## AGENCY MISSION AND GOALS

---

### JUSTICE ADMINISTRATIVE COMMISSION

**Mission:** *Provide Superior Services*

*To support the entities we serve and Florida's judicial system with fiscal controls, best practices, and exemplary service.*

*The Justice Administrative Commission (JAC) administratively serves the judicial-related offices (JROs) of State Attorney, Public Defender, Criminal Conflict and Civil Regional Counsel, Capital Collateral Regional Counsel, and the Statewide Guardian ad Litem Program. The JAC also performs compliance and financial review of court-appointed attorney and due process vendor bills.*

**Priority #1 Goal:**

*Provide quality administrative services.*

### STATEWIDE GUARDIAN AD LITEM

**Mission:**

To provide the most vulnerable children in Florida with an adult from their community who will be a consistent, positive presence in the child's life as part of a multi-disciplinary team that may include trained volunteers, pro bono attorneys, staff attorneys, and child welfare professionals providing the highest quality community advocacy and legal representation to protect each child's rights and best interests. To provide dependency judges with thorough and accurate information regarding the children under the court's jurisdiction.

**Goals:**

- 1. To provide a guardian ad litem to represent all abused, abandoned and neglected children in court and to advocate for their best interests, including their legal interests.*
- 2. To conduct an independent investigation of a child's circumstances, provide reports and recommendations to the court on the child's best interests, and give the child a voice in court.*
- 3. To recruit, train and support community volunteers and pro bono attorneys who advocate for children as part of GAL's multi-disciplinary teams and serve as a consistent, positive adult presence in the child's life.*

---

## AGENCY MISSION AND GOALS

---

### STATE ATTORNEY

**Mission:** *Seeking Justice for Florida*

*"The prosecutor is the representative, not of an ordinary party in a controversy, but of sovereignty whose obligation to govern impartially is as compelling as its obligation to govern at all; and whose interest, therefore, in a criminal prosecution is not that it win a case, but that justice shall be done."*

*Justice Southerland  
Berger vs U.S. 295 U.S. 78 (1935)*

**Priority #1 Goal:**

*To pursue justice through prosecution of all criminal cases presented to the State Attorney over the next five years in an effective, efficient and timely manner.*

**Priority #2 Goal:**

*To recruit and retain qualified and experienced Assistant State Attorneys to handle the increased caseloads and sophisticated prosecutions on behalf of the people of the State of Florida.*

### PUBLIC DEFENDER

**Mission:** *Protect the rights of the indigent accused under the United States Constitution, Florida Constitution, and fulfill obligations and responsibilities under Chapters 27, 394, and 985, Florida Statutes; the Criminal, Juvenile, and Appellate Rules of Procedure; and the Florida Rules of Professional Conduct.*

**Priority #1 Goal:**

*Provide fair and equitable salaries and benefits for employees to improve retention, reduce attorney turnover, and ensure continuity of legal representation.*

**Priority #2 Goal:**

*Establish standard caseloads for felony attorneys at 200 cases per year, misdemeanor attorneys at 400 cases per year, and juvenile attorneys at 250 cases per year.*

### PUBLIC DEFENDER APPELLATE

**Mission:** *Protect the rights of the indigent accused under the United States Constitution, Florida Constitution, and fulfill obligations and responsibilities under Chapters 27, 394, and 985, Florida Statutes; the Criminal, Juvenile, and Appellate Rules of Procedure; and the Florida Rules of Professional Conduct.*

---

## AGENCY MISSION AND GOALS

---

### **PUBLIC DEFENDER APPELLATE**

**Priority #1 Goal:**

*Provide fair and equitable salaries and benefits for employees to improve retention, reduce turnover, and ensure continuity of legal representation.*

**Priority #2 Goal:**

*Establish reasonable caseloads for appellate attorneys and process appeals in a timely manner.*

### **CAPITAL COLLATERAL REGIONAL COUNSEL**

*Capital Collateral Regional Counsel (CCRC) Purpose: To provide legal representation for individuals who have received the death penalty and for whom state laws provide post-conviction reviews of their judgement of conviction and sentences.*

**Mission:** *Assure capital justice*

*Chapter 27 Part IV, Florida Statutes and Rules 3.851 and 3.852 of the Florida Rules of Criminal Procedure govern the CCRC's responsibility for collecting and analyzing public records of all assigned post death penalty conviction cases, investigating each case, and providing legal representation within state and federal courts performing postconviction review.*

**Goal:**

*To assure justice prevails, on a timely basis, by providing competent legal representation and a fair hearing during state and federal court postconviction review processes.*

### **OFFICES OF CRIMINAL CONFLICT AND CIVIL REGIONAL COUNSELS (OCCRC)**

**Mission:** *Protect constitutional and statutory rights in a cost-effective manner.*

**Priority #1 Goal:**

*To ensure cases are processed in a timely and cost-effective manner.*

---

## AGENCY OBJECTIVES

---

### JUSTICE ADMINISTRATIVE COMMISSION

**Goal 1 Objective 1:**

*Accurately and efficiently process transactions for the JAC, and, on behalf of, the 49 JROs we administratively serve.*

**Goal 1 Objective 2:**

*Review court-appointed counsel and due process vendor invoices for compliance with contractual and statutory requirements, as well as the Department of Financial Services' rules and regulations.*

### STATEWIDE GUARDIAN AD LITEM

**Priority #1 Goal:**

*To provide effective independent advocacy and legal representation for every child subject to the jurisdiction of Florida's dependency court.*

**Priority #2 Goal:**

*Advocate for improved outcomes, including timely permanency, for Florida's abused, abandoned, and neglected children.*

**Priority #3 Goal:**

*Recruit and train volunteer advocates for children from the community and legal profession.*

### STATE ATTORNEY

**Goal 1 Objective:**

*Maximize the number and percentage of habitual and violent felony offenders who receive enhanced sentences.*

**Goal 2 Objective:**

*Reduce Assistant State Attorney turnover rate by increasing entry-level and mid-level salaries.*

---

## AGENCY OBJECTIVES

---

### **PUBLIC DEFENDER**

#### **Goals 1 & 2 Objective:**

*Provide quality representation to all appointed clients and thereby protect the constitutional and statutory rights of all citizens.*

### **PUBLIC DEFENDER APPELLATE**

#### **Goals 1 & 2 Objective:**

*Provide quality representation to all appointed clients and thereby protect the constitutional and statutory rights of all citizens.*

### **CAPITAL COLLATERAL REGIONAL COUNSEL (CCRC)**

#### **Goal 1 Objective:**

*To competently achieve the completion of death penalty postconviction review by state and federal courts.*

### **OFFICES OF CRIMINAL CONFLICT AND CIVIL REGIONAL COUNSELS (OCCRC)**

#### **Goal 1 Objective:**

*Appeals: File initial appellate briefs within 30 days of receipt of record.*

*Criminal: Close misdemeanor cases within 120 days of appointment.*

*Dependency: In cases where there is either an adjudication or a withhold of adjudication, file a case plan to be approved by the court within 90 days of appointment.*

Explanation: The baseline number is the average of 12 months of point-in-time data, from July 1 of one year to June 30 of the next. Point-in-time monthly counts and averages of those counts do not reflect the cumulative number of children represented by the GAL Office which was 36,948 for FY 21/22. The projections above are based on a total of 26,664 children eligible for appointment as of August 31, 2022, according to data maintained by the Office of State Courts Administrator, take into account the current trend of a declining number of children in care statewide, and correlate to the projected percentages below.

**Outcome: Average percent of children represented.**

**AGENCY SERVICE OUTCOMES AND  
PERFORMANCE PROJECTION TABLES**

---

**STATEWIDE GUARDIAN AD LITEM**

Explanation: The percentages reflected in the chart above show the average proportion of children in the dependency system represented by the GAL Office as compared to the total number of children with a dependency case as identified by the Office of the State Courts Administrator. It is determined by taking an average of the number served at a point in time each month. In FY 21/22 there were an average of 29,343 children eligible for appointment of a GAL.

