**2) COPY OF THE CONTRACT BETWEEN THE TAMPA BAY  
RAYS AND CHARLOTTE COUNTY**

**CONTRACT NAMES CHARLOTTE SPORTS PARK  
AGREEMENT**

AGR 2006-053

### Charlotte Sports Park Agreement

THIS AGREEMENT is made and entered into this 12<sup>th</sup> day of September 2006, by and between CHARLOTTE COUNTY, a political division of the state of Florida, 18500 Murdock Circle, Port Charlotte, Florida 33948-1094, hereinafter referred to as the "County", and the TAMPA BAY DEVIL RAYS, LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

WHEREAS the County and the Rays desire to enter into an agreement for the rehabilitation and use of the Charlotte Sports Park for the purpose for providing a public recreation amenity and hosting the Rays' spring training program.

NOW, THEREFORE, in consideration of the mutual covenants and obligations herein contained, it is mutually covenanted and agreed by and between the parties as follows:

1. Terms of Use

The Rays will engage in exclusive spring training in Charlotte County, Florida for a period of twenty (20) years, commencing with the 2009 major league spring training season. For the purpose of this agreement, the term "spring training" shall be deemed to include that period of time each year during the term of this Agreement which involves major and minor league spring training, exhibition games and extended spring training activities, rehabilitation and instructional league.

The County does hereby permit unto the Rays, its successors and assigns, the use of those certain premises located in Charlotte County, Florida, commonly known as the Charlotte Sports Park and related spring training and administrative facilities to be utilized pursuant hereto.

The Rays shall schedule and make a good faith effort to play a minimum of twelve (12) home major league spring training exhibition games during each and every year during the term of this agreement. The Rays shall also make a reasonable effort to ensure that a minimum of three (3) of these games will be held at night.

2. Project Description

The County shall selectively demolish, construct, and/or renovate current stadium, clubhouse, office space, and related practice facilities and build and/or restore on such site for a cost of not more than \$27,188,920 (hereinafter described below as "the Project"):

- (a) An open-air, natural grass stadium meeting first-class Major League Baseball ("MLB") spring standards, with approximately 6,000 fixed seats (including premium seating) and outfield berm and other general admission areas accommodating up to 1,500 fans;

- (b) An approximately 40,000 sf major and minor league clubhouse facility (including administrative office space dedicated to the Rays' use), team store, and other elements of such stadium;
  - (c) One (1) full-size, grass major league practice field;
  - (d) One (1) grass half-field;
  - (e) Four (4) full-size minor league practice fields;
  - (f) On-site parking for approximately 1,500 vehicles plus player/staff/VIP parking for approximately 175 cars;
  - (g) Miscellaneous infrastructure and site improvements related to the creation of a spring training facility.
  - (h) Other elements as mutually agreed upon by the County and the Rays.
- The site and a preliminary concept plan for the Project are generally outlined in Attachment 1.

### 3. Project Capital Funding

The "all-in" cost of the Project shall total \$27,188,920 dollars, the funding for which shall come by bonding against the following sources:

- (a) The State of Florida: monies made available to the County under Chapter 288.1162, Florida Statutes providing up to \$500,000 annually for 30 years towards the construction or rehabilitation of a spring training facility, as described in Schedule 1;
- (b) Charlotte County: the proceeds from hotel tourist tax funds providing \$900,000 in the year of the execution of this Agreement and growing annually for 22 years (minus \$125,000 that shall be deducted in the year of initial occupancy and each year thereafter and placed in a maintenance and operations fund, as described below) and one-time time initial proceeds from hotel tourist tax funds providing \$450,000, as described in Schedule 1.
- (c) Tampa Bay Devil Rays: As consideration for its utilization of the facilities, and upon the Rays occupancy of the Project facilities, the Rays agree to pay the County \$595,190 in the year of initial occupancy with payments in successive years, as described in Schedule 1.

Based on the financing sources enumerated above, County shall present the Rays a plan of project finance which includes irrevocable commitments and awarding of funds, pursuant to Chapter 288.1162, Florida Statutes, from the State of Florida, all of which, when combined with the obligations and undertakings elsewhere referenced herein, will provide sources of \$27,188,920 (which include architect fees, design fees and construction costs) which are to be irrevocably committed to the renovation of the baseball complex ("the Project Budget").

This financing plan shall be subject to approval of the Rays, which shall not be unreasonably withheld. The County and Rays shall have mutual approval of the design and renovation program for which the financing plan has been irrevocably committed. In the event either the financing plan or

the renovation plan fails to meet the approval of the Rays, the Rays may terminate this agreement upon 30 days' written notice to the County. After a financing plan and renovation plan have been mutually agreed upon, as set forth above, the cost of any change orders that result in a project cost in excess of \$27,188,920, in addition to being mutually agreed upon, shall be the responsibility of the Rays.

The County further agrees that its financing plan shall provide that if the cost of the Project is ultimately less than \$27,188,920 dollars, then the amount by which the cost of construction ("construction" also includes architect and design fees) is less than \$27,188,920 dollars shall be funded and placed in an asset renewal/reserve fund ("Capital Reserve Fund") to be spent on the facility subject to terms and conditions mutually agreed upon by the County and the Rays. Additionally, the County agrees that its financing plan shall provide for accumulated interest earnings on the bond amount during the project construction period ("Accumulated Construction Interest") to be placed in the same Capital Reserve Fund to be spent on the facility subject to the terms and conditions mutually agreed upon by the County and the Rays.

It is further acknowledged by both parties that the final cash proceeds from the financing plan ("Bond Proceeds") may result in an amount available for the renovation plan that is less than \$27,188,920 due to unknown variables such as the actual financing interest rate or impacts of the taxable status of any of the revenue sources as determined by bond council. In the event such Bond Proceeds are less than \$27,188,920, 50% of the "Accumulated Construction Interest" shall be used to fund initial construction of the Project up to a Project Budget of \$27,188,920. If, after 50% of the "Accumulated Construction Interest" is allocated to the Project Budget, the Project Budget is still less than \$27,188,920, the Rays shall have the right to terminate this agreement upon 30 days written notice to the County.

The parties hereto understand that it is the intention of the County to finance the Project by the issuance of its obligations. It is further the intent of the County that the interest on such obligations be excludable from gross income for federal income tax purposes, to the greatest extent possible pursuant to the provisions of the Internal Revenue Code. In furtherance thereof, the Rays agree that it will take all reasonable actions within its control which are necessary in order for the interest on such obligations be excludable from gross income for federal tax purposes.

The County agrees to submit an application to the Florida Sports Foundation for the State of Florida funding described above by October 1<sup>st</sup>, 2006. If the State of Florida, through the Florida Sports Foundation, fails to grant the County \$500,000 annually for the next 30 years to undertake the

construction, or if County does not accept such grant from the State and begin construction by July 1, 2007, either the Rays or the County may terminate this agreement upon written notice to the other party, without penalty or liability to either party.

4. Project Design and Construction

(a) The County and the Rays shall have mutual approval rights of the final design and construction plans, the architect, contractor and all change orders. The design of the stadium shall be in accordance with current MLB standards. The County shall use its diligent, good faith efforts to perform, or cause to be performed, all construction work on the Project according to the approved construction plans on or before February 1, 2009. In the event possession of the Project is not delivered to the Rays on or before February 1, 2009, the County shall pay the Rays liquidated damages of \$2,200 per day for each day after February 1, 2009, until the Project facilities are occupied by the Rays.

County shall not be assessed liquidated damages in the event the Project is delayed due to damage to, or destruction of, the Project due to hurricane, fire, Acts of God or other casualty; however, in the event such an event causes a delay to the Project such that it is not ready for occupancy by August 1, 2010, the Rays shall have the right to terminate this agreement upon thirty (30) days notice to the County.

(b) The Rays shall have access to the construction project during all normal construction hours and shall receive reasonable notice of and have the right to attend and participate in all meetings between the County and its architect and contractors performing the work on the Project. After a financing plan and renovation plan have been mutually agreed upon, as set forth above, the Rays shall have the right to request the County to make changes to the Project, the construction plans and schedule of completion, and will by obligation pay any cost associated with these changes, provided the cost of such changes cause the cost of the stadium renovations to exceed \$27,188,920. County shall not owe the Rays liquidated damages, nor suffer any penalty or liability whatsoever, in the event the Project cannot be delivered to the Rays by February 1, 2009, due to delays caused by changes to the Project requested by the Rays.

(c) The parties agree to observe the requirements of the Consultants Competitive Negotiation Act, and all other applicable federal, state

and local laws, and engage architectural, engineering, and construction services necessary to design and build the Project.

(d) The Rays acknowledge that the County has a three year agreement with the South Coast Independent League (the "League") beginning in 2007 and ending in 2009 for the use of the existing Stadium. The Rays agree that the League is entitled to the use of the Stadium pursuant to its agreement with the County and the parties agree to cooperate in coordinating the construction schedule of the Project to accommodate the League's use of the Stadium so long as it doesn't impede the progress of the Project or the Rays use of the Project or Project site, as described in Item 5 below. County agrees to fully enforce its agreement with the League in regard to its conduct and use of the Project facilities.

(e) For the duration of this agreement, the parties shall have mutual approval rights over any change to the Project site that results in means of pedestrian access to the Project site being created, eliminated, or altered.

5. Rays Rights-of-Use to Project

Upon completion of construction, the Rays shall retain the following rights to use the Project facilities:

(a) Each day from February 10<sup>th</sup> through April 3<sup>rd</sup> of each calendar year ("Spring Training"): The Rays shall have primary use of the stadium, new clubhouses, administrative office space dedicated to the Rays' use, team store, practice fields, and other associated training facilities (batting cages, gang mounds, etc.). During this time, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;

(b) Each day from April 4<sup>th</sup> through July 1<sup>st</sup> ("Extended Spring Training"): The Rays shall have primary use of the new clubhouses, team store, administrative office space dedicated to the Rays' use, the one (1) full-size, grass major league practice field, two (2) minor league practice fields, and other associated training facilities (batting cages, gang mounds, etc.). During these times, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;

(c) Before 7pm each day from September 1<sup>st</sup> through October 31<sup>st</sup> of each calendar year ("Instructional League"): The Rays shall have primary use of the new clubhouses, team store, administrative office space dedicated to the Rays' use, the one (1) full-size, grass major league practice field, two (2) minor league practice fields, and other

associated training facilities (batting cages, gang mounds, etc.). During these times, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;

- (d) At all other times, the Rays shall maintain sole use of the major league clubhouse, administrative office space dedicated to the Rays' use, team store, and the one (1) full-size, grass major league practice field. In addition, the Rays shall retain the right to restrict access to associated training facilities (batting cages, gang mounds, etc.), one (1) minor league practice field, and the minor league clubhouse if they are reasonably required for the Rays' use and upon three (3) weeks notice to the County. County and the Rays agree that a change in the timeline for "extended spring training" and/or the need for the Rays to locate a rookie league team at the Project site constitute a reasonable basis for such access restrictions;
- (e) The Rays and the County shall also make the Project facilities available for up to one week each year, the date to be mutually agreed upon by the parties, for a Devil Rays Fantasy Camp;
- (f) The Rays may use the facility for clinics, camps, and promotional or marketing events throughout the year, provided that three (3) weeks notice is provided to County and such use does not interfere with County's rights of use as described in Item 6 below.

If the Rays choose to locate a Florida State League ("FSL") team at the Project site, the Rays and the County agree to enter into an amendment to this Agreement to provide for the duties, rights, terms and responsibilities of the parties that will be occasioned by the location of said FSL team at the Project site. Notwithstanding the rights described in Item 6 below, County may not allow a minor league baseball franchise affiliated with any MLB team other than the Rays to play home games at the Project site without the express written consent of the Rays. Furthermore, the parties agree that they will not enter into any amendment to this Agreement if such amendment shall adversely affect the exclusion of interest on the County's obligations which financed the Project from gross income for federal income tax purposes.

The Rays shall have complete operating authority over those areas under its control during the use periods defined above, including, but not limited to, the right to manage ticket sales, concessions, merchandise sales, game-day parking, and all other stadium activities during spring training. The Rays will, at all times, make reasonable efforts to cooperate with others, including the County, in exercising its operating authority during its use periods.

The Rays shall make best efforts to furnish the County with its spring training exhibition game schedule and extended spring training time frame use requirements no later than December 1<sup>st</sup> of the year prior to the next February opening of spring training activities by the Rays.

During the use periods defined above, the Rays may stage non-baseball related events or activities with the express written consent of the County; such consent not to be unreasonably withheld.

The County and the Rays further agree that the Rays may transfer its right to use of certain Project facilities described above to an affiliated entity or subsidiary of the Rays.

6. **County Rights-of-Use to Project**

Subject to the Rays' rights of use described above, at all other times, the County shall have the right (and is encouraged by the Rays) to use the facility for concerts, plays, sporting events and tournaments or other revenue-producing or civically-oriented events (collectively defined as non-major league baseball-affiliated events) provided that:

- (a) Such events do not damage the playing fields or cause unreasonable wear and tear to the structures;
- (b) Such events are not inconsistent with the image of Major League Baseball and the Rays;
- (c) Such events do not interfere with the Rays operations; and
- (d) Prominent signaga is displayed promoting the Rays' affiliation with the Project during these events.

The County shall have responsibility for all costs associated with these events and shall be responsible for all liabilities arising from the County's use of the Project for non-major league baseball-affiliated events.

During the periods of its use of the facility, the County shall also have the right to display marketing signs in the concourse and stadium, provided that such signs are not in conflict with an exclusive Rays marketing partnership and that the cost of displaying such signs is borne by the County.

During the term of this Agreement, the County shall at all times be permitted to continue its present use of County buildings at the Project site for office space and operations.

7. **Rays Rights to Project Revenues**

The Rays and County agree that for the duration of this agreement, the Rays shall retain:

- (a) All revenues derived from spring training operations, including, but not limited to, all revenues from ticket sales, food/beverage concessions, pouring rights for sodas, water, and other beverages, merchandise and souvenirs, program sales, advertising and signage, luxury suites, and game day parking;
- (b) Exclusive rights to set the price for spring training exhibition game tickets, food/beverage concessions, merchandise and souvenirs, programs, game-day and spring training parking and all other stadium goods and services associated with spring training operations;
- (c) Exclusive rights to all scoreboards, outfield, and other stadium signage. Such rights shall include the right to control the design and layout of all advertising;
- (d) Subject to the approval of County, such approval not to be unreasonably withheld, the right to sell stadium naming rights. The County shall retain the first \$75,000 annually of said stadium naming rights and revenues (which shall grow 3% annually for the term of this Agreement) in a stadium maintenance and operations fund, as described in Schedule 2 and Item 9 below, with the balance of naming rights revenues going to the Rays;
- (e) Subject to the approval of County, not to be unreasonably withheld, the right to locate cellular phone towers within the stadium lighting structures and all revenues derived from the sale of this right, provided that such sale is not in conflict with the County's ability to maximize revenues from its existing cellular phone tower on the Project site.

The Rays and County further agree to work towards a mutually cooperative relationship on concessions during Rays non-primary use time (i.e. restaurant).

8. **County Rights to Project Revenues**  
The Rays and the County agree that for the duration of this agreement, County shall retain all revenues derived from use of the Project for non-major league baseball-affiliated events staged during those periods of the year when the Rays are not entitled to primary use of the Project facilities, as described in Item 5 above. These include all revenues from facility rental fees, administrative fees, ticket sales, food/beverage concessions, pouring rights for sodas, water, and other beverages, merchandise and souvenirs, program sales, signage and non-spring training day parking.

The Rays and County further agree that these revenues will be dedicated by the County to a maintenance and operations fund, as described in Item 9 below and Schedule 2.

9. Maintenance and Capital Repair

(a) The County shall maintain, repair, and restore all properties at the facility at no cost to the Rays, except the Rays shall provide for housekeeping and cleaning services to the clubhouse and office space it uses at no cost to the County. The County shall maintain all grounds and turf to Major League Baseball standards, said standards to be provided to the County by the Rays; however, the Rays may, at its option, elect to maintain the playing fields during the periods of its primary use. It is further understood that the County will not be responsible for any maintenance, repairs, or restoration related to damage occurring to property as a result of negligent acts or omissions of the Rays, its officers, agents, or employees.

(b) The County shall keep and maintain the Project at all times in first-class conditions and up to first-class Major League Baseball spring training standards at the time of reference for use as a ballpark by the Rays and visiting clubs, said conditions to be reasonably approved by the Rays. The County acknowledges that the high quality conditions shall be in place prior to the beginning of and shall continue throughout each spring training season at no expense to the Rays, provided that the Rays may at its option elect to maintain the playing fields during the periods of its primary use. The County shall maintain all facilities and undertake all of its other obligations under this agreement in a manner consistent with other spring training facilities.

(c) The Rays shall not be required to make any capital investment or expenditure related to the renovations of the facilities as hereinbefore described, or its amenities, except as set forth in Item 4 above.

(d) If Project facilities are not maintained to the high-quality standards described above, the Rays shall send the County written notice describing what conditions it deems to be sub-standard. Upon receipt of such notice, County shall within 30 days respond in writing to the Rays concerns with a detailed remediation plan. In the event the County's remediation plan is not satisfactory to the Rays, the parties agree to submit any disputes to the resolution procedures described in Item 25.

(e) In order for the County to fulfill its maintenance and operations obligations described above, the County and the Rays agree to

dedicate the following sources of funds to an annual Maintenance and Operations Fund ("M&O Fund"), described below and in Schedule 2:

- (1) The County agrees to dedicate \$387,043 in County funds, representing the net maintenance and operations budget of the existing facility, to the M&O Fund in the year of initial occupancy. Such payment shall grow by 3% annually for the duration of the term of this Agreement;
  - (2) The Rays, as consideration for primary use of the facility, agree to a payment of \$116,550 to the M&O Fund in the year of initial occupancy. Such payment shall grow annually by 3% for the duration of the term of this Agreement;
  - (3) The County and the Rays agree, as described in Item 7 above, that the County shall retain the first \$75,000 of revenues from stadium naming rights for dedication to the M&O Fund in the year of initial occupancy. Such payment to the M&O Fund from naming rights revenues shall grow annually by 3% for the duration of the term of this Agreement;
  - (4) The County shall commit \$125,000 of hotel tax revenue to the M&O Fund in the year of initial occupancy. Such payment will be made annually for the duration of the term of this Agreement; and
  - (5) The County agrees to commit all revenues derived from use of the Project for non-major league baseball-affiliated events to the M&O Fund. - (g) It is recognized that during the construction phase of the renovation plan, the County may incur revenue losses and maintenance savings. To the extent that revenue losses exceed maintenance savings ("Construction Period Losses"), any subsequent maintenance savings, as defined above, would first go towards reimbursing the County as compensation for Construction Period Losses rather than into the Capital Reserve, as defined above.
- (h) The use of the Capital Reserve Fund will be reviewed and approved by both parties. Capital repair and Improvements will be given highest priority.

- (e) If the Rays sell a score book at spring training exhibition games, the Rays shall provide Charlotte County Visitor's Bureau a free page in such score book. The Charlotte County Visitor's Bureau will provide the material to be printed, which will be subject to the approval of the Rays;

The Rays agree to work with the Charlotte County Visitor's Bureau in scheduling accommodations for visiting teams with Charlotte County as well;

**AMENDMENT TO CHARLOTTE SPORTS PARK AGREEMENT BETWEEN  
CHARLOTTE COUNTY, FLORIDA AND TAMPA BAY RAYS BASEBALL, LTD.**

THIS AMENDMENT TO THE CHARLOTTE SPORTS PARK AGREEMENT, hereinafter referred to as the "Amendment", is made and entered into this 26 day of January, 2010, by and between CHARLOTTE COUNTY, a political subdivision of the State of Florida, 18500 Murdock Circle, Port Charlotte, Florida 33948-1094, hereinafter referred to as the "County", and TAMPA BAY DEVIL RAYS LTD., n/k/a TAMPA BAY RAYS BASEBALL LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

**FINDINGS**

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (hereinafter the "Agreement") whose purpose was for the rehabilitation and use of the Charlotte Sports Park (hereinafter the "Sports Park") as well as providing for a public recreation amenity and hosting the Rays' spring training program; and

WHEREAS, pursuant to the terms of the Agreement, the County is responsible for maintaining the playing fields at the Sports Park but the Rays have the option of electing to maintain the playing fields during the periods of their primary use; and

WHEREAS, the Rays have requested that County permit the Rays to maintain the Sports Park Fields, as defined herein, on a year-round, full time basis; and

WHEREAS, County and Rays now desire to amend the Agreement to provide for the Rays assuming year-round, full time, responsibility for the maintenance of the Sports Park Fields at the Sports Park.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

**1. Purpose.**

The purpose of this Amendment is to provide for the assumption of year-round responsibility for maintaining the Charlotte Sports Park stadium field and 5½ practice fields within the Sports Park complex (hereinafter "Sports Park Fields") by the Rays beginning January 12, 2010 (the "Effective Date").

**2. SPORTS PARK FIELDS MAINTENANCE.**

Rays groundskeeping staff will provide all necessary field maintenance and support for all activities on the Sports Park Fields, including, but not limited to Rays spring training games, Gulf Coast League games, and "non-major league baseball-affiliated events" as defined in Section 6 of the Agreement as concerts, plays, sporting events and tournaments or other revenue-producing or civically-oriented events. The Rays will also assume the County's responsibility to provide field management maintenance and support for the Florida State League team as

outlined in the County's Stadium Lease Agreement with Ripken-Rays Florida Baseball LLC. County acknowledges, and Rays agree, that the Rays have a thorough understanding of the maintenance standards necessary to maintain the Sports Park Fields pursuant to the terms of this Amendment.

**3. SPORTS PARK FIELDS MAINTENANCE STAFFING PLAN.**

(a) The field maintenance staff for the Sports Park Fields shall be hired and employed by the Rays and will consist of a Head Groundskeeper, Field Maintenance Supervisor, who will report directly to the Head Groundskeeper, six full-time groundskeepers, staff equipment mechanic, and all seasonal and part-time employees who shall report to the Field Maintenance Supervisor. Additionally, the Field Maintenance Supervisor will manage any contracted service providers for field maintenance. Within thirty (30) days of the effective date of this Amendment, Rays agree to interview, and consider hiring, field maintenance staff currently employed by County for employment as Rays field maintenance staff for the Sports Park Fields.

(b) The Rays and County acknowledge the stadium playing field drainage issues which arose during the 2009 baseball season. The County agrees that the Rays are not responsible for any current or future stadium playing field structure or performance issues resulting from either the original construction of the field or from field maintenance by the County which began in January 2009 and will run through the end of the implementation of the Playing Field Action Plan noted below and attached hereto as Attachment A. After the Playing Field Action Plan has been completed Rays shall assume sole responsibility for the maintenance of the stadium playing field. In the event that the Playing Field Action Plan does not adequately resolve the underlying stadium field drainage issues, the Rays are not responsible for any future stadium playing field improvements to address those drainage concerns identified in Attachment A.

(c) To address the stadium playing field drainage concerns, the County will implement the attached Playing Field Action Plan. The County acknowledges that the Rays shall assume no costs associated with the Playing Field Action Plan, including any additional material or labor costs associated with any element of the follow-up protocol, which may be undertaken after January 12<sup>th</sup>, 2010, including on-going costs associated with acid injection. The County will provide all necessary resources to complete the implementation of the Playing Field Action Plan including the 31-60 day follow up, projected to end no later than February 5<sup>th</sup>, 2010.

(d) Any potential future field maintenance or reconstruction of any or all of the Sports Park Playing Fields that are unrelated to the stadium field drainage issues identified herein, and the costs for such field maintenance or reconstruction that are not the responsibility of the Rays under the terms of this Amendment, shall be mutually negotiated and agreed upon by Rays and County.

(e) Rays agree to abide by all applicable laws, rules, ordinances and regulations of any federal, state or local governments or agencies in the performance of any work, services or other obligations required of the Rays under the terms of this Amendment.

**4. DUTIES OF RAYS SPORTS PARK FIELDS MAINTENANCE SUPERVISOR AND STAFF.**

(a) The Field Maintenance Supervisor is a working foreman who assists the Rays Head Groundskeeper in the maintenance of the Sports Park Fields. The Field Maintenance Supervisor will meet with designated County Parks, Recreation and Cultural Resources Staff on a weekly basis to review field conditions, work plans, and discuss upcoming activities including any upcoming use of the Sports Park Fields by either County or Rays. - Applying ball field mechanics, e.g. ensuring accurate distances and measurements
- Working with different types of clay and clay conditioners
- Working with natural and artificial turf
- Working game days - pre-game preparation, raking infield during games, post-game clean up
- Building and maintaining pitching mounds and home plates

- Maintaining irrigation systems and performing all necessary irrigation of the Sports Park Playing Fields to Major League Baseball, Tampa Bay Rays and County standards.
- Working with herbicides and pesticides
- Safely using all equipment required for above
- Additional duties and projects as required by Head Groundskeeper or Field Maintenance Supervisor.

**5. SPORTS PARK FIELDS MAINTENANCE EQUIPMENT.**

(a) All equipment necessary to maintain the Sports Park Fields, with the exception of the equipment provided to the Rays by County pursuant to paragraph 5(b) of this Amendment, shall be provided by and paid for by the Rays.

(b) Charlotte County Parks and Recreation will provide the Rays a full list of all County owned field maintenance equipment available for the use of the Rays. ("County Field Maintenance Equipment"), attached hereto as Attachment B, noting (f) the condition of each

piece and hours logged, (2) copies of all maintenance plans and warranty materials, (3) instruction materials, (4) a recommended protocol regarding equipment servicing, and (5) the long-term replacement plan for each piece. The County will continue to maintain all warranties on the County Field Maintenance Equipment, and will be responsible for processing all warranty requests in a timely manner.

(c) The Rays shall provide and pay for regular maintenance for the County Field Maintenance Equipment; however, the County will perform annual reel grinding for all appropriate County Field Maintenance Equipment at County's expense. The Rays staff mechanic will service the County Field Maintenance Equipment on a regular and as-needed basis. The County will conduct semi-annual inspections of the County Field Maintenance Equipment. Any necessary repair or replacement of the County Field Maintenance Equipment, including emergency repairs or replacements, will be agreed-upon by both the Rays and the County. The County will maintain all appropriate insurance on the County Field Maintenance Equipment.

(d) The County will arrange for the delivery of gas and diesel fuel for the field maintenance equipment at no charge to the Rays, but the cost of the gas and diesel fuel shall be paid for by the Rays to County at the current contract price in effect under County's annual contract for gas and diesel fuel purchases.

**6. SPORTS PARK FIELDS MAINTENANCE MATERIALS AND SUPPLIES.**

(a) The Rays shall be responsible for providing and paying for all maintenance materials and supplies necessary to maintain the Sports Park Fields, including, but not limited to fertilizer, herbicides/pesticides, clay and clay conditioner, nets, protective screens, wind screens, top dressing sand, overseeding supplies, chalk, uniforms, and small tools (e.g. rakes, shovels, brooms, edgers, weed-eaters).

(b) The Rays will also provide all Field Maintenance office supplies, including janitorial supplies, office equipment, phones, computers and other such items and shall be responsible for any and all costs, billings or charges related to same. The County will provide safe and professional work space, including office, garage and storage space, for the Field Maintenance Staff in Building C within the Sports Park complex. The County will also continue to provide garbage and debris removal services for the Sports Park complex.

**7. SPORTS PARK FIELDS MAINTENANCE BUDGET.**

(a) County and Rays acknowledge that the Agreement provides for in Section 9(e) and in SCHEDULE 2-PROJECT MAINTENANCE AND OPERATIONS FUNDING SOURCES ("Schedule 2"), a schedule of annual payments for the Sports Park facility to the M&O Fund to be paid by County and Rays for maintaining and operating the Sports Park complex and grounds.

(1) The parties agree that the total cost to maintain the Sports Park Fields for the initial year of this Amendment, year 2010 is \$525,285.10 and shall grow annually at a rate of 3% ("Field Maintenance Budget"), as detailed on the schedule of payments, attached hereto as Attachment C.

(2) The County shall deduct the Rays' annual M&O payment obligation, as described in the Agreement, and then tender payment to the Rays for the remainder each year in equal quarterly installments on January 15<sup>th</sup>, April 15<sup>th</sup>, July 15<sup>th</sup> and October 15<sup>th</sup> during the term of this Amendment. As an example, in 2010, the Rays M&O payment obligation is \$120,047. The County shall deduct this amount from the 2010 Sports Park Fields budget of \$525,285.10 and tender payment to the Rays in the amount of \$405,238.10 in the manner noted above and on Attachment C ("County Obligation to Rays").

(3) The County and the Rays further agree that, in exchange for the payment to the Rays for field maintenance services for the Sports Park Fields noted above, the County shall be entitled to reduce its obligation to fund Maintenance and Operations at the Sports Park, noted in Section 9 and Schedule 2 of the Agreement, in an amount up to the annual County Obligation to Rays for field maintenance. In no event shall the reduction of any County funds to the total M&O budget be greater than the County Obligation to Rays for field maintenance. As noted in Attachment C, in 2010, the Remaining County M&O and Other Event Revenues Obligation will be \$422,266. All other County operating and maintenance obligations noted in the Agreement remain.

(4) As per Section 9 of the Agreement, the County and Rays agree that if, in any given year, actual County maintenance and operations costs at the Sports Park are less than the Remaining County M&O and Other Event Revenues Obligation as noted on Attachment C, the difference will be transferred into the Capital Reserve Fund. This will be reviewed annually at the end of the County fiscal year.

(b) The Rays agree to keep a field maintenance budget for all expenses related to the maintenance of the Sports Park Fields and agree to schedule an annual meeting with County to review the status of that budget. The parties agree to annually review the actual expenditures for the Sports Park Fields maintenance. This would not result in any change to the financial obligation set forth herein to either party but should be viewed as a part of due diligence regarding utilization of taxpayer funds.

**B. COUNTY'S RIGHT OF USE OF THE SPORTS PARK AND SPORTS PARK FIELDS.**

The parties agree that County shall have use of the Sports Park facility, including the Sports Park Fields, for non major league baseball-affiliated events (as that term is defined in the Agreement) and pursuant to the terms of the Agreement. The parties agree that nothing contained in this Amendment or the Agreement shall be construed as to give the Rays authority to refuse to permit County the use of the Sports Park Fields for any non major league baseball-affiliated events, and the parties agree that the County reserves the right to use the Sports Park Fields for any non major league baseball-affiliated events at County's sole discretion and approval. Prior to the scheduling of any non-major league baseball-affiliated events at the Sports Park, the County will review the scope of the event with the Rays and, if applicable, confirm (1) field availability, and (2) the appropriate field maintenance needs.

Costs for any non-traditional field maintenance needs associated with non major league baseball events are the responsibility of the County-or any third party event vendor. Non-traditional

field maintenance needs include, but are not limited to field conversion activities for special events (e.g. forklift operations for concert stage set up) and repairs to damages to the playing field that result from such use. The County bears general responsibility for any damages to the playing field caused by non-major league baseball events. All conditions regarding non-major league baseball-affiliated events as noted in Section 6 of the Agreement, including the provision that County shall be responsible for all liabilities arising from County's use of the Sports Park Fields for non major league baseball-affiliated events still apply.

**9. STADIUM LEASE AGREEMENT - RIPKEN-RAYS FLORIDA BASEBALL LLC.**

County and Rays acknowledge that the STADIUM LEASE AGREEMENT between RIPKEN-RAYS FLORIDA BASEBALL LLC (hereinafter referred to as "Ripken") and County, entered into on or about February 10, 2009, provides that the County shall maintain the Sports Park Fields. By signature of Ripken's authorized representative on this Amendment, Ripken hereby consents and agrees to the terms and conditions of this Amendment which provide that the Rays shall be solely responsible for the year-round maintenance of the Sports Park Fields.

**10. TERM/TERMINATION.**

The term of this Amendment shall begin on the Effective Date and shall terminate simultaneously with the termination of the Agreement; provided, however, that either County or Rays may terminate this Amendment, with or without cause, at any time upon providing nine (9) months written notice of termination to the non-terminating party. In the event this Amendment is terminated by either party, the responsibility for maintaining the Sports Park Fields will revert back to the County on the same terms that are enumerated in the Agreement and all other provisions of the Agreement shall remain in effect.

**11. INCORPORATION.**

The "Findings" provisions of this Amendment are specifically incorporated into and made a substantive part of this Amendment, and this Amendment, including all exhibits and attachments hereto, is specifically incorporated into and made a substantive part of the Agreement.

**12. SEVERABILITY.**

If any provision of this Amendment shall be declared invalid or unenforceable, the remainder of this Amendment shall continue in full force and effect.

**13. CONFLICT WITH AGREEMENT.**

All provisions of the Agreement not in conflict with this Amendment shall remain in full force and effect. To the extent of any conflict with the Agreement, the provisions of this Amendment shall control. Any terms used in this Amendment shall have the same meanings and definitions as they have in the Agreement.

**14. ENTIRE AGREEMENT.** This Amendment incorporates and includes all prior negotiations, correspondence, agreements or understandings between the parties, and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Amendment that are not contained in this document.

15. **MODIFICATION.** No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed by the parties with the same formality and of equal dignity herewith.

16. **ASSIGNMENT.** This Amendment, or any interest herein, shall not be assigned, transferred or otherwise encumbered, under any circumstances by either party without the prior written consent of the other party.

17. **INDEMNIFICATION.** Rays shall indemnify, hold harmless and, at County's option, defend County, and its officers and employees, from all suits and actions at law, liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of Rays and persons employed or utilized by Rays in the performance of any work or services under this Amendment.

18. **AUTHORITY TO EXECUTE.** County, Rays and Ripken warrant to the other parties that they, and the persons executing this Amendment on behalf of each of them, have the right, power and authority to execute this Amendment.

19. **EFFECTIVE DATE.**  
If fully executed by County, Rays, and Ripken, this Amendment shall take effect on January 12, 2010.

IN WITNESS WHEREOF, the parties have executed this agreement on the dates indicated below.

## Deep Drill Aerification Program - Execution

- A. Deep drill aerification with 7/8 inch drill type chas to a fifteen inch depth. Vacuum and remove drill generated debris off of the field. This will shatter layers forming in the soil & gravel. Allow water to pass through & entry of soil conditioning products. Ease surface puddling.
- B. Top dress the playing field surface with 180 EM manufactured coarse sand at a rate of 40 tons per acre. Sand to be amended with sun flower hulls and gypsum. Drag material into drill holes. This will aid in conditioning soil. Allow passage of water, bring soil conditioning products directly to the soil where it is needed. Will ease surface puddling & help short & long term solution to the drainage issues.
- C. Number of Passes

## Deep Drill Aerification Program — Follow Up

These follow up steps are to be performed by the County within the first 30 days after the Deep Drill Aerification

- A Apply additional gypsum at the rate of 25 lbs. per one thousand square feet. Counter the poor water stability & conditions the soil which will improve drainage.
- B Apply sul-po-mag fertilizer application after completion of the aerification and top dressing at a rate of 200 lbs. per acre. Aid in plant recovery from aerification.
- C Apply ammonium sulfate 23-0-0 fertilizer at 200 lbs. per acre after completion of the aerification and top dressing. Aid in recovery from aerification. Aid in recovery from aerification. Aid in recovery from aerification. Aid in recovery from aerification.
- D Apply foliar fertilizer with minor two weeks after application. Aid in recovery of turf damage & restore color. May want to do this every two weeks.

These follow up steps are to be performed by the County within day 31-60 after the Deep Drill Aerification

- 1. Apply ammonium sulfate 23-0-0 fertilizer at 200 lbs. per acre. Stimulates new growth.
- 2. Add in fertilizer help reentrains influence in the soil.
- 3. Deep line aerification with 5/8" solid or hollow tires to an eight inch depth in two directions. Vacuum and dispose of cores off of the field. Type of tire & field procedures will have to be adjusted per field conditions at the time of aerification. Depending on the weather & field conditions at the time, the idea is to continue conditioning the soil to improve root growth & drainage. If the turf is not very strong at this time sulfate the Aerway solid tire aerification.
- 4. Top dress the playing field surface with 100 PMB manufactured course sand at a rate of 2.5 tons per acre. This should be done after the seed is broadcast.
- 5. Apply gypsum at the rate of 25 lbs. per one thousand square feet. This application will supplement material already in the ground & condition the soil for better drainage.
- 6. Verticut field very lightly in preparation for the grass over seeding. Light verticutting is a common practice before overseeding. This is optional depending on the density of the turf. If the turf manager feels due to the close timing of the vertifications & has been or worn turf this may be detrimental this step may be skipped.
- 7. Apply a pre-plant fertilizer 9-7-7 at a rate of 300 lbs. per acre. This will help the establishment of the new turf. Having no knowledge of the other recent fertilizations or soil fertility testing this is a safe procedure. It is very possible to double the rate with no ill effects.
- 8. Cover seed bed areas with 1/2" grass seed at a rate of 100 lbs. per thousand. This is a recommended rate. A rate of 15 pounds per thousand might be better initially but may create problems next spring during transition back to Bermuda grass. This should be the turf manager's call at the time of application.
- 9. Apply foliar fertilizer application two weeks after over seeding. This will help new seed establish & improve turf health.
- 10. Apply a fungicide application as needed for disease prevention to establish the grass. Disease is very possible at this stage especially with contrary weather conditions. Fungicides or curative applications should be applied as needed.

Return to annual maintenance program as recommended by the agronomic team

**SECOND AMENDMENT TO CHARLOTTE SPORTS PARK AGREEMENT  
BETWEEN CHARLOTTE COUNTY, FLORIDA AND TAMPA BAY RAYS  
BASEBALL, LTD.**

THIS SECOND AMENDMENT TO THE CHARLOTTE SPORTS PARK AGREEMENT, hereinafter referred to as the "Amendment", is made and entered into this 25<sup>th</sup> day of January, 2011, by and between CHARLOTTE COUNTY, a political subdivision of the State of Florida, 18500 Murdock Circle, Port Charlotte, Florida 33948-1094, hereinafter referred to as the "County", and TAMPA BAY RAYS BASEBALL LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

**FINDINGS**

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (hereinafter the "Agreement") whose purpose was for the rehabilitation and use of the Charlotte Sports Park (hereinafter the "Sports Park") as well as providing for a public recreation amenity and hosting the Rays' spring training program; and

WHEREAS, on or about January 26, 2010, the County and the Rays entered into an Amendment to the Charlotte Sports Park Agreement (the "First Amendment") wherein the Rays assumed year-round, full time, responsibility for the maintenance of the Sports Park Fields at the Sports Park; and

WHEREAS, the Rays have now requested that the County amend the Agreement to permit the Rays to occupy Building "B" at the Sports Park and to provide that the Rays will assume the responsibilities for landscaping maintenance for the common grounds surrounding the Sports Parks Fields, as further described and designated in this Amendment, on a year-round, full time basis.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

**1. Purpose.**

The purpose of this Amendment is to permit the Rays to occupy Building "B" at the Sports Park and the assumption of year-round responsibility for landscaping maintenance for the common grounds surrounding the Sports Parks Fields by the Rays.

**2. Building B - Charlotte County Sports Park**

(a) Beginning January 26<sup>th</sup> 2011, the Rays will have sole use of Building B, as designated and identified on Exhibit A which is attached hereto and incorporated herein by reference, consistent with those areas of the Sports Park outlined in Section 5(d) of the Agreement; however, the Rays will make reasonable good faith efforts to make the locker room and shower/grooming areas available for tournaments or other meetings/events booked and/or approved by the County during all times of the year, except for those designated under Section 5 (a), (b) and (c) in the Agreement (spring training, extended spring training, instructional

league). The County is solely responsible for any improvements required to make the locker room/grooming areas available to the public for tournaments or other meetings/events booked and/or approved by the County, including any improvements required by the Americans with Disabilities Act.

(b) The Rays will not charge a fee for use of the locker room and shower/grooming areas for tournaments or other meetings/events. The County will be responsible for cleaning these areas after any tournament or other event. Building B shall be covered under Section 9(a) of the Agreement, and as per that section, the County shall maintain, repair, and restore all properties at the facility at no cost to the Rays, except the Rays shall provide for housekeeping and cleaning services to the clubhouse and office space it uses at no cost to the County. Additionally, as per Section 9(a) of the Agreement, the County will not be responsible for any maintenance, repairs, or restoration related to damage occurring to property as a result of negligent acts or omissions of the Rays, its officers, agents, or employees.

(c) Section 5(d) of the Agreement is clarified to include the entirety of the building housing both major and minor league clubhouses, as well as the Rays' administrative offices, as a defined area of sole use by the Rays.

(d) Building B will be turned over to the Rays in a clean condition; all materials and items currently housed in Building B will be removed before January 26<sup>th</sup> with the exception of any items currently stored in the existing laundry room within Building B, which will still be available for County storage.

(e) Similar to current provisions within the Agreement, the Rays, at their sole discretion and cost, may make reasonable facility enhancements to Building B, including, but not limited to lighting, painting, etc. Any major capital improvements to Building B would require the approval of the County, and can be considered for CIP funds. During the term of this Amendment either the Rays or the County have the right to present to the other party ideas for major capital improvements to Building B that would encourage and support additional use of Building B as a first-class major league baseball facility.

### **3. Landscape Maintenance - Charlotte County Sports Park**

(a) The following lists the overall scope of services the Rays will provide for landscape maintenance within the Project Area, as noted on the attached Exhibit A. The term "Project Area" as used in this Amendment and as shown on Exhibit A shall mean and include those common grounds within the Project Area exclusive of the Sports Fields.

- Trim all trees and bushes
- Maintain seasonal and annual plantings in all islands and beds, including the green roof
- Keeps islands, beds and fence lines weed free, including the green roof bed located on the roof of the Rays Clubhouse
- Spray herbicides/pesticides as needed.

(b) The County will continue to be responsible for maintaining all areas outside of the Project Area, including, but not limited to the stadium parking lot and right-of-ways along El Jobean Road and Esther Street, and the regular maintenance and any necessary repairs to the irrigation system within the Project Area; except that the Rays shall be responsible for any damages/repairs to the irrigation system, including sprinkler heads, caused by the Rays. The County will also provide the Rays the use of a lift once a year for tree trimming, at a time

coordinated with the Rays Head Groundskeeper, small start-up tools for the services provided to the extent available, and be responsible for the replacement of any trees, bushes or sod that die from hard weather, frost or other Acts of God.

**4. Energy Savings Plan**

The parties agree to work together to develop an action plan within ninety (90) days of the effective date of this Amendment identifying possible energy savings methods or programs.

## Methodology

The following research project was undertaken at the request of Charlotte County's Board of County Commissioners.

The research's objectives, as documented in the survey questionnaire (approved by the contracting parties), reflect the full scope of the project undertaken. The principal purpose of this study was to document the economic impact of the 2017 Tampa Bay Rays Spring Training season. In this context, the study tabulates and profiles both tourist/visitors and day-trippers who came to the area for Spring Training games.

**The findings of the study are based on 332 face-to-face interviews** conducted with randomly selected fans at 2017 Tampa Bay Rays Spring Training games. Our economic impact calculations address non-Charlotte resident game attendees. *Please note that the economic impact estimates detailed in the following report only include fan spending. They do not address the spending of the stadium, the Tampa Bay Rays team, visiting teams, or media in the destination.*

**Research Data Services, Inc.** is responsible for the design and analysis of this project. The research was implemented by staff interviewers, trained, and supervised by **RDS** professionals. The study questionnaire, processing softwares, optical scanning programs, and related materials developed and used in and for this project, as well as this report are protected by the copyright laws of the United States of America.

## Summary of Research Findings

The objective of the Tampa Bay Rays’ Spring Training research was to document the economic impact of the team’s 2017 season. Attendance figures, provided by the team, indicate that some 78,734 fans attended the 17 Tampa Bay Rays home Spring Training games in the Charlotte Sports Park between February 25, 2017 and March 30, 2017. ***The total economic impact of fans attending 2017 Tampa Bay Rays Spring Training games is estimated to be \$16,327,500.***

The following, in short summary, are the salient findings of the research:

**A. The Economic Impact of 2017 Tampa Bay Rays Spring Training on Charlotte County:**

Estimated Attendee Economic Impacts	Direct Expenditures	Economic Impact
Overnight Charlotte County Visitors	\$7,588,800	\$11,572,900
Day-Trippers	\$3,117,800	\$4,754,600
Out-of-County Spring Training Attendees	\$10,706,600	\$16,327,500

Some 54.0% of overnight visitors say that attending a Spring Training game was a primary factor in bringing them to Charlotte County. The total economic impact of these visitors’ spending accounts for an estimated \$6,241,500 of value added to the destination. Overnight attendees, who stayed in paid accommodations and say Spring Training was a primary factor in their Charlotte visit, generated some 9,800 room nights for the County’s tourism industry. Commercial lodging visitors who primarily came to the destination for reasons other than Spring Training, but attended a game as part of their Charlotte experience, represent an additional 5,000 room nights.

Additionally, residents and seasonal residents of Charlotte County spent an estimated \$1,648,500 attending Spring Training games. *Please note that the above detailed economic impact estimates only include fan spending. They do not address the spending of the stadium, the Tampa Bay Rays team, visiting teams, or media in the destination.*

The City of Bradenton, Florida Special Obligation Revenue Refunding Bonds, Series 2016 (the "Series 2016 Bonds") will be issued only as fully registered bonds and will be initially registered only in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Series 2016 Bonds. The Series 2016 Bonds will be available to purchasers in denominations of \$5,000 and any multiple thereof only under the book-entry system maintained by DTC through brokers and dealers who are, or act through, DTC Participants. Purchasers will not receive delivery of the Series 2016 Bonds. So long as any purchaser is the Beneficial Owner (as defined herein) of a Series 2016 Bond, the purchaser must maintain an account with a broker or dealer who is, or acts through, a DTC Participant to receive payment of principal of and interest on such Series 2016 Bond. See "DESCRIPTION OF THE SERIES 2016 BONDS – Book-Entry Only System" herein. Interest on the Series 2016 Bonds will be payable semiannually on March 1 and September 1 of each year, commencing on September 1, 2016.

The Series 2016 Bonds are being issued pursuant to the Constitution and laws of the State of Florida, particularly Chapter 166, Florida Statutes, and other applicable provisions of law, and Resolution 16-33, adopted by the City Council of the City of Bradenton, Florida (the "City") on June 8, 2016 (the "Resolution") for the purpose of providing funds, together with other legally available funds of the City, to (i) refund the City's outstanding Special Obligation Revenue Bonds, Series 2007, and (ii) pay the costs of issuance of the Series 2016 Bonds.

Such covenant to appropriate Non-Ad Valorem Revenues is not a pledge by the City of such Non-Ad Valorem Revenues and is subject in all respects to the payment of obligations secured by a pledge of such Non-Ad Valorem Revenues heretofore or hereafter entered into (including the payment of debt service on bonds or other debt instruments) and also to the payment of services and programs which are for essential public purposes affecting the health, safety and welfare of the inhabitants of the City or which are legally mandated by applicable law. The City currently intends to pay debt service on the Series 2016 Bonds first with Pledged Revenues and thereafter from appropriated Non-Ad Valorem Revenues. **CITY OF BRADENTON, FLORIDA  
SPECIAL OBLIGATION REVENUE REFUNDING BONDS,  
SERIES 2016**

**INTRODUCTORY STATEMENT**

This Official Statement including the cover page, inside cover page and appendices, is provided by the City of Bradenton, Florida (the "City"), in order to set forth certain information regarding the City and the City's \$14,280,000 aggregate principal amount of Special Obligation Revenue Refunding Bonds, Series 2016 (the "Series 2016 Bonds"), authorized by Resolution No. 16-33, adopted by the City Council (the "Council") on June 8, 2016 (the "Resolution"). This introduction is subject in all respects to the more complete information and definitions contained or incorporated in this Official Statement and should not be considered to be a complete statement of the facts material to making an informed investment decision.

The Series 2016 Bonds are being issued pursuant to the Constitution and laws of the State of Florida, particularly Chapter 166, Florida Statutes, the Charter of the City, and other applicable provisions of law, and the Resolution. The Series 2016 Bonds need not be approved by a vote of the electors of the City.

The Series 2016 Bonds are being issued for the purpose of providing funds, together with other legally available funds of the City, to (i) refund the City's outstanding Special Obligation Revenue Bonds, Series 2007 (the "Refunded Bonds"), and (ii) pay the costs of issuance of the Series 2016 Bonds. See "PLAN OF REFUNDING" herein.

The principal of and interest on the Series 2016 Bonds are payable from and secured by a pledge of and lien upon (1) the Pledged Revenues (consisting of Retained Spring Training Franchise Sales Tax Revenues as such term is defined herein), and (2) until applied in accordance with the provisions of the Resolution, all moneys, including investments thereof, in the funds established by the Resolution, other than the Rebate Fund, all in the manner and to the extent described herein and in the Resolution (collectively, the "Pledged Funds"). The City has covenanted to appropriate in its annual budget, by amendment, if necessary, such amounts of Non-Ad Valorem Revenues (as defined herein and in the Resolution) which are not otherwise pledged, restricted or encumbered, as shall be necessary, after taking into consideration the Pledged Revenues, to pay the principal of and interest on the Series 2016 Bonds when due and all required rebate payments and to fund the Reserve Fund to the extent of any deficiencies therein. Such covenant to appropriate Non-Ad Valorem Revenues is not a pledge by the City of such Non-Ad Valorem Revenues and is subject in all respects to the payment of obligations secured by a pledge of such Non-Ad Valorem Revenues heretofore or hereafter entered into (including the payment of debt service on bonds or other debt instruments) and also to the payment of services and programs which are for essential public purposes affecting the health, safety and welfare of the inhabitants of the City or which are legally mandated by applicable law. The City currently intends to pay debt service on the Series 2016 Bonds first with Pledged Revenues and thereafter from appropriated Non-Ad Valorem Revenues. See "SECURITY FOR THE SERIES 2016 BONDS" herein.

All capitalized terms used in this Official Statement not normally capitalized and not otherwise defined herein, shall have the same meaning as provided in the Resolution. The form of the Resolution is attached to this Official Statement as APPENDIX C. The descriptions of the Series 2016 Bonds, the documents authorizing and securing the same, and the information from various reports and statements contained herein are not comprehensive or definitive. All references herein to such documents, reports and statements are qualified by the entire, actual content of such documents, reports and statements. Copies of such documents, reports and statements referred to herein that are not included in their entirety in this Official Statement may be obtained from the City.

## THE CITY

The City, incorporated in 1903, is located on the west coast of Florida, in Manatee County (the "County"), approximately forty miles south of Tampa on the southern reaches of Tampa Bay. The City encompasses 14.55 square miles and has a population of approximately 52,534. The City provides a full range of services including police, fire, planning and development, water, sewer, solid waste and recycling services, as well as providing cultural and recreational facilities. For additional information concerning the City, see "APPENDIX A - General Information Regarding the City of Bradenton and Manatee County, Florida" attached hereto.

## PLAN OF REFUNDING

Pursuant to the Bond Resolution, the City has determined it to be in its best interest to refund the Refunded Bonds currently outstanding in the amount of \$14,705,000 with proceeds from the Series 2016 Bonds and other legally available moneys of the City.

Concurrently with the delivery of the Series 2016 Bonds, proceeds from the Series 2016 Bonds, together with other legally available moneys of the City, shall be deposited into an escrow deposit trust account (the "Escrow Account") pursuant to the terms and provisions of the Escrow Deposit Agreement between the City and U.S. Bank National Association, Orlando, Florida, as Escrow Agent thereunder (the "Escrow Deposit Agreement"). The moneys deposited pursuant to the Escrow Deposit Agreement shall be applied to the purchase of certain United States Treasury obligations (the "Escrow Securities") so as to produce sufficient funds to pay the principal of, and interest on the Refunded Bonds as the same become due or are earlier redeemed. The Refunded Bonds will be called for redemption on September 1, 2017 (the "Redemption Date") at a redemption price of 100% of the principal amount of such Refunded Bonds, plus accrued interest to the Redemption Date. Upon the deposit of such moneys in the Escrow Account, in the opinion of Bond Counsel, rendered in reliance upon certain mathematical computations performed by Raymond James & Associates, Inc., the Underwriter, as verified by Integrity Public Finance Consulting LLC, Jacksonville, Florida (the "Verification Agent") as described below, the Refunded Bonds shall be deemed to be paid and shall no longer be deemed to be secured by or entitled to the benefits of the Resolution pursuant to which they were issued. The Verification Agent is a wholly owned subsidiary of Bryant Miller Olive P.A. The holders of the Refunded Bonds shall be entitled to payment solely out of the moneys and Escrow Securities deposited pursuant to the Escrow Deposit Agreement. The moneys and Escrow Securities on deposit in the Escrow Fund will not be available for payment of the Series 2016 Bonds.

Upon delivery of the Series 2016 Bonds, the Verification Agent will verify the accuracy of the arithmetical computations of the adequacy of the maturing principal amount of, and interest on the Escrow Securities, together with any uninvested amounts, to be held in the Escrow Account to pay the

principal and interest on the Refunded Bonds on the Redemption Date, and the "yield" on the Series 2016 Bonds and on the Escrow Securities considered by Bond Counsel in connection with its opinion that the Series 2016 Bonds are not "arbitrage bonds" within the meaning of Section 148 of the Code, as amended. See "VERIFICATION OF MATHEMATICAL COMPUTATIONS" herein.

In reliance upon the above-referenced schedules, at the time of delivery of the Series 2016 Bonds, Bond Counsel will deliver to the Underwriter and the City an opinion to the effect that all covenants, agreements and other obligations of the City to the holders of the Refunded Bonds have ceased, terminated and become void and are discharged and satisfied.

- A. The City owns McKechnie Field (as defined below) and Pirate City (as defined below).
- B. The Team owns and operates a major league professional baseball team known as the Pittsburgh Pirates and is affiliated with minor league professional baseball teams in various cities throughout the United States.
- C. The Team has been using McKechnie Field and Pirate City pursuant to the Existing Lease (as defined herein).

The execution, delivery and performance of this Lease shall not result in a violation of, in any material respect, any provision of any other agreements, instruments, contracts, judgments or decrees to which the Team is a party or by which the Team or its assets may be bound or affected nor shall the execution, delivery and performance of this Lease result in the breach of or constitute a default under any agreement or instrument to which the Team is a party or by which the Team or its assets may be bound or affected.

(d) No Violations of Laws. The Team has not received written notice as of the date of execution of this Lease asserting any noncompliance in any material respect by the Team with Legal Requirements, and the Team is not in default with respect to any judgment, order, injunction or decree of any court, administrative agency, or other Governmental Authority that is in any respect material to the transactions contemplated in and by this Lease.

Section 13.3 Good Faith.

In exercising its rights and fulfilling its obligations under this Lease, each of the Parties shall act in good faith. ### **LECOM PARK REPEATS AS FAN FAVORITE IN BEST OF THE BALLPARKS COMPETITION**

*The spring training home of the Pittsburgh Pirates is once again the fan favorite in the online vote for the Best of the Ballparks from Ballpark Digest and Spring Training Online.*

In the end, the vote wasn't close this March, when readers of Ballpark Digest and Spring Training Online were asked to select their favorite Grapefruit League venue. Capturing at least 65 percent over three rounds of voting, LECOM Park was chosen as the fan favorite for the second straight year.

The final round saw fans select the spring home of the Pittsburgh Pirates by a 67.9%-32.1% margin over Hammond Stadium, spring home of the Minnesota Twins. The ballpark is also the regular-season home of the Florida State League's Bradenton Marauders.

"Tradition means a lot in the Grapefruit League and spring training, and LECOM Park is certainly one of the most traditional venues in all of baseball," said Kevin Reichard, publisher of Ballpark Digest and Spring Training Online. "With some great updates in recent years that really enhanced the fan experience, LECOM Park really is best of both worlds."

"We are again humbled by this honor that recognizes our southern home as the best spring venue in the Florida Grapefruit League," said Pirates President Frank Coonelly. "We thank the city of Bradenton and Manatee County for being such great partners and supporting our vision of maintaining this truly beautiful and historic ballpark and our new naming rights partner, Lake Erie College of Osteopathic Medicine ("LECOM"), for helping us to enhance what had already been a terrific fan experience."

Built in 1923 for the St. Louis Cardinals and known by many old-timers as the former spring home of the Milwaukee/Atlanta Braves, LECOM Park is a ballpark where Roberto Clemente gracefully patrolled the outfield, where Willie Stargell engaged the fans, and where generations of Pirates greats began their seasons over the last 48 years in Bradenton. As noted, enhancements over the past few years saw the construction of a right-field boardwalk and a center-field Tiki bar, installation of new seats and new grandstand roofs, and expanded concessions.

"Attending a Pirates spring-training game at LECOM Park should be on every baseball fan's bucket list," Reichard added. "The Pirates put on a great show, and the ballpark offers a great experience."

## Airbnb bookings spike in Florida for MLB spring training

Justine Griffin, Times Staff Writer

Wednesday, April 12, 2017 2:14pm

Airbnb hosts in Tampa Bay and across Florida saw a significant bump in bookings during the spring training baseball season this year.

Florida's Grapefruit League — which brings 15 Major League Baseball teams to 12 Florida cities, including Dunedin, Clearwater and Tampa — saw significant spikes in bookings over a five-week stretch, according to a press release Wednesday. Dunedin, which is home to the Toronto Blue Jays during the spring months, recorded a 205 percent spike in bookings. Port Charlotte in Charlotte County, where the Tampa Bay Rays play, saw a 78 percent spike. Clearwater, which hosts the Philadelphia Phillies, experienced a 62 percent increase in bookings this year. And in Tampa, where the New York Yankees play, Airbnb recorded a 32 percent jump.

In 10 out of the 12 cities in Florida that host spring training games, residents of the home team's state accounted for the majority of Airbnb bookings, the release said. That includes a whopping 1,860 percent boost to Dunedin from Ontario natives.

"Spring training represents a foundational component of the local economies for these 12 Florida cities," said Tom Martinelli, public policy director for Airbnb Florida, in a statement. "By expanding lodging capacity for regions with limited hotel inventory, Airbnb hosts helped welcome more families and baseball fans to their cities while serving as ambassadors for their local communities."

Hi Corey,

Total attendance for the Bradenton Marauders in 2017 was 79,331. Due to rain, we had 61 openings as opposed to the scheduled 70.

Thanks,

Good afternoon. Please be advised that I am preparing our annual OTTED report to the Florida Department of Economic Opportunity relative to the impact of the Pirates' Spring Training Facility on the City of Bradenton. One of the items of information that I need to include is the number of people in attendance at the Bradenton Mauraunders games for the 2017 season. Can you please provide this information at your earliest convenience? Additionally, the information that I have states that there were 70 games played during the season. Can you please confirm that number as well?

Thank you. Your assistance is greatly appreciated.

Corey

## CITY OF BRADENTON RETAINED SPRING TRAINING FRANCHISE 2017 ANNUAL REPORT

The following information is presented to fulfill the requirements of State Statute 288.11631(4): Submission of a Retained Spring Training Franchise annual report. The City of Bradenton is in a long-term lease arrangement with Major League Baseball's Pittsburgh Pirates.

**CRITERIA #1.** *A "unit of local government" as defined in F.S. 218.369 is responsible for the acquisition, construction, management, or operation of the facility for a retained spring training franchise or holds title to the property on which the facility for a retained spring training franchise is located.*

The City of Bradenton, a 'unit of local government,' holds title to the properties on which the Pittsburgh Pirates' spring training facilities are located. The Pirates have two separate facilities – Pirate City and the former McKechnie Field, now known as LECOM Park.

**CRITERIA #2.** *The applicant has a verified copy of a signed agreement with a retained spring training franchise for the use of the facility for a term of at least 15 years.*

The City of Bradenton, in 2006, entered into a 30-year lease agreement with the Pittsburgh Pirates. The lease and development agreement are included with this report and include both Pirate City and LECOM Park.

**CRITERIA #3.** *The applicant has a financial commitment to provide 50 percent or more of the funds required by an agreement for the acquisition, construction, or renovation of the facility for a retained spring training franchise. The agreement can be contingent upon the awarding of funds under this section and other conditions precedent to use by the spring training franchise.*

Through the issuance of an \$18.6 million bond, the City of Bradenton provided more than 50% of the cost of renovating the Pirates' spring training facilities. Bradenton also contributes annually to a capital 'reserve' fund for continued improvements to the facilities. In addition to the improvements made in 2007, a \$10 million renovation to McKechnie Field (LECOM) was made in 2012, leading *Ballpark Digest* to honor McKechnie Field as the "Best Ballpark Renovation" of 2013 and the Best Florida Spring-Training Park of 2017. In 2017 a \$999,507 contribution from the TDC resulted in the installation of a new scoreboard at LECOM Park. Additionally, a Grant from the Department of Economic Development resulted in the construction of an additional field at the Tournament Sports Park at Pirate City.

