for mandatory promotion by the respective Department of Army Selection Board with 23 being selected. This represents an overall selection rate of 72%. The statistical analysis of selection by grade is as follows:

	LT to CPT	CPT to MAJ	MAJ to LTC
Recommended	4 (100%)	8 (57%)	11 (79%)
Not Recommended (1st Pass Over)	0	5	2
Not Recommended (2nd Pass Over)	<u>0</u>	<u>1</u>	<u>1</u>
Totals	4	14	14

A majority of the officers selected by the board for mandatory promotion elect to decline their promotion for the authorized period as sufficient position vacancies are not available for immediate promotion. Further, some officers must accept discharge from the Florida National Guard with concurrent transfer to the non-unit USAR for mandatory promotion for the same reason.

FLORIDA ARMY NATIONAL GUARD OFFICER SELECTION BOARDS

State Selection Boards were established in Florida in 1963 as a positive method of implementing a career development program for officer personnel. The Boards convene as necessary to fill Major, Lieutenant Colonel, Colonel, and certain General Officer position vacancies. It is also charged with the responsibility of recommending to the Adjutant General, reassignments of battalion commanders, changes in field grade staff assignments, and acceptance of declination of ROPA promotions to Colonels.

The Senior Officer Selection Board, composed of the Assistant Adjutant General and the two General Officer Commanders, met 5 times during fiscal year 1981 recommending promotion of 1 Colonel to Brigadier General, 6 Lieutenant Colonels to Colonel, reassignment of 4 Colonels, reassignment of 20 Lieutenant Colonels and acceptance of 4 declinations of promotion to Colonel under ROPA provisions.

The Field Grade Selection Board, composed of the Assistant Adjutant General, General Officer Commanders, Commander of 227th Artillery Brigade and 53rd Signal Group met 5 times during this period, recommending to the Adjutant General promotion of 13 Majors to Lieutenant Colonel, 29 Captains to Major, and reassignment of 37 Field Grade Officers.

SELECTIVE RETENTION

A Selective Retention Program was implemented by the National Guard on 1 July 1969. NGR 635-102 prescribes the procedures and policies for conduct of the Selective Retention Board. The Selective Retention Board, conducted during the first half of each calendar year considers officers and warrant officers with 20 or more qualifying years of service for retired pay. Originally, the Regulation required

individuals to be considered every year following completion of the 20 qualifying years of service. However, beginning with the Board in 1974, the Regulation was changed to provide that the Board would be convened annually but individuals would be considered every other year instead of every year unless the Board recommended annual consideration for a specific officer. This substantially reduced the number of individuals reviewed by the Board each year. Factors considered by the Board include demonstrated performance, physical fitness, civilian and military education, previous assignments, and potential for future staff and command assignments.

Since inception of the Selective Retention Board in July 1969, twelve Boards have been held. Results of these boards since 1974 are as follows:

	<u>1974</u>	<u>1975</u>	<u>1976</u>	<u>1977</u>	<u>1978</u>	<u>1979</u>	<u>1980</u>	<u>1981</u>
Total Considered	86	96	100	100	106	88	120	111
Recommended	84	94	98	99	106	88	120	109
Not Recommended	2	2	2	1	0	0	0	2

ENLISTED QUALITATIVE RETENTION BOARD

The Enlisted Qualitative Retention Board as implemented by AR 135-205 convenes during the period October-December each year. The records of all enlisted personnel who have 20 qualifying years of service, without regard to Expiration of Term of Service or grade are reviewed every two years, except when the convening authority determines that an annual review is necessary.

The Board, composed of 3 Field Grade Officers and 2 Command Sergeant Majors, recommend to the Adjutant General, those individuals who have future potential benefits to the Army National Guard based on demonstrated performance as attested to by Efficiency Reports, a review of all Military Personnel Records, Medical Records, and physical fitness.

Since inception of the Qualitative Retention Board in June of 1974 seven Boards have been held with the following results:

	<u>1974</u>	<u>1975</u>	<u>1976</u>	<u>1977</u>	<u>1978</u>	<u>1979</u>	<u>1980</u>	<u>1981</u>
Total Considered	203	247	252	252	210	197	194	To be
Recommended	203	242	225	246	190	172	187	convened
Not Recommended	0	5	27	6	20	25	7	

An Appeal procedure was provided for by the Regulation beginning with the 1976 Board. Of the 7 not recommended for retention by the 1980 Board, 3 appealed and were sustained by the Adjutant General.

ARMY NATIONAL GUARD TRAINING

Training of the Florida Army National Guard is based on criteria prescribed by the Department of the Army, in coordination with the National Guard Bureau. The Commanding General, First United States Army is charged with the responsibility of coordination, support and supervision of prescribed training. Standards for training are established by Department of the Army and unit performance is evaluated on a continual basis by active Army personnel. There are three phases of training:

Basic Combat Training and Advanced Individual Training for development of basic skills and techniques, culminating in the assignment of Military Occupational Specialties (MOS) to individuals commensurate with the type of training received and which denotes qualification to perform the duties of a particular job assignment.

Unit Training is conducted by units of the Florida Army National Guard. This training is designed to produce units qualified to perform assigned missions prescribed in applicable organizational authorization documents and to maintain the level of readiness required to support operational or contingency missions. Unit Training consists of the following: Formal unit training which prepares a unit to perform its mission as stated in applicable organizational authorization documents. Various levels of formal unit training are culminated by the administration of an Army Training Evaluation as soon after completion of the levels as

possible. Formal unit training consists of training of skilled individuals designed to develop squads, crews, sections, detachments, platoons, or companies capable of successfully accomplishing the unit mission, conducted in a progressive manner, culminating at the level prescribed by the appropriate unit Army Training and Evaluation Program (ARTEP). Upon completion of the various levels of training, proficiency tests are administered to evaluate individual and unit performance. Upon successful completion of all levels of training, the unit should have demonstrated satisfactory standards of performance and be fully capable of undertaking combat operations.