**Outcome: Percent of cases closed with Permanency Goal achieved.**

| <b>Baseline</b>   |                  |                  |                  |                  |                  |
|-------------------|------------------|------------------|------------------|------------------|------------------|
| <b>FY 2021/22</b> | <b>FY2023/24</b> | <b>FY2024/25</b> | <b>FY2025/26</b> | <b>FY2026/27</b> | <b>FY2027/28</b> |
| 82.3%             | 80%              | 80%              | 80%              | 80%              | 80%              |

Explanation: Under federal and Florida law, a permanency goal means a child finds a safe and stable placement through reunification with family, adoption, or a permanent guardianship arrangement. Court supervision and case management by the Department of Children and Families (DCF), Community Based Care Lead Agencies and Case Management Agencies is terminated when permanency is achieved. The GAL Office counts a case as closed with a permanency goal when an order closing the case to reunification, adoption, or permanent guardianship is entered.

**Outcome: Number of new volunteers certified as a GAL.**

| <b>Baseline</b>   |                  |                  |                  |                  |                  |

| <b>FY 2021/22</b> | <b>FY2023/24</b> | <b>FY2024/25</b> | <b>FY2025/26</b> | <b>FY2026/27</b> | <b>FY2027/28</b> |
| 1,671             | 2,043            | 2,143            | 2,243            | 2,343            | 2,443            |

Explanation: This is the cumulative number of new volunteers certified during the fiscal year.

**Outcome: Average number of active volunteers.**

| <b>Baseline</b>   |                  |                  |                  |                  |                  |
|-------------------|------------------|------------------|------------------|------------------|------------------|
| <b>FY 2021/22</b> | <b>FY2023/24</b> | <b>FY2024/25</b> | <b>FY2025/26</b> | <b>FY2026/27</b> | <b>FY2027/28</b> |
| 9,342             | 9,442            | 9,542            | 9,642            | 9,742            | 9,842            |

## LINKAGE TO GOVERNOR'S PRIORITIES

---

### **PRIORITY #1 – RESTORE AND PROTECT FLORIDA'S ENVIRONMENT**

- Continue major investments to improve water quality, quantity, and supply.
- Prioritize Everglades' restoration, and the completion of critical Everglades' restoration projects.
- Prevent fracking and offshore oil drilling to protect Florida's environment.
- Promote resiliency initiatives that harden Florida's infrastructure and protect our communities.

### **PRIORITY #2 – IMPROVE FLORIDA'S EDUCATION SYSTEM**

- Increase access to and expand options for quality educational choices, public and private, for Florida families.
- Maintain the Florida higher education system's status as number one in the nation while increasing accountability for institutions.
- Provide quality career and technical education options for Florida's students and workforce.

#### **STATEWIDE GUARDIAN AD LITEM**

*Guardian ad Litem advocacy for children includes educational advocacy for the children we represent from pre-K to post-secondary education. The GAL Office continually offers training for volunteers and staff on educational issues. Over 50% of all GAL volunteers have enhanced training that can help identify educational issues for children within the child welfare system, where many of these children struggle due to multiple moves, learning or physical disabilities and mental health issues.*

*The GAL Office is also partnering with Educate Tomorrow to allow interested GAL volunteers to learn more about how to support and mentor children aging out of foster care so they can successfully transition to post-secondary and vocational educational opportunities of their choosing.*

### **PRIORITY #3 – ECONOMIC DEVELOPMENT AND JOB CREATION**

- Focus on diversifying Florida's job market, promoting manufacturing growth, and strengthening our supply chain.
- Maintain Florida's status as a low-tax state and continue to find opportunities to reduce taxes and fees.
- Reduce existing regulations, and stop any new regulations that do not serve the public health, safety and welfare.
- Prioritize infrastructure development to meaningful projects that provide regional and statewide impact, especially focused on safety, improved mobility and reduced traffic congestion for Floridians.

#### **STATE ATTORNEYS**

**Goal #2:** *Recruiting and retaining Assistant State Attorneys to effectively and efficiently handle the heavy caseloads and sophisticated prosecutions on behalf of the people of the State of Florida.*

---

## LINKAGE TO GOVERNOR'S PRIORITIES

---

### **PUBLIC DEFENDERS**

**Goal #1:** *Provide fair and equitable salaries and benefits for employees to improve retention, reduce attorney turnover, and ensure continuity of legal representation.*

### **PUBLIC DEFENDERS APPELLATE**

**Goal #1:** *Provide fair and equitable salaries and benefits for employees to improve retention, reduce attorney turnover, and ensure continuity of legal representation.*

## **PRIORITY #4 – HEALTH CARE**

- Focus resources on continuing to combat the opioid crisis and substance abuse in general, and expand access to mental health services.
- Promote innovation in health care that reduces the cost of medical procedures and services and increases access to quality care for Floridians.
- Reduce the cost of prescription drugs through state and federal reform.
- Promote a Florida-focused approach to major issues in health care, including protecting the freedom of speech of physicians and combatting harmful medical practices against our children.

### **STATEWIDE GUARDIAN AD LITEM**

*The GAL Office offers training to its volunteers and staff on substance abuse issues, including opioid addiction and suicide awareness, makes efforts to increase awareness, and advocates for necessary services for the children we represent as well as for parents trying to reunite with their children*

## **PRIORITY #5 – PUBLIC SAFETY**

- Continue to uphold immigration law to protect our borders and communities, and remove illegal aliens from the state.
- Support local and state law enforcement's ability to investigate and prevent criminal activity.
- Develop and implement comprehensive threat assessment strategies to identify and prevent threats to the public.
- Continue efforts to enhance safety in our schools.

### **CAPITAL COLLATERAL REGIONAL COUNSELS (CCRC)**

*Public safety includes protecting Floridian's Constitutional rights to a fair, equitable and timely judicial process especially when the death penalty is involved. The CCRCs are statutorily created to provide postconviction legal services to limit the potential for any citizen to be wrongfully convicted and sentenced to death and to meet Supreme Court requirements for competent death penalty reviews. This helps the State of Florida and its judiciary system assure the public that it's United States' and Florida Constitutional protections are safe.*

### **PRIORITY #6 – PUBLIC INTEGRITY**

- Protect taxpayer resources by ensuring the faithful expenditure of public funds and return funds to taxpayers through tax relief.
- Promote greater transparency at all levels of government and promote the highest standard of ethics for state and local officials.
- Hold public officials and government employees accountable for failure to serve the public interest at all times.

#### **JUSTICE ADMINISTRATIVE COMMISSION**

**Objective 1:** *Accurately and efficiently process transactions for the JAC, and, on behalf of, the 49 judicial-related offices we administratively serve.*

**Objective 2:** *Review court-appointed counsel and due process vendor invoices for compliance with contractual and statutory requirements, as well as the Department of Financial Services' rules and regulations.*

#### **STATEWIDE GUARDIAN AD LITEM**

*The GAL Office's operations further the Governor's priorities related to public integrity by using public-private partnerships to accomplish our mission. GAL maximizes its use of public funds by recruiting and retaining volunteers from the community and legal profession to represent abused and neglected children in dependency court. In FY 21/22 volunteers worked over 282,000 hours and drove more than 1,657,000 miles in their advocacy for children. GAL's longstanding commitment to this approach has far reaching results including but not limited to:*

- *establishing linkages between vulnerable children and families and their communities that last beyond the time of court involvement;*
- *increasing accountability for child welfare partners by involving citizens in the process;*
- *providing a community perspective in court proceedings and expanded knowledge of available local resources;*
- *creating a network of citizens who volunteer time and resources for children that would otherwise be provided through taxpayer dollars; and*
- *increasing awareness of child abuse and neglect throughout Florida.*

*The GAL Office continuously adapts its efforts to recruit and retain volunteers from the community and legal profession. The Office has enhanced recruitment of members of the Florida Bar, offering expanded opportunities to advocate for children in a variety of different roles. Several of GAL's pro bono initiatives have been honored by Florida Tax Watch in recent years. The first project, Defending Best Interests, recruits attorneys to provide appellate representation when termination of parental rights or dependency cases are appealed to the state's higher courts. Working with some of Florida's best appellate lawyers, the Defending Best Interests Project has yielded thousands of hours of donated legal services to defend the best interests of children in the appeals process. A second award-winning initiative, "FAWL in Love with GAL," is a partnership with the Florida Association for Women Lawyers (FAWL), and trains and recruits attorneys to*

## TRENDS AND CONDITIONS STATEMENT

---

### **JUSTICE ADMINISTRATIVE COMMISSION**

Pursuant to s. 43.16, F.S., the Justice Administrative Commission (JAC) maintains a central state office providing administrative services and assistance to 49 judicial-related offices (JROs), including the Offices of State Attorney, Public Defender, Criminal Conflict and Civil Regional Counsel, Capital Collateral Regional Counsel, and the Statewide Guardian ad Litem Program. While the JAC administratively serves these JROs, the JAC does not supervise, direct, or control these offices.

