Horarable Charlie Crist Governor, State of Florida The Capitol Tallahassec, Ft. 30399-0001

Honorable Juffrey Atwater President of the Florida Senate State 409, Capitol Tallahassee, FL 32399-1100

Hoporable Ray Sanson Speaker, Florida House of Representatives Suite 420, Capitol 1 allahasses, FC 22399-1300

Dear Governor, Mr. President and Mr. Speaker:

The Fforida Commission for the Transportation Disadvantaged is pleased as submit the 2008 Annual Porformance Report, pursuant to Seather 427.0 '1613, Florida Station 427.0 '1613, Florida Sta

This one an exciting year for the Commission and the coordinated system. Not only that the coordinated system provide over 50 million rigs to Florica's most vulnerable, the Agency Health Care Administration and the Commission for the Transportation Disadvantaged (Commission) continued their contract to aflow the Commission to administer and manage the Medicaid. Non Timergency Transportation program. The Commission continues to improve a well established coordinated transportation model to provide mobility for the

The utilization of the bus pass program plays an important role in increasing services while scoping costs down. The Coordinated Transportation System provided, via fixed route, over 64% of all trips reported in the 2008 Annual Performance Report. The Coordission will continue to encourage the aditivation of this cost-saving means of horsportation.

Clearly, unmet needs still exist given the Coordinated System deried 1,009,436 trips due to lack of funding, lack of schiele availability or for other reasons. According to the Center for Luban Transponation Research, by the year 2015, 8.25 million Horizians may potentially fail under the Transportation Disadvantaged definition.

Hero are a few highlights of the 3008 Annual Performance Reports

- Served 680,274 Floridians;
- Provided 50,269,997 urps with a breakdown as follows:
   46,203,744 Medical trips;

605 Screannes Street, MS-49 to Telianeseee, Ft. 32359-0455 Photo: (850) 413-5700 at 7 Toll Free: (800) 883-2435 at Fax: (850) 419-5752 www.fol.stato.8.ug/ct/

- e. 8,674,243 Paiployment trips,
- in 10.547,852 Education/Training/Dayogre trips.
- e 6,996,297 Nutritional trips, and
- e 7,847,891 Life-Sustaining/Other trips; and
- Travelled 136,907,393 Vehicle miles:
- Decreased Complaints by 16.01%.

The Commission for the Transportation Disadvantaged will continue to parliar with the community transportation coordinators and other local emities to identify and intellement indivestive approaches to executing number of immediated.

We look forward to working with each of you to continue providing transportation for Forda milizans who rount on us to asset them with their daily mobility needs. Without transportation, their quality of life suffers due to the lack of access to medical care, employment, notificion or other needed services. Thank you for your continued dedication to the Transportation Disadvantaged Propriation Provides.

Sincer

## **Executive Summary**

This was an exciting year for the Commission and the coordinated system. Not only did the coordinated system provide over 50 million trips to Florida's most vulnerable citizens, the Agency for Health Care Administration continued to contract with the Commission to transfer the administration and management of the Medicaid Non Emergency Transportation program to the Commission. The Commission continues to move forward with its efforts to improve a well established coordinated transportation model to provide mobility for life.

The utilization of the bus pass program plays an important role in increasing services while keeping costs down. The Coordinated Transportation System provided, via fixed route, over 64% of all trips reported in the 2008 Annual Performance Report. The Commission will continue to encourage the utilization of this cost-saving means of transportation.

Clearly, unmet needs still exist given the Coordinated System denied 1,009,436 trips due to lack of funding, lack of vehicle availability or for other reasons. According to the Center for Urban Transportation Research, by the year 2015, 8.25 million Floridians may potentially fall under the Transportation Disadvantaged definition.

The results of this 2007/2008 Annual Performance Report reveal:

- Served 680,274 Floridians;
- Provided 50,269,997 trips with a breakdown as follows:
  - o 16,203,714 Medical trips,

- o 8,674,243 Employment trips,
- o 10,547,852 Education/Training/Daycare trips,
- o 6,996,297 Nutritional trips, and
- o 7,847,891 Life-Sustaining/Other trips; and
- Traveled 136,907,393 Vehicle miles;
- Decreased Complaints by 16.01%.

The success of the coordinated transportation system is a direct result of the ingenuity of our local partners, the community transportation coordinators and transportation operators. We are very proud of their efforts.

#### Introduction

The 2008 Annual Performance Report for the Florida Commission for the Transportation Disadvantaged meets the statutory requirements outlined in Section 427.013(12), Florida Statutes, for the time period covering July 1, 2007 - June 30, 2008.

This report provides an overview of the program and a brief and concise account of significant program accomplishments during the reporting period. The report also provides a summary of performance trends statewide. Commission staff compiled this information from each system's Annual Operating Report, thereby providing the Governor, Legislature, Commission, Community Transportation Coordinators, local Coordinating Boards and other interested parties statewide statistical, operational and financial information on all coordinated transportation services.

#### Mission

The mission statement of the Commission for the Transportation Disadvantaged is to: "Ensure the availability of efficient, cost-effective, and quality transportation services for transportation disadvantaged persons."

## **Purpose of the Commission**

The Florida Legislature created the Commission for the Transportation Disadvantaged in 1989 to coordinate the transportation services provided to the transportation disadvantaged. The goal of this coordination is to ensure the cost-effective provision of transportation by qualified community transportation coordinators or transportation operators for the transportation disadvantaged. The Commission sets policies and provides direction to its staff in the areas of quality assurance, program administration, contract management, and financial accountability.

The authority of the Commission for the Transportation Disadvantaged derives from Chapter 427.011-017, Florida Statutes, and Rule 41-2. Florida Administrative Code. The Commission also administers **Transportation** the Disadvantaged Trust Fund (TDTF), which provides for carrying out the statutory responsibilities of the Commission. The Commission is an independent agency located within the Department of Transportation for administrative and fiscal purposes. In all respects, the Commission operates independently, with rule making and budget authority. Commission employs staff in Tallahassee to administer and monitor the statutory requirements for the program.

## **Floridians Being Served**

Florida's transportation disadvantaged are defined in Chapter 427.011(1) as those persons who because of physical or mental

disability, income status, or age, are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are handicapped or high-risk as defined in s. 411.202, F.S.

The Center for Urban Transportation Research at the University of South Florida prepared the State of Florida 5 & 20 Year Transportation Disadvantaged Plan and reports that the potential transportation disadvantaged population in Florida is estimated to grow to 8.25 million by the Year 2015. This estimate is based on the State's population estimates for persons who are elderly, disabled, and children at-risk or low-income. The report also estimates that by the Year 2015 the unmet needs for this population will be 15.7 million trips annually. The denial of transportation continues to be reported, reflecting an unmet need for this population.

## **Commission Membership**

According to 427.012(1), the Commission shall consist of seven (7) voting members all appointed by the Governor, including five (5) Business Community Members; two (2) members who have a disability and use the TD System. One of these members must be over 65 years of age. In addition, the Secretary of Transportation, the Secretary of Children and Families, the Director of Workforce Innovation, the Executive Director of the Department of Veterans' Affairs, the Secretary of the Agency for Health Care Administration, the Director of the Agency for Persons with Disabilities, and a county manager or administrator who is appointed by the Governor, or a senior

management level of each, shall serve as ex officio non-voting advisors to the Commission.

Commissioner	Representing
Chairman J.R. Harding, Ed. D.	Users with a Disability
Vice-Chairman Larry Forman	The Business Community
Peter Gianino	The Business Community
Donna Loggie	The Business Community
Walter Schoenig	The Business Community
Ernest Smith	Users with a Disability
Charlotte Temple	The Business Community

## **Program Organization**

The Commission for the Transportation Disadvantaged is the state-level policy board responsible for the oversight of the implementation of coordinated transportation disadvantaged services.

To assist with program implementation, the Commission contracts with a Community Transportation Coordinator (CTC) and planning agency in each county.

The local CTC is responsible for the actual arrangement and/or delivery of transportation services for transportation disadvantaged persons. The CTC, through a competitive procurement process, may contract with local transportation operators to provide transportation for transportation disadvantaged persons. During 2008, 446 qualified transportation operators carried out the provision of services.

The Local Coordinating Board (LCB), appointed and staffed by the planning agency, oversees and annually evaluates the CTC, which the Commission approves. Local Coordinating Boards also provide assistance to the CTCs. They identify local service needs and provide information, advice and direction to CTCs on the coordination of services. Each LCB is as an advisory body to the CTC in its service area.

Membership of each Local Coordinating Board includes the Chairperson of the board, who is an elected official; representatives from the Departments of Transportation, Children and Families, Education, Elder Affairs, and Agency for Health Care Administration; a person over sixty representing the elderly; a person with a disability representing persons with disabilities; two (2) citizen advocate representatives (one who must be a user of the system); a representative of the local public education system; a person who is recognized by the Florida Department of Veterans Affairs, (representing the veterans of the county); a person who is recognized by the Florida Association for Community Action representing the economically disadvantaged; a representative of the local private for profit transportation industry; a representative for children at risk; a person representing the Regional Workforce Board; a representative of the local medical community; and where available, a representative of a local public transit system.

#### **Commission Staff**

The Commission has fifteen (15) full-time staff and one (1) part-time Other Personal Services (OPS) staff, who provide support and administer the statewide Transportation Disadvantaged Program. The Executive Director provides oversight for all staff and is directly accountable to the Commission.

