Inmate Escape Report (Fiscal Year 2016-17)

This report provides information for FY 2016-17 in reference to attempted escapes, escapes and recaptures from Florida's correctional facilities. This report summarizes the following:

- Attempted escapes;
- Escapes by level, facility type, and facility type by region;
- Recaptures, recaptures within quarter, by time to recapture, and time to recapture by facility type;
- Escape rates and rates by region, and facility type by region;
- Escapes by facility type, by month; and
- Escape rates by region, by quarter.

For purposes of this report, attempted escape and escape are defined as follows:

- **Attempted escape:** Inmate is apprehended before completion of the escape act.
- **Escape:** Unauthorized absence from the designated facility boundary or absence from any official assignment outside this boundary.

An escape is further defined as one of the following levels:

- **Level I:** Escape from non-secure environment, such as a community correctional center or an outside work squad, in which no Level III behaviors are exhibited.
- **Level II:** Escape from a secure perimeter or supervised environment in which no Level III behaviors are exhibited.
- **Level III:** Escape that involves hostages, weapons/tools, outside assistance, or violence during or after the escape.

An **escape rate** is defined as the number of escapes/(total population on the last day of the month for each month in the quarter/3)* 1,000.

A **perimeter escape** is defined as one initiated from inside the perimeter of a correctional facility other than a community release facility.

Summary:

The number of escapes decreased 4.5% from 44 in FY 2015-16 to 42 in FY 2016-17. Three (7.1%) of the 42 escapes were from a Correctional Institution (C.I.). All were Level I escapes. Two (4.8%) were from a work camp/road prison; one was a Level II escape, and one was a Level III escape. Thirty-seven (88.1%) were from work release/contract centers; of those, all were Level I escapes.

Of the 42 escapes, 40 (95.2%) were Level I escapes. There was one Level II and one Level III escape in FY 2016-17.

Of the 42 escapes, 39 (92.9%) were recaptured as of July 18, 2017. Of the 39 recaptured, 37 (94.9%) were recaptured within the quarter. Of the 37 recaptured within the quarter, 20 (54.1%) were recaptured within 24 hours of the escape.

The overall escape rate for Fiscal Year 2016-17 was 0.44 escapes per 1,000 inmates. This is lower than the .45 rate observed for Fiscal Year 2015-16 as well as the 0.74 rate observed for Fiscal Year 2014-15. The escape rate for correctional institutions was 0.04 per 1,000 inmates. The escape rate for work camps/road prisons was 0.18 per 1,000 inmates. The escape rate for work release/community contract centers was 10.63 per 1,000 inmates. Region IV had the highest escape rate at 1.18 per 1,000 inmates. Region I had the lowest rate with a rate of .19 per 1,000 inmates during FY 2016-17.

There were 4 attempted escapes in Fiscal Year 2016-17.

Escapes (July 2016 - June 2017)

Escapes*	1st Quarter (July-Sept 2016)		2nd Quarter (Oct-Dec 2016)		3rd Quarter (Jan-Mar 2017)		4th Quarter (Apr-Jun 2017)		Fiscal Year 2016/2017
