December 24, 1985

Honorable Bob Graham
Governor of Florida
Honorable Members of the Florida Legislature

Dear Governor and Members of the Legislature:

In accordance with Chapter 20.315 (15), Florida Statutes, the Department of Corrections respectfully submits its Annual Report for Fiscal Year 1984-85. This year's Report will provide you and other interested individuals and agencies with information regarding the activities, status, functions and impact of the Florida Department of Corrections as it executes its statutory responsibility for the custody, care, treatment, management, and supervision of adult and youthful offenders.

Should you have any questions regarding the material in the Annual Report, we will be happy to respond.

Sincerely,

A handwritten signature in cursive script, appearing to read 'L. L. Wainwright'.

LOUIE L. WAINWRIGHT
Secretary

SECRETARY'S MESSAGE

The year 1984-85 provided a continuing challenge to the Department to adhere to the high standards expected of it by the Executive, Legislative and Judicial branches of Government and by the People of Florida, whom we serve. Throughout the year we remained committed to the foremost principle of the Department, to provide optimum protection for the public. In doing so, the Department made every reasonable effort to effectively manage offenders placed under our supervision who were permitted to continue to live in free society, and to safely and responsibly control those incarcerated in prison. Compliance with court mandates and accreditation commission standards for Departmental services aimed at diverting certain offenders from traditional incarceration, especially youthful offenders, was, and continues to be, a top priority.

LOUIE L. WAINWRIGHT,
Secretary

The Department persists in the belief that many offenders are capable of changing their conduct, thus enabling them to successfully reintegrate into free society. During FY 1984-85, as in previous years, work assignments, academic and vocational education, religious programs, physical fitness and counseling targeted on the preparation of each inmate to meet the goal of reintegration. Offenders under supervision in the communities also benefitted from guidance and counseling.

The past fiscal year was a milestone in the journey of progress made by the Florida Correctional System toward compliance with the landmark *Costello v. Wainwright* overcrowding Agreement, filed in the U.S. District Court in February, 1980. The Agreement established new and more stringent requirements for correctional administration in the specific area of bed capacity. The Department of Corrections moved progressively and determinedly forward in attempting to meet and surpass the new requirements of the *Costello* Agreement. In spite of dramatic increases in inmate population, major improvements have been made since the *Costello* litigation began in 1972. The improvements were made possible by increased appropriations for operation of the Florida Correctional System from \$35,935,680 in FY 1972-73 to \$321,508,990 in FY 1984-85. Last fiscal year alone, 2,854 prison beds at design capacity were completed for use at a cost of \$86 million.

Although significant gains have been realized, the transition to a more conservative method of calculating beds capacity, and the previously agreed upon closing of a number of beds, resulted in the Department's capacity actually being reduced by a total of 4,644 beds as the new fiscal year began. Temporary housing, or "crisis beds," necessarily remain in the Department's inventory. Under the existing conditions, the Department is able to remain in compliance with the *Costello* Agreement, but just barely so. In the event of an inmate population surge in the future the Department could again face a serious overcrowding situation.

While the Department's move toward compliance with the *Costello* Agreement has been steadily progressing there remains much to be done. This is especially true in the area of medical service. The Department's health services provided at a majority of institutions range from adequate to excellent. However, Health care at certain major institutions continues to require determined effort and allocation of resources to reach desired standards of care. This is especially true at the Reception and Medical Center Hospital, where it has become necessary to close the facility's surgery pending completion of improvements.

Also during 1984-85 determined progress was made in our continuing effort to achieve compensation for our correctional officers appropriate to the essential work they do. Persistent appeals to the State Legislature resulted in the appropriation of \$2.4 million for correctional officer pay increases. We are pleased with the progress made, yet much remains to be accomplished before full parity with other law enforcement professionals is achieved.

Departmental efforts to successfully convert policy to practice is attributable to the performance of our people. Governor Graham publicly recognized the professionalism and commitment of DC employees in his proclamation declaring May 5-11, 1985, Correctional Officer Week. Each Region nominated a correctional officer who had achieved an outstanding level of proficiency in their field. From this group of finalists, Sgt. John D. Williams of Indian River Correctional Institution was chosen Correctional Officer of the Year. The accomplishments of all these men testify to the determination of virtually every DC employee to succeed in the challenging field of Corrections.

The achievements of 1984-85 provide the foundations upon which the future of Corrections in Florida will be built. We must view them not as blocks to rest upon, but as cornerstones on which to build further protection for society and better prospects for life as law-abiding citizens for those offenders committed to our supervision.

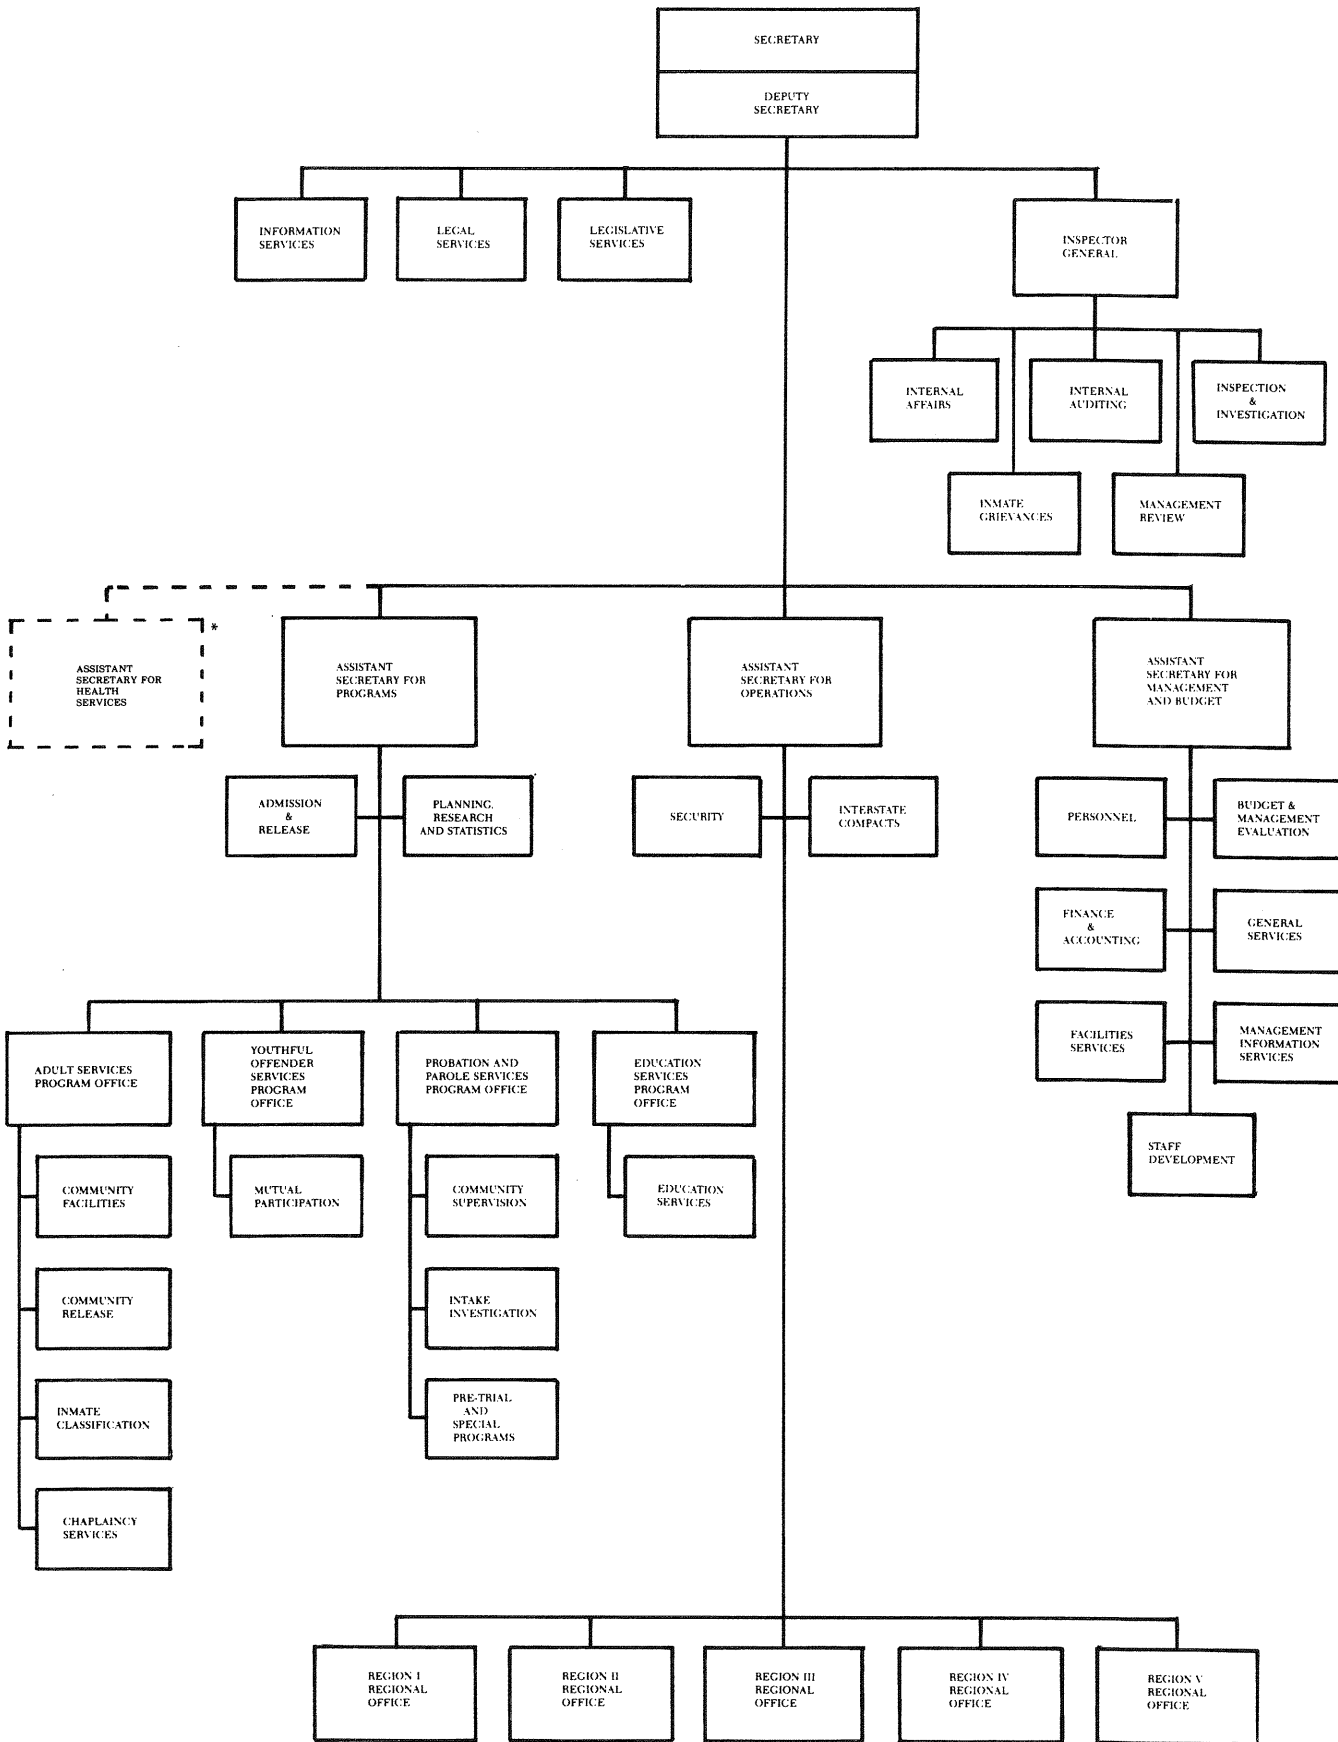

CORRECTIONAL OFFICER OF THE YEAR 1984-85

**Sgt. John D. Williams, Indian River
Correctional Institution, Region IV**

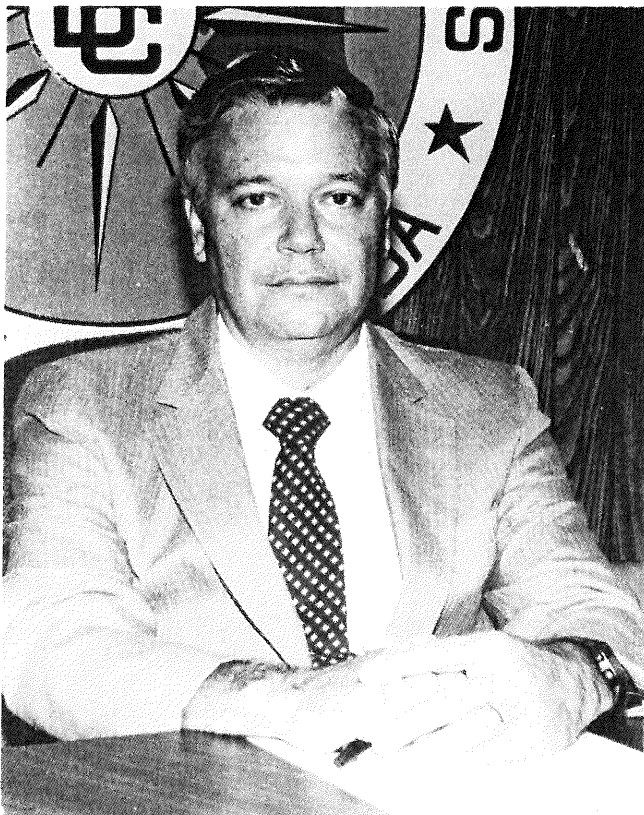

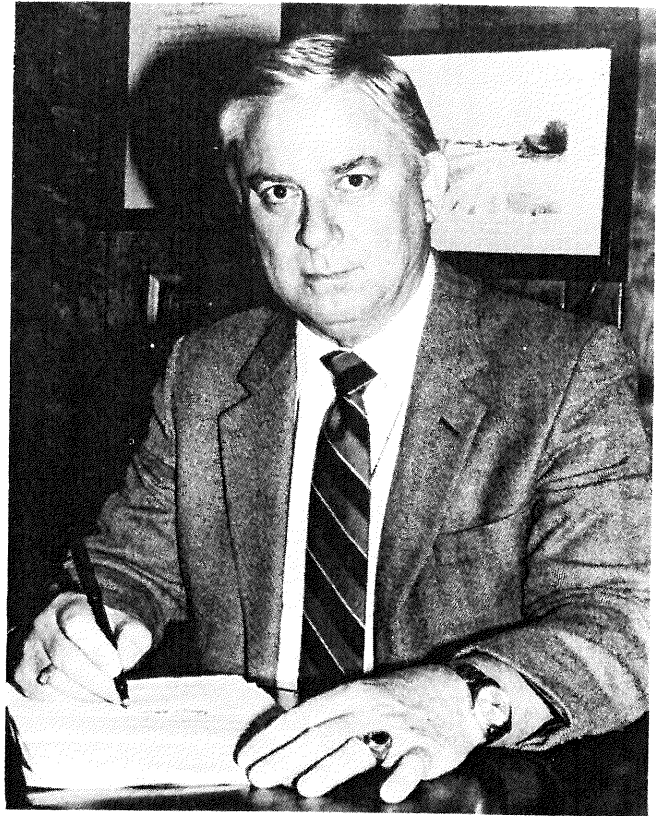

Sgt. Williams has been employed at Indian River C.I., a Youthful Offender Institution in Vero Beach since October, 1983. Prior to his employment with the Department of Corrections, Sgt. Williams served in the U.S. Army with the Combat Engineers Corps and the Army Security Agency. Since his assignment to Indian River C.I. he has earned an AA Degree in Criminal Justice from Indian River Community College. Sgt. Williams and his wife, Christa, have three children, Thomas, 21; Iris, 19 and Neal, 16.

DEPARTMENT ORGANIZATION CHART

MANAGEMENT

SECRETARY LOUIE L. WAINWRIGHT is chief administrator of the Department of Corrections. He has held this position since July, 1962 and has served under five Governors. The Secretary has the authority and responsibility to plan, direct, coordinate and effect the powers, duties and responsibilities assigned to the Department. Through daily contacts and weekly staff meetings, Secretary Wainwright provides guidance to the entire Department, identifies major issues and directs the planning and implementation of policies and procedures necessary to the operation of the State Corrections System.

DEPUTY SECRETARY DAVID D. BACHMAN shares the total management responsibility with the Secretary and in the absence of the Secretary acts on his behalf. Mr. Bachman has served in several major institutions and has held key administrative assignments throughout the Department since the commencement of his employment in 1957. He has been assigned to numerous special task forces and committees which have produced recommendations and guidelines in virtually every area of correctional endeavor. Mr. Bachman received his Masters Degree from Florida State University and has attended the Harvard University Program for Senior Executives in State and Local Government.

FUNCTIONS

OFFICE OF THE SECRETARY

Executive Direction: The Secretary has the authority and responsibility to plan, direct, coordinate and effect the powers, duties and responsibilities assigned to the Department.

Information Services: Provides liaison with the news media; responds to requests for information from the news media and the public sector; produces the Department Newsletter; coordinates release of information by the Department.

Legal Services: Coordinates legal services; represents the Department in court suits; renders legal opinions as necessary to the Secretary and other staff of the Department; coordinates and provides for promulgation of Department Rules.

Legislative Services: Coordinates all legislative liaison activities; analyzes and evaluates proposed legislation for potential impact upon the Department; coordinates development of Department positions on proposed legislation.

Inspector General: Conducts internal affairs, investigations and audits; inspects jails and prisons and investigates matters related to their operations; investigates and reports upon inmate grievances; conducts management evaluations.

Accreditation Manager: Supervises the Department's Accreditation efforts and the continuing process of re-accreditation statewide, which includes liaison between the Department and the Commission on Accreditation for Corrections, and coordination and monitoring of all agency accreditation activities.

Mr. HARRY K. SINGLETARY, Jr.
ASSISTANT SECRETARY FOR OPERATIONS

Mr. Singletary has served in the Department of Corrections since 1979 and in his present position since 1983. Prior to his present assignment he was Regional Director, Region V of the Department. He also served with the Illinois Department of Corrections for more than nine years, working primarily in the juvenile division. Mr. Singletary received his Masters Degree from the University of Chicago and has attended the Harvard University Program for Senior Executives in state and local government.

Dr. JAMES NATHAN COLE
ASSISTANT SECRETARY FOR PROGRAMS

Dr. Cole has over fifteen years experience in criminal justice and highway safety. Prior to joining the Department of Corrections in 1983 he served as Public Safety Policy Coordinator in the Executive Office of the Governor, State of Florida. He is a frequent contributor to the professional literature in criminal justice and policy analysis. Dr. Cole received his Doctor of Philosophy Degree in Government from the Florida State University.

ASSISTANT SECRETARY FOR OPERATIONS

Operational Supervision: Responsible for direct supervision of the five Regional Directors and the delivery of all Departmental programs and services in the Regions through major institutions, community facilities and Probation and Parole Services.

Interstate Compact Authority: Arranges and coordinates the implementation of the Interstate Compact Agreement; implements interstate extradition proceedings.

Security Coordinator: Monitors and evaluates security programs at all facilities; advises superintendents in the event of riots, disturbances, or potentially dangerous situations; monitors care and control of all movable security equipment; reviews security plans of all proposed institutions.