## **Oversight and Compliance**

This unit is responsible for four (4) teams which include Quality Assurance and Program Evaluation, Public Relations, Project Administration and Medicaid Non-Emergency Transportation. The unit is lead by the Assistant Director of Oversight and Compliance who reports directly to Executive Director and provides guidance and direction to ensure program consistency and compliance.

# **Quality Assurance and Program Evaluation Team**

During the 2008 fiscal year, the Commission had two (2) full-time and one (1) contracted staff conducting Medicaid and triennial reviews of the Transportation Disadvantaged Program's contractors.

The Quality Assurance activities address contract compliance issues that may affect the safety of Floridians that receive transportation services under the Transportation Disadvantaged Program. The Program Evaluation activities include the collection and evaluation of the contractors' operating data, as well as other finance related activities.

#### Community Transportation Coordinator Reviews

The overall objective of the Community Transportation Coordinator (CTC) review is to ensure that the operations of each coordinator are in compliance with Chapter 427, F.S.; Rule 41-2 F.A.C.; the Commission's standards; local standards; and the Americans with Disabilities Act. Additionally, the data gathered in the CTC review is useful in providing information about the services to the Commission and the Legislature.

As part of each triennial review, the Quality Assurance and Program Evaluation (QAPE) team provides a review report that contains recommendations to the coordinator. The coordinator responds with their plans to implement the review's recommendations in a status report to the QAPE team. At the next triennial review of the CTC, the QAPE team follows-up with the CTC on the recommendations from the previous review. Additionally, the QAPE staff coordinates with the local Coordinating Boards and other purchasing/funding agencies to conduct joint reviews in an effort to reduce duplicative monitoring.

During fiscal year 2007/2008, the Quality Assurance and Program Evaluation team completed twenty-five (25) triennial CTC reviews. These on-site evaluations included: the review of locally established service delivery standards and Commission established standards; a review of the coordinators' compliance with the Americans with Disabilities Act; a survey of the system's riders, a survey of the agencies who purchase service, a survey of the contractors, a review of the CTC's monitoring efforts for its contracted operators and coordination contractors. The staff also reviews the annual evaluation conducted by the local Coordinating Board and the System Safety Program Plan by the Florida Department of Transportation to eliminate any duplication and review areas of concern.

#### Non Emergency Transportation Service Provider Reviews

The overall objective of the Non Emergency Transportation Service Provider (NET Service Provider) review is to ensure that the operations of each NET Service Provider are in compliance with the Medicaid Contract; Chapter 427, F.S.; Rule 41-2, F.A.C.; the Commission's standards; local standards; and the American's with Disabilities Act. To accomplish this task, the Commission utilized the QAPE team. As part of each NET Service Provider review, the team provided a review report that contained recommendations to the NET Service Provider. Each NET Service Provider responded with a plan to address the review's recommendations in a status report to the QAPE Manager. Additionally, the QAPE team coordinated Medicaid reviews with all triennial reviews in an effort to reduce duplicative monitoring.

During fiscal year 2007/2008, the QAPE team conducted twenty-six (26) NET Service Provider reviews. These on-site evaluations included: compliance with the Medicaid contract, the review of locally established service delivery standards and Commission established standards, a review of the coordinators; compliance with the Americans with Disabilities Act, a survey of the system's riders, a survey of the contractors, and a review of the NET Service Provider's monitoring efforts for its contracted operators and coordination contractors. The QAPE team also reviewed, where practicable, the annual evaluation conducted by the local Coordinating Board and the System Safety Program Plan by the Florida Department of Transportation to eliminate any duplication and to review areas of concern.

#### Planning Agency Reviews

The Commission contracts with planning agencies to provide local technical assistance and administrative support to the local Coordinating Boards. These contractors receive financial support from the Commission's Trust Fund for the assigned task. The Quality Assurance and Program Evaluation team evaluates the designated planning agencies to ensure satisfactory completion of the contracted activities.

Staff conducted five (5) planning agency reviews during the 2007/2008 fiscal year. The planning agency reviews consist of an internal evaluation of deliverables received, the quality and availability of services provided, the inventory of local transportation services, the level of competition, and the performance of planning tasks. The QAPE team also attended local Coordinating Board meetings unannounced to observe the planning and organization of the meeting. In addition, the CTC, board members and local grievants are surveyed on the performance of the planning agency.

#### **Annual Self-Certification**

In order to supplement monitoring efforts, the Commission implemented annual self-certifications for CTCs. CTCs certify that drug and alcohol compliance, operator monitoring, and driver training have been completed each year.

#### **Annual Performance Report**

Commission staff gathers annual operating information from local coordinators, state purchasing agencies and designated planning agencies to compile the Annual Performance Report (APR). Staff utilizes desk audit procedures to verify the data contained in each Community Transportation Coordinator's Annual Operating Report, which Community Transportation Coordinators collect at the end of each state fiscal year. This

report provides cumulative operational statistics and trends on each coordinated transportation system and provides performance measures for all the coordinated systems.

#### **Public Relations Team**

In a concerted effort towards public awareness of the Transportation Disadvantaged Program, the Public Relations Team is responsible for the operation of the Ombudsman Program and TD Helpline, as well as representing the Commission at conferences, public meetings and forums. In addition, Team members have continued to assist the Department of Transportation with the implementation of the Toll Permit Program for qualified disabled drivers.

#### Ombudsman Program

The Public Relations Team is responsible for the operation of the Ombudsman Program. The Ombudsman Program began in 1994 to ensure the coordinated system was providing quality customer service to transportation disadvantaged consumers. The primary goal of this program is to give consumers a forum to express concerns relating to services, as well as to provide the Commission with a tool to improve policies and program implementation. Ombudsman staff intake calls, listen and document concerns of the consumer, provide callers with information, refer callers to appropriate local area services; and maintain a database of information from all callers. A Customer Service Representative serves as a liaison between the caller and the CTC or the NET Service Provider.

During fiscal year 2007/2008, the Ombudsman Committee continued its efforts towards ensuring consumers' satisfaction with transportation services. The Committee met to review the number and type of calls as well as reviewing customer satisfaction survey reports.

#### TD Helpline

During this reporting period, staff received a total of 1,819 calls from consumers regarding questions, general information and concerns, including 1,437 from NET Medicaid riders. Staff referred the majority of quality of service calls to the local area for intervention. Staff accomplished this by contacting the appropriate local CTC, NET Service Provider or planning agency to resolve the problem. Most calls are resolved on the same day, however some require local investigation which may take longer to resolve. Additionally, the TD Helpline received calls requesting information on the Toll Permit/Sun Pass Program. Currently, staff operates the toll free number, 800-983-2435, from 8 a.m. to 5 p.m. Voice mail capability is available during the evenings and weekends. Hearing and speech impaired callers may contact the helpline by dialing 711 or (850) 410-5708.

#### **Public Relations Efforts**

The team attended and participated in meetings with different groups throughout the state. Staff attended and presented at related conferences throughout the state and nation as well. These included the Family CAFÉ, Florida Council On Aging Conference, American Cancer Society's Lifeline Coalition, Partners in Transition Conference, Florida ARC Conference

and the Family Action Community Training Conference. Staff volunteered to assist with other related program functions in a public relations effort. These included the Able Trust's Youth Leadership Forum, Florida Sportsability, Disability Mentoring Day, and the Florida Paratransit Roadeo, Marion County Senior Citizens Day, Ambassadors for Aging Day and Disabilities Forum. In addition to providing and participating in meetings and workshops, press releases were issued addressing program news and several articles were submitted and published in state and federal magazines and reports. Staff also continued to distribute the Commission's newsletter, the "TD Connector," which has a circulation of nearly 2,000.

#### Toll Permit/SunPass

The 1988 Florida Legislature created the Beverly Chapman Act that allowed qualified disabled drivers with upper limb impairments, to obtain a toll permit providing them non-revenue access to toll roads throughout Florida. Commission staff has provided assistance to the Department of Transportation with the implementation of this program and the development and implementation of the non-revenue SunPass transponder procedures. There are approximately 4,594 toll permits re-issued since the recertification process was complete in 2004; 589 toll permits issued in FY 2007-2008. When the 2004 recertification process was completed, the toll permits had a five year expiration date. There will be recertification process to begin in 2009 as the five year period for renewals becomes due.

#### **Project Administration Team**

The Project Administration Team provided training and technical assistance to all contracted Community Transportation Coordinators (CTCs), Designated Official Planning Agencies and others across the State. In addition, team members reviewed Quality Assurance and Program Evaluations of Community Transportation Coordinators and Planning Agencies and provided technical assistance as needed. The team reviewed twenty-two (22) Transportation Disadvantaged Service Plans, as well as contract deliverables. Staff conducted fact-finding research and provided information on various topics that affect the provision of transportation.

# Annual Transportation Training And Technology Conference

The annual conference is a significant opportunity for CTCs, planning agencies, purchasing agencies, and local Coordinating Board members to learn about the TD Program and to share challenges and success stories. The Florida Commission for the Transportation Disadvantaged sponsors the conference. Staff is responsible for coordinating conference sessions and events to ensure attendees gain additional knowledge of the TD Program.

