Executive Summary

Fiscal Year 2018-19 Highlights

The Department of Management Services (DMS), through the Office of Supplier Diversity (OSD), assists eligible Florida-based woman-, veteran-, and minority- owned small businesses in obtaining their certifications and educates them on state government contracting opportunities. During Fiscal Year 2018-19, OSD expanded educational and outreach efforts to support certified firms, increased overall certifications, and aligned resources to work alongside and support sister agencies as they seek to diversify their spending activities.

Fiscal Year 2018-19 successes include:

- **Certified 906 new firms** as woman-, veteran-, and/or minority-owned businesses. This represents a 10 percent increase in total new certifications since Fiscal Year 2017-18.
- **Reached a total of 5,615 certified firms** in Florida. This represents a 12 percent increase in total certified firms since Fiscal Year 2017-18.
- **Increased state agency utilization of certified businesses** by 28 percent since Fiscal Year 2017-18.
- **Attracted 687 attendees** to OSD Supplier Diversity Exchange regional events.
- **Partnered with MyFloridaMarketPlace to publish a new video resource on YouTube** to help customers understand the OSD certification process and how businesses can benefit from being certified.

The following pages of this report include expanded details related to these successes and provide insight as to how OSD continues to prove itself as a valuable resource for Florida's small businesses.

Office of Supplier Diversity Overview

About the Office of Supplier Diversity

OSD is the specialized team within the Division of State Purchasing at DMS that serves as a resource for small businesses. Specifically, OSD manages the certification program for Florida-based woman-, veteran-, and minority-owned businesses. By providing education, outreach, and marketing efforts, OSD helps improve business opportunities for small businesses through the following activities:

- Assisting small business owners with applicable state certification and recertification;
- Targeting outreach and communications of opportunities specific to unique commodity listings;
- Advocating for the utilization of certified woman-, veteran-, and minority-owned businesses with state, local, and private industries;
- Planning, hosting, and supporting Florida networking and business exchange events geared toward woman-, veteran-, and minority- business owners;
- Providing educational information to state government procurement professionals to help increase the use of small businesses in state and local government procurement contracts; and
- Promoting procurement opportunities across a variety of industries.

To become a certified woman-, veteran-, or minority-owned business, the following requirements must be met:

- Be engaged in commercial transactions;
- Be domiciled in Florida;
- Be 51-percent owned, managed, and controlled by an African-American, Hispanic-American, Asian-American, Native-American, woman, or veteran who is a permanent resident of Florida and a United States citizen or permanent resident alien; and
- Be a small business that is independently owned and operated, with a net worth of no more than \$5 million and that employs fewer than 200 full-time permanent employees.

Certification benefits include:

- First-tier referrals to state agencies and other public/private entities for purchase order and contract opportunities;
- Exclusive listing of state-certified woman-, veteran-, or minority-owned business in an online directory;
- Direct messaging from state agencies and other organizations about procurement opportunities;
- Participation and networking at regional events; and
- Mentor-protégé opportunities for business development and guidance from established corporations.

Supplier Diversity Exchanges

During Fiscal Year 2018-19, OSD continued to help small businesses learn, network, and grow through its signature event, the Supplier Diversity Exchange. At its core, the Supplier Diversity Exchange is a networking-style event that allows small businesses to meet directly with local, federal, and state buyers. Each regional event has its own unique characteristics, supplying local vendors with a wide range of knowledge and opportunities through trainings, presentations, open Q&A discussions, one-on-one scheduled appointments, reverse trade shows, and much more. Below is a summary of each Fiscal Year 2018-19 event:

The **Orlando Supplier Diversity Exchange** was held on July 31, 2018, at the University of Central Florida (UCF) campus, in collaboration with UCF Procurement. Thirty-two governmental entities and professional organizations participated in the event, and a total of 143 individuals attended. In a post-event survey, 89 percent of attendees strongly agreed or agreed that participating in the event was beneficial.

Networking in action! Small businesses marketed their goods and services to government buyers during one-on-one interviews at the Orlando Supplier Diversity Exchange.

The **Broward Supplier Diversity Day** was held on August 23, 2018, at the Broward College North Campus Omni Auditorium, in collaboration with Broward College. Thirty governmental entities and professional organizations participated in the event, and a total of 218 individuals attended. In a post-event survey, 85 percent of attendees strongly agreed or agreed that participating in the event was beneficial.

During the Broward Supplier Diversity Day, small businesses participated in a reverse tradeshow style networking opportunity. Business owners walked from table to table to meet directly with state and local organizations.

