MESSAGE FROM ROGER D. EATON, YOUR CLERK AND COUNTY COMPTROLLER

In 2021, the Charlotte County Chamber of Commerce named the Charlotte County Clerk's office its large business of the year. I am humbled and honored that we were recognized for our continued efforts to make our office more efficient, user friendly, and transparent for the citizens of Charlotte County. At my station, continued meeting these goals despite COVID-19 lurking over us this year is a testament to the skill, hard work, and willpower of our entire staff.

It's been an innovative year as we introduced hyper-automation into our local court system. Hyper-automation facilitates the processing of court documents directly into our Case Maintenance System (CMS), without any human intervention. As a result, court documents are now available for public viewing within seconds, rather than hours or days. Our staff now has substantially more time to provide direct assistance to help serve our citizens and can focus on more complicated tasks, such as attendance at court hearings and efficiently processing case records.

In an effort to provide better citizen communication and engagement, as well as receive important feedback from our local community, we increased our social media presence. You can find us on Facebook, Instagram, Twitter, YouTube, and LinkedIn. Please connect with us, as we constantly share valuable information and updates. Via customer service kiosks, we continually monitor feedback provided by citizens who use our office's services. Whether online or through our customer service kiosks in the Justice Center, we welcome our citizens' feedback and suggestions on how we can provide improved services. Court documents online instantly...Clerk automation in effect!

For the fifth straight year, your Clerk's office reduced its budget, this year by 2.6%. As a result, your Clerk's office returned \$529,536 in budget funds to the Charlotte County Board of County Commissioners this year, despite rising staff health care costs and increased Florida Retirement System (FRS) rates.

Since I took office in 2017, your Clerk's office has returned over \$2 million in taxpayer funds to the Board of County Commissioners, without eliminating any services provided by our office to local citizens. Excellent staff combined with implementing cutting-edge technology systems provides simultaneous cost savings and increased services for everyone.

The Comptroller Division for your Clerk's office manages all investments for Charlotte County funds. Our financial team

ensures the safety, liquidity, and profitability of all county investments. This past fiscal year, at its highest point we managed a Charlotte County investment portfolio of \$699 million, which earned \$3.5 million for the year. Since I took office in 2017, over \$32.7 million has been earned on county funds controlled by your Clerk's office.

For the fifth consecutive year, your Clerk's office was awarded the Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association. (<https://www.gfoa.org/>) The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment for our Comptroller Division and staff.

Not only has our staff excelled in the workplace in 2021, but we have also supported our community outside of normal business hours. Our office partners with the Animal Welfare League and sponsors "Eaton's Eats" to collect food donations for AWL. Our Jury Pay Donation Program benefits Center for Abuse and Rape Emergencies (CARE) by allowing jurors the option of donating their jury pay to CARE rather than accepting the compensation. In honor of Veterans Day, we offered FREE passport photos to all veterans and active military personnel for the entire month of November.

On behalf of the entire staff at the Charlotte County Clerk's office, thank you again to the Charlotte County Chamber of Commerce for naming our office the 2021 Charlotte County Large Business of the Year. I know how hard the Clerk's office staff works, day in and day out, to provide the best, most convenient and efficient services possible to the citizens of Charlotte County. I am appreciative their hard work and effort were recognized and congratulated.

Thank you!

HONORABLE, ROGER D. EATON
CLERK OF THE CIRCUIT COURT AND COUNTY COMPTROLLER

INTRODUCTORY SECTION

ROGER D. EATON
Clerk of the Circuit Court and County Comptroller

350 E. Marion Ave., Punta Gorda, FL 33950 • 941.505-4716

March 23, 2022

To the Honorable Bill Truex, Chairman,
Members of the Board of County Commissioners,
Constitutional Officers, and
Residents of Charlotte County, Florida

We are pleased to present to you the Charlotte County (the "County"), Florida Annual Comprehensive Financial Report, for the fiscal year ended September 30, 2021. This report was prepared by the Comptroller Division under the supervision of the Clerk of the Circuit Court & County Comptroller. Chapter 218.39, Florida Statutes, and the Rules of the Florida Auditor General, Chapter 10.550, Local Governmental Entity Audits require an annual independent Certified Public Accountant's financial audit of all counties. This report fulfills that requirement.

This report was prepared in accordance with generally accepted accounting principles (GAAP) by the Comptroller's Division of the Clerk of the Circuit Court. Responsibility for the accuracy of the presented data, as well as the completeness and fairness of its presentation, including all disclosures, rests with the Clerk of the Circuit Court as County Comptroller of Charlotte County, and is contingent upon the internal controls established for this purpose.

Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, the reliability of financial records in preparing financial statements, and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and evaluation of costs and benefits requires estimates and judgments by management. We believe the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The County's financial statements for the fiscal year ended September 30, 2021 have been audited by Cherry Bekaert LLP, and Ashley, Brown & Smith, CPA, independent firms of Certified Public Accountants. Cherry Bekaert LLP and Ashley, Brown & Smith, CPA have issued unmodified ("clean") opinions on the financial statements, which are included in the front of the financial section of this report. In addition to meeting the requirements set forth in state statutes, the audits were also designed to meet the requirements of the Federal Single Audit Act, U.S. Office of Management and Budget's Uniform Guidance and the Florida Single Audit Act, as defined in Section 215.976, Florida Statutes. Auditing standards generally accepted in the United States of America and the standards set forth in the U.S. Government Accountability Office's *Government Auditing Standards* were used by the auditors in conducting this engagement.

An Internal Audit Division is maintained by the Clerk of the Circuit Court and County Comptroller and provides services to the Board of County Commissioners and the Clerk of the Circuit Court and County Comptroller. Internal Audit reports can be found on the Clerk’s website.

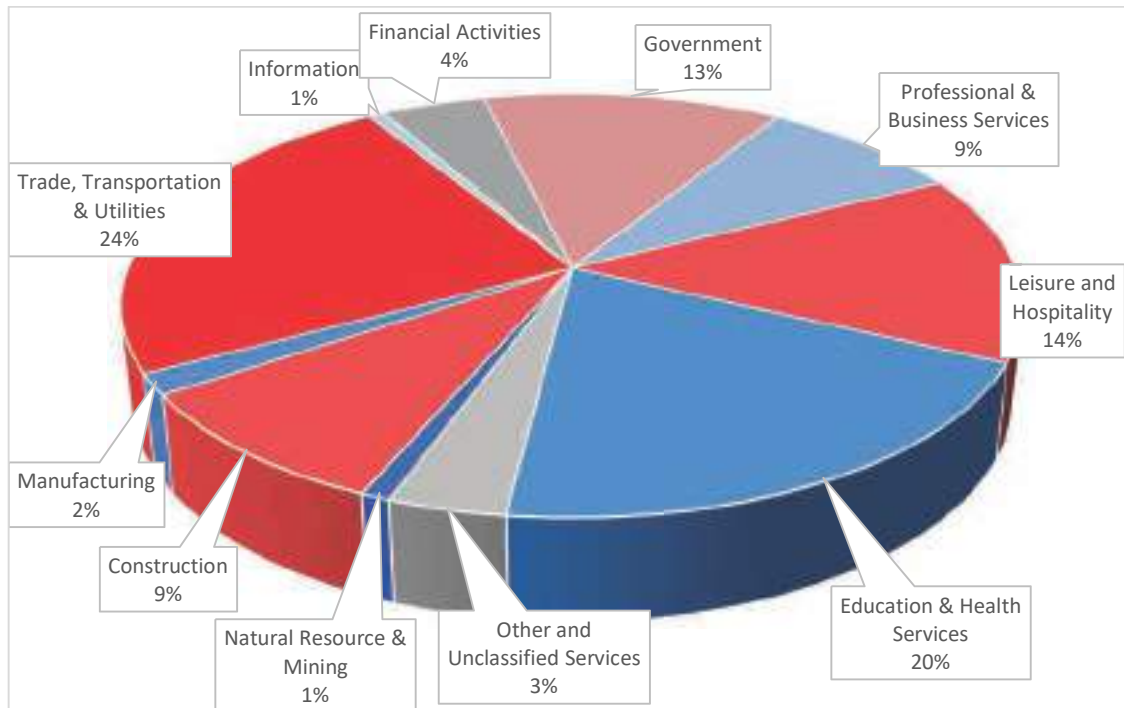

Government accounting and auditing principles require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditor’s report.

Profile of Government

Charlotte County was established in 1921, and is located on the southwestern Florida Coast. With an average age of 58.50 years, Charlotte County is considered primarily a retirement community. Charlotte County’s largest industries are trade, transportation & utilities, education & health services, leisure & hospitality, government, construction, and professional & business services. Charlotte County encompasses 680 square miles of land and over 200 miles of natural shoreline and canals. Punta Gorda is the only incorporated city within the County borders.

The graph of Charlotte County Employment by Industry below was prepared with information provided by the Florida Office of Economic and Demographic Research.

Charlotte County Employment by Industry

The County is a political subdivision and a charter county of the State of Florida established by and operating pursuant to the Constitution of the State of Florida, Article VIII, Section 1(g). The Florida Constitution provides for “home rule” county charter government when approved by the voters by referendum. Charlotte County voters approved a charter form of county government effective January 1, 1986. The charter was amended in November 1992, November 1998, November 2010, and November 2016. Counties operating under charters have all the powers of local self-government not inconsistent with general law, or with special law approved by vote of the electors. The County, pursuant to its home rule powers, may enact county ordinances not inconsistent with general law. Every six years, the County is required by law to review its charter. At the March 23, 2021 regular board meeting, the Charlotte County Board of County Commissioners selected the fifteen regular and three alternate members from the pool of applicants.

Legislative control is vested with a five-member Board of County Commissioners, each of whom is elected to a four-year term. The day-to-day operational direction of the County is the responsibility of the appointed County Administrator. The operation of other specific government functions resides with five constitutional officers elected to four-year terms. They are the Clerk of the Circuit Court and County Comptroller, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector.

The Clerk of the Circuit Court and County Comptroller’s Office is responsible for safeguarding public records and public funds. The Clerk of the Circuit Court and County Comptroller is independently elected and accountable to Charlotte County residents. In addition to the roles of Chief Financial Officer, Treasurer and Auditor for Charlotte County, the Clerk and Comptroller is the Clerk of the Circuit Court, County Recorder, Ex-Officio Clerk of the Board of County Commissioners and Value Adjustment Board.

The County provides a full range of services including public safety, human services, cultural and recreational programs, and general governmental services. In keeping with the state-mandated Uniform Accounting System, costs are summarized consistent with these financial service classifications.

As required by accounting principles generally accepted in the United State of America (GAAP), the financial statements of the reporting entity include those of Charlotte County and its component units. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, a component unit may be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the financial statements of the reporting entity to be misleading or incomplete.

The divisions of the Board of County Commissioners and the five Constitutional Officers, as well as the following entities, are included in this report: Murdock Village Community Redevelopment Agency, Charlotte Harbor Community Redevelopment Agency and Parkside Community Redevelopment Agency. These entities have been included as blended component units. In addition, based on the aforementioned criteria, the County includes the Charlotte County Industrial Development Authority as a discrete component unit.

The Board of County Commissioners does a two-year budget. The first year is adopted and the second year is approved as a planned budget. The revenues and expenditures of the County must be equal in order to present a balanced budget. Florida Statutes provide for the following: that revenues shall be estimated at 95 percent of all receipts reasonably anticipated from all sources; that any reserve for

contingencies will be budgeted in each operating fund in an amount not exceeding 10% of the total fund budget; and that a reserve for “Balance to be Carried Forward” will be budgeted in any fund that requires monies to be carried forward into the following year. In no case will this amount exceed the projected cash needs for 90 days of operations, up to a maximum of 20% of the total fund budget. The County complies with these statutes. Transfers between funds, or from reserves in any fund, require the approval of the Board of County Commissioners.

Local Economy

Charlotte County has experienced consistent growth, but remains quieter community with a great deal of activities. Population has grown 4.86% to 197,032. The most recent reported per capita income has grown 6.57% to \$45,606 reported for fiscal year 2020.

Charlotte County, Florida Population

The unemployment rate averaged 4.1% for the fiscal year 2021. The average was lower than the state’s rate of 4.5%, and the national rate of 4.1%. The average was lower than last year’s average of 5.2%. The rate drop is indicative of a recessive economy, while the diminished affect reflects a predominantly retirement family community.

The County has realized continued growth in the area of tourism. Tourist tax revenues collected during fiscal year October 1, 2020 through September 30, 2021 totaled \$6,071,981, which is the highest tourist tax revenue for Charlotte County in one fiscal year, surpassing last year’s record. This total represents an increase of \$1,632,018 or 36.8% over the prior year revenues of \$4,439,963.

Tourism Development

2021 saw a significant number of successful Tourism Development events. While COVID-19 related concerns may have led to the cancellation of 9 events, there still was a positive impact on 2021. Standouts included the USA BMX – Sunshine State Nationals in October, the APP Punta Gorda Open Pickleball Tournament in January, the SWFL Hoops / US Amateur Tournament – Charlotte Shootout in April, the US Amateur Basketball Boys & Girls State Championship in June, and the Prospect Wire Baseball – National and State Championships in July. Fiscal Year estimates from Tourism Development are provided below:

Airport Authority

The Charlotte County Airport Authority operates and manages the Punta Gorda Airport and the surrounding commerce park. Allegiant Air operates at the Punta Gorda Airport and has hubs in the Midwest, South, Central, and Northeast United States. Allegiant maintains a base of operations at the airport and provides low-cost, nonstop air service to approximately 40 destinations from Punta Gorda. In April 2021, Sun Country Airlines announced they would offer service to Punta Gorda Airport from

Minneapolis-St. Paul International Airport beginning December 10, 2021. The airport can meet the ever-increasing travel needs and offer expanded destination options for Southwest Florida residents and inbound visitors. Due to temporary travel restrictions and COVID-19 concerns, the passenger count at the Punta Gorda Airport for Fiscal Year 2021 was 1,414,474, a 9.1% increase over the prior fiscal year.

The airport closed Fiscal Year 2021 with \$32.4 million in cash and cash equivalents, \$15.6 million in revenues and \$11.4 million in expenses. Cash and cash equivalents reported are 63.6% higher than reported in 2020.

Charlotte Sports Park

The Charlotte Sports Park is one of the showcase facilities within Charlotte County, and a perfect location for special events, corporate functions, sports tournaments, 5K runs and other recreation activities. This 82-acre park is the spring training home of the Tampa Bay Rays. This state-of-the-art facility features a 360-degree fan-friendly pedestrian concourse, a luxury hospitality suite level, two outfield berms, a children's play area, an outfield bar, practice fields, batting cages, a covered pavilion, and meeting rooms. The stadium seating capacity is approximately 7,500. The Charlotte Sports Park is also connected to Tippecanoe Environmental Park which features walking trails, a boardwalk, a canoe/kayak launch and plenty of birding opportunities.

Long Term Financial Planning

Long term financial planning is at the foundation of the budgetary process. The County is required by statute to consider concurrency when providing for growth management and the level of services vital to a well-constructed planning document. Non-compliance with the statute would cause the state to limit, or deny, continued development in the County. Concurrency is the tool used to determine that the capacity of public facilities is maintained. Public facilities can include, but are not limited to, the following: roads, potable water, sanitary sewer, and drainage as examples. The planning of each of these public facilities is supported by individual master plans, which look at horizons of 10 years or greater. Many of these goals will entail additional funding over the next several years. In the past, growth and appreciation of property values was proof that an investment in quality of life efforts pays off.

Property values for the region have risen consistently since 2013. The County currently reports a total taxable assessed value of \$18,838,045,279. This is a 6.8% increase over the 2020 value of \$17,643,668,832. This is consistent with a steady rise in tax collections reaching \$225,263,055 in 2021.

The County prepares a Capital Improvement Plan, which is adopted by the Board with the annual budget approval. The Capital Improvement Program and the Capital Needs Assessment are collectively referred to as the Capital Improvement Plan. The initial 6-year period is called the Capital Improvement Program, and the following 14-year period is called the Capital Needs Assessment. The preparation of the Capital Improvement Program is consistent with the Charlotte County Comprehensive Plan, the Growth Management Act (Chapter 163, Florida Statutes, 1985) and the corresponding implementing rules (Rule 9J-5, Florida Administrative Code). The Expenditure Plan section identifies the various costs relating to the project. The Funding Plan section identifies the proposed revenue sources for funding the project. The Operating Budget Impact section pertains to additional operating expenses related to the project after completion. The Capital Needs Assessment helps identify County capital needs beyond the initial 6-year horizon.

Since 1994, Charlotte County has used the 1% local option sales tax to fund infrastructure projects that enhance quality of life, invest in our infrastructure and improve public safety. The current local option tax was extended with a referendum on the ballot at the regular election on November 3, 2020. The voters decided to extend the 1% local option sales tax for six years. The 1% local option sales tax funds have helped our community in the past and can continue to do so in the future. Tier 1 projects are given priority, and Tier 2 projects are funded if funds are available after the completion of the Tier 1 projects. The 2020 Sales Tax Program includes 16 Tier 1 projects and 7 Tier 2 projects for Charlotte County. Active projects include the Sheriff District 4 HQ with Training Facility budgeted at \$9.3 million, the Family Services Shelter – Phase 2 budgeted at \$10.9 million, the Airport Rescue & Fire Fighting Facility budgeted at \$9,392,610, with \$5 million funded from the 2020 sales tax.

Strategic Initiatives

The strategic focus areas of the County are public services, economic and community development, infrastructure and efficient and effective government. Over the past few years the County Commission has prioritized infrastructure planning and investment. Staff developed a 20-year Capital Needs Plan and a 20-year Capital Maintenance Plan. While these needs are defined, resources are limited, requiring prioritization and effective management.

Justice Center Renovation – The purpose of this renovation project was to: (1) relocate Clerk of Court records storage to an off-site building (2) Provide interior and exterior enhanced security improvements, including expansion of a secured entry pavilion, enclosing of an exterior colonnade for interior secured use, and other security enhancements (3) Provide remodeling, relocation, and growing in place of various departments currently located at the Justice Center, within the existing building footprint, to meet program target needs until at least 2025, and (4) Provide space for two new courtrooms and necessary support space.

Cape Haze Drive Reclaimed Water and Wastewater Force Main – The purpose of this west county project was to upsize the existing 6-inch sewer lines to 12-inch lines on Cape Haze Drive due to age and reliability. This project also entailed adding new 16-inch reclaimed water lines for future customers on Cape Haze Drive between Kendal Road and Arlington Drive.

Burnt Store Road Phase II – This project included design, permitting, utility coordination, and construction to widen the remaining middle section of Burnt Store Road (4.4 miles) to a four-lane from a point near Notre Dame Boulevard to a point north of Zemel Road. The design included an open swale concept with a large median that will accommodate two future lanes. Stormwater ponds, concrete pipes and structures installed to collect wastewater. Water, sewer, and reclaimed water mains are included in the project. Six-foot-wide sidewalks constructed along the east side and the southwest side of the roadway. LED street lights are also included. Florida Department of Transportation contributed \$4 million through a grant, with the remaining provided through the gas tax.

Allapatchee Shores Restoration - The final hurricane Irma related facilities project was to repair and stabilize the existing canoe/kayak launch along with installing a living shoreline at Allapatchee shores park. Completed 22 days ahead of schedule, the project not only remedied damages caused by Hurricane Irma, but also included repairs to the storm water management system, road, and associated infrastructure.

These completed projects display a cross-section of the County's strategic areas of focus: public services (Justice Center renovation), economic and community development (Allapatchee Shores Restoration) and infrastructure (Cape Haze Drive Reclaimed Water and Wastewater Force Main and Burnt Store Road Phase II).

Investment Policies to Provide Liquidity

Cash balances of County funds are pooled and invested pursuant to the Investment Policies of the Clerk of the Circuit Court and County Comptroller. As custodian of all County funds, Florida Statutes Section 28.33 states that the duties for investment of these funds lies with the Clerk of the Circuit Court and County Comptroller. Also, in accordance with the Investment Policies of the Clerk of the Circuit Court and County Comptroller, the Clerk's Office monitors investment opportunities, which will provide a high degree of principal security, adequate liquidity to meet cash flow needs, coupled with an attractive yield respectively. All appropriate funds are invested and earn interest from the date of deposit. The current investment program not only includes funds invested for longer periods, but also includes overnight funds. Funds are currently invested in a multi-tier program. Daily deposits, overnight funds, and float monies all earn interest through our established banking agreements. Short-term funds are invested through the Florida State Board of Administration, Public Funds Interest Checking (Bank of America), Florida Trust Day to Day Fund (Florida Association of Court Clerks and Florida Association of Counties), Florida Investment Trust (FIT), and short-term government obligations. Medium term funds are invested in the Florida Local Government Investments Trust (FLGIT) and the Florida Investment Trust (FIT 1-3 Fund). Longer-term funds are invested in direct obligations of the Federal Government or obligations of governmental agencies, according to the Investment Policies of the Clerk of the Circuit Court and County Comptroller.

The primary objective of the Clerk of the Circuit Court and County Comptroller’s investment activities is the preservation of capital. This investment strategy will provide sufficient liquidity such that cash flow requirements are met. The Clerk of the Circuit Court and County Comptroller will strive to maximize the return on the portfolio as a whole but will minimize investment risk. It is the policy of the Clerk of the Circuit Court and County Comptroller to actively manage the investment portfolio within the constraints outlined in this investment policy. Those constraints generally promote the “buy and hold” philosophy as practiced by the Clerk of the Circuit Court and County Comptroller, but the active management approach will, from time to time, provide opportunities to sell securities or “trade” them to improve the overall performance of the portfolio without any appreciable increase in risk. The chart below was generated from the report of investments and interest earned for the applicable years, and reflects interest only.

FINANCIAL SECTION

Report of Independent Auditor

To the Honorable Board of County
Commissioners of Charlotte County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the discretely presented component unit and the aggregate remaining fund information of Charlotte County, Florida (the "County"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Charlotte County Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector (collectively, the "Officers"), whose statements reflect 2% of the assets, 1% of the net position, and 16% of the revenue of the County's governmental activities, 19% of the assets, 0% of the fund balance, and 21% of the revenue of the General Fund, and 9% of the assets, 7% of the fund balance/net position, and 78% of the revenue/additions of the aggregate remaining fund information. Those statements were audited by another auditor whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Officers, is based solely on the reports of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the discretely presented component unit and the aggregate remaining fund information of the County as of September 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, the Charlotte Public Safety Fund, the Street and Drainage Districts Maintenance Fund and the Cares Act Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditor have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining, and individual fund statements and schedules, the statistical section, and the schedule of receipts and expenditures of funds related to the Deepwater Horizon oil spill, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, as listed in the table of contents, are presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* ("CFR") Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Chapter 10.550, Rules of the Auditor General, and are also not a required part of the basic financial statements.

The combining and individual fund statements and schedules, the schedule of expenditures of federal awards, the schedule of state financial assistance, and the schedule of receipts and expenditures of funds related to the Deepwater Horizon oil spill are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditor. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditor, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole. Also in our opinion, the schedule of expenditures of federal awards, the schedule of state financial assistance, and the schedule of receipts and expenditures of funds related to the Deepwater Horizon oil spill are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2022 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Charlotte County's discussion and analysis is designed to present the basic financial statements and a narrative review of the County's financial activities for the fiscal year ended September 30, 2021. The basic financial statements are comprised of the government-wide financial statements, fund financial statements and footnotes. In this Management's Discussion and Analysis (MD&A), all amounts in financial charts, unless otherwise indicated, are expressed in thousands of dollars.

FINANCIAL HIGHLIGHTS

Charlotte County's net position was \$1,600.4 million at the close of business September 30, 2021. Total net position of the County increased \$157.3 million or 10.9%, as compared with the prior year. \$1,190.8 million of the net position is related to governmental activities and \$409.6 million to business-type activities.

At September 30, 2021 governmental activities revenues increased by \$76.6 million to \$504.2 million, which was an increase of 17.9%. Governmental activities expenses decreased by \$4.8 million to \$394.3 million, a decrease of 1.2%. The impact on net position of the excess of revenues over expenses was an increase of \$110.5 million.

Charlotte County's business-type activity revenues increased by \$0.5 million to \$151.0 million, which was an increase of 0.3%. Business-type activity expenses increased by \$5.1 million to \$103.5 million, which was an increase of 5.2%. The excess of revenues over expenses resulted in an increase in net position of \$46.8 million.

Fiscal year ending September 30, 2021 included the County continuing to manage the effects of the Coronavirus pandemic and its impact on the citizens of Charlotte County. Charlotte County received \$18.4 million from American Rescue Plan funding, allocating \$5.3 million through September 30, 2021 to public safety. Implementation of GASB 84 requirements resulted in an increase of documentary stamps and intangible tax charges for services of \$53.7 million and general government expenditures of \$52.5 million over the prior year. These changes are reflected in the Clerk of the Court fund which is reported as a major fund this year.

USING THE ANNUAL REPORT

Charlotte County's annual report consists of a series of financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains other supplementary information such as additional data on pensions and other post-employment benefits.

GOVERNMENT WIDE FINANCIAL STATEMENTS

Designed to be more like the financial statements of a private entity, the government-wide financial statements present the bottom line of the County as a whole. The Statement of Net Position (pages 19 - 20) combines and consolidates the assets of both governmental and business-type activities into a single, governmental unit, and also takes into account both current and long-term liabilities to present the overall financial health of the government as total net position. The full accrual method is used in compiling the Government-Wide financial statements. The Statement of Activities (pages 21 - 22) provides a picture of revenues versus expenses for governmental activities and business-type activities, showing the increases or decreases in net position as a result. Over time, increases or decreases in the County's net positions are one indicator of whether its financial health is improving or deteriorating.

In the Statement of Activities, the County is divided into two types of activities:

- **Governmental Activities** – This is where most of County activities are reported. All expenses and revenues related to administration, parks and recreation, libraries, public safety, transportation, and capital outlay, for example, are included in this section. Services and capital projects are funded primarily through property tax, franchise fees, communication service fees, state shared revenues, sales tax and impact fees.
- **Business-type Activities** – This is where our water and sewer operations, and solid waste collection and disposal are reported.

Also presented in the Statement of Activities is the following:

- **Component Unit** – The Charlotte Industrial Development Authority finances and refinances projects for a public purpose and fosters economic development of the County.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds can be divided into four categories: governmental funds; proprietary funds and fiduciary funds.

Governmental Fund Financial Statements

Governmental funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term outflows of expendable resources as well as on balances of expendable resources available at the end of the fiscal year.

The analysis of the major funds of the County begins on page 23. The fund financial statements are designed to provide the reader with useful information on the major funds, rather than the government as a whole. There are 56 governmental funds. However, only six are classified as major funds in 2021; General Fund, Street and Drainage Districts Maintenance, Charlotte Public Safety, Sales Tax Extensions, Cares Act Fund and Clerk of the Court. The County is unique in that it has many Municipal Services Benefit Units/Taxing Units (MSBU/TUs) that provide street and drainage maintenance and certain capital improvements to its property owners payable by assessments. Although accounted for separately, these are grouped together as a major fund in 2021 as Street and Drainage Districts on the fund financial statements presented on pages 23 - 24 and 26 - 27. Also grouped together in the County's financial statements, although accounted for separately, are Grant funds, Waterway Maintenance MSBUs, Clerk special revenue funds and Sheriff special revenue funds. These are presented on the fund financial statements presented on pages 118 through 137.

Proprietary Fund Financial Statements

Proprietary fund financial statements are prepared on the full accrual basis, like government-wide financial statements. There are two types of proprietary funds: enterprise and internal service. Proprietary funds are different from governmental funds in that their revenues are derived from the operations of the proprietary fund. The County maintains enterprise funds for one sanitation district, the landfill operation, and a utility system which provides water and sewer services. These funds are presented on pages 36 - 40.

There are five internal service type funds: health insurance trust, self-insurance, accrued compensated absences, vehicle maintenance, and Clerk of the Court. Internal service funds differ from enterprise funds in that the revenues supporting these funds are derived from a fee for the services performed or being provided to departments within the governmental entity. Over time these funds will perform at a break-even level, although in some years a slight profit or loss may be realized. These funds are presented on pages 188 - 191.

Fiduciary Fund Financial Statements

Fiduciary funds are not included in the government-wide financial statements because the resources of those funds are not available to support the County's programs, therefore, they do not appear in the government-wide financial statements. The accounting used is much like that of proprietary funds. These funds are presented on pages 193 - 194 of this report.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Charlotte County's change in contributions to pensions and other post-employment benefits

The Annual Comprehensive Financial Report also presents combining statements for the non-major governmental and proprietary funds and custodial funds, as well as individual fund budget and actual comparison schedules for non-major governmental funds.

Total assets for Governmental Activities increased \$106.3 million, or 7.3%. Capital assets, net of depreciation, represented 61.3% of total assets at September 30, 2021, and 63.6% of total assets at September 30, 2020. Capital assets represent land, buildings, improvements, equipment, furniture, vehicles, heavy equipment and infrastructure, net of depreciation. \$20.5 million of the \$31.4 million increase in capital assets is renovation and expansion of the Justice Center, including replacement of the roof; \$6.2 million is for an Aquatic Center at Centennial Park and \$2.4 million is for the Manasota Key Community Plan. \$539.4 million of the Current and Other Assets represent Cash and Investments at fair value.

Total assets for Business-type Activities increased \$68.4 million, or 12.9% compared to September 30, 2020. Capital Assets in Business Activities had additions totaling \$16.6 million, \$5.6 million is additions due to the East Port Water Reclamation Facility, Stage 5; \$3.6 million in additions for US41 South Bound water main replacements; \$2.2 million for Cape Haze Force Main; \$5.2 million for other completed projects such as: Myakka Booster Station Design, Charlotte Harbor Water Quality-El Jobean, Parkside/Olean Fiber Optic Infrastructure and Maracaibo Lift Station.

Deferred Outflows and Inflows - Pension related net inflows of \$80.7 million is an increase of \$156.3 million resulting from differences between expected and actual investment earnings, experiences, assumptions and proportional share. OPEB related net outflows of \$6.4 million is an increase of \$3.1 million, resulting from changes of assumptions and other inputs and amounts paid by the County for OPEB benefits and administrative expenses subsequent to the measurement date of October 1, 2020. More information on changes to deferred outflows/inflows can be found in Note 19 of the financial statements. These pension and OPEB related outflows and inflows will be recognized over time through amortization, and reflected in pension expense for each of the governmental and enterprise entities. The largest portion of the increase in deferred inflows is related to the FRS Trust Fund investment earnings reported, which resulted in reduction of net pension liability state wide.

Total liabilities for Governmental Activities decreased \$154.2 million. Current Liabilities increased by \$19.2 million and non-current liabilities decreased by \$173.4 million. The majority of the increase in current liabilities, \$13.0 million, is in unearned revenue related to American Rescue Plan funds; the County received \$18.4 million in funds and has used \$5.4 million for public safety. As discussed in deferred outflows/inflows the majority of the decrease in non-current liabilities is due to the change in net pension liability, a decrease of \$162.3 million; there was a decrease in loans payable of \$11.3 million, due to larger payments on outstanding governmental loans in the upcoming fiscal year; and decrease of \$.4 million in accrued compensation absences and an increase of \$1.4 million in total OPEB liability.

Total liabilities for Business-type Activities increased \$10.4 million, of which bonds payable decreased by \$13.9 million, unearned revenue increased by \$20.1 million due to a new septic to sewer project, loans payable increased by \$5.5 million for borrowings on utility projects in process; net pension liability decreased \$9.2 million, landfill closure costs increased \$2 million and accounts/contracts payable increased \$6.1 million from the prior fiscal year.

As noted earlier, net position may serve as a useful indicator, over time, of a government's financial position. Charlotte County's assets and deferred outflows exceeded liabilities and deferred inflows by \$1,600.4 million at September 30, 2021, representing an increase to net position of \$157.3 million for the current year. The reasons for the overall increase in net position are discussed in the following sections for governmental and business-type activities.

The largest portion of Charlotte County's net position, 71.6%, reflects its investment in capital assets such as land, buildings, infrastructure, machinery and equipment, less related debt outstanding used to acquire the assets. At the end of the current fiscal year, Charlotte County reports positive balances in all categories of net position within both governmental and business-type activities. Unrestricted net position for governmental activities increased \$50.2 million. Unrestricted net position for business-type activities increased \$8.4 million. The unrestricted balance represents assets that are available for spending at the discretion of the Board of County Commissioners. The unrestricted net position of \$150.5 million represents 9.4% of total net position.

The restricted net positions are those provided for by resolution of the Board for the issuance of bonds that are restricted by law or that may not be spent otherwise if collected for a specific purpose. County sales tax extension fund balances are examples of specific purpose funds only expendable on previously established sales tax projects, without action by the Board of County Commissioners. With most special revenue funds, the same restriction is true.

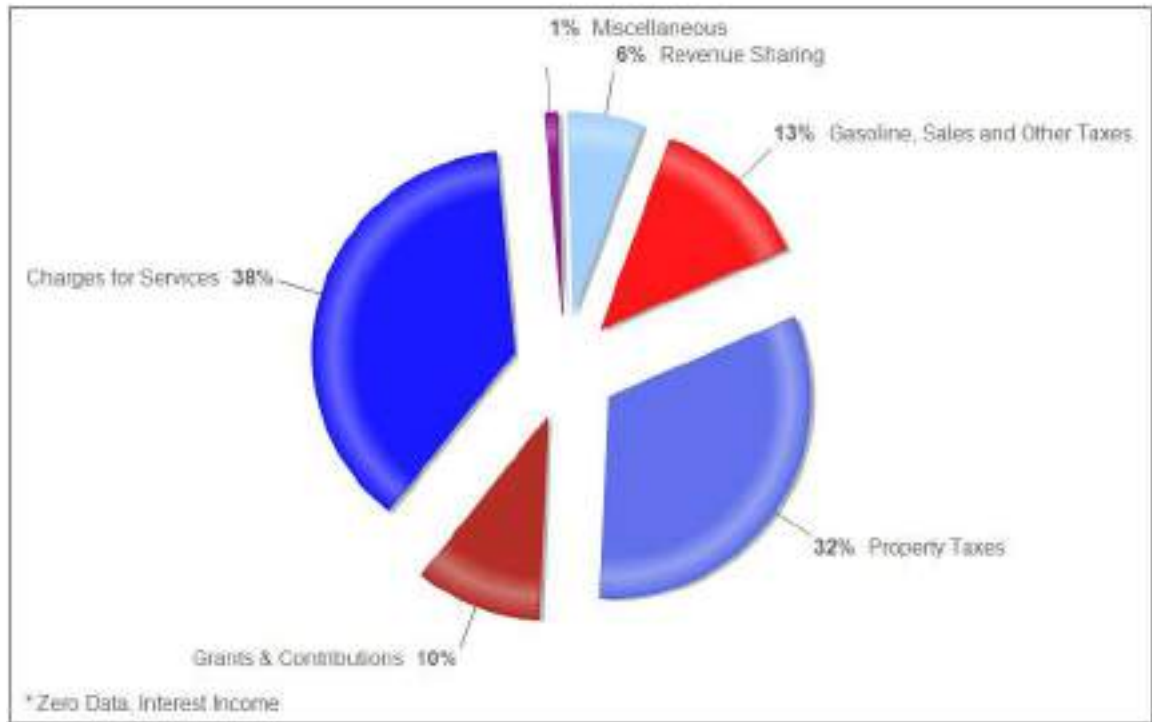

The schedule on the next page compares the revenues and expenses for the primary government for the current and previous fiscal years.

These loans are cost reimbursement based and repayments on these new loans will begin in 2021 and later. More information can be found on these timelines in Note 9 of the financial statements, Long-Term Obligations, on page 66 of this report.

During 2009, both a debt policy and a reserve policy were adopted by the Board of County Commissioners as a result of a voter referendum to amend the County's Charter. These policies are reviewed and approved by the Board annually during the budget process.

Note 1 Organization and Summary of Significant Accounting Policies

Organization

Defining the Governmental Reporting Entity

Charlotte County (the “County”) is a political subdivision of the State of Florida. The boundaries for Charlotte County are set out in s.7.08 of the Florida Statutes, and the history note to that section sets out its origins. Section 3, ch 3770, 1887 created DeSoto County from a portion of Manatee County. Section 1, ch 8513, 1921, created Charlotte County from part of DeSoto County. Other parts of that 1921 act created Hardee, Highland, and Glades Counties from other parts of DeSoto County. The 1921 act creating Charlotte and the other three counties took effect on April 23, 1921. It is governed by an elected Board of County Commissioners (the “Board”), which is governed by state statutes and regulations. In addition to the members of the Board of County Commissioners, there are five elected Constitutional Officers: Clerk of the Circuit Court; Sheriff; Tax Collector; Property Appraiser; and Supervisor of Elections, which were established by the Constitution of the State of Florida, Article VIII, Section 1(d). The Constitutional Officers maintain separate accounting records and budgets.

The accompanying basic financial statements present the combined financial position and results of operations and changes in cash flows of the applicable fund types governed by the Board of County Commissioners of Charlotte County, Florida and its Constitutional Officers.

As required by accounting principles generally accepted in the United States, the financial statements of the reporting entity include those of Charlotte County (the primary government) and its component units. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, a component unit may be another organization for which the nature, and significance of its relationship with a primary government is such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The blended component units, although legally separate entities, are, in substance, part of the government’s operations and so data from these units are combined with data of the primary government.

The component units discussed below, which were created by ordinance or resolutions of the Board of County Commissioners, are included in the County’s reporting entity, because of the significance of the operational and financial relationships with the County. In conformity with the Governmental Accounting Standards Board (GASB) Statement Number 14, The Financial Reporting Entity, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, and GASB Statement No. 61, The Financial Reporting Entity, the financial statements of the following component units have been included as blended component units. These component units have substantially the same governing body as the County or provide services entirely or almost entirely to the County and the County has an obligation to provide financial support. The following component units are classified as blended component units:

Murdock Village Community Redevelopment Agency: Established by Ordinance 2003-081, pursuant to Chapter 163, Part III, F.S. The purpose of this dependent special district is to organize and direct redevelopment of the Murdock Village Area of Charlotte County. The Board of the Murdock Village CRA is the same as the Board of County Commissioners, which provides substantial funding of operations.

Charlotte Harbor Community Redevelopment Agency: Established by County Resolution 92-251, pursuant to Chapter 163, Part III, F.S. The purpose of this dependent special district is to develop the area known as Charlotte Harbor within Charlotte County. The Board of the Charlotte County CRA is the same as the Board of County Commissioners, which provides substantial funding of operations.

Parkside Community Redevelopment Agency: Established by County Ordinance 2010-054 and Resolution 2011-259, pursuant to Chapter 163, Part III, F.S. The purpose of this dependent special district is to direct redevelopment in the Parkside area of Charlotte County. The Board of the Parkside CRA is the same as the Board of County Commissioners, which provides substantial funding of operations.

In addition to the above blended component units and in accordance with GASB Statement No. 14, as amended, the County includes as a discretely presented component unit, the Charlotte County Industrial Development Authority.

The Industrial Development Authority (IDA) was established by Ordinance 2006-088, pursuant to Chapter 163, Part III of the Florida Statutes. The purpose is to finance and refinance projects for public purpose and to foster the economic development of the County. The Board is composed of five members, one of whom shall be designated chairman, appointed by the Board of County Commissioners. The Board of County Commissioners must approve the issuance of industrial development bonds, and the IDA retains fees collected in the issuance of such bonds to further promote economic development activities within the County. Florida Statute Section 218 does not require dependent special districts that are component units to issue separate financial statements.

Charlotte County also has a number of independent special districts, whose financial statements are not included in this report, but are subject to independent audit and whose financial statements are made available to the public by the districts. These include the Babcock Ranch Community District; the Bermont Drainage District; the Central Charlotte Drainage District; the Charlotte County Airport Authority; the Charlotte Soil and Water Conservation District; the East Charlotte Drainage District and five Community Development Districts (CDD's) established pursuant to 190.005 F.S.

Effective for Fiscal Year 2020, the State of Florida Legislature enacted Chapter 2019-163, Laws of Florida, which amended section 163.387(8), Florida Statutes, to require each CRA that has revenues or a total of expenditures and expenses in excess of \$100,000 to have performed a separate audit. In accordance with Florida Auditor General Rule 10.557(3), the CRA audit report must include basic financial statements, notes to the financial statements, and management's discussion and analysis and other required supplementary information. All three CRAs, Parkside CRA, Charlotte Harbor CRA and Murdock Village CRA, meet the requirements for separate financial statements to be issued. For further information on these three CRAs the contact information is as follows:

Basic Financial Statements

The basic financial statements consist of the government-wide financial statements and fund financial statements. Both sets of statements distinguish between the governmental and business-type activities of the County.

Government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements report on the government as a whole, both the primary government and its component units, and provide a consolidated financial picture of the government. As part of the consolidation process, inter-fund activities are eliminated to avoid distorted financial results with the exception of interfund services provided and used. Fiduciary funds of the government are also eliminated from this presentation since these resources are not available for general government funding purposes. The Statement of Net Position reports all financial and capital resources of Charlotte County's governmental and business-type activities. It is presented in a net position format (assets and deferred outflows of resources less liabilities and deferred inflows of resources equal net position) and shown with three components: net investment in capital assets; restricted net position; and unrestricted net position. Activities reports functional categories of programs provided by the County and demonstrates how, and to what degree, those programs are supported by program revenue.

Program revenues are classified into three categories: charges for services; operating grants and contributions; and capital grants and contributions. Charges for services refer to direct recovery from customers for services rendered. Grants and contributions refer to revenues restricted for specific programs whose use may be restricted further to operational or capital items. The general revenues section displays revenue collected that help support all functions of our government and contribute to the change in the net positions for the fiscal year.

The County reports the following Major Governmental Funds:

The General Fund is the government's primary operating fund. It accounts for the operations of the Board of County Commissioners and the Constitutional Officers, including the Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector, except those operations required to be accounted for in another fund.

The Charlotte Public Safety Fund is a special revenue fund that accounts for taxes, and other fees collected that are used for the purpose of public safety related to law enforcement.

The Street and Drainage Districts Maintenance Fund is a special revenue fund that accounts for taxes collected to provide construction and maintenance of roads within certain taxing districts.

The Sales Tax Extension Fund is a capital projects fund used to account for voter-approved extension of the one-cent local option sales tax to be used for county-wide infrastructural projects.

The Cares Act Fund is a special revenue fund used to account for revenues and expenditures related to the Covid-19 pandemic and the American Recovery Plan.

The Clerk of the Court is a special revenue fund used to account for activities of the Office of the Clerk.

All other governmental funds are considered nonmajor.

The County reports the following Major Proprietary Funds:

The Charlotte County Landfill accounts for activities related to solid waste disposal for the County.

The Charlotte County Utility System accounts for activities related to the county-owned water and sewer systems.

The County reports the following Nonmajor Proprietary Funds:

The Charlotte Sanitation District accounts for activities related to solid waste collection from within the district.

Additionally, the County reports the following fund types:

Internal Service Funds account for Clerk of the Court, vehicle maintenance, self-insurance, health insurance trust, and accrued compensated absences provided to other departments or agencies of the government, or to other governments on a cost reimbursed basis.

Custodial Funds are used to account for assets held by public officials in a trustee capacity or as a custodian for individuals, private organizations, other governments and/or other funds. Custodial funds are used to report fiduciary activities that are not reported in pension (and other employee benefit) trust funds, investment trust funds, or private-purpose trust funds. Custodial funds held by the County include: Board: Hurricane Charley Relief Fund; Clerk: Fines and Forfeitures, Tax Deed, Support, Registry of the Court, Intangible Tax, Documentary Stamp and a Charities fund; Sheriff: Prisoners, Individual Depositors, Cash Bond, Evidence fund, and Concession; Tax Collector: Tax Collector, Tax Redemption, License and Tag, Tourist Development and Charities fund. These funds hold funds prior to disbursement or in a custodial capacity.

(a) Fund Accounting

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred outflows of resources, deferred inflows of resources, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to, and accounted for, in individual funds, based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

(b) Measurement Focus, Basis of Accounting and Financial Statement Presentation

Charlotte County complies with accounting principles generally accepted (GAAP) in the United States. GAAP includes all relevant GASB pronouncements, and other accounting and financial reporting literature codified by the GASB.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. With the economic resources measurement focus, all assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with the operation of these funds are included on the Statement of Net Position. Government-wide financial statements and proprietary fund financial statements show increases (revenues) and decreases (expenses) in net position. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

(b) Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Governmental fund financial statements are presented using the current financial resources and modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds show increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, that is, when they become both measurable and available to pay liabilities of the current period. The County considers all revenues available if they are collected within sixty (60) days after year end, with the exception of the Board's insurance and grant proceeds, for which the period is six months. Primary revenues, such as taxes, special assessments and charges for services, are treated as susceptible to accrual and so have been recognized. Revenues not considered available due to timing are recorded as deferred inflows. Expenditures are recorded when a liability is incurred except for the following, which are recorded as expenditures whenever due: unmatured interest on general long-term debt, accrued compensated absences, other postemployment benefits, pensions, and claims and judgements, which are recorded in long-term debt on the government-wide financial statements.

Revenues and indirect costs are recorded from a transactional basis directly to the appropriate activity classified by those categories reported in the Statement of Net Position. Interfund activities, as a general rule, in effect, have not been eliminated from the government-wide financial statements.

It is the County's practice to first apply restricted resources when an expense is incurred for the purposes for which both restricted and unrestricted net positions are available.

The Proprietary Funds are accounted for using the accrual basis of accounting. Under this method, revenues are recognized when they are earned and expenses are recognized when they are incurred. The operating statements for the Proprietary Fund types report increases (revenues) and decreases (expenses) in total economic net worth. Operating income and expenses are a measure of the earnings and expenses from the ongoing operation of the proprietary funds. Non-operating income and expenses are due to transactions other than the primary operations of the proprietary funds such as interest revenue and expense, grant revenue, and insurance proceeds.

The Custodial Funds are accounted for using an economic resource measurement focus requiring a resource flow statement. Liabilities are recognized when an event occurs that compels the County to disburse fiduciary resources, which is when a demand for resources has been made or when no further action, approval or condition is required to be taken or not by the beneficiary to release the assets.

(c) Budgets and Budgetary Accounting

The Board adopts budgets for all Board funds except Open Space/Habitat. The Property Appraiser and the Tax Collector adopt budgets for their General Funds independently of the Board, which are approved by the Florida Department of Revenue. The Sheriff, Supervisor of Elections and Clerk of the Circuit Court (to the extent of his function as ex officio Clerk to the Board and amounts above his fee structure as Clerk of the Circuit Court) prepare budgets for their General Fund, which are submitted to, and approved by the Board, and are included in the General Fund and the General Fund Budget to Actual Statement. The Special Revenue funds of the Clerk of the Circuit Court and Sheriff are not submitted or adopted by the Board; therefore, no Budget to Actual Statements are presented.

Chapters 129 and 200 of the Florida Statutes govern the preparation, adoption and administration of the County's annual budget. The budget is required to be balanced; that is, the total of the estimated revenues, including balances brought forward, shall equal the total of the appropriations and reserves. The following procedures are followed by the Board in establishing the operating budget:

1. On or before July 15, a tentative budget for the fiscal year commencing the following October 1 is presented to the Board.
2. The tentative budget is then reviewed by the Board and any necessary changes are made.
3. Public hearings are conducted to inform the taxpayers of the tentative budget and proposed tax levies and to obtain taxpayer comments.
4. On or before September 30, the budget is legally adopted through passage of a resolution.
5. Transfers among expenditure or revenue accounts may be made during the fiscal year with Board approval if a division remains within its total operating budgets. Transfers between funds, or reserves in any fund, require approval of the Board of County Commissioners.

Changes in the adopted total budget of a fund are made only with Board approval of a budget amendment. Such amendments are made for a receipt from a source not anticipated in the budget and received for a particular purpose, including, but not limited to grants, donations, or reimbursements.

6. Section 129.07 of the Florida Statutes prohibits incurring expenditures in excess of total fund appropriations. Appropriations lapse at year-end.
7. Formal budgetary integration is employed as a management control device during the year in all fund types. Estimated beginning fund balances are considered in the budgetary process, but are not included in the financial statements as budgeted revenue.

Note 1 Organization and Summary of Significant Accounting Policies (continued)

Basic Financial Statements (continued)

(c) Budgets and Budgetary Accounting (continued)

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States for all Governmental Fund Types. Capital project costs are budgeted in the year they are anticipated to be obligated. In subsequent years, the unused budget is reappropriated until the project is completed. Proprietary Funds are budgeted on a basis consistent with accounting principles generally accepted in the United States, except that capital and debt related transactions are based on cash receipts and disbursements. Estimated beginning fund balances are considered in the budgetary process, but are not included in the basic financial statements as budgeted revenue. Differences between estimated beginning fund balances and actual fund balances, if material, are submitted to the Board as budget amendments.

The annual budgets serve as the legal authorization for expenditures. In accordance with Florida law, expenditures cannot legally exceed the total amount budgeted for each fund. All Board budget amendments, which change the legally adopted total appropriation for a fund, are required to be approved by the Board. Budgets are legally adopted by resolution at the fund level.

Minor supplemental appropriations were necessary during the year and were affected with Board approved budget amendments. If, during the fiscal year, additional revenues become available for appropriations in excess of those estimated in the budget, the Board may make supplemental appropriations for the year up to the amount of such excess.

(d) Bond Issuance Costs and Bond Discount

Bond discount or premium in the government-wide financial statements and the Proprietary Funds are amortized over the life of the bonds using the straight line method, which approximates the interest method. Revenue Bonds payable in the government-wide financial statements and the Proprietary Funds financial statements are shown net of unamortized bond discount or premium. Debt issuance costs, excluding any portion related to prepaid insurance, are expensed in the period incurred.

(e) Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded as a reservation of fund balance, is employed as an extension of the statutorily required budgetary process under Florida Statutes. Appropriations, even if encumbered, lapse at fiscal year-end. It is the County's intention to substantially honor these lapsed appropriations under authority provided in the subsequent year's budget.

(f) Cash and Investments

The County, for accounting and investment purposes, maintains a cash and investment pool that is available for use by all funds, except those whose cash and investments must be segregated due to legal restrictions.

Interest earned on investments is allocated to the various funds, based upon each funds' equity balance in pooled cash and investments during the allocation period. The County considers highly liquid investments, (including restricted assets) with an original maturity of three months or less when purchased, to be cash equivalents. Gross amounts for purchase and/or sale of investments cannot be segregated by fund.

(g) Accounts Receivable

The accounts receivable of the County are recorded net of allowance for doubtful accounts of \$43,598,930.

(h) Inventory

Inventory in the Transportation Trust, Greater Charlotte Street Light, Vehicle Maintenance, and Charlotte County Utility System funds are valued at cost (average cost method). The inventory reported in the Special Revenue Funds, Internal Service Funds, and Proprietary Funds consist of materials and supplies. The County uses the consumption method of accounting for inventory. No reserve has been established within the fund balances of the Governmental Fund types.

(i) Land Held for Resale

Land held for resale consists of Murdock Village land, which was purchased over a period of years at an aggregate price of \$105,216,060 and is presented on the government-wide financial statements at a net realizable value of \$18,870,819, based upon an independent appraisal provided in September 30, 2021. At the end of fiscal year ended 2020, Lost Lagoon, LLP purchased 101 acres in Murdock Village for the price of \$3,756,000. Other minor private sales were completed during the year which resulted in miscellaneous revenues. A contracted sale for an additional 52 acres is to be purchased by Lost Lagoon, LLP at a later date for \$2,923,625. The contracted sale and independent appraisal are level 2 and 3, respectively, under fair value measurements described on page 57.

(j) Capital Assets

Capital assets include land, buildings and improvements, equipment, intangible assets, construction in progress, and infrastructure assets. Intangible assets consist of software, easements, the water supply agreement with the Peace River/Manasota Key Regional Water Supply, obtained through the transfer of water treatment and distribution system and other items purchased in 1991 from General Development Utilities and the hydraulic capacity of the water transmission pipeline across the Peace River, completed in 2013. Infrastructure assets are defined as public domain capital assets such as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, lighting systems, and similar assets that are immovable and of value only to the governmental unit. Capital assets are reported in the financial statements in the applicable governmental or business-type activities column, as well as the proprietary fund financial statements. The Board has a threshold for capitalizing capital assets of \$5,000, except as it relates to capitalizing infrastructure, for which the threshold is \$100,000. The Sheriff maintains a lower threshold for capitalizing capital assets of \$1,000. Constructed or purchased assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at the estimated acquisition value on the date of donation. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets.

Improvements other than Building		10-45
Intangible Assets		10-35

(k) Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This represents a utilization of net position that applies to a future period and so will not be recognized as an expense/expenditure until then. The deferred outflows presented on the Statement of Net Position include deferred charges on refunding, OPEB (Other Post-Employment Benefits) liability, and pension liability.

Deferred inflows of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period. At the governmental fund level this consists of revenues not recognized due to availability criteria under the modified accrual basis. At the Statement of Net Position level, deferred inflows are related to OPEB liability and pension liability.

(l) Compensated Absences

The County’s employees accumulate sick and vacation leave based on the number of years of service. Upon termination of employment, employees can receive payment for accumulated leave, if they meet certain criteria.

In Proprietary Funds, accumulated leave is accrued when earned. The amount of accumulated sick and vacation leave, attributable to Governmental Fund Types, would not normally be liquidated with expendable available resources and are, therefore, only recorded in the government-wide Statement of Net Position and are reported in governmental funds only if they have matured.

The compensated absences liability for accrued vacation leave is measured using the salary rate in effect at the balance sheet date and includes amounts related to benefits associated with accrued paid leave. The liability related to sick leave balances for the Board of County Commissioners is measured using frozen salary rates at such dates set by the Board and ratified by the Union. All constitutional officers use current rates in effect at the balance sheet date for sick leave.

(m) Net Position/Fund Balance Classification

Governmental funds report fund balances as either nonspendable or spendable. Spendable fund balances are further classified as restricted, committed, assigned or unassigned, based on the extent to which there are external or internal constraints on the spending of these fund balances.

Nonspendable fund balances include amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The County considers inventories and prepaid items as part of this category.

Spendable Fund Balances:

Restricted Fund Balance: Amounts that are restricted to specific purposes, and are restricted through enabling legislation and are legally enforceable. The legislation that creates the revenue stream must also stipulate the purposes for which that revenue can be used.

Committed Fund Balance: Amounts that are committed for specific purposes by formal action of the government's highest level of decision making authority which, dependent on the nature of the matter, may be in the form of county ordinance, resolution, or agreement, in which are equally binding. These amounts are not subject to legal enforceability as in restricted; however, those amounts cannot be used for any other purpose unless the government removes or changes the limitation by taking the same form of action it employed to previously impose the limitation.

Assigned Fund Balance: Amounts that are intended by the government to be used for specific purposes but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself, or (b) a subordinate high-level body or official possessing the authority to assign amounts to be used for specific purposes. Pursuant to Resolution 2011-239, the Board of County Commissioners, the County Budget Director and the County Finance Officer have the authority to assign fund balance.

Unassigned Fund Balance: Is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, limited, or assigned to specific purposes within the general fund. Any negative fund balances in other governmental funds would also be classified as unassigned.

In determining the classification of total spendable fund balance remaining at the end of the fiscal year when an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, expenditures will be applied first to restricted fund balance and then to unrestricted fund balance.

Within unrestricted fund balance, the order in which the expenditures will be applied when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used is as follows: Committed, Assigned, Unassigned.

(m) Net Position/Fund Balance Classification (continued)

Government-wide statements and proprietary fund statements utilize an economic resources measurement focus and categorize net position among the following components:

Net Investment in Capital Assets - indicates that portion of net position which represents the County's equity in capital assets, less the amount of related debt.

Restricted Net Position - indicates that portion of net position which is segregated due to external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position - indicates that portion of net position which is available for general operations.

(n) Capital Contribution

Capital assets contributed by developers, special assessments for capital projects, and capital related grant revenues are reported as capital contribution revenues in the proprietary fund statement of revenues, expenses and changes in fund net position and in the government-wide statement of activities.

(o) Interfund Transactions

The following is a description of the basic types of interfund transactions made during the year and the related accounting policy:

- Transfers of financial resources between funds are recognized in the funds affected in the period in which the interfund receivables and payables arise.
- The County considers interfund receivables (due from other funds) and interfund liabilities (due to other funds) to be loan transactions to and from other funds to cover temporary cash needs. Accordingly, the related receipts and payments meet the criteria for reporting at a net amount for purposes of cash flow presentations under GASB Statement No. 9, *Reporting Cash Flows of Propriety and Non-Expendable Trust Funds and Governmental Entities that use Proprietary Accounting*.
- During the course of normal operations, the County had monetary transfers between funds to provide operating funds. These transactions are generally reflected as transfers.
- Transactions which constitute reimbursements of a fund for expenditures initially made from it are accounted for as an expenditure in the reimbursing fund and as a reduction of the expenditure in the fund that is reimbursed.

(p) Unamortized Gains or Losses from Debt Refundings

Gains or losses on debt refunding are shown as a deferred inflow/outflow and amortized over the life of the old debt or new debt, whichever is shorter. Amortization is charged to interest expense.

(q) Use of Estimate

The preparation of financial statements in conformity with accounting principles generally accepted in the United States, as applicable to governmental units, requires management to make use of estimates that affect the reported amounts in the combined financial statements. Actual results could differ from estimates.

Note 2 Reconciliation of Government-Wide and Fund Financial Statements

Explanations of certain differences between the governmental fund balance sheet and the government-wide statement of net position are as follows:

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “certain liabilities are not due and payable in the current period and, therefore, are not reported in the funds.”

The following is a detail of certain liabilities not due and payable in the current period, as well as deferred outflows of resources and deferred inflows of resources, which are not reported in the funds on the Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position. Amounts shown in this line item are exclusive of internal service fund amounts for each category:

Investments (continued)

The County's investment pools also include investments in the Florida Local Government Investment Trust (FLGIT), a public entity investment trust organized under the laws of the State of Florida. At September 30, 2021, the FLGIT portfolio included certain corporate securities. These securities amounted to 34.45% of the FLGIT portfolio. The corporate securities are rated by Standards and Poor's as "A-" or higher and the mortgage-backed securities are rated "AA+" or higher. FLGIT reports all share information at Net Asset Value (NAV), which reflects fair value accounting. The fair value of the cash position of the County in this external investment pool is the same as the value of the pool shares held by the County. There are no restrictions or terms and conditions on the County in redeeming the investment. Shares are marked to market on a daily basis. There is no regulatory oversight of the external investment pool. The County has no unfunded commitments that are related to this investment. The fair value of the position the County has in this external investment pool is the same value of pool shares held by the County. There are no restrictions or terms and conditions on the County redeeming the investments. There is no regulatory oversight of the external investment pool. The County has no unfunded commitments that are related to this investment. The pool has a current Fitch rating of "AAAF" and a volatility rating of "S1". Fitch monitors the fund on a monthly basis.

The County's investment policy limits the credit risk of its investments by limiting authorized investments, thus reducing the risk of potential default of investments that are not sound. The County's investments at September 30, 2021 have a Standards and Poor's rating of "AAA" for the direct obligations of the United States Government and each of its agencies and instrumentalities.

In investing public funds, the County strives to maximize return on the portfolio as a whole but will minimize investment risk. The County's formal investment policy provides basic criteria for consideration of length of investments during various periods of interest rate variability, and limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The investments held by the County, including Fiduciary Funds, are measured and recorded using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

Level 1: Investments reflect unadjusted quoted prices in active markets for identical assets.

Level 2: Investments reflect prices that are based on inputs that are either directly or indirectly observable for an asset (including quoted prices for similar assets), which may include inputs in markets that are not considered to be active. All level 2 prices are provided by an independent third party.

Level 3: Investments reflect prices based upon unobservable inputs for an asset.

Florida Retirement System (FRS) - Defined Benefit Pension Plans

General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the County are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class - Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class - Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) - Members in senior management level positions.
- Special Risk Class - Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

Florida Retirement System (FRS) - Defined Benefit Pension Plans (continued)

FRS Pension Plan (continued)

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five (5) highest fiscal years' earnings. For members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight (8) highest fiscal year's earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned.

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<i>Regular Class members initially enrolled before July 1, 2011</i>	
Retirement up to age 62 or up to 30 years of service	1.60

Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class members initially enrolled on or after July 1, 2011</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00
<i>Special Risk Regular</i>	
Service from December 1, 1970, through September 30, 1974	2.00
Service on and after October 1, 1974	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The County's proportionate share of the net pension liability was based on the County's 2020-21 fiscal year contributions relative to the 2019-20 fiscal year contributions of all participating members. At June 30, 2021, the County's proportionate share was .45 percent, which is a decrease of .03 percent from its proportionate share measured as of June 30, 2020.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Discount Rate. The discount rate used to measure the total pension liability was 6.80 percent and 6.80 percent for the July 1, 2021 and 2020 actuarial valuation, respectively. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 6.80 percent, as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage-point lower (5.80 percent) of 1 percentage-point higher (7.80 percent) than the current rate:

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended September 30, 2021, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. From October 1, 2019 to June 30, 2020, the contribution rate was 1.66 percent of payroll. From July 1, 2020 to September 30, 2020 the contribution rate was 1.66 percent, pursuant to section 112.363, Florida Statutes. The County contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The County's contributions to the HIS Plan totaled \$2,140,778 for the fiscal year ended September 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the County's proportionate share was .36 percent, which is the same as its proportionate share measured as of June 30, 2020.

Discount Rate. The discount rate used to measure the total pension liability was 2.16 percent and 2.21 percent for the July 1, 2021 and 2020 actuarial valuation, respectively. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

FRS - Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members. Allocations to the investment members' accounts during the 2019-20 fiscal year were as follows:

Class	Percent of Gross Compensation
FRS, Regular	6.30
FRS, Elected County Officers	11.34
FRS, Senior Management Service	7.67

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over his or her account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2021, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County's Investment Plan pension expense totaled \$5,138,664 for the fiscal year ended September 30, 2021.

Note 19 Other Postemployment Benefits Plan

Plan Description

In accordance with Section 112.0801, Florida Statutes, because the County provides medical plans to employees of the County and their eligible dependents, the County is also required to provide retirees the opportunity to participate in the group employee health plan. Although not required by Florida Law, the County has opted to pay a portion of the cost of such participation for retired County employees through a single employer defined benefit plan (the “Plan”).

Retired employees (retired on or after 1/1/2004) of the Board of County Commissioners; Clerk of the Circuit Court; Property Appraiser; Supervisor of Elections; and Tax Collector, (the “Agencies”) who retire after 30 years of service, or after the age of 55 with eight years, or six years prior to October 1, 2012, of credited service with the County, and who had continuous medical coverage verified annually, are entitled to participation in the Plan. Currently, for retired employees who have completed 20 years of service with the Agencies who are collecting FRS monthly benefit plans, the health benefit under the Plan provides for the Agencies to contribute a per month supplement. The monthly supplement for eligible non-IAFF (International Association of Fire Fighters) retirees retired before October 1, 2008, is \$5.00 per year of service up to \$150.00 per month. The monthly supplement for eligible non-IAFF retirees retiring on or after October 1, 2008, is \$10.00 per year of service up to \$300.00 per month. The monthly supplement for eligible IAFF retirees retired before January 23, 2008, is \$5.00 per year of service up to \$150.00 per month. The monthly supplement for eligible IAFF retirees retiring on or after January 23, 2008, is \$20.00 per year of service up to \$600.00 per month. The monthly supplement is applied to health premium costs purchased from the Agencies. All retirees retiring after January 23, 2008, covered on another plan may elect to receive a monthly check. All supplements cease when the retiree becomes eligible for Medicare. Dependent coverage is available at full premium cost.

The Charlotte County Sheriff’s Office contributes 100% of the active health premiums up to age 65 for retirees participating in the group health plan who completed at least 25 years of service with the Sheriff’s office. Retirees are then required to reimburse the Sheriff a \$133 monthly subsidy provided by the Florida Retirement System.

Retirees who worked less than 25 years with the Sheriff’s office and are participating in the group health plan are required to contribute 100% of active premiums. An employer-provided implicit subsidy for the health plan will still exist for these participants.

All retirees may elect coverage in the dental and/or vision plans offered by the Sheriff’s office. However, they must contribute 100% of the active premium rates. Spouse coverage is available, as well, at the active premium rates.

Funding Policy

Funding for the Plan is on a pay-as-you-go basis from the County’s general assets when due. There is no separate trust through which benefits for retirees are funded. No assets are currently accumulated or earmarked for this purpose.

Total OPEB Liability

The Agencies had an actuarial valuation dated October 1, 2020. The Sheriff had an actuarial valuation with a September 30, 2021 measurement date.