Additionally, the JAC provides compliance and financial review of bills for services provided by private court-appointed attorneys representing indigent citizens and associated due process vendors.

The JAC priorities were determined after consulting with the JROs and related legislative actions. Over the next five years, the JAC will continue to review its priorities with our stakeholders and make modifications as necessary.

The JAC strives to maintain employees who are highly skilled, motivated, productive, and ethical. JAC's core values are exemplary service, adaptability, honesty, integrity, and diversity, as well as respectful and ethical conduct.

### **STATEWIDE GUARDIAN AD LITEM**

Chapter 39 of the Florida Statutes requires appointment of a guardian ad litem to represent all abused and neglected children in dependency court. The Statewide GAL Office uses a multi-disciplinary team where a GAL Attorney, Child Advocate Manager, and trained volunteer collaborate to represent children using a best interests model of decision-making and advocacy. This is a nationally recognized best practice which is correlated to expedited permanency and better outcomes for children and families.

The Guardian ad Litem Program was initially established in Florida in 1980 under the jurisdiction of the courts, and on January 1, 2004, the Statewide Guardian ad Litem Office was created to provide infrastructure to increase functionality and standardization among the existing programs. Section 39.8296, Florida Statutes, establishes the Statewide Office as an independent entity with oversight and responsibility for providing legal, operational and technical assistance to all guardian ad litem and attorney ad litem programs within the judicial circuits.

The GAL Office is part of a complex system of child welfare, which includes the courts, the Department of Children and Families, Community Based Care lead agencies, the Office of Criminal Conflict and Civil Regional Counsel and local case management agencies, each of which impact the operations of the others. Therefore, trends which may more directly impact one aspect of the system can affect the GAL Office's mission to represent all eligible children and to recruit and retain GAL volunteers.

---

## TRENDS AND CONDITIONS STATEMENT

---

### STATEWIDE GUARDIAN AD LITEM

Over the past several years, lengths of stay in the child welfare system have been increasing. When children stay in the system longer, their cases take longer to close and as a result, the GAL Office may not be able to take on new children coming into care. The longer children stay in the system, the greater the risk of disruptions in placements and other negative outcomes which require more intense advocacy and a greater expenditure of resources, including by GAL. Department of Children and Families statistics show that the length of time for children exiting the system has been steadily increasing and is almost eight months longer than it was in January 2014. Child Welfare Key Indicators Monthly Report – August 30, 2022. [https://www.myflfamilies.com/service-programs/child-welfare/kids/results-oriented-accountability/performanceManagement/docs/KI\\_Monthly\\_Report\\_August%202022.pdf](https://www.myflfamilies.com/service-programs/child-welfare/kids/results-oriented-accountability/performanceManagement/docs/KI_Monthly_Report_August%202022.pdf) (Last visited September 9, 2022).

Additionally, a lack of foster homes has caused children to be placed outside their home counties. When more than 35% of children are placed out of their home counties, GALs must travel farther, spend more time, and expend greater effort to provide effective, well-informed advocacy unique to each child. This negatively impacts the ability of GAL volunteers to take on additional cases. Both of these factors are affecting the number of children the GAL Office can represent.

The number of Floridians willing and able to volunteer in the last several years has been reduced. The GAL Office made significant efforts to mitigate negative impacts, for example through online training, video conference meetings and telephone contacts. The Office is also developing additional initiatives to target pro bono attorneys to serve as GALs and expanding the ways Floridians can volunteer with the GAL Office, for example through mentoring opportunities.

Despite these challenges, the GAL Office has been representing approximately 90% of eligible children statewide. The Office is continuously exploring new ways to reach additional children. Consistent with section 39.8296, the Office is working with the Department of Children and Families to draw down Title IV-E funding to increase representation of children. In the 2022 Legislative session, and with the support of Governor DeSantis, the Legislature gave legislative authority to spend these funds and established positions to hire additional employees once the funds are released by the federal government. Receipt of these funds will enable the Office to represent the remaining eligible children in the child welfare system, once necessary staff can be hired. If these funds are released during FY 22-23, the Office plans to be serving all children by FY 24-25.

While the GAL Office is pursuing federal resources to hire attorneys and Child Advocate Managers for children's representation, external trends have caused the hiring and retention of qualified staff to be a challenge for all employers, including the GAL Office. The GAL Office is working on multiple initiatives designed to stabilize our workforce and provide abused and neglected children with high quality advocacy and continuity of representation.

### **STATE ATTORNEYS**

#### **AGENCIES PRIMARY RESPONSIBILITIES AND STATUTORY AUTHORITY**

Pursuant to Article V, Section 17 of the Constitution of the State of Florida, the State Attorney is charged with being the Chief Prosecuting Officer of all criminal trial courts in his/her respective circuit and shall perform all other duties prescribed by general law. Chapter 27 and 29 of the Florida Statutes and the Florida Rules of Criminal Procedure further elaborate upon the duties of the State Attorney. The State Attorney, with the aid of appointed assistants and staff shall appear in the circuit and county courts within his/her judicial circuit and prosecute or defend on behalf of the state, all suits, applications, or motions, civil and criminal, in which the state is a party.

Consistent with and necessary to the performance of these duties is the requirement that the State Attorney provide personnel and procedures for the orderly, efficient and effective investigation, intake and processing of all felony, misdemeanor, criminal traffic, and juvenile delinquency cases referred by law enforcement, other state, county and municipal agencies and the general public. In addition, the State Attorney must provide personnel and procedures for the orderly, efficient and effective intake and processing of several statutorily mandated civil actions.

There is a State Attorney elected for each of the twenty judicial circuits. These circuits vary greatly from a population of less than 200,000 to populations of over 2,000,000. The geographic area covered by each circuit may be limited to one county or as many as seven counties with multiple offices.

#### **AGENCY PRIORITIES AND THEIR APPLICATIONS**

The State Attorneys' priorities are to pursue justice through prosecution effectively, efficiently and in a timely manner for all criminal cases presented to or investigated by the State Attorney. In addition, these priorities include representing the State of Florida efficiently and effectively in all civil suits, motions or actions in which the state is a party or civil actions which are mandated by the Florida Statutes.

### **PUBLIC DEFENDERS**

Public Defenders carry out their mission to provide legal representation of court appointed clients through the following two program areas:

**CRIMINAL TRIAL COURT** - Represent appointed clients arrested for or charged with a felony, violation of probation or community control, misdemeanor, criminal traffic offense, criminal contempt, violation of a municipal or county ordinance, and juveniles alleged to be delinquent. Provide representation in other proceedings as appointed by the court.

### **PUBLIC DEFENDERS**

CIVIL TRIAL COURT - Represent appointed clients subject to involuntary commitment under the Florida Mental Health Act or as a sexually violent predator pursuant to Chapters 394 and 916, Florida Statutes; and appointments pursuant to civil contempt.

The Public Defender's goal is to provide quality representation to all appointed clients. "Quality representation" cannot be defined or measured in wins and losses, and therefore requires performance measures that have been developed to demonstrate quality of the work in other ways (e.g., time for case resolution, cases per attorney, and attorney retention rates).

The following goals have been established in an effort to carry out the Public Defender mission.

1. Provide quality representation to all appointed clients.
2. Establish standard caseload for misdemeanor attorneys of 400 cases per year.
3. Establish standard caseload for felony attorneys of 200 cases per year.
4. Establish standard caseload for juvenile attorneys at 250 cases per year.
5. Provide equitable and fair salaries and benefits for employees to reduce employee turnover and improve retention.

### **PUBLIC DEFENDER APPELLATE**

The Public Defenders of Florida carry out their mission to provide legal representation of court appointed clients through the appellate court program.

Public Defenders protect the constitutional and statutory rights of all citizens through the effective legal representation of court appointed clients, pursuant to Chapters 27, 394, and 985, Florida Statutes; the Criminal, Juvenile, and Appellate Rules of Procedure; and the Rules of Professional Conduct.

The measures developed for this program are designed to determine the quality of the work by examining case resolution, adherence to a standardized number of cases per attorney, and attorney retention rates.

