### LEGISLATIVE BUDGET REQUEST

September 16, 2019

Chris Spencer, Policy Director Office of Policy and Budget Executive Office of the Governor 1701 Capitol Tallahassee, Florida 32399-0001

Eric Pridgeon, Staff Director House Appropriations Committee 221 Capitol Tallahassee, Florida 32399-1300

Cindy Kynoch, Staff Director Senate Committee on Appropriations 201 Capitol Tallahassee, Florida 32399-1300

### Dear Directors:

Pursuant to Chapter 216, Florida Statutes, our Legislative Budget Request for the Department of Children and Families is submitted in the format prescribed in the budget instructions. The information provided electronically and contained herein is a true and accurate presentation of our proposed needs for the 2020-21 Fiscal Year.

The Schedule VIIIB-2 requires agencies to review and consider reductions in existing agency recurring fund budgets. The instructions with the schedule and the allocation of targets create a requirement for the exercise. The Department of Children and Families has completed the exercise as required by the instructions. Program offices, field leadership, and senior management within the agency considered the targets, the requirements of the exercise, agency legislative mission, as well as impacts. The result is contained in Schedule VIIIB-2 after final review.

It is important to note that the agency is not recommending that any of the proposed funding cuts be implemented. Any reduction to the agency's budget will have a negative impact on critical safety net programs and services that are currently operating at capacity.

If I may be of further assistance, please let me know.

Sincerely,

Chad Poppell Secretary

1317 Winewood Boulevard, Tallahassee, Florida 32399-0700

# Florida Department of Children and Families Temporary Special Duty – General Pay Additives Implementation Plan Fiscal Year 2020-2021

Pursuant to Section 110.2035(7)(b), F.S., this is the Florida Department of Children and Families (DCF) written plan for implementing temporary special duties – general pay additives for Fiscal Year 2020-21. DCF requests approval to continue long-standing pay additives. The agency is not requesting any additional rate or appropriations for these additives.

In accordance with previous rule authority in 60L-32.0012, Florida Administrative Code, the agency has used existing rate and salary appropriations to grant pay additives when warranted based on the duties and responsibilities of the position. The requested additives are justified for reasons such as the need to recruit and retain employees with key skills and the specialized training required to perform the duties.

Pay additives are a valuable management tool which allows agencies to recognize and compensate employees for identified duties without providing a permanent pay increase.

The Department of Children and Families submits the following plan granting a temporary special duty pay additive of 5 percent of the employee's base rate of pay to:

### **Certified Nursing Assistant Pay Additive**

All employees in the Human Services Worker I, Human Services Worker II, and Unit Treatment and Rehabilitation Specialist classes who work within the 13-1E, 13-1W, 32N, or 32S living areas at the Northeast Florida State Hospital or the Specialty Care Unit and Medical Services Unit at Florida State Hospital. Such additive may be awarded only during the time the employees work within those living areas at the Northeast Florida State Hospital.

The Career Service positions within two of these living areas require incumbents to possess a Certified Nursing Assistant (CNA) license and the other two living areas where it is preferred that incumbents possess a CNA license. The individuals served on these living areas are medically complex, in addition to being diagnosed with severe and persistent mental illness. In order to provide care for these complex and multi-medical problem individuals, an extensive skill set above that of the regular direct care staff is required. The staff providing care in these areas have received extensive training and have passed both a written and practical exam in order to be licensed as a CNA by the State of Florida.

Florida State Hospital (FSH) has two residential units (Specialty Care Unit and Medical Services Unit) where the majority of residents are medically complex in addition to being diagnosed with severe and persistent mental illness. In order to provide care for these multi-medical problem individuals, an extensive skill set above that of the regular direct care staff is preferred, although not required. Staff who hold a CNA license have received extensive training and have passed both a written and practical exam in order to be licensed as a CNA by the State of Florida. The justification is as follows:

- 1. This pay additive is necessary for employee retention in these work locations. The additional training and extensive skills of a CNA which are also in demand by outside nursing homes, medical hospitals, and numerous other facilities. The agency requests approval to offer this pay additive to employees who are hired into these units.
- 2. This additive will be in effect from the first day the employee is assigned to one of the designated living areas.
- 3. This additive will be effective until the employee leaves that position/designated living area.

