Dear Governor DeSantis, President Albritton, and Speaker Perez,

Consistent with its statutory obligations, the Office of Election Crimes and Security (OECS) provides this annual report to update you on OECS's work. This annual report builds on the most recent interim report submitted on December 20, 2024. That interim report addressed fraud-related concerns specific to signature gathering efforts for proposed amendments to the Florida Constitution.

To be sure, the State of Florida remains a leader in election administration. The State makes it easy to register and to vote but makes it hard to cheat. Among other things, since 2018, the State has enacted and defended in the courts several omnibus election reform bills, such as SB 7066, SB 90, SB 524, and SB 7050, that ban ballot harvesting, strengthen safeguards for vote-by-mail voting, enhance transparency, add monitoring requirements for ballot intake stations, clean the voter rolls, and penalize bad actors whose efforts would otherwise undermine confidence in our elections. The results have been timely tabulation and reporting of election

results and, during the most recent general election, a turnout of 78.9%, which is the highest turnout in thirty years.

Secretary Byrd testified about Florida's success before the United States Congress on multiple occasions this past year. The Heritage Foundation and other states have similarly recognized Florida's efforts in recent years. *See, e.g.*, Heritage Foundation's Election Integrity Scorecard, <https://www.heritage.org/electionscorecard/pages/all-state-scores.html>; Mackenzie LaPorte, *Election efficiency: Comparing Florida & Arizona's vote count process*, <https://www.wfla.com/news/florida/election-efficiency-florida-vs-arizona-vote-count-process/> (Nov. 11, 2024) (quoting an Arizona representative who hopes to "fix" that state's election process "Florida style").

Created through SB 524 in 2022, OECS plays an integral role in the State's election integrity efforts. OECS investigates allegations of election irregularities, complaints, and crimes. To date, OECS has made thousands of criminal referrals to law enforcement, resulting in at least 25 felony election-related convictions; just this year more than a thousand referrals were made to law enforcement and other election officials. In addition, OECS has issued more than \$325,000 in civil election related fines since its inception; it collected more than \$200,000 this past year alone. Of note, Floridians Protecting Freedom, the proponents of proposed constitutional Amendment 4 during the 2024 election cycle, paid over \$186,000 in civil penalties for violations of Florida election laws. More fines for other proponents of ballot initiatives are expected as OECS continues to identify bad actors among the ranks of petition-gathering companies, some of which operate outside the State of Florida and thus make it difficult for OECS to investigate them.

Most recently, leading up to election day, OECS partnered with FDLE to form an "Elections Partners" group consisting of state agencies, federal agencies and state and federal law enforcement officials.<sup>1</sup> The group held multiple virtual planning and strategy meetings leading up to the 2024 general election. The group was able to coordinate and plan responses to potential election-day issues before election day. This coordination included a cyber-security component. On election-day, once an issue was identified, it was resolved through one of two OECS-maintained war rooms housed at the Florida Department of State, in Tallahassee, or through FDLE field offices located throughout the State. The result was timely communication and response to stakeholder concerns and a smooth election day and election night.

On election day, OECS also maintained a voter fraud hotline where members of the public could call with complaints or to seek assistance.

Finally, as the Legislature intended, OECS continues to play its part in improving election administration and election integrity. OECS has worked with five other states on memoranda of understanding to compare voter rolls so that it can better identify individuals who may have voted in more than one state during the same election. OECS also continues to seek

from the federal government access to databases that can help it better identify non-citizens on the voter rolls. The Florida Department of State, together with the Attorney General, has sued the U.S. Department of Homeland Security for access to these databases. And, as noted in the interim report, OECS has identified for the Legislature an area that needs legislative action: the collection and verification process for initiative petitions.

OECS looks forward to working with you to build on the State's success and addressing the challenges ahead.

Sincerely,

Annual Report to Legislature

January 15, 2025

## EXECUTIVE SUMMARY

Legislation creating the Office of Election Crimes & Security (“OECS”) (Chapter 2022-73, Laws of Florida) requires OECS to submit a report by January 15 of each year to the Governor, the President of the Senate, and the Speaker of the House of Representatives, detailing information on investigations of alleged election law violations or irregularities. *See* § 97.022(7)(a)-(e), Fla Stat. More broadly, that legislation also makes a commitment of technology, infrastructure, and resources to OECS to help conduct efficient and secure elections. OECS submits this Annual Report consistent with its obligations. This report builds on OECS’s last two reports,<sup>1</sup> which focused heavily on the issue of constitutional initiative petition fraud.

Specifically, the 2023 Annual Report noted that the last quarter of 2023 saw criminal allegations against more than 30 paid circulators associated with Floridians Protecting Freedom, Inc. (“FPF”), the organization sponsoring Initiative Petition 23-07 (Amendment to Limit Government Interference with Abortion). At the time, the allegations contained in the 2023 Annual Report affected over 1,500 electors in 35 counties. *See* 2023 Annual Report at 9-10. Since that time, OECS has continued to be inundated with allegations of fraud and other illegality on the part of FPF’s agents. These allegations were made by electors, Supervisors of Elections, and even FPF contractors, subcontractors and paid circulators, and have been corroborated by law enforcement. *See* 2024 Supplemental Interim Report at 3-12.

OECS therefore undertook its own investigation of the issue, as required by Florida law. *See* § 97.022(1)(b), Fla. Stat. (tasking OECS with “[i]nitiating independent inquiries and conducting preliminary investigations into allegations of election law violations or election irregularities in this state”). Based on the preliminary results of that investigation, the number of FPF paid circulators who have committed criminal activity in connection with Initiative Petition 23-07 has now grown to well over 100, affecting many thousands of Floridians. Unfortunately, the investigation also revealed that the procedures established by current law allowed thousands of fraudulent and otherwise invalid petition forms to be erroneously validated for Initiative Petition 23-07.

Although the abortion initiative was by far the most prolific in terms of the number and volume of complaints OECS received alleging fraud or illegal conduct during 2023 and 2024, it was not alone. The agents of political committees sponsoring other initiative petitions also engaged in petition fraud throughout Florida in the leadup to the 2024 general election. Since OECS’s creation in the middle of 2022, FDLE has made at least 17 arrests of Florida paid initiative petition circulators collecting on behalf of four different initiative petitions.<sup>2</sup> Hundreds of criminal investigations remain open and pending with law enforcement, and additional arrests are expected in 2025.

OECS submits this 2024 Annual Report to policymakers in the legislative and executive branches in advance of the upcoming legislative special and regular sessions to summarize its

preliminary findings and reemphasize the need for more effective regulation of petition circulation, verification of initiative petition forms, and enforcement mechanisms. OECS also highlights other areas of focus and provides a breakdown of cases it has received and investigated during 2024.

## **I. INITIATIVE PETITION FRAUD**

### **A. OECS INVESTIGATIONS OF ILLEGAL PETITION CIRCULATION ACTIVITY**

During late 2023 and throughout 2024, OECS received an unusually high volume of complaints from Supervisors of Elections and individual Florida electors concerning Initiative Petition 23-07. The allegations included reports of paid FPF petition circulators signing petition forms on behalf of deceased individuals, forging or misrepresenting elector signatures on petition forms, using electors' personal identifying information without consent, and perjury/false swearing. In the early months of 2024, several FPF paid circulators were arrested and charged with serious felonies. *See* App. E and F. In addition to the arrests, OECS opened hundreds of preliminary investigations into individual FPF paid circulators and several business entities involved in the collection of petitions on behalf of FPF. In Palm Beach County alone, between June 2024 and September 2024, OECS referred 60 FPF paid circulators to law enforcement for fraudulent petition gathering activity. *See* App. A. This unusually high-volume sparked concern and further action. As a result, in 2024, OECS devoted significant resources to fighting petition fraud, including a multi-county audit of verified signatures related to Initiative Petition 23-07. *See* 2024 Supplemental Interim Report at section III.

Although FPF and Initiative Petition 23-07 stood out in terms of volume and severity of complaints received by OECS, petition fraud was not isolated to the abortion initiative. In fact, to date, at least four initiatives have had at least one of their paid petition circulators arrested and charged with defrauding Florida voters. *See* App. E. As an example, OECS has identified at least 35 individual paid circulators who likely committed fraud against Florida voters while working for the Smart & Safe Florida, the political committee sponsoring the most recent recreational marijuana initiative petition (22-05). These suspected fraudsters submitted petitions across more than a dozen counties. Across the state, over 35,000 validated petitions came from the 35 suspected Smart & Safe fraudsters numbered over 35,000. In Palm Beach County alone, 23 fraudsters were identified by Supervisor of Elections Wendy Link. Supervisor Link was able to obtain voter declarations from many of her voters confirming the fraud, and that information was passed on to OECS and eventually referred to FDLE to open criminal investigations into each of the 23 circulators. *See* App. X. OECS has also received a number of credible fraud complaints resulting in arrests of individuals who circulated petitions on behalf of the Limited Authorization of Casino Gaming initiative (21-16) and the Legalizes Personal Use Marijuana for Adults Twenty-One or Older, Permits Adults to Cultivate Marijuana (21-17) ("first marijuana initiative") in 2021 and 2022.

Below is a summary of the illegal petition circulation activity OECS has investigated and referred for prosecution.

## 1. Illegal Compensation Scheme

Petition fraud has bedeviled legislators, Supervisors of Elections, and Florida electors since the Florida Constitution was revised to allow for constitutional amendment by initiative petition in 1968. Article XI, section 3, provides that this power “may be invoked by filing with the custodian of state records a petition containing a copy of the proposed revision or amendment, signed by a number of electors in each of one half of the congressional districts of the state, and of the state as a whole, equal to eight percent of the votes cast in each of such districts respectively and in the state as a whole in the last preceding election in which presidential electors were chosen.” Section 100.371, Florida Statutes, has regulated the petition circulation process since the 1970s, and the Florida Supreme Court has confirmed that “the legislature, in its legislative capacity, and the secretary of state, in his executive capacity, have the duty and obligation to ensure ballot integrity and a valid election process. Ballot integrity is necessary to ensure the effectiveness of the constitutionally provided initiative process.” *State ex rel. Citizens Proposition for Tax Relief v. Firestone*, 386 So. 2d 561, 566-67 (Fla. 1980).

However, bad actors in the petition circulation industry have consistently resisted Florida’s efforts to deter, detect, and punish fraud. As recently as 2010, justices on the Florida Supreme Court observed that there were “numerous examples of fraudulent practices on the part of initiative proponents.” *Browning v. Fla. Hometown Democracy, Inc.*, 29 So. 3d 1053, 1083 (Fla. 2010) (Polston, J., dissenting with an opinion in which Canaday, J., concurred). In 2019, the Legislature recognized that such fraud is strongly incentivized by sponsors paying circulators on a per-signature basis. It therefore enacted section 104.186, Florida Statutes, which made it a first-degree misdemeanor to compensate a petition circulator based on the number of petition forms gathered. Ch. 2019-64, § 4, Laws of Fla. The practice of paying per signature continued, however, so the Legislature increased the offense to a third-degree felony in 2022. Ch. 2022-73, § 28, Laws of Fla.

Unfortunately, Florida law was still insufficient to deter certain sponsoring political committees (or agents thereof) from compensating petition circulators based on the number of forms gathered. Take Initiative Petition 23-07, the petition circulation campaign for it was primarily, if not solely, conducted and overseen by PCI Consultants, Inc., a California-based corporation specializing in petition collection for ballot initiatives. Campaign finance reports show that FPF paid PCI Consultants over \$27 million in 2023 and 2024. *See* App. M. Criminal intelligence gathered by OECS, law enforcement, and the Office of Statewide Prosecutor strongly indicates that multiple subcontractors engaged by PCI Consultants paid individual circulators per petition collected, in gross violation of Florida law. At least one of these subcontractors advertised the illegal payment scheme on social media websites. *See* App. J and K. Similar illegal payment schemes were advertised related to the other initiatives. *See* App. AA. Other subcontractors better concealed the illegal payment scheme but have been accused of paying per signature by industry witnesses or petition circulators prosecuted for fraud. *See* App. N at 12, 18, 24; App. E. Competing petition circulation companies also reported credible evidence of FPF subcontractors paying per signature. *See* App. K. Subcontractors paid as high as \$10 per signature. *See* App. N at 18, 24; App. E (Harriel 1 at 7); App. J and K.

Accordingly, earlier in 2024, the Department made a demand for an immediate accounting of any and all petition forms and correspondence provided to FPF from subcontractors believed by OECS to have compensated FPF circulators per petition. *See App. J; see also* § 100.371(9), Fla. Stat. (requiring sponsors to “account for all petition forms used by their agents”); Rule 1S-2.009(8), F.A.C. FPF responded to the Department’s demand by claiming, among other things, that it does not have custody or control of *any* of the requested documents. *See App. J.* Ostensibly, all petition forms collected by FPF paid circulators and volunteers were submitted to PCI Consultants, not FPF, and then submitted by PCI Consultants to the Supervisors of Elections on behalf of FPF.

Florida law does not require sponsors’ contractors and subcontractors to comply with demands for accounting made by the Department of State, and PCI Consultants appears to have been less than helpful to Florida law enforcement agencies,<sup>3</sup> even when faced with a subpoena. The State’s ability to execute the subpoena has been hampered by the fact that PCI Consultants is not a registered business entity in Florida. Many of the subcontractors PCI Consultants worked with are not registered to do business in Florida, either. And unlike other states where constitutional amendments can be proposed by initiative petition, Florida has no state residency requirement for paid petition circulators. Consequently, many FPF paid circulators have few if any ties to Florida and list addresses in other, sometimes faraway, states. Some appear to be transient, going from state to state to do similar work. In fact, two paid circulators arrested for petition fraud in furtherance of Initiative Petition 23-07 also face charges for petition fraud in Kansas after leaving Florida. *See App. F.* The out-of-state residency of key suspects and witnesses has made for significant investigative challenges. FPF was able to delegate key aspects of its petition initiative activities to out-of-state entities, who then subcontracted with other individuals who were even further outside the reach of Florida authorities. These challenges made it incredibly difficult for investigators and law enforcement to investigate and prosecute subcontractors perpetuating petition fraud, let alone before the petition was certified for ballot placement.

## **2. Petition Circulator Fraud**

Despite these challenges, investigations have yielded a substantial amount of criminal intelligence. Law enforcement agencies acted on OECS referrals and developed additional criminal targets based on interviews of witnesses and defendants, and returns of documents, subpoenas, and search warrants. These investigations continue to demonstrate widespread petition fraud in connection with a number of initiative petitions. Fraud was incentivized by the illegal compensation scheme described above and came in various forms.

First, paid circulators submitted petition forms bearing the personal identifying information of deceased individuals in several counties. Supervisors have provided evidence to OECS that petition sponsors submitted petitions on behalf of more than 50 deceased Floridians. *See App. C and E.* One of the deceased had two petitions submitted by two different circulators on his behalf, as indicated by a letter from the deceased voter’s mother. *App. O.*

---

<sup>3</sup> It is OECS’s understanding that PCI Consultants has just recently begun turning over documents to Florida law enforcement officials. The matter remains ongoing.

Second, information received from multiple Supervisors of Elections and individual Florida electors also shows paid petition circulators committing perjury/false swearing. Under section 100.371(3)(a), Florida Statutes, a person may not collect signatures or initiative petitions for compensation unless the person is registered as a petition circulator with the Secretary of State. Section 100.371(5), Florida Statutes, requires paid petition circulators to attest that the petition was signed in their presence. However, investigations show a widespread practice of registered paid petition circulators distributing petition forms with pre-signed attestations to groups of unregistered circulators, who then obtain signatures outside the paid circulator's presence. *See* App. N (Salazar) at 18, 49; App. E (Humphreys). Both the unregistered circulators who circulated petitions for compensation and the registered petition circulators who hired them committed crimes, and petition forms collected in this manner are invalid. *See* § 100.371(11)(a)5., Fla. Stat. (“The supervisor may verify that the signature on a form is valid only if . . . [t]he signature was obtained legally, including that if a paid petition circulator was used, the circulator was validly registered . . . when the signature was obtained.”).

Third, investigations have revealed that petition circulators tampered with petition forms after they were signed and submitted by electors. Statements given under oath by at least one FPF circulator reveal that, prior to submitting completed forms, the subcontractor he worked for would use a website to verify personal identifying information. *See* App. N at 40-41. If the elector could be located but the petition form was incomplete (e.g., no address, date of birth, signature date), the subcontractor would fill in the missing information. *Id.* at 31.

Fourth, investigations indicate that some otherwise valid petition forms were obtained by fraud. According to the proffer of a circulator convicted of committing petition fraud in furtherance of Initiative Petition 23-07, at least one subcontractor instructed circulators to tell prospective signatories that the petition was “to keep the State of Florida from taking away women’s rights; that’s exactly what [the subcontractor] told us to tell people. Not necessarily abortion.” *See* App. N. This practice was corroborated by voter complaints. For instance, one Supervisor told the press that “[v]oters have contacted us and said, ‘You know, I signed something, but they [FPF petition circulators] didn’t really tell me that’s what it was for. They didn’t show them all the verbiage, you know, that was on the ballot.’ And so some were upset for that. We even investigated some, but the people weren’t still at that location.”<sup>4</sup>

The fifth and perhaps most concerning discovery is evidence of bulk identity theft—circulators using electors’ publicly available personal identifying information to complete dozens, hundreds, or even thousands of petition forms without ever circulating the petition. Section 100.371(11), Florida Statutes, requires Supervisors of Elections to verify electors’ identities based on four pieces of information: (1) name, (2) address, (3) voter registration number or date of birth, and (4) signature match. Outside of limited exceptions for domestic violence victims and “high-risk professionals,” each voter’s name, address, date of birth, and voter registration number are available in the voter extract file provided by the Division of Elections. This information can often

be found on the internet as well. OECS and FDLE investigations display a pattern where enterprising circulators obtain lists of personal identifying information, copy this information onto petition forms in bulk, and then forge signatures based on the electors' names. *See* App. E. In fact, a proffer from one FPF paid circulator indicates that an FPF subcontractor instructed and directed her to engage in bulk identity theft. *See* App. P. The only safeguard against bulk identity theft is the signature verification process, which is seriously flawed. *See* 2024 Supplemental Interim Report at section II; *infra* at section I.B. The pay-per-petition compensation model incentivizes this type of fraud by encouraging paid signature gatherers to turn in as many forms as possible.

OECS has received complaints from many Florida electors whose information was fraudulently submitted on forms for Initiative Petitions 23-07, 22-05, 21-16 and 21-17. Many complaints arose because some Supervisors of Elections notified electors when a petition form bearing their information was rejected. This in turn led electors to contact the Supervisor's office or OECS to report potential fraud. Understandably, many were angry, upset, and confused. *See* App. B.<sup>5</sup>

Supervisors of Elections have also provided a large number of credible complaints. *See* App. C and D. In fact, Supervisors of Elections in Martin County and Osceola County reported that members of their elections staff had their personal information misappropriated, and their signatures forged, on petition forms submitted by FPF paid circulators. *See* App. D. Similarly, the Duval County Supervisor of Elections reported to OECS that a member of his elections staff had her personal identification information misappropriated, and signature forged on petition forms submitted by a Smart & Safe circulator. *See* App. Z. Some of these fraudulent petitions accurately recorded aspects of the staff members' personal identifying information, indicating that the fraudsters may have copied this information onto the petition forms from the state voter file or another database.

These reports are corroborated by members of the petition circulation industry, including one of FPF's own agents. In late 2023, a circulator appeared at the R.A. Gray building in Tallahassee asking to speak with OECS. The circulator wanted to report what he believed to be petition fraud related to Initiative Petition 23-07. The circulator explained that he was the owner of a petition circulator business working to collect signatures for the purpose of qualifying the abortion amendment for ballot placement. The circulator's employees included eight FPF paid petition circulators, who the circulator suspected were engaged in a scheme to forge elector signatures on petition forms. The circulator brought over 600 petitions from eight different paid FPF circulators. The circulator believed some of the petitions to be fraudulent for several reasons. Those reasons included: at least one admission from an employee, the same handwriting for dozens of individual electors, incorrect dates of birth, names appearing to be in alphabetical order as if they were copied off a list, and signatures appearing to be forged, among other reasons. The circulator did not know which of the approximately 600 petitions were in fact fraudulent but suspected some to be so. OECS confirmed that each of the eight paid circulators in question were registered to circulate Initiative Petition 23-07. The information and paid circulator

names were immediately handed over to FDLE and the Office of Statewide Prosecution for criminal investigation. *See* App. I.

Investigations revealed that FPF's agents were aware of fraud perpetrated by their circulators. For instance, PCI Consultants, Inc., the main entity hired to collect petitions on behalf of FPF, flagged 35 petitions submitted by one of its circulators as forgeries. *See* App. G. Despite appearing on the "Do Not Buy" list described in the next paragraph, this circulator was used by FPF in nine Florida counties and had at least six other credible complaints filed against her by electors and other election officials. PCI Consultants reported this circulator to the Supervisor of Election for Hernando County, but petition forms submitted by the circulator were validated in five other Florida counties, leading OECS to believe that PCI Consultants did not give the same notice to those counties. On another occasion, the owner of one of PCI Consultants' subcontractors advised law enforcement that "many petitioners use Facebook, Instagram, and Yellow Pages" to obtain personal identifying information and commit bulk identity theft. *See* App. E.

Through the investigative work of its law enforcement partners, OECS has also learned of, and confirmed, the existence of a "Do Not Buy" list circulated in the petition gathering community. Based on information and belief, PCI Consultants maintains a copy of the list. Florida, unlike other states, has not made felons ineligible for paid petition circulation. The "Do Not Buy" list serves to give notice to entities or individuals that a particular circulator has either actively engaged in fraudulent petition gathering activities or has in the past been implicated in submitting fraudulent petitions. OECS was given access to a version of the list and confirmed that more than 55 paid circulators who submitted petitions for FPF were among those listed. These individuals accounted for over 8,800 validated abortion petition forms across the state. At least 18 paid circulators who submitted petitions for Smart & Safe were also among those listed.