The following goals have been established in an effort to carry out the Public Defender mission.

1. Provide quality representation to all appointed clients.
2. Establish standard reasonable caseloads for appellate attorneys at 2.5 capital appeals or 40 weighted non-capital records per year.
3. Provide equitable and fair salaries and benefits for employees to reduce turnover and improve retention.

### **CAPITAL COLLATERAL REGIONAL COUNSELS**

#### **Introduction**

The CCRCs' Long Range Program Plan (LRPP) attempts to identify and analyze key issues that likely will impact CCRC operations and effectiveness during part or all of the next five fiscal years: 2023-24 through 2027-28. This analysis constitutes the foundation for annual Legislative Budget Requests and policy considerations during that period. The CCRC's LRPP focuses on three main areas including (1) Workload and other issues that impact CCRC operational standards and service results, (2) CCRC capacities to respond to internal and external issues and (3) CCRC capacities to provide timely postconviction legal representation in the state and federal courts.

The following summarizes the CCRCs' analyses.

#### **FOCUS AREA 1: MEETING STATE AND COURT SERVICE STANDARDS & EXPECTATIONS**

#### **Background:**

There are numerous factors affecting Florida's three CCRCs' (North, Middle, South) ability to meet State of Florida and United States Supreme Court standards and expectations for capital postconviction (cases already adjudicated with the sentence of death imposed) case legal representation in state and federal courts. State and federal courts, the State of Florida and Florida's citizens expect a competent final review of whether a sentence of death is legally rendered to avoid a miscarriage of justice. The state and federal courts also expect a high degree of competence to be exhibited when preparing and presenting arguments on behalf of death row inmates.

On numerous occasions, the Florida Supreme Court has expressed confidence in the CCRC model to meet standards and expectations. Capital postconviction legal training and expertise is rare among attorneys. The CCRCs have been able to hire competent attorneys and staff and provide invaluable state and federal court legal training that is difficult to acquire elsewhere. Characteristically, CCRCs annually have no substantiated BAR grievances filed against them. The quality of CCRC issue filings and presentations annually result in court decisions to release a death row inmate, grant a new trial, grant a new sentencing hearing or grant other appeals. It is important work.

Postconviction cases are assigned to CCRCs by the Florida Supreme Court pursuant to the dictates of Florida Statute 27.702(2) following their automatic review of each case pursuant to Article V Section (3)(b)10 of the Florida Constitution. The CCRCs then review all case trial records, investigate issues, interview witnesses and review legal processes associated with the conviction. Legal claims are then developed and presented in a Florida Rule of Criminal Procedure 3.851 filing in the trial court within one year of the case becoming final. CCRCs then prepare for and participate in court scheduled evidentiary hearings related to the issues. Should

---

---

### **CAPITAL COLLATERAL REGIONAL COUNSELS**

the trial court deny the postconviction claims, the case is appealed to the Florida Supreme Court. If the Florida Supreme Court affirms the denial of the defendant's 3.851 motion, the case is then appealed to the appropriate federal district court to begin Habeas Corpus litigation pursuant to Title 28 Section 2254. Federal Habeas Corpus practice is highly complex and difficult to master. Less than fifty defense attorneys in Florida are qualified to present Habeas claims in federal courts and the overwhelming majority of those attorneys have been trained at one of the CCRCs.

After a case is decided by a federal district judge, it is appealed to the Eleventh Circuit Court of Appeals and then, possibly, a Petition for Writ of Certiorari is filed in the United States Supreme Court. After a case has completed one round of postconviction appeals, the Florida Supreme Court certifies that the case is death warrant eligible. If the Governor signs a death warrant, the CCRCs normally have between 30-45 days to investigate, prepare and present to state and federal courts any new issues that may have arisen during the interim. If an issue has merit, either the Florida or U.S. Supreme Court can alter the death sentence. A final confirmation of the death sentence by both results in an execution.

Postconviction law is complicated, demanding and critical to our system of justice. Very few lawyers can meet the legal representation standards demanded by state and federal Courts. The courts have delayed and likely will delay cases in the future when these standards are not met. The most significant factor, therefore, is acquiring and retaining attorneys with capital postconviction law experience and providing training to build expertise. Most private attorneys have little or no training in preparing for and presenting cases within the state and federal court capital postconviction processes. Experienced lead/1<sup>st</sup> chair CCRC attorneys are assigned to manage cases through the postconviction process. They are teamed with a 2<sup>nd</sup> chair attorney, investigator and case support staff to complete the long process for each case. This team of individuals is critical to competently perform CCRC duties.

CCRCs face two serious issues related to retention of staff and case preparation. First, the turnover rate for 1<sup>st</sup> and 2<sup>nd</sup> chair attorneys has typically been between 30-40% across the three regional offices. It is a struggle to find experienced replacements, especially for lead/1<sup>st</sup> chair attorneys which require capital postconviction legal practice experience in state and federal courts. Very few qualified attorneys with that experience are available. It is difficult to compete with private law office salary offers to attorneys with these qualifications. Recent budget increases for salary and benefits for Public Defenders and State Attorney Offices have hampered the CCRC offices in competing for attorneys who have criminal law experience and are in a better posture to become proficient at postconviction litigation. Pursuant to Rule 3.112(k), Florida Rules of Criminal Procedure, it takes a minimum of five years in state and federal court training to qualify as a lead attorney in capital postconviction cases.

Second, the turnover rate for CCRC case investigators currently exceeds 50%. Experienced investigators are the backbone of each CCRC office. Without an adequate investigation, potential legal claims cannot be pled by attorneys. CCRC investigators have dual roles. They act as fact investigators developing potential guilt phase claims as well as mitigation specialists developing

---

## TRENDS AND CONDITIONS STATEMENT

---

### CAPITAL COLLATERAL REGIONAL COUNSELS

claims to provide reasons why a client should not have received the death penalty. A mitigation specialist is an indispensable member of the defense team throughout all capital proceedings. They possess information gathering skills and training that most lawyers simply do not have, and have the time and ability to elicit sensitive, oftentimes embarrassing, information that a client might not disclose to their attorney. A high turnover rate of investigators severely hampers the ability of the legal team to discover and process this essential information as a new investigator has to start anew to gain the trust of the client and witnesses. The United States Supreme Court has recognized that mitigation investigation is a critical part of a death penalty trial and has reversed convictions where the court determined that the investigation was inadequate. The role of a mitigation specialist is so critical that the American Bar Association also includes them in their guidelines on the defense of capital cases.

While recent salary increases have helped the CCRCs in retaining seasoned attorneys, salaries for investigators have lagged behind those of similarly situated agencies. All CCRC offices have lost experienced investigators to other agencies who offer substantially higher salaries. The loss of experienced investigators hampers the ability of the CCRCs to timely file legal claims on behalf of their clients. Without a thorough investigation into a client's background CCRC attorneys can neither provide adequate nor competent representation. The Florida Supreme Court also assigns capital postconviction cases to a Registry of private attorneys who face the same competency expectations. Unfortunately, there are numerous Registry attorneys withdrawing from postconviction legal representation which greatly affects CCRC workloads. This is another serious issue.

A second critical factor involved in meeting standards is case workload levels. Following the exacting capital postconviction process is very time consuming. There are state and national workload standards that guide consideration of the impact of workload demands on meeting competency expectations. Both standards are six cases per lead attorney. Currently, all three CCRC offices are at a 10-14 case per lead/1<sup>st</sup> chair attorney. However, a variety of situations will dramatically increase case workloads in FY 22-23 and beyond.

#### 1.1. **Recent Court Rulings** Trends & Conditions and Workload Issue

On January 12, 2016, the United States Supreme Court issued its opinion in Hurst v. Florida finding Florida's death penalty scheme unconstitutional insofar as it relied on judicial fact finding to sentence a defendant to death. In issuing its decision, the court cited its ruling in Ring v. Arizona which held that a jury, not a judge, must find the aggravating factors necessary to impose a death sentence. In response to the decision in Hurst v. Florida, the Florida legislature changed the capital sentencing statute to require juries to unanimously find the existence of one aggravating factor and recommend a sentence of death by a vote of at least 10-2.

