2) COPY OF THE CONTRACT BETWEEN THE TAMPA BAY
RAYS AND CHARLOTTE COUNTY

CONTRACT NAMED CHARLOTTE SPORTS PARK
AGREEMENT

Charlotte Sports Park Agreement

THIS AGREEMENT is made and entered into this 12th day of September 2006, by and between CHARLOTTE COUNTY, a political division of the state of Florida, 18500 Murdock Circle, Port Charlotte, Florida 33948-1094, hereinafter referred to as the "County", and the TAMPA BAY DEVIL RAYS, LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

WHEREAS the County and the Rays desire to enter into an agreement for the rehabilitation and use of the Charlotte Sports Park for the purpose for providing a public recreation amenity and hosting the Rays' spring training program.

NOW, THEREFORE, in consideration of the mutual covenants and obligations herein contained, it is mutually covenanted and agreed by and between the parties as follows:

1. Terms of Use

The Rays will engage in exclusive spring training in Charlotte County, Florida for a period of twenty (20) years, commencing with the 2009 major league spring training season. For the purpose of this agreement, the term "spring training" shall be deemed to include that period of time each year during the term of this Agreement which involves major and minor league spring training, exhibition games and extended spring training activities, rehabilitation and instructional league.

The County does hereby permit unto the Rays, its successors and assigns, the use of those certain premises located in Charlotte County, Florida, commonly known as the Charlotte Sports Park and related spring training and administrative facilities to be utilized pursuant hereto

The Rays shall schedule and make a good faith effort to play a minimum of twelve (12) home major league spring training exhibition games during each and every year during the term of this agreement. The Rays shall also make a reasonable effort to ensure that a minimum of three (3) of these games will be held at night.

2. Project Description

The County shall selectively demolish, construct, and/or renovate current stadium, clubhouse, office space, and related practice facilities and build and/or restore on such site for a cost of not more than \$27,188,920 (hereinafter described below as "the Project"):

- (a) An open-air, natural grass stadium meeting first-class Major League Baseball ("MLB") spring standards, with approximately 6,000 fixed seats (including premium seating) and outfield berm and other general admission areas accommodating up to 1,500 fans;

- (b) An approximately 40,000 sf major and minor league clubhouse facility (including administrative office space dedicated to the Rays' use), team store, and other elements of such stadium;
 - (c) One (1) full-size, grass major league practice field;
 - (d) One (1) grass half-field;
 - (e) Four (4) full-size minor league practice fields;
 - (f) On-site parking for approximately 1,500 vehicles plus player/staff/VIP parking for approximately 175 cars;
 - (g) Miscellaneous infrastructure and site improvements related to the creation of a spring training facility.
 - (h) Other elements as mutually agreed upon by the County and the Rays.
- The site and a preliminary concept plan for the Project are generally outlined in Attachment I.

3. **Project Capital Funding**

The "all-in" cost of the Project shall total \$27,188,920 dollars, the funding for which shall come by bonding against the following sources:

- (a) The State of Florida: monies made available to the County under Chapter 288.1162, Florida Statutes providing up to \$500,000 annually for 30 years towards the construction or rehabilitation of a spring training facility, as described in Schedule I;
- (b) Charlotte County: the proceeds from hotel tourist tax funds providing \$900,000 in the year of the execution of this Agreement and growing annually for 22 years (minus \$125,000 that shall be deducted in the year of initial occupancy and each year thereafter and placed in a maintenance and operations fund, as described below) and one-time time initial proceeds from hotel tourist tax funds providing \$450,000, as described in Schedule I
- (c) Tampa Bay Devil Rays: As consideration for its utilization of the facilities, and upon the Rays occupancy of the Project facilities, the Rays agree to pay the County \$595,190 in the year of initial occupancy with payments in successive years, as described in Schedule I.

Based on the financing sources enumerated above, County shall present the Rays a plan of project finance which includes irrevocable commitments and awarding of funds, pursuant to Chapter 288.1162, Florida Statutes, from the State of Florida, all of which, when combined with the obligations and undertakings elsewhere referenced herein, will provide sources of \$27,188,920 (which include architect fees, design fees and construction costs) which are to be irrevocably committed to the renovation of the baseball complex ("the Project Budget").

This financing plan shall be subject to approval of the Rays, which shall not be unreasonably withheld. The County and Rays shall have mutual approval of the design and renovation program for which the financing plan has been irrevocably committed. In the event either the financing plan or

the renovation plan fails to meet the approval of the Rays, the Rays may terminate this agreement upon 30 days' written notice to the County. After a financing plan and renovation plan have been mutually agreed upon, as set forth above, the cost of any change orders that result in a project cost in excess of \$27,188,920, in addition to being mutually agreed upon, shall be the responsibility of the Rays.

The County further agrees that its financing plan shall provide that if the cost of the Project is ultimately less than \$27,188,920 dollars, then the amount by which the cost of construction ("construction" also includes architect and design fees) is less than \$27,188,920 dollars shall be funded and placed in an asset renewal/reserve fund ("Capital Reserve Fund") to be spent on the facility subject to terms and conditions mutually agreed upon by the County and the Rays. Additionally, the County agrees that its financing plan shall provide for accumulated interest earnings on the bond amount during the project construction period ("Accumulated Construction Interest") to be placed in the same Capital Reserve Fund to be spent on the facility subject to the terms and conditions mutually agreed upon by the County and the Rays.

It is further acknowledged by both parties that the final cash proceeds from the financing plan ("Bond Proceeds") may result in an amount available for the renovation plan that is less than \$27,188,920 due to unknown variables such as the actual financing interest rate or impacts of the taxable status of any of the revenue sources as determined by bond council. In the event such Bond Proceeds are less than \$27,188,920, 50% of the "Accumulated Construction Interest" shall be used to fund initial construction of the Project up to a Project Budget of \$27,188,920. If, after 50% of the "Accumulated Construction Interest" is allocated to the Project Budget, the Project Budget is still less than \$27,188,920, the Rays shall have the right to terminate this agreement upon 30 days written notice to the County.

The parties hereto understand that it is the intention of the County to finance the Project by the issuance of its obligations. It is further the intent of the County that the interest on such obligations be excludable from gross income for federal income tax purposes, to the greatest extent possible pursuant to the provisions of the Internal Revenue Code. In furtherance thereof, the Rays agree that it will take all reasonable actions within its control which are necessary in order for the interest on such obligations be excludable from gross income for federal tax purposes.

The County agrees to submit an application to the Florida Sports Foundation for the State of Florida funding described above by October 1st, 2006. If the State of Florida, through the Florida Sports Foundation, fails to grant the County \$500,000 annually for the next 30 years to undertake the

construction, or if County does not accept such grant from the State and begin construction by July 1, 2007, either the Rays or the County may terminate this agreement upon written notice to the other party, without penalty or liability to either party.

4. Project Design and Construction

- (a) The County and the Rays shall have mutual approval rights of the final design and construction plans, the architect, contractor and all change orders. The design of the stadium shall be in accordance with current MLB standards. The County shall use its diligent, good faith efforts to perform, or cause to be performed, all construction work on the Project according to the approved construction plans on or before February 1, 2009. In the event possession of the Project is not delivered to the Rays on or before February 1, 2009, the County shall pay the Rays liquidated damages of \$2,200 per day for each day after February 1, 2009, until the Project facilities are occupied by the Rays.

County shall not be assessed liquidated damages in the event the Project is delayed due to damage to, or destruction of, the Project due to hurricane, fire, Acts of God or other casualty; however, in the event such an event causes a delay to the Project such that it is not ready for occupancy by August 1, 2010, the Rays shall have the right to terminate this agreement upon thirty (30) days notice to the County.

- (b) The Rays shall have access to the construction project during all normal construction hours and shall receive reasonable notice of and have the right to attend and participate in all meetings between the County and its architect and contractors performing the work on the Project. After a financing plan and renovation plan have been mutually agreed upon, as set forth above, the Rays shall have the right to request the County to make changes to the Project, the construction plans and schedule of completion, and will by obligation pay any cost associated with these changes, provided the cost of such changes cause the cost of the stadium renovations to exceed \$27,188,920. County shall not owe the Rays liquidated damages, nor suffer any penalty or liability whatsoever, in the event the Project cannot be delivered to the Rays by February 1, 2009, due to delays caused by changes to the Project requested by the Rays.
- (c) The parties agree to observe the requirements of the Consultants Competitive Negotiation Act, and all other applicable federal, state

and local laws, and engage architectural, engineering, and construction services necessary to design and build the Project.

- (d) The Rays acknowledge that the County has a three year agreement with the South Coast Independent League (the "League") beginning in 2007 and ending in 2009 for the use of the existing Stadium. The Rays agree that the League is entitled to the use of the Stadium pursuant to its agreement with the County and the parties agree to cooperate in coordinating the construction schedule of the Project to accommodate the League's use of the Stadium so long as it doesn't impede the progress of the Project or the Rays use of the Project or Project site, as described in Item 5 below. County agrees to fully enforce its agreement with the League in regard to its conduct and use of the Project facilities.
- (e) For the duration of this agreement, the parties shall have mutual approval rights over any change to the Project site that results in means of pedestrian access to the Project site being created, eliminated, or altered.

5. Rays Rights-of-Use to Project

Upon completion of construction, the Rays shall retain the following rights to use the Project facilities:

- (a) Each day from February 10th through April 3rd of each calendar year ("Spring Training"). The Rays shall have primary use of the stadium, new clubhouses, administrative office space dedicated to the Rays' use, team store, practice fields, and other associated training facilities (batting cages, gang mounds, etc.). During this time, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;
- (b) Each day from April 4th through July 1st ("Extended Spring Training"): The Rays shall have primary use of the new clubhouses, team store, administrative office space dedicated to the Rays' use, the one (1) full-size, grass major league practice field, two (2) minor league practice fields, and other associated training facilities (batting cages, gang mounds, etc.). During these times, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;
- (c) Before 2pm each day from September 1st through October 31st of each calendar year ("Instructional League"): The Rays shall have primary use of the new clubhouses, team store, administrative office space dedicated to the Rays' use, the one (1) full-size, grass major league practice field, two (2) minor league practice fields, and other

associated training facilities (batting cages, gang mounds, etc.). During these times, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;

- (d) At all other times, the Rays shall maintain sole use of the major league clubhouse, administrative office space dedicated to the Rays' use, team store, and the one (1) full-size, grass major league practice field. In addition, the Rays shall retain the right to restrict access to associated training facilities (batting cages, gang mounds, etc.), one (1) minor league practice field, and the minor league clubhouse if they are reasonably required for the Rays' use and upon three (3) weeks notice to the County. County and the Rays agree that a change in the timeline for "extended spring training" and/or the need for the Rays to locate a rookie league team at the Project site constitute a reasonable basis for such access restrictions;
- (e) The Rays and the County shall also make the Project facilities available for up to one week each year, the date to be mutually agreed upon by the parties, for a Devil Rays Fantasy Camp;
- (f) The Rays may use the facility for clinics, camps, and promotional or marketing events throughout the year, provided that three (3) weeks notice is provided to County and such use does not interfere with County's rights of use as described in Item 6 below.

If the Rays choose to locate a Florida State League ("FSL") team at the Project site, the Rays and the County agree to enter into an amendment to this Agreement to provide for the duties, rights, terms and responsibilities of the parties that will be occasioned by the location of said FSL team at the Project site. Notwithstanding the rights described in Item 6 below, County may not allow a minor league baseball franchise affiliated with any MLB team other than the Rays to play home games at the Project site without the express written consent of the Rays. Furthermore, the parties agree that they will not enter into any amendment to this Agreement if such amendment shall adversely affect the exclusion of interest on the County's obligations which financed the Project from gross income for federal income tax purposes.

The Rays shall have complete operating authority over those areas under its control during the use periods defined above, including, but not limited to, the right to manage ticket sales, concessions, merchandise sales, game-day parking, and all other stadium activities during spring training. The Rays will, at all times, make reasonable efforts to cooperate with others, including the County, in exercising its operating authority during its use periods.

The Rays shall make best efforts to furnish the County with its spring training exhibition game schedule and extended spring training time frame use requirements no later than December 1st of the year prior to the next February opening of spring training activities by the Rays.

During the use periods defined above, the Rays may stage non-baseball related events or activities with the express written consent of the County, such consent not to be unreasonably withheld.

The County and the Rays further agree that the Rays may transfer its right to use of certain Project facilities described above to an affiliated entity or subsidiary of the Rays.

6. County Rights-of-Use to Project

Subject to the Rays' rights of use described above, at all other times, the County shall have the right (and is encouraged by the Rays) to use the facility for concerts, plays, sporting events and tournaments or other revenue-producing or civically-oriented events (collectively defined as non-major league baseball-affiliated events) provided that:

- (a) Such events do not damage the playing fields or cause unreasonable wear and tear to the structures;
- (b) Such events are not inconsistent with the image of Major League Baseball and the Rays;
- (c) Such events do not interfere with the Rays operations; and
- (d) Prominent signage is displayed promoting the Rays' affiliation with the Project during these events.

The County shall have responsibility for all costs associated with these events and shall be responsible for all liabilities arising from the County's use of the Project for non-major league baseball-affiliated events.

During the periods of its use of the facility, the County shall also have the right to display marketing signs in the concourse and stadium, provided that such signs are not in conflict with an exclusive Rays marketing partnership and that the cost of displaying such signs is borne by the County.

During the term of this Agreement, the County shall at all times be permitted to continue its present use of County buildings at the Project site for office space and operations.

7. Rays Rights to Project Revenues

The Rays and County agree that for the duration of this agreement, the Rays shall retain:

- (a) All revenues derived from spring training operations, including, but not limited to, all revenues from ticket sales, food/beverage concessions, pouring rights for sodas, water, and other beverages, merchandise and souvenirs, program sales, advertising and signage, luxury suites, and game day parking;
- (b) Exclusive rights to set the price for spring training exhibition game tickets, food/beverage concessions, merchandise and souvenirs, programs, game-day and spring training parking and all other stadium goods and services associated with spring training operations;
- (c) Exclusive rights to all scoreboards, outfield, and other stadium signage. Such rights shall include the right to control the design and layout of all advertising;
- (d) Subject to the approval of County, such approval not to be unreasonably withheld, the right to sell stadium naming rights. The County shall retain the first \$75,000 annually of said stadium naming rights and revenues (which shall grow 3% annually for the term of this Agreement) in a stadium maintenance and operations fund, as described in Schedule 2 and Item 9 below, with the balance of naming rights revenues going to the Rays;
- (e) Subject to the approval of County, not to be unreasonably withheld, the right to locate cellular phone towers within the stadium lighting structures and all revenues derived from the sale of this right, provided that such sale is not in conflict with the County's ability to maximize revenues from its existing cellular phone tower on the Project site.

The Rays and County further agree to work towards a mutually cooperative relationship on concessions during Rays non-primary use time (i.e. restaurant).

8. County Rights to Project Revenues

The Rays and the County agree that for the duration of this agreement, County shall retain all revenues derived from use of the Project for non-major league baseball-affiliated events staged during those periods of the year when the Rays are not entitled to primary use of the Project facilities, as described in Item 5 above. These include all revenues from facility rental fees, administrative fees, ticket sales, food/beverage concessions, pouring rights for sodas, water, and other beverages, merchandise and souvenirs, program sales, signage and non-spring training day parking.

The Rays and County further agree that these revenues will be dedicated by the County to a maintenance and operations fund, as described in Item 9 below and Schedule 2.

9. Maintenance and Capital Repair

- (a) The County shall maintain, repair, and restore all properties at the facility at no cost to the Rays, except the Rays shall provide for housekeeping and cleaning services to the clubhouse and office space it uses at no cost to the County. The County shall maintain all grounds and turf to Major League Baseball standards, said standards to be provided to the County by the Rays; however, the Rays may, at its option, elect to maintain the playing fields during the periods of its primary use. It is further understood that the County will not be responsible for any maintenance, repairs, or restoration related to damage occurring to property as a result of negligent acts or omissions of the Rays, its officers, agents, or employees.
- (b) The County shall keep and maintain the Project at all times in first-class conditions and up to first-class Major League Baseball spring training standards at the time of reference for use as a ballpark by the Rays and visiting clubs, said conditions to be reasonably approved by the Rays. The County acknowledges that the high quality conditions shall be in place prior to the beginning of and shall continue throughout each spring training season at no expense to the Rays, provided that the Rays may at its option elect to maintain the playing fields during the periods of its primary use. The County shall maintain all facilities and undertake all of its other obligations under this agreement in a manner consistent with other spring training facilities.
- (c) The Rays shall not be required to make any capital investment or expenditure related to the renovations of the facilities as hereinbefore described, or its amenities, except as set forth in Item 4 above.
- (d) If Project facilities are not maintained to the high-quality standards described above, the Rays shall send the County written notice describing what conditions it deems to be sub-standard. Upon receipt of such notice, County shall within 30 days respond in writing to the Rays concerns with a detailed remediation plan. In the event the County's remediation plan is not satisfactory to the Rays, the parties agree to submit any disputes to the resolution procedures described in Item 25.
- (e) In order for the County to fulfill its maintenance and operations obligations described above, the County and the Rays agree to

dedicate the following sources of funds to an annual Maintenance and Operations Fund ("M&O Fund"), described below and in Schedule 2:

- (1) The County agrees to dedicate \$387,043 in County funds, representing the net maintenance and operations budget of the existing facility, to the M&O Fund in the year of initial occupancy. Such payment shall grow by 3% annually for the duration of the term of this Agreement;
 - (2) The Rays, as consideration for primary use of the facility, agree to a payment of \$116,550 to the M&O Fund in the year of initial occupancy. Such payment shall grow annually by 3% for the duration of the term of this Agreement;
 - (3) The County and the Rays agree, as described in Item 7 above, that the County shall retain the first \$75,000 of revenues from stadium naming rights for dedication to the M&O Fund in the year of initial occupancy. Such payment to the M&O Fund from naming rights revenues shall grow annually by 3% for the duration of the term of this Agreement;
 - (4) The County shall commit \$125,000 of hotel tax revenue to the M&O Fund in the year of initial occupancy. Such payment will be made annually for the duration of the term of this Agreement; and
 - (5) The County agrees to commit all revenues derived from use of the Project for non-major league baseball-affiliated events to the M&O Fund. Such revenues are estimated to be \$220,000 in the year of initial occupancy and are expected to grow annually by 3% for the duration of the term of this Agreement.
- (f) The County and the Rays agree that if, in any given year, actual maintenance and operations costs are less than the amount dedicated to the M&O Fund (as described above and in Schedule 2), the difference will be transferred into the Capital Reserve Fund. This will be reviewed annually at the end of the County fiscal year.
- (g) It is recognized that during the construction phase of the renovation plan, the County may incur revenue losses and maintenance savings. To the extent that revenue losses exceed maintenance savings ("Construction Period Losses"), any subsequent maintenance savings, as defined above, would first go towards reimbursing the County as compensation for Construction Period Losses rather than into the Capital Reserve, as defined above.
- (h) The use of the Capital Reserve Fund will be reviewed and approved by both parties. Capital repair and improvements will be given highest priority.

10. Community Benefits

The Rays shall also provide the County with the following amenities, marketing tools, and other community benefits:

- (a) For the duration of this agreement, the Rays agree to provide 30 tickets and one luxury suite per spring training exhibition game for use by County for each such game;

 - (8) For the first (5) years of this agreement and to the extent the Rays produce their own over-the-air ("OTA") television broadcasts, the Rays agree to provide the Charlotte County Visitor's Bureau with time to air one 30-second commercial on each such OTA broadcast.

The copy for the ads and announcements shall be prepared by the Charlotte County Visitor's Bureau and supplied directly to the Rays for distribution, with the express understanding that said ads and announcements will be periodically updated during each baseball season and subject to the approval of the Rays. The Charlotte County Visitor's Bureau shall update all printed ad copy annually, which shall be subject to approval of the Rays. The Charlotte County Visitor's Bureau agrees to pay the cost of production of print advertisement, scoreboard features, and concourse sign and to pay the cost of installation, updating, and repair of the concourse sign.

It is acknowledged that said announcements, print ads, signs, and scoreboard features are to be used solely for the purpose of promoting and advertising the tourism attributes and attractions of Charlotte Harbor & the Gulf Islands and shall not be resold by the County.

- (d) During the first five (5) years of this agreement, the Rays agree to participate in a tourism sales mission each year at a home game during the regular season for up to forty (40) people, providing admission and light refreshments and one luxury suite in order to promote Charlotte Harbor & the Gulf Islands. Dates of the sales mission will be mutually agreed upon by both the Rays and the Charlotte County Visitor's Bureau annually. This provision shall be revisited after five (5) years;
- (e) If the Rays sell a score book at spring training exhibition games, the Rays shall provide Charlotte County Visitor's Bureau a free page in such score book. The Charlotte County Visitor's Bureau will provide the material to be printed, which will be subject to the approval of the Rays;
- (f) While the County acknowledges that there are circumstances that might not make this possible at all times, the Rays, in cooperation with the Charlotte County Visitor's Bureau, agree to use reasonable efforts to locate and secure housing for the Rays players and support staff in Charlotte County. The Rays agree to work with the Charlotte County Visitor's Bureau in scheduling accommodations for visiting teams with Charlotte County as well;
- (g) The parties hereto expressly recognize and agree that the County is undertaking a substantial financial responsibility. It is, therefore, understood and agreed that the Rays will cooperate fully with the County in its efforts to promote the development and success of baseball in Charlotte County. 11. Utilities

County shall pay all utility charges, including but not limited to water, sewer, electricity, and trash removal.

12. Public Services

County will provide all appropriate public services, including without limitation, interior and exterior security, paramedical, crowd and traffic control, at appropriate levels of coverage for all events

13. Day of Game Operations

The Rays will provide for all stadium operations and services during the Rays' spring training exhibition games, it being understood by and between the parties that included therein shall be the costs for advance promotion, advertising, sales, and distribution of tickets to all games, stadium cleanup, ushers, parking attendants, concession attendants, and any other personnel necessary to allow a game to take place.

14. Rays Parking

The Rays shall be responsible for access and security within parking areas designated for its players and support staff. County shall not be responsible for the security of any vehicles parked near the clubhouse. It is understood that the Rays shall be responsible for security of the clubhouse and office space being utilized by the Rays. The County shall install a secure, fenced, and lighted parking area near the clubhouse and offices for use of the Rays and shall provide reasonable security in such parking area for the protection of the members and the Rays.

The Rays will be responsible for attaining, coordinating and/or funding off-site parking for games or events requiring more than 1500 spaces and the County agrees to use its best efforts to assist the Rays in this endeavor.

15. Rays Right to Make Interior Improvements

The Rays shall have the right, from time to time and at its expense, to make all such improvements to, and decorate the interior of the property covered hereunder, as shall be reasonably necessary or appropriate, in the Rays' judgment, for the conduct thereon of its business. Prior to the commencement of any such major alteration, improvement, or decoration, the Rays shall submit said plans and specifications to the County Parks Director or designee for review and approval. If within thirty (30) days after such plans and specifications have been submitted and delivered by the Rays to the County Parks Director or designee for such approval, and the County Parks Director or designee shall not have given the Rays notice of disapproval thereof, stating the reason for such disapproval, then the plans and specifications shall be considered approved by the County for the purposes of this agreement. Such approval, however, will not relieve the Rays of the obligation to seek all other public approvals required under the laws of Charlotte County and/or the State of Florida.

16. Zoning and Land Use Approvals

The County will provide or secure all zoning, subdivision, land use, curb cut, construction, and all other necessary governmental or quasi-governmental approvals, licenses, and permits necessary to construct and operate the Project.

17. Environmental Remediation

County will by June 1, 2007, remediate any environmental, geodetic, or other site conditions that would adversely impact the cost or speed with which the Project can be completed. The Rays shall not be liable for any pre-existing environmental conditions of the Project site. Any costs of environmental remediation will be paid out of the Project Budget, provided that if such remediation costs exceed \$1,000,000 then the parties may terminate the Project without penalty.

18. Insurance, Liabilities, and Indemnities

(a) The Rays agree to and will at all times defend, indemnify, save, and hold harmless the County from any and all damages, liabilities, claims, demands, expenses, and costs arising out of, or in connection with, any use of the Project facilities by the Rays, its agents, officers, servants or employees, resulting from or any manner arising out of this Agreement with the County, excepting only liability resulting solely from negligence of the County, its agents, invitees, or employees. Subject to the above exception, the Rays shall, upon

request from the County, defend and satisfy any and all suits arising from its use of the Project facilities or site.

(b) The Rays shall maintain liability insurance in the amounts of \$1,000,000 per occurrence and \$2,000,000 annual aggregate and shall designate the County as an additionally named insured to protect County from any liability arising from the use of the Project facilities or site by the Rays. The parties agree to review these amounts every five years. Certificates of insurance shall be provided to County by the Rays prior to the start of Spring Training reflecting liability insurance in the amounts set forth above as well as workers compensation insurance in the coverage amount of at least \$1,000,000 and automobile insurance in the coverage amount of at least \$1,000,000. The County further agrees to supply the Rays with certificates of insurance reflecting the County's worker's compensation and public liability and property damage insurance coverage currently in place.

(c) The County shall be liable for, and to the extent provided by law, shall indemnify, defend, and hold harmless the Rays and all of its officers, agents, and employees from, any lawsuit, claim, loss, damage, cost, charge, or expense arising out of any act, error, omission, or negligent act by the County, its agents, or employees, including claims arising under worker's compensation or other applicable laws for County employees and maintenance personnel working on the Project site, during the performance of this Agreement; except that neither the County, its agents, or its employees will be liable under this item for any claim, loss, damage, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Rays or any of its officers, agents, or employees during the performance of this Agreement. In the event of any lawsuit, claim, loss, damage, cost, charge, or expense involving the joint or concurrent fault of the Rays and the County, each party agrees to bear their own respective damages, loss, liability and costs (excluding attorneys' fees and costs) incurred by each party in proportion to its contribution to the aforementioned actions. In such cases, neither party shall be required to defend or bear the cost of defense of the other party.

19. Disaster Preparations

The Rays agree that the County may, at the County's reasonable discretion, use the Project as a staging area for disaster preparations, response, or other related emergency uses, provided that such use of the Project will not damage the Project so it is unfit to be used for its customary purpose. In the event County elects to use the Project for such a use, County agrees to restore the Project and Project site to the conditions existing prior to said use at the sole cost of County.

20. Taxes

It is the intent of the County and the Rays that the Project (land and improvements) shall be exempt from ad valorem taxes throughout the term of this Agreement.

21. Rights of Assignment

The rights granted to the Rays pursuant to this agreement shall not be assigned, except with the express written consent of the County, except that the Rays may assign this agreement in connection with a sale, merger, re-organization, or other disposition of the Rays or its Major League Baseball franchise so long as the assignee expressly assumes the Rays' obligations and liabilities hereunder. The County shall not assign this agreement without the prior written consent of the Rays.

22. Subordination to MLB Documents

This Agreement and any rights or exclusivities granted by the Rays hereunder shall in all respects be subordinate to each of the following, as may be amended from time to time (collectively, "MLB documents"):

- (a) Any present or future agreement entered into by, or on behalf of, any of the MLB entities or affiliates, or the member clubs acting collectively; or
- (b) The present and future mandates, rules, regulations, policies, bulletins, or directives issued or adopted by the Commissioner or the MLB entities.

The issuance, entering into, amendment or implementation of any of the MLB Documents shall be at no cost or liability to any MLB entity or affiliate or to any individual or entity related thereto.

No rights, exclusivities or obligations involving the Internet or any interactive or on-line media (as defined by the MLB entities) are conferred by this Agreement, except as specifically approved in writing by MLBAM or the applicable MLB entity.

23. Media Rights

It is expressly acknowledged and agreed by and between the parties that the County has no rights to, and shall receive no revenues from, the Rays' radio or internet broadcast or televising of any games played by the Rays, nor shall the County participate, in any manner, in determining when said games shall be scheduled, televised, or broadcast. The Rays and certain Major League Baseball entities shall have the sole and exclusive rights to record and/or transmit (or to license others to record and/or transmit) any Major League Baseball games played at the stadium via any technology now existing or hereinafter devised (including, without limitation, transmission via over-the-air television, cable television, radio, or on-line

technologies). The Rays shall own all worldwide copyright and all other rights in such games and the recordings and transmissions thereof. All rights to license any transmissions of any portions of the games, including the right to receive and retain all revenues generated from the sale or licensing of such transmission rights, shall belong solely and exclusively to the Rays and certain Major League Baseball entities. The County shall not either (a) record or transmit, or permit others to record or transmit, via any medium all or any part of the games played at the stadium, or (b) otherwise take any other action which is inconsistent with the terms and conditions of this Item 23.

24. Force Majeure

- (a) In the event that the Stadium is damaged or destroyed by hurricane, fire or other Act of God or casualty, the County shall, if practicable, cause the Stadium to be repaired or restored as soon as reasonably possible, and the amounts payable by the Rays hereunder shall be abated for the period from the date of casualty until the completion of the repairs or restoration of such portion or portions of the Stadium as shall have been rendered unusable by such damage.
- (b) If the County, in its sole determination, decides that it is not practicable to repair the Stadium it may elect to terminate this Agreement without penalty. Such election shall be exercised by the County by giving written notice thereof to the Rays within ninety (90) days after such casualty occurs. If the County elects to terminate the Agreement, any payments due from the Rays for future events shall cease to accrue as of the date of such casualty. The Rays shall be required to pay to County any monies owed to County for events that occurred prior to any such casualty.
- (c) If the County elects not to terminate this Agreement, it shall so notify the Rays by written notice within said ninety (90) days specifying the period of time within which the County reasonably estimates that the Stadium may be repaired or restored to its condition prior to the casualty. If such period of time exceeds one (1) year from the start of the repair or restoration to completion, then the Rays may terminate this Agreement without penalty, and shall provide written notice to County of said termination within ninety (90) days of the date of receipt of the notice from the County to the Rays referred to above.

25. Settlement of Disputes Arising Under the Agreement

- (a) Any controversy which shall arise between the Rays and the County regarding the rights, duties, or liabilities hereunder of either party shall be immediately communicated to the other party. In an attempt to settle, the parties agree to non-binding mediation in Charlotte County, Florida, pursuant to the laws of the State of Florida.

(b) This agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Florida. In the event any litigation arises between the parties in connection with this Agreement, venue for said litigation shall lie exclusively in Charlotte County, Florida.

26. Entire Agreement

This agreement contains the entire agreement and understanding between the parties. There are no oral understandings, terms or conditions and neither party has relied on any representation, express or implied, not contained in this agreement or the simultaneous or prior writing heretofore. All prior understandings, terms or conditions are deemed to merge in this agreement and this agreement cannot be changed or supplemented orally, but only by an agreement in writing, and signed by the party against whom enforcement of any waiver, change, modification, or discharge is sought.

27. Severability

If any provision of this Agreement shall be declared invalid or unenforceable, the remainder of this Agreement shall continue in full force and effect.

28. Rights of Renewal

The Rays shall have five (5) options of renewing this agreement for an additional one (1) year period under the same terms and conditions hereof by giving County written notice of its intention to renew same not less than ninety (90) days prior to the expiration of the term hereof.

**AMENDMENT TO CHARLOTTE SPORTS PARK AGREEMENT BETWEEN
CHARLOTTE COUNTY, FLORIDA AND TAMPA BAY RAYS BASEBALL, LTD.**

THIS AMENDMENT TO THE CHARLOTTE SPORTS PARK AGREEMENT, hereinafter referred to as the "Amendment", is made and entered into this 26 day of January, 2010, by and between CHARLOTTE COUNTY, a political subdivision of the State of Florida, 18500 Mardock Circle, Port Charlotte, Florida 33948-1099, hereinafter referred to as the "County", and TAMPA BAY DEVIL RAYS LTD., aka TAMPA BAY RAYS BASEBALL LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

FINDINGS

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (hereinafter the "Agreement") whose purpose was for the rehabilitation and use of the Charlotte Sports Park (hereinafter the "Sports Park") as well as providing for a public recreation amenity and hosting the Rays' spring training program; and

WHEREAS, pursuant to the terms of the Agreement, the County is responsible for maintaining the playing fields at the Sports Park but the Rays have the option of electing to maintain the playing fields during the periods of their primary use; and

WHEREAS, the Rays have requested that County permit the Rays to maintain the Sports Park Fields, as defined herein, on a year-round, full time basis; and

WHEREAS, County and Rays now desire to amend the Agreement to provide for the Rays assuming year-round, full time, responsibility for the maintenance of the Sports Park Fields at the Sports Park.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

1. Purpose.

The purpose of this Amendment is to provide for the assumption of year-round responsibility for maintaining the Charlotte Sports Park stadium field and 5 1/2 practice fields within the Sports Park complex (hereinafter "Sports Park Fields") by the Rays beginning January 12, 2010 (the "Effective Date").

2. SPORTS PARK FIELDS MAINTENANCE.

Rays groundskeeping staff will provide all necessary field maintenance and support for all activities on the Sports Park Fields, including, but not limited to Rays spring training games, Gulf Coast League games, and "non-major league baseball-affiliated events" as defined in Section 6 of the Agreement as concerts, plays, sporting events and tournaments or other revenue-producing or civically-oriented events. The Rays will also assume the County's responsibility to provide field management maintenance and support for the Florida State League team as

outlined in the County's Stadium Lease Agreement with Ripken-Rays Florida Baseball LLC. County acknowledges, and Rays agree, that the Rays have a thorough understanding of the maintenance standards necessary to maintain the Sports Park Fields pursuant to the terms of this Amendment.

3. SPORTS PARK FIELDS MAINTENANCE STAFFING PLAN

(a) The field maintenance staff for the Sports Park Fields shall be hired and employed by the Rays and will consist of a Head Groundskeeper, Field Maintenance Supervisor, who will report directly to the Head Groundskeeper, six full-time groundskeepers, staff equipment mechanic, and all seasonal and part-time employees who shall report to the Field Maintenance Supervisor. Additionally, the Field Maintenance Supervisor will manage any contracted service providers for field maintenance. Within thirty (30) days of the effective date of this Amendment, Rays agree to interview, and consider hiring, field maintenance staff currently employed by County for employment as Rays field maintenance staff for the Sports Park Fields.

(b) The Rays and County acknowledge the stadium playing field drainage issues which arose during the 2009 baseball season. The County agrees that the Rays are not responsible for any current or future stadium playing field structure or performance issues resulting from either the original construction of the field or from field maintenance by the County which began in January 2009 and will run through the end of the implementation of the Playing Field Action Plan noted below and attached hereto as Attachment A. After the Playing Field Action Plan has been completed Rays shall assume sole responsibility for the maintenance of the stadium playing field. In the event that the Playing Field Action Plan does not adequately resolve the underlying stadium field drainage issues, the Rays are not responsible for any future stadium playing field improvements to address those drainage concerns identified in Attachment A.

(c) To address the stadium playing field drainage concerns, the County will implement the attached Playing Field Action Plan. The County acknowledges that the Rays shall assume no costs associated with the Playing Field Action Plan, including any additional material or labor costs associated with any element of the follow-up protocol, which may be undertaken after January 12th, 2010, including on-going costs associated with acid injection. The County will provide all necessary resources to complete the implementation of the Playing Field Action Plan including the 31-60 day follow up, projected to end no later than February 5th, 2010.

(d) Any potential future field maintenance or reconstruction of any or all of the Sports Park Playing Fields that are unrelated to the stadium field drainage issues identified herein, and the costs for such field maintenance or reconstruction that are not the responsibility of the Rays under the terms of this Amendment, shall be mutually negotiated and agreed upon by Rays and County.

(e) Rays agree to abide by all applicable laws, rules, ordinances and regulations of any federal, state or local governments or agencies in the performance of any work, services or other obligations required of the Rays under the terms of this Amendment.

4. DUTIES OF RAYS SPORTS PARK FIELDS MAINTENANCE SUPERVISOR AND STAFF.

(a) The Field Maintenance Supervisor is a working foreman who assists the Rays Head Groundskeeper in the maintenance of the Sports Park Fields. (a) All equipment necessary to maintain the Sports Park Fields, with the exception of the equipment provided to the Rays by County pursuant to paragraph 5(b) of this Amendment, shall be provided by and paid for by the Rays.

(b) Charlotte County Parks and Recreation will provide the Rays a full list of all County owned field maintenance equipment available for the use of the Rays. ("County Field Maintenance Equipment"), attached hereto as Attachment B, noting (1) the condition of each

piece and hours logged, (2) copies of all maintenance plans and warranty materials, (3) instruction manuals, (4) a recommended protocol regarding equipment servicing, and (5) the long-term replacement plan for each piece. The County will continue to maintain all warranties on the County Field Maintenance Equipment, and will be responsible for processing all warranty requests in a timely manner.

(c) The Rays shall provide and pay for regular maintenance for the County Field Maintenance Equipment; however, the County will perform annual reel grinding for all appropriate County Field Maintenance Equipment at County's expense. The Rays staff mechanic will service the County Field Maintenance Equipment on a regular and as-needed basis. The County will conduct semi-annual inspections of the County Field Maintenance Equipment. Any necessary repair or replacement of the County Field Maintenance Equipment, including emergency repairs or replacements, will be agreed-upon by both the Rays and the County. The County will maintain all appropriate insurance on the County Field Maintenance Equipment.

(d) The County will arrange for the delivery of gas and diesel fuel for the field maintenance equipment at no charge to the Rays, but the cost of the gas and diesel fuel shall be paid for by the Rays to County at the current contract price in effect under County's annual contract for gas and diesel fuel purchases.

6. SPORTS PARK FIELDS MAINTENANCE MATERIALS AND SUPPLIES.

(a) The Rays shall be responsible for providing and paying for all maintenance materials and supplies necessary to maintain the Sports Park Fields, including, but not limited to fertilizer, herbicides/pesticides, clay and clay conditioner, nets, protective screens, wind screens, top dressing sand, overseeding supplies, chalk, uniforms, and small tools (e.g. rakes, shovels, brooms, edgers, weed-eaters).

(b) The Rays will also provide all Field Maintenance office supplies, including janitorial supplies, office equipment, phones, computers and other such items and shall be responsible for any and all costs, billings or charges related to same. The County will provide safe and professional work space, including office, garage and storage space, for the Field Maintenance Staff in Building C within the Sports Park complex. The County will also continue to provide garbage and debris removal services for the Sports Park complex.

7. SPORTS PARK FIELDS MAINTENANCE BUDGET.

(a) County and Rays acknowledge that the Agreement provides for in Section 9(a) and in SCHEDULE 2-PROJECT MAINTENANCE AND OPERATIONS FUNDING SOURCES ("Schedule 2"), a schedule of annual payments for the Sports Park facility to the M&O Fund to be paid by County and Rays for maintaining and operating the Sports Park complex and grounds.

(1) The parties agree that the total cost to maintain the Sports Park Fields for the initial year of this Amendment, year 2010 is \$525,285.10 and shall grow annually at a rate of 3% ("Field Maintenance Budget"), as detailed on the schedule of payments, attached hereto as Attachment C.

(2) The County shall deduct the Rays' annual M&O payment obligation, as described in the Agreement, and then tender payment to the Rays for the remainder each year in equal quarterly installments on January 15th, April 15th, July 15th and October 15th during the term of this Amendment. As an example, in 2010, the Rays M&O payment obligation is \$120,047. The County shall deduct this amount from the 2010 Sports Park Fields budget of \$525,285.10 and tender payment to the Rays in the amount of \$405,238.10 in the manner noted above and on Attachment C ("County Obligation to Rays").

(3) The County and the Rays further agree that, in exchange for the payment to the Rays for field maintenance services for the Sports Park Fields noted above, the County shall be entitled to reduce its obligation to fund Maintenance and Operations at the Sports Park, noted in Section 9 and Schedule 2 of the Agreement, in an amount up to the annual County Obligation to Rays for field maintenance. In no event shall the reduction of any County funds to the total M&O budget be greater than the County Obligation to Rays for field maintenance. As noted in Attachment C, in 2010, the Remaining County M&O and Other Event Revenues Obligation will be \$422,266. All other County operating and maintenance obligations noted in the Agreement remain.

(4) As per Section 9 of the Agreement, the County and Rays agree that if, in any given year, actual County maintenance and operations costs at the Sports Park are less than the Remaining County M&O and Other Event Revenues Obligation as noted on Attachment C, the difference will be transferred into the Capital Reserve Fund. This will be reviewed annually at the end of the County fiscal year.

(b) The Rays agree to keep a field maintenance budget for all expenses related to the maintenance of the Sports Park Fields and agree to schedule an annual meeting with County to review the status of that budget. The parties agree to annually review the actual expenditures for the Sports Park Fields maintenance. This would not result in any change to the financial obligation set forth herein to either party but should be viewed as a part of due diligence regarding utilization of taxpayer funds.

8. COUNTY'S RIGHT OF USE OF THE SPORTS PARK AND SPORTS PARK FIELDS.

The parties agree that County shall have use of the Sports Park facility, including the Sports Park Fields, for non major league baseball-affiliated events (as that term is defined in the Agreement) and pursuant to the terms of the Agreement. The parties agree that nothing contained in this Amendment or the Agreement shall be construed as to give the Rays authority to refuse to permit County the use of the Sports Park Fields for any non major league baseball-affiliated events, and the parties agree that the County reserves the right to use the Sports Park Fields for any non major league baseball-affiliated events at County's sole discretion and approval. Prior to the scheduling of any non-major league baseball-affiliated events at the Sports Park, the County will review the scope of the event with the Rays and, if applicable, confirm (1) field availability, and (2) the appropriate field maintenance needs.

Costs for any non-traditional field maintenance needs associated with non major league baseball events are the responsibility of the County-or any third party event vendor. Non-traditional

field maintenance needs include, but are not limited to field conversion activities for special events (e.g. forklift operations for concert stage set up) and repairs to damages to the playing field that result from such use. The County bears general responsibility for any damages to the playing field caused by non-major league baseball events. All conditions regarding non-major league baseball-affiliated events as noted in Section 6 of the Agreement, including the provision that County shall be responsible for all liabilities arising from County's use of the Sports Park Fields for non major league baseball-affiliated events still apply.

9. STADIUM LEASE AGREEMENT - RIPKEN-RAYS FLORIDA BASEBALL LLC.

County and Rays acknowledge that the STADIUM LEASE AGREEMENT between RIPKEN-RAYS FLORIDA BASEBALL LLC (hereinafter referred to as "Ripken") and County, entered into on or about February 10, 2009, provides that the County shall maintain the Sports Park Fields. By signature of Ripken's authorized representative on this Amendment, Ripken hereby consents and agrees to the terms and conditions of this Amendment which provide that the Rays shall be solely responsible for the year-round maintenance of the Sports Park Fields.

10. TERM/TERMINATION.

The term of this Amendment shall begin on the Effective Date and shall terminate simultaneously with the termination of the Agreement; provided, however, that either County or Rays may terminate this Amendment, with or without cause, at any time upon providing nine (9) months written notice of termination to the non-terminating party. In the event this Amendment is terminated by either party, the responsibility for maintaining the Sports Park Fields will revert back to the County on the same terms that are enumerated in the Agreement and all other provisions of the Agreement shall remain in effect.

11. INCORPORATION.

The "Findings" provisions of this Amendment are specifically incorporated into and made a substantive part of this Amendment, and this Amendment, including all exhibits and attachments hereto, is specifically incorporated into and made a substantive part of the Agreement.

12. SEVERABILITY.

If any provision of this Amendment shall be declared invalid or unenforceable, the remainder of this Amendment shall continue in full force and effect.

13. CONFLICT WITH AGREEMENT.

All provisions of the Agreement not in conflict with this Amendment shall remain in full force and effect. To the extent of any conflict with the Agreement, the provisions of this Amendment shall control. Any terms used in this Amendment shall have the same meanings and definitions as they have in the Agreement.

14. ENTIRE AGREEMENT. This Amendment incorporates and includes all prior negotiations, correspondence, agreements or understandings between the parties, and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Amendment that are not contained in this document.

15. **MODIFICATION.** No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed by the parties with the same formality and of equal dignity herewith.

16. **ASSIGNMENT.** This Amendment, or any interest herein, shall not be assigned, transferred or otherwise encumbered, under any circumstances by either party without the prior written consent of the other party.

17. **INDEMNIFICATION.** Rays shall indemnify, hold harmless and, at County's option, defend County, and its officers and employees, from all suits and actions at law, liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of Rays and persons employed or utilized by Rays in the performance of any work or services under this Amendment.

18. **AUTHORITY TO EXECUTE.**

County, Rays and Ripken warrant to the other parties that they, and the persons executing this Amendment on behalf of each of them, have the right, power and authority to execute this Amendment.

19. **EFFECTIVE DATE.**

If fully executed by County, Rays, and Ripken, this Amendment shall take effect on January 12, 2010.

IN WITNESS WHEREOF, the parties have executed this agreement on the dates indicated below.

Deep Drill Aerification Program - Execution

- A. Deep drill aerification with 7/8 inch drill type dies to a fifteen inch depth. Vacuum and remove die generated debris off of the field. This will prevent layers forming in the soil & gravel. Allow water to pass through & entry of soil conditioning products. Ease surface puddling.
- B. Top dress the playing field surface with 180 PMS manufactured coarse sand at a rate of 40 tons per acre. Sand to be amended with sun flower hulls and gypsum. Drag material into drill holes. This will aid in conditioning soil. Allow passage of water; bring soil conditioning products directly to the soil where it is needed. Will ease surface puddling & help short & long term solution to the drainage issues.
- C. Number of Passes
 - Red Area - 5 passes
 - Blue Area - 2 passes
 - Green Area - 1 pass

7/8" diameter holes at 5" on center each way
- typical for each pass

3

Deep Drill Aeration Program – Follow Up

These follow up steps are to be performed by the County within the first 30 days after the Deep Drill Aeration

- A Apply additional nitrogen at a rate of 20 lbs. per one thousand square feet. Correct the poor soil fertility conditions. This application will improve nitrogen.
- B Apply sulfate magnesium application to help completion of the aeration and top dressing at a rate of 200 lbs. per acre and to plant recovery from aeration.
- C Apply ammoniac sulfate to a rate of 200 lbs. per acre after completion of the aeration and top dressing. Nitrogen recovery from aeration. Aerial top dressing has a benefit in the soil.
- D Apply sulfur fertilizer with reduced top dressing after aeration. Also application of pest damage & nutrient control. This work to do this every two weeks.

These follow up steps are to be performed by the County within day 31-60 after the Deep Drill Aeration

- 1. Apply ammoniac sulfate to a rate of 200 lbs. per acre. Sulfate recovery with
- 2. add in fertilizer help recovery influence in the soil.
- 3. Deep top dressing with 1/2" soil or better to be to a depth of 20 inches. Vacuum and pickup of top soil of the field. Type of top soil practices will have to be adjusted per field conditions at the time of aeration. Depending on the weather & field conditions at the time. The idea is to continue to improve the soil to improve top growth & drainage. If the soil is too dry during this time substitute Ammoniac sulfate application.
- 4. Follow the physical soil surface with 100 lb. ammoniac sulfate per acre at a rate of 20 tons per acre. This should be done after the soil is topdressed.
- 5. Apply gypsum at the rate of 20 lbs. per one thousand square feet. This application will improve moisture capacity in the ground & condition the soil for better drainage.
- 6. Nitrogen field very helpful in production for the topsoil surface. High application of a fertilizer product before aeration. This is optional depending on the density of the soil. If the soil is very poor due to the aeration of the aeration & the soil or work with this soil the fertilizer is a step maybe skipped.
- 7. Apply gypsum sulfate 3-7-7 at a rate of 200 lbs. per acre. This will help the establishment of the fertilizer. Having to be applied at the other fertilizer application or soil fertility being high & a soil practice. It is very possible to double the rate with no ill effects.
- 8. Deep top dressing with top dressing at a rate of 100 lbs. per acre. This is a recommended rate. A rate of 25 pounds per thousand square feet top dressing will help some problems and will help the soil back to normal. This should be the first fertilizer call at the time of application.
- 9. Apply top dressing application only work after or or working. This will help topsoil establish & improve conditions.
- 10. Apply a topsoil application to provide for the topsoil to establish topsoil. Release is very possible at the stage of aeration with recovery from aeration. Fertilizer or other applications should be applied as needed.

The purpose of this Amendment is to permit the Rays to occupy Building "B" at the Sports Park and the assumption of year-round responsibility for landscaping maintenance for the common grounds surrounding the Sports Parks Fields by the Rays.

2. Building B - Charlotte County Sports Park

(a) Beginning January 26th 2011, the Rays will have sole use of Building B, as designated and identified on Exhibit A which is attached hereto and incorporated herein by reference, consistent with those areas of the Sports Park outlined in Section 5(d) of the Agreement; however, the Rays will make reasonable good faith efforts to make the locker room and shower/grooming areas available for tournaments or other meetings/events booked and/or approved by the County during all times of the year, except for those designated under Section 5 (a), (b) and (c) in the Agreement (spring training, extended spring training, instructional

league). The County is solely responsible for any improvements required to make the locker room/grooming areas available to the public for tournaments or other meetings/events booked and/or approved by the County, including any improvements required by the Americans with Disabilities Act.

(b) The Rays will not charge a fee for use of the locker room and shower/grooming areas for tournaments or other meetings/events. The County will be responsible for cleaning these areas after any tournament or other event. Building B shall be covered under Section 9(a) of the Agreement, and as per that section, the County shall maintain, repair, and restore all properties at the facility at no cost to the Rays, except the Rays shall provide for housekeeping and cleaning services to the clubhouse and office space it uses at no cost to the County. Additionally, as per Section 9(a) of the Agreement, the County will not be responsible for any maintenance, repairs, or restoration related to damage occurring to property as a result of negligent acts or omissions of the Rays, its officers, agents, or employees.

(c) Section 5(d) of the Agreement is clarified to include the entirety of the building housing both major and minor league clubhouses, as well as the Rays' administrative offices, as a defined area of sole use by the Rays.

(d) Building B will be turned over to the Rays in a clean condition; all materials and items currently housed in Building B will be removed before January 26th with the exception of any items currently stored in the existing laundry room within Building B, which will still be available for County storage.

(e) Similar to current provisions within the Agreement, the Rays, at their sole discretion and cost, may make reasonable facility enhancements to Building B, including, but not limited to lighting, painting, etc. Any major capital improvements to Building B would require the approval of the County, and can be considered for CIP funds. During the term of this Amendment either the Rays or the County have the right to present to the other party ideas for major capital improvements to Building B that would encourage and support additional use of Building B as a first-class major league baseball facility.

3. Landscape Maintenance - Charlotte County Sports Park

(a) The following lists the overall scope of services the Rays will provide for landscape maintenance within the Project Area, as noted on the attached Exhibit A. The term "Project Area" as used in this Amendment and as shown on Exhibit A shall mean and include those common grounds within the Project Area exclusive of the Sports Fields.

- Mow and edge all common areas
- Trim all trees and bushes
- Maintain seasonal and annual plantings in all islands and beds, including the green roof
- Keeps islands, beds and fence lines weed free, including the green roof bed located on the roof of the Rays Clubhouse
- Spray herbicides/pesticides as needed.

(b) The County will continue to be responsible for maintaining all areas outside of the Project Area, including, but not limited to the stadium parking lot and right-of-ways along El Jobean Road and Esther Street, and the regular maintenance and any necessary repairs to the irrigation system within the Project Area; except that the Rays shall be responsible for any damages/repairs to the irrigation system, including sprinkler heads, caused by the Rays. The County will also provide the Rays the use of a lift once a year for tree trimming, at a time

coordinated with the Rays Head Groundskeeper, small start-up tools for the services provided to the extent available, and be responsible for the replacement of any trees, bushes or sod that die from hard weather, frost or other Acts of God.

4. Energy Savings Plan

County and the Rays agree to work together to identify opportunities for energy savings that do not negatively impact overall operations around and throughout the overall Sports Park facility. The parties agree to work together to develop an action plan within ninety (90) days of the effective date of this Amendment identifying possible energy savings methods or programs.

5. TERM.

The term of this Amendment shall begin on the Effective Date and shall terminate simultaneously with the termination of the Agreement.

THIS FOURTH AMENDMENT TO THE CHARLOTTE SPORTS PARK AGREEMENT, hereinafter referred to as the "Amendment," is made and entered into by and between CHARLOTTE COUNTY, a political subdivision of the State of Florida, 18500 Murdock Circle, Port Charlotte, Florida 33948-1094, hereinafter referred to as the "County", and TAMPA BAY RAYS BASEBALL LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

FINDINGS

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (hereinafter the "Agreement") whose purpose was for the rehabilitation and use of the Charlotte Sports Park (hereinafter the "Sports Park" or "facility") as well as providing for a public recreation amenity and hosting the Rays' spring training program; and

WHEREAS, on or about January 26, 2010, the County and the Rays entered into the First Amendment to the Agreement to provide for the Rays to assume full-time, year-round maintenance of the Sports Park Fields at the Sports Park; and

WHEREAS, on or about January 25, 2011, the County and the Rays entered into the Second Amendment to the Agreement which allowed the Rays to occupy Building "B" at the Sports Park and to provide landscaping maintenance for the common grounds surrounding the Sports Park Fields on a full-time, year-round basis; and

WHEREAS, on or about September 9, 2014, the County and the Rays entered into the Third Amendment to the Agreement which provided for additional funding from each of the Parties to be placed in the Capital Reserve Fund; and

WHEREAS, pursuant to the terms of the Agreement, the County and the Rays (collectively the "Parties") now wish to amend the Agreement by providing for the leasing of field maintenance equipment to be used at the Sports Park and providing for joint funding from the Parties.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

1. PURPOSE.

The Parties agree upon the necessary replacement of the County Field Maintenance Equipment and recognize that the leasing of field maintenance equipment will provide greater operational efficiency, and agree that the Rays shall be responsible for leasing field maintenance equipment for use at the Sports Park.

2. EQUIPMENT LEASE, PAYMENT.

The Rays shall enter into a four-year lease (the "Lease") with a third-party provider for field maintenance equipment. The Rays shall initially provide the executed field maintenance equipment lease to the County on or before April 2, 2016. The County shall perform its obligations herein annually during the term of the Lease by tendering payment to the Rays on or about April 2 of each year after receiving confirmation from Rays that the four-year field maintenance equipment lease remains binding and valid. The County will not have any responsibilities with regard to the leased field maintenance equipment, including but not limited to maintenance, repair, storage, theft, or loss, unless damage, theft, or loss of the equipment occurs by the fault of the County.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained in this Amendment, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

WHEREAS, the Parties executed a Third Amendment to the Agreement on September 9, 2014 requiring that the Rays and the County provide for additional capital reserve funding contributions; and

WHEREAS, the Parties executed a Fourth Amendment to the Agreement on February 23, 2016 to permit the Rays to lease field maintenance equipment as a replacement for County Field Maintenance Equipment as set forth in Paragraph 5 "Sports Park Fields Maintenance Equipment" of the First Amendment to the Agreement; and

WHEREAS, the Parties executed a Fifth Amendment to the Agreement on June 19, 2017 to provide for additional capital reserve funding contributions by the Parties, to clarify certain insurance provisions, to amend or create new definitions used in the Fifth Amendment and the Agreement, to amend section 22 of the Agreement related to MLB Subordination, and, County agreed not to terminate the Agreement during any Spring Training Season; and

WHEREAS, the Parties executed a Seventh Amendment to the Agreement on February 25, 2020 to permit the Rays to lease field maintenance equipment as a replacement for County Field Maintenance Equipment as set forth in Paragraph 5 "Sports Park Fields Maintenance Equipment" of the First Amendment to the Agreement; and

WHEREAS, the Parties executed an Eighth Amendment on or about March 23, 2021 to extend for 2021 only the "Spring Training" time period set forth in Paragraph 5(a) to April 30, 2021 or later; and

WHEREAS, the Parties wish to amend various provisions of the Agreement, as set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained in this Amendment, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. AMENDMENTS.

(A) Subparagraph 5(a) of the Agreement is hereby amended by providing that during the Spring Training time period of February 10th through April 3rd of each calendar year ("Spring Training"), the Rays shall have the right to use the offices on the first floor of that certain building ("Building A") at Charlotte Sports Park designated as Building "A" on Exhibit A attached hereto and incorporated herein by reference. The Rays shall reimburse the County for county staff costs for parking and fan host operations incurred by the County pursuant to this subparagraph.

(B) Subparagraph 5(b) of the Agreement is hereby amended by deleting said subparagraph in its entirety and by substituting therefor the following:

*(b) Each day from April 4th through August 31st of each calendar year ("MiLB Season"): The Rays shall have primary use of the stadium (the "Stadium") at the Sports Park, clubhouses, administrative office space dedicated to the Rays' use (including without limitation the second floor offices of the clubhouse building and Building B), team store, all practice fields at the Sports Park, and other associated training facilities (e.g. batting cages, gang mounds, etc.). It is the express intention of this subparagraph that during the MiLB Season, the Rays shall have access to the same facilities at the Sports Park as the Rays have access to during Spring Training except the Rays will not have access to Building

A during the MiLB Season. During the MiLB Season, these facilities may be made available by the County to parties other than the Rays, but only with the express written consent of the Rays in each instance. The Rays shall reimburse monthly the County for the out-of-pocket costs incurred by the County as a result of the Rays' usage of the Sports Park pursuant to this subparagraph.

On or before the 15th day of each month from May through September, the Rays will pay the County the following fees (collectively, the "Fees") for each usage of the Stadium: (i) no charge for any usage that does not constitute the playing of a "Game" (as that term is defined hereinafter); (ii) \$500 for each Game played during the day; and (iii) \$600 plus \$125 per hour for each Game played at night with the stadium lights on. For purposes of the foregoing, the term "Game" shall refer to the playing of any baseball game by the Rays, whether such game is against a third party opponent or is an intersquad game.

During the MiLB Season, the Rays intend to open to fans as free community events as many Gulf Coast League ("GCL") home games (the "GCL Games") as feasible. The Rays will staff and operate the GCL Games at the Rays' expense. The Rays also may open to fans Extended Spring Training and Instructional League games from time to time. The Rays shall reimburse monthly the County for out-of-pocket and staff costs incurred by the County as a result of the Rays' usage of the Sports Park pursuant to this subparagraph.

(C) Section 6 of the Agreement and Section 8 of the First Amendment are hereby amended by adding thereto the following:

"The Rays shall have the right, but not the obligation, to use the Stadium for all of the Games, based on the schedule determined and established by the GCL each year (the "GCL Schedule"). The County shall have the right as contemplated in paragraph 6 of the Agreement, but not the obligation, to utilize the Sports Park, including the stadium, the Visitor's Clubhouse, practice fields and outdoor amenities, for no fewer than two (2) "Events" (as that term is defined hereinafter) per month during the MiLB Season. The Rays shall provide the County with a copy of the GCL Schedule in an expeditious manner following the Rays' receipt of the GCL Schedule. Following the Rays' provision of the GCL Schedule to the County, the Rays and the County will confer in order to review the GCL Schedule and each party's planned schedule and usage of the Stadium for other events during the MiLB Season. Thereafter, in the event the County wishes to schedule a proposed event (the "Event") at the Sports Park, the County will provide email notice (the "Event Notice") of such proposed usage at least thirty (30) calendar days prior to the date of the proposed event to the Rays' representatives (the "Representatives") designated by the Rays from time to time [the Rays hereby designate Jeff McLerran (jmclerran@raysbaseball.com) and Dan Moeller (dmoeller@raysbaseball.com) as the designated recipients of all such notices until changed by email notice by the Rays to the County]. Within ten (10) calendar days after the date the Event Notice was sent to the Representatives, the Rays will

advise the sender of the Event Notice by return email whether any conflict or other issue or problem exists with respect to the County staging the Event. If the Rays do not reply to the Event Notice within such ten (10) day period, the sender of the Event Notice will telephone either of the Representatives to confirm that the Representative received the Event Notice [Jeff McLerran (913) 449-7642/Dan Moeller (727) 644-2473], and if the Representative did receive the Event Notice, the Event will be deemed to be approved by the Rays."

(D) Subparagraph 10(j) of the Agreement is hereby amended by deleting said subparagraph in its entirety and by substituting therefor the following:

"(j) In order to educate and benefit the community, the Rays agree, in coordination with the Community Services Department, to stage one (1) clinic for five (5) days each during the MLB Season with participation by certain Rays' players and staff members, and with the specific weeks to be mutually agreed upon each year. The Rays further agree to participate in one (1) community appearance (each, an "Appearance") each calendar month during the MiLB Season. Each Appearance shall be organized by the County, shall be held at a mutually agreed upon time and location, and shall involve the participation of up to ten (10) Rays' players as selected by the Rays. The Rays shall reimburse the County for county staff costs incurred by the County as a result of the Rays' clinics and appearances. The Rays shall pay any costs for security for clinics and appearances and shall pay such costs directly to the providers of such security services.

2. TERM.

This Amendment shall become effective upon execution by the County and it shall terminate simultaneously with the termination of the Agreement.

Notwithstanding anything in this Amendment to the contrary, neither the Agreement nor this Amendment may be amended, supplemented or otherwise modified, and no provision of the Agreement or this Amendment may be waived, unless all necessary MLB Approvals have been obtained in advance.

9. ASSIGNMENT.

This Amendment, or any interest in this Amendment, must not be assigned, transferred or otherwise encumbered, under any circumstances by Rays without the prior written consent of County.

Methodology

The following research project was undertaken at the request of Charlotte County's Board of County Commissioners.

The research's objectives, as documented in the survey questionnaire (approved by the contracting parties), reflect the full scope of the project undertaken. The principal purpose of this study was to document the economic impact of the 2021 Tampa Bay Rays Spring Training season. In this context, the study tabulates and profiles both tourist/visitors and day-trippers who came to the area for Spring Training games.

The **findings of the study are based on 193 face-to-face interviews** conducted with randomly selected fans at 2021 Tampa Bay Rays Spring Training games. Our economic impact calculations address non-Charlotte resident game attendees. *Please note that the economic impact estimates detailed in the following report only include fan spending. They do not address the spending of the stadium, the Tampa Bay Rays team, visiting teams, or media in the destination.*

Research Data Services, Inc. is responsible for the design and analysis of this project. The research was implemented by staff interviewers, trained, and supervised by **RDS** professionals. The study questionnaire, processing softwares, optical scanning programs, and related materials developed and used in and for this project, as well as this report are protected by the copyright laws of the United States of America.

Summary of Research Findings

The objective of the Tampa Bay Rays’ Spring Training research was to document the economic impact of the team’s 2021 season. The 2021 Spring Training season was significantly impacted by the COVID-19 pandemic. The team schedule was modified to limit travel and the Sports Park was operating at reduced capacity to ensure social distancing. Ticket sales, provided by the team, indicate that some 14,651 fans attended the 14 Tampa Bay Rays home Spring Training games in the Charlotte Sports Park between February 28, 2021 and March 28, 2021 (approximately 22% of 2019 attendance levels). Please note that the game scheduled for March 6, 2021 was rained out. **The total economic impact of fans attending 2021 Tampa Bay Rays Spring Training games is estimated to be \$3,536,500.**

The following, in summary, are the most salient findings of the research:

A. The Economic Impact of 2021 Tampa Bay Rays Spring Training on Charlotte County:

Estimated Attendee Economic Impacts	Direct Expenditures	Economic Impact
Overnight Charlotte County Visitors	\$1,625,000	\$2,478,100
Day-Trippers	<u>\$694,000</u>	<u>\$1,058,400</u>
Out-of-County Spring Training Attendees	\$2,319,000	\$3,536,500

Some 67.6% of overnight visitors say that attending a Spring Training game was a primary factor in bringing them to Charlotte County. The total economic impact of these visitors’ spending accounts for an estimated \$1,557,800 of value added to the destination. Overnight attendees, who stayed in paid accommodations and say Spring Training was a primary factor in their Charlotte visit, generated some 2,000 room nights for the County’s tourism industry. Commercial lodging visitors who came to the destination for reasons other than Spring Training, but attended a game as part of their Charlotte experience, represent an additional 1,200 room nights.

Additionally, residents and seasonal residents of Charlotte County spent an estimated \$215,600 attending Spring Training games.

Note: The above economic impact estimates solely include fan spending. They do not address the spending of the stadium, the Tampa Bay Rays team, visiting teams, or media in the destination.

B. Profile of Visitors Attending 2021 Tampa Bay Rays Spring Training games:

CITY OF BRADENTON RETAINED SPRING TRAINING FRANCHISE 2021 ANNUAL REPORT

The following information is presented to fulfill the requirements of State Statute 288.11631(4): Submission of a Retained Spring Training Franchise annual report. The City of Bradenton is in a long-term lease arrangement with Major League Baseball's Pittsburgh Pirates.

CRITERIA #1. *A "unit of local government" as defined in F.S. 218.369 is responsible for the acquisition, construction, management, or operation of the facility for a retained spring training franchise or holds title to the property on which the facility for a retained spring training franchise is located.*

The City of Bradenton, a 'unit of local government,' holds title to the properties on which the Pittsburgh Pirates' spring training facilities are located. The Pirates have two separate facilities – Pirate City and the former McKechnie Field, now known as LECOM Park.

CRITERIA #2. *The applicant has a verified copy of a signed agreement with a retained spring training franchise for the use of the facility for a term of at least 15 years.*

The City of Bradenton, in 2006, entered into a 30-year lease agreement with the Pittsburgh Pirates. The lease and development agreement are included with this report and include both Pirate City and LECOM Park.

CRITERIA #3. *The applicant has a financial commitment to provide 50 percent or more of the funds required by an agreement for the acquisition, construction, or renovation of the facility for a retained spring training franchise. The agreement can be contingent upon the awarding of funds under this section and other conditions precedent to use by the spring training franchise.*

Through the issuance of an \$18.6 million bond, the City of Bradenton provided more than 50% of the cost of renovating the Pirates' spring training facilities. Bradenton also contributes annually to a capital 'reserve' fund for continued improvements to the facilities. In addition to the improvements made in 2007, a \$10 million renovation to McKechnie Field (LECOM) was made in 2012, leading *Ballpark Digest* to honor McKechnie Field as the "Best Ballpark Renovation" of 2013, the Best Florida Spring-Training Park of 2017, and the Best High-A Minor League Stadium in Florida in 2018. In 2017 a \$999,507 contribution from the TDC resulted in the installation of a new scoreboard at LECOM Park. Additionally, a Grant from the Department of Economic Development resulted in the construction of an additional field at the Tournament Sports Park at Pirate City. Ahead of the 2019 Spring Training Season the City of Bradenton used the capital 'reserve' funds for two improvement projects at LECOM Park, which included redoing the field to improve drainage and a dugout expansion. In 2020, the City of Bradenton used CARES Act funds received from Manatee County in the amount of \$215,235 to make health and safety updates to LECOM Park such as: touchless faucets, touchless flush valves, touchless soap dispensers and touchless payment systems, as well as health and safety signage and sanitization products.

CRITERIA #4. *The applicant has projections, verified by the Office of Tourism, Trade, and Economic Development, which demonstrate that the facility for a retained spring training franchise will attract a paid attendance of at least 50,000 annually.*

The Pirates' facilities host both Major League spring training AND the Bradenton Marauders, the Pirate's "A" club of the Florida State League. As reported by the Florida Grapefruit League, the 2021 Spring Training Season was revised due to the Coronavirus Pandemic by limiting the number of games played

and the number of fans allowed in attendance at each game. Despite this, annual attendance at LECOM Park for 2021:

Pirates: 15 home games. 25,104 total attendance.

Marauders: 54 games. 37,962 in attendance

CRITERIA #5. *The facility for a retained spring training franchise is located in a county that is levying a tourist development tax pursuant to F.S. 125.0104.*

The City of Bradenton is located in Manatee County, which levies a 5% tourist development tax.

Respectfully submitted,

Rob Perry, City Administrator

THIS LEASE AND OPERATING AGREEMENT (this "Lease") is made and entered into as of the 28th day of December, 2006 (the "Effective Date") by and between THE CITY OF BRADENTON, a municipal corporation of the State of Florida (the "City"), and PITTSBURGH ASSOCIATES, a Pennsylvania general partnership (the "Team").

RECITALS:

- A. The City owns McKeechie Field (as defined below) and Pirate City (as defined below).
- B. The Team owns and operates a major league professional baseball team known as the Pittsburgh Pirates and is affiliated with minor league professional baseball teams in various cities throughout the United States.
- C. The Team has been using McKeechie Field and Pirate City pursuant to the Existing Lease (as defined herein).

- E. It is in the City's best interest to enter into this Lease because of the substantial revenues that will be earned by the City's residents and businesses from the sale of goods and services necessary to supply the personnel engaged in the activities of the Team, because of the substantial tourist business such activities will attract and because of the substantial publicity and goodwill that the City will receive in the cities whose baseball teams are training in the City.

NOW, THEREFORE, in consideration of the mutual promises, undertakings and covenants hereinafter set forth, and intending to be legally bound hereby, the City and the Team covenant and agree as follows:

(d) No Violations of Laws. The Team has not received written notice as of the date of execution of this Lease asserting any noncompliance in any material respect by the Team with Legal Requirements, and the Team is not in default with respect to any judgment, order, injunction or decree of any court, administrative agency, or other Governmental Authority that is in any respect material to the transactions contemplated in and by this Lease.

Section 13.2 Additional Documents and Approval.

(a) The Parties, whenever and as often as each shall be reasonably requested to do so by the other Party, shall execute or cause to be executed any further documents and take any further actions as may be reasonably necessary or expedient in order to consummate the transactions provided for in, and to carry out the purpose and intent of, this Lease. Section 13.3 Good Faith.

In exercising its rights and fulfilling its obligations under this Lease, each of the Parties shall act in good faith. Notwithstanding the foregoing, each Party acknowledges that in each instance under this Lease where a Party is obligated to exercise good faith or to use good faith, diligent or other similar efforts, such Party shall not be required to expend any funds, or grant any other consideration of any kind, in the performance of such undertaking, and each Party further acknowledges that the obligation of any Party to act in good faith, or undertake good faith, diligent or other similar efforts does not constitute a warranty, representation or other guaranty that the result that the Parties are attempting to achieve shall be successfully achieved and no Party shall be liable for any failure to achieve the result or results intended so long as the Party has complied with its obligation to act in good faith.

Notices sent by a Party's counsel shall be deemed notices sent by such Party.

Section 13.5 Force Majeure.

An extension of time for such cause, if any, shall be limited to the period of delay due

to such cause, which period shall be deemed to commence from the time of the commencement of the cause, provided that, if notice by the Party claiming such extension is sent to the other Party more than thirty (30) days after the commencement of the cause, the period shall be deemed to commence thirty (30) days prior to the giving of such notice. The form of the Resolution is attached to this Official Statement as APPENDIX C. The descriptions of the Series 2016 Bonds, the documents authorizing and securing the same, and the information from various reports and statements contained herein are not comprehensive or definitive. All references herein to such documents, reports and statements are qualified by the entire, actual content of such documents, reports and statements. Copies of such documents, reports and statements referred to herein that are not included in their entirety in this Official Statement may be obtained from the City.

THE CITY

The City, incorporated in 1903, is located on the west coast of Florida, in Manatee County (the "County"), approximately forty miles south of Tampa on the southern reaches of Tampa Bay. The City encompasses 14.55 square miles and has a population of approximately 32,534. The City provides a full range of services including police, fire, planning and development, water, sewer, solid waste and recycling services, as well as providing cultural and recreational facilities. For additional information concerning the City, see "APPENDIX A - General Information Regarding the City of Bradenton and Manatee County, Florida" attached hereto.

PLAN OF REFUNDING

Pursuant to the Bond Resolution, the City has determined it to be in its best interest to refund the Refunded Bonds currently outstanding in the amount of \$14,705,000 with proceeds from the Series 2016 Bonds and other legally available moneys of the City.