The County's total OPEB liability was determined using the following actuarial methods, assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

The Actuarial Methods are:

	Agencies		Sheriff	
Actuarial Cost Method	Entry Age		Entry Age	
Asset Valuation Method	Unfunded		Unfunded	
Actuarial Assumptions:				
Discount Rate	2.43%	(1)	2.43%	(1)
Projected Salary Increases	3.40%-8.20%		6.00%	
Healthcare Cost Trend Rates	6.50%	(2)	7.50%	(3)
Price Inflation Rate	2.40%	(4)	2.50%	(4)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Calculations for financial reporting purposes are based on the benefits provided under terms of the substantive plan (the plan as understood by the employer and the plan members) in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective. Consistent with the perspective, actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

- (1) As required by GASB Statement No. 75, this rate is equal to the tax-exempt municipal bond rate based on an index of 20 year general obligation bonds with an average AA credit rating as of the measurement date.
- (2) 6.50% for 2021, with a gradual annual declining to 3.80% in 2041 and beyond.
- (3) 7.00% for 2021, grading down to 4.0% in 2075.
- (4) Not explicitly used in the valuation except for future projections. Provided for informational purposes only.

Mortality rates for the Agencies and Sheriff are based on the PUB-2010 mortality tables. All mortality rates are those outlined in the previous FRS actuarial valuation reports.

CHARLOTTE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2021

Note 20 Risk Management

The County is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the fiscal years 1980 and 1987, the County established the Self Insurance and Health Insurance Funds, respectively included in the financial statements as internal service funds, to account for and finance its uninsured risks of loss. Under these programs, the Self Insurance Fund provides coverage for up to a maximum of \$300,000 for each worker's compensation claim, \$350,000 for each general liability claim, \$5,000 for all other perils other than windstorm per location per loss and a 3% windstorm deductible per location per loss. The County purchases commercial insurance for claims in excess of coverage provided by the funds and for all other risks of loss. The excess coverage for general liability is \$1,500,000, workers' compensation is \$1,000,000 and the excess for property is \$150,000,000.

In April of 2009, the County opened an employee health center for use by employees participating in the County's Health Insurance Program. The main purpose was to help contain health insurance costs. In August of 2011, the County became self-insured for its health insurance. Under this program, the Health Insurance Trust Fund provides coverage for up to \$1,000,000 per claim. The County has excess medical insurance to pay for claim costs that exceed this amount. Fees in the amount of \$1,409,479 were paid to Cigna Healthcare to administer health insurance claims. Health insurance claims incurred, but not reported of \$1,616,224, were accrued in the health insurance trust fund as of September 30, 2021. The amount accrued was obtained from the health insurance actuary report. This report is available upon request from the County's Risk Management Department.

All funds and Constitutional Officers of the County, with the exception of the Sheriff, participate in the programs and make payments to the Self Insurance and Health Insurance Funds based on actuarial estimates of the amounts needed to pay prior and future year claims, which is attributable to expected claim payments exceeding funds available. The claims liability of \$4,392,000 in the Self Insurance Fund and \$1,616,224 in the Health Insurance Trust Fund reported at September 30, 2021 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the self-insurance claims liability amounts in fiscal year 2020 and 2021, are based on an actuarial review at a confidence level of 70% and discounted to present value at an assumed investment yield rate of 4.0% per annum. Changes in the health insurance claims liability amounts for the same periods are the actuarially determined undiscounted amounts.

Settled claims have not exceeded the commercial coverage in any of the past three fiscal years and there has not been a significant reduction in coverage from that of the previous fiscal year.

The Sheriff participates in the Statewide Florida Sheriff's Self-Insurance Fund. The fund is managed by representatives of the participating Florida Sheriff's offices and provides professional and automobile liability insurance to participating offices. The Florida Sheriff's Self-Insurance Fund provides liability insurance coverage subject to the following limitations: \$5,000,000 per occurrence and an aggregate of \$10,000,000 ultimate net loss per sheriff during any policy period.

Premiums charged to participating sheriffs are based upon amounts believed by management of the fund to meet the required annual payout during the fiscal year and to pay for the estimated operating costs of the program. For fiscal year ended September 30, 2021, the Sheriff was charged \$945,615 for the self-insurance program

The Sheriff participates in the Countywide self-insurance program for property liability. For fiscal year ended September 30, 2021, the Sheriff's portion for the self-insurance program, paid by the Board of County Commissioners, was \$471,980.

The Sheriff participates in the Florida Sheriff's Workers' Compensation Self-Insurance Fund. The fund is managed by representatives of participating Florida Sheriff's offices. The total cost for fiscal year ended September 30, 2021 was \$1,405,385.

The Sheriff is self insured for health insurance. The plan is administered by an independent third party that processes the claims. The Sheriff pays the administrator for actual claims and their administrative fee. During the fiscal year, the Sheriff incurred expenses totaling \$11,625,016. In addition to the Self-Insured Plan, the Sheriff and the Charlotte County Board of County Commissioners share expenses in an Employee Health Center Program. This program was developed in hopes to bend the trend and paid medical claims and prescription drug cost. Effectively redirecting claims cost from our medical plan to the clinic will result in a two year net savings after operating cost. The Sheriff and Board of County Commissioners have contracted with Crowne Consulting Group to operate this facility.

The Sheriff purchases commercial stop loss insurance for claims in excess of \$125,000 per person. Total premiums paid during the fiscal year for stop loss coverage totaled \$1,370,628.

The Sheriff purchases canine liability, aircraft and marine, life, and disability, independently of the aforementioned self-insurance programs, through third party insurance carriers.

CHARLOTTE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2021

Note 21 Commitments and Contingencies

The County is currently receiving, and has received in the past, grants which are subject to special compliance audits by the grantor agency and which, upon audit, may result in a request for reimbursement due to disallowed expense amounts. These amounts, if any, constitute a contingent liability of the County. Accordingly, such liabilities are not reflected within the basic financial statements. The County does not believe any contingent liabilities are material.

The County is currently involved in multiple construction projects in which material commitments for future services have been made. The following are projects in which these obligations have been contracted:

	<u>Committed</u>	<u>Payments</u>
Bridges	\$ 4,554,075	\$ 4,200,691
Buildings	39,487,499	24,589,831
Dredging	13,508,902	3,989,309
Parks	4,079,321	1,806,575

Water/Sewer Improvements	43,321,190	18,856,346

The County currently has significant encumbrances for the governmental funds. These encumbrances include commitments for future expenditures, based on purchase orders or contracts, where the goods or services have been ordered but not received. They do not include construction contracts as they are listed above.

<u>Major Funds</u>	<u>Encumbrance</u>

Sales Tax Extension 2014	145,861
<u>Nonmajor Funds</u>	<u>Encumbrance</u>
Other Governmental Funds	12,209,415

During 2021, Coronavirus ("COVID-19") continued to create economic uncertainties that could negatively impact the County's revenue and operations for an indeterminable time period. Other financial impacts could occur that are unknown as of September 30, 2021.

Note 22 Miscellaneous Revenues

Miscellaneous revenues in Governmental Activities are composed primarily of contributions and donations from private sources. For the year ending September 30, 2021, the County recognized \$4,965,245 in miscellaneous revenue.

CHARLOTTE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2021

Note 23 Recognition of Closure and Post Closure Cost

Federal and State laws require final cover and closure as well as post closure care of the Charlotte County Zemel Road Landfill. Closure cost estimates, including final cover, anticipated costs of equipment and facilities constructed near or after closure and thirty years of monitoring and maintenance costs, subsequent to closing, amount to \$20,910,627. The estimated life of the landfill, and other factors, may change due to population growth, disposal rates, types of material disposed and other changes in landfill technology. A portion of these costs are reported each period as operating expense based on landfill capacity used as of each balance sheet date.

Landfill capacity of approximately 67.21% has been used to date. The closure cost of \$14,053,290 for this capacity is reflected as a liability at September 30, 2021. Closure and post closure costs of \$6,857,337 remain to be recognized in the estimated 14 years of the remaining useful life.

The Landfill is required by Rule 62-701.630(5)(c) of the Florida Administrative Code to make annual contributions to an interest bearing cash reserve fund. Management believes the Landfill is in compliance with these requirements as of September 30, 2021, with restricted cash and investments of \$10,936,652 held for the purpose of closing the landfill in 2035. In the event closure escrows and interest earnings prove inadequate due to inflation, changes in technology or additional closure/post closure requirements, these costs may need to be covered by charges to future landfill users. The activity in the escrow account for the year ended September 30, 2021 is as follows:

Beginning Balance 9/30/2020	\$ 10,398,756
Deposits	477,761
Interest Earned	60,135
Ending Balance 9/30/2021	\$ 10,936,652

Note 24 Expenditures in Excess of Appropriations

The following fund has expenditures in excess of appropriations for the fiscal year ended September 30, 2021.

Murdock Village Redevelopment - The \$1,206,112 in excess of expenditures over appropriations is due to the costs related to the infrastructure improvements to the West Port area.

Note 25 Reclassification of Custodial Fund

During the year ended September 30, 2019, the Clerk's office implemented GASB Statement No. 84, Fiduciary Activities, which establishes criteria for identifying and reporting fiduciary activities. Further review has resulted in the changing of presentation of the financial statement by reclassifying the Documentary Stamp and Intangible Fund to a Special Revenue fund. This change has not affected the Net Position of the Clerk's statements. The Clerk of the Court special revenue fund is presented as a major governmental fund within the County's basic financial statements.

We did not audit the financial statements of the Charlotte County Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector (collectively, the "Officers"), whose statements reflect 2% of the assets, 1% of the net position, and 16% of the revenue of the County's governmental activities, 19% of the assets, 0% of the fund balance, and 21% of the revenue of the General Fund, and 9% of the assets, 7% of the fund balance/net position, and 78% of the revenue/additions of the aggregate remaining fund information. The financial statements of the Officers were audited by another auditor whose reports have been furnished to us, and our opinions, insofar as they relate to data included for the Officers, are based solely on the reports of the other auditor.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards*; and Chapter 10.550, Rules of the Auditor General.

This letter excludes consideration of the Officers, which were audited by another auditor, and for which separate management letters have been issued.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control over Compliance Required by Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*; Schedule of Findings and Questioned Costs; and Report of Independent Accountant on Compliance with Local Government Investment Policies and E911 Requirements of Sections 365.172 and 365.173, Florida Statutes. Disclosures in those reports and schedule, which are dated March 22, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations in the preceding annual financial audit report.

Official Title and Legal Authority

Sections 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Refer to Note 1 in the notes to the financial statements regarding the creation of the Charlotte County, Florida and each component unit.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, the Charlotte County Industrial Development Authority ("IDA"), a discretely presented component unit of Charlotte County, Florida, reported:

Local Government Investment Policies and E911 Requirements of
Sections 365.172 and 365.173, Florida Statutes**

To the Honorable Board of County
Commissioners of Charlotte County, Florida

We have examined the Charlotte County, Florida's (the "County") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, and E911 requirements of Sections 365.172 and 365.173, Florida Statutes, during the year ended September 30, 2021. Management of the County is responsible for the County's compliance with the specified requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

SINGLE AUDIT

Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Board of County
Commissioners of Charlotte County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the discretely presented component unit and the aggregate remaining fund information of Charlotte County, Florida, (the “County”) as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements, and have issued our report thereon dated March 22, 2022. Our report includes a reference to another auditor who audited the financial statements of the Charlotte County Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector as described in our report on the County’s financial statements. This report does not include the results of the other auditor’s testing of internal control over financial reporting or compliance and other matters that are reported on separately by the other auditor.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report of Independent Auditor on Compliance for Each Major Federal Awards
Program and State Financial Assistance Project and on Internal Control Over Compliance
Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General**

To the Honorable Board of County
Commissioners of Charlotte County, Florida

Report on Compliance for Each Major Federal Program and State Financial Assistance Project

We have audited Charlotte County, Florida's (the "County") compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget ("OMB") Compliance Supplement* and the requirements described in the State of Florida Department of Financial Services' State Projects Compliance Supplement that could have a direct and material effect on each of the County's major federal programs and state financial assistance projects for the year ended September 30, 2021. The County's major federal programs and state financial assistance project are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal programs and state financial assistance projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state financial assistance projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the requirements of *Title 2 U.S. Code of Federal Regulation (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards ("Uniform Guidance")*; and Chapter 10.550, *Rules of the Auditor General*. Those standards, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state financial assistance project. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program and State Financial Assistance Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended September 30, 2021.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state financial assistance project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project, on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

CHARLOTTE COUNTY, FLORIDA
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

Note 1. General

The accompanying Schedule of Expenditures of Federal Awards and the Schedule of State Financial Assistance (the "Schedule") includes the federal and state activity of Charlotte County, Florida (the "County"). The County reporting entity is defined in Note 1 to the County's Basic Financial Statements for the fiscal year ended September 30, 2021. All federal financial assistance programs received directly from federal agencies, as well as federal financial assistance programs passed through other government agencies, are included in the schedule.

The Schedule is presented in accordance with uniform guidance.

Note 2. Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards and the Schedule of State Financial Assistance is presented using the modified accrual basis of accounting, which is described in Note 1 to the County's Basic Financial Statements for the fiscal year ended September 30, 2021.

The County has elected to use the 10 percent de minimis indirect cost rate as covered in 2 CFR 200.414 (f) Indirect Costs.

Note 3. Contingencies

Grant monies received by the County are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the County does not believe that such disallowances, if any, would have a material effect on the financial position of the County. As of September 30, 2021, there was no material questioned or disallowed costs as a result of grant audits in process or completed of which management was aware. Any adjustments to grant funding are recorded in the year the adjustment occurs.

Note 4. Disaster Grants - Public Assistance (Presidentially Declared Disasters)

After a presidentially declared disaster, Federal Emergency Management Agency ("FEMA") provides Disaster Grants – Public Assistance (Presidentially Declared Disasters) (Assistance Listing #97.036) to reimburse eligible costs associated with repair, replacement or restoration of disaster-damaged facilities. The federal government makes reimbursements in the form of cost-shared grants that require state matching funds. By 2021, FEMA obligated \$10,157,868 in federal funding for Hurricane Irma, which occurred in September 2017, excluding County share. \$35,768 of the approved expenditures for Hurricane Irma took place in the fiscal year September 30, 2021.

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

Note 5. Assistance Provided through COVID-19 Financial Assistance Programs

As a result of the emergency declaration due to the COVID-19 pandemic, Coronavirus Aid, Relief, and Economic Security (CARES) Act became Public Law, which mandated federal financial assistance, inclusive of Local Governments and Health Care Providers. The County received assistance from two Funds established by the Act – the Coronavirus Relief Fund (CRF) Assistance Listing #21.019 and the Provider Relief Fund (PRF) Assistance Listing #93.498. Direct CRF assistance was issued through two funding agreements by the Department of the Treasury and passed through Florida Division of Emergency Management and Florida Housing Finance Corporation. As of September 30, 2021, the County expended \$17,617,722 and \$649,649 for each of the agreements, respectively.

CARES Act funding was also passed through other Assistance Listing programs, with the most significant expenditure amount of \$3,046,730 recorded under Assistance Listing #20.507, managed by the Department of Transportation.

Note 6. Assistance Provided through Provider Relief Funds

The County amount of Provider Relief Funds (“PRF”), Assistance Listing Number 93.498, presented on the Schedule of Expenditures of Federal Awards is based on the PRF Report for Period 1 from January 1, 2020 to June 30, 2021. PRF Federal Award was distributed through the US Department of Health and Human Services. The County recorded \$274,021 in PRF funding for eligible expenditures during the fiscal year 2020, which is included in SEFA for fiscal year ended September 30, 2021 in accordance with December 2020 OMB guidance.

Note 7. Assistance Provided through American Rescue Plan Act

Subsequent to CARES Act, American Rescue Plan Act of 2021 (ARPA) was adopted in March 2021. Section 9901 of the Act authorizes Coronavirus State and Local Fiscal Recovery Funds (CSLFRF), funding a variety of local projects in response to the health emergency under Assistance Listing #21.027. Charlotte County expended \$5,313,338 of CSLFRF funds according to the funding agreement with the Department of Treasury during the fiscal year ended September 30, 2021.

Note 8. State of Florida Department of Environmental Protection Grant

Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amount reported as expenditures in prior years. Final reimbursement received during the fiscal year indicated excess of reported expenditures for the Clean Water State Revolving Fund Construction Loan Agreement WW08025-0 (CSFA #37.077). Consequently, a retainage adjustment of \$29,931 was made in the Schedule for the fiscal year ended September 30, 2021.

2) COPY OF THE CONTRACT BETWEEN THE TAMPA BAY
RAYS AND CHARLOTTE COUNTY

CONTRACT NAMED CHARLOTTE SPORTS PARK
AGREEMENT

Charlotte Sports Park Agreement

THIS AGREEMENT is made and entered into this 12th day of September 2006, by and between CHARLOTTE COUNTY, a political division of the state of Florida, 18500 Murdock Circle, Port Charlotte, Florida 33948-1094, hereinafter referred to as the "County", and the TAMPA BAY DEVIL RAYS, LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

WHEREAS the County and the Rays desire to enter into an agreement for the rehabilitation and use of the Charlotte Sports Park for the purpose for providing a public recreation amenity and hosting the Rays' spring training program.

NOW, THEREFORE, in consideration of the mutual covenants and obligations herein contained, it is mutually covenanted and agreed by and between the parties as follows:

1. Terms of Use

The Rays will engage in exclusive spring training in Charlotte County, Florida for a period of twenty (20) years, commencing with the 2009 major league spring training season. For the purpose of this agreement, the term "spring training" shall be deemed to include that period of time each year during the term of this Agreement which involves major and minor league spring training, exhibition games and extended spring training activities, rehabilitation and instructional league.

The County does hereby permit unto the Rays, its successors and assigns, the use of those certain premises located in Charlotte County, Florida, commonly known as the Charlotte Sports Park and related spring training and administrative facilities to be utilized pursuant hereto.

The Rays shall schedule and make a good faith effort to play a minimum of twelve (12) home major league spring training exhibition games during each and every year during the term of this agreement. The Rays shall also make a reasonable effort to ensure that a minimum of three (3) of these games will be held at night.

2. Project Description

The County shall selectively demolish, construct, and/or renovate current stadium, clubhouse, office space, and related practice facilities and build and/or restore on such site for a cost of not more than \$27,188,920 (hereinafter described below as "the Project"):

- (a) An open-air, natural grass stadium meeting first-class Major League Baseball ("MLB") spring standards, with approximately 6,000 fixed seats (including premium seating) and outfield berm and other general admission areas accommodating up to 1,500 fans;

- (b) An approximately 40,000 sf major and minor league clubhouse facility (including administrative office space dedicated to the Rays' use), team store, and other elements of such stadium;
 - (c) One (1) full-size, grass major league practice field;
 - (d) One (1) grass half-field;
 - (e) Four (4) full-size minor league practice fields;
 - (f) On-site parking for approximately 1,500 vehicles plus player/staff/VIP parking for approximately 175 cars;
 - (g) Miscellaneous infrastructure and site improvements related to the creation of a spring training facility.
 - (h) Other elements as mutually agreed upon by the County and the Rays.
- The site and a preliminary concept plan for the Project are generally outlined in Attachment I.

3. **Project Capital Funding**

The "all-in" cost of the Project shall total \$27,188,920 dollars, the funding for which shall come by bonding against the following sources:

- (a) The State of Florida: monies made available to the County under Chapter 288.1162, Florida Statutes providing up to \$500,000 annually for 30 years towards the construction or rehabilitation of a spring training facility, as described in Schedule I;
- (b) Charlotte County: the proceeds from hotel tourist tax funds providing \$900,000 in the year of the execution of this Agreement and growing annually for 22 years (minus \$125,000 that shall be deducted in the year of initial occupancy and each year thereafter and placed in a maintenance and operations fund, as described below) and one-time time initial proceeds from hotel tourist tax funds providing \$450,000, as described in Schedule I.
- (c) Tampa Bay Devil Rays: As consideration for its utilization of the facilities, and upon the Rays occupancy of the Project facilities, the Rays agree to pay the County \$595,190 in the year of initial occupancy with payments in successive years, as described in Schedule I.

Based on the financing sources enumerated above, County shall present the Rays a plan of project finance which includes irrevocable commitments and awarding of funds, pursuant to Chapter 288.1162, Florida Statutes, from the State of Florida, all of which, when combined with the obligations and undertakings elsewhere referenced herein, will provide sources of \$27,188,920 (which include architect fees, design fees and construction costs) which are to be irrevocably committed to the renovation of the baseball complex ("the Project Budget").

This financing plan shall be subject to approval of the Rays, which shall not be unreasonably withheld. The County and Rays shall have mutual approval of the design and renovation program for which the financing plan has been irrevocably committed. In the event either the financing plan or

the renovation plan fails to meet the approval of the Rays, the Rays may terminate this agreement upon 30 days' written notice to the County. After a financing plan and renovation plan have been mutually agreed upon, as set forth above, the cost of any change orders that result in a project cost in excess of \$27,188,920, in addition to being mutually agreed upon, shall be the responsibility of the Rays.

The County further agrees that its financing plan shall provide that if the cost of the Project is ultimately less than \$27,188,920 dollars, then the amount by which the cost of construction ("construction" also includes architect and design fees) is less than \$27,188,920 dollars shall be funded and placed in an asset renewal/reserve fund ("Capital Reserve Fund") to be spent on the facility subject to terms and conditions mutually agreed upon by the County and the Rays. Additionally, the County agrees that its financing plan shall provide for accumulated interest earnings on the bond amount during the project construction period ("Accumulated Construction Interest") to be placed in the same Capital Reserve Fund to be spent on the facility subject to the terms and conditions mutually agreed upon by the County and the Rays.

It is further acknowledged by both parties that the final cash proceeds from the financing plan ("Bond Proceeds") may result in an amount available for the renovation plan that is less than \$27,188,920 due to unknown variables such as the actual financing interest rate or impacts of the taxable status of any of the revenue sources as determined by bond council. In the event such Bond Proceeds are less than \$27,188,920, 50% of the "Accumulated Construction Interest" shall be used to fund initial construction of the Project up to a Project Budget of \$27,188,920. If, after 50% of the "Accumulated Construction Interest" is allocated to the Project Budget, the Project Budget is still less than \$27,188,920, the Rays shall have the right to terminate this agreement upon 30 days written notice to the County.

The parties hereto understand that it is the intention of the County to finance the Project by the issuance of its obligations. It is further the intent of the County that the interest on such obligations be excludable from gross income for federal income tax purposes, to the greatest extent possible pursuant to the provisions of the Internal Revenue Code. In furtherance thereof, the Rays agree that it will take all reasonable actions within its control which are necessary in order for the interest on such obligations be excludable from gross income for federal tax purposes.

The County agrees to submit an application to the Florida Sports Foundation for the State of Florida funding described above by October 1st, 2006. If the State of Florida, through the Florida Sports Foundation, fails to grant the County \$500,000 annually for the next 30 years to undertake the

construction, or if County does not accept such grant from the State and begin construction by July 1, 2007, either the Rays or the County may terminate this agreement upon written notice to the other party, without penalty or liability to either party.

4. Project Design and Construction

- (a) The County and the Rays shall have mutual approval rights of the final design and construction plans, the architect, contractor and all change orders. The design of the stadium shall be in accordance with current MLB standards. The County shall use its diligent, good faith efforts to perform, or cause to be performed, all construction work on the Project according to the approved construction plans on or before February 1, 2009. In the event possession of the Project is not delivered to the Rays on or before February 1, 2009, the County shall pay the Rays liquidated damages of \$2,200 per day for each day after February 1, 2009, until the Project facilities are occupied by the Rays.

County shall not be assessed liquidated damages in the event the Project is delayed due to damage to, or destruction of, the Project due to hurricane, fire, Acts of God or other casualty; however, in the event such an event causes a delay to the Project such that it is not ready for occupancy by August 1, 2010, the Rays shall have the right to terminate this agreement upon thirty (30) days notice to the County.

- (b) The Rays shall have access to the construction project during all normal construction hours and shall receive reasonable notice of and have the right to attend and participate in all meetings between the County and its architect and contractors performing the work on the Project. After a financing plan and renovation plan have been mutually agreed upon, as set forth above, the Rays shall have the right to request the County to make changes to the Project, the construction plans and schedule of completion, and will by obligation pay any cost associated with these changes, provided the cost of such changes cause the cost of the stadium renovations to exceed \$27,188,920. County shall not owe the Rays liquidated damages, nor suffer any penalty or liability whatsoever, in the event the Project cannot be delivered to the Rays by February 1, 2009, due to delays caused by changes to the Project requested by the Rays.
- (c) The parties agree to observe the requirements of the Consultants Competitive Negotiation Act, and all other applicable federal, state

and local laws, and engage architectural, engineering, and construction services necessary to design and build the Project.

- (d) The Rays acknowledge that the County has a three year agreement with the South Coast Independent League (the "League") beginning in 2007 and ending in 2009 for the use of the existing Stadium. The Rays agree that the League is entitled to the use of the Stadium pursuant to its agreement with the County and the parties agree to cooperate in coordinating the construction schedule of the Project so accommodate the League's use of the Stadium so long as it doesn't impede the progress of the Project or the Rays use of the Project or Project site, as described in Item 5 below. County agrees to fully enforce its agreement with the League in regard to its conduct and use of the Project facilities
- (e) For the duration of this agreement, the parties shall have mutual approval rights over any change to the Project site that results in means of pedestrian access to the Project site being created, eliminated, or altered.

5. Rays Rights-of-Use to Project

Upon completion of construction, the Rays shall retain the following rights to use the Project facilities:

- (a) Each day from February 10th through April 3rd of each calendar year ("Spring Training"): The Rays shall have primary use of the stadium, new clubhouses, administrative office space dedicated to the Rays' use, team store, practice fields, and other associated training facilities (batting cages, gang mounds, etc.). During this time, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;
- (b) Each day from April 4th through July 1st ("Extended Spring Training"): The Rays shall have primary use of the new clubhouses, team store, administrative office space dedicated to the Rays' use, the one (1) full-size, grass major league practice field, two (2) minor league practice fields, and other associated training facilities (batting cages, gang mounds, etc.) During these times, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;
- (c) Before 2pm each day from September 1st through October 31st of each calendar year ("Instructional League"): The Rays shall have primary use of the new clubhouses, team store, administrative office space dedicated to the Rays' use, the one (1) full-size, grass major league practice field, two (2) minor league practice fields, and other

associated training facilities (batting cages, gang mounds, etc.). During these times, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;

- (d) At all other times, the Rays shall maintain sole use of the major league clubhouse, administrative office space dedicated to the Rays' use, team store, and the one (1) full-size grass major league practice field. In addition, the Rays shall retain the right to restrict access to associated training facilities (batting cages, gang mounds, etc.), one (1) minor league practice field, and the minor league clubhouse if they are reasonably required for the Rays' use and upon three (3) weeks notice to the County. County and the Rays agree that a change in the timeline for "extended spring training" and/or the need for the Rays to locate a rookie league team at the Project site constitute a reasonable basis for such access restrictions;
- (e) The Rays and the County shall also make the Project facilities available for up to one week each year, the date to be mutually agreed upon by the parties, for a Devil Rays Fantasy Camp;
- (f) The Rays may use the facility for clinics, camps, and promotional or marketing events throughout the year, provided that three (3) weeks notice is provided to County and such use does not interfere with County's rights of use as described in Item 6 below.

If the Rays choose to locate a Florida State League ("FSL") team at the Project site, the Rays and the County agree to enter into an amendment to this Agreement to provide for the duties, rights, terms and responsibilities of the parties that will be occasioned by the location of said FSL team at the Project site. Notwithstanding the rights described in Item 6 below, County may not allow a minor league baseball franchise affiliated with any MLB team other than the Rays to play home games at the Project site without the express written consent of the Rays. Furthermore, the parties agree that they will not enter into any amendment to this Agreement if such amendment shall adversely affect the exclusion of interest on the County's obligations which financed the Project from gross income for federal income tax purposes.

The Rays shall have complete operating authority over those areas under its control during the use periods defined above, including, but not limited to, the right to manage ticket sales, concessions, merchandise sales, game-day parking, and all other stadium activities during spring training. The Rays will, at all times, make reasonable efforts to cooperate with others, including the County, in exercising its operating authority during its use periods.

The Rays shall make best efforts to furnish the County with its spring training exhibition game schedule and extended spring training time frame use requirements no later than December 1st of the year prior to the next February opening of spring training activities by the Rays.

During the use periods defined above, the Rays may stage non-baseball related events or activities with the express written consent of the County, such consent not to be unreasonably withheld.

The County and the Rays further agree that the Rays may transfer its right to use of certain Project facilities described above to an affiliated entity or subsidiary of the Rays

6. County Rights-of-Use to Project

Subject to the Rays' rights of use described above, at all other times, the County shall have the right (and is encouraged by the Rays) to use the facility for concerts, plays, sporting events and tournaments or other revenue-producing or civically-oriented events (collectively defined as non-major league baseball-affiliated events) provided that:

- (a) Such events do not damage the playing fields or cause unreasonable wear and tear to the structures;
- (b) Such events are not inconsistent with the image of Major League Baseball and the Rays;
- (c) Such events do not interfere with the Rays operations; and
- (d) Prominent signage is displayed promoting the Rays' affiliation with the Project during these events.

The County shall have responsibility for all costs associated with these events and shall be responsible for all liabilities arising from the County's use of the Project for non-major league baseball-affiliated events.

During the periods of its use of the facility, the County shall also have the right to display marketing signs in the concourse and stadium, provided that such signs are not in conflict with an exclusive Rays marketing partnership and that the cost of displaying such signs is borne by the County.

During the term of this Agreement, the County shall at all times be permitted to continue its present use of County buildings at the Project site for office space and operations.

7. Rays Rights to Project Revenues

The Rays and County agree that for the duration of this agreement, the Rays shall retain:

- (a) All revenues derived from spring training operations, including, but not limited to, all revenues from ticket sales, food/beverage concessions, pouring rights for sodas, water, and other beverages, merchandise and souvenirs, program sales, advertising and signage, luxury suites, and game day parking;
- (b) Exclusive rights to set the price for spring training exhibition game tickets, food/beverage concessions, merchandise and souvenirs, programs, game-day and spring training parking and all other stadium goods and services associated with spring training operations;
- (c) Exclusive rights to all scoreboards, outfield, and other stadium signage. Such rights shall include the right to control the design and layout of all advertising;
- (d) Subject to the approval of County, such approval not to be unreasonably withheld, the right to sell stadium naming rights. The County shall retain the first \$75,000 annually of said stadium naming rights and revenues (which shall grow 3% annually for the term of this Agreement) in a stadium maintenance and operations fund, as described in Schedule 2 and Item 9 below, with the balance of naming rights revenues going to the Rays;
- (e) Subject to the approval of County, not to be unreasonably withheld, the right to locate cellular phone towers within the stadium lighting structures and all revenues derived from the sale of this right, provided that such sale is not in conflict with the County's ability to maximize revenues from its existing cellular phone tower on the Project site.

The Rays and County further agree to work towards a mutually cooperative relationship on concessions during Rays non-primary use time (i.e. restaurant).

8. County Rights to Project Revenues

The Rays and the County agree that for the duration of this agreement, County shall retain all revenues derived from use of the Project for non-major league baseball-affiliated events staged during those periods of the year when the Rays are not entitled to primary use of the Project facilities, as described in Item 5 above. These include all revenues from facility rental fees, administrative fees, ticket sales, food/beverage concessions, pouring rights for sodas, water, and other beverages, merchandise and souvenirs, program sales, signage and non-spring training day parking.

The Rays and County further agree that these revenues will be dedicated by the County to a maintenance and operations fund, as described in Item 9 below and Schedule 2.

9. Maintenance and Capital Repair

- (a) The County shall maintain, repair, and restore all properties at the facility at no cost to the Rays, except the Rays shall provide for housekeeping and cleaning services to the clubhouse and office space it uses at no cost to the County. The County shall maintain all grounds and turf to Major League Baseball standards, said standards to be provided to the County by the Rays; however, the Rays may, at its option, elect to maintain the playing fields during the periods of its primary use. It is further understood that the County will not be responsible for any maintenance, repairs, or restoration related to damage occurring to property as a result of negligent acts or omissions of the Rays, its officers, agents, or employees.
- (b) The County shall keep and maintain the Project at all times in first-class conditions and up to first-class Major League Baseball spring training standards at the time of reference for use as a ballpark by the Rays and visiting clubs, said conditions to be reasonably approved by the Rays. The County acknowledges that the high quality conditions shall be in place prior to the beginning of and shall continue throughout each spring training season at no expense to the Rays, provided that the Rays may at its option elect to maintain the playing fields during the periods of its primary use. The County shall maintain all facilities and undertake all of its other obligations under this agreement in a manner consistent with other spring training facilities.
- (c) The Rays shall not be required to make any capital investment or expenditure related to the renovations of the facilities as hereinbefore described, or its amenities, except as set forth in Item 4 above.
- (d) If Project facilities are not maintained to the high-quality standards described above, the Rays shall send the County written notice describing what conditions it deems to be sub-standard. Upon receipt of such notice, County shall within 30 days respond in writing to the Rays concerns with a detailed remediation plan. In the event the County's remediation plan is not satisfactory to the Rays, the parties agree to submit any disputes to the resolution procedures described in Item 25.
- (e) In order for the County to fulfill its maintenance and operations obligations described above, the County and the Rays agree to

dedicate the following sources of funds to an annual Maintenance and Operations Fund ("M&O Fund"), described below and in Schedule 2:

- (1) The County agrees to dedicate \$387,043 in County funds, representing the net maintenance and operations budget of the existing facility, to the M&O Fund in the year of initial occupancy. Such payment shall grow by 3% annually for the duration of the term of this Agreement;
 - (2) The Rays, as consideration for primary use of the facility, agree to a payment of \$116,550 to the M&O Fund in the year of initial occupancy. Such payment shall grow annually by 3% for the duration of the term of this Agreement;
 - (3) The County and the Rays agree, as described in Item 7 above, that the County shall retain the first \$75,000 of revenues from stadium naming rights for dedication to the M&O Fund in the year of initial occupancy. Such payment to the M&O Fund from naming rights revenues shall grow annually by 3% for the duration of the term of this Agreement;
 - (4) The County shall commit \$125,000 of hotel tax revenue to the M&O Fund in the year of initial occupancy. Such payment will be made annually for the duration of the term of this Agreement; and
 - (5) The County agrees to commit all revenues derived from use of the Project for non-major league baseball-affiliated events to the M&O Fund. Such revenues are estimated to be \$220,000 in the year of initial occupancy and are expected to grow annually by 3% for the duration of the term of this Agreement.
- (f) The County and the Rays agree that if, in any given year, actual maintenance and operations costs are less than the amount dedicated to the M&O Fund (as described above and in Schedule 2), the difference will be transferred into the Capital Reserve Fund. This will be reviewed annually at the end of the County fiscal year.
- (g) It is recognized that during the construction phase of the renovation plan, the County may incur revenue losses and maintenance savings. To the extent that revenue losses exceed maintenance savings ("Construction Period Losses"), any subsequent maintenance savings, as defined above, would first go towards reimbursing the County as compensation for Construction Period Losses rather than into the Capital Reserve, as defined above.
- (h) The use of the Capital Reserve Fund will be reviewed and approved by both parties. Capital repair and improvements will be given highest priority.

10. Community Benefits

The Rays shall also provide the County with the following amenities, marketing tools, and other community benefits:

- (a) For the duration of this agreement, the Rays agree to provide 30 tickets and one luxury suite per spring training exhibition game for use by County for each such game;
- (b) During the first five (5) years of this agreement, the Rays agree to provide each year 5,000 free tickets to Rays regular season home games to Charlotte County youth groups.
- (c) During each annual Major League Baseball season a marketing package as set forth below:
 - (1) A half-page ad in the regular season souvenir program;
 - (2) Visual message board announcement during each regular season home game played at Tropicana Field proclaiming Charlotte Harbor & the Gulf Islands as the "Official Spring Training Home of the Tampa Bay Devil Rays" and displaying a toll free number and website provided by County;
 - (3) Time to air one 30-second feature ad during each home pre-game on the main scoreboard within one hour of the first pitch, said ad provided by County and subject to approval of the Rays;
 - (4) One visible concourse sign at Tropicana Field;
 - (5) At the request of the Charlotte County Visitor's Bureau, the Rays shall purchase one full-page advertisement in the Visitor's Bureau's annual Official Visitor's Guide at a rate of \$1,450 and participate in co-op advertising with the Visitor's Bureau in the annual Official VISIT FLORIDA Vacation Guide and other mutually beneficial marketing initiatives;
 - (6) To the extent permitted by Major League Baseball Advanced Media ("MLBAM") or the applicable MLB entity at no cost to the Rays, the Rays agree to cross-promotional website links on the spring training section of the official Devil Rays website and on the official Charlotte County tourism website;
 - (7) The Rays agree to work with the County in developing marketing tourism packages that include tickets to at least one spring training exhibition game and to forward information about these packages to season ticket holder (regular season) mailing and/or e-mail lists;
 - (8) For the first (5) years of this agreement and to the extent the Rays produce their own over-the-air ("OTA") television broadcasts, the Rays agree to provide the Charlotte County Visitor's Bureau with time to air one 30-second commercial on each such OTA broadcast.

The copy for the ads and announcements shall be prepared by the Charlotte County Visitor's Bureau and supplied directly to the Rays for distribution, with the express understanding that said ads and announcements will be periodically updated during each baseball season and subject to the approval of the Rays. The Charlotte County Visitor's Bureau shall update all printed ad copy annually, which shall be subject to approval of the Rays. The Charlotte County Visitor's Bureau agrees to pay the cost of production of print advertisement, scoreboard features, and concourse sign and to pay the cost of installation, updating, and repair of the concourse sign.

It is acknowledged that said announcements, print ads, signs, and scoreboard features are to be used solely for the purpose of promoting and advertising the tourism attributes and attractions of Charlotte Harbor & the Gulf Islands and shall not be resold by the County;

The Rays shall be required to pay to County any monies owed to County for events that occurred prior to any such casualty.
- (c) If the County elects not to terminate this Agreement, it shall so notify the Rays by written notice within said ninety (90) days specifying the period of time within which the County reasonably estimates that the Stadium may be repaired or restored to its condition prior to the casualty. If such period of time exceeds one (1) year from the start of the repair or restoration to completion, then the Rays may terminate this Agreement without penalty, and shall provide written notice to County of said termination within ninety (90) days of the date of receipt of the notice from the County to the Rays referred to above.

**AMENDMENT TO CHARLOTTE SPORTS PARK AGREEMENT BETWEEN
CHARLOTTE COUNTY, FLORIDA AND TAMPA BAY RAYS BASEBALL, LTD.**

THIS AMENDMENT TO THE CHARLOTTE SPORTS PARK AGREEMENT, hereinafter referred to as the "Amendment", is made and entered into this 26 day of January, 2010, by and between CHARLOTTE COUNTY, a political subdivision of the State of Florida, 18500 Murdock Circle, Fort Charlotte, Florida 33948-1094, hereinafter referred to as the "County", and TAMPA BAY DEVIL RAYS LTD., n/a/a TAMPA BAY RAYS BASEBALL LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

FINDINGS

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (hereinafter the "Agreement") whose purpose was for the rehabilitation and use of the Charlotte Sports Park (hereinafter the "Sports Park") as well as providing for a public recreation amenity and hosting the Rays' spring training program; and

WHEREAS, pursuant to the terms of the Agreement, the County is responsible for maintaining the playing fields at the Sports Park but the Rays have the option of electing to maintain the playing fields during the periods of their primary use; and

WHEREAS, the Rays have requested that County permit the Rays to maintain the Sports Park Fields, as defined herein, on a year-round, full time basis; and

WHEREAS, County and Rays now desire to amend the Agreement to provide for the Rays assuming year-round, full time, responsibility for the maintenance of the Sports Park Fields at the Sports Park.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

1. Purpose.

The purpose of this Amendment is to provide for the assumption of year-round responsibility for maintaining the Charlotte Sports Park stadium field and 5 1/2 practice fields within the Sports Park complex (hereinafter "Sports Park Fields") by the Rays beginning January 12, 2010 (the "Effective Date").

2. SPORTS PARK FIELDS MAINTENANCE.

Rays groundskeeping staff will provide all necessary field maintenance and support for all activities on the Sports Park Fields, including, but not limited to Rays spring training games, Gulf Coast League games, and "non-major league baseball-affiliated events" as defined in Section 6 of the Agreement as concerts, plays, sporting events and tournaments or other revenue-producing or charity-oriented events. The Rays will also assume the County's responsibility to provide field management maintenance and support for the Florida State League team as

outlined in the County's Stadium Lease Agreement with Ripken-Rays Florida Baseball LLC. County acknowledges, and Rays agree, that the Rays have a thorough understanding of the maintenance standards necessary to maintain the Sports Park Fields pursuant to the terms of this Amendment.

3. SPORTS PARK FIELDS MAINTENANCE STAFFING PLAN.

(a) The field maintenance staff for the Sports Park Fields shall be hired and employed by the Rays and will consist of a Head Groundskeeper, Field Maintenance Supervisor, who will report directly to the Head Groundskeeper, six full-time groundskeepers, staff equipment mechanic, and all seasonal and part-time employees who shall report to the Field Maintenance Supervisor. Additionally, the Field Maintenance Supervisor will manage any contracted service providers for field maintenance. Within thirty (30) days of the effective date of this Amendment, Rays agree to interview, and consider hiring, field maintenance staff currently employed by County for employment as Rays field maintenance staff for the Sports Park Fields.

(b) The Rays and County acknowledge the stadium playing field drainage issues which arose during the 2009 baseball season. The County agrees that the Rays are not responsible for any current or future stadium playing field structure or performance issues resulting from either the original construction of the field or from field maintenance by the County which began in January 2009 and will run through the end of the implementation of the Playing Field Action Plan noted below and attached hereto as Attachment A. After the Playing Field Action Plan has been completed Rays shall assume sole responsibility for the maintenance of the stadium playing field. In the event that the Playing Field Action Plan does not adequately resolve the underlying stadium field drainage issues, the Rays are not responsible for any future stadium playing field improvements to address those drainage concerns identified in Attachment A.

(c) To address the stadium playing field drainage concerns, the County will implement the attached Playing Field Action Plan. The County acknowledges that the Rays shall assume no costs associated with the Playing Field Action Plan, including any additional material or labor costs associated with any element of the follow-up protocol, which may be undertaken after January 12th, 2010, including on-going costs associated with acid injection. The County will provide all necessary resources to complete the implementation of the Playing Field Action Plan including the 31-60 day follow up, projected to end no later than February 5th, 2010.

(d) Any potential future field maintenance or reconstruction of any or all of the Sports Park Playing Fields that are unrelated to the stadium field drainage issues identified herein, and the costs for such field maintenance or reconstruction that are not the responsibility of the Rays under the terms of this Amendment, shall be mutually negotiated and agreed upon by Rays and County.

(e) Rays agree to abide by all applicable laws, rules, ordinances and regulations of any federal, state or local governments or agencies in the performance of any work, services or other obligations required of the Rays under the terms of this Amendment.

4. **DUTIES OF RAYS SPORTS PARK FIELDS MAINTENANCE SUPERVISOR AND STAFF.**

(a) The Field Maintenance Supervisor is a working foreman who assists the Rays Head Groundskeeper in the maintenance of the Sports Park Fields. The Field Maintenance Supervisor will meet with designated County Parks, Recreation and Cultural Resources Staff on a weekly basis to review field conditions, work plans, and discuss upcoming activities including any upcoming use of the Sports Park Fields by either County or Rays. - Safely using all equipment required for above
- Additional duties and projects as required by Head Groundskeeper or Field Maintenance Supervisor.

5. **SPORTS PARK FIELDS MAINTENANCE EQUIPMENT.**

(a) All equipment necessary to maintain the Sports Park Fields, with the exception of the equipment provided to the Rays by County pursuant to paragraph 5(b) of this Amendment, shall be provided by and paid for by the Rays.

(b) Charlotte County Parks and Recreation will provide the Rays a full list of all County owned field maintenance equipment available for the use of the Rays. ("County Field Maintenance Equipment"), attached hereto as Attachment B, noting (1) the condition of each

place and hours logged, (2) copies of all maintenance plans and warranty materials, (3) instruction materials, (4) a recommended protocol regarding equipment servicing, and (5) the long-term replacement plan for each piece. The County will continue to maintain all warranties on the County Field Maintenance Equipment, and will be responsible for processing all warranty requests in a timely manner.

(c) The Rays shall provide and pay for regular maintenance for the County Field Maintenance Equipment; however, the County will perform annual reel grinding for all appropriate County Field Maintenance Equipment at County's expense. The Rays staff mechanic will service the County Field Maintenance Equipment on a regular and as-needed basis. The County will conduct semi-annual inspections of the County Field Maintenance Equipment. Any necessary repairs or replacement of the County Field Maintenance Equipment, including emergency repairs or replacements, will be agreed-upon by both the Rays and the County. The County will maintain all appropriate insurance on the County Field Maintenance Equipment.

(d) The County will arrange for the delivery of gas and diesel fuel for the field maintenance equipment at no charge to the Rays, but the cost of the gas and diesel fuel shall be paid for by the Rays to County at the current contract price in effect under County's annual contract for gas and diesel fuel purchases.

6. SPORTS PARK FIELDS MAINTENANCE MATERIALS AND SUPPLIES.

(a) The Rays shall be responsible for providing and paying for all maintenance materials and supplies necessary to maintain the Sports Park Fields, including, but not limited to fertilizer, herbicides/pesticides, clay and clay conditioner, nets, protective screens, wind screens, sod dressing sand, overseeding supplies, chalk, uniforms, and small tools (e.g. rakes, shovels, brooms, edgers, weed-eaters).

(b) The Rays will also provide all Field Maintenance office supplies, including janitorial supplies, office equipment, phones, computers and other such items and shall be responsible for any and all costs, billings or charges related to same. The County will provide safe and professional work space, including office, garage and storage space, for the Field Maintenance Staff in Building C within the Sports Park complex. The County will also continue to provide garbage and debris removal services for the Sports Park complex.

7. SPORTS PARK FIELDS MAINTENANCE BUDGET.

(a) County and Rays acknowledge that the Agreement provides for in Section 2(a) and in SCHEDULE 2-PROJECT MAINTENANCE AND OPERATIONS FUNDING SOURCES ("Schedule 2"), a schedule of annual payments for the Sports Park facility to the M&O Fund to be paid by County and Rays for maintaining and operating the Sports Park complex and grounds.

(1) The parties agree that the total cost to maintain the Sports Park Fields for the initial year of this Amendment, year 2010 is \$525,285.10 and shall grow annually at a rate of 3% ("Field Maintenance Budget"), as detailed on the schedule of payments, attached hereto as Attachment C.

(2) The County shall deduct the Rays' annual M&O payment obligation, as described in the Agreement, and then tender payment to the Rays for the remainder each year in equal quarterly installments on January 15th, April 15th, July 15th and October 15th during the term of this Amendment. As an example, in 2010, the Rays M&O payment obligation is \$120,047. The County shall deduct this amount from the 2010 Sports Park Fields budget of \$525,285.10 and tender payment to the Rays in the amount of \$405,238.10 in the manner noted above and on Attachment C ("County Obligation to Rays").

(3) The County and the Rays further agree that, in exchange for the payments to the Rays for field maintenance services for the Sports Park Fields noted above, the County shall be entitled to reduce its obligation to fund Maintenance and Operations at the Sports Park, noted in Section 9 and Schedule 2 of the Agreement, in an amount up to the annual County Obligation to Rays for field maintenance. In no event shall the reduction of any County funds to the total M&O budget be greater than the County Obligation to Rays for field maintenance. As noted in Attachment C, in 2010, the Remaining County M&O and Other Event Revenues Obligation will be \$122,266. All other County operating and maintenance obligations noted in the Agreement remain.

(4) As per Section 9 of the Agreement, the County and Rays agree that if, in any given year, actual County maintenance and operations costs at the Sports Park are less than the Remaining County M&O and Other Event Revenues Obligation as noted on Attachment C, the difference will be transferred into the Capital Reserve Fund. This will be reviewed annually at the end of the County fiscal year.

(b) The Rays agree to keep a field maintenance budget for all expenses related to the maintenance of the Sports Park Fields and agree to schedule an annual meeting with County to review the status of that budget. The parties agree to annually review the actual expenditures for the Sports Park Fields maintenance. This would not result in any change to the financial obligation set forth herein to either party but should be viewed as a part of due diligence regarding utilization of taxpayer funds.

B. COUNTY'S RIGHT OF USE OF THE SPORTS PARK AND SPORTS PARK FIELDS.

The parties agree that County shall have use of the Sports Park facility, including the Sports Park Fields, for non major league baseball-affiliated events (as that term is defined in the Agreement) and pursuant to the terms of the Agreement. The parties agree that nothing contained in this Amendment or the Agreement shall be construed as to give the Rays authority to refuse to permit County the use of the Sports Park Fields for any non major league baseball-affiliated events, and the parties agree that the County reserves the right to use the Sports Park Fields for any non major league baseball-affiliated events at County's sole discretion and approval. Prior to the scheduling of any non-major league baseball-affiliated events at the Sports Park, the County will review the scope of the event with the Rays and, if applicable, confirm (1) field availability, and (2) the appropriate field maintenance needs.

Costs for any non-traditional field maintenance needs associated with non major league baseball events are the responsibility of the County or any third party event vendor. Non-traditional

field maintenance needs include, but are not limited to field conversion activities for special events (e.g. forklift operations for concert stage set up) and repairs to damages to the playing field that result from such use. The County bears general responsibility for any damages to the playing field caused by non-major league baseball events. All conditions regarding non-major league baseball-affiliated events as noted in Section 6 of the Agreement, including the provision that County shall be responsible for all liabilities arising from County's use of the Sports Park Fields for non major league baseball-affiliated events still apply.

9. STADIUM LEASE AGREEMENT - RIPKEN-RAYS FLORIDA BASEBALL LLC.

County and Rays acknowledge that the STADIUM LEASE AGREEMENT between RIPKEN-RAYS FLORIDA BASEBALL LLC (hereinafter referred to as "Ripken") and County, entered into on or about February 10, 2009, provides that the County shall maintain the Sports Park Fields. By signature of Ripken's authorized representative on this Amendment, Ripken hereby consents and agrees to the terms and conditions of this Amendment which provide that the Rays shall be solely responsible for the year-round maintenance of the Sports Park Fields.

10. TERM/TERMINATION.

The term of this Amendment shall begin on the Effective Date and shall terminate simultaneously with the termination of the Agreement; provided, however, that either County or Rays may terminate this Amendment, with or without cause, at any time upon providing nine (9) months written notice of termination to the non-terminating party. In the event this Amendment is terminated by either party, the responsibility for maintaining the Sports Park Fields will revert back to the County on the same terms that are enumerated in the Agreement and all other provisions of the Agreement shall remain in effect.

11. INCORPORATION.

The "Findings" provisions of this Amendment are specifically incorporated into and made a substantive part of this Amendment, and this Amendment, including all exhibits and attachments hereto, is specifically incorporated into and made a substantive part of the Agreement.

12. SEVERABILITY.

If any provision of this Amendment shall be declared invalid or unenforceable, the remainder of this Amendment shall continue in full force and effect.

13. CONFLICT WITH AGREEMENT.

All provisions of the Agreement not in conflict with this Amendment shall remain in full force and effect. To the extent of any conflict with the Agreement, the provisions of this Amendment shall control. Any terms used in this Amendment shall have the same meanings and definitions as they have in the Agreement.

14. ENTIRE AGREEMENT. This Amendment incorporates and includes all prior negotiations, correspondence, agreements or understandings between the parties, and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Amendment that are not contained in this document.

15. **MODIFICATION.** No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed by the parties with the same formality and of equal dignity herewith.

16. **ASSIGNMENT.** This Amendment, or any interest herein, shall not be assigned, transferred or otherwise encumbered, under any circumstances by either party without the prior written consent of the other party.

17. **INDEMNIFICATION.** Rays shall indemnify, hold harmless and, at County's option, defend County, and its officers and employees, from all suits and actions at law, liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of Rays and persons employed or utilized by Rays in the performance of any work or services under this Amendment.

18. **AUTHORITY TO EXECUTE.** County, Rays and Ripken warrant to the other parties that they, and the persons executing this Amendment on behalf of each of them, have the right, power and authority to execute this Amendment.

19. **EFFECTIVE DATE.** If fully executed by County, Rays, and Ripken, this Amendment shall take effect on January 12, 2010.

IN WITNESS WHEREOF, the parties have executed this agreement on the dates indicated below.

Deep Drill Aerification Program - Execution

- A. Deep drill aerification with 7/8 inch drill type (has to a fifteen inch depth) vacuum and remove dirt generated during till of the field. This will shear the layers forming in the soil & gravel. Allow water to pass through & entry of soil conditioning products. Base surface puddling.
- B. Top dress the playing field surface with 100 PM manufactured coarse sand as a rate of 40 tons per acre. Sand to be amended with sun flower hulls and gypsum. Drag material into drill holes. This will aid in conditioning soil. Allow passage of water, bring soil conditioning products directly to the soil where it is needed. Will ease surface puddling & help short & long term solution to the drainage issues.
- C. Number of Passes
 - Red Area - 3 passes
 - Blue Area - 2 passes
 - Green Area - 1 pass

7/8" diameter holes at 5' on center each way
- typical for each pass

3

Deep Drill Aeration Program – Follow Up

These follow up steps are to be performed by the County within the first 30 days after the Deep Drill Aeration.

- A. Apply ammonium sulfate at the rate of 50 lbs. per one thousand square feet. Do not use this fertilizer if conditions are such that it will improve drainage.
- B. Apply sulfate of potash fertilizer application for population of the soil and for drainage at a rate of 200 lbs. per acre, and in plant recovery from sodicity.
- C. Apply potassium sulfate at the rate of 200 lbs. per acre after completion of the soil test and soil dressing. Aid in recovery from sodicity. Aid in potassium and sulfur nutrition in the soil.
- D. Apply sulfur fertilizer which allows two weeks after aeration. This recovery of soil drainage is repeated every two weeks.

These follow up steps are to be performed by the County within day 31-60 after the Deep Drill Aeration:

1. Apply ammonium sulfate at a rate of 200 lbs. per acre. Stimulate new growth.
2. Apply fertilizer help nutrients to the soil.
3. Deep tillage operation with 3-4" soil or below to help with aeration and drainage. Vacuum and dispose of rates off the top. Type of tillage & field practices will have to be adjusted per field conditions at the time of aeration. Depending on the weather & field conditions at the time, the field is to continue conditioning the soil to hasten new growth & drainage. If the field is severely sodic at the time, vacuum & remove soil aeration.
4. Top dress the playing field surface with 100 lbs. manufactured sand per acre or 2 1/2 tons per acre. This should be done after the field is aerated.
5. Apply gypsum at the rate of 25 lbs. per one thousand square feet. This application will supplement material already in the ground & condition the soil for better drainage.
6. Work out field very lightly in preparation for the grass cover sod. Light work may be a condition practice before over seeding. This is optional depending on the density of the soil. If the surface is very sodic, the work may be done at the seed bed. If the soil is not too sodic, the work may be done at the seed bed.
7. Apply a pre plant fertilizer at a rate of 200 lbs. per acre. This will help the establishment of the grass. Having no knowledge of the water table level, it is not advised to use fertilizer if this is a new procedure. It is very possible to do this on the soil with no ill effects.
8. Over seed turf areas with ryegrass seed at a rate of 100 lbs. per acre. This is a recommended rate. A rate of 25 pounds per acre of ryegrass seed is also possible but may require a lot of seed. Using a seed rate of 25 lbs. per acre is recommended. This should be done just after the soil is aerated.
9. Apply a pre plant fertilizer application to the water table area. This will help new grass establish & improve drainage.
10. Apply a fungicide application to the soil to prevent a disease from developing from the soil. This is optional. If the soil is very sodic, it is recommended to use a fungicide. If the soil is not too sodic, it is recommended to use a fungicide. If the soil is not too sodic, it is recommended to use a fungicide. If the soil is not too sodic, it is recommended to use a fungicide.

Return to annual maintenance program as recommended by the aerodynamic team.

2. Building B - Charlotte County Sports Park

(a) Beginning January 26th 2011, the Rays will have sole use of Building B, as designated and identified on Exhibit A which is attached hereto and incorporated herein by reference, consistent with those areas of the Sports Park outlined in Section 5(d) of the Agreement; however, the Rays will make reasonable good faith efforts to make the locker room and shower/grooming areas available for tournaments or other meetings/events booked and/or approved by the County during all times of the year, except for those designated under Section 5 (a), (b) and (c) in the Agreement (spring training, extended spring training, instructional

league). The County is solely responsible for any improvements required to make the locker room/grooming areas available to the public for tournaments or other meetings/events booked and/or approved by the County, including any improvements required by the Americans with Disabilities Act.

(b) The Rays will not charge a fee for use of the locker room and shower/grooming areas for tournaments or other meetings/events. The County will be responsible for cleaning these areas after any tournament or other event. Building B shall be covered under Section 9(a) of the Agreement, and as per that section, the County shall maintain, repair, and restore all properties at the facility at no cost to the Rays, except the Rays shall provide for housekeeping and cleaning services to the clubhouse and office space it uses at no cost to the County. Additionally, as per Section 9(a) of the Agreement, the County will not be responsible for any maintenance, repairs, or restoration related to damage occurring to property as a result of negligent acts or omissions of the Rays, its officers, agents, or employees.

(c) Section 5(d) of the Agreement is clarified to include the entirety of the building housing both major and minor league clubhouses, as well as the Rays' administrative offices, as a defined area of sole use by the Rays.

(d) Building B will be turned over to the Rays in a clean condition; all materials and items currently housed in Building B will be removed before January 26th with the exception of any items currently stored in the existing laundry room within Building B, which will still be available for County storage.

(e) Similar to current provisions within the Agreement, the Rays, at their sole discretion and cost, may make reasonable facility enhancements to Building B, including, but not limited to, lighting, painting, etc. Any major capital improvements to Building B would require the approval of the County, and can be considered for CIP funds. During the term of this Amendment either the Rays or the County have the right to present to the other party ideas for major capital improvements to Building B that would encourage and support additional use of Building B as a first-class major league baseball facility.

3. Landscape Maintenance - Charlotte County Sports Park

(a) The following lists the overall scope of services the Rays will provide for landscape maintenance within the Project Area, as noted on the attached Exhibit A. The term "Project Area" as used in this Amendment and as shown on Exhibit A shall mean and include those common grounds within the Project Area exclusive of the Sports Fields.

- Trim all trees and bushes
- Maintain seasonal and annual plantings in all islands and beds, including the green roof
- Keeps islands, beds and fence lines weed free, including the green roof bed located on the roof of the Rays Clubhouse
- Spray herbicides/pesticides as needed.

(b) The County will continue to be responsible for maintaining all areas outside of the Project Area, including, but not limited to the stadium parking lot and right-of-ways along El Jobean Road and Esther Street, and the regular maintenance and any necessary repairs to the irrigation system within the Project Area; except that the Rays shall be responsible for any damages/repairs to the irrigation system, including sprinkler heads, caused by the Rays. The County will also provide the Rays the use of a lift once a year for tree trimming, at a time

coordinated with the Rays Head Groundskeeper, small start-up tools for the services provided to the extent available, and be responsible for the replacement of any trees, bushes or sod that die from hard weather, frost or other Acts of God.

4. Energy Savings Plan

The parties agree to work together to develop an action plan within ninety (90) days of the effective date of this Amendment identifying possible energy savings methods or programs.

FINDINGS

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (hereinafter the "Agreement") whose purpose was for the rehabilitation and use of the Charlotte Sports Park (hereinafter the "Sports Park" or "facility") as well as providing for a public recreation amenity and hosting the Rays' spring training program; and

WHEREAS, on or about January 26, 2010, the County and the Rays entered into the First Amendment to the Agreement to provide for the Rays to assume full-time, year-round maintenance of the Sports Park Fields at the Sports Park; and

WHEREAS, on or about January 25, 2011, the County and the Rays entered into the Second Amendment to the Agreement which allowed the Rays to occupy Building "B" at the Sports Park and to provide landscaping maintenance for the common grounds surrounding the Sports Park Fields on a full-time, year-round basis; and

WHEREAS, on or about September 9, 2014, the County and the Rays entered into the Third Amendment to the Agreement which provided for additional funding from each of the Parties to be placed in the Capital Reserve Fund; and

WHEREAS, pursuant to the terms of the Agreement, the County and the Rays (collectively the "Parties") now wish to amend the Agreement by providing for the leasing of field maintenance equipment to be used at the Sports Park and providing for joint funding from the Parties.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

The Parties agree upon the necessary replacement of the County Field Maintenance Equipment and recognize that the leasing of field maintenance equipment will provide greater operational efficiency, and agree that the Rays shall be responsible for leasing field maintenance equipment for use at the Sports Park.

2. EQUIPMENT LEASE, PAYMENT.

The Rays shall enter into a four-year lease (the "Lease") with a third-party provider for field maintenance equipment. The Rays shall initially provide the executed field maintenance equipment lease to the County on or before April 2, 2016. The County shall perform its obligations herein annually during the term of the Lease by tendering payment to the Rays on or about April 2 of each year after receiving confirmation from Rays that the four-year field maintenance equipment lease remains binding and valid. The County will not have any responsibilities with regard to the leased field maintenance equipment, including but not limited to maintenance, repair, storage, theft, or loss, unless damage, theft, or loss of the equipment occurs by the fault of the County.

3. TERM.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained in this Amendment, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

FINDINGS

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (the "Agreement") to rehabilitate and use the Charlotte Sports Park (the "Sports Park" or "facility"), to provide a public recreation amenity, and to host the Rays' spring training program; and

WHEREAS, the Parties executed a First Amendment (the "First Amendment") to the Agreement on January 26, 2010 to provide that the Rays would assume year-round responsibility for maintaining the Charlotte Sports Park stadium field and 5½ practice fields within the Sports Park complex; and

WHEREAS, the Parties executed a Second Amendment (the "Second Amendment") to the Agreement on January 25, 2011 to permit the Rays: (a) to occupy Building "B" ("Building B") at the Sports Park as described in the Second Amendment and (b) to assume year-round responsibility for landscaping maintenance for the common grounds surrounding the Sports Park Fields; and

WHEREAS, the Parties executed a Third Amendment to the Agreement on September 9, 2014 requiring that the Rays and the County provide for additional capital reserve funding contributions; and

WHEREAS, the Parties executed a Fourth Amendment to the Agreement on February 23, 2016 to permit the Rays to lease field maintenance equipment as a replacement for County Field Maintenance Equipment as set forth in Paragraph 5 "Sports Park Fields Maintenance Equipment" of the First Amendment to the Agreement; and

WHEREAS, the Parties executed a Fifth Amendment to the Agreement on June 19, 2017 to provide for additional capital reserve funding contributions by the Parties, to clarify certain insurance provisions, to amend or create new definitions used in the Fifth Amendment and the Agreement, to amend section 22 of the Agreement related to MLB Subordination, and, County agreed not to terminate the Agreement during any Spring Training Season; and

WHEREAS, the Parties executed a Sixth Amendment to the Agreement on November 12, 2019 to renew pursuant to section 28 of the Agreement for a total renewal of three years; to extend their prior agreement to provide that each party shall contribute an additional fifty thousand dollars (\$50,000.00) per calendar year for each year of the three-year renewal described in this Amendment; and, to clarify certain matters related to a potential County liquor license; and

WHEREAS, the Parties executed a Seventh Amendment to the Agreement on February 25, 2020 to permit the Rays to lease field maintenance equipment as a replacement for County Field Maintenance Equipment as set forth in Paragraph 5 "Sports Park Fields Maintenance Equipment" of the First Amendment to the Agreement, and

WHEREAS, the Parties executed an Eighth Amendment on or about March 23, 2021 to extend for 2021 only the "Spring Training" time period set forth in Paragraph 5(a) to April 30, 2021 or later; and

WHEREAS, the Parties wish to amend various provisions of the Agreement, as set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained in this Amendment, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. **AMENDMENTS.**

(A) Subparagraph 5(a) of the Agreement is hereby amended by providing that during the Spring Training time period of February 10th through April 3rd of each calendar year ("Spring Training"), the Rays shall have the right to use the offices on the first floor of that certain building ("Building A") at Charlotte Sports Park designated as Building "A" on Exhibit A attached hereto and incorporated herein by reference. The Rays shall reimburse the County for county staff costs for parking and fan host operations incurred by the County pursuant to this subparagraph.

(B) Subparagraph 5(b) of the Agreement is hereby amended by deleting said subparagraph in its entirety and by substituting therefor the following:

"(b) Each day from April 4th through August 31st of each calendar year ("MiLB Season"): The Rays shall have primary use of the stadium (the "Stadium") at the Sports Park, clubhouses, administrative office space dedicated to the Rays' use (including without limitation the second floor offices of the clubhouse building and Building B), team store, all practice fields at the Sports Park, and other associated training facilities (e.g. batting cages, gang mounds, etc.). It is the express intention of this subparagraph that during the MiLB Season, the Rays shall have access to the same facilities at the Sports Park as the Rays have access to during Spring Training except the Rays will not have access to Building

A during the MiLB Season. During the MiLB Season, these facilities may be made available by the County to parties other than the Rays, but only with the express written consent of the Rays in each instance. The Rays shall reimburse monthly the County for the out-of-pocket costs incurred by the County as a result of the Rays' usage of the Sports Park pursuant to this subparagraph.