ASSISTANT SECRETARY FOR PROGRAMS

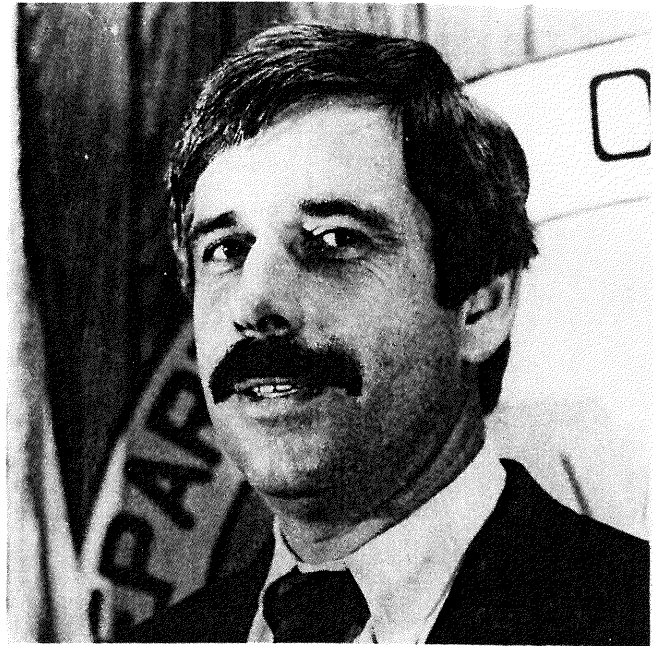

Supervision of Program Offices: Assesses program needs, develops policies, monitors and controls program quality and provides technical assistance in the areas of Adult Services, Youthful Offenders, Probation and Parole Services and Health and Education Services.

Admission and Release Authority: Receives, documents and establishes the official record of all persons sentenced to the Department of Corrections; the physical movement of inmates between institutions and community facilities and returning parole violators from out-of-state.

Planning, Research and Statistics: Develops goals, objectives and performance measures; evaluates programs of the Department; forecasts prison populations and probation and parole supervision caseloads, produces the Department's Annual Report; provides recurring monthly reports regarding admissions and releases and status of the population under supervision.

**Mr. WILLIAM J. THURBER, ASSISTANT
SECRETARY FOR MANAGEMENT AND
BUDGET**

Mr. Thurber has served with the Department of Corrections since 1976, first as Administrative Services Director, supervising a Regional Office of Management and Budget, then as Industries Administrator prior to assuming the responsibilities of his present position in 1985. He received his Master of Business Administration Degree from the University of Florida.

**Mr. DAVID H. BRIERTON, INSPECTOR
GENERAL**

Mr. Brierton has served in his present position since 1979, having transferred from the position of Superintendent, Florida State Prison, which he had occupied since 1977. His experience in Corrections is extensive, having begun in 1960 in the Illinois Department of Corrections. At the time of his departure from the Illinois Department he was warden of Stateville Penitentiary, the largest prison in the State of Illinois. He received his Bachelor of Arts Degree from Chicago State University and, in 1972-73 was a Criminal Justice Fellow at the Harvard University Law School.

ASSISTANT SECRETARY FOR MANAGEMENT AND BUDGET

Personnel: Represents the Department in all personnel matters; assists department management in collective bargaining activities; provides personnel law and rule interpretation and application; analyzes and processes all classification and pay requests.

Management Services: Plans, organizes, coordinates and supervises fund allocations and releases; coordinates statewide legislative and operating budget preparation; supervises general services relative to purchasing and property management, food service, energy and preventative maintenance activities; provides facility services pertaining to design and supervision of all projects assigned to the Department; provides management information services relative to design and implementation of approved automated information systems and routine system maintenance; and finance and administrative services, to include preparation and analysis of financial statements, monitoring fund balances and releases, preparation of reports of requested financial data, pays invoices, processes payroll change.

Staff Development: Coordinates and supervises all staff training programs.

INSPECTOR GENERAL

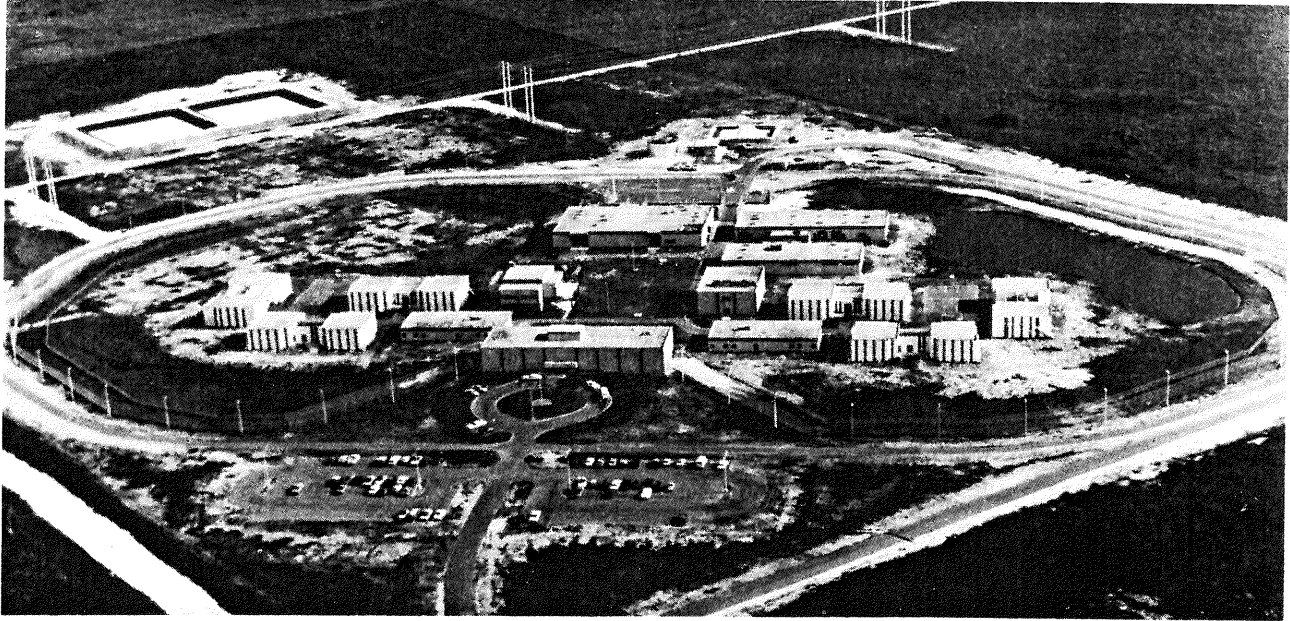

Internal Affairs: Conducts investigations involving employees of the Department; background investigations on prospective employees in designated positions; provides liaison with law enforcement agencies.

Inspections and Investigations: Provides inspection services and enforces rules and regulations for state and local detention facilities; provides technical assistance to and liaison with local law enforcement officials; reviews and approves plans for local detention facilities; investigates rule or law violations, use of force by staff members controlling inmates, causes and effects of riots or other institutional disturbances; assists in resolving institutional emergencies; provides technical expertise in use of force, chemicals and special weapons; investigates inmate grievances and claims and distributes claim warrants.

Management Review and Audit: Develops, organizes, coordinates and monitors standardized management review procedures and procedures for resolution of jail inspection and discrepancy follow-up; reviews special programs for conformance with all federal and state laws and Departmental rules and regulations; provides fiscal audit capability for the Department and liaison with the legislative staff.

Architectural Engineering Management: Approves all county and municipal detention facility plans for new construction or renovation; performs final inspection of new construction or renovation; issues certificate of compliance with Section 33-8, Florida Administrative Code; provides minimum construction standards.

BROWARD CORRECTIONAL INSTITUTION

LAKE CITY COMMUNITY CORRECTIONAL CENTER

CORRECTIONAL FACILITIES

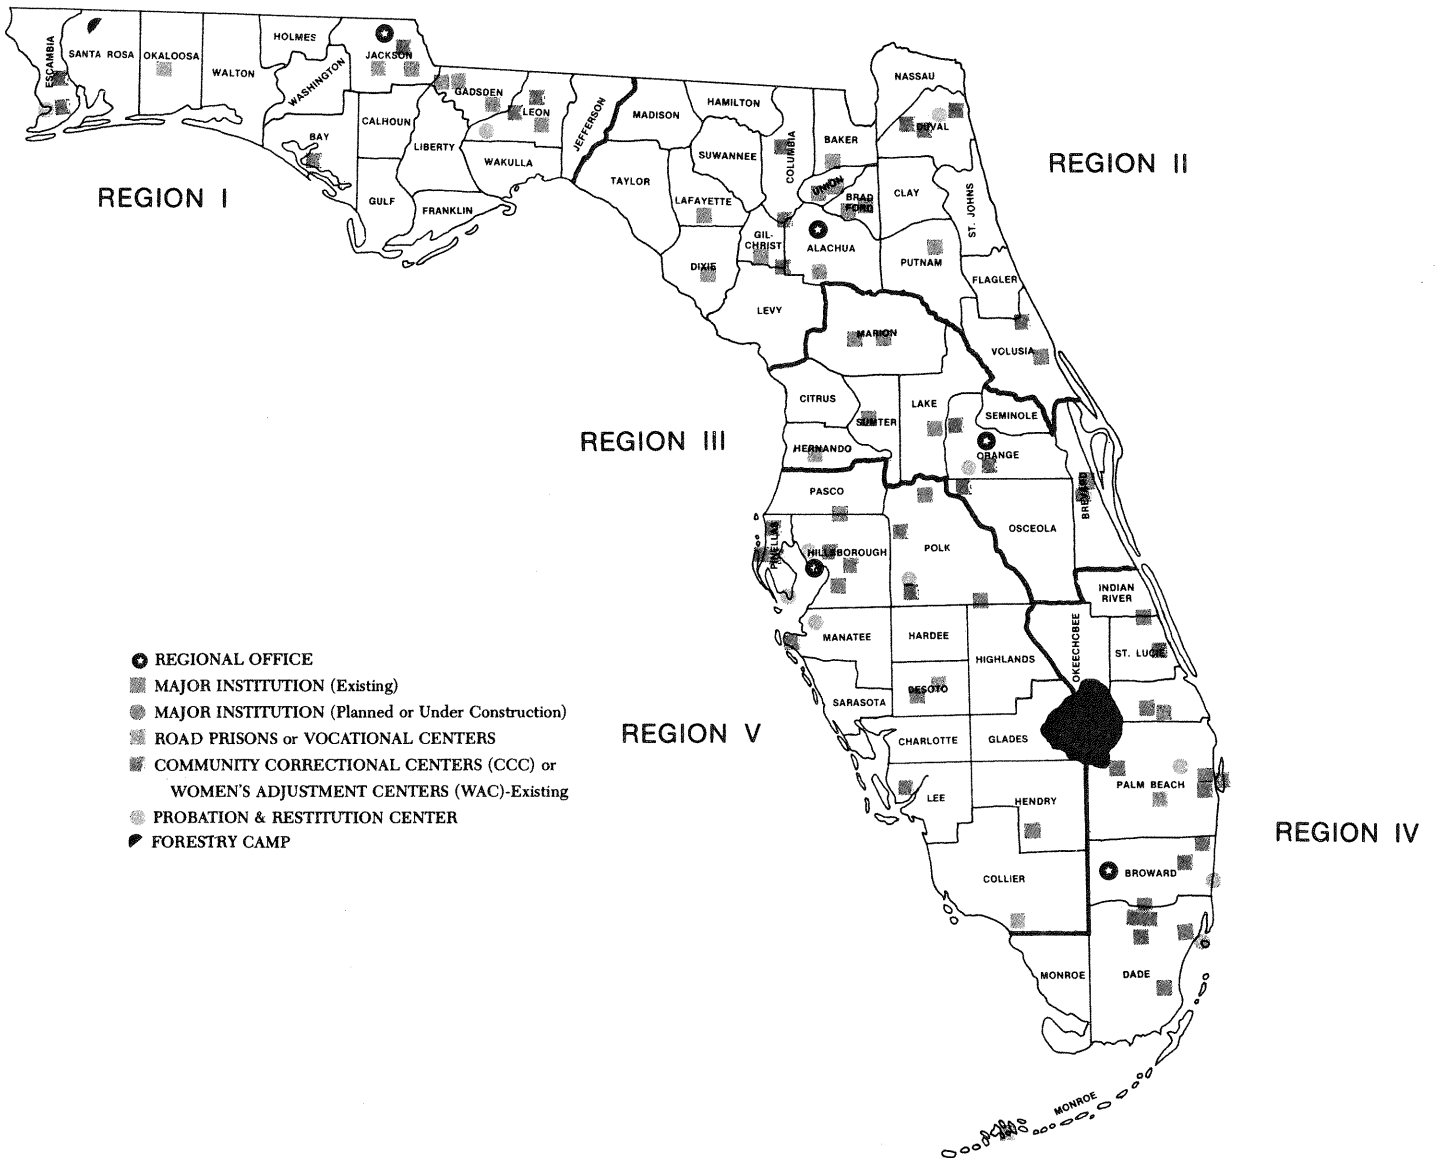

Facilities required for housing incarcerated offenders are located throughout Florida. The geographical separation of similar facilities provides additional opportunities for appropriate programming and management of the inmate population.

THE DEPARTMENT IS RESPONSIBLE FOR:

SUPERVISING 28,310 OFFENDERS

IN

85 FACILITIES

*June 30, 1985

PROBATION AND PAROLE OFFICES

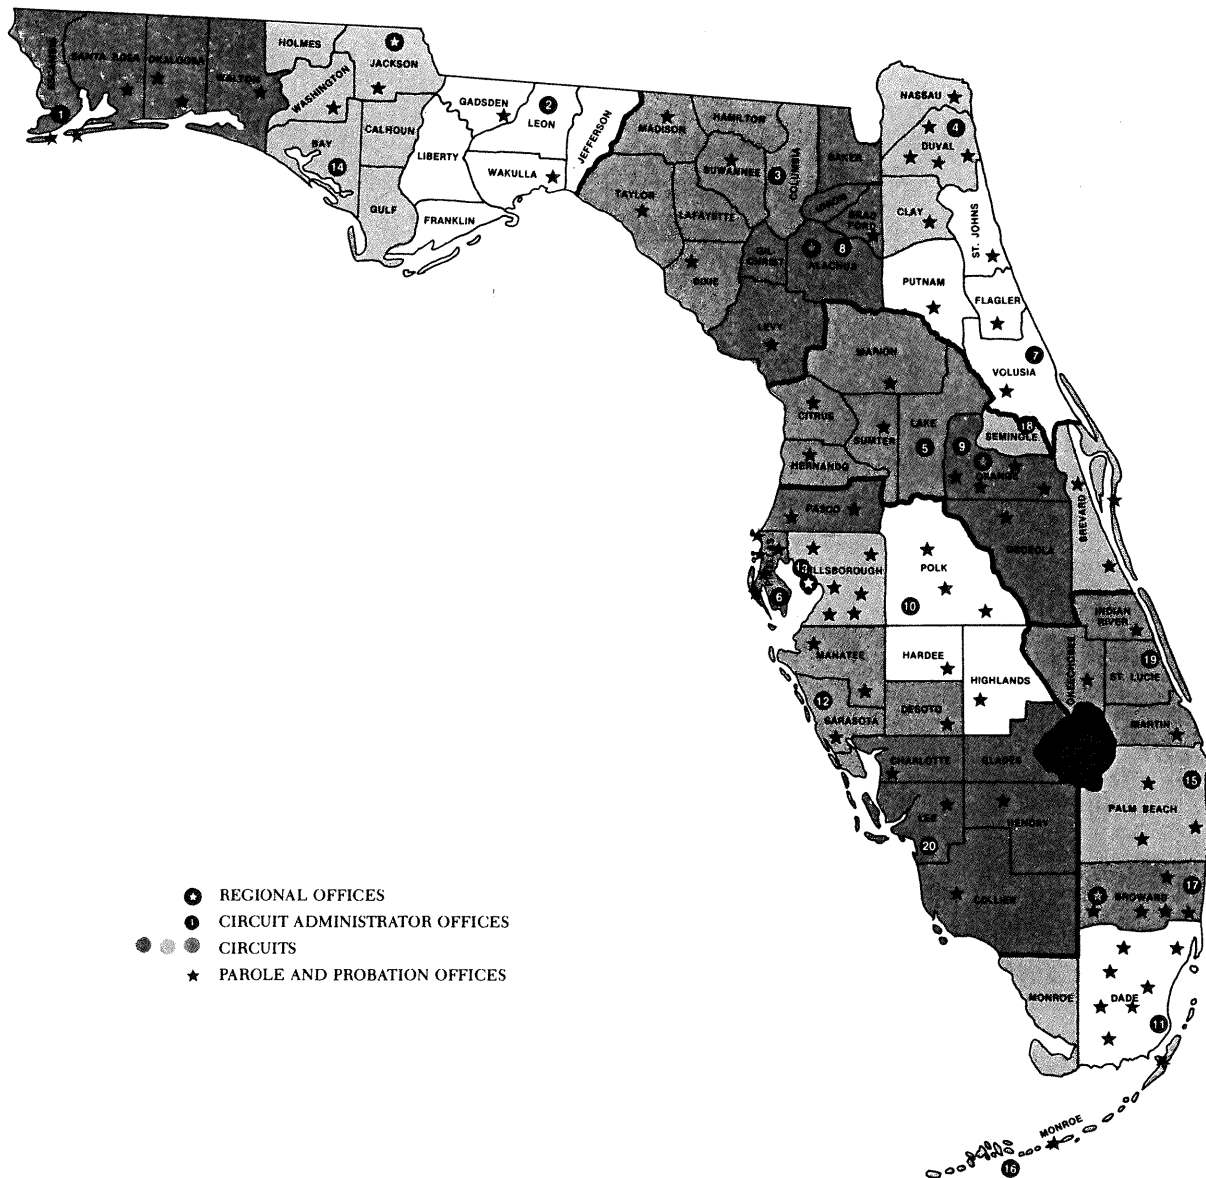

Diversionary strategies are a critical factor in the success of any offender based criminal justice system. Florida relies on the quality and professionalism of the Probation and Parole offices to keep diversionary practices a viable alternative for offender rehabilitation.