#### **Contract Management and Monitoring**

Staff provided contract management for over 167 contracts, which included 13 Memoranda of Agreements and Transportation Disadvantaged Service Plans, 55 Trip and

Equipment Grants, 55 Medicaid Non-Emergency Transportation Service Subcontracts, 35 Planning Grants, 21 Shirley Conroy Rural Capital Equipment Grants, and one outside contract for assistance with the Commission's annual conference.

The Florida Department of Transportation transferred \$1.4 million dollars to the Transportation Disadvantaged Trust Fund to assist rural areas with the purchase of capital equipment. Through a competitive procurement process, the Commission selected and provided funding for twenty-three (23) counties. Team members worked closely with a subcommittee of the Finance, Audit and Program Performance Committee to develop eligibility requirements, an application process, criteria, and guidelines for reporting and invoicing.

#### **Finance and Administration**

The Finance and Administration Team continued to develop and review policies and procedures used to detect and prevent financial shortfalls, fraud, and abuse. This team consists of the Assistant Director, Finance and Administration and a financial manager. The Assistant Director of Finance and Administration reports directly to the Executive Director, providing accounting and technical assistance to the Commission, including work program activities, budget coordination, cash & investment monitoring and, cash flow forecasting. This position supervises the Financial Services Manager who handles the reimbursement processes for funds disbursed from the Transportation Disadvantaged Trust Fund. This team also is responsible for securing and maintaining office space and equipment as necessary for Commission staff.

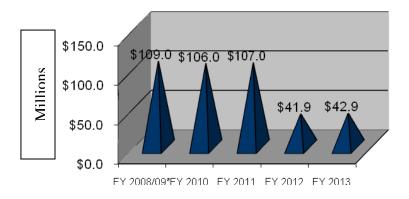

# Financial Status of the Transportation Disadvantaged Trust Fund

All 67 of Florida's counties expended trust fund dollars for the provision of transportation services for local transportation disadvantaged citizens whose transportation was not being subsidized by other funding programs. Planning agencies across the state also utilized trust fund dollars to assist in the development and evaluation of adequate and cost effective plans in order to meet the present and future needs of local transportation disadvantaged citizens.

All counties have been very successful in utilizing these funds, but still face daily trip denials due to lack of funding to meet the needs. During FY 2007/2008, over 50 million trips were provided throughout the transportation disadvantaged coordinated systems, with a reported 6.5 million non-sponsored trips provided by the TD Trust Fund.

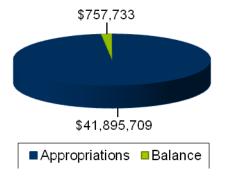

#### **Revenue Estimates**

The chart on the following page reflects projected revenue estimates for the period from FY 2007/2008 through the next four years. The reason for the sharp decline is that the Agency for Health Care Administration contract with the Commission is set to expire prior to the FY 2011 time period.

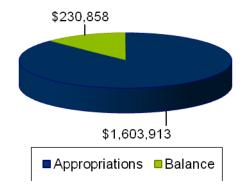

#### **Grant Program Status**

The chart below reflects the status of the grant program for fiscal year 2007/2008. This chart reveals that the appropriations authorized were committed for expenditures, with minimal funding anticipated for roll forward.

#### **Operating Budget Status**

This chart reflects the status of the operating expenses for the Commission during fiscal year 2007/2008.

#### Budget Request for Fiscal Year 2009

For FY 2008/2009, the Commission requested a total budget initiative of \$109 million. Of the total requested, approximately 35% will fund the grant program that allows non-sponsored customers to receive transportation for daily living, and local expansion and improvement of the transportation service delivery system. The Commission uses approximately 1.5% of the total budget for the operational costs. The Commission will use the remaining funds to implement the Medicaid Non-Emergency Transportation Program.

## **Medicaid Non Emergency Transportation**

According to the Community Transportation Association of America (CTAA), an estimated 3.4 million beneficiaries (approximately 10% of the covered population) depend on Medicaid Non Emergency Transportation (NET) services to ensure access to physicians and other medical providers. These are people who are either unable to drive or do not have the financial capability to own or maintain their own vehicle and do not have access to affordable transportation. Medicaid NET services are particularly crucial in rural areas, where distances to medical providers are often greater than in urban areas and where public transit alternatives are frequently non-existent.

In Florida, the Agency for Health Care Administration (AHCA) administers the state's Medicaid program which consists of both mandated and optional programs to carry out its mission. Transportation services for Medicaid beneficiaries is a federally mandated service that is described in AHCA's 1115 waiver and the Florida Medicaid Transportation Services, Coverage and Limitations Handbook. These services are designed to be purchased through Florida's coordinated transportation system, pursuant to Part I, Chapter 427, Florida Statutes, in an effort to obtain maximum efficiencies and ensure the safety and well-being of riders. Since 1979. Medicaid NET services have been secured through the coordinated system in Florida after AHCA recognized the Commission's proven experience with the establishment and coordination of efficient, cost-effective and quality transportation systems.

On June 11, 2004, AHCA and the CTD originally formalized their cooperative relationship by executing an agreement to transfer the administration and management of the Medicaid NET program to the CTD. The Commission was charged with eliminating fraud and abuses in the system, reducing costs per trip and providing a forecasting capability for future funding considerations and began providing transportation for AHCA under a fixed fee basis on November 1, 2004. Each month, the Commission receives a fixed amount of funding to provide all Medicaid NET services to eligible Medicaid enrollees. One of the first steps in this ground-breaking process, where AHCA became a "purchaser" of services rather than a direct "payer" of services consistent with its other managed care efforts, was for the CTD to secure a network of Subcontracted Transportation Providers (STP). The STPs are able to spend their allocated dollars in the most cost efficient manner possible, including bus passes or tickets, gas vouchers, and mileage reimbursement. It is anticipated that AHCA and the CTD will be executing a new multi-year agreement to continue to coordinate and provide NET services to eligible Medicaid enrollees.

All counties in Florida are currently under contract with the CTD to administer the NET program. The Commission currently contracts with CTCs to administer the Transportation Disadvantaged Trust Fund and the CTD Medicaid NET program in their service delivery areas. There are ten (10) counties where the CTC has declined to participate due to the lack of funding: Brevard, Broward, Duval, Hillsborough, Manatee, Miami-Dade, Palm Beach, St. Lucie, Sarasota and Volusia. These areas are operated by STPs who were either

procured through a Request for Proposals (RFP) process or the Commission appointed the entity under emergency procedures. During FY 2007/2008, the CTD, through its network of STPs and as reported in the Non-Emergency Transportation Encounter Data (NETED) system, provided 1,929,597 trips to beneficiaries who required non-emergency transportation to receive appropriate medical assessments and treatments. Additionally, during this same period, Medicaid NET services were provided to 63,482 unduplicated individuals requiring non-emergency transportation to receive appropriate medical assessments and treatments. This number (63,482) represents approximately 2.88% of the 2.2 million Medicaid eligibles in Florida.

Pursuant to AHCA Contract No. MED099 between AHCA and CTD for the provision of Medicaid Non-Emergency Transportation (NET) services to qualified beneficiaries throughout Florida, the CTD must submit to AHCA, by January 1st of each year, an Annual Performance Report (APR) that includes the CTD Medicaid NET services that were provided during the contract period. The report must be based on the monitoring elements outlined in the Monitoring Plan Section, and contain the following:

A trends and conditions statement outlining initiatives developed and implemented through monthly strategy development meetings as specified in the Strategy Development Section.

Staff representing AHCA and the CTD communicate regularly by telephone, email communication, in face-to-face meetings and participate in joint training and technical assistance (T&TA) opportunities when necessary. These T&TA opportunities include the initial meetings with STPs prior to implementation to instruct them on the strategies developed to ensure gatekeeping and cost control, the annual Transportation Disadvantaged Training and Technology Conference breakout sessions on the CTD Medicaid NET program, the annual Family CAFÉ Conference, and attendance and participation in other conferences and training sessions.

All program materials currently utilized in the daily operation of the CTD Medicaid NET program were developed, reviewed and approved in joint collaboration by staff representing both AHCA and the CTD pursuant to the requirements outlined in the Agreement. Staffs have worked collaboratively during numerous discussions to resolve conflicts between the Handbook and the Agreement, provide interpretation and clarification on myriad elements contained within the Agreement to STPs, health services providers, and beneficiaries. Those elements, identified as a "Best Practices" model for STPs have been included in proposed revisions to the Handbook and the Agreement in an effort to successfully implement the contract.

An assessment of transportation improvement needs outlining improvement plans and improvements made by county.

The Centers for Medicare and Medicaid Services (CMS) reviewed the CTD Medicaid NET program and gave the positive comments on the progress made when compared to other states. Discussions with CMS regarding program improvement highlighted the need for:

- A dedicated funding source and line item for Medicaid NET services within the state's Medicaid budget, and
- Increased longevity in contracting to ensure a viable provider network that adequately capitalizes their cumulative investment in the state.

Annual contracts with the CTD for Medicaid NET services do not lend themselves to a condition that secures and stabilizes coordinated transportation efforts in the state. Dramatic shifts in funding levels from year to year discourage transportation providers from adequately capitalizing their hardware and software upgrades to improve efficiencies as well as procuring the numbers and types of vehicles necessary to achieve improved services at reduced costs. As noted earlier, ten (10) CTCs have opted to not continue forward with the fixed fee per month contract; all ten (10) cited the lack of funding as being the reason they are declining to continue forward. When the Commission must appoint an STP that is not the CTC, there is a potential for fragmenting the coordinated transportation system and a loss of economies of scale. The Commission will continue to revise funding allocations during the upcoming reporting period.

