

Addendum #1 to the Report of Activities as of November 1, 2009

Paragraph three on page 39 under the Acceptability Process will be amended to add:

For the 2010 calendar year, any modeling organization that is prepared to make a submission for acceptability under the 2009 Standards may submit by March 31, 2010. Any inconsistencies in the Report of Activities as of November 1, 2009, associated with a March 31, 2010 submission, shall be submitted in a letter by January 1, 2010, to the Chair for resolution. If an organization's model changes after the model has been reviewed under the 2009 Standards and prior to the adoption of the 2011 Standards, whether or not the model was found to be acceptable, the modeling organization may submit the revised model under the 2009 Standards by November 15, 2010.

This will be the schedule for a March 31, 2010 model submission:

March 31, 2010	Deadline for notification by modeling organization
April 2010	Commission meeting to review model submissions
April-May 2010	On-site reviews
May-June 2010	Commission meetings to review models for acceptability under 2009 Standards
