

2022 – 2023 ANNUAL REPORT

**DIVISION OF CERTIFIED PUBLIC ACCOUNTING
DIVISION OF PROFESSIONS
DIVISION OF REAL ESTATE
DIVISION OF REGULATION**

RON DESANTIS, GOVERNOR

MELANIE S. GRIFFIN, SECRETARY

Message from the Secretary

Dear Fellow Floridians,

The Department of Business and Professional Regulation (DBPR) continues in its mission to lead by example in fair, efficient and innovative regulation, while helping to ensure the health, safety and wellbeing of the citizens of our great state. It has been my honor to serve the people of Florida as DBPR Secretary since January 2022. Each year, we reflect on the accomplishments and progress that we have made, and I am honored to share this information with you in this annual report.

The motto of our agency is “License efficiently. Regulate fairly.” We take that motto to heart, and it is something we seek to achieve every day. It means taking a look at our internal processes and examining whether there’s a better way to do things. It means looking at the statutes and rules governing the professions that we regulate and proposing changes to benefit our licensees. Every day, we make sure that thousands of professionals are able to accomplish their dreams with the things that we accomplish as a department.

Together, we have created more opportunities for individuals to be licensed. The Bureau of Education and Testing worked with their testing vendor to add three correctional facilities as examination sites. Individuals working towards reentry can now take Barber and Cosmetology examinations at these facilities. The Construction Industry Licensing Board entered into three reciprocity agreements with Louisiana, North Carolina and Mississippi, allowing certain Florida licensed contractors to more readily expand their businesses into other states. We’ve also ensured an expedited licensing process for spouses of active duty members of the Armed Forces of the United States.

These are just a few examples of the accomplishments you will see in the pages ahead. We are committed to serving the people of Florida, and I appreciate the opportunity to do so. I look forward to many more improvements and accomplishments over the next fiscal year!

Respectfully,

Melanie S. Griffin

Executive Summary

This report prepared pursuant to Sections 455.204 and 455.2285, Florida Statutes, details the Department of Business and Professional Regulation's (the Department) long-range planning and monitoring process and provides statistics regarding its enforcement and discipline of the professions it regulates.

During Fiscal Year 2022-2023, the Department continued to prioritize the development of process improvements that benefit Florida's licensed professionals and consumers. Primary efforts included:

Consumer Recovery: The Florida Homeowners' Construction Recovery Fund continued its mission of aiding financially injured consumers by awarding 232 claims totaling \$4,462,646.61 in recovery payments for Fiscal Year 2022-2023.

Improvements for Licensees

- In May 2023, the Construction Industry Licensing Board voted to allow applicants to obtain Division I specialty license through the National Association of State Contractors Licensing Agencies (NASCLA) endorsement option. (Specialty Structure, Gypsum Drywall, Glass and Glazing, Marine Specialty, Tower Specialty, Building Demolition, Industrial Facility).
- The Bureau of Education and Testing and the Board of Professional Geologists worked together to launch computer-based testing examinations for professional geologists. The examination was previously administered in paper and pencil format in one centralized location, but in March 2023, was administered at 26 computer-based testing centers throughout the state.

Section One

DEPARTMENT INFORMATION

Mission

License efficiently. Regulate fairly.

Our Vision

We will make the Department and Florida great places to do business. To that end, we will invest in our employees, treat our licensees as valued customers and partners, and uphold laws that protect the public and Florida's competitive marketplace.

Our Values

Accountability

We hold ourselves to the highest standards on behalf of our customers and the public.

Innovation

We foster an environment that encourages everyone to seek ways to make the Department and Florida great places to do business without the constraints of fear of change or long held practices.

Integrity

We are fair and honest in all that we do so that our employees and customers trust our decisions.

Ownership

We embrace our responsibility to serve and see things through to resolution.

Responsiveness

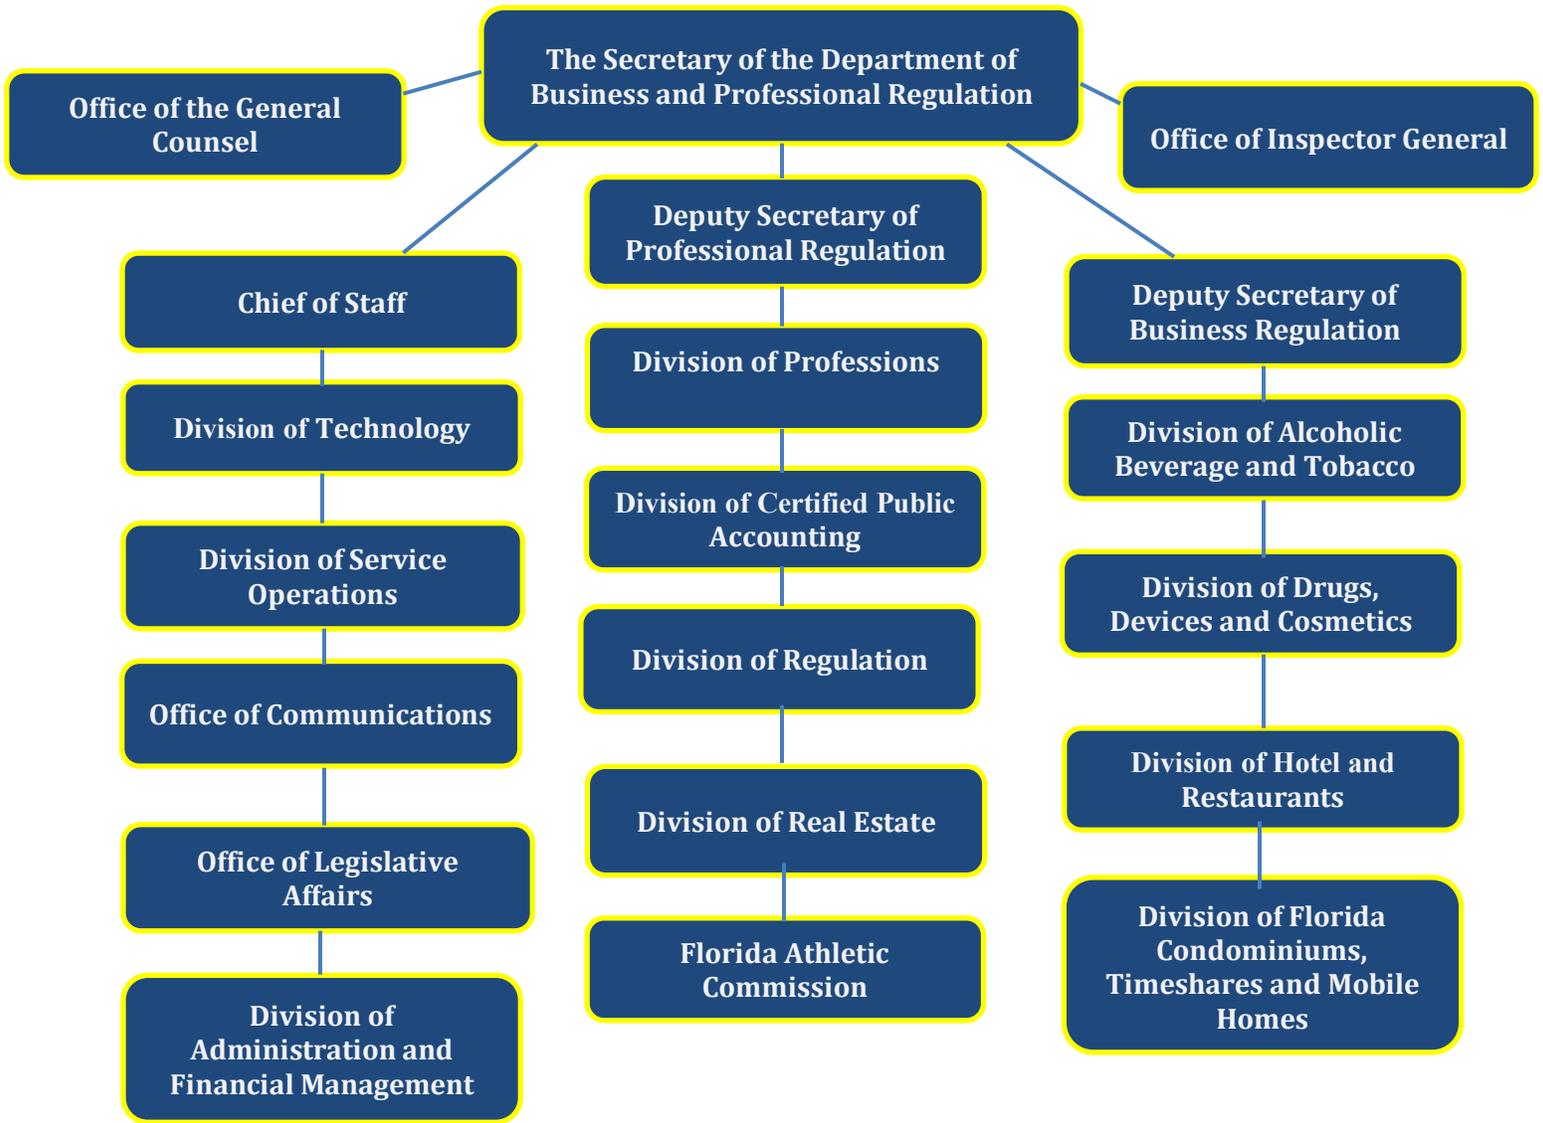

We are approachable and empathetic, we provide timely, accurate and consistent information and we offer alternative solutions when available.