Utilizing the TOW Range at Camp Blanding, Florida*

Field exercises are conducted in the field under simulated combat conditions (in which personnel and equipment of one force are actually present, while those of the opposing force may be real or imaginary). Field exercises are training vehicles that may be squad through brigade in size. They are mission oriented and designed to prepare participating units for identifiable missions. Field exercises are conducted, as appropriate, during all levels of unit training.

*The Dragon Weapon System
In Use at Camp Blanding
During AT-81*

The objective of Army National Guard training is to attain the highest levels of individual and unit proficiency that are achievable in a premobilization status. Individuals in the National Guard receive the training necessary to teach them basic military skills and the special skills required to perform effectively the duties of their assigned positions. Operational readiness is the primary requirement of the individual and units of the National Guard. Units and individuals must be ready to mobilize and undertake accomplishment of the mission specified by the TOE/TDA. The minimum standard for Army National Guard units is the attainment and maintenance of company or comparable level proficiency. This is defined as completion of the appropriate unit training program and proficiency verified by successful completion of an applicable Army Training Evaluation, with 85 percent or more of unit members participating. During Training Year 80-81 all units having assigned Army Training Evaluations accomplished same in a most satisfactory manner; resulting in Active Army Evaluators evaluating the units as being in a training readiness condition equal to most Active Army Units.

FULL-TIME MANNING PROGRAMS

Congress, Departments of Defense, and the Army have initiated 2 new programs which provide full-time manpower support to units of the Florida National Guard.

Conversion to Full-Time Manning (CFTM) Program

This program is currently a test to determine the feasibility of converting National Guard technician spaces to the Active Guard Reserve (AGR) program. These spaces are converted, with approval of the Adjutant General of Florida, as the technician space is vacated through normal attrition. As of 30 June 1981, the Florida Army National Guard had 61 positions authorized for conversion and all 61 positions were filled or had personnel identified for fill of the positions. Individuals converting to AGR-CFTM are placed on AGR orders for a 2-year tour of duty under the provisions of Title 32 USC 502(f). Until completion of the test and evaluation of the program's effectiveness is accomplished, these tours may be extended for an additional 2 years with the Adjutant General's approval.

Additive Full-Time Manning (AFTM) Program

The AFTM program was developed and implemented as a means of increasing full-time support to National Guard units without exceeding the current technician manning levels. This program is designed to place a combination of Active Army members and National Guardsmen on AGR tours for periods of 2 years in support of units and activities. The areas of support include personnel and administration, training, supply and maintenance. The program initially authorized a total of 41 individuals through 30 September 1981. Of these 41 positions, 11 are designated for fill by Active Army personnel and 30 for fill by National Guard personnel. As of 30 June 1981, all but 1 National Guard position was filled. The Florida Air National Guard has 5 of these positions in addition to the 41 Army positions. All 5 are currently filled by Air National Guard personnel.

The continuation of the CFTM program will be determined after the test period results have been fully evaluated. The AFTM program is currently planned to expand on a federal FY basis through FY-86, reaching a total of over 10,000 spaces nation-wide. The Florida Army National Guard is scheduled to receive an additional 28 spaces beginning 1 October 1981.

RESERVE OFFICER TRAINING CORP (ROTC) PROGRAMS

Reserve Forces Duty Program (RFD)

This program was designed to place ROTC RFD graduates in Army National Guard or U.S. Army Reserve units rather than allowing them to become members of the Individual Ready Reserve (IRR).

ROTC Early Commission Program (ECP)

This program is available to ROTC Cadets who have completed all ROTC requirements but have not completed baccalaureate degree requirements. These cadets may now be commissioned provided they have been accepted for appointment as Second Lieutenants in the Army National Guard. This policy is designed to authorize cadets, who want to join an ARNG Unit upon commissioning, to serve as Second Lieutenants while continuing their education. This program provides dual benefits to the individual and the military. The individual receives valuable training and experience as well as inactive duty and annual training pay (including retirement points) while pursuing the balance of his college education. The ARNG benefits by an increase in assigned officer strength and participation. Both benefit in that the individual continues to practice the skills learned in ROTC training rather than have these skills get "rusty" through no use for two or three years as in the past when individual was just a name on a list until he received his baccalaureate degree.

ROTC Simultaneous Membership Program (SMP)

Authorizes ROTC cadets enrolled in Military Science (MS) III and Military Science (MS) IV to be active members of both ROTC and Army National Guard/USAR Units. ROTC cadets are now authorized to receive the ROTC monthly pay plus all drill pay and allowances from participation with the Army

National Guard.

ROTC Delayed Entry Program (DEP)

Allows ROTC graduates who have received their baccalaureate degree and commission to become members of the Army National Guard and delay their active duty requirements for up to 36 months while pursuing an advanced degree.

ROTC Scholarship Program

The purpose of this program is to identify outstanding students on campus or in the ARNG and offer them the opportunity for a scholarship with service in the ARNG after graduation. This is a two-year scholarship. One scholarship was available for each state in CY 1981. Florida ARNG scholarship went to Randal J. Berger, ROTC Cadet.