The **Tallahassee Supplier Diversity Exchange** was held on October 30, 2018, at the Department of Revenue, in collaboration with Big Bend Minority Enterprise Development (MED) Week. Thirty-one governmental entities and professional organizations participated in the event, and a total of 81 individuals attended. The event was rescheduled due to Hurricane Michael, and as a result, attendance was lower compared to previous years. In a post-event survey, 91 percent of attendees strongly agreed or agreed that participating in the event was beneficial.

Jane Dowgwilllo, Statewide Program Manager, Procurement Technical Assistance Center (PTAC), spoke to Tallahassee Supplier Diversity Exchange attendees about how their business can benefit from SBDC's federal resources.

The **Pensacola Supplier Diversity Exchange** was held on February 5, 2019, at the City of Pensacola’s Sanders Beach-Corinne Jones Resource Center, in collaboration with the City of Pensacola and the Gulf Coast Minority Chamber of Commerce. Twenty-eight governmental entities and professional organizations participated in the event, and a total of 122 individuals attended. In a post-event survey, 89 percent of attendees strongly agreed or agreed that participating in the event was beneficial.

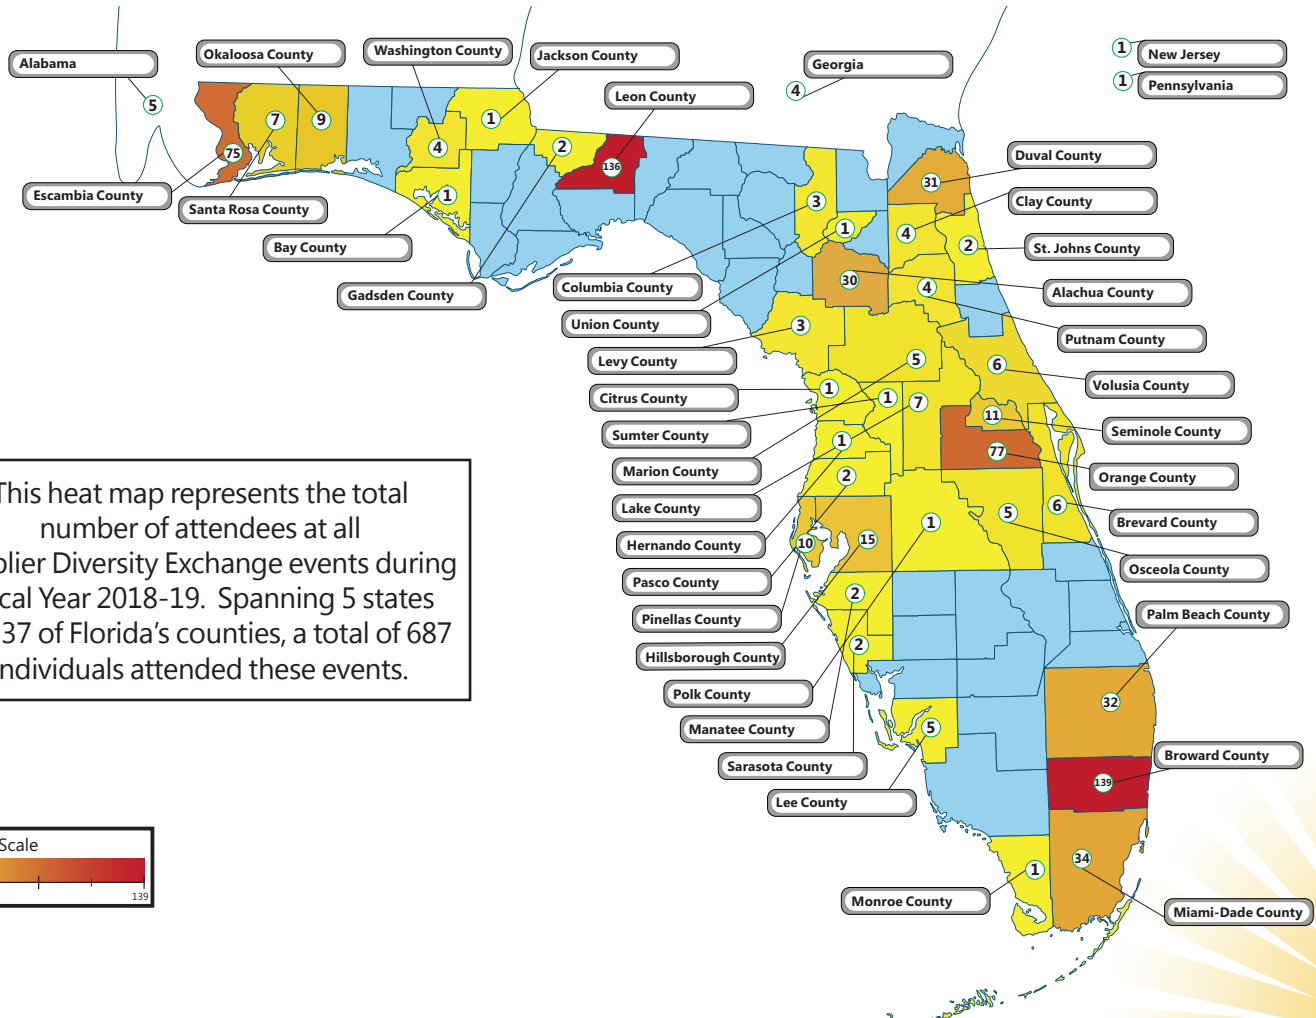