THE DEPARTMENT IS RESPONSIBLE FOR:

SUPERVISING 73,866 OFFENDERS

FROM

103 PROBATION PAROLE OFFICES

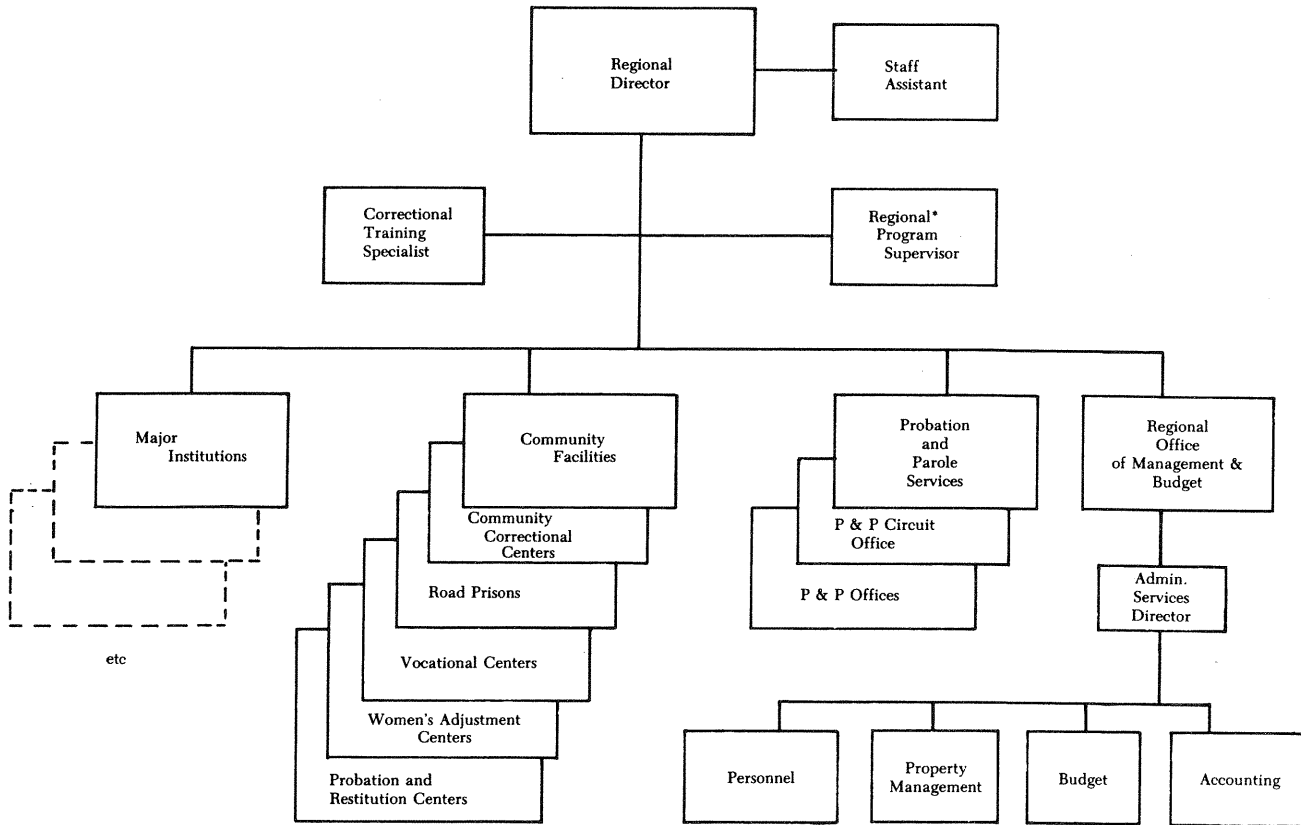

*June 30, 1985

REGIONAL ORGANIZATION

Correctional Facilities and Probation and Parole Offices are administered through five regions. Each Region is headed by a Regional Director who supervises the activities of the Superintendents of Major Institutions within the Region, the Superintendents of Community Facilities and the Regional Probation and Parole Supervisors. Regional Directors are responsible for financial administration and personnel management within their respective Regions and for ensuring that Departmental policies are carried out and standards of services complied with. Regional organizations and functions are as shown below.

TYPICAL ORGANIZATION

*Not in All Regions

REGIONAL FUNCTIONS

Each Regional Office coordinates activities and solves problems at major institutions in accordance with standard Department diagnosis, evaluation, referral, classification and case management procedures.

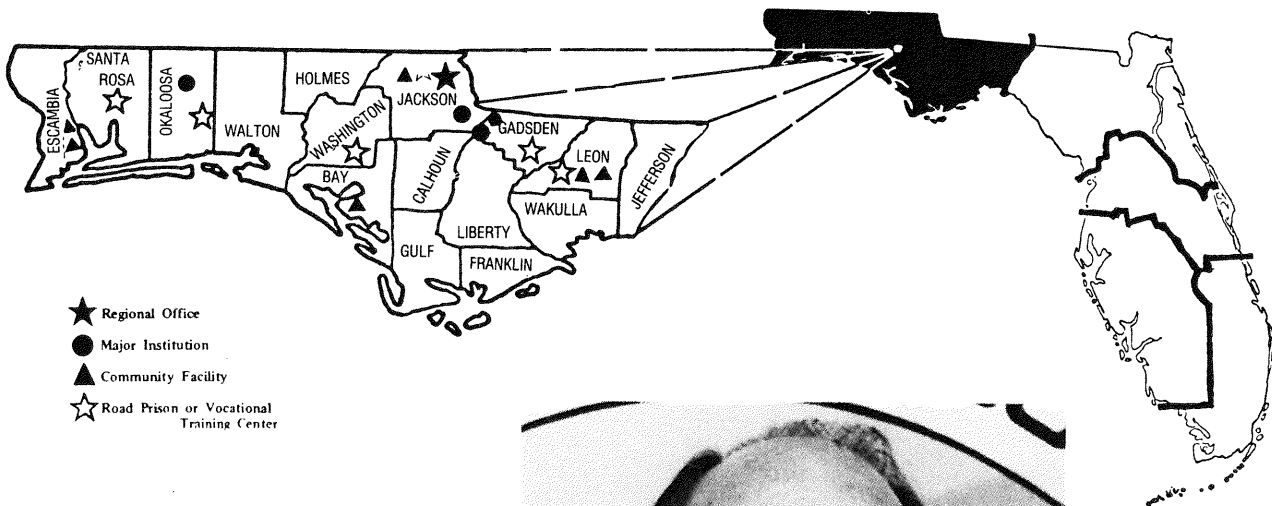

The activities of all Community Correctional Centers, road prisons, vocational training centers, women's adjustment centers and probation and restitution centers are also directed by the Regional Office in accordance with Central Office policies and directives.

Regional Offices coordinate and direct all probation and parole services program activities in accordance with policy guidelines and program directives from the Central Office, to include supervision, investigation, intake and diversionary programs.

Each Regional Office performs personnel management activities, to include maintenance of personnel files and related records for personnel of community facilities, probation and parole offices and the regional office. In addition, regional officers maintain property accounting records, document all property transactions and maintain property management and control.

In addition, the Regional Offices prepare and submit regional budgets, monitor operating accounts and expenditures and supervises regional fund allocations and releases.

DEPARTMENT GOALS 1983-85 BIENNIUM

1. Provide humane environment in sufficient facilities to accommodate current and potential inmate population.
2. Enhance community-based alternatives to incarceration.
3. Provide health services in accordance with Accepted Health Services Standards and the Department's Comprehensive Health Services Plan.
4. Provide mental health care for all inmates in need.
5. Improve the quality of food services for inmates.
6. Enhance religious services to inmates.

DEPARTMENT GOALS (Cont.d)

7. Continue to improve Youthful Offender Programs.
8. Maintain American Correctional Association Accreditation Standards.
9. Provide adult basic education and vocational training to inmates.
10. Improve efficiency, productivity and accountability.
11. Improve the delivery of services based on specific program needs.
12. Continue to reduce staff turnover.
13. Continue to improve correctional work programs.

ACTIVITIES, ACHIEVEMENTS AND RECOMMENDATIONS

OFFICE OF THE SECRETARY

Information Services Office:

Media Relations Training: The Information Services Office continued toward its primary goal of facilitating the smooth flow of information between the agency, the news media and the public sector. A successful media relations training program was instituted for the purpose of assisting correctional administrators and officials in responding more positively to inquiries of the news media. During the year training sessions were conducted at institutions and regional offices throughout the Department. Approximately 350 DC personnel were trained at these sessions.

Legal Services:

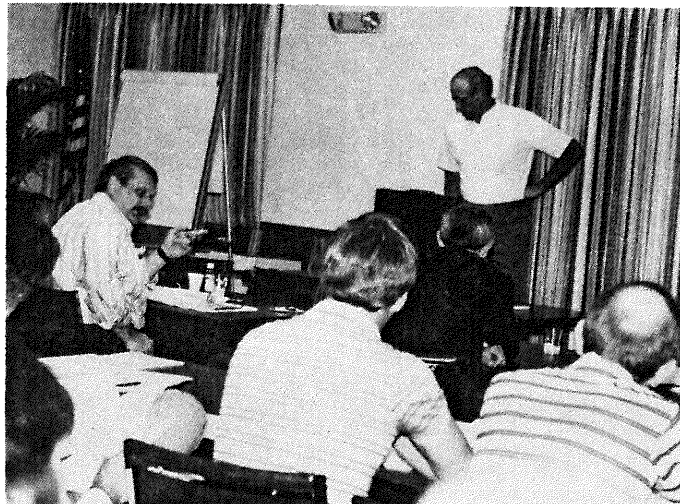

Rule Making Process Updated: The Legal Services Office has accomplished significant improvements in Departmental rule making, resulting in better court decisions when the rules are challenged. Under current practices, Department rules can be kept current through the process of rule amendment, a more practical method of change. Legal Services has also improved working relationships with field components through provision of additional field training opportunities and advice on matters of concern to field administrators.

Legislative Services:

Coordination of Legislation: In meeting its routine responsibilities during the past year, Legislative Services coordinated the Department position with the State Legislature on issues critical to the Department's goals and objectives, especially in the area of youthful offenders, inmate education, inmate work squads, functions of the inspector general, sentencing guidelines, minimum mandatory sentences and gain-time. In addition, Legislative Services coordinated responses to approximately 175 legislative inquiries regarding inmates and Departmental operations and policies.

Inspector General's Office:

The Inspector General has endeavored to maintain a high level of staff expertise and proficiency by conducting conferences, workshops and seminars and encouraging their participation in other activities designed for the professional development of assigned staff.

Inmate Grievance Administrator Bill Bedingfield addresses a workshop for Inspector General staff.

Bureau of Internal Audit:

Business Office Operations Evaluation: The Bureau of Internal Auditing developed the Business Office Operations Evaluation Program to determine institutional compliance with established Policy and Procedure Directives, as well as the Florida Statutes and to determine adherence to good business practices. Internal auditors completed these evaluations at approximately 20 institutions during the year. A major impact was achieved through the establishment of better control over cash, merchandise, the overall accountability of the inmate welfare fund and other local funds at the institutional level. In total, 32 special audits were conducted, 34 follow-ups on audit criticisms were made and 23 special follow-up investigations performed.

Bureau of Inspections and Investigations:

Inspection/Investigation Activity: Some 575 county and municipal jails were inspected twice during the year and necessary review and follow-up on deficiencies were made. There were 173 cases where technical assistance was provided to counties to solve jail problems.

A more aggressive approach to instituting legal action against local governments for jail violations was adopted. A weekly Jail Review Committee meeting has been held to assist the Correctional Internal Inspectors in determining if legal action should be initiated. The county and city detention facility inspection reports were revised and refined to reduce the collection of redundant and superfluous information.

In addition there were 1,415 criminal and internal investigations conducted. A total of 21 Correctional Internal Inspectors obtained police officer certification.

Bureau of Inmate Grievances:

Revision of Inmate Grievance Process: Effective May 7, 1985, the Inmate Grievance process was revised and implemented in compliance with Title 42, United States Code. A training program in the new procedure was initiated and is continuing for institutional personnel and the total inmate population. Certification of the Inmate Grievance Procedure by the U.S. Department of Justice is pending. During FY 1984-85, 2,733 inmate grievances were processed by the Bureau of Inmate Grievances.

Bureau of Management Review:

Management Review Schedule: A Management Review Schedule and work flow control chart was implemented to promote regular scheduling of management reviews and of central office functional areas and to serve as a means to suspense essential steps in the Management Review Process.

OFFICE OF THE ASSISTANT SECRETARY FOR OPERATIONS

Having day-to-day responsibility for directing the provision of correctional services of the Department, the achievements of the office of Assistant Secretary for Operations are primarily found among the accomplishments of the regions and their field components. Operations assures that the desires of the Secretary are carried out by field components through direct supervision of and operational control over the Regional Directors. Implementation of Central Office programs is supplemented by the origination and direction of requirements by the Assistant Secretary for Operations aimed at more efficient and safe performance of correctional services.

Institutional Changes: During the past year several major institutions have been enlarged and renovated. Additionally, two major facilities in south Florida have been opened. The Main Housing Unit, "The Rock", at Union Correctional Institution was closed after fifty-seven years of service. The Reception and Medical Center Annex 1, commonly referred to as the Butler Transit Unit, was also closed in compliance with the *Costello v. Wainwright* legal settlement.

Bureau of Interstate Compacts

In-State and Out-of-State Supervision: The Bureau, which is responsible for transfer of offenders to and from other states and for interstate extradition proceedings and administration of the interstate agreement on detainers, coordinated transfers of 8,070 Florida parolees and probationers out of state and 4,589 out of state parolees and probationers in Florida. As of June 30, 1985 there were 55 Florida inmates incarcerated in other states and 49 other state inmates incarcerated in Florida.

THE REGIONS

Programs designed and initiated by the Central Office would remain simply good ideas on paper were it not for the implementation of their goals and objectives by Regional staff and the commitment to excellence of administrators and employees of field components.

Regions were active in coordinating, setting into motion and operating major new institutions and community facilities, making numerous new beds available to alleviate overcrowding. The closing of two major units made necessary the classification and transfer of more than 800, inmates who were absorbed by other facilities in the system.

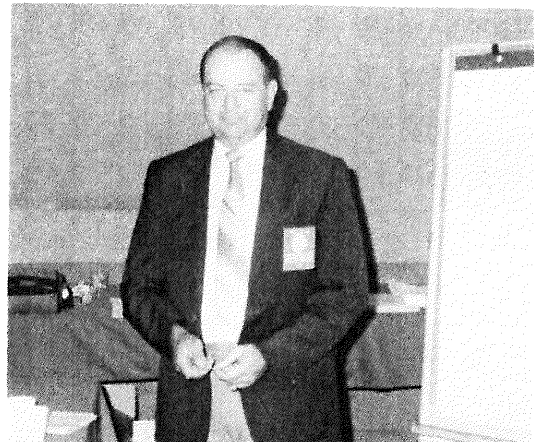

During FY 1984-85, coordination with field elements resulted in the opening of a new 100 bed Community Correctional Center at Dinsmore, north of Jacksonville and two new Probation and Restitution Centers, one at Bradenton and one at Tallahassee. Also, 24 bed additions were added to the Bartow, Bradenton, Ft. Myers, Hollywood, Kissimmee, Lake City, Lantana, Santa Fe and Tallahassee Community Correctional Centers.

The Basic Release Assistance Program designed by the Central Office was given its field test in Region I. Subsequently, the staff at all major institutions was involved in the administration of this important program.

Notable training accomplishments included the important area of emergency preparedness, for which special training programs were developed and conducted. Also, in the area of inmate education, extensive re-direction of policy required education managers at institutions to make new contractual arrangements with local education providers.

Probation and Parole circuits and offices achieved re-accreditation through meeting the highest percentage of standards in the nation among comparable systems.

Community involvement with field components was exemplified by an active volunteer program in every region. Service to the community was rendered by inmates who under correctional officer supervision, helped incinerate citrus trees ordered destroyed by the Department of Agriculture to halt the spread of citrus canker. In these and many other areas, each region is able to report major accomplishment.

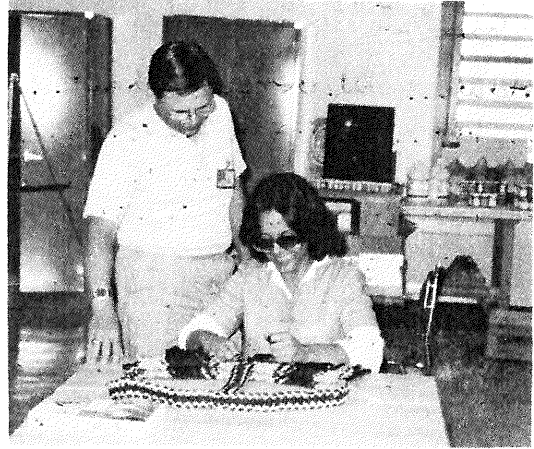

Mr. Howell Winfree chaired the task force which developed a comprehensive outline of training for correctional probation officers which included basic and advanced as well as supervisory and administrative training.

REGION I

Operating under a contractual agreement for programs with the Department of Health and Rehabilitative Services, the Corrections Mental Health Institution opened in January, 1985. The Institution is designed to enhance each inmate's emotional resources and social skills, thereby promoting reintegration into the general prison population and, ultimately, return to free society. Treatment programs are provided in mental health, medical and dental, educational and recreational fields. The Corrections Mental Health Institution is an internally and externally secure facility, located on the grounds of the Florida State Hospital in Chattahoochee, Florida.

Apalachee Correctional Institution has been making further progress with its Mental Health Program. A Comprehensive Substance Abuse Program emphasizes the development of communication skills and problem and stress management for inmates in the general population. A special psychological program, including positive reinforcement, conflict resolution, problem solving techniques and methods to cope with frustration is provided for those inmates in confinement.

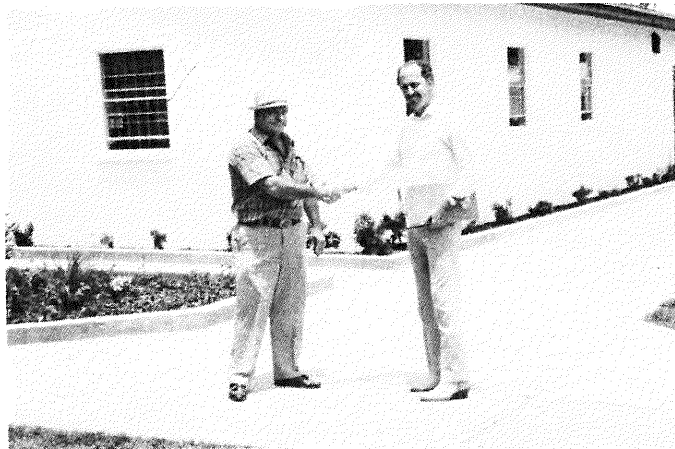

Staff member Tom Harris of the Corrections Mental Health Institution provides guidance to an inmate participating in a therapy program.

In March 21, 1985 ground was broken for the new chapel at Apalachee C.I. - West Unit. When completed in January, 1986, the chapel will have 4,600 square feet of floor space and will cost approximately \$90,000. Funding for the chapel was arranged by Chaplain John Paulk, who enlisted the support of ACI employees, local citizens and churches. More than half of the funds have been raised through these private sources at this time. Inmates assigned to the institution will provide the labor to build the chapel.

Institutional Chaplain John A. Paulk; Reverend Calvin Dane, Chairman of Chapels for Prisons, Inc.; Mr. Phillip C. Shuford, Regional Director and Mr. J.D. Folsom, Assistant Superintendent, Apalachee C.I. - West Unit, (L to R) assist in the ground breaking for the new chapel.

A very significant accomplishment during the fiscal year was the completion of a new dormitory at Berrydale Forestry Camp. The Camp, located near Jay, Florida provides inmate labor to the Division of Forestry for tasks in the Black-Water Forest, and to the Department of Transportation. The new concrete block dormitory, which was completely constructed in the quick time of 52 working days, will house 46 inmates and contribute to the Department's ability to meet critical bed space needs.

Mr. Mike Scheimer (R), Bureau of Facilities Services, congratulates Mr. Simon Curry (L), Maintenance Specialist, whose hard work and dedication enabled the rapid construction of Berrydale Forestry Camp's new dormitory which is shown behind the two men.

At River Junction Correctional Institution, the medical staff gained in capacity to administer services to medical emergencies of a cardiac nature with the acquisition of Life-Pak V, Cardiac Resuscitation equipment.

