Compliance with Criteria In Effect When Certified

City of Dunedin

2022 Annual Report on Spring Training Activities

To the Florida Department of Economic Opportunity

**City of Dunedin Compliance with Criteria In Effect When Certified
under Section 288.11631, Florida Statutes**

Criterion No. 1

The applicant is responsible for the construction or renovation of the facility for a spring training franchise or holds title to the property on which the facility for a spring training franchise is located.

Compliance with Criterion No. 1

The applicant presents warranty deeds for the property on which the spring training activities take place and on which the construction/renovation was completed. (See Appendix)

Criterion No. 2

The applicant has a certified copy of a signed agreement with a spring training franchise. The signed agreement with a spring training franchise for the use of a facility must, at a minimum, be equal to the length of the term of the bonds issued for the public purpose of constructing or renovating a facility for a spring training franchise. If no such bonds are issued for the public purpose of constructing or renovating a facility for a spring training franchise, the signed agreement with a spring training franchise for the use of a facility must be for at least 20 years. Any such agreement with a spring training franchise for the use of a facility cannot be signed more than 4 years before the expiration of any existing agreement with a spring training franchise for the use of a facility. The agreement must also require the franchise to reimburse the state for state funds expended by an applicant under this section if the franchise relocates before the agreement expires. The agreement may be contingent on an award of funds under this section and other conditions precedent.

Compliance with Criterion No. 2

The applicant presents copies of the signed agreements related to spring training activities at the facilities. (See Section II)

Criterion No. 3

The applicant has made a financial commitment to provide 50 percent or more of the funds required by an agreement for the construction or renovation of the facility for a spring training franchise. The commitment may be contingent upon an award of funds under this section and other conditions precedent.

Compliance with Criterion No. 3

The applicant presents evidence of local match in the form of a newspaper article stating that funds are committed from the local tourist development tax, a City of Dunedin resolution authorizing the license agreement, construction project and funding, and excerpts from the City of Dunedin's Adopted Annual Budget 2022 related to stadium fund revenues and expenditures. (See Appendix)

Criterion No. 4

The applicant demonstrates that the facility for a spring training franchise will attract a paid attendance of at least 50,000 persons annually for the spring training games.

Compliance with Criterion No. 4

Over a fourteen-year period (2006 – 2019) the average attendance at spring training games at the Dunedin facility has been 67,953. At no time during that period did attendance drop below 50,000. (See Appendix)

In 2020, the first spring training season held in the newly renovated stadium, the COVID-19 pandemic forced the cancelation of 5 of the 16 scheduled games or 31% of the schedule. Overall attendance for the 2020 season was 46,865, an average of 5,207 per game or 61% capacity. Using these figures, the applicant believes attendance for the full season, had it been played, would again exceed 50,000 by a large margin.

The 2021 season was wholly impacted by the continuing COVID-19 pandemic. Stadium capacity was limited to 1,275 people per game, in accordance to CDC guidelines for live sporting events. Of 14 games played, average attendance was 1,131 or about 87% capacity.

The 2022 season was delayed due to the MLB lockout, which ended on March 10, 2022. All spring training games were cancelled until March 17, 2022, shortening the season to 9 home games, one of which was a rainout. In addition to an overall feeling of disenchantment amongst fans throughout the league, the ongoing COVID-19 pandemic continued to affect attendance as several surges occurred over the course of the season. Of 8 games played, average attendance was 3,811. Despite the lockout and pandemic,

the applicant believes attendance would still have exceeded 50,000 had the regular number of games been played, based on the per game average of 3,811.

Criterion No. 5

The facility for a spring training franchise is located in a county that levies a tourist development tax under Section 125.0104, Florida Statutes.

Compliance with Criterion No. 5

Pinellas County does levy a tourist development tax, as indicated by information taken from the Pinellas County Tourist Development Council's website. (See Appendix)

DUNEDIN, Fla. — Uncertainty continues to climb over the start of spring training as [Major League Baseball remains in a lockout](#). Fans and local business owners are

hoping for a resolution soon in order to reap the benefits of games in the Tampa Bay area.

Frank Rocco isn't just a Phillies super fan, but instead, some might call him an unofficial mascot. He's ready for the crack of the bats signaling a new season.

"Spring training, everything starts out new each year," said Rocco, the creator of Phillies Fans of Spring Training. "Everybody's batting and hitting 0.00, and it's a fantastic experience. You never know what's going to happen."

BayCare Ballpark in Clearwater is the home of Phillies spring training. West Central Florida alone has eight of the 15 teams that make up the [Florida Grapefruit League](#).

"The first game is February 26, and then they're supposed to open up in Philly on March 31. Does that look good? No way," said Rocco.

Uncertainty is growing over an on-time start to spring training. Major League Baseball remains in a lockout, with pitchers and catchers set to report this week and Cactus and Grapefruit League games to [officially start Saturday, February 26](#).

"The City of Lakeland, we have the longest-running relationship with Major League Baseball," said Kevin Cook, the Director of Communications with the City of Lakeland. "Spring training's been here for a long, long time."

Lakeland is the home of the Detroit Tigers spring training. The city said spring training has an estimated economic impact of \$55 million on the local Lakeland economy.

"That's just not what takes place around the stadium, but that's also the trickle-down into bars, restaurants, rental car facilities, things of that nature," said Cook. "That's really big, and those businesses that count on those dollars. It's going to definitely affect their pocketbook."

The city explained they're hopeful the two sides come to an agreement in the very near future.

“We've been told to just business as usual, stay on track, so our facility will be ready when Major League Baseball decides to have spring training,” said Cook.

Spring training's impact on the Tampa Bay area is far-reaching. Home Plate, a restaurant in Dunedin, is just steps away from TD Ballpark, the spring training home of the Toronto Blue Jays. On game days, Ralph Kleinchrod, the restaurant's owner, said you'll see a sea of blue.

“If the games don't happen this year, it's not good for us. It's not good for the city. [If] it's coming later, it's delayed, it's okay, it's not a big problem if they are here, but if they stopped completely, this is really bad for everybody here,” said Kleinchrod.

Still, fans remain ready and hopeful they'll hear "play ball" sometime soon.

“The spring training games here in Dunedin, over in Tampa, and here in Clearwater, they're just losing millions and millions of dollars,” said Rocco. “It's a shame. It's really a shame.”

DUNEDIN, Fla. (WFLA) – Spring training begins today for Major League Baseball teams. With the 99 day lockout finally over; teams, fans, and businesses are preparing for the return of games. This is a huge deal for those who love the Toronto Blue Jays in Dunedin.

The Toronto Blue Jays' spring season training brings out the crowds and Dunedin businesses roll out the red carpet for their visitors.

New Spring Training schedule: When fans can catch a game in Tampa?

“We have a smoked maple bacon popcorn that a lot of the Canadians like, a little bit of Canada in Florida,” said Clay Freeman, co-owner of Harley’s Popcorn.

He said their businesses boom during this time of year, thanks to the extra people in the city. “They’re spending more and it affects every little store, all the way up to the hotels and the restaurants and everything. It makes a big difference for Tampa Bay I think.”

Freeman told 8 On Your Side he’s glad the lockout is over.

“It looked kind of iffy for a while there. We were a little worried about it and then when it finally kicked in and things got done it was a big sigh of relief,” he said.

Spring training camps around Florida are not open for the next four weeks. Andrew Shaw came all the way down to Florida from Toronto and has high hopes for this year's team.

"I watched them last year when they were here and in Buffalo and then in Toronto so you know what, we're really proud of the Blue Jays. Anybody who's from our area and Canada you know what we just love the Toronto Blue Jays," he said.

Games begin on March 18 and with opening day set for April 7.

Play ball! With MLB lockout over, players, fans and business owners are happy to salvage spring training

The crack of the bat ringing through BayCare Ballpark in Clearwater on Monday, March 13, was music to the ears of everyone in the stadium, as the Philadelphia Phillies got back to work on the 2022 spring training season following the end of the 99-day Major League Baseball lockout.

The lockout, which was initiated by the owners in December because of a dispute with the players over the collective bargaining agreement, was lifted when the new pact was approved by both parties on March 10. MLB teams quickly began assembling in Florida and Arizona for abbreviated Grapefruit and Cactus League seasons, which will be shortened to roughly 20 games starting this weekend.

“While the outcome took a bit longer than we had hoped, today is a great day for baseball,” Phillies Managing Partner John Middleton said in a statement after the five-year deal was approved. “I believe with our agreement, it will ultimately improve the game for our fans, who deserve the absolute best for their patience in this process.”

Indeed, while the news was met with joy by many baseball fans in Clearwater and Dunedin, longtime spring home of the Toronto Blue Jays and thousands of Canadian snowbirds, the lost games, coming at the height of spring break in Pinellas County, put a damper on many tourists’ travel plans.

“It’s really upsetting and disappointing,” 15-year-old Toronto resident Ethan Reiken said after he watched the Phillies take batting practice, where he snagged a foul ball. “We came here for spring training to see the Jays, so them not playing while we’re down here is really upsetting.”

Toronto residents Ethan, Deborah and Cole Reiken attended Phillies batting practice at BayCare Ballpark in Clearwater. The Reikens had planned to go to several spring training games this week, but the 99-day Major League Baseball lockout killed those plans.

Ethan's parents, Deborah and Cole Reiken, said they were driving around looking for something to do when they saw the Phillies stadium on Old Coachman Road was open, so they decided to pop in."

"It's not what we were hoping for, but it's better than nothing," Deborah Reiken said.

Nearby, Houston resident Matt McCoy was having his picture taken with his 10-year-old son, Ian, by a stadium staffer. Like the Reikens, he said he was trying to salvage what was supposed to be a week filled with baseball.

"We had tickets for three games this week, two here and a Jays game in Dunedin," said McCoy, after watching batting practice on a sunny, 80-degree afternoon. "I was hoping they would get things figured out by the time we got here, but they didn't, so we're just enjoying the great weather."

Houston resident Matt McCoy and his 10-year-old son, Ian, get their photo taken by a BayCare Ballpark staffer after watching the Phillies take batting practice. McCoy came to Pinellas County with plans to see three spring training games, but the 99-day baseball lockout squashed those plans, so he was trying to make the most of the area's great weather.

McCoy said he decided to use his refunded money on tickets to this weekend's Valspar Championship at Innisbrook Golf Resort in nearby Palm Harbor. "We're trying to make the most of it," he said.

That repurposing of tourism dollars is going to be vital in a county still recovering from the pandemic.

Around the corner from the recently renovated TD Ballpark in Dunedin, Simon's Pub was well under capacity on a recent Sunday afternoon. Owner Steve Campbell, who bought the place billed as "Dunedin's oldest pub" last summer, said he thought it would be full of baseball-loving patrons at this time of year.

"If there was a spring training game today, you wouldn't be able to get a seat in here," he said. "Today? Crickets."

Campbell, who has lived in Dunedin most of his life, said he had March in mind when he bought Simon's, which was founded in 1985 and is at 608 Union St.

"The previous owner told me this is when you make your money, and when I learned the games were being canceled, I was highly disappointed because I planned to use the extra money to complete the renovations," he said.

Campbell said he's already made some changes inside, and he just got the permits to build a smoking pavilion out front and hang a new sign on the façade.

"I had to tap into my 401(K) to make some of the improvements, and now I'm just waiting to see how many games and how much traffic we get," he said.

Grapefruit League clubs will play a regionalized schedule, with Florida's West Coast teams playing a minimum of 18 games across 21 days. The Phillies start on Friday, March 18, against the Detroit Tigers in Kissimmee, with the home opener against the Jays set for Saturday, March 19.

Dunedin resident and business owner Steve Campbell shows where the new sign for Simon's Pub is going to be installed. Campbell purchased the pub, located at 608 Union St., last summer with plans to be packed with baseball fans throughout the month of March, but the long Major League Baseball lockout forced him to alter his plans and dip into his 401(k) to continue renovating "Dunedin's oldest pub."

CLEARWATER, FL — Both baseball fans and Pinellas County businesses that depend on the additional dollars generated by spring training are celebrating this week following the end of the Major League Baseball's 99-day lockout.

On Thursday, players and owners resolved their battle over bucks and agreed to end the lockout that threatened to cancel regular-season games for the first time since 1995.

The players' executive board approved a five-year contract at about 3 p.m. Thursday in a 28-12 vote. Owners ratified the deal 30-0 three hours later, and the lockout was lifted at 7 p.m.

Let's go!

The lockout has delayed the start of spring training for the Grapefruit League in Florida where businesses have come to depend on the income generated by out-of-state baseball fans who make the yearly pilgrimage to Florida for spring training games.

For the past two years, the typical \$55 million in revenues generated by spring break in Tampa Bay, including Dunedin, spring training home of the Toronto Blue Jays; Clearwater, spring training home of the Philadelphia Phillies; and Tampa, where the New York Yankees train, have fallen due to the coronavirus pandemic.

This year's lockout threatened a further loss in revenue for local hotels, restaurants and shops that count on baseball fans who come to Florida for spring training games.

A [2018 economic impact study](#) by the Florida Sports Foundation estimated that spring training games in Florida have a \$687 million economic impact on the state and create 7,152 jobs.

Prior to the pandemic in 2019, more than 1.4 million fans attended spring training games in Florida.

A key finding of the survey showed that, of the average total of 6,318 fans per game, 70 percent were from outside the host teams' local markets with 52 percent from out of state.

The fans alone generated nearly \$584 million in economic impact.

It's due this impact that spring training cities and counties have invested millions of dollars in renovations to spring training facilities over the past decade.

The Toronto Blue Jays have been spring training in Dunedin since the ball club was founded in 1977.

But the old Dunedin Stadium (originally called Grant Field), with only 5,500 seats, no longer met the ballclub's needs, and the team was threatening to pull out of Dunedin.

To keep the Bluejays in Dunedin, the city signed a 25-year partnership agreement in which it agreed to spend more than \$102 million in renovations, the largest construction project in the city's history.

The bulk of funding for the project came from Pinellas County tourist development tax money (about \$42 million). The state kicked in another \$14 million from a state fund designated for keeping Grapefruit League teams in Florida, the city of Dunedin contributed \$5.66 million and the ball club invested more than \$20 million.

The funds included a complete renovation and expansion of the existing [TD Ballpark](#) at 373 Douglas Ave., increasing the seating to 8,500.

Additionally, the funds went to the construction of a state-of-the-art, 115,000-square-foot Player Development Complex at 1700 Solon Ave., Dunedin.

The Phillies have been a spring training fixture in Clearwater since 1947, and Clearwater has invested millions of dollars in the team's spring training facilities for 75 years.

The team originally used Carpenter Field until Jack Russell Stadium, at 800 Phillies Drive in Clearwater, was built in 1955. The stadium, now used for high school and college baseball and softball, was originally built with a 4,744 seating capacity and later expanded to 6,942 seats.

When the Phillies outgrew Jack Russell Stadium, the city agreed to build Spectrum Stadium, now called Baycare Ballpark, at 601 Old Coachman Road. The Phillies have been hosting spring training at Baycare Ballpark since 2003.

In 2019, the Phillies and the Clearwater City Council signed a 20-year contract to keep the Phillies in Clearwater in which they agreed to spend \$79.9 million to upgrade both the ball park and the adjacent Carpenter Complex training facility. The Phillies kicking in \$10 million, the city \$16 million, \$40 million from Pinellas Tourist Development Council funds and \$13.7 million from the state's Grapefruit League fund.

The city's portion of the funding came from \$10 million in Penny for Pinellas funds and \$6 million that was diverted from the Sand Key Bridge replacement project.

Improvements to [BayCare Ballpark](#), 601 Coachman Road, which seats 8,500, included a renovated club level, new seating, expanded offices and upgraded air conditioning.

The Carpenter Complex renovations included an expanded clubhouse, a 160-bed dorm, more office space and new dining facilities.

This year marks the 27th spring training season for the Yankees in Tampa.

Built in 1996, the Yankees' spring training field, [George M. Steinbrenner Field](#), is a 31-acre complex centrally located at 1 Steinbrenner Drive near Raymond James Stadium.

During the 2016-2017 off-season, Steinbrenner Field underwent a \$40 million renovation adding new stadium seating, a more convenient main entrance and more than 5,000 square feet of retail space. Six major ballpark enhancements were also added including shade screens, premium spaces and group party areas.

After investing all these funds in spring training facilities, officials for all three cities said they were relieved to learn the players and owners had reached an agreement.

"We're looking forward to spring training starting up," Mayor Frank Hibbard said, noting that the Phillies sent an invitation to the city council to attend opening day ceremonies Saturday.

Spring training officially starts Friday and opening day for Major League Baseball is set for April 7.

Opening day for Major League Baseball is set for April 7. Regular season games originally scheduled for March 31 through April 6 will be rescheduled soon.

INTRODUCTORY SECTION

April 28, 2022

Honorable Mayor, Members of the City Commission
and Citizens of the City of Dunedin, Florida

Mayor, Commissioners, and Citizens:

We hereby issue the Annual Comprehensive Financial Report (ACFR) of the City of Dunedin, Florida (the "City") for the fiscal year ended September 30, 2021. This report fulfills the requirements set forth in Florida Statutes Chapter 218.39 and Rules of the Auditor General of the State of Florida, Chapter 10-550. This report presents a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP), and audited in accordance with Generally Accepted Auditing Standards by a firm of licensed certified public accountants.

The report consists of management's representations concerning the finances of the City. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, the City's management team has established a comprehensive internal control framework designed to both protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the presentation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited in accordance with Generally Accepted Auditing Standards by MSL, P.A. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for fiscal year ended September 30, 2021 are free of material misstatement. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion on the City of Dunedin's financial statements for the year ended September 30, 2021. The independent auditor's report is located at the front of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the Independent auditors.

Profile of the Government

The City, incorporated in June 1899, is located in the western part of the state, bordering the north side of Clearwater, Florida. The City currently occupies a land area of 10 square miles and serves a population of approximately 36,817. The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by State statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing council.

The City operates under the Commission-Manager form of government. Policy-making and legislative authority are vested in a governing body consisting of the Mayor and four Commissioners. The City Commission is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the City Manager, City Clerk, City Attorney and the independent auditor. The City Manager is responsible for carrying out the policies and ordinances of the City Commission, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The City Commission is elected on a non-partisan basis. Commission members, to include the Mayor, serve four-year staggered terms. The Mayor and the City Commission members are elected at large.

The City provides a full range of services, including fire protection and contracted law enforcement; the construction and maintenance of highways, streets, and other infrastructure; library; parks and recreation; marina; golf course, spring training facilities (for the Toronto Blue Jays); water and sewer; reclaimed water; and solid waste. The City also has a Community Redevelopment Agency which is reported within the City's financial statements. Although a legally separate entity, because of their close relationship with the City, the CRA is reported as though they are part of the City (i.e. a blended presentation). Information on this entity can be found under the Reporting Entity section of the Notes to the Financial Statements, on page 49.

The City Commission is required to hold two (2) public hearings on the proposed budget and to adopt a final budget by no later than September 30, the close of the City's fiscal year. The annual budget serves as the foundation for the City's financial planning and control. The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., fire). All of the City's governmental funds are annually appropriated. Department Heads may make transfers of appropriations within a department and fund. Transfers of appropriations between funds, however, require the approval of the City Commission. Budget-to-Actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general, stadium, and penny funds, these comparisons are presented on pages 34 - 36 as part of the basic financial statements. For other governmental funds with appropriated annual budgets, the comparisons are presented on pages 120 - 124.

Local Economy

Dunedin is a city located to the north and west of Tampa, Florida and directly to the north of Clearwater, Florida. The city mainly consists of residential land use (56 percent), with industrial and commercial land uses comprising only 6 percent of the City's land area. The economy of Dunedin is primarily dependent upon tourism, services and retirement living. Major employers include the Pinellas County School System, Mease Dunedin Hospital (a medical complex), Publix Supermarkets, the City of Dunedin, Bay Care Home Care, and Coca-Cola North America. The service industry (banking, retailing, personal services, etc.) has risen significantly to meet the demands of the area's population. Some local demographic data is presented below.

As of September 2021, the City's unemployment was at 3.3 percent and total population at 36,817. The median age was 56.7 years of age and median household income was \$53,534, based on the most recent census data. Approximately 35.8 percent of Dunedin's residents were of retirement age (65 and over) in 2021. The local economy is also influenced during the winter months by a seasonal population of approximately 4,000 people.

Dunedin attractions include: Caladesi Island and Honeymoon Island State Parks located on coastal waters on St. Joseph Sound located within Dunedin's city limits; the Pinellas County Trail; and the newly renovated Spring Training Facility for the Toronto Blue Jays, a major league baseball team. Dunedin has a very low vacancy rate for office and commercial buildings; comparatively few vacant or foreclosed homes; and many events and activities in the City that keep it vibrant and fun year-round. Dunedin remains a choice area in which to reside.

The City has experienced eight consecutive years of increases in taxable property values. In the two most recent years, total taxable assessed value increased year over year by 10.7% and 8.3% in FY 2020 (2019 taxable value) and FY 2021 (2020 taxable value), respectively. Ad valorem taxes collected also increased year over year by \$1.0 million or 9.9% in fiscal year 2020; and \$0.9 million or 8.0% in fiscal year 2021. The increase in property tax revenue is due to higher property values. Property taxes were 35.9% of the general fund revenues in fiscal year 2021.

The general fund's main revenue sources include property tax, utility taxes, state revenue sharing and half cent sales taxes. In fiscal year 2021 utility taxes represent 15.1% of the general fund's revenue. Utility taxes have been relatively consistent over the past several years. State revenue sharing and half cent sales taxes have been relatively stable and together make up 13.1% of general fund revenue. Infrastructure sales tax revenues in the penny fund increased from \$3.9 million in fiscal year 2020 to \$4.6 million in fiscal year 2021, an increase of 16.6%. This revenue source represents approximately 8.8% of the Governmental Activities revenue.

As a result of its strong local economy, sound fiscal policies, strong management, and strong budget flexibility and liquidity the City of Dunedin's S&P Global Rating was raised in October 2018 from AA to AA+.

During FY 2021 the City implemented the Human Resources/Payroll modules of its upgraded Information System in keeping with the City's continuous pursuit of improvement. The City is projected to implement the Accounts Receivable / Cash Receipts and EnerGov modules in FY 2022 and have full implementation and integration completed by fiscal year end. This software facilitates the City working efficiently and being able to provide modern tools to examine data and respond to our stakeholders.

Long-term Financial Planning and Major Initiatives

The City prepares an annual Business Plan which includes initiatives and a six-year Capital Improvements Program (CIP) that includes a long range financial plan (LRFP) for all Funds. The City Manager proposes the Business Plan to the City Commission annually and the City Commission approves the final Business Plan during the annual budget process. The Business Plan is an integral part of the City's planning and budget development process, but does not appropriate funds. The Business Plan provides information to assess the City's long term financial condition in comparison to the short term focus of the annual operating budget and ACFR. Projections are updated and the first year's initiatives and capital projects are incorporated into the next operating budget. The LRFP projects the City's major revenues, operating expenditures, fund balance and capital projects over a rolling six year period.

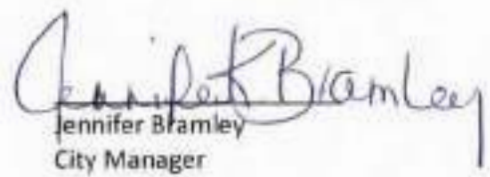

The City's responsible fiscal policies have placed the City in a stronger financial condition which is illustrated by the general fund's unassigned fund balance. At year end, that balance was \$4.3 million or 46.1% of fund balance, and 14.6% of the fiscal year 2021 adopted general fund operating budget. The goal for unassigned fund balance at year end is 15.0% of the current year's adopted operating expenditure budget.

Acknowledgements

Preparation of the ACFR and completion of the audit was made possible by the dedicated efforts of staff of the Finance Department. The City's Auditors, MSL, P.A. are commended for their professionalism in

conducting the audit. MSU's expertise added credibility to contents found within this ACFR. Last, but certainly not least, we would also like to express our appreciation to the Mayor and the City Commission for their support. With their continued leadership, the City can look forward to a secure financial future.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dunedin, Florida (the City) as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

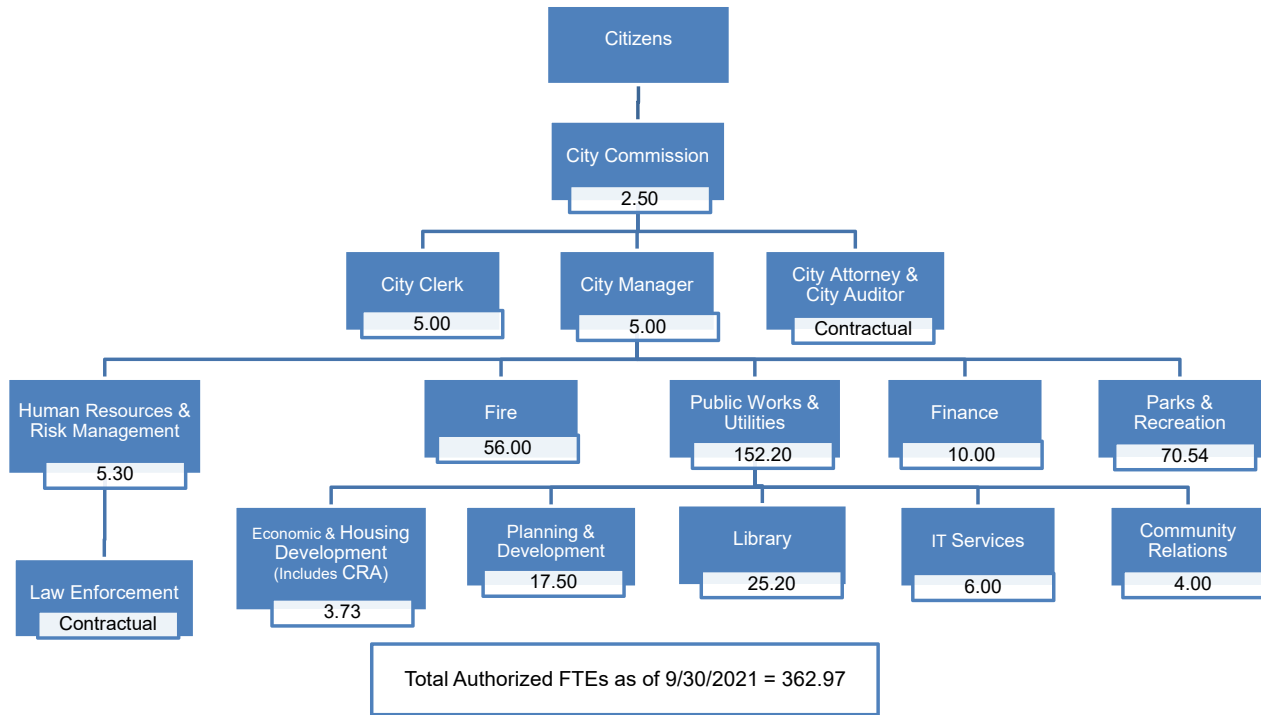

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City's Municipal Firefighters' Pension Trust Fund which represents 100% of the assets and net position of the fiduciary fund. Those financial statements were audited by other auditors, whose report thereon has been furnished to us and our opinion, insofar as it relates to the amounts included for the aforementioned fiduciary fund, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2021, and the respective changes in financial position, and cash flows, where applicable, and the budgetary to actual comparison for the General Fund and each Major Special Revenue Fund thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

As management of the City of Dunedin, Florida (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the City's financial activities for the fiscal year ended September 30, 2021. We encourage readers to consider the information presented here in conjunction with the additional information furnished in our letter of transmittal, the basic financial statements, and the accompanying notes to the financial statements, which are included in this report.

Financial Highlights

- The City's net position (assets and deferred outflows over liabilities and deferred inflows) is \$238.4 million at the close of fiscal year 2021, an increase of \$16.9 million, or 7.6% over the net position at the prior fiscal year end. This change in net position consisted of an increase to governmental activities of \$16.8 million, and to business-type activities of \$0.1 million over prior fiscal year end.
 - Of this net position amount, \$178.0 million (74.6%) is net investment in capital assets and \$17.1 million (7.2%) is restricted. The remaining \$43.3 million (18.2%) represents unrestricted net position, which may be used to meet the City's ongoing obligations to citizens, creditors and other agencies.
 - General revenues total \$30.2 million or 36.5% of all revenues. Program-specific revenue in the form of charges for services, operating grants and contributions, and capital grants and contributions total \$52.4 million or 63.5% of all revenues.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$43.2 million, an increase of \$17.3 million (67.1%) in comparison with the prior year combined ending fund balances. Unassigned fund balance was \$4.3 million, and therefore available for spending at the City's discretion. The remainder is nonspendable, restricted, committed, or assigned for contracts, programs, or debt.
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed*, *assigned*, and *unassigned* components of *fund balance*) for the general fund was \$7.7 million, or approximately 24.4% of total general fund expenditures including transfers out.
- The City's total outstanding debt increased by \$22.5 million during the current fiscal year. Governmental activities debt increased by \$18.7 million primarily as a result of new debt being issued in the amount of \$20.7 million to fund the construction of the new City Hall complex. Debt obligations for business-type activities increased by \$3.8 million, primarily attributable to the funding provided under the State Revolving Fund loan program towards the construction and refurbishment of the Water Treatment Plant. These changes are illustrated in the "Outstanding Debt" table and in the notes to the financial statements (see Note 4.B., Long-Term Debt).

Overview of the Financial Statements

This discussion and analysis serves as an introduction to the City's basic financial statements. The City's statements consist of three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to a private sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows during future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, transportation, economic environment, and culture and recreation. The business-type activities of the City include solid waste, water/sewer utility, stormwater utility, and marina operations.

The government-wide financial statements include not only the City of Dunedin itself, but also the Community Redevelopment Agency (CRA). Although the CRA is legally separate, it is financially accountable to the City. The City Commission serves as the governing body for the CRA.

The government-wide financial statements can be found on pages 27 - 29 of this report.

Fund financial statements. A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing

decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the stadium fund, and the penny sales tax fund, all of which are considered major funds. Data from the other five governmental funds are combined into a single, aggregated presentation. The nonmajor government funds are the public art fund, impact fee fund, building fund, county gas tax fund, and community redevelopment agency fund. Individual fund data for each of these non-major governmental funds is provided in the combining and individual fund statements and schedules section of this report.

The City adopts an annual appropriated budget for its governmental funds and prepares budgetary comparison statements to demonstrate compliance.

The basic governmental fund financial statements can be found on pages 30 -36 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its solid waste, water and wastewater utility, stormwater utility, and marina operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for vehicle maintenance, building maintenance, self-insurance functions, and information technology services. All four services have been allocated between governmental and business-type activities based on contribution rates within the government-wide financial statements.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information on each enterprise activity, all of which are considered to be major funds of the City. Conversely, the four internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds are provided in the form of combining statements in the combining and individual fund statements and schedules section of this report.

The basic proprietary fund financial statements can be found on pages 38 - 44 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reported in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The fiduciary fund financial statements can be found on pages 46 - 47 of this report.

Notes to the financial statements. The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are found on pages 49 - 99 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension and other postemployment benefits (OPEB) to its employees. Required supplementary information regarding pension and OPEB funding can be found on pages 102 - 109 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information on pensions and OPEB. Combining statements and other supplementary information schedules can be found on pages 111 - 127 of this report.

Government-wide Financial Analysis

As noted earlier, net position, over time may serve as a useful indicator of a government's financial health. In the case of the City of Dunedin, assets and deferred outflows of \$366.7 million exceeded liabilities and deferred inflows of \$128.3 million by \$238.4 million as of September 30, 2021.

As illustrated in the table on the next page, the largest portion of the City's net position (74.6%) reflects its net investment in capital assets (i.e., land, buildings, infrastructure, improvements other than buildings, and machinery and equipment). The City uses these capital assets to provide a variety of services to its residents. Accordingly, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the City's net position represents resources that are subject to external restrictions on how they may be used, e.g., for debt and capital improvements. Restricted net position increased \$16.3 million during the year, primarily as a result of debt proceeds of \$20.7 million being received during the fiscal year, which are restricted for use towards costs associated with the construction of the new city hall.

The remaining balance represents the City's unrestricted net position. As of September 30, 2021, the City's unrestricted net position was \$43.3 million, an increase of \$7.5 million from the prior fiscal year-end. The unrestricted portion of net position is used to meet the City's ongoing obligations to citizens and creditors.

Governmental activities. The manner in which the City's net position changed during the most recent fiscal year is reflected in the statement of activities, a summary of which is shown in the table on the next page. This statement divides the activities between governmental activities and business-type activities. Governmental activities increased the City's net position by \$16.8 million before transfers. Key elements of this change are as follows:

- Revenues were down in fiscal year 2021 by \$36.2 million, or 40.9%, totaling \$52.3 million compared to the prior year's total of \$88.5 million. Capital grants and contributions decreased by \$40.4 million, primarily due to \$43.6 million less funding received from Pinellas County and the Toronto Blue Jays Club in FY 2021 towards the construction of the spring training facility. Partially offsetting this decrease, contributions of \$4.5 million were received from private donors to purchase environmentally sensitive land in FY 2021. Property tax revenue increased \$1.0 million, or 8.2% from fiscal year 2020 as a result of increased property values. Revenue for services was up \$1.8 million compared to the prior fiscal year, in part due to additional fees of \$0.4 million collected for recreational and leisure services in FY 2021 over FY 2020, when such services were limited due to the Covid-19 pandemic; fees for baseball spring training ticket sales and stadium naming rights saw an increase of \$0.4 million over the prior year; and collections from City code enforcement violations were \$0.3 million higher in FY 2021 compared to FY 2020. FY 2021 intergovernmental revenue amounted to \$8.8 million, an increase of \$1.3 million over the \$7.5 million collected in prior FY 2020. Economic improvements and recovery efforts from the pandemic saw FY 2021 increases in the infrastructure sales surtax (\$0.7 million) and half-cent sales tax (\$0.4 million).

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- Total expenses incurred in FY 2021 were comparable to those for FY 2020, decreasing only slightly from \$36.4 million to \$35.5 million, a \$0.9 million reduction. Expenses for general government activities decreased \$0.8 million primarily as a result of full accrual accounting adjustments. The City realized a gain on sale of land referred to as the "Gateway Property" of approximately \$0.4 million; obligations for compensated absences (accrued vacation and sick leave) were \$0.1 million less at the end of FY 2021 compared to FY 2020; and pension obligations under the Florida Retirement System were down \$0.2 million from the prior fiscal year end. Each of these adjustments resulted in reductions to current year expense under the full accrual basis of accounting.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

As the bar chart above illustrates, governmental activities typically do not pay for themselves. For example, public safety expenses exceed program revenues by \$8.7 million. The \$3.0 million program revenue surplus in culture and recreation is restricted funding for the new spring training facilities. The revenue associated with this activity funds expenses that have been capitalized as part of the project at fiscal year-end.

The pie chart on the next page shows that overall, 42.7% of offsetting revenues for governmental activity expenses come from specific charges for services (16.0%) and grants (26.7%). The remaining 57.3% of revenue supporting governmental activities comes from property taxes (24.8%), utility service taxes (9.3%), infrastructure surtax (8.8%), and other taxes, fees and revenue sharing (14.4%).

MANAGEMENT'S DISCUSSION AND ANALYSIS

Business-type activities. Business-type activities increased the City's net position in FY 2021 by \$0.1 million before transfers. Key elements of this increase are as follows:

- Charges for services revenues for business-type activities increased by \$1.1 million, or 3.9% from fiscal year 2020.
 - Water and Sewer utility charges for services revenues were up \$0.4 million or 2.4%, from \$18.4 million to \$18.9 million, in line with the 4.5% average rate increase which went into effect February 1, 2021 for water/sewer unit charges and use fees.
 - Marina operating revenues were up \$0.3 million, or 71.0%, from \$0.3 million to \$0.6 million, primarily as a result of the Marina being fully operational throughout FY 2021 when portions of the Marina were closed for approximately half of prior fiscal year 2020 in order to undertake a dredging project.

- Total expenses before transfers for business-type activities increased by \$0.6 million, or 2.1% from fiscal year 2020. Total revenues before transfers also saw a comparable increase of \$0.7 million between FY 2020 to FY 2021, rising from \$29.5 million to \$30.2 million, primarily as a result of additional revenues realized from scheduled utility rate increases.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

Unlike governmental activities, business-type activities are typically able to pay for themselves through specific user charges and other revenue sources. The bar chart below illustrates this case for the City's Solid Waste, Water/Sewer Utility, Stormwater Utility, and Marina Funds. While Stormwater Utility is reflecting a loss, it should be noted that there are significant non-cash expenses such as depreciation reported in the fund. Moreover, the Water/Sewer and Stormwater Utilities generated positive net operating cash flows during the year while the Solid Waste Utility and Marina Operations realized nominal cash flow deficits. This can be further examined in the proprietary funds statement of cash flows on page 44.

Fund Level Financial Analysis

Governmental funds. As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The general fund, stadium fund, penny sales tax fund, and a variety of special revenue funds are recorded in the *governmental funds*. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$43.1 million, an increase of \$17.3 million in comparison with the prior fiscal year. Approximately 10.0% of this amount (\$4.3 million) constitutes unassigned fund balance, which is available for spending. The remainder of the fund balance is either *nonspendable, restricted, committed, or assigned*, to indicate that it is: not in spendable form (\$1.6 million), legally restricted for specific purposes by entities outside the City's control (\$33.9 million), committed for particular purposes (\$1.0 million), or assigned for particular purposes (\$2.3 million). For additional information, see Note 6 – Fund Balance Reporting.

As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents approximately 13.9% of total general fund expenditures for the current fiscal year, while total fund balance represents 138.6% of that same amount.

The total fund balance of the City's general fund increased by \$1.0 million (11.7%) during fiscal year 2021. The most significant factors contributing to the increase include the following:

- Revenues from property taxes increased by \$0.9 million, or 7.9% during FY 2021 compared to the prior year, primarily as a result of higher taxable assessed property values. The Pinellas County Property Appraiser estimated an increase of 8.3% in assessed values within the City of Dunedin during the year generally as a result of increased real estate market values.
- Within intergovernmental revenue, proceeds from the local government half-cent sales tax were up \$0.4 million in FY 2021 over FY 2020, increasing from \$2.3 million to \$2.7 million primarily as a result of slight economic improvements and upturns after the initial FY 2020 impacts from the Covid-19 pandemic. Offsetting this increase, grant revenues derived from federal sources were approximately \$0.6 million less in FY 2021 compared to FY 2020. During FY 2020 the City received federal funds amounting to \$0.9 million from the Federal Emergency Management Agency (FEMA) as reimbursement of costs incurred in prior years towards storm-related events – funding which would not be considered as recurring in nature. During the current fiscal year 2021, additional federal grant funds of \$0.3 million over those received in the prior year were realized and utilized towards reimbursement of Covid-related expenditures.
- Charges for services revenue was up by \$0.4 million, from \$5.6 million in FY 2020 to \$6.0 million in FY 2021 primarily due to additional fees generated from recreational activities. In the latter part of FY 2020 the City initiated operational ownership of the Stirling Park driving range, generating approximately \$36,000 in fee revenue during the final three months of the year. In

comparison, during FY 2021 approximately \$235,000 in fee revenue was realized, an increase of over \$199,000. In addition, the City recognized increased revenue in FY 2021 in the areas of sports camps, field rentals, and other leisure and recreational activities which were cancelled or limited in availability during FY 2020 as a result of the Covid-19 pandemic.

- Fine revenue saw an increase of \$0.3 million in FY 2021 compared to prior FY 2020, primarily in the area of code enforcement. In FY 2021 the City took ownership of certain real property as a result of an unsatisfied code enforcement action. The property was sold at auction, with the net proceeds being recognized as fine revenue. This type of revenue is non-recurring in nature.
- Partially offsetting the above-described increases during FY 2021, revenues from transfers-in to the general fund were \$0.4 million less in the current fiscal year compared to prior fiscal year 2020. During FY 2020 the general fund received transfers-in from the building fund of \$244,311 to pay back seed monies provided in a prior year, and \$131,459 from the self insurance internal service fund to help fund a pay plan study approved by the City Commission. These transfers are considered as non-recurring transactions.
- Expenditures related to the transportation program saw a decrease of \$0.4 million in FY 2021 compared to prior FY 2020, primarily due to costs associated with the lease of a parking garage and various parking lots, previously accounted for in the general fund, being accounted for in the community redevelopment agency (CRA) fund during FY 2021.
- Culture and recreation program expenditures increased \$0.9 million in fiscal year 2021 compared to the prior year. Repair and maintenance was up \$0.6 million due to the replacement of the HVAC systems in the City's Community Center and Martin Luther King, Jr. Recreational Center, and ongoing repair costs at the Hale Senior Activity Center increased \$0.1 million over those incurred during the previous year. Non-recurring expenditures of \$0.2 million were also recognized during FY2021 as a result of acquiring and planting trees to enhance the landscape at the newly renovated stadium and player development complex; facilities utilized by the Toronto Blue Jays major league baseball organization for spring training.

The total fund balance of the stadium fund decreased \$2.4 million (38.0%) during fiscal year 2021. Significant factors impacting the decrease include the following:

- Intergovernmental revenues were \$29.7 million less in FY 2021 compared to prior FY 2020. Pursuant to a funding arrangement with Pinellas County, the County agreed to provide \$41.7 million in funding to reimburse costs incurred towards the renovation of the baseball stadium and construction of a player development training complex for the Toronto Blue Jays major league baseball organization. The project timeframe spanned from early FY 2018 through early FY 2021. Multiple funding sources supported project costs, including City contributions, bonded debt proceeds, and funding provided by the Toronto Blue Jays baseball club. County funding was fully utilized and the last of the \$41.7 million applied towards project costs in FY 2020, therefore no comparable revenues from this source were recognized by the City during FY 2021.
- Contribution revenue realized during FY 2021 of \$6.0 million was \$14.0 million less than the \$20.0 million received during FY 2020, all of which was provided by the Toronto Blue Jays baseball club towards their agreed-upon share of the project costs associated with the stadium and player development complex projects. As noted previously, the projects came to completion in early-to-mid 2021, therefore more costs were incurred, and funding provided by the various sources, including the Toronto Blue Jays, during FY 2020 as compared to FY 2021.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- In FY 2021, the City Commission approved the transfer of \$0.5 million from the penny fund to the stadium fund towards the City's share of project costs. A comparable transfer was not authorized during the prior fiscal year.
- Partially offsetting the aforementioned revenue decreases, charges for services revenue was up \$0.4 million in FY 2021 over FY 2020, due to funds received for stadium naming rights and spring training baseball game ticket surcharges, pursuant to agreement with the baseball club.
- Capital outlay expenditures for FY 2021 were \$55.3 million less compared to FY 2020, from \$65.1 million to \$9.8 million. As mentioned previously, the project to renovate the baseball stadium and construct the player development complex reached completion in early 2021. As such, during FY 2020 the project was fully underway for the entirety of the fiscal year, while during 2021 only a few months of activity took place before the project reached completion; thus resulting in the significant reduction in capital expenditures between the two fiscal years.

The penny sales tax fund has a total fund balance of \$24.3 million, all of which is restricted for a specific purpose. The net increase in fund balance during the current year was \$18.1 million. Primary contributors to the fund balance change include the following:

- During FY 2021 the City received revenue in the form of contributions totaling \$4.5 million from private donors towards the purchase of environmentally sensitive lands referred to as the Gladys Douglas Preserve. The total acquisition price of the land was \$10.0 million, with funding provided by the City, Pinellas County, and the \$4.5 million from the not-for-profit.
- Surplus property was sold during the year to a real estate developer as part of the City's initiative to revitalize the downtown corridor and stimulate economic development, with the City recognizing \$1.7 million in sales proceeds.
- In FY 2021 the City authorized the issuance of debt, and subsequently received proceeds totaling \$20.7 million to be used towards funding capital costs associated with the construction of a new City Hall building.
- Capital outlay expenditures incurred towards the design, architecture, and construction of the City Hall building increased from \$1.1 million in FY 2020 to \$3.3 million in FY 2021, an increase of \$2.2 million, as a result of the construction phase of the project getting underway in mid-2021.
- As mentioned above, the City acquired environmentally sensitive land during FY 2021, with the City contributing \$2.0 million, private donors \$4.5 million, and Pinellas County the balance. The \$6.5 million provided by the City and private donors combined was recognized as a non-recurring capital outlay expenditure during FY 2021.
- Capital outlay expenditure reductions of approximately \$2.2 million were realized between FY 2020 and FY 2021 relative to the construction of the emergency operations center and fire training facility. During FY 2020 the project was fully underway for the entirety of the year, while during FY 2021 only a few months of expenditures were incurred since the project reached its completion during early 2021.

As noted earlier the City maintains eight individual governmental funds. The three funds discussed above are all considered major funds. The other five governmental funds (public art, impact fee, building, county gas tax, and community redevelopment agency) are considered nonmajor funds and are summarized in aggregate below.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- The nonmajor funds have a total fund balance of \$5.5 million. The combined fund balances increased by \$0.7 million during FY 2021, with the most significant increases attributable to the building fund (\$0.3 million) and the community redevelopment agency (CRA) fund (\$0.3 million).
- Revenues of the building fund, derived primarily from permit fees, exceeded expenditures during FY 2021 by \$0.3 million. Charges for services revenue of \$1.6 million realized in FY 2021 was down \$0.2 million from the \$1.8 million received in FY 2020. In March, 2021 a new permit fee schedule went into effect which generally reduced permit fees based on construction valuation from approximately 1.5% to 1.0% of value. This reduction in fees was put into place in order to remain compliant with state regulations. Public safety program expenditures accounted for in the building fund were relatively stable between fiscal years 2020 and 2021.
- CRA fund revenues for FY 2021 exceeded expenditures by \$0.3 million. Revenues from property taxes increased by \$0.1 million, or 10.6% during FY 2021 compared to the prior year, primarily as a result of higher taxable assessed property values. The Pinellas County Property Appraiser estimated an increase of 8.3% in assessed values within the City of Dunedin during the year generally as a result of increased real estate market values. Economic environment program expenditures were up \$0.2 million in fiscal year 2021 compared to the prior year, primarily due to costs associated with the lease of a parking garage and parking lots, previously accounted for in the general fund, being moved to the CRA fund. Expenditures for capital outlay in FY 2021 also saw an increase of \$0.3 million over FY 2020, primarily as a result of costs incurred towards the revitalization of the City's John R. Lawrence Pioneer Park.

Proprietary funds. The City's proprietary funds report the same type of information found in the government-wide financial statements, but in more detail.

- In the solid waste fund, net position increased \$0.4 million in comparison to the prior fiscal year end, from \$1.8 million to \$2.2 million. Charges for services revenue increased marginally by \$0.1 million, or 2.1% during FY 2021 compared to prior FY 2020, in line with the authorized rate increase of 2.0% which went into effect at the start of the fiscal year. Expenses for personal services (wages and benefits) of solid waste operations staff decreased by \$0.2 million during FY 2021 compared to prior FY 2020, primarily as a result of position vacancies created by turnover, which also contributed to the annual increase in fund net position.
- In the water/sewer utility fund, net position increased by \$0.6 million (1.6%) during fiscal year 2021. Water/sewer operating revenues increased \$0.5 million (2.9%) during 2021, in line with the 4.5% average increase in water and sewer unit charges and usage fee rates which went into effect February 1, 2021. Operating expenses increased year-over-year by \$0.1 million (1.0%), from \$17.6 million to \$17.7 million as a result of cost of living adjustments for personal services (salaries and benefits), increased consultant fees and repair costs, and interest fees related to a loan from the State to fund the refurbishment of the wastewater treatment plant.
- In the stormwater utility fund, net position decreased by \$0.8 million (6.5%) from fiscal year 2020. Current year revenues totaling \$4.0 million were essentially the same as the prior year's, in line with the utility rate structure which did not provide for a change in the stormwater utility rate between the two years. Total operating expenses were \$0.1 million (1.5%) higher than fiscal year 2020 primarily due to increased costs associated with repair and ongoing maintenance of the stormwater system.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- In the marina fund, net position at the end of FY 2021 increased \$0.1 million, or 3.1% from fiscal year 2020. Operating revenue was up \$0.2 million (70.7%) in comparison with FY 2020 revenue as a result of the marina being fully operational for the entirety of FY 2021, compared to operations being closed for marine craft slip rentals for approximately half of FY 2020 to accommodate a dredging project. Operating expenses increased by \$0.1 million between fiscal years 2020 and 2021 due to additional depreciation expenses associated with capitalized assets.

General Fund Budgetary Highlights

Original budget compared to final budget

Revenues. Budgeted revenues in the general fund increased \$40,000 through a budget amendment. This change was a result of appropriating grant funds to be received from the Florida Department of Economic Opportunity to reimburse expenditures associated with the commissioning of a City-wide multimodal transportation plan.

Expenditures. Budgeted expenditure appropriations in the general fund increased \$2.2 million. Significant changes to expenditure appropriations were:

- Increase of \$0.5 million for HVAC replacement at the Community Center
- Increase of \$0.1 million for the purchase of replacement two-way radios for fire operations
- Increase of \$0.4 million for various repair, maintenance and upgrades at the MLK Center, including roof and HVAC replacements, gym floor refurbishments, and painting of the facility
- Increase of \$0.2 million for the purchase and planting of trees at the renovated baseball stadium and newly-constructed player development complex

Final budget compared to actual results

Revenues. Actual general fund revenues were higher than budget by \$1.0 million or 3.2%. This variance was primarily attributable to the following:

- Unbudgeted grant revenue of \$0.4 million was received in FY 2021 through the federal CARES Act as reimbursement for costs related to the Covid-19 pandemic.
- Actual revenue collected for half-cent sales tax proceeds exceeded budget by \$0.6 million as a result of economic recoveries after the initial impact of the pandemic which were stronger than originally anticipated and forecast during the budget development process.
- Code enforcement fine revenues realized were \$0.5 million higher than projected and budgeted, primarily as a result of the sale of real property which had been taken by the City through a code enforcement action. Proceeds from the sale, which were unbudgeted, amounted to \$0.4 million.

Expenditures. Actual general fund expenditures were under budget by \$2.3 million or 6.8%. Significant variances in budget-to-actual expenditures were primarily due to the following:

- \$0.4 million budgeted for the purchase of SCBA air pack replacements and thermal imaging cameras for fire operations was unspent as a result of other initiatives taking priority as a result of the Covid-19 pandemic. The funds were re-appropriated for these purchases in FY 2022.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- \$0.6 million budgeted for various maintenance & repair or capital improvement projects related to parks and recreation facilities were not committed during the fiscal year due to public safety and health concerns of the Covid-19 pandemic, resulting in project delays. These funds were re-appropriated for the projects as part of the FY 2022 budget.
- \$0.5 million budgeted for contracted attorney fees and legal services in excess of actual expenditures incurred by \$0.2 million.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of September 30, 2021 amounts to \$268.9 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, system improvements, machinery and equipment, park facilities, roads, highways, and bridges. The total net increase in capital assets for the current fiscal year was approximately \$17.2 million or 6.8%, consisting of an increase of \$17.7 million to governmental activities and a decrease of \$0.5 million to business-type activities.

Significant changes to governmental activities capital asset balances between FY 2020 and FY 2021 include the following:

- Land increased by \$8.9 million primarily as a result of the acquisition of environmentally sensitive lands commonly referred to as the Gladys Douglas Preserve property.
- Buildings increased by \$5.3 million, primarily as a result of the completion of the Player Development Complex spring training facility in FY 2021.
- Construction in Progress increased by \$3.7 million pertaining to FY 2021 capital outlay expenditures incurred towards the City Hall construction project.

The slight decrease in business-type activities net capital assets balance is primarily a result of annual depreciation expense, which increased by \$0.7 million from FY 2020 to FY 2021.

Long-term debt. At the end of the current fiscal year, the City had total debt outstanding of \$106.8 million. Of this amount, \$0.5 million is capital leases, and \$106.3 million of the City’s debt represents notes and bonds secured by specific revenue sources (i.e., revenue bonds) and State Revolving Fund loans. The City’s total outstanding debt increased by \$22.5 million during the current fiscal year. This net increase is the result of new debt incurred during FY 2021 to construct the new City Hall office building (\$20.7M) and to construct a water treatment plant (\$5.6M), less debt service payments (\$3.8M) on existing debt during the fiscal year. Additional information on the City’s long-term debt can be found on pages 69 - 77 in the notes to the financial statements (see Note 4.B.).

Economic Factors Impacting Next Year’s Budget

The following factors were considered in preparing the City’s budget for the 2022 fiscal year:

- The unemployment rate in Dunedin as of September 2021 was 3.3%, which is lower than the State of Florida’s unemployment rate of 4.5% as of the same date.
- Dunedin’s property tax rate will remain unchanged at 4.1345 mills.
- The City’s taxable value is estimated to grow by 8.4%.
- As a result of the economic slowdown related to the Covid-19 pandemic, certain general fund revenues will likely continue to experience decreases before anticipated return to growth during FY 2022 and some revenue sources not returning to normal until FY 2023.
- The American Rescue Plan Act of 2021 (ARPA) establishes the Coronavirus State and Local Fiscal Recovery Funds for State and Local governments to assist in their response to the Covid-19 emergency and its economic impacts. The ARPA grant allocation for the City is expected to be \$18.3 million over a two year period, beginning in FY 2022.

Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the year ended September 30, 2021

Net change in fund balances - total governmental funds \$ 17,320,119

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The details of this difference are as follows:

Expenditures for capital assets	\$ 23,115,716	
Less current year depreciation	(7,304,651)	
Net book value of disposed assets	<u>(1,234,372)</u>	14,576,693

Other long-term assets are not available to pay for current period expenditures and therefore, are reported as deferred inflows / unavailable revenue in the funds. (13,962)

Governmental funds focus on current financial resources, therefore donations of capital assets are not reported in these funds. However, in the statement of activities the value of the donation is recorded as revenue and the asset is recorded on the statement of net position. 3,500,000

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Debt Issuance	(20,711,000)	
Principal payments	1,810,953	
Premium amortization	<u>102,482</u>	(18,797,565)

The net effect of pension contribution expense is to decrease net position. 602,851

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences / OPEB liability	46,140	
Change in accrued interest expense	<u>(49,158)</u>	(3,018)

Internal service funds are used by management to charge the costs of vehicle maintenance, facility maintenance, and self insurance to individual funds. The net income (loss) of the internal service funds is reported with governmental activities. (374,086)

Change in net position of governmental activities \$ 16,811,032

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below.

A. REPORTING ENTITY

The City of Dunedin, Florida (the "City"), which was founded on June 1, 1899, and incorporated under Chapter 4877, Acts of 1899 of the State of Florida, has a population of approximately 36,817 (which includes seasonal residents) living within an area approximating 10 square miles. The City is contiguous to the northern side of Clearwater, Florida. The City operates under a Charter originally adopted January 6, 1926, and a Commission-Manager form of government. The most recent revision to the City's Charter was on July 27, 2017. The City is a Florida municipal corporation with a five member City Commission comprised of the Mayor (elected at large) and four commissioners. The City's primary operations include providing emergency services, transportation, economic development, social and human services, culture and recreation, as well as water, sewer and solid waste services.

In evaluating the City as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the City may or may not be financially accountable and, as such, may be included within the City's Financial Statements. In accordance with GASB Statement No. 14, the City (i.e. the primary government) is financially accountable if it appoints a majority of the potential component unit's governing board, and (1) it is able to impose its will on the organization, or (2) there is a potential for the potential component unit to provide specific financial benefit to or impose specific financial burden on the City. Further, GASB Statement No. 61 amended Statement No. 14, providing that in order to report a component unit's financial activities as if they were essentially part of the primary government, then (1) the two entities must have a financial benefit or burden relationship, or (2) management of the primary government must have operational responsibility for the activities of the component unit. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Based on the foregoing criteria, the Community Redevelopment Agency (CRA) has been included in the City's financial statements in a blended presentation. The City Commission serves as the CRA Board and has operational responsibility for the CRA. The financial activity of the CRA is presented in this report as a nonmajor governmental special revenue fund of the primary government.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Individual fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All other funds (nonmajor) are combined according to their category, governmental or internal service, and are reported in a single column. Combining statements for nonmajor funds are found beginning on page 116 of this report.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The basis of accounting refers to when revenues, expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded when payment is due.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Property taxes, franchise taxes, intergovernmental revenues, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

- The *General Fund* is the City's primary operating fund. It accounts for all financial sources of the general government, except those required to be accounted for in another fund.
- The *Stadium Fund* is a special revenue fund to account for the receipt and disbursement of revenues from various recreational activities as mandated upon the issuance of Capital Improvement Recreation Certificates.
- The *Penny Fund* is a special revenue fund to account for the costs of public safety equipment, vehicles, and infrastructure having a life expectancy of five (5) or more years, and is funded by proceeds from the one-cent sales surtax approved by Pinellas County, Florida voters.

The City reports the following major proprietary funds:

- The *Solid Waste Fund* is an enterprise fund to account for the provision of solid waste services to the residents of the City and some County residents. All activities necessary to the provisions of this service are accounted for in this fund.
- The *Water/Sewer Utility Fund* is an enterprise fund to account for the provision of water and sewer services to residents of the City, and some County residents. All activities necessary for the provision of these services are accounted for in this fund.
- The *Stormwater Utility Fund* is an enterprise fund to account for the provision of services for the collection, storage, treatment and conveyance of stormwater for the benefit of all developed property within the City.
- The *Marina Fund* is an enterprise fund to account for the financing, operation and maintenance of the City marina and the associated real property.

Additionally, the City reports the following fund types:

- The *Internal Service Funds* account for building maintenance, vehicle maintenance, self-insurance (risk management for property and casualty and health), and information technology provided by one department to other departments of the City on a cost reimbursement basis.
- The *Pension Trust Fund* is a fiduciary fund and accounts for the activities of the Firefighters' Retirement Plan, which accumulates resources for pension benefit payments to firefighters.

As a general rule the effect of the interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including restricted investment earnings. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the solid waste, water/sewer utility, stormwater utility, and marina enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition, such as water/sewer utility fund impact fees, are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND FUND BALANCE/NET POSITION

1. Cash, Cash Equivalents and Investments

The City considers cash on hand and demand deposits with an original maturity of 90 days or less to be cash and cash equivalents. In addition, each fund's equity in the City's investment pool has been treated as a cash equivalent since cash may be withdrawn from the pool at any time without prior notice or penalty.

State statutes and local law authorize the City to invest in direct obligations of the United States, Federally-supported agencies and instrumentalities, Florida government investment pools, commercial paper, repurchase agreements, debt of Florida political subdivisions, money market mutual funds, time deposits, savings accounts and bankers acceptances.

The City categorizes its fair value measurements within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Types and amounts of investments held at fiscal year-end are described in Note 4.A.

2. Receivables and Payables

Activity between funds that is representative of short-term lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "due to/from other funds". All other outstanding balances between funds not expected to be repaid within the availability period are reported as advances. Any residual balances outstanding between the governmental and business-type activities are reported in the government-wide statements as "internal balances."

Long-term advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account categorized as nonspendable in the applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Accounts receivable are recorded in the General, Special Revenue, Enterprise, and Internal Service funds. Where appropriate, an associated allowance for doubtful accounts has been established.

Utility (water/sewer and stormwater), solid waste and marina operating revenues are generally recognized on the basis of monthly cycle billings. The City records utility revenue and receivables for services delivered during the current fiscal year which will be billed during the next fiscal year. Unbilled revenue for utility services as of September 30, 2021 amounts to \$2,141,755.

3. Inventories

All City inventories are maintained on a consumption basis of accounting where items are purchased for inventory and charged to the expenditure accounts as the items are consumed. Inventories held by the General Fund consist principally of general office, printing, traffic control and maintenance supplies. Inventories included in the Water/Sewer Utility Fund consist of parts held for repair and maintenance of the system. Inventories included in the Internal Service Funds consist of maintenance parts, tires, fuels and supplies. Inventories are stated at average or weighted average cost. Appropriate allowances have been recorded for obsolete and surplus items. Inventories are equally offset by a fund balance reserve categorized as nonspendable, which indicates that they do not constitute "available spendable resources" even though they are a component of current assets.

4. Prepaid Items

Payments made to vendors for services that will benefit subsequent fiscal years are recorded as prepaid items. The cost of these items are recorded as expenditures when consumed rather than when purchased. Prepaid items are equally offset by a fund balance reserve categorized as nonspendable, which indicates that they do not constitute "available spendable resources" even though they are a component of current assets.

5. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	10-30
Building Improvements	7-50
Infrastructure	15-50
Improvements other than Buildings	7-50
Machinery and Equipment	5-30

6. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

7. Accumulated Unused Compensated Absences

The City records the "vested portion of accumulated unused compensated absences" at the end of each fiscal year, based on each employee's accumulated unused hours and rate of pay. The accumulated unused portion as of September 30 is treated as both a short-term and long-term liability.

It is the City's policy in its Proprietary Funds to reflect on an accrual basis the amounts of earned but unused vacation leave and that portion of earned but unused sick leave estimated to be payable upon retirement.

8. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the

applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, and any losses on the refunding of any bond issuances (gain or loss on defeasance), are amortized over the life of the bonds using the straight line method, which approximates the effective interest method. Loss on defeasance is the difference between the reacquisition price of the refunded debt and the net carrying amount at the time of the refunding. Bonds payable are reported net of the applicable unamortized bond premium or discount or deferred loss on refunding.

9. Postemployment Health and Life Insurance Benefits

The City makes available healthcare insurance for eligible retirees through the City's group health insurance plan, which covers both active and retired members. Retirees pay the full cost of healthcare insurance, which is a single, blended premium rate that is used for both active employees and retired members. The City follows the provisions of GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" by recognizing annual Other Postemployment Benefits (OPEB) expense and related obligations.

10. Restricted Assets

A portion of assets are restricted due to constraints that are either 1) externally imposed by creditors (debt covenants), grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation. Cash and cash equivalents held as customer deposits, impact fee revenue or other deposits are shown as restricted.

11. Unearned Revenue

Certain receipts are unearned because the revenue has been received, but not earned. These payments are received in advance of the services provided. The unearned revenue will be recognized as revenue in the fiscal year it is deemed earned or in the year that it becomes available.

12. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future time period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

13. Fund Balance

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City has established limitations on the use of resources through commitments (committed fund balance) or assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for specific purposes determined by a formal action of the City's Commission, via resolution and must be removed in the same fashion.

Amounts in assigned fund balance are also intended to be used for specific purposes but do not meet the criteria to be classified as committed. The Commission has by resolution authorized the City Manager or Finance Director to assign fund balance.

14. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue, and Capital Projects Funds. Since they do not constitute expenditures or liabilities, encumbrances outstanding at year end are reported as restricted, committed, or assigned fund balances, depending on the nature of each encumbrance.

15. Net Position

Net position reported in the government-wide and proprietary fund financial statements is categorized as net investment in capital assets, restricted or unrestricted. The first category represents net position related to net investment in capital assets. Restricted net position represents net position restricted for capital projects, community redevelopment, the stadium, housing services, public safety, bequests, and other externally imposed constraints or imposed by law through constitutional provisions or enabling legislation.

E. REVENUES, EXPENDITURES AND EXPENSES

1. Property Taxes

All real and tangible personal property taxes are due and payable on November 1 of each year, or as soon thereafter as the assessment roll is certified by the County Property Appraiser. The County mails to each property owner on the assessment roll a notice of tax levy by the various governmental entities in the County. Taxes may be paid upon receipt of such notice with discounts at the rate of 4% if paid in November, 3% if paid in December, 2% if paid in January and 1% if paid in February. Taxes paid during the month of March are without discount. All unpaid taxes on real and tangible personal property become delinquent on April 1 of the year following the year in which the taxes were assessed.

On or before April 25 of each year, a list of delinquent personal property tax payers is advertised. Warrants are issued directing seizure and sale of the personal property of the taxpayer if the delinquent taxes are not paid before May 1. On or before June 1 of the following year in which taxes are assessed, liens are filed and tax certificates are sold on all real estate parcels with outstanding taxes.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

The City is permitted by state law to levy taxes up to 10 mills of assessed valuation (exclusive of taxes levied for the payment of bonds). The millage rate levied by the City for the fiscal year ended September 30, 2021 was 4.1345.

2. Operating Subsidies, Grants, and Impact Fees

Grants to proprietary funds used for construction or to finance current operations are recorded as contributions or non-operating revenue, respectively, when earned.

Impact fees represent a capacity charge for the proportionate share of the cost of expanding, oversizing, separating or constructing new additions to the Utility System. The City is obligated to expend these funds only to provide expanded capacity to the system. Water and sewer impact fee revenues are classified as contributions.

3. Interfund Transactions

Interfund sales and purchases are accounted for as fund revenues, expenditures or expenses (as appropriate). Transactions which constitute reimbursements to a fund for expenditures (expenses) initially made are recorded as expenditures or expenses (as appropriate) in the reimbursing fund, and as reductions of the expenditures (expenses) in the reimbursed fund. All interfund transactions except loans, reimbursements and interfund sales and purchases are accounted for as transfers.

4. Administrative Charges

Certain administrative expenses are incurred by the General Fund on behalf of the other funds. In addition, some administrative charges are incurred by the Water/Sewer Utility Fund for services rendered that benefit other funds. Both the General Fund and the Water/Sewer Utility Fund receive payment for these services based on a percentage allocation in accordance with budgeted appropriations. These administrative reimbursements for the year ended September 30, 2021, are presented below.

Reimbursements to the General Fund were charged to the following funds:

Fund	Amount
Building	\$ 63,100
Solid Waste	487,500
Water/ Sewer Utility	1,441,300
Marina	47,300
Stormwater	326,800
Total	\$ 2,366,000

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental fund balance sheet includes a reconciliation between *fund balance-governmental funds* and *net position-governmental activities* as reported in the government-wide statement of net position.

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances–total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. THE CITY’S BUDGET POLICY IS SUMMARIZED AS FOLLOWS:

1. Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all funds. All annual appropriations lapse at fiscal year-end.
2. The City Manager submits to the City Commission a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures/expenses and the means of financing them.
3. Public hearings are conducted to obtain taxpayer comments.
4. The budget is approved by the City Commission through the passage of a resolution. The level on which expenditures/expenses may not legally exceed appropriations is at the fund level.
5. The appropriated budget is prepared by fund, function and department. The City Manager is authorized to transfer budgeted amounts between departments, and make budget transfers affecting personnel, provided these changes have a zero net effect on the City’s budget. All increases and decreases in fund balance, personnel budget changes, and transfers between funds, must have City Commission approval.

B. ESTABLISHMENT/ELIMINATION OF FUNDS

During the fiscal year ended September 30, 2021 there were no funds established or eliminated.

NOTE 4 – DETAIL NOTES - ALL FUNDS

A. ASSETS

1. Cash and Cash Equivalents and Investments

The City of Dunedin maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is reported in "Cash and Cash Equivalents." Interest earned by this pool is distributed monthly to each fund based on the fund's cash balance.

The City's investment policy and guidelines are defined by City ordinance. The written investment policy was last revised, by City Commission approval, on July 23, 2019. The policy specifies limits by instrument and institution (within instrument) and establishes a diversified investment strategy, minimum credit quality and authorized institutions available as counterparties. In addition to authorizing investment instruments, the City's policy also identifies various portfolio parameters addressing issuer diversification, term-to-maturity and liquidity. Implementation and direction, within policy limits, is managed by the Director of Finance, with City Manager approval required for all transactions.

The investment policy of the City of Dunedin Municipal Firefighters Pension Trust Fund was created by, and is periodically amended by, the pension board.

a. Custodial Credit Risk – Cash and Investments

Custodial credit risk is defined as the risk that a government will not be able to recover deposits or the value of its investments in the event of a failure of a depository financial institution or a third party holding the investment securities.

The City's investment policy requires that time deposits, demand deposits, savings accounts and non-negotiable certificates of deposit must be held by institutions organized under the laws of Florida and/or in national banks organized under the laws of the United States and doing business and situated in Florida as qualified public depositories, ensuring that any such deposits are secured and collateralized according to the Florida Security for Public Deposits Act (Chapter 280 of the Florida Statutes). In addition, the policy requires all investment securities to be held by a third party custodian in the name of the City.

Securities transactions between a broker-dealer and the custodian involving the purchase or sale of securities must be made on a "delivery vs. payment" basis to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusions of the transaction.

As of September 30, 2021, the bank balance of the City's cash deposits was \$8,916,588. The bank balance is insured by federal depository insurance and, for the amount in excess of such federal depository insurance, is collateralized pursuant to Chapter 280, Florida Statutes. Under this Chapter, in the event of default by a participating financial institution (a

qualified public depository), all participating institutions are obligated to reimburse the government entity for the loss.

The investment policy of the City of Dunedin Municipal Firefighters Pension Trust Fund (the Firefighters Pension Plan) requires all securities to be held by a third party custodian (Salem Trust Company) in the name of the Firefighters Pension Plan. Securities transactions between a broker-dealer and the custodian involving the purchase or sale of securities must be made on a “delivery vs. payment” basis to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction.

As of September 30, 2021, the Firefighters Pension Plan’s investments are managed under separate investment agreements with Great Lakes Advisors, LLC, Rockwood Capital Advisors, LLC and Harding Loevner LP. These agreements give Salem Trust Company the custodianship, but gives Great Lakes Advisors, LLC, Rockwood Capital Advisors, LLC and Harding Loevner LP the authority to manage the investments. These assets are invested in accordance with specific investment guidelines as set forth in the Plan.

The Firefighters Pension Plan invests in Barings Core Property Fund, which is an alternative real estate investment vehicle. The real estate funds are open end, commingled private real estate portfolios valued using the net asset value (NAV) provided by the investment managers of the fund. The NAV is based on the value of the underlying assets owned by these funds minus its liabilities and then divided by the number of shares or percentage of ownership outstanding. The investments of the fund are valued quarterly. Withdrawal requests must be made 60 days in advance and may be paid in one or more installments.

b. Credit Risk

Credit risk is the risk resulting from potential default of investments that are not financially sound. The City’s investment policy limits credit risk by restricting authorized investments to include only the following types, along with the following minimum credit rating, where applicable:

- U.S. Treasuries
- U.S. Agencies and Government Sponsored Enterprises (AAA/Aaa)
- Local Government Investment Pools (AAAm or equivalent)
- The State Board of Administration (SBA) or Florida PRIME (AAAm or equivalent)
- General or Revenue Debt Obligations of State and Local Governments (AAA/Aaa)
- Money Market Mutual Funds (AAAm)
- Money Market Savings Account
- Bank Deposits / Certificates of Deposit
- Corporate Debt Instruments and Commercial Paper (AA-/Aa3)
- Repurchase Agreements (A1+/P1/F1+)

Florida SAFE is a surplus asset trust fund, which was developed by and for Florida local governments. Florida SAFE adheres to the requirement to maintain a net asset value of \$1.00 per share or higher. Florida SAFE invests its proceeds in U.S. Government Agencies and Commercial Paper. Florida CLASS and FL Star are intergovernmental investment pools authorized under Section 218.415 Florida Statutes. SBA-Florida PRIME operates as a '2a-7 like' fund. The Morgan Stanley Fund is an exchange traded Institutional Liquidity Fund that focuses on preserving capital and liquidity. There are no withdrawal restrictions for any of the investments referenced in this paragraph.

In accordance with GASB Statement 72, *Fair Value Measurement and Application*, the City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices in active markets for identical assets
- Level 2 inputs are significant other observable inputs
- Level 3 inputs are significant unobservable inputs

The Firefighters Pension Plan's investment guidelines limit its fixed income investments to a credit quality rating of "A" or equivalent as rated by Moody's or by Standard & Poor's bond rating services at the time of purchase. Fixed income investments which are downgraded below the minimum rating must be liquidated at the earliest beneficial opportunity.

CITY OF DUNEDIN, FLORIDA

For both City owned investments and Firefighter Pension owned investments, standardized hierarchy levels are indicated in the investment type listings shown in the table on the previous page. The levels were established to provide an understanding of the techniques used to arrive at fair value. Investments classified as Level 1 use quoted prices at September 30 in active markets from the custodian bank's external pricing vendor. Investments classified as Level 2 are evaluated prices from the custodian bank's external pricing vendor. This pricing methodology involves the use of evaluation models, such as matrix pricing, which are based on the investments' relationship to benchmark quoted prices.

c. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributable to the quantity of investment in a single issuer. To limit this risk, the City's investment policy requires diversification of the portfolio with maximum limits on what can be invested per investment type. In addition to a maximum level of investment in aggregate by security type, no more than 25% of the City's investment portfolio may be invested in a single issuer. The maximum concentration limits per investment type allowed by the City's investment policy are as follows:

- U.S. Treasuries – 95%
- U.S. Agencies and Government Sponsored Enterprises – 40%
- Local Government Investment Pools – 75%
- The State Board of Administration (SBA) or Florida PRIME – 5%
- General or Revenue Debt Obligations of State and Local Governments – 10%
- Money Market Mutual Funds – 50%
- Money Market Savings Account – 40%
- Certificates of Deposit – 40%
- Corporate Debt Instruments and Commercial Paper – 10%, 40%
- Repurchase Agreements – 10%

The Firefighters Pension Plan's policy limits investments in foreign fixed income or equity securities to 25% of the total portfolio. The equity and bond investment mix is targeted at 65% equities and 25% bonds. In addition, not more than 5% of the portfolio may be invested

in common stock of any one issuing company. The Firefighters Pension Plan had no investments that individually represented 5% or more of the Plan's net assets available for benefits as of September 30, 2021.

d. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment in debt securities. Generally, the longer time to maturity equates to greater exposure to interest rate risk. The City manages its exposure to fair value losses arising from increasing rates through its adopted investment policy. The City's policy limits its fixed portfolio's weighted average maturity to 3 years and the duration of the overall portfolio to 5 years. At September 30, 2021 the City's investments in U.S. Government Agencies had weighted average maturities of 3.1 years.

The Firefighters Pension Plan's investment policy limits the effective duration of its fixed income portfolios through the adoption of the Barclays Capital Aggregate Bond Index benchmark. The U.S. Government obligations had an effective duration of 5.9 years; the U.S. Government agencies 4.3 years, and corporate obligations 7.6 years.

i. State Revolving Fund Note Payable, DW520260 and DW520261

The City approved two loan agreements with the State of Florida for State Revolving Funds (SRF). The purpose of this type of funding is to provide low-interest loans to plan, design, and build water and sanitation infrastructure. The City is utilizing this funding to construct a reverse-osmosis water treatment plant.

This type of loan is structured as a cost-reimbursement agreement. Eligible expenses are submitted to the State for review and reimbursement. These reimbursement payments, over time, become the principal amount of the loan. For both agreements, the City is eligible for funds totaling up to \$32.3 million.

Debt service on the SRF loans DW520260 and DW520261 is not included in the Debt Service Requirements table reflected on the previous page because the loans are not fully drawn. If, when the loans are fully drawn, repayments on both loans will commence in November, 2022 with semi-annual payments due in the annualized amounts reflected below.

NOTE 5 – OTHER INFORMATION

A. PENSION

1. Florida Retirement System (FRS) and Retiree Health Insurance (HIS) Program

In fiscal year 2015, the City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pension*, for reporting the employers' proportionate share of the net pension liabilities for the FRS and HIS defined benefit pension plans.

Detailed information about FRS and HIS Pension Plans' fiduciary net positions are available in the separately issued FRS Annual Comprehensive Financial Report (ACFR). The FRS ACFR is available by mail P.O. Box 9000, Tallahassee, Florida 32315-9000; by telephone at (850) 907-6500; by e-mail at rep@dms.myflorida.com; or at the Division's Web site (http://www.dms.myflorida.com/workforce_operations/retirement/publications).

Florida Retirement System (FRS)

Plan Description - All of the City's non uniformed full-time employees (hired before January 1, 1996) participate in the Florida Retirement System (FRS). It is a cost-sharing, multiple-employer defined benefit pension plan.

The City of Dunedin contributes to the FRS for the benefit of these employees. This retirement system is administered by the Florida Department of Management Services, Division of Retirement.

FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Annual cost of living adjustments are based on the participant's years of service prior to July 1, 2011. Chapter 121 of the Florida Statutes assigns the authority to establish and amend benefit provisions to the Department of Management Services through the Division of Retirement.

Benefits are computed on the basis of age, average final compensation, and service credit. Regular class employees who retire at or after age 65 with 8 years of credited service (age 62 with 6 years of service if enrolled prior to July 1, 2011) regardless of age are entitled to a retirement benefit payable monthly for life equal to 1.60% to 1.68% (depending on their service class) of their average final compensation for each year of credited service. Final average compensation is the employee's average of the five highest years of salary earned during credited service.

Vested employees with less than 33 years of service (30 years of service if enrolled prior to July 1, 2011), may retire before normal retirement age and receive benefits that are reduced 5% for each year prior to normal retirement age or date.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

The FRS Deferred Retirement Option Program (DROP) is available under the FRS Pension Plan when the member first reaches eligibility for normal retirement. DROP allows a member to retire while continuing employment for up to 60 months. While in DROP, the member's retirement benefits (increased by a cost-of-living adjustment each July) accumulate in the FRS Trust Fund and earn interest compounded monthly, equivalent to an effective annual rate of 6.5%.

The election to participate in DROP must be made within 12 months of the member's normal retirement date, unless the member is eligible to defer the election. To participate for the maximum DROP period, the member must enter DROP upon first reaching eligibility for normal retirement, or upon reaching an eligible deferral date as described below:

- A member of the Regular Class, Elected Officers' Class, or the Senior Management Service Class who reaches his or her normal retirement date before reaching age 57 may defer DROP entry until age 57 and still participate for 60 months.
- A member of the Elected Officers' Class who reaches his or her normal retirement date during a term of office may defer the DROP election until the next succeeding term in that office and still participate for up to 60 months or until the end of the succeeding term, whichever is less.

Upon termination, the DROP account is paid out as a lump-sum payment, a rollover, or a combination partial lump-sum payment and rollover, and monthly benefits are paid to the member in the amount as calculated upon entry into DROP, plus cost-of-living adjustments for intervening years.

