## I. INTRODUCTION

### A. BACKGROUND

Section 112.665(1)(d), Florida Statutes, provides that the Department of Management Services (DMS) shall:

"Annually issue, by January 1, a report to the President of the Senate and the Speaker of the House of Representatives, which details division activities, findings, and recommendations concerning all governmental retirement systems. The report may include legislation proposed to carry out such recommendations..."

The DMS Division of Retirement, Bureau of Local Retirement Systems issues this annual report. This is the 43<sup>rd</sup> annual report published since the local government retirement system review function was established in 1981, pursuant to section 112.63, Florida Statutes, to ensure that local government retirement plans are funded on an actuarially sound basis.

The bureau monitors and oversees 489 local government defined benefit retirement plans, sponsored by municipalities, special districts and school boards (early retirement programs), for actuarially sound funding (127 of which are closed to new members or have frozen benefit accruals). In aggregate, the plans provide retirement, death, and/or disability benefits to 103,838 retirees, beneficiaries, Deferred Retirement Option Plan (DROP) participants and vested terminated participants. There are 89,800 active employees in municipal and special district defined benefit retirement plans. There are no active employees enrolled in school board early retirement programs. As of Sept. 30, 2023, total plan assets were valued at approximately \$45.72 billion for municipalities and special districts and at \$60.97 million for the school board early retirement programs.

The bureau's responsibilities, in addition to publishing this annual report, include the following:

- Review and comment on actuarial valuations, impact statements, and reports submitted by local governments, special districts, and school boards, in accordance with part VII of Chapter 112, Florida Statutes.
- Determine if actuarial reports are timely, complete, accurate, and based on reasonable assumptions.
- Gather and catalog data to maintain a computerized data information system on all local retirement systems.
- Receive additional actuarial disclosures required by section 112.664(1), Florida Statutes.
- Cooperate with local retirement systems on matters of mutual concern and provide technical assistance.
- Provide a fact sheet for each local government defined benefit pension plan, which shall be posted on the DMS website.

- Issue a report to the Special District Accountability Program in the Department of Commerce regarding special district pension plans and their compliance with the local government and state-administered retirement provisions, as required by section 112.665(1)(f), Florida Statutes.
- Receive a comprehensive report by Dec. 15 of each odd-numbered year from each retirement system or plan under section 112.662(4), Florida Statutes. The report must detail and review governance policies on decision-making and adherence to fiduciary standards, including exercise of shareholder rights.
- Issue a report by Jan. 15 of each odd-numbered year to the Governor, Attorney General, Chief Financial Officer, President of the Senate, and Speaker of the House of Representatives summarizing the comprehensive reports on governance policies and fiduciary standards received under section 112.662(4), Florida Statutes. In addition, the report must identify relevant trends. Incidents of non-compliance shall be reported to the Attorney General.
- Adopt reasonable rules to administer the provisions of Chapter 112, Part VII, Florida Statutes.

## B. SCOPE OF REPORT

In compliance with section 112.665, Florida Statutes, this report:

1. Details the Division of Retirement's oversight of the provisions of Chapter 112, Part VII, Florida Statutes.
2. Highlights the status of local government retirement systems.
3. Provides the inventories and retirement options of municipalities, special districts, and school boards, in addition to providing data from the bureau's computerized information system.
4. Presents information collected with respect to section 112.664(1), Florida Statutes.

## C. EXECUTIVE SUMMARY

### Status of Local Government Retirement Systems

The monitored defined benefit plans are sponsored by 244 local governments (many local governments sponsor plans for more than one employee group) and six school boards. The following charts provide data on the number of plans, employees, retirees, and financial resources for local government plans and school board plans overseen by the bureau.

