The Honorable Steve Crisafulli
Speaker, Florida House of Representatives
Room 420, The Capitol
402 South Monroe Street
Tallahassee, Florida 32399-1300

Dear Governor Scott, President Gardiner and Speaker Crisafulli:

Pursuant to Section 380.512, Florida Statutes, I am pleased to submit the Florida Communities Trust (FCT) 2015-2016 Annual Report. Florida Communities Trust provides Florida Forever funding through grants awarded to assist local governments and eligible non-profit organizations in acquiring community-based parks, open space, greenways, and working waterfronts.

Unlike other state land acquisition programs, FCT focuses exclusively on locally selected acquisition projects and allows grant recipients to hold title and take responsibility for land management. Additionally, FCT staff provide extensive technical assistance to communities with grant applications and, in most cases, takes part in the negotiation and acquisition process.

Since the program began in 1991, Florida Communities Trust has left an enduring positive legacy in communities throughout Florida. The partnerships between FCT and its grant recipients continue to improve the quality of life of Florida's residents by providing recreational opportunities, boosting economic growth and revitalization, preserving historical and cultural resources, and protecting valuable natural resources.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jonathan P. Steverson".

Florida Communities Trust Letter from the Chair

Dear Floridians,

Florida Communities Trust (FCT) and our local partners are celebrating 25 years of Parks and Open Space Programs. For a quarter century, FCT has established a rich legacy of partnership and preservation marked by a diverse array of parks, greenways, urban green spaces, public beach access points and wildlife habitats. As perpetual stewards of over 600 project sites throughout Florida, FCT works to continually enhance local communities and recreational access for Floridians.

FCT complements many grant programs administered by the Florida Department of Environmental Protection, including the Florida Recreation Development Assistance Program, Land and Water Conservation Fund and Recreation Trails Program. These grant programs help local communities leverage their resources and build interconnected community parks and preserves to better serve our citizens. Please take a few moments to review this report and learn how FCT continues to strengthen our communities.

Sincerely,

Gary Clark
Chair, Florida Communities Trust Governing Board
Deputy Secretary, Land & Recreation

FCT Parks and Open Space Program 1990-2016 Projects

FLORIDA COMMUNITIES TRUST

What is Florida Communities Trust?

Florida Communities Trust (FCT) is a multi-faceted program housed within the Florida Department of Environmental Protection's Office of Operations. FCT began in 1991 under Preservation 2000 as a funding source for local communities to buy land for the protection of natural and cultural resources and grant provision of recreational opportunities.

North Jupiter Flatwoods Natural Area
Palm Beach County, FL

Over the last eight years, FCT administered a second grant program dedicated to the protection of Florida's traditional working waterfronts and has placed a greater emphasis on stewardship and management oversight of a diverse collection of local and regional parks and working waterfronts. Today, FCT administers the Parks and Open Space and Stan Mayfield Working Waterfronts Programs, two competitive grant programs that have provided funding to local governments and non-profit organizations to assist them with their local land conservation efforts. Projects funded by FCT have fostered cultural and historical preservation, trail system development and public access to water. FCT also furthers the outdoor recreation, natural resource protection and working waterfront needs identified in local government comprehensive plans.

Pear Park, Florida

FCT is governed by a five-member board that includes the Secretary of the Department of Environmental Protection or designee and four members of the public appointed by the Governor. Appointees to the Board include a former elected official of a metropolitan municipality, a former elected official of a county, a representative of an environmental non-profit organization and a representative of the development industry.

Mission and Accomplishments

Meeting Community Challenges

FCT helps communities further the goals of their local government land use plans through land acquisition and innovative, non-regulatory solutions to the challenges inherent in the land-planning process. After a project has been acquired, FCT stewardship continues in perpetuity, providing guidance with park development and management oversight through annual stewardship reporting and site visits.

The Spirit of Partnership

FCT is dedicated to working with communities across the state to acquire lands for recreation, open spaces, working waterfronts and fostering responsible stewardship of those lands once they have been acquired. While land acquisition grant funds are the result of partnerships between FCT and local governments and/or nonprofit

organizations, the projects often encourage local governments to work together during the acquisition process, and thereafter, for management of the properties as well. These joint efforts make it possible for communities to stretch state and local dollars further than they could on their own, distribute project management responsibilities and preserve locally significant lands.

Funding for the Trust FCT is funded through the *Florida Forever* program, and it is the only state land acquisition program available exclusively for locally selected projects. Once a project has been purchased, the grant recipient, not the state, holds title to the lands. Each recipient is then responsible for land stewardship and implementing a formal management plan that must be approved by FCT. All FCT properties include a Board of Trustees ‘reverter’ or ‘spring’ clause to protect the state’s interests in perpetuity.