In most cases, the DROP participant must cease employment after a maximum of 60 months in DROP, must satisfy the termination requirements for retirement, and is subject to reemployment restrictions thereafter. However, effective July 1, 2002, a DROP participant who holds an elective office covered by the Elected Officers' Class may end DROP participation and postpone compliance with termination requirements and reemployment limitations until he or she no longer holds the elective office (including consecutive terms in the same office). For the period of time between the end of DROP participation and termination, no retirement credit is earned and the member's DROP accumulation accrues no additional monthly benefits (but continues to earn interest).

The FRS funding policy provides for monthly employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll are adequate to accumulate sufficient assets to pay benefits when due. The FRS requires a 3% contribution for members effective July 1, 2011. Governmental employers are required to make contributions based on statewide rates. The FRS establishes contributions based on the state fiscal year, which begins July 1st. For the period of October 1, 2020 to June 30, 2021, the contribution rates, by job class, were as follows: regular employees 10.00%, senior management 27.29%, and DROP participants 16.98%. The City's contribution includes .06% for an administrative and educational fee. For the period of July 1, 2021 to September 30, 2021, the contribution rates, by job class, were as

follows: regular employees 10.82%, senior management 29.01%, and DROP participants 18.34%. The City's contribution includes .06% for an administrative and educational fee. These fees do not apply to DROP participants. FRS also provides disability and survivors' benefits. Benefits are established by Florida State Statute. The contribution requirements of employers are established and may be amended by the Division of Retirement.

The City's contributions to the FRS Pension Plan (not including the 1.66 percent HIS Program Contributions or employee contributions) totaled \$233,798 for fiscal year ending September 30, 2021. Employee contributions totaled \$44,225 for the same period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2021 the City reported a liability of \$481,420 for its proportionate share of the FRS Pension Plan net pension liability. The City's proportionate share of the total FRS net pension plan liability was 0.006373160%.

For the year ended September 30, 2021, the City recognized a negative pension expense of \$387,958 for the FRS Pension Plan. This was primarily due to a significant reduction in the City's proportionate share of the net pension liability, from \$3.3 million at the end of prior FY 2020 to \$0.5 million at the end of FY 2021, and the pension plan's funded ratio increasing from 78.85% to 96.40% during the same period. At September 30, 2021 the City reported deferred outflows of resources and deferred inflows of resources related to pensions for the FRS Pension Plan from the following sources:

	Deferred Outflow of Resources	Deferred Inflow of Resources

The deferred outflows of resources related to pensions totaling \$58,493 resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2022. Other amounts reported for the FRS Pension Plan as deferred outflows of resources and deferred inflows of resources related to the pensions will be recognized in pension expense as follows:

Actuarial Assumptions – The total pension liability for the FRS Pension Plan was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions listed below.

The actuarial assumptions that determined the total pension liability of the FRS Pension Plan as of June 30, 2021, were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Valuation Date	July 1, 2021
Measurement date	June 30, 2021

Inflation	2.40%
Salary increases, including inflation	3.25%
Mortality	PUB-2010 base table with projection scale MP-2018
Actuarial cost method	Individual Entry Age

The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in funding valuations of the defined pension plan pursuant to section 216.136 (10), Florida Statutes. There were no substantive changes in actuarial assumptions between the current and prior year.

Discount Rate – The discount rate used to measure the total pension liability for the FRS Pension Plan disclosed above is based on a projection of cash flows that assumed that employee contributions will be made at the current contribution rate and the contributions from participating members will be made at statutorily required rates, actuarially determined. Based on those assumptions, the FRS Pension Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Long-Term Expected Rate of Return – To develop an analytical basis for the selection of the long-term assumption for the FRS Pension Plan, the 2021 FRS Actuarial Assumptions Conference reviewed long-term assumptions developed by multiple contracted capital market assumptions teams. The table below shows resulting assumptions for each of the asset classes in which the plan was invested based on the long-term target asset allocation. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. The expected real rate of return is presented in arithmetic means.

Retiree Health Insurance Subsidy (HIS) Program Defined Benefit Pension Plan

Plan Description – The HIS Pension Plan is a cost-sharing multiple-employer defined benefit pension plan established to provide a monthly subsidy payment to retired members of any state-administered retirement system in order to assist such retired members in paying the costs of health insurance. Persons are eligible for health insurance subsidy payments who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system except those individuals who are pension recipients under Section 121.40, 237.08(18)(a) and 250.33, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when he or she terminates employment with all employers participating in the Florida Retirement System and:

- For a member of the FRS investment plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes and meets the definition of retiree in Section 121.4501(2), Florida Statutes.
- For a member of FRS defined benefit pension plan, or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan.

Any person retiring on or after July 1, 2001, as a member of the FRS including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability per provisions under Chapter 112, Florida Statutes.

Benefits Provided – The benefit of the HIS Pension Plan is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare. Terms of the benefits provided by the Plan may be amended only by the State Legislature with a change in the Statutes governing the Plan.

Contributions – The HIS Pension Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross

compensation for all active FRS members. For the fiscal year ended June 30, 2021, the contribution rate was 1.66 percent of payroll pursuant to section 112.363, Florida Statutes. There are no employee contributions required for the HIS Pension Plan. HIS Pension Plan contributions are deposited in a separate trust fund from which HIS payments are authorized.

The City's contributions to the HIS Pension Plan totaled \$33,330 for the fiscal year ended September 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2021 the City reported a liability of \$736,199 for its proportionate share of the HIS Pension Plan net pension liability. The City's proportionate share of the total HIS net pension plan liability was 0.006001668%.

For the year ended September 30, 2021, the City recognized a negative pension expense of \$91,695 for the HIS Pension Plan as a result of the City's proportionate share of the net pension liability being reduced from \$0.9 million to \$0.7 million between fiscal year ends 2020 and 2021, and the Plan's funded ratio increasing from 3.00% to 3.56% during the same period. At September 30, 2021 the City reported deferred outflows of resources and deferred inflows of resources related to pensions for the HIS Pension Plan from the following sources:

	Deferred Outflow of Resources	Deferred Inflow of Resources
Differences between expected and actual experience	\$ 24,635	\$ 308

The deferred outflows of resources related to pensions totaling \$8,085 resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2022. Other amounts reported for the FRS Pension Plan as deferred outflows of resources and deferred inflows of resources related to the pensions will be recognized in pension expense as follows:

Actuarial Assumptions – Actuarial valuations for the HIS Program are conducted biennially. The July 1, 2021, HIS valuation is the most recent actuarial valuation and was used to develop the liabilities for the June 30, 2021, financial reporting exhibits shown on the following page. Liabilities originally calculated as of the actuarial valuation date have been recalculated as of a later GASB Measurement Date using standard actuarial roll forward procedures. The discount rates used at the two liability measurement dates differ due to changes in the applicable municipal bond index between dates.

The actuarial assumptions that determined the total pension liability of the HIS Pension Plan as of June 30, 2021, were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Discount Rate – In general the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Pension Plan is essentially funded on a pay as you go basis, the depletion date is considered to be immediate, and the single rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate decreased by 0.05% from 2.21% at June 30, 2020 to 2.16% at June 30, 2021 due to changes in the applicable municipal bond index.

Long-Term Expected Rate of Return – as stated above, the HIS Pension Plan is essentially funded on a pay as you go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumption for cash flows into and out of the pension plan, or assumed asset allocation.

Sensitivity of the City’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate – The following presents the City’s proportionate share of the net pension liability of the HIS Pension Plan calculated using the discount rate of 2.16 percent. 2. Firefighters’ Retirement Fund

The City of Dunedin Municipal Firefighters’ Pension Trust Fund issues a publicly available financial report that includes financial statements and required supplementary information for single employer pension plans. That report may be obtained by writing to: Davidson, Jamieson & Cristini, P.I., 1956 Bayshore Boulevard, Dunedin, FL, 34698.

GASB Statement 67 Financial Reporting For Pension Plans, requires certain disclosures to be made for state and local government pension plans. It requires the net pension liability (asset) to be measured as the total pension liability, less the amount of the pension plan’s fiduciary net position. The total pension liability (asset) should be determined by (a) an actuarial valuation as of the date of measurement, or (b) the use of update procedures to roll forward the measurement date amounts from an actuarial valuation as of a date no more than 24 months prior to the pension plan’s fiscal year end. Since the Firefighters’ Pension Plan issues its own financial statements incorporating these disclosures, these disclosures are not included in the City’s notes to its financial statements.

Contributions are received from members through payroll deductions at 5.5% of wages. Employer contributions include Chapter 175 Premium Tax Refunds received from the State of Florida under Florida Statutes and any additional amount determined by the actuary to fund the plan properly according to State Laws. If a non-vested firefighter retires, dies, becomes disabled, or terminates employment with the City, accumulated contributions paid by the firefighter are refunded to the firefighter or the designated beneficiary.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Plan Membership in the Plan as of October 1, 2019:

Group	Number of Employees
Inactive plan members or beneficiaries currently receiving benefits	51
Inactive plan members entitled to but not yet receiving benefits	2
Active plan members	47
Total	<u>100</u>

Pension Benefits under the Plan include retirement benefits as well as death and disability benefits. To be eligible for normal retirement the participant must be age 55 with 10 years of service or age 52 with 25 years of service. Benefits are equal to 3% of the participant's average final compensation for each of the first 25 years of credited service and 2% of average compensation for each year in excess of 37.5 years. Service between 25 and 37.5 years does not add benefits. Beginning in April 2003, a supplemental monthly benefit of \$3 per year of service, not to exceed \$75, was added for future retirees. In fiscal year 2016 the supplemental monthly benefit was increased to \$13 per year of service, and the limitation not to exceed \$75 was increased to \$325. In fiscal year 2019 the supplemental monthly benefit was increased to \$16 per year of service and the limitation to \$400. A participant is vested after ten years of service.

Deferred Retirement Option Plan (DROP) is available to any plan member who is eligible to receive a normal retirement pension. Upon electing to participate in DROP, the member becomes a retiree for all Plan purposes while continuing his or her active employment as a firefighter. He or she ceases to accrue any further benefits under the pension plan. Normal retirement payments that would have been payable to the member as a result of retirement are accumulated and invested in the DROP to be distributed to the member upon his or her termination of employment. Participation in the DROP ceases for a Plan participant after the earlier of 5 years or the attainment of thirty years of service.

Basis of Accounting - The accrual basis of accounting is used for the Plan. Under the accrual basis of accounting, revenues are recognized when they are earned and collection is reasonably assured, and expenses are recognized when the liability is incurred. Plan member contributions are recognized in the period in which the contributions are due. City contributions to the plan, as calculated by the Plan's actuary, are recognized as revenue when due. Benefits and refunds are recognized when due and payable, in accordance with the terms of the plan. Investments are measured at fair value based on quoted market prices for securities held by the Plan.

Valuation of Investments – Investments of common stock and bonds traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the past reported bid and asked prices; investments in securities not having an established market value are valued at fair value as determined by the Board of Trustees. The fair value of an investment is the amount that the

Plan could reasonably expect to receive for it in a current sale between market participants, other than in a forced or liquidated sale. Investment transactions are recorded on a trade date basis.

Investment income is recognized on the accrual basis as earned. Unrealized appreciation or depreciation in fair value of investments includes the differences between cost and fair value of investments held. The net realized and unrealized investment appreciation or depreciation for the year is reflected in the Statement of Change in Fiduciary Net Pension.

The City's Firefighters' Pension Plan's net pension liability recorded in the September 30, 2021 financial statements was measured as of September 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The City's firefighters' net pension liability at September 30, 2021 will agree to the Change in Net Pension Liability (Asset) schedule that is presented on the following page. The City's firefighters' pension plan's fiduciary net position used in the calculation is dated as of the measurement date of September 30, 2020 and will agree to the Pension Plan's financial statements as of September 30, 2020.

Actuarial Assumptions – The total pension liability (asset) was determined by an actuarial valuation as of October 1, 2019 updated to September 30, 2020 using the following actuarial assumptions:

Inflation	2.50%
Salary increases	Service Based
Discount Rate	7.50%
Investment rate of return	7.50%

Mortality Rate Healthy Lives:

Female: PubS.H-2010 (Below Median) for Employees, set forward one year.

Male: PubS.H-2010 (Below Median) for Employees, set forward one year.

Mortality Rate Healthy Inactive Lives:

Female: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

Mortality Rate Disabled Lives:

Female: 80% PubG.H-2010 for Disabled Retirees / 20% PubS.H2010 for Disabled Retirees.

Male: 80% PubG.H-2010 for Disabled Retirees / 20% PubS.H2010 for Disabled Retirees.

The inflation assumption remained the same as prior year at 2.50%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for

each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included the pension plan's target asset allocation as of September 30, 2020, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Discount Rate – The discount rate used to measure the total pension liability was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the City’s contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of Net Pension Liability to Changes in the Discount Rate – The following table illustrates the impact of interest rate sensitivity on the net pension liability (asset) as of September 30, 2021.

	1% Decrease 6.50%	Rate 7.50%	1% Increase 8.50%

Detailed information about the pension plan’s fiduciary net position is available in a separately issued Plan financial report.

For the year ended September 30, 2021, the City will recognize a pension expense of \$663,608. At September 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

Deferred inflows of resources related to pensions will be recognized in pension expense as follows:

3. Defined Contribution Plan

Beginning January 1, 1996, the City began providing retirement benefits for all of its regular status employees not covered under the Florida Retirement System or the Municipal Firefighters' Pension Trust Fund through a non-contributory defined contribution plan administered by Empower Retirement under their prototype Profit-Sharing Plan and Trust Agreement. At September 30, 2021, there were 260 Plan members in the defined contribution plan. Benefits depend solely on amounts contributed to the Plan plus investment earnings. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of continuous service, 75% vested after four years of service, and 50% vested after three years of service.

City contributions for, and interest forfeited by, employees who leave employment before five years are used to reduce the City's current-period contribution requirement. Plan provisions and contribution requirements are established and may be amended by the City Commission.

The City's total payroll for fiscal year ended September 30, 2021; upon which contributions were based, was approximately \$15.5 million. The City's contributions are calculated using the participant's total compensation. City contributions for the years ended September 30, 2021, 2020, and 2019 were \$1,118,222, \$1,120,984, and \$1,067,440, respectively.

B. SELF INSURANCE PROGRAM

As a public entity, the City always has the potential risk for exposure to: torts; theft of, damage to and destruction of assets; errors and omissions by employees; injuries to employees and citizens; and natural disasters.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

In 2009, the City established a Self-Insurance Fund which is an Internal Service Fund to account for and finance a portion of any uninsured loss. The City utilizes this fund to self-insure the first \$100,000 of property damage per occurrence (except named storms). Other deductibles include 5% for Named Storm, subject to a minimum of \$500,000; \$100,000 for Flood damage, and \$350,000 of any employee work-related injuries (i.e. workers compensation claims). The City also self-insures all auto liability and general liability losses. Separate insurance policies are maintained for other purposes, such as Camp liability for Dunedin Recreation’s camps, Marina Operators Liability for the Dunedin Marina, Miscellaneous Medical Professional liability for the City’s emergency medical technicians, Public Officials liability for elected officials and committee members, and Storage Tank 3rd Party liability for fuel tank environmental pollution. Such coverages are fully insured and in most cases, subject to a deductible. All claims for liability, settlements, insurance premiums and deductibles for covered assets are included within the City’s Self-Insurance Fund.

The City is a governmental entity entitled to all statutory protection for such entities, including Fla. Statutes § 768.28 (5). Settled claims have not exceeded the overall program premiums since the plan’s inception.

All funds of the City participate in the program and make payments to the Self-Insurance Fund based on a current claims cost estimate to pay prior and current-year claims. The Self Insurance Fund maintains a minimum of \$3.5 million in reserves per Resolution No. 08-02 adopted on December 6, 2007.

The claims liability of \$965,266, reported in the Fund at September 30, 2021, is based on information identified prior to the issuance of the financial statements, and indicates that a liability has been incurred as of the date of the financial statements and that the amount of the loss can be reasonably estimated. These liabilities, including IBNR (incurred but not reported claims), are based on the estimated ultimate cost of settling the claims (excluding the effects of inflation and other societal and economic factors), using past experience adjusted for current trends and any other factors that would modify past experiences. Claims liabilities also include specific incremental claim adjustment expenses. Changes in the Fund's claims liability amount during the year ended September 30, 2021, are as follows:

	Workers Compensati	Property and Liability	Total

The City is also self-insured for its Employee Health Plans. The Health Benefits Fund was established October 1, 2010. The Fund is accounted for in an Internal Service Fund and is externally administered, for an annually contracted amount that is based on dollar value of claims processed. Contributions to the health plans (i.e. medical and dental insurance) for City employees and their dependents are shared by the City and the employee. Administrative fees are paid primarily out of this fund. Stop-loss insurance is maintained for this program at \$110,000 per individual with an annual aggregate stop-loss of 125% of total claims. No claims have exceeded the annual aggregate maximum since the Plan's inception.

Changes in the Fund's claims liability amount during the year ended September 30, 2021, are as follows:

C. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other than Pensions", established new accounting and reporting requirements for postretirement benefits (OPEB). The standard does not require funding of OPEB expense, but any difference between amounts funded to the plan and the OPEB liability is required to be recorded in the employer's financial statement as an increase (or decrease) in the net liability. The plan is 'pay as you go', therefore the full OPEB liability is recorded in the statements.

Plan Description and Funding Policy

The City of Dunedin has a single-employer defined benefit plan (OPEB) that covers eligible retirees and their dependents, who may continue to participate in the City's health insurance programs at the "blended" employee group rate which is determined annually by the City and approved by the City Commission. Retirees have 31 days to elect to enroll in the City's health insurance plan in which they were participating at the time of retirement unless otherwise stated in a plan document or collective bargaining agreement. As of the latest actuarial valuation date, a total of 326 active employees and 3 retired, inactive employees were participating in the City's health program. The City provides no funding for any portion of the premiums after retirement; however, the City recognizes that there is an "implicit subsidy" arising as a result of the blended rate premium since retiree health care costs, on average, are higher than active employee healthcare costs. The plan is not accounted for as a trust fund since an irrevocable trust has not been established to fund the plan. The plan does not issue a separate financial report.

Total OPEB Liability

The measurement date for the City’s OPEB liability is September 30, 2021, the same as the reporting date. The measurement period for the OPEB cost was October 1, 2020 to September 30, 2021. The components of the City’s OPEB liability at September 30, 2021, are as follows:

Total OPEB liability	\$ 1,892,797
OPEB Plan fiduciary net position	-
City's net OPEB liability	<u>\$ 1,892,797</u>
 OPEB Plan fiduciary net position as a percentage of total OPEB liability	 0.00%

Actuarial Assumptions - The total OPEB liability at September 30, 2021 was based on an actuarial valuation date of September 30, 2021. Significant methods and assumptions used for this valuation are as follows:

Inflation Rate	2.50%
Discount Rate	2.43%
Healthcare cost trend rate	4.00%

Mortality rates were based on the Pub-2010 mortality tables. All tables include fully generational adjustments for mortality improvements using gender-specific improvement scale MP-2018.

Discount Rate – The discount rate used to measure the total OPEB liability at September 30, 2021 was 2.43%. The discount rate used to measure the total liability at September 30, 2020 was 2.41%. Because the City’s OPEB costs are funded on a pay-as-you-go structure, in accordance with GASB Statement No. 75 a municipal bond rate must be used to in valuing the total OPEB liability. For the current valuation, the discount rate was based on the S&P Municipal Bond 20 Year High Grade Rate Index as published by the S&P Dow Jones Indices nearest the measurement date. The Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard and Poor’s Rating Services, Aa2 by Moody’s or AA by Fitch. If there are multiple ratings, the lowest rating is used.

D. CONTINGENCIES AND COMMITMENTS

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial. Various other suits and claims, arising in the ordinary course of the City's operations, are pending against the City of Dunedin. These claims consist of personal injury, discrimination, property damage and sales tax. The ultimate effect of such litigation cannot be ascertained at this time, but are not expected to be material.

E. FEDERAL AND STATE GRANTS

The City participates in a number of federal and state grant programs. These programs are subject to audit by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the City does believe, the amount of disallowances, if any, would have a material effect on the financial position of the City.

Nonspendable Fund Balance – Amounts that are (a) not in spendable form or (b) legally or contractually required to remain intact.

Restricted Fund Balance – Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws and regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Committed Fund Balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the City Commission, which is the City’s highest level of decision making authority, with same formal action (resolution) occurring prior to the City’s fiscal year-end. Commitments may be modified or removed only by the City Commissioners taking the same formal action that imposed the constraint originally.

Included in committed fund balance are Cemetery revenues from the sale of burial spaces as established by Resolution 94-20 which was amended by Resolution 08-27, contributions to the G. Koutsourais fund to provide recreational activities for Dunedin’s youth (Resolution 93-58), and fees collected and held in the Tree Bank for the purchase of trees to be used on city owned property. The Tree Bank was established as part of the city’s Code of Ordinances (Section 105-43.18).

Assigned Fund Balance – Includes spendable fund balance amounts established by an official (either the City Manager or Finance Director) authorized by the City Commission that are intended to be used for specific purposes that are neither considered restricted nor committed. Such authorization was established via Resolution 12-09.

The table below shows the breakout of encumbrances by major and nonmajor governmental funds in the aggregate, and the General Fund’s subsequent year’s budget. The total of the General Fund’s encumbrances and subsequent year’s budget are included in assigned fund balance.

Encumbrances

Major governmental funds:	
General Fund	\$ 660,626
Stadium Fund	28,058
Penny Fund	19,655,773
Total Major funds	<u>20,344,458</u>
Other Governmental Funds	595,977
Total Encumbrances	<u><u>\$20,940,435</u></u>

Subsequent Year's Budget

General Fund	<u><u>\$ 1,620,786</u></u>
--------------	----------------------------

Unassigned Fund Balance – The residual classification for the General Fund, representing fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund, except for the General Fund, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

Regarding spending priorities, the City’s fund balance guideline does not address prioritization among fund balance categories. However, it is assumed that restricted funds will be spent first unless there are legal documents that prohibit doing this, such as grant agreements. For unrestricted fund balance amounts, committed would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

NOTE 7 – FUND BALANCE DEFICITS

The following fund had a deficit fund balance at September 30, 2021:

<u>Fund Name</u>	<u>Deficit Amount</u>
Public Art Fund	\$ (20,220)

The Public Art Fund was established in FY 2020 to account for the receipt and disbursement of revenues and expenditures associated with contributions received from private owners and developers who are subject to the City’s design/review process, or as required by City ordinance related to capital improvement projects. As of fiscal year end, the fund had not realized revenues sufficient to cover the minor expenditures incurred during the fiscal year under the guidelines of the public art program. The anticipation is that future year revenues will reverse the deficit balance in the fund.

Notes to Schedule of Changes in the Net Pension:

The City implemented GASB Statement No. 68 for the fiscal year ended September 30, 2016, using a measurement date of September 30, 2015. Information for years prior to September 30, 2013 is not available.

The Covered Payroll numbers shown are in compliance with GASB 82, except for the 09/30/2015 measurement period which includes DROP payroll.

Changes of Benefits Terms: For measurement date 09/30/2016, Ordinance 16-22 was adopted. The change was an increase in the Supplemental benefit from \$3 to \$13 per month per year of service up to a maximum of \$325 for Members who retire on or after October 1, 2016 or enter the DROP on or after October 1, 2014.

Changes of Assumptions: For measurement date 09/30/2016, as a result of an October 3, 2016 Experience Study and as a result of recent State legislation, the Board has made the following assumption changes:

The assumed rates of mortality were changed to match those used by the FRS for special risk employees in their July 1, 2015 valuation report.

The expected withdrawal rates were reduced, as shown in the Actuarial Assumptions and Methods section of the 10/01/2016 valuation report.

The investment return assumption was reduced from 7.75% to 7.50% per year, net of investment related expenses.

The assumed rates of individual salary increase were reduced as shown in the Actuarial Assumptions and Methods section of the 10/01/2016 valuation report.

The assumed rates of retirement were reduced at each age, as shown in the Actuarial Assumptions and Methods section of the 10/01/2016 valuation report.

In addition, the inflation assumption rate was lowered from 3.0% to 2.5%, matching the long-term inflation assumption utilized by the Plan's investment consultant.

Changes of Assumptions: For measurement date 09/30/2019, amounts reported as changes of benefit terms resulted from the provisions of Chapter 112.1816, Florida Statutes.

Effective July 1, 2019, a death or disability (under the Plan's definition of total and permanent disability) for a Firefighter due to the diagnosis of cancer or circumstances that arise out of the treatment of cancer will be treated as duty-related.

Additionally, the Supplemental Benefit has been increased from \$13 per month per year of service to \$16 per month per year of service.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dunedin, Florida (the City) as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 28, 2022. Our report includes a reference to other auditors who audited the financial statements of the City's Municipal Firefighters' Pension Trust Fund, as described in our report on the City's financial statements. The financial statements of the City's Municipal Firefighters' Pension Trust Fund were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the City Municipal Firefighters' Pension Trust Fund.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Honorable Mayor and
Members of the City Commission

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The introductory section, combining and individual non-major fund financial statements and schedules, statistical section, and the Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual non-major fund financial statement and schedules and the Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and schedules, and the Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill are fairly stated, in all material respects, in relation to the financial statements as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 28, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH
MAJOR STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE
AND REPORT ON SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE
IN ACCORDANCE WITH CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Report on Compliance for Each State Project

We have audited the compliance of the City of Dunedin, Florida (the City) with the types of compliance requirements described the Department of Financial Services State Projects *Compliance Supplement* that could have a direct and material effect on each of its major state projects for the fiscal year ended September 30, 2021. The City’s major state projects are identified in the summary of auditor’s results section of the accompanying Schedule of Findings and Questioned Costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to state projects.

Auditor’s Responsibility

Our responsibility is to express an opinion on the City’s compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*. Those standards, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state project identified in the accompanying Schedule of Findings and Questioned Costs occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state project. However, our audit does not provide a legal determination of the City’s compliance.

Opinion on Each State Project

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to in the first paragraph that could have a direct and material effect on each of its major state projects for the fiscal year ended September 30, 2021.

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to in the first paragraph. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major state project in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state project will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by Chapter 10.550, Rules of the Auditor General

We have audited the basic financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated April 28, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Schedule of Expenditures of State Financial Assistance is presented for the purposes of additional analysis, as required by the Chapter 69I-5, *Schedule of Expenditures of State Financial Assistance, Rules of the Department of Financial Services*, and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the financial statements.

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated April 28, 2022.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We have examined the compliance of the City of Dunedin, Florida (the City) with the requirements of Sections 218.415, Florida Statutes, during the fiscal year ended September 30, 2021. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2021.

DUNEDIN — The Pinellas County Commission pulled the final trigger Tuesday on dedicating \$41.7 million in bed taxes for upgrades to the Toronto Blue Jays' stadium and spring training facilities, a pledge that amounts to covering more than half of the project.

It is a milestone following years of uncertainty over whether the city could garner the funding to build a state of the art facility to keep the Blue Jays in Dunedin after 40 years.

PREVIOUS COVERAGE: *Dunedin, Toronto Blue Jays appear headed toward \$81 million spring training deal*

In November, the city locked-in the team to stay for another 25 years with a new licensing agreement. But the county's funding commitment to the \$81 million renovation of Florida Auto Exchange Stadium and the training site at the Englebert Complex on Solon Avenue was the major piece needed before the development agreement can be signed, sealed and delivered.

OVERSIGHT

The unanimous vote by the County Commission was enough to bring Mayor Julie Ward Bujalski to tears.

"I could not be more proud," Bujalski said Tuesday. "We have a huge quality of life here and no one thing makes our quality of life. It's a combination of things. Spring training is part of that."

But the deal comes with serious risk, enough for City Attorney Tom Trask, hired financial advisors and the board of finance to warn against it.

According to the staggered agreement, the county will split its payment over several years: \$1.3 million is available now, \$14.8 million will be paid Oct. 1 and \$25.6 million in fiscal year 2020. The money is coming from the 6 percent bed tax paid by visitors in hotels, motels and other overnight rentals.

Trask said "it was always presented" to him the county would pay the funds upfront. Staggered payouts in the contract pose serious risk if the county fails to pay up mid-construction, either because a sudden emergency like a storm or if state law changes to prevent bed tax dollars be used for stadiums.

City Manager Jennifer Bramley said she has unequivocal assurance the county "has never reneged on a funding agreement and does not intend to do so now."

ADVERTISEMENT

The City Commission voted unanimously Monday to approve the agreement so the county could vote on it Tuesday. In a lengthy Sunday evening phone conversation with Blue Jays President Mark Shapiro, Bramley said he told her the team would look elsewhere if the approval of the funding agreement was postponed for more negotiations.

Commissioner Heather Gracy said the partnership is about trust.

"I'm nervous, but I will double down on Dunedin like I normally do, and I trust the county," Gracy said. "I certainly trust our partners on the field."

The county's share for the stadium is the largest gift of bed taxes negotiated last year. It also contributed \$26 million for the Clearwater Marine Aquarium; \$6 million for the Museum of the American Arts and Crafts Movement; \$5.5 million for Ruth Eckerd Hall; \$1.9 million for the Countryside Sports Complex; and \$495,000 for the Eddie C. Moore Softball Complex.

The city will pay \$5.6 million for the project, which is already on hand. The state has pledged \$13.6 million, contingent on the county's agreement passing Tuesday, and the Blue Jays will contribute \$20 million.

PREVIOUS COVERAGE: *Clock is ticking for Dunedin to sign deal with Toronto Blue Jays*

But the city will have to issue bonds for the state and team's \$33 million combined share, to be repaid over two decades. Bujalski said construction will be contracted in phases to keep up with the flow of funding.

The Blue Jays has also agreed to fund an additional \$25 million over 25 years in maintenance, operations and repairs on facilities the city will own.

Bujalski said the city will now finalize a development agreement with the team and select an architect. She hopes construction can begin before the end of the year.

In approving the funding, County Commissioner Charlie Justice said while there's debate over whether tax money should fund stadiums, the enterprise directly benefits residents.

Commissioner Dave Eggers, former mayor of Dunedin, said the Blue Jays' commitment to permitting high school students to play in the stadium is a detail that sweetens the deal.

"All of these dollars we are spending on private ventures have public purpose," Eggers said. "It is about kids playing on these fields. It doesn't happen everywhere. ... It is about the Blue Jays really embracing what our community is all about."

STADIUM FUND ANALYSIS

The Stadium Fund is a special revenue fund created to account for the receipt and disbursement of funds related to the City's stadium, including operations and debt service.

AVAILABLE FUND BALANCE

The City anticipates ending FY 2019 with a significantly increased fund balance. Intergovernmental revenues from the County and State of Florida, offset by debt issuance, will allow construction on the stadium to begin in FY 2019, and increase the fund balance for continued construction in FY 2020.

Ending Available Fund Balance
Stadium Fund

REVENUE

The major change in revenues for FY 2019 will be approximately \$33.7M in debt proceeds for the reconstruction of the Dunedin Stadium and the Englebert Complex. Negotiations with the Toronto Blue Jays were completed in FY 2018, and the plans for reconstruction will commence in FY 2019.

EXPENDITURES

Construction for the new Spring Training facilities is estimated to cost in excess of \$81M and will be shared among the State of Florida, Pinellas County, City of Dunedin, and Toronto Blue Jays. Major changes to expenditures in FY 2019 include a principal payment of \$1.29M and interest expenditure of \$1.63M.

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management, accounting procedures, and internal controls. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c, *Rules of the Auditor General*, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, see separately issued financial statements for the City of Dunedin CRA.

Deepwater Horizon Oil Spill

Section 10.556(10)(e), *Rules of the Auditor General*, requires a determination of the City's compliance with federal and state laws, rules, regulations, contracts, or grant agreements related to the receipt and expenditure of funds related to the Deepwater Horizon oil spill. The City's Deepwater Horizon oil spill funds received are unrestricted and, therefore, do not have related compliance requirements.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, City Commission, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

STADIUM FUND ANALYSIS

The Stadium Fund is a special revenue fund created to account for the receipt and disbursement of funds related to the City's stadium, including operations, capital outlay and debt service.

AVAILABLE FUND BALANCE

The Stadium Fund anticipates ending FY 2022 with a slight increase in fund balance. The fund balance in FY 2022 includes \$630,000 of Capital Reserve for future repairs and maintenance of the Stadium and Spring Training facilities.

Ending Available Fund Balance

REVENUE

FY 2022 revenues have decreased \$449,000, below FY 2021. This is primarily due to a \$500,000 reduction in Transfers In. FY 2021 included a transfer in from the Penny Fund of \$500,000 for the Stadium project. This was a loan to be paid back in FY 2022. Charges for services will increase \$41,000, or 11.9%. Charges for Services are expected to return to normal levels by FY 2022, as the stadium is in full use.

EXPENDITURES

Overall, FY 2022 the Stadium Fund is projected to increase \$358,150, compared to FY 2021 budget. The increase is due to the transfer out to pay back the Penny Fund after completion of the Blue Jay's Stadium. Operating costs will increase \$104,050, or 22.5%, due to an increase in property insurance. Debt Service has a decrease of \$244,300 due to the payoff of the Spring Training Series 2012 loan.

INDIAN RIVER COUNTY ANNUAL REPORT ON STATE SPRING TRAINING FUNDS

Dated: August 24, 2022

Indian River County is submitting its annual report to the Florida Department of Economic Opportunity in accordance with Florida Statute, Section 288.11631. Please find the requested information enclosed:

1. *A detailed report on all local and state funds expended to date on the project being financed under Section 288.11631, F.S.*

Attached is a detailed report of expenditures (**Attachment #1**) of the bond proceeds of the \$16,810,000 Indian River County, Florida, Revenue Bonds, (Spring Training Facility) Series 2001. Also, please see a copy of the official statement for this bond issue (**Attachment #2**). These bonds are secured in part by the "Retained Spring Training Franchise" funds ("State Funds"). The original annual debt service for these bonds was \$1,221,333. The "State Funds" originally supported \$500,000 (40.9%) and local funds supported the remainder \$721,333 (59.1%). The annual debt service has now dropped to approximately \$500,000 since a portion of the bond was paid off in 2013 and again in 2019.

Based on the portion of debt supported by the annual \$500,000 from the State of Florida, approximately \$6.9 million of the initial acquisition and construction costs (\$19 million) were funded by the "State Funds". The entire proceeds of the bond issue were expended by 2006. Additionally, the County has continued to spend local funds since the bond issue was fully expended (See **Attachment #1A**). Total expenditures for this project now stand at approximately \$33.9 million.

2. *A copy of the contract between the certified local governmental entity and the spring training team.*

Please find a copy of the "Memorandum of Understanding" between the Los Angeles Dodgers, Inc. and the County entered into on August 9, 2000 (**Attachment #3**). Also, please find the Facility Lease Agreement between the Dodgers and Indian River County, entered into on September 1, 2000 (**Attachment #3A**), as well as the First Amendment, Second Amendment, Third Amendment, Fourth Amendment, Fifth Amendment, and Amended and Restated Facility Lease Agreement (**Attachments #3B, #3C, #3D, #3E, #3F, #3G, #3H and #3I**).

Further, the Certification of Indian River County as an authorized facility for a retained spring training facility pursuant to Section 228.1162, Florida Statutes, approved by OTTEID on January 1, 2001, has been attached as well (**Attachment #4**).

3. *A cost-benefit analysis of the team's impact on the community*

Attached is a copy of the Economic Impact Report from the Treasure Coast Sports Commission for the 2021 Historic Dodgertown (AKA Jackie Robinson Training Complex/JRTC) Spring Training held January 1, 2022 through April 25, 2022 (Attachment #5). This event resulted in 9,085 room nights in Indian River County, with an estimated \$3,914,804.70 economic impact. It should be noted that Historic Dodgertown has activity throughout the year, not just during spring training. The total economic impact of this facility is shown in the attached report titled, "Economic Impact and Facts - Jackie Robinson Training Complex" prepared by the Treasure Coast Sports Commission (Attachment #5A).

Also included is a copy of the "Economic Impact of Tourism" completed by the Center for Tourism Research & Development in December 2001 (Attachment #5B). This study estimated the total economic impact of Spring Training at Dodgertown at approximately \$120 million per year.

4. *Evidence that the certified governmental entity continues to meet the criteria in effect when the applicant was certified.*

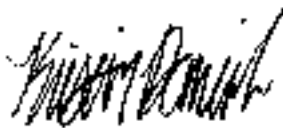

As stated above, Indian River County entered into a Memorandum of Understanding (MOU) and a Facility Lease Agreement with the Dodgers in 2000. The MOU provided that the County would purchase the stadium from the Dodgers for \$10 million and provide \$7 million for the expansion and renovation of the facility. The Series 2001 Spring Training Facility Bonds were issued to finance the acquisition and improvements. This bond issue was secured partially by pledging the annual \$500,000 payments received in accordance with Section 121.20, Florida Statutes, through 2031. Several years later, the Dodgers terminated the lease agreement. The County subsequently entered into an agreement with Verotown (previously Minor League Baseball) to operate the facility. Please note, this agreement entered into on May 1, 2009, and as amended later, explicitly contemplated that Verotown would allow for and assist Indian River County in securing Spring Training opportunities at the facility (see Attachment #6). The agreement entered into on January 2, 2019 with Major League Baseball includes operational covenants which state "Verotown acknowledges the community's desire to host, and agrees to promote the use of the Facility for Major League Baseball spring training activities and game events. Verotown agrees to negotiate with any Major League Club expressing an interest in conducting spring training activities or game events at the Facility and use its best efforts to enter into a user agreement on such terms and conditions as Verotown deems commercially reasonable or feasible; provided, however, that the failure to do so shall not be considered a Default by Verotown hereunder. Any such use by a Major League Club requires prompt review and approval by the County Administrator, which will not be unreasonably withheld, unreasonably conditioned or unreasonably delayed. In the event such approval is not timely forthcoming or otherwise withheld, Verotown may seek approval from the County Commission."

Please note, Section 288.11621(5)(f) states, "A local government as defined in s.218.369 may not be decertified by the department if it has paid or pledged for the payment of debt service on, or to fund debt service reserve funds, arbitrage rebate obligations, or other amounts payable with respect thereto, bonds issued for the acquisition, construction, reconstruction, or renovation of the facility for which the local government was certified, or for the reimbursement of such costs or the refinancing of bonds issued for the acquisition, construction, reconstruction, or renovation of the facility for which the local government was certified, or for the reimbursement of such costs or the refinancing of bonds issued for such purpose. This subsection does not preclude or restrict the ability of a certified local government to refinance, refund, or defease such bonds."

As shown in Attachments #3, and #4, the County was certified as a retained spring training facility on January 1, 2001. Further, Attachment #2 is the official statement for bonds issued for the acquisition, construction, and renovation of Dodgertown. This issue pledged the retained spring training facility funds for a period of thirty years beginning on February 28, 2001.

Subsequently, Indian River County pledged the "State Funds" for the payment of debt service on bonds issued for the acquisition, construction, and renovation of this facility. This scenario is contemplated within Section 288.11621(5)(f) as recently amended. Per Section 288.11621(5)(f), the County "may not be decertified by the department" based upon the information provided herein.

(1) Original Acquisition and capital improvements costs totaling \$17 million were funded through the Series 2001 - Sprung Training Facility Bonds. These bonds are secured by a portion of Half-Cent Sales Tax, the Fourth-Cent Local Option Sales Tax, and State funds of \$300,000 per year for a 30-year period. Based on the portion of debt supported by the annual contribution from the State, approximately \$6.9 million of the initial acquisition and construction costs were funded by the State funds.

(2) The Capital Reserve Account was jointly funded by the City and the County for the acquisition from the Dodgers in 2001. The City contributed \$1.4 million and the County contributed \$600,000 to this fund. A \$2 million Capital Reserve Account was approved at the inception of the agreement with MiLB as well. The balance of this account was expended in April 2014.

(3a) Beginning with the first renewal term of the Capital Reserve Agreement, the County shall deposit \$250,000 per Lease Year into the Capital Reserve Account as a means of supplementing the Capital Reserve Account balance.

(3b) Beginning with the Amended and Restated Facility Lease Agreement, the County shall deposit \$800,000 per Lease Year for the first five years into the Capital Reserve Account as a means of supplementing the Capital Reserve Account balance. In Lease Year six and continuing through the first year of the third Renewal Term, the County shall deposit \$400,000 into the Capital Reserve Account per Lease Year.

(5) The agreement with MiLB included funding for tourism promotion. Funding for each year of the agreement is as follows: \$50,000 first year, \$55,000 second year, \$60,500 third year, \$66,550 fourth year, and \$73,000 fifth year and each subsequent lease year during any renewal term.

(6) Beginning with the Amended and Restated Facility Lease Agreement with MiLB, the County has 4 years from the Lease Effective Date to complete various improvements of an estimated cost of \$7.4 million. Beginning with the First Amendment, the County shall contribute \$2,050,000 towards the improvements. Beginning with the Second Amendment, the improvements must be completed by December 31, 2024 and the County will reimburse MiLB up to \$4,070,000 of these costs.

 For "RATED" Bonds

In the opinion of Bond Counsel, remaining unamortized obligations by the County with certain exceptions comply with provisions of the Jobs and Growth
 Act of 2006, as amended, issued on October 2006, which is excluded from prior notice for purposes of federal tax and transfer and is not an issue of tax
 preference for purposes of the federal alternative minimum tax imposed on individuals and corporations under existing statute, regulation and judicial
 authority and it should be noted that in the case of corporations (a) subject to federal income tax purposes, each interest is taken into account in
 determining reported current earnings for purposes of said alternative minimum tax. Furthermore, in the opinion of Bond Counsel, the Series 2001 Bonds are
 the largest offering of municipal bonds under the laws of the State of Florida, except for the issue which was required by Chapter 284, Florida Statute,
 as amended, and which was approved by Chapter 224, Florida Statute, as amended. See "EXCERPTS FROM" Florida Statute for further information.

WHEREAS, Dodgers own and control the land consisting of approximately 64.03 acres described in Exhibit "A" hereto (the "Land"); and

WHEREAS, for over fifty years, the Dodgers have owned and operated the spring training and conference facility known as "Dodgertown," which is located on the Land and is comprised of Holman Stadium, an eighty-nine (89) unit hotel facility, a conference center with meeting and dining rooms, a clubhouse and weight room, in-door batting and pitching cages, four (4) full baseball practice fields, and two (2) half baseball practice fields (collectively, the "Existing Facilities"); and

WHEREAS, the Dodgers desire to sell the Land and Existing Facilities to the County, and, in conjunction with the Developer, to develop other land owned by the Dodgers within the municipal limits of the City into a mixed use town concept which will reflect the ambiance and tradition of Dodgertown; and

WHEREAS, the County intends to finance its obligations under the Real Estate Contract (as defined in Section 1(A), below) and the Development Agreement (as defined in Section 2(A), below) in part, by means of one or more series of revenue bonds to be issued by the County (the "Bonds"); and

WHEREAS, the parties now desire to identify the general terms and conditions pursuant to which they shall negotiate in good faith to draft and execute the various agreements whereby (1) the County shall acquire the Land and Existing Facilities from the Dodgers, (2) the County shall lease the acquired Land and Existing Facilities to the Dodgers, and (3) the Dodgers shall, on behalf of the County and at the County's cost and expense (as described in Section 3(B), below), improve and/or repair the Existing Facilities and/or replace the Existing Facilities with new improvements (the "Improvements").

NOW THEREFORE, the parties hereto agree as follows:

Section 1. Real Estate Contract

(A) The County and the Dodgers shall negotiate a Real Estate Sale and Purchase Agreement (the "Real Estate Contract") pursuant to which the County shall purchase the Land and all Existing Facilities, "as is," from the Dodgers for a purchase price of Ten Million Dollars (\$10,000,000), payable in full in cash at closing. The Real Estate Contract shall be a standard form agreement which shall include the usual and customary covenants employed in such types of commercial real estate transactions in Florida, with all of the customary costs and expenses to be prorated or shared, as the case may be, between the County and the Dodgers, except that the Dodgers, as seller, shall be solely responsible for any state and/or local taxes levied on the Land (regardless of when such taxes are payable) prior to the date that the County takes title to the Land.

(B) The County shall represent in the Real Estate Contract that it has not dealt, and shall not deal, with any broker, salesman, or finder in connection with the transactions contemplated herein, and that no sales commissions or finder's fees shall be due or payable by or from the County as a result of the transactions contemplated herein.

(C) The County shall be entitled to obtain and receive a physical and environmental survey of the Land and owner's title insurance policy reflecting the acquisition of an unencumbered and marketable fee simple title to the Land, as well as other usual and customary land acquisition requirements generally applicable to such commercial real estate acquisitions. The means for determining "marketable title" to the Land shall be specified in the Real Estate Contract.

(D) The Real Estate Contract shall provide that if the County elects to sell the Land any time during the "Term" of the Facility Lease Agreement (as defined in Section 2(A), below), the Dodgers shall have an option to reacquire the Land and all Existing Facilities and/or Improvements (hereinafter collectively referred to as the "Facility"), at the then fair market value for the Facility. The fair market value of the Facility shall be determined in the manner described in Section 2(E), below. The Real Estate Contract shall also grant the Dodgers an option to repurchase the Facility, at its then fair market value (such fair market value to be determined in the manner described in Section 2(E), below), at any time after the Bonds to be issued by the County have been retired, provided that the Dodgers are still the lessee under the Facility Lease Agreement. The options to be granted to Dodgers hereunder shall be written into the deed for the Facility.

Section 2. Facility Lease Agreement

(A) The Dodgers and the County shall negotiate in good faith to enter into a Facility Lease Agreement (the "Facility Lease Agreement") pursuant to which the Dodgers shall lease the Facility from the County for a period of twenty (20) years (the "Initial Term"), plus a series of options, which may be exercised by the Dodgers at their sole discretion, for not less than four (4) renewal terms of five (5) years each (the "Renewal Terms"). For purposes of this Agreement, "Term" shall mean the Initial Term and any

Renewal Terms. As indicated herein, all of the agreements contemplated by this Memorandum of Understanding, including the Facility Lease Agreement, are and shall be made subject to and expressly contingent upon the acquisition of the Land and Existing Facilities by the County, the funding by the County and City of the "Construction Fund" and the "Capital Reserve Account" (as both terms are defined in Section 3(E), below), the acquisition by the Developer of the "Adjacent Land" (as defined in Section 4(A), below), the obtaining by the Developer of site plan approval for the "Collateral Development" (as defined in Section 4(A), below), the obtaining by the Dodgers' of site plan approval for the Improvements (as defined in Section 3(B) below), and the execution by the parties of all other agreements contemplated by this Memorandum of Understanding.

(B) The Facility Lease Agreement shall provide for an annual rental payment during the Initial Term of One Dollar and No/100 (\$1.00) per year, payable in advance at the time of execution. The annual rental payment during any Renewal Term shall also be One Dollar and No/100 (\$1.00) per year, payable in advance at the time that the option is exercised by the Dodgers.

(C) Under the Facility Lease Agreement, the Dodgers, as lessee, shall assume all obligations for the operation and maintenance of the Facility without claim for offset or reimbursement from the County. The Dodgers shall be solely responsible for maintaining the Facility in a commercially reasonable manner and for insuring the Facility in an amount equal to the replacement cost of all Existing Facilities and/or Improvements against customary casualty and general liability losses at commercially reasonable rates and will name the County and the City as additional insureds thereunder. Because the Dodgers will be operating the Facility under the Facility Lease Agreement, the Dodgers shall indemnify and hold the County and the City harmless from any and all claims and liabilities that may arise as a result of the Dodger's use or operation of the Facility. All operational expenses of the Facility, personal property taxes, and ongoing repairs and replacements of property forming any portion of the Facility, shall be the sole obligation of the Dodgers, except for the payment of any ad valorem real property taxes that may become due on the Land. Under the Facility Lease Agreement, the County shall assume the obligation to pay any and all ad valorem real property taxes that may become due after the date that the County acquires the Land. However, the Dodgers shall be responsible for the payment of all liens, assessments, taxes, or other encumbrances whatsoever resulting from the Dodgers' prior ownership of the Land.

(D) Neither party shall have the right to assign the Facility Lease Agreement to a third party during the Term without the other party's prior written consent, which consent may be granted or denied by the other party at its sole and absolute discretion. Notwithstanding the foregoing, the County acknowledges and agrees that the Dodgers shall have the right, at their sole discretion, to sublease to the Developer and/or to any third party, at any time during the Term, for any type or amount of consideration deemed appropriate by the Dodgers any residential units, office space, and/or conference facilities located within the Facility and to retain any and all revenues or consideration derived therefrom.

(E) If the Facility Lease Agreement is terminated by the Dodgers without the County's consent before the expiration of the Initial Term, the Dodgers shall pay the County, as liquidated damages, the then

remaining amount required by the County to defray or retire the Bonds it issued to acquire the Land and Existing Facilities and to finance the Improvements. The aforementioned payment of liquidated damages shall be the County's sole remedy under the Facility Lease Agreement. In conjunction with the payment of such liquidated damages, the Dodgers shall have the option to repurchase the Facility (i.e., the Land and all Existing Facilities and Improvements) at a price equal to the Facility's then fair market value, less the amount of any liquidated damages paid by the Dodgers to the County hereunder. The fair market value of the Facility shall be established by an independent appraiser to be selected by two appraisers, one of whom shall be designated by the Dodgers and the other by the County. The independent appraiser shall appraise the fair market value of the Facility by using the highest and best use method. For purposes of the Facility Lease Agreement, the cessation of use of the Facility as a spring training facility by the Dodgers shall be what constitutes a termination of the Facility Lease Agreement.

Section 3. Development Agreement:

(A) The Dodgers and the County shall negotiate in good faith to enter into a "Development Agreement" pursuant to which the Dodgers shall undertake responsibility for the construction of the improvements generally described in Exhibit "B" hereto, which improvements shall be definitively described in the Development Agreement. The County acknowledges and agrees that a portion of the Existing Facilities may be demolished in order to construct the Improvements, which may include new housing units.

(B) On or before March 30, 2001 (or such later date as may be acceptable to the Dodgers), the County shall deposit not less than Seven Million Dollars (\$7,000,000) into a "Construction Fund" which shall be made available to the Dodgers to pay for the Improvements in accordance with the terms of the Development Agreement. The funds for the Construction Fund shall be obtained by the County from the Bonds that it intends to issue in connection with this project. At the same time, the County shall also deposit up to Two Million Dollars (\$2,000,000) into a "Capital Reserve Account" which shall be made available to and administered by the Dodgers to pay for the subsequent repair and/or replacement of any Improvements. The Dodgers shall be solely responsible for any and all costs and expenses associated with the Improvements and any future improvements voluntarily undertaken by the Dodgers which exceed the combined amount in the Construction Fund and the Capital Reserve Account; provided, however, that if, during the course of the site plan approval and permitting process, the Dodgers are required to change and/or add to the Improvements and, as a result of any such changes and/or additions, the amount of the cost and expenses associated with the Improvements increases to more than three (3%) of the combined amount in the Construction Fund and the Capital Reserve Account, then the Dodgers shall have up to and including sixty (60) days (or such later date as may be acceptable to the County and the Dodgers) after the County obtains certification from the State of Florida Office of Tourism, Trade and Economic Development (the "Office of Tourism") that the Land and Existing Facilities constitute a "facility for a retained spring training franchise" as described in Section 228.1162, Florida Statutes, to terminate the Development Agreement and all of the parties shall immediately be relieved of their obligations under this Memorandum of Understanding, the "Project Agreements" (as defined in Section 8(E), below), and/or any subsequent agreements executed in accordance with this Memorandum of Understanding.

(C) The Construction Fund shall be maintained and administered by the County and the Capital Reserve Account shall be maintained and administered by the Dodgers. Withdrawals from the Construction Fund and the Capital Reserve Account shall be made by the Dodgers by means of requisitions which shall be submitted to the County for its reasonable approval. All requisitions submitted by the Dodgers for purposes of paying any costs and/or expenses associated with the improvements and due to third parties shall be deemed reasonable and shall be approved by the County. Both accounts shall be established as trust accounts with a bank or trust company with offices located in Florida. All investment earnings up to the Bond yield attributable to the Construction Fund and all investment earnings attributable to the Capital Reserve Account shall be redeposited into such accounts and made available to the Dodgers as if such earnings had been part of the initial deposit. Both the Dodgers and the County shall receive monthly statements for each account. Capital repairs and replacements to the Facility shall be deemed to be reasonable expenditures to be paid from the Capital Reserve Account.

(D) In the event that the Improvements are completed under budget and any funds provided by the County (exclusive of the funds in the Capital Reserve Account) remain in the Construction Fund, then the Dodgers shall, at their sole discretion, either (1) undertake to make additional improvements with the excess funds or (2) following input from the County, relinquish the use of the excess funds, in which case a portion of the Bonds will be redeemed with such excess funds. The Development Agreement shall establish the procedure for using any excess funds.

(E) All Improvements shall inure to the benefit of the County as the holder of title to the Land, and ownership thereof shall vest with the County as soon as construction is completed. The Dodgers shall retain sole right of possession and quiet enjoyment of the Facility throughout the Term.

Section 4. Collateral Development.

(A) All of the parties hereto acknowledge and agree that the acquisition of the Land by the County and the development thereof by the County, the City, and the Dodgers is contingent upon the Developer's (1) entering into a contract to purchase from the Dodgers the existing approximately 44.7 acre golf course immediately adjacent to the western boundary of the Land and the approximately 17.14 acres of land adjacent to the northern boundary of the Land, each as more particularly described in Exhibit "C" hereto (collectively, the "Adjacent Land"), and (2) to obtaining site plan approval for the construction, on the Adjacent Land of a hotel and conference facility, a multifamily residential rental development, and retail, restaurant and entertainment centers (collectively, the "Collateral Development"). Therefore, if, for any reason, the Developer fails or is unable to acquire the Adjacent Land and/or to obtain the site plan approval for the Collateral Development, then all of the parties shall immediately be relieved of their obligations under this Memorandum of Understanding, the "Project Agreements" (as defined in Section 8(E), below), and/or any subsequent agreements executed in accordance with this Memorandum of Understanding.

(B) The Collateral Development shall be designed, constructed, operated, and maintained by the Developer and/or its assignees, and shall encompass a mixed-use town concept or "mini-town" which

shall be constructed in three (3) phases. Phase I shall consist of an approximately 120 room hotel and up to a 40,000 square foot conference facility. Phase II shall consist of approximately 250 multifamily market rate rental units, and Phase III shall consist of retail, restaurant, and entertainment facilities which will convert the remaining Adjacent Land into a fully functioning "mini-town". The Developer anticipates that Phase I and Phase II will commence immediately upon the acquisition of the Adjacent Land by the Developer, but the commencement of construction shall be contingent upon the County's actual issuance of the Bonds and its acquisition of the Land. The Developer anticipates that Phase I will take approximately twelve (12) months to complete from the date that building permits are issued.

(C) Based upon the Developer's preliminary discussions with planning and zoning representatives of the City, it is anticipated that the scope of the Collateral Development will be approved and building permits issued under existing City zoning and comprehensive plan categories for the Adjacent Land. If, however, it is determined that the scope of the Collateral Development will require zoning or other land use changes, and such changes cannot be accomplished within sixty (60) days (or such later date as may be acceptable to the County and the Dodgers) after the County obtains certification from the Office of Tourism that the Land and Existing Facilities constitute a "facility for a retained spring training franchise" as described in Section 288.1362, Florida Statutes, then all of the parties shall immediately be relieved of their obligations under this Memorandum of Understanding, the "Project Agreements" (as defined in Section 3(E), below), and/or any subsequent agreements executed in accordance with this Memorandum of Understanding.

(D) The Developer shall incorporate the ambiance and tradition of Dodgertown, including, without limitation, the Dodgers' name, trademarks, service marks, trade names, insignia, symbols, logos, decorative designs, trade dress, and uniform designs (collectively, the "Dodgers Marks"), into the design of the Collateral Development, the objective of the parties being to integrate the Facility with the Collateral Development so as to create a uniform look and feel for both. The Dodgers shall have the right to review and approve, at their sole discretion, each and every use of the Dodgers' Marks by the Developer. As part of the separate agreements to be negotiated and executed between the Dodgers and the Developer, there shall be (1) a Declaration of Covenants, Conditions and Restrictions burdening the Adjacent Land and the Developer's use thereof, and (2) a licensing agreement covering the Developer's use of the Dodgers' Marks, which rights shall be granted to the Developer for not more than One Dollar (\$1.00) per year.

Section 5. Parking Agreement

In order to provide sufficient parking for all events at Hooper Stadium and, in general, for the Dodgers' use of the Facility, the City, the County, the Dodgers, and the Developer shall enter into a four-way Parking Easement Agreement (the "Parking Agreement") pursuant to which the parties shall grant each other the use of certain parking spaces on the Land and the Adjacent Land. The Parking Agreement shall be supported by cross easements between the parties on their respective properties. The Parking Agreement shall regulate the charges for all parking, and all revenues derived from parking in connection

with events at Holman Stadium shall be retained solely by the Dodgers after reimbursing the Developer for any costs and expenses incurred by the Developer in connection with such parking.

Section 6. Operation of the Facility; the County's Use of Holman Stadium

(A) As lessee of the Facility under Facility Lease Agreement, the Dodgers shall be solely responsible for operating and maintaining the Facility and shall retain all revenues derived from the use of the Facility, including, without limitation, all revenues derived from ticket sales, food and merchandise concessions, sponsorships, and parking on the Land.

(B) Notwithstanding the foregoing, the County shall be granted the right to use Holman Stadium and/or the practice fields for up to twenty (20) days per year at no charge to the County (other than reimbursing the Dodgers for any operating expenses incurred by the Dodgers as a result of the County's use of Holman Stadium and/or and the practice fields). The dates during which the County may use Holman Stadium and/or and the practice fields shall be selected by mutual agreement of the parties; provided that, if the parties cannot agree on the dates, the Dodgers' reasonable selection of dates shall be final and controlling. The County may use Holman Stadium and/or and the practice fields only for functions which do not compete with revenue-generating events (e.g., concerts) which may otherwise be arranged by the Dodgers. Moreover, the County's use of Holman Stadium and/or the practice fields must not interfere in any way with the Dodgers' use and quiet enjoyment of the Facility. The County shall not use or authorize the use of Holman Stadium and/or the practice fields in any manner which would have a material detrimental impact on Holman Stadium and/or the practice fields, and the County shall be and remain solely responsible for any damage or destruction to Holman Stadium and/or any of the practice fields that may occur as a result of such use of Holman Stadium and/or and the practice fields by the County. The County shall be entitled to retain the revenues from ticket sales for its events, and, with the prior consent of the Dodgers, concessions sold during the events when Holman Stadium and/or the practice fields are utilized by the County; provided, however, that the Dodgers shall not be required to provide concession services and/or the use of any concession facilities and/or any other services during any County event. In all cases, the Dodgers shall be reimbursed by the County for any operating costs and expenses incurred by the Dodgers as a result of the County's use of Holman Stadium and/or the practice fields, including, without limitation, the cost of any parking attendants, ticket takers, security personnel, clean-up crews, and the like provided by the Dodgers.

Section 7. Zoning and Permitting

It shall be the sole obligation of the Dodgers and the Developer to obtain any permits and/or zoning changes which may be required to construct the Improvements and the Collateral Development. The County, acting solely in its capacity as the fee owner of the Land, shall cooperate with the Dodgers and the Developer, as may be reasonably required, to enable the Dodgers and the Developer to obtain any permits and/or zoning changes for the Improvements, including, without limitation, by joining in any applications for such permits and/or zoning changes.

Section 8. Actions Required by Each Party

(A) Actions Required of the City: Immediately upon the approval of this Memorandum of Understanding by the City Council, the City shall commence good faith negotiations with the various parties to draft and, when appropriate, execute the agreements which pertain to its participation in the transactions contemplated by this Memorandum of Understanding. The City shall also commence to take the necessary steps to fund a grant to the County in the amount of One Million Four Hundred Thousand Dollars (\$1,400,000), which amount shall constitute a portion of the County's local matching funds as required by Section 288.1162, Florida Statutes. At the option of the City, such grant may be made contingent upon the County obtaining a certification from the Office of Tourism that the Land and Existing Facilities constitute a "facility for a retained spring training franchise" as described in Section 288.1162, Florida Statutes. The terms of the City's grant to the County shall be set forth in an Interlocal Agreement between the City and the County as provided for in Chapter 163, Florida Statutes, which Interlocal Agreement shall reflect the relative contributions of the City and the County, and shall provide that upon any sale of the property acquired by the County pursuant hereto the City shall receive a proportionate share of the proceeds of sale. The Interlocal Agreement shall also contain a provision requiring repayment to the City of its \$1,400,000 should it perform its obligations hereunder, and subsequently either: (1) the transactions contemplated hereby not be consummated, or (2) the transactions be consummated yet fail and the parties be "relieved of their obligations" as provided elsewhere herein.

(B) Actions Required of the County: Immediately following the approval of this Memorandum of Understanding by the Board of County Commissioners (the "Board"), the County shall commence good faith negotiations with the various parties to draft and, when appropriate, execute the agreements which pertain to its participation in the transactions contemplated by this Memorandum of Understanding. The County shall also commence to take the necessary steps to extend the County's levy of the Tourist Development Tax authorized by Section 125.0104, Florida Statutes, so that a Tourist Development Tax in the authorized amount of four (4) cents shall be imposed for a period of not less than twenty (20) years. In addition, the County shall approve the Interlocal Agreement with the City regarding the City's grant of funds to the County as a portion of the County's local matching funds. As part of these steps, the County shall identify sufficient revenue sources, including, for this purpose, funds anticipated to be received by the County under Section 288.1162, Florida Statutes, to enable the County to issue revenue bonds providing net bond proceeds (i.e., bond proceeds less costs of the transaction and bond reserve funds) of not less than \$19,000,000, of which \$10,000,000 shall be used to fund the purchase price of the Land and \$7,000,000 shall be used to fund the Construction Fund for the improvements, and currently available non-bond proceeds in an amount of up to \$2,000,000 to fund the Capital Reserve Account. Upon completion of these steps, and the execution by the County of the Real Estate Contract, Facility Lease Agreement, Development Agreement, and Parking Agreement, the County shall complete and file the Application required by Section 288.1162, Florida Statutes, prior to October 1, 2000 (or such later date as may be set forth in any rules or regulation adopted by the Florida Office of Tourism), in an effort to obtain a certification that the Facility is a "facility for a retained spring training franchise".

(C) Actions Required of the Dodgers: Immediately following the approval and execution of this Memorandum of Understanding by the City Council, the Board, and the Developer, the Dodgers shall undertake to complete their negotiations with the Developer to enter into the agreements pursuant to which the Developer shall purchase the Adjacent Land and construct the Collateral Development. The County hereby acknowledges that the Dodgers have provided it with historical evidence that Holman Stadium has attracted paid attendance of at least 50,000 annually for the prior ten years, and will thereafter assist the County in obtaining verification of any projections of future attendance reasonably requested by the Florida Office of Tourism. In addition, the Dodgers will deliver to the County such items as the County shall need in order to timely complete and submit the Application required by Section 288.1162, Florida Statutes on or before October 1, 2000 (or such later date as may be set forth in any rules or regulation adopted by the Florida Office of Tourism), including, without limitation, a description of the improvements with the required amount of detail to support the Application. The Dodgers covenant and agree to actively cooperate and participate with the County in making a successful and timely Application as required by Section 288.1162, Florida Statutes.

(D) Actions Required of the Developer: Immediately following the approval and execution of this Memorandum of Understanding by the City Council, the Board, and the Dodgers, the Developer shall undertake to complete its negotiations with the Dodgers to enter into the agreements pursuant to which the Developer shall acquire the Adjacent Land and construct the Collateral Development. The aforementioned agreements between the Dodgers and the Developer shall be executed and made effective as of the date that both of the following conditions are satisfied: (1) the Florida Office of Tourism certifies that the Facility is a "facility for a retained spring training franchise," and (2) the scope of the Collateral Development has been approved under existing City zoning and comprehensive plan categories for the Adjacent Land.

(E) Actions Required by All Parties: Immediately following the approval and execution of this Memorandum of Understanding by all of the parties hereto, each party shall commence to negotiate in good faith to draft and, when appropriate, execute the Real Estate Contract, the Facility Lease Agreement, the Development Agreement, the Parking Agreement and the agreements between the Dodgers and the Developer (collectively, the "Project Agreements"). The parties shall also cooperate and make their best efforts to obtain the necessary approvals and permits for the Improvements and the Collateral Development. The parties acknowledge and agree that each and every one of the Project Agreements, and any subsequently identified agreements required by any of the Project Agreements, must be drafted and executed by all parties by not later than September 1, 2000. The parties further acknowledge and agree that all of the Project Agreements shall be made contingent upon the County receiving certification from the Florida Office of Tourism that the Land and Existing Facilities constitute a "facility for a retained spring training franchise." Accordingly, upon the completion and execution of the Project Agreements, the City, the Dodgers, and the Developer shall cooperate with and assist the County in preparing and submitting the Application to the Office of Tourism for the required certification.

Section 9. Contingencies

(A) The parties hereto agree that upon execution of this Memorandum of Understanding, all parties shall be bound to proceed in a good faith manner to negotiate the Project Agreements and complete the transactions contemplated by this Memorandum of Understanding. However, the parties recognize that various steps must be taken by each of the parties which, if not taken, shall prevent the other parties from taking the actions required of them herein. As a result, the parties hereto agree that the failure of a party to perform the obligations specified below shall relieve the other parties from their obligations under this Memorandum of Understanding. The City's obligations hereunder shall be to take the actions described in Sections 8(A) and (E), above; the County's obligations hereunder shall be to take the actions described in Sections 8(B) and (E), above; the Dodgers' obligations hereunder shall be to take the actions described in Sections 8(C) and 8(E), above, and the Developer's obligations hereunder shall be to take the actions described in Sections 8(D) and 8(E), above.

(B) The parties acknowledge that the Application to the Office of Tourism for the sales tax revenues must be filed on or before October 1, 2000. If, prior to October 1, 2000, the County fails to extend its tourist development sales tax or otherwise fails to take the actions described in Section 8(B) above, and/or if the City fails to take the actions described in Section 8(A) above, the obligations of all parties hereto shall immediately terminate. If, as expected, the Land and Existing Facilities are certified as a "facility for a retained spring training franchise" on or before January 1, 2001, and the Developer has received site plan approval by February 1, 2001, the County shall issue its Bonds and acquire the Land prior to March 31, 2001 (or such later date as may be mutually acceptable to the Dodgers and the County). Immediately thereafter, but subject to the issuance of the necessary building permits, the Dodgers shall commence construction of the Improvements, with the objective being to complete construction of the Improvements and have them ready for use by not later than February 15, 2002, or such later date as may be determined by the Dodgers.

(C) If the Dodgers fail to take the actions required of them by Sections 8(C) and 8(E), above, or if the Developer fails to take the actions required of it by Sections 8(D) and 8(E), above, and if, as a result of the foregoing, the parties are relieved of their obligations under this Memorandum of Understanding, then whichever party fails to take the actions required of it hereunder shall reimburse the County for all actual and verifiable costs incurred by the County in connection with this project after the date of execution of this Memorandum of Understanding, including, without limitation, the cost, if any, of appraisals, land surveys, environmental assessments, title searches and reasonable legal fees and expenses of outside counsel, but only up to a maximum reimbursement amount of Fifty Thousand Dollars (\$50,000). The foregoing shall be the sole legal remedy available to the County and the City in the event of a breach by the Dodgers and/or the Developer of this Memorandum of Understanding, and neither the Dodgers nor the Developer shall be liable, at law or in equity, for any other losses or damages, whether known or unforeseen, sustained by the County and/or the City, and/or any consequential damages, or punitive or exemplary damages.

(D) The parties acknowledge and agree that the Real Estate Contract shall be made contingent upon a determination that Holman Stadium is in compliance with the accessibility guidelines which will be

imposed by the Americans with Disabilities Act on the County as the owner of Hahnemann Stadium. The aforementioned determination shall be made by the County by not later than December 31, 2000.

Section 10. Drafting of Agreements

Immediately following the approval and execution of this Memorandum of Understanding by the City Council, the Board, the Dodgers, and the Developer, counsel for the County, with the assistance of counsel for the Dodgers and the Developer, shall commence to draft the Real Estate Contract, the Facility Lease Agreement, the Interlocal Agreement, the Development Agreement, and the Parking Agreement described herein and such other additional documents as may be necessary to consummate the transactions contemplated hereby, subject to the provisions of Section 9 hereof.

It is recognized by all parties that material terms and conditions remain to be negotiated and agreed upon by the parties prior to the execution and delivery of the final Project Agreements. This Memorandum of Understanding contains recitals of the initial discussions and agreements setting forth the intent of the parties herein. The terms and conditions of this Memorandum of Understanding are subject to the final terms and conditions set forth in any written contract evidencing the transactions contemplated herein. OR 1426PG1575

OR 1426160591

(c) The Dodgers are finally adjudicated insolvent or bankrupt or admit in writing their inability to pay their debts as they mature, or make an assignment for the benefit of creditors, or apply for or consent to the appointment of a trustee or receiver for the Dodgers or for the major part of their property;

(d) A trustee or receiver is appointed for the Dodgers or for the major part of their property and such trustee or receiver is not discharged within one hundred eighty (180) days after such appointment;

(e) Bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings or any other proceedings for relief under any bankruptcy law, or similar law for the relief of debtors, are instituted by or against the Dodgers, and, if instituted against the Dodgers, are allowed against them or are consented to by them or are not dismissed within one hundred eighty (180) days after such institution, to the extent permitted by law; or

(f) The Dodgers are in default under the Development Agreement and such default continues for thirty (30) days after written notice thereof has been delivered by the County to the Dodgers; provided, however, that the Dodgers shall not be in Default with respect to matters which cannot reasonably be cured within thirty (30) days so long as within such thirty (30) day period, the Dodgers commence such cure and diligently proceed to complete the same thereafter.

If a default occurs, the County shall have the rights and remedies set forth in this Agreement, which shall be distinct, separate, and, to the extent not mutually exclusive, cumulative, and shall not operate to exclude or deprive the County of any other right or remedy allowed it by law or equity.

Section 10.02. County Default. In the event of any failure by the County to observe or perform any material covenant, agreement, condition, or provision of this Agreement wherein the Dodgers' remedies on account thereof are not otherwise specifically provided for in this Agreement, and if such failure shall continue for thirty (30) days after notice thereof has been delivered by the Dodgers to the County, then the County shall be deemed to be in Default hereunder, provided, however, that the County shall not be in Default with respect to matters which cannot reasonably be cured within thirty (30) days so long as within such thirty (30) day period, the County commences such cure and diligently proceeds to complete the same thereafter.

Section 10.03. Remedies. In the event of a Default by either party (other than a Cessation of Use by the Dodgers), the party not in Default shall be entitled, as a non-exclusive remedy, and in addition to or in lieu of an action for damages, to seek an injunction or decree for specific performance or equitable relief from a court of competent jurisdiction to enjoin or remedy the Default.

011126MG0582

Section 10.04 Cessation of Use by the Dodgers. If, at any time during the Initial Term (and not a Renewal Term), the Dodgers lose the right to own the Team, or to hold Spring Training Home Games in the Facility, or otherwise cease to conduct their spring training operations and/or Spring Training Home Games at the Facility, such event shall constitute a "Cessation of Use" of the Facility by the Dodgers. Notwithstanding anything to the contrary contained in this Agreement, a Cessation of Use of the Facility by the Dodgers shall entitle the County to terminate this Agreement by giving the Dodgers ten (10) days' written notice of termination. The Dodgers shall have ten (10) days after receipt of the aforementioned notice of termination to renounce the Cessation of Use by confirming to the County their intention to continue to use the Facility during the Initial Term as the spring training facility for the Team. A termination pursuant to the provisions of this Section 10.04 shall become effective upon the expiration of the Dodgers' ten (10) day cure period.

Section 10.05. Liquidated Damages. If this Agreement is terminated by the County during the Initial Term as the result of a Cessation of Use by the Dodgers, then the Dodgers shall pay to the County, as "Liquidated Damages" and in lieu of all other remedies and/or damages of any type which may be available to the County, the entire amount required by the County to defease or retire the Bonds, together with any fees, expenses and costs incurred by the County to so defease or retire the Bonds.

Section 10.06. Repurchase by Dodgers. If the Dodgers are required to pay the Liquidated Damages specified in 10.05, above, the Dodgers shall be entitled to repurchase the Facility (including the Land) from the County at a price equal to the Facility's then fair market value, less the amount of any Liquidated Damages paid by the Dodgers to the County hereunder. The then fair market value of the Facility shall be calculated in accordance with the provisions set forth in Section 10.07, below.

Section 10.07. Calculation of Fair Market Value. For purposes of a repurchase of the Facility by the Dodgers pursuant to this Agreement, the then fair market value of the Facility shall be determined by the following procedure:

- (a) The Dodgers and the County shall each select an independent M.A.I. appraiser.
- (b) The appraisers selected by the Dodgers and the County shall then select a third appraiser known as the "Independent Appraiser." The Independent Appraiser shall determine the then fair market value of the Facility using the highest and best use method.

ASSIGNMENT/RELEASE

Section 12.01. Assignment. This Agreement may not be assigned by either party without the prior written consent of the other party, except that this Agreement may be assigned by the Dodgers to any person or entity who acquires the Team (by any form of acquisition), with the approval of Major League Baseball, provided that any such assignee explicitly assumes in writing the Dodgers' duties and responsibilities under this Agreement (in which case the liability of the Dodgers shall cease with respect to liabilities accruing from and after such transfer).

The Dodgers may sublease, at any time during the Term, any portion of the Facility, including, but not limited to, guest rooms, residential units, offices, practice fields, the clubhouse, weight room, and/or conference facilities located at the Facility. ARTICLE XIV

INDEMNIFICATION AND INSURANCE

Section 14.01. Indemnification by the Dodgers To the fullest extent permitted by law, the Dodgers shall indemnify, protect, and hold the County and the City and their officers, agents, and employees, and each of their respective successors and assigns (collectively, the "Indemnified County Parties") harmless from and defend the Indemnified County Parties against any and all "liabilities" (as hereinafter defined) for any "bodily injury" (as hereinafter defined) or "property damage" (as hereinafter defined) whatsoever arising out of or resulting from any Default by the Dodgers and/or occurring in, on, or about the Facility to the extent such injury or damage is caused by the Dodgers, or the Dodgers' agents, contractors or employees, but not to the extent caused by the negligence or willful misconduct of the Indemnified County Parties. In the case of any action or proceeding being brought against the Indemnified County Parties by reason of any such claim, Dodgers, upon notice from the Indemnified County Parties, shall defend the same at the Dodgers' expense by counsel reasonably satisfactory to the County.

Section 14.02. Indemnification by the County To the fullest extent permitted by law, the County shall indemnify, protect, and hold the Dodgers and their officers, agents, and employees, and each of their respective successors and assigns (collectively, the "Indemnified Dodgers Parties") harmless from and defend the Indemnified Dodgers Parties against any and all "liabilities" (as hereinafter defined) for any "bodily injury" (as hereinafter defined) or "property damage" (as hereinafter defined) whatsoever arising out of or resulting from any Default by the County and/or occurring in, on, or about the Facility to the extent such injury or damage is caused by the County, or the County's agents, contractors or employees, but not to the extent caused by the negligence or willful misconduct of the Indemnified Dodgers Parties. In the case of any action or proceeding being brought against the Indemnified Dodgers Parties by reason of any such claim, the County, upon notice from the Indemnified Dodgers Parties, shall defend the same at the County's expense by counsel reasonably satisfactory to the Dodgers.

00142660507

Section 14.03. Definitions. As used in this Agreement, "liabilities" shall mean all liabilities, claims, damages (excluding consequential damages), losses, penalties, litigation, demands, causes of action (whether in tort or contract, in law or equity or otherwise), suits, proceedings, judgments, disbursements, charges, assessments, and expenses (including reasonable attorneys' and experts' fees and expenses incurred in investigating, defending, or prosecuting any litigation, claim or proceeding whether out of court, at trial or in any appellate or administrative proceeding). "Bodily injury" means bodily injury, sickness or disease sustained by a person, including death, resulting from any of the foregoing. "Property damage" shall mean physical injury to tangible property, including all resulting loss of use of that property, or loss of use of tangible property that is not physically injured.

Section 14.04. Independent Provisions. The provisions of Sections 14.01 through 14.03 are independent of, and will not be limited by, any insurance obligations in this Agreement, and shall survive the expiration or earlier termination of this Agreement with respect to any claims or liability arising in connection with any event occurring prior to such expiration or termination.

Section 14.05. Insurance. Commencing upon the Effective Date and throughout the remainder of the Term and any renewals thereof, the Dodgers shall maintain, at their sole cost, the following insurance.

(a) A commercial general liability insurance policy in an occurrence form covering the insured against all bodily injury and property damage liability that may be or be claimed due to the Dodgers' use of the Facility in a minimum amount of coverage of One Million Dollars (\$1,000,000) for injuries to persons in one accident, One Million Dollars (\$1,000,000) for injuries to any one person and One Million Dollars (\$1,000,000) for damages to property. The commercial general liability insurance policy in an occurrence form shall also include contractual liability coverage including a Broad Form Endorsement covering the insurance provisions of this Agreement and the performance by the Dodgers of the indemnification provisions set forth in this Agreement.

(b) Special form (all risk) property insurance covering (1) the Facility, including, but not limited to, any additional improvements undertaken by the Dodgers, in an amount not less than one hundred (100%) percent of their actual replacement costs from time to time existing during the Term of this Agreement, providing protection against any peril included within the classification "all risks" of physical loss or damage, together with insurance against sprinkler damage, vandalism, malicious mischief, and water damage of any type and theft. The proceeds of such insurance shall be used for the repair or replacement of the property so insured.