Investigators have also uncovered the scope and methods of fraud in the course of prosecuting paid circulators who violated Florida election law. Four paid circulators who submitted abortion petitions on behalf of FPF have been arrested for petition fraud in connection with Initiative Petition 23-07 thus far. All four appear on the "Do Not Buy" list. Despite this, these four, and many others who are currently under active criminal investigation, were widely utilized by FPF in its petition gathering and submission operations. Three defendants have been convicted—one of whom was sentenced to a term of 25.8 months in the Florida Department of Corrections for petition fraud related to the abortion amendment. At least two defendants have indicated that many of the petitions they submitted were fraudulent or otherwise illegal. *See* App. E (Harriel 1); App. N (Salazar); App. P (Harriel 2). One of these defendants explained to prosecutors that it was "hard to get a hundred" petitions for Initiative Petition 23-07 in a day, yet the noticed that other circulators were "handing [in] stacks and stacks" and "collecting a thousand a day." App. N at 27, 42, 47. When asked if other circulators ever talked about using names of other people they found online, the defendant stated: "People did that a lot. They would just fill out, people would just--fake, fake, fake, because they didn't care." *Id.* at 45-46.

Another of these circulators testified that she was trained to commit bulk identity theft in furtherance of Initiative Petition 23-07, presumably by one of FPF's subcontractors. Her

instructions were to sign her name to petition forms, “[f]ive hundred at a time.” App. P (Harriel 2). Next, she would compile a list of registered voters using a website called Clustrmaps and the Department of State’s online voter information lookup portal. The circulator recorded electors’ first and last names, addresses, and dates of birth—“whatever needed to go on the form.” The circulator would then provide the signed forms and the list to her employer, presumably an FPF subcontractor. “And they would do the rest. They had their little organization where they would fill out all the stuff.” The circulator was compensated at a rate of \$5 per petition form in violation of Florida law. The circulator admitted that she did all this from the comfort of her home, without ever circulating the petition. *Id.* Nevertheless, Supervisors validated 37.5% of the petitions submitted under her name. While the proffer is heavily redacted, OECS anticipates investigations will reveal that additional circulators hired and trained by the same FPF subcontractor engaged in the same method of bulk identity theft in furtherance of Initiative Petition 23-07.

FDLE has arrested at least six paid circulators who submitted marijuana petitions on behalf of the two marijuana initiatives Sensible Florida (21-17) and Smart & Safe (22-05). Eighteen Smart & Safe circulators appear on the “Do Not Buy” list. Despite this, some of these individuals, and many others who are currently under active criminal investigation were widely utilized by Smart & Safe in its petition gathering and submission operations. App. E. One of these defendants explained to law enforcement investigators that he was paid \$400 per week for 0 to 100 signatures, with pay increasing every 50 additional signatures after 100. *See* App. E (Dworsky). Another Sensible Florida paid circulator testified that he attended trainings that taught him how to access opensource personal identification information. App. E (Brady). This defendant went on to say that he used this information to complete petitions fraudulently himself. *Id.* He was later located and arrested in Georgia for the bulk identity theft committed against Florida voters. *Id.*

Another Smart & Safe paid circulator told law enforcement that she found electors’ information, including their dates of birth, through their Facebook profiles. App. E. (Marrero). Another defendant explained that she allowed other people to use her circulator number and was paid for the petitions they completed. App. E. (Humphreys). That same defendant submitted a number of petitions that were completed in the names of individuals who were not registered Florida voters and appeared to be fictitious. *Id.* Another circulator submitted petitions on behalf of 23 deceased individuals in at least four counties. App. E. (Stone). That same circulator submitted petitions multiple times for at least three deceased individuals. *Id.*

Additional information about some paid petition circulators who have been arrested<sup>6</sup> for petition fraud is provided below:

**George Andrews - Pasco County case 2024CF000485**

OECS began investigating George Andrews, a paid circulator for the abortion petition (23-07), in the fall of 2023. He was arrested in early 2024. Initially, three Supervisors of Elections reported receiving a total of 29 fraudulent petition forms signed by George Andrews, an FPF paid

<sup>6</sup> This represents only a sampling of arrests of paid petition circulators.

circulator.<sup>7</sup> Law enforcement interviewed and confirmed with 10 Florida electors that they did not complete forms for Initiative Petition 23-07. Notably, electors confirmed that the personal identifying information was accurate, indicating use of a database and bulk identity fraud. Based on information and belief, the actual number of fraud victims is much higher. Andrews submitted a total of 1,906 abortion petitions across the state; 964 were invalidated. Following the tenth elector victim interview, law enforcement made the decision to bring charges against Andrews. He was charged with 20 felony counts: 10 counts of Criminal Use of Personal Identification Information under section 817.568(2)(a), Florida Statutes, and 10 counts of Signing Another Person's Name/Fictitious Name under section 104.185(2), Florida Statutes. All 20 felony counts were based on invalidated signatures on petitions related to Initiative Petition 23-07. Following Andrews' arrest, investigation into his fraud continued. Not long after his arrest, Andrews entered a guilty plea to all 20 felony counts. The Court sentenced Andrews to 25.8 months in the Florida Department of Corrections, where he remains as of the time of this report.

In addition to his Florida criminal case, Andrews has also been charged with 30 counts of felony petition fraud in the state of Kansas. *See* App. F. The Kansas charges remain pending.

OECS confirmed that in addition to 964 invalidated petition forms, Andrews also submitted 942 abortion petitions across 27 Florida counties that were validated. As part of its ongoing audit of validated petition, OECS has referred an additional 46 validated petitions to law enforcement to review for potential criminal investigation. As the OECS audit continues, OECS expects to identify additional victims of Andrews' petition fraud and make additional criminal referrals to FDLE in the coming months. OECS also learned that Andrews was listed on the "Do Not Buy" list that, based upon information and belief, is maintained by PCI Consultants, Inc. It is highly suspect that a person like Andrews was utilized by FPF and its contractor as a paid circulator and allowed to submit over 1,900 petition forms across the State of Florida.

**Jamie Johnson - Pasco County case 2024CF000487**

OECS began investigating Jamie Johnson, a paid circulators for the abortion petition (23-07), in the fall of 2023. She was arrested in the fall of 2024. Initially, four Supervisors of Elections reported receiving approximately 102 fraudulent abortion petitions signed by Johnson. During the investigation, Hillsborough County submitted another complaint against Johnson, alleging she submitted petitions in the name of at least five deceased Floridians. *See* App. C.

Law enforcement interviewed and confirmed with nine Florida electors that they did not complete forms for Initiative Petition 23-07. Notably, electors confirmed that the personal identifying information was accurate, indicating use of a database and bulk identity fraud. During the investigation, it was learned that Johnson and Andrews were roommates at the time they were FPF paid circulators. Johnson submitted two fraudulent petitions using the same victim information used by George Andrews. Johnson also submitted a fraudulent petition using the name of the husband of one of Andrews's victims. Following the ninth victim interview, law

<sup>7</sup> OECS later learned that an employee of the Osceola County Supervisor of Elections Office had a fraudulent abortion petition submitted in her name. George Andrews was the circulator listed on that petition.

enforcement decided to bring charges against Johnson for submitting fraudulent petitions on behalf of the Florida initiative sponsored by FPF, 23-07. Based on information and belief, the actual number of fraud victims was much higher. Johnson submitted a total of 1,647 abortion petitions across the state; 814 were invalidated. Johnson was charged with 20 felony counts: 10 counts of Criminal Use of Personal Identification Information under section 817.568(2)(a), Florida Statutes, and 10 counts of Signing Another Person's Name/Fictitious Name under section 104.185(2), Florida Statutes. The initial investigation focused on invalidated petitions, and all 20 felony counts were based on invalidated signatures for Initiative Petition 23-07. Johnson was unable to be located in Florida but was eventually arrested in Nebraska. *See App. F.* At that time, Florida officials learned that Johnson was also wanted in Kansas for 19 felony petition fraud charges. The Kansas Attorney General has announced his intention to bring Johnson to Kansas for prosecution. *See App. F.* Johnson's Florida case is ongoing.

OECS confirmed that in addition to the 814 invalidated abortion petitions, Johnson also had 833 abortion petitions validated across 22 Florida counties. As part of its ongoing audit of validated petitions, OECS has referred an additional 56 of Johnson's petitions to law enforcement to review for potential criminal investigation. OECS expects to identify additional victims of Johnson's petition fraud and make additional criminal referrals to FDLE.

OECS also learned that Johnson was listed on the "Do Not Buy" list that, based upon information and belief, is maintained by PCI Consultants, Inc. It is highly suspect that a person like Johnson was utilized by FPF and its contractor as a paid circulator and allowed to submit over 1,600 petition forms across the State of Florida.

*Andre Salazar - Sarasota County case 2024CF002716*

OECS began investigating Andre Salazar, a paid circulator for the abortion petition (23-07), in late 2023. He was arrested in early 2024. Initially, two Supervisors of Elections reported receiving a total of 33 fraudulent abortion petitions signed by Salazar. Law enforcement interviewed and confirmed with 12 Florida electors that they did not complete forms for Initiative Petition 23-07. Notably, electors confirmed that some of the personal identifying information was accurate, indicating use of a database and bulk identity fraud. Based on information and belief, the actual number of fraud victims is much higher. Salazar submitted a total of 1,585 abortion petitions across the state; 718 were invalidated. Law enforcement interviewed Salazar. Among other things, Salazar stated to law enforcement during his interview that he was employed for a period of time at a petition gathering company tasked with gathering and submitting abortion petitions, was paid \$10 per abortion petition submitted, and circulated the petition for compensation prior to registering as a paid FPF petition circulator. *See App. E and N.* Salazar also admitted that, after he became registered, he "would have other circulators get the petitions completed for him, but he would sign them, attesting that the petition was signed in his presence." This calls into question the validity of all validated petition forms submitted under Salazar's paid petition circulator number. *See* § 100.371(11)(a)5., Fla. Stat. ("The supervisor may verify that the signature on a form is valid only if . . . [t]he signature was obtained legally, including that if a paid petition circulator was used, the circulator was validly registered . . . when the signature was obtained.").

Following the interviews, law enforcement brought charges against Salazar. He was charged with 12 felony counts of Criminal Use of Personal Identification Information under section 817.568(2)(a), Florida Statutes. All 12 felony counts were based on invalidated signatures on petition forms related to Initiative Petition 23-07. Salazar entered a plea agreement and provided a proffer to the Office of Statewide Prosecution as part of the agreement.

*Donella Harriel - Martin County case 2024CF000424*

OECS began investigating Donella Harriel, a paid circulator for the abortion petition (23-07), in late 2023. She was arrested in 2024. Initially, three Supervisors of Elections reported receiving a total of 186 fraudulent abortion petitions signed by Harriel. Law enforcement interviewed and confirmed with six Florida electors that they did not complete forms for Initiative Petition 23-07. Notably, electors confirmed that the personal identifying information was accurate, indicating use of a database and bulk identity fraud. Based on information and belief, the actual number of fraud victims is much higher. Harriel submitted a total of 526 abortion petitions across the state; 314 were invalidated. Law enforcement interviewed Harriel. Among other things, Harriel stated to law enforcement during her interview that she was employed for a period of time at a petition gathering company tasked with gathering and submitting abortion petitions, was paid \$10 per abortion petition submitted, and was fired from the company for committing fraud. *See App. E.*

Following Harriel's interview, law enforcement interviewed the owner of the FPF subcontractor that fired her. He advised law enforcement of the following (*See App. E*):

- A company subcontracting with PCI Consultants, Inc., engaged his company to hire paid petition circulators to collect abortion petitions for the Amendment sponsored by FPF;
- PCI Consultants would review and validate the petition forms before submitting them to the Supervisors of Elections;
- Harriel was at one time an employee of his company, but "Harriel was fired and placed on Do Not Buy List that is maintained by PCI"; and
- He is aware that paid petition circulators engaged in fraud, often using Facebook, Instagram, Yellow Pages, and other internet sources to obtain personal identifying information of potential victims.

Following the interviews, law enforcement brought charges against Harriel. She was arrested for 10 felony counts: five counts of Criminal Use of Personal Identification Information under section 817.568(2)(a), Florida Statutes and five counts of Signing Another Person's Name/Fictitious Name under section 104.185(2), Florida Statutes. All 10 felony counts were based on invalidated signatures on petition forms related to Initiative Petition 23-07. Harriel pleaded guilty to five counts of Criminal Use of Personal Identification Information.

OECS confirmed that in addition to 314 invalidated abortion petitions, Harriel also submitted 212 abortion petitions across 18 Florida counties that were validated. As part of its

ongoing audit, OECS has referred an additional 31 validated abortion petitions to law enforcement to review for potential criminal investigation. OECS expects to identify additional victims of Harriel's petition fraud and make additional criminal referrals to FDLE.

*Natalie Marrero – Jackson County case 2023CF000614*

OECS began investigating Natalie Marrero, a paid circulator for the 2022 marijuana petition (22-05). She was arrested in 2023. Initially, the Jackson County Supervisor of Elections reported receiving a total of 12 fraudulent petition forms signed by Marrero. Law enforcement interviewed and confirmed with two Florida electors that they did not complete or sign any of the 12 petitions submitted in their names for Initiative Petition 22-05. Based on information and belief, the actual number of fraud victims is much higher. Marrero submitted a total of 2,111 marijuana petitions across the state; 967 were invalidated. Law enforcement interviewed Marrero's former coworker, who recalled Marrero saying that there were times when she (Marrero) would find people on Facebook and fill out petitions using their information. Law enforcement interviewed Marrero. App. E. Among other things, Marrero stated to law enforcement that she completed the petitions in the two electors' names because she needed the money, she was the only person who completed the petitions, she found the two electors' names on a friend's Facebook page, and she chose the two electors because their dates of birth were displayed on their Facebook profiles. Following the interview, law enforcement received four more petitions submitted by Marrero in the same two electors' names.

Following the interviews, law enforcement brought charges against Marrero. She was initially charged with 32 felony counts: 16 felony counts of Criminal Use of Personal Identification Information under section 817.568(2)(a), Florida Statutes, and 16 felony counts of False Swearing/Submission of False Voter Registration Information under section 104.011(1), Florida Statutes. In April 2024, Marrero pleaded no contest to three felony counts of Criminal Use of Personal Identification Information and all 16 counts of False Swearing/Submission of False Voter Registration Information.

*Jessica Humphreys – Santa Rosa County case 2024CF000156*

OECS began investigating Jessica Humphreys, a paid circulator for the 2022 marijuana petition (22-05), in early 2023. She was arrested in early 2024. Initially, the Escambia County Supervisor of Elections reported receiving a total of 39 potentially fraudulent petition forms signed by Jessica Humphreys, a Smart & Safe paid circulator. Law enforcement verified that 38 of those petitions were completed in the names of individuals who were not registered Florida voters and appeared to be fictitious. Later, the Santa Rosa County Supervisor of Elections provided law enforcement with a total of 183 petitions from Humphreys for Initiative Petition 22-05 that were marked as invalid for having non-voters or mismatched signatures. Law enforcement verified that at least 34 of those petitions were completed in the names of individuals who were not registered Florida voters and appeared to be fictitious. Based on information and belief, the actual number of fraud victims is much higher. Humphreys submitted a total of 3,980 marijuana petitions across the state; 2,064 were invalidated. Law enforcement interviewed Humphreys. Among other things, Humphreys stated to law enforcement that she was employed as a "lead" petition circulator working on the marijuana initiative, she was responsible for training new team members, she allowed team members not registered with the Department of State to distribute petitions under

her circulator number, she would then sign the petitions and turn them into her supervisor, and she was paid for the petitions filled out by the new team members.

Following the interviews, arrest warrants were obtained for Humphreys in Escambia and Santa Rosa Counties. In February 2024, Humphreys was charged in Santa Rosa County with 68 felony counts: 34 felony counts of Willfully Submitting False Voter Registration Information under section 104.011(2), Florida Statutes, and 34 felony counts of Signing Another Person's Name/Fictitious Name under section 104.185(2), Florida Statutes. The case is ongoing.

**Nelson Stone – Palm Beach County case 2023CF008916**

OECS began investigating Nelson Stone, a paid circulator for the first marijuana petition (21-17) and the casino gambling petition (21-16), in 2023. He was arrested in 2023. Initially, Palm Beach County Supervisor of Elections gave law enforcement a list of paid petition circulators who submitted petitions containing the names and signatures of deceased individuals. In investigating the petition circulators on that list, law enforcement verified that Stone submitted five marijuana petitions and one casino petition containing the information of five individuals who were deceased on the date Stone purportedly gathered their signatures. The individuals had been deceased anywhere from five to nine years before the petitions were supposedly signed. Law enforcement subsequently confirmed that Stone submitted more petitions containing the information of deceased individuals in additional counties. In total, law enforcement verified that Stone submitted petitions on behalf of 23 deceased individuals in at least four counties (Palm Beach, Orange, Broward, and Miami-Dade), and that Stone submitted petitions multiple times for at least three of those deceased individuals. Based on information and belief, the actual number of fraud victims is much higher. Stone submitted a total of 582 marijuana petitions and 2,333 casino gambling petitions across the state. Law enforcement interviewed Stone. Among other things, Stone stated that he was employed as a petition circulator with a base salary and incentives “to do well.”

Following the interview, Stone was arrested in Palm Beach County on five felony counts of Fraudulent Use of Personal Identification Information Concerning a Deceased Individual under section 817.568(8)(a), Florida Statutes. On September 4, 2024, Stone pleaded guilty to all charges and agreed to cooperate with the state of Florida in any follow-up investigations.

**Yenay Ramos – Broward County case 2024CF001438**

OECS began investigating Yenay Ramos, a paid circulator for the first marijuana petition (21-17), in 2023. Initially, the Miami-Dade County Supervisor of Elections gave law enforcement a list of paid petition circulators who submitted petitions containing the names and signatures of deceased individuals. The Broward County Supervisor of Elections subsequently gave law enforcement a similar list of petition circulators who submitted petitions containing the names and signatures of deceased individuals. In investigating the petition circulators on those two lists, law enforcement verified that Ramos submitted a total of 14 marijuana petitions containing the information of individuals who were deceased on the date Ramos purportedly gathered their signatures. Ten of those petitions were submitted to the Miami-Dade County Supervisor of Elections; four were submitted to the Broward County Supervisor of Elections. Based on information and belief, the actual number of fraud victims is much higher.

Ramos was charged with 14 felony counts of Fraudulent Use of Personal Identification Information of a Deceased Individual under section 817.568(8)(a), Florida Statutes. On June 18, 2024, Stone pleaded no contest to all charges.

**Haggi Amirally – Palm Beach County case 2024CF002332**

OECS began investigating Haggi Amirally, a paid circulator for the casino gambling petition (21-16), in early 2023. He was arrested in early 2024. Initially, the Palm Beach County Supervisor of Elections gave law enforcement a list of paid petition circulators who submitted various invalid petitions. In investigating the petition circulators on that list, law enforcement verified that Amirally submitted to the Palm Beach County Supervisor at least seven casino gambling petitions containing the information of individuals who were deceased on the date he purportedly gathered their signatures. Based on information and belief, the actual number of fraud victims is much higher. Of the 162 petitions Amirally submitted in Palm Beach County, 156 were deemed invalid.

Amirally was charged with seven felony counts of Fraudulent Use of Personal Identification Information of a Deceased Individual under section 817.568(8)(a), Florida Statutes. On August 1, 2024, Amirally pleaded guilty to all charges.

**Henos Joseph – Palm Beach County case 2024CF002334**

OECS began investigating Henos Joseph, a paid circulator for the casino gambling petition (21-16), in early 2023. He was arrested in 2024. Initially, the Palm Beach County Supervisor of Elections gave law enforcement a list of paid petition circulators who submitted various invalid petitions. In investigating the petition circulators on that list, law enforcement verified that Joseph submitted to Palm Beach County Supervisor at least 10 casino gambling petitions containing the information of individuals who were deceased on the date he purportedly gathered their signatures. Further investigation by law enforcement revealed that Joseph submitted to the Miami-Dade County Supervisor at least three casino gambling petitions containing the information of deceased individuals. Based on information and belief, the actual number of fraud victims is much higher. Joseph submitted a total of 1,358 casino gambling petitions across the state; 904 were invalidated.

Joseph was charged with 13 counts of Criminal Use of Personal Identification Information of a Deceased Individual under section 817.568(8)(a), Florida Statutes. Joseph recently entered a plea agreement on all counts

**Zachary Dworsky – Volusia County case 2023CF305624**

OECS began investigating Zachary Dworsky, a paid circulator for the FPF abortion petition (23-07) and Smart & Safe marijuana petition (22-05), in 2023. He was arrested in 2023. Initially, the Sumter County Supervisor of Elections reported one fraudulent marijuana petition submitted by Dworsky. Law enforcement interviewed and confirmed with the elector that she had not completed a form for Initiative Petition 22-05. The elector confirmed that it was not her signature on the petition and that no one had ever approached her to sign a petition for Initiative Petition 22-05. Following this interview, law enforcement contacted the OECS to determine whether Dworsky submitted petitions in other voter districts that were considered invalid. Law enforcement reviewed a spreadsheet showing that there were 32 invalid petitions submitted to the Volusia County Supervisor of Elections by Dworsky. Following interviews with these Florida

electors, law enforcement confirmed that 14 voters were victims of identity theft in Volusia County. The electors confirmed that the personal identifying information was accurate, indicating use of a database and bulk identity fraud. Based on information and belief, the actual number of identity fraud victims is much larger. Dworsky submitted a total of 3,984 petitions across the state; 2,438 were invalidated.