INITIAL ACTIVE DUTY FOR TRAINING PROGRAM

The Reserve Enlisted Program of 1963 (REP-63) (Requirement for Initial Active Duty Training for non-prior service personnel) continued during the period of the report.

The Split Training Option, which was initiated in June 1978, on a pilot program basis has continued through the period of this report. As of 30 June 1981, one hundred eleven enlisted members are undergoing phase II of the program. An additional one hundred thirty were enlisted for and are participating in phase I of the program. This is a total of 241 individuals as of 30 June 1981.

The nationwide time-sharing computer service, using a national telecommunications network with remote terminals capable of simultaneously accessing a common data bank containing the annual training base continues to be utilized in securing a training space for non-prior service individuals.

Sufficient quotas have been obtained from Department of the Army to preclude any backlog from occurring during the year. Except for unusual circumstances, non-prior enlistees enter their initial active duty for training within 30 to 180 days after enlistment.

A total of 1083 trainees entered initial active duty for training during this period with 1031 completing their training and returning to their National Guard unit.

SCHOOL PROGRAM

The Army National Guard Schools Program provides the main vehicle for the branch and technical training of Officer and Enlisted Personnel of the Florida Army National Guard, whereby they are afforded the opportunity to qualify themselves to fill their unit MTOE/MTDA assignments and receive advanced training in critical Military Occupational Specialties. It is through the media of the Schools Program, which is supported by Federal funds, that Officer and Enlisted Personnel complete their training in their chosen fields and are able to maintain proficiency in the areas of Combat Arms, Technical and Administrative fields.

During the fiscal year, Officers and Enlisted Personnel participated in the Schools Program as outlined below:

	<u>TY-81</u>	
	<u>Officers</u>	<u>Enlisted</u>
Army Service Schools	152	118
Army Area Schools	30	27
Military Occupational Specialty Courses	51	282
Specialized and Refresher Courses	<u>263</u>	<u>1154</u>
	496	1581

ENLISTED EVALUATION SYSTEM

During the period of this report, Skill Qualification Testing (SQT) was implemented. As of 30 June

1981 over 600 Florida National Guard enlisted personnel have taken their initial SQT with a pass rate of over 68%. This is considerably higher than the pass rate for the Active Army and USAR's initial SQT tests.

The Senior Enlisted Evaluation Report (SEER) continues to be utilized in lieu of current test scores for reassignment, transfer, and promotion of enlisted personnel in grades E5 and above.

RETENTION AND RECRUITING

During fiscal year 1981 the Florida Army National Guard reflected a net gain of 236 personnel. During the period 2,977 new enlistments were produced, of which 53% were non-prior service and 47% were prior service personnel.

Florida's retention rate was 67% for this period which was slightly below the national average. The continued high non ETS loss rate is the problem in Florida. A definite retention effort in the area of non ETS losses will be conducted during the coming year.

A small gain in strength of black personnel and women was reflected. There were 2447 black personnel and 487 women on board as of 30 June 1981. The black percentage of overall strength was 25% of the total state strength.

As of 30 June 1981, Florida reflects a strength of 9,542 assigned personnel for a 101.3% fill rate and ranks number 5 of all states nationally in percentage of assigned strength compared with authorized strength.

Florida expects to grow in the coming year with additional units allocated by the National Guard Bureau. It is expected that Florida will exceed 10,000 personnel both authorized and assigned.

Retention and Recruiting will be given command emphasis during the coming year in order to maintain 100% fill.

FEDERAL FUNDS AND EQUIPMENT

The United States Property and Fiscal Officer (USPFO) for Florida is charged with the responsibility as pertains to comptroller matters, purchasing and contracting, transportation, supply and logistics, and maintenance of Federal property. He is assisted by a technician work force to maintain these accountable records. The USPFO mission is to assist, with the necessary administrative and logistical support, those units of the Florida Army and Air National Guard when they are mobilized for Federal active duty.

The Florida Army National Guard continues to be better equipped than in previous years. This is due primarily to the receipt of more modern equipment and the additional funding being made available to the State of Florida by the Federal Government.

The National Guard now fills a major role in future national crises. This policy by the Secretary of Defense insures that additional equipment, more modernized equipment and additional funds will be made available to the National Guard for the support of this increased national defense role. In keeping with this policy the Federal Government has furnished the following new items of major equipment during the period 1 July 1980 through 30 June 1981.

There were 516 full-time Federal employees paid from Federal funds as of 30 June 1981. Federal funds, during the period 1 July 1980 to 30 June 1981, expended in direct support of the Florida Army National Guard, totaled \$39,719,014.92. At the close of 30 June 1981, the value of Army equipment on hand in the State totaled \$121,313,216.92. This is an increase of nearly 2 million dollars from 1980 (Appendix VIII, breakout of expenditures of Federal funds).

INTER-SERVICE AGREEMENT

All Active and Reserve Forces, which include the National Guard, currently operate under a policy whereby one service may support another on a reimbursable basis. This policy reduces duplication of effort, gives a faster response to requirements and effects an overall savings to the Federal Government and ultimately to the taxpayer. The Florida National Guard receives supplies and services from the active installations throughout the State of Florida, and we are thereby able to support our troops in a better manner at a cost savings to the Government. Conversely, the Florida National Guard supports the active and other reserve forces by furnishing supplies and services on a reimbursable basis.