On or before the 15th day of each month from May through September, the Rays will pay the County the following fees (collectively, the "Fees") for each usage of the Stadium: (i) no charge for any usage that does not constitute the playing of a "Game" (as that term is defined hereinafter); (ii) \$500 for each Game played during the day; and (iii) \$600 plus \$125 per hour for each Game played at night with the stadium lights on. For purposes of the foregoing, the term "Game" shall refer to the playing of any baseball game by the Rays, whether such game is against a third party opponent or is an intersquad game.

During the MiLB Season, the Rays intend to open to fans as free community events as many Gulf Coast League ("GCL") home games (the "GCL Games") as feasible. The Rays will staff and operate the GCL Games at the Rays' expense. The Rays also may open to fans Extended Spring Training and Instructional League games from time to time. The Rays shall reimburse monthly the County for out-of-pocket and staff costs incurred by the County as a result of the Rays' usage of the Sports Park pursuant to this subparagraph.

(C) Section 6 of the Agreement and Section 8 of the First Amendment are hereby amended by adding thereto the following:

"The Rays shall have the right, but not the obligation, to use the Stadium for all of the Games, based on the schedule determined and established by the GCL each year (the "GCL Schedule"). The County shall have the right as contemplated in paragraph 6 of the Agreement, but not the obligation, to utilize the Sports Park, including the stadium, the Visitor's Clubhouse, practice fields and outdoor amenities, for no fewer than two (2) "Events" (as that term is defined hereinafter) per month during the MiLB Season. The Rays shall provide the County with a copy of the GCL Schedule in an expeditious manner following the Rays' receipt of the GCL Schedule. Following the Rays' provision of the GCL Schedule to the County, the Rays and the County will confer in order to review the GCL Schedule and each party's planned schedule and usage of the Stadium for other events during the MiLB Season. Thereafter, in the event the County wishes to schedule a proposed event (the "Event") at the Sports Park, the County will provide email notice (the "Event Notice") of such proposed usage at least thirty (30) calendar days prior to the date of the proposed event to the Rays' representatives (the "Representatives") designated by the Rays from time to time [the Rays hereby designate Jeff McLerran (jmclerran@raysbaseball.com) and Dan Moeller (dmoeller@raysbaseball.com) as the designated recipients of all such notices until changed by email notice by the Rays to the County]. Within ten (10) calendar days after the date the Event Notice was sent to the Representatives, the Rays will

advise the sender of the Event Notice by return email whether any conflict or other issue or problem exists with respect to the County staging the Event. If the Rays do not reply to the Event Notice within such ten (10) day period, the sender of the Event Notice will telephone either of the Representatives to confirm that the Representative received the Event Notice [Jeff McLerran (913) 449-7642/Dan Moeller (727) 644-2473], and if the Representative did receive the Event Notice, the Event will be deemed to be approved by the Rays."

(D) Subparagraph 10(j) of the Agreement is hereby amended by deleting said subparagraph in its entirety and by substituting therefor the following:

"(j) In order to educate and benefit the community, the Rays agree, in coordination with the Community Services Department, to stage one (1) clinic for five (5) days each during the MiLB Season with participation by certain Rays' players and staff members, and with the specific weeks to be mutually agreed upon each year. The Rays further agree to participate in one (1) community appearance (each, an "Appearance") each calendar month during the MiLB Season. Each Appearance shall be organized by the County, shall be held at a mutually agreed upon time and location, and shall involve the participation of up to ten (10) Rays' players as selected by the Rays. The Rays shall reimburse the County for county staff costs incurred by the County as a result of the Rays' clinics and appearances. The Rays shall pay any costs for security for clinics and appearances and shall pay such costs directly to the providers of such security services.

2. **TERM.**

This Amendment shall become effective upon execution by the County and it shall terminate simultaneously with the termination of the Agreement.

3. **EIGHTH AMENDMENT TERMINATED.**

The parties hereby terminate the Eighth Amendment to the Agreement dated on or about March 23, 2021, which is null and void and of no further effect.

4. **INCORPORATION.**

The "Findings" provisions of this Amendment are specifically incorporated into and made a substantive part of this Amendment, and this Amendment is specifically incorporated into and made a substantive part of the Agreement, as amended.

Notwithstanding anything in this Amendment to the contrary, neither the Agreement nor this Amendment may be amended, supplemented or otherwise modified, and no provision of the Agreement or this Amendment may be waived, unless all necessary MLB Approvals have been obtained in advance.

9. **ASSIGNMENT.**

This Amendment, or any interest in this Amendment, must not be assigned, transferred or otherwise encumbered, under any circumstances by Rays without the prior written consent of County.

10. **AUTHORITY TO EXECUTE.**

The following research project was undertaken at the request of Charlotte County's Board of County Commissioners.

The research's objectives, as documented in the survey questionnaire (approved by the contracting parties), reflect the full scope of the project undertaken. The principal purpose of this study was to document the economic impact of the 2022 Tampa Bay Rays Spring Training season. In this context, the study tabulates and profiles both tourist/visitors and day-trippers who came to the area for Spring Training games.

The findings of the study are based on 170 fan interviews conducted with randomly selected fans at 2022 Tampa Bay Rays Spring Training games. Our economic impact calculations address non-Charlotte resident game attendees. *Please note that the economic impact estimates detailed in the following report only include fan spending. They do not address the spending of the stadium, the Tampa Bay Rays team, visiting teams, or media in the destination.*

Research Data Services is responsible for the design and analysis of this project. The research was implemented by staff interviewers, trained, and supervised by **RD** professionals. The study questionnaire, processing softwares, optical scanning programs, and related materials developed and used in and for this project, as well as this report are protected by the copyright laws of the United States of America.

Summary of Research Findings

The objective of the Tampa Bay Rays’ Spring Training research was to document the economic impact of the team’s 2022 season. The 2022 Spring Training season was significantly impacted by the lockout and its related delays. Once an agreement was reached, the team schedule was modified to the time remaining in the season. Ticket sales, provided by the team, indicate that some 24,150 fans attended the nine Tampa Bay Rays home Spring Training games in the Charlotte Sports Park between March 19, 2022 and April 4, 2022 (approximately 36% of 2019 attendance levels). ***The total economic impact of fans attending 2022 Tampa Bay Rays Spring Training games is estimated to be \$6,094,800.***

The following, in summary, are the most salient findings of the research:

A . The Economic Impact of 2022 Tampa Bay Rays Spring Training in Charlotte County:

Estimated Attendee Economic Impact	Direct Expenditures	Economic Impact
Overnight Charlotte County Visitors	\$3,056,800	\$4,661,600
Day-Trippers	<u>\$939,800</u>	<u>\$1,433,200</u>
Out-of-County Spring Training Attendees	\$ 99,000	\$ 604,000

Some 71.4% of overnight visitors say that attending a Spring Training game was a primary factor in bringing them to Charlotte County. The total economic impact of these visitors’ spending accounts for an estimated \$3,057,300 of value added to the destination. Overnight attendees, who stayed in paid accommodations and say Spring Training was a primary factor in their Charlotte visit, generated some 2,600 room nights for the County’s tourism industry. Commercial lodging visitors who came to the destination for reasons other than Spring Training, but attended a game as part of their Charlotte experience, represent an additional 1,600 room nights.

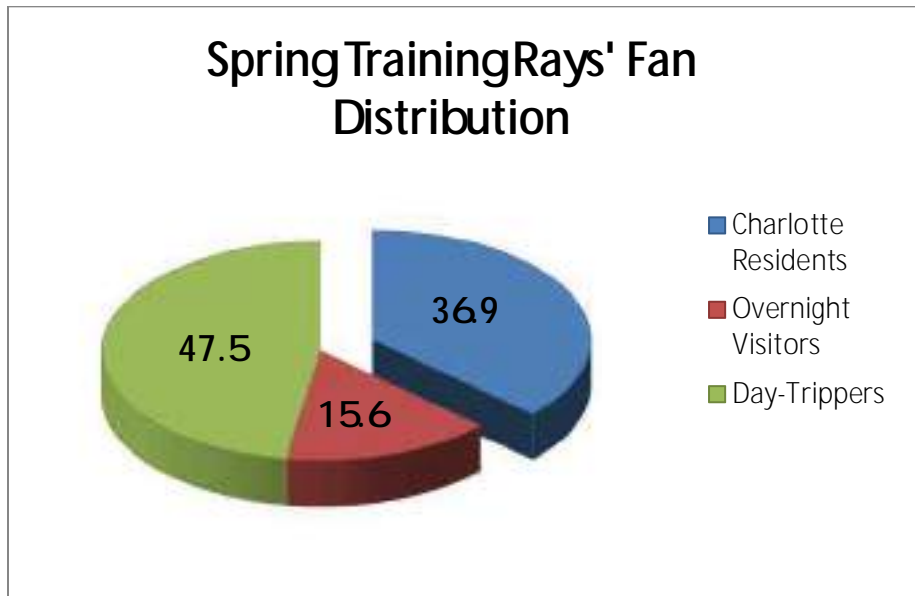

Additionally, residents and seasonal residents of Charlotte County spent an estimated \$528,500 attending Spring Training games.

Note: The above economic impact estimates solely include fan spending. They do not address the spending of the stadium, the Tampa Bay Rays team, visiting teams, or media in the destination.

B . Prof ile of V isitors A ttending Tampa Bay Rays Spring Training games:

1. Of the 24,150 people who attended the 2022 Tampa Bay Rays home Spring Training games in the Charlotte Sports Park, some 36.9% were Charlotte County residents or seasonal residents {Q1a}.
2. Non-resident attendees (63.1% of total) distribute as follows {Q1b):

	<u>% of Total</u>
• Day-Trippers	47.5%
• Overnight Visitors	15.6

- 3 . Of the non-Charlotte resident attendees, 76.1% came from other Florida counties, while 23.9% came from out of state {Q1a, Q2a, and Q2b}.

4. Nearly one in four out-of-county visitors (23.0%) say they are visiting the area for the first time. However, of the 77.0% repeat Charlotte visitors, two-thirds (69.0%) report typically traveling to the county two or more times per year {Q5 and Q5b}.

- 5 . Overnight visitors attending 2022 Tampa Bay Rays Spring Training games report a median party size of 2.0 people. They spent an average of 4.3 nights in the local area {Q10c and Q7}.

- 6 . Day-trippers traveled with an average party size of 2.5 people {Q10c}.

7. Overall, some 19.0% of game attendees had children under the age of 18 in their parties {Q10d}.

- 8 . Non-residents traveled to the area using the following transportation modes {Q9} (multiple response):
 - Personal Car/R.V. 89.4%

CITY OF BRADENTON RETAINED SPRING TRAINING FRANCHISE 2022 ANNUAL REPORT

The following information is presented to fulfill the requirements of State Statute 288.11631(4): Submission of a Retained Spring Training Franchise annual report. The City of Bradenton is in a long-term lease arrangement with Major League Baseball's Pittsburgh Pirates.

CRITERIA #1. *A "unit of local government" as defined in F.S. 218.369 is responsible for the acquisition, construction, management, or operation of the facility for a retained spring training franchise or holds title to the property on which the facility for a retained spring training franchise is located.*

The City of Bradenton, a 'unit of local government,' holds title to the properties on which the Pittsburgh Pirates' spring training facilities are located. The Pirates have two separate facilities – Pirate City and the former McKechnie Field, now known as LECOM Park.

CRITERIA #2. *The applicant has a verified copy of a signed agreement with a retained spring training franchise for the use of the facility for a term of at least 15 years.*

The City of Bradenton, in 2006, entered into a 30-year lease agreement with the Pittsburgh Pirates. The lease and development agreement are included with this report and include both Pirate City and LECOM Park.

CRITERIA #3. *The applicant has a financial commitment to provide 50 percent or more of the funds required by an agreement for the acquisition, construction, or renovation of the facility for a retained spring training franchise. The agreement can be contingent upon the awarding of funds under this section and other conditions precedent to use by the spring training franchise.*

Through the issuance of an \$18.6 million bond, the City of Bradenton provided more than 50% of the cost of renovating the Pirates' spring training facilities. Bradenton also contributes annually to a capital 'reserve' fund for continued improvements to the facilities. In addition to the improvements made in 2007, a \$10 million renovation to McKechnie Field (LECOM) was made in 2012, leading *Ballpark Digest* to honor McKechnie Field as the "Best Ballpark Renovation" of 2013, the Best Florida Spring-Training Park of 2017, and the Best High-A Minor League Stadium in Florida in 2018. In 2017 a \$999,507 contribution from the TDC resulted in the installation of a new scoreboard at LECOM Park. Additionally, a Grant from the Department of Economic Development resulted in the construction of an additional field at the Tournament Sports Park at Pirate City. Ahead of the 2019 Spring Training Season the City of Bradenton used the capital 'reserve' funds for two improvement projects at LECOM Park, which included redoing the field to improve drainage and a dugout expansion. In 2020, the City of Bradenton used CARES Act funds received from Manatee County in the amount of \$215,235 to make health and safety updates to LECOM Park such as: touchless faucets, touchless flush valves, touchless soap dispensers and touchless payment systems, as well as health and safety signage and sanitization products.

CRITERIA #4. *The applicant has projections, verified by the Office of Tourism, Trade, and Economic Development, which demonstrate that the facility for a retained spring training franchise will attract a paid attendance of at least 50,000 annually.*

The Pirates' facilities host both Major League spring training AND the Bradenton Marauders, the Pirate's "A" club of the Florida State League. As reported by the Florida Grapefruit League, the 2022 Spring Training Season was revised due to the Major League Lockout by limiting the number of games played.

Despite this, annual attendance at LECOM Park for 2022:

Pirates: 9 home games. 30,688 total attendance.
Marauders: 66 games. 57,234 in attendance

CRITERIA #5. *The facility for a retained spring training franchise is located in a county that is levying a tourist development tax pursuant to F.S. 125.0104.*

The City of Bradenton is located in Manatee County, which levies a 5% tourist development tax.

Respectfully submitted,

Rob Perry, City Administrator

LEASE AND OPERATING AGREEMENT

THIS LEASE AND OPERATING AGREEMENT (this "Lease") is made and entered into as of the 28th day of December, 2006 (the "Effective Date") by and between THE CITY OF BRADENTON, a municipal corporation of the State of Florida (the "City"), and PITTSBURGH ASSOCIATES, a Pennsylvania general partnership (the "Team").

RECITALS:

- A. The City owns McKechnie Field (as defined below) and Pirate City (as defined below).
- B. The Team owns and operates a major league professional baseball team known as the Pittsburgh Pirates and is affiliated with minor league professional baseball teams in various cities throughout the United States.
- C. The Team has been using McKechnie Field and Pirate City pursuant to the Existing Lease (as defined herein).
- D. The City and the Team desire to terminate the Existing Lease and to enter into this Lease so that the Team can continue to use McKechnie Field and Pirate City as a spring training site and for other purposes on the terms and conditions contained herein.
- E. It is in the City's best interest to enter into this Lease because of the substantial revenues that will be earned by the City's residents and businesses from the sale of goods and services necessary to supply the personnel engaged in the activities of the Team, because of the substantial tourist business such activities will attract and because of the substantial publicity and goodwill that the City will receive in the cities whose baseball teams are training in the City.

NOW, THEREFORE, in consideration of the mutual promises, undertakings and covenants hereinafter set forth, and intending to be legally bound hereby, the City and the Team covenant and agree as follows:

(ii) Any representation or warranty made by the Team herein shall prove to have been incorrect when made, in any material respect.

(c) City Event of Default.

(i) The City's failure to fund the Capital Reserve Fund in the amounts required by this Lease, or the City's failure to perform or observe any other covenant or condition of this Lease, which failure shall continue for thirty (30) days after receipt of written notice to the City by the Team identifying with particularity the failure; provided that, so long as such failure or violation is of a non-monetary nature susceptible to cure but is not reasonably capable of being cured within such thirty (30)-day period, there shall exist no Event of Default if the City promptly advises the Team of the City's intention to duly institute all steps necessary to cure such default and the City promptly commences cure of such failure or violation, and diligently pursues such cure to completion; and

(ii) Any representation or warranty made by the City herein shall prove to have been incorrect when made, in any material respect.

Section 10.3 Injunctive Relief: Specific Performance.

The Parties acknowledge that the rights conveyed by this Lease and the covenants of the Parties are of a unique and special nature, and that any violation of this Lease shall result in immediate and irreparable harm to the Team, the City or the City, as the case may be, and that in the event of any actual or threatened breach or violation of any of the provisions of this Lease, the affected Party shall be entitled as a matter of right to an injunction or a decree of specific performance from any equity court of competent jurisdiction. Each Party waives the right to assert the defense that such breach or violation can be compensated adequately in Damages in an action at law.

Section 10.3 Remedies Cumulative: Waiver.

All rights and remedies set forth in this Lease are cumulative and in addition to the Parties' rights and remedies at law or in equity. A Party's exercise of any such right or remedy shall not prevent the concurrent or subsequent exercise of any other right or remedy. A Party's delay or failure to exercise or enforce any rights or remedies shall not constitute a waiver of any such rights, remedies or obligations. No Party shall be deemed to have waived any default unless such waiver is expressly set forth in an instrument signed by such Party. If a Party waives in writing any default, then such waiver shall not be construed as a waiver of any covenant or condition set forth in this Lease except as to the specific circumstances described in such written waiver. Neither payment of a lesser amount than the sum due hereunder nor endorsement or statement on any check or letter accompanying such payment shall be deemed an accord and satisfaction, and the other Party may accept the same without prejudice to the right to recover the balance of such sum or to pursue any other remedy.

Section 10.4 Waiver of Consequential, Special and Punitive Damages.

Notwithstanding anything in this Lease to the contrary, the Team and the City waive against each other and their respective Affiliates any claims or causes of action for consequential, special and punitive damages or losses (including loss of use or anticipated profits) that either Party may suffer as a result of the breach or other default of this Agreement by

the other Party. This mutual waiver is applicable, without limitation, to all consequential, special and punitive damages due to either Party's termination of this Agreement.

The execution, delivery and performance of this Lease shall not result in a violation of, in any material respect, any provision of any other agreements, instruments, contracts, judgments or decrees to which the Team is a party or by which the Team or its assets may be bound or affected nor shall the execution, delivery and performance of this Lease result in the breach of or constitute a default under any agreement or instrument to which the Team is a party or by which the Team or its assets may be bound or affected.

(d) No Violations of Laws. The Team has not received written notice as of the date of execution of this Lease asserting any noncompliance in any material respect by the Team with Legal Requirements, and the Team is not in default with respect to any judgment, order, injunction or decree of any court, administrative agency, or other Governmental Authority that is in any respect material to the transactions contemplated in and by this Lease.

Such memoranda shall not be deemed to change or otherwise affect any of the obligations or provisions of this Lease.

Section 13.2 Additional Documents and Approval.

(a) The Parties, whenever and as often as each shall be reasonably requested to do so by the other Party, shall execute or cause to be executed any further documents and take any further actions as may be reasonably necessary or expedient in order to consummate the transactions provided for in, and to carry out the purpose and intent of, this Lease. Furthermore, the City shall take all ministerial actions and proceedings reasonably necessary or appropriate to remedy any apparent invalidity, lack or defect in authorization, or illegality, or to cure any other defect that has been asserted or threatened.

(b) The City and the Team further covenant and agree to cooperate and assist each other in the creation, establishment, granting or conveying, either by easement, declaration, license or any other instrument or agreements (whether recorded or unrecorded) as either Party may deem necessary or reasonably advisable (and subject to the consent of the other Party, which consent shall not be unreasonably withheld, conditioned or delayed) to provide for the continued and uninterrupted use of Utilities, ingress/egress and other easements necessary for the operation of the Complex.

Section 13.3 Good Faith.

In exercising its rights and fulfilling its obligations under this Lease, each of the Parties shall act in good faith. Notwithstanding the foregoing, each Party acknowledges that in each instance under this Lease where a Party is obligated to exercise good faith or to use good faith, diligent or other similar efforts, such Party shall not be required to expend any funds, or grant any other consideration of any kind, in the performance of such undertaking, and each Party further acknowledges that the obligation of any Party to act in good faith, or undertake good faith, diligent or other similar efforts does not constitute a warranty, representation or other guaranty that the result that the Parties are attempting to achieve shall be successfully achieved and no Party shall be liable for any failure to achieve the result or results intended so long as the Party has complied with its obligation to act in good faith.

An extension of time for such cause, if any, shall be limited to the period of delay due

The demand for arbitration shall be made within a reasonable time after the Claim, but in no event shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such Claim would be barred by the applicable statutes of limitations. The prevailing party in the arbitration proceeding shall be entitled to recover its reasonable costs, expenses and attorneys' fees as part of the award. The award rendered by the arbitrator or arbitrators shall be final and judgment may be entered upon it in accordance with applicable Law in any court having jurisdiction thereof. For additional information concerning the City, see "APPENDIX A - General Information Regarding the City of Bradenton and Manatee County, Florida" attached hereto.

PLAN OF REFUNDING

Pursuant to the Bond Resolution, the City has determined it to be in its best interest to refund the Refunded Bonds currently outstanding in the amount of \$14,705,000 with proceeds from the Series 2016 Bonds and other legally available moneys of the City.

Concurrently with the delivery of the Series 2016 Bonds, proceeds from the Series 2016 Bonds, together with other legally available moneys of the City, shall be deposited into an escrow deposit trust account (the "Escrow Account") pursuant to the terms and provisions of the Escrow Deposit Agreement between the City and U.S. Bank National Association, Orlando, Florida, as Escrow Agent thereunder (the "Escrow Deposit Agreement"). The moneys deposited pursuant to the Escrow Deposit Agreement shall be applied to the purchase of certain United States Treasury obligations (the "Escrow Securities") so as to produce sufficient funds to pay the principal of, and interest on the Refunded Bonds as the same become due or are earlier redempted. The Refunded Bonds will be called for redemption on September 1, 2017 (the "Redemption Date") at a redemption price of 100% of the principal amount of such Refunded Bonds, plus accrued interest to the Redemption Date. Upon the deposit of such moneys in the Escrow Account, in the opinion of Bond Counsel, rendered in reliance upon certain mathematical computations performed by Raymond James & Associates, Inc., the Underwriter, as verified by Integrity Public Finance Consulting LLC, Jacksonville, Florida (the "Verification Agent") as described below, the Refunded Bonds shall be deemed to be paid and shall no longer be deemed to be secured by or entitled to the benefits of the Resolution pursuant to which they were issued. The Verification Agent is a wholly owned subsidiary of Bryant Miller Olive P.A. The holders of the Refunded Bonds shall be entitled to payment solely out of the moneys and Escrow Securities deposited pursuant to the Escrow Deposit Agreement. The moneys and Escrow Securities on deposit in the Escrow Fund will not be available for payment of the Series 2016 Bonds.

Upon delivery of the Series 2016 Bonds, the Verification Agent will verify the accuracy of the arithmetical computations of the adequacy of the maturing principal amount of, and interest on the Escrow Securities, together with any uninvested amounts, to be held in the Escrow Account to pay the

principal and interest on the Refunded Bonds on the Redemption Date, and the "yield" on the Series 2016 Bonds and on the Escrow Securities considered by Bond Counsel in connection with its opinion that the Series 2016 Bonds are not "arbitrage bonds" within the meaning of Section 148 of the Code, as amended. See "VERIFICATION OF MATHEMATICAL COMPUTATIONS" herein.

In reliance upon the above-referenced schedules, at the time of delivery of the Series 2016 Bonds, Bond Counsel will deliver to the Underwriter and the City an opinion to the effect that all covenants, agreements and other obligations of the City to the holders of the Refunded Bonds have ceased, terminated and become void and are discharged and satisfied.

SARASOTA, Fla. (WWSB) - The Bradenton Marauders are offering a fun and affordable opportunity for baseball fans along the Suncoast. As COVID protocols become less restrictive, fans are returning to LECOM park to enjoy an up close and personal professional baseball experience.

Michelle Sancio, a Bradenton Marauders and Pirates fan stated, "Economically it's not a super expensive place to go with your family. But they are always here. There are always things going on, we come for a lot of spring training, there are all sorts of things that go on during Marauders season."

Craig Warzech, the general manager for the Bradenton Marauders said "In regards to economic impact as well we work with great partners at the Bradenton area CVB and perform some research studies with them and their last study from twenty nineteen was forty-four million dollars of economic impact for the community in regards to all of the out of town visitors coming and spending money at the hotels and throughout the different areas of Manatee County and the city of Bradenton."

The Bradenton Marauders have played baseball games locally since 2010 and the Pinellasburgh Pirates organization has helped support the local economy with games since 1969.

**LECOM PARK
HEALTHY AND SAFETY UPDATES**

LECOM PARK

The southern home of the Pittsburgh Pirates serves as a catalyst within the organization while remaining a centerpiece within the community.

The heart of operations lies within LECOM Park. From game day to graduation, this facility is home to more than baseball. As one of the oldest ballparks in America, LECOM Park has been able to continue to be a bench mark for stadium operations. Two years in a row it has captured the Best of the Ballparks Award for High-A baseball. The ballpark has developed a relationship within the industry and community as being a top tier facility for safety and guest experience.

To maintain this level of service it has underwent various renovations over the years. Most recently, an extension of the netting was installed to protect fans from foul balls as they exited the playing surface. Adjustments like this are key to help maintain a safe and friendly environment that is welcoming to all. As we navigate a new era of health and safety standards, LECOM Park once again faces new challenges.

LECOM PARK EVENTS

As the southern home of the Pittsburgh Pirates the team will play 15-18 games per year at LECOM Park. Spring Training attracts 90,000+ fans a year coming from all over America. In addition the Bradenton Marauders (Pirates High-A Affiliate) hosts 70 games per year with 70,000+ fans attending between April and September.

Outside of baseball a variety of events is hosted. Bluesfest will take over the park in December and welcome guests from 10 foreign countries, 35 states and 225 zip codes. USA Baseball's U-18 World Cup is being hosted in conjunction with Manatee and Sarasota Counties in September of 2021. This event will attract people from 12 countries. Smaller capacity events such as county graduations will host 1500+ parents, family and friends from each high school in Manatee County. Birthday parties, anniversary parties, company picnics and much more also help bring the heart of the community center (stage) field at LECOM Park.

CHALLENGES DUE TO COVID-19

In compliance with the Centers for Disease Control (CDC), self-automated sanitizing stations, social distancing markers and health safety signage has been implemented throughout the facility. In addition, guests and staff are being required to wear face masks and staff go through daily health screenings. A new plan for increasing cleaning efforts is being formed along with the implementation of new techniques being applied. As LECOM Park seeks to enhance the guest experience while maintaining optimal health and safety standards there remain items that need to be implemented to fulfill the best standards.

LECOM Park aims to be a home to whomever enters the gates. We hope you will join us in adjusting to our present and preparing for our future as we open the gates to not just Floridan's but many from across the world. We are requesting financial assistance through the Cares Act and request that you review and consider for approval the following line items:

2) COPY OF THE CONTRACT BETWEEN THE TAMPA BAY
RAYS AND CHARLOTTE COUNTY

CONTRACT NAMED CHARLOTTE SPORTS PARK
AGREEMENT

- (b) An approximately 40,000 sf major and minor league clubhouse facility (including administrative office space dedicated to the Rays' use), team store, and other elements of such stadium;
 - (c) One (1) full-size, grass major league practice field;
 - (d) One (1) grass half-field;
 - (e) Four (4) full-size minor league practice fields;
 - (f) On-site parking for approximately 1,500 vehicles plus player/staff/VIP parking for approximately 175 cars;
 - (g) Miscellaneous infrastructure and site improvements related to the creation of a spring training facility.
 - (h) Other elements as mutually agreed upon by the County and the Rays.
- The site and a preliminary concept plan for the Project are generally outlined in Attachment I.

3. **Project Capital Funding**

The "all-in" cost of the Project shall total \$27,188,920 dollars, the funding for which shall come by bonding against the following sources:

- (a) The State of Florida: monies made available to the County under Chapter 288.1162, Florida Statutes providing up to \$500,000 annually for 30 years towards the construction or rehabilitation of a spring training facility, as described in Schedule I;
- (b) Charlotte County: the proceeds from hotel tourist tax funds providing \$900,000 in the year of the execution of this Agreement and growing annually for 22 years (minus \$125,000 that shall be deducted in the year of initial occupancy and each year thereafter and placed in a maintenance and operations fund, as described below) and one-time time initial proceeds from hotel tourist tax funds providing \$450,000, as described in Schedule I.
- (c) Tampa Bay Devil Rays: As consideration for its utilization of the facilities, and upon the Rays occupancy of the Project facilities, the Rays agree to pay the County \$595,190 in the year of initial occupancy with payments in successive years, as described in Schedule I.

Based on the financing sources enumerated above, County shall present the Rays a plan of project finance which includes irrevocable commitments and awarding of funds, pursuant to Chapter 288.1162, Florida Statutes, from the State of Florida, all of which, when combined with the obligations and undertakings elsewhere referenced herein, will provide sources of \$27,188,920 (which include architect fees, design fees and construction costs) which are to be irrevocably committed to the renovation of the baseball complex ("the Project Budget").

This financing plan shall be subject to approval of the Rays, which shall not be unreasonably withheld. The County and Rays shall have mutual approval of the design and renovation program for which the financing plan has been irrevocably committed. In the event either the financing plan or

the renovation plan fails to meet the approval of the Rays, the Rays may terminate this agreement upon 30 days' written notice to the County. After a financing plan and renovation plan have been mutually agreed upon, as set forth above, the cost of any change orders that result in a project cost in excess of \$27,188,920, in addition to being mutually agreed upon, shall be the responsibility of the Rays.

The County further agrees that its financing plan shall provide that if the cost of the Project is ultimately less than \$27,188,920 dollars, then the amount by which the cost of construction ("construction" also includes architect and design fees) is less than \$27,188,920 dollars shall be funded and placed in an asset renewal/reserve fund ("Capital Reserve Fund") to be spent on the facility subject to terms and conditions mutually agreed upon by the County and the Rays. Additionally, the County agrees that its financing plan shall provide for accumulated interest earnings on the bond amount during the project construction period ("Accumulated Construction Interest") to be placed in the same Capital Reserve Fund to be spent on the facility subject to the terms and conditions mutually agreed upon by the County and the Rays.

It is further acknowledged by both parties that the final cash proceeds from the financing plan ("Bond Proceeds") may result in an amount available for the renovation plan that is less than \$27,188,920 due to unknown variables such as the actual financing interest rate or impacts of the taxable status of any of the revenue sources as determined by bond council. In the event such Bond Proceeds are less than \$27,188,920, 50% of the "Accumulated Construction Interest" shall be used to fund initial construction of the Project up to a Project Budget of \$27,188,920. If, after 50% of the "Accumulated Construction Interest" is allocated to the Project Budget, the Project Budget is still less than \$27,188,920, the Rays shall have the right to terminate this agreement upon 30 days written notice to the County.

The parties hereto understand that it is the intention of the County to finance the Project by the issuance of its obligations. It is further the intent of the County that the interest on such obligations be excludable from gross income for federal income tax purposes, to the greatest extent possible pursuant to the provisions of the Internal Revenue Code. In furtherance thereof, the Rays agree that it will take all reasonable actions within its control which are necessary in order for the interest on such obligations be excludable from gross income for federal tax purposes.

The County agrees to submit an application to the Florida Sports Foundation for the State of Florida funding described above by October 1st, 2006. If the State of Florida, through the Florida Sports Foundation, fails to grant the County \$500,000 annually for the next 30 years to undertake the

construction, or if County does not accept such grant from the State and begin construction by July 1, 2007, either the Rays or the County may terminate this agreement upon written notice to the other party, without penalty or liability to either party.

4. Project Design and Construction

- (a) The County and the Rays shall have mutual approval rights of the final design and construction plans, the architect, contractor and all change orders. The design of the stadium shall be in accordance with current MLB standards. The County shall use its diligent, good faith efforts to perform, or cause to be performed, all construction work on the Project according to the approved construction plans on or before February 1, 2009. In the event possession of the Project is not delivered to the Rays on or before February 1, 2009, the County shall pay the Rays liquidated damages of \$2,200 per day for each day after February 1, 2009, until the Project facilities are occupied by the Rays.

County shall not be assessed liquidated damages in the event the Project is delayed due to damage to, or destruction of, the Project due to hurricane, fire, Acts of God or other casualty; however, in the event such an event causes a delay to the Project such that it is not ready for occupancy by August 1, 2010, the Rays shall have the right to terminate this agreement upon thirty (30) days notice to the County.

- (b) The Rays shall have access to the construction project during all normal construction hours and shall receive reasonable notice of and have the right to attend and participate in all meetings between the County and its architect and contractors performing the work on the Project. After a financing plan and renovation plan have been mutually agreed upon, as set forth above, the Rays shall have the right to request the County to make changes to the Project, the construction plans and schedule of completion, and will by obligation pay any cost associated with these changes, provided the cost of such changes cause the cost of the stadium renovations to exceed \$27,188,920. County shall not owe the Rays liquidated damages, nor suffer any penalty or liability whatsoever, in the event the Project cannot be delivered to the Rays by February 1, 2009, due to delays caused by changes to the Project requested by the Rays.
- (c) The parties agree to observe the requirements of the Consultants Competitive Negotiation Act, and all other applicable federal, state

and local laws, and engage architectural, engineering, and construction services necessary to design and build the Project.

- (d) The Rays acknowledge that the County has a three year agreement with the South Coast Independent League (the "League") beginning in 2007 and ending in 2009 for the use of the existing Stadium. The Rays agree that the League is entitled to the use of the Stadium pursuant to its agreement with the County and the parties agree to cooperate in coordinating the construction schedule of the Project so accommodate the League's use of the Stadium so long as it doesn't impede the progress of the Project or the Rays use of the Project or Project site, as described in Item 5 below. County agrees to fully enforce its agreement with the League in regard to its conduct and use of the Project facilities
- (e) For the duration of this agreement, the parties shall have mutual approval rights over any change to the Project site that results in means of pedestrian access to the Project site being created, eliminated, or altered.

5. Rays Rights-of-Use to Project

Upon completion of construction, the Rays shall retain the following rights to use the Project facilities:

- (a) Each day from February 10th through April 3rd of each calendar year ("Spring Training"): The Rays shall have primary use of the stadium, new clubhouses, administrative office space dedicated to the Rays' use, team store, practice fields, and other associated training facilities (batting cages, gang mounds, etc.). During this time, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;
- (b) Each day from April 4th through July 1st ("Extended Spring Training"): The Rays shall have primary use of the new clubhouses, team store, administrative office space dedicated to the Rays' use, the one (1) full-size, grass major league practice field, two (2) minor league practice fields, and other associated training facilities (batting cages, gang mounds, etc.) During these times, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;
- (c) Before 2pm each day from September 1st through October 31st of each calendar year ("Instructional League"): The Rays shall have primary use of the new clubhouses, team store, administrative office space dedicated to the Rays' use, the one (1) full-size, grass major league practice field, two (2) minor league practice fields, and other

associated training facilities (batting cages, gang mounds, etc.). During these times, these facilities may be made available to parties other than the Rays, but only with the express written consent of the Rays;

- (d) At all other times, the Rays shall maintain sole use of the major league clubhouse, administrative office space dedicated to the Rays' use, team store, and the one (1) full-size grass major league practice field. In addition, the Rays shall retain the right to restrict access to associated training facilities (batting cages, gang mounds, etc.), one (1) minor league practice field, and the minor league clubhouse if they are reasonably required for the Rays' use and upon three (3) weeks notice to the County. County and the Rays agree that a change in the timeline for "extended spring training" and/or the need for the Rays to locate a rookie league team at the Project site constitute a reasonable basis for such access restrictions;
- (e) The Rays and the County shall also make the Project facilities available for up to one week each year, the date to be mutually agreed upon by the parties, for a Devil Rays Fantasy Camp;
- (f) The Rays may use the facility for clinics, camps, and promotional or marketing events throughout the year, provided that three (3) weeks notice is provided to County and such use does not interfere with County's rights of use as described in Item 6 below.

If the Rays choose to locate a Florida State League ("FSL") team at the Project site, the Rays and the County agree to enter into an amendment to this Agreement to provide for the duties, rights, terms and responsibilities of the parties that will be occasioned by the location of said FSL team at the Project site. Notwithstanding the rights described in Item 6 below, County may not allow a minor league baseball franchise affiliated with any MLB team other than the Rays to play home games at the Project site without the express written consent of the Rays. Furthermore, the parties agree that they will not enter into any amendment to this Agreement if such amendment shall adversely affect the exclusion of interest on the County's obligations which financed the Project from gross income for federal income tax purposes.

The Rays shall have complete operating authority over those areas under its control during the use periods defined above, including, but not limited to, the right to manage ticket sales, concessions, merchandise sales, game-day parking, and all other stadium activities during spring training. The Rays will, at all times, make reasonable efforts to cooperate with others, including the County, in exercising its operating authority during its use periods.

The Rays shall make best efforts to furnish the County with its spring training exhibition game schedule and extended spring training time frame use requirements no later than December 1st of the year prior to the next February opening of spring training activities by the Rays.

During the use periods defined above, the Rays may stage non-baseball related events or activities with the express written consent of the County, such consent not to be unreasonably withheld.

The County and the Rays further agree that the Rays may transfer its right to use of certain Project facilities described above to an affiliated entity or subsidiary of the Rays

6. County Rights-of-Use to Project

Subject to the Rays' rights of use described above, at all other times, the County shall have the right (and is encouraged by the Rays) to use the facility for concerts, plays, sporting events and tournaments or other revenue-producing or civically-oriented events (collectively defined as non-major league baseball-affiliated events) provided that:

- (a) Such events do not damage the playing fields or cause unreasonable wear and tear to the structures;
- (b) Such events are not inconsistent with the image of Major League Baseball and the Rays;
- (c) Such events do not interfere with the Rays operations; and
- (d) Prominent signage is displayed promoting the Rays' affiliation with the Project during these events.

The County shall have responsibility for all costs associated with these events and shall be responsible for all liabilities arising from the County's use of the Project for non-major league baseball-affiliated events.

During the periods of its use of the facility, the County shall also have the right to display marketing signs in the concourse and stadium, provided that such signs are not in conflict with an exclusive Rays marketing partnership and that the cost of displaying such signs is borne by the County.

During the term of this Agreement, the County shall at all times be permitted to continue its present use of County buildings at the Project site for office space and operations.

7. Rays Rights to Project Revenues

The Rays and County agree that for the duration of this agreement, the Rays shall retain:

- (a) All revenues derived from spring training operations, including, but not limited to, all revenues from ticket sales, food/beverage concessions, pouring rights for sodas, water, and other beverages, merchandise and souvenirs, program sales, advertising and signage, luxury suites, and game day parking;
- (b) Exclusive rights to set the price for spring training exhibition game tickets, food/beverage concessions, merchandise and souvenirs, programs, game-day and spring training parking and all other stadium goods and services associated with spring training operations;
- (c) Exclusive rights to all scoreboards, outfield, and other stadium signage. Such rights shall include the right to control the design and layout of all advertising;
- (d) Subject to the approval of County, such approval not to be unreasonably withheld, the right to sell stadium naming rights. The County shall retain the first \$75,000 annually of said stadium naming rights and revenues (which shall grow 3% annually for the term of this Agreement) in a stadium maintenance and operations fund, as described in Schedule 2 and Item 9 below, with the balance of naming rights revenues going to the Rays;
- (e) Subject to the approval of County, not to be unreasonably withheld, the right to locate cellular phone towers within the stadium lighting structures and all revenues derived from the sale of this right, provided that such sale is not in conflict with the County's ability to maximize revenues from its existing cellular phone tower on the Project site.

The Rays and County further agree to work towards a mutually cooperative relationship on concessions during Rays non-primary use time (i.e. restaurant).

8. County Rights to Project Revenues

The Rays and the County agree that for the duration of this agreement, County shall retain all revenues derived from use of the Project for non-major league baseball-affiliated events staged during those periods of the year when the Rays are not entitled to primary use of the Project facilities, as described in Item 5 above. These include all revenues from facility rental fees, administrative fees, ticket sales, food/beverage concessions, pouring rights for sodas, water, and other beverages, merchandise and souvenirs, program sales, signage and non-spring training day parking.

The Rays and County further agree that these revenues will be dedicated by the County to a maintenance and operations fund, as described in Item 9 below and Schedule 2.

9. Maintenance and Capital Repair

- (a) The County shall maintain, repair, and restore all properties at the facility at no cost to the Rays, except the Rays shall provide for housekeeping and cleaning services to the clubhouse and office space it uses at no cost to the County. The County shall maintain all grounds and turf to Major League Baseball standards, said standards to be provided to the County by the Rays; however, the Rays may, at its option, elect to maintain the playing fields during the periods of its primary use. It is further understood that the County will not be responsible for any maintenance, repairs, or restoration related to damage occurring to property as a result of negligent acts or omissions of the Rays, its officers, agents, or employees.
- (b) The County shall keep and maintain the Project at all times in first-class conditions and up to first-class Major League Baseball spring training standards at the time of reference for use as a ballpark by the Rays and visiting clubs, said conditions to be reasonably approved by the Rays. The County acknowledges that the high quality conditions shall be in place prior to the beginning of and shall continue throughout each spring training season at no expense to the Rays, provided that the Rays may at its option elect to maintain the playing fields during the periods of its primary use. The County shall maintain all facilities and undertake all of its other obligations under this agreement in a manner consistent with other spring training facilities.
- (c) The Rays shall not be required to make any capital investment or expenditure related to the renovations of the facilities as hereinbefore described, or its amenities, except as set forth in Item 4 above.
- (d) If Project facilities are not maintained to the high-quality standards described above, the Rays shall send the County written notice describing what conditions it deems to be sub-standard. Upon receipt of such notice, County shall within 30 days respond in writing to the Rays concerns with a detailed remediation plan. In the event the County's remediation plan is not satisfactory to the Rays, the parties agree to submit any disputes to the resolution procedures described in Item 25.
- (e) In order for the County to fulfill its maintenance and operations obligations described above, the County and the Rays agree to

dedicate the following sources of funds to an annual Maintenance and Operations Fund ("M&O Fund"), described below and in Schedule 2:

- (1) The County agrees to dedicate \$387,043 in County funds, representing the net maintenance and operations budget of the existing facility, to the M&O Fund in the year of initial occupancy. Such payment shall grow by 3% annually for the duration of the term of this Agreement.
 - (2) The Rays, as consideration for primary use of the facility, agree to a payment of \$116,550 to the M&O Fund in the year of initial occupancy. Such payment shall grow annually by 3% for the duration of the term of this Agreement;
 - (3) The County and the Rays agree, as described in Item 7 above, that the County shall retain the first \$75,000 of revenues from stadium naming rights for dedication to the M&O Fund in the year of initial occupancy. Such payment to the M&O Fund from naming rights revenues shall grow annually by 3% for the duration of the term of this Agreement;
 - (4) The County shall commit \$125,000 of hotel tax revenue to the M&O Fund in the year of initial occupancy. Such payment will be made annually for the duration of the term of this Agreement; and
 - (5) The County agrees to commit all revenues derived from use of the Project for non-major league baseball-affiliated events to the M&O Fund. Such revenues are estimated to be \$220,000 in the year of initial occupancy and are expected to grow annually by 3% for the duration of the term of this Agreement.
- (f) The County and the Rays agree that if, in any given year, actual maintenance and operations costs are less than the amount dedicated to the M&O Fund (as described above and in Schedule 2), the difference will be transferred into the Capital Reserve Fund. This will be reviewed annually at the end of the County fiscal year.
- (g) It is recognized that during the construction phase of the renovation plan, the County may incur revenue losses and maintenance savings. To the extent that revenue losses exceed maintenance savings ("Construction Period Losses"), any subsequent maintenance savings, as defined above, would first go towards reimbursing the County as compensation for Construction Period Losses rather than into the Capital Reserve, as defined above.
- (h) The use of the Capital Reserve Fund will be reviewed and approved by both parties. Capital repair and improvements will be given highest priority.

10. Community Benefits

The Rays shall also provide the County with the following amenities, marketing tools, and other community benefits:

WHEREAS, the Rays have requested that County permit the Rays to maintain the Sports Park Fields, as defined herein, on a year-round, full time basis; and

WHEREAS, County and Rays now desire to amend the Agreement to provide for the Rays assuming year-round, full time, responsibility for the maintenance of the Sports Park Fields at the Sports Park.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

1. Purpose.

The purpose of this Amendment is to provide for the assumption of year-round responsibility for maintaining the Charlotte Sports Park stadium field and 5 1/2 practice fields within the Sports Park complex (hereinafter "Sports Park Fields") by the Rays beginning January 12, 2010 (the "Effective Date").

2. SPORTS PARK FIELDS MAINTENANCE.

Rays groundskeeping staff will provide all necessary field maintenance and support for all activities on the Sports Park Fields, including, but not limited to Rays spring training games, Gulf Coast League games, and "non-major league baseball-affiliated events" as defined in Section 6 of the Agreement as concerts, plays, sporting events and tournaments or other revenue-producing or charity-oriented events. The Rays will also assume the County's responsibility to provide field management maintenance and support for the Florida State League team as

outlined in the County's Stadium Lease Agreement with Ripken-Rays Florida Baseball LLC. County acknowledges, and Rays agree, that the Rays have a thorough understanding of the maintenance standards necessary to maintain the Sports Park Fields pursuant to the terms of this Amendment.

3. SPORTS PARK FIELDS MAINTENANCE STAFFING PLAN.

(a) The field maintenance staff for the Sports Park Fields shall be hired and employed by the Rays and will consist of a Head Groundskeeper, Field Maintenance Supervisor, who will report directly to the Head Groundskeeper, six full-time groundskeepers, staff equipment mechanic, and all seasonal and part-time employees who shall report to the Field Maintenance Supervisor. Additionally, the Field Maintenance Supervisor will manage any contracted service providers for field maintenance. Within thirty (30) days of the effective date of this Amendment, Rays agree to interview, and consider hiring, field maintenance staff currently employed by County for employment as Rays field maintenance staff for the Sports Park Fields.

(b) The Rays and County acknowledge the stadium playing field drainage issues which arose during the 2009 baseball season. The County agrees that the Rays are not responsible for any current or future stadium playing field structure or performance issues resulting from either the original construction of the field or from field maintenance by the County which began in January 2009 and will run through the end of the implementation of the Playing Field Action Plan noted below and attached hereto as Attachment A. After the Playing Field Action Plan has been completed Rays shall assume sole responsibility for the maintenance of the stadium playing field. In the event that the Playing Field Action Plan does not adequately resolve the underlying stadium field drainage issues, the Rays are not responsible for any future stadium playing field improvements to address those drainage concerns identified in Attachment A.

(c) To address the stadium playing field drainage concerns, the County will implement the attached Playing Field Action Plan. The County acknowledges that the Rays shall assume no costs associated with the Playing Field Action Plan, including any additional material or labor costs associated with any element of the follow-up protocol, which may be undertaken after January 12th, 2010, including on-going costs associated with acid injection. The County will provide all necessary resources to complete the implementation of the Playing Field Action Plan including the 31-60 day follow up, projected to end no later than February 5th, 2010.

(d) Any potential future field maintenance or reconstruction of any or all of the Sports Park Playing Fields that are unrelated to the stadium field drainage issues identified herein, and the costs for such field maintenance or reconstruction that are not the responsibility of the Rays under the terms of this Amendment, shall be mutually negotiated and agreed upon by Rays and County.

(e) Rays agree to abide by all applicable laws, rules, ordinances and regulations of any federal, state or local governments or agencies in the performance of any work, services or other obligations required of the Rays under the terms of this Amendment.

4. **DUTIES OF RAYS SPORTS PARK FIELDS MAINTENANCE SUPERVISOR AND STAFF.**

(a) The Field Maintenance Supervisor is a working foreman who assists the Rays Head Groundskeeper in the maintenance of the Sports Park Fields. The Field Maintenance Supervisor will meet with designated County Parks, Recreation and Cultural Resources Staff on a weekly basis to review field conditions, work plans, and discuss upcoming activities including any upcoming use of the Sports Park Fields by either County or Rays. - Applying ball field mechanics, e.g. ensuring accurate distances and measurements
- Working with different types of clay and clay conditioners
- Working with natural and artificial turf
- Working game days - pre-game preparation, raking infield during games, post-game clean up
- Building and maintaining pitching mounds and home plates

- Maintaining irrigation systems and performing all necessary irrigation of the Sports Park Playing Fields to Major League Baseball, Tampa Bay Rays and County standards.
- Working with herbicides and pesticides
- Safely using all equipment required for above
- Additional duties and projects as required by Head Groundskeeper or Field Maintenance Supervisor.

5. **SPORTS PARK FIELDS MAINTENANCE EQUIPMENT.**

(a) All equipment necessary to maintain the Sports Park Fields, with the exception of the equipment provided to the Rays by County pursuant to paragraph 5(b) of this Amendment, shall be provided by and paid for by the Rays.

(b) Charlotte County Parks and Recreation will provide the Rays a full list of all County owned field maintenance equipment available for the use of the Rays. ("County Field Maintenance Equipment"), attached hereto as Attachment B, noting (1) the condition of each

place and hours logged, (2) copies of all maintenance plans and warranty materials, (3) instruction materials, (4) a recommended protocol regarding equipment servicing, and (5) the long-term replacement plan for each piece. The County will continue to maintain all warranties on the County Field Maintenance Equipment, and will be responsible for processing all warranty requests in a timely manner.

(c) The Rays shall provide and pay for regular maintenance for the County Field Maintenance Equipment; however, the County will perform annual reel grinding for all appropriate County Field Maintenance Equipment at County's expense. The Rays staff mechanic will service the County Field Maintenance Equipment on a regular and as-needed basis. The County will conduct semi-annual inspections of the County Field Maintenance Equipment. Any necessary repairs or replacement of the County Field Maintenance Equipment, including emergency repairs or replacements, will be agreed-upon by both the Rays and the County. The County will maintain all appropriate insurance on the County Field Maintenance Equipment.

(d) The County will arrange for the delivery of gas and diesel fuel for the field maintenance equipment at no charge to the Rays, but the cost of the gas and diesel fuel shall be paid for by the Rays to County at the current contract price in effect under County's annual contract for gas and diesel fuel purchases.

6. SPORTS PARK FIELDS MAINTENANCE MATERIALS AND SUPPLIES.

(a) The Rays shall be responsible for providing and paying for all maintenance materials and supplies necessary to maintain the Sports Park Fields, including, but not limited to fertilizer, herbicides/pesticides, clay and clay conditioner, nets, protective screens, wind screens, sod dressing sand, overseeding supplies, chalk, uniforms, and small tools (e.g. rakes, shovels, brooms, edgers, weed-eaters).

(b) The Rays will also provide all Field Maintenance office supplies, including janitorial supplies, office equipment, phones, computers and other such items and shall be responsible for any and all costs, billings or charges related to same. The County will provide safe and professional work space, including office, garage and storage space, for the Field Maintenance Staff in Building C within the Sports Park complex. The County will also continue to provide garbage and debris removal services for the Sports Park complex.

7. SPORTS PARK FIELDS MAINTENANCE BUDGET.

(a) County and Rays acknowledge that the Agreement provides for in Section 2(a) and in SCHEDULE 2-PROJECT MAINTENANCE AND OPERATIONS FUNDING SOURCES ("Schedule 2"), a schedule of annual payments for the Sports Park facility to the M&O Fund to be paid by County and Rays for maintaining and operating the Sports Park complex and grounds.

(1) The parties agree that the total cost to maintain the Sports Park Fields for the initial year of this Amendment, year 2010 is \$525,285.10 and shall grow annually at a rate of 3% ("Field Maintenance Budget"), as detailed on the schedule of payments, attached hereto as Attachment C.

(2) The County shall deduct the Rays' annual M&O payment obligation, as described in the Agreement, and then send payment to the Rays for the remainder each year in equal quarterly installments on January 15th, April 15th, July 15th and October 15th during the term of this Amendment. As an example, in 2010, the Rays M&O payment obligation is \$120,047. The County shall deduct this amount from the 2010 Sports Park Fields budget of \$525,285.10 and send payment to the Rays in the amount of \$405,238.10 in the manner noted above and on Attachment C ("County Obligation to Rays").

(3) The County and the Rays further agree that, in exchange for the payments to the Rays for field maintenance services for the Sports Park Fields noted above, the County shall be entitled to reduce its obligation to fund Maintenance and Operations at the Sports Park, noted in Section 9 and Schedule 2 of the Agreement, in an amount up to the annual County Obligation to Rays for field maintenance. In no event shall the reduction of any County funds to the total M&O budget be greater than the County Obligation to Rays for field maintenance. As noted in Attachment C, in 2010, the Remaining County M&O and Other Event Revenues Obligation will be \$122,266. All other County operating and maintenance obligations noted in the Agreement remain.

(4) As per Section 9 of the Agreement, the County and Rays agree that if, in any given year, actual County maintenance and operations costs at the Sports Park are less than the Remaining County M&O and Other Event Revenues Obligation as noted on Attachment C, the difference will be transferred into the Capital Reserve Fund. This will be reviewed annually at the end of the County fiscal year.

(b) The Rays agree to keep a field maintenance budget for all expenses related to the maintenance of the Sports Park Fields and agree to schedule an annual meeting with County to review the status of that budget. The parties agree to annually review the actual expenditures for the Sports Park Fields maintenance. This would not result in any change to the financial obligation set forth herein to either party but should be viewed as a part of due diligence regarding utilization of taxpayer funds.

B. COUNTY'S RIGHT OF USE OF THE SPORTS PARK AND SPORTS PARK FIELDS.

The parties agree that County shall have use of the Sports Park facility, including the Sports Park Fields, for non major league baseball-affiliated events (as that term is defined in the Agreement) and pursuant to the terms of the Agreement. The parties agree that nothing contained in this Amendment or the Agreement shall be construed as to give the Rays authority to refuse to permit County the use of the Sports Park Fields for any non major league baseball-affiliated events, and the parties agree that the County reserves the right to use the Sports Park Fields for any non major league baseball-affiliated events at County's sole discretion and approval. Prior to the scheduling of any non-major league baseball-affiliated events at the Sports Park, the County will review the scope of the event with the Rays and, if applicable, confirm (1) field availability, and (2) the appropriate field maintenance needs.

Costs for any non-traditional field maintenance needs associated with non major league baseball events are the responsibility of the County or any third party event vendor. Non-traditional

field maintenance needs include, but are not limited to field conversion activities for special events (e.g. forklift operations for concert stage set up) and repairs to damages to the playing field that result from such use. The County bears general responsibility for any damages to the playing field caused by non-major league baseball events. All conditions regarding non-major league baseball-affiliated events as noted in Section 6 of the Agreement, including the provision that County shall be responsible for all liabilities arising from County's use of the Sports Park Fields for non major league baseball-affiliated events still apply.

9. STADIUM LEASE AGREEMENT - RIPKEN-RAYS FLORIDA BASEBALL LLC.

County and Rays acknowledge that the STADIUM LEASE AGREEMENT between RIPKEN-RAYS FLORIDA BASEBALL LLC (hereinafter referred to as "Ripken") and County, entered into on or about February 10, 2009, provides that the County shall maintain the Sports Park Fields. By signature of Ripken's authorized representative on this Amendment, Ripken hereby consents and agrees to the terms and conditions of this Amendment which provide that the Rays shall be solely responsible for the year-round maintenance of the Sports Park Fields.

10. TERM/TERMINATION.

The term of this Amendment shall begin on the Effective Date and shall terminate simultaneously with the termination of the Agreement; provided, however, that either County or Rays may terminate this Amendment, with or without cause, at any time upon providing nine (9) months written notice of termination to the non-terminating party. In the event this Amendment is terminated by either party, the responsibility for maintaining the Sports Park Fields will revert back to the County on the same terms that are enumerated in the Agreement and all other provisions of the Agreement shall remain in effect.

11. INCORPORATION.

The "Findings" provisions of this Amendment are specifically incorporated into and made a substantive part of this Amendment, and this Amendment, including all exhibits and attachments hereto, is specifically incorporated into and made a substantive part of the Agreement.

12. SEVERABILITY.

If any provision of this Amendment shall be declared invalid or unenforceable, the remainder of this Amendment shall continue in full force and effect.

13. CONFLICT WITH AGREEMENT.

All provisions of the Agreement not in conflict with this Amendment shall remain in full force and effect. To the extent of any conflict with the Agreement, the provisions of this Amendment shall control. Any terms used in this Amendment shall have the same meanings and definitions as they have in the Agreement.

14. ENTIRE AGREEMENT. This Amendment incorporates and includes all prior negotiations, correspondence, agreements or understandings between the parties, and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Amendment that are not contained in this document.

15. **MODIFICATION.** No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed by the parties with the same formality and of equal dignity herewith.

16. **ASSIGNMENT.** This Amendment, or any interest herein, shall not be assigned, transferred or otherwise encumbered, under any circumstances by either party without the prior written consent of the other party.

17. **INDEMNIFICATION.** Rays shall indemnify, hold harmless and, at County's option, defend County, and its officers and employees, from all suits and actions at law, liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of Rays and persons employed or utilized by Rays in the performance of any work or services under this Amendment.

18. **AUTHORITY TO EXECUTE.** County, Rays and Ripken warrant to the other parties that they, and the persons executing this Amendment on behalf of each of them, have the right, power and authority to execute this Amendment.

19. **EFFECTIVE DATE.** If fully executed by County, Rays, and Ripken, this Amendment shall take effect on January 12, 2010.

IN WITNESS WHEREOF, the parties have executed this agreement on the dates indicated below.

Deep Drill Aeration Program – Follow Up

These follow up steps are to be performed by the County within the first 30 days after the Deep Drill Aeration.

- A. Apply ammonium sulfate at the rate of 50 lbs. per one thousand square feet. Correct the soil's water quality. In conditions the soil lacks will improve drainage.
- B. Apply sulfate of potash fertilizer application for population of the soil and top dressing at rate of 200 lbs. per acre, and in plant recovery from soil stress.
- C. Apply potassium sulfate fertilizer at 200 lbs. per acre after completion of the soil test and top dressing. Aid in recovery from soil stress. Aid in soil's water influence in the soil.
- D. Apply foliar fertilizer which allows two weeks after aeration. This recovery of soil drainage is required after every two weeks.

These follow up steps are to be performed by the County within day 31-60 after the Deep Drill Aeration:

1. Apply ammonium sulfate at 50 lbs. per acre. Stimulate new growth.
2. Apply fertilizer top dressing to the soil.
3. Deep line aeration with 3/4" soil or below to a depth of 20" or more. Vacuum and dispose of soil off the top. Type of top dressing practices will have to be adjusted per field conditions of the plant of aeration. Depending on the weather & soil conditions at the time, the field is to continue conditioning the soil to a certain level of drainage. If the field is not very strong at the time, vacuum the soil to a certain level.
4. Top dress the planting half surface with 100 lbs. of ammonium sulfate per acre at a rate of 20 lbs. per acre. This should be done after the soil is aeration.
5. Apply potassium sulfate at the rate of 20 lbs. per one thousand square feet. This application will supplement potassium already in the ground & condition the soil for better drainage.
6. Work out field very lightly in preparation for the next year's crop. Light working is a condition practice before over-cropping. This is optional depending on the density of the soil. If the soil is very heavy, the top dress application at the seed bed is to be done, but the top dress application this step may be omitted.
7. Apply a pre-plant fertilizer at a rate of 200 lbs. per acre. This will help the establishment of the crop. Having no knowledge of the water table level, the soil or soil fertility, this is a safe procedure. It is very possible to do this one step with no ill effects.
8. Over seed the area with a grass seed at a rate of 100 lbs. per acre. This is a recommended rate. A rate of 25 pounds per acre of 100 lbs. of other quality but may make complete use of the seed. The seed should be 100 lbs. per acre. This should be done, but the top dress application this step may be omitted.
9. Apply a pre-plant fertilizer application to the soil after over-seeding. This will help the soil establish & improve drainage.
10. Apply a top dress application at a rate of 20 lbs. per acre to establish the crop from the seed. Every possible of the step essential with certain weather conditions. Prevention or over-seeding application should be applied as needed.

Return to annual maintenance program as recommended by the agricultural team.

FINDINGS

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (hereinafter the "Agreement") whose purpose was for the rehabilitation and use of the Charlotte Sports Park (hereinafter the "Sports Park") as well as providing for a public recreation amenity and hosting the Rays' spring training program; and

WHEREAS, on or about January 26, 2010, the County and the Rays entered into an Amendment to the Charlotte Sports Park Agreement (the "First Amendment") wherein the Rays assumed year-round, full time, responsibility for the maintenance of the Sports Park Fields at the Sports Park; and

WHEREAS, the Rays have now requested that the County amend the Agreement to permit the Rays to occupy Building "B" at the Sports Park and to provide that the Rays will assume the responsibilities for landscaping maintenance for the common grounds surrounding the Sports Parks Fields, as further described and designated in this Amendment, on a year-round, full time basis.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

1. Purpose.

The purpose of this Amendment is to permit the Rays to occupy Building "B" at the Sports Park and the assumption of year-round responsibility for landscaping maintenance for the common grounds surrounding the Sports Parks Fields by the Rays.

2. Building B - Charlotte County Sports Park

(a) Beginning January 26th 2011, the Rays will have sole use of Building B, as designated and identified on Exhibit A which is attached hereto and incorporated herein by reference, consistent with those areas of the Sports Park outlined in Section 5(d) of the Agreement; however, the Rays will make reasonable good faith efforts to make the locker room and shower/grooming areas available for tournaments or other meetings/events booked and/or approved by the County during all times of the year, except for those designated under Section 5 (a), (b) and (c) in the Agreement (spring training, extended spring training, instructional

league). The County is solely responsible for any improvements required to make the locker room/grooming areas available to the public for tournaments or other meetings/events booked and/or approved by the County, including any improvements required by the Americans with Disabilities Act.

(b) The Rays will not charge a fee for use of the locker room and shower/grooming areas for tournaments or other meetings/events. The County will be responsible for cleaning these areas after any tournament or other event. Building B shall be covered under Section 9(a) of the Agreement, and as per that section, the County shall maintain, repair, and restore all properties at the facility at no cost to the Rays, except the Rays shall provide for housekeeping and cleaning services to the clubhouse and office space it uses at no cost to the County. Additionally, as per Section 9(a) of the Agreement, the County will not be responsible for any maintenance, repairs, or restoration related to damage occurring to property as a result of negligent acts or omissions of the Rays, its officers, agents, or employees.

(c) Section 5(d) of the Agreement is clarified to include the entirety of the building housing both major and minor league clubhouses, as well as the Rays' administrative offices, as a defined area of sole use by the Rays.

(d) Building B will be turned over to the Rays in a clean condition; all materials and items currently housed in Building B will be removed before January 26th with the exception of any items currently stored in the existing laundry room within Building B, which will still be available for County storage.

(e) Similar to current provisions within the Agreement, the Rays, at their sole discretion and cost, may make reasonable facility enhancements to Building B, including, but not limited to, lighting, painting, etc. Any major capital improvements to Building B would require the approval of the County, and can be considered for CIP funds. During the term of this Amendment either the Rays or the County have the right to present to the other party ideas for major capital improvements to Building B that would encourage and support additional use of Building B as a first-class major league baseball facility.

3. Landscape Maintenance - Charlotte County Sports Park

(a) The following lists the overall scope of services the Rays will provide for landscape maintenance within the Project Area, as noted on the attached Exhibit A. The term "Project Area" as used in this Amendment and as shown on Exhibit A shall mean and include those common grounds within the Project Area exclusive of the Sports Fields.

- Mow and edge all common areas
- Trim all trees and bushes
- Maintain seasonal and annual plantings in all islands and beds, including the green roof
- Keeps islands, beds and fence lines weed free, including the green roof bed located on the roof of the Rays Clubhouse
- Spray herbicides/pesticides as needed.

(b) The County will continue to be responsible for maintaining all areas outside of the Project Area, including, but not limited to the stadium parking lot and right-of-ways along El Jobean Road and Esther Street, and the regular maintenance and any necessary repairs to the irrigation system within the Project Area; except that the Rays shall be responsible for any damages/repairs to the irrigation system, including sprinkler heads, caused by the Rays. The County will also provide the Rays the use of a lift once a year for tree trimming, at a time

coordinated with the Rays Head Groundskeeper, small start-up tools for the services provided to the extent available, and be responsible for the replacement of any trees, bushes or sod that die from hard weather, frost or other Acts of God.

4. Energy Savings Plan

County and the Rays agree to work together to identify opportunities for energy savings that do not negatively impact overall operations around and throughout the overall Sports Park facility. The parties agree to work together to develop an action plan within ninety (90) days of the effective date of this Amendment identifying possible energy savings methods or programs.

5. TERM.

The term of this Amendment shall begin on the Effective Date and shall terminate simultaneously with the termination of the Agreement.

THIS FOURTH AMENDMENT TO THE CHARLOTTE SPORTS PARK AGREEMENT, hereinafter referred to as the "Amendment," is made and entered into by and between CHARLOTTE COUNTY, a political subdivision of the State of Florida, 18500 Murdock Circle, Port Charlotte, Florida 33948-1094, hereinafter referred to as the "County", and TAMPA BAY RAYS BASEBALL, LTD., One Tropicana Drive, St. Petersburg, Florida 33705, hereinafter referred to as the "Rays".