**CRITERIA #4.** *The applicant has projections, verified by the Office of Tourism, Trade, and Economic Development, which demonstrate that the facility for a retained spring training franchise will attract a paid attendance of at least 50,000 annually.*

The Pirates' facilities host both Major League spring training AND the Bradenton Marauders, the Pirate's "A" club of the Florida State League. Annual attendance at LECOM Park for 2017:

Pirates – 106,291 over 17 games (6,252 per game)

Marauders – 79,331 – 61 games

**CRITERIA #5.** *The facility for a retained spring training franchise is located in a county that is levying a tourist development tax pursuant to F.S. 125.0104.*

The City of Bradenton is located in Manatee County, which levies a 5% tourist development tax.

Respectfully submitted,

Sharon Beauchamp, City Clerk & Treasurer

Whether the Commercial Space and/or the Concession Facilities shall be operated during Events which constitute Public Uses (any such operations to be effected solely by The Phillies and/or any concessionaire of The Phillies) shall be determined by The Phillies at its discretion; provided, however, that when requested by the City in respect of any Events which constitute the Public Uses where attendance is reasonably projected to exceed 200, Concession Facilities shall be opened by

The Phillies, to the extent that The Phillies deem appropriate, based on a reasonable estimate of attendance.

5.3.2 The City shall make mutually satisfactory arrangements in advance with The Phillies, for The Phillies to provide (but at the expense of the City) appropriate staffing and operations during each Event which constitutes a Public Use, such as ticket takers, ushers, parking attendants, food and beverage preparers and servers, security and paramedical personnel.

5.3.3 Each Public Use may be scheduled only at a time that is reasonably acceptable to The Phillies, it being understood that each of the uses specified in Sections 5.1.1 through 5.1.6 inclusive shall have absolute scheduling priority over every Public Use, except Disaster Staging Uses.

5.3.4 Each Public Use (other than those provided for in Section 5.2.1 and 5.2.4) shall be subject to The Phillies' prior approval, which may be withheld by The Phillies only if in its reasonable judgment conducting the Public Use at the Sports Facility would risk damage to the playing fields or cause unreasonable wear and tear to structures or, in the reasonable judgment of The Phillies, be inconsistent with the image of MLB and The Phillies.

5.5 Disaster Staging Uses. The City may, in each instance of actual or imminently threatened natural disaster, use the Sports Facility as a staging area for disaster preparations, response or other related uses ("Disaster Staging Uses"), provided that (i) there will not be any cost to The Phillies and (ii) the City will immediately restore any resulting damage to the playing field or any other element of the Sports Facility caused as a result of the Disaster Staging Use. (Any loss caused by the natural disaster, as opposed to the City's Disaster Staging Use, is governed by Section 14 hereof.) The City shall not be responsible to The Phillies for any loss of revenue or consequential damages resulting from Disaster Staging Uses, except any attributable to its failure to duly effect any such restoration and restore full use of the Sports Facility to The Phillies immediately following the end of the disaster.

6. Use Fee. From and after the Commencement Date, The Phillies shall pay, in arrears, a use fee to the City at the rate of \$70,000 per calendar year during the Term, subject to adjustment pursuant to Section 6.1 (as so adjusted, the "Use Fee") and to offset pursuant to Section 6.2. The Use Fee for each calendar year during the Term shall be payable by March 31<sup>st</sup> of the following year.

6.1 Adjustment. The Use Fee for the second and each subsequent full calendar year during the Term shall be subject to an adjustment (a "CPI Adjustment"), for any change in the CPI Index between that for December of the year prior to the first such full calendar year and that for December of the year prior to the calendar year with respect to which the calculation is being made.

6.2 Offset. The Phillies may offset against and deduct from the Use Fee payable in respect of any whole or partial calendar year during the Term, the Offset Amount attributable to that period.

7.1 Revenues from Partnership Events and Civic Events. All ticket, food and beverage, merchandise, parking and broadcasting revenues generated on and from the Sports Facility (excluding only revenues derived from the Luxury Suites and the Commercial Space) attributable to each Partnership Event and each Civic Event, net of the direct incremental cost to The Phillies of operating and maintaining the Sports Facility (excluding the Luxury Suites and the Commercial Space) attributable solely to such use (which shall not include administrative or overhead costs or the like or any utility charges or other costs that would have been incurred irrespective of such use) will be: (i) in the case of Partnership Events, shared equally by The Phillies and the City; and (ii) in the case of Civic Events, will be retained by The Phillies (except for any net ticket revenues, which shall be distributed by The Phillies to the appropriate charitable, community or civic organization), in each case within thirty days following the Event. The Phillies shall institute a method of accounting for the collection and calculation of the net revenues collected in respect of Partnership Events and Civic Events and shall furnish to the City appropriate accounting statements in respect of such Events, which shall be prepared in accordance with generally accepted accounting

principles. The City may, upon reasonable notice and during normal business hours, examine, inspect and copy the books and records of The Phillies pertaining to such net revenues and, at its own expense, cause an audit to be performed of such pertinent books and records.

The City hereby grants to The Phillies the power and authority from time to time during the Term to assign or license to a third party the right to name (i) all (e.g. "ABC Sports Facility" or "DEF Stadium") or (ii) portions (e.g. "GHI Bullpen" or "JKL Pavilion") of the Sports Facility and to retain all net proceeds therefrom. The term "net proceeds" for this purpose means the gross proceeds from the assigning or licensing of such naming rights less any direct costs associated with conducting the naming process and, in cases where any additional benefits (e.g. suite usage, tickets, stadium signage, advertising etc) may be included as part of the naming rights package and not separately priced, then the fair market value of such additional benefits shall also be deducted. The City shall have the right to disapprove any such name only, if in the City's reasonable judgment, such name is inconsistent with a wholesome public image for the Sports Facility. The net proceeds from any naming of the whole Stadium or the Sports Facility referred to in clause (i) (but not from any naming of portions thereof, as referred to in clause (ii)) shall be shared as follows: two-thirds to The Phillies and one-third to the City.

Temporary signs identifying and promoting participants in or sponsors of Partnership Events or Civic Events may be displayed during the Event, provided, however, that: (i) no such signage shall relate to a product, service or Person which competes with the Person (or that one Person from time to time designated by The Phillies, at any time or times when there may be more than one such Person) for which all or any part of the Sports Facility is named or with that Person's products or services or with any products or services

designated by The Phillies as falling within either of up to two exclusive product categories (e.g. soft drinks, beer, banking etc) for the Sports Facility; (ii) no such display may obscure fixed signage then located in the Sports Facility; and (iii) the City shall be responsible at its expense for the removal thereof immediately upon conclusion of the Event.

8.3 Parking. In addition to operating all parking areas at the Sports Facility, The Phillies shall have the right to make arrangements for offsite parking for Events at the Sports Facility, including without limitation at the Carpenter Sports Facility, St. Petersburg Junior College and under the Florida Power Corporation right of way. For each Home Game, The Phillies will engage such

civic organization that the City shall propose (subject to The Phillies' approval, not to be unreasonably withheld) to staff the public parking areas at the Sports Facility and at any utilized offsite parking areas. The Phillies will pay to that organization for such services an honorarium of \$1,250 per Game, which figure shall be subject to a CPI Adjustment.

The Phillies will provide necessary security and paramedical services within the Sports Facility.

9. Maintenance and Repair of Sports Facility. The following provisions govern the maintenance and repair of the Sports Facility.

9.1 Phillies Cleaning and Maintenance Obligations. The Phillies shall have the obligation to keep the Sports Facility clean and to provide light housekeeping (e.g. changing bulbs, towels, etc) for the interior areas of the Sports Facility. The Phillies shall be responsible for the ordinary and customary day-to-day maintenance of the following (and only the following) portions of the Sports Facility: (i) the playing fields, (ii) the Phillies Exclusive Use Areas, (iii) the Luxury Suites, and (iv) the Commercial Space (together, the "Phillies Maintenance Obligations"). The City shall acquire for and supply to The Phillies all field care (e.g. clay, sod, sand, fertilizer and chemicals) and other

supplies necessary for The Phillies to discharge the Phillies Maintenance Obligations relating to the playing fields, and The Phillies shall reimburse the City for its actual out-of-pocket costs therefor. Notwithstanding anything herein to the contrary, any City employee providing City Services to the Sports Facility shall be operating under the direction and control of the City, and shall be subject to any applicable City rule, regulation or policy, provided however, that The Phillies may directly engage City employees during the off-duty time, in which case such City employees shall be deemed to operate under The Phillies control.

9.2 City Maintenance, Repair etc. Obligations. Except for The Phillies Maintenance Obligations, the City shall have the obligation to provide all maintenance, repairs, restorations, refurbishments and replacements, whether interior or exterior, structural or non-structural, routine or extraordinary, ordinary or capital in nature, as shall be necessary to keep the Sports Facility clean, safe and in good order, condition and repair, and in compliance with all applicable Legal Requirements and in first class condition and up to first class MLB spring training stadium standards at the time of reference, provided however, that (subject to Sections 14 and 15 hereof) this obligation shall not operate to require the City to construct a new Sports Facility, or to substantially reconstruct the Sports Facility during the Term hereof. The Consulting Engineer shall annually determine which capital repairs, restorations, refurbishments and replacements are needed to be done currently and which capital repairs, restorations, refurbishments and replacements shall be scheduled to be done in the future, and when. The costs of the Consulting Engineer shall be borne equally by The Phillies and the City. The determinations of the Consulting Engineer shall be conclusive on both the City and The Phillies.

9.3 Upgrading of the Sports Facility. The City shall from time to time, as needed, upgrade, modernize and otherwise improve the Sports Facility so that during the Term of this Agreement, the Sports Facility shall not only meet all applicable MLB standards but shall, in addition, include that level of amenities and technological facilities as is comparable at the time of reference to those of first class MLB spring training facilities of comparable age (such as Roger Dean Stadium in Jupiter, FL, City of Palms Park in Ft. Myers, FL and Hohokam Stadium in Mesa, AZ). Without limiting the generality of the foregoing, at such time as any technological improvements (e.g., video rooms) have been incorporated in at least two of those three comparable MLB spring training facilities, then the City shall install such technological improvements in the Sports Facility. However, this provision shall not require the City to expend monies within the last five years of the Term, unless The Phillies agree to (i) exercise the option to renew provided for in Section 3.3 hereof (in which event, if necessary, the one-year notice period for exercising such option shall be waived), or (ii) if the option to renew has already been exercised, The Phillies and the City agree to extend the Term by at least five years.

9.4 Sports Facility Manager. The Sports Facility Manager shall be responsible for the day-to-day oversight of the maintenance, repair and condition of the Sports Facility, and shall be the representative of the City with whom The Phillies may communicate. The Sports Facility Manager shall have authority to bind the City to the fullest extent permitted by law, provided, however, that the Sports Facility Manager shall not have the legal authority to bind the City to financial obligations without the prior approval of City's governing body.

9.5 Personnel. The City shall provide such level of qualified and properly trained personnel to perform its obligations under Section 9.2.

9.6 Capital Expenditures. The Consulting Engineer shall, by November 1 of each calendar year during the Term, submit to the parties his recommendation as to what capital repairs, refurbishments, restorations, replacements and upgrades are to be done currently and schedule those to be done in the future, which are necessary, in the judgment of the Consulting Engineer, in order for the City to fulfill its obligations under this Section 9. On December 1 of each calendar year during the Term the City shall furnish to The Phillies a capital expenditure schedule prepared by the City, with due regard to such recommendations, setting forth in detail the projected capital repairs and improvements expenditures scheduled for the following calendar year and shall appropriately budget any amounts necessary to do so. The Phillies shall be afforded the right to have input in the preparation of such schedule and it shall be subject to The Phillies' approval, which shall not be unreasonably withheld.

9.7 Action by The Phillies. Without limiting The Phillies' rights under Section 17, if The Phillies in good faith determines that any portion of the Sports Facility (excluding only the playing fields) is not being maintained and/or repaired by the City in accordance with the standards and requirements set forth in Sections 9.2, 9.3 and 9.6, The Phillies shall have the right, but not the obligation, to advance funds for or otherwise provide appropriate maintenance and/or repair, subject to the following provisions:

9.7.1 Notice Practicable. If practicable, The Phillies shall give written notice to the City specifying the nature of the required work, and the date by which The Phillies reasonably considers it necessary to commence such work following its receipt of such a notice:

(i) The City may commence such work prior to the date and time so specified by The Phillies and prosecute the same diligently to completion; if the City does so, The Phillies shall not undertake such work itself.

(ii) If the City disputes whether the requested work required to fulfill the City's obligations under this Agreement, the City shall so inform The Phillies in writing prior to the date and time specified by The Phillies in its notice. If the City gives timely notice, the dispute shall be submitted to Expedited ADR prior to the date and time specified by The Phillies in its notice.

(iii) If (a) the City does not commence such work prior to the date and time specified by The Phillies and prosecute the same diligently to completion, or (b) the City fails to give timely notice of a dispute, or (c) it is not practicable to submit the matter to Expedited ADR prior to the date and time specified by The Phillies in its notice, then in any such event, The Phillies may commence the work necessary to remedy the matter on an emergency basis and prosecute the same diligently to completion.

9.7.2 Emergency. If The Phillies in good faith determines that the work must be performed on an emergency basis (that is, it must be performed in order to prevent an imminent danger to health or safety or it is otherwise not practicable to give notice provided in this Section 9.7), then The Phillies may commence work to remedy the matter on an emergency basis and prosecute the same diligently to completion.

9.7.3 Payment to The Phillies. The City shall promptly reimburse The Phillies on demand for any amounts expended pursuant to this Section 9.7 (including interest at the Default Rate from the date that is 30 days after the date of demand until paid if such amount is not paid by the 45<sup>th</sup>

day following the date of demand). If the City disputes that the work was required to fulfill the City's obligations hereunder, Expedited ADR shall be convened to resolve the dispute.

(i) If and to the extent it is determined by Expedited ADR that work was not required to fulfill the City's obligations hereunder, then The Phillies shall not be entitled to any reimbursement for any sums expended by The Phillies.

(ii) If and to the extent it is determined by Expedited ADR that the work was required to fulfill the City's obligations hereunder, then the City shall immediately reimburse The Phillies for all sums expended by The Phillies on the work, plus interest at the Default Rate.

9.8 Surrender. At the termination of this Agreement, by lapse of time or otherwise, The Phillies shall surrender possession of the Sports Facility to the City and deliver all keys or such other access equipment or devices. In addition, The Phillies shall remove The Phillies' furniture, trade fixtures and other items of movable personal property of every kind and description from the Sports Facility and restore any damage caused thereby, such removal and restoration to be performed prior to the end of the Term or within sixty days following any earlier termination of this Agreement. If The Phillies fail to remove any such items, the City may do so, and The Phillies shall pay to the City upon demand the cost of removal and of restoring the Sports Facility. All obligations of The Phillies under this Section shall survive the expiration of the Term or sooner termination of this Agreement.

10. Alterations and Additions by The Phillies.

10.1 Minor Improvements. The Phillies shall have the right (following reasonable notice thereof to the City for its information only), but not the obligation, to make minor improvements to the Phillies Exclusive Use Areas without City's approval, consisting of any work, installation,

construction or the like which does not require a permit from any federal, state or local governmental agency (e.g., installation of additional shelving in the Office).

10.2 All Other Improvements. Except for the "minor improvements" described in Section 10.1, The Phillies shall not construct any improvements on or otherwise alter, change or improve any part of the Sports Facility, without the prior written consent of the Sports Facility Manager, upon such terms and conditions as he may reasonably deem necessary. Requests by The Phillies to construct any such improvements on or otherwise to alter, change or improve any part of the Sports Facility shall be presented to the Sports Facility Manager in written form and he shall act thereon within a reasonably prompt time. If the Sports Facility Manager gives his consent to The Phillies' undertaking such work (which consent shall not be unreasonably withheld), the consent shall be deemed conditioned upon The Phillies' acquiring any necessary permit to do so from applicable governmental agencies, furnishing a copy thereof to the Sports Facility Manager prior to the commencement of the work and complying with all conditions of said permit in a prompt and expeditious manner.

10.3 Ownership of Such Improvements. All improvements, alterations or other changes made by The Phillies to any part of the Sports Facility pursuant to this Agreement, other than that which is so affixed to the Sports Facility that it cannot be removed without material damage to it, shall remain the personal property or equipment of The Phillies and may be removed by The Phillies upon expiration or termination of this Agreement provided that The Phillies restore and repair any damage caused by the removal.

10.4 No Limitation. Nothing in this Section 10 shall in any way limit or reduce the obligation of the City to maintain the Sports Facility as provided in Section 9 and elsewhere in this Agreement.

11. Taxes.

11.1 Possessory Taxes. It is the intent of the parties that the Sports Facility (land and Improvements) shall be exempt from any and all real property ad valorem taxes and from payments in lieu of such taxes throughout the Term. However, should all or any part or parts of the Sports Facility become subject to any such taxes, then the parties shall each cooperate and use their respective best efforts (i) to cause Pinellas County to return its share of any such taxes and (ii) to secure legislation exempting the Sports Facility from such taxes. In the interim, The Phillies and the City shall each pay one-half of any such taxes, net of any City ad valorem real property taxes, which shall be paid by City. Any such payments by The Phillies are herein referred to as the "Phillies Possessory Tax Share."

11.2 Tax Protection. The City shall throughout the Term hold The Phillies harmless from all other local (as opposed to Federal, State or County) taxes (except for income, sales and like taxes of general application), including without limitation amusement/ticket taxes, any increase in the sales tax rate applicable to tickets, use and occupancy taxes and surcharges on the Stadium or Sports Facility-derived revenues.

12. Insurance.

12.1 Liability Insurance.

12.1.1 Phillies Non-Property Coverage. The Phillies shall maintain at its expense during the Term of this Agreement the following insurance:

(i) Commercial general liability (including athletic participants coverage) against claims for bodily injury, personal injury and property damage based upon, involving or arising out of the use of the Sports Facility and all areas appurtenant to it. Such insurance shall be on an occurrence basis, providing coverage in an amount not less than \$5,000,000 per occurrence, and not less than \$5,000,000 general aggregate (per location), and not less than \$5,000,000 coverage for products and completed operations liability, and not less than \$5,000,000 coverage for personal and advertising injury, with deductibles of up to \$100,000 per person and \$200,000 per occurrence..

(ii) Statutory workers' compensation and employers' liability coverage in an amount no less than \$500,000 bodily injury each accident, \$500,000 bodily injury by disease each employee and \$500,000 bodily injury by disease policy limit.

(iii) Automobile liability for bodily injury and property damage arising from the use of The Phillies' owned, non-owned and hired vehicles, in an amount not less than \$5,000,000 per accident.

(iv) Garagekeepers legal liability coverage in the amount of \$1,000,000.

12.1.2 City's Non-Property Coverage. The City shall maintain at its expense during the Term of this Agreement the following non-property insurance:

(i) Auto Liability and General Liability: Self-Insured Level: \$100,000 per Person/\$200,000 per Occurrence self-insured retention with the statutory limits per Section 768.28

Florida Statutes. Excess Insurance: \$5,000,000 per occurrence excess insurance (no aggregate applicable) with self-insured retention of \$500,000.

(ii) Workers' Compensation: Statutory workers compensation coverage per occurrence with self-insured retention of \$500,000.

12.2 Property Coverage. The City shall maintain at its expense during the Term of this Agreement the following property related insurance:

12.2.1 Property insurance for 100% of full replacement value of the Sports Facility (including all improvements and personal property), with deductibles not exceeding \$50,000 per occurrence against loss by so-called "all risk" perils, including but not limited to fire, extended coverage, storm (including without limitation wind, flood and hurricane coverage), boiler and machinery, vandalism, malicious mischief, flood and earthquake. Such insurance is to contain a replacement cost endorsement, and endorsements eliminating any and all coinsurance provisions.

12.2.2 For any work of construction conducted on the Site by or at the direction of the City, builder's risk insurance with the same limits and coverages as set forth in Subsection 12.2.1, provided that at the City's election, such insurance may be maintained by the contractor(s) performing the construction work at the Sports Facility.

12.2.3 City Property Self-Insurance or Self-Funding. Any provision of this Agreement to the contrary notwithstanding, while the City shall maintain insurance coverage and limits as provided for in this Agreement, parties hereto specifically agree that the City may do so by self-insurance and/or by purchase at the sole option of the City. To the extent required by the terms of this Agreement, insurance coverage and limits shall be evidenced by delivery to The Phillies of letters of self-insurance or self-funding executed by the City's Risk Manager, or by certificates of

insurance executed by either the agent for the insurers or the insurers or by copies of policy declaration pages. Such letters, certificates, and policy declaration pages shall list coverage (including the amount of insurance per claim and per occurrence, any gap in coverage, and the amount of the excess insurance) and policy limits with expiration dates and major policy terms and endorsements.

12.3 General. All insurance policies obtained pursuant to this Section 12 shall: (i) be with companies legally authorized to do business in the State of Florida and which possess a minimum rating of A- or better and a minimum class VIII financial size category (as listed at the time of issuance by A.M. Best Insurance Reports), which are reasonably acceptable to the other parties; and (ii) shall name as an additional insured each other party and such Affiliates of that party as it shall reasonably request. Upon commencement of the Term, each party shall furnish or cause to be furnished to the other party a certificate of insurance evidencing all such insurance policies. Renewal certificates shall be delivered by each party to the others at least ten days prior to the expiration of any policy of insurance. No such policy shall be cancelable or subject to reduction of coverage except after thirty days' prior written notice to all parties hereto.

12.4 Remedies. If any party fails to obtain, keep in force or provide evidence of any of the insurance policies or self-insurance coverage required by this Section 12, the other party may give written notice to the defaulting party, and the defaulting party shall have until the earlier of (i) five days after its receipt of such notice, or (ii) regardless of whether notice shall have been given, one day before the date the required insurance will lapse, to cure the default. If the default is not cured within such period, then the other parties shall have the remedies set forth in Section 17.

12.5 Waiver of Subrogation. Each party hereby releases and relieves the other party, and

waives its entire right of recovery against the other party, for direct or consequential loss or damage arising out of an incident to the perils covered by any insurance carried by the other party or which would have been carried had such other parties fulfilled their obligations hereunder to carry insurance, whether or not due to the negligence of the released party or its agents, employees, contractors or invitees. If necessary, all property insurance policies required by this Agreement shall be endorsed to so provide.

13. Indemnification. The indemnifications provided for in this Section 13 shall relate only to the extent that the liability in question has not produced insurance proceeds to the indemnitee.

13.1 By The Phillies. Subject to Section 12.5, The Phillies agrees to and will at all times defend, indemnify, save and hold the City and their Affiliates, and their respective elected officials, officers, agents, employees, successors and assigns harmless, on a current basis, for, from and against any and all damages, liabilities, claims, demands, expenses and costs of every kind and nature, including reasonable attorney's fees, costs of investigation and discovery, and all court costs, arising out of:

13.1.1 Injury to or death of persons (including personnel or employees of the City or The Phillies), and damage to any and all property, including loss of use thereof, resulting from or in any manner arising out of any willful and wanton or grossly negligent act or omission of The Phillies or any Affiliate of The Phillies or any of their respective agents, officers or employees, in connection with the operation or use of the Sports Facility.

13.1.2 Any breach or default in the performance of any obligation on The Phillies' part to be performed under the terms of this Agreement.

The foregoing indemnification obligations of The Phillies shall not extend to liabilities caused, in whole or in part, by any willful, wanton, or grossly negligent act or omission of the City or any of its agents, officers or employees to the extent such act or omission caused the liability and shall survive the termination of this Agreement for all acts committed or omissions made prior to the effective date of the termination of this Agreement.

13.2 By the City. Subject to Section 12.5, the City, to the extent permitted by applicable law, including, but not limited to Section 768.28, Florida Statutes, agrees to and will at all times defend, indemnify save and hold The Phillies and its Affiliates and their respective employees, agents, officers, directors, shareholders, partners, successors and assigns, harmless, on a current basis, for, from and against any and all damages, liabilities, claims, demands, expenses and costs of every kind and nature, including reasonable attorneys' fees, costs of investigation and discovery, and all court costs, arising out of:

13.2.1 Injury to or death of persons (including personnel or employees of the City or The Phillies), and damage to any and all property, including loss of use thereof, resulting from or in any manner arising out of or in connection with any willful, wanton or grossly negligent act or omission of the City or any Affiliate of City or any of their respective agents, officers or employees, in connection with the operation or use of the Sports Facility to the extent such act or omission caused the injury.

13.2.2 Any breach or default in the performance of any obligation on the City's part to be performed under the terms of this Agreement.

The foregoing indemnification obligations of the City shall not extend to liabilities caused by any willful, wanton, or negligent act or omission of The Phillies or any Affiliate of The Phillies

or any of their respective agents, officers or employees to the extent such act or omission caused the liability and shall survive the termination of this Agreement for all acts committed or omissions made prior to the effective date of the termination of this Agreement.

**13.3 Procedure for Indemnification – Third Party Claims.**

13.3.1 Promptly after receipt by an indemnified party under Sections 12.1 or 12.2 of notice of a claim against it ("Claim"), such indemnified party shall, if a claim is to be made against an indemnifying party thereunder, give notice to the indemnifying party of such Claim, but the failure to notify the indemnifying party will not relieve the indemnifying party of any liability that it may have to any indemnified party, except to the extent that the indemnifying party demonstrates that the defense of such action is prejudiced by the indemnified party's failure to give such notice.

13.3.2 If any Claim is made against an indemnified party and it gives notice to the indemnifying party of such Claim, the indemnifying party will be entitled to participate in the defense of such Claim and, to the extent that it wishes (unless (i) the indemnifying party is also a party to such Claim and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Claim and provide indemnification with respect to such Claim), to assume the defense of such Claim with counsel satisfactory to the indemnified party and its insurers and, after notice from the indemnifying party to the indemnified party of its election to assume the defense of such Claim, the indemnifying party will not, as long as it diligently conducts such defense, be liable to the indemnified party under such Section for any fees of other counsel or any other expenses with respect to the defense of such Claim in each case subsequently incurred by the indemnified party in connection with the defense of such Claim, other

than reasonable costs of investigation. If the indemnifying party assumes the defense of a Claim (i) no compromise or settlement of such claims may be effected by the indemnifying party without the indemnified party's consent unless (a) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Claims that may be made against the indemnified party, and (b) the sole relief provided is monetary damages that are paid in full by the indemnifying party and (b) the indemnifying party will have no liability with respect to any compromise or settlement of such claims effected without its consent. If notice is given to an indemnifying party of a Claim and the indemnifying party does not, within thirty days after the indemnified party's notice is given (or such lesser period of time as may be necessary to avoid a Default on such Claim), give notice to the indemnified party of its election to assume the defense of such Claim, the indemnifying party will be bound by any determination with respect to said Claim or any compromise or settlement effected by the indemnified party.

13.3.3 Notwithstanding the foregoing, if an indemnified party determines in good faith that there is a reasonable probability that a Claim may adversely affect it or its Affiliates other than as a result of monetary damages for which it would be entitled to indemnification under this Agreement, the indemnified party may, by notice to the indemnifying party, assume the exclusive right to defend, compromise, or settle such Claim, but the indemnifying party will not be bound by any determination of a Claim so defended or any compromise or settlement effected without its consent (which may not be unreasonably withheld).

13.4 Procedure for Indemnification -- Other Claims. A claim for indemnification for any matter not involving a third-party claim may be asserted by notice to the party from whom indemnification is sought.

14. Damage or Destruction.

14.1 Decision to Rebuild. In the event that the Sports Facility or any part thereof is damaged or destroyed by fire, flood or other similar or dissimilar cause whatsoever, the City shall promptly commence and thereafter diligently proceed to repair and rebuild the Sports Facility to its condition immediately prior to such damage or destruction, provided, however, if such damage or destruction involves the entire Sports Facility or any substantial part thereof and occurs less than five years prior to the end of the Term, the City may elect to terminate this Agreement unless The Phillies agree to (i) exercise the option to renew provided for in Section 3.3 hereof (in which event, if necessary, the one-year notice period for exercising such option shall be waived), or (ii) if the option to renew has already been exercised, The Phillies and the City agree to extend the Term by at least five years. In the event that such damage or destruction is of such an extent as would substantially and adversely affect The Phillies' activities at the Sports Facility, the City shall use its best efforts to provide to The Phillies the use of alternate first class MLB spring training facilities, in reasonable proximity to the Sports Facility, on a basis that preserves to The Phillies the net benefit of the economic terms of this Agreement and that affords business interruption protection to The Phillies against lost revenues. If the City meets the requirements of the next preceding sentence and has been and remains in substantial compliance with its obligations under the first sentence of this Section 14.1, then The Phillies shall use those alternate facilities during the period of interruption and, for each full Spring Training Season during the initial 20-year portion of the Term hereof that such use continues, that initial term shall be extended by one year.

14.2 Failure To Repair. If the City is obligated to repair or rebuild the Sports Facility under the provisions of this Section 14 and does not commence such repair or rebuilding within

ninety days after the occurrence of the damage or destruction, or if the City commences such repair or rebuilding but do not prosecute the same diligently to completion, then the City shall be deemed to be in Default under this Agreement and The Phillies shall have the rights and remedies set forth in Section 17.

14.3 Phillies Option to Rebuild or Repair. In the event the City fails to commence such repairs or rebuilding within 90 days of the occurrence of the casualty, The Phillies shall have the right, but not the obligation, to undertake such repairs or rebuilding. In the event The Phillies so undertake such repairs or rebuilding, The Phillies shall be entitled to reimbursement of the actual costs thereof by the City as incurred, within 45 days of all invoices therefor, with interest thereafter at the Default Rate.

15. Condemnation.

15.1 Total Taking. In the event the entire Sports Facility is appropriated or taken under the power of eminent domain, or sold under threat thereof (all of which will be referred to as a "condemnation"), by any public or quasi-public authority, The Phillies shall have the option to terminate this Agreement as of the date the condemning authority takes title or possession, whichever first occurs. The Phillies shall have no claim to the award in condemnation for the City's interest in the Site and Sports Facility; provided, however, that The Phillies shall have a claim to the portion of the award in condemnation that represents compensation for the taking of the interest of The Phillies under this Agreement, including without limitation its right to retain net revenues from the operation thereof.

15.2 Partial Taking. In the event that only a portion of the Sports Facility is condemned, this Agreement shall terminate as to the part so taken as of the date the condemning authority takes

title or possession, whichever first occurs; provided, however, that if so much of the Sports Facility is taken by such condemnation as would substantially and adversely affect The Phillies' operations at the Sports Facility, The Phillies shall have the option, to be exercised in writing within one hundred eighty days after the City shall have given The Phillies written notice of the condemnation (or in the absence of such notice, within one hundred eighty days after the condemning authority shall have taken possession), to terminate this Agreement as of the date the condemning authority takes such possession. If The Phillies does not give timely notice to terminate, this Agreement shall remain in full force and effect as to the remainder of the Sports Facility that is suitable for the use then being made of the Sports Facility by The Phillies; if and so long as The Phillies deem it advisable, The Phillies may utilize alternative facilities; and the City shall, to the extent of condemnation proceeds received by it, acquire or add adjacent property and construct additional Improvements with reasonable diligence, in order to restore the Sports Facility as nearly as possible to the condition immediately before the condemnation. Whether this Agreement terminates or continues in full force or effect, The Phillies shall have no claim to the award in condemnation for the City's interest in the Sports Facility; provided, however, that The Phillies shall have a claim to the portion of the award in condemnation that represents compensation for the taking of the interest of The Phillies under this Agreement, including without limitation its right to retain net revenues from the operation thereof.

15.3 Failure To Repair. If the City is obligated to make the Sports Facility suitable for use by The Phillies following a condemnation under the provisions of this Section 15 and does not commence to acquire or add adjacent property or construct additional Improvements necessary to do so within ninety days after the date of the condemnation, or if the City commences such

acquisition or construction but does not prosecute the same diligently to completion, the City shall be deemed in Default under this Agreement and The Phillies shall have the rights and remedies set forth in Section 17.

15.4 Phillies Option to Rebuild or Repair. In the event the City fails to commence such repairs or rebuilding within 90 days of the occurrence of the condemnation, The Phillies shall have the right, but not the obligation, to undertake such repairs or rebuilding. In the event The Phillies so undertake such repairs or rebuilding, The Phillies shall be entitled to reimbursement of the actual costs thereof by the City as incurred, within 45 days of all invoices therefor, with interest thereafter at the Default Rate.

16. Assignment.

16.1 Assignment by The Phillies. The Phillies shall not sell, assign, encumber, pledge, or otherwise transfer all or any portion of its interest in this Agreement without the prior written consent of the City, except as follows:

16.1.1 The Phillies shall have the right to transfer all of its rights and obligations under this Agreement to any Person that shall thereafter own the MLB franchise now held by The Phillies; provided, however, that such transferee shall assume the obligations of The Phillies under this Agreement; and provided, further, that MLB approves the transfer of such MLB franchise to such transferee and the City has been provided with satisfactory evidence of such assumption and approval.

16.1.2 The Phillies shall also have the right to transfer its interest in this Agreement freely to another MLB club; provided, however, that such transferee shall assume the obligations of The Phillies under this Agreement.

16.1.3 No transfer under this Section 16 shall release The Phillies from any pre-existing liabilities under this Agreement, including, but not limited to any indemnification obligations of The Phillies which arise prior to the date of such transfer.

16.2 Assignment by City. The City shall have the right to assign certain rights under this Agreement to a non-profit organization controlled by the City, provided that such assignment will not affect The Phillies rights and remedies against the City under this Agreement and the City shall at all times remain primarily liable for their obligations hereunder. Except as aforesaid, the City may not assign its rights and duties under this Agreement without the consent of The Phillies.

17. Default.

17.1 Default. If any party hereto (the "Defaulting Party") shall fail to perform any of its obligations under this Agreement, then the Party not in default (the "Non-Defaulting Party") shall provide notice of such failure to the Defaulting Party and afford the Defaulting Party a grace period to cure said failure, as follows:

17.1.1 Where a grace period is specifically provided for in any section of this Agreement, that specific grace period shall apply.

17.1.2 Where a grace period is not specifically provided for in any other section of this Agreement, the Defaulting Party shall afford the Non-Defaulting Party a grace period of: (i) five business days to cure monetary failure; and (ii) thirty days to cure any non-monetary default; provided, however, that if any non-monetary failure cannot be cured within such thirty day period, the Defaulting Party shall be afforded such additional time as shall be reasonably required to cure such failure, if the Defaulting Party has commenced the appropriate cure within said initial thirty day period and thereafter proceeds with reasonable diligence to cure said failure.

17.1.3 If any failure to perform shall not have been cured by the expiration of the applicable grace period, then a "Default" shall be deemed to have occurred and the Non-Defaulting Party shall have the rights and remedies set forth below.

17.1.4 Termination of this Agreement.

17.2 Non-Defaulting Party's Rights and Remedies. If a Default shall occur, the Non-Defaulting Party shall have the right (but not the obligation):

17.2.1 To cure such default on behalf of the Defaulting Party, in which event the Defaulting Party shall immediately reimburse Non-Defaulting Party for all sums paid by it to effect such cure, together with interest thereon at the Default Rate; and

17.2.2 To collect all sums paid by it to effect such cure, together with interest thereon at the Default Rate, by set off against all sums next-to-become-due to the Defaulting Party under this Agreement.

17.3 Cumulative Rights. The remedies heretofore described in this Section 17 shall be in addition to any other remedy the Non-Defaulting Party may have at law and in equity in the event of a Default, including without limitation:

17.3.1 An action to recover monies then due and owing from the Defaulting Party, together with interest thereon at the Default Rate from the date on which such monies were due;

17.3.2 An action for specific performance of non-monetary covenants and agreements on the part of the Defaulting Party; and/or

17.3.3 An action for recovery of all actual losses, costs and reasonable attorneys' fees incurred by the Defaulting Party in connection with the default.

17.4 Injunctive Relief. Without limiting any other remedies of the City on account of a Default by The Phillies hereunder, The Phillies further acknowledges that the City will be irreparably harmed if The Phillies violate this Agreement by the transfer, move or other relocation of The Phillies' spring training activities to, and/or the playing of Home Games at, any locations other than the Sports Facility during the Term otherwise than as provided or permitted by this Agreement. Accordingly, The Phillies hereby agree that in the event of such a violation or threatened violation of this Agreement, the City shall be entitled to seek and obtain, and The Phillies hereby consent to the entry of, a temporary restraining order, together with preliminary and permanent injunctive relief, from any court of competent relief to enjoin any such violation or threatened violation. The Phillies waive any requirement that the City post a bond or other security in connection with such injunctive relief. In the event of such attempted or actual transfer, move or other relocation of The Phillies' spring training activities to, or the playing of Home Games at, any location other than the Sports Facility, and City is not able to obtain the injunctive relief provided for in this Section 17.4, the City shall be entitled, at its option, to seek monetary damages.

19.14 Interest on Delinquent Amounts. Any amounts owing from one party to the other party under this Agreement and not paid when due shall bear interest from and after the due date at the Default Rate until paid, provided however, that no such interest shall accrue on any City obligation to pay until the expiration of 45 days after the date such payment is due.

19.15 Waivers. No waiver of any provision hereof shall be deemed a waiver of any other provision hereof or of any subsequent right by any party under the same or any other provision.

19.16 Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive, but shall, wherever possible, be cumulative with all other remedies at law or in equity.

## EXHIBIT A

All claims, demands, disputes, controversies and differences that may arise under this Agreement between the parties, concerning any controversies under the Sections of this Agreement making reference to the use of Expedited ADR shall be resolved by Alternative Dispute Resolution as set forth below:

1. Disputes submitted to Expedited ADR hereunder will be conducted before a "Panel" designated in the manner provided in Section 2 below. The decision of the Panel will be final and binding upon the parties as to all matters in dispute and will be enforceable by a court of competent jurisdiction. The rules of the American Arbitration Association will be used for guidance in establishing procedures for the arbitration, but their use will not be mandatory unless the parties are unable to agree on an alternative body of rules.

2. In the case of disputes involving construction matters at the Sports Facility, the Panel will consist of three persons selected by the parties from a list of twenty-one persons with at least ten years experience in the construction business furnished by the Florida Chapter of the American Arbitration Association. In the case of disputes involving operations at the Sports Facility, the Panel will consist of three persons selected by the parties from a list of eleven persons, each of whom must have at least ten years of experience in the stadium/arena management business furnished by the Florida Chapter of the American Arbitration Association. The Panel of three will be selected from such list by the mutual agreement of the parties. If, within three days following the day on which the list is furnished to the parties, the parties are unable to agree on the composition of the Panel, then representatives of the parties will meet promptly and the following procedures will be used: The Phillies will strike the name of a person on the list. Within fifteen minutes thereafter, the Public Bodies will strike a name from the list. At fifteen minute intervals thereafter, each party will strike a name from the list. If a party fails to strike a name within the allotted time period, it will forego its turn to strike a name. The last three names on the list will constitute the Panel.

3. Within thirty days following the appointment the Panel as provided for above, the Panel shall hold a hearing which hearing shall be held at Tampa, Florida, or at any other place agreed to by the parties involved.

4. The Public Bodies or The Phillies may join any other party to the arbitration which is needed for just adjudication. The standard for joinder of any other party shall be that provided under Rule 19 of the Florida Rules of Civil Procedure.

5. If the Panel determines that either party's position in the dispute was without merit, such party will pay the other party's reasonable attorneys' fees and costs related to the arbitration, including the costs and fees of the Panel, fees to the American Arbitration Association and other costs of such arbitration otherwise payable by such party in the arbitration proceedings. In all other

cases, the parties will share equally the costs of such arbitration and will pay their own attorneys' fees.

6. At least ten days prior to the hearing, the parties shall meet and exchange exhibits and pre-hearing statements and stipulate and agree on non-disputed facts. No exhibit shall be admitted unless listed on the pre-hearing statement and exchanged between the parties. No witness may be presented unless indicated on the pre-hearing statement or unless produced for rebuttal purposes. Prior to or at the hearing, each party shall submit a memorandum not to exceed five pages outlining the relevant issues for the Panel. At the hearing, the laws of evidence of the State of Florida shall apply, and the Panel shall allow each party to present that party's case, evidence and witnesses and render its award, including a provision for payment of attorneys' fees and costs of arbitration to be paid by one or both of the parties to this Agreement, as the Panel deems just.

**FY 2000/01 BUDGET HIGHLIGHTS**

Provide community-wide revenue-producing special events at Dunedin Stadium at Grant Field for people of all ages, enhance stadium revenue through vending at other City-Wide special events, provide support for specific recreation special events and monitor/coordinate rentals, leases and contracts at the stadium.

**PROGRESS MADE TOWARD FY 99/00 GOALS AND OBJECTIVES**

The primary source of income for FY 99/00 came from ticket sales, parking concessions during the Toronto Blue Jays Spring Training, special events, rentals and leases run in the stadium during the non-baseball season and vending during special events not held in the stadium.

Parking - Parking concessions in FY99/00 decreased over previous years due to a decrease in the number of games played by the Toronto Blue Jays during Spring Training.

Kept two rows of parking open for Library patrons during each game.

Stadium Special Events - coordinated six (6) events "Oktoberfest", "Oldies Concert", etc. held in the Stadium.

There were also two (2) rentals of the Stadium and playing field.

Hosted the Millennium Torch Run & Centennial Birthday Party for School age children.

Non-Stadium Events/Vending - The Stadium staff served as a food vendor at nine (9) off-site special events: Art Harvest, Highland Games, Mardi Gras, Fall & Spring Antiques Fair, "Celebrate Fitness", Men's Senior Baseball, etc.

The Fourth of July Celebration is coordinated in conjunction with Community Services as an annual event for the citizens of Dunedin.

**FY 2000/01 GOALS AND OBJECTIVES**

Increase fees for season parking. Look for ways to eliminate staff parking at the main parking lot to increase parking revenues.

Continue to provide parking for Library patrons during each game.

Cut costs and increase revenues in the Special Events

FY 2001/02 BUDGET HIGHLIGHTS

FY 2001/02 reduced budget reflects construction at the stadium which will limit revenue opportunities during the fiscal year. Expenditures to maintain spring training parking operations are included, but could be reduced if the new Blue Jay contract takes effect during the fiscal year.

PROGRESS MADE TOWARD FY 00/01 GOALS AND OBJECTIVES

The new Blue Jay agreement, pending construction, and the elimination of the stadium operation and associated staff curtailed much activity in the second half of FY 2000/01. Oktoberfest was held, and the annual Marketfest as well. Spring training parking was conducted using regular Leisure Department staff.

FY 2001/02 GOALS AND OBJECTIVES

Develop new system for conducting parking operation, either through a contractual arrangement or with supervised community group.

Partner with Blue Jays concessionaire to offer Oktoberfest with lessened impact on Leisure Services staff.

## DUNEDIN STADIUM FUND SUMMARY

The Dunedin Stadium Fund was established in FY 89/90 as a mechanism to accurately monitor the revenues, expenses and debt service payments associated with Dunedin Stadium expansion and operations.

The primary source of income for FY 2001/02 will come from ticket sales, parking concessions during the Toronto Blue Jays Spring Training, special events, rentals and leases run in the stadium during the non-baseball season and vending during special events not held in the stadium.

The stadium serves as a food vendor at four (4) off-site special events: Art Harvest, Highland Games, Mardi Gras, and Spring Antiques Fair. The Fourth of July Celebration is coordinated in conjunction with the CRA as an annual event for the citizens of Dunedin.

#### BUDGET HIGHLIGHTS

The FY 2002/03 budget reflects operation under the new contract with the Blue Jays, under which the ball club is responsible for most of the maintenance and operation of the facility. Operating expenses budgeted relate to the off-site parking concession and minimal monthly maintenance required of the City under the new agreement.

#### PROGRESS MADE TOWARD FY 01/02 GOALS AND OBJECTIVES

1. The entire parking concession was operated by a volunteer group, which was compensated on a per-game basis and supervised by a Recreation staff member whose facility (Senior Center) is typically closed during spring training games.
2. Oktoberfest was cancelled due to construction at the stadium. Arrangements are in place to offer the event in 2002 in a partnership with the Blue Jays and at a greatly-reduced City staff level.

#### FY 2002/03 GOALS AND OBJECTIVES

1. Implement and assess the Oktoberfest arrangement with Blue Jays and City volunteer organizations.
2. Maximize revenues from remaining available (off-site) parking under new contract.
3. Implement marketing program to secure a naming rights sponsor for the stadium.

BUDGET HIGHLIGHTS

The FY 2003/04 budget reflects the second year of operations under the new contract. The ball club is responsible for most of the maintenance and operations of the facility. Operating expenses budgeted relate to the off-site parking concession and minimal monthly maintenance required under the new agreement. The large percentage increase is due to a 300 plus percent increase in property insurance.

PROGRESS MADE TOWARD FY 02/03 GOALS AND OBJECTIVES

1. Oktoberfest was put on through an agreement with a private concessionaire/event promoter. Attendance was lower than past years, possibly due to missing a year during construction. The promoter lost money, but the City suffered no financial loss.
2. Off site parking was staffed by a paid volunteer group and City staff supervision. Revenues were in accordance with game attendance, which was not high.
3. The Stadium Naming Rights Task Force was appointed by the City Commission and the Task Force implemented a marketing program, which continues, to find a naming rights buyer for the stadium.

FY 2003/04 GOALS AND OBJECTIVES

1. Secure a naming rights buyer for the stadium.
2. Explore additional public uses for the stadium such as the 2003 fireworks and music show.

## Budget Highlights and Analysis

The budget is consistent with previous years and follows the terms and conditions of the Blue Jays Agreement. Overtime was increased slightly to meet the demands of the City's support of the Blue Jays.

- Total estimated expenditures are decreasing by 10.27 percent or \$149,252 from Adopted FY 2010. This increase is largely due to a reduction in interest cost for debt service.
- Total revenue is anticipated to reduce by \$110,000 during FY 2011. This is due to the reduction of naming rights revenue of \$50,000 and a reduction in transfers

# Department of Parks & Recreation - Stadium

## FY 2011 Goals and Objectives

- Pursue securing of a Naming Rights sponsor.
- Implement FY 2011 Capital Improvement Projects as outlined in the Six-Year Capital Improvement Projects Plan for both Dunedin Stadium and Englebert Recreation Complex.

## FY 2010 Goals and Objectives Update

- Secure a new Naming Rights sponsor.
  - ✓ Currently pursuing a naming rights sponsor through work of the Stadium Advisor Committee, local media, letters, brochures, phone calls and personal visits.
- Research concert and event opportunities for Dunedin Stadium:
  - ✓ Local concert promoters have been contacted to discuss the feasibility and interest of providing activities other than baseball. At this point, there has been little interest.

## DUNEDIN STADIUM FUND SUMMARY

The Dunedin Stadium Fund was established in FY 1990 as a mechanism to accurately monitor the revenues, expenses and debt service payments associated with Dunedin Stadium expansion and operations.

The primary sources of income for FY 2010 will come from ticket sales and parking concessions during the Toronto Blue Jays Spring Training.

This will be the sixth-year under the new fifteen-year agreement.

## STADIUM FUND

### **Departmental Mission Statement**

To serve the residents of Dunedin with professional sports and entertainment and to act as an economic engine for the Downtown Merchants and local businesses.

### **Current Services Summary**

Parks Division Staff provides in-kind maintenance prior to Spring Training each year as required by the License Agreement with the Toronto Blue Jays. Work includes pressure washing, painting and repair and replacement of field lights. Parks staff also provides custodial services during Spring Training games and clean-up services after Spring Training games.

### **Budget Analysis**

The budget is consistent with previous years. We again budgeted for staff to take overtime for Spring Training stadium cleaning instead of comp time due to Parks workload. Professional Services was increased due to hiring consultants to assist with retaining the Blue Jays in Dunedin. This budget also follows the terms and conditions associated with the Blue Jays License Agreement.

### **Budget Highlights, Service Changes and Proposed Efficiencies**

The Dunedin Stadium Fund was established in FY 1990 as a mechanism to accurately monitor the revenues, expenses and debt service payments associated with Dunedin Stadium expansion and operations.

The primary sources of income to the City for FY 2014 are a percentage of ticket sales, food and beverage concession sales, parking fees, name rights sponsorship fees and an annual License Agreement payment during the Toronto Blue Jays Spring Training Season.

- Blue Jays pay the City a fixed amount of \$125,000 each year.
- City receives 5% of ticket sales for the first 3,800 fans in attendance for each game.
- City receives 15% of ticket sales in excess of 3,800 fans at each game.
- City receives 50 cents per attendee in excess of 3,800 fans per game for concession sharing. (City receives no concession sharing for the first 3,800 fans per game).
- City receives all of the parking lot revenue during Spring Training in the City lots, Library, Hale Senior Activity Center and Curtis Fundamental Elementary School. The Blue Jays receive all parking lot revenue from the Stadium lot.
- City receives \$26,000 in naming rights from Florida Auto Exchange each year.

FY 2014 is the twelfth year of the fifteen-year agreement.

Contributions from the State and Pinellas County are used to pay debt service related to the construction of the Stadium. The agreement with the Blue Jays, and State and County support expire in 2017, while debt service continues through the year 2021.

## **SECTION 2 - TERM**

The Initial Term of this Agreement shall be fifteen (15) years commencing on the later of January 1, 2002 or completion of the Project contemplated by Section 26 and 27 hereof and expiring on the later of fifteen (15) years following commencement and the end of such additional year or years as may be required in order to have played 195 Spring Training games, as set forth hereunder. In addition to the Initial Term, the Club shall have the option to extend this Agreement for two (2) additional five (5) year option periods under the terms hereof applicable as of the end of the Initial Term, pursuant to Section 4 of this Agreement.

- (a) Major League Team. The Club shall engage in Spring Training of the Major League Team at the Dunedin Facilities, for each Spring Training Season during the Initial Term. The Club agrees to play no less than ninety (90%) percent of home Spring Training games at the Dunedin Facilities during the Initial Term and will make all reasonable efforts to play at least ten (10) Spring Training games with other Major League clubs at the Dunedin Facilities for each Spring Training Season. The commitment to play one hundred and ninety-five (195) games during the Initial Term is subject to and conditioned upon Spring Training scheduling changes by the MLB Authorities generally applicable to all Major League Clubs in a manner that reduces the number of games that can be played at the Dunedin Facilities during Spring Training in accordance with the MLB Documents. In the event that the MLB Authorities reduce the number of games to be played at the Dunedin Facilities, the parties will consult with each other on this situation and will negotiate in good faith to reach a resolution that will return to each party the benefits contemplated and agreed to in this Agreement as nearly

as possible without otherwise adversely affecting the rights and obligations of the parties hereunder. Games that are rained out will be counted as games played relative to the 195-game commitment above, if the teams are ready to play and the appropriate officials have formally cancelled the games because of rain out.

The Club shall be entitled to schedule Spring Training games in excess of ten (10) per Spring Training Season at the Dunedin Facilities. Home Spring Training Games to be played hereunder will be played at the Grant Field Facilities.

Notwithstanding any contrary provision of this Agreement, during the Term the Major League Club shall be allowed to play Spring Training games in which it is designated as the "home" team at sites other than the Dunedin Facilities as requested by the MLB Authorities.

(b) Minor League Team. The Club shall engage in Florida State League games of the Minor League Team at the Grant Field Facilities during such seasons as the Club engages in Spring Training of its Major League Team at the Dunedin Facilities. The Dunedin Facilities will be available for use by the Minor League Team during the Florida State League Season.

### **SECTION 3 - AREAS OF YEAR-ROUND USE**

The Club shall have the exclusive rent-free use of the home clubhouse and offices, and the batting tunnels (including maintenance areas) located on the Dunedin Facilities as is otherwise identified by the parties by separate document agreed upon between them and initialed by them during the approval of the design for the renovation of Grant Field and the reconstruction of Vanech Complex. The City shall not use or permit use of such areas without the prior written consent of the Club. The City may request use of such

areas or parts thereof for official public functions provided consent of the Club is first obtained, which consent will not be unreasonably withheld.

During the Initial Term of this Agreement and any renewal hereof, except as provided above for the Club's exclusive use, the parties shall have shared control and use of the Dunedin Facilities, subject to and in accordance with the remaining terms of this Agreement. The scheduling of the use of the Dunedin Facilities will be determined mutually by the Club and the City, but shall not conflict with the Club's scheduled use of the Grant Field Facilities for baseball games for both the Major League Team and the Minor League Team. Notwithstanding any contrary provision of this Agreement, the Club shall have ultimate scheduling priority at the Dunedin Facilities with respect to all Spring Training games to be played by the Major League Club.

The parties will use reasonable efforts to agree on the shared control and use of the Dunedin Facilities for the entire Term of this Agreement in a manner that will result in the lowest ad valorem tax impact that can be achieved (should such tax be levied against all or part of the Dunedin Facilities), and except as is specifically otherwise provided herein, the Club shall not have exclusive use of any of the Dunedin Facilities and they shall be allocated between a public and a private use in a manner that assures that the taxability of the Dunedin Facilities for ad valorem tax purposes and other applicable taxes, if any, will be at the lowest possible level that, in any case, does not exceed \$50,000 in property taxes of any kind arising from the use of said Dunedin Facilities by the Club.

#### **SECTION 4 - OPTION TO RENEW**

In addition to the Initial Term, the Club will have the option to extend this Agreement for two (2) additional five (5) year option periods under the terms hereof applicable as of the end of the Initial Term, save for the fixed payment of \$125,000 per year. The Club will give written notice to the City not later than May 1 in the last year of

the Initial Term if it desires to exercise its first five year option. The Club will give written notice to the City not later than May 1 in the last year of the first five year option period if it desires to exercise its second five year option. Such notices shall be sent to the City Manager by certified mail, return receipt requested, or by facsimile transmission or personal delivery.

#### **SECTION 5 - OPERATIONAL PERSONNEL**

The Club will provide all personnel for the conduct of its operations at the Dunedin Facilities for all Spring Training Games, Minor League Games, and, save for City use, all other use and operation of the said Facilities for its use and occupancy of the Facilities, including Winter Instructional Games, practices and Florida State League games and practices and for the use of third parties as is set forth in this Agreement. Except when being used by the City, the City will provide no operational or security personnel at the Dunedin Facilities, except that it will provide law enforcement personnel for traffic control purposes at all times as it deems appropriate for public safety.

The Club will be responsible to provide personnel for all repair, maintenance, staffing, cleaning, ticket sales, internal security, umpires, grounds keeping, and all other operational personnel for the Dunedin Facilities. As an exception to the above, the City will provide limited plumbing and electrical services within its staff competency to a total of not more than ten (10) man hours per month at no cost to the Club, upon specific request by the Club for such services and the Club will pay for materials required arising from such services. The City will not otherwise provide any services whatsoever to the Dunedin Facilities, except as is specifically provided herein, and shall not be obligated to expend any funds for repair or maintenance of the Dunedin Facilities during the Term, save as included in Sections 15 and 24.

The City shall have the right, from time to time and at such times as it deems necessary, to inspect the Facilities for the purpose of insuring compliance with building codes, laws and ordinances of the City of Dunedin, the State of Florida, Pinellas County and other governmental agencies.

#### **SECTION 6 - MAINTENANCE**

(a) General. Save for repairs to be undertaken by the City pursuant to Sections 15 and 24 hereof, the Club shall be responsible for all Maintenance and Repairs of the Dunedin Facilities, including, but not limited to, clubhouses, playing field surfaces, batting tunnels, batting eye, offices, public washrooms, parking lots, grandstand, fencing, seating at Vanech Complex and Grant Field Facilities, ornamental landscaping around all parking lots, painting, irrigation system, parking lot resurfacing and striping, roof repair, repair from windstorm or rain damage, drainage and utility lines, repair and maintenance of all light standards and lighting facilities and any and all repairs and maintenance. Upon the end to the Term and returning to exclusive possession of the City, the Dunedin Facilities shall be returned to the City in the same condition as they were at the commencement of the Initial Term, reasonable wear and tear and City required repairs excepted.

(b) Playing Fields Maintenance. All playing fields at the Dunedin Facilities shall be maintained by the Club to a standard similar to Major League playing facilities and such maintenance shall include field preparation for use by other organizations.

The maintenance of the fields to the standard specified in this Agreement shall be deemed to be a material part of the consideration to the City under the terms of this Agreement and any breach of that obligation and responsibility shall be deemed to be a material breach of this Agreement.

(c) Standard of Maintenance. The maintenance of the Dunedin Facilities, pursuant to this Agreement, shall be to a standard that they are in good operating

condition and shall be cared for in a manner best calculated to preserve and extend their useful life.

(d) Maintenance Personnel. The Club shall employ an appropriate number of full and part-time employees for the purpose of the Maintenance responsibilities set forth herein. Such persons shall be the employees of the Club and shall not be deemed to be the agents or employees of the City in any manner whatsoever. The Club shall be solely responsible for the hiring and supervision of such employees in sufficient numbers and qualifications to meet it's obligations hereunder.

(e) Use of Dunedin Facilities by Other Organizations. The use of the Dunedin Facilities by other organizations (excepting the City) for baseball purposes and purposes related thereto and such other purposes as may be approved by the City shall be scheduled and administered by the Club. The Dunedin Facilities will be made reasonably available for the use by other organizations for baseball purposes and will be made reasonably available to the City for the use for any City purpose, specifically including multi-day events such as Oktoberfest and similar recreational and public events. The use of the Dunedin Facilities by organizations other than the City shall be under the administrative control of the Club and the Club may require such payments, indemnifications, contracts and other reasonable guarantees, insurances, protections and written commitments as it shall deem to be appropriate under the circumstances. The Club may charge for its reasonable cost of maintenance and overhead to such third party organizations as it deems appropriate.

#### **SECTION 7 - TICKET REVENUE**

The Net Ticket Revenue will be collected by the Club and will be distributed, as follows:

- (a) Net Ticket Revenue in respect of the first 3,800 tickets either sold or distributed free of charge for each Spring Training game shall be distributed 95% to the Club and 5% to the City; and
- (b) Net Ticket Revenue in respect of tickets either sold or distributed free of charge for each Spring Training game in excess of the first 3,800 shall be distributed 85% to the Club and 15% to the City;
- (c) The Net Ticket Revenue to the City will be distributed to the City no later than May 1 of each year. Net Ticket Revenue distributed to the City after May 1 of each year shall bear interest at 12% per annum simple interest.
- (d) The Club shall be entitled to collect and retain all gross receipts for admission to all Winter Instructional Games and practices and all games played by the Minor League team at the Dunedin Facilities.

In addition to the Net Ticket Revenue distributed as set forth above, the Club will pay to the City for the first year of the Term the sum of \$1.00 for each ticket sold for each Spring Training game. Payment will be net of taxes. This payment will be referred to as the "Ticket Surcharge". In the second year of the Term and in all subsequent years of the Term, the Ticket Surcharge will be recalculated with reference to the Consumer Price Index, as hereinafter set forth and shall be rounded up to the nearest \$.05. Such Consumer Price Index shall be redetermined on each September and thereafter for each succeeding calendar year of the Term as follows:

Such Surcharge shall be determined by dividing the then existing Surcharge as of September in the current year by the index number for the month of September of the preceding year as it appears in the column "ALL ITEMS" in the Consumer Price Index, as is published by the Bureau of Labor Statistics, United States Department of Labor, Consumer Price Index for all Urban Consumers (CPI-U) South urban and then multiplying that

amount by the amount of the then existing surcharge. The resulting surcharge will then be rounded up to the nearest \$.05 and shall apply for the next Spring Training season. In the event that the Consumer Price Index ceases to be published by the U.S. Department of Labor, the closest comparable index will be used for the above purpose.

#### **SECTION 8 - CONCESSION SHARING**

The City will receive a share of Concession Revenues for home Spring Training games as is provided herein.

The City will receive no Concession Sharing for games with fewer than 3,800 attendees, the calculation of which will include tickets sold and tickets distributed free of charge.