Respect

We treat our employees and customers with fairness and courtesy and appreciate each person's viewpoint.

Teamwork

We understand, rely upon and cultivate the talents of our colleagues and customers to help us reach our goals.

Department Accomplishments

- At its June 2023 meeting, the Construction Industry Licensing Board voted to give the Department the authority to approve applications to qualify publicly traded entities without the responses from all officers.
- Effective January 2023, the Bureau of Education and Testing, and with Pearson Vue have worked together to add an additional correctional facility as an examination site offering Restricted Barbers examinations to the approved residents within approved correctional facilities.
- Effective May 2023, the Board of Veterinary Medicine updated rules to provide additional means to utilize electronic mediums for notification to the public regarding how to obtain copies when a practice closes or relocates.
- The Florida Building Commission completed and published several Hurricane Resistance Research projects, including a project involving updating and developing wind speed line maps for the Florida Building Code, 8th Edition (2023). As part of this project, the UF GeoPlan Center provided GIS technical assistance to all building code jurisdictions in preparing local wind speed line maps for compliance with the new 2023 update to the Florida Building Code.
- The Department of Business and Professional Regulation's Division of Professions is providing full or partial fee holidays for existing real estate licensees during their 2023 renewal periods. The fee holidays are estimated to save licensed professionals more than \$12.2 million.
- The Florida Real Estate Commission re-entered into a reciprocity agreement with Kentucky and West Virginia, making it the ninth and tenth state agreement for reciprocity throughout the United States. FREC is looking at more reciprocity agreements with other states like New York and North Carolina to enable more seamless transitions for real estate professionals from other areas of the country seeking to move and continue their business in Florida.
- Real estate examination candidates for their real estate sales, broker and instructor examination now have the option to schedule and take their remote online proctored examination in Spanish. Since South Florida has a significant Spanish-speaking population, this will allow our citizens to take a remote real estate examination without any language barriers.
- In 2022-23, the Florida Board of Accountancy implemented a mandatory continuing professional education (CPE) reporting tool for certified public accountants to report their CPE and provide proof of completion prior to licensure renewal. The July 1, 2022 to June 30, 2024, reestablishment period is the first period Florida certified public accountants will be required to report their CPE.
- The uniform CPA Examination is currently comprised of four mandatory sections. Effective January 1, 2024, the examination model is being revised. The new examination model will consist of three core parts and each exam candidate must pass one of three disciplines. An exam candidate must pass all four parts in a rolling 18-month window. In 2024, the American Institute of Certified Public Accountants and the National Association of State Board Accountancy announced they expect testing blackout periods and delays in score releases as the profession moves through the transition. In response to these challenges, the Florida Board of Accountancy passed a rule in May 2023, granting an extension to the 18-month requirement. All examination credits, expiring between January 1, 2024, and June 29, 2025, are granted an extension until June 30, 2025.

Legislative Impacts

House Bill 89

The bill makes various changes pertaining to the review and issuance of building permits and specifies the extent to which local building officials and fire safety officials may require a building permit applicant or holder to make substantive changes to building plans. Specifically, the bill prohibits a local government from making substantive changes to building plans after a permit has been issued unless such changes are required under the Florida Building Code or the Florida Fire Prevention Code. If changes are necessary, the local government must identify in writing the specific parts of the plan that do not conform to the applicable code. The bill requires a building code administrator, a plans examiner, or an inspector to notify the local government if an employee who is not a building code administrator, a plans examiner, or an inspector determines that a building plan does not comply with the Florida Building Code. The bill requires a local fire official to notify a building permit applicant of the specific reasons why building plans do not comply with the Florida Fire Prevention Code. The bill also allows a plans examiner, an inspector, a building official, or a fire safety inspector to have his or her certificate disciplined for failure to notify the appropriate person of the reasons for making or requiring substantive changes to building plans.

House Bill 213

The bill contains new and exclusive statutes of limitation and repose governing actions against appraisers or appraisal management companies. Specifically, the bill provides that an action to recover damages from an appraiser or appraisal management company must be brought within two years after the date that the alleged act is discovered, along with no more than four years after the date the appraisal services or appraisal management services were performed. The bill does not apply to any administrative proceedings initiated by the Florida Real Estate Appraisal Board or the Department of Business and Professional Regulation, and any action founded upon fraud.

House Bill 719

The bill exempts a veterinarian who has an active license in good standing in another United States jurisdiction to perform, as an unpaid volunteer (exempted unpaid volunteer), dog and cat sterilization services, and routine preventative health services at the time of such sterilization services. The bill states that an exempted unpaid volunteer must be under the responsible supervision of a Florida-licensed veterinarian, which requires control, direction, and regulation by a licensed veterinarian of the veterinary services delegated to unlicensed personnel. The bill states that the supervising licensed veterinarian is responsible for all acts performed by an exempted unpaid volunteer acting under such supervision.

House Bill 1383

The bill amends s. 163.211, F.S., relating to the preemption of occupational licensing to the state, to extend by one year, to July 1, 2024, the date that local governments may require and issue local occupation licenses, but only if such licensing was imposed by the local government before January 1, 2021. The bill requires the Construction Industry Licensing Board in the Department of Business and Professional Regulation to establish by rule, certified specialty contractor categories for voluntary licensing by July 1, 2024, as specified in the bill. Under the bill, for specified job scopes exempted from local licensing in current law, local governments are prohibited from requiring state or local licenses for work that is covered by state licensing, and from requiring a permit for such work. The bill authorizes a county that includes an area of critical state concern pursuant to s. 380.05, F.S., to offer a license for any job scope that requires a construction contracting license if the county imposed such a licensing requirement before January 1, 2021. A local government may continue to offer certain licenses, if such licensing was required before January 1, 2021.