FINDINGS

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (hereinafter the "Agreement") whose purpose was for the rehabilitation and use of the Charlotte Sports Park (hereinafter the "Sports Park" or "facility") as well as providing for a public recreation amenity and hosting the Rays' spring training program; and

WHEREAS, on or about January 26, 2010, the County and the Rays entered into the First Amendment to the Agreement to provide for the Rays to assume full-time, year-round maintenance of the Sports Park Fields at the Sports Park; and

WHEREAS, on or about January 25, 2011, the County and the Rays entered into the Second Amendment to the Agreement which allowed the Rays to occupy Building "B" at the Sports Park and to provide landscaping maintenance for the common grounds surrounding the Sports Park Fields on a full-time, year-round basis; and

WHEREAS, on or about September 9, 2014, the County and the Rays entered into the Third Amendment to the Agreement which provided for additional funding from each of the Parties to be placed in the Capital Reserve Fund; and

WHEREAS, pursuant to the terms of the Agreement, the County and the Rays (collectively the "Parties") now wish to amend the Agreement by providing for the leasing of field maintenance equipment to be used at the Sports Park and providing for joint funding from the Parties.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby covenant and agree as follows:

The Parties agree upon the necessary replacement of the County Field Maintenance Equipment and recognize that the leasing of field maintenance equipment will provide greater operational efficiency, and agree that the Rays shall be responsible for leasing field maintenance equipment for use at the Sports Park.

2. EQUIPMENT LEASE, PAYMENT.

The Rays shall enter into a four-year lease (the "Lease") with a third-party provider for field maintenance equipment. The Parties agree that the estimated annual cost for the Rays to lease the field maintenance equipment will be Eighty-Two Thousand Dollars (\$82,000), and the County shall annually during the term of the Lease be responsible for contributing Forty-One Thousand Dollars (\$41,000) from the Maintenance and Operations Fund described in the Agreement. In the event that the actual annual lease amount is less than estimated, the County shall be entitled to offset its contribution in future years during the term of the Lease to equal a fifty percent (50%) contribution of the actual total lease amount. The Rays shall initially provide the executed field maintenance equipment lease to the County on or before April 2, 2016. The County shall perform its obligations herein annually during the term of the Lease by tendering payment to the Rays on or about April 2 of each year after receiving confirmation from Rays that the four-year field maintenance equipment lease remains binding and valid. The County will not have any responsibilities with regard to the leased field maintenance equipment, including but not limited to maintenance, repair, storage, theft, or loss, unless damage, theft, or loss of the equipment occurs by the fault of the County.

3. TERM.

This Amendment shall become effective upon the filing of a fully executed copy with the Clerk of the Circuit Court of Charlotte County, Florida. It is anticipated that the Parties shall assess options for the replacement of the field maintenance

equipment on or before the expiration of the four-year field maintenance lease, with a plan for the replacement of this equipment upon the expiration or early termination of the lease to be agreed upon in partnership between the Parties.

THIS NINTH AMENDMENT TO THE CHARLOTTE SPORTS PARK AGREEMENT (the "Amendment") is made and entered into by and between CHARLOTTE COUNTY, a political subdivision of the State of Florida, 18500 Murdock Circle, Port Charlotte, Florida 33948-1084, (the "County"), and TAMPA BAY RAYS BASEBALL LTD., One Tropicana Drive, St. Petersburg, Florida 33705 (the "Rays"), (collectively, the "Parties").

FINDINGS

WHEREAS, on or about September 12, 2006, the County and the Rays entered into the Charlotte Sports Park Agreement (the "Agreement") to rehabilitate and use the Charlotte Sports Park (the "Sports Park" or "facility"), to provide a public recreation amenity, and to host the Rays' spring training program; and

WHEREAS, the Parties executed a First Amendment (the "First Amendment") to the Agreement on January 26, 2010 to provide that the Rays would assume year-round responsibility for maintaining the Charlotte Sports Park stadium field and 5½ practice fields within the Sports Park complex; and

WHEREAS, the Parties executed a Second Amendment (the "Second Amendment") to the Agreement on January 25, 2011 to permit the Rays: (a) to occupy Building "B" ("Building B") at the Sports Park as described in the Second Amendment and (b) to assume year-round responsibility for landscaping maintenance for the common grounds surrounding the Sports Park Fields; and

WHEREAS, the Parties executed a Third Amendment to the Agreement on September 9, 2014 requiring that the Rays and the County provide for additional capital reserve funding contributions; and

WHEREAS, the Parties executed a Fourth Amendment to the Agreement on February 23, 2016 to permit the Rays to lease field maintenance equipment as a replacement for County Field Maintenance Equipment as set forth in Paragraph 5 "Sports Park Fields Maintenance Equipment" of the First Amendment to the Agreement; and

WHEREAS, the Parties executed a Fifth Amendment to the Agreement on June 19, 2017 to provide for additional capital reserve funding contributions by the Parties, to clarify certain insurance provisions, to amend or create new definitions used in the Fifth Amendment and the Agreement, to amend section 22 of the Agreement related to MLB Subordination, and, County agreed not to terminate the Agreement during any Spring Training Season; and

WHEREAS, the Parties executed a Sixth Amendment to the Agreement on November 12, 2019 to renew pursuant to section 28 of the Agreement for a total renewal of three years; to extend their prior agreement to provide that each party shall contribute an additional fifty thousand dollars (\$50,000.00) per calendar year for each year of the three-year renewal described in this Amendment; and, to clarify certain matters related to a potential County liquor license; and

WHEREAS, the Parties executed a Seventh Amendment to the Agreement on February 25, 2020 to permit the Rays to lease field maintenance equipment as a replacement for County Field Maintenance Equipment as set forth in Paragraph 5 "Sports Park Fields Maintenance Equipment" of the First Amendment to the Agreement, and

WHEREAS, the Parties executed an Eighth Amendment on or about March 23, 2021 to extend for 2021 only the "Spring Training" time period set forth in Paragraph 5(a) to April 30, 2021 or later; and

WHEREAS, the Parties wish to amend various provisions of the Agreement, as set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained in this Amendment, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. **AMENDMENTS.**

(A) Subparagraph 5(a) of the Agreement is hereby amended by providing that during the Spring Training time period of February 10th through April 3rd of each calendar year ("Spring Training"), the Rays shall have the right to use the offices on the first floor of that certain building ("Building A") at Charlotte Sports Park designated as Building "A" on Exhibit A attached hereto and incorporated herein by reference. The Rays shall reimburse the County for county staff costs for parking and fan host operations incurred by the County pursuant to this subparagraph.

(B) Subparagraph 5(b) of the Agreement is hereby amended by deleting said subparagraph in its entirety and by substituting therefor the following:

"(b) Each day from April 4th through August 31st of each calendar year ("MiLB Season"): The Rays shall have primary use of the stadium (the "Stadium") at the Sports Park, clubhouses, administrative office space dedicated to the Rays' use (including without limitation the second floor offices of the clubhouse building and Building B), team store, all practice fields at the Sports Park, and other associated training facilities (e.g. batting cages, gang mounds, etc.). It is the express intention of this subparagraph that during the MiLB Season, the Rays shall have access to the same facilities at the Sports Park as the Rays have access to during Spring Training except the Rays will not have access to Building

A during the MiLB Season. During the MiLB Season, these facilities may be made available by the County to parties other than the Rays, but only with the express written consent of the Rays in each instance. The Rays shall reimburse monthly the County for the out-of-pocket costs incurred by the County as a result of the Rays' usage of the Sports Park pursuant to this subparagraph.

On or before the 15th day of each month from May through September, the Rays will pay the County the following fees (collectively, the "Fees") for each usage of the Stadium: (i) no charge for any usage that does not constitute the playing of a "Game" (as that term is defined hereinafter); (ii) \$500 for each Game played during the day; and (iii) \$600 plus \$125 per hour for each Game played at night with the stadium lights on. For purposes of the foregoing, the term "Game" shall refer to the playing of any baseball game by the Rays, whether such game is against a third party opponent or is an intersquad game.

During the MiLB Season, the Rays intend to open to fans as free community events as many Gulf Coast League ("GCL") home games (the "GCL Games") as feasible. The Rays will staff and operate the GCL Games at the Rays' expense. The Rays also may open to fans Extended Spring Training and Instructional League games from time to time. The Rays shall reimburse monthly the County for out-of-pocket and staff costs incurred by the County as a result of the Rays' usage of the Sports Park pursuant to this subparagraph.

(C) Section 6 of the Agreement and Section 8 of the First Amendment are hereby amended by adding thereto the following:

"The Rays shall have the right, but not the obligation, to use the Stadium for all of the Games, based on the schedule determined and established by the GCL each year (the "GCL Schedule"). The County shall have the right as contemplated in paragraph 6 of the Agreement, but not the obligation, to utilize the Sports Park, including the stadium, the Visitor's Clubhouse, practice fields and outdoor amenities, for no fewer than two (2) "Events" (as that term is defined hereinafter) per month during the MiLB Season. The Rays shall provide the County with a copy of the GCL Schedule in an expeditious manner following the Rays' receipt of the GCL Schedule. Following the Rays' provision of the GCL Schedule to the County, the Rays and the County will confer in order to review the GCL Schedule and each party's planned schedule and usage of the Stadium for other events during the MiLB Season. Thereafter, in the event the County wishes to schedule a proposed event (the "Event") at the Sports Park, the County will provide email notice (the "Event Notice") of such proposed usage at least thirty (30) calendar days prior to the date of the proposed event to the Rays' representatives (the "Representatives") designated by the Rays from time to time [the Rays hereby designate Jeff McLerran (jmclerran@raysbaseball.com) and Dan Moeller (dmoeller@raysbaseball.com) as the designated recipients of all such notices until changed by email notice by the Rays to the County]. Within ten (10) calendar days after the date the Event Notice was sent to the Representatives, the Rays will

advise the sender of the Event Notice by return email whether any conflict or other issue or problem exists with respect to the County staging the Event. If the Rays do not reply to the Event Notice within such ten (10) day period, the sender of the Event Notice will telephone either of the Representatives to confirm that the Representative received the Event Notice [Jeff McLerran (913) 449-7642/Dan Moeller (727) 644-2473], and if the Representative did receive the Event Notice, the Event will be deemed to be approved by the Rays."

(D) Subparagraph 10(j) of the Agreement is hereby amended by deleting said subparagraph in its entirety and by substituting therefor the following:

"(j) In order to educate and benefit the community, the Rays agree, in coordination with the Community Services Department, to stage one (1) clinic for five (5) days each during the MiLB Season with participation by certain Rays' players and staff members, and with the specific weeks to be mutually agreed upon each year. The Rays further agree to participate in one (1) community appearance (each, an "Appearance") each calendar month during the MiLB Season. Each Appearance shall be organized by the County, shall be held at a mutually agreed upon time and location, and shall involve the participation of up to ten (10) Rays' players as selected by the Rays. The Rays shall reimburse the County for county staff costs incurred by the County as a result of the Rays' clinics and appearances. The Rays shall pay any costs for security for clinics and appearances and shall pay such costs directly to the providers of such security services.

2. **TERM.**

This Amendment shall become effective upon execution by the County and it shall terminate simultaneously with the termination of the Agreement.

3. **EIGHTH AMENDMENT TERMINATED.**

The parties hereby terminate the Eighth Amendment to the Agreement dated on or about March 23, 2021, which is null and void and of no further effect.

4. **INCORPORATION.**

The "Findings" provisions of this Amendment are specifically incorporated into and made a substantive part of this Amendment, and this Amendment is specifically incorporated into and made a substantive part of the Agreement, as amended.

5. **SEVERABILITY.**

Notwithstanding anything in this Amendment to the contrary, neither the Agreement nor this Amendment may be amended, supplemented or otherwise modified, and no provision of the Agreement or this Amendment may be waived, unless all necessary MLB Approvals have been obtained in advance.

9. **ASSIGNMENT.**

This Amendment, or any interest in this Amendment, must not be assigned, transferred or otherwise encumbered, under any circumstances by Rays without the prior written consent of County.

10. **AUTHORITY TO EXECUTE.**

Meth od ology

The following research project was undertaken at the request of Charlotte County's Board of County Commissioners.

The research's objectives, as documented in the survey questionnaire (approved by the contracting parties), reflect the full scope of the project undertaken. The principal purpose of this study was to document the economic impact of the 2022 Tampa Bay Rays Spring Training season. In this context, the study tabulates and profiles both tourist/visitors and day-trippers who came to the area for Spring Training games.

The findings of the study are based on 170 fan interviews conducted with randomly selected fans at 2022 Tampa Bay Rays Spring Training games. Our economic impact calculations address non-Charlotte resident game attendees. *Please note that the economic impact estimates detailed in the following report only include fan spending. They do not address the spending of the stadium, the Tampa Bay Rays team, visiting teams, or media in the destination.*

Research Data Services is responsible for the design and analysis of this project. The research was implemented by staff interviewers, trained, and supervised by **R D** professionals. The study questionnaire, processing softwares, optical scanning programs, and related materials developed and used in and for this project, as well as this report are protected by the copyright laws of the United States of America.

Summary of Research Findings

The objective of the Tampa Bay Rays’ Spring Training research was to document the economic impact of the team’s 2022 season. The 2022 Spring Training season was significantly impacted by the lockout and its related delays. Once an agreement was reached, the team schedule was modified to the time remaining in the season. Ticket sales, provided by the team, indicate that some 24,150 fans attended the nine Tampa Bay Rays home Spring Training games in the Charlotte Sports Park between March 19, 2022 and April 4, 2022 (approximately 36% of 2019 attendance levels). ***The total economic impact of fans attending 2022 Tampa Bay Rays Spring Training games is estimated to be \$6,094,800.***

The following, in summary, are the most salient findings of the research:

A . The Economic Impact of 2022 Tampa Bay Rays Spring Training in Charlotte County:

Estimated Attendee Economic Impact	Direct Expenditures	Economic Impact
Overnight Charlotte County Visitors	\$3,056,800	\$4,661,600
Day-Trippers	<u>\$939,800</u>	<u>\$1,433,200</u>
Out-of-County Spring Training Attendees	\$ 99,000	\$ 604,000

Some 71.4% of overnight visitors say that attending a Spring Training game was a primary factor in bringing them to Charlotte County. The total economic impact of these visitors’ spending accounts for an estimated \$3,057,300 of value added to the destination. 5.1.11 For any other lawful purpose directly or indirectly related to any of the foregoing uses.

5.2 Public Uses. Subject to Section 5.3, City shall have the right to authorize use of the Sports Facility for these, and only these purposes (the "Public Uses"):

5.2.1 For baseball and softball games played without an admission charge by St. Petersburg Junior College, Clearwater's two public high schools and youth baseball and like organizations; provided, however, that the user shall reimburse The Phillies for the cost of The Phillies Maintenance Obligations allocated to such games played other than by St. Petersburg Junior College and Clearwater High School.

5.2.3 For Partnership Events, at the rate of up to twelve per calendar year during the Term.

5.2.4 For Disaster Staging Uses.

5.3 Limitations on Public Uses. The Public Uses shall be subject to the following limitations:

5.3.1 Public Uses shall be limited to those areas of the Sports Facility that are necessary and appropriate therefor in each instance and in no event shall use be made of the Phillies Exclusive Use Areas (of which The Phillies are hereby granted the exclusive right to use). Whether the Commercial Space and/or the Concession Facilities shall be operated during Events which constitute Public Uses (any such operations to be effected solely by The Phillies and/or any concessionaire of The Phillies) shall be determined by The Phillies at its discretion; provided, however, that when requested by the City in respect of any Events which constitute the Public Uses where attendance is reasonably projected to exceed 200, Concession Facilities shall be opened by

The Phillies, to the extent that The Phillies deem appropriate, based on a reasonable estimate of attendance.

5.3.2 The City shall make mutually satisfactory arrangements in advance with The Phillies, for The Phillies to provide (but at the expense of the City) appropriate staffing and operations during each Event which constitutes a Public Use, such as ticket takers, ushers, parking attendants, food and beverage preparers and servers, security and paramedical personnel.

5.3.3 Each Public Use may be scheduled only at a time that is reasonably acceptable to The Phillies, it being understood that each of the uses specified in Sections 5.1.1 through 5.1.6 inclusive shall have absolute scheduling priority over every Public Use, except Disaster Staging Uses.

5.3.4 Each Public Use (other than those provided for in Section 5.2.1 and 5.2.4) shall be subject to The Phillies' prior approval, which may be withheld by The Phillies only if in its reasonable judgment conducting the Public Use at the Sports Facility would risk damage to the playing fields or cause unreasonable wear and tear to structures or, in the reasonable judgment of The Phillies, be inconsistent with the image of MLB and The Phillies.

5.4 Partnership Events. The City shall be responsible at its expense to book, manage and conduct significant Revenue Events at the Sports Facility, at a rate of at least six but not more than twelve per calendar year throughout the Term (each, a "Partnership Event"). For purposes hereof, a "significant Revenue Event" shall mean an Event, the reasonably anticipated net revenues from which are expected to be not less than \$15,000 (in 2003 dollars, subsequently adjusted by the CPI). The Phillies shall be responsible for ticket taking, food and beverage, merchandise and broadcasting

operations only, at prices set by The Phillies subject to the City's approval, not to be unreasonably withheld.

5.5 Disaster Staging Uses. The City may, in each instance of actual or imminently threatened natural disaster, use the Sports Facility as a staging area for disaster preparations, response or other related uses ("Disaster Staging Uses"), provided that (i) there will not be any cost to The Phillies and (ii) the City will immediately restore any resulting damage to the playing field or any other element of the Sports Facility caused as a result of the Disaster Staging Use. (Any loss caused by the natural disaster, as opposed to the City's Disaster Staging Use, is governed by Section 14 hereof.) The City shall not be responsible to The Phillies for any loss of revenue or consequential damages resulting from Disaster Staging Uses, except any attributable to its failure to duly effect any such restoration and restore full use of the Sports Facility to The Phillies immediately following the end of the disaster.

6. Use Fee. From and after the Commencement Date, The Phillies shall pay, in arrears, a use fee to the City at the rate of \$70,000 per calendar year during the Term, subject to adjustment pursuant to Section 6.1 (as so adjusted, the "Use Fee") and to offset pursuant to Section 6.2. The Use Fee for each calendar year during the Term shall be payable by March 31st of the following year.

6.1 Adjustment. The Use Fee for the second and each subsequent full calendar year during the Term shall be subject to an adjustment (a "CPI Adjustment"), for any change in the CPI Index between that for December of the year prior to the first such full calendar year and that for December of the year prior to the calendar year with respect to which the calculation is being made.

6.2 Offset. The Phillies may offset against and deduct from the Use Fee payable in respect of any whole or partial calendar year during the Term, the Offset Amount attributable to that period.

7. Revenues. Except as otherwise specifically provided in this Section 7, The Phillies alone shall be entitled to retain all revenues generated on and from the Sports Facility during the Term from all sources whatsoever, including by way of illustration but not limitation, all ticket, premium seating, luxury suite, food and beverage, signage, merchandise, broadcasting, sponsorship and parking revenues and all revenues from the operation of the Commercial Space and fantasy camps.

7.1 Revenues from Partnership Events and Civic Events. All ticket, food and beverage, merchandise, parking and broadcasting revenues generated on and from the Sports Facility (excluding only revenues derived from the Luxury Suites and the Commercial Space) attributable to each Partnership Event and each Civic Event, net of the direct incremental cost to The Phillies of operating and maintaining the Sports Facility (excluding the Luxury Suites and the Commercial Space) attributable solely to such use (which shall not include administrative or overhead costs or the like or any utility charges or other costs that would have been incurred irrespective of such use) will be: (i) in the case of Partnership Events, shared equally by The Phillies and the City, and (ii) in the case of Civic Events, will be retained by The Phillies (except for any net ticket revenues, which shall be distributed by The Phillies to the appropriate charitable, community or civic organization), in each case within thirty days following the Event. The Phillies shall institute a method of accounting for the collection and calculation of the net revenues collected in respect of Partnership Events and Civic Events and shall furnish to the City appropriate accounting statements in respect of such Events, which shall be prepared in accordance with generally accepted accounting

principles. The City may, upon reasonable notice and during normal business hours, examine, inspect and copy the books and records of The Phillies pertaining to such net revenues and, at its own expense, cause an audit to be performed of such pertinent books and records.

7.2 Naming Rights. The City hereby grants to The Phillies the power and authority from time to time during the Term to assign or license to a third party the right to name (i) all (e.g. "ABC Sports Facility" or "DEF Stadium") or (ii) portions (e.g. "GHI Bullpen" or "JKL Pavilion") of the Sports Facility and to retain all net proceeds therefrom. The term "net proceeds" for this purpose means the gross proceeds from the assigning or licensing of such naming rights less any direct costs associated with conducting the naming process and, in cases where any additional benefits (e.g. suite usage, tickets, stadium signage, advertising etc) may be included as part of the naming rights package and not separately priced, then the fair market value of such additional benefits shall also be deducted. The City shall have the right to disapprove any such name only, if in the City's reasonable judgment, such name is inconsistent with a wholesome public image for the Sports Facility. The net proceeds from any naming of the whole Stadium or the Sports Facility referred to in clause (i) (but not from any naming of portions thereof, as referred to in clause (ii)) shall be shared as follows: two-thirds to The Phillies and one-third to the City.

7.3 Signage During Partnership and Civic Events. Temporary signs identifying and promoting participants in or sponsors of Partnership Events or Civic Events may be displayed during the Event, provided, however, that: (i) no such signage shall relate to a product, service or Person which competes with the Person (or that one Person from time to time designated by The Phillies, at any time or times when there may be more than one such Person) for which all or any part of the Sports Facility is named or with that Person's products or services or with any products or services

designated by The Phillies as falling within either of up to two exclusive product categories (e.g. soft drinks, beer, banking etc) for the Sports Facility; (ii) no such display may obscure fixed signage then located in the Sports Facility; and (iii) the City shall be responsible at its expense for the removal thereof immediately upon conclusion of the Event.

8. Operation of the Sports Facility. Subject to Section 5.5, The Phillies shall have the sole right and obligation to operate the Sports Facility during the Term (which it shall do in a first-class manner and in compliance with all applicable Legal Requirements), including without limitation, the right and obligation to perform any ticket taking, food and beverage, merchandising, parking and broadcasting operations.

8.1 Operating Staff. The Phillies shall employ or retain all Persons necessary to discharge its operating responsibilities and shall bear the expense of their compensation.

8.2 Utilities. All electric, gas, water, sanitary sewer, storm sewer and trash disposal service provided to and used at the Sports Facility during the Term will be contracted for and either paid by the City or shall be provided by the City. The Phillies will reimburse the City for twenty-five percent of the total cost thereof as incurred by the City and at the rate charged to similar users, in the case of utilities supplied by the City, payable within thirty days of each monthly bill therefor from the City, accompanied by evidence of payment and/or of such rates so charged (such twenty-five percent reimbursements are herein referred to as the "Phillies Utilities Share")

8.3 Parking. In addition to operating all parking areas at the Sports Facility, The Phillies shall have the right to make arrangements for offsite parking for Events at the Sports Facility, including without limitation at the Carpenter Sports Facility, St. Petersburg Junior College and under the Florida Power Corporation right of way. For each Home Game, The Phillies will engage such

civic organization that the City shall propose (subject to The Phillies' approval, not to be unreasonably withheld) to staff the public parking areas at the Sports Facility and at any utilized offsite parking areas. The Phillies will pay to that organization for such services an honorarium of \$1,250 per Game, which figure shall be subject to a CPI Adjustment.

8.4 City Services. City will provide all appropriate City services at appropriate levels of coverage for all Events, including without limitation, police surrounding the Sports Facility for security and traffic control purposes and to prevent scalping and unauthorized sale of merchandise at the Sports Facility and paramedical services. (For this purpose, "scalping" shall mean the selling of tickets for more than \$1 above face amount, and the "unauthorized sale of merchandise" shall mean the sale of goods by a Person who has not been authorized by The Phillies to make such sales and the sale of unlicensed goods, whenever a license is required for such sale to be given by The Phillies, MLB or other holders of the marks embodied on such goods.) The Phillies will provide necessary security and paramedical services within the Sports Facility.

9. Maintenance and Repair of Sports Facility. The following provisions govern the maintenance and repair of the Sports Facility.

9.1 Phillies Cleaning and Maintenance Obligations. The Phillies shall have the obligation to keep the Sports Facility clean and to provide light housekeeping (e.g. changing bulbs, towels, etc) for the interior areas of the Sports Facility. The Phillies shall be responsible for the ordinary and customary day-to-day maintenance of the following (and only the following) portions of the Sports Facility: (i) the playing fields, (ii) the Phillies Exclusive Use Areas, (iii) the Luxury Suites, and (iv) the Commercial Space (together, the "Phillies Maintenance Obligations"). The City shall acquire for and supply to The Phillies all field care (e.g. clay, sod, sand, fertilizer and chemicals) and other

supplies necessary for The Phillies to discharge the Phillies Maintenance Obligations relating to the playing fields, and The Phillies shall reimburse the City for its actual out-of-pocket costs therefor. Notwithstanding anything herein to the contrary, any City employee providing City Services to the Sports Facility shall be operating under the direction and control of the City, and shall be subject to any applicable City rule, regulation or policy, provided however, that The Phillies may directly engage City employees during the off-duty time, in which case such City employees shall be deemed to operate under The Phillies control.

9.2 City Maintenance, Repair etc. Obligations. Except for The Phillies Maintenance Obligations, the City shall have the obligation to provide all maintenance, repairs, restorations, refurbishments and replacements, whether interior or exterior, structural or non-structural, routine or extraordinary, ordinary or capital in nature, as shall be necessary to keep the Sports Facility clean, safe and in good order, condition and repair, and in compliance with all applicable Legal Requirements and in first class condition and up to first class MLB spring training stadium standards at the time of reference, provided however, that (subject to Sections 14 and 15 hereof) this obligation shall not operate to require the City to construct a new Sports Facility, or to substantially reconstruct the Sports Facility during the Term hereof. The Consulting Engineer shall annually determine which capital repairs, restorations, refurbishments and replacements are needed to be done currently and which capital repairs, restorations, refurbishments and replacements shall be scheduled to be done in the future, and when. The costs of the Consulting Engineer shall be borne equally by The Phillies and the City. The determinations of the Consulting Engineer shall be conclusive on both the City and The Phillies.

9.3 Upgrading of the Sports Facility. The City shall from time to time, as needed, upgrade, modernize and otherwise improve the Sports Facility so that during the Term of this Agreement, the Sports Facility shall not only meet all applicable MLB standards but shall, in addition, include that level of amenities and technological facilities as is comparable at the time of reference to those of first class MLB spring training facilities of comparable age (such as Roger Deen Stadium in Jupiter, FL, City of Palms Park in Ft. Myers, FL and Hohokam Stadium in Mesa, AZ). Without limiting the generality of the foregoing, at such time as any technological improvements (e.g., video rooms) have been incorporated in at least two of those three comparable MLB spring training facilities, then the City shall install such technological improvements in the Sports Facility. However, this provision shall not require the City to expend monies within the last five years of the Term, unless The Phillies agree to (i) exercise the option to renew provided for in Section 3.3 hereof (in which event, if necessary, the one-year notice period for exercising such option shall be waived), or (ii) if the option to renew has already been exercised, The Phillies and the City agree to extend the Term by at least five years.

9.4 Sports Facility Manager. The Sports Facility Manager shall be responsible for the day-to-day oversight of the maintenance, repair and condition of the Sports Facility, and shall be the representative of the City with whom The Phillies may communicate. The Sports Facility Manager shall have authority to bind the City to the fullest extent permitted by law, provided, however, that the Sports Facility Manager shall not have the legal authority to bind the City to financial obligations without the prior approval of City's governing body.

9.5 Personnel. The City shall provide such level of qualified and properly trained personnel to perform its obligations under Section 9.2.

9.6 Capital Expenditures. The Consulting Engineer shall, by November 1 of each calendar year during the Term, submit to the parties his recommendation as to what capital repairs, refurbishments, restorations, replacements and upgrades are to be done currently and schedule those to be done in the future, which are necessary, in the judgment of the Consulting Engineer, in order for the City to fulfill its obligations under this Section 9. On December 1 of each calendar year during the Term the City shall furnish to The Phillies a capital expenditure schedule prepared by the City, with due regard to such recommendations, setting forth in detail the projected capital repairs and improvements expenditures scheduled for the following calendar year and shall appropriately budget any amounts necessary to do so. The Phillies shall be afforded the right to have input in the preparation of such schedule and it shall be subject to The Phillies' approval, which shall not be unreasonably withheld.

9.7 Action by The Phillies. Without limiting The Phillies' rights under Section 17, if The Phillies in good faith determines that any portion of the Sports Facility (excluding only the playing fields) is not being maintained and/or repaired by the City in accordance with the standards and requirements set forth in Sections 9.2, 9.3 and 9.6, The Phillies shall have the right, but not the obligation, to advance funds for or otherwise provide appropriate maintenance and/or repair, subject to the following provisions:

9.7.1 Notice Practicable. If practicable, The Phillies shall give written notice to the City specifying the nature of the required work, and the date by which The Phillies reasonably considers it necessary to commence such work following its receipt of such a notice:

(i) The City may commence such work prior to the date and time so specified by The Phillies and prosecute the same diligently to completion; if the City does so, The Phillies shall not undertake such work itself.

(ii) If the City disputes whether the requested work required to fulfill the City's obligations under this Agreement, the City shall so inform The Phillies in writing prior to the date and time specified by The Phillies in its notice. If the City gives timely notice, the dispute shall be submitted to Expedited ADR prior to the date and time specified by The Phillies in its notice.

(iii) If (a) the City does not commence such work prior to the date and time specified by The Phillies and prosecute the same diligently to completion, or (b) the City fails to give timely notice of a dispute, or (c) it is not practicable to submit the matter to Expedited ADR prior to the date and time specified by The Phillies in its notice, then in any such event, The Phillies may commence the work necessary to remedy the matter on an emergency basis and prosecute the same diligently to completion.

9.7.2 Emergency. If The Phillies in good faith determines that the work must be performed on an emergency basis (that is, it must be performed in order to prevent an imminent danger to health or safety or it is otherwise not practicable to give notice provided in this Section 9.7), then The Phillies may commence work to remedy the matter on an emergency basis and prosecute the same diligently to completion.

9.7.3 Payment to The Phillies. The City shall promptly reimburse The Phillies on demand for any amounts expended pursuant to this Section 9.7 (including interest at the Default Rate from the date that is 30 days after the date of demand until paid if such amount is not paid by the 45th

day following the date of demand). If the City disputes that the work was required to fulfill the City's obligations hereunder, Expedited ADR shall be convened to resolve the dispute.

(i) If and to the extent it is determined by Expedited ADR that work was not required to fulfill the City's obligations hereunder, then The Phillies shall not be entitled to any reimbursement for any sums expended by The Phillies.

(ii) If and to the extent it is determined by Expedited ADR that the work was required to fulfill the City's obligations hereunder, then the City shall immediately reimburse The Phillies for all sums expended by The Phillies on the work, plus interest at the Default Rate.

9.8 Surrender. At the termination of this Agreement, by lapse of time or otherwise, The Phillies shall surrender possession of the Sports Facility to the City and deliver all keys or such other access equipment or devices. In addition, The Phillies shall remove The Phillies' furniture, trade fixtures and other items of movable personal property of every kind and description from the Sports Facility and restore any damage caused thereby, such removal and restoration to be performed prior to the end of the Term or within sixty days following any earlier termination of this Agreement. If The Phillies fail to remove any such items, the City may do so, and The Phillies shall pay to the City upon demand the cost of removal and of restoring the Sports Facility. All obligations of The Phillies under this Section shall survive the expiration of the Term or sooner termination of this Agreement.

10. Alterations and Additions by The Phillies.

10.1 Minor Improvements. The Phillies shall have the right (following reasonable notice thereof to the City for its information only), but not the obligation, to make minor improvements to the Phillies Exclusive Use Areas without City's approval, consisting of any work, installation,

construction or the like which does not require a permit from any federal, state or local governmental agency (e.g., installation of additional shelving in the Office).

10.2 All Other Improvements. Except for the "minor improvements" described in Section 10.1, The Phillies shall not construct any improvements on or otherwise alter, change or improve any part of the Sports Facility, without the prior written consent of the Sports Facility Manager, upon such terms and conditions as he may reasonably deem necessary. Requests by The Phillies to construct any such improvements on or otherwise to alter, change or improve any part of the Sports Facility shall be presented to the Sports Facility Manager in written form and he shall act thereon within a reasonably prompt time. If the Sports Facility Manager gives his consent to The Phillies' undertaking such work (which consent shall not be unreasonably withheld), the consent shall be deemed conditioned upon The Phillies' acquiring any necessary permit to do so from applicable governmental agencies, furnishing a copy thereof to the Sports Facility Manager prior to the commencement of the work and complying with all conditions of said permit in a prompt and expeditious manner.

10.3 Ownership of Such Improvements. All improvements, alterations or other changes made by The Phillies to any part of the Sports Facility pursuant to this Agreement, other than that which is so affixed to the Sports Facility that it cannot be removed without material damage to it, shall remain the personal property or equipment of The Phillies and may be removed by The Phillies upon expiration or termination of this Agreement provided that The Phillies restore and repair any damage caused by the removal.

10.4 No Limitation. Nothing in this Section 10 shall in any way limit or reduce the obligation of the City to maintain the Sports Facility as provided in Section 9 and elsewhere in this Agreement.

11. Taxes.

11.1 Possessory Taxes. It is the intent of the parties that the Sports Facility (land and improvements) shall be exempt from any and all real property ad valorem taxes and from payments in lieu of such taxes throughout the Term. However, should all or any part or parts of the Sports Facility become subject to any such taxes, then the parties shall each cooperate and use their respective best efforts (i) to cause Pinellas County to return its share of any such taxes and (ii) to secure legislation exempting the Sports Facility from such taxes. In the interim, The Phillies and the City shall each pay one-half of any such taxes, net of any City ad valorem real property taxes, which shall be paid by City. Any such payments by The Phillies are herein referred to as the "Phillies Possessory Tax Share."

11.2 Tax Protection. The City shall throughout the Term hold The Phillies harmless from all other local (as opposed to Federal, State or County) taxes (except for income, sales and like taxes of general application), including without limitation amusement/ticket taxes, any increase in the sales tax rate applicable to tickets, use and occupancy taxes and surcharges on the Stadium or Sports Facility-derived revenues.

12. Insurance.

12.1 Liability Insurance.

12.1.1 Phillies Non-Property Coverage. The Phillies shall maintain at its expense during the Term of this Agreement the following insurance:

(i) Commercial general liability (including athletic participants coverage) against claims for bodily injury, personal injury and property damage based upon, involving or arising out of the use of the Sports Facility and all areas appurtenant to it. Such insurance shall be on an occurrence basis, providing coverage in an amount not less than \$5,000,000 per occurrence, and not less than \$5,000,000 general aggregate (per location), and not less than \$5,000,000 coverage for products and completed operations liability, and not less than \$5,000,000 coverage for personal and advertising injury, with deductibles of up to \$100,000 per person and \$200,000 per occurrence..

(iv) Garagekeepers legal liability coverage in the amount of \$1,000,000.

12.1.2 City's Non-Property Coverage. The City shall maintain at its expense during the Term of this Agreement the following non-property insurance:

(ii) Workers' Compensation: Statutory workers compensation coverage per occurrence with self-insured retention of \$500,000.

12.2 Property Coverage. The City shall maintain at its expense during the Term of this Agreement the following property related insurance:

12.2.1 Property insurance for 100% of full replacement value of the Sports Facility (including all improvements and personal property), with deductibles not exceeding \$50,000 per occurrence against loss by so-called "all risk" perils, including but not limited to fire, extended coverage, storm (including without limitation wind, flood and hurricane coverage), boiler and machinery, vandalism, malicious mischief, flood and earthquake. Such insurance is to contain a replacement cost endorsement, and endorsements eliminating any and all coinsurance provisions.

12.2.2 For any work of construction conducted on the Site by or at the direction of the City, builder's risk insurance with the same limits and coverages as set forth in Subsection 12.2.1, provided that at the City's election, such insurance may be maintained by the contractor(s) performing the construction work at the Sports Facility.

12.2.3 City Property Self-Insurance or Self-Funding. Any provision of this Agreement to the contrary notwithstanding, while the City shall maintain insurance coverage and limits as provided for in this Agreement, parties hereto specifically agree that the City may do so by self-insurance and/or by purchase at the sole option of the City. To the extent required by the terms of this Agreement, insurance coverage and limits shall be evidenced by delivery to The Phillies of letters of self-insurance or self-funding executed by the City's Risk Manager, or by certificates of

insurance executed by either the agent for the insurers or the insurers or by copies of policy declaration pages. Such letters, certificates, and policy declaration pages shall list coverage (including the amount of insurance per claim and per occurrence, any gap in coverage, and the amount of the excess insurance) and policy limits with expiration dates and major policy terms and endorsements.

12.3 General. All insurance policies obtained pursuant to this Section 12 shall: (i) be with companies legally authorized to do business in the State of Florida and which possess a minimum rating of A- or better and a minimum class VIII financial size category (as listed at the time of issuance by A.M. Best Insurance Reports), which are reasonably acceptable to the other parties; and (ii) shall name as an additional insured each other party and such Affiliates of that party as it shall reasonably request. Upon commencement of the Term, each party shall furnish or cause to be furnished to the other party a certificate of insurance evidencing all such insurance policies. Renewal certificates shall be delivered by each party to the others at least ten days prior to the expiration of any policy of insurance. No such policy shall be cancelable or subject to reduction of coverage except after thirty days' prior written notice to all parties hereto.

12.4 Remedies. If any party fails to obtain, keep in force or provide evidence of any of the insurance policies or self-insurance coverage required by this Section 12, the other party may give written notice to the defaulting party, and the defaulting party shall have until the earlier of (i) five days after its receipt of such notice, or (ii) regardless of whether notice shall have been given, one day before the date the required insurance will lapse, to cure the default. If the default is not cured within such period, then the other parties shall have the remedies set forth in Section 17.

12.5 Waiver of Subrogation. Each party hereby releases and relieves the other party, and

waives its entire right of recovery against the other party, for direct or consequential loss or damage arising out of an incident to the perils covered by any insurance carried by the other party or which would have been carried had such other parties fulfilled their obligations hereunder to carry insurance, whether or not due to the negligence of the released party or its agents, employees, contractors or invitees. If necessary, all property insurance policies required by this Agreement shall be endorsed to so provide.

13. Indemnification. The indemnifications provided for in this Section 13 shall relate only to the extent that the liability in question has not produced insurance proceeds to the indemnitee.

13.1 By The Phillies. Subject to Section 12.5, The Phillies agrees to and will at all times defend, indemnify, save and hold the City and their Affiliates, and their respective elected officials, officers, agents, employees, successors and assigns harmless, on a current basis, for, from and against any and all damages, liabilities, claims, demands, expenses and costs of every kind and nature, including reasonable attorney's fees, costs of investigation and discovery, and all court costs, arising out of:

13.1.1 Injury to or death of persons (including personnel or employees of the City or The Phillies), and damage to any and all property, including loss of use thereof, resulting from or in any manner arising out of any willful and wanton or grossly negligent act or omission of The Phillies or any Affiliate of The Phillies or any of their respective agents, officers or employees, in connection with the operation or use of the Sports Facility.

13.1.2 Any breach or default in the performance of any obligation on The Phillies' part to be performed under the terms of this Agreement.

The foregoing indemnification obligations of The Phillies shall not extend to liabilities caused, in whole or in part, by any willful, wanton, or grossly negligent act or omission of the City or any of its agents, officers or employees to the extent such act or omission caused the liability and shall survive the termination of this Agreement for all acts committed or omissions made prior to the effective date of the termination of this Agreement.

13.2 By the City. Subject to Section 12.5, the City, to the extent permitted by applicable law, including, but not limited to Section 768.28, Florida Statutes, agrees to and will at all times defend, indemnify save and hold The Phillies and its Affiliates and their respective employees, agents, officers, directors, shareholders, partners, successors and assigns, harmless, on a current basis, for, from and against any and all damages, liabilities, claims, demands, expenses and costs of every kind and nature, including reasonable attorneys' fees, costs of investigation and discovery, and all court costs, arising out of:

13.2.1 Injury to or death of persons (including personnel or employees of the City or The Phillies), and damage to any and all property, including loss of use thereof, resulting from or in any manner arising out of or in connection with any willful, wanton or grossly negligent act or omission of the City or any Affiliate of City or any of their respective agents, officers or employees, in connection with the operation or use of the Sports Facility to the extent such act or omission caused the injury.

13.2.2 Any breach or default in the performance of any obligation on the City's part to be performed under the terms of this Agreement.

The foregoing indemnification obligations of the City shall not extend to liabilities caused by any willful, wanton, or negligent act or omission of The Phillies or any Affiliate of The Phillies

or any of their respective agents, officers or employees to the extent such act or omission caused the liability and shall survive the termination of this Agreement for all acts committed or omissions made prior to the effective date of the termination of this Agreement.

13.3 Procedure for Indemnification -- Third Party Claims.

13.3.1 Promptly after receipt by an indemnified party under Sections 12.1 or 12.2 of notice of a claim against it ("Claim"), such indemnified party shall, if a claim is to be made against an indemnifying party thereunder, give notice to the indemnifying party of such Claim, but the failure to notify the indemnifying party will not relieve the indemnifying party of any liability that it may have to any indemnified party, except to the extent that the indemnifying party demonstrates that the defense of such action is prejudiced by the indemnified party's failure to give such notice.

13.3.2 If any Claim is made against an indemnified party and it gives notice to the indemnifying party of such Claim, the indemnifying party will be entitled to participate in the defense of such Claim and, to the extent that it wishes (unless (i) the indemnifying party is also a party to such Claim and the indemnified party determines in good faith that joint representation would be inappropriate, or (ii) the indemnifying party fails to provide reasonable assurance to the indemnified party of its financial capacity to defend such Claim and provide indemnification with respect to such Claim), to assume the defense of such Claim with counsel satisfactory to the indemnified party and its insurers and, after notice from the indemnifying party to the indemnified party of its election to assume the defense of such Claim, the indemnifying party will not, as long as it diligently conducts such defense, be liable to the indemnified party under such Section for any fees of other counsel or any other expenses with respect to the defense of such Claim in each case subsequently incurred by the indemnified party in connection with the defense of such Claim, other

than reasonable costs of investigation. If the indemnifying party assumes the defense of a Claim (i) no compromise or settlement of such claims may be effected by the indemnifying party without the indemnified party's consent unless (a) there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other Claims that may be made against the indemnified party, and (b) the sole relief provided is monetary damages that are paid in full by the indemnifying party and (b) the indemnifying party will have no liability with respect to any compromise or settlement of such claims effected without its consent. If notice is given to an indemnifying party of a Claim and the indemnifying party does not, within thirty days after the indemnified party's notice is given (or such lesser period of time as may be necessary to avoid a Default on such Claim), give notice to the indemnified party of its election to assume the defense of such Claim, the indemnifying party will be bound by any determination with respect to said Claim or any compromise or settlement effected by the indemnified party.

13.3.3 Notwithstanding the foregoing, if an indemnified party determines in good faith that there is a reasonable probability that a Claim may adversely affect it or its Affiliates other than as a result of monetary damages for which it would be entitled to indemnification under this Agreement, the indemnified party may, by notice to the indemnifying party, assume the exclusive right to defend, compromise, or settle such Claim, but the indemnifying party will not be bound by any determination of a Claim so defended or any compromise or settlement effected without its consent (which may not be unreasonably withheld).

13.4 Procedure for Indemnification -- Other Claims. A claim for indemnification for any matter not involving a third-party claim may be asserted by notice to the party from whom indemnification is sought.

14. Damage or Destruction.

14.1 Decision to Rebuild. In the event that the Sports Facility or any part thereof is damaged or destroyed by fire, flood or other similar or dissimilar cause whatsoever, the City shall promptly commence and thereafter diligently proceed to repair and rebuild the Sports Facility to its condition immediately prior to such damage or destruction, provided, however, if such damage or destruction involves the entire Sports Facility or any substantial part thereof and occurs less than five years prior to the end of the Term, the City may elect to terminate this Agreement unless The Phillies agree to (i) exercise the option to renew provided for in Section 3.3 hereof (in which event, if necessary, the one-year notice period for exercising such option shall be waived), or (ii) if the option to renew has already been exercised, The Phillies and the City agree to extend the Term by at least five years. In the event that such damage or destruction is of such an extent as would substantially and adversely affect The Phillies' activities at the Sports Facility, the City shall use its best efforts to provide to The Phillies the use of alternate first class MLB spring training facilities, in reasonable proximity to the Sports Facility, on a basis that preserves to The Phillies the net benefit of the economic terms of this Agreement and that affords business interruption protection to The Phillies against lost revenues. If the City meets the requirements of the next preceding sentence and has been and remains in substantial compliance with its obligations under the first sentence of this Section 14.1, then The Phillies shall use those alternate facilities during the period of interruption and, for each full Spring Training Season during the initial 20-year portion of the Term hereof that such use continues, that initial term shall be extended by one year.

14.2 Failure To Repair. If the City is obligated to repair or rebuild the Sports Facility under the provisions of this Section 14 and does not commence such repair or rebuilding within

ninety days after the occurrence of the damage or destruction, or if the City commences such repair or rebuilding but do not prosecute the same diligently to completion, then the City shall be deemed to be in Default under this Agreement and The Phillies shall have the rights and remedies set forth in Section 17.

14.3 Phillies Option to Rebuild or Repair. In the event the City fails to commence such repairs or rebuilding within 90 days of the occurrence of the casualty, The Phillies shall have the right, but not the obligation, to undertake such repairs or rebuilding. In the event The Phillies so undertake such repairs or rebuilding, The Phillies shall be entitled to reimbursement of the actual costs thereof by the City as incurred, within 45 days of all invoices therefor, with interest thereafter at the Default Rate.

15. Condemnation.

15.1 Total Taking. In the event the entire Sports Facility is appropriated or taken under the power of eminent domain, or sold under threat thereof (all of which will be referred to as a "condemnation"), by any public or quasi-public authority, The Phillies shall have the option to terminate this Agreement as of the date the condemning authority takes title or possession, whichever first occurs. The Phillies shall have no claim to the award in condemnation for the City's interest in the Site and Sports Facility; provided, however, that The Phillies shall have a claim to the portion of the award in condemnation that represents compensation for the taking of the interest of The Phillies under this Agreement, including without limitation its right to retain net revenues from the operation thereof.

15.2 Partial Taking. In the event that only a portion of the Sports Facility is condemned, this Agreement shall terminate as to the part so taken as of the date the condemning authority takes

title or possession, whichever first occurs; provided, however, that if so much of the Sports Facility is taken by such condemnation as would substantially and adversely affect The Phillies' operations at the Sports Facility, The Phillies shall have the option, to be exercised in writing within one hundred eighty days after the City shall have given The Phillies written notice of the condemnation (or in the absence of such notice, within one hundred eighty days after the condemning authority shall have taken possession), to terminate this Agreement as of the date the condemning authority takes such possession. If The Phillies does not give timely notice to terminate, this Agreement shall remain in full force and effect as to the remainder of the Sports Facility that is suitable for the use then being made of the Sports Facility by The Phillies; if and so long as The Phillies deem it advisable, The Phillies may utilize alternative facilities; and the City shall, to the extent of condemnation proceeds received by it, acquire or add adjacent property and construct additional Improvements with reasonable diligence, in order to restore the Sports Facility as nearly as possible to the condition immediately before the condemnation. Whether this Agreement terminates or continues in full force or effect, The Phillies shall have no claim to the award in condemnation for the City's interest in the Sports Facility; provided, however, that The Phillies shall have a claim to the portion of the award in condemnation that represents compensation for the taking of the interest of The Phillies under this Agreement, including without limitation its right to retain net revenues from the operation thereof.

15.3 Failure To Repair. If the City is obligated to make the Sports Facility suitable for use by The Phillies following a condemnation under the provisions of this Section 15 and does not commence to acquire or add adjacent property or construct additional Improvements necessary to do so within ninety days after the date of the condemnation, or if the City commences such

acquisition or construction but does not prosecute the same diligently to completion, the City shall be deemed in Default under this Agreement and The Phillies shall have the rights and remedies set forth in Section 17.

15.4 Phillies Option to Rebuild or Repair. In the event the City fails to commence such repairs or rebuilding within 90 days of the occurrence of the condemnation, The Phillies shall have the right, but not the obligation, to undertake such repairs or rebuilding. In the event The Phillies so undertake such repairs or rebuilding, The Phillies shall be entitled to reimbursement of the actual costs thereof by the City as incurred, within 45 days of all invoices therefor, with interest thereafter at the Default Rate.

16. Assignment.

16.1 Assignment by The Phillies. The Phillies shall not sell, assign, encumber, pledge, or otherwise transfer all or any portion of its interest in this Agreement without the prior written consent of the City, except as follows:

16.1.1 The Phillies shall have the right to transfer all of its rights and obligations under this Agreement to any Person that shall thereafter own the MLB franchise now held by The Phillies; provided, however, that such transferee shall assume the obligations of The Phillies under this Agreement; and provided, further, that MLB approves the transfer of such MLB franchise to such transferee and the City has been provided with satisfactory evidence of such assumption and approval.

16.1.2 The Phillies shall also have the right to transfer its interest in this Agreement freely to another MLB club; provided, however, that such transferee shall assume the obligations of The Phillies under this Agreement.

16.1.3 No transfer under this Section 16 shall release The Phillies from any pre-existing liabilities under this Agreement, including, but not limited to any indemnification obligations of The Phillies which arise prior to the date of such transfer.

16.2 Assignment by City. The City shall have the right to assign certain rights under this Agreement to a non-profit organization controlled by the City, provided that such assignment will not affect The Phillies rights and remedies against the City under this Agreement and the City shall at all times remain primarily liable for their obligations hereunder. Except as aforesaid, the City may not assign its rights and duties under this Agreement without the consent of The Phillies.

17. Default.

17.1 Default. If any party hereto (the "Defaulting Party") shall fail to perform any of its obligations under this Agreement, then the Party not in default (the "Non-Defaulting Party") shall provide notice of such failure to the Defaulting Party and afford the Defaulting Party a grace period to cure said failure, as follows:

17.1.1 Where a grace period is specifically provided for in any section of this Agreement, that specific grace period shall apply.

17.1.2 Where a grace period is not specifically provided for in any other section of this Agreement, the Defaulting Party shall afford the Non-Defaulting Party a grace period of (i) five business days to cure monetary failure; and (ii) thirty days to cure any non-monetary default, provided, however, that if any non-monetary failure cannot be cured within such thirty day period, the Defaulting Party shall be afforded such additional time as shall be reasonably required to cure such failure, if the Defaulting Party has commenced the appropriate cure within said initial thirty day period and thereafter proceeds with reasonable diligence to cure said failure.

17.1.3 If any failure to perform shall not have been cured by the expiration of the applicable grace period, then a "Default" shall be deemed to have occurred and the Non-Defaulting Party shall have the rights and remedies set forth below.

17.1.4 Termination of this Agreement.

17.2 Non-Defaulting Party's Rights and Remedies. If a Default shall occur, the Non-Defaulting Party shall have the right (but not the obligation):

17.2.1 To cure such default on behalf of the Defaulting Party, in which event the Defaulting Party shall immediately reimburse Non-Defaulting Party for all sums paid by it to effect such cure, together with interest thereon at the Default Rate; and

17.2.2 To collect all sums paid by it to effect such cure, together with interest thereon at the Default Rate, by set off against all sums next-to-become-due to the Defaulting Party under this Agreement.

17.3 Cumulative Rights. The remedies heretofore described in this Section 17 shall be in addition to any other remedy the Non-Defaulting Party may have at law and in equity in the event of a Default, including without limitation:

17.3.1 An action to recover monies then due and owing from the Defaulting Party, together with interest thereon at the Default Rate from the date on which such monies were due;

17.3.2 An action for specific performance of non-monetary covenants and agreements on the part of the Defaulting Party; and/or

17.3.3 An action for recovery of all actual losses, costs and reasonable attorneys' fees incurred by the Defaulting Party in connection with the default.

17.4 Injunctive Relief. Without limiting any other remedies of the City on account of a Default by The Phillies hereunder, The Phillies further acknowledges that the City will be irreparably harmed if The Phillies violate this Agreement by the transfer, move or other relocation of The Phillies' spring training activities to, and/or the playing of Home Games at, any locations other than the Sports Facility during the Term otherwise than as provided or permitted by this Agreement. Accordingly, The Phillies hereby agree that in the event of such a violation or threatened violation of this Agreement, the City shall be entitled to seek and obtain, and The Phillies hereby consent to the entry of, a temporary restraining order, together with preliminary and permanent injunctive relief, from any court of competent relief to enjoin any such violation or threatened violation. The Phillies waive any requirement that the City post a bond or other security in connection with such injunctive relief. In the event of such attempted or actual transfer, move or other relocation of The Phillies' spring training activities to, or the playing of Home Games at, any location other than the Sports Facility, and City is not able to obtain the injunctive relief provided for in this Section 17.4, the City shall be entitled, at its option, to seek monetary damages.

17.5 Emergency. Nothing in this Section 17 shall be deemed to limit The Phillies' right to take action in emergencies pursuant to Section 9.7

18. Legal Opinions.

18.1 By the City. Concurrently with the execution and delivery of this Agreement, the City has provided to The Phillies an opinion of its City Attorney advising The Phillies that (i) the City is a duly organized and existing municipal corporation of the State of Florida and is authorized to enter into and perform under this Agreement, (ii) execution of this Agreement by the City is duly authorized, (iii) all notices required by Florida law and all necessary action required for the execution

Any such statements may be conclusively relied

upon by any prospective purchaser or encumbrancer of The Phillies or of its interests herein and by any bond holders, underwriters and financiers of the City.

19.2 Consents. Whenever a party's approval, permission, concurrence, consent or satisfaction is required under this Agreement, such approval, permission, concurrence, consent or satisfaction shall not be unreasonably withheld or delayed, except as and to the extent expressly provided to the contrary in this Agreement; provided, however that neither party shall be required to waive a Default hereunder.

19.3 Additional Instruments. The parties agree to execute and deliver any instruments in writing, necessary to carry out any agreement, term, condition or assurance in this Agreement, whenever the occasion shall arise and reasonable request for such instrument shall be made. Any amounts owing from one party to the other party under this Agreement and not paid when due shall bear interest from and after the due date at the Default Rate until paid, provided however, that no such interest shall accrue on any City obligation to pay until the expiration of 45 days after the date such payment is due.

19.15 Waivers. No waiver of any provision hereof shall be deemed a waiver of any other provision hereof or of any subsequent right by any party under the same or any other provision.

19.16 Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive, but shall, wherever possible, be cumulative with all other remedies at law or in equity.

19.17 Right of Offset. Each party hereto, without waiving its rights under Section 17, shall be entitled to set off against sums due from it hereunder to any other party any amounts owing to it (including Default Interest if any) by such other party.

The Phillies and the City hereby agree that The Phillies will provide trade out value in marketing programs to match the financial contributions made by Pinellas County toward the funding of the Sports Facility. EXHIBIT A

All claims, demands, disputes, controversies and differences that may arise under this Agreement between the parties, concerning any controversies under the Sections of this Agreement making reference to the use of Expedited ADR shall be resolved by Alternative Dispute Resolution as set forth below:

1. Disputes submitted to Expedited ADR hereunder will be conducted before a "Panel" designated in the manner provided in Section 2 below. The decision of the Panel will be final and binding upon the parties as to all matters in dispute and will be enforceable by a court of competent jurisdiction. The rules of the American Arbitration Association will be used for guidance in establishing procedures for the arbitration, but their use will not be mandatory unless the parties are unable to agree on an alternative body of rules.

2. In the case of disputes involving construction matters at the Sports Facility, the Panel will consist of three persons selected by the parties from a list of twenty-one persons with at least ten years experience in the construction business furnished by the Florida Chapter of the American Arbitration Association. In the case of disputes involving operations at the Sports Facility, the Panel will consist of three persons selected by the parties from a list of eleven persons, each of whom must have at least ten years of experience in the stadium/arena management business furnished by the Florida Chapter of the American Arbitration Association. The Panel of three will be selected from such list by the mutual agreement of the parties. If, within three days following the day on which the list is furnished to the parties, the parties are unable to agree on the composition of the Panel, then representatives of the parties will meet promptly and the following procedures will be used: The Phillies will strike the name of a person on the list. Within fifteen minutes thereafter, the Public Bodies will strike a name from the list. At fifteen minute intervals thereafter, each party will strike a name from the list. If a party fails to strike a name within the allotted time period, it will forego its turn to strike a name. The last three names on the list will constitute the Panel.

3. Within thirty days following the appointment the Panel as provided for above, the Panel shall hold a hearing which hearing shall be held at Tampa, Florida, or at any other place agreed to by the parties involved.

4. The Public Bodies or The Phillies may join any other party to the arbitration which is needed for just adjudication. The standard for joinder of any other party shall be that provided under Rule 19 of the Florida Rules of Civil Procedure.

5. If the Panel determines that either party's position in the dispute was without merit, such party will pay the other party's reasonable attorneys' fees and costs related to the arbitration, including the costs and fees of the Panel, fees to the American Arbitration Association and other costs of such arbitration otherwise payable by such party in the arbitration proceedings. In all other

cases, the parties will share equally the costs of such arbitration and will pay their own attorneys' fees.

6. At least ten days prior to the hearing, the parties shall meet and exchange exhibits and pre-hearing statements and stipulate and agree on non-disputed facts. No exhibit shall be admitted unless listed on the pre-hearing statement and exchanged between the parties. No witness may be presented unless indicated on the pre-hearing statement or unless produced for rebuttal purposes. Prior to or at the hearing, each party shall submit a memorandum not to exceed five pages outlining the relevant issues for the Panel. At the hearing, the laws of evidence of the State of Florida shall apply, and the Panel shall allow each party to present that party's case, evidence and witnesses and render its award, including a provision for payment of attorneys' fees and costs of arbitration to be paid by one or both of the parties to this Agreement, as the Panel deems just.

RE: Annual Report

To Whom It May Concern,

I have reviewed the requirements of the application that the City filed in 2015, and also The Spring Training Program Agreement dated October 20, 2016 (Program Agreement) with regard to the continuing requirements for Grant eligibility. I have also reviewed the City's records with regard to the use of the Grant funds, the City's expenditure as its match for Grant funds, other financial reporting of the City of Lakeland, and the existing lease documents related to Lakeland's long-term facility lease with the Detroit Tigers. Based on the foregoing, I am able to verify that the City of Lakeland is in compliance with all statutory requirements and the requirements of the Program Agreement as of the date hereof.

If you have any questions, please feel free to contact me.

Sincerely,

Palmer C. Davis

To Whom It May Concern,

I have reviewed our previous correspondence, the City's existing records, and provide this as part of the City's reporting obligation.

Based on the foregoing, I can advise that the representations in our application remain true and correct as stated. Therefore, it is my opinion that the City continues in compliance with all of the grant requirements contained in Fla. Stat. 288.11631 (2)(a)1-6.

I have also reviewed any concession contracts related to the facility and determined that there are no concession agreements or service contracts with the applicant that would implicate Fla. Stat. 288.1167. Also, the Detroit Tigers have a contractual obligation to comply with all DEO requirements that are imposed on the City. In so doing, contracts awarded are based on the same terms and conditions and in accordance with the goals set forth in Fla. Stat. 287.09451. Most tasks are performed by City or team forces, so there is no need for service contracts with the facility.

I hope this has been responsive to your request.

Sincerely,

Bob Donahay
Parks & Recreation Director
City of Lakeland

Lakeland, FL 33801

Mr. Donahay:

For the third year in a row the spring training season was a challenging one, not just in Lakeland, but for all teams. After the cancellation of half the season in 2020 because of Covid-19, the 2021 season was severely restricted by Major League Baseball, we lost close to half the 2022 season because of the lockout. Which resulted in some of the lowest numbers ever, however, was close to double the attendance from 2021. Fortunately, the strong partnership that exists between the City of Lakeland, the Detroit Tigers and Polk County Tourism and Sports Marketing (PCTSM) is still going strong. It is our pleasure to assist you with a review of the benefits generated by the Detroit Tigers and their impact on Lakeland and Polk County. PCTSM is the official destination marketing organization and sports commission for Polk County, Florida and regularly evaluates the impact of events held in our community.

Our community and the Detroit Tigers continue to enjoy the longest relationship between a team and Spring Training city. For more than 85 years, the Detroit Tigers have called Lakeland home for their spring training. In addition, the Lakeland Flying Tigers and the Detroit Tigers minor league operations are all based in Lakeland. The Tiger's organization has made a strong commitment to our community year-round.

As always, the exact impact depends upon many factors that can create a swing in any year, and this season had a huge swing as the start was delayed, the number of games were significantly restricted, and the traditional spring training time frame was pushed back. In the Grapefruit League the Tigers finished a solid 7th place for average attendance and 6th place for total attendance. While the total and averages were a far cry from "normal" numbers, the tourist development tax collected in March of 2022 broke the record for a single month and with games being pushed further into April, the tourist development tax collected for April 2022 broke the all-time April record and became the second highest single month all-time. This does not happen unless there are Tiger visitors, even if they could not attend as many games as they normally do. Many Tigers fans already had their plans to visit Lakeland and despite the lockout changing the schedule, we know that many of those fans came to visit anyway.

In addition, PCTSM and the Tigers hold several events throughout the year including the Florida Junior College State Championships, Tigers Fantasy Camp, visiting Florida State League teams, Tigers Minor League coaches, organizational meetings, showcase events, and is the headquarters for the Detroit Tigers Draft. All of which create a positive impact for our community.

Major League Baseball and specifically, the Detroit Tigers Spring Training, has been, is currently, and will always be an extremely beneficial investment for Lakeland and Polk County.

I am happy to provide any additional information if needed

Sincerely,

The funds for the Felzer Project shall not come from the Project Bond funds.

The Tigers may not settle any suit, action or claim to which an indemnification obligation applies without the prior written approval of the City, which approval shall not be unreasonably withheld or delayed.

C. The Tigers shall maintain insurance with a company or companies reasonably acceptable to the other, which company or companies shall have at least an AM Best rating of A-. The Tigers agree to maintain insurance policies as follows:

- A. **The City shall insure the Leased Premises against damage or destruction by fire or other casualty under an all risk property form applicable to the Leased Premises. The City shall ensure that the Leased Premises are covered for 100% replacement value. If any part of either of the Leased Premises is damaged or destroyed by fire or other casualty insured under the all-risk property form applicable to the Leased Premises, and the Leased Premises are unavailable for more than one (1) Spring Training Season, then the Tigers may terminate this Lease by written notice to the City within one hundred twenty (120) days**

after the later date of such damage or destruction or unavailability of the Leased Premises, is known by the Tigers. In the event the Tigers elect to terminate the Lease, each Party shall be entitled to the proceeds of any insurance it has procured, there shall be an abatement of all monies due hereunder, and the Tigers shall be entitled to 50% of any Capital Improvements Fund available as of the date of such damage or destruction. - C. If either of the Leased Premises is damaged or destroyed by fire or other casualty and the Leased Premises are unavailable for less than one Spring Training season during the Term, the City shall promptly repair and rebuild the Leased Premises. In such event, all Tigers obligations hereunder shall be suspended during the period of time for which the Leased Premises are unavailable.
- D. If during any period the Leased Premises are unavailable, the Tigers must find an alternative location for Spring Training, the City shall make reasonable efforts, if requested by the Tigers, to secure a temporary, substitute Spring Training Facility for the Tigers, which satisfies the reasonable needs of the Tigers to conduct Spring Training activities.
- E. Except to the extent provided for in this paragraph or elsewhere in this Lease, neither the monies payable by the Tigers nor any of the Tigers other obligations under any provisions of the Lease shall be affected by any damage to or destruction of the Leased Property by any cause whatsoever.

- F. The City and the Tigers, on behalf of themselves and all others claiming under them (including any insurer) waive all claims, demands, or rights of indemnity that either of them may have against the other (including all rights of subrogation) arising out of damage to any property, real or personal, resulting from fire or other casualties, no matter what the cause thereof may be. The parties waive their respective rights, as set forth herein, because adequate insurance is to be maintained by each of them to protect themselves against all such casualties and they have obtained or agree to obtain from their insurance carriers appropriate "waiver of subrogation" provisions in all such policies of insurance.

26. DISPUTE RESOLUTION.

- C. The arbitration shall be expedited to completion within ninety (90) days after notice of electing to arbitrate sent by one Party to the other Party. Both Parties shall agree in good faith to cooperate and facilitate the completion of the arbitration within said ninety (90) day period.
- D. In the event the Parties are unable to agree on a single arbitrator within thirty (30) days of the notice of electing to arbitrate, each Party shall within ten (10) business days thereafter select an arbitrator from a panel of eligible arbitrators provided by AAA and thereafter the two selected

arbitrators shall select a third arbitrator.