Following this discovery, law enforcement conducted a sworn interview of Dworsky. Dworsky stated that he was paid \$11.00 per hour “but technically on a sliding basis based on how many signatures were collected during the week.” App. E. He was paid \$400.00 per week for 0 to 100 signatures, with pay increasing every 50 additional signatures after 100. Dworsky also stated that after an individual completed a petition, the information was checked through Third Party Verification to determine if the individual was a registered voter. This suggests that contrary to Florida law, Dworsky may not have turned in all signed petitions. Though Dworsky had petitions signed by Volusia and Sumter County electors, Dworsky is located in Miami and stated that he traveled only as far as Jupiter to get signatures. *Id.*

Following the investigation, Dworsky was charged with 15 counts of Criminal Use of Personal Identification Information under section 817.568(2)(a), Florida Statutes, and 15 counts of Signing Another Person’s Name/Fictitious Name under section 104.185(2). Dworsky’s case is still pending.

**Colton Brady – Leon County case 2024CF002558**

OECS began investigating Colton Brady, a paid circulator for the first marijuana petition (21-17). In the fall of 2024, Brady was arrested in Fayette County, Georgia. Following communication with the Leon County Supervisor of Elections, law enforcement reviewed a list of petitions containing invalid names, addresses, and dates of births that were submitted to the Leon County Supervisor of Elections by Brady. Brady submitted numerous petitions for individuals whose signatures did not match and for deceased individuals. He submitted a total of 66 marijuana petitions to the Leon County Supervisor of Elections office under initiative petition 21-17, of which 49 were determined invalid. Law enforcement conducted investigations and interviews and concluded that Brady submitted at least four petitions for individuals who had not provided consent, permission, or authorization. This included one individual who died prior to the date the petition was completed.

Brady told law enforcement that he attended trainings that allowed him to discover how to access an opensource internet website housing personal identification information for Leon County electors. App. E. Brady admitted that he used this open-source internet website to access his victims’ personal identification information and complete fraudulent petitions. Brady was shown the petitions determined to be fraudulent and admitted that he completed them with the intent to commit fraud against those individuals for his own personal gain. *Id.*

Brady was charged with three counts of Criminal Use of Personal Identification Information under section 817.568(2)(a), Florida Statutes; one count of Criminal Use of Personal Identification Information Concerning a Deceased Individual under section 817.568(8)(a), Florida Statutes; and four counts of False Swearing, Submission of False Voter Registration Information under section 104.11(1), Florida Statutes. Brady’s case is still pending.

Brady has previously been convicted of several other felonies, including Grand Theft of a Motor Vehicle, Possession of Counterfeited Bank Bill, Burglary of a Dwelling, and Grand Theft (\$300-\$5,000).

**Krisharia Williams – Leon County case 2024CF000939**

OECS began investigating Williams, a paid circulator for the casino gambling petition (21-16), in 2023. She was arrested in April 2024. In the fall of 2023, the Leon County Supervisor of Elections provided law enforcement with a voter fraud complaint against Williams for submitting fraudulent petitions for Initiative Petition 21-16. Williams submitted 835 casino gambling petitions in Leon County alone; 709 were invalidated. Following this complaint, law enforcement reviewed a comprehensive list of petitions submitted by Williams containing invalid names, addresses, and dates of births. Williams submitted petitions for numerous individuals whose signatures did not match and deceased individuals. Upon further investigation, law enforcement determined that Williams submitted at least eight petitions for individuals without their consent, permission, or authorization. Williams also submitted two petitions with deceased individuals. Several of the electors interviewed stated that the birthdate provided on the petition was incorrect, several electors also stated that the address on the petition was incorrect. One of the electors whose identity was used submitted a notarized “Voluntary Affidavit” stating:

I never filled out the Constitutional Amendment Initiative Petition form that has been provided for my review. I can confirm without a shadow of a doubt that this petition was not filled out by me and that is confirmed because the handwriting & signature are undoubtedly not mine. Moreover in December of 2021 I was in the process of moving and I know for a fact that a petition regarding casino taxation wouldn't have been enough of a priority for me at the time to spend time completing. It's disheartening to learn that my information was used & my signature was forged without my knowledge. I'm happy to provide any other information to see to it that justice is served so that no one else has to experience this theft of personal information.

Williams was charged with eight counts of Criminal Use of Personal Identification Information under section 817.568(2)(a), Florida Statutes; two counts of Criminal Use of Personal Identification Information Concerning a Deceased Individual under section 817.568(8)(a), Florida Statutes; and 10 counts of False Swearing, Submission of False Voter Registration Information under section 104.11(1), Florida Statutes. Williams's case is still pending.

**Jill President – Leon County case 2024CF001123**

OECS began investigating Jill President, a paid circulator for the casino gambling petition (21-16), in 2023. She was arrested in April 2024. In the fall of 2023, the Leon County Supervisor of Elections provided law enforcement with a voter fraud complaint against President. President appeared to have collected petitions from more than one deceased individual for Initiative Petition 21-16. President submitted 1,212 petitions in Leon County alone; 1,138 were invalidated. President submitted at least 11 petitions for individuals who were deceased at the time the petition was signed. President was charged with 11 counts of Criminal Use of Personal Identification Information Concerning a Deceased Individual under section 817.568(8)(a), Florida Statutes and 11 counts of False Swearing, Submission of False Voter Registration Information under section 104.11(1), Florida Statutes. President's case is still pending.

## **B. OECS AUDIT OF VALIDATED PETITIONS**

As OECS began investigating complaints of bulk identity theft associated with the abortion petition (23-07) in 2023, OECS became concerned that a substantial number of forged or otherwise invalid signatures submitted by FPF were mistakenly validated by Supervisors of Elections. This concern grew as evidence and testimony was gathered by OECS and law enforcement agencies in the first two quarters of 2024. Evidence in some cases indicated that the arrested circulator did not submit any actual elector signatures, but rather forged or procured through fraud all of the signatures submitted. Yet when data was analyzed at the state level, OECS discovered that many forms submitted by these circulators were validated in multiple counties.

Consider the four arrested FPF petition circulators discussed in the previous section. Collectively, OECS received more than 25 complaints from electors and election officials about these four paid circulators. The allegations spanned 15 different counties. The complaints alleged that approximately 370 petitions were fraudulent and included at least 7 deceased individuals. At least two of these individuals confessed that they engaged in bulk identify theft and that most or all of the forms they submitted were fraudulent. Several of these individuals were listed on the “Do Not Buy” list discussed in the previous section. Yet, statewide data reveals that 2,854 petitions submitted by these four individuals were verified as valid and counted toward the total number and distribution of signatures required for ballot placement.

OECS therefore decided to conduct a multi-county audit of validated petition forms for the abortion amendment (23-07). See § 97.022(1)(b), Fla. Stat. (tasking OECS with “initiating independent inquires and conducting preliminary investigations into . . . election irregularities in this state”).

The preliminary results of the audit are contained in section II of the Supplemental Interim Report, filed on December 20, 2024, and hereby incorporated by reference into this Final Report. Some key figures:

- Thus far, OECS has reviewed and analyzed a total of 13,059 validated petition forms. OECS has determined that, at a minimum, 2,650 (20.3%) should not have been validated due to statutory deficiencies or a clear mismatch between the signature on the petition and any signature on file.
- While there is a wide range of invalidity rates between the three audited counties and sample sizes vary, on average, 25.4% of petition forms that were submitted by known or suspected fraudsters and validated by the Supervisor of Elections should have been rejected due to statutory deficiencies or a clear signature mismatch.
- In the one county where the audit was not limited to known or suspected fraudsters, OECS determined that 20.9% of petition forms that were validated by the Supervisor of

Elections should have been rejected due to statutory deficiencies or a clear signature mismatch.<sup>8</sup>

The audit is ongoing and has since expanded to petition forms validated for the 2022 marijuana petition (22-05) in addition to forms validated for the abortion petition (23-07).

OECS plans to analyze petition forms<sup>9</sup> in a variety of counties over the coming months, utilizing experts in the fields of statistics and forensic document examination. Audits of Alachua and Palm Beach Counties are scheduled for January 2025, with more counties to follow. To allocate resources efficiently auditors will review (1) all petition forms submitted by known or suspected fraudsters and (2) statistically significant samples of all petition forms submitted. Results will likely be published in supplemental reports on a rolling basis.

## II. LEGAL UPDATE

Protecting the vote has not come without battles. This section highlights some of the legal victories claimed by OECS and its partners during 2024.

### A. Appellate Update

The Office Statewide Prosecutor (“OSP”) has continued prosecuting convicted murderers and felony sexual offenders for registering and voting illegally in Florida elections using the State’s election system. When those prosecutions began, many defendants argued that OSP lacked jurisdiction to do so. Some South Florida trial courts credited those arguments and dismissed the charges. Other trial courts allowed the cases to proceed. The State appealed the trial court dismissals.<sup>10</sup> Meanwhile, the Legislature amended OSP’s enabling statute to clarify the circumstances under which it could prosecute voting crimes. Ch. 2023-2, § 1, at 1-3, Laws of Fla. In the appeals, the Attorney General’s Office argued that the change to the enabling statute applies in all pending cases. To date, all district appellate courts to consider the issue have agreed that the

---

<sup>8</sup> These results featured prominently in a series of lawsuits filed against the Secretary of State, multiple Supervisors of Elections, FPF, and others in October 2024. Plaintiffs argued that the abortion petition (23-07) failed to obtain the requisite number and distribution of signatures to qualify for the 2024 general election ballot. *See, e.g., Hoffman v. Barton*, No. 2024-CA-001745 (Fla. 2d Cir. Ct. Oct. 29, 2024). The lawsuits were voluntarily dismissed following the defeat of Amendment 4. Precedent from the First District Court of Appeal holds that such lawsuits are not rendered moot by the passage of the proposed constitutional amendment. *Floridians Against Expanded Gambling v. Floridians for a Level Playing Field*, 945 So. 2d 553, 556 (Fla. 1st DCA 2006); *see also Browning v. Fla. Hometown Democracy, Inc., PAC*, 29 So. 3d 1053, 1065 (Fla. 2010). Had Amendment 4 passed, the actual number and distribution of valid signatures likely would have been the subject of costly, protracted, and potentially embarrassing litigation for the Department of State and many Supervisors of Elections.

<sup>9</sup> These two initiatives were chosen to audit due to the number and volume of criminal complaints OECS received in 2023-2024. OECS continues to review and investigate any criminal allegations, related to the Gambling Initiative 21-16, and numerous arrests have been made. However, that initiative pre-dated the formation of OECS and, as a result limitations periods have run in some cases, or relevant records have been destroyed, making it a much more difficult initiative to audit. *See* §100.371(3), Fla. Stat. (“The supervisor shall retain the signature forms for at least 1 year following the election in which the issue appeared on the ballot or until the Division of Elections notifies the supervisors of elections that the committee that circulated the petition is no longer seeking to obtain ballot position.”) (emphasis added).

<sup>10</sup> One defendant also appealed a conviction following a jury verdict. *See Hart v. State of Florida*, 2D2023-0493 (Fla. 2d DCA March 7, 2023).

Statewide Prosecutor properly charged those voting crimes, and reversed trial courts that found otherwise. *State v. Miller*, 394 So. 3d 164 (Fla. 3d DCA 2024); *State v. Hubbard*, 392 So. 3d 1067 (Fla. 4th DCA 2024); *see also State v. Wood*, No. 3D22-1925, 2024 WL 4280618 (Fla. 3d DCA Sept. 25, 2024).<sup>11</sup>

OECS and its partners continue to investigate and prosecute voter ineligibility cases. To date, nearly all of the OECS ineligibility cases that have been filed have ended with a felony conviction, or are currently actively being litigated.<sup>12</sup> In addition to that, since inception, OECS has seen an increase of successful voter ineligibility prosecutions across the state by state attorney offices. OECS will continue to investigate these cases and hold ineligible voters and registrants accountable.

## **B. Administrative Litigation and Civil Fines**

Where authority exists, OECS has continued to investigate and hold accountable any groups or individuals violating Florida election laws. This includes issuing and defending the issuance of election related civil fines in administrative forums.

Under Florida law, a sponsor that collects petition forms or uses a petition circulator to collect petition forms serves as a fiduciary to the elector signing the petition form. *See* § 100.371(7)(a), Fla. Stat. The law requires each sponsor that collects petition forms to “promptly deliver[]” those petitions to the Supervisor of Elections within 30 days after the elector signs the form or be liable for a fine. *Id.*; Rule 1S-2.0091(2)(b), F.A.C. For each petition form that is delivered later than 30 days from the date the elector signed the form, the fine is \$50, or \$250 if the sponsor or petition circulator acted willfully. *See* § 100.371(7)(a)1, Fla. Stat. For each petition form that is not submitted to the Supervisor of Elections, the fine is \$500, or \$1,000 if the sponsor or petition circulator acted willfully. *See* § 100.371(7)(a)2, Fla. Stat.

Similarly, under Florida law, a third-party voter registration organization serves as a fiduciary to the applicant. *See* § 97.0575(5)(a), Fla. Stat. The law requires each third-party voter registration organization that collects voter registration applications to deliver those applications to the Division of Elections or to the supervisor of elections in the county in which the applicant resides within ten days or be liable for a fine. *See* § 97.0575, Fla. Stat. For each application that is delivered untimely, the statute provides for a fine of \$50 “per each day late up to \$2,500, for each application.” § 97.0575(5)(a)1., Fla. Stat. For each application that is collected before book closing but delivered after book closing, the fine is \$100 “per each day late, up to \$5,000, for each application.” § 97.0575(5)(a)2., Fla. Stat. For each application not delivered to the Division of Elections or to the supervisor of elections in the county in which the applicant resides, the fine is \$500 per violation. § 97.0575(5)(a)3., Fla. Stat.

<sup>11</sup> Two defendants have invoked the jurisdiction of the Florida Supreme Court. The Attorney General’s Office is opposing discretionary review in those cases. Similar cases are pending in the Second and Sixth Districts. *Hart v. State*, No. 2D23-0493 (fully briefed); *State v. Washington*, No. 6D23-2104 (argument held July 25, 2024).

<sup>12</sup> As mentioned earlier on, so far, trial court dismissals have resulted in reversals in favor of the State, at the appellate level.

As mentioned in the 2023 Annual Report, OECS successfully resolved multiple challenges brought by Hard Knocks Strategies, a third-party voter registration organization (“3PVRO”). *See* 2023 Annual Report at 8. The cases were referred to the Division of Administrative Hearings (“DOAH”). *Hard Knocks Strategies, LLC v. Florida Department of State*, 23-764 (Fla. DOAH Feb. 24, 2023); *Hard Knocks Strategies, LLC v. Florida Department of State*, 23-1088 (Fla. DOAH March 20, 2023). Shortly after the cases were referred to DOAH, Hard Knocks elected to pay the full amount of fines and voluntarily dismiss both cases against OECS. In similar fashion, in July of 2024, OECS denied an appeal of a \$26,000 fine issued to 3PVRO, Tides Advocacy – Poder Latinx. *See* App. R. After receiving the denial and notice of its DOAH rights, Tides Advocacy paid the \$26,000 fine in full to OECS. OECS has also this month recently issued multiple 3PVRO fine letters totaling more than \$50,000. Those fines will become due by February 2025.

Most recently, in November 2024, Floridians Protecting Freedom, Inc. (the sponsoring political committee to the Abortion Amendment 23-07), challenged a fine brought by OECS. The fine was based on information received from Supervisors of Elections and an FPF petition circulator, indicating that FPF violated section 100.371(7)(a), Florida Statutes, by failing to timely deliver petition forms in some cases and by failing to deliver the forms at all in others. The case was referred to DOAH in November 2024. *See Floridians Protecting Freedom, Inc. v. Department of State*, 24-4289 (Fla. DOAH Dec. 2, 2024). Shortly after the referral, FPF agreed to a favorable settlement with OECS, in which FPF agreed, among other things, to dismiss the DOAH action and pay \$164,000 to OECS. App. Q. In total for 2024, OECS issued three letters fining FPF for violations of Florida election laws. *See* App. I and Q. In 2024, alone, FPF paid OECS \$186,000 in civil fines for these election law violations. *See id.*

### **C. Criminal Convictions**

During 2024, OECS conducted preliminary investigations that uncovered hundreds of cases of election fraud related to the constitutional initiative process. *See supra.* Many investigations related to petition fraud are ongoing, but at least 17 paid petition circulators, working on behalf of four different initiatives have been arrested by FDLE since the creation of OECS. The Office of Statewide Prosecution has obtained convictions on a number of these individuals, and in some cases secured cooperation agreements<sup>13</sup> with criminal defendants. Although OECS devoted a large portion of resources in 2024 to constitutional initiative petition fraud, progress was made in other areas of the election code as well. In addition to the cases outlined in the above paragraphs, some of the 2024 highlights in other areas include:

- In April 2024, the State Attorney’s Office for the 11<sup>th</sup> Circuit (Miami-Dade) and FDLE announced the arrest of a noncitizen, charged with four voter-related felonies.
- In May 2024, FDLE announced the arrest of an ineligible sex offender who voted without having his voting rights restored.

---

<sup>13</sup> Law enforcement is obtaining valuable criminal investigative information from several of the defendants and in some cases agreements have been reached to testify truthfully against other co-conspirators or individuals higher up in organization that were involved in fraudulent schemes.

- In July 2024, FDLE announced the arrest of an ineligible sex offender who voted without having his voting rights restored.
- In August 2024, the State Attorney’s Office for the 18<sup>th</sup> Circuit (Brevard & Seminole) announced a no contest plea had been entered by a defendant for campaign finance violations related to the 2020 Florida Senate District 9 race.
- In fall of 2024, officials announced a guilty plea of a defendant who double voted in Alaska and Florida for several election cycles.
- Days before this report, OSP announced two illegal voting convictions, both cases originated from OECS.
- By the end of 2024 at least 10 OECS referred paid petition circulators had been convicted; at least 3 of those individuals entered into cooperation agreements with prosecutors and are providing the state information.

Overall, OECS investigations have assisted in more than 65 arrests for various Florida election crimes to date. At least 25 cases have resulted in criminal conviction. Of the known cases that have gone to a jury trial, all have resulted in guilty verdicts. OECS has also held political committees and 3PVROs accountable by issuing more than \$325,000.00 in civil fines for violations of the Florida Election Code. OECS has collected more than \$200,000.00 in civil fines in 2024 alone.

#### **D. Important Election Integrity Contributions**

Senate Bill 7050 was passed during the 2023 legislative session, and later codified as Chapter 2023-120, Laws of Florida. SB 7050 focused heavily on election integrity issues, and was a collaborative endeavor by Governor DeSantis, the Florida Legislature, the Florida Department of State and the Florida Supervisors of Elections. Among other things, the law added mandatory list maintenance deadlines, implemented signature matching training for election personnel, created “voting seasons,” and strengthened laws governing 3PVROs. Parts of SB 7050 were immediately challenged in federal court. OECS Director Andrew Darlington testified by way of written declaration in the federal trial, articulating the state interests behind certain provisions of the bill. *See App. V (Darlington Declaration)*. In addition to Director Darlington, a number of state attorneys testified in defense of SB 7050.

The Department of State has also gone on the offensive. Florida has robust voter roll maintenance procedures to identify registered voters who are not U.S. citizens. In September the Department of State sent a letter to the Biden Administration demanding access to certain citizenship data needed for list maintenance and investigative activities. *See App. S. (McVay Demand Letter)*. When the federal government refused the demand, Secretary Byrd authorized a lawsuit to be filed against the Secretary of Homeland Security, Alejandro Mayorkas. Attorney General Moody filed suit on behalf of Secretary Byrd in November of 2024, and the suit is currently pending in the U.S. District Court for the Northern District of Florida. *See State of*

*Florida et al v. Department of Homeland Security et al*, 24-cv-509 (N.D. Fla. Oct. 16, 2024); see App. Y (Copy of Complaint).

Florida has continued to investigate and make criminal referrals through OECS for instances of non-citizen voting. Two non-citizens have been arrested, and many others are under active criminal investigation. The Department updated its administrative rules to increase reporting requirements to deter and detect noncitizens attempting to vote. The rules were also updated to make it clear that federal agencies purporting to operate as voter registration agencies shall not do so without express approval from the Florida Secretary of State.

Additionally, Secretary Byrd provided testimony to the United States Congress multiple times in 2024 about Florida's election integrity efforts and issues surrounding noncitizen voting. In May, Secretary Byrd testified in front of the United States Committee on House Administration regarding American Confidence in Elections: Preventing Noncitizen Voting and Other Foreign Interference. The full testimony can be viewed at the following link: <https://www.youtube.com/watch?v=VeAZknNm7Fw> Then in September 2024, Secretary Byrd was invited back in front of the United States Committee on House Administration to provide testimony regarding American Confidence in Elections, previewing the 2024 General Election. The full testimony can be viewed at the following link: <https://www.youtube.com/watch?v=Eif2zfII1X8> Also in September, Secretary Byrd testified before the United States House of Representatives Judiciary Committee regarding noncitizen voting. The full testimony can be viewed at the following link: <https://www.youtube.com/watch?v=fsp2gG73aZQ> Secretary Byrd and his team have also met with other states interested in adopting Florida's model for successful election administration.

### **III. Third-Party Voter Registration Organizations (3PVROs)**

In the 2023 Annual Report, OECS highlighted issues related to 3PVROs. The 2023 Annual Report noted:

OECS ended 2022 and began 2023 with large numbers of complaints relating to fraud and other issues surrounding third-party voter registration organizations – these complaints included allegations that third-party voter registration agents, without consent, altered the political affiliation or voter registration information of a Florida voter; submitted voter registration applications in the name of deceased or fake individuals; filled out and submitted voter registration applications without consent of the voter; turned in large numbers of voter registration applications untimely (including some after book-closing deadlines); turned in voter registration applications to the wrong supervisor of elections; and forged voter registration applications in an attempt to avoid fines for late submissions.

2023 Annual Report at 7.

The passage of Senate Bill 7050 and its commonsense reforms, along with the litigation victory in the defense of Senate Bill 90,<sup>14</sup> has undoubtedly helped address some of the issues outlined in the 2023 Annual Report. The work, however, is not complete. OECS continues to receive reports of fraud and election law violations against 3PVROs.