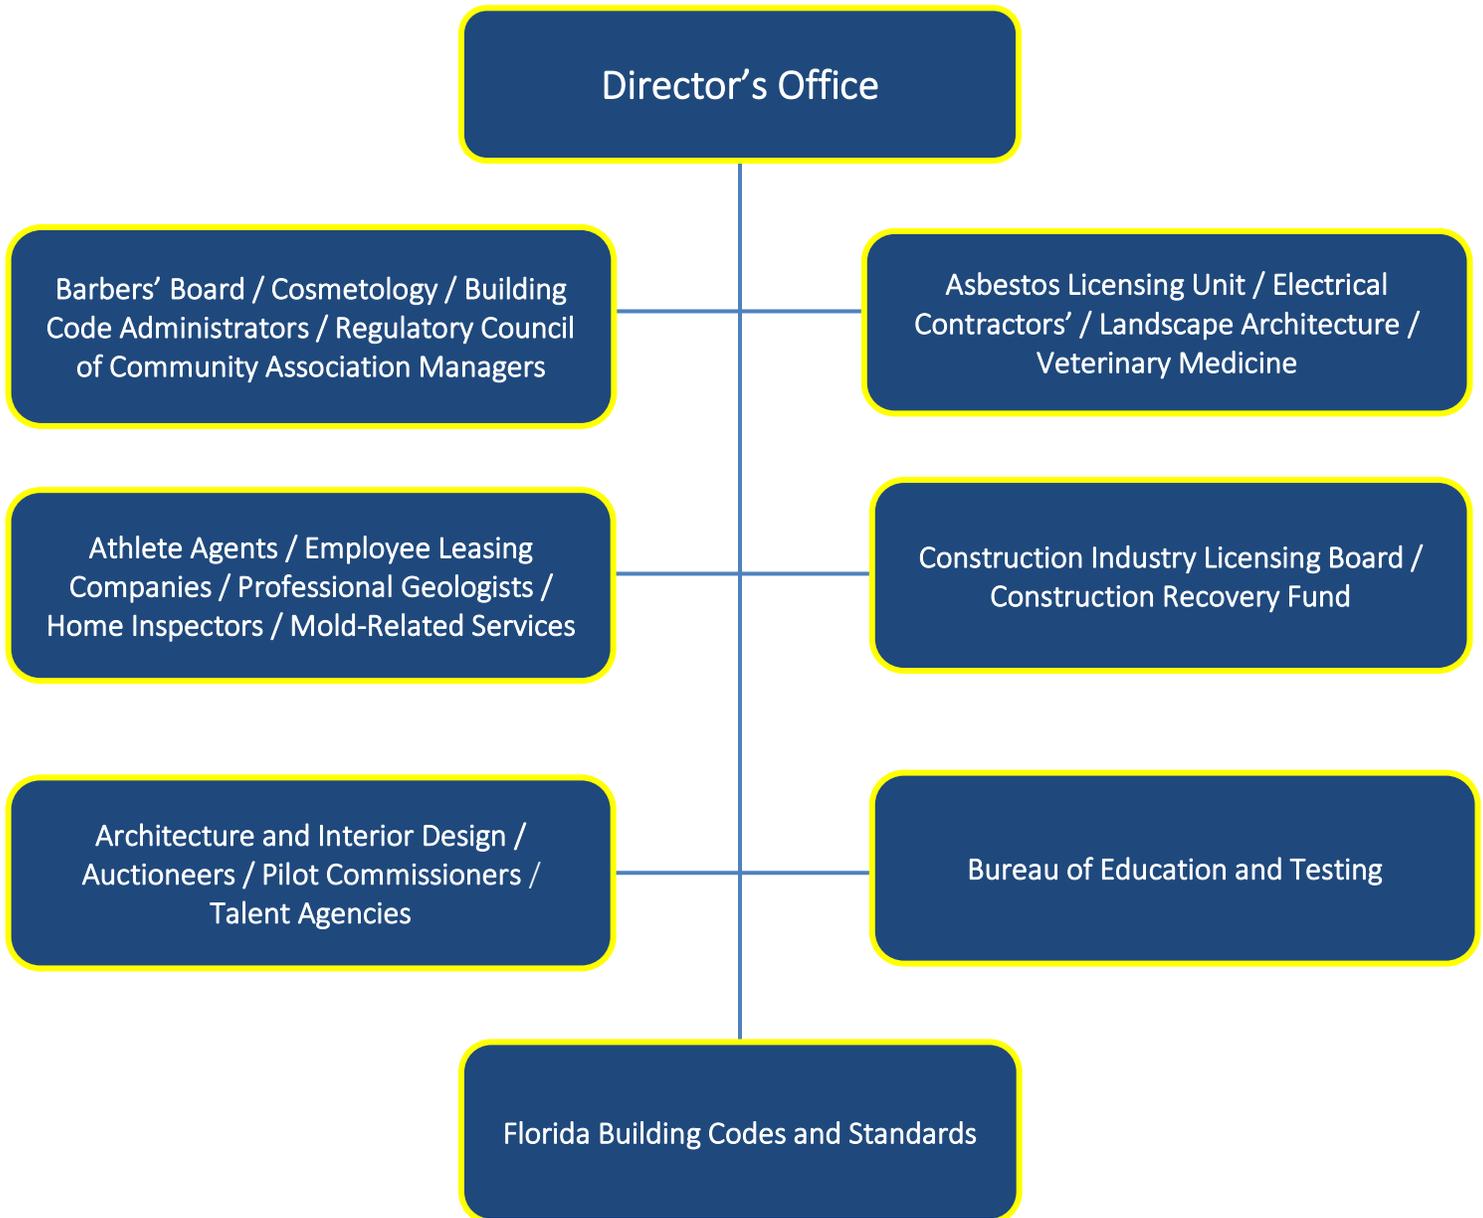

Division of Professions

The Department's Division of Professions is responsible for the licensing of approximately 503,539 professionals (see Table 1 on page 18). The Division administers 12 professional boards, one council, one commission and five Department-regulated professions. These professionals include: architects and interior designers, asbestos consultants and contractors, athlete agents, auctioneers, barbers, building code administrators and inspectors, community association managers, the construction industry, cosmetologists, electrical contractors, employee leasing companies, geologists, harbor pilots, home inspectors, landscape architects, mold related services, talent agencies and veterinarians. Pursuant to Ch. 2011-142, Laws of Florida, the Florida Building Codes and Standards program was transferred from the Department of Community Affairs to the Division of Professions within the Department, effective October 1, 2011.

The Division of Professions' organizational structure includes the Director's Office, the board/council offices, Florida Building Codes and Standards, and the Bureau of Education and Testing.

- [The Director's Office:](#) Provides for the overall management and supervision of the Division as well as handling administrative functions.
- [The Board/Council Offices:](#) Consist of five offices, each staffed by an executive director, two government analysts and an administrative assistant. Each office provides direct support to its respective boards/council by scheduling meetings, preparing application and disciplinary files for board review, attending and providing support during board/council meetings and tracking discipline. Additionally, the Department is responsible for issuing licenses and taking disciplinary action for the athlete agent, talent agency, asbestos, community association management, home inspector and mold-related professions. The board/council offices also provide industry education through speaking engagements and assist applicants and licensees with complex licensing issues that are referred from the Department's Customer Contact Center.
- [The Florida Building Codes and Standards Program:](#) Includes the Florida Building Commission, the Florida Building Code, the statewide product approval system and the Manufactured (Modular) Building Program.
- [The Bureau of Education and Testing:](#) Responsible for exam development and administration, processing continuing education provider and course applications and monitoring our licensees' continuing education compliance.

Division of Professions

Division of Certified Public Accounting

The Division of Certified Public Accounting is responsible for the licensing of nearly 41,760 active Certified Public Accountants (CPAs) and 5,400 accounting firms pursuant to Chapters 455 and 473, Florida Statutes (See Table 1 on page 18). The Division also provides administrative support to the Florida Board of Accountancy (the Board), which consists of nine members: seven CPAs and two consumer members. The Board makes final decisions in areas that affect the practice of public accounting, which includes qualifying applicants for the CPA examination, issuing licenses, taking disciplinary action and promulgating rules as needed. The Division is headquartered in Gainesville, as required by section 20.165, Florida Statutes.

The Director's Office, application/licensure, enforcement, and legal are all parts of the Division of Certified Public Accounting organizational structure.

- The Director's Office:** Responsible for the overall management and supervision of the Division, as well as handling administrative functions such as processing verification of licensure and exam grades for other states, tracking discipline, providing industry education through speaking engagements, scheduling meetings, preparing agendas and materials for board and committee meetings and attending and providing support during board meetings.
- The Application and Licensing Section:** Responsible for processing applications to sit for the CPA examination, for licensure as ethics continuing professional education providers, and for individual and firm CPA licensure. The unit also processes applications for refunds and licensure maintenance requests, conducts background checks on all individual examination and licensure applications, and serves as liaison to CPA Examination Services.
- The Enforcement Section:** Responsible for compliance of licensees and protecting the public by performing efficient analysis and investigations of complaints. The section reviews complaints to determine legal sufficiency and investigates applicable complaints regarding the CPA profession, as well as unlicensed activity. Violations that warrant additional actions are processed through the Division's legal section.
- Legal Section:** Responsible for processing complaints after investigations are concluded. The legal section presents all licensed complaints before the Board's Probable Cause Panel for a determination as to whether there has been a violation of law or rule. In the event probable cause is found, the legal section prosecutes the case before the full Board. The legal section also prosecutes unlicensed activity cases.

Division of Real Estate

The Division of Real Estate (DRE) is responsible for the examination, licensing and regulation of 448,867 real estate professionals, real property appraisal professionals including corporations, real estate schools and real estate/appraiser instructors and appraisal management companies pursuant to Chapters 455 and 475, Florida Statutes. Additionally, the DRE provides administrative support to the Florida Real Estate Commission (FREC) and the Florida Real Estate Appraisal Board (FREAB).

The Division of Real Estate’s organizational structure includes the Director’s Office, the Bureau of Enforcement, the Office of the General Counsel (OGC), the Licensing Support Section, and the Education Support Section.

- **The Director’s Office:** Provides for the overall management and supervision of the Division as well as handling the administrative functions. The Director of the DRE is appointed by the Department Secretary and approved by a majority vote of the Florida Real Estate Commission.
- **The Bureau of Enforcement:** Responsible for the compliance of licensees and protecting the public by performing timely and efficient investigations of complaints, and proactively performing audits and inspections. The Bureau investigates applicable complaints regarding the real estate and appraisal professions as well as unlicensed activity. Violations that warrant additional action are processed through the Department’s Office of the General Counsel.
- **The Office of the General Counsel:** Responsible for processing complaints once an investigation has been completed. OGC may present investigated complaints before the Probable Cause Panel of the FREC or FREAB for a determination as to whether there has been a violation of law or rule. If probable cause is found, OGC prosecutes the case at the Division of Administrative Hearings or before FREC or FREAB. OGC also assists citizens with escrow disbursement orders and recovery fund claims.
- **The Licensing Support Section:** Responsible for processing non-routine applications and licensee inquiries that have been forwarded to the DRE from the Department’s Division of Service Operations. In most instances, applications sent to the DRE require a determination by the FREC or the FREAB as to whether the applicant will be approved to take the requisite examination for licensure.
- **The Education Section:** Responsible for reviewing transcripts and inquiries for equivalency for sales associates, brokers, instructors and appraisers. Also tasked with reviewing courses and inquiries from providers or schools seeking to provide continuing education credit for attendees. Responsible for handling inquiries and reviewing courses completed by appraisers in another state for possible equivalency in Florida. Responsible for reviewing and processing appraisal applications for compliance with pre-qualifying education as required by the Appraisal Qualification Board and the Florida Real Estate Appraisal Board received by the Department’s Division of Service Operation.

The DRE headquarters are located in Orlando as required by section 20.165, Florida Statutes. The DRE has personnel in the Tallahassee, Pensacola, Panama City Beach and Gainesville areas and maintains field offices in Jacksonville, Tampa, Miami, West Palm Beach, Margate and Fort Myers.