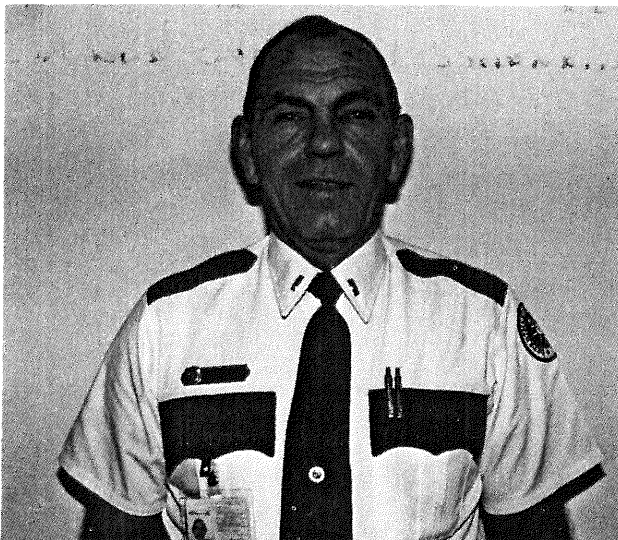

Medical Technicians Margie Hyatt (L) and Johnnie Davis (R) demonstrate River Junction C.I.'s new Life-Pak V.

On March 12, 1985 in Tallahassee, the Probation and Restitution Center held an open house to provide local criminal justice officials an opportunity to tour the facility and review center programs. The Tallahassee PRC is a new facility built to Department developed specifications. Normally, PRC's are renovated buildings adapted for PRC use.

Community Facilities Superintendent, Region I, George Ragans accompanied Parole and Probation Commissioner Tony Fontana on a tour of the Tallahassee Probation and Restitution Center.

CORRECTIONAL OFFICER OF THE YEAR Finalist, Region I

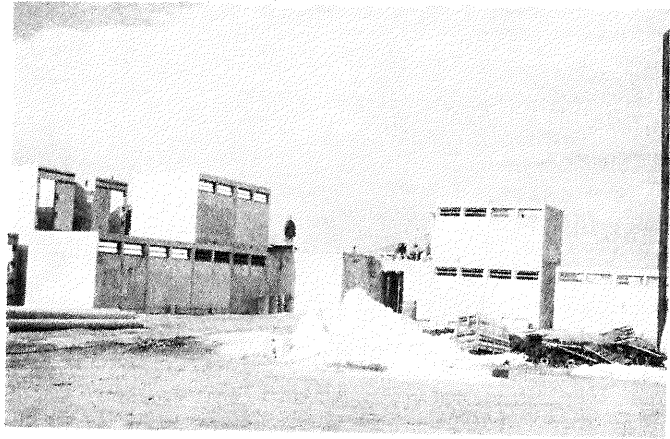

**Lt. (then Sgt.) Robert M. Milam,
Okaloosa C.I.**

Lt. Milam has been employed with the Department of Corrections since March 1978, and has served at Avon Park C.I. prior to his assignment to Okaloosa C.I. He has been instrumental in the development of the Joint Effort Program at the Institution which purpose is to acquaint delinquent youths with the reality of imprisonment through conversation with inmates, hopefully resulting in a change in the delinquents' conduct.

Lt. Milam and his wife, Patsy, have three children, Robert, 23; Kimberly, 21 and Dodie, 20.

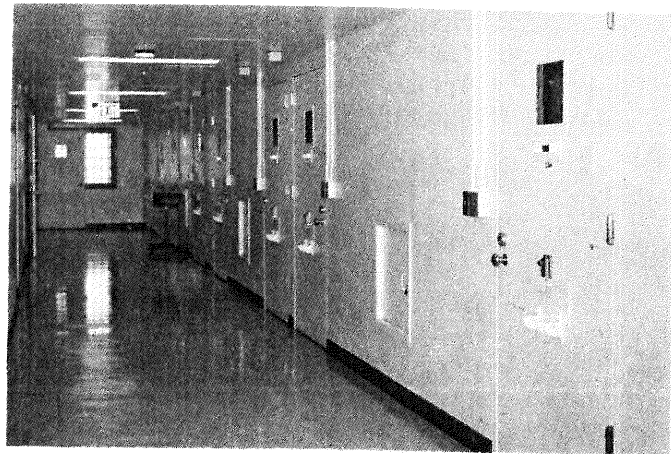

REGION II

Effective June 30, 1985, in response to requirements of the *Costello v. Wainwright*, Union Correctional Institution's historical Main Housing Unit, "The Rock", (depicted on the cover of this report), was no longer used to house inmates. Built in 1928, the original structure has housed up to 3,732 inmates. A new \$5.5 million dollar confinement unit housing 336 inmates, known as the Southeast Unit will house confinement-status and close management inmates, and contain state-of-the-art security and fire safety systems. A new construction technique involving the pre-fabrication of individual cells in Tampa; their transportation to Raiford and their assembly at the construction site conserved resources and cut construction time to eight months.

The Southeast Unit at Union Correctional Institution under construction.

Another significant closing was accomplished in Region II when use of the Reception and Medical Centers Annex 1 (Butler Transit Unit) was discontinued. The 473 inmates formally housed in the facility were transferred to various correctional facilities in the system.

Single man security cells constructed as part of the renovation of Mental Health Facilities at Union Correctional Institution.

Following several years of planning, much needed renovations were made to Union C.I.'s Mental Health facilities. A total of \$273,032 was provided by the Florida Legislature to fund the construction required. Major features of the renovation include construction of 10 single man security cells in a section of the old hospital; renovation of bathrooms and showers; installation of smoke detectors, a fire alarm system and an intercom surveillance system. Occupancy of the new cells began in February, 1985.

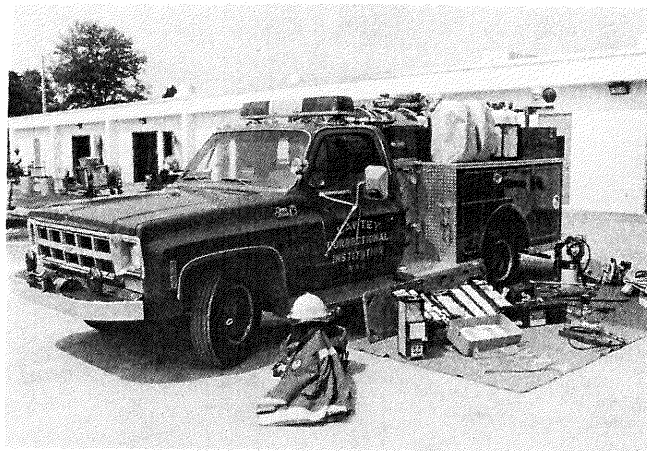

Critically needed inmate beds were provided as construction at Mayo C.I. and Putnam C.I., begun in the preceding fiscal year, went operational in FY 1984-85. A total of 1,066 inmate beds were added.

The addition of the first half of the Planned Vocational Training Building at Baker Correctional Institution greatly enhanced training opportunities for inmates preparing for release. Training in automotive mechanics, cabinet making, electrical wiring, masonry and plumbing is conducted in the new structure.

The Food Service facility at Putnam C.I.

Lawtey C.I. is the home station for one of Bradford county's most professional fire fighting units. All members of the fire station are trained in International Fire Service Standards. Training sessions are conducted two days per week. The Lawtey C.I. Fire Station is a first line station for Bradford County, responding to fires, automobile accidents, other rescue requests and mutual aid requests from other emergency services. The station is manned seven days per week, 24 hours per day. In FY 1984-85 the Lawtey C.I. Fire Department handled over 200 calls for assistance. The station is able to have emergency equipment on its way within an average 35 seconds from time of notification.

The Quick Response Unit of the Lawtey C.I. Fire Station.

The 5,000 gallon tank truck also stationed at the Lawtey C.I. Fire Department.

In response to the requirement to provide inmates access to a law library, Florida State Prison provided an annex, which has come to be known as "The Writ Room," a "no contact facility," where inmates can come to research and prepare court pleas.

Florida State Prison was the site for Energy Conservation Awareness Training in June, 1985. Matt Smith of the Central Office Bureau of General Services gave a presentation on the subject of energy conservation to Region II energy coordinators.

Dinsmore Community Correctional Center, considered the most modern CCC in operation to date, was opened in January, 1985. The facility provides 150 work release beds at maximum capacity.

In July, 1984, a handbook for community controllees was developed and designed by field staff in the Lake City Probation and Parole Office. Some areas covered in the handbook include residence/employment requirements, reporting instructions, financial obligations and public service work requirements. Also included are sample forms the offender must complete and hypothetical situations included in a test to help the community controllee understand the rules.

In Region II Probation and Parole activities, the maximum supervision unit of the Gainesville office handled about 70 cases, 85 percent of which successfully completed the maximum supervision program. Due to the hard-core nature of these cases, their successful response to intensive supervision was significant. Because of the success of the Max Lab Program, a similar group for the Youthful Offender Unit was begun in January, 1985.

The Public Service Program and Restitution activities in Circuit 4 during the period July 1, 1984 - May 31, 1985 reported that probationers, parolees and community controllees performed 13,189 hours of public service work. Restitution paid to victims in cases handled during this period was approximately \$563,570.

CORRECTIONAL OFFICER OF THE YEAR

Finalist, Region II

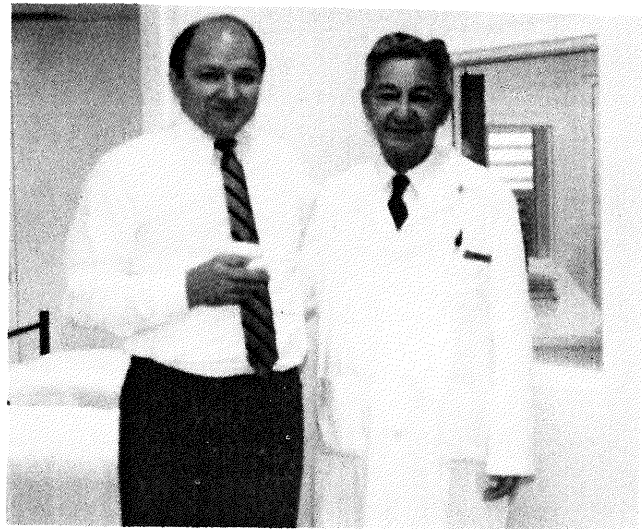

**Sgt. Leonard L. Knuckles,
Lancaster Correctional Institution**

Sgt. Knuckles has worked for the Department of Corrections for six years. He is currently the Reception and Orientation Supervisor at the institution. Sgt. Knuckles is also supervisor of the Lancaster Canine Team and a member of the Lancaster Control Force Team. He is continuing his college education and has earned twenty credits toward an AA Degree in Corrections.

Sgt. Knuckles and his wife, Linda Gail have a daughter, Lindsay Brooke, Age 2.

REGION III

Months of planning and hard work ended with the opening of the Crisis Stabilization Unit at Florida Correctional Institution on June 7, 1985. The structure was built with the combined help of Florida Correctional Institution staff and inmate labor from Marion Correctional Institution. The units' distinctive, contemporary design provides visual observation of the 2,200 square foot facility and two-way inter-com contact from the nurses station to each of the four single occupy rooms as well as the six-bed ward. In addition, the unit has two offices, a conference room, a TV room and enclosed exercise area incorporated into the new wing. An experienced and specially trained staff consisting of a psychiatrist, one registered nurse and five (5) medical technicians will provide individual and intensive treatment programs for the patients.

Superintendent George Denman and Dr. Arsenio Rodriguez inspect the Crisis Stabilization Unit on opening day at Florida Correctional Institution.

On June 27, 1985, Brevard C.I. was officially redesignated from its former status as a Youthful Offender Facility to an Adult Facility. Full cooperation between the Reception and Medical Center, Sumter C.I., Lancaster C.I., Hillsborough C.I., Indian River C.I. and Apalachee C.I. provided for a smooth transition.

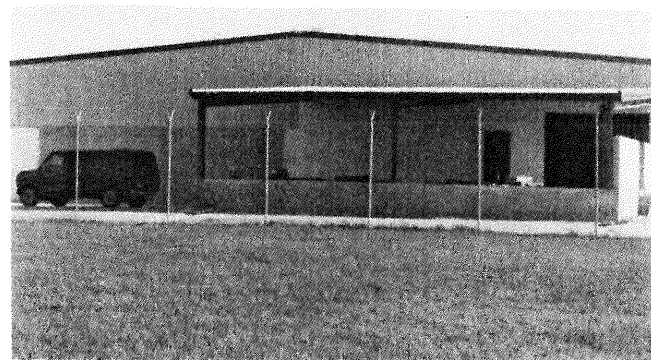

In October, 1984, Brevard C.I. embarked on its new vocational program in Nursery Operations. With the help of Contract Education funds the Nursery Operations Program produced rapid results. Training projects of the program have brought the benefit of excellent landscaping and beautification of the institution. Also, the Brevard C.I. food preparation area underwent extensive renovation, resulting in the model kitchen and food service operation now in place at the institution. Resurfacing of floors and walls with quarry tile, modifications to ceilings for better ventilation and lighting; refurbishing of freezer and cooler compartments; and the addition of new equipment were some of the much needed changes made.

Marion Correctional Institution in October, 1984 completed its Training Building, which is shared with the staff of the Florida Correctional Institution. Many of the staff from both institutions have begun a regular program of exercise and physical fitness utilizing the new Universal weight apparatus.

The new Training Building at Marion C.I.

Completed in FY 1984-85 and scheduled for opening in late 1985 is the new PRIDE Industries Furniture Manufacturing Plant at Sumter C.I. Initial plans call for the employing of 70 inmates, with employment of a total 120 inmates being a future goal.

The new PRIDE Industries, Inc. furniture manufacturing plant at Sumter C.I.

During the latter part of the fiscal year, Lake Correctional Institution Chapel, Inc. was organized to raise funds for the construction of a large chapel. Citizen volunteers and other contributors have raised nearly \$45,000 of the \$100,200 needed to complete the project.

Community Facilities in Region III were also involved in important community activities. In September, 1984 approximately 30 inmates from Kissimmee CCC and Orlando CCC, in cooperation with the Department of Agriculture removed and burned citrus trees suspected of being infected with citrus canker.

All staff members of the Cocoa, Kissimmee and Orlando Community Correctional Centers and that of the Orlando Women's Adjustment Center earned certification from the Criminal Justice Standards Council during August and September, 1984.

Probation and Parole Services instituted several innovative procedures leading to more effective probation and parole supervision. In the 18th Judicial Circuit (Seminole and Brevard Counties) a procedure was established with judges of the Circuit to hold admonishment hearings in appropriate probation cases when probation was originally granted and the violations are technical in nature.

Operation Turn Around of the Orlando Circuit, beginning its third year of operation, was a tremendous success. Hundreds of youthful offenders, primarily probationers have been taken to Florida State Prison to witness prison life. While there they are addressed by corrections officers and hear from a spectrum of inmates, some of whom will never leave prison. The reality of prison speaks for itself.

CORRECTIONAL OFFICER OF THE YEAR

Finalist, Region III

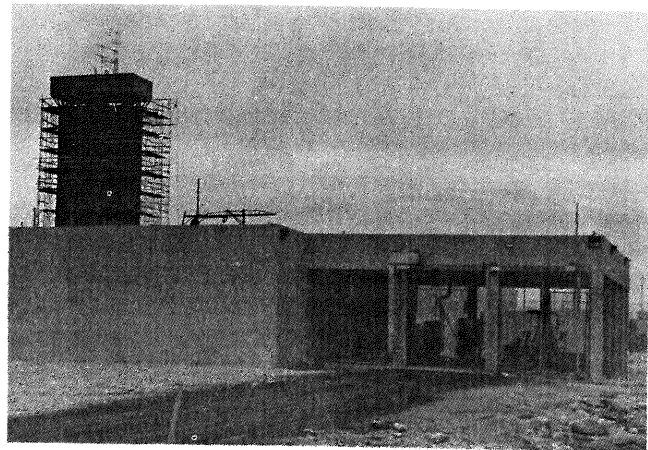

Sgt. Gerald J. Reed
Marion Correctional Institution

Sgt. Reed began his employment with the Department of Corrections at Marion C.I. in June, 1977. During his employment, he has received an AA Degree in Criminal Justice and has begun work toward the Degree of Bachelor of Arts. He has accomplished his advanced education while also exceeding in-service training requirements each year, demonstrating his outstanding ability by finishing first in his class at the completion of the Correctional Standards Training Curriculum.

Sgt. Reed and his wife, Pamela, have a son, Christopher, age 11.

REGION IV

The State of Florida's second reception center opened June 27, 1985, with the arrival of 127 inmates. This facility is a planned 1000-man close custody reception center with a Youthful Offender Unit, and a Psychiatric Unit. The primary mission of the center is the processing of newly admitted adult felons and parole violators into the Florida Department of Corrections System. Services to be provided at the facility include intake, medical and dental evaluation, psychiatric and psychological testing, education and vocational assessment, and security classifications.

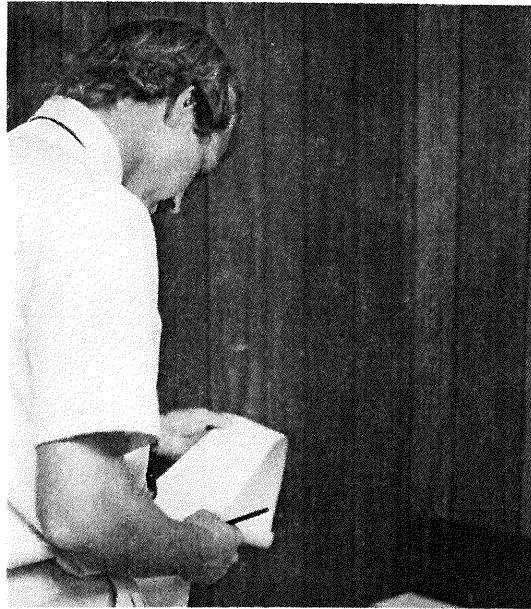

The new South Florida Reception Center during construction. In the background is the 75 ft. Security Tower located in the center of the compound.

During the local agricultural growing season Dade Correctional Institution, in cooperation with the agricultural community of Dade County and the Dade County Community Relations Board, assisted the Dade County Food Bank in salvaging fresh vegetables, which would otherwise have gone to waste, for distribution among needy families in Dade and numerous other Florida counties. During this year's growing season, a total of 338,000 lbs. of fresh vegetables at an estimated retail value of \$250,000.00 was salvaged and distributed to needy families by this project. Also, Dade C.I.'s Confrontation Management Team retired the regional trophy in October, 1984 after winning first place in regional competition three consecutive times. At the competition in January, 1985 Dade C.I. took third place. The team also put on a demonstration for the public and participated in a parade in Florida City in October, 1984.

During the past year, 24 bed additions were constructed at Lantana CCC and Hollywood CCC, and one is on the "drawing board" for Miami North CCC. These additions include expanded laundry facilities, and create better conditions overall. A major renovation began at the former Palm Beach County Jail which will convert that facility into a combination PRC and work release facility.

In Dade and Broward counties calls are made by a "telephone robot" to the residences of community controllees, thus helping community control officers to enforce house arrest and improve surveillance. Officers review the "printouts" and listen to the actual voice recording of the person answering the telephone call made by the robot. The device is also being used to remind offenders under both community control and probation concerning delinquency in the payment of victim restitution and cost of supervision fees.

Community Control Officer Dave Southerland reads the tape from the telephone robot computer used to check on house arrestees.