(c) All of the insurance policies required under Sections 14.05(a) and 14.05(b), above, shall be effected from insurance companies recognized by and licensed in the State of Florida, and provide a Notice of Cancellation or material Coverage Change provision of thirty (30) days' notice in favor of the County. The Dodgers shall provide the County and the City with a duly executed Certificate of Insurance for each such policy. The Dodgers shall maintain the Certificate of Insurance on file with the County at all times during the Term. The policies required under Sections 14.05(a) and 14.05(b), above, shall name the County and the City as an additional insured.

(d) If the Dodgers fail to furnish the Certificate(s) of Insurance as required above, the County may, after notice and at its option, terminate as set forth in this Agreement, obtain the insurance, and the premiums on that insurance shall be deemed additional rent to be paid by Dodgers to the County on demand. Dodgers shall be responsible for securing, at their own expense, whatever insurance coverage they may desire on the contents of the Facility. All Certificates of Insurance required by this Lease shall be provided on a standard ISO form.

(e) Any insurance required of the Dodgers under this Agreement may be furnished by the County under a blanket policy so long as and provided such policy:

(1) complies with all other terms and conditions contained in this Agreement; and

(2) contains an endorsement that identifies with specificity the particular address of the Facility as being covered under the blanket policy.

ARTICLE XV FORCE MAJEURE

Section 15.01. Force Majeure Event. Should any fire or other casualty, act of God, earthquake, flood, hurricane, lightning, tornado, epidemic, landslide, war, riot, civil commotion, general unavailability of materials, strike, slowdown, labor dispute, governmental laws or regulations, or other occurrence beyond the Dodgers' or County's control ("Force Majeure Event") prevent performance of this Agreement in accordance with its provisions, performance of this Agreement by either party shall be suspended or excused to the extent commensurate with such occurrence, except as specifically provided herein.

Section 15.02. Partial Destruction. In the event of a partial destruction of the Facility, if Dodgers determine, as their sole discretion, that the undamaged portion of the Facility is still suitable for their spring training operations, then this Agreement shall continue in full force and effect with no adjustments in the obligations of the parties, and the Dodgers shall restore the Facility as soon as possible from the insurance proceeds or the Dodgers' own funds.

001426603589

Section 15.03. Facility Not Suitable for Use. In the event of total or partial destruction or damage of the Facility, if the Dodgers determine at their sole discretion that the Facility is not suitable for their spring training operations and/or cannot be used as the venue for their Spring Training Home Games, then this Agreement shall be suspended immediately until the Facility is repaired. Within twelve (12) months of the event of such total or partial destruction or damage, the Dodgers, with assistance of the County, but not at County expense, shall begin to repair or rebuild the Facility using the proceeds from the property insurance for that purpose and shall diligently pursue such repair or rebuilding until completed. Once the Dodgers contracts with an Architect or an Engineer or Design Build firm to draw plans for the repair or rebuilding of the Facility, the Dodgers shall be deemed to have begun the repair or rebuilding of the Facility. This Agreement shall continue to be suspended until the Facility is suitable for the Dodgers' spring training operations and as a venue for their Spring Training Home Games.

ARTICLE XVI

ADDITIONAL IMPROVEMENTS

Section 16.01. Improvements. The improvements, generally described in Exhibit B, shall be contracted in accordance with and pursuant to the Development Agreement. Notwithstanding the foregoing, the County hereby acknowledges that the Dodgers may desire to modify the improvements described in Exhibit B (e.g., to add new basing units). Accordingly, the County shall approve any modifications to the improvements hereafter requested by Dodgers so long as such modifications are designed to enhance the Facility and make it more useful to the Team and the Dodgers.

Section 16.02. Additional Improvements. Nothing contained in this Agreement shall restrict or prohibit the Dodgers from making improvements to the Facility which are not described as "improvements" hereunder or in Exhibit B; provided that the Dodgers shall notify the County of such additional improvements before the Dodgers undertake to make them.

ARTICLE XVII

ZONING AND PERMITTING

Section 17.01. Zoning and Permitting. It shall be the sole obligation of the Dodgers, with assistance from the County, but not at County expense, to obtain any permits and/or zoning changes which may be requested to construct the improvements and any additional improvements which the Dodgers may hereafter desire to make to the Facility. The County, acting solely in its capacity as the fee owner of the land, shall cooperate with the Dodgers as may be reasonably required, to enable the Dodgers to obtain any permits and/or zoning changes for the improvements and any additional improvements, including, but not limited to, by joining in any applications for such permits and/or zoning changes.

ARTICLE XVIII

CONSENTS AND APPROVALS

Section 18.01 Granting or Failure to Grant Approvals or Consents. All consents and approvals which may be given by a party under this Agreement shall, as a condition of their effectiveness, be in writing. The granting by a party of any consent to or approval of any act requiring consent or approval under the terms of this Agreement, or the failure on the part of a party to object to any such action taken without the required consent or approval, shall not be deemed a waiver by the party whose consent was required of its right to require such consent or approval for any other act.

Section 18.02 Standard. Unless this Agreement specifically provides for the granting of consent or approval at a party's sole discretion, then consents and approvals which may be given by a party under this Agreement shall not (whether or not so indicated elsewhere in this Agreement) be unreasonably withheld or conditioned by such party and shall be given or denied within the time period provided, and if no such time period has been provided, within a reasonable time. Upon disapproval of any request for a consent or approval, the disapproving party shall, together with notice of such disapproval, submit to the requesting party a written statement setting forth with specificity its reasons for such disapproval.

Section 18.03 Deemed Approval

(d) If a party entitled to grant or deny its consent or approval (the "Consenting Party") within thirty (30) days (or a shorter specified time period) fails to do so, then, provided that the request for consent or approval bears the legend set forth below in capital letters and in a type size which is not less than that provided below, the matter for which such consent or approval is requested shall be deemed consented to or approved, as the case may be:

FAILURE TO RESPOND TO THIS REQUEST WITHIN THE TIME PERIOD PROVIDED IN THE FACILITY LEASE AGREEMENT BETWEEN INDIAN RIVER COUNTY AND LOS ANGELES DODGERS, INC SHALL CONSTITUTE AUTOMATIC APPROVAL OF THE MATTERS DESCRIBED HEREIN WITH RESPECT TO SECTION [] OF SUCH FACILITY LEASE AGREEMENT.

Section 18.04 Approval for the County. The County hereby agrees that, subject to applicable law and regulations, the County Administrator (or the County Administrator's authorized designee) shall be authorized to grant consents or approvals on behalf of the County with respect to this Agreement.

OR 1426 PG 0591

Section 18.05. No Fees etc. Except as otherwise expressly authorized in this Agreement, no fees or charges of any kind or amount shall be required by either party hereto as a condition of the grant of any consent or approval which may be required under this Agreement (provided that the foregoing shall not be deemed in any way to limit the County acting in its governmental, as distinct from its proprietary, capacity from charging governmental fees on a nondiscriminatory basis)

IN WITNESS WHEREOF, the undersigned have executed this Agreement as of the day and year first above written.

THIS FIRST AMENDMENT is made and entered into as of the 1st day of June, 2011 to that certain Facility Lease Agreement by and between Indian River County, a political subdivision of the State of Florida ("County") and MILB Vero Beach LLC, a Florida limited liability company ("MILB"), dated as of May 1, 2009 ("Agreement").

WHEREAS, based upon further negotiations between the parties and with the City of Vero Beach, Florida ("COVB"), the parties desire to amend the Agreement with respect to the Land, the Parking Lease and the Parking Property, the Improvements, and other related matters.

NOW THEREFORE, in consideration of the mutual undertakings herein and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree, as follows:

1. Recitals. The above recitals are true and correct and are incorporated herein.

THIRD AMENDMENT TO FACILITY LEASE AGREEMENT

THIS THIRD AMENDMENT is entered into as of this 16th day of July, 2013, by and between Indian River County, a political subdivision of the State of Florida ("County") and Verotown, LLC, a Delaware limited liability company authorized to do business in the State of Florida ("Verotown").

WHEREAS, on or about May 1, 2009, the County and MILB Vero Beach, LLC, a Florida limited liability company ("MILB"), entered into the Facility Lease Agreement in which the County leased the Facility to MILB, and granted to MILB certain management rights with respect to the Facility, for a term of five years ending April 30, 2014 ("Original Lease"); and

WHEREAS, on or about June 1, 2011, the County and MILB entered into the First Amendment to Facility Lease Agreement ("First Amendment"), and on or about January 1, 2012, the County, MILB and Verotown, entered into the Second Amendment to Facility Lease Agreement, in which, among other things, the rights and obligations of MILB under the Original Lease and the First Amendment were assigned to Verotown ("Second Amendment"); and

WHEREAS, pursuant to section 2.03 of the Original Lease as amended by the First Amendment and the Second Amendment, Verotown has an option to renew the lease for a renewal term of five years, commencing on May 1, 2014 and ending on April 30, 2019 ("Renewal Term"), which option Verotown desires to exercise in accordance with the terms of this Third Amendment to Facility Lease Agreement ("Third Amendment") (the Original Lease, First Amendment, Second Amendment and Third Amendment are collectively referred to as the "Facility Lease Agreement"); and

WHEREAS, the County and Verotown reaffirm their desire to preserve the rich traditions and history of "Dodgertown" and the Facility, and recognize that the benefits to the local community of continuing baseball, athletic, conference and other activities at the Facility are unique and diverse, and include, without limitation, increased economic activity and employment opportunities, increased tourist trade and promotional opportunities, increased direct and indirect tax revenues, private sector payment of substantial maintenance and operation expenses which would otherwise burden local taxpayers, and other such benefits,

NOW THEREFORE, in consideration of the mutual undertakings herein and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree, as follows:

1. Recitals. The above recitals are true and correct and are incorporated herein.
2. Definitions. Except as set forth herein, all capitalized terms shall have the same meaning as set forth in the Original Lease, the First Amendment and the Second Amendment.
3. Exercise of Option. Verotown hereby exercises its first renewal option set forth in section 2.03. The term of the Facility Lease Agreement is hereby extended for the period of the Renewal Term, provided, however, that, except as set forth in sections 5 and 15 below, this Third Amendment shall be effective commencing at the beginning of the Renewal Term. Between the date of this Third Amendment and the commencement of the Renewal Term, the terms and conditions of the Original Lease, as amended by the First Amendment and the Second Amendment, shall remain in full force and effect without regard to any amendment of such terms and conditions set forth in this Third Amendment.
4. Rent. The amount of rent, set forth in section 2.04, shall remain the same during the Renewal Term. The parties acknowledge that the amount of such rent is based, in part, on (a) Verotown's payment of the substantial cost of maintenance and operation of the Facility, and other costs incurred in the performance of this Facility Lease Agreement, which costs would otherwise be a burden upon the taxpayers of Indian River County, and (b) Verotown's agreement with respect to net income, set forth in section 11 below.
5. Hotel Room Renovations. As of the date of this Third Amendment, Verotown has renovated 22 of the 89 hotel rooms included within the Facility. The County shall pay for or reimburse Verotown for the actual costs of the renovations of the remaining 67 rooms in an amount not to exceed \$600,000. This amount shall not be funded with funds currently on deposit in the Capital Reserve Account, or required to be deposited by the County into the Capital Reserve Account in the future. At the election of the County, such renovations shall be undertaken by the County, otherwise, such renovations shall be undertaken by Verotown, in which case all books or records of Verotown relating to the renovations shall be open to inspection by the County upon reasonable request. Procurement of the contractor(s) to perform such renovations shall be by public bid, conducted by the County in accordance with applicable law. In the event that renovations are undertaken by Verotown, Verotown shall be reimbursed for all such renovation costs within the time periods set forth in the Florida Prompt Payment Act, §218.70, et seq, Florida Statutes; provided, however, that reimbursement shall be in accordance with the procedure set forth in this Facility Lease Agreement and the Capital Reserve Account Agreement, and upon submittal and review of supporting documentation. This section 5 shall be effective as of the date of this Third Amendment.
6. Contribution to Capital Reserve Account. Section 8.02(c) is hereby deleted and replaced with the following language: "Beginning with the first Renewal Term, the County shall deposit \$250,000 per Lease Year into the Capital Reserve Account as a means of supplementing the Capital Reserve Account balance. Out of each \$250,000 deposited into the Capital Reserve Account, and subject to the remaining term of the Capital Reserve Account Agreement and this Facility Lease Agreement (a) there shall be no limit on the amount of such funds which may be used for any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction or improvement of the Facility which has a life expectancy of

five or more years, or any other construction, reconstruction or improvement of "infrastructure" as that term is defined in §212.055(2)(d)(1), Florida Statutes ("Qualifying Expenses"), and (b) no more than \$125,000 may be used for capital expenses or Repairs or Replacements (defined in accordance with section 3.02(b) of this Facility Lease Agreement, which shall include equipment used within the Facility for general maintenance, and shall not include motor vehicles licensed for use on the public roadways) which are not Qualifying Expenses. Verotown shall not be required to make any capital contribution to the Capital Reserve Account

7. Liquidated Damages. All references in the Facility Lease Agreement to Liquidated Damages are hereby deleted. Without limitation, section 10.05 is hereby deleted; provided, however, that each party shall remain liable for actual damages caused by an event of Default, as set forth in section 10

8. Right of Termination. New section 10.05 is hereby added, as follows: "Notwithstanding any other provision herein, Verotown shall have the right to terminate the Facility Lease Agreement for any reason upon 120 days written notice to the County. Verotown shall fully perform the terms and conditions of the Facility Lease Agreement during the 120 day notice period. A termination by Verotown pursuant to this section 10.05 shall not be an event of Default."

9. Motor Vehicle Liability Insurance. The following language is added to the end of existing section 14.05(a): In addition, Verotown shall maintain, at its sole cost, commercial automobile insurance in an amount no less than \$1 million combined single limits on (a) all motor vehicles owned by the County but operated by Verotown in connection with its use, management or operation of the Facility, and (b) all motor vehicles owned or leased by Verotown and used in connection with its use, management or operation of the Facility.

10. Property Insurance. Verotown's obligation to maintain special form (all risk) property insurance, as set forth in section 14.05(b) is hereby deleted, and replaced with the following respective obligations of the parties: (a) the County may elect, at its own cost, to maintain property and casualty insurance upon the Facility, in such amounts as the County deems appropriate. In the event of a casualty or force majeure event resulting in the total or partial destruction of the Facility and the payment of insurance proceeds to the County, the County shall decide in its sole discretion whether to use such proceeds for the repair or replacement of the portion of the Facility so destroyed; provided, however, that in the event that the County decides not to use the insurance proceeds or other funds to repair or replace the Facility, Verotown shall have the right to terminate this Facility Lease Agreement immediately (i.e., without the 120 day notice referenced in section 3 above) if it determines in good faith that the Facility is no longer suitable for the purposes and operations described in section 5.01. Nothing in this subsection shall be construed as requiring the County to insure any property or assets owned by Verotown which are located at or used in connection with the Facility. Verotown shall be solely responsible for insuring its own property or assets.

11. Verotown's Net Income. Verotown shall use all Net Income (defined below) derived from its use, management and operation of the Facility to pay for enhancements or improvements to the Facility that Verotown deems reasonable or necessary in its sole discretion

(collectively "Enhancements"); provided, however, that any Enhancement which significantly and materially alters the Facility or the Land shall require the consent of the County, which consent shall not be unreasonably withheld. For the purposes of this section, the term Net Income, shall mean Earnings before Interest, Taxes, Depreciation and Amortization (EBITDA), determined in accordance with Generally Accepted Accounting Principles, less cash distributions to its partners/members equal to 30% of taxable income as reported on IRS Form 1065, Schedule K. For clarification, the term "Earnings" in the prior sentence shall mean gross revenues minus costs of goods sold and general and administrative expenses paid by Verotown in connection with the use, management and operation of the Facility. Net Income shall be determined annually, using the fiscal or calendar year, normally used by Verotown in its accounting practices. Any Net Income which has not been used for the purposes set forth in this section as of the expiration or termination of the Facility Lease Agreement shall be paid to the County. The term "books and records" in section 3.04 is hereby amended to include Verotown's profit and loss statement, and other financial records, necessary to verify Verotown's Net Income, and the reinvestment of such Net Income in Enhancements. The Enhancements shall become the asset or property of the County upon being permanently affixed to the Facility, or at the expiration or termination of this Facility Lease Agreement, whichever occurs first. Net losses in any given year within the Renewal Term shall be credited against Net Income in any following year(s).

12. Museum of Dodgertown Memorabilia. Verotown will use commercially reasonable efforts to operate, at a location within the Facility, a museum containing memorabilia of the Brooklyn or Los Angeles Dodgers. The museum shall be open to the public during reasonable hours of operation to be determined by Verotown.

13. Public Events. The County and Verotown recognize the value and importance of using the Facility in a manner which provides entertainment opportunities for the residents of Indian River County. Accordingly, Verotown will endeavor to use the facility in a manner which provides such opportunities from time to time, thereby enabling the residents of Indian River County to enjoy and benefit from events held at the Facility.

14. Good Standing - No Violation. The County and Verotown agree that, as of the date of this Third Amendment, the Facility Lease Agreement is in good standing and neither party is in breach or violation of the terms and conditions of the Facility Lease Agreement.

15. Notices. Section 13.01 is amended to delete the notice/address information relating to MiLB, and to replace such information with the following:

Verotown shall provide and pay for, solely from funds of Verotown or the Capital Reserve Account if appropriate, all costs and expenses required for the operation and maintenance of the Facility which are not, by the terms of this Agreement, specifically required to be provided and paid for by the County, including, but not limited to, all personnel (including supervisory staff), labor, equipment, utilities, and materials. All expenditures from the Capital Reserve Account will be in accordance with Article VIII hereof. Subject to any cost reimbursement provided in Section 6.04 below, costs for which Verotown is responsible will include, but not be limited to, taxes, gas, electricity, internet services, telephone,

water, sewer, storm water, solid waste, and other utilities related to operation of the Facility, and production of all events taking place at the Facility.

Section 4.04 Taxes. As stated above, Verotown shall pay all taxes and non-ad valorem or special assessments associated with the lease and operation of the Facility except the County shall be responsible for ad valorem real property taxes, if any, imposed on the Facility. As of the Effective Date, and other than what is set forth on Exhibit "F", the County is not aware of any other special assessments applicable to the Facility or the Land, including but not limited to obligations associated with special districts, neighborhood improvement districts, Municipal Service Taxing Unit/Benefit Unit (MSTU/BU) or community development districts.

Section 4.05 Liaison. Verotown shall name a person to be the liaison to work with the County with respect to coordinating the mutual responsibilities of Verotown and the County. Verotown hereby designates Chris Haydock as the liaison unless and until a new person is designated in writing by Verotown.

Section 4.06. Limitations. Verotown's rights and obligations under this Agreement are subject to the following additional limitations:

(a) No contract entered into pursuant to this Agreement may impair any right of the County hereunder.

(b) Verotown shall not, without the County's consent, enter into any contract extending beyond the expiration date of the Term, as the Term is defined when any such contract is executed by Verotown.

(c) Verotown shall take no action which may result in the attachment of a lien or cloud on the County's interest in or title to the Land, the Facility, the FF&E, or any other real or personal property purchased or paid for with funds provided by the County. If, as a result of Verotown's actions, a lien or cloud is attached to the County's interest or title to the Land, the Facility, the FF&E, or any other real or personal property purchased or paid for with funds provided by the County, Verotown shall immediately take all reasonable and necessary steps to remove such lien or cloud.

(d) Verotown shall not knowingly occupy or use the Facility for any purpose or in any manner that is unlawful.

(e) Within the policies and standards set by the County pursuant to this Agreement, Verotown shall function as an independent contractor in fulfilling the duties required by this Agreement. All staff required by Verotown to accomplish its obligations under this Agreement shall be employees and/or independent contractors of Verotown or an MLB Entity and not the County.

(f) Subject to the County's representations described in Sections 4.02 above, Verotown takes the Facility "as is", both as of the Effective Date and upon completion of

any County Improvements and Verotown Improvements in accordance with the terms hereof, with no other warranty from the County as to condition

(g) Verotown shall repair, replace, provide and maintain, at its expense, all equipment necessary to perform its responsibilities hereunder, and such equipment will at all times be deemed to be included as a part of the FF&E and run with and be a part of the Facility; provided, however, upon the termination of this Agreement, any Verotown Equipment (exclusive of fixtures) which has been purchased and paid for by Verotown with funds other than the funds provided by the County, may be identified and removed by Verotown upon notice to the County.

(h) Except as may be provided in this Agreement, Verotown shall not undertake any Capital Improvements to the Facility without the permission of the County, which permission shall, when not otherwise governed by this Agreement, not be unreasonably withheld, unreasonably conditioned or unreasonably delayed

(i) If the County reasonably believes that Verotown's failure to comply with any of its obligations under this Agreement involves a "life safety issue," as defined below, the County shall immediately notify Verotown in writing and shall have an immediate right to correct the life safety issue. The reasonable and necessary costs and expenses incurred by the County in correcting the life safety issue will be due and payable by Verotown to the County first through funds in the Capital Reserve Account, and, if the funds in the Capital Reserve Account are insufficient to cover such costs and expenses, second through written demand on Verotown, which shall be paid within thirty (30) days after submission of the written demand by the County to Verotown. If such amount is not paid when due, it will bear interest at the prime rate published by the *Wall Street Journal* from time to time from the date that Verotown received the County's statement until the date payment is made. For purposes of this Agreement, a "life safety issue" means a situation which imposes an immediate threat of bodily harm or death to any users or occupants of the Facility.

(j) Except as otherwise expressly authorized in this Agreement, Verotown shall not construct any additional buildings or structures on any portion of the Facility, or make any structural or exterior changes to the Facility, without the prior written approval of the County, which approval will not be unreasonably withheld, unreasonably conditioned or unreasonably delayed. Verotown shall not make major alterations or modifications to the Facility without the prior written approval of the County, which approval will not be unreasonably withheld, unreasonably conditioned or unreasonably delayed. All such permanent improvements, alterations, or additions placed on the Facility by Verotown will be conveyed by Verotown to the County by a quit-claim deed upon the completion of such improvements, alterations or additions.

(k) On or before the expiration date of this Agreement, or its earlier termination as provided herein, Verotown shall remove all of its personal goods and effects including any equipment (exclusive of fixtures and FF&E) which have been purchased or paid for by Verotown with funds other than funds provided by the County.

repair any damage caused by such removal, and surrender and deliver the Facility (together with any and all required and existing FF&E) in an "as is" condition. Any personal property or effects not removed within thirty (30) days after the expiration date of this Agreement or its earlier termination as provided herein will be deemed to have been abandoned by Verotown, and may be retained or disposed of by the County, in its sole discretion, in accordance with applicable law.

(i) Upon the expiration or earlier termination of this Agreement, Verotown shall return to the County the Facility and all the then existing FF&E, together with any other real or personal property purchased or paid for with funds provided by the County, free and clear of any contractual obligations or other legal encumbrances granted by Verotown, except for utility easements and other encumbrances necessary for the maintenance and operation of the Facility. If requested by the County following expiration or earlier termination of this Agreement, Verotown shall provide an unqualified quit claim deed or bill of sale for any real or personal property associated with this Agreement, including the then existing FF&E, or any other real or personal property purchased or paid for with funds provided by the County, any abandoned property, or the Facility.

(m) Neither the County nor Verotown will knowingly use the Facility for the manufacture or storage of flammable, explosive or Hazardous Materials (as defined below), except for Hazardous Materials typically found for use or sale in retail stores, including supermarkets and dry-cleaning stores, and/or typically found for use in comparable spring training facilities. For purposes of this Agreement, "Hazardous Materials" means any contaminant, chemical, waste, irritant petroleum product, waste product, radioactive material, flammable or corrosive substance, explosive, polychlorinated biphenyls, asbestos, hazardous toxic substance, material or waste of any kind, or any other substance that any environmental law regulates. "Hazardous Materials" includes, but is not limited to, substances defined as "hazardous substances", "hazardous materials", or "toxic substances" in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Section 9601, et seq.; the Hazardous Materials Transportation Act, 39 U.S.C. Section 1801, et seq.; the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 et seq.; all applicable state and local laws; and in the regulations adopted and publications promulgated pursuant to said laws or any amendments or addenda thereto. The County will, at the County's sole cost and expense, be responsible for performing any removal, remediation, cleanup or restoration required as a result of (i) the existence of any Hazardous Materials on the Facility as of the Effective Date required to be removed, remediated, cleaned up or restored by order of any federal, state, or local agency, and (ii) the release of any Hazardous Materials existing on the Facility as of the Effective Date; provided that the County will not be responsible for performing any removal, remediation, cleanup or restoration for any Hazardous Materials existing on the Facility as of the Effective Date that are known or become known to Verotown and negligently or intentionally released by Verotown. As of the Effective Date, the County hereby represents that it has no knowledge of any Hazardous Materials existing on the Land or the Facility. Verotown will, at Verotown's sole cost and expense, be responsible for performing any removal,

remediation, cleanup or restoration required as a result of (i) any Hazardous Materials introduced by Verotown on the Facility after the Effective Date and during the Initial Term and any Renewal Term, and (ii) any Hazardous Materials existing on the Facility as of the Effective Date that are known or become known to Verotown and negligently or intentionally released by Verotown. In the event that any Hazardous Materials are discovered on the Facility after the Effective Date, the discovering party shall promptly provide written notification to the other party of the Hazardous Materials and their location.

(n) If Verotown pays the rent and complies with all other terms of this Agreement, Verotown may occupy and enjoy the premises of the Facility for the full Term and any renewals thereof, subject to the provisions of this Agreement.

ARTICLE V

OPERATIONAL COVENANT

Section 5.01. Verotown Activities. Except if Verotown is prevented from doing so by any of the events described in Article XV, below, Verotown shall, each Lease Year during the Initial Term and any Renewal Term, use the Facility for the promotion of baseball and related activities, including, but not limited to, baseball, athletic, and non-athletic conference operations, training of umpires, and promoting the playing of baseball internationally. Except for periods of time where events are not normally scheduled, periods of active maintenance or renovations to the Facility and any casualty or Force Majeure Event (as hereinafter defined), Verotown shall maintain, operate and hold the Facility open for business during ordinary and customary business hours throughout the Term in accordance with the terms and provisions of this Agreement.

Section 5.02. Rules and Regulations. Verotown shall comply with all applicable laws, ordinances, rules and regulations, including, but not limited to, the rules, regulations, directives, orders, bulletins, or agreements of the County.

Section 5.03. Spring Training and Other Major League Baseball Activities. Verotown acknowledges the community's desire to host, and agrees to promote the use of the Facility for, MLB spring training activities and game events. Verotown agrees to negotiate with any Major League Club expressing an interest in conducting spring training activities or game events at the Facility and will use its best efforts to enter into a user agreement on such terms and conditions as Verotown deems commercially reasonable or feasible, provided, however, that the failure to do so shall not be considered a Default by Verotown hereunder. Any such use by a Major League Club requires prompt review and approval by the County Administrator, which will not be unreasonably withheld, unreasonably conditioned or unreasonably delayed. In the event such approval is not timely forthcoming or otherwise withheld, Verotown may seek approval from the County Commission.

ARTICLE VI

COUNTY'S USE OF THE FACILITY; PARKING AGREEMENT

Section 6.01. Right of Entry. During the Term, the County has the right to enter into and upon any and all parts of the Facility for the purpose of examining the same with respect to the obligations of the parties under this Agreement upon two (2) days prior written notice to Verotown (or without prior notice in the event of a "life safety issue" as defined in Section 4.06(j), above, but with immediate notice thereafter).

Section 6.02. Advertising and Promotion. If, during the Term, Verotown has any unsold advertising display space (e.g., billboards, outfield signs, etc.) at the Facility, then, subject to Verotown's prior reasonable approval and subject to there being no conflict as to the content, design, frequency of display, and placement of any such advertisements or promotional materials, the County will be permitted to have advertisements or other promotional materials and information for the County and/or the City displayed at the Facility in such unsold advertising display space without charge or reimbursement. Nothing contained in this Agreement requires Verotown to remove or substitute any paid advertisement or promotional materials displayed at the Facility in favor of the County's and/or the City's advertisements or promotional materials, and all revenue-producing advertisers obtained by Verotown will have priority of use over such advertising display space. In addition, nothing contained in this Agreement requires Verotown to create new advertising display space or to increase the amount advertising display space, nor will Verotown be prohibited or restricted from decreasing the amount advertising display space at the Facility.

Section 6.03. Right to Use the Facility. In addition to all of the rights specifically granted to Verotown in this Agreement, Verotown has the right to use the Facility in any manner and/or for any lawful purpose that Verotown deems appropriate in the exercise of its sole and absolute discretion, subject to the terms of this Agreement.

Section 6.04. The County's Use of Holman Stadium and the Practice Fields. The County has the right to use Holman Stadium and/or the practice fields, for a total of twelve (12) days, which use shall include: up to two (2) days per Lease Year for education, entertainment and community involvement purposes; nine (9) days per Lease Year for the community's annual "Harvest Festival"; and one (1) day per Lease Year for the Jackie Robinson Game, at no charge to the County (other than reimbursing Verotown for any operating expenses incurred by Verotown as a result of the County's use of Holman Stadium and/or the practice fields). The dates during which the County may use Holman Stadium and/or the practice fields will be selected by mutual agreement of the parties; provided that, if the parties cannot agree on the dates, Verotown's reasonable selection of dates will be final and controlling. Provided, however, Verotown will defer to the County and cooperate in scheduling and making the Facility available for the community's annual "Harvest Festival." The Harvest Festival will occur for four (4) days from Thursday to Sunday in the week prior to Thanksgiving each year with the remaining five (5) days set aside for the Harvest Festival to be provided before and after the event for set-up and take-down. The parties recognize that Verotown or any other MLB Entity may, at any time, also host an event celebrating Jackie Robinson and any such event would take priority over a County scheduled event, except for the Harvest Festival. The County may use Holman Stadium and/or the practice fields only for functions which do not directly compete with revenue-generating events and shall not create any conflicts with sponsorships which have been otherwise

arranged by Verotown or any other MLB Entity. Moreover, the County's use of Holman Stadium and/or the practice fields must not interfere in any way with Verotown's use and quiet enjoyment of the Facility. The County will not use or authorize the use of Holman Stadium and/or the practice fields in any manner which would have a material detrimental impact on Holman Stadium and/or the practice fields, and the County will be and remain solely responsible for any damage or destruction to Holman Stadium and/or the practice fields by the County or its assignee. The County, or its assignee, is entitled to retain the revenues from ticket sales for its events, and concessions sold during the events when Holman Stadium and/or the practice fields are utilized by the County; provided, however, that although Verotown covenants to cooperate with the County in such endeavors, Verotown will not be required to provide concession management services and/or any other related services during any County event. In all cases, Verotown will be reimbursed by the County for any operating costs and expenses incurred by Verotown as a result of the County's use of Holman Stadium and/or the practice fields, including but not limited to, the cost of any parking attendants, ticket takers, security personnel, clean-up crews, pro-rata utility cost, and the like provided by Verotown. Prior to using Holman Stadium and/or the practice fields as provided herein, the County shall cause Verotown to be named as an additional insured on the County's general liability insurance policy and shall deliver to Verotown a certificate of insurance which verifies the existence of the policy and the fact that Verotown is named as an additional insured.

Section 6.05. Parking.

(a) The City Parking Property is owned by the City, subject to the terms and conditions of the Parking License Agreement, and the Facility Parking Property is owned by the County. Verotown has the right to use the City Parking Property for Verotown Events in accordance with the terms and conditions of the Parking License Agreement.

(b) Verotown and the County acknowledge that the right to use the City Parking Property for Verotown Events could be terminated by the City in accordance with the terms and conditions of the Parking License Agreement. In such event, Verotown and the County agree that the Facility Parking Property shall be available to Verotown at all times during the Initial Term and any Renewal Term be used for parking purposes relating to its use and operation of the Facility. For Verotown Events that take place in Holman Stadium where parking demands exceed capacity of the Facility Parking Property, upon thirty (30) days prior written notice, the County will provide two thousand (2,000) parking spaces for the designated Verotown Event at no additional cost to Verotown; provided, however that no athletic fields shall be used towards the additional parking spaces. The County acknowledges that for certain potential Verotown Events, it may not be practicable for Verotown to provide thirty (30) days prior written notice of the need for additional parking capacity. In such event, Verotown shall notify the County of its need for additional parking as soon as reasonably practicable and the County shall use its best efforts to accommodate Verotown's request, with the understanding that Verotown may not be able to host a Verotown Event at the Facility unless the County can provide adequate additional parking at an acceptable location to Verotown within the shorter time frame provided by Verotown. Unless the Facility is being utilized as an emergency staging area pursuant to section 6.06, the County acknowledges and agrees

that neither the County nor its guests or invitees shall be permitted to utilize the baseball and/or athletic fields at the Facility for parking purposes during the Initial Term or any Renewal Term.

(c) Upon expiration or termination of this Agreement, all rights of Verotown to use the City Parking Property or the Facility Parking Property for all purposes shall terminate.

Section 5.06. Emergency Staging Area. As a mutual benefit to the County and Verotown, during the Term, Verotown agrees to provide the Facility as a staging area for responsive emergency personnel and equipment, for natural disaster preparations, response, and potential shelter. Notwithstanding anything to the contrary, neither the County nor the public may use the Holman Stadium field. In the event the County uses the Facility as an emergency staging area, the County agrees to diligently employ its best efforts to completely remove all disaster/hurricane-related debris and materials from the Facility as soon as reasonably practical and not later than fourteen (14) days after any emergency or use for the purpose of this Section. Further, the County is responsible for all damage, clean-up, repairs and costs and expenses in connection with the use of the Facility, and the County shall promptly clean up, repair and restore the Facility, all at no cost or liability to Verotown. Notwithstanding anything in this Agreement to the contrary, the County is responsible for any liability arising out of or in connection with the County's or the public's use of the Facility pursuant to this Section 5.06, and the County agrees not to hold Verotown responsible, and thus Verotown will be held harmless, for such use of the Facility by the County or the public or its failure to timely remove all disaster/hurricane-related debris and material from the Facility after any emergency or use for the purposes of this Section. The County agrees to use its best efforts to seek "facilities hardening" funds and/or other funds available for natural disasters from the State and/or Federal government and to apply such funds for the sole and the exclusive use of the Facility. In the event the County receives Federal Emergency Management Agency ("FEMA") proceeds or other funds for damage to or destruction of the Facility, the County agrees to promptly apply such FEMA proceeds or other funds towards the cleanup, repair, restoration, construction or reconstruction of the Facility. To the extent that the County utilizes the Facility for sheltering, the County is responsible for any shelter requirements and all costs associated therewith.

ARTICLE VII

REVENUES

Section 7.01 Revenues. During the Term, Verotown shall control, collect, receive, and retain all revenues generated by any means at or in connection with the Facility, including, but not limited to, all revenues from ticket sales, food and beverage sales, merchandise sales, concessions and products sales, novelties, parking, telecast and broadcast rights, pouring rights, advertising, sponsorship, promotional and signage rights, permitted Facility naming, affiliation, and or sponsorship rights, and any other revenues derived or generated in connection with baseball and non-baseball events held at the Facility (exclusive of any County use events). Verotown may allocate the revenues generated by any means at or in connection with the

Facility in its sole discretion, so long as the Facility maintenance, Repairs or Replacements, and the Verotown Improvements are provided in accordance with this Agreement.

Section 7.02. Rebranding; Naming Rights. At all times during the Term, neither the County nor Verotown has the right to sell naming rights to Holman Stadium, and neither the County nor Verotown shall change the name of Holman Stadium. Verotown has the sole and absolute right, upon prior written notice to the County but without the prior review and consent of the County to designate the name of any other portion of the Facility provided such name change relates to MLB, an MLB Entity or baseball, including, without limitation, any such topic, entity or individual related thereto. Otherwise, Verotown shall not change the name of any other portion of the Facility without the prior review and consent of the County, which consent will not be unreasonably withheld, unreasonably conditioned or unreasonably delayed. The County represents to Verotown that it does not hold or possess any rights to the use of the name "Dodgertown" or other intellectual property owned or licensed by MLB nor does the County have the authority to authorize such use.

ARTICLE VII

CAPITAL IMPROVEMENTS, MAINTENANCE AND REPAIRS OR REPLACEMENTS

Section 8.01. Capital Reserve Account. During the Initial Term and any Renewal Term, the County shall establish, fund, and maintain a trust account with a depository (the "Capital Reserve Account") in which County Funds shall be deposited in accordance with the provisions set forth in Section 8.02 below. All funds in the Capital Reserve Account will be County Funds. All withdrawals from the Capital Reserve Account will require the co-signature of the County Administrator or his designee. The Capital Reserve Account will be used by or on behalf of Verotown in making Repairs or Replacements to the Facility, facility maintenance, and Verotown Improvements to the extent reimbursement is authorized pursuant to section 8.05 hereof. Verotown shall consult with the County with respect to any expenditure from the Capital Reserve Account and any such expenditure will be subject to the approval of the County, which approval will not be unreasonably withheld, unreasonably conditioned or unreasonably delayed and will be granted in accordance with the provisions set forth in Section 8.03 below. Any amounts remaining in the Capital Reserve Account at the expiration of the then-current Term shall carry forward to the next Term. Any amounts remaining in the Capital Reserve Account after the application of any reimbursement as provided herein at the expiration or earlier termination of this Agreement will be paid to the County. Verotown is solely responsible for the cost of any Capital Improvements, Repairs or Replacements, or Facility maintenance which exceeds the funds available pursuant to the Capital Reserve Account and any applicable available insurance proceeds.

Section 8.02. Contributions to the Capital Reserve Account. On the Effective Date, or such later date as may be mutually agreed to by the parties, the County shall deposit into the Capital Reserve Account the sum of Eight Hundred Thousand and No/100 Dollars (\$800,000.00). In Lease Years two through five of the Initial Term, annually on or before September 1 the County shall deposit into the Capital Reserve Account a total annual contribution of Eight Hundred Thousand and No/100 Dollars (\$800,000.00). In Lease Year six

and continuing through the last year of the third Renewal Term (if such Renewal Terms are exercised), annually on or before September 1 the County shall deposit into the Capital Reserve Account a total annual contribution of Four Hundred Thousand and No/100 Dollars (\$400,000.00), as adjusted pursuant to paragraph (b) below. For the avoidance of doubt, there shall be a total of eleven (11) annual contributions to the Capital Reserve Account made by the County during the Initial Term.

(a) County Funds in the Capital Reserve Account will be available to fund Capital Improvements, Repairs or Replacements and Verotown Improvements to the extent reimbursement is authorized pursuant to Section 8.05 hereof, and up to Two Hundred Thousand and No/100 Dollars (\$200,000.00) in any Lease Year (subject to increase or adjustment in Lease Year seven and beyond as set forth in subsection (b)) may be used to fund Facility maintenance (the "Maintenance Allocation"). County Funds in the Capital Reserve Account may also be used to reimburse Verotown for capital or maintenance expenses (subject to the annual Maintenance Allocation limitation above) incurred by Verotown in excess of the County contributions in any prior year (e.g., expenses incurred by Verotown above Eight Hundred Thousand and No/100 Dollars (\$800,000.00) in Lease Year one may be applied to the Lease Year two contribution and beyond). Unused funds from one Lease Year shall carry over to successive Lease Years (e.g., if Verotown incurs expenses below Eight Hundred Thousand and No/100 Dollars (\$800,000.00) in Lease Year one, the remaining amount, and any portion thereof attributable to the Maintenance Allocation, shall be applied to any capital or maintenance expenses incurred in Lease Year two and beyond).

(b) Beginning in Lease Year seven and continuing through the last year of the Third Renewal Term, the County's annual contribution to the Capital Reserve Fund shall be annually adjusted by the Price Index Change, and fifty percent (50%) of such adjusted portion shall be allocated towards maintenance expenses. In the event the Price Index Change would cause a reduction in the County's annual contribution from the amount required in the prior Lease Year, the amount of the annual contribution made by the County will remain the same as the amount required in the prior Lease Year, but the monetary amount by which the annual contribution should have been reduced will, until eliminated, be credited against future increases in the County's annual contribution to the Capital Reserve Account required by the Price Index Change. For example, if in Lease Year seven the Price Index Change would result in a \$20,000 reduction to the County's annual contribution, the County will make the same \$400,000 contribution to the Capital Reserve Account as it made in Lease Year six; however, if in Lease Year eight, or any subsequent Lease Year, the Price Index Change would result in a \$40,000 increase, then the County will first apply the \$20,000 credit, resulting in a net increase of only \$20,000 in Lease Year eight.

Section 8.03. Disbursement of Capital Reserve Account Funds. County Funds on deposit in the Capital Reserve Account will be disbursed by the Capital Reserve Account Agent solely upon fulfillment of the following conditions:

(a) Subject to there not being an event set forth in paragraph (b) of this Section 8.03, upon submission of a valid Requisition Request in the form attached as Exhibit "D," the Capital Reserve Account Agent is authorized and directed to pay to the payee designated in such Requisition Request the amount designated for such payment from amounts on deposit in the Capital Reserve Account. Requisition Requests shall be paid in accordance with the Florida Prompt Payment Act. The County and Verotown shall coordinate in good faith to promptly true up any reimbursements described in Section 8.02(a) that may carry forward from one Lease Year to successive Lease Years.

(b) Upon notice from the County, to be promptly confirmed in writing, that a Default by Verotown has occurred under this Agreement past any applicable notice and cure period and the County has terminated this Agreement, or that this Agreement has otherwise terminated, moneys on deposit in the Capital Reserve Account shall be held by the Capital Reserve Account Agent for the exclusive benefit of the County and disbursed to the County in accordance with written instructions from the County Administrator or his/her designee.

(c) Upon notice from Verotown, to be promptly confirmed in writing, that a Default by the County has occurred under this Agreement past any applicable notice and cure period, that Verotown has terminated this Agreement, and that Verotown has pending, valid Requisition Requests, then moneys currently on deposit in the Capital Reserve Account shall be disbursed to Verotown up to the amount of the pending, valid Requisition Requests. In addition to the foregoing and subject to the limitations on reimbursements set forth in Section 8.05(b) of this Agreement, upon the submission of a valid Requisition Request for expenses incurred prior to termination, the County shall pay to Verotown in accordance with the schedule of County contributions to the Capital Reserve Account in Section 8.02, any additional sums required to reimburse Verotown for capital expenses or maintenance incurred by Verotown in excess of the County contributions for any prior Lease Year, in an amount not to exceed (i) Twelve Million Four Hundred Thousand Dollars (\$12,400,000) (as adjusted by Price Index Change for any portion attributable to payments for Lease Year seven and thereafter in accordance with Section 8.02(b)), less (ii) any contributions already made by the County pursuant to Section 8.02. In no event shall the County's total reimbursements to Verotown exceed the amounts set forth in Section 8.02 of this Agreement. Verotown shall use best efforts to cause its contractors to complete any projects where the contractors have been paid for work not yet completed as of the termination date, and the County shall permit Verotown and its contractors to access the Facility after such termination in connection therewith. Further, Verotown will reasonably pursue any remedies available to it under such construction contract at the County's sole cost and expense or assign the construction contract to the County if assignable.

(d) In the event that Verotown should terminate this Agreement for convenience pursuant to Section 10.05 or this Agreement should expire at the end of the Initial Term or any Renewal Term, then after payment of any pending, valid Requisition Requests (up to the amount of moneys that the County was required to fund and deposit in the Capital Reserve Account as of the date of such termination), all moneys on deposit

In the Capital Reserve Account shall be held by the Capital Reserve Account Agent for the exclusive benefit of the County and disbursed to the County in accordance with written instructions from the County Administrator or his/her designee.

(e) Upon the County's written request therefor, Verotown will provide a summary of Capital Improvements projected to occur at the Facility within the twelve (12) month period after such written request.

(f) The terms of this Section 8.03 shall survive the expiration or termination of this Agreement.

Section 8.04. County Improvements.

(a) The County, at its expense, will complete, to both parties' reasonable satisfaction, the following County Improvements within three (3) years from the Effective Date

1. removal and replacement of the first base concession stand at Holman Stadium with a like facility;
2. removal and replacement of the third base concession stand at Holman Stadium with a like facility;
3. removal and replacement of the press box area of the main concession stand at Holman Stadium with a like facility;
4. to the extent jointly identified by the parties on or before August 31, 2019, any mold remediation needed in the Existing Facility; and
5. at the County's sole discretion, it may either remove and replace or demolish the TV platforms at Holman Stadium and, if demolished, upon thirty (30) days prior written notice from Verotown, the County shall provide up to two (2) camera lifts in locations to be determined by Verotown during the Initial Term and any Renewal Terms at the County's expense for use at Verotown Events at Holman Stadium for up to twenty-five (25) days each calendar year.

(b) The County hereby finds that it is in the best interest of the County and its citizens to waive the requirements for bids pursuant to the process defined by Indian River County ordinance and hereby contracts with Verotown, as the lessee pursuant to this Agreement, to oversee and manage the County Improvements consisting of the roofing repair or replacement projects on the following buildings within the Existing Facility (collectively, the "Buildings"), identified in Exhibit "A":

1. Vero Beach Dodger Office (Ticket Office, Locker Rooms, Gift Shop);

2. Executive Building,
3. Conference Center;
4. Alston, Koufax and Campanella Buildings;
5. Sleeping Rooms; and
6. Spring Training Building.

(c) The parties will jointly determine whether repairs or total replacements of the roofs identified in paragraph (b) above for a like roof are required to address safety and use concerns. If the County and Verotown disagree on the necessity of certain repairs or total replacement, a licensed roofing contractor (selected in accordance with below provision) recommendation regarding any such repairs or total replacement shall control and be binding upon the parties. The cost of any such licensed roofing contractor to provide a recommendation shall be split equally between the County and Verotown. Any licensed roofing contractor retained to provide this binding recommendation shall be ineligible to perform any of the roofing projects identified in paragraph (b) above. The County will be responsible for all costs associated with the roofing repairs or replacements listed in paragraph (b) above, including any cost overruns. The County shall have final approval of the licensed roofing contractor(s) procured by Verotown, the estimated costs and the scope for each project, which approval will not be unreasonably withheld, unreasonably conditioned or unreasonably delayed.

(d) Verotown shall use commercially reasonable efforts to complete the roofing repairs or replacements within one (1) year of the Effective Date of this Agreement; provided, however that the failure to complete the work within such one (1) year period shall not be considered a Verotown Default hereunder. In the event Verotown does not complete the work within such one (1) year period, the County's sole remedy shall be to undertake the work on Verotown's behalf (but still at the County's sole cost and expense). Until the completion of the roofing repairs or replacements contained in Section 8.04(b), to the extent permitted by Florida law, the County agrees to indemnify, save, and hold Verotown harmless from any and all judgments, expenses, liabilities, claims, and charges for loss of or injury to property, personal injury, or death ("Losses") that are caused by failures of the roofs listed in paragraph (b) above; provided, however, that this liability is expressly limited by the following:

1. Verotown agrees that to the fullest extent permitted by Florida law County's total liability to Verotown for any and all Losses per event shall not exceed the limitations set forth in Section 768.28, Florida Statutes, as it may be amended. The County shall not be liable to Verotown for any portions of Losses that are directly caused by the gross negligence or willful misconduct of Verotown and any liability of the County shall be reduced proportionately to the extent of any contributory fault chargeable to Verotown.

Section 9.01. Documents and Certificates. Subject to the provisions of Section 3.04, each party shall supply to the other such documents and certificates as are reasonably available or procurable, and necessary for any purpose reasonably related to the obligations of the parties, including, but not limited to, the County's funding or administration of this Agreement and ownership of the Facility, or to consummate the transactions or objectives described in this Agreement.

ARTICLE X

DEFAULT/REMEDIES

Section 10.01. Verotown's Default. The occurrence of any one or more of the following material events in this Section 10.01 shall constitute a "Default" by Verotown under this Agreement.

(a) Failure by Verotown to observe or perform in any material respect any covenant, agreement, condition, or provision of this Agreement, if such failure continues for thirty (30) days after written notice thereof has been delivered by the County to Verotown; provided, however, that Verotown will not be in Default with respect to matters which cannot reasonably be cured within thirty (30) days so long as within such thirty (30) day period, Verotown commences such cure and diligently proceeds to complete the same thereafter. However, in no event shall a cure period for a Default continue for more than three hundred sixty-five (365) days.

(b) The levy upon, under execution or the attachment by legal process, Verotown's interest hereunder, or the filing or creation of a lien in respect of such interest, which levy, attachment, or lien is not released, discharged or bonded against within one hundred eighty (180) days from the date of such filing;

(c) Verotown is finally adjudicated insolvent or bankrupt or admit in writing their inability to pay its debts as they mature, or make an assignment for the benefit of creditors, or apply for or consent to the appointment of a trustee or receiver for Verotown or for the major part of its property.

(d) A trustee or receiver is appointed for Verotown or for the major part of their property and such trustee or receiver is not discharged within one hundred eighty (180) days after such appointment; or,

(e) Bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or any other proceedings for relief under any bankruptcy law, or similar law for the relief of debtors, are instituted by or against Verotown, and, if instituted against

Verotown, are allowed against Verotown or are consented to by Verotown or are not dismissed within 180 days after such institution, to the extent permitted by law.

Section 10.02. County Default. In the event of any failure by the County to observe or perform any material covenant, agreement, condition, or provision of this Agreement wherein Verotown's remedies on account thereof are not otherwise specifically provided for in this Agreement or any of the County's representations in this Agreement are untrue as of the Effective Date, and if such failure shall continue for thirty (30) days after written notice thereof has been delivered by Verotown to the County, then the County will be deemed to be in Default hereunder; provided, however, that the County will not be in Default with respect to matters which cannot reasonably be cured within thirty (30) days so long as within such thirty (30) day period, the County commences such cure and diligently proceeds to complete the same thereafter. However, in no event shall a cure period for a Default continue for more than three hundred sixty-five (365) days.

Section 10.03. Remedies. In the event of a Default by either party (other than a Cessation of Use by Verotown), the party not in Default will be entitled, as a non-exclusive remedy, and in addition to or in lieu of an action for damages, to seek an injunction or decree for specific performance or equitable relief from a court of competent jurisdiction to enjoin or remedy the Default. If a Default occurs, the non-defaulting party will have the rights and remedies set forth in this Agreement, which will be distinct, separate, and, to the extent not mutually exclusive, cumulative, and will not operate to exclude or deprive the non-defaulting party of any other right or remedy allowed it by law or equity.

Section 10.04. Cessation of Use by Verotown. If, at any time during the Initial Term (and any Renewal Term), Verotown ceases to permanently operate the Facility as described in Section 5.01 hereof, such event will constitute a "Cessation of Use" of the Facility by Verotown. Notwithstanding anything to the contrary contained in this Agreement, a Cessation of Use of the Facility by Verotown will entitle the County to terminate this Agreement by giving Verotown ten (10) days' written notice of termination. Verotown will have ten (10) days after receipt of the aforementioned notice of termination to renounce the Cessation of Use by confirming to the County its intention to continue to use the Facility during the Term in the manner described in Section 5.01 hereof and in fact demonstrating that it is reasonably complying with its operational covenant. A termination pursuant to the provisions of this Section 10.04 will become effective upon the expiration of Verotown's ten (10) day cure period, or its repeated failure to demonstrate that it is reasonably complying with its operational covenant as provided by this Section after notice by the County.

Section 10.05. Termination. Notwithstanding any other provisions contained in this Agreement, Verotown has the right to terminate this Agreement for its convenience upon three hundred sixty-five (365) days' written notice to the County. Verotown shall fully perform the terms and obligations of this Agreement during such three hundred sixty-five (365) day notice period. A termination pursuant to this Section 10.05 shall not be an event of Default.

ARTICLE XI

Section 11.01. Binding Effect, Enforceability. The terms and provisions set forth in this Agreement shall be binding and enforceable by and against the parties in accordance with the terms hereof.

ARTICLE XII

ASSIGNMENT / SUBLEASE

Section 12.02. Sublease.

(a) Verotown may sublease, at any time during the Term, any portion of the Facility involving ancillary uses, for ongoing retail, commercial and/or professional purposes as long as such activity meets all local zoning codes and remains an activity permitted by Section 5.01 hereof. All revenues derived from subletting any of the foregoing will be retained solely by Verotown. Any such sublease will remain subordinate to this Lease.

(b) Verotown will not sublease the Facility or any portion thereof without the prior written approval of the County, which approval shall not be unreasonably withheld, unreasonably conditioned or unreasonably delayed, and no such sublease will be for a term which extends beyond the underlying lease term without the express prior written consent of the County.

Section 14.01. Indemnification by Verotown. To the fullest extent permitted by law, Verotown shall indemnify, protect, and hold the County and its officers, agents, and employees acting on behalf of the County, and its respective successors and assigns (collectively, the "Indemnified County Parties") harmless from and defend the Indemnified County Parties against any and all "liabilities" (as hereinafter defined) for any "bodily injury" (as hereinafter defined) or "property damage" (as hereinafter defined) whatsoever arising out of or resulting from any Default by Verotown and/or occurring in, on, or about the Facility to the extent such injury or damage is caused by the negligent or intentionally wrongful actions or omissions of Verotown, or Verotown's agents, contractors or employees, but not any claim relating to negligent or intentionally wrongful actions or omissions of the contractors or subcontractors engaged to perform the roofing repairs or replacements provided in Section 8.04(b). In the case of any action or proceeding being brought against the Indemnified County Parties by reason of any such claim, the County shall have the right, at County's election, to either: (i) cause Verotown to defend such claim at Verotown's sole cost and expense with counsel reasonably satisfactory to the County or (ii) defend the same at Verotown's sole but reasonable cost and expense by counsel satisfactory to the County. In any claim under this Section 14.01, Verotown shall be obligated to cooperate with the County and the County's counsel.

Verotown shall not be liable to the County for any portions of losses that are caused by the negligent or willful misconduct of the Indemnified County Parties or third parties and any

liability of Verotown shall be reduced proportionately to the extent of any contributory fault chargeable to the County or a third party. Verotown shall not have the right to admit fault on behalf of the Indemnified County Parties in connection with any such contributory claim without the County's consent, which shall not be unreasonably withheld, unreasonably conditioned or unreasonably delayed.

Section 14.02 Indemnification by the County. To the fullest extent permitted by law without waiving any sovereign immunity, the County shall indemnify, protect, and hold Verotown, and all other MLD Entities and their owners, and their officers, directors, members, agents, and employees acting on behalf of Verotown, and each of their respective successors and assigns (collectively, the "Indemnified Verotown Parties") harmless from and defend the Indemnified Verotown Parties against any and all "liabilities" (as hereinafter defined) for any "bodily injury" (as hereinafter defined) or "property damage" (as hereinafter defined), whatsoever arising out of or resulting from any Default by the County and/or occurring in, on, or about the Facility to the extent such injury or damage is caused by the negligent or intentionally wrongful actions or omissions of the County, or the County's agents, contractors or employees. In the case of any action or proceeding being brought against the Indemnified Verotown Parties by reason of any such claim, Verotown shall have the right, at Verotown's election, to either: (i) cause the County to defend such claim at the County's sole cost and expense with counsel reasonably satisfactory to Verotown or (ii) defend the same at the County's sole but reasonable cost and expense by counsel satisfactory to Verotown; provided, however, the County shall only be required to reimburse Major League Baseball Clubs for attorneys' fees attributable to no more than two (2) law firms or other legal counsel and the County shall only be required to reimburse the BOC, Major League Baseball Properties, Inc., The MLB Network, LLC, MLB Advanced Media, L.P. and/or Tickets.com, LLC for attorney's fees for a single, joint defense. The County shall not be liable to Verotown for any portions of losses that are caused by the negligent or willful misconduct of the Indemnified Verotown Parties or third parties and any liability of the County shall be reduced proportionately to the extent of any contributory fault chargeable to Verotown or a third party. The parties acknowledge that the County is a governmental entity and political subdivision of the State of Florida entitled to all privileges and immunities accorded to the state, including sovereign immunity, and in accordance with this acknowledgment, the parties hereby agree that the County does not waive its sovereign immunity and nothing in this Agreement shall expose the County to any liability in excess of the statutory limits provided in Section 768.28, Florida Statutes, as it may be amended. The County shall not have the right to admit fault on behalf of the Indemnified Verotown Parties in connection with any such contributory claim without Verotown's consent, which shall not be unreasonably withheld, unreasonably conditioned or unreasonably delayed.

Section 14.03. Definitions. As used in this Agreement, "liabilities" means all liabilities, claims, damages (excluding consequential damages), losses, penalties, litigation, demands, causes of action (whether in tort or contract, in law or equity or otherwise), suits, proceedings, judgments, disbursements, charges, assessments, and expenses (including reasonable attorneys' and experts' fees and expenses incurred in investigating, defending, or prosecuting any litigation,

claim or proceeding whether out of court, at trial or in any appellate or administrative proceeding). "Bodily injury" means bodily injury, sickness or disease sustained by a person, including death resulting from any of the foregoing. "Property damage" means physical injury to tangible property, including all resulting loss of use of that property, or loss of use of tangible property that is not physically injured.

Section 14.04. Independent Provisions. The provisions of Sections 14.01 through 14.03 are independent of, and will not be limited by, any insurance obligations in this Agreement, and will survive the expiration or earlier termination of this Agreement with respect to any claims or liability arising in connection with any event occurring prior to such expiration or termination.

Section 14.05. Insurance. Commencing upon the Effective Date and throughout the Initial Term and any Renewal Terms, the parties shall maintain, at their sole cost, the following insurance:

The commercial general liability insurance policy in an occurrence form shall also include contractual liability coverage including a Broad Form Endorsement covering the insurance provisions of this Agreement and the performance by each party of their indemnification provisions set forth in this Agreement.

(b) Special form (all risk) property insurance covering (1) with respect only to Verotown, the Facility, including, but not limited to, any additional improvements undertaken by Verotown, and all of Verotown's personal property located at the Facility in an amount not less than one hundred (100%) percent of their actual replacement costs from time to time existing during the Term of this Agreement, providing protection against any peril included within the classification "all risks" of physical loss or damage, together with insurance against sprinkler damage, vandalism, malicious mischief, and water damage of any type and theft; and (2) with respect only to the County: all of the County's personal property located at the Facility. It is understood and agreed that the County is responsible for any deductibles under both its and Verotown's property insurance. The deductible shall not exceed \$100,000, except that the Named Storm deductible and Flood deductible shall not exceed five percent (5%) of the total insurable value.

(c) Automobile Liability Insurance, covering owned, non-owned, leased or hired automobiles, with a minimum combined single limit of One Million and No/100 Dollars (\$1,000,000.00) each accident.

(d) Workers' Compensation insurance in accordance with Florida statutory requirements with employer's liability limits of Five Hundred Thousand Dollars (\$500,000.00) for each accident, Five Hundred Thousand Dollars (\$500,000.00) for each

disease in the aggregate, and Five Hundred Thousand Dollars (\$500,000.00) per disease for each employee.

(c) All of the insurance policies required under Sections 14.05(a) through 14.05(d), inclusive, shall be effected from insurance companies recognized by and authorized to do business in the State of Florida. Each party shall be required to provide the other party with at least thirty (30) days' written notice of any cancellation or material coverage change. Each party shall be provided with a duly executed Certificate of Insurance for each such policy evidencing compliance with all insurance provisions noted above prior to the Effective Date and annually prior to the expiration of each required insurance policy. The policies required under Sections 14.05(a) through 14.05(d), inclusive, shall specifically provide by endorsement that the other party is an additional insured on a primary and noncontributory basis in connection with the operations of the named insured. It is understood and agreed that such endorsement may be a blanket additional insured endorsement as required by written contract. Such insurance shall also incorporate a severability of interest or separation of insureds provision. With respect to the policies required under Sections 14.05(a), 14.05(c) and 14.05(d), Verotown and the County hereby agree to a mutual waiver of rights of subrogation any insurer of Verotown or the County may acquire from Verotown or the County by virtue of payment of any loss with respect to the Facility. Both parties agree to obtain any endorsement that may be necessary to effect this waiver of subrogation.

(f) If either party fails to furnish the Certificate(s) of Insurance as required above, the other party may, after notice and an opportunity to cure as set forth in this Agreement, obtain the insurance, and the reasonable premiums on that insurance shall be paid to that party on demand.

(g) Any insurance required under this Agreement may be furnished under a blanket policy so long as, and provided such policy complies with all other terms and conditions contained in this Agreement.

ARTICLE XV

FORCE MAJEURE; CONDEMNATION

Section 15.01. Force Majeure Event. Should any fire or other casualty, act of God, earthquake, flood, hurricane, lightning, tornado, epidemic, landslide, war, riot, civil commotion, general unavailability of materials, strike, slowdown, labor dispute, governmental laws or regulations, or other occurrence beyond Verotown's or County's control ("Force Majeure Event") prevent performance of this Agreement in accordance with its provisions, performance of this Agreement by either party will be suspended or excused to the extent commensurate with such occurrence, except as specifically provided herein.

Section 15.02. Partial Destruction. In the event of a partial destruction of the Facility and Verotown determines, in its sole discretion, that the undamaged portion of the Facility is still suitable for the purposes and operations described in Section 5.01 hereof, then this Agreement

will continue in full force and effect with no adjustments in the obligations of the parties, and Verotown, shall restore the Facility as soon as possible from the applicable insurance proceeds. If the applicable insurance proceeds are not sufficient to restore the Facility to its previous condition, then, the balance shall be split and paid equally by Verotown and the County or, alternatively, either party may elect to terminate this Agreement by written notice to the other party within sixty (60) days of learning the extent to which insurance proceeds will be insufficient to restore the Facility. Said termination shall not be an event of Default and the termination shall be effective as of the date the notice of termination is received by the non-terminating party.

Section 15.03. Facility Not Suitable for Use. With the exception of the roofing repairs or replacement projects set forth in Section 8.04(b) hereof, in the event of total or partial destruction or damage of the Facility, if Verotown determines in its sole discretion that the Facility is not suitable for their operations and/or cannot be used as a venue for the purposes described in Section 5.01 hereof, then the following shall apply:

(a) Verotown may provide written notice to the County stating its determination that the Facility is not suitable for use and it has a desire to repair and restore the Facility and this Agreement will be suspended immediately until the Facility is reasonably suitable for Verotown's operations when taken as a whole. In the event Verotown elects to repair and restore the Facility under this Section 15.03(a), within twelve (12) months (or sooner if reasonably practical) of the event of such total or partial destruction or damage, Verotown shall begin to repair or rebuild the Facility using the proceeds from the property insurance for that purpose and, through cooperation and coordination with the County, shall diligently pursue such repair or rebuilding until completed. If the applicable insurance proceeds are not sufficient to repair or restore the Facility to its previous condition, then the balance shall be split and paid equally by Verotown and the County or, alternatively, either party may elect to terminate this Agreement by written notice to the other party within sixty (60) days of learning the extent to which insurance proceeds will be insufficient to restore the Facility. Termination pursuant to this Section 15.03(a) shall not be an event of Default and the termination shall be effective as of the date the notice of termination is received by the non-terminating party. Once Verotown contracts with an architect, engineer or design build firm to draw plans for the repair or rebuilding of the Facility, Verotown will be deemed to have begun the repair or rebuilding of the Facility. This Agreement will continue to be suspended (and the Term or applicable Renewal Term shall be extended) until the Facility is reasonably suitable for Verotown's operations or as a venue for the purposes described in Section 5.01; or

(b) Verotown may provide written notice to the County stating its determination that the Facility is not suitable for use and terminate this Agreement. The County and Verotown shall work proactively and in good faith to vacate the Facility and wind down any financial obligations including the disbursement of insurance proceeds and Capital Reserve Account funds in accordance with the terms hereof. Termination pursuant to this Section 15.03(b) shall not constitute a Default hereunder and shall be

effective as of the date County receives written notification of such election to terminate from Verotown.

(c) In the event this Agreement is terminated pursuant to Section 15.03(a) or 15.03(b), available insurance proceeds relating to the total or partial destruction or damage to the Facility shall be distributed to the County and Verotown based on their respective pro-rata investments in the Facility, including but not limited to, Capital Improvements, County Improvements, Verotown Improvements and the County's investment in acquiring and improving the Facility.

Section 15.04. Condemnation.

(a) The County shall promptly forward to Verotown any notices which may be received by the County regarding a proposed, threatened or actual appropriation, condemnation or other action under power of eminent domain which affects the Facility or any adjacent accessways, driveways or rights of way.

(b) If a portion of the Facility is condemned or taken such that the Facility is still suitable for Verotown's operations when taken as a whole, as determined by Verotown in its commercially reasonable judgment of Verotown, then Verotown shall, to the extent condemnation proceeds are made available to it, make necessary repairs to and alterations of the Facility for the purpose of restoring same to as close to the same condition (as reasonably practicable) that existed prior to such condemnation or taking. If the condemnation proceeds made available to Verotown are not sufficient to repair or restore the Facility to its previous condition, then the balance shall be split and paid equally by Verotown and the County or, alternatively, either party may elect to terminate this Agreement by written notice to the other party within sixty (60) days after entry of the final order of taking by the applicable governmental authority. Regardless of whether Verotown terminates this Agreement as a result of a partial taking as set forth in this subsection (b), Verotown reserves unto itself the right to prosecute its claim for an award for damages against the condemning authority for its loss of its interest under this Agreement, or any portion thereof, caused by such taking, together with damages based on the value of the Verotown Improvements not purchased or reimbursed by County Funds, any additional improvements performed at Verotown's expense, any Verotown Equipment not purchased or reimbursed by County Funds, personalty or other FF&E not purchased or reimbursed by County Funds, and the damages Verotown may sustain to its operations on or at the Facility, including, but not limited to, an award for the use of any temporary construction easement area on the Facility, good will, patronage and the removal, relocation and replacement costs and expenses caused by such taking.

(c) If the whole of the Facility or such portion thereof is condemned or taken such that the Facility is not suitable for Verotown's operations when taken as a whole, as determined by Verotown in its commercially reasonable judgment of Verotown, this Agreement shall automatically terminate upon Verotown's receipt of the entry of the final order of taking by the applicable governmental authority. In the event of such termination, Verotown reserves unto itself the right to prosecute its claim for an award for

damages against the condemning authority for its loss of its interest under this Agreement, or any portion thereof, caused by such taking, together with damages based on the value of the Verotown Improvements not purchased or reimbursed by County Funds, any additional improvements performed at Verotown's expense, any Verotown Equipment not purchased or reimbursed by County Funds, personalty or other PP&E not purchased or reimbursed by County Funds, and the damages Verotown may sustain to its operations on or at the Facility, including, but not limited to, an award for the use of any temporary construction easement area on the Facility, good will, patronage and the removal, relocation and replacement costs and expenses caused by such taking.

ARTICLE XVI

ADDITIONAL IMPROVEMENTS

Section 16.01. Additional Improvements. Nothing contained in this Agreement will restrict or prohibit Verotown from making improvements to the Facility which are not described as Verotown Improvements in this Agreement; provided that Verotown will notify the County of such additional improvements before Verotown undertakes to make them, obtain the County's prior written consent to such improvements, which shall not be unreasonably withheld, unreasonably conditioned or unreasonably delayed and comply with Section 8.06 of this Agreement.

ARTICLE XVII

ZONING AND PERMITTING

Section 17.01. Zoning and Permitting. It is the sole obligation of Verotown, with assistance from the County, but not at County expense, to obtain any permits and/or zoning changes which may be required to construct any improvements which Verotown may hereafter desire to make to the Facility. The County, acting solely in its capacity as the fee owner of the Land, shall cooperate with Verotown as may be reasonably required, to enable Verotown to obtain any permits and/or zoning changes for the Improvements and any additional improvements, including, but not limited to, by joining in any applications for such permits and/or zoning changes. The County hereby represents to the best of its knowledge that the Land is currently zoned for the intended uses set forth in this Agreement.

ARTICLE XVIII

CONSENTS AND APPROVALS

Section 18.01. Granting or Failure to Grant Approvals or Consents. All consents and approvals which may be given by a party under this Agreement will, as a condition of their effectiveness, be in writing. The granting by a party of any consent to or approval of any act requiring consent or approval under the terms of this Agreement, or the failure on the part of a party to object to any such action taken without the required consent or approval, will not be

deemed a waiver by the party whose consent was required of its right to require such consent or approval for any other act.

Section 18.02. Standard. Unless this Agreement specifically provides for the granting of consent or approval at a party's sole discretion, then consents and approvals which may be given by a party under this Agreement will not (whether or not so indicated elsewhere in this Agreement) be unreasonably withheld, unreasonably conditioned or unreasonably delayed by such party and will be given or denied within the time period provided, and if no such time period has been provided, within a reasonable time. Upon disapproval of any request for a consent or approval, the disapproving party shall, together with notice of such disapproval, submit to the requesting party a written statement setting forth with specificity its reasons for such disapproval.

Section 18.03. Deemed Approval. If a party entitled to grant or deny its consent or approval (the "Consenting Party") within thirty (30) days (or a shorter specified time period) fails to do so, then, provided that the request for consent or approval bears the legend set forth below in capital letters and in a type size which is not less than that provided below, the matter for which such consent or approval is requested will be deemed consented to or approved, as the case may be:

"FAILURE TO RESPOND TO THIS REQUEST WITHIN THE TIME PERIOD PROVIDED IN THE FACILITY LEASE AGREEMENT BETWEEN INDIAN RIVER COUNTY AND MLB WILL CONSTITUTE AUTOMATIC APPROVAL OF THE MATTERS DESCRIBED HEREIN WITH RESPECT TO SECTION [] OF SUCH FACILITY LEASE AGREEMENT."

Section 18.04. Approvals for the County. The County hereby agrees that, subject to applicable laws and regulations, the County Administrator (or the County Administrator's authorized designee) is authorized to grant consents or approvals on behalf of the County with respect to this Agreement.

Section 18.05. No Fees, etc. Except as otherwise expressly authorized in this Agreement, no fees or charges of any kind or amount will be required by either party hereto as a condition of the grant of any consent or approval which may be required under this Agreement (provided that the foregoing will not be deemed in any way to limit the County acting in its governmental, as distinct from its proprietary, capacity from charging governmental fees on a nondiscriminatory basis).

PARKING LICENSE AGREEMENT

THIS AGREEMENT is entered into as of the 1st day of June, 2011 by and between Indian River County, a political subdivision of the State of Florida ("County"), and the City of Vero Beach, a municipal corporation organized under the laws of the State of Florida ("City").

WHEREAS, City owns, or will own through transactions completed simultaneously with the execution of this Agreement, certain parcels of real property located in the vicinity of the Dodgetown Facility; and

WHEREAS, City is willing to provide a license to County to use such parcels of real property for parking related to the Dodgetown Facility, as set forth herein.

NOW THEREFORE, in consideration of the mutual undertakings herein and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree, as follows:

1. Recitals. The above recitals are true and correct and are incorporated herein.
2. Definitions. The following terms shall have the following meanings:
 - a. License Area A shall mean real property consisting of approximately 10.38 acres located immediately west of Holman Stadium, more fully described on Exhibit A attached hereto;
 - b. License Area B shall mean real property consisting of approximately 3.3 acres located north of 26th Street and north of License Area A, more fully described on Exhibit A attached hereto;
 - c. License Area C shall mean real property consisting of approximately 4.6 acres located north of 26th Street and east of License Area B, more fully described on Exhibit A attached hereto;
 - d. License Area shall mean one or more of License Area A, License Area B or License Area C, and License Areas shall mean collectively License Area A, License Area B and License Area C;

e. Cloverleaf Property shall mean the real property consisting of approximately 11.93 acres located south of Holmes Stadium, more fully described on Exhibit B attached hereto;

f. Dodgertown Facility shall mean collectively the real property owned by County, including facilities and improvements thereon, consisting of the Cloverleaf Property and the property more fully described on Exhibit C attached hereto;

g. Dodgertown Tenant shall mean any party to whom County leases (from time to time) all or a portion of the Dodgertown Facility. The parties acknowledge that the current Dodgertown Tenant is MLLB Vero Beach, LLC, a Florida limited liability company; and

h. Dodgertown Events shall mean any and all events and activities held on the premises of the Dodgertown Facility including, without limitation, sports and non-sports related events and activities, meetings and conferences, whether such events and activities are conducted by County, Dodgertown Tenant or any third party using all or a portion of the Dodgertown Facility with the consent of County or Dodgertown Tenant.

3. Parking License. City hereby grants to County and Dodgertown Tenant and County's other assignees (a) a license to use License Area A for general parking in connection with Dodgertown Events, and (b) a secondary license to use License Area B and License Area C for general parking in connection with Dodgertown Events, in the event that (i) License Area A is unavailable for a particular event (see paragraph 4 below), or (ii) the license to use License Area A is revoked by City. County shall have the right to use the License Areas up to twenty (20) days per calendar year. Dodgertown Tenant shall have the right to use the License Areas to the same extent as County, except that Dodgertown Tenant's use shall not be restricted with respect to the number of days per calendar year, however, Dodgertown Tenant shall coordinate with and provide City a schedule for anticipated use of the License Areas and keep City advised of any changes to such schedule.

4. Notice of Use. County shall provide reasonable notice of its intent to use a License Area on one or more dates specified in the notice. Within 10 days of receipt of such notice, City shall advise County of any conflict with a planned City use of the License Area on the same date(s) which is incompatible with County's proposed use. If City does not advise County of a conflict within the 10 day period, County may utilize the License Area for parking as set forth in the notice. In the event of a conflict, the parties shall attempt in good faith to reconcile the conflict in a manner which accommodates the interests of both parties. If such accommodation is not possible, County may utilize another available License Area for parking.

5. Use of License Area B or License Area C. Whenever County uses License Area B or License Area C, County shall comply with the following additional requirements of the Federal Aviation Administration: County shall not interfere with airport operations surrounding roadways, or airport tenant operations; County must use the License Area in a safe and efficient manner, and County shall not enter the secured airfield or otherwise interfere with airport

operations. County understands that there are substantial federal fines for violations of federal laws and regulations applicable to airport facility access and use.

6. Insurance. County shall, at all times during the term hereof, carry commercial general liability insurance against personal injury and property damage with a company authorized to do business in the State of Florida and satisfactory to City, protecting City against any and all claims for damages to persons or property as a result of or arising out of the use and maintenance by County of the License Areas. County shall provide a certificate of insurance stating that City is an additional insured, and confirming limits of coverage not less than \$500,000 per occurrence combined single limit for Bodily Injury Liability and Property Damage Liability. County shall supply written proof of insurance to City within fifteen (15) days of the date this Agreement is executed, and shall continue to supply such proof to City for each term such insurance coverage is renewed.

7. Indemnification. To the extent permitted by law, County agrees to indemnify and hold harmless City, including, without limitation, its causal members, officers, employees and agents, from and against all claims for damages, liabilities, costs and expenses arising out of or relating to the use of one or more License Areas by County, Dodgertown Tenant or County's other assignees; and City agrees to indemnify and hold harmless County, including, without limitation, its commissioners, officers, employees and agents, from and against all claims for damages, liabilities, costs and expenses arising out of or relating to the use of one or more License Areas by City or City's assignees, provided, however, that nothing herein shall be construed as a waiver of the County's or the City's sovereign immunity pursuant to section 768.23, Florida Statutes.

8. Clean Up After Use. After each use of a License Area, County shall leave the property in substantially the same condition that it was prior to such use.

9. Term. The term of this Agreement shall be indefinite until the earlier to occur of the following: (a) the revocation of all licenses for License Area A, License Area B and License Area C, or (b) the permanent use of the Dodgertown Facility for a purpose other than sports, recreation or entertainment related activities.

10. Revocation of License. Each license granted herein shall be revocable by City at the event that each of the following occurs with respect to the real property underlying such license: (a) the City decides in good faith to use the underlying real property for a purpose incompatible with continued parking, (b) in reaching such decision, the City gives due consideration to the fact that (i) the City owns other properties in the same general area which may be suitable for such incompatible use, (ii) continued use of the License Area for general parking provides an important and valuable benefit to County, and (iii) that the City Council determines in good faith that the advantages of locating the incompatible use on a License Area outweigh the advantages to locating the incompatible use on other property owned by the City, and (c) City actually uses the License Area for the incompatible use.

11. Remedies. In the event of breach of this Agreement by either party, the non-breaching party shall be entitled to all remedies available in law or in equity.

12. Litigation. In the event of any litigation relating to or arising out of this Agreement, each party shall be responsible for and shall bear its own attorney's fees and court costs, including such fees and costs incurred at the trial and appellate levels of such proceedings.

13. Amendment. No amendment, modification, change, or alteration of this Agreement shall be valid or binding unless accomplished in writing and executed by all of the parties hereto.

14. Entire Agreement. This Agreement sets forth the entire agreement and understanding between the parties. No prior agreement or understanding shall be binding between the parties unless set forth herein.

15. Governing Law. This Agreement and all matters arising hereunder shall be governed by and construed in accordance with the laws of the State of Florida. Venue hereunder shall lie in Indian River County, Florida.

16. Further Assurances. County and City shall grant such further assurances and provide such additional documents as may be required by one another from time to time, and cooperate fully with one another in order to carry out the terms and conditions hereof and comply with the express intention of this Agreement.

17. Severability. In the event any term, condition, or clause of this Agreement is declared to be illegal or unenforceable by a court of competent jurisdiction, such declaration of illegality or unenforceability shall not affect or alter the legality or enforceability of any remaining term, condition, or clause hereof, provided of the parties, as set forth in this Agreement.

18. Non-Assignment. This Agreement shall not be assignable by either party, except that City may assign this Agreement to any party acquiring ownership of a License Area (but only to the extent of such License Area), and County may assign this Agreement to any party acquiring ownership, right of possession or other right to use of all or a substantial portion of the Duggerstown Facility.

19. Recording. A copy of this Agreement shall be recorded on the Public Records of Indian River County, Florida.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed in their respective names as of the date set forth above.

Introduction

The following objectives set the parameters for this study.

Primary Objectives

- Objective 1: To determine the overall impact of tourism in Indian River County during three seasons (Winter, Spring and Summer).
- Objective 2: To assess current county tourism characteristics during three seasons and provide recommendations for the future based on demographic and travel-related trends.
- Objective 3: To assess tourists' satisfaction levels with Indian River County at different times throughout the year.

Secondary Objective

- Objective 1: To assess different market segments based on trip purpose and provide recommendations for the future based on these findings and travel trends.