For Spring Training games, the City will receive in the first year of the Term, the amount of \$.50 per attendee in excess of 3,800 per home Spring Training game. This amount will be subject to the CPI adjustment for the second year and consecutive years of the Term, in accordance with the Consumer Price Index adjustment rounded up to the nearest \$.05 using the same adjustment formula as is set forth in Section 7.

One half of the amount received by the City for Concession Revenue will be paid into the Capital Replacement Fund as is set forth in Section 24 of this Agreement until such Fund is fully funded and thereafter will be retained by the City until the Fund requires replenishment.

All payments for Concession Sharing will be made to the City no later than May 1 of each year. Any payments received after that date will be paid with interest at 12% per annum simple interest.

### **SECTION 9 - PARKING**

The Club will be entitled to all revenue from parking for baseball purposes and related purposes at the Dunedin Facilities save for City events. The Club will not be entitled to any revenue from parking at offsite locations.

### **SECTION 10 - MEDIA ADVERTISING AND OTHER REVENUE**

The Club shall have all radio, television and other broadcast rights and all advertising rights and shall be entitled to all revenue generated from its activities at the Facilities which are not specifically reserved to the City hereunder, including all radio, internet, and television revenue, novelty and seat cushion sale or rental and all advertising revenue (including, without limitation, revenue from fence signs, scoreboards, signboards, billboards, pamphlets, cards and programs). Save for City events, the Club shall be entitled to all other revenue arising from or incidental to the operation of all baseball games and purposes related thereto or other events previously approved by the City at the Dunedin Facilities and not otherwise expressly dealt with under the terms of this Agreement.

### **SECTION 11 - PROGRAMS**

The Club shall have the right to sell and distribute programs at all Spring Training games and at other such times as the Club deems appropriate and shall be entitled to all revenues derived therefrom. The Club will provide to the City one page of complementary space in each program for "welcome letters" from the City and the Chamber of Commerce.

### **SECTION 12 - SCOREBOARD AND SIGNBOARD**

(a) The Club shall be entitled to operate and to control the operation of the scoreboard and sign on the Grant Field Facilities, and the City will not permit the operation or other use of the scoreboard or sign by a third party without the prior written consent of the Club. The City will indemnify the Club for any loss, damage or liability incurred by the

Club as a result of the use of the scoreboard or sign by the City or third parties with or without the consent of the Club.

(b) It is acknowledged that the exterior sign at the Grant Field Facilities is the property of the Club, and upon any termination of this Agreement, the Club shall be entitled to remove its sign from the Grant Field Facilities provided such sign is replaced by the sign that was situated on the Grant Field Facilities prior to installation of the present sign by the Club.

### **SECTION 13 - NAMING RIGHTS**

The parties will cooperate with each other to sell naming rights to the Grant Field Facilities. The Club will be responsible for the marketing of this right and shall proceed with diligence to make reasonable efforts to market the naming of the Grant Field Facilities. The selection of a name will require the mutual consent of both parties and shall be made in accordance with the MLB Documents and the City is granted substantial discretion in this decision for the reason that the Grant Field Facilities are public facilities and the selection of the name will reflect on the Dunedin community. Any revenue from the sale of the naming rights will be shared as follows: 1/3 of the said net revenues shall be paid to the Club; 1/3 of the said net revenues shall be paid to the City; and 1/3 of the said net revenues shall be paid into the Capital Replacement Fund, as is hereinafter set forth in Section 24. If the Capital Replacement Fund is fully funded, while so fully funded fifty (50%) percent of the net revenues thereafter shall be paid to each of the Club and the City. Said net revenues shall be net only of the Club's out-of-pocket naming rights marketing costs (as mutually agreed upon by the City and the Club) and any applicable taxes or other payments to governmental agencies. No commission or other payment shall be made to the Club or any other third party for the sale of the naming rights. Payment

for the naming rights from the entity purchasing the same shall be made directly to the City, which shall distribute said revenues in accordance with the above formula.

#### **SECTION 14 - CONCESSIONS, SALES AND EQUIPMENT**

The Club shall be entitled to exclusively operate the Concession Facilities during Spring Training games and Florida State League games. The Concession equipment presently in the Grant Field Facilities is the property of the City. The Club may use such equipment while it is operating the Concession Facilities and shall be responsible for the reasonable maintenance and repair of said equipment and to deliver the equipment to the City in reasonable condition at the end of this Agreement. Save for Capital Replacements, the Club will be responsible for replacing any concession equipment when it no longer may be reasonably repaired.

The Club shall not make any material alterations or improvements to the Concession Facilities or to any of the Grant Field Facilities or Vanech Complex Facilities without obtaining the prior written consent of the City Manager, which consent will not be unreasonably withheld. Requests to make any alterations or improvements shall be in writing.

The right of the Club to use and operate the Concession Facilities is an exclusive right save during City events. The Concession Facilities may be used by the City and by other organizations so authorized by the City at times when use is not required by the Club or for the Club events under the terms of this Agreement. The Club shall not exclude other organizations from use and operation of the Concession Facilities when use is not required by the Club or for the Club's events hereunder; provided that when another organization is permitted use and operate of the Concession Facilities by the City, the City will be responsible for cleaning the concession equipment and the Concession Facilities, and the City will indemnify the Club for any damages to or additional maintenance of the

Club's concession equipment (if the Club purchases and owns concession equipment) or any other loss, cost or liability incurred by the Club as a result of such use. Any use of the Club's concession equipment by such other organizations shall require the consent of the Club.

During the Term of this Agreement, the City will cooperate with the Club to obtain such consents, permissions or licenses as may be required to allow the Club, exclusively, to sell or authorize the sale of alcoholic beverages during Spring Training games and Florida State League games. The Club or its concessionaire shall be entitled to obtain a liquor license from the appropriate authorities for the operation of the Concession Facilities, either directly or through its concessionaire during the Term of this Agreement. In the event that the City sells alcoholic beverages from the Concession Facilities during City events, the City will be responsible for obtaining the necessary license for the same.

#### **SECTION 15 - DAMAGES TO DUNEDIN FACILITIES**

In the event that there is a partial or complete destruction of or damage to the Dunedin Facilities, or any material part of them, rendering the Dunedin Facilities or such material part of them unusable and the cost of repair exceeds City provided insurance proceeds by \$500,000, then the City shall not be under any obligation to repair or to do any other act to restore the Dunedin Facilities so that they may be used by the Club as contemplated by this Agreement. If the cost of repair or restoration does not exceed City provided insurance proceeds by \$500,000, the City shall be obliged to repair and restore the Dunedin Facilities. If the cost of repair or restoration exceeds City provided insurance proceeds by \$500,000, the City may, in its full discretion, restore or repair such destruction or damages or not, as it deems best, provided that the City shall notify the Club in writing within thirty (30) days of such destruction or damage, in accordance with the foregoing requirement, of its decision either to restore or repair or not restore or repair

such destruction or damage. If the City so notifies the Club that it has decided to restore or repair such destruction or damage, the City shall promptly complete such repair or restoration to the standards of the existing facilities prior to such destruction, but in no event later than seven (7) months from the date of such notice. If the City does not so notify the Club that it has decided to restore or repair such destruction, or if the City so notifies the Club that it will restore or repair the destruction or damage but does not complete such restoration or repair within seven (7) months of the date of the notice, the Club shall be entitled to immediately terminate this Agreement on written notice thereof to the City and shall be obligated to pay only pro-rated amounts due to the City hereunder based on its use during the then current year, and shall have no further obligations to the City. Where the destruction or damage was beyond the control of the City, and the City is not obliged to repair or restore under this Section 15, the City will incur no liability to the Club arising from the City's decision not to repair the Dunedin Facilities for the Club's use under the terms of this Agreement other than as provided in Section 16 below.

#### **SECTION 16 - PERSONAL PROPERTY**

All areas of the buildings on the Dunedin Facilities designed to contain equipment or personal property, including without limitation the Concession Facilities, shall be designed in a manner to be secured for the protection of such equipment or other items of personal property. Any equipment or personal property brought into buildings on the Dunedin Facilities by the Club or any other user organization shall remain the property of the Club or user organization and shall be used only with the permission of the Club or user organization. The City will provide the necessary reclaimed water to the Dunedin Facilities at no cost to the Club for the reclaimed water used. Utility costs attributable to the use of the Dunedin Facilities by the City will be paid by the City. Utility costs attributable to the use of the Dunedin Facilities by other user organizations may be charged to those user organizations by the Club.

#### **SECTION 18 - CLUB ANNUAL CONTRIBUTION**

(a) Annual Contribution for Grant Field Facilities. The Club will contribute to the City to assist the City in the financing costs for the renovation and expansion of the Grant Field Facilities the sum of \$100,000.00 a year for fifteen (15) years (the "Grant Field Annual Payment") during the Initial Term (but not during any renewal term) of this Agreement. Such payment shall be made on or before July 1 of each year commencing on the first July 1 following commencement of the Initial Term and ending on July 1 of the last year of the Initial Term. The Grant Field Annual Payment is based, in part, on the exclusive use of portions of the Grant Field Facility by the Club. In the event the Grant Field Annual Payment is not received by the City on July 1 of each year, said Grant Field Annual Payment shall bear interest at the rate of twelve (12%) percent simple interest until paid. All other revenue received by the City pursuant to Section 7 (Ticket Revenue), Section 8 (Concession Sharing), and Section 13 (Naming Rights) are understood by the parties to be a revenue sharing arrangement as opposed to a license payment consideration for the Club's use of the Grant Field Facilities, and are additionally for consideration of the City's efforts on behalf of the Club to market the Club's Spring

Training Games which the City agrees is in the public interest and is beneficial to the health, safety and welfare of the Dunedin Community and serves a public purpose. The City's assistance in marketing the Club's programs is as otherwise set forth in Section 25 of this Agreement.

The Grant Field Annual Payments may be paid in advance by the Club at any time during the first year of the Initial Term by making a one time payment to the City in the amount of \$1,360,000, less any Grant Field Annual Payment otherwise made during the initial Term, such payment of \$1,360,000 hereinafter referred to as the Grant Field Advance Payment. In the event that such Grant Field Advance Payment is made to the City, no further Grant Field Annual Payments shall be made during the Term of this Agreement and the City shall no longer be entitled to any revenues under Section 7, subparagraph (b) (Ticket Revenue in respect of tickets sold or distributed in excess of the first 3,800 tickets sold or distributed) and the Ticket Surcharge set forth in Section 7.

(b) Annual Contribution for Vanech Complex Facilities. The Club will contribute to the City to assist the City in financing costs for the renovation and expansion of the Vanech Complex Facilities the sum of \$25,000 a year for fifteen (15) years (the "Vanech Complex Annual Payment") during the Initial Term (but not during any renewal term) of this Agreement. The Vanech Complex Annual Payment is based, in part, on the shared use of the Vanech Complex Facility by the Club and other users. Such payment shall be made on or before July 1 of each year commencing on the first July 1 following commencement of the Initial Term and ending on July 1 of the last year of the Initial Term. In the event the Vanech Complex Annual Payment is not received by the City on July 1 of each year, said Vanech Complex Annual Payment shall bear interest at the rate of twelve percent (12%) simple interest until paid.

The Vanech Complex Annual Payment may be paid in advance by the Club at any time during the first year of the Initial Term by making a one time payment to the City in the amount of \$340,000, less any Vanech Complex Annual Payment otherwise made during the Initial Term, such payment of \$340,000 hereinafter referred to as the Vanech Complex Annual Payment. In the event such Vanech Complex Advance Payment is made to the City, no further Vanech Complex Annual Payments shall be made during the Term of this Agreement.

#### **SECTION 19 - PRELIMINARY DRAWINGS PAYMENT**

The Club will advance to the City the sum of \$25,000 to be used for the payment of initial design documents for the renovations and improvements of the Dunedin Facilities as is contemplated by this Agreement. The request for such advance will be made by the City at a reasonable time prior to the time when a payment is due to the design professional employed by the City for such purpose. The Club will make such payment within thirty (30) days from receipt of a written request for the same, including an invoice due and payable to such professional. Such payment will be reimbursed to the Club from the proceeds of the first draw of the bond issue(s) that is used for the financing of the Project improvements to the Dunedin Facilities as aforesaid.

#### **SECTION 20 - TAX LIABILITY**

The Club shall be responsible for all sales taxes, intangible taxes, license taxes, and all other taxes or fees directly arising from or attributable to the Club's use of the Dunedin Facilities, whether payable to the City or to other governmental agencies. The parties will each be responsible for payment of one-half (1/2) of the ad valorem taxes on the Dunedin Facilities (net of City taxes) as is otherwise set forth in Section 3 of this Agreement to a maximum of \$25,000 per year per party. In the event that the annual ad valorem taxes payable on the Dunedin Facilities are in excess of \$50,000 despite the best efforts of the

parties to reduce them to that amount, the parties will meet together in good faith to reasonably resolve operational matters to attempt to reduce the payment of the additional ad valorem taxes.

#### **SECTION 21 - INDEMNITIES**

(a) Club Indemnity. The Club will from time to time and at all times hereafter save, defend and keep harmless and fully indemnify the City and its respective officers, employees and agents, of, from and against all damages, losses, costs, charges, liabilities, obligations and expenses, including without limitation reasonable legal fees and disbursements, (collectively, the "Costs") which may be sustained, incurred or paid by any of them by reason or on account or arising out of any act or omission by the Club or its respective officers, employees, agents or those from whom the Club is in law responsible in connection with the use by the Club of the Dunedin Facilities; provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the City or its respective officers, employees, agents or those for whom the City is at law responsible (whether by reason of contributory negligence or otherwise).

(b) City Indemnity. Subject as provided by law, (including Florida case law, statutes and the Florida constitution, to the extent they are applicable and specifically 768.28 F.S.) the City will from time to time and at all times hereafter save, defend and keep harmless and fully indemnify the Club and its partners and each of their directors, officers, employees and agents of, from and against all damages, losses, costs, charges, liabilities, obligations and expenses including without limitation reasonable legal fees and disbursements (collectively, the "Costs") which may be sustained, incurred or paid by any of them by reason or on account or arising out of any act or omission by the City or its respective officers, employees, agents or those for whom the City is at law responsible in connection with the design or construction of the Dunedin Facilities, or use of the Dunedin

Facilities by the City; provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the Club or its respective directors, officers, employees, agents or those for whom the Club is at law responsible (whether by reason of contributory negligence or otherwise) or by other third parties.

#### **SECTION 22 - INSURANCE**

The Club shall, at its expense, keep in force during the entire term of this Agreement, general liability and broad form comprehensive general liability insurance issued by a responsible insurance company and in form acceptable to the City, acting reasonably, for the protection of the City (except to the extent of the City's negligence) against all liability, judgments, costs, damages and expenses which may accrue against, be charged to, or recovered from the City by reason of damage to the property of the City or injury to or death of any person or persons arising out of use of the Dunedin Facilities by the Club, in a policy or policies in a minimum amount of a combined single limit of one million dollars (\$1,000,000.00). This liability coverage shall also contain applicable coverages for premises operations, contractual insurance, personal injury, liquor liability and broad form property damage. The Club shall also carry its own workers compensation insurance. Insurance required by the terms of this Agreement shall be evidenced to the City in the form of a Certificate of Insurance which provides that the City shall be notified at least thirty (30) days in advance of cancellation, non-renewal or diminishing coverages. The Club shall furnish to the City a new Certificate of Insurance at least fifteen (15) days prior to the renewal date of coverages. A Certificate of Insurance evidencing the insurance coverage specified herein shall be furnished to the City prior to the facilities being utilized by the Club. Notwithstanding anything contained herein, no sovereign immunity or limited sovereign immunity that may be imposed by law with respect to the City's liability hereunder shall serve to, or be deemed to serve to, increase, expand or add to any liability

or responsibility of the Club to third parties and the Club shall not and shall not be deemed to assume or be responsible for any liability or responsibility or excess liability or responsibility for which the City would otherwise be responsible (whether hereunder or otherwise) but for any sovereign immunity or limited sovereign immunity imposed by law.

The City shall self-insure for its liability under this Agreement and shall maintain such property insurance for loss by hazard as to the insurable value of such Facilities as it maintains for other City property for its full replacement cost. The Club will provide for insurance for its property kept at the Dunedin Facilities. The Club will not be responsible for any loss or damage to properties insured against by the City, except for intentional acts or negligence of the Club up to the amount of the City deductible under its insurance policies.

#### **SECTION 23 - SUSPENSION OF AGREEMENT**

(a) **General.** In the event that the Club is prevented from using the Dunedin Facilities or any material part thereof at any time during the term of this Agreement because of a national emergency, the United States being in a state of war, a labor dispute, the rules and regulations of MLB Authorities, the National Association of Professional Baseball Leagues Inc., the Florida State League of Professional Baseball Clubs Inc., the need or undertaking of Capital Replacements precluding use of the Dunedin Facilities or any other event beyond the reasonable control of the Club, this Agreement shall be regarded as suspended, except for the Annual Payment, for that period without liability for damages of either party to the other. The annual payment shall be suspended if related to state of war within the United States or a non-baseball labor dispute. The provisions of this Agreement which are not directly affected by the Club being unable to use the Dunedin Facilities or such material part thereof shall remain in full force and effect.

(b) Extension of Agreement. In the event that such suspension takes place, the term of this Agreement shall be extended for a period equaling the length of the suspension and complying with the terms of Section 2(a). Such period of suspension shall be deemed to be a part of the Initial Term. If the period of the suspension extends beyond eight (8) months and such arises by reason of a state of war within the United States or a non-baseball labor dispute, the Club shall be entitled to terminate this Agreement without liability to the City therefor.

During the period of such suspension, the Club shall be entitled to conduct its games and practices hereunder at alternate facilities of its choice.

#### **SECTION 24 - CAPITAL REPLACEMENT FUND**

During the Term of this Agreement, the City shall maintain a fund for the purpose of Capital Replacement expenditures which shall be known as the Capital Replacement Fund (the "Fund"). This Fund shall be used solely for Capital Replacement expenditures and shall be initially funded to an amount of \$250,000 or such greater amount as agreed upon between the parties (if excess funds are available from the bond issue for such purpose) from proceeds from the bond issue used to fund the Project expenditures. Capital Replacements shall be undertaken by the City as and when required, without cost or expense to the Club as to the funding for such Capital Replacements.

The Fund shall be funded from the following sources:

- (a) One-third (1/3) of the naming rights as set forth in Section 13 until fully funded.
- (b) One-half (1/2) of the Concession Sharing amount paid to the City set forth in Section 8 until fully funded and thereafter such Concession Sharing amount will be paid to the City.

- (c) All interest accrued by such Funds, which interest will stay in the Fund even though the Fund exceeds its maximum amount.

The City shall maintain the Fund and shall separately account for it. The Fund shall be in the nature of a trust fund and the Club will, at any time, be entitled to all records regarding the status of such Fund and the information about amounts accrued therein. Expenditures of such funds shall be limited to Capital Replacement at the Dunedin Facilities and shall require the joint approval of the City and the Club, not to be unreasonably withheld or delayed. At the end of the term of this Agreement, all funds remaining in the Fund will be the property of the City and may be used for any purposes as deemed appropriate by the City, free of trust.

The City shall administer the expenditures of such Funds and shall undertake and complete any Capital Replacement projects that the parties have mutually agreed upon and shall follow all normal purchasing, bidding and construction practices as in its normal course of business, unless the parties shall mutually agree to delegate some or all of a Capital Replacement Project to the Club.

#### **SECTION 25 - BOOSTER AND MARKETING PROGRAMS**

The City and the Club will organize and coordinate a permanent baseball support group comprised of civic, business tourism and governmental representatives whose primary duty will be to encourage and coordinate a continuous, mutual community-team effort to market tickets (season and individual games) and sponsorships. The group will also monitor and review Club games and activities to strengthen a marketing success for the Club and the community. The group will be no smaller in size than fifty (50) members and may be organized and administered similarly to the Royal Lancers Program used by the Kansas City Royals Baseball Club. The group will supplement community-based efforts initiated by the Chamber of Commerce and other community-based groups.

For each dollar of funding provided by Pinellas County for debt service payments used for the capital funding of the Project, the Club will provide equivalent dollar value in the form of marketing trade out opportunities. These marketing trade out programs may include, but are not limited to destination advertising (both traditional and internet), tourism public relations campaigns, tourism direct sales activities and/or other programs mutually agreed upon between the Pinellas County Convention and Visitors Bureau and the Club. Representatives of the Club and the Convention and Visitor's Bureau shall meet as often as needed (but at least annually) to agree to the specifics of the trade out program for the upcoming calendar year. This marketing program is a condition precedent to funding from Pinellas County for the Project and shall be the sole responsibility of the Club.

#### **SECTION 26 - EXPANSION AND RENOVATION OF DUNEDIN FACILITIES**

(a) Following the securing of funding commitments from Pinellas County and the State of Florida, the City will undertake a major renovation and expansion of the Grant Field and Vanech Complex properties incorporating certain basic features and general concepts as reflected on Exhibit "A" (the "Project"). The Project will be a comprehensive one, including the relocation and reconstruction of existing American Little League baseball fields and associated facilities, relocation and construction of certain softball fields presently on the Vanech Complex, relocation and construction of a playground, a racquetball court complex and an inline skating facilities presently on the Vanech Complex. The Project will be in an amount not to exceed \$12 million and will include any necessary financing costs, design fees, the funding of the Capital Replacement Fund and other matters referred to in this Agreement.

The cost of the Project will be financed by a bond issue to be issued by the City of Dunedin in an amount not to exceed \$12 million. Funds from the State of Florida authorized by the recently enacted Spring Training Facilities legislation (Chapter 212.20

F.S. and Chapter 288.1162 F.S.) will be applied for in an amount necessary and appropriate to fund net \$6 million of the Project costs. A legally enforceable commitment from Pinellas County will be sought to provide the necessary funds to fund net \$3 million of the Project cost from tourist development funds as approved by the Board of Commissioners of Pinellas County. The City will fund not to exceed \$3 million of the Project cost from the net funds provided to it under the terms of this Agreement and from other revenue sources identified by it.

This Agreement is contingent upon the City having received the necessary funding sources as above set forth from the State of Florida and Pinellas County in legally enforceable form, which may be lawfully pledged in a revenue bond issue and having legislatively determined to go forward with the Project in the financing market as it exists as of the date that all funding sources are confirmed and available and the revenue bonds are offered for sale. The City shall be under no obligation to go forward with the Project if it determines that it is not in the public interest to do so given the state of the financing markets and the availability of funds and the interest rate thereon. This decision is in the sole and absolute discretion of the City and should it determine not to proceed to fund the Project because of economic considerations relative to the financial markets and the cost of capital funds or because of the demands of any other funding agency (State or County) which it may determine to be unreasonable or unnecessarily costly, the City may, in its sole and absolute discretion, advise the Club of the same and the parties will discuss alternative arrangements and if such alternative arrangements cannot be identified that are satisfactory to both parties, either party may terminate this Agreement without cost, damages, or responsibilities to the other. If the Project is not substantially commenced by July 31, 2001, the Club may terminate this Agreement. The term "substantially

commenced" shall mean that the contractor has actually commenced work on some substantive portion of the Project and is actively pursuing the construction contract.

(b) The parties will cooperate so that the Project shall be commenced as soon as possible in the year 2001, after all revenue sources have been obtained, the public bidding process for selection of design professionals has occurred, the resulting design has been approved by both the City and the Club, a public bidding process has been completed in accordance with law, the costs of the Project have been determined to be reasonable and acceptable to the City and to the Club and a contractor has been selected. The Project shall thereafter proceed forthwith to completion. The contract with the contractor will provide that any construction to occur at the Grant Field Facilities will not interfere with the ability of the Club to hold Spring Training games at the Grant Field Facilities during the time of the Spring Training Season. Construction contracts entered into by the City shall provide that the Project will be substantially completed no later than January 31, 2002, as to the improvements required on the Vanech Complex and will be substantially completed no later than February 28, 2002 for the improvements at the Grant Field Facilities. The portions of the Project relating to the removal and relocation of City recreational facilities and other matters not directly related to the successful operation of the Club's programs on the Dunedin Facilities will not be subject to the Project completion dates above. Construction contracts entered into by the City will provide that no construction work will occur at the Grant Field Facilities during the last two weeks in February and the month of March that will interfere with scheduled activities at Grant Field. For this purpose, the term "substantially completed" shall mean that the particular facility will be reasonably available for use for the purpose intended, even though additional work may be required to fully complete the Project. If any delay of such completion date is not caused by action of either of the parties and is occasioned by construction delays beyond the control of either

party or for any other reason outside the control of the City, the said construction delay will not constitute a cause for termination of this Agreement and will not constitute a basis for claim for damages by either party against the other. Notwithstanding any contrary provision of this Agreement, in the event the Club reasonably determines that the Dunedin Facilities are unfit for the playing of Major League Baseball Spring Training games, the Club may reschedule any Spring Training games to be played hereunder at an alternate site and such games shall count toward the game commitment set forth in Section 2 above.

#### **SECTION 27 - NATURE OF PROJECT**

The Project will consist of the basic renovations, construction, improvements, relocations and changes as generally described in Exhibit "A" attached hereto and incorporated herein by reference. The purpose of the construction of the Project is to provide an improved stadium facility at Grant Field of no less than 5,500 seats, new and improved clubhouse and office facilities, a reconfiguration of fields and associated facilities at the present Englebert Complex to the Vanech Complex, with the addition of a fifth practice field, and the other Project elements as are otherwise set forth on said Exhibit "A". As of the signing of this Agreement, the plans are conceptual in nature and final design and specification of the Project facilities have yet to be determined. The Club shall be given a reasonable opportunity to read and approve or disapprove (acting reasonably) the final plans and specifications for the Project when such plans have been prepared and, if acting reasonably, the Club disapproves, the final plans and specifications will be amended accordingly. The final cost of the entire Project, once bids are received and approved by the City, shall not exceed the sum of \$12 million, including all costs thereof which shall include, but not be limited to, the cost of financing the funding of the Capital Replacement Fund and all other matters expressly set forth in this Agreement. The plans shall be

modified by the parties, as necessary, to come within this budget amount. The Club shall be given an opportunity to review and approve or disapprove (acting reasonably) the revision of any such plans to come within the Project budget amount. Under no circumstances shall the City be required to exceed the maximum Project budget amount. The final plans, once approved, shall not be varied from without the consent of the Club, not to be withheld unreasonably, and to be notified promptly.

#### **SECTION 28 - NATURE OF AGREEMENT/MISCELLANEOUS**

(a) **License**. This Agreement shall be deemed to be a use agreement in the nature of a license and shall not be deemed to be a lease or conveyance of any real property rights nor shall this Agreement constitute an agreement for the use of real property that would subject the parties to the provisions of any statute regarding landlord and tenant rights. This Agreement shall not establish a landlord-tenant relationship between the parties. This Agreement shall not constitute a partnership, joint venture or create an agency relationship between the parties.

(b) **Applicable Law**. This Agreement shall be interpreted in accordance with the laws of the State of Florida, and venue for any judicial actions regarding the Agreement shall be exclusively in Pinellas County, Florida.

(c) **Entire Agreement**. This Agreement and the Exhibits attached hereto constitute the entire agreement between the parties and replace and supersede all prior agreements and representations. No alteration, amendment or modification to this Agreement shall be valid unless executed in writing by the parties, and no subsequent oral agreement shall have any validity or in any way affect the terms of this Agreement; provided, however, that any amendments or modifications to this Agreement shall be subject to the prior written approval of the MLB Authorities.

(d) **Assignment.** The Club may assign this Agreement or any of its rights or obligations hereunder to any entity affiliated with the Club or to the successor of the Club. Subject to the foregoing and except as otherwise expressly provided herein or consented to by the City, the Club shall have no right to assign or transfer any rights, privileges or obligations granted by the terms of this Agreement to any third party. In the event of such assignment, the Club shall continue to be primarily responsible to the City for the performance of the Club's obligations under the terms of this Agreement.

(e) **Inurement.** This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns. Nothing in this Agreement shall be interpreted to be for the benefit of a third party.

(f) **Currency.** All dollar amounts hereunder are expressed in U.S. currency.

(g) **Counterparts.** This Agreement may be executed in counterparts, each of which when taken together shall constitute but one and the same instrument.

(h) **Invalidity.** In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

(i) **Delegation.** No provision of this Agreement shall be construed to have made, permit or require the delegation by the City to the Club or any other party of any governmental function of the City.

(j) **Radon.** As required by law, the City hereby makes the following disclosure:

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your County Public Health Unit. This acknowledgment is given pursuant to Florida Statutes 404.056(8) and is required by law to be given at or before the time a contract for the use of real estate is signed.

(k) Right of First Refusal. In the event that the City shall obtain title to the property immediately east of the Grant Field Facilities, presently belonging to the Pinellas County School Board, presently occupied by Dunedin Elementary School, then and in that event the City does hereby grant a right of first refusal to lease the same property to the Club in the event that the City shall offer such property for lease or sale to a third party. In the event that the City offers such property for lease or sale and receives an offer of lease or purchase on said property, the City shall give the Club thirty (30) days written notice of such contract and the Club shall have the right for thirty (30) calendar days from the date of receipt of such notice to advise the City in writing that it wishes, at the Club's option, to lease or purchase said property on the same economic terms and conditions set forth in the offering contract. In the event that the Club chooses to exercise such right of first refusal, it shall present a contract reflecting the same terms and conditions as the offering contract within the aforesaid thirty (30) day period. This right of first refusal shall be coterminous with the Term of this Agreement.

#### **SECTION 29 - DEFAULT**

The occurrence of one or more of the following is an event of default:

- (a) The Club fails to pay or cause to be paid, in full and when due, the Annual Payment called for herein and the Club does not cure such failure within thirty (30) days of receipt of notice of such default from the City. In the event of a default arising from the failure to make the Annual Payment, the City may declare the Club in default therefore, and upon such declaration, may declare that all Annual Payments shall accelerate to maturity and all such Annual Payments shall become immediately due and payable.

The failure by either party to perform, observe or comply with timely, at any time during the Term, any term, representation, condition, obligation,

covenant, or other provision requiring performance of that party under this Agreement (except the payment of the Annual Payment) and such failure is not cured within sixty (60) days after written notice, specifying the nature of such failure and requesting that it be remedied, given by the non-defaulting party to the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to expiration; provided, however, if the failure stated in the notice cannot reasonably be corrected within the applicable period, no event of default shall be deemed to exist hereunder if corrective action is instituted by the defaulting party promptly upon receipt of the written notice and is diligently pursued until corrected.

- (b) The dissolution or liquidation of the Club, or the filing of a voluntary or involuntary petition applicable to the Club in any proceeding for the Club's reorganization or liquidation under the provisions of the Federal Bankruptcy Code, or adjudication of the Club as bankrupt, or the appointment of a receiver of any of the Club's property, or the assignment of any of the Club's property for the benefit of its creditors, if the Club fails to lift, stay or dismiss promptly any such proceedings or any execution, garnishment or attachment that will materially and adversely impair the Club's operation.
- (c) The Club abandons the Dunedin Facilities.
- (d) The Club disposes of all or substantially all of its assets, other than to a permitted assignee.
- (e) The filing of a voluntary or involuntary petition applicable to the Club in any proceeding for the Club's reorganization or liquidation under the provisions of the Federal Bankruptcy Code, if the Club fails to lift, stay or dismiss promptly such proceeding or similar proceedings under Canadian law.

Whenever any event of default by the Club shall have occurred and be continuing, the City may take any of the following remedial steps:

- (a) In the event of a monetary default, abandonment of the Dunedin Facilities by the Club or a wrongful termination of this Agreement by the Club, the City may reenter and take possession of the Dunedin Facilities without terminating this Agreement, exclude the Club from possession thereof and lease or otherwise use the Dunedin Facilities for the account of the City and may require the acceleration of the annual payments as above set forth without setoff or other defense of the Club arising from the City's reentry and use of the Dunedin Facilities and such setoff or defenses of the Club are specifically waived.
- (b) Take any act at law or in equity as it may appear necessary or desirable to collect any amount to be paid by the Club hereunder when due, or to enforce any obligation or covenant or agreement of the Club under this Agreement; provided, however, no such enforcement shall include a requirement of the Club to play home Spring Training games at the Dunedin Facilities during the Term, the City's remedies in respect of any default in so playing being limited to monetary damages.

In the event that an event of default by the City shall have occurred and be continuing, the Club may institute such action against the City as the Club may deem necessary to compel performance or may perform the City's obligations hereunder and deduct the cost of so doing from payments required to be made hereunder to the City; provided, however, that no such action shall seek to impose, or impose, any pecuniary liability upon the City, or any personal or pecuniary liability upon any member of the City

Commission, employee, attorney or contractual representative of the City and any such claim, legal right or cause of action is specifically waived and foregone hereby.

No delay or omission to exercise any right or power accruing upon any event of default shall impair any right or power or shall be construed to be a waiver thereof but any such right or power may be exercised from time to time and as often as may be deemed expedient.

In the event either party shall default under any of the provisions of this Agreement and the other party should employ attorneys or incur other expenses for the collection of any amount due hereunder or the enforcement of performance or observance of any obligation or agreement herein contained, the non-breaching party, if successful in such proceedings, shall be entitled to recover from the breaching party the reasonable fees of such attorneys and such other expenses so incurred.

In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Except as limited by applicable law or this paragraph, no remedy conferred upon or reserved to the parties is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and in addition to any other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

## EXHIBIT "A"

1. Reference in Section 2 of the License Agreement to January 1, 2002 will be changed to January 1, 2003. All other language, except as to number of games played, will remain the same. The Club will continue to use the Dunedin Facilities until commencement of the new License Agreement in accordance with the existing Agreement of August 10, 1989.
2. The Blue Jays will relocate the minor league and extended spring operations during the period of February 1 through July 1, 2002 to allow work to proceed at Vanech/Englebert. Costs of such relocation incurred by the Club will be at the Club's expense.

The City will work cooperatively with the Blue Jays to mitigate this impact as much as possible by working with the Contractor to have certain fields at Vanech/Englebert under construction while other fields continue to be available. Not less than one Vanech/Englebert field will be available during the construction.
4. The Grant Field portion of the Project will be completed by February 28, 2002, save and except for items agreed to in writing by the Club to be completed later. The clubhouses at Grant Field will continue to be available for major league purposes. Players may be shuttled to available fields at Vanech/Englebert during the February 1, 2002 through July 1, 2002 period referenced in paragraph 2.

6. The City agrees to contribute an additional \$500,000 towards the Project as set forth in the Final GMP referenced in paragraph 7 below.
7. The budget and scope of the Project will be funded for capital construction in the amount of \$13,506,379.00 as set forth in that certain document dated November 14, 2001 from J.A. Jones Construction and titled "Final GMP". The portion of the contract allowing J.A. Jones to adjust scope of the work shall be deleted by the Contractor. Such modification to the contract with J.A. Jones will be done by a change order to delete the language in paragraph 2 of the Agreement (and other similar language in the Contract) for Design/Build Services between Metric Constructors and the City of Dunedin dated February 15, 2001 as to the wording "including consideration of design modifications and alternative materials or equipment that will permit the Work to be completed within the Guaranteed Maximum Price (GMP) and by the date of Substantial Completion." The City, Club and Contractor will sign off and approve the plans, specifications, scope of work and construction schedule applicable to the Final GMP referenced in this paragraph.
8. The City will pay from Project financing funds the sum of \$250,000 to the Capital Replacement Fund.

  - (a) \$125,000 fixed payment will be paid by the Club to the City within thirty (30) days following the execution of the First Amendment to License Agreement and following execution of appropriate contract modifications between the City and the Contractor which are necessary because of this Agreement;
  - (b) The second \$125,000 fixed payment will be paid by the Club to the City within ten (10) days from the date that the City accepts the Contractor's certification to the City that the Grant Field Facilities are 90% complete.

**THIS FIRST AMENDMENT TO LICENSE AGREEMENT**, made and entered into this 10<sup>th</sup> day of January, 2002 by and between the **CITY OF DUNEDIN, FLORIDA**, a municipal corporation of the State of Florida (hereinafter referred to as the "City") and **ROGERS BLUE JAYS BASEBALL PARTNERSHIP**, the owner of the Toronto Blue Jays baseball franchise and assignee of all rights and obligations of the Toronto Blue Jays Baseball Club (hereinafter referred to as the "Club").

**WHEREAS**, the City and the Club entered into the City of Dunedin and Toronto Blue Jays License Agreement (hereinafter referred to as the "License Agreement") on December 15, 2000; and

**WHEREAS**, the parties desire to modify certain terms of the License Agreement pursuant to a Memorandum of Agreement Between Toronto Blue Jays and City of Dunedin dated as of the 13th day of November, 2001 (the "Memorandum of Agreement"); and

**WHEREAS**, due to unanticipated changes in the design of the new Dunedin Facilities, this amendment is necessary to establish mutual agreement of the parties to certain resulting changes to the License Agreement; and

**NOW, THEREFORE**, in consideration of the mutual promises and covenants herein contained and in consideration of the payments to be made under the License Agreement as modified by this Agreement and the obligations of the parties to be performed, the City and the Club hereby mutually covenant and agree to amend the License Agreement as follows:

**Section 4.** That Section 2 of the License Agreement is amended in its entirety to read as follows:

#### **SECTION 2 - TERM**

The Initial Term of this Agreement shall be fifteen (15) years commencing on the later of January 1, 2003 or completion of the Project contemplated by Sections 26 and 27 hereof and expiring on the later of fifteen (15) years following commencement or the end of such additional year or years as may be required in order to have played 225 Spring Training games, as set forth hereunder. Home Spring Training Games to be played hereunder will be played at the Grant Field Facilities. In the event that the Club is not allowed to provide supervision of such personnel, the City will provide such supervision, without cost to the Club.

**Section 7.** That Section 13 of the License Agreement is amended in its entirety to read as follows:

### **SECTION 13 - NAMING RIGHTS**

The parties will cooperate with each other to sell naming rights to the Grant Field Facilities. The City will be responsible for the marketing of this right and shall proceed with diligence to make reasonable efforts to market the naming of the Grant Field Facilities. The selection of a name will require the mutual consent of both parties and shall be made in accordance with the MLB Documents and the City is granted substantial discretion in this decision for the reason that the Grant Field Facilities are public facilities and the selection of the name will reflect on the Dunedin community. Any revenue from the sale of the naming rights will be the property of the City. The City (or naming rights sponsor) will be responsible for any costs of implementing such naming rights arrangements and the Club will have no responsibility therefor. The City's obligations regarding Capital Improvements shall be as is set forth in Sections 15 and 24 of this Agreement (as amended), in respect of Englebert Complex, Vanech and Grant Field Facilities, notwithstanding the level of funding of the Capital Replacement Fund.

**Section 8.** That Section 14 of the License Agreement is amended to read as follows:

### **SECTION 14 - CONCESSIONS, SALES AND EQUIPMENT**

The Club shall be entitled to exclusively operate the Concession Facilities during Spring Training games and Florida State League games. The Concession equipment presently in the Grant Field Facilities is the property of the City. The Club may use such equipment while it is operating the Concession Facilities and shall be responsible for the reasonable maintenance and repair of said equipment and to deliver the equipment to the City in reasonable condition at the end of this Agreement, normal wear and tear excepted. Save for Capital Replacements, the Club will be responsible for replacing any concession equipment when it no longer may be reasonably repaired.

The Club shall not make any material alterations or improvements to the Concession Facilities or to any of the Dunedin Facilities without obtaining the prior written consent of the City Manager, which consent will not be unreasonably withheld. Requests to make any alterations or improvements shall be in writing.

The right of the Club to use and operate the Concession Facilities is an exclusive right save during City events. The Concession Facilities may be used by the City and by other organizations so authorized by the City at times when use is not required by the Club or for the Club events under the terms of this Agreement. The Club shall not exclude other organizations from use and operation of the Concession Facilities when use is not required by the Club or for the Club's events hereunder; provided that when the City or another organization is permitted to use and operate of the Concession Facilities, the City will be responsible for cleaning the concession equipment and the Concession Facilities, and the City will indemnify the Club for any damages to or additional maintenance of the Club's concession equipment (if the Club purchases and owns concession equipment) or any other loss, cost or liability incurred by the Club as a result of such use. Any use of the Club's concession equipment by such other organizations shall require the consent of the Club.

During the Term of this Agreement, the City will cooperate with the Club to obtain such consents, permissions or licenses as may be required to allow the Club, exclusively, to sell or authorize the sale of alcoholic beverages during Spring Training games and Florida State League games. The Club or its concessionaire shall be entitled to obtain a liquor license from the appropriate authorities for the operation of the Concession Facilities, either directly or through its concessionaire during the Term of this Agreement. In the event that the City sells alcoholic beverages from the Concession Facilities during City events, the City will be responsible for obtaining the necessary license for the same.

**Section 9.** That Section 18 of the License Agreement is amended by the addition of subparagraph (c) to read as follows:

(c) The Club will prepay the \$100,000 Grant Field Annual Payment in the amount of \$100,000 and the Englebert Complex Annual Payment in the amount of \$25,000 in advance for the first and fifth years of the Initial Term of this License Agreement. Such prepaid sums shall be paid by the Club to the City as follows:

- (1) \$125,000 combined Grant Field Annual Payment and Englebert Complex Annual Payment will be paid by the Club to the City within thirty (30) days following the execution of this First Amendment to License Agreement and appropriate contract modifications between the City and the Contractor which are contemplated by the Memorandum of Agreement Between Toronto Blue Jays and City of Dunedin herein above referred to;
- (2) The second \$125,000 combined Grant Field Annual Payment and Englebert Complex Annual Payment will be paid by the Club to the City within ten (10) days from the date that the City accepts the Contractor's certification to the City that the Grant Field Facilities are 90% complete.

**Section 10.** That Section 24 of the License Agreement is amended in its entirety to read as follows:

#### **SECTION 24 – CAPITAL REPLACEMENT FUND**

During the Term of this Agreement, the City shall maintain a fund for the purpose of Capital Replacement expenditures which shall be known as the Capital Replacement Fund (the "Fund"). This Fund shall be used solely for Capital Replacement expenditures and shall be initially funded to an amount of \$250,000 (or such greater amount as agreed upon between the parties if excess funds are available from the bond issue for such purpose) from proceeds from the bond issue used to fund the Project expenditures. Capital

Replacements shall be undertaken by the City as and when required, without cost or expense to the Club as to the funding for such Capital Replacements. The City will be responsible for all capital replacement costs in respect of the Dunedin Facilities notwithstanding any funding or changes in funding to the Capital Replacement Fund.

The Fund shall be funded from the following sources:

- (a) At least \$250,000 from the Project financing as indicated above.
- (b) One-half (1/2) of the Concession Sharing amount paid to the City set forth in Section 8 until fully funded and thereafter such Concession Sharing amount will be paid to the City.
- (c) All interest accrued by such Funds, which interest will stay in the Fund even though the Fund exceeds its maximum amount.

The City shall maintain the Fund and shall separately account for it. The Fund shall be in the nature of a trust fund and the Club will, at any time, be entitled to all records regarding the status of such Fund and the information about amounts accrued therein. Expenditures of such funds shall be limited to Capital Replacement at the Dunedin Facilities and shall require the joint approval of the City and the Club, not to be unreasonably withheld or delayed. At the end of the term of this Agreement, all funds remaining in the Fund will be the property of the City and may be used for any purposes as deemed appropriate by the City, free of trust.

The City shall administer the expenditures of such Funds and shall undertake and complete any Capital Replacement projects that the parties have mutually agreed upon and shall follow all normal purchasing, bidding and construction practices as in its normal course of business, unless the parties shall mutually agree to delegate some or all of a Capital Replacement Project to the Club.

**Section 11.** That Section 26 of the License Agreement is amended in its entirety to read as follows:

## **SECTION 26 - EXPANSION AND RENOVATION OF DUNEDIN FACILITIES**

(a) As of the execution of this First Amendment, the City has secured a funding commitment from the State of Florida in the total amount of \$7 million and has secured a funding commitment from Pinellas County in the amount of \$3 million for the Project. The City has undertaken a major renovation and expansion of the Dunedin Facilities (the "Project"). The parties do hereby agree that the Project Scope of Work is now defined by that certain document dated November 14, 2001 from J.A. Jones Construction entitled "Final GMP" and plans, drawings and specifications listed therein (collectively, the "Final GMP"). The Final GMP defines all matters concerning Project price, Project scope and the design drawings referred to therein and said document fully defines the Project scope and details, subject to the following exceptions: three (3) Reception desks, new lockers at Englebert and wood in lieu of laminated lockers at Grant Field will be deleted from the scope of work in exchange for equipment (of equal cost to the Final GMP allocations for the aforementioned items) within the Club's furniture, fixtures and equipment budget, to be purchased by the City from the construction budget. These equipment items will be the property of the City and will be maintained by the Club during the term of the License Agreement. The Club will pay for its own reception desks deleted from the Project scope. The City represents that the cost of the Project has previously been financed in part by a bond issue issued by the City of Dunedin in the amount of \$12 million, that funds from the State of Florida, authorized by the recently enacted Spring Training Facilities legislation (Chapter 212.20 F.S. and Chapter 288.1162 F.S.) have been applied for and received in an amount to fund net \$7 million of the Project cost, and that a legally enforceable commitment from Pinellas County has been obtained in the form of an Interlocal Agreement to provide necessary funds to fund net \$3 million of the Project cost from tourist development funds, and such funding was approved by the Board of Commissioners of

Pinellas County. The City acknowledges that it has funded funds in the amount of \$3 million of the Project cost from the net funds provided to it under the bond issue previously issued, net funds due from City under the terms of this Agreement and from additional pledged revenues (such additional pledged revenues are not from the Club). The City additionally is funding an additional \$1 million of the Project cost from the net funds provided to it under the terms of this Agreement (including payment of the Grant Field Annual Payment and the Englebert Complex Annual Payment, as referred to herein above), and from other revenue sources identified by it. If the Project is not substantially commenced by July 31, 2001, the Club may terminate this Agreement. The term "substantially commenced" shall mean that the contractor has actually commenced work on some substantive portion of the Project and is actively pursuing the construction contract. (The City and the Club both reserve their respective rights and positions on this provision, but the City and the Club recognize that this reservation should be moot provided the Project is timely and properly constructed and completed under the terms of the License Agreement, this First Amendment and the Memorandum of Agreement and documents referred to therein.)

(b) The City has heretofore entered into a Design/Build Contract between Metric Constructors (now J.A. Jones) and the City of Dunedin dated February 15, 2001, as amended. The City agrees that the Grant Field Facilities will be completed by February 28, 2002 and the Englebert Complex will be substantially completed by September 26, 2002. The Blue Jays will relocate the minor league and extended spring operations during the period of February 1 through July 1, 2002 to allow work to proceed at Englebert. Costs of such relocation incurred by the Club will be at the Club's expense. The City will work cooperatively with the Blue Jays to mitigate this impact as much as possible by working with the Contractor to have certain fields at Englebert under construction while other fields continue to be available. Not less than one Englebert field will be available during the

construction. The Grant Field portion of the Project will be completed by February 28, 2002, save and except for the following items, which will be completed by March 15, 2002: (i) stucco on the clubhouse; (ii) hospitality suite interior; (iii) portions of the decorative fencing; (iv) stadium exterior façade enhancements; and (v) portion of parking lot where construction trailers are located. The clubhouses at Grant Field will continue to be available for major league purposes. Players may be shuttled to available fields at Englebert during the February 2, 2002 through July 1, 2002 period referenced in paragraph 2.

The contract with the general contractor will provide that any construction to occur at the Grant Field Facilities will not interfere with the ability of the Club to hold Spring Training games at the Grant Field Facilities during the time of the Spring Training Season. Construction contracts entered into by the City will provide that no construction work will occur at the Grant Field Facilities during the last two weeks in February and the month of March that will interfere with scheduled activities at Grant Field (it being acknowledged that in respect of the last two weeks of February, the foregoing applies to fieldwork only, such that player training can take place in advance of publicly attended Spring Training games commencing March 1, and that other construction work not interfering with player training exercises will take place during the last two weeks of February). Notwithstanding any contrary provision of this Agreement, in the event the Club reasonably determines that the Dunedin Facilities are unfit for the playing of Major League Baseball Spring Training games, the Club may reschedule any Spring Training games to be played hereunder at an alternate site and such games shall count toward the game commitment set forth in Section 2 above. Until the date of commencement of the Initial Term of this Lease, the parties' agreement regarding the use of the Dunedin Facilities, except as specifically modified herein, will be in accordance with the existing License Agreement between the parties dated August 10, 1989, as amended and as extended by option of the Club heretofore delivered to the City.

**Section 12.** That Section 27 of the License Agreement is amended in its entirety to read as follows:

**SECTION 27 - NATURE OF PROJECT**

The Project will consist of the renovations, construction, improvements, relocations and changes as described in the Final GMP including the drawings, designs and specifications listed therein, subject to the exceptions thereto noted in Section 26(a) above. The parties agree that the Project will be completed in accordance with the Final GMP and the exceptions thereto noted in Section 26(a) above, and final construction cost of the Project will not exceed the sum of \$13,506,379, which excludes the cost of financing and the funding of the Capital Replacement Fund and any other matters not expressly set forth in the Final GMP and Section 26(a) hereof. The City will be responsible for paying such final cost of the project and may utilize the funds described in Section 26(a) to do so. The Final GMP shall not be varied from without the consent of the Club, not to be withheld unreasonably, and to be notified promptly.

**Section 13.** That Exhibit "A" of the License Agreement is deleted in its entirety.

**Section 14.** That Section 32 of the License Agreement is deleted in its entirety.

**Section 15.** All other provisions of the License Agreement, except as expressly modified herein, shall remain in full force and effect.

**Section 16.** The entering into of this First Amendment Agreement and the amendments contemplated hereby (including without limitation, any documents entered into with J.A. Jones Construction Company pursuant to section 7 of the Memorandum of Agreement or documents issued pursuant thereto) are without prejudice to the rights and remedies of the parties existing prior to the entering into hereof ("Reservation"), under which Reservation the parties hereto may pursue their rights and remedies and assert their applicable defenses in the event the Project is not completed as contemplated by and in accordance with this Agreement and the documents and further agreements referenced

herein, or in the event either party breaches its obligations pursuant to the terms of this Agreement, in either of which events all parties reserve all legal and equitable rights that they had through the date of this First Amendment Agreement.

**IN WITNESS WHEREOF**, the parties hereto have caused this Agreement to be executed by the appropriate officials and the necessary seal affixed thereto the day and year first above written

The Club will make payment of the Special-Purpose Annual Payment on or before September 1 of each calendar year during the Extended Term, and each applicable Renewal Term.

The City shall maintain and separately account for the Special-Purpose Annual Payments made by the Club (the "Special-Purpose Annual Payment Account"). The designation and establishment of the Special-Purpose Annual Payment Account in and by this Agreement shall not be construed to require the establishment of a completely independent, self-balancing account as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues as

herein provided. The Club will, at any time, be entitled to all records regarding the status of such Special-Purpose Annual Payment Account and the information about amounts accrued therein (including interest).

Expenditures of any amounts held within the Special-Purpose Annual Payment Account may be made only for Capital Replacement (as defined in this Agreement) at the Dunedin Facilities, subject to the Club's written approval of the specific expenditures (including the specific services, materials and contractors). Notwithstanding the foregoing, the City and the Club may mutually agree in writing to utilize certain of the amounts held in the Special-Purpose Annual Payment Account to cover soft costs associated with redeveloping and reconstructing the Dunedin Facilities (the "Soft Costs"). The City and the Club hereby recognize that any such uses of funds in the Special-Purpose Annual Payment Account to cover Soft Costs shall be reimbursed by project funds if and when they are secured and funded through the State of Florida and/or Pinellas County.

The Club and the City hereby agree that should the Club and City enter into a new long-term license agreement in connection with the Club's occupation and use of redeveloped, renovated and/or reconstructed Dunedin Facilities (the "Long-Term License Agreement"), it is the intention of the parties that amounts held in the Special-Purpose Annual Payment Account at the applicable time be reserved for future capital improvements and/or maintenance expenses in connection with same, as determined by the Club, and the parties shall ensure that the Club's wishes are appropriately documented in such Long-Term License Agreement.

Following the expiry or early termination of this Agreement, except where same is superseded by a Long-Term License Agreement that complies with the preceding paragraph, all proceeds remaining in the Special-Purpose Annual Payment Account shall be the property of the Club and shall be returned to the Club within thirty (30) days of the Club making a written request for same."

9. That the following paragraph is hereby added to the end of Section 29 of the License Agreement:

"Notwithstanding any other provision of this Agreement, the City shall not terminate this Agreement, and the City shall not take possession of the Dunedin Facilities upon an event of default or exercise any other remedy made available to it hereunder, during any Spring Training Season."

10. That Section 33 of the License Agreement is hereby deleted in its entirety and replaced with the following:

"Notwithstanding any other provision of this Agreement, this Agreement and any rights or exclusivities granted by the Club hereunder shall in all respects be subordinate to the MLB Rules and Regulations. The issuance, entering into, amendment or implementation of any of the MLB Rules and Regulations shall be at no cost or liability to any MLB Entity or to any individual or entity related thereto. The territory within which the City is granted rights is limited to, and nothing herein shall be construed as conferring on the City rights in areas

outside of the Spring Training territory and, where applicable, the Home Television Territory, of the *Toronto Blue Jays*, in each case as established and amended from time to time. No rights, exclusivities or obligations involving the Internet or any interactive or on-line media (as defined by the applicable MLB Entities) are conferred by this Agreement, except as are specifically approved in writing by the applicable MLB Entities.”

11. Ratification; Full Force and Effect. Except as expressly modified by this Second Amendment, all terms and conditions of the License Agreement are in full force and effect and are hereby restated, ratified, affirmed, and incorporated as if fully set forth herein. The terms and conditions of this Second Amendment shall control in the event that any conflict shall exist between this Second Amendment and the License Agreement.

12. Entire Agreement. This Second Amendment contains the entire understanding and agreement of the parties with respect to the subject matter of this Second Amendment.

13. Modification and Waiver. No supplement, modification, or amendment of this Second Amendment or the License Agreement shall be binding unless executed in writing by the parties, provided that no provision shall be supplemented, modified, amended or waived without MLB Approval.

14. Counterparts. This Second Amendment may be executed in counterparts, each of which shall constitute an original and which together shall constitute one and the same instrument. Executed electronic or facsimile copies of this Second Amendment shall be binding upon the parties, and electronic or facsimile signatures appearing hereon shall be deemed to be original signatures.

**COST-BENEFIT ANALYSIS OF THE TEAM'S IMPACT ON THE  
COMMUNITY**

## CITY OF DUNEDIN

### THE IMPACT OF SPRING TRAINING ON THE COMMUNITY

#### A COST – BENEFIT ANALYSIS

This analysis was assembled using a variety of information related to spring training in both the State of Florida and information specific to the City of Dunedin. A summary of the sources used in the analysis may be found at the end of this section. The approach taken was to attempt to determine the financial benefit to the City of Dunedin and its populace over the sixteen-year period since the City's certification as a Retained Spring Training Facility. The findings represent data collected through 2016. The costs and economic benefits for 2017 are not expected to be significantly different.

#### Findings

The cost of securing the Toronto Blue Jays has been approximately **sixteen million, four hundred fifty thousand, one hundred fifty-five (\$16,450,155.00) dollars** over the eighteen-year period studied. This includes the amount of money expended for the construction of the then-new Spring Training facilities. Cost figures represent actual cash expenditures. The apparent benefit to the community for the same eighteen-year period is **six hundred, forty-six million, four hundred, fifty-four thousand, three hundred thirty-nine (\$646,454,339.00) dollars**.

#### Methodology

The benefits listed consist of four categories: First are monies paid directly to the City of Dunedin as a result of the license agreement with the Blue Jays. The second is the savings realized by the City of Dunedin as a result of the Blue Jays assuming the maintenance of the grounds and facilities at the two complexes they use. The third consists of contributions to community organizations and causes by the Blue Jays, which are made throughout the year. The fourth is the estimated impact of Spring Training-related tourism on the community.

Payments stipulated by the license agreement consist of an annual fee of \$125,000, a percentage- 5% of ticket revenue for the first 3,800 in attendance at each game, and 15% of ticket revenue for attendance in excess of 3,800 at each game, and a concession fee of fifty cents per attendee in excess of 3,800 per game. The figure for the annual fee was multiplied by eighteen to cover the study period. The three attendance-related figures were based on average game attendance per season, multiplied by the same eighteen-year period. The license agreement gave the City of Dunedin the right to market and sell the naming rights to the stadium used for Spring Training games. The City was able to sell the naming rights to Knology Broadband for a five-year term. That agreement expired, but it did pay the City \$400,000 in cash and free cable TV airtime, which was used to advertise other City revenue-producing programs and events. Seven years ago, the City sold the naming rights to Florida Suncoast Auto Brokers for \$26,000 per year.

Cost savings on facility and grounds maintenance was originally derived by using a memo written a former head of the department responsible for the facilities, which listed a maintenance savings of at least \$200,000. This estimate seemed conservative, given the size and scope of the facilities, but was accepted for the purpose of this report for the first seventeen years since that was the figure originally accepted by the city. The annual figure was multiplied by seventeen to cover the study period, resulting in a subtotal of \$3,400,000 saved. In a review of the benefits of Spring Training undertaken in 2016 the City discovered that the Blue Jays are now actually spending around \$2 million on field and facility maintenance, and that figure was added to the final year of the report, for a total of \$5,400,000 for the eighteen-year period.

The Blue Jays contribute to Dunedin youth sports organizations, as well as to numerous local organizations. This takes the place of direct contributions and donations, as well as fund-raising opportunities by allowing the organizations to work in the concession and novelty shops during Spring Training games, and donating amounts equal to what the volunteers would have been paid to the participating organizations. The total amount of that contribution over the eighteen-year period has been approximately \$975,000.

In the latter part of 2016, the City and the Blue Jays contracted with Bonn Marketing, Inc. and Nielsen Sports to do a comprehensive study for the purpose of placing a value on the team's presence in our community. The study was done in anticipation of making applications to the State and Pinellas County for spring training facility funding. This study included items such as local accommodations for team players and staff, compensation for local people employed by the team, miscellaneous direct expenditures, and the media value to the local economy derived from Spring Training and the team's year-round-presence here. Those figures have been included in this year's Cost and Benefits Summary spreadsheet, under the headings "Direct Spending by the Jays" and "Economic Impact."

The purpose of the Retained Spring Training Franchise funding was to safeguard a Florida industry that had been determined to have a significant positive impact on the State's economy. Based on the apparent community benefit, the program would appear to have succeeded over the past sixteen years.

\*This figure represents the total cost of construction, operations and capital replacement, less the State and local TDC financial contributions.

\*The city has contracted with Bonn Marketing since 2014 to determine the economic impact for the Spring Training facilities. Prior figures were based on Florida Sports Foundation and Department of Commerce figures on around \$16 million per team.

A new study was undertaken in 2016, involving Bonn Marketing and Nielsen Sports. This study brought more areas of economic impact into focus, including the media value provided by the Blue Jays' presence in Dunedin and direct spending by the club on accommodations, employee compensation and facilities maintenance.

**TAB 4**

**EVIDENCE THAT THE CITY OF DUNEDIN CONTINUES TO MEET THE  
CRITERIA IN EFFECT WHEN CERTIFIED**

## **COMPLIANCE WITH CRITERIA IN EFFECT AT THE TIME OF CERTIFICATION**

Following is a list of the criteria that were applicable at the time of the City of Dunedin's application for certification as a Retained Spring Training Facility. The City of Dunedin developed its application in September 2000. This section will address the City's compliance with each of those criteria as of July 2017.

### **Criterion 1:**

A "unit of local government," as defined in Section 218.369, Florida Statutes, is responsible for the acquisition, construction, management, or operation of the facility for a retained spring training franchise or holds title to the property on which the facility for a retained spring training facility is located.

### **Response:**

The City of Dunedin is the owner of the property and facilities which have been used by the Toronto Blue Jays Baseball Club since 1977.

### **Documentation:**

Please see site control documentation, which may be found in the Appendix of this report.

### **Criterion 2:**

The applicant has a verified copy of a signed agreement with a retained spring training franchise for the use of the facility for a term of at least fifteen (15) years.

### **Response:**

The City of Dunedin and the Toronto Blue Jays executed a license agreement on December 15, 2000, which committed the baseball club to a fifteen (15) year term of use of the facilities for spring training. Amendments to the agreement extended the term through 2017. A recent amendment extended the term through planned construction of new facilities.

### **Documentation:**

Please see the license agreement and amendments, copies of which may be found in Tab No. 2 of this report.

