OIG Risk Assessment and Work Plan, Fiscal Year 2021-22

July 30, 2021

Executive Summary

We are pleased to present the Florida Department of Transportation (Department) Office of Inspector General's (OIG) Annual Risk Assessment and Work Plan results for fiscal year (FY) 2021-22.

Our Work Plan is risk-based to provide broad coverage of Department programs, systems, and controls. The OIG's risk analysis is based on input from the Secretary, Assistant Secretaries, District Secretaries, Chief of Staff, and Functional Managers.

The activities outlined in our Work Plan address the Department's major operations and optimize the use of our resources. We retain approximately 20 percent of our hours for Department projects that may be requested during the year. We also allocated a small percentage of our audit resources for projects that may be requested by the Governor's Chief Inspector General (CIG) for projects with enterprise-wide focus.

RISK ASSESSMENT PROCESS

Section 20.055(6)(i), Florida Statutes, (2020), and professional audit standards, require the OIG to develop risk-based, long-term, and annual audit plans, which consider resources and input from senior management. The methodology used for our risk assessment process is detailed below.

❖ Define the audit universe

We identified the following 30 auditable areas:

- | | |
|---------------------------------------|--|
| 1. Turnpike Enterprise | 16. Procurement |
| 2. Design | 17. Comptroller |
| 3. Traffic Engineering and Operations | 18. Work Program and Budget |
| 4. Maintenance | 19. Aviation and Spaceports |
| 5. Emergency Management | 20. Freight and Multimodal Operations (Rail) |
| 6. Right of Way | 21. Seaport and Waterways |
| 7. Construction | 22. Transit |
| 8. Materials | 23. Policy Planning |
| 9. Program Management | 24. Systems Implementation |
| 10. Safety | 25. Forecasting and Trends |
| 11. Environmental Management | 26. Research Center |
| 12. Equal Opportunity | 27. Civil Integrated Management |
| 13. Human Resources | 28. Information Security Management |
| 14. Organizational Development | 29. Information Technology |
| 15. Support Services | 30. SunRail |

❖ Identify major risks

We surveyed OIG staff and Department management, including Assistant Secretaries, District Secretaries, Chief of Staff, and Functional Managers. They identified major risks, potential audit topics, and any concerns they had regarding fraud, waste, abuse, or potential wrongdoing in the Department.

❖ Translate risks into measurable risk factors

We discussed the impact, likelihood, and risk type of each topic submitted. The following risk factors were also considered to assist in prioritizing topics: changes in leadership; new governing processes; and new information technology systems.

❖ Present topics to the Secretary

The topics were presented to the Secretary for final review and feedback.

❖ Develop an Annual Work Plan based on the final risk ranking (pages 5-6).

FISCAL YEAR 2021-22 WORK PLAN

The OIG's annual Work Plan provides broad audit coverage and focuses OIG resources on areas with the greatest known risks. We dedicate resources to auditing Department processes, contractor and consultant contracts, intermodal grant programs, and examining federal reimbursement rates.

The OIG has 26 audit positions and can expend 32,396 hours as follows:

Total FY 2021-22 Potential Hours Available	32,396
Carry-forward hours to complete FY 2020-21 projects	5,560
Reserve 400 hours for CIG requests	400
Reserve 20 percent of remaining hours for management requests	5,366
Recurring projects (Performance Measures, Rates, etc.)	5,280
New topics identified through the risk assessment process	15,790
Total FY 2021-22 Hours Programmed	32,396