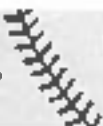

Concurrently with the delivery of the Series 2016 Bonds, proceeds from the Series 2016 Bonds, together with other legally available moneys of the City, shall be deposited into an escrow deposit trust account (the "Escrow Account") pursuant to the terms and provisions of the Escrow Deposit Agreement between the City and U.S. Bank National Association, Orlando, Florida, as Escrow Agent thereunder (the "Escrow Deposit Agreement"). The moneys deposited pursuant to the Escrow Deposit Agreement shall be applied to the purchase of certain United States Treasury obligations (the "Escrow Securities") so as to produce sufficient funds to pay the principal of, and interest on the Refunded Bonds as the same become due or are earlier redeemed. The Refunded Bonds will be called for redemption on September 1, 2017 (the "Redemption Date") at a redemption price of 100% of the principal amount of such Refunded Bonds, plus accrued interest to the Redemption Date. Upon the deposit of such moneys in the Escrow Account, in the opinion of Bond Counsel, rendered in reliance upon certain mathematical computations performed by Raymond James & Associates, Inc., the Underwriter, as verified by Integrity Public Finance Consulting LLC, Jacksonville, Florida (the "Verification Agent") as described below, the Refunded Bonds shall be deemed to be paid and shall no longer be deemed to be secured by or entitled to the benefits of the Resolution pursuant to which they were issued. The Verification Agent is a wholly owned subsidiary of Bryant Miller Olive P.A. The holders of the Refunded Bonds shall be entitled to payment solely out of the moneys and Escrow Securities deposited pursuant to the Escrow Deposit Agreement. The moneys and Escrow Securities on deposit in the Escrow Fund will not be available for payment of the Series 2016 Bonds.

Upon delivery of the Series 2016 Bonds, the Verification Agent will verify the accuracy of the arithmetical computations of the adequacy of the maturing principal amount of, and interest on the Escrow Securities, together with any uninvested amounts, to be held in the Escrow Account to pay the

principal and interest on the Refunded Bonds on the Redemption Date, and the "yield" on the Series 2016 Bonds and on the Escrow Securities considered by Bond Counsel in connection with its opinion that the Series 2016 Bonds are not "arbitrage bonds" within the meaning of Section 148 of the Code, as amended. See "VERIFICATION OF MATHEMATICAL COMPUTATIONS" herein.

In reliance upon the above-referenced schedules, at the time of delivery of the Series 2016 Bonds, Bond Counsel will deliver to the Underwriter and the City an opinion to the effect that all covenants, agreements and other obligations of the City to the holders of the Refunded Bonds have ceased, terminated and become void and are discharged and satisfied.

MiLB playoffs, extended season on tap

by [Kevin Reichard](#) on [July 2, 2021](#) in [Minor-League Baseball, News](#)

We will have some **Minor League Baseball playoffs** this season at three levels, while the **Triple-A season** has been extended by two weeks, as the improvisational nature of the **2021 MiLB season** continues

When the 2021 MiLB season was announce after the grand reorganization, playoffs were not on the agenda. But, since we're making up things as we go along, we'll see playoffs at the Double-A, High-A and Low-A levels, as the top two teams in each league will face off in a best-of-five series beginning Sept. 21. (Winning your division won't get you into the playoffs.) Everyone else will be heading home after the end of the regular season on Sunday, Sept. 19.

In Triple-A, we won't see playoffs, but we will see a two-week extension of the 2021 season. In Triple-A East, the first additional five-game series will begin on Sept. 22, while in Triple-A West the first additional five-game series will begin on Sept. 23. Both leagues will see a series-ending five-game series begin Sept. 29 and end on Oct. 3—the same date the MLB season ends.

The specifics of the additional two weeks of play have not been posted by MiLB or teams. Given the emphasis on containing costs this year, one can imagine it will be a home-and-away series based geographic proximity. These additions will please fans and broadcasters yearning for playoffs, but in a season where many owners have operated under very trying conditions, there wasn't a whole lot of enthusiasm among front-office folks we chatted with who are faced with additional expenses at a time of year when it's hard to get fans out to the ballpark.

The expanded playoffs was first reported on [MiLB.com](https://www.milb.com).

Major League Baseball's revised Spring Training schedule begins on Sunday, February 28, with 14 Florida Grapefruit League teams in action.

Developed with health and safety considerations in mind, Florida Grapefruit League teams will play under a regionalized schedule within Florida to mitigate travel.

MLB has revised the 2021 Florida Spring training schedule by creating pods for Florida Grapefruit League games to separate teams by their sites on Florida's east and west coasts. This move will reduce cross-state travel concerns during the covid-19 pandemic.

Teams were divided into three groups for the Grapefruit League season to eliminate longer bus rides:

Florida East Coast: Houston Astros, Washington Nationals (West Palm Beach), Miami Marlins, St. Louis Cardinals (Jupiter), New York Mets (Port St. Lucie)

Florida West Coast: Baltimore Orioles (Sarasota), Detroit Tigers (Lakeland), New York Yankees (Tampa), Philadelphia Phillies (Clearwater), Pittsburgh Pirates (Bradenton), Toronto Blue Jays (Orlando)

Southwest Florida: Atlanta Braves (North Port), Baltimore Orioles (Sarasota), Boston Red Sox, Minnesota Twins (Fort Myers), Pittsburgh (Bradenton), Tampa Bay Rays (Port Charlotte)

Baltimore, based in Sarasota, and Pittsburgh, in Bradenton, are part of both West Coast groups.

The west coast pod is split into north and south divisions with teams playing 28 games. The east coast pod features five teams playing 24 games.

Spring training games until March 13 may be shortened to five or seven innings if agreed upon by both managers. The completion of innings will not be required if a pitcher has thrown at least 20 pitches. Pitchers also will be permitted to re-enter games after being removed during spring training.

Fan interaction with players before the game is also prohibited.

From 2021 Florida Grapefruit League Season to the All Star Break

The old saying of hindsight is 20/20 may or may not apply to how things have gone with Major League Baseball teams from their time in Florida Spring Training through the All-Star break.

But it's always fun to see how things were going on April 1 to July 13. Let's take a look.

After a fourth place finish in 2020, the Boston Red Sox were not given much of a chance to compete in tall he tough American League East Division in 2021.

At the All-Star break, it's the Red Sox who are wagging their finger at the prognosticators with a AL East leading 55-36 record. This all comes after Boston posted a Florida Grapefruit League-leading 16 wins at Jet Blue Park, in Fort Myers, and other Southwest Florida spring training sites.

On the flipside, the Houston Astros left the Ballpark of the Palm Beaches after struggling through a 6-14 Spring Training record.

Well, whaddya know? The Astros are now leading the American League West with 55-36 record.

Florida Grapefruit League Records vs. All Star Game Break Record

Toronto Blue Jays	16-9	46-42, 3rd AL East
Boston Red Sox	16-11	55-36, 1st AL East
Atlanta Braves	15-13	44-45, 3rd NL East
Miami Marlins	14-5	39-50, 5th NL East

NY Yankees	14-12	46-43, 4th AL East
Detroit Tigers	13-12	40-51, 3rd AL Central
Pittsburgh Pirates	13-14	34-56, 5th NL Central
Tampa Bay Rays	13-15	53-37, 2nd AL East
Philadelphia Phillies	12-15	44-44, 2nd NL East
NY Mets	11-11	47-40, 1st NL East
Minnesota Twins	11-15	39-50, 4th AL Central
Washington Nationals	10-9	42-47, 4th NL East
Baltimore Orioles	10-17	26-61, 5th AL East
St. Louis Cardinals	8-10	44-46, 1-3rd NL Central
Houston Astros	6-14	55-36, 1st, AL West

Individuals from Florida Grapefruit League to All Star Break

Pittsburgh's Ke'Bryan Hayes led all Major Leaguers in Spring Training with a .431 batting average. It seemed to carry over into the regular season as Hayes hit a home run in his first at bat of the 2021 regular season, but through July 11, Hayes has a .262 batting average in 130 AB, with four home runs and 18 RBI.

Hayes is the son of former MLB player, Charlie Hayes, who won a World Series title with the New York Yankees 1996 team. He recorded the final out of the Series win against the Atlanta Braves catching a fly ball in 3rd base foul territory.

Boston Red Sox first baseman, Bobby Dalbec, led the Florida Grapefruit League with 7 home runs and 16 rbi during the month of March. Through July 11, he has sent the ball out of the park for 10 Home Runs and 36, RBI in 242 AB. Now in his second season with the Red Sox, he already has a career high in home runs and is one of seven Boston hitters with double digit home runs

On the mound, Minnesota's Kenta Maeda, allowed only one earned run in 18.1 IP, for an 0.49 ERA and 22 strikeouts against one walk in Florida Spring Training action. After heading north to Minneapolis, Maeda has made 14 starts and compiled a 4-3 record with a 4.66 ERA, and 71 strikeouts

Miami's Sandy Alcantara made six Florida Spring Training starts, pitched 20.1 innings with 27 strikeouts while compiling a 1.33 ERA. Proving his reliability, Alcantara currently leads MLB with 19 starts, for a 5-8 record, 116.2 IP, 3.09 ERA, 102K

The Toronto Blue Jays also won a Florida Grapefruit League-leading 16 games and that success and popularity carried over into three American League starts in the 2021 All Star Game. Fans in Dunedin even got a few regular-season opportunities to see Vladimir Guerrero, Jr., Marcus Semien and Teoscar Hernandez prior to the Mid-Season Classic.

Check out the 10 elected starters in tomorrow night's All Star Game who began their seasons in March in the Florida Grapefruit League.

Minor League Baseball in Florida Returns to the Field in 11 Locations Statewide

After missing out on the 2020 Minor League Baseball season, Florida's minor league affiliates return to the field this week in 11 Florida locations.

While the Low-A Southeast League, formerly the Florida State League, has the most teams with 10, Florida also boasts a Double-A and Triple-A team. Florida's 12 teams give the state's baseball fans a look to the future of Major League Baseball.

The 021 season started on Tuesday, May 4 and runs through September 19. Nine of the Low A Southeast teams compete in the Spring Training home of their parent club; the only team that does not, the Daytona Tortugas, play at historic Jackie Robinson Ballpark.

Keeping the talent close by, Florida's Double- and Triple-A Minor League teams are affiliates of the Miami Marlins.

Here's a preview of each of Florida's 12 Minor League Baseball Teams.

Low A Southeast League East Division

Daytona Tortugas – Cincinnati Reds affiliate since 2015

Jackie Robinson Ballpark

Manager: Travis "Gookie" Dawkins

Website: www.milb.com/daytona

Jackie Robinson Ballpark is the oldest of all Minor League Ballparks. It opened in 1914 as City Island Ballpark and its first Minor League tenant was the Daytona Islanders (Florida State League, 1920). When City Island Ballpark opened during the Woodrow Wilson administration, it was little more than a playing field and wooden bleachers. Of course, many improvements have occurred since, the most recent being an HD videoboard to complement the vintage hand-operated scoreboard in left field.

Jupiter Hammerheads – Miami Marlins affiliate since 2002

Roger Dean Chevrolet Stadium

Jorge Hernandez, Manager

Website: www.milb.com/jupiter

Roger Dean Chevrolet Stadium is the only facility in the country to house two affiliated Minor League teams with the Jupiter Hammerheads, Low-A affiliate of the Miami Marlins, and Palm Beach Cardinals, Low-A affiliate of the St. Louis Cardinals, both playing their Low-A Southeast games at the Jupiter complex.

Palm Beach Cardinals – St. Louis Cardinals affiliate since 2003

Roger Dean Chevrolet Stadium, Jupiter

Jose Leon, Manager

Website: www.milb.com/palm-beach

Baptist Health has been named as the Presenting Partner of the 2021 Low-A Southeast season at Roger Dean Chevrolet Stadium. With this continued partnership, Baptist Health will have a strong presence at Roger Dean Chevrolet Stadium through marquee signage and in-game features, social/digital media, and print marketing materials for the Low-A Southeast season, which runs May through September. The league has an enriched history in Palm Beach County with a presence dating back to 1928.

St. Lucie Mets – New York Mets affiliate since 1988

Clover Park, Port St. Lucie

Reid Brignac, Manager

Website: www.milb.com/st-lucie

St. Lucie Mets have launched the St. Lucie Mets Community Market. The mission of the Market is to promote and support regional artists, crafters and food vendors by providing a viable and productive market place where local producers can create mutually beneficial interactions with area residents and visitors. There are over 30 vendors ranging from food, crafts, artists and vegan/all-natural products that will be involved. The Community Market will take place two Sundays per month. Parking and entry to the market is free. Future Community Market dates are May 9th, May 23rd, June 6th and June 20th.

West Division

Bradenton Marauders – Pittsburgh Pirates affiliate since 2010

LECOM Field

Jonathan Johnston, Manager

Website: BradentonMarauders.com

The Marauders plan to feature local area non-profit organizations and small businesses for Friday and Saturday games at LECOM Park in 2021. The Marauders will partner with the Manatee Chamber of Commerce, the Manasota Black Chamber of Commerce, and the Gulf Coast Latin Chamber of Commerce to promote the program.

Clearwater Threshers – Philadelphia Phillies affiliate since 1985

BayCare Ballpark

Milver Reyes, Manager

Website: www.ThreshersBaseball.com

The Opening Weekend at BayCare Ballpark features a Pint Glass Giveaway on Friday night, May 7, and a post-game fireworks show on Saturday, May 8. Both games, against the Lakeland Flying Tigers begin at 6:30 p. m.

Dunedin Blue Jays – Toronto Blue Jays affiliate since 1987

TD Ballpark

Luis Hurtado, Manager

Website: www.milb.com/dunedin

While the parent club, the Toronto Blue Jays, playing regular season home games at TD Ballpark, the Dunedin Blue Jays, or D-Jays, will play games away from their Dunedin home. The D-Jays first home game at TD Ballpark is currently scheduled for June 1 against the Bradenton Marauders.

Fort Myers Mighty Missels – Minnesota Twins affiliate since 1992

Hammond Stadium at CenturyLink Complex

Brian Meyer, Manager

Website: www.milb.com/fort-myers

The Missels franchise has been affiliated with the Twins since the team moved to Ft. Myers for spring training in 1992. Since that time, many Twins greats have passed through the system in Fort Myers, including Torii Hunter, Joe Mauer, Justin Morneau, Miguel Sano, Max Kepler, Jose Berrios and Byron Buxton.

Lakeland Flying Tigers – Detroit Tigers affiliate since 1967

Publix Field at Joker Marchant Stadium

Brayan Pena, Manager

Website: www.milb.com/lakeland

The Lakeland Flying Tigers have been a Detroit affiliate since 1967 at Publix Field at Joker Marchant Stadium, tied with the Reading Fightin Phils for the longest affiliation in all of Minor League Baseball. But the city's Minor League history dates back far longer than that, as Lakeland was a charter member of the Florida State League. The Lakeland Highlanders operated from 1919-26, spending a portion of that time at a ballpark now known as Henley Stadium, which is still in operation, south of their current location.

Tampa Tarpons – New York Yankees affiliate since 1994

George M. Steinbrenner Field

David Adams, Manager

Website: www.milb.com/tampa

Prior to the 2018 season, Tampa's FSL team changed its name from the Yankees to the Tarpons. This moniker hearkened back to a previous era of the city's league history, as a previous iteration of the Tampa Tarpons existed from 1957-88. This team was a Cincinnati Reds affiliate for most of its existence, and notable alumni included the likes of Johnny Bench and Pete Rose.

Triple – A East

Southeast Division

Jacksonville Jumbo Shrimp – Miami Marlins affiliate since 2009

121 Financial Ballpark

Manager: Al Pedrique

Website: www.jaxshrimp.com

The Jumbo Shrimp embraces the heart of Jacksonville's identity and baseball heritage that dates back to 1904. As Florida's largest city, yet in many ways a richly connected and close-knit community, Jacksonville is truly a Big Small Town. It has unique water geography as the River City on the First Coast. The Jacksonville Jumbo Shrimp represents those themes and expresses the affordable family fun of Minor League Baseball.

Other Triple A East Southeast Division teams: Charlotte Knights (White Sox); Durham Bulls (Rays); Gwinnett Stripers (Braves); Memphis Redbirds (Cardinals); Nashville Sounds (Brewers); Norfolk Tides (Orioles)

**Double – A South
South Division**

Pensacola Blue Wahoos – Miami Marlins affiliate since 2021
Blue Wahoos Stadium, recently named "Best View in Double-A Baseball."
Manager: Kevin Randel

Website: www.bluewahoos.com

Only one roster can claim two different Top 25 overall prospects, and that one belongs to the Marlins affiliate in Pensacola. Miami bet on tools with each of its last two first-round picks. J.J. Bleday led NCAA Division I in homers as a junior at Vanderbilt before the Fish took him fourth overall in 2019. Max Meyer sported a plus-plus fastball and similar 70-grade slider at Minnesota before he went third overall last year.

Other Double A South, South Division Teams: Biloxi Shuckers (Brewers), Mississippi Braves (Braves); Montgomery Biscuits (Rays)

LECOM PARK

The southern home of the Pittsburgh Pirates serves as a catalyst within the organization while remaining a centerpiece within the community.

The heart of operations lies within LECOM Park. From game day to graduation, this facility is home to more than baseball. As one of the oldest ballparks in America, LECOM Park has been able to continue to be a bench mark for stadium operations. Two years in a row it has captured the Best of the Ballparks Award for High-A baseball. The ballpark has developed a relationship within the industry and community as being a top tier facility for safety and guest experience.

To maintain this level of service it has underwent various renovations over the years. Most recently, an extension of the netting was installed to protect fans from foul balls as they exited the playing surface. Adjustments like this are key to help maintain a safe and friendly environment that is welcoming to all. As we navigate a new era of health and safety standards, LECOM Park once again faces new challenges.

LECOM PARK EVENTS

As the southern home of the Pittsburgh Pirates the team will play 15-18 games per year at LECOM Park. Spring Training attracts 90,000+ fans a year coming from all over America. In addition the Bradenton Marauders (Pirates High-A Affiliate) hosts 70 games per year with 70,000+ fans attending between April and September.

Outside of baseball a variety of events is hosted. Bluesfest will take over the park in December and welcome guests from 10 foreign countries, 35 states and 225 zip codes. USA Baseball's U-18 World Cup is being hosted in conjunction with Manatee and Sarasota Counties in September of 2021. This event will attract people from 12 countries. Smaller capacity events such as county graduations will host 1500+ parents, family and friends from each high school in Manatee County. Birthday parties, anniversary parties, company picnics and much more also help bring the heart of the community center (stage) field at LECOM Park.

CHALLENGES DUE TO COVID-19

In compliance with the Centers for Disease Control (CDC), self-automated sanitizing stations, social distancing markers and health safety signage has been implemented throughout the facility. In addition, guests and staff are being required to wear face masks and staff go through daily health screenings. A new plan for increasing cleaning efforts is being formed along with the implementation of new techniques being applied. As LECOM Park seeks to enhance the guest experience while maintaining optimal health and safety standards there remain items that need to be implemented to fulfill the best standards.

LECOM Park aims to be a home to whomever enters the gates. We hope you will join us in adjusting to our present and preparing for our future as we open the gates to not just Floridan's but many from across the world. We are requesting financial assistance through the Cares Act and request that you review and consider for approval the following line items:

3. Term.

3.1 Initial Term. The initial term of this Agreement shall commence ("Commencement Date") on the later of (i) January 1, 2003 or (ii) the date on which the entire Sports Facility is "Complete" (as defined in the SFDA) and shall end on December 31 of the year in which occurs The Phillies' twentieth full Spring Training Season at the Sports Facility. The "Term" shall mean the initial term as such term may be extended, renewed or terminated as provided for in this Agreement.

3.2 Rights of The Phillies Prior to Commencement Date. This Agreement becomes effective as of the date hereof. Prior to the Commencement Date, The Phillies shall have all rights hereunder necessary or convenient to enable The Phillies to prepare for its operations at the Sports Facility during the Term and to the exercise of the approvals and consents granted to it hereunder and under the SFDA, including, without limitation, the right to enter onto the Sports Facility. The Phillies' rights, obligations, and duties pursuant to Section 13 shall be applicable to any such activities of The Phillies at the Sports Facility prior to the Commencement Date.

3.3 Options to Renew. The Phillies shall have, and the City hereby grants to The Phillies, the option of renewing this Agreement and of extending the initial term for an additional five-year period, on the same terms as are set forth in this Agreement. That option shall be exercisable by The Phillies by written notice to the City not less than one year prior to the then scheduled expiration of the Term; provided that the option may not be exercised at a time when The Phillies are in Default

hereunder. If The Phillies duly exercise that option and if the parties hereto shall thereafter so agree, this Agreement may be extended for three additional five-year periods, on such terms as may be contained in such future agreements to extend.

3.4 Jack Russell Stadium Lease. The lease between the City and The Phillies relating to Jack Russell Stadium, as heretofore and hereafter amended, shall, without further act or deed, end on the Commencement Date, as if the Commencement Date had been expressly fixed in that lease as the last day of the term thereof.

4. Certain Covenants of the Parties.

4.1 Ownership of Sports Facility. The City covenants and agrees that, at all times during the Term, the Sports Facility will be owned by the City, with complete and sufficient right to make use of the Sports Facility available to The Phillies on the terms and with the rights herein provided, subject only to restrictions of record as of the date hereof as reflected in the title report delivered by the City pursuant to the SFDA. This Agreement does not create or grant any real property interest or similar right, title or interest in the Sports Facility to The Phillies or any of its Affiliates.

4.2 Delivery of the Sports Facility. Subject to the timely completion of all actions required of The Phillies under the SFDA, the City covenants and agrees to make the Sports Facility available for The Phillies' use on the Commencement Date, in a new, clean and completed condition, and that the Sports Facility, in its condition as existing on the Commencement Date, shall be in full compliance with all applicable Legal Requirements then in effect, all in accordance with the SFDA.

4.3 Home Field Commitment. Subject to Force Majeure and the requirements of any MLB Agreements and so long as City is not in Default, The Phillies covenants and agrees that it shall, during the Term, utilize the Stadium as its "home field" for all Home Games; provided,

however, nothing contained herein shall limit The Phillies' right to be occasionally designated and act as home team for games at venues other than the "home field" of either participating team (recent examples of which have been games played in Las Vegas and Seattle).

4.4 Florida State League Commitment. Subject to Force Majeure and the requirements of any MLB Agreements and so long as the City is not in Default, The Phillies covenants and agrees that it will during the Term cause a Minor League Affiliate in the Florida State League to play its regularly scheduled home games at the Sports Facility during the first three full Florida State League seasons following the commencement of the Term.

4.5 Environmental Laws Indemnity. The City covenants and agrees to indemnify, defend and hold harmless The Phillies from any liabilities arising under the Environmental Laws from the use of the Sports Facility by Phillies Users as contemplated by this Agreement, except to the extent such liabilities may be caused by the wrongful or negligent act of a Phillies User.

5. Use of Sports Facility. The exclusive right to use the Sports Facility shall throughout the Term be vested solely in The Phillies and its Affiliates and its and their partners, officers, employees, licensees, franchisees, independent contractors and permittees ("Phillies Users"), subject only to the limitations and exceptions hereinafter in this Section specifically set forth.

5.1 Phillies Use. The Phillies Users may use the Sports Facility only for the following purposes:

5.1.1 For all MLB Spring Training Season operations, including without limitation playing Home Games, so-called "B games" and intra-squad games and training and player development activities.

5.1.2 For all Minor League spring training season operations, including without limitation playing home games and intra-squad games and training and player development activities.

5.1.3 For all Minor League regular season operations, including without limitation playing Florida State League and Gulf Coast League home games and intra-squad games and training and player development activities, and any Minor League playoff and championship games and Minor League all-star games.

5.1.7 To use the Office Space for any office uses, in the pursuit of any aspect of the business and operations of the Phillies Users whatsoever.

5.1.8 To use the Commercial Space as a restaurant/sports bar, souvenir/sporting goods store and/or other synergistic uses open to the general public.

5.1.9 For Phillies Events.

5.1.10 For Civic Events sponsored by The Phillies, alone or with the City.

5.1.11 For any other lawful purpose directly or indirectly related to any of the foregoing uses.

5.2 Public Uses. Subject to Section 5.3, City shall have the right to authorize use of the Sports Facility for these, and only these purposes (the "Public Uses"):

5.2.1 For baseball and softball games played without an admission charge by St. Petersburg Junior College, Clearwater's two public high schools and youth baseball and like organizations; provided, however, that the user shall reimburse The Phillies for the cost of The Phillies Maintenance Obligations allocated to such games played other than by St. Petersburg Junior College and Clearwater High School.

5.2.2 For any other Civic Events proposed by the City and approved by The Phillies, such approval not to be unreasonably withheld.

5.2.3 For Partnership Events, at the rate of up to twelve per calendar year during the Term.

5.2.4 For Disaster Staging Uses.

5.3 Limitations on Public Uses. The Public Uses shall be subject to the following limitations:

5.3.1 Public Uses shall be limited to those areas of the Sports Facility that are necessary and appropriate therefor in each instance and in no event shall use be made of the Phillies Exclusive Use Areas (of which The Phillies are hereby granted the exclusive right to use). Whether the Commercial Space and/or the Concession Facilities shall be operated during Events which constitute Public Uses (any such operations to be effected solely by The Phillies and/or any concessionaire of The Phillies) shall be determined by The Phillies at its discretion; provided, however, that when requested by the City in respect of any Events which constitute the Public Uses where attendance is reasonably projected to exceed 200, Concession Facilities shall be opened by

The Phillies, to the extent that The Phillies deem appropriate, based on a reasonable estimate of attendance.

5.3.2 The City shall make mutually satisfactory arrangements in advance with The Phillies, for The Phillies to provide (but at the expense of the City) appropriate staffing and operations during each Event which constitutes a Public Use, such as ticket takers, ushers, parking attendants, food and beverage preparers and servers, security and paramedical personnel.

5.3.3 Each Public Use may be scheduled only at a time that is reasonably acceptable to The Phillies, it being understood that each of the uses specified in Sections 5.1.1 through 5.1.6 inclusive shall have absolute scheduling priority over every Public Use, except Disaster Staging Uses.

5.3.4 Each Public Use (other than those provided for in Section 5.2.1 and 5.2.4) shall be subject to The Phillies' prior approval, which may be withheld by The Phillies only if in its reasonable judgment conducting the Public Use at the Sports Facility would risk damage to the playing fields or cause unreasonable wear and tear to structures or, in the reasonable judgment of The Phillies, be inconsistent with the image of MLB and The Phillies.

5.4 Partnership Events. The City shall be responsible at its expense to book, manage and conduct significant Revenue Events at the Sports Facility, at a rate of at least six but not more than twelve per calendar year throughout the Term (each, a "Partnership Event"). For purposes hereof, a "significant Revenue Event" shall mean an Event, the reasonably anticipated net revenues from which are expected to be not less than \$15,000 (in 2003 dollars, subsequently adjusted by the CPI). The Phillies shall be responsible for ticket taking, food and beverage, merchandise and broadcasting

operations only, at prices set by The Phillies subject to the City's approval, not to be unreasonably withheld.

5.5 Disaster Staging Uses. The City may, in each instance of actual or imminently threatened natural disaster, use the Sports Facility as a staging area for disaster preparations, response or other related uses ("Disaster Staging Uses"), provided that (i) there will not be any cost to The Phillies and (ii) the City will immediately restore any resulting damage to the playing field or any other element of the Sports Facility caused as a result of the Disaster Staging Use. (Any loss caused by the natural disaster, as opposed to the City's Disaster Staging Use, is governed by Section 14 hereof.) The City shall not be responsible to The Phillies for any loss of revenue or consequential damages resulting from Disaster Staging Uses, except any attributable to its failure to duly effect any such restoration and restore full use of the Sports Facility to The Phillies immediately following the end of the disaster.

6. Use Fee. From and after the Commencement Date, The Phillies shall pay, in arrears, a use fee to the City at the rate of \$70,000 per calendar year during the Term, subject to adjustment pursuant to Section 6.1 (as so adjusted, the "Use Fee") and to offset pursuant to Section 6.2. The Use Fee for each calendar year during the Term shall be payable by March 31st of the following year.

6.1 Adjustment. The Use Fee for the second and each subsequent full calendar year during the Term shall be subject to an adjustment (a "CPI Adjustment"), for any change in the CPI Index between that for December of the year prior to the first such full calendar year and that for December of the year prior to the calendar year with respect to which the calculation is being made.

6.2 Offset. The Phillies may offset against and deduct from the Use Fee payable in respect of any whole or partial calendar year during the Term, the Offset Amount attributable to that period.

7. Revenues. Except as otherwise specifically provided in this Section 7, The Phillies alone shall be entitled to retain all revenues generated on and from the Sports Facility during the Term from all sources whatsoever, including by way of illustration but not limitation, all ticket, premium seating, luxury suite, food and beverage, signage, merchandise, broadcasting, sponsorship and parking revenues and all revenues from the operation of the Commercial Space and fantasy camps.

7.1 Revenues from Partnership Events and Civic Events. All ticket, food and beverage, merchandise, parking and broadcasting revenues generated on and from the Sports Facility (excluding only revenues derived from the Luxury Suites and the Commercial Space) attributable to each Partnership Event and each Civic Event, net of the direct incremental cost to The Phillies of operating and maintaining the Sports Facility (excluding the Luxury Suites and the Commercial Space) attributable solely to such use (which shall not include administrative or overhead costs or the like or any utility charges or other costs that would have been incurred irrespective of such use) will be: (i) in the case of Partnership Events, shared equally by The Phillies and the City, and (ii) in the case of Civic Events, will be retained by The Phillies (except for any net ticket revenues, which shall be distributed by The Phillies to the appropriate charitable, community or civic organization), in each case within thirty days following the Event. The Phillies shall institute a method of accounting for the collection and calculation of the net revenues collected in respect of Partnership Events and Civic Events and shall furnish to the City appropriate accounting statements in respect of such Events, which shall be prepared in accordance with generally accepted accounting

principles. The City may, upon reasonable notice and during normal business hours, examine, inspect and copy the books and records of The Phillies pertaining to such net revenues and, at its own expense, cause an audit to be performed of such pertinent books and records.

7.2 Naming Rights. The City hereby grants to The Phillies the power and authority from time to time during the Term to assign or license to a third party the right to name (i) all (e.g. "ABC Sports Facility" or "DEF Stadium") or (ii) portions (e.g. "GHI Bullpen" or "JKL Pavilion") of the Sports Facility and to retain all net proceeds therefrom. The term "net proceeds" for this purpose means the gross proceeds from the assigning or licensing of such naming rights less any direct costs associated with conducting the naming process and, in cases where any additional benefits (e.g. suite usage, tickets, stadium signage, advertising etc) may be included as part of the naming rights package and not separately priced, then the fair market value of such additional benefits shall also be deducted. The City shall have the right to disapprove any such name only, if in the City's reasonable judgment, such name is inconsistent with a wholesome public image for the Sports Facility. The net proceeds from any naming of the whole Stadium or the Sports Facility referred to in clause (i) (but not from any naming of portions thereof, as referred to in clause (ii)) shall be shared as follows: two-thirds to The Phillies and one-third to the City.

7.3 Signage During Partnership and Civic Events. Temporary signs identifying and promoting participants in or sponsors of Partnership Events or Civic Events may be displayed during the Event, provided, however, that: (i) no such signage shall relate to a product, service or Person which competes with the Person (or that one Person from time to time designated by The Phillies, at any time or times when there may be more than one such Person) for which all or any part of the Sports Facility is named or with that Person's products or services or with any products or services

designated by The Phillies as falling within either of up to two exclusive product categories (e.g. soft drinks, beer, banking etc) for the Sports Facility; (ii) no such display may obscure fixed signage then located in the Sports Facility; and (iii) the City shall be responsible at its expense for the removal thereof immediately upon conclusion of the Event.

8. Operation of the Sports Facility. Subject to Section 5.5, The Phillies shall have the sole right and obligation to operate the Sports Facility during the Term (which it shall do in a first-class manner and in compliance with all applicable Legal Requirements), including without limitation, the right and obligation to perform any ticket taking, food and beverage, merchandising, parking and broadcasting operations.

8.1 Operating Staff. The Phillies shall employ or retain all Persons necessary to discharge its operating responsibilities and shall bear the expense of their compensation.

8.2 Utilities. All electric, gas, water, sanitary sewer, storm sewer and trash disposal service provided to and used at the Sports Facility during the Term will be contracted for and either paid by the City or shall be provided by the City. The Phillies will reimburse the City for twenty-five percent of the total cost thereof as incurred by the City and at the rate charged to similar users, in the case of utilities supplied by the City, payable within thirty days of each monthly bill therefor from the City, accompanied by evidence of payment and/or of such rates so charged (such twenty-five percent reimbursements are herein referred to as the "Phillies Utilities Share")

8.3 Parking. In addition to operating all parking areas at the Sports Facility, The Phillies shall have the right to make arrangements for offsite parking for Events at the Sports Facility, including without limitation at the Carpenter Sports Facility, St. Petersburg Junior College and under the Florida Power Corporation right of way. For each Home Game, The Phillies will engage such

civic organization that the City shall propose (subject to The Phillies' approval, not to be unreasonably withheld) to staff the public parking areas at the Sports Facility and at any utilized offsite parking areas. The Phillies will pay to that organization for such services an honorarium of \$1,250 per Game, which figure shall be subject to a CPI Adjustment.

8.4 City Services. City will provide all appropriate City services at appropriate levels of coverage for all Events, including without limitation, police surrounding the Sports Facility for security and traffic control purposes and to prevent scalping and unauthorized sale of merchandise at the Sports Facility and paramedical services. (For this purpose, "scalping" shall mean the selling of tickets for more than \$1 above face amount, and the "unauthorized sale of merchandise" shall mean the sale of goods by a Person who has not been authorized by The Phillies to make such sales and the sale of unlicensed goods, whenever a license is required for such sale to be given by The Phillies, MLB or other holders of the marks embodied on such goods.) The Phillies will provide necessary security and paramedical services within the Sports Facility.

9. Maintenance and Repair of Sports Facility. The following provisions govern the maintenance and repair of the Sports Facility.

9.1 Phillies Cleaning and Maintenance Obligations. The Phillies shall have the obligation to keep the Sports Facility clean and to provide light housekeeping (e.g. changing bulbs, towels, etc) for the interior areas of the Sports Facility. The Phillies shall be responsible for the ordinary and customary day-to-day maintenance of the following (and only the following) portions of the Sports Facility: (i) the playing fields, (ii) the Phillies Exclusive Use Areas, (iii) the Luxury Suites, and (iv) the Commercial Space (together, the "Phillies Maintenance Obligations"). The City shall acquire for and supply to The Phillies all field care (e.g. clay, sod, sand, fertilizer and chemicals) and other

supplies necessary for The Phillies to discharge the Phillies Maintenance Obligations relating to the playing fields, and The Phillies shall reimburse the City for its actual out-of-pocket costs therefor. Notwithstanding anything herein to the contrary, any City employee providing City Services to the Sports Facility shall be operating under the direction and control of the City, and shall be subject to any applicable City rule, regulation or policy, provided however, that The Phillies may directly engage City employees during the off-duty time, in which case such City employees shall be deemed to operate under The Phillies control.

9.2 City Maintenance, Repair etc. Obligations. Except for The Phillies Maintenance Obligations, the City shall have the obligation to provide all maintenance, repairs, restorations, refurbishments and replacements, whether interior or exterior, structural or non-structural, routine or extraordinary, ordinary or capital in nature, as shall be necessary to keep the Sports Facility clean, safe and in good order, condition and repair, and in compliance with all applicable Legal Requirements and in first class condition and up to first class MLB spring training stadium standards at the time of reference, provided however, that (subject to Sections 14 and 15 hereof) this obligation shall not operate to require the City to construct a new Sports Facility, or to substantially reconstruct the Sports Facility during the Term hereof. The Consulting Engineer shall annually determine which capital repairs, restorations, refurbishments and replacements are needed to be done currently and which capital repairs, restorations, refurbishments and replacements shall be scheduled to be done in the future, and when. The costs of the Consulting Engineer shall be borne equally by The Phillies and the City. The determinations of the Consulting Engineer shall be conclusive on both the City and The Phillies.

9.3 Upgrading of the Sports Facility. The City shall from time to time, as needed, upgrade, modernize and otherwise improve the Sports Facility so that during the Term of this Agreement, the Sports Facility shall not only meet all applicable MLB standards but shall, in addition, include that level of amenities and technological facilities as is comparable at the time of reference to those of first class MLB spring training facilities of comparable age (such as Roger Deen Stadium in Jupiter, FL, City of Palms Park in Ft. Myers, FL and Hohokam Stadium in Mesa, AZ). Without limiting the generality of the foregoing, at such time as any technological improvements (e.g., video rooms) have been incorporated in at least two of those three comparable MLB spring training facilities, then the City shall install such technological improvements in the Sports Facility. However, this provision shall not require the City to expend monies within the last five years of the Term, unless The Phillies agree to (i) exercise the option to renew provided for in Section 3.3 hereof (in which event, if necessary, the one-year notice period for exercising such option shall be waived), or (ii) if the option to renew has already been exercised, The Phillies and the City agree to extend the Term by at least five years.

9.4 Sports Facility Manager. The Sports Facility Manager shall be responsible for the day-to-day oversight of the maintenance, repair and condition of the Sports Facility, and shall be the representative of the City with whom The Phillies may communicate. The Sports Facility Manager shall have authority to bind the City to the fullest extent permitted by law, provided, however, that the Sports Facility Manager shall not have the legal authority to bind the City to financial obligations without the prior approval of City's governing body.

9.5 Personnel. The City shall provide such level of qualified and properly trained personnel to perform its obligations under Section 9.2.

9.6 Capital Expenditures. The Consulting Engineer shall, by November 1 of each calendar year during the Term, submit to the parties his recommendation as to what capital repairs, refurbishments, restorations, replacements and upgrades are to be done currently and schedule those to be done in the future, which are necessary, in the judgment of the Consulting Engineer, in order for the City to fulfill its obligations under this Section 9. On December 1 of each calendar year during the Term the City shall furnish to The Phillies a capital expenditure schedule prepared by the City, with due regard to such recommendations, setting forth in detail the projected capital repairs and improvements expenditures scheduled for the following calendar year and shall appropriately budget any amounts necessary to do so. The Phillies shall be afforded the right to have input in the preparation of such schedule and it shall be subject to The Phillies' approval, which shall not be unreasonably withheld.

9.7 Action by The Phillies. Without limiting The Phillies' rights under Section 17, if The Phillies in good faith determines that any portion of the Sports Facility (excluding only the playing fields) is not being maintained and/or repaired by the City in accordance with the standards and requirements set forth in Sections 9.2, 9.3 and 9.6, The Phillies shall have the right, but not the obligation, to advance funds for or otherwise provide appropriate maintenance and/or repair, subject to the following provisions:

9.7.1 Notice Practicable. If practicable, The Phillies shall give written notice to the City specifying the nature of the required work, and the date by which The Phillies reasonably considers it necessary to commence such work following its receipt of such a notice:

(i) The City may commence such work prior to the date and time so specified by The Phillies and prosecute the same diligently to completion; if the City does so, The Phillies shall not undertake such work itself.

(ii) If the City disputes whether the requested work required to fulfill the City's obligations under this Agreement, the City shall so inform The Phillies in writing prior to the date and time specified by The Phillies in its notice. If the City gives timely notice, the dispute shall be submitted to Expedited ADR prior to the date and time specified by The Phillies in its notice.

(iii) If (a) the City does not commence such work prior to the date and time specified by The Phillies and prosecute the same diligently to completion, or (b) the City fails to give timely notice of a dispute, or (c) it is not practicable to submit the matter to Expedited ADR prior to the date and time specified by The Phillies in its notice, then in any such event, The Phillies may commence the work necessary to remedy the matter on an emergency basis and prosecute the same diligently to completion.

9.7.2 Emergency. If The Phillies in good faith determines that the work must be performed on an emergency basis (that is, it must be performed in order to prevent an imminent danger to health or safety or it is otherwise not practicable to give notice provided in this Section 9.7), then The Phillies may commence work to remedy the matter on an emergency basis and prosecute the same diligently to completion.

9.7.3 Payment to The Phillies. The City shall promptly reimburse The Phillies on demand for any amounts expended pursuant to this Section 9.7 (including interest at the Default Rate from the date that is 30 days after the date of demand until paid if such amount is not paid by the 45th

day following the date of demand). If the City disputes that the work was required to fulfill the City's obligations hereunder, Expedited ADR shall be convened to resolve the dispute.

(i) If and to the extent it is determined by Expedited ADR that work was not required to fulfill the City's obligations hereunder, then The Phillies shall not be entitled to any reimbursement for any sums expended by The Phillies.

(ii) If and to the extent it is determined by Expedited ADR that the work was required to fulfill the City's obligations hereunder, then the City shall immediately reimburse The Phillies for all sums expended by The Phillies on the work, plus interest at the Default Rate.

9.8 Surrender. At the termination of this Agreement, by lapse of time or otherwise, The Phillies shall surrender possession of the Sports Facility to the City and deliver all keys or such other access equipment or devices. In addition, The Phillies shall remove The Phillies' furniture, trade fixtures and other items of movable personal property of every kind and description from the Sports Facility and restore any damage caused thereby, such removal and restoration to be performed prior to the end of the Term or within sixty days following any earlier termination of this Agreement. If The Phillies fail to remove any such items, the City may do so, and The Phillies shall pay to the City upon demand the cost of removal and of restoring the Sports Facility. All obligations of The Phillies under this Section shall survive the expiration of the Term or sooner termination of this Agreement.

10. Alterations and Additions by The Phillies.

10.1 Minor Improvements. The Phillies shall have the right (following reasonable notice thereof to the City for its information only), but not the obligation, to make minor improvements to the Phillies Exclusive Use Areas without City's approval, consisting of any work, installation,

construction or the like which does not require a permit from any federal, state or local governmental agency (e.g., installation of additional shelving in the Office).

10.2 All Other Improvements. Except for the "minor improvements" described in Section 10.1, The Phillies shall not construct any improvements on or otherwise alter, change or improve any part of the Sports Facility, without the prior written consent of the Sports Facility Manager, upon such terms and conditions as he may reasonably deem necessary. Requests by The Phillies to construct any such improvements on or otherwise to alter, change or improve any part of the Sports Facility shall be presented to the Sports Facility Manager in written form and he shall act thereon within a reasonably prompt time. If the Sports Facility Manager gives his consent to The Phillies' undertaking such work (which consent shall not be unreasonably withheld), the consent shall be deemed conditioned upon The Phillies' acquiring any necessary permit to do so from applicable governmental agencies, furnishing a copy thereof to the Sports Facility Manager prior to the commencement of the work and complying with all conditions of said permit in a prompt and expeditious manner.

10.3 Ownership of Such Improvements. All improvements, alterations or other changes made by The Phillies to any part of the Sports Facility pursuant to this Agreement, other than that which is so affixed to the Sports Facility that it cannot be removed without material damage to it, shall remain the personal property or equipment of The Phillies and may be removed by The Phillies upon expiration or termination of this Agreement provided that The Phillies restore and repair any damage caused by the removal.

10.4 No Limitation. Nothing in this Section 10 shall in any way limit or reduce the obligation of the City to maintain the Sports Facility as provided in Section 9 and elsewhere in this Agreement.

11. Taxes.

11.1 Possessory Taxes. It is the intent of the parties that the Sports Facility (land and Improvements) shall be exempt from any and all real property ad valorem taxes and from payments in lieu of such taxes throughout the Term. However, should all or any part or parts of the Sports Facility become subject to any such taxes, then the parties shall each cooperate and use their respective best efforts (i) to cause Pinellas County to return its share of any such taxes and (ii) to secure legislation exempting the Sports Facility from such taxes. In the interim, The Phillies and the City shall each pay one-half of any such taxes, net of any City ad valorem real property taxes, which shall be paid by City. Any such payments by The Phillies are herein referred to as the "Phillies Possessory Tax Share."

11.2 Tax Protection. The City shall throughout the Term hold The Phillies harmless from all other local (as opposed to Federal, State or County) taxes (except for income, sales and like taxes of general application), including without limitation amusement/ticket taxes, any increase in the sales tax rate applicable to tickets, use and occupancy taxes and surcharges on the Stadium or Sports Facility-derived revenues.

12. Insurance.

12.1 Liability Insurance.

12.1.1 Phillies Non-Property Coverage. The Phillies shall maintain at its expense during the Term of this Agreement the following insurance:

(i) Commercial general liability (including athletic participants coverage) against claims for bodily injury, personal injury and property damage based upon, involving or arising out of the use of the Sports Facility and all areas appurtenant to it. Such insurance shall be on an occurrence basis, providing coverage in an amount not less than \$5,000,000 per occurrence, and not less than \$5,000,000 general aggregate (per location), and not less than \$5,000,000 coverage for products and completed operations liability, and not less than \$5,000,000 coverage for personal and advertising injury, with deductibles of up to \$100,000 per person and \$200,000 per occurrence..

(iv) Garagekeepers legal liability coverage in the amount of \$1,000,000.

12.1.2 City's Non-Property Coverage. The City shall maintain at its expense during the Term of this Agreement the following non-property insurance:

(i) Auto Liability and General Liability: Self-Insured Level: \$100,000 per Person/\$200,000 per Occurrence self-insured retention with the statutory limits per Section 768.28

Florida Statutes. Excess Insurance: \$5,000,000 per occurrence excess insurance (no aggregate applicable) with self-insured retention of \$500,000.

(ii) Workers' Compensation: Statutory workers compensation coverage per occurrence with self-insured retention of \$500,000.

12.2 Property Coverage. The City shall maintain at its expense during the Term of this Agreement the following property related insurance:

12.2.1 Property insurance for 100% of full replacement value of the Sports Facility (including all improvements and personal property), with deductibles not exceeding \$50,000 per occurrence against loss by so-called "all risk" perils, including but not limited to fire, extended coverage, storm (including without limitation wind, flood and hurricane coverage), boiler and machinery, vandalism, malicious mischief, flood and earthquake. Such insurance is to contain a replacement cost endorsement, and endorsements eliminating any and all coinsurance provisions.

12.2.2 For any work of construction conducted on the Site by or at the direction of the City, builder's risk insurance with the same limits and coverages as set forth in Subsection 12.2.1, provided that at the City's election, such insurance may be maintained by the contractor(s) performing the construction work at the Sports Facility.

12.2.3 City Property Self-Insurance or Self-Funding. Any provision of this Agreement to the contrary notwithstanding, while the City shall maintain insurance coverage and limits as provided for in this Agreement, parties hereto specifically agree that the City may do so by self-insurance and/or by purchase at the sole option of the City. To the extent required by the terms of this Agreement, insurance coverage and limits shall be evidenced by delivery to The Phillies of letters of self-insurance or self-funding executed by the City's Risk Manager, or by certificates of

insurance executed by either the agent for the insurers or the insurers or by copies of policy declaration pages. Such letters, certificates, and policy declaration pages shall list coverage (including the amount of insurance per claim and per occurrence, any gap in coverage, and the amount of the excess insurance) and policy limits with expiration dates and major policy terms and endorsements.

12.3 General. All insurance policies obtained pursuant to this Section 12 shall: (i) be with companies legally authorized to do business in the State of Florida and which possess a minimum rating of A- or better and a minimum class VIII financial size category (as listed at the time of issuance by A.M. Best Insurance Reports), which are reasonably acceptable to the other parties; and (ii) shall name as an additional insured each other party and such Affiliates of that party as it shall reasonably request. Upon commencement of the Term, each party shall furnish or cause to be furnished to the other party a certificate of insurance evidencing all such insurance policies. Renewal certificates shall be delivered by each party to the others at least ten days prior to the expiration of any policy of insurance. No such policy shall be cancelable or subject to reduction of coverage except after thirty days' prior written notice to all parties hereto.

12.4 Remedies. If any party fails to obtain, keep in force or provide evidence of any of the insurance policies or self-insurance coverage required by this Section 12, the other party may give written notice to the defaulting party, and the defaulting party shall have until the earlier of (i) five days after its receipt of such notice, or (ii) regardless of whether notice shall have been given, one day before the date the required insurance will lapse, to cure the default. If the default is not cured within such period, then the other parties shall have the remedies set forth in Section 17.

12.5 Waiver of Subrogation. Each party hereby releases and relieves the other party, and

waves its entire right of recovery against the other party, for direct or consequential loss or damage arising out of an incident to the perils covered by any insurance carried by the other party or which would have been carried had such other parties fulfilled their obligations hereunder to carry insurance, whether or not due to the negligence of the released party or its agents, employees, contractors or invitees. If necessary, all property insurance policies required by this Agreement shall be endorsed to so provide.

13. Indemnification. The indemnifications provided for in this Section 13 shall relate only to the extent that the liability in question has not produced insurance proceeds to the indemnitee.

13.1 By The Phillies. Subject to Section 12.5, The Phillies agrees to and will at all times defend, indemnify, save and hold the City and their Affiliates, and their respective elected officials, officers, agents, employees, successors and assigns harmless, on a current basis, for, from and against any and all damages, liabilities, claims, demands, expenses and costs of every kind and nature, including reasonable attorney's fees, costs of investigation and discovery, and all court costs, arising out of:

13.1.1 Injury to or death of persons (including personnel or employees of the City or The Phillies), and damage to any and all property, including loss of use thereof, resulting from or in any manner arising out of any willful and wanton or grossly negligent act or omission of The Phillies or any Affiliate of The Phillies or any of their respective agents, officers or employees, in connection with the operation or use of the Sports Facility.

13.1.2 Any breach or default in the performance of any obligation on The Phillies' part to be performed under the terms of this Agreement.

The foregoing indemnification obligations of The Phillies shall not extend to liabilities caused, in whole or in part, by any willful, wanton, or grossly negligent act or omission of the City or any of its agents, officers or employees to the extent such act or omission caused the liability and shall survive the termination of this Agreement for all acts committed or omissions made prior to the effective date of the termination of this Agreement.

13.2 By the City. Subject to Section 12.5, the City, to the extent permitted by applicable law, including, but not limited to Section 768.28, Florida Statutes, agrees to and will at all times defend, indemnify save and hold The Phillies and its Affiliates and their respective employees, agents, officers, directors, shareholders, partners, successors and assigns, harmless, on a current basis, for, from and against any and all damages, liabilities, claims, demands, expenses and costs of every kind and nature, including reasonable attorneys' fees, costs of investigation and discovery, and all court costs, arising out of:

13.2.1 Injury to or death of persons (including personnel or employees of the City or The Phillies), and damage to any and all property, including loss of use thereof, resulting from or in any manner arising out of or in connection with any willful, wanton or grossly negligent act or omission of the City or any Affiliate of City or any of their respective agents, officers or employees, in connection with the operation or use of the Sports Facility to the extent such act or omission caused the injury.

13.2.2 Any breach or default in the performance of any obligation on the City's part to be performed under the terms of this Agreement.

The foregoing indemnification obligations of the City shall not extend to liabilities caused by any willful, wanton, or negligent act or omission of The Phillies or any Affiliate of The Phillies

or any of their respective agents, officers or employees to the extent such act or omission caused the liability and shall survive the termination of this Agreement for all acts committed or omissions made prior to the effective date of the termination of this Agreement.

13.3 Procedure for Indemnification -- Third Party Claims.

13.3.1 Promptly after receipt by an indemnified party under Sections 12.1 or 12.2 of notice of a claim against it ("Claim"), such indemnified party shall, if a claim is to be made against an indemnifying party thereunder, give notice to the indemnifying party of such Claim, but the failure to notify the indemnifying party will not relieve the indemnifying party of any liability that it may have to any indemnified party, except to the extent that the indemnifying party demonstrates that the defense of such action is prejudiced by the indemnified party's failure to give such notice.

13.3.2 If any Claim is made against an indemnified party and it gives notice to the indemnifying party of such Claim, the indemnifying party will be entitled to participate in the defense of such Claim and, to the extent that it wishes (unless (i) the indemnifying party is also a party to such Claim and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Claim and provide indemnification with respect to such Claim), to assume the defense of such Claim with counsel satisfactory to the indemnified party and its insurers and, after notice from the indemnifying party to the indemnified party of its election to assume the defense of such Claim, the indemnifying party will not, as long as it diligently conducts such defense, be liable to the indemnified party under such Section for any fees of other counsel or any other expenses with respect to the defense of such Claim in each case subsequently incurred by the indemnified party in connection with the defense of such Claim, other

than reasonable costs of investigation. If the indemnifying party assumes the defense of a Claim (i) no compromise or settlement of such claims may be effected by the indemnifying party without the indemnified party's consent unless (a) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Claims that may be made against the indemnified party, and (b) the sole relief provided is monetary damages that are paid in full by the indemnifying party and (b) the indemnifying party will have no liability with respect to any compromise or settlement of such claims effected without its consent. If notice is given to an indemnifying party of a Claim and the indemnifying party does not, within thirty days after the indemnified party's notice is given (or such lesser period of time as may be necessary to avoid a Default on such Claim), give notice to the indemnified party of its election to assume the defense of such Claim, the indemnifying party will be bound by any determination with respect to said Claim or any compromise or settlement effected by the indemnified party.

13.3.3 Notwithstanding the foregoing, if an indemnified party determines in good faith that there is a reasonable probability that a Claim may adversely affect it or its Affiliates other than as a result of monetary damages for which it would be entitled to indemnification under this Agreement, the indemnified party may, by notice to the indemnifying party, assume the exclusive right to defend, compromise, or settle such Claim, but the indemnifying party will not be bound by any determination of a Claim so defended or any compromise or settlement effected without its consent (which may not be unreasonably withheld).

13.4 Procedure for Indemnification – Other Claims. A claim for indemnification for any matter not involving a third-party claim may be asserted by notice to the party from whom indemnification is sought.

14. Damage or Destruction.

14.1 Decision to Rebuild. In the event that the Sports Facility or any part thereof is damaged or destroyed by fire, flood or other similar or dissimilar cause whatsoever, the City shall promptly commence and thereafter diligently proceed to repair and rebuild the Sports Facility to its condition immediately prior to such damage or destruction, provided, however, if such damage or destruction involves the entire Sports Facility or any substantial part thereof and occurs less than five years prior to the end of the Term, the City may elect to terminate this Agreement unless The Phillies agree to (i) exercise the option to renew provided for in Section 3.3 hereof (in which event, if necessary, the one-year notice period for exercising such option shall be waived), or (ii) if the option to renew has already been exercised, The Phillies and the City agree to extend the Term by at least five years. In the event that such damage or destruction is of such an extent as would substantially and adversely affect The Phillies' activities at the Sports Facility, the City shall use its best efforts to provide to The Phillies the use of alternate first class MLB spring training facilities, in reasonable proximity to the Sports Facility, on a basis that preserves to The Phillies the net benefit of the economic terms of this Agreement and that affords business interruption protection to The Phillies against lost revenues. If the City meets the requirements of the next preceding sentence and has been and remains in substantial compliance with its obligations under the first sentence of this Section 14.1, then The Phillies shall use those alternate facilities during the period of interruption and, for each full Spring Training Season during the initial 20-year portion of the Term hereof that such use continues, that initial term shall be extended by one year.

14.2 Failure To Repair. If the City is obligated to repair or rebuild the Sports Facility under the provisions of this Section 14 and does not commence such repair or rebuilding within

ninety days after the occurrence of the damage or destruction, or if the City commences such repair or rebuilding but do not prosecute the same diligently to completion, then the City shall be deemed to be in Default under this Agreement and The Phillies shall have the rights and remedies set forth in Section 17.

14.3 Phillies Option to Rebuild or Repair. In the event the City fails to commence such repairs or rebuilding within 90 days of the occurrence of the casualty, The Phillies shall have the right, but not the obligation, to undertake such repairs or rebuilding. In the event The Phillies so undertake such repairs or rebuilding, The Phillies shall be entitled to reimbursement of the actual costs thereof by the City as incurred, within 45 days of all invoices therefor, with interest thereafter at the Default Rate.

15. Condemnation.

15.1 Total Taking. In the event the entire Sports Facility is appropriated or taken under the power of eminent domain, or sold under threat thereof (all of which will be referred to as a "condemnation"), by any public or quasi-public authority, The Phillies shall have the option to terminate this Agreement as of the date the condemning authority takes title or possession, whichever first occurs. The Phillies shall have no claim to the award in condemnation for the City's interest in the Site and Sports Facility; provided, however, that The Phillies shall have a claim to the portion of the award in condemnation that represents compensation for the taking of the interest of The Phillies under this Agreement, including without limitation its right to retain net revenues from the operation thereof.

15.2 Partial Taking. In the event that only a portion of the Sports Facility is condemned, this Agreement shall terminate as to the part so taken as of the date the condemning authority takes

title or possession, whichever first occurs; provided, however, that if so much of the Sports Facility is taken by such condemnation as would substantially and adversely affect The Phillies' operations at the Sports Facility, The Phillies shall have the option, to be exercised in writing within one hundred eighty days after the City shall have given The Phillies written notice of the condemnation (or in the absence of such notice, within one hundred eighty days after the condemning authority shall have taken possession), to terminate this Agreement as of the date the condemning authority takes such possession. If The Phillies does not give timely notice to terminate, this Agreement shall remain in full force and effect as to the remainder of the Sports Facility that is suitable for the use then being made of the Sports Facility by The Phillies; if and so long as The Phillies deem it advisable, The Phillies may utilize alternative facilities; and the City shall, to the extent of condemnation proceeds received by it, acquire or add adjacent property and construct additional Improvements with reasonable diligence, in order to restore the Sports Facility as nearly as possible to the condition immediately before the condemnation. Whether this Agreement terminates or continues in full force or effect, The Phillies shall have no claim to the award in condemnation for the City's interest in the Sports Facility; provided, however, that The Phillies shall have a claim to the portion of the award in condemnation that represents compensation for the taking of the interest of The Phillies under this Agreement, including without limitation its right to retain net revenues from the operation thereof.

15.3 Failure To Repair. If the City is obligated to make the Sports Facility suitable for use by The Phillies following a condemnation under the provisions of this Section 15 and does not commence to acquire or add adjacent property or construct additional Improvements necessary to do so within ninety days after the date of the condemnation, or if the City commences such

acquisition or construction but does not prosecute the same diligently to completion, the City shall be deemed in Default under this Agreement and The Phillies shall have the rights and remedies set forth in Section 17.

15.4 Phillies Option to Rebuild or Repair. In the event the City fails to commence such repairs or rebuilding within 90 days of the occurrence of the condemnation, The Phillies shall have the right, but not the obligation, to undertake such repairs or rebuilding. In the event The Phillies so undertake such repairs or rebuilding, The Phillies shall be entitled to reimbursement of the actual costs thereof by the City as incurred, within 45 days of all invoices therefor, with interest thereafter at the Default Rate.

16. Assignment.

16.1 Assignment by The Phillies. The Phillies shall not sell, assign, encumber, pledge, or otherwise transfer all or any portion of its interest in this Agreement without the prior written consent of the City, except as follows:

16.1.1 The Phillies shall have the right to transfer all of its rights and obligations under this Agreement to any Person that shall thereafter own the MLB franchise now held by The Phillies; provided, however, that such transferee shall assume the obligations of The Phillies under this Agreement; and provided, further, that MLB approves the transfer of such MLB franchise to such transferee and the City has been provided with satisfactory evidence of such assumption and approval.

16.1.2 The Phillies shall also have the right to transfer its interest in this Agreement freely to another MLB club; provided, however, that such transferee shall assume the obligations of The Phillies under this Agreement.

16.1.3 No transfer under this Section 16 shall release The Phillies from any pre-existing liabilities under this Agreement, including, but not limited to any indemnification obligations of The Phillies which arise prior to the date of such transfer.

16.2 Assignment by City. The City shall have the right to assign certain rights under this Agreement to a non-profit organization controlled by the City, provided that such assignment will not affect The Phillies rights and remedies against the City under this Agreement and the City shall at all times remain primarily liable for their obligations hereunder. Except as aforesaid, the City may not assign its rights and duties under this Agreement without the consent of The Phillies.

17. Default.

17.1 Default. If any party hereto (the "Defaulting Party") shall fail to perform any of its obligations under this Agreement, then the Party not in default (the "Non-Defaulting Party") shall provide notice of such failure to the Defaulting Party and afford the Defaulting Party a grace period to cure said failure, as follows:

17.1.1 Where a grace period is specifically provided for in any section of this Agreement, that specific grace period shall apply.

17.1.2 Where a grace period is not specifically provided for in any other section of this Agreement, the Defaulting Party shall afford the Non-Defaulting Party a grace period of: (i) five business days to cure monetary failure; and (ii) thirty days to cure any non-monetary default; provided, however, that if any non-monetary failure cannot be cured within such thirty day period, the Defaulting Party shall be afforded such additional time as shall be reasonably required to cure such failure, if the Defaulting Party has commenced the appropriate cure within said initial thirty day period and thereafter proceeds with reasonable diligence to cure said failure.

17.1.3 If any failure to perform shall not have been cured by the expiration of the applicable grace period, then a "Default" shall be deemed to have occurred and the Non-Defaulting Party shall have the rights and remedies set forth below.

17.1.4 Termination of this Agreement.

17.2 Non-Defaulting Party's Rights and Remedies. If a Default shall occur, the Non-Defaulting Party shall have the right (but not the obligation):

17.2.1 To cure such default on behalf of the Defaulting Party, in which event the Defaulting Party shall immediately reimburse Non-Defaulting Party for all sums paid by it to effect such cure, together with interest thereon at the Default Rate; and

17.2.2 To collect all sums paid by it to effect such cure, together with interest thereon at the Default Rate, by set off against all sums next-to-become-due to the Defaulting Party under this Agreement.

17.3 Cumulative Rights. The remedies heretofore described in this Section 17 shall be in addition to any other remedy the Non-Defaulting Party may have at law and in equity in the event of a Default, including without limitation:

17.3.1 An action to recover monies then due and owing from the Defaulting Party, together with interest thereon at the Default Rate from the date on which such monies were due;

17.3.2 An action for specific performance of non-monetary covenants and agreements on the part of the Defaulting Party; and/or

17.3.3 An action for recovery of all actual losses, costs and reasonable attorneys' fees incurred by the Defaulting Party in connection with the default.

17.4 Injunctive Relief. Without limiting any other remedies of the City on account of a Default by The Phillies hereunder, The Phillies further acknowledges that the City will be irreparably harmed if The Phillies violate this Agreement by the transfer, move or other relocation of The Phillies' spring training activities to, and/or the playing of Home Games at, any locations other than the Sports Facility during the Term otherwise than as provided or permitted by this Agreement. Accordingly, The Phillies hereby agree that in the event of such a violation or threatened violation of this Agreement, the City shall be entitled to seek and obtain, and The Phillies hereby consent to the entry of, a temporary restraining order, together with preliminary and permanent injunctive relief, from any court of competent relief to enjoin any such violation or threatened violation. The Phillies waive any requirement that the City post a bond or other security in connection with such injunctive relief. In the event of such attempted or actual transfer, move or other relocation of The Phillies' spring training activities to, or the playing of Home Games at, any location other than the Sports Facility, and City is not able to obtain the injunctive relief provided for in this Section 17.4, the City shall be entitled, at its option, to seek monetary damages.

17.5 Emergency. Nothing in this Section 17 shall be deemed to limit The Phillies' right to take action in emergencies pursuant to Section 9.7.

18. Legal Opinions.

18.1 By the City. Concurrently with the execution and delivery of this Agreement, the City has provided to The Phillies an opinion of its City Attorney advising The Phillies that (i) the City is a duly organized and existing municipal corporation of the State of Florida and is authorized to enter into and perform under this Agreement, (ii) execution of this Agreement by the City is duly authorized, (iii) all notices required by Florida law and all necessary action required for the execution

and delivery of this Agreement or otherwise required under applicable law have been obtained, and (iv) this Agreement is valid, binding and enforceable against the City in accordance with its terms, subject only to such exceptions as are set forth expressly in such opinion and are reasonably acceptable to The Phillies, as evidenced by its execution of this Agreement.

18.2 By The Phillies. Concurrently with the execution and delivery of this Agreement, The Phillies has provided to the City an opinion of its general counsel advising the City that (i) The Phillies is a duly organized and existing limited partnership of the Commonwealth of Pennsylvania and is authorized to enter into and perform under this Agreement, (ii) execution of this Agreement by The Phillies is duly authorized, and (iii) this Agreement is valid, binding and enforceable against The Phillies in accordance with its terms, subject only to such exceptions as are set forth expressly in such opinion and are reasonably acceptable to the City, as evidenced by its execution of this Agreement.

19. Miscellaneous.

19.1 Estoppel Certificates. Each party (as "responding party") shall at any time within fifteen days after written request from the other party ("requesting party") execute, acknowledge and deliver to the requesting party a statement in writing as of the date of such certification (i) certifying that this Agreement is unmodified and in full force and effect (or if modified, stating the nature of such modification and certifying that this Agreement, as so modified, is in full force and effect), (ii) acknowledging that there are not, to the responding party's knowledge without inspection, audit or investigation, any uncured defaults on the part of the requesting party (or specifying such defaults, if any are claimed), and (iii) providing such other information regarding this Agreement as may reasonably be requested by the requesting party. Any such statements may be conclusively relied

upon by any prospective purchaser or encumbrancer of The Phillies or of its interests herein and by any bond holders, underwriters and financiers of the City.

19.2 Consents. Whenever a party's approval, permission, concurrence, consent or satisfaction is required under this Agreement, such approval, permission, concurrence, consent or satisfaction shall not be unreasonably withheld or delayed, except as and to the extent expressly provided to the contrary in this Agreement; provided, however that neither party shall be required to waive a Default hereunder.

19.3 Additional Instruments. The parties agree to execute and deliver any instruments in writing, necessary to carry out any agreement, term, condition or assurance in this Agreement, whenever the occasion shall arise and reasonable request for such instrument shall be made. In addition, as soon as practicable following the Commencement Date hereunder, the parties shall execute a written supplement to this Agreement setting forth such Commencement Date. With respect to the City, any obligations pursuant to this Section 19.3 shall be subject to obtaining any required governmental approvals.

19.4 Force Majeure. A party shall not be in Default under this Agreement if and to the extent it is unable to fulfill any of its obligations under this Agreement because it is prevented, hindered or delayed in doing so by reason of a strike, lockouts, labor dispute, boycott, material or energy shortage, casualty loss, weather conditions, acts of God, order of any government officer or court (but excluding, as to the City, orders promulgated by the City themselves), national emergency or war (collectively, "Force Majeure").

Nothing in this Agreement shall be construed to create such a partnership, joint venture or other relationship, nor shall it be construed to create any pledging of the credit of the City or the faith and credit of the City.

19.7 Governing Law. This Agreement shall be governed by, construed and enforced in accordance with the laws of the State of Florida, and the proper venue shall be in Pinellas County, Florida.

19.8 Construction of this Agreement. This Agreement shall not be construed for or against any party on the basis that such Party drafted any portion of this Agreement. 19.10 Entire Agreement. This Agreement and the SFDA, together with the attached exhibits and simultaneous writings, contain the entire agreement and understanding between the parties relating to its subject matter. There are no oral understandings, terms or conditions, and

neither party has relied on any representation, express or implied, not contained in this Agreement or in simultaneous writings. All prior understandings, terms or conditions are deemed to merge in this Agreement, and this Agreement cannot be changed or supplemented orally, but only by an agreement in writing and signed by the party against whom enforcement of any waiver, change, modification or discharge is sought. Without limiting the generality of the foregoing, this Agreement and the SFDA replace and supersede that certain Clearwater Stadium Project Term Sheet dated September 8, 2000 by and between the City and The Phillies in its entirety and such Term Sheet is hereby terminated

19.13 Time of Essence. Time is of the essence of this Agreement.

19.14 Interest on Delinquent Amounts. Any amounts owing from one party to the other party under this Agreement and not paid when due shall bear interest from and after the due date at the Default Rate until paid, provided however, that no such interest shall accrue on any City obligation to pay until the expiration of 45 days after the date such payment is due.

19.15 Waivers. No waiver of any provision hereof shall be deemed a waiver of any other provision hereof or of any subsequent right by any party under the same or any other provision.

19.16 Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive, but shall, wherever possible, be cumulative with all other remedies at law or in equity.

19.17 Right of Offset. Each party hereto, without waiving its rights under Section 17, shall be entitled to set off against sums due from it hereunder to any other party any amounts owing to it (including Default Interest if any) by such other party.

19.18 Attorneys' Fees. If an action or proceeding is brought to enforce the terms hereof or declare rights hereunder, including without limitation Expedited ADR, the prevailing party in any such action or appeal therefrom shall be entitled to its reasonable attorneys' fees and costs, which shall include the costs of consultants and experts, to be paid by the losing party as fixed by the court or arbitrator(s) in the same or a separate action or proceeding.

19.19 Amendment. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the City or The Phillies. This Agreement may not be changed, modified or rescinded except in writing by the City and The Phillies, and any attempt at oral modification of this Agreement shall be void and of no effect.

19.20 Authority. Each party hereto hereby represents and warrants to the other that it has the authority to enter into this Agreement and to undertake and perform its respective obligations hereunder.

19.21 Exhibits. Exhibit A is attached hereto and incorporated by this reference thereto.

19.22 Liability Limitation. Except as otherwise provided herein, no individual who is a general partner of The Phillies, or a member of the City Commission or an officer, employee or agent of any party hereto shall be liable to any other party, or any successor in interest thereto, for any default by a party hereunder.

19.23 Certain Disputes. Any dispute between the parties arising under Sections 9 and 10 of this Agreement shall be resolved by Expedited ADR.

20. Conditions.

20.1 Conditions Precedent to Parties' Rights and Obligations. All of the parties' respective rights and obligations under this Agreement are expressly conditioned upon the occurrence of the following, each by the date respectively indicated:

20.1.1 Issuance of Certification from the Florida Office of Tourism regarding a "retained spring training franchise facility" shall have issued by January 2, 2001.

20.1.2 The specific site for the Sports Complex shall by February 15, 2001 have been agreed to by the parties and reflected upon a detailed site plan initialed by the parties, which shall become Exhibit B to this Agreement.

20.1.3 The parties shall, within 15 days following satisfaction of the conditions in Section 20.1.2, have: (i) executed and delivered a definitive SFDA; (ii) have agreed upon a detailed Scope of Work, an initialed copy of which shall become Exhibit C to this Agreement; and (iii) have executed and delivered a definitive lease for the Carpenter Complex, which will terminate the existing lease dated September 26, 1966, as amended, and which: (x) shall be for a term coextensive with the Term; (y) shall conform to the relevant allocation provisions of this Agreement; and (z) call for fixed rent in arrears at the annual rate of \$204,000 for 20 years from the start of the Term.

20.2 Waiver. Each of the conditions precedent specified in Sections 20.1 and 20.4 may only be waived in a writing duly executed and delivered by both parties; provided, however, that The Phillies may, by written notice to City, extend from time to time each of the dates specified in Section 20.1.

20.3 Satisfaction Date. The date on which the last of all of the conditions precedent specified in Section 20.1 has been duly satisfied or duly waived is herein referred to as the "Satisfaction Date."

20.4 Further Condition Relating to Litigation. If on the Satisfaction Date any litigation other than bond validation proceedings is pending to restrain or enjoin the performance of this Agreement and/or of the SFDA and/or of any material aspect of either and/or to seek material damages in respect thereto and is neither withdrawn nor dismissed with prejudice by October 1, 2001, either party may (but need not) elect to terminate this Agreement by written notice given within 30 days thereafter.

21. Marketing Programs. The Phillies and the City hereby agree that The Phillies will provide trade out value in marketing programs to match the financial contributions made by Pinellas County toward the funding of the Sports Facility. These marketing trade out programs may include, but are not limited to destination advertising, tourism public relations campaigns, tourism direct sales activities and/or other marketing programs mutually agreed upon between the Pinellas County Convention and Visitors Bureau and The Phillies. Representatives of The Phillies and the Convention and Visitor's Bureau shall meet as often as they mutually determine to be needed (but at least annually) to agree to a specific program of destination marketing and/or ticket opportunities of the trade out program for the upcoming calendar year. This marketing trade-out program shall be the sole responsibility of The Phillies.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first above written.

EXHIBIT A

All claims, demands, disputes, controversies and differences that may arise under this Agreement between the parties, concerning any controversies under the Sections of this Agreement making reference to the use of Expedited ADR shall be resolved by Alternative Dispute Resolution as set forth below:

1. Disputes submitted to Expedited ADR hereunder will be conducted before a "Panel" designated in the manner provided in Section 2 below. The decision of the Panel will be final and binding upon the parties as to all matters in dispute and will be enforceable by a court of competent jurisdiction. The rules of the American Arbitration Association will be used for guidance in establishing procedures for the arbitration, but their use will not be mandatory unless the parties are unable to agree on an alternative body of rules.