### **Criterion 3:**

The applicant has a financial commitment to provide fifty (50) percent or more of the funds required by an agreement for the acquisition, construction or renovation of the facility for a retained spring training franchise. The agreement can be contingent upon the awarding of funds under this section and other conditions precedent to use by the spring training franchise.

**Response:**

The total cost of the facilities reconstruction project was approximately fourteen million (\$14,000,000) dollars, of which seven million (\$7,000,000) was funded by OTTED. Locally, three million (\$3,000,000) dollars was provided by Pinellas County Tourist Development Tax money, and the City of Dunedin provided the remaining four million (\$4,000,000) dollars. The City financed the entire cost of the project, and is paying it back over twenty years, using the grant fund payments and its own money to cover the debt service each year.

**Documentation:**

Please see relevant pages in the Appendix..

**Criterion 4:**

The applicant has projections, verified by the Office of Tourism, Trade and Economic Development, which demonstrate that the facility for a retained spring training franchise will attract a paid attendance of at least 50,000 annually.

**Response:**

Average attendance at Toronto Blue Jays spring training games in Dunedin since 2000 was 74,893.

**Documentation:**

Please see year-by-year information on the Florida Grapefruit League website, 2017 attendance figures were 78,739. This figure was not listed on the year-by-year report but was found elsewhere on the Florida Grapefruit League website. The year-by-year figures only go back to 2005, so the average attendance from last year's report was added to this year's attendance and the total averaged to produce an estimated 18-year average annual attendance.

**Criterion 5:**

The facility for a retained spring training franchise is located in a county that is levying a tourist development tax pursuant to Section 125.0104, Florida Statutes.

**Response:**

Pinellas County continues to levy a tourist development tax.

**Documentation:**

Please see information in the Appendix from the Pinellas County website, related to the Tourist Development Council, Tourist Development Tax.

**Criterion 6:**

The intended use of the funds by the applicant.

**Response:**

The intended use of the funds was the construction of new facilities related to retaining the Toronto Blue Jays in Dunedin. The funds were expended on renovations to Dunedin Stadium, the Englebert Recreation Complex, the Louis A. Vanech Recreation Complex and the Fischer Field Complex.

**Documentation:**

Please see materials in Tab No. 2 of this report.

**Criterion 7:**

The length of time that the existing franchise has been located in the state.

**Response:**

The Toronto Blue Jays have had only one spring training home since their inception. Dunedin has been that home since the opening spring training season in 1977, for a total of forty-one (41) years.

**Documentation:**

Please see information in the Appendix - website information on Florida Grapefruit League.com, related to the length of time the Toronto Blue Jays have held spring training in Dunedin.

**Criterion 8:**

The length of time a facility to be used by a retained spring training franchise has been used by one or more spring training franchises.

**Response:**

Please see response to Criterion 7.

**Documentation:**

Please see response to Criterion 7.

**Criterion 9:**

If applicable, for those teams leasing a spring training facility from a unit of local government, the remaining time on the lease for the facility used by the spring training franchise.

**Response:**

This is the final year of the agreement with the retained spring training franchise.

**Documentation:**

Please see the license agreement, a copy of which may be found in Tab 3 of this report.

**Criterion 10:**

The duration of the future-use agreement with the retained spring training franchise.

**Response:**

In anticipation of the construction of new facilities, an amendment to the License Agreement was recently executed that would extend the agreement while a new license agreement is negotiated. The amendment extends the existing License Agreement to December 31, 2019. The City and the Club are currently negotiating a new License Agreement that will have a term of twenty-five (25) years.

**Documentation:**

Please see the License Agreement and related amendments in Tab 2 of this report.

**Criterion 11:**

The amount of the proposed local match.

**Response:**

Please see the response to Criterion No. 3.

**Documentation:**

Please see documentation for Criterion No. 3 response, in Appendix.

**Criterion 12:**

The net increase of total active recreation space owned by the applying unit of local government following the acquisition of land for the spring training facility.

**Response:**

The funds were used for reconstruction of existing facilities. There was no land acquisition, or conversion of land to recreational use from another type of use; therefore, there was no net increase in active recreation space.

**Documentation:**

Not applicable.

**Criterion 13:**

The location of the facility in a brownfield, an enterprise zone, a community redevelopment area, or other area of targeted development or revitalization included in an Urban Infill Redevelopment Plan.

**Response:**

The facility is not located in any of the above-mentioned areas. The Game Day Stadium, however, is located just blocks from the city's Community Redevelopment District.

**Documentation:**

Not applicable.

**Criterion 14:**

The projections on paid attendance attracted by the facility and the proposed effect on the economy of the local community.

**Response:**

As noted in the response to Criterion No. 4, the average annual paid attendance since 2000 has been 74,893. There has been an apparent total economic benefit to the community of \$646,454,339 over the eighteen-year period studied.

**Documentation:**

Please see the 2016 Bonn Marketing/Nielsen Sports Report to Criterion No. 4, located in the Appendix, and the Cost Benefit Analysis, located in 3 of this report.

**Budget Highlights, Service Changes and Proposed Efficiencies**

Many of the capital projects previously funded by the Penny Fund have been reallocated to the Parks & Recreation General Fund operating budget. One Park Service Worker III position has been reallocated from the Parks Division to the Recreation Division.

Operating and capital increases include special events barricade and a trailer to accommodate our expanding special events, especially the street parades and the spectator safety.

Within the golf course cost center, revenues are not projected to reach the revenue sharing thresholds as provided for in the agreement with Billy Casper Golf (BCG). The City Commission waived the license fee of \$25,000 per year for two years beginning April 1, 2015 through March 30, 2017. There are no City operational costs in this budget. BCG, the City's private management company, is responsible for all operational costs and revenues. The capital contribution for year seven is projected to be \$8,000.

The Dunedin Marina is an enterprise with funding for all operating and capital expenditures provided through user fees. Slip rentals fees are divided into Part A (which provide for operating expenses) and Part B (which fund capital expenditures). In FY 2016, Part B rental fees were increased providing for \$200,000 per year from slip rent revenue to be transferred to capital projects, such as Marina dredging event scheduled for FY 2019.

The Boat ramp launch fees are scheduled to increase due to a new lease agreement with the Church of the Good Shepherd. The City entered into an agreement with the Church of the Good Shepherd to utilize their parking lot on weekends and legal holidays for boat trailer parking. The City pays \$4,200 per year to the Church of the Good Shepherd; the increase in boat ramp launch fees will cover the cost of the license fees.

The Stadium budget is consistent with previous years and again we are requesting staff take overtime for Spring Training stadium cleaning instead of comp time due to Parks workload, especially during the month of March. Professional Services was increased due to hiring consultants to assist with retaining the Blue Jays in Dunedin. This budget also follows the terms and conditions associated with the Blue Jays License Agreement.

Contributions from the State of Florida continue through 2021 and are used to pay debt service related to the construction of the existing Stadium. As of February 2016, the Tourist Development Council (TDC) funds from Pinellas County have been satisfied. The primary sources of revenue to the City for FY 2017 are a percentage of ticket sales, food and beverage concession sales, parking fees, name rights sponsorship fees, and an annual License Agreement payment during the Toronto Blue Jays Spring Training Season. FY 2017 is the final year of the fifteen-year agreement. The agreement also specifies the Blue Jays have two 5-year options for renewal.

## **Average Attendance**

The following page was copied from the Florida Grapefruit League website ([www.floridagrapefruitleague.com](http://www.floridagrapefruitleague.com)) and shows that over an 11-year period, Spring Training game attendance in Dunedin always exceeded 50,000. The average attendance for the 11-year period studied was 66,778.

(2) A notice of decision overruling in whole or in part the taxpayer's challenge in a timely filed dispute has been mailed to the taxpayer.

(b) Except for the taxpayer's notice of dispute, all referenced times begin to run from the date of the execution by the tax collector of the mailing certificate required by section 118-40(c). If the last date creating a time limit hereunder falls on a Saturday or Sunday, the time shall be extended to the next Monday and if such a date falls on a county holiday the time shall be extended to the next scheduled county workday.

(c) While any dispute or challenge not timely filed in accordance with the above 60-day time limit will not serve to toll the statute of limitations for seeking judicial or administrative remedies, nothing herein shall preclude the tax collector and the taxpayer from pursuing negotiated settlement of any dispute in accordance with F.S. § 213.21.

taxpayer or its representative no later than 60 days after the date of the tax collector's notice of certificate of mailing included on any assessment or denial of refund the taxpayer intends to challenge. The tax collector's review time provided for herein shall begin to run on the postmark date of the notice of dispute.

(d) The notice of dispute should identify the notice of assessment or denial of refund being challenged and should further:

(1) Include a statement of the factual and/or legal grounds which are the grounds for the challenge.

(2) Include attachments of all documents the taxpayer wishes to submit in support of the challenge.

(3) Include a statement of whether the taxpayer wishes to have a conference scheduled. Absent such a request the challenge will be decided on the written materials submitted.

(4) If the timely written dispute does not contain all the information in subsections (1), (2), and (3), and the taxpayer is so notified by the tax collector, then the taxpayer may request in writing an additional 15 days to submit the required information. The taxpayer's failure to submit the information within the extension periods shall result in dismissal of the dispute and forfeiture of the taxpayer's right to dispute the proceeding.

(5) Any disputes filed under this section will be submitted to and considered by the tax collector or his or her designees.

(6) If the taxpayer fails to attend any scheduled oral conference, without having arranged for a continuance with the tax collector, the dispute may be decided on the written materials submitted. Any continued conference must be held within 15 days of the originally scheduled conference except upon mutual agreement of the parties and no further continuances can be granted.

(7) During conferences under these procedures, the taxpayer has a right to be represented at the taxpayer's cost and to have the conference manually or electronically recorded at taxpayer's cost. The conference shall be conducted informally and shall not be in the nature of a formal evidentiary hearing.

(8) If no conference is held, a notice of decision must be mailed to the taxpayer by the tax collector within 30 days of the date of the postmark date on the taxpayer's notice of dispute. If a conference is held, a notice of decision must be mailed to the taxpayer by the tax collector within 30 days of the date of the conclusion of any such conference. The notice of decision shall contain a tax collector certificate of mailing which shall be the date which determines the finality of the challenged assessment or denial of refund.

(9) The notice of decision shall set forth the factual and/or legal reasons serving as the grounds thereof. It shall be signed by the tax collector's designees who considered the challenge and must contain the approval signature of the tax collector.

(10) The undertaking of dispute resolution procedures hereunder shall in no way alter or interfere with the duty of tax collector to proceed with jeopardy

## Historicist: First Spring Training for the Blue Jays

In 1977 the team got together for the very first time.

BY [DAN AYKOE](#)

*The Jays take the field*  
Toronto Star, August 26, 1976

With April 7, 1977 growing closer, Toronto readied itself for its first taste of major league baseball. While efforts in Toronto concentrated on preparing [Exhibition Stadium](#) for opening day, it was the team's first preseason training camp in Florida that afforded baseball fans their first glimpse of what they could expect from the [Toronto Blue Jays](#).

On August 26, 1976, the team announced that [Dunedin, Florida](#), would be the site of their spring training facility. At the time, Dunedin had a population of 29,000. A feature in the *Star's* travel section noted that the town's biggest annual event was the Highland Games, which highlighted the community's Scottish heritage.

According to longtime Blue Jays broadcaster [Tom Green](#), the town of Dunedin had specifically pursued the affiliation with the Blue Jays, hoping that the team's spring training would build upon the town's already growing popularity as a winter destination for Ontario tourists. By all accounts the arrangement was also heartily welcomed by the local residents. A *Globe and Mail* report from early January 1977 notes that "the Blue Jays are the big news and every acquisition and trade is splashed across the pages of the *Dunedin Herald* and the *Dunedin Times*." The *Sun* noted that a local fan club had formed over the winter, and that "it hasn't taken much to sell the Blue Jays in Dunedin... Everywhere one goes there is interest in the team, whether it be a bank, a drugstore, or a local hamburger joint."

Dunedin's stadium, [Gran Field](#), had been used by a variety of baseball teams over the years, including the Detroit Tigers, whose logo was still widely visible on site in the early winter of 1977, both on the side of the building, and on the hats of the

such a policy, many of the players arrived at camp with hair considered too long by the team's management; amongst the first photos of spring training to hit the papers were those of players in the barber's chair.

*(Left: Mike Darr, submitting to the Blue Jays' haircut policy. From the Toronto Sun, February 25, 1977. Photo by Norm Betts.)*

The first players reported to camp on February 24. Assuming their hair was up to team standards, the next order of business was to receive and review the Blue Jays' special defensive instruction manual; every player was expected to read the manual, so as to know what was expected of them in every in-game defensive situation.

For the majority of spring training, there were 38 players competing for 25 opening day roster spots, and field manager Roy Hartsfield told his players there were no guarantees and that every spot was open, with each player in camp having a shot to start the season in Toronto. Nevertheless, there were clearly some favourites.

Shortstop **Bob Bailor**, the team's first pick in the expansion draft, was one of the few Jays to have already made a public appearance in Toronto, visiting the city for the **1976 Grey Cup** festivities. Bailor was one of the few players projected by the Jays' scouts to have potential as an everyday player, possessing good speed and an above-average ability to hit. He developed pain in his throwing arm, however, and it was not clear which position the team would have him play.

Amongst the veterans, the most well-known player was likely **Bill Singer**, a two-time all-star and 20-game winner, coming off a down season in 1976 and hoping to reestablish himself. Team executive **Pit Giles**, to whom Bavasi had delegated many of the decisions concerning player personnel, wanted to pursue an offer by the New York Yankees to acquire Singer in exchange for a pitching prospect named **Tom Guidry**. Bavasi vetoed the deal, believing Singer to be one of the few known names on the club and thus desirable from a marketing perspective. Singer's major league career would be finished after the 1977 season, whereas Guidry would go on to win 170 games for the Yankees and appear in four all-star games.

Another veteran was **Ron Fairly** who, like Singer, was nearing the end of his career and not thrilled about spending his final seasons with one of the league's worst teams. Fairly reportedly had an agreement with the Blue Jays, in which he agreed to spend 1977 with the non-competitive expansion club, provided that the team would try to trade him at the end of the season so that he might be able to finish his career on the west coast.

Although their roster was thinly stocked, the Blue Jays found themselves with depth at catcher. Through trades, the team was able to prise two top catching prospects from the Cleveland Indians: **Alan Ashby** and **Rick Camp**. The team also had veteran **Phil Roof**, and a fourth catcher, of whom little was expected, named Ernie Whitt. All winter long, rumours swirled that the Jays would use one of these players, most likely Ashby, to anchor a trade. None of these deals materialized, however, and all four catchers found themselves competing for the opportunity to start on opening day.

Following two weeks of stretches, drills, and some intra-squad games, the Blue Jays were rained out of their first pre-season game on March 10. The next day, however, they managed to win their first game, beating the New York Mets in front of a sellout crowd of nearly 2,000 at Grant Field. The hero of the game was utility player **Sam Ewing**, who drove in the winning runs

with a two-out double in the eighth inning. It would prove to be the beginning of a big spring for the relatively unknown Ewing, who unexpectedly led the team in batting, while many of the other Jays hitters struggled.

As the end of spring training approached, the Blue Jays began cutting players from their roster, to get to the 25 players who would be allowed to dress for opening day. The first to go was **Nate Colbert**, who was released on March 25. A former slugger with the Padres in the early '70s, Colbert had lost his ability to hit effectively a few years earlier, and had been invited to the Blue Jays camp on a trial basis. Some players, like Colbert, Leon Hooten, and Doug Howard, were fully released from the organization. Others were sent down to the minors, where they could continue to play and improve. In 1977, Toronto did not yet have a minor league affiliate at the AAA level. As a result, players were assigned to the minor league affiliates of the Cleveland Indians and the Houston Astros.

Still tinkering with the roster, the team also made a trade at the end of spring training, acquiring shortstop **Peter Torres** from the Cleveland Indians in exchange for outfielder **John Lowenstein**. According to the Sun, Lowenstein "looked lethargic and disinterested in his four weeks with the Jays." Tom Cheek notes that Lowenstein gave an interview to the press after the team's first ever workout and, within earshot of Peter Bavasi, told the reporters that this was "the most disorganized spring training camp in the annals of baseball." As such, it may be that Lowenstein was shipped out for not fitting the desired image of a 1977 Toronto Blue Jay that the front office had in mind. Torres, as it worked out, would get the opening day start at shortstop, filling in for Bob Bailor who was unable to play after cutting his finger on an oyster can.

Despite hitting poorly throughout spring training, Rick Cerone won the job of opening day catcher. Ashby and Roof both remained on the roster, although Roof only got into three games all season and was primarily used in the bullpen to help pitchers warm up. Roof's main moment of glory as a Blue Jay came in July, when he and teammate Sam Ewing won a pre-game cow-milking contest in Cleveland, with each player winning fifty dollars. The odd man out, at least for the time being, was Ernie Whitt. In 1989, Whitt wrote that he did not get along with Roy Hartsfield, and believed that he was not given a fair opportunity to play during Hartsfield's three years as the team's manager. Following Hartsfield's departure, however, Whitt would emerge as the team's top catcher and remain with the organization longer than any of the other players at the 1977 camp, eventually becoming a fan favourite.

The strongest reaction to being cut came from pitcher **Dwight Allen**, who refused his minor league assignment. No longer bound by Bavasi's instructions to be careful when speaking with the press, Allen was outspoken, blasting both the Blue Jays management and prevalent attitudes in all of baseball. "You can't be an individual in baseball," he told the Sun. "They don't want you to appear as normal human beings, from [a] small town, with the same ambitions and lusts as everybody else. Bavasi wants you to be a little boy, a conformist. That's what the haircut rules and all are about."

© The Toronto Star/Photo: Bob D'Amico

Allen believed he was cut for not fitting with the "family image" that the team aimed to project, telling [Ernie Blatchford](#), then a sports reporter for the *Globe and Mail*, "I met my second wife while I was cheating on my first wife. Now I love her dearly, but that's how I met her. In baseball, they pretend that sort of thing doesn't happen, not to a ball player." Allen also told Blatchford that players had been expressly warned by Roy Hartsfield against talking to her specifically. "He said that if we told you something, and it looked bad in print, we were gone." Rather than play in the minors, Allen opted to quit baseball altogether, and it was reported that he was leaving for Chicago to work in his father-in-law's bakery.

A few days later, the *Sun's* George Gross conducted an interview with Bavasi, mostly discussing the preparations for the season and Bavasi's predictions for the team. Gross asked about the jeans incident, to which Bavasi replied that he "wore a pair of very expensive denim slacks," and reiterated that players were expected to wear jackets and ties. He added that the dress code and haircut rule was "to establish a settlement of discipline in [the] Blue Jays overall operation. After all, history confirms that the most disciplined armies were victorious."

Nearly all of the players who accepted their minor league assignments were eventually called up and given their chance to play in Toronto. As many had expected, the team was indeed poor, finishing with the worst record in baseball in 1977, losing 107 games. When the team finally did have its first winning season in 1983, only three of those at camp in 1977 were still with the organization.

# KEY FINDINGS

## \$4.5 Million

Average annual amount of discounted media value that Dunedin and the wider Pinellas County earns during Spring Training television broadcasts in Canada as well as online, social media and through earned mentions in peripheral programming across North America.

## \$112.5 Million

Should the *Blue Jays* continue to hold Spring Training in Dunedin for 25 years beyond the 2017 season, the earned media value generated for the benefit of Pinellas County over that period would be \$112.5 Million.

## 268,000

As the only Major League Baseball team in Canada, the *Toronto Blue Jays* have very strong viewership numbers for Spring Training game telecasts. In 2016, the team's average viewership per game was 330,000, which is 1.25X+ higher than the average US team's audience on ESPN and MLB Network during the *Regular Season* (Person's 18+). In 2015, the *Blue Jays* average Spring Season game telecast viewership was 205,000, resulting in an annual average of 268,000 (Persons 18+).

### WHAT'S INCLUDED:

The following valuation is measuring the exposure of Dunedin, St. Petersburg-Clearwater and wider Pinellas County through dedicated game coverage on TV in Canada and through editorial mentions within US and Canadian online media, verbal mentions during sports and news television programming in the US and Canada, and across the *Toronto Blue Jays'* social media channels (Twitter, Facebook, and Instagram). Not included in the valuation are any additional exposure opportunities through peripheral broadcasts (Sports News and highlights programming), Print exposure or Radio exposure (such as Toronto Blue Jays Spring Training, radio broadcasts in Canada). These were excluded solely due to difficulty of measurement and not due relevance.

\*\*Static Behind Home Plate signage only appeared in 2015. Due to time on screen, different signage locations in stadium can have a significant impact in driving higher media exposure values

\*\*\*Verbal Mentions are of specific city call-outs and are each valued at 4 seconds of full exposure. While certain Blue Jays game broadcasts and other television coverage may contain longer discussions of Dunedin, Pinellas County, local weather and other matters, Nielsen Sports does not track continued conversation about same or apply any contextual uplifts in its methodology.

## Economic Impact Analysis Using IMPLAN

The IMPLAN program was used to assess the economic contribution of the following spending upon Pinellas County: (i) spending by the *Toronto Blue Jays*, and (ii) spending by *Blue Jays Spring Training*-generate visitors County. The IMPLAN program is widely accepted by researchers because it uses multipliers for specific outputs to estimate the impact that spending generates upon labor income and employment. Many federal and state agencies have adopted the IMPLAN model for their economic analysis. These agencies include but are not limited to the following: Bureau of Economic Analysis, United States Department of Agriculture (USDA), U.S. Forest Service, Florida Labor Market Statistics, Florida Department of Environmental Protection, and many other similar agencies in Florida and throughout the country.

IMPLAN uses a methodology based upon the application of various multipliers to calculate specific multipliers for output, labor income, and employment individually. Data are collected for 528 distinct industry sectors at the national, state and local economic levels. IMPLAN captures direct, indirect and induced effects on output, labor income and employment in all industries comprising local economies. The strength of the IMPLAN multiplier is the integration of the input-output table within its software program with a set of accounts (e.g., sectors, household, government, capital) to represent the complete set of revenue and income flows between production, income, consumption, investment, and trade. Thus, the multipliers are dynamic and fluctuating and have to be calculated for each economic impact analysis.

The economic impact involving spending by the *Toronto Blue Jays* organization related to Pinellas County was calculated using IMPLAN and documents that the total impact on output (Direct + Indirect + Induced) related to the *Toronto Blue Jays* spending information reported in this study is \$21.4 million.

A further \$70.6 million was generated as a result of *Blue Jays Spring Training*-generated visitor spending during the 2016 Spring Training Season, bringing the annual total of economic impact of the two components to \$92 million.

# ECONOMIC IMPACT METHODOLOGY

## Economic Impact Analysis Using IMPLAN

IMPLAN uses employee compensation (i.e., wage and salary payments as well as benefits, including health and life insurance, retirement payments and other non-cash compensation) and proprietor's incomes when calculating the impact of labor income. Total labor income generated by those Pinellas County residents related to employee compensation received through direct spending by the *Toronto Blue Jays* was estimated at \$7.09 million and supported an estimated total of 135.8 new full-and part-time employees in the area.

The total output multiplier (Direct + Indirect + Induced Impacts/Direct Impact) related to employee compensation is 1.57. That is, dollars spent by the Toronto Blue Jays associated with employee contributions turn over 1.57 times on average, to the total value of output in all sectors in Pinellas County. The total labor income multiplier for Pinellas County is 1.53. This means for every dollar change in income related to the *Toronto Blue Jays* spending, it will produce a total income change of \$1.53 in the local economy. Finally, the total employment multiplier for the region is 1.58. It indicates that the creation of one new direct job related to spending by the *Toronto Blue Jays* results in a total of 1.58 jobs in the local economy.

# GLOSSARY OF ECONOMIC IMPACT TERMS

**Direct effect:** production changes associated with changes in demand for the good itself; it is an initial impact on the economy.

**Employee compensation:** wage and salary payments as well as benefits, including health and life insurance, retirement payments and other non-cash compensation.

**Employment multiplier:** for every million dollar change in final-demand spending (direct output), the change in employment (jobs).

**Indirect effect:** the secondary impact caused by changing input needs of directly affected industries (e.g., additional input purchases to produce additional output).

**Induced effect:** caused by changes in household spending due to the additional employment generated by direct and indirect effects.

**Labor income:** consists of employee compensation and proprietary income.

**Labor income multiplier:** for every dollar change in final-demand spending (direct output), the change in income received by households.

**Output:** industry output is a measure of the value of goods and services produced in the study area.

**Output multiplier:** An output multiplier for a sector is defined as the total production in all sectors of the economy that is necessary to satisfy a dollar's worth of final demand for that sector's output (Miller and Blair, 1985). In other words, every dollar change in final-demand spending (direct output) changes the total value of output in all sectors.

**Proprietary income:** consists of payments received by self-employed individuals as income. This includes income received by private business owners, doctors, lawyers and so forth.

# GLOSSARY OF MEDIA EXPOSURE TERMS

## NUMBER OF EXPOSURES (NUMBER)

The number of exposures a property generates is the number of independent sequences of exposure a brand-property combination generates. In regards to its usefulness in analysis, it can be used to assess the number of times a signage point is seen uniquely.

## SUM OF DURATION ON SCREEN (SECONDS)

Duration on screen is probably the most common comparative used as it is a pure measure. There are no external factors such as audience, cost per thousand, or the quality of location in play. It is suitable in assessing pure exposure capture for share of voice within a shared property such as LED Signage, or if looking at a specific property year on year where a logo or setup may have changed.

## AVERAGE EXPOSURE DURATION (SECONDS)

The average exposure duration gives a snapshot view of the average duration on screen per exposure for a property.

Average exposure size (% of total screen size)

The average exposure size represents the average size on screen for the hits collected for each exposure. It can give a basic view on hit size for a property.

## 100% MEDIA EQUIVALENCY

100% media equivalency brings an added layer of audience and cost per thousand on top of the duration comparison. It is suitable

if an analysis is needed where weight of exposure (duration), and the audience and cost per thousand is factored in, but the quality or impact of the exposure is not.

## QI MEDIA VALUE

This is the most common method of comparison as it comprises all elements of the equation – weight of exposure, audience, cost per thousand, and quality of the exposure (QI media value). This is the best method for overall appraisals of sponsorships and inventory, particularly in comparison to investment.

## QI SCORE

QI Score is an excellent comparison of the actual exposure quality and impact between and logos and properties. If the QI Score is devised for an overall sponsorship, it can act as a guide on which a mix of properties is the optimum from a pure quality and impact perspective, not counting weight of exposure, audience, or cost per thousand.

## SCREEN LOCATION

Screen location can be used to make an assessment of the location of the hits on screen. Location A is the center of the screen. Location B is the cumulative figure for hit in location B, C, D and E

## ONLINE MEDIA REACH

Aggregated number of average daily visitors across the sites with *Blue Jays* coverage in Pinellas County

E. If the arbitrator (or if a panel is selected) feels that he or she requires input from third party consultants, the arbitrator shall be entitled to hire any such consultant provided that such consultant is unbiased and has no relationship with either Party. The cost of the arbitration, including all fees and expenses of the arbitrator, shall be borne or apportioned in accordance with the reward of the arbitrator.

F. Discovery in the arbitration will be conducted in accordance with the Florida Rules of Civil Procedure.

G. After all the evidence has been presented and the hearing has concluded, the arbitrator shall issue an award within thirty (30) days. A judgment upon that award shall be enforceable in any court having jurisdiction of such matters in the State of Florida.

2. Term. The term of this Use Agreement shall be for fifteen (15) years, commencing on January 1, 2001 and ending December 31, 2016, subject to the contingency set forth in Section 19, herein below.
3. Major League Team. The Club agrees to bring to the City each year of the term hereof a major league baseball team for its spring training and conditioning program, subject, however, to any restrictions or limitations which may occur or arise by virtue of war, travel restrictions, labor disputes, or the direction of the Commissioner of Baseball. The Club shall utilize its best effort to schedule at the Facilities a maximum number of games with other major league clubs during each spring training season.
4. Use of Premises. The Club shall have priority use of the Facilities during the entire months of February and March and during the first two (2) weeks in April in each year; provided, however, that such use shall not be exclusive and the City's Director of Parks and Recreation may schedule other events, including baseball games, when the use of the Facilities is not required by the Club or its affiliated farm clubs. The Club shall also have the right to

priority use of the Facilities for an additional period not to exceed one hundred and eighty (180) days during each year to conduct post-season training camps, summer clinics and try-out camps. The Club shall give the City's Director of Parks and Recreation (the "Director") not less than three (3) months' written notice of its intent to use same for such additional period.

Additionally, the Club shall have priority use of Joker Marchant Stadium on those dates and during those hours when regular season or play-off home games are scheduled for Lakeland, Florida by the Florida State Baseball League; provided, however, that such use shall not be exclusive and the Director may schedule other events, including baseball games, when the use of the premises is not required by the Club. The Club shall also have the right to priority use of the Facilities for dates reasonably necessary for practice sessions prior to or during the course of the regular baseball season and League play-off games.

In the event that the Club wishes to use the Facilities, in whole or in part, at times or for purposes not delineated above, the Club may request same in writing to the Director, who shall have the absolute discretion to approve or disapprove same, and to prescribe such terms and conditions as may be reasonable or necessary.

The City may use all or any part of the Facilities when not being utilized by the Club.

5. **Maintenance and Repair.** The City agrees to maintain the facilities in first-class condition for use as a baseball park by the Club and visiting clubs, said condition to be reasonably approved by the Club, including, but not limited to, such lights and lighting equipment as the Club may determine is necessary for the playing of baseball games at night.

The City shall furnish at its own cost all necessary equipment, labor and materials in connection with the maintenance and repair of the Facility, with the exception of the following, which shall be at the cost of the Club:

- A. Overtime wages for any City maintenance employee working in excess of forty (40) hours per week, when such overtime is caused or requested by the Club and which wages shall be reimbursed to the City by the Club on a monthly basis upon invoice.
- B. All costs associated with employees utilized by the City for the purpose of maintaining the Tigertown baseball fields. To the extent that these costs are incurred in connection with hiring additional employees other than those that are regular employees of the City, said additional employees shall be temporary employees of the City for purposes of Worker's Compensation coverage, but shall not be participants in the City's group insurance plan.
- C. All actual costs incurred by the City in connection with furnishing labor and materials to maintain the Facilities during the optional one hundred and eighty (180) day period of additional use by the Club.
- D. All actual costs associated with annual operation and maintenance of the cafeteria and Fetzer Hall associated with the Club's use thereof, including equipment, with the exception of permanently installed equipment and fixtures.

- E. The repair of the Facilities occasioned by the negligent conduct of the Club, its agents and employees, reasonable wear and tear excepted. The Club shall also use its best efforts to protect the Facilities when being used and occupied by the Club and employ any necessary security personnel at its own cost and expense.

The City shall also furnish at its expense all utilities, including heat, water and hot water necessary for the club's use of the Facilities, except for gas, which shall be paid for by Club.

6. **Obligations of Club.** The Club agrees that the Club will furnish, at its cost and expense, all necessary baseball equipment, including batting cages. The City may use the batting cages during the periods that the Facilities are not occupied or used by the Club, provided that the City returns the equipment to the Club in as good condition as when received, or make reimbursement for the value thereof, except for normal wear and tear, damage from fire and acts of God. The Club shall also pay for such reimbursable items as the Club and the City may agree, such as cleaning supplies and equipment and materials specifically required for baseball operations.
7. **Rights of Club.** Subject to paragraphs 8 and 9, the Club shall have the exclusive right to and complete control of all ticket sales, concession operations, scorebook/program and sales of all novelties and souvenirs, field and stadium advertising, suite rental and service and all revenue derived therefrom. - (c) One dollar and fifty cents (\$1.50) per ticket stadium facility charge will be paid to the City and applied to relief of the loan until its obligation is met. At that time, this amount reverts to the Club.

All fees payable pursuant to Sec. 8.(a)1. and 2., 8.(b)1. and 2. and (c) shall be applied to relief of the loan until the obligation is met. The Club's total annual obligation for fees payable pursuant to this Section 8 for any calendar year shall not exceed \$300,000.00.

The term "gross receipts" shall be defined as gross sales proceeds, less deductions for any applicable state, federal or local taxes.

There shall be no payment required with respect to scoreboard/program receipts.

9. **Annual Rent.** The Club shall pay annual rental of Seventeen Thousand (\$17,000.00) Dollars for Tigertown to be paid prospectively on January 1 of each year, with a four (4%) percent discount if paid prior to due date. This amount of money will be placed in the special Tigertown improvements account to be used as directed by the Club for replacement and improvements of minor league facilities.
10. **Payment:** Except for the annual rent and overtime expenses which are paid quarterly, any and all payments required by this Agreement to be made by the Club shall be paid to the City together with a full and final accounting 30 days after the conclusion of the spring training season, the Lakeland Tigers season or other activity. Payment shall be made to the Parks and Recreation Director, City Hall, Lakeland, Florida, or such other person or office designated by the City in writing.
11. **Insurance.** The Club shall maintain adequate liability insurance, designating the City as a named insured, to protect the City from any liability arising from the use of the Facilities by the Club. The minimum limits of such policy of insurance shall be \$500,000.00 for injury to any one person; \$1,000,000.00 for injuries arising out of a single occurrence; and \$100,000.00 for property damage resulting from a single occurrence.
12. **Damage or Destruction.** In the event any of the Facilities shall be damaged by fire or other casualty and such Facilities shall have been insured against such loss by the City, then the entire proceeds of any such policy or insurance shall be paid to the City, free of any claim or right of the Club. The City shall have the right to restore or reconstruct any damaged or destroyed building or premises, and any reconstructed building shall become a part of the Facilities. In the event such portions of the Facilities are destroyed as to render the entire Facilities unsuitable in the Club's judgment for the Club's operation, the Club shall have the right to play elsewhere until such restoration or reconstruction is completed and, if the City neither reconstructs the premises within either 60 days or by October 30 immediately following the destruction, then, in either case at the Club's option, the Club shall have the right to terminate this Agreement by providing written notice and without further obligation or responsibility. In that event, the City shall refund to the Club on a pro rata basis any prepaid rents which may have been made prior to the date of termination.
13. **Taxes.** The Club shall be responsible for and pay any and all sales or other tax incidental to this Agreement. In the event that ad valorem taxes are assessed against the Facilities or any portion thereof as a result of the Club's use of same, the Club shall be responsible for its prorata portion of such taxes.
14. **Termination.** This Agreement may be terminated by either party upon material breach by the other party, upon thirty (30) days' prior written notice, certified mail, return receipt requested (deemed made upon receipt) and failure by the defaulting party to cure the same within said 30 days. In the event that the Club fails to cure any such breach and there remains an outstanding balance on the loan referenced in Section 8 heretof, the Club shall pay the City

\$10,000.00 as liquidated damages, which shall be the City's sole and exclusive remedy as a result thereof.

15. Option. The Club shall have the option to renew this Agreement for an additional term of ten (10) years by giving the City written notice of its intention to renew same not less than one (1) year prior to the expiration of the initial term hereof. The rental imposed during such renewed term shall be the amount agreed upon by the parties hereto prior to the commencement of the renewal.
16. Subcontractors. If any services permitted by this Agreement are subcontracted by the Club, any such subcontractor shall either be included as an additional insured under the Club's insurance policy, or shall file with the City a Certificate of Insurance evidencing compliance with Paragraph 11 hereof.
17. Agreement of City Regarding Revenue. The City agrees to take such action as is necessary under the laws of the State of Florida to plan and budget for receipt of a sufficient appropriation of funds to discharge its obligations hereunder; provided, however, if the City has not appropriated sufficient funds to enable it to discharge its obligations then, notwithstanding any other provision contained herein, this Agreement may be terminated effective upon expiration of the fiscal year in which sufficient funds were last appropriated to satisfy the obligations.
18. Assignability/Amendment. This Agreement shall be binding and inure to the benefits of the successors of each of the parties, but it is mutually agreed that this Agreement shall not be assigned by the Club to any person, firm or corporation without the written consent of the City, which consent shall not be unreasonably withheld.

Notwithstanding the foregoing, no consent is required in the event that the Club sells its major league franchise rights, said sale is approved by Major League Baseball and the team continues to play its regular season baseball games in the Metropolitan Detroit area.

Any amendment to this Agreement shall not be effective unless in writing and approved by the Office of the Commissioner of Baseball.

19. Covenants Contingent. The parties expressly acknowledge and agree that the mutual covenants undertaken in this Agreement are contingent on presentation by the City to the club of a plan of project finance which includes irrevocable commitments and awarding of funds, pursuant to §288.1182, Florida Statutes, from the State of Florida, Polk County and the City of Lakeland, all of which, when combined with the obligations and undertakings elsewhere referenced herein, will provide sources of no less than \$9.5 million which are to be irrevocably committed to the project. This financing plan shall be subject to the approval of the club, which shall not be unreasonably withheld. Further, the club shall have approval of the renovation program for which the financing plan has been irrevocably committed, such approval not to be unreasonably withheld.

**WHEREAS, the City intends to undertake a project for the renovation and expansion of the Complex as more particularly described in Section 4.2 (collectively, the "Improvements") in order to induce the Team to extend their current lease or enter into a new lease with the City for an additional twenty (20) year period, and, in connection therewith, will apply for State funding for renovation of a spring training facility pursuant to Section 288.11631, Florida Statutes for the purpose of funding a portion of the Improvements; and**

**WHEREAS, the Improvements by the City comply with and will further the purposes of the County's plan of tourist development devised in accordance with Section 125.0104(4), Florida Statutes; will promote the influx of tourists to the City and the County, and thereby benefit the local economy; and will be of substantial benefit to the entire City and County; and**

**WHEREAS, it is the purpose and intent of the Parties, this Agreement, and the Cooperation Act to permit the City and the County to make the most efficient use of their respective powers, resources and capabilities by enabling them to cooperate on the basis of mutual advantage and thereby to provide for the Improvements in the manner that will best**

accord with the existing resources available to each of them and with the geographic, economic, population and other factors influencing the needs and developments within their respective jurisdictions; and

**WHEREAS**, it is the purpose of the Cooperation Act to provide for a means by which the City and the County may exercise their respective powers, privileges and authorities which they share in common and which each might exercise separately; and

**WHEREAS**, the City has committed to incur all or a portion of the Indebtedness (hereinafter defined) for the Improvements, and the County has elected to pledge a portion of the revenues from its tourist development tax, authorized by Section 125.0104, Florida Statutes (the "Tourist Development Tax"), in the amounts set forth in Section 3.2, to pay a portion of the Indebtedness, all in accordance with the intent and purposes of the Cooperation Act permitting local governments to, among other things, provide from their treasuries the financial support for the purposes set forth in interlocal agreements; and

**WHEREAS**, the City and the County have ascertained that the method or formula for equitably providing for and allocating and financing the capital costs for the Improvements and the payment of the Indebtedness therefor, including payments to reserve funds and payments of principal and interest on obligations as established by the Parties, are reasonable on the basis of the amount of services rendered or to be rendered, benefits received or conferred and on all other equitable bases; and

**WHEREAS**, in order to induce the Team to extend their current lease or enter into a new lease with the City for an additional twenty (20) year period the County deems it proper and appropriate to pledge a portion of the Tourist Development Tax to pay a portion of the Indebtedness, as more specifically set forth herein; and

**WHEREAS, the City and the County wish by this Agreement to provide for the terms and conditions of the commitment of the City and the County created hereby and to secure the payment of the Indebtedness, in order to further the purposes stated herein.**

**NOW, THEREFORE, in consideration of the promises, mutual covenants and conditions contained herein, the Parties agree as follows:**

**SECTION 1: Recitals**

The above recitals are true and correct and incorporated herein.

**SECTION 2: Authority**

This Agreement is entered into pursuant to the provisions of Section 163.01, Florida Statutes; Chapter 166, Florida Statutes; Chapter 125, Florida Statutes; and other applicable provisions of law.

**SECTION 3: Covenants and Obligations of the County**

3.1 Subject to the terms and conditions of this Agreement, the County does hereby covenant and pledge a portion of the fourth percent of the Tourist Development Tax for the purposes provided herein, for a term of twenty (20) years. In order to finance the Improvements, the City shall issue bonds, amortized over a twenty (20) year period, in the approximate amount of \$37,000,000.00 (the "Indebtedness"). The City shall issue all such bonds in a one-time, single issuance, and the Parties expressly acknowledge and agree that this Agreement, and the County's obligations hereunder, shall not apply to any bonds issued by the City following such initial issuance, whether issued in connection with the financing of the Improvements or not; provided, however, this provision shall not operate to limit either Party's rights under Section 4.6 of this Agreement.

3.2 The County shall make a single annual payment to the City, commencing September 30, 2017 and every September 30th thereafter in an amount equal to the lesser

of: (i) 39.4% of the actual amount of principal and interest due on the Indebtedness for that particular year; or (ii) the amount of annual principal and interest necessary to defease a principal amount of \$14,560,000.00, over a twenty (20) year term, at a maximum interest rate of 4.5%. Such annual payments by the County shall be applied toward payment of the Indebtedness, and the County shall make such annual payments to the City until the County's obligation under this Agreement is satisfied, or sooner terminated. The annual payment shall represent both principal and interest on the County's portion of the Indebtedness as set forth on the Estimated Bonded Debt Amortization Schedule shown in Exhibit "A" attached hereto and incorporated herein. Exhibit "A" is provided for illustration purposes only and shall not be construed as adding to or limiting the obligation of the Parties pursuant to this Agreement. Upon the issuance of the Indebtedness, the actual amortization schedule for the Indebtedness shall be used to calculate the annual payments due and shall be incorporated into this Agreement as an addendum. The Parties agree that the sum of all annual principal payments provided by the County herein will not exceed \$14,560,000, nor constitute more than 39.4% of a total project cost of at least 37,000,000.

3.3 On any annual payment date, the County may elect to terminate its obligations under this Agreement by paying to the City an amount equal to the County's share of the unpaid principal amount due on the Indebtedness through maturity of this Agreement.

3.4 With the exception of those revenues previously pledged for improvements to the Lakeland Civic Center, the County covenants and agrees to apply the annual revenues derived from the fourth percent of the Tourist Development Tax up to the annual proportionate share of the limits set forth in Section 3.2 to satisfy its annual payment

obligations under this Agreement prior to applying said revenues to any other purpose. The Parties acknowledge and agree that all surplus funds generated annually from the fourth percent of the Tourist Development Tax in excess of what is necessary to satisfy and discharge the County's annual obligations hereunder, including any carried over amount from the prior year, if any, as set forth below, may be utilized by the County for any purpose authorized by Section 125.0104(3)(f), Florida Statutes. In the event the revenue generated from the fourth percent of the Tourist Development Tax is insufficient in any given fiscal year for the County to meet its obligations hereunder, then the County shall carry the shortfall forward so that it becomes due and payable with the next annual payment. In the event full payment has not been made at the end of the twenty year financing period provided herein, the Parties agree that this Agreement, and the County's obligation to make payments hereunder, shall be extended for such additional period of time as is necessary for the County to make full payment to the City.

**SECTION 4: Covenants and Obligations of the City**

Subject to the terms and conditions of this Agreement, the City does hereby covenant and agree as follows:

4.1 In order to finance the Improvements, the City shall proceed with all steps necessary to obtain financing and related costs for the Improvements, and shall diligently pursue completion of the Improvements being financed with the proceeds of the debt instrument(s);

4.2 The City shall apply for State incentive funding for renovations for a spring training franchise facility pursuant to Section 288.11631, Florida Statutes, and the City shall use the proceeds of such funding for the sole purpose of financing a portion of the costs of the Improvements by servicing the debt obtained to finance the Improvements as

**4.5 The City covenants and agrees not to mortgage, sell, dispose of, transfer or otherwise convey any interest in the Complex during the term of this Agreement without the written consent of the County and any proceeds from any such disposition shall first be applied against the Indebtedness;**

**4.6 The City covenants and agrees not to modify or amend any of the debt**

instruments secured in connection with the financing of the Improvements in any manner which would shorten, lengthen, enlarge or modify the obligations of the County hereunder, or to refund any bonds without prior written consent of the County; and in the event such modification or amendment is made which reduces the total debt service payment on the Indebtedness, then the County's share of the debt service obligation shall be reduced proportionately;

4.7 The City shall prepare the annual payment calculations based upon the actual amortization schedule as described in Section 3.2 and submit a written copy of such calculation to the County on or before August 1 immediately preceding each required annual payment date; and

4.8 As consideration for the County's pledge made herein, the City shall permit the County to use the Complex, or portions thereof, for not more than four (4) special events per year during the term of this Agreement, which events shall not exceed a maximum of nine (9) days per year, collectively, and shall not conflict or interfere with the activities of the Team. The County agrees to reimburse the City for its reasonable staff and maintenance costs incurred as a result of the County's use of the Complex.

#### **SECTION 5: Conditions**

The Parties acknowledge and agree that the County's performance under this Agreement is contingent upon the following conditions:

5.1 The City must receive written acknowledgment from the State of its award of not less than \$20,000,000 of incentive funding pursuant to Section 288.11631, Florida Statutes, as further described in Section 4.2. The City shall provide a copy of such acknowledgment to the County within five (5) business days of receipt. In the event the City is unable to secure such funding, this Agreement shall be *void ab initio*, the County

shall have no obligation hereunder, and any payments made by the County to the City pursuant to this Agreement shall be immediately returned to the County in full; and

5.2 The City must enter into an agreement with the Team for the lease of the Complex for a term of not less than twenty (20) consecutive years (the "Lease"). The City shall provide a copy of the fully executed Lease to the County within five (5) business days of full execution. In the event the Lease is not executed for any reason, whether through any fault or no fault whatsoever of the City, this Agreement shall immediately terminate and be of no further force or effect, and the County shall have no further obligation hereunder. In the event that the Lease is terminated by the City or the Team, or the Team relocates its home spring training games or the Lakeland Flying Tigers home games to another location prior to the completion of the Lease term (individually, a "Default Event" and collectively, the "Default Events"), then the County shall have the right to terminate this Agreement by providing written notice thereof to the City, and, in such event, the County shall have no further obligations hereunder; provided, however, that if the Lease is terminated through no fault of the City, then prior to the County terminating this Agreement, the City shall be permitted to pursue the enforcement of its remedies under the Lease for a period not to exceed 24 months from the date of the Lease termination (the "Enforcement Period"). If during the Enforcement Period the County determines in its reasonable discretion that the City is not diligently pursuing its Lease remedies, or if the Enforcement Period expires and any of the Default Events remain uncured, then the County shall have the right to terminate this Agreement effective immediately. Within sixty (60) days from the date of such termination, the City shall reimburse the County in full for any principal and interest payments made by the County pursuant to Section 3.2, from the date on which the Default Event(s) first occurred through the date this Agreement

is terminated. Said reimbursement to the County by the City shall also include interest on all the debt service payments from the date the County makes such payments, to the date this Agreement is terminated. Such interest shall accrue at the annual average rate of the State Board of Administration's Florida Prime 30-day average yield for the months of October through September of the previous fiscal year.

**SECTION 6: No Lien on Nor Pledge of Ad Valorem Revenues**

The pledge of the City and the County, respectively, as set forth herein, shall not constitute nor create a lien, either legal or equitable, on any of the City's or the County's respective ad valorem revenues or funds. Neither the City nor the County shall ever be required to levy ad valorem taxes on any property within its respective boundaries to pay their respective shares of the debt service payments or any other payments provided herein.

**SECTION 7: Indemnification**

Without waiving sovereign immunity pursuant to Section 768.28, Florida Statutes, each party will indemnify the other from and against any and all claims, demands, causes of action, losses, damages, penalties and expenses, including attorneys' fees, arising from or incurred because of any loss or damage sustained as a result of the indemnifying party's failure to comply with the provisions of this Agreement, to the extent permissible by Florida law. Nothing herein shall be deemed a waiver, express or implied, of either party's sovereign immunity or an increase in the limits of liability pursuant to Section 768.28, Florida Statutes, regardless of whether any such obligations are based in tort, contract, statute, strict liability, negligence, product liability or otherwise.

**SECTION 8: Term**

Unless extended by mutual written agreement of the Parties, or unless otherwise provided in this Agreement, this Agreement shall expire when the County's financial

obligations as set forth in Section 3 have been satisfied.

**SECTION 9: Effective Date**

Pursuant to Section 163.01(11), Florida Statutes, this Agreement shall become effective upon the filing of the fully executed Agreement with the Clerk of the Circuit Court for Polk County, Florida.

**SECTION 10: Notice**

Any notice or correspondence required under this Agreement shall be provided to the other party by personal hand delivery, by recognized overnight courier service, postage prepaid, or by certified mail, return receipt requested, to the other party at the address set forth below:

**SECTION 11: Third-Party Rights**

Nothing in this Agreement is intended, nor shall be construed, to confer any rights or benefits upon any party other than the City and the County.

**SECTION 12: Assignment**

Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered under any circumstances.

**SECTION 13: Severability**

The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement. Any void provision shall be deemed severed from the Agreement and the balance of the Agreement shall be construed and enforced as if the Agreement did not

contain the particular portion or provision held to be void. The Parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

**SECTION 14: Controlling Law / Members of the City and County Not Liable**

All covenants, stipulations, obligations and agreements of the County and the City contained in this Agreement shall be deemed to be covenants, stipulations, obligations and agreements of the County and the City, respectively, to the full extent authorized by the Cooperative Act and provided by the Constitution and the laws of the State of Florida. No covenant, stipulation, obligation or agreement contained herein shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future member of the governing body or agent or employee of the City or the County in its, his, her or their individual capacity and neither the members of the governing body of the City or the County nor any official executing this Agreement shall be liable personally or shall be subject to any accountability by reason of the execution by the City or the County of this Agreement or any act pertaining hereto.

**SECTION 15: LIMITATION OF LIABILITY**

**IN NO EVENT, SHALL THE COUNTY BE LIABLE TO THE CITY FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS AGREEMENT BY THE COUNTY WHETHER BASED IN CONTRACT,**

**COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION, INDEMNITY OR OTHERWISE.**

**SECTION 16: Governing Law and Venue**

This Agreement shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida, Tampa Division.

**SECTION 17: Attorneys' Fees and Costs**

Each party shall be responsible for its own legal and attorneys' fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorneys' fees, costs, and expenses incurred for any appellate or bankruptcy proceedings.

**SECTION 18: Waiver**

A waiver by either the County or the City of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

**SECTION 19: Annual Appropriations**

The City acknowledges that the County, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein

contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the County's performance and obligation to pay under this Agreement is contingent upon annual appropriation.

**SECTION 20: Entirety of Agreement**

The Parties agree that this Agreement sets forth the entire understanding between the Parties as to the subject matter contained herein, and that there are no promises or understandings between the Parties other than those stated herein. This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters or other communications between the City and the County pertaining to the matters stated herein, whether written or oral.

**SECTION 21: Amendment**

This Agreement may not be modified, added to, superseded or otherwise altered unless such modifications, additions or other alterations are evidenced in writing signed by both the County and the City.

12. **Damage or Destruction.** In the event any of the Facilities shall be damaged by fire or other casualty and such Facilities shall have been insured against such loss by the City, then the entire proceeds of any such policy or insurance shall be paid to the City, free of any claim or right of the Club. The City shall have the right to restore or reconstruct any damaged or destroyed building or premises, and any reconstructed building shall become a part of the Facilities. In the event such portions of the Facilities are destroyed as to render the entire Facilities unsuitable in the Club's judgment for the Club's operation, the Club shall have the right to play elsewhere until such restoration or reconstruction is completed and, if the City neither reconstructs the premises within either 60 days or by October 30 immediately following the destruction, then, in either case at the Club's option, the Club shall have the right to terminate this Agreement by providing written notice and without further obligation or responsibility. In that event, the City shall refund to the Club on a pro rata basis any prepaid rents which may have been made prior to the date of termination.
13. **Taxes.** The Club shall be responsible for and pay any and all sales or other tax incidental to this Agreement. In the event that ad valorem taxes are assessed against the Facilities or any portion thereof as a result of the Club's use of same, the Club shall be responsible for its prorate portion of such taxes.
14. **Termination.** This Agreement may be terminated by either party upon material breach by the other party, upon thirty (30) days' prior written notice, certified mail, return receipt requested (deemed made upon receipt) and failure by the defaulting party to cure the same within said 30 days. In the event that the Club fails to cure any such breach and there remains an outstanding balance on the loan referenced in Section 8 hereof, the Club shall pay the City

\$10,000.00 as liquidated damages, which shall be the City's sole and exclusive remedy as a result thereof.

15. Option. The Club shall have the option to renew this Agreement for an additional term of ten (10) years by giving the City written notice of its intention to renew same not less than one (1) year prior to the expiration of the initial term hereof. The rental imposed during such renewed term shall be the amount agreed upon by the parties hereto prior to the commencement of the renewal.
16. Subcontractors. If any services permitted by this Agreement are subcontracted by the Club, any such subcontractor shall either be included as an additional insured under the Club's insurance policy, or shall file with the City a Certificate of Insurance evidencing compliance with Paragraph 11 hereof.
17. Agreement of City Regarding Revenue. The City agrees to take such action as is necessary under the laws of the State of Florida to plan and budget for receipt of a sufficient appropriation of funds to discharge its obligations hereunder; provided, however, if the City has not appropriated sufficient funds to enable it to discharge its obligations then, notwithstanding any other provision contained herein, this Agreement may be terminated effective upon expiration of the fiscal year in which sufficient funds were last appropriated to satisfy the obligations.
18. Assignability/Amendment. This Agreement shall be binding and inure to the benefits of the successors of each of the parties, but it is mutually agreed that this Agreement shall not be assigned by the Club to any person, firm or corporation without the written consent of the City, which consent shall not be unreasonably withheld.

Notwithstanding the foregoing, no consent is required in the event that the Club sells its major league franchise rights, said sale is approved by Major League Baseball and the team continues to play its regular season baseball games in the Metropolitan Detroit area.

Any amendment to this Agreement shall not be effective unless in writing and approved by the Office of the Commissioner of Baseball.

Further, the club shall have approval of the renovation program for which the financing plan has been irrevocably committed, such approval not to be unreasonably withheld.

This analysis of the Detroit Tigers 2017 Spring Training season in Lakeland is intended to provide background and specifics as to the economic impact of the MLB Spring Training and its effect on Lakeland. In 2017, the Tigers scheduled 18 home games at Joker Merchant Stadium in Lakeland. The season opener, as a recent tradition, was played against Florida Southern College's Baseball

Team, while the remaining 17 were played against other MLB teams. Of the 18 games played, the Tigers averaged 7,261 attendees per game for a grand total of 130,696 individuals.

**2017 Detroit Tiger Spring Training Total Attendance in Lakeland, Florida**

2017	Season Attendance	Number of Home Games	Average Attendance per Game
Detroit Tigers	130,696	18	7,261

This attendee distribution has been broken down even further with information obtained from credit card receipts during the 2017 Tigers Spring Training season. Again, the zip code analysis was used to learn more about the geographic location of the individuals who were attending Spring Training games in Lakeland. This information was based upon the zip code information provided by the 108,140 tickets purchased by individuals to attend Detroit Tiger games during the 2017 Spring Training season in Lakeland.

Working solely with percentages, it was determined that internationally, 5.01% of the individuals attending games were from outside the United States, with the majority of these coming from Canada. Within the United States, 38.06% of the attendees were from Florida and 31.19% were from Michigan, these states were followed by Ohio with 2.39%, Pennsylvania with 2.33%, New York with 2.14%, Illinois with 1.87%, Missouri with 1.46% and Maryland with 1.38%. After this, 7 additional states drew close to 1% of the tickets sold and based on the zip code analysis it was determined that 61.94% of individuals attending a Tiger’s Spring Training game in Lakeland visited from outside of Florida.

US Geography	Number of Attendees	% of Attendees
Florida	41,162	38.06%
Michigan	33,726	31.19%

Statewide within Florida, 36.09% of the individuals attending Tiger Spring Training games were from Lakeland. Other cities that drew the most attendees during the 2017 season included Winter Haven with 4.46%, Orlando with 4.16%, Tampa with 3.91%, Saint Petersburg with 3.27%, Zephyrhills with 2.60%, Auburndale with 2.01%, Miami with 1.74%, Clermont with 1.54%, The Villages with 1.33%, Plant City and Kissimmee each with 1.08% and Jacksonville with .93%.

The geographic distributions provided herein support the data and multipliers provided within the 2009 Major League Baseball Florida Spring Training Economic Impact Study Report. With accurate assumptions and firm knowledge, we are better able to capture the spending patterns of attendees which in turn can be reflected in the overall economic analysis.

## POLK COUNTY SPORTS MARKETING

August 22, 2017

Bob Donahay  
Parks & Recreation Director  
City of Lakeland  
228 S. Massachusetts Ave.  
Lakeland, FL 33801

Mr. Donahay:

I seem to write this same thing every year, but the 2017 Spring Training was once again a great one for the City of Lakeland, the Detroit Tigers and Polk County Tourism and Sports Marketing (PCTSM). It is our pleasure to assist you with an estimate of the economic benefits generated by the Detroit Tigers and their impact on Lakeland and Polk County. PCTSM is the official destination marketing organization and sports commission for Polk County, Florida and regularly evaluates the impact of events held in our community.

Our community and the Detroit Tigers continue to enjoy the longest relationship between a team and Spring Training city. I am positive that this length of relationship will never be reached by another city and a Major League Baseball team. This accomplishment has a tremendous benefit to our community. Of course this relationship was only strengthened this year as the major renovation to the Tigertown Complex was completed. We truly believe the Publix Field at Joker Marchant Stadium is the best spring training facility in all of baseball.

As always, the exact impact depends upon many factors that can create a swing in any year, but the overall impact to the City of Lakeland and Polk County continues to be in the range of \$45 million annually. This is partially based on previous studies completed by the state of Florida and more recent surveys at several spring training games. With that said, the Tigers have had great success in attracting visitors/spectators to our area since the last statewide study. This past year the average per game attendance for their 17 home games was 7,491, placing the Tigers third in the Grapefruit league for per game attendance. Total attendance was 127,348 moving the Tigers up one place from the previous year to fourth for the Grapefruit League. The average attendance was 1,134 people per game above the state average, that's an increase of almost 500 attendees per game above last year's state average.

In addition, Polk County Tourism and Sports Marketing and the Tigers hold several events throughout the year including the Florida Junior College State Championships, Tigers Fantasy Camp, visiting Florida State League teams, Tigers Minor League coaches, organizational meetings, showcase events, and is the headquarters for the Detroit Tigers Draft. All of which creates positive impact for our community.

Major League Baseball and specifically, the Detroit Tigers Spring Training, has been, is currently, and will always be an extremely beneficial investment for Lakeland and Polk County.

I am happy to provide any additional information if needed.

Sincerely,

Marc Zimmerman  
Senior Sales & Events Manager

**To Dine For: Ranking the Ballparks Based on the Food They Offer**

**SPRING TRAINING HISTORY**

**Spring Training Sites of World Series Teams**

Shockingly, more teams have advanced to the World Series after training in Cuba than in Sarasota, from which no team has ever embarked on a championship run despite 81 years of trying. To see where the World Series winners have wintered (and the runner-ups too), we've listed [the city/states where all 110 Fall Classic participants held their Spring Training camps](#), breaking the list down into two eras: [1947 to present](#), and [1903-1946](#). That split was chosen because 1947 was the first year that teams permanently set up camp in Arizona. Since that groundbreaking spring training, the only states to send their trainees to the World Series are Arizona and Florida; prior to '47 the finalists came from 10 states.

**2016 Spring Training Recap**

The spring training landscape remained the same in 2016 as it was in 2015, so there were no new ballparks or team relocations in Arizona or Florida to remember the season by.

Instead, the Cubs continued their record-breaking trend at Sloan Park in Mesa, where the ballpark in its 3rd year made it 3-for-3 in setting all-time attendance records for full season (226,163), per game average (15,078), and largest individual game crowd at a spring training-specific ballpark, with that number being the 15,523 that bought tickets to a Cubs-Royals game on March 20.

Large enough crowds flocked to ballparks everywhere in Arizona and Florida that 3,443,920 tickets were collectively sold to the 453 games that were played in 26 venues in the two states. The average attendance for a spring training game in 2016 was 7,602, which was an increase of 105 over the 2015 average.