Division of Regulation

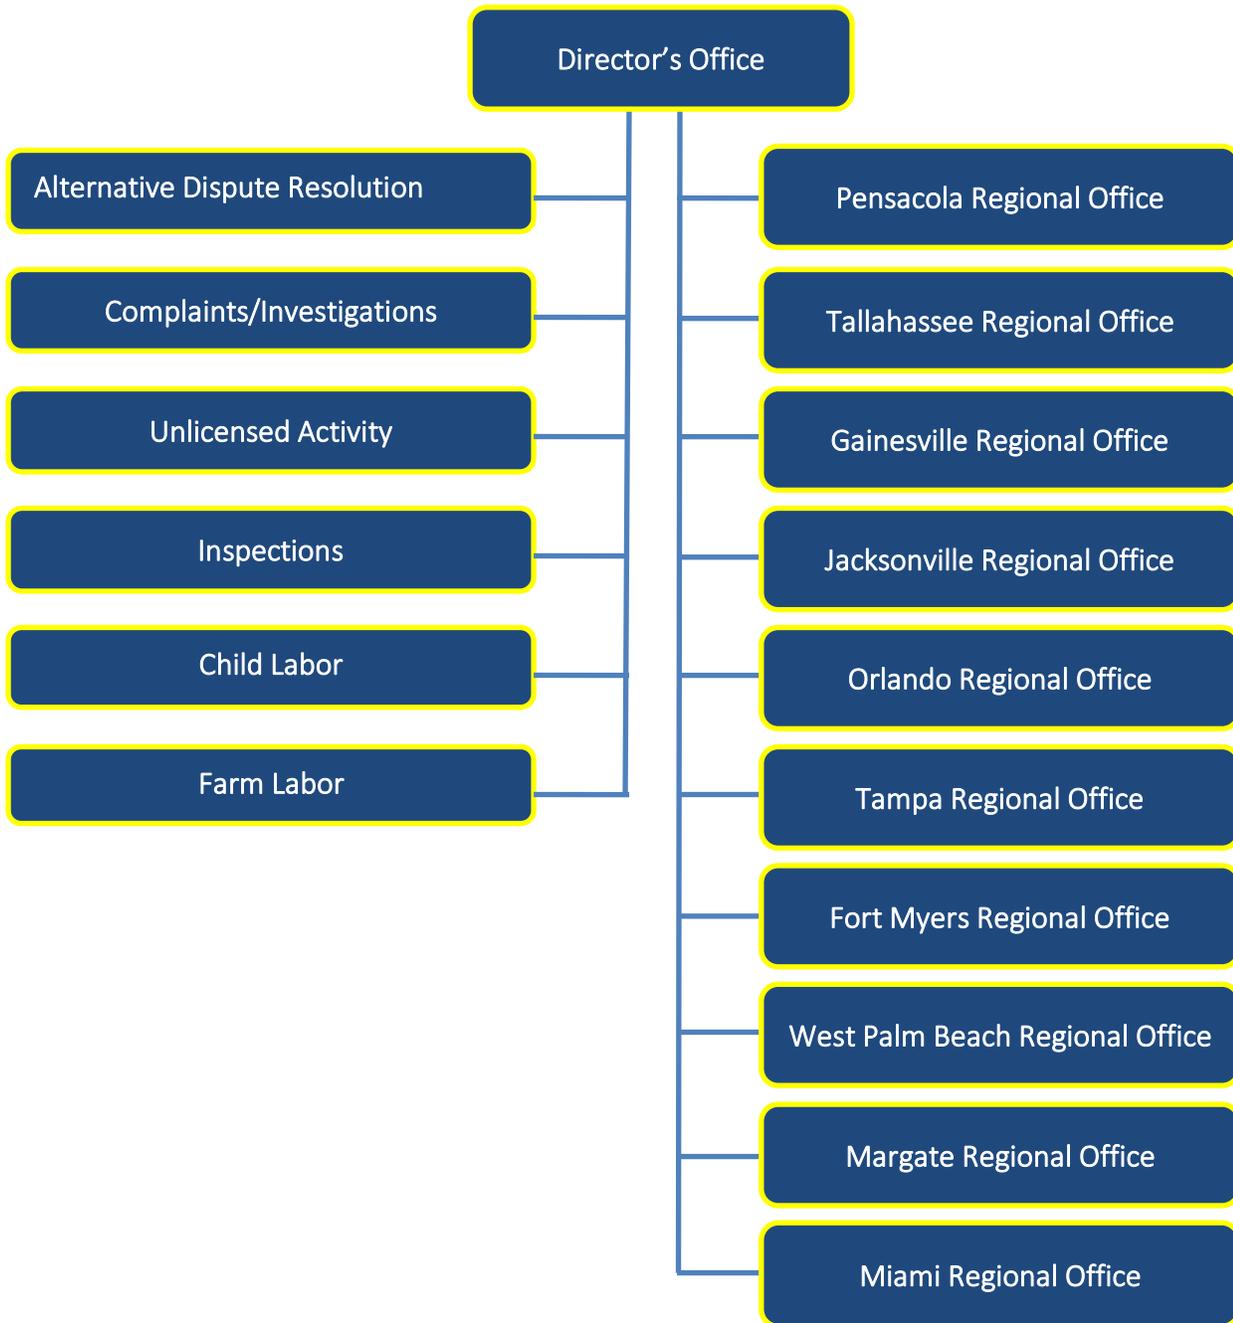

The Division of Regulation is the enforcement authority for the Division of Professions. It monitors those professions and related businesses to ensure that the laws, rules and standards set by the Legislature and professional boards are followed. This is accomplished by proactively monitoring the professionals and related businesses; investigating complaints of wrongdoing; utilizing compliance mechanisms such as notices of noncompliance and citations; and the performance of statutorily mandated inspections. On behalf of the Department, the Division of Regulation is delegated the responsibility to regulate and enforce Florida Statutes and rules put in place for approximately 464,200 individuals and firms who hold professional licenses under the Division of Professions (*See Table 1 on page 18 for a complete list*), plus the Farm and Child Labor Programs and the Florida Athletic Commission administered by the Department. Enforcement is carried out through complaint intake, analysis, investigations and regular inspections through the authority of Chapters 310, 455, 468, Parts VI, VII, VIII, IX, XI, XII, XV, XVI, 469, 474, 476, 477, 481, Part II, 489, Parts I & II, 492 and 548, Florida Statutes. The Division of Regulation is fully funded by the Professional Regulation Trust Fund through fees paid by its licensees, with the exception of the Farm and Child Labor Programs which are partially subsidized by the Workers' Compensation Trust Fund.

The Division's organizational structure includes the Director's Office located in Tallahassee headquarters, 10 regional offices, and six specialized program areas including: Complaints/Investigations, Alternative Dispute Resolution, Unlicensed Activity, Inspections, Child Labor and Farm Labor. The Division is comprised of 150 employees throughout the state, which includes 63 compliance and enforcement investigators, 16 inspectors responsible for compliance and enforcement initiatives and 23 supplemental unlicensed activity staff. There are 30 licensing and enforcement personnel in the Child and Farm Labor Programs. Statewide operations are divided among regional offices located in Pensacola, Tallahassee, Jacksonville, Gainesville, Orlando, Tampa, Fort Myers, West Palm Beach, Margate and Miami.

- **[The Director's Office:](#)** Provides for the overall management, policy making and supervision of the Division as well as the handling of its administrative functions.
- **[The Complaints/Investigations Program:](#)** Responsible for intake and initial analysis of all regulated complaints for the determination of legal sufficiency. Investigations are conducted by the appropriate office and referred to the Department's Office of the General Counsel for review when necessary (*See Complaint Statistics Table on page 87*).
- **[The Alternative Dispute Resolution Program \(ADR\):](#)** This program, which has won multiple Prudential-Davis Productivity Awards, is responsible for resolving consumer complaints by helping disputing parties reach mutually acceptable resolutions through mediation. This form of resolution greatly reduces the associated costs of processing complaints and investigations. During Fiscal Year 2022-2023, the ADR program completed 238 successful mediations. These 238 mediations represent a cost savings to the Department of \$241,232 and consumer recoveries of \$1,121,332.16 (See Table 2.6 on page 24).