- E. If the arbitrator (or if a panel is selected) feels that he or she requires input from third party consultants, the arbitrator shall be entitled to hire any such consultant provided that such consultant is unbiased and has no relationship with either Party. The cost of the arbitration, including all fees and expenses of the arbitrator, shall be borne or apportioned in accordance with the award of the arbitrator.
- F. Discovery in the arbitration will be conducted in accordance with the Florida Rules of Civil Procedure.
- G. After all the evidence has been presented and the hearing has concluded, the arbitrator shall issue an award within thirty (30) days. A judgment upon that award shall be enforceable in any court having jurisdiction of such matters in the State of Florida.

27. SUSPENSION OF PLAY.

If for any reason beyond the reasonable control of the Parties, including without limitation, as a result of any act of nature or force majeure, national emergency, state of war, or because of a labor strike, lock-out, or other cause of similar nature, the Leased Premises are unavailable for an entire Spring Training Season shall be regarded as suspended for the period of unavailability without liability to either Party, and the Term shall be extended for one (1) additional calendar year so long as the period of unavailability is no more than one (1) Spring Training Season during the Term. If the Leased Premises shall be unavailable for more than one Spring Training Season during the Term, the Tigers shall have the right to terminate the Lease subject to the requirements of Section 30.

WHEREAS, the City is the owner and operator of The Joker Marchant Stadium Complex, a public facility located at 2101 Lakeland Hills Boulevard, Lakeland, Florida 33805 that is comprised of Joker Marchant Stadium, Two Batting Cages, Weight Room, Major League Locker Room, Minor League Clubhouse, Fetzet Hall Dormitories, Cafeteria, and Recreation Hall, Tigers Administration Building, 5.5 Practice Fields, Bunting and drills field, Long woods, Maintenance and Storage Building (the "Complex"); and

WHEREAS, the Complex is a "professional sports franchise facility" and a "retained spring training franchise facility" within the meaning of Section 125.0104(3)(f), Florida Statutes, and a "Facility" within the meaning of Sections 288.11623(1)(d) and 288.11631(1)(d), Florida Statutes, in that the Complex has been the spring training home of the Detroit Tigers major league baseball team since 1966 and is the home of the Lakeland Flying Tigers minor league baseball team (the Detroit Tigers major league baseball team and the Lakeland Flying Tigers minor league baseball team shall collectively be referred to as the "Team"); and

WHEREAS, the City intends to undertake a project for the renovation and expansion of the Complex as more particularly described in Section 4.2 (collectively, the "Improvements") in order to induce the Team to extend their current lease or enter into a new lease with the City for an additional twenty (20) year period, and, in connection therewith, will apply for State funding for renovation of a spring training facility pursuant to Section 288.11631, Florida Statutes for the purpose of funding a portion of the Improvements; and

WHEREAS, it is the purpose and intent of the Parties, this Agreement, and the Cooperation Act to permit the City and the County to make the most efficient use of their respective powers, resources and capabilities by enabling them to cooperate on the basis of mutual advantage and thereby to provide for the Improvements in the manner that will best

accord with the existing resources available to each of them and with the geographic, economic, population and other factors influencing the needs and developments within their respective jurisdictions; and

WHEREAS, it is the purpose of the Cooperation Act to provide for a means by which the City and the County may exercise their respective powers, privileges and authorities which they share in common and which each might exercise separately; and

WHEREAS, the City has committed to incur all or a portion of the Indebtedness (hereinafter defined) for the Improvements, and the County has elected to pledge a portion of the revenues from its tourist development tax, authorized by Section 125.0104, Florida Statutes (the "Tourist Development Tax"), in the amounts set forth in Section 3.2, to pay a portion of the Indebtedness, all in accordance with the intent and purposes of the Cooperation Act permitting local governments to, among other things, provide from their treasuries the financial support for the purposes set forth in interlocal agreements; and

WHEREAS, the City and the County have ascertained that the method or formula for equitably providing for and allocating and financing the capital costs for the Improvements and the payment of the Indebtedness therefor, including payments to reserve funds and payments of principal and interest on obligations as established by the Parties, are reasonable on the basis of the amount of services rendered or to be rendered, benefits received or conferred and on all other equitable bases; and

WHEREAS, in order to induce the Team to extend their current lease or enter into a new lease with the City for an additional twenty (20) year period the County deems it proper and appropriate to pledge a portion of the Tourist Development Tax to pay a portion of the Indebtedness, as more specifically set forth herein; and

WHEREAS, the City and the County wish by this Agreement to provide for the terms and conditions of the commitment of the City and the County created hereby and to secure the payment of the indebtedness, in order to further the purposes stated herein.

NOW, THEREFORE, in consideration of the promises, mutual covenants and conditions contained herein, the Parties agree as follows:

SECTION 1: Recitals

The above recitals are true and correct and incorporated herein.

SECTION 2: Authority

This Agreement is entered into pursuant to the provisions of Section 163.01, Florida Statutes; Chapter 166, Florida Statutes; Chapter 125, Florida Statutes; and other applicable provisions of law.

SECTION 3: Covenants and Obligations of the County

3.1 Subject to the terms and conditions of this Agreement, the County does hereby covenant and pledge a portion of the fourth percent of the Tourist Development Tax for the purposes provided herein, for a term of twenty (20) years. In order to finance the improvements, the City shall issue bonds, amortized over a twenty (20) year period, in the approximate amount of \$37,000,000.00 (the "Indebtedness"). The City shall issue all such bonds in a one-time, single issuance, and the Parties expressly acknowledge and agree that this Agreement, and the County's obligations hereunder, shall not apply to any bonds issued by the City following such initial issuance, whether issued in connection with the financing of the improvements or not; provided, however, this provision shall not operate to limit either Party's rights under Section 4.6 of this Agreement.

3.2 The County shall make a single annual payment to the City, commencing September 30, 2017 and every September 30th thereafter in an amount equal to the losses

of: (i) 39.4% of the actual amount of principal and interest due on the indebtedness for that particular year; or (ii) the amount of annual principal and interest necessary to defease a principal amount of \$14,560,000.00, over a twenty (20) year term, at a maximum interest rate of 4.5%. Such annual payments by the County shall be applied toward payment of the Indebtedness, and the County shall make such annual payments to the City until the County's obligation under this Agreement is satisfied, or sooner terminated. The annual payment shall represent both principal and interest on the County's portion of the indebtedness as set forth on the Estimated Bonded Debt Amortization Schedule shown in Exhibit "A" attached hereto and incorporated herein. Exhibit "A" is provided for illustration purposes only and shall not be construed as adding to or limiting the obligation of the Parties pursuant to this Agreement. Upon the issuance of the indebtedness, the actual amortization schedule for the indebtedness shall be used to calculate the annual payments due and shall be incorporated into this Agreement as an addendum. The Parties agree that the sum of all annual principal payments provided by the County herein will not exceed \$14,560,000, nor constitute more than 39.4% of a total project cost of at least 37,000,000.

3.3 On any annual payment date, the County may elect to terminate its obligations under this Agreement by paying to the City an amount equal to the County's share of the unpaid principal amount due on the Indebtedness through maturity of this Agreement.

3.4 With the exception of those revenues previously pledged for improvements to the Lakeland Civic Center, the County covenants and agrees to apply the annual revenues derived from the fourth percent of the Tourist Development Tax up to the annual proportionate share of the limits set forth in Section 3.2 to satisfy its annual payment

obligations under this Agreement prior to applying said revenues to any other purpose. The Parties acknowledge and agree that all surplus funds generated annually from the fourth percent of the Tourist Development Tax in excess of what is necessary to satisfy and discharge the County's annual obligations hereunder, including any carried over amount from the prior year, if any, as set forth below, may be utilized by the County for any purpose authorized by Section 125.0104(3)(b), Florida Statutes. In the event the revenue generated from the fourth percent of the Tourist Development Tax is insufficient in any given fiscal year for the County to meet its obligations hereunder, then the County shall carry the shortfall forward so that it becomes due and payable with the next annual payment. In the event full payment has not been made at the end of the twenty year financing period provided herein, the Parties agree that this Agreement, and the County's obligation to make payments hereunder, shall be extended for such additional period of time as is necessary for the County to make full payment to the City.

SECTION 4: Covenants and Obligations of the City

Subject to the terms and conditions of this Agreement, the City does hereby covenant and agree as follows:

4.1 In order to finance the Improvements, the City shall proceed with all steps necessary to obtain financing and related costs for the Improvements, and shall diligently pursue completion of the Improvements being financed with the proceeds of the debt instrument(s);

4.2 The City shall apply for State incentive funding for renovations for a spring training franchise facility pursuant to Section 288.11631, Florida Statutes, and the City shall use the proceeds of such funding for the sole purpose of financing a portion of the costs of the Improvements by servicing the debt obtained to finance the Improvements as

indicated in Section 4.1:

4.3 The City shall apply the proceeds from any lease or financial revenue sharing agreement with the Team for the funding of the Improvements to service the debt obtained to finance the Improvements as indicated in Section 4.1; provided, however that this provision shall not apply to any leases entered into for improvements or uses which are not in whole, in part, or in any manner materially associated with the Improvements for which the County funds are intended and which are governed by this Agreement. The County agrees to reimburse the City for its reasonable staff and maintenance costs incurred as a result of the County's use of the Complex.

SECTION 5: Conditions

The Parties acknowledge and agree that the County's performance under this Agreement is contingent upon the following conditions:

5.1 The City must receive written acknowledgment from the State of its award of not less than \$20,000,000 of incentive funding pursuant to Section 208.1163, Florida Statutes, as further described in Section 4.2. The City shall provide a copy of such acknowledgment to the County within five (5) business days of receipt. In the event the City is unable to secure such funding, this Agreement shall be *void ab initio*, the County

shall have no obligation hereunder, and any payments made by the County to the City pursuant to this Agreement shall be immediately returned to the County in full; and

5.2 The City must enter into an agreement with the Team for the lease of the Complex for a term of not less than twenty (20) consecutive years (the "Lease"). The City shall provide a copy of the fully executed Lease to the County within five (5) business days of full execution. In the event the Lease is not executed for any reason, whether through any fault or no fault whatsoever of the City, this Agreement shall immediately terminate and be of no further force or effect, and the County shall have no further obligation hereunder. In the event that the Lease is terminated by the City or the Team, or the Team relocates its home spring training games or the Lakeland Flying Tigers home games to another location prior to the completion of the Lease term (individually, a "Default Event" and collectively, the "Default Events"), then the County shall have the right to terminate this Agreement by providing written notice thereof to the City, and, in such event, the County shall have no further obligations hereunder; provided, however, that if the Lease is terminated through no fault of the City, then prior to the County terminating this Agreement, the City shall be permitted to pursue the enforcement of its remedies under the Lease for a period not to exceed 24 months from the date of the Lease termination (the "Enforcement Period"). If during the Enforcement Period the County determines in its reasonable discretion that the City is not diligently pursuing its Lease remedies, or if the Enforcement Period expires and any of the Default Events remain uncured, then the County shall have the right to terminate this Agreement effective immediately. Within sixty (60) days from the date of such termination, the City shall reimburse the County in full for any principal and interest payments made by the County pursuant to Section 3.2, from the date on which the Default Event(s) first occurred through the date this Agreement

is terminated. Said reimbursement to the County by the City shall also include interest on all the debt service payments from the date the County makes such payments, to the date this Agreement is terminated. Such interest shall accrue at the annual average rate of the State Board of Administration's Florida Prime 30-day average yield for the months of October through September of the previous fiscal year.

SECTION 6: No Lien or Pledge of Ad Valorem Revenues

The pledge of the City and the County, respectively, as set forth herein, shall not constitute nor create a lien, either legal or equitable, on any of the City's or the County's respective ad valorem revenues or funds. Neither the City nor the County shall ever be required to levy ad valorem taxes on any property within its respective boundaries to pay their respective shares of the debt service payments or any other payments provided herein.

SECTION 7: Indemnification

Without waiving sovereign immunity pursuant to Section 768.28, Florida Statutes, each party will indemnify the other from and against any and all claims, demands, causes of action, losses, damages, penalties and expenses, including attorneys' fees, arising from or incurred because of any loss or damage sustained as a result of the indemnifying party's failure to comply with the provisions of this Agreement, to the extent permissible by Florida Law. Nothing herein shall be deemed a waiver, express or implied, of either party's sovereign immunity or an increase in the limits of liability pursuant to Section 768.28, Florida Statutes, regardless of whether any such obligations are based in tort, contract, statute, strict liability, negligence, product liability or otherwise.

SECTION 8: Term

Unless extended by mutual written agreement of the Parties, or unless otherwise provided in this Agreement, this Agreement shall expire when the County's financial

obligations as set forth in Section 3 have been satisfied.

SECTION 9: Effective Date

Pursuant to Section 163.01(1), Florida Statutes, this Agreement shall become effective upon the filing of the fully executed Agreement with the Clerk of the Circuit Court for Polk County, Florida.

SECTION 11: Third-Party Rights

Nothing in this Agreement is intended, nor shall be construed, to confer any rights or benefits upon any party other than the City and the County.

SECTION 12: Assignment

Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered under any circumstances.

SECTION 13: Severability

The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement. Any void provision shall be deemed severed from the Agreement and the balance of the Agreement shall be construed and enforced as if the Agreement did not

contain the particular portion or provision held to be void. The Parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.

SECTION 14: Controlling Law / Members of the City and County Not Liable

All covenants, stipulations, obligations and agreements of the County and the City contained in this Agreement shall be deemed to be covenants, stipulations, obligations and agreements of the County and the City, respectively, to the full extent authorized by the Cooperative Act and provided by the Constitution and the laws of the State of Florida. Each party shall be responsible for its own legal and attorneys' fees, costs and expenses incurred in connection with any dispute or any litigation arising out of, or relating to this Agreement, including attorneys' fees, costs, and expenses incurred for any appellate or bankruptcy proceedings.

SECTION 18: Waiver

A waiver by either the County or the City of any breach of this Agreement shall not be binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

SECTION 19: Annual Appropriations

The City acknowledges that the County, during any fiscal year, shall not expend money, incur any liability, or enter into any agreement which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any agreement, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such agreement. Nothing herein

contained shall prevent the making of agreements for a period exceeding one year, but any agreement so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the County's performance and obligation to pay under this Agreement is contingent upon annual appropriation.

SECTION 20: Entirety of Agreement

The Parties agree that this Agreement sets forth the entire understanding between the Parties as to the subject matter contained herein, and that there are no promises or understandings between the Parties other than those stated herein. This Agreement supersedes all prior agreements, contracts, proposals, representations, negotiations, letters or other communications between the City and the County pertaining to the matters stated herein, whether written or oral.

SECTION 21: Amendment

This Agreement may not be modified, added to, superseded or otherwise altered unless such modifications, additions or other alterations are evidenced in writing signed by both the County and the City.

In that event, the City shall refund to the Club on a pro rata basis any prepaid rents which may have been made prior to the date of termination.

In the event that ad valorem taxes are assessed against the Facilities or any portion thereof as a result of the Club's use of same, the Club shall be responsible for its pro rata portion of such taxes.
14. **Termination.** This Agreement may be terminated by either party upon material breach by the other party, upon thirty (30) days' prior written notice, certified mail, return receipt requested (deemed made upon receipt) and failure by the defaulting party to cure the same within said 30 days. In the event that the Club fails to cure any such breach and there remains an outstanding balance on the loan referenced in Section 8 hereof, the Club shall pay the City

\$10,000.00 as liquidated damages, which shall be the City's sole and exclusive remedy as a result thereof.

15. Option. The Club shall have the option to renew this Agreement for an additional term of ten (10) years by giving the City written notice of its intention to renew same not less than one (1) year prior to the expiration of the initial term hereof. The rental imposed during such renewed term shall be the amount agreed upon by the parties hereto prior to the commencement of the renewal.
16. Subcontractors. If any services permitted by this Agreement are subcontracted by the Club, any such subcontractor shall either be included as an additional insured under the Club's insurance policy, or shall file with the City a Certificate of Insurance evidencing compliance with Paragraph 11 hereof.
17. Agreement of City Regarding Revenue. The City agrees to take such action as is necessary under the laws of the State of Florida to plan and budget for receipt of a sufficient appropriation of funds to discharge its obligations hereunder; provided, however, if the City has not appropriated sufficient funds to enable it to discharge its obligations then, notwithstanding any other provision contained herein, this Agreement may be terminated effective upon expiration of the fiscal year in which sufficient funds were last appropriated to satisfy the obligations.
18. Assignability/Amendment. This Agreement shall be binding and inure to the benefits of the successors of each of the parties, but it is mutually agreed that this Agreement shall not be assigned by the Club to any person, firm or corporation without the written consent of the City, which consent shall not be unreasonably withheld.

Notwithstanding the foregoing, no consent is required in the event that the Club sells its major league franchise rights, said sale is approved by Major League Baseball and the team continues to play its regular season baseball games in the Metropolitan Detroit area.

Any amendment to this Agreement shall not be effective unless in writing and approved by the Office of the Commissioner of Baseball.

This financing plan shall be subject to the approval of the club, which shall not be unreasonably withheld. Further, the club shall have approval of the renovation program for which the financing plan has been irrevocably committed, such approval not to be unreasonably withheld.

Economic Impact of the Detroit Tigers Spring Training in Lakeland, Florida 2022

Spring Training is vital to the health and vibrancy of Lakeland's local and regional economy. Each Spring, the City hosts players, coaches, visitors and guests for a period of time to practice and play exhibition games in preparation of the start to the Major League Baseball (MLB) season. Following back-to-back seasons in 2020 and 2021 that were disrupted by the COVID-19 pandemic, MLB lifted attendance restrictions in 2022, allowing tickets to be made available and for all seats. Demonstrating the impact of this change, the following information has been compiled to capture the specific economic impact of Spring Training in Lakeland. To do that, Lakeland has completed the information contained in this document using the methodologies derived from the MLB Florida Spring Training Economic Impact Study Report which was published in June of 2009 by the Florida Sports Foundation and Bonn Marketing Research Group, Incorporated. The estimates were calculated with the support of attendance figures provided through a zip code analysis of the 2022 attendees that purchased admission tickets with credit cards. The information contained herein represents the estimated Economic Impact to Lakeland as a result of the direct spending associated with the 2022 Detroit Tigers Spring Training season. Please note that this information does not include the associated impact to labor, income and employment in Lakeland as a direct result of the Tigers Spring Training activities.

The attendees, for this purpose, are separated into five distinct categories:

- **Out-of-State-Primary Purpose:** This indicates a visiting party from outside of Florida that came to the area expressly for the Detroit Tigers Spring Training.
- **Out-of-State-Other Purpose:** This indicates a visiting party from outside of Florida for that came to the area for another purpose, but attended Spring Training activities.
- **Non-County-Primary Purpose:** This indicates attendance from another County in Florida that visited expressly for the Tigers Spring Training.
- **Non-County-Other Purpose:** This indicates attendance to Polk County for another purpose, but included Spring Training activities.
- **Local:** These include all Polk County residents.

Total attendance for the Detroit Tigers 2022 Spring Training season in Lakeland was 42,158. With 9 games played, the Tigers averaged 4,684 attendees per game. Of that total, 35,896 attendees purchased admission tickets using credit cards. With the use of zip code analysis from these 35,896 attendees, the tables below were created to provide a total average expense within the five unique categories that are being measured.

Using the total direct expenses above, the indirect and induced effects were estimated using the multiplier provided within the above reference report to estimate a total economic impact resulting from Direct Expenses. Indirect effect indicates the secondary impact caused by changing input of needs of directly affected industries, and Induced effect is caused by the changes in household spending due to additional employment generated by direct and indirect spending.

	Direct Spending	Multiplier	Indirect and Induced Spending	Total Economic Impact

The total Economic Impact is estimated to be \$33,799,830.85 as a result of the 2022 Detroit Tigers Spring Training season.

U.S. Geography	Number of Attendees	% of Tickets sold in U.S.	Total % of Tickets Sold
Florida	14,656	42.47%	39.92%

Take I-4 to Exit 33 and follow Route 33 South (Lakeland Hills Blvd.) for about 2 1/2 miles and the ballpark will be on your left.

Parking

Although the lot surrounds the stadium, most people park on its first base side in either a grass field or paved lot. You don't want to park on the stadium's third base side - as the limited spaces there are a harrm's way. Home being four balls. The large grass field behind left field is safe. Just take Granada Street and enter it via Marion Way. A cheaper parking alternative is available at Christ Lutheran Church, which is across the street from the stadium's left field lot entrance. The parking fee there is only \$5 and you'll have the added benefit of avoiding post game parking lot congestion. Just look for the church's \$5.00 baseball parking signs and some older-pegged volunteers, whom are church congregation members that in many years also operate a charity hot dog concession in their parking lot that is alongside Granada and about 50 yards from the stadium lot entrance. And when that paved lot fills up, you can also park for \$5 or less at the nearby Peak Worship church, where donations are accepted to park on their lawn, which is along Granada Street too but is a few minutes walk further from the stadium.

Stadium Cost: \$10

With its Mediterranean-style facade and nicely landscaped exterior, Joker Marchant Stadium is a lovely site to behold. Surrounded by lush trees, it's the centerpiece of the Tigertown complex and has been hosting Tigers spring training games for five decades. The team has trained in Lakeland even longer, since 1934 (excepting the World War II years of 1943-45). The relationship between the

city and team is the longest in spring training history. Built for just \$360,000 in 1968, Joker Marchant Stadium was erected with concrete structure during a time when other stadiums were being built with structural steel (concrete with inside steel, structural steel does not). It has expanded over the years from its original capacity of 4,900 through renovations. The most recent one, completed just prior to the 2003 season at a cost of \$10 million, added a berm in left field. The stadium was named after the city's former Parks and Recreation Director, Marcus "Joker" Marchant, who was instrumental in establishing the Tigerown complex.

Fast Facts

- The single lane streets outside the stadium are named for past Tiger greats (Kalinine Drive and Horton Way).
- Fans enter the stadium through its narrow home plate gate or via the much wider first and third base gates.
- The ticket office is adjacent to the home plate gate and has a covered waiting area that's partially paved with engraved personalized bleachers. WH call tickets can be picked up at each of the 6 windows.
- The concourse is behind the stadium and is completely covered. On the portion behind the main grandstand are a handful of scattered picnic tables.
- The bullpen is one row in each corner directly behind the right-center field wall. Fans can look down into them from the wide walkway above their location.
- The clubhouse and Tigers' executive offices are housed in the lengthy three-story building that is alongside the backside of the right field concourse.
- A large screen video board debuted in 2017 to serve as the stadium's main scoreboard. It hovers in left-center field behind the berm.
- There is one permanent location selling Tigers merchandise. That's the team store, called The D Shop, which can be walked into from the concourse behind home plate and is close to the portal leading to sections 105 & 106 and 205 & 206. Smaller selections of souvenirs are also available at stands set up on each side of the concourse.

Practice Fields

- The Tigerown complex is behind the outfield and includes six practice fields. Fields 1 through 4 are in a cloverleaf formation. The other two fields are named for a pair of Tigers legends and are on opposite ends of the complex. Al Kaline Field is found behind the Joker Marchant Stadium berm while Hank Greenberg Field is near the Tigerown entrance gate.
- Once the Tigers' spring training schedule begins, fans are not allowed into Tigerown to watch any of the back field practice. However, fans can stand behind the outfield fences of three of the fields — A2 and A3, plus Al Kaline Field, which is the Tigers' main practice field. For all three fields, plenty of standing room is available in tarting practice home run territory between the 889-10-889 through chain-linked fences and Granada Street.
- The Tigers take their batting practice inside of the stadium, generally starting three hours before game time and ending just as the gates open. But fans can play an extra \$5 to get into the stadium early to see Tigers BP. The cost of the "BP Pass" can be added to the price of a game ticket when bought online or at the box office, where already bought tickets can be upgraded, and early admission is through the 3rd Base gate only, as only the left field berm and left field line grandstand will be open. The time for early batting practice admission can vary slightly. It's usually 10:00 a.m. but it actually depends on when the Tigers start hitting, which could be later, with their BP generally starting by 10:15 at the latest.

Types of Seating

Fans have their choice between traditional stadium seats with chair backs and armrests, bleachers with or without seat backs, or the outfield lawn.

- Stadium seats: Sections 100-112 and 200-210
- Bleachers: none
- Berm: A 68-foot topped hill with a capacity of 400 people encompasses all of left field.

Notes about the seating

- The Tigers dugout is on the first base side. To make sure you're on the home side of the stadium, buy your tickets in sections 100-106 or 200-206.
- An aisle divides the stadium's main grandstand into two distinct sections. Box seats are below the aisle. Reserved seats above it. There are far more reserved seats than box seats.
- All stadium seats have cup holders.
- Handicapped accessible seating is spread throughout the grandstand. It can be found on the aisle above sections 100 and 111, in a dedicated space within section 202, in a raised platform atop section 203, and at the top of sections 209, 212-216 and 302. (Note: Wheelchair spaces and companion seating are designated as row U in sections 212, 214-216 and row W for section 213.)
- The protective netting spans pretty much all of the grandstand, going from sections 100-115 (only most of section 115 is spanned).
- Standing room is generally on or around the berm. Limited standing room is available directly behind the box seats in the open space between the third base grandstand and bleachers plus in a smaller area on the stadium's first base side.
- Ushers in the main grandstand keep it's narrow cross-aisle clear at all times and will generally prevent anyone from trying to sneak into a box seat that's sold a ticket for one. They will, however, let you plop down anywhere else in the stadium if you can find an available seat.

Sections and rows

- Rows for sections in the stadium's lower grandstand range as follows:
AA to EE in section 100, AA to HH in sections 101-102, FF to HH in sections 103-104, AA to HH in sections 105-106, FF to HH in

sections 109-110; AA to MM in sections 111-116

• Rows for sections in the stadium's upper grandstand range as follows:

A to Q in sections 200-201; D to X in section 202; A to W in sections 203-204; A to M in section 205; A to Q in sections 206-207; A to M in section 208; A to X in sections 209-210; G to W in section 211; A to T in section 212; A to W in section 213; A to T in sections 214-216

• Rows for sections in the stadium's club level range as follows:

A to F in sections 300-302

• Rows I and O are skipped in all sections.

Tickets

- The first three rows of sections 100-113 are sold as Field Box.
- Sections 100-102 are sold as 1st Base Box (except for the 3 rows of Field Box seats).
- Sections 103-113 are sold as Infield Box (except for the 3 rows of Field Box seats).
- Sections 114-116 are sold as Left Field Box.
- Sections 200-213 are sold as Reserved.
- Sections 214-216 are sold as Left Field Reserved.
- Sections 300-302 are sold as 34 Club.
- Space on the left field lawn is sold as Barn.
- Standing space on the right field concourse is sold as Runway.
- Prior to their 3rd birthday, children do not need a ticket.

Seats to avoid

Some of the best seats in the house unexpectedly have a protective net in front of them. All Box seats in sections 101 and 102 are affected. They are the first two sections to the right of the Tigers' dugout. Stay away from them unless you don't mind looking through the black netting normally only found behind home plate, where a screen is not as annoying because it's expected.

The final hated seats worth mentioning are the front rows (row A) of sections 203-210, from where fans have to deal with the double annoyance of obstruction by a too high handrail and foot traffic passing by on the aisle in front of them.

Seats in the shade

The stadium's roof covers rows N & up in sections 203-210. Not only are all seats in those rows covered (and thereby shaded), but because the sun is positioned behind the main grandstand shade is able to creep down further in the nine sections that the roof partly covers. For the typical 1:05 afternoon start, seats that are fully shaded can be found in rows E & up in sections 202-205, F & up in section 206, G & up in section 207, J & up in section 208, and L & up in sections 209-210. Once daylight saving time begins, the seats that receive shade at the beginning of the game shift to at least rows G & up in sections 202-204, F & up in section 205, M & up in section 206, K & up in section 207, L & up in section 208, and N & up in sections 209-210. As the game progresses, more entire rows of seats in sections 206-210 become shaded.

VIP seating

There are six suites, each named after a Tiger legend, on either side of the press box. Two are on the first base side of home plate and four extend down the third base line. All six have balconies with stadium seats.

Game Day

Gates open approximately 2 hours before first pitch - at 11:00 a.m. for an afternoon (1:05) start.

Food, drink and bag policy

- No food can be brought into the stadium.
- Fans are allowed to bring in a sealed bottle of water. Aside from never opened water, all other bottles, cans, thermos jugs and liquid containers are not permitted in the stadium.
- Bags are allowed up to a maximum size of 16" x 16" x 8".

Getting autographs

The Tigers' clubhouse is down the right field line and Tigers players will sign for fans gathered in the box seats between it and their dugout, both before and after the game. The visiting team uses the same clubhouse but their players usually take a route to their cubs across the field, whereas the Tigers walk along the warning track close to the first base stands. So Lakeland's ballpark is a no-go zone for home team autographs and a busy place for those who prefer signatures from the visiting team. Zealous autograph hounds will want to head to the right field corner outside of the stadium following the game and take their chances on a Tiger or two emerging from their clubhouse. The visiting team's bus will also be parked nearby, but behind the fence in a restricted area. So once again fans of the visiting team will likely be thwarted in their autograph pursuits.

Unique ballpark fare

Your taste buds will love the Lakeland concession stands. The Little Caesars Pizza stand is a natural fit, given that Tigers owner Mike Ilitch owns the pizza chain. A brat with sauerkraut and turkey burger is on the ballpark menu, in addition to the regular hamburgers, hot dogs and grilled chicken sandwiches that are found at the eight-sided hut on the first base concourse. Specialty stands set up throughout the back of the main concourse are the place to find a whole bunch of non-normal ballpark food. Long prominent among them is the stand standing on the third base concourse that serves up big turkey legs along with pulled pork and BBQ necks. The rest of the rotation can change yearly, with 2015 seeing the introduction of a booth hawking Flint-style Coney Island dogs. The craft beer bar on the first base side concourse has the best non-rap beer selection in the stadium, which serves a small variety of typical or otherwise popular selections on draft (think Miller Lite and Yuengling Lager). Fountain drink pouring rights belong to Pepsi.

Ballpark Area info

Lakeland is the only remaining spring training site in Florida that doesn't have a beach or major amusement park within a 90 min or so drive. Really, it's just a sleepy central Florida town best known as the home of Publix Super Markets and as a destination for aviation buffs (*Fantasy of Flight* is nearby). As its name would suggest, Lakeland does have lots of lakes, one of which (Lake Parker) you can see from the upper third base grandstand. But unlike the majority of other Grapefruit League cities, it's not a place you'd normally visit outside of spring training although there is one site that many folks do stop by year-round to see. That would be the "Child of the Sun" collection of buildings found at Florida Southern College, which is about four miles from the stadium, that were designed by the legendary American architect Frank Lloyd Wright. The college's campus is home to a dozen such buildings, making it the largest single-site collection of Wright's architecture in the world.

Travelers' notes

- The stadium is just a couple miles south of I-4.
- [Henley Field](#), the Tigers' original spring training home in Lakeland, is just 1.4 miles from Joker Marchant Stadium and will used by Florida Southern College, a Division II school that has won 9 baseball championships.
- The stadium's location is less remote than it feels, but Lakeland is definitely not the typical tourist town in a state full of them.

Tigers prospects enjoy scrimmage in stadium

LAKELAND, Fla. -- The chirps of the birds that have called Joker Marchant

both at home plate and in the dugpens. Between, music from the stadium sound system was just loud enough to notice, but not loud enough to drown out the

conversations from the scattering of fans and Tigers officials that had made their way into the stands.

The intersection of sounds fit the laid-back scene of a Thursday morning Minor League intrasquad game that was opened to the public on short notice. No tickets, no concessions, just show up if interested.

Suddenly came the crack of the bat, and an opposite-field loft from Detroit's [No. 22 prospect](#), Andre Lipcius, off Garrett Hill, a hitter and pitcher who were teammates at two levels of the Tigers' system last year. Right fielder and [No. 8 prospect](#) Roberto Campos went to the fence before the ball cleared for a solo homer and the first run.

Lipcius received high fives from teammates on Team Trammell, which included top prospects Spencer Torkelson ([No. 1](#)), Riley Greene ([No. 2](#)) and Ryan Kreidler ([No. 10](#)). Still, Lipcius kept it in perspective.

"Yeah, it's a Spring Training at-bat," Lipcius shrugged when asked about the at-bat afterward.

More accurately, it's a scrimmage set up in Minor League minicamp, meant largely to break up the monotony of daily workouts and live batting practices that can settle in. After nearly two weeks of training for hitters, and even longer for pitchers, the change of pace was appreciated.

Tigers return to Lakeland Sunday for spring training. Businesses hope fans follow

Sara-Megan Walsh
The Ledger

Published 11:35 a.m. ET March 11, 2022

LAKELAND — Major League Baseball fans are not the only ones breathing a sigh of relief that the 99-day lockout is over.

Detroit Tigers players must report to Lakeland's Publix Field at Joker Marchant Stadium by Sunday under the terms of their new collective bargaining agreement. The team's first exhibition game will be March 18 in Lakeland against the Philadelphia Phillies.

Bob Donahay, Lakeland's parks and recreation director, said Publix Field is ready to go as ground crews have kept busy keeping the fields green.

"What we've been missing out on is the economic impact of fans coming from out of town," Donahay told The Ledger.

City Commissioner Sara Roberts McCarley asked Monday what the financial impact of the delayed spring training season would have.

Baseball history: 50 years ago, the AL East champion Tigers had a thrill-ride of a season

In case you missed it: Should Polk County make pitch to get new Tampa Bay Rays stadium built here?

The Detroit Tigers collect all revenue from spring training ticket sales. The city's profit comes from the \$10 parking fee per vehicle at the stadium. Lakeland collected about \$260,000 in parking revenue in 2019 — the last time there was a full spring training season because of COVID. The city kept 80% of these sales, or about \$208,000, with the other 20% given to the Tigers, Donahay said.

By comparison, Donahay said the city collected about \$96,000 in parking fees in 2020 when spring training abruptly ended mid-March because of the pandemic.

"The only dollars we're losing is some of the parking revenue," he said. "We'll recoup."

The potential loss of business from the abbreviated three-week spring training season could ripple outward across the city. Julie Townsend, executive director of the Lakeland Downtown Development Agency, said the impact was already being felt.

"We're seeing the impact of fewer visitors walking around downtown, there's less people shopping and eating," Townsend said.

More than a home: What do you get for \$4.9 million in downtown Lakeland? A look inside the Sommer Building

What's Downtown West anyway?: Lakeland wants a vision for 3 fast-changing areas

'What's the other option?': Lakeland officials seek alternatives to South Florida Ave. road diet

Lakeland businesses had been looking forward to a possible influx of dollars after the COVID pandemic. The delayed start of spring training dealt another fiscal blow Townsend described as adding "insult to injury." She had doubts as to how many baseball fans would be able to change their plans.

"I don't think you will see as robust number of fans as a regular spring training," Townsend said. "It may happen, I don't feel certain it will be as a robust."

Kris Keprios, senior tourism sales and marketing manager for Visit Central Florida, had a more positive outlook on how many out-of-state baseball fans will make their way to Lakeland.

"It's not if they come down, but when they come down," he said.

Neal Duncan, senior business development manager at Visit Central Florida, said the area is already hosting visitors from the Detroit Tigers' home state of Michigan and the Midwest who were eagerly awaiting the start of spring training. Duncan said there is a pent up desire of people to travel, after long lockdowns imposed by the COVID pandemic, so Lakeland and the Central Florida area are seeing more visitors compared with prior years.

"We're hopeful for a delayed impact in a good way, as a positive not a negative," he said.

Delay or not, this is the 88th year the Tigers have trained in Lakeland. It's the longest relationship between an MLB team and its spring training host city.

Great Stadium ... But eat before you go. Beautifully maintained stadium. All the seats are great. Clean and nicely laid

Detroit Tigers Spring Training in Lakeland

Lakeland has been the home of the Detroit Tigers Spring Training games since 1966. Spring training is the closest you can get to the way baseball used to be, the way it should be. Tickets are affordable and cozy stadiums are rich with history. Players are relaxed and approachable. In fact, fans are welcome to interact with players and often get lucky enough to return home with an autograph and cool story. Joker Merchant Stadium underwent multiple renovations in 2017 to enhance the overall experience of Spring Training baseball games today.

renovation of the Sports Complex or any future capital repair or improvement; provided, however, that the County shall not issue debt having payment obligations that extend beyond the term of the lease, or any lease extension, between the County and the Baltimore Orioles. In order to effectuate this obligation the City must first notify the County in writing that it is of the opinion that the two above-described events have occurred including a demand that ownership of the Sports Complex be transferred back to the City. 2.5 The Orioles shall have the right to enter into any manner of agreements with its vendors, concessionaires or others to provide goods, materials and/or equipment to the Project, which shall be considered, for all intents and purposes, as part of the Orioles' Project Contributions. (For example, the Orioles' concessionaire for the Major League Stadium may be permitted to provide concessionaire equipment to the Sites.) The Orioles will inform the County, in writing, with a description of any Orioles' Project Contributions to the Sites made by any Orioles' vendors, contractors, concessionaires or other third parties and shall summarize relevant terms of such agreements and any other agreements that could impact the County's ownership interests in the Sites. The description shall be jointly submitted on behalf of the Orioles and the respective vendor, contractor, concessionaire or other such third party as may be

appropriate. Any such third party agreement shall be made in accordance and comply with applicable County ordinances and regulations.

2.6 In connection with the Orioles' Project Contributions, the County and the Orioles shall promptly meet after the execution of this Agreement and review the feasibility of issuing taxable or tax-exempt bonds at the request of the Orioles supported by Orioles' funds and/or rent, as the case may be, payment in lieu of taxes or such other funding mechanism as may be mutually agreeable to the Parties; however, the County shall be under no obligation to establish any such funding mechanism for the Orioles Project Contributions. To the extent that any such mutually agreeable funding mechanism requires the City to issue bonds, the County agrees to request that the City take reasonable steps to issue said bonds. To the extent that bonds are issued as part of the Orioles Project Contributions, the bond proceeds, net of all reasonable and customary expenses and costs, shall be deposited in the Construction Fund Account for the benefit of the Project.

3. DEVELOPMENT AND CONSTRUCTION OF THE PROJECT.

3.1 The County and the Orioles will execute a definitive, long form project development agreement for the Project which shall incorporate the relevant terms and conditions contained in this Agreement, and such other terms and conditions as are customarily included in similar agreements and as may be mutually agreed, and will establish the framework for the design and construction of the Project, within one hundred fifty (150) days after the execution of this Agreement (the "Project Development Agreement"), unless the Parties, in their respective sole discretion, deem the provisions of this Section 3 are adequate for such purpose.

3.2 The Project Development Agreement shall include the Project Design Plan and a detailed schedule outlining the time and actions anticipated necessary with respect to the Project, including a project design schedule that will address the coordination necessary to prepare the project scope, selection criteria and timeline for the procurement process (the "Project Schedule").

3.3 Time being of the essence, the County shall take all such action as is necessary to expeditiously conduct all of its Project reviews and exercise its approval rights, which in all instances may not be unreasonably withheld, conditioned or delayed. The County shall support the issuance of all City permits and approvals necessary for the Project and shall use its best efforts to obtain a commitment from the City in the Interlocal Agreement to provide expedited review and priority scheduling for any permit or development approval submitted to the City for the Project.

3.4 After the Project Development Agreement is finalized and approved by the County, the County agrees to promptly proceed with authorizing and issuing any and all procurements necessary for the Project. To the fullest extent permitted by law, regulation or ordinance, the Orioles shall be permitted to participate with the County and approve the selection of the architects, contractors, subcontractors, vendors and other professionals for the Project. The Orioles shall also have, to the fullest extent permitted by law, primary responsibility for and will take the lead in developing and constructing the Project, the right to approve any agreements to be entered into by the County for the Project (and any phase, portion or work order thereof), and

the right to approve the selection of any goods, materials, equipment, fixtures and furnishings for the Project.

3.5 Time being of the essence, the selection criteria for the architect of record shall include, but not be limited to: whether the architect has past performance with the Project Site(s) and/or with the Orioles; experience in the architectural design of Major League Baseball professional baseball facilities, and in particular, design experience specifically related to Major League Baseball spring training projects; and, professional personnel committed to the Project shall have had significant experience in projects of a similar nature or have worked on at least five (5) similar project types. Time being of the essence, the County, or the Orioles through the Project Development Agreement, shall promptly select and enter into contracts with all architects, contractors, subcontractors, vendors and other professionals for the Project. In the event that the Parties mutually agree to have either the County or the Orioles enter into a contract for the architect of record before the Project Documents are finalized, they shall reach a separate agreement for the funding of that contract from the Construction Fund Account.

3.6 The Project Development Agreement shall require, and the County shall obtain, guaranteed maximum price contract(s) (or such other arrangements as may be mutually agreed to and generally permissible under Florida Statutes) as part of the competitive selection process, in order to ensure that such contract(s) obtain the maximum value in relation to cost for each phase and portion of the Project and control the overall cost of the Project. No amendments or adjustments (including, but not limited to, change orders) shall be made to any maximum price contract(s), except as agreed to by the County and the Orioles. The County agrees not to request any amendments or adjustments (including, but not limited to, change orders) and shall have no right to adjust the scope of the Project and/or the Project Schedule unless mutually agreed. To the extent that the Orioles request an amendment or adjustment (including, but not limited to, change orders) which is agreed to by the County resulting in a Project Cost in excess of the Maximum Governmental Project Funds, then the Orioles shall comply with the provisions set forth in Section 2.4 above. The County agrees that the construction and design contracts which it enters into in connection with the Project shall contain provisions acceptable to the Orioles providing for liquidated damages in commercially reasonable amounts if the Project is not completed on time and prior to the completion date set forth in the Project Development Agreement. All such provisions must comply with Florida Statutes and be agreed to by the County and the Orioles. The County agrees that it shall strictly enforce any such liquidated damage provisions and diligently pursue any liquidated damages to which it is entitled. Any liquidated damages received by the County shall be allocated first to any damages caused to the Project by the breach or other wrongful act to compensate the party harmed. Unless otherwise provided in this Agreement or the Project Documents, the Orioles' sole remedy for damages resulting from any delay in the completion of the Project shall be the rights to receive liquidated damages under the construction and design contracts for the Project. The County shall, at the Orioles' request, take all reasonable action necessary to enforce the liquidated damages or other remedy provisions necessary to effectuate this provision. The County and the Orioles shall not be liable to each other for the payment of any construction delay damages, provided that the delay is not caused by the gross negligence, willful misconduct or the breach of a material provision of this Agreement or the Project Development Agreement. The Parties acknowledge that a construction contract cannot be entered into until the Project Documents are finalized (unless otherwise agreed by the Parties).

3.7 The Project Development Agreement shall require each architect, contractor, subcontractor, vendor or Project professional to secure and retain such policy or policies of insurance as are required by the Project and shall ensure that all contractors and vendors furnish payment and performance bonds in a commercially reasonable amount established by the County and shall list the Orioles as an additional insured party.

3.8 The Project Development Agreement shall also provide that, to the fullest extent permitted by law, the Orioles shall have the right and primary responsibility to coordinate the development and construction of the Project and, at the Orioles' discretion, conduct progress meetings at mutually agreed upon frequency of all of the architect, contractor(s), subcontractor(s), vendors and other professionals. The County shall have the right to retain an owner's representative with experience in the construction of sports facilities. The reasonable and customary cost of the County's owner's representative shall be included in the Project Cost, provided that such costs have been presented to the Orioles for review and approval prior to payment, such review and approval not to be unreasonably withheld, conditioned or delayed. The Orioles may retain a representative and/or design consultant with experience in the construction of sports facilities. The reasonable and customary costs of the Orioles representative and/or design consultant shall be included in the Project Cost, provided that such costs have been presented to the County for review and approval prior to payment, such review and approval not to be unreasonably withheld, conditioned or delayed. The Orioles shall provide for such cost estimates associated with the Orioles' and County's representatives in the Project Design Plan. Except as provided in this Section, the County and the Orioles shall not impose any management or administrative fees to the Project (or any procurement, phase, portion or work order thereof) nor seek reimbursement from the Construction Fund Account for any costs or expenses, other than costs or expenses directly related to the Project that are typically outsourced and outside of the County's operating budget (and specifically not including legal fees, County staff time, internal project management and the like) for which the County seeks reimbursement or payment from the Construction Fund Account. Any such request for payment from the Construction Fund Account shall be first provided to the Orioles for approval, such approval may not be unreasonably withheld, conditioned or delayed. The County and the Orioles shall participate in the development and construction of the Project and shall keep each other fully and timely informed of, and actively involved in, all material decisions regarding the development and construction of the Project, at all phases of the development and construction process. Customary County permit fees shall be chargeable to the Construction Fund Account.

3.9 The Project Development Agreement shall provide that each of the Orioles and the County shall designate representative(s) with authority to act in connection with all issues requiring such Party's approval, agreement or concurrence with regard to the design, development and construction of the Project within all applicable laws, ordinances and policies. All approvals, agreements or concurrences required in Sections 1 and 3 shall be the responsibility of and shall be made by such representative(s). Such representative(s) shall be invited to participate in all development and construction meetings held in connection with the Project.

3.10 The Project Development Agreement shall provide that the County shall place the Governmental Project Funds and any applicable Orioles Project Contributions in the Construction Fund Account for the benefit of the Project. The Orioles shall have the right to monitor the draw

schedule and progress payments, progress of construction and the funds remaining in the Construction Fund Account, and the Orioles shall be regularly kept informed by the County as to the Construction Fund Account balances. The County shall hold the funds in the Construction Fund Account for the benefit of the Project and shall promptly release, without delay, reduction or offset, such funds only upon approval for disbursement by the Orioles and the County, such approval not to be unreasonably withheld, conditioned or delayed.

3.11 If the Project is anticipated to exceed any maximum price contract(s), either because of a change order(s) or for any other reason beyond that which is contained in the Project agreements (and specifically excluding items resulting from an error or omission by the County, the Orioles or any architect, contractor, subcontractor, vendor or other professional), such cost increases must be approved by the Parties. Change orders and/or Project cost overruns resulting from an error or omission by any architect, contractor, subcontractor, vendor or other professional engaged on the Project shall be the responsibility of the person or entity committing such error or omission. Subject to the provisions of Section 2.4 hereof, the Orioles may adjust the scope of the Project, including any procurement, phase, portion or work order thereof; provided, however that any material changes to the Project Design Plan which increases the Project Cost must be reviewed and approved by the County, which approval may not be unreasonably withheld, conditioned or delayed. Notwithstanding the preceding sentence, the Orioles shall not materially and substantially reduce the estimated number of fixed seating positions in the Major League Stadium, the estimated square footage of the Major League clubhouse or the number of fields as set forth in Section 2 hereof without the express prior written approval of the County.

3.12 The County represents and warrants to the best of its knowledge that no zoning changes are necessary or required in order to construct the Project and there are no known restrictions on the Sites. The County agrees to the fullest extent permitted by law to refrain from taking any action to request that the City diminish or restrict the zoning and the Orioles existing zoning rights on the Major League Baseball Site for the duration of the Lease. Should the Orioles intend to seek a zoning change at any time during the Lease, in connection with the Major League Site, the County shall take such action within its control to place such matters before the City for consideration on an expedited basis.

3.13 To the fullest extent permitted by law, the Orioles and/or its designees shall have full rights and discretion as to the placement and orientation of all improvements and uses, points of ingress and egress and internal circulation on the Sites, so long as the required buffers and setbacks and all other requirements of the zoning category and other governing regulations, ordinances and statutes are satisfied and subject to the County's review and approval, which approval shall not be unreasonably withheld, conditioned or delayed. The Orioles and/or its designees, with County input and approval, shall have discretion as to the architectural style and character of all improvements on the Sites, so long as the required buffers and setbacks and all other requirements of the zoning category and other governing regulations, ordinances and statutes are satisfied.

3.14 If the Orioles elect to conduct Major League Spring Training at the Major League Site in 2010, the Orioles shall be entitled to use (or seek reimbursement from) the Construction Fund Account for costs and expenses reasonably incurred to re-brand Ed Smith Stadium for use

by the Orioles, subject to the approval of the County, which approval shall not be unreasonably withheld, conditioned or delayed.

4. LEASE TERM; RENT.

4.1 Lease Term. The Parties shall execute a definitive, long form Lease within one hundred fifty (150) days after the execution of this Agreement, incorporating the relevant terms and conditions contained in this Agreement, and such other terms and conditions as are customarily included in similar leases and as may be mutually agreed, unless the Parties, in their respective sole discretion, deem the provisions of this Section 4 and other applicable provisions of this Agreement are adequate for such purpose. The Term of the Lease shall be for thirty (30) years commencing November 1, 2009 and continuing through October 31, 2039 (the "Term"). The Orioles intend to commence Major League and Minor League Spring Training Operations at the Sites beginning with the 2010 spring training season. The Parties acknowledge that adjustments to the commencement of Spring Training Operations may need to be made based upon the Project schedule and maximizing the value of the Governmental Project Funds, which determination will be made by the Orioles, after consultation with the County. The Orioles agree that during the Term they shall play their Major League spring training home games at the Major League Site, except for those spring training games played by the Orioles as it returns to Baltimore to open the Major League championship season (no more than five spring training games) or as otherwise may be scheduled by Major League Baseball (i.e., international goodwill games) or otherwise provided in this Agreement or the Project Documents. As part of the definitive Lease, the Orioles will enter into a binding and enforceable non-relocation agreement with the County that includes appropriate specific performance and injunctive relief provisions. Except as provided in Section 20 of this Agreement, during the Term, the Orioles shall not relocate its Major League and Minor League Spring Training Operations from the County.

4.2 Rent. The Rent for the Term shall be one dollar and 00/100 (\$1.00), payable in advance for the entire Term at the time of execution of the Lease.

4.3 Revenues Generated. Except as provided herein, the Orioles shall have the sole and exclusive right to all commercial activity on the Sites and to retain any and all proceeds, revenues and fees generated by or through the Orioles' use or occupancy of the Sites during the Term, including, but not limited to all revenues derived from all events at the Sites, all revenues from tickets, parking fees, promotions, sponsorships, advertising, signage, concessions, license fees, and all other sources of revenues. The Lease shall contain agreement(s) for the County use of Major League Site and the Minor League Site as referenced in Section 5 hereof. As to the Orioles' use of the Sites, the Orioles shall have the sole responsibility to pay all sales, use and federal income tax due with respect to revenues and fees that they collect or receive. With respect to the parcel(s) North of 12th Street, the Orioles shall have the right to seek to develop the parcel(s) and shall have the right to make an application(s) for a zoning category change, if necessary, or seek any other zoning mechanism to permit commercial activity on the parcel(s). Such application(s) shall be subject to all County and City processes, procedures, codes and ordinances and the approval(s) of the appropriate governmental entity(ies). The County shall have the right to approve any development proposal submitted by the Orioles.

5. LEASED PREMISES; USE AND OPERATION.

5.1 **Major League Site.** The County agrees to lease to the Orioles the Major League Site, including all improvements, fixtures and furnishings located or constructed thereon relating to any of the same for the duration of the Term for the Orioles' full beneficial use of and to the Site. The Orioles' right to utilize the Major League Site shall be on an exclusive basis during the Term for all lawful purposes, except as provided in Sections 5.4 and 5.5 herein but the Orioles shall have the exclusive right to use, on a year-round basis, the offices, clubhouse area and other locations on the Major League Site that may be constructed or renovated following the date hereof which may be designated by the Orioles as included in the Orioles' exclusive areas, subject to the County's approval, which may not be unreasonably withheld, conditioned or delayed. During the Spring Training Period, from December 15th to April 30th of each calendar year during the Term (the "Spring Training Period") except as otherwise provided in Section 5.4(a), the Orioles shall have the exclusive use of the Major League Site and may utilize the Major League Site for all lawful purposes.

5.2 **Minor League Site.** The County agrees to lease to the Orioles the Minor League Site, including all improvements, fixtures and furnishings located or constructed thereon relating to any of the same for the duration of the Term for the Orioles' full beneficial use of and to the Site. Except as otherwise provided in this Agreement, the Orioles shall have the right to utilize the Minor League Site on an exclusive basis for all lawful purposes, from January 15th to April 30th of each calendar year ("Minor League STP"), and on a non-exclusive basis (other than the Orioles' exclusive use areas as defined below, which are exclusive to the Orioles on a year-round basis) for all lawful purposes. During the Minor League STP, the Orioles shall have the full, beneficial and exclusive use of fields number 1 and 2 at all times and the non-exclusive use of fields number 3, 4 and 5 as provided in this Subsection. During the Minor League STP, fields number 3, 4 and 5 shall be exclusive to the Orioles at all times necessary, in the Orioles' reasonable discretion, to conduct its spring training operations. During the Minor League STP, the County may make fields number 3, 4 and 5 available for public recreational purposes with the Orioles' prior approval to each such use and the terms, conditions, dates and times of such use. The Orioles' approval as to any use request under this Subsection shall not be unreasonably withheld, conditioned or delayed. Any public recreational use authorized during the Minor League STP pursuant to this Subsection shall not (a) interfere with the Orioles' spring training baseball activities or (b) be permitted under weather or other conditions which would adversely impact the condition of any playing fields. The County shall require that all public recreation uses of the fields carry full and adequate insurances, naming the Orioles (and the County if appropriate) as a named insured and such other requirements as provided for in Sections 5.4 and 5.8. The Orioles agree that the County shall have the right to enter into an agreement with the high school team which has historically utilized field number 5 during the Spring Training Period for high school practices and games on terms, conditions, dates and times reasonably acceptable to the Orioles and consistent with current practices, this Subsection and Section 5.4. The high school team shall be authorized to display its logo and colors during high school practices, games and tournaments held on field number 5 and shall retain rights to the sponsor recognition signs along the inside face of the outfield fence provided that (i) any such sponsorship or signage does not conflict with an Orioles exclusive sponsorship; and (ii) the Orioles retain the right to also display signs. The Orioles shall have the exclusive right to use, on a year-round basis, the offices, clubhouse area and other locations (the "Team's Exclusive Minor League Areas") and

other areas on the Minor League Site that may be constructed or renovated following the date hereof which may be designated by the Orioles as included in the Team's Exclusive Minor League Areas, but not including the fields and public parking areas, subject to the County's approval, which may not be unreasonably withheld, conditioned or delayed. The subparcel of the Minor League Site set forth in Section 14 shall be, upon completion, deemed part of the Team's Exclusive Minor League Areas.

5.3 Orioles As Promoter of the Sites. During the Term, at all times, the Orioles shall be the "promoter" of the Major League Site and the Minor League Site for all lawful purposes, including all events conducted thereon or therein, except as expressly provided herein. The Orioles shall use commercially reasonable efforts to market the Sites actively during the Term. The Orioles shall be entitled to retain all "promoter" fees, if any, in connection with any for profit events at the Sites, except for Historical Events as defined in section 5.4(a) (unless the Orioles and the Historical Event party expressly agree otherwise).

5.4 Historical Events. The Orioles spring training operations, baseball-related events and other Orioles' beneficial uses of the Sites shall have priority scheduling status at all times on the Sites. The Parties acknowledge that the Sites have at times historically hosted certain events other than spring training operations and baseball-related events. The following shall be referred to as "Historical Events":

(a) Major League Site: (i) Booker High School – six (6) event day uses, including one (1) event use at the Major League Stadium; (ii) Cardinal Mooney High School – six (6) event day uses, including one (1) event use at the Major League Stadium; (iii) Sarasota Baseball Classic, provided that it is not scheduled between December 15th and April 7th in any calendar year; (iv) Florida High School Athletic Association State Baseball Championship Finals at the Major League Site provided that it is not scheduled between December 15th and April 7th in any calendar year and is held for no more than seven (7) consecutive days, (v) the City Blues Festival for three (3) consecutive days or less, provided it is held exclusively on the practice fields adjacent to the stadium, conducted in accordance with historical practice and further provided that City Blues Festival is held in October or the first week of November; (vi) the AAU 14 and under Division 1 National Championships, provided that it is scheduled in July or August; (vii) Circus Sarasota, provided that it is located on the parking parcel North of 12th Street, unless otherwise agreed by the Orioles and Circus Sarasota, and within the months of January and/or February and that it does not interfere with the Orioles' spring training events; and (viii) the Sarasota Spartans youth soccer program for limited use of the parking parcel North of 12th Street during the months August through November on a temporary basis, such temporary use not lasting more than four (4) years from the date of this Agreement. The Orioles shall accommodate the aforementioned Historical Events at the Major League Site (excluding the Orioles' exclusive use areas), under the terms and conditions provided in this Section and consistent with the Orioles' priority of use for spring training operations; and

(b) Minor League Site: During the Minor League STP, as provided in Section 5.2. At times other than during the Minor League STP, the County may utilize the Minor League Site (other than the Team's Exclusive Minor League Areas) for public recreational use under the terms and conditions of Section 5. The Orioles shall endeavor in good faith to work with the County and the community to accommodate the aforementioned Historical Events at the Minor

League Site (excluding the Team's Exclusive Minor League Areas), under the terms and conditions provided in this Section and consistent with the Orioles' priority of use for spring training operations.

(c) **Other Uses:** In addition to any other Orioles' uses of the Sites, the Orioles may, in its sole discretion, permit the use of the Sites for other historical events, including AAU baseball practices and games, or other historical events.

As to each Historical Event authorized in this Section, the Historical Event shall be conditioned upon the Historical Event party (which may be the County or a third party) obtaining the Orioles' prior approval as to the date and time of the requested Historical Event and entering into a contract with the Orioles for use of the Site requested, which contract shall include a requirement to carry full and adequate insurances, naming the Orioles (and the County as appropriate) as named insureds, provisions for the payment of all actual and incremental costs and expenses associated with the use and such other terms and conditions as may be reasonable or necessary. The Historical Event shall not be on dates and times that (a) interfere with the Orioles' baseball activities or (b) under such weather or other conditions which would adversely impact the condition of any playing fields. To the extent that tickets are sold for Historical Events that are for-profit, if any, the ticket surcharge shall be applicable to all such tickets, unless otherwise determined by the Orioles, in its sole discretion. Any Historical Event must be requested in writing to the Orioles annually prior to November 30th for the following twelve (12) month period. Should the Historical Event desire to propose the scheduling of a Historical Event under this Agreement other than as provided in the preceding sentence, the Historical Event shall propose such event to the Orioles for consideration and approval as soon as practicable and in a reasonable enough period of time to allow the Orioles full consideration of the request.

5.5 County Use of Major League Site. Other than as provided in Section 5.4(a) (with regard to Historical Events), the County may use or authorize for use the Major League Site for civic-oriented non-profit events for up to eight (8) days per year outside of the Orioles' Spring Training Period, as defined in Section 5.1 hereof, and only with the Orioles' prior written approval, not to be unreasonably withheld, conditioned or delayed, at no charge to the County other than for reimbursing the Orioles as provided in Section 5.8 below. The County may sublease its rights contained in this Section 5.5 to the City of Sarasota for City sponsored civic-oriented non-profit events, subject to the Orioles' approval of the third party contract or other agreement governing the event, which approval shall not be unreasonably withheld, conditioned or delayed. The Parties acknowledge that the Sites shall not be used on dates and times that (a) interfere with the Orioles' baseball activities and/or (b) under such weather or other conditions which would adversely impact the condition of any playing fields. The Orioles spring training operations, baseball-related events and other Orioles' beneficial uses of the Sites shall have priority scheduling status at all times on the Sites. For scheduling purposes and to avoid any interference with the Orioles' beneficial use of the Sites, the County shall annually, prior to November 30th of each year, provide the Orioles with a proposed schedule of any civic-oriented non-profit uses for following twelve (12) month period for which the County requests the Orioles' approval. Should the County desire to propose the scheduling of a permissible event under this Agreement other than as provided in the preceding sentence, the County shall propose such event to the Orioles for consideration and approval as soon as practicable and in a reasonable enough period of time to allow the Orioles full consideration of the request. The dates

and times during which the County may use the Major League Site shall be selected by mutual agreement of the Parties and the Orioles agree to take into consideration the historical practice of certain event dates which have been utilized for City and County sponsored events.

5.6 [Intentionally Omitted]

5.7 County Use of Minor League Site. The County may use or authorize for use the Minor League Site, excluding the Team's Exclusive Minor League Areas, in accordance with Section 5.4, for civic-oriented non-profit use subject to the prior approval of the Orioles, not to be unreasonably withheld, conditioned or delayed. The Orioles shall have scheduling priority for the use of the Minor League Site.

5.8 General Conditions of Use of the Sites. The County shall be responsible for the payment of all actual and incremental, out-of-pocket operating and maintenance expenses for all County-authorized civic and recreational uses of the Sites. The costs, reimbursements and expenses for Historical Events requested by third parties under Section 5.4 shall be the responsibility of the requesting party, in accordance with the terms and conditions provided in that section, unless otherwise agreed to by the Orioles. The County shall be responsible to restore the fields and related facilities to the condition at the time prior to such County-authorized civic or recreational use, so as to provide the Orioles with the full beneficial use of and to the Sites. To the extent that the Orioles incur costs or expenses to operate, maintain, repair or restore the Sites as a direct result of the County-authorized civic or recreational use of the Sites, the County shall reimburse the Orioles for such costs and expenses in a timely manner upon invoice. The County shall remain solely responsible for any damage or destruction that may occur as a direct result of such use by the County or its invitees or authorized parties. In accordance with the provisions of Section 5, the Orioles and the County shall enter in an event agreement(s) for any County-authorized use under Section 5.4 (as appropriate), Section 5.5 or Section 5.7 prior to such events setting forth the terms and conditions for such County use and further delineating the County's reimbursement obligations.

5.9 County's Right of Entry. The County reserves the right to enter any portion of the Sites upon reasonable prior notice to the Orioles, notwithstanding the exclusive right of the Orioles to use such portion, if in the reasonable judgment of the County, entry is necessary to inspect, repair or maintain the Site, or is necessary to protect the public health, safety or welfare.

5.10 Quiet Enjoyment. During the Term and subject to the terms of the Lease, the Orioles shall be entitled to peacefully have and enjoy the use of the Sites, without unreasonable interruption or interference, subject to the County's rights of use and access, as provided in this Agreement.

6. TICKET SALES; PARKING.

6.1 The Orioles shall set the ticket prices for all spring training games and other events at the Major League Site and the Minor League Site for which tickets are sold, other than as Historical Events and County (City or authorized public) civic-oriented non-profit events provided for in Section 5. The Orioles shall manage all ticketing operations, including ticket sales for all events at the Sites other than at Historical Events and County civic-oriented, non-

profit events, and the Orioles shall be entitled to receive all Gross Revenues from Ticket Sales collected by the Orioles on an annual basis during the Term. All Gross Revenues From Ticket Sales shall be the sole and exclusive property of the Orioles, except as provided for in Section 5 for County ticket sales from applicable County (or City or authorized public entity) sponsored events which shall be managed, sold, and belong to the County (or City or authorized public entity), and except for ticket sales from Historical Events. For purposes of this Agreement, "Gross Revenues From Ticket Sales" shall mean the total gross revenues from ticket sales less any taxes or charges imposed by Major League Baseball or any governmental, regulatory or taxing authority generally, included in the gross price of the ticket to the purchaser and required to be remitted by the Orioles as the portion of such receipts payable to the visiting team or to any such governmental, regulatory or taxing authority. The ticket surcharge provided for in Section 12 shall be charged and applicable on all tickets sold in connection with for-profit events at the Sites, whether Orioles, County or City sponsored events. The ticket surcharge provided for in Section 12 shall be charged and applicable on all tickets sold for profit historical events at the Sites, unless otherwise determined by the Orioles, in its sole discretion. The Parties agree that Gross Revenues from Ticket Sales shall also exclude and be reduced by the surcharge as described in Section 12. All ticket surcharges collected by the Orioles, County or City or any party authorized to utilize the Sites for which tickets are sold shall be deposited in a timely fashion in the Capital Repair and Improvements Fund established and described in Section 12.

6.2 The Orioles or its designee shall control the parking at the Sites, and without limiting anything contained in Section 4.3 above, the Orioles shall collect and retain all parking fees and related revenues derived therefrom, except for parking revenues from County (or City) sponsored civic-oriented non-profit events as provided for in Section 5.4, 5.5 and 5.7, for which the net revenues (after payment of applicable expenses as provided in Section 5.8, including any taxes or charges or payment to any parking operator(s) and reimbursement of incremental, out-of-pocket expenses in connection with the collection of parking revenues) shall belong to the County

7. CONCESSIONS.

7.1 The Orioles shall control and receive all revenues from the sale of all foods, beverages, merchandise, novelties and logo items and the like, including, but not limited to, scorecards, yearbooks and novelty items carrying the logo or marks of the Orioles or of any other Major League team (collectively, commonly called "concessions") on the Major League Site and the Minor League Site. The Orioles shall be free to operate the concessions in-house or contract with a third party(ies) to operate such concessions on terms and conditions approved by the Orioles

7.2 No outside concessionaire or vendor shall be permitted on the Sites, including for a Historical Event, without the Orioles' prior written approval. For all authorized County (or City) uses of the Sites under Section 5.5, and for any Historical Events under Section 5.4, the County (or City) or Historical Event party shall use the Orioles' concessionaire for all food services unless the Orioles and/or the Orioles' concessionaire determine, in their sole discretion, not to provide concession services for the event. If the Orioles or its concessionaire determine not to provide such concession services, the County (or City) or Historical Event party may request that the Orioles' approve the use of a third party food service concessionaire on the Site to

service the event. The Orioles' written approval shall not be unreasonably withheld, conditioned or delayed. For all authorized County (or City) uses of the Sites under Section 5.5, the Orioles will endeavor to require in its food service concession agreements or extensions with its concessionaire that the concessionaire, if it agrees to provide food service for a County (or City) event pursuant to Section 5.5, that the concessionaire will consider entering into a revenue-sharing agreement with the County (or City) to share a portion of its profits, if any, with the County (or City) or provide a fair and reasonable discount for its food services. Any such profit sharing or discount shall be determined on a case-by-case basis and within the sole discretion of the Orioles and the Orioles' concessionaire. As to all such events pursuant to Section 5.5, the concessionaire may not charge the County (or City) more than its usual and customary food and service charges (but may charge less) associated with an Orioles event. In the event that the County (or City) or a Historical Event party under the terms and conditions of this Section, are permitted to use a third party concessionaire with the Orioles' approval and desire to use the Orioles' concessionaire's equipment or facilities, the County (or City) or Historical Event party shall enter into an agreement for such use with the Orioles and the Orioles' concessionaire on such terms and conditions as may be acceptable to the parties. The County shall notify the Orioles of any proposed County civic-oriented, non-profit events under Section 5.5 for which it desires that the Orioles' concessionaire provide concessions operations no less than fifteen (15) business days prior to the date of such event.