Together, representatives from OSD, MyFloridaMarketPlace, the City of Pensacola, and the Gulf Coast Minority Chamber of Commerce organized and executed the Pensacola Supplier Diversity Exchange. Pictured left to right: Robert Major, Devon Richardson, Jillian Green, Donna Williams, Brian Wyer, Judson Freeman, and Hosea Godwin.

The **Gainesville Supplier Diversity Exchange** was held on March 1, 2019, at the University of Florida’s (UF) Reitz Union, in collaboration with UF’s Small Business & Vendor Diversity Relations Division. Twenty-seven governmental entities and professional organizations participated in the event, and a total of 123 individuals attended. In a post-event survey, 96 percent of attendees strongly agreed or agreed that participating in the event was beneficial.

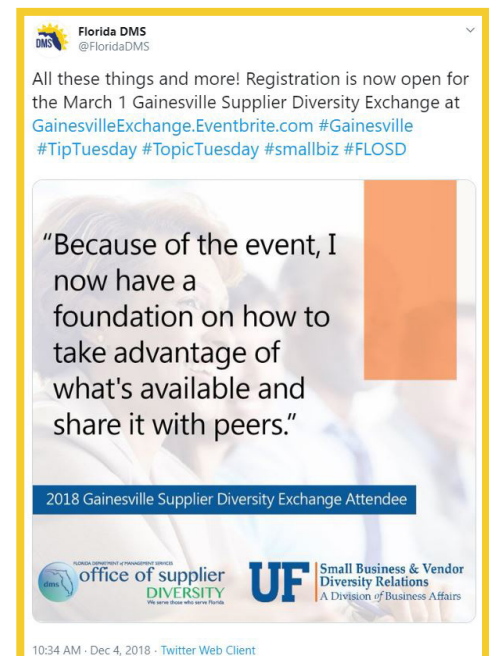

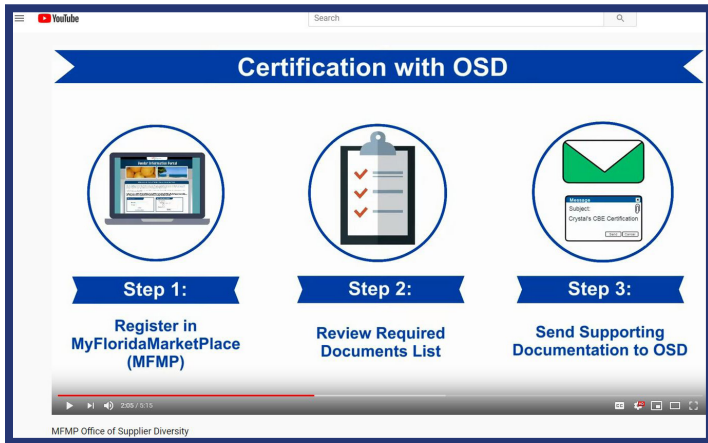

Gainesville Supplier Diversity Exchange attendees exchanged questions and answers on best practices with the event’s panel of experts composed of government representatives and small business owners.

Social Media Efforts

Ensuring comprehensive outreach efforts, OSD continued to utilize social media channels to reach business owners. Messages on Twitter, Facebook, and LinkedIn promoted OSD events, the Mentor-Protégé program, and certification benefits. OSD also participated in Twitter chats with the Small Business Administration.