In October 2016, the Florida Supreme Court issued its ruling in Hurst v. State holding that under state and federal law Florida juries must unanimously find aggravating factors, proven beyond a reasonable doubt, unanimously find the aggravating factors are sufficient to impose death,

---

## TRENDS AND CONDITIONS STATEMENT

---

### **CAPITAL COLLATERAL REGIONAL COUNSELS**

unanimously find that the aggravating factors outweigh the mitigating factors and unanimously recommend a sentence of death. As a result of the ruling in Hurst v. State, approximately 150 death sentenced inmates became eligible for resentencing, and the legislature again amended the death penalty sentencing statute to require a unanimous jury recommendation before imposing a sentence of death.

On January 23, 2020, a newly reconstituted Florida Supreme Court (FSC) issued its ruling in Poole v. State, receding from its 2016 ruling in Hurst v. State, except to the extent it requires a jury unanimously find the existence of a statutory aggravator beyond a reasonable doubt, such as a previous conviction for a violent felony. While the court agreed that a jury must still be unanimous in its consideration of death penalty eligibility, the Poole decision indicated that juries need not be unanimous in its consideration of whether the death penalty be imposed.

In response to the decision in Poole v. State, prosecutors sought the reinstatement of death sentences vacated by the decision in Hurst v. State, including the death sentences imposed on inmates Bessman, Okafur and Michael Jackson. In both cases, the trial courts refused to reinstate the death penalty instead of holding resentencing hearings. On November 25, 2020, the Florida Supreme Court also refused to grant the petitions and upheld the vacatur of the death sentences noting that the state had failed to appeal the trial court's reversal or ask for a recall of the mandate issued by the FSC within the applicable time frames. The decisions in Okafur and Jackson, which allowed for Hurst re-sentencings to continue, will increase CCRC workloads in the 2022-2023 fiscal year and for several fiscal years thereafter.

#### **1.2 State Attorney Postconviction Case Backlogs Trends & Conditions and Workload Issue**

In 2017, State Attorneys reported to the House Criminal Justice Committee that as of January 15, 2017, there was a backlog of three hundred thirteen (313) pending death penalty cases, sixty-six (66) of which were immediately ready for trial. The remaining backlogged cases would become ready for trial in future fiscal years. These cases are in addition to the average number of new cases that require prosecution. Those receiving death sentences will be assigned to CCRCs for postconviction review and representation.

##### **1.2.1. External Issue: Workload Impacts of State Attorney backlogged postconviction cases**

Due to court workload pressures on the State Attorneys and delays due to Covid-19, it is difficult to know how many of the 313 cases are still in the workload queue for the State Attorneys. It is very likely that some verdicts will result in assignments to the CCRCs in FY 2022-23 and beyond.

#### **1.3 Private Registry attorneys withdrawing from case representation Trends & Conditions and workload issue**

If a defendant's conviction and sentence is affirmed by the Supreme Court, the case is automatically appointed to a CCRC. If a CCRC office is unable to accept the case due to a

---

## TRENDS AND CONDITIONS STATEMENT

---

### **CAPITAL COLLATERAL REGIONAL COUNSELS**

conflict of interest, another CCRC office will be appointed. Should all the CCRC offices withdraw, a private attorney from the Registry shall be appointed by the court according to the procedures contained in Florida Statute 27.710.

In July, 2003, the CCRC - North Region was defunded as part of a pilot program designed to compare the operational efficiency and costs of the CCRC offices against the private Registry of attorneys. The defendants represented by the CCRC-North office were distributed to private attorneys throughout the state who, in some instances, continued to represent their clients even after the CCRC-North office was reopened in 2013.

In recent years, several Registry attorneys have withdrawn from providing legal representation for cases sometimes decades old and/or death warrant eligible. All these cases are reassigned to one or more CCRCs. Each case must be reviewed in its entirety by CCRC staff. The overwhelming majority of these cases have years of court filings, thousands of pages of documents and voluminous records that must be reviewed and dozens of witnesses that must be interviewed.

The trend of Registry attorneys withdrawing from cases late into the postconviction process greatly strains the capacity of CCRCs to provide adequate representation. They often occur in the Fiscal Year already budgeted without their numbers being considered in the last Legislative Budget Request. Exacerbating the problem are cases that are death warrant eligible. Recently, CCRC-North was appointed to a previous Registry case and the Governor signed a death warrant 78 days later causing a massive workload problem to review the case and prepare for final state and federal court filings. Death warrant cases can require court review within as few as 30-60 days from its issuance. The likelihood of additional Registry withdrawal cases being assigned to the CCRCs in FY 2022-23 and FY 2023-24 is substantial.

This workload related factor substantially increases pressures on CCRC attorneys and investigators especially when turnover rates are at such high levels. It is critical that CCRCs become more competitive to attract replacements.

#### **1.4 Covid-19 related casework backlogs Trends & Conditions and Workload Issue**

The Covid-19 pandemic has dramatically altered the operations of each CCRC particularly in regards to case investigations. Rule 3.851 Florida Rules of Criminal Procedure requires a fully pled postconviction motion be filed within one year of the case assignment to a CCRC or registry attorney. This requires an exhaustive investigation into the facts and circumstances of each case and a thorough review of the client's background is essential. American Bar Association standards must be met and decisions by the United States Supreme Court must be followed. Without a thorough investigation into a client's background, CCRC attorneys cannot adequately or competently represent the client.

Covid-19 necessitated each CCRC implement safety protocols and institute work from home requirements. Legal motions can be prepared at home, but completing field investigations presents

---

## TRENDS AND CONDITIONS STATEMENT

---

### **CAPITAL COLLATERAL REGIONAL COUNSELS**

an unsafe work environment for investigators. Homes must be visited and people interviewed locally and out-of-state. Travel and face-to-face witness interviews were precarious given Covid-19 transferability. During the initial stages of the Covid 19 pandemic, the Florida Supreme Court issued several orders related to the processing of cases. Most normal court functions, including trials and evidentiary hearings, were halted due to the rapid proliferation of the virus. The delays caused by Covid-19 continue to affect the postconviction process. Cases that were expected to be completed were delayed and are only now being resolved.

#### **1.4.1. External Issue: Case backlogs impacting CCRCs**

Trials were delayed, investigations hampered, timely filings became more difficult, evidentiary hearings were cancelled and backlogs continued to grow. CCRC cases were delayed going into FY 2021-22 and the delays will significantly impact workloads in FY 2022-23 and beyond.

State and federal courts reopened for hearings in August 2021. Postconviction cases do not require juries, so it will be easier to schedule and conduct them than non-postconviction delayed cases. Backlogged case hearings will begin to be scheduled in addition to new cases that require hearings. The workload on CCRC investigators, especially, will be increased to cover Covid delayed and new investigation requirements. Now that the courts are fully operational again, death penalty cases are likely a priority since Marsy's Law requires a timely processing of such cases. Others can be delayed without penalty.

Between the Hurst re-sentencings, the hundreds of backlogged death penalty cases being prosecuted, the current death penalty cases being prosecuted, new case assignments from the Florida Supreme Court, and the continued withdrawal from cases by private Registry attorneys, the CCRCs face a substantial increase in workload over the next several fiscal years. The CCRCs' high turnover rates going into FY 2022-23, especially, will be a critical issue.

### **FOCUS AREA 2 CCRC CAPACITIES TO RESPOND TO ISSUES**

#### **Background:**

North, Middle and South CCRCs have worked effectively with the Legislature and Governor's Office to assure resources are available to handle anticipated workloads, maintain office standards and meet State of Florida and state and federal courts' expectations.

LRPP Trends & Conditions analysis for FY 2022-23 and FY 2023-24 indicate there is the possibility of substantial workload issues in the CCRCs future as indicated in Focus Area 1.

Because of Covid-19, turnover and other court related issues, CCRCs are estimating higher workloads beginning in FY 2022-23 and continuing into future fiscal years.