Improvements needed by county are noted in the CTD Quality Assurance Review Summary that will be provided to AHCA on January 1, 2009.

#### Yearly quality control/quality assurance measures

This information has been collected as a result of the Quality Assurance monitoring conducted by the CTD pursuant to Chapter 427, Florida Statutes and the implementation of Section 2.3, Monitoring Plan, in the Agreement. The Monitoring Plan was submitted by the CTD and was approved by AHCA and a copy of the CTD Quality Assurance Review Summary, containing the requested information, will be provided to AHCA on January 1, 2009.

During FY 2007-2008, the Commission staff monitored STPs pursuant to the requirements contained within the Agreement. As a part of this quality assurance process, each STP provided contractor contact information, beneficiary contact information and a Self-Certification to the CTD. The CTD then conducted on-site reviews that included beneficiary surveys and issued an STP specific report outlining areas that need improvement. After each review, the STPs are required to provide a status report to the CTD addressing recommendations in the review and their progress on implementing improvements. In addition to the monitoring, the CTD held regional T&TA sessions throughout the state to ensure that all STPs are up-to-date with new information, policies and "Best Practices" that should result in improved gatekeeping and cost saving measures. Further, CTD attends regularly scheduled Local Coordinating Board (LCB) meetings when requested and provides on-site T&TA visits on an ad hoc basis when necessary.

#### The total number of trips by type of provider by county

During FY 2007-08, the CTD, through its network of STPs, provided 1,929,597 trips to beneficiaries who required non-emergency transportation to receive appropriate medical assessments and treatments.

This information is collected by the CTD from the STPs on a monthly or semi-monthly basis as a condition of payment through the CTD's Non-Emergency Transportation Encounter Data (NETED) system. The data set "Total Number of Trips by Provider by County" is a subset of the data collected through the NETED system. This information is captured as STPs report and then provided semi-monthly to AHCA as a part of the invoicing process pursuant to Section 2.4 a., Monthly Reports in the Agreement. This cumulative information has also been tabulated and will be provided to AHCA on January 1, 2009.

#### The total unduplicated transportation users by county

During FY 2007-08, the CTD, through its network of STPs, provided services to 63,482 unduplicated individuals requiring non-emergency transportation to receive appropriate medical assessments and treatments. This number (63,482) represents approximately 2.88% of the 2.2 million Medicaid eligibles in Florida and is well below the national average of 10% utilization according to the Community Transportation Association of America (CTAA). It must be noted that this number is the state average, however, there is a disproportionately higher rate experienced in the 33 rural counties in the state due to limited medical and transportation options in these underserved areas.

This information is collected by the CTD from the STPs on a monthly or semi-monthly basis as a condition of payment through the CTD's Non-Emergency Transportation Encounter Data (NETED) system. The data set "Total Unduplicated Transportation Users by County" is a subset of the data

collected through the NETED system. This information is captured as STPs report and then provided semi-monthly to AHCA as a part of the invoicing process pursuant to Section 2.4 a., Monthly Reports in the Agreement. This cumulative information has also been tabulated and will be provided to AHCA on January 1, 2009.

#### Transportation provided

During FY 2007-08, the CTD, through its network of STPs, provided 1,929,597 trips to beneficiaries who required non-emergency transportation to receive appropriate medical assessments and treatments.

#### As reported in the NETED System

This information is collected by the CTD from the STPs on a monthly or semi-monthly basis as a condition of payment through the CTD's NETED system. The data set "Total Number of Trips by Provider by County" is a subset of the data collected through the NETED system. This information is captured as STPs report and then provided semi-monthly to AHCA as a part of the invoicing process pursuant to Section 2.4 a., Monthly Reports in the Agreement. This cumulative information has also been tabulated and will be provided to AHCA on January 1, 2009.

#### Provider/beneficiary education

Provider Education and Outreach. Staff representing AHCA and the CTD communicate regularly by telephone, email communication, in face-to-face meetings and participate in

joint training and technical assistance (T&TA) opportunities when necessary. These T&TA opportunities include the initial meetings with Subcontracted Transportation Providers (STPs) prior to implementation to instruct them on the strategies developed to ensure gatekeeping and cost control, the annual Family CAFÉ Conference, and attendance and participation in other conferences and training sessions.

Beneficiary Education and Outreach. These activities are outlined in Section 6.4, Education Plan, in the Agreement. The CTD Medicaid NET Education and Outreach Plan was developed collaboratively and approved by AHCA. This plan required that each STP provide beneficiaries in their respective county(s) of operation the following information within 30 days of execution of their service agreements:

- Contractor contact information by county;
- Process to apply for CTD Medicaid NET services;
- CTD Medicaid NET application (Beneficiary Intake Form);
- Customers Rights and Responsibilities information;
- No-Show and Cancellation policy;
- Denial of service process; and
- Complaint and grievance policy

Reimbursement information: Vendor's total reimbursements to each subcontracted transportation provider, sorted by county

The total amount of STP reimbursements during FY 2007-2008 was \$66,022,204. As a condition of payment, this information on STP reimbursements is reported semi-monthly to AHCA as

a part of the invoicing process pursuant to Section 2.4 a., Monthly Reports in the Agreement. This cumulative information has also been tabulated and included in the Vendor's Total Reimbursement for FY 2007-2008, which will be provided to AHCA on January 1, 2009.

#### Issues requiring AHCA's response

Staff representing AHCA and the CTD communicate regularly via telephone, email communication and in face-to-face meetings when necessary. No items during this reporting period are outstanding; however, the funding for the Medicaid NET program continues to decline. Transportation services for Medicaid beneficiaries is a federally mandated service that is described in AHCA's 1115 waiver and the Florida Medicaid Transportation Services, Coverage and Limitations Handbook. These services are designed to be purchased through Florida's coordinated transportation system, pursuant to Part I, Chapter 427, Florida Statutes, in an effort to obtain maximum efficiencies and ensure the safety and well-being of riders. Since 1979, Medicaid NET services have been secured through the coordinated system in Florida after AHCA recognized the Commission's proven experience with the establishment and coordination of efficient, cost-effective and quality transportation systems. As a result of this coordination, the Medicaid NET program enjoyed tremendous cost savings over the past 10 years.

Total direct cost (agency manager, staff, salary, rent), profit margin and/or retained earnings, allocation of indirect expenditures (i.e., G & A), and total transportation costs.

## **Major Accomplishments**

The Commission accomplished the following statutory requirements as directed by the Florida Legislature:

- (1) Compile all available information on the transportation operations for and needs of the transportation disadvantaged in the state. [s.427.013(1), F.S.]
- Collected, analyzed and verified operational statistics for all 48 Community Transportation Coordinators statewide representing 67 counties. The data indicated that coordinated transportation network provided over 50 million one-way passenger trips. In addition, the coordinated transportation network documented 1,009,436 unmet trip requests.
- Assisted 1,819 consumers who contacted the TD Helpline in need of information about services or assistance addressing their services in the areas of quality, cost or timeliness.
- (2) Establish statewide objectives for providing transportation services for the transportation disadvantaged. [s.427.013(2), F.S.]
- Continued to implement statewide coordinated transportation and administered funds deposited into the Transportation Disadvantaged Trust Fund.
- Continued to work with the Department of Transportation to update performance measures to identify program results.
- Continued to implement the 5 Year Plan for the Commission that included statewide goals and objectives.

- (3) Develop policies and procedures for the coordination of local government, federal and state funding for the transportation disadvantaged. [s.427.013(3), F.S.]
- Continued implementation of the required competitive procurement process for the selection of Community Transportation Coordinators and Transportation Operators.
- Continued to coordinate with and provide requested technical assistance and training to other state agencies, local Coordinating Boards, planning agencies and Community Transportation Coordinators to implement the provisions of Chapter 427, F.S. and Rule 41-2, F.A.C. Continued to work toward eliminating any existing conflicting policies that inhibit coordinated transportation efforts.
- Continued efforts to jointly monitor the Community Transportation Coordinators for both Medicaid NET and TD Program.
- Continued to review Commission policies, procedures and processes.
- (4) Identify barriers prohibiting the coordination and accessibility of transportation services to the transportation disadvantaged and aggressively pursue the elimination of these barriers. [s. 427.013(4), F.S.]
- Continued working with AHCA on the implementation of Medicaid non-emergency transportation.
- Continued to assist the Department of Transportation with the non-revenue Sun Pass and E-Pass transponders procedures for qualified disabled drivers.
- Conducted on-site training and technical assistance activities to partners within the program.

