Re: Annual Report Required Pursuant to “Timely Justice Act of 2013”

Dear President Simpson and Speaker Sprowls:

Enacted as part of the Timely Justice Act of 2013, section 924.056(1), Florida Statutes, requires the Supreme Court to report annually to the Legislature on “the status of each capital case in which a postconviction action has been filed that has been continuously pending for more than 3 years.”

On June 30, 2022, thirteen capital postconviction actions were pending in the trial courts for more than three years (out of a total of 25 cases pending in the trial courts). Six of those cases involve defendants who were declared incompetent to proceed and thus those postconviction proceedings are stayed pending competency restoration.

The first section of this report details the seven postconviction actions pending in circuit court for longer than three years as of June 30, 2022. The second section details the six cases involving defendants who are incompetent to proceed.