- 4. NEFSH employees will receive a five percent (5%) pay additive. For FSH, these employees will receive this pay additive in addition to the Temporary Special Duty additive described below.
- 5. For NEFSH, includes a total of <u>110</u> F.T.E. Career Service positions in the following classifications:
  - Human Service Worker I
  - Human Service Worker II

For FSH, includes a total of <u>182</u> F.T.E. Career Service positions in the following classifications:

- Human Service Worker I
- Human Service Worker II.
- Unit Treatment and Rehabilitation Specialist
- 6. At NEFSH, this additive has been provided for at least the past 14+ years.
- 7. The annual cost at NEFSH is approximately \$136,802.52. The annual cost at FSH is approximately \$249,278.09.
- 8. The classes included in this plan are represented by AFSCME Council 79. Article 25, Section 1 of the AFSCME agreement states, "Pay shall be in accordance with the Fiscal Year <u>2019-2020</u> General Appropriations Act and other provisions of state law." DCF has a past practice of providing these pay additives to bargaining unit employees.

## **Temporary Special Duty Additive**

The Specialty Care Unit (SCU) at Florida State Hospital (FSH) is a 168 bed residential unit which serves a diverse population of individuals requiring mental health treatment as well as geriatric and long term care. This geriatric population is frequently composed of individuals with a variety of medically complex conditions in addition to their primary diagnosis of mental illness. Thirty-four (34) beds within this geriatric population are certified as a 'distinct part' by the Centers for Medicare and Medicaid Services and require significant health care resources. The distinction of certification offers a higher degree of state and federal agency oversight for provision of care. The higher level of care required for the resident population also offers great challenges in terms of staffing the unit. Employees hired frequently request transfer to another residential unit soon after hire, creating a perpetual staffing shortage that has been difficult to stabilize. All employees in the Human Services Worker I, Human Services Worker II, and Unit Treatment and Rehabilitation Specialist classes who work within the Specialty Care Unit at the Florida State Hospital. Such additive may be awarded only during the time those employees work within the Specialty Care Unit at the Florida State Hospital. The justification is as follows:

- 1. This pay additive is necessary in order for employee retention in these work locations. The agency requests approval to offer this pay additive to employees who are hired into these units.
- 2. The employees will receive a five percent (5%) pay additive.
- 3. This additive will be effective until the employee leaves the position/designated area.
- 4. Includes a total of 163 F.T.E. Career Service positions in the following classifications:
  - Human Service Worker I
  - Human Service Worker II
  - Unit Treatment & Rehabilitation Specialist
- 5. This additive was previously approved and provided for the past <u>14+</u> years for positions under the original agreement/implementation plan.
- 6. Annual cost is approximately \$216,579.33.

7. The classes included in this plan are represented by AFSCME Council 79. Article 25, Section 1 of the AFSCME Agreement states "Pay shall be in accordance with the Fiscal Year <u>2019-2020</u> General Appropriations Act and other provisions of state law." DCF has a past practice of providing these pay additives to bargaining unit employees.

The Medical Services Unit (MSU) at FSH provides in-patient, emergency, out-patient, ancillary, and after-hours partial pharmacy services to residents of FSH and the Developmentally Disabled Defendant Program with the Agency for Persons with Disabilities. The individuals served in this unit are medically unstable and require inpatient medical care, in addition to being diagnosed with severe and persistent mental illness. In-patient medical care is provided on a 24-bed medical ward and is staffed with a full-time physician, registered nurses and direct services staff across three shifts. All employees in the Human Services Worker I and Human Services Worker II classes who work within the Medical Services Unit at the Florida State Hospital. Such additive may be awarded only during the time those employees work within the Medical Services Unit at the Florida State Hospital. The justification is as follows:

- 1. This pay additive is necessary in order for employee retention in these work locations. The agency requests approval to offer this pay additive to employees who are hired into these units.
- 2. The employees will receive a five percent (5%) pay additive.
- 3. This additive will be effective until the incumbent leaves the position/designated area.
- 4. Includes a total of 19 F.T.E. Career Service positions in the following classifications:
  - Human Service Worker I
  - Human Service Worker II
- 5. Annual cost is approximately \$22,698.69.
- 6. The classes included in this plan are represented by AFSCME Council 79. Article 25, Section 1 of the AFSCME Agreement states "Pay shall be in accordance with the Fiscal Year <u>2019-2020</u> General Appropriations Act and other provisions of state law." DCF has a past practice of providing these pay additives to bargaining unit employees.