- (5) Serve as a clearinghouse for information about transportation disadvantaged services, training, funding sources, innovations and coordination efforts [s. 427.013(5), F.S.]
- Continued to provide information about the Florida program to other states, regional and national organizations, Florida citizens, legislators and others.
- Assisted 1,819 consumers who contacted the Transportation Disadvantaged toll-free Helpline in need of information about services or assistance in addressing their services in the areas of quality, cost or timeliness.
- Partnered with or served as a member on numerous national, state and local organizations.
- Monitored, tracked, and advocated for legislation at the State level, that had direct effect to the Commission for the Transportation Disadvantaged Program.
- Maintained, expanded, and distributed statewide training materials and publications relating to specialized and coordinated transportation.
- Maintained the Commission's Internet website to provide additional information and resources to interested parties.
- Developed and distributed the newsletter, TD Connector, to enhance public awareness about the program. Continued marketing efforts to increase public awareness about the voluntary dollar donation program as another way to increase funds deposited into the Transportation Disadvantaged Trust Fund.
- Made presentations at training conferences, committees, state agencies and other organizations to provide information about the program and how to access transportation services.

- (6) Assist communities in developing transportation systems designed to serve the transportation disadvantaged. [s. 427.013(6), F.S.]
- Provided technical assistance to Community Transportation Coordinators, local Coordinating Boards, planning agencies and state agencies through implementation of regional or special meetings.
- Continued to educate the Legislature and others about the program and services provided as a result of funds deposited in the Transportation Disadvantaged Trust Fund.
- Awarded \$39.6 million in grants to local Community Transportation Coordinators to provide non-sponsored trips, and to designated planning agencies to provide assistance to local Coordinating Boards to ensure local implementation is accomplished.
- Distributed \$1.4 million for the Rural Capital Assistance Grant Program with funds provided by the Department of Transportation. These funds have allowed for the purchase of vehicles and other capital equipment, which results in improved safety and reduced maintenance costs. Additionally, some of the purchases will allow for expanded services in those counties where funds are available.
- Held 13 business meetings of the Commission, seven of which were conference call.
- Held the 16th Annual Transportation Training and Technology Conference in Orlando on August 25-29, 2008, where over 225 people attended and received training and accessed the latest in technology. An excellent awards ceremony was a major highlight of this conference honoring those who excelled in the program.

- Continued participation in the Florida Aging Drivers' Council.
- (7) Assure that all procedures, guidelines, and directives issued by purchasing agencies are conducive to the coordination of transportation services. [s.427.013(7), F.S.]
- Continued efforts to review, update and streamline the Commission's policies, procedures and processes.
- Provided on-going training and orientation to state and local agencies as well as local Coordinating Boards.
- Continued working with AHCA on the implementation of Medicaid non-emergency transportation.
- (8)(a) Ensure that purchasing agencies purchase all trips within the coordinated system, unless they have fulfilled the requirements of s. 427.0135(3) and use a more cost-effective alternative provider that meets comparable quality and standards. [s.427.013(8)(a), F.S.]
- (8)(b) Unless the purchasing agency has negotiated with the commission pursuant to the requirements of s. 427.0135(3), provide, by rule, criteria and procedures for purchasing agencies to use if they wish to use an alternative provider. Agencies must demonstrate that the proposed alternative provider can provide a trip of comparable quality and standards for the clients at a lower cost than that provided within the coordinated system, or that the coordinated system cannot accommodate the agency's clients. [s.427.013(8)(b), F.S.]
- Consolidated actual expenditures by agencies that expended transportation funds which resulted in transportation disadvantaged expenditures totaling \$179 million.

- Continued to implement a statewide procedure for use by purchasing agencies and Community Transportation Coordinators to evaluate if an alternative transportation provider can provide a service in a more cost effective manner.
- (9) Develop, by rule standards for community transportation coordinators and any transportation operator or coordination contractor from whom service is purchased or arranged by the community transportation coordinator covering coordination, operation, safety, insurance, eligibility for service, costs and utilization of transportation disadvantaged services. These standards and rules must include, but are not limited to: [s.427.013(9), F.S.]
- (9)(a) Minimum performance standards for the delivery of services. These standards must be included in coordinator contracts and transportation operator contracts with clear penalties for repeated or continuing violations. [s.427.013(9)(a), F.S.]
- (9)(b) Minimum liability insurance requirements for all transportation services purchased, provided, or coordinated for the transportation disadvantaged through the community transportation coordinator. [s.427.013(9)(b), F.S.]
- Developed and include in rule, standards for community transportation coordinators and all transportation operators or coordination contractors. The Quality Assurance team and the local coordinating board evaluate the community transportation coordinator and all operators to ensure compliance.
- Developed the 2007/2008 Annual Performance Report, which reflects program results and operational statistics relating to the actual services performed.

- Continued to contract with Thomas Howell Ferguson to conduct a financial review of the Commission and to provide audit and accounting assistance to the Commission, as needed.
- (10) Adopt rules pursuant to s. 120.536(1) and 120.54 to implement the provisions of Section 427.011-427.017. [s. 427.013(10), F.S.]
- Continued to review policies and procedures and refine as needed.
- (11) Approve the appointment of all community transportation coordinators [s. 427.013(11), F.S.]
- The Commission approved 21 Community Transportation Coordinators during this reporting period.
- Provided technical assistance on the competitive procurement process for the selection of Community Transportation Coordinators and Transportation Operators.
- (12) Have the authority to apply for and accept funds, grants, gifts and services from the federal government, state government, local governments or private funding sources. Applications by the Commission for local government funds shall be coordinated through the appropriate coordinating board. Funds acquired or accepted under this subsection shall be administered by the Commission and shall be used to carry out the Commission's responsibilities. [s.427.013(12), F.S.]
- The Commission continued to review all funding possibilities to enhance the program.
- The Commission renegotiated a contract with the Agency for Health Care Administration to provide management and oversight for the provision of Non-Emergency Medicaid

- Transportation. The contract began June 2004, with transportation services beginning on November 2004.
- Commission staff held meeting with Agency for Persons with Disabilities staff to explore contract possibilities for the provision of needed transportation services.
- (13) Make an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 1 of each year. [s. 427.013(13), F.S.]
- Compiled data for inclusion in the 2007/08 Annual Performance Report herein submitted.
- Distributed 2006/07 Annual Performance Report to the Governor, the Legislature and other requesting entities. Presented results of the 2007 Annual Performance Report to committees of the Florida Legislature during the 2008 legislative session.
- (14) Consolidate, for each state agency, the amounts of each agency's actual expenditures, together with the actual expenditures of each local government and directly federally funded agency and the amounts collected by each official planning agency. [s. 427.013(14), F.S.]
- Consolidated actual expenditures by agencies that expended transportation funds which resulted in transportation disadvantaged expenditures totaling \$179 million.
- (15) Prepare a statewide 5-year transportation disadvantaged plan which addresses the transportation problems and needs of the transportation disadvantaged, which is fully coordinated with local transit plans, compatible with local government comprehensive plans, and which ensures that the most cost

effective and efficient method of providing transportation to the disadvantaged is programmed for development. [s. 427.013(15), F.S.]

- The University of South Florida, Center for Urban Transportation Research completed the update of the 5-Year Statewide Transportation Disadvantaged Plan.
- Implementation of the 5-Year Statewide Transportation Disadvantaged Plan continues.
- (16) Review and approve memorandums of agreement for the provisions of coordinated transportation services. (s. 427.013[16], F.S.)
- Maintained sixty-four (64) Memoranda of Agreements and Transportation Disadvantaged Service Plans for approved Community Transportation Coordinators which contain rates, priorities for trips sponsored by the Transportation Disadvantaged Trust Fund and information on locally determined services provided to transportation disadvantaged persons.
- (17) Review, monitor, and coordinate all transportation disadvantaged local government, state, and federal fund requests and plans for conformance with commission policy, without delaying the application process. Such funds shall be available only to those entities participating in an approved coordinated transportation system or entities which have received a commission-approved waiver to obtain all or part of their transportation through another means. This process shall identify procedures for coordinating with the state's intergovernmental coordination and review procedures and s. 216.212(1) and any other appropriate grant review process. [s.427.013(18), F.S.]

- Reviewed Transportation Improvement Programs and amendments thereto, and responded to other federal funding grant applications, when requested.
- Continued to participate in the intergovernmental coordination review process.
- (18) Develop an interagency uniform contracting and billing and accounting system that shall be used by all Community Transportation Coordinators and their transportation operators. [s. 427.013(18), F.S.]
- Continued required bimonthly billing for grantees regarding transportation services.
- Continued implementation of an internal invoice reimbursement process in order to improve monitoring and accountability for funds reimbursed from the Transportation Disadvantaged Trust Fund.
- (19) Develop and maintain a transportation disadvantaged manual [s. 427.013(19), F.S.]
- Maintained and distributed a transportation disadvantaged program manual to the coordinated system. This manual is available on the Commission's web page.
- (20) Design and develop transportation disadvantaged training programs. [s. 427.013(20), F.S.]
- Provided training to local program partners involved in the program's implementation, when requested.
- Provided technical assistance, as needed.
- Continued coordinated training efforts with the Department of Transportation's Rural Transportation Assistance Program to assist rural Community Transportation Coordinators' training needs.