Promoting Economic Revitalization

Projects funded by FCT encourage ecotourism and often help spur economic revitalization in communities. The grant application gives consideration to projects located in areas with special economic needs, including Florida Main Street Districts, designated low-income communities, Rural Areas of Critical Economic Concern or designated urban infill areas.

Apalachicola Riverfront Park

This park sits on the Apalachicola River where you can sit and watch the shrimp boats unload. Situated on Water Street in downtown Apalachicola, this park is the perfect location to relax and enjoy a lunch or just take a break from shopping. Apalachicola Riverfront Park provides additional public access to the Apalachicola River and Bay for recreational use, further extends the boardwalk, protects the city’s cultural heritage by preserving historic aspects of waterfront, provides a historic museum for the city to educate and preserve historically significant artifacts and protects the natural resources of the River and Bay.

Preserving Florida’s Cultural Gems

The majority of FCT’s projects protect precious natural resources but many of them also have historical and cultural value. Special emphasis is placed on preserving historical resources and has helped Florida’s communities save dozens of sites with significance at the local, state and national levels.

Mound House Cultural and Environmental Learning Center

Located on Estero Bay, the Mound House sits atop a 2,000-year-old Calusa Shell Mound and offers a variety of unique archaeological and historical programs for local residents, visitors and school groups. Visit to see for yourself at 451 Connecticut St., Fort Myers Beach, FL 33931

Promoting Education

Education is an important part of conserving resources, and with that in mind, FCT places a priority on projects with educational aspects, awarding points during competitive selection to those projects providing for onsite interpretative signs, educational classes and even environmental education centers.

1912 Cortez Schoolhouse and Maritime Heritage Museum and Nature Preserve

Featuring a 1912 brick schoolhouse that holds the Florida Maritime Museum at Cortez, visitors will see fishing exhibits, boat building displays and the history of one of the oldest fishing villages in Florida. Every year a changing exhibition focuses on another aspect of Gulf Coast maritime heritage, this year's exhibit, ***Beneath the Waves: Florida Shipwrecks***. The grounds of the preserve include walking trails that connect to the FISH Nature Preserve, owned by the Florida Institute for Saltwater Heritage. Also located at the site are the 1890 Waterfront Store and Cortez Waterworks Cistern, which are being restored as a folk life museum.

Land Management and Stewardship

FCT continues to place a priority on land management and park development, which complements DEP's Division of State Lands' role as Florida's lead agency for environmental management and stewardship. Over the last 25 years, FCT has helped acquire over 600 local and regional parcels in various stages of development, and while title is held by the local communities that receive funding, the deeds contain restrictions giving FCT management oversight. As part of the acquisition process, FCT grant recipients are required to follow management plans and park development timelines, approved by FCT.

As part of the ongoing effort to confirm proper stewardship and management at FCT parks, staff conduct site visits throughout the year. These visits reinforce awareness of the land management and park development requirements. Grant recipients who have fully developed their parks and who have demonstrated a commitment to accomplishing successful outcomes are rewarded by a relaxed stewardship reporting requirement (from annual reporting to a five-year interval). With fewer acquisition projects, staff have focused on assisting local communities achieve full development of parks.

2015 Florida Forever Grant Application Cycle

Although FCT did not receive a direct appropriation in Fiscal Year 2015-16, staff continued stewardship efforts to assist local communities preserve land for FCT's projects including parks, open space and working waterfronts. FCT executed two grant agreements with Hillsborough and Flagler Counties, encumbering *Florida Forever* Funds from Fiscal Year 2010-11. Staff also began preparing for the application cycle as a result of the Fiscal Year 2016-17 appropriation for projects incorporating "unique abilities."

Conclusion

FCT will continue working with Florida's communities to strengthen relationships, encourage wise land management practices and assure all community responsibilities are met at each FCT-funded park, helping to preserve more land for Florida's future parks, open spaces and working waterfronts.

Park Openings 2015-2016

Fred George Basin Greenway (FGBG) FCT# 07-102-FF7

- Grand Opening – February 17, 2016
- Acquired 2007, this park is a combined 158 acres
- Total acquisition cost was \$2.8 million with FCT contributing \$1.23 million and Leon County contributing \$1.57 million.

FGBG provides natural and cultural resource conservation as well as recreational opportunities. This park provides important wood stork foraging areas, which support an adjacent rookery. Park improvements include a historical museum with education programs as well as a ballfield and multipurpose fields.