2. In the case of disputes involving construction matters at the Sports Facility, the Panel will consist of three persons selected by the parties from a list of twenty-one persons with at least ten years experience in the construction business furnished by the Florida Chapter of the American Arbitration Association. In the case of disputes involving operations at the Sports Facility, the Panel will consist of three persons selected by the parties from a list of eleven persons, each of whom must have at least ten years of experience in the stadium/arena management business furnished by the Florida Chapter of the American Arbitration Association. The Panel of three will be selected from such list by the mutual agreement of the parties. If, within three days following the day on which the list is furnished to the parties, the parties are unable to agree on the composition of the Panel, then representatives of the parties will meet promptly and the following procedures will be used: The Phillies will strike the name of a person on the list. Within fifteen minutes thereafter, the Public Bodies will strike a name from the list. At fifteen minute intervals thereafter, each party will strike a name from the list. If a party fails to strike a name within the allotted time period, it will forego its turn to strike a name. The last three names on the list will constitute the Panel.

3. Within thirty days following the appointment the Panel as provided for above, the Panel shall hold a hearing which hearing shall be held at Tampa, Florida, or at any other place agreed to by the parties involved.

4. The Public Bodies or The Phillies may join any other party to the arbitration which is needed for just adjudication. The standard for joinder of any other party shall be that provided under Rule 19 of the Florida Rules of Civil Procedure.

5. If the Panel determines that either party's position in the dispute was without merit, such party will pay the other party's reasonable attorneys' fees and costs related to the arbitration, including the costs and fees of the Panel, fees to the American Arbitration Association and other costs of such arbitration otherwise payable by such party in the arbitration proceedings. In all other

cases, the parties will share equally the costs of such arbitration and will pay their own attorneys' fees.

6. At least ten days prior to the hearing, the parties shall meet and exchange exhibits and pre-hearing statements and stipulate and agree on non-disputed facts. No exhibit shall be admitted unless listed on the pre-hearing statement and exchanged between the parties. No witness may be presented unless indicated on the pre-hearing statement or unless produced for rebuttal purposes. Prior to or at the hearing, each party shall submit a memorandum not to exceed five pages outlining the relevant issues for the Panel. At the hearing, the laws of evidence of the State of Florida shall apply, and the Panel shall allow each party to present that party's case, evidence and witnesses and render its award, including a provision for payment of attorneys' fees and costs of arbitration to be paid by one or both of the parties to this Agreement, as the Panel deems just.

Without limiting the Club's rights and discretion pursuant to the foregoing, the Club will make reasonable efforts to continue to coordinate annually with one or both of Dunedin High School and/or the Pinellas County School Board

to try and accommodate games and/or practices for the Dunedin High School varsity baseball team at the Dunedin Facilities, to the extent it can do so on terms acceptable to the Club and without hampering or detracting from the activities described in subsection 6(a) or harming the condition of the baseball fields used for the Club's activities.

Throughout the City Control Period, the Club shall continue to be solely responsible for the Maintenance and Repair of the Shared Use Practice Fields and shall engage in regular day-to-day watering and other similar day-to-day upkeep of same (which does not include painting lines or supplying bases or other similar items). For certainty, the Club shall be responsible to engage only in those day-to-day activities required to maintain the Shared Use Practice Fields to a reasonable standard for public baseball fields (the “**Base Field Maintenance Activities**”) and not to a Major League standard or other similar standard during the City Control Period.

For certainty, if the Club exercises the foregoing option during the Initial Post-Renovation Term, then the Initial Post-Renovation Term will be deemed extended by five (5) years, whereas if the Club exercises the foregoing option during a Renewal Term, that particular Renewal Term will be deemed extended by five (5) years.

- (c) Meeting and Discussion Following Casualty Event. The parties will make reasonable efforts to meet within fifteen (15) days following the occurrence of any Casualty Event, and thereafter from time to time when necessary to do so, in order to consider and discuss matters that may be pertinent to the efficient and effective repair and restoration of the Dunedin Facilities (e.g. the extent of damage, the degree of impact on the Club’s operations, possible approaches to timing and scheduling of repairs). In the event that the parties mutually agree that any modifications to the process and deadlines set out below are necessary and appropriate (which neither party shall be obligated to do), such modifications shall only be effective where documented in writing and approved (signed) by the Club’s signing officers and the City Manager for the City of Dunedin or his / her designee.

- (d) Repair / Reconstruction Process and Progress Points. Unless otherwise mutually agreed by the parties in writing in accordance with the preceding subsection, upon the occurrence of a Casualty Event, the City, acting reasonably and in good faith, shall be required to abide by the following process and the deadlines contained therein:
 - (i) *Forty five (45) Day Progress Point.* Within forty five (45) days following the occurrence of a Casualty Event, the City shall have taken all actions reasonably available to it to initiate and expedite the process of repairing or rebuilding the Dunedin Facilities, including, without limitation:
 - (A) Filing an insurance claim and providing any and all information required or requested by the applicable insurance carriers and their agents, and
 - (B) Completing an assessment of the damage (structural and otherwise) by one or more qualified, licensed, appropriately experienced architects and engineers.

 - (ii) *Nine (9) Month Progress Point.* Within nine (9) months following the occurrence of a Casualty Event, the City shall have made substantial and material progress towards commencement of the actual repair and reconstruction of the Dunedin Facilities, including, without limitation:
 - (A) Having received or reserved all of the funds necessary to pay for all of the costs of the repair and reconstruction (in the form of insurance proceeds, or funds or a combination of both), and

- (B) Having hired all necessary firms to complete the repair and reconstruction (i.e. architects, engineers and construction firms).
- (iii) *Twelve (12) Month Progress Point.* Within twelve (12) months following the occurrence of a Casualty Event, the City shall have commenced the actual repair and reconstruction of the Dunedin Facilities (i.e. “shovels in the ground”).
- (iv) *Eighteen (18) Month Progress Point.* Within eighteen (18) months following the occurrence of a Casualty Event, the City shall have made substantial and material progress towards completing the actual repair and reconstruction of the Dunedin Facilities.
- (v) *Twenty Four (24) Month Progress Point.* Within twenty four months (24) months following the occurrence of a Casualty Event, the City shall have completed the actual repair and reconstruction of the Dunedin Facilities, in accordance with the Restoration Standard.

The City shall provide regular written updates to the Club as to its progress in regard to all of the above progress points, and shall provide the Club with any and all available information in connection with the Casualty Event and all matters related to the repair and reconstruction of the Dunedin Facilities (including any insurance claims and any other related matters). The Club shall have full rights of input and consultation in regard every part of the above process and, further, the Club shall have approval rights, acting reasonably, in regard to all decisions that could be reasonably expected to affect its current or future use of the Dunedin Facilities. The City and the Club will consult with each other to determine the extent of damage and the most effective plan for the City to implement and complete the repair and reconstruction process within the shortest possible time.

- (e) Matters Pertaining to City Repair and Rebuilding. The City shall undertake the rebuilding and repair of the damaged facilities in accordance with the plan mutually agreeable to the City and the Club. To the fullest extent permitted by applicable law, the City will expedite any required procurement process to obtain the necessary services required to complete the repair and rebuilding of the damaged or destroyed Dunedin Facilities. In completing the repairs and rebuilding of the Dunedin Facilities, the City will give priority to restoring any damage caused to the Spring Training practice fields and player development and rehabilitation facilities located at the Englebert / Vanech Recreational Complex in order to reduce, to the fullest possible, any loss of use of such facilities during the Spring Training Season.
- (f) Interference with Club Operations. If a Casualty Event or any resultant repair or reconstruction effort interferes with the Club’s operations, activities or its use the Dunedin Facilities (a “**Casualty Event Interference**”), then, notwithstanding anything else in this Agreement, the Club will be temporarily authorized to use other facilities and to schedule some or all of its activities and/or events, including but not limited to Home Major League Team ST Games, at other facilities, without limitation. During any calendar year of the Term in which there is a period of Casualty Event Interference that impacts the playing of Home Major League Team ST Games at the Stadium:
 - (i) the Club's obligation to provide the City with any marketing assets, suite use and other

similar rights and benefits will be suspended,

- (ii) the Club's obligation to impose, collect and remit the Capital Replacement Surcharge will be suspended,
- (iii) the Club's obligation to remit amounts pursuant to subsection 20(a) of the Agreement (Naming Rights payments) will be suspended, and
- (iv) the Club will be deemed to have played the required number of such games as specified subsection 3(a) of the Agreement.

For certainty, where a Casualty Event Interference prevents all or most of the Major League Team from utilizing the New Training Center or other portions of the Complex Site for its / their intended purposes and the Club makes use of other facilities for the Major League Team, then those events will be deemed to have impacted the playing of Home Major League Team ST Games at the Stadium.

(g) Annual Capital Contribution Following Casualty Event.

- (i) If the City fails to achieve any of the requirements of paragraph 24(d)(i) or 24(d)(ii), above, within the stated timeframes (or such longer period to which the Club may agree in writing) then the Club's obligation to make the Annual Capital Contribution will be suspended from the date of the City's failure until the date upon which the City has returned the Dunedin Facilities to the Restoration Standard.
- (ii) If the City meets the requirements of paragraphs 24(d)(i) and 24(d)(ii), above, within the stated timeframes (or such longer period to which the Club may agree in writing), then during the initial twelve (12) month period immediately following Casualty Event, the Club's obligations under this Agreement to make the Annual Capital Contribution will continue. If the repair and/or rebuilding of the damaged facilities to the Restoration Standard is not completed within twelve (12) months following the applicable Casualty Event, then, subject to the following sentence, the Club's obligation to make the Annual Capital Contribution will be reduced by fifty percent (50%). If the repair and/or rebuilding of the damaged facilities to the Restoration Standard is not completed within eighteen (18) months following the applicable Casualty Event, then the Club's obligation to make the Annual Capital Contribution will be suspended. By way of example, if the repair and rebuilding takes twenty (20) months to complete, the Club would pay the Annual Capital Contribution in full for the first 12 months, the Club would pay 50% of that portion of the Annual Capital Contribution attributable the next 6 months and the Club would have no payment obligation in connection with that portion of the Annual Capital Contribution that attributable to the final 2 months.

If there is an overpayment of the Annual Capital Contribution by the Club to the City as a result of the operation of this subsection 24(g), the City will promptly refund any such overpayments to the Club.

(h) Club Self-Help and Termination Rights. If the City fails to achieve any one or more of the requirements of paragraphs 24(d)(iii), 24(d)(iv) or 24(d)(v), above, within the stated timeframes (or such longer period to which the Club may agree in writing) or fails to meet the Restoration Standard, the Club shall have the following rights:

(i) to engage in self-help to complete the repair and reconstruction of the Dunedin Facilities, and/or

(ii) to terminate this Agreement.

The Club may exercise its rights described herein upon written notice to the City delivered within thirty (30) days following the passage of the applicable timeframe (or such longer period to which the Club agreed in writing). In the event that the Club elects to complete repair and reconstruction of the Dunedin Facilities, the City shall cooperate in good faith to transition all responsibilities for construction oversight to the Club and to provide the Club reasonable access to the balance of all insurance proceeds awarded to the City and, upon the City doing so, the Club shall forego its termination right hereunder. Upon a termination by the Club hereunder, all of the parties' obligations under the Agreement, excepting those specifically identified as surviving termination, shall cease.

(i) Club Disaster Mitigation Plan. Prior to the Threshold Date and a minimum of every five (5) years thereafter, the Club shall prepare (or as applicable, review and where necessary, update) a disaster mitigation plan in which the Club articulates the procedures the Club intends to follow in order to mitigate potential losses from common natural disasters such as hurricanes (the "**Disaster Mitigation Plan**"). The Club will endeavor to satisfy reasonable City requirements in connection with the development of its Disaster Mitigation Plan, provided that such requirements are provided to the Club in writing by the City in advance and further provided that such requirements are in fact applicable to the City itself and to all licensees of City-controlled property and facilities. The Club will be permitted to get independent input and advice in connection with its Disaster Mitigation Plan and where such input and advice conflicts with City requirements, the parties shall discuss same and attempt to reach a mutually agreeable resolution. The Disaster Mitigation Plan is intended as a preparatory resource that may help guide the Club's actions in the event of certain potential events and neither the Disaster Mitigation Plan nor anything contained in this subsection 24(i) herein shall serve to reduce, eliminate or derogate from the City's obligations as set out in this Section 24.

(j) Casualty Event Caused by Club Misconduct. In the event that a Casualty Event is caused solely and exclusively by the gross negligence or willful misconduct of the Club (including its employees and agents), all of the foregoing provisions shall apply as written, except that the paragraph 24(g)(ii), above, shall be deemed to be modified so that:

(i) there will be no reduction to the Annual Capital Contribution until the passage of eighteen (18) months following the applicable Casualty Event (instead of twelve (12) months), and

(ii) following the passage of such eighteen (18) month period, the Annual Capital Contribution will be reduced by fifty percent (50%).

By way of example, if, in the circumstances described in this subsection 24(j), the repair and rebuilding takes twenty (20) months to complete, the Club would pay the Annual Capital Contribution in full for the first 18 months, and the Club would pay 50% of that portion of the Annual Capital Contribution attributable the next 2 months.

25. PERSONAL PROPERTY. All areas of the buildings on the Dunedin Facilities designed to contain equipment or personal property, including without limitation the Concession Facilities, shall be designed in a manner to be secured for the protection of such equipment or other items of personal property. Any equipment or personal property brought into buildings on the Dunedin Facilities by the Club or any other user organization shall remain the property of the Club or user organization and shall be used only with the permission of the Club or user organization. In the event that any such use is allowed with the Club's permission, the user of the equipment or personal property will be responsible for any damage to the equipment or personal property so used and the Club shall no responsibility therefore. The City shall not otherwise be responsible for the loss or damage to any equipment or personal property on the Dunedin Facilities caused by vandalism, hazard, or other matter outside the control of the City.

26. UTILITY COSTS AND RECLAIMED WATER.

- (a) The Club shall be responsible for all utility costs to the Dunedin Facilities, except for utilities to be paid for by the City pursuant to the terms of this Agreement, including utility costs in respect of all City Events and utility costs in connection with the Shared Use Practice Fields during the City Control Period. Utility costs attributable to the use of the Dunedin Facilities by or at the request of the City, including all City Events, will be paid by the City. Utility costs attributable to the use of the Dunedin Facilities by other user organizations may be charged to those user organizations by the Club.
- (b) The City shall, throughout the Term, provide reclaimed water to the Dunedin Facilities at no cost to the Club for the reclaimed water used. For certainty, the City shall ensure that (i) all pumping and other equipment for the foregoing reclaimed water is in place and functioning properly throughout the Term, such that the Club is able to access such water as and when needed by the Club, and (ii) the Club's access to reclaimed water is given equal priority with all other users, including the City. Subject to the foregoing, the Club acknowledges that the volume of reclaimed water is not unlimited and may vary from time to time. Any repairs to reclaimed water pumping, equipment and infrastructure shall be at the City's expense.

27. CLUB ANNUAL CAPITAL PAYMENT.

(a) Annual Capital Payment.

- (i) In order to generate the amount of Twenty Million Dollars (\$20,000,000) to be used to pay for a portion of the costs of the Improvements for the Dunedin Facilities, on December 13, 2018 the City issued Twenty Million Two Hundred and Twenty Five Thousand (\$20,225,000) City of Dunedin, Florida Taxable Non-Ad Valorem Revenue Bonds, Series A (Spring Training Facilities Improvements) (the "Bond Issuance"). The City's total debt service obligations in connection with the Bond Issuance (including both principal and

interest over the full twenty five (25) year term to maturity) is Thirty Three Million Eight Hundred and Fifty Three Thousand Eight Hundred and Ninety Eight Dollars and Seventy Cents (\$33,853,898.70) (the “**Total Debt Service Amount**”) and the Club hereby agrees, subject to the remainder of this Section 27 and the other provisions of the Agreement, to pay the City the sum equal to the Total Debt Service Amount (the “**Club Repayment Obligation**”). Unless otherwise mutually agreed by the parties in writing, the Club Repayment Obligation will be met by the Club making an annual payment to the City, commencing in the 2019 calendar year (the “**Annual Capital Payment**”) with each such payment being equal to 1/25th of the Club Repayment Obligation.

- (ii) The Club will pay each Annual Capital Payment in two (2) equal semi-annual installments, due on or before each of March 1 and September 1 for each respective year. The first semi-annual payment date shall occur on March 1, 2019 and the final semi-annual payment will occur on the fiftieth semi-annual installment date. In the event any installment of the Annual Capital Payment is not received by the City by its respective due date, said installment will bear interest at the prevailing rate charged by the Internal Revenue Service for late payments until paid.
- (iii) Notwithstanding anything else in this Agreement, the Club shall be entitled to pre-pay one or more future Annual Capital Payments or installments at any time in its discretion and, in the event that it does so, the Club’s future payment obligations will be reduced accordingly.
- (iv) The Club’s obligation to pay the Annual Capital Payment shall be deemed to be satisfied upon the earliest of the following:
 - (A) The date on which the Club has satisfied the Club Repayment Obligation,
 - (B) The date upon which the City satisfies its financing obligations for Bond Issuance, if such satisfaction occurs prior to the expiration of the twenty-five (25) year time frame set forth in paragraph 27(a)(i) above, and
 - (C) The date upon which that portion of the City’s financing obligations as is represented by the Bond Issuance is paid off, if the City refinances such debt to include other City debt.
- (v) Under no circumstances is the Annual Capital Payment intended to result in any kind of surplus or capital reserve for the City, nor is it intended to pay debt service secured by other sources of revenue to which the City may be entitled. Any and all Annual Capital Payments (and any portion thereof) made by the Club prior to the Threshold Date (the “**Pre-Threshold Date Payments**”) shall be credited against the Annual Capital Payment obligation immediately upon the commencement of the Term. In the event that the Initial Post-Renovation Term of this Agreement either does not become effective in accordance with the definition of “Threshold Date” in subsection 1(iiii) and the operation of paragraph 1.2(b)(ii) or this Agreement is terminated due to failure of performance under the Development Agreement, the full amount of the Pre-Threshold Date Payments shall

forthwith be reimbursed by the City, with interest at the prevailing rate charged by the Internal Revenue Service. This paragraph will survive the expiration or early termination of this Agreement.

- (b) Annual License Fee. The Club shall pay to the City an annual license fee for its use of the Dunedin Facilities in the amount of ten dollars (USD \$10) per year (the “**Annual License Fee**”) throughout the Term of this Agreement. The Annual License Fee is based, in part, on the shared use of the Dunedin Facilities by the Club and other users.

28. TAX LIABILITY.

- (a) Ad Valorem Taxes. The Club and the City shall share the responsibility for the payment of Ad Valorem Taxes levied against the Dunedin Facilities in each calendar year of the Term as follows:
- (i) the Club shall be responsible for the payment of the first one hundred and fifty thousand dollars (USD \$150,000), and
 - (ii) the Club and the City shall each be responsible for the payment of one half (1/2) of any Ad Valorem Taxes in excess of one hundred and fifty thousand dollars (USD \$150,000).

The Club and the City shall coordinate in good faith to mitigate Ad Valorem Taxes levied against the Dunedin Facilities. In particular, the City shall take all actions reasonably available to it to ensure the application of those exemptions and reductions to Ad Valorem Taxes as exist at any particular point in time (including appealing any assessments that do not provide for the application of such exemptions and reductions).

- (b) Taxes Attributable to Club’s Use of Dunedin Facilities. Other than Ad Valorem Taxes addressed in subsection 28(a) above, the Club shall be responsible for all taxes or fees directly arising from or attributable to the Club’s use of the Dunedin Facilities, whether payable to the City or to any other governmental agencies, including, by way of illustration and not limitation, sales taxes applicable to the Club’s purchases of goods and services used in the operation of the Dunedin Facilities. For certainty, the parties hereby acknowledge and agree that Ad Valorem Taxes are addressed exclusively in the subsection 28(a) and are not part of the Club’s responsibilities pursuant to this subsection 28(b).

29. INDEMNITIES.

- (a) Club Indemnity. The Club shall indemnify, defend (where applicable) and hold harmless the City and the other members of the City Group from and against any and all Costs which may be sustained, incurred or paid by any of them by reason of, on account of, arising out of or in any way connected to:
- (i) the use of the Dunedin Facilities by the Club,
 - (ii) the gross negligence or willful misconduct of the Club or another member of the Club Group, or

(iii) the acts or omissions of the Club, and of any member of the Club Group, in connection with the Club's obligations hereunder,

provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the City or any member of the City Group (whether by reason of contributory negligence or otherwise).

(b) City Indemnity. In addition to any other indemnity obligations contained elsewhere in this Agreement, the City shall, to the maximum extent permitted by applicable law, indemnify, defend (where applicable) and hold harmless the Club and the other members of the Club Group from and against any and all Costs which may be sustained, incurred or paid by any of them by reason of, on account of, arising out of or in any way connected to:

(i) the design or construction of the Dunedin Facilities,

(ii) the repair or reconstruction of the Dunedin Facilities following a Casualty Event,

(iii) the use of the Dunedin Facilities by or at the request of the City, including but not limited to City Events,

(iv) the gross negligence or willful misconduct of the City, and of any member of the City Group, or

(v) the acts or omissions of the City, and of any member of the City Group, in connection with the City's obligations hereunder,

provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the Club or any member of the Club Group (whether by reason of contributory negligence or otherwise).

(c) All of the City's indemnification obligations contained in this Agreement, including but not limited to those set out in the preceding subsection, will be subject to the provisions of Section 768.28, Florida Statutes, in all respects except that, to the maximum extent permitted by applicable law:

(i) None of the limitations set forth in Section 768.28(5), Florida Statutes, including, but not limited to, the limitation on the total liability of the State of Florida, its agencies and subdivisions, shall apply to any claim, action or other legal proceeding in which the City and the Club are both parties (which, for certainty, includes any cross-claims between them in connection with a third-party legal proceeding),

(ii) The City shall not assert or rely on sovereign immunity, any limitations of liability set forth in Section 768.28, Florida Statutes or any limitations of liability contained any successor legislation with similar purpose or effect where the effect of the City doing so would be to reduce any contractual obligations of the City hereunder (including any indemnities

granted in favor of the Club), and

- (iii) The City shall not assert or rely on sovereign immunity, any limitations of liability set forth in Section 768.28, Florida Statutes or any limitations of liability contained in any successor legislation with similar purpose or effect in connection with a claim, action or other legal proceeding asserted by a third party in which the City and the Club are both named as defendants (each, a "Third Party Proceeding") where the effect of the City doing so would increase the Club's actual or potential liability in connection with such Third Party Proceeding.
- (d) Where a party becomes aware of any claim or cause of action (whether threatened or filed) for which it is entitled to indemnification hereunder (such party, in the circumstances, the "Indemnatee"), it shall provide the indemnifying party (in the circumstances, the "Indemnitor") with written notice of same reasonably promptly thereafter. In any such instance, the Indemnatee shall have the option to either:
- (i) retain its own counsel and to control the defense of the claim or cause of action, at the expense of the Indemnitor, or
 - (ii) require the Indemnitor to manage the defense of the claim or cause of action, subject to reasonable consultation with the Indemnatee.

Where the Indemnatee elects to proceed as outlined in paragraph (ii), the following rights and restrictions will apply, unless otherwise mutually agreed by the parties in writing. The Indemnitor shall have the right to select counsel, at Indemnitor's expense, to defend the Indemnatee, provided that no settlement terms shall be binding on the Indemnatee without its prior written consent, which shall not be unreasonably withheld. The Indemnatee shall reasonably cooperate with the Indemnitor's defense of such claim or cause of action.

This Section 29 will survive the expiry or early termination of this Agreement.

30. INSURANCE.

- (a) Club Insurance. The Club shall, at its expense, obtain and continuously maintain, without lapse, the following insurance coverage:
- (i) Workers' Compensation and Employer's Liability insurance in compliance with applicable federal and state laws,
 - (ii) An occurrence-based Commercial General Liability Insurance Policy, providing coverage for bodily injury and property damage and personal and advertising injury, including but not limited to, contractual liability coverage, host liquor liability coverage, damage to rented premises and products / completed operations coverage, with minimum limits of:
 - USD \$2,000,000 Each Occurrence,
 - USD \$2,000,000 Damages to Rented Premises,

- USD \$4,000,000 General Aggregate, and
- USD \$4,000,000 Products / Completed Operations Aggregate,

(iii) Special Causes of Loss Form Property Insurance (aka All-Risk) coverage in an amount equal to the full replacement value for all Club office furniture, trade fixtures, office equipment, merchandise and all other items of Club's property located within the Dunedin Facility, and

(iv) Comprehensive Automobile Insurance, covering owned, non-owned, leased, borrowed or hired vehicles, with a minimum combined single limit of \$1,000,000 Each Accident.

Coverage limits may be satisfied through a combination of primary and umbrella/excess policies. Umbrella / Excess policies shall be substantially similar to the underlying coverage. All insurance policies must be issued by an admitted insurance carrier with an A.M. Best rating of A-7 or better. The Club shall name the City as an Additional Insured under the Club's Comprehensive General Liability, Umbrella / Excess, and Automobile policies for any liability arising out of any acts and/or omissions of the Club where required by written contract or agreement with respect to the Dunedin Facilities. All Commercial General Liability and Umbrella / Excess policies must provide cross liability coverage (separation of insureds or severability of interests provision) and shall not include any exclusion for third-party over actions. Further, coverage for the City as an Additional Insureds under the Club's policies shall apply on a primary and non-contributory basis irrespective of any other insurance, whether collectible or not, as per written contract or agreement. The Club shall remain solely responsible for payment of any Club policy deductibles and self-insured retentions or self-insured amounts. All Club insurance policies shall be endorsed to provide a waiver of subrogation in favor of the City as "Additional Insured." The Club shall provide the City with at least thirty (30) days written notice in the event of cancellation, non-renewal or material modification of any of the Club's insurance policies. The Club shall furnish City with certificates of insurance evidencing compliance with all insurance provisions noted above at least fifteen (15) business days prior to the commencement of the use of the Dunedin Facilities.

(b) Required City Insurance. The City shall, at its expense, obtain and continuously maintain, without lapse, the following insurance coverage:

(i) Workers' Compensation and Employer's Liability insurance in compliance with applicable federal and state laws. For certainty, such insurance will be required for all fire, police, EMT, or other emergency personnel, whether working at or near the Dunedin Facilities or at other locations.

(ii) Special Causes of Loss Form Property Insurance (aka All-Risk) coverage in an amount equal to the full replacement value of the Dunedin Facilities (including, but not limited to buildings and building glass, boilers, equipment, machinery, fields, parking lots, driveways, and other elements) and all other structural alterations and improvements to and within the Dunedin Facilities, whether made by City or Club. Without limiting the generality of the foregoing, the aforementioned insurance coverage shall, at a minimum, provide coverage for hazard, fire, lightning, smoke, windstorm (including Named

Windstorm), flood, hurricane, rain, snow, mold, earthquake, sinkhole, mudslide, other earth movements, malicious damage, riot and terrorism (whether certified or uncertified) and other similar casualties. Property insurance should also include coverage for equipment and/or mechanical breakdown. The City shall ensure that all such property insurance policies name the Club as a loss payee. The foregoing policy/ies of insurance will be primary, and the proceeds of same will be used for the repair and/or reconstruction of the Dunedin Facility pursuant to Section 24 of this Agreement. Provided that (A) on an annual basis the City shall review its total insured values and reconfirm and increase its coverage limits as necessary, and (B) the insurance in fact provides coverage sufficient to permit the City to meet all its associated obligations under the Agreement, then the insurance required hereunder from the City may be covered by a blanket policy insuring multiple City properties. The City shall, on an annual basis, consult with the Club and provide the Club with all information pertinent to the matters set out in (A) and (B) in the preceding sentence and the Club shall, acting reasonably, have the right to have input on such matters. As of the date of execution of this Agreement, the insurance described in this paragraph 30(b)(ii) is provided by the *Florida Municipal Insurance Trust*. Throughout the Term, the City shall include the Dunedin Facilities in the City's list of "Critical Assets" identified for the purposes of the *Florida Municipal Insurance Trust* or any subsequent coverage provider or claims administrator.

(iii) City Commercial General Liability and Automobile Liability Coverage. The parties have agreed that the City shall have the discretion to carry one or more Commercial General Liability and/or Comprehensive Automobile Insurance policies or to self-insure with respect to such areas of actual or potential liability. As of the date of execution of this Agreement, the City is self-insured. In the event that, at any point during the Term, the City secures one or more Commercial General Liability and/or Comprehensive Automobile Insurance policies of insurance (whether primary or excess), it shall ensure that:

- (A) Any Commercial General Liability policies provide coverage for bodily injury and property damage and personal and advertising injury, including but not limited to, contractual liability coverage, host liquor liability coverage, coverage for Damages to Premises Rented by You and products / completed operations coverage,
- (B) Umbrella / Excess policies, if any, are substantially similar to the underlying coverage,
- (C) All policies are issued by an admitted insurance carrier with an A.M. Best rating of A-7 or better,
- (D) The Club is named as an Additional Insured under the policies for any liability arising out of any acts and/or omissions of the City where required by written contract or agreement with respect to the Dunedin Facilities. Further, coverage for the Club as an "Additional Insured" under the City's insurance policies shall apply on a primary and non-contributory basis irrespective of any other insurance, whether collectible or not, as per written contract or agreement, and

(E) All policies provide cross liability coverage (separation of insureds or severability of interests provision) and may not include any exclusion for third-party over actions.

(iv) The City shall remain solely responsible for payment of any City policy deductibles and self-insured retentions or self-insured amounts. All City insurance policies shall be endorsed to provide a waiver of subrogation in favor of the Club and the other members of the Club Group and where the City is self-insured it waives all rights of subrogation in favor of the Club. The existence of any self-insurance shall not relieve the City of the obligation to indemnify and defend the Club from the inception of any claim or action triggering such indemnity and defense obligations. The City shall provide the Club with at least thirty (30) days written notice in the event of cancellation, non-renewal or material modification of any of the City's insurance policies. The City shall furnish the Club evidence of compliance with all insurance provisions noted above at least fifteen (15) business days prior to the commencement of the use of the Dunedin Facilities, again upon each renewal and further upon the Club's request. The City acknowledges that the Club shall not insure the City's property and the Club shall not insure or protect the property of the City's employees, agents, temporary or leased workers, independent or sub-contractors, contractors, volunteers, exhibitors, performers, sub-licensees, personnel, members, and guests while at the Dunedin Facilities. The City waives all claims against the Club for loss or damage thereto no matter how caused.

(c) Mutual Release and Waiver of Subrogation. The City and the Club, on behalf of themselves and all others claiming under them (including any insurer) waive all claims, demands, or rights of indemnity that either of them may have against the other (including all rights of subrogation) arising out of damage to any property, real or personal, resulting from fire or other casualties, no matter what the cause thereof may be. The parties waive their respective rights, as set forth herein, because adequate insurance is to be maintained by each of them to protect themselves against all such casualties and they have obtained or agree to obtain from their insurance carriers appropriate "waiver of subrogation" provisions in all such policies of insurance.

31. LIMITATION OF LIABILITY.

(a) In no event shall one party be liable to the other party for any special, exemplary, indirect, incidental, consequential or punitive damages, loss of profits or loss of business opportunity (collectively, "**Special Damages**"). Notwithstanding the foregoing, in the event an indemnified party has incurred Costs pursuant to a final judicial or administrative action brought by a third party against such indemnified party and a component of such Costs includes Special Damages, the indemnity otherwise provided for in this Agreement to indemnify for Costs shall include the Special Damages element of such Costs.

(b) Notwithstanding anything else in the Agreement, no sovereign immunity or limited sovereign immunity that may be imposed by law with respect to the City's liability hereunder shall serve to, or be deemed to serve to, increase, expand or add to any liability or responsibility of the Club to third parties and the Club shall not and shall not be deemed to assume or be responsible for any liability or responsibility or excess liability or responsibility for which the City would otherwise be responsible (whether hereunder or otherwise) but for any sovereign immunity or

limited sovereign immunity imposed by law.

This Section 31 will survive the expiry or early termination of this Agreement.

32. SUSPENSION OF AGREEMENT.

(a) Enumerated Events Interfering With Club Operations. If, at any time during the Term, the Club is prevented from using all or any material part of the Dunedin Facilities for its intended purposes as a result of any of the following (each, and “Enumerated Event”):

- (i) a national or local emergency,
- (ii) an actual or threatened terrorist attack,
- (iii) the United States being in a state of war,
- (iv) a labor dispute other than a lock-out or strike of Major League Baseball players,
- (v) the gross negligence or willful misconduct of the City (including its employees and agents),
- (vi) the MLB Rules and Regulations or the rules and regulations of Florida State League of Professional Baseball Clubs Inc., the Gulf Coast League or such other league which has authority over a team operated by the Club,
- (vii) the need or undertaking of Capital Replacements precluding use of the Dunedin Facilities, or
- (viii) any other event beyond the reasonable control of the Club,

this Agreement shall be regarded as suspended for the period during which the Club's use of the Dunedin Facilities is interfered with, except each party's obligations to pay all taxes (including each party's share of ad-valorem property taxes) and each party's obligation to pay for and maintain required insurance coverages. During any such suspension of the Agreement, neither party shall have liability for damages to the other party as a result of the suspension or the Enumerated Event causing the suspension.

(b) Exclusive Rights and Remedies for Casualty Events Causing Damage. The parties hereby confirm that where there is damage or destruction to the Dunedin Facilities as a result of a Casualty Event (as defined in Section 24, above), it is their intention for the provisions of Section 24 (including those that pertain to any interference with the Club's operations as a result of such Casualty Event) to govern the parties rights and obligations in connection with same. An event that could qualify as either a Casualty Event or an Enumerated Event shall only be considered to be an Enumerated Event where it does not result in damage or destruction to the Dunedin Facilities. By way of illustration, if a terrorist attack results in damage to the Dunedin Facilities, it shall be considered a Casualty Event and the parties' rights and obligations in connection with same shall be determined in accordance with Section 24, above.

If a terrorist attack does not result in damage to the Dunedin Facilities but nonetheless interferes with the Club's use of same, it shall be considered an Enumerated Event and addressed in accordance with this Section 32.

- (c) Effect of Suspension. During any suspension of the Agreement hereunder, the Annual Capital Payment shall be suspended only if it was the actions or omissions of the City or those for whom the City is at law responsible that caused the Club to be prevented from using the Dunedin Facilities or any material part thereof. The provisions of this Agreement which are not directly affected by the Club being unable to use the Dunedin Facilities or such material part thereof shall remain in full force and effect during the period of such suspension. During the period of such suspension, the Club shall be entitled to conduct its games, practices and other activities at alternate facilities of its choice and the Club will be deemed to have played the required number of such games as specified subsection 3(a) of the Agreement. For certainty, in the event that any Home Major League Team ST Games or Home Minor League Games are cancelled or otherwise impacted during any period of suspension, the Club's game-related obligations under the Agreement shall not apply (including, but not limited to, its obligations in connection with marketing and promotional opportunities and the collection and remittance of the Capital Replacement Surcharge).
- (d) Termination of Agreement. Notwithstanding anything else in this Section 32, if the period of the suspension hereunder extends beyond twelve (12) months and such arises by reason of a national or local emergency, an actual or threatened terrorist attack, the United States being in a state of war, a labor dispute (other than a lock-out or strike of Major League Baseball players), or the gross negligence or willful misconduct of the City (including its employees and agents), then the Club shall have the option, exercisable in its sole discretion, to terminate this Agreement without liability to the City therefore.

33. CAPITAL REPLACEMENT FUND.

- (a) Establishment and Funding. During the Term of this Agreement, the City shall maintain an interest bearing fund for the purpose of Capital Replacement expenditures which shall be known as the "**Capital Replacement Fund**". The Capital Replacement Fund shall be used solely for Capital Replacement expenditures. The Capital Replacement Fund shall be funded from the following sources:
 - (i) Amounts paid to the City by the Club on account of the Capital Replacement Surcharge, in accordance with subsection 12(d) of this Agreement,
 - (ii) That portion of the Annual Naming Rights Revenues paid to the City by the Club in accordance with subsection 20(a) of this Agreement,
 - (iii) Proceeds of any taxable debt instrument issued by the City to fund a portion of the costs of the Project or other non-debt proceeds contributed by the City to pay a portion of the costs of the Project that are not, as agreed by the Club, needed to pay costs of the Project, and
 - (iv) All interest accrued on amounts held within the Capital Replacement Fund.

In addition to the above, on or before June 30th of each of the sixth, seventh, eighth, ninth and tenth calendar years of the Initial Post-Renovation Term, the City shall pay One Hundred Thousand Dollars (\$100,000) into the Capital Replacement Fund. By way of illustration, if the Threshold Date of the Agreement is in the year 2019, then the City shall pay One Hundred Thousand Dollars (\$100,000) into the Capital Replacement Fund on or before June 30th of each of the years 2024, 2025, 2026, 2027 and 2028.

- (b) Nature of Capital Replacement Fund and Accounting. The City shall maintain the Capital Replacement Fund and shall separately account for it. The Capital Replacement Fund shall be in the nature of a trust fund and the Club will, at any time, be entitled to all records regarding the status of such Capital Replacement Fund and the information about amounts accrued therein. The City shall provide the Club with an accounting in respect of the Capital Replacement Fund at least annually, on or before October 30 in each year of the Term, whether or not requested by the Club. The designation and establishment of the Fund in and by this Agreement shall not be construed to require the establishment of a completely independent, self-balancing fund as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as herein provided.
- (c) Approval of Expenditures. Expenditures of amounts held in the Capital Replacement Fund shall, unless otherwise mutually agreed in writing by the City and the Club, be limited to Capital Replacement at the Dunedin Facilities and shall require the joint approval of the City and the Club, not to be unreasonably withheld or delayed. At the end of the Term, the City may inspect the Dunedin Facilities for purposes of confirming that all Capital Replacement expenditures that were approved and scheduled prior to the end of the Term and supposed to be addressed by the Club during the Term were completed. In the event that the City discovers any such incomplete Capital Replacements, the Club and the City shall work in good faith to utilize remaining funds in the Capital Replacement Fund for such purposes. By way of clarification, normal wear and tear of the Dunedin Facilities at the end of the Term shall not constitute a basis for undertaking Capital Replacements. Nothing herein is intended to afford the City any right to claim Capital Replacement expenditures that would not otherwise have been performed during the Term and the City shall not utilize this inspection process as a means to update the Dunedin Facilities with Capital Replacement Expenditures at the end of the Term utilizing the Capital Replacement Fund. The Club shall be entitled to all amounts in the Capital Replacement Fund at the end of the Term.
- (d) City Responsibilities. Capital Replacements shall be undertaken by the City as and when required, without cost or expense to the Club, to the extent that the expenses can be funded first through the exercise of any warranty held by the City (for example a warranty relating to the construction of the Improvements), or second by the Capital Replacement Fund. The City shall administer the approved expenditures of amounts held in the Capital Replacement Fund and shall undertake and complete any Capital Replacement projects that the parties have mutually agreed upon and shall follow all normal purchasing, bidding and construction practices set forth in the City of Dunedin Code of Ordinances, unless the parties shall mutually agree, each acting reasonably, for some or all of a particular Capital Replacement project

hereunder to be delegated to the Club to complete, in which case the Club would be reimbursed from the Capital Replacement Fund.

- (e) City's Right to Inspect; Request Capital Replacements. The City shall have the right but not the obligation to conduct an inspection of the Dunedin Facilities in the event that there is either: (a) an open and obvious hazard or dangerous structural condition, or (b) a clear and material violation of applicable laws in connection with matters under the Club's direct control or responsibility. The City will notify the Club in writing in the event that desires to conduct an inspection pursuant to the foregoing and shall give the Club reasonable advance notice and an opportunity to schedule same for a mutually agreeable date and time. In conducting any such an inspection, the City shall include one or more persons who are appropriately qualified and licensed to inspect the specific matters at issue and to report thereon. Following any such inspection by the City, the City shall provide the Club with all documentation, including photographs, field notes and final reports, relating to the inspection and results or findings associated therewith. In the event that the results of an inspection suggest that Capital Replacements should be made to the Dunedin Facilities to remedy any hazard or dangerous structural condition or bring the Dunedin Facilities into legal compliance, the City may request that Capital Replacements be undertaken for these purposes and the parties, each acting reasonably, will endeavor to address such Capital Replacements pursuant to subsections 33(c) and 33(d), above. The purpose of this provision is to permit the City with an inspection right to potentially address concerns regarding health, safety and general welfare. The inspection right described herein is not intended to permit the City to request or claim Capital Replacements are needed to items that have encountered normal wear and tear.
- (f) Club Responsibility for Expenditures in Excess of Capital Replacement Fund. Unless otherwise mutually agreed by the parties, the Club will be responsible to pay the costs of Capital Replacements:
- (i) in circumstances outside of those addressed in subsections 33(c), 33(d) (relating to the City's exercise of any warranty associated with the Improvements or otherwise in connection with the Dunedin Facilities) and 33(e), and
 - (ii) in circumstances addressed in subsections 33(c) and 33(e) but where the costs of the specific Capital Replacements agreed to be undertaken exceed the then-available funds held in the Capital Replacement Fund. In this latter circumstance, the Club's responsibility for costs would be limited to the amount by which the costs of the specific Capital Replacements exceed the then-available funds held in the Capital Replacement Fund.

In connection with Capital Replacements in connection with paragraph 33(f)(i), the Club shall have the option to undertake the Capital Replacements itself or to request that the City undertake same. The City shall not decline a request from the Club hereunder unless the request is unreasonable or would be unachievable by the City in the time frames requested by the Club. Where the City undertakes Capital Replacements hereunder, it shall follow all normal purchasing, bidding and construction practices set forth in the City of Dunedin Code of Ordinances, and the Club will reimburse the City for its expenditures on a rolling basis as such expenditures take place.

- (g) Club Discretion. Nothing in the foregoing shall limit the Club's discretion to undertake Capital Replacements at the Dunedin Facilities where such Capital Replacements do not utilize amounts held in the Capital Replacement Fund.

34. FF&E.

- (a) All FF&E located within the Dunedin Facilities as of the Threshold Date will be owned by and be the property of the Club. Throughout the Term, the Club shall have the right at all times to modify, remove, replace and install FF&E in its sole discretion and at its sole expense and all such FF&E shall be owned by and be the property of the Club.
- (b) Within a reasonable period of time (not to exceed ninety (90) days) following the expiry or earlier termination of this Agreement, the Club shall remove, at its own cost, all of the FF&E, and the failure to so remove such FF&E shall cause a forfeiture of any remaining FF&E to the City.

35. EXPANSION AND RENOVATION OF FACILITIES. As of the Threshold Date, the City has completed the Project, being a major renovation and expansion of the Dunedin Facilities in accordance with the Development Agreement and including the Improvements.

36. NATURE OF AGREEMENT/MISCELLANEOUS.

- (a) License. This Agreement shall be deemed to be a use agreement in the nature of a license and shall not be deemed to be a lease or conveyance of any real property rights nor shall this Agreement constitute an agreement for the use of real property that would subject the parties to the provisions of any statute regarding landlord and tenant rights. This Agreement shall not establish a landlord-tenant relationship between the parties. This Agreement shall not constitute a partnership, joint venture or create an agency relationship between the parties.
- (b) Governing Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida regardless of any principles of conflict of laws or choice of laws of any jurisdiction. The exclusive jurisdiction, venue and forum of any lawsuit or legal proceeding arising out of this Agreement shall only be the state courts of Florida located in Pinellas County, Florida and the Federal Courts located in Hillsborough County, Florida. The Parties waive any and all rights to object to jurisdiction or venue in other forums.
- (c) Compliance. The City shall be solely responsible to ensure that that Dunedin Facilities comply with all applicable building codes, laws and ordinances of the City of Dunedin, the State of Florida, Pinellas County and other governmental agencies and shall, in connection with the foregoing, have the right, from time to time and on reasonable advance notice to the Club, to inspect the Dunedin Facilities.
- (d) Entire Agreement. This Agreement and the Exhibits attached hereto constitute the entire agreement between the parties and replace and, with the exception of the License Agreement

Addendum only, supersede all prior agreements and representations, including, in particular, the 1st Amended and Restated License Agreement. No alteration, amendment or modification to this Agreement shall be valid unless executed in writing by the parties, and no subsequent oral agreement shall have any validity or in any way affect the terms of this Agreement; provided, however, that no provision of this Agreement will be supplemented, modified, amended or waived without MLB Approval.

- (e) Assignment. The Club may assign this Agreement or any of its rights or obligations hereunder to any entity affiliated with the Club or to the successor of the Club in its ownership of the Major League Team. Subject to the foregoing and except as otherwise expressly provided herein or consented to by the City, the Club shall have no right to assign or transfer any rights, privileges or obligations granted by the terms of this Agreement to any third party. In the event of an assignment in contravention of the preceding sentence, the Club shall continue to be primarily responsible to the City for the performance of the Club's obligations under the terms of this Agreement.
- (f) Inurement. This agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns. Nothing in this Agreement shall be interpreted to be for the benefit of a third party.
- (g) Currency. All dollar amounts hereunder are expressed in U.S. currency.
- (h) Counterparts. This Agreement may be signed in any number of counterparts, each of which is an original, and all of which taken together constitute one single document. Counterparts may be transmitted by fax or in electronically scanned form. Parties transmitting by fax or electronically will also deliver the original counterpart to the other party, but failure to do so does not invalidate this Agreement.
- (i) Invalidity. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.
- (j) Delegation. No provision of this Agreement shall be construed to have made, permit or require the delegation by the City to the Club or any other party of any governmental function of the City.
- (k) Radon. As required by law, the City hereby makes the following disclosure:

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your County Public Health Unit. This acknowledgment is given pursuant to Florida Statutes 404.056(8) and is required by law to be given at or before the time a contract for the use of real estate is signed.

- (l) Right of First Refusal. In the event that the City shall obtain title to the property immediately east of the Grant Field Facilities, presently belonging to the Pinellas County School Board, presently occupied by Curtis Fundamental Elementary School, then and in that event the City does hereby grant a right of first refusal to lease the same property to the Club in the event that the City shall offer such property for lease or sale to a third party. In the event that the City offers such property for lease or sale and receives an offer of lease or purchase on said property, the City shall give the Club thirty (30) days written notice of such contract and the Club shall have the right for thirty (30) calendar days from the date of receipt of such notice to advise the City in writing that it wishes, at the Club's option, to lease or purchase said property on the same economical terms and conditions set forth in the offering contract. In the event that the Club choose to exercise such right of first refusal, it shall present a contract reflecting the same terms and conditions as the offering contract within the aforesaid thirty (30) day period. The right of first refusal shall be coterminous with the Term of this Agreement.
- (m) The parties hereby agree to furnish upon request to each other such further information, to execute and deliver to each other such other documents, and to do such other acts and things, all as the other party may reasonably request for the purpose of carrying out the intent of this Agreement. In the event that this Agreement is executed prior to the finalization of the Development Agreement, the parties shall update this Agreement to include any references to provisions of the Development Agreement that may be required.

37. DEFAULT.

- (a) The occurrence of one or more of the following shall constitute an event of default:
- (i) The Club fails to pay or cause to be paid, in full and when due, any installment in connection with the Annual Capital Contribution called for herein and the Club does not cure such failure within forty five (45) days of receipt of notice of such default from the City. In the event of a default arising from the failure to make payment of an installment in connection with the Annual Capital Contribution, the City may declare that all Annual Capital Contributions shall accelerate to maturity and all such Annual Capital Contributions shall become immediately due and payable.
- (ii) The failure by either party to perform, observe or comply with timely, at any time during the Term, any term, representation, condition, obligation, covenant, or other provision requiring performance of that party under this Agreement (except the payment of any installment on account of the Annual Capital Contribution) and such failure is not cured within sixty (60) days after written notice, specifying the nature of such failure and requesting that it be remedied, given by the non-defaulting party to the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to expiration; provided, however, if the failure stated in the notice cannot reasonably be corrected within the applicable period, no event of default shall be deemed to exist hereunder if corrective action is instituted by the defaulting party promptly upon receipt of the written notice and is diligently pursued until corrected.
- (iii) The dissolution or liquidation of the Club, or adjudication of the Club as bankrupt, or the

- appointment of a receiver of any of the Club's property, or the assignment of any of the Club's property for the benefit of its creditors, if the Club fails to lift, stay or dismiss within a reasonable time frame acting in good faith with diligent efforts such proceedings or similar proceedings under Canadian law.
- (iv) An Impermissible Relocation Event occurs (which, for certainty, shall not include a temporary relocation by the Club that is permitted under this Agreement).
 - (v) The Club disposes of all or substantially all of its assets, other than to a permitted assignee.
- (b) In the event of any default by the Club, the City may take any action as is permitted in law or in equity as it may appear necessary or desirable to collect any amount to be paid by the Club hereunder when due, or to enforce any obligation or covenant or agreement of the Club under this Agreement; provided, however, no such enforcement shall include a requirement of the Club to play Home Major League Team ST Games at the Dunedin Facilities during the Term, the City's remedies in respect of any default in so playing being limited to monetary damages.
 - (c) In the event that an event of default by the City occurs, the Club may take any action as is permitted in law or in equity may, including instituting such action against the City as the Club may deem necessary to compel performance or the Club may perform the City's obligations hereunder and deduct the cost of so doing from payments required to be made hereunder to the City.
 - (d) No delay or omission to exercise any right or power accruing upon any event of default shall impair any right or power or shall be construed to be a waiver thereof but any such right or power may be exercised from time to time and as often as may be deemed expedient. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.
 - (e) In the event either party shall default under any of the provisions of this Agreement and the other party should employ attorneys or incur other expenses for the collection of any amount due hereunder or the enforcement of performance or observance of any obligation or agreement herein contained, the non-breaching party if successful in such proceedings, shall be entitled to recover from the breaching party the reasonable fees of such attorneys and such other expenses so incurred.
 - (f) Except as limited by applicable law or this paragraph, no remedy conferred upon or reserved to the parties is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and in addition to any other remedy given under this Agreement now or hereafter existing at law or in equity or by statute.
 - (g) Notwithstanding any other provision of this Agreement, the City shall not terminate this Agreement, and the City shall not take possession of the Dunedin Facilities upon an event of default or exercise any other remedy made available to it hereunder, during any Spring Training Season.

38. RELOCATION EVENTS.

- (ii) "**Permissible Relocation Event**" means a permanent cessations of use by the Club of the Dunedin Facilities for Spring Training purposes that is excused or permitted by the terms of the Agreement. For clarity, in any circumstance in which this Agreement provides the Club with a right to terminate this Agreement (i.e. pursuant to subsection 24(h) and subsection 32(d)) or in which the Agreement automatically terminates (i.e. pursuant to subsection 24(b)), any related cessation of use will be deemed to be a Permissible Relocation Event.

(c) Upon the occurrence of a Permissible Relocation Event, the Club shall not have any obligation to reimburse the amounts set out in the preceding subsection and the City shall be solely responsible for all such amounts. Without limiting the generality of the foregoing, and for further clarity, the parties agree that if the Club terminates this Agreement pursuant to its termination rights under subsection 24(h) or subsection 32(d) or the Agreement automatically terminates pursuant to subsection 24(b):

DOUGLAS AVENUE SITE (STADIUM SITE)

Stadium Improvements

Renovation of the stadium to bring it up to modern-day standard, including the following key amenities / elements:

- **Seating.** Stadium capacity of 8,500 based on:
 - Fixed seating for 6,500 people. Assume 19 inch "flip up" seats
 - Standing room, berm seating and "alternate seating" space (such as at least one "party deck", and four tops / high top seating on outfield portion of boardwalk) for 2,000

- **Shaded seating and protective netting.**
 - Significant number of shaded seats (high percentage of overall seating, including shading for some of the higher priced seating areas and, if possible, some portion of the berm). Might be achieved by extending the existing overhang (if engaging in a renovation) or by some entirely new structure or overhang.
 - We note that in boardwalk areas we're advised that trellises are not sufficient for shading, so we suggest another idea be presented.
 - Protective netting required in areas around home plate, down lines and behind dugouts. May also be needed in front of berm if that area is in direct line of foul balls.

- **Boardwalk.** Outfield "boardwalk" permitting 360 degree fan circulation around the stadium, with sufficient space on outfield portion of the boardwalk for:
 - good-sized "tiki" bar
 - additional smaller bar located in opposite corner room for 8 – 10 stools across
 - requires fixed food concession area, preferably including BBQ grills (*definitely need to have a permanent bbq location somewhere and we have included a fixed concession stand at this location below under "*Food and Beverage Concessions and Related*", below)
 - requires a spot for at least one (1) temporary food concession stand
 - Fixed merchandise store of between 700 and 900 square feet
 - men's and ladies' washrooms (sufficient to meet code and capacity requirements)
 - 4 tops seating and high top stool seating, including stools and ledges along front of boardwalk (final numbers will be determined based on length of boardwalk and layout of other items).
 - Once we determine the length of the boardwalk we can determine the number of stools and 4 top seating which is needed on the boardwalk.
 - If possible, would like to have some means to access to the boardwalk from our office space (could be a short stairwell with a door a secured door at the top).
 - Would like to see if the boardwalk could connect to the ground floor concourse (whether by stairs or ramp), as opposed to the second level concourse.

- **Luxury Suites.** Want a total of five (5) luxury suites:

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- 3 of which can be either separate or combined into 1 large party suite (these would be intended as the saleable "fan" suites),
- 1 of which would be a players' family suite geared towards players' wives/families.
- 1 of which would be an "owner's suite", located directly behind home plate.

Each suite should have about 325 square feet of interior space. Optimally, all should have outdoor seats and washrooms (although if space was too limited to permit independent washrooms, the 3 combinable suites could possibly have shared washroom accessible from the suite hallway). Each of the five (5) suites should have outdoor seating for 12 and total capacity of 20.

- **Box Office.** Florida Auto Exchange Stadium currently has 4 windows for selling and 2 for will-call. It does not contain any offices.
 - *We require ten (10) exterior-facing box office windows (2 will call, 1 VIP pick-up, 7 selling) and a further two (2) box office windows that face the inside of the building.*
 - *We require two (2) permanent office spaces inside the box office (to house box office manager and supervisor).*
 - Optimally, box office would be located near primary stadium entrance.
 - Box office will need speakers and microphones to speak with customers and monitors above the windows (for messaging).
- **Entrances.** Greater number of game day stadium entrances than the two (2) that currently exist (Florida Auto Exchange Stadium really only has 1 main entrance and 1 gate that is used for season ticket holders). *Would like to have two (2) "main" entrances, one (1) smaller entrance for season ticket holders, and one (1) separate Staff-only entrance (which would have the office access control system).*
 - *Need to add a covered area at all entrance locations - the covered area will be used for our metal detectors and any design should account for the space needed for same.*
- **Public Concourses.** Two concourse levels (likely one at grade and one above grade, connected to the boardwalk).
- **Elevators.** Addition of at least 2 elevators (currently have 1), *for a total of three (3) elevators to bring people and food to 2nd level.* Possible locations would be 1 behind home plate, and one each down each first and third base lines. Optimally, each elevator location should have adjacent stairs (currently no such stairs exist).
- **Public Restrooms.** Appropriate number and distribution of public restrooms for the number of fixed seats and total building capacity. *Expectation is that this will be developed based on current laws and stadium standards.* Note that Florida Auto Exchange Stadium currently has only 2 locations (women have total of 8 sinks, 16 toilets and men have a total of 7 sinks, 9 toilets and 9 urinals).
 - As noted elsewhere, we will need public restrooms located on the boardwalk, and also within the main *Jays Shop* merchandise store (for use during non-game days).
- **Bullpens / Gang Mounds.**
 - At the present time, the stadium has six (6) "private" Blue Jays gang mounds in close proximity to the office / clubhouse building. The mounds are covered by netting to ensure that any home run balls do not strike persons using the mounds. *To the extent possible within the ultimate*

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

renovation design, we would like to retain as many of the existing gang mounds as possible, but in any event not less than 3. There is no need or desire to upgrade or improve these mounds.

- Adjacent to the mounds is currently a tower where Blue Jays bullpen pitchers sit during games. The current towers are not shaded and are spread too far apart. In all likelihood, the new boardwalk will be passing through this area, and the design needs to include a space for bullpen pitchers to sit in this area, with shade and view of the field.
- Visiting team needs 2 bullpen mounds. These can be very basic and placed anywhere that makes sense in the renovated stadium. Will also need appropriate tower.
- **Dugouts.** Dugouts size needs to increase (both length and width) as compared to what presently exists at Florida Auto Exchange Stadium in order to properly accommodate players and uniformed coaches. Plan needs to include enough space for photo bay / photo dugout at end of each dugout (not covered). Bullpens are accessed from the field only and that can remain the case (no tunnel needed). Club will want to see specifics of proposed dugout dimensions on any proposed plans.
- **Wiring/cabling.** Supply and install integrated cabling for state-of-the-art internet and television and radio broadcast. Broadcast Truck Cabling to include current industry-standard broadcast copper and fiber-optic trunks, including DT-12 audio, coaxial video, Triax camera, SMPTE311 Hybrid camera fiber and single-mode ST fiber optic trunks. All broadcast cabling bulkheads in areas subject to the elements should be mounted in weatherproof NEMA-rated enclosures. At minimum, television bulkhead locations should include, Low 1st Base, Low 3rd Base, High 1st Base, High 3rd Base, High Home, Center Field, Outside Home and Visiting Locker Rooms, and all TV and Radio booths. All broadcast trunk lines should terminate at an interconnect rack room near broadcast truck parking location (see below, seeking space for two (2) broadcast trucks). Eventually, Toronto IT and stadium engineering can assist in setting out the final specs.
- **TV and Radio.** Five (5) booths in total: two (2) TV booths, two (2) radio booths and one (1) booth that is capable of being used for TV or radio.
- **Public Address/Video board Control Room Booth.** Need one (1) large PA booth/control room of approximately 500 square feet, and associated equipment. Room would need to house approximately 12 people and equipment (current booth only has room for 3 chairs and is about 5' x 10'). Equipment would depend in part on the specific video boards and other electronics that get installed. Assume that final specs would be developed in conjunction with whatever consultant helps design the video board and stadium PA systems, however, we anticipate that:
 - Video board Control Room facility would be designed to incorporate four (4) live cameras (including one wireless camera), video replay and playback capabilities, as well as graphics display capabilities. Video display software should be integrated into baseball scoring system
 - Room will also house main PA mixing console and PA Announcer
- **Scoreboard and Other Boards.** Although the final specs should be established in conjunction with a consultant who has expertise in these things, we generally require the following scoreboards/signage spaces and costs should be included in any cost estimates:

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- New 16x9 true HD main LED display. Needs to be large enough for replays and to be able to split the screen when needed (e.g. to show lineup or other items). Anticipate needing at least 40 feet wide. May want additional videoboard element running along the bottom, to show innings and scoring info, but final layout would have to be determined at later date.
- Radar speed display capability integrated into video display software.
- Would probably want a space above the main videoboard to display signage with the stadium name and some team creative (e.g. our stylized "Toronto Blue Jays").
- Would probably want a space below the main videoboard for sponsor information or signage.
- Additional smaller scoreboard (probably to be placed above stands on 1st base side) to display score, count, inning. This is needed for people watching from the boardwalk and berm areas. May not need to be a true "videoboard".
- LED signage above box office windows, to announce upcoming games, etc.
- Free-standing signage structure incorporating LED screens (minimum of two) for video messaging, for installation at corner of Douglas Avenue and Beltrees Avenue. Structure and screens need to be large enough to be seen from a distance (estimate that screens would need to be 8 feet by 6 feet or thereabouts)

We understand that new videoboard was recently installed in Clearwater (Phillies) and that plans are currently being developed in Lakeland (Tigers). In Toronto, we have worked with Daktronics and could ultimately assist in making contact with them.

- **Audio.** New distributed sound audio system up to current stadium standards (with separate audio zoning capabilities in the concourse area and outside the main gates). Audio software provisions for live music playback, recorded gate announcements, and routing of radio or television audio to concourse areas. Currently, Florida Auto Exchange Stadium speakers are located only on outfield scoreboard. New system would have to be able to be heard at all stadium locations.
 - Baseball press area to include two desktop-style push-to-talk microphones for the official scorer and media relations rep with the ability to page into the press area. This feed should also be available on the sound system network, and at the interconnect patch room for distribution to television and radio broadcasters.
- **Media Areas:**
 - **Press Box** - Larger press box than currently exists - require room for 50 to 60 persons and all having a view of the field. Assume this will require at least 1,600 square feet (65 x 25). *Should not be in the prime locations, as we wish to save those for fans and executives.* Could be off to one side if necessary having regard to the placement for other items. Require power, wi-fi, Ethernet and other standard hookups. Also need phone between press box and dugout.
 - Washrooms - Addition of media-only washrooms in vicinity of press box (there are none at current Florida Auto Exchange Stadium)
 - Drinks - Replace press box refrigerator/bottled beverages with soda dispenser (and associated lines),
 - **Press Toilet Rooms.** Two (1) single person washrooms (one male and one female) within the Press Box area. Total space needed is 160 square feet.
 - **Stadium and Press Box Entrances** - Dedicated media entrance/exit for media and staff at stadium and stair access to press box/press areas (currently the press has to access by walking through the public seating areas). Need to ensure ability for press to leave the facility after hours. Right now, at a certain point after the game, stadium gates are locked and for any press

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- that stay behind in the press box, there is no flexibility to allow those persons to exit the building and have a door lock behind them automatically. Providing a subway-style, exit only gate may serve the need here.
- *Access to photo/camera dugouts* – would like there to be a way for press to access photo/camera dugouts without needing to enter the field of play,
 - *Parking* - Additional parking for media is needed (see parking heading)
 - *Media Dining and Related* - Current media dining room at Florida Auto Exchange Stadium is at grade and under the stadium structure near shallow right field. *If that portion of the stadium will remain intact then we are prepared to continue to use that same space for media dining, with only very minor upgrades (e.g. paint and some new furniture, counter workstations around exterior walls and possibly some electrical and Ethernet outlets and wiring).*
 - Food could be prepared and delivered from the main concessionaire prep kitchen / commissary. Alternatively, the current media dining room does have an adjacent kitchen but it would need upgrades to make it usable.
 - *Media Work Facilities* – right now there is small media work room located on the ground floor of the offices/clubhouses building, located near Blue Jays reception. It is a little bit tight, however, we are fine with retaining that and potentially adding some work spaces to the media dining area (see prior bullet point). Should probably review the existing work room to see whether it requires some minor improvements (e.g. electrical upgrades or Ethernet).
- *Center field camera well.* Currently the main center field camera well is off center (towards LF) and too low. Would like to relocate CF cameras to a slightly higher, more centered location, similar to CF camera angles in Major League stadiums.
 - *Merchandising:*
 - Large fixed merchandise store (*Jays Shop*) – probably at minimum 3,000 square feet in a high traffic area with good visibility,
 - Storage space of at least 1,000 square feet,
 - Secondary merchandise shop on the boardwalk (800 square feet) or some reasonable substitute (e.g. substantial merch kiosk or kiosks)
 - Need a 150 square foot room for counting money and reviewing all receipts, which room needs to be equipped with a safe
 - *Paramedics.* Require a paramedics' office and appropriate space to help guests. Need about 250 square feet and needs to include 3 beds, 3 sinks and hot and cold water and 1 toilet.
 - *Customer Service.* Need a Customer Service office, with a small space for guests, located in an easily accessible area and with a view of the main concourse near the main stadium entrance. Need about 125 square feet.
 - *Food and Beverage Concessions and Related.* Increased food and beverage concessions capabilities (including upgraded commissary with easy access to elevator to second floor, upgraded preparation areas, refrigeration, etc.). Final specifics (including number and location of fixed concessions and

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

number and location of mobile units) will depend on the ultimate stadium design and layout but core needs would be:¹

- New properly ventilated and lit office space (700 to 1,000 square feet) for concession company management staff. Should be located in proximity to primary concession stands,
- Dedicated, well-ventilated preparation, cooking and storage area of at least 2,000 square feet which should include, at a minimum,
 - 225 square foot walk-in freezer (including appropriate storage racks)
 - 225 square foot walk-in refrigerator (including appropriate storage racks)
 - Large Ansel Exhaust Unit
 - Double sized ice machine
 - Eight (8) large prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Appropriate shelving for dry good storage
- At least two (2) large concessions stands (one on first base side and the other on 3rd base side) in the main (ground level) concourse area, with each stand having space for eight (8) points of sale and four (4) beer or fountain service spots. Both stands require food preparation area and should also include:
 - Large Ansel exhaust unit
 - Ice machine and all necessary water hook-ups
 - Sinks and associated plumbing
 - At least one 100 square foot walk-in refrigerator in each fixed concession location (including appropriate storage racks),
 - Enough space for 3 prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Beer and fountain drink taps, lines and equipment
- At least one (1) smaller concession stand located in the outfield (possibly behind batters eye) with space for six (6) points of sale and three (3) beer or fountain service spots. Stand requires food preparation area and should also include:
 - Large Ansel exhaust unit
 - Ice machine and all necessary water hook-ups
 - Sinks and associated plumbing
 - At least one 100 square foot walk-in refrigerator (including appropriate storage racks),
 - Enough space for 3 prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Beer and fountain drink taps, lines and equipment
- Large Tiki Hut (i.e. liquor, beer and non-alcoholic drink service location) located in the outfield area should be approximately 30 feet long by 10 feet wide. Should include televisions, bars and stools, refrigeration, taps, etc. Should be covered to protect staff and patrons from the elements.

¹ As designs are created we want to ensure that the concessions are being designed appropriately and in accordance with industry standards for similarly sized buildings and the specific seating and other unique elements of this facility. Listed items are minimum requirements only and should not limit what is necessary and to be included.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- Optional smaller Tiki hut located along the 3rd base left field (would need to be approximately 10 feet wide by 12.5 feet)
- Awnings for all concession stand that are exposed to the elements,
- Rubberized flooring in all concession stands,
- All necessary electrical capacity and hook-ups for fixed and mobile concessions.
- We currently have fifteen (15) temporary/ mobile food and drink points of sale at Florida Auto Exchange Stadium. Will require more than that at renovated location and project plan needs to include the space for same and the units themselves.

Anticipate that stadium concepts and cost estimates will include above, along with any other elements and equipment that are in line with current-day standards.

- *Enclosed Bar / Restaurant Area with Field View ("Craft and Draft Area")*. Would like to have an air conditioned, indoor bar/ restaurant location (like in Sarasota) with a view of the field (through windows) and monitors to show the game as well. This space would provide fans with an opportunity to get out of the sun and be able to eat and drink. Would probably need about 2,400 square feet and it would contain a bar, high top tables and high chairs. Would not have kitchen facilities attached. Instead simple food items would be prepared in main floor concessions/ commissary spaces. Small pantry with refrigeration would be attached to the area (approximately 120 square feet). Goal is to be able to hold about 80 people. On non-game days the area could be used for group events or meetings. *Would like to see if it could be located near the upper part of the building on the 1st or 3rd base side (past any suites)*.
 - If being built behind a seating section and additional deck needed in order to finish off the area then the additional deck area need not be enclosed or air conditioned (i.e. there could be an adjacent outdoor area of approximately 1,700 square feet that is accessible from the Craft & Draft area and/or seating bowl). Will allow for future expansion and/or modification.
- *Visitor's Clubhouse and Related*. New visitor's clubhouse of approximately 3,600 square feet total. Should be a very basic clubhouse, including:
 - Better lighting, appropriate flooring, water fountains,
 - Manager's office / locker room of approximately 200 square feet with room for a desk, locker, and a few chairs
 - Coaches locker room with space for 8 lockers (approx. 350 square feet for the locker room and approx. 200 sf for the washroom (hope to accommodate 5 showers, 3 sinks, 2 toilets and urinal)
 - Players Locker Room (all new basic lockers with chairs) with 30-35 lockers, and counter space for food and baseball equipment (approx. 1,600 sq. ft.)
 - Players washroom/showers with 5 sinks, 3 urinals, 4 toilets and 10 shower heads (approx. 550 square feet)
 - 200 square foot laundry room including 2 commercial washing machines, 2 commercial dryers and storage area (along with associated power, plumbing and drainage),
 - Small kitchen (100 square feet) with fridges, oven and counter space for Clubhouse attendant to prepare food,
 - Adequate power outlets for players and staff to plug in phones and tablets, and
 - Training area with 3 training tables, a wet area with above-ground stand-alone hot and cold tubs, counter space for use of trainers' equipment and supplies (approx. 400 square feet).

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Umpire's room.* Upgraded umpire's room, with locker area approximately 15 feet x 20 feet in size (total of about 300 square feet), optimally located next to visitor's clubhouse (could be in same building if visitor's clubhouse requires a new building). Some of the specifics include:
 - 4 lockers, 4 locker chairs, and a table with 4 chairs for umpires to use for meals
 - Bathroom with 2 shower heads, 2 sinks, 1 toilet and 1 urinal (need about 180 square feet for that)
 - AC, Cable TV, and Phone
- *Staff locker room and Lunch Room.* Game day staff locker room, washrooms and lunchroom needed. Anticipate that the locker room portion would require about 400 square feet and the eating area would need about 500 square feet. Another 300 square feet needed for washroom area.
 - Would like to find a way to allow the space to be unisex (for example, there would be a single small "locker" room, perhaps with just open storage, along with 3 or 4 adjacent small private areas of 10 feet x 5 feet, each with a toilet, sink, bench and mirror for people to change in). Does not matter where exactly within the stadium this space is located, except that it should not be within the office / clubhouse area.

If space permits, could be placed within same building that incorporates visitor clubhouse.

- *Green Room/ Female Locker Room.* Would like a small additional space, with associated washroom/shower, capable of housing 5 people. Could be used for women attending fantasy camp and other similar uses. Would need about 500 square feet (180 SF for toilet/shower and 320 SF for the locker room). If new building needed for visitor clubhouse (above), this space could be in the same building, space permitting.
- *Grounds crew / Maintenance areas.*
 - Need approximately 2,000 square feet of indoor space for shed storage, maintenance equipment, repair and maintenance of equipment, and commercial washer and dryer. Requires at least 1 large garage door, so that golf carts, lawnmowers, etc and get in and out. Needs to be heated/air conditioned and have hot and cold water service, sinks, etc.
 - Need an additional 800 square feet of work space, to include 1 work office (100 square feet), a locker and lounge area (400 square feet, including 8 lockers), a washroom area with 2 showers, 1 toilet, 1 urinal and 2 sinks (200 square feet). Heated and air conditioned.
 - Need 1,000 square feet of exterior storage space for dirt, fertilizer etc. Will need to include 4 concrete openings (open at top and front) of about 10 x 10 each to hold supplies.
- *Public Parking.* Significantly increased public parking capacity (controlled by Club). Currently have only 210 guest parking spots for sale and would want as much as possible (whether at ground level or in some kind of parking structure)
- *Security Access.*
 - Automated security access controls (not only for offices, but also for the parking gate). *One possibility is to have the same system in place at the main stadium offices and clubhouse and the Solon Avenue training facility. Further, the Florida systems should probably be the same as those used in Toronto, so that Toronto staff can utilize a single pass set up for both locations.* If

necessary, we can assist with the specs, but the costs needed to be included in the cost estimates for this project.

- Many doors at the stadium and office building use key locks (e.g. concession stand doors, individual offices, and individual suites). We assume that this will remain so, however, upgraded lock and key system would need to be installed.

Douglas Avenue Clubhouse and Office Space Review and Upgrades

N.B. Under this current plan, the intention is that the stadium and related offices/clubhouse spaces would be used only for Spring Training game days (and Florida State League games). Therefore, we are recommending that the existing office / clubhouse building not be materially renovated in any way. That said, we do think that there will need to be some review of the building and its roof, structure, walls, electrical, HVAC, and plumbing and other similar systems and components and those upgrades as are necessary to that the building is both safe and serviceable over the long term. We would ask that the review and upgrades be recognized in the project scope and cost.

