Executive Summary

In January 2014, the Board of Governors adopted the Performance-Based Funding Model. Proviso language in the General Appropriations Act directed the Board of Governors to allocate performance funds based on certain metrics. In 2015, section 1001.92, F.S. related to State University System Performance-Based Incentives was created in the implementing bill and created again in 2016 in House Bill 7029 (Ch. 2016-237, L.O.F.). In September 2016, the Board created Regulation 5.001 Performance-Based Funding. Since the implementation of the model, funding significantly increased in the first four years and remained level for five years. The legislature and Governor increased funding by \$85 million for the 2023-24 fiscal year.

Fiscal Year	State Investment	Institutional Investment	Total
2014-15	\$100,000,000	\$100,000,000	\$200,000,000
2015-16	\$150,000,000	\$250,000,000	\$400,000,000
2016-17	\$225,000,000	\$275,000,000	\$500,000,000
2017-18	\$245,000,000	\$275,000,000	\$520,000,000
2018-19 - 2022-23	\$265,000,000	\$295,000,000	\$560,000,000
2023-24	\$350,000,000	\$295,000,000	\$645,000,000

In the ten years since the Performance-Based Funding Model was implemented, Metrics 1 through 6, and 8a have shown significant improvements while the University Access Rate Metric remains consistent with Florida's population. Metrics 5 and 4, related to retention and graduation rates continue to show improvement and are nearing their strategic plan goals.

Metrics 6 and 2, related to degrees in programs of strategic emphasis and employment after graduation are also showing improvement. The statewide average for Metric 6 has surpassed the strategic plan goal.

There are two metric changes to this year's Performance-Based Funding (PBF) Model approved by the Board in November 2022. First, Metric 1, Percent of bachelor's Graduates Employed or Enrolled 1 Year after Graduation, changed the wage threshold from \$30,000 to \$40,000, the benchmarks did not change. Second, Metric 9a, Two-Year Graduation Rate for Florida College System (FCS) Associate in Arts (AA) Transfers, changed to Three-Year Graduation Rate for FCS AA Transfers, the 5-point benchmark was set at 70%. The tables below show how Metric 1 and 9a scores were impacted by the changes. PBF scores will need to be normalized for one year for universities to not be unfairly penalized.¹

below 70 points. The institution will be required to present a student success plan to the Board for consideration at the August 2023 meeting. The plan should specify activities and strategies for improving the institution’s performance metrics. If the plan is approved, NCF shall receive up to 25% of its state’s investment at the time of approval. The Board will monitor the institution’s progress on implementing the activities and strategies specified in the plan. Monitoring reports for NCF will be considered by the Board at the March 2024 meeting. If it is determined that the institution is making satisfactory progress on implementing the plan, NCF shall receive up to the balance of 50% of their state’s investment. If the institution fails to make satisfactory progress, NCF will not be eligible to have their amount of state’s investment restored.

Univ.	Eligible Allocation
NCF	\$2,198,026

Any state investment funds remaining shall be distributed to the top three scoring institutions based on the total number of points of the top three scoring eligible institutions. This year, there is a tie for the top 3 scores (FIU, FSU, USF and UF).

- ✓ The Performance-Based Funding Model continues to be an effective way to significantly improve goals identified in the Board’s 2025 Strategic Plan.

Performance-Based Funding Model: Allocation Methodology

- ❖ Top 3 (including ties) receive 100% of their allocation of state investment.
- ❖ Universities with a score the same or higher as the previous year receive 100% of their allocation of the state investment.
- ❖ If a university's score decreases for 2 consecutive years, the university may receive up to 100% of their allocation of the state investment after presenting/completing a student success plan:
 - The university must present a student success plan to the Board, if the plan is accepted by the Board, the university may receive up to 50% of their allocation in August
 - If goals are met, the university may receive up to the balance of their allocation of the state investment 6 months after the student success plan is presented (March)
- ❖ Universities scoring below 70 points could receive up to 50% of the state investment after presenting/completing a student success plan:
 - The university must present a student success plan to the Board, if the plan is accepted by the Board, the university may receive up to half of their allocation in August
 - If goals are met, the university may receive up to the balance of half of their allocation of the state investment 6 months after the student success plan is presented (March)
 - Any institution that fails to make satisfactory progress shall not have its 50 percent of the state's investment restored, and any state investment funds remaining shall be distributed to the top three scoring institutions (including ties) based on the total number of points of the top three scoring eligible institutions.
- ❖ The remaining 50 percent of each institution's state's investment shall be distributed to the top three scoring institutions (including ties) based on the total number of points of the top three scoring eligible institutions.

*Actual Score / Normalized Score

Drop (2 years)

If a university's score decreases for 2 consecutive years, the university may receive up to 100% of their allocation of the state investment after presenting/ completing a student success plan. No scores dropped 2 years.

Score below 70: NCF

If a university's score is lower than 70 points, the university may receive up to 50% of their allocation of the state investment after presenting/ completing a student success plan.

Watch List

If any of these universities' scores decrease again next year, the university may receive up to 100% of their allocation of the state investment after presenting/ completing a student success plan. Universities on the watch list have a drop in score for 1 year. No scores dropped this year (aside from NCF).

Top 3: FIU, FSU, UF, USF

The remaining funds of each institutions' state's investment shall be distributed to the top three scoring institutions (including ties) based on the total number of points of the top three scoring eligible institutions.