7.3 The County shall use its best efforts to ensure that all concession equipment, along with all furniture, fixtures and equipment, at the Major League Site and the Minor League Site that is County or City owned or is anticipated to be left by the current tenant is inventoried and conveyed to the benefit of the Project to the extent it is deemed by the Orioles to be beneficial to the Project, subject to the County's approval, not to be unreasonably withheld, conditioned or delayed.

8. SCOREBOARD AND NAMING RIGHTS.

8.1 The Orioles shall have all rights to sell or otherwise assign naming and/or presenting sponsorship rights to all or any portion of the Major League Site and the Minor League Site, including the Major League Stadium. The Parties acknowledge the Minor League Site is currently referred to as the Buck O'Neil Baseball Complex and the Orioles will endeavor to refer to the baseball complex as such in materials and publications. The Orioles shall obtain the County's consent only as to whether the County objects to the association of the County with the naming and/or presenting sponsor and contends that such association is materially adverse to the County and will damage its reputation or the public's interests. The Orioles agree that the name of a tobacco company or product will not be used. The County may not unreasonably withhold, condition or delay its consent to a naming rights or presenting sponsor.

8.2 The Orioles shall control the scoreboard message center (the "Scoreboard"), the sound, public address and related systems at the Sites (collectively, the "AV Information Systems") for any and all events at the Sites during the Term. The Orioles will work cooperatively with the County to include a limited number of public service announcements and announcements of County programs and civic-oriented events at Orioles' events. The Orioles' personnel or designee shall operate all AV Information Systems at all times during the Term unless the Orioles agree otherwise; however, during Historical Events or County (or City) or

authorized public) civic-oriented non-profit events, and subject to the Orioles' right and obligation to operate the AV Information Systems, the County shall have the right to determine the audio content and sell temporary event day only electronic message advertising on the Scoreboard content display. If Orioles personnel are utilized to operate the AV Information Systems, the Orioles shall be reimbursed for such actual incremental, out-of-pocket costs and expenses and other applicable expenses as provided in Section 5.8. Without limiting the foregoing, in no event may the County sell any temporary event day electronic message advertising on the Scoreboard content display to an entity if the sale or content of such electronic advertising would cause the Orioles to breach any exclusivity granted to a naming rights, presenting sponsor or any exclusive Orioles' sponsor.

9. BROADCASTING.

9.1 The County will cooperate with the Orioles in identifying locations and available connectivity of commercial fiber, cabling, electrical, communications data transmission systems and the nearest head-ends (the "Broadcast Interface Equipment") in order for the Orioles to broadcast games played by the Orioles during the Term. The Orioles shall be responsible for all connectivity charges or fees payable to the vendor or utility. The County shall not charge the Orioles any fees or connectivity charges and the Orioles shall be permitted to use available easements on the Sites for connectivity purposes.

9.2 The Orioles shall have the exclusive broadcasting rights for all events at the Sites, other than as provided in this Subsection during the Term and all revenues derived therefrom shall be the property of the Orioles, including but not limited to all park and power fees and other charges levied upon visiting teams or for or in connection with other productions year-round. The Orioles shall have all rights to determine the content of any Orioles' broadcast and the Orioles shall have all rights to sell any advertising on any Orioles' broadcast during the Term. Subject to the rights of third parties, the Orioles shall have a fully-paid, transferable, license to broadcast and re-broadcast worldwide in perpetuity, images, photographs, audio and audio/visual recordings of all events of and from the Sites. The County shall have the non-exclusive right to broadcast the Historical Events and the approved County (or City or authorized public) civic-oriented non-profit events at the Sites utilizing its broadcasting equipment and personnel or, upon mutually acceptable terms, the Orioles' broadcasting equipment and personnel. Subject to the rights of third parties, the Orioles may broadcast any of the Historical Events or County (or City or authorized public) civic-oriented non-profit events from the Sites at its discretion.

10. PROMOTION AND TOURISM.

10.1 The Orioles acknowledge that the County is undertaking a substantial financial responsibility to fund portions of the Project. The Orioles and County agree to develop an ongoing promotional relationship for the purpose of promoting Sarasota County and the Greater Sarasota County region as a desirable and attractive year-round vacation and meeting destination venue and for the promotion of the Orioles' spring training games and ticket sales related thereto. The Orioles shall make available on an annual basis after consultation with the Sarasota Convention and Visitor's Board and the Sarasota Tourism Development Council, certain promotional and tourism opportunities set forth in Exhibit 4. The Parties shall meet on an annual basis to review and amend Exhibit 4 as may be mutually agreeable from time to time.

10.2 The parties acknowledge that the Minor League Site is located at County-owned Twin Lakes Park which contains identifying signage and will continue to do so. To the extent permitted by Major League Baseball rules and regulations, the Orioles will provide the County with certain limited use rights as to the Orioles' marks and logos, subject to the Orioles' prior written approval in each instance, which will allow the County to promote its partnership with the Orioles at the Sites and on County literature and advertisements.

10.3 The Orioles shall provide the County with ten (10) prime location tickets (in groups of two (2) and four (4)), as determined by the Orioles, for all games and events at the Major League Site free of charge throughout the Term. In addition, the Orioles shall provide the County with event tickets for all seats in a luxury suite for up to four (4) Orioles spring training games per year, provided, however, that the suites have not been sold to a corporate or other purchaser and are available for the Orioles use and assignment. The County shall also be provided at no cost with adequate, preferred parking for all events for which tickets have been provided. The luxury suite, tickets and parking provided hereunder shall be used for tourism promotion and economic development purposes. The surcharge provided in Section 12 shall not be applicable to any complimentary event tickets or any tickets for which no payment is made by the County or other third party.

11. OPERATIONS AND MAINTENANCE.

11.1 Except as to Historical Events and County (or City or authorized public) civic-oriented non-profit events and as provided in Section 5.8, the Orioles, as lessee of the Sites, shall be responsible solely for payment of all operating expenses and routine maintenance and repairs of the Sites during the Term. The Orioles shall operate the Sites in a safe, clean, attractive, and first class manner comparable to that of other Major League Baseball spring training and minor league facilities and shall provide on-Site fire, EMS, police and traffic control for games and other events at the Major League Site under the Orioles' control as may be necessary. The County shall be responsible to provide such on-Site fire, EMS, police and traffic control for all County civic-oriented, non-profit events as may be necessary. Throughout the Term and except as otherwise expressly provided herein, the Orioles shall be responsible for and provide all cleaning and operational maintenance services for the Sites, including the playing and practice fields located thereon, in conformity with the practices of Major League Baseball spring training facilities and Major League Baseball standards, rules and regulations. For purposes of this Agreement, operating expenses and routine maintenance and repair services shall mean those ordinary cleaning, maintenance and ordinary repair services necessary to keep the Sites in first class, good and working condition and are ordinary and recurring expenses for current repair and maintenance that do not improve an asset or add to its useful life and that are not treated as capital expenses for federal income tax purposes. The County shall have no responsibility for any operating or routine maintenance or repair expenses for the Sites except as related to County civic-oriented, non-profit events or County approved recreational events pursuant to Section 5 or in connection with Section 18. The requesting party for Historical Events shall be responsible for any operating or routine maintenance or repair expenses for such Historical Events which shall be included in the contract described in Section 5.4 above, unless otherwise agreed by the Orioles. In the event that the County utilizes the Sites or authorizes their use, in whole or in part, the County shall be responsible to maintain and repair the fields and related facilities to the condition

prior to the time of County use, so as to provide the Orioles with the full beneficial use of and to the Sites. To the extent that the Orioles incur costs or expenses to maintain or repair the Sites as a direct result of the County's use of the Sites, the County shall reimburse the Orioles for all actual incremental, out-of-pocket costs and expenses associated therewith and other applicable expenses as provided in Section 5.8, in a timely manner upon invoice.

12. CAPITAL REPAIR AND IMPROVEMENTS FUND.

12.1 The County shall establish, administer and maintain a Capital Repair and Improvements Fund in an interest bearing account dedicated for the exclusive benefit of the Sites for the purposes expressed in this Section.

12.2 The Parties acknowledge that during the Term there will be capital repair and improvement items necessary to maintain or preserve the condition, structural integrity, safety or functionality of the Sites or to address physical obsolescence. Physical obsolescence means that the structure, foundation, surface, components, systems, fixtures or condition: (i) no longer adequately functions for the purposes for which it was intended, (ii) is dysfunctional in whole or in part, or (iii) poses a hazard to the public's accommodation. The Capital Repair and Improvements Fund shall not be used for the Orioles' general operations and routine maintenance and ordinary repair obligations or for any County (or City) obligations to reimburse the Orioles or pay for costs and expenses associated with the County's (or City's) use of the Sites or the use of the Sites by the public. This Fund is intended only for capital repairs and improvements as expressed in this Section, and which would customarily be treated as a capital item for federal income tax purposes. Capital repairs and improvements shall include all expenditures for a fixed asset, or which extends the useful life longer than one (1) year or adds value to or increases the usefulness or productivity of an existing asset.

12.3 The Capital Repair and Improvements Fund shall be funded by annual contributions from each of the Parties in accordance with the following schedule:

<u>For the Years</u>	<u>Annual Contribution</u>
2011 through 2015	\$125,000
2016 through 2020	150,000
2021 through 2025	175,000
2026 through 2030	200,000
2031 through 2035	225,000
2036 through 2039	250,000

12.3.1 A surcharge upon all Orioles game tickets sold and all other for-profit ticketed events conducted at the Sites shall be considered a contribution to the Capital Repair and Improvements Fund as if made by the Orioles directly:

12.3.1.A For all tickets with a face value of \$5.00 or less, the ticket surcharge shall be fifty (50) cents per ticket sold.

12.3.1.B For all tickets with a face value in excess of \$5.00 but less than \$10.00, the ticket surcharge shall be \$1.25 per ticket sold.

12.3.1.C For all tickets with a face value of \$10.00 or more but less than \$20.00, the surcharge shall be \$1.75 per ticket sold.

12.3.1.D For all tickets with a face value of \$20.00 or more but less than \$30.00, the surcharge shall be \$2.00 per ticket sold.

12.3.1.E For all tickets with a face value of \$30.00 or more, the surcharge shall be \$2.50 per ticket sold.

12.3.2 In any year, the Orioles shall have the sole right to charge or modify the ticket surcharge in its sole judgment.

12.3.3 Notwithstanding the foregoing, if the amount of the annual surcharge collected is: (A) less than the Orioles' Annual Contribution, the Orioles shall contribute the difference to the Capital Repair and Improvements Fund; (B) more than the Orioles' Annual Contribution, the amount of such excess shall not be credited toward its Annual Contribution for any other year.

12.4 Contributions to the Capital Repair and Improvements Fund shall be made by the County and the Orioles no later than January 15 of each year for the preceding year. No expenditures may be made from the Capital Repair and Improvements Fund without the prior approval of both the County and the Orioles.

12.5 All interest accruing on the Capital Repair and Improvements Fund shall be added to the Fund and available for Fund purposes.

12.6 The Orioles and the County shall jointly review the Fund balance on an annual basis. Beginning in the fifth (5th) year after substantial completion of the Project and every five (5) years thereafter, the Parties shall conduct an independent structural and engineering analysis of the Sites. The cost of such analysis shall be paid from the Capital Repair and Improvements Fund. To the extent that the structural and engineering analysis provided for in this Section 12.6 identifies a material structural or engineering condition that should be addressed by this Section, the Capital Repair and Improvements Fund will be made available to the extent that the Orioles and the County agree to authorize those repairs or improvements.

12.7 The County and the Orioles shall annually cooperatively develop a rolling five (5) year capital repairs and improvement plan for the Sites. The Orioles shall submit to the County, on or before June 1 of each year, a proposed budget of anticipated capital repairs and capital improvements for the succeeding year. The proposed budget shall include a detailed statement of the reason for and cost of proposed capital expenditures. The County shall review the proposed budget and notify the Orioles on or before August 1 of the same year whether it has approved all or any portion thereof, which approval will not be unreasonably withheld, conditioned or delayed. In the event of an emergency requiring a capital expenditure or other capital expenditure deemed necessary by the Orioles but not included in the budget, the Orioles shall promptly notify the

County after discovery of the emergency or need for the capital expenditure, and the Orioles and the County shall work cooperatively together in good faith to address the need for the capital expenditure.

12.8 The County shall be responsible for identification of funding sources and the timely payment of all approved capital expenditures that cannot be paid out of the then-remaining balance in the Capital Repair and Improvements Fund. The Orioles acknowledge that any such payment by the County is subject to appropriation and approval by the County Commissioners.

12.9 The Orioles, with the cooperation of the County, shall supervise the making of all capital repairs and improvements to the Sites.

12.10 Notwithstanding anything provided in this Section 12, the insurances required in Section 16 of this Agreement shall be maintained in full force and effect.

13. FUTURE IMPROVEMENTS.

13.1 Subject to the applicable provisions of Section 4.3 hereof, the Orioles may develop and construct additional improvements on the Sites during the Term which are permitted by the zoning on the Sites, and any such improvements shall immediately be subject to the Lease. The Orioles shall prepare and provide to the County a plan showing such additional improvements, an estimate of the cost of the improvements and the Orioles commitment to pay for and a funding plan for such improvements prior to construction. The County shall have the right to review and approve all such improvements, such approval not to be unreasonably withheld, conditioned or delayed. The development and construction of any such additional improvements on the Sites during the Term shall be completed by the Orioles in accordance with applicable law.

14. YOUTH BASEBALL ACADEMY AND FACILITIES.

14.1 The Parties acknowledge that it is mutually beneficial to facilitate the establishment of a youth baseball academy and youth tournaments, serving both the Greater Sarasota County region and players and teams from other areas. The Orioles and Ripken Baseball have expressed a desire and are willing to locate a Cal Ripken Youth Baseball Academy and youth tournaments at the Minor League Site. The County has agreed to permit the Orioles to sublease or co-locate a portion of the Minor League Site (as identified on the preliminary Site sketch attached hereto as Exhibit 2) as a possible and acceptable location for the youth baseball academy, facilities and fields and the County has agreed to provide said area to the Orioles for such purposes as a cleared and leveled portion of the parcel. The County consents to the development and use of the aforementioned areas for all such fields and facilities as may be necessary and appropriate for the full and beneficial use of those areas for a youth baseball academy and youth tournaments. The Orioles and/or Ripken Baseball with review and approval of the County, which shall not be unreasonably withheld, conditioned or delayed, shall have full rights to the design and architectural style of the fields and facilities. The timing of the development and construction of the youth fields and facilities is dependent upon raising the necessary funds to proceed with the project. Notwithstanding the preceding sentence, the Orioles and Ripken Baseball will commit to provide a commercially reasonable level of youth baseball activities in the Greater Sarasota County region pending the establishment and construction of the

youth baseball fields and facilities and the availability of requisite fields and facilities. The development and construction of youth baseball facilities pursuant to this Section shall be subject to the provisions of Section 13 hereof.

15. NO IMPACT FEES.

15.1 To the extent legally permissible, the Orioles shall not be responsible for the payment of any road impact fees, justice impact fees and general government impact fees in connection with the development or use of the Project.

The policies of insurance shall be primary and written on forms acceptable to the County and placed with insurance carriers approved and licensed by the Insurance Department in the State of Florida and meet a minimum financial AM Best Company rating of no less than "A-Excellent". No changes are to be made to these specifications without prior written specific approval by the County's Risk Management Department.

The County shall retain the right to review certificates, declarations and policies of insurance, at any time, in order to confirm coverage, form, and amount of insurance in accordance with this Agreement. The County shall be named as an additional insured on all Orioles' policies of insurance under this Agreement and the Project Documents.

The County shall provide a copy of the Certificate of Insurance listing the Orioles as the additional insured. The property insurance shall insure against damage or destruction to any components of the Sites, providing "all risk" peril coverage, including coverage against hurricane, flood, sewer backup and earthquake. In the event of a loss or damage as described above, the County shall be responsible to retain a project manager to obtain an inspection and estimation of damages and repair and/or replacement costs to bring the Sites to their pre-loss condition in a timely and efficient manner. The County shall promptly report in a timely manner all claims and shall pay all deductibles in connection with such claim. Insurance proceeds recovered from submitted property damage claims for the Sites pursuant to this Section shall be placed in a joint escrow account and used to repair or rebuild the Sites and the County shall be obligated to promptly restore the Sites to its original or better condition. In the event that the insurance proceeds are insufficient to repair and restore the Sites to their previous pre-loss or substantially similar condition, the Orioles shall have no obligation to utilize its own funds to repair or restore the Sites. In the event the County determines that the Major League Site and/or the Minor League Site should not be repaired, the Orioles are entitled to immediate termination of this Agreement, and the Project Documents or any portion thereof (e.g. termination of the Major League Site but not the Minor League Site) without penalty. In the event the Orioles elect to terminate this Agreement and the Project Documents, there shall be an abatement of all monies due hereunder from the date of unavailability. The County, as applicable, shall be required to immediately notify its insurance carrier(s) in the event of any loss and shall promptly submit all claims, and all insurance proceeds of such policies paid for property damage to the Sites shall be for the benefit of the Sites and the Orioles and promptly applied to the repair, replacement and refurbishment and restoration of the Sites, and in accordance with the procedures established by the County and the Orioles and/or its designees for the initial construction of the Project, unless otherwise agreed upon by the County and the Orioles.

17. ENVIRONMENTAL.

17.1 The Major League Site has been used for Major League Spring Training for more than twenty (20) years. Portions of the Major League Site were used as a landfill and asphalt plant in the past. The Major League Site is the subject of a consent order between the City and the Florida Department of Environmental Protection. The Interlocal Agreement with the City obligates the City, as set forth in the consent order, to continue to perform its environmental monitoring, reporting and other requirements under applicable environmental laws, following transfer of title to the Sports Complex to the County. It is contemplated that the City will need to enter into an amendment to the consent order providing for the closeout of the consent order. If it is determined that the Major League Site cannot be used as depicted on the preliminary project plans or that the Site presents a potential hazard to the public's health and safety or if the State of Florida or any other governmental agency requires remediation efforts, then the Orioles and the

County shall discuss funding the remediation costs, and if no agreement is reached prior to commencement of construction on the Major League Site, the Orioles shall have the right, in its sole discretion, to terminate this Agreement upon thirty (30) days written notice to the County.

18. DISASTER PREPAREDNESS/SHELTER.

18.1 The Sites may be used, in areas agreed upon by the Parties, for emergency response personnel and equipment, debris and debris-removal equipment for natural disaster preparations, response, and potential shelter. In the event the County uses the Sites pursuant to this Section, the County agrees to completely remove all disaster/hurricane-related debris and materials from the Sites and take such other remedial action as may be necessary within a reasonable period of time prior to the Spring Training Period so as to allow the Orioles full beneficial use of and to the Sites. The County shall be responsible for all damage, clean-up, maintenance, repairs and costs and expenses in connection with the use of the Sites for disaster purposes, and the County shall promptly clean up, repair and restore the Sites, all at no cost or liability to the Orioles. Notwithstanding anything in this Agreement to the contrary, the County shall be responsible for any liability arising out of or in connection with the County's (and its invitees) or the public's use of the Sites pursuant to this Section and the County agrees to indemnify, defend and hold the Orioles and its officers, directors, partners, employees, agents and representatives harmless in connection with such use of the Sites by the County (and its invitees) or the public.

19. TAXES; AVAILABILITY OF ADDITIONAL STATE FUNDS.

19.1 The County represents that (1) it shall acquire from the City and shall continue to have throughout the Term, all ownership interests in the Major League Site, (2) as of the date hereof, it has and shall continue to have throughout the Term, all ownership interests in the Minor League Site, (3) as such, has the full authority to grant the Orioles the rights provided hereunder, and (4) this Agreement has been entered into for the public purpose of promoting tourism, gainful employment and economic growth in Sarasota County and the State of Florida. It is the intent and understanding of the Parties that the leasehold interest to be held by the Orioles pursuant to the Lease shall be immune from Property Taxes, including ad valorem taxation for long as such constitutional immunity remains in effect.

19.2 For purposes of this Agreement, "Property Taxes" shall mean all ad valorem taxes, real estate taxes and assessments or payments in lieu of real estate taxes which are levied against the Lease and/or the Sites (and any improvements thereon), including all general and special taxes levied by the County, the City or any political subdivision or taxing authority of the County or the City or the State of Florida, including but not limited to school districts, or transit authorities, so long as such tax is based upon or measured by the valuation of the land, the improvements (including the Project), or any of their respective leasing arrangements.

19.3 If the Orioles and/or its designees may be eligible for any tax benefits, exemptions, abatements, credits, grants or other refunds the County shall cooperate with the Orioles in pursuing such.

19.4 The County and the Orioles shall each use their best efforts to obtain additional funds from the State of Florida, authorized for the use of spring training facilities construction or renovation, for economic development, tourism, disaster relief or staging, hurricane hardening purposes and/or any other purpose that can be made available for the Sites in connection with the Orioles' use and occupancy thereof and to dedicate such additional funds to the Capital Repair and Improvements Fund.

20. FORCE MAJEURE.

20.1 Neither party hereto shall be liable for any delay or failure in the performance of any obligation under this Agreement or the Project Documents or for any loss or damage (including indirect or consequential damage) to the extent that such nonperformance, delay, loss or damage results from any "Force Majeure". For purposes of this Agreement, a "Force Majeure" shall mean and include without limitation, any fire, flood, explosion, damage by third parties whether negligently or intentionally caused, acts of God or Nature or other casualties, strikes (including, without limitation, any strike by the Major League Baseball Players Association), lockouts (including, without limitation, any lockout by the League), work stoppages, picketing or other concerted action by any employees or any labor organization, national emergency or state of war, the laws or actions of any governmental authority, or any other event or cause that is beyond the control of the Parties. Notwithstanding anything contained in this provision, a strike by the MLBPA or lockout by the League will not be a Force Majeure event with respect to the Project Development Agreement.

Without limiting any remedies available at law or in equity, in the event the purposes of this Agreement and/or the Project Documents are frustrated as a result of the actions, rulings, determinations, findings, orders, judgments or directives of any state or federal or other governmental agency or as a result of the actions of third parties in connection with, relating to, or arising from, the existence of any hazardous materials on, in, under, affecting or emanating from all or any portion of: (1) the real property located at 12th Street and Tuttle which has historically been used as a Major League Spring Training facility and includes training facilities, practice fields, clubhouses, offices, the "Ed Smith Stadium" and other improvements and fixtures located thereon, and/or (2) the real property located North of 12th Street and South of 17th Street and the corner parcel North of 12th Street (the "Major League Site") which may cause (i) substantial and material delay to the Project, (ii) substantial and material additional costs to the Project, (iii) substantially and materially restrict or prohibit the Project or its substantial completion or (iv) in any other way substantially and materially frustrates the purposes of this Agreement and/or the Project Documents, then the Orioles and the County shall discuss such situation, and if no mutually acceptable agreement is reached between the Parties to resolve the situation, then either Party shall have the right to terminate this Agreement and the Project Documents upon thirty (30) days written notice to the other Party, provided that, any Party may submit this matter to binding arbitration, which arbitration must be requested, conducted and fully concluded within sixty (60) days of the written notice of termination, solely as to the issue of whether that Party's termination was reasonable under the facts and circumstances, including the purposes of this Agreement and the Project Documents and based upon the delay, additional costs, restriction or prohibition as expressed in this Section.

20.2 If as a result of any Force Majeure the Sites are unavailable for Spring Training in any of the years during the Term, this Agreement and the Project Documents shall be regarded as suspended for the period of unavailability without liability to either Party so long as the period of unavailability is no more than two (2) consecutive Spring Training Periods during the Term. If the Sites shall be unavailable for two (2) consecutive Spring Training Periods during the Term, the Orioles shall have the right to terminate this Agreement and the Project Documents without any further liability to the County. To the extent that the Sites are unavailable for a Spring Training Period, the County shall use its best efforts to assist the Orioles in securing, at no cost to the Orioles, suitable facilities in the County to conduct its Spring Training Operations. If no suitable facilities are available, in the Orioles' sole discretion, the Orioles may locate its Spring Training Operations at facilities outside the County and the Orioles shall be relieved of all obligations under this Agreement and the Project Documents for such period.

21. DEFAULT, REMEDIES AND TERMINATION.

21.1 If either Party hereto (the "Defaulting Party") shall fail to perform any of its obligations under this Agreement or any of the Project Documents, then the Party not in default (the "Non-Defaulting Party") shall provide notice of such failure to the Defaulting Party and afford the Defaulting Party a grace period to cure said failure, as follows:

21.1.1 Where a grace period is specifically provided, that specific grace period shall apply.

21.1.2 Where a grace period is not specifically provided, the Defaulting Party shall afford the Non-Defaulting Party a grace period of: (i) five (5) business days to cure monetary failure; and (ii) thirty (30) days to cure any non-monetary default; provided, however, that if any non-monetary failure cannot be cured within such thirty (30) day period, the Defaulting Party shall be afforded such additional time as shall be reasonably required to cure such failure, if the Defaulting Party has commenced the appropriate cure within said initial thirty (30) day period and thereafter proceeds with reasonable diligence to cure said failure.

21.1.3 If any failure to perform shall not have been cured by the expiration of the applicable grace period, then a "Default" shall be deemed to have occurred and the Non-Defaulting Party shall have the rights and remedies set forth in Section 21.2 below.

21.2. If a Default shall occur, the Non-Defaulting Party shall have the right (but not the obligation to cure such default on behalf of the Defaulting Party, in which event the Defaulting Party shall immediately reimburse the Non-Defaulting Party for all sums paid by it to effect such cure, together with interest thereon at the annual rate of interest equal to the prime rate of interest charged by the County's primary financial institution to its commercial customers with the highest credit rating plus one and one-half percent ("the Default Rate").

21.3 County Termination. The County may terminate this Agreement or any of the Project Documents upon thirty (30) days prior written notice to the Orioles of any of the following events (collectively hereinafter referred to as the "Orioles Defaults"):

21.3.1 If the Orioles desert or vacate one or both of the Sites;

21.3.2 If, by order of a competent authority, a receiver, liquidator or trustee of the Orioles shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days after the making of such order, or if by decree of such authority the Orioles shall be adjudicated or determined to be bankrupt or insolvent, or if the Orioles shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;

21.3.3 If the Orioles fail to make any payments to the County pursuant to this Agreement or any of the Project Documents within sixty (60) days following written notice of such payment Default; provided however, the Orioles shall have the right to withhold any amounts disputed in good faith until the settlement of any such dispute; or

21.3.4 If the Orioles breach any material provision, agreement or obligation under this Agreement or any of the Project Documents, that is not cured within sixty (60) days after notice of such Default; provided, however, that if such Default cannot be cured within such sixty (60) day period, but the Default is capable of cure within a reasonable period of time which is acceptable to the County, and the Orioles diligently pursue such cure, the Orioles shall be allowed such agreed upon time period to cure such Default.

21.4 Orioles Termination. In addition to the termination rights contained elsewhere in this Agreement, the Orioles may terminate this Agreement or any of the Project Documents upon thirty (30) days prior written notice to the County of any of the following events (collectively hereinafter referred to as the "County Defaults"):

21.4.1 If, by order of a competent authority, a receiver, liquidator or trustee of the County shall be appointed and such receiver, liquidator or trustee shall not have been discharged within thirty (30) days of the making of such order, or if by decree of such authority the County shall be adjudicated or determined to be bankrupt or insolvent, or if the County shall file a petition in voluntary bankruptcy, shall make an assignment for the benefit of or enter into a composition with its creditors, shall seek to terminate its existence or shall otherwise seek to wind up its affairs;

21.4.2 If the County fails to make any required payments or deposits to the Governmental Project Fund, Construction Fund Account or the Capital Repair and Improvements Fund or fails to make any payments to the Orioles pursuant to this Agreement or any of the Project Documents within sixty (60) days following written notice of such payment Default; provided, however, the County shall have the right to withhold any amounts disputed in good faith until the settlement of any such dispute; or

21.4.3 If the County breaches any material provision, agreement or obligation under this Agreement or any of the Project Documents that is not cured within sixty (60) days after notice of such Default; provided, however, that if such Default cannot be cured within such sixty (60) day period, but the Default is capable of cure within a reasonable period of time which is acceptable to the Orioles, and the County diligently pursues such cure, the County shall be allowed such agreed upon time period to cure such Default.

21.5 Cumulative Rights. The remedies heretofore described in this Section 21 shall be in addition to any other remedy the Non-Defaulting Party may have at law or in equity in the event of a Default, including without limitation:

21.5.1 An action to recover monies then due and owing from the Defaulting Party, together with interest thereon at the Default Rate, from the date on which such monies were due;

21.5.2 An action for specific performance of non-monetary covenants and agreements on the part of the Defaulting Party; and/or

21.5.3 An action for recovery of all actual losses, costs and reasonable attorneys' fees incurred by the Non-Defaulting Party in connection with, arising out of or in any way related to the Default.

21.6 Injunctive Relief. Without limiting any other remedies of the County on account of a Default by the Orioles available in accordance with Section 23 of this Agreement, the County will be irreparably harmed if the Orioles violate the Lease by the transfer, move or other relocation of the Orioles' spring training activities to locations other than the Sites during the Term otherwise than as provided or permitted by this Agreement or the Project Documents. Accordingly, the Orioles hereby agree that in the event of such a violation or threatened violation of the Lease, the County shall be entitled to seek and obtain a temporary restraining order, together with preliminary and permanent injunctive relief, from any court of competent jurisdiction to enjoin any such violation or threatened violation. The Orioles waive any requirement that the County post a bond or other security in connection with such injunctive relief. In the event of such attempted or actual transfer, move or other relocation of the Orioles' spring training activities to, or the playing of Home Games at, any location other than the Sites, the County is not able to obtain the injunctive relief provided for in this Section 21.6, the County shall be entitled, at its option, to seek monetary damages.

23. DISPUTE RESOLUTION.

23.1 The Parties acknowledge that their rights and responsibilities under this Agreement and the Project Documents involve coordination and cooperation with respect to the design, development and construction of, and capital repairs and improvements to, the Project. Accordingly, the Parties agree that it would be to their mutual benefit to establish a dispute resolution process to deal with any dispute arising out of this Agreement or the Project Documents.

23.2 The Parties agree to attempt to settle any dispute or controversy that may arise between the Parties regarding any provision or obligation set forth in this Agreement or the Project Documents by non binding mediation.

23.3 If the Parties are unable to resolve any dispute with respect to the design, development and construction of, and capital repairs or improvements to, the Project or with respect to the Parties' obligations to finalize and execute the Project Documents, the matter in

dispute shall be submitted to binding arbitration under the Arbitration Laws of the State of Florida (Chapter 682, Florida Statutes) in accordance with applicable Commercial Arbitration Rules of the American Arbitration Association ("AAA") then in effect. The venue of the arbitration may be in Sarasota County. The arbitration shall be expedited to completion within ninety (90) days after notice of electing to arbitrate sent by one Party to the other Party. Both Parties shall agree in good faith to cooperate and facilitate the completion of the arbitration within said ninety (90) day period. In the event the Parties are unable to agree on a single arbitrator within thirty (30) days of the notice of electing to arbitrate, each Party shall within ten (10) business days thereafter select an arbitrator from a panel of eligible arbitrators provided by AAA and thereafter the two selected arbitrators shall select a third arbitrator. After all the evidence has been presented and the hearing has concluded, the Arbitrator(s) shall issue an award, in writing, within thirty (30) days. A judgment upon that award shall be enforceable in any court having jurisdiction of such matters in the State of Florida.

24. TRANSFER OF THE SITES.

24.1 The County represents, warrants and covenants that no part of the Sites will be sold, assigned or transferred by the County during the Term and the County shall not take (or refrain from taking) any action to restrict or condition, and shall not be permitted to sell or otherwise transfer, any portion of the Sites to any unaffiliated third party, without the prior written approval of the Orioles, which may be granted or withheld in the Orioles' sole discretion. If the Orioles approve the sale or transfer of any portion of the Sites, such County purchaser and/or transferee shall be obligated to perform in accordance with the terms of this Agreement and the Project Documents, including all the obligations, duties and responsibilities of the County contained therein, and such purchaser and/or transferee shall explicitly assume in writing all such obligations, duties and responsibilities. Further, if at any time during the Term, with the prior written approval of the Orioles, the County offers to sell the Sites, or any portion thereof, to an unaffiliated third party, the Orioles shall have a right of first refusal to purchase the Sites, or portion thereof at the price acceptable to such unaffiliated third party.

25. CONDITIONS TO THE EFFECTIVENESS OF THIS AGREEMENT.

25.1 Notwithstanding any provision of this Agreement to the contrary, the effectiveness of this Agreement is expressly conditioned upon the certification by the State of Florida of the Sites as a retained spring training facility for which funding under Section 288.1162FS has been approved and all necessary funds under the aforementioned Florida statutes are committed by the State Office of Tourism, Trade and Economic Development ("OTTED") to be released or continue to be released to the City for the benefit of the Project. All approvals and commitments as to the funding or continuation of funding under this Section shall be confirmed in writing by OTTED within seven (7) days after the satisfaction of all conditions set forth in the OTTED letter dated July 17, 2009 to the Sarasota County Commission Chairman as a condition precedent to the effectiveness of this Agreement.

25.2 Notwithstanding any provision of this Agreement to the contrary, the effectiveness of this Agreement is expressly conditioned upon the receipt by the Parties from the City of an environmental indemnity in form and substance satisfactory to the Parties within seven (7) days after the date of this Agreement.

26. MISCELLANEOUS.

26.1 Amendments. This Agreement may not be changed, modified, or discharged orally, but only by an instrument in writing signed by the Parties.

26.2 Binding Effect. This Agreement shall be binding upon and inure to the benefit of each of the Parties, and each of their respective successors. The Parties by executing this Agreement represent and warrant to each other that they have the full authority to enter into this Agreement and to bind such Parties to its terms and conditions.

26.3 Conflicting Agreements. Each Party represents and warrants to the other Party that the execution of this Agreement and the performance of its obligations hereunder will not breach or be in conflict with any other agreement to which it may be a Party or may be bound.

26.4 Construction. The Parties hereby acknowledge that this Agreement is the product of negotiation between the Parties and/or their respective legal counsel and that no provision of this Agreement shall be construed against a Party solely because that Party or that Party's counsel drafted such provision.

26.5 Exhibits; Headings. The Exhibits attached hereto are substantive parts hereof; headings of the Sections of this Agreement are for convenience of reference only and are not substantive parts hereof.

26.6 Further Actions of the Parties. Immediately upon the execution of this Agreement, the Parties shall take all action necessary to effectuate the purposes of this Agreement, and shall commence good faith negotiations to draft and, where appropriate, execute the Project Documents which implement the transaction(s) contemplated by this Agreement. In addition, and without limiting the foregoing, the County shall take any action necessary under the Interlocal Agreement(s).

26.7 Covenant Re: Negotiations. Upon the mutual execution and delivery of this Agreement and the satisfaction of any condition precedents to this Agreement, the Orioles will refrain from any further negotiations with any other jurisdiction for the location of the Orioles' long term Spring Training Operations. Pursuant to the terms and conditions of this Agreement, the Orioles shall notify the County on or before October 31, 2009 as to whether the Orioles will conduct its Spring Training Operations in 2010 at the Sites. The Orioles may, without violating this covenant in making such determinations, have discussions with its current landlord in Fort Lauderdale, Florida with regard to the Orioles' existing leasing arrangements, including the winding down of such arrangement. In the event that the City of Fort Lauderdale asserts a claim against the County arising from the execution of this Agreement, the Orioles agree to reimburse the County for any actual out-of-pocket costs, fees or expenses, judgments or awards, as a direct result of such claim by the City of Fort Lauderdale.

26.8 Governing Law. This Agreement is entered into in, and shall be governed by, construed and enforced in accordance with the laws of the State of Florida, without reference to principles of conflicts of laws.

26.9 Integrated Agreement. This Agreement represents the full, complete, entire and integrated agreement between the Parties with respect to the subject matter hereof, and supersedes all prior oral and written agreements, understandings and negotiations with respect to the subject matter hereof.

26.10 No Joint Venture. This Agreement shall not constitute a partnership, joint venture or create an agency relationship between the Parties.

26.11 No Waiver. The failure of either Party to object to, or to take affirmative action with respect to, any conduct of the other Party that violates any term or condition of this Agreement shall be limited to that particular instance, and shall not be construed as a waiver of that Party's rights for such breach or as a waiver of remedies for future breaches by the other Party.

26.12 Orioles' Full and Beneficial Use of the Sites. As provided for in this Agreement, the "Orioles' full and beneficial use of the Sites" shall mean all lawful uses of the Sites subject to the terms and conditions of this Agreement.

26.13 Rights Unique. The Parties acknowledge that each Party's rights and obligations hereunder, including but not limited to intellectual property assets (but other than the payment of money) are special, unique, extraordinary and impossible of replacement, which gives them a peculiar value, the loss of which could not be reasonably or adequately compensated in damages in an action at law, and that either Party's failure or refusal to perform its obligations hereunder would cause the other Party loss and damages. Except as permitted and otherwise provided for in this Agreement, if either Party fails or refuses to perform such obligations, the other Party shall be entitled to seek injunctive or other equitable relief against it, including temporary relief prior to a time at which a preliminary hearing may be held, by a court of competent jurisdiction to prevent the continuance of such failure or refusal or to prevent the breaching Party from granting rights to others in violation of this Agreement. The Parties waive any requirement that the other Party post a bond or other security in connection with such injunctive relief. In the event a Party is not able to obtain the injunctive relief provided for in this Section, such Party shall be entitled, at its option, to seek monetary damages.

26.14 Mutual Indemnification. The Orioles shall indemnify, defend and hold the County and County's agents harmless from and against all loss, cost, damage and expense (including reasonable attorneys' fees and disbursements) imposed upon or incurred by the County in connection with all claims arising out of or relating to the death of or injury to any person, or the loss of or damage to the property of any person (excluding the property of the County) arising out of or occurring during Spring Training games or Orioles' events or the Orioles' occupancy, management or use of the Sites, excluding death, injuries, and property loss and damage which arise out of or are related to the wrongful or negligent acts or omissions of the County, the County's agents or County's contractors or subcontractors. The County shall indemnify, defend and hold the Orioles and Orioles' agents harmless from and against all loss, cost, damage and expense (including reasonable attorneys' fees and disbursements) imposed upon or incurred by the Orioles in connection with all claims arising out of or relating to the death of or injury to any person, or the loss of or damage to the property of any person (excluding the personal property of

the Orioles) arising out of or occurring during County civic-oriented, non-profit events, or County-authorized use or events for the County's occupancy, capital repair or improvement or use of the Sites, excluding death, injuries, and property loss and damage which arise out of or are related to the wrongful or negligent acts or omissions of the Orioles, the Orioles' agents or Orioles' contractors or subcontractors.

26.15 Severability. The parties hereto agree that to the extent that any provision or portion of this Agreement shall be held, found or deemed to be unreasonable, unlawful or unenforceable by a court of competent jurisdiction, then any such provision or portion thereof shall be deemed to be modified to the extent necessary in order that any such provision or portion thereof shall be legally enforceable to the fullest extent permitted by applicable law.

26.16 Taxes; Recordation. The Orioles shall not be responsible for any fees, taxes (including but not limited to transfer taxes) or expenses in connection with the recordation of this Agreement or any of the Project Documents.

26.17 Time. Time is of the essence with regard to the Parties' obligations under this Agreement.

26.18 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which together shall be one and the same instrument.

26.19 Orioles Assignment. The Orioles shall not sell, assign or otherwise transfer all or any portion of its interest in this Agreement or the Project Documents without first obtaining the consent of the County; provided, however, that (i) the Orioles shall have the right, without consent, to sublease or transfer its rights and/or obligations, in whole or in part, under this Agreement and the Project Documents, including in furtherance of Section 14 of this Agreement, to any person or entity, provided that the Orioles shall remain liable for its obligations under this Agreement and the Project Documents, including, but not limited to, the playing of the Orioles' Spring Training games at the Sites as provided herein and (ii) the Orioles shall have the right, without consent, to transfer all of its rights and/or obligations, in whole or in part, under this Agreement or the Project Documents to any person or entity that shall thereafter own the Major League Baseball franchise now held by the Orioles on the condition that such transferee shall assume the obligations of the Orioles set forth in this Agreement and the Project Documents and on the further condition that Major League Baseball approves the transfer of the Orioles Major League Baseball franchise to such transferee.

IN WITNESS WHEREOF, the parties have executed this Agreement under seal as of the date set forth above.

Sarasota County Commission
1660 Ringling Boulevard
Sarasota, FL 34236

Dear Chairman Thaxton:

Recent discussions with the Office of Tourism, Trade, and Economic Development (OTTED) have surrounded the departure of the Cincinnati Reds. We understand that the City of Sarasota and Sarasota County are working to preserve Spring Training in their area by negotiating an arrangement with the Baltimore Orioles. I have reviewed this issue carefully, and taking into account the intent of the legislature, have determined that these funds may be used for a retained spring training facility in Sarasota, if the following conditions are met to OTTED's satisfaction:

1. An official letter in accordance with section 288.1162(5)(d), Florida Statutes, from the City of Fort Lauderdale acknowledging the Baltimore Orioles are relocating to Sarasota from their spring training location in Fort Lauderdale. See pages 4 and 5 of this Exhibit 4
2. A signed agreement, in accordance with section 288.1162(5)(b)2, Florida Statutes, between Sarasota and Baltimore Orioles for a retained spring training franchise; See page 3 of this Exhibit 4 and attached Exhibit 2
3. Documentation of the local match for at least 50 percent funds to be used for the spring training facility as required by section 288.1162(5)(b)3, Florida Statutes; and See attached Exhibit 1 detailing all funds expended on project
4. Written agreement from Sarasota that the state funds will only be used for the renovation or expansion of the Ed Smith stadium complex and corresponding major league operations. See pages 1 and 6 of this Exhibit 4

Once all these documents have been provided to my office and deemed satisfactory to OTTED, I will issue a final letter of approval for continuing release of the funds. Please feel free to contact me at (850) 487-2568 with any questions.

(mmm) "**Vanech Site**" shall have the meaning ascribed thereto in the recitals to this Agreement.

1.1 **SUPERCEDING EFFECT.** The Parties hereby confirm that, as of the Effective Date, this Agreement supercedes and replaces 1st Amended and Restated License Agreement in its entirety. The Parties hereby further confirm that the License Agreement Addendum shall continue in full force and effect as an addendum to this Agreement.

1.2 **THRESHOLD DATE.**

(a) Impact of Threshold Date. It is the shared intention of the parties to achieve the earliest Threshold Date that is reasonably possible in all of the circumstances. As of the Effective Date, the parties goal is to achieve a Threshold Date of February 15, 2020 or earlier.

(b) Agreement Terms Applicable Between the Effective Date and the Threshold Date. The parties hereby acknowledge and agree that from the Effective Date until one of paragraph (i) or (ii) of this subsection 1.2(b), as applicable, takes effect (the "**Pre-Renovation Term**"), they will be bound exclusively by the terms and conditions contained in subsection 27(a) of this Agreement, Sections 36, 39 and 40 of this Agreement, and those terms and conditions contained in Exhibit "D" to this Agreement, and none of the other terms and conditions of this Agreement, nor any of the other Exhibits to this Agreement, will have any effect or application.

(i) In the event that all of the conditions set out in subsection 1 (jiii) have not been satisfied

by February 15, 2021, or such later date as provided as may be mutually agreed to in writing by the City and the Club, then this Agreement shall automatically terminate.

- (ii) In the event that all of the conditions set out in subsection 1(iiii) have been satisfied by February 15, 2021, or such later date as provided as may be mutually agreed to in writing by the City and the Club, then such date will constitute the Threshold Date and Exhibit "D" will be deemed to be of no further force or effect and the Parties will be bound exclusively by the terms and conditions set out below and in the other Exhibits to this Agreement.

2. **TERM.** Subject to Section 1.2, above (which specifies the operative provisions during the Pre-Renovation Term and the establishment of the Threshold Date, if any), the initial term of this Agreement will be twenty five (25) years commencing on the Threshold Date and ending on December 31 of the year in which occurs the twenty-fifth (25th) anniversary of the Threshold Date (the "**Initial Post-Renovation Term**"). The Club shall have the option to extend the Agreement for up to five (5) additional two (2) year periods (each, a "**Renewal Term**") by giving written notice to the City not later than October 1 in the last calendar year of the Initial Post-Renovation Term or the then-current Renewal Term, if applicable. Any such notices shall be sent to the City in accordance Section 39 of the Agreement. The Initial Post-Renovation Term and the Renewal Term(s), if any, hereunder are collectively referred to herein as the "**Term**".

3. **CLUB ACTIVITIES AT THE FACILITIES.**

(a) Major League Team.

- (i) The Club shall engage in Spring Training of the Major League Team at the Dunedin Facilities, for each Spring Training Season during the Term. Subject to the MLB Rules and Regulations, the Club agrees to cause the Major League Team to play no less than an average of fifteen (15) games at the Dunedin Facilities per Spring Training Season occurring during the Initial Post-Renovation Term (of which at least fourteen (14) will be against other Major League Clubs), for a total of three hundred and seventy five (375) games over the Initial Post-Renovation Term (the "**Total Games Requirement**"). For certainty, games played by the Major League Team against the Canadian national team and games against World Baseball Classic teams will count towards the Total Games Requirement. Games that are cancelled due to inclement weather will be counted as games played relative to the Total Games Requirement, if the appropriate officials have formally cancelled the games citing such inclement weather. Those home games played by the Major League Team hereunder during Spring Training (the "**Home Major League Team ST Games**") will be played at the Grant Field Facilities.
- (ii) In the event that the number of games to be played at the Dunedin Facilities is reduced pursuant to the MLB Rules and Regulations, the parties will consult with each other and will negotiate in good faith to reach a resolution that will return to each party the benefits contemplated and agreed to in this Agreement as nearly as possible without otherwise adversely affecting the rights and obligations of the parties hereunder.

- (iii) In the event that, upon the expiry of the Initial Post-Renovation Term, the Club has not met the Total Games Requirement, then the Initial Post-Renovation Term will be deemed extended for one (1) additional year and, upon the conclusion of the Spring Training Season occurring during such additional year, the Club will be deemed to have met the Total Games Requirement. Provided the Club makes reasonable efforts to meet the Total Games Requirement, during the Term, the Major League Team shall be allowed to play Spring Training and exhibition games in which it is designated as the "home" team at sites other than the Dunedin Facilities.
- (b) Minor League Team. During each calendar year of the Term in which the Club engages in Spring Training of the Major League Team at the Dunedin Facilities, the Club shall also engage in home games of the Minor League Team played as part of the Florida State League regular season at the Grant Field Facilities (the "**Home Minor League Team Games**"). The City shall ensure that Dunedin Facilities are available for such uses.
- (c) Additional Uses by the Club. The Club shall be entitled to operate, host, conduct or authorize any or all of the following at the Dunedin Facilities (collectively the "**Additional Club Activities**"):
- (i) specialty camps and programs for baseball players, whether such players are members of the Club's Major League Team, Minor League Team or any other team affiliated with the Major League Team and regardless of the time of year during which such camps and programs take place;
 - (ii) rehabilitation programs for baseball players;
 - (iii) "Fantasy Camps" and other similar programs operated for members of the public, corporate partners or others;
 - (iv) games of minor league baseball teams other than the Minor League Team (e.g. Gulf Coast League games);
 - (v) concerts, theatrical performances and any other event intended for general entertainment purposes;
 - (vi) audio / visual shoots; and
 - (vii) such other camps, programs, endeavors, activities and uses as may be determined by the Club from time to time, provided same are not in direct conflict with any specific provision of this Agreement.

4. **CLUB-CONTROLLED AREAS.**

- (a) The Club shall have the exclusive use of the following portions of the Dunedin Facilities (collectively, the "**Club-Controlled Areas**");

- (i) At the Grant Field Facilities: the home clubhouse (including locker rooms, training areas, coaches areas, laundry areas, weight rooms and other adjacent spaces); the visiting clubhouse; all change-rooms; all office spaces and adjacent areas (e.g. balconies, elevators, server rooms, stairwells, waiting areas), the Concession Facilities; all retail shop locations and related storage areas, all pitching mounds and batting cages / tunnels; all grounds crew and maintenance spaces; all box office buildings and locations; and the private / reserved parking lots; and
- (ii) At the Complex Facilities: the New Training Center; all parking lots excepting the Solon Avenue Parking Lot, all full and half baseball fields other than the Shared Use Practice Fields; all agility fields (covered and uncovered); all batting cages / tunnels; all gang mounds; all grounds crew and maintenance spaces, and the viewing tower / concession building;

and such other spaces, areas and facilities as otherwise may be specifically identified by the parties in the Development Agreement.

The City shall not use or permit use of any of the Club-Controlled Areas without the prior written consent of the Club, which consent may be withheld in the Club's sole and absolute discretion. Without limiting the Club's rights in connection with the Club-Controlled Areas and other portions of the Dunedin Facilities, as of the date hereof, the Club intends to continue its past practice of permitting members of the public to enter upon portions of the Complex Facilities in order to view Spring Training and other Club activities taking place thereon.

- (b) From time to time during the Term, and in accordance with the following, the City may, on occasion, be permitted to use a boardroom or similar meeting space within the Club-Controlled Areas at the Stadium for the purpose of one or more meetings, events or similar uses by public officials or City personnel for conducting official City business (each, a "City Meeting"). No City Meeting will be permitted during any Spring Training Season, or outside of normal business hours, and the Club will not have any obligation to permit any specific minimum number of City Meetings. At all times, the Club's operations within the Club-Controlled Areas shall take precedence over any requested City Meeting. Subject to the foregoing, the Club agrees to consider any City requests to schedule a City Meeting as are submitted in writing to the Club's Director, Florida Operations, or such other person designated by the Club from time to time, and to advise the City of whether any particular request is approved or denied. The City may schedule up to seven (7) City Meetings in any calendar year.

5. CITY RESPONSIBILITIES IN CONNECTION WITH ADJACENT CITY BUILDING AND ASSOCIATED PARKING.

- (a) The Adjacent City Building is not part of the Complex Facilities licensed to the Club pursuant to this Agreement and the City shall have sole control and responsibility for the Adjacent City Building, including, but not limited to, all maintenance, repairs, capital replacement and third party liabilities connected to same.
- (b) The City will have the right to use the Solon Avenue Parking Lot for the purpose of vehicle

and pedestrian access to the Adjacent City Building and parking by City staff and visitors to the Adjacent City Building. The City accepts the Solon Avenue Parking Lot on an "as is where is" basis in all such cases and shall not require any action regarding maintenance or improvements on the part of the Club in connection with the Solon Avenue Parking Lot.

- (c) The City hereby waives any and all rights whether now existing or arising in the future to make any claims of any kind against the Club or any of the Club Group in connection with any loss of or damage to person or property that is in any way caused or contributed to by the playing of or practicing of baseball on or in the Complex Facilities. By way of illustration and not limitation, the Club shall not be responsible for any damage to the Adjacent City Building or to City vehicles parked in the aforementioned parking lot or injury to any individuals using the lot, in each case that may result from baseballs or other activities taking place at the Complex Facilities. Further, notwithstanding anything else in this Agreement, the City shall, to the maximum extent permitted by applicable law, indemnify, defend and hold harmless the Club and the other members of the Club Group from and against any and all Costs, which are caused by, contributed to or in any way associated with the Adjacent City Building and activities occurring in connection therewith, as well as any use of the Solon Avenue Parking Lot by City staff and visitors, including but not limited to, the acts or omissions of such person and any legal proceedings brought by such persons (for example, legal proceedings claiming a right to compensation for injury or damage caused to visitors or their vehicles by baseballs originating from the Complex Facilities).

6. PRIORITIZATION OF USE.

- (a) Club Priority. During the Term of this Agreement, and notwithstanding any contrary provision of this Agreement, the Club shall have ultimate scheduling priority at the Dunedin Facilities with respect to:
 - (i) all Spring Training games to be played by the Major League Team,
 - (ii) all other Club-related activities occurring during the Spring Training Season, and
 - (iii) any activities or events scheduled by the Club prior to receiving a request from the City for a conflicting date or use.
- (b) Use of Dunedin Facilities by Other Organizations. Excepting only City Events as described in subsection 7(a) hereof and use of the Shared Use Practice Fields pursuant to Section 8, the Club shall have sole authority, specifically including scheduling and administration over use of the Dunedin Facilities by Third Party Organizations, whether for baseball purposes and purposes related thereto, or for such other purposes as may be approved by the Club. The Club may require such payments, indemnifications, contracts and other reasonable guarantees, insurances, protections and written commitments (including, but not limited to, costs of the Club's maintenance and overhead) for Third Party Organizations as it shall deem to be appropriate under the circumstances. Without limiting the Club's rights and discretion pursuant to the foregoing, the Club will make reasonable efforts to continue to coordinate annually with one or both of Dunedin High School and/or the Pinellas County School Board

to try and accommodate games and/or practices for the Dunedin High School varsity baseball team at the Dunedin Facilities, to the extent it can do so on terms acceptable to the Club and without hampering or detracting from the activities described in subsection 6(a) or harming the condition of the baseball fields used for the Club's activities.

7. CITY EVENTS.

- (a) General. Subject to subsection 6(a) of this Agreement, the Dunedin Facilities, with the exception of the Restricted Club Areas, will be made reasonably available to the City for public recreational events and other uses, specifically including multi-day public uses and recreational events.
- (b) Scheduling. In order to schedule an event hereunder, the City shall provide the Club, in writing, with the maximum amount of advance notice of the type of event it proposes to schedule, the date(s) and time(s) for the event, the specific portions of the Dunedin Facilities needed for the event, along with all other pertinent details (including, but not limited to, the anticipated number of attendees, whether the event will be ticketed, and the specific activities anticipated to form part of the event). No event will be considered scheduled until the event and the related details are confirmed in writing by the Club's Director, Florida operations or such other individual designated by the Club from time to time. Such Club confirmation may be delivered by email. Upon confirmation in accordance with the foregoing, the event will be deemed to be a "City Event" for the purposes of this Agreement. An example of a City Event that has taken place in the past is the City's Holiday Christmas Parade.
- (c) Responsibility. As between the parties, the City shall have sole and exclusive responsibility for all aspects of each scheduled City Event. Without limiting the generality of the foregoing, unless otherwise specifically agreed by the Club in writing, the City shall be solely and exclusively responsible for:
 - (i) any and all costs, expenses and liabilities associated with each City Event,
 - (ii) furnishing any and all personnel, equipment and supplies needed for each City Event,
 - (iii) managing all administration, communications and public relations in connection with each City Event; and
 - (iv) ensuring adequate security and access controls for each City Event.
- (d) Post-Event Cleaning and Return of Dunedin Facilities. Upon the conclusion of each City Event (or, in the case of any multi-day City Event, upon the conclusion of each day of the City Event), the City shall arrange and pay for cleaning of all of those portions of the Dunedin Facilities that were made available to it for the City Event, whether or not all of those portions were in fact utilized. Upon the conclusion of each City Event, the City shall remove all equipment and any other materials, if any, that were brought into the Dunedin Facilities in connection with such City Event and leave the Dunedin Facilities in as good condition as they were in immediately prior to the City, or anyone acting on its behalf, first entering the Dunedin

Facilities in connection with the City Event.

- (e) Reimbursement of Club Expenses. City shall reimburse the Club for any and all expenses it incurs in connection with each City Event, including, but not limited to, any expenses in relation to utilities, supplies and personnel supplied by the Club. During the scheduling process described in subsection 7(b), above, the Club shall provide the City with an estimate of the costs it anticipates incurring in connection with the particular event (based on the details provided by the City), provided that such estimate shall not limit the City's obligation to reimburse the actual expenses hereunder. Within a reasonable period of time following each City Event, the Club shall provide the City with an invoice for its expenses, if any the City shall pay each such invoice within thirty (30) days of receipt.
- (f) City Event Indemnity. Notwithstanding anything else in this Agreement, the City shall, to the maximum extent permitted by applicable law, indemnify, defend and hold harmless the Club and the other members of the Club Group from and against any and all Costs, which are caused by, contributed to or in any way associated with any City Event, including but not limited to, the acts or omissions of persons attending any City Event and any legal proceedings brought by persons attending any City Event.

8. CITY CONTROL OF SHARED USE PRACTICE FIELDS.

- (a) City Control Period. During each calendar year of the Term in respect of which the City exercises its option pursuant to subsection 8(b), and subject to the remainder of this Section 8 and the other provisions of this Agreement, the City shall be entitled to the exclusive use of the Shared Use Practice Fields and the Solon Avenue Parking Lot during the period that commences on the day that is one (1) week following the later of the final day of Major League Spring Training and Minor League Spring Training and that ends on November 10 of the same calendar year (the "City Control Period").
- (b) City Option. In order to establish the City Control Period in any calendar year of the Term, the City shall be required to provide affirmative written notice of its election to avail itself of the exclusive use of the Shared Use Practice Fields and the Solon Avenue Parking Lot, and such notice must be delivered to the Club between October 1 and December 1 of the immediately preceding calendar year. By way of illustration, if the City wishes to establish the City Control Period during the 2025 calendar year, it shall be required to provide affirmative written notice of its desire to do so, delivered to the Club between October 1 and December 1, 2024. Should the City fail to provide such notice, then there shall be no City Control Period during the applicable calendar year, and the provisions of this Section 8 will not apply in respect of such calendar year (i.e. all fields shall remain under Club control). City Events described in Section 7 of this Agreement may still take place at the Dunedin Facilities under Club Control.
- (c) City Management and Oversight. During the City Control Period, and except as otherwise indicated below, the Shared Use Practice Fields and the Solon Avenue Parking Lot shall, as between the parties, be treated in the same manner as any other parkland or public recreation facility owned or managed by the City and the City shall be solely responsible to manage and

oversee the Shared Use Practice Fields, the Solon Avenue Parking Lot, and their use during the City Control Period. The City shall be entitled, acting legally and reasonably and in good faith at all times:

- (i) to create and enforce policies applicable to public use of the Shared Use Practice Fields and the Solon Avenue Parking Lot, and
- (ii) to grant the use of the Shared Use Practice Fields and the Solon Avenue Parking Lot to persons and organizations other than the City (collectively, “**Third Party Organizations**”), and to require such payments, indemnifications, contracts and other reasonable guarantees, insurances, protections and written commitments for Third Party Organizations as it shall deem to be appropriate under the circumstances. For certainty, it is the intention of the parties that, during any calendar year in connection with which the City has exercised its option pursuant to subsection 8(b), above (i.e. a calendar year in which there is a City Control Period), any and all uses of the Shared Use Practice fields by Dunedin Little League or Dunedin High School will be managed by the City hereunder.

For certainty, the City (x) shall be permitted to charge use fees or payments in connection with the Shared Use Practice Fields but not the Solon Avenue Parking Lot, (y) shall not use its oversight and control of the Shared Use Practice Fields or the Solon Avenue Parking Lot for any barter or exchange for the use of facilities controlled by another organization, and (z) shall not engage in or permit any activities on the Shared Use Practice Fields or the Solon Avenue Parking Lot that are competitive with or that have the potential to undermine or negatively impact any of the Club’s operations or activities.

- (d) Ensuring Activities Not Likely to Cause Damage. The City acknowledges and agrees that, notwithstanding its rights hereunder, the primary purpose of the Shared Use Practice Fields is their use by the Major League Team, the Minor League Team and other professional baseball players during Spring Training and the City shall not engage or permit any other person or entity to engage in any behavior or activity that is likely to cause any type of damage to any part of the Shared Use Practice Fields or any adjacent portions of the Dunedin Facilities. By way of illustration and not limitation, (i) the City shall not permit the Shared Use Practice Fields to be used for soft ball, (ii) the City shall ensure that when bases are placed on the Shared Use Practice Fields they are placed at the correct locations, using standard measurements for baseball (i.e. bases 90 feet apart), and (iii) the City shall not mark lines on the Shared Use Practice Fields or use any products or tools on the Shared Use Practice Fields unless it has discussed same with the Club and received the Club’s approval in advance. In connection with its responsibilities hereunder, the City shall ensure that all uses of the Shared Practice Fields during the City Control Period are supervised by the City.
- (e) City Responsible. Subject only to the following subsection, the City shall be solely, directly and exclusively responsible for any and all expenses associated with the Shared Use Practice Fields and the Solon Avenue Parking Lot, throughout the City Control Period and in connection with same. Further, and notwithstanding anything else in this Agreement, the City shall, to the maximum extent permitted by applicable law, indemnify, defend and hold the Club and the other members of the Club Group harmless from and against any and all Costs which

may be caused by, contributed to or in any way associated with the Shared Use Practice Fields and the Solon Avenue Parking Lot, their use during the City Control Period or their administration and oversight by the City, including, but not limited to, any action or other legal proceeding brought by any user of the Shared Use Practice Fields or the Solon Avenue Parking Lot in connection with any time period that falls within the City Control Period, regardless of the basis of such action or other legal proceeding.

- (f) Base Field Maintenance Activities. Throughout the City Control Period, the Club shall continue to be solely responsible for the Maintenance and Repair of the Shared Use Practice Fields and shall engage in regular day-to-day watering and other similar day-to-day upkeep of same (which does not include painting lines or supplying bases or other similar items). For certainty, the Club shall be responsible to engage only in those day-to-day activities required to maintain the Shared Use Practice Fields to a reasonable standard for public baseball fields (the “**Base Field Maintenance Activities**”) and not to a Major League standard or other similar standard during the City Control Period.
- (g) Base Field Maintenance Costs.
 - (i) The Club will not charge the City any amounts for the following supplies and consumables utilized in connection with the Base Field Maintenance Activities: water and irrigation (not including replacement of irrigation equipment due to damage during the City Control Period), pesticides, fertilizer, paint for outfield lines. In addition, the Club agrees not to charge the City any amounts on account of personnel or equipment costs incurred by the Club in connection with day-to-day basic cutting of grass at the Shared Use Practice Fields.
 - (ii) Subject to the preceding paragraph, the Club will be permitted to charge the City for costs incurred by the Club on account of personnel and materials involved in cleaning up, maintaining and repairing the Shared Use Practice fields during the City Control Period. By way of illustration and not limitation, the Club will be permitted to charge the City for labor and material costs incurred in connection with blowing clay off the grass, raking clay areas, cleaning of dugouts and fields and repairing any damage to the Shared Use Practice Fields. Where the Club is seeking payment in connection with the foregoing, it will send the City an invoice for same and the City will pay all such invoices within thirty (30) days of receipt.
- (h) Utilities Expenses. The City shall reimburse the Club for all electricity and other utilities expenses incurred by it in relation to the Shared Use Practice Fields during the City Control Period. The Club shall be entitled to invoice the City for the aforementioned expenses and the City shall pay all such invoices within thirty (30) days of receipt.
- (i) Reimbursement of Additional Club Costs. In the event that, in order to maintain or repair the fields to the appropriate standards for use by professional baseball players at the conclusion of the City Control Period, the Club undertakes any Maintenance and Repair in excess of the Base Field Maintenance Activities or incurs expenses that would have been reimbursable pursuant to paragraph 8(g)(ii) but were not previously reimbursed, then the City shall reimburse the Club for the expenses incurred by it (in connection with materials, utilities, personnel and

equipment). The Club shall be entitled to invoice the City for the aforementioned expenses and the City shall pay all such invoices within thirty (30) days of receipt.

9. PRIVATE AND PUBLIC USES. The parties will use reasonable efforts to agree on the shared control and use of the Dunedin Facilities for the entire Term of this Agreement in a manner that will result in the lowest Ad Valorem Tax impact that can be achieved (should such tax be levied against all or part of the Dunedin Facilities), and except as is specifically otherwise provided herein, the Club shall not have the complete exclusive use of any of the Dunedin Facilities (notwithstanding the choice of terminology) and they shall be allocated between a public and a private use in a manner that assures that the taxability of the Dunedin Facilities for Ad Valorem Tax purposes and other applicable taxes, if any, will be at the lowest possible level of property taxes of any kind arising from the use of said Dunedin Facilities by the Club.