---

## TRENDS AND CONDITIONS STATEMENT

---

### **CAPITAL COLLATERAL REGIONAL COUNSELS**

In FY 2007, the Auditor General completed an exhaustive study of CCRC operational efficiency, performance levels and comparisons with registry attorney costs to work postconviction cases. The bottom-lines (which are likely relatively similar today) were as follow:

1. Average cost per case for legal representation: \$ 15,117 (CCRC) vs. \$ 18,579 (Registry)
2. Average per hour cost for attorney time: \$ 38 (CCRC) vs. \$ 100 (Registry)
3. Average per hour cost for investigators: \$ 26 (CCRC) vs. \$ 40 (Registry)
4. Average cost per 3.851 court filing of issues: \$ 17,033 (CCRC) vs. \$ 18,359 (Registry)
5. Average cost per court evidentiary hearing on issues: \$ 7,325 (CCRC) vs. \$ 24,589 (Registry)
6. Average cost per appellate representation in courts: \$ \$ 12,237 (CCRC) vs. \$ 17,263 (Registry)

CCRCs are cost efficient and their legal representation results have satisfied state and federal courts. To achieve efficiencies, the CCRCs provide tablets to investigators to dramatically reduce the time required to take notes and develop reports plus implemented e-filing systems and advanced document scanning-storage-retrieval systems that dramatically reduce storage space requirements and significantly increase case analysis productivity.

Using advanced case management systems and cloud storage increased legal representation efficiency and effectiveness. It enhanced data/information security from mechanical breakdowns or weather-related damage. With this capacity and the additions of laptops that can perform functions traditional done on office PCs, productive work can now be done outside the office especially during this Covid-19 period.

CCRCs also engaged in remote collaboration and creating a virtual workspace by engaging in a partnership with the Microsoft enterprise suite of software. Programs such as Teams, OneDrive and SharePoint allow the workforce to seamlessly collaborate and communicate with one another in real time, operating within a virtual workplace with the same efficacy as a traditional physical office space. Teleconferencing keeps work teams coordinated and communicating clearly amongst themselves and with contracted partners.

#### **2.1 Capacity to work current and future potential workloads Trends & Conditions and Issues**

Currently, the three CCRCs, in combination, have the following positions: 37 lawyers, 22 investigators, 8 case processing staff and 9 administrative staff. As indicated previously, particularly important is retaining staff who have been well trained in a difficult area of legal practice. The CCRCs very high turnover rates makes this a serious challenge.

##### **2.1.1 Internal Issue: Retaining experienced attorneys**

Without sufficient numbers of well-trained legal staff, it is very difficult for CCRCs to maintain legal representation and timeliness standards. In FY 20-21, the CCRCs lost four lead attorneys with over 100 years' experience in capital postconviction law. Additionally, the CCRCs lost five

---

## TRENDS AND CONDITIONS STATEMENT

---

### **CAPITAL COLLATERAL REGIONAL COUNSELS**

second chair attorneys who were poised to replace the departing first chair attorneys thereby creating a critical shortage of qualified lead attorneys. Capital postconviction attorneys must not only have knowledge of the state postconviction process but also Federal Habeas Corpus procedure pursuant to Title 28 United States Code Section 2254. Very few attorneys in Florida are qualified to appear in federal court on behalf of death sentenced inmates and federal Habeas practice is regarded as one of the most complicated areas in criminal law.

Currently, CCRCs have 20 attorney positions classified as lead/1<sup>st</sup> chair and 17 attorneys that are 2<sup>nd</sup> chairs. 16 lead attorneys have more than 15 years experience and 4 have between 5 and 15 years. No lead can have less than 5 years experience. None of the 2<sup>nd</sup> chairs have more than 15 years experience. Four (4) 2<sup>nd</sup> chairs have between 5 and 15 years experience and 13 have less than 5 years experience.

The state has invested substantial funds to provide sufficient levels of training and experience in state and federal courts to enhance all their capital postconviction experience levels. These are valuable resources for the State and difficult to find outside CCRCs.

#### **2.1.2 Internal Issue: Potential workload burdens going into FY 2022-23 and beyond**

Between the Supreme Court decisions and other workload drivers discussed in Focus Area 1, the CCRCs could experience significant workload increases. In light of the Poole decision, State Attorney backlogged capital cases, reassigned private registry cases and delayed case workloads due to Covid-19, the CCRCs' workload is likely to be well above normal year to year growth. The current average of 12-13 cases assigned to each CCRC lead/1<sup>st</sup> chair attorney is double the six (6) recommended by the American Bar Association. The intensity of postconviction law combined with modest salaries necessitates respecting the impact of workload pressures on retention of valued attorneys and investigators, especially.

#### **2.1.3 Internal Issue: Too slow internet speeds affecting productivity**

With increased case workloads, pressures increase on staff to input more and more case data into cloud storage. Purchasing available increased internet speed capacities as provided by the Department of Management Services will allow the CCRCs to input case data much more efficiently, increase staff productivity capacities, and maintain acceptable levels of staff workloads.

#### **2.1.4 Internal Issue: Potential impact of budget cuts in FY 2023-24**

Going into FY 2023-24, each state funded organization must anticipate having to take a 10% budget cut from FY 2022-23 appropriated levels. This level of reduction in the CCRCs' relatively small budget would necessitate staff reductions in combination with operational cost cuts. Cuts likely would eliminate funding for two lead/1<sup>st</sup> chair attorneys, three 2<sup>nd</sup> chair attorneys, three investigators and sizable operating costs. Advances achieved in previous budgets

---

---

### CAPITAL COLLATERAL REGIONAL COUNSELS

to provide proper staffing will be lost. Fewer staff will increase workloads under normal circumstances; let alone when all the additional cases from the issues discussed previously are assigned to the CCRCs.

When CCRCs do not have the resources to work cases, the state transfers those cases to the private Registry. Every capital case must have representation by law. Therefore, there is a cost shift not a cost saving when transfers occur. Additionally, Registry costs are not constrained and typically are significantly higher than CCRC case representation costs.

### FOCUS AREA 3 CASE PROCESSING TIMELINESS

#### **Background**

The time it takes for CCRCs to properly investigate a case is affected by the ability to locate documents, interview original trial witnesses, and family members, search for other crime witnesses not involved in the original trial, interview inmates and develop investigative results for legal analysis and case preparation. The combination of records analysis and investigative information gathering, the preparation of motions and strategies for legal representation in both the state and federal courts, and the development of issues for presentation in court is required by rule to be completed in one (1) year.

Consistently, CCRCs are between 90% and 100% in compliance with court and law timeliness standards associated with filing postconviction motions, postconviction appeals, and federal habeas corpus motions on federal appeal. This indicates that CCRCs rarely miss case processing deadlines.

The **2007 Auditor General's Report** documented the total processing time for cases from the point of being assigned to the CCRC and private Registry law firms until their completion. There are three primary stages involved.

**The first stage is from the date of Florida Supreme Court assignment until all case processing is completed in the Florida Circuit Court.** During the total time (100% of it) spent on average in this stage of a case's progress through the entire system, the Auditor General validated that CCRCs only accounted for 21% of it. The rest (79%) of the time it took to complete this stage was controlled by non-CCRC parties in the court system.

**The second stage is from the beginning of the "appeals" process in the State courts until there is a court ruling on the appeal.** During the total time (100% of it) spent on average in this stage of a case's progress through the entire system, the Auditor General validated that CCRCs only accounted for 18.4% of it. The rest (81.6%) of the time it took to complete this stage was controlled by non-CCRC parties in the court system.

---

## TRENDS AND CONDITIONS STATEMENT

---

### **CAPITAL COLLATERAL REGIONAL COUNSELS**

**The third stage is from the beginning of the case processing in the Federal court system until its conclusion.** During the total time (100% of it) spent on average in this stage of a case's progress through the entire system, the Auditor General validated that CCRCs only accounted for 13.6% of it. The rest (86.4%) of the time it took to complete this stage was controlled by non-CCRC parties in the court system.

The Auditor General verified then, and it is still accurate today, that CCRCs are not delaying case progress through the state and federal court systems.

#### **Inability to progress cases due to non-CCRC delays**

The time it takes for the State and Federal courts to hear cases is a major factor affecting the time it takes for cases to progress through the judicial system. Judges set the timelines for scheduling case hearings. This can be affected by court caseloads and backlog conditions. Judges must carefully consider case issues and motions before scheduling hearings on those that have merit. It is then the responsibility of the CCRC and a prosecuting attorney to be prepared to participate in the scheduled hearing(s). At times, the court will grant hearing delays upon a legitimate request by the CCRC or prosecuting attorney. The trend in the increased timeliness of court hearings is due in part to the increased frequency of status conferences by the trial courts required under the new rules promulgated by the Florida Supreme Court. Additionally, the problem continues of death row cases represented by private attorneys being sent to the CCRCs by circuit courts for representation once they become warrant eligible. A CCRC normally has no familiarization with the case assigned and must devote more staff than average to provide as competent representation as possible in the time allowed.