Other/Exterior

- *Main Stadium Playing Field.* If retaining existing field / footprint, redo the grading of the field and playing surface to allow for proper drainage (currently our stadium slopes approx. 3 feet from the outfield to home plate).
 - Stadium dimensions should be the same as *Rogers Centre* in Toronto.
 - Outfield wall pads need to set at same height at *Rogers Centre*
 - Distance measurements should be marked in same place/manner as *Rogers Centre* outfield.
- *Half Field.* There are currently two (2) half fields (one to the North of the stadium and one to the South). *Only need one (1) half field ultimately and would suggest that we retain the one to the south (closest to clubhouse building).* The retained half field does not need to be upgraded.
- *Visiting Batting Tunnels.* There are currently 2 batting tunnels for visiting team use. *If space allows, we will still need 2 basic covered batting tunnels for visiting team use. New or upgraded lighting necessary.* Could just be placed under the boardwalk or next to the grounds crew area.
- *Blue Jays Batting Tunnels.* Right now Florida Auto Exchange Stadium has 3 covered batting tunnels for Blue Jays use. Desire is just to retain those batting tunnels. *No additions or renovations necessary.*
- *Baseball Operations' Robotic Cameras and Wiring.* In other portions of this document we have indicated that there will be a need to wire the stadium for TV, radio, feeds, and, of course, all ordinary clubhouse/office needs (phone, internet, cable, etc.). The larger plan needs to ensure that all appropriate areas are interconnected and all designs and costings should take that into account. In addition, to the aforementioned needs we would require the following for Baseball Operations purposes.
 - Install High Definition, robotic, remotely operated Pan-Tilt-Zoom (PTZ) cameras (and associated conduit and wiring) to permit recording and remote viewing of activities at the Major League stadium. Would include:
 - One (1) permanent camera installation in centerfield
 - Ability to set up three (3) temporary "clamped" locations (along home plate, along 1B line, and along 3B line).
 - Minimum of six (6) additional cameras (not permanently affixed) in order to be able to install at any and all of the following six (6) locations: high home plate, low home,

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

center field, 2 at 1B side (open side hitter and catcher), 2 at 3B side (open side hitter and catcher).

- All cameras and feeds should be able to be remotely controlled from a central locations (both stadium and complex video rooms), and available for viewing on web-based viewing software, as well as main video room servers.
- All robotic cameras should be 1080i High Definition as mentioned above, with full HD frame rate recording. (29.97fps), along with iris, black level, ND filter and paint controls. These cameras will shoot in a number of conditions from full daylight, to overcast, to night under sports lighting. "Security grade" cameras are not sufficient.

Assuming this would involve installing conduit and cabling to permit feeds to terminate at some central server or other room at the building. As with the stadium, any and all wiring, conduit, etc. needs to be to high standards and below ground to ensure not affected by weather. It needs to be run to appropriate server rooms, etc. Costs and room sizes for server rooms should reflect that.

- *Security Cameras.* Install security cameras around exterior and interior of the stadium (Blue Jays can assist with more specifics when appropriate, as there is some experience with these in Toronto)
- *Team parking.* Currently, the secured lot has 101 spots. *There is no need to add parking to this lot, since the stadium will be for game-day use only.*
- *Grounds Crew and Media Parking.* Add 10 or more parking spots to the grounds crew/ media / visiting team parking on the North side of the stadium
 - There are 36 spots on the north side of the building for grounds crew/media/visiting team parking, so new total would be 46 or more.
- *Broadcast Truck Parking and Power.* Ensure ample space to park and hook up broadcast trucks (at least 2 per game) (approx. 64'x24' footprint each). As noted above, would want to be located close to built-in pre-wired television cabling interconnections. Ensure a minimum of two (2) 400-amp, 208V, 3ph or four (4) 200-amp, 208V, 3ph electrical services for Broadcast Trucks. These services should be cam-lok series J compatible connections, with local disconnects.
- *Backup Power.* Require backup power generator and associated infrastructure for data and emergency power systems. Assume at least 100 KW required.

SOLON AVENUE SITE (COMPLEX SITE)

Current plan seeks to create a state-of-the-art Major and Minor League training complex at the Solon Avenue site, by using all of the property that is currently in use for the team's minor league complex and fields PLUS certain property to the North (which is presently occupied primarily by a City-owned park, softball fields and associated parking).

While existing field layouts and orientations should be preserved to the extent possible (in order to avoid unnecessary costs), consideration should be given to constructing the new training complex building (and related field house / batting tunnel building) on land that is currently occupied by a field, if doing so would result in the best and most functional use of the property.

At a very high level (i.e. site plan level), the current plan would result in a clubhouse building (i.e. not including batting tunnels / field house) with training facilities on the main floor and offices on the second floor, 4 and ½ fields for Minor League use, 2 ½ fields for Major League use, 1 open air agility field for Minor League use, 1 covered agility field (turfed) for Major League use, 1 Inclined agility field for shared Major / Minor League use, 13 batting tunnels (either combined in a single large structure, or split with 8 Minor League and 5 Major League), 10 ½ Minor League gang mounds and 8 ½ Major League gang mounds.

Fields and Exterior Areas

- *Four (4) Full Fields Minor League use.* Require four (4) full fields for Minor League use. Although the site already has fields, due to subsoil and other issues, at least two (2) would likely have to be moved and would have to be dug down to a significant depth and basically redone from scratch (because the move and/or subsoil issues may require the installation of a geogrid, compaction or other forms of remediation). The other two (2) are anticipated to require substantial work, even if slightly less than the first two (2).
 - Each field should have four (4) bullpen mounds (2 home, 2 visitor) associated with it
 - Each field should have two (2) dugouts
 - Each field should have a "batters eye"
 - Each field should have a scoreboard
 - Each field requires outfield wall fence (as opposed to padding)
 - *Security and Special Fencing.* It is possible that we would consider turning 2 or 3 of these Minor League fields over to the City between April and November each year. For that reason, site should be designed so that there is some parking and access to these fields from a spot that is separate from the clubhouse and team parking area. Also, would need to design site in such a way that there is a flexible fencing system allowing the clubhouse, batting tunnels, gang mounds, agility fields, team parking and all "team only" fields to be fenced off from the areas turned over to the City.
 - *Lighting.* The City has indicated that it would like to have lighting on the fields it will use (likely 2 fields). Although such lighting is not required for Blue Jays uses, at this time design and cost estimates should assume that two (2) of the Minor League fields will be lit. Lighting does not need to be to Major League Baseball broadcast standards and existing lighting infrastructure should be used as much as possible.
- *Viewing Tower.* New viewing tower with shading and views of as many Minor League fields as possible (will depend on site design).

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Observation Area* - Would like tower to be shorter than the standard minor league viewing tower (about 12 feet from ground to floor of observation area). Need power outlets and wi-fi access from observation area. Counter/ ledge surrounding observation area should be wide enough to use as work space. If possible, optional enclosure (not permanent) through sliding glass windows or screens to shield wind for phone calls would be nice to have.
- *Storage and Training Area* - Desire for there to be an *air conditioned storage and training area incorporated into the base of the viewing tower*, which would include:
 - 150 square foot storage space
 - Electricity
 - Filtered water spigot (and space to fill coolers and bottles)
 - Racks for coolers
 - Refrigerator
 - Ice Machine
 - Small private (i.e. walls and door, but very small) "Satellite Training Area" with space for at least 1 trainers table
- *Public Washrooms*. Require public washrooms in base of tower. Men's would include at least 2 toilets, 2 urinals and 2 sinks. Women's would include at least 2 toilets and 2 sinks. As with all washrooms, would need to meet applicable codes and other regulations.
- *Concessions*. Also require small concessions stand to be located within the base of the viewing tower, including:
 - Refrigerator, impinger, grill, water and fountain soda unit and lines, and 2 points of sale
 - All necessary wiring, plumbing, drainage, venting, etc
- *Charting Tables behind home plate of each field*. Seating and small charting tables behind home plate of each field. Want to be able to ensure that those are shaded in some way (but without restricting ability of people to view from the tower, etc.).
- *One (1) "Half Field" for Minor League Use*. Require a "half field" for Minor League use. As with the full Minor League fields, might be turned over to the City for portion of the year so that should be taken into account in site design. Would like this half field to be artificial turf so that it dries quickly after rain. The site design may allow the current half field (which is artificial turf) to remain intact.
- *Covered Indoor Batting Tunnel Structure with eight (8) tunnels for Minor League Use*. Structure should be well lit with high ceilings. Full mounds should be installed in each of the 8 tunnels to allow for indoor bullpen sessions in rain. Should have extra room around perimeter in order to accommodate benches, side work areas, and storage within caged space. Would like netting to be on pulleys to pull back manually as desired (believe the Tigers have implemented such a system in Lakeland). Require small video area integrated into batting tunnel structure.
 - Does not have to be air conditioned, but would like to ensure that there is adequate ventilation and fan system to ensure comfortable environment
 - N.B. - The Major (5) and Minor League (8) batting tunnels can be combined in one larger structure, depending on available site space. If the batting tunnels are combined into one larger structure, then only one video area is needed.
- *Four (4) Outdoor Batting Tunnels for Minor League Use*. These outdoor tunnels should be placed near the Minor League fields with easy access from the fields. Would like these to be split into two (2) sets of 2 tunnels.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Ten (10) gang mounds plus one (1) "half mound" for Minor League Use.*
 - 10 full mounds could be placed together or split 5 and 5.
 - The half mound (i.e. shorter mound with more gradual incline, used for rehab work) should be built in line with the full mounds.
 - Area between mounds and plates should be artificial turf to ease upkeep.

- *One (1) Open Air Agility Field for Minor League Use.*
 - Must be approximately 50 yards long x 26 yards wide and would like artificial turf for this field so that dries quickly after rain and to hold up better to heavy use.
 - *Tartan Track and Sand Pit.* Would like track-and-field style "Tartan Track" rubberized running lane (approx. 40 yards long and 3 yards wide) for sprints with a standard-sized sand pit (roughly 10 yards x 3 yards) at the end of the lane. These can be placed along one side of the open air agility field.

- *Two (2) Full Fields Major League Use.* Require two (2) full fields for Major League use. Anticipate that any fields would have to be dug down to a significant depth and basically done from scratch (as there are subsoil issues that may require compaction or other forms of remediation). *These two fields will always be exclusively under team control and should be located close to clubhouse.*
 - Each field should have four (4) bullpen mounds associated with it
 - Each field should have two (2) dugouts
 - Each field should have a scoreboard
 - Each field should have a "batters eye"
 - Each field requires outfield wall padding (as opposed to basic standard fencing)
 - *Replica of Rogers Centre.* One (1) of the Major League fields should replicate the dimensions of *Rogers Centre*, including identical field dimensions, wall heights and outfield measurements marked in the same locations and fashion as they are at *Rogers Centre*. This field should also be artificial turf, with dirt infield, to dry quickly after the rain and better replicate *Rogers Centre*.
 - *Lighting.* Only 1 of the 2 Major League fields (the field with *Rogers Centre* dimensions) requires lighting.

- *One (1) "Half Field" for Major League Use.* Require a "half field" for Major League use. Will always be exclusively under team control and should be located close to clubhouse. Would like this half field to have artificial turf center with dirt infield to replicate *Rogers Centre* conditions.

- *Covered Indoor Batting Tunnel structure with Five (5) tunnels for Major League Use.* Structure should be well lit with high ceilings. Full mounds should be installed in each of the 8 tunnels to allow for indoor bullpen sessions in rain. Should have extra room around perimeter in order to accommodate benches, side work areas, and storage within caged space. Would like netting to be on pulleys to pull back manually as desired (believe the Tigers have implemented such a system in Lakeland). Require small video area integrated into batting tunnel structure.
 - Does not have to be air conditioned, but would like to ensure that there is adequate ventilation and fan system to ensure comfortable environment
 - N.B. - The Major (5) and Minor League (8) batting tunnels can be combined in one larger structure, depending on available site space. If the batting tunnels are combined into one larger structure, then only one video area is needed.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Eight (8) gang mounds plus one (1) "half mound" for Major League Use.*
 - The half mound (i.e. shorter mound with more gradual incline) should be built in line with the full mounds.
 - Area between mounds and plates should be artificial turf to ease upkeep.

- *One (1) Covered Agility Field for Major League Use.*
 - This agility field should be roughly 50 yards long x 26 yards wide
 - Field needs to be covered with artificial turf
 - *It should be enclosed on two (2) of the four (4) sides, and have a very high roof / ceiling – in order to permit long toss and other drills during rain*
 - While the two (2) open sides will allow some natural light, additional lighting will be required
 - Would like there to be water fountain / bottle filling station in this structure

- *One (1) Inclined Agility Field for Shared Major League and Minor League Use.* Require grass hill with incline of 6 to 8 degrees. Running area should be about 55 yards long by about 5.5 yards wide (however, if there is space to accommodate, we would like it to be even longer – up to 100 yards). Can be located near Major League fields but would be used by both Major and Minor League teams.

- *Protective Netting.* Depending on site layout, anticipate that there will be protective netting needs in many areas (particularly to shield homes, roads and other adjacent properties in the neighborhood from batted balls, particularly as on north side of the property). Protective netting should also shield any publicly accessible fan areas, as well as parking areas. If possible, netting should be designed to as to collect baseballs for later retrieval and reuse.

- *Grounds Crew.* Would prefer to have one (1) large building that incorporates all of the necessary spaces and amenities for grounds crew / maintenance purposes. Would need to include, at a minimum, the following:
 - *Main Maintenance and Repair Space.* Need an indoor space around 3,500 square feet to house:
 - Should include three (3) small (100 square foot) offices for repair and maintenance staff
 - Should include a locker room, lounge and washroom space for 15 people (estimating total of 500 square feet for both). Should have 3 showers, 2 toilets, 2 urinals and 3 sinks.
 - Large open space (2,700 square feet) with concrete floor, suitable for repair and maintenance of golf carts, mowers, and other equipment and storage of same
 - Requires minimum of 9,000 pound equipment lift
 - One or two large garage doors for access, along with regular door
 - Minimum of four (4) work benches and shelving along exterior walls
 - Require 1 industrial washer and 1 industrial dryer in this space (and associated power, plumbing and drainage)
 - Needs to be able to be used to store power equipment (mowers, lifts, packers, golf carts etc.).
 - Requires both standard and 220 volt power receptacles
 - Needs to have heat and A/C, as well as hot and cold running water and sinks
 - *Secondary Storage Shed.* Require one (1) separate secondary shed of 500 square feet to store supplies and small equipment.
 - Concrete floor
 - Requires minimum of 9,000 pound equipment lift

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- One garage door and one regular door
- Shelving along exterior walls
- Requires both standard and 220 volt power receptacles
- Needs to have heat and A/C, as well as hot and cold running water and sinks
- *Exterior storage space.* 1,200 square feet with concrete dividers (to create at least 4 discrete spaces for dirt, fertilizer, propane etc.
- *Baseball Operations' Robotic Cameras and Wiring.*
 - Install High Definition, robotic, remotely operated Pan-Tilt-Zoom (PTZ) cameras (and associated conduit and wiring) to permit recording and remote viewing of activities on all full Major League and Minor League fields. Would want the following at all of the full fields:
 - One (1) permanent camera installation in centerfield
 - Ability to set up three (3) temporary "clamped" locations (along home plate, along 1B line, and along 3B line). Each "clamped" location should be able to accommodate more than one camera.
 - Conduits and cabling for temporary "clamped" installation of high definition, portable, robotic, remotely operated PTZ cameras in all indoor batting cages and at all gang mounds.
 - All cameras and feeds should be able to be remotely controlled from a central locations (both stadium and complex video rooms), and available for viewing on web-based viewing software, as well as main video room servers.
 - All robotic cameras should be 1080i High Definition as mentioned above, with full HD frame rate recording. (29.97fps), along with iris, black level, ND filter and paint controls. These cameras will shoot in a number of conditions from full daylight, to overcast, to night under sports lighting. "Security grade" cameras are not sufficient. Require minimum of twenty (20) cameras.

Assuming this would involve installing conduit and cabling to permit feeds to terminate at some central server or other room at the building. As with the stadium, any and all wiring, conduit, etc. needs to be to high standards and below ground to ensure not affected by weather. It needs to be run to appropriate server rooms, etc. Costs should reflect that.

- *Staff/Player Parking (350 spots).* Require secured, paved parking for approximately three hundred and fifty (350) vehicles (for team staff and players). Needs to be located close to clubhouse building.
 - Possible that it could be divided into a lot for 150 (for Major League players, staff and executives, located closest to clubhouse) and a further lot for 200 (for Minor League players and staff). Want to ensure Major League team always has parking.
 - Would need small security hut for guard to sit indoor with electrical power.
- *Public / Overflow Parking (150 spots).* Parking for 150 located elsewhere on the property (possibly on exterior edge of property close to those of the Minor League fields which the City and/or community may have use of). This parking can just be basic grass parking.
- *Security and Access Control.*
 - Require appropriate security fencing for the site (some existing may be re-usable and other areas will require new, for example, where new fields are installed), along with a parking gate at the entrance to staff parking and a shed for security to sit in at the staff parking entrance.
 - Will require automated security access controls (not only for offices, but also for the parking gate). *One possibility is to have the same system in place at the main stadium offices and*

clubhouse and the Solon Avenue training facility. Further, the Florida systems should probably be the same as those used in Toronto, so that Toronto staff can utilize a single pass set up for both locations. If necessary, we can assist with the specs, but the costs needed to be included in the cost estimates for this project.

- Assume that a number of doors and spaces at the complex will use key locks (e.g. concession stand door, individual offices, etc). Require modern, secure lock and key system.
- *Security cameras.* Would want new surveillance cameras to be able to view the parking areas, main fields, as well as the interior and exterior of the clubhouse building.
- *Backup Power.* Require backup power generator and associated infrastructure for data and emergency power systems. Assume at least 250 KV required.

Joint Major / Minor League Offices and Reception

We anticipate that all offices will be located on the second floor of the clubhouse building and that the offices will open onto a covered balcony with a view of at least one of the Major League fields. Would be useful for balcony to view one Major and one Minor League field.

Will need some kind of joint ground floor reception area for the clubhouses and offices. Would want it to contain some built-in display cases.

Shared Spaces

- *Reception area.* Approximately 200 square foot reception area on second floor to serve offices.
- *Boardroom.* Require one large boardroom of approximately 615 square feet (38.8 feet long x 15.8 feet wide) that can accommodate a table with seating for twenty two (22) persons. Should include a small kitchenette area (sink, water, bar fridge, counter, cupboards).
- *Flexible Multi-Purpose Room.* Room would be approximately 800 square feet and would constitute "flex" space for various meeting, training, treatment and other needs. Room should be equipped with small, wheeled tables (approx. 2 feet x 3 feet) that can be aligned to create larger tables for meetings, configured in a variety of ways or moved/removed as necessary. Would prefer that this room be located in a spot that has relatively easy access to the clubhouse (even though this room will be on the second floor).
- *Open Office Space.* Require two (2) separate open office spaces (aka "bullpen" spaces) of approximately 450 square feet each (total of 900 square feet), with each space intended to accommodate multiple desks/cubicles. This open office space will be used by various staff members from Baseball Operations, Communications, Marketing, Player Relations, IT and other departments as necessary.
- *IT Workspace.* IT must have a separate work space of a pproximately 300 square feet, with storage for excess equipment and room for 2-4 employees to work comfortably. Would prefer this workspace to be physically separated in some fashion from other offices.
- *Server Room.* For safety reasons (e.g. floods), would want on second floor.
- *Kitchen and Eating Area.* Require a 300 square foot kitchen/eating area serving the offices. This area should include a sink, dishwasher, refrigerator, microwave, etc.
- *Copy Room.* Require a copy/office supply room of about 150 square feet.
- *Men's and Women's Washrooms.* Require 1 large set of washrooms for each gender serving the offices. Assume we will require 150 square feet for each bathroom (or, alternatively, could do 2 smaller washrooms for each of men and women).
- *Janitor's Closet.* 1 janitor's closet of approximately 100 square feet for equipment and supply storage.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Player Shoot Room.* For 3 to 4 weeks of Spring Training we require a room in which to be able to shoot audio / visual footage of players (e.g. throwing, jumping and batting action, interviews, and other content). Room needs to be 25 feet x 40 ft (1,000 square feet) and ceiling height of at least 13 feet. *This room can be on second floor and must be physically separate from weight room (to ensure that noise and music from weight room is not heard within this space), but also needs to be relatively easily accessible to/from the Major League clubhouse.* Minimum lighting power service inside the shooting space should be 200A, 208V, 3ph with local disconnect and cam-lok J series connectors or equivalent. Should have acoustical tiles on the ceiling. Air conditioning for this space should have acoustical dampers, and a local thermostat control so it can be turned off during filming to ensure fan-coil cannot be heard. Outside of Spring Training, may want to repurpose the room as overflow meeting space, so it would be good to have means to divide room in two (and could include movable tables on wheels, etc.)

Major League Operations Offices

- *Covered Office Balcony with Field View.* Require an office balcony with roof and view of closest Major League field(s) and, potentially, some of the gang mounds (depends on final site layout).
- *Reception and office spaces:*
 - 2 "double" (i.e. larger than standard) private offices (each of approximately 250 square feet) with balcony access and room for desk and small table for small meetings
 - Reception area of approximately 250 square feet near at least 2 of the "double" offices
 - 7 "single" private offices with or without balcony access (150 square feet each)
 - 3 "single" private offices with or without balcony access (100 square feet each)
 - 1 large "open" (aka "bullpen") office space (approximately 450 - 550 square feet) (with wrap-around working counter and sufficient space for 4 desks).
 - 1 smaller "open" (aka "bullpen") space (approx. 275 square feet) without balcony access with room for 2-3 desks.

Minor League Operations Offices

- *Covered Office Balcony with Field View.* Require an office balcony with roof and view of closest Minor League field(s) and, potentially, some of the gang mounds (depends on final site layout). This would be the same balcony as the one serving the Major League offices, but probably just on a different side of the building.
- *Office Spaces.*
 - 1 "double" (i.e. larger than standard) private office (approximately 250 square feet) with balcony access and room for a main desk and small table for small meetings.
 - 3 "single" private offices with or without balcony access (150 square feet each).
 - 1 "single" private offices with or without balcony access (100 square feet each).
 - 1 large "open" (aka "bullpen") office (approximately 400 square feet) with room for 6 desks.
- *File storage room.* Require 150 square feet.

Florida Operations Offices

- *Office Spaces.*
 - 1 "double" (i.e. larger than standard) private office (of approximately 250 square feet) with balcony access and room for desk and small table for small meetings.
 - 2 "single" private offices with or without balcony access (150 square feet each).

Joint Major / Minor League Clubhouse Spaces

Assumption is that all of the player and coaching-related spaces will be on the main floor of the Clubhouse building unless otherwise noted.

- **Reception.** Area of about 300 square feet or more at front entrance to serve as reception for entire clubhouse / office building. Would want it to contain some built-in display cases.
- **Blue Jays Communications Staff, Media Workspace and Related.** Require an area within which Blue Jays communications staff would work, adjacent to a media workspace and related spaces. Specifically:
 - 1 "single" private office (150 square feet each) for Blue Jays communications staff
 - 1 "single" private office (100 square feet each) for Blue Jays communications staff
 - 1 large private space for Blue Jays communications staff (approx. 300 square feet) with room for 3-4 desks.
 - Adjacent to the Blue Jays media relations staff offices, we require approximately 700 square feet of room for media members to work and eat. Although located within the building footprint, this room should be totally separated from clubhouses and main Blue Jays offices, with its own entrance / exit. Counters should line the outside of the room to provide work space (with appropriate electrical, internet and other connections). Media workspace should include small copy/supplies area (about 100 square feet of total area).
 - Require 2 interview rooms of approximately 100 square feet each, connected and immediately adjacent to the media workspace.
- **Shared Weight Room.** *The weight room will be shared by both Major and Minor League players/staff, and need to be located in close proximity to both Major and Minor League Athletic Training/Treatment areas (probably directly in between).*
 - Require 10,000 square feet of main floor interior space with rubberized flooring. Must include power and internet connections throughout weight room, camera conduits in a section, screens for programming and feedback at all workout stations (i.e. cardio), and all other necessary cabling, conduit and other infrastructure for future technological upgrades.
 - Extra high ceilings – the interior space should be at a height of at least 2 stories.
 - A 2nd floor "cardio loft" overlooking the main floor (loft should be about 700 square feet).
 - An additional dedicated rehabilitation area of approximately 1,000 square feet with training / massage tables, machines, etc. attached to the weight area
 - An additional 225 square foot (15 foot x 15 foot) secure storage room attached to the weight area (including shelving) for storage excess equipment/supplies.
 - An additional exterior space of at least 2,700 square feet (90 feet x 30 feet), separated from the main weight room by one or more a glass/clear garage doors, with field turf and an all-weather awning or roof to protect from the elements.
 - Exterior wall located within this exterior space should be steel-reinforced "medicine ball wall" (i.e. wall has to be strong enough to withstand repetitive impact from medicine balls).
 - An additional smaller outdoor storage area (adjacent to exterior workout space) of approximately 250 square feet with small lockable container for storage of exterior workout materials.

Ver. 3.0 - As of September 9, 2016

- *Shared Hydrotherapy Room.* The hydrotherapy room will be shared by both Major and Minor League players/staff, and need to be located in close proximity to both Major and Minor League Athletic Training/Treatment areas (probably directly in between). Require 1,400 square foot room with proper ventilation, plumbing, etc. Room will include at the following at minimum:
 - *Hydroworx* therapy pool system, with variable depth, underwater treadmill, and built-in cameras. This pool should be in the center of the room.
 - 4 in-ground *Hydroworx* plunge pools (2 hot, 2 cold). Two (2) plunge pools (1 each hot and cold) should be placed on either side of the therapy pool, so that Major and Minor league each has access to its own pair of plunge pools.
 - 2 *CET Team Cryospa* tubs with hot and cold functionality.
 - 2 small stainless steel tubs (for extremities). Would need to be located near water source / plumbing.
 - 2 ice machines (1 cube and 1 pellet). Again, requires water source.
 - Small bathroom area with urinal, sink and shower. Could be enclosed by curtain or partial wall.
- *Yoga Studio.* One (1) room of 800 square feet, with wooden floors and mirrors on walls for possible use as yoga studio. This room must be in proximity to and easily accessed from weight room and training areas.
- *Large, Subdivisible Multi-Purpose Room.* This room would be approximately 1,000 square feet and would have dividers to permit it to be subdivided into 2 to 4 smaller rooms (each would need its own doorway access to the hall). Intent is to have a very flexible space that can accommodate multiple needs simultaneously. On one day, there might be a large meeting. On another, one of the smaller spaces might be used for cognitive training or grappling. This large multipurpose room should also be equipped with small, wheeled tables that can be aligned to create larger tables for meetings, configured in a variety of ways or moved/removed as necessary.
- *Second, Subdivisible Multi-Purpose Room.* "Flexible" space of 1000 square feet to be used for various training, treatment and other varying needs. Should be divisible for possible use as smaller conference rooms as and when required, and should be equipped with small, wheeled tables that can be aligned for meetings or moved/removed as necessary.
- *Sports Science Lab.* Require dedicated space of approximately 700 square feet (approx. 26.5 feet x 26.5 feet) with power outlets, internet connections and conduits / wiring, for data, video, etc throughout (we anticipate having cameras installed in this space at some point). Desire is for the space to in a built-in force measurement platform (pad that measures downward force, such as from jumps).
- *Main Trainers' Locker Area.* Need locker space (approximately 825 square feet) and washroom space (approximately 275 square feet) for athletic trainers, strength and conditioning coaches, and mental performance coaches. Must comfortably accommodate 40 staff total. Lockers should include integrated power outlets. Washroom should include at least 3 urinals, 3 stalls, 8 showers and 4 sinks.
- *Female Locker Area.* Smaller locker room (approximately 200 square feet) for 5 lockers (including integrated power outlets) and accompanying shower and restroom area (approximately 100 square feet). Restroom area should have 2 sinks, 2 toilets and 2 showers.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Doctor's exam room.* 2 private rooms of approximately 125 square feet each. Require each room to be accessible directly from both the Major and Minor league training areas, with each of the 2 rooms including:
 - Lockable door
 - Hi-Lo examination table
 - X-ray view box on wall
 - Counter-top type desk with computer workstation
 - Built-in cabinets and locks
 - Wall-mounted vitals station, and
 - Wall-mounted mirror.

- *X-ray room.* Need x-ray room with properly insulated (lead) walls and door, with a total size of about 120 square feet. Should be a dedicated room and not shared with doctor or massage therapist. Should be accessible directly from both the Major and Minor League training areas. Room needs:
 - Enough space for hi-lo examination table
 - Fluoroscan or x-ray machine (provided by the team)
 - Lead walls and door
 - Counter top including lower storage.

- *Shared Video Room and Office.*
 - Require single shared Major/Minor league video room of approximately 600 square feet. Should include divider in middle of room, in case separation between Major and Minor league personnel is desired. Room should include built-in counter/cabinets around exterior of room and equipment (including video and computers, as well as connectivity and cabling). Will be used for charting and watching video. Two charting stations should be capable of controlling all cameras throughout stadium and complex, including on main field, back fields, batting cages, etc.
 - Smaller, connected office (approximately 200 square feet) to be set up as work room for Advance Scouting and other videorelated work.

- *Theatre-style Classroom.* Would like to have a theatre with fixed, banked seating capable of comfortably holding 120 persons (we anticipate that would require approximately 1,600 square feet). Space would have integrated audio/visual (screen at front, speakers, etc.) and would have desks and outlets at the seats. Initial plans should show people entering at front of room and walking up to back rows which are raised above ground level.

Clubhouse and Training Spaces for Exclusive Use of Major Leaguers

- *Major League Locker Room and Washroom.* Requirements:
 - 2,800 square foot main locker room area.
 - 80 new, high quality "permanent" lockers (with proper ventilation, integrated power outlets, etc.). Lockers should be around room exterior so that center has room for comfortable movement and with some built-in counters/tables, sunscreen station, televisions and other features. Lockers can be extra tall (like in Padres locker room in Peoria) given the extra high ceilings in the space.
 - 2 lounge areas in center of clubhouse with couches, tables, etc.
 - High ceilings (about 22 feet) with windows to allow natural light above lockers (similar to Padres locker room in Peoria, except also want to be able to darken the room when needed, which isn't possible in Peoria).
 - Additional 1,200 square foot restroom/shower area with at least 6 urinals, 6 toilets, 18 showers and 8 sinks.
 - Although doesn't have to follow a football shape, that would be fine, provided that the ends of the room are not coming to a point (making those ends unusable).

- *Janitor's Closet.* 1 janitor's closet of approximately 100 square feet for equipment and supply storage.

- *Athletic Training/Therapy Areas.* Athletic training/therapy area must adjacent to the joint hydrotherapy space in the building and weight room, with ability to view into each.
 - Approximately 1,400 square feet of primary training space.
 - 8 hi low treatment tables included in the training space.
 - Would like to ensure there are high (12 foot) ceilings, making the space comfortable.

Subject to the MLB Rules and Regulations, the Club agrees to play no less than ninety percent (90%) of its "home" Spring Training games at the Dunedin Facilities, and will make all reasonable efforts to play at least ten (10) Spring Training games with other Major League Clubs at the Dunedin Facilities during each Spring Training Season. Games that are cancelled due to inclement weather will be counted as games played relative to the ten (10) Spring Training games per Spring Training Season commitment above, if the appropriate officials have formally cancelled the games citing such inclement weather.

The Club shall be entitled to schedule Spring Training games in excess of ten (10) per Spring Training Season at the Dunedin Facilities. "Home" Spring Training games to be played hereunder will be played at the Grant Field Facilities. Except when being used by the City, the City will provide no operational or security personnel at the Dunedin Facilities, except that it will provide law enforcement personnel for traffic control purposes at all times as it deems appropriate for public safety.

Exhibit "D"

The Club will be responsible to provide personnel for all repair, maintenance, staffing, cleaning, ticket sales, internal security, umpires, ground keeping, and all other operational personnel for the Dunedin Facilities. The City will not otherwise provide any services whatsoever to the Dunedin Facilities, except as is specifically provided herein, and shall not be obligated to expend any funds for repair or maintenance of the Dunedin Facilities, save as included in Sections 6(f), 6(g), 15 and 24 of this Exhibit "D".

- b) Playing Fields Maintenance. All playing fields at the Dunedin Facilities shall be maintained by the Club to a standard similar to Major League playing facilities and such maintenance shall include field preparation for use by other organizations.

- e) Use of Dunedin Facilities by Other Organizations. The use of the Dunedin Facilities by other organizations (excepting the City) for baseball purposes and purposes related thereto and such other purposes as may be approved by the City shall be scheduled and administered by the Club. The City shall maintain and separately account for the Special-Purpose Annual Payments made by the Club (the "Special-Purpose Annual Payment Account"). The designation and establishment of the Special-Purpose Annual Payment Account in and by this Exhibit "D" shall not be construed to require the establishment of a completely independent, self-balancing account as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues as herein provided. The Club will, at any time, be entitled to all records regarding the status of such Special-Purpose Annual Payment Account and the information about amounts accrued therein (including interest).

Expenditures of any amounts held within the Special-Purpose Annual Payment Account may be made only for Capital Replacement (as defined in this Exhibit "D") at the Dunedin Facilities and Maintenance, subject to the Club's written approval of the specific expenditures (including the specific services, materials and contractors). The City will not be responsible for any costs of implementing or maintaining any naming rights arrangements established by the Club hereunder; however, the City will cooperate in ensuring that any naming rights arrangement so established is respected (for example, by ensuring that any City references to a Nameable Property – including City signage and publications - are updated in accordance with such naming rights arrangements). The Club agrees to proceed with diligence to make reasonable efforts to market the naming of the Grant Field Facilities or the Stadium (in the Club's discretion). The City shall not have a veto or approval right over the name of the Nameable Properties, however, the Club agrees to keep the City reasonably apprised (subject to any obligations of confidentiality or commercially reasonable discretion during negotiations) of potential naming opportunities under consideration. In connection with the rights set forth herein, the Club may grant to Pinellas County (or one of its departments or agencies) the right to place a Pinellas County-related name on one or more of the Nameable Properties for any period of the Pre-Renovation Term.

In no event will the Club be obligated to contribute greater than one hundred and seventy five thousand dollars (\$175,000) to the Special-Purpose Annual Payment Account on account of the sale of naming rights hereunder in connection with any single calendar year of the Pre-Renovation Term.

For certainty, the provisions of the third, fourth and fifth paragraphs of SECTION 18 of this Exhibit "D" shall apply to all of the amounts deposited to and held in the Special Purpose Annual Payment Account, irrespective of whether the funds were originally contributed as a result of the application of SECTION 18 or this SECTION 19.

SECTION 20 – TAX LIABILITY

The Club shall be responsible for all sales taxes, intangible taxes, license taxes, and all other taxes or fees directly arising from or attributable to the Club's use of the Dunedin Facilities, whether payable to the City or to other governmental agencies. The parties will each be responsible for payment of one-half (1/2) of the ad valorem taxes on the Dunedin Facilities (net of City taxes) as is otherwise set forth in Section 3 of this Exhibit "D" to a maximum of \$25,000 per year per party. In the event that the annual ad valorem taxes payable on the Dunedin Facilities are in excess of \$50,000 despite the best efforts of the parties to reduce them to that amount, the parties will meet together in good faith to reasonably resolve operational matters to attempt to reduce the payment of the additional ad valorem taxes.

Exhibit "D"

The City shall self-insure for its liability under this Exhibit "D" and shall maintain such property insurance for loss by hazard as to the insurable value of such Facilities as it maintains for other City property for its full replacement cost. The Club will provide for insurance for its property kept at the Dunedin Facilities. The Club will not be responsible for any loss or damage to properties insured against by the City except for intentional acts or negligence of the Club up to the amount of the City deductible under its insurance policies.

The provisions of this Exhibit "D" which are not directly affected by the Club being unable to use the Dunedin Facilities or such material part thereof shall remain in full force and effect.
- b) If the period of the suspension extends beyond eight (8) months and such arises by reason of a state of war within the United States or a non-baseball labor dispute, the Club shall be entitled to terminate this Exhibit "D" or the Agreement to which it is attached without liability to the City therefor.

During the period of such suspension, the Club shall be entitled to conduct its games and practices hereunder at alternate facilities of its choice.

SECTION 24-- CAPITAL REPLACEMENT FUND

During the operation of this Exhibit "D", the City shall maintain a fund for the purpose of Capital Replacement expenditures which shall be known as the Capital Replacement Fund (the "**Fund**"). This Fund shall be used solely for Capital Replacement expenditures and shall be initially funded to an amount of \$250,000 or such greater amount as agreed upon between the parties. Capital Replacements shall be undertaken by the City as and when required, without cost or expense to the Club as to the funding for such Capital Replacements. The City will be responsible for all capital replacement costs in respect of

Exhibit "D"

the Dunedin Facilities notwithstanding any funding or changes in funding to the Capital Replacement Fund.

The Fund shall be funded from the following sources:

- (a) The amounts held in the Fund on the effective date of the Agreement to which this Exhibit "D" is attached.

The City shall administer the expenditures of such Funds and shall undertake and complete any Capital Replacement projects that the parties have mutually agreed upon and shall follow all normal purchasing, bidding and construction practices as in its normal course of business, unless the parties shall mutually agree to delegate some or all of a Capital Replacement Project to the Club.

- a) The Failure by either party to perform, observe or comply with timely, any term, representation, condition, obligation, covenant, or other provision requiring performance of that party under this Exhibit "D" and such failure is not cured within sixty (60) days after written notice, specifying the nature of such failure and requesting that it be remedied, given by the non-defaulting party to the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to expiration; provided, however, if the failure stated in the notice cannot reasonably be corrected within the applicable period, no event of default shall be deemed to exist hereunder if corrective action is instituted by the defaulting party promptly upon receipt of the written notice and is diligently pursued until corrected.
- b) The dissolution or liquidation of the Club, or the filing of a voluntary or involuntary petition applicable to the Club in any proceeding for the Club's reorganization or liquidation under the provisions of the Federal Bankruptcy Code, or adjudication of the Club as bankrupt, or the appointment of a receiver of any of the Club's property, or the assignment of any of the Club's property for the benefit of its creditors, if the Club fails to lift, stay or dismiss promptly any such proceedings or any execution, garnishment or attachment that will materially and adversely impair the Club's operation.

- (II) Take any act or law or in equity as it may appear necessary or desirable to collect any amount to be paid by the Club hereunder when due, or to enforce any obligation or covenant or agreement of the Club under this Exhibit "D"; provided, however, no such enforcement shall include a requirement of the Club to play home Spring Training games at the Dunedin Facilities during the period that this Exhibit "D" is operable, the City's remedies in respect of any default in so playing being limited to monetary damages.

In the event that an event of default by the City shall have occurred and be continuing, the Club may institute such action against the City as the Club may deem necessary to complete performance or may perform the City's obligations hereunder and deduct the cost of so doing from payments required to be made hereunder to the City; provided, however that no such action shall seek to impose, or impose, any pecuniary liability upon the City, or any personal or pecuniary liability upon any member of the City Commission, employee, attorney or contractual representative of the City and any such claim, legal right or cause of action is specifically waived and foregone hereby.

No delay or omission to exercise any right or power accruing upon any event of default shall impair any right or power or shall be construed to be a waiver thereof by any such right or power may be exercised from time to time and as often as may be deemed expedient.

In the event either party shall default under any of the provisions of this Exhibit "D" and the other party should employ attorneys or incur other expenses for the collection of any amount due hereunder or the enforcement of performance or observance of any obligation or agreement herein contained, the non-breaching party if successful in such proceedings, shall be entitled to recover from the breaching party the reasonable fees of such attorneys and such other expenses so incurred.

In the event any agreement contained in this Exhibit "D" should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Except as limited by applicable law or this paragraph, no remedy conferred upon or reserved to the parties is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and in addition to any other remedy given under this Exhibit "D" or now hereafter existing at law or in equity or by statute.

City of Dunedin

2021 Annual Report on Spring Training Activities

To the Florida Department of Economic Opportunity

FDEO 2021 Annual Report

City of Dunedin

Cost Benefit Analysis Summary

The economic impact of Blue Jays spring training baseball has been studied annually by Dr. Mark A. Bonn, Ph.D., of Bonn Marketing, Inc. Bonn Marketing and the Florida Sports Foundation presented the 2009 Major League Baseball Florida Spring Training Economic Impact Study. The City of Dunedin again contracted with Bonn Marketing to provide the cost benefit and economic impact analysis for the 2021 spring training season.

2021 Toronto Blue Jays Spring Training Economic Impact Analysis

- Final estimates for this report are based upon a Covid-19 impacted season which limited game attendance
- Total Economic Impact for the 2021 Blue Jays Spring Training season was estimated to be \$27,015,844.
- This was understandably lower than the 2020 figures (\$79,831,698) due to attendance limits caused by social distancing guidelines.

The agreement may be contingent on an award of funds under this section and other conditions precedent.

Compliance with Criterion No. 2

The applicant presents copies of the signed agreements related to spring training activities at the facilities. (See Section II)

Criterion No. 3

The applicant has made a financial commitment to provide 50 percent or more of the funds required by an agreement for the construction or renovation of the facility for a spring training franchise. The commitment may be contingent upon an award of funds under this section and other conditions precedent.

Compliance with Criterion No. 3

The applicant presents evidence of local match in the form of a newspaper article stating that funds are committed from the local tourist development tax, a City of Dunedin resolution authorizing the license agreement, construction project and funding, and excerpts from the City of Dunedin's Adopted Annual Budget 2021 related to stadium fund revenues and expenditures. (See Appendix)

Criterion No. 4

The applicant demonstrates that the facility for a spring training franchise will attract a paid attendance of at least 50,000 persons annually for the spring training games.

Compliance with Criterion No. 4

Over a fourteen-year period (2006 – 2019) the average attendance at spring training games at the Dunedin facility has been 67,953. At no time during that period did attendance drop below 50,000. (See Appendix)

In 2020, the first spring training season held in the newly renovated stadium, the COVID-19 pandemic forced the cancelation of 5 of the 16 scheduled games or 31% of the schedule. Overall attendance for the 2020 season was 46,865, an average of 5,207 per game or 61% capacity. Using these figures, the applicant believes attendance for the full season, had it been played, would again exceed 50,000 by a large margin.

The 2021 season was wholly impacted by the continuing COVID-19 pandemic. Stadium capacity was limited to 1,275 people per game, in accordance to CDC guidelines for live sporting events. Of 14 games played, average attendance was 1,131 or about 87% capacity.

Criterion No. 5

The facility for a spring training franchise is located in a county that levies a tourist development tax under Section 125.0104, Florida Statutes.

Compliance with Criterion No. 5

Pinellas County does levy a tourist development tax, as indicated by information taken from the Pinellas County Tourist Development Council's website. (See Appendix)

Updated Feb. 18

The Rays are no longer the only major-league game in town.

The Toronto Blue Jays made official Thursday what had seemed obvious, that they will start the 2021 regular season playing “home” games at their spring training base in Dunedin.

The Jays announced initial plans to play their first two homestands at TD Ballpark, with the first game April 8. The length of their stay is uncertain, though

very unlikely to last the entire season.

They hope to return to Toronto at some point during the season if Canadian travel restrictions related to the pandemic are relaxed. But if not, they also have plans to relocate to another interim home in Buffalo, N.Y., once the Florida summer weather becomes a factor, with a likely early June cutoff. The Jays played “home” games during the 2020 season in Buffalo, the base for their Triple-A team.

The Jays plan to host fans for the games in Dunedin, roughly 1,000 in a pod-seating arrangement of about 15-percent capacity. Details are expected soon.

Jays team president Mark Shapiro said Dunedin, Pinellas County and Florida state officials “have been incredibly supportive” in facilitating hosting big-league games in a city of about 36,000.

“I think it’s going to be historic and maybe fun for the city of Dunedin to have Major League Baseball played there, something no one ever considered happening,” Shapiro said.

The Jays also got cooperation from the Rays, who had to grant permission since they control the territory, with the stadiums just 20 miles apart. Major League Baseball and the players union also had to give approval. Jays games are not expected to be broadcast on radio or TV in the Tampa Bay area.

“The Rays were one of our first phone calls,” Shapiro said. “We wanted to ensure that we were respectful, that it is clearly their territory, that we didn’t plan on having a long-term presence. ... They’ve been incredibly supportive. We’ve tried to be respectful, as well, understand that we’re not trying to take their fans and we’re not trying to stake a claim to this territory and this area beyond it being our spring and our training home, and that’s what we hope it continues to be.”

The Jays' first homestands are April 8-14 (against the Angels and Yankees) and April 27-May 2 (Nationals, Braves). The next two start May 14 and June 1. Shapiro said they hope to make decisions about a month ahead of time.

How long the Jays stay is tied to how soon they think they can get back to Toronto. If they get to May and expect the Canadian restrictions could be lifted soon, Shapiro said they would be willing to navigate some of the Dunedin summer heat and rain to avoid the logistical challenges of an interim move to Buffalo. If a return date is not certain, they would most likely shift their base to Buffalo in early June and relocate their Triple-A team.

A major reason to make the decision now was to avoid the uncertainty that hung over the team for the July re-start of the 2020 season, Shapiro said, "to provide our players with some peace of mind and certainty at least as to how we'll start our season." He said Dunedin was their choice over Buffalo and 30 other minor-league sites, plus former and current big-league stadiums that would be shared.

The Jays will have to make some changes and improvements to the stadium, which reopened last spring after an extensive renovation. The primary concern is reaching major-league standards with the lighting, even after last year's reported \$600,000 upgrade in preparation to potentially host games.

“The height of the lightstands is still an issue,” Shapiro said. “Balls can be lost above that. It is certainly not a typical major-league lighting scenario, so we’re going to bring in four extra light towers to supplement that and hope that gets it up to par.”

The Jays also will have to expand clubhouse and workout facilities, especially for the visiting teams, to meet league distancing requirements, as well as adding brand signage. They haven’t decided whether to do pregame work at the stadium, or at their nearby training facility and bus over for the games. TD Stadium will be hitter-friendly, especially to lefties. Conflicts with the minor-league Dunedin Blue Jays, who open play in May, also will have to be resolved, though they could play at the training complex.

Dunedin officials are excited to have the Jays, who compete with the Rays in the American League East.

“I think it’s wonderful,” said parks and recreation director Vince Gizzi. “We’re a huge baseball city. We’re huge Toronto Blue Jays fans. ... To have their home opener and their team playing their regular-season games in Dunedin, I can’t tell you how excited our community is going to be.”

Said city manager Jennifer Bramley, “We’re happy to have our partners and friends here for a little bit longer. All of the footwork was done by the Blue Jays. They had a safety plan, it’s a really good safety plan. It meets all of the CDC requirements. Of course, they always knew our arms are wide open for an extended season or the start of their regular season here.

“... We’re certainly hoping (they stay longer into the summer). We’re hoping some of that title town, good luck will rub off on them, too.”

The Jays will be the second Toronto-based team to make an interim home in Tampa. The NBA Raptors committed to the move for the first half of their season, then said last week they would [stay for the full season, which ends in May](#), with playoffs extending potentially into July. The *Tampa Bay Times* reported [the Toronto and Montreal MLS teams have talked to Tampa officials](#) about a temporary relocation.

Rays looking forward to 'road' trip at Dunedin

"It should be a lot of fun," manager Kevin Cash says of facing the Blue Jays in Toronto's final four games this season at TD Ballpark.

The Rays will continue their road trip Friday night by heading home — sort of. Officially, it's the start of a four-game road series against the Toronto Blue Jays, but the games will be played at Dunedin's TD Ballpark, the team's temporary home due to the coronavirus.

TD Ballpark is about 22 miles from Tropicana Field. Rays players will sleep in their own beds and have the option of driving themselves to Dunedin, though a bus will depart from the Trop.

"It should be a lot of fun," Rays manager Kevin Cash said. "The guys will appreciate that we're wearing gray uniforms, but we're getting to sleep at home.

Tampa Bay Times

We'll have to play well to have success because Toronto is a good ball club. We'll take as many Rays fans as they'll allow in or want to show up. It's unique. I'm excited to go over there."

The Blue Jays have played 17 major-league games this season at Dunedin, which is the team's spring-training home. After the Rays finish the wraparound series Monday afternoon, the Blue Jays will shift this season's home field to Buffalo, N.Y., in a move to avoid potential rainouts during Florida's summertime rainy season.

"It works out in our favor," Rays outfielder Brett Phillips said. "We get to go home, sleep in our beds, see our wives and just stroll on over to Dunedin for a big-league game, which is crazy. Regardless of the circumstances, we're going to show up and treat it like we're playing in Toronto.

"With the (stadium's) renovation, it sounds like it's pretty nice over there. It looks like the ball flies from what I've seen. It's going to be interesting how many Blue Jays fans compared to Rays fans (will be there). I know a lot of Canadians live in our area with summer homes, so I'm sure there will be quite a few Blue Jays fans there, rightfully so. We're going to treat it like a regular big-league game."

A laugh, then a shot

There was a comedic moment in Thursday's ninth inning. With the game out of hand, the Orioles saved their pitching and turned to utility player Stevie Wilkerson for the mound. After Wilkerson got the first two outs, Joey Wendle swung and missed at a 45-mph offering. Wendle stepped out, trying to keep a straight face,

Tampa Bay Times

knowing he would take grief back in the Rays' dugout. On the next pitch, he drilled a solo home run to rightfield.

"It's almost like a mental battle hitting against a position player," Wendle said. "A lot of guys don't like it. I knew everybody in the dugout was laughing, especially our fearless manager (Cash). I figured he was having a good time with that one. I got one massive cut off, at least."

"I give that guy (Wilkerson) credit, it's amazing he can actually command the baseball at that velocity," Cash said. "It's not an easy thing for hitters to face a position player. All the pressure is on Joey. He got a hold of it and hit it a long way."

Cash did enjoy the sequence, but it didn't diminish his appreciation of Wendle — not by a long shot.

"He means the world to our club," Cash said. "The way we're able to stick him at third, at short or at second and get elite defense at any spot we ask him to play ... we're fortunate to have that kind of versatility from a guy who's that good of an offensive player."

Glasnow ready for more

Starting pitcher Tyler Glasnow will be first up when the Rays take on the Blue Jays in Dunedin on Friday night. [IVY CEBALLO | Times]

Right-hander Tyler Glasnow, coming off his career-longest outing (eight innings in no-decision against the Mets), said he's eager to keep going deep into games.

"It was cool (because) I've never done that before," Glasnow said. "I've felt I was capable of it. With how baseball is now, they don't let pitchers go that long. It was a cool accomplishment. Hopefully, I can do it again."

Glasnow, who has never beaten the Blue Jays, said he isn't worried about pitching in Dunedin, where home runs have been commonplace.

"You're just out there competing and trying to get guys out," Glasnow said. "I don't really care about the surroundings. I only have to control a little bump or whoever I'm throwing to. I'm going to treat it like any other start."

Miscellany

Friday night, the Rays can tie their longest win streak (eight games) since 2018. ... The Rays are 21-11 after a 5-8 start to the season. ... After Thursday's game, reliever Louis Head was optioned to Triple-A Durham. A corresponding move is expected Friday and it could be the elevation of right-hander Michael Wacha (hamstring) from the injured list. Cash said Wacha made it through his bullpen work okay and was expected to be activated during the Blue Jays' series. ... Shortstop Willy Adames, who suffered calf cramps on Wednesday night's final play, didn't play Thursday but that was planned. Cash said Adames will be full-go in the Blue Jays' series.

Blue Jays to Play Home Games in Florida to Start 2021 Season

NICK SELBE · FEB 17, 2021

A year after playing their home games in Buffalo for the entire 2020 season, the Blue Jays have found another new home for 2021—at least to start.

The Blue Jays will play their home games at their spring training facility in Dunedin, Fla., to begin the 2021 campaign, the team announced on Thursday.

The decision stems from pandemic-related border restrictions in Canada, which have also forced the NBA's Raptors to relocate to Tampa for the 2020–21 season. Last year, the Blue Jays played their home games at Sahlen Field, home of their Triple-A affiliate Buffalo Bisons.

The Blue Jays will start the 2021 season on a six-game road trip before their home opener against the Angels on April 8. The team will continue to play at TD Ballpark in Dunedin through at least a three-game home stand against the Braves that ends on May 2.

Team president Mark Shapiro said the club could possibly return to Buffalo in June due to the heat and humidity in Florida. He hopes games can eventually be played in Toronto during the summer.

"We're looking at the circumstance that the alternatives for our season lie in some combination of Dunedin, Buffalo and Toronto," Shapiro said, [per MLB.com](#).

The team's possible move to Buffalo later in the season will depend on the rollout of the COVID-19 vaccine and whether the Canada-U.S. border remains closed to nonessential travelers who are not Canadian citizens. If the Blue Jays think they'll be allowed to play in Toronto sooner than expected, they will stay in Florida until they can return home. If not, the club will head to Buffalo and its Triple-A affiliate team will move to an alternate playing site. The Blue Jays are working on finding the Bisons a temporary home.

TD Ballpark in Dunedin seats around 8,500 fans and underwent significant renovations in 2019–20. The Blue Jays intend to limit seating capacity at games to 15%.

DUNEDIN, FL — The Toronto Blue Jays are making themselves at home in their new, state-of-the-art Player Development Complex.

Belson Outdoors®

Sitting on a 65-acre site in Dunedin, the complex features six full fields, two half fields, 20 gang mounds, 12 covered batting cages, a 155-by 150-foot covered turf practice field and a 6.79-degree, 168-foot-long speed hill.

The site's 115,000-square-foot building houses Major and Minor League Blue Jays for the first time.

In 2017, the Blue Jays and the city of Dunedin hammered out a deal for the MLB team to continue spring training and playing its home Grapefruit League games in Dunedin for the next 25 years provided the existing stadium at 373 Douglas Ave., which was built in 1990, be renovated and the team training facility at the Louis A. Vanech Recreation Complex be expanded and updated.

The bulk of funding for the \$102 million (\$96.6 million in construction costs) project came from Pinellas County tourist development tax money (about \$42 million). The state kicked in another \$14 million, the city of Dunedin contributed \$5.66 million and the ball club invested more than \$20 million.

When the ink on the 25-year lease was dry, the Blue Jays became the only Major League franchise to use the same spring training facility since its founding.

Key features of the new training facility include:

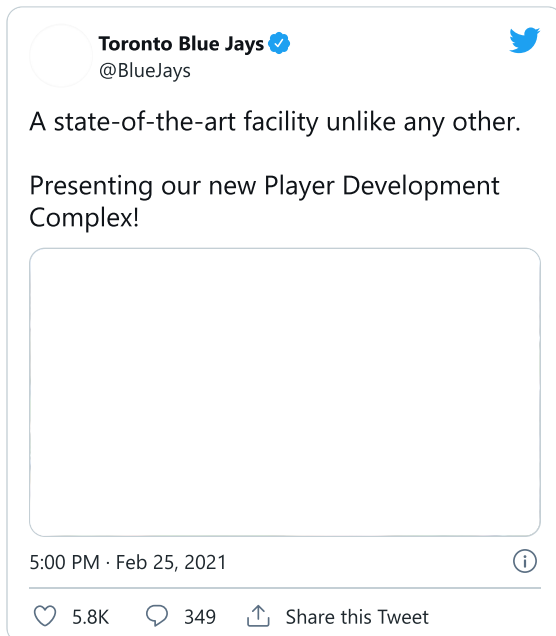

- Two floor indoor/outdoor weight room (totaling 22,539 square feet) with four garage doors that open to nearly 9,000 square feet of partly covered outdoor turf and a 3,400-square-foot second-floor cardio loft
- Equipped with more than 40,000 pounds of weighted accessories and barbells
- Major League clubhouse (3,750 square feet) with 72 custom, 8-foot-tall wood lockers
- Three Minor League locker rooms totaling 219 lockers
- Hydrotherapy room (2,495 square feet) with a 15- by 45-foot custom depth pool at 4, 5 and 6 feet plus two hot and two cold tubs at 4 feet deep
- Kitchen (2,436 square feet) and two dedicated Major/Minor League dining rooms totaling nearly 5,000 square feet
- Three sport science labs for applied research, movement and pitching
- Three discipline workrooms for hitting, pitching and base running/defense
- On-site barber shop, vendor room, Minor League player lounge and grab 'n go fridges and nutrition stations throughout the complex

Blue Jays in Dunedin were disappointed last year when the spring training games in the newly renovated stadium was not held in March.

This year, however, the Blue Jays will be in Dunedin for an extended stay that includes at least seven regular-season games at the TD Ballpark.

"Like all Canadians, we had hoped to see improvements in the public health outlook as we neared the 2021 baseball season," said the Blue Jays management in a statement. "With the ongoing Canada-U.S. border closure, we have made the difficult decision to play the first two homestands of the 2021 regular season (through May 2) at TD Ballpark in Dunedin with the hopes of a return to play at Rogers Centre in Toronto as soon as possible."

The Toronto Blue Jays began 2021 Spring Training games Feb. 28, beating the New York Yankees 6-4 at Steinbrenner Field. They tied with the Pirates on Monday 2-2.

The Jays will face the Phillies at 1:07 p.m. Tuesday. [See schedule.](#)

The team is welcoming fans to TD Ballpark for Grapefruit League home games at 15 percent capacity with increased health and safety protocols. The renovated ballpark seats 8,500 fans.

Ticket purchasers will receive a guide with additional TD Ballpark health and safety protocols before each game; these include:

- Tickets sold in pods of two or four seats, spaced a minimum of 6 feet apart
- Face coverings required for entry; fans ages 2 and older are required to wear them in the ballpark, except when eating or drinking in their seats
- Mobile ticketing required for entry to limit touchpoints
- Symptom screening prior to entry
- Concession stands will feature social distance markers and prepackaged food and utensils
- Hand sanitizing stations available throughout the stadium
- No player autographs

Dunedin businesses hope to see boost from Blue Jays regular-season games

DUNEDIN, Fla (WFLA) – While Spring Training will end in a few days, the City of Dunedin will go into extra innings with the Toronto Blue Jays.

“The restrictions they have in Canada including the in and out restrictions of going across the border and then having to quarantine for 14 days. Obviously, that’s not going to work with teams coming in and out to play against them,” Dunedin City Commissioner and Liaison for the Toronto Blue Jays Maureen Freaney said.

Commissioner Freaney tells 8 On Your Side this is historic for the city.

“It’s like a huge shot in the arm for the whole community,” added Freaney.

Local businesses are hoping the extra baseball games will then bounce back after Spring Training was cut short last year due to the pandemic.

“We were cut off on St. Patty’s day last year. It hurt us a lot because this is a lifeline for us here,” VFW Post 2550 Commander Frank Vanore said.

VFW Post 2550 is located right across from the stadium. They sell parking spots during home games with the money going toward their programs.

“It helps us do our programs that we are compelled to do locally though the city, the state, county, and national. This is where it hurt us. We struggled through it, but this helps us out a lot,” added Commander Vanore.

Blue Jays flags and signs can be seen all over Downtown Dunedin.

Owner of Key West Express Boutique, Soozy Naylor-O'Donnell tells 8 On Your Side the extra baseball games will have a significant impact on small businesses like hers.

“I think last year it took us back to almost zero and now everything is a gift because we appreciate everything so much more. You don't take the season for granted like you normally would do.”

The first regular-season home game with the Blue Jays is set for April 8 against the Los Angeles Angels.

A display case in the lobby of the Dunedin Public Library is devoted to Toronto Blue Jays' spring training collectibles, a few of which highlight the team's history within the city that

is located on Florida's west coast.

Perhaps the baseball used for the first pitch against the Angels on April 8, or some other memento, could be added to the display. After all, that will be the first regular season game ever played in Dunedin.

“I don't think anybody ever imagined there would be (regular season) major league games taking place in Dunedin,” said Mark Shapiro, the Blue Jays' president and CEO.

Due to COVID-19 travel restrictions imposed by the Canadian government that continue to be in effect, it was [announced](#) February 18 the Blue Jays will remain in Dunedin for at least the first couple of home stands starting with a four-game series against the Angels.

While respecting that hosting the Blue Jays for [regular season games](#) is a byproduct of the pandemic, the city of Dunedin is grateful and excited to have the team remain in town until at least through the May 2 series finale against the Braves.

“Obviously, the Blue Jays would love to be in Toronto for the start of the season and have business as usual,” said city commissioner Maureen Freaney, during a meeting in her office, which includes a few Blue Jays items. “For us, somehow in this darkness there is this light. It really is a little shot in the arm for the local economy and even for the citizens, who are excited to have additional opportunities to see the team play in their hometown.”

According to data supplied by the city, the economic impact of spring training in [Dunedin](#) for 2019 was \$112.8 million. Last year, when the team played 10 of its 15 games at newly-renovated TD Ballpark before the virus-forced shutdown, the impact was \$79.8 million.

This year, spring training attendance has been limited to 15%, or about 1,200 in the 8,500-seat ballpark, a figure Shapiro said could change by the regular season depending on the public health situation.

Naturally, far fewer people than normal are attending games and far fewer people in general have traveled to the region. However, having some fans at the ballpark following a rough year is a wonderful sight and many local businesses, at least to some degree, have benefited.

“There will definitely be some positive numbers that will come out of it, but nowhere near normal times,” said Freaney, noting how relatively few Canadians made the trip south this year. “With the Blue Jays playing, even though it is 15% of capacity, at least baseball is here and keeping them here for the first part of the regular season gives everybody a spirit lifter.”

The stadium renovation and the recent completion of the Blue Jays’ player development complex, a three-mile drive from the ballpark, certainly lifted some spirits.

The combined cost of the [projects](#) was \$111.5 million. The Blue Jays committed \$50 million with Pinellas County (\$41.7 million via a bed tax), the state of Florida (\$13.7 million) and the city of Dunedin (\$6.1 million) accounting for the rest.

A major renovation of TD Ballpark commenced when the club headed north in 2019 and was completed in time for spring training last year. The finishing touches on the 65-acre player development [complex](#), a two-year project, were applied last month. The upgrades came on the heels of the team and the city entering a new 25-year lease agreement in late 2017.

The projects serve as a kind of exclamation point to the relationship between Dunedin and the Blue Jays since the team's inception in 1977. The Blue Jays are the only major league team to have not changed their spring training location and have played in the same stadium the entire time.

“I am incredibly excited for what the impact of the facilities and our footprint in Dunedin will mean to the Blue Jays organization,” said Shapiro. “I am more confident that it is part of a championship foundation for us. There is a sentimental part of me as well that is excited to be able to continue to maintain connectivity to the only spring home we have ever had.”

The Toronto Blue Jays new player development complex in Dunedin, Fla. was completed in February ... [+] TORONTO BLUE JAYS

What is unique today that was not so unique as far as spring training locations when the Blue Jays first arrived more than 40 years ago, is the ballpark and player development complex are literally part of their respective neighborhoods. Furthermore, everything that anybody attending a game at TD Ballpark can want is in walking distance. That might include going for a postgame stroll on scenic Edgewater Drive along Saint Joseph Sound.

“We are at the point where we have the charm of old-world spring training in that it is the only stadium and only facility in the middle of a neighborhood,” said Shapiro. “That is how all the facilities used to be. We are still in the middle of a neighborhood, but with all the modern resources necessary. In my mind, it is the best of all worlds because it has a foothold in the tradition of the Blue Jays’ history with Dunedin and the history of a traditional spring training, but all the opportunities for a competitive advantage as well.”

TD Ballpark, which is also home to the Blue Jays’ Class A affiliate in the Florida State League, had LED light fixtures installed as part of the renovation. Four portable light towers will be added starting with the first night game against the Tigers on March 23. The additional lighting is necessary to bring the overall lighting of the ballpark up to MLB standards, including for tracking fly balls in a venue that does not have upper decks from which light fixtures can be installed.

It is another pandemic-era example of the Blue Jays making the best of a situation when it comes to a home away from home. Last summer the team overcame numerous hurdles to make the postseason while playing “home” games at their Triple-A ballpark in Buffalo.

Shapiro has said that Buffalo, in addition to Dunedin, could host regular season games before the team finally returns to Rogers Centre. He noted “work of a permanent nature” needs to be addressed at Sahlen Field prior to playing in Buffalo again.

A layover in Buffalo might be necessary as remaining in Florida for any portion of the summer could be disruptive with unrelenting heat and humidity as well as thunderstorms that could play havoc with the schedule.

“Obviously, there is a point in time where Dunedin, from a weather perspective, is not a great alternative,” he said.

For at least two homestands during the regular season’s opening month, Dunedin, with a population of about 37,000, will get plenty of attention.

“We are proud of our stadium and we have received amazing feedback since it was renovated,” said Freaney. “It is very exciting for us to have the Blue Jays here for regular season games.”

Dunedin's business owners gleeful over baseball's return

A number of proprietors have noticed an uptick in business thanks in large part to having regular season baseball in the town of 36,000.

 May 11, 2021  by Tom Layberger  0 comments

A group of Atlanta Braves fans, sporting the team's jerseys and caps, were walking along Dunedin's Douglas Avenue about two hours before their team played the Toronto Blue Jays.

One of the fans was overheard saying that he arrived from North Port, home of the Braves' spring training complex, and was looking forward to spending a three-day baseball weekend in Dunedin.

That fan's weekend plans would have put a smile on the faces of local business owners. In fact, a number of proprietors have noticed an uptick in business thanks in large part to having regular season baseball in the town of 36,000.

Due to the Canadian government restricting cross-border travel during the pandemic, the Blue Jays have been playing home games at TD Ballpark. They have one homestand remaining in Dunedin before moving to Buffalo, home of their top minor-league affiliate, with the hope they can eventually return to Toronto.

Though attendance has been capped at about 1,600, in the 8,500-seat venue which serves as the Blue Jays' spring training home, many of those who attended games through the first two homestands spent time and money elsewhere in Dunedin.

"We have had a lot of positive feedback from businesses indicating that foot traffic is up," says city commissioner Maureen Freaney. "We are certainly seeing out-of-state license plates, and many are here for the baseball games."

During the first two homestands, the Blue Jays played the Angels, Yankees, Nationals and Braves. While the team has a deep-rooted local following, that dates to its inaugural season of 1977, there are plenty of fans in town rooting for the visitors.

Many of those fans have also made their way to the local establishments, including Home Plate restaurant. Home Plate is located about, well, a couple of hundred feet from home plate. The eatery is directly across Douglas from the ballpark.

"We get a lot of fans of the visiting teams," says Ralph Kleinschrod, who purchased the restaurant with his wife, Monika, in October 2020. "We had a lot of Atlanta and Washington fans who came to Dunedin when those teams played here."

Home Plate, which serves breakfast and lunch, has a beer garden in the backyard that overlooks the Douglas Trail. The outdoor area is a new concept

practically abuts the Pinellas Trail. The outdoor area is a popular spot.

“We are doing really well with baseball fans and many other visitors,” says Ralph, who notes he and Monika have become permanent Dunedin residents since purchasing the restaurant. The couple used to arrive from Germany to spend the winter months.

Speaking of beer, Dunedin is a craft beer mecca, of sorts, with its eight micro-breweries. Dunedin Brewery, the oldest microbrewery in the Sunshine State, is a one mile walk north of the ballpark along Douglas. The brewery, which is also a restaurant, has served its share of baseball fans.

“The games have brought a lot of people walking around town,” says owner Michael Norman Bryant, who founded the establishment in 1995. “There’s a lot more activity. It is not crowded, but it’s busy. It has been that way since the start of the season. Having the Blue Jays here has provided a sense of normality.”

Normality is underscored by the foot traffic Freaney and Bryant have observed. When Freaney makes her way around town, she often does so wearing a Blue Jays jersey. Even those who do not know her comment to her about how refreshing it is to have the team in town for an extended stay.

“There is an excitement in the air that you can’t measure or calculate, but it is something that people feel,” she says.

Restaurateurs Zachary and Christina Feinstein own the Black Pearl and the Living Room, both of which are on Main Street. They also own the Sonder Social Club on Douglas, across from Dunedin Brewery.

The couple has noticed more and more out-of-towners visiting their establishments.

“In addition to many Blue Jays fans, I am seeing more people at the bars with Yankees jerseys, or a jersey of whatever team is playing the Jays,” said Zachary. “I think a lot of it is because some states are still, mostly, shut down and those fans are coming to Florida to watch baseball.”

While he noted many fans who live in the bay area are making the drive to Dunedin to take in a game, those coming from outside the region have had a welcome impact on business.

“I would say we are seeing a lot more people from out of town than we typically would at the end of April and early May,” says Feinstein. “They are coming for the game and going out afterwards. We are definitely fortunate.”

The good fortune, at least as it pertains to business generated by the Blue Jays, will continue in Dunedin a little longer. The team will be back in town May 14 to begin its final homestand at TD Ballpark. The 10-game homestand consists of three games against the Phillies, who conduct spring training in neighboring Clearwater, three games against the Boston Red Sox and four games against a familiar team ... the Tampa Bay Rays.

More than \$80 million in upgrades for the Toronto Blue Jays' facilities will keep the team in Dunedin for another 25 years. {Image created by Populous}

DUNEDIN — The Pinellas County Commission pulled the final trigger Tuesday on dedicating \$41.7 million in bed taxes for upgrades to the Toronto Blue Jays' stadium and spring training facilities, a pledge that amounts to covering more than half of the project.

It is a milestone following years of uncertainty over whether the city could garner the funding to build a state of the art facility to keep the Blue Jays in Dunedin after 40 years.

PREVIOUS COVERAGE: *Dunedin, Toronto Blue Jays appear headed toward \$81 million spring training deal*

In November, the city locked-in the team to stay for another 25 years with a new licensing agreement. But the county's funding commitment to the \$81 million renovation of Florida Auto Exchange Stadium and the training site at the Englebert Complex on Solon Avenue was the major piece needed before the development agreement can be signed, sealed and delivered.

ADVERTISEMENT

The unanimous vote by the County Commission was enough to bring Mayor Julie Ward Bujalski to tears.

"I could not be more proud," Bujalski said Tuesday. "We have a huge quality of life here and no one thing makes our quality of life. It's a combination of things. Spring training is part of that."

But the deal comes with serious risk, enough for City Attorney Tom Trask, hired financial advisors and the board of finance to warn against it.

According to the staggered agreement, the county will split its payment over several years: \$1.3 million is available now, \$14.8 million will be paid Oct. 1 and \$25.6 million in fiscal year 2020. The money is coming from the 6 percent bed tax paid by visitors in hotels, motels and other overnight rentals.

Trask said "it was always presented" to him the county would pay the funds upfront. Staggered payouts in the contract pose serious risk if the county fails to pay up mid-construction, either because a sudden emergency like a storm or if state law changes to prevent bed tax dollars be used for stadiums.

City Manager Jennifer Bramley said she has unequivocal assurance the county "has never reneged on a funding agreement and does not intend to do so now."

AGREEMENT

The City Commission voted unanimously Monday to approve the agreement so the county could vote on it Tuesday. In a lengthy Sunday evening phone conversation with Blue Jays President Mark Shapiro, Bramley said he told her the team would look elsewhere if the approval of the funding agreement was postponed for more negotiations.

Commissioner Heather Gracy said the partnership is about trust.

"I'm nervous, but I will double down on Dunedin like I normally do, and I trust the county," Gracy said. "I certainly trust our partners on the field."

The county's share for the stadium is the largest gift of bed taxes negotiated last year. It also contributed \$26 million for the Clearwater Marine Aquarium; \$6 million for the Museum of the American Arts and Crafts Movement; \$5.5 million for Ruth Eckerd Hall; \$1.9 million for the Countryside Sports Complex; and \$495,000 for the Eddie C. Moore Softball Complex.

The city will pay \$5.6 million for the project, which is already on hand. The state has pledged \$13.6 million, contingent on the county's agreement passing Tuesday, and the Blue Jays will contribute \$20 million.

PREVIOUS COVERAGE: *Clock is ticking for Dunedin to sign deal with Toronto Blue Jays*

But the city will have to issue bonds for the state and team's \$33 million combined share, to be repaid over two decades. Bujalski said construction will be contracted in phases to keep up with the flow of funding.

The Blue Jays has also agreed to fund an additional \$25 million over 25 years in maintenance, operations and repairs on facilities the city will own.

Bujalski said the city will now finalize a development agreement with the team and select an architect. She hopes construction can begin before the end of the year.

In approving the funding, County Commissioner Charlie Justice said while there's debate over whether tax money should fund stadiums, the enterprise directly benefits residents.

Commissioner Dave Eggers, former mayor of Dunedin, said the Blue Jays' commitment to permitting high school students to play in the stadium is a detail that sweetens the deal.

"All of these dollars we are spending on private ventures have public purpose," Eggers said. "It is about kids playing on these fields. It doesn't happen everywhere. ... It is about the Blue Jays really embracing what our community is all about."

STADIUM FUND ANALYSIS

The Stadium Fund is a special revenue fund created to account for the receipt and disbursement of funds related to the City's stadium, including operations and debt service.

AVAILABLE FUND BALANCE

The City anticipates ending FY 2019 with a significantly increased fund balance. Intergovernmental revenues from the County and State of Florida, offset by debt issuance, will allow construction on the stadium to begin in FY 2019, and increase the fund balance for continued construction in FY 2020.