For instance, one of the very individuals who was highlighted in the 2023 Annual Report, has re-emerged with allegations of an almost identical scheme in 2024. *See* App. U (Mark Earley report); *Cf* App. T (McVay referral to Campbell 2022). The 2024 allegations center on a 3PVRO collection agent (or agents) who allegedly submitted a large number forged or altered voter registration applications to Leon County Supervisor of Elections Mark Earley's office. Supervisor Earley suspected the voter applications were fraudulent based on a comparison of voter information on the forms with that on file with his office. Supervisor Earley suspects that the bad actors might be using third-party data or previously collected forms to fill out fraudulent applications. *See* App. U at 2. Earlier in 2024, a similar scheme was uncovered by a Supervisor of Elections. The allegations there centered on a significant number of voter registrations being submitted on behalf of what appear to be fictitious individuals. That investigation was forwarded to state and federal law enforcement and is under active investigation. OECS has also opened several investigations against 3PVROs that appear to have modified the dates on completed voter registration forms in attempt to avoid being issued a civil fine by OECS.<sup>15</sup>

Unfortunately, Supervisors of Elections and the Division of Elections continue to refer cases to OECS involving sloppy and negligent business practices by 3PVROs. These cases include instances of 3PVROs collecting voter registrations but failing to turn the registrations into election officials in a timely fashion as required by section 97.0575, Florida Statutes. In one instance, a 3PVRO agent lost 12 completed voter registrations on a public bus, subjecting a number of voters to potential disenfranchisement and identity theft. *See* App. AB.

During the fall of 2024, Supervisor Mark Earley notified OECS that a woman who showed up to vote was informed she was not on the voting rolls. The voter explained that she had registered with a 3PVRO several weeks prior. The voter was able to produce a receipt, a change that came about as part of SB 7050's 3PVRO reforms, to show the registration agent and 3PVRO that accepted the voter's application but did not turn it into election officials. That case remains under investigation. *See* App. W. A number of 3PVROs continue to turn voter registrations in late and violate other Department of State regulations.

Floridians place a great deal of trust in third-party voter registration organizations to collect their personal information and submit their voter registration in a timely manner. OECS will continue to vigorously penalize 3PVROs that violate Florida's election laws. Voter confidence is

<sup>14</sup> The SB 90 litigation was resolved with an order from the Northern District of Florida. *League of Women Voters of Florida Inc. v. Florida Secretary of State*, 716 F. Supp. 3d 1236 (N.D. Fla. Feb. 8, 2024). This case was decided on remand from the 11th Circuit. *See League of Women Voters of Florida Inc. v. Florida Secretary of State*, 66 F. 4th 905 (April 27, 2023).

<sup>15</sup> At least three such investigations for these allegations against 3PVROs and their agents are ongoing and in preliminary investigative stage.

damaged when 3PVROs and their collection agents show blatant disregard for the state laws. This cannot and will not be tolerated.

#### **IV. Report Detailing Information on Investigations of Alleged Election Law Violations or Irregularities**

Pursuant to requirements of section 97.022(7), Florida Statutes, this report must include the total number of complaints received and independent investigations initiated, and the number of complaints referred to another agency for further investigation or prosecution, including the total number of those matters sent to a special officer pursuant to section 102.091, Florida Statutes. The following tables summarizes these complaints:

Complaints Received	1918
Independent Investigations Initiated	512
Cases Referred to Another Agency	720
Cases Referred to Special Agents	509

For each alleged violation or irregularity investigated, this report must include the following details for each individual case: (a) source of alleged violation of irregularity; (b) the law allegedly violated or the nature of the irregularity reported; (c) the county in which the alleged violation or irregularity occurred; (d) whether the alleged violation or irregularity was referred to another agency for further investigation or prosecution and if so, to which agency; and (e) the current status of the investigation or resulting criminal case.

The following three tables (which precede the chart with case details) contain reference codes, descriptions and county codes used in the Detail Individual Case Report Chart

##### **Case Status Code**

<b>Status Code</b>	<b>Status Description</b>
Closed by OECS	Complaint closed by OECS due to either a) facially insufficient; or b) OECS conducted preliminary investigation and determined insufficient evidence exists for referral to law enforcement.
Closed/Declined by FDLE/SAO/SWP	The case was referred by OECS to law enforcement; however, law enforcement declined to pursue for any number of reasons including, but not limited to: insufficient evidence; unable to locate target; statute of limitations issue; target deceased.
Pending	OECS conducted preliminary investigation and referred the case to law enforcement for criminal investigation/prosecution. Law enforcement is doing one of the following: reviewing case,

	investigating case, has made arrest, or the case is awaiting charging decision.
Preliminary	OECS is in the process of conducting a preliminary investigation and will soon make a decision on whether to close the case or make a criminal referral.
Referred to DOE for list maintenance	OECS reviewed allegations and determined an election official should be notified to review the information to determine whether list maintenance activity should be conducted on the voter. <sup>16</sup> Law enforcement also notified if statute of limitations, not at issue.
Civil fine assessed	OECS reviewed and referred case to Supervisor of Elections and ultimately issued a civil fine to either a 3PVRO or political committee for a violation of Florida election law

### **Agency Abbreviation Code Table**

<b>Agency Code</b>	<b>Agency</b>
AG	Office of the Attorney General
DOE	Division of Elections
FDLE	Florida Department of Law Enforcement
FLE	Federal Law Enforcement
FLHSMV	Florida Highway Safety and Motor Vehicles
LSO	Local Sheriff's Office
OECS	Office of Election Crimes and Security
SAO	State Attorney's Office
SOE	Supervisor of Elections
SWP	Office of the Statewide Prosecutor

<sup>16</sup> Most cases with this status are 2020 or 2022 multi-state double voting cases, commingled with residency allegations. Some cases with this status may have statute of limitations issues, others may have insufficient documentation to support a criminal referral; however, based on the information OECS has been able to review it is prudent to have DOE provide the information to an election official so that residency can be confirmed on the voter to ensure appropriate list maintenance actions can be taken if the voter is no longer a resident of Florida. This helps to ensure Florida's rolls are as accurate as possible and serves as a preventative measure in case the individual does plan to vote multiple times in any future election.

## CONCLUSION

In sum, OECS has built on previous success and continues to grow. OECS thanks the Governor and Legislature for their continued support. Going into the 2024 presidential election, OECS was nearly fully staffed with only one vacancy. Given the fast growth and volume of complaints OECS handles, OECS began the year in need of a case management software solution. Thankfully, using funding provided by the Legislature, OECS was recently able to contract with a vendor to provide that much needed case management solution. OECS is expecting the case management system to be in place by early 2025. This will allow OECS to more efficiently and effectively process and track election related complaints.

Looking ahead in 2025, OECS expects to continue its work in the area of ineligible registrants and voters with a focus on murders, sex offenders, and noncitizens; continue to hold 3PVROs and their agents accountable for criminal acts or incompetence which subject Florida voters to disenfranchisement, continue to enter into additional memoranda of agreement<sup>1</sup> with more states to exchange publicly available voting data in order to penalize double voting and identify potential list maintenance action, and continue to build and develop relationships with law enforcement partners around the state.

Perhaps most importantly, OECS will also continue its efforts to counter initiative petition fraud by facilitating criminal investigations, conducting the professional audit described above, and making legislative recommendations. The Florida Constitution serves as the State's organic law. Altering that fundamental charter is a serious matter, and members of the executive and legislative branches of state government have a duty to ensure that the amendment procedures established thereby are strictly followed. See *State ex rel. Citizens Proposition for Tax Relief v. Firestone*, 386 So. 2d 561, 566-67 (Fla. 1980). As the Florida Supreme Court has long held, "The people of the state have a right to amend their Constitution, and they also have a right to require proposed amendments to be agreed to and submitted for adoption in the manner prescribed by the existing Constitution, which is the fundamental law. If essential mandatory provisions of the organic law are ignored in amending the Constitution of the state, and vital elements of a valid amendment are omitted, it violates the right of all the people of the state to government regulated by law." *Crawford v. Gilchrist*, 59 So. 963, 967-68 (1912). All should agree that there is no room for fraud when it comes to changing the Florida Constitution.

*Re: Palm Beach County Paid Petition Circulators / Initiative Petition 23-07, the  
Abortion Amendment (supplement to July 11, 2024 letter)*

Dear Andrew Watts, Special Agent Supervisor:

This letter is a supplement to the referral letter (attached hereto as Exhibit "1") submitted to you on July 11, 2024. As indicated in the July 11, 2024, letter, we have received some alarming information from the Palm Beach County Supervisor of Elections Office over the past several months regarding fraudulent constitutional initiative petitions received from Floridians Protecting Freedom, Inc. (the sponsoring political committee for Initiative Petition 23-07, the Abortion Amendment). Pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, Florida Administrative Code, the Office of Election Crime & Security ("OECS") has conducted preliminary investigations into the following allegations to determine if the alleged violation(s) warrant a criminal investigation referral to your office, as established by Rule 1S-2.025, Florida Administrative Code.

OECS has received credible information that the following petition circulators for Initiative Petition 23-07, have submitted suspected illegal petition form(s), in violation of section 100.371(5), section 104.011, and chapter 817, Florida Statutes:

As detailed in the attachments to this letter, the Palm Beach County Supervisor of Elections Office received petitions from Floridians Protecting Freedom, Inc. (the sponsoring political committee) who were identified as not actually having signed the initiative petitions. The Palm Beach County Supervisor then secured signed complaint forms from the individual voters attesting to the fact that they did not sign the petition forms submitted in their names. Some of the above-named circulators also signed petitions on behalf of individuals who were deceased at the time the petition was allegedly signed. The circulators appear to have forged the voters' signatures and inserted the voters' personal identifiable information into the petitions without consent. The petition forms indicate that the above-listed individuals are the paid circulators who collected the petitions. Our office will supplement this letter with all registration documents related to each of the individual circulators. All of the above-listed individuals are paid circulators for the Initiative Petition, 23-07.

The allegations contained in this letter concern only Palm Beach County. Given the volume of allegations in Palm Beach, as well as other Florida counties<sup>1</sup> OECS has previously referred to your office, OECS respectfully asks you to prioritize the resolution of this investigation.

---

<sup>1</sup> OECS has previously opened over seventy-five (75) investigations (and referred nearly all to FDLE) into individual paid petition circulators involved in the collection of petitions on behalf of Floridians Protecting Freedom, Inc.

Of the twenty-seven (27) individuals listed above, they account for 36,889 submitted petitions around the state, of which 26,089 were verified as valid. OECS is concerned that a substantial number of voter signature forgeries were submitted by Floridians Protecting Freedom, Inc. and verified as valid by the Supervisors of Elections.

Nothing in this referral letter should be interpreted to limit the scope of your investigation or the nature of any and all criminal charges your office uncovers.

Sincerely,

Additional information you'd like to provide with the complaint I received letter from SOE dated 1/25/23. I do not know what "petition" was submitted in my name. I don't recall signing any petitions. I did vote by mail in the November 2022 election. I called SOE on 1/30/23 and they could not provide me with any information about the Referendal petition. Therefore, this complaint is based on my recollection. If you provide me with copy of the petition or the signature, I will then be able to say more certainly if it was me or not.

By signing below, I attest that I did not sign or submit a petition to my best of my recollection.

Andrew,

Below is an email from my staff concerning potential fraudulent initiative petitions. Please take a look at the email below and the attachments. Can you give me a call at your earliest convenience? As always, thank you for your help.

Attached are three PDF files, one for each circulator, for Petition 2307 (Amendment to Limit Government Interference with Abortion) that contain invalid voter signatures. These three circulators were first identified by the Sponsor as having potentially fraudulent petitions. Upon validation of the petitions, they were all found to be invalid. Some of these circulators had petitions in several batches and the petitions from all the batches are included.

Summary:

Circulator	Valid	Invalid	Totals by Circulator
[REDACTED]	0	8	8
[REDACTED]	0	16	16
[REDACTED]	0	11	11

Thank you,

Ms. Renney and Mr. Van de Bogart –

On August 9 and 11, 2023, our staff processed the attached petitions submitted by [REDACTED] (Circulator Registration Number [REDACTED]) and [REDACTED] (Circulator Registration Number [REDACTED]). Our records indicate [REDACTED] and [REDACTED] are paid petition circulators with Floridians Protecting Freedom, Inc. – Amendment to Limit Government Interference with Abortion 23-07.

We have reason to believe there is potential fraud with the attached petitions. The two petitions received a disposition of “Signature Different” due to signature mismatch. The petitions were purportedly signed by [REDACTED]. [REDACTED] were sent signature update letters. Upon receiving her letter, [REDACTED] called our office to inquire why the letter was sent. It was explained that we received a petition that she purportedly signed that was rejected due to the signature not matching our records. [REDACTED] stated that she did not remember signing the petition, and stated that [REDACTED] avoid signing petitions. [REDACTED] asked if [REDACTED] could view the petitions in person. On September 8, 2023, at approximately 11 a.m., [REDACTED] came to our office and identified themselves by presenting their Florida Driver Licenses. After viewing the petitions, [REDACTED] affirmatively stated neither the signatures nor handwriting was theirs, and the petitions were completed without their knowledge.

Attached are copies of the initiative petition forms and the Circulator Batch Rollup for [REDACTED] and [REDACTED]. For petition 23-07, over half of each circulator’s petitions were deemed invalid by staff.

Today, September 27, 2023, we left a phone message for Mr. Raymer Maguire, Chairperson, and Gloria Maggiolo, registered agent / treasurer for Floridians Protecting Freedom, Inc., to notify them of the potential fraud. We informed both that we are submitting this information to you and our County Attorney, Jewel White, for referral to the State Attorney of the Sixth Judicial Circuit.

If you have any questions regarding the petitions, please contact me at (727) 464-5751. If you have any legal questions, please contact Ms. White at (727) 464-3354.

Good afternoon,

Please find attached copies of potentially fraudulent initiative petitions submitted to our office, along with a corresponding Excel spreadsheet containing additional details.

Column L in the spreadsheet contains an office-originated reason code for having pulled these particular petitions. The column contains either a "1" or a "2." A "1" in the L column indicates that the circulator was identified by the organization as potentially having submitted fraudulent petitions and that the signature in question did not match the voter signature on file. A "2" in the L column indicates that our office reviewed the signature in question (without receipt of information pertaining to the circulator from the organization) and it clearly did not match the voter signature on file.

Thank you for your assistance. If you have any questions or need any additional information, please let me know.

Sincerely,

Colleen O'Brien

I heard back from the Chief of Investigations this AM and he confirmed the subject has not yet been arrested but the warrant is active. [REDACTED] is the case agent assigned to the file, but I understand he was just recently promoted so he may be moving off the case in the near future at which time a new case agent will be assigned. As always, feel free to reach out to me with any questions or concerns.

SOE Davis,

It was nice to see you at the FSE Conference. An arrest warrant has been issued for the petition circulator you referred us who was forging abortion petitions in your county. I don't believe the subject has been located/arrested yet, but there is an active felony warrant outstanding. I believe the initial warrant is based on five felony counts and my understanding is that some, possibly all, of those individual victims are Martin County residents. I know you had hundreds of potential fraudulent petitions, so I don't know whether they plan to add more charges as investigation unfolds or what the plan is. I do have an email out to the head of investigations at FDLE requesting the contact info for the agent running point on the case. I told him that you reached out to me and may have some questions about the case. I will forward you the FDLE case agent contact info as soon as I receive and you can get the most up to date information from him. I will forward you any additional updates i receive on the case as well. I will be in touch soon.

EMAIL RECEIVED FROM EXTERNAL SOURCE

I had one voter who called but did not want to complete the form from the state. These are petitions that when we are verifying do not match the signature on file but they have some of the same characteristics within the signatures submitted by the petitioner. A lot of times voters do not want to file a complaint as long as the petition does not count. I was sending these to you as we noticed similarities in signatures by petitioner.

Let me know if you would like me to continue to send these or hold them until a voter files a complaint.

Thank you,

*Re: Office of Election Crimes and Security Referral for Criminal Investigation*

**Send Date: 3/3/2023**

**EFCID: 23-08**

**ECID: 3094**

**INDIVIDUAL ALLEGED:** [REDACTED]

**COMPLAINANT:** Katrina Hall, Sumter County Supervisor of Elections Office

To Whom It May Concern,

Pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, Florida Administrative Code, the Department of State, Office of Election Crimes and Security (OECS), has reviewed the enclosed Election Fraud Complaint (EFC 23-08) for facial legal sufficiency. The OECS has determined this complaint to be "facially sufficient" and "there is reason to believe elections fraud has occurred." Rule 1S-2.025, F.A.C.

Further, pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, F.A.C. the OECS has conducted a preliminary investigation into the following allegation to determine if the alleged violation(s) appear(s) to have occurred, warranting a criminal investigation referral to your office, as established by Rule 1S-2.025, F.A.C:

The complainant alleges that [REDACTED], paid petition circulator number [REDACTED] sponsored by Smart and Safe Florida's initiative 22-05 "Adult Personal Use of Marijuana," submitted a fraudulent petition for Sumter County voter, [REDACTED]. In the referral e-mail, Katrina Hall stated:

Office of Election Crimes & Security  
R.A. Gray Building, Suite 100 • 500 South Bronough Street • Tallahassee, Florida 32399  
850.245.6536 • 850.245.6127 (Fax) • [DOS.MyFlorida.com](http://DOS.MyFlorida.com)

“When a petition is rejected because the signature does not match the voters record, a letter is sent to the voter; this past month we have had four Sumter County voters come in questioning the letters they received, and each voter insisted they have not sign[ed] any petitions. When the voters were in the office, I pulled the petitions in question from retention, and all four voters confirmed that the signature on the petition was not signed by them (the voter).”

I spoke with Katrina Hall via phone call. She identified [REDACTED] as being one of the four voters who appeared in-office to report that she did not complete the filed petition. [REDACTED] has not since returned a completed DS-DE 153 “Complaint Against Petition Circulator” form to the Supervisor of Elections office as recommended and provided by Katrina Hall.

Additional records supplied by the Florida Division of Elections currently show a total of 1,074 “valid” or verified submitted petitions to 431 “invalid” or unverified submitted petitions recorded for the alleged. Further preliminary investigation revealed that the alleged, [REDACTED] is not a registered voter in the state, nor does the alleged have a record under this name or the self-reported permanent address in the Driver and Vehicle Information Database.

Upon further investigation, the OECS has reason to believe, per the evidence provided in the enclosed “complete preliminary investigation case file” (ECID 3094) that the following violation(s) appear(s) to have occurred:

- 104.011-- False swearing; submission of false voter registration information; prosecution prohibited.
- 104.185-- Petitions; knowingly signing more than once; signing another person’s name or a fictitious name.
- 817.155-- Matters within jurisdiction of Department of State; false, fictitious, or fraudulent acts, statements, and representations prohibited; penalty; statute of limitations.
- 817.568-- Criminal use of personal identification information.
- 817.569-- Criminal use of a public record or public records information; providing false information; penalties.

Please keep the OECS Case Manager assigned to this case, Kalen Mercer, e-mail: [Kalen.Mercer@dos.myflorida.com](mailto:Kalen.Mercer@dos.myflorida.com) apprised of further action, assignment, and outcomes associated with this referral (ECID 3094), as the OECS has a statutory obligation under section 97.022(7)(e), Florida Statutes, to report the current status of the investigation or resulting criminal case for this referral.

Thank you for your help to improve election integrity in Florida. “The best way to maintain ballot integrity is to investigate all credible allegations of election fraud and otherwise prevent fraud before it can affect an election.” *“Building Confidence in U.S. Elections § 5.1 (Sept.2005), (Carter-Baker Report).”*

Good Afternoon –

I wanted to send an email to express some concerns we have regarding the 22-05 ADULT USE OF MARIJUANA Initiative. Please see below:

1. When a petition is rejected because the signature does not match the voters record, a letter is sent to the voter; this past month we have had four Sumter County voters come in questioning the letters they received, and each voter insisted they have not sign any petitions. When the voters were in the office, I pulled the petitions in question from retention, and all four voters confirmed that the signature on the petition was not signed by them (the voter). Each voter was given the DS-DE 153 complaint form.

2. We had one petition that was signed by a deceased voter. The voter was marked as deceased in our system on 12.08.2016, and the petition was signed 11.18.2022.

3. On three petitions our office received, the Circulator Oath was signed by the wrong circulator (ex. [redacted] listed as the Paid Petition Circulator and it is signed by [redacted]).

4. Two petitions were submitted for one voter in the same batch – Petitions were signed two days apart, and the signatures on both petitions are very different (same circulator).

5. We have had numerous petitions rejected due to the signature of the voter being different. Several of these signatures and signature dates resemble the Paid Petition Circulators handwriting.

6. Out of 753 petitions that have been submitted for initiative 22-05 to Sumter County – 105 petitions are for voters we cannot find registered in the state of Florida; and 51 petitions have been rejected for their signature being different. To date we have had 227 petitions that have been rejected for the 22-05 initiative. We have had 10 petitions alone that were signed by voters in other states.

Moving forward, we would like to know how you would like us to document / report this information to the Division. Do we need to upload these petitions to the Division?

Any guidance you can provide would be greatly appreciated.

Kind Regards, Katrina Hall, MFCEP

Katrina,  
Thank you for following-up. Good timing. I called FDLE Supervisor yesterday evening and this was one of the topics on my list to discuss. I left voicemail, but expect to hear back from FDLE this morning and I also have a meeting scheduled with them next week on 2/14. It would be helpful if we (OECS) had copies of the petitions before that meeting. Whatever is the easiest in terms of delivery – works for me. Maria, I don't know if you also want copies or have any suggestions?

To answer your other question – yes, moving forward, please continue to report this type of activity to OECS. We will make sure it gets assigned to the correct FDLE agent and we will also work closely with the Statewide Prosecutors to see to it they have the documentation and information they need to bring formal charges. And again, as it relates to the uploading of petitions – whatever works best for you, works for us.