MAINTENANCE OF FEDERAL PROPERTY (SURFACE)

The program providing technical guidance and expected quality standards for maintenance of Federal Property (Surface), assigned to Florida Army National Guard units, is published in Florida National Guard Circular 750-1, Maintenance of Supplies and Equipment - Maintenance Support Plan. The program is administered under the supervision of the State Maintenance Officer through thirteen Organizational Maintenance Shops (OMS), one Combined Support Maintenance Shop (CSMS), and one Mobilization and Training Equipment Site (MATES).

Responsibility for maintenance is assigned at the lowest echelon possible. Unit organizational maintenance capabilities are utilized to the maximum and are augmented by the Organizational Maintenance Shops. Support maintenance, that echelon of maintenance requiring a higher level of expertise, tools and test equipment than found at organizational maintenance, is accomplished by three Direct Support

Maintenance Companies during Inactive Duty and Annual Training. These companies are augmented by the Combined Support Maintenance Shop and the Mobilization and Training Equipment Site. The thirteen Organizational Maintenance Shops, Combined Support Maintenance Shop and Mobilization and Training Equipment Site are staffed with 175 highly skilled National Guard Technicians.

During the past year, two Organizational Maintenance Shops in the Jacksonville area were combined into one activity to provide a more efficient use of personnel and facilities, to enhance organizational effectiveness and economize the maintenance program.

The participation of selected maintenance technicians in Mobilization Exercises has sharpened the maintenance support and deployment capability to improve our position for potential State and Federal emergency requirements.

In addition to maintaining over 26,000 pieces of Federal equipment, and conducting specialized training in repair of the TOW/DRAGON Missile Systems and COMSEC (Communication Security Equipment), the Maintenance Division hosted several schools for maintenance personnel from Florida, as well as other States, on new equipment received in the Army National Guard inventory.

ARMY AVIATION

Mission: Federal or State. To provide units organized, equipped, and trained to function efficiently at existing strength in the protection of life and property and the preservation of peace, order, and public safety under competent orders of Federal or State authorities. **Federal:** To provide trained units and qualified individuals available for active duty in time of war or national emergency in support of the Army's war plans and at such other times as the national security may require augmentation of the Active Forces.

The Army Aviation Support Facility Command (AASFC) located at Craig Airport, Jacksonville, Florida, is responsible to the Adjutant General for the supervision of assigned aviation units training, individual aviator/crewmember training, administration and logistics. In order to accomplish the desired level of training and proficiency, the AASFC employs 66 technicians in various positions within the command structure. Three of these individuals are employed under the Conversion to Full Time Manning (CFTM) program and two are employed under the new Active Guard/Reserve (AGR) program.

Florida Army National Guard aviation elements continue to operate under the September 1978 reorganization structure with three major aviation elements and the Air Traffic Control Platoon added in March of 1979. These units are: Aviation Section, 53d Infantry Brigade (Sep); Company C, 26th Aviation Battalion (Combat Support); Company D, 26th Aviation Battalion (Attack Helicopter); and the 11th Air Traffic Control Platoon (Forward).

Florida's Attack Helicopter Company Trains With Cobra

Aviation assets assigned and supported by the Army Aviation Support Facility, Craig Field, Jacksonville are: 29 UH-1H's, 16 UH-1M's, 22 OH 58's, 1 TH-1G, and 1 U-8F. Florida has been expecting to receive the AH-1S Cobra to replace some of the 16 non-deployable UH-1M's.

Operations and Training

The operations and training section of the AASFC is staffed by an Operations Officer, Aviation Safety Officer, four Flight Instructors, two Flight Operations Specialists and two Flight Engineers. The operations and training section is responsible for scheduling and conducting all phases of individual aviator training and for coordinating and scheduling all aviation mission support required by ground elements throughout the state.

Formal courses of instruction (unit schools approved and funded by the National Guard Bureau) are conducted during the fiscal year by the operations and training section which provide for aircraft refresher/qualification training, instrument flight qualification and Nap-of-the-Earth (Terrain Flight) qualification for the assigned aviators. During the next fiscal year a new training program Night Hawk/Night Vision Goggles, will be started which requires assigned aviators to be trained to fly their aircraft at terrain flight altitudes during the hours of darkness utilizing the specially designed night vision goggles and existing ambient light.

National Guard aviators are required to meet the same training requirements and performance standards as the Active Army aviator. These requirements are accomplished during the year at weekend Multiple Unit Training Assemblies (MUTA's), Additional Flight Training Periods (AFTP's) conducted during the weekday evenings by the AASFC, Annual Training periods (AT), and during the training year in the 2B24 Synthetic Flight Training Simulator (SFTS) located at Hunter Army Airfield, Savannah, Georgia.

Camp Blanding, Florida AT-81*

Annual Training for all aviation units was conducted at Camp Blanding during periods 21 March - 4 April 1981 and 25 April - 9 May 1981 under a simulated high threat environment. A high state of unit readiness was achieved, as reflected by ratings received from Active Army Evaluator Teams, during these periods. A portion of one of the aviation elements, HHC (P) 53d Inf Bde performed AT in Panama while providing aviation support for the 1/124 Inf Bn. Army aviation also supported two additional Annual Training periods during the year: 227th Field Artillery Brigade conducted at Fort Stewart, GA; and the 3 Bn 20th Special Forces Group conducted at Fort McClellan, AL.

Florida Army National Guard aviation elements also supported the State mission during the fiscal year by providing aviation support to the State Forestry Department during the numerous forest fires throughout the state. State Active Duty mission flown were:

- 18 - 22 March 1981, Jacksonville area
- 21 - 23 May 1981, Jacksonville area
- 26 - 27 May 1981, Deland/Daytona area
- 5 - 12 June 1981, New Smyrna area
- 18 - 19 June 1981, Cross City area

A high state of operational readiness is maintained throughout the aviation units by skilled crewmembers and support personnel. Total combined aviator flying hours is 282,906, averaging 2,418 hours per aviator; total combined combat flying hours is 71,370, averaging 610 hours.