### **3.1. Current operational impacts of Covid-19 in case processing through the courts Trends & Conditions and Issue**

As indicated in Focus Area 1.0, the many delays or case cancellations in the justice system due to Covid-19 are quite debilitating in regards to the CCRC's ability to meet its LRPP FY 2021-22 and FY 2022-23 state standards.

#### **3.1.1 Issue: Inability to meet CCRC case processing standards**

As indicated previously, CCRCs must submit, by law, a case's 3.851 filing to state courts within one year of assignment by the Florida Supreme Court. The Covid-19 imposed case investigation and other delays make it difficult to do as complete a filing as normally done by CCRCs. Amendments might be required after case analysis is allowed to proceed in a more normal way. For cases already having 3.851 filings, CCRCs are ready to attend evidentiary hearings to present the issues. Many hearings were canceled. Due to these cancellations, and the complications surrounding Covid-19, 2022-2023 and 2023-2024 standards are difficult to predict. The number of state and federal appellate actions also will be significantly below FY 2020-21 standards in the LRPP.

### **OFFICES OF CRIMINAL CONFLICT AND CIVIL REGIONAL COUNSELS**

The Offices of Criminal Conflict and Civil Regional Counsels (“the Office of Regional Counsel”) protect the constitutional rights of all citizens through the cost efficient and effective legal representation of court appointed clients pursuant to Chapter 27, Florida Statutes.

The Offices of Regional Counsel carries out its mission to provide legal representation of court appointed clients in four (4) specific areas:

- A. CRIMINAL TRIAL COURT** – The Office of Regional Counsel represents appointed clients arrested for or charged with a felony, violation of probation or community control, misdemeanor, criminal traffic offense, criminal contempt, violation of a municipal or county ordinance, and juveniles alleged to be delinquent when the Public Defender has declared a conflict of interest or is otherwise prohibited by law from representation. Additionally, The Office of Regional Counsel represents appointed clients seeking correction, reduction, or modification of a sentence under 3.800, Florida Rules of Criminal Procedure and appointed clients seeking post conviction relief under rule 3.850, Florida Rules of Criminal Procedure when the Public Defender has declared a conflict of interest or is otherwise prohibited by law from representation.
- B. CIVIL TRIAL COURT** – The Office of Regional Counsel represents appointed clients pursuant to Chapter 39, Florida Statutes, where a petition seeks a dependency or termination of parental rights action. The Office of Regional Counsel also represents appointed clients pursuant to Chapter 63, Florida Statutes, where a petition seeks a termination of parental rights action.
- C. CIVIL (PROBATE, GUARDIANSHIP and MENTAL HEALTH DIVISIONS) TRIAL COURT** – The Regional Counsels provide representation to:
- Clients subject to the Tuberculosis Control Act pursuant to Chapter 392, Florida Statutes
  - Clients subject to the developmental disabilities law pursuant to Chapter 393, Florida Statutes
  - Clients subject to the Florida Mental Health Act (“Baker Act”) proceedings regarding involuntary civil commitment pursuant to Chapter 394, Florida Statutes, when the public defender has a conflict
  - Clients subject to involuntary commitment under the Jimmy Ryce Act, pursuant to Chapter 394, Part 5, Florida Statutes
  - Clients subject to a Hal S. Marchman Alcohol and Other Drug Services Act of 1993 (“Marchman Act”) pursuant to Chapter 397, Florida Statutes
  - Clients subject to involuntary civil commitment and removal of civil rights pursuant to the Adjust Protective Services Act, Chapter 415, Florida Statutes
  - Clients requiring removal of disabilities of nonage pursuant to Chapter 743, Florida Statutes
  - Clients subject to involuntary civil commitment and removal of civil rights pursuant to the Florida Guardianship Law, Chapter 744, Florida Statutes
  - Children and families in need of state services pursuant to Chapter 984, Florida Statutes

### **OFFICES OF CRIMINAL CONFLICT AND CIVIL REGIONAL COUNSELS**

**D. CRIMINAL AND CIVIL APPELLATE COURTS** – The Office of Regional Counsel represents appointed clients on appeals. These appeals result from cases where the Office of Public Defender had a conflict, from cases handled by court-appointed counsel, or from cases handled by the Office of Regional Counsel at the trial court level.

The goal of the Office of Regional Counsel is to provide quality representation to all clients. Because “quality representation” cannot be defined or measured in wins and losses; therefore, the Office of Regional Counsel is proposing performance measures that are designed to determine the quality of the work in other ways.

The following goal has been established in an effort to carry out the Offices of Criminal Conflict and Civil Regional Counsels’ mission:

To ensure cases are processed in a timely and cost effective manner.

**Explanation:**

The number of cases where registry lawyers request fees above statutory caps fluctuates annually; however, court cases have not proceeded at a normal level due to the COVID-19 pandemic so requests for, and subsequently orders of, excess fees have been lower than normal. Requests and orders of excess fees are expected to exceed pre-COVID-19 levels as the backlog of cases begin moving through the judicial system.

**Explanation:**

The number of cases where the court orders fees above statutory caps fluctuates annually; however, court cases have not proceeded at a normal level due to the COVID-19 pandemic so requests for, and subsequently orders of, excess fees have been lower than normal. Requests and orders of excess fees are expected to exceed pre-COVID-19 levels as the backlog of cases begin moving through the judicial system.

**Explanation:** The approved standard is outdated and needs revision to better represent accurate standards. The number of offenses and arrests reported to the Florida Department of Law Enforcement (FDLE) are down, based on FDLE Uniform Crime Reports. This has resulted in fewer filings by the State Attorneys and fewer cases assigned to Public Defenders.

 Previous Estimate Incorrect  
 Other (Identify)

**Explanation:** The approved standard is outdated and needs revision to better represent accurate standards. The number of offenses and arrests reported to FDLE are down and fewer cases have been filed by State Attorneys, resulting in fewer clients.

**External Factors** (check all that apply):

- Resources Unavailable       Technological Problems  
 Legal/Legislative Change       Natural Disaster  
 Target Population Change       Other (Identify)  
 This Program/Service Cannot Fix The Problem  
 Current Laws Are Working Against The Agency Mission

**Explanation:** While the number of clients is less than projected, the increased complexity of cases and increased penalties for criminal offenses leaves the Public Defender's inadequately funded and staffed.

**Management Efforts to Address Differences/Problems** (check all that apply):

- Training       Technology  
 Personnel       Other (Identify)

**Recommendations:**

Public Defenders remain inadequately funded. Additional funding is needed to staff and retain attorneys.

## EXHIBIT III – ASSESSMENT OF PERFORMANCE MEASURES

**Department:** \_\_\_\_\_ Justice Administration \_\_\_\_\_  
**Program:** \_\_\_\_\_ Public Defenders \_\_\_\_\_  
**Service/Budget Entity:** Public Defenders, Circuits 1-20 \_\_\_\_\_  
**Measure:** Number of cases per attorney

**Action:**

- Performance Assessment of Outcome Measure     Revision of Measure  
 Performance Assessment of Output Measure     Deletion of Measure  
 Adjustment of GAA Performance Standards

| Approved Standard | Actual Performance Results | Difference (Over/Under) | Percentage Difference |

| <input type="checkbox"/> Previous Estimate Incorrect  |  |
| <input checked="" type="checkbox"/> Other (Identify)  |  |

**Explanation:** The number of offenses and arrests reported to FDLE are down, based on FDLE Uniform Crime Reports. This has resulted in fewer filings by the State Attorneys and fewer cases assigned to Public Defenders.

| <input type="checkbox"/> This Program/Service Cannot Fix The Problem         |   |
| <input type="checkbox"/> Current Laws Are Working Against The Agency Mission |   |

**Explanation:** The statewide drop in arrests resulted in fewer new appointments than projected. However, the number of cases per attorney are still unacceptably high. Although Public Defenders were appointed to fewer new cases and clients than projected, high attorney turnover, the increase in workload due to the Covid backlog, and suspension of speedy trial, leave the Public Defenders inadequately funded and staffed.

