

REPORT
OF THE
ADJUTANT GENERAL
OF THE
STATE OF FLORIDA
1983

ROBERT F. ENSSLIN, JR.

**MAJOR GENERAL,
THE ADJUTANT GENERAL**

STATE OF FLORIDA
DEPARTMENT OF MILITARY AFFAIRS
OFFICE OF THE ADJUTANT GENERAL

STATE ARSENAL, ST. AUGUSTINE
32084

17 October 1983

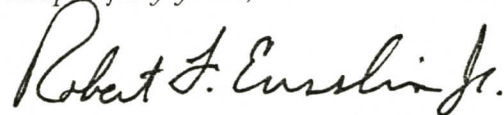

Honorable Bob Graham
Governor of Florida
Tallahassee, Florida 32304

Dear Governor Graham:

This report is submitted pursuant to the provisions of Chapter 250.10, Florida Statutes, and pertains to the administration of the Department of Military Affairs for the fiscal year 1 July 1982 - 30 June 1983.

The progress reflected in this report indicates the high level of readiness and efficiency maintained by the Florida National Guard in its endeavors to fulfill both the State and Federal missions. I believe that you, as Commander in Chief, can justifiably take pride, the same as I, in the achievements of the Florida National Guard.

Respectfully yours,

Robert F. Ensslin, Jr.
Major General
Florida Army National Guard
The Adjutant General

GOVERNORS OF FLORIDA

FIRST SPANISH PERIOD, 1565-1763

At St. Augustine

Pedro Menéndez de Avilés	1565-1574
Hernando de Miranda	1575-1577
Pedro Menéndez Marqués (Governor <i>ad interim</i>)	1577-1578
Pedro Menéndez Marqués	1578-1589
Gutierre de Miranda	1589-1592
Rodrigo de Junco (appointed governor, was drowned)	-1592
Domingo Martínez de Avandaño	1594-1595
Gonçalo Meñdez de Canço	1596-1603
Pedro de Ybarra	1603-1609
Juan Fernández de Olivera	1609-1612
Juan de Tribiño Guillamas	1613-1618
Juan de Salinas	1618-1623
Luis de Rojas y Borja	1624-1629
Andrés Rodríguez de Villegas	1630-1631
Luis Horruytiner	1633-1638
Damian de Vega Castro y Pardo	1639-1645
Benito Ruiz de Salaza Ballecilla (deposed in 1646, reinstated in 1647)	1645-1650
Nicolás Ponce de León (Governor <i>ad interim</i>)	
Pedro Bedit Horruytiner (Governor <i>ad interim</i>)	
Diego de Rebolledo	1655-1659
Alonso de Aranguiz y Cortés	1659-1663
Francisco de la Guerra y de la Vega	1664-1670
Manuel de Cendoya	1670-1673
Nicolás Ponce de León (Governor <i>ad interim</i>)	-1674
Pablo de Hita y Salazar	1675-1680
Juan Marqués Cabrera	1680-1687
Diego de Quiroga y Lozada	1687-1693
Laureano de Torres y Ayala	1693-1699
Joseph de Zúñiga y Cerda	1699-1706
Francisco de Córcoles y Martínez	1706-1716
Juan de Ayala Escobar (Governor <i>ad interim</i>)	1717-1718
Antonio de Benavides	1718-1734
Francisco del Moral Sánchez	1734-1737
Manuel Joseph de Justís (Governor <i>ad interim</i>)	-1737
Manuel de Montiano	1737-1749
Melchor de Navarette	1749-1752

GOVERNORS OF FLORIDA

FIRST SPANISH PERIOD—Continued

Fulgencio García de Solís (Governor <i>ad interim</i>)	1752-1755
Alonzo Fernández de Heredia	1755-1758
Lucas de Palazio	1758-1761
Melchor Feliu	1762-1763

ENGLISH PERIOD, 1763-1783

East Florida at St. Augustine

James Grant	1763-1770
John Moultrie (Lt. Governor)	1771-1774
Patrick Tonyn	1774-1783

West Florida at Pensacola

George Johnstone	1763-1767
Monforte Browne	1767-1769
John Eliot	1769-1769
Elias Durnford	1769-1770
Peter Chester	1770-1781

SECOND SPANISH PERIOD, 1783-1821

East Florida at St. Augustine

Manuel de Zéspedes	1783-1790
Juan Quesada	1790-1795
Bartolomé Morales, Acting Governor	-1795
Enrique White	1795-1811
Juan de Estrada	1811-1812
Sebastián Kindelan	1812-1815
Juan de Estrada, Acting Governor	1815-1816
José Coppinger	1816-1821

West Florida at Pensacola

Arturo O'Neill	1781-1793
Enrique White	1793-1795
Paula Gelabert	1795-1796
Juan Folch	1796-1811
Francisco St. Maxent	1811-1812
Mauricio de Zúñiga	1812-1813
Mateo González Manrique	1813-1815
José Masot	1816-1819
José Callava	1819-1821

GOVERNORS OF FLORIDA

Under the American Flag

TERRITORIAL GOVERNORS, 1821-45

Andrew Jackson	1821-1822	Robert Raymond Reid . . .	1839-1841
William P. Duval	1822-1834	Richard Keith Call	1841-1844
John H. Eaton	1834-1836	John Branch	1844-1845
Richard Keith Call	1836-1839		

STATE GOVERNORS SINCE 1845

William D. Moseley	1845-1849	Cary A. Hardee	1921-1925
Thomas Brown	1849-1853	John W. Martin	1925-1929
James E. Broome	1853-1857	Doyle F. Carlton	1929-1933
Madison Perry	1857-1861	David Sholtz	1933-1937
John Milton	1861-1865	Fred P. Cone	1937-1941
*A. K. Allison	-1865	Spessard L. Holland	1941-1945
William Marvin (Provisional)	1865-1866	Millard B. Caldwell	1945-1949
David Shelby Walker	1866-1868	Fuller Warren	1949-1953
Harrison Reed	1868-1873	**Dan McCarty	1953
Ossian B. Hart	1873-1874	Charlie E. Johns (Acting)	1953-1955
Marcellus L. Stearns	1874-1877	LeRoy Collins	1955-1961
George F. Drew	1877-1881	Farris Bryant	1961-1965
William D. Bloxham	1881-1885	Haydon Burns	1965-1967
Edward A. Perry	1885-1889	Claude R. Kirk, Jr	1967-1971
Francis P. Fleming	1889-1893	Reubin O'D. Askew	1971-1979
Henry L. Mitchell	1893-1897	Bob Graham	1979-
William D. Bloxham	1897-1901		
William Sherman Jennings .	1901-1905		
Napoleon B. Broward	1905-1909		
Albert W. Gilchrist	1909-1913		
Park Trammell	1913-1917		
Sidney J. Catts	1917-1921		

*Not recognized by the Federal Government

**Died in Office

Capital 1822, Pensacola; 1823, St. Augustine;
1824, Tallahassee

DEPARTMENT OF MILITARY AFFAIRS

INTRODUCTION

The State of Florida Department of Military Affairs, is a State Agency, created by Chapter 250, Florida Statutes and composed of the military force provided for in the laws of the State of Florida. The Florida National Guard is provided for by Section 2, Article X of the Constitution and Chapter 250.08 of the Florida Statutes. The National Guard of the United States is provided for by Title 32, U.S. Code.

The Governor is Commander in Chief of the Florida National Guard. The Adjutant General is Chief of the Department of Military Affairs and Commanding General of the Florida Army and Air National Guard. There is an Assistant Adjutant General, an Assistant Adjutant General for Air, and a Directorate staff organization in the Headquarters, (Appendix I, Organization Chart).

Governor Graham accomplishing one of his "work days" flying with the Florida Air National Guard, Maj Gen Robert F. Ensslin, Jr., chats with the Governor on cockpit procedure

The troop structure of the Florida National Guard is composed of the Florida Army National Guard and Florida Air National Guard. The Army National Guard consists of the State Headquarters (State Area Command) with its attached support type units; an Infantry Brigade (Separate); and nondivisional units grouped under a Troop Command Headquarters, FLARNG, and an Army Aviation Support Facility, (Appendix III, Organization - Florida Army National Guard). The Florida Air National Guard consists of the Headquarters Florida Air National Guard; the 125th Fighter Group, (Appendix IV, Organization - Florida Air National Guard).

MISSION

As provided for under the provisions of the National Defense Act, units of the Florida National Guard, both Army and Air, have a dual mission.

(1) A State mission, to provide military organizations trained and equipped to function when necessary in the protection of life and property, and in the preservation of peace, order and the public safety, as directed by competent State Authority; and,

A Florida National Guardsman prepares for a Multiple Integrated Lazer Engagement System (MILES) training exercise

(2) A Federal mission, as Reserve Components of the Army and Air Force of the United States, to provide trained and qualified individuals available for Federal Service in time of war or national emergency, or at such other times as the national security may require augmentation of the United States Armed Forces.

F-106's of Florida Air National Guard on ramp

The Florida Air National Guard, in addition to their State and Federal mission, has an air sovereignty mission for the eastern seaboard of the United States. Mission involves the maintenance of F-106 fighters and crew on a twenty-four hour alert status, armed and ready for immediate commitment to intercept unidentified aircraft in or approaching the airspace of the United States.

The State Adjutant General and his Headquarters has an additional Federal mission to direct and coordinate the preattack planning and postattack operations of all military forces (Army, Navy, Air Force) made available within the State, to support civil authorities engaged in providing for survival of people and continuity of government in a nuclear environment.

SUMMARY

A total of thirty Army National Guard units were reorganized. These units were reorganized as a result of the Department of Army implementing minor changes to equipment and personnel.

In addition to the reorganized units, two Army National Guard units were effected as a result of the Total Army Analysis (TAA). A detailed discussion of these actions may be found in the paragraph titled ORGANIZATION.

Annual Training of Army National Guard units was directed toward their CAPSTONE (Wartime Gaining Command) missions. In order to accomplish this ambitious, but essential training program, units were required to train at the following locations in order to join senior and subordinate CAPSTONE units from throughout the United States:

Camp Shelby, Mississippi; Forts Gordon, Stewart and Benning, Georgia; Fort Bliss and Red River Army Depot, Texas; Aberdeen Proving Ground, Maryland; Redstone Arsenal and Fort McClellan, Alabama; Fort Campbell, Kentucky; Fort Bragg, North Carolina; Tobyhanna Army Depot, Pennsylvania; Dugway Proving Ground, Utah; Forts Pickett, A.P. Hill and Lee, Virginia; in addition to Camp Blanding, Florida.

*Members of the 708th Maintenance Company
Quincy, trained under unusual conditions
during AT-83. Snow in Pennsylvania
was a new experience for many
Florida Guardsmen*

In addition, Florida sent four unit cells to Europe for in-country orientation and planning tours with their CAPSTONE headquarters. All units, evaluated during Annual Training, met the training requirements and standards prescribed by FORSCOM and First U.S. Army.

During fiscal year 1983, the Florida Army National Guard reflected a net loss of 120 personnel. As of 30 June 1983, Florida's strength of 9,927 assigned personnel reflects a fill of 94.5%, ranking Florida number 26 of all states in percentage of assigned strength as compared to authorized strength. During the coming year it is expected that Florida will grow both in additional authorized units and assigned personnel.

The 125th Fighter Interceptor Group continues to maintain its high level of combat readiness. This statement has been documented several times during the past year by USAF Inspection Teams. The Group is presently maintaining a personnel strength level of 101%.

ORGANIZATION

The force structure of the Florida Army National Guard had two major changes and thirty minor changes.

The major changes included the organization of the 653rd Service Company (TMDE), Perry and the consolidation, reorganization and redesignation of Headquarters and Headquarters Detachment FLARNG and Troop Command Headquarters became the State Area Command (STARC) Headquarters (-), St. Augustine and Detachment 1 (Troop Command Headquarters), STARC, Jacksonville.

EMPLOYEES

There are 1,195 individuals, civilian and military, employed by or assigned to the Department of Military Affairs. These employees work either directly with the Headquarters, Department of Military Affairs or with National Guard units in the field, supporting approximately 10,000 Florida National Guard personnel. (Appendix II, Employee Allocation, Department of Military Affairs). There are 158 Career Service personnel of the State of Florida, employed under the State Personnel rules and regulations, 1,037 Federal technicians, authorized for employment under the rules and regulations of the U.S. Civil Service Commission by Public Law 90-486, and 11 active duty personnel assigned as Army and Air Force Advisors to the Florida National Guard. These employees are specialists in the field of administration, finance, accounting, supply and maintenance. With the exception of a limited number of employees, personnel are required to be military members of the various organizations and units to which assigned. (Fiscal Data, Appendices VII and VIII).

ARMORY BOARD, STATE OF FLORIDA

The Armory Board, State of Florida, established as provided by Section 250.40, Florida Statutes, and comprised of the Governor, the Adjutant General, the State Quartermaster, the General Officers of the Line, Group Commanders, and the Senior Air Commander of the active Florida National Guard, provides general supervision and control of real properties utilized by the Florida National Guard. The Armory Board is responsible for and controls forest management, mineral removal, game and fish propagation programs and the maintenance and improvement of the former Federal lands at Camp Blanding, with the approval of the U.S. Government.

A detail of the organization of the Armory Board is shown in Appendix V).

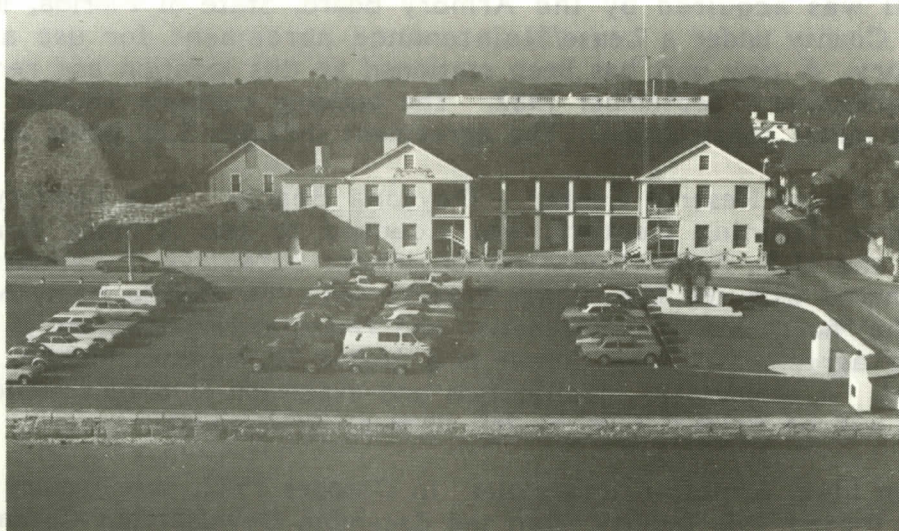

The National Guard, as a joint effort of Federal, State and local Governments, has taken its place as a major component in the defense of our National, State and local communities through this mutual support. The Armory Board reemphasized its policy, during the year, that National Guard armories be utilized by the citizenry of the community, to the fullest extent possible, where such use is not to the detriment of public interest and does not interfere with the primary use of armories for the housing and training of military units stationed therein. The Armory Board cooperated with other armed services, State agencies and organizations by providing facilities at Camp Blanding for use in training, rifle marksmanship and instruction.

FACILITIES

State Arsenal

The State Arsenal is one of the older and more historic buildings in St. Augustine. It houses Headquarters for the Department of Military Affairs and the Florida National Guard. This four hundred year old facility was formerly the site of a Franciscan Monastery constructed in 1588. It was converted to a military barracks by the British in 1763; from 1783 to 1821 it was a Spanish garrison; and from 1821 to 1900, it served as a U.S. Army Post. In 1907, the Headquarters of the Department of Military Affairs and the Florida National Guard was established here. Normal repairs and maintenance are performed in such a manner as to preserve the historic features of the facilities; insofar as is feasible.

When the main building was gutted by fire in December 1915, the original walls were unharmed and the building lay in dismal ruin until 1921, when Congress passed an act donating St. Francis Barracks to the State of Florida for military purposes. The State Legislature appropriated funds to restore the building, modeling it after the lines of the former structure. For four centuries, St. Francis Barracks (State Arsenal) has been a religious and military outpost.

The home of the Headquarters for the Florida National Guard is the State Arsenal in St. Augustine

Armories/Construction

There are fifty-six (56) National Guard armory installations, strategically located throughout the State, from Pensacola on the west, to Jacksonville on the northeast, to Fort Myers and Homestead on the south. (Locations and valuations are reflected in Appendix VI).

During FY 82-83 the major roof replacement program that started in FY 81-82 was continued with an appropriation of \$2,200,000 for "Roof Replacements and Miscellaneous Renovations." Currently, a total of sixteen (16) National Guard Armory facilities, State-wide, are under design or construction at the following locations: Bartow, Bonifay, Cocoa, DeFuniak Springs, Ft. Lauderdale, Ft. Pierce, Haines City, Homestead, Jacksonville-Cedar Hills, Jacksonville-Craig Field, Lake Wales, North Miami, Palmetto, Panama City, St. Augustine and Tampa.