Chairman Gary Clark and FCT Board Members Lynda Bell and Eric Lindblad attend Grand Opening of Fred George Basin Greenway Park

At the ribbon cutting event, FCT Chairman Gary Clark, DEP's Deputy Secretary for Land and Recreation, stated *"that Fred George Park and Greenway will become a cornerstone in this community."*

Okeehoopkee Prairie FCT#95-036-P56

- Grand Opening – November 2015
- Acquired 1995, this park consists of 26.17 acres
- Total acquisition cost was \$314,000 with FCT contributing \$107,000 and Leon County \$207,000.

This sites contain a regional stormwater treatment facility that was designed around sensitive natural features and provides forage habitat for wading birds. Approximately seven acres of floodplain forest and emergent marsh vegetative communities have been restored in terms of biological composition and ecological function. Additionally, there is a 2,600-foot walking trail around the perimeter of the pond and parking area featuring permeable surfaces that meet ADA requirements for accessibility.

FCT, Leon County Staff, and Public at Okeehoopkee Prairie Grand Opening

This project is part of a county-wide greenways system and helps to implement part of a state approved comprehensive and cooperative watershed management program that reduces nonpoint pollution of the lake. Proximity to Lake Jackson and nearby boat landings enhance the area's greenway and recreational value.

“Okeehoopkee means ‘disappearing waters’ in Muscogee. And while that is true, this facility ensures that the natural habitat and landscape DOES NOT disappear,” said Leigh Davis, Leon County Parks and Recreation Director. *“The grand opening of Okeehoopkee Prairie Park represents the purpose of Florida Communities Trust, to assist communities in protecting important natural resources and providing recreational activities,”* said Gary Clark, DEP Deputy Secretary and Chairman of FCT, *“We are proud to partner with Leon County to provide this new park that residents and visitors alike will enjoy for years to come.”*

Timucuan Oaks Botanical Gardens FCT #04-060-FF4

- Town of Ponce Inlet
- Grand Opening – January 30, 2016
- Acres: 8.08
- FCT Funded – 100% of \$1,854,276.50*

Timucuan Oaks is eight pristine acres of 'Old Florida' at its finest. An archaeological survey determined it to be eligible for the National Register of Historic Places due to the significant prehistoric occupation. All amenities have been designed to comply with cultural resource surveys to eliminate disturbance to the archaeological site(s). Amenities include nature trails, a sensory garden, a gazebo and boardwalk over the marsh leading to a canoe launch on the Halifax River.

SUMMARY OF FINANCIAL ACTIVITIES 2015-2016

Florida Communities Trust

SUMMARY OF FINANCIAL ACTIVITY 2015-2016

FLORIDA COMMUNITIES TRUST PROGRAM (FCT) OPERATIONS

FCT did not receive a direct appropriation in FY15-16. The program was funded from the Land and Recreation Operation Services' Operating Budget, not the Florida Communities Trust Fund.

Total Cost of FCT Operations during FY15-16

Salaries and Benefits	\$ 183,596.70
Expenses	\$ 4,651.47
Indirect Cost	\$ 81,021.22
Outsourcing assistance	\$ 41,710.85
TOTAL	\$ 310,980.24

FLORIDA COMMUNITIES TRUST FUND

06/30/2015 YEAR END BALANCE of the Florida Communities Trust Fund	\$ 304,937.73
PLUS 2014-2015 DEPOSITS	
Interest from Investments	\$ 2,009.56
LESS 2014-2015 EXPENDITURES	
General Revenue Service Charges	\$ (159.69)
Transfer Balance to the Land Acquisition Trust Fund	\$ (306,787.60)
6/30/2016 YEAR END BALANCE of the Florida Communities Trust Fund*	\$ -

* Pursuant to Senate Bill 2516-A, the Florida Communities Trust Fund (FCTF) was terminated during FY15-16 and the remaining cash balance was transferred to the Land Acquisition Trust Fund. Neither the operations of the Florida Communities Trust Program or the Florida Forever Program were funded through the FCTF.

FLORIDA FOREVER PROGRAM

06/30/2015 YEAR END BALANCE	\$ 10,794,534.39
<u>2015-2016 Expenditures</u>	
Returns & Refunds	\$ -
Expenditures for Land Acquisition Activities	\$ (1,500.00)
LESS 2015-2016 EXPENDITURES	\$ (1,500.00)
6/30/2016 YEAR END BALANCE	\$ 10,793,034.39

Florida Communities Trust Board Members

Gary Clark

Gary Clark is the Deputy Secretary for Land and Recreation with the Florida Department of Environmental Protection. Gary provides oversight and direction to the Division of Recreation and Parks, which manages the Florida State Parks system comprised of 174 state parks and trails. The Deputy Secretary also oversees the Division of State Lands in its responsibilities, including acquisition, maintenance and disposition of state-owned land.