10. OPERATIONAL PERSONNEL.

- (a) Operational Personnel Provided by the Club. The Club will provide all personnel it determines to be necessary for the conduct of its operations at the Dunedin Facilities for all home Spring Training games played by the Major League Team, all home games played by the Minor League Team, and, save for use by or at the request of the City, all other personnel required for its use and occupancy of the Dunedin Facilities. Without limiting the foregoing, the Club will be responsible to provide personnel for ticket-selling and ushering for all Major League Team Spring Training games, ticket-selling and ushering for all Minor League Team games, and cleaning of Club-Controlled Areas.
- (b) Public Events: The City will be solely responsible for all operational, maintenance, security and other personnel and costs of any kind for City Events and any other events scheduled by or through the City at the Dunedin Facilities. Subject only to the preceding sentence, the City shall not be required to provide any operational, maintenance or security personnel at the Dunedin Facilities.

11. MAINTENANCE.

- (a) General. Except as otherwise indicated in this Section 11, Club shall be responsible to arrange and pay for all Maintenance and Repairs of the Dunedin Facilities, including, but not limited to, for greater certainty, Maintenance and Repairs of: (1) Club-Controlled Areas; (2) Scoreboards / Videoboards; (3) public washrooms; (4) elevators and ADA lifts; (5) parking lots (including resurfacing and striping); (6) Stadium seating (including seat backs, bottoms and framing); (7) fencing; (8) protective netting; (9) ornamental landscaping; (10) painted surfaces; (11) irrigation systems; (12) roofs; (13) drainage and utility lines; (14) light standards; and (15) lighting facilities (including bulb replacement and aiming of field lights in accordance with MLB standards). Upon the end of the Term and returning to exclusive possession of the City, the Club shall return the Dunedin Facilities in substantially the same condition as they were at the commencement of the Term, save and except for any City required Maintenance and Repairs, any permitted modifications to the Dunedin Facilities and reasonable wear and tear.

(b) Exceptions.

- (i) Where Maintenance and Repairs to the Dunedin Facilities are the result of or related to (1) City Events, or any public use of the Dunedin Facilities by or through the City or at the City's request, (2) the existence, operation or use of the Adjacent City Building, (3) the use of the Solon Avenue Parking Lot by the City and its guests, or (4) the Shared Use Practice Fields, the Solon Avenue Parking Lot and/or the use of same during the City Control Period, the Club shall undertake the necessary Maintenance and Repairs and the City shall promptly reimburse the Club's costs in respect of same.
- (ii) Maintenance and Repairs necessitated by a Casualty Event will be addressed in accordance with Section 24 of this Agreement.
- (c) Playing Fields Maintenance. Subject to the following, the Club shall be solely responsible for Maintenance and Repair of all playing fields at the Dunedin Facilities, and during those periods when in use by the Major League Team, the Minor League Team or other professional baseball players, the Club shall maintain all such playing fields to a standard similar to Major League playing facilities. When any other person or organization desires to use the playing fields for any purpose, the Club shall have the sole and exclusive right to oversee such use and to require modifications to such use if necessary to preserve the condition of the fields for use by professional baseball players and/or to charge fees and expenses to such user(s) in order to compensate the Club for its Maintenance and Repair costs. Excepting City use of playing fields pursuant to Section 8, which shall be addressed in accordance with that Section, where the use of the playing fields is by the City or at the City's request, the City shall reimburse the Club all of its Maintenance and Repair expenses incurred (in connection with materials, utilities, personnel and equipment) in order to maintain or repair the fields to the appropriate standards for use by professional baseball players.
- (d) Standard of Maintenance. The maintenance of the Dunedin Facilities, pursuant to this Agreement, shall be to a standard that they are in good operating condition and shall be cared for in a manner reasonably calculated to preserve and extend their useful life.
- (e) Maintenance Personnel. The Club shall ensure that it employs or contracts for an appropriate number of full and part-time personnel for the purpose of the Maintenance responsibilities set forth herein. When acting on the Club's behalf, such persons shall not be deemed to be the agents or employees of the City in any manner whatsoever.

12. **TICKET SALES AND REVENUE.**

- (a) Ticket Prices and Charges. The Club shall have the sole right and responsibility to set ticket prices and other admission charges, as well as any associated service, delivery, processing and other charges (collectively, the "**Admission Fees**") in connection with all Club Activities.
- (b) Ticketing Operations. The Club shall have the sole right and responsibility to manage all ticketing operations (including but not limited to personnel, and the selection of any software or third party service providers) in connection with all Club Activities.

- (c) Right to Collect and Retain Revenues. The Club shall have the sole right and responsibility to collect and retain all revenues from the foregoing activities
- (d) Capital Replacement Surcharge. Notwithstanding the foregoing, the Club hereby agrees to impose a surcharge in the amount of Two Dollars in United States currency (USD \$2.00) (inclusive of all applicable taxes) (the “**Capital Replacement Surcharge**”) on the first (i.e. the “primary”) sale of each admission ticket to a Major League Team Game played at the Grant Field Facilities during the Term, exclusive only of complimentary tickets issued by the Club. For certainty, the Club shall have the sole discretion to modify the amount of the Capital Replacement Surcharge provided that it does not reduce it below the aforementioned amount. The Capital Replacement Surcharge will be shown on each such ticket and added to the ticket price and paid directly by ticket purchasers. Within sixty (60) days following the conclusion of each Spring Training Season during the Term, the Club shall remit to the City the aggregate of all Capital Replacement Surcharges collected during such Spring Training Season, less any taxes paid in connection with same. However, the Capital Improvement Surcharge shall not include any amounts collected in connection with refunded tickets. The City shall immediately deposit all amounts received hereunder into the Capital Replacement Fund maintained by the City in accordance with Section 33 of this Agreement.

13. FOOD AND BEVERAGE CONCESSIONS.

- (a) Food and Beverage Concessions. The Club shall have the exclusive right and responsibility to oversee, manage and operate all food and beverage preparation, sales and distribution at and from the Dunedin Facilities, specifically including utilizing the Concessions Facilities and the Concessions Equipment (collectively, the “**Food and Beverage Concessions**”). The Club shall be solely entitled to collect and retain all revenues generated from the Food and Beverage Concessions. The Club shall have the exclusive right to use the Concessions Equipment that exists as of the Threshold Date, and the Club shall be solely responsible for any maintenance, repair or replacement of same during the Term (for certainty, the Club shall be permitted to require a Food and Beverage Concessionaire (defined below) or other third party to provide and pay for some or all of such repair, maintenance or replacement). Further, any additions or modification to Concession Equipment during the Term will be at the Club’s sole expense, unless otherwise agreed by the City or paid for by the Food and Beverage Concessionaire or other third party. The Club will also have the sole right and responsibility for all food and beverage matters within the Club-Controlled Areas and for the maintenance, repair and, when determined by the Club to be necessary, replacement of cooking and other kitchen equipment.

- (c) Local Foods and Beverages. The Club shall endeavor to achieve the City’s public policy to

incorporate local ingredients, products and/or vendors into the food and beverage service at the Stadium during Home Major League Team ST Games. By way of illustration, the Club may seek to include locally-brewed beers in the selection of beers made available for purchase or the Club may seek to include locally sourced fish and/or other food products and ingredients. The Club agrees that, during each Spring Training Season, it shall stock and sell (or have its Food and Beverage Concessionaire) stock and sell at least one (1) food or beverage product that is produced or manufactured locally or produced or manufactured by a person or entity that is commonly recognized as being local. In cooperation of the Club's efforts described above, the City agrees to assist the Club in negotiating preferred pricing, delivery, insurance and other arrangements in connection with local ingredients, products and vendors. In the event that the Club and/or the Food and Beverage Concessionaire establishes an annual process to review and consider food and beverage selection at the Dunedin Facilities, the Club shall make reasonable efforts to include the City in such process or to obtain input from the City in connection with same. The concepts set forth herein shall be pursued in good faith but shall not create an event of a default under this Agreement and shall not limit the Club's rights and obligations to any third parties, specifically including the Food and Beverage Concessionaire.

- (d) Alterations to Concession Facilities. The Club shall not make any material structural alterations or improvements to the Concession Facilities without providing prior written notification to the City and seeking the City's prior consent, which consent will not be unreasonably withheld. Any alterations or improvements shall be done in a commercially reasonable and workmanlike manner that are complimentary to the Project design as set forth in the Development Agreement.
- (e) Food and Beverages at City Events. In the event that the City desires to offer food and/or beverages at any approved City Event, the City shall notify the Club in writing of such desire a minimum of forty five (45) days in advance of the applicable City Event date. Upon receipt of such notice, the Club and/or the Food and Beverage Concessionaire (as applicable) shall consider the City's request. In the event that the parties mutually agree that any modifications to the process and deadlines set out below are necessary and appropriate (which neither party shall be obligated to do), such modifications shall only be effective where documented in writing and approved (signed) by the Club’s signing officers and the City Manager for the City of Dunedin or his / her designee.

- (d) **Repair / Reconstruction Process and Progress Points.** Unless otherwise mutually agreed by the parties in writing in accordance with the preceding subsection, upon the occurrence of a Casualty Event, the City, acting reasonably and in good faith, shall be required to abide by the following process and the deadlines contained therein:

Any equipment or personal property brought into buildings on the Dunedin Facilities by the Club or any other user organization shall remain the property of the Club or user organization and shall be used only with the permission of the Club or user organization. In the event that any such use is allowed with the Club's permission, the user of the equipment or personal property will be responsible for any damage to the equipment or personal property so used and the Club shall have no responsibility therefore. The City shall not otherwise be responsible for the loss or damage to any equipment or personal property on the Dunedin Facilities caused by vandalism, hazard, or other matter outside the control of the City.

26. UTILITY COSTS AND RECLAIMED WATER.

- (a) The Club shall be responsible for all utility costs to the Dunedin Facilities, except for utilities to be paid for by the City pursuant to the terms of this Agreement, including utility costs in respect of all City Events and utility costs in connection with the Shared Use Practice Fields during the City Control Period. Utility costs attributable to the use of the Dunedin Facilities by or at the request of the City, including all City Events, will be paid by the City. Utility costs attributable to the use of the Dunedin Facilities by other user organizations may be charged to those user organizations by the Club.
- (b) The City shall, throughout the Term, provide reclaimed water to the Dunedin Facilities at no cost to the Club for the reclaimed water used. For certainty, the City shall ensure that (i) all pumping and other equipment for the foregoing reclaimed water is in place and functioning properly throughout the Term, such that the Club is able to access such water as and when needed by the Club, and (ii) the Club's access to reclaimed water is given equal priority with all other users, including the City. Subject to the foregoing, the Club acknowledges that the volume of reclaimed water is not unlimited and may vary from time to time. Any repairs to reclaimed water pumping, equipment and infrastructure shall be at the City's expense.

27. CLUB ANNUAL CAPITAL PAYMENT.

(a) Annual Capital Payment.

- (i) In order to generate the amount of Twenty Million Dollars (\$20,000,000) to be used to pay for a portion of the costs of the Improvements for the Dunedin Facilities, on December 13, 2018 the City issued Twenty Million Two Hundred and Twenty Five Thousand (\$20,225,000) City of Dunedin, Florida Taxable Non-Ad Valorem Revenue Bonds, Series A (Spring Training Facilities Improvements) (the "Bond Issuance"). The City's total debt service obligations in connection with the Bond Issuance (including both principal and

interest over the full twenty five (25) year term to maturity) is Thirty Three Million Eight Hundred and Fifty Three Thousand Eight Hundred and Ninety Eight Dollars and Seventy Cents (\$33,853,898.70) (the “**Total Debt Service Amount**”) and the Club hereby agrees, subject to the remainder of this Section 27 and the other provisions of the Agreement, to pay the City the sum equal to the Total Debt Service Amount (the “**Club Repayment Obligation**”). Unless otherwise mutually agreed by the parties in writing, the Club Repayment Obligation will be met by the Club making an annual payment to the City, commencing in the 2019 calendar year (the “**Annual Capital Payment**”) with each such payment being equal to 1/25th of the Club Repayment Obligation.

- (ii) The Club will pay each Annual Capital Payment in two (2) equal semi-annual installments, due on or before each of March 1 and September 1 for each respective year. The first semi-annual payment date shall occur on March 1, 2019 and the final semi-annual payment will occur on the fiftieth semi-annual installment date. In the event any installment of the Annual Capital Payment is not received by the City by its respective due date, said installment will bear interest at the prevailing rate charged by the Internal Revenue Service for late payments until paid.
- (iii) Notwithstanding anything else in this Agreement, the Club shall be entitled to pre-pay one or more future Annual Capital Payments or installments at any time in its discretion and, in the event that it does so, the Club’s future payment obligations will be reduced accordingly.
- (iv) The Club’s obligation to pay the Annual Capital Payment shall be deemed to be satisfied upon the earliest of the following:
 - (A) The date on which the Club has satisfied the Club Repayment Obligation,
 - (B) The date upon which the City satisfies its financing obligations for Bond Issuance, if such satisfaction occurs prior to the expiration of the twenty-five (25) year time frame set forth in paragraph 27(a)(i) above, and
 - (C) The date upon which that portion of the City’s financing obligations as is represented by the Bond Issuance is paid off, if the City refinances such debt to include other City debt.
- (v) Under no circumstances is the Annual Capital Payment intended to result in any kind of surplus or capital reserve for the City, nor is it intended to pay debt service secured by other sources of revenue to which the City may be entitled. Any and all Annual Capital Payments (and any portion thereof) made by the Club prior to the Threshold Date (the “**Pre-Threshold Date Payments**”) shall be credited against the Annual Capital Payment obligation immediately upon the commencement of the Term. In the event that the Initial Post-Renovation Term of this Agreement either does not become effective in accordance with the definition of “Threshold Date” in subsection 1(iiii) and the operation of paragraph 1.2(b)(ii) or this Agreement is terminated due to failure of performance under the Development Agreement, the full amount of the Pre-Threshold Date Payments shall

forthwith be reimbursed by the City, with interest at the prevailing rate charged by the Internal Revenue Service. This paragraph will survive the expiration or early termination of this Agreement.

- (b) Annual License Fee. The Club shall pay to the City an annual license fee for its use of the Dunedin Facilities in the amount of ten dollars (USD \$10) per year (the “**Annual License Fee**”) throughout the Term of this Agreement. The Annual License Fee is based, in part, on the shared use of the Dunedin Facilities by the Club and other users.

28. TAX LIABILITY.

- (a) Ad Valorem Taxes. The Club and the City shall share the responsibility for the payment of Ad Valorem Taxes levied against the Dunedin Facilities in each calendar year of the Term as follows:
 - (i) the Club shall be responsible for the payment of the first one hundred and fifty thousand dollars (USD \$150,000), and
 - (ii) the Club and the City shall each be responsible for the payment of one half (1/2) of any Ad Valorem Taxes in excess of one hundred and fifty thousand dollars (USD \$150,000).

The Club and the City shall coordinate in good faith to mitigate Ad Valorem Taxes levied against the Dunedin Facilities. In particular, the City shall take all actions reasonably available to it to ensure the application of those exemptions and reductions to Ad Valorem Taxes as exist at any particular point in time (including appealing any assessments that do not provide for the application of such exemptions and reductions).

- (b) Taxes Attributable to Club’s Use of Dunedin Facilities. Other than Ad Valorem Taxes addressed in subsection 28(a) above, the Club shall be responsible for all taxes or fees directly arising from or attributable to the Club’s use of the Dunedin Facilities, whether payable to the City or to any other governmental agencies, including, by way of illustration and not limitation, sales taxes applicable to the Club’s purchases of goods and services used in the operation of the Dunedin Facilities. For certainty, the parties hereby acknowledge and agree that Ad Valorem Taxes are addressed exclusively in the subsection 28(a) and are not part of the Club’s responsibilities pursuant to this subsection 28(b).

29. INDEMNITIES.

- (a) Club Indemnity. The Club shall indemnify, defend (where applicable) and hold harmless the City and the other members of the City Group from and against any and all Costs which may be sustained, incurred or paid by any of them by reason of, on account of, arising out of or in any way connected to:
 - (i) the use of the Dunedin Facilities by the Club,
 - (ii) the gross negligence or willful misconduct of the Club or another member of the Club Group, or

(iii) the acts or omissions of the Club, and of any member of the Club Group, in connection with the Club's obligations hereunder,

provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the City or any member of the City Group (whether by reason of contributory negligence or otherwise).

(b) City Indemnity. In addition to any other indemnity obligations contained elsewhere in this Agreement, the City shall, to the maximum extent permitted by applicable law, indemnify, defend (where applicable) and hold harmless the Club and the other members of the Club Group from and against any and all Costs which may be sustained, incurred or paid by any of them by reason of, on account of, arising out of or in any way connected to:

(i) the design or construction of the Dunedin Facilities,

(ii) the repair or reconstruction of the Dunedin Facilities following a Casualty Event,

(iii) the use of the Dunedin Facilities by or at the request of the City, including but not limited to City Events,

(iv) the gross negligence or willful misconduct of the City, and of any member of the City Group, or

(v) the acts or omissions of the City, and of any member of the City Group, in connection with the City's obligations hereunder,

provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the Club or any member of the Club Group (whether by reason of contributory negligence or otherwise).

(c) All of the City's indemnification obligations contained in this Agreement, including but not limited to those set out in the preceding subsection, will be subject to the provisions of Section 768.28, Florida Statutes, in all respects except that, to the maximum extent permitted by applicable law:

(i) None of the limitations set forth in Section 768.28(5), Florida Statutes, including, but not limited to, the limitation on the total liability of the State of Florida, its agencies and subdivisions, shall apply to any claim, action or other legal proceeding in which the City and the Club are both parties (which, for certainty, includes any cross-claims between them in connection with a third-party legal proceeding),

(ii) The City shall not assert or rely on sovereign immunity, any limitations of liability set forth in Section 768.28, Florida Statutes or any limitations of liability contained any successor legislation with similar purpose or effect where the effect of the City doing so would be to reduce any contractual obligations of the City hereunder (including any indemnities

granted in favor of the Club), and

- (iii) The City shall not assert or rely on sovereign immunity, any limitations of liability set forth in Section 768.28, Florida Statutes or any limitations of liability contained in any successor legislation with similar purpose or effect in connection with a claim, action or other legal proceeding asserted by a third party in which the City and the Club are both named as defendants (each, a **"Third Party Proceeding"**) where the effect of the City doing so would increase the Club's actual or potential liability in connection with such Third Party Proceeding.
- (d) Where a party becomes aware of any claim or cause of action (whether threatened or filed) for which it is entitled to indemnification hereunder (such party, in the circumstances, the **"Indemnatee"**), it shall provide the indemnifying party (in the circumstances, the **"Indemnitor"**) with written notice of same reasonably promptly thereafter. In any such instance, the Indemnatee shall have the option to either:
- (i) retain its own counsel and to control the defense of the claim or cause of action, at the expense of the Indemnitor, or
 - (ii) require the Indemnitor to manage the defense of the claim or cause of action, subject to reasonable consultation with the Indemnatee.

Where the Indemnatee elects to proceed as outlined in paragraph (ii), the following rights and restrictions will apply, unless otherwise mutually agreed by the parties in writing. The Indemnitor shall have the right to select counsel, at Indemnitor's expense, to defend the Indemnatee, provided that no settlement terms shall be binding on the Indemnatee without its prior written consent, which shall not be unreasonably withheld. The Indemnatee shall reasonably cooperate with the Indemnitor's defense of such claim or cause of action.

This Section 29 will survive the expiry or early termination of this Agreement.

30. **INSURANCE.**

- (a) Club Insurance. The Club shall, at its expense, obtain and continuously maintain, without lapse, the following insurance coverage:
- (i) Workers' Compensation and Employer's Liability insurance in compliance with applicable federal and state laws,
 - (ii) An occurrence-based Commercial General Liability Insurance Policy, providing coverage for bodily injury and property damage and personal and advertising injury, including but not limited to, contractual liability coverage, host liquor liability coverage, damage to rented premises and products / completed operations coverage, with minimum limits of:
 - USD \$2,000,000 Each Occurrence,
 - USD \$2,000,000 Damages to Rented Premises,

- USD \$4,000,000 General Aggregate, and
- USD \$4,000,000 Products / Completed Operations Aggregate,

(iii) Special Causes of Loss Form Property Insurance (aka All-Risk) coverage in an amount equal to the full replacement value for all Club office furniture, trade fixtures, office equipment, merchandise and all other items of Club's property located within the Dunedin Facility, and

(iv) Comprehensive Automobile Insurance, covering owned, non-owned, leased, borrowed or hired vehicles, with a minimum combined single limit of \$1,000,000 Each Accident.

Coverage limits may be satisfied through a combination of primary and umbrella/excess policies. Umbrella / Excess policies shall be substantially similar to the underlying coverage. All insurance policies must be issued by an admitted insurance carrier with an A.M. Best rating of A-7 or better. The Club shall name the City as an Additional Insured under the Club's Comprehensive General Liability, Umbrella / Excess, and Automobile policies for any liability arising out of any acts and/or omissions of the Club where required by written contract or agreement with respect to the Dunedin Facilities. All Commercial General Liability and Umbrella / Excess policies must provide cross liability coverage (separation of insureds or severability of interests provision) and shall not include any exclusion for third-party over actions. Further, coverage for the City as an Additional Insureds under the Club's policies shall apply on a primary and non-contributory basis irrespective of any other insurance, whether collectible or not, as per written contract or agreement. The Club shall remain solely responsible for payment of any Club policy deductibles and self-insured retentions or self-insured amounts. All Club insurance policies shall be endorsed to provide a waiver of subrogation in favor of the City as "Additional Insured." The Club shall provide the City with at least thirty (30) days written notice in the event of cancellation, non-renewal or material modification of any of the Club's insurance policies. The Club shall furnish City with certificates of insurance evidencing compliance with all insurance provisions noted above at least fifteen (15) business days prior to the commencement of the use of the Dunedin Facilities.

(b) Required City Insurance. The City shall, at its expense, obtain and continuously maintain, without lapse, the following insurance coverage:

(i) Workers' Compensation and Employer's Liability insurance in compliance with applicable federal and state laws. For certainty, such insurance will be required for all fire, police, EMT, or other emergency personnel, whether working at or near the Dunedin Facilities or at other locations.

(ii) Special Causes of Loss Form Property Insurance (aka All-Risk) coverage in an amount equal to the full replacement value of the Dunedin Facilities (including, but not limited to buildings and building glass, boilers, equipment, machinery, fields, parking lots, driveways, and other elements) and all other structural alterations and improvements to and within the Dunedin Facilities, whether made by City or Club. Without limiting the generality of the foregoing, the aforementioned insurance coverage shall, at a minimum, provide coverage for hazard, fire, lightning, smoke, windstorm (including Named

Windstorm), flood, hurricane, rain, snow, mold, earthquake, sinkhole, mudslide, other earth movements, malicious damage, riot and terrorism (whether certified or uncertified) and other similar casualties. Property insurance should also include coverage for equipment and/or mechanical breakdown. The City shall ensure that all such property insurance policies name the Club as a loss payee. The foregoing policy/ies of insurance will be primary, and the proceeds of same will be used for the repair and/or reconstruction of the Dunedin Facility pursuant to Section 24 of this Agreement. Provided that (A) on an annual basis the City shall review its total insured values and reconfirm and increase its coverage limits as necessary, and (B) the insurance in fact provides coverage sufficient to permit the City to meet all its associated obligations under the Agreement, then the insurance required hereunder from the City may be covered by a blanket policy insuring multiple City properties. The City shall, on an annual basis, consult with the Club and provide the Club with all information pertinent to the matters set out in (A) and (B) in the preceding sentence and the Club shall, acting reasonably, have the right to have input on such matters. As of the date of execution of this Agreement, the insurance described in this paragraph 30(b)(ii) is provided by the *Florida Municipal Insurance Trust*. Throughout the Term, the City shall include the Dunedin Facilities in the City's list of "Critical Assets" identified for the purposes of the *Florida Municipal Insurance Trust* or any subsequent coverage provider or claims administrator.

(iii) City Commercial General Liability and Automobile Liability Coverage. The parties have agreed that the City shall have the discretion to carry one or more Commercial General Liability and/or Comprehensive Automobile Insurance policies or to self-insure with respect to such areas of actual or potential liability. As of the date of execution of this Agreement, the City is self-insured. In the event that, at any point during the Term, the City secures one or more Commercial General Liability and/or Comprehensive Automobile Insurance policies of insurance (whether primary or excess), it shall ensure that:

- (A) Any Commercial General Liability policies provide coverage for bodily injury and property damage and personal and advertising injury, including but not limited to, contractual liability coverage, host liquor liability coverage, coverage for Damages to Premises Rented by You and products / completed operations coverage,
- (B) Umbrella / Excess policies, if any, are substantially similar to the underlying coverage,
- (C) All policies are issued by an admitted insurance carrier with an A.M. Best rating of A-7 or better,
- (D) The Club is named as an Additional Insured under the policies for any liability arising out of any acts and/or omissions of the City where required by written contract or agreement with respect to the Dunedin Facilities. Further, coverage for the Club as an "Additional Insured" under the City's insurance policies shall apply on a primary and non-contributory basis irrespective of any other insurance, whether collectible or not, as per written contract or agreement, and

(E) All policies provide cross liability coverage (separation of insureds or severability of interests provision) and may not include any exclusion for third-party over actions.

(iv) The City shall remain solely responsible for payment of any City policy deductibles and self-insured retentions or self-insured amounts. All City insurance policies shall be endorsed to provide a waiver of subrogation in favor of the Club and the other members of the Club Group and where the City is self-insured it waives all rights of subrogation in favor of the Club. The existence of any self-insurance shall not relieve the City of the obligation to indemnify and defend the Club from the inception of any claim or action triggering such indemnity and defense obligations. The City shall provide the Club with at least thirty (30) days written notice in the event of cancellation, non-renewal or material modification of any of the City's insurance policies. The City shall furnish the Club evidence of compliance with all insurance provisions noted above at least fifteen (15) business days prior to the commencement of the use of the Dunedin Facilities, again upon each renewal and further upon the Club's request. The City acknowledges that the Club shall not insure the City's property and the Club shall not insure or protect the property of the City's employees, agents, temporary or leased workers, independent or sub-contractors, contractors, volunteers, exhibitors, performers, sub-licensees, personnel, members, and guests while at the Dunedin Facilities. The City waives all claims against the Club for loss or damage thereto no matter how caused.

(c) Mutual Release and Waiver of Subrogation. The City and the Club, on behalf of themselves and all others claiming under them (including any insurer) waive all claims, demands, or rights of indemnity that either of them may have against the other (including all rights of subrogation) arising out of damage to any property, real or personal, resulting from fire or other casualties, no matter what the cause thereof may be. The parties waive their respective rights, as set forth herein, because adequate insurance is to be maintained by each of them to protect themselves against all such casualties and they have obtained or agree to obtain from their insurance carriers appropriate "waiver of subrogation" provisions in all such policies of insurance.

31. LIMITATION OF LIABILITY.

(a) In no event shall one party be liable to the other party for any special, exemplary, indirect, incidental, consequential or punitive damages, loss of profits or loss of business opportunity (collectively, "**Special Damages**"). Notwithstanding the foregoing, in the event an indemnified party has incurred Costs pursuant to a final judicial or administrative action brought by a third party against such indemnified party and a component of such Costs includes Special Damages, the indemnity otherwise provided for in this Agreement to indemnify for Costs shall include the Special Damages element of such Costs.

(b) Notwithstanding anything else in the Agreement, no sovereign immunity or limited sovereign immunity that may be imposed by law with respect to the City's liability hereunder shall serve to, or be deemed to serve to, increase, expand or add to any liability or responsibility of the Club to third parties and the Club shall not and shall not be deemed to assume or be responsible for any liability or responsibility or excess liability or responsibility for which the City would otherwise be responsible (whether hereunder or otherwise) but for any sovereign immunity or

limited sovereign immunity imposed by law.

This Section 31 will survive the expiry or early termination of this Agreement.

32. SUSPENSION OF AGREEMENT.

(a) Enumerated Events Interfering With Club Operations. If, at any time during the Term, the Club is prevented from using all or any material part of the Dunedin Facilities for its intended purposes as a result of any of the following (each, and "Enumerated Event"):

- (i) a national or local emergency,
- (ii) an actual or threatened terrorist attack,
- (iii) the United States being in a state of war,
- (iv) a labor dispute other than a lock-out or strike of Major League Baseball players,
- (v) the gross negligence or willful misconduct of the City (including its employees and agents),
- (vi) the MLB Rules and Regulations or the rules and regulations of Florida State League of Professional Baseball Clubs Inc., the Gulf Coast League or such other league which has authority over a team operated by the Club,
- (vii) the need or undertaking of Capital Replacements precluding use of the Dunedin Facilities, or
- (viii) any other event beyond the reasonable control of the Club,

this Agreement shall be regarded as suspended for the period during which the Club's use of the Dunedin Facilities is interfered with, except each party's obligations to pay all taxes (including each party's share of ad-valorem property taxes) and each party's obligation to pay for and maintain required insurance coverages. During any such suspension of the Agreement, neither party shall have liability for damages to the other party as a result of the suspension or the Enumerated Event causing the suspension.

(b) Exclusive Rights and Remedies for Casualty Events Causing Damage. The parties hereby confirm that where there is damage or destruction to the Dunedin Facilities as a result of a Casualty Event (as defined in Section 24, above), it is their intention for the provisions of Section 24 (including those that pertain to any interference with the Club's operations as a result of such Casualty Event) to govern the parties rights and obligations in connection with same. An event that could qualify as either a Casualty Event or an Enumerated Event shall only be considered to be an Enumerated Event where it does not result in damage or destruction to the Dunedin Facilities. By way of illustration, if a terrorist attack results in damage to the Dunedin Facilities, it shall be considered a Casualty Event and the parties' rights and obligations in connection with same shall be determined in accordance with Section 24, above.

If a terrorist attack does not result in damage to the Dunedin Facilities but nonetheless interferes with the Club's use of same, it shall be considered an Enumerated Event and addressed in accordance with this Section 32.

- (c) Effect of Suspension. During any suspension of the Agreement hereunder, the Annual Capital Payment shall be suspended only if it was the actions or omissions of the City or those for whom the City is at law responsible that caused the Club to be prevented from using the Dunedin Facilities or any material part thereof. The provisions of this Agreement which are not directly affected by the Club being unable to use the Dunedin Facilities or such material part thereof shall remain in full force and effect during the period of such suspension. During the period of such suspension, the Club shall be entitled to conduct its games, practices and other activities at alternate facilities of its choice and the Club will be deemed to have played the required number of such games as specified subsection 3(a) of the Agreement. For certainty, in the event that any Home Major League Team ST Games or Home Minor League Games are cancelled or otherwise impacted during any period of suspension, the Club's game-related obligations under the Agreement shall not apply (including, but not limited to, its obligations in connection with marketing and promotional opportunities and the collection and remittance of the Capital Replacement Surcharge).
- (d) Termination of Agreement. Notwithstanding anything else in this Section 32, if the period of the suspension hereunder extends beyond twelve (12) months and such arises by reason of a national or local emergency, an actual or threatened terrorist attack, the United States being in a state of war, a labor dispute (other than a lock-out or strike of Major League Baseball players), or the gross negligence or willful misconduct of the City (including its employees and agents), then the Club shall have the option, exercisable in its sole discretion, to terminate this Agreement without liability to the City therefore.

33. CAPITAL REPLACEMENT FUND.

- (a) Establishment and Funding. During the Term of this Agreement, the City shall maintain an interest bearing fund for the purpose of Capital Replacement expenditures which shall be known as the "**Capital Replacement Fund**". The Capital Replacement Fund shall be used solely for Capital Replacement expenditures. The Capital Replacement Fund shall be funded from the following sources:
 - (i) Amounts paid to the City by the Club on account of the Capital Replacement Surcharge, in accordance with subsection 12(d) of this Agreement,
 - (ii) That portion of the Annual Naming Rights Revenues paid to the City by the Club in accordance with subsection 20(a) of this Agreement,
 - (iii) Proceeds of any taxable debt instrument issued by the City to fund a portion of the costs of the Project or other non-debt proceeds contributed by the City to pay a portion of the costs of the Project that are not, as agreed by the Club, needed to pay costs of the Project, and
 - (iv) All interest accrued on amounts held within the Capital Replacement Fund.

In addition to the above, on or before June 30th of each of the sixth, seventh, eighth, ninth and tenth calendar years of the Initial Post-Renovation Term, the City shall pay One Hundred Thousand Dollars (\$100,000) into the Capital Replacement Fund. By way of illustration, if the Threshold Date of the Agreement is in the year 2019, then the City shall pay One Hundred Thousand Dollars (\$100,000) into the Capital Replacement Fund on or before June 30th of each of the years 2024, 2025, 2026, 2027 and 2028.

- (b) Nature of Capital Replacement Fund and Accounting. The City shall maintain the Capital Replacement Fund and shall separately account for it. The Capital Replacement Fund shall be in the nature of a trust fund and the Club will, at any time, be entitled to all records regarding the status of such Capital Replacement Fund and the information about amounts accrued therein. The City shall provide the Club with an accounting in respect of the Capital Replacement Fund at least annually, on or before October 30 in each year of the Term, whether or not requested by the Club. The designation and establishment of the Fund in and by this Agreement shall not be construed to require the establishment of a completely independent, self-balancing fund as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as herein provided.
- (c) Approval of Expenditures. Expenditures of amounts held in the Capital Replacement Fund shall, unless otherwise mutually agreed in writing by the City and the Club, be limited to Capital Replacement at the Dunedin Facilities and shall require the joint approval of the City and the Club, not to be unreasonably withheld or delayed. At the end of the Term, the City may inspect the Dunedin Facilities for purposes of confirming that all Capital Replacement expenditures that were approved and scheduled prior to the end of the Term and supposed to be addressed by the Club during the Term were completed. In the event that the City discovers any such incomplete Capital Replacements, the Club and the City shall work in good faith to utilize remaining funds in the Capital Replacement Fund for such purposes. By way of clarification, normal wear and tear of the Dunedin Facilities at the end of the Term shall not constitute a basis for undertaking Capital Replacements. Nothing herein is intended to afford the City any right to claim Capital Replacement expenditures that would not otherwise have been performed during the Term and the City shall not utilize this inspection process as a means to update the Dunedin Facilities with Capital Replacement Expenditures at the end of the Term utilizing the Capital Replacement Fund. The Club shall be entitled to all amounts in the Capital Replacement Fund at the end of the Term.
- (d) City Responsibilities. Capital Replacements shall be undertaken by the City as and when required, without cost or expense to the Club, to the extent that the expenses can be funded first through the exercise of any warranty held by the City (for example a warranty relating to the construction of the Improvements), or second by the Capital Replacement Fund. The City shall administer the approved expenditures of amounts held in the Capital Replacement Fund and shall undertake and complete any Capital Replacement projects that the parties have mutually agreed upon and shall follow all normal purchasing, bidding and construction practices set forth in the City of Dunedin Code of Ordinances, unless the parties shall mutually agree, each acting reasonably, for some or all of a particular Capital Replacement project

hereunder to be delegated to the Club to complete, in which case the Club would be reimbursed from the Capital Replacement Fund.

- (e) City's Right to Inspect; Request Capital Replacements. The City shall have the right but not the obligation to conduct an inspection of the Dunedin Facilities in the event that there is either: (a) an open and obvious hazard or dangerous structural condition, or (b) a clear and material violation of applicable laws in connection with matters under the Club's direct control or responsibility. The City will notify the Club in writing in the event that desires to conduct an inspection pursuant to the foregoing and shall give the Club reasonable advance notice and an opportunity to schedule same for a mutually agreeable date and time. In conducting any such an inspection, the City shall include one or more persons who are appropriately qualified and licensed to inspect the specific matters at issue and to report thereon. Following any such inspection by the City, the City shall provide the Club with all documentation, including photographs, field notes and final reports, relating to the inspection and results or findings associated therewith. In the event that the results of an inspection suggest that Capital Replacements should be made to the Dunedin Facilities to remedy any hazard or dangerous structural condition or bring the Dunedin Facilities into legal compliance, the City may request that Capital Replacements be undertaken for these purposes and the parties, each acting reasonably, will endeavor to address such Capital Replacements pursuant to subsections 33(c) and 33(d), above. The purpose of this provision is to permit the City with an inspection right to potentially address concerns regarding health, safety and general welfare. The inspection right described herein is not intended to permit the City to request or claim Capital Replacements are needed to items that have encountered normal wear and tear.
- (f) Club Responsibility for Expenditures in Excess of Capital Replacement Fund. Unless otherwise mutually agreed by the parties, the Club will be responsible to pay the costs of Capital Replacements:
- (i) in circumstances outside of those addressed in subsections 33(c), 33(d) (relating to the City's exercise of any warranty associated with the Improvements or otherwise in connection with the Dunedin Facilities) and 33(e), and
 - (ii) in circumstances addressed in subsections 33(c) and 33(e) but where the costs of the specific Capital Replacements agreed to be undertaken exceed the then-available funds held in the Capital Replacement Fund. In this latter circumstance, the Club's responsibility for costs would be limited to the amount by which the costs of the specific Capital Replacements exceed the then-available funds held in the Capital Replacement Fund.

In connection with Capital Replacements in connection with paragraph 33(f)(i), the Club shall have the option to undertake the Capital Replacements itself or to request that the City undertake same. The City shall not decline a request from the Club hereunder unless the request is unreasonable or would be unachievable by the City in the time frames requested by the Club. Where the City undertakes Capital Replacements hereunder, it shall follow all normal purchasing, bidding and construction practices set forth in the City of Dunedin Code of Ordinances, and the Club will reimburse the City for its expenditures on a rolling basis as such expenditures take place.

- (g) Club Discretion. Nothing in the foregoing shall limit the Club's discretion to undertake Capital Replacements at the Dunedin Facilities where such Capital Replacements do not utilize amounts held in the Capital Replacement Fund.

34. FF&E.

- (a) All FF&E located within the Dunedin Facilities as of the Threshold Date will be owned by and be the property of the Club. Throughout the Term, the Club shall have the right at all times to modify, remove, replace and install FF&E in its sole discretion and at its sole expense and all such FF&E shall be owned by and be the property of the Club.
- (b) Within a reasonable period of time (not to exceed ninety (90) days) following the expiry or earlier termination of this Agreement, the Club shall remove, at its own cost, all of the FF&E, and the failure to so remove such FF&E shall cause a forfeiture of any remaining FF&E to the City.

35. EXPANSION AND RENOVATION OF FACILITIES. As of the Threshold Date, the City has completed the Project, being a major renovation and expansion of the Dunedin Facilities in accordance with the Development Agreement and including the Improvements.

36. NATURE OF AGREEMENT/MISCELLANEOUS.

- (a) License. This Agreement shall be deemed to be a use agreement in the nature of a license and shall not be deemed to be a lease or conveyance of any real property rights nor shall this Agreement constitute an agreement for the use of real property that would subject the parties to the provisions of any statute regarding landlord and tenant rights. This Agreement shall not establish a landlord-tenant relationship between the parties. This Agreement shall not constitute a partnership, joint venture or create an agency relationship between the parties.
- (b) Governing Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida regardless of any principles of conflict of laws or choice of laws of any jurisdiction. The exclusive jurisdiction, venue and forum of any lawsuit or legal proceeding arising out of this Agreement shall only be the state courts of Florida located in Pinellas County, Florida and the Federal Courts located in Hillsborough County, Florida. The Parties waive any and all rights to object to jurisdiction or venue in other forums.
- (c) Compliance. The City shall be solely responsible to ensure that that Dunedin Facilities comply with all applicable building codes, laws and ordinances of the City of Dunedin, the State of Florida, Pinellas County and other governmental agencies and shall, in connection with the foregoing, have the right, from time to time and on reasonable advance notice to the Club, to inspect the Dunedin Facilities.
- (d) Entire Agreement. This Agreement and the Exhibits attached hereto constitute the entire agreement between the parties and replace and, with the exception of the License Agreement

Addendum only, supersede all prior agreements and representations, including, in particular, the 1st Amended and Restated License Agreement. No alteration, amendment or modification to this Agreement shall be valid unless executed in writing by the parties, and no subsequent oral agreement shall have any validity or in any way affect the terms of this Agreement; provided, however, that no provision of this Agreement will be supplemented, modified, amended or waived without MLB Approval.

- (e) Assignment. The Club may assign this Agreement or any of its rights or obligations hereunder to any entity affiliated with the Club or to the successor of the Club in its ownership of the Major League Team. Subject to the foregoing and except as otherwise expressly provided herein or consented to by the City, the Club shall have no right to assign or transfer any rights, privileges or obligations granted by the terms of this Agreement to any third party. In the event of an assignment in contravention of the preceding sentence, the Club shall continue to be primarily responsible to the City for the performance of the Club's obligations under the terms of this Agreement.
- (f) Inurement. This agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns. Nothing in this Agreement shall be interpreted to be for the benefit of a third party.
- (g) Currency. All dollar amounts hereunder are expressed in U.S. currency.
- (h) Counterparts. This Agreement may be signed in any number of counterparts, each of which is an original, and all of which taken together constitute one single document. Counterparts may be transmitted by fax or in electronically scanned form. Parties transmitting by fax or electronically will also deliver the original counterpart to the other party, but failure to do so does not invalidate this Agreement.
- (i) Invalidity. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.
- (j) Delegation. No provision of this Agreement shall be construed to have made, permit or require the delegation by the City to the Club or any other party of any governmental function of the City.
- (k) Radon. As required by law, the City hereby makes the following disclosure:

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your County Public Health Unit. This acknowledgment is given pursuant to Florida Statutes 404.056(8) and is required by law to be given at or before the time a contract for the use of real estate is signed.

- (l) Right of First Refusal. In the event that the City shall obtain title to the property immediately east of the Grant Field Facilities, presently belonging to the Pinellas County School Board, presently occupied by Curtis Fundamental Elementary School, then and in that event the City does hereby grant a right of first refusal to lease the same property to the Club in the event that the City shall offer such property for lease or sale to a third party. In the event that the City offers such property for lease or sale and receives an offer of lease or purchase on said property, the City shall give the Club thirty (30) days written notice of such contract and the Club shall have the right for thirty (30) calendar days from the date of receipt of such notice to advise the City in writing that it wishes, at the Club's option, to lease or purchase said property on the same economical terms and conditions set forth in the offering contract. In the event that the Club choose to exercise such right of first refusal, it shall present a contract reflecting the same terms and conditions as the offering contract within the aforesaid thirty (30) day period. The right of first refusal shall be coterminous with the Term of this Agreement.
- (m) The parties hereby agree to furnish upon request to each other such further information, to execute and deliver to each other such other documents, and to do such other acts and things, all as the other party may reasonably request for the purpose of carrying out the intent of this Agreement. In the event that this Agreement is executed prior to the finalization of the Development Agreement, the parties shall update this Agreement to include any references to provisions of the Development Agreement that may be required.

37. DEFAULT.

- (a) The occurrence of one or more of the following shall constitute an event of default:
- (i) The Club fails to pay or cause to be paid, in full and when due, any installment in connection with the Annual Capital Contribution called for herein and the Club does not cure such failure within forty five (45) days of receipt of notice of such default from the City. In the event of a default arising from the failure to make payment of an installment in connection with the Annual Capital Contribution, the City may declare that all Annual Capital Contributions shall accelerate to maturity and all such Annual Capital Contributions shall become immediately due and payable.
- (ii) The failure by either party to perform, observe or comply with timely, at any time during the Term, any term, representation, condition, obligation, covenant, or other provision requiring performance of that party under this Agreement (except the payment of any installment on account of the Annual Capital Contribution) and such failure is not cured within sixty (60) days after written notice, specifying the nature of such failure and requesting that it be remedied, given by the non-defaulting party to the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to expiration; provided, however, if the failure stated in the notice cannot reasonably be corrected within the applicable period, no event of default shall be deemed to exist hereunder if corrective action is instituted by the defaulting party promptly upon receipt of the written notice and is diligently pursued until corrected.
- (iii) The dissolution or liquidation of the Club, or adjudication of the Club as bankrupt, or the

- appointment of a receiver of any of the Club's property, or the assignment of any of the Club's property for the benefit of its creditors, if the Club fails to lift, stay or dismiss within a reasonable time frame acting in good faith with diligent efforts such proceedings or similar proceedings under Canadian law.
- (iv) An Impermissible Relocation Event occurs (which, for certainty, shall not include a temporary relocation by the Club that is permitted under this Agreement).
 - (v) The Club disposes of all or substantially all of its assets, other than to a permitted assignee.
- (b) In the event of any default by the Club, the City may take any action as is permitted in law or in equity as it may appear necessary or desirable to collect any amount to be paid by the Club hereunder when due, or to enforce any obligation or covenant or agreement of the Club under this Agreement; provided, however, no such enforcement shall include a requirement of the Club to play Home Major League Team ST Games at the Dunedin Facilities during the Term, the City's remedies in respect of any default in so playing being limited to monetary damages.
 - (c) In the event that an event of default by the City occurs, the Club may take any action as is permitted in law or in equity may, including instituting such action against the City as the Club may deem necessary to compel performance or the Club may perform the City's obligations hereunder and deduct the cost of so doing from payments required to be made hereunder to the City.
 - (d) No delay or omission to exercise any right or power accruing upon any event of default shall impair any right or power or shall be construed to be a waiver thereof but any such right or power may be exercised from time to time and as often as may be deemed expedient. In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.
 - (e) In the event either party shall default under any of the provisions of this Agreement and the other party should employ attorneys or incur other expenses for the collection of any amount due hereunder or the enforcement of performance or observance of any obligation or agreement herein contained, the non-breaching party if successful in such proceedings, shall be entitled to recover from the breaching party the reasonable fees of such attorneys and such other expenses so incurred.
 - (f) Except as limited by applicable law or this paragraph, no remedy conferred upon or reserved to the parties is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and in addition to any other remedy given under this Agreement now or hereafter existing at law or in equity or by statute.
 - (g) Notwithstanding any other provision of this Agreement, the City shall not terminate this Agreement, and the City shall not take possession of the Dunedin Facilities upon an event of default or exercise any other remedy made available to it hereunder, during any Spring Training Season.

38. RELOCATION EVENTS.

(a) For the purposes of this Section 38:

- (i) "**Impermissible Relocation Event**" means the permanent cessation of use by the Club of the Dunedin Facilities for Spring Training purposes which is not a Permissible Relocation Event; and
- (ii) "**Permissible Relocation Event**" means a permanent cessations of use by the Club of the Dunedin Facilities for Spring Training purposes that is excused or permitted by the terms of the Agreement. For clarity, in any circumstance in which this Agreement provides the Club with a right to terminate this Agreement (i.e. pursuant to subsection 24(h) and subsection 32(d)) or in which the Agreement automatically terminates (i.e. pursuant to subsection 24(b)), any related cessation of use will be deemed to be a Permissible Relocation Event.

(b) Upon the occurrence of an Impermissible Relocation Event, the Club shall be obligated to:

- (i) reimburse the State for all remaining payments to be made by the State pursuant to Section 288.11631, Florida Statutes from the date of the Impermissible Relocation Event through the end of the Term,
- (ii) reimburse the County for all remaining payments to be made by the County under the Interlocal Agreement with the City from the date of the Impermissible Relocation Event through the end of the Term,
- (iii) reimburse the City for all remaining payments to be made by the City on a debt instrument issued by the City for financing the costs of the renovation and expansion of the Dunedin Facilities in accordance with the Development Agreement (not included in item (i) or (ii) above) from the date of the Impermissible Relocation Event through the end of the Term, and
- (iv) reimburse the City for its pro-rata share of the City's original capital contribution to the Project not included in (i), (ii) or (iii) above,

except to the extent any of the foregoing amounts are otherwise recoverable by the City (e.g. through insurance proceeds, a third party contractual indemnity or other means).

(c) Upon the occurrence of a Permissible Relocation Event, the Club shall not have any obligation to reimburse the amounts set out in the preceding subsection and the City shall be solely responsible for all such amounts. Without limiting the generality of the foregoing, and for further clarity, the parties agree that if the Club terminates this Agreement pursuant to its termination rights under subsection 24(h) or subsection 32(d) or the Agreement automatically terminates pursuant to subsection 24(b):

- (i) the Club will promptly notify the applicable agency of the State of Florida that has been charged with administrative oversight and enforcement of the State Development Funds (the “State Agency”), as well as the applicable agency of Pinellas County that has been charged with administrative oversight and enforcement of the County’s funding commitments the Project (the “County Agency”),
- (ii) the Club will not have any further obligation pursuant to this Agreement or the Development Agreement, to pay any amounts to the City, or to make any other payments or contributions, pursuant to the Agreement, nor will the Club have any further liability to the City,
- (iii) the Club will not have any obligation pursuant to this Agreement or the Development Agreement to repay either the City or the State of Florida for any State Development Funds in connection with such Club termination,
- (iv) the Club shall be entitled to all amounts then held in the Capital Replacement Fund, less only those amounts contributed by the City to same pursuant to Section 33 hereof during the years 2024, 2025, 2026, 2027 and /or 2028 that were not previously utilized for Capital Replacements,
- (v) the Club will not have any obligation pursuant to this Agreement or the Development Agreement to repay either the City or Pinellas County for any amounts contributed by Pinellas County to the Project or any amounts remaining to be paid by Pinellas County under the Interlocal Agreement with the City in connection with such Club termination, and
- (vi) the City shall indemnify and hold the Club harmless from any assertion or claim by the State Agency, the State of Florida, the County Agency or Pinellas County that any amounts are payable to any of them by the Club.

DOUGLAS AVENUE SITE (STADIUM SITE)

Stadium Improvements

Renovation of the stadium to bring it up to modern-day standard, including the following key amenities / elements:

- **Seating.** Stadium capacity of 8,500 based on:
 - Fixed seating for 6,500 people. Assume 19 inch "flip up" seats
 - Standing room, berm seating and "alternate seating" space (such as at least one "party deck", and four tops / high top seating on outfield portion of boardwalk) for 2,000

- **Shaded seating and protective netting.**
 - Significant number of shaded seats (high percentage of overall seating, including shading for some of the higher priced seating areas and, if possible, some portion of the berm). Might be achieved by extending the existing overhang (if engaging in a renovation) or by some entirely new structure or overhang.
 - We note that in boardwalk areas we're advised that trellises are not sufficient for shading, so we suggest another idea be presented.
 - Protective netting required in areas around home plate, down lines and behind dugouts. May also be needed in front of berm if that area is in direct line of foul balls.

- **Boardwalk.** Outfield "boardwalk" permitting 360 degree fan circulation around the stadium, with sufficient space on outfield portion of the boardwalk for:
 - good-sized "tiki" bar
 - additional smaller bar located in opposite corner room for 8 – 10 stools across
 - requires fixed food concession area, preferably including BBQ grills (*definitely need to have a permanent bbq location somewhere and we have included a fixed concession stand at this location below under "*Food and Beverage Concessions and Related*", below)
 - requires a spot for at least one (1) temporary food concession stand
 - Fixed merchandise store of between 700 and 900 square feet
 - men's and ladies' washrooms (sufficient to meet code and capacity requirements)
 - 4 tops seating and high top stool seating, including stools and ledges along front of boardwalk (final numbers will be determined based on length of boardwalk and layout of other items).
 - Once we determine the length of the boardwalk we can determine the number of stools and 4 top seating which is needed on the boardwalk.
 - If possible, would like to have some means to access to the boardwalk from our office space (could be a short stairwell with a door a secured door at the top).
 - Would like to see if the boardwalk could connect to the ground floor concourse (whether by stairs or ramp), as opposed to the second level concourse.

- **Luxury Suites.** Want a total of five (5) luxury suites:

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- 3 of which can be either separate or combined into 1 large party suite (these would be intended as the saleable "fan" suites),
- 1 of which would be a players' family suite geared towards players' wives/families.
- 1 of which would be an "owner's suite", located directly behind home plate.

Each suite should have about 325 square feet of interior space. Optimally, all should have outdoor seats and washrooms (although if space was too limited to permit independent washrooms, the 3 combinable suites could possibly have shared washroom accessible from the suite hallway). Each of the five (5) suites should have outdoor seating for 12 and total capacity of 20.

- **Box Office.** Florida Auto Exchange Stadium currently has 4 windows for selling and 2 for will-call. It does not contain any offices.
 - *We require ten (10) exterior-facing box office windows (2 will call, 1 VIP pick-up, 7 selling) and a further two (2) box office windows that face the inside of the building.*
 - *We require two (2) permanent office spaces inside the box office (to house box office manager and supervisor).*
 - Optimally, box office would be located near primary stadium entrance.
 - Box office will need speakers and microphones to speak with customers and monitors above the windows (for messaging).
- **Entrances.** Greater number of game day stadium entrances than the two (2) that currently exist (Florida Auto Exchange Stadium really only has 1 main entrance and 1 gate that is used for season ticket holders). *Would like to have two (2) "main" entrances, one (1) smaller entrance for season ticket holders, and one (1) separate Staff-only entrance (which would have the office access control system).*
 - *Need to add a covered area at all entrance locations - the covered area will be used for our metal detectors and any design should account for the space needed for same.*
- **Public Concourses.** Two concourse levels (likely one at grade and one above grade, connected to the boardwalk).
- **Elevators.** Addition of at least 2 elevators (currently have 1), *for a total of three (3) elevators to bring people and food to 2nd level.* Possible locations would be 1 behind home plate, and one each down each first and third base lines. Optimally, each elevator location should have adjacent stairs (currently no such stairs exist).
- **Public Restrooms.** Appropriate number and distribution of public restrooms for the number of fixed seats and total building capacity. *Expectation is that this will be developed based on current laws and stadium standards.* Note that Florida Auto Exchange Stadium currently has only 2 locations (women have total of 8 sinks, 16 toilets and men have a total of 7 sinks, 9 toilets and 9 urinals).
 - As noted elsewhere, we will need public restrooms located on the boardwalk, and also within the main *Jays Shop* merchandise store (for use during non-game days).
- **Bullpens/ Gang Mounds.**
 - At the present time, the stadium has six (6) "private" Blue Jays gang mounds in close proximity to the office / clubhouse building. The mounds are covered by netting to ensure that any home run balls do not strike persons using the mounds. *To the extent possible within the ultimate*

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

renovation design, we would like to retain as many of the existing gang mounds as possible, but in any event not less than 3. There is no need or desire to upgrade or improve these mounds.

- Adjacent to the mounds is currently a tower where Blue Jays bullpen pitchers sit during games. The current towers are not shaded and are spread too far apart. In all likelihood, the new boardwalk will be passing through this area, and the design needs to include a space for bullpen pitchers to sit in this area, with shade and view of the field.
- Visiting team needs 2 bullpen mounds. These can be very basic and placed anywhere that makes sense in the renovated stadium. Will also need appropriate tower.
- **Dugouts.** Dugouts size needs to increase (both length and width) as compared to what presently exists at Florida Auto Exchange Stadium in order to properly accommodate players and uniformed coaches. Plan needs to include enough space for photo bay / photo dugout at end of each dugout (not covered). Bullpens are accessed from the field only and that can remain the case (no tunnel needed). Club will want to see specifics of proposed dugout dimensions on any proposed plans.
- **Wiring/cabling.** Supply and install integrated cabling for state-of-the-art internet and television and radio broadcast. Broadcast Truck Cabling to include current industry-standard broadcast copper and fiber-optic trunks, including DT-12 audio, coaxial video, Triax camera, SMPTE311 Hybrid camera fiber and single-mode ST fiber optic trunks. All broadcast cabling bulkheads in areas subject to the elements should be mounted in weatherproof NEMA-rated enclosures. At minimum, television bulkhead locations should include, Low 1st Base, Low 3rd Base, High 1st Base, High 3rd Base, High Home, Center Field, Outside Home and Visiting Locker Rooms, and all TV and Radio booths. All broadcast trunk lines should terminate at an interconnect rack room near broadcast truck parking location (see below, seeking space for two (2) broadcast trucks). Eventually, Toronto IT and stadium engineering can assist in setting out the final specs.
- **TV and Radio.** Five (5) booths in total: two (2) TV booths, two (2) radio booths and one (1) booth that is capable of being used for TV or radio.
- **Public Address/Video board Control Room Booth.** Need one (1) large PA booth/control room of approximately 500 square feet, and associated equipment. Room would need to house approximately 12 people and equipment (current booth only has room for 3 chairs and is about 5' x 10'). Equipment would depend in part on the specific video boards and other electronics that get installed. Assume that final specs would be developed in conjunction with whatever consultant helps design the video board and stadium PA systems, however, we anticipate that:
 - Video board Control Room facility would be designed to incorporate four (4) live cameras (including one wireless camera), video replay and playback capabilities, as well as graphics display capabilities. Video display software should be integrated into baseball scoring system
 - Room will also house main PA mixing console and PA Announcer
- **Scoreboard and Other Boards.** Although the final specs should be established in conjunction with a consultant who has expertise in these things, we generally require the following scoreboards/signage spaces and costs should be included in any cost estimates:

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- New 16x9 true HD main LED display. Needs to be large enough for replays and to be able to split the screen when needed (e.g. to show lineup or other items). Anticipate needing at least 40 feet wide. May want additional videoboard element running along the bottom, to show innings and scoring info, but final layout would have to be determined at later date.
- Radar speed display capability integrated into video display software.
- Would probably want a space above the main videoboard to display signage with the stadium name and some team creative (e.g. our stylized "Toronto Blue Jays").
- Would probably want a space below the main videoboard for sponsor information or signage.
- Additional smaller scoreboard (probably to be placed above stands on 1st base side) to display score, count, inning. This is needed for people watching from the boardwalk and berm areas. May not need to be a true "videoboard".
- LED signage above box office windows, to announce upcoming games, etc.
- Free-standing signage structure incorporating LED screens (minimum of two) for video messaging, for installation at corner of Douglas Avenue and Beltrees Avenue. Structure and screens need to be large enough to be seen from a distance (estimate that screens would need to be 8 feet by 6 feet or thereabouts)

We understand that new videoboard was recently installed in Clearwater (Phillies) and that plans are currently being developed in Lakeland (Tigers). In Toronto, we have worked with Daktronics and could ultimately assist in making contact with them.

- **Audio.** New distributed sound audio system up to current stadium standards (with separate audio zoning capabilities in the concourse area and outside the main gates). Audio software provisions for live music playback, recorded gate announcements, and routing of radio or television audio to concourse areas. Currently, Florida Auto Exchange Stadium speakers are located only on outfield scoreboard. New system would have to be able to be heard at all stadium locations.
 - Baseball press area to include two desktop-style push-to-talk microphones for the official scorer and media relations rep with the ability to page into the press area. This feed should also be available on the sound system network, and at the interconnect patch room for distribution to television and radio broadcasters.
- **Media Areas:**
 - **Press Box** - Larger press box than currently exists - require room for 50 to 60 persons and all having a view of the field. Assume this will require at least 1,600 square feet (65 x 25). *Should not be in the prime locations, as we wish to save those for fans and executives.* Could be off to one side if necessary having regard to the placement for other items. Require power, wi-fi, Ethernet and other standard hookups. Also need phone between press box and dugout.
 - Washrooms - Addition of media-only washrooms in vicinity of press box (there are none at current Florida Auto Exchange Stadium)
 - Drinks - Replace press box refrigerator/bottled beverages with soda dispenser (and associated lines),
 - **Press Toilet Rooms.** Two (1) single person washrooms (one male and one female) within the Press Box area. Total space needed is 160 square feet.
 - **Stadium and Press Box Entrances** - Dedicated media entrance/exit for media and staff at stadium and stair access to press box/press areas (currently the press has to access by walking through the public seating areas). Need to ensure ability for press to leave the facility after hours. Right now, at a certain point after the game, stadium gates are locked and for any press

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- that stay behind in the press box, there is no flexibility to allow those persons to exit the building and have a door lock behind them automatically. Providing a subway-style, exit only gate may serve the need here.
- *Access to photo/camera dugouts* – would like there to be a way for press to access photo/camera dugouts without needing to enter the field of play,
 - *Parking* - Additional parking for media is needed (see parking heading)
 - *Media Dining and Related* - Current media dining room at Florida Auto Exchange Stadium is at grade and under the stadium structure near shallow right field. *If that portion of the stadium will remain intact then we are prepared to continue to use that same space for media dining, with only very minor upgrades (e.g. paint and some new furniture, counter workstations around exterior walls and possibly some electrical and Ethernet outlets and wiring).*
 - Food could be prepared and delivered from the main concessionaire prep kitchen / commissary. Alternatively, the current media dining room does have an adjacent kitchen but it would need upgrades to make it usable.
 - *Media Work Facilities* – right now there is small media work room located on the ground floor of the offices/clubhouses building, located near Blue Jays reception. It is a little bit tight, however, we are fine with retaining that and potentially adding some work spaces to the media dining area (see prior bullet point). Should probably review the existing work room to see whether it requires some minor improvements (e.g. electrical upgrades or Ethernet).
- *Center field camera well.* Currently the main center field camera well is off center (towards LF) and too low. Would like to relocate CF cameras to a slightly higher, more centered location, similar to CF camera angles in Major League stadiums.
 - *Merchandising:*
 - Large fixed merchandise store (*Jays Shop*) – probably at minimum 3,000 square feet in a high traffic area with good visibility,
 - Storage space of at least 1,000 square feet,
 - Secondary merchandise shop on the boardwalk (800 square feet) or some reasonable substitute (e.g. substantial merch kiosk or kiosks)
 - Need a 150 square foot room for counting money and reviewing all receipts, which room needs to be equipped with a safe
 - *Paramedics.* Require a paramedics' office and appropriate space to help guests. Need about 250 square feet and needs to include 3 beds, 3 sinks and hot and cold water and 1 toilet.
 - *Customer Service.* Need a Customer Service office, with a small space for guests, located in an easily accessible area and with a view of the main concourse near the main stadium entrance. Need about 125 square feet.
 - *Food and Beverage Concessions and Related.* Increased food and beverage concessions capabilities (including upgraded commissary with easy access to elevator to second floor, upgraded preparation areas, refrigeration, etc.). Final specifics (including number and location of fixed concessions and

Exhibit "C" Improvements

number and location of mobile units) will depend on the ultimate stadium design and layout but core needs would be:¹

- New properly ventilated and lit office space (700 to 1,000 square feet) for concession company management staff. Should be located in proximity to primary concession stands,
- Dedicated, well-ventilated preparation, cooking and storage area of at least 2,000 square feet which should include, at a minimum,
 - 225 square foot walk-in freezer (including appropriate storage racks)
 - 225 square foot walk-in refrigerator (including appropriate storage racks)
 - Large Ansel Exhaust Unit
 - Double sized ice machine
 - Eight (8) large prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Appropriate shelving for dry good storage
- At least two (2) large concessions stands (one on first base side and the other on 3rd base side) in the main (ground level) concourse area, with each stand having space for eight (8) points of sale and four (4) beer or fountain service spots. Both stands require food preparation area and should also include:
 - Large Ansel exhaust unit
 - Ice machine and all necessary water hook-ups
 - Sinks and associated plumbing
 - At least one 100 square foot walk-in refrigerator in each fixed concession location (including appropriate storage racks),
 - Enough space for 3 prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Beer and fountain drink taps, lines and equipment
- At least one (1) smaller concession stand located in the outfield (possibly behind batters eye) with space for six (6) points of sale and three (3) beer or fountain service spots. Stand requires food preparation area and should also include:
 - Large Ansel exhaust unit
 - Ice machine and all necessary water hook-ups
 - Sinks and associated plumbing
 - At least one 100 square foot walk-in refrigerator (including appropriate storage racks),
 - Enough space for 3 prep tables
 - Commercial griddles, grills, fryers, warmers and impingers
 - Beer and fountain drink taps, lines and equipment
- Large Tiki Hut (i.e. liquor, beer and non-alcoholic drink service location) located in the outfield area should be approximately 30 feet long by 10 feet wide. Should include televisions, bars and stools, refrigeration, taps, etc. Should be covered to protect staff and patrons from the elements.

¹ As designs are created we want to ensure that the concessions are being designed appropriately and in accordance with industry standards for similarly sized buildings and the specific seating and other unique elements of this facility. Listed items are minimum requirements only and should not limit what is necessary and to be included.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- Optional smaller Tiki hut located along the 3rd base left field (would need to be approximately 10 feet wide by 12.5 feet)
- Awnings for all concession stand that are exposed to the elements,
- Rubberized flooring in all concession stands,
- All necessary electrical capacity and hook-ups for fixed and mobile concessions.
- We currently have fifteen (15) temporary/ mobile food and drink points of sale at Florida Auto Exchange Stadium. Will require more than that at renovated location and project plan needs to include the space for same and the units themselves.

Anticipate that stadium concepts and cost estimates will include above, along with any other elements and equipment that are in line with current-day standards.