300-Person Armory and Post Headquarters Building - Camp Blanding: Construction of this facility began during 1982. It is anticipated that construction will be completed in February 1984. The facility which will house seven (7) units and detachments, along with the Post Headquarters operation, will include 35,441 SF and is estimated to cost \$1,720,000. It is planned that this armory will provide an excellent facility for Annual Training conferences, officer's calls, post theatre and related functions during the year.

150-Person Armory - Ocala: This project is approximately 95% designed. This facility is being designed to house two (2) National Guard units and will consist of approximately 22,000 SF and is estimated to cost approximately \$1,400,000. This facility is scheduled for construction in Fiscal Year 1984.

Citrus County Armory- Crystal River: For the first time in twenty years, a new Armory and unit was organized at Crystal River, Florida, during 1982. This site consists of three mobile homes and a 2,600 SF concrete masonry unit storage building. These facilities, which will provide temporary housing until an armory can be programmed for the future, were provided by Citrus County.

Forest Capital Armory - Perry: This facility, formerly known as the Forest Capital Hall was acquired by the Armory Board, State of Florida, in August 1982 from Taylor County under a Lease/Maintenance agreement for use as a National Guard Armory. A new unit has been stationed at this location and received Federal recognition effective 1 September 1982. The building contains 18,000 SF and is of concrete and metal construction. The agreement includes 5.18 acres of land.

Armed Forces Reserve Center - Daytona Beach: This facility (formerly a Naval Reserve Training Center), was licensed to the Armory Board, State of Florida, by the U.S. Army Corps of Engineers effective 1 January 1983. The facility is shared with the U.S. Army Reserve with the Florida Army National Guard serving as the "host" activity. Operation and financial responsibility is controlled by a "joint use agreement." The Center is a 23,980 SF masonry building situated on 4 acres of land. A project for modification and expansion is programmed for FY 84. This project will be funded 100% by the Federal government.

Ellyson Field Armory - Pensacola: In October 1982, the Armory Board, State of Florida, leased this facility from the Escambia Development Commission for use as a second National Guard Armory in the Pensacola area. The building is a two-story masonry structure of 8,900 SF situated on 3.21 acres of land. It was constructed in 1941 and served as the Operations Building for Ellyson Air Field

(Navy) until the base was closed in 1979. A project of minor alterations and repair is underway and the facility is partially occupied and in use by Pensacola National Guard units. The Escambia Development Commission has agreed to make an additional 15 acres of land available for future National Guard Armory/OMS construction.

Non-Armory Construction

Army Aviation Support Facility Expansion - Jacksonville: Construction of this project began in November 1982, with completion anticipated during October 1983. Design of this project included doubling the size of the existing hangar, a new operations building, aircraft fuel storage/dispensing facility, additional runways and aircraft parking aprons. Cost of this project is estimated at \$1,819,000 with 99% Federal funding support.

United States Property and Fiscal Office - St. Augustine: Construction of this facility began during September 1982 with anticipated completion around September 1983. This new facility is located near the Arsenal Complex in St. Augustine. It consists of approximately 12,406 SF and cost approximately \$584,000 with 95% Federal funding support.

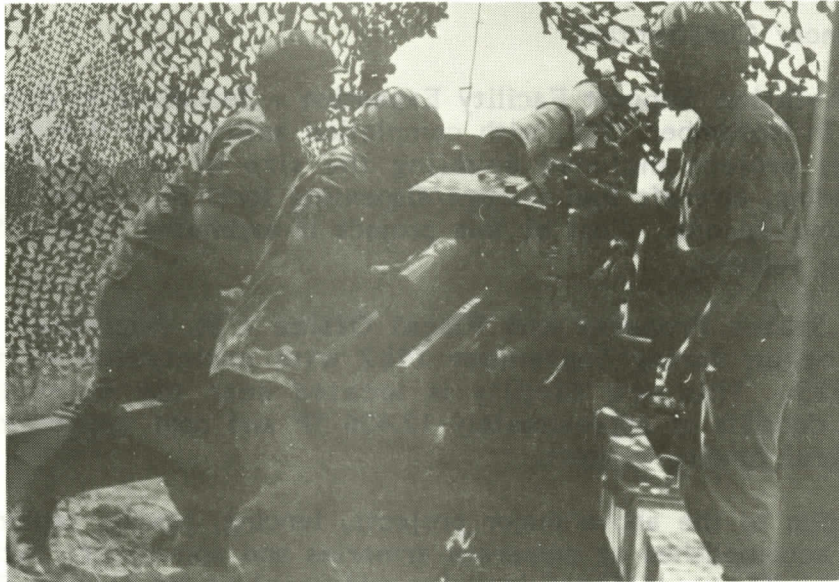

In addition to the above major projects, fencing, paving, repair and renovation projects were accomplished at numerous armories and non-armory facilities throughout the State. These projects included additional vaults at both Panama City and Pensacola armories; fencing a compound at Avon Park Bombing Range; expanding the fenced in area at Miami armory; installation of chain link fence at Citrus County armory site; resurfacing roads at Camp Blanding; replacing the chain link fence at Tampa armory; the complete replacement of the Lakeland armory roof which included renovation of the interior to correct water damage and the installation of a new roof on the Sanford armory which also included renovation of the interior caused by water damage as the result of a tornado.

The Florida Air National Guard Base, located at the Jacksonville International Airport, is the home of the Florida Air National Guard. The 158-acre complex consists of 27 buildings containing 328,100 square feet of floor space and over 132,300 square yards of pavement for a gross asset value of more than 6 million dollars. Plans for expansion of 162 acres more to accommodate a new fuel cell maintenance hangar are underway. This past year, State funds amounting to approximately \$1,188,654.00 were expended for the operation, maintenance, repair and new construction at this installation. A major portion of the funds were used for construction of the meeting and teaching space at headquarters, the AGE fuel tank and ready line, and the missile tractor storage facility. This complex consists of buildings which can easily be expanded. An addition to the operations building, will take advantage of this expansion. An entire 110 foot section of exterior wall will be moved and an addition of 19,612 square feet will be constructed to accommodate security police, operations, and the telecommunication center. The base also has an independent emergency water supply, vehicle parking area, a 78,201 square foot aircraft maintenance hangar, a base operations building, consolidated maintenance facility, a 260-person dining hall and medical clinic. The facilities were designed to incorporate functional management for nearly any mission.

Ranges

National Guard Firing Ranges at Camp Blanding and Avon Park were continued in use during the year. These ranges were used, not only by the Florida

National Guard, but also by the regular and reserve forces. Considerable improvements were accomplished on the ranges at Camp Blanding. Several new ranges were added and more additions and major improvements are programmed in FY 84.

Artillerymen of 2/116 Field Artillery Battalion prepare for a "fire mission" at the Camp Blanding Artillery Range

In April 83 construction was started on three earthen Artillery Observation Mounds at Camp Blanding to support the Field Artillery Range. This project required moving an estimated 290,000 cubic yards of fill to construct three mountain type hills one each at 60 feet, 50 feet, and 40 feet in height with a minimum top dimension of 30 feet. This project allowed a total of 96 work days, and was actually completed in 35 work days. This project was supported with \$172,124 Federal funds.

CAMP BLANDING

General

The Armory Board maintains the Florida National Guard's 70,380 acre campsite located in Clay County. Included in this area are 40,000 acres, representing former Federal lands, deeded to the Armory Board by the Federal Government through Public Law 493, with stipulations that all the lands be maintained as a military reservation and that a Forest Management Program be conducted. The Armory Board realizes revenue from the forestry program and, also, from mineral removal occurring on these former Federal lands, all of which is utilized to defray operating expenses.

Utilization

The Camp Blanding Military Reservation is utilized extensively by units of the the Florida National Guard in all phases of training, to include weekend Multiple Unit Training Assemblies (MUTA) and Annual Training (AT). During fiscal year, the facilities were utilized some 49,122 man-days for Army National Guard MUTA's with an additional 118 being devoted to conduct of small arms competitive matches,

sponsored by the National Guard and by Camp Blanding Rifle and Pistol Clubs. Man-days totaling 70,143 were devoted to AT exercises for elements of the Army National Guard of Florida, with an additional 56,386 man-days devoted to AT by elements of other states' National Guard. Another 238 man-days were devoted to Federal Government organizations, while 2,600 man-days were devoted to State and local agencies.

*Rappelling instruction for
Florida Guard personnel
on the Camp Blanding
34-foot tower*

The Camp Blanding Military Reservation is noted for its fine facilities and training areas conducive to the conduct of command post exercises, logistical exercises, specialized training and training conferences, as well as for its recently renovated and modernized firing ranges, which include 7.62MM, .30 and .45 Caliber small arms ranges, machine gun, rocket launcher, recoilless rifle, 81MM and 4.2" mortar ranges, subcaliber tank ranges, a TOW/Dragon tracking range, an aviation air assault range, a demolitions and explosives range, Tank Table VI (Main Gun) Range, MK19 40MM Machine Gun Range, and an antiaircraft artillery range. There are now 22 platoon and company size live fire ranges for infantry training with a new Battalion Size Defense Range planned and scheduled for completion prior to AT-84. Plans are currently being developed for the construction of tactical firing positions for the Air Defense Artillery Units. Artillery ranges with 34 gun positions and 3 observation posts are now available. Additional artillery firing positions for 155MM and 8" artillery weapons are being developed and are scheduled for completion by AT-84. A Track Vehicle Trail, approximately 50 miles in length, has been planned and is currently being constructed with a scheduled completion date prior to AT-84. Camp Blanding is the home of the Florida National Guard Military Academy, consisting of the Officer Candidate School, the basic source of newly commissioned second lieutenants required for filling junior officer vacancies and the Non-Commissioned Officer Academy which provides advanced leadership training for non-commissioned officers of the Florida Army National Guard. The camp is the home training site of the Special Forces elements of the Florida Army National Guard, with its fine jungle type training areas, drop zone and rappelling tower facility. Of utmost importance, is the Camp Blanding Army Airfield and its excellent service facilities, which are used extensively by Army Aviation units throughout the training year.

Warehouse storage facilities continue to be occupied by the Directorate of Supply and Services (USPFO) for receipt, storage and issue of Federal property and supplies, which are utilized by the units of the Florida National Guard. The Florida National Guard Combined Support Maintenance Shop (CSMS) continued to perform its

important mission of maintenance of Federal equipment in support of units throughout the State. The Mobilization and Training Equipment Site (MATES) facility, adjacent to the CSMS, maintains vehicles and weapons used by units in training at Camp Blanding. Equipment consists of self-propelled, tracked, twin 40MM guns, various types of engineer heavy equipment, infantry recoilless rifles, mortars and wheeled vehicles.

The regular establishment, Army, Navy, Air Force and Marine Corps, as well as elements of their respective reserve forces, continue to utilize training areas and small arms ranges at Camp Blanding as part of their yearly programs. A total of 39,441 man-days were spent in training exercises by such elements during the year.

The U.S. Atlantic Fleet, Fleet Air, Naval Air Station, Jacksonville, continues to maintain its leased portion of the Reservation which they and the Air Force utilize for the training of pilots, to include carrier based personnel, in air-to-ground bombing and strafing and for the operation of their Radar Scoring Station.

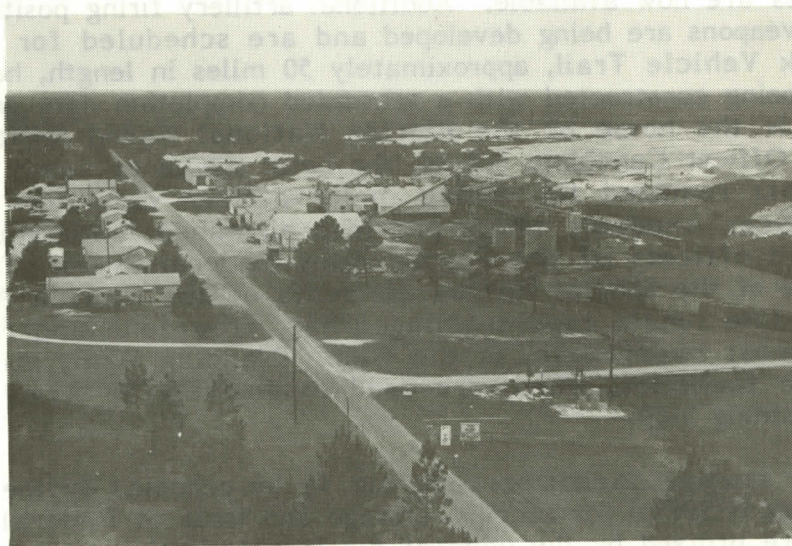

Fiscal year usage of the training facility totaled 218,048 man-days.

Game Management

The agreement between the Armory Board and the Department of Natural Resources, whereby portions of Camp Blanding are opened to controlled public hunting and fishing, remains in effect. Controlled burning and grain planting has been most favorable in the production of game. Lake samplings indicated that fish stocked in certain lakes have done well in most instances.

Forest Management

The Armory Board continues to conduct a Forest Management Program at Camp Blanding. During the year, normal road maintenance throughout the Reservation was accomplished and additionally, new roads, with drainage structures, were constructed. Harvesting and replanting of timber continues in a balanced program under the supervision of a professional forester.

duPont Mine Operations Headquarters at Camp Blanding

Mining Operations

E. I. duPont deNemours and Company continues to mine in a restricted area on the western edge of Camp Blanding, Ilmenite being the principle mineral removed from the soil. DuPont, at their own expense, as an ecological project, has instituted a procedure whereby the topsoil is stripped and stockpiled, prior to the mining operation. After mining, this topsoil is redistributed, on the subsequent spoil area, thereby successfully stabilizing the spoil and improving the return of vegetation. Pine trees are now flourishing on this area.

STATE FUNDS

Appropriated Funds

Disbursement of General Revenue Funds are based on appropriations made by the Florida State Legislature and are reflected in Appendix VII.

Armory Board Trust Fund

This fund is utilized primarily as a revolving fund from which expenditures related to Intrusion Detection Systems supervision and inspections of Air National Guard Base security costs are reimbursed with Federal Funds by the Army and Air Service Contracts.

Camp Blanding Management Trust Fund

This fund consists of revenues realized at Camp Blanding, principally from the sale of timber products and royalties received from the mining operation, and, by law, is expended exclusively for the operation and maintenance of Camp Blanding.

Community Funds

Florida law provides that counties and municipalities may provided financial or material support to the National Guard. A portion of the Military Code dealing with this subject is quoted below and Appendix X details that support received during fiscal year 1982-83.

250.40 Armory Board; Armories, How obtained -

* * * * *

(6) In order to provide for the cooperative support of the National Guard, and that armories may be provided which will furnish suitable training facilities and adequate storage accommodations for all arms, equipment and other military property, the armory board shall have authority to receive from counties, municipalities and other sources, donations of land and contributions of money to aid in providing, improving and maintaining an arsenal, armories, camp site, target ranges, and other facilities, throughout the State, and any property so donated, shall be held as other property for the use of the State and such counties and municipalities are hereby authorized and empowered to make such donations of lands by deed or long term leases and contributions of moneys for the purposes herein set forth, and to issue bonds or certificates of indebtedness to provide funds for such purposes;*****

Service Agreements

The Federal Government and the Armory Board have cost-sharing contracts for the maintenance and operation of the physical plant of certain facilities of the Florida National Guard. The Army Service Funding Agreement, which supports the Arsenal Annex, portions of Camp Blanding, the Army Aviation Maintenance Shop and thirteen Organizational Maintenance Shops, provides for a Federal share of 75% and Armory Board share of 25%. The Air Operation and Maintenance Agreement, which supports the Air National Guard Base at Jacksonville, provides for a Federal share of 80% and Armory Board share of 20%. The Air National Guard Security Agreement, annual training and weekend training activities of the Florida National Guard are 100% Federally funded.

Budgets

A recapitulation of budgeted State funds for the previous, current and next fiscal years is displayed in Appendix VII.

DATA PROCESSING

The Department of Military Affairs utilizes electronic data processing, using an IBM System/34, to aid in the accomplishment of its mission for the State of Florida. A special State Active Duty payroll program, authorized by the 1981-82 Legislature, was utilized during the 1982-83 fiscal year allowing the Adjutant General to pay Guardspersons called to SAD from a special local account established by the Comptroller. Individual troops called to SAD during the Miami riots were paid promptly due to the legislative bill eliminating the transmittal of payrolls to Tallahassee for processing, therefore allowing the checks to be issued from this Headquarters as the payrolls arrived.

