Issuing Authority:

The Florida PDMP Foundation, Inc. (Foundation) was established by the Florida Legislature in 2009 with the adoption of section 893.055(11), Florida Statutes. The statute was amended by the legislature in 2018 as 893.055(15). It is a Direct Support Organization (DSO) under contract to the Florida Department of Health (Department) under the Division of Medical Quality Assurance. During the 2017 legislative session the law was amended to continue the Foundation's operation from October 2017 to October 2027. It is a not-for-profit corporation created under Chapter 617, Florida Statutes, and is organized and operated as a tax-exempt organization under section 501(c) 3 of the Internal Revenue Code. Its board, of up to 11 members, is appointed by the State Surgeon General. The business of the Foundation is managed by the Board of Directors and its executive director.

Mission:

The mission of the Foundation is to provide assistance, supplemental funding, and promotional support for educational and outreach activities authorized by the legislature for the State of Florida Prescription Drug Monitoring Program known as E-FORCSE® (Electronic-Florida Online Reporting of Controlled Substances Evaluation).

Results:

Since its formation, the Foundation has raised over \$3M in supplemental restricted funds and federal grants for outreach and education programs to promote E-FORCSE® to health care practitioners and law enforcement officials. In fiscal year (FY) 2020-2021, the Foundation also contracted with the Department to implement sections of the Centers for Disease Control and Prevention's (CDC) Overdose Data to Action Grant (OD2A), a national opioid education program. Under the grant, it developed and produced a peer-to-peer course on best practices for the use of E-FORCSE® directed at prescribers and dispensers of controlled substances. The course was presented live at several conferences including the Florida Osteopathic Medical Association Region 2 Symposium: the Florida Podiatric Medical Association summer conference and the Florida Dental Convention. The course is also available online through the Florida Medical Association and CE Broker.

As part of its effort to assist the Department in its promotion of E-FORCSE® to practitioners and law enforcement officials the Foundation has provided funds to exhibit at state and regional conferences and trade shows. During the fiscal year, the Foundation/E-FORCSE® exhibit was presented at Florida Osteopathic Medical Association, Florida Police Chiefs Association, Florida Podiatric Medical Association, Pinellas County Osteopathic Medical Society, and the Florida Dental Association conferences. Because of COVID-19 other planned events to participate were cancelled or limited to virtual presentations.

Foundation board members and staff have also been very active in promoting support for E-FORCSE® as leaders within their professional associations, corporations, and educational institutions.

At the close of the current fiscal year, the Foundation had assets of over \$1.278M. The approved budget for FY 2020-2021 was \$111,900.

Background:

As a (DSO) to the E-FORCSE® program the Foundation continues to actively support with supplemental funds for controlled substance education programs for health care practitioners and law enforcement officials. This included presence at several state and regional health care and law enforcement conferences and trade shows.

The 2020-2021 board of directors continued with 11-members comprised of four physicians, an oral maxillofacial surgeon, two pharmacists and a government relations specialist who are also representatives of three of the country's largest national pharmacy chains, a corporate legal counsel with a background in nursing, a former dean of a college of osteopathic medicine and a county sheriff. Four of the board members also serve on their professional association executive boards and one is a past chair of a Florida regulatory board. In accordance with section 893.055(15), Florida Statutes, all board members are appointed by the State Surgeon General.

In addition to its support of E-FORCSE® outreach and education efforts the Foundation was involved in producing a peer-to-peer education program on the best practices for use of the E-FORCSE® database funded by \$250,000 from the OD2A grant. Working in cooperation with the Department, a committee developed the course content, selected the speakers, and marketed the course to health care practitioners registered to use the E-FORCSE® database and to health care organizations. The course covered the legislative intent of E-FORCSE®, the role of the Foundation, the legal and regulatory requirements for use of the database, the best practices for use of the database and prescribing and dispensing information that can be accessed from the database. Besides offering the course live to organizations the Foundation entered into an agreement with the Florida Medical Association to place the course online through its continuing medical education programs on its website. It is also available online through CE Broker.

With the Foundation's support to E-FORCSE®, doctor shopping has been reduced by over 90 percent since 2011. Additionally, through the Foundation's efforts and support, E-FORCSE® continues to be a major deterrent in reducing deaths due to overdose prescription drug-controlled substances.