In partnership with MyFloridaMarketPlace, a new YouTube video was created to help customers understand the OSD certification process, steps to certification, and benefits of certification. The video is also posted on OSD's website to help guide business owners through the process.

State of Florida Agency Expenditures FY 2018-19 Data

Agency Compliance for Business Participation Plans

Section 287.09451 (6), Florida Statutes, annually requires all state agencies to submit Business Participation Plans to OSD. Each plan includes the organization's strategy for increasing diversity in the organization's purchasing and contracting opportunities, as well as the previous fiscal year's spending with woman-, veteran-, and minority-owned CBEs. Plans must also include a statement and assessment of good faith efforts taken by each state agency and a status report of agency compliance with subsection (6). Fiscal Year 2019-20 plans from the following agencies were submitted and approved by OSD:

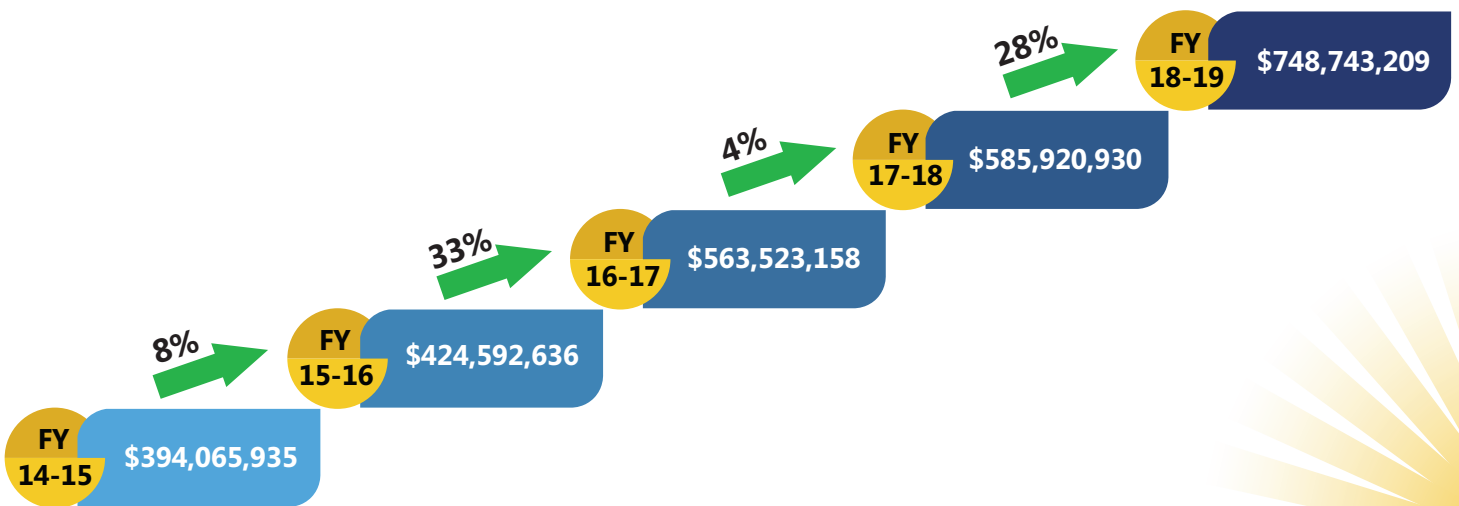

Agency for Health Care Administration	Department of Juvenile Justice
Agency for Persons with Disabilities	Department of Law Enforcement
Department of Agriculture and Consumer Services	Department of Legal Affairs
Department of Business and Professional Regulation	Department of Management Services
Department of Children and Families	Department of Military Affairs
Department of Citrus	Department of Revenue
Department of Corrections	Department of State
Department of Economic Opportunity	Department of Transportation
Department of Education	Department of Veterans' Affairs
Department of Elder Affairs	Division of Administrative Hearings
Department of Environmental Protection	Executive Office of the Governor
Department of Financial Services	Fish and Wildlife Conservation Commission
Department of Health	Florida Lottery
Department of Highway Safety and Motor Vehicles	

Data Calculation Fiscal Year 2018-19

Over the past several years, OSD has expanded its data calculations to include total agency spending with CBEs (in dollar amount and percentage) versus each agency's dedicated contract funds. This calculation excludes any agency transfers, grants, subsidies, or other pass-through payments (to other state agencies or recipients), as those expenditures do not represent active and deliberate contracting decisions on the part of the agency. This way of collecting data provides a more relevant representation of the state's expenditures with woman-, veteran-, and minority-owned small businesses.