The Data Processing Center Activity of the United States Property and Fiscal Office for Florida is the servicing facility for all Federal Automated data programs required by the Florida Army National Guard. These programs consist of accounting functions for Federal activities of logistics, financial accounting, military pay (JUMPS), and civilian technician payrolls. This Center also maintains data and prepares reports for Military Personnel Directorate; Plans, Operations, Training and Military Support Directorate; Support Personnel Management Office; Recruiting and Retention Office; Equal Employment Officer and Maintenance Directorate.

The Burroughs 1955 Computer has brought the Army National Guard up-to-date in computer hardware. This system is disk oriented and enables this Center to service activities of the Florida Army National Guard with programs that are more responsive to their needs and provided Commanders with timely and concise information for improved control and utilization of Federal funds and equipment.

ADMINISTRATION

Administrative and staff services were provided to the Headquarters and the units of the Florida National Guard. These services included public affairs, records administration, mail management, distribution of Department of the Army publications, reproductions, awards and trophies, and communications.

RECORDS MANAGEMENT

The Department's Archives and Records Administration Program ensures

uniform procedures governing maintenance and disposition of records and the preserving of historical documents. Permanent records are microfilmed to reduce storage space.

COMMUNICATIONS

This Headquarters maintains a reliable communication system using the following means:

SUNCOM. A dedicated State of Florida long distance telephone network for governmental agencies which provides a nationwide direct dialing capability.

Commercial Telephone. The solid state, highly versatile touch tone telephone system installed throughout the State Arsenal complex by Western Electric and Southern Bell Telephone and Telegraph Company with its many automatic features has materially improved communications efficiency within the Headquarters. This system also has a radio telephone patch capability that expands this versatility Statewide. The equipment and installation costs were supported jointly by Federal and State funds and will result in a 30% savings on monthly recurring costs.

Defense Communications Automatic Voice Switching Network (AUTOVON). A military worldwide general purpose dialing system providing the capability of immediate communication with other military installations.

Interim Remote Terminal (IRT) Telecommunications Link. A telecommunications Center linked directly to an Automated Multi-Media Exchange (AMME). The AMME connects into the Automatic Digital Network (AUTODIN) which provides the Department of Military Affairs with the capability to transmit and receive narrative and card traffic from worldwide subscribers. This system is now being replaced by the up-to-date Standard Remote Terminal (SRT) which will give the Military Department a secure telecommunication capability.

Facsimile Communications. Facsimile is a telecommunications system for the transmission of fixed images with a view to their reception in recorded form; these images include typewritten and handwritten documents, fingerprint records, maps, charts, operation overlays, sketches, and photographs. Facsimile communications are provided for the Florida Army National Guard by a "Burroughs DEX 4100" located in the Telecommunications Center at the United States Property and Fiscal Office.

National Weather Service Teletype. A teletype network providing the capability to receive written messages on all weather conditions (Severe, Hurricane Advisories) and local weather conditions throughout the State of Florida.

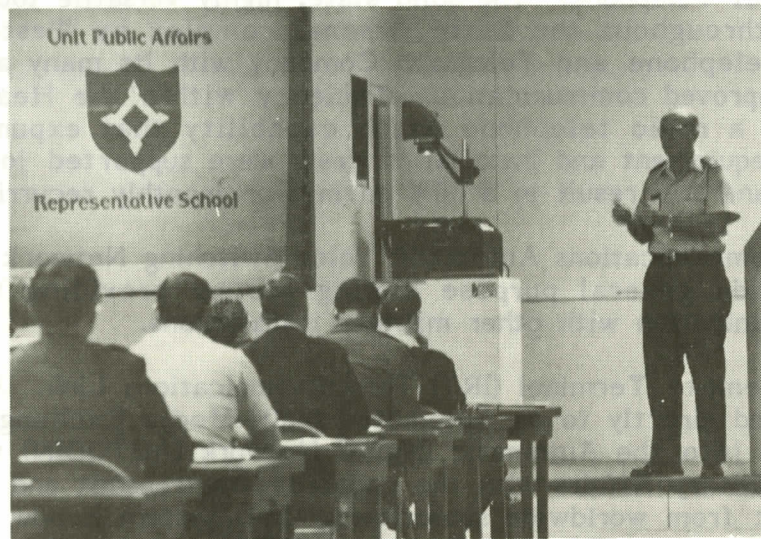

National Warning System (NAWAS). A voice circuit emanating from North American Air Defense Command (NORAD), Colorado Springs, Colorado, the objective of which is to establish, operate and maintain an effective nationwide warning system to alert governments and the public to the threat of extraordinary dangers. This system can also be used within the State for emergency operations and consists of over one hundred (100) extensions including the Governor's office, Division of Disaster Preparedness, local civil preparedness agencies, police, sheriffs and weather stations.

Command State Emergency Radio Net (COMSERN). A Florida National Guard radio net providing radio communication with Florida National Guard Task Force Headquarters strategically located throughout the State.

Commercial FM. A commercial FM (line-of-sight) system consisting of two (2) base stations and ten (10) handi-talkie radios. This system is used during emergencies for direct communications between the Adjutant General and key staff officers assigned as liaison to civil authorities and/or coordinating National Guard assistance throughout the emergency area.

PUBLIC AFFAIRS

An illustrated narrative briefing of the Florida National Guard is used throughout the State to further the understanding of civic organizations, civil authorities and other groups, of the organization, responsibilities and mission of the Department of Military Affairs.

Representatives from every unit in the state attended the first annual Unit Public Affairs Representative (UPAR) School at Camp Blanding

Participation in and support of various community events provides an excellent method of displaying the various military equipment the Florida National Guard is equipped with. Participation ranges from "flyovers" by our Air National Guards F-106's to band concerts and parades by our own Florida Army National Guard Band.

The history of the State Arsenal and the Military Reservation dates back to the 16th century when it was the site of a Franciscan Monastery. In order to preserve and record this unique history a museum and archives is maintained. The museum is aptly located in the former monastery cells and endeavors to tell the story of the Florida National Guard and the militia from territorial days to the present. Historical documents and artifacts contributed by Guardsmen, former Guardsmen and citizens have resulted in a collection of many historical items that would have otherwise become lost to posterity.

COMMUNITY SERVICES

The role the National Guard plays to the State and Nation during times of disaster and emergencies, both natural and man made and the service rendered by the Guardsmen to the citizens during these devastating occurrences are well known,

little, however is said of community orientated activities of a non-military nature performed by the Guard. The armory facilities of the Florida National Guard are available for community functions and are extensively utilized by other governmental agencies; State, County and City. It is through this type of governmental cooperation that full utilization of facilities is accomplished. The armories' facilities; classrooms, drill hall, indoor rifle ranges and parking area, etc., provide excellent accommodations for conducting various activities. The armories are also available to civic and fraternal organizations for their activities. In addition a ninety-acre (90) tract at Camp Blanding, "Camp Neyati", has been made available to the Gateway Girl Scout Council, Incorporated, for camping and other activities of youth groups. The Florida National Guard units are receptive to the needs of the local scout troops, assisting with major equipment needs such as water trailers at large camp outs.

DECORATIONS

State

The Florida Cross - Awarded in the name of the Governor to the officer, warrant officer, or enlisted personnel of the Florida National Guard who distinguish themselves conspicuously by extraordinary heroism at the risk of his life, or by exceptionally outstanding meritorious service to the State or Federal government.

The Florida Cross was awarded for meritorious service during this period to the following individuals:

LTC Frank Panzarino	FLARNG	PO	54-1	23 Jul 82
MSG Jasper Black	FLARNG	PO	62-2	10 Aug 82
COL Connie M. McCormick, Jr	FLARNG	PO	70-1	15 Sep 82

The Florida Service Medal was established by General Orders No. 10, 1929 and is awarded to members of the Florida National Guard who have served the Florida National Guard honorably, loyally and faithfully for a period of twenty or more years in an active status. The medal will normally be awarded upon retirement as a token of gratitude and as an expression of appreciation for faithful and selfsacrificing service to the Florida National Guard, State and Nation.

Thirty-five (35) medals were awarded during this period.

The Florida Commendation Medal was established by General Orders No. 1, 1973 and may be awarded to any member of the Florida National Guard who shall have distinguished himself by heroism, meritorious achievement or meritorious service. Award may be made to individuals not members of the Florida National Guard who distinguish themselves by an act of heroism, extraordinary achievement, or meritorious service which has been of benefit to the Florida National Guard.

One hundred and sixty-nine medals were awarded during this period.

Federal

Meritorious Service Medal, authorized by the President of the United States by Executive Order, 16 January 1969, and awarded by the Adjutant General, State of Florida to active members of the Florida National Guard under the provisions of AR 672-5-1. This medal is awarded for outstanding meritorious achievement or service.

The Meritorious Service Medal was awarded for meritorious service during this period to the following individuals:

LTC Frank Panzarino	SGM Ollie P. Gentry
COL Connie M. McCormick, Jr	MSG Stanley F. Ferreira, Sr
CW4 Otto F. Siemer, Jr	CW3 John B. Perryman
LTC Richard S. Pinson	MSG Dalton Bryant, Jr
COL Charles G. Mohr	LTC Kenneth L. Wise
COL Theron D. Whidden, Jr	CWO Joseph K. Longino
COL Agustin Gonzalez	

Army Commendation Medal, authorized by Department of the Army, and awarded by the Adjutant General, State of Florida to active members of the Florida National Guard under the provisions of AR 672-5-1. This medal is awarded for heroism, meritorious achievement or meritorious service.

The Army Commendation Medal was awarded for meritorious service during this period to the following individuals:

MAJ Frank R. Bray	CPT James E. Massfeller

Army Achievement Medal, authorized by Department of the Army and awarded by the Adjutant General, State of Florida to active members of the Florida National Guard, under the provisions of AR 672-5-1. This medal is awarded to officers, except general officers, warrant officers and enlisted personnel, who while serving in any capacity in a noncombat area after 1 August 1981, distinguishes himself by meritorious service or achievement of a lesser degree than required for award of the Army Commendation Medal.

Armed Forces Reserve Medal, authorized by Department of the Army, and awarded by the Adjutant General, State of Florida to active members of the Florida National Guard under the provisions of AR 672-5-1. This medal is awarded to officers, warrant officers and enlisted personnel who honorably and satisfactorily complete ten years service as a member of one or more of the Reserve Components of the Armed Forces of the United States. A ten-year device is authorized for each additional ten-year period.

Army Reserve Components Achievement Medal, established by Department of the Army General Orders No. 30, 29 June 1971. This medal is awarded for four years of honest and faithful service in a troop program unit of the Army National Guard.

NCO Professional Development Ribbon, established by the Secretary of the Army on 10 April 1981. Awarded to all officers, warrant officers and enlisted personnel for successful completion of a NCO professional development course.

Army Service Ribbon, established by the Secretary of the Army on 10 April 1981. This ribbon is awarded to officer personnel upon successful completion of their resident basic/orientation course. Enlisted personnel will be awarded this ribbon upon successful completion of their initial MOS producing course, or upon honorable completion of four months active service, whichever is applicable.

Overseas Service Ribbon, established by the Secretary of the Army on 10 April 1981. Awarded to active members of the Florida National Guard for successful completion of an overseas tour. The Overseas Service Ribbon will not be awarded for overseas service recognized with another service medal.

Air Reserve Forces Meritorious Service Ribbon, authorized by Department of the Air Force, and awarded by the Adjutant General, State of Florida to enlisted personnel of the Florida Air National Guard under the provisions of AFM 900-3. This medal is awarded for four years of exemplary behavior, efficiency and fidelity.

AWARDS

The Active State Service Ribbon - Awarded to officers, warrant officers and enlisted personnel of the Florida National Guard who participate in a major tour of active state service in the aid of civil authorities.

The Florida Service Ribbon - Awarded to officers, warrant officers and enlisted personnel who complete five years of service in the Florida National Guard. A bronze cluster is authorized upon completion of each additional five-year period.

The Florida National Guard Recruiting Ribbon - The Florida National Guard Recruiting Ribbon was established by Permanent Orders 53-2, 1977, and may be awarded to officers, warrant officers, and enlisted personnel of the Florida National Guard (Army and Air) who excel in the field of recruiting by securing five enlistments or appointments in the Florida National Guard.

The Meritorious Service Ribbon (formerly the Attendance Ribbon) was established by General Orders No. 1, 1973, and may be awarded to any member of the Florida National Guard who shall distinguish himself by meritorious achievement or meritorious service or to individuals not members of the Florida National Guard for meritorious service of benefit to the Florida National Guard.

UNIT CITATION

The Florida Governor's Meritorious Unit Citation - The Florida Governor's Meritorious Unit Citation was established by Permanent Orders 53-1, 1977, and will be awarded by the Adjutant General to all officers, warrant officers and enlisted personnel that are members of the unit adjudged the winner of the Governor's Trophy. Once awarded the unit citation, it may be worn by individuals upon reassignment to other units of the Florida National Guard. Personnel becoming members of the unit after the date the unit is adjudged the winner of the Governor's Trophy are not authorized to wear the unit citation.

The winner of the Florida Governor's Meritorious Unit Citation during this period was:

269th Engineer Company

TROPHIES AND AWARDS

The Superior Unit Award - Awarded by the Chief, National Guard Bureau to all Army National Guard units achieving a "Superior" unit rating for the previous training year. The following units of the Florida National Guard attained an overall rating of "Superior" for Training Year 1982.

Headquarters and Headquarters Company, 50th Area Support Group
269th Engineer Company
160th Transportation Company

The Eisenhower Trophy - Awarded by the Chief, National Guard Bureau to the Army National Guard unit in each State rated the most outstanding during the Calendar Year. The following designated Florida Army National Guard unit was presented the Eisenhower Trophy for Training Year 1982.

160th Transportation Company

The National Guard Florida Trophy - Awarded through the Chief, National Guard Bureau by the National Board for Promotion of Rifle Practice to the team attaining the highest figure of merit in each State. The following designated Florida Army National Guard unit was presented the National Guard Florida Trophy for Calendar Year 1982.

160th Transportation Company

Award for Efficiency in Maintenance - Awarded by the National Guard Bureau to the Army National Guard company-sized unit in each State during the fiscal year that achieves the best rating in those areas of the Command Maintenance Inspection that pertains directly to unit maintenance of issued equipment. The following designated Florida Army National Guard unit was presented the Award for Efficiency in Maintenance for Training Year 1982.

743d Maintenance Company

Philip A. Connelly Award - Awarded annually by the International Food Service Executives Association which aids in the improving of the Army Food Program by emphasizing and publicizing the favorable benefits to be derived from the incentive awards endeavor. The following designated Florida Army National Guard unit was presented the Philip A. Connelly Award for Fiscal Year 1982.

269th Engineer Company - 1st Place - Florida

The Governor's Trophy - Awarded annually through the Adjutant General, State of Florida, to the most outstanding organization of the Florida Army National Guard. The following designated Florida Army National Guard unit was presented the Governor's Trophy for Calendar Year 1982.

269th Engineer Company

The Adjutant General's Trophy - Awarded annually to the most outstanding federally recognized organization in the Florida Army National Guard for efficiency in administration, supply and maintenance. The following designated Florida Army National Guard unit was presented the Adjutant General's Trophy for Calendar Year 1982.

Headquarters and Headquarters Company, 50th Area Support Group

The Remington Trophy - Presented to the Florida National Guard by the citizens of Ilion, New York, commemorating the making of the first Remington rifle. Awarded annually to the organization of the Florida National Guard whose team obtains the highest figure of merit during the National Rifle Association Indoor Rifle Tournament. The following designated Florida Army National Guard unit was presented the Remington Trophy for Calendar Year 1982.

Headquarters and Headquarters Company, 50th Supply and Service Battalion

The Lowry Award - Presented to the Florida National Guard by Lieutenant General Sumter L. Lowry to be awarded annually to a junior officer of the Florida National Guard, who, as a citizen soldier, best exemplifies the qualities of Patriotism, Americanism and Leadership. The following individual was awarded the Lowry Award for Calendar Year 1982.

Captain Frederick D. Peel, Company C, 3rd Battalion, 124th Infantry

The Wadsworth Trophy - Presented to the Florida National Guard by Major General Louie C. Wadsworth. Awarded to the unit attaining the highest rating for efficiency in maintenance of equipment. The following designated Florida Army National Guard unit was presented the Wadsworth Trophy for Training Year 1982.

743d Maintenance Company

The E. J. McMullen Trophy - Presented to the Florida National Guard by Major General Edmund J. McMullen to be awarded to the most outstanding Field Artillery Firing Battery in the Florida Army National Guard. The following designated Florida Army National Guard unit was presented the E. J. McMullen Trophy for Training Year 1982.

Battery A, 1st Battalion, 116th FA

The Adjutant General's Outstanding Unit Safety Award - Awarded annually to the unit that achieves the most outstanding accident prevention program within the Florida Army National Guard. The following designated Florida Army National Guard unit was presented the Adjutant General's Outstanding Unit Safety Award for Calendar Year 1982.