Methods for Collecting Data

The respondents included tourists who visited one of thirteen sites in Indian River County. Surveying began on January 15, 2001 and continued until October 1, 2001. During the research phase, each of the sites were visited at least twice. Contact with visitors was made by independent interviewers hired by PMR, Inc., Gainesville, FL.

Interviewers worked in either teams of two or as an individual. They were instructed to approach every fifth person, alternating males and females. A quota was established for each site and season. Quotas ranged from 15 to 50 completed surveys. Business and leisure visitors who traveled from outside the county were included in the sample. The intercept interview was an eight page questionnaire that was administered through a personal interview.

A map of the county was provided ensuring accuracy of respondents answers regarding spending in the area.

Six-hundred surveys were completed.

11. The "typical" visitor to Indian River County had incomes over \$50,000 annually, had a bachelor's degree or higher as an educational background and were employed full time (60%) or retired (30%). The sampled visitors were about equally female and male, about half were under 50 years of age and about 70% had no dependent children living at home.
12. Slightly more than half (57%) of the sampled visitors were traveling in groups of two, 16% were solo travelers, about 6% in groups of 6 or more and 21% in groups from 3 to 5.
13. About 37% were day visitors, 25% were 1 or two night visitors, 23% spent 4-7 nights and 15% stayed more than 7 nights. The median stay was 4 nights and the most frequent stay was as a day visitor or, for overnighters, two nights.

Conclusions

There are a few main conclusions that have come out of this study. They will be presented in the following order:

- Primary market segment(s)
- Economic impact

Primary Market Segment

Primary Purpose of Trip

1. Visiting Friends and Relatives (VFR) are the first largest market segment, they spend the most (\$539.05/trip) and participate in the most amount of activities in the county (average 4.3 activities). Half of the VFR segment stay in private residences, while half stay in commercial accommodations, VFRs are most likely to be first time visitors and are highly satisfied with tourism opportunities in the county.
2. Outdoor recreationists are the second largest market segment, but spend the third greatest amount of money (\$277.10) and they participate in an average of 3.6 activities each trip. They tend to stay in commercial accommodations. Typically, they are younger, employed full time and usually Florida residents.
3. Festival and event visitors are the third largest segment, they spend \$276.73 per trip and come to Indian River County an average of 19 times each year. Typically, they are in-state residents, spend moderate amounts of money and stay in commercial accommodations one third of the time. They also stay in condos or apartments more frequently than other segments.
4. Beach visitors are the fourth largest segment but they spend the second largest amount of money, they tend to stay in resorts for approximately one week, are middle income families from both Florida and out-of-state and participate in the second greatest number of activities while in the community.
5. The shopping visitor is typically a Florida resident, who is loyal to the area (most frequent number of previous visits) stays in commercial accommodations, spends the least amount of money, participates in the fewest number of activities and has the lowest satisfaction scores.

Day trippers vs. Overnighters

1. Day trippers spend 1/5th the amount that overnight visitors do.
2. Day trippers come an average of 21 times a year and spend \$108 each time for a total of \$2,268.
3. Day trippers participate in half the activities in the county as that of overnight visitors.
4. Day trippers tend to be Florida residents and coming to the county to attend a festival or event or shopping.
5. Although day trippers do not contribute to the "bed tax" - they are still a substantial segment to tourism in IRC.

Repeat Visitors vs. First timers

1. Repeat visitors stay longer but spend less. They tend to be Florida residents, stay in commercial accommodations, stay short number of nights, and spend almost half as much as first timers. However, this segment also comes to the county approximately 13 times each year. Therefore, this is a substantial segment. Over a year they spend on average \$4,958.
2. First time visitors spend more money on a single trip although they stay a shorter amount of time and only visit once a year.

Florida Residents vs. Out-of-State residents

1. Florida residents are the larger of the two markets, they tend to visit an average 19 times a year for attending festivals/events, shopping and outdoor recreation. They spend about 1/10th as much as out-of-state residents on each trip (\$191.67), but due to the frequency of travel to the county, their overall spending is much greater at \$3,641.67. Florida residents who visit Indian River County tend to be retired with high incomes.
2. Out-of-state residents are a slightly smaller market, yet they spend more money per trip than Florida residents (\$632.91). Although it is only once a year, it is still a substantial amount. This market tends to participate in more activities per trip and be more satisfied overall with their vacation.

Likely to Return vs. Unsure or Not Likely to Return Visitor

1. Those who are highly likely to return are more likely to be Florida residents, participate in an average of 3.5 activities per trip, stay in a variety of commercial accommodations, visit purpose is to shop, participate in outdoor recreation and visit a festival or event. This market is somewhat older, with moderate income levels, and employed full time. This market visits the county an average of 13 times a year. They are extremely loyal visitors.
2. Those who indicated that they were unsure or not likely to return tended to be out-of-state visitors, typically employed full time or retired, with high income levels. They tend to spend similarly to those likely to return, but only come an average of three times a year. This market is slightly more satisfied with aspects of the county and tend to have come to the county to visit friends and relatives or go to the beach.

Economic Impact

Observation: Local impact is enhanced by tourist's participation in more than just one primary attraction or event. Claims of high local impact are enhanced by evidence that tourists also attend attractions and events, stay in local hotels, and eat in local restaurants. The more events or attractions that the tourist participates in during their visit, the more economic impact they tend to have on the community.

1. Based on reported actual expenditures at the time the visitors were interviewed, and extrapolating to an estimated 554,000 visitors a year, it is estimated that about \$120 million of added value occurred to Indian River County, attributable to tourists. This accounts for an estimated 3,513 jobs.
2. Based on reported estimated expenditures that the visitors expected to spend on their trip, and extrapolating to an estimated 554,000 visitors a year, it is estimated that about \$154.4 million of added value occurred to Indian River county, attributable to tourists. This accounts for an estimated 4,540 jobs.

Recommendations

Observation: Indian River County has a large number of repeat visitors (~80%). This is a positive indicator since only those satisfied with a destination tend to return to it. It is usually much easier to get a visitor to come back, than it is to attract new visitors. Indian River County seems to have accomplished this loyalty challenge. A likely partial explanation for the tourist loyalty is the ~23% who are visiting friends or relatives and the perception of high quality outdoor areas (beaches, parks, the inlet, fishing areas, etc.) and attractive festivals/events.

1. While growth occurs in the repeat-visitor realm, it is also important to attract new visitors. From the feedback gleaned from this study, it appears that one opportunity exists to promote in the in-Florida market. We recommend a promotional campaign targeted to those markets located in the more congested, developed and generally less pristine counties of South Florida and perhaps from the cities of Brevard county to the north. The campaign could encourage the opportunity to escape to (Indian River County) a quieter, coastal scenic area where you can enjoy walking on the beach, fishing, swimming and relaxing. Concentrate on factors where previous visitors report high satisfaction and 98% say they are likely to return. Also highlight Indian River County as an attractive alternative for potential tourists who are from more congested areas.
2. Given the probability that new visitors introduced to Indian River County will remain, incentives to "discover" the area should be offered. We recommend packaged get-away weekends combining accommodations and events such as Dodgers games or other sports events, fishing or shopping day itineraries, and "try retirement" for two or three days in Indian River County (since half the existing tourist market is 50+

years old) as another possible idea. We also recommended that the Chamber of Commerce continue to advertise in FLA-USA, Inc.'s promotional brochures. In addition, combined advertising in South Florida regional magazines or travel sections of newspapers with some of these promotional themes would continue to generate awareness of the area, and present alternatives for weekend, holiday weekend or week-long regional travelers.

3. Given the scenic and somewhat unique natural appeal of Indian River County, and the high satisfaction scores attributed to outdoor water-based recreation assets, there is opportunity for partnerships with other agencies or organizations and/or government such as the Florida Park Service. We recommend combining activities such as "take a kid fishing" or "family fishing/birdwatching/beach-combing" with workshops or seminars on beach or inlet fishing techniques, and maritime equipment shows could attract interest from new visitors. Events like this could be scheduled during Dodger's spring training season when sports/outdoor waters could help attract new prospects.

It is important that new visitors know how to locate public beach access, boat ramps and parking areas. Good signage will facilitate this and proactively reduce frustration among coastal visitors.

Additional promotion and advertising to attract golfers and their companions might be effective. It is likely that the combination of attending festivals/events, fishing, golfing and perhaps a Dodger's game, would be a highly attractive package, either for specific tourists interested in all or part of a package that could appeal to multiple members of a travel party.

4. Examining the visitors who said they were unsure or not likely to return revealed a potential market segment to grow the numbers of younger visitors. This market complained that there were not enough sit-down restaurants, that the area was too quiet and that there were not enough activities or nightlife.

Economic Impact of the Philadelphia Phillies Spring Training in Clearwater, Florida 2022

Utilizing the data and methodology in the “2009 Major League Baseball Florida Spring Training Economic Impact Study Report,” June 2009 by the Florida Sports Foundation and the Bonn Marketing Research Group, Inc., the following represents the estimated Economic Impact to Clearwater just resulting from Direct Spending associated with the Philadelphia Phillies Spring Training. Please note this does not include the impact to labor income and employment in Clearwater as a result of Spring Training.

The attendees, for this purpose, are separated into five category types:

- **Out-of-State-Primary Purpose:** This indicates a visiting party from outside of Florida that came to the area expressly for the Philadelphia Phillies Spring Training.
- **Out-of-State-Other Purpose:** This indicates a visiting party from outside of Florida for that came to the area for another purpose, but attended Spring Training activities.
- **Non-County-Primary Purpose:** This indicates attendance from another County in Florida that visited expressly for Phillies Spring Training.
- **Non-County-Other Purpose:** This indicates attendance to Pinellas County for another purpose, but included Spring Training activities.
- **Local:** These include all Pinellas County residents.

Total attendance for the Philadelphia Phillies Spring Training was 45,680.

The results are as follows:

Approximately 23.12% are Out-of-State Primary Purpose	10,561
Number of Out-of State Parties (Average party size= 3 people)	3,520

Whether the Commercial Space and/or the Concession Facilities shall be operated during Events which constitute Public Uses (any such operations to be effected solely by The Phillies and/or any concessionaire of The Phillies) shall be determined by The Phillies at its discretion; provided, however, that when requested by the City in respect of any Events which constitute the Public Uses where attendance is reasonably projected to exceed 200, Concession Facilities shall be opened by

The Phillies, to the extent that The Phillies deem appropriate, based on a reasonable estimate of attendance.

5.3.2 The City shall make mutually satisfactory arrangements in advance with The Phillies, for The Phillies to provide (but at the expense of the City) appropriate staffing and operations during each Event which constitutes a Public Use, such as ticket takers, ushers, parking attendants, food and beverage preparers and servers, security and paramedical personnel.

5.3.3 Each Public Use may be scheduled only at a time that is reasonably acceptable to The Phillies, it being understood that each of the uses specified in Sections 5.1.1 through 5.1.6 inclusive shall have absolute scheduling priority over every Public Use, except Disaster Staging Uses.

5.3.4 Each Public Use (other than those provided for in Section 5.2.1 and 5.2.4) shall be subject to The Phillies' prior approval, which may be withheld by The Phillies only if in its reasonable judgment conducting the Public Use at the Sports Facility would risk damage to the playing fields or cause unreasonable wear and tear to structures or, in the reasonable judgment of The Phillies, be inconsistent with the image of MLB and The Phillies.

5.5 Disaster Staging Uses. The City may, in each instance of actual or imminently threatened natural disaster, use the Sports Facility as a staging area for disaster preparations, response or other related uses ("Disaster Staging Uses"), provided that (i) there will not be any cost to The Phillies and (ii) the City will immediately restore any resulting damage to the playing field or any other element of the Sports Facility caused as a result of the Disaster Staging Use. (Any loss caused by the natural disaster, as opposed to the City's Disaster Staging Use, is governed by Section 14 hereof.) The City shall not be responsible to The Phillies for any loss of revenue or consequential damages resulting from Disaster Staging Uses, except any attributable to its failure to duly effect any such restoration and restore full use of the Sports Facility to The Phillies immediately following the end of the disaster.

6. Use Fee. From and after the Commencement Date, The Phillies shall pay, in arrears, a use fee to the City at the rate of \$70,000 per calendar year during the Term, subject to adjustment pursuant to Section 6.1 (as so adjusted, the "Use Fee") and to offset pursuant to Section 6.2. The Use Fee for each calendar year during the Term shall be payable by March 31st of the following year.

6.1 Adjustment. The Use Fee for the second and each subsequent full calendar year during the Term shall be subject to an adjustment (a "CPI Adjustment"), for any change in the CPI Index between that for December of the year prior to the first such full calendar year and that for December of the year prior to the calendar year with respect to which the calculation is being made.

All ticket, food and beverage, merchandise, parking and broadcasting revenues generated on and from the Sports Facility (excluding only revenues derived from the Luxury Suites and the Commercial Space) attributable to each Partnership Event and each Civic Event, net of the direct incremental cost to The Phillies of operating and maintaining the Sports Facility (excluding the Luxury Suites and the Commercial Space) attributable solely to such use (which shall not include administrative or overhead costs or the like or any utility charges or other costs that would have been incurred irrespective of such use) will be: (i) in the case of Partnership Events, shared equally by The Phillies and the City, and (ii) in the case of Civic Events, will be retained by The Phillies (except for any net ticket revenues, which shall be distributed by The Phillies to the appropriate charitable, community or civic organization), in each case within thirty days following the Event. The Phillies shall institute a method of accounting for the collection and calculation of the net revenues collected in respect of Partnership Events and Civic Events and shall furnish to the City appropriate accounting statements in respect of such Events, which shall be prepared in accordance with generally accepted accounting

principles. The City may, upon reasonable notice and during normal business hours, examine, inspect and copy the books and records of The Phillies pertaining to such net revenues and, at its own expense, cause an audit to be performed of such pertinent books and records.

The City shall have the right to disapprove any such name only, if in the City's reasonable judgment, such name is inconsistent with a wholesome public image for the Sports Facility. 8.3 Parking. In addition to operating all parking areas at the Sports Facility, The Phillies shall have the right to make arrangements for offsite parking for Events at the Sports Facility, including without limitation at the Carpenter Sports Facility, St. Petersburg Junior College and under the Florida Power Corporation right of way. For each Home Game, The Phillies will engage such

civic organization that the City shall propose (subject to The Phillies' approval, not to be unreasonably withheld) to staff the public parking areas at the Sports Facility and at any utilized offsite parking areas. The Phillies will pay to that organization for such services an honorarium of \$1,250 per Game, which figure shall be subject to a CPI Adjustment.

The Phillies shall be responsible for the ordinary and customary day-to-day maintenance of the following (and only the following) portions of the Sports Facility: (i) the playing fields, (ii) the Phillies Exclusive Use Areas, (iii) the Luxury Suites, and (iv) the Commercial Space (together, the "Phillies Maintenance Obligations"). The City shall acquire for and supply to The Phillies all field care (e.g. clay, sod, sand, fertilizer and chemicals) and other

supplies necessary for The Phillies to discharge the Phillies Maintenance Obligations relating to the playing fields, and The Phillies shall reimburse the City for its actual out-of-pocket costs therefor. Notwithstanding anything herein to the contrary, any City employee providing City Services to the Sports Facility shall be operating under the direction and control of the City, and shall be subject to any applicable City rule, regulation or policy, provided however, that The Phillies may directly engage City employees during the off-duty time, in which case such City employees shall be deemed to operate under The Phillies control.

9.2 City Maintenance, Repair etc. Obligations. Except for The Phillies Maintenance Obligations, the City shall have the obligation to provide all maintenance, repairs, restorations, refurbishments and replacements, whether interior or exterior, structural or non-structural, routine or extraordinary, ordinary or capital in nature, as shall be necessary to keep the Sports Facility clean, safe and in good order, condition and repair, and in compliance with all applicable Legal Requirements and in first class condition and up to first class MLB spring training stadium standards at the time of reference, provided however, that (subject to Sections 14 and 15 hereof) this obligation shall not operate to require the City to construct a new Sports Facility, or to substantially reconstruct the Sports Facility during the Term hereof. The Consulting Engineer shall annually determine which capital repairs, restorations, refurbishments and replacements are needed to be done currently and which capital repairs, restorations, refurbishments and replacements shall be scheduled to be done in the future, and when. The costs of the Consulting Engineer shall be borne equally by The Phillies and the City. The determinations of the Consulting Engineer shall be conclusive on both the City and The Phillies.

9.3 Upgrading of the Sports Facility. The City shall from time to time, as needed, upgrade, modernize and otherwise improve the Sports Facility so that during the Term of this Agreement, the Sports Facility shall not only meet all applicable MLB standards but shall, in addition, include that level of amenities and technological facilities as is comparable at the time of reference to those of first class MLB spring training facilities of comparable age (such as Roger Deen Stadium in Jupiter, FL, City of Palms Park in Ft. Myers, FL and Hohokam Stadium in Mesa, AZ). Without limiting the generality of the foregoing, at such time as any technological improvements (e.g., video rooms) have been incorporated in at least two of those three comparable MLB spring training facilities, then the City shall install such technological improvements in the Sports Facility. However, this provision shall not require the City to expend monies within the last five years of the Term, unless The Phillies agree to (i) exercise the option to renew provided for in Section 3.3 hereof (in which event, if necessary, the one-year notice period for exercising such option shall be waived), or (ii) if the option to renew has already been exercised, The Phillies and the City agree to extend the Term by at least five years.

9.4 Sports Facility Manager. The Sports Facility Manager shall be responsible for the day-to-day oversight of the maintenance, repair and condition of the Sports Facility, and shall be the representative of the City with whom The Phillies may communicate. The Sports Facility Manager shall have authority to bind the City to the fullest extent permitted by law, provided, however, that the Sports Facility Manager shall not have the legal authority to bind the City to financial obligations without the prior approval of City's governing body.

9.5 Personnel. The City shall provide such level of qualified and properly trained personnel to perform its obligations under Section 9.2.

9.6 Capital Expenditures. The Consulting Engineer shall, by November 1 of each calendar year during the Term, submit to the parties his recommendation as to what capital repairs, refurbishments, restorations, replacements and upgrades are to be done currently and schedule those to be done in the future, which are necessary, in the judgment of the Consulting Engineer, in order for the City to fulfill its obligations under this Section 9. On December 1 of each calendar year during the Term the City shall furnish to The Phillies a capital expenditure schedule prepared by the City, with due regard to such recommendations, setting forth in detail the projected capital repairs and improvements expenditures scheduled for the following calendar year and shall appropriately budget any amounts necessary to do so. The Phillies shall be afforded the right to have input in the preparation of such schedule and it shall be subject to The Phillies' approval, which shall not be unreasonably withheld.

9.7 Action by The Phillies. Without limiting The Phillies' rights under Section 17, if The Phillies in good faith determines that any portion of the Sports Facility (excluding only the playing fields) is not being maintained and/or repaired by the City in accordance with the standards and requirements set forth in Sections 9.2, 9.3 and 9.6, The Phillies shall have the right, but not the obligation, to advance funds for or otherwise provide appropriate maintenance and/or repair, subject to the following provisions:

9.7.1 Notice Practicable. If practicable, The Phillies shall give written notice to the City specifying the nature of the required work, and the date by which The Phillies reasonably considers it necessary to commence such work following its receipt of such a notice:

(i) The City may commence such work prior to the date and time so specified by The Phillies and prosecute the same diligently to completion; if the City does so, The Phillies shall not undertake such work itself.

(ii) If the City disputes whether the requested work required to fulfill the City's obligations under this Agreement, the City shall so inform The Phillies in writing prior to the date and time specified by The Phillies in its notice. If the City gives timely notice, the dispute shall be submitted to Expedited ADR prior to the date and time specified by The Phillies in its notice.

(iii) If (a) the City does not commence such work prior to the date and time specified by The Phillies and prosecute the same diligently to completion, or (b) the City fails to give timely notice of a dispute, or (c) it is not practicable to submit the matter to Expedited ADR prior to the date and time specified by The Phillies in its notice, then in any such event, The Phillies may commence the work necessary to remedy the matter on an emergency basis and prosecute the same diligently to completion.

9.7.2 Emergency. If The Phillies in good faith determines that the work must be performed on an emergency basis (that is, it must be performed in order to prevent an imminent danger to health or safety or it is otherwise not practicable to give notice provided in this Section 9.7), then The Phillies may commence work to remedy the matter on an emergency basis and prosecute the same diligently to completion.

9.7.3 Payment to The Phillies. The City shall promptly reimburse The Phillies on demand for any amounts expended pursuant to this Section 9.7 (including interest at the Default Rate from the date that is 30 days after the date of demand until paid if such amount is not paid by the 45th

day following the date of demand). If the City disputes that the work was required to fulfill the City's obligations hereunder, Expedited ADR shall be convened to resolve the dispute.

(i) If and to the extent it is determined by Expedited ADR that work was not required to fulfill the City's obligations hereunder, then The Phillies shall not be entitled to any reimbursement for any sums expended by The Phillies.

(ii) If and to the extent it is determined by Expedited ADR that the work was required to fulfill the City's obligations hereunder, then the City shall immediately reimburse The Phillies for all sums expended by The Phillies on the work, plus interest at the Default Rate.

9.8 Surrender. At the termination of this Agreement, by lapse of time or otherwise, The Phillies shall surrender possession of the Sports Facility to the City and deliver all keys or such other access equipment or devices. In addition, The Phillies shall remove The Phillies' furniture, trade fixtures and other items of movable personal property of every kind and description from the Sports Facility and restore any damage caused thereby, such removal and restoration to be performed prior to the end of the Term or within sixty days following any earlier termination of this Agreement. If The Phillies fail to remove any such items, the City may do so, and The Phillies shall pay to the City upon demand the cost of removal and of restoring the Sports Facility. All obligations of The Phillies under this Section shall survive the expiration of the Term or sooner termination of this Agreement.

10. Alterations and Additions by The Phillies.

10.1 Minor Improvements. The Phillies shall have the right (following reasonable notice thereof to the City for its information only), but not the obligation, to make minor improvements to the Phillies Exclusive Use Areas without City's approval, consisting of any work, installation,

construction or the like which does not require a permit from any federal, state or local governmental agency (e.g., installation of additional shelving in the Office).

10.2 All Other Improvements. Except for the "minor improvements" described in Section 10.1, The Phillies shall not construct any improvements on or otherwise alter, change or improve any part of the Sports Facility, without the prior written consent of the Sports Facility Manager, upon such terms and conditions as he may reasonably deem necessary. Requests by The Phillies to construct any such improvements on or otherwise to alter, change or improve any part of the Sports Facility shall be presented to the Sports Facility Manager in written form and he shall act thereon within a reasonably prompt time. If the Sports Facility Manager gives his consent to The Phillies' undertaking such work (which consent shall not be unreasonably withheld), the consent shall be deemed conditioned upon The Phillies' acquiring any necessary permit to do so from applicable governmental agencies, furnishing a copy thereof to the Sports Facility Manager prior to the commencement of the work and complying with all conditions of said permit in a prompt and expeditious manner.

10.3 Ownership of Such Improvements. All improvements, alterations or other changes made by The Phillies to any part of the Sports Facility pursuant to this Agreement, other than that which is so affixed to the Sports Facility that it cannot be removed without material damage to it, shall remain the personal property or equipment of The Phillies and may be removed by The Phillies upon expiration or termination of this Agreement provided that The Phillies restore and repair any damage caused by the removal.

10.4 No Limitation. Nothing in this Section 10 shall in any way limit or reduce the obligation of the City to maintain the Sports Facility as provided in Section 9 and elsewhere in this Agreement.

11. Taxes.

11.1 Possessory Taxes. It is the intent of the parties that the Sports Facility (land and improvements) shall be exempt from any and all real property ad valorem taxes and from payments in lieu of such taxes throughout the Term. However, should all or any part or parts of the Sports Facility become subject to any such taxes, then the parties shall each cooperate and use their respective best efforts (i) to cause Pinellas County to return its share of any such taxes and (ii) to secure legislation exempting the Sports Facility from such taxes. In the interim, The Phillies and the City shall each pay one-half of any such taxes, net of any City ad valorem real property taxes, which shall be paid by City. Any such payments by The Phillies are herein referred to as the "Phillies Possessory Tax Share."

11.2 Tax Protection. The City shall throughout the Term hold The Phillies harmless from all other local (as opposed to Federal, State or County) taxes (except for income, sales and like taxes of general application), including without limitation amusement/ticket taxes, any increase in the sales tax rate applicable to tickets, use and occupancy taxes and surcharges on the Stadium or Sports Facility-derived revenues.

12. Insurance.

12.1 Liability Insurance.

12.1.1 Phillies Non-Property Coverage. The Phillies shall maintain at its expense during the Term of this Agreement the following insurance:

(i) Commercial general liability (including athletic participants coverage) against claims for bodily injury, personal injury and property damage based upon, involving or arising out of the use of the Sports Facility and all areas appurtenant to it. Such insurance shall be on an occurrence basis, providing coverage in an amount not less than \$5,000,000 per occurrence, and not less than \$5,000,000 general aggregate (per location), and not less than \$5,000,000 coverage for products and completed operations liability, and not less than \$5,000,000 coverage for personal and advertising injury, with deductibles of up to \$100,000 per person and \$200,000 per occurrence..

(ii) Statutory workers' compensation and employers' liability coverage in an amount no less than \$500,000 bodily injury each accident, \$500,000 bodily injury by disease each employee and \$500,000 bodily injury by disease policy limit.

(iii) Automobile liability for bodily injury and property damage arising from the use of The Phillies' owned, non-owned and hired vehicles, in an amount not less than \$5,000,000 per accident.

(iv) Garagekeepers legal liability coverage in the amount of \$1,000,000.

12.1.2 City's Non-Property Coverage. The City shall maintain at its expense during the Term of this Agreement the following non-property insurance:

(i) Auto Liability and General Liability: Self-Insured Level: \$100,000 per Person \$200,000 per Occurrence self-insured retention with the statutory limits per Section 748.28

Florida Statutes. Excess Insurance: \$5,000,000 per occurrence excess insurance (no aggregate applicable) with self-insured retention of \$500,000.

(ii) Workers' Compensation: Statutory workers compensation coverage per occurrence with self-insured retention of \$500,000.

12.2 Property Coverage. The City shall maintain at its expense during the Term of this Agreement the following property related insurance:

12.2.1 Property insurance for 100% of full replacement value of the Sports Facility (including all improvements and personal property), with deductibles not exceeding \$50,000 per occurrence against loss by so-called "all risk" perils, including but not limited to fire, extended coverage, storm (including without limitation wind, flood and hurricane coverage), boiler and machinery, vandalism, malicious mischief, flood and earthquake. Such insurance is to contain a replacement cost endorsement, and endorsements eliminating any and all coinsurance provisions.

12.2.2 For any work of construction conducted on the Site by or at the direction of the City, builder's risk insurance with the same limits and coverages as set forth in Subsection 12.2.1, provided that at the City's election, such insurance may be maintained by the contractor(s) performing the construction work at the Sports Facility.

12.2.3 City Property Self-Insurance or Self-Funding. Any provision of this Agreement to the contrary notwithstanding, while the City shall maintain insurance coverage and limits as provided for in this Agreement, parties hereto specifically agree that the City may do so by self-insurance and/or by purchase at the sole option of the City. To the extent required by the terms of this Agreement, insurance coverage and limits shall be evidenced by delivery to The Phillies of letters of self-insurance or self-funding executed by the City's Risk Manager, or by certificates of

insurance executed by either the agent for the insurers or the insurers or by copies of policy declaration pages. Such letters, certificates, and policy declaration pages shall list coverage (including the amount of insurance per claim and per occurrence, any gap in coverage, and the amount of the excess insurance) and policy limits with expiration dates and major policy terms and endorsements.

12.3 General. All insurance policies obtained pursuant to this Section 12 shall: (i) be with companies legally authorized to do business in the State of Florida and which possess a minimum rating of A- or better and a minimum class VIII financial size category (as listed at the time of issuance by A.M. Best Insurance Reports), which are reasonably acceptable to the other parties; and (ii) shall name as an additional insured each other party and such Affiliates of that party as it shall reasonably request. Upon commencement of the Term, each party shall furnish or cause to be furnished to the other party a certificate of insurance evidencing all such insurance policies. Renewal certificates shall be delivered by each party to the others at least ten days prior to the expiration of any policy of insurance. No such policy shall be cancelable or subject to reduction of coverage except after thirty days' prior written notice to all parties hereto.

12.4 Remedies. If any party fails to obtain, keep in force or provide evidence of any of the insurance policies or self-insurance coverage required by this Section 12, the other party may give written notice to the defaulting party, and the defaulting party shall have until the earlier of (i) five days after its receipt of such notice, or (ii) regardless of whether notice shall have been given, one day before the date the required insurance will lapse, to cure the default. If the default is not cured within such period, then the other parties shall have the remedies set forth in Section 17.

12.5 Waiver of Subrogation. Each party hereby releases and relieves the other party, and

waives its entire right of recovery against the other party, for direct or consequential loss or damage arising out of an incident to the perils covered by any insurance carried by the other party or which would have been carried had such other parties fulfilled their obligations hereunder to carry insurance, whether or not due to the negligence of the released party or its agents, employees, contractors or invitees. If necessary, all property insurance policies required by this Agreement shall be endorsed to so provide.

13. Indemnification. The indemnifications provided for in this Section 13 shall relate only to the extent that the liability in question has not produced insurance proceeds to the indemnitee.

13.1 By The Phillies. Subject to Section 12.5, The Phillies agrees to and will at all times defend, indemnify, save and hold the City and their Affiliates, and their respective elected officials, officers, agents, employees, successors and assigns harmless, on a current basis, for, from and against any and all damages, liabilities, claims, demands, expenses and costs of every kind and nature, including reasonable attorney's fees, costs of investigation and discovery, and all court costs, arising out of:

13.1.1 Injury to or death of persons (including personnel or employees of the City or The Phillies), and damage to any and all property, including loss of use thereof, resulting from or in any manner arising out of any willful and wanton or grossly negligent act or omission of The Phillies or any Affiliate of The Phillies or any of their respective agents, officers or employees, in connection with the operation or use of the Sports Facility.

13.1.2 Any breach or default in the performance of any obligation on The Phillies' part to be performed under the terms of this Agreement.

The foregoing indemnification obligations of The Phillies shall not extend to liabilities caused, in whole or in part, by any willful, wanton, or grossly negligent act or omission of the City or any of its agents, officers or employees to the extent such act or omission caused the liability and shall survive the termination of this Agreement for all acts committed or omissions made prior to the effective date of the termination of this Agreement.

13.2 By the City. Subject to Section 12.5, the City, to the extent permitted by applicable law, including, but not limited to Section 768.28, Florida Statutes, agrees to and will at all times defend, indemnify save and hold The Phillies and its Affiliates and their respective employees, agents, officers, directors, shareholders, partners, successors and assigns, harmless, on a current basis, for, from and against any and all damages, liabilities, claims, demands, expenses and costs of every kind and nature, including reasonable attorneys' fees, costs of investigation and discovery, and all court costs, arising out of:

13.2.1 Injury to or death of persons (including personnel or employees of the City or The Phillies), and damage to any and all property, including loss of use thereof, resulting from or in any manner arising out of or in connection with any willful, wanton or grossly negligent act or omission of the City or any Affiliate of City or any of their respective agents, officers or employees, in connection with the operation or use of the Sports Facility to the extent such act or omission caused the injury.

13.2.2 Any breach or default in the performance of any obligation on the City's part to be performed under the terms of this Agreement.

The foregoing indemnification obligations of the City shall not extend to liabilities caused by any willful, wanton, or negligent act or omission of The Phillies or any Affiliate of The Phillies

or any of their respective agents, officers or employees to the extent such act or omission caused the liability and shall survive the termination of this Agreement for all acts committed or omissions made prior to the effective date of the termination of this Agreement.

13.3 Procedure for Indemnification -- Third Party Claims.

13.3.1 Promptly after receipt by an indemnified party under Sections 12.1 or 12.2 of notice of a claim against it ("Claim"), such indemnified party shall, if a claim is to be made against an indemnifying party thereunder, give notice to the indemnifying party of such Claim, but the failure to notify the indemnifying party will not relieve the indemnifying party of any liability that it may have to any indemnified party, except to the extent that the indemnifying party demonstrates that the defense of such action is prejudiced by the indemnified party's failure to give such notice.

13.3.2 If any Claim is made against an indemnified party and it gives notice to the indemnifying party of such Claim, the indemnifying party will be entitled to participate in the defense of such Claim and, to the extent that it wishes (unless (i) the indemnifying party is also a party to such Claim and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Claim and provide indemnification with respect to such Claim), to assume the defense of such Claim with counsel satisfactory to the indemnified party and its insurers and, after notice from the indemnifying party to the indemnified party of its election to assume the defense of such Claim, the indemnifying party will not, as long as it diligently conducts such defense, be liable to the indemnified party under such Section for any fees of other counsel or any other expenses with respect to the defense of such Claim in each case subsequently incurred by the indemnified party in connection with the defense of such Claim, other

than reasonable costs of investigation. If the indemnifying party assumes the defense of a Claim (i) no compromise or settlement of such claims may be effected by the indemnifying party without the indemnified party's consent unless (a) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Claims that may be made against the indemnified party, and (b) the sole relief provided is monetary damages that are paid in full by the indemnifying party and (b) the indemnifying party will have no liability with respect to any compromise or settlement of such claims effected without its consent. If notice is given to an indemnifying party of a Claim and the indemnifying party does not, within thirty days after the indemnified party's notice is given (or such lesser period of time as may be necessary to avoid a Default on such Claim), give notice to the indemnified party of its election to assume the defense of such Claim, the indemnifying party will be bound by any determination with respect to said Claim or any compromise or settlement effected by the indemnified party.

13.3.3 Notwithstanding the foregoing, if an indemnified party determines in good faith that there is a reasonable probability that a Claim may adversely affect it or its Affiliates other than as a result of monetary damages for which it would be entitled to indemnification under this Agreement, the indemnified party may, by notice to the indemnifying party, assume the exclusive right to defend, compromise, or settle such Claim, but the indemnifying party will not be bound by any determination of a Claim so defended or any compromise or settlement effected without its consent (which may not be unreasonably withheld).

13.4 Procedure for Indemnification -- Other Claims. A claim for indemnification for any matter not involving a third-party claim may be asserted by notice to the party from whom indemnification is sought.

14. Damage or Destruction.

14.1 Decision to Rebuild. In the event that the Sports Facility or any part thereof is damaged or destroyed by fire, flood or other similar or dissimilar cause whatsoever, the City shall promptly commence and thereafter diligently proceed to repair and rebuild the Sports Facility to its condition immediately prior to such damage or destruction, provided, however, if such damage or destruction involves the entire Sports Facility or any substantial part thereof and occurs less than five years prior to the end of the Term, the City may elect to terminate this Agreement unless The Phillies agree to (i) exercise the option to renew provided for in Section 3.3 hereof (in which event, if necessary, the one-year notice period for exercising such option shall be waived), or (ii) if the option to renew has already been exercised, The Phillies and the City agree to extend the Term by at least five years. In the event that such damage or destruction is of such an extent as would substantially and adversely affect The Phillies' activities at the Sports Facility, the City shall use its best efforts to provide to The Phillies the use of alternate first class MLB spring training facilities, in reasonable proximity to the Sports Facility, on a basis that preserves to The Phillies the net benefit of the economic terms of this Agreement and that affords business interruption protection to The Phillies against lost revenues. If the City meets the requirements of the next preceding sentence and has been and remains in substantial compliance with its obligations under the first sentence of this Section 14.1, then The Phillies shall use those alternate facilities during the period of interruption and, for each full Spring Training Season during the initial 20-year portion of the Term hereof that such use continues, that initial term shall be extended by one year.

14.2 Failure To Repair. If the City is obligated to repair or rebuild the Sports Facility under the provisions of this Section 14 and does not commence such repair or rebuilding within

ninety days after the occurrence of the damage or destruction, or if the City commences such repair or rebuilding but do not prosecute the same diligently to completion, then the City shall be deemed to be in Default under this Agreement and The Phillies shall have the rights and remedies set forth in Section 17.

14.3 Phillies Option to Rebuild or Repair. In the event the City fails to commence such repairs or rebuilding within 90 days of the occurrence of the casualty, The Phillies shall have the right, but not the obligation, to undertake such repairs or rebuilding. In the event The Phillies so undertake such repairs or rebuilding, The Phillies shall be entitled to reimbursement of the actual costs thereof by the City as incurred, within 45 days of all invoices therefor, with interest thereafter at the Default Rate.

15. Condemnation.

15.1 Total Taking. In the event the entire Sports Facility is appropriated or taken under the power of eminent domain, or sold under threat thereof (all of which will be referred to as a "condemnation"), by any public or quasi-public authority, The Phillies shall have the option to terminate this Agreement as of the date the condemning authority takes title or possession, whichever first occurs. The Phillies shall have no claim to the award in condemnation for the City's interest in the Site and Sports Facility; provided, however, that The Phillies shall have a claim to the portion of the award in condemnation that represents compensation for the taking of the interest of The Phillies under this Agreement, including without limitation its right to retain net revenues from the operation thereof.

15.2 Partial Taking. In the event that only a portion of the Sports Facility is condemned, this Agreement shall terminate as to the part so taken as of the date the condemning authority takes

title or possession, whichever first occurs; provided, however, that if so much of the Sports Facility is taken by such condemnation as would substantially and adversely affect The Phillies' operations at the Sports Facility, The Phillies shall have the option, to be exercised in writing within one hundred eighty days after the City shall have given The Phillies written notice of the condemnation (or in the absence of such notice, within one hundred eighty days after the condemning authority shall have taken possession), to terminate this Agreement as of the date the condemning authority takes such possession. If The Phillies does not give timely notice to terminate, this Agreement shall remain in full force and effect as to the remainder of the Sports Facility that is suitable for the use then being made of the Sports Facility by The Phillies; if and so long as The Phillies deem it advisable, The Phillies may utilize alternative facilities; and the City shall, to the extent of condemnation proceeds received by it, acquire or add adjacent property and construct additional Improvements with reasonable diligence, in order to restore the Sports Facility as nearly as possible to the condition immediately before the condemnation. Whether this Agreement terminates or continues in full force or effect, The Phillies shall have no claim to the award in condemnation for the City's interest in the Sports Facility; provided, however, that The Phillies shall have a claim to the portion of the award in condemnation that represents compensation for the taking of the interest of The Phillies under this Agreement, including without limitation its right to retain net revenues from the operation thereof.

15.3 Failure To Repair. If the City is obligated to make the Sports Facility suitable for use by The Phillies following a condemnation under the provisions of this Section 15 and does not commence to acquire or add adjacent property or construct additional Improvements necessary to do so within ninety days after the date of the condemnation, or if the City commences such

acquisition or construction but does not prosecute the same diligently to completion, the City shall be deemed in Default under this Agreement and The Phillies shall have the rights and remedies set forth in Section 17.

15.4 Phillies Option to Rebuild or Repair. In the event the City fails to commence such repairs or rebuilding within 90 days of the occurrence of the condemnation, The Phillies shall have the right, but not the obligation, to undertake such repairs or rebuilding. In the event The Phillies so undertake such repairs or rebuilding, The Phillies shall be entitled to reimbursement of the actual costs thereof by the City as incurred, within 45 days of all invoices therefor, with interest thereafter at the Default Rate.

16. Assignment.

16.1 Assignment by The Phillies. The Phillies shall not sell, assign, encumber, pledge, or otherwise transfer all or any portion of its interest in this Agreement without the prior written consent of the City, except as follows:

16.1.1 The Phillies shall have the right to transfer all of its rights and obligations under this Agreement to any Person that shall thereafter own the MLB franchise now held by The Phillies; provided, however, that such transferee shall assume the obligations of The Phillies under this Agreement; and provided, further, that MLB approves the transfer of such MLB franchise to such transferee and the City has been provided with satisfactory evidence of such assumption and approval.

16.1.2 The Phillies shall also have the right to transfer its interest in this Agreement freely to another MLB club; provided, however, that such transferee shall assume the obligations of The Phillies under this Agreement.

16.1.3 No transfer under this Section 16 shall release The Phillies from any pre-existing liabilities under this Agreement, including, but not limited to any indemnification obligations of The Phillies which arise prior to the date of such transfer.

16.2 Assignment by City. The City shall have the right to assign certain rights under this Agreement to a non-profit organization controlled by the City, provided that such assignment will not affect The Phillies rights and remedies against the City under this Agreement and the City shall at all times remain primarily liable for their obligations hereunder. Except as aforesaid, the City may not assign its rights and duties under this Agreement without the consent of The Phillies.

17. Default.

17.1 Default. If any party hereto (the "Defaulting Party") shall fail to perform any of its obligations under this Agreement, then the Party not in default (the "Non-Defaulting Party") shall provide notice of such failure to the Defaulting Party and afford the Defaulting Party a grace period to cure said failure, as follows:

17.1.1 Where a grace period is specifically provided for in any section of this Agreement, that specific grace period shall apply.

17.1.2 Where a grace period is not specifically provided for in any other section of this Agreement, the Defaulting Party shall afford the Non-Defaulting Party a grace period of (i) five business days to cure monetary failure; and (ii) thirty days to cure any non-monetary default, provided, however, that if any non-monetary failure cannot be cured within such thirty day period, the Defaulting Party shall be afforded such additional time as shall be reasonably required to cure such failure, if the Defaulting Party has commenced the appropriate cure within said initial thirty day period and thereafter proceeds with reasonable diligence to cure said failure.

17.1.3 If any failure to perform shall not have been cured by the expiration of the applicable grace period, then a "Default" shall be deemed to have occurred and the Non-Defaulting Party shall have the rights and remedies set forth below.

17.1.4 Termination of this Agreement.

17.2 Non-Defaulting Party's Rights and Remedies. If a Default shall occur, the Non-Defaulting Party shall have the right (but not the obligation):

17.2.1 To cure such default on behalf of the Defaulting Party, in which event the Defaulting Party shall immediately reimburse Non-Defaulting Party for all sums paid by it to effect such cure, together with interest thereon at the Default Rate; and

17.2.2 To collect all sums paid by it to effect such cure, together with interest thereon at the Default Rate, by set off against all sums next-to-become-due to the Defaulting Party under this Agreement.

17.3 Cumulative Rights. The remedies heretofore described in this Section 17 shall be in addition to any other remedy the Non-Defaulting Party may have at law and in equity in the event of a Default, including without limitation:

17.3.1 An action to recover monies then due and owing from the Defaulting Party, together with interest thereon at the Default Rate from the date on which such monies were due;

17.3.2 An action for specific performance of non-monetary covenants and agreements on the part of the Defaulting Party; and/or

17.3.3 An action for recovery of all actual losses, costs and reasonable attorneys' fees incurred by the Defaulting Party in connection with the default.

17.4 Injunctive Relief. Without limiting any other remedies of the City on account of a Default by The Phillies hereunder, The Phillies further acknowledges that the City will be irreparably harmed if The Phillies violate this Agreement by the transfer, move or other relocation of The Phillies' spring training activities to, and/or the playing of Home Games at, any locations other than the Sports Facility during the Term otherwise than as provided or permitted by this Agreement. Accordingly, The Phillies hereby agree that in the event of such a violation or threatened violation of this Agreement, the City shall be entitled to seek and obtain, and The Phillies hereby consent to the entry of, a temporary restraining order, together with preliminary and permanent injunctive relief, from any court of competent relief to enjoin any such violation or threatened violation. The Phillies waive any requirement that the City post a bond or other security in connection with such injunctive relief. In the event of such attempted or actual transfer, move or other relocation of The Phillies' spring training activities to, or the playing of Home Games at, any location other than the Sports Facility, and City is not able to obtain the injunctive relief provided for in this Section 17.4, the City shall be entitled, at its option, to seek monetary damages.

If on the Satisfaction Date any litigation other than bond validation proceedings is pending to restrain or enjoin the performance of this Agreement and/or of the SFDA and/or of any material aspect of either and/or to seek material damages in respect thereto and is neither withdrawn nor dismissed with prejudice by October 1, 2001, either party may (but need not) elect to terminate this Agreement by written notice given within 30 days thereafter.

21. Marketing Programs. The Phillies and the City hereby agree that The Phillies will provide trade out value in marketing programs to match the financial contributions made by Pinellas County toward the funding of the Sports Facility. These marketing trade out programs may include, but are not limited to destination advertising, tourism public relations campaigns, tourism direct sales activities and/or other marketing programs mutually agreed upon between the Pinellas County Convention and Visitors Bureau and The Phillies. Representatives of The Phillies and the Convention and Visitor's Bureau shall meet as often as they mutually determine to be needed (but at least annually) to agree to a specific program of destination marketing and/or ticket opportunities of the trade out program for the upcoming calendar year. EXHIBIT A

All claims, demands, disputes, controversies and differences that may arise under this Agreement between the parties, concerning any controversies under the Sections of this Agreement making reference to the use of Expedited ADR shall be resolved by Alternative Dispute Resolution as set forth below:

1. Disputes submitted to Expedited ADR hereunder will be conducted before a "Panel" designated in the manner provided in Section 2 below. The decision of the Panel will be final and binding upon the parties as to all matters in dispute and will be enforceable by a court of competent jurisdiction. The rules of the American Arbitration Association will be used for guidance in establishing procedures for the arbitration, but their use will not be mandatory unless the parties are unable to agree on an alternative body of rules.

2. In the case of disputes involving construction matters at the Sports Facility, the Panel will consist of three persons selected by the parties from a list of twenty-one persons with at least ten years experience in the construction business furnished by the Florida Chapter of the American Arbitration Association. In the case of disputes involving operations at the Sports Facility, the Panel will consist of three persons selected by the parties from a list of eleven persons, each of whom must have at least ten years of experience in the stadium/arena management business furnished by the Florida Chapter of the American Arbitration Association. The Panel of three will be selected from such list by the mutual agreement of the parties. If, within three days following the day on which the list is furnished to the parties, the parties are unable to agree on the composition of the Panel, then representatives of the parties will meet promptly and the following procedures will be used: The Phillies will strike the name of a person on the list. Within fifteen minutes thereafter, the Public Bodies will strike a name from the list. At fifteen minute intervals thereafter, each party will strike a name from the list. If a party fails to strike a name within the allotted time period, it will forego its turn to strike a name. The last three names on the list will constitute the Panel.

3. Within thirty days following the appointment the Panel as provided for above, the Panel shall hold a hearing which hearing shall be held at Tampa, Florida, or at any other place agreed to by the parties involved.

4. The Public Bodies or The Phillies may join any other party to the arbitration which is needed for just adjudication. The standard for joinder of any other party shall be that provided under Rule 19 of the Florida Rules of Civil Procedure.

5. If the Panel determines that either party's position in the dispute was without merit, such party will pay the other party's reasonable attorneys' fees and costs related to the arbitration, including the costs and fees of the Panel, fees to the American Arbitration Association and other costs of such arbitration otherwise payable by such party in the arbitration proceedings. In all other

cases, the parties will share equally the costs of such arbitration and will pay their own attorneys' fees.

6. At least ten days prior to the hearing, the parties shall meet and exchange exhibits and pre-hearing statements and stipulate and agree on non-disputed facts. No exhibit shall be admitted unless listed on the pre-hearing statement and exchanged between the parties. No witness may be presented unless indicated on the pre-hearing statement or unless produced for rebuttal purposes. Prior to or at the hearing, each party shall submit a memorandum not to exceed five pages outlining the relevant issues for the Panel. At the hearing, the laws of evidence of the State of Florida shall apply, and the Panel shall allow each party to present that party's case, evidence and witnesses and render its award, including a provision for payment of attorneys' fees and costs of arbitration to be paid by one or both of the parties to this Agreement, as the Panel deems just.

Upon the conclusion of each City Event, the City shall remove all equipment and any other materials, if any, that were brought into the Dunedin Facilities in connection with such City Event and leave the Dunedin Facilities in as good condition as they were in immediately prior to the City, or anyone acting on its behalf, first entering the Dunedin

Facilities in connection with the City Event.

- (e) Reimbursement of Club Expenses. City shall reimburse the Club for any and all expenses it incurs in connection with each City Event, including, but not limited to, any expenses in relation to utilities, supplies and personnel supplied by the Club. During the scheduling process described in subsection 7(b), above, the Club shall provide the City with an estimate of the costs it anticipates incurring in connection with the particular event (based on the details provided by the City), provided that such estimate shall not limit the City's obligation to reimburse the actual expenses hereunder. Within a reasonable period of time following each City Event, the Club shall provide the City with an invoice for its expenses, if any the City shall pay each such invoice within thirty (30) days of receipt.
- (f) City Event Indemnity. Notwithstanding anything else in this Agreement, the City shall, to the maximum extent permitted by applicable law, indemnify, defend and hold harmless the Club and the other members of the Club Group from and against any and all Costs, which are caused by, contributed to or in any way associated with any City Event, including but not limited to, the acts or omissions of persons attending any City Event and any legal proceedings brought by persons attending any City Event.

8. CITY CONTROL OF SHARED USE PRACTICE FIELDS.

- (a) City Control Period. During each calendar year of the Term in respect of which the City exercises its option pursuant to subsection 8(b), and subject to the remainder of this Section 8 and the other provisions of this Agreement, the City shall be entitled to the exclusive use of the Shared Use Practice Fields and the Solon Avenue Parking Lot during the period that commences on the day that is one (1) week following the later of the final day of Major League Spring Training and Minor League Spring Training and that ends on November 10 of the same calendar year (the "City Control Period").
- (b) City Option. In order to establish the City Control Period in any calendar year of the Term, the City shall be required to provide affirmative written notice of its election to avail itself of the exclusive use of the Shared Use Practice Fields and the Solon Avenue Parking Lot, and such notice must be delivered to the Club between October 1 and December 1 of the immediately preceding calendar year. By way of illustration, if the City wishes to establish the City Control Period during the 2025 calendar year, it shall be required to provide affirmative written notice of its desire to do so, delivered to the Club between October 1 and December 1, 2024. Should the City fail to provide such notice, then there shall be no City Control Period during the applicable calendar year, and the provisions of this Section 8 will not apply in respect of such calendar year (i.e. all fields shall remain under Club control). City Events described in Section 7 of this Agreement may still take place at the Dunedin Facilities under Club Control.
- (c) City Management and Oversight. During the City Control Period, and except as otherwise indicated below, the Shared Use Practice Fields and the Solon Avenue Parking Lot shall, as between the parties, be treated in the same manner as any other parkland or public recreation facility owned or managed by the City and the City shall be solely responsible to manage and

oversee the Shared Use Practice Fields, the Solon Avenue Parking Lot, and their use during the City Control Period. The City shall be entitled, acting legally and reasonably and in good faith at all times:

- (i) to create and enforce policies applicable to public use of the Shared Use Practice Fields and the Solon Avenue Parking Lot, and
- (ii) to grant the use of the Shared Use Practice Fields and the Solon Avenue Parking Lot to persons and organizations other than the City (collectively, “**Third Party Organizations**”), and to require such payments, indemnifications, contracts and other reasonable guarantees, insurances, protections and written commitments for Third Party Organizations as it shall deem to be appropriate under the circumstances. For certainty, it is the intention of the parties that, during any calendar year in connection with which the City has exercised its option pursuant to subsection 8(b), above (i.e. a calendar year in which there is a City Control Period), any and all uses of the Shared Use Practice fields by Dunedin Little League or Dunedin High School will be managed by the City hereunder.

For certainty, the City (x) shall be permitted to charge use fees or payments in connection with the Shared Use Practice Fields but not the Solon Avenue Parking Lot, (y) shall not use its oversight and control of the Shared Use Practice Fields or the Solon Avenue Parking Lot for any barter or exchange for the use of facilities controlled by another organization, and (z) shall not engage in or permit any activities on the Shared Use Practice Fields or the Solon Avenue Parking Lot that are competitive with or that have the potential to undermine or negatively impact any of the Club’s operations or activities.

- (d) Ensuring Activities Not Likely to Cause Damage. The City acknowledges and agrees that, notwithstanding its rights hereunder, the primary purpose of the Shared Use Practice Fields is their use by the Major League Team, the Minor League Team and other professional baseball players during Spring Training and the City shall not engage or permit any other person or entity to engage in any behavior or activity that is likely to cause any type of damage to any part of the Shared Use Practice Fields or any adjacent portions of the Dunedin Facilities. By way of illustration and not limitation, (i) the City shall not permit the Shared Use Practice Fields to be used for soft ball, (ii) the City shall ensure that when bases are placed on the Shared Use Practice Fields they are placed at the correct locations, using standard measurements for baseball (i.e. bases 90 feet apart), and (iii) the City shall not mark lines on the Shared Use Practice Fields or use any products or tools on the Shared Use Practice Fields unless it has discussed same with the Club and received the Club’s approval in advance. In connection with its responsibilities hereunder, the City shall ensure that all uses of the Shared Practice Fields during the City Control Period are supervised by the City.
- (e) City Responsible. Subject only to the following subsection, the City shall be solely, directly and exclusively responsible for any and all expenses associated with the Shared Use Practice Fields and the Solon Avenue Parking Lot, throughout the City Control Period and in connection with same. Further, and notwithstanding anything else in this Agreement, the City shall, to the maximum extent permitted by applicable law, indemnify, defend and hold the Club and the other members of the Club Group harmless from and against any and all Costs which

may be caused by, contributed to or in any way associated with the Shared Use Practice Fields and the Solon Avenue Parking Lot, their use during the City Control Period or their administration and oversight by the City, including, but not limited to, any action or other legal proceeding brought by any user of the Shared Use Practice Fields or the Solon Avenue Parking Lot in connection with any time period that falls within the City Control Period, regardless of the basis of such action or other legal proceeding.

- (f) Base Field Maintenance Activities. Throughout the City Control Period, the Club shall continue to be solely responsible for the Maintenance and Repair of the Shared Use Practice Fields and shall engage in regular day-to-day watering and other similar day-to-day upkeep of same (which does not include painting lines or supplying bases or other similar items). For certainty, the Club shall be responsible to engage only in those day-to-day activities required to maintain the Shared Use Practice Fields to a reasonable standard for public baseball fields (the “**Base Field Maintenance Activities**”) and not to a Major League standard or other similar standard during the City Control Period.
- (g) Base Field Maintenance Costs.
 - (i) The Club will not charge the City any amounts for the following supplies and consumables utilized in connection with the Base Field Maintenance Activities: water and irrigation (not including replacement of irrigation equipment due to damage during the City Control Period), pesticides, fertilizer, paint for outfield lines. In addition, the Club agrees not to charge the City any amounts on account of personnel or equipment costs incurred by the Club in connection with day-to-day basic cutting of grass at the Shared Use Practice Fields.
 - (ii) Subject to the preceding paragraph, the Club will be permitted to charge the City for costs incurred by the Club on account of personnel and materials involved in cleaning up, maintaining and repairing the Shared Use Practice fields during the City Control Period. By way of illustration and not limitation, the Club will be permitted to charge the City for labor and material costs incurred in connection with blowing clay off the grass, raking clay areas, cleaning of dugouts and fields and repairing any damage to the Shared Use Practice Fields. Where the Club is seeking payment in connection with the foregoing, it will send the City an invoice for same and the City will pay all such invoices within thirty (30) days of receipt.
- (h) Utilities Expenses. The City shall reimburse the Club for all electricity and other utilities expenses incurred by it in relation to the Shared Use Practice Fields during the City Control Period. The Club shall be entitled to invoice the City for the aforementioned expenses and the City shall pay all such invoices within thirty (30) days of receipt.
- (i) Reimbursement of Additional Club Costs. In the event that, in order to maintain or repair the fields to the appropriate standards for use by professional baseball players at the conclusion of the City Control Period, the Club undertakes any Maintenance and Repair in excess of the Base Field Maintenance Activities or incurs expenses that would have been reimbursable pursuant to paragraph 8(g)(ii) but were not previously reimbursed, then the City shall reimburse the Club for the expenses incurred by it (in connection with materials, utilities, personnel and

equipment). The Club shall be entitled to invoice the City for the aforementioned expenses and the City shall pay all such invoices within thirty (30) days of receipt.

9. PRIVATE AND PUBLIC USES. The parties will use reasonable efforts to agree on the shared control and use of the Dunedin Facilities for the entire Term of this Agreement in a manner that will result in the lowest Ad Valorem Tax impact that can be achieved (should such tax be levied against all or part of the Dunedin Facilities), and except as is specifically otherwise provided herein, the Club shall not have the complete exclusive use of any of the Dunedin Facilities (notwithstanding the choice of terminology) and they shall be allocated between a public and a private use in a manner that assures that the taxability of the Dunedin Facilities for Ad Valorem Tax purposes and other applicable taxes, if any, will be at the lowest possible level of property taxes of any kind arising from the use of said Dunedin Facilities by the Club.

10. OPERATIONAL PERSONNEL.

- (a) Operational Personnel Provided by the Club. The Club will provide all personnel it determines to be necessary for the conduct of its operations at the Dunedin Facilities for all home Spring Training games played by the Major League Team, all home games played by the Minor League Team, and, save for use by or at the request of the City, all other personnel required for its use and occupancy of the Dunedin Facilities. Without limiting the foregoing, the Club will be responsible to provide personnel for ticket-selling and ushering for all Major League Team Spring Training games, ticket-selling and ushering for all Minor League Team games, and cleaning of Club-Controlled Areas.
- (b) Public Events: The City will be solely responsible for all operational, maintenance, security and other personnel and costs of any kind for City Events and any other events scheduled by or through the City at the Dunedin Facilities. Subject only to the preceding sentence, the City shall not be required to provide any operational, maintenance or security personnel at the Dunedin Facilities.

11. MAINTENANCE.

- (a) General. Except as otherwise indicated in this Section 11, Club shall be responsible to arrange and pay for all Maintenance and Repairs of the Dunedin Facilities, including, but not limited to, for greater certainty, Maintenance and Repairs of: (1) Club-Controlled Areas; (2) Scoreboards / Videoboards; (3) public washrooms; (4) elevators and ADA lifts; (5) parking lots (including resurfacing and striping); (6) Stadium seating (including seat backs, bottoms and framing); (7) fencing; (8) protective netting; (9) ornamental landscaping; (10) painted surfaces; (11) irrigation systems; (12) roofs; (13) drainage and utility lines; (14) light standards; and (15) lighting facilities (including bulb replacement and aiming of field lights in accordance with MLB standards). Upon the end of the Term and returning to exclusive possession of the City, the Club shall return the Dunedin Facilities in substantially the same condition as they were at the commencement of the Term, save and except for any City required Maintenance and Repairs, any permitted modifications to the Dunedin Facilities and reasonable wear and tear.

(b) Exceptions.

- (i) Where Maintenance and Repairs to the Dunedin Facilities are the result of or related to (1) City Events, or any public use of the Dunedin Facilities by or through the City or at the City's request, (2) the existence, operation or use of the Adjacent City Building, (3) the use of the Solon Avenue Parking Lot by the City and its guests, or (4) the Shared Use Practice Fields, the Solon Avenue Parking Lot and/or the use of same during the City Control Period, the Club shall undertake the necessary Maintenance and Repairs and the City shall promptly reimburse the Club's costs in respect of same.
- (ii) Maintenance and Repairs necessitated by a Casualty Event will be addressed in accordance with Section 24 of this Agreement.
- (c) Playing Fields Maintenance. Subject to the following, the Club shall be solely responsible for Maintenance and Repair of all playing fields at the Dunedin Facilities, and during those periods when in use by the Major League Team, the Minor League Team or other professional baseball players, the Club shall maintain all such playing fields to a standard similar to Major League playing facilities. When any other person or organization desires to use the playing fields for any purpose, the Club shall have the sole and exclusive right to oversee such use and to require modifications to such use if necessary to preserve the condition of the fields for use by professional baseball players and/or to charge fees and expenses to such user(s) in order to compensate the Club for its Maintenance and Repair costs. Excepting City use of playing fields pursuant to Section 8, which shall be addressed in accordance with that Section, where the use of the playing fields is by the City or at the City's request, the City shall reimburse the Club all of its Maintenance and Repair expenses incurred (in connection with materials, utilities, personnel and equipment) in order to maintain or repair the fields to the appropriate standards for use by professional baseball players.
- (d) Standard of Maintenance. The maintenance of the Dunedin Facilities, pursuant to this Agreement, shall be to a standard that they are in good operating condition and shall be cared for in a manner reasonably calculated to preserve and extend their useful life.
- (e) Maintenance Personnel. The Club shall ensure that it employs or contracts for an appropriate number of full and part-time personnel for the purpose of the Maintenance responsibilities set forth herein. When acting on the Club's behalf, such persons shall not be deemed to be the agents or employees of the City in any manner whatsoever.

- (b) Ticketing Operations. The Club shall have the sole right and responsibility to manage all ticketing operations (including but not limited to personnel, and the selection of any software or third party service providers) in connection with all Club Activities.

- (c) Right to Collect and Retain Revenues. The Club shall have the sole right and responsibility to collect and retain all revenues from the foregoing activities
- (d) Capital Replacement Surcharge. Notwithstanding the foregoing, the Club hereby agrees to impose a surcharge in the amount of Two Dollars in United States currency (USD \$2.00) (inclusive of all applicable taxes) (the “**Capital Replacement Surcharge**”) on the first (i.e. the “primary”) sale of each admission ticket to a Major League Team Game played at the Grant Field Facilities during the Term, exclusive only of complimentary tickets issued by the Club. For certainty, the Club shall have the sole discretion to modify the amount of the Capital Replacement Surcharge provided that it does not reduce it below the aforementioned amount. The Capital Replacement Surcharge will be shown on each such ticket and added to the ticket price and paid directly by ticket purchasers. Within sixty (60) days following the conclusion of each Spring Training Season during the Term, the Club shall remit to the City the aggregate of all Capital Replacement Surcharges collected during such Spring Training Season, less any taxes paid in connection with same. However, the Capital Improvement Surcharge shall not include any amounts collected in connection with refunded tickets. The City shall immediately deposit all amounts received hereunder into the Capital Replacement Fund maintained by the City in accordance with Section 33 of this Agreement.

13. FOOD AND BEVERAGE CONCESSIONS.

- (a) Food and Beverage Concessions. The Club shall have the exclusive right to use the Concessions Equipment that exists as of the Threshold Date, and the Club shall be solely responsible for any maintenance, repair or replacement of same during the Term (for certainty, the Club shall be permitted to require a Food and Beverage Concessionaire (defined below) or other third party to provide and pay for some or all of such repair, maintenance or replacement). Further, any additions or modification to Concession Equipment during the Term will be at the Club’s sole expense, unless otherwise agreed by the City or paid for by the Food and Beverage Concessionaire or other third party. The Club will also have the sole right and responsibility for all food and beverage matters within the Club-Controlled Areas and for the maintenance, repair and, when determined by the Club to be necessary, replacement of cooking and other kitchen equipment.
- (b) Third Party Concessionaire. The Club shall have the right to contract with one or more third parties in order to manage any of the aforementioned rights and responsibilities on its behalf (the “**Food and Beverage Concessionaire**”).
- (c) Local Foods and Beverages. The Club shall endeavor to achieve the City’s public policy to

incorporate local ingredients, products and/or vendors into the food and beverage service at the Stadium during Home Major League Team ST Games. By way of illustration, the Club may seek to include locally-brewed beers in the selection of beers made available for purchase or the Club may seek to include locally sourced fish and/or other food products and ingredients. The Club agrees that, during each Spring Training Season, it shall stock and sell (or have its Food and Beverage Concessionaire) stock and sell at least one (1) food or beverage product that is produced or manufactured locally or produced or manufactured by a person or entity that is commonly recognized as being local. In cooperation of the Club's efforts described above, the City agrees to assist the Club in negotiating preferred pricing, delivery, insurance and other arrangements in connection with local ingredients, products and vendors. In the event that the Club and/or the Food and Beverage Concessionaire establishes an annual process to review and consider food and beverage selection at the Dunedin Facilities, the Club shall make reasonable efforts to include the City in such process or to obtain input from the City in connection with same. The concepts set forth herein shall be pursued in good faith but shall not create an event of a default under this Agreement and shall not limit the Club's rights and obligations to any third parties, specifically including the Food and Beverage Concessionaire.

- (d) Alterations to Concession Facilities. The Club shall not make any material structural alterations or improvements to the Concession Facilities without providing prior written notification to the City and seeking the City's prior consent, which consent will not be unreasonably withheld. Any alterations or improvements shall be done in a commercially reasonable and workmanlike manner that are complimentary to the Project design as set forth in the Development Agreement.
- (e) Food and Beverages at City Events. In the event that the City desires to offer food and/or beverages at any approved City Event, the City shall notify the Club in writing of such desire a minimum of forty five (45) days in advance of the applicable City Event date. Throughout the Term, the Club, either directly or through a Food and Beverage Concessionaire contracted for the purpose of and beverage sales, shall be entitled to obtain a liquor license from the appropriate authorities for the operation of the Concession Facilities. In the event that the City sells alcoholic beverages within the Dunedin

The Club shall communicate with the City regarding any such terms that may be included in the Food and Beverage Concessionaire agreement. In the event that the Food and Beverage Concessionaire declines to provide service of alcoholic beverages for any City Event and the City desires to do so itself, the Club will make reasonable efforts to cause the Food and Beverage Concessionaire to place its liquor license in escrow or take other reasonable steps as may be necessary to permit the City to obtain its own liquor license (provided that if any out-of-pocket costs are incurred in doing so, the City shall be responsible to reimburse same).

- (a) Club Control. Subject only to the following subsection, the Club shall have the sole right and responsibility to control the sale of all merchandise, novelties, program and other items at the Dunedin Facilities and shall have the exclusive control of all spaces and equipment utilized for the foregoing. In the event that a party does so, such party will be entitled to collect and retain any revenues generated from the off-site parking it establishes and will be responsible for any expenses associated with same, including shuttle transportation services, if any. The parties hereby agree to communicate proactively and in good faith regarding the establishment of any off-site parking.

All creative, production and installation costs of the Promotional Properties, including but not limited to any replacement costs for signage and any costs to format moving video, sound and/or commercial spots, if any, for display on the applicable Stadium video boards and/or monitors, will be the sole responsibility of the City. The Club will make reasonable commercial efforts, subject to its right to modify the physical layout of Dunedin Stadium, its technology and fixtures (including signage display spaces and video boards and monitors), as well as its right to change its technology and third party service providers (which may impact specific rights and assets available to the Club), to provide the City with the Promotional Properties specified above. In the event that the Club is unable to deliver one or more of these items as specified, this will not constitute a breach of the Agreement, and the parties will mutually agree, acting

reasonably, on an acceptable replacement, of reasonably similar value and/or exposure, for such undelivered Promotional Properties.

- (c) Promotional Properties and Signage to be Provided by the City. Unless otherwise mutually agreed by the parties in writing or the City is unable to deliver on the following commitments despite the exercise of appropriate diligence and reasonable commercial efforts, in each calendar year of the Term the City shall be responsible to provide the following signage spaces and other items for the benefit of the Club:

 - (iv) *Directional and Street Signs.* The City will ensure that there is ample street signage and directional signage located throughout the City that directs persons to the location of Dunedin Stadium. For certainty, the City will be solely responsible for the costs of such signage and shall ensure that it always contains the then-current name of the facility.

18. PROGRAMS AND OTHER PUBLICATIONS.

- (a) The Club shall have the sole right to produce, sell and distribute programs and other publications at all Home Major League Team ST Games and at other such times as the Club deems appropriate and shall be entitled to all revenues derived therefrom. For clarity, the Club

None of the City content shall include any third party brands or references unless otherwise approved by the Club in writing in its sole discretion. The City’s rights to make use of the foregoing complimentary space shall, at all times, be subject to the Club’s (or the third party publisher’s) creative requirements, submission deadlines and other content, formatting and other requirements and the City shall be solely responsible for any production and other costs associated with its content and any required modifications to same.

and the City will not operate, use or permit the operation or other use of the Audio Technologies or Scoreboards / Videoboards without the prior written consent of the Club, which consent may be granted, conditioned or delayed in the sole and absolute discretion of the Club. The City will indemnify, defend and hold harmless the Club and the other members of the Club Group from and against any and all Costs that may result from the use of Audio Technologies or Scoreboards / Videoboards by the City, or by third parties where the City explicitly or implicitly authorized the use, in each case with or without the consent of the Club. As of the date hereof, it is the intention of the parties that, for City Events, the Club will operate the Audio Technologies and Scoreboards / Videoboards and the City will reimburse the costs of same pursuant to subsection 7(e).

- (b) It is acknowledged that the exterior sign at the Grant Field Facilities (located in proximity to the intersection of Douglas Avenue and Beltrees Avenue) is the property of the Club, and upon any termination of this Agreement, the Club shall be entitled to remove its sign from the Grant Field Facilities provided such sign is replaced by a sign that is acceptable to the City, acting

reasonably.

- (a) **Club Control.** The City hereby grants the Club the sole and exclusive right to grant or sell naming rights to the Grant Field Facilities, the Complex Facilities, the Stadium, the New Training Center and any portion of any of the foregoing (collectively, the “**Nameable Properties**”). The City will not be responsible for any costs of implementing or maintaining any naming rights arrangements established by the Club hereunder; however, the City will cooperate in ensuring that any naming rights arrangement so established is respected (for example, by ensuring that any City references to a Nameable Property– including City signage and publications - are updated in accordance with such naming rights arrangements). The Club agrees to proceed with diligence to make reasonable efforts to market the naming of the Grant Field Facilities or the Stadium (in the Club’s discretion). The City shall not have a veto or approval right over the name of the Nameable Properties, however, the Club agrees to keep the City reasonably apprised (subject to any obligations of confidentiality or commercially reasonable discretion during negotiations) of potential naming opportunities under consideration. The City shall use the proceeds from the property insurance maintained by the City on the Dunedin Facilities and its structural components (as further described in subsection 30(b) of this Agreement). In the event that the funds available from the aforementioned insurance proceeds are not sufficient to cover the cost of the repairs or rebuilding, the City shall be responsible to provide the additional funds. The City shall promptly commence and shall diligently proceed to complete the repair and reconstruction of the Dunedin Facilities as soon as possible after the occurrence of the applicable Casualty Event.
- (b) Significant Casualty Event Occurring During Final Five (5) Years of the Term. In the event that the parties mutually agree that any modifications to the process and deadlines set out below are necessary and appropriate (which neither party shall be obligated to do), such modifications shall only be effective where documented in writing and approved (signed) by the Club’s signing officers and the City Manager for the City of Dunedin or his / her designee.
- (d) Repair / Reconstruction Process and Progress Points. Unless otherwise mutually agreed by the parties in writing in accordance with the preceding subsection, upon the occurrence of a Casualty Event, the City, acting reasonably and in good faith, shall be required to abide by the following process and the deadlines contained therein:

- (v) *Twenty Four (24) Month Progress Point.* Within twenty four months (24) months following the occurrence of a Casualty Event, the City shall have completed the actual repair and reconstruction of the Dunedin Facilities, in accordance with the Restoration Standard.

The City shall provide regular written updates to the Club as to its progress in regard to all of the above progress points, and shall provide the Club with any and all available information in connection with the Casualty Event and all matters related to the repair and reconstruction of the Dunedin Facilities (including any insurance claims and any other related matters). The Club shall have full rights of input and consultation in regard every part of the above process and, further, the Club shall have approval rights, acting reasonably, in regard to all decisions that could be reasonably expected to affect its current or future use of the Dunedin Facilities. - (ii) If the City meets the requirements of paragraphs 24(d)(i) and 24(d)(ii), above, within the stated timeframes (or such longer period to which the Club may agree in writing), then during the initial twelve (12) month period immediately following Casualty Event, the Club's obligations under this Agreement to make the Annual Capital Contribution will continue. If the repair and/or rebuilding of the damaged facilities to the Restoration Standard is not completed within twelve (12) months following the applicable Casualty Event, then, subject to the following sentence, the Club's obligation to make the Annual Capital Contribution will be reduced by fifty percent (50%). If the repair and/or rebuilding of the damaged facilities to the Restoration Standard is not completed within eighteen (18) months following the applicable Casualty Event, then the Club's obligation to make the Annual Capital Contribution will be suspended. By way of example, if the repair and rebuilding takes twenty (20) months to complete, the Club would pay the Annual Capital Contribution in full for the first 12 months, the Club would pay 50% of that portion of the Annual Capital Contribution attributable the next 6 months and the Club would have no payment obligation in connection with that portion of the Annual Capital Contribution that attributable to the final 2 months.

If there is an overpayment of the Annual Capital Contribution by the Club to the City as a result of the operation of this subsection 24(g), the City will promptly refund any such overpayments to the Club.

If the City fails to achieve any one or more of the requirements of paragraphs 24(d)(iii), 24(d)(iv) or 24(d)(v), above, within the stated timeframes (or such longer period to which the Club may agree in writing) or fails to meet the Restoration Standard, the Club shall have the following rights:

(i) to engage in self-help to complete the repair and reconstruction of the Dunedin Facilities, and/or

(ii) to terminate this Agreement.

The Club may exercise its rights described herein upon written notice to the City delivered within thirty (30) days following the passage of the applicable timeframe (or such longer period to which the Club agreed in writing). In the event that the Club elects to complete repair and reconstruction of the Dunedin Facilities, the City shall cooperate in good faith to transition all responsibilities for construction oversight to the Club and to provide the Club reasonable access to the balance of all insurance proceeds awarded to the City and, upon the City doing so, the Club shall forego its termination right hereunder. The Club will endeavor to satisfy reasonable City requirements in connection with the development of its Disaster Mitigation Plan, provided that such requirements are provided to the Club in writing by the City in advance and further provided that such requirements are in fact applicable to the City itself and to all licensees of City-controlled property and facilities. The Club will be permitted to get independent input and advice in connection with its Disaster Mitigation Plan and where such input and advice conflicts with City requirements, the parties shall discuss same and attempt to reach a mutually agreeable resolution. The Disaster Mitigation Plan is intended as a preparatory resource that may help guide the Club's actions in the event of certain potential events and neither the Disaster Mitigation Plan nor anything contained in this subsection 24(i) herein shall serve to reduce, eliminate or derogate from the City's obligations as set out in this Section 24.

(j) Casualty Event Caused by Club Misconduct. In the event that a Casualty Event is caused solely and exclusively by the gross negligence or willful misconduct of the Club (including its employees and agents), all of the foregoing provisions shall apply as written, except that the paragraph 24(g)(ii), above, shall be deemed to be modified so that:

(i) there will be no reduction to the Annual Capital Contribution until the passage of eighteen (18) months following the applicable Casualty Event (instead of twelve (12) months), and

(ii) following the passage of such eighteen (18) month period, the Annual Capital Contribution will be reduced by fifty percent (50%).

By way of example, if, in the circumstances described in this subsection 24(j), the repair and rebuilding takes twenty (20) months to complete, the Club would pay the Annual Capital Contribution in full for the first 18 months, and the Club would pay 50% of that portion of the Annual Capital Contribution attributable the next 2 months.

In the event that any such use is allowed with the Club's permission, the user of the equipment or personal property will be responsible for any damage to the equipment or personal property so used and the Club shall have no responsibility therefore. - (b) The City shall, throughout the Term, provide reclaimed water to the Dunedin Facilities at no cost to the Club for the reclaimed water used. For certainty, the City shall ensure that (i) all pumping and other equipment for the foregoing reclaimed water is in place and functioning properly throughout the Term, such that the Club is able to access such water as and when needed by the Club, and (ii) the Club's access to reclaimed water is given equal priority with all other users, including the City. Subject to the foregoing, the Club acknowledges that the volume of reclaimed water is not unlimited and may vary from time to time. Any repairs to reclaimed water pumping, equipment and infrastructure shall be at the City's expense.

Unless otherwise mutually agreed by the parties in writing, the Club Repayment Obligation will be met by the Club making an annual payment to the City, commencing in the 2019 calendar year (the “**Annual Capital Payment**”) with each such payment being equal to 1/25th of the Club Repayment Obligation.

- (ii) The Club will pay each Annual Capital Payment in two (2) equal semi-annual installments, due on or before each of March 1 and September 1 for each respective year. The first semi-annual payment date shall occur on March 1, 2019 and the final semi-annual payment will occur on the fiftieth semi-annual installment date. In the event any installment of the Annual Capital Payment is not received by the City by its respective due date, said installment will bear interest at the prevailing rate charged by the Internal Revenue Service for late payments until paid.
- (iii) Notwithstanding anything else in this Agreement, the Club shall be entitled to pre-pay one or more future Annual Capital Payments or installments at any time in its discretion and, in the event that it does so, the Club’s future payment obligations will be reduced accordingly.
- (iv) The Club’s obligation to pay the Annual Capital Payment shall be deemed to be satisfied upon the earliest of the following:
 - (A) The date on which the Club has satisfied the Club Repayment Obligation,
 - (B) The date upon which the City satisfies its financing obligations for Bond Issuance, if such satisfaction occurs prior to the expiration of the twenty-five (25) year time frame set forth in paragraph 27(a)(i) above, and
 - (C) The date upon which that portion of the City’s financing obligations as is represented by the Bond Issuance is paid off, if the City refinances such debt to include other City debt.
- (v) Under no circumstances is the Annual Capital Payment intended to result in any kind of surplus or capital reserve for the City, nor is it intended to pay debt service secured by other sources of revenue to which the City may be entitled. Any and all Annual Capital Payments (and any portion thereof) made by the Club prior to the Threshold Date (the “**Pre-Threshold Date Payments**”) shall be credited against the Annual Capital Payment obligation immediately upon the commencement of the Term. In the event that the Initial Post-Renovation Term of this Agreement either does not become effective in accordance with the definition of “Threshold Date” in subsection 1(iiii) and the operation of paragraph 1.2(b)(ii) or this Agreement is terminated due to failure of performance under the Development Agreement, the full amount of the Pre-Threshold Date Payments shall

forthwith be reimbursed by the City, with interest at the prevailing rate charged by the Internal Revenue Service. This paragraph will survive the expiration or early termination of this Agreement.

- (b) Annual License Fee. The Club shall pay to the City an annual license fee for its use of the Dunedin Facilities in the amount of ten dollars (USD \$10) per year (the “**Annual License Fee**”) throughout the Term of this Agreement.  - (ii) the Club and the City shall each be responsible for the payment of one half (1/2) of any Ad Valorem Taxes in excess of one hundred and fifty thousand dollars (USD \$150,000).