As soon as I get a name of the FDLE agent assigned to the matter – I will introduce the two of you through email so that if they have additional questions or need additional documentation, they have a contact at the SOE office.

Brad –

Yes, we would love to provide you copies of the petitions in question; would it be okay to upload through the File Transfer Utility? Also, if we upload through the File Transfer Utility would it be helpful to send a detailed email explaining the petitions? We want to be as helpful as possible.

Thank you for your quick response,

Katrina,

Thank you for following-up. Good timing. I called FDLE Supervisor yesterday evening and this was one of the topics on my list to discuss. I left voicemail, but expect to hear back from FDLE this morning and also have a meeting scheduled with them next week on 2/14. It would be helpful if we (OECS) had copies of the petitions before that meeting. Whatever is the easiest in terms of delivery – works for me. Maria, I don't know if you also want copies or have any suggestions?

To answer your other question – yes, moving forward, please continue to report this type of activity to OECS. We will make sure it gets assigned to the correct FDLE agent and we will also work closely with the Statewide Prosecutors to see to it they have the documentation and information they need to bring formal charges. And again, as it relates to the uploading of petitions – whatever works best for you, works for us.

As soon as I get a name of the FDLE agent assigned to the matter – I will introduce the two of you through email so that if they have additional questions or need additional documentation, they have a contact at the SOE office.

EMAIL RECEIVED FROM EXTERNAL SOURCE

Good Afternoon –

I wanted to send an email to express some concerns we have regarding the 22-05 ADULT USE OF MARIJUANA Initiative. Please see below:

1. When a petition is rejected because the signature does not match the voters record, a letter is sent to the voter; this past month we have had four Sumter County voters come in questioning the letters they received, and each voter insisted they have not sign any petitions. When the voters were in the office, I pulled the petitions in question from retention, and all four voters confirmed that the signature on the petition was not signed by them (the voter). Each voter was given the DS-DE 153 complaint form.
2. We had one petition that was signed by a deceased voter - The voter was marked as deceased in our system on 12.08.2016, and the petition was signed 11.18.2022.
3. On Three petitions our office received, the Circulator Oath was signed by the wrong circulator (ex. [REDACTED] is listed as the Paid Petition Circulator and it is signed by [REDACTED]).
4. Two petitions were submitted for one voter in the same batch – Petitions were signed two days apart, and the signatures on both petitions are very different (same circulator).

5. We have had numerous petitions rejected due to the signature of the voter being different. Several of these signatures and signature dates resemble the Paid Petition Circulators handwriting.
6. Out of 753 petitions that have been submitted for initiative 22-05 to Sumter County – 105 petitions are for voters we cannot find registered in the state of Florida, and 51 petitions have been rejected for their signature being different. To date we have had 227 petitions that have been rejected for the 22-05 initiative. We have had 10 petitions alone that were signed by voters in other states.

Moving forward, we would like to know how you would like us to document / report this information to the Division. Do we need to upload these petitions to the Division?

Any guidance you can provide would be greatly appreciated.

Kind Regards,

*Re: Office of Election Crimes and Security Referral for Criminal Investigation, Prior or  
Additionally Referred*

**SEND DATE: 3/2/2022**

**EFCID: 23-09**

**ECID: 3090**

**INDIVIDUAL ALLEGED:** [REDACTED]

**COMPLAINANT: Julie Marcus, Pinellas County Supervisor of Elections**

**PRIOR/ADDITIONALLY REFERRED: State Attorney's Office, 6<sup>th</sup> Judicial Circuit**

To Whom It May Concern,

Pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, Florida Administrative Code, the Department of State, Office of Election Crimes and Security (OECS), has reviewed the enclosed Election Fraud Complaint (EFC 23-09) for facial legal sufficiency. The OECS has determined this complaint to be "facially sufficient" and "there is reason to believe elections fraud has occurred." Rule 1S-2.025, F.A.C.

Further, pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, F.A.C. the OECS has conducted a preliminary investigation into the following allegation to determine if the alleged violation(s) appear(s) to have occurred, warranting a criminal investigation referral to your office, as established by Rule 1S-2.025, F.A.C.

The complainant alleges that [REDACTED] paid petition circulator number [REDACTED] sponsored by Smart and Safe Florida's initiative 22-05 "Adult Personal Use of Marijuana," submitted "21 petitions receiv[ing] a disposition of "Signature Different" due to signature mismatch". Matt Smith, General Counsel representing Julie Marcus, Supervisor of Elections

claims in the referral email, "we have reason to believe there is potential fraud with the attached petitions."

The batch of petitions submitted by the alleged and processed by the Pinellas County Supervisor of Elections Office range in "date signed" from 11/02/2022-11/04/2022. In addition to the signatures on the petitions not matching when compared to the signature images available on file for each voter, the handwriting supplied in the "date signed" fields on both the "Voter's Information" and "Petition Circulator's Information" portions of the petition form appear to be similar.

Finally, the Pinellas County Supervisor of Elections Office supplied valid-to-invalid petition batch processing data revealing that out of 113 total petitions collected by [REDACTED] it appears that only 20 petitions processed in total were deemed "valid". Additional records supplied by the Florida Division of Elections currently show a total of 122 "valid" or verified submitted petitions to 208 "invalid" or unverified submitted petitions.

According to information we have obtained regarding this EFC, it is our understanding that this complaint has been prior or additionally referred to the following state agency (or agencies): State Attorney's Office, 6<sup>th</sup> Judicial Circuit.

- Primary point of contact for SAO case correspondence has been Jim Lenas, [REDACTED] [REDACTED] Additionally, Adam McGill Ross has been in contact regarding the case.

To ensure case work is not duplicative, we encourage FDLE to work with the additional referral agency (or agencies) directly to investigate and resolve the case. As a courtesy, we have enclosed our "complete preliminary investigation case file" (ECID 3090) regarding this matter. Per the evidence provided, we believe that the following violation(s) appear(s) to have occurred:

- 104.011 False swearing; submission of false voter registration information; prosecution prohibited.
- 104.185 Petitions; knowingly signing more than once; signing another person's name or a fictitious name.
- 817.155 Matters within jurisdiction of Department of State; false, fictitious, or fraudulent acts, statements, and representations prohibited; penalty; statute of limitations.
- 817.568 Criminal use of personal identification information.

Please keep the OECS Case Manager assigned to this case, Kalen Mercer, e-mail: [Kalen.Mercer@dos.myflorida.com](mailto:Kalen.Mercer@dos.myflorida.com) apprised of further action, assignment, and outcomes associated with this referral (ECID 3090), as the OECS has a statutory obligation under section 97.022(7)(e), Florida Statutes, to report the current status of the investigation or resulting criminal case for this referral.

Thank you for your help to improve election integrity in Florida. *Re: Office of Election Crimes and Security Referral for Criminal Investigation*

Send Date: 2/17/2023

EFCID: 23-06

ECID: 3088

INDIVIDUAL ALLEGED: [REDACTED]

COMPLAINANT: Mark S. Earley, Leon County Supervisor of  
Elections

To Whom It May Concern,

Pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, Florida Administrative Code, the Department of State, Office of Election Crimes and Security (OECS), has reviewed the enclosed Election Fraud Complaint (EFC 23-06) for facial legal sufficiency. The OECS has determined this complaint to be "facially sufficient" and "there is reason to believe elections fraud has occurred." Rule 1S-2.025, F.A.C.

Further, pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, F.A.C. the OECS has conducted a preliminary investigation into the following allegation to determine if the alleged violation(s) appear(s) to have occurred, warranting a criminal investigation referral to your office, as established by Rule 1S-2.025, F.A.C:

The complainant alleges that [REDACTED] paid petition circulator number 53562 sponsored by Smart and Safe Florida's initiative 22-05 "Adult Personal Use of Marijuana," submitted a petition for a deceased voter, [REDACTED]. The signed date on the petition form is signed after the date the voter was deceased. Administrative records provided by the Florida Division of Elections from the Florida Voter Registration System (FVRS) were utilized by the Leon County Supervisor of Elections (LCSOE) office for standard list maintenance procedures

Office of Election Crimes & Security

to administratively remove [REDACTED] on August 12<sup>th</sup>, 2022. The petition allegedly signed by [REDACTED] was received by LCSOE office on October 26<sup>th</sup>, 2022, however, the date of "signature" was September 29<sup>th</sup>, 2022, over one month after the date of death, reported as [REDACTED]

Mr. Earley alleges that [REDACTED] misrepresented the information on the petition form. Further, after conducting an internal investigation into all petitions submitted by [REDACTED] to the LCSOE office, Mr. Earley alleges that those petitions have a "higher than average" rejection rate.

Upon further investigation, the OECS has reason to believe, per the evidence provided in the enclosed "complete preliminary investigation case file" (ECID 3088) that the following violation(s) appear(s) to have occurred:

- 104.011 False swearing; submission of false voter registration information; prosecution prohibited.
- 104.185 Petitions; knowingly signing more than once; signing another person's name or a fictitious name.
- 817.155 Matters within jurisdiction of Department of State; false, fictitious, or fraudulent acts, statements, and representations prohibited; penalty; statute of limitations.
- 817.568 Criminal use of personal identification information.
- 817.569 Criminal use of a public record or public records information; providing false information; penalties.

Please keep the OECS Case Manager assigned to this case, Kalen Mercer, e-mail: [Kalen.Mercer@dos.myflorida.com](mailto:Kalen.Mercer@dos.myflorida.com) apprised of further action, assignment, and outcomes associated with this referral (ECID 3088), as the OECS has a statutory obligation under section 97.022(7)(e), Florida Statutes, to report the current status of the investigation or resulting criminal case for this referral.

**VIOLATION:** If you believe any irregularities or fraud involving voter registration or voting, or candidate or issue petition activities have been committed, please state the specific acts committed by the person or entity named in this complaint.

On October 26, 2022 the Leon County Supervisor of Elections (LCSOE) received a submission of petitions collected for Smart & Safe Florida's initiative 22-05 "Adult Personal Use of Marijuana." This submission contained a petition for a deceased voter. The signed date on the petition form is signed after the date the voter was deceased.

**STATEMENT OF FACTS**

State in your own words exactly what happened. Please include details such as what happened, where the events or acts happened, when they happened (including dates and times), what you were told, who spoke to you and to whom you spoke, what you agreed or did not agree to, and who else saw or knows about what happened. Include the names, addresses and phone numbers of relevant persons. Also, give any reasons why you feel that the person or entity against whom you have brought this complaint knew that his or her actions were wrongful. The more specific information that you provide to us, the better we will be able to assist you.

\_\_\_\_\_ voter registration number \_\_\_\_\_ is deceased as of \_\_\_\_\_. On August 12, 2022, the Leon County Supervisor of Elections (LCSOE) was notified by the Division of Elections of the following: "Voter Deceased per Information from FVRS - Date of Decease: \_\_\_\_\_ Certificate Number: \_\_\_\_\_" \_\_\_\_\_ was removed from the Florida Voter Registration System on August 12, 2022. On October 26, 2022 the LCSOE received a submission of constitutional initiative petitions for amendment 22-05 "Adult Personal Use of Marijuana" sponsored by Smart & Safe Florida. Within that submission was a petition allegedly signed by \_\_\_\_\_ however the signed date was September 29, 2022, a full month after \_\_\_\_\_ had passed away. All of the information on the petition form matches \_\_\_\_\_ record in the Florida Voter Registration System. The petition in question was collected by a paid petition circulator, \_\_\_\_\_ Circulator's Number \_\_\_\_\_. The LCSOE rejected the petition as invalid on October 31, 2022 because \_\_\_\_\_ is no longer eligible to vote due to being deceased. LCSOE now refers this incident to the Division of Elections and law enforcement agencies to investigate the possibility that the paid petition circulator \_\_\_\_\_ misrepresented the information on the petition form. Initial investigation by LCSOE shows that \_\_\_\_\_ has a higher than average rejection rate, and in at least 28 other cases collected petitions from ineligible voters, though not all of those were deceased. Before me, \_\_\_\_\_, Judge of the Sixth Judicial  
Circuit in and for Pasco County, Florida, personally appeared,  
Inspector Leslie Pulling of the Florida Department of Law  
Enforcement, who, being first sworn, deposes and says:

Your Affiant, Leslie Pulling, has been a member of the Florida Department of Law Enforcement (FDLE) since 2001. Your Affiant was a sworn special agent for 14 years and has been a sworn inspector for 1 year. Your Affiant has worked in various divisions within FDLE to include, The Florida Fusion Center, Evidence Division, Public Assistance Fraud (PAF), Economic Crimes Squad, Major Case squad, Organized Crime squad, Cyber and High-Tech Crimes Squad, and is currently assigned to the Election Crime Unit. Your Affiant has attended several seminars, conferences, and schools providing training for conducting investigations of fraud-related offenses. Your Affiant has attended several seminars providing training for conducting election crime investigations. The following is a list of courses where your Affiant has received training and gained a level of proficiency: International Money Laundering Investigations; Federal & State Approaches to

Fraud, Schemes, and Other Financial Crimes; Conspiracy Investigations; and the FBI-LEEDA Identity Theft Summit.

Your Affiant is empowered to conduct investigations of violations of the criminal laws of the State of Florida, including those enumerated in Chapters 104 and 817, pertaining to petition fraud and criminal use of personal identification information. Your Affiant believes that the laws of the State of Florida have been violated, specifically those laws enumerated in Chapters 817.568(2)(a), Criminal Use of Personal Identification Information, and 104.185(2) Knowingly Signing Another Person's Name or a Fictitious Name on a Petition.

In investigating this case, Your Affiant reviewed records provided by the supervisors of elections, collected witness statements and conducted interviews, and your Affiant has also conducted follow-up investigation. This case is being prosecuted by the Florida Attorney General's Office, Office of Statewide Prosecution.

The investigation is aggregated and summarized as follows:

During the period of August 10, 2023, through October 5, 2023, the Florida Department of Law Enforcement (FDLE), Office of Executive Investigations (OEI), Elections Crime Unit (ECU), received information related to an individual identified as GEORGE EDWARD ANDREWS III (DOB: 09/20/1993) who was a Paid Petition Circulator (PPC).

Your Affiant learned that ANDREWS had submitted numerous invalid signatures on petitions related to the Florida ballot initiative sponsored by Floridians Protecting Freedom (23-07). These petitions were believed to be fraudulently completed and submitted with forged signatures. The petitions were submitted to the Supervisor of Elections offices in Pasco County, Sumter County, Hernando County, and Pinellas County. Your Affiant was provided copies of the alleged fraudulent petitions.

In Your Affiant's training and experience, Your Affiant is aware that PPC's work for numerous citizen's initiative groups that collect and submit signatures for petitions to amend the Florida Constitution. According to Section 100.371, Florida Statutes, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.

Your Affiant is aware that proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State, Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. Your Affiant is aware that, for the 2024 election cycle, a petition must be signed by 891,523

voters, with additional requirements as to where those electors must be located. (Per the Florida Constitution, the number of signatures needed is based on 8% of the voters who cast votes in the last Presidential election).

Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Form ("Form"), which lists the voter's name, address, voter registration number, or date of birth, and has a place for the voter's signature and date signed. Your Affiant is aware that the Form also requires that the circulator or PPC include their name, circulator number, address, signature, and must contain the date of signature. Your Affiant is aware that each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.

The fourth section of the Form states: "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator's registration number, and circulator's address.

There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.

The "Attention" section of the Form states "This form becomes a public record upon its filing with the Supervisor of Elections. It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185). Failure to complete the form as required may invalidate the form."

According to records provided to FDLE by the Florida Department of State, Division of Elections, on or about June 25, 2021, PPC GEORGE EDWARD ANDREWS' application was approved to become a paid petition circulator. ANDREWS used the email address of andrewsiigeorge@gmail.com. The application also included ANDREWS' personal information including his name, address, and phone number which was self-reported as (352) 458-8862. GEORGE EDWARD ANDREWS III was assigned Circulator ID # 23753.

Your Affiant reviewed the information noted above that was provided to the FDLE by the Pasco County Supervisor of Elections; the Sumter County Supervisor of Elections; and the Florida Department of State (DOS), Office of Election Crime and Security (OECS). According to each of the reporting agencies, a review of the petitions submitted by PPC GEORGE EDWARD ANDREWS III (hereinafter "ANDREWS") revealed numerous petitions that appeared to be fraudulently signed and submitted. The supervisors of elections suspected these petitions were fraudulently completed because the signatures on the submitted petitions did not appear to match the signature on file for the voter listed. These petitions were all related to Amendment Title 23-07, which was sponsored by Floridians Protecting Freedom, Inc. and titled "Amendment to Limit Government Interference with Abortion".

The Ballot Summary was listed as "No law shall prohibit, penalize, delay, or restrict abortion before viability or when necessary to protect the patient's health, as determined by the patient's healthcare provider. This amendment does not change the Legislature's constitutional authority to require notification to a parent of guardian before a minor has an abortion."

Your Affiant reviewed copies of these alleged fraudulent petitions. A total of twenty-nine (29) alleged fraudulent petitions submitted by ANDREWS were submitted to Supervisor of Elections offices in Pasco, Sumter, and Pinellas counties. Each of these petitions included a voter's name, address, date of birth, and alleged signature.

Your Affiant conducted interviews of ten (10) of these voters that did not complete the petitions that were submitted using their personal identifying information (PII). Your Affiant learned that these voters did not sign the petitions submitted by ANDREWS and that they did not consent to the use of their personal identification information. The below voters were identified:

addition, she indicated that her date of birth was incorrect on the petition. [REDACTED] confirmed the other personal information included on the petition was correct. [REDACTED] advised Your Affiant that she is physically handicapped and can no longer write, and therefore, would not have been able to complete and sign the petition. [REDACTED] advised Your Affiant that she did not give anyone permission to complete and submit this petition on her behalf.

Voter # 10

Name: [REDACTED]  
County of Address: Bushnell, Sumter County, Florida  
Date Petition Signed: 06/20/2023

Your Affiant interviewed [REDACTED] on November 2, 2023, and [REDACTED] advised that he did not complete the petition. [REDACTED] reviewed the petition with Your Affiant and indicated that the handwriting and signature on the petition were not his. In addition, he indicated that his last name was misspelled on the petition (" [REDACTED] "). [REDACTED] confirmed the other personal information included on the petition was correct. [REDACTED] advised Your Affiant that he did not give anyone permission to complete and submit this petition on his behalf.

On November 30, 2023, your Affiant conducted a sworn recorded interview with ANDREWS at his residence located at 12748 Stately Oak Street, Apartment 202, Dade City, Pasco County, Florida. Andrews confirmed that he was a paid petition circulator for Amendment Title 23-07. ANDREWS advised that he had collected petitions throughout the state of Florida. Your Affiant provided copies of the aforementioned voter petitions submitted by ANDREWS for his review. ANDREWS reviewed the petitions and advised he signed each of the petitions affirming that the petitions were

completed in his presence by the named individual. ANDREWS confirmed that his signature was on each of the petitions.

ANDREWS advised that his roommate, Jamie Johnson, was also a paid petition circulator for Amendment Title 23-07. It should be noted that Johnson submitted two (2) fraudulent petitions using the same victim information as ANDREWS (Voter # 7 and Voter # 8 noted above). It should also be noted that Johnson submitted a fraudulent petition using the name of the husband of one of ANDREWS' victims (Voter # 1 noted above).

On December 21, 2023, Your Affiant received information from the Florida Department of State (DOS), Office of Election Crimes and Security (OECs) that indicated that during the period of June 21, 2023 through November 21, 2023, a total of one thousand nine hundred and six (1,906) petitions that were submitted by ANDREWS went through the verification process by Supervisor of Elections offices throughout the state of Florida. Of these petitions ANDREWS submitted, nine hundred sixty-four (964) were determined to be invalid by the respective counties' Supervisor of Elections offices. ANDREWS had an invalid petition rate of approximately 50.6% during this period.

Your Affiant believes, based upon this investigation in its entirety, and evidence gathered during this investigation, that probable cause exists to that GEORGE EDWARD ANDREWS III violated Section 817.568(2)(a), Florida Statutes, Criminal Use of Personal Identification Information and Section 104.185(2), Florida Statutes, Knowingly Signing Another Person's Name or a Fictitious Name on a Petition.

WHEREFORE, your Affiant prays that an arrest warrant will be issued commanding all and singular, Mark Glass, Commissioner, Florida Department of Law Enforcement or any of his duly authorized Special Agents; all Sheriffs and Police Chiefs of the State of Florida or any of their duly authorized deputies or officers to arrest instanter GEORGE EDWARD ANDREWS III and bring him before the Court so that he may be dealt with according to law.

COMES NOW, your Affiant, Inspector Gary Negrinelli of the Florida Department of Law Enforcement, who, being duly sworn makes application for an arrest warrant, and in support of this application makes the following statements under oath:

BACKGROUND

Your Affiant, Inspector (Ins.) Gary Negrinelli, has been a member of the Florida Department of Law Enforcement (FDLE) since 2015. Your Affiant was a Sworn Special Agent for 6 years and has been a Sworn Inspector for 3 years. Your Affiant has worked in various divisions within FDLE to include, Major Case squad, Organized Crime squad, Counter Terrorism squad, Protective Operations squad, The Office of Statewide Intelligence and is currently assigned to the Election Crime Unit. Your Affiant has attended several seminars, conferences, and schools providing training for conducting investigations of fraud related offenses. Your Affiant has attended several seminars providing training for conducting election crime investigations.

Your Affiant is empowered to conduct investigations of violations of the criminal laws of the State of Florida, including those enumerated in Chapters 104 and 817, pertaining to petition fraud and criminal use of personal identification information. Your Affiant believes that the laws of the State of Florida have been violated, specifically those laws enumerated in Chapter 817.568(2)(a), Criminal Use of Personal Identification Information.

