Dear President Passidomo, Speaker Renner and Executive Director Young:

Pursuant to section 379.3001(7), Florida Statutes, the Florida Department of Environmental Protection (DEP) is providing this report on lands owned by the Board of Trustees of the Internal Improvement Trust Fund (BOT) that are hunted and managed by DEP, local governments, universities, nongovernmental organizations or federal agencies. Other agencies or water management districts that manage BOT lands will report their hunting lands separately and are not included herein.

This report includes lands where hunting was permitted and lands where hunting was not permitted during Fiscal Year 2022-23. This information is reported to and utilized by the Florida Fish and Wildlife Conservation Commission, which reports on properties that were open to hunting during the previous fiscal year; properties that were not open to hunting during the previous fiscal year; and acreage for each property and the county where the property is located, except for right-of-way lands and parcels under 50 acres.

If you have any questions, please feel free to contact me or Mara Gambineri, Deputy Secretary for Land and Recreation, at 850-245-2044.

Sincerely,

Anna DeCerchio Chief of Staff