Headquarters & Headquarters Company, 1st Battalion, 124th Infantry

The Chief's 50 Award - Awarded by the Director, Army National Guard, to the recruiter of each State who has caused the enlistment of the greatest number of personnel during the period of the contest. The following individual was awarded the Chief's 50 Award for Fiscal Year 1983.

SFC Roy Kiester, Headquarters & Headquarters Detachment, 53rd Signal Group

The Outstanding Airman Trophy - Awarded annually by the Adjutant General, State of Florida, to the outstanding airman of the Florida Air National Guard. The following airman was awarded the Outstanding Airman Trophy for Calendar Year 1982.

SSG Vernon Hayes, 125th USAF Clinic

RIFLE AND PISTOL MARKSMANSHIP MATCHES

All National Guard Team

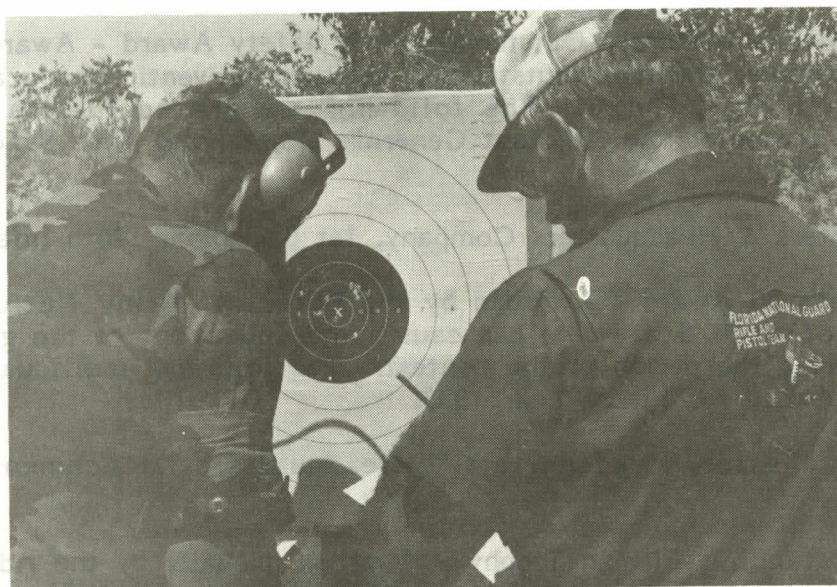

A limited number of National Guard rifle and pistol competitors representing the best shooters from all states are selected annually by the National Guard Marksmanship Training Unit to compete in matches not normally supported at the State Team level. Selection for participation on this U.S. National Guard Shooting Team is an honor comparable to attaining All American status in other shooting sports.

The All Guard Team represents the National Guard at such competition as National Championship Matches, International Olympic Tryouts, and Interservice Matches, as well as numerous other matches at regional level.

The Florida National Guard was afforded the honor of having MSGT Stanley F. Ferreira, 125th Resource Management Squad, selected as a member of the All National Guard Pistol Team for 1983, who participated in these matches. The National Guard teams participating at this level of competition were awarded a major portion of all individual and team awards in competition.

All National Guard Rifle, Pistol and Machine Gun Matches

All National Guard Rifle and Pistol Matches are conducted annually by the National Guard Bureau to promote marksmanship and provide a significant year-end goal of high level competition among the states. The first such match was conducted at Camp Robinson, Little Rock, Arkansas in September 1973. These matches are held in honor of Major General Winston P. Wilson who accomplished so much for the marksmanship program of the National Guard during his tenure as Chief of the National Guard Bureau.

Pistol team members score targets during competitive matches at Camp Robinson, Arkansas

Army Area (FORSCOM Commanders) Matches

First U.S. Army Rifle (7.62mm and 5.56mm) (Pistol Cal .22, Cal .38 and Cal .45) and Light Machine Gun Championship Matches conducted by Command General, First U.S. Army were held at Fort Meade, Maryland, in April 1983. Participation in this competition is limited to those teams placing in the upper fifty percent nationally during competition during that marksmanship year.

The Florida National Guard was represented in the machine gun competition at these matches in 1983.

State Marksmanship Matches

The Taliaferro Trophy Match (5.56mm, M-16) is conducted each year at Camp Blanding, Florida, under the authority of the Adjutant General. The Taliaferro Trophy was presented to the Militia of Florida in 1903 by the Honorable James B.

Taliaferro, then United States Senator from Florida. It is awarded annually for unit rifle marksmanship competition. Winners of competition for 1982 were:

- Winner - 153rd Engr Co (Team #1), Lake City
- 2nd Place - 153rd Engr Co (Team #2), Lake City
- 3rd Place - Co A, 2/124th Inf, Clearwater

The Individual Rifle Championship Trophy (5.56mm, M-16) is fired concurrently with the Taliaferro Trophy Match. The Individual Rifle Championship Trophy, presented to the Florida National Guard by Brigadier General Robert G. White, then Assistant Adjutant General of Florida in 1959, is awarded to the individual achieving the highest record score during the Individual Rifle Championship Match. Winners for 1982 were:

- Winner - TSGT Ross D. Dodd, 125th R&M Sq, Jacksonville
- 2nd Place - TSG Ernest Lightsey, Jr., 125th R&M Sq, Jacksonville
- 3rd Place - SP5 James C. Mohr, Co D, 53rd Spt Bn, Tampa

*State Marksmanship Coordinator, LTC James Callaway,
presents the BG Robert G. White Trophy to TSGT Ross D. Dodd,
FLANG, Jacksonville, for winning State Rifle Championship Match, 1983*

The I. Thord-Gray Trophy Match (Cal .45) is conducted each year at Camp Blanding, Florida, under the authority of the Adjutant General. The I. Thord-Gray Trophy was presented to the Florida National Guard in 1930 by Major General I. Thord-Gray, retired British Army Officer, and was awarded for unit team Marksmanship (carbine) competition until 1965. The trophy has been placed in pistol team competition as a result of the removal of the carbine from military inventory in 1966. Winners for 1982 are as follows:

- Winner - Btry D, 1/265th ADA, Daytona Beach
- 2nd Place - 125th R&M Sq, FANG, Jacksonville
- 3rd Place - CSC, 2/124th Inf, Eustis

The Mark W. Lance Trophy (Individual Pistol Championship, Cal .45) Match is

fired concurrently each year with the I. Thord-Gray Trophy Match at Camp Blanding, Florida, under the authority of the Adjutant General. The Mark W. Lance Trophy, presented to the Florida National Guard in 1967 by the Camp Blanding Rifle and Pistol Club in memory of former Adjutant General, Major General Mark W. Lance, is presented annually to the individual achieving the highest record score in pistol match competition. Winners for 1982 are as follows:

Winner - MSGT Stanley F. Ferreira, 125th R&M Sq, Jacksonville
2nd Place - SFC James A. Livingston, CSC 2/124th Inf, Eustis
3rd Place - 1SG Arthur H. Brown, Btry D, 1/265th ADA, Daytona Beach

*The Mark W. Lance Trophy is presented by LTC Callaway to
MSGT Stanley F. Ferreira, FLANG, Jacksonville, as the
individual pistol champion for 1983*

Chief, National Guard Bureau Annual Rifle and Pistol Tournaments

The Chief, National Guard Bureau Tournament (Cal .22) is conducted annually by the National Rifle Association in cooperation with the National Guard Bureau to determine National, Army Area, and State winners. Florida National Guard team winner during fiscal year 1983 is shown below:

Unit Team CNGB Pistol Match: 125th R&M Sq, FANG, Jacksonville
State Winner

SERVICE RECORDS

The Department has custody of available records of the soldiers of Florida. These records include Muster Rolls of the Indian Wars of 1835, Muster Rolls of the Florida Militia and Florida National Guard since 1835, and Rolls of the Florida troops mustered into the Confederate Forces and Union Forces in the War Between the States (Civil War), the Spanish American War, the Mexican Border Incident, World War I, World War II, the Korean Conflict, and the Berlin Crises. A card record is maintained for each individual who entered World War I from the State of Florida, whether by enlistment, induction through Selective Service, or induction with the Florida National Guard. In addition, an individual file folder, containing copies

of all pertinent orders and personnel documents, has been retained for each individual who has been a member of the Florida National Guard (Army and Air). The individual folders for current members are separated from the folders of former members and are maintained current at all times.

A project to convert all files of former members to microfiche was begun in August of 1979. The project will be accomplished by a civilian contractor in 4 phases. Phases I and II were completed in March of 1980. Phase III was begun in June of 1982 and it is planned for Phase IV to start immediately upon completion of Phase III. Due to funding cutbacks, completion of Phase IV is scheduled sometime in calendar year 1984 and should finalize the transition of all former member's files to microfiche. This project will have eliminated a critical records storage problem in the vault storage area and will also ensure positive record security inasmuch as duplicate rolls of film are forwarded for storage in the State Archives in Tallahassee, Florida. A microfiche camera and film/jacket inserter has been purchased to permit ongoing filming of files on members as they are separated from the Florida National Guard. This procedure eliminates any future build-up of paper files in the vault storage area.

Requests for Statements of Service and information are received continually on a day to day basis throughout the year and generally fall into two broad categories. The majority of requests in the first category are for documentary evidence to establish eligibility for some type of benefit such as Federal or State military retirement benefits; birth date and/or active Federal service for Social Security benefits; increased military longevity pay for former service; burial in a National Cemetery or government furnished grave marker; or hospitalization or other financial benefits through the Veterans Administration. The second category pertains to requests in the interest of genealogy or history and, for the most part, are applicable to records prior to 1900. The number of Statements of Service furnished during the period of this report was 371 of which 98 were for advance certification of 20 years of active service which would entitle the individual to Federal retired pay for military service upon attaining age 60. This requirement was instituted to eliminate errors and misinformation which previously would not appear until individual reached age 60 at which time he would discover that some of his service did not meet this criteria and it was too late to perform additional service to meet the requirements for Federal retired pay.

MILITARY SUPPORT TO CIVIL AUTHORITY

General

The Adjutant General has both State and Federal responsibilities in providing support to civil authorities. The State responsibility involves providing troops (National Guard) to assist civil authorities in major emergencies when authorized by the Governor. On the Federal side the Adjutant General is responsible for the preattack planning and postattack operations of all military forces (Army, Navy, Air Force and their reserve components) to support civil defense (civil authority) within the State of Florida in event of a nuclear attack against this nation.

Planning and Coordination

The responsibility for planning, coordination and conduct of operations in support of civil authorities is centered in the Directorate of Plans, Operations, Training and Military Support. Liaison is maintained with law enforcement agencies and the Bureau of Disaster Preparedness within the State and with Federal agencies

and military commands as appropriate. National Guard troop units are organized into task forces to provide a rapid response to locations within a specific area in proximity to the unit's home station. Liaison is maintained with civil authorities in their area of responsibility by these task forces.

Operations

The Department of Military Affairs goes into an increased readiness status immediately upon threat of civil disturbance, natural disaster, or similar emergency that may require use of National Guard troops. Measures taken include a telephone alert of key personnel, contact with local authorities and appropriate State Agencies, and review of capabilities of troop units in the emergency area. As the situation develops to a more serious threat additional actions are taken to man the EOC (Emergency Operations Center), dispatch liaison officers to area, alert troop units and send additional equipment and communications as deemed necessary.

Active State Duty

Under the provisions of Chapter 250, Florida Statutes, troops of the Florida National Guard were called to Active State Duty to assist civil authorities during Fiscal Year 1983 as follows:

22 - 25 September 1982 - Miami

The cargo vessel Poinciana ran aground one-half mile inland from the mouth of the Miami River and the cargo manifest indicated over two hundred (200) drums of flammable liquids, corrosives and oxidizers were on board. The Poinciana was listing severely, creating the potential for chemical released into the Miami River. Four (4) personnel of the 149th GS Co assisted Federal, State and local officials in providing 24-hour emergency generator and lighting for salvage operations. Sixteen (16) mandays were utilized to support this mission.

28 December 82 - 2 January 83 - Miami

In the Overtown section of the city of Miami, Dade County, Florida, two Miami Police Officers entered a black owned Video Game Arcade and observed an individual with a pistol. While trying to subdue and search the individual the police officer's revolver discharged killing the suspect. The shooting touched off rock, bottle throwing and firebombing of police cars and looting of liquor and grocery stores in the area. Seventy-five (75) officers and enlisted personnel prepared to assist civil authorities by formulating contingency plans and liaison with local authorities. Four hundred and fifty (450) mandays were utilized to support this mission.

31 January 83 - 4 February 83 - St. Augustine

The threat of an Independent Trucker strike caused considerable concern and numerous members of the Florida National Guard spent considerable hours formulating plans and locating equipment throughout the state. Zero Active State Duty mandays were utilized to support this mission.

31 March 83 - 9 April 1983 - Kennedy Space Center

A requirement from DOD Space Shuttle Office for one helicopter and crew to support the space shuttle launch at Kennedy Space Center, Florida. The support

consisted of providing airlift support for photography and security teams in the event of an emergency during lift-off of the space shuttle. Thirty (30) mandays were utilized to support the mission.

FLORIDA NATIONAL GUARD MILITARY ACADEMY (FNGMA)

On 1 September 1975 the Florida National Guard Officer Candidate School was reorganized and redesignated as Florida National Guard Military Academy and assigned the mission of conducting both an Officer Candidate School and Non-commissioned Officer School.

The Academy is operated by a twenty-eight person section consisting of eleven officers and seventeen enlisted personnel. During the Annual Training period, the section is augmented with additional instructor and support personnel, to a desired strength of forty officer/warrant officers and one hundred fifty enlisted personnel. The Academy is accredited by the Department of the Army and is evaluated yearly by representatives of the Commanding General, First United States Army, to determine manner of performance. The Academy has received very high ratings on each evaluation and is considered one of the best in the nation.

Officer Candidate School

The Florida National Guard Military Academy Officer Candidate School was originally established in March 1961 by the Adjutant General of Florida. The mission of the school is to provide effective instruction requirements for appointment as second lieutenants, and to develop maximum leadership and command ability in the candidates.

Class No. 22, currently in progress, will complete their twelve months of training and will graduate and be commissioned 20 August 1983.

*Officer Candidates stand inspection in the new Battle Dress Uniform (BDU).
The Military Academy Headquarters is pictured in the background*

Class No. 23 begin their training on 9 July 1983. They will continue into an Annual Training period, twelve (12) weekend training assemblies during the fall, winter and spring (Phase II), an additional fifteen (15) day Annual Training period in August 1984 (Phase III) and a minimum four-week branch resident qualification

course (Phase IV). Class No. 23 will graduate and be commissioned at completion of Phase III and attend Phase IV in an officer status within twelve months of commissioning. The program consists of a minimum of 576 hours.

The Program of Instruction taught are developed and monitored by the United States Army Infantry School Fort Benning, Georgia, in coordination with Chief, National Guard Bureau, and closely parallels the resident Infantry Officer Candidate School. All examinations are graded by the Infantry School. Methods of leadership development include rigid discipline, high standards of deportment and conduct, and exacting manner of performance, frequent and effective counseling and continuous observation, correction and evaluation. The Florida National Guard Military Academy Officer Candidate School is the primary source of junior officer procurement for the Florida Army National Guard. At present 50% of all company grade officers in the Florida Army National Guard are graduates of the school. In recent years personnel of the United States Army Reserve have been admitted to the school and upon graduation are appointed second lieutenants in that component. Numbers of candidates attending the Florida National Guard Military Academy Officer Candidate School and graduates by year are shown below:

CLASS	ENROLLED	GRADUATED	YEAR GRADUATED
1	49	24	1962
2	79	45	1963
3	118	61	1964
4	89	53	1965
5	127	79	1966
6	126	69	1967
7	96	54	1968

23	75	--	1984

*Includes 24 students from Virgin Islands Army National Guard for Phase I Training.

Noncommissioned Officer School

The Florida National Guard Military Academy Noncommissioned Officer School was established 1 September 1975. The mission of the school is to develop leadership and professional military skills in selected personnel in grades E-4 through E-9 to qualify them as noncommissioned officers.

Three programs of instruction for noncommissioned officers are conducted. Basic Course for grades E-4 and E-5, consisting of 113 hours; Advanced Course for grades E-6 and E-7, consisting of 66 hours; and a Senior Course for grades E-8 and E-9, consisting of 56; hours. Through 30 June 1983, fifteen classes had been conducted with graduates as shown below:

CLASS	TYPE	STARTED	COMPLETED	YEAR
1	Basic	55	51	1976
2	Basic	50	46	1977
3	Basic	66	65	1978
4	Basic	67	60	1979
5	Advanced	86	80	1979
6	Advanced	85	81	1980
7	Basic	51	48	1980
8	Advanced	89	84	1981
9	Advanced	96	94	1981
10	Basic	47	47	1981
11	Advanced	95	92	1981
12	Senior	61	61	1982
13	Basic	59	55	1982
14	Basic	127	112	1982
15	Advanced	160	153	1983

In December 1982 the Florida National Guard Military Academy operations expanded to 2 weekends a month with 2 combined student and cadre/support personnel load at nearly a battalion size operation.