In the Cactus League, 232 games were played by 15 teams in 11 ballparks. Total attendance was 1,919,752, an average of 8,275 per game. Not a single game was rained out, which was the first time since 2009 that no games in Arizona were canceled due to weather. Among all the games that were played, two of them were held at the Diamondbacks' regular season home, Chase Field, and they contributed 29,190 fans to the 2016 Cactus League total, which also included 6,412 from the [two exhibition games](#) that college teams played against MLB clubs.

In the Grapefruit League, 221 games were played by 15 teams in 15 ballparks. Total attendance was 1,524,168, an average of 6,897 per game. There were 15 rainouts. The Marlins played a pair of official spring training games at their regular season ballpark in Miami and the two games drew 26,318, while another 24,708 were added to the final tally in Florida as that's how many tickets were sold to watch [Major League squads take on collegiate/non-MLB teams](#) in exhibitions at five spring training stadiums.

If strictly including [only games](#) played between the 30 MLB teams at the 24 spring training ballparks, then the combined total of fans to watch those 441 Cactus and Grapefruit League games was 3,383,610, with the per game average crowd for them 7,673. The Cactus League average was 8,264 (1,884,150 tickets sold to 228 games) and the Grapefruit League average was 7,040 (1,499,460 fans and 213 games).

Two ballparks drew spring training fans for the final time in 2016, when [Osceola County Stadium](#) (Astros) and [Space Coast Stadium](#) (Nationals) had their swan song seasons. The stadiums' two inhabitants are moving to West Palm Beach to share a new state-of-the-art complex there in 2017, a move that marks the end of the Astros' tenure in Kissimmee, where they have trained since 1985, and the Nationals' time in Viera, the only location in which Washington's current franchise has ever trained, as the Nats took over the Expos' lease at Space Coast Stadium when Canada's original franchise moved to the United States' capital city.

### 2018 Spring Training Schedules

When is my team's 2018 spring training schedule going to be available? It's the most common question we hear. The answer is most likely sometime between shortly after the end of the regular season, which is October 1, and December 15, as that's when the last teams (Diamondbacks and Rockies) released their schedule last year. Dates will vary by team. For example, the Orioles released their 2017 schedule on October 24, the Yankees on November 7, and the Cubs on November 21. One thing is for certain: when each team releases their 2018 spring training schedule we'll post it on the [Spring Training Schedules page](#). And if you like and then follow [Spring Training Connection on Facebook](#), notices about and links to each team's schedule will be posted there when they become available.

### Same Places, New Names

In a flurry of renaming activity, three Grapefruit League ballparks changed their names in a span of just 45 days. So the Phillies, as of January 9, now play at Spectrum Field (formerly Bright House Field), the Pirates at LECOM Park, which was McKechnie Field prior to February 10, and the Mets finished off the naming rights bonanza with the unveiling of First Data Field on February 23, meaning the Tradition Field name is no more. So when you see those foreign sounding names throughout this spring training know that only what the three ballparks are called has changed and the Mets, Phillies and Pirates will still be playing in the same venues and exact locations as they long have been.

### All Team and League Schedules Have Been Posted

The 2017 spring training schedule is set, as all 30 teams have officially released their schedules, and a close to evenly split 522 exhibition games will be played in Arizona and Florida. For the 15th time in 18 years, Florida Spring Training Baseball total attendance surpassed the 1.5 million mark. Over the course of those 18 years, since 2000, over 28 million fans have attended Major League Baseball Spring Training Games in the State of Florida.

Over the course of 37 days between February 24 and April 1, a total of 249 games were played between Major League teams in Florida with 1,577,914 fans in attendance for an average of 6,337 per game. The attendances figures are compiled annually by the Florida Sports Foundation from daily box scores and verified by each of the 15 teams in the Florida Grapefruit League.

During the 37 day span from late February to April, no games were cancelled due to rain. It is the first time since records have been kept by the Florida Sports Foundation, dating back to the mid-1990s, that no rain outs were recorded.

Nine of the 15 teams playing in Florida surpassed the 100,000 total attendance mark and the Pittsburgh Pirates and New York Mets had a record number of fans attend games at LECOM Park in Bradenton and First Data Field in Port St. Lucie.

The largest crowd of the 2017 season came on Friday, March 17 when the Philadelphia Phillies hosted the Toronto Blue Jays at Spectrum Field in Clearwater, with 11,137 fans in attendance celebrating St. Patrick's Day.

### **More Florida Spring Training Fun Facts**

**Joker Marchant Stadium Remodel Progress Report: October 2015 – December 2016**

**Prepared by: City of Lakeland, Public Works Facilities Construction and Maintenance**

**Date: 12-20-16**

**Updated 4-29-17**

**Finalized 8-28-17**

Construction on the Joker Marchant Stadium started in October 2015 with demo of the existing scoreboard and batting cage area. This selective demo was necessary in order to lay out the new clubhouse building in right field. The relocation of necessary functions such as weight room and training facilities were done in preparation of the Tigers arriving in mid-February. The artificial turf practice field was also completed before spring training of 2016. Temporary weight room and new metal batting cage were also completed before spring of 2016.

The foundation work for the new clubhouse, weight room and executive offices started in late 2015. Excavation and dewatering were completed along with soil compaction. New building foundations were installed and steel frame work placed. Concrete slabs were started on the new building and could be seen before the end of Spring Training 2016. Work on the clubhouse continued through the summer and fall.

After Spring Training of 2016 the Stadium demolition began with removal of the detached grandstand seating and concourse concession and restroom areas. Soil and foundation work began in the area along the west side of the Stadium to accept the proposed grandstands. New steel and precast concrete grandstand seating was erected and installed on the third base side of the stadium. New precast grandstand premium seating was added on the first base side of the stadium in conjunction with the new air conditioned club. New elevators and ADA seating were also added to the first and third base side of the stadium improving and bringing the stadium into ADA compliance.

Underground utilities including domestic water, fire suppression, electrical and storm water infrastructure has been installed. Water supply and waste water removal components were replaced and upgraded to handle the increased capacity of the new restroom and concession infrastructure. The stadium concourse underground utilities such as electrical and water feeds were installed. Lakeland Electric and Lakeland Water as well as the associated trades placed all necessary underground infrastructure allowing the structural work to begin.

Improvements to the playing field are completed. The existing field was excavated down 22 inches, new drainage, new irrigation and grass installed. The new grass has taken root extremely well and the playing conditions are as good as they have ever been.

Selective demo of existing press box, private suites, concession and bathroom areas continued through the summer of 2016. New electrical, plumbing and mechanical systems throughout the stadium and clubhouse were installed. The new Tiger Club lounge was added to the first base side, Also, new low voltage wiring for audio, video, computer and phone systems were installed throughout the entire Tiger Town complex.

Currently the clubhouse is in its final stage of completion with equipment and furnishing installation underway. The stadium is in the process of having concession, electrical, plumbing and mechanical systems finalized. Elevator and life safety systems are being installed and tested. Audio visual systems including video board, ribbon board and speaker systems are being installed and tested. New grandstand seating is installed and being numbered. Graphics including new marquis sign, wayfinding, team and Tigertown history is going up around the complex.

The project is into the final stages and in on schedule to open at the end of February 2017.

There will be more comfort, more entertainment and more fun in a family friendly atmosphere.

**More Shade** - There are six new covered sections (211-216), increasing the number of covered seats (rows N and up) from 1,246 to 2,098 seats (increase of 41%), while more seats will be shaded with the extended roof. The new 34 Club will provide an additional 203 covered seats, while casting shade to sections 200-201, previously unprotected from the sun.

**More Box Seats** - Sections 111 and 112 have been rebuilt and expanded, and we've added four additional box seat sections down the third base line (113-116), bringing the total seating in the 100 sections from 1,243 to 1,888.

**More Air Conditioned Spaces** - The 34 Club, presented by Miller Lite, located atop sections 200-201, features an indoor bar and seating, an all-inclusive buffet and outdoor padded seating for 203 fans. Four former suites on the third base side of the press box have been transformed into the On Deck Suite, an all-inclusive space for 36-60 people that includes upscale food and beverages. You can also cool off in the new 1,800 square foot indoor merchandise store, located at the home plate entrance.

**More Concession Stands and Offerings** - The concession stands have been rebuilt and expanded with all new equipment, offering more items, while rotating in new items to keep the menu fresh and exciting. A new point of sale system should shorten wait times and digital menu boards will allow us to easily post new food offerings and food specials.

**More Restrooms (rebuilt and expanded)** - The number of women's restroom toilets is increasing 50% from 48 to 72. Men's toilets/urinals are increasing from 38 to 48. Two new family restrooms have been added.

**More Wheelchair Accessible Seating (and Elevators)** - Four new wheelchair accessible seating sections were added atop sections 212, 214, 215 and 216, and while the wheelchair accessible section in 205 is being removed; the number of ADA seats (wheelchairs and companion seats) increased from 30 to 42. Two additional elevators have been added, bringing the total to three. Elevators will now be located near the home plate, first base and third base entrances.

**More Premium and Group Seating** - The 34 Club, presented by Miller Lite will sit atop sections 200 and 201. This brand new upscale offering celebrates the Tigers relationship with the City of Lakeland that dates back to 1934, the longest-standing relationship between a major league team and a current Spring Training host city. Enjoy an all-you-can-eat buffet (the menu changes daily), air-conditioned indoor seats and outdoor seating. Perfect for individuals and small groups during Spring Training.

**On Deck Suite** - Situated behind section 208, the On Deck Suite provides a living room feel, with comfortable furniture and couches, HD TVs and an all-inclusive buffet (the menu changes daily). Outdoor seating is also available

to take in all the action. Ideal for groups of 48-60 during the Flying Tigers season, the On Deck Suite is available for Spring Training in sets of four season tickets.

**Hooters Dugout** - Located adjacent to section 100 just down the first base line, the Hooters Dugout is the prime spot for autographs and player interaction. Perfect for groups of 20-40, the area includes an all-you-can-eat picnic with select ballpark and Hooters food, along with your own private waitress staff.

**Pepsi Pavilion** - Featuring two tiers with covering to protect against the sun and rain, the Pepsi Pavilion is perfect for groups ranging from 30-200 people. A mix of fixed stadium seats, drink rails and picnic tables allow for groups to watch the action or socialize with friends and family, while enjoying an all-you-can-eat picnic.

**Margaritaville** - Presented by Margaritaville Rum & Tequila, located directly down the right field line, the Florida themed Margaritaville Deck mixes a Florida theme with views of the bullpens and clubhouse. Featuring two tiers of seating, Margaritaville is available during Spring Training to groups of 44-120 and will double as a group/public place during the Flying Tigers season.

**Suites** - Two additional suites have been built at the top of section 205, along with the two existing suites to receive a complete makeover. A portion of the On Deck Suite can be sectioned off to create a fifth suite. Each suite is furnished with new flat screen TVs (includes the MLB package), WiFi, wet bar, indoor seating and 12 outdoor seats.

## New Features

A number of new features have been added - improved technology and public spaces to enhance your game day experience.

**LED HD Video Displays and Scoreboard** - A new state-of-the-art HD videoboard and scoreboard, measuring 46 feet wide by 26 feet tall (1,196 square feet), will sit atop the berm in left field, one of the largest boards in all of Spring Training, along with a ribbon board in right field. These boards will include day experience, from more player information and stats, to new and exciting in-game promotions.

**Sound System** - A new sound system will allow us to control each individual speaker, reducing and increasing the volume where needed.

**Berm Bar** - Sitting under the new scoreboard in left field, the berm bar will feature 360-degree bar seating, picnic tables, and a ticketed 120-foot drink rail with waitress service during Spring Training.

**The Runway** - Built on top of the former Lodwick Field airstrip, The Runway will connect the first base concourse and the berm, providing fans a 360-degree view of the field. Fans will be able to watch the game from drink rails or beach chair seating, get a unique look into the bullpens, check out the history of TigerTown, and enjoy unique food and drink offerings.

**Kids Playground** - Adjacent to the berm, our new playground will be the go to spot for kids of all ages. Centered around a 27-foot inflatable Tiger bounce house, the playground will also feature a whiffle ball field and other interactive games for kids to enjoy.

**New Player Amenities** - As a year around facility and rehabilitation center for both our major and minor league players.

**Clubhouse and Weight Room** - New clubhouses have been constructed for the Detroit Tigers and Flying Tigers, along with a brand new 7,068 square-foot weight room and agility area, one of the largest in all of Major League Baseball.

**Minor League and Practice Fields** - A new observation tower has been constructed, allowing player development staff to get a 360-degree view of the four practice fields. One field has been replaced with artificial turf, making it suitable for play shortly after rain storms and allowing year-round activity, while the other fields underwent maintenance in the offseason. New practice mounds and a 9,000 square-foot air-conditioned batting cage have also been erected.

**Rehabilitation Facilities** - The new athletic training facility is outfitted with some of today's most advanced treatment and rehabilitative modalities offered, allowing Lakeland to become a year-round rehabilitation and training facility for all major and minor league players. From class IV laser technology to neuromuscular stimulation, the facilities will allow the Tigers sports medicine staff to promote a more efficient environment for the healing process to take place.

## Editorial: Renovated stadium is a community gem

Posted Feb 25, 2017 at 12:01 AM

The Detroit Tigers renewed their annual chase for the American League pennant on Friday, opening their spring training season by hosting the Baltimore Orioles — which came a day after the Tigers played their annual exhibition game against Florida Southern College.

We won't know for several more months how this year's edition of the Tigers will fare. But the team has a peerless launching pad for a World Series bid with the newly renovated Publix Field at Joker Marchant Stadium.

Even though the team will use it for only a month or so, the stadium has been a focal point of the Tigers' 2017 campaign. Ron Myers, the director of the Tigers' operations in Florida, has been telling the community for months that the \$48 million overhaul would produce a facility that not only would be the envy of the Florida spring training circuit, but outdo the Tigers' home in Motor City.

Based on some early reviews, the project — funded in a partnership involving the team, the city of Lakeland, the state of Florida, Polk County and Publix Super Markets — appears to have delivered on Myers' promise.

Many of the changes will be invisible to the fans. Part of the renovation includes new physical conditioning features for the players: an upgraded weight room, a rehabilitation facility and underwater treadmill. For improving their on-field play, the project also encompassed other new amenities: a 360-degree practice field observation tower, practice pitcher mounds, an artificial-turf diamond and a 9,000-square-foot air-conditioned batting cage.

But the fans were not forgotten.

The Tigers' plan expanded the number of seats shielded from the blistering sun by 41 percent, more handicap-accessible seats, new themed (and sponsored) concession amenities and improved restrooms. The most visible improvement will be the new 1,200-square-foot LED HD scoreboard, now the second-largest among Florida springs training sites.

As a result, Publix Field has been an attention-grabber.

Earlier this month Gov. Rick Scott chose the stadium to host the annual Governor's Baseball Dinner. Scott used the occasion to promote Sunshine State tourism and to make the case for retaining Visit Florida, the state's main tourism agency whose existence is the subject of an ongoing feud between the governor and Florida House Speaker Richard Corcoran. Major League Baseball Commissioner Rob Manfred was the guest of honor at the event, and after seeing the facility, he called the upgrade "fabulous." Publix Field, Manfred said, served as a "credit to state and local authorities that they continue making investments in products like this." Tigers General Manager Al Aliva likely spoke for many with his assessment of the new field: "I was overwhelmed," he said.

As we're learning from watching the fight in Tallahassee, public-private partnerships — or corporate welfare, as some call it — can be a tough subject. The failures generate headlines and mountains of criticism, while the successes roll along largely unnoticed.

We're generally wary of such deals because the boondoggles often leave taxpayers poorer and without recourse to reimbursement, and sacrifice other needed projects.

Yet as we've noted, the upgrade at Publix Field at Joker Marchant Stadium was a worthwhile investment. The Tigers are one of the top spring-training draws, and will bring tens of thousands of visitors to Lakeland, helping retrieve some of the public expense for the project,

The Tigers and Lakeland have the longest-running spring training partnership in baseball, now at 81 years. The overhauled stadium opens a new chapter in that relationship, and the effort also has yielded something the community, including non-baseball fans, can be proud of. We encourage the community to take a look, and if you can't get there during spring training, recall that you can take in a game once the Lakeland Flying Tigers, the Tigers' minor league franchise, begin play after the main club heads north. You won't be disappointed.

## New for 2017: Publix Field at Joker Marchant Stadium

by Kevin Reichard on [August 4, 2016](#) in [Major-League Baseball, News](#)

The moniker of the longtime spring home of the **Detroit Tigers** is receiving a slight naming-rights tweak for Spring Training 2017, with the introduction of **Publix Field at Joker Marchant Stadium** yesterday.

The grocery store chain, headquartered in Lakeland, will pay \$3 million over 15 years for the naming rights. It will run through 2036.

“Lakeland is where our roots are, and we are proud of our long-standing relationship with the City of Lakeland and Tigertown,” said Brian West, Publix Lakeland media and community relations manager. “We are honored to have an opportunity to help keep America’s pastime alive and well in this great city.”

The naming-rights deal coincides with a [renovation of the facility, set to debut this coming spring](#). The public areas of Joker Marchant Stadium will be expanded with a 360-degree concourse, the installation of new seating and new concessions, and expanded public areas in back of the grandstand. Those dreadful bleachers down the third-base line will be done, replaced by modern seating angled toward the infield. Right now there’s minimal

shading at the ballpark, and the renovations will yield a situation where half the seating is shaded.

Right now the concessions areas in back of the grandstand are difficult to maneuver, but the renovations will expand that area. Concessions and restrooms will be expanded as well.

“The Detroit Tigers thank Publix, the City of Lakeland, Polk County and the State of Florida for sharing our vision and commitment to provide a first-class entertainment experience and a point of destination for Tigers and all baseball fans to enjoy,” said Duane McLean, Tigers’ Executive Vice President of Business Operations. “The history both the Tigers and Publix have in Lakeland is historic and unique. Publix Field at Joker Marchant Stadium will symbolize how deeply rooted and invested both the Tigers and Publix are within the Lakeland community for many years to come.”

Named in honor of the late Joker Marchant, a former Lakeland Parks and Recreation Director, Joker Marchant Stadium was used by the Detroit Tigers for Spring Training for the first time in 1966. The Tigers have been training in Lakeland for 80 years, first playing their games at **Henley Field** and then at **Joker Marchant Stadium**.

# Best of the Ballparks 2017, High-A: Publix Field at Joker Marchant Stadium

by Ballpark Digest Editors on June 22, 2017 in Minor-League Baseball

Publix Field at Joker Marchant Stadium, home of the Lakeland Flying Tigers, was the winner in the third-annual MiLB Best of the Ballparks 2017 fan vote from Ballpark Digest.

Fans selected Publix Field at Joker Marchant Stadium over LECOM Park, home of the Bradenton Marauders, in the finals of a bracketed online competition at [ballparkdigest.com](http://ballparkdigest.com). All in all, over 178,000 voters weighed in on the top Minor League Baseball ballparks.

"Publix Field at Joker Marchant Stadium is one of the great spring-training facilities, and it's great to see it recognized as an outstanding regular-season facility as well," said Ballpark Digest publisher Kevin Reichard. "This year's upgrades truly catapulted Publix Field at Joker Marchant Stadium, and fans certainly responded to all the hard work put into a classic facility."

"We at Publix Field at Joker Marchant Stadium are very proud, excited and humbled to be the winner of this year's Best of the Ballpark High-A award," said Detroit Tigers Director of Florida Operations Ron Myers. "With our renovation plan now complete we can offer our fans a first-class family entertainment facility. We would like to thank all the fans who voted for us—this is a great award for the Lakeland Flying Tigers fans, City of Lakeland, Polk County and the Florida State League."

Publix Field at Joker Marchant Stadium opened in 1966 as the spring-training home of the Detroit Tigers and has been renovated several times since, mostly recently in 2017. Part of the historic Tiger Town training complex, Publix Field at Joker Marchant Stadium is now a state-of-the-art facility with the addition of outfield seating areas, new group spaces and a new administrative and training building.

Voters were asked to choose amongst California, Carolina and Florida State League ballparks in five rounds of voting. Since the voting began in 2015, three different ballparks have snared the High-A honors: Wilmington's **Frawley Stadium** (2015), Winston-Salem's **BB&T Ballpark** (2016) and now Publix Field at Joker Marchant Stadium.

# Best of 2016: #9, Spring Training Overhauls

by Zach Spedden on December 20, 2016 in [Awards](#), [Features](#), [Major-League Baseball](#), [News](#), [News](#)

We end 2016 with a countdown of the **10 biggest stories of the year on Ballpark Digest**, as chosen by editors and partially based on page views. Today, **#9: Spring training facility overhauls.**

Even though no new **spring training ballparks** opened this year, 2016 still provided plenty of activity in Florida and Arizona. As two teams began to **prepare for the opening of their state-of-the-art ballpark**, many others **lined up key details for major renovations**.

This year, progress continued at the **Ballpark of the Palm Beaches**, the future spring home of the **Houston Astros** and **Washington Nationals**. Both teams are planning to move to the facility when it opens next spring, and its arrival will be one of the most intriguing aspects of the 2017 spring training season.

[In March, we previewed the Ballpark of the Palm Beaches, and learned how the facility could stand out for its design and fan experience:](#)

That heightened spring-training experience is the goal at **The Ballpark of the Palm Beaches**, set to open in 2017 as spring home of the **Houston Astros** and **Washington Nationals**. We talked about the ballpark's design with **Mo Stein**, Principal and Senior Vice President, [HKS](#); **Fred Ortiz**, HKS Principal Designer; and **Tom McNicholas**, President of **McNicholas & Associates**, whose public-affairs firm has been working with **Palm Beach County** on the ballpark project.

"We are introducing a plan that allows the most experiential layout possible," Ortiz said. "In most spring-training facilities, you have parking on the sides and training fields to the rear. That creates a sense of disengagement."

To that end, Stein and Ortiz created a ballpark designed to present the **essential Florida experience** – or experiences, whether it be memories of old golf resorts or lazy spring-break days spent at the beach. And they're also focusing on the essential spring-training experience — not just the games.

The arrival of that facility will generate some buzz, but there are also major renovations in the works at other ballparks, some of which made significant progress this year.

**Joker Marchant Stadium** in Lakeland was shut down after the **Detroit Tigers** concluded their 2016 spring training, clearing the way for a major overhaul that will be completed for the coming spring. It was also announced in August that the ballpark was picking up a naming rights partner, [as the grocery chain Publix signed an agreement for Publix Field at Joker Marchant Stadium](#).

Just down the road in Tampa, the **New York Yankees** are set to debut some major upgrades at **George M. Steinbrenner Field**. [Renderings for the project were released this fall](#), highlighting some of the ballpark's latest features, including loges, cabanas, decks, pavilions, clubs, and more.

In the coming years, 2016 could be remembered as turning points for plans in Florida and Arizona. [The City of Scottsdale contracted Populous to create a master plan for upgrades to Scottsdale Stadium](#), the home of the **San Francisco Giants**.

Meanwhile, the **Toronto Blue Jays** announced their intention to work with Dunedin, FL officials on [extensive overhauls to Florida Auto Exchange Stadium and the off-site Englebert Complex](#).

In addition, the **Atlanta Braves** continued their ongoing search for a new spring training facility. While they are expected to play at **Champion Stadium** through 2018, the Braves will keep looking for a facility somewhere in Florida, [with Sarasota and Palm Beach counties among their options](#).

With those developments taking place, 2016 gave fans plenty to look forward to in the coming years.

# Joker Marchant Stadium, Tiger Town set for dramatic overhaul

by Kevin Reichard on [February 13, 2013](#) in [Major-League Baseball](#), [News](#)

Joker Marchant Stadium and Tiger Town will undergo a series of dramatic improvements beginning in 2014, under a \$50-million plan unveiled by the Detroit Tigers and the city of Lakeland.

The complex is the spring-training home of the **Tigers**, while the ballpark hosts Tigers game as well as **Lakeland Flying Tigers** (High Class A; Florida State League) matches.

The improvements, **set to be completed by 2016**, will address both the seating bowl and berm at Joker Marchant Stadium as well as the workout facilities throughout Tiger Town, under the plan from HKS Sports and Entertainment.

The public areas of Joker Marchant Stadium will be expanded with a 360-degree concourse, the installation of new seating and new concessions, and expanded public areas in back of the grandstand. Those dreadful bleachers down the third-base line will be done, replaced by modern seating angled toward the infield. Right now there's minimal shading at the ballpark (the Tigers say there's 15 percent of the seating shaded; we don't think it's that high), and the renovations will yield a situation where half the seating is shaded.

Right now the concessions areas in back of the grandstand are difficult to maneuver, but the renovations will expand that area. Concessions and restrooms will be expanded as well.

**HKS** SPORTS & ENTERTAINMENT **TIGER TOWN RENOVATIONS** LAKELAND, FLORIDA **OVERALL SITE PLAN** JANUARY 31, 2013

Left untouched: the popular berm area in left field. However, the space in back of the berm will be enhanced with a new restaurant and tiered seating. The restaurant is envisioned as a year-round destination, perhaps leased and operated by a third party.

The area beyond the right-field home-run fence will be overhauled as a result of the wraparound concourse. The batting cages currently there will be moved, and a new party deck/Tiki bar will be installed, along with a new scoreboard.

The capacity at Joker Marchant Stadium will remain the same: 9,200.

The renovations will extend to the player facilities, designed to cement Tiger Town's place as a year-round training facility. A new clubhouse — or, rather, basically two new clubhouses, with separate spaces for both major leaguers and minor leaguers — will feature an expanded weight room as well as training and rehab facilities. Batting cages will be rebuilt, and the conversion of a practice field from grass to turf, allowing for live workouts during winter months.

None of this is groundbreaking, but it does represent the state of the art when it comes to spring-training facilities. There are really three goals to the makeover: improving the fan experience, transform Tiger Town to a highly functional year-round training and rehab facility, and enticing the Tigers to sign a long-term lease to stay in Tiger Town. Now, there wasn't a huge chance the Tigers would move: the team has trained in Lakeland since 1934 and Joker Marchant Stadium/Tiger Town since 1966, and the team has a lot of psychic energy invested in Lakeland.

Funding for the project will come from the state, local sources and the Tigers.

4. Subject to the Conditions Precedent set forth in Section 6 hereof, the City agrees as follows:
  - 4.1 The City agrees to transfer ownership of the Sports Complex to the County by fee simple deed at such time as the County shall reasonably request after the lease of the Sports Complex to the Cincinnati Reds has expired.
  - 4.2 The City agrees to continue to perform its Environmental Monitoring and Reporting Requirements after the effective date of this Interlocal Agreement and following transfer of title to the Sports Complex to the County.
  - 4.3 The City agrees to transfer the Furniture, Fixture and Equipment to the County by Bill of Sale to be delivered to the County simultaneously with the delivery of the deed to the Sports Complex.
  - 4.4 The City agrees to provide the County with copies of all documents, surveys and reports pertaining to the condition of and use of the Sports Complex as requested by the County.
  - 4.5 The City agrees to take such action as may reasonably be necessary, including the filing of an amendment to its OTTED grant funding application, to satisfy OTTED that the grant funding will be made available and can be used to fund the substantial renovation of the Sports Complex to be leased to the Baltimore Orioles Major League Baseball club.
  - 4.6 The City agrees to use its best efforts to issue its bonds to be repaid by the OTTED funds no later than thirty (30) days following receipt of notice from the County that it, or its designee, is prepared to authorize a contract for the substantial renovation of the Sports Complex.
  - 4.7 The City agrees to transfer the accumulated OTTED funds and actual OTTED bond proceeds, less reasonable costs of issuance, to the County in an amount estimated to be not less than \$7.5 million within three (3) days after the bond closing.
  - 4.8 The City agrees to provide expedited review and priority scheduling for any permit or development approval submitted to the City by the County, or its designee, in connection with the renovation, expansion or use of the Sports Complex.
  - 4.9 The City agrees to be bound by the terms of the Environmental Indemnification in favor of the Baltimore Orioles and the County as set forth in the attached Exhibit "C." Upon adoption of this Interlocal Agreement, the City and County shall promptly present to the Orioles for acceptance the terms and conditions of Exhibit "C." Upon written acceptance by the Baltimore Orioles, the Environmental Indemnification and the rights and obligations of the City, the County and the Orioles set forth in Exhibit "C" shall be fully enforceable with all remedies at law and in equity available to the City, County and the Orioles.

**Section 5. County Obligations.**

5. Subject to the Conditions Precedent set forth in section 6 hereof, the County agrees as follows:
  - 5.1 The County agrees to accept the transfer of ownership of the Sports Complex from the City for use as a Major League Spring Training and community use facility. The purchase price to be paid by the County to the City at the time of transfer shall be One dollar.
  - 5.2 The County agrees to use its best efforts to negotiate the terms of a Memorandum of Understanding with the Baltimore Orioles Major League Baseball club which would obligate the County and the Baltimore Orioles to design and complete a substantial renovation to the Sports Complex for use by the Baltimore Orioles pursuant to the terms of a thirty (30) year lease. The Memorandum of Understanding shall include provisions insuring the continued community use of the Sports Complex for not less than twenty-one (21) days per year and may include provisions granting naming rights to the Sports Complex to the Baltimore Orioles.
  - 5.3 The County agrees that it shall take all actions necessary to insure that the Baltimore Orioles continue to occupy the Sports Complex and to otherwise comply with the OTTED grant conditions during the term of the OTTED grant obligations, including the filing of a civil lawsuit seeking injunctive relief or specific performance, if necessary.
  - 5.4 The County agrees to conduct the public hearing necessary to allow it to amend its TDT plan to allow the use of up to one-half of one percent of its TDT Revenues to construct Major League Baseball Spring Training facility.
  - 5.5 The County agrees to use its best efforts to issue its bonds to be repaid from its TDT Revenues no later than thirty (30) days after it notifies the City that it, or its designee, is prepared to authorize a contract for the substantial renovation of the Sports Complex.
  - 5.6 The County agrees that the City shall have no financial obligation to provide funding for the substantial renovation of the Sports Complex other than the City's obligations with respect to the OTTED funds.
  - 5.7 The County agrees that the City shall have no financial obligation to provide funding for the operation and maintenance of or capital repairs and improvements to the Sports Complex during the time that the Sports Complex is in County ownership.
  - 5.8 The County agrees that the City will have no financial obligation to pay ad valorem taxes or assessments levied or imposed against the Sports Complex during the time that the Sports Complex is in County ownership.

- 5.9 The County agrees that the plaques honoring Ed Smith and Red Ermish presently at the Sports Complex will be displayed at the Sports Complex following its substantial renovation.
- 5.10 The County agrees that the City shall have the right to access tickets provided to the County for economic development purposes for Major League Spring Training games through a process to be established by the County provided that such use shall be for economic development purposes.
- 5.11 The County agrees to notify the City at such time as any bonds, including refunding bonds, issued to fund capital improvements to the Sports Complex are repaid in full.

#### Section 6. Conditions Precedent.

- 6. The obligations of the City and County are conditioned upon the satisfaction of the following conditions precedent:
  - 6.1 Receipt of concurrence from OTTED, or other State office or official having the requisite authority, indicating that the OTTED Funds may be transferred by the City to the County for use in connection with a substantial renovation of the Sports Complex and long term lease of the Sports Complex to the Baltimore Orioles.
  - 6.2 Execution of a Memorandum of Understanding between the County and the Baltimore Orioles pursuant to which the County and the Baltimore Orioles agree to cause the substantial renovation of the Sports Complex using OTTED bond proceeds, and accumulated OTTED funds, TDT bond proceeds, and legally available accumulated TDT funds, and funds contributed to the project by the Baltimore Orioles, if required, as well as agreement on the terms of a lease of not less than thirty (30) years pursuant to which the Baltimore Orioles will be obligated to hold Spring Training Activities at the Sports Complex.

In the event that one or both of the above-described conditions precedent are not satisfied prior to September 30, 2009 then either the City or the County may elect to terminate this Interlocal Agreement by providing written notice of termination to the other party.

#### Section 7. Future Use and Ownership of the Sports Complex.

- 7.1 The County shall have the obligation to transfer ownership of the Sports Complex back to the City in the event that: (1) Major League Spring Training Activities at the Sports Complex are discontinued by the Baltimore Orioles for a period of two (2) years and no other Major League Baseball club agrees to use the Sports Complex for Spring Training Activities, and (2) the County has repaid any and all debt issued in connection with the substantial

renovation of the Sports Complex or any future capital repair or improvement; provided, however, that the County shall not issue debt having payment obligations that extend beyond the term of the lease, or any lease extension, between the County and the Baltimore Orioles. In order to effectuate this obligation the City must first notify the County in writing that it is of the opinion that the two above-described events have occurred including a demand that ownership of the Sports Complex be transferred back to the City. The purchase price to be paid by the City to the County at the time of transfer shall be One dollar.

- 7.2 Upon transfer of the Sports Complex back to the City the Sports Complex shall be used for public recreational or other public use. In the event that the City desires to make the Sports Complex available for non-public uses the County shall have the option to purchase or lease the Sports Complex from the City. If the Sports Complex is purchased, the purchase price to be paid by the County to the City at the time of transfer shall be the appraised value of the Sports Complex land exclusive of the value of the improvements assuming its use as a publicly owned Sports Complex. If the Sports Complex is leased, the rent to be paid by the County to the City shall be established on the basis that it is a land lease only and shall exclude the value of the improvements.

#### **Section 8. Assignment.**

No assignment, delegation, transfer or novation of this Interlocal Agreement or any part thereof shall be made, unless approved in writing by City and County.

WHEREAS, the County represents and warrants that it has the authority to enter into this Agreement as provided by Chapter 125 F.S. and other relevant provisions of Florida law and provide the Orioles with the rights contained in this Agreement and in the Project Documents.

NOW, THEREFORE, in consideration of the foregoing recitals which are incorporated herein, and the mutual covenants, promises, conditions and representations set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto AGREE AS FOLLOWS:

**1. THE PROJECT.**

1.1 The Parties acknowledge that certain improvements are required to be made to the

Sites in order for the Orioles to enter into a lease with the County for the full and beneficial use of the Sites and to conduct its Major League and Minor League Spring Training Operations at the Sites. The Parties agree that the design, development and construction process shall be a cooperative mutual endeavor in which the County and the Orioles will work together and participate in all phases of such process. 1.2 The Orioles will have primary responsibility for and will take the lead in developing the design plans, specifications and elevations for the Project, subject to all applicable County and City codes and ordinances, which Project Design Plan may be amended from time to time ("Project Design Plan") (for illustrative purposes only, attached as Exhibit 3 are preliminary Site sketches). The Orioles and the County shall schedule regular briefings to discuss and preliminarily review the Project Design Plan. The Orioles shall present the Project Design Plan, including site sketches and elevations under consideration by the Orioles, to the County within one hundred fifty (150) days after the execution of this Agreement. 2.1 The Governmental Project Funds shall consist of the following:

2.1.1 From the County:

2.1.1.A Net proceeds from the County's bond issue from the issuance of County's bonds in a par amount which shall not exceed the maximum amount permitted to be issued without voter referendum, expected to be approximately \$18.7 Million on or about October 1, 2009.

2.1.1.B Cash collections of one-half (1/2) of one percent (1%) of the County's Tourist Development Tax beginning as of March 1, 2008 estimated to be approximately \$2 million by the date of issuance of the County bonds.

2.1.1.C County cash contributions from legally available non-ad valorem revenues in an amount not to exceed \$3 million.

2.1.1.D And/or such other County funds from legally available, non ad valorem revenues as may be required to fund the County's Guaranteed Project Funds obligation in the amount of \$23.7 million.

2.1.1.E Net proceeds from the City's bond issue from the City's OTTED grant funding or a cash equivalent from legally available, non-ad valorem revenues in an amount no less than \$7.5 million.

2.1.1.F Collectively, the Governmental Project Funds shall be and not exceed \$31.2 million for the Project.

2.2 All Governmental Project Funds shall be made available for the Project no later than thirty (30) days after the execution of the Project Documents (unless otherwise agreed by the Parties and as otherwise contemplated in Section 3.14) and shall immediately be placed in a construction fund account (the "Construction Fund Account") administered by the County for the sole and exclusive benefit of the Project. All interest accrued on the Governmental Project Funds (except for bond debt service reserve fund interest) shall be made available for the Project and together with the Governmental Project Funds shall constitute the Maximum Governmental Project Funds.

2.3 The Orioles shall provide the County, as part of the Project Design Plan, with a detailed cost estimate of the total Project costs, including the uses of the Maximum Governmental Project Funds and such other funds, goods or services as might be required from or arranged by the Orioles ("Project Costs").

2.4 Except as provided in, and subject to the terms of, this Agreement or the Project Documents, and further provided that the County fulfills its obligations in this Agreement and the Project Documents, the Orioles shall complete the Project and shall be responsible for the payment of any and all Project Costs in excess of the Maximum Governmental Project Funds (the "Orioles Project Contributions"). With regard to the funding of any Project Costs in excess of the Maximum Governmental Project Funds, the Orioles, at its discretion, shall either deposit the required funds directly in the Construction Fund Account prior to the incurrence of such excess Project Costs, or shall provide to the County any necessary assurances reasonably required by the County (e.g., letter of credit) that the Orioles Project Contributions shall be available in a timely manner, or discharge such payment obligations directly with vendors, concessionaires, contractors or project service providers, in which case the Orioles shall provide the County with written documentation of the payment discharge or in-kind transaction as more particularly set forth in Subsection 2.5. The Orioles also shall comply with any applicable County ordinance or Florida statute related to construction funding requirements for public projects.

2.5 The Orioles shall have the right to enter into any manner of agreements with its vendors, concessionaires or others to provide goods, materials and/or equipment to the Project, which shall be considered, for all intents and purposes, as part of the Orioles' Project Contributions. (For example, the Orioles' concessionaire for the Major League Stadium may be permitted to provide concessionaire equipment to the Sites.) The Orioles will inform the County, in writing, with a description of any Orioles' Project Contributions to the Sites made by any Orioles' vendors, contractors, concessionaires or other third parties and shall summarize relevant terms of such agreements and any other agreements that could impact the County's ownership interests in the Sites. The description shall be jointly submitted on behalf of the Orioles and the respective vendor, contractor, concessionaire or other such third party as may be

appropriate. Any such third party agreement shall be made in accordance and comply with applicable County ordinances and regulations.

2.6 In connection with the Orioles' Project Contributions, the County and the Orioles shall promptly meet after the execution of this Agreement and review the feasibility of issuing taxable or tax-exempt bonds at the request of the Orioles supported by Orioles' funds and/or rent, as the case may be, payment in lieu of taxes or such other funding mechanism as may be mutually agreeable to the Parties; however, the County shall be under no obligation to establish any such funding mechanism for the Orioles Project Contributions. To the extent that any such mutually agreeable funding mechanism requires the City to issue bonds, the County agrees to request that the City take reasonable steps to issue said bonds. To the extent that bonds are issued as part of the Orioles Project Contributions, the bond proceeds, net of all reasonable and customary expenses and costs, shall be deposited in the Construction Fund Account for the benefit of the Project.

### **3. DEVELOPMENT AND CONSTRUCTION OF THE PROJECT.**

3.1 The County and the Orioles will execute a definitive, long form project development agreement for the Project which shall incorporate the relevant terms and conditions contained in this Agreement, and such other terms and conditions as are customarily included in similar agreements and as may be mutually agreed, and will establish the framework for the design and construction of the Project, within one hundred fifty (150) days after the execution of this Agreement (the "Project Development Agreement"), unless the Parties, in their respective sole discretion, deem the provisions of this Section 3 are adequate for such purpose.

3.2 The Project Development Agreement shall include the Project Design Plan and a detailed schedule outlining the time and actions anticipated necessary with respect to the Project, including a project design schedule that will address the coordination necessary to prepare the project scope, selection criteria and timeline for the procurement process (the "Project Schedule").

3.3 Time being of the essence, the County shall take all such action as is necessary to expeditiously conduct all of its Project reviews and exercise its approval rights, which in all instances may not be unreasonably withheld, conditioned or delayed. The County shall support the issuance of all City permits and approvals necessary for the Project and shall use its best efforts to obtain a commitment from the City in the Interlocal Agreement to provide expedited review and priority scheduling for any permit or development approval submitted to the City for the Project.

3.4 After the Project Development Agreement is finalized and approved by the County, the County agrees to promptly proceed with authorizing and issuing any and all procurements necessary for the Project. To the fullest extent permitted by law, regulation or ordinance, the Orioles shall be permitted to participate with the County and approve the selection of the architects, contractors, subcontractors, vendors and other professionals for the Project. The Orioles shall also have, to the fullest extent permitted by law, primary responsibility for and will take the lead in developing and constructing the Project, the right to approve any agreements to be entered into by the County for the Project (and any phase, portion or work order thereof), and

the right to approve the selection of any goods, materials, equipment, fixtures and furnishings for the Project.

3.5 Time being of the essence, the selection criteria for the architect of record shall include, but not be limited to: whether the architect has past performance with the Project Site(s) and/or with the Orioles; experience in the architectural design of Major League Baseball professional baseball facilities, and in particular, design experience specifically related to Major League Baseball spring training projects; and, professional personnel committed to the Project shall have had significant experience in projects of a similar nature or have worked on at least five (5) similar project types. Time being of the essence, the County, or the Orioles through the Project Development Agreement, shall promptly select and enter into contracts with all architects, contractors, subcontractors, vendors and other professionals for the Project. In the event that the Parties mutually agree to have either the County or the Orioles enter into a contract for the architect of record before the Project Documents are finalized, they shall reach a separate agreement for the funding of that contract from the Construction Fund Account.

3.6 The Project Development Agreement shall require, and the County shall obtain, guaranteed maximum price contract(s) (or such other arrangements as may be mutually agreed to and generally permissible under Florida Statutes) as part of the competitive selection process, in order to ensure that such contract(s) obtain the maximum value in relation to cost for each phase and portion of the Project and control the overall cost of the Project. No amendments or adjustments (including, but not limited to, change orders) shall be made to any maximum price contract(s), except as agreed to by the County and the Orioles. The County agrees not to request any amendments or adjustments (including, but not limited to, change orders) and shall have no right to adjust the scope of the Project and/or the Project Schedule unless mutually agreed. To the extent that the Orioles request an amendment or adjustment (including, but not limited to, change orders) which is agreed to by the County resulting in a Project Cost in excess of the Maximum Governmental Project Funds, then the Orioles shall comply with the provisions set forth in Section 2.4 above. The County agrees that the construction and design contracts which it enters into in connection with the Project shall contain provisions acceptable to the Orioles providing for liquidated damages in commercially reasonable amounts if the Project is not completed on time and prior to the completion date set forth in the Project Development Agreement. All such provisions must comply with Florida Statutes and be agreed to by the County and the Orioles. The County agrees that it shall strictly enforce any such liquidated damage provisions and diligently pursue any liquidated damages to which it is entitled. Any liquidated damages received by the County shall be allocated first to any damages caused to the Project by the breach or other wrongful act to compensate the party harmed. Unless otherwise provided in this Agreement or the Project Documents, the Orioles' sole remedy for damages resulting from any delay in the completion of the Project shall be the rights to receive liquidated damages under the construction and design contracts for the Project. The County shall, at the Orioles' request, take all reasonable action necessary to enforce the liquidated damages or other remedy provisions necessary to effectuate this provision. The County and the Orioles shall not be liable to each other for the payment of any construction delay damages, provided that the delay is not caused by the gross negligence, willful misconduct or the breach of a material provision of this Agreement or the Project Development Agreement. The Parties acknowledge that a construction contract cannot be entered into until the Project Documents are finalized (unless otherwise agreed by the Parties).

3.7 The Project Development Agreement shall require each architect, contractor, subcontractor, vendor or Project professional to secure and retain such policy or policies of insurance as are required by the Project and shall ensure that all contractors and vendors furnish payment and performance bonds in a commercially reasonable amount established by the County and shall list the Orioles as an additional insured party.

3.8 The Project Development Agreement shall also provide that, to the fullest extent permitted by law, the Orioles shall have the right and primary responsibility to coordinate the development and construction of the Project and, at the Orioles' discretion, conduct progress meetings at mutually agreed upon frequency of all of the architect, contractor(s), subcontractor(s), vendors and other professionals. The County shall have the right to retain an owner's representative with experience in the construction of sports facilities. The reasonable and customary cost of the County's owner's representative shall be included in the Project Cost, provided that such costs have been presented to the Orioles for review and approval prior to payment, such review and approval not to be unreasonably withheld, conditioned or delayed. The Orioles may retain a representative and/or design consultant with experience in the construction of sports facilities. The reasonable and customary costs of the Orioles representative and/or design consultant shall be included in the Project Cost, provided that such costs have been presented to the County for review and approval prior to payment, such review and approval not to be unreasonably withheld, conditioned or delayed. The Orioles shall provide for such cost estimates associated with the Orioles' and County's representatives in the Project Design Plan. Except as provided in this Section, the County and the Orioles shall not impose any management or administrative fees to the Project (or any procurement, phase, portion or work order thereof) nor seek reimbursement from the Construction Fund Account for any costs or expenses, other than costs or expenses directly related to the Project that are typically outsourced and outside of the County's operating budget (and specifically not including legal fees, County staff time, internal project management and the like) for which the County seeks reimbursement or payment from the Construction Fund Account. Any such request for payment from the Construction Fund Account shall be first provided to the Orioles for approval, such approval may not be unreasonably withheld, conditioned or delayed. The County and the Orioles shall participate in the development and construction of the Project and shall keep each other fully and timely informed of, and actively involved in, all material decisions regarding the development and construction of the Project, at all phases of the development and construction process. Customary County permit fees shall be chargeable to the Construction Fund Account.

3.9 The Project Development Agreement shall provide that each of the Orioles and the County shall designate representative(s) with authority to act in connection with all issues requiring such Party's approval, agreement or concurrence with regard to the design, development and construction of the Project within all applicable laws, ordinances and policies. All approvals, agreements or concurrences required in Sections 1 and 3 shall be the responsibility of and shall be made by such representative(s). Such representative(s) shall be invited to participate in all development and construction meetings held in connection with the Project.

3.10 The Project Development Agreement shall provide that the County shall place the Governmental Project Funds and any applicable Orioles Project Contributions in the Construction Fund Account for the benefit of the Project. The Orioles shall have the right to monitor the draw

schedule and progress payments, progress of construction and the funds remaining in the Construction Fund Account, and the Orioles shall be regularly kept informed by the County as to the Construction Fund Account balances. The County shall hold the funds in the Construction Fund Account for the benefit of the Project and shall promptly release, without delay, reduction or offset, such funds only upon approval for disbursement by the Orioles and the County, such approval not to be unreasonably withheld, conditioned or delayed.

3.11 If the Project is anticipated to exceed any maximum price contract(s), either because of a change order(s) or for any other reason beyond that which is contained in the Project agreements (and specifically excluding items resulting from an error or omission by the County, the Orioles or any architect, contractor, subcontractor, vendor or other professional), such cost increases must be approved by the Parties. Change orders and/or Project cost overruns resulting from an error or omission by any architect, contractor, subcontractor, vendor or other professional engaged on the Project shall be the responsibility of the person or entity committing such error or omission. Subject to the provisions of Section 2.4 hereof, the Orioles may adjust the scope of the Project, including any procurement, phase, portion or work order thereof; provided, however that any material changes to the Project Design Plan which increases the Project Cost must be reviewed and approved by the County, which approval may not be unreasonably withheld, conditioned or delayed. Notwithstanding the preceding sentence, the Orioles shall not materially and substantially reduce the estimated number of fixed seating positions in the Major League Stadium, the estimated square footage of the Major League clubhouse or the number of fields as set forth in Section 2 hereof without the express prior written approval of the County.

3.12 The County represents and warrants to the best of its knowledge that no zoning changes are necessary or required in order to construct the Project and there are no known restrictions on the Sites. The County agrees to the fullest extent permitted by law to refrain from taking any action to request that the City diminish or restrict the zoning and the Orioles existing zoning rights on the Major League Baseball Site for the duration of the Lease. Should the Orioles intend to seek a zoning change at any time during the Lease, in connection with the Major League Site, the County shall take such action within its control to place such matters before the City for consideration on an expedited basis.

3.13 To the fullest extent permitted by law, the Orioles and/or its designees shall have full rights and discretion as to the placement and orientation of all improvements and uses, points of ingress and egress and internal circulation on the Sites, so long as the required buffers and setbacks and all other requirements of the zoning category and other governing regulations, ordinances and statutes are satisfied and subject to the County's review and approval, which approval shall not be unreasonably withheld, conditioned or delayed. The Orioles and/or its designees, with County input and approval, shall have discretion as to the architectural style and character of all improvements on the Sites, so long as the required buffers and setbacks and all other requirements of the zoning category and other governing regulations, ordinances and statutes are satisfied.

3.14 If the Orioles elect to conduct Major League Spring Training at the Major League Site in 2010, the Orioles shall be entitled to use (or seek reimbursement from) the Construction Fund Account for costs and expenses reasonably incurred to re-brand Ed Smith Stadium for use

by the Orioles, subject to the approval of the County, which approval shall not be unreasonably withheld, conditioned or delayed.

#### 4. LEASE TERM; RENT.

4.1 Lease Term. The Parties shall execute a definitive, long form Lease within one hundred fifty (150) days after the execution of this Agreement, incorporating the relevant terms and conditions contained in this Agreement, and such other terms and conditions as are customarily included in similar leases and as may be mutually agreed, unless the Parties, in their respective sole discretion, deem the provisions of this Section 4 and other applicable provisions of this Agreement are adequate for such purpose. The Term of the Lease shall be for thirty (30) years commencing November 1, 2009 and continuing through October 31, 2039 (the "Term"). The Orioles intend to commence Major League and Minor League Spring Training Operations at the Sites beginning with the 2010 spring training season. The Parties acknowledge that adjustments to the commencement of Spring Training Operations may need to be made based upon the Project schedule and maximizing the value of the Governmental Project Funds, which determination will be made by the Orioles, after consultation with the County. The Orioles agree that during the Term they shall play their Major League spring training home games at the Major League Site, except for those spring training games played by the Orioles as it returns to Baltimore to open the Major League championship season (no more than five spring training games) or as otherwise may be scheduled by Major League Baseball (i.e., international goodwill games) or otherwise provided in this Agreement or the Project Documents. As part of the definitive Lease, the Orioles will enter into a binding and enforceable non-relocation agreement with the County that includes appropriate specific performance and injunctive relief provisions. Except as provided in Section 20 of this Agreement, during the Term, the Orioles shall not relocate its Major League and Minor League Spring Training Operations from the County.

4.2 Rent. The Rent for the Term shall be one dollar and 00/100 (\$1.00), payable in advance for the entire Term at the time of execution of the Lease.

4.3 Revenues Generated. Except as provided herein, the Orioles shall have the sole and exclusive right to all commercial activity on the Sites and to retain any and all proceeds, revenues and fees generated by or through the Orioles' use or occupancy of the Sites during the Term, including, but not limited to all revenues derived from all events at the Sites, all revenues from tickets, parking fees, promotions, sponsorships, advertising, signage, concessions, license fees, and all other sources of revenues. The Lease shall contain agreement(s) for the County use of Major League Site and the Minor League Site as referenced in Section 5 hereof. As to the Orioles' use of the Sites, the Orioles shall have the sole responsibility to pay all sales, use and federal income tax due with respect to revenues and fees that they collect or receive. With respect to the parcel(s) North of 12<sup>th</sup> Street, the Orioles shall have the right to seek to develop the parcel(s) and shall have the right to make an application(s) for a zoning category change, if necessary, or seek any other zoning mechanism to permit commercial activity on the parcel(s). Such application(s) shall be subject to all County and City processes, procedures, codes and ordinances and the approval(s) of the appropriate governmental entity(ies). The County shall have the right to approve any development proposal submitted by the Orioles.

## 5. LEASED PREMISES; USE AND OPERATION.

5.1 Major League Site. The County agrees to lease to the Orioles the Major League Site, including all improvements, fixtures and furnishings located or constructed thereon relating to any of the same for the duration of the Term for the Orioles' full beneficial use of and to the Site. The Orioles' right to utilize the Major League Site shall be on an exclusive basis during the Term for all lawful purposes, except as provided in Sections 5.4 and 5.5 herein but the Orioles shall have the exclusive right to use, on a year-round basis, the offices, clubhouse area and other locations on the Major League Site that may be constructed or renovated following the date hereof which may be designated by the Orioles as included in the Orioles' exclusive areas, subject to the County's approval, which may not be unreasonably withheld, conditioned or delayed. During the Spring Training Period, from December 15<sup>th</sup> to April 30<sup>th</sup> of each calendar year during the Term (the "Spring Training Period") except as otherwise provided in Section 5.4(a), the Orioles shall have the exclusive use of the Major League Site and may utilize the Major League Site for all lawful purposes.

5.2 Minor League Site. The County agrees to lease to the Orioles the Minor League Site, including all improvements, fixtures and furnishings located or constructed thereon relating to any of the same for the duration of the Term for the Orioles' full beneficial use of and to the Site. Except as otherwise provided in this Agreement, the Orioles shall have the right to utilize the Minor League Site on an exclusive basis for all lawful purposes, from January 15<sup>th</sup> to April 30<sup>th</sup> of each calendar year ("Minor League STP"), and on a non-exclusive basis (other than the Orioles' exclusive use areas as defined below, which are exclusive to the Orioles on a year-round basis) for all lawful purposes. During the Minor League STP, the Orioles shall have the full, beneficial and exclusive use of fields number 1 and 2 at all times and the non-exclusive use of fields number 3, 4 and 5 as provided in this Subsection. During the Minor League STP, fields number 3, 4 and 5 shall be exclusive to the Orioles at all times necessary, in the Orioles' reasonable discretion, to conduct its spring training operations. During the Minor League STP, the County may make fields number 3, 4 and 5 available for public recreational purposes with the Orioles' prior approval to each such use and the terms, conditions, dates and times of such use. The Orioles' approval as to any use request under this Subsection shall not be unreasonably withheld, conditioned or delayed. Any public recreational use authorized during the Minor League STP pursuant to this Subsection shall not (a) interfere with the Orioles' spring training baseball activities or (b) be permitted under weather or other conditions which would adversely impact the condition of any playing fields. The County shall require that all public recreation uses of the fields carry full and adequate insurances, naming the Orioles (and the County if appropriate) as a named insured and such other requirements as provided for in Sections 5.4 and 5.8. The Orioles agree that the County shall have the right to enter into an agreement with the high school team which has historically utilized field number 5 during the Spring Training Period for high school practices and games on terms, conditions, dates and times reasonably acceptable to the Orioles and consistent with current practices, this Subsection and Section 5.4. The high school team shall be authorized to display its logo and colors during high school practices, games and tournaments held on field number 5 and shall retain rights to the sponsor recognition signs along the inside face of the outfield fence provided that (i) any such sponsorship or signage does not conflict with an Orioles exclusive sponsorship; and (ii) the Orioles retain the right to also display signs. The Orioles shall have the exclusive right to use, on a year-round basis, the offices, clubhouse area and other locations (the "Team's Exclusive Minor League Areas") and

other areas on the Minor League Site that may be constructed or renovated following the date hereof which may be designated by the Orioles as included in the Team's Exclusive Minor League Areas, but not including the fields and public parking areas, subject to the County's approval, which may not be unreasonably withheld, conditioned or delayed. The subparcel of the Minor League Site set forth in Section 14 shall be, upon completion, deemed part of the Team's Exclusive Minor League Areas.

**5.3 Orioles As Promoter of the Sites.** During the Term, at all times, the Orioles shall be the "promoter" of the Major League Site and the Minor League Site for all lawful purposes, including all events conducted thereon or therein, except as expressly provided herein. The Orioles shall use commercially reasonable efforts to market the Sites actively during the Term. The Orioles shall be entitled to retain all "promoter" fees, if any, in connection with any for profit events at the Sites, except for Historical Events as defined in section 5.4(a) (unless the Orioles and the Historical Event party expressly agree otherwise).

**5.4 Historical Events.** The Orioles spring training operations, baseball-related events and other Orioles' beneficial uses of the Sites shall have priority scheduling status at all times on the Sites. The Parties acknowledge that the Sites have at times historically hosted certain events other than spring training operations and baseball-related events. The following shall be referred to as "Historical Events":

(a) **Major League Site:** (i) Booker High School – six (6) event day uses, including one (1) event use at the Major League Stadium; (ii) Cardinal Mooney High School – six (6) event day uses, including one (1) event use at the Major League Stadium; (iii) Sarasota Baseball Classic, provided that it is not scheduled between December 15<sup>th</sup> and April 7<sup>th</sup> in any calendar year; (iv) Florida High School Athletic Association State Baseball Championship Finals at the Major League Site provided that it is not scheduled between December 15<sup>th</sup> and April 7<sup>th</sup> in any calendar year and is held for no more than seven (7) consecutive days; (v) the City Blues Festival for three (3) consecutive days or less, provided it is held exclusively on the practice fields adjacent to the stadium, conducted in accordance with historical practice and further provided that City Blues Festival is held in October or the first week of November; (vi) the AAU 14 and under Division 1 National Championships, provided that it is scheduled in July or August; (vii) Circus Sarasota, provided that it is located on the parking parcel North of 12<sup>th</sup> Street, unless otherwise agreed by the Orioles and Circus Sarasota, and within the months of January and/or February and that it does not interfere with the Orioles' spring training events; and (viii) the Sarasota Spartans youth soccer program for limited use of the parking parcel North of 12<sup>th</sup> Street during the months August through November on a temporary basis, such temporary use not lasting more than four (4) years from the date of this Agreement. The Orioles shall accommodate the aforementioned Historical Events at the Major League Site (excluding the Orioles' exclusive use areas), under the terms and conditions provided in this Section and consistent with the Orioles' priority of use for spring training operations; and

(b) **Minor League Site:** During the Minor League STP, as provided in Section 5.2. At times other than during the Minor League STP, the County may utilize the Minor League Site (other than the Team's Exclusive Minor League Areas) for public recreational use under the terms and conditions of Section 5. The Orioles shall endeavor in good faith to work with the County and the community to accommodate the aforementioned Historical Events at the Minor

League Site (excluding the Team's Exclusive Minor League Areas), under the terms and conditions provided in this Section and consistent with the Orioles' priority of use for spring training operations.

(c) Other Uses: In addition to any other Orioles' uses of the Sites, the Orioles may, in its sole discretion, permit the use of the Sites for other historical events, including AAU baseball practices and games, or other historical events.

As to each Historical Event authorized in this Section, the Historical Event shall be conditioned upon the Historical Event party (which may be the County or a third party) obtaining the Orioles' prior approval as to the date and time of the requested Historical Event and entering into a contract with the Orioles for use of the Site requested, which contract shall include a requirement to carry full and adequate insurances, naming the Orioles (and the County as appropriate) as named insureds, provisions for the payment of all actual and incremental costs and expenses associated with the use and such other terms and conditions as may be reasonable or necessary. The Historical Event shall not be on dates and times that (a) interfere with the Orioles' baseball activities or (b) under such weather or other conditions which would adversely impact the condition of any playing fields. To the extent that tickets are sold for Historical Events that are for-profit, if any, the ticket surcharge shall be applicable to all such tickets, unless otherwise determined by the Orioles, in its sole discretion. Any Historical Event must be requested in writing to the Orioles annually prior to November 30<sup>th</sup> for the following twelve (12) month period. Should the Historical Event desire to propose the scheduling of a Historical Event under this Agreement other than as provided in the preceding sentence, the Historical Event shall propose such event to the Orioles for consideration and approval as soon as practicable and in a reasonable enough period of time to allow the Orioles full consideration of the request.

5.5 County Use of Major League Site. Other than as provided in Section 5.4(a) (with regard to Historical Events), the County may use or authorize for use the Major League Site for civic-oriented non-profit events for up to eight (8) days per year outside of the Orioles' Spring Training Period, as defined in Section 5.1 hereof, and only with the Orioles' prior written approval, not to be unreasonably withheld, conditioned or delayed, at no charge to the County other than for reimbursing the Orioles as provided in Section 5.8 below. The County may sublease its rights contained in this Section 5.5 to the City of Sarasota for City sponsored civic-oriented non-profit events, subject to the Orioles' approval of the third party contract or other agreement governing the event, which approval shall not be unreasonably withheld, conditioned or delayed. The Parties acknowledge that the Sites shall not be used on dates and times that (a) interfere with the Orioles' baseball activities and/or (b) under such weather or other conditions which would adversely impact the condition of any playing fields. The Orioles spring training operations, baseball-related events and other Orioles' beneficial uses of the Sites shall have priority scheduling status at all times on the Sites. For scheduling purposes and to avoid any interference with the Orioles' beneficial use of the Sites, the County shall annually, prior to November 30<sup>th</sup> of each year, provide the Orioles with a proposed schedule of any civic-oriented non-profit uses for following twelve (12) month period for which the County requests the Orioles' approval. Should the County desire to propose the scheduling of a permissible event under this Agreement other than as provided in the preceding sentence, the County shall propose such event to the Orioles for consideration and approval as soon as practicable and in a reasonable enough period of time to allow the Orioles full consideration of the request. The dates

and times during which the County may use the Major League Site shall be selected by mutual agreement of the Parties and the Orioles agree to take into consideration the historical practice of certain event dates which have been utilized for City and County sponsored events.