The Club and the City shall coordinate in good faith to mitigate Ad Valorem Taxes levied against the Dunedin Facilities. In particular, the City shall take all actions reasonably available to it to ensure the application of those exemptions and reductions to Ad Valorem Taxes as exist at any particular point in time (including appealing any assessments that do not provide for the application of such exemptions and reductions).

- (b) Taxes Attributable to Club’s Use of Dunedin Facilities. Other than Ad Valorem Taxes addressed in subsection 28(a) above, the Club shall be responsible for all taxes or fees directly arising from or attributable to the Club’s use of the Dunedin Facilities, whether payable to the City or to any other governmental agencies, including, by way of illustration and not limitation, sales taxes applicable to the Club’s purchases of goods and services used in the operation of the Dunedin Facilities. For certainty, the parties hereby acknowledge and agree that Ad Valorem Taxes are addressed exclusively in the subsection 28(a) and are not part of the Club’s responsibilities pursuant to this subsection 28(b).

29. INDEMNITIES.

- (a) Club Indemnity. The Club shall indemnify, defend (where applicable) and hold harmless the City and the other members of the City Group from and against any and all Costs which may be sustained, incurred or paid by any of them by reason of, on account of, arising out of or in any way connected to:

(iv) the gross negligence or willful misconduct of the City, and of any member of the City Group, or

(v) the acts or omissions of the City, and of any member of the City Group, in connection with the City's obligations hereunder,

provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the Club or any member of the Club Group (whether by reason of contributory negligence or otherwise).

(c) All of the City's indemnification obligations contained in this Agreement, including but not limited to those set out in the preceding subsection, will be subject to the provisions of Section 768.28, Florida Statutes, in all respects except that, to the maximum extent permitted by applicable law:

(ii) The City shall not assert or rely on sovereign immunity, any limitations of liability set forth in Section 768.28, Florida Statutes or any limitations of liability contained any successor legislation with similar purpose or effect where the effect of the City doing so would be to reduce any contractual obligations of the City hereunder (including any indemnities

granted in favor of the Club), and

- (iii) The City shall not assert or rely on sovereign immunity, any limitations of liability set forth in Section 768.28, Florida Statutes or any limitations of liability contained any successor legislation with similar purpose or effect in connection with a claim, action or other legal proceeding asserted by a third party in which the City and the Club are both named as defendants (each, a **"Third Party Proceeding"**) where the effect of the City doing so would increase the Club's actual or potential liability in connection with such Third Party Proceeding.
- (d) Where a party becomes aware of any claim or cause of action (whether threatened or filed) for which it is entitled to indemnification hereunder (such party, in the circumstances, the **"Indemnatee"**), it shall provide the indemnifying party (in the circumstances, the **"Indemnitor"**) with written notice of same reasonably promptly thereafter. In any such instance, the Indemnatee shall have the option to either:
- (i) retain its own counsel and to control the defense of the claim or cause of action, at the expense of the Indemnitor, or
 - (ii) require the Indemnitor to manage the defense of the claim or cause of action, subject to reasonable consultation with the Indemnatee.

Where the Indemnatee elects to proceed as outlined in paragraph (ii), the following rights and restrictions will apply, unless otherwise mutually agreed by the parties in writing. The Indemnitor shall have the right to select counsel, at Indemnitor's expense, to defend the Indemnatee, provided that no settlement terms shall be binding on the Indemnatee without its prior written consent, which shall not be unreasonably withheld. The Indemnatee shall reasonably cooperate with the Indemnitor's defense of such claim or cause of action.

The Club shall furnish City with certificates of insurance evidencing compliance with all insurance provisions noted above at least fifteen (15) business days prior to the commencement of the use of the Dunedin Facilities.

(b) Required City Insurance. The City shall, at its expense, obtain and continuously maintain, without lapse, the following insurance coverage:

(i) Workers' Compensation and Employer's Liability insurance in compliance with applicable federal and state laws. For certainty, such insurance will be required for all fire, police, EMT, or other emergency personnel, whether working at or near the Dunedin Facilities or at other locations.

(ii) Special Causes of Loss Form Property Insurance (aka All-Risk) coverage in an amount equal to the full replacement value of the Dunedin Facilities (including, but not limited to buildings and building glass, boilers, equipment, machinery, fields, parking lots, driveways, and other elements) and all other structural alterations and improvements to and within the Dunedin Facilities, whether made by City or Club. Without limiting the generality of the foregoing, the aforementioned insurance coverage shall, at a minimum, provide coverage for hazard, fire, lightning, smoke, windstorm (including Named

Windstorm), flood, hurricane, rain, snow, mold, earthquake, sinkhole, mudslide, other earth movements, malicious damage, riot and terrorism (whether certified or uncertified) and other similar casualties. Property insurance should also include coverage for equipment and/or mechanical breakdown. The City shall ensure that all such property insurance policies name the Club as a loss payee. The foregoing policy/ies of insurance will be primary, and the proceeds of same will be used for the repair and/or reconstruction of the Dunedin Facility pursuant to Section 24 of this Agreement. Provided that (A) on an annual basis the City shall review its total insured values and reconfirm and increase its coverage limits as necessary, and (B) the insurance in fact provides coverage sufficient to permit the City to meet all its associated obligations under the Agreement, then the insurance required hereunder from the City may be covered by a blanket policy insuring multiple City properties. The City shall, on an annual basis, consult with the Club and provide the Club with all information pertinent to the matters set out in (A) and (B) in the preceding sentence and the Club shall, acting reasonably, have the right to have input on such matters. As of the date of execution of this Agreement, the insurance described in this paragraph 30(b)(ii) is provided by the *Florida Municipal Insurance Trust*. Throughout the Term, the City shall include the Dunedin Facilities in the City's list of "Critical Assets" identified for the purposes of the *Florida Municipal Insurance Trust* or any subsequent coverage provider or claims administrator.

(iii) City Commercial General Liability and Automobile Liability Coverage. The parties have agreed that the City shall have the discretion to carry one or more Commercial General Liability and/or Comprehensive Automobile Insurance policies or to self-insure with respect to such areas of actual or potential liability. As of the date of execution of this Agreement, the City is self-insured. In the event that, at any point during the Term, the City secures one or more Commercial General Liability and/or Comprehensive Automobile Insurance policies of insurance (whether primary or excess), it shall ensure that:

- (A) Any Commercial General Liability policies provide coverage for bodily injury and property damage and personal and advertising injury, including but not limited to, contractual liability coverage, host liquor liability coverage, coverage for Damages to Premises Rented by You and products / completed operations coverage,
- (B) Umbrella / Excess policies, if any, are substantially similar to the underlying coverage,
- (C) All policies are issued by an admitted insurance carrier with an A.M. Best rating of A-7 or better,
- (D) The Club is named as an Additional Insured under the policies for any liability arising out of any acts and/or omissions of the City where required by written contract or agreement with respect to the Dunedin Facilities. Further, coverage for the Club as an "Additional Insured" under the City's insurance policies shall apply on a primary and non-contributory basis irrespective of any other insurance, whether collectible or not, as per written contract or agreement, and

(E) All policies provide cross liability coverage (separation of insureds or severability of interests provision) and may not include any exclusion for third-party over actions.

(iv) The City shall remain solely responsible for payment of any City policy deductibles and self-insured retentions or self-insured amounts. All City insurance policies shall be endorsed to provide a waiver of subrogation in favor of the Club and the other members of the Club Group and where the City is self-insured it waives all rights of subrogation in favor of the Club. The existence of any self-insurance shall not relieve the City of the obligation to indemnify and defend the Club from the inception of any claim or action triggering such indemnity and defense obligations. The City shall provide the Club with at least thirty (30) days written notice in the event of cancellation, non-renewal or material modification of any of the City's insurance policies. The City shall furnish the Club evidence of compliance with all insurance provisions noted above at least fifteen (15) business days prior to the commencement of the use of the Dunedin Facilities, again upon each renewal and further upon the Club's request. The City acknowledges that the Club shall not insure the City's property and the Club shall not insure or protect the property of the City's employees, agents, temporary or leased workers, independent or sub-contractors, contractors, volunteers, exhibitors, performers, sub-licensees, personnel, members, and guests while at the Dunedin Facilities. The City waives all claims against the Club for loss or damage thereto no matter how caused.

(c) Mutual Release and Waiver of Subrogation. The City and the Club, on behalf of themselves and all others claiming under them (including any insurer) waive all claims, demands, or rights of indemnity that either of them may have against the other (including all rights of subrogation) arising out of damage to any property, real or personal, resulting from fire or other casualties, no matter what the cause thereof may be. The parties waive their respective rights, as set forth herein, because adequate insurance is to be maintained by each of them to protect themselves against all such casualties and they have obtained or agree to obtain from their insurance carriers appropriate "waiver of subrogation" provisions in all such policies of insurance.

31. LIMITATION OF LIABILITY.

(a) In no event shall one party be liable to the other party for any special, exemplary, indirect, incidental, consequential or punitive damages, loss of profits or loss of business opportunity (collectively, "**Special Damages**"). Notwithstanding the foregoing, in the event an indemnified party has incurred Costs pursuant to a final judicial or administrative action brought by a third party against such indemnified party and a component of such Costs includes Special Damages, the indemnity otherwise provided for in this Agreement to indemnify for Costs shall include the Special Damages element of such Costs.

(b) Notwithstanding anything else in the Agreement, no sovereign immunity or limited sovereign immunity that may be imposed by law with respect to the City's liability hereunder shall serve to, or be deemed to serve to, increase, expand or add to any liability or responsibility of the Club to third parties and the Club shall not and shall not be deemed to assume or be responsible for any liability or responsibility or excess liability or responsibility for which the City would otherwise be responsible (whether hereunder or otherwise) but for any sovereign immunity or

limited sovereign immunity imposed by law.

This Section 31 will survive the expiry or early termination of this Agreement.

32. SUSPENSION OF AGREEMENT.

(a) Enumerated Events Interfering With Club Operations. If, at any time during the Term, the Club is prevented from using all or any material part of the Dunedin Facilities for its intended purposes as a result of any of the following (each, and "Enumerated Event"):

- (i) a national or local emergency,
- (ii) an actual or threatened terrorist attack,
- (iii) the United States being in a state of war,
- (iv) a labor dispute other than a lock-out or strike of Major League Baseball players,
- (v) the gross negligence or willful misconduct of the City (including its employees and agents),
- (vi) the MLB Rules and Regulations or the rules and regulations of Florida State League of Professional Baseball Clubs Inc., the Gulf Coast League or such other league which has authority over a team operated by the Club,
- (vii) the need or undertaking of Capital Replacements precluding use of the Dunedin Facilities, or
- (viii) any other event beyond the reasonable control of the Club,

this Agreement shall be regarded as suspended for the period during which the Club's use of the Dunedin Facilities is interfered with, except each party's obligations to pay all taxes (including each party's share of ad-valorem property taxes) and each party's obligation to pay for and maintain required insurance coverages. During any such suspension of the Agreement, neither party shall have liability for damages to the other party as a result of the suspension or the Enumerated Event causing the suspension.

(b) Exclusive Rights and Remedies for Casualty Events Causing Damage. The parties hereby confirm that where there is damage or destruction to the Dunedin Facilities as a result of a Casualty Event (as defined in Section 24, above), it is their intention for the provisions of Section 24 (including those that pertain to any interference with the Club's operations as a result of such Casualty Event) to govern the parties rights and obligations in connection with same. An event that could qualify as either a Casualty Event or an Enumerated Event shall only be considered to be an Enumerated Event where it does not result in damage or destruction to the Dunedin Facilities. By way of illustration, if a terrorist attack results in damage to the Dunedin Facilities, it shall be considered a Casualty Event and the parties' rights and obligations in connection with same shall be determined in accordance with Section 24, above.

If a terrorist attack does not result in damage to the Dunedin Facilities but nonetheless interferes with the Club's use of same, it shall be considered an Enumerated Event and addressed in accordance with this Section 32.

- (c) Effect of Suspension. During any suspension of the Agreement hereunder, the Annual Capital Payment shall be suspended only if it was the actions or omissions of the City or those for whom the City is at law responsible that caused the Club to be prevented from using the Dunedin Facilities or any material part thereof. The provisions of this Agreement which are not directly affected by the Club being unable to use the Dunedin Facilities or such material part thereof shall remain in full force and effect during the period of such suspension. During the period of such suspension, the Club shall be entitled to conduct its games, practices and other activities at alternate facilities of its choice and the Club will be deemed to have played the required number of such games as specified subsection 3(a) of the Agreement. For certainty, in the event that any Home Major League Team ST Games or Home Minor League Games are cancelled or otherwise impacted during any period of suspension, the Club's game-related obligations under the Agreement shall not apply (including, but not limited to, its obligations in connection with marketing and promotional opportunities and the collection and remittance of the Capital Replacement Surcharge).
- (d) Termination of Agreement. Notwithstanding anything else in this Section 32, if the period of the suspension hereunder extends beyond twelve (12) months and such arises by reason of a national or local emergency, an actual or threatened terrorist attack, the United States being in a state of war, a labor dispute (other than a lock-out or strike of Major League Baseball players), or the gross negligence or willful misconduct of the City (including its employees and agents), then the Club shall have the option, exercisable in its sole discretion, to terminate this Agreement without liability to the City therefore.

33. CAPITAL REPLACEMENT FUND.

- (a) Establishment and Funding. During the Term of this Agreement, the City shall maintain an interest bearing fund for the purpose of Capital Replacement expenditures which shall be known as the "**Capital Replacement Fund**". The Capital Replacement Fund shall be used solely for Capital Replacement expenditures. The Capital Replacement Fund shall be funded from the following sources:
 - (i) Amounts paid to the City by the Club on account of the Capital Replacement Surcharge, in accordance with subsection 12(d) of this Agreement,
 - (ii) That portion of the Annual Naming Rights Revenues paid to the City by the Club in accordance with subsection 20(a) of this Agreement,
 - (iii) Proceeds of any taxable debt instrument issued by the City to fund a portion of the costs of the Project or other non-debt proceeds contributed by the City to pay a portion of the costs of the Project that are not, as agreed by the Club, needed to pay costs of the Project, and
 - (iv) All interest accrued on amounts held within the Capital Replacement Fund.

In addition to the above, on or before June 30th of each of the sixth, seventh, eighth, ninth and tenth calendar years of the Initial Post-Renovation Term, the City shall pay One Hundred Thousand Dollars (\$100,000) into the Capital Replacement Fund. By way of illustration, if the Threshold Date of the Agreement is in the year 2019, then the City shall pay One Hundred Thousand Dollars (\$100,000) into the Capital Replacement Fund on or before June 30th of each of the years 2024, 2025, 2026, 2027 and 2028.

- (b) Nature of Capital Replacement Fund and Accounting. The City shall maintain the Capital Replacement Fund and shall separately account for it. The Capital Replacement Fund shall be in the nature of a trust fund and the Club will, at any time, be entitled to all records regarding the status of such Capital Replacement Fund and the information about amounts accrued therein. The City shall provide the Club with an accounting in respect of the Capital Replacement Fund at least annually, on or before October 30 in each year of the Term, whether or not requested by the Club. The designation and establishment of the Fund in and by this Agreement shall not be construed to require the establishment of a completely independent, self-balancing fund as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as herein provided.
- (c) Approval of Expenditures. Expenditures of amounts held in the Capital Replacement Fund shall, unless otherwise mutually agreed in writing by the City and the Club, be limited to Capital Replacement at the Dunedin Facilities and shall require the joint approval of the City and the Club, not to be unreasonably withheld or delayed. At the end of the Term, the City may inspect the Dunedin Facilities for purposes of confirming that all Capital Replacement expenditures that were approved and scheduled prior to the end of the Term and supposed to be addressed by the Club during the Term were completed. In the event that the City discovers any such incomplete Capital Replacements, the Club and the City shall work in good faith to utilize remaining funds in the Capital Replacement Fund for such purposes. By way of clarification, normal wear and tear of the Dunedin Facilities at the end of the Term shall not constitute a basis for undertaking Capital Replacements. Nothing herein is intended to afford the City any right to claim Capital Replacement expenditures that would not otherwise have been performed during the Term and the City shall not utilize this inspection process as a means to update the Dunedin Facilities with Capital Replacement Expenditures at the end of the Term utilizing the Capital Replacement Fund. The Club shall be entitled to all amounts in the Capital Replacement Fund at the end of the Term.
- (d) City Responsibilities. Capital Replacements shall be undertaken by the City as and when required, without cost or expense to the Club, to the extent that the expenses can be funded first through the exercise of any warranty held by the City (for example a warranty relating to the construction of the Improvements), or second by the Capital Replacement Fund. The City shall administer the approved expenditures of amounts held in the Capital Replacement Fund and shall undertake and complete any Capital Replacement projects that the parties have mutually agreed upon and shall follow all normal purchasing, bidding and construction practices set forth in the City of Dunedin Code of Ordinances, unless the parties shall mutually agree, each acting reasonably, for some or all of a particular Capital Replacement project

hereunder to be delegated to the Club to complete, in which case the Club would be reimbursed from the Capital Replacement Fund.

- (e) City's Right to Inspect; Request Capital Replacements. The City shall have the right but not the obligation to conduct an inspection of the Dunedin Facilities in the event that there is either: (a) an open and obvious hazard or dangerous structural condition, or (b) a clear and material violation of applicable laws in connection with matters under the Club's direct control or responsibility. The City will notify the Club in writing in the event that desires to conduct an inspection pursuant to the foregoing and shall give the Club reasonable advance notice and an opportunity to schedule same for a mutually agreeable date and time. In conducting any such an inspection, the City shall include one or more persons who are appropriately qualified and licensed to inspect the specific matters at issue and to report thereon. Following any such inspection by the City, the City shall provide the Club with all documentation, including photographs, field notes and final reports, relating to the inspection and results or findings associated therewith. In the event that the results of an inspection suggest that Capital Replacements should be made to the Dunedin Facilities to remedy any hazard or dangerous structural condition or bring the Dunedin Facilities into legal compliance, the City may request that Capital Replacements be undertaken for these purposes and the parties, each acting reasonably, will endeavor to address such Capital Replacements pursuant to subsections 33(c) and 33(d), above. The purpose of this provision is to permit the City with an inspection right to potentially address concerns regarding health, safety and general welfare. The inspection right described herein is not intended to permit the City to request or claim Capital Replacements are needed to items that have encountered normal wear and tear.
- (f) Club Responsibility for Expenditures in Excess of Capital Replacement Fund. Unless otherwise mutually agreed by the parties, the Club will be responsible to pay the costs of Capital Replacements:
- (i) in circumstances outside of those addressed in subsections 33(c), 33(d) (relating to the City's exercise of any warranty associated with the Improvements or otherwise in connection with the Dunedin Facilities) and 33(e), and
 - (ii) in circumstances addressed in subsections 33(c) and 33(e) but where the costs of the specific Capital Replacements agreed to be undertaken exceed the then-available funds held in the Capital Replacement Fund. In this latter circumstance, the Club's responsibility for costs would be limited to the amount by which the costs of the specific Capital Replacements exceed the then-available funds held in the Capital Replacement Fund.

In connection with Capital Replacements in connection with paragraph 33(f)(i), the Club shall have the option to undertake the Capital Replacements itself or to request that the City undertake same. The City shall not decline a request from the Club hereunder unless the request is unreasonable or would be unachievable by the City in the time frames requested by the Club. Where the City undertakes Capital Replacements hereunder, it shall follow all normal purchasing, bidding and construction practices set forth in the City of Dunedin Code of Ordinances, and the Club will reimburse the City for its expenditures on a rolling basis as such expenditures take place.

- (g) Club Discretion. Nothing in the foregoing shall limit the Club's discretion to undertake Capital Replacements at the Dunedin Facilities where such Capital Replacements do not utilize amounts held in the Capital Replacement Fund.

34. FF&E.

- (a) All FF&E located within the Dunedin Facilities as of the Threshold Date will be owned by and be the property of the Club. Throughout the Term, the Club shall have the right at all times to modify, remove, replace and install FF&E in its sole discretion and at its sole expense and all such FF&E shall be owned by and be the property of the Club.
- (b) Within a reasonable period of time (not to exceed ninety (90) days) following the expiry or earlier termination of this Agreement, the Club shall remove, at its own cost, all of the FF&E, and the failure to so remove such FF&E shall cause a forfeiture of any remaining FF&E to the City.

35. EXPANSION AND RENOVATION OF FACILITIES. As of the Threshold Date, the City has completed the Project, being a major renovation and expansion of the Dunedin Facilities in accordance with the Development Agreement and including the Improvements.

36. NATURE OF AGREEMENT/MISCELLANEOUS.

- (a) License. This Agreement shall be deemed to be a use agreement in the nature of a license and shall not be deemed to be a lease or conveyance of any real property rights nor shall this Agreement constitute an agreement for the use of real property that would subject the parties to the provisions of any statute regarding landlord and tenant rights. This Agreement shall not establish a landlord-tenant relationship between the parties. This Agreement shall not constitute a partnership, joint venture or create an agency relationship between the parties.
- (b) Governing Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida regardless of any principles of conflict of laws or choice of laws of any jurisdiction. The exclusive jurisdiction, venue and forum of any lawsuit or legal proceeding arising out of this Agreement shall only be the state courts of Florida located in Pinellas County, Florida and the Federal Courts located in Hillsborough County, Florida. The Parties waive any and all rights to object to jurisdiction or venue in other forums.
- (c) Compliance. The City shall be solely responsible to ensure that that Dunedin Facilities comply with all applicable building codes, laws and ordinances of the City of Dunedin, the State of Florida, Pinellas County and other governmental agencies and shall, in connection with the foregoing, have the right, from time to time and on reasonable advance notice to the Club, to inspect the Dunedin Facilities.
- (d) Entire Agreement. This Agreement and the Exhibits attached hereto constitute the entire agreement between the parties and replace and, with the exception of the License Agreement

Addendum only, supersede all prior agreements and representations, including, in particular, the 1st Amended and Restated License Agreement. No alteration, amendment or modification to this Agreement shall be valid unless executed in writing by the parties, and no subsequent oral agreement shall have any validity or in any way affect the terms of this Agreement; provided, however, that no provision of this Agreement will be supplemented, modified, amended or waived without MLB Approval.

- (e) Assignment. The Club may assign this Agreement or any of its rights or obligations hereunder to any entity affiliated with the Club or to the successor of the Club in its ownership of the Major League Team. Subject to the foregoing and except as otherwise expressly provided herein or consented to by the City, the Club shall have no right to assign or transfer any rights, privileges or obligations granted by the terms of this Agreement to any third party. In the event of an assignment in contravention of the preceding sentence, the Club shall continue to be primarily responsible to the City for the performance of the Club's obligations under the terms of this Agreement.
- (f) Inurement. This agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns. Nothing in this Agreement shall be interpreted to be for the benefit of a third party.
- (g) Currency. All dollar amounts hereunder are expressed in U.S. currency.
- (h) Counterparts. This Agreement may be signed in any number of counterparts, each of which is an original, and all of which taken together constitute one single document. Counterparts may be transmitted by fax or in electronically scanned form. Parties transmitting by fax or electronically will also deliver the original counterpart to the other party, but failure to do so does not invalidate this Agreement.
- (i) Invalidity. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.
- (j) Delegation. No provision of this Agreement shall be construed to have made, permit or require the delegation by the City to the Club or any other party of any governmental function of the City.
- (k) Radon. As required by law, the City hereby makes the following disclosure:

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your County Public Health Unit. This acknowledgment is given pursuant to Florida Statutes 404.056(8) and is required by law to be given at or before the time a contract for the use of real estate is signed.

- (l) Right of First Refusal. In the event that the City shall obtain title to the property immediately east of the Grant Field Facilities, presently belonging to the Pinellas County School Board, presently occupied by Curtis Fundamental Elementary School, then and in that event the City does hereby grant a right of first refusal to lease the same property to the Club in the event that the City shall offer such property for lease or sale to a third party. In the event that the City offers such property for lease or sale and receives an offer of lease or purchase on said property, the City shall give the Club thirty (30) days written notice of such contract and the Club shall have the right for thirty (30) calendar days from the date of receipt of such notice to advise the City in writing that it wishes, at the Club's option, to lease or purchase said property on the same economical terms and conditions set forth in the offering contract. In the event that the Club choose to exercise such right of first refusal, it shall present a contract reflecting the same terms and conditions as the offering contract within the aforesaid thirty (30) day period. The right of first refusal shall be coterminous with the Term of this Agreement.
- (m) The parties hereby agree to furnish upon request to each other such further information, to execute and deliver to each other such other documents, and to do such other acts and things, all as the other party may reasonably request for the purpose of carrying out the intent of this Agreement. In the event that this Agreement is executed prior to the finalization of the Development Agreement, the parties shall update this Agreement to include any references to provisions of the Development Agreement that may be required.

37. DEFAULT.

- (a) The occurrence of one or more of the following shall constitute an event of default:
- (i) The Club fails to pay or cause to be paid, in full and when due, any installment in connection with the Annual Capital Contribution called for herein and the Club does not cure such failure within forty five (45) days of receipt of notice of such default from the City. In the event of a default arising from the failure to make payment of an installment in connection with the Annual Capital Contribution, the City may declare that all Annual Capital Contributions shall accelerate to maturity and all such Annual Capital Contributions shall become immediately due and payable.
- (ii) The failure by either party to perform, observe or comply with timely, at any time during the Term, any term, representation, condition, obligation, covenant, or other provision requiring performance of that party under this Agreement (except the payment of any installment on account of the Annual Capital Contribution) and such failure is not cured within sixty (60) days after written notice, specifying the nature of such failure and requesting that it be remedied, given by the non-defaulting party to the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to expiration; provided, however, if the failure stated in the notice cannot reasonably be corrected within the applicable period, no event of default shall be deemed to exist hereunder if corrective action is instituted by the defaulting party promptly upon receipt of the written notice and is diligently pursued until corrected.

 - (v) The Club disposes of all or substantially all of its assets, other than to a permitted assignee.
- (b) In the event of any default by the Club, the City may take any action as is permitted in law or in equity as it may appear necessary or desirable to collect any amount to be paid by the Club hereunder when due, or to enforce any obligation or covenant or agreement of the Club under this Agreement; provided, however, no such enforcement shall include a requirement of the Club to play Home Major League Team ST Games at the Dunedin Facilities during the Term, the City's remedies in respect of any default in so playing being limited to monetary damages.
 - (c) In the event that an event of default by the City occurs, the Club may take any action as is permitted in law or in equity may, including instituting such action against the City as the Club may deem necessary to compel performance or the Club may perform the City's obligations hereunder and deduct the cost of so doing from payments required to be made hereunder to the City.
 - (d) No delay or omission to exercise any right or power accruing upon any event of default shall impair any right or power or shall be construed to be a waiver thereof but any such right or power may be exercised from time to time and as often as may be deemed expedient. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.
 - (e) In the event either party shall default under any of the provisions of this Agreement and the other party should employ attorneys or incur other expenses for the collection of any amount due hereunder or the enforcement of performance or observance of any obligation or agreement herein contained, the non-breaching party if successful in such proceedings, shall be entitled to recover from the breaching party the reasonable fees of such attorneys and such other expenses so incurred.
 - (f) Except as limited by applicable law or this paragraph, no remedy conferred upon or reserved to the parties is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and in addition to any other remedy given under this Agreement now or hereafter existing at law or in equity or by statute.

- (ii) "**Permissible Relocation Event**" means a permanent cessations of use by the Club of the Dunedin Facilities for Spring Training purposes that is excused or permitted by the terms of the Agreement. For clarity, in any circumstance in which this Agreement provides the Club with a right to terminate this Agreement (i.e. pursuant to subsection 24(h) and subsection 32(d)) or in which the Agreement automatically terminates (i.e. pursuant to subsection 24(b)), any related cessation of use will be deemed to be a Permissible Relocation Event.

(c) Upon the occurrence of a Permissible Relocation Event, the Club shall not have any obligation to reimburse the amounts set out in the preceding subsection and the City shall be solely responsible for all such amounts. Without limiting the generality of the foregoing, and for further clarity, the parties agree that if the Club terminates this Agreement pursuant to its termination rights under subsection 24(h) or subsection 32(d) or the Agreement automatically terminates pursuant to subsection 24(b):

- (i) the Club will promptly notify the applicable agency of the State of Florida that has been charged with administrative oversight and enforcement of the State Development Funds (the “State Agency”), as well as the applicable agency of Pinellas County that has been charged with administrative oversight and enforcement of the County’s funding commitments the Project (the “County Agency”),

DOUGLAS AVENUE SITE (STADIUM SITE)

Stadium Improvements

Renovation of the stadium to bring it up to modern-day standard, including the following key amenities / elements:

- **Seating.** Stadium capacity of 8,500 based on:
 - Fixed seating for 6,500 people. Assume 19 inch "flip up" seats
 - Standing room, berm seating and "alternate seating" space (such as at least one "party deck", and four tops / high top seating on outfield portion of boardwalk) for 2,000

- **Shaded seating and protective netting.**
 - Significant number of shaded seats (high percentage of overall seating, including shading for some of the higher priced seating areas and, if possible, some portion of the berm). Might be achieved by extending the existing overhang (if engaging in a renovation) or by some entirely new structure or overhang.
 - We note that in boardwalk areas we're advised that trellises are not sufficient for shading, so we suggest another idea be presented.
 - Protective netting required in areas around home plate, down lines and behind dugouts. May also be needed in front of berm if that area is in direct line of foul balls.

- **Boardwalk.** Outfield "boardwalk" permitting 360 degree fan circulation around the stadium, with sufficient space on outfield portion of the boardwalk for:
 - good-sized "tiki" bar
 - additional smaller bar located in opposite corner room for 8 – 10 stools across
 - requires fixed food concession area, preferably including BBQ grills (*definitely need to have a permanent bbq location somewhere and we have included a fixed concession stand at this location below under "*Food and Beverage Concessions and Related*", below)
 - requires a spot for at least one (1) temporary food concession stand
 - Fixed merchandise store of between 700 and 900 square feet
 - men's and ladies' washrooms (sufficient to meet code and capacity requirements)
 - 4 tops seating and high top stool seating, including stools and ledges along front of boardwalk (final numbers will be determined based on length of boardwalk and layout of other items).
 - Once we determine the length of the boardwalk we can determine the number of stools and 4 top seating which is needed on the boardwalk.
 - If possible, would like to have some means to access to the boardwalk from our office space (could be a short stairwell with a door a secured door at the top).
 - Would like to see if the boardwalk could connect to the ground floor concourse (whether by stairs or ramp), as opposed to the second level concourse.

- **Luxury Suites.** Want a total of five (5) luxury suites:

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- 3 of which can be either separate or combined into 1 large party suite (these would be intended as the saleable "fan" suites),
- 1 of which would be a players' family suite geared towards players' wives/families.
- 1 of which would be an "owner's suite", located directly behind home plate.

Each suite should have about 325 square feet of interior space. Optimally, all should have outdoor seats and washrooms (although if space was too limited to permit independent washrooms, the 3 combinable suites could possibly have shared washroom accessible from the suite hallway). Each of the five (5) suites should have outdoor seating for 12 and total capacity of 20.

- **Box Office.** Florida Auto Exchange Stadium currently has 4 windows for selling and 2 for will-call. It does not contain any offices.
 - *We require ten (10) exterior-facing box office windows (2 will call, 1 VIP pick-up, 7 selling) and a further two (2) box office windows that face the inside of the building.*
 - *We require two (2) permanent office spaces inside the box office (to house box office manager and supervisor).*
 - Optimally, box office would be located near primary stadium entrance.
 - Box office will need speakers and microphones to speak with customers and monitors above the windows (for messaging).
- **Entrances.** Greater number of game day stadium entrances than the two (2) that currently exist (Florida Auto Exchange Stadium really only has 1 main entrance and 1 gate that is used for season ticket holders). *Would like to have two (2) "main" entrances, one (1) smaller entrance for season ticket holders, and one (1) separate Staff-only entrance (which would have the office access control system).*
 - *Need to add a covered area at all entrance locations - the covered area will be used for our metal detectors and any design should account for the space needed for same.*
- **Public Concourses.** Two concourse levels (likely one at grade and one above grade, connected to the boardwalk).
- **Elevators.** Addition of at least 2 elevators (currently have 1), *for a total of three (3) elevators to bring people and food to 2nd level.* Possible locations would be 1 behind home plate, and one each down each first and third base lines. Optimally, each elevator location should have adjacent stairs (currently no such stairs exist).
- **Public Restrooms.** Appropriate number and distribution of public restrooms for the number of fixed seats and total building capacity. *Expectation is that this will be developed based on current laws and stadium standards.* Note that Florida Auto Exchange Stadium currently has only 2 locations (women have total of 8 sinks, 16 toilets and men have a total of 7 sinks, 9 toilets and 9 urinals).
 - As noted elsewhere, we will need public restrooms located on the boardwalk, and also within the main *Jays Shop* merchandise store (for use during non-game days).
- **Bullpens/ Gang Mounds.**
 - At the present time, the stadium has six (6) "private" Blue Jays gang mounds in close proximity to the office / clubhouse building. The mounds are covered by netting to ensure that any home run balls do not strike persons using the mounds. *To the extent possible within the ultimate*

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

renovation design, we would like to retain as many of the existing gang mounds as possible, but in any event not less than 3. There is no need or desire to upgrade or improve these mounds.

- Adjacent to the mounds is currently a tower where Blue Jays bullpen pitchers sit during games. The current towers are not shaded and are spread too far apart. In all likelihood, the new boardwalk will be passing through this area, and the design needs to include a space for bullpen pitchers to sit in this area, with shade and view of the field.
- Visiting team needs 2 bullpen mounds. These can be very basic and placed anywhere that makes sense in the renovated stadium. Will also need appropriate tower.
- **Dugouts.** Dugouts size needs to increase (both length and width) as compared to what presently exists at Florida Auto Exchange Stadium in order to properly accommodate players and uniformed coaches. Plan needs to include enough space for photo bay / photo dugout at end of each dugout (not covered). Bullpens are accessed from the field only and that can remain the case (no tunnel needed). Club will want to see specifics of proposed dugout dimensions on any proposed plans.
- **Wiring/cabling.** Supply and install integrated cabling for state-of-the-art internet and television and radio broadcast. Broadcast Truck Cabling to include current industry-standard broadcast copper and fiber-optic trunks, including DT-12 audio, coaxial video, Triax camera, SMPTE311 Hybrid camera fiber and single-mode ST fiber optic trunks. All broadcast cabling bulkheads in areas subject to the elements should be mounted in weatherproof NEMA-rated enclosures. At minimum, television bulkhead locations should include, Low 1st Base, Low 3rd Base, High 1st Base, High 3rd Base, High Home, Center Field, Outside Home and Visiting Locker Rooms, and all TV and Radio booths. All broadcast trunk lines should terminate at an interconnect rack room near broadcast truck parking location (see below, seeking space for two (2) broadcast trucks). Eventually, Toronto IT and stadium engineering can assist in setting out the final specs.
- **TV and Radio.** Five (5) booths in total: two (2) TV booths, two (2) radio booths and one (1) booth that is capable of being used for TV or radio.
- **Public Address/Video board Control Room Booth.** Need one (1) large PA booth/control room of approximately 500 square feet, and associated equipment. Room would need to house approximately 12 people and equipment (current booth only has room for 3 chairs and is about 5' x 10'). Equipment would depend in part on the specific video boards and other electronics that get installed. Assume that final specs would be developed in conjunction with whatever consultant helps design the video board and stadium PA systems, however, we anticipate that:
 - Video board Control Room facility would be designed to incorporate four (4) live cameras (including one wireless camera), video replay and playback capabilities, as well as graphics display capabilities. Video display software should be integrated into baseball scoring system
 - Room will also house main PA mixing console and PA Announcer
- **Scoreboard and Other Boards.** Although the final specs should be established in conjunction with a consultant who has expertise in these things, we generally require the following scoreboards/signage spaces and costs should be included in any cost estimates:

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- New 16x9 true HD main LED display. Needs to be large enough for replays and to be able to split the screen when needed (e.g. to show lineup or other items). Anticipate needing at least 40 feet wide. May want additional videoboard element running along the bottom, to show innings and scoring info, but final layout would have to be determined at later date.
- Radar speed display capability integrated into video display software.
- Would probably want a space above the main videoboard to display signage with the stadium name and some team creative (e.g. our stylized "Toronto Blue Jays").
- Would probably want a space below the main videoboard for sponsor information or signage.
- Additional smaller scoreboard (probably to be placed above stands on 1st base side) to display score, count, inning. This is needed for people watching from the boardwalk and berm areas. May not need to be a true "videoboard".
- LED signage above box office windows, to announce upcoming games, etc.
- Free-standing signage structure incorporating LED screens (minimum of two) for video messaging, for installation at corner of Douglas Avenue and Beltrees Avenue. Structure and screens need to be large enough to be seen from a distance (estimate that screens would need to be 8 feet by 6 feet or thereabouts)

We understand that new videoboard was recently installed in Clearwater (Phillies) and that plans are currently being developed in Lakeland (Tigers). In Toronto, we have worked with Daktronics and could ultimately assist in making contact with them.

- **Audio.** New distributed sound audio system up to current stadium standards (with separate audio zoning capabilities in the concourse area and outside the main gates). Audio software provisions for live music playback, recorded gate announcements, and routing of radio or television audio to concourse areas. Currently, Florida Auto Exchange Stadium speakers are located only on outfield scoreboard. New system would have to be able to be heard at all stadium locations.
 - Baseball press area to include two desktop-style push-to-talk microphones for the official scorer and media relations rep with the ability to page into the press area. This feed should also be available on the sound system network, and at the interconnect patch room for distribution to television and radio broadcasters.
- **Media Areas:**
 - **Press Box** - Larger press box than currently exists - require room for 50 to 60 persons and all having a view of the field. Assume this will require at least 1,600 square feet (65 x 25). *Should not be in the prime locations, as we wish to save those for fans and executives.* Could be off to one side if necessary having regard to the placement for other items. Require power, wi-fi, Ethernet and other standard hookups. Also need phone between press box and dugout.
 - Washrooms - Addition of media-only washrooms in vicinity of press box (there are none at current Florida Auto Exchange Stadium)
 - Drinks - Replace press box refrigerator/bottled beverages with soda dispenser (and associated lines),
 - **Press Toilet Rooms.** Two (1) single person washrooms (one male and one female) within the Press Box area. Total space needed is 160 square feet.
 - **Stadium and Press Box Entrances** - Dedicated media entrance/exit for media and staff at stadium and stair access to press box/press areas (currently the press has to access by walking through the public seating areas). Need to ensure ability for press to leave the facility after hours. Right now, at a certain point after the game, stadium gates are locked and for any press

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- that stay behind in the press box, there is no flexibility to allow those persons to exit the building and have a door lock behind them automatically. Providing a subway-style, exit only gate may serve the need here.
- *Access to photo/camera dugouts* – would like there to be a way for press to access photo/camera dugouts without needing to enter the field of play,
 - *Parking* - Additional parking for media is needed (see parking heading)
 - *Media Dining and Related* - Current media dining room at Florida Auto Exchange Stadium is at grade and under the stadium structure near shallow right field. *If that portion of the stadium will remain intact then we are prepared to continue to use that same space for media dining, with only very minor upgrades (e.g. paint and some new furniture, counter workstations around exterior walls and possibly some electrical and Ethernet outlets and wiring).*
 - Food could be prepared and delivered from the main concessionaire prep kitchen / commissary. Alternatively, the current media dining room does have an adjacent kitchen but it would need upgrades to make it usable.
 - *Media Work Facilities* – right now there is small media work room located on the ground floor of the offices/clubhouses building, located near Blue Jays reception. It is a little bit tight, however, we are fine with retaining that and potentially adding some work spaces to the media dining area (see prior bullet point). Should probably review the existing work room to see whether it requires some minor improvements (e.g. electrical upgrades or Ethernet).
- *Center field camera well.* Currently the main center field camera well is off center (towards LF) and too low. Would like to relocate CF cameras to a slightly higher, more centered location, similar to CF camera angles in Major League stadiums.
 - *Merchandising:*
 - Large fixed merchandise store (*Jays Shop*) – probably at minimum 3,000 square feet in a high traffic area with good visibility,
 - Storage space of at least 1,000 square feet,
 - Secondary merchandise shop on the boardwalk (800 square feet) or some reasonable substitute (e.g. substantial merch kiosk or kiosks)
 - Need a 150 square foot room for counting money and reviewing all receipts, which room needs to be equipped with a safe
 - *Paramedics.* Require a paramedics' office and appropriate space to help guests. Need about 250 square feet and needs to include 3 beds, 3 sinks and hot and cold water and 1 toilet.
 - *Customer Service.* Need a Customer Service office, with a small space for guests, located in an easily accessible area and with a view of the main concourse near the main stadium entrance. Need about 125 square feet.
 - *Food and Beverage Concessions and Related.* Increased food and beverage concessions capabilities (including upgraded commissary with easy access to elevator to second floor, upgraded preparation areas, refrigeration, etc.). Final specifics (including number and location of fixed concessions and

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

number and location of mobile units) will depend on the ultimate stadium design and layout but core needs would be:¹

- New properly ventilated and lit office space (700 to 1,000 square feet) for concession company management staff. Should be located in proximity to primary concession stands,
- Dedicated, well-ventilated preparation, cooking and storage area of at least 2,000 square feet which should include, at a minimum,
 - 225 square foot walk-in freezer (including appropriate storage racks)
 - 225 square foot walk-in refrigerator (including appropriate storage racks)
 - Large Ansel Exhaust Unit
 - Double sized ice machine
 - Eight (8) large prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Appropriate shelving for dry good storage
- At least two (2) large concessions stands (one on first base side and the other on 3rd base side) in the main (ground level) concourse area, with each stand having space for eight (8) points of sale and four (4) beer or fountain service spots. Both stands require food preparation area and should also include:
 - Large Ansel exhaust unit
 - Ice machine and all necessary water hook-ups
 - Sinks and associated plumbing
 - At least one 100 square foot walk-in refrigerator in each fixed concession location (including appropriate storage racks),
 - Enough space for 3 prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Beer and fountain drink taps, lines and equipment
- At least one (1) smaller concession stand located in the outfield (possibly behind batters eye) with space for six (6) points of sale and three (3) beer or fountain service spots. Stand requires food preparation area and should also include:
 - Large Ansel exhaust unit
 - Ice machine and all necessary water hook-ups
 - Sinks and associated plumbing
 - At least one 100 square foot walk-in refrigerator (including appropriate storage racks),
 - Enough space for 3 prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Beer and fountain drink taps, lines and equipment
- Large Tiki Hut (i.e. liquor, beer and non-alcoholic drink service location) located in the outfield area should be approximately 30 feet long by 10 feet wide. Should include televisions, bars and stools, refrigeration, taps, etc. Should be covered to protect staff and patrons from the elements.

¹ As designs are created we want to ensure that the concessions are being designed appropriately and in accordance with industry standards for similarly sized buildings and the specific seating and other unique elements of this facility. Listed items are minimum requirements only and should not limit what is necessary and to be included.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- Optional smaller Tiki hut located along the 3rd base left field (would need to be approximately 10 feet wide by 12.5 feet)
- Awnings for all concession stand that are exposed to the elements,
- Rubberized flooring in all concession stands,
- All necessary electrical capacity and hook-ups for fixed and mobile concessions.
- We currently have fifteen (15) temporary/ mobile food and drink points of sale at Florida Auto Exchange Stadium. Will require more than that at renovated location and project plan needs to include the space for same and the units themselves.

Anticipate that stadium concepts and cost estimates will include above, along with any other elements and equipment that are in line with current-day standards.

- *Enclosed Bar / Restaurant Area with Field View ("Craft and Draft Area")*. Would like to have an air conditioned, indoor bar/ restaurant location (like in Sarasota) with a view of the field (through windows) and monitors to show the game as well. This space would provide fans with an opportunity to get out of the sun and be able to eat and drink. Would probably need about 2,400 square feet and it would contain a bar, high top tables and high chairs. Would not have kitchen facilities attached. Instead simple food items would be prepared in main floor concessions/ commissary spaces. Small pantry with refrigeration would be attached to the area (approximately 120 square feet). Goal is to be able to hold about 80 people. On non-game days the area could be used for group events or meetings. *Would like to see if it could be located near the upper part of the building on the 1st or 3rd base side (past any suites)*.
 - If being built behind a seating section and additional deck needed in order to finish off the area then the additional deck area need not be enclosed or air conditioned (i.e. there could be an adjacent outdoor area of approximately 1,700 square feet that is accessible from the Craft & Draft area and/or seating bowl). Will allow for future expansion and/or modification.
- *Visitor's Clubhouse and Related*. New visitor's clubhouse of approximately 3,600 square feet total. Should be a very basic clubhouse, including:
 - Better lighting, appropriate flooring, water fountains,
 - Manager's office / locker room of approximately 200 square feet with room for a desk, locker, and a few chairs
 - Coaches locker room with space for 8 lockers (approx. 350 square feet for the locker room and approx. 200 sf for the washroom (hope to accommodate 5 showers, 3 sinks, 2 toilets and urinal)
 - Players Locker Room (all new basic lockers with chairs) with 30-35 lockers, and counter space for food and baseball equipment (approx. 1,600 sq. ft.)
 - Players washroom/showers with 5 sinks, 3 urinals, 4 toilets and 10 shower heads (approx. 550 square feet)
 - 200 square foot laundry room including 2 commercial washing machines, 2 commercial dryers and storage area (along with associated power, plumbing and drainage),
 - Small kitchen (100 square feet) with fridges, oven and counter space for Clubhouse attendant to prepare food,
 - Adequate power outlets for players and staff to plug in phones and tablets, and
 - Training area with 3 training tables, a wet area with above-ground stand-alone hot and cold tubs, counter space for use of trainers' equipment and supplies (approx. 400 square feet).

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Umpire's room.* Upgraded umpire's room, with locker area approximately 15 feet x 20 feet in size (total of about 300 square feet), optimally located next to visitor's clubhouse (could be in same building if visitor's clubhouse requires a new building). Some of the specifics include:
 - 4 lockers, 4 locker chairs, and a table with 4 chairs for umpires to use for meals
 - Bathroom with 2 shower heads, 2 sinks, 1 toilet and 1 urinal (need about 180 square feet for that)
 - AC, Cable TV, and Phone
- *Staff locker room and Lunch Room.* Game day staff locker room, washrooms and lunchroom needed. Anticipate that the locker room portion would require about 400 square feet and the eating area would need about 500 square feet. Another 300 square feet needed for washroom area.
 - Would like to find a way to allow the space to be unisex (for example, there would be a single small "locker" room, perhaps with just open storage, along with 3 or 4 adjacent small private areas of 10 feet x 5 feet, each with a toilet, sink, bench and mirror for people to change in). Does not matter where exactly within the stadium this space is located, except that it should not be within the office / clubhouse area.

If space permits, could be placed within same building that incorporates visitor clubhouse.

- *Green Room/ Female Locker Room.* Would like a small additional space, with associated washroom/shower, capable of housing 5 people. Could be used for women attending fantasy camp and other similar uses. Would need about 500 square feet (180 SF for toilet/shower and 320 SF for the locker room). If new building needed for visitor clubhouse (above), this space could be in the same building, space permitting.
- *Grounds crew / Maintenance areas.*
 - Need approximately 2,000 square feet of indoor space for shed storage, maintenance equipment, repair and maintenance of equipment, and commercial washer and dryer. Requires at least 1 large garage door, so that golf carts, lawnmowers, etc and get in and out. Needs to be heated/air conditioned and have hot and cold water service, sinks, etc.
 - Need an additional 800 square feet of work space, to include 1 work office (100 square feet), a locker and lounge area (400 square feet, including 8 lockers), a washroom area with 2 showers, 1 toilet, 1 urinal and 2 sinks (200 square feet). Heated and air conditioned.
 - Need 1,000 square feet of exterior storage space for dirt, fertilizer etc. Will need to include 4 concrete openings (open at top and front) of about 10 x 10 each to hold supplies.
- *Public Parking.* Significantly increased public parking capacity (controlled by Club). Currently have only 210 guest parking spots for sale and would want as much as possible (whether at ground level or in some kind of parking structure)
- *Security Access.*
 - Automated security access controls (not only for offices, but also for the parking gate). *One possibility is to have the same system in place at the main stadium offices and clubhouse and the Solon Avenue training facility. Further, the Florida systems should probably be the same as those used in Toronto, so that Toronto staff can utilize a single pass set up for both locations.* If

necessary, we can assist with the specs, but the costs needed to be included in the cost estimates for this project.

- Many doors at the stadium and office building use key locks (e.g. concession stand doors, individual offices, and individual suites). We assume that this will remain so, however, upgraded lock and key system would need to be installed.

Douglas Avenue Clubhouse and Office Space Review and Upgrades

N.B. Under this current plan, the intention is that the stadium and related offices/clubhouse spaces would be used only for Spring Training game days (and Florida State League games). Therefore, we are recommending that the existing office / clubhouse building not be materially renovated in any way. That said, we do think that there will need to be some review of the building and its roof, structure, walls, electrical, HVAC, and plumbing and other similar systems and components and those upgrades as are necessary to that the building is both safe and serviceable over the long term. We would ask that the review and upgrades be recognized in the project scope and cost.

Other/Exterior

- *Main Stadium Playing Field.* If retaining existing field / footprint, redo the grading of the field and playing surface to allow for proper drainage (currently our stadium slopes approx. 3 feet from the outfield to home plate).
 - Stadium dimensions should be the same as *Rogers Centre* in Toronto.
 - Outfield wall pads need to set at same height at *Rogers Centre*
 - Distance measurements should be marked in same place/manner as *Rogers Centre* outfield.
- *Half Field.* There are currently two (2) half fields (one to the North of the stadium and one to the South). *Only need one (1) half field ultimately and would suggest that we retain the one to the south (closest to clubhouse building).* The retained half field does not need to be upgraded.
- *Visiting Batting Tunnels.* There are currently 2 batting tunnels for visiting team use. *If space allows, we will still need 2 basic covered batting tunnels for visiting team use. New or upgraded lighting necessary.* Could just be placed under the boardwalk or next to the grounds crew area.
- *Blue Jays Batting Tunnels.* Right now Florida Auto Exchange Stadium has 3 covered batting tunnels for Blue Jays use. Desire is just to retain those batting tunnels. *No additions or renovations necessary.*
- *Baseball Operations' Robotic Cameras and Wiring.* In other portions of this document we have indicated that there will be a need to wire the stadium for TV, radio, feeds, and, of course, all ordinary clubhouse/office needs (phone, internet, cable, etc.). The larger plan needs to ensure that all appropriate areas are interconnected and all designs and costings should take that into account. In addition, to the aforementioned needs we would require the following for Baseball Operations purposes.
 - Install High Definition, robotic, remotely operated Pan-Tilt-Zoom (PTZ) cameras (and associated conduit and wiring) to permit recording and remote viewing of activities at the Major League stadium. Would include:
 - One (1) permanent camera installation in centerfield
 - Ability to set up three (3) temporary "clamped" locations (along home plate, along 1B line, and along 3B line).
 - Minimum of six (6) additional cameras (not permanently affixed) in order to be able to install at any and all of the following six (6) locations: high home plate, low home,

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

center field, 2 at 1B side (open side hitter and catcher), 2 at 3B side (open side hitter and catcher).

- All cameras and feeds should be able to be remotely controlled from a central locations (both stadium and complex video rooms), and available for viewing on web-based viewing software, as well as main video room servers.
- All robotic cameras should be 1080i High Definition as mentioned above, with full HD frame rate recording. (29.97fps), along with iris, black level, ND filter and paint controls. These cameras will shoot in a number of conditions from full daylight, to overcast, to night under sports lighting. "Security grade" cameras are not sufficient.

Assuming this would involve installing conduit and cabling to permit feeds to terminate at some central server or other room at the building. As with the stadium, any and all wiring, conduit, etc. needs to be to high standards and below ground to ensure not affected by weather. It needs to be run to appropriate server rooms, etc. Costs and room sizes for server rooms should reflect that.

- *Security Cameras.* Install security cameras around exterior and interior of the stadium (Blue Jays can assist with more specifics when appropriate, as there is some experience with these in Toronto)
- *Team parking.* Currently, the secured lot has 101 spots. *There is no need to add parking to this lot, since the stadium will be for game-day use only.*
- *Grounds Crew and Media Parking.* Add 10 or more parking spots to the grounds crew/ media / visiting team parking on the North side of the stadium
 - There are 36 spots on the north side of the building for grounds crew/media/visiting team parking, so new total would be 46 or more.
- *Broadcast Truck Parking and Power.* Ensure ample space to park and hook up broadcast trucks (at least 2 per game) (approx. 64'x24' footprint each). As noted above, would want to be located close to built-in pre-wired television cabling interconnections. Ensure a minimum of two (2) 400-amp, 208V, 3ph or four (4) 200-amp, 208V, 3ph electrical services for Broadcast Trucks. These services should be cam-lok series J compatible connections, with local disconnects.
- *Backup Power.* Require backup power generator and associated infrastructure for data and emergency power systems. Assume at least 100 KV required.

SOLON AVENUE SITE (COMPLEX SITE)

Current plan seeks to create a state-of-the-art Major and Minor League training complex at the Solon Avenue site, by using all of the property that is currently in use for the team's minor league complex and fields PLUS certain property to the North (which is presently occupied primarily by a City-owned park, softball fields and associated parking).

While existing field layouts and orientations should be preserved to the extent possible (in order to avoid unnecessary costs), consideration should be given to constructing the new training complex building (and related field house / batting tunnel building) on land that is currently occupied by a field, if doing so would result in the best and most functional use of the property.

At a very high level (i.e. site plan level), the current plan would result in a clubhouse building (i.e. not including batting tunnels / field house) with training facilities on the main floor and offices on the second floor, 4 and ½ fields for Minor League use, 2 ½ fields for Major League use, 1 open air agility field for Minor League use, 1 covered agility field (turfed) for Major League use, 1 Inclined agility field for shared Major / Minor League use, 13 batting tunnels (either combined in a single large structure, or split with 8 Minor League and 5 Major League), 10 ½ Minor League gang mounds and 8 ½ Major League gang mounds.

Fields and Exterior Areas

- *Four (4) Full Fields Minor League use.* Require four (4) full fields for Minor League use. Although the site already has fields, due to subsoil and other issues, at least two (2) would likely have to be moved and would have to be dug down to a significant depth and basically redone from scratch (because the move and/or subsoil issues may require the installation of a geogrid, compaction or other forms of remediation). The other two (2) are anticipated to require substantial work, even if slightly less than the first two (2).
 - Each field should have four (4) bullpen mounds (2 home, 2 visitor) associated with it
 - Each field should have two (2) dugouts
 - Each field should have a "batters eye"
 - Each field should have a scoreboard
 - Each field requires outfield wall fence (as opposed to padding)
 - *Security and Special Fencing.* It is possible that we would consider turning 2 or 3 of these Minor League fields over to the City between April and November each year. For that reason, site should be designed so that there is some parking and access to these fields from a spot that is separate from the clubhouse and team parking area. Also, would need to design site in such a way that there is a flexible fencing system allowing the clubhouse, batting tunnels, gang mounds, agility fields, team parking and all "team only" fields to be fenced off from the areas turned over to the City.
 - *Lighting.* The City has indicated that it would like to have lighting on the fields it will use (likely 2 fields). Although such lighting is not required for Blue Jays uses, at this time design and cost estimates should assume that two (2) of the Minor League fields will be lit. Lighting does not need to be to Major League Baseball broadcast standards and existing lighting infrastructure should be used as much as possible.
- *Viewing Tower.* New viewing tower with shading and views of as many Minor League fields as possible (will depend on site design).

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Observation Area* - Would like tower to be shorter than the standard minor league viewing tower (about 12 feet from ground to floor of observation area). Need power outlets and wi-fi access from observation area. Counter/ ledge surrounding observation area should be wide enough to use as work space. If possible, optional enclosure (not permanent) through sliding glass windows or screens to shield wind for phone calls would be nice to have.
- *Storage and Training Area* - Desire for there to be an *air conditioned storage and training area incorporated into the base of the viewing tower*, which would include:
 - 150 square foot storage space
 - Electricity
 - Filtered water spigot (and space to fill coolers and bottles)
 - Racks for coolers
 - Refrigerator
 - Ice Machine
 - Small private (i.e. walls and door, but very small) "Satellite Training Area" with space for at least 1 trainers table
- *Public Washrooms*. Require public washrooms in base of tower. Men's would include at least 2 toilets, 2 urinals and 2 sinks. Women's would include at least 2 toilets and 2 sinks. As with all washrooms, would need to meet applicable codes and other regulations.
- *Concessions*. Also require small concessions stand to be located within the base of the viewing tower, including:
 - Refrigerator, impinger, grill, water and fountain soda unit and lines, and 2 points of sale
 - All necessary wiring, plumbing, drainage, venting, etc
- *Charting Tables behind home plate of each field*. Seating and small charting tables behind home plate of each field. Want to be able to ensure that those are shaded in some way (but without restricting ability of people to view from the tower, etc.).
- *One (1) "Half Field" for Minor League Use*. Require a "half field" for Minor League use. As with the full Minor League fields, might be turned over to the City for portion of the year so that should be taken into account in site design. Would like this half field to be artificial turf so that it dries quickly after rain. The site design may allow the current half field (which is artificial turf) to remain intact.
- *Covered Indoor Batting Tunnel Structure with eight (8) tunnels for Minor League Use*. Structure should be well lit with high ceilings. Full mounds should be installed in each of the 8 tunnels to allow for indoor bullpen sessions in rain. Should have extra room around perimeter in order to accommodate benches, side work areas, and storage within caged space. Would like netting to be on pulleys to pull back manually as desired (believe the Tigers have implemented such a system in Lakeland). Require small video area integrated into batting tunnel structure.
 - Does not have to be air conditioned, but would like to ensure that there is adequate ventilation and fan system to ensure comfortable environment
 - N.B. - The Major (5) and Minor League (8) batting tunnels can be combined in one larger structure, depending on available site space. If the batting tunnels are combined into one larger structure, then only one video area is needed.
- *Four (4) Outdoor Batting Tunnels for Minor League Use*. These outdoor tunnels should be placed near the Minor League fields with easy access from the fields. Would like these to be split into two (2) sets of 2 tunnels.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Ten (10) gang mounds plus one (1) "half mound" for Minor League Use.*
 - 10 full mounds could be placed together or split 5 and 5.
 - The half mound (i.e. shorter mound with more gradual incline, used for rehab work) should be built in line with the full mounds.
 - Area between mounds and plates should be artificial turf to ease upkeep.

- *One (1) Open Air Agility Field for Minor League Use.*
 - Must be approximately 50 yards long x 26 yards wide and would like artificial turf for this field so that dries quickly after rain and to hold up better to heavy use.
 - *Tartan Track and Sand Pit.* Would like track-and-field style "Tartan Track" rubberized running lane (approx. 40 yards long and 3 yards wide) for sprints with a standard-sized sand pit (roughly 10 yards x 3 yards) at the end of the lane. These can be placed along one side of the open air agility field.

- *Two (2) Full Fields Major League Use.* Require two (2) full fields for Major League use. Anticipate that any fields would have to be dug down to a significant depth and basically done from scratch (as there are subsoil issues that may require compaction or other forms of remediation). *These two fields will always be exclusively under team control and should be located close to clubhouse.*
 - Each field should have four (4) bullpen mounds associated with it
 - Each field should have two (2) dugouts
 - Each field should have a scoreboard
 - Each field should have a "batters eye"
 - Each field requires outfield wall padding (as opposed to basic standard fencing)
 - *Replica of Rogers Centre.* One (1) of the Major League fields should replicate the dimensions of *Rogers Centre*, including identical field dimensions, wall heights and outfield measurements marked in the same locations and fashion as they are at *Rogers Centre*. This field should also be artificial turf, with dirt infield, to dry quickly after the rain and better replicate *Rogers Centre*.
 - *Lighting.* Only 1 of the 2 Major League fields (the field with *Rogers Centre* dimensions) requires lighting.

- *One (1) "Half Field" for Major League Use.* Require a "half field" for Major League use. Will always be exclusively under team control and should be located close to clubhouse. Would like this half field to have artificial turf center with dirt infield to replicate *Rogers Centre* conditions.

- *Covered Indoor Batting Tunnel structure with Five (5) tunnels for Major League Use.* Structure should be well lit with high ceilings. Full mounds should be installed in each of the 8 tunnels to allow for indoor bullpen sessions in rain. Should have extra room around perimeter in order to accommodate benches, side work areas, and storage within caged space. Would like netting to be on pulleys to pull back manually as desired (believe the Tigers have implemented such a system in Lakeland). Require small video area integrated into batting tunnel structure.
 - Does not have to be air conditioned, but would like to ensure that there is adequate ventilation and fan system to ensure comfortable environment
 - N.B. - The Major (5) and Minor League (8) batting tunnels can be combined in one larger structure, depending on available site space. If the batting tunnels are combined into one larger structure, then only one video area is needed.

- *Eight (8) gang mounds plus one (1) "half mound" for Major League Use.*
 - The half mound (i.e. shorter mound with more gradual incline) should be built in line with the full mounds.
 - Area between mounds and plates should be artificial turf to ease upkeep.

- *One (1) Covered Agility Field for Major League Use.*
 - This agility field should be roughly 50 yards long x 26 yards wide
 - Field needs to be covered with artificial turf
 - *It should be enclosed on two (2) of the four (4) sides, and have a very high roof / ceiling* – in order to permit long toss and other drills during rain
 - While the two (2) open sides will allow some natural light, additional lighting will be required
 - Would like there to be water fountain / bottle filling station in this structure

- *One (1) Inclined Agility Field for Shared Major League and Minor League Use.* Require grass hill with incline of 6 to 8 degrees. Running area should be about 55 yards long by about 5.5 yards wide (however, if there is space to accommodate, we would like it to be even longer – up to 100 yards). Can be located near Major League fields but would be used by both Major and Minor League teams.

- *Protective Netting.* Depending on site layout, anticipate that there will be protective netting needs in many areas (particularly to shield homes, roads and other adjacent properties in the neighborhood from batted balls, particularly as on north side of the property). Protective netting should also shield any publicly accessible fan areas, as well as parking areas. If possible, netting should be designed to as to collect baseballs for later retrieval and reuse.

- *Grounds Crew.* Would prefer to have one (1) large building that incorporates all of the necessary spaces and amenities for grounds crew / maintenance purposes. Would need to include, at a minimum, the following:
 - *Main Maintenance and Repair Space.* Need an indoor space around 3,500 square feet to house:
 - Should include three (3) small (100 square foot) offices for repair and maintenance staff
 - Should include a locker room, lounge and washroom space for 15 people (estimating total of 500 square feet for both). Should have 3 showers, 2 toilets, 2 urinals and 3 sinks.
 - Large open space (2,700 square feet) with concrete floor, suitable for repair and maintenance of golf carts, mowers, and other equipment and storage of same
 - Requires minimum of 9,000 pound equipment lift
 - One or two large garage doors for access, along with regular door
 - Minimum of four (4) work benches and shelving along exterior walls
 - Require 1 industrial washer and 1 industrial dryer in this space (and associated power, plumbing and drainage)
 - Needs to be able to be used to store power equipment (mowers, lifts, packers, golf carts etc.).
 - Requires both standard and 220 volt power receptacles
 - Needs to have heat and A/C, as well as hot and cold running water and sinks
 - *Secondary Storage Shed.* Require one (1) separate secondary shed of 500 square feet to store supplies and small equipment.
 - Concrete floor
 - Requires minimum of 9,000 pound equipment lift

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- One garage door and one regular door
- Shelving along exterior walls
- Requires both standard and 220 volt power receptacles
- Needs to have heat and A/C, as well as hot and cold running water and sinks
- *Exterior storage space.* 1,200 square feet with concrete dividers (to create at least 4 discrete spaces for dirt, fertilizer, propane etc.
- *Baseball Operations' Robotic Cameras and Wiring.*
 - Install High Definition, robotic, remotely operated Pan-Tilt-Zoom (PTZ) cameras (and associated conduit and wiring) to permit recording and remote viewing of activities on all full Major League and Minor League fields. Would want the following at all of the full fields:
 - One (1) permanent camera installation in centerfield
 - Ability to set up three (3) temporary "clamped" locations (along home plate, along 1B line, and along 3B line). Each "clamped" location should be able to accommodate more than one camera.
 - Conduits and cabling for temporary "clamped" installation of high definition, portable, robotic, remotely operated PTZ cameras in all indoor batting cages and at all gang mounds.
 - All cameras and feeds should be able to be remotely controlled from a central locations (both stadium and complex video rooms), and available for viewing on web-based viewing software, as well as main video room servers.
 - All robotic cameras should be 1080i High Definition as mentioned above, with full HD frame rate recording. (29.97fps), along with iris, black level, ND filter and paint controls. These cameras will shoot in a number of conditions from full daylight, to overcast, to night under sports lighting. "Security grade" cameras are not sufficient. Require minimum of twenty (20) cameras.

Assuming this would involve installing conduit and cabling to permit feeds to terminate at some central server or other room at the building. As with the stadium, any and all wiring, conduit, etc. needs to be to high standards and below ground to ensure not affected by weather. It needs to be run to appropriate server rooms, etc. Costs should reflect that.

- *Staff/Player Parking (350 spots).* Require secured, paved parking for approximately three hundred and fifty (350) vehicles (for team staff and players). Needs to be located close to clubhouse building.
 - Possible that it could be divided into a lot for 150 (for Major League players, staff and executives, located closest to clubhouse) and a further lot for 200 (for Minor League players and staff). Want to ensure Major League team always has parking.
 - Would need small security hut for guard to sit indoor with electrical power.
- *Public / Overflow Parking (150 spots).* Parking for 150 located elsewhere on the property (possibly on exterior edge of property close to those of the Minor League fields which the City and/or community may have use of). This parking can just be basic grass parking.
- *Security and Access Control.*
 - Require appropriate security fencing for the site (some existing may be re-usable and other areas will require new, for example, where new fields are installed), along with a parking gate at the entrance to staff parking and a shed for security to sit in at the staff parking entrance.
 - Will require automated security access controls (not only for offices, but also for the parking gate). *One possibility is to have the same system in place at the main stadium offices and*

clubhouse and the Solon Avenue training facility. Further, the Florida systems should probably be the same as those used in Toronto, so that Toronto staff can utilize a single pass set up for both locations. If necessary, we can assist with the specs, but the costs needed to be included in the cost estimates for this project.

- Assume that a number of doors and spaces at the complex will use key locks (e.g. concession stand door, individual offices, etc). Require modern, secure lock and key system.
- *Security cameras.* Would want new surveillance cameras to be able to view the parking areas, main fields, as well as the interior and exterior of the clubhouse building.
- *Backup Power.* Require backup power generator and associated infrastructure for data and emergency power systems. Assume at least 250 KV required.

Joint Major / Minor League Offices and Reception

We anticipate that all offices will be located on the second floor of the clubhouse building and that the offices will open onto a covered balcony with a view of at least one of the Major League fields. Would be useful for balcony to view one Major and one Minor League field.

Will need some kind of joint ground floor reception area for the clubhouses and offices. Would want it to contain some built-in display cases.

Shared Spaces

- *Reception area.* Approximately 200 square foot reception area on second floor to serve offices.
- *Boardroom.* Require one large boardroom of approximately 615 square feet (38.8 feet long x 15.8 feet wide) that can accommodate a table with seating for twenty two (22) persons. Should include a small kitchenette area (sink, water, bar fridge, counter, cupboards).
- *Flexible Multi-Purpose Room.* Room would be approximately 800 square feet and would constitute "flex" space for various meeting, training, treatment and other needs. Room should be equipped with small, wheeled tables (approx. 2 feet x 3 feet) that can be aligned to create larger tables for meetings, configured in a variety of ways or moved/removed as necessary. Would prefer that this room be located in a spot that has relatively easy access to the clubhouse (even though this room will be on the second floor).
- *Open Office Space.* Require two (2) separate open office spaces (aka "bullpen" spaces) of approximately 450 square feet each (total of 900 square feet), with each space intended to accommodate multiple desks/cubicles. This open office space will be used by various staff members from Baseball Operations, Communications, Marketing, Player Relations, IT and other departments as necessary.
- *IT Workspace.* IT must have a separate work space of a pproximately 300 square feet, with storage for excess equipment and room for 2-4 employees to work comfortably. Would prefer this workspace to be physically separated in some fashion from other offices.
- *Server Room.* For safety reasons (e.g. floods), would want on second floor.
- *Kitchen and Eating Area.* Require a 300 square foot kitchen/eating area serving the offices. This area should include a sink, dishwasher, refrigerator, microwave, etc.
- *Copy Room.* Require a copy/office supply room of about 150 square feet.
- *Men's and Women's Washrooms.* Require 1 large set of washrooms for each gender serving the offices. Assume we will require 150 square feet for each bathroom (or, alternatively, could do 2 smaller washrooms for each of men and women).
- *Janitor's Closet.* 1 janitor's closet of approximately 100 square feet for equipment and supply storage.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Player Shoot Room.* For 3 to 4 weeks of Spring Training we require a room in which to be able to shoot audio / visual footage of players (e.g. throwing, jumping and batting action, interviews, and other content). Room needs to be 25 feet x 40 ft (1,000 square feet) and ceiling height of at least 13 feet. *This room can be on second floor and must be physically separate from weight room (to ensure that noise and music from weight room is not heard within this space), but also needs to be relatively easily accessible to/from the Major League clubhouse.* Minimum lighting power service inside the shooting space should be 200A, 208V, 3ph with local disconnect and cam-lok J series connectors or equivalent. Should have acoustical tiles on the ceiling. Air conditioning for this space should have acoustical dampers, and a local thermostat control so it can be turned off during filming to ensure fan-coil cannot be heard. Outside of Spring Training, may want to repurpose the room as overflow meeting space, so it would be good to have means to divide room in two (and could include movable tables on wheels, etc.)

Major League Operations Offices

- *Covered Office Balcony with Field View.* Require an office balcony with roof and view of closest Major League field(s) and, potentially, some of the gang mounds (depends on final site layout).
- *Reception and office spaces:*
 - 2 "double" (i.e. larger than standard) private offices (each of approximately 250 square feet) with balcony access and room for desk and small table for small meetings
 - Reception area of approximately 250 square feet near at least 2 of the "double" offices
 - 7 "single" private offices with or without balcony access (150 square feet each)
 - 3 "single" private offices with or without balcony access (100 square feet each)
 - 1 large "open" (aka "bullpen") office space (approximately 450 - 550 square feet) (with wrap-around working counter and sufficient space for 4 desks).
 - 1 smaller "open" (aka "bullpen") space (approx. 275 square feet) without balcony access with room for 2-3 desks.

Minor League Operations Offices

- *Covered Office Balcony with Field View.* Require an office balcony with roof and view of closest Minor League field(s) and, potentially, some of the gang mounds (depends on final site layout). This would be the same balcony as the one serving the Major League offices, but probably just on a different side of the building.
- *Office Spaces.*
 - 1 "double" (i.e. larger than standard) private office (approximately 250 square feet) with balcony access and room for a main desk and small table for small meetings.
 - 3 "single" private offices with or without balcony access (150 square feet each).
 - 1 "single" private offices with or without balcony access (100 square feet each).
 - 1 large "open" (aka "bullpen") office (approximately 400 square feet) with room for 6 desks.
- *File storage room.* Require 150 square feet.

 - 1 "double" (i.e. larger than standard) private office (of approximately 250 square feet) with balcony access and room for desk and small table for small meetings.
 - 2 "single" private offices with or without balcony access (150 square feet each).

Joint Major / Minor League Clubhouse Spaces

Assumption is that all of the player and coaching-related spaces will be on the main floor of the Clubhouse building unless otherwise noted.

- **Reception.** Area of about 300 square feet or more at front entrance to serve as reception for entire clubhouse / office building. Would want it to contain some built-in display cases.
- **Blue Jays Communications Staff, Media Workspace and Related.** Require an area within which Blue Jays communications staff would work, adjacent to a media workspace and related spaces. Specifically:
 - 1 "single" private office (150 square feet each) for Blue Jays communications staff
 - 1 "single" private office (100 square feet each) for Blue Jays communications staff
 - 1 large private space for Blue Jays communications staff (approx. 300 square feet) with room for 3-4 desks.
 - Adjacent to the Blue Jays media relations staff offices, we require approximately 700 square feet of room for media members to work and eat. Although located within the building footprint, this room should be totally separated from clubhouses and main Blue Jays offices, with its own entrance / exit. Counters should line the outside of the room to provide work space (with appropriate electrical, internet and other connections). Media workspace should include small copy/supplies area (about 100 square feet of total area).
 - Require 2 interview rooms of approximately 100 square feet each, connected and immediately adjacent to the media workspace.
- **Shared Weight Room.** *The weight room will be shared by both Major and Minor League players/staff, and need to be located in close proximity to both Major and Minor League Athletic Training/Treatment areas (probably directly in between).*
 - Require 10,000 square feet of main floor interior space with rubberized flooring. Must include power and internet connections throughout weight room, camera conduits in a section, screens for programming and feedback at all workout stations (i.e. cardio), and all other necessary cabling, conduit and other infrastructure for future technological upgrades.
 - Extra high ceilings – the interior space should be at a height of at least 2 stories.
 - A 2nd floor "cardio loft" overlooking the main floor (loft should be about 700 square feet).
 - An additional dedicated rehabilitation area of approximately 1,000 square feet with training / massage tables, machines, etc. attached to the weight area
 - An additional 225 square foot (15 foot x 15 foot) secure storage room attached to the weight area (including shelving) for storage excess equipment/supplies.
 - An additional exterior space of at least 2,700 square feet (90 feet x 30 feet), separated from the main weight room by one or more a glass/clear garage doors, with field turf and an all-weather awning or roof to protect from the elements.

- *Major League Locker Room and Washroom.* Requirements:
 - 2,800 square foot main locker room area.
 - 80 new, high quality "permanent" lockers (with proper ventilation, integrated power outlets, etc.). Lockers should be around room exterior so that center has room for comfortable movement and with some built-in counters/tables, sunscreen station, televisions and other features. Lockers can be extra tall (like in Padres locker room in Peoria) given the extra high ceilings in the space.
 - 2 lounge areas in center of clubhouse with couches, tables, etc.
 - High ceilings (about 22 feet) with windows to allow natural light above lockers (similar to Padres locker room in Peoria, except also want to be able to darken the room when needed, which isn't possible in Peoria).
 - Additional 1,200 square foot restroom/shower area with at least 6 urinals, 6 toilets, 18 showers and 8 sinks.
 - Although doesn't have to follow a football shape, that would be fine, provided that the ends of the room are not coming to a point (making those ends unusable).

- *Janitor's Closet.* 1 janitor's closet of approximately 100 square feet for equipment and supply storage.

- *Athletic Training/Therapy Areas.* Athletic training/therapy area must adjacent to the joint hydrotherapy space in the building and weight room, with ability to view into each.

 - *Massage therapy/chiropractic room.* Need room of approximately 150 square feet for use by team massage therapists and chiropractors.

- *Staff / Executive Locker Room.* Would like to have a locker room (approx. 575 square feet) and shower/washroom space (approx. 225 square feet) for use by clubhouse staff and team executives, accommodating 30 persons/lockers.  - One (1) residential washer, and
 - One (1) sink and large table for folding.
- *Equipment Room / Equipment Storage/ Offices.*
 - Require 2,000 square feet for equipment storage, at least partly divided, so it's really two spaces rather than one single large room. Within the 2,000 square foot area:
 - Want to devote a portion of storage space as a kind of "cage" of "subspace" that can be locked (approximately 250 square feet).
 - Want to include a pooled office area of about 150 square feet for 2 or 3 people. Should have counter built in around at least one exterior wall.
 - Require garage door/loading space to exterior of main floor equipment room – with direct access to parking lot/driveway. *Loading space for Major League equipment area needs to physically separate from the loading space for the Minor League equipment area, so that if there was load-in or load-out happening on the same day, they would not affect one another.*
 - Want the equipment area to include large accordion style shelving system on tracks (with ability to move and also to lock in place) for more efficient storage and access to equipment.

- *Dining Room.* Require 1,100 square feet for a dining room (eating area). Must be connected to the kitchen /service counter in a functional way. Lunch room should probably occupy as space that is relatively accessible from / to the office areas of the building (as players may need to go up to the offices and/or team staff may need to come down).
 - *Nutrition area.* Want a portion of the lunch room space to include counters and cabinet space to be used as a "nutrition area", including supplements, nutrition bars, juice bar, smoothie station with blenders, etc
 - *Outdoor Eating Area.* Would like an additional outdoor patio eating area with picnic tables. Preferably this space will include some shade and be about 300 to 400 square feet. The Club will, at any time, be entitled to all records regarding the status of such Special-Purpose Annual Payment Account and the information about amounts accrued therein (including interest).

Expenditures of any amounts held within the Special-Purpose Annual Payment Account may be made only for Capital Replacement (as defined in this Exhibit "D") at the Dunedin Facilities and Maintenance, subject to the Club's written approval of the specific expenditures (including the specific services, materials and contractors). The Club agrees to proceed with diligence to make reasonable efforts to market the naming of the Grant Field Facilities or the Stadium (in the Club's discretion). For certainty, the provisions of the third, fourth and fifth paragraphs of SECTION 18 of this Exhibit "D" shall apply to all of the amounts deposited to and held in the Special Purpose Annual Payment Account, irrespective of whether the funds were originally contributed as a result of the application of SECTION 18 or this SECTION 19.

SECTION 20 – TAX LIABILITY

The Club shall be responsible for all sales taxes, intangible taxes, license taxes, and all other taxes or fees directly arising from or attributable to the Club's use of the Dunedin Facilities, whether payable to the City or to other governmental agencies. The parties will each be responsible for payment of one-half (1/2) of the ad valorem taxes on the Dunedin Facilities (net of City taxes) as is otherwise set forth in Section 3 of this Exhibit "D" to a maximum of \$25,000 per year per party. In the event that the annual ad valorem taxes payable on the Dunedin Facilities are in excess of \$50,000 despite the best efforts of the parties to reduce them to that amount, the parties will meet together in good faith to reasonably resolve operational matters to attempt to reduce the payment of the additional ad valorem taxes.