Volunteer projects kept Region IV inmates busy during the fiscal year. The University Jaycees, all inmates at the Hollywood Community Correctional Center, perform volunteer work at the Austin Hepburn Community Center in Hallandale. What began as a project to deliver bread to the visually impaired senior citizens at the Center has evolved into meal preparations, center maintenance, arts and crafts assistance and help with bingo games. Additionally, over \$3,900 for research into diabetes was raised during the fiscal year. South Dade Jaycees also conducted projects resulting in significant distributions to a number of popular charitable organizations. At the close of the fiscal year, the Jaycees entered projects in eighteen categories for recognition in state competitions. They won top awards in fifteen of the eighteen categories and placed third in the Parade of Clubs Competition. Lantana Community Correctional Center and Women's Adjustment Center combined in weekend car wash activities to raise money for their annual Inmates for Children Project. Pompano Community Center collected \$4,200 in their campaign in support of the Muscular Distrophy Association.

CORRECTIONAL OFFICER OF THE YEAR

Finalist, Region IV

and

**Winner of the
Correctional Officer of the Year
Competition**

FY 1984-85

Sgt. John D. Williams

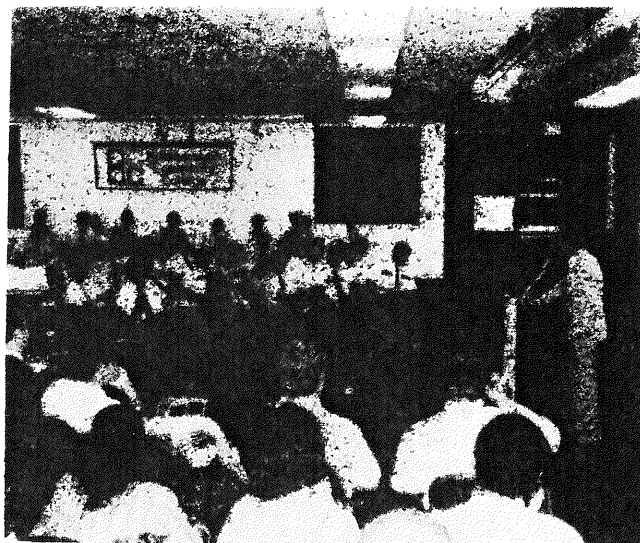

Indian River Correctional Institution

Sgt. Williams has been employed with the Department of Corrections since 1983, having previously served with the U.S. Army. He has achieved an AA Degree in Criminal Justice from Indian River Community College. Sgt. Williams' dedicated devotion to the Youthful Offender Program was cited in his selection as Correctional Officer of the Year, 1984-85.

Sgt. Williams and his wife, Christa, have three children.

REGION V

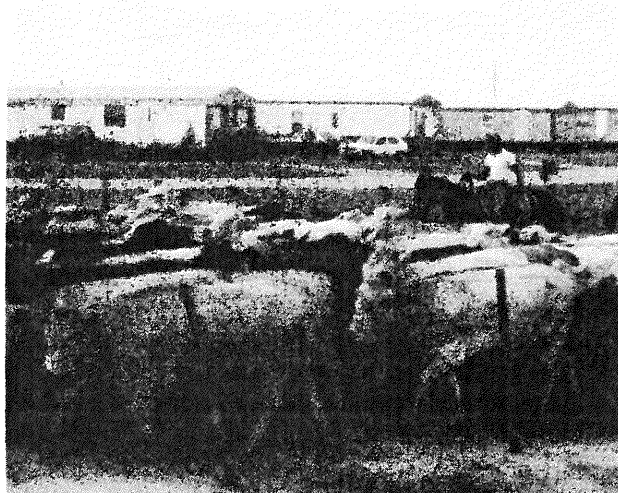

The Florida Department of Corrections with the Florida Council on Crime and Delinquency, Chapter 1, cosponsored a Regionwide training seminar on "News Media Relations." Robert M. Harper, Regional Director of Region V presented Vernon Bradford, Director of Information Services, Florida Department of Corrections. Mr. Bradford served as moderator to a panel of experts that included Bill Ratliff, TV News Anchorman from WXFL, Tampa; Dick Ross, Special Agent, Federal Bureau of Investigation; Dr. Rob Logan, Associate Professor of Mass Communication at USF; and Ed Dietz, Investigative Reporter with the Tampa Morning Tribune. This was the first media training available to mid-management level personnel.

The Media Relations seminar convenes.

The control room of Hendry C.I.'s "Farm Camp."

In a scene reminiscent of the Early West, Hendry C.I. inmates round up a segment of the cattle herd maintained by the institution.

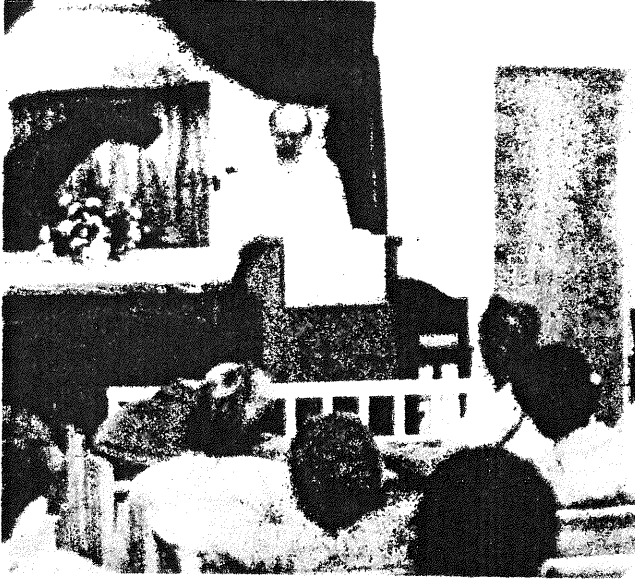

It was "Home on the Range" at Hendry C.I. at the opening of the auxiliary "Farm Camp" unit on May 27, 1985. The unit will house a maximum of 280 inmates. Hendry C.I. inmates also maintain a 1,500 head herd of cattle at the institution.

The discovery of Citrus Canker in Florida groves in September, 1984 resulted in an important project for Hillsborough C.I. From that date until May, 1985, inmates under correctional staff supervision assisted in the destruction of 840,000 contaminated citrus trees. Hillsborough C.I. worked closely with the Department of Agriculture in assisting with this essential effort.

Polk C.I. entered into some innovative programs during FY 1984-85. Numbered among them was the first-ever experiment with contracting for food service in the history of the Department. In December, 1984, Servomation Corporation, a private food vendor, began a food service operation in the institution. Initial reaction from the staff and inmates has been positive.

Another new and exciting effort begun by Polk C.I.'s prison industries program involves manufacturing of wheelchair inserts for severely handicapped persons presently under the care of the Department of Health and Rehabilitative Services. The inserts, which fit into a standard wheelchair are constructed so as to straighten severely twisted bodies. Initial response from HRS therapists has been very favorable.

Desoto C.I. held dedication services for its recently renovated chapel, which now seats 120 persons. Also, a chapel board of community businessmen was formed to promote resources for the construction of a new chapel at Polk C.I. Inmates too, are contributing funds and labor to construct the building at Polk C.I.

The recently renovated chapel at Desoto C.I. has increased seating capacity and improved appearance.

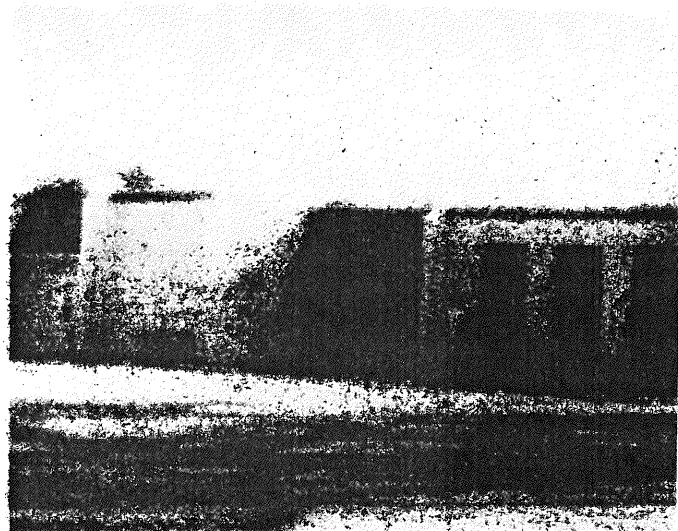

An inmate contributes time and skill to the construction of the new chapel at Polk C.I.

On February 19th, United States Air Force Captains Lon Crawford and Calvin L. Page of McDill Air Force Base and other visiting speakers addressed inmates at Hillsborough C.I. on the theme, "The Best is Yet to Come."

Region V institutions and community facilities have been active in supporting programs aimed at diverting young people from crime. The Polk C.I. "Operation Con-Cern" provides information on the serious penalties accruing to young men showing indications of anti-social behavior. Avon Park C.I.'s Youth Awareness Program heightens the awareness of community young people as to the dangers of a criminal disposition. Bradenton CCC's "Pros and Cons for Kids" Program held a series of meetings with a group of students from a local middle school. The students had been selected by school officials based on observed adverse behavioral patterns.

The Bradenton Probation and Restitution Center opened on September 21, 1984 and began accepting probationers into the program on that date. The center is currently being maintained at maximum capacity of 30 probationers. Programs include GED classes, Group and Individual Counselling, Drug and Alcohol Therapy and Alcoholics Anonymous Groups. On the weekends, probationers participate in various community service projects throughout Manatee County. Rick Sopka is Facility Chief at the new center.

"The Bradenton Probation and Restitution Center."

Probation and Parole Services (6th Circuit, Clearwater), through coordination with First Step of Pinellas County, a non-profit corporation, is now able to conduct random, unannounced tests for illegal drug use by probationers.

Correctional Probation Officer Janet Hampton conducts a test for illegal drug use by probationers, while Supervisor Ward Griffin observes.

The staff and residents of the Tampa Probation and Restitution Center produced the program, "A Portrait of Dignity, A History of Pride, A Future of Promise" at the Ritz Theater in Tampa on February 1st. The program involved participation of a number of well-known community personalities and the Mount Tabor Missionary Baptist Church choir. The keynote address was presented by Mr. Henry Carley.

CORRECTIONAL OFFICER OF THE YEAR

Finalist, Region V

Sgt. Dallas R. Allen **Zephyrhills Correctional Institution**

Sgt. Allen began his employment with the Department of Corrections at Zephyrhills C.I. in June, 1977. He has been very active in training, including defensive tactics, correctional mental health and firearms training. In 1982 he was selected Institutional Training Officer.

Sgt. Allen has been a driving force in the institution's Confrontation Management Team on which he currently serves as squad leader.

He received his B.A. Degree in Criminal Justice from the University of South Florida in June, 1984, and also holds an A.A. Degree in Political Science and Administration from Hillsborough Community College.

Sgt. Allen is married; his wife, Debra Ann, is a school teacher.

OFFICE OF THE ASSISTANT SECRETARY FOR PROGRAMS

Adult Services Program Office

Inmate Classification: During the past year, Classification was confronted with continued increases in caseloads and the need to repeatedly review the inmate population in order to meet the needs of an ever expanding and changing inmate population. Such constant reviews diminished the time and attention available to devote to individual inmate problems, however, determined staff work enabled the Department to meet the court imposed population cap and also to manage the complex problems presented daily by inmates.

Expanded MIS Capability: Enhanced computerization of records has produced more effective monitoring of gain time and disciplinary reports. Implementation of a computerized transfer process is anticipated during the coming year.

Basic Release Assistance Program: The Department, by implementing this program, for the first time could offer some immediate assistance to inmates expiring their sentences and having no employment or residential plans. This program continues to be expanded in an effort to have a positive impact on as many expiring cases as possible. Such a program will hopefully assist the releasee in making a more successful transition to a free society. Statewide training programs have been conducted for all classification staff. Release Assistance Officers are located in each region.

Contract Facilities: On June 27, 1985, the Department made its most recent agreement with contract facilities to increase bed space. This effort was begun in August, 1982, when the Department contracted with Salvation Army and Goodwill Industries for a total of 115 beds for work releasees as a part of the effort to alleviate over-crowding. In January, 1983, the Department contracted with Christian Prison Ministries, Inc. to house 17 offenders on work release. The June, 1985 increase raised the allocation of Community Facility contract beds to a total of 255 beds, 166 for males and 20 beds for females, 40 beds with Christian Prison Ministries, 19 beds with Goodwill Industries, 10 beds with Tampa Crossroads. The Department will continue to utilize contract work release beds as an avenue to alleviate overcrowding throughout the Department.

The Pre-Release Orientation Program; an outgrowth of GoLab, began its first group of fifteen inmates in February, 1984, at the Lake City Community Correctional Center. The behavior modification program is for inmates approved for the community work release program. Seventeen groups have successfully completed the program. The program helps inmates evaluate their feelings and behavior and accept responsibility for their actions. Plans are presently under way to expand the program to each Region.

Youthful Offender Program Office

Classification of the Youthful Offender Inmate Population: The Youthful Offender Program Office was given transfer approval authority for all youthful offenders within and out of youthful offender institutions. This will assist in ensuring that the youthful offender inmate population consists only of eligible offenders, thereby contributing to the effectiveness of programs and treatment strategies. During the fiscal year, Brevard and Desoto Correctional Institutions were redesignated as adult institutions, enabling further removal of ineligible offenders from the youthful offender network.

Training: A Task Force addressing youthful offender staff training was appointed and has thoroughly reviewed the existing curriculum recommending substantive changes which would greatly improve training efforts for youthful offender staff.

Pre-release Programs: A standardized curriculum for 80-hour pre-release programs at all youthful offender institutions was developed for implementation by the regions and an implementation plan to bring the Department in compliance with statutory revisions to the Youthful Offender Act, Chapter 958, establishing criteria for assignment of youthful offenders was developed.

Improved Communications: Communications throughout the youthful offender network were enhanced by establishing a bi-monthly Newsletter to share innovative and successful programs among the youthful offender institutions.

Probation and Parole Services Program Office

Community Control: Punishment sanctions, including confinement to residence under house arrest, payment of restitution to victims of crime, payment of monthly supervision fees to the state to help offset supervision costs, and performance of free public service work were emphasized in FY 84-85, along with respon-

sibility and accountability of the community controllees. At the end of the year there were 4,012 community controllees under supervision.

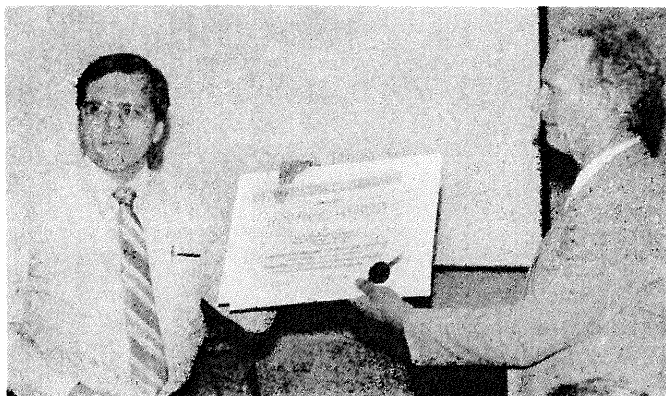

Cost of Supervision Program: On July 1, 1984 the Program was expanded to include all new Interstate Compact cases accepted for supervision in Florida, and all new intakes in the Pretrial Intervention Program. The increased fee will offset more of the costs of providing supervision of offenders. All monies collected are turned over to the State Treasury. The Program is also instrumental in developing responsibility on the part of the offender for his criminal actions. In FY 1984-85, staff collected 9.5 million dollars, an increase of 3 million dollars over the prior fiscal year.

Training Workshops: Through agreements with the University of South Florida/Florida Mental Health Institute five two-day training workshops were conducted during the fiscal year. These proved helpful in training new Community Control Officers in such areas as recognizing mentally ill offenders, defense mechanisms and coping skills, suicide prevention, interviewing skills, treatment, and substance abuse.

Correctional Probation Officers receiving instruction during University of South Florida/Florida Mental Health Institute seminar.

Accreditation: Probation and Parole Services was re-accredited on January 16, 1985 by the commission on Accreditation for Corrections. Probation and Parole Services met 96.2 percent of all applicable standards which was the highest score in the nation among large statewide systems.

Parole and Probation Services Director Leonard Flynn (R.) and Regional Administrator Dave Smith admire an Accreditation Award achieved in 1985.

Portable Radios for Community Control Officers: For the first time in the history of Probation and Parole Services in Florida, portable radios tuned to local law enforcement frequencies are being used by community control officers for emergency communication, arrest assistance, and to improve officer safety. They are especially valuable during night time and weekend supervision to "check in and out" with the dispatcher to determine location. Radios, carried by the officers, provide additional eyes and ears in the community to local law enforcement agencies as well as communications but most important of all, the radios enhance the safety of the officers themselves.

Senior Community Control Officer Paula Thomas checks operations of her portable radio with Gainesville PD Patrol Officer Sonny Chamblis.

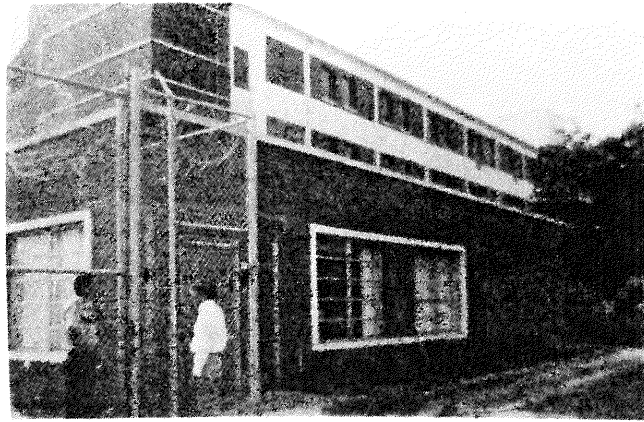

Health and Education Services Program Office

Bureau of Health Services

Increased Requirements for Health Services: During FY 1984-85, a period of continuing increase in the inmate population, institutional health departments provided over 13,000 new reception physical examinations, 545,048 out-patient visits and 88,656 dental service visits and 182,964 mental therapy visits. Additionally, the Reception and Medical Center Hospital (RMCH) provided 571 in-patient admissions and 7,381 specialty consultations. Other institutional health departments provided 2,418 infirmary admissions for short-term health care. At the same time there were many other routine health services provided.

Quality Assurance Program: During the year, significant efforts were made to maintain and improve the Quality Assurance Program for health services in accordance with the Department's Comprehensive Health Services Plan. The Environmental Health Services function was enhanced by the establishment of an Environmental Health Services Coordinator position, which was filled during March, 1985. An innovative legislative appropriation also provided for contract management of the Reception and Medical Center Hospital. The contract was awarded to Prison Health Services, Inc. during January, 1985.

Mental Health Services: After much planning and coordination with Region I, the first phase of the Corrections Mental Health Institution at Chattahoochee was opened in January, 1985. The goal is to establish 128 beds at this new institution for the treatment of major mental illnesses of court committed male and female offenders. Also, an eleven bed mental health treatment unit for female offenders was established at Florida C.I. at Lowell in May, 1985. Psychotherapeutic sessions for veterans with post-traumatic stress disorders at most major adult male institutions also were developed.

"Entrance to the Corrections Mental Institution."

Dental Service: A Quality Assurance Program for all Department dental clinics became effective May 7, 1985 after a comprehensive survey which assessed patient flow, facilities and equipment, accessibility to clinic, staffing, oral hygiene services, emergency services, dental records, dental radiography, infection control, mercury hygiene and safety, sanitation and safety, and risk management. Also, a Dental Procedures Manual was published and implemented and the dental grading system for inmates was revised and expanded.