5.6 [Intentionally Omitted]

5.7 County Use of Minor League Site. The County may use or authorize for use the Minor League Site, excluding the Team's Exclusive Minor League Areas, in accordance with Section 5.4, for civic-oriented non-profit use subject to the prior approval of the Orioles, not to be unreasonably withheld, conditioned or delayed. The Orioles shall have scheduling priority for the use of the Minor League Site.

5.8 General Conditions of Use of the Sites. The County shall be responsible for the payment of all actual and incremental, out-of-pocket operating and maintenance expenses for all County-authorized civic and recreational uses of the Sites. The costs, reimbursements and expenses for Historical Events requested by third parties under Section 5.4 shall be the responsibility of the requesting party, in accordance with the terms and conditions provided in that section, unless otherwise agreed to by the Orioles. The County shall be responsible to restore the fields and related facilities to the condition at the time prior to such County-authorized civic or recreational use, so as to provide the Orioles with the full beneficial use of and to the Sites. To the extent that the Orioles incur costs or expenses to operate, maintain, repair or restore the Sites as a direct result of the County-authorized civic or recreational use of the Sites, the County shall reimburse the Orioles for such costs and expenses in a timely manner upon invoice. The County shall remain solely responsible for any damage or destruction that may occur as a direct result of such use by the County or its invitees or authorized parties. In accordance with the provisions of Section 5, the Orioles and the County shall enter in an event agreement(s) for any County-authorized use under Section 5.4 (as appropriate), Section 5.5 or Section 5.7 prior to such events setting forth the terms and conditions for such County use and further delineating the County's reimbursement obligations.

5.9 County's Right of Entry. The County reserves the right to enter any portion of the Sites upon reasonable prior notice to the Orioles, notwithstanding the exclusive right of the Orioles to use such portion, if in the reasonable judgment of the County, entry is necessary to inspect, repair or maintain the Site, or is necessary to protect the public health, safety or welfare.

5.10 Quiet Enjoyment. During the Term and subject to the terms of the Lease, the Orioles shall be entitled to peacefully have and enjoy the use of the Sites, without unreasonable interruption or interference, subject to the County's rights of use and access, as provided in this Agreement.

**6. TICKET SALES; PARKING.**

6.1 The Orioles shall set the ticket prices for all spring training games and other events at the Major League Site and the Minor League Site for which tickets are sold, other than as Historical Events and County (City or authorized public) civic-oriented non-profit events provided for in Section 5. The Orioles shall manage all ticketing operations, including ticket sales for all events at the Sites other than at Historical Events and County civic-oriented, non-

profit events, and the Orioles shall be entitled to receive all Gross Revenues from Ticket Sales collected by the Orioles on an annual basis during the Term. All Gross Revenues From Ticket Sales shall be the sole and exclusive property of the Orioles, except as provided for in Section 5 for County ticket sales from applicable County (or City or authorized public entity) sponsored events which shall be managed, sold, and belong to the County (or City or authorized public entity), and except for ticket sales from Historical Events. For purposes of this Agreement, "Gross Revenues From Ticket Sales" shall mean the total gross revenues from ticket sales less any taxes or charges imposed by Major League Baseball or any governmental, regulatory or taxing authority generally, included in the gross price of the ticket to the purchaser and required to be remitted by the Orioles as the portion of such receipts payable to the visiting team or to any such governmental, regulatory or taxing authority. The ticket surcharge provided for in Section 12 shall be charged and applicable on all tickets sold in connection with for-profit events at the Sites, whether Orioles, County or City sponsored events. The ticket surcharge provided for in Section 12 shall be charged and applicable on all tickets sold for profit historical events at the Sites, unless otherwise determined by the Orioles, in its sole discretion. The Parties agree that Gross Revenues from Ticket Sales shall also exclude and be reduced by the surcharge as described in Section 12. All ticket surcharges collected by the Orioles, County or City or any party authorized to utilize the Sites for which tickets are sold shall be deposited in a timely fashion in the Capital Repair and Improvements Fund established and described in Section 12.

6.2 The Orioles or its designee shall control the parking at the Sites, and without limiting anything contained in Section 4.3 above, the Orioles shall collect and retain all parking fees and related revenues derived therefrom, except for parking revenues from County (or City) sponsored civic-oriented non-profit events as provided for in Section 5.4, 5.5 and 5.7, for which the net revenues (after payment of applicable expenses as provided in Section 5.8, including any taxes or charges or payment to any parking operator(s) and reimbursement of incremental, out-of-pocket expenses in connection with the collection of parking revenues) shall belong to the County.

## 7. CONCESSIONS.

7.1 The Orioles shall control and receive all revenues from the sale of all foods, beverages, merchandise, novelties and logo items and the like, including, but not limited to, scorecards, yearbooks and novelty items carrying the logo or marks of the Orioles or of any other Major League team (collectively, commonly called "concessions") on the Major League Site and the Minor League Site. The Orioles shall be free to operate the concessions in-house or contract with a third party(ies) to operate such concessions on terms and conditions approved by the Orioles

7.2 No outside concessionaire or vendor shall be permitted on the Sites, including for a Historical Event, without the Orioles' prior written approval. For all authorized County (or City) uses of the Sites under Section 5.5, and for any Historical Events under Section 5.4, the County (or City) or Historical Event party shall use the Orioles' concessionaire for all food services unless the Orioles and/or the Orioles' concessionaire determine, in their sole discretion, not to provide concession services for the event. If the Orioles or its concessionaire determine not to provide such concession services, the County (or City) or Historical Event party may request that the Orioles' approve the use of a third party food service concessionaire on the Site to

service the event. The Orioles' written approval shall not be unreasonably withheld, conditioned or delayed. For all authorized County (or City) uses of the Sites under Section 5.5, the Orioles will endeavor to require in its food service concession agreements or extensions with its concessionaire that the concessionaire, if it agrees to provide food service for a County (or City) event pursuant to Section 5.5, that the concessionaire will consider entering into a revenue-sharing agreement with the County (or City) to share a portion of its profits, if any, with the County (or City) or provide a fair and reasonable discount for its food services. Any such profit sharing or discount shall be determined on a case-by-case basis and within the sole discretion of the Orioles and the Orioles' concessionaire. As to all such events pursuant to Section 5.5, the concessionaire may not charge the County (or City) more than its usual and customary food and service charges (but may charge less) associated with an Orioles event. In the event that the County (or City) or a Historical Event party under the terms and conditions of this Section, are permitted to use a third party concessionaire with the Orioles' approval and desire to use the Orioles' concessionaire's equipment or facilities, the County (or City) or Historical Event party shall enter into an agreement for such use with the Orioles and the Orioles' concessionaire on such terms and conditions as may be acceptable to the parties. The County shall notify the Orioles of any proposed County civic-oriented, non-profit events under Section 5.5 for which it desires that the Orioles' concessionaire provide concessions operations no less than fifteen (15) business days prior to the date of such event.

7.3 The County shall use its best efforts to ensure that all concession equipment, along with all furniture, fixtures and equipment, at the Major League Site and the Minor League Site that is County or City owned or is anticipated to be left by the current tenant is inventoried and conveyed to the benefit of the Project to the extent it is deemed by the Orioles to be beneficial to the Project, subject to the County's approval, not to be unreasonably withheld, conditioned or delayed.

## **8. SCOREBOARD AND NAMING RIGHTS.**

8.1 The Orioles shall have all rights to sell or otherwise assign naming and/or presenting sponsorship rights to all or any portion of the Major League Site and the Minor League Site, including the Major League Stadium. The Parties acknowledge the Minor League Site is currently referred to as the Buck O'Neil Baseball Complex and the Orioles will endeavor to refer to the baseball complex as such in materials and publications. The Orioles shall obtain the County's consent only as to whether the County objects to the association of the County with the naming and/or presenting sponsor and contends that such association is materially adverse to the County and will damage its reputation or the public's interests. The Orioles agree that the name of a tobacco company or product will not be used. The County may not unreasonably withhold, condition or delay its consent to a naming rights or presenting sponsor.

8.2 The Orioles shall control the scoreboard message center (the "Scoreboard"), the sound, public address and related systems at the Sites (collectively, the "AV Information Systems") for any and all events at the Sites during the Term. The Orioles will work cooperatively with the County to include a limited number of public service announcements and announcements of County programs and civic-oriented events at Orioles' events. The Orioles' personnel or designee shall operate all AV Information Systems at all times during the Term unless the Orioles agree otherwise; however, during Historical Events or County (or City or

authorized public) civic-oriented non-profit events, and subject to the Orioles' right and obligation to operate the AV Information Systems, the County shall have the right to determine the audio content and sell temporary event day only electronic message advertising on the Scoreboard content display. If Orioles personnel are utilized to operate the AV Information Systems, the Orioles shall be reimbursed for such actual incremental, out-of-pocket costs and expenses and other applicable expenses as provided in Section 5.8. Without limiting the foregoing, in no event may the County sell any temporary event day electronic message advertising on the Scoreboard content display to an entity if the sale or content of such electronic advertising would cause the Orioles to breach any exclusivity granted to a naming rights, presenting sponsor or any exclusive Orioles' sponsor.

## **9. BROADCASTING.**

9.1 The County will cooperate with the Orioles in identifying locations and available connectivity of commercial fiber, cabling, electrical, communications data transmission systems and the nearest head-ends (the "Broadcast Interface Equipment") in order for the Orioles to broadcast games played by the Orioles during the Term. The Orioles shall be responsible for all connectivity charges or fees payable to the vendor or utility. The County shall not charge the Orioles any fees or connectivity charges and the Orioles shall be permitted to use available easements on the Sites for connectivity purposes.

9.2 The Orioles shall have the exclusive broadcasting rights for all events at the Sites, other than as provided in this Subsection during the Term and all revenues derived therefrom shall be the property of the Orioles, including but not limited to all park and power fees and other charges levied upon visiting teams or for or in connection with other productions year-round. The Orioles shall have all rights to determine the content of any Orioles' broadcast and the Orioles shall have all rights to sell any advertising on any Orioles' broadcast during the Term. Subject to the rights of third parties, the Orioles shall have a fully-paid, transferable, license to broadcast and re-broadcast worldwide in perpetuity, images, photographs, audio and audio/visual recordings of all events of and from the Sites. The County shall have the non-exclusive right to broadcast the Historical Events and the approved County (or City or authorized public) civic-oriented non-profit events at the Sites utilizing its broadcasting equipment and personnel or, upon mutually acceptable terms, the Orioles' broadcasting equipment and personnel. Subject to the rights of third parties, the Orioles may broadcast any of the Historical Events or County (or City or authorized public) civic-oriented non-profit events from the Sites at its discretion.

## **10. PROMOTION AND TOURISM.**

10.1 The Orioles acknowledge that the County is undertaking a substantial financial responsibility to fund portions of the Project. The Orioles and County agree to develop an ongoing promotional relationship for the purpose of promoting Sarasota County and the Greater Sarasota County region as a desirable and attractive year-round vacation and meeting destination venue and for the promotion of the Orioles' spring training games and ticket sales related thereto. The Orioles shall make available on an annual basis after consultation with the Sarasota Convention and Visitor's Board and the Sarasota Tourism Development Council, certain promotional and tourism opportunities set forth in Exhibit 4. The Parties shall meet on an annual basis to review and amend Exhibit 4 as may be mutually agreeable from time to time.

10.2 The parties acknowledge that the Minor League Site is located at County-owned Twin Lakes Park which contains identifying signage and will continue to do so. To the extent permitted by Major League Baseball rules and regulations, the Orioles will provide the County with certain limited use rights as to the Orioles' marks and logos, subject to the Orioles' prior written approval in each instance, which will allow the County to promote its partnership with the Orioles at the Sites and on County literature and advertisements.

10.3 The Orioles shall provide the County with ten (10) prime location tickets (in groups of two (2) and four (4)), as determined by the Orioles, for all games and events at the Major League Site free of charge throughout the Term. In addition, the Orioles shall provide the County with event tickets for all seats in a luxury suite for up to four (4) Orioles spring training games per year; provided, however, that the suites have not been sold to a corporate or other purchaser and are available for the Orioles use and assignment. The County shall also be provided at no cost with adequate, preferred parking for all events for which tickets have been provided. The luxury suite, tickets and parking provided hereunder shall be used for tourism promotion and economic development purposes. The surcharge provided in Section 12 shall not be applicable to any complimentary event tickets or any tickets for which no payment is made by the County or other third party.

## 11. OPERATIONS AND MAINTENANCE.

11.1 Except as to Historical Events and County (or City or authorized public) civic-oriented non-profit events and as provided in Section 5.8, the Orioles, as lessee of the Sites, shall be responsible solely for payment of all operating expenses and routine maintenance and repairs of the Sites during the Term. The Orioles shall operate the Sites in a safe, clean, attractive, and first class manner comparable to that of other Major League Baseball spring training and minor league facilities and shall provide on-Site fire, EMS, police and traffic control for games and other events at the Major League Site under the Orioles' control as may be necessary. The County shall be responsible to provide such on-Site fire, EMS, police and traffic control for all County civic-oriented, non-profit events as may be necessary. Throughout the Term and except as otherwise expressly provided herein, the Orioles shall be responsible for and provide all cleaning and operational maintenance services for the Sites, including the playing and practice fields located thereon, in conformity with the practices of Major League Baseball spring training facilities and Major League Baseball standards, rules and regulations. For purposes of this Agreement, operating expenses and routine maintenance and repair services shall mean those ordinary cleaning, maintenance and ordinary repair services necessary to keep the Sites in first class, good and working condition and are ordinary and recurring expenses for current repair and maintenance that do not improve an asset or add to its useful life and that are not treated as capital expenses for federal income tax purposes. The County shall have no responsibility for any operating or routine maintenance or repair expenses for the Sites except as related to County civic-oriented, non-profit events or County approved recreational events pursuant to Section 5 or in connection with Section 18. The requesting party for Historical Events shall be responsible for any operating or routine maintenance or repair expenses for such Historical Events which shall be included in the contract described in Section 5.4 above, unless otherwise agreed by the Orioles. In the event that the County utilizes the Sites or authorizes their use, in whole or in part, the County shall be responsible to maintain and repair the fields and related facilities to the condition

prior to the time of County use, so as to provide the Orioles with the full beneficial use of and to the Sites. To the extent that the Orioles incur costs or expenses to maintain or repair the Sites as a direct result of the County's use of the Sites, the County shall reimburse the Orioles for all actual incremental, out-of-pocket costs and expenses associated therewith and other applicable expenses as provided in Section 5.8, in a timely manner upon invoice.

**12. CAPITAL REPAIR AND IMPROVEMENTS FUND.**

12.1 The County shall establish, administer and maintain a Capital Repair and Improvements Fund in an interest bearing account dedicated for the exclusive benefit of the Sites for the purposes expressed in this Section.

12.2 The Parties acknowledge that during the Term there will be capital repair and improvement items necessary to maintain or preserve the condition, structural integrity, safety or functionality of the Sites or to address physical obsolescence. Physical obsolescence means that the structure, foundation, surface, components, systems, fixtures or condition: (i) no longer adequately functions for the purposes for which it was intended, (ii) is dysfunctional in whole or in part, or (iii) poses a hazard to the public's accommodation. The Capital Repair and Improvements Fund shall not be used for the Orioles' general operations and routine maintenance and ordinary repair obligations or for any County (or City) obligations to reimburse the Orioles or pay for costs and expenses associated with the County's (or City's) use of the Sites or the use of the Sites by the public. This Fund is intended only for capital repairs and improvements as expressed in this Section, and which would customarily be treated as a capital item for federal income tax purposes. Capital repairs and improvements shall include all expenditures for a fixed asset, or which extends the useful life longer than one (1) year or adds value to or increases the usefulness or productivity of an existing asset.

12.3 The Capital Repair and Improvements Fund shall be funded by annual contributions from each of the Parties in accordance with the following schedule:

<u>For the Years</u>	<u>Annual Contribution</u>
2011 through 2015	\$125,000
2016 through 2020	150,000
2021 through 2025	175,000
2026 through 2030	200,000
2031 through 2035	225,000
2036 through 2039	250,000

12.3.1 A surcharge upon all Orioles game tickets sold and all other for-profit ticketed events conducted at the Sites shall be considered a contribution to the Capital Repair and Improvements Fund as if made by the Orioles directly:

12.3.1.A For all tickets with a face value of \$5.00 or less, the ticket surcharge shall be fifty (50) cents per ticket sold.

12.3.1.B For all tickets with a face value in excess of \$5.00 but less than \$10.00, the ticket surcharge shall be \$1.25 per ticket sold.

12.3.1.C For all tickets with a face value of \$10.00 or more but less than \$20.00, the surcharge shall be \$1.75 per ticket sold.

12.3.1.D For all tickets with a face value of \$20.00 or more but less than \$30.00, the surcharge shall be \$2.00 per ticket sold.

12.3.1.E For all tickets with a face value of \$30.00 or more, the surcharge shall be \$2.50 per ticket sold.

12.3.2 In any year, the Orioles shall have the sole right to charge or modify the ticket surcharge in its sole judgment.

12.3.3 Notwithstanding the foregoing, if the amount of the annual surcharge collected is: (A) less than the Orioles' Annual Contribution, the Orioles shall contribute the difference to the Capital Repair and Improvements Fund; (B) more than the Orioles' Annual Contribution, the amount of such excess shall not be credited toward its Annual Contribution for any other year.

12.4 Contributions to the Capital Repair and Improvements Fund shall be made by the County and the Orioles no later than January 15 of each year for the preceding year. No expenditures may be made from the Capital Repair and Improvements Fund without the prior approval of both the County and the Orioles.

12.5 All interest accruing on the Capital Repair and Improvements Fund shall be added to the Fund and available for Fund purposes.

12.6 The Orioles and the County shall jointly review the Fund balance on an annual basis. Beginning in the fifth (5<sup>th</sup>) year after substantial completion of the Project and every five (5) years thereafter, the Parties shall conduct an independent structural and engineering analysis of the Sites. The cost of such analysis shall be paid from the Capital Repair and Improvements Fund. To the extent that the structural and engineering analysis provided for in this Section 12.6 identifies a material structural or engineering condition that should be addressed by this Section, the Capital Repair and Improvements Fund will be made available to the extent that the Orioles and the County agree to authorize those repairs or improvements.

12.7 The County and the Orioles shall annually cooperatively develop a rolling five (5) year capital repairs and improvement plan for the Sites. The Orioles shall submit to the County, on or before June 1 of each year, a proposed budget of anticipated capital repairs and capital improvements for the succeeding year. The proposed budget shall include a detailed statement of the reason for and cost of proposed capital expenditures. The County shall review the proposed budget and notify the Orioles on or before August 1 of the same year whether it has approved all or any portion thereof, which approval will not be unreasonably withheld, conditioned or delayed. In the event of an emergency requiring a capital expenditure or other capital expenditure deemed necessary by the Orioles but not included in the budget, the Orioles shall promptly notify the

County after discovery of the emergency or need for the capital expenditure, and the Orioles and the County shall work cooperatively together in good faith to address the need for the capital expenditure.

12.8 The County shall be responsible for identification of funding sources and the timely payment of all approved capital expenditures that cannot be paid out of the then-remaining balance in the Capital Repair and Improvements Fund. The Orioles acknowledge that any such payment by the County is subject to appropriation and approval by the County Commissioners.

12.9 The Orioles, with the cooperation of the County, shall supervise the making of all capital repairs and improvements to the Sites.

12.10 Notwithstanding anything provided in this Section 12, the insurances required in Section 16 of this Agreement shall be maintained in full force and effect.

### **13. FUTURE IMPROVEMENTS.**

13.1 Subject to the applicable provisions of Section 4.3 hereof, the Orioles may develop and construct additional improvements on the Sites during the Term which are permitted by the zoning on the Sites, and any such improvements shall immediately be subject to the Lease. The Orioles shall prepare and provide to the County a plan showing such additional improvements, an estimate of the cost of the improvements and the Orioles commitment to pay for and a funding plan for such improvements prior to construction. The County shall have the right to review and approve all such improvements, such approval not to be unreasonably withheld, conditioned or delayed. The development and construction of any such additional improvements on the Sites during the Term shall be completed by the Orioles in accordance with applicable law.

### **14. YOUTH BASEBALL ACADEMY AND FACILITIES.**

14.1 The Parties acknowledge that it is mutually beneficial to facilitate the establishment of a youth baseball academy and youth tournaments, serving both the Greater Sarasota County region and players and teams from other areas. The Orioles and Ripken Baseball have expressed a desire and are willing to locate a Cal Ripken Youth Baseball Academy and youth tournaments at the Minor League Site. The County has agreed to permit the Orioles to sublease or co-locate a portion of the Minor League Site (as identified on the preliminary Site sketch attached hereto as Exhibit 2) as a possible and acceptable location for the youth baseball academy, facilities and fields and the County has agreed to provide said area to the Orioles for such purposes as a cleared and leveled portion of the parcel. The County consents to the development and use of the aforementioned areas for all such fields and facilities as may be necessary and appropriate for the full and beneficial use of those areas for a youth baseball academy and youth tournaments. The Orioles and/or Ripken Baseball with review and approval of the County, which shall not be unreasonably withheld, conditioned or delayed, shall have full rights to the design and architectural style of the fields and facilities. The timing of the development and construction of the youth fields and facilities is dependent upon raising the necessary funds to proceed with the project. Notwithstanding the preceding sentence, the Orioles and Ripken Baseball will commit to provide a commercially reasonable level of youth baseball activities in the Greater Sarasota County region pending the establishment and construction of the

youth baseball fields and facilities and the availability of requisite fields and facilities. The development and construction of youth baseball facilities pursuant to this Section shall be subject to the provisions of Section 13 hereof.

**15. NO IMPACT FEES.**

15.1 To the extent legally permissible, the Orioles shall not be responsible for the payment of any road impact fees, justice impact fees and general government impact fees in connection with the development or use of the Project.

**16. INSURANCE.**

The policies of insurance shall be primary and written on forms acceptable to the County and placed with insurance carriers approved and licensed by the Insurance Department in the State of Florida and meet a minimum financial AM Best Company rating of no less than "A-Excellent". No changes are to be made to these specifications without prior written specific approval by the County's Risk Management Department.

**Commercial General Liability:** Including but not limited to bodily injury, property damage, contractual, products and completed operations and personal injury with limits of not less than \$1,000,000 each occurrence and carry such umbrella liability coverage as the Orioles deem appropriate.

The County shall retain the right to review certificates, declarations and policies of insurance, at any time, in order to confirm coverage, form, and amount of insurance in accordance with this Agreement. The County shall be named as an additional insured on all Orioles' policies of insurance under this Agreement and the Project Documents.

Notices of Accidents (occurrences) and Notices of Claims associated with this Agreement shall be provided to the Orioles insurance company and County Risk Management as soon as practicable after notice to the insured.

16.2 County Insurance Requirements. The County shall procure and maintain, during the term of this Agreement and the Project Documents insurance as listed below.

**Commercial General Liability:** The County is self-insured for all liability claims and related expenses pursuant to the provisions of Florida Statute 768.28.

**Property Insurance:** The County shall maintain in force, at its expense the types and amounts of property insurance, including boiler and machinery insurance, as necessary to cover the full replacement value of the Sites. The County shall provide a copy of the Certificate of Insurance listing the Orioles as the additional insured. The property insurance shall insure against damage or destruction to any components of the Sites, providing "all risk" peril coverage, including coverage against hurricane, flood, sewer backup and earthquake. In the event of a loss or damage as described above, the County shall be responsible to retain a project manager to obtain an inspection and estimation of damages and repair and/or replacement costs to bring the Sites to their pre-loss condition in a timely and efficient manner. The County shall promptly report in a timely manner all claims and shall pay all deductibles in connection with such claim. Insurance proceeds recovered from submitted property damage claims for the Sites pursuant to this Section shall be placed in a joint escrow account and used to repair or rebuild the Sites and the County shall be obligated to promptly restore the Sites to its original or better condition. In the event that the insurance proceeds are insufficient to repair and restore the Sites to their previous pre-loss or substantially similar condition, the Orioles shall have no obligation to utilize its own funds to repair or restore the Sites. In the event the County determines that the Major League Site and/or the Minor League Site should not be repaired, the Orioles are entitled to immediate termination of this Agreement, and the Project Documents or any portion thereof (e.g. termination of the Major League Site but not the Minor League Site) without penalty. In the event the Orioles elect to terminate this Agreement and the Project Documents, there shall be an abatement of all monies due hereunder from the date of unavailability. The County, as applicable, shall be required to immediately notify its insurance carrier(s) in the event of any loss and shall promptly submit all claims, and all insurance proceeds of such policies paid for property damage to the Sites shall be for the benefit of the Sites and the Orioles and promptly applied to the repair, replacement and refurbishment and restoration of the Sites, and in accordance with the procedures established by the County and the Orioles and/or its designees for the initial construction of the Project, unless otherwise agreed upon by the County and the Orioles.

## **17. ENVIRONMENTAL.**

17.1 The Major League Site has been used for Major League Spring Training for more than twenty (20) years. Portions of the Major League Site were used as a landfill and asphalt plant in the past. The Major League Site is the subject of a consent order between the City and the Florida Department of Environmental Protection. The Interlocal Agreement with the City obligates the City, as set forth in the consent order, to continue to perform its environmental monitoring, reporting and other requirements under applicable environmental laws, following transfer of title to the Sports Complex to the County. It is contemplated that the City will need to enter into an amendment to the consent order providing for the closeout of the consent order. If it is determined that the Major League Site cannot be used as depicted on the preliminary project plans or that the Site presents a potential hazard to the public's health and safety or if the State of Florida or any other governmental agency requires remediation efforts, then the Orioles and the

County shall discuss funding the remediation costs, and if no agreement is reached prior to commencement of construction on the Major League Site, the Orioles shall have the right, in its sole discretion, to terminate this Agreement upon thirty (30) days written notice to the County.

**18. DISASTER PREPAREDNESS/SHELTER.**

18.1 The Sites may be used, in areas agreed upon by the Parties, for emergency response personnel and equipment, debris and debris-removal equipment for natural disaster preparations, response, and potential shelter. In the event the County uses the Sites pursuant to this Section, the County agrees to completely remove all disaster/hurricane-related debris and materials from the Sites and take such other remedial action as may be necessary within a reasonable period of time prior to the Spring Training Period so as to allow the Orioles full beneficial use of and to the Sites. The County shall be responsible for all damage, clean-up, maintenance, repairs and costs and expenses in connection with the use of the Sites for disaster purposes, and the County shall promptly clean up, repair and restore the Sites, all at no cost or liability to the Orioles. Notwithstanding anything in this Agreement to the contrary, the County shall be responsible for any liability arising out of or in connection with the County's (and its invitees) or the public's use of the Sites pursuant to this Section and the County agrees to indemnify, defend and hold the Orioles and its officers, directors, partners, employees, agents and representatives harmless in connection with such use of the Sites by the County (and its invitees) or the public.

**19. TAXES; AVAILABILITY OF ADDITIONAL STATE FUNDS.**

19.1 The County represents that (1) it shall acquire from the City and shall continue to have throughout the Term, all ownership interests in the Major League Site, (2) as of the date hereof, it has and shall continue to have throughout the Term, all ownership interests in the Minor League Site, (3) as such, has the full authority to grant the Orioles the rights provided hereunder, and (4) this Agreement has been entered into for the public purpose of promoting tourism, gainful employment and economic growth in Sarasota County and the State of Florida. It is the intent and understanding of the Parties that the leasehold interest to be held by the Orioles pursuant to the Lease shall be immune from Property Taxes, including ad valorem taxation for long as such constitutional immunity remains in effect.

19.2 For purposes of this Agreement, "Property Taxes" shall mean all ad valorem taxes, real estate taxes and assessments or payments in lieu of real estate taxes which are levied against the Lease and/or the Sites (and any improvements thereon), including all general and special taxes levied by the County, the City or any political subdivision or taxing authority of the County or the City or the State of Florida, including but not limited to school districts, or transit authorities, so long as such tax is based upon or measured by the valuation of the land, the improvements (including the Project), or any of their respective leasing arrangements.

19.3 If the Orioles and/or its designees may be eligible for any tax benefits, exemptions, abatements, credits, grants or other refunds the County shall cooperate with the Orioles in pursuing such.

19.4 The County and the Orioles shall each use their best efforts to obtain additional funds from the State of Florida, authorized for the use of spring training facilities construction or renovation, for economic development, tourism, disaster relief or staging, hurricane hardening purposes and/or any other purpose that can be made available for the Sites in connection with the Orioles' use and occupancy thereof and to dedicate such additional funds to the Capital Repair and Improvements Fund.

## **20. FORCE MAJEURE.**

20.1 Neither party hereto shall be liable for any delay or failure in the performance of any obligation under this Agreement or the Project Documents or for any loss or damage (including indirect or consequential damage) to the extent that such nonperformance, delay, loss or damage results from any "Force Majeure". For purposes of this Agreement, a "Force Majeure" shall mean and include without limitation, any fire, flood, explosion, damage by third parties whether negligently or intentionally caused, acts of God or Nature or other casualties, strikes (including, without limitation, any strike by the Major League Baseball Players Association), lockouts (including, without limitation, any lockout by the League), work stoppages, picketing or other concerted action by any employees or any labor organization, national emergency or state of war, the laws or actions of any governmental authority, or any other event or cause that is beyond the control of the Parties. Notwithstanding anything contained in this provision, a strike by the MLBPA or lockout by the League will not be a Force Majeure event with respect to the Project Development Agreement.

Without limiting any remedies available at law or in equity, in the event the purposes of this Agreement and/or the Project Documents are frustrated as a result of the actions, rulings, determinations, findings, orders, judgments or directives of any state or federal or other governmental agency or as a result of the actions of third parties in connection with, relating to, or arising from, the existence of any hazardous materials on, in, under, affecting or emanating from all or any portion of: (1) the real property located at 12th Street and Tuttle which has historically been used as a Major League Spring Training facility and includes training facilities, practice fields, clubhouses, offices, the "Ed Smith Stadium" and other improvements and fixtures located thereon, and/or (2) the real property located North of 12th Street and South of 17th Street and the corner parcel North of 12th Street (the "Major League Site") which may cause (i) substantial and material delay to the Project, (ii) substantial and material additional costs to the Project, (iii) substantially and materially restrict or prohibit the Project or its substantial completion or (iv) in any other way substantially and materially frustrates the purposes of this Agreement and/or the Project Documents, then the Orioles and the County shall discuss such situation, and if no mutually acceptable agreement is reached between the Parties to resolve the situation, then either Party shall have the right to terminate this Agreement and the Project Documents upon thirty (30) days written notice to the other Party; provided that, any Party may submit this matter to binding arbitration, which arbitration must be requested, conducted and fully concluded within sixty (60) days of the written notice of termination, solely as to the issue of whether that Party's termination was reasonable under the facts and circumstances, including the purposes of this Agreement and the Project Documents and based upon the delay, additional costs, restriction or prohibition as expressed in this Section.

20.2 If as a result of any Force Majeure the Sites are unavailable for Spring Training in any of the years during the Term, this Agreement and the Project Documents shall be regarded as suspended for the period of unavailability without liability to either Party so long as the period of unavailability is no more than two (2) consecutive Spring Training Periods during the Term. If the Sites shall be unavailable for two (2) consecutive Spring Training Periods during the Term, the Orioles shall have the right to terminate this Agreement and the Project Documents without any further liability to the County. To the extent that the Sites are unavailable for a Spring Training Period, the County shall use its best efforts to assist the Orioles in securing, at no cost to the Orioles, suitable facilities in the County to conduct its Spring Training Operations. If no suitable facilities are available, in the Orioles' sole discretion, the Orioles may locate its Spring Training Operations at facilities outside the County and the Orioles shall be relieved of all obligations under this Agreement and the Project Documents for such period.

## 21. DEFAULT, REMEDIES AND TERMINATION.

21.1 If either Party hereto (the "Defaulting Party") shall fail to perform any of its obligations under this Agreement or any of the Project Documents, then the Party not in default (the "Non-Defaulting Party") shall provide notice of such failure to the Defaulting Party and afford the Defaulting Party a grace period to cure said failure, as follows:

21.1.1 Where a grace period is specifically provided, that specific grace period shall apply.

21.1.2 Where a grace period is not specifically provided, the Defaulting Party shall afford the Non-Defaulting Party a grace period of: (i) five (5) business days to cure monetary failure; and (ii) thirty (30) days to cure any non-monetary default; provided, however, that if any non-monetary failure cannot be cured within such thirty (30) day period, the Defaulting Party shall be afforded such additional time as shall be reasonably required to cure such failure, if the Defaulting Party has commenced the appropriate cure within said initial thirty (30) day period and thereafter proceeds with reasonable diligence to cure said failure.

21.1.3 If any failure to perform shall not have been cured by the expiration of the applicable grace period, then a "Default" shall be deemed to have occurred and the Non-Defaulting Party shall have the rights and remedies set forth in Section 21.2 below.

21.2. If a Default shall occur, the Non-Defaulting Party shall have the right (but not the obligation to cure such default on behalf of the Defaulting Party, in which event the Defaulting Party shall immediately reimburse the Non-Defaulting Party for all sums paid by it to effect such cure, together with interest thereon at the annual rate of interest equal to the prime rate of interest charged by the County's primary financial institution to its commercial customers with the highest credit rating plus one and one-half percent ("the Default Rate").

21.3 County Termination. The County may terminate this Agreement or any of the Project Documents upon thirty (30) days prior written notice to the Orioles of any of the following events (collectively hereinafter referred to as the "Orioles Defaults"):

21.3.1 If the Orioles desert or vacate one or both of the Sites;

21.3.2 If, by order of a competent authority, a receiver, liquidator or trustee of the Orioles shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days after the making of such order, or if by decree of such authority the Orioles shall be adjudicated or determined to be bankrupt or insolvent, or if the Orioles shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;

21.3.3 If the Orioles fail to make any payments to the County pursuant to this Agreement or any of the Project Documents within sixty (60) days following written notice of such payment Default; provided however, the Orioles shall have the right to withhold any amounts disputed in good faith until the settlement of any such dispute; or

21.3.4 If the Orioles breach any material provision, agreement or obligation under this Agreement or any of the Project Documents, that is not cured within sixty (60) days after notice of such Default; provided, however, that if such Default cannot be cured within such sixty (60) day period, but the Default is capable of cure within a reasonable period of time which is acceptable to the County, and the Orioles diligently pursue such cure, the Orioles shall be allowed such agreed upon time period to cure such Default.

21.4 Orioles Termination. In addition to the termination rights contained elsewhere in this Agreement, the Orioles may terminate this Agreement or any of the Project Documents upon thirty (30) days prior written notice to the County of any of the following events (collectively hereinafter referred to as the "County Defaults"):

21.4.1 If, by order of a competent authority, a receiver, liquidator or trustee of the County shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days of the making of such order, or if by decree of such authority the County shall be adjudicated or determined to be bankrupt or insolvent, or if the County shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;

21.4.2 If the County fails to make any required payments or deposits to the Governmental Project Fund, Construction Fund Account or the Capital Repair and Improvements Fund or fails to make any payments to the Orioles pursuant to this Agreement or any of the Project Documents within sixty (60) days following written notice of such payment Default; provided, however, the County shall have the right to withhold any amounts disputed in good faith until the settlement of any such dispute; or

21.4.3 If the County breaches any material provision, agreement or obligation under this Agreement or any of the Project Documents that is not cured within sixty (60) days after notice of such Default; provided, however, that if such Default cannot be cured within such sixty (60) day period, but the Default is capable of cure within a reasonable period of time which is acceptable to the Orioles, and the County diligently pursues such cure, the County shall be allowed such agreed upon time period to cure such Default.

21.5 **Cumulative Rights.** The remedies heretofore described in this Section 21 shall be in addition to any other remedy the Non-Defaulting Party may have at law or in equity in the event of a Default, including without limitation:

21.5.1 An action to recover monies then due and owing from the Defaulting Party, together with interest thereon at the Default Rate, from the date on which such monies were due;

21.5.2 An action for specific performance of non-monetary covenants and agreements on the part of the Defaulting Party; and/or

21.5.3 An action for recovery of all actual losses, costs and reasonable attorneys' fees incurred by the Non-Defaulting Party in connection with, arising out of or in any way related to the Default.

21.6 **Injunctive Relief.** Without limiting any other remedies of the County on account of a Default by the Orioles available in accordance with Section 23 of this Agreement, the County will be irreparably harmed if the Orioles violate the Lease by the transfer, move or other relocation of the Orioles' spring training activities to locations other than the Sites during the Term otherwise than as provided or permitted by this Agreement or the Project Documents. Accordingly, the Orioles hereby agree that in the event of such a violation or threatened violation of the Lease, the County shall be entitled to seek and obtain a temporary restraining order, together with preliminary and permanent injunctive relief, from any court of competent jurisdiction to enjoin any such violation or threatened violation. The Orioles waive any requirement that the County post a bond or other security in connection with such injunctive relief. In the event of such attempted or actual transfer, move or other relocation of the Orioles' spring training activities to, or the playing of Home Games at, any location other than the Sites, the County is not able to obtain the injunctive relief provided for in this Section 21.6, the County shall be entitled, at its option, to seek monetary damages.

### **23. DISPUTE RESOLUTION.**

23.1 The Parties acknowledge that their rights and responsibilities under this Agreement and the Project Documents involve coordination and cooperation with respect to the design, development and construction of, and capital repairs and improvements to, the Project. Accordingly, the Parties agree that it would be to their mutual benefit to establish a dispute resolution process to deal with any dispute arising out of this Agreement or the Project Documents.

23.2 The Parties agree to attempt to settle any dispute or controversy that may arise between the Parties regarding any provision or obligation set forth in this Agreement or the Project Documents by non binding mediation.

23.3 If the Parties are unable to resolve any dispute with respect to the design, development and construction of, and capital repairs or improvements to, the Project or with respect to the Parties' obligations to finalize and execute the Project Documents, the matter in

dispute shall be submitted to binding arbitration under the Arbitration Laws of the State of Florida (Chapter 682, Florida Statutes) in accordance with applicable Commercial Arbitration Rules of the American Arbitration Association ("AAA") then in effect. The venue of the arbitration may be in Sarasota County. The arbitration shall be expedited to completion within ninety (90) days after notice of electing to arbitrate sent by one Party to the other Party. Both Parties shall agree in good faith to cooperate and facilitate the completion of the arbitration within said ninety (90) day period. In the event the Parties are unable to agree on a single arbitrator within thirty (30) days of the notice of electing to arbitrate, each Party shall within ten (10) business days thereafter select an arbitrator from a panel of eligible arbitrators provided by AAA and thereafter the two selected arbitrators shall select a third arbitrator. After all the evidence has been presented and the hearing has concluded, the Arbitrator(s) shall issue an award, in writing, within thirty (30) days. A judgment upon that award shall be enforceable in any court having jurisdiction of such matters in the State of Florida.

#### **24. TRANSFER OF THE SITES.**

24.1 The County represents, warrants and covenants that no part of the Sites will be sold, assigned or transferred by the County during the Term and the County shall not take (or refrain from taking) any action to restrict or condition, and shall not be permitted to sell or otherwise transfer, any portion of the Sites to any unaffiliated third party, without the prior written approval of the Orioles, which may be granted or withheld in the Orioles' sole discretion. If the Orioles approve the sale or transfer of any portion of the Sites, such County purchaser and/or transferee shall be obligated to perform in accordance with the terms of this Agreement and the Project Documents, including all the obligations, duties and responsibilities of the County contained therein, and such purchaser and/or transferee shall explicitly assume in writing all such obligations, duties and responsibilities. Further, if at any time during the Term, with the prior written approval of the Orioles, the County offers to sell the Sites, or any portion thereof, to an unaffiliated third party, the Orioles shall have a right of first refusal to purchase the Sites, or portion thereof at the price acceptable to such unaffiliated third party.

#### **25. CONDITIONS TO THE EFFECTIVENESS OF THIS AGREEMENT.**

25.1 Notwithstanding any provision of this Agreement to the contrary, the effectiveness of this Agreement is expressly conditioned upon the certification by the State of Florida of the Sites as a retained spring training facility for which funding under Section 288.1162FS has been approved and all necessary funds under the aforementioned Florida statutes are committed by the State Office of Tourism, Trade and Economic Development ("OTTED") to be released or continue to be released to the City for the benefit of the Project. All approvals and commitments as to the funding or continuation of funding under this Section shall be confirmed in writing by OTTED within seven (7) days after the satisfaction of all conditions set forth in the OTTED letter dated July 17, 2009 to the Sarasota County Commission Chairman as a condition precedent to the effectiveness of this Agreement.

25.2 Notwithstanding any provision of this Agreement to the contrary, the effectiveness of this Agreement is expressly conditioned upon the receipt by the Parties from the City of an environmental indemnity in form and substance satisfactory to the Parties within seven (7) days after the date of this Agreement.

**26. MISCELLANEOUS.**

26.1 Amendments. This Agreement may not be changed, modified, or discharged orally, but only by an instrument in writing signed by the Parties.

26.2 Binding Effect. This Agreement shall be binding upon and inure to the benefit of each of the Parties, and each of their respective successors. The Parties by executing this Agreement represent and warrant to each other that they have the full authority to enter into this Agreement and to bind such Parties to its terms and conditions.

26.3 Conflicting Agreements. Each Party represents and warrants to the other Party that the execution of this Agreement and the performance of its obligations hereunder will not breach or be in conflict with any other agreement to which it may be a Party or may be bound.

26.4 Construction. The Parties hereby acknowledge that this Agreement is the product of negotiation between the Parties and/or their respective legal counsel and that no provision of this Agreement shall be construed against a Party solely because that Party or that Party's counsel drafted such provision.

26.5 Exhibits; Headings. The Exhibits attached hereto are substantive parts hereof; headings of the Sections of this Agreement are for convenience of reference only and are not substantive parts hereof.

26.6 Further Actions of the Parties. Immediately upon the execution of this Agreement, the Parties shall take all action necessary to effectuate the purposes of this Agreement, and shall commence good faith negotiations to draft and, where appropriate, execute the Project Documents which implement the transaction(s) contemplated by this Agreement. In addition, and without limiting the foregoing, the County shall take any action necessary under the Interlocal Agreement(s).

26.7 Covenant Re: Negotiations. Upon the mutual execution and delivery of this Agreement and the satisfaction of any condition precedents to this Agreement, the Orioles will refrain from any further negotiations with any other jurisdiction for the location of the Orioles' long term Spring Training Operations. Pursuant to the terms and conditions of this Agreement, the Orioles shall notify the County on or before October 31, 2009 as to whether the Orioles will conduct its Spring Training Operations in 2010 at the Sites. The Orioles may, without violating this covenant in making such determinations, have discussions with its current landlord in Fort Lauderdale, Florida with regard to the Orioles' existing leasing arrangements, including the winding down of such arrangement. In the event that the City of Fort Lauderdale asserts a claim against the County arising from the execution of this Agreement, the Orioles agree to reimburse the County for any actual out-of-pocket costs, fees or expenses, judgments or awards, as a direct result of such claim by the City of Fort Lauderdale.

26.8 Governing Law. This Agreement is entered into in, and shall be governed by, construed and enforced in accordance with the laws of the State of Florida, without reference to principles of conflicts of laws.

26.9 Integrated Agreement. This Agreement represents the full, complete, entire and integrated agreement between the Parties with respect to the subject matter hereof, and supersedes all prior oral and written agreements, understandings and negotiations with respect to the subject matter hereof.

26.10 No Joint Venture. This Agreement shall not constitute a partnership, joint venture or create an agency relationship between the Parties.

26.11 No Waiver. The failure of either Party to object to, or to take affirmative action with respect to, any conduct of the other Party that violates any term or condition of this Agreement shall be limited to that particular instance, and shall not be construed as a waiver of that Party's rights for such breach or as a waiver of remedies for future breaches by the other Party.

26.12 Orioles' Full and Beneficial Use of the Sites. As provided for in this Agreement, the "Orioles' full and beneficial use of the Sites" shall mean all lawful uses of the Sites subject to the terms and conditions of this Agreement.

26.13 Rights Unique. The Parties acknowledge that each Party's rights and obligations hereunder, including but not limited to intellectual property assets (but other than the payment of money) are special, unique, extraordinary and impossible of replacement, which gives them a peculiar value, the loss of which could not be reasonably or adequately compensated in damages in an action at law, and that either Party's failure or refusal to perform its obligations hereunder would cause the other Party loss and damages. Except as permitted and otherwise provided for in this Agreement, if either Party fails or refuses to perform such obligations, the other Party shall be entitled to seek injunctive or other equitable relief against it, including temporary relief prior to a time at which a preliminary hearing may be held, by a court of competent jurisdiction to prevent the continuance of such failure or refusal or to prevent the breaching Party from granting rights to others in violation of this Agreement. The Parties waive any requirement that the other Party post a bond or other security in connection with such injunctive relief. In the event a Party is not able to obtain the injunctive relief provided for in this Section, such Party shall be entitled, at its option, to seek monetary damages.

26.14 Mutual Indemnification. The Orioles shall indemnify, defend and hold the County and County's agents harmless from and against all loss, cost, damage and expense (including reasonable attorneys' fees and disbursements) imposed upon or incurred by the County in connection with all claims arising out of or relating to the death of or injury to any person, or the loss of or damage to the property of any person (excluding the property of the County) arising out of or occurring during Spring Training games or Orioles' events or the Orioles' occupancy, management or use of the Sites, excluding death, injuries, and property loss and damage which arise out of or are related to the wrongful or negligent acts or omissions of the County, the County's agents or County's contractors or subcontractors. The County shall indemnify, defend and hold the Orioles and Orioles' agents harmless from and against all loss, cost, damage and expense (including reasonable attorneys' fees and disbursements) imposed upon or incurred by the Orioles in connection with all claims arising out of or relating to the death of or injury to any person, or the loss of or damage to the property of any person (excluding the personal property of

the Orioles) arising out of or occurring during County civic-oriented, non-profit events, or County-authorized use or events for the County's occupancy, capital repair or improvement or use of the Sites, excluding death, injuries, and property loss and damage which arise out of or are related to the wrongful or negligent acts or omissions of the Orioles, the Orioles' agents or Orioles' contractors or subcontractors.

26.15 Severability. The parties hereto agree that to the extent that any provision or portion of this Agreement shall be held, found or deemed to be unreasonable, unlawful or unenforceable by a court of competent jurisdiction, then any such provision or portion thereof shall be deemed to be modified to the extent necessary in order that any such provision or portion thereof shall be legally enforceable to the fullest extent permitted by applicable law.

26.16 Taxes; Recordation. The Orioles shall not be responsible for any fees, taxes (including but not limited to transfer taxes) or expenses in connection with the recordation of this Agreement or any of the Project Documents.

26.17 Time. Time is of the essence with regard to the Parties' obligations under this Agreement.

26.18 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which together shall be one and the same instrument.

26.19 Orioles Assignment. The Orioles shall not sell, assign or otherwise transfer all or any portion of its interest in this Agreement or the Project Documents without first obtaining the consent of the County; provided, however, that (i) the Orioles shall have the right, without consent, to sublease or transfer its rights and/or obligations, in whole or in part, under this Agreement and the Project Documents, including in furtherance of Section 14 of this Agreement, to any person or entity, provided that the Orioles shall remain liable for its obligations under this Agreement and the Project Documents, including, but not limited to, the playing of the Orioles' Spring Training games at the Sites as provided herein and (ii) the Orioles shall have the right, without consent, to transfer all of its rights and/or obligations, in whole or in part, under this Agreement or the Project Documents to any person or entity that shall thereafter own the Major League Baseball franchise now held by the Orioles on the condition that such transferee shall assume the obligations of the Orioles set forth in this Agreement and the Project Documents and on the further condition that Major League Baseball approves the transfer of the Orioles Major League Baseball franchise to such transferee.

IN WITNESS WHEREOF, the parties have executed this Agreement under seal as of the date set forth above.

Chairman Jon Thaxton  
Sarasota County Commission  
1660 Ringling Boulevard  
Sarasota, FL 34236

Dear Chairman Thaxton:

Recent discussions with the Office of Tourism, Trade, and Economic Development (OTTED) have surrounded the departure of the Cincinnati Reds. We understand that the City of Sarasota and Sarasota County are working to preserve Spring Training in their area by negotiating an arrangement with the Baltimore Orioles. I have reviewed this issue carefully, and taking into account the intent of the Legislature, have determined that these funds may be used for a retained spring training facility in Sarasota, if the following conditions are met to OTTED's satisfaction:

1. An official letter in accordance with section 288.1162(5)(d), Florida Statutes, from the City of Fort Lauderdale acknowledging the Baltimore Orioles are relocating to Sarasota from their spring training location in Fort Lauderdale; See pages 4 and 5 of this Exhibit 4
2. A signed agreement, in accordance with section 288.1162(5)(b)2, Florida Statutes, between Sarasota and Baltimore Orioles for a retained spring training franchise; See page 3 of this Exhibit 4 and attached Exhibit 2
3. Documentation of the local match for at least 50 percent funds to be used for the spring training facility as required by section 288.1162(5)(b)3, Florida Statutes; and See attached Exhibit 1 detailing all funds expended on project
4. Written agreement from Sarasota that the state funds will only be used for the renovation or expansion of the Ed Smith stadium complex and corresponding major league operations. See pages 1 and 6 of this Exhibit 4

Once all these documents have been provided to my office and deemed satisfactory to OTTED, I will issue a final letter of approval for continuing release of the funds. Please feel free to contact me at (850) 487-2568 with any questions.

Dear Dr. Brill:

On July 22, 2009, the Sarasota County Commission approved a Memorandum of Understanding with the Baltimore Orioles to move the team to Sarasota County for spring training. Sarasota County will be providing funds in the amount of \$23.7 million to the spring training facility project which will include the renovation of the Ed Smith Stadium Complex and renovation of facilities at the minor league site at Twin Lakes Park. This will confirm that state funds will only be used for the renovation or expansion of the Ed Smith Stadium Complex and corresponding major league operations.

## INDIAN RIVER COUNTY ANNUAL REPORT ON STATE SPRING TRAINING FUNDS

Dated: August 2, 2017

Indian River County is submitting its annual report to the Florida Department of Economic Opportunity in accordance with Florida Statute, Section 288.11631. Please find the requested information enclosed:

1. *A detailed report on all local and state funds expended to date on the project being financed under Section 288.11631, F.S.*

Attached is a detailed report of expenditures (**Attachment #1**) of the bond proceeds of the \$16,810,000 Indian River County, Florida, Revenue Bonds, (Spring Training Facility) Series 2001. Also please see a copy of the official statement for this bond issue (**Attachment #2**). These bonds are secured in part by the "Retained Spring Training Franchise" funds ("State Funds"). The original annual debt service for these bonds was \$1,221,333. The "State Funds" originally supported \$500,000 (40.9%) and local funds supported the remainder \$721,333 (59.1%). The annual debt service has dropped to about \$864,000 since a portion of the bond was paid off in 2013 with local funds.

Based on the portion of debt supported by the annual \$500,000 from the State of Florida, approximately \$6.9 million of the initial acquisition and construction costs (\$19 million) were funded by the "State Funds". The entire proceeds of the bond issue were expended by 2006. Additionally the County has continued to spend local funds since the bond issue was fully expended (See **Attachment #1A**). Total expenditures for this project now stand at approximately \$25 million.

2. *A copy of the contract between the certified local governmental entity and the spring training team.*

Please find a copy of the "Memorandum of Understanding" between the Los Angeles Dodgers, Inc. and the County entered into on August 9, 2000 (**Attachment #3**). Also, please find the Facility Lease Agreement between the Dodgers and Indian River County, entered into on September 1, 2000 (**Attachment #3A**), as well as the First, Second, Third, Fourth and Fifth Amendment to Facility Lease Agreement (**Attachments #3B, #3C, #3D, #3E and #3F**).

Further, the Certification of Indian River County as an authorized facility for a retained spring training facility pursuant to Section 228.1162, Florida Statutes, approved by OTTED on January 1, 2001, has been attached as well (**Attachment #4**).

3. *A cost-benefit analysis of the team's impact on the community*

Attached is a copy of the Economic Impact Report from the Treasure Coast Sports Commission for the 2017 Historic Dodgertown Spring Training held January 15, 2017 through April 28, 2017 (**Attachment #5**). This event resulted in 11,501 room nights in Indian River County, with an estimated \$4.3 million economic impact. It should be noted that Historic Dodgertown has activity throughout the year, not just during spring training. The total economic impact of this facility is shown in the attached report titled, "Economic Impact Study of the Vero Beach Sports Village on Indian River County" prepared by the Treasure Coast Sports Commission (**Attachment #5A**).

Also included is a copy of the "Economic Impact of Tourism" completed by the Center for Tourism Research & Development in December 2001 (**Attachment #5B**). This study estimated the total economic impact of Spring Training at Dodgertown at approximately \$119 million per year.

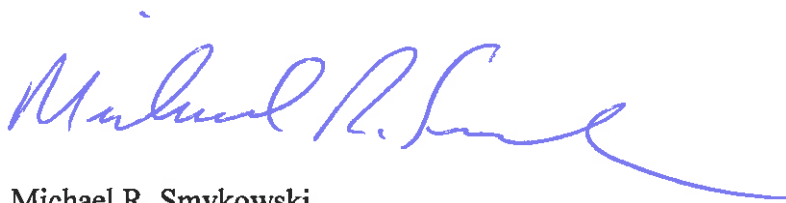

4. *Evidence that the certified governmental entity continues to meet the criteria in effect when the applicant was certified.*

As stated above, Indian River County entered into a Memorandum of Understanding (MOU) and a Facility Lease Agreement with the Dodgers in 2000. The MOU provided that the County would purchase the stadium from the Dodgers for \$10 million and provide \$7 million for the expansion and renovation of the facility. The Series 2001 Spring Training Facility Bonds were issued to finance the acquisition and improvements. This bond issue was secured partially by pledging the annual \$500,000 payments received in accordance with Section 121.20, Florida Statutes, through 2031. Several years later, the Dodgers terminated the lease agreement with Indian River County. Since that time, the County has entered into an agreement with Verotown (previously Minor League Baseball) to operate the facility. Please note, this agreement entered into on May 1, 2009, and as amended later, explicitly contemplates that Verotown will allow for and assist Indian River County in securing Spring Training opportunities at the facility (see **Attachment #6**). This agreement states, "Verotown (previously MiLB) acknowledges the community's desire to host, and agrees to promote the use of the Facility for Major League Baseball spring training activities and game events. Verotown agrees to negotiate with any Team expressing an interest in conducting spring training activities or game events at the Facility and will use its best efforts to enter into a sub lease or other use arrangement on such terms and conditions as Verotown deems commercially reasonable or feasible. Any such use by a Team shall require prompt review and approval by the County Administrator, which shall not be unreasonably withheld. In the event such approval is not timely forthcoming or otherwise withheld, Verotown may seek approval from the County Commission."

Please note, Section 288.11621(5)(f) states, "A local government as defined in s.218.369 may not be decertified by the department if it has paid or pledged for the payment of debt service on, or to fund debt service reserve funds, arbitrage rebate obligations, or other amounts payable with respect thereto, bonds issued for the acquisition, construction, reconstruction, or renovation of the facility for which the local government was certified, or for the reimbursement of such costs or the refinancing of bonds issued for the acquisition, construction, reconstruction, or renovation of the facility for which the local government was certified, or for the reimbursement of such costs or the refinancing of bonds issued for such purpose. This subsection does not preclude or restrict the ability of a certified local government to refinance, refund, or defease such bonds."

As shown in Attachments #3, and #4, the County was certified as a retained spring training facility on January 1, 2001. Further, Attachment #2 is the official statement for bonds issued for the acquisition, construction, and renovation of Dodgertown. This issue pledged the retained spring training facility funds for a period of thirty years beginning on February 28, 2001.

Subsequently, Indian River County pledged the "State Funds" for the payment of debt service on bonds issued for the acquisition, construction, and renovation of this facility. This scenario is contemplated within Section 288.11621(5)(f) as recently amended. Per Section 288.11621(5)(f), the County "may not be decertified by the department" based upon the information provided herein.

In the opinion of Bond Counsel, assuming continuing compliance by the County with certain covenants to comply with provisions of the Internal Revenue Code of 1986, as amended, interest on the Series 2001 Bonds is excluded from gross income for purposes of federal income taxation and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations under existing statutes, regulations and judicial decisions; although it should be noted that in the case of corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings for purposes of such alternative minimum tax. Furthermore, in the opinion of Bond Counsel, the Series 2001 Bonds and the income therefrom are exempt from taxation under the laws of the State of Florida, except as to Florida-estate taxes imposed by Chapter 198, Florida Statutes, as amended and net income and franchise taxes imposed by Chapter 220, Florida Statutes, as amended. ## Introduction

The following objectives set the parameters for this study:

### **Primary Objectives**

- Objective 1: To determine the overall impact of tourism in Indian River County during three seasons (Winter, Spring and Summer).
- Objective 2: To assess current county tourism characteristics during three seasons and provide recommendations for the future based on demographic and travel-related trends.
- Objective 3: To assess tourists' satisfaction levels with Indian River County at different times throughout the year.

### **Secondary Objective**

- Objective 1: To assess different market segments based on trip purpose and provide recommendations for the future based on these findings and travel trends.

### **Methods for Collecting Data**

The respondents included tourists who visited one of thirteen sites in Indian River County. Surveying began on January 15, 2001 and continued until October 1, 2001. During the research phase, each of the sites were visited at least twice. Contact with visitors was made by independent interviewers hired by PMR, Inc., Gainesville, FL.

Interviewers worked in either teams of two or as an individual. They were instructed to approach every fifth person, alternating males and females. A quota was established for each site and season. Quotas ranged from 15 to 50 completed surveys. Business and leisure visitors who traveled from outside the county were included in the sample. The intercept interview was an eight page questionnaire that was administered through a personal interview.

A map of the county was provided ensuring accuracy of respondents answers regarding spending in the area.

Six-hundred surveys were completed.

## Executive Summary

1. The most frequently used accommodations were commercial accommodations (59%) and staying with friends or relatives (25%). Within commercial accommodations, mobile homes and campgrounds accounted for about 4% of the accommodations used by visitors.
2. Approximately 80% of the visitors were repeat visitors to Indian River County.
3. Approximately 60% of the visitors visited Indian River County 1 to 4 times in the previous 12 months.
4. Primary destinations for these travelers were a local resort or inn (20%), Prime Outlet (15%), festivals/events (12%), the beach (11%), the Dodger's (10%), Sebastian Inlet (8%) and visiting friend's or relative's home (7%); all other destinations accounted for less than 6% each.
5. Primary reasons for visiting the county were: the beach/outdoor recreation (25%), visiting friends or relatives (23%), festivals/events (14%), shopping (11%), business trip (5%) and Dodger's game (5%).
6. Activities included: visiting the beach (69%), shopping (53%), attending a festival (30%), visiting a community or city park (28%), swimming in a pool (26%), and attending a Dodger's game (20%).
7. The highest rated satisfaction factors were: friendliness of the people with a 95% satisfaction rating, quality of the beaches with a 95% satisfaction rating, good overall value for money spent with a 93% satisfaction rating, variety of things to do with an 84% satisfaction rating, quality of lodging with a 82% satisfaction rating, and quality of restaurants with a 82% satisfaction rating. There were no activities with a greater than 13% dissatisfaction rating.
8. The return potential was high with 80% of the visitors indicating that it was very likely that they would return and 18% saying it was somewhat likely. Only about 1% said it was unlikely that they would return.
9. The characteristics most agreed with about Indian River county were that the county has: good climate and weather, relaxing atmosphere, attractive scenery, beautiful greenery and parks, accessible roads to attractions, good sporting events, good shopping centers and facilities, restaurants, festivals/events and a good variety of accommodations and recreational activities.
10. Most visitors to Indian River County were from other counties in Florida rather than from out of state.
11. The "typical" visitor to Indian River County had incomes over \$50,000 annually, had a bachelors degree or higher as an educational background and were employed full time (60%) or retired (30%). The sampled visitors were about equally female and male, about half were under 50 years of age and about 70% had no dependent children living at home.
12. Slightly more than half (57%) of the sampled visitors were traveling in groups of two, 16% were solo travelers, about 6% in groups of 6 or more and 21% in groups from 3 to 5.
13. About 37% were day visitors, 25% were 1 or two night visitors, 22% spent 4-7 nights and 15% stayed more than 7 nights. The median stay was 4 nights and the most frequent stay was as a day visitor or, for overnighters, two nights.