#### Municipal and Special District Defined Benefit Retirement Plan As of Sept. 30, 2023

|  |                  |
|--|------------------|
| Number of Municipalities   | 200              |
| Number of Special Districts  | 44               |
| Number of Plans  | 483              |
| Total Assets (Market Value)  | \$45,715,503,390 |
| Number of Active Employees   | 89,800           |
| Number of Retirees, Beneficiaries, DROP<br>and Vested Terminated Participants <sup>1</sup> | 102,485          |
| Annual Retiree and Vested Terminated Participants Payroll                                  | \$3,463,476,565  |
| Average Annual Pension   | \$33,795         |
| Sponsor Payroll  | \$6,759,703,734  |
| Annual Required Contribution <sup>2</sup>  | \$2,302,262,480  |
| As Percent of Payroll <sup>3</sup>   | 34.06%           |

<sup>1</sup> Some pension systems purchase annuities from insurance companies at the time of an employee's retirement. Following retirement, these individuals are not reported to the bureau.

<sup>2</sup> Depending on the individual retirement system, all or some of the annual contributions could be borne by the local government sponsor, the employees or other sources (such as state disbursements through Chapter 175 or Chapter 185, Florida Statutes, for eligible firefighter and police pension plans).

<sup>3</sup> This percentage is calculated by dividing the aggregate Annual Required Contributions by the aggregate Sponsor Payrolls for all plans. The percentage of payroll actually contributed may be higher than the reported amount. This may be attributed to several contribution practices: the total required annual contribution is not normally paid in a lump sum at the beginning of a plan year, so an interest factor must be applied; sponsors often contribute the amount determined by multiplying the contribution rate and the applicable payroll; the contributions to a firefighter or police pension plan from state revenues may exceed the required annual contribution; or a plan sponsor may elect to pay in excess of the minimum requirement.

**School Board Early Retirement Programs

| Annual Required Contribution <sup>2</sup>                              | \$3,691,619  |
| As Percent of Payroll <sup>3</sup>                                     | N/A          |

<sup>1-3</sup> See page 4.

<sup>4</sup> The benefits provided by the school boards early retirement programs are available only to employees who reach age 50 and complete 25 years of service and who are not eligible for normal retirement. Several school boards further limit the age and service requirements. Included in the total amount reported are employees who currently fail, or in the future may fail, to satisfy benefit eligibility requirements. The actuarial valuation process determines the liability and cost for the employees who are, or who become, eligible for the benefit from among each applicable board's total employee population.

Florida's local government retirement plans experience varied in 2023. The number of active employees in municipal and special district defined benefit plans increased by 4.44%, and the number of retirees, beneficiaries, DROP participants, and vested terminated participants increased by 2.38%. Covered employees' payroll increased by 4.34%, and contributions made to those retirement plans increased by 9.65%. The average annual retiree pension for municipal and special district retirement plans is \$33,795. Aggregate asset values for those retirement plans decreased by 14.02% to \$45.72 billion.

Florida's school boards' early retirement programs experience also varied in 2023. There were no active employees and school board early retirement plan retirees and vested terminated participants decreased by 2.38%. The average annual retiree supplemental pension is now \$6,136. Aggregate asset values for school board plans decreased by 9.44%.

A total of 362 municipal and special district pension plans offer participants a DROP plan.

### **Data Collection**

The Data Collection section includes information on defined benefit pension plan finances, benefits, asset market value, active employee and retired membership, funding methods and assumptions, and funding ratios. This section also includes municipal, special district, and school board retirement plan inventories.

## B. NON-COMPLIANT PLANS

Section 112.63(2), Florida Statutes, requires that each plan have an actuarial valuation performed at least once every three years and that each plan must submit a copy of its valuation to DMS within 60 days of receipt from the plan actuary. Some plans have valuations prepared annually. As required by section 112.63(4), Florida Statutes, DMS reviews and comments on each plan's actuarial valuations. The actuarial data presented in this report have been compiled from the most recent actuarial valuation reports submitted to the bureau. If DMS finds that the actuarial reports are not complete, accurate, or based on reasonable assumptions, or finds that the actuarial reports otherwise materially fail to satisfy the statutory requirements, or if DMS requires additional material information to complete its review, DMS will request that the material error or reporting deficiency be corrected. If the plan does not provide the requested materials or correction within a reasonable period of time, DMS may take action to encourage compliance. DMS considers a "reasonable period of time" to be within 60 days.