REVENUE

The major change in revenues for FY 2019 will be approximately \$33.7M in debt proceeds for the reconstruction of the Dunedin Stadium and the Englebert Complex. Negotiations with the Toronto Blue Jays were completed in FY 2018, and the plans for reconstruction will commence in FY 2019.

EXPENDITURES

Construction for the new Spring Training facilities is estimated to cost in excess of \$81M and will be shared among the State of Florida, Pinellas County, City of Dunedin, and Toronto Blue Jays. Major changes to expenditures in FY 2019 include a principal payment of \$1.29M and interest expenditure of \$1.63M.

STADIUM FUND ANALYSIS

The Stadium Fund is a special revenue fund created to account for the receipt and disbursement of funds related to the City's stadium, including operations, capital outlay and debt service.

AVAILABLE FUND BALANCE

The Stadium Fund anticipates ending FY2021 with an increase in fund balance. The fund balance in FY2021 included \$599,200 of Capital Reserve for future repairs and maintenance of the Stadium and Spring Training facilities.

Ending Available Fund Balance

REVENUE

FY2021 revenues have decreased \$24,969,000, below FY2020 due primarily to the County of Pinellas contribution of \$41.7 million for the Stadium and PDC Projects. Intergovernmental revenues have decreased in 2021 due to the County contribution being completed in FY2020. Charges for services will increase \$165,000, or 91.7%. Charges for Services are expected to return to normal levels by FY2021, as the stadium is projected to be in full use by that time.

STADIUM FUND ANALYSIS

**Revenue Comparison
Stadium Fund**

EXPENDITURES

Overall, FY2021 the Stadium Fund is projected to decrease \$44,731,450, compared to FY2020 budget. The decrease is due to the completion of the Blue Jay’s Stadium and the majority of the PDC Project in FY2020. Personnel costs are projected to stay relatively flat. Operating costs will decrease \$32,450, or 6.5%, due to projected decrease in insurance costs for the Blue Jay’s stadium. Capital costs are projected to decrease due to completion of the Blue Jay’s Project. Expenditures in future years are expected to remain relatively level.

Dear Ryan,

I have reviewed our previous correspondence, the City's existing records, and provide this as part of the City's reporting obligation.

Based on the foregoing, I can advise that the representations in our application remain true and correct as stated. Therefore, it is my opinion that the City continues in compliance with all of the grant requirements contained in Fla. Stat. 288.11631 (2)(a)1-6.

I have also reviewed any concession contracts related to the facility and determined that there are no concession agreements or service contracts with the applicant that would implicate Fla. Stat. 288.1167. Also, the Detroit Tigers have a contractual obligation to comply with all DEO requirements that are imposed on the City. In so doing, contracts awarded are based on the same terms and conditions and in accordance with the goals set forth in Fla. Stat. 287.09451. Most tasks are performed by City or team forces, so there is no need for service contracts with the facility.

I hope this has been responsive to your request.

Sincerely,

Palmer C. Davis

RE: Annual Report

Dear Ryan,

I have reviewed the requirements of the application that the City filed in 2015, and also The Spring Training Program Agreement dated October 20, 2016 (Program Agreement) with regard to the continuing requirements for Grant eligibility. I have also reviewed the City's records with regard to the use of the Grant funds, the City's expenditure as its match for Grant funds, other financial reporting of the City of Lakeland, and the existing lease documents related to Lakeland's long-term facility lease with the Detroit Tigers. Based on the foregoing, I am able to verify that the City of Lakeland is in compliance with all statutory requirements and the requirements of the Program Agreement as of the date hereof.

If you have any questions, please feel free to contact me.

E. If the arbitrator (or if a panel is selected) feels that he or she requires input from third party consultants, the arbitrator shall be entitled to hire any such consultant provided that such consultant is unbiased and has no relationship with either Party. The cost of the arbitration, including all fees and expenses of the arbitrator, shall be borne or apportioned in accordance with the reward of the arbitrator.

F. Discovery in the arbitration will be conducted in accordance with the Florida Rules of Civil Procedure.

2. **Term.** The term of this Use Agreement shall be for fifteen (15) years, commencing on January 1, 2001 and ending December 31, 2016, subject to the contingency set forth in Section 19, herein below.
3. **Major League Team.** The Club agrees to bring to the City each year of the term hereof a major league baseball team for its spring training and conditioning program, subject, however, to any restrictions or limitations which may occur or arise by virtue of war, travel restrictions, labor disputes, or the direction of the Commissioner of Baseball. The Club shall utilize its best effort to schedule at the Facilities a maximum number of games with other major league clubs during each spring training season.
4. **Use of Premises.** The Club shall have priority use of the Facilities during the entire months of February and March and during the first two (2) weeks in April in each year; provided, however, that such use shall not be exclusive and the City's Director of Parks and Recreation may schedule other events, including baseball games, when the use of the Facilities is not required by the Club or its affiliated farm clubs. The Club shall also have the right to

priority use of the Facilities for an additional period not to exceed one hundred and eighty (180) days during each year to conduct post-season training camps, summer clinics and try-out camps. The Club shall give the City's Director of Parks and Recreation (the "Director") not less than three (3) months' written notice of its intent to use same for such additional period.

Additionally, the Club shall have priority use of Joker Marchant Stadium on those dates and during those hours when regular season or play-off home games are scheduled for Lakeland, Florida by the Florida State Baseball League; provided, however, that such use shall not be exclusive and the Director may schedule other events, including baseball games, when the use of the premises is not required by the Club. The Club shall also have the right to priority use of the Facilities for dates reasonably necessary for practice sessions prior to or during the course of the regular baseball season and League play-off games.

In the event that the Club wishes to use the Facilities, in whole or in part, at times or for purposes not delineated above, the Club may request same in writing to the Director, who shall have the absolute discretion to approve or disapprove same, and to prescribe such terms and conditions as may be reasonable or necessary.

The City may use all or any part of the Facilities when not being utilized by the Club.

5. Maintenance and Repair. The City agrees to maintain the Facilities in first-class condition for use as a baseball park by the Club and visiting clubs, said condition to be reasonably approved by the Club, including, but not limited to, such lights and lighting equipment as the Club may determine is necessary for the playing of baseball games at night.

The City shall furnish at its own cost all necessary equipment, labor and materials in connection with the maintenance and repair of the Facility, with the exception of the following, which shall be at the cost of the Club:

- A. Overtime wages for any City maintenance employee working in excess of forty (40) hours per week, when such overtime is caused or requested by the Club and which wages shall be reimbursed to the City by the Club on a monthly basis upon invoice.
- B. All costs associated with employees utilized by the City for the purpose of maintaining the Tigertown baseball fields. To the extent that these costs are incurred in connection with hiring additional employees other than those that are regular employees of the City, said additional employees shall be temporary employees of the City for purposes of Worker's Compensation coverage, but shall not be participants in the City's group insurance plan.
- C. All actual costs incurred by the City in connection with furnishing labor and materials to maintain the Facilities during the optional one hundred and eighty (180) day period of additional use by the Club.
- D. All actual costs associated with annual operation and maintenance of the cafeteria and Fetzer Hall associated with the Club's use thereof, including equipment, with the exception of permanently installed equipment and fixtures.

- E. The repair of the Facilities occasioned by the negligent conduct of the Club, its agents and employees, reasonable wear and tear excepted. The Club shall also use its best efforts to protect the Facilities when being used and occupied by the Club and employ any necessary security personnel at its own cost and expense.

The City shall also furnish at its expense all utilities, including heat, water and hot water necessary for the club's use of the Facilities, except for gas, which shall be paid for by Club.

6. **Obligations of Club.** The Club agrees that the Club will furnish, at its cost and expense, all necessary baseball equipment, including batting cages. The City may use the batting cages during the periods that the Facilities are not occupied or used by the Club, provided that the City returns the equipment to the Club in as good condition as when received, or make reimbursement for the value thereof, except for normal wear and tear, damage from fire and acts of God. The Club shall also pay for such reimbursable items as the Club and the City may agree, such as cleaning supplies and equipment and materials specifically required for baseball operations.
7. **Rights of Club.** Subject to paragraphs 8 and 9, the Club shall have the exclusive right to and complete control of all ticket sales, concession operations, scorebook/program and sales of all novelties and souvenirs, field and stadium advertising, suite rental and service and all revenue derived therefrom. Placement of field and stadium advertising shall be at the discretion of the Club, subject to the approval of the Director of Parks and Recreation, which approval shall not be unreasonably withheld.
8. (a) **Fees.** Incidental to the use of the Facilities by the Detroit Tigers, the Club shall pay to the City a rental fee of fifteen (15%) percent of the following:
1. Gross ticket sales receipts from each exhibition game or other event by the Club for which an admission fee is charged.

- (c) One dollar and fifty cents (\$1.50) per ticket stadium facility charge will be paid to the City and applied to relief of the loan until its obligation is met. At that time, this amount reverts to the Club.

All fees payable pursuant to Sec. 8.(a)1. and 2., 8.(b)1. and 2. and (c) shall be applied to relief of the loan until the obligation is met. The Club's total annual obligation for fees payable pursuant to this Section 8 for any calendar year shall not exceed \$300,000.00.

The term "gross receipts" shall be defined as gross sales proceeds, less deductions for any applicable state, federal or local taxes.

There shall be no payment required with respect to scorebook/program receipts.

9. Annual Rent. The Club shall pay annual rental of Seventeen Thousand (\$17,000.00) Dollars for Tigertown to be paid prospectively on January 1 of each year, with a four (4%) percent discount if paid prior to due date. This amount of money will be placed in the special Tigertown Improvements account to be used as directed by the Club for replacement and improvements of minor league facilities.
10. Payment: Except for the annual rent and overtime expenses which are paid quarterly, any and all payments required by this Agreement to be made by the Club shall be paid to the City together with a full and final accounting 30 days after the conclusion of the spring training season, the Lakeland Tigers season or other activity. Payment shall be made to the Parks and Recreation Director, City Hall, Lakeland, Florida, or such other person or office designated by the City in writing.
11. Insurance. The Club shall maintain adequate liability insurance, designating the City as a named insured, to protect the City from any liability arising from the use of the Facilities by the Club. The minimum limits of such policy of insurance shall be \$500,000.00 for injury to any one person; \$1,000,000.00 for injuries arising out of a single occurrence; and \$100,000.00 for property damage resulting from a single occurrence.
12. Damage or Destruction. In the event any of the Facilities shall be damaged by fire or other casualty and such Facility shall have been insured against such loss by the City, then the entire proceeds of any such policy of insurance shall be paid to the City, free of any claim or right of the Club. The City shall have the right to restore or reconstruct any damaged or destroyed building or premises, and any reconstructed building shall become a part of the Facilities. In the event such portions of the Facilities are destroyed as to render the entire Facilities unsuitable in the Club's judgment for the Club's operation, the Club shall have the right to play elsewhere until such restoration or reconstruction is completed and, if the City neither reconstructs the premises within either 60 days or by October 30 immediately following the destruction, then, in either case at the Club's option, the Club shall have the right to terminate this Agreement by providing written notice and without further obligation or responsibility. In that event, the City shall refund to the Club on a pro rata basis any prepaid rents which may have been made prior to the date of termination.
13. Taxes. The Club shall be responsible for and pay any and all sales or other tax incidental to this Agreement. In the event that ad valorem taxes are assessed against the Facilities or any portion thereof as a result of the Club's use of same, the Club shall be responsible for its pro rata portion of such taxes.
14. Termination. This Agreement may be terminated by either party upon material breach by the other party, upon thirty (30) days' prior written notice, certified mail, return receipt requested (deemed made upon receipt) and failure by the defaulting party to cure the same within said 30 days. In the event that the Club fails to cure any such breach and there remains an outstanding balance on the loan referenced in Section B hereof, the Club shall pay the City

\$10,000.00 as liquidated damages, which shall be the City's sole and exclusive remedy as a result thereof.

15. Option. The Club shall have the option to renew this Agreement for an additional term of ten (10) years by giving the City written notice of its intention to renew same not less than one (1) year prior to the expiration of the initial term hereof. The rental imposed during such renewed term shall be the amount agreed upon by the parties hereto prior to the commencement of the renewal.
16. Subcontractors. If any services permitted by this Agreement are subcontracted by the Club, any such subcontractor shall either be included as an additional insured under the Club's insurance policy, or shall file with the City a Certificate of Insurance evidencing compliance with Paragraph 11 hereof.
17. Agreement of City Regarding Revenue. The City agrees to take such action as is necessary under the laws of the State of Florida to plan and budget for receipt of a sufficient appropriation of funds to discharge its obligations hereunder; provided, however, if the City has not appropriated sufficient funds to enable it to discharge its obligations then, notwithstanding any other provision contained herein, this Agreement may be terminated effective upon expiration of the fiscal year in which sufficient funds were last appropriated to satisfy the obligations.
18. Assignability/Amendment. This Agreement shall be binding and inure to the benefit of the successors of each of the parties, but it is mutually agreed that this Agreement shall not be assigned by the Club to any person, firm or corporation without the written consent of the City, which consent shall not be unreasonably withheld.

Notwithstanding the foregoing, no consent is required in the event that the Club sells its major league franchise rights, said sale is approved by Major League Baseball and the team continues to play its regular season baseball games in the Metropolitan Detroit area.

Any amendment to this Agreement shall not be effective unless in writing and approved by the Office of the Commissioner of Baseball.

19. Covenants Contingent. The parties expressly acknowledge and agree that the mutual covenants undertaken in this Agreement are contingent on procurement by the City to the club of a plan of project finance which includes irrevocable commitments and awarding of funds, pursuant to §288.182, Florida Statutes, from the State of Florida, Polk County and the City of Lakeland, all of which, when combined with the obligations and undertakings elsewhere referenced herein, will provide sources of no less than \$9.5 million which are to be irrevocably committed to the project. This financing plan shall be subject to the approval of the club, which shall not be unreasonably withheld. Further, the club shall have approval of the renovation program for which the financing plan has been irrevocably committed, such approval not to be unreasonably withheld.

IN WITNESS WHEREOF, the parties have executed this Agreement on the date indicated below.

The Tigers shall indemnify, defend, and hold harmless the City from and against any and all claims, actions, damages, liability, costs and expenses, including reasonable attorney's fees and court costs (collectively, "Claims"), to the extent such Claims arise out of the use of the Leased Premises by the Tigers or any of its agents, employees, or contractors (the "Tigers Parties") or to the extent such Claims arise out of the actions, omissions to act, or negligence of the Tigers or any third party using the Leased Premises for professional baseball activities or related events with permission from or the approval of the Tigers in accordance with its rights hereunder, or the Tigers' breach of any representation, warranty or agreement with the City including, but not limited to, bodily injury, death and/or property damage or any other lawful expense. The Tigers agree to defend all actions to which such indemnity applies and to conduct the defense thereof at the Tigers sole expense and by the Tigers counsel. The Tigers may not settle any suit, action or claim to which an indemnification obligation applies without the prior written approval of the City, which approval shall not be unreasonably withheld or delayed.

- A. The City shall insure the Leased Premises against damage or destruction by fire or other casualty under an all risk property form applicable to the Leased Premises. The City shall ensure that the Leased Premises are covered for 100% replacement value. If any part of either of the Leased Premises is damaged or destroyed by fire or other casualty insured under the all-risk property form applicable to the Leased Premises, and the Leased Premises are unavailable for more than one (1) Spring Training Season, then the Tigers may terminate this Lease by written notice to the City within one hundred twenty (120) days**

after the later date of such damage or destruction or unavailability of the Leased Premises, is known by the Tigers. In the event the Tigers elect to terminate the Lease, each Party shall be entitled to the proceeds of any insurance it has procured, there shall be an abatement of all monies due hereunder, and the Tigers shall be entitled to 50% of any Capital Improvements Fund available as of the date of such damage or destruction. Upon payment of any sums then owing by either Party to the other, the Parties shall be released from all future liability hereunder except for liability under the indemnity provisions hereof, which shall survive termination of this Lease. The Tigers shall provide Fire Legal Liability for damages by fire to the Leased Premises occupied exclusively by the Tigers in the amount of \$100,000.

- B. If the Tigers do not elect to terminate this Lease as a result of damage, destruction or unavailability of either of the Leased Premises, then at its expense, the City shall restore the Leased Premises to as good as condition as existed immediately prior to the damage or destruction and the Tigers shall not be released from any obligations hereunder except that there will be a release from all monetary payments due hereunder for the period of unavailability.
- C. If either of the Leased Premises is damaged or destroyed by fire or other casualty and the Leased Premises are unavailable for less than one Spring Training season during the Term, the City shall promptly repair and rebuild the Leased Premises. In such event, all Tigers obligations hereunder shall be suspended during the period of time for which the Leased Premises are unavailable.
- D. If during any period the Leased Premises are unavailable, the Tigers must find an alternative location for Spring Training, the City shall make reasonable efforts, if requested by the Tigers, to secure a temporary, substitute Spring Training Facility for the Tigers, which satisfies the reasonable needs of the Tigers to conduct Spring Training activities.
- E. Except to the extent provided for in this paragraph or elsewhere in this Lease, neither the monies payable by the Tigers nor any of the Tigers other obligations under any provisions of the Lease shall be affected by any damage to or destruction of the Leased Property by any cause whatsoever.

- F. The City and the Tigers, on behalf of themselves and all others claiming under them (including any insurer) waive all claims, demands, or rights of indemnity that either of them may have against the other (including all rights of subrogation) arising out of damage to any property, real or personal, resulting from fire or other casualties, no matter what the cause thereof may be. The parties waive their respective rights, as set forth herein, because adequate insurance is to be maintained by each of them to protect themselves against all such casualties and they have obtained or agree to obtain from their insurance carriers appropriate "waiver of subrogation" provisions in all such policies of insurance.

26. DISPUTE RESOLUTION.

- A. The Parties agree to attempt to settle any dispute or controversy that may arise between the Tigers and the City regarding any provision or obligation set forth in this Lease by mediation. The Party desiring the mediation shall give written notice thereof to the other Party specifying the specific question or questions to be mediated.

- C. The arbitration shall be expedited to completion within ninety (90) days after notice of electing to arbitrate sent by one Party to the other Party. Both Parties shall agree in good faith to cooperate and facilitate the completion of the arbitration within said ninety (90) day period.
- D. In the event the Parties are unable to agree on a single arbitrator within thirty (30) days of the notice of electing to arbitrate, each Party shall within ten (10) business days thereafter select an arbitrator from a panel of eligible arbitrators provided by AAA and thereafter the two selected

arbitrators shall select a third arbitrator.

- E. If the arbitrator (or if a panel is selected) feels that he or she requires input from third party consultants, the arbitrator shall be entitled to hire any such consultant provided that such consultant is unbiased and has no relationship with either Party. The cost of the arbitration, including all fees and expenses of the arbitrator, shall be borne or apportioned in accordance with the award of the arbitrator.
- F. Discovery in the arbitration will be conducted in accordance with the Florida Rules of Civil Procedure.
- G. After all the evidence has been presented and the hearing has concluded, the arbitrator shall issue an award within thirty (30) days. A judgment upon that award shall be enforceable in any court having jurisdiction of such matters in the State of Florida.

27. SUSPENSION OF PLAY.

If for any reason beyond the reasonable control of the Parties, including without limitation, as a result of any act of nature or force majeure, national emergency, state of war, or because of a labor strike, lock-out, or other cause of similar nature, the Leased Premises are unavailable for an entire Spring Training Season shall be regarded as suspended for the period of unavailability without liability to either Party, and the Term shall be extended for one (1) additional calendar year so long as the period of unavailability is no more than one (1) Spring Training Season during the Term. If the Leased Premises shall be unavailable for more than one Spring Training Season during the Term, the Tigers shall have the right to terminate the Lease subject to the requirements of Section 30.

The City shall also not act unreasonably to withhold its approval of any such permits or licenses required under its laws or regulations.

30. TERMINATION AND REMEDIES.

- A. The City may terminate this Lease upon sixty (60) days' written notice to the Tigers of any of the following events (collectively hereinafter referred to as the "Tiger Defaults");
- (1) If the Tigers vacate the Leased Premises, or cease to conduct a majority of its Baseball Activities at the Joker Marchant Stadium;
 - (2) If, by order of a competent authority, a receiver, liquidator or trustee of the Tigers or any of its property shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days of the making of such order, or if by decree of such authority the Tigers shall be adjudicated or determined to be bankrupt or insolvent, or if the Tigers shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;

to this Lease within one hundred twenty (120) days following written notice of such payment default, or

(4) If the Tigers breach any material provision, agreement or obligation hereunder that is not cured within sixty (60) days of written notice of such breach delivered to the Tigers; provided, however, that if such breach cannot be cured within such sixty (60) day period, but the breach is capable of cure within a reasonable period of time which is acceptable to the City, and the Tigers diligently pursues such cure, the Tigers shall be allowed such agreed upon time period to cure such default.

B. Upon an event of a Tigers Default, the City, shall have any remedy available at law or equity.

C. Termination. Subject to Section 30F, in the event the City should elect to terminate the Lease following a Tigers Default, the City's remedies are as follows:

(1) The City shall have the right to re-enter or repossess the Leased Premises by force, summary proceedings, surrender or otherwise, and may dispossess and remove the Tigers, or any other occupants thereof, without being liable for any prosecution therefor, provided, however, that the City shall have no right to the Tigers assets and the Tigers shall have the right to remove all tigers assets from the Leased Premises.

(2) The City shall have the right to file an action to collect any monetary obligations accrued through the date of termination.

(3) The City shall have the right to re-let the Leased Premises. Should the City incur necessary and reasonable expenses in enforcing its rights hereunder, specifically including reasonable attorney's fees and court costs, said reasonable expenses shall be borne by the Tigers.

(4) Termination Fee. The City shall be entitled to a termination fee

in an amount necessary to pay the unamortized portion of the debt on the Improvements, and to pay debt service on the Project Bonds. The City shall take all steps necessary to relet the Stadium complex and to further mitigate damages that it may incur as a result of a Termination by the Tigers.

(5) The Tigers shall remit to the State of Florida any payments required by Fla. Stat. 288.11631.

THIS INTERLOCAL AGREEMENT ("Agreement") is entered into as of the Effective Date (hereinafter defined) by and between the City of Lakeland, Florida, a Florida municipal corporation (the "City"), and Polk County, a political subdivision of the State of Florida (the "County"), their respective successors and assigns (the City and the County may sometimes be referred to herein collectively as the "Parties").

WITNESSETH

WHEREAS, Florida Statutes, Section 163.01, the Florida Interlocal Cooperation Act of 1969 (the "Cooperation Act"), at Subsection 163.01(6), provides that public agencies of the State of Florida, which by definition include cities and counties, may exercise jointly with any other public agency of the State of Florida any power, privilege, or authority which such agencies share in common, and which each might exercise separately, by contract in the form of an interlocal agreement; and

WHEREAS, the City is the owner and operator of The Joker Marchant Stadium Complex, a public facility located at 2301 Lakeland Hills Boulevard, Lakeland, Florida 33805 that is comprised of Joker Marchant Stadium, Two Bowling Cages, Weight Room, Major League Locker Room, Minor League Clubhouse, Fetzer Hall Dormitories, Cafeteria, and Recreation Hall, Tigers Administration Building, 2.5 Practice Fields, Bowling and drills field, Long mounds, Maintenance and Storage Building (the "Complex"); and

WHEREAS, the Complex is a "professional sports franchise facility" and a "retained spring training franchise facility" within the meaning of Section 125.0104(3)(b), Florida Statutes, and a "Facility" within the meaning of Sections 288.11621(1)(d) and 288.11631(1)(d), Florida Statutes, in that the Complex has been the spring training home of the Detroit Tigers major league baseball team since 1966 and is the home of the Lakeland Flying Tigers minor league baseball team (the Detroit Tigers major league baseball team and the Lakeland Flying Tigers minor league baseball team shall collectively be referred to as the "Team"); and

WHEREAS, the City intends to undertake a project for the renovation and expansion of the Complex as more particularly described in Section 4.2 (collectively, the "Improvements") in order to induce the Team to extend their current lease or enter into a new lease with the City for an additional twenty (20) year period, and, in connection therewith, will apply for State funding for renovation of a spring training facility pursuant to Section 288.11631, Florida Statutes for the purpose of funding a portion of the Improvements; and

WHEREAS, the Improvements by the City comply with and will further the purposes of the County's plan of tourist development devised in accordance with Section 125.0104(4), Florida Statutes; will promote the influx of tourists to the City and the County, and thereby benefit the local economy; and will be of substantial benefit to the entire City and County; and

WHEREAS, it is the purpose and intent of the Parties, this Agreement, and the Cooperation Act to permit the City and the County to make the most efficient use of their respective powers, resources and capabilities by enabling them to cooperate on the basis of mutual advantage and thereby to provide for the Improvements in the manner that will best

accord with the existing resources available to each of them and with the geographic, economic, population and other factors influencing the needs and developments within their respective jurisdictions; and

WHEREAS, it is the purpose of the Cooperation Act to provide for a means by which the City and the County may exercise their respective powers, privileges and authorities which they share in common and which each might exercise separately; and

WHEREAS, the City has committed to incur all or a portion of the Indebtedness (hereinafter defined) for the Improvements, and the County has elected to pledge a portion of the revenues from its tourist development tax, authorized by Section 125.0104, Florida Statutes (the "Tourist Development Tax"), in the amounts set forth in Section 3.2, to pay a portion of the Indebtedness, all in accordance with the intent and purposes of the Cooperation Act permitting local governments to, among other things, provide from their treasuries the financial support for the purposes set forth in Interlocal agreements; and

WHEREAS, the City and the County have ascertained that the method or formula for equitably providing for and allocating and financing the capital costs for the Improvements and the payment of the Indebtedness therefor, including payments to reserve funds and payments of principal and interest on obligations as established by the Parties, are reasonable on the basis of the amount of services rendered or to be rendered, benefits received or conferred and on all other equitable bases; and

WHEREAS, in order to induce the Team to extend their current lease or enter into a new lease with the City for an additional twenty (20) year period the County deems it proper and appropriate to pledge a portion of the Tourist Development Tax to pay a portion of the Indebtedness, as more specifically set forth herein; and

WHEREAS, the City and the County wish by this Agreement to provide for the terms and conditions of the commitment of the City and the County created hereby and to secure the payment of the indebtedness, in order to further the purposes stated herein.

NOW, THEREFORE, in consideration of the promises, mutual covenants and conditions contained herein, the Parties agree as follows:

SECTION 1: Recitals

The above recitals are true and correct and incorporated herein.

SECTION 2: Authority

This Agreement is entered into pursuant to the provisions of Section 163.01, Florida Statutes; Chapter 166, Florida Statutes; Chapter 135, Florida Statutes; and other applicable provisions of law.

SECTION 3: Covenants and Obligations of the County

3.1 Subject to the terms and conditions of this Agreement, the County does hereby covenant and pledge a portion of the fourth percent of the Tourist Development Tax for the purposes provided herein, for a term of twenty (20) years. In order to finance the improvements, the City shall issue bonds, amortized over a twenty (20) year period, in the approximate amount of \$37,000,000.00 (the "indebtedness"). The City shall issue all such bonds in a one-time, single issuance, and the Parties expressly acknowledge and agree that this Agreement, and the County's obligations hereunder, shall not apply to any bonds issued by the City following such initial issuance, whether issued in connection with the financing of the improvements or not; provided, however, this provision shall not operate to limit either Party's rights under Section 4.6 of this Agreement.

3.2 The County shall make a single annual payment to the City, commencing September 30, 2017 and every September 30th thereafter in an amount equal to the lesser

of: (i) 39.4% of the actual amount of principal and interest due on the Indebtedness for that particular year; or (ii) the amount of annual principal and interest necessary to defease a principal amount of \$14,560,000.00, over a twenty (20) year term, at a maximum interest rate of 4.5%. Such annual payments by the County shall be applied toward payment of the Indebtedness, and the County shall make such annual payments to the City until the County's obligation under this Agreement is satisfied, or sooner terminated. The annual payment shall represent both principal and interest on the County's portion of the Indebtedness as set forth on the Estimated Bonded Debt Amortization Schedule shown in Exhibit "A" attached hereto and incorporated herein. Exhibit "A" is provided for illustration purposes only and shall not be construed as adding to or limiting the obligation of the Parties pursuant to this Agreement. Upon the issuance of the Indebtedness, the actual amortization schedule for the Indebtedness shall be used to calculate the annual payments due and shall be incorporated into this Agreement as an addendum. The Parties agree that the sum of all annual principal payments provided by the County herein will not exceed \$14,560,000, nor constitute more than 39.4% of a total project cost of at least 37,000,000.

3.3 On any annual payment date, the County may elect to terminate its obligation under this Agreement by paying to the City an amount equal to the County's share of the unpaid principal amount due on the Indebtedness through maturity of this Agreement.

3.4 With the exception of those revenues previously pledged for improvements to the Lakeland Civic Center, the County covenants and agrees to apply the annual revenues derived from the fourth percent of the Tourist Development Tax up to the annual proportionate share of the limits set forth in Section 3.2 to satisfy its annual payments

obligations under this Agreement prior to applying said revenues to any other purpose. The Parties acknowledge and agree that all surplus funds generated annually from the fourth percent of the Tourist Development Tax in excess of what is necessary to satisfy and discharge the County's annual obligations hereunder, including any carried over amount from the prior year, if any, as set forth below, may be utilized by the County for any purpose authorized by Section 125.0104(3)(f), Florida Statutes. In the event the revenue generated from the fourth percent of the Tourist Development Tax is insufficient in any given fiscal year for the County to meet its obligations hereunder, then the County shall carry the shortfall forward so that it becomes due and payable with the next annual payment. In the event full payment has not been made at the end of the twenty year financing period provided herein, the Parties agree that this Agreement, and the County's obligation to make payments hereunder, shall be extended for such additional period of time as is necessary for the County to make full payment to the City.

SECTION 4: Covenants and Obligations of the City

Subject to the terms and conditions of this Agreement, the City does hereby covenant and agree as follows:

4.1 In order to finance the improvements, the City shall proceed with all steps necessary to obtain financing and related costs for the improvements, and shall diligently pursue completion of the improvements being financed with the proceeds of the debt instrument(s);

4.2 The City shall apply for State incentive funding for renovations for a spring training franchise facility pursuant to Section 288.1163f, Florida Statutes, and the City shall use the proceeds of such funding for the sole purpose of financing a portion of the costs of the improvements by servicing the debt obtained to finance the improvements as

indicated in Section 4.1;

- aa. Replace natural turf on one field with Artificial Turf.

4.4 The City shall be obligated to pay and shall satisfy any remaining obligation in conjunction with the indebtedness as indicated in Section 4.1, with no additional contribution from the County except as specifically provided in Section 3;

4.5 The City covenants and agrees not to mortgage, sell, dispose of, transfer or otherwise convey any interest in the Complex during the term of this Agreement without the written consent of the County and any proceeds from any such disposition shall first be applied against the indebtedness;

4.6 The City covenants and agrees not to modify or amend any of the debt

Instruments secured in connection with the financing of the improvements in any manner which would shorten, lengthen, enlarge or modify the obligations of the County hereunder, or to refund any bonds without prior written consent of the County; and in the event such modification or amendment is made which reduces the total debt service payment on the Indebtedness, then the County's share of the debt service obligation shall be reduced proportionately;

4.7 The City shall prepare the annual payment calculations based upon the actual amortization schedule as described in Section 3.2 and submit a written copy of such calculation to the County on or before August 1 immediately preceding each required annual payment date; and

4.8 As consideration for the County's pledge made herein, the City shall permit the County to use the Complex, or portions thereof, for not more than four (4) special events per year during the term of this Agreement, which events shall not exceed a maximum of nine (9) days per year, collectively, and shall not conflict or interfere with the activities of the Team. The County agrees to reimburse the City for its reasonable staff and maintenance costs incurred as a result of the County's use of the Complex.

SECTION 5: Conditions

The Parties acknowledge and agree that the County's performance under this Agreement is contingent upon the following conditions:

5.1 The City must receive written acknowledgment from the State of its award of not less than \$20,000,000 of incentive funding pursuant to Section 288.11631, Florida Statute, as further described in Section 4.2. The City shall provide a copy of such acknowledgment to the County within five (5) business days of receipt. In the event the City is unable to secure such funding, this Agreement shall be void *ab initio*, the County

shall have no obligation hereunder, and any payments made by the County to the City pursuant to this Agreement shall be immediately returned to the County in full; and

5.2 The City must enter into an agreement with the Team for the lease of the Complex for a term of not less than twenty (20) consecutive years (the "Lease"). The City shall provide a copy of the fully executed Lease to the County within five (5) business days of full execution. In the event the Lease is not executed for any reason, whether through any fault or no fault whatsoever of the City, this Agreement shall immediately terminate and be of no further force or effect, and the County shall have no further obligation hereunder. In the event that the Lease is terminated by the City or the Team, or the Team relocates its home spring training games or the Lakeland Flying Tigers home games to another location prior to the completion of the Lease term (individually, a "Default Event" and collectively, the "Default Events"), then the County shall have the right to terminate this Agreement by providing written notice thereof to the City, and, in such event, the County shall have no further obligations hereunder; provided, however, that if the Lease is terminated through no fault of the City, then prior to the County terminating this Agreement, the City shall be permitted to pursue the enforcement of its remedies under the Lease for a period not to exceed 24 months from the date of the Lease termination (the "Enforcement Period"). If during the Enforcement Period the County determines in its reasonable discretion that the City is not diligently pursuing its Lease remedies, or if the Enforcement Period expires and any of the Default Events remain uncured, then the County shall have the right to terminate this Agreement effective immediately. Within sixty (60) days from the date of such termination, the City shall reimburse the County in full for any principal and interest payments made by the County pursuant to Section 3.2, from the date on which the Default Event(s) first occurred through the date this Agreement

is terminated. Said reimbursement to the County by the City shall also include interest on all the debt service payments from the date the County makes such payments, to the date this Agreement is terminated. Such interest shall accrue at the annual average rate of the State Board of Administration's Florida Prime 30-day average yield for the months of October through September of the previous fiscal year.

SECTION 6: No Lien on Nor Pledge of Ad Valorem Revenues

The pledge of the City and the County, respectively, as set forth herein, shall not constitute nor create a lien, either legal or equitable, on any of the City's or the County's respective ad valorem revenues or funds. Neither the City nor the County shall ever be required to levy ad valorem taxes on any property within its respective boundaries to pay their respective shares of the debt service payments or any other payments provided herein.

SECTION 7: Indemnification

Without waiving sovereign immunity pursuant to Section 768.28, Florida Statutes, each party will indemnify the other from and against any and all claims, demands, causes of action, losses, damages, penalties and expenses, including attorneys' fees, arising from or incurred because of any loss or damage sustained as a result of the indemnifying party's failure to comply with the provisions of this Agreement, to the extent permissible by Florida Law. Nothing herein shall be deemed a waiver, express or implied, of either party's sovereign immunity or an increase in the limits of liability pursuant to Section 768.28, Florida Statutes, regardless of whether any such obligations are based in tort, contract, statute, strict liability, negligence, product liability or otherwise.

SECTION 8: Term

Unless extended by mutual written agreement of the Parties, or unless otherwise provided in this Agreement, this Agreement shall expire when the County's financial

obligations as set forth in Section 3 have been satisfied.

SECTION 9: Effective Date

Pursuant to Section 163.01(11), Florida Statutes, this Agreement shall become effective upon the filing of the fully executed Agreement with the Clerk of the Circuit Court for Polk County, Florida.

SECTION 10: Notice

Any notice or correspondence required under this Agreement shall be provided to the other party by personal hand delivery, by recognized overnight courier service, postage prepaid, or by certified mail, return receipt requested, to the other party at the address set forth below:

SECTION 11: Third-Party Rights

Nothing in this Agreement is intended, nor shall be construed, to confer any rights or benefits upon any party other than the City and the County.

SECTION 12: Assignment

Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered under any circumstances.

SECTION 13: Severability

The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement. Any void provision shall be deemed severed from the Agreement and the balance of the Agreement shall be construed and enforced as if the Agreement did not

contain the particular portion or provision held to be void. The Parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

SECTION 14: Controlling Law / Members of the City and County Not Liable

All covenants, stipulations, obligations and agreements of the County and the City contained in this Agreement shall be deemed to be covenants, stipulations, obligations and agreements of the County and the City, respectively, to the full extent authorized by the Cooperative Act and provided by the Constitution and the laws of the State of Florida. No covenant, stipulation, obligation or agreement contained herein shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future member of the governing body or agent or employee of the City or the County in his, his, her or their individual capacity and neither the members of the governing body of the City or the County nor any official executing this Agreement shall be liable personally or shall be subject to any accountability by reason of the execution by the City or the County of this Agreement or any act pertaining hereto.

SECTION 15: LIMITATION OF LIABILITY

IN NO EVENT, SHALL THE COUNTY BE LIABLE TO THE CITY FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS AGREEMENT BY THE COUNTY WHETHER BASED IN CONTRACT,

**COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION,
INDEMNITY OR OTHERWISE.**

SECTION 16: Governing Law and Venue

This Agreement shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida, Tampa Division.

SECTION 17: Attorneys' Fees and Costs

Each party shall be responsible for its own legal and attorneys' fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorneys' fees, costs, and expenses incurred for any appellate or bankruptcy proceedings.

SECTION 18: Waiver

A waiver by either the County or the City of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not effect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

SECTION 19: Annual Appropriations

The City acknowledges that the County, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein

contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the County's performance and obligation to pay under this Agreement is contingent upon annual appropriation.

SECTION 20: Entirety of Agreement

The Parties agree that this Agreement sets forth the entire understanding between the Parties as to the subject matter contained herein, and that there are no promises or understandings between the Parties other than those stated herein. This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters or other communications between the City and the County pertaining to the matters stated herein, whether written or oral.

SECTION 21: Amendment

This Agreement may not be modified, added to, superseded or otherwise altered unless such modifications, additions or other alterations are evidenced in writing signed by both the County and the City.

The City shall furnish at its own cost all necessary equipment, labor and materials in connection with the maintenance and repair of the Facility, with the exception of the following, which shall be at the cost of the Club:

- A. Overtime wages for any City maintenance employee working in excess of forty (40) hours per week, when such overtime is caused or requested by the Club and which wages shall be reimbursed to the City by the Club on a monthly basis upon invoice.
- B. All costs associated with employees utilized by the City for the purpose of maintaining the Tigertown baseball fields. To the extent that these costs are incurred in connection with hiring additional employees other than those that are regular employees of the City, said additional employees shall be temporary employees of the City for purposes of Worker's Compensation coverage, but shall not be participants in the City's group insurance plan.
- C. All actual costs incurred by the City in connection with furnishing labor and materials to maintain the Facilities during the optional one hundred and eighty (180) day period of additional use by the Club.
- D. All actual costs associated with annual operation and maintenance of the cafeteria and Fetzer Hall associated with the Club's use thereof, including equipment, with the exception of permanently installed equipment and fixtures.

- E. The repair of the Facilities occasioned by the negligent conduct of the Club, its agents and employees, reasonable wear and tear excepted. The Club shall also use its best efforts to protect the Facilities when being used and occupied by the Club and employ any necessary security personnel at its own cost and expense.

The City shall also furnish at its expense all utilities, including heat, water and hot water necessary for the club's use of the Facilities, except for gas, which shall be paid for by Club.

6. Obligations of Club. The Club agrees that the Club will furnish, at its cost and expense, all necessary baseball equipment, including batting cages. The City may use the batting cages during the periods that the Facilities are not occupied or used by the Club, provided that the City returns the equipment to the Club in as good condition as when received, or make reimbursement for the value thereof, except for normal wear and tear, damage from fire and acts of God. The Club shall also pay for such reimbursable items as the Club and the City may agree, such as cleaning supplies and equipment and materials specifically required for baseball operations.
7. Rights of Club. Subject to paragraphs 8 and 9, the Club shall have the exclusive right to and complete control of all ticket sales, concession operations, scoreboard/program and sales of all novelties and souvenirs, field and stadium advertising, suite rental and service and all revenue derived therefrom. Placement of field and stadium advertising shall be at the discretion of the Club, subject to the approval of the Director of Parks and Recreation, which approval shall not be unreasonably withheld.
8. (a) Fees. Incidental to the use of the Facilities by the Detroit Tigers, the Club shall pay to the City a rental fee of fifteen (15%) percent of the following:
1. Gross ticket sales receipts from each exhibition game or other event by the Club for which an admission fee is charged.
 2. Gross sales receipts from the sale of all novelties, souvenirs, concessions and stadium advertising.
- (b) Incidental to the use of the Facilities by the Lakeland Tigers, the Club shall pay to the City a rental fee of:
1. Fifteen (15%) percent of gross sales receipts from the sale of all concessions, suite rentals and operations, souvenirs and novelties operations only.
 2. A fee equal to the greater of twelve (12%) percent of gross ticket sales, or \$120.00 per day game/\$160.00 per night game.
- (c) One dollar and fifty cents (\$1.50) per ticket stadium facility charge will be paid to the City and applied to relief of the loan until its obligation is met. At that time, this amount reverts to the Club.

All fees payable pursuant to Sec. 8.(a)1. and 2., 8.(b)1. and 2. and (c) shall be applied to relief of the loan until the obligation is met. The Club's total annual obligation for fees payable pursuant to this Section 8 for any calendar year shall not exceed \$300,000.00.

The term "gross receipts" shall be defined as gross sales proceeds, less deductions for any applicable state, federal or local taxes.

There shall be no payment required with respect to scoreboard/program receipts.

9. **Annual Rent.** The Club shall pay annual rental of Seventeen Thousand (\$17,000.00) Dollars for Tigertown to be paid prospectively on January 1 of each year, with a four (4%) percent discount if paid prior to due date. This amount of money will be placed in the special Tigertown improvements account to be used as directed by the Club for replacement and improvements of minor league facilities.
10. **Payment:** Except for the annual rent and overtime expenses which are paid quarterly, any and all payments required by this Agreement to be made by the Club shall be paid to the City together with a full and final accounting 30 days after the conclusion of the spring training season, the Lakeland Tigers season or other activity. Payment shall be made to the Parks and Recreation Director, City Hall, Lakeland, Florida, or such other person or office designated by the City in writing.
11. **Insurance.** The Club shall maintain adequate liability insurance, designating the City as a named insured, to protect the City from any liability arising from the use of the Facilities by the Club. The minimum limits of such policy of insurance shall be \$500,000.00 for injury to any one person; \$1,000,000.00 for injuries arising out of a single occurrence; and \$100,000.00 for property damage resulting from a single occurrence.
12. **Damage or Destruction.** In the event any of the Facilities shall be damaged by fire or other casualty and such Facilities shall have been insured against such loss by the City, then the entire proceeds of any such policy or insurance shall be paid to the City, free of any claim or right of the Club. The City shall have the right to restore or reconstruct any damaged or destroyed building or premises, and any reconstructed building shall become a part of the Facilities. In the event such portions of the Facilities are destroyed as to render the entire Facilities unsuitable in the Club's judgment for the Club's operation, the Club shall have the right to play elsewhere until such restoration or reconstruction is completed and, if the City neither reconstructs the premises within either 60 days or by October 30 immediately following the destruction, then, in either case at the Club's option, the Club shall have the right to terminate this Agreement by providing written notice and without further obligation or responsibility. In that event, the City shall refund to the Club on a pro rata basis any prepaid rents which may have been made prior to the date of termination.
13. **Taxes.** The Club shall be responsible for and pay any and all sales or other tax incidental to this Agreement. In the event that ad valorem taxes are assessed against the Facilities or any portion thereof as a result of the Club's use of same, the Club shall be responsible for its pro rata portion of such taxes.
14. **Termination.** This Agreement may be terminated by either party upon material breach by the other party, upon thirty (30) days' prior written notice, certified mail, return receipt requested (deemed made upon receipt) and failure by the defaulting party to cure the same within said 30 days. In the event that the Club fails to cure any such breach and there remains an outstanding balance on the loan referenced in Section 8 hereof, the Club shall pay the City

\$10,000.00 as liquidated damages, which shall be the City's sole and exclusive remedy as a result thereof.

15. Option. The Club shall have the option to renew this Agreement for an additional term of ten (10) years by giving the City written notice of its intention to renew same not less than one (1) year prior to the expiration of the initial term hereof. The rental imposed during such renewed term shall be the amount agreed upon by the parties hereto prior to the commencement of the renewal.
16. Subcontractors. If any services permitted by this Agreement are subcontracted by the Club, any such subcontractor shall either be included as an additional insured under the Club's insurance policy, or shall file with the City a Certificate of Insurance evidencing compliance with Paragraph 11 hereof.
17. Agreement of City Regarding Revenue. The City agrees to take such action as is necessary under the laws of the State of Florida to plan and budget for receipt of a sufficient appropriation of funds to discharge its obligations hereunder; provided, however, if the City has not appropriated sufficient funds to enable it to discharge its obligations then, notwithstanding any other provision contained herein, this Agreement may be terminated effective upon expiration of the fiscal year in which sufficient funds were last appropriated to satisfy the obligations.
18. Assignability/Amendment. This Agreement shall be binding and inure to the benefit of the successors of each of the parties, but it is mutually agreed that this Agreement shall not be assigned by the Club to any person, firm or corporation without the written consent of the City, which consent shall not be unreasonably withheld.

Notwithstanding the foregoing, no consent is required in the event that the Club sells its major league franchise rights, said sale is approved by Major League Baseball and the team continues to play its regular season baseball games in the Metropolitan Detroit area.

Any amendment to this Agreement shall not be effective unless in writing and approved by the Office of the Commissioner of Baseball.

19. Covenants Contingent. The parties expressly acknowledge and agree that the mutual covenants undertaken in this Agreement are contingent on presentation by the City to the club of a plan of project finance which includes irrevocable commitments and awarding of funds, pursuant to §288.112, Florida Statutes, from the State of Florida, Polk County and the City of Lakeland, all of which, when combined with the obligations and undertakings elsewhere referenced hereto, will provide sources of no less than \$9.5 million which are to be irrevocably committed to the project. This financing plan shall be subject to the approval of the club, which shall not be unreasonably withheld. Further, the club shall have approval of the renovation program for which the financing plan has been irrevocably committed, such approval not to be unreasonably withheld.

IN WITNESS WHEREOF, the parties have executed this Agreement on the date indicated below:

Mr. Donahay:

The 2021 Spring Training season was a challenging one, not just in Lakeland, but for all teams. After the cancellation of half the season in 2020 because of Covid-19, the 2021 season was severely restricted by Major League Baseball. With a maximum of 20% of total potential attendance the spring season by most accounts would be considered unsuccessful. However, we still believe in the strong partnership that exists between the City of Lakeland, the Detroit Tigers and Polk County Tourism and Sports Marketing (PCTSM). It is our pleasure to assist you with an estimate of the economic benefits generated by the Detroit Tigers and their impact on Lakeland and Polk County. PCTSM is the official destination marketing organization and sports commission for Polk County, Florida and regularly evaluates the impact of events held in our community.

Our community and the Detroit Tigers still continue to enjoy the longest relationship between a team and Spring Training city. For more than 80 years, the Detroit Tigers have called Lakeland home for their spring training. In addition, the Lakeland Flying Tigers and the Detroit Tigers minor league operations are all based in Lakeland.

As always, the exact impact depends upon many factors that can create a swing in any year, and while we had a complete season, as I mentioned earlier the restriction on attendance was challenging. Michigan continues to be one of the top feeder markets for Polk County and during the spring more than 22% of all tickets sold were from the Great Lakes state. The only state with a larger ticket sale total was Florida with 46.4%. Within Florida only 55.7% of tickets were from within Polk County. The tickets that were available for sale were sold out within hours. A total attendance of 22,008 surely has to be the worst probably in the history of spring training, but we still believe that spring training had a significant impact on Lakeland and Polk County. The tourist development tax collected in March of 2021 broke the all-time record for a single month. This doesn't happen unless there are Tiger visitors, even if they couldn't attend as many games as they normally do.

In addition, Polk County Tourism and Sports Marketing and the Tigers hold several events throughout the year including the Florida Junior College State Championships, Wilson Premier Baseball Championships, Tigers Fantasy Camp, visiting Florida State League teams, Tigers Minor League coaches, organizational meetings, showcase events, and is the headquarters for the Detroit Tigers Draft. All of which creates positive impact for our community.

Major League Baseball and specifically, the Detroit Tigers Spring Training, has been, is currently, and will always be an extremely beneficial investment for Lakeland and Polk County.

I am happy to provide any additional information if needed.

Sincerely,

Economic Impact of the Detroit Tigers Spring Training in Lakeland, Florida 2021

Spring Training is vital to the health and vibrancy of Lakeland's local and regional economy. Each Spring, the City hosts players, coaches, visitors and guests for a period of time to practice and play exhibition games in preparation of the start to the Major League Baseball season. In 2021, the Spring Training season complied with MLB regulations to limit attendance as a direct result of the ongoing effects of the COVID-19 pandemic. Attendance at Joker Merchant Stadium in Lakeland was reduced by nearly 20%, thus restricting the number of tickets sold from 9,000 to approximately 2,000 per game. Despite this reduction in capacity for the 2021 Spring Training season, it is still important to document the economic impact of Spring Training in Lakeland. To do that, Lakeland has completed the information contained in this document using the methodologies derived from the Major League Baseball Florida Spring Training Economic Impact Study Report which was published in June of 2009 by the Florida Sports Foundation and Bonn Marketing Research Group, Incorporated. The estimates were calculated with the support of attendance figures provided through a zip code analysis of the 2021 attendees that purchased admission tickets with credit cards. The information contained herein represents the estimated Economic Impact to Lakeland as a result of the direct spending associated with the 2021 Detroit Tigers Spring Training season. Please note that this information does not include the associated impact to labor, income and employment in Lakeland as a direct result of the Tigers Spring Training activities.

The attendees, for this purpose, are separated into five distinct categories:

- ◆ **Out-of-State-Primary Purpose:** This indicates a visiting party from outside of Florida that came to the area expressly for the Detroit Tigers Spring Training.
- ◆ **Out-of-State-Other Purpose:** This indicates a visiting party from outside of Florida for that came to the area for another purpose, but attended Spring Training activities.
- ◆ **Non-County-Primary Purpose:** This indicates attendance from another County in Florida that visited expressly for the Tigers Spring Training.
- ◆ **Non-County-Other Purpose:** This indicates attendance to Polk County for another purpose, but included Spring Training activities.
- ◆ **Local:** These include all Polk County residents.

Total attendance for the Detroit Tigers 2021 Spring Training season in Lakeland was 30,496. With 15 games played, the Tigers averaged 2,033 attendees per game. Of that total, 22,463 attendees purchased admission tickets using credit cards. With the use of zip code analysis from these 22,463 attendees, the tables below were created to provide a total average expense within the five unique categories that are being measured.

Using the total direct expenses above, the indirect and induced effects were estimated using the multiplier provided within the above reference report to estimate a total economic impact resulting from Direct Expenses. Indirect effect indicates the secondary impact caused by changing input of needs of directly affected industries, and Induced effect is caused by the changes in household spending due to additional employment generated by direct and indirect spending.

	Direct Spending	Multiplier	Indirect and Induced Spending	Total Economic Impact

The total Economic Impact is estimated to be \$21,284,124.43 as a result of the 2021 Detroit Tigers Spring Training abbreviated season.

This analysis of the Detroit Tigers 2021 Spring Training season in Lakeland is intended to provide background and specifics as to the economic impact of the Major League Baseball Spring Training and its effect on Lakeland, despite having limited attendance. During the 2021 season, the Tigers played 15 home games at Joker Merchant Stadium in Lakeland. Of the 15 games played, the Tigers averaged 2,033 attendees per game for a grand total of 30,496 individuals. This decline in attendance was related to the MLB attendance restriction that limited ticket sales to approximately 2,000 per game.

2020 Detroit Tiger Spring Training Total Attendance in Lakeland, Florida

2021	Season Attendance	Number of Home Games	Average Attendance per Game
Detroit Tigers	30,496	15	2,033

This attendee distribution has been broken down even further with information obtained from credit card receipts during the 2021 Tigers Spring Training season. Again, the zip code analysis was used to learn more about the geographic location of the individuals who were attending Spring Training games in Lakeland. This information was based upon the zip code information provided by the 22,463 tickets purchased by individuals to attend Detroit Tiger games during the 2021 Spring Training season in Lakeland.

Working solely with percentages, it was determined that internationally, 2.02% of the individuals attending games were from outside the United States, with all of these coming from Canada. Within the United States, 47.40% of the attendees were from Florida and 22.58% were from Michigan, these states were followed by Illinois with 5.57%, Pennsylvania with 2.75%, Ohio with 2.56%, Kansas with 1.98%, Colorado with 1.97%, Wisconsin with 1.77%, New York with 1.63%, Minnesota with 1.36%, New Jersey with 1.10% and Missouri with 1.06%. After this, Arizona, Indiana and North Carolina each drew just under 1% of the tickets sold in the U.S. Based on the zip code analysis it was determined that 52.6% of individuals attending a Tiger's Spring Training game in Lakeland visited from outside of Florida.

U.S. Geography	Number of Attendees	% of Tickets sold in U.S.	Total % of Tickets Sold
Florida	10,435	47.40%	46.40%
Michigan	4,972	22.58%	22.11%

Statewide of the tickets sold in Florida, 55.69% of the individuals attending Tiger Spring Training games were from Polk County. Other counties in Florida that drew the most attendees during the 2021 season included Pinellas with 9.08%, Orange with 8.17%, Hillsborough with 7.09%, Miami-Dade with 2.55%, Lake with 2.40%, Broward with 2.24%, Pasco with 1.82%, Osceola with 1.47%, Seminole with 1.17% Volusia with 1.15% and Duval with 1.08%.

With accurate assumptions and firm knowledge, we are better able to capture the spending patterns of attendees which in turn can be reflected in the overall economic analysis.

This year will be the Detroit Tigers' 55th season for Spring Training at TigerTown, extending the longest-standing relationship

Detroit's 2021 Spring Training schedule, which was created with health and safety considerations in mind, features 29 games, including 15 contests at Publix Field at Joker Marchant Stadium. Major League Baseball has divided the 15 Grapefruit League teams into pods based on their geographical location. The Tigers will be in a four-team pod with the New York Yankees, Philadelphia Phillies and Toronto Blue Jays, while also playing a smaller number of games against the Baltimore Orioles.

Based on MLB approval and in order to keep social distancing protocols, seating in the stands will be reduced to 2,200 and tickets will be sold in pods of two or four with six-foot distancing standards in place between pods.

Party areas like the Pepsi Porch and the Berm will be reduced to 50% capacity and suites will be at 75% capacity. Masks will be mandatory for all visitors and the usual security procedures will be in place. However, due to the MLB rules of separation, there will be no pre-game activities before the first pitch is thrown at each game and fan interaction with players will not happen at this time.

Anticipating the Return of Florida Grapefruit League in 2021

TALLAHASSEE Fla. – When the final out was recorded on Thursday, March 12 at the Charlotte Sports Park just after 4:30 p.m., in a game between Philadelphia Phillies and Tampa Bay Rays, the 2020 Florida Spring Training season came to an end.

Because of the nearly 1,000-inning void, a shortened 60-game schedule in 2020, and fanless baseball games, the 2021 season may be one of the most anticipated in over 100 years of Florida Spring Training.

Let's face it, every Florida Spring Training season is anxiously awaited after sitting through the winter doldrums. Baseball fans in the Northeast and Midwest have endured freezing temperatures and months of snow.

Hearing the term, "Pitcher's and Catcher's report," is music to the ears. Seeing videos of team equipment trucks leaving their home parks for Florida are as welcomed as a bottom of ninth inning walk-off home run.

The end of the 2020 season was certainly unprecedented. The long and storied history of Florida Spring Training has provided many other reasons that have brought fans flocking to various Grapefruit League locations.

Come late February 2021, baseball fans will be lined up at the gates of Florida's 12 spring training sites waiting for those two words:

Play Ball

1946 – Spring Training Returns after World War II

Following a three-year absence, from 1943-45 during World War II, Major League Baseball teams were restricted from traveling south and were forced to find sites north of the Ohio and Potomac Rivers and east of the Mississippi River. The St. Louis Cardinals and Browns, the western-most teams, were given exceptions and allowed to remain west of the Mississippi to train near Missouri.

While many teams attempted to hold outdoor workouts in the Midwest and Northeast, weather was not ideal for players used to the Florida sunshine. Some found college field houses for indoor workouts.

Fighting games were another story, and weather often was a factor.

In 1944, the town of Frederick, Maryland, the Philadelphia Athletics training site, declared a half-day holiday so fans could attend a game between the Athletics and New York Yankees. It was the only scheduled exhibition the A's played against another Major League club and 1,500 fans showed up.

Unfortunately, the weather had other plans. It started snowing in the fourth inning, but play continued and the snow eventually stopped. In the eighth inning, it came back with a vengeance, reaching blizzard-like conditions. The umpires were forced to cancel the game, and it was never resumed. Such was Spring Training in the north.

With the end of the war in 1945, 12 of the 16 MLB teams returned to Florida for Spring Training in 1946.

Players responded positively to not being forced to play baseball out in the cold or inside dusty old gyms. According to the Cleveland Plain Dealer, the Indians were in better shape after two weeks in Clearwater (The Indians only season at Athletic Field) than they were at the same point during any of their years in of training in Indiana.

For the 1946 season, baseball fans in 10 Florida communities welcomed back the boys of summer, and there has been no stoppage of play until the 2020 season.

1994 – Sarasota in the Spotlight with a Celebrity In Game

Sarasota's Ed Smith Stadium has experienced some anticipated seasons beginning with the ballpark's opening day of 1989 when the Chicago White Sox debuted their first round draft pick, future Hall of Famer, Frank Thomas. Bo Jackson returned to play for White Sox in the heyday of the "Bo Knows," Nike ad campaign, in 1992 and 1993. The 2011 season, featuring a renovated Ed Smith Stadium, had fans flocking to the 12th Street location for a peek at the new digs.

Other COVID-19 precautions include doing away with pre-game activities before the first pitch and interactions between fans and players, city spokesman Kevin Cook said.

The Tigers are contacting season ticket holders to arrange pod seating, according to Bob Donahay, city parks and recreation director. After that, remaining tickets will go on sale on the [Tigers website](#).

Lakeland moving ahead with plans for Tigers' spring training

Published 11:16 a.m. ET Jan. 28, 2021 | Updated 12:28 p.m. ET Jan. 28, 2021

LAKELAND — Even as cities in Arizona have asked Major League Baseball to delay the start of spring training, Lakeland and Detroit Tigers officials are preparing to play ball on time.

According to Lakeland Director of Parks and Recreation Bob Donahay, the city and the Tigers are putting together a proposal for the upcoming spring swing that is scheduled to start with players reporting as usual in mid-February.

Donahay said the plan will be submitted within the next 10 days, and will be subject to approval by MLB.

"We have a great schedule, and we think we have a very good plan in place," Donahay said. "The city and the Tigers have been working together to submit this plan. We don't know how soon they'll make a decision. They're monitoring COVID in Florida and Arizona, so we're waiting."

The plan would call for 20% to 25% capacity in the stands, with 75% capacity in the suites and 50% in party areas like The Barn at Publix Field at Joker Marchant Stadium.

COVID restrictions for tickets

Donahay also said no tickets would be sold within six feet of the dugouts. All COVID-19 restrictions would be in place such as mandatory masks, extra hand-washing stations and social distancing.

"We're bringing in every resource we can," Donahay said. "Concessions will be served individually in plastic containers ... that's what's taking us so long. We are going over plans, then we go over them again and pick them apart. We want to make sure we do this right the first time."

MLB commissioner Rob Manfred has already set guidelines for teams to follow for spring training.

Fans will be seated in pods six feet apart, and ballpark entrances will be opened on a scheduled basis. Masks will be required. Season-ticket holders will be given first access to tickets, but individual tickets for Tigers games are not yet on sale. Autograph seeking will not be allowed, as a mandatory six-foot buffer between players and fans will be enforced.

Pitchers and catchers are due to report to Lakeland on Feb. 17, with the first game scheduled for Feb. 26 – an exhibition against Southeastern University, which is ranked No. 1 in the nation in the NAIA.

The Tigers are scheduled to open their Grapefruit League season Feb. 27 against the New York Yankees in Tampa. Their home opener will be Feb. 28 when the Boston Red Sox make their only appearance in Lakeland.

Some highlights of the scheduled include four home games against the defending American League champion Tampa Bay Rays on March 18, 24, 29 and 30 and two against the New York Yankees on March 6 and 26. Detroit will also play a home game against the defending National League East champion Atlanta Braves on March 2.

Spring training update: Detroit Tigers, Major League Baseball announce revised schedule

[Ray Beasock](#) The Ledger

Published 4:03 p.m. ET Feb. 12, 2021 | Updated 4:07 p.m. ET Feb. 12, 2021

LAKELAND – A Spring Training that was already going to look different than any other on record got another overhaul from Major League Baseball on Friday.

MLB announced a revised spring schedule that will see teams begin on Feb. 28.

The Detroit Tigers, who play at Public Field at Joker Marchant Stadium and are entering their 85th season in Lakeland, will be a part of a segmented Grapefruit League schedule.

Detroit's 2021 Spring Training schedule features 29 games, including 15 contests in Lakeland.

Previously: Lakeland moving ahead with plans for Tigers' spring training

In Detroit: Detroit Tigers' minor league teams placed in new leagues; 2 RHPs signed to minors deals

The Tigers will play in a four-team group that includes the New York Yankees (Tampa), Philadelphia Phillies (Clearwater) and Toronto Blue Jays (Dunedin), and will also play a few games against the Tampa Bay Rays (Port Charlotte), Pittsburgh Pirates (Bradenton) and Baltimore Orioles (Sarasota).

The Grapefruit League clubs whose Spring Training facilities are on the East Coast of Florida will play 24 games in 30 days, with six off-days. These teams are the Houston Astros, Miami Marlins, New York Mets, St. Louis Cardinals and Washington

Nationals.

The other group includes the Atlanta Braves, Boston Red Sox, Minnesota Twins and Tampa Bay Rays, who will also play games against the Pirates and Orioles.

In addition to the games in Arizona and Florida, select Spring Training games will be played at Major League ballparks beginning on March 28, and select clubs will play another Spring Training game on March 30.

The only deviation in the scheduling for Detroit involves a March 30 game in Lakeland against defending American League champion Tampa Bay.

More: MLB cuts spring training travel, drops college opponents

The new schedule starts Feb. 28 in Lakeland against Philadelphia.

The planned exhibition against Southeastern on Feb. 26 is canceled for this season.

"While I am disappointed for our student-athletes and fans, we have all come to appreciate the flexibility required as we deal with the affects COVID-19 and support the efforts of Major League Baseball to protect their players," Southeastern Director of Athletics Drew Watson said in a press release. "I am thankful to the Detroit Tigers and general manager Al Avila and to Ron Myers and Zach Burek for their partnership and look forward to returning to Joker Marchant Stadium in 2022."

As for fan attendance at games, several restrictions will be in place:

Capacity will be about 2,000 fans, around 20% of the capacity of 9,777 for the facility.

Seats will be sold in pods, ranging from one to six seats in size. Each pod will be at least six feet from other pods in all directions, and will have aisle access without crossing over another pod.

Restricted seats that aren't used by pods will be secured in the closed position to ensure fans sit only in their assigned spaces.

The outfield berm will be marked off in six-foot by six-foot spaces, which can be purchased by groups of four people or less.

Masks must be worn by fans and employees except when actively eating or drinking in the designated seating areas.

Masks that fans wear must be on MLB's approved list, which generally include cloth or surgical varieties. Gaiters or masks with valves are not permitted.

All concessions and merchandise sales will be cashless. Concession items will be packaged.

• To create a safe and distanced entrance process for fans, no bags can be brought into the facility (exceptions: medical or diaper bags).

"We're trying to be as transparent as possible to educate our fans before they come to the ballpark," Lakeland Parks and Recreation Director Bob Donahay said. "We realize that fans plan their vacations around Spring Training, so we want them to know what to expect. We want to make sure our citizens also know what to expect. We're so happy to have fans back in the stands. We realize there will be changes, but we're going to have baseball in Lakeland, and we're super excited about the commitment of the Tigers to have Spring Training in Lakeland again."

Tickets will be available to the public starting on Feb. 18 at noon.

Your winner in Best of the Ballparks, 2021 Low-A: Atrium Health Ballpark

by Ballpark Digest Editors on July 21, 2021 in Minor-League Baseball, News

Your winner in the 2021 Low-A Best of the Ballparks fan vote: Atrium Health Ballpark, opening this season as home of the Kannapolis Cannon Ballers, by a 65-35 percent margin win over LECOM Park, home of the Bradenton Marauders.

Atrium Health Ballpark was originally slated to open for the 2020 season—which was wiped out by the COVID-19 pandemic.

"This award would not be possible without the vision of the City of Kannapolis, all of the design and construction partners that collaborated on the project, and most importantly the continued support of our community and fan base," said Cannon Ballers GM Matt Alward. "We are beyond honored to receive the distinction as Best of the Ballparks, but this is only the beginning of an amazing future ahead for the Kannapolis Cannon Ballers and Atrium Health Ballpark. The best is yet to come."

"It was a delayed opening for Atrium Health Ballpark after losing the 2020 season, but it definitely was worth the wait," said Ballpark Digest Publisher Kevin Reichard. "The win in our Best of the Ballparks vote shows the impact the new ballpark has already made in the Kannapolis community."

All 30 Low-A teams throughout MiLB were represented in the fan-inspired contest, as Atrium Health Ballpark advanced to the Low-A championship round by receiving 64 percent of the votes against Publix Field at Joker Marchant Stadium. In the finals, Atrium Health Ballpark jumped out to an early lead during the week-long round, eventually cruising by LECOM Park with 85 percent of the votes for the White Sox Low-A affiliate home.

Atrium Health Ballpark is a \$52 million sports and entertainment venue in the center of a project to revitalize the historic downtown Kannapolis. The ground that the Cannon Ballers play on used to be home to the largest mill in the world for a number of years, Cannon Mills. Now, it is home to a family-filled ballpark on game days and non-gamedays, welcoming fans from all over the country.

Overall, around 35,000 fans voted at least once in the Low-A fan vote, with over a half-million fans voting at least once in the overall competition. The voting is now completed across the baseball spectrum, with the winner of the MLB Summer Collegiate leagues to be announced Friday after voting wrapped up last night.

Other fan favorites in the 2021 Best of the Ballparks votes are Publix Field at Joker Marchant Stadium, Detroit Tigers (Grapefruit League), Salt River Fields at Talking Stick, Arizona Diamondbacks/Colorado Rockies (Cactus League), O'Brate Stadium, Oklahoma State University (college baseball), PNC Park, Pittsburgh Pirates (Major League Baseball), Las Vegas Ballpark, Las Vegas Aviators (Triple-A), Dunkin' Donuts Park, Hartford Yard Goats (Double-A), Clippner Magazine Stadium, Lancaster Barnstormers (MLB Partner League), and Maimonides Park, Brooklyn Cyclones (High-A).

NOW, THEREFORE, in consideration of the foregoing recitals which are incorporated herein, and the mutual covenants, promises, conditions and representations set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto AGREE AS FOLLOWS:

I. THE PROJECT.

I.1 The Parties acknowledge that certain improvements are required to be made to the

Sites in order for the Orioles to enter into a lease with the County for the full and beneficial use of the Sites and to conduct its Major League and Minor League Spring Training Operations at the Sites. The Parties agree that the design, development and construction process shall be a cooperative mutual endeavor in which the County and the Orioles will work together and participate in all phases of such process. The County and the Orioles each acknowledge and agree that the Project will be financed, designed, developed and constructed in accordance with the terms, conditions and schedules expressed in this Agreement.

1.2 The Orioles will have primary responsibility for and will take the lead in developing the design plans, specifications and elevations for the Project, subject to all applicable County and City codes and ordinances, which Project Design Plan may be amended from time to time ("Project Design Plan") (for illustrative purposes only, attached as Exhibit 3 are preliminary Site sketches). The Project Design Plan shall also include the style, design and materials for all fixtures, furnishings, appointments and equipment. The County shall have the right to participate in all phases of the design process. The Orioles shall keep the County informed on a regular basis as to the development of the Project Design Plan and any material and substantial amendments thereto. The Orioles and the County shall schedule regular briefings to discuss and preliminarily review the Project Design Plan. The Orioles shall present the Project Design Plan, including site sketches and elevations under consideration by the Orioles, to the County within one hundred fifty (150) days after the execution of this Agreement. The County shall have the right to review, comment upon and approve the Project Design Plan and all decisions and documentation with respect thereto, including without limitation, all architectural programs, schematic designs, plans and specifications, and any material amendments thereto which the Orioles deem necessary or desirable after the County's initial approval for the Project Design Plan has been granted. The Orioles shall have the right to select, in its sole discretion, the furniture, fixtures, and equipment in the Orioles' exclusive use areas, including the Orioles' offices, coaches' offices, training rooms, player locker rooms, weight rooms and other exclusive areas such furniture, fixtures, and equipment which shall be comparable to other Major League Baseball spring training facilities. In all instances, the County's review and approval under this Section shall be promptly exercised and shall not be unreasonably withheld, conditioned or delayed. The Project Design Plan shall include placement of the existing (or new) plaques honoring Ed Smith and Red Ermish presently affixed at the Sports Complex.

1.3 The Project Design Plan for the Project shall include, among other things, specifications for:

2. PROJECT FINANCING.

2.1 The Governmental Project Funds shall consist of the following:

2.1.1 From the County:

2.1.1.A Net proceeds from the County's bond issue from the issuance of County's bonds in a par amount which shall not exceed the maximum amount permitted to be issued without voter referendum, expected to be approximately \$18.7 Million on or about October 1, 2009.

2.1.1.B Cash collections of one-half (1/2) of one percent (1%) of the County's Tourist Development Tax beginning as of March 1, 2008 estimated to be approximately \$2 million by the date of issuance of the County bonds.

2.1.1.C County cash contributions from legally available non-ad valorem revenues in an amount not to exceed \$3 million.

2.1.1.D And/or such other County funds from legally available, non ad valorem revenues as may be required to fund the County's Guaranteed Project Funds obligation in the amount of \$23.7 million.

2.1.1.E Net proceeds from the City's bond issue from the City's OTTED grant funding or a cash equivalent from legally available, non-ad valorem revenues in an amount no less than \$7.5 million.

2.1.1.F Collectively, the Governmental Project Funds shall be and not exceed \$31.2 million for the Project.

2.2 All Governmental Project Funds shall be made available for the Project no later than thirty (30) days after the execution of the Project Documents (unless otherwise agreed by the Parties and as otherwise contemplated in Section 3.14) and shall immediately be placed in a construction fund account (the "Construction Fund Account") administered by the County for the sole and exclusive benefit of the Project. All interest accrued on the Governmental Project Funds (except for bond debt service reserve fund interest) shall be made available for the Project and together with the Governmental Project Funds shall constitute the Maximum Governmental Project Funds.

2.3 The Orioles shall provide the County, as part of the Project Design Plan, with a detailed cost estimate of the total Project costs, including the uses of the Maximum Governmental Project Funds and such other funds, goods or services as might be required from or arranged by the Orioles ("Project Costs").

2.4 Except as provided in, and subject to the terms of, this Agreement or the Project Documents, and further provided that the County fulfills its obligations in this Agreement and the Project Documents, the Orioles shall complete the Project and shall be responsible for the payment of any and all Project Costs in excess of the Maximum Governmental Project Funds (the "Orioles Project Contributions"). With regard to the funding of any Project Costs in excess of the Maximum Governmental Project Funds, the Orioles, at its discretion, shall either deposit the required funds directly in the Construction Fund Account prior to the incurrence of such excess Project Costs, or shall provide to the County any necessary assurances reasonably required by the County (e.g., letter of credit) that the Orioles Project Contributions shall be available in a timely manner, or discharge such payment obligations directly with vendors, concessionaires, contractors or project service providers, in which case the Orioles shall provide the County with written documentation of the payment discharge or in-kind transaction as more particularly set forth in Subsection 2.5. The Orioles also shall comply with any applicable County ordinance or Florida statute related to construction funding requirements for public projects.

2.5 The Orioles shall have the right to enter into any manner of agreements with its vendors, concessionaires or others to provide goods, materials and/or equipment to the Project, which shall be considered, for all intents and purposes, as part of the Orioles' Project Contributions. (For example, the Orioles' concessionaire for the Major League Stadium may be permitted to provide concessionaire equipment to the Sites.) The Orioles will inform the County, in writing, with a description of any Orioles' Project Contributions to the Sites made by any Orioles' vendors, contractors, concessionaires or other third parties and shall summarize relevant terms of such agreements and any other agreements that could impact the County's ownership interests in the Sites. The description shall be jointly submitted on behalf of the Orioles and the respective vendor, contractor, concessionaire or other such third party as may be

appropriate. Any such third party agreement shall be made in accordance and comply with applicable County ordinances and regulations.