## Conclusions

There are a few main conclusions that have come out of this study. They will be presented in the following areas:

- Primary market segment(s)
- Economic impact

### Primary Market Segments

#### *Primary Purpose of Trip*

1. Visiting Friends and Relatives (VFR) are the first largest market segment, they spend the most (\$539.05/trip) and participate in the most amount of activities in the county (average 4.3 activities). Half of the VFR segment stay in private residences, while half stay in commercial accommodations. VFRs are most likely to be first time visitors and are highly satisfied with tourism opportunities in the county
2. Outdoor recreationists are the second largest market segment, but spend the third greatest amount of money (\$277.10) and they participate in an average of 3.6 activities each trip. They tend to stay in commercial accommodations. Typically, they are younger, employed full time and usually Florida residents.
3. Festival and event visitors are the third largest segment, they spend \$276.73 per trip and come to Indian River County an average of 19 times each year. Typically, they are in-state residents, spend moderate amounts of money and stay in commercial accommodations one third of the time. They also stay in condos or apartments more frequently than other segments.
4. Beach visitors are the fourth largest segment but they spend the second largest amount of money, they tend to stay in resorts for approximately one week, are middle income families from both Florida and out-of-state and participate in the second greatest number of activities while in the community.
5. The shopping visitor is typically a Florida resident, who is loyal to the area (most frequent number of previous visits) stays in commercial accommodations, spends the least amount of money, participates in the fewest number of activities and has the lowest satisfaction scores.

#### *Day trippers vs. Overnighters*

1. Day trippers spend 1/5th the amount that overnight visitors do.
2. Day trippers come an average of 21 times a year and spend \$108 each time for a total of \$2,268.
3. Day trippers participate in half the activities in the county as that of overnight visitors.
4. Day trippers tend to be Florida residents and coming to the county to attend a festival or event or shopping.
5. Although day trippers do not contribute to the "bed tax" - they are still a substantial segment to tourism in IRC.

#### *Repeat Visitors vs. First timers*

1. Repeat visitors stay longer but spend less. They tend to be Florida residents, stay in commercial accommodations, stay short number of nights, and spend almost half as much as first timers. However, this segment also comes to the county approximately 13 times each year. Therefore, this is a substantial segment. Over a year they spend on average \$4,958.
2. First time visitors spend more money on a single trip although they stay a shorter amount of time and only visit once a year.

### *Florida Residents vs. Out-of-State residents*

1. Florida residents are the larger of the two markets, they tend to visit on average 19 times a year for attending festivals/events, shopping and outdoor recreation. They spend about 1/6th as much as out-of-state residents on each trip (\$191.67), but due to the frequency of travel to the county, their overall spending is much greater at \$3,641.67. Florida residents who visit Indian River County tend to be retired with high incomes.
2. Out-of-state residents are a slightly smaller market, yet they spend more money per trip than Florida residents (\$632.91). Although it is only once a year, it is still a substantial amount. This market tends to participate in more activities per trip and be more satisfied overall with their vacation.

### *Likely to Return vs. Unsure or Not Likely to Return Visitor*

1. Those who are highly likely to return are more likely to be Florida residents, participate in an average of 3.5 activities per trip, stay in a variety of commercial accommodations, visit purpose is to shop; participate in outdoor recreation and visit a festival or event. This market is somewhat older, with moderate income levels, and employed full time. This market visits the county an average of 13 times a year. They are extremely loyal visitors.
2. Those who indicated that they were unsure or not likely to return tended to be out-of-state visitors, typically employed full time or retired, with high income levels. They tend to spend similarly to those likely to return; but only come an average of three times a year. This market is slightly more satisfied with aspects of the county and tend to have come to the county to visit friends and relatives or go to the beach.

### **Economic Impact**

**Observation:** Local impact is enhanced by tourist's participation in more than just one primary attraction or event. Claims of high local impact are enhanced by evidence that tourists also attend attractions and events, stay in local hotels, and eat in local restaurants. The more events or attractions that the tourist participates in during their visit, the more economic impact they tend to have on the community.

1. Based on reported actual expenditures at the time the visitors were interviewed, and extrapolating to an estimated 554,000 visitors a year, it is estimated that about \$120 million of added value occurred to Indian River County, attributable to tourists. This accounts for an estimated 3,513 jobs.
2. Based on reported estimated expenditures that the visitors expected to spend on their trip, and extrapolating to an estimated 554,000 visitors a year, it is estimated that about \$154.4 million of added value occurred to Indian River county, attributable to tourists. This accounts for an estimated 4,540 jobs.

### Recommendations

**Observation:** Indian River County has a large number of repeat visitors (~80%). This is a positive indicator since only those satisfied with a destination tend to return to it. It is usually much easier to get a visitor to come back, than it is to attract new visitor. Indian River County seems to have accomplished this loyalty challenge. A likely partial explanation for the tourist loyalty is the ~23% who are visiting friends or relatives and the perception of high quality outdoor areas (beaches, parks, the inlet, fishing areas, etc.) and attractive festivals/events.

1. While growth occurs in the repeat-visitor realm, it is also important to attract new visitors. From the feedback gleaned from this study, it appears that one opportunity exists to promote in the in-Florida market. We recommend a promotional campaign targeted to those markets located in the more congested, developed and generally less pristine counties of South Florida and perhaps from the cities of Brevard county to the north. The campaign could encourage the opportunity to escape to (Indian River County) a quieter, coastal scenic area where you can enjoy walking on the beach, fishing, swimming and relaxing. Concentrate on factors where previous visitors report high satisfaction and 98% say they are likely to return. Also highlight Indian River County as an attractive alternative for potential tourists who are from more congested areas.
2. Given the probability that new visitors introduced to Indian River County will return, incentives to "discover" the area should be offered. We recommend *packaged get-away weekends* combining accommodations and events such as Dodgers games or other sports events, fishing or shopping day itineraries; and "try retirement" for two or three days in Indian River County (since half the existing tourist market is 50+

years old) as another possible idea. We also recommend that the Chamber of Commerce continue to advertise in FLA-USA, Inc.'s promotional brochures.

In addition, continued advertising in South Florida regional magazines or travel sections of newspapers with some of these promotional themes would continue to generate awareness of the area, and present alternatives for weekend, holiday weekend or week long regional travelers.

3. Given the scenic and somewhat unique natural appeal of Indian River County, and the high satisfaction scores attributed to outdoor water-based recreation assets, there is opportunity for partnerships with other agencies or organizations and/or government such as the Florida Park Service. We recommend combining activities such as "take a kid fishing" or "family fishing/birdwatching/beach-combing," with workshops or seminars on beach or inlet fishing techniques, and maritime equipment shows could attract interest from new visitors. Events like this could be scheduled during Dodger's spring training season when sports/outdoor writers could help attract new prospects.

It is important that new visitors know how to locate public beach access, boat ramps and parking areas. Good signage will facilitate this and proactively reduce frustration among coastal visitors.

Additional promotion and advertising to attract golfers and their companions might be effective. It is likely that the combination of attending festivals/events, fishing, golfing and perhaps a Dodger's game, would be a highly attractive package, either for specific tourists interested in all or part of a package that could appeal to multiple members of a travel party.

4. Examining the visitors who said they were unsure or not likely to return revealed a potential market segment to grow the numbers of younger visitors. This market complained that there were not enough sit-down restaurants, that the area was too quiet and that there were not enough activities or nightlife.

The Parties acknowledge and agree that maintaining the design delivery schedule is essential for achieving the timely

The County and the Club will have the right to approve the interim and final design plans for the Project, including, without limitation, the overall layout, space allocation, graphics, materials used, signage, and color scheme of the County Capital Improvements for the Premises. Such design shall be incorporated in a master design, development and construction plan (the "**Project Program**"), all elements of such Project Program for property owned by the County that is associated with or is part of the Project shall be subject to the written prior approval of the Club, which shall not be unreasonably withheld, delayed or conditioned.

5. **PROJECT BUDGET, FINANCE AND FUNDING.**

The Project Budget sets forth the total amount of costs and expenses to be incurred for Completion of the Project. The costs and expenses set forth in the Project Budget include allocations for the design, development, construction, commissioning and delivery of the Premises for the beneficial use of the County Capital Improvements by and occupancy of the Club. The Project Budget contains all of the elements set forth in the Preliminary Plan, including, without limitation, permitting, design, engineering, construction, financing, build-out, furniture, equipment, fixtures, and all customary and traditional soft costs pertaining to a project of this nature; excluding land acquisition costs. The Project Budget may not be reduced without the written consent of both the County and the Club. The final Project Budget is subject to the written approval of the Club, which approval shall not be unreasonably withheld, delayed or conditioned. The Project Budget shall not include any costs and expenses arising from or relating to (i) the issuance of Project Bonds (defined below) by the County, including, without limitation, the costs and expenses of underwriters, investment bankers, attorneys, accountants and other professionals, underwriting discounts, and other costs of issuance of the Project Bonds, and (ii) any costs and expenses of the Club for retention of financial advisors, attorneys, accountants and other professionals, and similar costs.

B. **County Funding and Payment Obligation**

(1) **County Payment Obligation.** The Project Budget sets forth the general descriptions and approximate cost of the County Capital Improvements that will be the responsibility of and paid by the County; except for cost overruns related directly to the County

Capital Improvements for which the Club has the Club Payment Obligation set forth in Section 5.C below, the County shall be responsible for and remit any and all cost overruns arising from, in connection with or relating to the Project upon approval of the County's Board of County Commissioners (the "**County Payment Obligation**"). The County represents and warrants the proceeds from (i) the Project Bonds issued by the County pursuant to Section 5.B.(2), and (ii) the Sinking Fund Deposits deposited pursuant to Section 5.B.(3), shall be sufficient to fund the County Payment Obligation in its entirety; **provided, however,** if such funds are not sufficient to timely fund the County Payment Obligation, the Club covenants to advance up to one third or \$600,000 of its future contributions to the "Capital Improvements Fund" under, and as defined in, the Amended Agreement or the Amended and Restated Lease, as applicable, to supplement the sinking fund deficiency. The County agrees that such Club advances shall be credited against future payments set forth in Exhibit F of the Amended Agreement or the Amended and Restated Lease, as applicable. All funds derived from the net proceeds of the Project Bonds and the Sinking Fund Deposits will be deposited to a sub-account dedicated to the Project of the County's "Stadium Attractions Trust Fund" (the "**Trust Fund**"). These amounts deposited to the Trust Fund shall be used solely for the benefit of the Project.

- (2) Project Bonds. On or before on or before April 1, 2013, but no later than January 1, 2014, the County will issue certain capital revenue bonds or such other financial instruments or funds that the County may reasonably select at its option to finance and fund substantially all of its County Payment Obligation related to the Project (the "**Project Bonds**"). If appropriate and prior to receiving bond proceeds the County may use other sources to fund Project costs which will be reimbursed from the bond proceeds at the appropriate time. In connection with the issuance of the Project Bonds, the County shall engage the services of an underwriter/investment banker to achieve the lowest cost of financing and maximum proceeds from the Project Bonds. The County's underwriter/investment banker shall assist the County in preparation of a detailed financing plan (the "**Project Financing Plan**") to achieve the Project Bond proceeds. The basis of the Project Financing Plan shall be the financing plan assumptions, calculations and presentation set forth on Exhibit E. The Project Bonds shall be secured by a pledge of the County's "Tourist Development Tax Revenues." The Project Financing Plan will also incorporate a reasonable assumption as to an average annual growth rate concerning the

annual amount of such "Tourist Development Tax Revenues," based on historical experience, which the County is projected to receive during the term of the Project Bonds, and will also incorporate a structured principal amortization schedule on the Project Bonds to minimize any potential revenue shortfalls. The County shall maximize State Development Funds in compliance with Section 7.C. The Project Financing Plan shall be subject to the written approval of the Club, which shall not be unreasonably withheld, delayed or conditioned.

- (3) Sinking Fund Deposits. The County shall authorize and approve in accordance with Applicable Laws a three (3) year annual sinking fund allocation for the Project in the amount of \$2.2 million to complete the funding of the County Payment Obligation, the \$2.2 million deposits for which shall be made to the Trust Fund on (i) the day following execution and delivery of this Agreement, (ii) October 1, 2014, and (iii) October 1, 2015, or as funds are required by the Project (collectively, the "**Sinking Fund Deposit(s)**", and individually each a "**Sinking Fund Deposit**"). The County's authorization for the sinking fund and the remittance of the annual Sinking Fund Deposits shall mandate the allocation and disbursement of County monies to the Trust Fund through the Sinking Fund Deposits. The funding of the Sinking Fund Deposits shall have priority over all other County debt obligations other than senior lien debt service for the County's Series 2004 and Series 2010 debt obligations.

C. Club Funding and Payment Obligation. The Project Budget sets forth a description of the County Capital Improvements that will be the responsibility of and paid by the Club as construction is performed on such improvements ("**Club Payment Obligation**"). The Club Payment Obligation arises in connection with the addition of the player academy dormitory/sleeping rooms. The approximate cost of the player academy dormitory/sleeping rooms is \$3.9 million. The County and the Club shall establish procedures by which the Club shall remit funds for the Club Payment Obligation on a requisition-approval-payment basis pursuant to which all costs associated with such Club Payment Obligation are timely made. The Club also intends to update certain concession equipment for the Premises, with an estimated approximate value of \$2.1 million, which is not included in the Project Budget.

D. Modifications. The Parties recognize that a large portion of the Project will be financed with proceeds from the Project Bonds. Accordingly, the Parties agree to make best efforts to cooperate with one another in the County's qualification of the Project Bonds for tax exempt status under federal tax laws, and to provide all reasonable documents and/or modifications hereto necessary to accomplish the issuance of the Project Bonds; provided, however, that the Club shall not be obligated to incur out-of-pocket costs and expenses in connection with such cooperation.

12. **COUNTY DEFAULT/REMEDIES.** It is understood that the County has agreed to undertake certain obligations set forth in this Agreement in order to induce the Club not to elect an early termination of the Conditional Lease and further to induce the Club to enter into a new thirty (30) year lease for the Premises pursuant to the Amended and Restated Lease. Accordingly, the Parties agree that the Club shall be entitled to receive the following remedies in the event that one or more of the following defaults shall occur:

A. **County Defaults.** The County shall have defaulted on its obligations set forth herein (individually and collectively referred to as "**County Default**") if any of the following occurs:

- (i) The County fails to select the Architect(s), engineer(s) and construction firm(s), which are approved by the Club on or before March 6, 2013; or
- (ii) The County fails to establish and deposit sufficient monies (together with interest earnings) to pay one hundred percent (100%) of the Project Budget allocated to the County Payment Obligation for the County Capital Improvements (this amount excludes the Club Payment Obligation) in accordance with the Project Financing Plan as provided in **Section 5.B.(2)**

- (iii) The County does not complete the Project and commission the Premises for full use and enjoyment by the Club on or prior to February 1, 2016.

B. County Default Remedies. Upon the occurrence of a County Default, the following remedies shall be available to the Club:

- (i) The Club may elect, by written notice delivered to the County within sixty (60) days from the date on which a County Default shall have occurred, to terminate this Agreement, and all obligations of the Club under this Agreement, and/or terminate the Amended and Restated Lease, and all obligations of the Club under the Amended and Restated Lease, and upon such terminations the applicable agreement shall be voided and of no further effect; and

C. Completion Default. In the event the County fulfills the obligations set forth in Section 12.A above, but the Completion of the Project by the County fails to occur by either (i) the Target Date, or (ii) the Outside Date, the County shall have defaulted in its obligation to the Club ("**Completion Default**").

- (i) The Club shall be released of its obligation to make lease payments under the Amended Agreement, and any other agreement arising in connection with the Premises, from and after the Outside Date; and
- (ii) The County shall pay the Club a sum of money to compensate the Club for the loss of revenue the Club would have received but for the Completion Default related to the Target Date ("**Lost Revenue**"). Lost Revenue shall be calculated for each calendar year (maximum of three (3) years) after the Target Date and shall be paid to the Club on or before February 1 of each calendar year in which any Completion Default has not been cured by the County. The amount of Lost Revenue to be paid to the Club shall be calculated (for each year in which the Completion Default has not been cured by February 1 thereof) by adding together the following four (4) revenue elements:

- (1) Lost Ticket Revenue: since the attendance capacity of the new Major League Stadium component of the Project would allow the Club to sell a minimum of 1,000 additional attendee tickets, the Parties agree that the amount of incremental lost ticket revenue will be calculated as follows: the average ticket priced charged per attendee for a Club Spring Training game for the Spring Training season played in the Premises (as defined in the Amended Agreement) multiplied by the number 1,000; plus
  - (2) Lost Sponsorship Revenue: the incremental amount of lost sponsorship revenue derived from the Project including, without limitation, the sale of advertising and naming rights that the Club would have received by playing in the new Major League Stadium; plus
  - (3) Suite Revenue: the amount of incremental Lost Revenue the Club would have received from the rental of suites that are included in the design plan for the new Major League Stadium; and plus

### 13. GENERAL PROVISIONS

A. Governing Law. This Agreement shall be governed by, construed and enforced in accordance with the laws of the State of Florida.

B. Further Assurances. The Parties agree to execute and deliver any instruments in writing, necessary to carry out any agreement, term, condition or assurance in this Agreement, whenever the occasion shall arise and request for such instrument shall be made.

C. Remedies Cumulative. The specified remedies to which the Parties may resort under the terms of this Agreement are cumulative and not intended to be exclusive of any other remedies or means of redress to which the Parties may be lawfully entitled in case of any breach or threatened breach by either Party of any provision or provisions of this Agreement.

D. Entire Agreement and Amendment. This Agreement, in addition to the Amended Agreement and the Amended and Restated Lease, contains the entire agreement and understanding between the Parties. There are no oral understandings, terms or conditions and neither Party has relied on any representation, express or implied, not

contained in this Agreement or the simultaneous or prior writings heretofore. All prior understandings, terms or conditions are deemed to merge in this Agreement, and this Agreement cannot be changed or supplemented orally, but only by an agreement in writing and signed by the Party against whom enforcement of any waiver, change, modification or discharge is sought.

E. Severalty. If any provisions of this Agreement shall be declared invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall continue in full force and effect.

F. Force Majeure. A "**Force Majeure Event**" is any event that (a) restricts or prevents performance by either Party under this Agreement, (b) is not within the reasonable control of the Party affected or caused by the default or negligence of the affected Party and (c) cannot be overcome or avoided by the exercise of due care. Force Majeure Events include, but not limited to, failure of a Party to perform due to drought, flood, earthquake, storm, fire, lightning, epidemic, war, terrorism, acts of other Governmental Authorities (except with respect to the grant and remittance of State Development Funds), civil disturbances, sabotage, work stoppages (i.e. strikes), accident or curtailment of supply, unavailability of construction materials or replacement equipment beyond the affected Party's control, inability to obtain and maintain Permits from any Governmental Authority for the Project (except Permits issued by the County or as to which the County has oversight or control), restraint by court Order, and changes in Applicable Laws (excluding laws or ordinances enacted by the County) that affect performance under this Agreement. Except for the obligation of each Party to make payments of amounts owed to the other Party, each Party is excused from performance and will not be considered to be in default with respect to any obligation if performance cannot occur due to a Force Majeure Event; **provided, however**, such performance shall be excused only for the period to include declaration of emergency and clean-up of the Force Majeure Event, and the Party assisting the Force Majeure Event shall promptly and in good faith recommence performance of its obligations hereunder. Neither Party shall be relieved of its obligations under this Agreement solely because of increased costs or other adverse economic consequences that may be incurred through the performance of such obligations. If a Party's ability to perform its obligation under this Agreement is affected by a Force Majeure Event, the Party claiming such inability shall (i) promptly notify the other Party of the Force Majeure Event and its cause and confirm the same in writing within five (5) Business Days of its discovery, (ii) promptly supply such available information about the Force Majeure Event and its cause as reasonably may be requested by the other Party and (iii) initiate reasonable efforts to remove the cause of the Force Majeure Event or to lessen its effect. The suspension of performance arising from a Force Majeure Event shall be of no greater scope and no longer duration than reasonably necessary. The excused Party shall use its reasonable efforts to remedy its inability to perform. A single Force Majeure Event in Lee County, Florida shall not excuse the failure of the County to meet the Outside Date with respect to Completion of the Project, and shall not limit or otherwise affect the rights of the Club with respect thereto.

No Party shall be deemed to have waived any default unless such waiver is expressly set forth in an instrument signed by such Party. If a Party waives in writing any default, then such waiver shall not be construed as a waiver of any covenant or condition set forth in this Agreement, except as to the specific circumstances described in such written waiver. All such counterparts will be deemed to be originals and will together constitute but one and the same instrument. ### AGREEMENT

1. **TERM.** Pursuant to the Original Agreement, the Amended Agreement and the Conditional Agreement, the Club has, beginning with the 1991 Major League Baseball Spring Training season, engaged in Major League Baseball Spring Training exclusively at the Lee County Sports Complex at and in the "Leased Premises," as respectively defined in those agreements. This Lease amends and restates the Conditional Agreement in its entirety. This Lease shall become effective on the Signature Date and the "Term" (as defined below) of this Lease shall commence on the Commencement Date. The "Commencement Date" is defined as the date on which the County delivers to the Club the final official certificate of occupancy (or its equivalent under applicable law or regulation) which is issued by the County (or other applicable governmental or regulatory authority) after construction and/or implementation of the entirety of the requirements set forth in the Spring Training Development Agreement (set forth as Exhibit D) entitling the Club to occupy and enjoy the full beneficial use of the full Leased Premises and all appurtenances thereof for its intended purposes. Between the Signature Date and the Commencement Date, this Lease shall be held in escrow in accordance with the terms of the escrow agreement attached hereto as Exhibit C (the "Escrow Agreement"), and the terms of the Amended Agreement shall remain in full force and effect. From and after the Commencement Date, the Club shall enjoy the full beneficial occupancy of the Leased Premises under the terms of this Lease and this Lease shall amend and restate the Amended Agreement and continue without interruption for a period of thirty (30) continuous years from and after the Commencement Date (the "Term") (except as may be provided for otherwise herein). This Lease may be extended at the option of the Club for two (2) separate, but consecutive, periods of ten (10) years each (each, a "Renewal Term" and, collectively, the "Renewal Terms"). In order to exercise (i) the first ten (10) year Renewal Term, the Club must provide written notice to the County of such option exercise at least one (1) year prior to expiration of the Term, and (ii) the second ten (10) year Renewal Term, the Club (A) must have exercised the first ten (10) year Renewal Term, and (B) must provide written notice to the County of such option at least one (1) year prior to the expiration of the first Renewal Term.

(A) Right of First Refusal - Minor League. The Club shall also have the right of first refusal to use the Leased Premises for all Minor League play (beyond that contemplated hereby) exercisable upon six (6) months prior written notice to the County. Any Minor League use (outside of the permissible uses by the Club hereunder) between April 15 and December 31 of any calendar year shall be covered by a separate agreement made between the Parties, which agreement shall include substantially the same basic terms and conditions as set forth herein. The Parties shall endeavor in good faith using commercially reasonable efforts to maintain a recognized Minor League franchise for the Leased Premises. In the

event that (i) the Club does not at any time during the Term or any Renewal Term maintain a recognized Minor League franchise for the Leased Premises, and (ii) the County intends to enter into an agreement with any third party for the use of all or any portion of the Leased Premises for such a Minor League franchise, the County shall notify the Club in a writing which specifies in reasonable detail the terms and conditions upon which the County intends to provide the Leased Premises to such third party no later than eighteen (18) months prior to the intended effective date of such agreement, then the Club shall have six (6) months from the date of such notice from the County to elect to bring a Minor League franchise affiliated with the Club to the Leased Premises. No later than the expiration of such six (6) month period, the Club shall notify the County in writing of either (i) its consent to the use of the Leased Premises by such third party, or (ii) its exercise of the right of first refusal pursuant to this Section 1(A) of this Lease. Notwithstanding anything to the contrary contained in this Lease, in no event may the County permit the use of the Leased Premises by a third party Minor League franchise under this Section 1(A) either (a) in any manner that interferes with the exclusive rights granted to the Club under this Lease, or (b) on any term or condition more favorable to such third party than is provided to the Club under this Lease, unless such term or condition is provided by the County to the Club.

(B) Minor League Transactions. Notwithstanding any contrary terms or conditions set forth in this Lease, the County shall not enter into any transaction or agreement, and shall not participate directly or indirectly in any transaction or agreement, or explicitly or implicitly consent with respect to any transaction or agreement, which contemplates as a party or as a direct or indirect beneficiary any Minor League team that is during the Term or any Renewal Term either: (a) a Minor League contractual affiliate of the Club, or (b) a Minor League team with exclusive Minor League territorial rights within Lee County, which includes the Lee County Sports Complex (or any successor name that generally describes the Leased Premises), to play Minor League baseball in any capacity to the exclusion of any other Minor League baseball team that is an affiliate of the Club (or its successor in interest to the Leased Premises), unless either:

- (i) the Club has a replacement Minor League team that is authorized under applicable league rules to play within the Minor League territory that includes Lee County Sports Complex for the Term and any Renewal Term when and after the transaction, agreement or consent is proposed to be entered into or given, respectively, or
- (ii) the Minor League team with whom the County is to contract, or on or for whose behalf a contract will be entered into which allows the Minor League team to play in any Lee County facility, waives (and obtains any consent or waiver required of or by any league or other authority required) any right of exclusivity within the Minor League territory that includes the

Lee County Sports Complex for the remainder of the Term and any Renewal Term.

The provisions above will be interpreted to mean that under no circumstances will a Minor League team with whom the County is, or anticipates to be contracted, be required to provide a waiver of territory for any Person, including, without limitation, any Major League Club, other than the Club.

- (C) More Favorable Provisions. The County agrees that if, at any time during the Term or any Renewal Term, it grants to a third party any terms or conditions more favorable to such third party than the terms or conditions provided to the Club under this Lease for any stadium or complex for major league Spring Training, Major League Baseball operations or Minor League activities ("More Favorable Provisions"), the County shall promptly offer the Club any such More Favorable Provisions as was, is, or will be available to such third party. For purposes of this section and the definition of "More Favorable Provisions," More Favorable Provisions shall pertain only to the comparison of the amount of total consideration paid to the County by the Club compared to the total consideration paid by such third party taking into account the comparability of the respective Spring Training facilities used by the Club and such third party.

2. LEASED PREMISES. In consideration of and pursuant to the covenants, agreements, and conditions set forth herein, the County does hereby (i) lease, let, demise, and rent unto the Club, and the Club does hereby rent and lease from the County, the following (the "Leased Premises" or the "Premises"), and (ii) grant the further rights set forth below:

The Parties agree that, to the extent the County does not use all the tickets in the County Suite for any Spring Training game, such unused tickets may be used by the Club. The County agrees to be responsible for the payment of all Concession

The Club shall provide a thirty-five percent (35%) discount for all County Suite food and beverage purchases. Such discount shall be applied against the standard food and beverage price sheets applicable to all suite users.

4. **PARKING.** The Club shall be responsible for collecting all parking fees and related revenues derived from Spring Training activities and all other professional baseball or related events, and shall retain all revenues derived therefrom. The County shall retain the exclusive use of the parking area(s), without charge, before and after Spring Training for County baseball and non-baseball events.
  - (A) **Parking Spaces and Accommodations.** The County agrees to provide, or cause to be provided, parking spaces that are sufficient to meet the parking requirements of the Major League Stadium seating capacity, and such parking spaces shall be located within the Sports Complex. The parking plan reflecting the foregoing shall be set forth in the Spring Training Development Agreement. Any such change shall be proposed not later than ninety (90) days prior to the start of Spring Training. The Parties will cooperate to determine an appropriate shuttle service and appropriate allocation of cost.
  - (B) **Club Retained Revenue.** The fees to be charged for all parking derived from Spring Training activities shall be determined by the Club in its sole discretion.
  - (C) **Parking Management.** During the Spring Training period, all parking areas under this Lease shall be managed and operated exclusively by the Club or its designee(s) throughout the Term and any Renewal Term.

  - (A) **Consultation and Club Concession Revenues.** The Club agrees to consult periodically with the County concerning Concession prices. The Gross Revenues From Concessions shall be the sole and exclusive property of the Club. "Gross Revenues From Concessions" shall mean total Concessions revenues from all operations on the Leased Premises, including, without limitation, but not limited to Spring Training operations, less all taxes and charges imposed by any governmental, regulatory, or taxing authority and subject to **Sections 5(D)** and **5(E)** below.

The Club, or its designee, may, during the Term and any Renewal Term, publish and sell or dispense scorecards, yearbooks, game programs and novelty items carrying the logo or marks of Major League Baseball, the Club or of any other Major League Club on the Premises, all of which shall be deemed to fall within the definition of "Concessions," and the revenues derived from the sale of such publications, logo items, scorecards, yearbooks and game programs, shall be included in the calculation of Gross Revenues From Concessions.

In addition, the Club agrees to provide (or cause to be provided) a reasonable selection of quality items for purchase by those attending Spring Training events at the Leased Premises.
- (D) Concessions for Non-Club Events. The County shall notify the Club of any non-Club events for which it desires that the Club provide Concessions operations no less than fifteen (15) business days prior to the date of such event. The Club may provide such operations for any event requested by the County, but shall not be obligated to provide such operations. If the Club provides such operations for any event requested by the County, the Club shall be compensated as if the Club were a third party concessionaire, consistent with its other concession activities as set forth herein. Should the Club elect not to provide such Concessions operations, the County shall be free to contract with a third party to provide such Concessions operations, subject to the final approval of the Club, which approval shall not be unreasonably withheld or delayed (but which may include reasonable terms and conditions for the use of any equipment owned by the Club or its designee). Subject to Section 5(E) below, the County shall be entitled to retain the following amounts in respect of Concessions operations for any non-Club events: (1) all revenues from Concessions operated by an approved third party pursuant to this Section 5(D) (subject to any reasonable terms and conditions, including, without limitation, financial responsibility of the County for any damages incurred, of the Club approval), and (2) the net revenue available to the Club after deduction of any and all costs and expenses associated with such Concessions operations for the applicable event, including, without limitation, any commissions or allowances paid to a third party concessionaire. Subject to the limitations of Florida Statute 768.28, the County shall indemnify the Club for any damage or other costs incurred by the Club in connection with the County's operation of the Concessions.

The County or its designee shall retain all revenues from the sale of novelties in accordance with this Section 5(E).

- (F) Concession Equipment. The Club or its designee shall purchase and maintain all equipment reasonably necessary for the operation and sale of Concessions for Spring Training events held at the Leased Premises during the Term and any Renewal Term. Concession equipment and all other equipment acquired by the Club (or its designee) shall be the property of the Club (or its designee) both during and after the Term and any Renewal Term. The activities set forth herein with respect to which the Club is authorized are not limited to those enumerated herein. All revenues received by the Club from or in connection with this Lease shall be the property of the Club or its designee, including, without limitation, all advertising, promotions or sponsorships, including, without limitation, scoreboard/message center advertising, billboard signage (i.e., outfield fence, concourses and other advertising signage) and advertising rights and the rights with regard to the naming of the Spring Training facility or any part thereof as set forth in Section 7. Naming rights shall not be subject to termination by the County until the expiration of this Lease and any extensions thereof.

The Club agrees that it will not permit billboard signage in the Major League Stadium to advertise or promote any specific hotel, inn or any other facilities offering overnight accommodations to transient guests (collectively, "Hotels") which are not located within Lec County or in the State of Minnesota. The foregoing, however, shall not prohibit the Club from selling billboard signage to promote any national business entity which operates or owns a "chain" of Hotels throughout several states.

- (C) County Events Advertising. Subject to compliance with any applicable MLB Rules and Regulations, the County shall have the right to sell message center advertising during County events as permitted herein. All gross revenues derived from the sale of message center advertising in accordance with this Section 6(C) shall be the sole and exclusive property of the County, and the County shall be responsible for all third party expenses incurred in connection with such advertising. In no event may the County sell any message center advertising to an entity if the sale of such advertising would cause the Club to breach any exclusivity granted to a naming rights or presenting sponsor pursuant to Section 7 below, unless the Club has expressly approved in advance such advertising in writing. The County may display alternate product signage during events that occur outside of Spring Training season to promote economic development and tourism.
- (D) Cooperation for Permits and Licensing. The County shall use all reasonable, lawful and permissible efforts to assist the Club in obtaining any and all permits or licenses required under the laws or regulations of any governmental authority and necessary for the scoreboard message center and billboard or fixed signage advertising. Hammond Stadium, and the Major League Stadium shall continue to be named "William H. Hammond Stadium" throughout the Term and any Renewal Term. Subject to the foregoing sole exception, the Club shall have the right to sell all other naming rights with respect to the Leased Premises, and all revenues therefrom shall be the property of the Club. that would be in violation of any law or regulation, (iii) the Club shall not permit any name of any entity that is in an industry that is part of any advertising which (a) is contrary to law or promotes any unlawful activity or purpose, (b) does not meet national network television broadcast standards, or (c) may be offensive to the public, and (iv) the name of the complex constituting the Leased Premises and the name of the main playing field at William H. Hammond Stadium shall be approved by the County, which approval shall not be unreasonably withheld, delayed or conditioned. In approving or disapproving a name, the County may consider the proprietary of the name or product it represents for a public facility. The Club agrees that no geographic term may appear in the name except "Florida," "Lee County," "Ft. Myers," "Minnesota," or "Minneapolis," or such other geographic designation as is part of the name of the entity that purchases the naming rights (for example, Bank of America, US Airways and Air France).

- (C) County Use of Names. The County shall exclusively use the name(s) given to all or any parts of the Stadium Complex and the buildings located on the Leased Premises in accordance with the terms of this Section 7 in all correspondence, communications, advertising and promotion it may undertake with respect to the Leased Premises, including, without limitation, in connection with the promotion of County events, subsequent to receipt of written notice from the Club of the determination of such name. In the event that such name(s) or any name given to all or any part of the Leased Premises is changed, the Club shall reimburse the County for any and all costs incurred by it in connection with such name change, including, without limitation, the cost of replacing letterhead, envelopes, mailing labels, business cards, advertising and promotional materials, websites, and telephone listings and advertising.

(D) Intellectual Property Rights.

- (1) Intellectual Property Rights of the County. The Club acknowledges and agrees that the name "William H. Hammond Stadium" and all derivatives thereof are and will remain the exclusive property of the County. The County hereby grants to the Club an exclusive (except as to the County with respect to its use in accordance with the provisions of this Lease), royalty free license to use throughout the Term and all Renewal Terms the name and image of the Premises, including William H. Hammond Stadium and all derivatives thereof, including any and all Composite Marks in connection with the marketing, promotion and advertising of the Club's business and operations. The foregoing right includes the right to sublicense such names, images and Composite Marks by the Club in its discretion. The Club shall have the right to register, with the assistance of (but not at the expense of) the County, any Composite Marks containing the name and image of the Premises, including William H. Hammond Stadium, and all derivatives thereof. Nothing herein is intended to transfer any ownership

The Club will not at any time do or cause to be done any act or thing contesting or impairing in any way the County intellectual property rights or title, or other proprietary interests. Any and all good will attendant to or arising from the Club's use of the name "William H. The County shall not have the right to use Club Intellectual Property except as specifically set forth in this Lease, and any such grant to the County is non-assignable and non-transferrable and will be utilized by the County only for the purposes of and for the specified Term and any Renewal Terms of this Lease. All uses of Club Intellectual Property by the County shall be subject to the written approval of the Club, prior to production, distribution and/or other use. The use authorized herein is limited to the Club Home Television Territory and the Spring Training Territory. Hammond Stadium." The Club may at its discretion accept such rights pursuant to a written notice of acceptance. If the Club accepts such rights from the County, it shall be under no obligation to promote, market or license such rights to a third party; however, if the Club does license such Major League Stadium naming rights to a third party to replace "William H. Hammond Stadium," the Club agrees that it will make reasonable commercial efforts to cause the naming rights sponsor(s) to make a donation to the County on a yearly basis for the term of any naming rights agreement(s). The amount paid, if any, by a naming rights sponsor(s) shall be used exclusively for the Capital Improvements Fund and deposited by the County to the account established for the Capital Improvements Fund described in Section 12(B), and as set forth in Exhibit F. The contribution will not reduce the County's obligation as set forth in Exhibit F, and such funds shall be in addition to the amounts paid by the Parties in accordance with Exhibit F.

8. **LEASE PAYMENTS.** As consideration for this Lease and as rent due to the County for the lease of the Leased Premises to the Club, the Club agrees to pay to the County a guaranteed base annual lease payment for each year during the Term and any Renewal Term the amount of Five Hundred Thousand Dollars (\$500,000.00) (the "Base Annual Rent"). The Base Annual Rent shall be increased every five (5) years by adding a three percent (3%) increase during the Term and any Renewal Term, as set forth on Exhibit E. Such payments shall be made to the County no later than June 1 of each year during the Term and any year during any Renewal Term. The County reserves the right to also conduct fantasy camps in the Major League Stadium when not occupied by the Club with reasonable prior notice given to the Club, which notice shall not be less than thirty (30) days. The County will not promote (nor permit others to promote) such fantasy camps as being affiliated with or sanctioned by Major League Baseball or any Major League Club, nor shall the County conduct such fantasy camps at any time during which it would interfere with the Club's rights to use the Leased Premises in accordance with this Lease. In connection with any operations at the Leased Premises, the Club shall have the right to cause the County to use products and/or services of its corporate sponsors if such products and/or services are reasonably comparable in price and quality to other alternatives available to the County; provided, however, the County shall not be obligated to purchase such products and/or services if it would require the County to be in violation of any pre-existing written agreement with any third party or applicable law, including, without limitation, the County's obligations with respect to competitive bidding.

The Club shall have thirty (30) days to review the estimates and submit a final list of reasonable capital improvements for the following fiscal year to the County. The County shall complete all items on the final list submitted by the Club to the extent the costs of such items are payable from the Capital Improvements Fund. In the event that the actual cost of capital improvements agreed upon by the Parties for the then current year exceeds the total amount contributed to the Capital Improvements Fund by the Parties, the Parties shall negotiate in good faith to agree upon any additional contributions to the Capital Improvements Fund to be paid by the Club and the County. The County shall annually, by January 1 of each year during the Term and all Renewal Terms, provide to the Club a written accounting and description of any and all capital improvements made to the Leased Premises and allocate the costs and expenses between direct County expenditures and those expenditures of the Capital Improvements Fund. Notwithstanding the foregoing provisions, the Club shall have the right, in its own

name or behalf or in the name and behalf of the County, after notifying the County of its intention to do so, to contest in good faith by all appropriate proceedings, the amount, applicability, or validity of any such tax or assessment. This provision shall in no way be construed as restricting the County from contesting the legality of such tax or assessment or assisting the Club therein if it so desires.

- (B) Club Legal Compliance. The Club shall not in any manner, directly or indirectly, violate the laws, ordinances, rules or regulations of any federal, state, county, city or other governmental authority or agency in connection with the use and occupancy of the Leased Premises under the terms of this Lease.

- (B) Return of Property. Upon the termination of this Lease, the Club shall return to the County all equipment and personal property of the County in the exclusive possession of the Club, its assigns, agents or employees. All such equipment and property shall be in good condition, subject to ordinary wear and tear damage by the natural elements or damage caused by Persons other than the Club, its agents, assigns or employees.
- (C) Inspection of Leased Premises. During the Term and any Renewal Term, the Club shall be entitled to peacefully have and enjoy the exclusive use of the Leased Premises during Spring Training without unreasonable interruption or interference by the County, or any Person claiming by, through and under the County, except to the extent that concurrent rights to use the Leased Premises may be exercised or granted to others by the County hereunder in accordance with the provisions of this Section 19. At any time throughout the Term and any Renewal Term, during Spring Training, the Club use shall be exclusive and the County may not use the Leased Premises for any purpose. Outside of Spring Training, the County has the right to use, or permit third parties to use the Leased Premises for any event so long as (a) such use would not interfere with the Club's Exclusive Baseball Activities, and/or (b) such use would not materially impair the condition of a playing field on the Leased Premises such that the field condition would no longer meet professional baseball standards, and/or (c) such use would not interfere with the Club's Exclusive Use Areas. In any case, the County shall notify the Club of any such use and the Club shall have the right to object to any such use if the Club determines that (i) such use would interfere with the Club's Exclusive Baseball Activities, and/or (ii) such use would materially impair the condition of a playing field on the Leased Premises such that the field condition would no longer meet professional baseball standards, and/or (iii) such use would interfere with the Club's Exclusive Use Areas.

The Club shall advise the County of its intended Spring Training schedule as soon as practicable each year following the confirmation of such schedule to enable the County to schedule events on the Leased Premises but only in accordance with the terms of this Section 19. Subject to having been made available to the Club by Major League Baseball, no later than December 15 of any year during the Term and any Renewal Term, and subject to additional changes required by Major League Baseball, the Club shall furnish the County with its final Spring Training exhibition game schedule and any extended use requirements, if any, for the upcoming year. In the event the Club has an existing Minor League team and/or exercises the right of first refusal for Minor League baseball in accordance with Section 1(B) hereof, the Club shall

provide the County with such Minor League game schedule no later than February 1 of any applicable year during the Term and any Renewal Term.

- (C) County Use of Leased Premises. The County shall be solely responsible for all costs and expenses resulting from the use of the Leased Premises for any non-Club related events, including, without limitation, the cost of utilities, staffing, and any costs required to repair any damage occurring during such events. The County shall retain all revenue derived from such non-Club use of the Leased Premises except as provided in Section 3 with respect to Concessions and novelty operations.

- (D) Club Consent to Certain County Uses. The County will not use Club property or equipment without the express written consent of the Club. - (E) County Promotion of Club. The County shall use reasonable efforts to promote the presence of the Club baseball operations by all reasonable methods incidental to regular tourist promotional activities conducted by the County. In addition, the County shall use reasonable efforts to promote Ticket Sales for Club events at the Stadium Complex.

20. OPERATIONS. The Parties hereby agree that the exclusive use of the Leased Premises by the Club during Spring Training includes operational jurisdiction over the various service providers, subcontractors, and other Persons who may be involved or working at the Leased Premises, but shall not include operational jurisdiction over any County employees unless expressly agreed by the Parties. Accordingly, the Club shall manage the agreed upon operations for the Spring Training games, including Ticket Sales and distribution of tickets. 21. ASSIGNMENT/SUBLEASE. The rights granted to the Club pursuant to this Lease shall not be assigned, except with the prior written consent of the County; provided,

however, that any assignment or transfer pursuant to the sale of all or substantially all of the assets and/or ownership interest of the Club shall not require County's consent hereunder. The Club shall have the right of first refusal to sublease the Leased Premises to a professional baseball Minor League program as previously provided herein, provided such sublessee consents in writing to be bound by the provisions of this Lease. The County shall have the right to approve such sublessee and sublease agreement, provided that such approval shall not be unreasonably withheld.

22. **TAXES.** The County represents and warrants that (1) as of the date hereof, it has and shall continue to have throughout the Term and any Renewal Term, all ownership interests in the Leased Premises, (2) as such, has the full authority to grant the Club the rights provided hereunder, and (3) this Lease has been entered into for the public purpose of promoting tourism, gainful employment and economic growth in the County and the State of Florida. It is the intent and understanding of the Parties that the leasehold interest held by the Club pursuant to this Lease shall be exempt from ad valorem taxation pursuant to Chapter 196.199, Florida Statutes. The County agrees to defend all actions on behalf of the Club Indemnified Parties to which such indemnity applies and to conduct the defense thereof at the County's sole expense and by the County's counsel, which counsel in its selection and appointment shall be satisfactory to and approved in writing by the Club, but such approval shall not be unreasonably withheld or delayed. The Club agrees to defend all actions to which such indemnity applies and to conduct the defense thereof at the Club's sole expense and by the Club counsel. - (C) Insurance. Each Party shall maintain insurance with a company or companies reasonably acceptable to the other, which company or companies shall have at least an A- Best rating. Except as may be limited by applicable law, each Party agrees to maintain insurance policies as follows or may self-insure its obligations as outlined under Florida Statutes:

Such waiver shall be effective only to the extent of insurance proceeds actually received. The Parties waive their respective rights, as set forth herein, because adequate insurance is to be maintained by each of them to protect themselves against all such casualties and they have obtained or agree to obtain from their insurance carriers appropriate "waiver of subrogation" provisions in all such policies of insurance.

24. **DISPUTES.** The Parties agree to attempt to settle by mediation any dispute or controversy that may arise between the Club and the County regarding operation, maintenance and the rights or duties hereunder of either Party, as hereafter provided, and the mediator will determine the controversy in accordance with the laws of the State of Florida as applied to the facts as found. The mediator will be selected by the Parties within fifteen (15) days following the exchange of names by mutual agreement. The mediator shall meet with the Parties at all participants' convenience and mediate the matter. If unsuccessful, the Parties may then utilize all lawfully available means to resolve the issue.

Notwithstanding the foregoing, any controversy arising between the Parties with respect to any monetary sums due and owing including, without limitation, Lease payments and other monetary liabilities shall not be mediated and each Party shall have available to it all other remedies available at law or in equity.

25. **SUSPENSION OF PLAY.** If for any reason beyond the control of the Parties, including without limitation, as a result of any act of nature or force majeure, national emergency, state of war, labor strike, lock-out, or other cause of similar nature, the Leased Premises are unavailable for Spring Training in any of the years covered under the terms of this Lease, this Lease shall be regarded as suspended for the period of unavailability without liability to either Party, and the Term or any Renewal Term, shall be extended for one (1) additional calendar year so long as the period of unavailability is no more than one (1) Spring Training period during the Term or any Renewal Term. The County shall provide permits or licenses or take necessary corrective action to ensure the acquisition of any permit directly related to the County's repair, renovation or maintenance of the Leased Premises and compliance with building codes. The Club, at its sole expense, shall obtain all licenses or permits which may be required for the conduct of its business within the terms of this Lease and the County, when necessary, will join with the Club in applying for all such permits or licenses. The County shall also not act unreasonably to withhold its approval of any such permits or licenses required under its laws or regulations.

29. **TERMINATION AND REMEDIES.**

- (A) **County Termination of Lease.** The County may terminate this Lease: upon thirty (30) days' written notice to the Club of any of the following events (collectively, hereinafter referred to as the "Club Defaults" and individually, as a "Club Default"):

  - (ii) If, by order of a competent authority, a receiver, liquidator or trustee of the Club or any of its property shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days of the making of such order, or if by decree of such authority the Club shall be adjudicated or determined to be bankrupt or insolvent, or if the Club shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;

  - (iv) If the Club breaches any material provision, agreement or obligation hereunder that is not cured within sixty (60) days of notice of such breach; **provided, however,** that if such breach cannot be cured within such sixty (60) day period, but the breach is capable of cure within a reasonable period of time which is acceptable to the County, and the Club diligently

pursues such cure, the Club shall be allowed such agreed upon time period to cure such default.

- (v) If the Club is contracted and is no longer a Major League Club. Notwithstanding the foregoing, the County may not terminate this Lease as a result of any of the foregoing Club Defaults or any other provision of this Lease, until at least the 10th day after the last day of Spring Training occurring in the year of the Term during which the foregoing right to terminate is invoked by the County.

(B) County Remedies Upon Termination. Upon the County's election to terminate this Lease following a Club Default:

- (i) The County shall have the right to reenter or repossess the Leased Premises by force, summary proceedings, surrender or otherwise, and may dispossess and remove the Club, or other occupants thereof, without being liable for any prosecution therefore; provided, however, that the County shall have no right to the Club Assets and the Club shall have the right to remove all Club Assets from the Leased Premises; and/or
- (ii) The County shall have the right to relet the Leased Premises. Notwithstanding anything to the contrary contained herein, the County shall take all reasonable actions to mitigate any losses or damages caused by a Club Default. Should the County incur necessary and reasonable expenses in enforcing its rights hereunder, specifically including reasonable attorneys' fees and court costs, said reasonable expenses shall be borne by the Club.
- (iii) In the event of a termination of this Lease by the County arising from a Club Default, the Parties' rights, duties and obligations with respect to the State Development Funds shall be governed by Section 31 of this Lease.

(C) Club Termination of Lease. The Club may terminate this Lease upon the following event (collectively, hereinafter referred to as the "County Defaults" and individually, as a "County Default"):

Upon thirty (30) days' written notice to the County of any breach by the County of any material provision, agreement or obligation hereunder that is not cured within sixty (60) days of notice of such breach; provided, however, that if such breach cannot be cured within such sixty (60) day period, but the breach is capable of cure within another reasonable period of time which is acceptable to the Club, and the County diligently pursues such cure, the County shall be allowed such agreed upon time period to cure such default. If the County fails to cure such breach upon the agreed upon time period, the Club shall be relieved of all liabilities and obligations accruing after the effective date of termination.

- (D) Limitation on Right to Terminate. The remedies available to a Party shall be cumulative and not exclusive, unless otherwise specifically set forth herein.

30. FIRE OR OTHER CASUALTY

- (A) Casualty Insurance and Termination by Club. The County shall insure the Leased Premises against damage or destruction by fire or other casualty under the standard fire insurance policy with approved standard extended coverage applicable to the Leased Premises. The County shall ensure that the Leased Premises are covered for one hundred percent (100%) replacement value. If any part of either of the Leased Premises is damaged or destroyed by fire or other casualty insured under the standard fire insurance policy including approved standard extended coverage endorsement applicable to the Leased Premises, and the Leased Premises are unavailable for more than one (1) Spring Training year ("Substantial Interference"), then the Club may terminate this Lease by written notice to the County within one hundred twenty (120) days after the later date of such damage or destruction or the date the duration of unavailability of the Leased Premises is known by the Club. In the event the Club elects to terminate this Lease, each Party shall be entitled to the proceeds of any insurance it has procured, there shall be an abatement of all monies due hereunder, and the Club shall be entitled to fifty percent (50%) of any Capital Improvements Funds available as of the date of such damage or destruction. Upon payment of any sums then owing by either Party to the other, the Parties shall be released from all future liability hereunder except for liability under the indemnity provisions hereof, which shall survive such termination.

- (B) **Restoration of Leased Premises.** If the Club does not elect to terminate this Lease as a result of Substantial Interference of either of the Leased Premises, then at its expense, the County shall restore the Leased Premises to as good as condition as existed previously and the Club shall not be released from any obligations hereunder except that there will be an abatement of all monies due hereunder for the period of unavailability.
- (C) **Prompt Repair and Rebuilding.** If either of the Leased Premises is damaged or destroyed by fire or other casualty and the Leased Premises are unavailable for less than one (1) Spring Training season during the Term and any Renewal Term, the County shall promptly repair and rebuild the Leased Premises. In such event, all Club obligations hereunder shall be suspended during the time period for which the Leased Premises are unavailable.
- (D) **Temporary Facilities.** If, during any period the Leased Premises are unavailable, the Club must find an alternative location for Spring Training, the County shall make reasonable efforts, if requested by the Club, to make a temporary Spring Training facility available to the Club. Adjustment to the annual lease payment shall be adjusted.
- (E) **Effect on Obligations.** Except to the extent provided for in this paragraph or elsewhere in this Lease, neither the monies payable by the Club nor any of the Club's other obligations under any provisions of this Lease shall be affected by any damage to or destruction of the Leased Premises by any cause whatsoever.
31. **STATE OF FLORIDA ECONOMIC DEVELOPMENT FUNDS.** The legislature of the State of Florida has authorized state sales tax distributions to certain units of local government for funding of professional sports franchise facilities located within the State of Florida (the "State Development Funds"). The County submitted an application to the State of Florida on July 6, 2012 to the Florida Department of Economic Development and was granted such funding assistance for the improvements that are described in the Spring Training Development Agreement. In connection with this application and as a condition of any award of funding under Florida Statutes Section 288.11621(2)(a)(2), the Club must agree to reimburse the State of Florida for the funds expended by the County for the costs of the improvements to the Leased Premises that the County received from the State of Florida if the Club relocates before the Term of this Lease expires.
- (A) **Reimbursement Covenant.** The Club covenants and agrees with the County that it will reimburse the State of Florida for the State Development Funds expended by the County for the improvements to the Leased Premises that the County has received from the State of Florida and expended in connection with the Leased Premises in accordance with the Spring Training Development Agreement, if the Club relocates to another facility before the Term of this Lease expires, or if the County terminates this Lease pursuant to its rights under Section 29(A)(i), subject to the contrary provisions of Section 31(B) below if the State of Florida does not decertify the County with respect to the Leased Premises, herein.

(B) Effect of County Default. The Parties agree that if the Club terminates this Lease and relocates to another facility pursuant to the exercise of its termination rights under this Lease following a County Default pursuant to Section 29(C) herein, the Club will promptly notify the applicable agency of the State of Florida that has been charged with administrative oversight and enforcement of the State Development Funds (the "Agency") of the circumstances for such termination and relocation, and the Club will not be required by the County or the State of Florida to repay, and the Club will not have any obligation to repay either the County or the State of Florida, for any State Development Funds for the improvements to the Leased Premises in connection with such Club termination. The County shall hold the Club harmless from any assertion or claim by the State of Florida that State Development Funds shall be repayable to the State of Florida by the Club if this Lease is terminated pursuant to the circumstances described in this Section 31(B).

(C) County Reporting Obligations Upon Termination. The Parties agree that if the County terminates this Lease pursuant to Sections 29(A)(i) through (v), the County will promptly notify the Agency of the circumstances for such termination and will then follow the statutory provision for decertification by the State as set out in Section 288.11621(5), Florida Statutes. Provided, however, if the Agency makes an affirmative determination not to decertify the County, neither the County nor the State of Florida will have the right or authority to require the Club to repay at any time the then-expended State Development Funds for the improvements to the Leased Premises of the County termination. Upon such determination that any term or other

provision is invalid, illegal or incapable of being enforced, the Parties hereto shall negotiate in good faith to modify this Lease so as to effect the original intent of the Parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.

These instructions shall not be subject to rescission or modification except upon receipt by Escrow Agents of written instructions of all the Parties hereto or their successors in interest, and no such modification shall be effective unless and until consented to in writing by the Escrow Agents.
- d. An Escrow Agent shall be protected in acting upon any notice, request, waiver, consent, receipt or other paper or document believed by Escrow Agent to be genuine.
- e. An Escrow Agent shall not be liable for any error or judgment or for any act done or step taken or omitted by it in good faith, or for any mistake of fact or law, or for anything which it may do or refrain from doing in connection herewith, except its own gross negligence or willful misconduct, and Escrow Agents shall have no duties to anyone except those signing these instructions.

# Introductory Section

March 23, 2017

To the Citizens of Lee County:

We are pleased to present to you the accompanying Comprehensive Annual Financial Report of Lee County (the County) for the fiscal year ended September 30, 2016. State law requires that a complete set of financial statements, presented in conformance with generally accepted accounting principles (GAAP), audited by licensed independent certified public accountants be released to the public within nine months of the fiscal year end. This report is being issued in fulfillment of these statutory requirements.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Clerk of Circuit Court as Chief Financial Officer of the County. We believe the data, as presented, is accurate in all material respects, that it is presented in a manner designed to fairly set forth the financial position and the results of operations of the County, and that all disclosures necessary to enable the reader to obtain a comprehensive understanding of the County's financial activity have been included.

### *Internal Controls*

The County has established a comprehensive internal control framework that is designed to provide reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and ensure that the financial records for preparing financial statements and maintaining accountability for assets are reliable. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived and that the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the County's internal controls adequately safeguard assets and provide reasonable assurance of properly recorded financial transactions.

### *Independent Audit*

In compliance with the laws of the State of Florida the County's financial statements have been audited by CliftonLarsonAllen LLP, a firm of licensed independent certified public accountants. The audit was performed to provide reasonable assurance that the financial statements for the fiscal year ended September 30, 2016, are free of material misstatement. The audit involved performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements; evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management; as well as evaluating the overall financial statement presentation. The independent auditor issued an unmodified opinion on the County's financial statements for the fiscal year ended September 30, 2016. The Independent Auditors' Report is presented in the Financial Section of this report. Governmental accounting and auditing principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The Management's Discussion & Analysis (pages 17-27) can be found in the Financial Section immediately following the independent auditors' report and should be read in conjunction with this transmittal letter.

## County Structure and Services

Lee County was founded in 1887 and named in honor of General Robert E. Lee. The County is located on the Gulf of Mexico in the southwestern portion of Florida and encompasses approximately 811 square miles, including several small islands in the Gulf of Mexico. Four incorporated municipalities are located on the mainland: Fort Myers (one of two county seats), Estero, Bonita Springs, and Cape Coral (second county seat). The Town of Fort Myers Beach is located on Estero Island and the City of Sanibel is situated on Sanibel Island. The unincorporated communities include Lehigh Acres, North Fort Myers, Tice, Alva, Matlacha, Bokeelia, St. James City, and Captiva Island. Lee County's climate can be classified as subtropical with temperatures averaging from 66 degrees (F) in winter to 83 degrees (F) in summer.

Lee County is home to one of the fastest-growing populations in the nation and that trend looks to continue. With almost 24 percent of its residents age 65 and older, the County is well known as a retirement destination. Lee County's population grew by approximately 10 percent between 2010 and 2016, and is projected to have a population of 1,055,000 by 2040. The Bureau of Economic and Business Research projects a 46 percent increase in Lee County's 25 to 54 age group by 2035. The estimated population in 2016 is 680,578.

## County Services and Reporting Entity

The County provides its citizens with a wide range of services that include law enforcement, human and community assistance-related services, civil and criminal justice system services, road and bridge maintenance, park operation, library services, economic and physical environment, as well as other general and administrative support services. In addition, airport facilities, transit system, water and wastewater system, toll bridge facilities, and a waste-to-energy facility are provided under an enterprise concept with user charges set by the Board of County Commissioners.

The Board of County Commissioners (the Board) is the legislative body for the County, having the responsibility of budgeting and providing all the funding used by the various County departments and the separate Constitutional Officers, with the exception of fees collected by the Clerk of Circuit Court, Property Appraiser, and Tax Collector. Under the direction of the Clerk of Circuit Court, the Finance & Records Department maintains the accounting system for the Board's operations. The other Constitutional Officers maintain their own accounting systems. For purposes of this report the operations of the County as a whole, including all Constitutional Officers, have been presented.

In addition to the divisions of the Board and the Constitutional Officers, the Lee County Port Authority, a blended component unit, is included in the Comprehensive Annual Financial Report.

## Budgetary Controls

The adopted budget is controlled in accordance with Chapter 129, *Florida Statutes*, and a formal budget policy which is incorporated into the County's Administrative Code. The Assistant County Manager, on behalf of the County Manager, is responsible for the preparation of the Board's budget. The legally adopted total appropriation for a fund may only be changed by resolution of the Board. Full authority to transfer budgetary amounts other than these instances is delegated to the County Manager

or the Assistant County Manager. When the Board adopts the program budget it is integrated into the reporting system for management reporting purposes. Budget-to-actual comparisons are provided in the report for each fund for which an appropriated annual budget has been adopted. Original and final budgets for major governmental funds are also provided. The Constitutional Officers' budget control is retained at the fund level; the budgets of the Property Appraiser and Tax Collector are approved by the Florida Department of Revenue and those of the Clerk of the Circuit Court (excluding fees and court-related budgets), Sheriff, and Supervisor of Elections are approved by the Board. The court-related portion of the Clerk of Circuit Court's budget is determined by the State of Florida's legislature.

## *Financial Condition of the County*

### *Local Economy*

Lee County has long been a popular vacation and retirement spot with more than 50 miles of white sandy beaches that span from Gasparilla Island State Recreation Area to Barefoot Beach on Little Hickory Island. Lee County's economy continues to strengthen. The unemployment rate declined in Lee County this past year from 5.1 percent in 2015 to 4.7 percent in 2016. The County's unemployment levels approximate Florida's rate of 4.7 percent and is below the national rate of 5.0 percent.