The Fund shall be funded from the following sources:

- (a) The amounts held in the Fund on the effective date of the Agreement to which this Exhibit "D" is attached.
- (b) One-half (1/2) of the Concession Sharing amount paid to the City set forth in Section 8 of this Exhibit "D" until fully funded and thereafter such Concession Sharing amount will be paid to the City.
- (c) All interest accrued by such Funds, which interest will stay in the Fund even though the Fund exceeds its maximum amount.

The City shall maintain the Fund and shall separately account for it. The Fund shall be in the nature of a trust fund and the Club will, at any time, be entitled to all records regarding the status of such Fund and the information about amounts accrued therein. Expenditures of such funds shall be limited to Capital Replacement at the Dunedin Facilities and shall require the joint approval of the City and the Club, not to be unreasonably withheld or delayed.

Upon the occurrence of the events described in paragraph 1.2(b)(ii) of the Agreement to which this Exhibit "D" is attached, all amounts held in the Fund will be added to the Capital Replacement Fund (as defined in the Agreement to which this Exhibit "D" is attached).

In the event that the Threshold Date is not achieved and the Agreement to which this Exhibit "D" is attached is terminated pursuant to paragraph 1.2(b)(i) of such Agreement, all proceeds remaining in the Fund will be the property of the City and may be used for any purposes as deemed appropriate by the City, free of trust.

The City shall administer the expenditures of such Funds and shall undertake and complete any Capital Replacement projects that the parties have mutually agreed upon and shall follow all normal purchasing, bidding and construction practices as in its normal course of business, unless the parties shall mutually agree to delegate some or all of a Capital Replacement Project to the Club.

SECTION 27 - SECTION RESERVED

SECTION 28 – SECTION RESERVED

SECTION 29 – DEFAULT

The occurrence of one or more of the following is an event of default:

- a) The Failure by either party to perform, observe or comply with timely, any term, representation, condition, obligation, covenant, or other provision requiring performance of that party under this Exhibit "D" and such failure is not cured within sixty (60) days after written notice, specifying the nature of such failure and requesting that it be remedied, given by the non-defaulting party to the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to expiration; provided, however, if the failure stated in the notice cannot reasonably be corrected within the applicable period, no event of default shall be deemed to exist hereunder if corrective action is instituted by the defaulting party promptly upon receipt of the written notice and is diligently pursued until corrected.
- b) The dissolution or liquidation of the Club, or the filing of a voluntary or involuntary petition applicable to the Club in any proceeding for the Club's reorganization or liquidation under the provisions of the Federal Bankruptcy Code, or adjudication of the Club as bankrupt, or the appointment of a receiver of any of the Club's property, or the assignment of any of the Club's property for the benefit of its creditors, if the Club fails to lift, stay or dismiss promptly any such proceedings or any execution, garnishment or attachment that will materially and adversely impair the Club's operation.
- c) The Club abandons the Dunedin Facilities.
- d) The Club disposes of all or substantially all of its assets, other than to a permitted assignee.
- e) The filing of a voluntary or involuntary petition applicable to the Club in any proceeding for the Club's reorganization or liquidation under the provisions of the Federal Bankruptcy Code, if the Club fails to lift, stay or dismiss promptly such proceeding or similar proceedings under Canadian law.

Whenever any event of default by the Club shall have occurred and be continuing, the City may take any of the following remedial steps:

- (1) In the event of a monetary default, abandonment of the Dunedin Facilities by the Club or a wrongful termination of this Exhibit "D" by the Club, the City may reenter and take possession of the Dunedin Facilities without terminating this Exhibit "D",

Exhibit "D"

exclude the Club from possession thereof and lease or otherwise use the Dunedin Facilities for the account of the City and may require the acceleration of the annual payments as set forth above without setoff or other defense by the Club arising from the City's reentry and use of the Dunedin Facilities and such setoff or defenses of the Club are specifically waived.

- (II) Take any act or law or in equity as it may appear necessary or desirable to collect any amount to be paid by the Club hereunder when due, or to enforce any obligation or covenant or agreement of the Club under this Exhibit "D"; provided, however, no such enforcement shall include a requirement of the Club to play home Spring Training games at the Dunedin Facilities during the period that this Exhibit "D" is operable, the City's remedies in respect of any default in so playing being limited to monetary damages.

In the event that an event of default by the City shall have occurred and be continuing, the Club may institute such action against the City as the Club may deem necessary to complete performance or may perform the City's obligations hereunder and deduct the cost of so doing from payments required to be made hereunder to the City; provided, however that no such action shall seek to impose, or impose, any pecuniary liability upon the City, or any personal or pecuniary liability upon any member of the City Commission, employee, attorney or contractual representative of the City and any such claim, legal right or cause of action is specifically waived and foregone hereby.

No delay or omission to exercise any right or power accruing upon any event of default shall impair any right or power or shall be construed to be a waiver thereof by any such right or power may be exercised from time to time and as often as may be deemed expedient.

In the event either party shall default under any of the provisions of this Exhibit "D" and the other party should employ attorneys or incur other expenses for the collection of any amount due hereunder or the enforcement of performance or observance of any obligation or agreement herein contained, the non-breaching party if successful in such proceedings, shall be entitled to recover from the breaching party the reasonable fees of such attorneys and such other expenses so incurred.

In the event any agreement contained in this Exhibit "D" should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Except as limited by applicable law or this paragraph, no remedy conferred upon or reserved to the parties is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and in addition to any other remedy given under this Exhibit "D" or now hereafter existing at law or in equity or by statute.

SECTION 30 – SECTION RESERVED

Exhibit "D"

SECTION 31– FORCE MAJEURE

Neither party shall be liable for any loss or damage sustained by the other party, nor shall either party be considered in default for any event occurring or failing to occur or any state of facts existing as a result of any delay in performance or noncompliance of any provision of this Exhibit "D" that results from an action, event, omission or cause beyond its reasonable control and without its fault or negligence, including but not limited to civil commotion, riots, wars, fires, explosions, floods, earthquakes, wind or hurricane damage, embargos, or actions of civil or military authority.

Section V

Compliance with Criteria In Effect When Certified

City of Dunedin

2022 Annual Report on Spring Training Activities

To the Florida Department of Economic Opportunity

City of Dunedin Compliance with Criteria In Effect When Certified under Section 288.11631, Florida Statutes

Criterion No. 1

The applicant is responsible for the construction or renovation of the facility for a spring training franchise or holds title to the property on which the facility for a spring training franchise is located.

Compliance with Criterion No. 1

The applicant presents warranty deeds for the property on which the spring training activities take place and on which the construction/renovation was completed. (See Appendix)

Criterion No. 2

The applicant has a certified copy of a signed agreement with a spring training franchise. The signed agreement with a spring training franchise for the use of a facility must, at a minimum, be equal to the length of the term of the bonds issued for the public purpose of constructing or renovating a facility for a spring training franchise. If no such bonds are issued for the public purpose of constructing or renovating a facility for a spring training franchise, the signed agreement with a spring training franchise for the use of a facility must be for at least 20 years. Any such agreement with a spring training franchise for the use of a facility cannot be signed more than 4 years before the expiration of any existing agreement with a spring training franchise for the use of a facility. The agreement must also require the franchise to reimburse the state for state funds expended by an applicant under this section if the franchise relocates before the agreement expires. The agreement may be contingent on an award of funds under this section and other conditions precedent.

Compliance with Criterion No. 2

The applicant presents copies of the signed agreements related to spring training activities at the facilities. (See Section II)

Criterion No. 3

The applicant has made a financial commitment to provide 50 percent or more of the funds required by an agreement for the construction or renovation of the facility for a spring training franchise. The commitment may be contingent upon an award of funds under this section and other conditions precedent.

Compliance with Criterion No. 3

The applicant presents evidence of local match in the form of a newspaper article stating that funds are committed from the local tourist development tax, a City of Dunedin resolution authorizing the license agreement, construction project and funding, and excerpts from the City of Dunedin's Adopted Annual Budget 2022 related to stadium fund revenues and expenditures. (See Appendix)

Criterion No. 4

The applicant demonstrates that the facility for a spring training franchise will attract a paid attendance of at least 50,000 persons annually for the spring training games.

Compliance with Criterion No. 4

Over a fourteen-year period (2006 – 2019) the average attendance at spring training games at the Dunedin facility has been 67,953. At no time during that period did attendance drop below 50,000. (See Appendix)

In 2020, the first spring training season held in the newly renovated stadium, the COVID-19 pandemic forced the cancelation of 5 of the 16 scheduled games or 31% of the schedule. Overall attendance for the 2020 season was 46,865, an average of 5,207 per game or 61% capacity. Using these figures, the applicant believes attendance for the full season, had it been played, would again exceed 50,000 by a large margin.

The 2021 season was wholly impacted by the continuing COVID-19 pandemic. Stadium capacity was limited to 1,275 people per game, in accordance to CDC guidelines for live sporting events. Of 14 games played, average attendance was 1,131 or about 87% capacity.

The 2022 season was delayed due to the MLB lockout, which ended on March 10, 2022. All spring training games were cancelled until March 17, 2022, shortening the season to 9 home games, one of which was a rainout. In addition to an overall feeling of disenchantment amongst fans throughout the league, the ongoing COVID-19 pandemic continued to affect attendance as several surges occurred over the course of the season. Of 8 games played, average attendance was 3,811. Despite the lockout and pandemic,

the applicant believes attendance would still have exceeded 50,000 had the regular number of games been played, based on the per game average of 3,811.

No spring training leaves fans, local businesses out in the cold

DUNEDIN, Fla. — Uncertainty continues to climb over the start of spring training as [Major League Baseball remains in a lockout](#). Fans and local business owners are

hoping for a resolution soon in order to reap the benefits of games in the Tampa Bay area.

Frank Rocco isn't just a Phillies super fan, but instead, some might call him an unofficial mascot. He's ready for the crack of the bats signaling a new season.

"Spring training, everything starts out new each year," said Rocco, the creator of Phillies Fans of Spring Training. "Everybody's batting and hitting 0.00, and it's a fantastic experience. You never know what's going to happen."

BayCare Ballpark in Clearwater is the home of Phillies spring training. West Central Florida alone has eight of the 15 teams that make up the [Florida Grapefruit League](#).

"The first game is February 26, and then they're supposed to open up in Philly on March 31. Does that look good? No way," said Rocco.

Uncertainty is growing over an on-time start to spring training. Major League Baseball remains in a lockout, with pitchers and catchers set to report this week and Cactus and Grapefruit League games to [officially start Saturday, February 26](#).

"The City of Lakeland, we have the longest-running relationship with Major League Baseball," said Kevin Cook, the Director of Communications with the City of Lakeland. "Spring training's been here for a long, long time."

Lakeland is the home of the Detroit Tigers spring training. The city said spring training has an estimated economic impact of \$55 million on the local Lakeland economy.

"That's just not what takes place around the stadium, but that's also the trickle-down into bars, restaurants, rental car facilities, things of that nature," said Cook. "That's really big, and those businesses that count on those dollars. It's going to definitely affect their pocketbook."

The city explained they're hopeful the two sides come to an agreement in the very near future.

"We've been told to just business as usual, stay on track, so our facility will be ready when Major League Baseball decides to have spring training," said Cook.

Spring training's impact on the Tampa Bay area is far-reaching. Home Plate, a restaurant in Dunedin, is just steps away from TD Ballpark, the spring training home of the Toronto Blue Jays. On game days, Ralph Kleinchrod, the restaurant's owner, said you'll see a sea of blue.

"If the games don't happen this year, it's not good for us. It's not good for the city. [If] it's coming later, it's delayed, it's okay, it's not a big problem if they are here, but if they stopped completely, this is really bad for everybody here," said Kleinchrod.

Still, fans remain ready and hopeful they'll hear "play ball" sometime soon.

"The spring training games here in Dunedin, over in Tampa, and here in Clearwater, they're just losing millions and millions of dollars," said Rocco. "It's a shame. It's really a shame."

DUNEDIN, Fla. (WFLA) – Spring training begins today for Major League Baseball teams. With the 99 day lockout finally over; teams, fans, and businesses are preparing for the return of games. This is a huge deal for those who love the Toronto Blue Jays in Dunedin.

The Toronto Blue Jays' spring season training brings out the crowds and Dunedin businesses roll out the red carpet for their visitors.

[New Spring Training schedule: When fans can catch a game in Tampa?](#)

“We have a smoked maple bacon popcorn that a lot of the Canadians like, a little bit of Canada in Florida,” said Clay Freeman, co-owner of Harley’s Popcorn.

He said their businesses boom during this time of year, thanks to the extra people in the city. “They’re spending more and it affects every little store, all the way up to the hotels and the restaurants and everything. It makes a big difference for Tampa Bay I think.”

Freeman told 8 On Your Side he’s glad the lockout is over.

“It looked kind of iffy for a while there. We were a little worried about it and then when it finally kicked in and things got done it was a big sigh of relief,” he said.

Spring training camps around Florida are not open for the next four weeks. Andrew Shaw came all the way down to Florida from Toronto and has high hopes for this year's team.

"I watched them last year when they were here and in Buffalo and then in Toronto so you know what, we're really proud of the Blue Jays. Anybody who's from our area and Canada you know what we just love the Toronto Blue Jays," he said.

Games begin on March 18 and with opening day set for April 7.

Play ball! With MLB lockout over, players, fans and business owners are happy to salvage spring training

The crack of the bat ringing through BayCare Ballpark in Clearwater on Monday, March 13, was music to the ears of everyone in the stadium, as the Philadelphia Phillies got back to work on the 2022 spring training season following the end of the 99-day Major League Baseball lockout.

The lockout, which was initiated by the owners in December because of a dispute with the players over the collective bargaining agreement, was lifted when the new pact was approved by both parties on March 10. MLB teams quickly began assembling in Florida and Arizona for abbreviated Grapefruit and Cactus League seasons, which will be shortened to roughly 20 games starting this weekend.

“While the outcome took a bit longer than we had hoped, today is a great day for baseball,” Phillies Managing Partner John Middleton said in a statement after the five-year deal was approved. “I believe with our agreement, it will ultimately improve the game for our fans, who deserve the absolute best for their patience in this process.”

Indeed, while the news was met with joy by many baseball fans in Clearwater and Dunedin, longtime spring home of the Toronto Blue Jays and thousands of Canadian snowbirds, the lost games, coming at the height of spring break in Pinellas County, put a damper on many tourists’ travel plans.

“It’s really upsetting and disappointing,” 15-year-old Toronto resident Ethan Reiken said after he watched the Phillies take batting practice, where he snagged a foul ball. “We came here for spring training to see the Jays, so them not playing while we’re down here is really upsetting.”

Toronto residents Ethan, Deborah and Cole Reiken attended Phillies batting practice at BayCare Ballpark in Clearwater. The Reikens had planned to go to several spring training games this week, but the 99-day Major League Baseball lockout killed those plans.

Ethan's parents, Deborah and Cole Reiken, said they were driving around looking for something to do when they saw the Phillies stadium on Old Coachman Road was open, so they decided to pop in."

"It's not what we were hoping for, but it's better than nothing," Deborah Reiken said.

Nearby, Houston resident Matt McCoy was having his picture taken with his 10-year-old son, Ian, by a stadium staffer. Like the Reikens, he said he was trying to salvage what was supposed to be a week filled with baseball.

"We had tickets for three games this week, two here and a Jays game in Dunedin," said McCoy, after watching batting practice on a sunny, 80-degree afternoon. "I was hoping they would get things figured out by the time we got here, but they didn't, so we're just enjoying the great weather."

Houston resident Matt McCoy and his 10-year-old son, Ian, get their photo taken by a BayCare Ballpark staffer after watching the Phillies take batting practice. McCoy came to Pinellas County with plans to see three spring training games, but the 99-day baseball lockout squashed those plans, so he was trying to make the most of the area's great weather.

McCoy said he decided to use his refunded money on tickets to this weekend's Valspar Championship at Innisbrook Golf Resort in nearby Palm Harbor. "We're trying to make the most of it," he said.

That repurposing of tourism dollars is going to be vital in a county still recovering from the pandemic.

Around the corner from the recently renovated TD Ballpark in Dunedin, Simon's Pub was well under capacity on a recent Sunday afternoon. Owner Steve Campbell, who bought the place billed as "Dunedin's oldest pub" last summer, said he thought it would be full of baseball-loving patrons at this time of year.

"If there was a spring training game today, you wouldn't be able to get a seat in here," he said. "Today? Crickets."

Campbell, who has lived in Dunedin most of his life, said he had March in mind when he bought Simon's, which was founded in 1985 and is at 608 Union St.

"The previous owner told me this is when you make your money, and when I learned the games were being canceled, I was highly disappointed because I planned to use the extra money to complete the renovations," he said.

Campbell said he's already made some changes inside, and he just got the permits to build a smoking pavilion out front and hang a new sign on the façade.

"I had to tap into my 401(K) to make some of the improvements, and now I'm just waiting to see how many games and how much traffic we get," he said.

Grapefruit League clubs will play a regionalized schedule, with Florida's West Coast teams playing a minimum of 18 games across 21 days. The Phillies start on Friday, March 18, against the Detroit Tigers in Kissimmee, with the home opener against the Jays set for Saturday, March 19.

Dunedin resident and business owner Steve Campbell shows where the new sign for Simon's Pub is going to be installed. Campbell purchased the pub, located at 608 Union St., last summer with plans to be packed with baseball fans throughout the month of March, but the long Major League Baseball lockout forced him to alter his plans and dip into his 401(k) to continue renovating "Dunedin's oldest pub."

Play Ball: Spring Training Games Begin Friday In Tampa Bay

Shortly after the MLB owners and players reached an agreement Thursday night, players packed up and headed to Florida.

CLEARWATER, FL — Both baseball fans and Pinellas County businesses that depend on the additional dollars generated by spring training are celebrating this week following the end of the Major League Baseball's 99-day lockout.

On Thursday, players and owners resolved their battle over bucks and agreed to end the lockout that threatened to cancel regular-season games for the first time since 1995.

The players' executive board approved a five-year contract at about 3 p.m. Thursday in a 28-12 vote. Owners ratified the deal 30-0 three hours later, and the lockout was lifted at 7 p.m.

Let's go!

The lockout has delayed the start of spring training for the Grapefruit League in Florida where businesses have come to depend on the income generated by out-of-state baseball fans who make the yearly pilgrimage to Florida for spring training games.

For the past two years, the typical \$55 million in revenues generated by spring break in Tampa Bay, including Dunedin, spring training home of the Toronto Blue Jays; Clearwater, spring training home of the Philadelphia Phillies; and Tampa, where the New York Yankees train, have fallen due to the coronavirus pandemic.

This year's lockout threatened a further loss in revenue for local hotels, restaurants and shops that count on baseball fans who come to Florida for spring training games.

A [2018 economic impact study](#) by the Florida Sports Foundation estimated that spring training games in Florida have a \$687 million economic impact on the state and create 7,152 jobs.

Prior to the pandemic in 2019, more than 1.4 million fans attended spring training games in Florida.

A key finding of the survey showed that, of the average total of 6,318 fans per game, 70 percent were from outside the host teams' local markets with 52 percent from out of state.

The fans alone generated nearly \$584 million in economic impact.

It's due this impact that spring training cities and counties have invested millions of dollars in renovations to spring training facilities over the past decade.

The Toronto Blue Jays have been spring training in Dunedin since the ball club was founded in 1977.

But the old Dunedin Stadium (originally called Grant Field), with only 5,500 seats, no longer met the ballclub's needs, and the team was threatening to pull out of Dunedin.

To keep the Bluejays in Dunedin, the city signed a 25-year partnership agreement in which it agreed to spend more than \$102 million in renovations, the largest construction project in the city's history.

The bulk of funding for the project came from Pinellas County tourist development tax money (about \$42 million). The state kicked in another \$14 million from a state fund designated for keeping Grapefruit League teams in Florida, the city of Dunedin contributed \$5.66 million and the ball club invested more than \$20 million.

The funds included a complete renovation and expansion of the existing [TD Ballpark](#) at 373 Douglas Ave., increasing the seating to 8,500.

Additionally, the funds went to the construction of a state-of-the-art, 115,000-square-foot Player Development Complex at 1700 Solon Ave., Dunedin.

The Phillies have been a spring training fixture in Clearwater since 1947, and Clearwater has invested millions of dollars in the team's spring training facilities for 75 years.

The team originally used Carpenter Field until Jack Russell Stadium, at 800 Phillies Drive in Clearwater, was built in 1955. The stadium, now used for high school and college baseball and softball, was originally built with a 4,744 seating capacity and later expanded to 6,942 seats.

When the Phillies outgrew Jack Russell Stadium, the city agreed to build Spectrum Stadium, now called Baycare Ballpark, at 601 Old Coachman Road. The Phillies have been hosting spring training at Baycare Ballpark since 2003.

In 2019, the Phillies and the Clearwater City Council signed a 20-year contract to keep the Phillies in Clearwater in which they agreed to spend \$79.9 million to upgrade both the ball park and the adjacent Carpenter Complex training facility. The Phillies kicking in \$10 million, the city \$16 million, \$40 million from Pinellas Tourist Development Council funds and \$13.7 million from the state's Grapefruit League fund.

The city's portion of the funding came from \$10 million in Penny for Pinellas funds and \$6 million that was diverted from the Sand Key Bridge replacement project.

Improvements to [BayCare Ballpark](#), 601 Coachman Road, which seats 8,500, included a renovated club level, new seating, expanded offices and upgraded air conditioning.

The Carpenter Complex renovations included an expanded clubhouse, a 160-bed dorm, more office space and new dining facilities.

This year marks the 27th spring training season for the Yankees in Tampa.

Built in 1996, the Yankees' spring training field, [George M. Steinbrenner Field](#), is a 31-acre complex centrally located at 1 Steinbrenner Drive near Raymond James Stadium.

During the 2016-2017 off-season, Steinbrenner Field underwent a \$40 million renovation adding new stadium seating, a more convenient main entrance and more than 5,000 square feet of retail space. Six major ballpark enhancements were also added including shade screens, premium spaces and group party areas.

After investing all these funds in spring training facilities, officials for all three cities said they were relieved to learn the players and owners had reached an agreement.

"We're looking forward to spring training starting up," Mayor Frank Hibbard said, noting that the Phillies sent an invitation to the city council to attend opening day ceremonies Saturday.

Spring training officially starts Friday and opening day for Major League Baseball is set for April 7.

Opening day for Major League Baseball is set for April 7. Regular season games originally scheduled for March 31 through April 6 will be rescheduled soon.

INTRODUCTORY SECTION

April 28, 2022

Honorable Mayor, Members of the City Commission
and Citizens of the City of Dunedin, Florida

Mayor, Commissioners, and Citizens:

We hereby issue the Annual Comprehensive Financial Report (ACFR) of the City of Dunedin, Florida (the "City") for the fiscal year ended September 30, 2021. This report fulfills the requirements set forth in Florida Statutes Chapter 218.39 and Rules of the Auditor General of the State of Florida, Chapter 10-550. This report presents a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP), and audited in accordance with Generally Accepted Auditing Standards by a firm of licensed certified public accountants.

The report consists of management's representations concerning the finances of the City. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, the City's management team has established a comprehensive internal control framework designed to both protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the presentation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited in accordance with Generally Accepted Auditing Standards by MSL, P.A. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for fiscal year ended September 30, 2021 are free of material misstatement. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion on the City of Dunedin's financial statements for the year ended September 30, 2021. The independent auditor's report is located at the front of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the Independent auditors.

Profile of the Government

The City, incorporated in June 1899, is located in the western part of the state, bordering the north side of Clearwater, Florida. The City currently occupies a land area of 10 square miles and serves a population of approximately 36,817. The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by State statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing council.

The City operates under the Commission-Manager form of government. Policy-making and legislative authority are vested in a governing body consisting of the Mayor and four Commissioners. The City Commission is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the City Manager, City Clerk, City Attorney and the independent auditor. The City Manager is responsible for carrying out the policies and ordinances of the City Commission, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The City Commission is elected on a non-partisan basis. Commission members, to include the Mayor, serve four-year staggered terms. The Mayor and the City Commission members are elected at large.

The City provides a full range of services, including fire protection and contracted law enforcement; the construction and maintenance of highways, streets, and other infrastructure; library; parks and recreation; marina; golf course, spring training facilities (for the Toronto Blue Jays); water and sewer; reclaimed water; and solid waste. The City also has a Community Redevelopment Agency which is reported within the City's financial statements. Although a legally separate entity, because of their close relationship with the City, the CRA is reported as though they are part of the City (i.e. a blended presentation). Information on this entity can be found under the Reporting Entity section of the Notes to the Financial Statements, on page 49.

The City Commission is required to hold two (2) public hearings on the proposed budget and to adopt a final budget by no later than September 30, the close of the City's fiscal year. The annual budget serves as the foundation for the City's financial planning and control. The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., fire). All of the City's governmental funds are annually appropriated. Department Heads may make transfers of appropriations within a department and fund. Transfers of appropriations between funds, however, require the approval of the City Commission. Budget-to-Actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general, stadium, and penny funds, these comparisons are presented on pages 34 - 36 as part of the basic financial statements. For other governmental funds with appropriated annual budgets, the comparisons are presented on pages 120 - 124.

Local Economy

Dunedin is a city located to the north and west of Tampa, Florida and directly to the north of Clearwater, Florida. The city mainly consists of residential land use (56 percent), with industrial and commercial land uses comprising only 6 percent of the City's land area. The economy of Dunedin is primarily dependent upon tourism, services and retirement living. Major employers include the Pinellas County School System, Mease Dunedin Hospital (a medical complex), Publix Supermarkets, the City of Dunedin, Bay Care Home Care, and Coca-Cola North America. The service industry (banking, retailing, personal services, etc.) has risen significantly to meet the demands of the area's population. Some local demographic data is presented below.

As of September 2021, the City's unemployment was at 3.3 percent and total population at 36,817. The median age was 56.7 years of age and median household income was \$53,534, based on the most recent census data. Approximately 35.8 percent of Dunedin's residents were of retirement age (65 and over) in 2021. The local economy is also influenced during the winter months by a seasonal population of approximately 4,000 people.

Dunedin attractions include: Caladesi Island and Honeymoon Island State Parks located on coastal waters on St. Joseph Sound located within Dunedin's city limits; the Pinellas County Trail; and the newly renovated Spring Training Facility for the Toronto Blue Jays, a major league baseball team. Dunedin has a very low vacancy rate for office and commercial buildings; comparatively few vacant or foreclosed homes; and many events and activities in the City that keep it vibrant and fun year-round. Dunedin remains a choice area in which to reside.

The City has experienced eight consecutive years of increases in taxable property values. In the two most recent years, total taxable assessed value increased year over year by 10.7% and 8.3% in FY 2020 (2019 taxable value) and FY 2021 (2020 taxable value), respectively. Ad valorem taxes collected also increased year over year by \$1.0 million or 9.9% in fiscal year 2020; and \$0.9 million or 8.0% in fiscal year 2021. The increase in property tax revenue is due to higher property values. Property taxes were 35.9% of the general fund revenues in fiscal year 2021.

The general fund's main revenue sources include property tax, utility taxes, state revenue sharing and half cent sales taxes. In fiscal year 2021 utility taxes represent 15.1% of the general fund's revenue. Utility taxes have been relatively consistent over the past several years. State revenue sharing and half cent sales taxes have been relatively stable and together make up 13.1% of general fund revenue. Infrastructure sales tax revenues in the penny fund increased from \$3.9 million in fiscal year 2020 to \$4.6 million in fiscal year 2021, an increase of 16.6%. This revenue source represents approximately 8.8% of the Governmental Activities revenue.

As a result of its strong local economy, sound fiscal policies, strong management, and strong budget flexibility and liquidity the City of Dunedin's S&P Global Rating was raised in October 2018 from AA to AA+.

During FY 2021 the City implemented the Human Resources/Payroll modules of its upgraded Information System in keeping with the City's continuous pursuit of improvement. The City is projected to implement the Accounts Receivable / Cash Receipts and EnerGov modules in FY 2022 and have full implementation and integration completed by fiscal year end. This software facilitates the City working efficiently and being able to provide modern tools to examine data and respond to our stakeholders.

Long-term Financial Planning and Major Initiatives

The City prepares an annual Business Plan which includes initiatives and a six-year Capital Improvements Program (CIP) that includes a long range financial plan (LRFP) for all Funds. The City Manager proposes the Business Plan to the City Commission annually and the City Commission approves the final Business Plan during the annual budget process. The Business Plan is an integral part of the City's planning and budget development process, but does not appropriate funds. The Business Plan provides information to assess the City's long term financial condition in comparison to the short term focus of the annual operating budget and ACFR. Projections are updated and the first year's initiatives and capital projects are incorporated into the next operating budget. The LRFP projects the City's major revenues, operating expenditures, fund balance and capital projects over a rolling six year period.

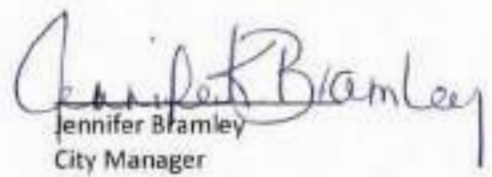

The City's responsible fiscal policies have placed the City in a stronger financial condition which is illustrated by the general fund's unassigned fund balance. At year end, that balance was \$4.3 million or 46.1% of fund balance, and 14.6% of the fiscal year 2021 adopted general fund operating budget. The goal for unassigned fund balance at year end is 15.0% of the current year's adopted operating expenditure budget.

Acknowledgements

Preparation of the ACFR and completion of the audit was made possible by the dedicated efforts of staff of the Finance Department. The City's Auditors, MSL, P.A. are commended for their professionalism in

conducting the audit. MSU's expertise added credibility to contents found within this ACFR. Last, but certainly not least, we would also like to express our appreciation to the Mayor and the City Commission for their support. With their continued leadership, the City can look forward to a secure financial future.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dunedin, Florida (the City) as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City's Municipal Firefighters' Pension Trust Fund which represents 100% of the assets and net position of the fiduciary fund. Those financial statements were audited by other auditors, whose report thereon has been furnished to us and our opinion, insofar as it relates to the amounts included for the aforementioned fiduciary fund, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2021, and the respective changes in financial position, and cash flows, where applicable, and the budgetary to actual comparison for the General Fund and each Major Special Revenue Fund thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

As management of the City of Dunedin, Florida (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the City's financial activities for the fiscal year ended September 30, 2021. We encourage readers to consider the information presented here in conjunction with the additional information furnished in our letter of transmittal, the basic financial statements, and the accompanying notes to the financial statements, which are included in this report.

Financial Highlights

- The City's net position (assets and deferred outflows over liabilities and deferred inflows) is \$238.4 million at the close of fiscal year 2021, an increase of \$16.9 million, or 7.6% over the net position at the prior fiscal year end. This change in net position consisted of an increase to governmental activities of \$16.8 million, and to business-type activities of \$0.1 million over prior fiscal year end.
 - Of this net position amount, \$178.0 million (74.6%) is net investment in capital assets and \$17.1 million (7.2%) is restricted. The remaining \$43.3 million (18.2%) represents unrestricted net position, which may be used to meet the City's ongoing obligations to citizens, creditors and other agencies.
 - General revenues total \$30.2 million or 36.5% of all revenues. Program-specific revenue in the form of charges for services, operating grants and contributions, and capital grants and contributions total \$52.4 million or 63.5% of all revenues.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$43.2 million, an increase of \$17.3 million (67.1%) in comparison with the prior year combined ending fund balances. Unassigned fund balance was \$4.3 million, and therefore available for spending at the City's discretion. The remainder is nonspendable, restricted, committed, or assigned for contracts, programs, or debt.
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed*, *assigned*, and *unassigned* components of *fund balance*) for the general fund was \$7.7 million, or approximately 24.4% of total general fund expenditures including transfers out.
- The City's total outstanding debt increased by \$22.5 million during the current fiscal year. Governmental activities debt increased by \$18.7 million primarily as a result of new debt being issued in the amount of \$20.7 million to fund the construction of the new City Hall complex. Debt obligations for business-type activities increased by \$3.8 million, primarily attributable to the funding provided under the State Revolving Fund loan program towards the construction and refurbishment of the Water Treatment Plant. These changes are illustrated in the "Outstanding Debt" table and in the notes to the financial statements (see Note 4.B., Long-Term Debt).

Overview of the Financial Statements

This discussion and analysis serves as an introduction to the City's basic financial statements. The City's statements consist of three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

SEPTEMBER 30, 2021

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to a private sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows during future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, transportation, economic environment, and culture and recreation. The business-type activities of the City include solid waste, water/sewer utility, stormwater utility, and marina operations.

The government-wide financial statements include not only the City of Dunedin itself, but also the Community Redevelopment Agency (CRA). Although the CRA is legally separate, it is financially accountable to the City. The City Commission serves as the governing body for the CRA.

The government-wide financial statements can be found on pages 27 - 29 of this report.

Fund financial statements. A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing

CITY OF DUNEDIN, FLORIDA

decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the stadium fund, and the penny sales tax fund, all of which are considered major funds. Data from the other five governmental funds are combined into a single, aggregated presentation. The nonmajor government funds are the public art fund, impact fee fund, building fund, county gas tax fund, and community redevelopment agency fund. Individual fund data for each of these non-major governmental funds is provided in the combining and individual fund statements and schedules section of this report.

The City adopts an annual appropriated budget for its governmental funds and prepares budgetary comparison statements to demonstrate compliance.

The basic governmental fund financial statements can be found on pages 30 -36 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its solid waste, water and wastewater utility, stormwater utility, and marina operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for vehicle maintenance, building maintenance, self-insurance functions, and information technology services. All four services have been allocated between governmental and business-type activities based on contribution rates within the government-wide financial statements.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information on each enterprise activity, all of which are considered to be major funds of the City. Conversely, the four internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds are provided in the form of combining statements in the combining and individual fund statements and schedules section of this report.

The basic proprietary fund financial statements can be found on pages 38 - 44 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reported in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The fiduciary fund financial statements can be found on pages 46 - 47 of this report.

Notes to the financial statements. The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are found on pages 49 - 99 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension and other postemployment benefits (OPEB) to its employees. Required supplementary information regarding pension and OPEB funding can be found on pages 102 - 109 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information on pensions and OPEB. Combining statements and other supplementary information schedules can be found on pages 111 - 127 of this report.

Government-wide Financial Analysis

As noted earlier, net position, over time may serve as a useful indicator of a government's financial health. In the case of the City of Dunedin, assets and deferred outflows of \$366.7 million exceeded liabilities and deferred inflows of \$128.3 million by \$238.4 million as of September 30, 2021.

As illustrated in the table on the next page, the largest portion of the City's net position (74.6%) reflects its net investment in capital assets (i.e., land, buildings, infrastructure, improvements other than buildings, and machinery and equipment). The City uses these capital assets to provide a variety of services to its residents. Accordingly, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the City's net position represents resources that are subject to external restrictions on how they may be used, e.g., for debt and capital improvements. Restricted net position increased \$16.3 million during the year, primarily as a result of debt proceeds of \$20.7 million being received during the fiscal year, which are restricted for use towards costs associated with the construction of the new city hall.

The remaining balance represents the City's unrestricted net position. As of September 30, 2021, the City's unrestricted net position was \$43.3 million, an increase of \$7.5 million from the prior fiscal year-end. The unrestricted portion of net position is used to meet the City's ongoing obligations to citizens and creditors.

Governmental activities. The manner in which the City's net position changed during the most recent fiscal year is reflected in the statement of activities, a summary of which is shown in the table on the next page. This statement divides the activities between governmental activities and business-type activities. Governmental activities increased the City's net position by \$16.8 million before transfers. Key elements of this change are as follows:

- Revenues were down in fiscal year 2021 by \$ 36.2 million, or 40.9%, totaling \$52.3 million compared to the prior year's total of \$88.5 million. Capital grants and contributions decreased by \$40.4 million, primarily due to \$43.6 million less funding received from Pinellas County and the Toronto Blue Jays Club in FY 2021 towards the construction of the spring training facility. Partially offsetting this decrease, contributions of \$4.5 million were received from private donors to purchase environmentally sensitive land in FY 2021. Property tax revenue increased \$1.0 million, or 8.2% from fiscal year 2020 as a result of increased property values. Revenue for services was up \$1.8 million compared to the prior fiscal year, in part due to additional fees of \$0.4 million collected for recreational and leisure services in FY 2021 over FY 2020, when such services were limited due to the Covid-19 pandemic; fees for baseball spring training ticket sales and stadium naming rights saw an increase of \$0.4 million over the prior year; and collections from City code enforcement violations were \$0.3 million higher in FY 2021 compared to FY 2020. FY 2021 intergovernmental revenue amounted to \$8.8 million, an increase of \$1.3 million over the \$7.5 million collected in prior FY 2020. Economic improvements and recovery efforts from the pandemic saw FY 2021 increases in the infrastructure sales surtax (\$0.7 million) and half-cent sales tax (\$0.4 million).

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- Total expenses incurred in FY 2021 were comparable to those for FY 2020, decreasing only slightly from \$36.4 million to \$35.5 million, a \$0.9 million reduction. Expenses for general government activities decreased \$0.8 million primarily as a result of full accrual accounting adjustments. The City realized a gain on sale of land referred to as the "Gateway Property" of approximately \$0.4 million; obligations for compensated absences (accrued vacation and sick leave) were \$0.1 million less at the end of FY 2021 compared to FY 2020; and pension obligations under the Florida Retirement System were down \$0.2 million from the prior fiscal year end. Each of these adjustments resulted in reductions to current year expense under the full accrual basis of accounting.

As the bar chart above illustrates, governmental activities typically do not pay for themselves. For example, public safety expenses exceed program revenues by \$8.7 million. The \$3.0 million program revenue surplus in culture and recreation is restricted funding for the new spring training facilities. The revenue associated with this activity funds expenses that have been capitalized as part of the project at fiscal year-end.

The pie chart on the next page shows that overall, 42.7% of offsetting revenues for governmental activity expenses come from specific charges for services (16.0%) and grants (26.7%). The remaining 57.3% of revenue supporting governmental activities comes from property taxes (24.8%), utility service taxes (9.3%), infrastructure surtax (8.8%), and other taxes, fees and revenue sharing (14.4%).

Business-type activities. Business-type activities increased the City’s net position in FY 2021 by \$0.1 million before transfers. Key elements of this increase are as follows:

- Charges for services revenues for business-type activities increased by \$1.1 million, or 3.9% from fiscal year 2020.
 - Water and Sewer utility charges for services revenues were up \$0.4 million or 2.4%, from \$18.4 million to \$18.9 million, in line with the 4.5% average rate increase which went into effect February 1, 2021 for water/sewer unit charges and use fees.
 - Marina operating revenues were up \$0.3 million, or 71.0%, from \$0.3 million to \$0.6 million, primarily as a result of the Marina being fully operational throughout FY 2021 when portions of the Marina were closed for approximately half of prior fiscal year 2020 in order to undertake a dredging project.

- Total expenses before transfers for business-type activities increased by \$0.6 million, or 2.1% from fiscal year 2020. Total revenues before transfers also saw a comparable increase of \$0.7 million between FY 2020 to FY 2021, rising from \$29.5 million to \$30.2 million, primarily as a result of additional revenues realized from scheduled utility rate increases.

Unlike governmental activities, business-type activities are typically able to pay for themselves through specific user charges and other revenue sources. The bar chart below illustrates this case for the City's Solid Waste, Water/Sewer Utility, Stormwater Utility, and Marina Funds. While Stormwater Utility is reflecting a loss, it should be noted that there are significant non-cash expenses such as depreciation reported in the fund. Moreover, the Water/Sewer and Stormwater Utilities generated positive net operating cash flows during the year while the Solid Waste Utility and Marina Operations realized nominal cash flow deficits. This can be further examined in the proprietary funds statement of cash flows on page 44.

Fund Level Financial Analysis

Governmental funds. As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The general fund, stadium fund, penny sales tax fund, and a variety of special revenue funds are recorded in the *governmental funds*. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$43.1 million, an increase of \$17.3 million in comparison with the prior fiscal year. Approximately 10.0% of this amount (\$4.3 million) constitutes unassigned fund balance, which is available for spending. The remainder of the fund balance is either *nonspendable, restricted, committed, or assigned*, to indicate that it is: not in spendable form (\$1.6 million), legally restricted for specific purposes by entities outside the City's control (\$33.9 million), committed for particular purposes (\$1.0 million), or assigned for particular purposes (\$2.3 million). For additional information, see Note 6 – Fund Balance Reporting.

As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents approximately 13.9% of total general fund expenditures for the current fiscal year, while total fund balance represents 138.6% of that same amount.

The total fund balance of the City's general fund increased by \$1.0 million (11.7%) during fiscal year 2021. The most significant factors contributing to the increase include the following:

- Revenues from property taxes increased by \$0.9 million, or 7.9% during FY 2021 compared to the prior year, primarily as a result of higher taxable assessed property values. The Pinellas County Property Appraiser estimated an increase of 8.3% in assessed values within the City of Dunedin during the year generally as a result of increased real estate market values.
- Within intergovernmental revenue, proceeds from the local government half-cent sales tax were up \$0.4 million in FY 2021 over FY 2020, increasing from \$2.3 million to \$2.7 million primarily as a result of slight economic improvements and upturns after the initial FY 2020 impacts from the Covid-19 pandemic. Offsetting this increase, grant revenues derived from federal sources were approximately \$0.6 million less in FY 2021 compared to FY 2020. During FY 2020 the City received federal funds amounting to \$0.9 million from the Federal Emergency Management Agency (FEMA) as reimbursement of costs incurred in prior years towards storm-related events – funding which would not be considered as recurring in nature. During the current fiscal year 2021, additional federal grant funds of \$0.3 million over those received in the prior year were realized and utilized towards reimbursement of Covid-related expenditures.
- Charges for services revenue was up by \$0.4 million, from \$5.6 million in FY 2020 to \$6.0 million in FY 2021 primarily due to additional fees generated from recreational activities. In the latter part of FY 2020 the City initiated operational ownership of the Stirling Park driving range, generating approximately \$36,000 in fee revenue during the final three months of the year. In

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

comparison, during FY 2021 approximately \$235,000 in fee revenue was realized, an increase of over \$199,000. In addition, the City recognized increased revenue in FY 2021 in the areas of sports camps, field rentals, and other leisure and recreational activities which were cancelled or limited in availability during FY 2020 as a result of the Covid-19 pandemic.

- Fine revenue saw an increase of \$0.3 million in FY 2021 compared to prior FY 2020, primarily in the area of code enforcement. In FY 2021 the City took ownership of certain real property as a result of an unsatisfied code enforcement action. The property was sold at auction, with the net proceeds being recognized as fine revenue. This type of revenue is non-recurring in nature.
- Partially offsetting the above-described increases during FY 2021, revenues from transfers-in to the general fund were \$0.4 million less in the current fiscal year compared to prior fiscal year 2020. During FY 2020 the general fund received transfers-in from the building fund of \$244,311 to pay back seed monies provided in a prior year, and \$131,459 from the self insurance internal service fund to help fund a pay plan study approved by the City Commission. These transfers are considered as non-recurring transactions.
- Expenditures related to the transportation program saw a decrease of \$0.4 million in FY 2021 compared to prior FY 2020, primarily due to costs associated with the lease of a parking garage and various parking lots, previously accounted for in the general fund, being accounted for in the community redevelopment agency (CRA) fund during FY 2021.
- Culture and recreation program expenditures increased \$0.9 million in fiscal year 2021 compared to the prior year. Repair and maintenance was up \$0.6 million due to the replacement of the HVAC systems in the City's Community Center and Martin Luther King, Jr. Recreational Center, and ongoing repair costs at the Hale Senior Activity Center increased \$0.1 million over those incurred during the previous year. Non-recurring expenditures of \$0.2 million were also recognized during FY2021 as a result of acquiring and planting trees to enhance the landscape at the newly renovated stadium and player development complex; facilities utilized by the Toronto Blue Jays major league baseball organization for spring training.

The total fund balance of the stadium fund decreased \$2.4 million (38.0%) during fiscal year 2021. Significant factors impacting the decrease include the following:

- Intergovernmental revenues were \$29.7 million less in FY 2021 compared to prior FY 2020. Pursuant to a funding arrangement with Pinellas County, the County agreed to provide \$41.7 million in funding to reimburse costs incurred towards the renovation of the baseball stadium and construction of a player development training complex for the Toronto Blue Jays major league baseball organization. The project timeframe spanned from early FY 2018 through early FY 2021. Multiple funding sources supported project costs, including City contributions, bonded debt proceeds, and funding provided by the Toronto Blue Jays baseball club. County funding was fully utilized and the last of the \$41.7 million applied towards project costs in FY 2020, therefore no comparable revenues from this source were recognized by the City during FY 2021.
- Contribution revenue realized during FY 2021 of \$6.0 million was \$14.0 million less than the \$20.0 million received during FY 2020, all of which was provided by the Toronto Blue Jays baseball club towards their agreed-upon share of the project costs associated with the stadium and player development complex projects. As noted previously, the projects came to completion in early-to-mid 2021, therefore more costs were incurred, and funding provided by the various sources, including the Toronto Blue Jays, during FY 2020 as compared to FY 2021.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- In FY 2021, the City Commission approved the transfer of \$0.5 million from the penny fund to the stadium fund towards the City's share of project costs. A comparable transfer was not authorized during the prior fiscal year.
- Partially offsetting the aforementioned revenue decreases, charges for services revenue was up \$0.4 million in FY 2021 over FY 2020, due to funds received for stadium naming rights and spring training baseball game ticket surcharges, pursuant to agreement with the baseball club.
- Capital outlay expenditures for FY 2021 were \$55.3 million less compared to FY 2020, from \$65.1 million to \$9.8 million. As mentioned previously, the project to renovate the baseball stadium and construct the player development complex reached completion in early 2021. As such, during FY 2020 the project was fully underway for the entirety of the fiscal year, while during 2021 only a few months of activity took place before the project reached completion; thus resulting in the significant reduction in capital expenditures between the two fiscal years.

The penny sales tax fund has a total fund balance of \$24.3 million, all of which is restricted for a specific purpose. The net increase in fund balance during the current year was \$18.1 million. Primary contributors to the fund balance change include the following:

- During FY 2021 the City received revenue in the form of contributions totaling \$4.5 million from private donors towards the purchase of environmentally sensitive lands referred to as the Gladys Douglas Preserve. The total acquisition price of the land was \$10.0 million, with funding provided by the City, Pinellas County, and the \$4.5 million from the not-for-profit.
- Surplus property was sold during the year to a real estate developer as part of the City's initiative to revitalize the downtown corridor and stimulate economic development, with the City recognizing \$1.7 million in sales proceeds.
- In FY 2021 the City authorized the issuance of debt, and subsequently received proceeds totaling \$20.7 million to be used towards funding capital costs associated with the construction of a new City Hall building.
- Capital outlay expenditures incurred towards the design, architecture, and construction of the City Hall building increased from \$1.1 million in FY 2020 to \$3.3 million in FY 2021, an increase of \$2.2 million, as a result of the construction phase of the project getting underway in mid-2021.
- As mentioned above, the City acquired environmentally sensitive land during FY 2021, with the City contributing \$2.0 million, private donors \$4.5 million, and Pinellas County the balance. The \$6.5 million provided by the City and private donors combined was recognized as a non-recurring capital outlay expenditure during FY 2021.
- Capital outlay expenditure reductions of approximately \$2.2 million were realized between FY 2020 and FY 2021 relative to the construction of the emergency operations center and fire training facility. During FY 2020 the project was fully underway for the entirety of the year, while during FY 2021 only a few months of expenditures were incurred since the project reached its completion during early 2021.

As noted earlier the City maintains eight individual governmental funds. The three funds discussed above are all considered major funds. The other five governmental funds (public art, impact fee, building, county gas tax, and community redevelopment agency) are considered nonmajor funds and are summarized in aggregate below.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- The nonmajor funds have a total fund balance of \$5.5 million. The combined fund balances increased by \$0.7 million during FY 2021, with the most significant increases attributable to the building fund (\$0.3 million) and the community redevelopment agency (CRA) fund (\$0.3 million).
- Revenues of the building fund, derived primarily from permit fees, exceeded expenditures during FY 2021 by \$0.3 million. Charges for services revenue of \$1.6 million realized in FY 2021 was down \$0.2 million from the \$1.8 million received in FY 2020. In March, 2021 a new permit fee schedule went into effect which generally reduced permit fees based on construction valuation from approximately 1.5% to 1.0% of value. This reduction in fees was put into place in order to remain compliant with state regulations. Public safety program expenditures accounted for in the building fund were relatively stable between fiscal years 2020 and 2021.
- CRA fund revenues for FY 2021 exceeded expenditures by \$0.3 million. Revenues from property taxes increased by \$0.1 million, or 10.6% during FY 2021 compared to the prior year, primarily as a result of higher taxable assessed property values. The Pinellas County Property Appraiser estimated an increase of 8.3% in assessed values within the City of Dunedin during the year generally as a result of increased real estate market values. Economic environment program expenditures were up \$0.2 million in fiscal year 2021 compared to the prior year, primarily due to costs associated with the lease of a parking garage and parking lots, previously accounted for in the general fund, being moved to the CRA fund. Expenditures for capital outlay in FY 2021 also saw an increase of \$0.3 million over FY 2020, primarily as a result of costs incurred towards the revitalization of the City's John R. Lawrence Pioneer Park.

Proprietary funds. The City's proprietary funds report the same type of information found in the government-wide financial statements, but in more detail.

- In the solid waste fund, net position increased \$0.4 million in comparison to the prior fiscal year end, from \$1.8 million to \$2.2 million. Charges for services revenue increased marginally by \$0.1 million, or 2.1% during FY 2021 compared to prior FY 2020, in line with the authorized rate increase of 2.0% which went into effect at the start of the fiscal year. Expenses for personal services (wages and benefits) of solid waste operations staff decreased by \$0.2 million during FY 2021 compared to prior FY 2020, primarily as a result of position vacancies created by turnover, which also contributed to the annual increase in fund net position.
- In the water/sewer utility fund, net position increased by \$0.6 million (1.6%) during fiscal year 2021. Water/sewer operating revenues increased \$0.5 million (2.9%) during 2021, in line with the 4.5% average increase in water and sewer unit charges and usage fee rates which went into effect February 1, 2021. Operating expenses increased year-over-year by \$0.1 million (1.0%), from \$17.6 million to \$17.7 million as a result of cost of living adjustments for personal services (salaries and benefits), increased consultant fees and repair costs, and interest fees related to a loan from the State to fund the refurbishment of the wastewater treatment plant.
- In the stormwater utility fund, net position decreased by \$0.8 million (6.5%) from fiscal year 2020. Current year revenues totaling \$4.0 million were essentially the same as the prior year's, in line with the utility rate structure which did not provide for a change in the stormwater utility rate between the two years. Total operating expenses were \$0.1 million (1.5%) higher than fiscal year 2020 primarily due to increased costs associated with repair and ongoing maintenance of the stormwater system.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- In the marina fund, net position at the end of FY 2021 increased \$0.1 million, or 3.1% from fiscal year 2020. Operating revenue was up \$0.2 million (70.7%) in comparison with FY 2020 revenue as a result of the marina being fully operational for the entirety of FY 2021, compared to operations being closed for marine craft slip rentals for approximately half of FY 2020 to accommodate a dredging project. Operating expenses increased by \$0.1 million between fiscal years 2020 and 2021 due to additional depreciation expenses associated with capitalized assets.

General Fund Budgetary Highlights

Original budget compared to final budget

Revenues. Budgeted revenues in the general fund increased \$40,000 through a budget amendment. This change was a result of appropriating grant funds to be received from the Florida Department of Economic Opportunity to reimburse expenditures associated with the commissioning of a City-wide multimodal transportation plan.

Expenditures. Budgeted expenditure appropriations in the general fund increased \$2.2 million. Significant changes to expenditure appropriations were:

- Increase of \$0.5 million for HVAC replacement at the Community Center
- Increase of \$0.1 million for the purchase of replacement two-way radios for fire operations
- Increase of \$0.4 million for various repair, maintenance and upgrades at the MLK Center, including roof and HVAC replacements, gym floor refurbishments, and painting of the facility
- Increase of \$0.2 million for the purchase and planting of trees at the renovated baseball stadium and newly-constructed player development complex

Final budget compared to actual results

Revenues. Actual general fund revenues were higher than budget by \$1.0 million or 3.2%. This variance was primarily attributable to the following:

- Unbudgeted grant revenue of \$0.4 million was received in FY 2021 through the federal CARES Act as reimbursement for costs related to the Covid-19 pandemic.
- Actual revenue collected for half-cent sales tax proceeds exceeded budget by \$0.6 million as a result of economic recoveries after the initial impact of the pandemic which were stronger than originally anticipated and forecast during the budget development process.
- Code enforcement fine revenues realized were \$0.5 million higher than projected and budgeted, primarily as a result of the sale of real property which had been taken by the City through a code enforcement action. Proceeds from the sale, which were unbudgeted, amounted to \$0.4 million.

Expenditures. Actual general fund expenditures were under budget by \$2.3 million or 6.8%. Significant variances in budget-to-actual expenditures were primarily due to the following:

- \$0.4 million budgeted for the purchase of SCBA air pack replacements and thermal imaging cameras for fire operations was unspent as a result of other initiatives taking priority as a result of the Covid-19 pandemic. The funds were re-appropriated for these purchases in FY 2022.

CITY OF DUNEDIN, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

- \$0.6 million budgeted for various maintenance & repair or capital improvement projects related to parks and recreation facilities were not committed during the fiscal year due to public safety and health concerns of the Covid-19 pandemic, resulting in project delays. These funds were re-appropriated for the projects as part of the FY 2022 budget.
- \$0.5 million budgeted for contracted attorney fees and legal services in excess of actual expenditures incurred by \$0.2 million.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of September 30, 2021 amounts to \$268.9 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, system improvements, machinery and equipment, park facilities, roads, highways, and bridges. The total net increase in capital assets for the current fiscal year was approximately \$17.2 million or 6.8%, consisting of an increase of \$17.7 million to governmental activities and a decrease of \$0.5 million to business-type activities.

Significant changes to governmental activities capital asset balances between FY 2020 and FY 2021 include the following:

- Land increased by \$8.9 million primarily as a result of the acquisition of environmentally sensitive lands commonly referred to as the Gladys Douglas Preserve property.
- Buildings increased by \$5.3 million, primarily as a result of the completion of the Player Development Complex spring training facility in FY 2021.
- Construction in Progress increased by \$3.7 million pertaining to FY 2021 capital outlay expenditures incurred towards the City Hall construction project.

The slight decrease in business-type activities net capital assets balance is primarily a result of annual depreciation expense, which increased by \$0.7 million from FY 2020 to FY 2021.

Long-term debt. At the end of the current fiscal year, the City had total debt outstanding of \$106.8 million. Of this amount, \$0.5 million is capital leases, and \$106.3 million of the City’s debt represents notes and bonds secured by specific revenue sources (i.e., revenue bonds) and State Revolving Fund loans. The City’s total outstanding debt increased by \$22.5 million during the current fiscal year. This net increase is the result of new debt incurred during FY 2021 to construct the new City Hall office building (\$20.7M) and to construct a water treatment plant (\$5.6M), less debt service payments (\$3.8M) on existing debt during the fiscal year. Additional information on the City’s long-term debt can be found on pages 69 - 77 in the notes to the financial statements (see Note 4.B.).

Economic Factors Impacting Next Year’s Budget

The following factors were considered in preparing the City’s budget for the 2022 fiscal year:

- The unemployment rate in Dunedin as of September 2021 was 3.3%, which is lower than the State of Florida’s unemployment rate of 4.5% as of the same date.
- Dunedin’s property tax rate will remain unchanged at 4.1345 mills.
- The City’s taxable value is estimated to grow by 8.4%.
- As a result of the economic slowdown related to the Covid-19 pandemic, certain general fund revenues will likely continue to experience decreases before anticipated return to growth during FY 2022 and some revenue sources not returning to normal until FY 2023.
- The American Rescue Plan Act of 2021 (ARPA) establishes the Coronavirus State and Local Fiscal Recovery Funds for State and Local governments to assist in their response to the Covid-19 emergency and its economic impacts. The ARPA grant allocation for the City is expected to be \$18.3 million over a two year period, beginning in FY 2022.

City of Dunedin, Florida
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the year ended September 30, 2021

Net change in fund balances - total governmental funds \$ 17,320,119

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The details of this difference are as follows:

Expenditures for capital assets	\$ 23,115,716	
Less current year depreciation	(7,304,651)	
Net book value of disposed assets	<u>(1,234,372)</u>	14,576,693

Other long-term assets are not available to pay for current period expenditures and therefore, are reported as deferred inflows / unavailable revenue in the funds. (13,962)

Governmental funds focus on current financial resources, therefore donations of capital assets are not reported in these funds. However, in the statement of activities the value of the donation is recorded as revenue and the asset is recorded on the statement of net position. 3,500,000

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Debt Issuance	(20,711,000)	
Principal payments	1,810,953	
Premium amortization	<u>102,482</u>	(18,797,565)

The net effect of pension contribution expense is to decrease net position. 602,851

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences / OPEB liability	46,140	
Change in accrued interest expense	<u>(49,158)</u>	(3,018)

Internal service funds are used by management to charge the costs of vehicle maintenance, facility maintenance, and self insurance to individual funds. The net income (loss) of the internal service funds is reported with governmental activities. (374,086)

Change in net position of governmental activities \$ 16,811,032

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below.

A. REPORTING ENTITY

The City of Dunedin, Florida (the "City"), which was founded on June 1, 1899, and incorporated under Chapter 4877, Acts of 1899 of the State of Florida, has a population of approximately 36,817 (which includes seasonal residents) living within an area approximating 10 square miles. The City is contiguous to the northern side of Clearwater, Florida. The City operates under a Charter originally adopted January 6, 1926, and a Commission-Manager form of government. The most recent revision to the City's Charter was on July 27, 2017. The City is a Florida municipal corporation with a five member City Commission comprised of the Mayor (elected at large) and four commissioners. The City's primary operations include providing emergency services, transportation, economic development, social and human services, culture and recreation, as well as water, sewer and solid waste services.

In evaluating the City as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the City may or may not be financially accountable and, as such, may be included within the City's Financial Statements. In accordance with GASB Statement No. 14, the City (i.e. the primary government) is financially accountable if it appoints a majority of the potential component unit's governing board, and (1) it is able to impose its will on the organization, or (2) there is a potential for the potential component unit to provide specific financial benefit to or impose specific financial burden on the City. Further, GASB Statement No. 61 amended Statement No. 14, providing that in order to report a component unit's financial activities as if they were essentially part of the primary government, then (1) the two entities must have a financial benefit or burden relationship, or (2) management of the primary government must have operational responsibility for the activities of the component unit. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Based on the foregoing criteria, the Community Redevelopment Agency (CRA) has been included in the City's financial statements in a blended presentation. The City Commission serves as the CRA Board and has operational responsibility for the CRA. The financial activity of the CRA is presented in this report as a nonmajor governmental special revenue fund of the primary government.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Individual fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All other funds (nonmajor) are combined according to their category, governmental or internal service, and are reported in a single column. Combining statements for nonmajor funds are found beginning on page 116 of this report.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The basis of accounting refers to when revenues, expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded when payment is due.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Property taxes, franchise taxes, intergovernmental revenues, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

- The *General Fund* is the City's primary operating fund. It accounts for all financial sources of the general government, except those required to be accounted for in another fund.
- The *Stadium Fund* is a special revenue fund to account for the receipt and disbursement of revenues from various recreational activities as mandated upon the issuance of Capital Improvement Recreation Certificates.
- The *Penny Fund* is a special revenue fund to account for the costs of public safety equipment, vehicles, and infrastructure having a life expectancy of five (5) or more years, and is funded by proceeds from the one-cent sales surtax approved by Pinellas County, Florida voters.

The City reports the following major proprietary funds:

- The *Solid Waste Fund* is an enterprise fund to account for the provision of solid waste services to the residents of the City and some County residents. All activities necessary to the provisions of this service are accounted for in this fund.
- The *Water/Sewer Utility Fund* is an enterprise fund to account for the provision of water and sewer services to residents of the City, and some County residents. All activities necessary for the provision of these services are accounted for in this fund.
- The *Stormwater Utility Fund* is an enterprise fund to account for the provision of services for the collection, storage, treatment and conveyance of stormwater for the benefit of all developed property within the City.
- The *Marina Fund* is an enterprise fund to account for the financing, operation and maintenance of the City marina and the associated real property.

Additionally, the City reports the following fund types:

- The *Internal Service Funds* account for building maintenance, vehicle maintenance, self-insurance (risk management for property and casualty and health), and information technology provided by one department to other departments of the City on a cost reimbursement basis.
- The *Pension Trust Fund* is a fiduciary fund and accounts for the activities of the Firefighters' Retirement Plan, which accumulates resources for pension benefit payments to firefighters.

As a general rule the effect of the interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including restricted investment earnings. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the solid waste, water/sewer utility, stormwater utility, and marina enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition, such as water/sewer utility fund impact fees, are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND FUND BALANCE/NET POSITION

1. Cash, Cash Equivalents and Investments

The City considers cash on hand and demand deposits with an original maturity of 90 days or less to be cash and cash equivalents. In addition, each fund's equity in the City's investment pool has been treated as a cash equivalent since cash may be withdrawn from the pool at any time without prior notice or penalty.

State statutes and local law authorize the City to invest in direct obligations of the United States, Federally-supported agencies and instrumentalities, Florida government investment pools, commercial paper, repurchase agreements, debt of Florida political subdivisions, money market mutual funds, time deposits, savings accounts and bankers acceptances.

The City categorizes its fair value measurements within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Types and amounts of investments held at fiscal year-end are described in Note 4.A.

2. Receivables and Payables

Activity between funds that is representative of short-term lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "due to/from other funds". All other outstanding balances between funds not expected to be repaid within the availability period are reported as advances. Any residual balances outstanding between the governmental and business-type activities are reported in the government-wide statements as "internal balances."

Long-term advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account categorized as nonspendable in the applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Accounts receivable are recorded in the General, Special Revenue, Enterprise, and Internal Service funds. Where appropriate, an associated allowance for doubtful accounts has been established.

Utility (water/sewer and stormwater), solid waste and marina operating revenues are generally recognized on the basis of monthly cycle billings. The City records utility revenue and receivables for services delivered during the current fiscal year which will be billed during the next fiscal year. Unbilled revenue for utility services as of September 30, 2021 amounts to \$2,141,755.

3. Inventories

All City inventories are maintained on a consumption basis of accounting where items are purchased for inventory and charged to the expenditure accounts as the items are consumed. Inventories held by the General Fund consist principally of general office, printing, traffic control and maintenance supplies. Inventories included in the Water/Sewer Utility Fund consist of parts held for repair and maintenance of the system. Inventories included in the Internal Service Funds consist of maintenance parts, tires, fuels and supplies. Inventories are stated at average or weighted average cost. Appropriate allowances have been recorded for obsolete and surplus items. Inventories are equally offset by a fund balance reserve categorized as nonspendable, which indicates that they do not constitute "available spendable resources" even though they are a component of current assets.

4. Prepaid Items

Payments made to vendors for services that will benefit subsequent fiscal years are recorded as prepaid items. The cost of these items are recorded as expenditures when consumed rather than when purchased. Prepaid items are equally offset by a fund balance reserve categorized as nonspendable, which indicates that they do not constitute "available spendable resources" even though they are a component of current assets.

5. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	10-30
Building Improvements	7-50
Infrastructure	15-50
Improvements other than Buildings	7-50
Machinery and Equipment	5-30

6. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

7. Accumulated Unused Compensated Absences

The City records the "vested portion of accumulated unused compensated absences" at the end of each fiscal year, based on each employee's accumulated unused hours and rate of pay. The accumulated unused portion as of September 30 is treated as both a short-term and long-term liability.

It is the City's policy in its Proprietary Funds to reflect on an accrual basis the amounts of earned but unused vacation leave and that portion of earned but unused sick leave estimated to be payable upon retirement.

8. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the

applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, and any losses on the refunding of any bond issuances (gain or loss on defeasance), are amortized over the life of the bonds using the straight line method, which approximates the effective interest method. Loss on defeasance is the difference between the reacquisition price of the refunded debt and the net carrying amount at the time of the refunding. Bonds payable are reported net of the applicable unamortized bond premium or discount or deferred loss on refunding.

9. Postemployment Health and Life Insurance Benefits

The City makes available healthcare insurance for eligible retirees through the City's group health insurance plan, which covers both active and retired members. Retirees pay the full cost of healthcare insurance, which is a single, blended premium rate that is used for both active employees and retired members. The City follows the provisions of GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" by recognizing annual Other Postemployment Benefits (OPEB) expense and related obligations.

10. Restricted Assets

A portion of assets are restricted due to constraints that are either 1) externally imposed by creditors (debt covenants), grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation. Cash and cash equivalents held as customer deposits, impact fee revenue or other deposits are shown as restricted.

11. Unearned Revenue

Certain receipts are unearned because the revenue has been received, but not earned. These payments are received in advance of the services provided. The unearned revenue will be recognized as revenue in the fiscal year it is deemed earned or in the year that it becomes available.

12. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future time period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

13. Fund Balance

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City has established limitations on the use of resources through commitments (committed fund balance) or assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for specific purposes determined by a formal action of the City's Commission, via resolution and must be removed in the same fashion.

Amounts in assigned fund balance are also intended to be used for specific purposes but do not meet the criteria to be classified as committed. The Commission has by resolution authorized the City Manager or Finance Director to assign fund balance.

14. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue, and Capital Projects Funds. Since they do not constitute expenditures or liabilities, encumbrances outstanding at year end are reported as restricted, committed, or assigned fund balances, depending on the nature of each encumbrance.

15. Net Position

Net position reported in the government-wide and proprietary fund financial statements is categorized as net investment in capital assets, restricted or unrestricted. The first category represents net position related to net investment in capital assets. Restricted net position represents net position restricted for capital projects, community redevelopment, the stadium, housing services, public safety, bequests, and other externally imposed constraints or imposed by law through constitutional provisions or enabling legislation.

E. REVENUES, EXPENDITURES AND EXPENSES

1. Property Taxes

All real and tangible personal property taxes are due and payable on November 1 of each year, or as soon thereafter as the assessment roll is certified by the County Property Appraiser. The County mails to each property owner on the assessment roll a notice of tax levy by the various governmental entities in the County. Taxes may be paid upon receipt of such notice with discounts at the rate of 4% if paid in November, 3% if paid in December, 2% if paid in January and 1% if paid in February. Taxes paid during the month of March are without discount. All unpaid taxes on real and tangible personal property become delinquent on April 1 of the year following the year in which the taxes were assessed.

On or before April 25 of each year, a list of delinquent personal property tax payers is advertised. Warrants are issued directing seizure and sale of the personal property of the taxpayer if the delinquent taxes are not paid before May 1. On or before June 1 of the following year in which taxes are assessed, liens are filed and tax certificates are sold on all real estate parcels with outstanding taxes.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

The City is permitted by state law to levy taxes up to 10 mills of assessed valuation (exclusive of taxes levied for the payment of bonds). The millage rate levied by the City for the fiscal year ended September 30, 2021 was 4.1345.

2. Operating Subsidies, Grants, and Impact Fees

Grants to proprietary funds used for construction or to finance current operations are recorded as contributions or non-operating revenue, respectively, when earned.

Impact fees represent a capacity charge for the proportionate share of the cost of expanding, oversizing, separating or constructing new additions to the Utility System. The City is obligated to expend these funds only to provide expanded capacity to the system. Water and sewer impact fee revenues are classified as contributions.

3. Interfund Transactions

Interfund sales and purchases are accounted for as fund revenues, expenditures or expenses (as appropriate). Transactions which constitute reimbursements to a fund for expenditures (expenses) initially made are recorded as expenditures or expenses (as appropriate) in the reimbursing fund, and as reductions of the expenditures (expenses) in the reimbursed fund. All interfund transactions except loans, reimbursements and interfund sales and purchases are accounted for as transfers.

4. Administrative Charges

Certain administrative expenses are incurred by the General Fund on behalf of the other funds. In addition, some administrative charges are incurred by the Water/Sewer Utility Fund for services rendered that benefit other funds. Both the General Fund and the Water/Sewer Utility Fund receive payment for these services based on a percentage allocation in accordance with budgeted appropriations. These administrative reimbursements for the year ended September 30, 2021, are presented below.

Reimbursements to the General Fund were charged to the following funds:

Fund	Amount
Building	\$ 63,100
Solid Waste	487,500
Water/ Sewer Utility	1,441,300
Marina	47,300
Stormwater	326,800
Total	\$ 2,366,000

CITY OF DUNEDIN, FLORIDA

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental fund balance sheet includes a reconciliation between *fund balance-governmental funds* and *net position-governmental activities* as reported in the government-wide statement of net position.

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances–total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. THE CITY’S BUDGET POLICY IS SUMMARIZED AS FOLLOWS:

1. Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all funds. All annual appropriations lapse at fiscal year-end.
2. The City Manager submits to the City Commission a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures/expenses and the means of financing them.
3. Public hearings are conducted to obtain taxpayer comments.
4. The budget is approved by the City Commission through the passage of a resolution. The level on which expenditures/expenses may not legally exceed appropriations is at the fund level.
5. The appropriated budget is prepared by fund, function and department. The City Manager is authorized to transfer budgeted amounts between departments, and make budget transfers affecting personnel, provided these changes have a zero net effect on the City’s budget. All increases and decreases in fund balance, personnel budget changes, and transfers between funds, must have City Commission approval.

B. ESTABLISHMENT/ELIMINATION OF FUNDS

During the fiscal year ended September 30, 2021 there were no funds established or eliminated.

NOTE 4 – DETAIL NOTES - ALL FUNDS

A. ASSETS

1. Cash and Cash Equivalents and Investments

The City of Dunedin maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is reported in "Cash and Cash Equivalents." Interest earned by this pool is distributed monthly to each fund based on the fund's cash balance.

The City's investment policy and guidelines are defined by City ordinance. The written investment policy was last revised, by City Commission approval, on July 23, 2019. The policy specifies limits by instrument and institution (within instrument) and establishes a diversified investment strategy, minimum credit quality and authorized institutions available as counterparties. In addition to authorizing investment instruments, the City's policy also identifies various portfolio parameters addressing issuer diversification, term-to-maturity and liquidity. Implementation and direction, within policy limits, is managed by the Director of Finance, with City Manager approval required for all transactions.

The investment policy of the City of Dunedin Municipal Firefighters Pension Trust Fund was created by, and is periodically amended by, the pension board.

a. Custodial Credit Risk – Cash and Investments

Custodial credit risk is defined as the risk that a government will not be able to recover deposits or the value of its investments in the event of a failure of a depository financial institution or a third party holding the investment securities.

The City's investment policy requires that time deposits, demand deposits, savings accounts and non-negotiable certificates of deposit must be held by institutions organized under the laws of Florida and/or in national banks organized under the laws of the United States and doing business and situated in Florida as qualified public depositories, ensuring that any such deposits are secured and collateralized according to the Florida Security for Public Deposits Act (Chapter 280 of the Florida Statutes). In addition, the policy requires all investment securities to be held by a third party custodian in the name of the City.

Securities transactions between a broker-dealer and the custodian involving the purchase or sale of securities must be made on a "delivery vs. payment" basis to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusions of the transaction.

As of September 30, 2021, the bank balance of the City's cash deposits was \$8,916,588. The bank balance is insured by federal depository insurance and, for the amount in excess of such federal depository insurance, is collateralized pursuant to Chapter 280, Florida Statutes. Under this Chapter, in the event of default by a participating financial institution (a

qualified public depository), all participating institutions are obligated to reimburse the government entity for the loss.

The investment policy of the City of Dunedin Municipal Firefighters Pension Trust Fund (the Firefighters Pension Plan) requires all securities to be held by a third party custodian (Salem Trust Company) in the name of the Firefighters Pension Plan. Securities transactions between a broker-dealer and the custodian involving the purchase or sale of securities must be made on a “delivery vs. payment” basis to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction.

As of September 30, 2021, the Firefighters Pension Plan’s investments are managed under separate investment agreements with Great Lakes Advisors, LLC, Rockwood Capital Advisors, LLC and Harding Loevner LP. These agreements give Salem Trust Company the custodianship, but gives Great Lakes Advisors, LLC, Rockwood Capital Advisors, LLC and Harding Loevner LP the authority to manage the investments. These assets are invested in accordance with specific investment guidelines as set forth in the Plan.

The Firefighters Pension Plan invests in Barings Core Property Fund, which is an alternative real estate investment vehicle. The real estate funds are open end, commingled private real estate portfolios valued using the net asset value (NAV) provided by the investment managers of the fund. The NAV is based on the value of the underlying assets owned by these funds minus its liabilities and then divided by the number of shares or percentage of ownership outstanding. The investments of the fund are valued quarterly. Withdrawal requests must be made 60 days in advance and may be paid in one or more installments.

b. Credit Risk

Credit risk is the risk resulting from potential default of investments that are not financially sound. The City’s investment policy limits credit risk by restricting authorized investments to include only the following types, along with the following minimum credit rating, where applicable:

- U.S. Treasuries
- U.S. Agencies and Government Sponsored Enterprises (AAA/Aaa)
- Local Government Investment Pools (AAAm or equivalent)
- The State Board of Administration (SBA) or Florida PRIME (AAAm or equivalent)
- General or Revenue Debt Obligations of State and Local Governments (AAA/Aaa)
- Money Market Mutual Funds (AAAm)
- Money Market Savings Account
- Bank Deposits / Certificates of Deposit
- Corporate Debt Instruments and Commercial Paper (AA-/Aa3)
- Repurchase Agreements (A1+/P1/F1+)

Florida SAFE is a surplus asset trust fund, which was developed by and for Florida local governments. Florida SAFE adheres to the requirement to maintain a net asset value of \$1.00 per share or higher. Florida SAFE invests its proceeds in U.S. Government Agencies and Commercial Paper. Florida CLASS and FL Star are intergovernmental investment pools authorized under Section 218.415 Florida Statutes. SBA-Florida PRIME operates as a '2a-7 like' fund. The Morgan Stanley Fund is an exchange traded Institutional Liquidity Fund that focuses on preserving capital and liquidity. There are no withdrawal restrictions for any of the investments referenced in this paragraph.

In accordance with GASB Statement 72, *Fair Value Measurement and Application*, the City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices in active markets for identical assets
- Level 2 inputs are significant other observable inputs
- Level 3 inputs are significant unobservable inputs

The Firefighters Pension Plan's investment guidelines limit its fixed income investments to a credit quality rating of "A" or equivalent as rated by Moody's or by Standard & Poor's bond rating services at the time of purchase. Fixed income investments which are downgraded below the minimum rating must be liquidated at the earliest beneficial opportunity.

For both City owned investments and Firefighter Pension owned investments, standardized hierarchy levels are indicated in the investment type listings shown in the table on the previous page. The levels were established to provide an understanding of the techniques used to arrive at fair value. Investments classified as Level 1 use quoted prices at September 30 in active markets from the custodian bank's external pricing vendor. Investments classified as Level 2 are evaluated prices from the custodian bank's external pricing vendor. This pricing methodology involves the use of evaluation models, such as matrix pricing, which are based on the investments' relationship to benchmark quoted prices.

c. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributable to the quantity of investment in a single issuer. To limit this risk, the City's investment policy requires diversification of the portfolio with maximum limits on what can be invested per investment type. In addition to a maximum level of investment in aggregate by security type, no more than 25% of the City's investment portfolio may be invested in a single issuer. The maximum concentration limits per investment type allowed by the City's investment policy are as follows:

- U.S. Treasuries – 95%
- U.S. Agencies and Government Sponsored Enterprises – 40%
- Local Government Investment Pools – 75%
- The State Board of Administration (SBA) or Florida PRIME – 5%
- General or Revenue Debt Obligations of State and Local Governments – 10%
- Money Market Mutual Funds – 50%
- Money Market Savings Account – 40%
- Certificates of Deposit – 40%
- Corporate Debt Instruments and Commercial Paper – 10%, 40%
- Repurchase Agreements – 10%

The Firefighters Pension Plan's policy limits investments in foreign fixed income or equity securities to 25% of the total portfolio. The equity and bond investment mix is targeted at 65% equities and 25% bonds. In addition, not more than 5% of the portfolio may be invested

in common stock of any one issuing company. The Firefighters Pension Plan had no investments that individually represented 5% or more of the Plan's net assets available for benefits as of September 30, 2021.

d. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment in debt securities. Generally, the longer time to maturity equates to greater exposure to interest rate risk. The City manages its exposure to fair value losses arising from increasing rates through its adopted investment policy. The City's policy limits its fixed portfolio's weighted average maturity to 3 years and the duration of the overall portfolio to 5 years. At September 30, 2021 the City's investments in U.S. Government Agencies had weighted average maturities of 3.1 years.

The Firefighters Pension Plan's investment policy limits the effective duration of its fixed income portfolios through the adoption of the Barclays Capital Aggregate Bond Index benchmark. The U.S. Government obligations had an effective duration of 5.9 years; the U.S. Government agencies 4.3 years, and corporate obligations 7.6 years.

2. Receivables

a. Notes Receivable

On March 11, 2016 the City entered into a Development Agreement with Developer, 203 N. Marion Street, L.L.C. to convey City property valued at \$400,000. In return for the conveyance of the City property to the Developer, the Developer will pay its purchase obligation amortized over a 20 year period with interest and annual installments of \$32,211. The payments to the City will be applied against the City's obligations under the terms of the Lease. The principal amount outstanding on the note receivable as of September 30, 2021 is \$348,057.

i. State Revolving Fund Note Payable, DW520260 and DW520261

The City approved two loan agreements with the State of Florida for State Revolving Funds (SRF). The purpose of this type of funding is to provide low-interest loans to plan, design, and build water and sanitation infrastructure. The City is utilizing this funding to construct a reverse-osmosis water treatment plant.