Nursing Services: Legislative approval of registered nurse positions at Glades C.I. and Marion C.I. provided the needed positions to complete establishment of a registered nurse position at all major institutions for the first time. Physician protocols and their use by nursing staff were improved and additional in-service training given pertaining to health conditions that must be referred to physicians, and improvement of documentation of inmate health records. The Health Care Manual was revised to include new nursing care forms for recording patient care. Special training was conducted in the use of these new forms. Also, an audit of RMC Hospital nursing services was completed and recommendations for improvement of the nursing services were forwarded to the hospital.

Bureau of Education Services

Contract Education: In response to the Omnibus Education Act and legislative appropriations, approximately one-fourth of all education services were contracted out to school districts and community colleges. However, a 1984 amendment to the Florida Statutes deleted the authority to reimburse school districts and community colleges through the Florida Education Funding Program (FEFP) or Community College Program Funds (CCPF) effective July 1, 1985. This loss represents 142 persons employed full or part-time providing 3,619 hours of instruction each week. In the community facilities, 45 part-time staff providing 211 hours of instruction per week are affected. Thus those losses represent approximately 28% of the services heretofore offered.

In cooperation with the Department of Education, a plan to contract all academic and vocational education for inmates was developed. In addition, implementation of the competency based academic curriculum of the Florida Minimum Student Performance Standards Program was expanded. Further, a grant obtained from the National Institute of Corrections permitted the initiation of a statewide assessment for the needs of learning handicapped offenders.

Law Library Program: Since its initiation in June of 1973, the program has conducted more than 21 training sessions aimed at educating selected inmates in the techniques of legal research, so that they can, in turn, assist other inmates. To date a total of 526 individuals have received the training, 450 of whom were inmates. In FY 1984-85,, three training seminars were conducted covering a wide, but relevant variety of law related topics.

Mr. Earnest Mathes, Jr. (standing in dark suit) instructed this class of inmates and staff members in the techniques of legal research. Mr. Clair Wilkerson, Librarian at DeSoto C.I. (in coat and tie at right) and Mr. Rolando Valdes (seated to Wilkerson's left) were attending staff members.

Pre-employment Training and Job Placement: From November, 1984 through June, 1985, under a jointly operated program with the Department of Labor and Employment Security, Pre-employment training funded by the Wagner-Peyser Act, was provided for 1,925 individuals. At least 578 of those trained will be placed in jobs. Program objectives are to reduce recidivism of offenders through application of short-term, concrete programs that assist them in the process of reintegration into the community. The program, which relates directly to the Governor's goals and objectives set forth in the Job Training Partnership Act, is scheduled to be continued for the 1985-86 fiscal year. It is projected to provide pre-employment training for 3,200 offenders, of which 960 will be placed in jobs.

Bureau of Admission and Release Authority

Improvements of Timeliness and Accuracy of Recording Inmate Transfers and Releases: Assurance that population quotas reflected on the computer agree with the facility manual count of inmates was reached to a level of 99 percent accuracy, providing a more reliable tool for all levels of management to monitor institutional compliance with court imposed population counts.

Accuracy of Population Counts: The Bureau requested additional computer programs to assist the Population Movement and Control Coordinator in approving and directing transfers on a daily basis. One such program was implemented to reflect all inmates who have been approved for transfer into various facilities and are on a waiting list. In addition, efforts were initiated toward establishing a computer program to schedule transfers within the Department as vacancies occur at various facilities. This program is considered essential insofar as coordinating transfers between the Reception and Medical Center in Lake Butler and the new South-Florida Reception Center.

Bureau of Planning, Research and Statistics

Coordination and Development: The Bureau coordinated the development of the Department's Biennial Goals and Objectives, published the Annual Report, produced Monthly Management Reports regarding offender populations, coordinated the development of and monitored the Department's Performance measures and produced fiscal impact statements on proposed legislation which would affect the Department.

Research: The methodology was established whereby the Bureau will monitor the effects of sentencing guidelines and new provisions of the law relative to the awarding of gain time to incarcerated offenders. Bureau staff represented the Department in meetings of the Criminal Justice Estimating Conference for the purpose of reviewing and revising, if necessary, offender population projections. Computer programs were developed to promote the use of Department of Corrections data by other law enforcement agencies in order to identify foreign nationals. Particular attention was focussed on tracking Mariel-Cuban and Haitian inmates.

OFFICE OF THE ASSISTANT SECRETARY FOR MANAGEMENT AND BUDGET

Bureau of Personnel:

Revision of the Correctional Officer Position Series: Revision of the series in effect since September, 1984 provided for the merging of 15 correctional officer and correctional center officer classes into 8 correctional officer classes, simplifying and clarifying responsibilities in the career field and providing a career ladder.

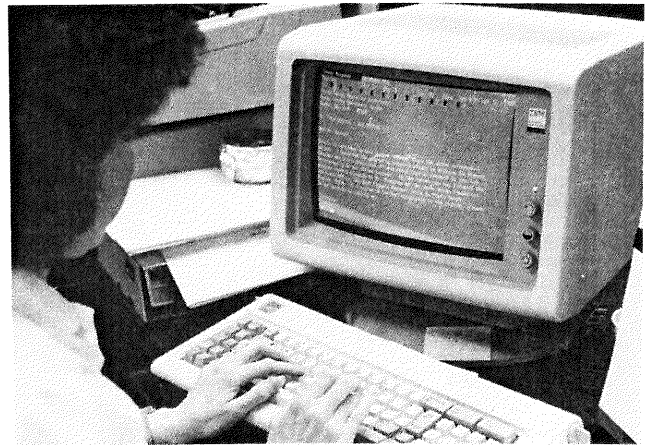

Progress in Affirmative Action: Minority employment reached 22 percent, FY 1984-85 compared to 16.5 percent in July, 1980. Female employment reached 29 percent this past year, compared to 24.8 percent in July, 1980. The increases were a result of special efforts in recruitment and promotions at all locations.

Correctional Officers Salary Enhancement: Beginning December 1, 1984, all Correctional Officers who successfully completed the 320 hours of basic recruit training or the 160 hour additional training were granted a one pay grade adjustment.

Automated Legislative Budget Request: The projected needs of the Department for the 1985-87 biennium were submitted to the Legislature in automated form for the first time, a major step in providing the most accurate and up to date budget information possible.

Expansion of Computer Network: The Department's computer network was significantly increased by the installation of videos and printers at more locations, including the Superintendents' and Business Offices at major institutions. The scope and magnitude of the information which the Offender Based Information System (OBIS) is tracking is exemplified by the more than 40,000 daily transactions processed, which represent more than 1,650,000 accesses against the data bases, for updating and inquiry for information purposes.

Personal Computers: Ten Personal Computers are now installed in various Central Office locations to track and monitor critical projects, for budget control and for small data base systems which require day-to-day surveillance as to progress or delays. Additionally, personal computers have been installed at each Regional Office.

A staff member at one of the ten personal computer stations located in the Central Office.

Bureau of General Services

Nutrition Program: The Bureau of General Services administers and monitors a national program in twelve correctional facilities throughout the state. Major achievements include the successful completion of federal and state audits; purchases of over \$800,000 of much needed food service equipment; funding of 15 new food service positions; and funding the major renovation of kitchens and dining areas in eight program facilities.

Land Management, Lease Procurement and Records Management: Major efforts relating to land management plans for 51,300 acres of state owned land managed by the Department were completed. Sub-leases for 32,459.1 acres of state owned land were arranged with PRIDE, Inc.

Automated Systems: An automated Inventory Control System (ICS) which facilitates statewide status inquiries of all items stocked by each institution was implemented and a software program for vendors listing which enables the Department to retrieve mailing labels and minority status of vendor was developed. Also, the 5 percent minority vendor participation policy set by the Governor governing expenditure of discretionary funds was surpassed.

Energy Conservation: In support of the Governor's energy conservation effort, the Bureau increased employee education concerning energy conservation through a Departmental awareness training program. Additionally, a Comprehensive Departmental Energy Emergency Contingency Plan was drafted.

Bureau of Facilities Services

Correctional System Capacity: Completion of Martin Correctional Institution, South Florida Reception Center (partial), Dinsmore Community Correctional Center, Hendry Correctional Institution, Hendry Farm Camp, Corrections Mental Health Institution, Mayo Correctional Institution, Putnam Correctional Institution, Confinement Facilities at Union Correctional Institution, a dormitory at Okaloosa Correctional Institution, and three Community Correctional Center additions assisted in expanding the system capacity by 2,854 beds. Construction of confinement facilities for 336 beds at Union Correctional Institution was accomplished on a tight time schedule. Funding became available on July 1, 1984. Significant time was gained and assurance of delivery realized by providing the major portions of these facilities in the form of precast units. The entire \$6 million project was completed by June, 1985.

Renewable Fuel Source: Wood chips from non-marketable wood products harvested by PRIDE, Inc. fire the new boilers at Union Correctional Institution, providing a major step forward in the effort toward becoming less dependent upon petroleum based fuels. The boilers were placed on line during October, 1984.

Bureau of Staff Development

Training: All employees received 40 hours of annual in-service training, and newly hired correctional officers took 320 hours of basic recruit training during their first year of employment. Salary incentives and innovative programs motivated Department employees to take full advantage of resources available at the institutional, regional, and state levels. These resources included stress reduction programs utilizing universal weight lifting machines; emergency preparedness training for key staff; upgraded video library materials and equipment; and software developed for use in computer assisted self-study learning centers, utilizing video tape components and the IBX-XT Personal Computer. A total of 606,000 training hours for the staff were provided at a cost of \$1.64 an hour. The Youthful Offender Training Curriculum and Media Relations training were updated. Delivery of the 160 hour Supplemental Corrections Training Program to approximately 4,500 correctional officers was coordinated.

RECOMMENDATIONS

As required by Chapter 20.315 (15), F.S., the Department of Corrections has developed recommendations for improving the delivery of correctional services in the State. The recommendations address views and requirements that have become apparent in the areas of policy needs, facilities necessary to remain ahead of inmate population growth, and personnel requirements to ensure optimal effectiveness of our correctional personnel. Progress has been made in accomplishing goals and objectives for the 1983-85 Biennium. Based on the accomplishments of 1984-85, and assessment of requirements for further progress toward the established goals, the following recommendations are listed under the goals to which they are related.

PROVIDE HUMANE ENVIRONMENT IN SUFFICIENT FACILITIES TO ACCOMMODATE CURRENT AND POTENTIAL INMATE POPULATION

- a. Provide funds to purchase sites for prisons in advance of their need.
- b. Fund permanent housing units to replace the 1,000 crisis beds remaining in inventory.
- c. Appropriate dollars necessary to construct single cell housing facilities for close management inmates.
- d. Begin planning with the Executive Office of the Governor and the Legislature to phase out World War II type dormitories at Avon Park and DeSoto Correctional Institutions.
- e. Provide appropriations to complete all physical components of major institutions.
- f. Fund a relief factor for Correctional Officer posts that is based on leave time, training requirements and security needs, so that essential posts can be filled without the expense of overtime pay.
- g. Provide authorization for a minimum of one (1) Correctional Training Officer for every 240 employees.
- h. Provide resources for a computerized transfer program which will automatically handle institutional assignment for previously approved transfer orders as vacancies occur in Department facilities.
- i. Continue to support expansion of the Department's Training Academy to provide adequate space for classrooms, dormitory accommodations, and food service operations.

PROVIDE COMMUNITY-BASED ALTERNATIVES TO INCARCERATION

- a. Authorize upgrading of all community control officer positions to Officer II level in order to provide promotional incentive to attract experienced and qualified applicants.
- b. Authorize establishment of probation and parole officer's pay grade one level above law enforcement parity due to elevated education requirements and the technical nature of the work.
- c. Fully fund Community Control as a component of the Workhour Formula in order to prevent diluting regular probation services.
- d. Establish a Competitive Area Differential Salary additive for the Correctional Probation Officer Series in Broward, Dade, Monroe, and Palm Beach counties.
- e. Establish Minimum Professional Standards for all Community Control Officers and include them in Criminal Justice Standards and Training.
- f. Provide funds to acquire radios as standard operating equipment for community control officers.
- g. Re-establish probation officer case load ratios at 1:56 for youthful offenders and 1:81 for adult offenders, the same levels which existed prior to implementation of community control.

PROVIDE HEALTH SERVICES IN ACCORDANCE WITH ACCEPTED HEALTH SERVICES STANDARDS AND THE DEPARTMENT'S COMPREHENSIVE HEALTH SERVICES PLAN

- a. Improve the Reception and Medical Center Hospital to allow resumption of secondary level care, including a limited acute/surgical capability.
- b. Provide appropriate resources, and support to the health care delivery system to resolve needs surfaced in the *Costello v. Wainwright* litigation.
- c. Authorize enhancement of computer capabilities to provide medical information on all inmates.

CONTINUE TO IMPROVE YOUTHFUL OFFENDER PROGRAMS

- a. Provide appropriate resources and support to construct and operate an institution for female youthful offenders.
- b. Provide resources for improved and expanded education/vocational training opportunities for all youthful offenders.
- c. Authorize creation of a behavior management unit for youthful offenders experiencing adjustment difficulties.
- d. Provide standardized curriculum for an 80-hour pre-release program to be implemented in all youthful offender institutions.
- e. Authorize the establishment of the position of inmate activities coordinator for youthful offender institutions at the Central Office.

IMPROVE ACADEMIC AND VOCATIONAL TRAINING BASED UPON JOB MARKET DEMANDS

- a. Restore education program resources lost during the last two fiscal years.
- b. Provide additional education program space at selected major institutions.
- c. Support expansion of competency based academic education using state standards for public schools.
- d. Monitor and evaluate computer assisted instruction.
- e. Enhance library services to inmates by authorizing addition of a library coordinator in the Bureau of Education Services.
- f. Provide resources to develop and implement an improved Education Data Collection System.

IMPROVE EFFICIENCY, PRODUCTIVITY AND ACCOUNTABILITY

- a. Seek funding for the establishment of a new classification workload and staffing formula that addresses the results of law change and system expansion.
- b. Provide resources to upgrade computer capabilities and technology to achieve increased efficiency, create an equitable distribution of work, and to implement a computerized transfer program.
- c. Provide adequate funds for required travel by all staff.
- d. Support development of an automobile replacement schedule to be used to replace Department vehicles having over 100,000 miles and requiring maintenance that is no longer cost effective.
- e. Provide funds for computer terminals, as outlined in the Information Resource Commission (IRC) plan and expand the installed network providing increased access by institutions, community facilities, probation and parole offices and the Central Office to the Offender Based Information System (OBIS).
- f. Provide resources to support the approved office automation supplement to the IRC plan to improve and expand services to probationers, parolees, inmates and prosecutors in Florida and other states.
- g. Provide sufficient resources for continuation of agency functional planning required by the State and Regional Planning Act of 1984.
- h. Provide funds to upgrade technical training for all staff assigned to Planning, Research and Statistics.
- i. Authorize additional resources to strengthen evaluation capabilities of the Bureau of Planning, Research and Statistics.
- j. Exclude account clerks and data entry operators from the 3:1 clerical ratio.

IMPROVE THE DELIVERY OF SERVICES BASED ON SPECIFIC PROGRAM NEEDS

- a. Improve job placement options by developing state policy requiring state agencies to employ ex-offenders, with specific goals being established.
- b. Allocate resources to the Department to improve its pre-employment training, job placement and follow-up activities.
- c. Develop and implement a plan for utilizing provisions of the Job Training Partnership Act conjunctive with the Department's education, industries, and correctional work programs providing training, job placement, follow-up and other services for offenders.
- d. Provide funds to achieve salary parity between Correctional Officers and the beginning level state law enforcement classifications.
- e. Increase salary to competitive levels for medical doctors, correctional medical technicians, correctional training officers and managers, institution and internal education personnel, food service directors, chaplains and chaplain supervisors and correctional records supervisors.
- f. Provide resources to expand the training of security staff to better assist them in handling emergencies.
- g. Provide funding to contract for non-residential after-care treatment of substance abusers.

CONTINUE TO IMPROVE CORRECTIONAL WORK PROGRAMS

- a. Provide resources to expand program direction and support for after-hour activities for adult inmates to reduce idleness.
- b. Continue support for further expansion of Industries Programs which replicate the best aspects of private enterprise relative to on-the-job training, incentives for productivity and career advancement opportunities.
- c. Expand and improve vocational and academic educational programs to provide the prerequisite skills needed for employment and promotion in existing and projected industry programs.
- d. Provide funding to assure a continuing capability within the Department to coordinate the efforts of PRIDE, Inc. in the operation, expansion and up-grading of Industrial Work Programs and to evaluate ongoing industrial operations.

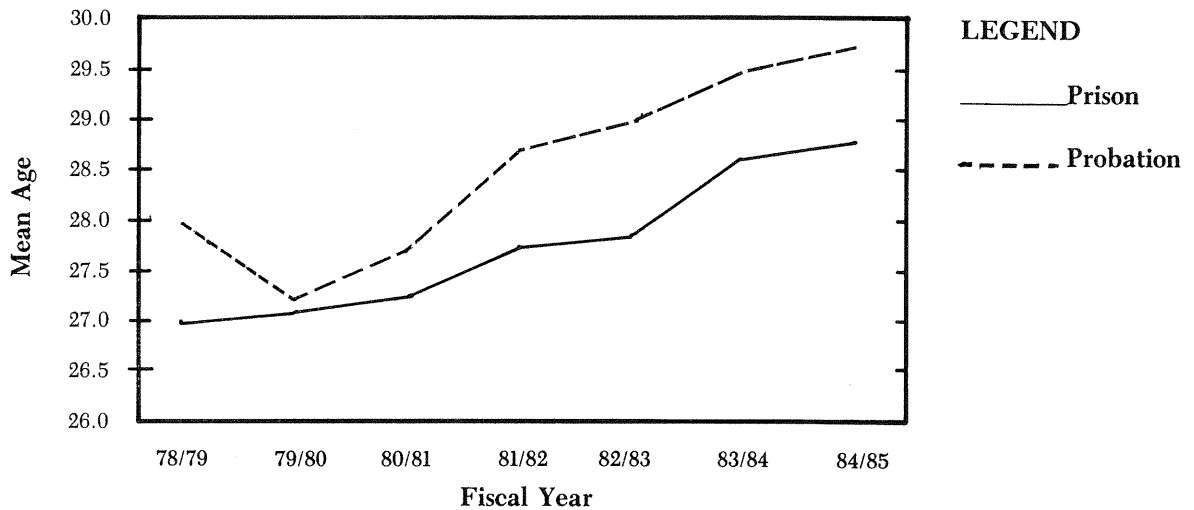

CRIMINAL JUSTICE TRENDS

The size of the inmate population and the probation and parole caseload of the Department of Corrections is the result of varying rates of admissions and releases. Several factors affect the rates of admission including population growth in Florida, crime rates, the State unemployment rate, rates of arrest and prosecution, existence of alternative programs, sentencing policies of the judiciary and statutes related to sentencing. Factors affecting releases include the extent of mandatory sentencing, the existence of parole, sentence length, and policies concerning the award of gain time.

- AGE AT ADMISSION HAS BEEN INCREASING OVER TIME**

The age at time of commitment to prison or probation has been increasing over the last several years. The average age of new commitments during fiscal year 1984-85 was 28.8. The corresponding age for new admissions to probation was 29.6.