Mission ready aircraft were available and utilized to accomplish the 1981 fiscal year flying hour program as follows: UH-1: 6,477 hours; OH-58: 2,129 hours; AH-1: 220 hours; U-8: 242 hours; total program: 9,068 hours.

The Army Aviation Maintenance Shop is tasked with providing aviation unit maintenance (AVUM) for the 68 aircraft assigned to aviation units, and aviation intermediate maintenance (AVIM) to the 11th Air Traffic Control Platoon, Florida Army National Guard.

Federally funded technicians and two full-time training duty personnel are presently employed in direct support of the maintenance program on a daily basis. During fiscal year 1981, the Army Aviation Maintenance Shop maintained an operational readiness rate in the high 80 percentile range while providing over 500 manhours in aviation maintenance support to active and reserve component units training at Camp Blanding.

A Florida Army National Guard Helicopter Ready to Receive a Neonatal Patient for Emergency Medical Evacuation

Community Relations and Civil Assistance

Army Aviation units regularly participate in community programs, and the AASFC continues to provide an excellent attraction for local school groups on educational field trips. In January 1980, the Army Aviation Support Facility started providing Emergency Medical Evacuation capability to local hospitals for the emergency transport of neonatal patients from outlying hospitals to Jacksonville. To date the AASFC has accomplished 40 missions of this nature. These and other humanitarian efforts are published throughout the community and have resulted in improved public relations and awareness of the Florida Army National Guard.

AIR NATIONAL GUARD

The Florida Air National Guard consists of the Headquarters, Florida Air National Guard, located at the State Arsenal, St. Augustine, Florida, and an Air Defense Group, located at the ANG installation at Jacksonville International Airport, Jacksonville, Florida. The Air National Guard of Florida has an authorization of 110 officers, with 98 assigned and 827 airmen, with 899 assigned, which is a manning level of 89% officers and 109% airmen and one of the highest levels nationwide. The 125th Fighter Interceptor Group has seven subordinate units: 125th Consolidated Aircraft Maintenance Squadron, 125th Combat Support Squadron, 125th Resource Management Squadron, 125th Civil Engineering Flight, 125th Security Police Flight, 125th USAF Clinic and the 159th Fighter Interceptor Squadron.

The Group is equipped with fourteen F-106A and two F-106B fighter interceptor aircraft. The F-106A is manned by a single aircrew, the pilot. The F-106B is a two-seat, trainer model. The unit also possesses four T-33 aircraft, two-seat trainers, and a C-131 Transport.

AWARDS

The 125th Security Police Flight was selected as the Outstanding TAC-Gained Air National Guard Security Police Unit for Calendar Year 1980.

The Chief of Security Police, Captain Eddie L. Hill, was selected as the Outstanding Air Reserve Forces Security Police Officer.

DECORATIONS

Three members were awarded the Air Force Commendation Medal. Two members were awarded the Legion of Merit.

INSPECTIONS AND DEPLOYMENTS

A Management Effectiveness Inspection of the 125th Fighter Interceptor Group was conducted from 1 - 6 August 1980, by the ADTAC Inspector General. The overall rating for the Group was Excellent. During the period 4 - 6 February 1981, ADTAC inspectors conducted a formal Standardization/Evaluation Visit to the unit. The Stan/Eval Program was rated Outstanding and aircrew performance was rated Excellent. During the period 5 - 8 March 1981, a Reserve Forces Health Services Management Inspection of the 125th USAF Clinic was conducted. The overall rating was Satisfactory. Headquarters, Air Force Inspection and Safety Center conducted an inspection of the Air Reserve Forces aircraft during the period 16 - 17 March 1981. The overall rating was Satisfactory. A Staff Assistance Visit of the Group was conducted by the 20th Air Division Headquarters, during the period 9 - 12 April 1981. Major areas of the base were evaluated toward mission accomplishment. Overall ratings were Satisfactory.

During the period 10 - 24 January 1981, elements of the Group deployed to Tyndall AFB, Florida, for the Annual Combat Pike Weapons Deployment Exercise.

Three unit F-106A aircraft participated in Giant Voice '80, during the period 9 - 13 November 1980. Giant Voice is the Strategic Air Command Bombing Competition and was held at Colorado Springs, Colorado. Intercepts by our aircraft were conducted against American and British bombers at altitudes as low as three hundred feet. The unit C-131 aircraft was used for mission support.

OPERATIONS

The Operations Dispatch Center (ODC) maintains command and control over the daily training mission under the Tactical Air Command and the five-minute alert mission under the direction of the North American Air Defense Command. The ODC implements all inputs from higher headquarters and is also a backup command post for State Headquarters in time of State or National emergencies. Numerous active air scrambles were flown in support of NORAD air sovereignty missions. Twice during this period, the intruders were identified as Russian TU-95 Bear aircraft. In addition to the active air scrambles, monthly no-notice evaluations of the alert force air sovereignty mission are conducted by NORAD. The unit

participated in seventeen Air Defense exercises in support of the active forces. These monthly exercises place real-world commitments on unit mission accomplishment in a timely and realistic manner. In addition, radar and radio equipment verification (PACE) flights are flown every other week in support of the 20th NORAD Region.