This type of loan is structured as a cost-reimbursement agreement. Eligible expenses are submitted to the State for review and reimbursement. These reimbursement payments, over time, become the principal amount of the loan. For both agreements, the City is eligible for funds totaling up to \$32.3 million.

Debt service on the SRF loans DW520260 and DW520261 is not included in the Debt Service Requirements table reflected on the previous page because the loans are not fully drawn. If, when the loans are fully drawn, repayments on both loans will commence in November, 2022 with semi-annual payments due in the annualized amounts reflected below.

NOTE 5 – OTHER INFORMATION

A. PENSION

1. Florida Retirement System (FRS) and Retiree Health Insurance (HIS) Program

In fiscal year 2015, the City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pension*, for reporting the employers' proportionate share of the net pension liabilities for the FRS and HIS defined benefit pension plans.

Detailed information about FRS and HIS Pension Plans' fiduciary net positions are available in the separately issued FRS Annual Comprehensive Financial Report (ACFR). The FRS ACFR is available by mail P.O. Box 9000, Tallahassee, Florida 32315-9000; by telephone at (850) 907-6500; by e-mail at rep@dms.myflorida.com; or at the Division's Web site (http://www.dms.myflorida.com/workforce_operations/retirement/publications).

Florida Retirement System (FRS)

Plan Description - All of the City's non uniformed full-time employees (hired before January 1, 1996) participate in the Florida Retirement System (FRS). It is a cost-sharing, multiple-employer defined benefit pension plan.

The City of Dunedin contributes to the FRS for the benefit of these employees. This retirement system is administered by the Florida Department of Management Services, Division of Retirement.

FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Annual cost of living adjustments are based on the participant's years of service prior to July 1, 2011. Chapter 121 of the Florida Statutes assigns the authority to establish and amend benefit provisions to the Department of Management Services through the Division of Retirement.

Benefits are computed on the basis of age, average final compensation, and service credit. Regular class employees who retire at or after age 65 with 8 years of credited service (age 62 with 6 years of service if enrolled prior to July 1, 2011) regardless of age are entitled to a retirement benefit payable monthly for life equal to 1.60% to 1.68% (depending on their service class) of their average final compensation for each year of credited service. Final average compensation is the employee's average of the five highest years of salary earned during credited service.

Vested employees with less than 33 years of service (30 years of service if enrolled prior to July 1, 2011), may retire before normal retirement age and receive benefits that are reduced 5% for each year prior to normal retirement age or date.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

The FRS Deferred Retirement Option Program (DROP) is available under the FRS Pension Plan when the member first reaches eligibility for normal retirement. DROP allows a member to retire while continuing employment for up to 60 months. While in DROP, the member's retirement benefits (increased by a cost-of-living adjustment each July) accumulate in the FRS Trust Fund and earn interest compounded monthly, equivalent to an effective annual rate of 6.5%.

The election to participate in DROP must be made within 12 months of the member's normal retirement date, unless the member is eligible to defer the election. To participate for the maximum DROP period, the member must enter DROP upon first reaching eligibility for normal retirement, or upon reaching an eligible deferral date as described below:

- A member of the Regular Class, Elected Officers' Class, or the Senior Management Service Class who reaches his or her normal retirement date before reaching age 57 may defer DROP entry until age 57 and still participate for 60 months.
- A member of the Elected Officers' Class who reaches his or her normal retirement date during a term of office may defer the DROP election until the next succeeding term in that office and still participate for up to 60 months or until the end of the succeeding term, whichever is less.

Upon termination, the DROP account is paid out as a lump-sum payment, a rollover, or a combination partial lump-sum payment and rollover, and monthly benefits are paid to the member in the amount as calculated upon entry into DROP, plus cost-of-living adjustments for intervening years.

In most cases, the DROP participant must cease employment after a maximum of 60 months in DROP, must satisfy the termination requirements for retirement, and is subject to reemployment restrictions thereafter. However, effective July 1, 2002, a DROP participant who holds an elective office covered by the Elected Officers' Class may end DROP participation and postpone compliance with termination requirements and reemployment limitations until he or she no longer holds the elective office (including consecutive terms in the same office). For the period of time between the end of DROP participation and termination, no retirement credit is earned and the member's DROP accumulation accrues no additional monthly benefits (but continues to earn interest).

The FRS funding policy provides for monthly employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll are adequate to accumulate sufficient assets to pay benefits when due. The FRS requires a 3% contribution for members effective July 1, 2011. Governmental employers are required to make contributions based on statewide rates. The FRS establishes contributions based on the state fiscal year, which begins July 1st. For the period of October 1, 2020 to June 30, 2021, the contribution rates, by job class, were as follows: regular employees 10.00%, senior management 27.29%, and DROP participants 16.98%. The City's contribution includes .06% for an administrative and educational fee. For the period of July 1, 2021 to September 30, 2021, the contribution rates, by job class, were as

follows: regular employees 10.82%, senior management 29.01%, and DROP participants 18.34%. The City's contribution includes .06% for an administrative and educational fee. These fees do not apply to DROP participants. FRS also provides disability and survivors' benefits. Benefits are established by Florida State Statute. The contribution requirements of employers are established and may be amended by the Division of Retirement.

The City's contributions to the FRS Pension Plan (not including the 1.66 percent HIS Program Contributions or employee contributions) totaled \$233,798 for fiscal year ending September 30, 2021. Employee contributions totaled \$44,225 for the same period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2021 the City reported a liability of \$481,420 for its proportionate share of the FRS Pension Plan net pension liability. The City's proportionate share of the total FRS net pension plan liability was 0.006373160%.

For the year ended September 30, 2021, the City recognized a negative pension expense of \$387,958 for the FRS Pension Plan. This was primarily due to a significant reduction in the City's proportionate share of the net pension liability, from \$3.3 million at the end of prior FY 2020 to \$0.5 million at the end of FY 2021, and the pension plan's funded ratio increasing from 78.85% to 96.40% during the same period. At September 30, 2021 the City reported deferred outflows of resources and deferred inflows of resources related to pensions for the FRS Pension Plan from the following sources:

	Deferred Outflow of Resources	Deferred Inflow of Resources
	<u> </u>	<u> </u>
Differences between expected and actual experience	\$ 82,516	\$ -

The deferred outflows of resources related to pensions totaling \$58,493 resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2022. Other amounts reported for the FRS Pension Plan as deferred outflows of resources and deferred inflows of resources related to the pensions will be recognized in pension expense as follows:

Actuarial Assumptions – The total pension liability for the FRS Pension Plan was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions listed below.

The actuarial assumptions that determined the total pension liability of the FRS Pension Plan as of June 30, 2021, were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Valuation Date	July 1, 2021
Measurement date	June 30, 2021
Discount rate	6.80%
Investment rate of return	6.80%
Inflation	2.40%
Salary increases, including inflation	3.25%
Mortality	PUB-2010 base table with projection scale MP-2018
Actuarial cost method	Individual Entry Age

The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in funding valuations of the defined pension plan pursuant to section 216.136 (10), Florida Statutes. There were no substantive changes in actuarial assumptions between the current and prior year.

Discount Rate – The discount rate used to measure the total pension liability for the FRS Pension Plan disclosed above is based on a projection of cash flows that assumed that employee contributions will be made at the current contribution rate and the contributions from participating members will be made at statutorily required rates, actuarially determined. Based on those assumptions, the FRS Pension Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Long-Term Expected Rate of Return – To develop an analytical basis for the selection of the long-term assumption for the FRS Pension Plan, the 2021 FRS Actuarial Assumptions Conference reviewed long-term assumptions developed by multiple contracted capital market assumptions teams. The table below shows resulting assumptions for each of the asset classes in which the plan was invested based on the long-term target asset allocation. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. The expected real rate of return is presented in arithmetic means.

Retiree Health Insurance Subsidy (HIS) Program Defined Benefit Pension Plan

Plan Description – The HIS Pension Plan is a cost-sharing multiple-employer defined benefit pension plan established to provide a monthly subsidy payment to retired members of any state-administered retirement system in order to assist such retired members in paying the costs of health insurance. Persons are eligible for health insurance subsidy payments who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system except those individuals who are pension recipients under Section 121.40, 237.08(18)(a) and 250.33, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when he or she terminates employment with all employers participating in the Florida Retirement System and:

- For a member of the FRS investment plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes and meets the definition of retiree in Section 121.4501(2), Florida Statutes.
- For a member of FRS defined benefit pension plan, or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan.

Any person retiring on or after July 1, 2001, as a member of the FRS including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability per provisions under Chapter 112, Florida Statutes.

Benefits Provided – The benefit of the HIS Pension Plan is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare. Terms of the benefits provided by the Plan may be amended only by the State Legislature with a change in the Statutes governing the Plan.

Contributions – The HIS Pension Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross

compensation for all active FRS members. For the fiscal year ended June 30, 2021, the contribution rate was 1.66 percent of payroll pursuant to section 112.363, Florida Statutes. There are no employee contributions required for the HIS Pension Plan. HIS Pension Plan contributions are deposited in a separate trust fund from which HIS payments are authorized.

The City's contributions to the HIS Pension Plan totaled \$33,330 for the fiscal year ended September 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2021 the City reported a liability of \$736,199 for its proportionate share of the HIS Pension Plan net pension liability. The City's proportionate share of the total HIS net pension plan liability was 0.006001668%.

For the year ended September 30, 2021, the City recognized a negative pension expense of \$91,695 for the HIS Pension Plan as a result of the City's proportionate share of the net pension liability being reduced from \$0.9 million to \$0.7 million between fiscal year ends 2020 and 2021, and the Plan's funded ratio increasing from 3.00% to 3.56% during the same period. At September 30, 2021 the City reported deferred outflows of resources and deferred inflows of resources related to pensions for the HIS Pension Plan from the following sources:

	Deferred Outflow of Resources	Deferred Inflow of Resources
	<u> </u>	<u> </u>

The deferred outflows of resources related to pensions totaling \$8,085 resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2022. Other amounts reported for the FRS Pension Plan as deferred outflows of resources and deferred inflows of resources related to the pensions will be recognized in pension expense as follows:

Actuarial Assumptions – Actuarial valuations for the HIS Program are conducted biennially. The July 1, 2021, HIS valuation is the most recent actuarial valuation and was used to develop the liabilities for the June 30, 2021, financial reporting exhibits shown on the following page. Liabilities originally calculated as of the actuarial valuation date have been recalculated as of a later GASB Measurement Date using standard actuarial roll forward procedures. The discount rates used at the two liability measurement dates differ due to changes in the applicable municipal bond index between dates.

The actuarial assumptions that determined the total pension liability of the HIS Pension Plan as of June 30, 2021, were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Inflation	2.40%

Discount Rate – In general the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Pension Plan is essentially funded on a pay as you go basis, the depletion date is considered to be immediate, and the single rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate decreased by 0.05% from 2.21% at June 30, 2020 to 2.16% at June 30, 2021 due to changes in the applicable municipal bond index.

Long-Term Expected Rate of Return – as stated above, the HIS Pension Plan is essentially funded on a pay as you go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumption for cash flows into and out of the pension plan, or assumed asset allocation.

Sensitivity of the City’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate – The following presents the City’s proportionate share of the net pension liability of the HIS Pension Plan calculated using the discount rate of 2.16 percent. Also presented is what the City’s proportionate share of the FRS Pension Plan net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16 percent) or 1-percentage-point higher (3.16 percent) than the current rate:

2. Firefighters’ Retirement Fund

The City of Dunedin Municipal Firefighters’ Pension Trust Fund issues a publicly available financial report that includes financial statements and required supplementary information for single employer pension plans. That report may be obtained by writing to: Davidson, Jamieson & Cristini, P.I., 1956 Bayshore Boulevard, Dunedin, FL, 34698.

GASB Statement 67 Financial Reporting For Pension Plans, requires certain disclosures to be made for state and local government pension plans. It requires the net pension liability (asset) to be measured as the total pension liability, less the amount of the pension plan’s fiduciary net position. The total pension liability (asset) should be determined by (a) an actuarial valuation as of the date of measurement, or (b) the use of update procedures to roll forward the measurement date amounts from an actuarial valuation as of a date no more than 24 months prior to the pension plan’s fiscal year end. Since the Firefighters’ Pension Plan issues its own financial statements incorporating these disclosures, these disclosures are not included in the City’s notes to its financial statements.

Contributions are received from members through payroll deductions at 5.5% of wages. Employer contributions include Chapter 175 Premium Tax Refunds received from the State of Florida under Florida Statutes and any additional amount determined by the actuary to fund the plan properly according to State Laws. If a non-vested firefighter retires, dies, becomes disabled, or terminates employment with the City, accumulated contributions paid by the firefighter are refunded to the firefighter or the designated beneficiary.

NOTES TO THE FINANCIAL STATEMENTS

Plan Membership in the Plan as of October 1, 2019:

Group	Number of Employees
Inactive plan members or beneficiaries currently receiving benefits	51
Inactive plan members entitled to but not yet receiving benefits	2
Active plan members	47
Total	<u>100</u>

Pension Benefits under the Plan include retirement benefits as well as death and disability benefits. To be eligible for normal retirement the participant must be age 55 with 10 years of service or age 52 with 25 years of service. Benefits are equal to 3% of the participant's average final compensation for each of the first 25 years of credited service and 2% of average compensation for each year in excess of 37.5 years. Service between 25 and 37.5 years does not add benefits. Beginning in April 2003, a supplemental monthly benefit of \$3 per year of service, not to exceed \$75, was added for future retirees. In fiscal year 2016 the supplemental monthly benefit was increased to \$13 per year of service, and the limitation not to exceed \$75 was increased to \$325. In fiscal year 2019 the supplemental monthly benefit was increased to \$16 per year of service and the limitation to \$400. A participant is vested after ten years of service.

Deferred Retirement Option Plan (DROP) is available to any plan member who is eligible to receive a normal retirement pension. Upon electing to participate in DROP, the member becomes a retiree for all Plan purposes while continuing his or her active employment as a firefighter. He or she ceases to accrue any further benefits under the pension plan. Normal retirement payments that would have been payable to the member as a result of retirement are accumulated and invested in the DROP to be distributed to the member upon his or her termination of employment. Participation in the DROP ceases for a Plan participant after the earlier of 5 years or the attainment of thirty years of service.

Basis of Accounting - The accrual basis of accounting is used for the Plan. Under the accrual basis of accounting, revenues are recognized when they are earned and collection is reasonably assured, and expenses are recognized when the liability is incurred. Plan member contributions are recognized in the period in which the contributions are due. City contributions to the plan, as calculated by the Plan's actuary, are recognized as revenue when due. Benefits and refunds are recognized when due and payable, in accordance with the terms of the plan. Investments are measured at fair value based on quoted market prices for securities held by the Plan.

Valuation of Investments – Investments of common stock and bonds traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the past reported bid and asked prices; investments in securities not having an established market value are valued at fair value as determined by the Board of Trustees. The fair value of an investment is the amount that the

Plan could reasonably expect to receive for it in a current sale between market participants, other than in a forced or liquidated sale. Investment transactions are recorded on a trade date basis.

Investment income is recognized on the accrual basis as earned. Unrealized appreciation or depreciation in fair value of investments includes the differences between cost and fair value of investments held. The net realized and unrealized investment appreciation or depreciation for the year is reflected in the Statement of Change in Fiduciary Net Pension.

The City’s Firefighters’ Pension Plan’s net pension liability recorded in the September 30, 2021 financial statements was measured as of September 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The City’s firefighters’ net pension liability at September 30, 2021 will agree to the Change in Net Pension Liability (Asset) schedule that is presented on the following page. The City’s firefighters’ pension plan’s fiduciary net position used in the calculation is dated as of the measurement date of September 30, 2020 and will agree to the Pension Plan’s financial statements as of September 30, 2020.

Actuarial Assumptions – The total pension liability (asset) was determined by an actuarial valuation as of October 1, 2019 updated to September 30, 2020 using the following actuarial assumptions:

Inflation	2.50%
Salary increases	Service Based
Discount Rate	7.50%
Investment rate of return	7.50%

Mortality Rate Healthy Lives:

Female: PubS.H-2010 (Below Median) for Employees, set forward one year.

Male: PubS.H-2010 (Below Median) for Employees, set forward one year.

Mortality Rate Healthy Inactive Lives:

Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

Mortality Rate Disabled Lives:

Male: 80% PubG.H-2010 for Disabled Retirees / 20% PubS.H2010 for Disabled Retirees.

The inflation assumption remained the same as prior year at 2.50%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for

each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included the pension plan's target asset allocation as of September 30, 2020, are summarized in the following table:

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Discount Rate – The discount rate used to measure the total pension liability was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the City’s contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of Net Pension Liability to Changes in the Discount Rate – The following table illustrates the impact of interest rate sensitivity on the net pension liability (asset) as of September 30, 2021.

	1% Decrease 6.50%	Rate 7.50%	1% Increase 8.50%

Detailed information about the pension plan’s fiduciary net position is available in a separately issued Plan financial report.

For the year ended September 30, 2021, the City will recognize a pension expense of \$663,608. At September 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflow of Resources	Deferred Inflow of Resources
Differences between expected and actual experience	\$ 11,438	\$ 829,793

The deferred outflows of resources related to the City contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net position liability (asset) for the year ended September 30, 2021. Deferred inflows of resources related to pensions will be recognized in pension expense as follows:

3. Defined Contribution Plan

Beginning January 1, 1996, the City began providing retirement benefits for all of its regular status employees not covered under the Florida Retirement System or the Municipal Firefighters' Pension Trust Fund through a non-contributory defined contribution plan administered by Empower Retirement under their prototype Profit-Sharing Plan and Trust Agreement. At September 30, 2021, there were 260 Plan members in the defined contribution plan. Benefits depend solely on amounts contributed to the Plan plus investment earnings. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of continuous service, 75% vested after four years of service, and 50% vested after three years of service.

City contributions for, and interest forfeited by, employees who leave employment before five years are used to reduce the City's current-period contribution requirement. Plan provisions and contribution requirements are established and may be amended by the City Commission.

The City's total payroll for fiscal year ended September 30, 2021; upon which contributions were based, was approximately \$15.5 million. The City's contributions are calculated using the participant's total compensation. City contributions for the years ended September 30, 2021, 2020, and 2019 were \$1,118,222, \$1,120,984, and \$1,067,440, respectively.

B. SELF INSURANCE PROGRAM

As a public entity, the City always has the potential risk for exposure to: torts; theft of, damage to and destruction of assets; errors and omissions by employees; injuries to employees and citizens; and natural disasters.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

In 2009, the City established a Self-Insurance Fund which is an Internal Service Fund to account for and finance a portion of any uninsured loss. The City utilizes this fund to self-insure the first \$100,000 of property damage per occurrence (except named storms). Other deductibles include 5% for Named Storm, subject to a minimum of \$500,000; \$100,000 for Flood damage, and \$350,000 of any employee work-related injuries (i.e. workers compensation claims). The City also self-insures all auto liability and general liability losses. Separate insurance policies are maintained for other purposes, such as Camp liability for Dunedin Recreation’s camps, Marina Operators Liability for the Dunedin Marina, Miscellaneous Medical Professional liability for the City’s emergency medical technicians, Public Officials liability for elected officials and committee members, and Storage Tank 3rd Party liability for fuel tank environmental pollution. Such coverages are fully insured and in most cases, subject to a deductible. All claims for liability, settlements, insurance premiums and deductibles for covered assets are included within the City’s Self-Insurance Fund.

The City is a governmental entity entitled to all statutory protection for such entities, including Fla. Statutes § 768.28 (5). Settled claims have not exceeded the overall program premiums since the plan’s inception.

All funds of the City participate in the program and make payments to the Self-Insurance Fund based on a current claims cost estimate to pay prior and current-year claims. The Self Insurance Fund maintains a minimum of \$3.5 million in reserves per Resolution No. 08-02 adopted on December 6, 2007.

The claims liability of \$965,266, reported in the Fund at September 30, 2021, is based on information identified prior to the issuance of the financial statements, and indicates that a liability has been incurred as of the date of the financial statements and that the amount of the loss can be reasonably estimated. These liabilities, including IBNR (incurred but not reported claims), are based on the estimated ultimate cost of settling the claims (excluding the effects of inflation and other societal and economic factors), using past experience adjusted for current trends and any other factors that would modify past experiences. Claims liabilities also include specific incremental claim adjustment expenses. Changes in the Fund's claims liability amount during the year ended September 30, 2021, are as follows:

The City is also self-insured for its Employee Health Plans. The Health Benefits Fund was established October 1, 2010. The Fund is accounted for in an Internal Service Fund and is externally administered, for an annually contracted amount that is based on dollar value of claims processed. Contributions to the health plans (i.e. medical and dental insurance) for City employees and their dependents are shared by the City and the employee. Administrative fees are paid primarily out of this fund. Stop-loss insurance is maintained for this program at \$110,000 per individual with an annual aggregate stop-loss of 125% of total claims. No claims have exceeded the annual aggregate maximum since the Plan's inception.

Changes in the Fund's claims liability amount during the year ended September 30, 2021, are as follows:

C. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other than Pensions", established new accounting and reporting requirements for postretirement benefits (OPEB). The standard does not require funding of OPEB expense, but any difference between amounts funded to the plan and the OPEB liability is required to be recorded in the employer's financial statement as an increase (or decrease) in the net liability. The plan is 'pay as you go', therefore the full OPEB liability is recorded in the statements.

Plan Description and Funding Policy

The City of Dunedin has a single-employer defined benefit plan (OPEB) that covers eligible retirees and their dependents, who may continue to participate in the City's health insurance programs at the "blended" employee group rate which is determined annually by the City and approved by the City Commission. Retirees have 31 days to elect to enroll in the City's health insurance plan in which they were participating at the time of retirement unless otherwise stated in a plan document or collective bargaining agreement. As of the latest actuarial valuation date, a total of 326 active employees and 3 retired, inactive employees were participating in the City's health program. The City provides no funding for any portion of the premiums after retirement; however, the City recognizes that there is an "implicit subsidy" arising as a result of the blended rate premium since retiree health care costs, on average, are higher than active employee healthcare costs. The plan is not accounted for as a trust fund since an irrevocable trust has not been established to fund the plan. The plan does not issue a separate financial report.

Inflation Rate	2.50%
Discount Rate	2.43%
Healthcare cost trend rate	4.00%

Mortality rates were based on the Pub-2010 mortality tables. All tables include fully generational adjustments for mortality improvements using gender-specific improvement scale MP-2018.

For the current valuation, the discount rate was based on the S&P Municipal Bond 20 Year High Grade Rate Index as published by the S&P Dow Jones Indices nearest the measurement date. The Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard and Poor’s Rating Services, Aa2 by Moody’s or AA by Fitch. If there are multiple ratings, the lowest rating is used.

D. CONTINGENCIES AND COMMITMENTS

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial. Various other suits and claims, arising in the ordinary course of the City's operations, are pending against the City of Dunedin. These claims consist of personal injury, discrimination, property damage and sales tax. The ultimate effect of such litigation cannot be ascertained at this time, but are not expected to be material.

E. FEDERAL AND STATE GRANTS

The City participates in a number of federal and state grant programs. These programs are subject to audit by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the City does believe, the amount of disallowances, if any, would have a material effect on the financial position of the City.

Nonspendable Fund Balance – Amounts that are (a) not in spendable form or (b) legally or contractually required to remain intact.

Restricted Fund Balance – Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws and regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

CITY OF DUNEDIN, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

Committed Fund Balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the City Commission, which is the City’s highest level of decision making authority, with same formal action (resolution) occurring prior to the City’s fiscal year-end. Commitments may be modified or removed only by the City Commissioners taking the same formal action that imposed the constraint originally.

Included in committed fund balance are Cemetery revenues from the sale of burial spaces as established by Resolution 94-20 which was amended by Resolution 08-27, contributions to the G. Koutsourais fund to provide recreational activities for Dunedin’s youth (Resolution 93-58), and fees collected and held in the Tree Bank for the purchase of trees to be used on city owned property. The Tree Bank was established as part of the city’s Code of Ordinances (Section 105-43.18).

Assigned Fund Balance – Includes spendable fund balance amounts established by an official (either the City Manager or Finance Director) authorized by the City Commission that are intended to be used for specific purposes that are neither considered restricted nor committed. Such authorization was established via Resolution 12-09.

The table below shows the breakout of encumbrances by major and nonmajor governmental funds in the aggregate, and the General Fund’s subsequent year’s budget. The total of the General Fund’s encumbrances and subsequent year’s budget are included in assigned fund balance.

Encumbrances

Major governmental funds:	
General Fund	\$ 660,626
Stadium Fund	28,058
Penny Fund	19,655,773
Total Major funds	<u>20,344,458</u>
Other Governmental Funds	595,977
Total Encumbrances	<u>\$20,940,435</u>

Subsequent Year's Budget

General Fund	<u>\$ 1,620,786</u>
--------------	---------------------

Unassigned Fund Balance – The residual classification for the General Fund, representing fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund, except for the General Fund, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

Regarding spending priorities, the City’s fund balance guideline does not address prioritization among fund balance categories. However, it is assumed that restricted funds will be spent first unless there are legal documents that prohibit doing this, such as grant agreements. For unrestricted fund balance amounts, committed would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

NOTE 7 – FUND BALANCE DEFICITS

The following fund had a deficit fund balance at September 30, 2021:

<u>Fund Name</u>	<u>Deficit Amount</u>
Public Art Fund	\$ (20,220)

The Public Art Fund was established in FY 2020 to account for the receipt and disbursement of revenues and expenditures associated with contributions received from private owners and developers who are subject to the City’s design/review process, or as required by City ordinance related to capital improvement projects. As of fiscal year end, the fund had not realized revenues sufficient to cover the minor expenditures incurred during the fiscal year under the guidelines of the public art program. The anticipation is that future year revenues will reverse the deficit balance in the fund.

REQUIRED SUPPLEMENTARY INFORMATION
SEPTEMBER 30, 2021**

Notes to Schedule of Changes in the Net Pension:

The City implemented GASB Statement No. 68 for the fiscal year ended September 30, 2016, using a measurement date of September 30, 2015. Information for years prior to September 30, 2013 is not available.

The Covered Payroll numbers shown are in compliance with GASB 82, except for the 09/30/2015 measurement period which includes DROP payroll.

Changes of Benefits Terms: For measurement date 09/30/2016, Ordinance 16-22 was adopted. The change was an increase in the Supplemental benefit from \$3 to \$13 per month per year of service up to a maximum of \$325 for Members who retire on or after October 1, 2016 or enter the DROP on or after October 1, 2014.

Changes of Assumptions: For measurement date 09/30/2016, as a result of an October 3, 2016 Experience Study and as a result of recent State legislation, the Board has made the following assumption changes:

The assumed rates of mortality were changed to match those used by the FRS for special risk employees in their July 1, 2015 valuation report.

The expected withdrawal rates were reduced, as shown in the Actuarial Assumptions and Methods section of the 10/01/2016 valuation report.

The investment return assumption was reduced from 7.75% to 7.50% per year, net of investment related expenses.

The assumed rates of individual salary increase were reduced as shown in the Actuarial Assumptions and Methods section of the 10/01/2016 valuation report.

The assumed rates of retirement were reduced at each age, as shown in the Actuarial Assumptions and Methods section of the 10/01/2016 valuation report.

In addition, the inflation assumption rate was lowered from 3.0% to 2.5%, matching the long-term inflation assumption utilized by the Plan's investment consultant.

Changes of Assumptions: For measurement date 09/30/2019, amounts reported as changes of benefit terms resulted from the provisions of Chapter 112.1816, Florida Statutes.

Effective July 1, 2019, a death or disability (under the Plan's definition of total and permanent disability) for a Firefighter due to the diagnosis of cancer or circumstances that arise out of the treatment of cancer will be treated as duty-related.

Additionally, the Supplemental Benefit has been increased from \$13 per month per year of service to \$16 per month per year of service.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dunedin, Florida (the City) as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 28, 2022. Our report includes a reference to other auditors who audited the financial statements of the City's Municipal Firefighters' Pension Trust Fund, as described in our report on the City's financial statements. The financial statements of the City's Municipal Firefighters' Pension Trust Fund were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the City Municipal Firefighters' Pension Trust Fund.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The introductory section, combining and individual non-major fund financial statements and schedules, statistical section, and the Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual non-major fund financial statement and schedules and the Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and schedules, and the Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill are fairly stated, in all material respects, in relation to the financial statements as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 28, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH
MAJOR STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE
AND REPORT ON SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE
IN ACCORDANCE WITH CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL***

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Report on Compliance for Each State Project

We have audited the compliance of the City of Dunedin, Florida (the City) with the types of compliance requirements described the Department of Financial Services State Projects *Compliance Supplement* that could have a direct and material effect on each of its major state projects for the fiscal year ended September 30, 2021. The City’s major state projects are identified in the summary of auditor’s results section of the accompanying Schedule of Findings and Questioned Costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to state projects.

Auditor’s Responsibility

Our responsibility is to express an opinion on the City’s compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*. Those standards, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state project identified in the accompanying Schedule of Findings and Questioned Costs occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state project. However, our audit does not provide a legal determination of the City’s compliance.

Opinion on Each State Project

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to in the first paragraph that could have a direct and material effect on each of its major state projects for the fiscal year ended September 30, 2021.

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to in the first paragraph. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major state project in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state project will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by Chapter 10.550, Rules of the Auditor General

We have audited the basic financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated April 28, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Schedule of Expenditures of State Financial Assistance is presented for the purposes of additional analysis, as required by the Chapter 69I-5, *Schedule of Expenditures of State Financial Assistance, Rules of the Department of Financial Services*, and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the financial statements.

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated April 28, 2022.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

DUNEDIN — The Pinellas County Commission pulled the final trigger Tuesday on dedicating \$41.7 million in bed taxes for upgrades to the Toronto Blue Jays' stadium and spring training facilities, a pledge that amounts to covering more than half of the project.

It is a milestone following years of uncertainty over whether the city could garner the funding to build a state of the art facility to keep the Blue Jays in Dunedin after 40 years.

PREVIOUS COVERAGE: *Dunedin, Toronto Blue Jays appear headed toward \$81 million spring training deal*

In November, the city locked-in the team to stay for another 25 years with a new licensing agreement. But the county's funding commitment to the \$81 million renovation of Florida Auto Exchange Stadium and the training site at the Englebert Complex on Solon Avenue was the major piece needed before the development agreement can be signed, sealed and delivered.

OVERSIGHT

The unanimous vote by the County Commission was enough to bring Mayor Julie Ward Bujalski to tears.

"I could not be more proud," Bujalski said Tuesday. "We have a huge quality of life here and no one thing makes our quality of life. It's a combination of things. Spring training is part of that."

But the deal comes with serious risk, enough for City Attorney Tom Trask, hired financial advisors and the board of finance to warn against it.

According to the staggered agreement, the county will split its payment over several years: \$1.3 million is available now, \$14.8 million will be paid Oct. 1 and \$25.6 million in fiscal year 2020. The money is coming from the 6 percent bed tax paid by visitors in hotels, motels and other overnight rentals.

Trask said "it was always presented" to him the county would pay the funds upfront. Staggered payouts in the contract pose serious risk if the county fails to pay up mid-construction, either because a sudden emergency like a storm or if state law changes to prevent bed tax dollars be used for stadiums.

City Manager Jennifer Bramley said she has unequivocal assurance the county "has never reneged on a funding agreement and does not intend to do so now."

ADVERTISEMENT

The City Commission voted unanimously Monday to approve the agreement so the county could vote on it Tuesday. In a lengthy Sunday evening phone conversation with Blue Jays President Mark Shapiro, Bramley said he told her the team would look elsewhere if the approval of the funding agreement was postponed for more negotiations.

Commissioner Heather Gracy said the partnership is about trust.

"I'm nervous, but I will double down on Dunedin like I normally do, and I trust the county," Gracy said. "I certainly trust our partners on the field."

The county's share for the stadium is the largest gift of bed taxes negotiated last year. It also contributed \$26 million for the Clearwater Marine Aquarium; \$6 million for the Museum of the American Arts and Crafts Movement; \$5.5 million for Ruth Eckerd Hall; \$1.9 million for the Countryside Sports Complex; and \$495,000 for the Eddie C. Moore Softball Complex.

The city will pay \$5.6 million for the project, which is already on hand. The state has pledged \$13.6 million, contingent on the county's agreement passing Tuesday, and the Blue Jays will contribute \$20 million.

PREVIOUS COVERAGE: *Clock is ticking for Dunedin to sign deal with Toronto Blue Jays*

But the city will have to issue bonds for the state and team's \$33 million combined share, to be repaid over two decades. Bujalski said construction will be contracted in phases to keep up with the flow of funding.

The Blue Jays has also agreed to fund an additional \$25 million over 25 years in maintenance, operations and repairs on facilities the city will own.

Bujalski said the city will now finalize a development agreement with the team and select an architect. She hopes construction can begin before the end of the year.

In approving the funding, County Commissioner Charlie Justice said while there's debate over whether tax money should fund stadiums, the enterprise directly benefits residents.

Commissioner Dave Eggers, former mayor of Dunedin, said the Blue Jays' commitment to permitting high school students to play in the stadium is a detail that sweetens the deal.

"All of these dollars we are spending on private ventures have public purpose," Eggers said. "It is about kids playing on these fields. It doesn't happen everywhere. ... It is about the Blue Jays really embracing what our community is all about."

STADIUM FUND ANALYSIS

The Stadium Fund is a special revenue fund created to account for the receipt and disbursement of funds related to the City's stadium, including operations and debt service.

AVAILABLE FUND BALANCE

The City anticipates ending FY 2019 with a significantly increased fund balance. Intergovernmental revenues from the County and State of Florida, offset by debt issuance, will allow construction on the stadium to begin in FY 2019, and increase the fund balance for continued construction in FY 2020.

Ending Available Fund Balance
Stadium Fund

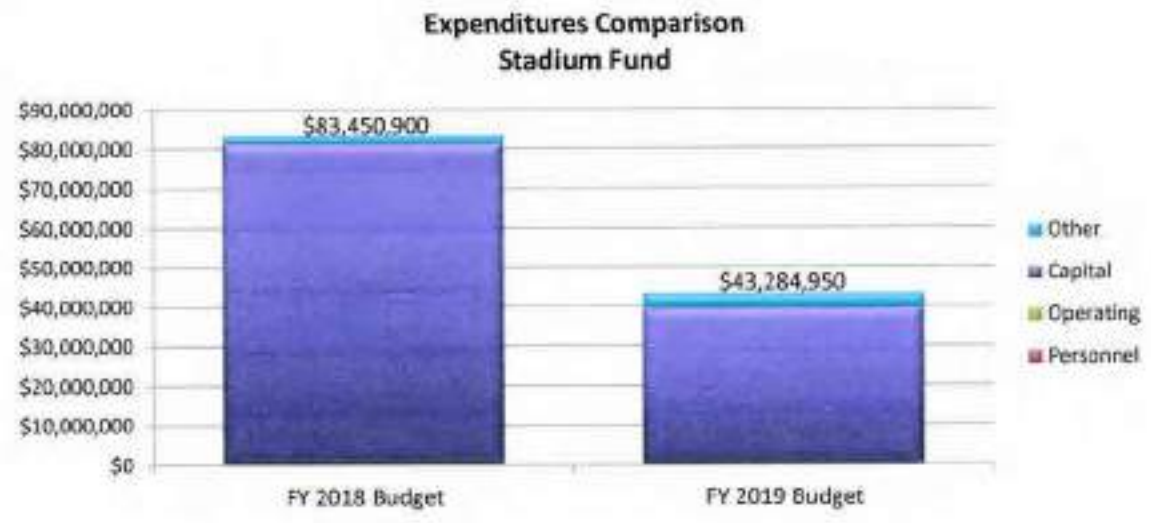

REVENUE

The major change in revenues for FY 2019 will be approximately \$33.7M in debt proceeds for the reconstruction of the Dunedin Stadium and the Englebert Complex. Negotiations with the Toronto Blue Jays were completed in FY 2018, and the plans for reconstruction will commence in FY 2019.

EXPENDITURES

Construction for the new Spring Training facilities is estimated to cost in excess of \$81M and will be shared among the State of Florida, Pinellas County, City of Dunedin, and Toronto Blue Jays. Major changes to expenditures in FY 2019 include a principal payment of \$1.29M and interest expenditure of \$1.63M.

Honorable Mayor and
Members of the City Commission
City of Dunedin, Florida

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management, accounting procedures, and internal controls. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c, *Rules of the Auditor General*, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, see separately issued financial statements for the City of Dunedin CRA.

Deepwater Horizon Oil Spill

Section 10.556(10)(e), *Rules of the Auditor General*, requires a determination of the City's compliance with federal and state laws, rules, regulations, contracts, or grant agreements related to the receipt and expenditure of funds related to the Deepwater Horizon oil spill. The City's Deepwater Horizon oil spill funds received are unrestricted and, therefore, do not have related compliance requirements.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, City Commission, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

STADIUM FUND ANALYSIS

The Stadium Fund is a special revenue fund created to account for the receipt and disbursement of funds related to the City's stadium, including operations, capital outlay and debt service.

AVAILABLE FUND BALANCE

The Stadium Fund anticipates ending FY 2022 with a slight increase in fund balance. The fund balance in FY 2022 includes \$630,000 of Capital Reserve for future repairs and maintenance of the Stadium and Spring Training facilities.

Ending Available Fund Balance

REVENUE

FY 2022 revenues have decreased \$449,000, below FY 2021. This is primarily due to a \$500,000 reduction in Transfers In. FY 2021 included a transfer in from the Penny Fund of \$500,000 for the Stadium project. This was a loan to be paid back in FY 2022. Charges for services will increase \$41,000, or 11.9%. Charges for Services are expected to return to normal levels by FY 2022, as the stadium is in full use.

STADIUM FUND ANALYSIS

EXPENDITURES

Overall, FY 2022 the Stadium Fund is projected to increase \$358,150, compared to FY 2021 budget. The increase is due to the transfer out to pay back the Penny Fund after completion of the Blue Jay's Stadium. Operating costs will increase \$104,050, or 22.5%, due to an increase in property insurance. Debt Service has a decrease of \$244,300 due to the payoff of the Spring Training Series 2012 loan.

RE: Annual Report

To Whom It May Concern,

I have reviewed the requirements of the application that the City filed in 2015, and also The Spring Training Program Agreement dated October 20, 2016 (Program Agreement) with regard to the continuing requirements for Grant eligibility. I have also reviewed the City's records with regard to the use of the Grant funds, the City's expenditure as its match for Grant funds, other financial reporting of the City of Lakeland, and the existing lease documents related to Lakeland's long-term facility lease with the Detroit Tigers. Based on the foregoing, I am able to verify that the City of Lakeland is in compliance with all statutory requirements and the requirements of the Program Agreement as of the date hereof.

If you have any questions, please feel free to contact me.

Sincerely,

Palmer C. Davis
City Attorney

To Whom It May Concern,

I have reviewed our previous correspondence, the City's existing records, and provide this as part of the City's reporting obligation.

Based on the foregoing, I can advise that the representations in our application remain true and correct as stated. Therefore, it is my opinion that the City continues in compliance with all of the grant requirements contained in Fla. Stat. 288.11631 (2)(a)1-6.

I have also reviewed any concession contracts related to the facility and determined that there are no concession agreements or service contracts with the applicant that would implicate Fla. Stat. 288.1167. Also, the Detroit Tigers have a contractual obligation to comply with all DEO requirements that are imposed on the City. In so doing, contracts awarded are based on the same terms and conditions and in accordance with the goals set forth in Fla. Stat. 287.09451. Most tasks are performed by City or team forces, so there is no need for service contracts with the facility.

I hope this has been responsive to your request.

Sincerely,

Palmer C. Davis

Mr. Donahay:

For the third year in a row the spring training season was a challenging one, not just in Lakeland, but for all teams. After the cancellation of half the season in 2020 because of Covid-19, the 2021 season was severely restricted by Major League Baseball, we lost close to half the 2022 season because of the lockout. Which resulted in some of the lowest numbers ever, however, was close to double the attendance from 2021. Fortunately, the strong partnership that exists between the City of Lakeland, the Detroit Tigers and Polk County Tourism and Sports Marketing (PCTSM) is still going strong. It is our pleasure to assist you with a review of the benefits generated by the Detroit Tigers and their impact on Lakeland and Polk County. PCTSM is the official destination marketing organization and sports commission for Polk County, Florida and regularly evaluates the impact of events held in our community.

Our community and the Detroit Tigers continue to enjoy the longest relationship between a team and Spring Training city. For more than 85 years, the Detroit Tigers have called Lakeland home for their spring training. In addition, the Lakeland Flying Tigers and the Detroit Tigers minor league operations are all based in Lakeland. The Tiger's organization has made a strong commitment to our community year-round.

As always, the exact impact depends upon many factors that can create a swing in any year, and this season had a huge swing as the start was delayed, the number of games were significantly restricted, and the traditional spring training time frame was pushed back. In the Grapefruit League the Tigers finished a solid 7th place for average attendance and 6th place for total attendance. While the total and averages were a far cry from "normal" numbers, the tourist development tax collected in March of 2022 broke the record for a single month and with games being pushed further into April, the tourist development tax collected for April 2022 broke the all-time April record and became the second highest single month all-time. This does not happen unless there are Tiger visitors, even if they could not attend as many games as they normally do. Many Tigers fans already had their plans to visit Lakeland and despite the lockout changing the schedule, we know that many of those fans came to visit anyway.

In addition, PCTSM and the Tigers hold several events throughout the year including the Florida Junior College State Championships, Tigers Fantasy Camp, visiting Florida State League teams, Tigers Minor League coaches, organizational meetings, showcase events, and is the headquarters for the Detroit Tigers Draft. All of which create a positive impact for our community.

Major League Baseball and specifically, the Detroit Tigers Spring Training, has been, is currently, and will always be an extremely beneficial investment for Lakeland and Polk County.

I am happy to provide any additional information if needed

Sincerely,

3. **Major League Team.** The Club agrees to bring to the City each year of the term hereof a major league baseball team for its spring training and conditioning program, subject, however, to any restrictions or limitations which may occur or arise by virtue of war, travel restrictions, labor disputes, or the direction of the Commissioner of Baseball. The Club shall utilize its best effort to schedule at the Facilities a maximum number of games with other major league clubs during each spring training season.
4. **Use of Premises.** The Club shall have priority use of the Facilities during the entire months of February and March and during the first two (2) weeks in April in each year; provided, however, that such use shall not be exclusive and the City's Director of Parks and Recreation may schedule other events, including baseball games, when the use of the Facilities is not required by the Club or its affiliated farm clubs. The Club shall also have the right to

priority use of the Facilities for an additional period not to exceed one hundred and eighty (180) days during each year to conduct post-season training camps, summer clinics and try-out camps. The Club shall give the City's Director of Parks and Recreation (the "Director") not less than three (3) months' written notice of its intent to use same for such additional period.

Additionally, the Club shall have priority use of Joker Marchant Stadium on those dates and during those hours when regular season or play-off home games are scheduled for Lakeland, Florida by the Florida State Baseball League; provided, however, that such use shall not be exclusive and the Director may schedule other events, including baseball games, when the use of the premises is not required by the Club. The Club shall also have the right to priority use of the Facilities for dates reasonably necessary for practice sessions prior to or during the course of the regular baseball season and League play-off games.

In the event that the Club wishes to use the Facilities, in whole or in part, at times or for purposes not delineated above, the Club may request same in writing to the Director, who shall have the absolute discretion to approve or disapprove same, and to prescribe such terms and conditions as may be reasonable or necessary.

The City may use all or any part of the Facilities when not being utilized by the Club.

5. Maintenance and Repair. The City agrees to maintain the Facilities in first-class condition for use as a baseball park by the Club and visiting clubs, said condition to be reasonably approved by the Club, including, but not limited to, such lights and lighting equipment as the Club may determine is necessary for the playing of baseball games at night.

The City shall furnish at its own cost all necessary equipment, labor and materials in connection with the maintenance and repair of the Facility, with the exception of the following, which shall be at the cost of the Club:

- A. Overtime wages for any City maintenance employee working in excess of forty (40) hours per week, when such overtime is caused or requested by the Club and which wages shall be reimbursed to the City by the Club on a monthly basis upon invoice.
- B. All costs associated with employees utilized by the City for the purpose of maintaining the Tigertown baseball fields. To the extent that these costs are incurred in connection with hiring additional employees other than those that are regular employees of the City, said additional employees shall be temporary employees of the City for purposes of Worker's Compensation coverage, but shall not be participants in the City's group insurance plan.
- C. All actual costs incurred by the City in connection with furnishing labor and materials to maintain the Facilities during the optional one hundred and eighty (180) day period of additional use by the Club.
- D. All actual costs associated with annual operation and maintenance of the cafeteria and Feizer Hall associated with the Club's use thereof, including equipment, with the exception of permanently installed equipment and fixtures.

- E. The repair of the Facilities occasioned by the negligent conduct of the Club, its agents and employees, reasonable wear and tear excepted. The Club shall also use its best efforts to protect the Facilities when being used and occupied by the Club and employ any necessary security personnel at its own cost and expense.

The City shall also furnish at its expense all utilities, including heat, water and hot water necessary for the club's use of the Facilities, except for gas, which shall be paid for by Club.

6. **Obligations of Club.** The Club agrees that the Club will furnish, at its cost and expense, all necessary baseball equipment, including batting cages. The City may use the batting cages during the periods that the Facilities are not occupied or used by the Club, provided that the City returns the equipment to the Club in as good condition as when received, or make reimbursement for the value thereof, except for normal wear and tear, damage from fire and acts of God. The Club shall also pay for such reimbursable items as the Club and the City may agree, such as cleaning supplies and equipment and materials specifically required for baseball operations.
7. **Rights of Club.** Subject to paragraphs 3 and 9, the Club shall have the exclusive right to and complete control of all ticket sales, concession operations, scorebook/program and sales of all novelties and souvenirs, field and stadium advertising, suite rental and service and all revenues derived therefrom. Placement of field and stadium advertising shall be at the discretion of the Club, subject to the approval of the Director of Parks and Recreation, which approval shall not be unreasonably withheld.
8. (a) **Fees.** Incidental to the use of the Facilities by the Detroit Tigers, the Club shall pay to the City a rental fee of fifteen (15%) percent of the following:
1. Gross ticket sales receipts from each exhibition game or other event by the Club for which an admission fee is charged.
 2. Gross sales receipts from the sale of all novelties, souvenirs, concessions and stadium advertising.
- (b) Incidental to the use of the Facilities by the Lakeland Tigers, the Club shall pay to the City a rental fee of:

 2. A fee equal to the greater of twelve (12%) percent of gross ticket sales, or \$120.00 per day game/\$160.00 per night game.
- (c) One dollar and fifty cents (\$1.50) per ticket stadium facility charge will be paid to the City and applied to relief of the loan until its obligation is met. At that time, this amount reverts to the Club.

All fees payable pursuant to Sec. 8.(a)1. and 2., 8.(b)1. and 2. and (c) shall be applied to relief of the loan until the obligation is met. The Club's total annual obligation for fees payable pursuant to this Section 8 for any calendar year shall not exceed \$300,000.00.

The term "gross receipts" shall be defined as gross sales proceeds, less deductions for any applicable state, federal or local taxes.

There shall be no payment required with respect to scorebook/program receipts.

9. **Annual Rent.** The Club shall pay annual rental of Seventeen Thousand (\$17,000.00) Dollars for Tigertown to be paid prospectively on January 1 of each year, with a four (4%) percent discount if paid prior to due date. This amount of money will be placed in the special Tigertown improvements account to be used as directed by the Club for replacement and improvements of minor league facilities.
10. **Payment:** Except for the annual rent and overtime expenses which are paid quarterly, any and all payments required by this Agreement to be made by the Club shall be paid to the City together with a full and final accounting 30 days after the conclusion of the spring training season, the Lakeland Tigers season or other activity. Payment shall be made to the Parks and Recreation Director, City Hall, Lakeland, Florida, or such other person or office designated by the City in writing.
11. **Insurance.** The Club shall maintain adequate liability insurance, designating the City as a named insured, to protect the City from any liability arising from the use of the Facilities by the Club. The minimum limits of such policy of insurance shall be \$500,000.00 for injury to any one person; \$1,000,000.00 for injuries arising out of a single occurrence; and \$100,000.00 for property damage resulting from a single occurrence.
12. **Damage or Destruction.** In the event any of the Facilities shall be damaged by fire or other casualty and such Facilities shall have been insured against such loss by the City, then the entire proceeds of any such policy of insurance shall be paid to the City, free of any claim or right of the Club. The City shall have the right to restore or reconstruct any damaged or destroyed building or premises, and any reconstructed building shall become a part of the Facilities. In the event such portions of the Facilities are destroyed as to render the entire Facilities unusable in the Club's judgment for the Club's operation, the Club shall have the right to play elsewhere until such restoration or reconstruction is completed and, if the City neither reconstructs the premises within either 60 days or by October 30 immediately following the destruction, then, in either case at the Club's option, the Club shall have the right to terminate this Agreement by providing written notice and without further obligation or responsibility. In that event, the City shall refund to the Club on a pro rata basis any prepaid rents which may have been made prior to the date of termination.
13. **Taxes.** The Club shall be responsible for and pay any and all sales or other tax (incidental) to this Agreement. In the event that ad valorem taxes are assessed against the Facilities or any portion thereof as a result of the Club's use of same, the Club shall be responsible for its prorate portion of such taxes.
14. **Termination.** This Agreement may be terminated by either party upon material breach by the other party, upon thirty (30) days' prior written notice, certified mail, return receipt requested (deemed made upon receipt) and failure by the defaulting party to cure the same within said 30 days. In the event that the Club fails to cure any such breach and there remains an outstanding balance on the loan referenced in Section 8 hereof, the Club shall pay the City

\$10,000.00 as liquidated damages, which shall be the City's sole and exclusive remedy as a result thereof.

15. Option. The Club shall have the option to renew this Agreement for an additional term of ten (10) years by giving the City written notice of its intention to renew same not less than one (1) year prior to the expiration of the initial term hereof. The rental imposed during such renewed term shall be the amount agreed upon by the parties hereto prior to the commencement of the renewal.
16. Subcontractors. If any services permitted by this Agreement are subcontracted by the Club, any such subcontractor shall either be included as an additional insured under the Club's insurance policy, or shall file with the City a Certificate of Insurance evidencing compliance with Paragraph 11 hereof.
17. Agreement of City Regarding Revenue. The City agrees to take such action as is necessary under the laws of the State of Florida to plan and budget for receipt of a sufficient appropriation of funds to discharge its obligations hereunder; provided, however, if the City has not appropriated sufficient funds to enable it to discharge its obligations then, notwithstanding any other provision contained herein, this Agreement may be terminated effective upon expiration of the fiscal year in which sufficient funds were last appropriated to satisfy the obligations.
18. Assignability/Amendment. This Agreement shall be binding and inure to the benefits of the successors of each of the parties, but it is mutually agreed that this Agreement shall not be assigned by the Club to any person, firm or corporation without the written consent of the City, which consent shall not be unreasonably withheld.

Notwithstanding the foregoing, no consent is required in the event that the Club sells its major league franchise rights, said sale is approved by Major League Baseball and the team continues to play its regular season baseball games in the Metropolitan Detroit area.

Any amendment to this Agreement shall not be effective unless in writing and approved by the Office of the Commissioner of Baseball.

19. Covenants Contingent. The parties expressly acknowledge and agree that the mutual covenants undertaken in this Agreement are contingent on presentation by the City to the club of a plan of project finance which includes irrevocable commitments and awarding of funds, pursuant to §208.1102, Florida Statutes, from the State of Florida, Polk County and the City of Lakeland, all of which, when combined with the obligations and undertakings elsewhere referenced herein, will provide sources of no less than \$9.5 million which are to be irrevocably committed to the project. This financing plan shall be subject to the approval of the club, which shall not be unreasonably withheld. Further, the club shall have approval of the renovation program for which the financing plan has been irrevocably committed, such approval not to be unreasonably withheld.

IN WITNESS WHEREOF, the parties have executed this Agreement on the date indicated below.

In any case, the City shall notify the Tigers in writing no less than thirty (30) days prior to any such use and the Tigers shall have a right of first refusal to conduct and manage the event. - C. In connection with use of the Leased Premises for City Events, in no event shall the City use any Tigers property or equipment without the express written consent of the Tigers. The City shall promptly repair or replace any damaged property or equipment owned by the Tigers or its concessionaire if such damage resulted from the City's use or any other third party's use of the Leased Premises to the extent such third party use was authorized or permitted by the City or resulted from the City's negligence.
- D. The Tigers shall serve as the primary scheduler and booking authority for all events at the Major League Stadium and practice facilities. In the event the Tigers wish to use the Major League Stadium for a Tigers Non-Baseball Event outside of a Spring Training Season, the Tigers shall give the City reasonable written notice thereof. If the proposed date of any such proposed Tigers Non-Baseball Event conflicts with a previously scheduled City Event, the City agrees to give consideration to the Tigers request to hold such Tigers Non-Baseball Event. However, the City shall have the exclusive right to allow or not allow the Tigers to use the Major League Stadium for its proposed Tigers Non-Baseball Event.
- E. 8. PARKING PROVISIONS.

- A. The City agrees to provide, or cause to be provided, an adequate number of parking spaces to be located within one-half (1/2) mile radius of the Major League Stadium. The parking plan shall be subject to change at the discretion of the City subject to the approval of the Tigers, such approval not to be unreasonably withheld. In the event the City plans to reconfigure the parking plan in any material fashion from the configuration existing on the Effective Date, the City shall deliver to the Tigers, for the Tigers approval (not to be unreasonably withheld), the proposed revised parking plan at least ninety (90) days prior to the start of the applicable Spring Training Season.

- B. Except as may be otherwise agreed by the Parties in writing, the City reserves the right to operate the parking, and collect and retain all parking fees and related revenues derived from any and all activities conducted at the Spring Training Facility throughout the Term. - E. **Audit Right.** Provided that the Tigers notify the City in writing on or before the date which is Ninety days (90) days after Tigers' receipt of the Year End Statement of Tigers' intention to conduct an inspection or audit, Tigers and/or Tigers' designee may inspect or audit City's records relating to Gross Parking Revenues for the year that is the subject of such Year End Statement. If such inspection or audit reveals that an error was made in the calculation of Tigers' share of Gross Parking Revenues previously allocated to the Tigers, then the City shall make up to Tigers any underpayment of any such amounts. Tigers shall pay the cost of such audit or inspection unless the results thereof reveal that City understated by five percent (5%) or more the amount of Gross Parking Revenues, in which case City shall pay the cost of such audit or inspection.

9. **CONCESSIONS.**

The Tigers or its designee(s) shall control the sale of all foods, beverages, merchandise, novelties and logo items mentioned below and the like (commonly called "Concessions") on the Leased Premises. The

The Tigers, at its sole expense, shall comply with all laws, orders and regulations of federal, state and City authorities, and with any directions given by any public officer pursuant to law, which shall impose any duty upon the Tigers with respect to the Tigers use of the Leased Premises. The City shall obtain permits or licenses or take necessary corrective action to ensure the acquisition of any permit directly related to the City's repair, renovation or maintenance of the Leased Facilities and compliance with building codes. The Tigers, at its sole expense, shall obtain all licenses or permits which may be required for the conduct of its business within the terms and conditions of this Lease, and the City, if necessary, will join with the Tigers in applying for all such permits or licenses. To the extent permitted by law, the City will assist and cooperate with the Tigers in securing permits for the operation of the Leased Premises. The City shall also not act unreasonably to withhold its approval of any such permits or licenses required under its laws or regulations.

30. TERMINATION AND REMEDIES.

- A. The City may terminate this Lease upon sixty (60) days' written notice to the Tigers of any of the following events (collectively hereinafter referred to as the "Tiger Defaults"):
- (1) If the Tigers vacate the Leased Premises, or cease to conduct a majority of its Baseball Activities at the Joker Marchant Stadium;
 - (2) If, by order of a competent authority, a receiver, liquidator or trustee of the Tigers or any of its property shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days of the making of such order, or if by decree of such authority the Tigers shall be adjudicated or determined to be bankrupt or insolvent, or if the Tigers shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;
 - (3) If the Tigers fail to make any payments to the City pursuant

to this Lease within one hundred twenty (120) days following written notice of such payment default, or

- (4) If the Tigers breach any material provision, agreement or obligation hereunder that is not cured within sixty (60) days of written notice of such breach delivered to the Tigers; provided, however, that if such breach cannot be cured within such sixty (60) day period, but the breach is capable of cure within a reasonable period of time which is acceptable to the City, and the Tigers diligently pursues such cure, the Tigers shall be allowed such agreed upon time period to cure such default.

B. Upon an event of a Tigers Default, the City, shall have any remedy available at law or equity.

C. Termination. Subject to Section 30F, in the event the City should elect to terminate the Lease following a Tigers Default, the City's remedies are as follows:

- (1) The City shall have the right to re-enter or repossess the Leased Premises by force, summary proceedings, surrender or otherwise, and may dispossess and remove the Tigers, or any other occupants thereof, without being liable for any prosecution therefor, provided, however, that the City shall have no right to the Tigers assets and the Tigers shall have the right to remove all Tigers assets from the Leased Premises.
- (2) The City shall have the right to file an action to collect any monetary obligations accrued through the date of termination.
- (3) The City shall have the right to re-let the Leased Premises. Should the City incur necessary and reasonable expenses in enforcing its rights hereunder, specifically including reasonable attorney's fees and court costs, said reasonable expenses shall be borne by the Tigers.
- (4) Termination Fee. The City shall be entitled to a termination fee

in an amount necessary to pay the unamortized portion of the debt on the improvements, and to pay debt service on the Project Bonds. The City shall take all steps necessary to relet the Stadium complex and to further mitigate damages that it may incur as a result of a Termination by the Tigers.

(5) The Tigers shall remit to the State of Florida any payments required by Fla. Stat. 288.1631.

- D. In addition to any other remedies available to it as provided herein or at law or equity, the Tigers may terminate the Lease upon thirty (30) days' written notice to the City of a breach by the City of any material provision, agreement or obligation hereunder ("City Default") that is not cured within sixty (60) days of notice of such breach; provided, however, that if such breach cannot be cured within such sixty (60) day period, but the breach is capable of cure within a Reasonable period of time which is acceptable to the Tigers, and the City diligently pursues such cure, the City shall be allowed such agreed upon time period to cure such default. Following the termination of this Lease by the Tigers, the Tigers shall be relieved of all liabilities and obligations accruing after the effective date of termination.
- E. In the event of a City Default, and in addition to the remedy permitted by Paragraph (D) above or at law or equity, the Tigers are granted the remedy of "Self Help" to be exercised at its sole and exclusive discretion, by taking such action as the Tigers deems necessary to cure such default, and the City shall, upon demand made by the Tigers, reimburse the Tigers for the cost of curing such City Default, plus an administrative fee equal to ten (10) percent of the cost to the Tigers to cure such default. In the event the City fails to reimburse the Tigers for the cost of curing the City Default within thirty (30) days from demand for payment by the Tigers, the Tigers may deduct such amount from the Base Annual Rent payable under this Lease, or from any other sums due the City hereunder. The taking of actions by the Tigers to mitigate a City Default shall not be deemed a cure of such default.
- F. Notwithstanding anything to the contrary herein, under no

circumstances may the Tigers right to use the Leased Premises be terminated between January 1st and April 30th of any year during the Term

EXHIBIT "D"

INTERLOCAL AGREEMENT FOR TOURIST DEVELOPMENT TAX FUNDING FOR IMPROVEMENTS TO JOKER MARCHANT STADIUM

THIS INTERLOCAL AGREEMENT ("Agreement") is entered into as of the Effective Date (hereinafter defined) by and between the City of Lakeland, Florida, a Florida municipal corporation (the "City"), and Polk County, a political subdivision of the State of Florida (the "County"), their respective successors and assigns (the City and the County may sometimes be referred to herein collectively as the "Parties").

WITNESSETH

WHEREAS, Florida Statutes, Section 163.01, the Florida Interlocal Cooperation Act of 1969 (the "Cooperation Act"), at Subsection 163.01(4), provides that public agencies of the State of Florida, which by definition include cities and counties, may exercise jointly with any other public agency of the State of Florida any power, privilege, or authority which such agencies share in common, and which each might exercise separately, by contract in the form of an interlocal agreement; and

WHEREAS, the City is the owner and operator of The Joker Marchant Stadium Complex, a public facility located at 2101 Lakeland Hills Boulevard, Lakeland, Florida 33805 that is comprised of Joker Marchant Stadium, Two Batting Cages, Weight Room, Major League Locker Room, Minor League Clubhouse, Fetzet Hall Dormitories, Cafeteria, and Recreation Hall, Tigers Administration Building, 5.5 Practice Fields, Bunting and drills field, Long woods, Maintenance and Storage Building (the "Complex"); and

WHEREAS, the Complex is a "professional sports franchise facility" and a "retained spring training franchise facility" within the meaning of Section 125.0104(3)(f), Florida Statutes, and a "Facility" within the meaning of Sections 288.11623(1)(d) and 288.11631(1)(d), Florida Statutes, in that the Complex has been the spring training home of the Detroit Tigers major league baseball team since 1966 and is the home of the Lakeland Flying Tigers minor league baseball team (the Detroit Tigers major league baseball team and the Lakeland Flying Tigers minor league baseball team shall collectively be referred to as the "Team"); and

WHEREAS, the City intends to undertake a project for the renovation and expansion of the Complex as more particularly described in Section 4.2 (collectively, the "Improvements") in order to induce the Team to extend their current lease or enter into a new lease with the City for an additional twenty (20) year period, and, in connection therewith, will apply for State funding for renovation of a spring training facility pursuant to Section 288.11631, Florida Statutes for the purpose of funding a portion of the Improvements; and

WHEREAS, the Improvements by the City comply with and will further the purposes of the County's plan of tourist development devised in accordance with Section 125.0104(4), Florida Statutes; will promote the influx of tourists to the City and the County, and thereby benefit the local economy; and will be of substantial benefit to the entire City and County; and

WHEREAS, it is the purpose and intent of the Parties, this Agreement, and the Cooperation Act to permit the City and the County to make the most efficient use of their respective powers, resources and capabilities by enabling them to cooperate on the basis of mutual advantage and thereby to provide for the Improvements in the manner that will best

accord with the existing resources available to each of them and with the geographic, economic, population and other factors influencing the needs and developments within their respective jurisdictions; and

WHEREAS, it is the purpose of the Cooperation Act to provide for a means by which the City and the County may exercise their respective powers, privileges and authorities which they share in common and which each might exercise separately; and

WHEREAS, the City has committed to incur all or a portion of the Indebtedness (hereinafter defined) for the Improvements, and the County has elected to pledge a portion of the revenues from its tourist development tax, authorized by Section 125.0104, Florida Statutes (the "Tourist Development Tax"), in the amounts set forth in Section 3.2, to pay a portion of the Indebtedness, all in accordance with the intent and purposes of the Cooperation Act permitting local governments to, among other things, provide from their treasuries the financial support for the purposes set forth in interlocal agreements; and

WHEREAS, the City and the County have ascertained that the method or formula for equitably providing for and allocating and financing the capital costs for the Improvements and the payment of the Indebtedness therefor, including payments to reserve funds and payments of principal and interest on obligations as established by the Parties, are reasonable on the basis of the amount of services rendered or to be rendered, benefits received or conferred and on all other equitable bases; and

WHEREAS, in order to induce the Team to extend their current lease or enter into a new lease with the City for an additional twenty (20) year period the County deems it proper and appropriate to pledge a portion of the Tourist Development Tax to pay a portion of the Indebtedness, as more specifically set forth herein; and

WHEREAS, the City and the County wish by this Agreement to provide for the terms and conditions of the commitment of the City and the County created hereby and to secure the payment of the indebtedness, in order to further the purposes stated herein.

NOW, THEREFORE, in consideration of the promises, mutual covenants and conditions contained herein, the Parties agree as follows:

SECTION 1: Recitals

The above recitals are true and correct and incorporated herein.

SECTION 2: Authority

This Agreement is entered into pursuant to the provisions of Section 163.01, Florida Statutes; Chapter 166, Florida Statutes; Chapter 125, Florida Statutes; and other applicable provisions of law.

SECTION 3: Covenants and Obligations of the County

3.1 Subject to the terms and conditions of this Agreement, the County does hereby covenant and pledge a portion of the fourth percent of the Tourist Development Tax for the purposes provided herein, for a term of twenty (20) years. In order to finance the improvements, the City shall issue bonds, amortized over a twenty (20) year period, in the approximate amount of \$37,000,000.00 (the "Indebtedness"). The City shall issue all such bonds in a one-time, single issuance, and the Parties expressly acknowledge and agree that this Agreement, and the County's obligations hereunder, shall not apply to any bonds issued by the City following such initial issuance, whether issued in connection with the financing of the improvements or not; provided, however, this provision shall not operate to limit either Party's rights under Section 4.6 of this Agreement.

3.2 The County shall make a single annual payment to the City, commencing September 30, 2017 and every September 30th thereafter in an amount equal to the losses

of: (i) 39.4% of the actual amount of principal and interest due on the indebtedness for that particular year; or (ii) the amount of annual principal and interest necessary to defease a principal amount of \$14,560,000.00, over a twenty (20) year term, at a maximum interest rate of 4.5%. Such annual payments by the County shall be applied toward payment of the Indebtedness, and the County shall make such annual payments to the City until the County's obligation under this Agreement is satisfied, or sooner terminated. The annual payment shall represent both principal and interest on the County's portion of the indebtedness as set forth on the Estimated Bonded Debt Amortization Schedule shown in Exhibit "A" attached hereto and incorporated herein. Exhibit "A" is provided for illustration purposes only and shall not be construed as adding to or limiting the obligation of the Parties pursuant to this Agreement. Upon the issuance of the indebtedness, the actual amortization schedule for the indebtedness shall be used to calculate the annual payments due and shall be incorporated into this Agreement as an addendum. The Parties agree that the sum of all annual principal payments provided by the County herein will not exceed \$14,560,000, nor constitute more than 39.4% of a total project cost of at least 37,000,000.

3.3 On any annual payment date, the County may elect to terminate its obligations under this Agreement by paying to the City an amount equal to the County's share of the unpaid principal amount due on the Indebtedness through maturity of this Agreement.

3.4 With the exception of those revenues previously pledged for improvements to the Lakeland Civic Center, the County covenants and agrees to apply the annual revenues derived from the fourth percent of the Tourist Development Tax up to the annual proportionate share of the limits set forth in Section 3.2 to satisfy its annual payment

obligations under this Agreement prior to applying said revenues to any other purpose. The Parties acknowledge and agree that all surplus funds generated annually from the fourth percent of the Tourist Development Tax in excess of what is necessary to satisfy and discharge the County's annual obligations hereunder, including any carried over amount from the prior year, if any, as set forth below, may be utilized by the County for any purpose authorized by Section 125.0104(3)(b), Florida Statutes. In the event the revenue generated from the fourth percent of the Tourist Development Tax is insufficient in any given fiscal year for the County to meet its obligations hereunder, then the County shall carry the shortfall forward so that it becomes due and payable with the next annual payment. In the event full payment has not been made at the end of the twenty year financing period provided herein, the Parties agree that this Agreement, and the County's obligation to make payments hereunder, shall be extended for such additional period of time as is necessary for the County to make full payment to the City.

SECTION 4: Covenants and Obligations of the City

Subject to the terms and conditions of this Agreement, the City does hereby covenant and agree as follows:

4.1 In order to finance the Improvements, the City shall proceed with all steps necessary to obtain financing and related costs for the Improvements, and shall diligently pursue completion of the Improvements being financed with the proceeds of the debt instrument(s);

4.2 The City shall apply for State incentive funding for renovations for a spring training franchise facility pursuant to Section 288.11631, Florida Statutes, and the City shall use the proceeds of such funding for the sole purpose of financing a portion of the costs of the Improvements by servicing the debt obtained to finance the Improvements as

indicated in Section 4.1:

4.3 The City shall apply the proceeds from any lease or financial revenue sharing agreement with the Team for the funding of the Improvements to service the debt obtained to finance the Improvements as indicated in Section 4.1; provided, however that this provision shall not apply to any leases entered into for improvements or uses which are not in whole, in part, or in any manner materially associated with the Improvements for which the County funds are intended and which are governed by this Agreement. 4.5 The City covenants and agrees not to mortgage, sell, dispose of, transfer or otherwise convey any interest in the Complex during the term of this Agreement without the written consent of the County and any proceeds from any such disposition shall first be applied against the Indebtedness;

4.6 The City covenants and agrees not to modify or amend any of the debt

instruments secured in connection with the financing of the improvements in any manner which would shorten, lengthen, enlarge or modify the obligations of the County hereunder, or to refund any bonds without prior written consent of the County; and in the event such modification or amendment is made which reduces the total debt service payment on the Indebtedness, then the County's share of the debt service obligation shall be reduced proportionately;

4.7 The City shall prepare the annual payment calculations based upon the actual amortization schedule as described in Section 3.2 and submit a written copy of such calculation to the County on or before August 1 immediately preceding each required annual payment date; and

4.8 As consideration for the County's pledge made herein, the City shall permit the County to use the Complex, or portions thereof, for not more than four (4) special events per year during the term of this Agreement, which events shall not exceed a maximum of nine (9) days per year, collectively, and shall not conflict or interfere with the activities of the Team. The County agrees to reimburse the City for its reasonable staff and maintenance costs incurred as a result of the County's use of the Complex.

SECTION 5: Conditions

The Parties acknowledge and agree that the County's performance under this Agreement is contingent upon the following conditions:

5.1 The City must receive written acknowledgment from the State of its award of not less than \$20,000,000 of incentive funding pursuant to Section 208.1163, Florida Statutes, as further described in Section 4.2. The City shall provide a copy of such acknowledgment to the County within five (5) business days of receipt. In the event the City is unable to secure such funding, this Agreement shall be *void ab initio*, the County

shall have no obligation hereunder, and any payments made by the County to the City pursuant to this Agreement shall be immediately returned to the County in full; and

5.2 The City must enter into an agreement with the Team for the lease of the Complex for a term of not less than twenty (20) consecutive years (the "Lease"). The City shall provide a copy of the fully executed Lease to the County within five (5) business days of full execution. In the event the Lease is not executed for any reason, whether through any fault or no fault whatsoever of the City, this Agreement shall immediately terminate and be of no further force or effect, and the County shall have no further obligation hereunder. In the event that the Lease is terminated by the City or the Team, or the Team relocates its home spring training games or the Lakeland Flying Tigers home games to another location prior to the completion of the Lease term (individually, a "Default Event" and collectively, the "Default Events"), then the County shall have the right to terminate this Agreement by providing written notice thereof to the City, and, in such event, the County shall have no further obligations hereunder; provided, however, that if the Lease is terminated through no fault of the City, then prior to the County terminating this Agreement, the City shall be permitted to pursue the enforcement of its remedies under the Lease for a period not to exceed 24 months from the date of the Lease termination (the "Enforcement Period"). If during the Enforcement Period the County determines in its reasonable discretion that the City is not diligently pursuing its Lease remedies, or if the Enforcement Period expires and any of the Default Events remain uncured, then the County shall have the right to terminate this Agreement effective immediately. Within sixty (60) days from the date of such termination, the City shall reimburse the County in full for any principal and interest payments made by the County pursuant to Section 3.2, from the date on which the Default Event(s) first occurred through the date this Agreement

is terminated. Said reimbursement to the County by the City shall also include interest on all the debt service payments from the date the County makes such payments, to the date this Agreement is terminated. Such interest shall accrue at the annual average rate of the State Board of Administration's Florida Prime 30-day average yield for the months of October through September of the previous fiscal year.

SECTION 6: No Lien or Pledge of Ad Valorem Revenues

The pledge of the City and the County, respectively, as set forth herein, shall not constitute nor create a lien, either legal or equitable, on any of the City's or the County's respective ad valorem revenues or funds. Neither the City nor the County shall ever be required to levy ad valorem taxes on any property within its respective boundaries to pay their respective shares of the debt service payments or any other payments provided herein.

SECTION 7: Indemnification

Without waiving sovereign immunity pursuant to Section 768.28, Florida Statutes, each party will indemnify the other from and against any and all claims, demands, causes of action, losses, damages, penalties and expenses, including attorneys' fees, arising from or incurred because of any loss or damage sustained as a result of the indemnifying party's failure to comply with the provisions of this Agreement, to the extent permissible by Florida Law. Nothing herein shall be deemed a waiver, express or implied, of either party's sovereign immunity or an increase in the limits of liability pursuant to Section 768.28, Florida Statutes, regardless of whether any such obligations are based in tort, contract, statute, strict liability, negligence, product liability or otherwise.

SECTION 8: Term

Unless extended by mutual written agreement of the Parties, or unless otherwise provided in this Agreement, this Agreement shall expire when the County's financial

obligations as set forth in Section 3 have been satisfied.

SECTION 9: Effective Date

Pursuant to Section 163.01(1), Florida Statutes, this Agreement shall become effective upon the filing of the fully executed Agreement with the Clerk of the Circuit Court for Polk County, Florida.

SECTION 10: Notice

Any notice or correspondence required under this Agreement shall be provided to the other party by personal hand delivery, by recognized overnight courier service, postage prepaid, or by certified mail, return receipt requested, to the other party at the address set forth below:

SECTION 11: Third-Party Rights

Nothing in this Agreement is intended, nor shall be construed, to confer any rights or benefits upon any party other than the City and the County.

SECTION 12: Assignment

Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered under any circumstances.

SECTION 13: Severability

The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement. Any void provision shall be deemed severed from the Agreement and the balance of the Agreement shall be construed and enforced as if the Agreement did not

contain the particular portion or provision held to be void. The Parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

SECTION 14: Controlling Law / Members of the City and County Not Liable

All covenants, stipulations, obligations and agreements of the County and the City contained in this Agreement shall be deemed to be covenants, stipulations, obligations and agreements of the County and the City, respectively, to the full extent authorized by the Cooperative Act and provided by the Constitution and the laws of the State of Florida. No covenant, stipulation, obligation or agreement contained herein shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future member of the governing body or agent or employee of the City or the County in its, his, her or their individual capacity and neither the members of the governing body of the City or the County nor any official executing this Agreement shall be liable personally or shall be subject to any accountability by reason of the execution by the City or the County of this Agreement or any act pertaining hereto.

SECTION 15: LIMITATION OF LIABILITY

IN NO EVENT, SHALL THE COUNTY BE LIABLE TO THE CITY FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE, INCLUDING LOSS OF PROFIT, WHETHER FORESEEABLE OR NOT, ARISING OUT OF OR RESULTING FROM THE NONPERFORMANCE OR BREACH OF THIS AGREEMENT BY THE COUNTY WHETHER BASED IN CONTRACT,

**COMMON LAW, WARRANTY, TORT, STRICT LIABILITY, CONTRIBUTION,
INDEMNITY OR OTHERWISE.**

SECTION 16: Governing Law and Venue

This Agreement shall be governed in all respects by the laws of the State of Florida and any litigation with respect thereto shall be brought only in the courts of Polk County, Florida or the United States District Court, Middle District of Florida, Tampa Division.

SECTION 17: Attorneys' Fees and Costs

Each party shall be responsible for its own legal and attorneys' fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorneys' fees, costs, and expenses incurred for any appellate or bankruptcy proceedings.

SECTION 18: Waiver

A waiver by either the County or the City of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

SECTION 19: Annual Appropriations

The City acknowledges that the County, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein

contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the County's performance and obligation to pay under this Agreement is contingent upon annual appropriation.

SECTION 20: Entirety of Agreement

The Parties agree that this Agreement sets forth the entire understanding between the Parties as to the subject matter contained herein, and that there are no promises or understandings between the Parties other than those stated herein. This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters or other communications between the City and the County pertaining to the matters stated herein, whether written or oral.

SECTION 21: Amendment

This Agreement may not be modified, added to, superseded or otherwise altered unless such modifications, additions or other alterations are evidenced in writing signed by both the County and the City.

17. Agreement of City Regarding Revenue. The City agrees to take such action as is necessary under the laws of the State of Florida to plan and budget for receipt of a sufficient appropriation of funds to discharge its obligations hereunder; provided, however, if the City has not appropriated sufficient funds to enable it to discharge its obligations then, notwithstanding any other provision contained herein, this Agreement may be terminated effective upon expiration of the fiscal year in which sufficient funds were last appropriated to satisfy the obligations.
18. Assignability/Amendment. This Agreement shall be binding and inure to the benefits of the successors of each of the parties, but it is mutually agreed that this Agreement shall not be assigned by the Club to any person, firm or corporation without the written consent of the City, which consent shall not be unreasonably withheld.

Economic Impact of the Detroit Tigers Spring Training in Lakeland, Florida 2022

Spring Training is vital to the health and vibrancy of Lakeland's local and regional economy. Each Spring, the City hosts players, coaches, visitors and guests for a period of time to practice and play exhibition games in preparation of the start to the Major League Baseball (MLB) season. Following back-to-back seasons in 2020 and 2021 that were disrupted by the COVID-19 pandemic, MLB lifted attendance restrictions in 2022, allowing tickets to be made available and for all seats. Demonstrating the impact of this change, the following information has been compiled to capture the specific economic impact of Spring Training in Lakeland. To do that, Lakeland has completed the information contained in this document using the methodologies derived from the MLB Florida Spring Training Economic Impact Study Report which was published in June of 2009 by the Florida Sports Foundation and Bonn Marketing Research Group, Incorporated. The estimates were calculated with the support of attendance figures provided through a zip code analysis of the 2022 attendees that purchased admission tickets with credit cards. The information contained herein represents the estimated Economic Impact to Lakeland as a result of the direct spending associated with the 2022 Detroit Tigers Spring Training season. Please note that this information does not include the associated impact to labor, income and employment in Lakeland as a direct result of the Tigers Spring Training activities.