## Economic Conditions

The mainstays of the County's economy are tourism and retirement, and their associated services, such as health, trade, and other service-orientated industries. The County also has real estate development, agribusiness, high-tech manufacturing, corporate and regional headquarters, warehousing and distribution, and financial service industries.

Foreclosures filed in the County decreased, from 1,634 in fiscal year 2015 to 1,371 in fiscal year 2016, which represents a 16 percent decrease from prior year. ## *Cash Management and Investments*

The cash needs of the County are monitored daily and cash that is temporarily idle during the year is invested in accordance with the County's investment policy. The primary objective of the investment policy is the preservation of capital and the protection of investment principal.

*Investments during the year were:*

- Treasury bills and notes, government agencies and instrumentalities, and money market mutual funds whose investments consist primarily of municipals and U.S. government obligations. At fiscal year-end the maturities of the investments ranged from thirty-one days to two years and interest earned ranged from 0.42 percent to 1.09 percent.
- The State Board of Administration's ("SBA") Local Government Surplus Funds Investment Pool Trust Fund operates an investment pool for local governments. The average yield for the pool for the fiscal year was 0.538 percent.
- Repurchase agreements with primary United States broker/dealer firms, reporting daily to the New York Federal Reserve Bank. All term repurchase agreements (except those held by the County's trustees) are collateralized by 101 to 105 percent with the collateral held in the County's

name by a third-party safekeeping agent. The collateral is valued weekly. The County did not enter into any repurchase agreements in fiscal year 2016.

### *Risk Management*

The Board maintains self-insurance programs to administer insurance activities related to property and casualty, county-wide employee health and dental programs, general liability, and worker's compensation. The concept of the self-insurance programs is to allow the County to absorb losses up to a specific annual amount. Excess and other specific coverages are purchased from third-party carriers.

Funding for these programs is generated by charges to the operating departments based on management's annual estimates of claim loss funding and administration/operating costs. The Lee County Sheriff's Office does not participate in the County's insurance programs and maintains a separate self-insurance fund for their employee health and dental coverage. The Port Authority does not participate in the property and casualty self-insurance program.

### *Awards and Acknowledgments*

#### *Awards*

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2015. This was the 31st consecutive year that the County has received this prestigious award. To be awarded a Certificate of Achievement, the County had to publish an easily readable and efficiently organized Comprehensive Annual Financial Report which satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

#### *Acknowledgements*

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department and the various managers and fiscal officers of the County Departments. The efforts of Finance's General Accounting staff, specifically, Tracy Schatzman, Rose Hardt, Pat Stokes, Shelby Smith, Karen Vivian, Kirk Knowles, and Angie Kershaw are especially noteworthy.

**INDEPENDENT AUDITORS' REPORT**

Honorable Board of County Commissioners  
 Lee County, Florida

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lee County, Florida (County), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit.

We did not audit the financial statements of the Lee County Property Appraiser, the Lee County Sheriff, the Lee County Supervisor of Elections, and the Lee County Tax Collector, which represent the indicated percent of total assets, total revenues, and total net position and fund balance as presented in the table below. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it related to the amounts included for those components, is based solely on the reports of other auditors.

	Percentage Audited by Other Auditors		
	Assets	Revenues	Net Position/ Fund Balance
Governmental Activities	2%	8%	1%
General Fund	13%	4%	0%
Aggregate Remaining Fund Information	4%	11%	2%

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

***Auditors' Responsibility (Continued)***

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Opinions***

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of September 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules of funding progress and employer contributions – other postemployment benefit plan and schedules of the County's proportionate share of the net pension liability and of its contributions – pension plans on pages 17-27 and 100-102, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Honorable Board of County Commissioners  
Lee County, Florida

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, supplemental financial information, statistical section, and other supplemental information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental financial information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based upon our audit procedures performed as described above and the reports of other auditors, the supplemental financial information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, statistical section, and other supplemental information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 23, 2017, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

## Management's Discussion and Analysis (unaudited)

This discussion and analysis of Lee County's ("the County") financial statements is designed to introduce the basic financial statements and provide an analytical overview of the County's financial activities for the fiscal year ended September 30, 2016. The basic financial statements are comprised of the government-wide financial statements, fund financial statements, and footnotes to the financial statements. We hope this will assist readers in identifying significant financial issues and changes in the County's financial position.

### *Financial Highlights*

- At the close of fiscal year 2016, the County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources, resulting in total net position of \$3,208,784,000. Of this amount, \$211,674,000 represents unrestricted net position.
- Governmental and business-type portions of net position are \$1,688,273,000 and \$1,520,511,000, respectively.
- The County's total net position increased \$28,017,000, or .9 percent, in comparison to prior year.
- The County's governmental activities total net position of \$1,688,273,000 decreased \$23,212,000, or -1.4 percent, in comparison to prior year. Approximately 2.8 percent of the total, or \$47,729,000, is a deficit balance.
- The County's business-type activities total net position of \$1,520,511,000 increased \$51,229,000, or 3.5 percent, in comparison to prior year. Approximately 17.1 percent of the total, or \$259,403,000, is unrestricted, and thus available for spending at the County's discretion.
- The County reported a liability of \$361,133,000 for its proportionate share of the FRS and HIS net pension liabilities.
- Total revenues increased \$59,522,000, or 5.9 percent, in comparison to prior year.
- Total expenses increased \$69,301,000, or 7.1 percent, in comparison to prior year.

### *Government-wide Financial Statements*

The government-wide financial statements (statement of net position and statement of activities found on pages 30-33) concentrate on the County as a whole and do not emphasize fund types but rather a governmental or a business-type classification, which are presented in separate columns. The governmental and business-type activities comprise the primary government. Fiduciary funds are not included in the government-wide financial statements.

General governmental and intergovernmental revenues support the governmental activities, whereas the business-type activities are primarily supported by user fees and charges for services. The purpose of the government-wide financial statements is to allow the user to be able to analyze the County's total financial position.

The statement of activities reflects the expenses of a given function or program, which are offset by program revenues. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function or program. Taxes are reported under general revenue. The County maintains an allocation program for indirect expenses and, therefore, reports this allocation in a separate column on the government-wide statement of activities.

The effect of the inter-fund activity has been removed from the government-wide financial statements. However, the inter-fund services between functions are not eliminated. The internal service fund activity has been eliminated except for the outside activity on the government-wide financial statements.

## Lee County, Florida

### *Fund Financial Statements*

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity or net position, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

The County's funds are presented in separate fund financial statements. These funds are presented on a governmental fund financial statement and a proprietary fund financial statement. The County's major funds are presented in separate columns on the fund financial statements. The definition of a major fund is one that meets certain criteria set-forth in Governmental Accounting Standards Board Statement Number 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* ("GASB 34"). The funds that do not meet the criteria of a major fund are considered non-major funds and are combined into a single column on the fund financial statements. However, a non-major fund can be designated as a major fund if the County chooses to do so.

The County adopts an annual budget for all funds except for agency funds, Sheriff's internal service and special revenue funds, and the Property Appraiser's special revenue fund. A budgetary comparison has been presented for the General Fund, which compares not only actual results to budget but also the original adopted budget to final budget.

### *Governmental Fund Financial Statements*

Governmental fund financial statements (found on pages 34-38) are prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets. Although the activity of the internal service funds is reported with the governmental activities on the government-wide financial statements they are not combined on the government fund financial statements.

One of the County's governmental funds, the General Fund, is classified as a major fund. All other governmental funds are combined into a single column on the governmental fund financial statements. Individual fund data for the non-major funds are found in combining statements as supplemental financial data.

### *Proprietary Fund Financial Statements*

Proprietary fund financial statements (found on pages 39-45), like government-wide financial statements, are prepared on the full accrual basis. Proprietary funds record both operating and non-operating revenues and expenses. Operating revenues are those that are obtained from the operations of the proprietary fund.

The County reports the Port Authority, Water and Wastewater, Transportation Facilities, and Solid Waste as major funds in the proprietary fund financial statements. These enterprise funds are used to present the same functions that are presented in the government-wide financial statements. The only non-major fund, Transit, is reported in a separate column. The internal service funds are presented in their entirety combined in a single column on the proprietary fund financial statements.

The internal service funds are used to account for data processing, risk management, radio communications, telecommunications, fleet management, and self-insurance for health and dental, and workers' compensation services on a cost reimbursement basis. Individual fund data is in the combining statements as supplemental financial data.

Lee County, Florida

*Fiduciary Fund Financial Statements*

The fiduciary fund financial statements (found on pages 46-47) are not included in the government-wide financial statements because the resources of those funds are not available to support the County's programs. The County maintains an other postemployment benefits ("OPEB") trust fund that is used to hold the plan's assets, and agency funds that are used to account for assets held by the County as an agent for individuals and other governments.

*Government-Wide Financial Analysis*

The government-wide financial statements were designed so that the user could determine if the County is in a better or worse financial condition from the prior year.

The following is a condensed summary of net position for the primary government for fiscal years 2016 and 2015.

### *Financial Analysis of the Government's Funds*

#### *Governmental Funds*

Governmental funds are comprised of the General Fund, special revenue funds, debt service funds, and capital projects funds. As noted earlier, governmental funds use the current financial resources measurement focus that focuses on near-term inflows and outflows. The General Fund is the general operating fund that is used to account for all financial resources, except those required to be accounted for in another fund.

The following are noteworthy facts and changes from prior year for the General Fund, which is reported as a major fund:

*General Fund*- Ad valorem taxes increased \$17,362,000, or 7.4 percent, due to an increase in assessed property values. Charges for services increased \$5,491,000 primarily due to an increase of \$4,252,000 in Ambulance Fees as a result of increased activity and a decrease in the charge lag. Expenditures increased \$31,342,000, or 9.7 percent, primarily due to an increase in general government salaries and related costs, the Justice Center Renovation major maintenance project, higher personal and operating costs for the Supervisor of Elections and the Sheriff, and an increase in public safety capital expenditures for a helicopter lease entered into by the Sheriff.

#### *Proprietary Funds*

Proprietary funds are comprised of enterprise funds and internal service funds. An enterprise fund is used to account for activities for which a fee is charged to external users for goods and services. Internal service funds are those that provide a service, primarily within the government, and charge a recovery fee.

The following are noteworthy facts and changes from prior year for proprietary major funds:

*Port Authority* - Net operating revenue increased \$1,233,000, or 1.3 percent, in comparison to prior year as a result of an increase in parking concession revenue. Total operating expenses increased \$14,704,000, or 16.6

## Lee County, Florida

percent, in comparison to prior year primarily due to an increase in salaries and benefits and contractual services, materials and supplies. Capital grants and contributions were \$17,241,000, or 143.7 percent, higher compared to the prior year due to reimbursement grants received for capital projects.

*Water and Wastewater* – Net operating revenue increased \$1,247,000, or 1.2 percent, in comparison to prior year. User fees increased by \$1,266,000, or 1.2 percent, due to an increase in customer base. Operating expenses increased \$4,785,000, or 5.0 percent, in comparison to prior year primarily due to an increase in salaries and benefits, depreciation, and contractual services, materials, and supplies. Capital contributions were \$677,000, or 3.5 percent, higher compared to the prior year due to an increase in prepaid water and sewer connection fees.

*Transportation Facilities* – Net operating revenue increased \$1,709,000, or 4.0 percent, in comparison to prior year due to an increase in bridge traffic resulting in an increase in toll revenue and toll violations. Total operating expenses increased \$136,000, or .8 percent, in comparison to prior year.

*Solid Waste* – Net operating revenue increased \$3,877,000, or 5.2 percent, in comparison to prior year due to an increase in user fees of \$8,738,000 offset by a decrease in miscellaneous revenue of \$5,067,000. Total operating expenses increased \$5,078,000, or 6.3 percent, in comparison to prior year primarily due to an increase in contractual services, materials, and supplies.

### *General Fund Budgetary and Actual Highlights*

The difference between the original adopted and final amended budget expenditures in the General Fund is an increase of \$11,107,000. The changes include:

- \$1,934,000 increase for West Coast Inland Navigation District (WCIND) pass through grant projects.
- \$1,399,000 increase for the Low Income Home Energy Assistance Program (LIHEAP) grant.
- \$1,083,000 increase for Human Services grants received for veteran housing assistance, homeless housing and relocation services, and the Bob Janes Triage Center.
- \$1,500,000 increase for the Sheriff's Automated Fingerprint Identification System upgrade.
- \$1,230,000 increase for miscellaneous revenue received by the Sheriff to cover expenditures related to false alarms, overtime associated with background checks and fingerprinting services, vehicle repairs, and fuel.

The remaining amendments are a combination of increases and decreases for various reasons which separately are not noteworthy.

The variance between the final amended budget and actual expenditure results for the General Fund is a favorable variance of \$22,887,000. The differences are across multiple departments and are mainly due to unspent budget for various projects and conservative spending. Project costs are budgeted in the year they are anticipated to be obligated. In subsequent years the unused budget is reappropriated until the project is completed.

### *Capital Assets*

**N**on-depreciable capital assets include land, construction in progress, software in progress, and artwork. Depreciable assets include buildings, improvements other than buildings, machinery and equipment, software, and infrastructure.

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

NOTE I. SUMMARY OF SIGNIFICANT  
ACCOUNTING POLICIES

*Reporting Entity*

Lee County ("the County") was founded in 1887 as a political subdivision of the State of Florida established by Article VIII, Section 1(f), *Florida Constitution*. In 1996 by adoption of Lee County Ordinance No. 96-01 the County became a charter county as allowed by Article VIII, Section 1(c), *Florida Constitution*, and Chapter 125.82, *Florida Statutes*. Pursuant to Article VIII, Section 1(g), *Florida Constitution*, as a charter county the County has all powers of self-government not inconsistent with general law, or with special law approved by vote. It also gives the County authority to enact ordinances that are not inconsistent with general law.

The County is governed by an elected Board of County Commissioners ("the Board"), which is governed by Title XI, Chapters 124-164, *Florida Statutes*, and regulations. In addition to the members of the Board, there are five elected Constitutional Officers: Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The Constitutional Officers maintain separate accounting records and budgets.

The accompanying financial statements present the financial position and results of operations of the entity as a whole, by major fund, and non-major funds in aggregate, that are governed by the Board and the Constitutional Officers of Lee County, Florida.

As required by generally accepted accounting principles ("GAAP"), the financial statements of the reporting entity include those of Lee County (the primary government) and its component units. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, a component unit may be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The departments and divisions, of the Board and the Constitutional Officers as well as the Lee County Port Authority ("the Port Authority"), a blended component unit, are included in Lee County's *Comprehensive Annual Financial Report*.

*Blended Component Unit*

The Port Authority is a dependent political subdivision of the County as defined in Chapter 189, *Florida Statutes*. The Port Authority was created by Chapter 63-1541, *Laws of Florida*, and by adoption of Resolution No. PA-87-8-9. The legal authority by which the Port Authority operates is found in Chapter 63-1541, *Laws of Florida*, and Chapters 125 and 332, *Florida Statutes*. The Port Authority is included in the County's reporting entity as a blended component unit due to the significance of the operational and financial relationships with the County.

Although it is a legally separate agency, financial support has been pledged and its financial and operational policies may be significantly influenced by the County. The Board of Port Commissioners is substantively the same governing body as the Board of County Commissioners. The Port Authority is accounted for as if it was a part of the County's operations and reported as a County Enterprise Fund.

Complete financial statements of the Port Authority component unit can be obtained as follows:

*Government-Wide and Fund Financial  
Statements*

The government-wide financial statements and the major-fund financial statements along with the notes to the financial statements comprise the basic financial statements. The government-wide financial statements (the statement of net position and the statement of activities) concentrate on the County as a whole and do not emphasize fund types

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

but rather a governmental or a business-type classification, which are presented in separate columns. The governmental activities and business-type activities comprise the primary government. Neither fiduciary funds nor component units that are fiduciary in nature are included. General governmental and inter-governmental revenues support the governmental activities, whereas the business-type activities are primarily supported by user fees and charges for services. The purpose of the government-wide financial statements is to allow the user to be able to determine if the County is in a better or worse financial position than the prior year.

The statement of activities reflects the expenses of a given function or program, which are offset by program revenues. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function. Taxes are reported under general revenue.

The County's major funds are presented in separate columns on the governmental fund financial statements and the proprietary fund financial statements. The definition of a major fund is one that meets certain criteria set-forth in Governmental Accounting Standards Board Statement Number 34, *Basic Financial Statements- and Management's Discussion and Analysis- for State and Local Governments* ("GASB 34"). The funds that do not meet the criteria of a major fund are considered non-major funds and are combined into a single column on the fund financial statements.

The County allocates indirect expenses and therefore reports this allocation in a separate column on the government-wide statement of activities.

The effect of interfund activity has been removed from the government-wide financial statements.

Internal service fund activity is reported in full on the proprietary fund financial statements. The internal service funds are combined and thus reported in a single summary column on the proprietary fund financial statements. However, the internal service fund activity has been eliminated -

except for the outside activity - and is combined with the governmental activities on the government-wide financial statements. The outside activities are premiums paid from outside entities for insurance, employee's portion of insurance, auto and equipment repair, and participating governments in the radio program for the government communications network.

*Measurement Focus, Basis of  
Accounting, and Financial Statement  
Presentation*

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred outflows/inflows of resources, fund equity or net position, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared on a full accrual basis using the economic resources measurement focus, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all of the eligibility requirements have been met. Fiduciary fund financial statements are also prepared on an accrual basis.

Proprietary funds record both operating and non-operating revenues and expenses. Operating revenues are those that are obtained from the

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

operations of the proprietary fund that include user fees, tolls, rental and franchise fees, and concessions. Non-operating revenues are not related to the operations of the proprietary fund and include taxes, interest earnings, grants, and passenger facility charges. Operating expenses represent the cost of operations, which includes depreciation. Non-operating expenses, such as interest expense, are not related to operations.

Governmental fund financial statements are prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets. The County considers all revenues, except grants, available if they are collected within sixty days after year-end. Grants are recorded as earned if collected within ninety days after year-end. Primary revenues, such as property taxes, special assessments, inter-governmental revenues, charges for services, sales and franchise taxes, rents, and interest are treated as susceptible to accrual under the modified accrual basis and so have been recognized as revenues. Expenditures reported in governmental fund financial statements are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule includes principal and interest on general long-term debt, which is recognized when due, and compensated absences which are accrued when matured.

When both restricted and unrestricted resources are available, restricted resources will be used first for incurred expenses, and then unrestricted as needed. When using the unrestricted resources, committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The County reports the following major fund in the governmental fund financial statements:

*General Fund*

The General Fund is the general operating fund of the County that is used to account for all financial

resources, except those required to be accounted for in another fund.

The County reports the following major funds in the proprietary fund financial statements:

*Port Authority*

The Lee County Port Authority is used to account for the activities related to the operation of the County owned aviation facilities, including Southwest Florida International Airport and Page Field General Aviation Airport.

*Water and Wastewater*

The Lee County Water and Wastewater System is used to account for the activities related to the operation of the County owned water and wastewater system.

*Transportation Facilities*

The Lee County Transportation Facilities fund is used to account for the activities related to the operation of the County owned bridges connecting Sanibel and Captiva Islands to the mainland and the Cities of Cape Coral and Fort Myers.

*Solid Waste*

The Lee County Solid Waste System is used to account for the provision of refuse disposal facilities to the general public.

The County reports the following other fund types:

*Non-major Governmental Funds*

The non-major governmental funds are a combination of special revenue, debt service, and capital projects.

*Non-major Enterprise Funds*

The only non-major enterprise fund is Lee County Transit. Lee County Transit is used to account for the activities related to the operation of the Lee Transit bus system, a countywide public transportation service.

*Internal Service Funds*

The internal service funds are used to account for data processing, risk management, health, dental and liability self-insurance, radio communications,

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

and fleet management services on a cost reimbursement basis.

*Trust Fund*

The trust fund accounts for the plan assets held for the County's Other Post-Employment Benefit ("OPEB") plan.

*Agency Funds*

The agency funds are used to account for assets collected and held by the County as an agent for individuals, organizations, or other governments, such as fire impact fees, impact fees for the Village of Estero, school impact fees for the Lee County School Board, or license plate tag fees collected on behalf of the State of Florida.

*Use of Estimates*

The preparation of the financial statements requires management to make a number of estimates and assumptions relating to the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and the disclosure of contingent assets at the date of the financial statements. Preparation of the financial statements also requires management to make a number of estimates and assumptions relating to the reported amounts of revenues and expenditures during the period. Actual results could differ from those estimates.

*Budgetary Information*

*Budgets and Budgetary Accounting*

Budgets have been adopted by the Board for all Board funds except for agency funds. The budgets of the Property Appraiser and the Tax Collector are approved by the Florida Department of Revenue. The Sheriff and Supervisor of Elections prepare budgets for their general funds, which are submitted to and approved by the Board. The Clerk of Circuit Court (to the extent of her function as ex-officio Clerk to the Board) prepares a budget for her general fund (noncourt-related activities), which is submitted to and approved by the Board. In addition, the Clerk prepares a portion of her

noncourt-related and special revenue budgets based on anticipated fees. The Clerk also prepares a court-related budget, which is submitted to and approved by the Florida State Legislature in the General Appropriations Act. No budget is prepared for the Property Appraiser's special revenue fund, and the Sheriff's special revenue and internal service funds.

Capital projects costs are budgeted in the year they are anticipated to be obligated. In subsequent years, the unused budget is reappropriated until the project is completed. Proprietary funds are budgeted on a basis consistent with GAAP, except that capital and debt related transactions are based upon cash receipts and disbursements. Estimated beginning fund balances are considered in the budgetary process. Differences between estimated beginning fund balances and actual fund balances, if material, are submitted to the Board as budget amendments. The annual budgets serve as the legal authorization for expenditures. Expenditures cannot legally exceed the total amount budgeted for each fund. The Board must approve all budget amendments, which change the legally adopted total appropriation for a fund, or amount of a Constitutional Officers' draw. Authority to transfer budget within a fund is delegated to the County Manager or Budget Director.

If, during the fiscal year, additional revenues become available for appropriation in excess of those estimated in the budget, the Board may make supplemental appropriations by resolution for the year up to the amount of such excess. During the fiscal year the Board, in accordance with Florida Statutes, approved various supplemental appropriations. Appropriations lapse at fiscal year-end.

*Assets, Liabilities, Deferred Outflows/  
Inflows of Resources, and Net Position or  
Equity*

*Cash, Cash Equivalents, and Investments*

The County considers cash, cash equivalents, and investments to be cash on hand, demand deposits, highly liquid investments, including those

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

held as restricted assets, with original maturities of three months or less when purchased, and those included in the internal investment pool.

For accounting and investment purposes, the County maintains a cash and investment pool that is available for use by all funds except those whose cash and investments must be segregated due to legal or other restrictions. Investments within this pool are treated as a demand deposit account by the various funds of the County that participate. Interest earned on investments in the pool is allocated to the various funds based upon each fund's equity balance in the pool during the allocation period.

For purposes of the Statements of Cash Flows, the County considers cash and equity in pooled cash and investments (restricted and unrestricted), and restricted cash and cash equivalents with fiscal agent to be cash and cash equivalents.

The County reports all investments at fair value, with the exception of the State Board of Administration's ("SBA") Florida Local Government Surplus Trust Fund Investment Pool (Florida PRIME) which is reported at amortized cost and approximates fair value. The County also participates in the Florida Cooperative Liquid Assets Securities System (FLCLASS) investment pool and the Florida Local Government Investment Trust (FLGIT) which are measured at net asset value per share. The County categorizes its fair value measurements within the fair value hierarchy established in Governmental Accounting Standards Board Statement No. 72, "Fair Value Measurements and Application".

Florida PRIME is considered a qualifying external investment pool that meets all of the necessary criteria to elect to measure all of the investments at amortized cost. Therefore, the fair value of the County's position in the pool is the same as the value of the pool shares. The Florida PRIME investments are not categorized because they are not evidenced by securities that exist in physical or book entry form. Throughout the year, and as of September 30, 2016, Florida PRIME contained certain floating and adjustable rate securities. These

investments represented 27.6 percent of Florida PRIME's portfolio at September 30, 2016.

In accordance with Governmental Accounting Standards Board Statement No. 79, *Certain External Investment Pools and Pool Participants*, as a participant in a qualifying external investment pool, the County should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates) in notes to the financial statements.

With regard to redemption gates, Section 218.409(8)(a), *Florida Statutes*, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days."

With regard to liquidity fees, Section 218.409(4), *Florida Statutes* provides authority for the SBA to

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2016, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

### *Accounts Receivable*

The trade accounts receivable of the County are recorded in the government-wide, governmental, and proprietary fund financial statements and are net of an allowance for doubtful accounts, which generally is equivalent to the receivables that are over 90 days, plus any amounts to be submitted to the Board of County Commissioners for write-off due to known uncollectible amounts.

Special assessment receivables that are not expected to be collected in the current year are reported as Deferred Inflows - unavailable revenue in the governmental fund statements. Delinquent special assessments receivable are expected to be recovered, ultimately through liens or foreclosures.

### *Due From/Due To*

During the course of operations, the County has activity between funds for various purposes. Any residual balances at year-end are reported as due from/to other funds. While these balances are reported in the fund financial statements, any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide statement of net position as "internal balances."

### *Inventory*

Inventories reported within governmental and proprietary funds consisting of materials and supplies held for consumption are valued at cost using the first-in, first-out method (FIFO). These inventories are recorded as expenditures, or expenses, as they are used (consumption method). Such inventories reported within governmental

funds are classified as non-spendable. Inventory held for resale consists of real estate holdings which the County intends to sell as part of a Neighborhood Stabilization grant program and are reported at the lower of cost or market. The inventory is classified as a restricted asset, which indicates it does not constitute available resources.

### *Prepaid Items*

Some payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in the financial statements.

### *Advances To/From Other Funds*

County Administration Code AC-3-4 ("the Code") allows loans between funds that are approved by the County Manager or their designee to be made for a period not to exceed beyond the current fiscal year or thirty days, whichever is greater. Loans that will not be repaid by the end of the current fiscal year must be approved by the Board of County Commissioners to be carried into the next fiscal year and are considered advances. Interest is calculated monthly using either the fixed or simple interest method, which is a variable rate based on the current rate used on Board funds deposited at the SBA, although the Code does allow for interest-free loans. The Code does not specify repayment requirements. When a determination is made that the advance will not be repaid, it is treated as a transfer. At September 30, 2016, the County has one outstanding advance with payment terms of less than one year.

### *Capital Assets*

Capital assets include artwork, property, buildings, furniture, equipment, vehicles, software, easements and rights of way, and infrastructure assets. Infrastructure assets are defined as public domain capital assets such as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, lighting systems, and similar assets that are immovable and of value only to the government unit. Capital assets are reported in the government-wide financial statements in the applicable

governmental or business-type activities column, as well as the proprietary fund financial statements. The threshold for capitalizing property, plant, and equipment is \$1,000. The threshold for capitalizing software and infrastructure is \$100,000. Capital assets are recorded at cost or estimated historical cost. Contributed assets are recorded at estimated fair market value at the time received. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets. The ranges of the useful lives are as follows:

<u>Asset</u>	<u>Years</u>
Buildings	30-50
Improvements other than buildings	6-50
Equipment	3-35
Computer Equipment	3-10
Furniture	4-20
Vehicles & rolling stock	3-12
Software	3-5
Infrastructure	20-50

Florida Statutes require that the Board maintain accountability for all capital assets used in operations, except those separately accounted for by the Sheriff.

*Capital Lease Obligations*

In the government-wide financial statements and proprietary fund financial statements, capital lease obligations and the related cost of assets acquired are reflected in the Statement of Net Position. For capital lease obligations in governmental funds, expenditure for the asset and the offsetting other financing source is reflected in the fund financial statements in the year of inception.

*Unearned Revenues*

Unearned revenues represent revenues collected in advance of services performed and will be recognized when the services are rendered.

*Compensated Absences*

The County maintains a policy that permits employees to accumulate earned but unused vacation and sick pay benefits that will be paid to

employees upon separation from County service if certain criteria are met. These benefits, plus their related tax and retirement costs are classified as compensated absences. The County's policy requires employees to bank unused sick pay benefits. Both the current and long-term portion of compensated absences are accrued and reported in the government-wide and proprietary fund financial statements. The exception to this policy is the Lee County Port Authority, which has a mandatory annual buyback of unused leave. This is accounted for pursuant to GASB Statement Number 16, *Accounting for Compensated Absences*. Payments for compensated absences are made by the respective fund.

*Unamortized Bond Premiums and Discounts*

Bond premiums and discounts related to long-term debt are amortized over the life of the debt, principally by the effective-interest method. Notes payable and revenue bonds payable in the government-wide and proprietary fund financial statements are shown net of unamortized discounts and premiums. Premiums and discounts related to general long-term debt in the governmental fund financial statements are recorded as expenditures or other financing sources when paid or received and, therefore, are not accounted for in subsequent periods.

*Deferred Outflows of Resources*

Deferred outflows of resources represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense or expenditure) until then. The deferred outflows of resources reported in the County's Statement of Net Position represent pension related balances for changes in actuarial assumptions, the difference between expected and actual economic experience, the net difference between projected and actual earnings, changes in the proportion and differences between the County's contributions and proportionate share of contributions, and the County's contributions subsequent to the measurement date, relating to the Florida Retirement System Pension Plan and the Retiree Health Insurance Subsidy Program. These

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

amounts will be recognized as increases in pension expense in future years. The County also reports a deferred outflow of resources for the losses on refunding that result from the difference in the carrying value of refunded debt and its reacquisition price. This amount is amortized using the effective-interest method in the government-wide and proprietary fund financial statements over the shorter of the life of the old bonds or the life of the new bonds.

#### *Deferred Inflows of Resources*

Deferred inflows of resources represents acquisition of resources that applies to future reporting period(s) and will not be recognized as an inflow of resource (revenue) until then. In governmental funds, revenues not received within sixty days of year-end are deferred until collected as they do not meet the availability criteria. The County currently has unavailable revenue for special assessments, grants, and accounts receivables. The deferred inflows of resources reported in the County's Statement of Net Position represents pension related balances for the difference between expected and actual economic experience, and changes in the proportion and differences between the County's contributions and proportionate share of contributions relating to the Florida Retirement System Pension Plan and the Retiree Health Insurance Subsidy Program. These amounts will be recognized as reductions in pension expense in future years. Also included in deferred inflows of resources are gains on refunding that result from the difference in the carrying value of refunded debt and its reacquisition price. This amount is amortized using the effective-interest method in the government-wide and proprietary fund financial statements over the shorter of the life of the old bonds or the life of the new bonds.

#### *Pensions*

In the government-wide and proprietary funds statements of net position, liabilities are recognized for the County's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) and additions to/deductions from FRS's and HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and HIS plans. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds of employee contributions are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### *Net Position*

In the government-wide and proprietary fund financial statements net position is categorized as net investment in capital assets, restricted and unrestricted. Restricted net position indicates amounts that have constraints on their use externally imposed by creditors, through debt covenants, by grantors, or by law. Restricted assets are being reported for: capital projects; debt service; inventory held for resale; special revenue funds; and renewal and replacement. The government-wide statement of net position reports \$219,413,000 of governmental activities restricted net position, of which \$198,738,000 is restricted by enabling legislation.

#### *Fund Balances*

In the governmental fund financial statements the County reports fund balances as either non-spendable or spendable. Spendable fund balances are further classified in a hierarchy based on the extent to which there are external and internal constraints.

Lee County, Florida  
 NOTES TO THE FINANCIAL STATEMENTS  
 September 30, 2016

Non-spendable balances are those that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Criteria include items that are not expected to be converted into cash, for example inventories and prepaids. It also includes the long-term amount of loans and notes receivable, as well as property acquired for resale. However, if the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned, then they should be included in the appropriate fund balance classification.

Spendable fund balances are classified as follows:

*Restricted Fund Balance* – Amounts that are constrained for a specific purpose imposed by creditors (such as through debt covenants), grantors, contributors, laws or regulations, or through constitutional provisions or enabling legislation.

*Committed Fund Balance* – Amounts constrained for a specific purpose imposed by a formal action of adopting an ordinance by the Board, the highest level of decision making authority, for the County. Once adopted, an ordinance can only be modified, rescinded, or replaced in the same manner, by another ordinance of the Board.

*Assigned Fund Balance* – Amounts that are intended to be used for specific purposes as determined by the Board, but that are neither restricted nor committed. Per the Board’s administrative code, only the Board is authorized to assign fund balance.

*Unassigned Fund Balance* – Amount represents the residual fund balances for the County’s General Fund that does not meet the other fund balance classification requirements.

**NOTE II. DIFFERENCE BETWEEN BUDGETED AND ACTUAL RESULTS**

Budgets are adopted on a basis consistent with GAAP except as follows:

- *General Fund* – Emergency Medical Services (EMS) ambulance fees are budgeted on a cash

basis; the adjustment to record the remaining outstanding fees to accounts receivable for the year is not budgeted. Changes in fair market value (FMV) of investments, repayment of an advance from another fund, and inventory adjustments are not budgeted.

The following adjustments were necessary to present actual data on a budgetary basis (Non-GAAP) for the fiscal year ended September 30, 2016 (dollars in thousands):

<i>General Fund:</i>	
Net change in fund balance (GAAP basis)	(\$4,987)
Basis Difference:	
EMS ambulance fees not reported on a cash basis	(1,316)
Fair market value adjustment	(68)
Advance not budgeted as transfer	28
Expenditures associated with inventory	743
Capital outlay for equipment purchased through capital lease	4,936
Capital lease proceeds	<u>(4,936)</u>
Net change in fund balance non-GAAP	<u>(\$5,600)</u>

**NOTE III. PROPERTY TAXES**

Property taxes become due and payable on November 1 of each year and are delinquent on April 1 of the following year. Discounts on property taxes are allowed for payments made prior to the April 1 delinquent date. Tax certificates for the full amount of any unpaid taxes must be sold no later than June 1 of each year. No accrual for the property tax levy becoming due in November 2016 is included in the accompanying financial statements, since such taxes are collected to finance expenditures of the subsequent period.

Procedures for collecting delinquent taxes, including applicable tax certificate sales and tax deed sales, are provided by Florida Statutes. The enforceable lien date is approximately two years after taxes become delinquent and occurs only upon request of a holder of a delinquent tax certificate. There were no significant delinquent property tax receivables at September 30, 2016.

 NOTES TO THE FINANCIAL STATEMENTS  
 September 30, 2016

*Fair Value*

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset.

Level 1 – Valuation is based on quoted prices for identical instruments traded in active markets. At September 30, 2016, the County held no such assets.

Level 2 – Valuation is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 – Valuation is based on model-based techniques that use significant inputs and assumptions not observable in the market. These unobservable inputs and assumptions reflect the Reserve Banks’ estimates of inputs and assumptions that market participants would use in pricing the assets and liabilities. Valuation techniques include the use of option pricing models, discounted cash flow models, and similar techniques. At September 30, 2016, the County held no such assets.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment’s risk.

The County invests in U.S. Treasury and Agency Securities which were valued using a matrix pricing model and determined to be Level 2 inputs.

The County has the following recurring fair value measurements as of September 30, 2016 (dollars in thousands):

*Investments by fair value level (Level 2)*

Debt securities	
U.S. Treasury securities	\$ 180,055
Agency securities	435,309

Local Govt Investment Pool (FLCLASS)	20,058
Local Government Investment Trust (FLGIT)	2,021
Money Market	10,018
Total investments measured at the NAV	<u>\$ 32,097</u>

*Credit Risk*

The Board’s Investment Policy (Policy) limits credit risk by restricting authorized investments for their investment portfolio to the following:

- A.) Direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by the United States Government.
- B.) U.S. Government sponsored enterprises.
- C.) U.S. Government Agencies.
- D.) Florida Local Government Surplus Funds Trust Fund.
- E.) Interest-bearing time deposits or savings accounts in banks organized under the laws of Florida, in national banks organized under the laws of the United States and doing business and situated in Florida. Savings and loan associations which are under federal law and supervision, provided deposits are secured by collateral as may be prescribed by law. The institution must be fully insured by Federal Deposit Insurance Corporation, or Federal Savings and Loan Insurance Corporation, and are approved by the State Treasurer as a qualified public depository.
- F.) Securities of, or other interests in, any open-end or closed-end management type investment company or investment trust registered under the Investment Company Act of 1940, provided their portfolio is

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

limited to United States Government obligations and repurchase agreements fully collateralized by such United States Government obligations.

- G.) Repurchase agreements with any primary brokers/dealers that are fully collateralized by direct obligations of United States, or United States government sponsored corporation/ instrumentalities, or United States government agencies.
- H.) Bonds, notes or obligations of any state of the United States, any municipality, political subdivision, agency or authority of this state which are exempt from federal income taxation, and are rated by any nationally recognized rating agency for municipal bonds in any of the two highest classifications.
- I.) SEC - registered, no-load money market mutual funds whose portfolios consist of tax exempt securities and repurchase agreements, whose shares of the mutual fund must be rated in the highest category by a nationally recognized rating service.
- J.) Florida Local Government Investment Trust (FLGIT).
- K.) SEC registered money market mutual funds with average portfolio maturities under 120 days, whose portfolios consist of United States Government securities and repurchase agreements secured by such securities.

The Board's Policy requires that collateral for overnight and term repurchase agreements must maintain a minimum price of 101 percent on U.S. Treasuries and 102 percent on Agencies and Instrumentalities not to exceed five (5) years, and must be "marked to market" on a weekly basis. The Board's Policy also requires that the obligations of any state or municipality be rated by at least one of the nationally recognized rating agencies in any one of the two (2) highest classifications, and that investments in money market mutual funds must be rated in the highest category by a nationally

recognized rating service. All credit ratings indicated in the above table are Standard & Poor's (S&P) ratings.

The Clerk does not have a formal written investment policy and thereby is required to follow Section 218.415, *Florida Statutes*, when investing surplus funds. This statute limits investing of surplus funds to the Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency, interest-bearing time deposits or savings accounts in qualified public depositories, or direct obligations of the U.S. Treasury. All other Constitutional Officers, except the Clerk, follow the guidance in Section 219.075, *Florida Statutes*, regarding the deposit of funds and the investment of surplus funds, in addition to Section 218.415, *Florida Statutes*.

There is no formal written policy for the other postemployment benefit trust portfolio. The County adopted an ordinance allowing the trust assets to be invested in the same investments allowed by the Florida Retirement System as described in Chapter 215, *Florida Statutes*.

#### *Custodial Credit Risk*

The Board's Policy requires that bank deposits be secured as provided by Chapter 280, *Florida Statutes*, and that the banks must be fully insured by the Federal Deposit Insurance Corporation (FDIC) or the Federal Savings and Loan Insurance Corporation (FSLIC) and approved by the State Treasurer as a public depository. At September 30, 2016, all of the County's bank deposits, including the Constitutional Officers', were in qualified public depositories.

The Board's Policy requires execution of a third-party custodial safekeeping agreement for all purchased securities and collateral, and requires that they be held in the County's name.

Lee County, Florida  
 NOTES TO THE FINANCIAL STATEMENTS  
 September 30, 2016

*Interest Rate Risk*

The Board's Policy requires an average minimum dollar amount equivalent to eight weeks of expenditures shall be held in a liquid investment, and securities will not be directly invested in or accepted as collateral that have a maturity date greater than five (5) years from the settlement date.

*Concentration of Credit Risk*

The Board's Policy establishes limitations on portfolio composition in order to control concentration of credit risk. The Board's Policy allows 100 percent of the portfolio to be invested in United States Treasuries/Agencies, 50 percent to be invested in Local Government Surplus Funds, 20 percent to be invested in repurchase agreements, 65

percent to be invested in money market mutual funds (no individual fund family can exceed 30 percent of the overall portfolio), 30 percent to be invested in Certificate of Deposits, and 5 percent to be invested in FLGIT. No more than 25 percent of the total portfolio can be invested with one investment company.

The portion of the County's portfolio invested in Federal instrumentalities is detailed as follows, at September 30, 2016:

**NOTE VII. OTHER POSTEMPLOYMENT BENEFITS**

The County maintains two single-employer, defined benefit other postemployment benefit plans ("OPEB"), the Group Health Program for Lee County, and the Lee County Sheriff Health Care Plan.

*Plan Description*

*Group Health Program for Lee County*

The Group Health Program for Lee County ("GHPLC") provides medical, dental, vision and life insurance benefits (OPEB benefits) to eligible County retirees (hire date prior to January 1, 2008) and their spouses. All the Constitutional Officers, except the Lee County Sheriff, participate in GHPLC. At October 1, 2016, the date of the latest actuarial valuation, plan participation consisted of 3,524 current active plan members, 823 retirees and 304 eligible dependents receiving postemployment health care benefits. All retirees and their dependents are eligible to use the active employee self-funded insurance plan that is administered by Aetna. In addition, Medicare eligible retirees and their Medicare eligible dependents may enroll in the Medicare Advantage Plan ("MAP"), a fully funded insurance plan administered by United Healthcare. The Board has the authority to establish and amend the benefit provisions of the plan in accordance with Chapter 112.08, *Florida Statutes*.

*Lee County Sheriff Health Care Plan*

The Lee County Sheriff's Office ("LCSO") operates a separate health care plan. Lee County Sheriff Health Care Plan ("LCSHCP") offers health, dental, and vision coverage to eligible LCSO retirees (hire date prior to January 1, 2008) and their spouses. At July 1, 2014, the date of the latest actuarial valuation, plan participation consisted of 1486 active members and 325 retirees. The plan also allows retirees the option to continue to participate in the LCSHCP life insurance policy. The life insurance is only available to the retiree, and has a face value of \$5,000. The LCSHCP is a single-employer plan and is administered by Self Insured Benefit Administrator. Authority to establish and amend the benefit

provisions of the plan is in accordance with Chapter 112.08, *Florida Statutes*.

A publicly available financial report that includes financial statements and required supplementary information is not available for either plan.

*Funding Policy*

*Group Health Program for Lee County*

The contribution requirements of the plan members are established and may be amended by the Board and the Constitutional Officers. The County subsidizes medical premiums for the MAP and self-insurance plan at 60 percent, and 50 percent, respectively. A \$96 discount is applied for plan members enrolled in Medicare Part B for the self-insurance plan. No discount is offered for MAP. However, this policy was modified on January 1, 2008; therefore, the Board does not currently subsidize any portion of the medical or Medicare premiums for the employees hired after that date. The Clerk of Circuit Court does not subsidize any contribution rates. Vision and dental insurance are offered to retirees; however, they are not subsidized by the County. The plan also allows retirees the option to continue to participate in the GHPLC life insurance policy. The life insurance is only available to the retiree, and has a face value of \$5,000. The table listed below summarizes the retirees' monthly contribution rates for 2016.

An irrevocable trust was established with ICMA-RC with a contribution of \$42,594,000 in December 2008; however, no formal plan has been established for future contributions to the trust. Distributions of \$7,081,000 were made from the trust fund for the employer's portion of the insurance premiums for the County and the LCSO in FY16. The balance in the trust fund on September 30, 2016, was \$15,996,000.

*Lee County Sheriff Health Care Plan*

Chapter 74.522, *Laws of Florida*, as amended by Chapter 99.434, and 2003.329, *Laws of Florida*, establishes the contribution requirements of the plan members. The current published monthly rates for retiree Health Care coverage are \$717 for single and \$634 for family. An \$80 discount is applied for plan members enrolled in Medicare Part B. The LCSO subsidizes a percentage of the monthly major medical and hospitalization insurance based on the number of years of service credited to the Florida Retirement System ("FRS") before retirement. Vision and dental insurance are offered to retirees; however, they are not subsidized by LCSO.

The table below shows the contribution percentages for the corresponding years of service.

Percent of the Total Contribution Rates Paid by Retiree		
Eligible Service Credit at Retirement or Termination	Retiree	Dependent
More than 10 years but less than 15 years	100%	100%

17 years	15%	100%
18 years	10%	100%
19 years	5%	100%
20 years or more	0%	50%

The retiree contribution rate for the life insurance policy is \$0.90 per month. The plan is funded on a pay-as-you-go basis.

*Annual OPEB Cost and Net OPEB Obligation*

The annual OPEB cost (expense) is calculated based on the Annual Required Contribution ("ARC") of the employer, an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over 30 years. The current ARC rate as a percentage of annual covered payroll is 19 percent and 29 percent for GHPLC and LCSHCP, respectively.

The following table shows the components of the County and Sheriff's OPEB cost for the year, the estimated contributions to the plan per the actuary report, and the changes in the net OPEB obligation.

	GHPLC	LCSHCP
Annual Required Contribution	\$31,363,000	\$21,342,000
Interest on net OPEB Obligation	7,837,000	4,856,000

Net OPEB obligation -end of year	<u>\$185,688,000</u>	<u>\$136,443,000</u>

The annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2016 and the two preceding years were as follows:

	Year Ended	Annual OPEB Cost	Percent of OPEB Cost Contributed	Net OPEB Obligation

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Significant methods and assumptions were as follows:

	GHPLC	LCSHCP

*Actuarial Methods and Assumptions*

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit cost between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

NOTE VIII. RETIREMENT PLANS

*Defined Benefit Pension Plans*

*Background*

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

All regular County employees are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site ([www.dms.myflorida.com](http://www.dms.myflorida.com)).

The County's pension expenses for both the FRS Pension Plan and HIS Plan for the year ended September 30, 2016 totaled \$48,370,000.

*Florida Retirement System Pension Plan (FRS Plan)*

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers Class* – Members who hold specified elective offices in local government.
- *Senior Management Service Class (SMSC)* – Members in senior management level positions.
- *Special Risk Class* – Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the

Lee County, Florida  
 NOTES TO THE FINANCIAL STATEMENTS

FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service:</u>	<u>% Value</u>
<b>Regular Class members initially enrolled before July 1, 2011</b>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement up to age 63 or up to 31 years of service	1.63
Retirement up to age 64 or up to 32 years of service	1.65
Retirement up to age 65 or up to 33 years of service	1.68
<b>Regular Class members initially enrolled on or after July 1, 2011</b>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement up to age 66 or up to 34 years of service	1.63
Retirement up to age 67 or up to 35 years of service	1.65
Retirement up to age 68 or up to 36 years of service	1.68
<b>Elected County Officers</b>	3.00
<b>Senior Management Service Class</b>	2.00
<b>Special Risk Regular</b>	
Service from December 1, 1970, through September 30, 1974	2.00
Service on and after October 1, 1974	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions

The Florida Legislature establishes contribution rates for participating employers and employees. Effective July 1, 2011, all FRS Plan members (except those in DROP) are required to make 3 percent employee contributions on a pretax basis. The contribution rates attributable to the County, effective July 1, 2015, were applied to employee salaries as follows: regular employees 5.56 percent, county elected officials 40.57 percent, senior management 19.73 percent, and DROP participants 11.22 percent. The County's contributions to the FRS Plan were \$26,777,000 for the year ended September 30, 2016.

 NOTES TO THE FINANCIAL STATEMENTS

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2016, the County reported a liability of \$263,144,000 for its proportionate share of the FRS Plan's net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The County's proportion of the net pension liability was based on the County's contributions received by FRS during the measurement period for employer payroll paid dates from July 1, 2015, through June 30, 2016, relative to the total employer contributions received from all of FRS's participating employers. At June 30, 2016, the County's proportion was 1.0422 percent, which was an increase of 0.0738 percent from its proportion measured as of June 30, 2015.

For the year ended September 30, 2016, the County recognized pension expense of \$39,879,000 for its proportionate share of FRS's pension expense.

In addition, the County reported its proportionate share of FRS's deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ 20,148,000	\$ 2,450,000

Actuarial Assumptions

The total pension liability in the July, 1 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 %, per year
Salary increases	3.25 %, average
Investment rate of return	7.60 %

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation, as outlined in the FRS Plan's investment policy, and best estimates of arithmetic

and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric)	Standard Deviation
Cash	1.0%	3.0%	3.0%	1.7%
Fixed Income	18.0%	4.7%	4.6%	4.6%

Strategic Investments	12.0%	6.1%	5.6%	11.1%
Totals	100%			
Assumed Inflation - Mean			2.6%	1.9%

Discount Rate

The discount rate used to measure the total pension liability was 7.60 percent for the FRS Plan. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability for the FRS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	1% Decrease	Current Discount Rate	1% Increase in Discount Rate
FRS Plan Discount Rate	6.60%	7.60%	8.60%
County's Proportionate Share of the FRS Plan Net Pension Liability	\$ 484,466,000	\$ 263,144,000	\$ 78,923,000

Pension Plan Fiduciary Net Position

Detailed information about the FRS Plan's fiduciary's net position is available in a separately-issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report. Retiree Health Insurance Subsidy Program (HIS Plan)

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2016, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS

members. For the fiscal year ended June 30, 2016, the contribution rate was 1.66 percent of payroll pursuant to section 112.363, Florida Statutes. The County contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled. The County's contributions to the HIS Plan were \$4,363,000 for the year ended September 30, 2016.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2016, the County reported a liability of \$97,989,000 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The County's proportion of the net pension liability was based on the County's contributions received during the measurement period for employer payroll paid dates from July 1, 2015, through June 30, 2016, relative to the total employer contributions received from all participating employers. At June 30, 2016, the County's proportion was 0.8408 percent, which was an increase of 0.0305 percent from its proportion measured as of June 30, 2015.

For the year ended September 30, 2016, the County recognized pension expense of \$8,491,000 for its proportionate share of HIS's pension expense. In addition, the County reported its proportionate share of HIS's deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ -	\$ 223,000
Changes in Actuarial Assumptions	15,377,000	-
Net Difference Between Projected and Actual Earnings on HIS Program Investments	50,000	-
Changes in Proportion and Differences Between County Contributions and Proportionate Share of Contributions	2,932,000	666,000
County Contributions Subsequent to the Measurement Date	1,083,000	-
<b>Total</b>	<b>\$ 19,442,000</b>	<b>\$ 889,000</b>

Deferred outflows of resources related to pensions included \$1,083,000 resulting from contributions subsequent to the measurement date. This amount will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended September 30:	
2017	\$3,072,000
2018	3,072,000
2019	3,063,000
2020	3,058,000
2021	2,733,000
Thereafter	2,472,000

Actuarial Assumptions

The total pension liability in the July 1, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 %, per year
Salary increases	3.25 %, avg with inflation
Municipal Bond Rate	2.85 %

Lee County, Florida

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

Discount Rate

The discount rate used to measure the total pension liability was 2.85 percent for the HIS Plan. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability for the HIS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	1% Decrease	Current Discount Rate	1% Increase in Discount Rate
HIS Plan Discount Rate	1.85%	2.85%	3.85%
County's Proportionate Share of the HIS Plan Net Pension Liability	\$ 112,415,000	\$ 97,989,000	\$ 86,015,000

Pension Plan Fiduciary Net Position

Detailed information about the HIS Plan's fiduciary's net position is available in a separately-issued FRS Pension Plan and Other State-

Administered Systems Comprehensive Annual Financial Report. That report may be obtained through the Florida Department of Management Services website: <http://www.dms.myflorida.com>.

*Defined Contribution Plan*

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is

Lee County, Florida  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2016

transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2016, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County's Investment Plan pension expense totaled \$2,167,000 for the year ended September 30, 2016.

## NOTE IX. OTHER INFORMATION

### *Risk Management*

The County is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. After September 30, 1989, and prior to October 1, 1987, the Board established a Self-Insured Retention (SIR)

program (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the SIR provides coverage in the areas mentioned below. The County purchases commercial insurance for claims in excess of coverage provided by the fund and for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. As a result, there was no reduction in insurance coverage.

The County remains liable for open claims asserted prior to October 1, 1987, and after September 30, 1989, covered under the existing self-insurance program, limited to the established annual loss fund limits for unasserted claims for a period, generally four years after date of occurrence. Claims that are filed or settled after the end of the fiscal year of occurrence are charged to, and accumulated within, the year of occurrence. Consequently, the County's total liability within any one year is limited to the annual loss fund limits.

From October 1, 1987, to September 30, 1989, the County was a member of the Southwest Florida Intergovernmental Risk Management Association (SFIRMA), a local government liability risk pool. SFIRMA administered insurance activities similar to those provided by the Board's SIR program. SFIRMA absorbed losses up to a specific amount annually and purchased excess and other specific coverages from third-party carriers.

The County remains liable for estimated additional assessments of \$23,200 arising from its years of membership in SFIRMA, which has changed its name to Public Risk Management of Florida.

Additionally, the Board and the Sheriff maintain self-insurance internal service funds to administer insurance activities relating to countywide employee group health and dental programs. The County absorbs losses related to these programs up to aggregate annual loss fund limits. Excess and other specific coverages are purchased from third-party carriers. Funding for these programs is generated

by charges to the operating departments based on management's annual estimates of claim loss funding and administration/operating costs.

calculated by the third-party self-insurance program's underwriters and actuaries, based on industry standards. These liabilities are subject to adjustments in future years, which would be recorded as claim expenses when they are estimated.

At September 30, 2016, the County had recorded liabilities equal to the amounts reflected as reserved and unasserted claims. These amounts were

The County's and Sheriff's SIR programs and excess insurance provides coverage for all the County and Sheriff departments' exposure. Funding for the SIR is generated by charges to the operating departments based on management's annual estimates of claim loss funding and administration/operating costs. Changes in the County and Sheriff funds' claims liability for the years ended September 30, 2016 and 2015, were as follows (dollars in thousands):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance at Year- End
<i>Self-Insurance Group Health and Dental:</i>				
2016	\$9,411	\$87,748	(\$86,873)	\$10,286
2015	8,536	82,584	(81,709)	9,411
<i>Self-Insurance General Liability:</i>				
2016	\$12,402	\$4,295	(\$3,591)	\$13,106
2015	11,286	6,360	(5,244)	12,402

**Landfill Closure and Postclosure Liability**

The Florida Department of Environmental Protection (FDEP) requires the County to place a final cover on its landfill cells when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although most closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a small portion of these closure and postclosure care costs as an operating expense based on certain minor closure activities that have occurred as of the balance sheet date. The amount reported as landfill closure and postclosure care liability in the fund statements, \$13,893,000, represents the cumulative portion of total estimated closure and postclosure care as of September 30, 2016, based on the use of 36 percent of the capacity of the 99 acre active disposal areas at the landfill. The total estimated cost for closure and postclosure care for the landfill at September 30, 2016, was \$37,487,000. The County will recognize the remaining estimated cost of closure and postclosure

care of \$23,594,000 as the remaining estimated capacity is filled. The County will recalculate its liability annually; the liability amount is based on what it presently would cost to perform all closure and postclosure care at September 30, 2016. The Class I - MSW landfill facility configuration, as currently planned, is expected to provide approximately 19 more years of disposal capacity for Lee and Hendry Counties. Actual costs may be higher due to inflation, or changes in regulations. The County is required by FDEP to annually calculate closure and postclosure costs, and to provide proof of its capacity to fund closure costs. The County is in compliance with these requirements, and at September 30, 2016, cash and investments of \$11,063,000 are held for these purposes. These are reported as restricted assets on the balance sheet.

**Commitments and Contingencies**

The County is currently receiving, and has received in the past, grants that are subject to special compliance audits by the grantor agency that may result in disallowed expense amounts. These

Lee County, Florida  
 NOTES TO THE FINANCIAL STATEMENTS  
 September 30, 2016

amounts constitute a contingent liability of the County. The County does not believe any contingent liabilities to be material.

The County currently prepares rebate calculations on all debt subject to arbitrage per the United States department of the Treasury Regulations, Section 1.148, and the Internal Revenue Service Code of 1986. Rebates, if any, are paid to the Internal Revenue Service every fifth year after the year of issuance and a final computation is completed when paid in full. Within the five-year period, any positive arbitrage (liability) can be offset by any negative arbitrage (non-liability). These rebates constitute a contingent liability of the County. The County does not believe any contingent liabilities to be material.

The Sheriff has agreements with a corporation for the provision of inmate medical services and food services at its corrections and detention facilities. The contracts are paid 100 percent by the Sheriff through its annual budget. The food services are based on a cost per meal per inmate basis, and the future contract commitment is estimated at approximately \$2,800,000 per year based on the results of the current year. No liability is recorded in the fund statements, as any future commitment will be budgeted and paid from the subsequent year's budget. The minimum payment requirements for inmate medical services are as follows:

	<u>Amount</u>
Year ending September 30, 2016:	\$6,813,000

For the year ended September 30, 2016, the Sheriff paid \$10,445,000 for inmate medical services and \$2,817,000 for food services at its detention facilities.

The Sheriff has an agreement with a corporation to arrange for medical staff, including doctors, to be located at a site (clinic) designated by the Sheriff to provide medical services to the employees, dependents and retirees of the Sheriff. The agreement had an initial one (1) year term ending November 2012 but is cancellable with ninety (90) day written notice. The agreement automatically renews unless cancelled in writing. No liability is recorded in the fund statements, as any future commitment will be budgeted and paid from the subsequent year's budget.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded as reservations of budget, is employed as an extension of the statutory required budgetary process. Although encumbrances lapse at fiscal year-end it is the County's intention to substantially honor these encumbrances under authority provided in the subsequent year's budget. Encumbrances outstanding at September 30, 2016, are as follows:

	<u>Amount</u>
General Fund	\$ 5,622,000
Other Governmental Funds	39,016,000

### *Litigation*

The County is a defendant in various civil lawsuits in both state and federal courts on a variety of issues. The County is not in a position at this time to predict the outcome of the lawsuits or the exact amount of costs and/or potential recovery. The County plans to contest these matters unless settled. The County believes the outcome of these lawsuits will not have a material effect on the financial statements.

The County received 19 notices of claim under the Bert J. Harris Act, totaling \$43.7 million in connection with Lee County's adoption of new Federal Flood Insurance Rate Maps. To date, six lawsuits for inverse condemnation and Bert Harris Act claims have been filed. The County intends on vigorously defending these claims.

Dean Wish, LLC served a Bert Harris Act complaint to Lee County in January 2017. The notice of claim in the amount of \$14,865,300 is in connection with Lee County's denial to approve the owner's application to administratively increase density of its property. The County intends to vigorously defend the claim.

An inverse condemnation claim was filed by Estero Group, LTD as a result of a denial of rezoning permit for dirt mining activities near residential developments. Discovery is continuing and Lee County intends on defending the action. The plaintiff alleges damages in the amount of \$10.5 million. The case has been set on a non-jury trial docket beginning May 1, 2017.

An employment law case was filed by a former Economic Development employee alleging the County violated the First Amendment, RICP Act, Fair Labor Standards Act (FLSA), and Florida Public Whistleblower's Act, when the employee was terminated. Plaintiff alleged damages in the amount of \$6 million. Lee County was granted summary judgment on all counts. Plaintiff has appealed the summary judgment to the eleventh Circuit Court of Appeal, which reversed summary judgment related to the FLSA and Whistleblower claims. Lee County has petitioned the court for an en banc rehearing, which is still pending before the Eleventh Circuit Court of Appeal.

An employment law case was filed by three former Economic Development employees alleging the County violated the Age Discrimination in Employment Act, Americans with Disabilities Act, and the Florida Whistleblower Act when they were terminated. Lee County's motion for a summary judgment was granted on all accounts except the Florida Whistleblower's Act. A jury trial was held in March 2016 and the jury awarded Plaintiffs damages of \$1.265 million. The Court entered an amended judgement of \$650,000 on July 6, 2016. The County has appealed the final judgment to the Eleventh Circuit Court of Appeal where the case is currently pending. A liability has been recorded in the Self - Insurance General Liability fund at September 30, 2016.

On April 29, 2016 Lee County initiated condemnation against Nora B. Flint to condemn a parcel 201, a fee simple interest as part of the Homestead Road widening project. A stipulated order of taking was entered by the Court on July 21, 2016 and Lee County took title to the initial acquisition area. Due to the proximity of the acquisition area to Flint's home, a settlement agreement for the entire parcel was negotiated in the amount of \$301,000, for the property, inclusive of all fees and costs. A liability has been recorded in the Road Impact Fee Construction fund at September 30, 2016.

### *Subsequent Events*

On October 18, 2016, the Board approved a 15-year State Revolving Fund Loan in the amount of \$17,637,000 to fund the Utilities Advanced Metering Information (AMI) System. Debt service payments are not anticipated to begin until fiscal year 2019.