The expansion of the Academy in 1982 - 1983 includes the following courses:

(1) Company, Detachment, Battery Size Unit Commander Course

CLASS	STARTED	COMPLETED	YEAR
1	45	45	1983

(2) Direct Appointment Orientation Course

CLASS	STARTED	COMPLETED	YEAR
1	17	16	1983

(3) Pre-Basic Training Course (Test)

CLASS	STARTED	COMPLETED	YEAR
1	17	17	1983

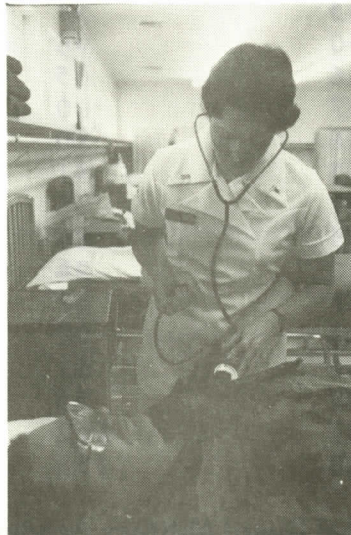

(4) First Sergeant Course

(Scheduled in 4th Qtr FY 83)

EQUAL OPPORTUNITY (EO), EQUAL EMPLOYMENT OPPORTUNITY (EEO), AND SOCIAL ACTIONS (SL)

The Florida National Guard has several Equal Opportunity Programs: Equal Opportunity Program (EO) for the Florida Army National Guard (ARNG) and Social Actions Program (SL) for Florida Air National Guard (ANG) military members. There is also an Equal Employment Opportunity Program for Federal employees and one

for State of Florida Military Department employees. Each of these programs received continued emphasis during the year. Emphasis in the military programs is on upward mobility for enlisted personnel and increasing the number of minority officers in both the Army and Air National Guard. Equal Employment Opportunity Program emphasis continues to be in the areas of recruitment of minorities for fulltime positions and upward mobility to higher graded positions where minorities and women continue to be underrepresented.

Many women serve in important and highly skilled roles throughout the Florida National Guard

Current status in the various programs is as follows:

Military EO and SL Programs

Military Membership

	Minorities	Women	Total Military Force
ARNG	29.4%	5.6%	9927
ANG	12.9%	2.2%	937

During this year, percentages remained basically the same for minorities and women in both services, while overall strength decreased 120 in the ARNG and 20 in the ANG.

There are six MTOE/MTDA EO sections authorized throughout the State in the ARNG. The ANG is authorized one Social Actions section. Twenty-one (21) of the 23 personnel occupying EO and SL duty positions have received formal training in their assigned duties. This represents a decrease of 3 individuals authorized and an additional 2 persons having received formal training; Sixty three (63) trained Unit Discussion Leaders (UDL) are assigned (additional duty) throughout the State in the ARNG for utilization at unit level. This constitutes an increase of thirty-five (35) individuals who completed an eighty (80) hour UDL Course this year.

Three (3) EO complaints were received and resolved at the informal level during the fiscal year. One additional complaint was received and was forwarded to the National Guard Bureau when attempts at resolution at this level failed.

Support Personnel EEO Program

Support personnel are employed to provide fulltime support to the Florida

National Guard. Representation attained in the various support categories is as follows:

Military Technicians

	Minorities	Women	Total
ARNG	9.5%	9.6%	491
ANG	4.2%	5.3%	262

The percentage of minority military technicians in the ARNG increased by 0.2% and women technicians increased by 1.0% during the fiscal year. In the ANG, minority and women technician percentages remained basically unchanged. The total number of military technicians increased by thirty-eight (38) in the ARNG and decreased by fifteen (15) in the ANG.

Active Guard and Reserve (AGR)

	Minorities	Women	Total
ARNG	18.7%	10.9%	230
ANG	14.8%	13.0%	54

The percentage of minorities and women decreased slightly in the ARNG. Minorities increased by 5.1% and women decreased by 3.1% in ANG.

Florida State Employees (ARNG/ANG)

	Minorities	Women	Total
	25%	35.3%	156

Total Department of Military Affairs employees remained the same as the preceding period; while minority employees increased by 2.0%, and women employees increased by 0.7%.

Nineteen EEO Counselors are appointed (additional duty) and trained in basic and/or advanced counseling techniques. These counselors work in both the Military Technician and State Employee EEO Programs.

One (1) EEO complaint was received above the counselor level during this reporting period. Under the provisions of EEO complaints processing procedures outlined in existing regulations, this complaint was rejected as untimely.

ARMY NATIONAL GUARD

RESERVE OFFICER PERSONNEL ACT (ROPA) 1954

The Reserve Officer Personnel Act (ROPA) continues to prescribe policy, guidance, and procedures for consideration, selection, and promotion of Army National Guard commissioned officers not otherwise selected for unit vacancy promotion within their respective state.

During the fiscal year 1983 period, 68 officers were considered for mandatory promotion by the respective Department of Army Selection Board with 60 being selected. This represents an overall selection rate of 88%. The statistical analysis of selection by grade is as follows:

	LT to CPT	CPT to MAJ	MAJ to LTC
Recommended	12 (83%)	33 (85%)	15 (100%)
Not Recommended(1st Pass Over)	1	5	0
Not Recommended(2nd Pass Over)	1	1	0
Totals	14	39	15

A majority of the officers selected by the board for mandatory promotion elect to decline their promotion for the authorized period as sufficient position vacancies are not available for immediate promotion. Further, some officers must be discharged from the Florida National Guard with concurrent transfer to the non-unit USAR for mandatory promotion upon expiration of the authorized declination when no position vacancy exists for their promotion within the Florida Army National Guard.

The Defense Officer Personnel Modernization Act (DOPMA) was passed into law effective 15 September 1981. Although DOPMA primarily affects active component officers, there are certain residual effects relative to creditable service and grade determination upon appointment for National Guard and Army Reserve officers. The Reserve Officer Personnel Modernization Act (ROPMA), which will present the Reserve Component aspects of DOPMA, is currently under study and review. When implemented, ROPMA will replace ROPA (1954).

FLORIDA ARMY NATIONAL GUARD OFFICER SELECTION BOARDS

State Selection Boards were established in Florida in 1963 as a positive method of implementing a career development program for officer personnel. The Boards convened as necessary to fill Major, Lieutenant Colonel, Colonel, and certain General Officer position vacancies. It is also charged with the responsibility of recommending to the Adjutant General, reassignments of battalion commanders, changes in field grade staff assignments, and acceptance of declination of ROPA promotions to Colonels.

The Senior Officer Selection Board, composed of the Assistant Adjutant General and the two General Officer Commanders, met 4 times during fiscal year 1983 recommending promotion of 7 Lieutenant Colonels to Colonel, reassignment of 3 Colonels, transfer of 2 Colonels, and acceptance of 4 declinations of promotions to Colonel under ROPA provisions.

The Field Grade Selection Board, composed of the Assistant Adjutant General, General Officer Commanders, Commander of 227th Field Artillery Brigade, 50th Area Support Group, 53rd Signal Group and 202nd Medical Group met 5 times during

this period, recommending to the Adjutant General promotion of 21 Majors to Lieutenant Colonel, 27 Captains to Major, and reassignment and transfer of 65 Field Grade Officers.

SELECTIVE RETENTION

A Selective Retention Program was implemented by the National Guard on 1 July 1969. NGR 635-102 prescribes the procedures and policies for conduct of the Selective Retention Board. The Selective Retention Board, conducted during the first half of each calendar year considers officers and warrant officers with 20 or more qualifying years of service for retired pay. Originally, the regulation required individuals to be considered every year following completion of the 20 qualifying years of service. However, beginning with the Board in 1974, the regulation was changed to provide that the Board would be convened annually but individuals would be considered every other year instead of every year. This substantially reduced the number of individuals reviewed by the Board each year. Factors considered by the Board include demonstrated performance, physical fitness, civilian and military education, previous assignments, and potential for future staff and command assignments.

Since inception of the Selective Retention Board in July 1969, fifteen Boards have been held. Results of these boards since 1975 are as follows:

	<u>1975</u>	<u>1976</u>	<u>1977</u>	<u>1978</u>	<u>1979</u>	<u>1980</u>	<u>1981</u>	<u>1982</u>	<u>1983</u>
Total Considered	96	100	100	106	88	120	111	74	113
Recommended	94	98	99	106	88	120	109	74	109
Not Recommended	2	2	1	0	0	0	2	0	4

ENLISTED QUALITATIVE RETENTION BOARD

The Enlisted Qualitative Retention Board, as implemented by AR 135-205, previously convened during the period October-December each year. A recent change to the regulation will require all future boards to convene during the January-March time frame each year. The records of all enlisted personnel who have 20 qualifying years of service without regard to Expiration of Term of Service or grade, are reviewed every two years except when the convening authority determines that an annual review is necessary.

The Board, composed of 3 Field Grade Officers and 2 Command Sergeants Major, recommend to the Adjutant General of Florida those individuals who have future potential benefits to the Army National Guard based on demonstrated performance as attested to by Efficiency Reports, a review of all Military Personnel Records, and physical fitness.

Since inception of the Qualitative Retention Board in June of 1974, nine Boards have been held with the following results:

	<u>1974</u>	<u>1975</u>	<u>1976</u>	<u>1977</u>	<u>1978</u>	<u>1979</u>	<u>1980</u>	<u>1981</u>	<u>1982</u>
Total Considered	203	247	252	252	210	197	194	184	167
Recommended	203	242	225	246	190	172	187	176	147
Not Recommended	0	5	27	6	20	25	7	8	20

An appeal procedure was provided for by the regulation beginning with the

1976 Board. Of the 20 not recommended for retention by the 1982 Board, 10 appealed and 7 were sustained by The Adjutant General of Florida. Three (3) appeals were denied by The Adjutant General which were forwarded to the Chief of the National Guard Bureau who, in turn, denied the appeals.

ARMY NATIONAL GUARD TRAINING

Training of the Florida Army National Guard is based on criteria prescribed by the Department of the Army, in coordination with the National Guard Bureau. The Commanding General, First United States Army is charged with the responsibility of evaluation, coordination, support and supervision of prescribed training. Standards for training are established by Department of the Army and unit performance is evaluated on a continual basis by active Army personnel. There are three phases of training:

Training for combat under NBC conditions covers every situation from marksmanship to typing

Basic Combat Training and Advanced Individual Training for development of basic skills and techniques, culminating in the assignment of Military Occupational Specialties (MOS) to individuals commensurate with the type of training received and which denotes qualification to perform the duties of a particular job assignment.

Unit Training is conducted by units of the Florida Army National Guard. This training is designed to produce units qualified to perform assigned missions prescribed in applicable organizational authorization documents and to maintain the level of readiness required to support operational or contingency missions. Unit Training consists of the following: Formal unit training which prepares a unit to perform its mission as stated in applicable organizational authorization documents. Various levels of formal unit training are culminated by the administration of an Army Evaluation as soon after completion of the levels as possible. Formal unit training consists of training of skilled individuals designed to develop squads, crews, sections, detachments, platoons, or companies capable of successfully accomplishing the unit mission, conducted in a progressive manner, culminated at the level prescribed by the appropriate unit Army Training and Evaluation Program (ARTEP). Upon completion of the various levels of training, proficiency tests are administered to evaluate individual and unit performance. Upon successful completion of all levels of training, the unit should have demonstrated satisfactory standards of performance and be fully capable of undertaking combat operations.

M109 155mm self-propelled howitzers move out during annual training at Fort Stewart, Georgia

Field exercises are conducted in the field under simulated combat conditions (in which personnel and equipment of one force are actually present, while those of the opposing force may be real or imaginary). Field exercises are training vehicles that may be squad through brigade in size. They are mission oriented and designed to prepare participating units for identifiable missions. Field exercises are conducted, as appropriate, during all levels of unit training.

Soldiers of the 146th Signal Battalion pull wire "overhead"

The objective of Army National Guard training is to attain the highest levels of individual and unit proficiency that are achievable in a premobilization status. Individuals in the National Guard receive the training necessary to teach them basic military skills and the special skills required to perform effectively the duties of their assigned positions. Operational readiness is the primary requirement of the individual and units of the National Guard. Units and individuals must be ready to mobilize and undertake accomplishment of the mission specified by the TOE/TDA. The minimum standard for Army National Guard units is the attainment and maintenance of company or comparable level proficiency. This is defined as completion of the appropriate unit training program and proficiency verified by successful completion of an applicable Army Training Evaluation with 85 percent or more of unit members participating. During Training Year 1982-1983 all units having assigned Army Training Evaluations accomplished same in a most satisfactory manner; resulting in Active Army Evaluators evaluating the units as being in a training readiness condition equal to most Active Army units.

FULL TIME SUPPORT PERSONNEL

GENERAL: The Technician Personnel Office was reorganized during FY 83 and is responsible for all full time support of the Army and Air National Guard. Formerly, only the Civil Service (Federally paid) technicians were administered by the directorate. With reorganization, the Support Personnel Management Office assumed management of many different career programs (i.e., Federal Civil Service; Title 32 active duty for Army National Guard support; Title 32 active duty for Air National Guard support; active component Army personnel assigned to Florida National Guard units for support; and various other specialized programs within the active Guard/Reserve support). All active duty (Title 32) and military technicians (Federal Civil Service) are now identified collectively as "Full Time Support Personnel."

CONVERSIONS TO AGR (ACTIVE GUARD/RESERVE): Congress has determined that the number of military technicians allowed to convert to AGR, Title 32 service, would not be allowed to become larger than the initial trial program. All new growth in the National Guard full time support will be new positions on Title 32 active duty; therefore, the total spaces for technician conversions remains 110. Congress also guaranteed Civil Service military technicians the right to remain Civil Service.

ADDITIVE FULL TIME SUPPORT: The new positions (additional support) (Title 32 AGR) provided to Florida has allowed every Army National Guard company size MTOE organization to have full time Training NCOs. Future growth plans will allow support of at least three positions and, in most units, an average of four full time support personnel. Army National Guard additive support growth will greatly improve the readiness posture of Florida units. During FY 83, Florida Army National Guard enjoyed an increase in full time support from 470 to 713. The Air National Guard support increased from 306 to 309. FY 84 is programmed by Congress to provide an even larger increase in Army National Guard support to our armory units.

FULL TIME SUPPORT CAREER PROBLEMS: The growth of Federal support to the National Guard has not been accomplished without career problems. AGR personnel allowed to convert from military technician status largely were overgraded by standards developed after implementation. Others were placed on active duty (Title 32) in positions later determined to be inappropriate, and finally, the U.S. Army raised a doubt that persons on "active duty" in Title 32 status were under the

total control of adjutants general. All problem areas are being worked at national legislative levels and are expected to be resolved to make AGR status a viable, desirable system of employment designed to meet the needs of the National Guard.

ECONOMIC IMPACT: The full time support of the Army National Guard has grown significantly in the last two fiscal years. ARNG employment of technicians was 446 in 1980; 507 in 1981; 470 in 1982, and will close out FY 83 at 717. All growth has been in the AGR (additive) active military status. The Air National Guard has remained relatively stable at a combined total of 304 full time support personnel. The Air National Guard personnel support payroll is \$8.1 million annually. The Army National Guard covers 52 communities and is presently maintaining a yearly payroll for all full time support personnel at \$10.6 million. The combined Army and Air National Guard payroll of \$18.7 million is concentrated heavily (60%) in the northeast counties of Duval, Clay, and St. Johns.

RESERVE OFFICER TRAINING CORP (ROTC) PROGRAMS

Reserve Forces Duty Program (RFD)

This program was designed to place ROTC RFD graduates in Army National Guard or U.S. Army Reserve units rather than allowing them to become members of the Individual Ready Reserve (IRR).

ROTC Early Commission Program (ECP)

This program is available to ROTC Cadets who have completed all ROTC requirements but have not completed baccalaureate degree requirements. These cadets may now be commissioned provided they have been accepted for appointment as Second Lieutenants in the Army National Guard. This policy is designed to authorize cadets, who want to join an ARNG unit upon commissioning, to serve as Second Lieutenants while continuing their education. This program provides dual benefits to the individual and the military. The individual receives valuable training and experience as well as inactive duty and annual training pay (including retirement points) while pursuing the balance of his college education. The ARNG benefits by an increase in assigned officer strength and participation. Both benefit in that the individual continues to practice the skills learned in ROTC training rather than have these skills get "rusty" through no use for two or three years as in the past when individual was just a name on a list until he received his baccalaureate degree.

ROTC Simultaneous Membership Program (SMP)

Authorizes ROTC cadets enrolled in Military Science (MS) III and Military Science (MS) IV to be active members of both ROTC and Army National Guard/USAR units. ROTC cadets are now authorized to receive the ROTC monthly pay plus all drill pay and allowances from participation with the Army National Guard.