In investigating this case, Your Affiant reviewed records provided by the supervisors of elections, collected witness statements and conducted interviews, and your Affiant has also conducted follow-up investigation. This case is being prosecuted by the Florida Attorney General's Office, Office of Statewide Prosecution.

Your Affiant has probable cause to believe and does believe that the laws of the State of Florida relative to: Criminal Use of Personal Identification Information Section 817.568(2)(a), Florida Statutes, Third Degree Felony (12 Counts) have been violated by the above-named suspect. Your Affiant's reasons for so believing are as follows:

STATEMENT OF PROBABLE CAUSE

During the period of December 11, 2023 through December 20, 2023, the Florida Department of Law Enforcement (FDLE), Office of Executive Investigations (OEI), Elections Crime Unit (ECU), received information related to an individual identified as Andres Felipe Salazar (DOB: 07/31/1986) who was a Paid Petition Circulator (PPC) and submitted numerous invalid petitions related to the Florida amendment initiative sponsored by Floridians Protecting Freedom (23-07). These petitions were believed to be fraudulently completed and submitted with forged

signatures. The petitions were submitted to the Supervisor of Elections offices in Sarasota County. Your Affiant was provided copies of the alleged fraudulent petitions.

Your Affiant knows that PPC's work for numerous citizen's initiative groups that collect and submit petitions to amend the Florida constitution. According to Section 100.371, Florida Statutes, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.

Your Affiant is aware that proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen's initiative to appear on the ballot. Your Affiant is aware that, for the 2024 election cycle, a petition must be signed by 891,523 voters, with additional requirements as to where those electors must be located (Per the Florida Constitution, the number of signatures needed is based on 8% of the voters who cast votes in the last Presidential election).

Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Form ("Form"), which lists the voter's name, address, voter registration number, or date of birth, and has a place for the voter's signature and date signed. The Form also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.

The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address.

There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.

The "Attention" section of the form states "This form becomes a public record upon its filing with the Supervisor of Elections. It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185). Failure to complete the form as required may invalidate the form."

According to records provided to FDLE by the Florida Department of State, Division of Elections, on or about October 13, 2023, ANDRES FELIPE SALAZAR's (hereinafter "SALAZAR") application was approved to become a paid petition circulator.

SALAZAR used the email jasmina.virtualservices@gmail.com. The application also included SALAZAR'S personal information including his name, address, and phone number. SALAZAR was assigned Circulator ID # 66250.

Your Affiant reviewed the information noted above that was provided to the FDLE. This information was specifically provided to the FDLE by the Sarasota County Supervisor of Election (SOE); and the Florida Department of State (DOS), Office of Election Crime and Security (OECS). According to each of the reporting agencies, a review of the petitions submitted by SALAZAR revealed numerous petitions that appeared to be fraudulently signed and submitted. The Supervisor of Elections suspected these petitions were fraudulently completed due to the signatures on the submitted petitions not matching the signature on file for the voter listed. These petitions were all related to Amendment Title 23-07, which was sponsored by Floridians Protecting Freedom, Inc. and titled "Amendment to Limit Government Interference with Abortion".

The Ballot Summary was listed as "No law shall prohibit, penalize, delay, or restrict abortion before viability or when necessary to protect the patient's health, as determined by the patient's healthcare provider. This amendment does not change the Legislature's constitutional authority to require notification to a parent or guardian before a minor has an abortion."

Your Affiant reviewed copies of these alleged fraudulent petitions. A total of thirty-two (32) alleged fraudulent petitions submitted by SALAZAR were provided to your Affiant. These petitions were submitted to the Supervisor of Elections offices in Sarasota County. Each of these petitions included a voter's name, address, date of birth, and alleged signature. Your Affiant was also made aware of another fraudulent petition submitted by SALAZAR in Lee County, Florida. This petition was provided to your Affiant by the Lee County Supervisor of Elections.

Your Affiant conducted interviews of twelve (12) of these voters who did not complete the petitions that were submitted using their personal identifying information (PII). Your Affiant learned that these voters did not sign the petitions submitted by SALAZAR and that they did not consent to the use of their personal identification information. [REDACTED] confirmed the address on the petition was from a previous residence and informed Your Affiant that the date of birth was incorrect. On December 21, 2023, your Affiant received information from the Florida Department of State (DOS), Office of Election Crimes and Security (OECs) that indicated that during the period of November 29, 2023 through January 8, 2024, a total of one

thousand five hundred eighty-five (1,585) petitions that were submitted by SALAZAR went through the verification process by Supervisor of Elections offices throughout the state of Florida. Of these petitions, seven hundred eighteen (718) were determined to be invalid by the respective Supervisors of Elections offices.

On January 25, 2024, your Affiant conducted a recorded interview with SALAZAR at his residence located at 6314 S. Lois Avenue, Tampa, Hillsborough County, Florida. It should be noted that this was the address reported on SALAZAR'S Florida Driver's License (DL #: [REDACTED]). SALAZAR confirmed that he was a paid petition circulator for Amendment Title 23-07. Your Affiant showed Salazar the petitions that were fraudulently completed based on interviews with the actual voters on said petitions. Your Affiant asked SALAZAR if he physically went to Sarasota County to collect those signatures. SALAZAR admitted he would have other circulators get the petitions completed for him, but he would sign them, attesting that the petition was signed in his presence. SALAZAR said when he turned the petitions in to the guy he was working for, who he only knew as "Eddie," he was questioned as to the validity of the petitions. SALAZAR said he was told by Eddie what he was doing was illegal and no more of his petitions were accepted. SALAZAR said he then quit collecting petitions.

Your Affiant believes that based upon the investigation in its entirety, and evidence gathered during the investigation, probable cause exists that ANDRES FELIPE SALAZAR violated Section 817.568(2)(g), Florida Statutes Criminal Use of Personal Identification Information.

WHEREFORE, your Affiant prays that an arrest warrant will be issued commanding all and singular, Mark Glass, Commissioner, Florida Department of Law Enforcement or any of his duly authorized Special Agents; all Sheriffs and Police Chiefs of the State of Florida or any of their duly authorized deputies or officers to arrest instanter ANDRES FELIPE SALAZAR and bring him before the Court so that he may be dealt with according to law.

Before me, \_\_\_\_\_, Judge of the Sixth Judicial  
Circuit in and for Pasco County, Florida, personally appeared,  
Inspector Leslie Pulling of the Florida Department of Law  
Enforcement, who, being first sworn, deposes and says:

Your Affiant, Inspector Leslie Pulling, has been a member  
of the Florida Department of Law Enforcement (FDLE) since  
2001. Your Affiant was a sworn special agent for 14 years  
and has been a sworn inspector for 1 year. Your Affiant has  
worked in various divisions within FDLE to include, The  
Florida Fusion Center, Evidence Division, Public Assistance  
Fraud (PAF), Economic Crimes Squad, Major Case squad,  
Organized Crime squad, Cyber and High-Tech Crimes Squad,  
and is currently assigned to the Election Crime Unit. Your  
Affiant has attended several seminars, conferences, and  
schools providing training for conducting investigations of  
fraud related offenses. Your Affiant has attended several  
seminars providing training for conducting election crime  
investigations. The following is a list of courses where  
your Affiant has received training and gained a level of  
proficiency: International Money Laundering Investigations;

Federal & State Approaches to Fraud, Schemes, and Other Financial Crimes; Conspiracy Investigations; and the FBI-LEEDA Identity Theft Summit.

Your Affiant is empowered to conduct investigations of violations of the criminal laws of the State of Florida, including those enumerated in Chapters 104 and 817, pertaining to petition fraud and criminal use of personal identification information. Your Affiant believes that the laws of the State of Florida have been violated, specifically those laws enumerated in Chapters 817.568(2)(a), Criminal Use of Personal Identification Information, and 104.185(2) Knowingly Signing Another Person's Name or a Fictitious Name on a Petition.

In investigating this case, Your Affiant reviewed records provided by the supervisors of elections, collected witness statements, and conducted interviews, and your Affiant has also conducted follow-up investigation. This case is being prosecuted by the Florida Attorney General's Office, Office of Statewide Prosecution.

The investigation is aggregated and summarized as follows:

During the period of August 10, 2023, through October 5, 2023, the Florida Department of Law Enforcement (FDLE), Office of Executive Investigations (OEI), Elections Crime Unit (ECU), received information related to an individual identified as JAMIE JOHNSON (DOB: 12/11/1976) who was a Paid Petition Circulator (PPC).

Your Affiant learned that JOHNSON had submitted numerous invalid signatures on petitions related to the Florida ballot initiative sponsored by Floridians Protecting Freedom (23-07). These petitions were believed to be fraudulently completed and submitted with forged signatures. The petitions were submitted to the Supervisor of Elections offices in Pasco County, Sumter County, Hernando County, and Pinellas County. Your Affiant was provided copies of the alleged fraudulent petitions.

In Your Affiant's training and experience, Your Affiant is aware that PPC's work for numerous citizen's initiative groups that collect and submit signatures for petitions to amend the Florida Constitution. According to Section 100.371, Florida Statutes, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.

Your Affiant is aware that proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizens' initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by a citizens' initiative to appear on the ballot. Your Affiant is aware that, for the 2024 election

cycle, a petition must be signed by 891,523 voters, with additional requirements as to where those electors must be located. (Per the Florida Constitution, the number of signatures needed is based on 8% of the voters who cast votes in the last Presidential election).

Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Form ("Form"), which lists the voter's name, address, voter registration number, or date of birth, and has a place for the voter's signature and date signed. Your Affiant is aware that the Form also requires that the circulator or PPC include their name, circulator number, address, signature, and must contain the date of signature. Your Affiant is aware that each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.

The fourth section of the Form states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.

The "Attention" section of the Form states "This form becomes a public record upon its filing with the Supervisor of Elections. It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185). Failure to complete the form as required may invalidate the form."

According to records provided to FDLE by the Florida Department of State, Division of Elections, on or about October 2, 2019, JOHNSON'S application was approved to become a paid petition circulator. JOHNSON used the email jamiemcnabbjohnson@gmail.com. The application also included JOHNSON'S personal information including her name, address, and phone number which was self-reported by Johnson as (352) 807-1309. JOHNSON was assigned Circulator ID # 13152.

Your Affiant reviewed the information noted above provided to the FDLE. This information was specifically provided to the FDLE by the Pasco County Supervisor of Elections; the Sumter County Supervisor of Elections; and the Florida Department of State (DOS), Office of Election Crime and Security (OECS). According to each of the reporting agencies, a review of the petitions submitted by PPC JAMIE JOHNSON (hereinafter "JOHNSON") revealed numerous petitions that appeared to be fraudulently signed and submitted. The supervisors of elections suspected these petitions were fraudulently completed because the signatures on the submitted petitions did not appear to match the signature on file for the voter listed. In addition, one petition was suspected of being fraudulently completed due to the voter being deceased at the time the petition was allegedly signed. These petitions were all related to Amendment Title 23-07, which was sponsored by Floridians Protecting Freedom, Inc. and titled "Amendment to Limit Government Interference with Abortion". The Ballot Summary was listed as "No law shall prohibit, penalize, delay, or restrict abortion before viability or when necessary to protect the patient's health, as determined by the patient's healthcare provider. This amendment does not change the Legislature's constitutional authority to require

notification to a parent of guardian before a minor has an abortion."

Your Affiant reviewed copies of these alleged fraudulent petitions. A total of one hundred and two (102) alleged fraudulent petitions submitted by JOHNSON were submitted to the Supervisor of Elections offices in Pasco, Sumter, Hernando and Pinellas counties. Each of these petitions included a voter's name, address, date of birth, and alleged signature.

Your Affiant conducted interviews of nine (9) of these voters that did not complete the petitions that were submitted using their personal identifying information (PII). Your Affiant learned that these voters did not sign the petitions submitted by JOHNSON and that they did not consent to the use of their personal identification information. The below voters were identified:

Your Affiant identified one (1) voter who was deceased at the time that the petition was allegedly signed. The below voter was identified:

Voter # 10

Name: [REDACTED]  
Date of Death: 04/29/2023  
Date on petition signature: 07/07/2023

A petition for Amendment Title 23-07 was submitted by JOHNSON to the Hernando County Supervisor of Elections. This petition was allegedly signed by Amanda Burkey on July 7, 2023. The Hernando County Supervisor of Elections Office discovered [REDACTED] was allegedly deceased on April 29, 2023. On November 13, 2023, your Affiant requested an official copy of the death certificate for an individual identified as [REDACTED] from the Florida Department of Health (DOH), Bureau of Vital Statistics. On November 20, 2023, your Affiant received a copy of [REDACTED]'s Certification of Death from the DOH Bureau of Vital Statistics which confirmed that [REDACTED] died on April 29, 2023.

On November 30, 2023, your Affiant conducted a sworn recorded interview with JOHNSON'S roommate, George Edward Andrews III, at their shared residence located at 12748 Stately Oak Street, Apartment 202, Dade City, Florida. It should be noted that this was the address reported on Johnson's Florida Driver's License. Andrews advised Your Affiant that JOHNSON currently resided at the aforementioned residence with him. Andrews confirmed that JOHNSON was a paid petition circulator for ballot initiative 23-07. Andrews further confirmed that he and JOHNSON have collected petition signatures together. It should be noted that according to Andrews, JOHNSON was not home at the time Andrews was

interviewed. Multiple attempts were made to contact and/or interview JOHNSON but all were met with negative results.

Through this investigation, Your Affiant discovered that Andrews submitted two (2) fraudulent petitions using the same voter information as JOHNSON (Voter # 2 and Voter # 3 noted above). Your Affiant also discovered that Andrews submitted a fraudulent petition using the name of the wife of one of the voters that Johnson had submitted (Voter 1 noted above).

On December 21, 2023, your Affiant received information from the Florida Department of State (DOS), Office of Election Crimes and Security (OECS) indicated that during the period of June 21, 2023 through October 31, 2023, a total of one thousand six hundred forty-seven (1,647) petitions that were submitted by JOHNSON went through the verification process by Supervisor of Elections offices throughout the state of Florida. Of these petitions, eight hundred fourteen (814) were determined to be invalid by the respective counties' Supervisor of Elections office. JOHNSON had an invalid petition rate of approximately 49.9% during this period.

Your Affiant believes that based upon this investigation in its entirety, and evidence gathered during this investigation, probable cause exists that JAMIE L. JOHNSON with violated Section 817.568(2)(a), Florida Statutes, Criminal Use of Personal Identification Information and Section 104.185(2), Florida Statutes, Knowingly Signing Another Person's Name or a Fictitious Name on a Petition.

WHEREFORE, your Affiant prays that an arrest warrant will be issued commanding all and singular, Mark Glass, Commissioner,

Florida Department of Law Enforcement or any of his duly authorized Special Agents; all Sheriffs and Police Chiefs of the State of Florida or any of their duly authorized deputies or officers to arrest instanter JAMIE L. JOHNSON and bring her before the Court so that she may be dealt with according to law.

Section 817.568(2)(A), Florida Statutes (2020)
2. **PETITION; KNOWINGLY SIGNING MORE THAN ONCE; SIGNING ANOTHER PERSON'S NAME OR FICTITIOUS NAME**  
Section 104.185(2) Florida Statutes (2022)

BEFORE ME: Ryan Bliss, a sworn law enforcement officer, personally came Inspector Ryan Bliss of the Florida Department of Law Enforcement (FDLE) who, being duly sworn, deposes and says:

Inspector Ryan Bliss is a sworn law enforcement officer of the State of Florida, and as such is empowered to conduct investigations of and make arrests for violations of the criminal laws of the State of Florida, including those enumerated in Chapter 104, Florida Statutes, pertaining to election code violations and in Chapter 817, Florida Statutes pertaining to Criminal Use of Personal Identification Information. Inspector Ryan Bliss believes that the laws of the State of Florida, including those enumerated in Chapters 104 and 817, have been violated and that the person violating those laws is DONELLA MARIE HARRIEL, as identified above.

Inspector Ryan Bliss, Your Affiant is a lawfully sworn Inspector of the Florida Department of Law Enforcement (FDLE) and has been employed since December 2002. Your Affiant is currently assigned to the Office of Executive Investigations, Elections Crime Unit with over twenty-eight years of law enforcement experience in conducting investigations involving public integrity, election crimes, violent crimes, sex crimes, narcotics, property crimes, and financial crimes. Your Affiant has a Bachelor's Degree from Florida State University's School of Criminology and has since successfully completed training classes provided by FDLE. As an Inspector with FDLE, your affiant is authorized to investigate all crimes involving election crimes and public integrity.

This case is being prosecuted by the Florida Attorney General's Office (Office of Statewide Prosecution). The investigation is aggregated and summarized as follows:

1. On December 22, 2023, the Florida Department of State, Office of Election Crime and Security provided Your Affiant with a list of Paid Petition Circulators (PPC) who reportedly submitted invalid petitions through invalid signatures or with deceased individual's identities. The spreadsheet indicated that Harriel had submitted a total of 314 invalid petitions from different voter districts throughout the state of Florida.
2. Section 100.371(3), Florida Statutes (2022) requires that any person who is or will be paid to collect initiative petitions first register with the Department of State. PPC registration information becomes public record, subject to any applicable exemptions under Florida law. Each PPC is assigned a specific circulator number that is recorded with the Division of Elections.
3. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizens' initiative for a constitutional amendment requires petitions to be

signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523 voters, with additional requirements as to where those electors must be located.

4. Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Form (CAIPF). A CAIPF contains four sections: amendment information, sponsor's information, voter's information, and petition circulator's information. Typically, the amendment information and sponsor's information sections are pre-filled. In the voter's information section, the voter must provide their name, address, and either their voter registration number or date of birth. The voter must then sign and date the CAIPF.
5. The petition circulator's information section begins with the following instruction, "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The affidavit requires that the PPC provide their name, circulator number, and address. A PPC must also sign and date the CAIPF. By signing, the PPC verifies the following, "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true."
6. According to records provided to FDLE by the Florida Department of State Office (DOS) of Election Crime and Security, on or about October 5, 2023, Harriel's application was approved to become a PPC for "Floridians Protecting Freedom, Inc.," a group proposing constitutional amendment serial number 23-07, titled "Amendment to Limit Government Interference with Abortion." Harriel used the email

Donella477@gmail.com as a point of contact in her application. The application also included Harriel's personal information including her name, permanent address, and phone number. Harriel was assigned Circulator ID #65792.

7. On December 22, 2023, Your Affiant reviewed documents provided by the DOS, which contained a cover letter from Progressive Campaigns, Inc. (PCI). The cover letter was sent to the Escambia County Supervisor of Elections (ESOE) referencing nineteen suspicious signatures on CAIPFs submitted by Harriel for the "Amendment to Limit Government Interference with Abortion." A review of the signatures from the ESCOE determined that one hundred fifty-one (151) signatures in Martin County and one (1) signature in Brevard County on CAIPFs for "Amendment to Limit Government Interference with Abortion" did not match the signature images available on file for registered voters.
8. Your Affiant contacted Chief Deputy Debbie Dent of the Martin County Supervisor of Elections (MCSOE) and requested the invalid petitions submitted by Harriel that contained registered voters who had been deemed deceased and the petitions that have been submitted with different signatures. Dent provided Your Affiant with 151 petitions with invalid signatures.
9. On January 25, 2024, Your Affiant contacted the following individuals in Martin County.
  - a. [REDACTED] Jensen Beach, Florida 34957
  - b. [REDACTED] Jensen Beach, Florida 34957
10. On January 25, 2024, Your Affiant traveled to [REDACTED] residence for an interview. [REDACTED] was not home and a business card was left at the door. [REDACTED] called on January 26, 2024, at approximately 1500 hours and Your Affiant advised that a petition endorsing to limit government interference with abortion contained her name,

address, date of birth, and signature and that the petition was reportedly completed on November 2, 2023. [REDACTED] advised she was never approached by anyone circulating said petition. Your Affiant electronically sent a copy of the petition to [REDACTED] who reviewed the petition and advised that the petition and signature were not completed by [REDACTED]. [REDACTED] did not permit anyone to use her personal information. [REDACTED] did not know [REDACTED]. And she affirmed that everything she said was true and accurate to the best of her knowledge. [REDACTED] also attached a copy of her signature.

11. On January 25, 2024, Your Affiant made contact with Martin County residents [REDACTED] [REDACTED] at the address listed on the petition. Your Affiant spoke with [REDACTED] on the telephone at the neighborhood entrance call box and subsequently on the FDLE-issued cellular telephone. Your Affiant informed [REDACTED] that a petition endorsing to limit government interference with abortion contained his and his wife, [REDACTED] name, address, date of birth, and signature and that the petition was reportedly completed on November 2, 2023. Your Affiant sent an electronic copy of [REDACTED] [REDACTED] petition to [REDACTED] cellular telephone. [REDACTED] and [REDACTED] reviewed the petitions and confirmed that their personal information was correct, but that the signatures were not completed by either [REDACTED] [REDACTED]. Neither [REDACTED] [REDACTED] permitted anyone to use their personal information and did not know Harriel. [REDACTED] [REDACTED] affirmed that the information provided via text message was true and accurate to the best of their knowledge.

12. On January 31, 2024, Your Affiant contacted Chief Deputy Karen Graham of the Brevard County Supervisor of Elections (BCSOE) and requested the invalid petitions submitted by Harriel. On February 1, 2024, Graham provided Your Affiant with sixteen petitions with invalid signatures.

13. On February 1, 2024, Your Affiant contacted the following individuals in Brevard County.

a. [REDACTED] Melbourne, Florida 32934

14. On February 1, 2024, Your Affiant traveled to Brevard County to speak with Melbourne residents [REDACTED] at the address listed on the petition. Your Affiant told [REDACTED] that a petition endorsing to limit government interference with abortion contained both [REDACTED] name, address, date of birth, and signature and that the petition was reportedly completed on October 31, 2023. [REDACTED] reviewed the petition and confirmed that his personal information was correct but that the signature was not completed by [REDACTED]

[REDACTED] reviewed the petition and advised that her personal information was correct but that [REDACTED] did not complete or sign the petition.