## Child Protective Investigation Weekend Unit Pay Additive

Child Protective Investigations is an area responsible for conducting investigations regarding allegations of abuse, neglect, abandonment and/or special conditions for children; Collects information through interviews with the children, parents, relatives, neighbors, and other parties associated with the case; and engages families, identifies needs and determines the level of intervention needed to include voluntary services or court ordered dependency services; provides services linkages to agency and community resources based on needs assessment. Employees in these positions were required to be on-call and work weekends which causes an unstable work week and increase workload; this created a high turnover rate and recruitment difficulties. All employees in Child Protective Investigator, Senior Child Protective Investigator and support staff classes who work in a weekend unit. Such additive may be awarded only during the time such employees work in a weekend unit. The justification is as follows:

- 1. This pay additive is necessary for employee retention in these units. Offering additional compensation for working in a "weekend unit" has significantly improved morale and retention.
- 2. These additives will be in effect from the first day the incumbent is assigned to the position.
- 3. This additive will be effective until the employee leaves that position, or the position is moved to standard workweek schedule.
- 4. The employees will receive a five percent (5%) pay additive.

- 5. Includes a total of 66 F.T.E. Career Service positions in the following classifications:
  - Senior Child Protective Investigator
  - Child Protective Investigator
  - Support Staff Positions
- 6. This additive has been provided for the past 5 years.
- 7. Annual cost is approximately \$134,669.45.
- 8. The classes included in this plan are represented by AFSCME Council 79. The relevant collective bargaining agreement language states as follows: "Increases to base rate of pay and salary additives shall be in accordance with state law and the Fiscal Year 2019-2020 General Appropriations Act." See Article 25, Section 1 (B) of the AFSCME Agreement. We would anticipate similar language in future agreements. DCF has a past practice of providing these pay additives to bargaining unit employees.

### **Abuse Hotline Weekend Unit Pay Additive**

Abuse Hotline is an area operating 24 hours a day, 7 days a week and is responsible for receiving and assessing allegations of abuse, neglect or abandonment of children, and abuse, neglect of exploitation of vulnerable adults. The Hotline determines if the information meets statutory criteria for an investigation of referral to an appropriate agency. Employees enter abuse reports in the appropriate information system and research appropriate information systems to determine prior history to assist in the safety and risk assessment of alleged victim. All Adult Registry Counselors who work in a weekend unit at the Abuse Hotline. Such additive may be awarded only during the time such employees work in a weekend unit. The justification is as follows:

- 1. This pay additive is necessary in order for employee retention in these units. Offering additional compensation for working in a "weekend unit" has significantly improved morale and retention.
- 2. These additives will be in effect from the first day the incumbent is assigned to the position.
- 3. These additives will be effective until the incumbent leaves that position or the position is moved to standard workweek schedule.
- 4. The employees will receive a five percent (5%) pay additive.
- 5. Includes a total of 48 F.T.E. Career Service positions in the following classifications:
  - Abuse Registry Counselor
- 6. These pay additives have been provided for the past 6 years.
- 7. Annual Cost approximately \$148,351.75.
- 8. The classes included in this plan are represented by AFSCME Council 79. The relevant collective bargaining agreement language states as follows: "Increases to base rate of pay and salary additives shall be in accordance with state law and the Fiscal Year 2019-2020 General Appropriations Act." See Article 25, Section 1 (B) of the AFSCME Agreement. We would anticipate similar language in future agreements. DCF has a past practice of providing these pay additives to bargaining unit employees.

3) If your agency's Legislative Budget Request does not conform to the long range financial outlook with respect to the revenue The Department of Children and Families identified needs for the Legislative Budget Request associated with its mission and statutory mandates. Following the identification of needs the department analyzed its ability to meet those needs utilizing existing resources (base budget) and resource requests above base (state and federal funds). Utilizing that planning/funding frame the department prioritized its Legislative Budget Request. Differences between the department's request and the Long Range Financial Outlook are related to differences in the planning/funding frame utilized by the department and the those preparing the Long Range Financial Outlook.