ROTC Delayed Entry Program (DEP)

Allows ROTC graduates who have received their baccalaureate degree and commission to become members of the Army National Guard and delay their active duty requirements for up to 36 months while pursuing and advanced degree.

ROTC Scholarship Program

The purpose of this program is to identify outstanding students on campus or in the ARNG and offer them the opportunity for a scholarship with service in the ARNG after graduation. This is a two-year scholarship. One scholarship was available for each state in CY 83.

INITIAL ACTIVE DUTY FOR TRAINING PROGRAM

The Reserve Enlisted Program of 1963 (REP-63) (Requirement for Initial Active Duty Training for Non-prior Service Personnel) continued during the period of the report.

The Split Training Option, which was initiated in June 1978 on a pilot program basis, has continued through the period of this report. As of 30 June 1983, 63 enlisted members are undergoing Phase II of the program. An additional 60 were enlisted for and are participating in Phase I of the program. This is a total of 123 individuals.

The nationwide time-sharing computer service, using a national telecommunications network with remote terminals capable of simultaneously accessing a common data bank containing the annual Basic Training and Advanced Individual Training base, continues to be utilized in securing training spaces for non-prior service individuals.

Sufficient quotas have been obtained from the Department of the Army to preclude any backlog from occurring during the year. Except for unusual circumstances, non-prior enlistees enter their initial active duty for training within 30 to 180 days after enlistment. Bonified high school seniors can be delayed from training for up to 270 days to provide input quotas following graduation from high school.

A total of 721 trainees entered initial active duty for training during this period with 628 completing their training and returning to their National Guard unit.

SCHOOL PROGRAM

The Army National Guard Schools Program provides the main vehicle for the branch and technical training of Officer and Enlisted personnel of the Florida Army National Guard, whereby they are afforded the opportunity to qualify themselves to fill their unit MTOE/MTDA assignments and receive advanced training in critical Military Occupational Specialties. It is through the media of the Schools Program, which is supported by Federal funds, that Officer and Enlisted personnel complete their training in their chosen fields and are able to maintain proficiency in the areas of Combat Arms, Technical and Administrative fields.

During the fiscal year, Officers and Enlisted personnel participated in the Schools Program as outlined below:

	<u>TY-83</u>	
	<u>Officer</u>	<u>Enlisted</u>
Army Service Schools	71	83
Army Area Schools	33	26
Military Occupational Specialty Courses	76	675
Specialized and Refresher Courses	<u>252</u>	<u>1298</u>
	432	2082

RETENTION AND RECRUITING

During fiscal year 1983 the Florida Army National Guard reflected a net loss of 120 personnel. During the period 2,062 new enlistments were produced of which 27% were non-prior service and 73% were prior service personnel.

Florida's retention rate was 72% which exceeds the national average. The non-ETS loss rate remains as the number one problem in retaining personnel.

There are 2,492 black personnel and 555 women on board as of 30 June 1983. The black percentage of overall strength is 25% of the total state strength.

Florida reflects a current strength of 9,927 personnel for a 94.5% fill rate and ranks number 26 of all states nationally in percentage of assigned strength compared with authorized strength.

Retention and Recruiting must receive command emphasis during the coming year to ensure a steady future growth for the Florida Army National Guard.

FEDERAL FUNDS AND EQUIPMENT

The United States Property and Fiscal Officer (USPFO) for Florida is charged with the responsibility as pertains to comptroller matters, purchasing and contracting, transportation, supply and logistics, and maintenance of Federal property. He is assisted by a technician work force to maintain these accountable records. The USPFO mission is to assist, with the necessary administrative and logistical support, those units of the Florida Army and Air National Guard when they are mobilized for Federal active duty.

The Florida Army National Guard continues to be better equipped than in previous years. This is due primarily to the receipt of more modern equipment and the additional funding being made available to the State of Florida by the Federal Government.

The National Guard now fills a major role in future national crises. This policy by the Secretary of Defense ensures that additional equipment, more modernized equipment and additional funds will be made available to the National Guard for the support of this increased national defense role. In keeping with this policy, the Federal Government has furnished the following new items of major equipment during the period 1 July 1982, through 30 June 1983.

16 Rifle Racks	26 Pistols
4 Public Address Sets	3 Projectors
14 Cameras	123 Tents
58 Generators	10 Compressors
2 Body Armor	189 Camouflage Screens
57 Heat Immersion	1 Mortar
40 Multimeters	46 Medical Sets
2 Radar Sets	58 Test Sets
5 Trucks	14 Burner Units
3 Truck Forklifts	190 Binoculars
3 Message Centers	92 Mask Protective CBR
3 Night Vision Sights	213 Tool Sets
4 Steam Cleaners	15 Range Outfit Field
45 Band Instruments	23 Light Sets

3 Duplicating Machines	2 Semitrailers
3 Paper Shredders	1 Tank Liquid Storage
1 Searchlight	36 Storage/Tool Cabinets
4 Switchboards	2 Bayonets
6 Vehicle Load Ramps	31 Refrigerator Units
43 Compasses, Magnetic	19 Telephones
9 Machine Guns	26 Field Desk/Cases
23 Mount Tripod MG	7 Chainsaws
2 Chaplain's Kits	7 Power Supply (PP 1104)
36 Radio Sets	3 Battery Chargers
351 Rifles	7 Shop Equipment Sets
2 Air Conditioners	

There were 467 full-time Federal employees paid from Federal funds during the period 1 July 1982 to 30 June 1983. Federal funds, during the period 1 July 1982 to 30 June 1983, expended in direct support of the Florida Army National Guard, totaled \$67,832,815. At the close of 30 June 1983, the value of Army equipment on hand in the State totaled \$169,853,236.98.

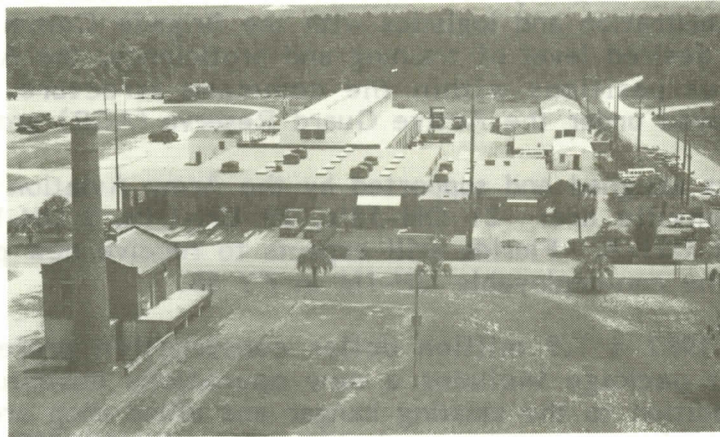

INTER-SERVICE AGREEMENT

All Active and Reserve Forces, which include the National Guard, currently operate under a policy whereby one service may support another on a reimbursable basis. This policy reduces duplication of effort, gives a faster response to requirements and effects an overall savings to the Federal Government and ultimately to the taxpayer. The Florida National Guard receives supplies and services from the active installations throughout the State of Florida, and we are thereby able to support our troops in a better manner at a cost savings to the Government. Conversely, the Florida National Guard supports the active and other reserve forces by furnishing supplies on a reimbursable basis.

SURFACE MAINTENANCE FOR FEDERAL PROPERTY

The program providing technical guidance and expected quality standards for maintenance of Federal Property (Surface), assigned to Florida Army National Guard units, is published in Florida National Guard Circular 750-1, Maintenance of Supplies and Equipment - Maintenance Support Plan. The program is administered under the supervision of the State Maintenance Officer through 13 Organizational Maintenance Shops (OMS), a Sub-Organizational Maintenance Shop, one Combined Support Maintenance Shop (CSMS), a Satellite Combined Support Maintenance Shop, and a Mobilization and Training Equipment Site (MATES).

Responsibility for maintenance is assigned at the lowest echelon possible. Unit organizational maintenance capabilities are utilized to the maximum and are augmented, by the Organizational Maintenance Shops and the Mobilization and Training Equipment Site. Support maintenance, that echelon of maintenance requiring a higher level of expertise, tools and test equipment than found at organizational maintenance, is accomplished by four Direct Support Maintenance Companies, a General Support Heavy Equipment Maintenance Company, and a General Support Light Equipment Maintenance Company during Inactive Duty and Annual Training. These companies are augmented by the Combined Support Maintenance Shop and the Satellite Combined Support Maintenance Shop. The thirteen Organizational Maintenance Shops, Combined Support Maintenance Shop(s) and Mobilization and Training Equipment Site are staffed with 176 highly skilled National Guard technicians.

*The Combined Support Maintenance Shop,
Camp Blanding, Florida*

Two Service Companies, a Collection and Classification Company and a Test Measurement Diagnostic Equipment (TMDE) Company, provide specialized, technically oriented, support to the Florida Army National Guard's Federal Equipment. The Collection and Classification Company obtains battle damaged, or salvageable equipment items and through reclamation procedures returns the items to operational condition or recovers serviceable parts for uses in the repair of other equipment. The TMDE Company performs calibration services on Federal equipment to ensure that technical standards and operational efficiency is maintained.

To enhance organizational maintenance capabilities, we have upgraded the SUB-OMS Facility in Pensacola to full capability as an Organizational Maintenance Shop. Additionally, the participation of selected maintenance companies in Mobilization Exercises has sharpened the maintenance support and deployment capability to improve our position for potential State and Federal emergency requirements.

ARMY AVIATION

Mission: Federal or State. To provide units organized, equipped, and trained to function efficiently at existing strength in the protection of life and property and the preservation of peace, order, and public safety under competent orders of Federal or State authorities. **Federal:** To provide trained units and qualified individuals available for active duty in time of war or national emergency in support of the Army's war plans and at such time as the national security may require augmentation of the Active Forces.

Florida Army National Guard aviation elements continue to operate under the September 1978 reorganization structure with three major aviation elements and an Air Traffic Control Platoon added in March 1979. The units are: Aviation Section, 53rd Infantry Brigade (Sep); Company C, 26th Aviation Battalion (Combat Support); Company D, 26th Aviation Battalion (Attack Helicopter); and the 11th Air Traffic Control Platoon (Forward).

The Army Aviation Support Facility Command (AASFC) is located at Craig

Airport, Jacksonville, Florida. The Aviation Support Facility Commander is directly responsible to the Adjutant General of Florida for the command, supervision and training of Companies C and D, 26th Aviation Battalion and the 11th Air Traffic Control Platoon. The 53rd Infantry Brigade Aviation element is attached to the Army Aviation Support Facility for supervision of technical aviation training and coordination of administration and logistics with the Brigade Commander. In order to accomplish the desired level of training and proficiency, the AASFC employs 79 technicians in various positions within the command structure. Eight of these individuals are employed under the Active Guard Reserve (AGR) program.

Aviation assets assigned and supported by the Army Aviation Support Facility, Craig Field, Jacksonville are: 21 OH-58's, 29 UH-1H's, 9 UH-1M's, 2 TH-1G's, 7 AH-1S (Mod)'s, and 1 U21-A. Florida still expects to receive new production model AH-1S's to replace the non-deployable UH-1M in FY 84.

In November, 1982 a 1.9 million dollar construction project began at the AASFC. The total package includes a new operations building to support the assigned units, an addition to the existing hangar and allied shop areas which almost doubles the present size, a new ground support equipment/flammable material storage building, aircraft wash ramp, a new underground 30,000 gallon fuel storage area, aircraft compass rose, and approximately 12 more acres of aircraft parking ramp area.

Operations and Training

The Operations and Training section of the AASFC is staffed by an Operations Officer, Aviation Safety Officer, five Flight Instructors and two Flight Operations Specialists. The Operations and Training section is responsible for coordinating, scheduling and conducting all phases of individual aviator training until the aviator is considered operational ready to perform all unit mission tasks. The Operations and Training section is also responsible for coordinating and scheduling all aviation mission support required by ground elements throughout the state.

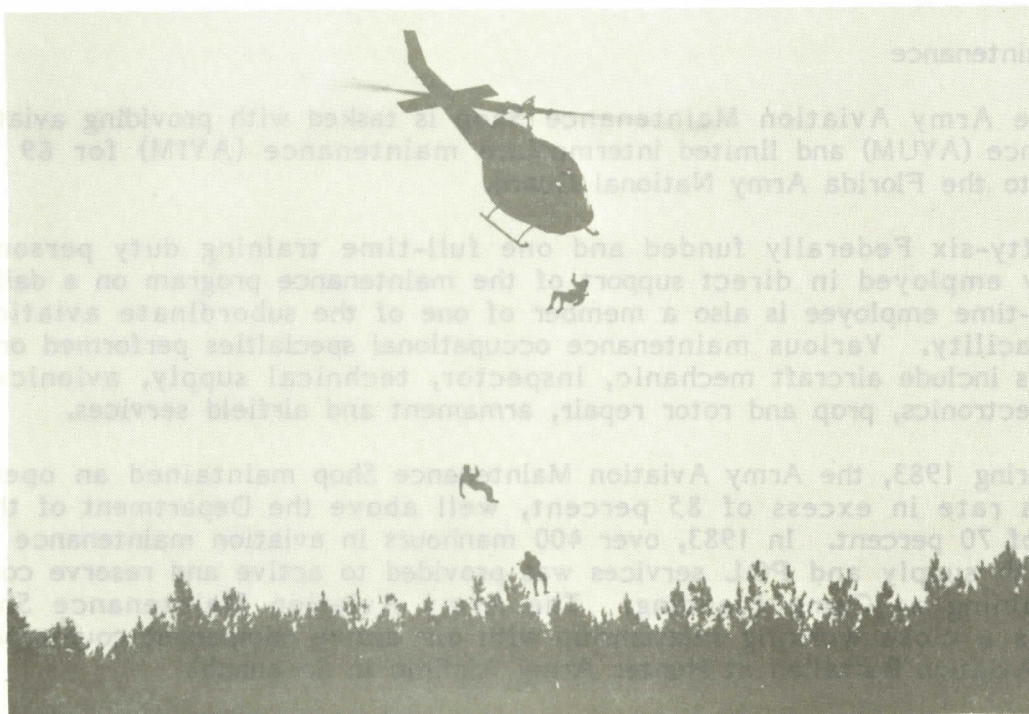

Unit schools (formal courses of instruction approved and funded by the National Guard Bureau) are conducted during the fiscal year by the Operations and Training section. These unit schools provide aircraft refresher training, aircraft qualification training, instrument flight training and qualification, terrain flight qualification, and night vision goggle qualification for the assigned aviators. Night vision goggle training is a new type flying which requires the aviator to fly his aircraft in the terrain flight mode during hours of darkness utilizing specially designed night vision goggles and existing ambient light. Since beginning the program in the fall of 1982, the Operations and Training section has qualified thirty-three of the assigned aviators.

Army National Guard aviators are required to meet the same training requirements and performance standards and flight hour requirements as the Active Army Aviator. The requirements are accomplished during the year at weekend Multiple Unit Training Assemblies (MUTA's), Additional Flight Training Periods (AFTPs) conducted during the weekday evenings by the AASFC, Annual Training (AT) periods, and during the training year in the 2B24 Synthetic Flight Training Simulator (SFTS) located at Hunter Army Airfield, Savannah, Georgia.

Annual Training for all Florida aviation elements was conducted at Camp Blanding this training year with Company D, 26th Avn Bn (Atk Hel) attending 19 Mar - 2 Apr 1983. HHC (P) 53rd Inf Bde, 11th Air Traffic Control (Fwd) and

Company C, 26th Avn Bn (Cbt Spt) performed their Annual Training during the period 23 Apr - 7 May 1983. A high state of readiness continues to be maintained by all aviation units, as was reflected in ratings received from Active Army Evaluator teams, during these periods.

Army National Guard aviation also supported several additional Annual Training periods during the year; aviation support for 53rd Sig Gp, Camp Blanding, 7 - 24 Jul 1982; aviation support for 3rd Bn, 20th SF Gp, Fort Carson, Colorado 19 Jul - 6 Aug 1982; MedEvac support for Co D, 26th Avn Bn, Camp Blanding 19 Mar - 2 Apr 1983; aviation support for 146th Sig Bn, Fort Campbell, Kentucky 9 - 23 Apr 1983; MedEvac support for 53rd Sig Gp, Camp Blanding, 20 - 23 Apr 1983; Med Evac support for 50th Area Spt Gp, Camp Blanding, 12 - 28 May 1983.

Army Aviation in one of its many training support missions rappelling troops onto Camp Blanding

Army National Guard aviation provided support to NASA in a Federal status for the launching of Space Transport Shuttles 5, 6 and 7. This support was a helicopter and crew for the purpose of providing a photography platform for the NASA photographers.

Florida Army National Guard aviation elements also supported the State mission during the fiscal year by providing support in the Miami area in December 1982 for possible rioting conditions and in February 1983 in the Wildwood area for a Nuclear Reactor Emergency Exercise.