The unit flew a total of 2,748 sorties and accumulated 4,790 hours of flying time in the F-106A/B. A total of 601 flying hours were accumulated in the unit T-33 aircraft and a total of 332 flying hours in the unit C-131 aircraft during this period. There were no incidents or accidents.

MAINTENANCE

During the past fiscal year, the Florida Air National Guard has continued to provide and maintain some of the finest aircraft in the fleet. Despite manpower reductions and higher operating costs we are able to sustain our high state of readiness.

The information listed below is for the aircraft possessed by the 125th Fighter Interceptor Group.

RESOURCE MANAGEMENT

Federal Funds and Equipment

The Assistant USP&FO for Air (Property), during this reporting period, continued to provide effective support for all 125th Fighter Interceptor Group units. The average warehouse inventory managed by Base Supply was 10,300 line items valued at \$1,870,568. Through computer accounting, Supply recorded an average of 18,789 transactions per month. Equipment in use by all organizations of the Group is valued at \$10,955,215. With this amount of supplies and equipment, Supply has consistently maintained an inventory accuracy of 98% for the year.

Approximately \$26,583. was paid to local transportation companies for the movement of material from Jacksonville to various points in the United States. Service agreements and local contracts with other activities in the Florida Air National Guard are valued at \$353,676. These Federal funds paid to Florida business concerns represents an industry of considerable value to the State of Florida.

ACCOUNTING & FINANCE

During this reporting period, the Assistant USP&FO for Air (Fiscal) and his staff continued to manage all funds in a professional manner while providing efficient and effective customer service to all members of the 125th Fighter Interceptor Group. This section underwent a Management Evaluation Inspection and was rated an overall Excellent. An obligation rate of 99.9 percent was maintained for all allocated funds. The selection of this unit as a test base for the Air Force Worldwide Aviation Fuels Management Accounting System (AMAS) proved very beneficial to both this unit and the Air Force.

DATA PROCESSING

Work continued during the past year to replace outmoded equipment located in the Consolidated Base Personnel Office with new terminal equipment - (Cathode Ray Tube and Printer). The request is now undergoing final evaluation by the Air Force Data Systems Design Center at Gunter AFB, AL.

New terminal equipment has been ordered for use in implementing the Comprehensive Engine Management System, Increment III. This system is due to be implemented in May of 1982. Work

continues toward selection of the Phase IV computer to replace the U1050 and B3500 computers presently in use. The two vendors selected for the Computer "shoot out" are Burroughs (using their B5900 ADP System) and Sperry UNIVAC (using their 1100/60 ADP System). The final Production Buy Decision is scheduled for February 1983.

MEDICAL SERVICES

The 125th USAF Clinic continued to provide services in its two primary areas of operation; physical examinations and limited medical and dental care. In the process of providing these services, the following workload was accomplished: Patient visits - 1,313; Lab procedures - 1,266; Physical exams - 460; Dental visits - 401; Electrocardiograms - 367; X-Rays - 154; Immunizations - 1,076; Aircraft Crash/Rescue Alerts - 23.

The unit was deployed to Moody Air Force Base, Georgia, during April where 5 officers and 18 airmen performed a very successful tour of annual training.

The unit successfully underwent a Health Services Management Inspection in March and was rated as being capable of performing its mission. In November, SMS Duane G. Bunk was recognized as the Outstanding Air National Guard Medical Technician by the Surgeon General, National Guard Bureau.

ADMINISTRATION

Administrative management within the unit has remained stable during this period. Tactical Air Command (TAC) publications, forms and other directives have been received and those made applicable by the National Guard Bureau have been implemented. Each office has thoroughly reviewed their publications requirements since the change in our gaining command and all necessary directives are on hand. The unit underwent a Management Effectiveness Inspection by TAC during August 1980, and a Staff Assistance Visit by the 20th Air Division in May 1981. In both instances, the overall administrative programs were found to be satisfactory and soundly managed with no answerable replies required. This functional area has provided the necessary support in both initial and revisions of the several base operational plans required by our new gaining command. The areas of Documentation Management, Publishing, Mail, and Reproduction are stressed in the training of assigned members.

PERSONNEL

Closing the prior reporting period with an overall Group strength of 104% and closing this reporting period with an overall Group strength of 108% kept the Florida Air National Guard as one of the top four Air National Guard unit leaders in maintaining strength.

The Air National Guard Enlisted Incentive Program (Enlistment/Reenlistment Bonus) maintained a more stable status during the year as a result of adequate funding. The program was expanded and now offers an Affiliation Bonus and a Student Loan Repayment Bonus in addition to Enlistment/Reenlistment Bonuses.

In spite of the increased enlistment benefits and bonus programs, it will be difficult to maintain such high strength levels during the coming year as the National Guard Bureau implemented enlistment restrictions on both prior and non-prior service personnel. The restriction allows such enlistments only if there is less than 100% manning in the intended assignment. This restriction will require more emphasis to be placed on retention rather than recruiting. For the first time in the unit's history, we were authorized a full-time Retention NCO.

TRAINING

Florida Air Guardsmen continue to take advantage of the various professional, special and technical training opportunities offered by the Air Force and National Guard Bureau. Again, funding limitations had a bearing on the number of personnel who were able to attend one of the training courses, but the Florida Air National Guard received its fair share of those allocated by the National Guard Bureau. Personnel of this unit attended the following courses during the past year: Flying Training Courses - 7;

*Florida Air National Guard F-106's in a Tactical Ground Operation -
Refueling and Armament Reloading*

*AIM Missiles Being Loaded Onto a Florida Air National Guard F-106
by Florida's Champion Loading Team*

Technical Training Courses - 73; Academy of Military Science - 2; Noncommissioned Officers Academy (long course 5½ weeks) - 1; Noncommissioned Officers Academy Course I - 6; Noncommissioned Officers Academy Course II - 1; ANG Leadership Course I - 4; and, ANG Leadership Course II - 6.