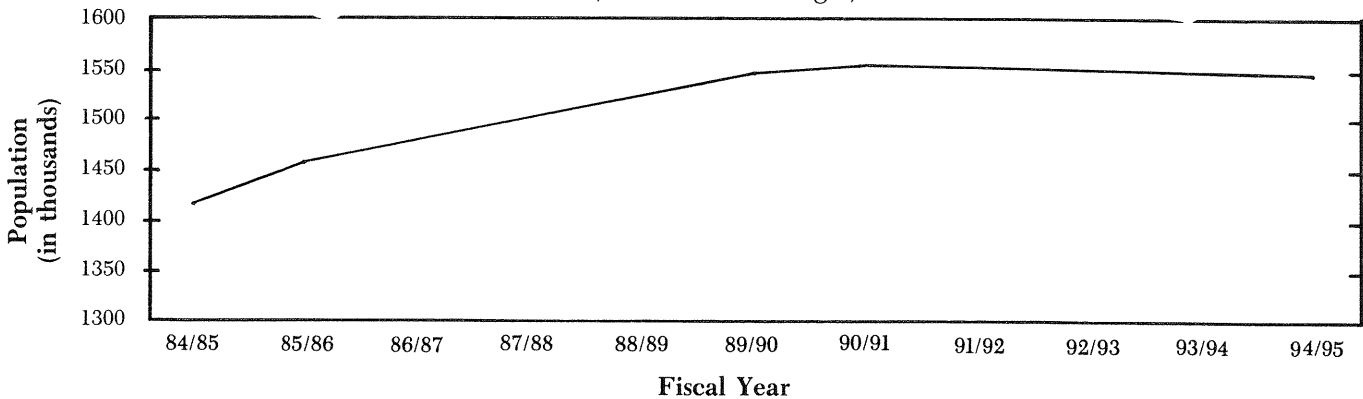

MEAN AGE AT ADMISSION FOR DOC NEW COMMITMENTS AND PROBATION INTAKES

- POPULATION AT RISK CHANGES OVER TIME**

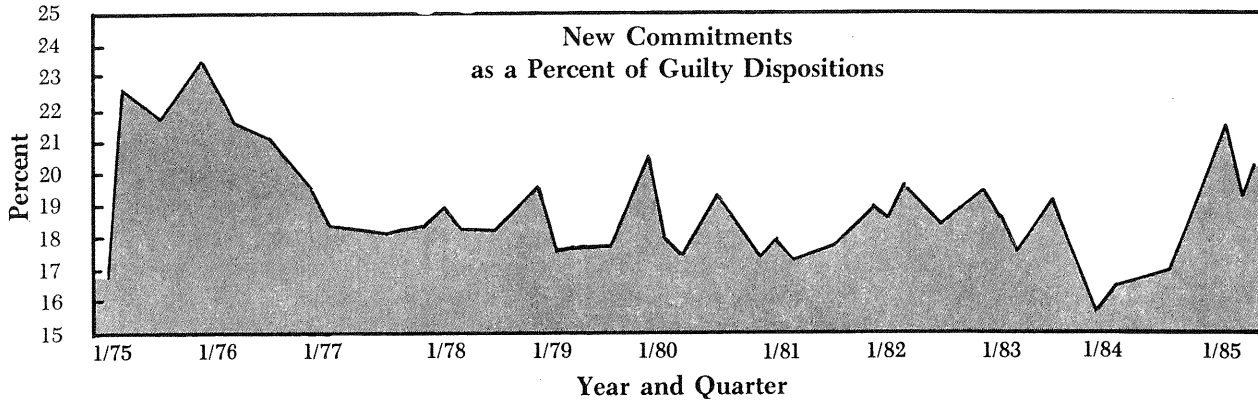

The term population at risk is used to refer to the group of individuals who are most likely to be admitted to the Department of Corrections, either as a new commitment or as an admission to probation. While the population at risk has traditionally been defined as the male population 18-29 years of age in Florida, the observed increase in the age at admission shown graphically above, suggests that the true population at risk in Florida is an older population. Recent computer based modeling efforts have used the male population 18-34 as the population at risk and this appears to be a more appropriate group.

**FLORIDA MALE POPULATION 18-34
(Fiscal Year Averages)**

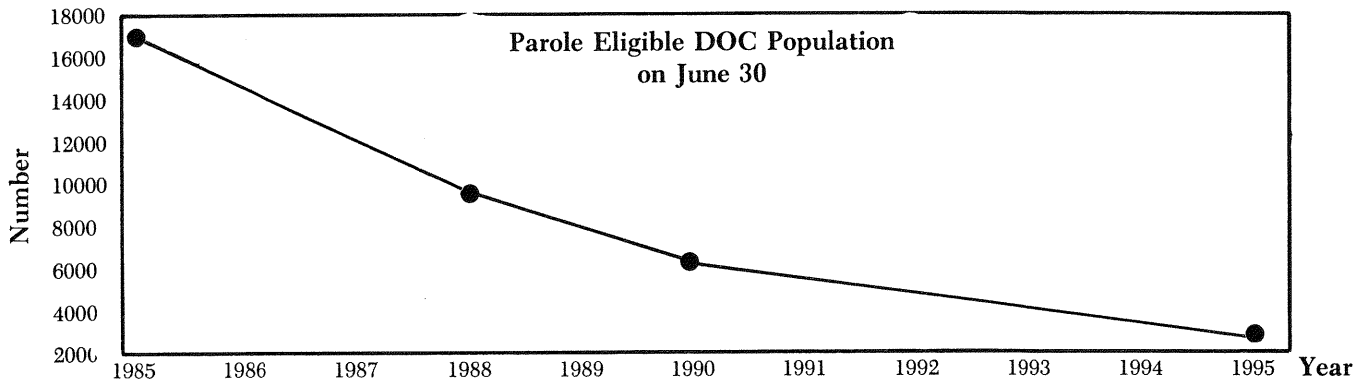

- NEW COMMITMENTS AS A PERCENT OF GUILTY DISPOSITIONS RELATIVELY STABLE OVER TIME**

With the exception of the period immediately following the implementation of sentencing guidelines and community control, the percent of guilty dispositions that are committed to prison as new commitments has remained relatively stable since 1977. New commitments as a percentage of guilty dispositions fluctuated around 18 percent from the first quarter of 1977 through the third quarter of 1983. The percentage then dropped to a low of 15.2 percent in the fourth quarter of 1983, and rebounded to a high of 21.2 percent in the beginning of 1985. The level is now returning to the 18 percent range.

- PAROLE ELIGIBLE POPULATION DECLINING**

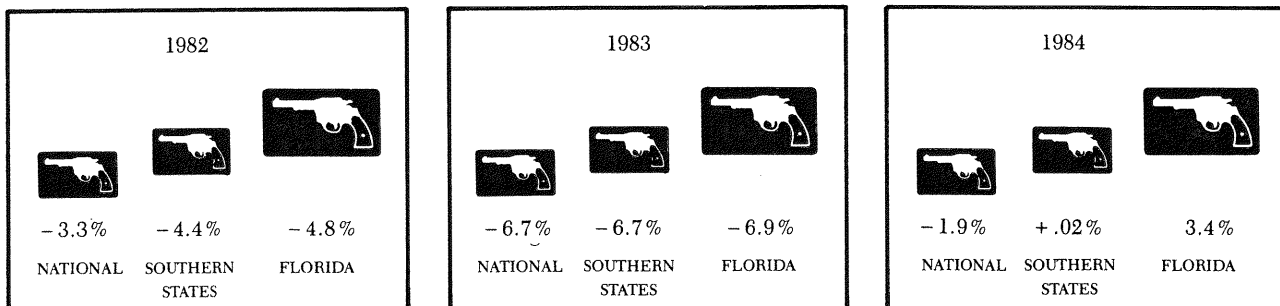

Inmates committed to prison under sentencing guidelines are not eligible for parole. As more and more admissions to prison fall under the sentencing guidelines criteria, the number of individuals in prison who are eligible for parole will decrease. Over half of the prison population incarcerated on June 30, 1985 was eligible for parole review but this number is expected to decline from 16,805 on June 30, 1985 to 2,318 by June 30, 1995.

- INDEX CRIMES IN FLORIDA INCREASED 3.4% DURING CALENDAR YEAR 1984**

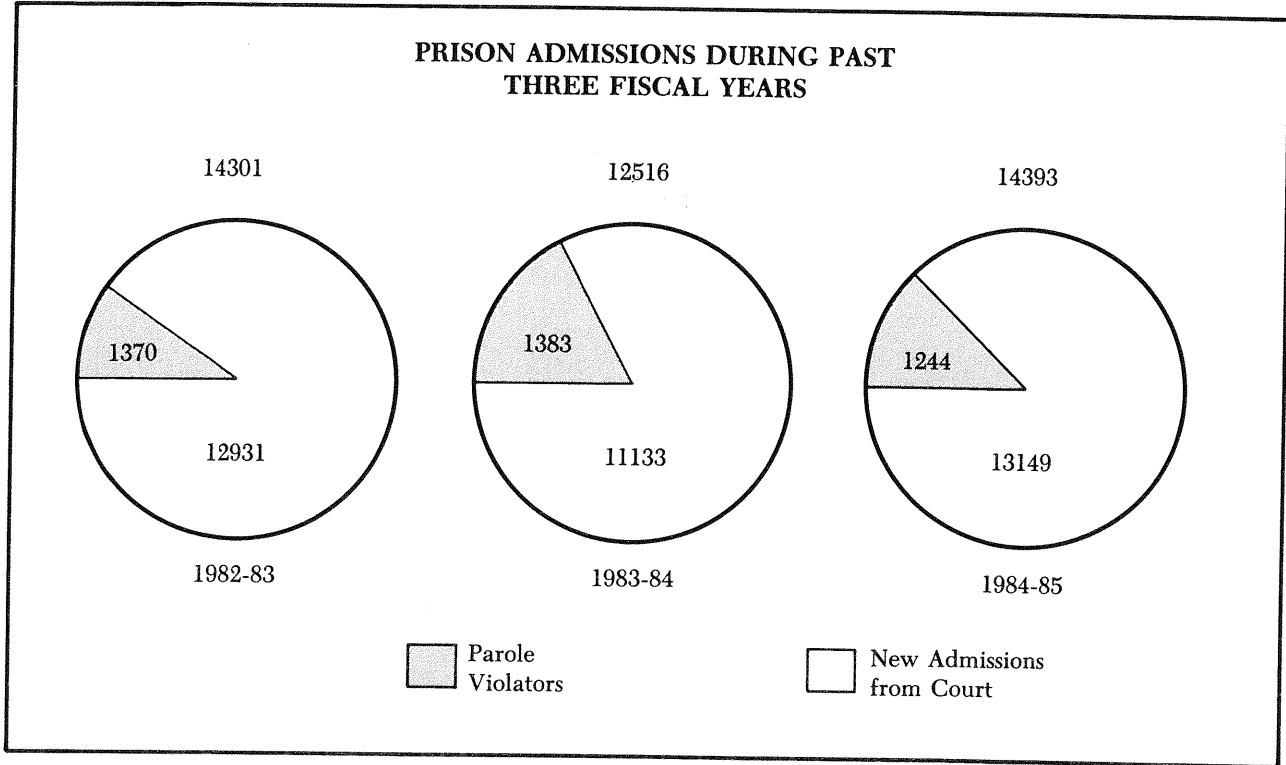

The Uniform Crime Report provides a general indicator of criminal activity in the state. Crime report data historically has not been related to prison admissions. This may be explained by the fact that the Uniform Crime Report counts crimes, not criminals. In addition, the index crimes reported include a significant number of misdemeanor offenses not resulting in prison admissions.

CRIME TREND DATA CALENDAR YEARS 1982-1984

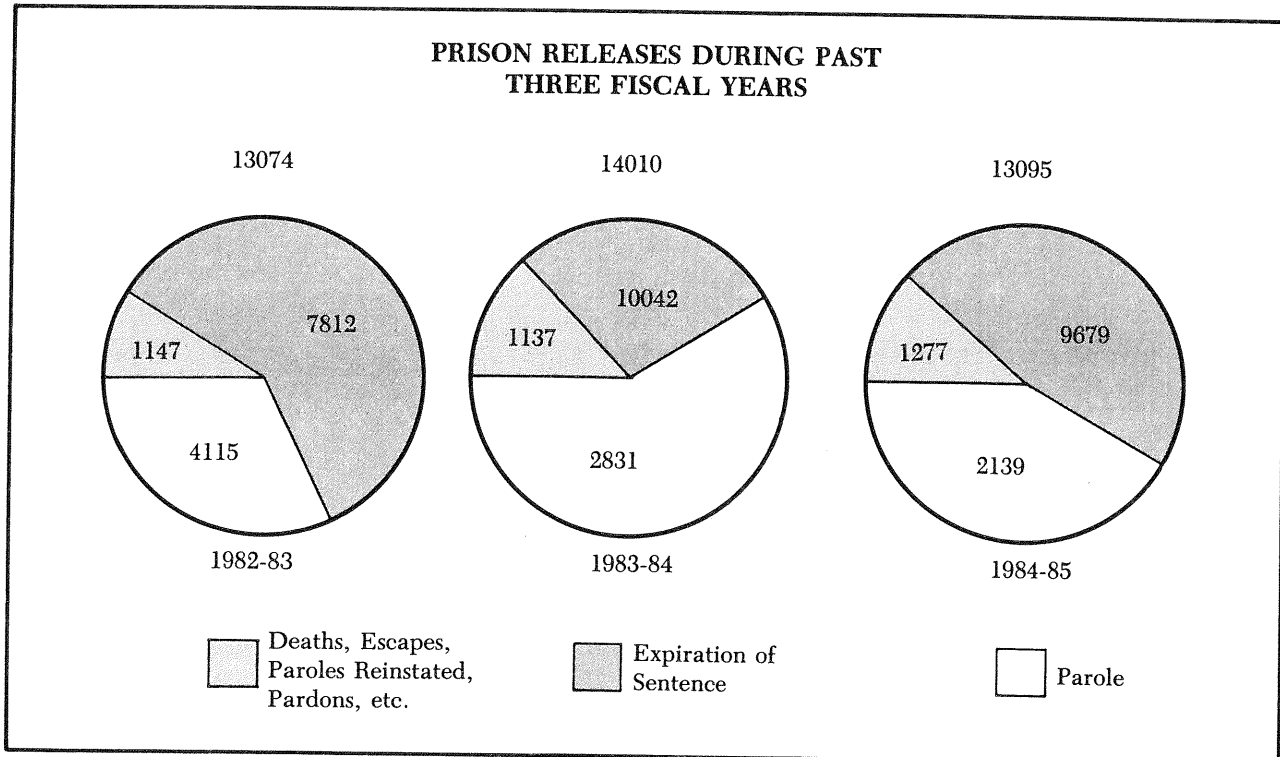

INMATE ADMISSIONS AND RELEASES

- **THERE WAS A NET GAIN OF 1839 INMATES AND THE TOTAL PRISON ADMISSIONS FOR THIS YEAR INCREASED BY 15% AS COMPARED TO FISCAL YEAR 1983-84**
 - New admissions from the court increased 18.1%
 - Admissions of violators of parole decreased 10.1%

- **PRISON RELEASES DECREASED BY 6.5% THIS FISCAL YEAR COMPARED TO FISCAL YEAR 1983-84**

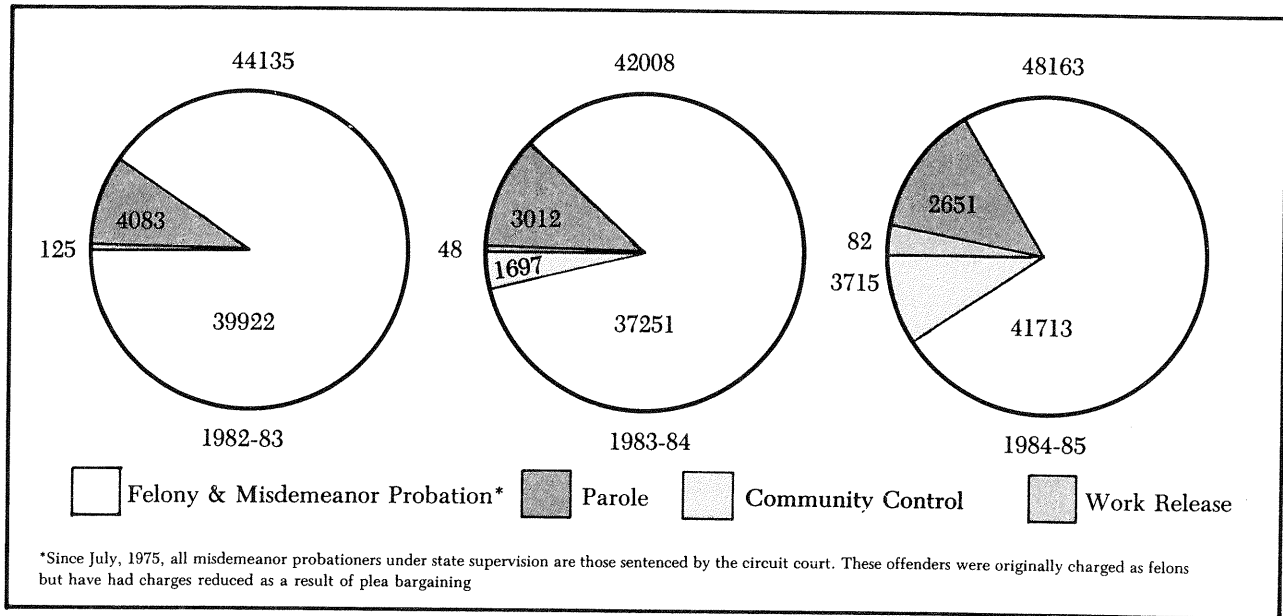

COMMUNITY SUPERVISION INTAKES AND LOSSES

The rate of growth of probation and parole cases is affected by changes in certain variables similar to those used to predict prison admissions. However, increases in the supervision caseload are the direct result of the rate of parole release from prison, as well as new probation commitments from the circuit courts.

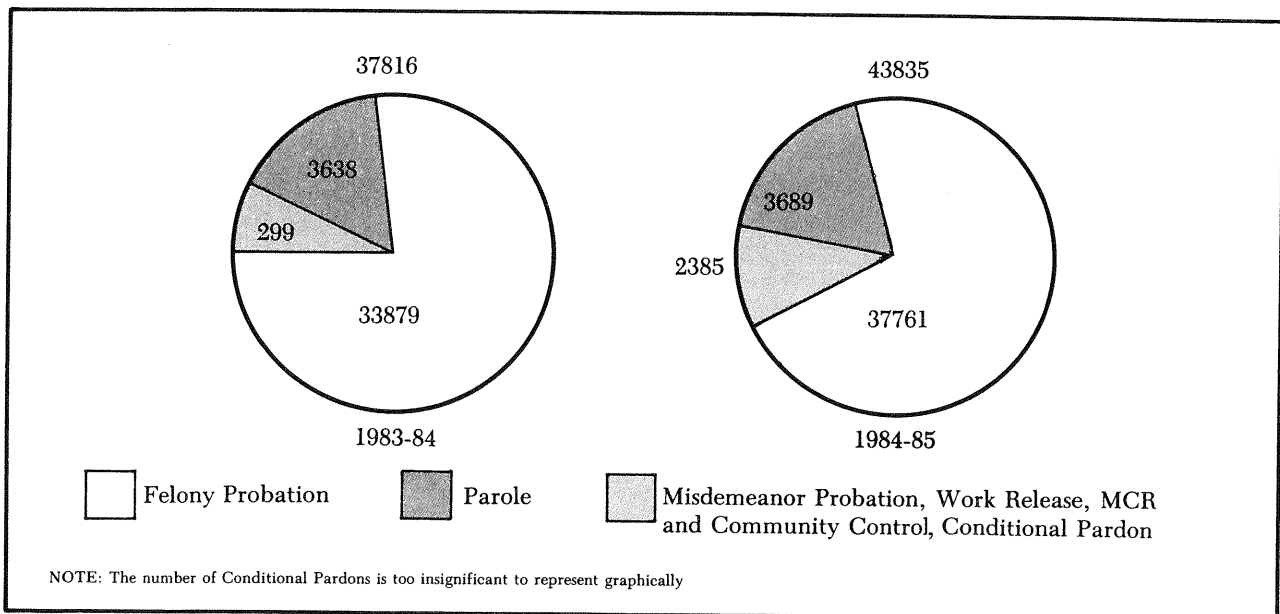

It should be noted that with improved reporting resulting from full implementation of the probation and parole information system, the trends below may not accurately reflect the degree or rate of change, but they are generally considered to be valid indicators of direction of growth.