- Worked toward enhanced statewide training programs including specific on-site training for program partners.
- Developed and held the 16th Annual Transportation Training and Technology Conference. Numerous workshops were held and vendors displayed the latest technology and vehicles used for the coordinated systems. Additionally, the Commission recognized those who have gone beyond the call of duty.
- (21) Coordinate all transportation disadvantaged programs with appropriate state, local, and federal agencies and public transit agencies to ensure compatibility with existing transportation systems. [s. 427.013(21), F.S.]
- Continued to work with local Community Transportation Coordinators and local Coordinating Boards and others to improve coordination of all programs.
- Continued representation and participation in the Florida Public Transportation Association's Board.
- Continued to provide assistance and support for the utilization of public transit services within the Coordinated System.
- (22) Designate the official planning agency in areas outside of the purview of a Metropolitan Planning Organization. [s. 427.013(22), F.S.]
- Maintained thirty-five (35) grants to approved planning agencies serving all 67 counties to assist the local Coordinating Boards with implementation of the program at the local level.
- Continued review of designated planning agencies ensuring compliance with contracts, laws and rules of the program.
- (23) Develop needs-based criteria that must be used by all community transportation coordinators to prioritize the

- delivery of non-sponsored transportation disadvantaged services that are purchased with Transportation Disadvantaged Trust Fund moneys. [s.427.013(23), F.S.]
- Maintained fifty-five (55) trip and equipment grants to Community Transportation Coordinators to provide nonsponsored services to transportation disadvantaged persons.
- (24) Establish a review procedure to compare the rates proposed by alternate transportation operators with the rates charged by a community transportation coordinator to determine which rate is more cost-effective. [s. 427.013(24), F.S.]
- Continued support of the statewide procedure for use by purchasing agencies and Community Transportation Coordinators to document and justify conditions for utilizing an alternative provider outside of the coordinated system. Continued to review other policies and procedures to improve program implementation.
- (25) Conduct a cost-comparison study of single-coordinator, multi-coordinator, and brokered community transportation coordinator networks to ensure that the most cost-effective and efficient method of providing transportation to the transportation disadvantaged is programmed for development. [s. 427.013(25), F.S.]
- CTD completed this statutory requirement in 1993.
- (26) Develop a quality assurance and management review program to monitor, based upon approved Commission standards, services contracted for by an agency, and those provided by a community transportation operator pursuant to s. 427.0155. [s. 427.013(26), F.S.]

- Completed twenty-five (25) Community Transportation Coordinator reviews.
- Conducted five (5) planning agency reviews to evaluate compliance with state law and local Coordinating Board satisfaction.
- Conducted twenty-six (26) NET Service Provider reviews to evaluate compliance with Medicaid NET Contract and program requirements.
- Administered the Ombudsman Program, which included staffing the Transportation Disadvantaged Helpline and the Ombudsman Committee. Worked closely with the Ombudsman Committee to review incoming complaints, develop grievance procedures, distribute informational materials to educate consumers about the TD Helpline, and improve customer satisfaction.
- Ombudsman staff attended other agency conferences to better educate consumers and agency professionals about the TD Program and the TD Helpline.
- Conducted training on riders' rights and responsibilities.
- (27) Ensure that local community transportation coordinators work cooperatively with regional workforce boards established in Chapter 445 to provide assistance in the development of innovative transportation services for participants in the welfare transition program. (s.427.013[27], F.S.)
- Continued statewide training and technical assistance to local program partners.
- Assisted local coordinating boards' staff fill agency vacancies as needed.
- (28) In consultation with the Agency for Health Care Administration and the Department of Transportation, develop

- an allocation methodology that equitably distributes all transportation funds under the control of the commission to compensate counties, community transportation coordinators, and other entities providing transportation disadvantaged services. The methodology shall separately account for Medicaid beneficiaries. The methodology shall consider such factors as the actual costs of each transportation disadvantaged trip based on prior-year information, efficiencies that a provider might adopt to reduce costs, results of the rate and cost comparisons conducted under subsections (24) and (25), as well as cost efficiencies of trips when compared to the local cost of transporting the general public. This subsection does not supersede the authority of the Agency for Health Care Administration to distribute Medicaid funds. (s.427.013[28], F.S.)
- Continued communications with the Agency for Health Care Administration and the Department of Transportation concerning the distribution of funds.
- (29) Incur expenses for the purchase of advertisements, marketing services, and promotional items.
- Legislators added this item effective July 1, 2008.

#### **2009 Planned Activities**

The 2008 Fiscal Year was one of continued transition for the Commission. The 2008 Legislature made numerous changes to Chapter 427 and the Commission is focusing on implementing these new tasks. The Agency for Health Care Administration (AHCA) continued to contract with the Commission to transfer the administration of the Medicaid Non-Emergency Transportation Program to the Commission.

Items that will be of importance in the next fiscal year are:

- Ensure all aspects of the revised Chapter 427 are carried out and that Rule 41-2, F.A.C. is updated, as necessary.
- Closely monitor the 2009 Florida Legislature to ensure program integrity.
- Continue to fully implement the Medicaid Non-Emergency Transportation Program.
- Conduct competitive processes in the counties where the CTC does not want to participate in the Medicaid Non- Emergency Transportation Program.
- Continue to ensure compliance with the Rate Methodology for all CTCs.
- Continue to closely work with the Department of Transportation to ensure the Transportation Disadvantage Service plans (TDSP) comply with new federal legislation that ensures coordinated planning.

- Advocate to the 2009 Florida Legislature concerning the Transportation Disadvantaged Program.
- Continue implementation of the Commission's 5/20 Year Plan.
- Pursue Federal grants and funding to further the coordinated efforts in Florida.
- Increase monitoring of Federal legislation to ensure Florida's transportation disadvantage program continues to remain one of the best in the nation.
- Continue implementation of statutory and rule responsibilities.
- Continue to ensure accountabilities.
- Continue to ensure accountability for funds deposited into the Transportation Disadvantage Trust Fund.
- Continue to Review, update and create policies and procedures to improve program implementation.
- Continue to develop and expand technology through the utilization for the worldwide web in order to provide information in an accurate and timely manner.
- Continue to work with the all state agencies to find ways to improve the delivery and costs associated with no-emergency transportation services.
- Expand statewide technical assistance and training to improve program implementation and communications.

- Continue to improve data collection through training and analysis of data to improve system performance.
- Continue to monitor and evaluate statewide and local standards for operations of coordinated systems through the Quality Assurance and Program Evaluation process.
- Conduct the 17th Annual Transportation and Technology Conference in Lake Buena Vista, Florida during August 17-21, 2009.
- Continue to enhance efforts to educate the public about the donation of funds to the trust fund when purchasing and renewing auto tags, so that these donations can be deposited into the Transportation Disadvantaged Trust Fund in order to increase local revenues for expanded services.
- Host the Tenth Annual TD Legislative Day on April 16, 2009, with the Florida Association of Coordinated Transportation Systems, in order to continue educational efforts with the Florida Legislature.
- Conduct special reviews in areas where customer satisfaction is deteriorating, financial stability is questioned or other areas to curtail continued customer dissatisfaction and to maintain a stable transportation network.
- Continue the financial audits for trips billed from the TD trust Fund, when a community transportation coordinator leaves this role and for other reasons that negatively impact the

delivery and coordination for transportation disadvantaged services.

# **Glossary Terms**

The following glossary is intended to coordinate terminology within the Florida Coordinated Transportation System. It is imperative that when certain words or phrases are used, the definition must be universally acknowledged.

Accidents: when used in reference to the AOR, the total number of reportable accidents that occurred whereby the result was either property damage of \$1000.00 or more, or personal injury that required evacuation to a medical facility, or a combination of both.

**Actual Expenditure Report (AER):** an annual report completed by each state member agency and each official planning agency, to inform the Commission in writing, before September 15 of each year, of the specific amount of funds the agency expended for transportation disadvantaged services.

**Advance Reservation Service:** shared or individual paratransit service that is readily delivered with at least prior day notification, seven days a week, 24 hours a day.

**Agency:** an official, officer, commission, authority, council, committee, department, division, bureau, board, section, or any other unit or entity of the state or of a city, town, municipality, county, or other local governing body or a private non-profit transportation service providing entity.

**Americans with Disabilities Act (ADA):** a federal law, P. L. 101-336, signed by the President of the United States on July 26, 1990 providing protection for persons with disabilities.

Annual Operating Report (AOR): an annual report prepared by the community transportation coordinator detailing its

designated service area operating statistics for the most recent operating year.

Annual Performance Report (APR): an annual report issued by the Commission for the Transportation Disadvantaged that combines all the data submitted in the Annual Operating Reports and the CTD Annual Report.

Automotive Service Excellence (ASE): a series of tests that certify the skills of automotive technicians in a variety of maintenance areas.

**Availability:** a measure of the capability of a transportation system to be used by potential riders, such as the hours the system is in operation, the route spacing, the seating availability, and the pick-up and delivery time parameters.

**Bus:** any motor vehicle designed for carrying more than 10 passengers and used for the transportation of persons for compensation.

**Bus Lane:** a street or highway lane intended primarily for buses, either all day or during specified periods, but used by other traffic under certain circumstances.

**Bus Stop:** a waiting, boarding, and disembarking area, usually designated by distinctive signs and by curbs or pavement markings.

**Center for Urban Transportation Research (CUTR):** a research group located at the University of South Florida's College of Engineering.

Certified Minority Business Enterprise (CMBE): any small business concern which is organized to engage in commercial transactions, which is domiciled in Florida, and which is at least 51 percent owned by minority persons and whose management and daily operations are controlled by such persons. These businesses should be certified by the Florida Department of Management Services.

**Chapter 427, Florida Statutes:** the Florida statute establishing the Commission for the Transportation Disadvantaged and prescribing its duties and responsibilities.