15. After speaking with the named Martin County residents, Your Affiant and Special Agent (SA) Mark Mynheir of the FDLE Ft. Pierce Field Office traveled to Harriel's residence located at 361 SE Atlas Terrace, Port St. Lucie, Florida 34983, on January 29, 2024, to conduct a sworn interview of Harriel. The following is a summary of the sworn audio-recorded interview:

16. Upon arrival at the residence, Your Affiant observed Harriel seated on the front porch of the residence. Your Affiant and SA Mynheir approached the residence and identified ourselves with our FDLE-assigned credentials. Your Affiant asked how Harriel became a PPC employed with Five Star Petitioners and if Harriel was still employed with Five Star Petitioners. Harriel advised a friend who worked for Five Star Petitioners named [REDACTED] asked her to become a PPC. Harriel did not complete an application and only spoke with the owner of the company, Richard [REDACTED] llen, via telephone conversations and text messages. As a registered PPC, Harriel was able to work in every county in the State of Florida. Harriel was employed as a PPC at

Five Star Petitions for approximately four weeks; her employment ended on November 15, 2023.

17. Your Affiant asked Harriel what the duties of a PPC involved. Harriel advised, "sign petitions." Your Affiant asked if Harriel signed the petitions and Harriel explained that she sat in front of the Dollar Tree store on US1 in St. Lucie County and at the Planned Parenthood in St. Lucie County and asked people to sign the petition. Harriel reportedly traveled to several different counties with her cousin who has a food truck and would attend different outdoor concerts to get signatures for the petition(s).
18. After getting the signatures, Harriel would drop the signed petitions in a mailbox at Five Star Petitioners, as directed by [REDACTED] who worked at the Five Star Petitioners office. Harriel traveled to a jazz concert in Pensacola, Escambia County with the food truck to get signatures on petitions. Harriel could not remember the name of the jazz show or the date when she was in Pensacola. Harriel traveled with the food truck to Pompano Beach, Broward County to get signatures, St. Lucie County, and Palm Beach County but could not name the concerts or give the specific dates of when she was at the concerts getting the signatures on the petitions.
19. [REDACTED] told Harriel that she would be paid \$10.00 per signature. Harriel was paid \$10.00 per signature via direct deposit. Harriel was not paid for every submitted petition. Some of the petitions were not completed correctly and Harriel was not paid for the invalid petitions. Harriel was paid "up front" for fifty percent of the submitted petitions. After the petitions were reviewed by staff, and the invalid petitions were not included, Harriel was paid for the remaining valid petitions.
20. Harriel did not believe that the payment for the submitted petitions was fair and, she felt cheated. During a conversation with Guillen about her payment for the submitted petitions, Guillen advised that Harriel was committing fraud and was subsequently

fired. Harriel explained that if she had an elderly person and the person needed help with the signature on the petition, Harriel would complete the personal information and have the elderly person sign their name. Harriel did not understand how that was fraud. Harriel never personally met Guillen, and Guillen reportedly did not train Harriel on getting the signatures and "threw her out there with these papers."

21. Your Affiant asked if all of the petitions submitted by Harriel were signed by the qualified elector on the petition. Harriel affirmed that the person named on the petition signed the petition. Your Affiant told Harriel about petitions that were declared invalid because of fraudulent signatures and showed Harriel the invalid petitions with the fraudulent signatures. Harriel denied fraudulently completing the petitions and forging the signatures and never forced anyone to sign a petition.

22. After interviewing Harriel, Your Affiant conducted a sworn interview with Guillen and learned the following:

23. Guillen started the Limited Liability Corporation (LLC) Five Star Petitioners, LLC on October 24, 2022, in St Lucie County, Florida. According to Guillen a company that was hired by Progressive Campaigns, Inc. (PCI) hired Five Star Petitioners to hire registered PPCs to circulate petitions endorsing the "Amendment to Limit Government Interference with Abortion." 25. Harriel was an independent contractor, PPC, and was referred to Guillen by [REDACTED] who are also independent contractor PPCs employed by Guillen. Harriel was hired electronically while Guillen was working on a separate petition campaign in another state. Guillen never met Harriel in person.

24. [REDACTED] trained Harriel on how to collect signatures. Harriel turned the signed petitions into [REDACTED] would then turn the signed petitions into Guillen, who subsequently sent the petitions to PCI to be validated. Due to the large number of petitions that were being turned in by Harriel, PCI checked the signatures

on several petitions and determined that the signatures appeared to be fraudulent. Guillen told Harriel about the fraudulent petitions and Harriel advised that spouses would sign for each other and there would be family fill-ins. Guillen advised there was more to it than that and Harriel apologized. Guillen paid Harriel approximately \$5,000 via direct deposit for the petitions submitted during that time. Harriel was fired and placed on the "do not buy" list that is maintained by PCI. PCI sent the fraudulent petitions back to Guillen, and Guillen was charged by PCI for the fraudulent petitions.

25. Your Affiant asked Guillen how the petitioners obtained the personal information of the individuals' information that was fraudulently used on the petitions. Guillen advised that many petitioners use Facebook, Instagram, and Yellow Pages. The internet has websites that allow the petitioners to find out if a name they are using has already been listed as signing the petition being circulated. Your Affiant asked Guillen if Harriel went to Escambia County to get signatures. Guillen advised that Harriel stayed in St. Lucie County and Martin County to get signatures.

Based on the information outlined above, it is the belief of Your Affiant that probable cause exists that, Donella Marie Harriel did unlawfully, intentionally, and knowingly submit fraudulent Constitutional Amendment Initiative Petition Forms in two Florida Counties, and therefore in violation of the following Florida State Statutes:

Count 1: Personal Identification Information, § 817.568(2)(a), Fla. Stat.  
3<sup>rd</sup> Degree Felony (5 counts)

Count 2: Petition; knowingly signing more than once; signing another person's name or fictitious name, § 104.185(2) Fla Stat.  
3<sup>rd</sup> Degree Felony (5 counts)

WHEREFORE, Your Affiant prays that an arrest warrant will be issued commanding all and singular, the Commissioner of the Florida Department of Law Enforcement or any of his duly authorized Special Agents; all Sheriffs and Police Chiefs of the State of Florida or any of their duly authorized deputies or officers acting within their respective jurisdictions to arrest instantler DONELLA MARIE HARRIEL, further described hereinabove on the charges set forth herein and bring him before the Court so that she may be dealt with according to law.

FDLE AGENCY CASE # EI-32-0240**

*Affidavit in Support of Arrest Warrant*

COMES NOW Your Affiant, Inspector Richard Gibbs of the Florida Department of Law Enforcement (FDLE), makes this Affidavit in support of probable cause to support the arrest of the Subject described below. Your Affiant has been a member of the FDLE since October 2019. Prior to the FDLE, Your Affiant was a member of the Bay County Sheriff's Office from November 2012 to September 2019. Your Affiant is currently assigned to the FDLE Office of Executive Investigations, Election Crime Unit, and has received training in Elections Crime investigations. Based on Your Affiant's personal knowledge, a review of the relevant records and other materials obtained during the course of this investigation, interviews of witnesses, conversations with other members of law enforcement, and documents provided by public officials, Your Affiant avers the Subject identified below has committed the following offense(s):

Subject: Jill President  
Race: Black  
Gender: Female  
Date of Birth: [REDACTED]  
Social Security Number: [REDACTED]  
Florida Driver License: [REDACTED]  
Last Known Address: [REDACTED]

Offense(s): Eleven (11) counts - Criminal Use of Personal Identification Information Concerning a Deceased Individual § 817.568(8)(a), Fla. Stat.

**Eleven (11) counts - False Swearing, Submission of False Voter  
Registration Information  
§ 104.011(I), Fla. Stat.**

**FACTS**

1. In November 2023, the Leon County Supervisor of Elections (LCSOE) provided Your Affiant with a voter fraud complaint against a Paid Petition Circulator (PPC) that was alleged to have submitted petitions to amend the state constitution and many of those petitions were identified as potentially being submitted fraudulently by the LCSOE.
2. According to Fla Stat. section 100.371, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.
3. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located.
4. Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Form (CAIPF), which lists the voter's name, address, voter registration number, or date of birth, and has a place for the voter's signature and date signed. The CAIPF also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.
5. The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's

Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.

6. Each year, all sixty-seven (67) counties (Supervisor of Elections) in the State of Florida including the Leon County Supervisor of Elections verified millions of initiative petitions signed by voters. Sponsors of these initiatives must secure the required number of valid signatures in order for their initiative to be placed on the General Election ballot.
7. After communicating with LCSOE, Your Affiant reviewed a comprehensive list of initiatives containing invalid names, addresses, and dates of births that were submitted to the LCSOE on CAIPFs. More than 36, 543 CAIPFs for Initiative 21-16 (Limited Authorization of Casino Gaming) that were submitted to the LCSOE were deemed ineligible by the LCSOE due to various anomalies, including deceased individuals' identities and personal information written on the forms. Your Affiant's review of the CAIPFs revealed that one particular PPC, Jill President, DOB: [REDACTED] ("PPC President") appeared to have collected CAIPFs from more than one deceased individual, as records available to the LCSOE indicated these individuals were deceased on the date that PPC President purportedly gathered and submitted these signatures under Sponsor "Grassfire LLC".
8. Upon closer examination of these CAIPFs, Your Affiant noted that each form included the individual's signature and PPC President's signature verifying that each petition showed "signed in my presence" under penalties of perjury.
9. Additionally, the "Attention" section of the CPAIF stated the following:
  - This form becomes a public record upon its filing with the Supervisor of Elections
  - It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185)
  - Failure to complete the form as required may invalidate the form
10. According to records provided to FDLE by Grassfire LLC, on or about 12-16-2021, PPC President was hired to become a PPC for the initiative sponsored by "Grassfire LLC" a group proposing constitutional amendment serial number 21-16, titled "Limited Authorization of Casino Gaming." PPC President used the email [REDACTED] and as a point of contact in her application. The application also contained PPC President's personal information including her name, permanent address, and phone number. Your Affiant confirmed that the information PPC President provided on her application matched her Florida Driver and Vehicle Information Database (DAVID) record. PPC President was assigned Circulator ID #46989. Your Affiant later learned through the Florida Department of State that PPC President submitted numerous

invalid CAIPFs for Limited Authorization of Casino Gaming throughout the State of Florida Supervisor of Election offices. PPC President submitted a total of one thousand two hundred twelve (1,212) CAIPFs to LCSOE under initiative serial number 21-16. Of the 1,212 CAIPFs, seventy-four (74) were valid, one thousand one hundred thirty-eight (1,138) were invalid. Of the invalid CAIPFs, your Affiant discovered that twenty-two (22) CAIPFs bore information for individuals whom were deceased. Some of those twenty-two (22) CAIPFs were discovered to be duplicates and some were discovered to have been dated as completed before some of the individuals were deceased. In total, your Affiant confirmed at least eleven of the CAIPFs were submitted by PPC President that were invalid and possibly submitted fraudulently.

11. Your Affiant further documented that PPC President submitted the eleven (11) deceased individuals' Personal Identification Information (PII) to the LCSOE under Amendment (Initiative) Title 21-16- "Limited Authorization of Casino Gaming". These CAIPFs were dated to have been completed by the deceased individuals after the dates in which they were deceased. The following CAIPFs containing the deceased individual's information were submitted to the LCSOE by PPC President:

12. Leon County Supervisor of Elections identified the deceased individuals as follows:

A certified copy obtained from the Bureau of Vital Statistics indicated that [REDACTED] died on 09-25-2021, before the CAIPF was allegedly signed on 12-27-2021.
14. Your Affiant noted that PPC President's signature as it appeared on the CAIPFs and other documentation was consistent with each of the CAIPFs and her Florida Driver and Vehicle Information Database signature record.
15. On Tuesday, March 26, 2024, Your Affiant contacted PPC President via telephone and briefly spoke with her. During the call, PPC President identified herself, but disconnected the line a short moment later when Your Affiant identified as an Inspector with the Florida Department of Law Enforcement. Your Affiant sent a subsequent text message to PPC President's contact number [REDACTED] that read the following:
- "Good morning Ms. President. I am pretty certain I don't have the wrong number. I need to speak with you about a previous employer of yours named Florida Voter's in Charge. Could you please return my call?"

On Wednesday, March 27, 2024, PPC President contacted Your Affiant from number [REDACTED] and expressed that she was cautious of being scammed by Your Affiant on March 26, 2024 (the previous aforementioned date). PPC President requested to know why Your Affiant wanted to speak with her, in which, Your Affiant explained to PPC President that an investigation was on-going regarding petitions that were submitted by her to the LCSOE. Your Affiant requested PPC President provide her location for an in-person interview, however, she was unwilling to do so. PPC President agreed to being interviewed telephonically at the number [REDACTED] at a later scheduled time and advised Your Affiant that number [REDACTED] was a free "Wi-Fi" calling number.

On Thursday, March 28, 2024, Your Affiant conducted a telephonic interview with PPC President who admitted that she had worked between the dates of December 2021 and January of 2022 circulating CAIPFs. PPC President advised that she worked for a company she knew as Grassfire, LLC. PPC President recalled that she was hired and paid on an hourly basis. PPC President advised that she was not provided any employee documents

when she was hired, however, she was provided a clip board with blank CAIPFs and given the guidance to circulate the CAIPFs to obtain signatures from registered "Floridians".

PPC President advised that she circulated numerous CAIPFs specifically related to Title 21-16- "Limited Authorization of Casino Gaming," throughout many different areas of Leon County, Florida. While circulating the CAIPFs, PPC President claimed to have only gathered signatures from those that could sign the CAIPFs, which she later submitted.

During the interview, PPC President was questioned regarding the LCSOE complaint that detailed she had submitted a total of one thousand two hundred twelve (1,212) CAIPFs to their office, of which, one thousand one hundred thirty-eight (1,138) were invalid. PPC President's response was that she did not know how that happened.

PPC President was questioned regarding the CAIPFs that were completed by the aforementioned individuals detailed in #11 and #12. PPC President response was that she did not know how that happened. PPC President was questioned, regarding the petitions that had been submitted by her for the deceased individuals detailed in #11, #12, and #13. PPC President admitted to signing the CAIPFs, however, she claimed that she did not know how the information for deceased individuals were put on the CAIPFs and did not know how it happened. When asked of PPC President by Your Affiant how one thousand one hundred thirty-eight (1,138) CAIPFs were invalid and twenty-two (22) bore personal information and signatures from deceased individuals, PPC President suggested that she did not know. PPC President advised that she submitted to the LCSOE what was provided to her by individuals regarding the CAIPFs. Due to Your Affiant's findings throughout the course of the investigation that was determined to be improbable as detailed within this affidavit.

**FACTS**

1. In November 2023, the Leon County Supervisor of Elections (LCSOE) provided Your Affiant with a voter fraud complaint against a Paid Petition Circulator (PPC) that was alleged to have submitted petitions to amend the state constitution and many of those petitions were identified as potentially being submitted fraudulently by the LCSOE.
2. According to Fla Stat. section 100.371, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.
3. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located.
4. Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Form (CAIPF), which lists the voter's name, address, voter registration number, or date of birth, and has a place for the voter's signature and date signed. The CAIPF also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.
5. The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name,

circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.

6. Each year, all sixty-seven (67) counties (Supervisor of Elections) in the State of Florida including the Leon County Supervisor of Elections verified millions of initiative petitions signed by voters. Sponsors of these initiatives must secure the required number of valid signatures in order for their initiative to be placed on the General Election ballot.
7. After communicating with LCSOE, Your Affiant reviewed a comprehensive list of initiatives containing invalid names, addresses, and dates of births that were submitted to the LCSOE on CAIPFs regarding paid petition circulator, Krisharia Williams, DOB: 01/02/1998 ("PPC Krisharia"). Those CAIPFs were for Initiative 21-16 "Limited Authorization of Casino Gaming" that had been submitted to the LCSOE. Your Affiant's review of the CAIPFs revealed that PPC Krisharia submitted CAIPFs for numerous individuals whose signatures did not match, numerous individuals whom were not registered to vote in Leon County, Florida, as well as for deceased individuals. Based upon records available to the LCSOE, those records indicated that the CAIPFs in question were possibly submitted fraudulently by PPC Krisharia. Especially, due to PPC Krisharia submitting CAIPFs for individuals whom were determined to have been deceased on the signature date on the CAIPFs. PPC Krisharia purportedly gathered and submitted these signatures under Sponsor "Grassfire LLC".
8. Upon closer examination of these CAIPFs, Your Affiant noted that each form included the individual's signature and PPC Krisharia's signature verifying that each petition showed "signed in my presence" under penalties of perjury.
9. Additionally, the "Attention" section of the CPAIF stated the following:
  - This form becomes a public record upon its filing with the Supervisor of Elections
  - It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185)
  - Failure to complete the form as required may invalidate the form
10. According to records provided to FDLE by Grassfire LLC, on or about 12-16-2021, PPC Krisharia's was hired to become a PPC for the initiative sponsored by "Grassfire LLC" a group proposing constitutional amendment serial number 21-16, titled "Limited Authorization of Casino Gaming." PPC Krisharia used the email [REDACTED] and as a point of contact in her application. The application

also contained PPC Krisharia's personal information including her name, permanent address, and phone number. PPC Krisharia was assigned Circulator ID #46362. Your Affiant later learned through the Florida Department of State that PPC Krisharia submitted a total of nine hundred and seventy (970) invalid CAIPFs for Limited Authorization of Casino Gaming throughout the State of Florida Supervisor of Election offices. PPC Krisharia submitted a total of eight hundred and thirty-five (835) CAIPFs to LCSOE under initiative serial number 21-16. Of the 835 CAIPFs, one hundred and twenty-six (126) were valid and seven hundred and nine (709) were invalid.

11. Your Affiant conducted further investigation and discovered that PPC Krisharia submitted at least eight (8) CAIPFs for individuals she was not provided consent, permission, nor authorization to do so for and two (2) CAIPFs with deceased individuals' Personal Identification Information (PII) to the LCSOE under Amendment (Initiative) Title 21-16- "Limited Authorization of Casino Gaming". The following CAIPFs containing the 8 individuals PPC Krisharia was not given consent, permission, nor authorization for and the 2 deceased individuals' information that were submitted to the LCSOE by PPC Krisharia is as follows:

I can confirm without a shadow of a doubt that this petition was not filled out by me and that is confirmed because the hand writing & signature are undoubtedly not mine. Moreover in December of 2021 I was in the process of moving and I know for a fact that a petition regarding casino taxation wouldn't have been enough of a priority for me at the time to spend time completing. It's disheartening to learn that my information was used & my signature was forged without my knowledge. I'm happy to provide any other information to see to it that justice is served so that no one else has to experience this theft of personal information."*

13. Your Affiant noted that PPC Krisharia's signature as it appeared on the CAIPFs and other documentation was consistent with each of the CAIPFs and Florida her Driver and Vehicle Information Database signature record.
14. On Wednesday, March 13, 2024, Your Affiant interviewed PPC Krisharia at 2331 Phillips Road, Tallahassee, Florida (Florida Department of Law Enforcement Headquarters). Post Miranda, PPC Krisharia provided the following information:

PPC Krisharia admitted that she had worked for Grassfire LLC between the dates of December 2021 and November of 2022. PPC Krisharia advised that while working for Grassfire LLC she completed documentation related to Grassfire LLC's Code of Integrity & Standards of Practice, other policy documents, and documents related to payment arrangements. PPC Krisharia recalled being paid approximately eighteen dollars (\$18.00) on an hourly basis.

PPC Williams advised that when she was hired to gather and submit the signatures on CAIPFs, she circulated hundreds of the CAIPF specifically related to Title 21-16- "Limited Authorization of Casino Gaming," throughout many different areas of Leon County, Florida. While circulating the CAIPFs, PPC Krisharia claimed to often stop groups of individuals that were entering or exiting the business or location she was at, at the time of her circulating, and further explain to the groups of individuals who she was and what the CAIPFs were for.

While PPC Krisharia explained what the CAIPFs were for, she alleged to have simultaneously handed out blank CAIPFs to said individuals and subsequently collect the completed CAIPFs from those said individuals. PPC Krisharia claimed that the CAIPFs that she collected were signed by the individuals and she in-turn signed the CAIPFs as the circulator and submitted them to the LCSOE. During the interview, PPC Krisharia was questioned regarding the LCSOE complaint that detailed she had submitted a total of the eight hundred and thirty-five (835) CAIPFs to their office, of which, seven hundred and nine (709) were invalid. PPC Krisharia was shown copies of the CAIPFs that bore her signature, in which; PPC Krisharia admitted that the signature as the circulator was hers'. When asked of PPC Krisharia by your Affiant if she was duped by seven hundred and nine (709) individuals; her response was that she did not know and that she submitted to the LCSOE what was provided to her by individuals regarding the CAIPFs. Due to Your Affiant's findings throughout the course of the investigation that was determined to be improbable as detailed within this affidavit.

After communicating with LCSOE, Your Affiant reviewed a comprehensive list of initiatives containing invalid names, addresses, and dates of births that were submitted to the LCSOE on CAIPFs regarding paid petition circulator, Colton Brady [REDACTED] ("PPC Brady"). Those CAIPFs were for Initiative 21-17 "Legalizes Personal Use of Marijuana" that had been submitted to the LCSOE. According to records provided to FDLE by the Florida Department of State, on or about 02-06-2022, PPC Brady was hired to become a PPC for the initiative sponsored by "Sensible Florida, Inc." a group proposing constitutional amendment serial number 21-17, titled "Legalizes Personal Use of Marijuana". The application contained PPC Brady's personal information including his name, permanent address, and phone number. PPC Brady was assigned Circulator ID #52548. Your Affiant later learned through the Florida

Department of State that PPC Brady submitted a total of seventy- one (71) invalid CAIPFs for "Legalizes Personal Use of Marijuana" throughout the State of Florida to Supervisor of Election offices. PPC Brady submitted a total of sixty-six (66) CAIPFs specifically to the LCSOE under initiative serial number 21-17, of which, forty-nine (49) were determined invalid and rejected while only seventeen (17) were determined valid and accepted. The LCSOE and your Affiant determined that the amount of invalid and rejected CAIPFs for PPC Brady produced over a 50% rejection rate, which typically is just over 3.5% for the LCSOE.