**Explanation:** The statewide drop in arrests resulted in fewer appointments than projected. Major reductions in number of jury trials also occurred. However, Public Defenders remain inadequately funded as a result of years of excessive caseloads combined with an increase in workload due to the backlog, suspension of speedy trial, increased complexity of cases and increased penalties for criminal offenses.

| <b>Explanation:</b> The Justice System slowed down in 2020 and 2021 due to the pandemic. Fewer cases were tried and fewer death penalty verdicts resulted in fewer case assignments to the CCRCs. Standards were approved before the pandemic occurred. Fewer cases were completed in the state and federal judicial systems during 2020-21 which resulted in many cases remaining part of CCRC workloads. CCRCs expect post pandemic case assignments to increase their number of active cases in 2022-23 and beyond. |   |                                |                              |

**Data Sources and Methodology:**

Each Public Defender Office has a different method of collecting data and caseload numbers. The Florida Public Defender Coordination Office is the data collection point for Public Defenders to submit all the collected data. The data is compiled, reviewed, and sent back to each Public Defender office to proof for accuracy. The Florida Public Defender Association (FPDA) has a standing committee charged with developing standards and implementation practices for data collection. As of yet, there is not an official adopted methodology for the association to review the accuracy of the data. However, a representative sample of cases counted and reported was recently verified for accuracy by the FPDA committee.

**Validity:** Quality assurance for each office’s data input and reporting has been a priority of the FPDA in recent years in order to provide accurate information for all stakeholders.

**Reliability:** Years of looking at the compiled data, there is very little variation by year by each circuit.

## GLOSSARY OF TERMS AND ACRONYMS

---

**Activity:** A set of transactions within a budget entity that translates inputs into outputs using resources in response to a business requirement. Sequences of activities in logical combinations form services. Unit cost information is determined using the outputs of activities.

**Actual Expenditures:** Includes prior year actual disbursements, payables and encumbrances. The payables and encumbrances are certified forward at the end of the fiscal year. They may be disbursed between July 1 and December 31 of the subsequent fiscal year. Certified forward amounts are included in the year in which the funds are committed and not shown in the year the funds are disbursed.

**Appropriation Category:** The lowest level line item of funding in the General Appropriations Act which represents a major expenditure classification of the budget entity. Within budget entities, these categories may include: salaries and benefits, other personal services (OPS), expenses, operating capital outlay, data processing services, fixed capital outlay, etc. These categories are defined within this glossary under individual listings. For a complete listing of all appropriation categories, please refer to the ACTR section in the LAS/PBS User's Manual for instructions on ordering a report.

**Baseline Data:** Indicators of a state agency's current performance level, pursuant to guidelines established by the Executive Office of the Governor in consultation with legislative appropriations and appropriate substantive committees.

**Budget Entity:** A unit or function at the lowest level to which funds are specifically appropriated in the appropriations act. "Budget entity" and "service" have the same meaning.

**D3-A:** A legislative budget request (LBR) exhibit which presents a narrative explanation and justification for each issue for the requested years.

**Demand:** The number of output units which are eligible to benefit from a service or activity.

**Estimated Expenditures:** Includes the amount estimated to be expended during the current fiscal year. These amounts will be computer generated based on the current year appropriations adjusted for vetoes and special appropriations bills.

**Fixed Capital Outlay:** Real property (land, buildings including appurtenances, fixtures and fixed equipment, structures, etc.), including additions, replacements, major repairs, and renovations to real property which materially extend its useful life or materially improve or change its functional use, and including furniture and equipment necessary to furnish and operate a new or improved facility.

**Indicator:** A single quantitative or qualitative statement that reports information about the nature of a condition, entity or activity. This term is used commonly as a synonym for the word "measure."

**Information Technology Resources:** Includes data processing-related hardware, software, services, telecommunications, supplies, personnel, facility resources, maintenance, and training.

**Input:** See Performance Measure.

**Judicial Branch:** All officers, employees, and offices of the Supreme Court, district courts of appeal, circuit courts, county courts, and the Judicial Qualifications Commission.

**LAS/PBS:** Legislative Appropriation System/Planning and Budgeting Subsystem. The statewide appropriations and budgeting system owned and maintained by the Executive Office of the Governor.

## GLOSSARY OF TERMS AND ACRONYMS

---

**Legislative Budget Commission:** A standing joint committee of the Legislature. The Commission was created to: review and approve/disapprove agency requests to amend original approved budgets; review agency spending plans; issue instructions and reports concerning zero-based budgeting; and take other actions related to the fiscal matters of the state, as authorized in statute. It is composed of 14 members appointed by the President of the Senate and by the Speaker of the House of Representatives to two-year terms, running from the organization of one Legislature to the organization of the next Legislature.

**Legislative Budget Request:** A request to the Legislature, filed pursuant to s. 216.023, Florida Statutes, or supplemental detailed requests filed with the Legislature, for the amounts of money an agency or branch of government believes will be needed to perform the functions that it is authorized, or which it is requesting authorization by law, to perform.

**Long-Range Program Plan:** A plan developed on an annual basis by each state agency that is policy-based, priority-driven, accountable, and developed through careful examination and justification of all programs and their associated costs. Each plan is developed by examining the needs of agency customers and clients and proposing programs and associated costs to address those needs based on state priorities as established by law, the agency mission, and legislative authorization. The plan provides the framework and context for preparing the legislative budget request and includes performance indicators for evaluating the impact of programs and agency performance.

**Narrative:** Justification for each service and activity is required at the program component detail level. Explanation, in many instances, will be required to provide a full understanding of how the dollar requirements were computed.

**Nonrecurring:** Expenditure or revenue which is not expected to be needed or available after the current fiscal year.

**Outcome:** See Performance Measure.

**Output:** See Performance Measure.

**Outsourcing:** Describes situations where the state retains responsibility for the service, but contracts outside of state government for its delivery. Outsourcing includes everything from contracting for minor administration tasks to contracting for major portions of activities or services which support the agency mission.

**Pass Through:** Funds the state distributes directly to other entities, e.g., local governments, without being managed by the agency distributing the funds. These funds flow through the agency's budget; however, the agency has no discretion regarding how the funds are spent, and the activities (outputs) associated with the expenditure of funds are not measured at the state level. ***NOTE: This definition of "pass through" applies ONLY for the purposes of long-range program planning.***

**Performance Ledger:** The official compilation of information about state agency performance-based programs and measures, including approved programs, approved outputs and outcomes, baseline data, approved standards for each performance measure and any approved adjustments thereto, as well as actual agency performance for each measure

**Performance Measure:** A quantitative or qualitative indicator used to assess state agency performance.

**Input** means the quantities of resources used to produce goods or services and the demand for those goods and services.

## GLOSSARY OF TERMS AND ACRONYMS

---

**Outcome** means an indicator of the actual impact or public benefit of a service.

**Output** means the actual service or product delivered by a state agency.

**Policy Area:** A grouping of related activities to meet the needs of customers or clients which reflects major statewide priorities. Policy areas summarize data at a statewide level by using the first two digits of the ten-digit LAS/PBS program component code. Data collection will sum across state agencies when using this statewide code.

**Primary Service Outcome Measure:** The service outcome measure which is approved as the performance measure that best reflects and measures the intended outcome of a service. Generally, there is only one primary service outcome measure for each agency service.

**Privatization:** Occurs when the state relinquishes its responsibility or maintains some partnership type of role in the delivery of an activity or service.

**Program:** A set of activities undertaken in accordance with a plan of action organized to realize identifiable goals based on legislative authorization (a program can consist of single or multiple services). For purposes of budget development, programs are identified in the General Appropriations Act for FY 2001-2002 by a title that begins with the word "Program." In some instances a program consists of several services, and in other cases the program has no services delineated within it; the service is the program in these cases. The LAS/PBS code is used for purposes of both program identification and service identification. "Service" is a "budget entity" for purposes of the LRPP.

**Program Purpose Statement:** A brief description of approved program responsibility and policy goals. The purpose statement relates directly to the agency mission and reflects essential services of the program needed to accomplish the agency's mission.

**Program Component:** An aggregation of generally related objectives which, because of their special character, related workload and interrelated output, can logically be considered an entity for purposes of organization, management, accounting, reporting, and budgeting.

**Reliability:** The extent to which the measuring procedure yields the same results on repeated trials and data are complete and sufficiently error free for the intended use.

**Service:** See Budget Entity.

**Standard:** The level of performance of an outcome or output.

**Validity:** The appropriateness of the measuring instrument in relation to the purpose for which it is being used.

**Unit Cost:** The average total cost of producing a single unit of output - goods and services for a specific agency activity.