2.6 In connection with the Orioles' Project Contributions, the County and the Orioles shall promptly meet after the execution of this Agreement and review the feasibility of issuing taxable or tax-exempt bonds at the request of the Orioles supported by Orioles' funds and/or rent, as the case may be, payment in lieu of taxes or such other funding mechanism as may be mutually agreeable to the Parties; however, the County shall be under no obligation to establish any such funding mechanism for the Orioles Project Contributions. To the extent that any such mutually agreeable funding mechanism requires the City to issue bonds, the County agrees to request that the City take reasonable steps to issue said bonds. To the extent that bonds are issued as part of the Orioles Project Contributions, the bond proceeds, net of all reasonable and customary expenses and costs, shall be deposited in the Construction Fund Account for the benefit of the Project.

3. DEVELOPMENT AND CONSTRUCTION OF THE PROJECT.

3.1 The County and the Orioles will execute a definitive, long form project development agreement for the Project which shall incorporate the relevant terms and conditions contained in this Agreement, and such other terms and conditions as are customarily included in similar agreements and as may be mutually agreed, and will establish the framework for the design and construction of the Project, within one hundred fifty (150) days after the execution of this Agreement (the "Project Development Agreement"), unless the Parties, in their respective sole discretion, deem the provisions of this Section 3 are adequate for such purpose.

3.2 The Project Development Agreement shall include the Project Design Plan and a detailed schedule outlining the time and actions anticipated necessary with respect to the Project, including a project design schedule that will address the coordination necessary to prepare the project scope, selection criteria and timeline for the procurement process (the "Project Schedule").

3.3 Time being of the essence, the County shall take all such action as is necessary to expeditiously conduct all of its Project reviews and exercise its approval rights, which in all instances may not be unreasonably withheld, conditioned or delayed. The County shall support the issuance of all City permits and approvals necessary for the Project and shall use its best efforts to obtain a commitment from the City in the interlocal Agreement to provide expedited review and priority scheduling for any permit or development approval submitted to the City for the Project.

3.4 After the Project Development Agreement is finalized and approved by the County, the County agrees to promptly proceed with authorizing and issuing any and all procurements necessary for the Project. To the fullest extent permitted by law, regulation or ordinance, the Orioles shall be permitted to participate with the County and approve the selection of the architects, contractors, subcontractors, vendors and other professionals for the Project. The Orioles shall also have, to the fullest extent permitted by law, primary responsibility for and will take the lead in developing and constructing the Project, the right to approve any agreements to be entered into by the County for the Project (and any phase, portion or work order thereof), and

the right to approve the selection of any goods, materials, equipment, fixtures and furnishings for the Project.

3.5 Time being of the essence, the selection criteria for the architect of record shall include, but not be limited to: whether the architect has past performance with the Project Site(s) and/or with the Orioles; experience in the architectural design of Major League Baseball professional baseball facilities, and in particular, design experience specifically related to Major League Baseball spring training projects; and, professional personnel committed to the Project shall have had significant experience in projects of a similar nature or have worked on at least five (5) similar project types. Time being of the essence, the County, or the Orioles through the Project Development Agreement, shall promptly select and enter into contracts with all architects, contractors, subcontractors, vendors and other professionals for the Project. In the event that the Parties mutually agree to have either the County or the Orioles enter into a contract for the architect of record before the Project Documents are finalized, they shall reach a separate agreement for the funding of that contract from the Construction Fund Account.

3.6 The Project Development Agreement shall require, and the County shall obtain, guaranteed maximum price contract(s) (or such other arrangements as may be mutually agreed to and generally permissible under Florida Statutes) as part of the competitive selection process, in order to ensure that such contract(s) obtain the maximum value in relation to cost for each phase and portion of the Project and control the overall cost of the Project. No amendments or adjustments (including, but not limited to, change orders) shall be made to any maximum price contract(s), except as agreed to by the County and the Orioles. The County agrees not to request any amendments or adjustments (including, but not limited to, change orders) and shall have no right to adjust the scope of the Project and/or the Project Schedule unless mutually agreed. To the extent that the Orioles request an amendment or adjustment (including, but not limited to, change orders) which is agreed to by the County resulting in a Project Cost in excess of the Maximum Governmental Project Funds, then the Orioles shall comply with the provisions set forth in Section 2.4 above. The County agrees that the construction and design contracts which it enters into in connection with the Project shall contain provisions acceptable to the Orioles providing for liquidated damages in commercially reasonable amounts if the Project is not completed on time and prior to the completion date set forth in the Project Development Agreement. All such provisions must comply with Florida Statutes and be agreed to by the County and the Orioles. The County agrees that it shall strictly enforce any such liquidated damage provisions and diligently pursue any liquidated damages to which it is entitled. Any liquidated damages received by the County shall be allocated first to any damages caused to the Project by the breach or other wrongful act to compensate the party harmed. Unless otherwise provided in this Agreement or the Project Documents, the Orioles' sole remedy for damages resulting from any delay in the completion of the Project shall be the rights to receive liquidated damages under the construction and design contracts for the Project. The County shall, at the Orioles' request, take all reasonable action necessary to enforce the liquidated damages or other remedy provisions necessary to effectuate this provision. The County and the Orioles shall not be liable to each other for the payment of any construction delay damages, provided that the delay is not caused by the gross negligence, willful misconduct or the breach of a material provision of this Agreement or the Project Development Agreement. The Parties acknowledge that a construction contract cannot be entered into until the Project Documents are finalized (unless otherwise agreed by the Parties).

3.7 The Project Development Agreement shall require each architect, contractor, subcontractor, vendor or Project professional to secure and retain such policy or policies of insurance as are required by the Project and shall ensure that all contractors and vendors furnish payment and performance bonds in a commercially reasonable amount established by the County and shall list the Orioles as an additional insured party.

3.8 The Project Development Agreement shall also provide that, to the fullest extent permitted by law, the Orioles shall have the right and primary responsibility to coordinate the development and construction of the Project and, at the Orioles' discretion, conduct progress meetings at mutually agreed upon frequency of all of the architect, contractor(s), subcontractor(s), vendors and other professionals. The County shall have the right to retain an owner's representative with experience in the construction of sports facilities. The reasonable and customary cost of the County's owner's representative shall be included in the Project Cost, provided that such costs have been presented to the Orioles for review and approval prior to payment, such review and approval not to be unreasonably withheld, conditioned or delayed. The Orioles may retain a representative and/or design consultant with experience in the construction of sports facilities. The reasonable and customary costs of the Orioles representative and/or design consultant shall be included in the Project Cost, provided that such costs have been presented to the County for review and approval prior to payment, such review and approval not to be unreasonably withheld, conditioned or delayed. The Orioles shall provide for such cost estimates associated with the Orioles' and County's representatives in the Project Design Plan. Except as provided in this Section, the County and the Orioles shall not impose any management or administrative fees to the Project (or any procurement, phase, portion or work order thereof) nor seek reimbursement from the Construction Fund Account for any costs or expenses, other than costs or expenses directly related to the Project that are typically outsourced and outside of the County's operating budget (and specifically not including legal fees, County staff time, internal project management and the like) for which the County seeks reimbursement or payment from the Construction Fund Account. Any such request for payment from the Construction Fund Account shall be first provided to the Orioles for approval, such approval may not be unreasonably withheld, conditioned or delayed. The County and the Orioles shall participate in the development and construction of the Project and shall keep each other fully and timely informed of, and actively involved in, all material decisions regarding the development and construction of the Project, at all phases of the development and construction process. Customary County permit fees shall be chargeable to the Construction Fund Account.

3.9 The Project Development Agreement shall provide that each of the Orioles and the County shall designate representative(s) with authority to act in connection with all issues requiring such Party's approval, agreement or concurrence with regard to the design, development and construction of the Project within all applicable laws, ordinances and policies. All approvals, agreements or concurrences required in Sections 1 and 3 shall be the responsibility of and shall be made by such representative(s). Such representative(s) shall be invited to participate in all development and construction meetings held in connection with the Project.

3.10 The Project Development Agreement shall provide that the County shall place the Governmental Project Funds and any applicable Orioles Project Contributions in the Construction Fund Account for the benefit of the Project. The Orioles shall have the right to monitor the draw

schedule and progress payments, progress of construction and the funds remaining in the Construction Fund Account, and the Orioles shall be regularly kept informed by the County as to the Construction Fund Account balances. The County shall hold the funds in the Construction Fund Account for the benefit of the Project and shall promptly release, without delay, reduction or offset, such funds only upon approval for disbursement by the Orioles and the County, such approval not to be unreasonably withheld, conditioned or delayed.

3.11 If the Project is anticipated to exceed any maximum price contract(s), either because of a change order(s) or for any other reason beyond that which is contained in the Project agreements (and specifically excluding items resulting from an error or omission by the County, the Orioles or any architect, contractor, subcontractor, vendor or other professional), such cost increases must be approved by the Parties. Change orders and/or Project cost overruns resulting from an error or omission by any architect, contractor, subcontractor, vendor or other professional engaged on the Project shall be the responsibility of the person or entity committing such error or omission. Subject to the provisions of Section 2.4 hereof, the Orioles may adjust the scope of the Project, including any procurement, phase, portion or work order thereof; provided, however that any material changes to the Project Design Plan which increases the Project Cost must be reviewed and approved by the County, which approval may not be unreasonably withheld, conditioned or delayed. Notwithstanding the preceding sentence, the Orioles shall not materially and substantially reduce the estimated number of fixed seating positions in the Major League Stadium, the estimated square footage of the Major League clubhouse or the number of fields as set forth in Section 2 hereof without the express prior written approval of the County.

3.12 The County represents and warrants to the best of its knowledge that no zoning changes are necessary or required in order to construct the Project and there are no known restrictions on the Sites. The County agrees to the fullest extent permitted by law to refrain from taking any action to request that the City diminish or restrict the zoning and the Orioles existing zoning rights on the Major League Baseball Site for the duration of the Lease. Should the Orioles intend to seek a zoning change at any time during the Lease, in connection with the Major League Site, the County shall take such action within its control to place such matters before the City for consideration on an expedited basis.

3.13 To the fullest extent permitted by law, the Orioles and/or its designees shall have full rights and discretion as to the placement and orientation of all improvements and uses, points of ingress and egress and internal circulation on the Sites, so long as the required buffers and setbacks and all other requirements of the zoning category and other governing regulations, ordinances and statutes are satisfied and subject to the County's review and approval, which approval shall not be unreasonably withheld, conditioned or delayed. The Orioles and/or its designees, with County input and approval, shall have discretion as to the architectural style and character of all improvements on the Sites, so long as the required buffers and setbacks and all other requirements of the zoning category and other governing regulations, ordinances and statutes are satisfied.

3.14 If the Orioles elect to conduct Major League Spring Training at the Major League Site in 2010, the Orioles shall be entitled to use (or seek reimbursement from) the Construction Fund Account for costs and expenses reasonably incurred to re-brand Ed Smith Stadium for use

by the Orioles, subject to the approval of the County, which approval shall not be unreasonably withheld, conditioned or delayed.

4. LEASE TERM; RENT.

4.1 **Lease Term.** The Parties shall execute a definitive, long form Lease within one hundred fifty (150) days after the execution of this Agreement, incorporating the relevant terms and conditions contained in this Agreement, and such other terms and conditions as are customarily included in similar leases and as may be mutually agreed, unless the Parties, in their respective sole discretion, deem the provisions of this Section 4 and other applicable provisions of this Agreement are adequate for such purpose. The Term of the Lease shall be for thirty (30) years commencing November 1, 2009 and continuing through October 31, 2039 (the "Term"). The Orioles intend to commence Major League and Minor League Spring Training Operations at the Sites beginning with the 2010 spring training season. The Parties acknowledge that adjustments to the commencement of Spring Training Operations may need to be made based upon the Project schedule and maximizing the value of the Governmental Project Funds, which determination will be made by the Orioles, after consultation with the County. The Orioles agree that during the Term they shall play their Major League spring training home games at the Major League Site, except for those spring training games played by the Orioles as it returns to Baltimore to open the Major League championship season (no more than five spring training games) or as otherwise may be scheduled by Major League Baseball (i.e., international goodwill games) or otherwise provided in this Agreement or the Project Documents. As part of the definitive Lease, the Orioles will enter into a binding and enforceable non-relocation agreement with the County that includes appropriate specific performance and injunctive relief provisions. Except as provided in Section 20 of this Agreement, during the Term, the Orioles shall not relocate its Major League and Minor League Spring Training Operations from the County.

4.2 **Rent.** The Rent for the Term shall be one dollar and 00/100 (\$1.00), payable in advance for the entire Term at the time of execution of the Lease.

4.3 **Revenues Generated.** Except as provided herein, the Orioles shall have the sole and exclusive right to all commercial activity on the Sites and to retain any and all proceeds, revenues and fees generated by or through the Orioles' use or occupancy of the Sites during the Term, including, but not limited to all revenues derived from all events at the Sites, all revenues from tickets, parking fees, promotions, sponsorships, advertising, signage, concessions, license fees, and all other sources of revenues. The Lease shall contain agreement(s) for the County use of Major League Site and the Minor League Site as referenced in Section 5 hereof. As to the Orioles' use of the Sites, the Orioles shall have the sole responsibility to pay all sales, use and federal income tax due with respect to revenues and fees that they collect or receive. With respect to the parcel(s) North of 12th Street, the Orioles shall have the right to seek to develop the parcel(s) and shall have the right to make an application(s) for a zoning category change, if necessary, or seek any other zoning mechanism to permit commercial activity on the parcel(s). Such application(s) shall be subject to all County and City processes, procedures, codes and ordinances and the approval(s) of the appropriate governmental entity(ies). The County shall have the right to approve any development proposal submitted by the Orioles.

5. LEASED PREMISES; USE AND OPERATION.

5.1 **Major League Site.** The County agrees to lease to the Orioles the Major League Site, including all improvements, fixtures and furnishings located or constructed thereon relating to any of the same for the duration of the Term for the Orioles' full beneficial use of and to the Site. The Orioles' right to utilize the Major League Site shall be on an exclusive basis during the Term for all lawful purposes, except as provided in Sections 5.4 and 5.5 herein but the Orioles shall have the exclusive right to use, on a year-round basis, the offices, clubhouse area and other locations on the Major League Site that may be constructed or renovated following the date hereof which may be designated by the Orioles as included in the Orioles' exclusive areas, subject to the County's approval, which may not be unreasonably withheld, conditioned or delayed. During the Spring Training Period, from December 15th to April 30th of each calendar year during the Term (the "Spring Training Period") except as otherwise provided in Section 5.4(a), the Orioles shall have the exclusive use of the Major League Site and may utilize the Major League Site for all lawful purposes.

5.2 **Minor League Site.** The County agrees to lease to the Orioles the Minor League Site, including all improvements, fixtures and furnishings located or constructed thereon relating to any of the same for the duration of the Term for the Orioles' full beneficial use of and to the Site. Except as otherwise provided in this Agreement, the Orioles shall have the right to utilize the Minor League Site on an exclusive basis for all lawful purposes, from January 15th to April 30th of each calendar year ("Minor League STP"), and on a non-exclusive basis (other than the Orioles' exclusive use areas as defined below, which are exclusive to the Orioles on a year-round basis) for all lawful purposes. During the Minor League STP, the Orioles shall have the full, beneficial and exclusive use of fields number 1 and 2 at all times and the non-exclusive use of fields number 3, 4 and 5 as provided in this Subsection. During the Minor League STP, fields number 3, 4 and 5 shall be exclusive to the Orioles at all times necessary, in the Orioles' reasonable discretion, to conduct its spring training operations. During the Minor League STP, the County may make fields number 3, 4 and 5 available for public recreational purposes with the Orioles' prior approval to each such use and the terms, conditions, dates and times of such use. The Orioles' approval as to any use request under this Subsection shall not be unreasonably withheld, conditioned or delayed. Any public recreational use authorized during the Minor League STP pursuant to this Subsection shall not (a) interfere with the Orioles' spring training baseball activities or (b) be permitted under weather or other conditions which would adversely impact the condition of any playing fields. The County shall require that all public recreation uses of the fields carry full and adequate insurances, naming the Orioles (and the County if appropriate) as a named insured and such other requirements as provided for in Sections 5.4 and 5.8. The Orioles agree that the County shall have the right to enter into an agreement with the high school team which has historically utilized field number 5 during the Spring Training Period for high school practices and games on terms, conditions, dates and times reasonably acceptable to the Orioles and consistent with current practices, this Subsection and Section 5.4. The high school team shall be authorized to display its logo and colors during high school practices, games and tournaments held on field number 5 and shall retain rights to the sponsor recognition signs along the inside face of the outfield fence provided that (i) any such sponsorship or signage does not conflict with an Orioles exclusive sponsorship; and (ii) the Orioles retain the right to also display signs. The Orioles shall have the exclusive right to use, on a year-round basis, the offices, clubhouse area and other locations (the "Team's Exclusive Minor League Areas") and

other areas on the Minor League Site that may be constructed or renovated following the date hereof which may be designated by the Orioles as included in the Team's Exclusive Minor League Areas, but not including the fields and public parking areas, subject to the County's approval, which may not be unreasonably withheld, conditioned or delayed. The subparcel of the Minor League Site set forth in Section 14 shall be, upon completion, deemed part of the Team's Exclusive Minor League Areas.

5.3 Orioles As Promoter of the Sites. During the Term, at all times, the Orioles shall be the "promoter" of the Major League Site and the Minor League Site for all lawful purposes, including all events conducted thereon or therein, except as expressly provided herein. The Orioles shall use commercially reasonable efforts to market the Sites actively during the Term. The Orioles shall be entitled to retain all "promoter" fees, if any, in connection with any for profit events at the Sites, except for Historical Events as defined in section 5.4(a) (unless the Orioles and the Historical Event party expressly agree otherwise).

5.4 Historical Events. The Orioles spring training operations, baseball-related events and other Orioles' beneficial uses of the Sites shall have priority scheduling status at all times on the Sites. The Parties acknowledge that the Sites have at times historically hosted certain events other than spring training operations and baseball-related events. The following shall be referred to as "Historical Events":

(a) Major League Site: (i) Booker High School – six (6) event day uses, including one (1) event use at the Major League Stadium; (ii) Cardinal Mooney High School – six (6) event day uses, including one (1) event use at the Major League Stadium; (iii) Sarasota Baseball Classic, provided that it is not scheduled between December 15th and April 7th in any calendar year; (iv) Florida High School Athletic Association State Baseball Championship Finals at the Major League Site provided that it is not scheduled between December 15th and April 7th in any calendar year and is held for no more than seven (7) consecutive days; (v) the City Blues Festival for three (3) consecutive days or less, provided it is held exclusively on the practice fields adjacent to the stadium, conducted in accordance with historical practice and further provided that City Blues Festival is held in October or the first week of November; (vi) the AAU 14 and under Division I National Championships, provided that it is scheduled in July or August; (vii) Circus Sarasota, provided that it is located on the parking parcel North of 12th Street, unless otherwise agreed by the Orioles and Circus Sarasota, and within the months of January and/or February and that it does not interfere with the Orioles' spring training events; and (viii) the Sarasota Spartans youth soccer program for limited use of the parking parcel North of 12th Street during the months August through November on a temporary basis, such temporary use not lasting more than four (4) years from the date of this Agreement. The Orioles shall accommodate the aforementioned Historical Events at the Major League Site (excluding the Orioles' exclusive use areas), under the terms and conditions provided in this Section and consistent with the Orioles' priority of use for spring training operations; and

(b) Minor League Site: During the Minor League STP, as provided in Section 5.2. At times other than during the Minor League STP, the County may utilize the Minor League Site (other than the Team's Exclusive Minor League Areas) for public recreational use under the terms and conditions of Section 5. The Orioles shall endeavor in good faith to work with the County and the community to accommodate the aforementioned Historical Events at the Minor

League Site (excluding the Team's Exclusive Minor League Areas), under the terms and conditions provided in this Section and consistent with the Orioles' priority of use for spring training operations.

(c) **Other Uses:** In addition to any other Orioles' uses of the Sites, the Orioles may, in its sole discretion, permit the use of the Sites for other historical events, including AAU baseball practices and games, or other historical events.

As to each Historical Event authorized in this Section, the Historical Event shall be conditioned upon the Historical Event party (which may be the County or a third party) obtaining the Orioles' prior approval as to the date and time of the requested Historical Event and entering into a contract with the Orioles for use of the Site requested, which contract shall include a requirement to carry full and adequate insurances, naming the Orioles (and the County as appropriate) as named insureds, provisions for the payment of all actual and incremental costs and expenses associated with the use and such other terms and conditions as may be reasonable or necessary. The Historical Event shall not be on dates and times that (a) interfere with the Orioles' baseball activities or (b) under such weather or other conditions which would adversely impact the condition of any playing fields. To the extent that tickets are sold for Historical Events that are for-profit, if any, the ticket surcharge shall be applicable to all such tickets, unless otherwise determined by the Orioles, in its sole discretion. Any Historical Event must be requested in writing to the Orioles annually prior to November 30th for the following twelve (12) month period. Should the Historical Event desire to propose the scheduling of a Historical Event under this Agreement other than as provided in the preceding sentence, the Historical Event shall propose such event to the Orioles for consideration and approval as soon as practicable and in a reasonable enough period of time to allow the Orioles full consideration of the request.

5.5 County Use of Major League Site. Other than as provided in Section 5.4(a) (with regard to Historical Events), the County may use or authorize for use the Major League Site for civic-oriented non-profit events for up to eight (8) days per year outside of the Orioles' Spring Training Period, as defined in Section 5.1 hereof, and only with the Orioles' prior written approval, not to be unreasonably withheld, conditioned or delayed, at no charge to the County other than for reimbursing the Orioles as provided in Section 5.8 below. The County may sublease its rights contained in this Section 5.5 to the City of Sarasota for City sponsored civic-oriented non-profit events, subject to the Orioles' approval of the third party contract or other agreement governing the event, which approval shall not be unreasonably withheld, conditioned or delayed. The Parties acknowledge that the Sites shall not be used on dates and times that (a) interfere with the Orioles' baseball activities and/or (b) under such weather or other conditions which would adversely impact the condition of any playing fields. The Orioles spring training operations, baseball-related events and other Orioles' beneficial uses of the Sites shall have priority scheduling status at all times on the Sites. For scheduling purposes and to avoid any interference with the Orioles' beneficial use of the Sites, the County shall annually, prior to November 30th of each year, provide the Orioles with a proposed schedule of any civic-oriented non-profit uses for following twelve (12) month period for which the County requests the Orioles' approval. Should the County desire to propose the scheduling of a permissible event under this Agreement other than as provided in the preceding sentence, the County shall propose such event to the Orioles for consideration and approval as soon as practicable and in a reasonable enough period of time to allow the Orioles full consideration of the request. The dates

and times during which the County may use the Major League Site shall be selected by mutual agreement of the Parties and the Orioles agree to take into consideration the historical practice of certain event dates which have been utilized for City and County sponsored events.

5.6 [Intentionally Omitted]

5.7 County Use of Minor League Site. The County may use or authorize for use the Minor League Site, excluding the Team's Exclusive Minor League Areas, in accordance with Section 5.4, for civic-oriented non-profit use subject to the prior approval of the Orioles, not to be unreasonably withheld, conditioned or delayed. The Orioles shall have scheduling priority for the use of the Minor League Site.

5.8 General Conditions of Use of the Sites. The County shall be responsible for the payment of all actual and incremental, out-of-pocket operating and maintenance expenses for all County-authorized civic and recreational uses of the Sites. The costs, reimbursements and expenses for Historical Events requested by third parties under Section 5.4 shall be the responsibility of the requesting party, in accordance with the terms and conditions provided in that section, unless otherwise agreed to by the Orioles. The County shall be responsible to restore the fields and related facilities to the condition at the time prior to such County-authorized civic or recreational use, so as to provide the Orioles with the full beneficial use of and to the Sites. To the extent that the Orioles incur costs or expenses to operate, maintain, repair or restore the Sites as a direct result of the County-authorized civic or recreational use of the Sites, the County shall reimburse the Orioles for such costs and expenses in a timely manner upon invoice. The County shall remain solely responsible for any damage or destruction that may occur as a direct result of such use by the County or its invitees or authorized parties. In accordance with the provisions of Section 5, the Orioles and the County shall enter in an event agreement(s) for any County-authorized use under Section 5.4 (as appropriate), Section 5.5 or Section 5.7 prior to such events setting forth the terms and conditions for such County use and further delineating the County's reimbursement obligations.

5.9 County's Right of Entry. The County reserves the right to enter any portion of the Sites upon reasonable prior notice to the Orioles, notwithstanding the exclusive right of the Orioles to use such portion, if in the reasonable judgment of the County, entry is necessary to inspect, repair or maintain the Site, or is necessary to protect the public health, safety or welfare.

5.10 Quiet Enjoyment. During the Term and subject to the terms of the Lease, the Orioles shall be entitled to peacefully have and enjoy the use of the Sites, without unreasonable interruption or interference, subject to the County's rights of use and access, as provided in this Agreement.

6. TICKET SALES; PARKING.

6.1 The Orioles shall set the ticket prices for all spring training games and other events at the Major League Site and the Minor League Site for which tickets are sold, other than as Historical Events and County (City or authorized public) civic-oriented non-profit events provided for in Section 5. The Orioles shall manage all ticketing operations, including ticket sales for all events at the Sites other than at Historical Events and County civic-oriented, non-

profit events, and the Orioles shall be entitled to receive all Gross Revenues from Ticket Sales collected by the Orioles on an annual basis during the Term. All Gross Revenues From Ticket Sales shall be the sole and exclusive property of the Orioles, except as provided for in Section 5 for County ticket sales from applicable County (or City or authorized public entity) sponsored events which shall be managed, sold, and belong to the County (or City or authorized public entity), and except for ticket sales from Historical Events. For purposes of this Agreement, "Gross Revenues From Ticket Sales" shall mean the total gross revenues from ticket sales less any taxes or charges imposed by Major League Baseball or any governmental, regulatory or taxing authority generally, included in the gross price of the ticket to the purchaser and required to be remitted by the Orioles as the portion of such receipts payable to the visiting team or to any such governmental, regulatory or taxing authority. The ticket surcharge provided for in Section 12 shall be charged and applicable on all tickets sold in connection with for-profit events at the Sites, whether Orioles, County or City sponsored events. The ticket surcharge provided for in Section 12 shall be charged and applicable on all tickets sold for profit historical events at the Sites, unless otherwise determined by the Orioles, in its sole discretion. The Parties agree that Gross Revenues from Ticket Sales shall also exclude and be reduced by the surcharge as described in Section 12. All ticket surcharges collected by the Orioles, County or City or any party authorized to utilize the Sites for which tickets are sold shall be deposited in a timely fashion in the Capital Repair and Improvements Fund established and described in Section 12.

6.2 The Orioles or its designee shall control the parking at the Sites, and without limiting anything contained in Section 4.3 above, the Orioles shall collect and retain all parking fees and related revenues derived therefrom, except for parking revenues from County (or City) sponsored civic-oriented non-profit events as provided for in Section 5.4, 5.5 and 5.7, for which the net revenues (after payment of applicable expenses as provided in Section 5.8, including any taxes or charges or payment to any parking operator(s) and reimbursement of incremental, out-of-pocket expenses in connection with the collection of parking revenues) shall belong to the County.

7. CONCESSIONS.

7.1 The Orioles shall control and receive all revenues from the sale of all foods, beverages, merchandise, novelties and logo items and the like, including, but not limited to, scorecards, yearbooks and novelty items carrying the logo or marks of the Orioles or of any other Major League team (collectively, commonly called "concessions") on the Major League Site and the Minor League Site. The Orioles shall be free to operate the concessions in-house or contract with a third party(ies) to operate such concessions on terms and conditions approved by the Orioles.

7.2 No outside concessionaire or vendor shall be permitted on the Sites, including for a Historical Event, without the Orioles' prior written approval. For all authorized County (or City) uses of the Sites under Section 5.5, and for any Historical Events under Section 5.4, the County (or City) or Historical Event party shall use the Orioles' concessionaire for all food services unless the Orioles and/or the Orioles' concessionaire determine, in their sole discretion, not to provide concession services for the event. If the Orioles or its concessionaire determine not to provide such concession services, the County (or City) or Historical Event party may request that the Orioles' approve the use of a third party food service concessionaire on the Site to

service the event. The Orioles' written approval shall not be unreasonably withheld, conditioned or delayed. For all authorized County (or City) uses of the Sites under Section 5.5, the Orioles will endeavor to require in its food service concession agreements or extensions with its concessionaire that the concessionaire, if it agrees to provide food service for a County (or City) event pursuant to Section 5.5, that the concessionaire will consider entering into a revenue-sharing agreement with the County (or City) to share a portion of its profits, if any, with the County (or City) or provide a fair and reasonable discount for its food services. Any such profit sharing or discount shall be determined on a case-by-case basis and within the sole discretion of the Orioles and the Orioles' concessionaire. As to all such events pursuant to Section 5.5, the concessionaire may not charge the County (or City) more than its usual and customary food and service charges (but may charge less) associated with an Orioles event. In the event that the County (or City) or a Historical Event party under the terms and conditions of this Section, are permitted to use a third party concessionaire with the Orioles' approval and desire to use the Orioles' concessionaire's equipment or facilities, the County (or City) or Historical Event party shall enter into an agreement for such use with the Orioles and the Orioles' concessionaire on such terms and conditions as may be acceptable to the parties. The County shall notify the Orioles of any proposed County civic-oriented, non-profit events under Section 5.5 for which it desires that the Orioles' concessionaire provide concessions operations no less than fifteen (15) business days prior to the date of such event.

7.3 The County shall use its best efforts to ensure that all concession equipment, along with all furniture, fixtures and equipment, at the Major League Site and the Minor League Site that is County or City owned or is anticipated to be left by the current tenant is inventoried and conveyed to the benefit of the Project to the extent it is deemed by the Orioles to be beneficial to the Project, subject to the County's approval, not to be unreasonably withheld, conditioned or delayed.

8. SCOREBOARD AND NAMING RIGHTS.

8.1 The Orioles shall have all rights to sell or otherwise assign naming and/or presenting sponsorship rights in all or any portion of the Major League Site and the Minor League Site, including the Major League Stadium. The Parties acknowledge the Minor League Site is currently referred to as the Buck O'Neil Baseball Complex and the Orioles will endeavor to refer to the baseball complex as such in materials and publications. The Orioles shall obtain the County's consent only as to whether the County objects to the association of the County with the naming and/or presenting sponsor and contends that such association is materially adverse to the County and will damage its reputation or the public's interests. The Orioles agree that the name of a tobacco company or product will not be used. The County may not unreasonably withhold, condition or delay its consent to a naming rights or presenting sponsor.

8.2 The Orioles shall control the scoreboard message center (the "Scoreboard"), the sound, public address and related systems at the Sites (collectively, the "AV Information Systems") for any and all events at the Sites during the Term. The Orioles will work cooperatively with the County to include a limited number of public service announcements and announcements of County programs and civic-oriented events at Orioles' events. The Orioles' personnel or designees shall operate all AV Information Systems at all times during the Term unless the Orioles agree otherwise; however, during Historical Events or County (or City) or

authorized public) civic-oriented non-profit events, and subject to the Orioles' right and obligation to operate the AV Information Systems, the County shall have the right to determine the audio content and sell temporary event day only electronic message advertising on the Scoreboard content display. If Orioles personnel are utilized to operate the AV Information Systems, the Orioles shall be reimbursed for such actual incremental, out-of-pocket costs and expenses and other applicable expenses as provided in Section 5.8. Without limiting the foregoing, in no event may the County sell any temporary event day electronic message advertising on the Scoreboard content display to an entity if the sale or content of such electronic advertising would cause the Orioles to breach any exclusivity granted to a naming rights, presenting sponsor or any exclusive Orioles' sponsor.

9. BROADCASTING.

9.1 The County will cooperate with the Orioles in identifying locations and available connectivity of commercial fiber, cabling, electrical, communications data transmission systems and the nearest head-ends (the "Broadcast Interface Equipment") in order for the Orioles to broadcast games played by the Orioles during the Term. The Orioles shall be responsible for all connectivity charges or fees payable to the vendor or utility. The County shall not charge the Orioles any fees or connectivity charges and the Orioles shall be permitted to use available easements on the Sites for connectivity purposes.

9.2 The Orioles shall have the exclusive broadcasting rights for all events at the Sites, other than as provided in this Subsection during the Term and all revenues derived therefrom shall be the property of the Orioles, including but not limited to all park and power fees and other charges levied upon visiting teams or for or in connection with other productions year-round. The Orioles shall have all rights to determine the content of any Orioles' broadcast and the Orioles shall have all rights to sell any advertising on any Orioles' broadcast during the Term. Subject to the rights of third parties, the Orioles shall have a fully-paid, transferable, license to broadcast and re-broadcast worldwide in perpetuity, images, photographs, audio and audio/visual recordings of all events of and from the Sites. The County shall have the non-exclusive right to broadcast the Historical Events and the approved County (or City or authorized public) civic-oriented non-profit events at the Sites utilizing its broadcasting equipment and personnel or, upon mutually acceptable terms, the Orioles' broadcasting equipment and personnel. Subject to the rights of third parties, the Orioles may broadcast any of the Historical Events or County (or City or authorized public) civic-oriented non-profit events from the Sites at its discretion.

10. PROMOTION AND TOURISM.

10.1 The Orioles acknowledge that the County is undertaking a substantial financial responsibility to fund portions of the Project. The Orioles and County agree to develop an ongoing promotional relationship for the purpose of promoting Sarasota County and the Greater Sarasota County region as a desirable and attractive year-round vacation and meeting destination venue and for the promotion of the Orioles' spring training games and ticket sales related thereto. The Orioles shall make available on an annual basis after consultation with the Sarasota Convention and Visitor's Board and the Sarasota Tourism Development Council, certain promotional and tourism opportunities set forth in Exhibit 4. The Parties shall meet on an annual basis to review and amend Exhibit 4 as may be mutually agreeable from time to time.

10.2 The parties acknowledge that the Minor League Site is located at County-owned Twin Lakes Park which contains identifying signage and will continue to do so. To the extent permitted by Major League Baseball rules and regulations, the Orioles will provide the County with certain limited use rights as to the Orioles' marks and logos, subject to the Orioles' prior written approval in each instance, which will allow the County to promote its partnership with the Orioles at the Sites and on County literature and advertisements.

10.3 The Orioles shall provide the County with ten (10) prime location tickets (in groups of two (2) and four (4)), as determined by the Orioles, for all games and events at the Major League Site free of charge throughout the Term. In addition, the Orioles shall provide the County with event tickets for all seats in a luxury suite for up to four (4) Orioles spring training games per year, provided, however, that the suites have not been sold to a corporate or other purchaser and are available for the Orioles use and assignment. The County shall also be provided at no cost with adequate, preferred parking for all events for which tickets have been provided. The luxury suite, tickets and parking provided hereunder shall be used for tourism promotion and economic development purposes. The surcharge provided in Section 12 shall not be applicable to any complimentary event tickets or any tickets for which no payment is made by the County or other third party.

11. OPERATIONS AND MAINTENANCE.

11.1 Except as to Historical Events and County (or City or authorized public) civic-oriented non-profit events and as provided in Section 5.8, the Orioles, as lessee of the Sites, shall be responsible solely for payment of all operating expenses and routine maintenance and repairs of the Sites during the Term. The Orioles shall operate the Sites in a safe, clean, attractive, and first class manner comparable to that of other Major League Baseball spring training and minor league facilities and shall provide on-Site fire, EMS, police and traffic control for games and other events at the Major League Site under the Orioles' control as may be necessary. The County shall be responsible to provide such on-Site fire, EMS, police and traffic control for all County civic-oriented, non-profit events as may be necessary. Throughout the Term and except as otherwise expressly provided herein, the Orioles shall be responsible for and provide all cleaning and operational maintenance services for the Sites, including the playing and practice fields located thereon, in conformity with the practices of Major League Baseball spring training facilities and Major League Baseball standards, rules and regulations. For purposes of this Agreement, operating expenses and routine maintenance and repair services shall mean those ordinary cleaning, maintenance and ordinary repair services necessary to keep the Sites in first class, good and working condition and are ordinary and recurring expenses for current repair and maintenance that do not improve an asset or add to its useful life and that are not treated as capital expenses for federal income tax purposes. The County shall have no responsibility for any operating or routine maintenance or repair expenses for the Sites except as related to County civic-oriented, non-profit events or County approved recreational events pursuant to Section 5 or in connection with Section 18. The requesting party for Historical Events shall be responsible for any operating or routine maintenance or repair expenses for such Historical Events which shall be included in the contract described in Section 5.4 above, unless otherwise agreed by the Orioles. In the event that the County utilizes the Sites or authorizes their use, in whole or in part, the County shall be responsible to maintain and repair the fields and related facilities to the condition

prior to the time of County use, so as to provide the Orioles with the full beneficial use of and to the Sites. To the extent that the Orioles incur costs or expenses to maintain or repair the Sites as a direct result of the County's use of the Sites, the County shall reimburse the Orioles for all actual incremental, out-of-pocket costs and expenses associated therewith and other applicable expenses as provided in Section 5.8, in a timely manner upon invoice.

12. CAPITAL REPAIR AND IMPROVEMENTS FUND.

12.1 The County shall establish, administer and maintain a Capital Repair and Improvements Fund in an interest bearing account dedicated for the exclusive benefit of the Sites for the purposes expressed in this Section.

12.2 The Parties acknowledge that during the Term there will be capital repair and improvement items necessary to maintain or preserve the condition, structural integrity, safety or functionality of the Sites or to address physical obsolescence. Physical obsolescence means that the structure, foundation, surface, components, systems, fixtures or condition: (i) no longer adequately functions for the purposes for which it was intended, (ii) is dysfunctional in whole or in part, or (iii) poses a hazard to the public's accommodation. The Capital Repair and Improvements Fund shall not be used for the Orioles' general operations and routine maintenance and ordinary repair obligations or for any County (or City) obligations to reimburse the Orioles or pay for costs and expenses associated with the County's (or City's) use of the Sites or the use of the Sites by the public. This Fund is intended only for capital repairs and improvements as expressed in this Section, and which would customarily be treated as a capital item for federal income tax purposes. Capital repairs and improvements shall include all expenditures for a fixed asset, or which extends the useful life longer than one (1) year or adds value to or increases the usefulness or productivity of an existing asset.

12.3 The Capital Repair and Improvements Fund shall be funded by annual contributions from each of the Parties in accordance with the following schedule:

<u>For the Years</u>	<u>Annual Contribution</u>
2011 through 2015	\$125,000
2016 through 2020	150,000
2021 through 2025	175,000
2026 through 2030	200,000
2031 through 2035	225,000
2036 through 2039	250,000

12.3.1 A surcharge upon all Orioles game tickets sold and all other for-profit ticketed events conducted at the Sites shall be considered a contribution to the Capital Repair and Improvements Fund as if made by the Orioles directly:

12.3.1.A For all tickets with a face value of \$5.00 or less, the ticket surcharge shall be fifty (50) cents per ticket sold.

12.3.1.B For all tickets with a face value in excess of \$5.00 but less than \$10.00, the ticket surcharge shall be \$1.25 per ticket sold.

12.3.1.C For all tickets with a face value of \$10.00 or more but less than \$20.00, the surcharge shall be \$1.75 per ticket sold.

12.3.1.D For all tickets with a face value of \$20.00 or more but less than \$30.00, the surcharge shall be \$2.00 per ticket sold.

12.3.1.E For all tickets with a face value of \$30.00 or more, the surcharge shall be \$2.50 per ticket sold.

12.3.2 In any year, the Orioles shall have the sole right to charge or modify the ticket surcharge in its sole judgment.

12.3.3 Notwithstanding the foregoing, if the amount of the annual surcharge collected is: (A) less than the Orioles' Annual Contribution, the Orioles shall contribute the difference to the Capital Repair and Improvements Fund; (B) more than the Orioles' Annual Contribution, the amount of such excess shall not be credited toward its Annual Contribution for any other year.

12.4 Contributions to the Capital Repair and Improvements Fund shall be made by the County and the Orioles no later than January 15 of each year for the preceding year. No expenditures may be made from the Capital Repair and Improvements Fund without the prior approval of both the County and the Orioles.

12.5 All interest accruing on the Capital Repair and Improvements Fund shall be added to the Fund and available for Fund purposes.

12.6 The Orioles and the County shall jointly review the Fund balance on an annual basis. Beginning in the fifth (5th) year after substantial completion of the Project and every five (5) years thereafter, the Parties shall conduct an independent structural and engineering analysis of the Sites. The cost of such analysis shall be paid from the Capital Repair and Improvements Fund. To the extent that the structural and engineering analysis provided for in this Section 12.6 identifies a material structural or engineering condition that should be addressed by this Section, the Capital Repair and Improvements Fund will be made available to the extent that the Orioles and the County agree to authorize those repairs or improvements.

12.7 The County and the Orioles shall annually cooperatively develop a rolling five (5) year capital repairs and improvement plan for the Sites. The Orioles shall submit to the County, on or before June 1 of each year, a proposed budget of anticipated capital repairs and capital improvements for the succeeding year. The proposed budget shall include a detailed statement of the reason for and cost of proposed capital expenditures. The County shall review the proposed budget and notify the Orioles on or before August 1 of the same year whether it has approved all or any portion thereof, which approval will not be unreasonably withheld, conditioned or delayed. In the event of an emergency requiring a capital expenditure or other capital expenditure deemed necessary by the Orioles but not included in the budget, the Orioles shall promptly notify the

County after discovery of the emergency or need for the capital expenditure, and the Orioles and the County shall work cooperatively together in good faith to address the need for the capital expenditure.

12.8 The County shall be responsible for identification of funding sources and the timely payment of all approved capital expenditures that cannot be paid out of the then-remaining balance in the Capital Repair and Improvements Fund. The Orioles acknowledge that any such payment by the County is subject to appropriation and approval by the County Commissioners.

12.9 The Orioles, with the cooperation of the County, shall supervise the making of all capital repairs and improvements to the Sites.

12.10 Notwithstanding anything provided in this Section 12, the insurances required in Section 16 of this Agreement shall be maintained in full force and effect.

13. FUTURE IMPROVEMENTS.

13.1 Subject to the applicable provisions of Section 4.3 hereof, the Orioles may develop and construct additional improvements on the Sites during the Term which are permitted by the zoning on the Sites, and any such improvements shall immediately be subject to the Lease. The Orioles shall prepare and provide to the County a plan showing such additional improvements, an estimate of the cost of the improvements and the Orioles commitment to pay for and a funding plan for such improvements prior to construction. The County shall have the right to review and approve all such improvements, such approval not to be unreasonably withheld, conditioned or delayed. The development and construction of any such additional improvements on the Sites during the Term shall be completed by the Orioles in accordance with applicable law.

14. YOUTH BASEBALL ACADEMY AND FACILITIES.

14.1 The Parties acknowledge that it is mutually beneficial to facilitate the establishment of a youth baseball academy and youth tournaments, serving both the Greater Sarasota County region and players and teams from other areas. The Orioles and Ripken Baseball have expressed a desire and are willing to locate a Cal Ripken Youth Baseball Academy and youth tournaments at the Minor League Site. The County has agreed to permit the Orioles to sublease or co-locate a portion of the Minor League Site (as identified on the preliminary Site sketch attached hereto as Exhibit 2) as a possible and acceptable location for the youth baseball academy, facilities and fields and the County has agreed to provide said area to the Orioles for such purposes as a cleared and leveled portion of the parcel. The County consents to the development and use of the aforementioned areas for all such fields and facilities as may be necessary and appropriate for the full and beneficial use of those areas for a youth baseball academy and youth tournaments. The Orioles and/or Ripken Baseball with review and approval of the County, which shall not be unreasonably withheld, conditioned or delayed, shall have full rights to the design and architectural style of the fields and facilities. The timing of the development and construction of the youth fields and facilities is dependent upon raising the necessary funds to proceed with the project. Notwithstanding the preceding sentence, the Orioles and Ripken Baseball will commit to provide a commercially reasonable level of youth baseball activities in the Greater Sarasota County region pending the establishment and construction of the

youth baseball fields and facilities and the availability of requisite fields and facilities. The development and construction of youth baseball facilities pursuant to this Section shall be subject to the provisions of Section 13 hereof.

15. NO IMPACT FEES.

15.1 To the extent legally permissible, the Orioles shall not be responsible for the payment of any road impact fees, justice impact fees and general government impact fees in connection with the development or use of the Project.

16. INSURANCE.

16.1 Orioles Insurance Requirements. The Orioles shall procure and maintain, during the term of this Agreement and the Project Documents, insurance as listed below. The policies of insurance shall be primary and written on forms acceptable to the County and placed with insurance carriers approved and licensed by the Insurance Department in the State of Florida and meet a minimum financial AM Best Company rating of no less than "A-Excellent". No changes are to be made to these specifications without prior written specific approval by the County's Risk Management Department.

Commercial General Liability: Including but not limited to bodily injury, property damage, contractual, products and completed operations and personal injury with limits of not less than \$1,000,000 each occurrence and carry such umbrella liability coverage as the Orioles deem appropriate.

Business Automobile Liability: Orioles shall agree to maintain Business Automobile Liability insurance as required by law.

Worker's Compensation Insurance: Orioles shall agree to maintain Workers' Compensation insurance as required by law.

Property Insurance: The Orioles shall be responsible to provide property insurance to ensure against damage or destruction to the Orioles' furnishings and equipment and personal property located at the Sites.

The County shall retain the right to review certificates, declarations and policies of insurance, at any time, in order to confirm coverage, form, and amount of insurance in accordance with this Agreement. The County shall be named as an additional insured on all Orioles' policies of insurance under this Agreement and the Project Documents.

Notices of Accidents (occurrences) and Notices of Claims associated with this Agreement shall be provided to the Orioles insurance company and County Risk Management as soon as practicable after notice to the insured.

16.2 County Insurance Requirements. The County shall procure and maintain, during the term of this Agreement and the Project Documents insurance as listed below.

Commercial General Liability: The County is self-insured for all liability claims and related expenses pursuant to the provisions of Florida Statute 768.28.

Property Insurance: The County shall maintain in force, at its expense the types and amounts of property insurance, including boiler and machinery insurance, as necessary to cover the full replacement value of the Sites. The County shall provide a copy of the Certificate of Insurance listing the Orioles as the additional insured. The property insurance shall insure against damage or destruction to any components of the Sites, providing "all risk" peril coverage, including coverage against hurricane, flood, sewer backup and earthquake. In the event of a loss or damage as described above, the County shall be responsible to retain a project manager to obtain an inspection and estimation of damages and repair and/or replacement costs to bring the Sites to their pre-loss condition in a timely and efficient manner. The County shall promptly report in a timely manner all claims and shall pay all deductibles in connection with such claim. Insurance proceeds recovered from submitted property damage claims for the Sites pursuant to this Section shall be placed in a joint escrow account and used to repair or rebuild the Sites and the County shall be obligated to promptly restore the Sites to its original or better condition. In the event that the insurance proceeds are insufficient to repair and restore the Sites to their previous pre-loss or substantially similar condition, the Orioles shall have no obligation to utilize its own funds to repair or restore the Sites. In the event the County determines that the Major League Site and/or the Minor League Site should not be repaired, the Orioles are entitled to immediate termination of this Agreement, and the Project Documents or any portion thereof (e.g. termination of the Major League Site but not the Minor League Site) without penalty. In the event the Orioles elect to terminate this Agreement and the Project Documents, there shall be an abatement of all monies due hereunder from the date of unavailability. The County, as applicable, shall be required to immediately notify its insurance carrier(s) in the event of any loss and shall promptly submit all claims, and all insurance proceeds of such policies paid for property damage to the Sites shall be for the benefit of the Sites and the Orioles and promptly applied to the repair, replacement and refurbishment and restoration of the Sites, and in accordance with the procedures established by the County and the Orioles and/or its designees for the initial construction of the Project, unless otherwise agreed upon by the County and the Orioles.

17. ENVIRONMENTAL.

17.1 The Major League Site has been used for Major League Spring Training for more than twenty (20) years. Portions of the Major League Site were used as a landfill and asphalt plant in the past. The Major League Site is the subject of a consent order between the City and the Florida Department of Environmental Protection. The Interlocal Agreement with the City obligates the City, as set forth in the consent order, to continue to perform its environmental monitoring, reporting and other requirements under applicable environmental laws, following transfer of title to the Sports Complex to the County. It is contemplated that the City will need to enter into an amendment to the consent order providing for the closeout of the consent order. If it is determined that the Major League Site cannot be used as depicted on the preliminary project plans or that the Site presents a potential hazard to the public's health and safety or if the State of Florida or any other governmental agency requires remediation efforts, then the Orioles and the

County shall discuss funding the remediation costs, and if no agreement is reached prior to commencement of construction on the Major League Site, the Orioles shall have the right, in its sole discretion, to terminate this Agreement upon thirty (30) days written notice to the County.

18. DISASTER PREPAREDNESS/SHELTER.

18.1 The Sites may be used, in areas agreed upon by the Parties, for emergency response personnel and equipment, debris and debris-removal equipment for natural disaster preparations, response, and potential shelter. In the event the County uses the Sites pursuant to this Section, the County agrees to completely remove all disaster/hurricane-related debris and materials from the Sites and take such other remedial action as may be necessary within a reasonable period of time prior to the Spring Training Period so as to allow the Orioles full beneficial use of and to the Sites. The County shall be responsible for all damage, clean-up, maintenance, repairs and costs and expenses in connection with the use of the Sites for disaster purposes, and the County shall promptly clean up, repair and restore the Sites, all at no cost or liability to the Orioles. Notwithstanding anything in this Agreement to the contrary, the County shall be responsible for any liability arising out of or in connection with the County's (and its invitees) or the public's use of the Sites pursuant to this Section and the County agrees to indemnify, defend and hold the Orioles and its officers, directors, partners, employees, agents and representatives harmless in connection with such use of the Sites by the County (and its invitees) or the public.

19. TAXES; AVAILABILITY OF ADDITIONAL STATE FUNDS.

19.1 The County represents that (1) it shall acquire from the City and shall continue to have throughout the Term, all ownership interests in the Major League Site, (2) as of the date hereof, it has and shall continue to have throughout the Term, all ownership interests in the Minor League Site, (3) as such, has the full authority to grant the Orioles the rights provided hereunder, and (4) this Agreement has been entered into for the public purpose of promoting tourism, gainful employment and economic growth in Sarasota County and the State of Florida. It is the intent and understanding of the Parties that the leasehold interest to be held by the Orioles pursuant to the Lease shall be immune from Property Taxes, including ad valorem taxation for long as such constitutional immunity remains in effect.

19.2 For purposes of this Agreement, "Property Taxes" shall mean all ad valorem taxes, real estate taxes and assessments or payments in lieu of real estate taxes which are levied against the Lease and/or the Sites (and any improvements thereon), including all general and special taxes levied by the County, the City or any political subdivision or taxing authority of the County or the City or the State of Florida, including but not limited to school districts, or transit authorities, so long as such tax is based upon or measured by the valuation of the land, the improvements (including the Project), or any of their respective leasing arrangements.

19.3 If the Orioles and/or its designees may be eligible for any tax benefits, exemptions, abatements, credits, grants or other refunds the County shall cooperate with the Orioles in pursuing such.

19.4 The County and the Orioles shall each use their best efforts to obtain additional funds from the State of Florida, authorized for the use of spring training facilities construction or renovation, for economic development, tourism, disaster relief or staging, hurricane hardening purposes and/or any other purpose that can be made available for the Sites in connection with the Orioles' use and occupancy thereof and to dedicate such additional funds to the Capital Repair and Improvements Fund.

20. FORCE MAJEURE.

20.1 Neither party hereto shall be liable for any delay or failure in the performance of any obligation under this Agreement or the Project Documents or for any loss or damage (including indirect or consequential damage) to the extent that such nonperformance, delay, loss or damage results from any "Force Majeure". For purposes of this Agreement, a "Force Majeure" shall mean and include without limitation, any fire, flood, explosion, damage by third parties whether negligently or intentionally caused, acts of God or Nature or other casualties, strikes (including, without limitation, any strike by the Major League Baseball Players Association), lockouts (including, without limitation, any lockout by the League), work stoppages, picketing or other concerted action by any employees or any labor organization, national emergency or state of war, the laws or actions of any governmental authority, or any other event or cause that is beyond the control of the Parties. Notwithstanding anything contained in this provision, a strike by the MLBPA or lockout by the League will not be a Force Majeure event with respect to the Project Development Agreement.

Without limiting any remedies available at law or in equity, in the event the purposes of this Agreement and/or the Project Documents are frustrated as a result of the actions, rulings, determinations, findings, orders, judgments or directives of any state or federal or other governmental agency or as a result of the actions of third parties in connection with, relating to, or arising from, the existence of any hazardous materials on, in, under, affecting or emanating from all or any portion of: (1) the real property located at 12th Street and Tuttle which has historically been used as a Major League Spring Training facility and includes training facilities, practice fields, clubhouses, offices, the "Ed Smith Stadium" and other improvements and fixtures located thereon, and/or (2) the real property located North of 12th Street and South of 17th Street and the corner parcel North of 12th Street (the "Major League Site") which may cause (i) substantial and material delay to the Project, (ii) substantial and material additional costs to the Project, (iii) substantially and materially restrict or prohibit the Project or its substantial completion or (iv) in any other way substantially and materially frustrates the purposes of this Agreement and/or the Project Documents, then the Orioles and the County shall discuss such situation, and if no mutually acceptable agreement is reached between the Parties to resolve the situation, then either Party shall have the right to terminate this Agreement and the Project Documents upon thirty (30) days written notice to the other Party, provided that, any Party may submit this matter to binding arbitration, which arbitration must be requested, conducted and fully concluded within sixty (60) days of the written notice of termination, solely as to the issue of whether that Party's termination was reasonable under the facts and circumstances, including the purposes of this Agreement and the Project Documents and based upon the delay, additional costs, restriction or prohibition as expressed in this Section.

20.2 If as a result of any Force Majeure the Sites are unavailable for Spring Training in any of the years during the Term, this Agreement and the Project Documents shall be regarded as suspended for the period of unavailability without liability to either Party so long as the period of unavailability is no more than two (2) consecutive Spring Training Periods during the Term. If the Sites shall be unavailable for two (2) consecutive Spring Training Periods during the Term, the Orioles shall have the right to terminate this Agreement and the Project Documents without any further liability to the County. To the extent that the Sites are unavailable for a Spring Training Period, the County shall use its best efforts to assist the Orioles in securing, at no cost to the Orioles, suitable facilities in the County to conduct its Spring Training Operations. If no suitable facilities are available, in the Orioles' sole discretion, the Orioles may locate its Spring Training Operations at facilities outside the County and the Orioles shall be relieved of all obligations under this Agreement and the Project Documents for such period.

21. DEFAULT, REMEDIES AND TERMINATION.

21.1 If either Party hereto (the "Defaulting Party") shall fail to perform any of its obligations under this Agreement or any of the Project Documents, then the Party not in default (the "Non-Defaulting Party") shall provide notice of such failure to the Defaulting Party and afford the Defaulting Party a grace period to cure said failure, as follows:

21.1.1 Where a grace period is specifically provided, that specific grace period shall apply.

21.1.2 Where a grace period is not specifically provided, the Defaulting Party shall afford the Non-Defaulting Party a grace period of: (i) five (5) business days to cure monetary failure; and (ii) thirty (30) days to cure any non-monetary default; provided, however, that if any non-monetary failure cannot be cured within such thirty (30) day period, the Defaulting Party shall be afforded such additional time as shall be reasonably required to cure such failure, if the Defaulting Party has commenced the appropriate cure within said initial thirty (30) day period and thereafter proceeds with reasonable diligence to cure said failure.

21.1.3 If any failure to perform shall not have been cured by the expiration of the applicable grace period, then a "Default" shall be deemed to have occurred and the Non-Defaulting Party shall have the rights and remedies set forth in Section 21.2 below.

21.2. If a Default shall occur, the Non-Defaulting Party shall have the right (but not the obligation to cure such default on behalf of the Defaulting Party, in which event the Defaulting Party shall immediately reimburse the Non-Defaulting Party for all sums paid by it to effect such cure, together with interest thereon at the annual rate of interest equal to the prime rate of interest charged by the County's primary financial institution to its commercial customers with the highest credit rating plus one and one-half percent ("the Default Rate").

21.3 County Termination. The County may terminate this Agreement or any of the Project Documents upon thirty (30) days prior written notice to the Orioles of any of the following events (collectively hereinafter referred to as the "Orioles Defaults"):

21.3.1 If the Orioles desert or vacate one or both of the Sites;

21.3.2 If, by order of a competent authority, a receiver, liquidator or trustee of the Orioles shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days after the making of such order, or if by decree of such authority the Orioles shall be adjudicated or determined to be bankrupt or insolvent, or if the Orioles shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;

21.3.3 If the Orioles fail to make any payments to the County pursuant to this Agreement or any of the Project Documents within sixty (60) days following written notice of such payment Default; provided however, the Orioles shall have the right to withhold any amounts disputed in good faith until the settlement of any such dispute; or

21.3.4 If the Orioles breach any material provision, agreement or obligation under this Agreement or any of the Project Documents, that is not cured within sixty (60) days after notice of such Default; provided, however, that if such Default cannot be cured within such sixty (60) day period, but the Default is capable of cure within a reasonable period of time which is acceptable to the County, and the Orioles diligently pursue such cure, the Orioles shall be allowed such agreed upon time period to cure such Default.

21.4 Orioles Termination. In addition to the termination rights contained elsewhere in this Agreement, the Orioles may terminate this Agreement or any of the Project Documents upon thirty (30) days prior written notice to the County of any of the following events (collectively hereinafter referred to as the "County Defaults"):

21.4.1 If, by order of a competent authority, a receiver, liquidator or trustee of the County shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days of the making of such order, or if by decree of such authority the County shall be adjudicated or determined to be bankrupt or insolvent, or if the County shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;

21.4.2 If the County fails to make any required payments or deposits to the Governmental Project Fund, Construction Fund Account or the Capital Repair and Improvements Fund or fails to make any payments to the Orioles pursuant to this Agreement or any of the Project Documents within sixty (60) days following written notice of such payment Default; provided, however, the County shall have the right to withhold any amounts disputed in good faith until the settlement of any such dispute; or

21.4.3 If the County breaches any material provision, agreement or obligation under this Agreement or any of the Project Documents that is not cured within sixty (60) days after notice of such Default; provided, however, that if such Default cannot be cured within such sixty (60) day period, but the Default is capable of cure within a reasonable period of time which is acceptable to the Orioles, and the County diligently pursues such cure, the County shall be allowed such agreed upon time period to cure such Default.

21.5 **Cumulative Rights.** The remedies heretofore described in this Section 21 shall be in addition to any other remedy the Non-Defaulting Party may have at law or in equity in the event of a Default, including without limitation:

21.5.1 An action to recover monies then due and owing from the Defaulting Party, together with interest thereon at the Default Rate, from the date on which such monies were due;

21.5.2 An action for specific performance of non-monetary covenants and agreements on the part of the Defaulting Party; and/or

21.5.3 An action for recovery of all actual losses, costs and reasonable attorneys' fees incurred by the Non-Defaulting Party in connection with, arising out of or in any way related to the Default.

21.6 **Injunctive Relief.** Without limiting any other remedies of the County on account of a Default by the Orioles available in accordance with Section 23 of this Agreement, the County will be irreparably harmed if the Orioles violate the Lease by the transfer, move or other relocation of the Orioles' spring training activities to locations other than the Sites during the Term otherwise than as provided or permitted by this Agreement or the Project Documents. Accordingly, the Orioles hereby agree that in the event of such a violation or threatened violation of the Lease, the County shall be entitled to seek and obtain a temporary restraining order, together with preliminary and permanent injunctive relief, from any court of competent jurisdiction to enjoin any such violation or threatened violation. The Orioles waive any requirement that the County post a bond or other security in connection with such injunctive relief. In the event of such attempted or actual transfer, move or other relocation of the Orioles' spring training activities to, or the playing of Home Games at, any location other than the Sites, the County is not able to obtain the injunctive relief provided for in this Section 21.6, the County shall be entitled, at its option, to seek monetary damages.

23. DISPUTE RESOLUTION.

23.1 The Parties acknowledge that their rights and responsibilities under this Agreement and the Project Documents involve coordination and cooperation with respect to the design, development and construction of, and capital repairs and improvements to, the Project. Accordingly, the Parties agree that it would be to their mutual benefit to establish a dispute resolution process to deal with any dispute arising out of this Agreement or the Project Documents.

23.2 The Parties agree to attempt to settle any dispute or controversy that may arise between the Parties regarding any provision or obligation set forth in this Agreement or the Project Documents by non binding mediation.

23.3 If the Parties are unable to resolve any dispute with respect to the design, development and construction of, and capital repairs or improvements to, the Project or with respect to the Parties' obligations to finalize and execute the Project Documents, the matter in

dispute shall be submitted to binding arbitration under the Arbitration Laws of the State of Florida (Chapter 682, Florida Statutes) in accordance with applicable Commercial Arbitration Rules of the American Arbitration Association ("AAA") then in effect. The venue of the arbitration may be in Sarasota County. The arbitration shall be expedited to completion within ninety (90) days after notice of electing to arbitrate sent by one Party to the other Party. Both Parties shall agree in good faith to cooperate and facilitate the completion of the arbitration within said ninety (90) day period. In the event the Parties are unable to agree on a single arbitrator within thirty (30) days of the notice of electing to arbitrate, each Party shall within ten (10) business days thereafter select an arbitrator from a panel of eligible arbitrators provided by AAA and thereafter the two selected arbitrators shall select a third arbitrator. After all the evidence has been presented and the hearing has concluded, the Arbitrator(s) shall issue an award, in writing, within thirty (30) days. A judgment upon that award shall be enforceable in any court having jurisdiction of such matters in the State of Florida.

24. TRANSFER OF THE SITES.

24.1 The County represents, warrants and covenants that no part of the Sites will be sold, assigned or transferred by the County during the Term and the County shall not take (or refrain from taking) any action to restrict or condition, and shall not be permitted to sell or otherwise transfer, any portion of the Sites to any unaffiliated third party, without the prior written approval of the Orioles, which may be granted or withheld in the Orioles' sole discretion. If the Orioles approve the sale or transfer of any portion of the Sites, such County purchaser and/or transferee shall be obligated to perform in accordance with the terms of this Agreement and the Project Documents, including all the obligations, duties and responsibilities of the County contained therein, and such purchaser and/or transferee shall explicitly assume in writing all such obligations, duties and responsibilities. Further, if at any time during the Term, with the prior written approval of the Orioles, the County offers to sell the Sites, or any portion thereof, to an unaffiliated third party, the Orioles shall have a right of first refusal to purchase the Sites, or portion thereof at the price acceptable to such unaffiliated third party.

25. CONDITIONS TO THE EFFECTIVENESS OF THIS AGREEMENT.

25.1 Notwithstanding any provision of this Agreement to the contrary, the effectiveness of this Agreement is expressly conditioned upon the certification by the State of Florida of the Sites as a retained spring training facility for which funding under Section 288.1162FS has been approved and all necessary funds under the aforementioned Florida statutes are committed by the State Office of Tourism, Trade and Economic Development ("OTTED") to be released or continue to be released to the City for the benefit of the Project. All approvals and commitments as to the funding or continuation of funding under this Section shall be confirmed in writing by OTTED within seven (7) days after the satisfaction of all conditions set forth in the OTTED letter dated July 17, 2009 to the Sarasota County Commission Chairman as a condition precedent to the effectiveness of this Agreement.

25.2 Notwithstanding any provision of this Agreement to the contrary, the effectiveness of this Agreement is expressly conditioned upon the receipt by the Parties from the City of an environmental indemnity in form and substance satisfactory to the Parties within seven (7) days after the date of this Agreement.

26. MISCELLANEOUS.

26.1 Amendments. This Agreement may not be changed, modified, or discharged orally, but only by an instrument in writing signed by the Parties.

26.2 Binding Effect. This Agreement shall be binding upon and inure to the benefit of each of the Parties, and each of their respective successors. The Parties by executing this Agreement represent and warrant to each other that they have the full authority to enter into this Agreement and to bind such Parties to its terms and conditions.

26.3 Conflicting Agreements. Each Party represents and warrants to the other Party that the execution of this Agreement and the performance of its obligations hereunder will not breach or be in conflict with any other agreement to which it may be a Party or may be bound.

26.4 Construction. The Parties hereby acknowledge that this Agreement is the product of negotiation between the Parties and/or their respective legal counsel and that no provision of this Agreement shall be construed against a Party solely because that Party or that Party's counsel drafted such provision.

26.5 Exhibits; Headings. The Exhibits attached hereto are substantive parts hereof; headings of the Sections of this Agreement are for convenience of reference only and are not substantive parts hereof.

26.6 Further Actions of the Parties. Immediately upon the execution of this Agreement, the Parties shall take all action necessary to effectuate the purposes of this Agreement, and shall commence good faith negotiations to draft and, where appropriate, execute the Project Documents which implement the transaction(s) contemplated by this Agreement. In addition, and without limiting the foregoing, the County shall take any action necessary under the Interlocal Agreement(s).

26.7 Covenant Re: Negotiations. Upon the mutual execution and delivery of this Agreement and the satisfaction of any condition precedents to this Agreement, the Orioles will refrain from any further negotiations with any other jurisdiction for the location of the Orioles' long term Spring Training Operations. Pursuant to the terms and conditions of this Agreement, the Orioles shall notify the County on or before October 31, 2009 as to whether the Orioles will conduct its Spring Training Operations in 2010 at the Sites. The Orioles may, without violating this covenant in making such determinations, have discussions with its current landlord in Fort Lauderdale, Florida with regard to the Orioles' existing leasing arrangements, including the winding down of such arrangement. In the event that the City of Fort Lauderdale asserts a claim against the County arising from the execution of this Agreement, the Orioles agree to reimburse the County for any actual out-of-pocket costs, fees or expenses, judgments or awards, as a direct result of such claim by the City of Fort Lauderdale.

26.8 Governing Law. This Agreement is entered into in, and shall be governed by, construed and enforced in accordance with the laws of the State of Florida, without reference to principles of conflicts of laws.

26.9 **Integrated Agreement.** This Agreement represents the full, complete, entire and integrated agreement between the Parties with respect to the subject matter hereof, and supersedes all prior oral and written agreements, understandings and negotiations with respect to the subject matter hereof.

26.10 **No Joint Venture.** This Agreement shall not constitute a partnership, joint venture or create an agency relationship between the Parties.

26.11 **No Waiver.** The failure of either Party to object to, or to take affirmative action with respect to, any conduct of the other Party that violates any term or condition of this Agreement shall be limited to that particular instance, and shall not be construed as a waiver of that Party's rights for such breach or as a waiver of remedies for future breaches by the other Party.

26.12 **Orioles' Full and Beneficial Use of the Sites.** As provided for in this Agreement, the "Orioles' full and beneficial use of the Sites" shall mean all lawful uses of the Sites subject to the terms and conditions of this Agreement.

26.13 **Rights Unique.** The Parties acknowledge that each Party's rights and obligations hereunder, including but not limited to intellectual property assets (but other than the payment of money) are special, unique, extraordinary and impossible of replacement, which gives them a peculiar value, the loss of which could not be reasonably or adequately compensated in damages in an action at law, and that either Party's failure or refusal to perform its obligations hereunder would cause the other Party loss and damages. Except as permitted and otherwise provided for in this Agreement, if either Party fails or refuses to perform such obligations, the other Party shall be entitled to seek injunctive or other equitable relief against it, including temporary relief prior to a time at which a preliminary hearing may be held, by a court of competent jurisdiction to prevent the continuance of such failure or refusal or to prevent the breaching Party from granting rights to others in violation of this Agreement. The Parties waive any requirement that the other Party post a bond or other security in connection with such injunctive relief. In the event a Party is not able to obtain the injunctive relief provided for in this Section, such Party shall be entitled, at its option, to seek monetary damages.

26.14 **Mutual Indemnification.** The Orioles shall indemnify, defend and hold the County and County's agents harmless from and against all loss, cost, damage and expense (including reasonable attorneys' fees and disbursements) imposed upon or incurred by the County in connection with all claims arising out of or relating to the death of or injury to any person, or the loss of or damage to the property of any person (excluding the property of the County) arising out of or occurring during Spring Training games or Orioles' events or the Orioles' occupancy, management or use of the Sites, excluding death, injuries, and property loss and damage which arise out of or are related to the wrongful or negligent acts or omissions of the County, the County's agents or County's contractors or subcontractors. The County shall indemnify, defend and hold the Orioles and Orioles' agents harmless from and against all loss, cost, damage and expense (including reasonable attorneys' fees and disbursements) imposed upon or incurred by the Orioles in connection with all claims arising out of or relating to the death of or injury to any person, or the loss of or damage to the property of any person (excluding the personal property of

the Orioles) arising out of or occurring during County civic-oriented, non-profit events, or County-authorized use or events for the County's occupancy, capital repair or improvement or use of the Sites, excluding death, injuries, and property loss and damage which arise out of or are related to the wrongful or negligent acts or omissions of the Orioles, the Orioles' agents or Orioles' contractors or subcontractors.

26.15 Severability. The parties hereto agree that to the extent that any provision or portion of this Agreement shall be held, found or deemed to be unreasonable, unlawful or unenforceable by a court of competent jurisdiction, then any such provision or portion thereof shall be deemed to be modified to the extent necessary in order that any such provision or portion thereof shall be legally enforceable to the fullest extent permitted by applicable law.

26.16 Taxes; Recordation. The Orioles shall not be responsible for any fees, taxes (including but not limited to transfer taxes) or expenses in connection with the recordation of this Agreement or any of the Project Documents.

26.17 Time. Time is of the essence with regard to the Parties' obligations under this Agreement.

26.18 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which together shall be one and the same instrument.

26.19 Orioles Assignment. The Orioles shall not sell, assign or otherwise transfer all or any portion of its interest in this Agreement or the Project Documents without first obtaining the consent of the County; provided, however, that (i) the Orioles shall have the right, without consent, to sublease or transfer its rights and/or obligations, in whole or in part, under this Agreement and the Project Documents, including in furtherance of Section 14 of this Agreement, to any person or entity, provided that the Orioles shall remain liable for its obligations under this Agreement and the Project Documents, including, but not limited to, the playing of the Orioles' Spring Training games at the Sites as provided herein and (ii) the Orioles shall have the right, without consent, to transfer all of its rights and/or obligations, in whole or in part, under this Agreement or the Project Documents to any person or entity that shall thereafter own the Major League Baseball franchise now held by the Orioles on the condition that such transferee shall assume the obligations of the Orioles set forth in this Agreement and the Project Documents and on the further condition that Major League Baseball approves the transfer of the Orioles Major League Baseball franchise to such transferee.

IN WITNESS WHEREOF, the parties have executed this Agreement under seal as of the date set forth above.

Per your request, this letter serves as notice that the conditions set forth in 2009 by the Office of Tourism, Trade and Economic Development (OTTED) continue to be satisfied by Sarasota County.

Sarasota County Commission

Dear Chairman Thaxton:

Recent discussions with the Office of Tourism, Trade, and Economic Development (OTTED) have surrounded the departure of the Cincinnati Reds. We understand that the City of Sarasota and Sarasota County are working to preserve Spring Training in their area by negotiating an arrangement with the Baltimore Orioles. I have reviewed this issue carefully, and taking into account the intent of the Legislature, have determined that these funds may be used for a retained spring training facility in Sarasota, if the following conditions are met to OTTED's satisfaction:

1. An official letter in accordance with section 288.1162(5)(d), Florida Statutes, from the City of Fort Lauderdale acknowledging the Baltimore Orioles are relocating to Sarasota from their spring training location in Fort Lauderdale;
2. A signed agreement, in accordance with section 288.1162(5)(c)2, Florida Statutes, between Sarasota and Baltimore Orioles for a retained spring training franchise;
3. Documentation of the local match for at least 50 percent funds to be used for the spring training facility as required by section 288.1162(5)(b)3, Florida Statutes; and
4. Written agreement from Sarasota that the state funds will only be used for the renovation or expansion of the Ed Smith stadium complex and corresponding major league operations.

