VIOLENT CRIME AND DRUG CONTROL COUNCIL

*Submitted by
Florida Department of Law Enforcement*

EXECUTIVE SUMMARY

Message from Commissioner Gerald M. Bailey

The Florida Violent Crime and Drug Control Council, in partnership with state, county and local law enforcement, continues to play an integral role in supporting criminal investigations which help ensure the safety and security of Florida's citizens, visitors, property and communities. Since its inception in 1993, the Council has maintained a reputation for initiating and supporting legislation to improve the overall quality of life for Florida's citizens and visitors.

The Council oversees four individual funding categories: Violent Crime Investigations, Drug Control and Money Laundering Investigations, Criminal Gang Investigations, and Victim/Witness Protection Reimbursement. Due to budgetary constraints the Council has only funded victim/witness protection reimbursement requests since September 2008.

In 2012, the Legislature continued authorization for FDLE to utilize trust funds to support victim/witness protection reimbursement requests. The Council funded 24 victim/witness protection and relocation reimbursement requests totaling \$68,122.69 in 2012. These totals increased significantly when compared to last year's funding of only 14 victim/witness protection reimbursement requests totaling \$42,770.36. FDLE also supported the Council by monitoring the status of 12 active drug control and money laundering investigations funded by the Council prior to 2012. During 2012, FDLE was successful in closing six of the 12 active drug cases.

Overview of Funding and Council Meetings

Pursuant to Florida Statutes, the Council held two open conference meetings in January and June 2012 to address the following topics:

- Victim/Witness Protection Reimbursement cases funded;
- Active Drug Funding Reports for the July-December 2011 reporting period; and
- Active Drug Funding Reports for the January-June 2012 reporting period.

The Council's six-member Victim and Witness Protection Review Committee held five closed (telephone) conference meetings in February, June and September 2012. The Committee approved 24 reimbursement funding requests for a total of \$68,122.69.

FDLE continues to maintain the Council's website, which has proven to be a valuable source of information for the public and law enforcement community. The website contains information on Council membership, upcoming meetings, minutes and agendas from prior meetings, regional contacts, online forms and applications, and step-by-step application procedures. The website address is <http://www.fdle.state.fl.us/Content/VCDCC/Home.aspx>.

VIOLENT CRIME AND DRUG CONTROL COUNCIL

General Membership

Pursuant to Section 943.031, Florida Statutes, the Council is comprised of 14 members. 2012 FISCAL SUMMARY

Florida Statutes require all agencies awarded Council funds to complete a report on all active/open drug funded cases every six months. The completed report, which is provided to FDLE by the receiving agency, must detail the expenditure of Council funds during the reporting period. If a previously open/active case is closed during the reporting period, the agency must submit a final report and closing letter to FDLE. All unspent funds must be returned to the State of Florida. Chart 1 is a summary of the 2012 drug cases and Chart 2 summarizes 2012 victim/witness protection reimbursement activity.