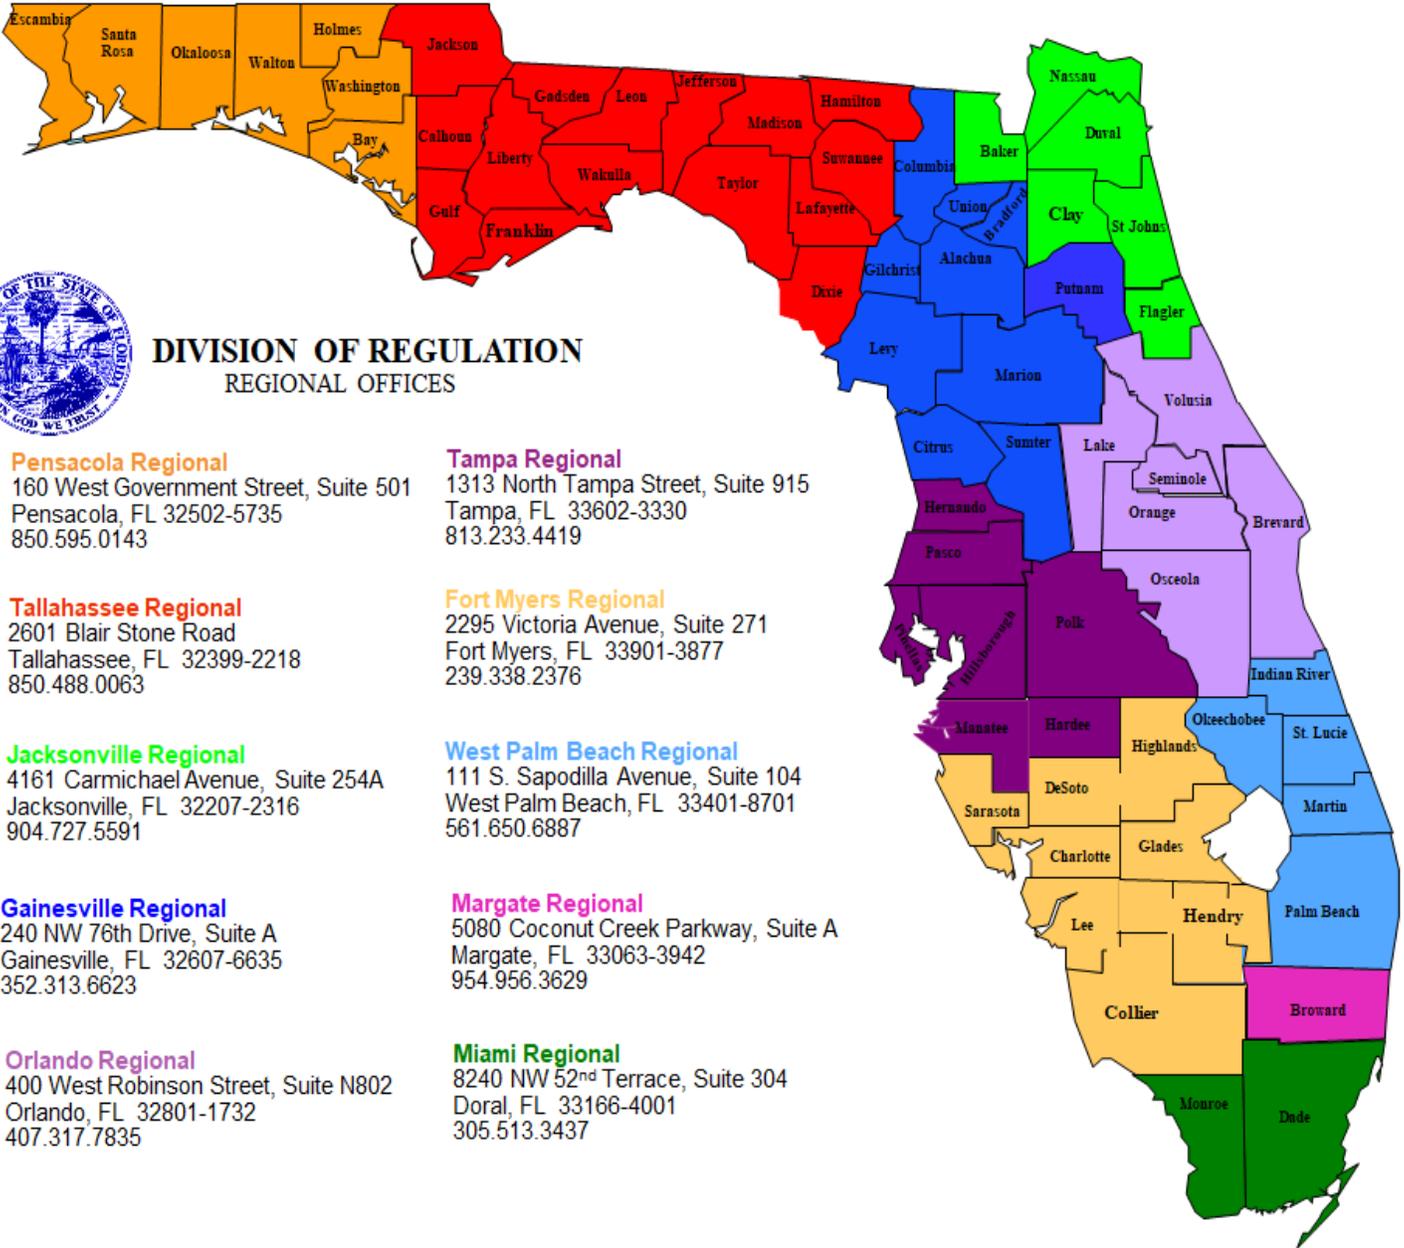

- **The Unlicensed Activity Program Unit:** Responsible for coordinating and providing quality control for consumer complaints of unlicensed activity as well as proactive outreach and enforcement actions. The deterrence of unlicensed activity regarding Department-regulated professions and related businesses is given a high priority. Proactive measures for Fiscal Year 2022-2023 included the increase of educational outreach, partnerships with professional organizations and associations, and the production of marketing items and brochures. More information can be found at the Unlicensed Activity Program’s website at myfloridalicense.com/dbpr/unlicensed-activity/ (See ULA Efforts on page 27).
- **The Inspections Program Area:** Responsible for performing the statutorily mandated and complaint- driven inspections of establishments licensed by the Board of Cosmetology, the Florida Barbers’ Board and the Board of Veterinary Medicine. Inspections are conducted on a two-year cycle which allows the inspector to focus on violators and perform re-inspections of establishments not meeting minimum standards within 120 days of the violation. During Fiscal Year 2022-2023, inspectors completed over 23,051 inspections of licensed establishments (See Table 2.7 on page 25).
- **The Farm Labor and Child Labor Programs:** Responsible for protecting Florida’s most vulnerable populations: children and farm labor workers. The two programs verify compliance with statutes through regulatory efforts, which include licensing, testing, education, routine inspections, investigations, and enforcement. These programs strive to keep Florida’s farm labor contractors and those businesses that employ minors in compliance with the requirements set forth in Chapters 447 and 450, Florida Statutes.

Division of Regulation

Division of Regulation Regional Offices

The regional offices are strategically located across the state to be accessible to Florida’s citizens. Through coordination with headquarters in Tallahassee, these offices are responsible for conducting inspections, investigations, alternative dispute resolutions, and sweeps and undercover operations.

Section Two

LONG RANGE PLANNING & MONITORING

Long-Range Program Planning and Monitoring

Section 455.204, Florida Statutes, requires the Department and the boards, where appropriate, to develop and implement a long-range policy planning and monitoring process, including estimates of revenues, expenditures, cash balances and performance statistics for each profession. The period covered shall not be less than five years. The Department is required to monitor compliance with the approved long-range plan and provide concise management reports to the boards quarterly. Detailed copies of each profession's financial management reports and five-year projections are included in Section 3.

As part of its long-range plan, the Department shall continue to evaluate:

- Whether the Department, including the boards and the various functions performed by the Department, is operating efficiently and effectively and if there is a need for a board or council to assist in cost-effective regulation [Section 455.204(1), Florida Statutes];
- How and why the various professions are regulated [Section 455.204(2), Florida Statutes];
- Whether there is a need to continue regulation, and to what degree [Section 455.204(3), Florida Statutes];
- Whether or not consumer protection is adequate, and how it can be improved [Section 455.204(4), Florida Statutes];
- Whether there is consistency between the various practice acts [Section 455.204(5), Florida Statutes]; and,
- Whether unlicensed activity is adequately enforced [Section 455.204(6), Florida Statutes].

Efficient and Effective Operations

Section 455.204(1), Florida Statutes, requires the Department to evaluate whether the boards are operating efficiently and effectively.

The Divisions of Professions, Regulation, Real Estate and Certified Public Accounting provide services and oversight to 21 professions and the Child and Farm Labor programs. The Department is charged with the evaluation of applications, licensing, license renewals, monitoring of continued education, investigations, inspections and other duties deemed appropriate.

As part of its monitoring process, the Department evaluates whether its professions are operating in an efficient and cost-effective manner. The Department has developed a formal Cost Allocation Plan that uses actual levels of service provided to allocate cost overhead to the various professions and businesses.

Most fees are adequate to cover both direct and indirect costs. The Department acknowledges that some professions have actual or projected negative cash balances while others have actual or projected cash surpluses. All fees are set by rule and some are capped by statute. The Department conducts an annual review of all professions at the end of each fiscal year. Those professions in a deficit or having excessive surpluses are reviewed for appropriate fee adjustments, and options are presented to the boards for a course of action necessary to eliminate the actual or projected deficit or surplus. The ultimate decision to decrease fees is determined by the boards, or the Department where there is no board.

On June 30, 2023, there were five professions with negative cash balances:

- Auctioneers
- Employee Leasing Companies
- Professional Geologists
- Harbor Pilots
- Talent Agencies

The Board of Auctioneers is in a deficit for the fiscal year ended June 30, 2023. The Board will have a plan in place by the end of the current fiscal year to eliminate the deficit.

The Board of Employee Leasing Companies is in a deficit for the fiscal year ended June 30, 2023. The Board will have a plan in place by the end of the current fiscal year to eliminate the deficit.

The Board of Professional Geologists is in a deficit for the fiscal year ended June 30, 2023. The Board will have a plan in place by the end of the current fiscal year to eliminate the deficit.

The Board of Harbor Pilots is in a deficit for the fiscal year ended June 30, 2023. The Board will have a plan in place by the end of the current fiscal year to eliminate the deficit.

Due to the small number of licensees, Talent Agencies do not generate sufficient funds to cover the Department's cost of regulation. The program was created in 1986. The Department issued the first licenses during Fiscal Year 1987-1988 at the statutory cap of \$400 per license. The program has operated in a deficit since that time. The Department anticipates that the deficit will continue.

Regulation and Consumer Protection

- Section 455.204(2)–(4), Florida Statutes, requires the Department to evaluate how and why various professions are regulated; whether there is a need to continue regulation and to what degree; and whether consumer protection is adequate and how it can be improved.
- Section 11.62(2), Florida Statutes, provides that the intention of the Florida Legislature is that no profession or occupation be subject to regulation by the state unless the regulation is necessary to protect the public health, safety or welfare from significant and discernible harm or damage and that the police power of the state be exercised only to the extent necessary for that purpose. The statute also provides that no profession or occupation be regulated by the state in a manner that unnecessarily restricts entry into the practice of the profession or occupation or adversely affects the availability of the professional or occupational services to the public.