See pages 4 and 5 of this Exhibit 4

See page 3 of this Exhibit 4 and attached Exhibit 2

See attached Exhibit 1 detailing all funds expended on project

See pages 1 and 6 of this Exhibit 4

Once all these documents have been provided to my office and deemed satisfactory to OTTED, I will issue a final letter of approval for continuing release of the funds. Please feel free to contact me at (850) 487-2568 with any questions.

Clerk of Circuit Court & Comptroller

1801 27th Street

Vero Beach, FL 32960

Telephone: (772) 226-1516

March 12, 2021

To the Citizens of Indian River County
And the Honorable Members of the
Board of County Commissioners:

The Comprehensive Annual Financial Report of Indian River County, Florida for the fiscal year ended September 30, 2020, is respectfully submitted. State law requires that every general-purpose government publish a complete set of audited financial statements within nine months of the close of each fiscal year. This report was prepared by the Comptroller Division under the supervision of the Clerk of the Circuit Court and Comptroller. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Comptroller Division and is contingent upon the internal control established for this purpose.

The County has established a comprehensive internal control framework designed to ensure that the assets of the County are protected from loss, theft or misuse and to certify that the financial records and data used for preparing the financial statements are in conformity with generally accepted accounting principles (GAAP) as applicable to governmental entities. The internal control system is designed to provide reasonable, rather than absolute, assurance that these objectives are met. The idea of reasonable assurance recognizes two aspects: 1) the cost of internal control should not exceed the anticipated benefits; and 2) the valuation of the costs and benefits require estimates and judgment by management. All internal control evaluations take place within this framework. We believe the County's internal controls adequately safeguard its assets and provide reasonable assurance of properly recorded financial transactions.

Section 218.39, Florida Statutes, requires an annual audit of local governments. The unmodified opinion of the auditors (Rehmann Robson, LLC) on the County's financial statements for the year ended September 30, 2020 has been included in this report. The independent auditors' report is located at the front of the financial section of this report. The audit was also designed to meet the requirements of *Government Auditing Standards*, the Florida Single Audit Act, Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General.

Readers of this report are encouraged to read Management's Discussion and Analysis (MD&A), which provides basic financial information about the County and an overview of the County's activities. The MD&A immediately follows the independent auditors' report.

Profile of Indian River County

Indian River County, established on June 29, 1925 by an act of the Florida Legislature, is located on the central Atlantic coast of Florida, approximately 100 miles southeast of Orlando and 135 miles north of Miami. The County is bordered by Brevard County to the north, St. Lucie County to the south, and Osceola and Okeechobee Counties on the west. There are approximately 100 miles of waterfront land in the County, including 23 miles of Atlantic beaches.

The City of Vero Beach is the seat of County government. Indian River County is a non-charter county established under the Constitution and the Laws of the State of Florida. It is governed by a five member Board of County Commissioners (Board) elected at large from the five districts within the County. A County Administrator is appointed by the Board and is responsible for implementing the policies set forth by the Board. The Administrator is charged with the proper fiscal management of the resources of the County as well. In addition to the Board, there are five elected Constitutional Officers serving specific governmental functions: Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector. Although the majority of the funding for all Constitutional Officers is part of the County's General Fund, the Board does not have direct responsibility for their operations. Each office is run separately within each of its respective legal guidelines.

Indian River County provides a full range of services including, but not limited to: construction and maintenance of roadways, sidewalks and other infrastructure, fire rescue/emergency services, law enforcement, library services, traffic operations and control, parks and recreational services, human services, building inspections, licenses and permits, water/sewer utility services, and refuse collection and disposal.

The Clerk of the Circuit Court and Comptroller (Clerk), Sheriff, and Supervisor of Elections submit proposed operating budgets to the Board prior to May 1. The Florida Department of Revenue receives budgets from the Property Appraiser prior to June 1 and from the Tax Collector prior to August 1. Once these budgets are approved, they are forwarded to the Board. The court-related function of the Clerk submits a budget to the Florida Clerks of Court Operations Corporation (CCOC) prior to May 1. These operating budgets include proposed expenditures and the sources to finance them as set forth in Section 28.36, Florida Statutes.

Constitutional Officers, all departments controlled by the Board of County Commissioners, and outside state and local agencies submit their proposed budgets to the Office of Management and Budget for assistance, review and compilation. The County Administrator then reviews all the budgets of the County departments, state agencies and nonprofit organizations, and makes his budget recommendations to the Board of County Commissioners in July of each year. The Board then holds public workshops to review the tentative budget by fund on a departmental level.

During September, public hearings are held pursuant to Section 200.065, Florida Statutes, in order for the Board to receive public input on the tentative budget. At the end of the last public hearing, the Board enacts ordinances to legally adopt (at the fund level) the budgets for all governmental fund types. The budgets legally adopted by the Board set forth the anticipated revenues by source and the appropriations by function. Budgets for Enterprise and Internal Service funds are adopted on a basis consistent with generally accepted accounting principles. Management is authorized to transfer budgeted amounts between objects and departments in any fund as long as the total appropriations of a fund are not exceeded. Board approval to amend the budget is required when unanticipated revenues are received that management wishes to have appropriated, thereby increasing the total appropriations of a fund. Appropriations for the County lapse at the close of the fiscal year. Unexpended ongoing project costs may be appropriated in the new fiscal year through a budget amendment.

This Comprehensive Annual Financial Report includes the funds of the primary government (the Board of County Commissioners, the Clerk of the Circuit Court and Comptroller, the Property Appraiser, the Sheriff, the Supervisor of Elections and the Tax Collector), and the blended component units consisting of the Emergency Services District and the Solid Waste Disposal District.

These component units were included because generally accepted accounting principles require that organizations which are fiscally dependent on the County and that financially benefit from the relationship with the County be reported with the primary government (the County) as the reporting entity. This Comprehensive Annual Financial Report does not include the Indian River County School District, the Indian River County Mosquito Control District or the Cleveland Clinic Indian River Hospital.

Local Economy

Indian River County's estimated population of 158,834 was a 2.51% increase over the previous year. While the population of the County has been steadily increasing, so has the median age of residents living here. Indian River County is ranked seventh among Florida counties by percent of population ages 65 and older with 33.8%. Nationally, average ages have risen due to the increasing age of the baby boomer generation as well as the increase in life expectancy for all Americans. In addition, Florida continues to be a popular destination for retirees.

Historically, Indian River County's economy was made up of agriculture (citrus and cattle) and tourism. Those industries have now been complemented with an increase in health care and information technology firms, light manufacturing, wholesale and retail trade and service sector jobs. The top three major employers in Indian River County, providing 9.71% of total employed persons, are the School District, Cleveland Clinic Indian River Hospital and Indian River County Government. The unemployment rate has increased from 3.7% in 2019 to 5.9% in 2020.

Piper Aircraft, Inc., whose headquarters for aircraft research, development and manufacturing operations are located in Vero Beach, is the largest manufacturing employer in the area. CVS Pharmacy operates a distribution center, which provides the distribution of products to all CVS locations in the southern half of Florida. The Atlantic beaches and the Indian River, along with the comfortable climate, provide the basis for a year-round tourism

industry. Residents can enjoy these resources at any of the County parks, the Sebastian Inlet State Park or the Pelican Island National Wildlife Refuge.

While Indian River County was not immune to the economic effects of COVID-19, the County did experience some positive economic activity. Total property tax values increased from \$18.6 billion in 2019 to \$19.6 billion in 2020. The citrus industry saw an increase in production of 13.8% from 2.9 million boxes in 2019 to 3.3 million in 2020. As reported previously, the population increased by 2.51%.

Indian River County also experienced some adverse economic data. While property tax values increased, construction activity decreased with 7.30% less building permits for new construction issued in 2020 over 2019. Additionally, while citrus production increased, acreage dedicated to citrus production decreased by 5% from 15,708 acres in 2019 to 14,990 acres in 2020. Lastly, even though the population increased, as indicated above, unemployment increased as well.

This economic activity data for the County in fiscal year 2020 is further confirmation of the effects of the pandemic. Please see the Statistical Section schedules 6 and 17 for additional information.

Long Term Financial Planning and Major Initiatives

Chapter 163 Florida Statutes and Florida Administrative Code Rule 9J-5 requires each local government to have a Comprehensive Land Use Plan. An important part of this plan is the Capital Improvements Plan (CIP) which evaluates the need for public facilities in support of the Future Land Use Element, to estimate the costs of improvements for which local government has fiscal responsibility, to analyze the fiscal capacity of the local government to finance and construct improvements, and to adopt financial policies to guide the funding and construction of the improvements. The CIP is updated annually and encompasses a period of five years. Listed below are some major projects included in the current CIP along with the source of funding and estimated costs:

- ❖ 58th Avenue from North of 57th Street to 85th Street/CR 510 Full Depth Reclamation - The \$7.3 million project consists of reconstructing the roadway utilizing full depth reclamation, milling and resurfacing, widening the existing shoulders to 5 feet, structural asphalt, surface asphalt, drainage improvements, waterline directional bore, utility adjustments, intersection improvements and signalization at 69th Street, signing and pavement markings. Funding is provided by a Florida Department of Transportation (FDOT) Small County Outreach Program (SCOP) grant, gas taxes and optional sales tax.
- ❖ 45th Street Beautification Project Phase II - The improvements include enclosing the Sub-lateral H Canal by culverting certain portions of the canal on the south side of 45th Street, adding a 6-foot sidewalk and landscaping improvements. The \$3.0 million project will be funded with gas taxes.

- ❖ Courthouse Renovations - The ongoing \$1.9 million renovations include the construction of a new courtroom on the second floor of the courthouse and conversion of the first floor Law Library into new office space. The project will be funded from impact fees, court facilities surcharges and optional sales tax.
- ❖ State Road 60 (SR60) and 43rd Avenue Intersection Improvements - Through the County Incentive Grant Program (CIGP) with FDOT, improvements will be completed at the intersection of State Road 60 and 43rd Avenue. The project includes adding right turn lanes along SR60, 43rd Avenue reconstruction and widening from a 2-lane undivided to 4-lane divided roadway, mill and resurface existing pavement, add bike lanes, pedestrian sidewalks and upgrade existing curb ramps to meet ADA standards. The FDOT and County agreed to share equally the total estimated construction costs of \$16.1 million. Optional sales tax will provide funding.
- ❖ Countywide Meter Replacement Program - The County is currently replacing close to 37,000 manual read meters to Automatic Meter Reading (AMR) meters at a cost of approximately \$14.7 million. Funding is provided by the Utilities operating fund. Operating funds are generated from water and sewer sales.

Major projects or initiatives that were completed during fiscal year 2020 are listed below:

- ❖ Landfill Segment 3, Cell 2 Expansion, Segment 2 Partial Closure and Landfill Gas System Expansion - The \$13.4 million project consisted of the expansion of a 10.6 acre segment located immediately to the east of the existing Segment 3, Cell 1. The partial closure of Segment 2 (approximately 25 acres in size) includes closure of the Segment 1 infill vertical expansion area and final elevations of Segment 2. The current Segment 3, Cell 1 is approximately 50% full; therefore, the new Segment 3, Cell 2 was constructed to handle future capacity of the landfill from Indian River County residents as required by the Florida Department of Environmental Protection.
- ❖ Sector 5 Beach Restoration - The \$6.6 million Sector 5 project placed approximately 123,800 cubic yards of beach compatible sand within the project area. The 3.1 mile section of shoreline sustained damages from Hurricane Matthew (2016), Hurricane Irma (2017) and Hurricane Dorian (2019).
- ❖ Premier Citrus Property - The 243.5 acre parcel located east of Interstate 95 was purchased due to increased growth within the County. The \$6.0 million parcel will assist with the need for additional sites to dispose of reclaimed water, as well as the possibility of creating a western corridor park and projects affiliated with the Indian River Lagoon Initiative.
- ❖ 1200 37th Street Right-of-Way - This \$1.6 million 2.2 acre parcel will be utilized for right-of-way and stormwater treatment purposes for the future extension of 11th Drive from 37th Street to 41st Street.

- ❖ Vero Lake Estates Paving from 101st Avenue to 96th Avenue - Construction of the paved roadway was completed at a cost of \$0.7 million.
- ❖ Old Dixie Highway and Highland Drive Intersection Improvements - The \$0.4 million project included milling and resurfacing, striping, overhead signal beacon system design, roadside swale grading, culverts, drainage, sidewalk and pedestrian ramp upgrades within the County right-of-way.

Relevant Financial Policies

In accordance with Section 218.415, Florida Statutes, the County adopted an investment policy, which guides the investment of County surplus funds. This policy establishes investment objectives, maturity and liquidity requirements, portfolio composition, risk and diversification requirements, and authorized investments. The primary objectives of investment activities are to preserve capital and maintain sufficient liquidity to meet anticipated cash flow needs. The secondary objective is to obtain competitive returns on the investment of County surplus funds.

On September 23, 2008, the County established the OPEB (Other Postemployment Benefits) Trust. An OPEB investment policy was approved by the Board of County Commissioners in February 2009. The objective of the policy was to provide short-term and long-term investment guidelines. This policy also outlines the same criteria as noted in the County's investment policy, as well as including performance measures. The County's policy is to fund the annual OPEB obligation monthly.

The County's goal is to maintain an overall fund balance equal to 30% of the annual budget in all of its taxing funds, which provides a three month cushion for operating expenses. The three month reserve is necessary due to the timing of property tax levies in the State of Florida. Although the fiscal year begins in October, property tax monies are not typically received until mid to late December, which would require the County to operate in a deficit position for the first two months of the fiscal year without this reserve. Reserve funds are needed in order to allow the County to respond to events without facing serious financial burdens. County policy is to maintain fund balance levels and prohibit the use of fund balance to fund recurring expenditures. Information on the County's fund balance policy can be found in County Note 16.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Indian River County for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2019. This was the 37th consecutive year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Indian River County also received the GFOA's Award for Outstanding Achievement in Popular Annual Financial Reporting for the fiscal year ended September 30, 2019. This was the fifth consecutive year the County has received this award. In addition, Indian River County also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the 2019-2020 fiscal year. This was the 29th consecutive year that the County has received this prestigious award. In order to qualify for the Distinguished Budget Presentation Award, the County's budget document had to be judged proficient as a policy document, financial plan, operations guide, and communications device.

INDEPENDENT AUDITORS' REPORT

March 10, 2021

The Honorable Board of County Commissioners
and Constitutional Officers
Indian River County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of **Indian River County, Florida** (the "County"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of governmental activities, business-type activities, each major fund and the aggregate remaining fund information of ***Indian River County, Florida*** as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund and each major special revenue fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules for the pension and other postemployment benefit plans, as listed in the table of contents, be presented by management to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules, and introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 10, 2021, on our consideration of **Indian River County, Florida's** internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis
For the Year Ended September 30, 2020

We offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2020. We encourage readers to consider the information presented here, in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-viii of this report.

FINANCIAL HIGHLIGHTS

- The County's overall financial position improved over 2019.
- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows by \$1,059.1 million (net position). Of this amount, \$63.7 million (unrestricted net position) may be used to meet the government's ongoing obligations to its citizens and creditors. Further information can be found on page 8.
- The government's total net position increased by \$33.6 million or 3.3%. Governmental activities accounted for \$31.8 million of this increase and business-type activities accounted for the remaining \$1.8 million. Further information can be found on page 10.
- Governmental activities expenses reflected a 5.9% increase (\$201.4 million in 2019 to \$213.3 million in 2020) and business-type activities expenses reflected a 1.2% decrease (\$67.3 million in 2019 to \$66.5 million in 2020). Further information can be found on page 10.
- Unassigned fund balance for the general fund was \$56.3 million, or an 6.6% increase from the prior year general fund unassigned fund balance of \$52.8 million.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are composed of three elements: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon

Indian River County, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2020

as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected grant revenue and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, culture and recreation, and court related functions. The major business-type activities include a water and sewer utility, a solid waste disposal district, a golf course, and a building department.

The government-wide financial statements include not only the Board of County Commissioners (BCC), but also the Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector. The government-wide financial statements can be found on pages 21-23 of this report.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Indian River County, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2020

The County maintains numerous individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the general fund, special revenue funds, and capital projects fund. All are considered to be major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation.

Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements located behind the notes to the financial statements. The combining statements for the nonmajor governmental funds can be found on pages 119-166 of this report.

The County adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 24-35 of this report.

Proprietary funds. The County maintains *two* different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its water and sewer utility, solid waste disposal district, golf course, and building department. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for fleet management, self-insurance, and information technology. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer utility, solid waste disposal district, golf course, and building department, which are considered to be major funds of the County. Conversely, internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements behind the notes to the financial statements on pages 167-171 of this report. The basic proprietary fund financial statements can be found on pages 37-43 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The Indian River County OPEB Trust holds the assets of the County's other postemployment benefits. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 44-45 of this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 47-112 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also contains required supplementary information concerning Indian River County's progress in funding its obligations to provide other postemployment benefits to its employees, as well as information regarding the County's proportionate share of its pension liability. Required supplementary information can be found on pages 113-118 of this report.

Government-wide financial analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$1,059.1 million at the close of the fiscal year.

Governmental Activities

In governmental activities, the increase in restricted net position was mainly due to an increase in net position restricted for capital projects and public safety. The increase in capital projects restricted net position was mainly caused by lower than expected expenditures for projects to be completed in future fiscal years. The increase in public safety restricted net position is due to increased property tax revenue for emergency services and increased public-safety related impact fees. The increase in net investment in capital assets was a result of completed construction projects and decreased outstanding debt. The decrease in unrestricted net position was due to an increase in the net pension liability.

Business-type Activities

In business-type activities, the increase in invested in capital assets was due to an increase in capital purchases and decreasing outstanding debt. The increase in invested in capital assets, along with the increase in the net pension liability, contributed to the decrease in unrestricted net position.

By far, the largest portion of the County's net position (77% or \$813.5 million) reflects its investment in capital assets (e.g., land, buildings, infrastructure, intangibles, machinery, and equipment), less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported as net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

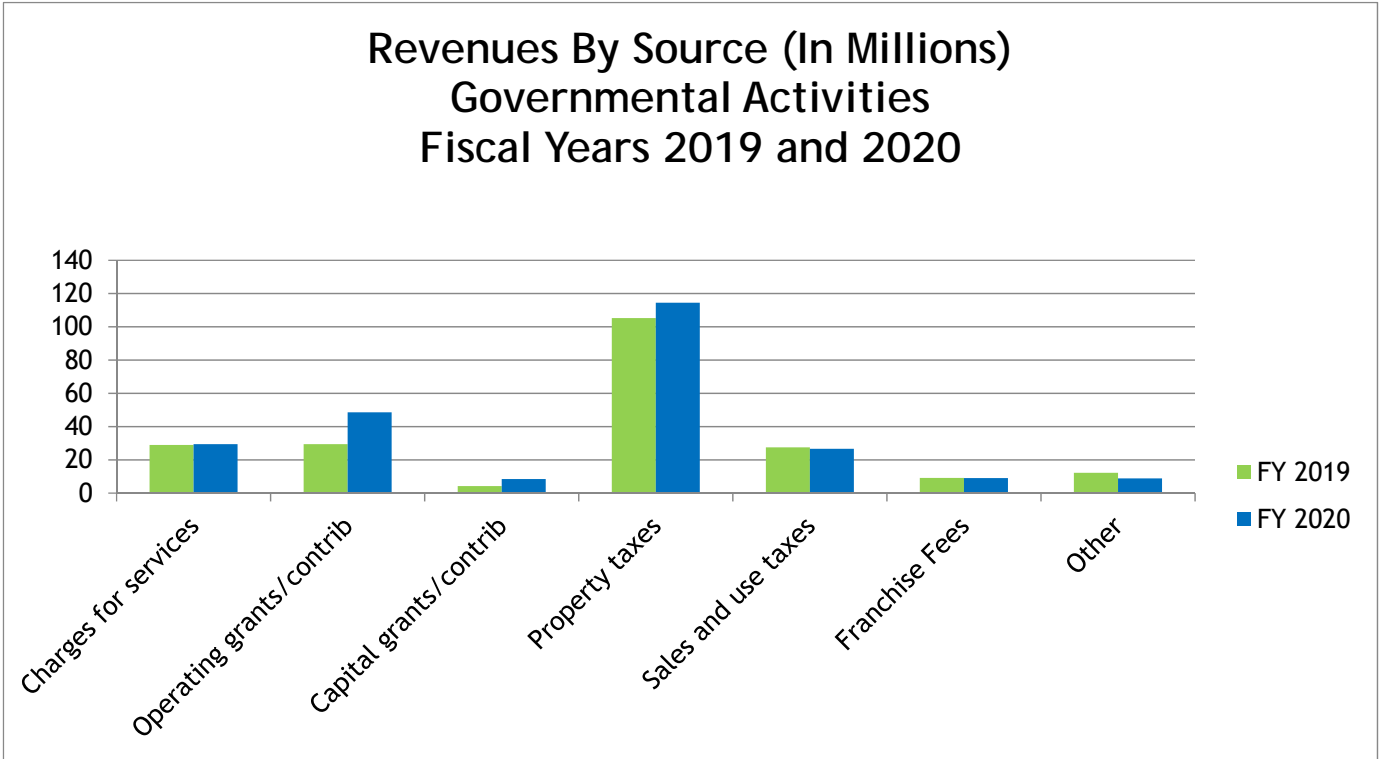

A portion of the County's net position (17% or \$181.9 million) represents resources that are subject to external restrictions on how they may be used. The remaining balance of the unrestricted net position (6% or \$63.7 million) may be used to meet the government's ongoing obligations to its citizens and creditors.

Governmental Activities

- Overall program revenues increased \$23.9 million due to increases in operating and capital grants and contributions, mainly from the CARES Act funding provided to local governments.
- Overall general revenues increased by \$4.8 million due to higher property tax collections as a result of increased property tax values and increased millage rates for the General and M.S.T.U. funds (increase of \$9.2 million or 8.7%) which was offset by a \$3.4 million decrease in other revenues (\$3.3 million was in interest earnings) and a \$0.9 million decrease in sales taxes. These decreases were the result of declining economic conditions caused by the coronavirus pandemic.

 Management's Discussion and Analysis
 For the Year Ended September 30, 2020

- The governmental activities expenses were \$11.9 million higher in 2020 than in 2019. This was mainly due to increases in public safety salaries and benefits and increases in human services-related expenditures to provide coronavirus relief to community agencies.

Business-type Activities

Business-type activities net position increased by \$1.8 million. Key elements of this increase are as follows:

- Overall program revenues decreased \$4.5 million. This was mainly due to a \$6.0 million decrease in capital grants and contributions resulting from decreased developer capital asset contributions. Charges for services increased \$1.2 million
- Other revenues decreased \$1.8 million due to decreased interest earnings.

Indian River County, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2020

- Overall expenses were \$0.8 million or 1% higher in 2020 than in 2019. The water and sewer utilities expenses were \$2.3 million or about 5% lower in 2020 than in 2019 due a decrease in the write-off of outstanding balances under an amnesty program, the majority of which occurred in 2019. The solid waste expenses were \$1.7 million or 7% higher in 2020 than in 2019 due to landfill expansion-related costs. The golf course had \$0.1 million or less than 1% lower expenses in 2020 than in 2019. The building department had \$0.5 million or 9% higher expenses in 2020 than in 2019 due to increases in personnel and contracted labor services required to meet service level needs of developers and builders.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental funds

Unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year. Of the total fund balance, 23% (\$56.0 million) constitutes unassigned fund balance, which is available for spending at the County's discretion.

The remainder of fund balance is presented in classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The County had fund balances in 1) a nonspendable category for inventories, prepaid items, and advances to other funds (\$1.0 million), 2) a restricted category for resources that are either restricted externally by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation (\$170.6 million), 3) a committed category for constraints imposed by approval of ordinances and contracts by the Board of County Commissioners (\$2.3 million), and 4) an assigned category for constraints by the County's intent to use for specific purposes (\$9.5 million).

The two largest restricted amounts are in the Impact Fees Fund with a \$28.7 million restricted fund balance and the Optional Sales Tax Fund with a \$90.8 million restricted fund balance. Thirty-seven percent of the Impact Fees Fund (\$10.6 million) and thirty-six percent (\$32.4 million) of the Optional Sales Tax Fund is slated for major road expansions throughout the County in fiscal year 2021. The Optional Sales Tax Fund is a principal funding source in the five year Transportation Capital Improvement Program.

The County's governmental funds reported a combined fund balance of \$239.4 million, which is an increase of \$7.0 million over the prior year of \$232.4 million. Contributing factors to the \$7.0 million increase in fund balance are:

- Fund balance in the General Fund increased by \$3.4 million. This was due to increased tax revenues.

Indian River County, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2020

- Fund balance in the Impact Fees Fund increased by \$4.9 million due to decreased expenditures for capital projects slated for future fiscal years.
- Fund balance in the Transportation Fund increased by \$0.8 million due to operating expenditures being lower than anticipated.
- Fund balance in the Emergency Services District Fund increased by \$5.0 million mainly due to an increase in tax revenues because of increasing home values and reimbursements from CARES Act funding.
- Fund balance in the Beach Restoration Fund decreased by \$5.9 million due to expenditures for the Sector 5 beach renourishment project.
- Fund balance in the Optional Sales Tax Fund increased by \$3.2 million due to decreased expenditures for capital projects slated for future fiscal years.

Proprietary funds

Unrestricted net position (deficit) at the end of the year amounted to \$17.2 million in the Solid Waste Disposal District (SWDD) Fund, (\$0.1) million in the Golf Course Fund, \$77.6 million in the County Utilities Fund, and \$4.5 million in the County Building Fund. Other factors concerning the finances of these funds have already been addressed in the discussion of the County's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year there was a \$17.8 million increase in operating appropriations between the original and final amended budget. The main components of the increase are as follows:

- \$13.8 million grants appropriations and prior year rollovers for the Senior Resource Association (SRA) to provide County-wide public transportation
- \$2.7 million for capital improvements
- \$0.7 million for Virgin Trains legal and professional services

Actual expenditures were \$17.6 million lower than anticipated for the following reasons:

- \$11.9 million in SRA grant costs not yet expended
- \$1.5 million in expenditures previously budgeted in the general fund that were ultimately paid from the CARES Act fund.
- \$1.0 million in unspent professional and other contractual services
- \$0.9 million in unspent salary and benefits expenditures
- \$0.4 million in unspent Virgin Trains legal and professional services

- An increase in equipment due to the purchases of emergency services and road and bridge maintenance equipment.
- An increase in construction-in-progress due to the near completion of the Sector 5 beach renourishment project, improvements at the Jones Pier conservation area, and improvements at the Jackie Robinson Training Center.

Governmental activities only major decreases occurred in buildings and improvements and infrastructure as a result of increasing depreciation on existing assets.

Business-type activities major increases were in land due to a Utilities fund land purchase and construction in progress due to the countywide water meter replacement project and several other water and sewer projects.

Business-type activities only major decrease occurred in buildings and improvements as a result of increasing depreciation on existing assets.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

COVID-19 has had a significant impact on the proposed budget. The County has incurred additional expenses to respond to this public health crisis. Additionally, it has caused a significant reduction in various revenues that the County depends upon to fund the provision of services to the community. County staff has constructed the budget based upon conservative revenue estimates, per our normal practice. However, there is much more uncertainty in future projections due to many unknowns about COVID-19 and its potential impact on the economy going forward. The County has received a CARES Act allocation that may be used to fund some of the additional expenses necessitated by COVID-19. Staff continues to develop the CARES Act funding plan and will adjust the budget as appropriate as details are finalized.

For FY 2020/2021 the tax roll is increasing 5.33% countywide, which provides an additional \$5.9 million. However, due to COVID-19, this increase is offset by losses in other revenues, such as sales tax, state revenue sharing, gas tax, tourist taxes and other revenues, which are expected to decrease by \$5.5 million collectively. Unfortunately, the County's CARES Act allocation cannot be used to supplant revenue losses and therefore, the burden of these lost revenues is realized in the reduction of expenditures or the dependence on other revenue sources to balance the budget.

The County continues to focus on catching up on deferred maintenance and capital item replacement in the proposed budget. Funding for these items was drastically reduced to absorb the funding reduction during the previous economic downturn. While a concerted effort has been made to catch up on these items over the last several years, a substantial amount of work remains. The approved budget, which is the second year into the original five-year plan, includes \$8,681,900 in funding for these projects. Although challenging to fund given the current reduction in major revenues, staff continues to prioritize these projects.

The approved budget for FY 2020/2021 is \$393,534,815, a decrease of \$36,964,116 or 8.59% from the prior year. The largest individual expense in the budget is Personnel Services. In total, there is a decrease 0.95 net full-time (FT) positions for FY 2020/2021; BCC departments are decreasing one FT position, while Constitutional Officers reflect a net increase of 0.05 FT positions.

There are changes in the millage rates for fiscal year 2020/2021. Overall, the countywide millage rate is decreasing by 6.75%; this is reflective of the General Fund millage rate remaining the same, combined with the elimination of the Land Acquisition Bond millage of 0.2568 mills.

The M.S.T.U. Fund millage rate remains unchanged at 1.1506, while the Emergency Services District millage is at 2.3531 mills, which is a 0.0124 or 0.52% decrease.

Within the Solid Waste Fund, residential assessment rates are increasing by \$3.47 or 2.87% to \$124.37 per Equivalent Residential Unit. Commercial rates are increasing by \$2.29 or 5.45% to \$44.29 per Waste Generation Unit (W.G.U). The readiness-to-use fee is \$27.42 per W.G.U., an increase of \$2.73 or 11.06% from last fiscal year.

Indian River County, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2020

As recommended in the Comprehensive Water, Wastewater, and Reclaimed Water Rate Study, an annual CPI adjustment of 1.5% was included for FY 2020/2021 in the Utilities Fund. In addition, four Streetlighting District assessments are decreasing as a result of Florida Power & Light's lower electric rates when compared to those of the City of Vero Beach. The Oceanside Street Paving M.S.B.U. assessment of \$415 per lot is scheduled to sunset in FY 2020/2021, as the five-year implementation is now complete.

Indian River County, Florida
Reconciliation of Total Governmental Fund Balances
to Net Position of Governmental Activities
September 30, 2020

Total governmental fund balances	\$ 239,406,068
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	594,610,308
Long-term liabilities, including bonds payable (\$3,784,945), accrued compensated absences (\$14,136,244) capital leases (\$12,133), accrued interest payable (\$440), and accrued pollution remediation costs (\$1,610,000), are not due and payable in the current period and, therefore, not reported in the funds.	(19,543,762)
On the governmental fund statements, a net pension or OPEB plan liability is not recorded until an amount is due and payable and the plan's fiduciary net position is not sufficient for payment of those benefits. On the statement of net position, the County's proportionate share of the net pension liability (\$167,249,452) of the cost-sharing defined benefit pension plans in which the County participates is reported. The County's net OPEB liability (\$1,241,122) of the single employer defined benefit plan is also reported on the statement of net position. Additionally, deferred outflows (\$48,089,138) and deferred inflows (\$2,547,541) related to pensions and deferred outflows (\$4,460,600) and deferred inflows (\$9,343,207) related to OPEB are also reported.	(127,831,584)
Special assessments, ambulance services, and state and federal grant receivables, are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.	27,511,246
Accrued interest receivable is not recognized in the current period because the resources are not available and, therefore, not reported in the funds.	154,815
Internal service funds are used by management to charge the costs of certain activities, such as insurance, fleet, and information technology services, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	<u>24,217,874</u>
Net position of governmental activities	<u>\$ 738,524,965</u>

**Indian River County, Florida
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended September 30, 2020**

Net change in fund balances - total governmental funds	\$	7,046,358
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Expenditures for capital assets	38,606,865	
Less current year adjustments to capital assets	(132,312)	
Less current year loss on assets	(133,616)	
Less current year depreciation	<u>(22,909,661)</u>	15,431,276
Payments of bond and note principal, pollution remediation, and capital lease costs are expenditures in the governmental funds, but the payment reduces long-term liabilities in the statement of net position.		
Bond principal payment	290,000	
Note principal payment	7,268,000	
Capital lease	3,314	
Pollution remediation costs	<u>5,300</u>	7,566,614
Changes in accrued compensated absences do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
		(1,676,053)
Governmental funds report interest expenditures based on when they are paid. The statement of activities reports these expenses as they are incurred. This is the net number of the prior year and current year accrual.		
Deferred charge on refunding amortization expense	(170,872)	
Accrued capital lease interest expense	<u>278</u>	(170,594)
Governmental funds report contributions in defined benefit pension plans as expenditures. However, in the statement of activities, the amount contributed to defined benefit pension plans reduces future net pension liabilities and is reported as part of deferred outflows of resources.		
		3,313,177
In the statement of activities, pension expense is recorded for the County's proportionate share of collective pension expense of the cost-sharing defined benefit plans in which the County participates. Also included in the statement of activities is the County's OPEB expense for the single employer defined benefit plan.		
		(23,000,231)
Internal service funds are used by management to charge the costs of insurance, fleet and information technology services to individual funds. The net costs of the internal service funds are reported in governmental activities.		
		2,605,937
Governmental funds report non-exchange transactions when the applicable eligibility requirements have been met and resources are available. However, in the statement of activities, non-exchange transactions are recognized when the eligibility requirements are met. This is the net number of the prior year and current year accrual.		
		20,773,173
Some interest revenues reported in the statement of activities do not provide current financial resources, therefore, are not reported as revenues in governmental funds. This is the net number of the prior year and current year accrual.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Indian River County, Florida, (the “County”) is a political subdivision of the State pursuant to Article VIII, Section 1(a) of the Constitution of the State of Florida. Created on June 29, 1925 by an act of Legislature, separating it from St. Lucie County. The County encompasses approximately 497 square miles of land with an estimated population of 158,834. The County is governed by the Board of County Commissioners and five elected constitutional officers (Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector) in accordance with state statutes and regulations. The constitutional officers maintain separate accounting records and budgets from the Board of County Commissioners. The Constitution of the State of Florida, Article VIII, Section 1(d) created the constitutional officers and Article VIII, Section 1(e), created the Board of County Commissioners.

The financial statements of the County have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

A. Reporting Entity

The concept underlying the definition of the reporting entity is that elected officials are accountable to their constituents for their actions. The reporting entity’s financial statements should allow users to distinguish between the primary government (the County) and its component units. However, some component units, because of the closeness of their relationships with the County, should be blended as though they are part of the County. As required by generally accepted accounting principles, the financial reporting entity consists of: (1) the primary government (the County), (2) organizations for which the County is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. The County is financially accountable if it appoints a voting majority of the organization’s governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

A. Reporting Entity - Continued

The County may be financially accountable if an organization is fiscally dependent on the County regardless of whether the organization has (a) a separately elected governing board, (b) a governing board appointed by a higher level of government, or (c) a jointly appointed board. Based on these criteria, management determined that the Solid Waste Disposal District and the Emergency Services District were the only organizations that should be included in the County's financial statements as blended component units.

Blended Component Units

Solid Waste Disposal District (SWDD) - Created pursuant to County Ordinance 87-67, the Board of County Commissioners serves as the governing body for and has operational responsibility over the SWDD. The Board also sets the non ad valorem assessment fees for the SWDD. Although legally separate, the SWDD is appropriately blended as a proprietary fund type (enterprise) component unit into the primary government.

Emergency Services District (EMS) - Created pursuant to County Ordinance 90-25, the Board of County Commissioners serves as the governing body for and has operational responsibility over the EMS. The Board also sets the millage rate for the EMS. Although legally separate, the EMS is appropriately blended as a governmental fund type (special revenue) component unit into the primary government.

B. Measurement Focus and Basis of Accounting

The basic financial statements of the County are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

1. Government-wide Financial Statements

Government-wide financial statements display information about the reporting government as a whole, except for its fiduciary activities. These statements include separate columns for the governmental and business-type activities of the primary government (including its blended component units). Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B. Measurement Focus and Basis of Accounting - Continued

1. Government-wide Financial Statements - Continued

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, deferred outflows/inflows of resources, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement 33 - *Accounting and Financial Reporting for Nonexchange Transactions*.

Program revenues include charges for services, special assessments, and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net expense of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Issuance of long-term debt is recorded as a liability in the government-wide financial statements, rather than as an other financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The County chooses to eliminate the indirect costs between governmental activities to avoid a "doubling up" effect. However, interfund services provided and used, such as the sale of gas and diesel from Fleet Management to the government, are not eliminated in the statement of activities.

2. Fund Financial Statements

The underlying accounting system of the County is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

2. Fund Financial Statements - Continued

Fund financial statements for the primary government's governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements display information about major funds individually and nonmajor funds in the aggregate for governmental and enterprise funds.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 45 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Franchise fees, sales taxes, gas taxes, operating and capital grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when the County receives cash.

Under the current financial resources measurement focus, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources". Governmental funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net fund balance. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Non-current portions of special assessments due to governmental funds are reported on their balance sheets in spite of their spending measurement focus. Non-current portions of special assessment receivables are offset by deferred inflows of resources.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect fund balances, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

B. Measurement Focus and Basis of Accounting - Continued

2. Fund Financial Statements - Continued

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The issuance of long-term debt is recorded as an other financing source rather than as a fund liability. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary Funds

The County's enterprise funds and internal service funds are proprietary funds. In the fund financial statements, proprietary funds are presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, proprietary funds are presented using the economic resources measurement focus. This means that all assets, deferred outflows of resources, liabilities and deferred inflows of resources (whether current or non-current) associated with their activity are included on their balance sheets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Proprietary fund operating revenues, such as charges for services and premiums charged to the County and employees under various insurance programs, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, taxes, and investment earnings result from nonexchange transactions or ancillary activities. Principal operating expenses include salary and benefits, cost of sales and services, claims, and insurance premiums. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as expenditures. Issuance of long-term debt is recorded as a liability in the fund financial statements, rather than as an other financing source. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as an expense.

Fiduciary Funds

The fiduciary funds financial statements include financial information for the agency fund and the other postemployment benefit trust fund. The agency fund of the County primarily represents assets held by the County in a custodial capacity for other individuals or governments. The other postemployment benefits trust fund (OPEB Trust) accounts for activities of the OPEB Trust, which accumulates resources for health insurance benefit payments for current retirees and for current employees upon their retirement. The agency and OPEB Trust fund statements are presented using the accrual basis of accounting.

C. Basis of Presentation

GASB Statement 34, *Basic Financial Statements - and Management's Discussion and Analysis - For State and Local Governments* sets forth minimum criteria (percentage of the assets, liabilities, deferred outflows/inflows of resources, revenues or expenditures/expenses of either fund category and the governmental and enterprise combined) for the determination of major funds. The County has used GASB 34 minimum criteria for major fund determination and has also electively disclosed funds that either had debt outstanding or specific community focus as major funds. The nonmajor funds are combined in a column in the fund financial statements and detailed in the combining section.

1. Governmental Major Funds

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources, except those accounted for and reported in another fund.

Impact Fees Fund - The Impact Fees Fund accounts for the receipt of various impact fees. Funds are used for the construction of roads and bridges, correctional, public safety, library, park, public building, and solid waste facilities. Funds are also used for administrative expenditures of monitoring the aforementioned activities.

Transportation Fund - The Transportation Fund accounts for expenditures incurred for the maintenance and repair of County roads. Financing is provided by the 5th and 6th cent gas taxes, county gas tax and transfers from the General Fund.

1. Governmental Major Funds - Continued

Emergency Services District Fund - The Emergency Services District Fund accounts for the expenditures of providing fire protection and advanced life support to the County. Financing is provided by ad valorem taxes.

Beach Restoration Fund - The Beach Restoration Fund accounts for the expenditures of funds to preserve and improve County beaches. Funds are provided by grant funding and the levy of a local tourist development tax.

Optional Sales Tax Fund - The Optional Sales Tax Fund, a capital projects fund, accounts for revenues generated by the local option one-cent sales tax and some capital grants that use the local option one-cent sales tax as matching funds.

2. Proprietary Major Funds

Solid Waste Disposal District Fund - The Solid Waste Disposal District Fund accounts for the revenues, expenses, assets and liabilities associated with the County landfill.

Golf Course Fund - The Golf Course Fund accounts for the revenues, expenses, assets and liabilities associated with the Golf Course.

County Utilities Fund - The County Utilities Fund accounts for the revenues, expenses, assets and liabilities associated with the County water and sewer system.

County Building Fund - The County Building Fund accounts for revenues, expenses, assets and liabilities associated with the County building permit and inspection program.

3. Other Fund Types

Internal Service Funds - Internal Service Funds account for Fleet Management, Self Insurance and Information Technology services provided to other departments of the County on a cost reimbursement basis.

Agency Fund - The Agency Fund is used to account for assets held in a custodial capacity by the County for other governmental units, other funds, individuals and businesses. Examples include payroll deductions, self insurance premiums, and developer escrow funds.

Other Postemployment Benefits Trust Fund - The Other Postemployment Benefits Trust Fund (OPEB Trust) accounts for activities of the OPEB Trust, which accumulates resources for health insurance benefit payments for current retirees and for current employees upon their retirement. Contributions are recorded when earned and benefit payments and refunds when incurred within each year.

4. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as general obligation bonds and capital leases, be reported in the governmental activities column in the government-wide Statement of Net Position.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances

1. Cash and Investments

Cash reported on the financial statements includes bank deposits, cash on hand, certificates of deposit, money market accounts, and all highly liquid investments with maturities of ninety days or less when purchased. Investments consist of U.S. Treasury Securities, U.S. Government Agency Securities, Florida PRIME Fund (formerly known as the Local Government Surplus Funds Trust Fund Investment (SBA) Fund A), the Florida Trust Day to Day Fund (Florida Trust), and the Florida Cooperative Liquid Assets Securities System (FLCLASS). Investments are reported at market value based upon the custodian bank's valuation. The FLCLASS and Florida Trust values are presented at Net Asset Value (NAV), which reflects fair value. The Florida PRIME is valued at amortized cost. Refer to Note 3C, Investments, for further information on individual investments.

The County maintains a cash and investment pool that is available for use by all funds. Earnings from the pooled investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pool is managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts. Therefore, all balances representing participants' equity in the investment pools are classified as cash and investments for financial statement purposes.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances - Continued

1. Cash and Investments - Continued

In addition, longer-term investments are held by several of the County's funds and are reported as restricted cash on these statements. Cash and investments of the constitutional officers are maintained in separate accounts, but have been combined with the Board's cash and investments for financial statement purposes. When restricted and unrestricted resources are available, expenses are paid first from restricted resources.

2. Allowance for Doubtful Accounts

The County provides an allowance for water and sewer and ambulance services accounts receivables that may become uncollectible. At September 30, 2020, the allowance for water and sewer services was \$424,493 and the allowance for ambulance services was \$114,932. No other allowances for doubtful accounts are maintained since other accounts receivable are considered collectible as reported at September 30, 2020.

3. Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." All receivables are shown net of allowance for doubtful accounts. Water and sewer receivables in excess of 120 days and ambulance services receivables in excess of 180 days for self-pay accounts and 365 days for commercial insurance accounts comprise the trade accounts receivable allowance for doubtful accounts.

4. Inventories

Inventories are valued at cost, which approximates market, using the "first-in, first-out" method of accounting, with the exception of the Golf Course and Fleet Internal Service Fund's inventories, which are valued using the average cost method of accounting. Inventories of all funds are recorded as expenditures (expenses) when consumed rather than when purchased.

5. Prepays and Other Assets

Prepaid items in the governmental funds represent prepayments for services that will be used in future periods. The County's policy is to record the expenditure for the services when they are used rather than when the cash is disbursed.

6. Restricted Net Position

Certain resources of the County are classified as restricted net position on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position. Further information on the restrictions can be found in Note 17.

7. Capital Assets

Capital assets, which include property, plant, equipment, infrastructure (e.g., roads, bridges, right-of-ways, water and sewer distribution systems, beach restoration, stormwater systems and similar items), and intangible assets (e.g. software, easements, and rights), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of \$1,000 or more and an estimated useful life in excess of one year. Except for roads and bridges constructed prior to October 1, 1981, assets are recorded at historical cost. Roads and bridges constructed prior to October 1, 1981 are reported at estimated historical cost. Donated capital assets, donated works of art, historical treasures and similar assets, as well as capital assets that are received in a service concession arrangement are reported at original acquisition value. Transfers of capital assets within the County are recorded at their carrying value at the time of the transfer.

The costs of normal maintenance and repairs that do not add to the value of the asset nor materially extend its useful life are not capitalized.

7. Capital Assets - Continued

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

The Board holds legal title to the capital assets used in the operations of the Board, Clerk of the Circuit Court and Comptroller, Property Appraiser, Supervisor of Elections and Tax Collector, and is accountable for them under Florida Law.

The Sheriff is accountable for and thus maintains capital asset records pertaining only to equipment used in his operations. These assets have been combined with the Board's governmental activities capital assets in the statement of net position.

Property, plant, equipment, intangible, and infrastructure assets of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Building and improvements	10 - 50

9. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County reports the deferred charge on refundings in the amount of \$239,957 in this category on the government-wide Statement of Net Position. A deferred charge on refundings results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has one item, unavailable revenue, which arises under the modified accrual basis of accounting and is reported on the governmental funds balance sheet in the total amount of \$27,666,061. The sources of the unavailable revenue are a special assessment on road paving, ambulance service billings, state and federal grants, and investment interest. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

In addition to the above two deferred items, there are deferred outflows and inflows items related to pensions as calculated in accordance with GASB Statement 68, *Accounting and Financial Reporting for Pensions*. These deferred outflows and inflows will be recognized as adjustments to pension expense in future reporting years. Also, there are deferred outflows and inflows items related to OPEB as calculated in accordance with GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

Detail on the composition of the deferred inflows and outflows related to pensions and OPEB are further discussed in Notes 13 and 14.

10. Pensions/Net Pension Liability

The County participates in both the Florida Retirement System (FRS), which operates a defined benefit and compensation plan, and the Health Insurance Subsidy Program (HIS Program), which is a defined benefit plan. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, pension expense, and fiduciary net position are determined on the same basis as the FRS. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The net pension liability represents the County's proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees. The benefit payments are attributable to those employees past periods of service, less the amount of the cost-sharing pension plans' fiduciary net position. See Note 13 for additional information.

11. Net Other Postemployment Benefits (OPEB) Liability

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the County's Retiree Benefits Plan and additions to/deductions from the County's fiduciary net position have been determined on the same basis as they are reported by the County. For this purpose, the County recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments that have a maturity at the time of the purchase of one year or less, which are reported at cost.

12. Unearned Revenues

Unearned revenues represent revenues, which are available but unearned. At September 30, 2020, the total amount of unearned revenues reported on the statement of net position for the governmental activities is \$2,436,402 and for the business-type activities is \$1,435,277.

13. Accrued Compensated Absences

The County accrues accumulated unpaid vacation and sick leave when earned by the employee. The current portion is the amount estimated to be used in the following year. The non-current portion is the amount estimated to be used in subsequent fiscal years. Both the current and non-current estimated accrued compensated absences amounts for governmental funds are maintained separately and represent a reconciling item between the fund and government-wide presentations.

14. Obligation for Bond Arbitrage Rebate

Pursuant to Section 148(f) of the U. S. Internal Revenue Code, the County must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. The County uses the “revenue reduction” approach in accounting for rebatable arbitrage. This approach treats excess earnings as a reduction of revenue. The County has no arbitrage liability outstanding as of September 30, 2020.

15. Landfill Closure Costs

Under the terms of current state and federal regulations, the Solid Waste Disposal District (SWDD) is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The SWDD recognizes these costs of closure and post-closure maintenance over the active life of each landfill area, based on landfill capacity used during the period. Required obligations for closure and post-closure costs are recognized in the Solid Waste Disposal District Enterprise Fund.

16. Unamortized Bond Discounts and Premiums

Bond discounts and premiums associated with the issuance of proprietary fund revenue bonds are amortized according to the straight-line method over the remaining life of the bonds. For financial reporting, unamortized bond discounts and premiums are netted against the applicable long-term debt.

17. Capital Contributions

The capital contributions accounted for in the proprietary fund types represent contributions from other funds, developers, state and federal grant programs, and impact fees charged to new customers for their anticipated burden on the existing system. The contributions amount is reported after non-operating revenues and expenses on the Statement of Revenues, Expenses, and Changes in Fund Net Position in accordance with GASB Statement 33. Capital contributions for the governmental funds are reported on the Statement of Activities in accordance with GASB Statement 34 and represent contributions of capital assets from developers and state agencies.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgets and Budgetary Accounting

The County uses the following procedures in establishing the budgetary data reflected in the financial statements:

- (1) The constitutional officers submit, at various times, to the Board and to certain divisions within the Florida Department of Revenue and the Florida Clerks of Court Operations Corporation, a proposed operating budget for the following fiscal year. The operating budget includes proposed expenditures and the means of financing them, as set forth in Chapter 129 of the Florida Statutes.
- (2) The Department of Revenue, State of Florida, has the final authority on the operating budgets for the Tax Collector and the Property Appraiser included in the General Fund.
- (3) Constitutional officers, all departments controlled by the Board, and outside state and local agencies submit their proposed budgets to the Office of Management and Budget for assistance, review and compilation. The County Administrator then reviews all County departments, state agencies and nonprofit organization's budgets and makes his budget recommendation to the Board.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY - Continued

Budgets and Budgetary Accounting - Continued

(4) On or before July 15 of each year, the County Administrator and the Director of the Office of Management and Budget, as the Board's designated budget officer, submit to the Board a tentative budget for the ensuing fiscal year. The tentative budget includes proposed expenditures and the means of financing them. The Board then holds workshops to review the tentative budget by fund on a departmental level.

(5) During September, public hearings are held pursuant to Section 200.065 of the Florida Statutes in order for the Board to receive public input on the tentative budget. At the end of the last public hearing, the Board enacts ordinances to legally adopt the budgets at the fund level. The budgets legally adopted by the Board set forth the anticipated revenues by source and the appropriations by function.

(6) Formal budgetary integration on an object level is used as a management control device for the governmental and proprietary funds of the County. Management is authorized to transfer budgeted amounts between objects and departments in any fund as long as management does not exceed the total appropriations of a fund. Board approval to amend the budget is only required when unanticipated revenues are received that management wishes to have appropriated, thereby increasing the total appropriations of a fund.

(7) Budgets for the governmental and proprietary fund types are adopted on a basis consistent with generally accepted accounting principles.

(8) Appropriations for the County lapse at the close of the fiscal year. Unexpected ongoing project costs may be appropriated in the new fiscal year through a budget amendment.

NOTE 3 - CASH AND INVESTMENTS

The County maintains a cash and investment pool that is available for use by all funds except those whose cash and investments must be segregated due to bond covenants or other legal restrictions. The following table reconciles the caption totals on the Statements of Net Position with the amounts discussed in the footnotes below.

Cash and investments - Statement of Net Position:

A. Deposits

At September 30, 2020, the carrying amount of the primary government’s deposits, including \$11,123,022 in the Agency Fund, was \$135,241,537, and the bank balance was \$139,670,560. The County’s policy requires all deposits with financial institutions to be 100% insured by federal depository insurance or by collateral provided by qualified public depositories to the State Treasurer, in accordance with Chapter 280, Florida Statutes, also known as the Florida Security for Public Deposits Act. The Act established a Trust Fund, maintained by the State Treasurer, which is a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a member fails.

B. Accrued Interest

Interest earnings on U.S. Treasury Notes and government agency bonds are recorded in the cash and investment pools and then allocated to each fund based on each fund’s average monthly balance. As of September 30, 2020, accrued interest for the County’s portfolio totaled \$806,078. The remaining accrued interest is reflected in utilities and road paving assessments.

Fair Value Measurement

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of assets, as determined by the County's investment advisors. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The County's fair value measurements for U.S. Treasuries and U.S. Agencies are categorized as Level 2 and are valued by the County's custodian bank using independent pricing services based on the type of asset. The pricing services may use

valuation models or matrix pricing, which consider benchmark yields, reported trades, broker/dealer quotes, benchmark securities, bids or offers, and reference data. Florida PRIME is valued at amortized cost. There are no restrictions or limitations on withdrawals, however, Florida PRIME may, on the occurrence of an event that has material impact on liquidity or operations, impose restrictions on withdrawals for up to 48 hours. The County's investments in the Florida Cooperative Liquid Assets Securities Systems (FLCLASS), Florida Short Term Asset Reserve (FLSTAR) and the Florida Trust, all external local government investment pools organized under the laws of the State of Florida, are presented at Net Asset Value (NAV), which reflects fair value. The objectives of the FLCLASS, FLSTAR and Florida Trust are to generate investment income while maintaining safety and liquidity. There were no unfunded commitments as of September 30, 2020. Investments may be redeemed weekly/daily based on similar investments of other clients.

Interest Rate Risk

The County's investment policy limits interest rate risk by attempting to match investment maturities with known cash needs and anticipated cash flow requirements. All investments must have stated maturities of ten (10) years or less and no more than 25% of the portfolio shall be invested in instruments with stated final maturities greater than five (5) years. The portfolio shall have securities with varying maturity and at least 10% of the portfolio shall be invested in readily available funds. All constitutional officers with the exception of the Tax Collector and Clerk of Circuit Court and Comptroller (Clerk) follow this policy. The Tax Collector's policy is to limit maturities to 24 months or less. The Clerk's policy is to limit maturities to three years or less and maintain at least 50% of the portfolio in readily available funds.

Credit Risk

Florida Statutes Section 218.415 limit investments to the following:

1. Direct obligations of the United States Treasury;
2. Florida PRIME (formerly known as Fund A);
3. Florida Local Government Investment Trust Funds (Florida Trust);
4. Interest-bearing time deposits or savings in qualified public depositories as defined in Section 280.02 Florida Statutes;

The contribution for the year ended September 30, 2020 was \$2,206,025. Cash balance in the OPEB Trust at September 30, 2020 was \$76,576. The County adopted a broadly diversified investment portfolio composition consisting of equity, debt, and cash. Asset allocations are divided between short-term and long-term investments. Short-term asset allocations include cash and investments with maturities of 180 days or less. Long-term asset allocations range from 0-60% for equities, 0-60% for fixed income securities, and 0-100% for cash and cash equivalents.

For the fiscal year ended September 30, 2020, the annual money-weighted rate of return on investments, net of investment expense, was 7.99%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Taxable values for all property are established as of January 1, which is the date of lien, for the fiscal year starting October 1. Property tax revenues recognized for the 2019-2020 fiscal year were levied in October 2019. All taxes are due and payable on November 1 or as soon as the assessment roll is certified and delivered to the Tax Collector. Discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Taxes paid in March are without discount. All unpaid taxes become delinquent as of April 1. Virtually all unpaid taxes are collected via the sale of tax certificates on or prior to June 1; therefore, there were no material taxes receivable at fiscal year end.

NOTE 11 - PROVISION FOR CLOSURE COSTS

Current regulations of the U.S. Environmental Protection Agency (EPA) and the Florida Department of Environmental Protection (FDEP) require the Solid Waste Disposal District (SWDD) to place a final cover on closed landfill areas, and to maintain those areas for up to thirty years after closure. The SWDD annually obtains updated and revised estimates of total future closure and post-closure costs from its consulting engineers. The SWDD recognizes the expenses associated with the final closure and post-closure maintenance of the landfill areas over the active life of those areas. The provision for closure costs reported in the financial statements as operating expense represents the portion of these estimated future outlays which are allocable to the current year based on the amount of capacity used.

The total unrecognized closure and post-closure costs are approximately \$11.6 million. These costs will be recognized in future periods as the remaining capacity is filled. The County’s policy is to fund 100% of the current year’s allocation (based upon the consulting engineers’ report) of both closure and post-closure care.

Required closure and post-closure sub-accounts:

	Capacity Used	Estimated Closing	Amount
<u>Closure Costs</u>			
Class I - Segments III, Cell I	90%	2022	\$ 4,763,882
Construction and Demolition	93%	2027	1,034,866
 <u>Post-closure Costs</u>			
Class I - Segments I and II	N/A	N/A	1,563,435
Construction and Demolition	N/A	N/A	79,488
 Total account balance at 9/30/20			 \$ 7,441,671

All amounts recognized are based on what it would cost to perform all closure and post-closure functions in current dollars. Actual costs may be different due to inflation, deflation, changes in technology, or changes in laws and regulations. The SWDD is required by FDEP to annually show proof of ability to finance closure and post-closure costs. The SWDD is making annual deposits to a closure and post-closure cost escrow account to provide for the financing of future closure-related expenses. At September 30, 2020, \$7,430,173 was on deposit at the Florida Cooperative Liquid Assets Securities System (FLCLASS) and \$11,498 was on deposit in the County’s Operating account.

Closure and long-term care costs	\$ 8,154,682	\$ 1,515,017	\$ (2,228,028)	\$ 7,441,671

Of the \$7,441,671 liability for closure and long-term care costs, management estimates that \$1,949,965 will be due and payable within one year.

NOTE 12 - POLLUTION REMEDIATION

In accordance with GASB Statement 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, a consultant evaluated three sites to assess pollution remediation liabilities. The consultant calculated for each site an expected value (EV) estimate for pollution remediation based on three plausible mitigation scenarios. An obligating event occurred at each of the following sites requiring the County (using the consultant’s services) to attempt to accrue a liability for pollution remediation. The liability totaled \$1,861,300 at September 30, 2020 for the three sites. Of the \$1,861,300 liability for pollution remediation, management estimates that \$314,833 will be due and payable within one year. The pollution remediation obligation is an estimate and subject to changes resulting from price increases and reductions, technology, and changes in applicable laws or regulations. There are no estimated recoveries that would reduce the liability.

Governmental Activities:

- 1) **South Gifford Road closed landfill** - The nature of the pollution remediation obligation is chlorinated solvent contamination. The consultant will conduct monitoring, bioremediation and reporting with the FDEP. The amount of the estimated year end liability is \$1,600,000 and will be paid from the Optional Sales Tax Fund.

- 2) **Old Administration Building** - The nature of the pollution remediation obligation is closed underground storage tank contamination. The consultant will conduct monitoring and reporting with the FDEP. The amount of the estimated year end liability is \$10,000 and will be paid from the General Fund.

Total Governmental Activities liability: \$1,610,000

The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Benefits Provided: Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits.

Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the 5 highest years of salary for each year of credited service.

Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least 6 years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life equal to 3% of their final average compensation based on the 5 highest years of salary for each year of credited service.

Senior Management Service class members who retire at or after age 62 with at least 6 years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2% of their final average compensation based on the 5 highest years of salary for each year of credited service. Elected Officers' class members who retire at or after age 62 with at least 6 years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3% (3.33% for judges and justices) of their final average compensation based on the 5 highest years of salary for each year of credited service.

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to 8 years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011 and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before

Pension Plan - Continued

July 1, 2011 and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions: The State of Florida establishes contribution rates for participating employers and employees in section 121.71 Florida Statutes. Effective July 1, 2011, the FRS became a contributory plan for all members, except DROP participants, whereby members contribute 3% and employers pay a rate based upon each member's employment class. Classes and rates in effect at July 1, 2020 were: Regular class 10.00%, Special Risk 24.45%, Special Risk Administrative Support 35.84%, Senior Management 27.29%, DROP 16.98%, and Elected Official class 49.18%. Included in these rates is a health insurance subsidy of 1.66%. Employer contributions to the FRS are based on a percentage of covered payroll that has been actuarially determined as an amount, when combined with the 3% employee contributions, is expected to finance the cost of benefits earned by employees during the year with an additional amount to finance any unfunded accrued liability.

The County's actuarial contribution to FRS under the Pension Plan for the year ended September 30, 2020, was \$12,265,839. Employee contributions for September 30, 2020 were \$2,153,645. Both employer and employee contributions were equal to 100% of the required contribution.

Pension Liabilities, Pension Expense, and Deferred Outflow of Resources and Deferred Inflow of Resources Related to Pension Plan: At September 30, 2020, the Division of Retirement calculated the County's liability of \$156,966,332 for the FRS plan for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the Pension Plan relative to the projected contributions of all participating

employers, actuarially determined. At June 30, 2020, the County's proportion share was 0.3622% for the FRS Pension Plan. This was an increase of 0.0123% from its proportionate share measured as of June 30, 2019.

The County anticipates that the pension liability will be liquidated in the following manner: General Fund 53 percent, Emergency Services District Fund 34 percent, Transportation Fund 4 percent, Enterprise Funds 7 percent, and the remaining 2 percent is by the Other Governmental Funds and Internal Service Funds.

For the year ended September 30, 2020, the County's calculated total increase of actuarially determined pension expense was \$23,524,032. In addition, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

The deferred outflows of resources related to the pension plan totaling \$3,190,741 resulting from County contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Actuarial Assumptions: The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date:	July 1, 2020
Measurement date:	June 30, 2020
Discount rate:	6.80%
Long-term expected rate of return:	6.80%, net of pension plan investment expense, including inflation
Inflation:	2.40%
Salary increase:	3.25%, including inflation
Mortality:	PUB-2010 base table, projected generationally with Scale MP-2018
Actuarial cost method:	Individual Entry Age

The actuarial assumptions that determined the total pension liability used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The following changes in actuarial assumptions occurred in 2020:

- The long-term expected rate of return was decreased from 6.90% to 6.80%.

Long-Term Expected Rate of Return: The long-term expected rate of return on pension plan investments are not based on historical returns, but instead are based on a forward-looking capital market economic model. The allocation policy's description of each class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based upon a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Strategic Investments	4.4%	5.5%	5.3%	6.9%
Total	<u>100%</u>			
Assumed inflation-mean			2.4%	1.7%

Discount Rate for Pension Plan: The discount rate used to measure the total pension liability was 6.80%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the County's contributions will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees if future experience follows assumptions and the actuarially determined contribution is contributed in full each year. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the County's Proportionate Share of the Net Position Liability to Changes in the Discount Rate for the Pension Plan: The following presents the County's proportionate share of the net pension liability (NPL) of the Pension Plan calculated using the discount rate of 6.80%. Also presented is what the County's proportionate share of the FRS plan NPL would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	1% Decrease (5.80%)	Current Discount Rate (6.80%)	1% Increase (7.80%)

Retiree Health Insurance Subsidy (HIS) Program

Plan Description: The HIS Program is a cost-sharing, multiple-employer, defined benefit pension plan established to provide a monthly subsidy payment to retired members of any state-administered retirement system. It was established under Section 112.363, Florida Statutes. Benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled. HIS Program is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided: For fiscal year ended September 30, 2020, eligible retirees and beneficiaries received a monthly HIS Program payment of \$5 for each year of creditable service completed. The payments are at least \$30 but not more than \$150 per month. To be eligible to receive a HIS Program benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions: The HIS Program is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2020, the HIS Program contribution rate was 1.66%. There are no employee contributions required. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Program contributions are deposited in a separate trust fund from which payments are authorized. The County's actuarial contributions to the HIS Program totaled \$1,444,839 for the fiscal year ended September 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflow of Resources and Deferred Inflow of Resources Related to HIS Program: At September 30, 2020, the Division of Retirement calculated the County's liability of \$30,268,499 for its proportionate share of the HIS Program's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. At June 30, 2020, the County's proportional share was 0.2479% for the HIS Program. This was an increase of 0.0051% from its proportionate share measured as of June 30, 2019.

For the year ended September 30, 2020, the County recognized pension expense of \$1,707,140. In addition, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 1,238,165	\$ 23,352

The deferred outflows of resources related to HIS Program totaling \$362,737 resulting from County contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to HIS Program will be recognized in pension expense as follows:

Actuarial Assumptions: The total pension liability for the HIS Program in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date:	July 1, 2020
Measurement date:	June 30, 2020
Discount rate:	2.21%
Long-term expected rate of return:	N/A
Municipal bond rate:	2.21%
Inflation:	2.40%
Salary increase:	3.25% average, including inflation
Mortality:	PUB-2010 base table, projected generationally with Scale MP-2018
Actuarial cost method:	Individual Entry Age

The actuarial assumptions that determined the total HIS Program pension liability used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018. The following changes in actuarial assumptions occurred in 2020:

- The municipal rate used to determine the total pension liability decreased from 3.87% to 2.21%.
- The mortality assumption changed from Generational RP-2000 with Projection Scale BB tables to the PUB-2010 base table, projected generationally with Scale MP-2018.

Discount Rate for HIS Program: In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Program is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate. The single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Long-term Expected Rate of Return: As stated above, the HIS Program is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the pension plan, or assumed asset allocation.

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. At June 30, 2020, the County's total proportional share was 0.6101%. This was an increase of 0.0173% from its proportionate share measured as of June 30, 2019.

For the year ended September 30, 2020, the County recognized pension expense of \$26,989,704. In addition, the County reported deferred outflows of resources and deferred inflows of resources related to the pension and HIS program from the following sources:

FRS Investment Plan

Plan Description: The County contributes to the Investment Plan, a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the State Board of Administration (SBA), and is reported in the SBA’s annual financial statements and in the State of Florida Comprehensive Annual Financial Report. As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. County employees already participating in DROP are not eligible to participate in this program.

Benefits Provided: Service retirement benefits are based upon the value of the member’s account upon retirement. Employers and employee contributions, including amounts contributed to individual member’s accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature.

FRS Investment Plan - Continued

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five year period, the employee will regain control over his/her account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For fiscal year ended September 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Contributions: Cost of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of .06% of payroll and by forfeited benefits of Investment Plan members. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances to various approved investment choices.

Allocations to the investment member's accounts during the 2019-2020 fiscal year are based on a percentage of gross compensation by class as follows: Regular class 6.30%, Special Risk class 14.00%, Senior Management Service class 7.67%, and County Elected Officers' class 11.34%. This includes the employee contribution of 3%.

The County's Investment Plan contributions and pension expense totaled \$2,253,519 for fiscal year ended September 30, 2020. Employee contributions totaled \$454,653 for the same period.

NOTE 14 - OTHER POSTEMPLOYMENT BENEFITS PLAN (OPEB)

A. Plan Description

On September 23, 2008, the Board of County Commissioners approved resolution number 2008-163, establishing an irrevocable trust (OPEB Trust) to separately identify assets accumulated to pay OPEB benefits for eligible retirees. The OPEB Trust includes the Board of County Commissioners and the five constitutional officers (Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector). The resolution also established the Board of County Commissioners as trustees of the OPEB Trust and the authority for the trustees to amend the benefit provisions.

The OPEB Trust is a single-employer defined benefit plan (OPEB Plan). The OPEB plan subsidizes the cost of health care for employees hired prior to February 1, 2006 and their eligible dependents according to the provisions of the substantive plan (the plan as understood by the employer and plan members). Employees hired on or after February 1, 2006, will not be eligible for any subsidy, regardless of the years of service or Medicare eligibility.

Active participants as well as retirees are subject to the same benefits and rules. Retired employees are permitted to remain covered under the County's medical and life insurance plans as long as they pay a premium applicable to the coverage elected. This conforms to the minimum required of Florida governmental employers per Florida Statute 112.0801. The retiree has the option to continue with the County group health plan or elect Medicare Advantage Plan.

The implicit rate subsidy applies to health and life insurance coverage since the premiums charged are based upon a blending of younger active employees and older retired employees. Health insurance monthly premiums, effective October 1, 2019, range from \$295 for single coverage Medicare participants to \$1,167.50 for family coverage. Life insurance is available to retirees at a flat rate of \$.70 per \$1,000 of coverage (to a maximum of \$20,000 until the age of 70). After 70, the maximum amount of life insurance is \$10,000.

B. Contributions and Funding Policy

The Board of County Commissioners, in concert with the OPEB Board of Trustees, has the authority to establish and amend the funding policy of the OPEB Plan. The OPEB Trust is advance funded by the County. For the year ended September 30, 2020 the County contributed \$2.2 million to the qualifying OPEB Trust. Plan members receiving benefits contributed \$2.6 million. We anticipate that the OPEB liability will be liquidated in the following manner: General Fund 56 percent, Transportation Fund 6 percent, Emergency Services District Fund 28 percent, Enterprise Funds 8 percent, Internal Service Funds 1 percent, and the remaining 1 percent is by the Other Governmental Funds. It is the County's policy to base future OPEB Trust contributions on the annual required contribution (ARC) in subsequent annual actuarial reports. Custodial and individual fund administrative fees are paid from the portfolio dividend and interest income.

C. Net OPEB Liability

The County's net OPEB liability was measured as of October 1, 2019 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The components of the net OPEB liability of the County at September 30, 2020, were as follows:

Total OPEB Liability	\$ 34,039,143
Plan fiduciary net position	<u>(32,654,503)</u>
County's net OPEB liability	<u>\$ 1,384,640</u>

Plan fiduciary net position as a percentage of the total OPEB liability	95.93%

D. Actuarial Methods and Assumptions

The total OPEB liability was determined by an actuarial valuation as of October 1, 2019, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Methods and Assumptions Used to Determine Net OPEB Liability:

Actuarial Cost Method	Entry age normal
Inflation	2.50%
Discount Rate	6.00%
Salary Increases	3.7% to 7.8%, including inflation, varies by plan type and years of service.
Retirement Age	Experience-based table of rates that are specific to the plan and type of eligibility condition.
Mortality	Mortality tables used in the July 1, 2018 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.

E. Discount Rate

Calculation of the Single Discount Rate

GASB Statement No. 74 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total OPEB Liability. This rate considers the ability of the fund to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to be sufficient to meet benefit payments, the use of a municipal bond rate is required, as described in the following paragraph.

NOTE 14 - OTHER POSTEMPLOYMENT BENEFITS PLAN (OPEB) - Continued

E. Discount Rate - Continued

Calculation of the Single Discount Rate - Continued

The Single Discount Rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on OPEB Plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation the expected rate of return on OPEB Plan investments is 6.00%, the municipal bond rate is 2.41%; and the resulting SDR is 6.00%. The County has adopted a broadly diversified investment portfolio composition consisting of equity, debt, and cash. Asset allocations are divided between short-term and long-term investments. Short-term asset allocations include cash and investments with maturities of 180 days or less. Long-term asset allocations range from 0-60% for equities, 0-60% for fixed income securities, and 0-100% for cash.

The County has a policy and a track record of depositing a full amount of the Actuarially Determined Contribution developed under the Entry Age Method. Consequently, the plan's fiduciary net position is projected to be sufficient to pay benefits and the resulting SDR is 6.00%.

F. Sensitivity of Net OPEB Liability

Regarding the sensitivity of the net OPEB liability to changes in the SDR, the following presents the plan's net OPEB liability, calculated using a SDR of 6.00%, as well as what the plan's net OPEB liability would be if it were calculated using a SDR that is one percent lower or one percent higher:

NOTE 16 - FUND BALANCE

GASB Statement 54, *Fund Balance Reporting and Governmental Funds Type Definitions*, requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

A. Categories

There are five categories of fund balance for governmental funds under Statement 54:

Nonspendable - Amounts that cannot be spent because they are not in spendable form or are legally or contractually required to remain intact.

Restricted - Use of these resources is based on the constraints imposed externally by creditors, grantors, contributors, or laws and regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.

Committed - Amounts whose use is constrained by the approval of a County ordinance by the Board of County Commissioners. This category also includes existing resources on hand to satisfy the obligations that arise from contractual obligations entered into by the Board of County Commissioners.

NOTE 16 - FUND BALANCE - Continued

A. Categories - Continued

Assigned - The Board of County Commissioners is the governing body authorized to assign fund balance amounts to be used for specific purposes. This assignment is done through the budget approval and amendment process. Amounts appropriated to eliminate a budgetary deficit in a subsequent year are reported in this category as well.

Unassigned - Residual amounts in the general fund that do not meet any of the other fund balance classifications.

B. Fund Balance Policy

On September 21, 2010, the County approved a Fund Balance and Reserve Policy that set forth the following reserves of fund balance in the General, Transportation, and Emergency Services District Funds:

Emergency/Disaster Relief Reserve - A balance of no less than 5% of budgeted operating expenditures for the current fiscal year will be reserved only for the purpose of responding to natural and man-made disasters. Disasters include: hurricanes, tropical storms, floods, wildfires, or terrorist activities. These funds can only be used to respond and provide relief after such a disaster. Funds will be replenished over a five-year period after the completion of the recovery from the disaster.

Budget Stabilization Reserve - A balance of no less than 5% of budgeted operating expenditures for the current fiscal year will be reserved only for the purpose of revenue declines or unfunded mandates from the state and federal governments. Funds utilized due to revenue declines will be replenished over a five-year period. Funds utilized for unfunded mandates or unanticipated expenditures cannot be used for more than a three-year period and must be replenished within five-years after the three-year period.