- *Enclosed Bar / Restaurant Area with Field View ("Craft and Draft Area")*. Would like to have an air conditioned, indoor bar/ restaurant location (like in Sarasota) with a view of the field (through windows) and monitors to show the game as well. This space would provide fans with an opportunity to get out of the sun and be able to eat and drink. Would probably need about 2,400 square feet and it would contain a bar, high top tables and high chairs. Would not have kitchen facilities attached. Instead simple food items would be prepared in main floor concessions/ commissary spaces. Small pantry with refrigeration would be attached to the area (approximately 120 square feet). Goal is to be able to hold about 80 people. On non-game days the area could be used for group events or meetings. *Would like to see if it could be located near the upper part of the building on the 1st or 3rd base side (past any suites)*.
 - If being built behind a seating section and additional deck needed in order to finish off the area then the additional deck area need not be enclosed or air conditioned (i.e. there could be an adjacent outdoor area of approximately 1,700 square feet that is accessible from the Craft & Draft area and/or seating bowl). Will allow for future expansion and/or modification.
- *Visitor's Clubhouse and Related*. New visitor's clubhouse of approximately 3,600 square feet total. Should be a very basic clubhouse, including:
 - Better lighting, appropriate flooring, water fountains,
 - Manager's office / locker room of approximately 200 square feet with room for a desk, locker, and a few chairs
 - Coaches locker room with space for 8 lockers (approx. 350 square feet for the locker room and approx. 200 sf for the washroom (hope to accommodate 5 showers, 3 sinks, 2 toilets and urinal)
 - Players Locker Room (all new basic lockers with chairs) with 30-35 lockers, and counter space for food and baseball equipment (approx. 1,600 sq. ft.)
 - Players washroom/showers with 5 sinks, 3 urinals, 4 toilets and 10 shower heads (approx. 550 square feet)
 - 200 square foot laundry room including 2 commercial washing machines, 2 commercial dryers and storage area (along with associated power, plumbing and drainage),
 - Small kitchen (100 square feet) with fridges, oven and counter space for Clubhouse attendant to prepare food,
 - Adequate power outlets for players and staff to plug in phones and tablets, and
 - Training area with 3 training tables, a wet area with above-ground stand-alone hot and cold tubs, counter space for use of trainers' equipment and supplies (approx. 400 square feet).

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Umpire's room.* Upgraded umpire's room, with locker area approximately 15 feet x 20 feet in size (total of about 300 square feet), optimally located next to visitor's clubhouse (could be in same building if visitor's clubhouse requires a new building). Some of the specifics include:
 - 4 lockers, 4 locker chairs, and a table with 4 chairs for umpires to use for meals
 - Bathroom with 2 shower heads, 2 sinks, 1 toilet and 1 urinal (need about 180 square feet for that)
 - AC, Cable TV, and Phone
- *Staff locker room and Lunch Room.* Game day staff locker room, washrooms and lunchroom needed. Anticipate that the locker room portion would require about 400 square feet and the eating area would need about 500 square feet. Another 300 square feet needed for washroom area.
 - Would like to find a way to allow the space to be unisex (for example, there would be a single small "locker" room, perhaps with just open storage, along with 3 or 4 adjacent small private areas of 10 feet x 5 feet, each with a toilet, sink, bench and mirror for people to change in). Does not matter where exactly within the stadium this space is located, except that it should not be within the office / clubhouse area.

If space permits, could be placed within same building that incorporates visitor clubhouse.

- *Green Room/ Female Locker Room.* Would like a small additional space, with associated washroom/shower, capable of housing 5 people. Could be used for women attending fantasy camp and other similar uses. Would need about 500 square feet (180 SF for toilet/shower and 320 SF for the locker room). If new building needed for visitor clubhouse (above), this space could be in the same building, space permitting.
- *Grounds crew / Maintenance areas.*
 - Need approximately 2,000 square feet of indoor space for shed storage, maintenance equipment, repair and maintenance of equipment, and commercial washer and dryer. Requires at least 1 large garage door, so that golf carts, lawnmowers, etc and get in and out. Needs to be heated/air conditioned and have hot and cold water service, sinks, etc.
 - Need an additional 800 square feet of work space, to include 1 work office (100 square feet), a locker and lounge area (400 square feet, including 8 lockers), a washroom area with 2 showers, 1 toilet, 1 urinal and 2 sinks (200 square feet). Heated and air conditioned.
 - Need 1,000 square feet of exterior storage space for dirt, fertilizer etc. Will need to include 4 concrete openings (open at top and front) of about 10 x 10 each to hold supplies.
- *Public Parking.* Significantly increased public parking capacity (controlled by Club). Currently have only 210 guest parking spots for sale and would want as much as possible (whether at ground level or in some kind of parking structure)
- *Security Access.*
 - Automated security access controls (not only for offices, but also for the parking gate). *One possibility is to have the same system in place at the main stadium offices and clubhouse and the Solon Avenue training facility. Further, the Florida systems should probably be the same as those used in Toronto, so that Toronto staff can utilize a single pass set up for both locations.* If

necessary, we can assist with the specs, but the costs needed to be included in the cost estimates for this project.

- Many doors at the stadium and office building use key locks (e.g. concession stand doors, individual offices, and individual suites). We assume that this will remain so, however, upgraded lock and key system would need to be installed.

Douglas Avenue Clubhouse and Office Space Review and Upgrades

N.B. Under this current plan, the intention is that the stadium and related offices/clubhouse spaces would be used only for Spring Training game days (and Florida State League games). Therefore, we are recommending that the existing office / clubhouse building not be materially renovated in any way. That said, we do think that there will need to be some review of the building and its roof, structure, walls, electrical, HVAC, and plumbing and other similar systems and components and those upgrades as are necessary to that the building is both safe and serviceable over the long term. We would ask that the review and upgrades be recognized in the project scope and cost.

Other/Exterior

- *Main Stadium Playing Field.* If retaining existing field / footprint, redo the grading of the field and playing surface to allow for proper drainage (currently our stadium slopes approx. 3 feet from the outfield to home plate).
 - Stadium dimensions should be the same as *Rogers Centre* in Toronto.
 - Outfield wall pads need to set at same height at *Rogers Centre*
 - Distance measurements should be marked in same place/manner as *Rogers Centre* outfield.
- *Half Field.* There are currently two (2) half fields (one to the North of the stadium and one to the South). *Only need one (1) half field ultimately and would suggest that we retain the one to the south (closest to clubhouse building).* The retained half field does not need to be upgraded.
- *Visiting Batting Tunnels.* There are currently 2 batting tunnels for visiting team use. *If space allows, we will still need 2 basic covered batting tunnels for visiting team use. New or upgraded lighting necessary.* Could just be placed under the boardwalk or next to the grounds crew area.
- *Blue Jays Batting Tunnels.* Right now Florida Auto Exchange Stadium has 3 covered batting tunnels for Blue Jays use. Desire is just to retain those batting tunnels. *No additions or renovations necessary.*
- *Baseball Operations' Robotic Cameras and Wiring.* In other portions of this document we have indicated that there will be a need to wire the stadium for TV, radio, feeds, and, of course, all ordinary clubhouse/office needs (phone, internet, cable, etc.). The larger plan needs to ensure that all appropriate areas are interconnected and all designs and costings should take that into account. In addition, to the aforementioned needs we would require the following for Baseball Operations purposes.
 - Install High Definition, robotic, remotely operated Pan-Tilt-Zoom (PTZ) cameras (and associated conduit and wiring) to permit recording and remote viewing of activities at the Major League stadium. Would include:
 - One (1) permanent camera installation in centerfield
 - Ability to set up three (3) temporary "clamped" locations (along home plate, along 1B line, and along 3B line).
 - Minimum of six (6) additional cameras (not permanently affixed) in order to be able to install at any and all of the following six (6) locations: high home plate, low home,

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

center field, 2 at 1B side (open side hitter and catcher), 2 at 3B side (open side hitter and catcher).

- All cameras and feeds should be able to be remotely controlled from a central locations (both stadium and complex video rooms), and available for viewing on web-based viewing software, as well as main video room servers.
- All robotic cameras should be 1080i High Definition as mentioned above, with full HD frame rate recording. (29.97fps), along with iris, black level, ND filter and paint controls. These cameras will shoot in a number of conditions from full daylight, to overcast, to night under sports lighting. "Security grade" cameras are not sufficient.

Assuming this would involve installing conduit and cabling to permit feeds to terminate at some central server or other room at the building. As with the stadium, any and all wiring, conduit, etc. needs to be to high standards and below ground to ensure not affected by weather. It needs to be run to appropriate server rooms, etc. Costs and room sizes for server rooms should reflect that.

- *Security Cameras.* Install security cameras around exterior and interior of the stadium (Blue Jays can assist with more specifics when appropriate, as there is some experience with these in Toronto)
- *Team parking.* Currently, the secured lot has 101 spots. *There is no need to add parking to this lot, since the stadium will be for game-day use only.*
- *Grounds Crew and Media Parking.* Add 10 or more parking spots to the grounds crew/ media / visiting team parking on the North side of the stadium
 - There are 36 spots on the north side of the building for grounds crew/media/visiting team parking, so new total would be 46 or more.
- *Broadcast Truck Parking and Power.* Ensure ample space to park and hook up broadcast trucks (at least 2 per game) (approx. 64'x24' footprint each). As noted above, would want to be located close to built-in pre-wired television cabling interconnections. Ensure a minimum of two (2) 400-amp, 208V, 3ph or four (4) 200-amp, 208V, 3ph electrical services for Broadcast Trucks. These services should be cam-lok series J compatible connections, with local disconnects.
- *Backup Power.* Require backup power generator and associated infrastructure for data and emergency power systems. Assume at least 100 KV required.

SOLON AVENUE SITE (COMPLEX SITE)

Current plan seeks to create a state-of-the-art Major and Minor League training complex at the Solon Avenue site, by using all of the property that is currently in use for the team's minor league complex and fields PLUS certain property to the North (which is presently occupied primarily by a City-owned park, softball fields and associated parking).

While existing field layouts and orientations should be preserved to the extent possible (in order to avoid unnecessary costs), consideration should be given to constructing the new training complex building (and related field house / batting tunnel building) on land that is currently occupied by a field, if doing so would result in the best and most functional use of the property.

At a very high level (i.e. site plan level), the current plan would result in a clubhouse building (i.e. not including batting tunnels / field house) with training facilities on the main floor and offices on the second floor, 4 and ½ fields for Minor League use, 2 ½ fields for Major League use, 1 open air agility field for Minor League use, 1 covered agility field (turfed) for Major League use, 1 Inclined agility field for shared Major / Minor League use, 13 batting tunnels (either combined in a single large structure, or split with 8 Minor League and 5 Major League), 10 ½ Minor League gang mounds and 8 ½ Major League gang mounds.

Fields and Exterior Areas

- *Four (4) Full Fields Minor League use.* Require four (4) full fields for Minor League use. Although the site already has fields, due to subsoil and other issues, at least two (2) would likely have to be moved and would have to be dug down to a significant depth and basically redone from scratch (because the move and/or subsoil issues may require the installation of a geogrid, compaction or other forms of remediation). The other two (2) are anticipated to require substantial work, even if slightly less than the first two (2).
 - Each field should have four (4) bullpen mounds (2 home, 2 visitor) associated with it
 - Each field should have two (2) dugouts
 - Each field should have a "batters eye"
 - Each field should have a scoreboard
 - Each field requires outfield wall fence (as opposed to padding)
 - *Security and Special Fencing.* It is possible that we would consider turning 2 or 3 of these Minor League fields over to the City between April and November each year. For that reason, site should be designed so that there is some parking and access to these fields from a spot that is separate from the clubhouse and team parking area. Also, would need to design site in such a way that there is a flexible fencing system allowing the clubhouse, batting tunnels, gang mounds, agility fields, team parking and all "team only" fields to be fenced off from the areas turned over to the City.
 - *Lighting.* The City has indicated that it would like to have lighting on the fields it will use (likely 2 fields). Although such lighting is not required for Blue Jays uses, at this time design and cost estimates should assume that two (2) of the Minor League fields will be lit. Lighting does not need to be to Major League Baseball broadcast standards and existing lighting infrastructure should be used as much as possible.
- *Viewing Tower.* New viewing tower with shading and views of as many Minor League fields as possible (will depend on site design).

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Observation Area* - Would like tower to be shorter than the standard minor league viewing tower (about 12 feet from ground to floor of observation area). Need power outlets and wi-fi access from observation area. Counter/ ledge surrounding observation area should be wide enough to use as work space. If possible, optional enclosure (not permanent) through sliding glass windows or screens to shield wind for phone calls would be nice to have.
- *Storage and Training Area* - Desire for there to be an *air conditioned storage and training area incorporated into the base of the viewing tower*, which would include:
 - 150 square foot storage space
 - Electricity
 - Filtered water spigot (and space to fill coolers and bottles)
 - Racks for coolers
 - Refrigerator
 - Ice Machine
 - Small private (i.e. walls and door, but very small) "Satellite Training Area" with space for at least 1 trainers table
- *Public Washrooms*. Require public washrooms in base of tower. Men's would include at least 2 toilets, 2 urinals and 2 sinks. Women's would include at least 2 toilets and 2 sinks. As with all washrooms, would need to meet applicable codes and other regulations.
- *Concessions*. Also require small concessions stand to be located within the base of the viewing tower, including:
 - Refrigerator, impinger, grill, water and fountain soda unit and lines, and 2 points of sale
 - All necessary wiring, plumbing, drainage, venting, etc
- *Charting Tables behind home plate of each field*. Seating and small charting tables behind home plate of each field. Want to be able to ensure that those are shaded in some way (but without restricting ability of people to view from the tower, etc.).
- *One (1) "Half Field" for Minor League Use*. Require a "half field" for Minor League use. As with the full Minor League fields, might be turned over to the City for portion of the year so that should be taken into account in site design. Would like this half field to be artificial turf so that it dries quickly after rain. The site design may allow the current half field (which is artificial turf) to remain intact.
- *Covered Indoor Batting Tunnel Structure with eight (8) tunnels for Minor League Use*. Structure should be well lit with high ceilings. Full mounds should be installed in each of the 8 tunnels to allow for indoor bullpen sessions in rain. Should have extra room around perimeter in order to accommodate benches, side work areas, and storage within caged space. Would like netting to be on pulleys to pull back manually as desired (believe the Tigers have implemented such a system in Lakeland). Require small video area integrated into batting tunnel structure.
 - Does not have to be air conditioned, but would like to ensure that there is adequate ventilation and fan system to ensure comfortable environment
 - N.B. - The Major (5) and Minor League (8) batting tunnels can be combined in one larger structure, depending on available site space. If the batting tunnels are combined into one larger structure, then only one video area is needed.
- *Four (4) Outdoor Batting Tunnels for Minor League Use*. These outdoor tunnels should be placed near the Minor League fields with easy access from the fields. Would like these to be split into two (2) sets of 2 tunnels.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Ten (10) gang mounds plus one (1) "half mound" for Minor League Use.*
 - 10 full mounds could be placed together or split 5 and 5.
 - The half mound (i.e. shorter mound with more gradual incline, used for rehab work) should be built in line with the full mounds.
 - Area between mounds and plates should be artificial turf to ease upkeep.

- *One (1) Open Air Agility Field for Minor League Use.*
 - Must be approximately 50 yards long x 26 yards wide and would like artificial turf for this field so that dries quickly after rain and to hold up better to heavy use.
 - *Tartan Track and Sand Pit.* Would like track-and-field style "Tartan Track" rubberized running lane (approx. 40 yards long and 3 yards wide) for sprints with a standard-sized sand pit (roughly 10 yards x 3 yards) at the end of the lane. These can be placed along one side of the open air agility field.

- *Two (2) Full Fields Major League Use.* Require two (2) full fields for Major League use. Anticipate that any fields would have to be dug down to a significant depth and basically done from scratch (as there are subsoil issues that may require compaction or other forms of remediation). *These two fields will always be exclusively under team control and should be located close to clubhouse.*
 - Each field should have four (4) bullpen mounds associated with it
 - Each field should have two (2) dugouts
 - Each field should have a scoreboard
 - Each field should have a "batters eye"
 - Each field requires outfield wall padding (as opposed to basic standard fencing)
 - *Replica of Rogers Centre.* One (1) of the Major League fields should replicate the dimensions of *Rogers Centre*, including identical field dimensions, wall heights and outfield measurements marked in the same locations and fashion as they are at *Rogers Centre*. This field should also be artificial turf, with dirt infield, to dry quickly after the rain and better replicate *Rogers Centre*.
 - *Lighting.* Only 1 of the 2 Major League fields (the field with *Rogers Centre* dimensions) requires lighting.

- *One (1) "Half Field" for Major League Use.* Require a "half field" for Major League use. Will always be exclusively under team control and should be located close to clubhouse. Would like this half field to have artificial turf center with dirt infield to replicate *Rogers Centre* conditions.

- *Covered Indoor Batting Tunnel structure with Five (5) tunnels for Major League Use.* Structure should be well lit with high ceilings. Full mounds should be installed in each of the 8 tunnels to allow for indoor bullpen sessions in rain. Should have extra room around perimeter in order to accommodate benches, side work areas, and storage within caged space. Would like netting to be on pulleys to pull back manually as desired (believe the Tigers have implemented such a system in Lakeland). Require small video area integrated into batting tunnel structure.
 - Does not have to be air conditioned, but would like to ensure that there is adequate ventilation and fan system to ensure comfortable environment
 - N.B. - The Major (5) and Minor League (8) batting tunnels can be combined in one larger structure, depending on available site space. If the batting tunnels are combined into one larger structure, then only one video area is needed.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Eight (8) gang mounds plus one (1) "half mound" for Major League Use.*
 - The half mound (i.e. shorter mound with more gradual incline) should be built in line with the full mounds.
 - Area between mounds and plates should be artificial turf to ease upkeep.

- *One (1) Covered Agility Field for Major League Use.*
 - This agility field should be roughly 50 yards long x 26 yards wide
 - Field needs to be covered with artificial turf
 - *It should be enclosed on two (2) of the four (4) sides, and have a very high roof / ceiling* – in order to permit long toss and other drills during rain
 - While the two (2) open sides will allow some natural light, additional lighting will be required
 - Would like there to be water fountain / bottle filling station in this structure

- *One (1) Inclined Agility Field for Shared Major League and Minor League Use.* Require grass hill with incline of 6 to 8 degrees. Running area should be about 55 yards long by about 5.5 yards wide (however, if there is space to accommodate, we would like it to be even longer – up to 100 yards). Can be located near Major League fields but would be used by both Major and Minor League teams.

- *Protective Netting.* Depending on site layout, anticipate that there will be protective netting needs in many areas (particularly to shield homes, roads and other adjacent properties in the neighborhood from batted balls, particularly as on north side of the property). Protective netting should also shield any publicly accessible fan areas, as well as parking areas. If possible, netting should be designed to as to collect baseballs for later retrieval and reuse.

- *Grounds Crew.* Would prefer to have one (1) large building that incorporates all of the necessary spaces and amenities for grounds crew / maintenance purposes. Would need to include, at a minimum, the following:
 - *Main Maintenance and Repair Space.* Need an indoor space around 3,500 square feet to house:
 - Should include three (3) small (100 square foot) offices for repair and maintenance staff
 - Should include a locker room, lounge and washroom space for 15 people (estimating total of 500 square feet for both). Should have 3 showers, 2 toilets, 2 urinals and 3 sinks.
 - Large open space (2,700 square feet) with concrete floor, suitable for repair and maintenance of golf carts, mowers, and other equipment and storage of same
 - Requires minimum of 9,000 pound equipment lift
 - One or two large garage doors for access, along with regular door
 - Minimum of four (4) work benches and shelving along exterior walls
 - Require 1 industrial washer and 1 industrial dryer in this space (and associated power, plumbing and drainage)
 - Needs to be able to be used to store power equipment (mowers, lifts, packers, golf carts etc.).
 - Requires both standard and 220 volt power receptacles
 - Needs to have heat and A/C, as well as hot and cold running water and sinks
 - *Secondary Storage Shed.* Require one (1) separate secondary shed of 500 square feet to store supplies and small equipment.
 - Concrete floor
 - Requires minimum of 9,000 pound equipment lift

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- One garage door and one regular door
- Shelving along exterior walls
- Requires both standard and 220 volt power receptacles
- Needs to have heat and A/C, as well as hot and cold running water and sinks
- *Exterior storage space.* 1,200 square feet with concrete dividers (to create at least 4 discrete spaces for dirt, fertilizer, propane etc.
- *Baseball Operations' Robotic Cameras and Wiring.*
 - Install High Definition, robotic, remotely operated Pan-Tilt-Zoom (PTZ) cameras (and associated conduit and wiring) to permit recording and remote viewing of activities on all full Major League and Minor League fields. Would want the following at all of the full fields:
 - One (1) permanent camera installation in centerfield
 - Ability to set up three (3) temporary "clamped" locations (along home plate, along 1B line, and along 3B line). Each "clamped" location should be able to accommodate more than one camera.
 - Conduits and cabling for temporary "clamped" installation of high definition, portable, robotic, remotely operated PTZ cameras in all indoor batting cages and at all gang mounds.
 - All cameras and feeds should be able to be remotely controlled from a central locations (both stadium and complex video rooms), and available for viewing on web-based viewing software, as well as main video room servers.
 - All robotic cameras should be 1080i High Definition as mentioned above, with full HD frame rate recording. (29.97fps), along with iris, black level, ND filter and paint controls. These cameras will shoot in a number of conditions from full daylight, to overcast, to night under sports lighting. "Security grade" cameras are not sufficient. Require minimum of twenty (20) cameras.

Assuming this would involve installing conduit and cabling to permit feeds to terminate at some central server or other room at the building. As with the stadium, any and all wiring, conduit, etc. needs to be to high standards and below ground to ensure not affected by weather. It needs to be run to appropriate server rooms, etc. Costs should reflect that.

- *Staff/Player Parking (350 spots).* Require secured, paved parking for approximately three hundred and fifty (350) vehicles (for team staff and players). Needs to be located close to clubhouse building.
 - Possible that it could be divided into a lot for 150 (for Major League players, staff and executives, located closest to clubhouse) and a further lot for 200 (for Minor League players and staff). Want to ensure Major League team always has parking.
 - Would need small security hut for guard to sit indoor with electrical power.
- *Public / Overflow Parking (150 spots).* Parking for 150 located elsewhere on the property (possibly on exterior edge of property close to those of the Minor League fields which the City and/or community may have use of). This parking can just be basic grass parking.
- *Security and Access Control.*
 - Require appropriate security fencing for the site (some existing may be re-usable and other areas will require new, for example, where new fields are installed), along with a parking gate at the entrance to staff parking and a shed for security to sit in at the staff parking entrance.
 - Will require automated security access controls (not only for offices, but also for the parking gate). *One possibility is to have the same system in place at the main stadium offices and*

clubhouse and the Solon Avenue training facility. Further, the Florida systems should probably be the same as those used in Toronto, so that Toronto staff can utilize a single pass set up for both locations. If necessary, we can assist with the specs, but the costs needed to be included in the cost estimates for this project.

- Assume that a number of doors and spaces at the complex will use key locks (e.g. concession stand door, individual offices, etc). Require modern, secure lock and key system.
- *Security cameras.* Would want new surveillance cameras to be able to view the parking areas, main fields, as well as the interior and exterior of the clubhouse building.
- *Backup Power.* Require backup power generator and associated infrastructure for data and emergency power systems. Assume at least 250 KV required.

Joint Major / Minor League Offices and Reception

We anticipate that all offices will be located on the second floor of the clubhouse building and that the offices will open onto a covered balcony with a view of at least one of the Major League fields. Would be useful for balcony to view one Major and one Minor League field.

Will need some kind of joint ground floor reception area for the clubhouses and offices. Would want it to contain some built-in display cases.

Shared Spaces

- *Reception area.* Approximately 200 square foot reception area on second floor to serve offices.
- *Boardroom.* Require one large boardroom of approximately 615 square feet (38.8 feet long x 15.8 feet wide) that can accommodate a table with seating for twenty two (22) persons. Should include a small kitchenette area (sink, water, bar fridge, counter, cupboards).
- *Flexible Multi-Purpose Room.* Room would be approximately 800 square feet and would constitute "flex" space for various meeting, training, treatment and other needs. Room should be equipped with small, wheeled tables (approx. 2 feet x 3 feet) that can be aligned to create larger tables for meetings, configured in a variety of ways or moved/removed as necessary. Would prefer that this room be located in a spot that has relatively easy access to the clubhouse (even though this room will be on the second floor).
- *Open Office Space.* Require two (2) separate open office spaces (aka "bullpen" spaces) of approximately 450 square feet each (total of 900 square feet), with each space intended to accommodate multiple desks/cubicles. This open office space will be used by various staff members from Baseball Operations, Communications, Marketing, Player Relations, IT and other departments as necessary.
- *IT Workspace.* IT must have a separate work space of a pproximately 300 square feet, with storage for excess equipment and room for 2-4 employees to work comfortably. Would prefer this workspace to be physically separated in some fashion from other offices.
- *Server Room.* For safety reasons (e.g. floods), would want on second floor.
- *Kitchen and Eating Area.* Require a 300 square foot kitchen/eating area serving the offices. This area should include a sink, dishwasher, refrigerator, microwave, etc.
- *Copy Room.* Require a copy/office supply room of about 150 square feet.
- *Men's and Women's Washrooms.* Require 1 large set of washrooms for each gender serving the offices. Assume we will require 150 square feet for each bathroom (or, alternatively, could do 2 smaller washrooms for each of men and women).
- *Janitor's Closet.* 1 janitor's closet of approximately 100 square feet for equipment and supply storage.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Player Shoot Room.* For 3 to 4 weeks of Spring Training we require a room in which to be able to shoot audio / visual footage of players (e.g. throwing, jumping and batting action, interviews, and other content). Room needs to be 25 feet x 40 ft (1,000 square feet) and ceiling height of at least 13 feet. *This room can be on second floor and must be physically separate from weight room (to ensure that noise and music from weight room is not heard within this space), but also needs to be relatively easily accessible to/from the Major League clubhouse.* Minimum lighting power service inside the shooting space should be 200A, 208V, 3ph with local disconnect and cam-lok J series connectors or equivalent. Should have acoustical tiles on the ceiling. Air conditioning for this space should have acoustical dampers, and a local thermostat control so it can be turned off during filming to ensure fan-coil cannot be heard. Outside of Spring Training, may want to repurpose the room as overflow meeting space, so it would be good to have means to divide room in two (and could include movable tables on wheels, etc.)

Major League Operations Offices

- *Covered Office Balcony with Field View.* Require an office balcony with roof and view of closest Major League field(s) and, potentially, some of the gang mounds (depends on final site layout).
- *Reception and office spaces:*
 - 2 "double" (i.e. larger than standard) private offices (each of approximately 250 square feet) with balcony access and room for desk and small table for small meetings
 - Reception area of approximately 250 square feet near at least 2 of the "double" offices
 - 7 "single" private offices with or without balcony access (150 square feet each)
 - 3 "single" private offices with or without balcony access (100 square feet each)
 - 1 large "open" (aka "bullpen") office space (approximately 450 - 550 square feet) (with wrap-around working counter and sufficient space for 4 desks).
 - 1 smaller "open" (aka "bullpen") space (approx. 275 square feet) without balcony access with room for 2-3 desks.

Minor League Operations Offices

- *Covered Office Balcony with Field View.* Require an office balcony with roof and view of closest Minor League field(s) and, potentially, some of the gang mounds (depends on final site layout). This would be the same balcony as the one serving the Major League offices, but probably just on a different side of the building.
- *Office Spaces.*
 - 1 "double" (i.e. larger than standard) private office (approximately 250 square feet) with balcony access and room for a main desk and small table for small meetings.
 - 3 "single" private offices with or without balcony access (150 square feet each).
 - 1 "single" private offices with or without balcony access (100 square feet each).
 - 1 large "open" (aka "bullpen") office (approximately 400 square feet) with room for 6 desks.
- *File storage room.* Require 150 square feet.

 - 1 "double" (i.e. larger than standard) private office (of approximately 250 square feet) with balcony access and room for desk and small table for small meetings.
 - 2 "single" private offices with or without balcony access (150 square feet each).

Joint Major / Minor League Clubhouse Spaces

Assumption is that all of the player and coaching-related spaces will be on the main floor of the Clubhouse building unless otherwise noted.

- **Reception.** Area of about 300 square feet or more at front entrance to serve as reception for entire clubhouse / office building. Would want it to contain some built-in display cases.
- **Blue Jays Communications Staff, Media Workspace and Related.** Require an area within which Blue Jays communications staff would work, adjacent to a media workspace and related spaces. Specifically:
 - 1 "single" private office (150 square feet each) for Blue Jays communications staff
 - 1 "single" private office (100 square feet each) for Blue Jays communications staff
 - 1 large private space for Blue Jays communications staff (approx. 300 square feet) with room for 3-4 desks.
 - Adjacent to the Blue Jays media relations staff offices, we require approximately 700 square feet of room for media members to work and eat. Although located within the building footprint, this room should be totally separated from clubhouses and main Blue Jays offices, with its own entrance / exit. Counters should line the outside of the room to provide work space (with appropriate electrical, internet and other connections). Media workspace should include small copy/supplies area (about 100 square feet of total area).
 - Require 2 interview rooms of approximately 100 square feet each, connected and immediately adjacent to the media workspace.
- **Shared Weight Room.** *The weight room will be shared by both Major and Minor League players/staff, and need to be located in close proximity to both Major and Minor League Athletic Training/Treatment areas (probably directly in between).*
 - Require 10,000 square feet of main floor interior space with rubberized flooring. Must include power and internet connections throughout weight room, camera conduits in a section, screens for programming and feedback at all workout stations (i.e. cardio), and all other necessary cabling, conduit and other infrastructure for future technological upgrades.
 - Extra high ceilings – the interior space should be at a height of at least 2 stories.
 - A 2nd floor "cardio loft" overlooking the main floor (loft should be about 700 square feet).
 - An additional dedicated rehabilitation area of approximately 1,000 square feet with training / massage tables, machines, etc. attached to the weight area
 - An additional 225 square foot (15 foot x 15 foot) secure storage room attached to the weight area (including shelving) for storage excess equipment/supplies.
 - An additional exterior space of at least 2,700 square feet (90 feet x 30 feet), separated from the main weight room by one or more a glass/clear garage doors, with field turf and an all-weather awning or roof to protect from the elements.
 - Exterior wall located within this exterior space should be steel-reinforced "medicine ball wall" (i.e. wall has to be strong enough to withstand repetitive impact from medicine balls).
 - An additional smaller outdoor storage area (adjacent to exterior workout space) of approximately 250 square feet with small lockable container for storage of exterior workout materials.

- *Shared Hydrotherapy Room.* The hydrotherapy room will be shared by both Major and Minor League players/staff, and need to be located in close proximity to both Major and Minor League Athletic Training/Treatment areas (probably directly in between). Require 1,400 square foot room with proper ventilation, plumbing, etc. Room will include at the following at minimum:
 - *Hydroworx* therapy pool system, with variable depth, underwater treadmill, and built-in cameras. This pool should be in the center of the room.
 - 4 in-ground *Hydroworx* plunge pools (2 hot, 2 cold). Two (2) plunge pools (1 each hot and cold) should be placed on either side of the therapy pool, so that Major and Minor league each has access to its own pair of plunge pools.
 - 2 *CET Team Cryospa* tubs with hot and cold functionality.
 - 2 small stainless steel tubs (for extremities). Would need to be located near water source / plumbing.
 - 2 ice machines (1 cube and 1 pellet). Again, requires water source.
 - Small bathroom area with urinal, sink and shower. Could be enclosed by curtain or partial wall.
- *Yoga Studio.* One (1) room of 800 square feet, with wooden floors and mirrors on walls for possible use as yoga studio. This room must be in proximity to and easily accessed from weight room and training areas.
- *Large, Subdivisible Multi-Purpose Room.* This room would be approximately 1,000 square feet and would have dividers to permit it to be subdivided into 2 to 4 smaller rooms (each would need its own doorway access to the hall). Intent is to have a very flexible space that can accommodate multiple needs simultaneously. On one day, there might be a large meeting. On another, one of the smaller spaces might be used for cognitive training or grappling. This large multipurpose room should also be equipped with small, wheeled tables that can be aligned to create larger tables for meetings, configured in a variety of ways or moved/removed as necessary.
- *Second, Subdivisible Multi-Purpose Room.* "Flexible" space of 1000 square feet to be used for various training, treatment and other varying needs. Should be divisible for possible use as smaller conference rooms as and when required, and should be equipped with small, wheeled tables that can be aligned for meetings or moved/removed as necessary.
- *Sports Science Lab.* Require dedicated space of approximately 700 square feet (approx. 26.5 feet x 26.5 feet) with power outlets, internet connections and conduits / wiring, for data, video, etc throughout (we anticipate having cameras installed in this space at some point). Desire is for the space to in a built-in force measurement platform (pad that measures downward force, such as from jumps).
- *Main Trainers' Locker Area.* Need locker space (approximately 825 square feet) and washroom space (approximately 275 square feet) for athletic trainers, strength and conditioning coaches, and mental performance coaches.  - Counter-top type desk with computer workstation
 - Built-in cabinets and locks
 - Wall-mounted vitals station, and
 - Wall-mounted mirror.

- *X-ray room.* Need x-ray room with properly insulated (lead) walls and door, with a total size of about 120 square feet. Should be a dedicated room and not shared with doctor or massage therapist. Should be accessible directly from both the Major and Minor League training areas. Room needs:
 - Enough space for hi-lo examination table
 - Fluoroscan or x-ray machine (provided by the team)
 - Lead walls and door
 - Counter top including lower storage.

- *Shared Video Room and Office.*
 - Require single shared Major/Minor league video room of approximately 600 square feet. Should include divider in middle of room, in case separation between Major and Minor league personnel is desired. Room should include built-in counter/cabinets around exterior of room and equipment (including video and computers, as well as connectivity and cabling). Will be used for charting and watching video. Two charting stations should be capable of controlling all cameras throughout stadium and complex, including on main field, back fields, batting cages, etc.
 - Smaller, connected office (approximately 200 square feet) to be set up as work room for Advance Scouting and other videorelated work.

- *Theatre-style Classroom.* Would like to have a theatre with fixed, banked seating capable of comfortably holding 120 persons (we anticipate that would require approximately 1,600 square feet). Space would have integrated audio/visual (screen at front, speakers, etc.) and would have desks and outlets at the seats. Initial plans should show people entering at front of room and walking up to back rows which are raised above ground level.

Clubhouse and Training Spaces for Exclusive Use of Major Leaguers

- *Major League Locker Room and Washroom.* Requirements:
 - 2,800 square foot main locker room area.
 - 80 new, high quality "permanent" lockers (with proper ventilation, integrated power outlets, etc.). Lockers should be around room exterior so that center has room for comfortable movement and with some built-in counters/tables, sunscreen station, televisions and other features. Lockers can be extra tall (like in Padres locker room in Peoria) given the extra high ceilings in the space.
 - 2 lounge areas in center of clubhouse with couches, tables, etc.
 - High ceilings (about 22 feet) with windows to allow natural light above lockers (similar to Padres locker room in Peoria, except also want to be able to darken the room when needed, which isn't possible in Peoria).
 - Additional 1,200 square foot restroom/shower area with at least 6 urinals, 6 toilets, 18 showers and 8 sinks.
 - Although doesn't have to follow a football shape, that would be fine, provided that the ends of the room are not coming to a point (making those ends unusable).

- *Janitor's Closet.* 1 janitor's closet of approximately 100 square feet for equipment and supply storage.

- *Athletic Training/Therapy Areas.* Athletic training/therapy area must adjacent to the joint hydrotherapy space in the building and weight room, with ability to view into each.

 - *Trainers' Offices.*
 - Require one (1) "single" office of about 150 square feet
 - Require larger communal office to accommodate 8-10 staff members. Likely requires a total of about 350 square feet. All Major League trainers and strength/conditioning coaches will be based in this area; as such, requires a view of the training area and easy access to the weight room. Need extensive cabinets and wraparound counter work space with ample electric outlets, internet access, etc. Would like ability to use entire walls as white board writing space.
 - *Massage therapy/chiropractic room.* Need room of approximately 150 square feet for use by team massage therapists and chiropractors.
 - Additional secure storage room of approximately 150 square feet (doesn't necessarily have to be within the central training area but should be accessible from it).

- *Coaches' Work Room.* Should be about 650 square feet with a large table in the center and work stations (counters) around the sides of the room. Must be connected to Coaches' Locker Room, and potentially Manager's Office. Should include copier and several televisions.

- *Coaches' Locker Room.* Require:
 - 900 square feet for locker room and including small lounge area within the locker room with couches, a table, etc.,

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- 30 lockers with integrated power outlets, and
 - Enough washroom space for 3 toilets, 4 urinals, 8 showers, and 4 sinks (about 450 square feet).
- *Manager's Office.* Should be about 200 square feet plus adjoining private bathroom / shower of approximately 75 square feet. Optimally, this room will connect directly to the Coaches' Work Room.
- *Family Waiting Room.* Should be about 200 square feet, with separate entrance removed from clubhouse/training facilities. Preference would be for this space to be accessed directly from the main floor reception area.
- *Staff / Executive Locker Room.* Would like to have a locker room (approx. 575 square feet) and shower/washroom space (approx. 225 square feet) for use by clubhouse staff and team executives, accommodating 30 persons/lockers. Locker area should have wooden, ventilated lockers with integrated power outlets. Washroom should have at least 2 urinals, 2 toilets, 6 showers and 3 sinks.
- *Laundry.*
 - Main room size should be about 600 square feet,
 - Four (4) commercial washers and four (4) commercial dryers,
 - One (1) residential washer, and
 - One (1) sink and large table for folding.
- *Equipment Room / Equipment Storage/ Offices.*
 - Require 2,000 square feet for equipment storage, at least partly divided, so it's really two spaces rather than one single large room. Within the 2,000 square foot area:
 - Want to devote a portion of storage space as a kind of "cage" of "subspace" that can be locked (approximately 250 square feet).
 - Want to include a pooled office area of about 150 square feet for 2 or 3 people. Should have counter built in around at least one exterior wall.
 - Require garage door/loading space to exterior of main floor equipment room – with direct access to parking lot/driveway. *Loading space for Major League equipment area needs to physically separate from the loading space for the Minor League equipment area, so that if there was load-in or load-out happening on the same day, they would not affect one another.*
 - Want the equipment area to include large accordion style shelving system on tracks (with ability to move and also to lock in place) for more efficient storage and access to equipment.
 - Require additional ball storage room of 175 square feet with shelving in the room. This room needs to have direct access to the outdoors, in a location with a convenient path to the Major League fields.
- *Travel Office.* Require office of at least 150 square feet for Director of Team Travel.
- *Commercial Grade Kitchen Space (and associated storage and service areas).* Require commercial kitchen (approximately 600 square feet) and all associated walk-in freezers, walk-in refrigerators, cooking equipment, exhaust hoods, plumbing, venting, etc. Also require attached secure storage space / pantry (approximately 250 square feet). Kitchen would obviously have to be designed to current standards and to meet the full needs of the team, however, we know that the following are important:

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- Plans need to include appropriate serving counters and stations (e.g. salad bar) that are integrated in some manner into the dining room space (which space is described below). Idea is such that the kitchen, serving and dining are all open and very much connected spaces.
- Optimally, would like to have garage door or other large access directly from the exterior of the building into the kitchen and the kitchen storage room, so that items can be loaded directly from vehicles. Would also want built-in floor to ceiling shelving in storage room.
- *Dining Room.* Require 1,100 square feet for a dining room (eating area). Must be connected to the kitchen /service counter in a functional way. Lunch room should probably occupy as space that is relatively accessible from / to the office areas of the building (as players may need to go up to the offices and/or team staff may need to come down).
 - *Nutrition area.* Want a portion of the lunch room space to include counters and cabinet space to be used as a "nutrition area", including supplements, nutrition bars, juice bar, smoothie station with blenders, etc
 - *Outdoor Eating Area.* Would like an additional outdoor patio eating area with picnic tables. Preferably this space will include some shade and be about 300 to 400 square feet. Depending on final building design, we recognize that the space may be larger than we need for this. If so, we would not want to finish the entirety of the larger space for the purpose of eating (we likely would want to leave unfinished or use for some other purpose).
- *Additional storage.* Would like to ensure that we have an additional storage space / room of approximately 250 square Major League portion of the building.

 - Locker Room 2:
 - Space for 130 permanent player lockers (medium quality) (requires approximately 3,000 square feet)
- *Minor League Player Washrooms.* There should be two (2) washroom / shower areas serving the Minor League locker area (one on each side of the large room described in the previous entry). One washroom / shower area should occupy approximately 900 square feet and the other should occupy approximately 1,300 square feet, and each should include an appropriate number of urinals, toilets, showers and sinks for the number of players using.
- *Athletic Training/Therapy Areas.* Athletic training/therapy area must be adjacent to the joint hydrotherapy space in the building and weight room, with ability to view into each.
 - Approximately 1,750 square feet of primary training space.
 - 10 hi low treatment tables included in the training space.
 - Would like to ensure there are high ceilings, making the space comfortable.
 - *Storage Space.* Would like secure storage space of at least twelve feet (18') by sixteen feet (16') (total square footage 288) with shelving.
 - *Massage therapy/chiropractic room.* Need small room of approximately 150 square feet for use by massage therapists and chiropractors.
 - *Trainers, Rehab and High Performance Offices.*
 - Require four "single" offices of about 150 square feet each (one each for Minor League trainer calls, Rehab Staff, Strength and Conditioning Staff and High Performance Staff)
 - Also require larger communal offices to accommodate 30 staff members. Can be split into 2 or 3 pooled work areas that accommodate 10 to 15 staff members each. Requires a total of about 900 square feet for all of this space. All minor league trainers and strength/conditioning coaches will be based in this area; as such, requires a view of the training area and easy access to the weight room. Need extensive cabinets and wraparound counter work space with ample electric outlets, internet access, etc. Would like ability to use entire walls as white board writing space. Would like these pooled work spaces to be roughly square, so that staff can work along edges or turn towards center for ad hoc meetings.
- *Janitor's Closet.* 1 janitor's closet of approximately 400 square feet for equipment and supply storage. This room needs a sink and hot and cold water.
- *Coaching Staff Locker Room.* Require 1,500 square foot coaching staff locker room (needs to that accommodate 70 lockers). Lockers should be ventilated and include integrated power outlets. Must also

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

include about appropriate washroom facilities of about 600 square feet. At a minimum, require 6 urinals, 6 toilets, 20 showers and 8 sinks.

- *Coaching Staff Workroom.* Require 1,000 square foot coaching staff workroom with seating for at least 60 and all necessary outlets, internet, cable wiring, etc. in order assure that each can comfortably work. Should have want built-in counter/desk around exterior of the room to maximize workstations. Also need extensive cabinets for office supplies. Would like space to include a number of smaller (around 2 feet x 3 feet) wheeled tables that we can bring together to form a large working conference table, separate out into smaller work stations, or clear out entirely for larger meetings as necessary. Room should include copier and several televisions.
- *Roving Instructor and Other Baseball Staff Offices.* Require:
 - 3 offices of about 150 square feet, and
 - 3 offices of about 100 square feet each,

for roving instructors (i.e. Field Coordinator, Pitching Coordinator and Hitting Coordinator) and other coaches (i.e. mental skills, nutritionist) with room for desk/workstation.

- *Equipment Room / Equipment Storage/ Offices.*
 - Require approximately 2,500 square feet for equipment storage, at least partly divided, so it's really two spaces rather than one single large room. Within the 2,500 square foot area:
 - Want to devote a portion of storage space as a kind of "cage" of "subspace" that can be locked.
 - Want to include a pooled office area of about 200 square feet for 3 or 4 people. Should have counter built in around at least one exterior wall.
 - Want in-wall access to equipment room (waist up) from hallway for use to pass equipment to players (so that existing access doors can be used for entrance and egress only and not for service). This in-wall access point would have a locking roll-up window (concession-style).
 - Add garage door and loading dock to equipment storage room for easy load in from exterior. *Loading space for Minor League equipment area needs to physically separate from the loading space for the Major League equipment area, so that if there was load-in or load-out happening on the same day, they would not affect one another.*
 - Want the equipment area to include large accordion-style shelving system on tracks (with ability to move and also to lock in place) for more efficient storage and access to equipment.
 - Require additional ball storage room of 225 square feet.
 - Require additional 700 square foot cart storage area/room, connected to ball storage area and main room (through a door). This cart room should have sinks, as well as tables or counters to fill and load coolers with water/ice/powerade/gatorade and rollup garage doors out to fields.
- *Laundry.*
 - Main room size should be about 600 square feet,
 - Four (4) commercial washers and four (4) commercial dryers (with necessary power hookups, water, ventilation and drainage), and
 - One (1) sink and large table for folding.

Exhibit "C" Improvements

Ver. 3.0 - As of September 9, 2016

- *Commercial Grade Kitchen Space (and associated storage and service areas).* Require kitchen, serving and storage facilities that would allow us to prepare and serve food to 200+ people in one sitting. Requires industrial/commercial appliances (walk-in freezers, walk-in refrigerators, cooking equipment, exhaust hoods, etc.), plumbing, venting, etc. Kitchen would obviously have to be designed to current standards and to meet the full needs of the team, however, we know that the following are important
 - Likely requires about 1,000 square feet for the kitchen area
 - Plans need to include appropriate serving counters and stations (e.g. salad bar) that are integrated in some manner into the dining room space (which space is described below). Idea is such that the kitchen, serving and dining are all open and very much connected spaces.
 - Require separate secured pantry/ storage room of approximately 250 square feet.
 - Optimally, would like to have garage door or other large access directly from the exterior of the building into the kitchen and the kitchen storage room, so that items can be loaded directly from vehicles. Would also want built-in floor to ceiling shelving in storage room.

- *Divisible Dining/Multi Purpose Room.* Require 3,000 square foot dining room (needs to be able to hold 225 people seated around tables). Would like the ability to sub-divide the space with partitions (so one side could be used for dining while people are having a class or large meeting on the other side). Should be wired for televisions, projector, etc.
 - *Nutrition area.* Want a portion of the dining room space to include counters and cabinet space to be used as a "nutrition area", including supplements, nutrition bars, juice bar, smoothie station with blenders, etc

- *Umpire's room.* Locker area of around 250 square feet. Must be out of the way, with direct access to fields and limited access to other clubhouse sections. Some of the specifics include:
 - 4 lockers, 4 locker chairs, and a table with 4 chairs for umpires to use for meals
 - Bathroom with 2 shower heads, 2 sinks, 1 toilet and 1 urinal (need about 180 square feet for that).

- *Additional storage.* Would like to ensure that we have an additional storage space / room of approximately 250 square feet within Minor League portion of the building

All areas of the buildings on the Dunedin Facilities designed to contain equipment or personal property, including without limitation the Concession Facilities, shall be designed in a manner to be secured for the protection of such equipment or other items of personal property. Any equipment or personal property brought into buildings on the Dunedin Facilities by the Club or any other user organization shall remain the property of the Club or user organization and shall be used only with the permission of the Club or user organization. In the event that any such use is allowed with the City's permission, the user of the equipment or personal property and the City will be responsible for any damage to the equipment or personal property so used. The City shall not otherwise be responsible for the loss or damage to any equipment or personal property on the Dunedin Facilities caused by vandalism, hazard, or other matter outside the control of the City.

SECTION 17- UTILITY COSTS

The Club shall be responsible for all utility costs to the Dunedin Facilities, save for utilities to be paid for by the City in respect of its use. The City will provide the necessary reclaimed water to the Dunedin Facilities at no cost to the Club for the reclaimed water used. Utility costs attributable to the use of the Dunedin Facilities by the City will be paid by the City. Utility costs attributable to the use of the Dunedin Facilities by other user organizations may be charged to those user organizations by the Club.

Exhibit "D"

SECTION 18- CLUB ANNUAL CONTRIBUTION

During the operation of this Exhibit "D", the Club shall make an annual contribution to the City in the amount of One Hundred Twenty Five Thousand Dollars (\$125,000.00) (the "**Special-Purpose Annual Payment**"). The Club will make payment of the Special-Purpose Annual Payment on or before September 1 of each calendar year during which this Exhibit "D is operable and the Club in fact uses the Dunedin Facilities for its Spring Training games.

The City shall maintain and separately account for the Special-Purpose Annual Payments made by the Club (the "**Special-Purpose Annual Payment Account**"). The designation and establishment of the Special-Purpose Annual Payment Account in and by this Exhibit "D" shall not be construed to require the establishment of a completely independent, self-balancing account as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues as herein provided. The Club will, at any time, be entitled to all records regarding the status of such Special-Purpose Annual Payment Account and the information about amounts accrued therein (including interest).

Expenditures of any amounts held within the Special-Purpose Annual Payment Account may be made only for Capital Replacement (as defined in this Exhibit "D") at the Dunedin Facilities and Maintenance, subject to the Club's written approval of the specific expenditures (including the specific services, materials and contractors). Notwithstanding the foregoing, the City and the Club may mutually agree in writing to utilize certain of the amounts held in the Special-Purpose Annual Payment Account to cover soft costs associated with redeveloping and reconstructing the Dunedin Facilities (the "**Soft Costs**"). The City and the Club hereby recognize that any such uses of funds in the Special-Purpose Annual Payment Account to cover Soft Costs shall be reimbursed by project funds if and when they are secured and funded through the State of Florida and/or Pinellas County.

The Club and the City hereby agree that it is the intention of the parties that, upon the occurrence of the events described in paragraph 1.2(b)(ii) of the Agreement to which this Exhibit "D" is attached, all amounts held in the Special-Purpose Annual Payment Account be added to the Capital Replacement Fund (as defined in the Agreement to which this Exhibit "D" is attached).

In the event that the Threshold Date is not achieved and the Agreement to which this Exhibit "D" is attached is terminated pursuant to paragraph 1.2(b)(i) of such Agreement, all proceeds remaining in the Special-Purpose Annual Payment Account shall be the property of the Club and shall be returned to the Club within thirty (30) days of the Club making a written request for same. This paragraph will survive the expiry or early termination of the Agreement to which this Exhibit "D" is attached.

Exhibit "D"

SECTION 19 - NAMING RIGHTS

- a) Club Control. The City hereby grants the Club the sole and exclusive right to grant or sell naming rights to the Grant Field Facilities, the Engelbert Complex Facilities, the Stadium and any portion of any of the foregoing (collectively, the "**Nameable Properties**"). The City will not be responsible for any costs of implementing or maintaining any naming rights arrangements established by the Club hereunder; however, the City will cooperate in ensuring that any naming rights arrangement so established is respected (for example, by ensuring that any City references to a Nameable Property – including City signage and publications - are updated in accordance with such naming rights arrangements). The Club agrees to proceed with diligence to make reasonable efforts to market the naming of the Grant Field Facilities or the Stadium (in the Club's discretion). The City shall not have a veto or approval right over the name of the Nameable Properties, however, the Club agrees to keep the City reasonably apprised (subject to any obligations of confidentiality or commercially reasonable discretion during negotiations) of potential naming opportunities under consideration. In connection with the rights set forth herein, the Club may grant to Pinellas County (or one of its departments or agencies) the right to place a Pinellas County-related name on one or more of the Nameable Properties for any period of the Pre-Renovation Term.
- b) Vanech Agreement and Historic Names. In exercising its rights pursuant to the preceding subsection, the Club agrees to abide by any applicable limitations contained in the February 16, 1989 "Recreational Development Agreement" between the City and the representatives of the Estate of Louis A. Vanech. In addition, the Club agrees, subject to mutual agreement on size, materials, contents and location, to permit the City to display a plaque, sign, statue or other agreed-upon form of recognition, at (i) the Grant Field Facilities in honor of A.J. Grant, former mayor of the City, and (ii) the Engelbert Site in honor of Cecil P. Englebert, also a former mayor of the City.
- c) Annual Naming Rights Revenues. Annual Naming Rights Revenues in each calendar year of the Pre-Renovation Term, if any, shall be accounted for as follows:
- i) In the event that the Club receives more than one thousand dollars (\$1,000) of Annual Naming Rights Revenues in any particular calendar year of the Term, but less than one hundred thousand one dollars (\$100,001), the Club shall pay all of the Annual Naming Rights Revenues received by it to the City and the City shall deposit same into the Special-Purpose Annual Payment Account maintained in accordance with SECTION 18 of this Exhibit "D",
 - ii) In the event that the Club receives more than one hundred thousand one dollars (\$100,001) of Annual Naming Rights Revenues in any particular calendar year of the Pre-Renovation Term, but less than two hundred and fifty thousand and one dollars (\$250,001), the Club shall pay the following amount to the City and the City shall deposit same into the Special-Purpose Annual Payment Account maintained in accordance with SECTION 18 of this Exhibit "D": one hundred

Exhibit "D"

thousand dollars (\$100,000) plus fifty percent (50%) of the Annual Naming Rights Revenue received by the Club in excess of one hundred thousand one dollars (\$100,001), or

- iii) In the event that the Club receives more than two hundred and fifty thousand dollars (\$250,001) of Annual Naming Rights Revenues in any particular calendar year of the Pre-Renovation Term, the Club shall pay the following amount to the City and the City shall deposit same into the Special-Purpose Annual Payment Account maintained in accordance with SECTION 18 of this Exhibit "D": one hundred seventy five thousand dollars (\$175,000).

In no event will the Club be obligated to contribute greater than one hundred and seventy five thousand dollars (\$175,000) to the Special-Purpose Annual Payment Account on account of the sale of naming rights hereunder in connection with any single calendar year of the Pre-Renovation Term.

For certainty, the provisions of the third, fourth and fifth paragraphs of SECTION 18 of this Exhibit "D" shall apply to all of the amounts deposited to and held in the Special Purpose Annual Payment Account, irrespective of whether the funds were originally contributed as a result of the application of SECTION 18 or this SECTION 19.

SECTION 20 – TAX LIABILITY

The Club shall be responsible for all sales taxes, intangible taxes, license taxes, and all other taxes or fees directly arising from or attributable to the Club's use of the Dunedin Facilities, whether payable to the City or to other governmental agencies. The parties will each be responsible for payment of one-half (1/2) of the ad valorem taxes on the Dunedin Facilities (net of City taxes) as is otherwise set forth in Section 3 of this Exhibit "D" to a maximum of \$25,000 per year per party. In the event that the annual ad valorem taxes payable on the Dunedin Facilities are in excess of \$50,000 despite the best efforts of the parties to reduce them to that amount, the parties will meet together in good faith to reasonably resolve operational matters to attempt to reduce the payment of the additional ad valorem taxes.

Exhibit "D"

SECTION 21 - INDEMNITIES

a) Club Indemnity. The Club will from time to time and at all times hereafter save, defend and keep harmless and fully indemnify the City and its respective officers, employees and agents, of, from and against all damages, losses, costs, charges, liabilities, obligations and expenses, including without limitation reasonable legal fees and disbursements, (collectively, the "Costs") which may be sustained, incurred or paid by any of them by reason or on account or arising out of any act or omission by the Club or its respective officers, employees, agents or those from whom the Club is in law responsible in connection with the use by the Club of the Dunedin Facilities; provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the City or its respective officers, employees, agents or those for whom the City is at law responsible (whether by reason of contributory negligence or otherwise).

b) City Indemnity. Subject as provided by law, (including Florida case law, statutes and the Florida constitution, to the extent they are applicable and specifically 768.28 F.S.) the City will from time to time and at all times hereafter save, defend and keep harmless and fully indemnify the Club and its partners and each of their directors, officers, employees and agents of, from and against all Costs which may be sustained, incurred or paid by any of them by reason or on account or arising out of any act or omission by the City or its respective officers, employees, agents or those for whom the City is at law responsible in connection with the design or construction of the Dunedin Facilities, or use of the Dunedin Facilities by the City; provided that such indemnity shall be limited by the extent to which such Costs are caused or contributed to by the Club or its respective directors, officers, employees, agents or those for whom the Club is at law responsible (whether by reason of contributory negligence or otherwise) or by other third parties.

SECTION 22 – INSURANCE

The Club shall, at its expense, keep in force during the entire period that this Exhibit "D" is operable, general liability and broad form comprehensive general liability insurance issued by a responsible insurance company and in form acceptable to the City, acting reasonably, for the protection of the City (except to the extent of the City's negligence) against all liability, judgments, costs, damages and expenses which may accrue against, be charged to, or recovered from the City by reason of damage to the property of the City or injury to or death of any person or persons arising out of use of the Dunedin Facilities by the Club, in a policy or policies in a minimum amount of a combined single limit or one million dollars (\$1,000,000.00). This liability coverage shall also contain applicable coverages for premises operations, contractual insurance, personal injury, liquor liability and broad form property damage. The Club shall also carry its own workers compensation insurance. Insurance required by the terms of this Exhibit "D" shall be evidenced to the City in the form of a Certificate of Insurance which provides that the City shall be notified at least thirty (30) days in advance of cancellation, non-renewal or diminishing coverages. The Club shall furnish to the City a new Certificate of Insurance at least fifteen (15) days prior to the renewal date of coverages. A Certificate of Insurance evidencing the insurance coverage specified herein shall be furnished to the City prior to the facilities being utilized by the Club. Notwithstanding anything contained herein, no sovereign immunity or limited

Exhibit "D"

sovereign immunity that may be imposed by law with respect to the City's liability hereunder shall serve to, or be deemed to serve to, increase, expand or add to any liability or responsibility of the Club to third parties and the Club shall not and shall not be deemed to assume or be responsible for any liability or responsibility or excess liability or responsibility for which the City would otherwise be responsible (whether hereunder or otherwise) but for any sovereign immunity or limited sovereign immunity imposed by law.

The City shall self-insure for its liability under this Exhibit "D" and shall maintain such property insurance for loss by hazard as to the insurable value of such Facilities as it maintains for other City property for its full replacement cost. The Club will provide for insurance for its property kept at the Dunedin Facilities. The Club will not be responsible for any loss or damage to properties insured against by the City except for intentional acts or negligence of the Club up to the amount of the City deductible under its insurance policies.

SECTION 23-- SUSPENSION OF EXHIBIT "D"

- a) General. In the event that the Club is prevented from using the Dunedin Facilities or any material part thereof at any time during the operation of this Exhibit "D" because of a national emergency, the United States being in a state of war, a labor dispute, the rules and regulations of MLB, the National Association of Professional Baseball Leagues Inc., the Florida State League of Professional Baseball Clubs Inc., the need or undertaking of Capital Replacements precluding use of the Dunedin Facilities or any other event beyond the reasonable control of the Club, this Exhibit "D" shall be regarded as suspended for that period without liability for damages of either party to the other. The provisions of this Exhibit "D" which are not directly affected by the Club being unable to use the Dunedin Facilities or such material part thereof shall remain in full force and effect.
- b) If the period of the suspension extends beyond eight (8) months and such arises by reason of a state of war within the United States or a non-baseball labor dispute, the Club shall be entitled to terminate this Exhibit "D" or the Agreement to which it is attached without liability to the City therefor.

During the period of such suspension, the Club shall be entitled to conduct its games and practices hereunder at alternate facilities of its choice.

SECTION 24-- CAPITAL REPLACEMENT FUND

During the operation of this Exhibit "D", the City shall maintain a fund for the purpose of Capital Replacement expenditures which shall be known as the Capital Replacement Fund (the "**Fund**"). This Fund shall be used solely for Capital Replacement expenditures and shall be initially funded to an amount of \$250,000 or such greater amount as agreed upon between the parties. Capital Replacements shall be undertaken by the City as and when required, without cost or expense to the Club as to the funding for such Capital Replacements. The City will be responsible for all capital replacement costs in respect of

Exhibit "D"

the Dunedin Facilities notwithstanding any funding or changes in funding to the Capital Replacement Fund.

The Fund shall be funded from the following sources:

- (a) The amounts held in the Fund on the effective date of the Agreement to which this Exhibit "D" is attached.
- (b) One-half (1/2) of the Concession Sharing amount paid to the City set forth in Section 8 of this Exhibit "D" until fully funded and thereafter such Concession Sharing amount will be paid to the City.
- (c) All interest accrued by such Funds, which interest will stay in the Fund even though the Fund exceeds its maximum amount.

The City shall maintain the Fund and shall separately account for it. The Fund shall be in the nature of a trust fund and the Club will, at any time, be entitled to all records regarding the status of such Fund and the information about amounts accrued therein. Expenditures of such funds shall be limited to Capital Replacement at the Dunedin Facilities and shall require the joint approval of the City and the Club, not to be unreasonably withheld or delayed.

Upon the occurrence of the events described in paragraph 1.2(b)(ii) of the Agreement to which this Exhibit "D" is attached, all amounts held in the Fund will be added to the Capital Replacement Fund (as defined in the Agreement to which this Exhibit "D" is attached).

In the event that the Threshold Date is not achieved and the Agreement to which this Exhibit "D" is attached is terminated pursuant to paragraph 1.2(b)(i) of such Agreement, all proceeds remaining in the Fund will be the property of the City and may be used for any purposes as deemed appropriate by the City, free of trust.

The City shall administer the expenditures of such Funds and shall undertake and complete any Capital Replacement projects that the parties have mutually agreed upon and shall follow all normal purchasing, bidding and construction practices as in its normal course of business, unless the parties shall mutually agree to delegate some or all of a Capital Replacement Project to the Club.

SECTION 29 – DEFAULT

The occurrence of one or more of the following is an event of default:

- a) The Failure by either party to perform, observe or comply with timely, any term, representation, condition, obligation, covenant, or other provision requiring performance of that party under this Exhibit "D" and such failure is not cured within sixty (60) days after written notice, specifying the nature of such failure and requesting that it be remedied, given by the non-defaulting party to the defaulting party, unless the non-defaulting party shall agree in writing to an extension of such time prior to expiration; provided, however, if the failure stated in the notice cannot reasonably be corrected within the applicable period, no event of default shall be deemed to exist hereunder if corrective action is instituted by the defaulting party promptly upon receipt of the written notice and is diligently pursued until corrected.
- b) The dissolution or liquidation of the Club, or the filing of a voluntary or involuntary petition applicable to the Club in any proceeding for the Club's reorganization or liquidation under the provisions of the Federal Bankruptcy Code, or adjudication of the Club as bankrupt, or the appointment of a receiver of any of the Club's property, or the assignment of any of the Club's property for the benefit of its creditors, if the Club fails to lift, stay or dismiss promptly any such proceedings or any execution, garnishment or attachment that will materially and adversely impair the Club's operation.
- c) The Club abandons the Dunedin Facilities.
- d) The Club disposes of all or substantially all of its assets, other than to a permitted assignee.
- e) The filing of a voluntary or involuntary petition applicable to the Club in any proceeding for the Club's reorganization or liquidation under the provisions of the Federal Bankruptcy Code, if the Club fails to lift, stay or dismiss promptly such proceeding or similar proceedings under Canadian law.

Whenever any event of default by the Club shall have occurred and be continuing, the City may take any of the following remedial steps:

- (1) In the event of a monetary default, abandonment of the Dunedin Facilities by the Club or a wrongful termination of this Exhibit "D" by the Club, the City may reenter and take possession of the Dunedin Facilities without terminating this Exhibit "D",

Exhibit "D"

exclude the Club from possession thereof and lease or otherwise use the Dunedin Facilities for the account of the City and may require the acceleration of the annual payments as set forth above without setoff or other defense by the Club arising from the City's reentry and use of the Dunedin Facilities and such setoff or defenses of the Club are specifically waived.

- (II) Take any act or law or in equity as it may appear necessary or desirable to collect any amount to be paid by the Club hereunder when due, or to enforce any obligation or covenant or agreement of the Club under this Exhibit "D"; provided, however, no such enforcement shall include a requirement of the Club to play home Spring Training games at the Dunedin Facilities during the period that this Exhibit "D" is operable, the City's remedies in respect of any default in so playing being limited to monetary damages.

In the event that an event of default by the City shall have occurred and be continuing, the Club may institute such action against the City as the Club may deem necessary to complete performance or may perform the City's obligations hereunder and deduct the cost of so doing from payments required to be made hereunder to the City; provided, however that no such action shall seek to impose, or impose, any pecuniary liability upon the City, or any personal or pecuniary liability upon any member of the City Commission, employee, attorney or contractual representative of the City and any such claim, legal right or cause of action is specifically waived and foregone hereby.

No delay or omission to exercise any right or power accruing upon any event of default shall impair any right or power or shall be construed to be a waiver thereof by any such right or power may be exercised from time to time and as often as may be deemed expedient.

In the event either party shall default under any of the provisions of this Exhibit "D" and the other party should employ attorneys or incur other expenses for the collection of any amount due hereunder or the enforcement of performance or observance of any obligation or agreement herein contained, the non-breaching party if successful in such proceedings, shall be entitled to recover from the breaching party the reasonable fees of such attorneys and such other expenses so incurred.

In the event any agreement contained in this Exhibit "D" should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Except as limited by applicable law or this paragraph, no remedy conferred upon or reserved to the parties is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and in addition to any other remedy given under this Exhibit "D" or now hereafter existing at law or in equity or by statute.

SECTION 30 – SECTION RESERVED

Exhibit "D"

SECTION 31- FORCE MAJEURE

Neither party shall be liable for any loss or damage sustained by the other party, nor shall either party be considered in default for any event occurring or failing to occur or any state of facts existing as a result of any delay in performance or noncompliance of any provision of this Exhibit "D" that results from an action, event, omission or cause beyond its reasonable control and without its fault or negligence, including but not limited to civil commotion, riots, wars, fires, explosions, floods, earthquakes, wind or hurricane damage, embargos, or actions of civil or military authority.