The Department’s regulatory activities are designed to protect the public health, safety and welfare. The regulatory oversight is appropriate to enforce the specific qualifications for each license type, accept and investigate complaints against licensees, and to provide support to boards in rulemaking and disciplinary procedures. The Department is continuously working to improve customer service and to reduce regulatory barriers while maintaining a high standard of consumer protection. The charts below show the Department’s current and projected performance in consumer protection.

The information provided in the tables below reflects the measures as outlined in previous submissions of the Long-Range Program Plan provided to the Legislature as required by Chapter 216, Florida Statutes. The projections below indicate anticipated compliance with Long-Range Program Plan measures.

Division of Regulation Complaints/Investigations Program

The Complaints/Investigations Program is responsible for the receipt and analysis of complaints to determine legal sufficiency. A complaint is legally sufficient when an allegation is made that a violation of the practice act has occurred. The complaint analyst gathers information needed on the individual and/or business that is subject within the complaint and then forwards the case to the appropriate area for investigation. The Complaint Section is responsible for the maintenance of all complaint records. The Department has investigators and inspectors in 10 regional offices, and they are charged with investigating complaints of possible statutory violations.

The Division implemented an online complaint process which allows consumers to submit their complaints, electronically through the Department’s website. This new automation has significantly enhanced the Department’s goal of going paperless, reducing processing time and saving both the consumer and Department money by reducing postage costs.

Table 2.3 - Complaints and Investigations Processing Statistics

Legally Sufficient refers to the total number of complaints reviewed by the Division that met the standard of legal sufficiency established in section 455.225 (1), Florida Statutes. However, the number of “Complaints Legally Sufficient” may not include all “Complaints Received” during a reporting period and can include complaints from previous quarters.

Alternative Dispute Resolution Program

The Division of Regulation’s Alternative Dispute Resolution Program (ADR) facilitates agreements between professionals and consumers and may provide economic recovery to the consumer without the time and expense of an enforcement action against the professional. Section 455.2235, Florida Statutes, gives the Division authority to resolve complaints through mediation, which has been proven to be especially beneficial after hurricanes and storms.

The Division of Regulation’s mediation process, in lieu of the investigative process, saved \$1,014 per successful mediation in associated legal and investigative costs.

The Alternative Dispute Resolution Program has the authority to mediate complaints involving the following professions:

- Construction Industry
- Electrical Contractors
- Barbers
- Landscape Architects
- Community Association Managers
- Cosmetology
- Employee Leasing
- Auctioneers
- Veterinarians

Table 2.6 - Alternative Dispute Resolution Program Statistics Fiscal Year 2022-2023

Mediation Assigned	Successfully Mediated	Mediation Cost Savings	Total Recovered Money
222 *Some mediations assigned in prior FY.	238	\$241,232	\$1,121,332.16

Mediation Assigned: Cases that meet the requirements for mediation and are assigned to a mediator.

Successfully Mediated: Cases where both parties have mutually agreed to a settlement relating to the outstanding issues within the complaint.

Mediation Cost Savings: The average amount of legal and investigative costs that are saved by using the mediation process in lieu of an investigation.

Total Recovered Money: The amount of money or value of services returned to the consumer by the professional.

Division of Regulation Inspection Program

The Inspection Program is responsible for performing the statutorily mandated and complaint-driven inspections of establishments licensed by the Board of Cosmetology, the Florida Barbers’ Board and the Board of Veterinary Medicine under section 455.243, Florida Statutes. The two main functions of the Inspection Program are to protect the consuming public by inspecting licensed establishments and to actively seek out unlicensed activity relating to these professions. Inspectors issue on-site discipline in the form of notices of non-compliance (NNC) and citations and may also initiate formal investigations. Inspections are conducted on a two-year cycle which allows the inspector to focus on violators and perform re-inspections of establishments not meeting minimum standards within 120 days of the violation.

The Division of Regulation has joined other divisions in the Department by distributing a licensee “Bill of Rights” card. The card provides information regarding the licensee’s rights including their right to know the reason for the inspection and the right to be fairly treated in all dealings with the Department. The cards are distributed to the manager/owner at the time of the inspection and include the name of the inspector and contact information of the regional manager.

Notice of Non-Compliance: This notice is issued as a first response to a minor violation of a regulatory law in any instance in which it is reasonable to assume that the violator was unaware of such a law or unclear as to how to comply with it. A violation of a regulatory law is a “minor violation” if it does not result in economic or physical harm to a person or adversely affect the public health, safety or welfare, or create a significant threat of such harm.

Citation: This is a monetary penalty imposed on a subject for violations of Florida laws and rules.

Consistency Between Practice Acts

- Section 455.204(5), Florida Statutes, requires the Department to evaluate whether there is consistency between the various practice acts.

Each of the Department's professions is governed by Chapter 455, Florida Statutes, and individual practice acts. The Department has determined that the practice acts are consistent with regard to a profession's unique qualifications for licensure. The practice acts establish qualifications for licensure, which in most cases include some combination of education, experience and examination. The practice acts establish standards of practice, disciplinary action and prohibited acts that carry administrative and criminal penalties. Most professions include a governing professional board responsible for ultimate licensing and disciplinary decisions. The exceptions are community association managers, athlete agents, talent agencies, asbestos consultants and contractors, home inspectors and mold-related professionals. The Department is responsible for licensing and regulating those professions. The Regulatory Council of Community Association Managers is responsible for adopting rules relating to the licensure examination, continuing education requirements, continuing education providers, fees and professional practice standards to assist the Department in carrying out its duties.

Unlicensed Activity Program Efforts

With a duty to protect the health, safety and welfare of Florida citizens and visitors, the Department places great emphasis on unlicensed activity through proactive efforts and investigations.

Division of Certified Public Accounting

The Division of Certified Public Accounting’s (the Division) Unlicensed Activity Program is responsible for analyzing consumer complaints alleging unlicensed certified public accounting activity. During the Fiscal Year 2022-2023, the Division focused its efforts on raising public awareness by participating in industry tradeshows, speaking engagements, virtual meetings and virtual webinars.

The majority of the unlicensed activity complaints filed with the Division concerned the improper use of the “certified public accountant” designation. These complaints were received from consumers, licensees, social media and proactive research by Board staff. During Fiscal Year 2022-2023, 73 unlicensed complaints were received, of which 14 were legally sufficient.

Another tool utilized by the Division to combat unlicensed activity is the issuance of a Notice to Cease and Desist pursuant to Section 455.228(1), Florida Statutes. A Notice to Cease and Desist is issued once it has been determined, by Division staff, that the profession has been practiced without the professional license or certification required by Florida law, specifically Chapter 473, Florida Statutes. For this reporting period, 12 Cease and Desist notifications were issued. All unlicensed activity investigative reports are forwarded to the related State Attorney’s Offices for review once the investigation is complete. During the Fiscal Year 2022-2023, there were five Respondents prosecuted for ULA.

Division of Real Estate

The Division of Real Estate (DRE) is responsible for the examination, licensing and regulation of more than 478,098 real estate professionals, corporations, schools, instructors and appraisers. The mission is to protect the health, safety and welfare of the public. The Division of Real Estate’s unlicensed activity program is to educate consumers and real estate professionals about unlicensed practice, and to ensure, by mutual effort with the Department’s Office of the General Counsel, that unlicensed real estate activity is expeditiously investigated and prosecuted.

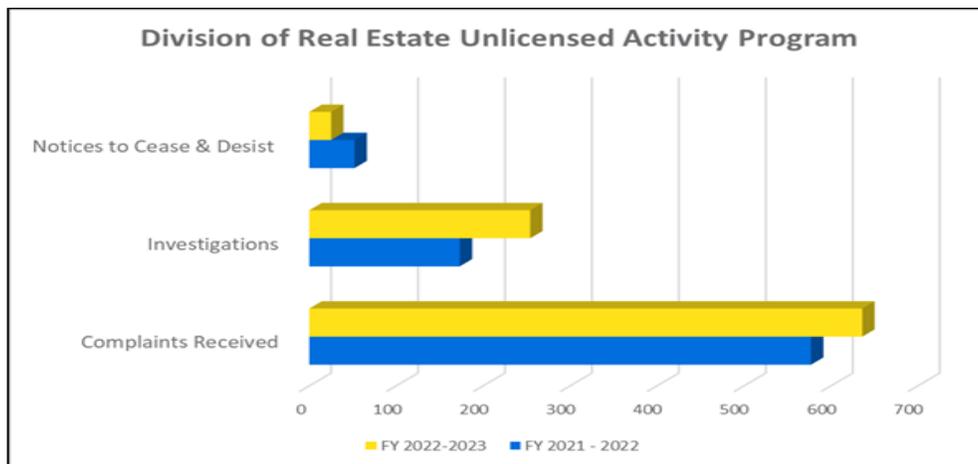

Outreach is critical in alerting consumers to the potential of financial harm when unlicensed individuals are used. The Division understands the value of front-end education and at trade shows and presentations, Division investigators and supervisors emphasize the importance of working with licensed real estate professionals and reporting suspected unlicensed activity.