At September 30, 2020, reserve amounts for those funds were:

	<u>Disaster Relief</u>	<u>Budget Stabilization</u>	<u>Total</u>
General Fund	\$ 7,650,000	\$ 7,650,000	\$ 15,300,000
Transportation Fund	950,000	950,000	1,900,000

B. Fund Balance Policy - Continued

The General Fund reserves are included in the unassigned fund balance on the balance sheet. The Transportation Fund reserves are included in the assigned fund balance and the Emergency Services District Fund reserves are included in the restricted fund balance on the balance sheet. Emergency/Disaster Relief and Budget Stabilization Reserve amounts may only be revised by the Board of County Commissioners.

Minimum Fund Balance - The approved fund balance policy dictates the County's attempt to maintain a minimum fund balance in the General, Transportation, and Emergency Services District funds of 20% of budgeted annual operating expenditures. The minimum fund balance level may be revised by the County Administrator or his designee.

C. Spending Hierarchy

For all governmental funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

D. Fund Balance Deficit

The Metropolitan Planning Organization Fund, a nonmajor Governmental Fund, had a deficit in fund balance of \$89,708 at September 30, 2020. This deficit will be eliminated by grant proceeds in fiscal year 2021. The Jackie Robinson Training Complex Reserve Fund, a nonmajor Governmental Fund, had a deficit in fund balance of \$227,670 at September 30, 2020. This deficit will be eliminated by tourist tax collections in future fiscal years.

NOTE 17 - NET POSITION

A. Net Position Restricted by Enabling Legislation

NOTE 18 - RISK MANAGEMENT

General Liability, Property, Worker’s Compensation and Medical

The County is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors or omissions, injuries to employees, and natural disasters. The County established a Self Insurance Fund (an internal service fund) to account for and finance its uninsured risk of loss. Under this program, the Self Insurance Fund provides coverage as follows:

	<u>10/01/15 to</u> <u>9/30/2020</u>
Worker’s Compensation	\$ 650,000
General Liability	200,000
Auto Liability	200,000
Property Damage	200,000
Error or Omissions	200,000
Annual Aggregate	2,000,000

All departments of the County participate in the program. Payments are made by various funds to the Self Insurance Fund based on past experience and actual estimates of the amounts needed to pay current year claims. The County has received workers compensation reimbursements totaling \$3,072 for fiscal year 2020, \$41,832 for fiscal year 2019, and \$1,685 for fiscal year 2018.

The County purchases excess insurance to cover claims in excess of the amounts listed above. There is a 5% deductible per location for property damages arising due to a hurricane under the reinsurance policy.

The County is also self insured for medical claims covering employees and their eligible dependents. As required by Section 112.081, Florida Statutes, retirees and their eligible dependents are provided the same health care coverage as is offered to active employees; however, the retirees are responsible for payment of the premiums. Medical claims are paid from premiums contributed by employees, retirees and by the County. Premiums and contributions are determined by projected claims based on historical and actuarial experience. The self insurance medical plan assumes all risk for claims, other than worker’s compensation, up to \$300,000 per occurrence.

NOTE 18 - RISK MANAGEMENT - Continued

General Liability, Property, Worker’s Compensation and Medical - Continued

The County has purchased a reinsurance policy to cover claims in excess of these limits. There were medical claim reimbursements totaling \$1,022,187 for fiscal year 2020, \$670,688 for fiscal year 2019, and \$471,549 for fiscal year 2018.

The claims liability of \$7,944,000 reported at September 30, 2020, is based on the requirements of generally accepted governmental accounting standards, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated. Estimates for claims incurred but not reported are actuarially determined and recorded. Based on the actuary’s report, \$2,649,000 will be liquidated over the next twelve months.

Changes in the fund’s claim liability amount during the current and prior three fiscal years are as follows:

	Balance at Fiscal Year Beginning	Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year End
2016-2017	\$ 8,512,520	\$ 16,364,331	\$ (16,621,851)	\$ 8,255,000
2017-2018	8,255,000	21,400,694	(21,216,694)	8,439,000
2018-2019	8,439,000	25,995,950	(26,180,950)	8,254,000
2019-2020	8,254,000	23,627,530	(23,937,530)	7,944,000

Included in the charges to other funds is an amount to fund future catastrophic losses not actuarially determined and at September 30, 2020, unrestricted net position of \$22,070,750 has been designated for this purpose.

NOTE 19 - COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is involved in litigation regarding a zoning dispute and other matters, and may be required to pay damages at a future date. While the ultimate amount of damages is currently unknown, management has estimated that the amount is likely to equal or exceed \$3,917,250. Accordingly, management has recorded an estimated liability in that amount in the financial statements.

NOTE 19 - COMMITMENTS AND CONTINGENCIES - Continued

A. Litigation - Continued

Various other suits and claims are currently pending against the County. It is impossible for the County to accurately quantify the exposure involved given the jury's latitude in assessing compensatory and punitive damages, and the court's latitude in awarding attorney's fees. The County intends to vigorously defend against these lawsuits and believes it has a good chance of prevailing on their merits. The County is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of its operations. In the opinion of management and based on the advice of legal counsel, the ultimate disposition of lawsuits will not have a material adverse effect on the financial position of the County.

B. Contracts and Other Commitments

The County has various contracts and commitments outstanding at September 30, 2020. In the General Fund, contracts are for janitorial services, beach park landscape and custodial maintenance, legislative consulting services and external auditing services. In the Special Revenue Funds, contracts are for the Courthouse renovations, Indian River Blvd. and 8th Street signalization and intersection improvements, beach profile surveys and monitoring, several conservation area improvements as well as a variety of other road paving and drainage projects. In the Capital Projects Fund, contracts are for intersection improvements at State Road 60 and 43rd Avenue, 58th Avenue full depth reclamation project, 43rd Avenue improvements from 18th Street to 26th Street, P25 radio system migration project, and several sidewalk and road improvement projects throughout the County. In the Enterprise Funds, contracts are for the golf course maintenance, aquifer wells rehabilitation project, Countywide meter replacement program, Roseland elevated storage tank conversion, pump station and water transmission mainstem, and various other water and sewer projects. In the Internal Service Funds, contracts are for benefit administration services and GIS aerial imagery.

Total	<u>\$ 67,634,894</u>	<u>\$ (30,245,006)</u>	<u>\$ 37,389,888</u>

C. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If any expenditures are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would become a liability of the County. In the opinion of management, any such adjustments would not be significant.

D. COVID-19

In March 2020, the World Health Organization declared the novel coronavirus outbreak (COVID-19) to be a global pandemic. The extent of the ultimate impact on the County's operational and financial performance will depend on various developments, including the duration and spread of the outbreak and its impact on employees, vendors, and taxpayers, all of which cannot be reasonably predicted at this time. County staff will closely monitor the situation and make necessary adjustments as needed to maintain its sound financial position.

All taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

(1) On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. After the sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the seven year statute of limitations. The County does not accrue its portion of the County-held certificates due to the immaterial amount.

Total property tax collections differ from actual collections reported on Schedule 5 due to the exclusion of interest earnings on collections of \$40,219.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

March 10, 2021

The Honorable Board of County Commissioners
and Constitutional Officers Indian River County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial statements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of **Indian River County, Florida** (the "County"), as of and for the year ended September 30, 2020, which collectively comprise the County's fund financial statements and have issued our report thereon dated March 10, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

In connection with our audit, we did not note any such findings.

Indian River County, Florida
Notes to Schedule of Expenditures of Federal Awards and State Projects
For the Fiscal Year Ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and presentation of the Single Audit Report of Indian River County, Florida, (the "County") have been designed to conform to generally accepted accounting principles as applicable to governmental units. This includes the reporting and compliance requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and other applicable guidance.

A. Reporting Entity

The reporting entity consists of Indian River County, the primary government, and each of its component units. The County includes a Schedule of Expenditures of Federal Awards and State Projects in the Compliance Section.

B. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus. The Schedule of Expenditures of Federal Awards and State Projects is maintained on a modified accrual basis of accounting for governmental funds and a full accrual basis for proprietary funds, which is explained further in the notes to the financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, and other applicable guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

C. Program Clusters

The Uniform Guidance defines a cluster of programs as a grouping of closely related programs that share common compliance requirements. According to this definition, similar programs deemed to be a cluster of programs are tested accordingly.

D. Contingencies

Grant revenue amounts received by the County are subject to audit and adjustment by the grantor agencies. Such audits may result in requests for reimbursement by the grantor agency. Any adjustments to grant funding are recorded in the year the adjustment occurs.

NOTE 2 - INDIRECT COST RATES

In the absence of a negotiated federal indirect cost rate, the County has elected to use a de minimis rate of 10% of modified total direct costs.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND MAJOR STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

March 10, 2021

The Honorable Board of County Commissioners
and Constitutional Officers
Indian River County, Florida

Report on Compliance for Each Major Federal Program and Major State Project

We have audited the compliance of *Indian River County, Florida* (the "County") with the types of compliance requirements described in the *OMB Compliance Supplement* and the requirements described in the Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs or state projects for the year ended September 30, 2020. The County's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*. Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2020.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

BOARD OF COUNTY COMMISSIONERS

INDEPENDENT AUDITORS' REPORT

March 10, 2021

The Honorable Board of County Commissioners
Indian River County, Florida

Report on the Financial Statements

We have audited the accompanying fund financial statements of each major fund and the aggregate remaining fund information of the **Indian River County, Florida Board of County Commissioners** (the "Board"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the funds of the Board as of September 30, 2020, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Reporting Entity

As discussed in Note 1, the financial statements referred to above present only the *Indian River County, Florida Board of County Commissioners* and do not purport to, and do not, present fairly the financial position of Indian River County, Florida as of September 30, 2020, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 10, 2021, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Board of County Commissioners (Board) is a County agency and a local governmental entity pursuant to Article VIII, Section 1(e) of the Constitution of the State of Florida. For financial statement and reporting purposes, the Board does not meet the definition of a legally separate organization and is not considered to be a component unit. The Board is considered to be a part of the primary government of Indian River County. The financial statements contained herein represent the financial transactions of the Board only.

The following is a summary of the significant accounting principles and policies used in the preparation of the accompanying financial statements.

A. Reporting Entity

The concept underlying the definition of the reporting entity is that elected officials are accountable to their constituents for their actions. The reporting entity's financial statements should allow users to distinguish between the primary government (the Board) and its component units. However, some component units, because of the closeness of their relationship with the Board, should be blended as though they are part of the Board. Otherwise, most component units should be discretely presented. As required by generally accepted accounting principles, the financial reporting entity consists of: (1) the primary government (the Board), (2) organizations for which the Board is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The Board is financially accountable if it (a) serves as the governing body of the legally separate organization and there is a financial burden/benefit relationship or management has operational responsibility of the organization, (b) the organization provides almost exclusive service or benefit to the primary government, or (c) total debt of the organization is repayable almost entirely from the resources of the primary government. Based on these criteria, management determined that the Solid Waste Disposal District and the Emergency Services District were the only organizations that should be included in the Board's financial statements as blended component units.

Blended Component Units

Solid Waste Disposal District (SWDD) - Created pursuant to County Ordinance 87-67, the Board of County Commissioners serves as the governing body for and has operational responsibility over the SWDD. The Board also sets the non ad valorem assessment fees for the SWDD. Although legally separate, the SWDD is appropriately blended as a proprietary fund type (enterprise) component unit into the primary government.

A. Reporting Entity - Continued

Blended Component Units - Continued

Emergency Services District (EMS) - Created pursuant to County Ordinance 90-25, the Board of County Commissioners serves as the governing body for and has operational responsibility over the EMS. The Board also sets the millage rate for the EMS. Although legally separate, the EMS is appropriately blended as a governmental fund type (special revenue) component unit into the primary government.

B. Fund Financial Statements

The underlying accounting system of the Board is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the Board's governmental, proprietary, and fiduciary funds are presented. Governmental accounting standards set forth minimum criteria (percentage of the assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues or expenditures/expenses of either fund category and the governmental and enterprise combined) for the determination of major funds. These statements display information about major funds individually and nonmajor funds in the aggregate for governmental and enterprise funds. The Statement of Fiduciary Net Position presents assets held by the Board in a custodial capacity for other individuals or organizations.

See Note 16 for more information on the spending hierarchy of fund balances in the fund financial statements.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 45 days after the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Franchise fees, sales taxes, gas taxes, operating and capital grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when cash is received by the Board.

Under the current financial resources measurement focus, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are generally included on the balance sheet. The reported fund balance is considered to be a measure of available spendable resources. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balances. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Long-term receivables are reported on their balance sheets in spite of their spending measurement focus. Advances and notes to other funds are offset as nonspendable fund balance. See Note 16 for more information on the categories and descriptions of fund balances in the fund financial statements.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

B. Fund Financial Statements - Continued

Governmental Funds - Continued

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary Funds

The Board's enterprise and internal service funds are proprietary funds. In the fund financial statements, proprietary funds are presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, proprietary funds are presented using the economic resources measurement focus. This means that all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or non-current) associated with their activity are included on their balance sheets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Proprietary fund operating revenues, such as charges for services and premiums charged to the Board and employees under various insurance programs, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, taxes, and investment earnings result from non-exchange transactions or ancillary activities. Principal operating expenses include salary and benefits, cost of sales and services, claims, and insurance premiums. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

Amounts paid to acquire capital assets are capitalized as assets in the proprietary fund financial statements, rather than reported as an expense. Proceeds of long-term debt are recorded as a liability in the proprietary fund financial statements, rather than as an other financing source. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as an expense.

Fiduciary Funds

The fiduciary financial statements include financial information for the Agency Fund and the Other Postemployment Benefits Trust Fund. The Agency Fund of the Board primarily represents assets held by the Board in a custodial capacity for other individuals or governments. The Other Postemployment Benefits Trust Fund (OPEB Trust) accounts for activities of the OPEB Trust, which accumulates resources for health insurance benefit payments for current retirees and for current employees upon their retirement. The Agency and Trust Fund statements are presented using the accrual basis of accounting.

C. Cash and Investments

Cash reported on the financial statements includes bank deposits, cash on hand, certificates of deposit, money market accounts, and all highly liquid investments with maturities of ninety days or less when purchased. Investments consist of U.S. Treasury Securities, U.S. Government Agency Securities, and the Florida Cooperative Liquid Assets Securities System (FLCLASS) investment pool and the FL Short Term Asset Reserve (FLSTAR). Investments are reported at market value based upon the custodian bank's valuation. The FLCLASS and FLSTAR values are measured at the net asset value per share determined by the pool. Refer to Note 3C, Investments, for further information on individual investments.

The Board maintains a cash and investment pool that is available for use by all funds. Earnings for the pooled investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pool is managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts. Therefore, all balances representing participants' equity in the investment pools are classified as cash and investments for financial statement purposes. In addition, longer-term investments are held by several of the Board's funds and are, therefore, reported as current restricted cash and investments on these statements. When restricted and unrestricted resources are available, expenses are paid first from restricted resources.

D. Allowance for Doubtful Accounts

The Board provides an allowance for water and sewer and ambulance service accounts receivables that may become uncollectable. At September 30, 2020, the allowance for water and sewer was \$424,493 and for ambulance services was \$114,932. No other allowances for doubtful accounts are maintained since other accounts receivable are considered collectible as reported at September 30, 2020.

E. Due from Other Governments

This account represents funds due from state and federal agencies for monthly revenue shares and grant reimbursements. It also includes excess fees due from the County's constitutional officers at September 30, 2020.

F. Inventories

Inventories are valued at cost, which approximates market, using the “first-in, first-out” method of accounting, with the exception of the Golf Course and Fleet Internal Service Fund’s inventories which are valued using the average cost method of accounting. Inventories of all funds are recorded as expenditures (expenses) when consumed rather than when purchased.

G. Prepaids and Other Assets

This account represents prepayments for services that will be used in future periods. The Board’s policy is to record the expenditure for the services when they are used rather than when the cash is disbursed.

H. Capital Assets

Capital assets, which include property, plant, equipment, infrastructure (e.g., roads, bridges, right-of-ways, water and sewer distribution systems, beach restoration, stormwater systems and similar items), and intangible assets (e.g. software, easements, and rights), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. The Board defines capital assets as assets with an initial, individual cost of \$1,000 or more and an estimated useful life in excess of one year. Except for roads and bridges constructed prior to October 1, 1981, assets are recorded at historical cost. Roads and bridges constructed prior to October 1, 1981 are reported at estimated historical cost. Donated capital assets, donated works of art, historical treasures and similar assets, as well as capital assets that are received in a service concession arrangement are reported at original acquisition value. Transfers of capital assets within the Board are recorded at their carrying value at the time of the transfer. The costs of normal maintenance and repairs that do not add to the value of the asset nor materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The Board holds legal title to the capital assets used in the operations of the Board, Clerk of the Circuit Court and Comptroller, Property Appraiser, Supervisor of Elections and Tax Collector, and is accountable for them under Florida Law.

H. Capital Assets - Continued

Capital assets used by the Board’s governmental funds are reported in the financial statements of the County. Capital assets of the Board’s enterprise and internal service funds are reported in the Proprietary Funds’ financial statements.

Property, plant, equipment, intangible, and infrastructure assets of the primary government, as well as the component units, are depreciated, or amortized as in the case of intangible assets, using the straight-line method over the following estimated useful lives:

Assets	Years
Building and improvements	10 - 50
Machinery and equipment	3 - 10
Utility distribution systems	25 - 50
Road and bridge infrastructure	20 - 50
Fiberoptics	20
Software	3 - 5
Beach preservation infrastructure	7
Stormwater infrastructure	30

I. Capitalization of Interest

Interest costs related to bond issues are capitalized during the construction period. These costs are netted against applicable interest earnings on construction fund investments. During the current period, the Board did not have any capitalized interest.

J. Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent a consumption of net position/fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources represent an acquisition of net position/fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The Board has three items that qualify for reporting in these categories.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

J. Deferred Outflows/Inflows of Resources - Continued

The first item is unavailable revenue, which arises under a current financial resources focus of accounting, and is reported as a deferred inflow of resources in the governmental funds balance sheet. The sources of the unavailable revenue are special assessments on road paving, ambulance service billings, investment interest earnings and state and federal grant revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

The second item is the deferred charge on refunding which is reported as a deferred outflow of resources on the Statement of Fund Net Position for the Proprietary Funds. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunding debt.

In addition to the above two deferred items, both deferred outflows and inflows related to pensions are calculated in accordance with GASB Statement 68, *Accounting and Financial Reporting for Pensions*. These deferred resources appear on the Statement of Fund Net Position for Proprietary Funds. These deferred outflows and inflows are an aggregate of various pension items and will be recognized as adjustments to pension expense or net pension liability in future reporting years. Also, there are deferred outflows and inflows items related to OPEB as calculated in accordance with GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Further information and detail on the composition of these items is discussed in Notes 13 and 14.

K. Pensions/Net Pension Liability

In the Statement of Fund Net Position for Proprietary Funds, net pension liability represents the Board's proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees. The benefit payments are attributable to those employees past periods of service, less the amount of the cost-sharing pension plans' fiduciary net position.

K. Pensions/Net Pension Liability - Continued

The Board participates in both the Florida Retirement System (FRS), which operates a defined benefit and compensation plan, and the Health Insurance Subsidy Program (HIS Program), which is a defined benefit plan. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, pension expense, and fiduciary net position are determined on the same basis as the FRS. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Other Postemployment Benefits Trust Fund (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Board's Retiree Benefits Plan and additions to/deductions from the Board's fiduciary net position have been determined on the same basis as they are reported by the Board. For this purpose, the Board recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments that have a maturity at the time of purchase of one year or less, which are reported at cost.

M. Landfill Closure Costs

Under the terms of current state and federal regulations, the Solid Waste Disposal District (SWDD) is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The SWDD recognizes these costs of closure and post-closure maintenance over the active life of each landfill area, based on landfill capacity used during the period. Required obligations for closure and post-closure costs are recognized in the Solid Waste Disposal District Enterprise Fund.

N. Unearned Revenues

In governmental and proprietary fund financial statements, unearned revenues represent revenues which are available but not earned.

O. Accrued Compensated Absences

The Board does not report compensated absences in the governmental fund statements since they are not current liabilities payable from available spendable resources. They are reported in the government-wide financial statements of the County. Proprietary fund types accrue compensated absences in the period they are earned.

P. Obligation for Bond Arbitrage Rebate

Pursuant to Section 148(f) of the U.S. Internal Revenue Code, the Board must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. The Board has no arbitrage liability outstanding as of September 30, 2020.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

The Board uses the following procedures in establishing the budgetary data reflected in the financial statements:

1. The constitutional officers submit, at various times, to the Board and to certain divisions within the Florida Department of Revenue and the Florida Clerks of Court Operations Corporation, a proposed operating budget for the following fiscal year. The operating budget includes proposed expenditures and the means of financing them, as set forth in Chapter 129 of the Florida Statutes.
2. The Department of Revenue, State of Florida, has the final authority on the operating budgets for the Tax Collector and the Property Appraiser included in the General Fund.
3. Constitutional officers, all departments controlled by the Board, and outside state and local agencies submit their proposed budgets to the Office of Management and Budget for assistance, review, and compilation. The County Administrator then reviews all County departments, state agencies, and nonprofit organization's budgets and makes the budget recommendation to the Board.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY - Continued

4. On or before July 15 of each year, the County Administrator and the Director of the Office of Management and Budget, as the Board's designated budget officer, submit to the Board a tentative budget for the ensuing fiscal year. The tentative budget includes proposed expenditures and the means of financing them. The Board then holds workshops to review the tentative budget by fund on a departmental level.
5. During September, public hearings are held pursuant to Section 200.065 of the Florida Statutes in order for the Board to receive public input on the tentative budget. At the end of the last public hearing, the Board enacts resolutions to legally adopt the budgets at the fund level for all governmental and proprietary fund types. The budgets legally adopted by the Board set forth the anticipated revenues by source and the appropriations by function.
6. Formal budgetary integration on an object level is used as a management control device for the governmental and proprietary funds of the Board. Management is authorized to transfer budgeted amounts between objects and departments in any fund as long as management does not exceed the total appropriations of a fund. Board approval to amend the budget is only required when unanticipated revenues are received that management wishes to have appropriated, thereby increasing the total appropriations of a fund.
7. Budgets for the governmental and proprietary fund types are adopted on a basis consistent with generally accepted accounting principles.
8. Appropriations for the Board lapse at the close of the fiscal year.

NOTE 3 - CASH AND INVESTMENTS

The Board maintains a cash and investment pool that is available for use by all funds except those whose cash and investments must be segregated due to bond covenants or other legal restrictions.

A. Deposits

At September 30, 2020, the carrying value of the Board's deposits was \$122,660,438 and the bank balance was \$126,344,226. All the deposits were covered by the FDIC or collateralized in accordance with Chapter 280, Florida Statutes, also known as the "Florida Security for Public Deposits Act".

B. Accrued Interest

Interest earnings on U.S. Treasury Notes and government agency bonds are recorded in the cash and investment pools and then allocated to each fund based on each fund's average monthly balance. As of September 30, 2020, accrued interest for the Board's portfolio totaled \$806,078 and was allocated to the funds based on their average monthly balance for September. The remaining accrued interest is reflected in utilities and road paving assessments.

Fair Value Measurement

The Board categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset, as determined by the Board's investment advisors. Level 1 inputs are quoted priced in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Board's fair value measurements for U.S. Treasuries and U.S. Agencies are categorized as Level 2 and are valued by the Board's custodial bank using independent pricing services based on the type of asset. The pricing services may use valuation models or matrix pricing, which consider benchmark yields, reported trades, broker/dealer quotes, benchmark securities, bids or offers, and reference data.

The Board's investments in the Florida Cooperative Liquid Assets Securities Systems (FLCLASS) and the Florida Short Term Asset Reserve (FLSTAR), external local government investment pools organized under the laws of the State of Florida, are presented at Net Asset Value, which reflects fair value. The objectives of the FLCLASS and FLSTAR are to generate investment income while maintaining safety and liquidity. There were no unfunded commitments as of September 30, 2020. Investments may be redeemed weekly/daily based on similar investments of other clients.

Interest Rate Risk

The Board's investment policy limits interest rate risk by attempting to match investment maturities with known cash needs and anticipated cash flow requirements. All investments must have stated maturities of ten (10) years or less and no more than 25% of the portfolio shall be invested in instruments with stated final maturities greater than five (5) years. The portfolio shall have securities with varying maturity and at least 10% of the portfolio shall be invested in readily available funds.

Credit Risks

Florida Statutes, Section 218.415 and the Board's investment policy limit investments to the following:

1. Direct obligations of the United States Treasury;
2. Any intergovernmental investment pool, with the exception of SBA pools, authorized pursuant to the Florida Interlocal Cooperation Act as provided in Florida Statute 163.01;
3. Florida Local Government Investment Trust Funds (Florida Trust);
4. Interest-bearing time deposits or savings in qualified public depositories as defined in Section 280.02, Florida Statutes;
5. Federal agencies and instrumentalities;
6. Securities of, or other interests in, any open-end or closed-end management-type investment company or investment trust registered under the Investment Company Act of 1940, 15 U.S.C. ss. 80a-1 et seq., as amended from time to time, provided that the portfolio of such investment company or investment trust is limited to obligations of the United States Government or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such United States Government obligations, and provided that such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian;
7. Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
8. Repurchase agreements with a term of one year or less collateralized by direct obligations of the United States Government which have maturities of three (3) years or less and a market value 103% or more of the repurchase amount.

Concentration Risk

The Board's cash and investment policy has established asset allocation and issuer limits to reduce concentration of credit risk in the Board's cash and investment portfolio. The Board's cash and investment policy does not allow for more than 20% of the entire portfolio to be invested in any one issuer, with the exception of United States Treasury Obligations and state authorized pools. No more than 10% of the portfolio may be placed in certificates of deposit and no more than \$6.5 million of the portfolio may be placed in certificates of deposit with any one financial institution. No more than 10% of the entire cash and investment portfolio may be placed in any one money market fund, mutual fund, or intergovernmental investment pool.

Custodial Credit Risk

The Board's investment policy pursuant to Section 218.415 (18), Florida Statutes, requires securities to be registered and held with a third party custodian. All securities purchased, as well as all collateral obtained, by the Board shall be held in the name of the Board. The securities must be held in an account separate and apart from the assets of the financial institution. As of September 30, 2020, the Board's investment portfolio in U.S. Treasuries, U.S. Agencies, and money market funds was held by The Bank of New York/Mellon. Additional investments include the FLCLASS which was held by Wells Fargo Bank, N.A and FLSTAR which was held by JP Morgan Chase & Co.

D. OPEB Trust

Funds are held in the name of the Indian River County OPEB Trust (OBEB Trust), an irrevocable trust, by a third party custodian, The Bank of New York/Mellon. The contribution for the year ended September 30, 2020 was \$2,206,025. The cash balance in the OPEB Trust at September 30, 2020 was \$76,576. The investments are reported at fair value based upon market-close price on the last business day of each month.

The Board approved a separate investment policy for the OPEB Trust assets on February 3, 2009 (last amended on December 4, 2018). The Board adopted a broadly diversified portfolio composition consisting of equity, debt, and cash and investments. Asset allocations are divided between short term and long term investments. Short term asset allocations include cash and investments with maturities of 180 days or less. Long term asset allocations range from 0-60% for equities, 0-60% for fixed income securities, and 0-100% for cash and investments.

For the fiscal year ended September 30, 2020, the annual money-weighted rate of return on investments, net of investment expense, was 7.99%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The Board paid down 50% of the debt (\$7,100,000) with cash and refinanced the remaining 50% (\$7,105,000) with a 7 year note. The total amount borrowed included the cost of issuance and accrued interest totaling \$66,000, for a grand total of \$7,171,000.

The aggregate difference in debt service between the Series 2005 bonds (\$18,866,875) and the Series 2015 note (\$7,653,356), cash contribution and September 1, 2016 principal and interest payment (\$9,162,642) is \$2,050,877. The net economic gain was \$583,991; which included the refinancing, accrued interest, and cash contribution. This lowered the annual debt service by \$1.2 million. Pledge of Revenues - The note is collateralized, for the remaining term of the note, by a pledge of all net revenues derived from the operation of the system, certain surcharges, and special assessments. Annual principal and interest payments of \$1,094,371 represent approximately eight percent of net revenues of \$13,106,552 of the utility system. NOTE 11 - PROVISION FOR CLOSURE COSTS

Current regulations of the U.S. Environmental Protection Agency (EPA) and the Florida Department of Environmental Protection (FDEP) require the Solid Waste Disposal District (SWDD) to place a final cover on closed landfill areas, and to maintain those areas for up to thirty years after closure. The SWDD annually obtains updated and revised estimates of total future closure and post-closure costs from its consulting engineers. The SWDD recognizes the expenses associated with the final closure and post-closure maintenance of the landfill areas over the active life of those areas. The provision for closure costs reported in the financial statements as operating expense represents the portion of these estimated future outlays which are allocable to the current year based on the amount of capacity used.

The total unrecognized closure and post-closure costs are approximately \$11.6 million. These costs will be recognized in future periods as the remaining capacity is filled. The Board's policy is to fund 100% of the current year's allocation (based upon the consulting engineers' report) of both closure and post-closure care. Required closure and post-closure sub-accounts:

	Capacity Used	Estimated Closing	Amount
<u>Closure Costs</u>			
Class I - Segment III, Cell I	90%	2022	\$ 4,763,882
Construction and Demolition	93%	2027	1,034,866
<u>Post-closure Costs</u>			
Class I - Segments I and II	N/A	N/A	1,563,435
Construction and Demolition	N/A	N/A	79,488
Total account balance at 9/30/20			\$ 7,441,671

All amounts recognized are based on what it would cost to perform all closure and post-closure functions in current dollars. Actual costs may be different due to inflation, deflation, changes in technology, or changes in laws and regulations. The SWDD is required by FDEP to annually show proof of ability to finance closure and post-closure costs. The SWDD is making annual deposits to a closure and post-closure costs account to provide for the financing of future closure-related expenses. At September 30, 2020, \$7,430,173 was on deposit at the Florida Cooperative Liquid Assets Securities System (FLCLASS) and \$11,498 was on deposit in the Board's operating account.

NOTE 12 - POLLUTION REMEDIATION

In accordance with GASB Statement 49, Accounting and Financial Reporting for Pollution Remediation Obligations, a consultant evaluated three sites to assess pollution remediation liabilities. The consultant calculated for each site an expected value (EV) estimate for pollution remediation based on three plausible mitigation scenarios. An obligating event occurred at each of the following sites requiring the Board (using the consultant’s services) to attempt to accrue a liability for pollution remediation. The liability totaled \$1,861,300 at September 30, 2020 for the three sites. Of the \$1,861,300 liability for pollution remediation, management estimates that \$314,833 will be due and payable within one year.

The pollution remediation obligation is an estimate and subject to changes resulting from price increases and reductions, technology, and changes in applicable laws or regulations. There are no estimated recoveries that would reduce the liability.

Governmental Funds

1. **South Gifford Road closed landfill** - The nature of the pollution remediation obligation is chlorinated solvent contamination. The consultant will conduct monitoring, bioremediation and reporting with the FDEP. The amount of the estimated year end liability is \$1,600,000 and will be paid from the Optional Sales Tax Fund.
2. **Old Administration Building** - The nature of the pollution remediation obligation is closed underground storage tank contamination. The consultant will conduct monitoring and reporting with the FDEP. The amount of the estimated year end liability is \$10,000 and will be paid from the General Fund.

Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the 8 highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011 and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011 and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions: The State of Florida establishes contribution rates for participating employers and employees in section 121.71 Florida Statutes. Effective July 1, 2011, the FRS became a contributory plan for all members, except DROP participants, whereby members contribute 3% and employers pay a rate based upon each member's employment class. Classes and rates in effect at July 1, 2020 were: Regular Class 10.00%, Special Risk 24.45%, Special Risk Administrative Support 35.84%, Senior Management 27.29%, DROP 16.98%, and Elected Official Class 49.18%. Included in these rates is a health insurance subsidy of 1.66%. Employer contributions to the FRS are based on a percentage of covered payroll that has been actuarially determined as an amount, when combined with the 3% employee contributions, is expected to finance the cost of benefits earned by employers during the year with an additional amount to finance any unfunded accrued liability.

The Board's actuarial contribution to FRS under the Pension Plan for the year ended September 30, 2020, was \$6,564,681. Employee contributions for September 30, 2020 were \$1,141,827. Both employer and employee contributions were equal to 100% of the required contribution.

Pension Liabilities, Pension Expense, and Deferred Outflow of Resources and Deferred Inflow of Resources Related to Pension Plan: At September 30, 2020, the Division of Retirement calculated the Board's liability of \$83,236,505 for the FRS plan for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The Board's proportion of the net pension liability was based on a projection of the Board's long-term share of contributions to the Pension Plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the Board's proportionate share was 0.192048% for the FRS Pension Plan. This was an increase of 0.005449% from its proportionate share measured as of June 30, 2019.

For the year ended September 30, 2020, the Board's calculated total increase of actuarially determined pension expense was \$13,371,108. Of this amount, the Board recognized \$1,524,507 in the enterprise funds and \$234,025 in the internal service funds. In addition, the Board's calculated deferred outflows of resources and deferred inflows of resources related to pensions from the following sources were:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 3,185,630	\$ -
Changes in assumptions	15,068,456	-
Net difference between projected and actual earnings on pension plan investments	4,955,982	-
Changes in proportion and differences between Board contributions and proportionate share of contributions	3,004,702	395,135
Board contributions subsequent to the measurement date	1,630,945	-
Total	<u>\$ 27,845,715</u>	<u>\$ 395,135</u>

Deferred outflows related to pensions recognized by enterprise funds were \$3,651,419 and \$504,765 for internal service funds. Deferred inflows related to pensions recognized by the enterprise funds were \$242,261 and \$21,055 for the internal service funds.

The deferred outflows of resources related to pensions totaling \$1,630,945 resulting from Board contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending September 30:	Amount Recognized
2021	\$ 5,320,802
2022	8,286,834
2023	7,043,776
2024	4,210,800
2025	957,423
Total	\$ 25,819,635

Actuarial Assumptions: The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumption, applied to all periods included in the measurement:

Valuation date:	July 1, 2020
Measurement date:	June 30, 2020
Discount rate:	6.80%
Long-term expected rate of return:	6.80%, net of pension plan investment expense, including inflation
Inflation:	2.40%
Salary increase:	3.25%, including inflation
Mortality:	PUB-2010 base table, projected generationally with Scale MP-2018
Actuarial cost method:	Individual Entry Age

The actuarial assumptions that determined the total pension liability used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

NOTE 13 - RETIREMENT PLAN - Continued

Pension Plan - Continued

The following changes in actuarial assumptions occurred in 2020:

- The long-term expected rate of return decreased from 6.90% to 6.80%.

Long-Term, Expected Rate of Return: The long-term expected rate of return on pension plan investments are not based on historical returns, but instead are based on a forward-looking capital market economic model. The allocation policy's description of each class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based upon a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1%	2.2%	2.2%	1.2%
Fixed Income	19%	3.0%	2.9%	3.5%
Global Equity	54.2%	8.0%	6.7%	17.1%
Real Estate (Property)	10.3%	6.4%	5.8%	11.7%
Private Equity	11.1%	10.8%	8.1%	25.7%
Strategic Investments	4.4%	5.5%	5.3%	6.9%
Total	100%			
Assumed inflation-mean			2.4%	1.7%

Discount Rate for Pension Plan: The discount rate used to measure the total pension liability was 6.80%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the Board's contributions will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Pension Plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees if future experience follows assumptions and the actuarially determined contribution is contributed in full each year. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

Retiree Health Insurance Subsidy (HIS Program)

Plan Description: The HIS Program is a cost-sharing, multiple-employer, defined benefit pension plan established to provide a monthly subsidy payment to retired members of any state-administered retirement system. It was established under Section 112.363, Florida Statutes. Benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled. The HIS Program is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided: For fiscal year ended September 30, 2020, eligible retirees and beneficiaries received a monthly HIS Program payment of \$5 for each year of creditable service completed. The payments are at least \$30 but not more than \$150 per month. To be eligible to receive a HIS Program benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions: The HIS Program is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2020, the HIS Program contribution rate was 1.66%. There are no employee contributions required. The Board contributed 100% of its statutorily required contributions for the current and preceding 3 years. HIS Program contributions are deposited in a separate trust fund from which payments are authorized. The Board's actuarial contributions to the HIS Program totaled \$829,745 for the fiscal year ended September 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflow of Resources and Deferred Inflow of Resources Related to HIS Program: At September 30, 2020, the Division of Retirement calculated the Board's liability of \$17,346,039 for its proportionate share of the HIS Program's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. At June 30, 2020, the Board's proportional share was 0.142066% for the HIS Program. This was an increase of 0.002953% from its proportionate share measured as of June 30, 2019.

Retiree Health Insurance Subsidy (HIS Program) - Continued

Actuarial Assumptions: The total pension liability for the HIS Program in the July 1, 2020 actuarial valuation was determined using the following actuarial assumption, applied to all periods included in the measurement:

Valuation date:	July 1, 2020
Measurement date:	June 30, 2020
Discount rate:	2.21%
Long-term expected rate of return:	N/A
Municipal bond rate:	2.21%
Inflation:	2.40%
Salary increase:	3.25%, average, including inflation
Mortality:	PUB-2010 base table, projected generationally with Scale MP-2018
Actuarial cost method:	Individual Entry Age

The actuarial assumptions that determined the total HIS Program pension liability used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018. The following changes in actuarial assumptions occurred in 2020:

- The municipal rate used to determine the total pension liability decreased from 3.50% to 2.21%
- The mortality assumption was changed from Generational RP-2000 with Projection Scale BB tables to the PUB-2010 base table, projected generationally with Scale MP-2018.

Discount Rate for HIS Program: In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Program is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate. The single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Long-Term Expected Rate of Return: As stated above, the HIS Program is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the Pension Plan, or assumed asset allocation.

FRS Investment Plan

Plan Description: The Board contributes to the Investment Plan, a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the State Board of Administration (SBA), and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Board employees already participating in DROP are not eligible to participate in this program.

Benefits Provided: Service retirement benefits are based upon the value of the member's account upon retirement. Employers and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature.

FRS Investment Plan - Continued

Benefits Provided - Continued: For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the five year period, the employee will regain control over his/her account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For fiscal year ended September 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Board.

If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Contributions: Cost of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of .06% of payroll and by forfeited benefits of Investment Plan members. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances to various approved investment choices.

Allocations to the investment member's accounts during the 2019-2020 fiscal year were as follows: Regular class 6.30%, Special Risk class 14.00%, Senior Management Service class 7.67%, and Elected Officers' class 11.34%. This includes the employee contribution of 3%.

The Board's Investment Plan contributions and pension expense totaled \$993,377 for fiscal year ended September 30, 2020. Employee contributions totaled \$233,124 for the same period.

NOTE 14 - OTHER POSTEMPLOYMENT BENEFITS PLAN (OPEB)

A. Plan Description

On September 23, 2008, the Board of County Commissioners approved resolution number 2008-163, establishing an irrevocable trust (OPEB Trust) to separately identify assets accumulated to pay OPEB benefits for eligible retirees. The OPEB Trust includes the Board of County Commissioners and the five constitutional officers (Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector). The resolution also established the Board of County Commissioners as trustees of the OPEB Trust and the authority for the trustees to amend the benefit provisions.

The OPEB Trust is a single-employer defined benefit plan (OPEB Plan). The OPEB Plan subsidizes the cost of health care for employees hired prior to February 1, 2006 and their eligible dependents according to the provisions of the substantive plan (the plan as understood by the employer and plan members). Employees hired on or after February 1, 2006, will not be eligible for any subsidy, regardless of the years of service or Medicare eligibility.

Active participants as well as retirees are subject to the same benefits and rules. Retired employees are permitted to remain covered under the Board's medical and life insurance plans as long as they pay a premium applicable to the coverage elected. This conforms to the minimum required of Florida governmental employers per Florida Statute 112.0801. The retiree has the option to continue with the Board group health plan or elect Medicare Advantage Plan.

The implicit rate subsidy applies to health and life insurance coverage since the premiums charged are based upon a blending of younger active employees and older retired employees. Health insurance premiums, effective October 1, 2019 range from \$295 for single coverage Medicare participants to \$1,167.50 for family coverage. Life insurance is available to retirees at a flat rate of \$.70 per \$1,000 of coverage (to a maximum of \$20,000 until the age of 70). After 70, the maximum amount of life insurance is \$10,000.

F. Discount Rate

Calculation of the Single Discount Rate

GASB Statement No. 74 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total OPEB Liability. This rate considers the ability of the fund to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to be sufficient to meet benefit payments, the use of a municipal bond rate is required, as described in the following paragraph.

The Single Discount Rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on OPEB Plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation the expected rate of return on OPEB Plan investments is 6.00%, the municipal bond rate is 2.41%; and the resulting SDR is 6.00%. The County has adopted a broadly diversified investment portfolio composition consisting of equity, debt, and cash. Asset allocations are divided between short-term and long-term investments. Short-term asset allocations include cash and investments with maturities of 180 days or less. Long-term asset allocations range from 0-60% for equities, 0-60% for fixed income securities, and 0-100% for cash.

The County has a policy of depositing at least the full amount of the Actuarially Determined Contribution developed under the Entry Age Method. Consequently, the plan's fiduciary net position is projected to be sufficient to pay benefits and the resulting SDR is 6.00%.

G. Sensitivity of Net OPEB Liability

Regarding the sensitivity of the net OPEB liability to changes in the SDR, the following presents the plan's net OPEB liability, calculated using a SDR of 6.00%, as well as what the plan's net OPEB liability would be if it were calculated using a SDR that is one percent lower or 1% higher:

Regarding the sensitivity of the net OPEB liability to changes in the healthcare cost trend rates, the following presents the plan's net OPEB liability, calculated using the assumed trend rates as well as what the plan's net OPEB liability would be if it were calculated using a trend rate that is one percent lower or one percent higher:

NOTE 16 - FUND BALANCE

GASB Statement 54 - Fund Balance Reporting and Governmental Funds Type Definitions requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

A. Categories

There are five categories of fund balance for governmental funds under GASB Statement 54:

Nonspendable - Amounts that cannot be spent because they are not in spendable form or are legally or contractually required to remain intact.

Restricted - Use of these resources is based on the constraints imposed externally by creditors, grantors, contributors, or laws and regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.

Committed - Amounts whose use is constrained by the approval of a Board ordinance by the Board of County Commissioners. This category also includes existing resources on hand to satisfy the obligations that arise from contractual obligations entered into by the Board of County Commissioners.

Assigned - The Board of County Commissioners is the governing body authorized to assign fund balance amounts to be used for specific purposes. This assignment is done through the budget approval and amendment process. Amounts appropriated to eliminate a budgetary deficit in a subsequent year are reported in this category as well.

Unassigned - Residual amounts in the general fund that do not meet any of the other fund balance classifications.

B. Fund Balance Policy

On September 21, 2010, the Board approved a Fund Balance and Reserve Policy that set forth the following reserves of fund balance in the General, Transportation, and Emergency Services District Funds:

NOTE 16 - FUND BALANCE - Continued

B. Fund Balance Policy - Continued

Emergency/Disaster Relief Reserve - A balance of no less than 5% of budgeted operating expenditures for the current fiscal year will be reserved only for the purpose of responding to natural and man-made disasters. Disasters include hurricanes, tropical storms, floods, wildfires, or terrorist activities. These funds can only be used to respond and provide relief after such a disaster. Funds will be replenished over a five-year period after the completion of the recovery from the disaster.

Budget Stabilization Reserve - A balance of no less than 5% of budgeted operating expenditures for the current fiscal year will be reserved only for the purpose of revenue declines or unfunded mandates from the state and federal governments. Funds utilized due to revenue declines will be replenished over a five-year period. Funds utilized for unfunded mandates or unanticipated expenditures cannot be used for more than a three-year period and must be replenished within five-years after the three-year period.

At September 30, 2020, reserve amounts for those funds were:

	Disaster Relief	Budget Stabilization	Total
General Fund	\$ 7,650,000	\$ 7,650,000	\$ 15,300,000
Transportation Fund	950,000	950,000	1,900,000
Emergency Services District Fund	2,250,000	2,250,000	4,500,000
Total	\$ 10,850,000	\$ 10,850,000	\$ 21,700,000

The General Fund reserves are included in the unassigned fund balance on the balance sheet. The Transportation Fund reserves are included in the assigned fund balance and the Emergency Services District Fund reserves are included in the restricted fund balance on the balance sheet. The Emergency/Disaster Relief and Budget Stabilization Reserve amounts may only be revised by the Board of County Commissioners.

Minimum Fund Balance - The approved fund balance policy dictates the Board's attempt to maintain a minimum fund balance in the General, Transportation, and Emergency Services District funds of 20% of budgeted annual operating expenditures. The minimum fund balance level may be revised by the County Administrator or his designee.

C. Spending Hierarchy

For all governmental funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

D. Fund Balance Deficit

The Metropolitan Planning Organization Fund, a nonmajor Governmental Fund, had a deficit in fund balance of \$89,708 at September 30, 2020. This deficit will be eliminated by grant proceeds in fiscal year 2021. The Jackie Robinson Training Complex Fund, a nonmajor Governmental Fund, had a deficit in fund balance of \$227,670 at September 30, 2020. This deficit will be eliminated by tourist tax collections in future fiscal years.

NOTE 17 - RISK MANAGEMENT

General Liability, Property, Worker's Compensation and Medical

The Board is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors or omissions, injuries to employees, and natural disasters. The Board established a Self Insurance Fund (an internal service fund) to account for and finance its uninsured risk of loss. Under this program, the Self Insurance Fund provides coverage as follows:

	<u>10/01/15 to</u> <u>9/30/2020</u>
Worker's Compensation	\$ 650,000
General Liability	200,000
Auto Liability	200,000

Year Ended September 30, 2020

NOTE 17 - RISK MANAGEMENT - Continued

General Liability, Property, Worker's Compensation and Medical - Continued

All departments of the Board participate in the program. Payments are made by various funds to the Self Insurance Fund based on past experience and actual estimates of the amounts needed to pay current year claims. The Board has received workers compensation reimbursements totaling \$3,072 for fiscal year 2020, \$41,832 for fiscal year 2019, and \$1,685 for fiscal year 2018.

The Board purchases excess insurance to cover claims in excess of the amounts listed above. There is a 5% deductible per location for property damages arising due to a hurricane under the reinsurance policy.

The Board is also self-insured for medical claims covering employees and their eligible dependents. As required by Section 112.081, Florida Statutes, retirees and their eligible dependents are provided the same health care coverage as is offered to active employees; however, the retirees are responsible for payment of the premiums. Medical claims are paid from premiums contributed by employees, retirees, and by the Board. Premiums and contributions are determined by projected claims based on historical and actuarial experience. The self-insurance medical plan assumes all risk for claims, other than worker's compensation, up to \$300,000 per occurrence. The Board has purchased a reinsurance policy to cover claims in excess of these limits. There were medical claim reimbursements totaling \$1,022,187 for fiscal year 2020, \$670,688 for fiscal year 2019, and \$471,549 for fiscal year 2018.

The claims liability of \$7,944,000 reported at September 30, 2020, is based on the requirements of generally accepted governmental accounting standards, which require that a liability for claims be reported if information is available prior to the issuance of the financial statements, and the amount of the loss, can be reasonably estimated. Estimates for claims incurred but not reported are actuarially determined and recorded. Based on the actuary's report, \$2,649,000 will be liquidated over the next twelve months.

NOTE 18 - COMMITMENTS AND CONTINGENCIES

A. Litigation

The Board is involved in litigation regarding a zoning dispute and other matters, and may be required to pay damages at a future date. While the ultimate amount of damages is currently unknown, management has estimated that the amount is likely to equal or exceed \$3,917,250. Accordingly, management has recorded an estimated liability in that amount in the financial statements.

Various other suits and claims are currently pending against the Board. It is impossible for the Board to accurately quantify the exposure involved given the jury's latitude in assessing compensatory and punitive damages, and the court's latitude in awarding attorney's fees. The Board intends to vigorously defend against these lawsuits and believes it has a good chance of prevailing on their merits. The Board is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of its operations. In the opinion of management and based on the advice of legal counsel, the ultimate disposition of lawsuits will not have a material adverse effect on the financial position of the Board.

B. Contracts and Other Commitments

The Board has various contracts and commitments outstanding at September 30, 2020. In the General Fund, contracts are for janitorial services, beach park landscape and custodial maintenance, legislative consulting services and external auditing services. In the Special Revenue Funds, contracts are for the Courthouse renovations, Indian River Blvd. and 8th Street signalization and intersection improvements, beach profile surveys and monitoring, several conservation area improvements as well as a variety of other road paving and drainage projects. In the Capital Projects Fund, contracts are for intersection improvements at State Road 60 and 43rd Avenue, 58th Avenue full depth reclamation project, 43rd Avenue improvements from 18th Street to 26th Street, P25 radio system migration project, and several sidewalk and road improvement projects throughout the County. In the Enterprise Funds, contracts are for the golf course maintenance, aquifer wells rehabilitation project, Countywide meter replacement program, Roseland elevated storage tank conversion, pump station and water transmission main, and various other water and sewer projects. In the Internal Service Funds, contracts are for benefit administration services and GIS aerial imagery.

General	\$ 3,338,260	\$ (1,787,648)	\$ 1,550,612

Total	\$ 67,634,894	\$ (30,245,006)	\$ 37,389,888

C. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If any expenditures are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would become a liability of the Board. In the opinion of management, any such adjustments would not be significant.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

March 10, 2021

The Honorable Board of County Commissioners
Indian River County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial statements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the fund financial statements of the major fund and the aggregate remaining fund information of the **Indian River County, Florida Board of County Commissioners** (the "Board"), as of and for the year ended September 30, 2020, which collectively comprise the Board's fund financial statements and have issued our report thereon dated March 10, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

The Honorable Board of County Commissioners
Indian River County, Florida
March 10, 2021
Page 2

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rehmann Lobson LLC

CLERK OF THE CIRCUIT COURT AND COMPTROLLER

INDEPENDENT AUDITORS' REPORT

March 10, 2021

The Honorable Jeffrey R. Smith
Clerk of the Court and Comptroller
Indian River County, Florida

Report on the Financial Statements

We have audited the accompanying fund financial statements of each major fund and the aggregate remaining fund information of the **Indian River County, Florida Clerk of Court** (the "Clerk"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Clerk's fund financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the funds of the Clerk as of September 30, 2020 and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Reporting Entity

As discussed in Note 1, the financial statements referred to above present only the *Indian River County, Florida Clerk of Court* and do not purport to, and do not, present fairly the financial position of Indian River County, Florida as of September 30, 2020, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 10, 2021, on our consideration of the Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk's internal control over financial reporting and compliance.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Clerk of the Circuit Court and Comptroller (Clerk) is a County agency and a local governmental entity pursuant to Article VIII, Section 1(d) of the Constitution of the State of Florida. For financial statement and reporting purposes, the Clerk does not meet the definition of a legally separate organization and is not considered to be a component unit. The Clerk is considered to be a part of the primary government of Indian River County.

Court-related expenditures are funded through filing fees, service charges, court costs and fines assessed to parties using the court system. Under 2013-44, Laws of Florida, revenue collected by the Clerk is retained by the County and remitted to the Florida Department of Revenue based upon various formulas determined by Florida Clerks of Court Operations Corporation. Non-court expenditures are funded by the Board of County Commissioners for both the finance and recording (board meeting recordings) departments. Additional non-court revenues include various fees assessed for the recording of documents, passports, marriage licenses and court reporter services. Both court and non-court operations are reported in these financial statements.

The financial statements contained herein represent the financial transactions of the Clerk of the Circuit Court and Comptroller only. The format of the Clerk's statements has been prepared in accordance with the presentation requirements of GASB 34 for fund financial statements.

The following is a summary of the significant accounting principles and policies used in the preparation of the accompanying financial statements.

A. Description of Funds

For reporting purposes, the accounting records are organized into the following two fund types: governmental funds and a fiduciary fund.

Governmental Funds

General Fund - The General Fund, which is a governmental fund, is used to account for all revenues and expenditures applicable to the general (both court and non-court) operations of the Clerk which are not accounted for in another fund. All financial resources, which are not accounted for and reported in another fund, are recorded in the General Fund. The governmental fund measurement focus is based upon determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income determination.

Year Ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Special Revenue Fund - The Special Revenue Fund accounts for the proceeds from recording fees to be used for modernizing the Clerk's public records systems, subsidizing court-related operational needs and program enhancements, and adding access to public records (by charging a computer usage fee).

Fiduciary Fund

Agency Fund - The Agency Fund is used to account for assets held by the Clerk in a trustee capacity or as an agent. These funds cannot be used to support the Clerk's own programs.

B. Basis of Accounting, Measurement Focus and Presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Expenditures are recorded at the time liabilities are incurred. Revenues are recorded when received or when they are considered both measurable and available. The Clerk only considers revenue to be available if collected within the current fiscal year, except for Title IV-D grant revenue. This grant revenue is subject to accrual and has been recognized as revenue of the current fiscal period. Revenues collected in excess of expenditures are not considered earned and are reflected as liabilities. The fiduciary fund is accounted for on the accrual basis.

C. Budgetary Requirements

State statutes require the Clerk to prepare the budget in two parts: the budget relating to the State court system and the budget relating to the requirements of the Clerk as Clerk to the Board of County Commissioners, County auditor, and custodian of all County funds and other County-related duties. The budget relating to the State court system is prepared by the Clerk and submitted to the Florida Clerks of Court Operations Corporation (CCOC) by May 1 of each year (for consolidation to the Florida Legislative Budget Commission by August 1). The budget relating to the requirements of the Clerk as Clerk to the Board of County Commissioners is prepared prior to May 1 and is reviewed, modified if required, and approved by the Board by October 1. Both budgets are adopted on a basis consistent with generally accepted accounting principles.

The budget legally adopted by the Clerk must be balanced; that is, the total of estimated receipts, including funding from the Board, shall equal the total estimated expenditures. Management is authorized to transfer budgeted amounts between objects and departments in any fund as long as management does not exceed the total appropriations of a fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D. Cash

Cash reported on the financial statements includes bank deposits, cash on hand, certificates of deposit, money market accounts, and all highly liquid investments with maturities of ninety days or less when purchased.

E. Prepaid Items

This account represents prepayments for services that will be used in future periods. The Clerk's policy is to record the expenditure for the services when they are used rather than when the cash is disbursed.

F. Capital Assets

Acquisitions of equipment are recorded as expenditures at the time of purchase for governmental fund financial statements. Tangible personal property used by the Clerk in operations is reported in the financial statements of the County. Refer to the County-wide note on capital assets for capitalization threshold, depreciation methodology and useful lives.

G. Compensated Absences

The Clerk accrues a liability for employees' rights to receive compensation for future absences when certain conditions are met. The Clerk does not, nor is legally required to, accumulate expendable, available financial resources to liquidate this obligation. Accordingly, the liability for compensated absences is not reported in the Clerk's financial statements. Additional information on the liability is reflected in Note 6.

H. Transfer In

The non-court operations (finance function and board meeting recordings) were funded by the Board of County Commissioners in the amount of \$1,090,651.

I. Transfer Out

In accordance with Florida Statutes, all non-court-related revenues in excess of expenditures as of year-end are owed to the Board of County Commissioners before November 1. A total of \$262,922 of excess fees was returned to the Board. This transfer is included in the amount reported as Due to Other Governments on the balance sheet

J. Fund Balance

GASB Statement 54 - *Fund Balance Reporting and Governmental Funds Type Definitions* was implemented as of October 1, 2009. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Categories for fund balance are as follows: nonspendable, restricted, committed, assigned, and unassigned. For more information, see the County-wide note on fund balance.

NOTE 2 - CASH

A. Deposits

At September 30, 2020, the carrying value of the Clerk's deposits was \$4,946,413 and the bank balance was \$4,930,858. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral provided by qualified public depositories to the State Treasurer in accordance with Section 280.01, Florida Statutes, also known as the Florida Security for Public Deposits Act.

The Clerk's office follows the above state law (governing custodial credit risk) for cash deposits. Refer to the County-wide note on cash and investments for the definition of custodial credit risk.

B. Deposit and Investment Policies

The Clerk adopted a cash and investment policy on April 25, 2013 with the intent to match investment maturities with known cash needs and anticipated cash flow requirements. The policy was last updated on November 15, 2018.

Interest Rate Risk

The Clerk's cash and investment policy includes the following limits:

- All final maturities are three years or less,
- At least 50% of the portfolio shall be invested in readily available funds.

- No more than 40% of the portfolio may be placed in any money market fund or intergovernmental investment pool.

Custodial Credit Risk

The Clerk's cash and investment policy pursuant to 218.415, Florida Statutes, requires securities to be held in the name of the Clerk and separately identified from the assets of the financial institution. All cash and money market accounts are listed under the name of the Indian River County Clerk of Circuit Court.

NOTE 3 - PENSION PLAN

Florida Retirement System

Plan Description: The Clerk's employees participate in the Florida Retirement System (FRS), a cost-sharing, multiple-employer public employee retirement system, administered by the Florida Department of Management Services (DMS). Benefit provisions are established and may be amended by state statute. A financial report is available from the DMS website at www.dms.myflorida.com or by mail at Florida Division of Retirement, PO Box 9000, Tallahassee, FL 32315-9000.

Effective July 1, 2011, the FRS became a contributory plan for all members, except DROP participants, whereby members contribute 3% and employers pay a rate based upon each member's employment class. Classes and rates in effect at July 1, 2020 were: regular class 10.00%, senior management class 27.29%, DROP class 16.98%, and elected official class 49.18%. Included in these rates is a health insurance subsidy of 1.66%.

Employees elect participation in either the defined benefit plan (Pension Plan) or the defined contribution plan (Investment Plan). If the employee enrolled in the FRS Pension Plan prior to July 1, 2011, normal retirement is age 62 with 6 years of service or 30 years of service, regardless of age. If the employee enrolled in the FRS Pension Plan on or after July 1, 2011, normal retirement is age 65 with 8 years of service or 33 years of service, regardless of age.

Under the Pension Plan, early retirement is available before reaching normal retirement age and will be subject to an early-retirement reduction of 5% for each year your age at retirement is under your normal retirement age. For those employees who elect participation in the Investment Plan rather than the Pension Plan, vesting occurs after one year of service. Participants have access to the full value of their vested account balance when they leave FRS employment, regardless of age. These participants receive a defined contribution for self-direction in an investment product with a third party administrator selected by the State Board of Administration.

Benefits Provided: Retirement benefits are determined by age, years of service, the average of the highest 5 or 8 fiscal years of pay, membership class and the payment option selected at retirement. For further information concerning the FRS and contribution rates, please read the County-wide note on pension plans.

Contributions: Employer contributions to the FRS are based on a percentage of covered payroll that has been actuarially determined as an amount, when combined with employee contributions, is expected to finance the cost of benefits earned by employees during the year with an additional amount to finance any unfunded accrued liability.

NOTE 3 - PENSION PLAN - Continued

Florida Retirement System - Continued

For the year ended September 30, 2020, the Clerk's actuarial contribution to FRS under the Pension Plan was \$315,293 and the Health Insurance Subsidy (HIS Program) was \$63,408. Employee contributions for both plans were \$89,072. Both employer and employee contributions were equal to 100% of the required contribution for each year.

Pension Liabilities: At September 30, 2020, the Division of Retirement calculated the Clerk's liability of \$3,798,371 for the FRS plan and \$1,329,164 for the HIS Program, for a total of \$5,127,535 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The Clerk's proportion of the net pension liability was based on a projection of the Clerk's long-term share of contributions to the Pension Plan relative to the projected contributions of all participating employers, actuarially determined. At September 30, 2020, the Clerk's proportion was .008764% for the FRS Pension Plan and .010886% for the HIS Program.

Discount Rate for Pension Plan: The discount rate used to measure the total pension liability was 6.80%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the Clerk's contributions will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Clerk's Proportionate Share of the Net Position Liability to Changes in the Discount Rate for the Pension Plan: The following presents the Clerk's proportionate share of the net pension liability (NPL) of the Pension Plan calculated using the discount rate of 6.80%. Also presented is what the Clerk's proportionate share of the FRS plan NPL would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	<u>1% Decrease (5.80%)</u>	<u>Current Discount Rate (6.80%)</u>	<u>1% Increase (7.80%)</u>
Clerk's proportionate share of NPL	\$ 6,065,360	\$ 3,798,371	\$ 1,904,972

Indian River County, Florida
 Clerk of the Circuit Court and Comptroller
 Notes To Financial Statements
 Year Ended September 30, 2020

NOTE 3 - PENSION PLAN - Continued

Florida Retirement System - Continued

Discount rate for the HIS Program: In general, the discount rate for calculating the pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Program is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate. The single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the Clerk's Proportionate Share of the Net Position Liability to Changes in the Discount Rate for the HIS Program: The following presents the Clerk's proportionate share of the NPL of the HIS Program calculated using the discount rate of 2.21%. Also presented is what the Clerk's proportionate share of the HIS Program NPL would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	<u>1% Decrease (1.21%)</u>	<u>Current Discount Rate (2.21%)</u>	<u>1% Increase (3.21%)</u>
Clerk's proportionate share of NPL	\$ 1,536,454	\$ 1,329,164	\$ 1,159,498

Refer to the County-wide note for actuarial assumptions (including the investment rate of return), pension liability on financial statements, and an explanation of pension expense components. The pension liability is not reported in the financial statements of the Clerk since they are not payable from available spendable resources. It is reported in the financial statements of the County by the fund which normally pays the personnel service costs of the employee.

NOTE 4 - OTHER POSTEMPLOYMENT BENEFITS

The Clerk participated in the Indian River County Other Postemployment Benefits Trust (OPEB Trust). The Clerk's 2020 annual contribution of \$74,412 was funded by: the Board of County Commissioners in the amount of \$12,402; non-court operations in the amount of \$57,240; and special revenue funds in the amount of \$4,770. This contribution was considered part of a total contribution determined by the OPEB Trust actuary. Further information on the OPEB Trust can be found in the County-wide financial statements and in the County notes.

NOTE 5 - RISK MANAGEMENT

Indian River County maintains a risk management program that provides for coverage of risks of loss related to torts, theft of, damage to and destruction of assets, errors or omissions, injuries to employees, natural disasters, and medical and life insurance coverage for employees and their eligible dependents. Various excess catastrophe insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the Self Insurance Fund. The Clerk participated in the County's self-insurance program during the fiscal year at an annual cost of approximately \$706,834. Further details of this self-insurance program are discussed in the County-wide financial statements and County-wide note on risk management.

NOTE 6 - LONG-TERM LIABILITIES

Changes in Long-Term Liabilities

The following is a schedule of changes in long-term liabilities as of September 30, 2020:

	Beginning Balance <u>10/01/19</u>	<u>Additions</u>	<u>Deletions</u>	Ending Balance <u>9/30/20</u>
Accrued Compensated Absences	<u>\$ 271,395</u>	<u>\$ 349,050</u>	<u>\$ 295,561</u>	<u>\$ 324,884</u>

Of the \$324,884 liability for accrued compensated absences, management estimates that \$40,000 will be due and payable within one year. The long-term liabilities are not reported in the financial statements of the Clerk since they are not payable from available spendable resources. They are reported in the financial statements of the County by the fund which normally pays the personnel service costs of the employee.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

March 10, 2021

The Honorable Jeffrey R. Smith
Clerk of the Circuit Court and Comptroller
Indian River Clerk, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial statements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the fund financial statements of the major fund and the aggregate remaining fund information of the **Indian River County, Florida Clerk of Court** (the "Clerk"), as of and for the year ended September 30, 2020, which collectively comprise the Clerk's fund financial statements and have issued our report thereon dated March 10, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clerk's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PROPERTY APPRAISER

INDEPENDENT AUDITORS' REPORT

March 10, 2021

The Honorable Wesley Davis
Property Appraiser
Indian River County, Florida

Report on the Financial Statements

We have audited the accompanying fund financial statements of the major fund information of the **Indian River County, Florida Property Appraiser** (the "Property Appraiser"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Property Appraiser's fund financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the fund of the Property Appraiser as of September 30, 2020, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Reporting Entity

As discussed in Note 1, the financial statements referred to above present only the *Indian River County, Florida Property Appraiser* and do not purport to, and do not, present fairly the financial position of Indian River County, Florida as of September 30, 2020, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 10, 2021, on our consideration of the Property Appraiser's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control over financial reporting and compliance.

Notes To Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Property Appraiser is a County agency and a local governmental entity pursuant to Article VIII, Section 1(d) of the Constitution of the State of Florida. For financial statement and reporting purposes, the Property Appraiser does not meet the definition of a legally separate organization and is not considered to be a component unit. The Property Appraiser is considered to be a part of the primary government of Indian River County. The financial statements contained herein represent the financial transactions of the Property Appraiser only. The format of the Property Appraiser's statements has been prepared in accordance with the presentation requirements of GASB 34 for fund financial statements.

The following is a summary of the significant accounting principles and policies used in the preparation of the accompanying financial statements.

A. Description of Funds

For reporting purposes, the accounting records are organized on the basis of governmental funds.

Governmental Fund

General Fund - The General Fund, which is a governmental fund, is used to account for all revenues and expenditures applicable to the general operations of the Property Appraiser. All financial resources, which are not accounted for and reported in another fund, are recorded in the General Fund. The governmental fund measurement focus is based upon determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income determination.

B. Basis of Accounting, Measurement Focus and Presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Expenditures are recorded at the time liabilities are incurred. Revenues are recorded when received or when they are considered both measurable and available. Revenues collected in excess of expenditures are not considered earned and are reflected as liabilities.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C. Budgetary Requirements

State statutes require the Property Appraiser to prepare an annual budget, which clearly reflects the revenues available to his office and the functions for which money is to be expended. The budgeted revenues and expenditures are subject to the review and approval of the Department of Revenue. Management is authorized to transfer budgeted amounts between objects and departments as long as management does not exceed the total appropriations of a fund. Department of Revenue approval is only required when unanticipated revenues are received that management wishes to have appropriated, thereby increasing the total appropriations. The budget is prepared on a basis consistent with generally accepted accounting principles.

D. Capital Assets

Acquisitions of equipment are recorded as expenditures at the time of purchase for governmental fund financial statements. Tangible personal property used by the Property Appraiser in operations is reported in the financial statements of the County. Refer to the County-wide note on capital assets for capitalization threshold, depreciation methodology and useful lives.

E. Compensated Absences

The Property Appraiser accrues a liability for employees' rights to receive compensation for future absences when certain conditions are met. The Property Appraiser does not, nor is legally required to, accumulate expendable available financial resources to liquidate this obligation. Accordingly, the liability for compensated absences is not reported on the Property Appraiser's financial statements. Additional information on the liability is reflected in subsequent Note 6.

F. Transfer Out

In accordance with Florida Statutes, all revenues in excess of expenditures as of year-end are owed to the Board of County Commissioners and other governments. These "excess fees" totaled \$197,988 at September 30, 2020, and are included as due to other governments on the balance sheet. Of this amount, \$179,723 was owed to the Board of County Commissioners and is reported as Transfers to Board of County Commissioners on the Statement of Revenues, Expenditures and Changes in Fund Balances.

G. Fund Balance

GASB Statement 54 - *Fund Balance Reporting and Governmental Funds Type Definitions* was implemented as of October 1, 2009. This Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Categories for fund balance are as follows: nonspendable, restricted, committed, assigned, and unassigned. For more information, see the County-wide note on fund balance.

NOTE 2 - CASH

Deposits

At September 30, 2020, the carrying amount of the Property Appraiser's deposits was \$285,309 and the bank balance was \$340,150. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral provided by qualified public depositories to the State Treasurer in accordance with Section 280.01, Florida Statutes, also known as the Florida Security for Public Deposits Act. The Property Appraiser adopted the Board of County Commissioners' investment policy. This policy requires the Property Appraiser's office to follow the above state law (governing custodial credit risk) for cash deposits. Refer to the County-wide note on cash and investments for the definition of custodial credit risk.

NOTE 3 - PENSION PLAN

Florida Retirement System

Plan Description: The Property Appraiser's employees participate in the Florida Retirement System (FRS), a cost-sharing, multiple-employer public employee retirement system, administered by the Florida Department of Management Services (DMS). Benefit provisions are established and may be amended by state statute. A financial report is available from the DMS website at www.dms.myflorida.com or by mail at Florida Division of Retirement, PO Box 9000, Tallahassee, FL 32315-9000.

Effective July 1, 2011, the FRS became a contributory plan for all members, except DROP participants, whereby members contribute 3% and employers pay a rate based upon each member's employment class. Classes and rates in effect at July 1, 2020 were: regular class 10.00%, senior management class 27.29%, DROP class 16.98%, and elected official class 49.18%. Included in these rates is a health insurance subsidy of 1.66%.

NOTE 3 - PENSION PLAN - Continued

Florida Retirement System - Continued

Employees elect participation in either the defined benefit plan (Pension Plan) or the defined contribution plan (Investment Plan). If the employee enrolled in the FRS prior to July 1, 2011, normal retirement is age 62 with 6 years of service or 30 years of service, regardless of age. If the employee enrolled in the FRS on or after July 1, 2011, normal retirement is age 65 with 8 years of service or 33 years of service, regardless of age.

Under the Pension Plan, early retirement is available before reaching normal retirement age and will be subject to an early-retirement reduction of 5% for each year your age at retirement is under your normal retirement age. For those employees who elect participation in the Investment Plan rather than the Pension Plan, vesting occurs after one year of service. Participants have access to the full value of their vested account balance when they leave FRS employment, regardless of age. These participants receive a defined contribution for self-direction in an investment product with a third party administrator selected by the State Board of Administration.

Benefits Provided: Retirement benefits are determined by age, years of service, the average of the highest 5 or 8 fiscal years of pay, membership class and the payment option selected at retirement. For further information concerning the FRS and contribution rates, please read the County-wide note on pension plans.

Contributions: Employer contributions to the FRS are based on a percentage of covered payroll that has been actuarially determined as an amount, when combined with employee contributions, is expected to finance the cost of benefits earned by employees during the year with an additional amount to finance any unfunded accrued liability.

For the year ended September 30, 2020, the Property Appraiser's actuarial contributions to FRS under the Pension Plan were \$261,507 and the Health Insurance Subsidy (HIS Program) were \$38,471. Employee contributions were \$62,327. Both employer and employee contributions were equal to 100% of the required contribution for each year.

NOTE 3 - PENSION PLAN - Continued

Pension Liabilities: At September 30, 2020, the Division of Retirement calculated the Property Appraiser's liability of \$3,300,157 for the FRS plan and \$808,950 for the HIS Program, for a total of \$4,109,107 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The Property Appraiser's proportion of the net pension liability was based on a projection of the Property Appraiser's long-term share of contributions to the Pension Plan relative to the projected contributions of all participating employers, actuarially determined. At September 30, 2020, the Property Appraiser's proportion was .007614% for the FRS Pension Plan and .006625% for the HIS Program.

Discount Rate for Pension Plan: The discount rate used to measure the total pension liability was 6.80%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the Property Appraiser's contributions will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Property Appraiser's Proportionate Share of the Net Position Liability to Changes in the Discount Rate for the Pension Plan: The following presents the Property Appraiser's proportionate share of the Net Pension Liability (NPL) of the Pension Plan calculated using the discount rate of 6.80%. Also presented is what the Property Appraiser's proportionate share of the FRS plan NPL would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	1% Decrease (5.80%)	Current Discount Rate (6.80%)	1% Increase (7.80%)
Property Appraiser 's proportionate share of NPL	\$ 5,269,796	\$ 3,300,157	\$ 1,655,106

Discount rate for the HIS Program: In general, the discount rate for calculating the pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Program is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate. The single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the Property Appraiser's Proportionate Share of the Net Position Liability to Changes in the Discount Rate for the HIS Program: The following presents the Property Appraiser's proportionate share of the NPL of the HIS Program calculated using the discount rate of 2.21%. Also presented is what the Property Appraiser's proportionate share of the HIS Program NPL would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	1% Discount (1.21%)	Current Discount Rate (2.21%)	1% Increase (3.21%)
Property Appraiser's proportionate share of NPL	\$ 935,110	\$ 808,950	\$ 705,688