Unit Training during this past year has continued at a very satisfactory pace. The heart of the Unit Training is On-The-Job Training (OJT). An average of 220 airmen were at some level of OJT throughout the reporting year. One hundred ninety-six trainees were upgraded to a higher skill level during the reporting period. Unit Training receives superb support at all levels of the organization. This is evidenced by the "EXCELLENT" rating received during this period on the OJT program from the ADTAC MEI Team.

Annual Training for the Florida Air Guard is conducted on the year-round basis at home station for the majority of unit personnel. Scheduling of training is handled in a practical and efficient manner with a limited number of Guardsmen on annual training at one time. This results in excellent manday utilization and a nearly one-on-one ratio of supervisor to worker situation for training purposes. Also, this is an excellent method for scheduling additional manpower during peak workloads. Exceptions to those units or sections performing annual training at home station were:

- a. The 125th Civil Engineering PRIME BEEF Team deployed to Camp Perry, OH, for annual training.
- b. A number of aircrew and support personnel deployed to Tyndall Air Force Base, FL, for another COMBAT PIKE exercise for testing of the weapons system.
- c. Members of the 125th Civil Engineering Fire Protection Section were deployed to Charleston Air Force Base, SC, and to England Air Force Base, LA, for their annual training.
- d. The majority of the 125th USAF Clinic personnel performed annual training at Moody Air Force Base, GA.

Participation in the Community College of the Air Force continued briskly during the period of this report. Four additional members of the Florida Air Guard completed Associate in Applied Science (AAS) degree requirements. Currently, ninety-three members are enrolled in a major program of this institution. Many of these are within just a few semester hours of completing degree requirements. In December 1980, CCAF was granted full accreditation by the Southern Association of Colleges and Schools Commission on Colleges (COC).

VEHICLE OPERATIONS AND MAINTENANCE

The Vehicle Maintenance Section performed both scheduled and unscheduled maintenance on 76 assigned vehicle assets. The vehicle out-of-commission (VOC) rate of 5.3% is well below the Air Force standard of 10%. The total registered fleet costs averaged \$10,263 per month, with an average extended parts cost per month of \$2,218.53. Vehicle Operations administered 87 vehicle operator tests with a passing rate of 92%. Vehicle ground fuel consumption was well below the established zero growth standards with a total reduced usage of 5.3%.

ADVISORS

ARMY

The mission of the office of the Senior Army Advisor is to provide advice and assistance to the units of the Florida Army National Guard in all aspects of mobilization, training, administration, supply and maintenance in order to assist the National Guard in accomplishing its mission. The Senior Army Advisor, Colonel Jackie E. Schmidt is the liaison officer between the Adjutant General and the Commander, U.S. Army Readiness and Mobilization Region IV, First U.S. Army.

The office of the Senior Army Advisor is located with Headquarters, Department of Military Affairs, St. Augustine. Four additional advisory detachments are collocated with the following major headquarters: 53rd Infantry Brigade (Separate) in Tampa; 53rd Signal Group in Tallahassee; 227th Field Artillery Brigade in Miami; and the Army Aviation Support Facility Command in Jacksonville. The authorized strength of the office of the Senior Army Advisor, including the advisor detachments, is six officers, five noncommissioned officers and one civilian. Technical assistance and training support are provided by the U.S. Army Readiness Group at Patrick Air Force Base. Readiness Group Patrick supports both Army National Guard and Army Reserve units in Florida and is staffed with 29 officers, one warrant officer, 25 enlisted, and 11 civilians.

AIR

The mission of the Air Force advisory personnel is to advise and assist the Air National Guard in achieving and maintaining the highest possible state of combat readiness.

The Senior Air Force Advisor, LTC Richard E. Henderson, is the liaison officer between the 125th Fighter Interceptor Group Commander and the 20th NORAD/ADTAC Region Director of Operations, Fort Lee Air Force Station, Virginia.

The Tactical Air Command is the gaining command of the Florida Air National Guard.

The Air Advisor's office is located at the 125th Fighter Interceptor Group Headquarters, Jacksonville International Airport, Jacksonville, Florida.

NATIONAL GUARD OFFICERS ASSOCIATION OF FLORIDA

The National Guard Officers Association of Florida has been in existence since 1902. It consists of all officers and warrant officers of the Florida Army and Air National Guard. The organization is run on a democratic basis, with the officers elected by the membership. Committee meetings are held periodically during the year, and a general conference is convened annually at some location within the State. The annual conferences consist of business sessions during the day with the social functions in the evening.

The purposes of the Association are to promote and improve adequate national security; to provide a medium by which all officers of the Florida National Guard may become better acquainted; to establish a foundation for promoting esprit de corps in the Florida National Guard; to promulgate and support legislation in furtherance of the best interests of the Florida National Guard; and, to maintain an Association complementing and in harmony with the National Guard Association of the United States.

A change to the constitutional bylaws was approved that adds a retired officer to the Executive Council to encourage retiree participation in the activities of the Association.