A high state of operational readiness to meet the Federal and State mission is maintained throughout the aviation units by skilled crewmembers and support personnel. Aviation flying hour experience averages 2,383 hours per aviator.

Mission ready aircraft were available and utilized to accomplished the 1983 fiscal year flying hour program as follows: UH-1: 4408 hours; OH-58: 1596 hours;

AH-1: 1640 hours; U-21: 320 hours; for a total yearly program of 7964 hours.

Community Relations and Civil Assistance

Army Aviation units regularly participate in community programs and the Support Facility continues to provide an excellent attraction for local groups on educational field trips.

The Aviation Support Facility continues to provide the Emergency Medical Evacuation for the transport of neonatal patients from the surrounding counties to the Jacksonville hospitals. These and other humanitarian efforts are published throughout the community and have resulted in improved public relations and awareness of the Florida Army National Guard.

Maintenance

The Army Aviation Maintenance Shop is tasked with providing aviation unit maintenance (AVUM) and limited intermediate maintenance (AVIM) for 69 aircraft assigned to the Florida Army National Guard.

Fifty-six Federally funded and one full-time training duty personnel are presently employed in direct support of the maintenance program on a daily basis. Each full-time employee is also a member of one of the subordinate aviation units to the facility. Various maintenance occupational specialties performed on a full-time basis include aircraft mechanic, inspector, technical supply, avionics, sheet metal, electronics, prop and rotor repair, armament and airfield services.

During 1983, the Army Aviation Maintenance Shop maintained an operational readiness rate in excess of 85 percent, well above the Department of the Army average of 70 percent. In 1983, over 400 manhours in aviation maintenance support along with supply and POL services was provided to active and reserve component units training at Camp Blanding. The Army Aviation Maintenance Shop also maintains a close working relationship with our active component counterpart (24th Combat Aviation Battalion at Hunter Army Airfield in Savannah).

The Army Aviation maintenance program of the Florida Army National Guard continues to be recognized as one of the best in the Army National Guard.

AIR NATIONAL GUARD

The Florida Air National Guard consists of the Headquarters, Florida Air National Guard, located at the State Arsenal, St. Augustine, Florida, and an Air Defense Group, located at the Air National Guard installation at Jacksonville International Airport, Jacksonville, Florida. The Air National Guard of Florida has an authorization of 110 officers, with 101 assigned, and 830 airmen, with 836 assigned. This is a manning level of 92% officers and 101% airmen. The 125th Fighter Interceptor Group has eight subordinate units: 125th Consolidated Aircraft Maintenance Squadron, 125th Combat Support Squadron, 125th Resource Management Squadron, 125th Civil Engineering Flight, 125th Security Police Flight, 125th USAF Clinic, 159th Fighter Interceptor Squadron and the newly established 8125th Student Flight.

Governor Bob Graham practices water survival during his "work day" with the Florida Air National Guard

Personnel

Although personnel policies and concepts have always been revised and updated on a regular basis, it seems there were more such changes during this reporting period than normal.

While overall Air National Guard efforts have significantly reduced the problem of both officer and airman overage conditions, several significant personnel policy changes were implemented by the National Guard Bureau to ensure continued progress in this area. These changes were also geared to ensure similar conditions do not occur in the future. Both officer and airman promotion policies have been changed to restrict promotion opportunities, particularly in the airman area. Enlistment and reenlistment policies have also been revised to include more restrictive measures. National Guard Bureau policies on disposition of overages due to ROPA/special promotions and reorganizations were drastically changed and will be monitored at National Guard Bureau level through the personnel data system.

Final approval was received from all sources to activate the 290th Combat Communications squadron at McDill Air Force Base at Tampa.

Inspections/Evaluations

A formal Standardization/Evaluation visit was conducted from 7 -13 Sep 1982,

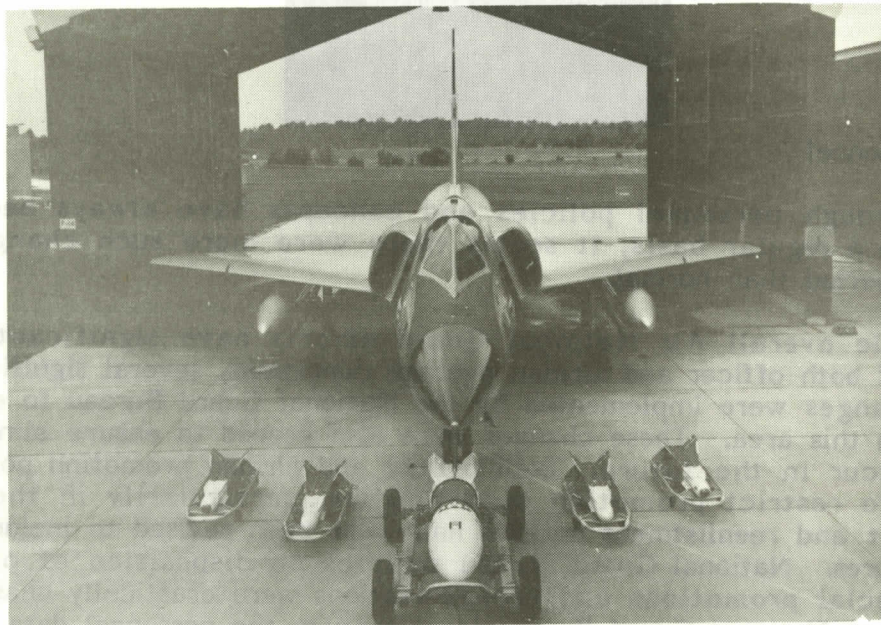

by the Air Defense Tactical Air Command Directorate of Standardization/Evaluation. The purpose of the visit was to determine the effectiveness of the unit Stan/Eval program by assessing the capabilities of aircrews through flight and written evaluations to perform the unit's assigned tasks. Overall rating was satisfactory.

A combined Management Effectiveness Inspection (MEI)/Nuclear Surety Inspection (NSI) of the 125th Fighter Interceptor Group was conducted from 6 - 12 Jan 1983, by the ADTAC Inspector General. The purpose of the MEI was to evaluate the management, organization, and mission capability of the 125th Fighter Interceptor Group. The purpose of the NSI was to evaluate the unit's nuclear capability and combat readiness. Overall ratings were satisfactory for the MEI and excellent for the NSI.

The North American Air Defense Command (NORAD) conducted a no-notice NORAD Alert Force Evaluation (NAFE) on 2 May 1983. The purpose of the NAFE was to evaluate the ability of the 125th Fighter Interceptor Group to perform the NORAD Alert Mission. Overall rating was outstanding.

Deployments/Exercises

Again this year, members of the 125th Fighter Interceptor Group deployed to Ellsworth Air Force Base, South Dakota, to participate in the Strategic Air Command (SAC) Bomb/Navigation Competition. From 30 Oct - 9 Nov 1982, intercepts were flown against U.S. and NATO Bombers on low altitude penetration profiles.

F-106 on "ALERT" with exposed armament

The annual Combat Pike Deployment to Tyndall Air Force Base, Florida, was conducted from 13 - 24 Nov 1982, in support of ADTAC's Weapon System Evaluation Program (WSEP). During the deployment, unit aircrews fired air-to-air armament at a variety of targets including the PQM-102 Drone.

A Checkered Flag Deployment was completed to Glynco Jetport, Brunswick, Georgia, on 5 - 6 May 1983. This deployment exercises the unit's wartime mobility tasking by deploying personnel and equipment, employing aircraft on combat scenarios from a base with no support, and then redeploying to the main operating base.

For the first time, the unit deployed to Tyndall Air Force Base, Florida, to participate in ADTAC's Copper Flag exercise. This exercise was conducted from 30 Apr - 14 May 1983 and pitted aircrews and aircraft against a sophisticated enemy force utilizing the latest Soviet tactics.

Quick Thrust and Seeker Strike composite force training exercises were also participated in by the unit. These exercises simulate wartime scenarios and provide a realistic combat environment for conducting low altitude intercepts against strike aircraft.

In addition to the above, at least one air defense exercise per month was supported with interceptor and/or target forces.

Operations

North American Air Defense Command alert continues as the primary unit mission. A total of 36 scrambles were flown against unidentified aircraft. During this year the number of scrambles on Russian TU-95 bear's flying round-robin flights from Cuba increased. In addition to active air scrambles, NORAD also conducted Special Air Defense Evaluations (SPADE's) against the alert force, requiring scramble and identification of faker aircraft.

Fifty-three (53) flights were flown in support of NORAD's Performance Analysis by Continuous Evaluation (PACE) Program. Purpose of these flights is to verify the operation of radar and radio equipment within 23 NORAD Regions area of responsibility.

The unit continues to support prelaunch weather verification flights for the Eastern Missile Test Range at Cape Canaveral.

A total of 2962 sorties and 5152 hours of flying time were accumulated in the F-106A/B. T-33 aircraft flew 787 hours and the C-131 flew 327 hours. There were no accidents or incidents during this period.

Maintenance

During the past fiscal year approximately 185 Air Technicians were employed in maintenance to maintain the assigned F106 aircraft. These personnel perform all types repair, minor and major, on our aircraft and engines.

Listed below are allocation requirements for the 125th Fighter Interceptor Group:

<u>AIRCRAFT</u>	<u>ALLOCATED SORTIES/HOURS</u>	<u>FLOWN SORTIES/HOURS</u>
F-106	2818/4934	2962/5151.6
T-33	* / 698	596/ 786.7
C-131	* / 388	224/ 323.7

*Sorties are not allocated for T-33 and C-131 support aircraft.

Resource Management

Federal Funds and Equipment

The Assistant USP&FO for Air (Property), during this reporting period, continued to provide effective support for all 125th Fighter Interceptor Group units. The average warehouse inventory managed by Base Supply was 11,727 line items valued at \$1,936,595. Through computer accounting, Supply recorded an average of 20,209 transactions per month. Equipment in use by all organizations of the Group is valued at \$17,971,015.75. With this amount of supplies and equipment, Supply has consistently maintained an inventory accuracy of 99% for the year.

Approximately \$24,171 was paid to local transportation companies for the movement of material, from Jacksonville to various points in the United States. Service agreements and local contracts with other activities in the Florida Air National Guard was valued at \$540,986.76. These Federal funds paid to Florida business concerns represents an industry of considerable value to the State of Florida.

Accounting and Finance

During this reporting period, the Assistant USPFO for Air (Fiscal) continued to manage all funds in a professional manner while providing efficient customer service to all members of the 125th Fighter Interceptor Group. An obligation rate of 100 percent was maintained for all allocated funds. This encompassed 11,600 accounting transactions, 25,000 AFRAS transactions, pay support for civilian personnel and approximately 950 travel vouchers.

Data Processing

Equipment was installed in April 1983 to implement the Air Force Operations Management System (AFORMS) in the Base Operations Flight Management area. Equipment consists of a Burroughs CRT and a DataSouth DS180 printer.

A Data Automation Request (DAR) was submitted and approved to upgrade the keypunch in Base Supply. Delivery of a UNIVAC 1610 is scheduled in late 1983.

The printer assigned to the Maintenance Management and Information and Control System (MMICS) was upgraded in May 1983. The Burroughs TC-4001 was replaced by a DS180 printer.

Equipment was ordered in May 1983 to implement the first part of the Phase IV conversion from a UNIVAC 1050 II Supply Computer to a UNIVAC System 1100-60. Delivery is expected in September 1983. Communication lines will be installed 2 September 1983.

The DAR to replace the current Remote Job Entry Terminal System (RJETS) is still active. The decision has been made to replace the current Honeywell 725G computer with a UNIVAC System 80 during FY 84/85.

Vehicle Operations and Maintenance

The Vehicle Maintenance section performed both scheduled and unscheduled maintenance on 172.8 assigned vehicle equivalents. Allied trades accomplished 14 re-paint jobs and 26 spot paint repairs on all assigned vehicles. This is a good average on corrosion control in this highly corrosive area. The vehicle out of commission rate for the total fleet was 2.7%, well below the Air Force standard of 10%. The total fleet average cost per unit was \$145.00 per month, with an average administrative fleet cost of 32 cents per mile. Vehicle Operations administered 47 vehicle operators tests with a passing rate of 84%. The vehicle fleet averaged 20,000 miles driven and 500 hours operated per month without a single reportable accident.

Vehicle ground fuel consumption was well below the established zero growth standards with a total reduced usage of 6.4%.

125th USAF Clinic

The mission of the 125th USAF Clinic remains unchanged, i.e., physical examinations and limited medical and dental care. The following workload was generated providing these services:

Patient Visits	493	Electrocardiograms	311
Lab Procedures	1747	X-rays	203
Physical Exams	321	Immunizations	365
Dental Visits	815	Aircraft Crash Alerts	22

Four officers and 16 airmen performed annual training at the USAF Hospital, Moody Air Force Base, Georgia.

Clinic personnel responded to urgent calls for manning assistance from the Air Reserve Personnel Center for a total of 15 mandays.

The unit experienced several noteworthy items during the year:

One physician graduated from Phase III of the Aerospace Medicine Course and pinned on the wings of a Flight Surgeon.

Appointment of the first Optometrist in the Florida Air National Guard.

Appointment of the first Bio-Environmental Engineer in the Florida Air National Guard.

TSgt Vernon Hayes was selected as the Outstanding Airman for the Florida Air National Guard.

Training

Training received at the various Air Force technical and professional schools plays a vital part in the readiness status of the Florida Air National Guard. All non-prior service enlistees are required to attend basic military training and most are then sent on to the resident basic technical course for the career field in which they are assigned. In some cases, where there is no technical course for the member's career field, he/she is returned to this unit for a period of on-the-job training (OJT) in order to be initially qualified. Throughout the member's career with the Florida Air National Guard, various professional, advanced, special, lateral

and/or refresher courses are afforded. During the past year, personnel of this unit attended the following courses: Flying Training Courses - 7; Technical, Advanced, Lateral Training Courses, etc. - 73; Academy of Military Science - 4; USAF Senior NCO Academy - 1; Noncommissioned Officers Academy (long course 5 1/2 weeks) -3; Noncommissioned Officers Academy Course I - 4; Noncommissioned Officers Academy Course II - 3; ANG Leadership Course I - 3; ANG Leadership Course II -7; and, FNGMA Advanced NCO Course - 3.

The unit's on-the-job training (OJT) program continued to progress at a very satisfactory rate during the past year. There are three specific requirements that an individual must satisfy for skill level upgrading through the OJT program. These requirements are career knowledge, job proficiency and job experience. Career knowledge is gained by the individual enrolling in and completing correspondence courses known as Career Development Courses (CDCs) and/or study references (i.e., regulations, manuals, etc.). Job proficiency and job experience is satisfied when trainees satisfactorily perform duty in their Air Force specialty for the minimum time required. An average of 150 personnel were on some level of OJT during the period of this report. One hundred and twenty-three personnel were upgraded to the various levels of their specialty. None of these trainees were in excessive training time and only a minimal number entered overtime training status.

This unit is currently authorized two undergraduate pilot training (UPT) spaces each year by the National Guard Bureau. This ensures replacement pilots for those retiring or separating from the unit. Two pilots were scheduled through the T-33A Interceptor Lead-In Course and also into the F-106 Interceptor Training Course at Tyndall Air Force Base, Florida. Subsequent to graduation from the interceptor training, the National Guard Bureau authorized sixty days active duty training at home station to ensure these pilots were rated mission ready.

The majority of personnel of the Florida Air National Guard are scheduled for their annual training tour on a year-round basis at home station. Scheduling is handled in a practical and efficient manner with a limited number of Guardsmen on training at any one time. This results in excellent man-day utilization and a nearly one-on-one ratio of supervisor to worker situation for training purposes. Exceptions to those units or sections performing annual training at home station were:

a. A number of aircrew and support personnel were deployed to Tyndall Air Force Base, Florida, for another COMBAT PIKE exercise for testing of the weapons system.

b. Fire protection personnel from the 125th Civil Engineering Flight deployed to Travis Air Force Base, California, 4 - 18 Jun 1983, for annual training.

c. The PRIME BEEF team from the 125th Civil Engineering Flight performed their annual training at New Orleans NAS, Louisiana.

d. Personnel from the 125th USAF Clinic deployed to Moody Air Force Base, Georgia, for their annual training.

An Air University Command and Staff Seminar program was completed at the Air National Guard Base for eleven (11) unit officers during this period. The Seminar instructor from Maxwell Air Force Base, Alabama, periodically visited the seminar meetings to ensure the class program was on schedule and to instruct at least one class each quarter. Normally, a seminar program is completed within one year after organization, however, the Air University did allow the unit program to

be extended beyond the one year limitation.

