

# 2022 Annual Report

## ***VIOLENT CRIME AND DRUG CONTROL COUNCIL***

## EXECUTIVE SUMMARY

In 1993, the Florida Violent Crime Council was established to financially assist local law enforcement agencies in extraordinary violent crime cases. After Florida's crime trend slightly shifted from violent crime to drug crimes, the 2001 Legislative Session approved the expansion of the Council to include funding for drug investigations. Renamed the Violent Crime and Drug Control Council (Council), the Council was given the ability to provide supplemental funding to local and state law enforcement agencies working violent crime, major drug and money laundering investigations, and victim/witness protection and relocation efforts. The Legislature supports the funding of the Council on a year-to-year basis. Due to budgetary constraints, the Council has only funded victim/witness protection reimbursement requests since September 2008.

In 2021, the Legislature continued authorization for the Florida Department of Law Enforcement (FDLE) to use trust funds to support victim/witness protection reimbursement requests. The Council funded three victim/witness protection and relocation reimbursement requests totaling \$13,600.00 for the second half of Fiscal Year (FY) 2021-22. FDLE did not submit a legislative budget request for FY 2022-23 to fund reimbursement grants for the upcoming fiscal year and FDLE did not fund this program for the fiscal year.

### ***Overview of Funding and Council Meetings***

The Council did not hold an open conference meeting during 2022.

The Council's six-member Victim and Witness Protection Review Committee held two closed conference meetings in February and June of 2022. The Committee approved three reimbursement funding requests for a total of \$13,600.00.

FDLE continues to maintain the Council's website as a valuable source of information for the public and law enforcement community. The website contains information on Council membership, upcoming meetings, regional contacts, online forms and applications, and step-by-step application procedures.

## **2022 FISCAL SUMMARY**

Florida Statutes require all agencies awarded Council funds to complete a report on all active/open violent crime and drug funded cases every six months. The completed report, which is provided to FDLE by the receiving agency, must detail the expenditure of Council funds during the reporting period. If a previously open/active case is closed during the reporting period, the agency must submit a final report and closing letter to FDLE. All unspent funds must be returned to the State of Florida. There were no open/active violent crime or drug cases in 2022.