Unlicensed real estate practice can be reported by submitting a complaint by mail, email, fax or online through the Department website. If facts outlined in the complaint indicate that a violation may have occurred, an investigation is initiated. Once the investigation is complete, an investigative report is produced and delivered to the Department’s Office of the General Counsel. The Department may issue a Notice to Cease and Desist from unlicensed practice; and the Office of the General Counsel may seek an injunction against persons violating the notice. In addition, the Department may impose administrative penalties or issue a citation. In accordance with Chapter 455, Florida Statutes, the Division refers cases to the State Attorney for consideration of criminal prosecution.

In addition to examining consumer complaints, investigators routinely monitor social media and websites where unlicensed practice is known to be carried out. When unlicensed activity is discovered, internal complaints are initiated and thoroughly investigated.

In Fiscal Year 2022-2023, 636 complaints alleging unlicensed practice violations were received, 254 investigations were completed and 25 Notices to Cease and Desist were issued.

Division of Regulation

Outreach and Education

The Division of Regulation’s investigators carried out numerous outreach programs to inform and educate the public of unlicensed activity. Public education efforts included the Division’s presence at various trade and consumer events, speaking engagements with trade associations, consumer groups and other governmental agencies.

During Fiscal Year 2022-2023, the Division of Regulation conducted 684 outreach events to educate Floridians about the importance of hiring licensed professionals and the dangers unlicensed individuals pose. This number represents a 22% increase over the previous fiscal year.

Additionally, nearly 50% of the Division’s outreach activities were in areas affected by Hurricane Ian. These events resulted in interactions with thousands of individuals including citizens, licensees, professionals, local government’s State Attorney’s Offices, building department officials and law enforcement groups.

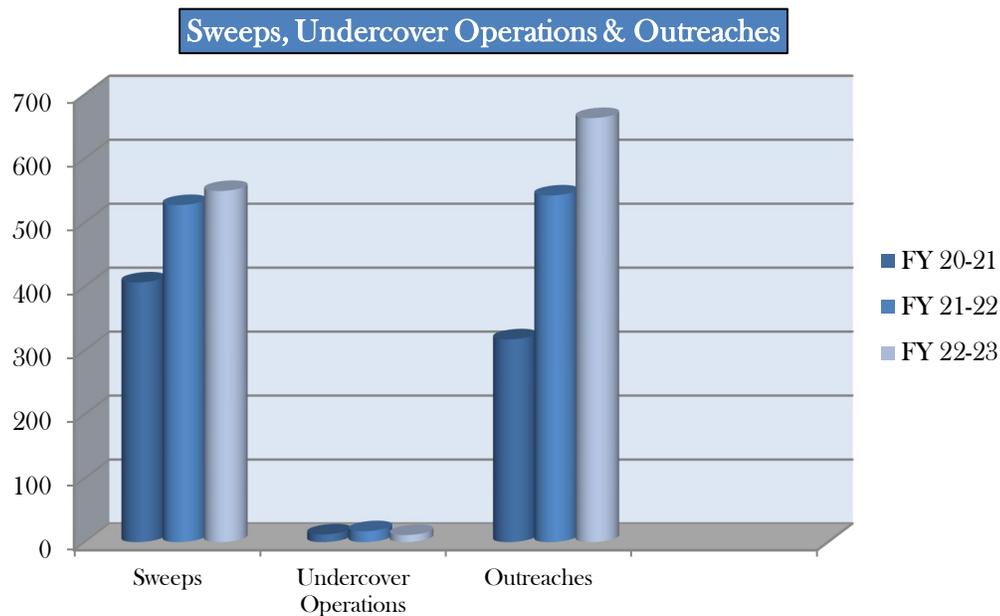

Proactive Enforcement

The Division engages in proactive efforts through sweeps and enforcement operations. The goal of proactively seeking unlicensed activity is to protect the public from future harm.

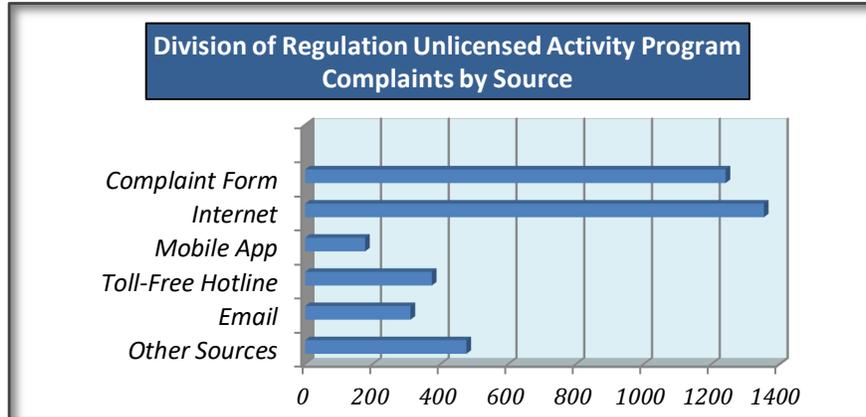

Division of Regulation investigators conduct compliance checks (sweeps) in areas suspected of having unlicensed activity. In Fiscal Year 2022-2023, investigators performed 538 sweep operations. These sweep operations frequently include other agencies such as the Department of Financial Services, law enforcement or local building departments. Compliance checks also include reviews of common advertising locations (publications, online marketplaces and social media), seeking to stop the offer of unlicensed services before a consumer is affected.

During Fiscal Year 2022-2023, the Division participated in 11 enforcement operations. During an enforcement operation, the Department provides individuals the opportunity to offer services that require a license. These individuals often provide a bid, proposal or performance of the service to an undercover investigator and/or law enforcement personnel.

Complaints and Investigations

The Division reviews all unlicensed activity complaints through the complaints and investigations process. Complaints concerning unlicensed activity may be submitted through several methods, including online, by email, by calling the toll-free unlicensed activity hotline, by using the DBPR mobile app, and by traditional mail or fax. Once a complaint is filed with the Division, it is reviewed by an analyst to determine if the complaint is legally sufficient. If the complaint is found to be legally sufficient, an investigation is opened and is sent to the Regional Office closest to where the violation is alleged to have occurred. These investigations of unlicensed activity may result in fines, a Notice to Cease and Desist or citation being issued. Once the investigation is completed, unlicensed activity cases are also forwarded to State Attorney's Offices for review and potential criminal prosecution.

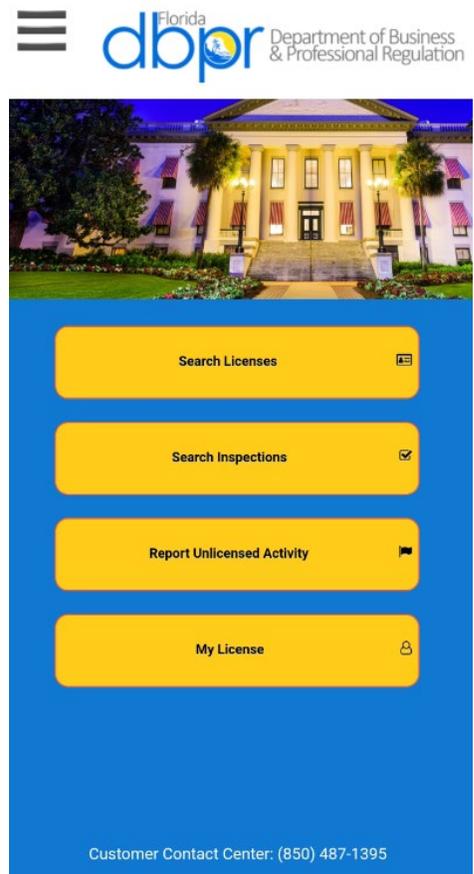

In Fiscal Year 2022-2023, the Division received 3,930 complaints of unlicensed activity, of which 2,324 were found to be legally sufficient and resulted in further investigation. These investigations resulted in the issuance of 1,358 Notices to Cease and Desist, 200 citations and imposition of 706 Final Orders.

Unlicensed Activity Complaint Access

The Department has made filing a complaint easy and convenient for the consumer and license holder. Below are numerous ways in which a complaint may be filed:

- Complaint forms are online at myfloridalicense.com/DBPR/file-a-complaint/
- Consumers may send an email to the unlicensed activity inbox at: ula@myfloridalicense.com.
- Complaints may be mailed to the Department at 2601 Blair Stone Road, Tallahassee, Florida, 32399-0782.
- Complaints relating to the Department’s Division of Certified Public Accounting may be mailed to 240 NW 76th Drive, Suite A, Gainesville, Florida, 32607.
- Complaints relating to the Department’s Division of Real Estate may be mailed to 400 West Robinson Street, Suite N801, Orlando, Florida, 32801.
- Consumers may call the toll-free unlicensed activity hotline at 866-532-1440 and they may remain anonymous by filing a complaint via the hotline.
- Consumers may call the Customer Contact Center at 850-487-1395 for all other inquiries.
- Consumers may download the free mobile application for their mobile devices to file a complaint of work happening right now. This is an ideal method for consumers to submit an anonymous complaint.

Unlicensed Activity Program

The purpose of the Unlicensed Activity Unit is to assist in overseeing the productivity of the investigative field offices to ensure that the goals of the Division are being met. The Unlicensed Activity Unit tracks sweeps, enforcement operations and outreach efforts made by each investigative office and serves as a liaison between the field offices and the Office of the General Counsel. The Unlicensed Activity Unit works in conjunction with the Office of Communications to use media outlets to spread the word about unlicensed activity, as well as to display the Division's efforts.