**Commendation:** any documented compliment of any aspect of the coordinated system, including personnel, vehicle, service, etc.

Commercial Driver's License (CDL): a license required if a driver operates a commercial motor vehicle, including a vehicle that carries 16 or more passengers (including the driver), or a vehicle weighing more than 26,000 pounds.

**Commission:** the Commission for the Transportation Disadvantaged as authorized in Section 427.013, Florida Statutes.

Commission for the Transportation Disadvantaged (CTD): an independent agency created in 1989 to accomplish the coordination of transportation services provided to the transportation disadvantaged. Replaced the Coordinating Council on the Transportation Disadvantaged.

Community Transportation Coordinator (CTC): (formerly referred to as "coordinated community transportation provider") a transportation entity competitively procured or

recommended by the appropriate official planning agency and local Coordinating Board and approved by the Commission, to ensure that safe, quality coordinated transportation services are provided or arranged in a cost effective manner to serve the transportation disadvantaged in a designated service area.

**Competitive Procurement:** obtaining a transportation operator or other services through a competitive process based upon Commission-approved procurement guidelines.

**Complaint:** any documented customer concern involving timeliness, vehicle condition, quality of service, personnel behavior, and other operational policies.

**Complete (or Full) Brokerage:** type of CTC network in which the CTC does not provide any on-street transportation services itself, but contracts with transportation operators or coordination contractors for the delivery of all transportation services.

Coordinated Transportation System: includes the CTC, the transportation operators and coordination contractors under contract with the CTC, the official planning agency, and local Coordinating Board involved in the provision of service delivery to the transportation disadvantaged within the designated service area.

**Coordinated Trips:** passenger trips provided by or arranged through a CTC.

**Coordinating Board:** an entity in each designated service area composed of representatives who provide assistance to the community transportation coordinator relative to the coordination of transportation disadvantaged services.

**Coordination:** the arrangement for the provision of transportation services to the transportation disadvantaged in a manner that is cost effective, safe, efficient, and reduces fragmentation and duplication of services. Coordination is not the same as total consolidation of transportation disadvantaged services in any given service area.

Coordination Contract: a written contract between the community transportation coordinator and an agency who receives transportation disadvantaged funds and performs some, if not all of, its own services, as well as services to others, when such service has been analyzed by the CTC and proven to be a safer, more effective and more efficient service from a total system perspective. The Commission's standard contract reflects the specific terms and conditions that will apply to those agencies who perform their own transportation, as well as joint utilization and cost provisions for transportation services to and from the coordinator.

**Deadhead:** the miles or hours that a vehicle travels when out of revenue service. From dispatch point to first pick-up, and from last drop-off to home base, or movements from home base to maintenance garage or fuel depot, and return.

**Demand Response:** a paratransit service that is readily delivered with less than prior day notification, seven days a week, 24 hours a day. This service can be either an individual or shared ride.

**Designated Service Area:** a geographical area subject to approval by the Commission, which defines the community where coordinated transportation services will be provided to the transportation disadvantaged.

**Disabled Passenger:** anyone with a physical or mental impairment that substantially limits at least one of the major life activities (i.e., caring for one's self, walking, seeing, hearing, speaking, learning).

**Dispatcher:** the person responsible for having every scheduled run leave the yard or garage on time and maintain a schedule, matching the work force with the work load on a minute-by-minute basis. In demand-response transportation, the person who assigns the customers to vehicles and notifies the appropriate drivers.

**Driver Hour:** the period of one hour that a person works whose main responsibility is to drive vehicles.

**Economies of Scale:** cost savings resulting from combined resources (e.g., joint purchasing agreements that result in a lower cost per gallon or quantity discount for fuel).

**Effectiveness Measure:** a performance measure that indicates the level of consumption per unit of output. Passenger trips per vehicle mile is an example of an effectiveness measure.

**Efficiency Measure:** a performance measure that evaluates the level of resources expended to achieve a given level of output. An example of an efficiency measure is operating cost per vehicle mile.

**Emergency:** any occurrence, or threat thereof, whether accidental, natural or caused by man, in war or in peace, which results or may result in substantial denial of services to a designated service area for the transportation disadvantaged.

**Emergency Fund:** transportation disadvantaged trust fund monies set aside to address emergency situations and which can be utilized by direct contract, without competitive bidding, between the Commission and an entity to handle transportation services during a time of emergency.

**Employees:** the total number of persons employed in an organization.

**Fixed Route:** (also known as Fixed Route/Fixed Schedule) service in which the vehicle (s) repeatedly follows a consistent time schedule and stopping points over the same route, whereby such schedule, route or service is not at the users request (e.g. conventional city bus, fixed guideway).

Florida Administrative Code (FAC): a set of administrative codes regulating the state of Florida.

Florida Coordinated Transportation System (FCTS): a transportation system responsible for coordination and service provisions for the transportation disadvantaged as outlined in Chapter 427, Florida Statutes.

Florida Department Of Transportation (FDOT): a governmental entity. The CTD is housed under the Florida Department of Transportation for administrative purposes.

Florida Statutes (FS): the laws governing the state of Florida.

**Full Time Equivalent (FTE):** a measure used to determine the number of employees based on a 40-hour work week. One FTE equals 40 work hours per week.

**Fully Allocated Costs (FAC):** the total cost, including the value of donations, contributions, grants or subsidies, of providing coordinated transportation, including those services which are purchased through transportation operators or provided through coordination contracts.

**General Trips:** passenger trips by individuals to destinations of their choice, not associated with any agency program.

**Goal:** broad conditions that define what the organization hopes to achieve.

**Grievance Process:** a formal is a written complaint to document any concern or an unresolved service complaint regarding the separation or administration of TD service by the Transportation Operator, Community Transportation Coordinator, designated official planning agency, or local Coordinating Board.

**Grievance Process:** a formal plan that provides a channel for the adjustment of grievances through discussions at progressively higher levels of authority, culminating in mediation, if necessary.

**In Service:** the time a vehicle begins the route to provide transportation service to the time the route is completed.

**In-Take Clerk/Reservationist:** an individual whose primary responsibility is to accept requests for trips, enter dates on requests, determine eligibility and provide customer service.

**Latent Demand:** demand that is not active (i.e., the potential demand of persons who are not presently in the market for a good or service).

**Limited Access:** the inability of a vehicle, facility or equipment to permit entry or exit to all persons. Lack of accessibility of vehicle, facility or other equipment.

**Load Factor:** the ratio of use to capacity of equipment or a facility during a specified time period.

**Local Government:** an elected and/or appointed public body existing to coordinate, govern, plan, fund, and administer public services within a designated, limited geographic area of the state.

**Local Government Comprehensive Plan:** a plan that meets the requirements of Sections 163.3177 and 163.3178, Florida Statutes.

**Local Coordinating Board (LCB):** an entity in each designated service area composed of representatives appointed by the official planning agency. Its purpose is to provide assistance to the community transportation coordinator concerning the coordination of transportation disadvantaged services.

**Management Information System (MIS):** the mechanism that collects and reports key operating and financial information for managers on a continuing and regular basis.

Memorandum of Agreement (MOA): the state contract included in the transportation disadvantaged service plan for transportation disadvantaged services purchased by federal, state, or local government transportation disadvantaged funds. This agreement is between the Commission and the community transportation coordinator and recognizes the community transportation coordinator as being responsible for the

arrangement of the provision of transportation disadvantaged services for a designated service area.

**Metropolitan Planning Organization (MPO):** the area-wide organization responsible for conducting the continuous, cooperative and comprehensive transportation planning and programming in accordance with the provisions of 23 U.S.C. s. 134, as provided in 23 U.S.C. s. 104(f)(3). Also serves as the official planning agency referred to in Chapter 427, F.S.

**Network type:** describes how a community transportation coordinator provides service, whether as a complete brokerage, partial brokerage, or sole provider.

**Non-coordinated Trip:** a trip provided by an agency, entity, or operator who is in whole or in part subsidized by local, state, or federal funds, and who does not have coordination/operator contract with the community transportation coordinator.

**Nonsponsored Trip:** transportation disadvantaged services that are sponsored in whole by the Transportation Disadvantaged Trust Fund.

**Objective:** specific, measurable conditions that the organization establishes to achieve its goals.

**Off Peak:** a period of day or night during which travel activity is generally low and a minimum of transit service is operated.

Official Planning Agency (OPA): the official body or agency designated by the Commission to fulfill the functions of transportation disadvantaged planning. The Metropolitan Planning Organization shall serve as the planning agency in areas covered by such organizations.

**Operating Cost:** the sum of all expenditures that can be associated with the operation and maintenance of the system during the particular period under consideration.

**Operating Cost per Driver Hour:** operating costs divided by the number of driver hours, a measure of the cost efficiency of delivered service.

**Operating Cost per Passenger Trip:** operating costs divided by the total number of passenger trips, a measure of the efficiency of transporting riders. One of the key indicators of comparative performance of transit properties since it reflects both the efficiency with which service is delivered and the market demand for the service.

**Operating Cost per Vehicle Mile:** operating costs divided by the number of vehicle miles, a measure of the cost efficiency of delivered service.

**Operating Environment:** describes whether the community transportation coordinator provides service in an urban or rural service area.