Several years ago, Congress authorized the Air Force to establish the Community College of the Air Force (CCAF) for enlisted members. CCAF has been granted full accreditation by the Southern Association of Colleges and Schools Commission on Colleges. The concept of CCAF is to consolidate all the individual's military technical training, military job experiences, etc., into equivalent college credit. Air National Guard personnel are authorized to participate in this program and may earn an Associate in Applied Science (AAS) degree in their military specialty. Popularity of this program has continued to grow with one hundred thirty-five (135) Florida Air National Guard members currently enrolled in a program. Twenty-one members have received their AAS degree to date through this program.

Base Contracting

The Base Contracting office has the responsibility of purchasing supplies, services and equipment for the 125th Fighter Interceptor Group. In addition, this office assists the office of the USPFO at St. Augustine in the administration of major construction projects being performed at the Air National Guard Base.

This office had 3,071 purchasing transactions, including Purchase Orders, Delivery Orders, calls against Blanket Purchase Agreements and Imprest Fund purchases, for a combined total expenditure of \$498,838.51.

Logistics Plans

The Logistics Plans area is responsible for Unit Deployment planning. Two Checkered Flag deployments were conducted during the last year. The first was a 6 aircraft deployment exercise on October 1982 UTA consisting of 46 tons of equipment and 180 personnel, which were processed and loaded ready to deploy within a 10-hour time frame. A second exercise was conducted on March 1982 UTA with a 4 aircraft equipment package deployed to Glynco Airport, Brunswick, Georgia.

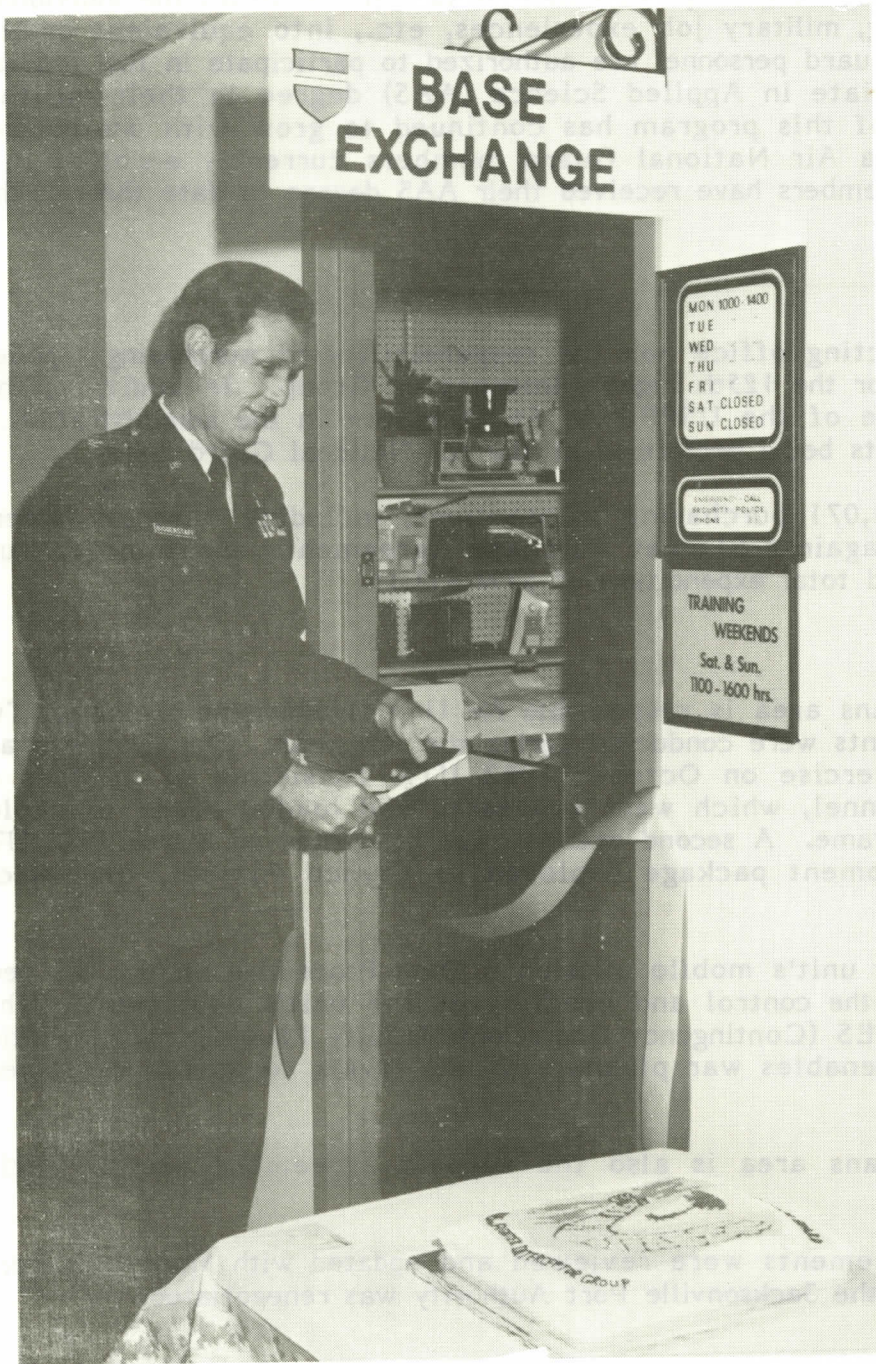

In support of the unit's mobile mission a Data Processing system has been implemented to assist in the control and handling of the unit's equipment. This system is called COMPES (Contingency Operations/Mobility Planning and Execution System). This system enables war planners at all levels to assess equipment readiness.

The Logistics Plans area is also the support agreement administrative monitor.

Two support agreements were reviewed and updated with Moody Air Force Base and the lease with the Jacksonville Port Authority was renegotiated.

Base Exchange

The unit formally dedicated its new Base Exchange with a ribbon cutting ceremony on 22 February 1983. The exchange will carry selected items provided by the Army and Air Force Exchange Service to accommodate personnel during unit training assemblies and annual field training periods.

*COL D. T. Biggerstaff, Group
Commander officially opens
new Base Exchange*

ADVISORS

ARMY

The mission of the Office of the Senior Army Advisor is to provide advice and assistance to the units of the Florida Army National Guard in all aspects of mobilization, training, administration, supply and maintenance in order to assist the National Guard in accomplishing its mission. The Senior Army Advisor Colonel Jackie E. Schmidt is the liaison officer between the Adjutant General and the Commander, U.S. Army Readiness and Mobilization Region IV, First U.S. Army.

The office of the Senior Army Advisor is located with Headquarters, Department of Military Affairs, St. Augustine. Four additional advisory detachments are collocated with the following major headquarters: 53rd Infantry Brigade (Separate) in Tampa; 53rd Signal Group in Tallahassee; 227th Field Artillery Brigade in Miami; and the 50th Area Support Group in Jacksonville. The authorized strength of the Office of the Senior Army Advisor, including the advisor detachments, is six officers, five noncommissioned officers and one civilian. Technical assistance and training support are provided by the U.S. Army Readiness Group at Patrick Air Force Base. Readiness Group Patrick supports both Army National Guard and Army Reserve units in Florida and is staffed with 29 officers, one warrant officer, 30 enlisted and 7 civilians.

AIR

The mission of the Air Force Advisor is to advise the Air National Guard in achieving and maintaining the highest possible state of combat readiness.

The Senior Air Force Advisor, LTC Richard E. Henderson, is the liaison officer between the 125th Fighter Interceptor Group Commander and the 23rd NORAD/ADTAC Region Director of Operations at Tyndall Air Force Base, Florida.

The Tactical Air Command is the gaining organization of the Florida Air National Guard.

The Air Force Advisor's office is located at the 125th Fighter Interceptor Group Headquarters, Jacksonville International Airport, Jacksonville, Florida.

**NATIONAL GUARD OFFICERS
ASSOCIATION OF FLORIDA**

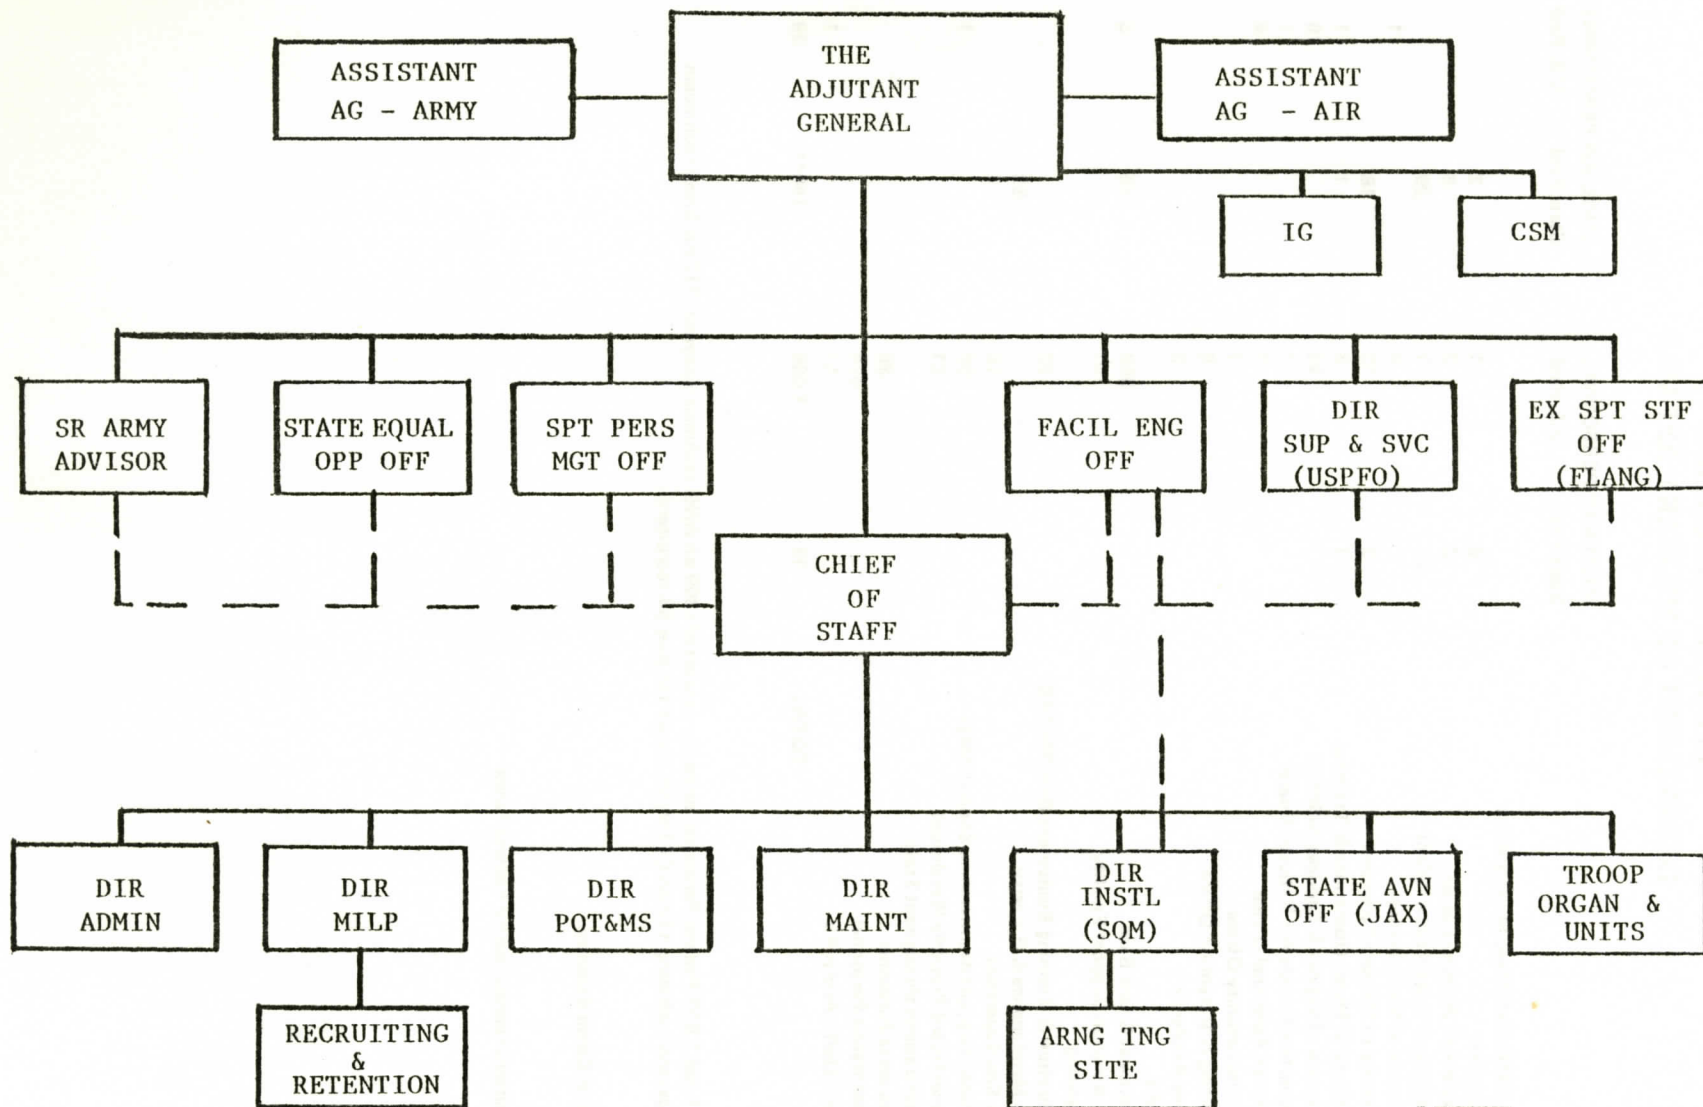

The National Guard Officers Association of Florida has been in existence since 1902. It consists of all officers and warrant officers of the Florida Army and Air National Guard. The organization is run on a democratic basis, with the officers elected by the membership. Committee meetings are held periodically during the year, and a general conference is convened annually at some location within the State. The annual conferences consist of business sessions during the day with the social functions in the evening.

The purposes of the Association are to promote and improve adequate national security; to provide a medium by which all officers of the Florida National Guard may become better acquainted; to establish a foundation for promoting esprit de corps in the Florida National Guard; to promulgate and support legislation in furtherance of the best interests of the Florida National Guard; and, to maintain an Association complementing and in harmony with the National Guard Association of the United States.

This Association has 100% membership of all active National Guard officers and warrant officers. Even though members attend the annual conferences at their own expense, attendance continues to average in excess of 50% at these conferences. The 81st Annual Conference was held at the Holiday Inn, Panama City Beach, Florida, on 25-26 March 1983.

Members of the Executive Council 1983-1984:

BRIGADIER GENERAL CLAUDE H. McLEOD - President
COLONEL EUGENE M. BASS - President-elect
MAJOR GENERAL EDMUND J. McMULLEN (RET) - Vice-president
COLONEL FRANKLIN M. PERSONS - Secretary-Treasurer

**125th CIVIL ENGINEERING FLIGHT
CONSTRUCTION, OPERATIONS, AND MAINTENANCE PROGRAM**

The following are Air National Guard Base Projects completed this year or planned for FY 84:

PROJECTS COMPLETED:

Approximately \$305,000.00 in Federal Funds have been expended during the year on construction maintenance and repair projects, some of which are as follows:

Construct Covered Storage for MX Trailer	\$ 70,000.00
Construct AGE Fuel TANK and Ready Line	85,000.00
Construct Meeting & Teaching Space in Facility No. 2	130,000.00
Construct Covered Storage at LOX	20,000.00

PROJECTS CURRENTLY IN PROGRESS:

Approximately \$2,118,000.00 in Federal Funds have been obligated for the following projects in design or in progress at this time:

Add/Alter Building No. 5, Squadron Operations	\$1,760,000.00
Construct Addition to Dining Hall	160,000.00
Construct Addition to Fire Station	180,000.00
Repair Aircraft Ramp	10,000.00
Construct 2,000 Gallon Fuel Tank	8,000.00
Repair Main Roof Hangar	100,000.00
Replace Sealing Material in Building Joints	10,000.00
Build New P.O. L. Lab	40,000.00

PROJECTS FORECAST FOR FY 1984 – \$3,699,000.00

Repair Supply Loading Dock	\$ 35,000.00
Aircraft Apron Addition	350,000.00
Warehouse Addition	148,000.00
Construct Base Fire Detection System	78,000.00
Washrack/Corrosion Control Facility	225,000.00
Construct A/C Defueling Area Additions	120,000.00
Build New Clinic	250,000.00
Install Air Conditioning in MA-1 Radar Shop	140,000.00
Construct New Civil Engineering Facility	1,000,000.00
Fuel Cell Repair Dock	1,275,000.00
Maintain Main Hangar Doors & Alert Hangars	20,000.00
Repair Building Canopies	20,000.00
Repair Storage Bay Doors	30,000.00
Construct Base Signs	8,000.00