A lifelong resident of Chipley, Florida, Gary is the fourth generation to grow up living and working on his family's farm. Gary is extremely active in his local community, serving as director and shareholder of Community Bank in Chipley and current member and former chairman of the Board of Trustees for Chipola College. He has also served on the Northwest Florida Water Management District Board and Washington County School Board, including two terms as chairman. A founding member of the Opportunity Florida Regional Economic Development Council, Gary has been a member of the Washington County Chamber of Commerce Board of Directors since 1990.

Greg Jones

Gregory Jones has close to 16 years' experience in resort development and management in the State of Florida. He is currently the Senior Project Manager for WCI Communities Inc. (NYSE:WCIC), Lost Key Golf & Beach Club & Marina and Yacht Club located in Perdido Key, Florida. During the last decade he has been actively involved in developing a balance between sustainable growth in his community while establishing a healthy environment to ensure a long-term habitat plan for the endangered Perdido Key Beach Mouse. In addition,

Gregory has been an active participant of local community efforts by currently residing on the Tourism Development Council and West End Advisory Boards for Escambia County in addition to serving as a current board member on four community residential boards. Gregory serves on the FCT Board as Representative of the Development Industry.

VACANT

Former Elected Official of a
Metropolitan Municipal Government

Lynda Bell

Lynda Bell served on the Miami-Dade County Commission from 2010-2014 where she was the Vice Chair from 2012-2014. She has chaired the Finance Committee, the Value Adjustment Board, the Sports Commission and the Port of Miami Committee. Lynda was also active on both Florida Association of Counties and National Association of Counties.

Prior to serving on the County Commission, Lynda served as a Councilwoman, Vice Mayor and the first and only female Mayor of the city of Homestead. She has been recognized for her many accomplishments, including the “In the Company of Women” award in the governmental category. She received the “I am Blessed” award, was recognized by the Association of Public Administrators with the “Woman of Distinction” award, won the Chamber of Commerce “Athena” award, and was given the Miami Dade Farm Bureau Advocacy award.

Serving FCT as the Former Elected Official of a County Government, Lynda has a Bachelor’s of Science in Supervision and Management from Miami-Dade College School of Business and has been married to Mark Bell for 31 years. They have three daughters and 11 grandchildren and have resided in Homestead, Fla., for 37 years.

Erick Lindblad

Erick Lindblad has served as the Executive Director of the Sanibel-Captiva Conservation Foundation since 1986. He has been instrumental in the Foundation’s acquisition of more than 1,900 acres of wildlife preserve areas on and around Sanibel and Captiva and has been involved in a variety of land-management activities. In addition, the Foundation has an established nature center, native plant nursery, marine laboratory and ongoing programs in environmental education, sea turtle conservation and natural resource policy.

As part of his commitment to the sustainable development of Southwest Florida, Erick served on Conservation 20/20, Lee County’s Conservation Land Acquisition and Stewardship Advisory Council and the Land Management Subcommittee. He was also appointed by the Lee County Board of County Commissioners to serve as the county’s representative on the Babcock Ranch, Inc. Board, which oversees the management of the state’s 71,000-acre Babcock Ranch Preserve in Lee and Charlotte counties.

Prior to his tenure at the Sanibel-Captiva Conservation Foundation, Erick was the director of Newfound Harbor Marine Institute at Seacamp on Big Pine Key, Fla., from 1979 to 1986. The Nonprofit Organization Representative for FCT, he graduated in 1974 from Millikin University in Illinois with a Bachelor of Arts degree in Biology.

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
FLORIDA COMMUNITIES TRUST
FISCAL YEAR 2015-16 ANNUAL REPORT

Rick Scott, Governor
Jonathan P. Steverson, Secretary

3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000
(850) 245-2555

SEPTEMBER 2016

Section 380.512, Florida Statutes, requires the Florida Communities Trust to submit to the Governor, the Speaker of the House of Representatives, the President of the Senate and the minority leaders of the House of Representatives and the Senate, within three months after the end of its fiscal year, a complete and detailed report setting forth the following:

- (1) Its operations and accomplishments
- (2) Its receipts and expenditures during the fiscal year, in accordance with the categories or classifications the trust establishes for its operating and capital outlay purposes.
- (3) Its assets and liabilities at the end of its fiscal year and the status of reserve, special or other funds.
- (4) An evaluation of the effectiveness of the projects undertaken in carrying out this part.
- (5) Identification of additional funding, legislation, or other resources required to carry out the objectives of this part more effectively.
- (6) An account of any other trust or department duties established by this part.