A-1718DCF-050 Child Welfare Records Falsification	30-Jun-18	Child Welfare	The audit disclosed the following:  •Some CBC lead agencies had not implemented adequate written policies and procedures regarding falsification of child welfare records;  •Additional mandatory field days, especially with shadowing opportunities, may improve the effectiveness of the Department's Pre-Service Training Program and reduce falsification of child welfare records;  •Using technology to streamline the workloads of child welfare professionals may also reduce falsification of child welfare records; and  •Implementing additional oversight policies and practices may timely identify and address work performance issues.	Management concurred with the reported findings and recommendations. Affected lead agencies revised their policies to implement the recommended corrective actions.				
A-1819DCF-012 Substance Abuse and Mental Health Performance Measures	30-Jun-19	Substance Abuse and Mental Health	The audit disclosed the following:  • Some LRPP performance measures are outdated due to changes to current federal and state laws and Department operational practices;  • There were instances of inadequate data entry and/or data submission; and  • There was a lack of adequate written procedures.	Management concurred with the reported findings and recommendations. SAMH will work with the Department's Office of Planning and performance to propose revisions to the LRPP measures as part of the annual LRPP process beginning July 2019.  SAMH implemented changes to the Juvenile Incompetent to Proceed (JITP) program. In addition, SAMH continues to review performance outputs and outcomes with the intent to propse new, person-centered measures, which can better reflect the benefit of behavioral healthcare.

Auditor General 2019-111	2018-2019	Financial Management	Department protocols for administering the CBC risk pool need enhancement to ensure that unexpended risk pool funds are returned to the Department at fiscal year-end.	The Department updated its procedures to address the identification of any surplus during the year-end reconciliation process due to a CBC receiving risk pool funding. The information is to be shared with the Secretary for final decision on whether to require repayment.	
Auditor General 2019-111	2018-2019	Financial Management	BBCBC records did not evidence the reasonableness of the \$1.175 million purchase price for certain acquired property, the value of property subsequently returned to the seller, or that the BBCBC refunded to the State the appropriate proportionate share of the State's initial investment in the property. During the period September 2013 through November 2017, interest payments and depreciation expenses related to the property totaling \$445,361 were charged to the BBCBC's contract with the Department. During that same period, the BBCBC made principal payments totaling \$127,512 with funds received from the Department for the depreciation charges.	required before any further action, if required, is taken. Auditor General 2019-111	2018-2019	Information Technology	The Department did not adequately document that sensitive data was properly sanitized from former employees' computers before the computers were disposed of.	As of March 11, 2019, the Department has updated policies related to the handling of recovered computer equipment to establish a time frame for the sanitization of media containing sensitive data and a mechanism for documenting the disposition of sanitized equipment prior to disposal, surplus, reassignment, or off-site repair.

Auditor General 2019-101	2018-2019	Child Welfare	Department procedures for imposing administrative fines on child care providers that do not timely submit license renewal applications and for ensuring and demonstrating that providers satisfied certain registration requirements need enhancement.	The Department issued a policy on January 28, 2019 and developed a standardized tracking log that must be used statewide to document receipt of renewal applications to ensure administrative actions for receipt of late applications are completed. The administrative action must be completed in accordance with the enforcement action outlined in § 65C-22.010(2), Florida Administrative Code (F.A.C.). Licensing staff were to begin using the new tracking log beginning March 1, 2019. The quarterly monitoring tool was recently updated to include a standard to review the tracking log to ensure administrative fines have been completed. The updated tool was put into use beginning fiscal year 2019-20.	
Auditor General 2019-101	2018-2019	Child Welfare	The Department did not always timely conduct reinspections of child care providers to determine whether violations had been corrected.	The Department issued a policy on January 15, 2019 with revised reinspection timeframes. The new policy requires that reinspections be completed as early as one business day after the violation corrective action due date, but no later than 10 business days. The quarterly monitoring tool was updated immediately to reflect a standard for the new timeframes. For the third quarter monitoring (Jan – March), this standard scored a 4.28 statewide. The monitoring scoring ranges from a low of zero (not met) to a high of five (substantially met). The Department will continue to monitor this standard quarterly, direct regions to follow the policy, and train new staff on the process during preservice.

Auditor General 2019-022	2018-2019	Information Technology	The Department did not conduct comprehensive periodic reviews of the appropriateness of user access privileges granted to the FLORIDA System and the AMS. Similar findings were noted in prior audits, most recently in report No. 2017-009.	Effective January 11, 2019, the Department implemented a pilot of the Security Audit System. This system incorporates data from multiple systems to determine users who need updates to their system access. A message will be sent to the local security officer to determine the change needed.	
Auditor General 2019-022	2018-2019	Information Technology	Some Department users had inappropriate access privileges to FLORIDA System resources, increasing the risk that unauthorized modification, loss, or disclosure of FLORIDA System IT resources may occur.	A new user profile/role needs to be created prohibit users with a security coordinator role from the ability to modify reference tables. Table modifications should be limited to certain key individuals. The ESS program office is reviewing whether a new role should be created and, if so, which individuals should be granted access to modify tables. In addition, the Security Audit System will also rectify this issue in the future.