The attendees, for this purpose, are separated into five distinct categories:

- **Out-of-State-Primary Purpose:** This indicates a visiting party from outside of Florida that came to the area expressly for the Detroit Tigers Spring Training.
- **Out-of-State-Other Purpose:** This indicates a visiting party from outside of Florida for that came to the area for another purpose, but attended Spring Training activities.
- **Non-County-Primary Purpose:** This indicates attendance from another County in Florida that visited expressly for the Tigers Spring Training.
- **Non-County-Other Purpose:** This indicates attendance to Polk County for another purpose, but included Spring Training activities.
- **Local:** These include all Polk County residents.

U.S. Geography	Number of Attendees	% of Tickets sold in U.S.	Total % of Tickets Sold
Florida	14,656	42.47%	39.92%

THIS PAGE WILL BE UPDATED LATER TO REFLECT THE CHANGES THAT WERE MADE TO THE STADIUM FOR 2017. DUE TO ITS RENOVATION, SOME INFORMATION BELOW WILL BE INACCURATE.

Location

Joker Marchant Stadium is a short drive from I-4. Appropriate for a team from the Motor City, the ballpark's neighbors are auto dealerships. Lakeland's local Honda, Acura and GMC dealerships are in the ballpark's backyard - cars for sale are always in the shadows of the third base side grandstand.

Directions

Take I-4 to Exit 33 and follow Route 33 South (Lakeland Hills Blvd.) for about 2 1/2 miles and the ballpark will be on your left.

Parking

Although the lot surrounds the stadium, most people park on its first base side in either a grass field or paved lot. You don't want to park on the stadium's third base side - as the limited spaces there are a horn's way. Horn being four bells. The large grass field behind left field is safe. Just take Granada Street and enter it via Marion Way. A cheaper parking alternative is available at Christ Lutheran Church, which is across the street from the stadium's left field lot entrance. The parking fee there is only \$5 and you'll have the added benefit of avoiding post game parking lot congestion. Just look for the church's \$5.00 baseball parking signs and some older-pegged volunteers, whom are church congregation members that in many years also operate a charity hot dog concession in their parking lot that is alongside Granada and about 50 yards from the stadium lot entrance. And when that paved lot fills up, you can also park for \$5 or less at the nearby Peak Worship church, where donations are accepted to park on their lawn, which is along Granada Street too but is a few minutes walk further from the stadium.

Stadium Cost: \$10

city and team is the longest in spring training history. Built for just \$360,000 in 1968, Joker Marchant Stadium was erected with concrete structure during a time when other stadiums were being built with structural steel (concrete with inside steel, structural steel does not). It has expanded over the years from its original capacity of 4,900 through renovations. The most recent one, completed just prior to the 2003 season at a cost of \$10 million, added a berm in left field. The stadium was named after the city's former Parks and Recreation Director, Marcus "Joker" Marchant, who was instrumental in establishing the Tigerown complex.

Fast Facts

- The single lane streets outside the stadium are named for past Tiger greats (Kalinine Drive and Horton Way).
- Fans enter the stadium through its narrow home plate gate or via the much wider first and third base gates.
- The ticket office is adjacent to the home plate gate and has a covered waiting area that's partially paved with engraved personalized bleachers. WH call tickets can be picked up at each of the 6 windows.
- The concourse is behind the stadium and is completely covered. On the portion behind the main grandstand are a handful of scattered picnic tables.
- The bullpen is one row in each other directly behind the right-center field wall. Fans can look down into them from the wide walkway above their location.
- The clubhouse and Tigers' executive offices are housed in the lengthy three-story building that is alongside the backside of the right field concourse.
- A large screen video board debuted in 2017 to serve as the stadium's main scoreboard. It hovers in left-center field behind the berm.
- There is one permanent location selling Tigers merchandise. That's the team store, called The D Shop, which can be walked into from the concourse behind home plate and is close to the portal leading to sections 105 & 106 and 205 & 206. Smaller selections of souvenirs are also available at stands set up on each side of the concourse.

Practice Fields

- The Tigerown complex is behind the outfield and includes six practice fields. Fields 1 through 4 are in a cloverleaf formation. The other two fields are named for a pair of Tigers legends and are on opposite ends of the complex. Al Kaline Field is found behind the Joker Marchant Stadium berm while Hank Greenberg Field is near the Tigerown entrance gate.
- Once the Tigers' spring training schedule begins, fans are not allowed into Tigerown to watch any of the back field practice. However, fans can stand behind the outfield fences of three of the fields — A2 and A3, plus Al Kaline Field, which is the Tigers' main practice field. For all three fields, plenty of standing room is available in tarting practice home run territory between the 889-10-999 through chain-linked fences and Granada Street.
- The Tigers take their batting practice inside of the stadium, generally starting three hours before game time and ending just as the gates open. But fans can play an extra \$5 to get into the stadium early to see Tigers BP. The cost of the "BP Pass" can be added to the price of a game ticket when bought online or at the box office, where already bought tickets can be upgraded, and early admission is through the 3rd Base gate only, as only the left field berm and left field line grandstand will be open. The time for early batting practice admission can vary slightly. It's usually 10:00 a.m. but it actually depends on when the Tigers start hitting, which could be later, with their BP generally starting by 10:15 at the latest.

Types of Seating

Fans have their choice between traditional stadium seats with chair backs and armrests, bleachers with or without seat backs, or the outfield lawn.

- Stadium seats: Sections 100-112 and 200-210
- Bleachers: none
- Berm: A 68-foot topped hill with a capacity of 400 people encompasses all of left field.

Notes about the seating

- The Tigers dugout is on the first base side. To make sure you're on the home side of the stadium, buy your tickets in sections 100-106 or 200-206.
- An aisle divides the stadium's main grandstand into two distinct sections. Box seats are below the aisle. Reserved seats above it. There are far more reserved seats than box seats.
- All stadium seats have cup holders.
- Handicapped accessible seating is spread throughout the grandstand. It can be found on the aisle above sections 100 and 111, in a dedicated space within section 202, in a raised platform atop section 203, and at the top of sections 209, 212-216 and 302. (Note: Wheelchair spaces and companion seating are designated as row U in sections 212, 214-216 and row W for section 213.)
- The protective netting spans pretty much all of the grandstand, going from sections 100-115 (only most of section 115 is spanned).
- Standing room is generally on or around the berm. Limited standing room is available directly behind the box seats in the open space between the third base grandstand and bleachers plus in a smaller area on the stadium's first base side.
- Ushers in the main grandstand keep its narrow cross-aisle clear at all times and will generally prevent anyone from trying to sneak into a box seat that's sans a ticket for one. They will, however, let you plop down anywhere else in the stadium if you can find an available seat.

Sections and rows

- Rows for sections in the stadium's lower grandstand range as follows:
AA to EE in section 100, AA to HH in sections 101-102, FF to HH in sections 103-104, AA to HH in sections 105-106, FF to HH in

sections 109-110; AA to HH in sections 111-116

• Rows for sections in the stadium's upper grandstand range as follows:

A to Q in sections 200-201; D to X in section 202; A to W in sections 203-204; A to M in section 205; A to Q in sections 206-207; A to M in section 208; A to X in sections 209-210; G to W in section 211; A to T in section 212; A to W in section 213; A to T in sections 214-216

• Rows for sections in the stadium's club level range as follows:

A to F in sections 300-302

• Rows I and O are skipped in all sections.

Tickets

- The first three rows of sections 100-113 are sold as Field Box.
- Sections 100-102 are sold as 1st Base Box (except for the 3 rows of Field Box seats).
- Sections 103-113 are sold as Infield Box (except for the 3 rows of Field Box seats).
- Sections 114-116 are sold as Left Field Box.
- Sections 200-213 are sold as Reserved.
- Sections 214-216 are sold as Left Field Reserved.
- Sections 300-302 are sold as 34 Club.
- Space on the left field lawn is sold as Barn.
- Standing space on the right field concourse is sold as Runway.
- Prior to their 3rd birthday, children do not need a ticket.

Seats to avoid

Some of the best seats in the house unexpectedly have a protective net in front of them. All Box seats in sections 101 and 102 are affected. They are the first two sections to the right of the Tigers' dugout. Stay away from them unless you don't mind looking through the black netting normally only found behind home plate, where a screen is not as annoying because it's expected.

The final favored seats worth mentioning are the front rows (row A) of sections 203-210, from where fans have to deal with the double annoyance of obstruction by a too high handrail and foot traffic passing by on the aisle in front of them.

Seats in the shade

The stadium's roof covers rows N & up in sections 203-210. Not only are all seats in those rows covered (and thereby shaded), but because the sun is positioned behind the main grandstand shade is able to creep down further in the nine sections that the roof partly covers. For the typical 1:05 afternoon start, seats that are fully shaded can be found in rows E & up in sections 202-205, F & up in section 206, G & up in section 207, J & up in section 208, and L & up in sections 209-210. Once daylight saving time begins, the seats that receive shade at the beginning of the game shift to at least rows G & up in sections 202-204, F & up in section 205, M & up in section 206, K & up in section 207, L & up in section 208, and N & up in sections 209-210. As the game progresses, more entire rows of seats in sections 206-210 become shaded.

VIP seating

There are six suites, each named after a Tiger legend, on either side of the press box. Two are on the first base side of home plate and four extend down the third base line. All six have balconies with stadium seats.

Game Day

Gates open approximately 2 hours before first pitch - at 11:00 a.m. for an afternoon (1:05) start.

Food, drink and bag policy

- No food can be brought into the stadium.
- Fans are allowed to bring in a sealed bottle of water. Aside from never opened water, all other bottles, cans, thermos jugs and liquid containers are not permitted in the stadium.
- Bags are allowed up to a maximum size of 16" x 16" x 8".

Getting autographs

The Tigers' clubhouse is down the right field line and Tigers players will sign for fans gathered in the box seats between it and their dugout, both before and after the game. The visiting team uses the same clubhouse but their players usually take a route to their city across the field, whereas the Tigers walk along the warning track close to the first base stands. So Lakeland's ballpark is a no-go zone for home team autographs and a busy place for those who prefer signatures from the visiting team. Zealous autograph hounds will want to head to the right field corner outside of the stadium following the game and take their chances on a Tiger or two emerging from their clubhouse. The visiting team's bus will also be parked nearby, but behind the fence in a restricted area. So once again fans of the visiting team will likely be thwarted in their autograph pursuits.

Unique ballpark fare

Your taste buds will love the Lakeland concession stands. The Little Caesars Pizza stand is a natural fit, given that Tigers owner Mike Ilitch owns the pizza chain. A brat with sauerkraut and turkey burger is on the ballpark menu, in addition to the regular hamburgers, hot dogs and grilled chicken sandwiches that are found at the eight-sided hut on the first base concourse. Specialty stands set up throughout the back of the main concourse are the place to find a whole bunch of non-normal ballpark food. Long prominent among them is the stand blending on the third base concourse that serves up big turkey legs along with pulled pork and BBQ necks. The rest of the rotation can change yearly, with 2015 seeing the introduction of a booth hawking Flint-style Coney Island dogs. The craft beer bar on the first base side concourse has the best non-rap beer selection in the stadium, which serves a small variety of typical or otherwise popular selections on draft (think Miller Lite and Yuengling Lager). Fountain drink pouring rights belong to Pepsi.

Ballpark Area info

Lakeland is the only remaining spring training site in Florida that doesn't have a beach or major amusement park within a 90 min or so drive. Really, it's just a sleepy central Florida town best known as the home of Publix Super Markets and as a destination for aviation buffs (*Fantasy of Flight* is nearby). As its name would suggest, Lakeland does have lots of lakes, one of which (Lake Parker) you can see from the upper third base grandstand. But unlike the majority of other Grapefruit League cities, it's not a place you'd normally visit outside of spring training although there is one site that many folks do stop by year-round to see. That would be the "Child of the Sun" collection of buildings found at Florida Southern College, which is about four miles from the stadium, that were designed by the legendary American architect Frank Lloyd Wright. The college's campus is home to a dozen such buildings, making it the largest single-site collection of Wright's architecture in the world.

Travelers' notes

- The stadium is just a couple miles south of I-4.
- [Henley Field](#), the Tigers' original spring training home in Lakeland, is just 1.4 miles from Joker Marchant Stadium and will used by Florida Southern College, a Division II school that has won 9 baseball championships.
- The stadium's location is less remote than it feels, but Lakeland is definitely not the typical tourist town in a state full of them.

Tigers prospects enjoy scrimmage in stadium

LAKELAND, Fla. -- The chirps of the birds that have called Joker Marchant both at home plate and in the dugpens. Between, music from the stadium sound system was just loud enough to notice, but not loud enough to drown out the

conversations from the scattering of fans and Tigers officials that had made their way into the stands.

The intersection of sounds fit the laid-back scene of a Thursday morning Minor League intrasquad game that was opened to the public on short notice. No tickets, no concessions, just show up if interested.

Suddenly came the crack of the bat, and an opposite-field loft from Detroit's [No. 22 prospect](#), Andre Lipcius, off Garrett Hill, a hitter and pitcher who were teammates at two levels of the Tigers' system last year. Right fielder and [No. 8 prospect](#) Roberto Campos went to the fence before the ball cleared for a solo homer and the first run.

Lipcius received high fives from teammates on Team Trammell, which included top prospects Spencer Torkelson ([No. 1](#)), Riley Greene ([No. 2](#)) and Ryan Kreidler ([No. 10](#)). Still, Lipcius kept it in perspective.

"Yeah, it's a Spring Training at-bat," Lipcius shrugged when asked about the at-bat afterward.

More accurately, it's a scrimmage set up in Minor League minicamp, meant largely to break up the monotony of daily workouts and live batting practices that can settle in. After nearly two weeks of training for hitters, and even longer for pitchers, the change of pace was appreciated.

LAKELAND — Major League Baseball fans are not the only ones breathing a sigh of relief that the 99-day lockout is over.

Detroit Tigers players must report to Lakeland's Publix Field at Joker Marchant Stadium by Sunday under the terms of their new collective bargaining agreement. The team's first exhibition game will be March 18 in Lakeland against the Philadelphia Phillies.

Bob Donahay, Lakeland's parks and recreation director, said Publix Field is ready to go as ground crews have kept busy keeping the fields green.

"What we've been missing out on is the economic impact of fans coming from out of town," Donahay told The Ledger.

City Commissioner Sara Roberts McCarley asked Monday what the financial impact of the delayed spring training season would have.

Baseball history: 50 years ago, the AL East champion Tigers had a thrill-ride of a season

In case you missed it: Should Polk County make pitch to get new Tampa Bay Rays stadium built here?

The Detroit Tigers collect all revenue from spring training ticket sales. The city's profit comes from the \$10 parking fee per vehicle at the stadium. Lakeland collected about \$260,000 in parking revenue in 2019 — the last time there was a full spring training season because of COVID. The city kept 80% of these sales, or about \$208,000, with the other 20% given to the Tigers, Donahay said.

By comparison, Donahay said the city collected about \$96,000 in parking fees in 2020 when spring training abruptly ended mid-March because of the pandemic.

"The only dollars we're losing is some of the parking revenue," he said. "We'll recoup."

The potential loss of business from the abbreviated three-week spring training season could ripple outward across the city. Julie Townsend, executive director of the Lakeland Downtown Development Agency, said the impact was already being felt.

"We're seeing the impact of fewer visitors walking around downtown, there's less people shopping and eating," Townsend said.

Lakeland businesses had been looking forward to a possible influx of dollars after the COVID pandemic. The delayed start of spring training dealt another fiscal blow Townsend described as adding "insult to injury." She had doubts as to how many baseball fans would be able to change their plans.

"I don't think you will see as robust number of fans as a regular spring training," Townsend said. "It may happen, I don't feel certain it will be as a robust."

Kris Keprios, senior tourism sales and marketing manager for Visit Central Florida, had a more positive outlook on how many out-of-state baseball fans will make their way to Lakeland.

"It's not if they come down, but when they come down," he said.

Neal Duncan, senior business development manager at Visit Central Florida, said the area is already hosting visitors from the Detroit Tigers' home state of Michigan and the Midwest who were eagerly awaiting the start of spring training. Duncan said there is a pent up desire of people to travel, after long lockdowns imposed by the COVID pandemic, so Lakeland and the Central Florida area are seeing more visitors compared with prior years.

"We're hopeful for a delayed impact in a good way, as a positive not a negative," he said.

Delay or not, this is the 88th year the Tigers have trained in Lakeland. It's the longest relationship between an MLB team and its spring training host city.

Great Stadium ... But eat before you go. Beautifully maintained stadium. All the seats are great. Clean and nicely laid

Detroit Tigers Spring Training in Lakeland

Lakeland has been the home of the Detroit Tigers Spring Training games since 1966. Spring training is the closest you can get to the way baseball used to be, the way it should be. Tickets are affordable and cozy stadiums are rich with history. Players are relaxed and approachable. In fact, fans are welcome to interact with players and often get lucky enough to return home with an autograph and cool story. Joker Merchant Stadium underwent multiple renovations in 2017 to enhance the overall experience of Spring Training baseball games today.

Section 7. Future Use and Ownership of the Sports Complex.

- 7.1 The County shall have the obligation to transfer ownership of the Sports Complex back to the City in the event that: (1) Major League Spring Training Activities at the Sports Complex are discontinued by the Baltimore Orioles for a period of two (2) years and no other Major League Baseball club agrees to use the Sports Complex for Spring Training Activities, and (2) the County has repaid any and all debt issued in connection with the substantial

renovation of the Sports Complex or any future capital repair or improvement; provided, however, that the County shall not issue debt having payment obligations that extend beyond the term of the lease, or any lease extension, between the County and the Baltimore Orioles. In order to effectuate this obligation the City must first notify the County in writing that it is of the opinion that the two above-described events have occurred including a demand that ownership of the Sports Complex be transferred back to the City. The purchase price to be paid by the City to the County at the time of transfer shall be One dollar.

- 7.2 Upon transfer of the Sports Complex back to the City the Sports Complex shall be used for public recreational or other public use. In the event that the City desires to make the Sports Complex available for non-public uses the County shall have the option to purchase or lease the Sports Complex from the City. If the Sports Complex is purchased, the purchase price to be paid by the County to the City at the time of transfer shall be the appraised value of the Sports Complex land exclusive of the value of the improvements assuming its use as a publicly owned Sports Complex. If the Sports Complex is leased, the rent to be paid by the County to the City shall be established on the basis that it is a land lease only and shall exclude the value of the improvements.

- b. Any act, omission, event or circumstance existing or occurring in connection with the handling, treatment, containment, removal, storage, decontamination, clean-up, transport or disposal of any hazardous material existing on, in, under, affecting or emanating from all or any portion of the Major League Site, including any development of the Major League Site;
- c. Any violation of any State of Florida or Federal environmental laws, rules, guidelines, regulations or ordinances regardless of whether any act, omission, event or circumstance giving rise to the violation constituted a

- d. Any environmental claim or the filing or imposition of any environmental lien against the Major League Site, because of, resulting from, in connection with, or arising out of any of the matters referred to in (a) through (c) above.

In addition, the City shall indemnify the Indemnified Parties for, without limitation, all of the following: (i) the costs of remediation, removal or abatement of hazardous materials from the Major League Site or, when applicable, the surrounding areas; (ii) additional costs required to take necessary precautions to protect against, or to mitigate the effects of, the release of hazardous materials on, in, under, affecting or emanating from the Major League Site or into the air, any body of water, any other public domain or any surrounding areas, including any professional consultative fees and costs related thereto; and (iii) costs incurred to comply, in connection with all or any portion of the Major League Site or, when applicable, any surrounding areas, with all applicable Laws with respect to hazardous materials. Notwithstanding the above, the foregoing indemnity shall not apply to the extent any of the foregoing relates to hazardous materials transported onto the Major League Site by the Indemnified Parties subsequent to execution of this Indemnity.

The City shall provide, in a timely manner and in the manner required by the County's and the Orioles' Project Representatives, Project architects and General Contractor, such environmental information as may be necessary or beneficial to the Project and its timely completion within the established budget, including any consultative reports or other material information regarding the environmental conditions of the Major League Site and or any updates regarding the negotiations with State or Federal environmental agencies to achieve No Further Action (NFA) status for the Major League Site.

The City shall have the right to participate and provide input in any scheduled project development meeting(s) scheduled and attended by the County's and Orioles' Project Representatives, the Project architects and General Contractor wherein decisions as to the Project are made which may materially affect the City's environmental monitoring, remediation, removal, abatement cleanup or indemnification obligations.

To the extent that remediation, removal or abatement of hazardous materials on, in, under, affecting or emanating from the Major League Site is necessary, the City, the County and the Orioles shall meet and confer to discuss the various options available for such remediation. Time being of the essence, upon identification of the remediation option(s), subject to permitting and regulating agency approval, the City shall expeditiously retain qualified vendor(s), unless the City, the Orioles and the County agree to otherwise retain qualified vendor(s), to perform the remediation, removal or abatement who shall, upon retention, coordinate with the Orioles' and County's Project representatives, Project architects and General Contractor as to all such remediation, removal or abatement, including as to the dates, times, conditions and manner for the performance of the remediation, removal or abatement.

Without limiting any other obligation of the City herein, any cost or expenses caused by the accommodation or implementation of the City's and/or its environmental consultants' request(s) and remediation, removal or abatement shall be the sole responsibility of the City.

RECITALS

WHEREAS the City of Sarasota (the "City") is the owner of: (1) the real property located at 12th Street and Tuttle which has historically been used as a Major League Spring Training facility and includes training facilities, practice fields, clubhouses, offices, the "Ed Smith Stadium" and other improvements and fixtures located thereon, as well as (2) the real property located North of 12th Street and South of 17th Street and the corner parcel North of 12th Street, which are both utilized for parking for the Major League Spring Training facility and as are more particularly set forth in Exhibit 1 attached hereto (collectively, the "City Land");

WHEREAS, the City adopted its Resolution No. 09R-2094 on May 4, 2009 indicating its willingness to make its Ed Smith Stadium complex available to the Baltimore Orioles for Spring Training and other Major League Baseball purposes and to transfer to the County the aforementioned City Land, along with ancillary parcels of real property (and improvements) in connection therewith for the full beneficial use by the Orioles, which parcels together consist of +/- 53 acres of real property more particularly described on Exhibit 1 attached hereto (collectively, with all furniture, fixtures, equipment and improvements, the "Major League Site"), and the City and the County have entered into an interlocal agreement (the "Interlocal Agreement") which includes the foregoing and the purchase of the City Land, including the Major League Site, and other terms and conditions;

WHEREAS, the Orioles own and operate the Major League Baseball Team known as the Baltimore Orioles and currently conduct their Minor League spring training operations in the County at the County-owned Twin Lakes Park containing the Buck O'Neil Baseball Complex described on Exhibit 2, attached hereto, consisting of +/- 36 acres of real property which contains improvements and fixtures located thereon, including but not limited to fields, a clubhouse and other furniture, fixtures, equipment and improvements (collectively, the "Minor League Site");

WHEREAS, the Orioles desire to consolidate its Major League and Minor League spring training operations in the County, including Major League player preseason training, player rehabilitation, extended spring training operations and other year-round baseball-related activities (collectively, "Spring Training Operations") at the Major League Site and the Minor League Site (individually, a "Site" and collectively, the "Sites");

WHEREAS, the County has agreed to provide for the Orioles' use and occupancy of the Sites and to provide, upon the terms and conditions expressed in this Agreement, for certain funds and funding for the renovation and improvement of the Sites, including the Ed Smith

Stadium (the "Major League Stadium"), clubhouses, administration offices, fields, parking facilities, infrastructure, utilities and other usual and customary facilities, furniture, fixtures, and equipment at the Sites and as further described in this Agreement pursuant to the Orioles' Design Plan as more particularly set forth herein (the "Project");

WHEREAS, the County shall provide \$23.7 million to the Project (the "County's Guaranteed Project Funds") from sources identified by the County;

WHEREAS, in order to provide for the County's Guaranteed Project Funds, the County shall conduct the necessary public hearing required to amend its Tourist Development Ordinance to incorporate certain of the project funding into its Tourist Development Plan, thereby permitting it to dedicate up to one-half (1/2) of one percent (1%) of its Tourism Development Tax revenues to service certain County bonds, which it shall cause to be issued in a timely manner. The par amount of the County bonds shall be the maximum amount permitted to be issued without voter referendum as allowed under Section 5.2D of the Sarasota County Charter. The amount of the bonding limitation is currently \$20.715 million. The net proceeds of the County bonds will be made available as project funds and added to such other County funds as may be required to fulfill the County's Guaranteed Project Funds obligation;

WHEREAS, as a condition of the Interlocal Agreement and this Agreement, the City shall promptly issue bonds serviced by funds from the State of Florida Office of Tourism, Trade and Development ("OTTED") and promptly contribute all bond proceeds, net only of reasonable, usual and customary costs and expenses directly associated with issuance of such bonds, to the Project, as more particular set forth herein ("OTTED Funds"). The City may elect, in its sole discretion, to provide the funds from other sources. It is estimated that the net OTTED Funds available from the City will be approximately \$7.5 million;

WHEREAS, together the County's Guaranteed Project Funds and the OTTED Funds are the "Governmental Project Funds". WHEREAS, the County represents and warrants that it has the authority to enter into this Agreement as provided by Chapter 125 F.S. and other relevant provisions of Florida law and provide the Orioles with the rights contained in this Agreement and in the Project Documents.

NOW, THEREFORE, in consideration of the foregoing recitals which are incorporated herein, and the mutual covenants, promises, conditions and representations set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto AGREE AS FOLLOWS:

1. THE PROJECT.

1.1 The Parties acknowledge that certain improvements are required to be made to the

Sites in order for the Orioles to enter into a lease with the County for the full and beneficial use of the Sites and to conduct its Major League and Minor League Spring Training Operations at the Sites. The Parties agree that the design, development and construction process shall be a cooperative mutual endeavor in which the County and the Orioles will work together and participate in all phases of such process. The County and the Orioles each acknowledge and agree that the Project will be financed, designed, developed and constructed in accordance with the terms, conditions and schedules expressed in this Agreement.

1.2 The Orioles will have primary responsibility for and will take the lead in developing the design plans, specifications and elevations for the Project, subject to all applicable County and City codes and ordinances, which Project Design Plan may be amended from time to time ("Project Design Plan") (for illustrative purposes only, attached as Exhibit 3 are preliminary Site sketches). The Project Design Plan shall also include the style, design and materials for all fixtures, furnishings, appointments and equipment. The County shall have the right to participate in all phases of the design process. The Orioles shall keep the County informed on a regular basis as to the development of the Project Design Plan and any material and substantial amendments thereto. The Orioles and the County shall schedule regular briefings to discuss and preliminarily review the Project Design Plan. The Orioles shall present the Project Design Plan, including site sketches and elevations under consideration by the Orioles, to the County within one hundred fifty (150) days after the execution of this Agreement. The County shall have the right to review, comment upon and approve the Project Design Plan and all decisions and documentation with respect thereto, including without limitation, all architectural programs, schematic designs, plans and specifications, and any material amendments thereto which the Orioles deem necessary or desirable after the County's initial approval for the Project Design Plan has been granted. The Orioles shall have the right to select, in its sole discretion, the furniture, fixtures, and equipment in the Orioles' exclusive use areas, including the Orioles' offices, coaches' offices, training rooms, player locker rooms, weight rooms and other exclusive areas such furniture, fixtures, and equipment which shall be comparable to other Major League Baseball spring training facilities. In all instances, the County's review and approval under this Section shall be promptly exercised and shall not be unreasonably withheld, conditioned or delayed. When completed by the Orioles and reviewed and approved by the County, the Project Design Plan shall be attached hereto and to the Project Development Agreement and incorporated herein and therein for all intents and purposes. The Project Design Plan shall include placement of the existing (or new) plaques honoring Ed Smith and Red Ernush presently affixed at the Sports Complex.

1.3 The Project Design Plan for the Project shall include, among other things, specifications for:

2. PROJECT FINANCING.

2.1 The Governmental Project Funds shall consist of the following:

2.1.1 From the County:

2.1.1.A Net proceeds from the County's bond issue from the issuance of County's bonds in a par amount which shall not exceed the maximum amount permitted to be issued without voter referendum, expected to be approximately \$18.7 Million on or about October 1, 2009

2.1.1.B Cash collections of one-half (1/2) of one percent (1%) of the County's Tourist Development Tax beginning as of March 1, 2008 estimated to be approximately \$2 million by the date of issuance of the County bonds.

2.1.1.C County cash contributions from legally available non-ad valorem revenues in an amount not to exceed \$3 million.

2.1.1.D And/or such other County funds from legally available, non ad valorem revenues as may be required to fund the County's Guaranteed Project Funds obligation in the amount of \$23.7 million.

2.1.1.E Net proceeds from the City's bond issue from the City's OTTED grant funding or a cash equivalent from legally available, non-ad valorem revenues in an amount no less than \$7.5 million.

2.1.1.F Collectively, the Governmental Project Funds shall be and not exceed \$31.2 million for the Project.

2.2 All Governmental Project Funds shall be made available for the Project no later than thirty (30) days after the execution of the Project Documents (unless otherwise agreed by the Parties and as otherwise contemplated in Section 3.14) and shall immediately be placed in a construction fund account (the "Construction Fund Account") administered by the County for the sole and exclusive benefit of the Project. All interest accrued on the Governmental Project Funds (except for bond debt service reserve fund interest) shall be made available for the Project and together with the Governmental Project Funds shall constitute the Maximum Governmental Project Funds.

2.3 The Orioles shall provide the County, as part of the Project Design Plan, with a detailed cost estimate of the total Project costs, including the uses of the Maximum Governmental Project Funds and such other funds, goods or services as might be required from or arranged by the Orioles ("Project Costs").

2.4 Except as provided in, and subject to the terms of, this Agreement or the Project Documents, and further provided that the County fulfills its obligations in this Agreement and the Project Documents, the Orioles shall complete the Project and shall be responsible for the payment of any and all Project Costs in excess of the Maximum Governmental Project Funds (the "Orioles Project Contributions"). With regard to the funding of any Project Costs in excess of the Maximum Governmental Project Funds, the Orioles, at its discretion, shall either deposit the required funds directly in the Construction Fund Account prior to the incurrence of such excess Project Costs, or shall provide to the County any necessary assurances reasonably required by the County (e.g., letter of credit) that the Orioles Project Contributions shall be available in a timely manner, or discharge such payment obligations directly with vendors, concessionaires, contractors or project service providers, in which case the Orioles shall provide the County with written documentation of the payment discharge or in-kind transaction as more particularly set forth in Subsection 2.5. The Orioles also shall comply with any applicable County ordinance or Florida statute related to construction funding requirements for public projects.

2.5 The Orioles shall have the right to enter into any manner of agreements with its vendors, concessionaires or others to provide goods, materials and/or equipment to the Project, which shall be considered, for all intents and purposes, as part of the Orioles' Project Contributions. (For example, the Orioles' concessionaire for the Major League Stadium may be permitted to provide concessionaire equipment to the Sites.) The Orioles will inform the County, in writing, with a description of any Orioles' Project Contributions to the Sites made by any Orioles' vendors, contractors, concessionaires or other third parties and shall summarize relevant terms of such agreements and any other agreements that could impact the County's ownership interests in the Sites. The description shall be jointly submitted on behalf of the Orioles and the respective vendor, contractor, concessionaire or other such third party as may be

appropriate. Any such third party agreement shall be made in accordance and comply with applicable County ordinances and regulations.

2.6 In connection with the Orioles' Project Contributions, the County and the Orioles shall promptly meet after the execution of this Agreement and review the feasibility of issuing taxable or tax-exempt bonds at the request of the Orioles supported by Orioles' funds and/or rent, as the case may be, payment in lieu of taxes or such other funding mechanism as may be mutually agreeable to the Parties; however, the County shall be under no obligation to establish any such funding mechanism for the Orioles Project Contributions. To the extent that any such mutually agreeable funding mechanism requires the City to issue bonds, the County agrees to request that the City take reasonable steps to issue said bonds. To the extent that bonds are issued as part of the Orioles Project Contributions, the bond proceeds, net of all reasonable and customary expenses and costs, shall be deposited in the Construction Fund Account for the benefit of the Project.

3. DEVELOPMENT AND CONSTRUCTION OF THE PROJECT.

3.1 The County and the Orioles will execute a definitive, long form project development agreement for the Project which shall incorporate the relevant terms and conditions contained in this Agreement, and such other terms and conditions as are customarily included in similar agreements and as may be mutually agreed, and will establish the framework for the design and construction of the Project, within one hundred fifty (150) days after the execution of this Agreement (the "Project Development Agreement"), unless the Parties, in their respective sole discretion, deem the provisions of this Section 3 are adequate for such purpose.

3.2 The Project Development Agreement shall include the Project Design Plan and a detailed schedule outlining the time and actions anticipated necessary with respect to the Project, including a project design schedule that will address the coordination necessary to prepare the project scope, selection criteria and timeline for the procurement process (the "Project Schedule").

3.3 Time being of the essence, the County shall take all such action as is necessary to expeditiously conduct all of its Project reviews and exercise its approval rights, which in all instances may not be unreasonably withheld, conditioned or delayed. The County shall support the issuance of all City permits and approvals necessary for the Project and shall use its best efforts to obtain a commitment from the City in the Interlocal Agreement to provide expedited review and priority scheduling for any permit or development approval submitted to the City for the Project.

3.4 After the Project Development Agreement is finalized and approved by the County, the County agrees to promptly proceed with authorizing and issuing any and all procurements necessary for the Project. To the fullest extent permitted by law, regulation or ordinance, the Orioles shall be permitted to participate with the County and approve the selection of the architects, contractors, subcontractors, vendors and other professionals for the Project. The Orioles shall also have, to the fullest extent permitted by law, primary responsibility for and will take the lead in developing and constructing the Project, the right to approve any agreements to be entered into by the County for the Project (and any phase, portion or work order thereof), and

the right to approve the selection of any goods, materials, equipment, fixtures and furnishings for the Project.

3.5 Time being of the essence, the selection criteria for the architect of record shall include, but not be limited to: whether the architect has past performance with the Project Site(s) and/or with the Orioles; experience in the architectural design of Major League Baseball professional baseball facilities, and in particular, design experience specifically related to Major League Baseball spring training projects; and, professional personnel committed to the Project shall have had significant experience in projects of a similar nature or have worked on at least five (5) similar project types. Time being of the essence, the County, or the Orioles through the Project Development Agreement, shall promptly select and enter into contracts with all architects, contractors, subcontractors, vendors and other professionals for the Project. In the event that the Parties mutually agree to have either the County or the Orioles enter into a contract for the architect of record before the Project Documents are finalized, they shall reach a separate agreement for the funding of that contract from the Construction Fund Account.

3.6 The Project Development Agreement shall require, and the County shall obtain, guaranteed maximum price contract(s) (or such other arrangements as may be mutually agreed to and generally permissible under Florida Statutes) as part of the competitive selection process, in order to ensure that such contract(s) obtain the maximum value in relation to cost for each phase and portion of the Project and control the overall cost of the Project. No amendments or adjustments (including, but not limited to, change orders) shall be made to any maximum price contract(s), except as agreed to by the County and the Orioles. The County agrees not to request any amendments or adjustments (including, but not limited to, change orders) and shall have no right to adjust the scope of the Project and/or the Project Schedule unless mutually agreed. To the extent that the Orioles request an amendment or adjustment (including, but not limited to, change orders) which is agreed to by the County resulting in a Project Cost in excess of the Maximum Governmental Project Funds, then the Orioles shall comply with the provisions set forth in Section 2.4 above. The County agrees that the construction and design contracts which it enters into in connection with the Project shall contain provisions acceptable to the Orioles providing for liquidated damages in commercially reasonable amounts if the Project is not completed on time and prior to the completion date set forth in the Project Development Agreement. All such provisions must comply with Florida Statutes and be agreed to by the County and the Orioles. The County agrees that it shall strictly enforce any such liquidated damage provisions and diligently pursue any liquidated damages to which it is entitled. Any liquidated damages received by the County shall be allocated first to any damages caused to the Project by the breach or other wrongful act to compensate the party harmed. Unless otherwise provided in this Agreement or the Project Documents, the Orioles' sole remedy for damages resulting from any delay in the completion of the Project shall be the rights to receive liquidated damages under the construction and design contracts for the Project. The County shall, at the Orioles' request, take all reasonable action necessary to enforce the liquidated damages or other remedy provisions necessary to effectuate this provision. The County and the Orioles shall not be liable to each other for the payment of any construction delay damages, provided that the delay is not caused by the gross negligence, willful misconduct or the breach of a material provision of this Agreement or the Project Development Agreement. The Parties acknowledge that a construction contract cannot be entered into until the Project Documents are finalized (unless otherwise agreed by the Parties).

3.7 The Project Development Agreement shall require each architect, contractor, subcontractor, vendor or Project professional to secure and retain such policy or policies of insurance as are required by the Project and shall ensure that all contractors and vendors furnish payment and performance bonds in a commercially reasonable amount established by the County and shall list the Orioles as an additional insured party.

3.8 The Project Development Agreement shall also provide that, to the fullest extent permitted by law, the Orioles shall have the right and primary responsibility to coordinate the development and construction of the Project and, at the Orioles' discretion, conduct progress meetings at mutually agreed upon frequency of all of the architect, contractor(s), subcontractor(s), vendors and other professionals. The County shall have the right to retain an owner's representative with experience in the construction of sports facilities. The reasonable and customary cost of the County's owner's representative shall be included in the Project Cost, provided that such costs have been presented to the Orioles for review and approval prior to payment, such review and approval not to be unreasonably withheld, conditioned or delayed. The Orioles may retain a representative and/or design consultant with experience in the construction of sports facilities. The reasonable and customary costs of the Orioles representative and/or design consultant shall be included in the Project Cost, provided that such costs have been presented to the County for review and approval prior to payment, such review and approval not to be unreasonably withheld, conditioned or delayed. The Orioles shall provide for such cost estimates associated with the Orioles' and County's representatives in the Project Design Plan. Except as provided in this Section, the County and the Orioles shall not impose any management or administrative fees to the Project (or any procurement, phase, portion or work order thereof) nor seek reimbursement from the Construction Fund Account for any costs or expenses, other than costs or expenses directly related to the Project that are typically outsourced and outside of the County's operating budget (and specifically not including legal fees, County staff time, internal project management and the like) for which the County seeks reimbursement or payment from the Construction Fund Account. Any such request for payment from the Construction Fund Account shall be first provided to the Orioles for approval, such approval may not be unreasonably withheld, conditioned or delayed. The County and the Orioles shall participate in the development and construction of the Project and shall keep each other fully and timely informed of, and actively involved in, all material decisions regarding the development and construction of the Project, at all phases of the development and construction process. Customary County permit fees shall be chargeable to the Construction Fund Account.

3.9 The Project Development Agreement shall provide that each of the Orioles and the County shall designate representative(s) with authority to act in connection with all issues requiring such Party's approval, agreement or concurrence with regard to the design, development and construction of the Project within all applicable laws, ordinances and policies. All approvals, agreements or concurrences required in Sections 1 and 3 shall be the responsibility of and shall be made by such representative(s). Such representative(s) shall be invited to participate in all development and construction meetings held in connection with the Project.

3.10 The Project Development Agreement shall provide that the County shall place the Governmental Project Funds and any applicable Orioles Project Contributions in the Construction Fund Account for the benefit of the Project. The Orioles shall have the right to monitor the draw

schedule and progress payments, progress of construction and the funds remaining in the Construction Fund Account, and the Orioles shall be regularly kept informed by the County as to the Construction Fund Account balances. The County shall hold the funds in the Construction Fund Account for the benefit of the Project and shall promptly release, without delay, reduction or offset, such funds only upon approval for disbursement by the Orioles and the County, such approval not to be unreasonably withheld, conditioned or delayed.

3.11 If the Project is anticipated to exceed any maximum price contract(s), either because of a change order(s) or for any other reason beyond that which is contained in the Project agreements (and specifically excluding items resulting from an error or omission by the County, the Orioles or any architect, contractor, subcontractor, vendor or other professional), such cost increases must be approved by the Parties. Change orders and/or Project cost overruns resulting from an error or omission by any architect, contractor, subcontractor, vendor or other professional engaged on the Project shall be the responsibility of the person or entity committing such error or omission. Subject to the provisions of Section 2.4 hereof, the Orioles may adjust the scope of the Project, including any procurement, phase, portion or work order thereof; provided, however that any material changes to the Project Design Plan which increases the Project Cost must be reviewed and approved by the County, which approval may not be unreasonably withheld, conditioned or delayed. Notwithstanding the preceding sentence, the Orioles shall not materially and substantially reduce the estimated number of fixed seating positions in the Major League Stadium, the estimated square footage of the Major League clubhouse or the number of fields as set forth in Section 2 hereof without the express prior written approval of the County.

3.12 The County represents and warrants to the best of its knowledge that no zoning changes are necessary or required in order to construct the Project and there are no known restrictions on the Sites. The County agrees to the fullest extent permitted by law to refrain from taking any action to request that the City diminish or restrict the zoning and the Orioles existing zoning rights on the Major League Baseball Site for the duration of the Lease. Should the Orioles intend to seek a zoning change at any time during the Lease, in connection with the Major League Site, the County shall take such action within its control to place such matters before the City for consideration on an expedited basis.

3.13 To the fullest extent permitted by law, the Orioles and/or its designees shall have full rights and discretion as to the placement and orientation of all improvements and uses, points of ingress and egress and internal circulation on the Sites, so long as the required buffers and setbacks and all other requirements of the zoning category and other governing regulations, ordinances and statutes are satisfied and subject to the County's review and approval, which approval shall not be unreasonably withheld, conditioned or delayed. The Orioles and/or its designees, with County input and approval, shall have discretion as to the architectural style and character of all improvements on the Sites, so long as the required buffers and setbacks and all other requirements of the zoning category and other governing regulations, ordinances and statutes are satisfied.

3.14 If the Orioles elect to conduct Major League Spring Training at the Major League Site in 2010, the Orioles shall be entitled to use (or seek reimbursement from) the Construction Fund Account for costs and expenses reasonably incurred to re-brand Ed Smith Stadium for use

by the Orioles, subject to the approval of the County, which approval shall not be unreasonably withheld, conditioned or delayed.

4. LEASE TERM; RENT.

4.1 Lease Term. The Parties shall execute a definitive, long form Lease within one hundred fifty (150) days after the execution of this Agreement, incorporating the relevant terms and conditions contained in this Agreement, and such other terms and conditions as are customarily included in similar leases and as may be mutually agreed, unless the Parties, in their respective sole discretion, deem the provisions of this Section 4 and other applicable provisions of this Agreement are adequate for such purpose. The Term of the Lease shall be for thirty (30) years commencing November 1, 2009 and continuing through October 31, 2039 (the "Term"). The Orioles intend to commence Major League and Minor League Spring Training Operations at the Sites beginning with the 2010 spring training season. The Parties acknowledge that adjustments to the commencement of Spring Training Operations may need to be made based upon the Project schedule and maximizing the value of the Governmental Project Funds, which determination will be made by the Orioles, after consultation with the County. The Orioles agree that during the Term they shall play their Major League spring training home games at the Major League Site, except for those spring training games played by the Orioles as it returns to Baltimore to open the Major League championship season (no more than five spring training games) or as otherwise may be scheduled by Major League Baseball (i.e., international goodwill games) or otherwise provided in this Agreement or the Project Documents. As part of the definitive Lease, the Orioles will enter into a binding and enforceable non-relocation agreement with the County that includes appropriate specific performance and injunctive relief provisions. Except as provided in Section 20 of this Agreement, during the Term, the Orioles shall not relocate its Major League and Minor League Spring Training Operations from the County.

4.2 Rent. The Rent for the Term shall be one dollar and 00/100 (\$1.00), payable in advance for the entire Term at the time of execution of the Lease.

4.3 Revenues Generated. Except as provided herein, the Orioles shall have the sole and exclusive right to all commercial activity on the Sites and to retain any and all proceeds, revenues and fees generated by or through the Orioles' use or occupancy of the Sites during the Term, including, but not limited to all revenues derived from all events at the Sites, all revenues from tickets, parking fees, promotions, sponsorships, advertising, signage, concessions, license fees, and all other sources of revenues. The Lease shall contain agreement(s) for the County use of Major League Site and the Minor League Site as referenced in Section 5 hereof. As to the Orioles' use of the Sites, the Orioles shall have the sole responsibility to pay all sales, use and federal income tax due with respect to revenues and fees that they collect or receive. With respect to the parcel(s) North of 12th Street, the Orioles shall have the right to seek to develop the parcel(s) and shall have the right to make an application(s) for a zoning category change, if necessary, or seek any other zoning mechanism to permit commercial activity on the parcel(s). Such application(s) shall be subject to all County and City processes, procedures, codes and ordinances and the approval(s) of the appropriate governmental entity(ies). The County shall have the right to approve any development proposal submitted by the Orioles.

5. LEASED PREMISES; USE AND OPERATION.

5.1 **Major League Site.** The County agrees to lease to the Orioles the Major League Site, including all improvements, fixtures and furnishings located or constructed thereon relating to any of the same for the duration of the Term for the Orioles' full beneficial use of and to the Site. The Orioles' right to utilize the Major League Site shall be on an exclusive basis during the Term for all lawful purposes, except as provided in Sections 5.4 and 5.5 herein but the Orioles shall have the exclusive right to use, on a year-round basis, the offices, clubhouse area and other locations on the Major League Site that may be constructed or renovated following the date hereof which may be designated by the Orioles as included in the Orioles' exclusive areas, subject to the County's approval, which may not be unreasonably withheld, conditioned or delayed. During the Spring Training Period, from December 15th to April 30th of each calendar year during the Term (the "Spring Training Period") except as otherwise provided in Section 5.4(a), the Orioles shall have the exclusive use of the Major League Site and may utilize the Major League Site for all lawful purposes.

5.2 **Minor League Site.** The County agrees to lease to the Orioles the Minor League Site, including all improvements, fixtures and furnishings located or constructed thereon relating to any of the same for the duration of the Term for the Orioles' full beneficial use of and to the Site. Except as otherwise provided in this Agreement, the Orioles shall have the right to utilize the Minor League Site on an exclusive basis for all lawful purposes, from January 15th to April 30th of each calendar year ("Minor League STP"), and on a non-exclusive basis (other than the Orioles' exclusive use areas as defined below, which are exclusive to the Orioles on a year-round basis) for all lawful purposes. During the Minor League STP, the Orioles shall have the full, beneficial and exclusive use of fields number 1 and 2 at all times and the non-exclusive use of fields number 3, 4 and 5 as provided in this Subsection. During the Minor League STP, fields number 3, 4 and 5 shall be exclusive to the Orioles at all times necessary, in the Orioles' reasonable discretion, to conduct its spring training operations. During the Minor League STP, the County may make fields number 3, 4 and 5 available for public recreational purposes with the Orioles' prior approval to each such use and the terms, conditions, dates and times of such use. The Orioles' approval as to any use request under this Subsection shall not be unreasonably withheld, conditioned or delayed. Any public recreational use authorized during the Minor League STP pursuant to this Subsection shall not (a) interfere with the Orioles' spring training baseball activities or (b) be permitted under weather or other conditions which would adversely impact the condition of any playing fields. The County shall require that all public recreation uses of the fields carry full and adequate insurances, naming the Orioles (and the County if appropriate) as a named insured and such other requirements as provided for in Sections 5.4 and 5.8. The Orioles agree that the County shall have the right to enter into an agreement with the high school team which has historically utilized field number 5 during the Spring Training Period for high school practices and games on terms, conditions, dates and times reasonably acceptable to the Orioles and consistent with current practices, this Subsection and Section 5.4. The high school team shall be authorized to display its logo and colors during high school practices, games and tournaments held on field number 5 and shall retain rights to the sponsor recognition signs along the inside face of the outfield fence provided that (i) any such sponsorship or signage does not conflict with an Orioles exclusive sponsorship; and (ii) the Orioles retain the right to also display signs. The Orioles shall have the exclusive right to use, on a year-round basis, the offices, clubhouse area and other locations (the "Team's Exclusive Minor League Areas") and

other areas on the Minor League Site that may be constructed or renovated following the date hereof which may be designated by the Orioles as included in the Team's Exclusive Minor League Areas, but not including the fields and public parking areas, subject to the County's approval, which may not be unreasonably withheld, conditioned or delayed. The subparcel of the Minor League Site set forth in Section 14 shall be, upon completion, deemed part of the Team's Exclusive Minor League Areas.

5.3 Orioles As Promoter of the Sites. During the Term, at all times, the Orioles shall be the "promoter" of the Major League Site and the Minor League Site for all lawful purposes, including all events conducted thereon or therein, except as expressly provided herein. The Orioles shall use commercially reasonable efforts to market the Sites actively during the Term. The Orioles shall be entitled to retain all "promoter" fees, if any, in connection with any for profit events at the Sites, except for Historical Events as defined in section 5.4(a) (unless the Orioles and the Historical Event party expressly agree otherwise).

5.4 Historical Events. The Orioles spring training operations, baseball-related events and other Orioles' beneficial uses of the Sites shall have priority scheduling status at all times on the Sites. The Parties acknowledge that the Sites have at times historically hosted certain events other than spring training operations and baseball-related events. The following shall be referred to as "Historical Events":

(a) Major League Site: (i) Booker High School – six (6) event day uses, including one (1) event use at the Major League Stadium; (ii) Cardinal Mooney High School – six (6) event day uses, including one (1) event use at the Major League Stadium; (iii) Sarasota Baseball Classic, provided that it is not scheduled between December 15th and April 7th in any calendar year; (iv) Florida High School Athletic Association State Baseball Championship Finals at the Major League Site provided that it is not scheduled between December 15th and April 7th in any calendar year and is held for no more than seven (7) consecutive days, (v) the City Blues Festival for three (3) consecutive days or less, provided it is held exclusively on the practice fields adjacent to the stadium, conducted in accordance with historical practice and further provided that City Blues Festival is held in October or the first week of November; (vi) the AAU 14 and under Division 1 National Championships, provided that it is scheduled in July or August; (vii) Circus Sarasota, provided that it is located on the parking parcel North of 12th Street, unless otherwise agreed by the Orioles and Circus Sarasota, and within the months of January and/or February and that it does not interfere with the Orioles' spring training events; and (viii) the Sarasota Spartans youth soccer program for limited use of the parking parcel North of 12th Street during the months August through November on a temporary basis, such temporary use not lasting more than four (4) years from the date of this Agreement. The Orioles shall accommodate the aforementioned Historical Events at the Major League Site (excluding the Orioles' exclusive use areas), under the terms and conditions provided in this Section and consistent with the Orioles' priority of use for spring training operations; and

(b) Minor League Site: During the Minor League STP, as provided in Section 5.2. At times other than during the Minor League STP, the County may utilize the Minor League Site (other than the Team's Exclusive Minor League Areas) for public recreational use under the terms and conditions of Section 5. The Orioles shall endeavor in good faith to work with the County and the community to accommodate the aforementioned Historical Events at the Minor

League Site (excluding the Team's Exclusive Minor League Areas), under the terms and conditions provided in this Section and consistent with the Orioles' priority of use for spring training operations.

(c) **Other Uses:** In addition to any other Orioles' uses of the Sites, the Orioles may, in its sole discretion, permit the use of the Sites for other historical events, including AAU baseball practices and games, or other historical events.

As to each Historical Event authorized in this Section, the Historical Event shall be conditioned upon the Historical Event party (which may be the County or a third party) obtaining the Orioles' prior approval as to the date and time of the requested Historical Event and entering into a contract with the Orioles for use of the Site requested, which contract shall include a requirement to carry full and adequate insurances, naming the Orioles (and the County as appropriate) as named insureds, provisions for the payment of all actual and incremental costs and expenses associated with the use and such other terms and conditions as may be reasonable or necessary. The Historical Event shall not be on dates and times that (a) interfere with the Orioles' baseball activities or (b) under such weather or other conditions which would adversely impact the condition of any playing fields. To the extent that tickets are sold for Historical Events that are for-profit, if any, the ticket surcharge shall be applicable to all such tickets, unless otherwise determined by the Orioles, in its sole discretion. Any Historical Event must be requested in writing to the Orioles annually prior to November 30th for the following twelve (12) month period. Should the Historical Event desire to propose the scheduling of a Historical Event under this Agreement other than as provided in the preceding sentence, the Historical Event shall propose such event to the Orioles for consideration and approval as soon as practicable and in a reasonable enough period of time to allow the Orioles full consideration of the request.

5.5 County Use of Major League Site. Other than as provided in Section 5.4(a) (with regard to Historical Events), the County may use or authorize for use the Major League Site for civic-oriented non-profit events for up to eight (8) days per year outside of the Orioles' Spring Training Period, as defined in Section 5.1 hereof, and only with the Orioles' prior written approval, not to be unreasonably withheld, conditioned or delayed, at no charge to the County other than for reimbursing the Orioles as provided in Section 5.8 below. The County may sublease its rights contained in this Section 5.5 to the City of Sarasota for City sponsored civic-oriented non-profit events, subject to the Orioles' approval of the third party contract or other agreement governing the event, which approval shall not be unreasonably withheld, conditioned or delayed. The Parties acknowledge that the Sites shall not be used on dates and times that (a) interfere with the Orioles' baseball activities and/or (b) under such weather or other conditions which would adversely impact the condition of any playing fields. The Orioles spring training operations, baseball-related events and other Orioles' beneficial uses of the Sites shall have priority scheduling status at all times on the Sites. For scheduling purposes and to avoid any interference with the Orioles' beneficial use of the Sites, the County shall annually, prior to November 30th of each year, provide the Orioles with a proposed schedule of any civic-oriented non-profit uses for following twelve (12) month period for which the County requests the Orioles' approval. Should the County desire to propose the scheduling of a permissible event under this Agreement other than as provided in the preceding sentence, the County shall propose such event to the Orioles for consideration and approval as soon as practicable and in a reasonable enough period of time to allow the Orioles full consideration of the request. The dates

and times during which the County may use the Major League Site shall be selected by mutual agreement of the Parties and the Orioles agree to take into consideration the historical practice of certain event dates which have been utilized for City and County sponsored events.

5.6 [Intentionally Omitted]

5.7 County Use of Minor League Site. The County may use or authorize for use the Minor League Site, excluding the Team's Exclusive Minor League Areas, in accordance with Section 5.4, for civic-oriented non-profit use subject to the prior approval of the Orioles, not to be unreasonably withheld, conditioned or delayed. The Orioles shall have scheduling priority for the use of the Minor League Site.

5.8 General Conditions of Use of the Sites. The County shall be responsible for the payment of all actual and incremental, out-of-pocket operating and maintenance expenses for all County-authorized civic and recreational uses of the Sites. The costs, reimbursements and expenses for Historical Events requested by third parties under Section 5.4 shall be the responsibility of the requesting party, in accordance with the terms and conditions provided in that section, unless otherwise agreed to by the Orioles. The County shall be responsible to restore the fields and related facilities to the condition at the time prior to such County-authorized civic or recreational use, so as to provide the Orioles with the full beneficial use of and to the Sites. To the extent that the Orioles incur costs or expenses to operate, maintain, repair or restore the Sites as a direct result of the County-authorized civic or recreational use of the Sites, the County shall reimburse the Orioles for such costs and expenses in a timely manner upon invoice. The County shall remain solely responsible for any damage or destruction that may occur as a direct result of such use by the County or its invitees or authorized parties. In accordance with the provisions of Section 5, the Orioles and the County shall enter in an event agreement(s) for any County-authorized use under Section 5.4 (as appropriate), Section 5.5 or Section 5.7 prior to such events setting forth the terms and conditions for such County use and further delineating the County's reimbursement obligations.

5.9 County's Right of Entry. The County reserves the right to enter any portion of the Sites upon reasonable prior notice to the Orioles, notwithstanding the exclusive right of the Orioles to use such portion, if in the reasonable judgment of the County, entry is necessary to inspect, repair or maintain the Site, or is necessary to protect the public health, safety or welfare.

5.10 Quiet Enjoyment. During the Term and subject to the terms of the Lease, the Orioles shall be entitled to peacefully have and enjoy the use of the Sites, without unreasonable interruption or interference, subject to the County's rights of use and access, as provided in this Agreement.

6. TICKET SALES; PARKING.

6.1 The Orioles shall set the ticket prices for all spring training games and other events at the Major League Site and the Minor League Site for which tickets are sold, other than as Historical Events and County (City or authorized public) civic-oriented non-profit events provided for in Section 5. The Orioles shall manage all ticketing operations, including ticket sales for all events at the Sites other than at Historical Events and County civic-oriented, non-

profit events, and the Orioles shall be entitled to receive all Gross Revenues from Ticket Sales collected by the Orioles on an annual basis during the Term. All Gross Revenues From Ticket Sales shall be the sole and exclusive property of the Orioles, except as provided for in Section 5 for County ticket sales from applicable County (or City or authorized public entity) sponsored events which shall be managed, sold, and belong to the County (or City or authorized public entity), and except for ticket sales from Historical Events. For purposes of this Agreement, "Gross Revenues From Ticket Sales" shall mean the total gross revenues from ticket sales less any taxes or charges imposed by Major League Baseball or any governmental, regulatory or taxing authority generally, included in the gross price of the ticket to the purchaser and required to be remitted by the Orioles as the portion of such receipts payable to the visiting team or to any such governmental, regulatory or taxing authority. The ticket surcharge provided for in Section 12 shall be charged and applicable on all tickets sold in connection with for-profit events at the Sites, whether Orioles, County or City sponsored events. The ticket surcharge provided for in Section 12 shall be charged and applicable on all tickets sold for profit historical events at the Sites, unless otherwise determined by the Orioles, in its sole discretion. The Parties agree that Gross Revenues from Ticket Sales shall also exclude and be reduced by the surcharge as described in Section 12. All ticket surcharges collected by the Orioles, County or City or any party authorized to utilize the Sites for which tickets are sold shall be deposited in a timely fashion in the Capital Repair and Improvements Fund established and described in Section 12.

6.2 The Orioles or its designee shall control the parking at the Sites, and without limiting anything contained in Section 4.3 above, the Orioles shall collect and retain all parking fees and related revenues derived therefrom, except for parking revenues from County (or City) sponsored civic-oriented non-profit events as provided for in Section 5.4, 5.5 and 5.7, for which the net revenues (after payment of applicable expenses as provided in Section 5.8, including any taxes or charges or payment to any parking operator(s) and reimbursement of incremental, out-of-pocket expenses in connection with the collection of parking revenues) shall belong to the County

7. CONCESSIONS.

7.1 The Orioles shall control and receive all revenues from the sale of all foods, beverages, merchandise, novelties and logo items and the like, including, but not limited to, scorecards, yearbooks and novelty items carrying the logo or marks of the Orioles or of any other Major League team (collectively, commonly called "concessions") on the Major League Site and the Minor League Site. The Orioles shall be free to operate the concessions in-house or contract with a third party(ies) to operate such concessions on terms and conditions approved by the Orioles

7.2 No outside concessionaire or vendor shall be permitted on the Sites, including for a Historical Event, without the Orioles' prior written approval. For all authorized County (or City) uses of the Sites under Section 5.5, and for any Historical Events under Section 5.4, the County (or City) or Historical Event party shall use the Orioles' concessionaire for all food services unless the Orioles and/or the Orioles' concessionaire determine, in their sole discretion, not to provide concession services for the event. If the Orioles or its concessionaire determine not to provide such concession services, the County (or City) or Historical Event party may request that the Orioles' approve the use of a third party food service concessionaire on the Site to

service the event. The Orioles' written approval shall not be unreasonably withheld, conditioned or delayed. For all authorized County (or City) uses of the Sites under Section 5.5, the Orioles will endeavor to require in its food service concession agreements or extensions with its concessionaire that the concessionaire, if it agrees to provide food service for a County (or City) event pursuant to Section 5.5, that the concessionaire will consider entering into a revenue-sharing agreement with the County (or City) to share a portion of its profits, if any, with the County (or City) or provide a fair and reasonable discount for its food services. Any such profit sharing or discount shall be determined on a case-by-case basis and within the sole discretion of the Orioles and the Orioles' concessionaire. As to all such events pursuant to Section 5.5, the concessionaire may not charge the County (or City) more than its usual and customary food and service charges (but may charge less) associated with an Orioles event. In the event that the County (or City) or a Historical Event party under the terms and conditions of this Section, are permitted to use a third party concessionaire with the Orioles' approval and desire to use the Orioles' concessionaire's equipment or facilities, the County (or City) or Historical Event party shall enter into an agreement for such use with the Orioles and the Orioles' concessionaire on such terms and conditions as may be acceptable to the parties. The County shall notify the Orioles of any proposed County civic-oriented, non-profit events under Section 5.5 for which it desires that the Orioles' concessionaire provide concessions operations no less than fifteen (15) business days prior to the date of such event.

7.3 The County shall use its best efforts to ensure that all concession equipment, along with all furniture, fixtures and equipment, at the Major League Site and the Minor League Site that is County or City owned or is anticipated to be left by the current tenant is inventoried and conveyed to the benefit of the Project to the extent it is deemed by the Orioles to be beneficial to the Project, subject to the County's approval, not to be unreasonably withheld, conditioned or delayed.

8. SCOREBOARD AND NAMING RIGHTS.

8.1 The Orioles shall have all rights to sell or otherwise assign naming and/or presenting sponsorship rights to all or any portion of the Major League Site and the Minor League Site, including the Major League Stadium. The Parties acknowledge the Minor League Site is currently referred to as the Buck O'Neil Baseball Complex and the Orioles will endeavor to refer to the baseball complex as such in materials and publications. The Orioles shall obtain the County's consent only as to whether the County objects to the association of the County with the naming and/or presenting sponsor and contends that such association is materially adverse to the County and will damage its reputation or the public's interests. The Orioles agree that the name of a tobacco company or product will not be used. The County may not unreasonably withhold, condition or delay its consent to a naming rights or presenting sponsor.

8.2 The Orioles shall control the scoreboard message center (the "Scoreboard"), the sound, public address and related systems at the Sites (collectively, the "AV Information Systems") for any and all events at the Sites during the Term. The Orioles will work cooperatively with the County to include a limited number of public service announcements and announcements of County programs and civic-oriented events at Orioles' events. The Orioles' personnel or designee shall operate all AV Information Systems at all times during the Term unless the Orioles agree otherwise; however, during Historical Events or County (or City) or

authorized public) civic-oriented non-profit events, and subject to the Orioles' right and obligation to operate the AV Information Systems, the County shall have the right to determine the audio content and sell temporary event day only electronic message advertising on the Scoreboard content display. If Orioles personnel are utilized to operate the AV Information Systems, the Orioles shall be reimbursed for such actual incremental, out-of-pocket costs and expenses and other applicable expenses as provided in Section 5.8. Without limiting the foregoing, in no event may the County sell any temporary event day electronic message advertising on the Scoreboard content display to an entity if the sale or content of such electronic advertising would cause the Orioles to breach any exclusivity granted to a naming rights, presenting sponsor or any exclusive Orioles' sponsor.

9. BROADCASTING.

9.1 The County will cooperate with the Orioles in identifying locations and available connectivity of commercial fiber, cabling, electrical, communications data transmission systems and the nearest head-ends (the "Broadcast Interface Equipment") in order for the Orioles to broadcast games played by the Orioles during the Term. The Orioles shall be responsible for all connectivity charges or fees payable to the vendor or utility. The County shall not charge the Orioles any fees or connectivity charges and the Orioles shall be permitted to use available easements on the Sites for connectivity purposes.

9.2 The Orioles shall have the exclusive broadcasting rights for all events at the Sites, other than as provided in this Subsection during the Term and all revenues derived therefrom shall be the property of the Orioles, including but not limited to all park and power fees and other charges levied upon visiting teams or for or in connection with other productions year-round. The Orioles shall have all rights to determine the content of any Orioles' broadcast and the Orioles shall have all rights to sell any advertising on any Orioles' broadcast during the Term. Subject to the rights of third parties, the Orioles shall have a fully-paid, transferable, license to broadcast and re-broadcast worldwide in perpetuity, images, photographs, audio and audio/visual recordings of all events of and from the Sites. The County shall have the non-exclusive right to broadcast the Historical Events and the approved County (or City or authorized public) civic-oriented non-profit events at the Sites utilizing its broadcasting equipment and personnel or, upon mutually acceptable terms, the Orioles' broadcasting equipment and personnel. Subject to the rights of third parties, the Orioles may broadcast any of the Historical Events or County (or City or authorized public) civic-oriented non-profit events from the Sites at its discretion.

10. PROMOTION AND TOURISM.

10.1 The Orioles acknowledge that the County is undertaking a substantial financial responsibility to fund portions of the Project. The Orioles and County agree to develop an ongoing promotional relationship for the purpose of promoting Sarasota County and the Greater Sarasota County region as a desirable and attractive year-round vacation and meeting destination venue and for the promotion of the Orioles' spring training games and ticket sales related thereto. The Orioles shall make available on an annual basis after consultation with the Sarasota Convention and Visitor's Board and the Sarasota Tourism Development Council, certain promotional and tourism opportunities set forth in Exhibit 4. The Parties shall meet on an annual basis to review and amend Exhibit 4 as may be mutually agreeable from time to time.

10.2 The parties acknowledge that the Minor League Site is located at County-owned Twin Lakes Park which contains identifying signage and will continue to do so. To the extent permitted by Major League Baseball rules and regulations, the Orioles will provide the County with certain limited use rights as to the Orioles' marks and logos, subject to the Orioles' prior written approval in each instance, which will allow the County to promote its partnership with the Orioles at the Sites and on County literature and advertisements.

10.3 The Orioles shall provide the County with ten (10) prime location tickets (in groups of two (2) and four (4)), as determined by the Orioles, for all games and events at the Major League Site free of charge throughout the Term. In addition, the Orioles shall provide the County with event tickets for all seats in a luxury suite for up to four (4) Orioles spring training games per year, provided, however, that the suites have not been sold to a corporate or other purchaser and are available for the Orioles use and assignment. The County shall also be provided at no cost with adequate, preferred parking for all events for which tickets have been provided. The luxury suite, tickets and parking provided hereunder shall be used for tourism promotion and economic development purposes. The surcharge provided in Section 12 shall not be applicable to any complimentary event tickets or any tickets for which no payment is made by the County or other third party.

11. OPERATIONS AND MAINTENANCE.

11.1 Except as to Historical Events and County (or City or authorized public) civic-oriented non-profit events and as provided in Section 5.8, the Orioles, as lessee of the Sites, shall be responsible solely for payment of all operating expenses and routine maintenance and repairs of the Sites during the Term. The Orioles shall operate the Sites in a safe, clean, attractive, and first class manner comparable to that of other Major League Baseball spring training and minor league facilities and shall provide on-Site fire, EMS, police and traffic control for games and other events at the Major League Site under the Orioles' control as may be necessary. The County shall be responsible to provide such on-Site fire, EMS, police and traffic control for all County civic-oriented, non-profit events as may be necessary. Throughout the Term and except as otherwise expressly provided herein, the Orioles shall be responsible for and provide all cleaning and operational maintenance services for the Sites, including the playing and practice fields located thereon, in conformity with the practices of Major League Baseball spring training facilities and Major League Baseball standards, rules and regulations. For purposes of this Agreement, operating expenses and routine maintenance and repair services shall mean those ordinary cleaning, maintenance and ordinary repair services necessary to keep the Sites in first class, good and working condition and are ordinary and recurring expenses for current repair and maintenance that do not improve an asset or add to its useful life and that are not treated as capital expenses for federal income tax purposes. The County shall have no responsibility for any operating or routine maintenance or repair expenses for the Sites except as related to County civic-oriented, non-profit events or County approved recreational events pursuant to Section 5 or in connection with Section 18. The requesting party for Historical Events shall be responsible for any operating or routine maintenance or repair expenses for such Historical Events which shall be included in the contract described in Section 5.4 above, unless otherwise agreed by the Orioles. In the event that the County utilizes the Sites or authorizes their use, in whole or in part, the County shall be responsible to maintain and repair the fields and related facilities to the condition

prior to the time of County use, so as to provide the Orioles with the full beneficial use of and to the Sites. To the extent that the Orioles incur costs or expenses to maintain or repair the Sites as a direct result of the County's use of the Sites, the County shall reimburse the Orioles for all actual incremental, out-of-pocket costs and expenses associated therewith and other applicable expenses as provided in Section 5.8, in a timely manner upon invoice.

12. CAPITAL REPAIR AND IMPROVEMENTS FUND.

12.1 The County shall establish, administer and maintain a Capital Repair and Improvements Fund in an interest bearing account dedicated for the exclusive benefit of the Sites for the purposes expressed in this Section.

12.2 The Parties acknowledge that during the Term there will be capital repair and improvement items necessary to maintain or preserve the condition, structural integrity, safety or functionality of the Sites or to address physical obsolescence. Physical obsolescence means that the structure, foundation, surface, components, systems, fixtures or condition: (i) no longer adequately functions for the purposes for which it was intended, (ii) is dysfunctional in whole or in part, or (iii) poses a hazard to the public's accommodation. The Capital Repair and Improvements Fund shall not be used for the Orioles' general operations and routine maintenance and ordinary repair obligations or for any County (or City) obligations to reimburse the Orioles or pay for costs and expenses associated with the County's (or City's) use of the Sites or the use of the Sites by the public. This Fund is intended only for capital repairs and improvements as expressed in this Section, and which would customarily be treated as a capital item for federal income tax purposes. Capital repairs and improvements shall include all expenditures for a fixed asset, or which extends the useful life longer than one (1) year or adds value to or increases the usefulness or productivity of an existing asset.

12.3 The Capital Repair and Improvements Fund shall be funded by annual contributions from each of the Parties in accordance with the following schedule:

<u>For the Years</u>	<u>Annual Contribution</u>
2011 through 2015	\$125,000
2016 through 2020	150,000
2021 through 2025	175,000
2026 through 2030	200,000
2031 through 2035	225,000
2036 through 2039	250,000

12.3.1 A surcharge upon all Orioles game tickets sold and all other for-profit ticketed events conducted at the Sites shall be considered a contribution to the Capital Repair and Improvements Fund as if made by the Orioles directly:

12.3.1.A For all tickets with a face value of \$5.00 or less, the ticket surcharge shall be fifty (50) cents per ticket sold.

12.3.1.B For all tickets with a face value in excess of \$5.00 but less than \$10.00, the ticket surcharge shall be \$1.25 per ticket sold.

12.3.1.C For all tickets with a face value of \$10.00 or more but less than \$20.00, the surcharge shall be \$1.75 per ticket sold.

12.3.1.D For all tickets with a face value of \$20.00 or more but less than \$30.00, the surcharge shall be \$2.00 per ticket sold.

12.3.1.E For all tickets with a face value of \$30.00 or more, the surcharge shall be \$2.50 per ticket sold.

12.3.2 In any year, the Orioles shall have the sole right to charge or modify the ticket surcharge in its sole judgment.

12.3.3 Notwithstanding the foregoing, if the amount of the annual surcharge collected is: (A) less than the Orioles' Annual Contribution, the Orioles shall contribute the difference to the Capital Repair and Improvements Fund; (B) more than the Orioles' Annual Contribution, the amount of such excess shall not be credited toward its Annual Contribution for any other year.

12.4 Contributions to the Capital Repair and Improvements Fund shall be made by the County and the Orioles no later than January 15 of each year for the preceding year. No expenditures may be made from the Capital Repair and Improvements Fund without the prior approval of both the County and the Orioles.

12.5 All interest accruing on the Capital Repair and Improvements Fund shall be added to the Fund and available for Fund purposes.

12.6 The Orioles and the County shall jointly review the Fund balance on an annual basis. Beginning in the fifth (5th) year after substantial completion of the Project and every five (5) years thereafter, the Parties shall conduct an independent structural and engineering analysis of the Sites. The cost of such analysis shall be paid from the Capital Repair and Improvements Fund. To the extent that the structural and engineering analysis provided for in this Section 12.6 identifies a material structural or engineering condition that should be addressed by this Section, the Capital Repair and Improvements Fund will be made available to the extent that the Orioles and the County agree to authorize those repairs or improvements.

12.7 The County and the Orioles shall annually cooperatively develop a rolling five (5) year capital repairs and improvement plan for the Sites. The Orioles shall submit to the County, on or before June 1 of each year, a proposed budget of anticipated capital repairs and capital improvements for the succeeding year. The proposed budget shall include a detailed statement of the reason for and cost of proposed capital expenditures. The County shall review the proposed budget and notify the Orioles on or before August 1 of the same year whether it has approved all or any portion thereof, which approval will not be unreasonably withheld, conditioned or delayed. In the event of an emergency requiring a capital expenditure or other capital expenditure deemed necessary by the Orioles but not included in the budget, the Orioles shall promptly notify the

County after discovery of the emergency or need for the capital expenditure, and the Orioles and the County shall work cooperatively together in good faith to address the need for the capital expenditure.

12.8 The County shall be responsible for identification of funding sources and the timely payment of all approved capital expenditures that cannot be paid out of the then-remaining balance in the Capital Repair and Improvements Fund. The Orioles acknowledge that any such payment by the County is subject to appropriation and approval by the County Commissioners.

12.9 The Orioles, with the cooperation of the County, shall supervise the making of all capital repairs and improvements to the Sites.

12.10 Notwithstanding anything provided in this Section 12, the insurances required in Section 16 of this Agreement shall be maintained in full force and effect.

13. FUTURE IMPROVEMENTS.

13.1 Subject to the applicable provisions of Section 4.3 hereof, the Orioles may develop and construct additional improvements on the Sites during the Term which are permitted by the zoning on the Sites, and any such improvements shall immediately be subject to the Lease. The Orioles shall prepare and provide to the County a plan showing such additional improvements, an estimate of the cost of the improvements and the Orioles commitment to pay for and a funding plan for such improvements prior to construction. The County shall have the right to review and approve all such improvements, such approval not to be unreasonably withheld, conditioned or delayed. The development and construction of any such additional improvements on the Sites during the Term shall be completed by the Orioles in accordance with applicable law.

14. YOUTH BASEBALL ACADEMY AND FACILITIES.

14.1 The Parties acknowledge that it is mutually beneficial to facilitate the establishment of a youth baseball academy and youth tournaments, serving both the Greater Sarasota County region and players and teams from other areas. The Orioles and Ripken Baseball have expressed a desire and are willing to locate a Cal Ripken Youth Baseball Academy and youth tournaments at the Minor League Site. The County has agreed to permit the Orioles to sublease or co-locate a portion of the Minor League Site (as identified on the preliminary Site sketch attached hereto as Exhibit 2) as a possible and acceptable location for the youth baseball academy, facilities and fields and the County has agreed to provide said area to the Orioles for such purposes as a cleared and leveled portion of the parcel. The County consents to the development and use of the aforementioned areas for all such fields and facilities as may be necessary and appropriate for the full and beneficial use of those areas for a youth baseball academy and youth tournaments. The Orioles and/or Ripken Baseball with review and approval of the County, which shall not be unreasonably withheld, conditioned or delayed, shall have full rights to the design and architectural style of the fields and facilities. The timing of the development and construction of the youth fields and facilities is dependent upon raising the necessary funds to proceed with the project. Notwithstanding the preceding sentence, the Orioles and Ripken Baseball will commit to provide a commercially reasonable level of youth baseball activities in the Greater Sarasota County region pending the establishment and construction of the

youth baseball fields and facilities and the availability of requisite fields and facilities. The development and construction of youth baseball facilities pursuant to this Section shall be subject to the provisions of Section 13 hereof.

15. NO IMPACT FEES.

15.1 To the extent legally permissible, the Orioles shall not be responsible for the payment of any road impact fees, justice impact fees and general government impact fees in connection with the development or use of the Project.

16. INSURANCE.

16.1 Orioles Insurance Requirements. The Orioles shall procure and maintain, during the term of this Agreement and the Project Documents, insurance as listed below. The policies of insurance shall be primary and written on forms acceptable to the County and placed with insurance carriers approved and licensed by the Insurance Department in the State of Florida and meet a minimum financial AM Best Company rating of no less than "A-Excellent". No changes are to be made to these specifications without prior written specific approval by the County's Risk Management Department.

The County shall retain the right to review certificates, declarations and policies of insurance, at any time, in order to confirm coverage, form, and amount of insurance in accordance with this Agreement. The County shall be named as an additional insured on all Orioles' policies of insurance under this Agreement and the Project Documents.

Notices of Accidents (occurrences) and Notices of Claims associated with this Agreement shall be provided to the Orioles insurance company and County Risk Management as soon as practicable after notice to the insured.

The County shall provide a copy of the Certificate of Insurance listing the Orioles as the additional insured. The property insurance shall insure against damage or destruction to any components of the Sites, providing "all risk" peril coverage, including coverage against hurricane, flood, sewer backup and earthquake. In the event of a loss or damage as described above, the County shall be responsible to retain a project manager to obtain an inspection and estimation of damages and repair and/or replacement costs to bring the Sites to their pre-loss condition in a timely and efficient manner. The County shall promptly report in a timely manner all claims and shall pay all deductibles in connection with such claim. Insurance proceeds recovered from submitted property damage claims for the Sites pursuant to this Section shall be placed in a joint escrow account and used to repair or rebuild the Sites and the County shall be obligated to promptly restore the Sites to its original or better condition. In the event that the insurance proceeds are insufficient to repair and restore the Sites to their previous pre-loss or substantially similar condition, the Orioles shall have no obligation to utilize its own funds to repair or restore the Sites. In the event the County determines that the Major League Site and/or the Minor League Site should not be repaired, the Orioles are entitled to immediate termination of this Agreement, and the Project Documents or any portion thereof (e.g. termination of the Major League Site but not the Minor League Site) without penalty. In the event the Orioles elect to terminate this Agreement and the Project Documents, there shall be an abatement of all monies due hereunder from the date of unavailability. The County, as applicable, shall be required to immediately notify its insurance carrier(s) in the event of any loss and shall promptly submit all claims, and all insurance proceeds of such policies paid for property damage to the Sites shall be for the benefit of the Sites and the Orioles and promptly applied to the repair, replacement and refurbishment and restoration of the Sites, and in accordance with the procedures established by the County and the Orioles and/or its designees for the initial construction of the Project, unless otherwise agreed upon by the County and the Orioles.

17. ENVIRONMENTAL.