Retired Officers of the Florida National Guard in Attendance, National Guard Officers Association Conference, Jacksonville, Florida, March 1981

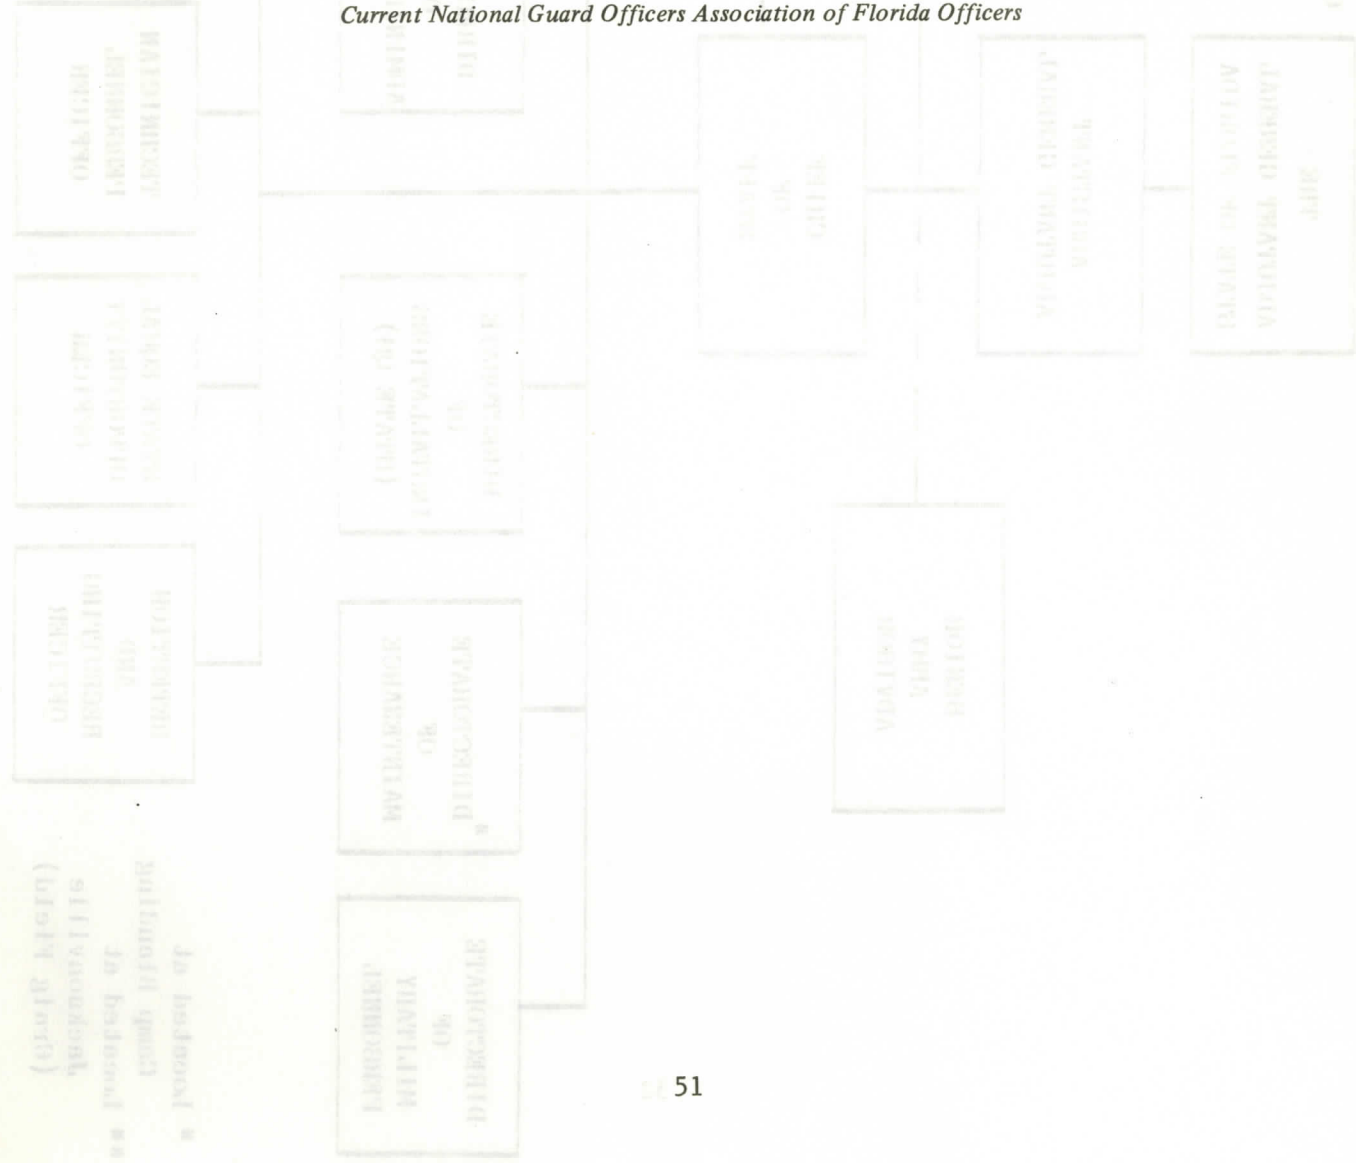

This Association has 100% membership of all active National Guard officers and warrant officers. Even though members attend the annual conferences at their own expense, attendance continues to average in excess of 50% at these conferences. The 79th Annual Conference was held at the Holiday Inn, City Center, Jacksonville, Florida, on 27-28 March 1981. The 80th Annual Conference is scheduled for the Sheraton Twin Towers, Orlando, Florida, on 26-27 March 1982.

Members of the Executive Council 1981 - 1982:

BRIGADIER GENERAL WILLIAM M. WHITTAKER, SR. - President