Auditor General 2019-186	2018-2019	Public Benefits Integrity	The FDCF did not submit the required Federal Financial Reports to the United States Department of Agriculture (USDA).	Florida's FNS-209 is fixed. The program is working with FNS to submit the corrected reports. The Department reconciled the incorrect FNS 209 reports to the new reports that were generated after the Integrated Benefit Recovery System (IBRS) changes and upgrades. FNS is working to resolve technical issues regarding the incorrect historical balances in their system. On April 9, 2019, the Department had a conference call with the USDA FNS Southeast Regional Office (SERO) to discuss submission of the corrected FNS-209 reports. The Department informed FNS SERO that we have the corrected reports, and we needed guidance on how to submit the reports and determine how many quarters of the corrected reports is required. FNS SERO will work with the USDA FNS National Office for further guidance and contact us once a determination has been made. To date, neither FNS SERO nor the National Office have contacted us.	
Auditor General 2019-186	2018-2019	Financial Management	FDCF expenditures charged to various Federal program grants were not always incurred during the authorized period of performance.	Revenue Management is currently working with the Accounting and Finance Office to identify the key challenges for determining the process needed to code payment information into FLAIR. An inventory of the different types of expenditures is currently being taken to identify the expenditure types that need a process for an additional FLAIR entry to be able to identify the service period when the payment is being entered into FLAIR.

TIP	Generally look for and be able to fully explain significant differences between A02 and A03.						
TIP	Exhibit B - A02 equal to B07: Compares Current Year Estimated column to a backup of A02. This audit is necessary to ensure that the historical detail records have not been adjusted. Records selected should net to zero.						
TIP	Requests for appropriations which require advance payment authority must use the sub-title "Grants and Aids". For advance payment authority to local units of government, the Aid to Local Government appropriation category (05XXXX) should be used. For advance payment authority to non-profit organizations or other units of state government, a Special Categories appropriation category (10XXXX) should be used.

TIP	If objects are negative amounts, the agency must make adjustments to Column A01 to correct the object amounts. In addition, the fund totals must be adjusted to reflect the adjustment made to the object data.						
TIP	If fund totals and object totals do not agree or negative object amounts exist, the agency must adjust Column A01.						
TIP	Exhibit B - A01 less than B04: This audit is to ensure that the disbursements and carry/certifications forward in A01 are less than FY 2018-19 approved budget. Amounts should be positive. The \$5,000 allowance is necessary for rounding.						
TIP	If B08 is not equal to A01, check the following: 1) the initial FLAIR disbursements or carry forward data load was corrected appropriately in A01; 2) the disbursement data from departmental FLAIR was reconciled to State Accounts; and 3) the FLAIR disbursements did not change after Column B08 was created. Note that there is a \$5,000 allowance at the department level.

TIP	Salaries and Benefits amounts entered using the OADA/C transactions must be thoroughly justified in the D-3A issue narrative. Agencies can run <b>OADA/OADR</b> from STAM to identify the amounts entered into OAD and ensure these entries have been thoroughly explained in the D-3A issue narrative.						
TIP	The issue narrative must completely and thoroughly explain and justify each D-3A issue. Agencies must ensure it provides the information necessary for the OPB and legislative analysts to have a complete understanding of the issue submitted. Thoroughly review pages 66 through 70 of the LBR Instructions.						
TIP	Check BAPS to verify status of budget amendments. Check for reapprovals not picked up in the General Appropriations Act. Verify that Lump Sum appropriations in Column A02 do not appear in Column A03. Review budget amendments to verify that 160XXX0 issue amounts correspond accurately and net to zero for General Revenue funds.						
TIP	If an agency is receiving federal funds from another agency the FSI should = $9$ (Transfer - Recipient of Federal Funds). The agency that originally receives the funds directly from the federal agency should use FSI = $3$ (Federal Funds).						
TIP	If an appropriation made in the FY 2019-20 General Appropriations Act duplicates an appropriation made in substantive legislation, the agency must create a unique deduct nonrecurring issue to eliminate the duplicated appropriation. Normally this is taken care of through line item veto.