- **SUPERVISION INTAKE FOR FISCAL YEAR 1984-85 WAS 14.6% MORE THAN THE PREVIOUS YEAR**
- Felony probation intake increased 11.9% over last year
- Parole intake decreased 11.9% over the previous year

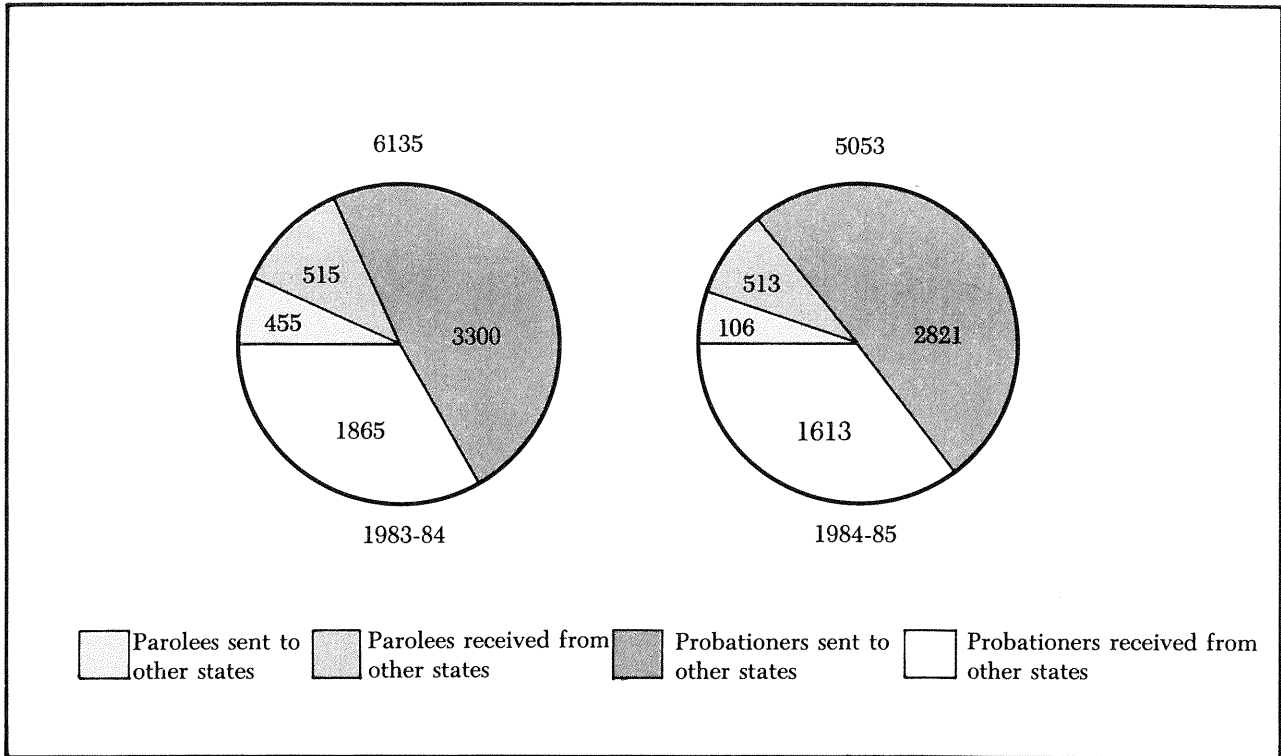

- **SUPERVISION LOSSES FOR FISCAL YEAR 1984-85 INCREASED 15.9% OVER THE PREVIOUS YEAR**

SUPERVISION CASELOAD LOSSES FOR THE PAST TWO FISCAL YEARS

INTERSTATE COMPACT TRANSFERS

- **INTERSTATE COMPACT TRANSFERS DURING THE 1984-85 FISCAL YEAR BETWEEN STATES DECREASED 18% FROM THE PREVIOUS YEAR**
- FLORIDA SENT 106 PAROLEES TO OTHER STATES FOR SUPERVISION
- FLORIDA RECEIVED 513 PAROLEES FROM OTHER STATES TO SUPERVISE
- FLORIDA SENT 2821 PROBATIONERS TO OTHER STATES FOR SUPERVISION
- FLORIDA RECEIVED 1613 PROBATIONERS FROM OTHER STATES FOR SUPERVISION

CORRECTIONAL STATISTICS

The continued refinement of our computerized data system has permitted inclusion of information for incarcerated inmates and offenders under community supervision for two time periods.

- Inmates and probationers/parolees admitted to custody or supervision of the Department of Corrections during FY 1984-85
- Inmates and probationers/parolees in custody or supervision of the Department as of June 30, 1985

Data in this section of the Annual Report are organized into two major subsections—incarcerated offenders, and offenders under community supervision. This data follows the summary statistics for population under criminal sentence.

For each category statistics are included on the population in custody or under supervision, along with dispositional data and offender demographics. The data are organized along the following lines:

- First, data descriptive of the prison and community supervision populations are presented. Data are included on the number of offenders, their origin by county, and where housed or supervised.
- Then, dispositional data as to criminal history, primary offense, length of commitment or supervision, and class of felony is included.
- Finally, offender specific data on age, education, intelligence, length of residence, employment, and use of alcohol or narcotics are provided.

It should be noted that some data are the result of self reporting and may be subject to error and may not be totally reliable.

Due to limitation of space in the Annual Report, a limited amount of data is included in the report. Data from reports which previously appeared in the Biennial Report series is available upon specific request from the Bureau of Planning, Research and Statistics, 1311 Winewood Boulevard, Tallahassee, Florida 32301, Telephone (904) 488-8430, SunCom 278-1776.

POPULATION UNDER CRIMINAL SENTENCE

	<u>1983-84</u>	<u>1984-85</u>
INCARCERATED INMATES UNDER CRIMINAL SENTENCE ON JULY 1	27,717	26,471
ADMISSIONS AND RETURN		
New admissions from Court (exc. PVs)	11,133	13,149
Parole violators with new sentences	533	534
Returned Parole violators serving old sentences	850	710
Escapes recaptured	625	579
Returns from authorized temporary absences	4,039	3,600
RELEASES AND ABSENCES		
Expiration of sentence	10,042	9,679
Sentence commuted or vacated by court and reinstated paroles	242	222
Parole	2,831	2,139
Execution	5	7
Deaths	50	49
Escapes	629	658
Out by authorized temporary absence	4,497	4,124

- Employment Status at Arrest:
 1. Full-Time Employment (63%)
 2. Unemployed (27%)

The Typical Black Male Offender Profile of the inmates admitted to the system during the 1984-85 fiscal year.

- Is 24 Years of Age or Younger (42%)
- Is Single (Never Married) (70%)
- Is a Resident of Florida (94%)
- Has an IQ 79.6
- Claims at Least Occasional Use of Alcohol or Drugs (83%)
- Average Education Claimed 10.2
- Has an Average Tested Grade of 6.5
- Has No Prior Prison Commitments (62%)
- Was Convicted of:
 1. Burglary (24%)
 2. Robbery, Armed (11%)
- Is Serving Less Than 5 Years (67%)
- Had No Prior Paroles (85%)
- Had No Prior Parole Violations (92%)
- Had No Prior Misdemeanor Probation (92%)
- Had No Prior Probation for a Felony (59%)
- Employment Status at Arrest:
 1. Full-Time Employment (52%)
 1. Unemployed (32%)

The Typical White Female Offender Profile of the inmates admitted to the system during the 1984-85 fiscal year.

- Is 24 Years of Age or Younger (34%)
- Is Single (Never Married) (30%)
- Is a Resident of Florida (92%)
- Has an I.Q. of 93.8
- Claims at Least Occasional Use of Alcohol or Drugs (84%)
- Average Education Claimed 9.5
- Has an Average Tested Grade of 8.1
- Has No Prior Prison Commitments (89%)
- Was Convicted of:
 1. Larceny (18%)
 2. Narcotics, Sale and Manufacture (14%)
- Is Serving Less Than 5 Years (80%)
- Had No Prior Paroles (94%)
- Had No Prior Parole Violations (97%)
- Had No Prior Probation for a Felony (42%)
- Had No Prior Misdemeanor Probation (84%)
- Employment Status at Arrest:
 1. Full-Time Employment (34%)
 2. Unemployed (60%)

The Typical Black Female Offender Profile of the inmates admitted to the system during the 1984-85 fiscal year.

- Is 24 Years of Age or Younger (32%)
- Is Single (Never Married) (65%)
- Is a Resident of Florida (97%)
- Has an IQ 79.5
- Claims at Least Occasional Use of Alcohol or Drugs (81%)
- Average Education Claimed 9.6
- Has an Average Tested Grade of 6.7
- Has No Prior Prison Commitments (70%)
- Was Convicted of:
 1. Larceny (30%)
 2. Forgery (9%)
- Is Serving Less Than 5 Years (81%)
- Had No Prior Paroles (86%)
- Had No Prior Parole Violations (93%)
- Had No Prior Probation for a Felony (41%)
- Had No Prior Misdemeanor Probation (80%)
- Employment Status at Arrest:
 1. Full-Time Employment (20%)
 2. Unemployed (75%)

BY INMATES COMMITTED TO THE
DEPARTMENT OF CORRECTIONS**

PROBATION AND PAROLE STATISTICS

The following pages contain statistics concerning probationers and parolees under the supervision of the Department of Corrections. The probation and parole caseload continues to increase. The Department continues its emphasis upon diversionary programs and these programs, hopefully, will reduce the number of institutional beds necessary in the future. Consequently, an even greater probation and parole caseload is anticipated in the years to come.

In the following tables, misdemeanor probation reflects cases originally filed in circuit court as felonies that were reduced to misdemeanors and subsequently placed on probation.

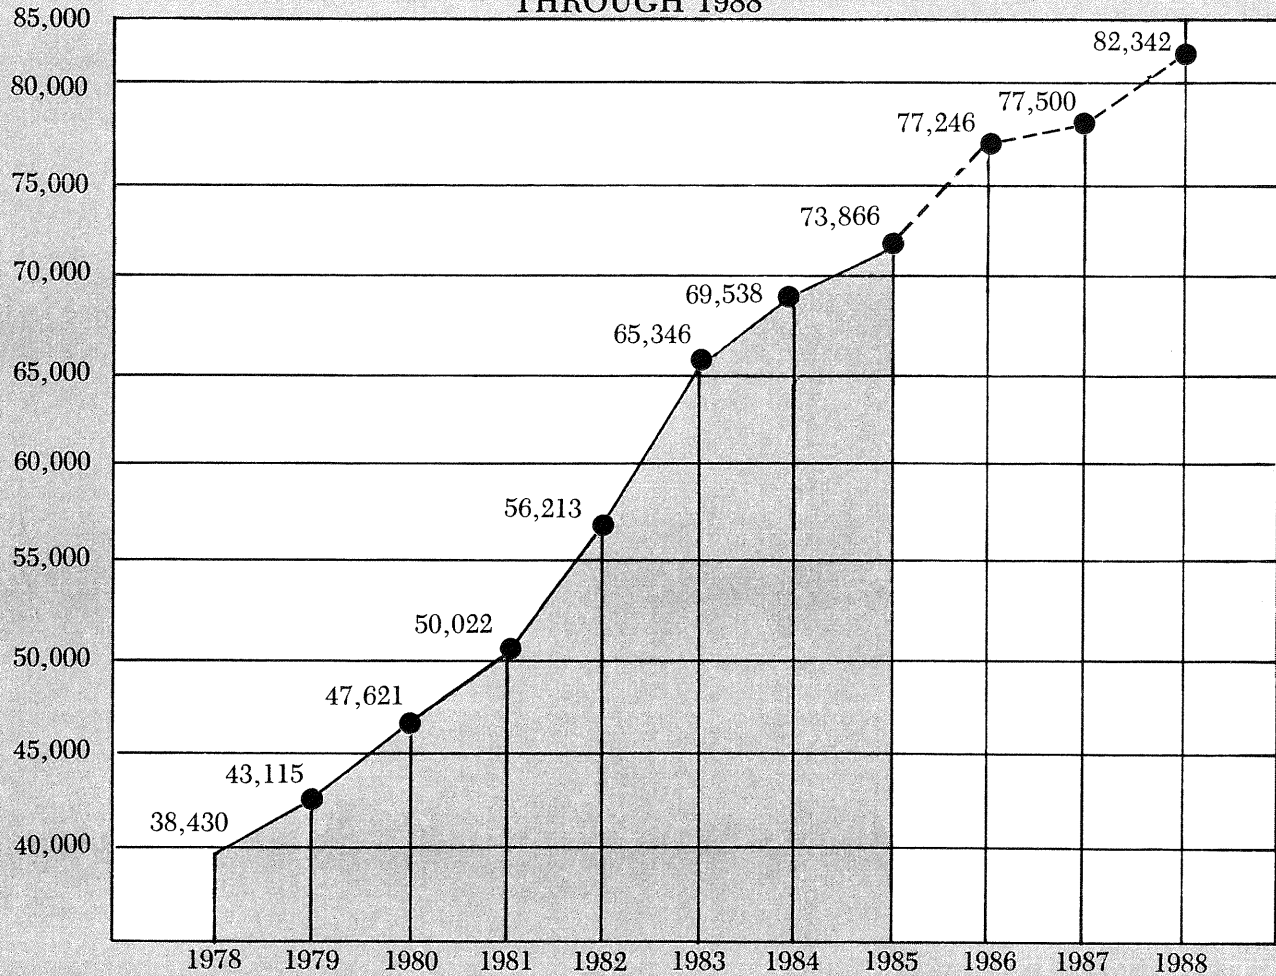

POPULATION UNDER COMMUNITY SUPERVISION

	1983-84	1984-85
POPULATION UNDER PAROLE AND PROBATION SUPERVISION ON JULY 1	65,346	69,538
Intakes ¹	42,008	48,163
Terminations ²	37,816	43,835
POPULATION UNDER PAROLE AND PROBATION SUPERVISION ON JUNE 30	69,538	73,866
POPULATION UNDER PRETRIAL SUPERVISION ON JULY 1	3,801	4,065
Inmates	5,451	4,876
Terminations	5,187	5,492
POPULATION UNDER PRETRIAL SUPERVISION ON JUNE 30	4,065	3,449

¹Includes all sources of intake (courts, prison, out-of-state, etc.)

²Includes all types of terminations (normal, expiration, death, etc.) including parole and probation revocations

ACTUAL PAROLE AND PROBATION CASELOAD UNDER SUPERVISION 1978-88 AND CASELOAD PROJECTIONS THROUGH 1988

*Projections from Criminal Justice Estimating Conference 12/23/85.

PROFILE OF PROBATIONERS/PAROLEES ADMISSIONS DURING FY 1984-85

The Typical White Male Probationer/Parolee Profile of the offenders admitted to supervision during the 1984-85 fiscal year.

● Age	
Under 21 Years	(21.5%)
21 to 25 Years	(24.8%)
26 to 30 Years	(17.2%)
Over 30 Years	(36.5%)
● Prior Felony Convictions	
None	(83.6%)
One	(8.6%)
Two	(3.8%)
Three	(1.7%)
Four or More	(2.3%)
● Risk Classifications at Admission	
Maximum	(25.8%)
Medium	(63.1%)
Minimum	(11.1%)
● Claims at Least Occasional Use of Alcohol	(68.4%)
● Claims at Least Occasional Use of Narcotics	(43.8%)
● Most Frequent Offenses	
1) Burglary	(17.4%)
2) Larceny	(16.6%)
● Is Under Supervision 2 Years or Less	(52.2%)
● Is Under Probation Sentence 2 Years or Less	(84.2%)
● Is Under Parole Supervision 2 Years or Less	(6.4%)
● Is Under Sentence from Out of State	(13.1%)

The Typical Black Male Probationer/Parolee Profile of the offenders admitted to supervision during the 1984-85 fiscal year.

● Age	
Under 21 Years	(20.2%)
21 to 25 Years	(24.5%)
26 to 30 Years	(18.6%)
Over 30 Years	(36.8%)
● Prior Felony Convictions	
None	(79.0%)
One	(10.9%)
Two	(5.0%)
Three	(2.2%)
Four or More	(2.9%)
● Risk Classifications at Admission	
Maximum	(26.7%)
Medium	(67.4%)
Minimum	(5.9%)
● Claims at Least Occasional Use of Alcohol	(56.4%)
● Claims at Least Occasional Use of Narcotics	(36.4%)
● Most Frequent Offenses	
1) Burglary	(17.1%)
2) Larceny	(15.4%)
● Is Under Supervision 2 Years or Less	(59.9%)
● Is Under Probation Sentence 2 Years or Less	(81.1%)
● Is Under Parole Supervision 2 Years or Less	(7.3%)
● Is Under Sentence from Out of State	(11.5%)

The Typical White Female Probationer/Parolee Profile of the offenders admitted to supervision during the 1984-85 fiscal year.

● Age	
Under 21 Years	(16.1%)
21 to 25 Years	(24.4%)
26 to 30 Years	(18.8%)
Over 30 Years	(40.6%)
● Prior Felony Convictions	
None	(93.1%)
One	(4.4%)
Two	(1.5%)
Three	(.5%)
Four or More	(.5%)
● Risk Classifications at Admission	
Maximum	(22.1%)
Medium	(66.6%)
Minimum	(11.3%)
● Claims at Least Occasional Use of Alcohol	(54%)
● Claims at Least Occasional Use of Narcotics	(34.9%)
● Most Frequent Offenses	
1) Larceny	(23.2%)
2) Narcotics Possession	(17.6%)
● Is Under Supervision 2 Years or Less	(60%)
● Is Under Probation Sentence 2 Years or Less	(92.9%)
● Is Under Parole Supervision 2 Years or Less	(2.0%)
● Is Under Sentence from Out of State	(11.8%)

The Typical Black Female Probationer/Parolee Profile of the offenders admitted to supervision during the 1984-85 fiscal year.

● Age	
Under 21 Years	(13.6%)
21 to 25 Years	(24.1%)
26 to 30 Years	(21.2%)
Over 30 Years	(41.1%)
● Prior Felony Convictions	
None	(89.6%)
One	(6.2%)
Two	(2.2%)
Three	(1.0%)
Four or More	(1.0%)
● Risk Classifications at Admission	
Maximum	(18.1%)
Medium	(70.8%)
Minimum	(11.1%)
● Claims at Least Occasional Use of Alcohol	(40.2%)
● Claims at Least Occasional Use of Narcotics	(21%)
● Most Frequent Offenses	
1) Larceny	(24.3%)
2) Family Offenses	(20.4%)
● Is Under Supervision 2 Years or Less	(63.8%)
● Is Under Probation Sentence 2 Years or Less	(90.2%)
● Is Under Parole Supervision 2 Years or Less	(2.6%)
● Is Under Sentence from Out of State	(10.5%)