Following is a list of plans that were found to have been "not state accepted" for compliance with applicable statute and rule prior to Aug. 1, 2023, and that are still "not state accepted" as of Sept. 30, 2023:

| <b><u>Sponsor</u></b> | <b><u>Plan Type</u></b> |
|-----------------------|-------------------------|
| City of Doral         | Elected Officials       |

When a plan is found to be "not state accepted," DMS informs that plan of the issues to be resolved and maintains communication at regular intervals. DMS works with the plan and sponsor to facilitate appropriate responses or corrections to the actuarial reports. Consequently, the list of non-compliant plans often changes. DMS maintains a list of "not state accepted" plans on its website that is updated quarterly. Please refer to the DMS website for the most up-to-date version of this list:

## C. CHAPTER 112.664, LAWS OF FLORIDA ACTUARIAL DISCLOSURES

Section 112.664, Florida Statutes, sets forth additional actuarial reporting requirements for Florida's local government defined benefit pension systems to disclose the value of those plans' assets and liabilities. These disclosure requirements are summarized as follows:

- Within 60 days of receipt of actuarial valuations, each plan (excluding FRS) must prepare and electronically submit in a prescribed format the following disclosures to DMS:
  - A. Annual financial statements prepared under Governmental Accounting Standards Board (GASB) Statement Nos. 67 and 68, using mortality tables used in either of the two most recently published actuarial valuations of the FRS, with appropriate adjustments for mortality improvements and plan demographics.
  - B. Annual financial statements on the same basis as in A, but using a rate-of-return assumption 200 basis points below the plan's assumed rate.
  - C. The months or years for which the current market value of assets will sustain the payment of expected retirement benefits as determined in the plan's last valuation and under A and B.
  - D. The recommended contribution to the plan as a dollar amount and percentage of payroll under the plan's last valuation and under A and B above.
- Each defined benefit retirement plan and plan sponsor (excluding FRS) must do the following:
  - A. Provide the disclosures required by this section and the funded ratio of the plan, as determined in the last actuarial valuation report, on any website containing plan sponsor budget information or plan actuarial or performance information.
  - B. Provide the following on its website:
    1. The plan's most recent financial statements and actuarial valuation, including a link to DMS's actuarial summary fact sheet for the plan.
    2. A side-by-side comparison, for the previous five years, of the plan's assumed and actual rates of return and asset allocations in the plan's investment portfolio.
    3. Any charts or graphs of the data provided in 1 or 2, as prescribed by DMS.
- Section 112.664, Florida Statutes, specifies the timeline, penalty, and procedures for determining non-compliance.
- DMS is required to include the disclosed information in this section on its actuarial plan summary fact sheets.
- A summary of that data is included in this report as Appendix H.

## **D. IMPLEMENTATION OF CHAPTER 2023-28, LAWS OF FLORIDA (HOUSE BILL 3)**

House Bill 3, entitled “Government and Corporate Activism,” was signed into law (Chapter 2023-28, Laws of Florida) on May 2, 2023, and published in section 112.662, Florida Statutes. The law requires local government retirement plans to use only pecuniary factors (i.e., factors expected to have a material effect on investment risk or return) rather than social, political, or ideological factors when deciding to invest plan assets and specifies that the interests of participants and beneficiaries may not be subordinated to other objectives.

By Dec. 15, 2023, and each odd-numbered year thereafter, section 112.662(4), Florida Statutes, requires each retirement system or plan to submit a comprehensive report on governance policies concerning vote decisions and adherence to fiduciary standards, including the exercise of shareholder rights.

By Jan. 15, 2024, and each even-numbered year thereafter, the department shall submit a report summarizing these comprehensive reports to the Governor, Attorney General, Chief Financial Officer, President of the Senate, and Speaker of the House of Representatives, and identify relevant trends. Incidents of noncompliance shall be reported to the Attorney General.

## FINANCIAL/CONTRIBUTION DATA

Appendix A captures key elements of each valuation, such as assets, unfunded liabilities, active member payroll, annual benefits payable to inactive members, annual required contributions, and contribution rates. All figures are as of the valuation date shown. Since some valuations are only prepared biennially or triennially, the data contained herein approximates current conditions rather than an exact accounting.
