 PRIORITY #5

ISSUE TITLE: Reduce Waste Disposal Costs

SUMMARY:

This reduction relates to the reduction of trips made by Support Services to the incinerator and recycling center for the disposal of items at the Headquarters building and warehouse. This reduction may increase the need for record storage and create a backlog of records that have met retention schedules.

IMPACT OF REDUCTION: Moderate

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Reduce Office Supply Usage

SUMMARY:

This issue relates to reduced office supply purchases that are needed to support the work of department staff. Specifically, this issue relates to the purchases of paper, folders, letterhead, envelopes, toner, and other office incidentals for both staff at the Headquarters building and district offices. If staff do not have the necessary supplies to support their work efforts, this could lead to a reduction in productivity.

IMPACT OF REDUCTION: Moderate

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

 PRIORITY #34

IT COMPONENT? NO

ISSUE TITLE: Reduction to Contracted Legal Services

SUMMARY:

This issue reduces budget authority in the Contracted Legal Services appropriation category by 83%. The Contracted Legal Services appropriation category is used to contract for legal services to represent the department in various circuit and administrative court matters. Contracting for these services is critical to ensure the department receives adequate legal representation to effectively respond to lawsuits in conjunction with the existing Office of the General Counsel, which is staffed by three attorneys. Given the current workload in the office, and the specialized legal advice presently provided by outside counsel, the loss of this funding would create significant difficulties for the department.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Staff Reductions in Accounting

SUMMARY:

This recurring reduction eliminates 13 of the 15 positions in the Accounting Office. This reduction would significantly impact the department's ability to carry out its primary accounting functions, including:

- Accounts Payable: processing vendor, travel, purchasing card, and MyFloridaMarketPlace payments and effectively manage prompt payment compliance;
- Cash Management: daily cash and investment analysis, handling retailers' weekly sweep of bank accounts, and transferring profits to the Educational Enhancement Trust Fund (EETF); and
- Financial Reporting: calculating the transfer to the EETF accurately and timely and preparing monthly and annual financial statements required by law.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to

<u>EXEC LEADERSHIP/SUPPRT SVC</u>	<u>1602.00.00.00</u>
STATE FUNDING REDUCTIONS	33000000
STAFF REDUCTION IN PROCUREMENT MANAGEMENT	3301850

SUMMARY:

This reduction eliminates 5 of the 6 positions in Procurement Management. This would significantly impact the department's ability to select and contract for commodities and services.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Staff Reductions in Support Services

SUMMARY:

This reduction eliminates all 9 positions in Support Services. This would significantly impact the department-wide services performed by the division. Support Services provides Fleet Management, Property Management, Records Management, Mail Operations, Facilities Management, Warehouse Management, and oversees the building lease/subleases for the Headquarters building.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Reduce Support Services Operating Expenses

SUMMARY:

This issue reduces budget authority within Support Services that is used for travel and departmental paper purchases. Support Services' travel includes visits to the department's district offices for inventory reconciliation, vehicle inspections, surplus property transport, and to transport records to the department's Tallahassee warehouse for storage. Reducing these efforts could lead to inefficiencies, as the department will not have updated inventory and vehicle recordkeeping, and districts may have reduced storage due to the accumulation of documents that could be transitioned to the warehouse.

IMPACT OF REDUCTION: Significant

ISSUE TITLE: Eliminate Funding for LinkedIn Learning Online Training Resource

SUMMARY:

This reduction eliminates budget authority used to support the use of the LinkedIn Learning online training resource, which would significantly impact the training available to department employees. Currently, the department has two online training resources available - LinkedIn Learning and the Florida Department of Management Services' Learning Management System. If LinkedIn Learning were to be eliminated, the department would lose access to high-quality, engaging online learning content that is relevant to business operations. The training has the potential to impact employee performance, and in doing so impact overall contributions to education.

LinkedIn Learning provides access to thousands of courses on the following topics, including but not limited to: teamwork, professional development, project management, communications, marketing, sales, customer service, leadership, digital marketing, data analytics, cloud computing, business analysis, diversity, performance management, information

PRIORITY #27

ISSUE TITLE: Information Technology Consultant Reductions Supporting Software Development Systems, Websites, and the Business Accounting System

SUMMARY:

This recurring reduction eliminates a number of consultant resources used by the department to augment staffing with specialized skillsets that are not readily available or cost effective for the department to retain. The specific resources and associated impacts include:

- Eliminate the Database Analyst consultant working with the Software & Data Services team. This additional workload would be assigned to staff that are already overtasked and do not currently have the skillset for these duties.
- Eliminate the Oracle Developer consultant would negatively impact the department's ability to maintain and enhance applications written in Oracle Forms, specifically the Fortune prize payment system.
- Eliminates the WebSphere/Java Developer consultant. These services are needed to fully support, maintain and enhance the Lottery's websites and mobile application.
- Eliminate the consultant dedicated to the department's Business Accounting System. This reduction would create risk as the resource is responsible for installation, configuration, maintenance and enhancements to the architecture and ensures that security is properly administered within the application.
- Eliminates the consultants dedicated to building the backend infrastructure to communicate to the backend Web Content Management System.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

ISSUE TITLE: Reduce Travel and Training

SUMMARY:

This reduction relates to reduced travel and training for department staff. Discontinuing staff training may result in new staff not obtaining the skills and knowledge necessary to carry out their work tasks efficiently and effectively and will not allow for the additional development of existing employees. Specifically, this issue includes:

- Reduced training for Security Officers at the Florida Public Safety Institute, the FDLE Senior Leadership Program, CJIS Annual Training Symposium, and attendance at conferences including the Florida Intelligence Conference and the Florida Police Accreditation Coalition Conference;
- Reduced travel by district managers, contract managers and sales staff which could ultimately effect the confidence and presence of lottery personnel;
- Reduced training to provide Information Technology staff with specialized skills in support of the department's future cloud transition efforts; and
- Reduced travel to allow Accounting staff to attend system and other training;

AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 24-25 NARRATIVE:
 PRIORITY #9

IT COMPONENT? NO

ISSUE TITLE: Eliminate Gartner Research Costs

SUMMARY:

This issue eliminates budget authority that supports the department's access to vendor-neutral research, reports, analyst consulting, and advice in the Information Technology area. These resources also play an important part in the department's planning efforts related to the transition of infrastructure and applications to a cloud environment.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Staff Reductions in the Division of Security

SUMMARY:

This recurring reduction eliminates 12 positions in the Division of Security, which would have a negative impact on operations. The reduction could result in case openings and processing delays, impact the core security and business systems and day-to-day support of other business units with regards to business applications. This reduction could also impact timely completions of background checks for employees, vendors and retailers, building security and intelligence analysis.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

ISSUE TITLE: Staff Reductions in Sales

SUMMARY:

This reduction eliminates 42 Lottery Marketing Specialist positions in the district offices.

This reduction would result in a tremendous loss in the department's ability to efficiently and promptly pay prizes, thus creating negative player experiences. Customer satisfaction will diminish and a reduction of sales will increase. Player purchases of lottery tickets may decrease as they feel unable to receive timely payment of winning tickets which could directly impact sales and the transfer to the Educational Enhancement Trust Fund.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

 PRIORITY #47

IT COMPONENT? NO

ISSUE TITLE: Eliminate Funding for Draw Auditing Firm

SUMMARY:

This reduction eliminates budget authority used to support the department's contracted draw auditor. This firm audits terminal games and raffles, second chance drawings, and promotional events. This eliminates the Division of Security's ability to conduct draws and meet its draw management responsibilities outlined in Chapter 24, Florida Statutes.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

IT COMPONENT? NO

ISSUE TITLE: Eliminate Funding for the Maintenance of Draw Machines

SUMMARY:

This reduction eliminates budget authority used to support the maintenance of the department's draw machines. Without proper maintenance, draw machines will fail, impacting the integrity of draw games and likely resulting in decreased transfers in support of education.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

ISSUE TITLE: Reduce Funding for Prize Payment System

SUMMARY:

Reduces budget for the replacement of the department's current prize payment system that is more than ten years old and was developed internally. It is crucial that the system be replaced because the department has encountered technical issues that have impacted players. When interruptions arise it effects the Lottery's ability to validate claims and pay prizes and winners' ability to cash their checks.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Reduce Consulting Service Support

SUMMARY:

This issue reduces budget authority used to support consulting services that provide specialized assistance to information technology staff and provides consulting support for the WinTel Network. The vendor assistance is needed as the department transitions from the old Modular Smart Arrays (MSA) Storage Area Network (SAN) to the Nimble SAN. The budget authority is needed should there issues that require support assistance that department staff are unable to provide.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

ISSUE TITLE: Reduce Contracted Graphics Support

SUMMARY:

This issue reduces budget authority used to provide information technology support for the Apple devices used by the department's graphics staff. The contracted support includes technical support, data backup notifications monitoring, software updates and systems maintenances. The reduction represents 100% of the budget allocated for these services.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

ISSUE TITLE: Eliminate Purchase of Web Content Filter Software

SUMMARY:

This issue eliminates budget authority used to purchases licenses for web content filtering software. The software is used by the department's Information Security Management staff to filter Internet content. Eliminating the software would increase the likelihood of malicious code being introduced into the Lottery network.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

ISSUE TITLE: Eliminate Travel Funding for Failover Testing at Orlando Data Center

SUMMARY:

This issue eliminates budget authority used by Games Administration staff to travel to the Orlando Data Center to conduct failover testing. This is a critical activity that is necessary to ensure that the department's gaming system stays operational in the event of an emergency or unexpected shutdown of the primary data center.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

ISSUE TITLE: Discontinue Use of Information Technology Asset Management System

SUMMARY:

This issue eliminates funding for the department's information technology asset management system. Discontinuing the use of this resource would require the department to revert to old, manual asset management processes which could lead to assets not being properly accounted for and lead to potential future audit criticisms.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

ISSUE TITLE: Eliminate Travel to Headquarters for Gaming Contract Administrator

SUMMARY:

This reduction eliminates budget authority used to support travel to Headquarters for the gaming system contract administrator. The contract administration is assigned to the West Palm Beach district office. Travel to Headquarters is necessary throughout the year to meet with other agency staff and ensure effective contract monitoring.

IMPACT OF REDUCTION: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.