In addition to receiving and processing complaints from the public, the Unlicensed Activity Unit provides other services to aid in the investigation and prosecution of unlicensed individuals. These services include researching and issuing Certificates of Non-Licensure, receiving and tracking subpoenas, and supporting investigative agencies throughout the state.

Certificates of Non-Licensure

A Certificate of Non-Licensure is a notarized document provided by the Unlicensed Activity Unit, upon request, to Department personnel and other individuals, to certify that the individual or business named has never had a license. When the requests are received, the analyst assigned will conduct a diligent search of Department records. If the search yields no result, the analyst prepares a Certificate of Non-Licensure. These documents are self-authenticating and are often used in the administrative and criminal prosecution of unlicensed individuals. In Fiscal Year 2022-2023, over 850 requests were received and researched, resulting in over 1460 Certificates of Non-Licensure being issued.

Toll-Free Hotline

The toll-free hotline is staffed from 8 a.m. - 5 p.m. on weekdays and generates tips and complaints. The hotline is used to report "in progress" tips on unlicensed activity across several boards of licensure. Additionally, it is used to assist consumers in completing complaint forms and provide education on unlicensed activity. In Fiscal Year 2022-2023 over 374 complaints were initiated as the result of a call on the hotline.

Subpoena Receipt and Tracking

Completed unlicensed activity investigations are referred to the local State Attorney's Office for possible criminal prosecution.

Department personnel involved in every stage of the investigation are often subpoenaed to testify in these criminal cases. The Unlicensed Activity Unit receives these subpoenas, tracks them, and forwards them to the appropriate individual and the Office of the General Counsel. In Fiscal Year 2022-2023, 118 subpoenas were received and tracked.

Reporting by Email

The Unlicensed Activity Unit manages a dedicated unlicensed activity email inbox. Each day, staff receives dozens of emails and answers questions related to unlicensed activity, how to become licensed and the steps to file a complaint. In Fiscal Year 2022-2023, over 4,200 emails were received and reviewed. During the course of the year, a number of emails received were for other agencies, other Divisions within the Department, or work not regulated by the Department. These types of emails are sent to the appropriate agency/area and handled accordingly.

Mobile Application (App)

The mobile application for smartphones allows consumers to report unlicensed activity anonymously through their mobile devices. The Division has received positive feedback from license holders on the application. By using the DBPR Mobile App, the consumer can take a picture of an advertisement or work being performed by an unlicensed individual and submit the information within minutes directly to the Unlicensed Activity Unit. In Fiscal Year 2022-2023, the Unlicensed Activity unit initiated 177 complaints that were received via the DBPR Mobile App.

The graphic is a promotional poster for the DBPR Mobile app. At the top, the text "DBPR Mobile app" is written in large, bold, blue letters. Below this, on the left, is a smartphone displaying the app's interface. The app screen shows the DBPR logo at the top, a landscape image, and four yellow buttons with white text: "Search License", "Search Inspection", "Report Unlicensed Activity", and "My License". At the bottom of the screen, it says "Customer Contact Center: (800) 887-1393". To the right of the phone, the text "Download our free app" is written in white. Below this text are three checkmarks, each followed by a white text description: "Verify licenses by name or license number", "Report suspected unlicensed activity", and "Search food service and lodging inspection results". At the bottom right, there are two black buttons with white text: "Download on the App Store" (with the Apple logo) and "ANDROID APP ON Google Play" (with the Google Play logo). To the right of these buttons is a QR code.

Hurricane Ian

Hurricane Ian developed into an extremely intense Category 4 hurricane at landfall, striking the Fort Myers area in the same manner that Hurricane Charley had in the 2004 Atlantic Hurricane season. In scenes that were described in the media as being reminiscent of a “war zone,” Ian’s intensity resulted in the deadliest storm to strike Florida since 1935 and one of the costliest storms to ever hit Florida.

On September 23, 2022, Governor Ron DeSantis declared a state of emergency for the entire state. Mandatory evacuation orders were issued for parts of multiple counties and everything from school districts to tourist attractions closed in anticipation of Ian.

After Ian made landfall with 155 mph winds and a destructive storm surge of 10-15 feet, investigators from the Fort Myers Regional Office, along with investigators and staff from several other DBPR offices, began to sweep the affected areas for signs of unlicensed contractors. The Fort Myers office faced the unique challenge of performing their professional duties, while simultaneously dealing with the damage and destruction of their own homes.

The Division also participated in the Disaster Recovery Centers (DRC’s), which are locations where agencies from federal, state and local governments can all be at one location to service the needs of hurricane victims. There were five main locations in Southwest Florida and other smaller ones in Orlando and Jacksonville, and Department staff

were at each one every day for a six-week period educating the public on the danger of hiring an unlicensed contractor and assisting other agencies in any way possible.

During Fiscal Year 2022-2023, DBPR investigators performed nearly 300 sweeps in the areas affected by Ian, resulting in nearly 4,000 site visits and over 5,100 license checks. This number represents 49% of the total sweep activity for the Division in Fiscal Year 2022-2023. These sweeps were often performed in conjunction with local law enforcement agencies, as well as other state agencies such as the Department of Financial Services.

The Division of Regulation also participated in over 300 outreach events related specifically to Hurricane Ian. In the immediate aftermath of a storm, many consumers do not know the dangers presented by unlicensed contractors and the Division considers education and outreach of the risks to be paramount. These outreaches included events geared towards assisting the public, as well as outreaches to law enforcement agencies, city and county building departments and task forces focused on unlicensed activity.

Section Four

ADMINISTRATIVE COMPLAINTS AND DISCIPLINARY ACTIONS

Probable Cause, Administrative Complaints and Discipline

Section 455.2285, Florida Statutes, requires the Department's annual report to include the following:

- The number of complaints received and investigated [Section 455.2285(2), Florida Statutes];
- The number of findings of probable cause made [Section 455.2285(3), Florida Statutes];
- The number of findings of no probable cause made [Section 455.2285(4), Florida Statutes];
- The number of administrative complaints filed [Section 455.2285(5), Florida Statutes];
- The disposition of all administrative complaints [Section 455.2285(6), Florida Statutes]; and
- A description of disciplinary actions taken [Section 455.2285(7), Florida Statutes].

See the table on page 87 for data regarding findings of probable cause, findings of no probable cause, the number and disposition of administrative complaints and description of disciplinary action taken.

Department Efforts to Increase Disposition of Open Cases

Section 455.2285(8), Florida Statutes, requires the Department to provide a description of any effort by the Department, for any disciplinary cases under its jurisdiction, to reduce or otherwise close any investigation or disciplinary proceeding not before the Division of Administrative Hearings (DOAH) under Chapter 120, Florida Statutes, or otherwise not completed within one year after the initial filing of a complaint under Chapter 455, Florida Statutes. Cases remain open for a variety of reasons, including continuing investigation, subsequent violations by the party in question and ongoing settlement negotiations. As cases progress, they are aggressively forwarded to DOAH for final hearing or settled upon agreement by the parties. Cases are not closed simply due to the length of time they have been at the Department.

The Department also works with the various boards to expeditiously resolve minor cases that do not involve consumer harm.

Status of Rule Development Providing for Disciplinary Guidelines

Section 455.2285(9), Florida Statutes, requires the Department to report the status of the development and implementation of rules providing for disciplinary guidelines pursuant to s. 455.2273, Florida Statutes. The Department is continually reviewing disciplinary guidelines, discussing proposed changes if necessary, and either entering into rulemaking or working with the boards to enter rulemaking, to make sure the disciplinary guidelines are utilized in the least restrictive manner while protecting the health, safety and welfare of the public.

Recommendations for Administrative and Statutory Changes

Section 455.2285(10), Florida Statutes, requires the Department to provide recommendations for administrative and statutory changes necessary to facilitate efficient and cost-effective operation of the Department and the various boards. The Department continues to review its processes to determine where it can improve customer service and reduce regulatory barriers. The Department will continue to explore administrative and statutory changes that improve its services.

- **Complaints Received** refers to the total number of complaints actually received and entered into the Department’s single licensing computer system during the reporting period.
- **Legally Sufficient** refers to the total number of complaints reviewed by the Division that met the standard of legal sufficiency established in section 455.225 (1), Florida Statutes.
- **Findings of Probable Cause** refers to the total number of cases that have been presented either to a probable cause panel, or the Department when there is no board or the finding of probable cause has been delegated to the Department by the Board during the reporting period and probable cause has been found. Probable cause means that there is some evidence considered by the panel, or the Department, that would reasonably indicate that a violation by Respondent of the practice act or rules occurred. This includes the issuance of Notices to Cease and Desist and Filed Citations.
- **Findings of No Probable Cause** refers to the total number of cases that were presented either to a probable cause panel of the Board, or the Department when there is no board or the finding of probable cause has been delegated to the Department by the Board, during the reporting period and probable cause has not been found.
- **Number of Administrative Complaints Filed** refers to the total number of administrative complaints filed during the reporting period. An administrative complaint is the charging document that details for the Respondent the violations of statute and/or rule upon which probable cause was found.
- **Final Orders** refers to the disposition of a case where probable cause is found and disciplinary action has been taken.