**Operating Expenses:** sum of all expenses associated with the operation and maintenance of a transportation system.

**Operating Revenues:** all revenues and subsidies utilized by the operator in the provision of transportation services.

**Operating Statistics:** data on various characteristics of operations, including passenger trips, vehicle miles, operating costs, revenues, vehicles, employees, accidents, and roadcalls.

**Operator Contract:** a written contract between the community transportation coordinator and a transportation operator to perform transportation services.

**Organization Type:** describes the structure of a community transportation coordinator, whether it is a private-for-profit, private non-profit, government, quasi-government, or transit agency.

**Paratransit:** elements of public transit that provide service between specific origins and destinations selected by the individual user with such service being provided at a time that is agreed upon between the user and the provider of the service. Paratransit services are provided by sedans, vans, buses, and other vehicles.

**Partial Brokerage:** type of CTC network in which the CTC provides some of the on-street transportation services and contracts with one or more other transportation operators, including coordination contractors, to provide the other portion of the on-street transportation disadvantaged services, including coordination contractors.

**Passenger Miles:** a measure of service utilization which represents the cumulative sum of the distances ridden by each passenger. This is a duplicated mileage count. For example: If 10 people ride together for 10 miles, there would be 100 passenger miles.

**Passenger Trip:** a unit of service provided each time a passenger enters the vehicle, is transported, then exits the vehicle. Each different destination would constitute a passenger trip. This unit of service is also known as a one-way passenger trip.

**Passenger Trips per Driver Hour:** a performance measure used to evaluate service effectiveness by calculating the total number of passenger trips divided by the number of driver hours.

**Passenger Trips per Vehicle Mile:** a performance measure used to evaluate service effectiveness by calculating the total number of passenger trips divided by the number of vehicle miles.

**Performance Measure:** statistical representation of how well an activity, task, or function is being performed. Usually computed from operating statistics by relating a measure of service output or utilization to a measure of service input or cost.

**Potential TD Population:** (formerly referred to as TD Category I) includes persons with disabilities, senior citizens, low income persons, and high risk or at risk children. These persons are eligible to receive certain governmental and social service agency subsidies for program-related trips.

**Program Trip:** a passenger trip supplied or sponsored by a human service agency for the purpose of transporting clients to and from a program of that agency (e.g., sheltered workshops, congregate dining, and job training).

**Public Transit:** means the transporting of people by conveyances or systems of conveyances traveling on land or water, local or regional in nature, and available for use by the public. Public transit systems may be governmental or privately owned. Public transit specifically includes those forms of transportation commonly known as paratransit.

**Purchased Transportation:** transportation services provided for an entity by a public or private transportation provider based on a written contract.

Request for Bids (RFB): a competitive procurement process.

Request for Proposals (RFP): a competitive procurement process.

**Request for Qualifications (RFQ):** a competitive procurement process.

**Reserve Fund:** transportation disadvantaged trust fund monies set aside each budget year to insure adequate cash is available for incoming reimbursement requests when estimated revenues do not materialize.

**Revenue Hours:** total vehicle hours used in providing passenger transportation, excluding deadhead time.

**Revenue Miles:** the total number of paratransit service miles driven while TD passengers are actually riding on the vehicles. This figure should be calculated from first passenger pick-up until the last passenger drop-off, excluding any breaks in actual passenger transport. For example: if 10 passengers rode 10 miles together, there would be 10 revenue miles.

**Ridesharing:** the sharing of a vehicle by clients of two or more agencies, thus allowing for greater cost efficiency and improved vehicle utilization.

**Roadcall:** any in-service interruptions caused by failure of some functionally necessary element of the vehicle, whether the rider is transferred or not. Roadcalls exclude accidents.

**Rule 41-2, F.A.C.:** the rule adopted by the Commission for the Transportation Disadvantaged to implement provisions established in Chapter 427, F.S.

**Scheduler:** a person who prepares an operating schedule for vehicles on the basis of passenger demand, level of service, and other operating elements such as travel times or equipment availability.

**Shuttle:** a transit service that operates on a short route, or in a small geographical area, often as an extension to the service of a longer route.

**Sole Source:** (also referred to as Sole Provider) network type in which the CTC provides all of the transportation disadvantaged services.

**Sponsored Trip:** a passenger trip that is subsidized in part or in whole by a local, state, or federal government funding source (not including monies provided by the TD Trust Fund).

**Standard:** something established by authority, custom, or general consent as a model or example.

**Stretcher Service:** a form of non-emergency paratransit service whereby the rider is transported on a stretcher, litter, gurney, or other device that does not meet the dimensions of a wheelchair as defined in the Americans with Disabilities Act.

**Subscription Service:** a regular and recurring service in which schedules are prearranged, to meet the travel needs of riders who sign up for the service in advance. The service is characterized by the fact that the same passengers are picked up at the same location and time and are transported to the

same location, and then returned to the point of origin in the same manner.

**System Safety Program Plan (SSPP):** a documented organized approach and guide to accomplishing a system safety program set forth in Florida Rule 14-90.

**Total Fleet:** this includes all revenue vehicles held at the end of the fiscal year, including those in storage, emergency contingency, awaiting sale, etc.

**Total Quality Management** (**TQM**): a management philosophy utilizing measurable goals and objectives to achieve quality management practices.

**Transportation Alternative:** those specific transportation services that are approved by rule to be acceptable transportation alternatives, and defined in s. 427.018, F. S.

**Transportation Disadvantaged (TD):** those persons, including children as defined in s. 411.202 F.S., who because of physical or mental disability, income status, or inability to drive due to age or disability are unable to transport themselves or to purchase transportation and have no other form of transportation available. These persons are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, or medically necessary or life-sustaining activities.

**Transportation Disadvantaged Funds:** any local government, state or available federal funds that are for the transportation of the transportation disadvantaged. Such funds may include, but are not limited to, funds for planning, Medicaid transportation, transportation provided pursuant to

the ADA, administration of transportation disadvantaged services, operation, procurement and maintenance of vehicles or equipment, and capital investments. Transportation disadvantaged funds do not include funds expended by school districts for the transportation of children to public schools or to receive service as a part of their educational program.

**Transportation Disadvantaged Population:** (formerly referred to as TD Category II) persons, including children, who, because of disability, income status, or inability to drive due to age or disability are unable to transport themselves.

**Transportation Disadvantaged Service Plan (TDSP):** a three-year implementation plan, with annual updates developed by the CTC and the planning agency which contains the provisions of service delivery in the coordinated transportation system. The plan shall be reviewed and recommended by the local Coordinating Board.

**Transportation Disadvantaged Trust Fund:** a fund administered by the Commission for the Transportation Disadvantaged in which all fees collected for the transportation disadvantaged program shall be deposited. The funds deposited will be appropriated by the legislature to the Commission to carry out the Commission's responsibilities. Funds that are deposited may be used to subsidize a portion of a transportation disadvantaged person's transportation costs which are not sponsored by an agency.

**Transportation Operator:** a public, private for profit, or private non-profit entity engaged by the community transportation coordinator to provide service to the transportation disadvantaged pursuant to an approved

coordinated transportation system transportation disadvantaged service plan.

**Transportation Operator Contract:** the Commission's standard coordination/operator contract between the community transportation coordinator and the transportation operator that outlines the terms and conditions for any services to be performed.

**Trend Analysis:** a common technique used to analyze the performance of an organization over a period of time.

**Trip Priorities:** various methods for restricting or rationing trips.

**Trip Sheet:** a record kept of specific information required by ordinance, rule or operating procedure for a period of time worked by the driver of a public passenger vehicle in demandresponse service. Also known as a driver log.

**Unduplicated Passenger Head Count (UPHC):** the actual number of people that were provided paratransit transportation services, not including personal care attendants, non-paying escorts, or persons provided fixed schedule/fixed route service.

**Unmet Demand:** the number of trips desired but not provided because of insufficient service supply.

**Urbanized Area:** a city (or twin cities) that has a population of 50,000 or more (central city) and surrounding incorporated and unincorporated areas that meet certain criteria of population size of density.

**U.S. Department of Health and Human Services (USDHHS):** a federal agency regulating health and human services.

**U.S. Department of Transportation (USDOT):** a federal agency regulating the transportation field.

**Van Pool:** a prearranged ride-sharing service in which a number of people travel together on a regular basis in a van. Van pools are commonly a company-sponsored van that has a regular volunteer driver.

**Vehicle Inventory:** an inventory of vehicles used by the CTC, transportation operators, and coordination contractors for the provision of transportation disadvantaged services.

**Vehicle Miles:** the total distance traveled by revenue vehicles, including both revenue miles and deadhead miles.

**Vehicle Miles per Vehicle:** a performance measure used to evaluate resource utilization and rate of vehicle depreciation, calculated by dividing the number of vehicle miles by the total number of vehicles.

**Vehicles:** number of vehicles owned by the transit agency that are available for use in providing services.

**Volunteers:** individuals who do selected tasks for the community transportation coordinator or its contracted operator, for little or no compensation.

**Will-Calls:** these are trips that are requested on a demand response basis, usually for a return trip. The transportation provider generally knows to expect a request for a will-call trip, but cannot schedule the trip in advance because the provider does not know the exact time a passenger will call to request his/her trip.

#### **Our Mission:**

To ensure the availability of efficient, costeffective and quality transportation services for the transportation disadvantaged persons.