11. Your Affiant conducted further investigation and discovered that PPC Brady submitted at least eight (3) CAIPFs for individuals who had not provided consent, permission, nor authorization to do so for and one (1) CAIPF with a deceased individuals' Personal Identification Information (PII) on it to the LCSOE under Amendment (Initiative) Title 21-17- "Legalizes Personal Use of Marijuana". When hired, Brady recalled providing his personal identification information to include, his named, dob, permanent address, and his contact information on his application that was provided to the Florida Department of State. Brady advised that after completing the application package and being approved to become a PPC, he attended trainings and was

shown how to complete the CAIPFs and was directed that he needed to obtain signatures in-person from the respective individuals he solicited signatures from.

After attending trainings, PPC Brady traveled to several different locations throughout Leon County, Florida to solicit for signatures from Leon County citizens. PPC Brady recalled going to establishments such as grocery stores, retail stores, and the FSU campus to solicit for signatures. PPC Brady advised that he was not obtaining many signatures and described himself as becoming envious of other PPCs when noticing they were obtaining more signatures than him.

As PPC Brady continued to solicit for signatures he began experimenting with other ways that he could obtain more signatures effectively and efficiently. PPC Brady advised that additional trainings that he began attending allowed him to discover how to access an open-source internet website that housed personal identification information for Leon County voters. PPC Brady admitted that he used this open-source internet website to access the personal identification information for individuals and used the information to complete CAIPFs fraudulently himself. PPC Brady advised that he subsequently submitted the fraudulent CAIPFs to the LCSOE.

After PPC Brady's admittance of fraudulent acts, your Affiant showed him copies of the CAIPFs that were determined to be fraudulent as described in number "11" above. PPC Brady advised that he completed those CAIPFs knowing and intentionally with the intent to commit fraud against those individuals for his own personal gain. PPC Brady specifically pointed out that the CAIPFs bore his handwriting and that he specifically tried to impersonate how he believed those individuals would write. When questioned specifically about the CAIPF that pertained to the deceased, [REDACTED] PPC Brady advised that though he used the open-source website information he was able to obtain, he was not able to ascertain if the person was deceased or not.

BEFORE ME, Chris Shepard a sworn law enforcement officer, personally came Inspector Ryan Bliss of the Florida Department of Law Enforcement (FDLE) who, being duly sworn, deposes and says:

Inspector Bliss is a sworn law enforcement officer of the State of Florida, and as such is empowered to conduct investigations of and make arrests for violations of the criminal laws of the State of Florida, including those enumerated in Chapter 104, Florida Statutes, pertaining to election code violations and believes that laws of the State of Florida have been violated, specifically, those laws enumerated in Chapter 817.568 pertaining to Criminal Use of Personal Identification Information; and the person violating those laws is ZACHARY PAUL DWORSKY, as identified above.

Inspector Ryan Bliss, Your Affiant is a lawfully sworn Inspector of the Florida Department of Law Enforcement (FDLE) and has been employed since December 2002. Your Affiant is currently assigned to the Office of Executive Investigations, Elections Crime Unit with over twenty-eight years of law enforcement experience, in conducting investigations involving public integrity, election crimes, violent crime, sex crimes, narcotics, property crimes, and financial crimes. Your Affiant has successfully completed training classes provided by FDLE and also has a Bachelor's Degree from Florida State University's School of Criminology. As an Inspector with FDLE, your affiant is authorized to investigate all crimes involving election crimes, and public integrity.

This case is being prosecuted by the Florida Attorney General's Office (Office of Statewide Prosecution). The investigation is aggregated and summarized as follows:

1. On September 08, 2023, the Florida Department of State, Division of Elections provided Your Affiant with a list of Paid Petition Circulators (PPC) who reportedly submitted invalid petitions through invalid signatures or with deceased individual's identities. The spreadsheet indicated that Dworski had submitted a total of 2,438 invalid petitions from different voter districts throughout the state of Florida.
2. According to Fla Stat. section 100.371, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.
3. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot.

Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located.

4. Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Forms (CAIPF), which lists the voter's name, address, voter registration number or date of birth, and has a place for the voter's signature and date signed. The CAIPF also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.
5. The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.
6. According to records provided to FDLE by the Florida Department of State Division of Elections, on or about November 15, 2022, Dworsky's application was approved to become a PPC for 3PVRO "Smart and Safe Florida" (Serial Number 22-05, Adult Personal Use of Marijuana) and for Floridian's Protecting Freedom, Inc. (Serial Number 23-07, Amendment to Limit Government Interference with Abortion), two

committees seeking to have amendments to the Florida Constitution placed on the ballot for the 2024 election cycle. Dworsky was a PPC for these initiatives and listed the email address [REDACTED] in his application. The application also included Dworsky's name, address, and phone number. Dworsky was assigned Circulator ID #56091.

The reasons for your Affiant's belief that the above-listed laws have been violated and that ZACHARY PAUL DWORSKY, hereinafter Dworsky is the person who violated said laws are as follows:

On March 03, 2023, the FDLE, Election Crime Unit (ECU) received information from the Florida Department of State (DOS), Office of Election Crimes and Security regarding allegations of fraud involving Zachary Paul Dworsky hereinafter Dworsky, a paid petition circulator (PPC) for Smart and Safe Florida's initiative 22-05 "Adult Personal Use of Marijuana".

On March 6, 2023, Your Affiant reviewed documents provided by the DOS, which contained an Elections Fraud Complaint form from Candidate & Election Support Coordinator Katrina Hall of the Sumter County Supervisor of Elections (SCSOE) office and the DOS, and one petition form with one corresponding SCSOE voter information printout. The DOS letter outlines the complaint from the SCSOE, alleging that Dworsky, a PPC, submitted one petition receiving a disposition of "Signature Different" due to a signature mismatch. In addition to the signature on the petition not matching the signature images available on file for registered voter, [REDACTED] the handwriting supplied in the "date signed" fields on both the "Voter's Information" and "Petition Circulator's Information" portions of the petition form appear to be similar and resemble the Paid Petition Circulator's handwriting.

1. On April 14, 2023, Your Affiant conducted a sworn interview of [REDACTED] and learned the following. On an undetermined date in January of 2023 [REDACTED] received a letter from the SCSOE that stated, [REDACTED] name may have been forged on a petition. [REDACTED] traveled to the SCSOE and a representative showed [REDACTED] a copy of the

petition with her signature. [REDACTED] advised that was not her signature on the petition. Your Affiant asked [REDACTED] if a circulator ever approached her at home or in public and requested her to sign the petition. According to [REDACTED] no one has ever approached her and asked her to sign a petition. [REDACTED] has never heard of the petition for the adult use of personal marijuana and [REDACTED] would not endorse or sign the petition. [REDACTED] does not know Dworsky.

On August 28, 2023, Your Affiant contacted the Department of State and requested information on the number of invalid petitions with the names of the circulators for the Smart and Safe initiative to determine if Dworsky has submitted petitions in other voting districts receiving a disposition of "Signature Different" or submitting petitions that a registered voter has been deemed deceased prior to the filing of the Constitutional Amendment Initiative Petition Form being turned in.

Your Affiant reviewed the spreadsheet and saw that there were thirty-two invalid petitions submitted to the Volusia County Supervisor of Elections (VCSOE) by Dworsky. Your Affiant contacted the VCSOE, requested a copy of the invalid petitions, and reviewed the comprehensive list of invalid signatures that were submitted to the VCSOE on CAIPFs by Dworsky. The CAIPFs submitted to the VCSOE were deemed ineligible by the VCSOE due to various anomalies.

On September 28, 2023, Your Affiant contacted the following individual(s).

Subsequent to speaking with the Sumter and Volusia County residents who were victims of identity fraud, Your Affiant traveled to Dworsky's residence located at [REDACTED] in an effort to conduct a sworn interview of Dworsky. On November 16, 2023, Your Affiant met with Dworsky in front of his home. Your Affiant asked Dworsky about his employment as a PPC for Smart and Safe Florida. The following is a summary of the sworn audio-recorded interview.

Dworsky responded to a job posting for Smart and Safe Florida that required Dworsky to collect signatures for certain petitions from registered Florida voters. Dworsky would solicit signatures in parking lots of shopping centers on the streets, and rest areas on the turnpike.

Dworsky was paid \$11.00 per hour "but technically on a sliding basis based on how many signatures were collected during the week." Dworsky was paid \$ 400.00 per week for 0 to 100 signatures and the pay increased for 100 to 150 signatures and 150 to 200 signatures, etc. Dworsky would have the individual complete the petition with their personal information and sign the petition. The information would be checked through Third Party Verification (TPV) to determine if the individual was a registered voter.

Your Affiant asked Dworsky if he ever completed the personal information and signature of registered voters who were not present and did not give him consent to complete the petition on their behalf. Dworsky advised that the individual named on the petition completed and signed the petition. Your Affiant asked if he did not have enough signatures during the week and if he ever completed a petition and signed the petition without having the registered voter present. Dworsky said he never did that and every petition and signature was completed by the person named on the petition. Your Affiant told Dworsky about the investigation of petitions that were

submitted on behalf of people who were deceased or petitions that were fraudulently completed and signed for registered voters, some of which included petitions submitted by Dworsky. Your Affiant asked Dworsky if he traveled to Port Orange, Florida. Dworsky never traveled to Port Orange but did "hang out at the rest stop gas stations on the turnpike and stuff like that and would get signatures from people all over the state of Florida."

Your Affiant showed Dworsky a petition that was reportedly completed by Port Orange registered voter [REDACTED] that was completed on April 14, 2023, and asked if he remembered that petition. Dworsky did not remember anything specific but affirmed all of the petitions were completed by the registered voter on the petition and that was why the verification service was used. Your Affiant told Dworsky that [REDACTED] was interviewed and reviewed the petition and advised that he never saw that petition and did not sign the petition.

Your Affiant showed Dworsky the application with [REDACTED] name and advised that [REDACTED] did not sign the petition. Dworsky advised that he never checked identification but entered the first and last name with the date of birth in the TPV and if it returned valid, Dworsky would know it would be a good petition. Your Affiant asked Dworsky if he may have completed a few of the petitions in an effort to make the money. Dworsky advised that he "did not intentionally fraudulently complete any of the papers." Your Affiant asked again if a few petitions were fraudulently completed to make the money to support his family. Dworsky advised, "It is possible that over the course of the couple months that I did it but off the top of my head it can't say yes or no but out of all of the ones I did it is possible."

Dworsky continued and advised that if the individual was unable to complete the petition, he would write the personal information on the petition and the individual would sign the petition. Dworsky changed his statement and advised that he would sometimes sign the petition for the individual. Your Affiant told Dworsky that there are over nine hundred fraudulently signed petitions that have Dworsky as the PPC that he was paid for by the LLC. Dworsky agreed that he was paid for the submitted petitions but could not explain the fraudulently signed petitions.

Your Affiant asked Dworsky where he traveled to get signatures on the petitions. Dworsky traveled as far as Jupiter, Florida to get signatures in the parking lots of WaWa gas stations, Costco, Walmart, Sams, Publix parking lots, and other areas with high foot traffic. Dworsky never traveled to the Central Florida area.

Based on the information outlined above, it is the belief of Your Affiant that probable cause exists that, Zachary Paul Dworsky did unlawfully, intentionally, and knowingly commit:

Count 1: Personal Identification Information, § 817.568(2)(a), Fla. Stat.  
3<sup>rd</sup> Degree Felony (15 counts)

Count 2: Petition; knowingly signing more than once; signing another person's name or fictitious name, § 104.185(2) Fla Stat.  
3<sup>rd</sup> Degree Felony (15 counts)

WHEREFORE, Your Affiant prays that an arrest warrant will be issued commanding all and singular, the Commissioner of the Florida Department of Law Enforcement or any of his duly authorized Special Agents; all Sheriffs and Police Chiefs of the State of Florida or any of their duly authorized deputies or officers acting within their respective jurisdictions to arrest instanter ZACHARY PAUL DWORSKY, further described hereinabove on the charges set forth herein and bring him before the Court so that she may be dealt with according to law.

Subject: Haggi Kibwe Amirally

Race: Black

Gender: Male

Date of Birth: [REDACTED]

Social Security Number [REDACTED]

Florida Driver License: [REDACTED]

Last Known Address: [REDACTED]

Offense(s): Personal Identification Information Concerning a Deceased Individual  
§ 817.568(8)(a), Fla. Stat.

FACTS

1. Your Affiant has been a member of FDLE since December of 2002. Your Affiant is currently assigned to the Office of Executive Investigations, Election Crime Unit, and has received training in investigating election crimes.

2. In February of 2023, the Palm Beach County Supervisor of Elections (“PBCSOE”) provided Your Affiant a list of paid petition circulators (“PPC”) who had been identified after having submitted various invalid petitions. PPC Haggi Kibwe Amirally (“PPC Amirally”) was identified on the list.
3. Pursuant to section 100.371, Florida Statutes (2022), any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Each PPC is assigned a specific circulator number that is recorded with the Department of State, Division of Elections. PPC registration information becomes public record, subject to any applicable exemptions under Florida law.
4. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizen’s initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizens’ initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. For example, in the 2024 election cycle, a petition must be signed by 891,523 voters, with additional requirements as to where those electors must be located.
5. Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Form (“CAIPF”). A CAIPF contains four sections: amendment information, sponsor’s information, voter’s information, and petition circulator’s information. Typically, the amendment information and sponsor’s information sections are pre-filled. In the voter’s information section, the voter must provide their name, address, and either their voter registration number or date of birth. The voter must then sign and date the CAIPF.
6. The petition circulator’s information sections begin with the following instruction, “This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below.” The affidavit requires that the PPC provide their name, registration number, and address. A PPC must also sign and date the CAIPF. By signing, the PPC verifies the following: “By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator’s Affidavit and the facts stated in it are true.”
7. Each year, the Supervisor of Elections (“SOE”) in sixty-seven (67) counties in Florida, including the PBCSOE, verify millions of initiative petitions signed by voters. The verification process utilized by the SOE offices involves comparing the voter’s information and signature on the CAIPF to the voter’s information and signature on the voter’s registration form.
8. After communicating with PBCSOE, Your Affiant reviewed the comprehensive list of invalid names, addresses, and dates of births that were submitted to the PBCSOE on CAIPFs. More than 4,500 CAIPFs submitted to the PBCSOE were deemed ineligible by

the PBCSOE due to various anomalies, including deceased individuals' identities and personal information written on the forms.

9. Your Affiant's review of the CAIPFs revealed that PPC Amirally DOB: 10/30/1994 appeared to have collected CAIPFs from more than one deceased individual, as records available to the PBCSOE indicated these individuals were deceased on the date that PPC Amirally purportedly gathered their signatures.
10. Upon closer examination of these CAIPFs, Your Affiant noted that each form included the deceased individual's signature and PPC Amirally's signature verifying that each petition showed "signed in my presence" under penalty of perjury.
11. Additionally, the CAIPF advised of the following:
  - This form becomes a public record upon its filing with the Supervisor of Elections
  - It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185)
  - Failure to complete the form as required may invalidate the form
12. Initiative sponsors must secure the required number of valid signatures for their initiative to be placed on the General Election ballot According to records provided to FDLE by the Florida Department of State, Division of Elections, on or about January 14, 2022, PPC Amirally's application was approved for the initiative sponsored by "Florida Voters in Charge" a group proposing constitutional amendment serial number 21-16, titled "Limited Authorization of Casino Gaming." PPC Amirally used the email [REDACTED] as a point of contact in his application. The application also included PPC Amirally's personal information including his name, permanent address, and phone number. PPC Amirally was assigned Circulator ID #50449.
13. Your Affiant later learned that PPC Amirally submitted a total of one thousand eleven hundred sixty (1160) invalid CAIPFs for "Limited Authorization of Casino Gaming" throughout various SOE offices. For the PBCSOE, PPC Amirally submitted a total of one hundred sixty-two (162) CAIPFs under initiative serial number 21-16, "Limited Authorization of Casino Gaming." Of the 162 CAIPFs only six (6) were valid and one hundred fifty-six (156) were invalid.
14. Based on Your Affiant's investigation through the PBCSOE it was learned that PPC Amirally submitted seven (7) deceased individuals' Personal Identification Information (PII) to the PBCSOE under proposed amendment 21-16, "Limited Authorization of Casino Gaming." The following CAIPFs containing the deceased individual's information were submitted to the PBCSOE by PPC Amirally and all were purportedly signed by the deceased on January 20, 2022. PBCSOE identified the deceased individuals as follows:
  - [REDACTED]
  - [REDACTED]
  - [REDACTED]
  - [REDACTED]
  - [REDACTED]
  - [REDACTED]
  - [REDACTED]

15. Your Affiant determined that the individuals mentioned above were deceased through the following information:
- a. Your Affiant requested information from the New York Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. [REDACTED] New York Department of Health was unable to find any death record for [REDACTED] although [REDACTED] last address was listed in New York. Through investigative means, Your Affiant documented that [REDACTED] died on August 13, 2002, before the CAIPF was allegedly signed on January 20, 2022.
  - b. Your Affiant requested information from the Georgia Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. The certified death record obtained from the Georgia Bureau of Vital Statistics indicated that [REDACTED] died on December 12, 2000, before the CAIPF was allegedly signed on January 20, 2022.
  - c. Your Affiant requested information from the Georgia Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. The certified death record obtained from the Georgia Bureau of Vital Statistics indicated that [REDACTED] died on May 23, 2007, before the CAIPF was allegedly signed on January 20, 2022.
  - d. Your Affiant requested information from the Florida Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. The certified death record obtained from the Florida Bureau of Vital Statistics indicated that [REDACTED] died on November 18, 2010, before the CAIPF was allegedly signed on January 20, 2022.
  - e. Your Affiant requested information from the Florida Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. The certified death record obtained from the Florida Bureau of Vital Statistics indicated that [REDACTED] died on November 25, 2010, before the CAIPF was allegedly signed on January 20, 2022.
  - f. Your Affiant requested information from the Florida Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. The certified death record obtained from the Florida Bureau of Vital Statistics indicated that [REDACTED] died on January 24, 2002, before the CAIPF was allegedly signed on January 20, 2022.
  - g. Your Affiant requested information from the Vital Statistics section of the Pennsylvania Department of Health related to a death record search for [REDACTED]. Although a death record could not be obtained, Your Affiant documented that [REDACTED] had been inactive in the PBCSOE system for more

- than two (2) years before the CAIPF was submitted by PPC Amirally. [REDACTED] died on October 23, 2010, before the CAIPF was allegedly signed on January 20, 2022.
16. Your Affiant reviewed signatures from the Florida Driver and Vehicle Information Database (“DAVID”) to compare to the signatures that were obtained by PPC Amirally for the CAIPFs and submitted to the PBCSEO on behalf of sponsor Florida Voters in Charge.
  17. [REDACTED] did not have a documented signature in DAVID to compare to the CAIPF. The CAIPF for [REDACTED] showed the date supposedly signed on January 20, 2022, after [REDACTED] died on August 13, 2002.
  18. [REDACTED] did not have a documented signature in DAVID to compare to the CAIPF. The CAIPF for [REDACTED] showed the date supposedly signed on January 20, 2022, after [REDACTED] died on December 12, 2000.
  19. [REDACTED] did not have a documented signature in DAVID to compare to the CAIPF. The CAIPF for [REDACTED] showed the date supposedly signed on January 20, 2022, after [REDACTED] died on May 23, 2007.
  20. The signature for [REDACTED] documented in DAVID appeared to be different from the signature on the CAIPF. The CAIPF for [REDACTED] showed the date supposedly signed on January 20, 2022, before [REDACTED] died on November 18, 2010.
  21. [REDACTED] did not have a documented signature in DAVID to compare to the CAIPF. The CAIPF for [REDACTED] showed the date supposedly signed on January 20, 2022, after [REDACTED] died on November 5, 2010.
  22. [REDACTED] did not have a documented signature in DAVID to compare to the CAIPF. The CAIPF for [REDACTED] showed the date supposedly signed on January 20, 2022, after [REDACTED] died on January 24, 2002.
  23. [REDACTED] did not have a documented signature in DAVID to compare to the CAIPF. The CAIPF for [REDACTED] showed the date supposedly signed on January 20, 2022, after [REDACTED] died on October 23, 2010.
  24. Your Affiant noted that PPC Amirally’s signature as it appears on the CAIPFs and other documentation is consistent with each of the CAIPFs submitted to the PBCSOE and his DAVID record.
  25. Your Affiant learned that the PBCSOE office used their “voter roll” to determine that the individual voters listed on each CAIPF submitted by PPC Amirally were deceased.
  26. On Monday, February 12, 2024, Your Affiant contacted PPC Amirally who declined to provide a statement.

FACTS

1. Your Affiant has been a member of FDLE since December of 2002. Your Affiant is currently assigned to the Office of Executive Investigations, Election Crime Unit, and has received training in investigating election crimes.

2. In February of 2023, the Palm Beach County Supervisor of Elections (“PBCSOE”) provided Your Affiant a list of paid petition circulators (“PPC”) who had been identified after having submitted various invalid petitions. PPC Henos Joseph (“PPC Joseph”) was identified on the list.
3. Pursuant to section 100.371(3), Florida Statutes (2022), any person who is or will be paid to collect initiative petitions must register with the Department of State before collecting petitions. Each PPC is assigned a specific circulator number that is recorded with the Department of State, Division of Elections. PPC registration information becomes public record, subject to any applicable exemptions under Florida law.
4. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens’ initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen’s initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located.
5. Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Form (“CAIPF”). A CAIPF contains four sections: amendment information, sponsor’s information, voter’s information, and petition circulator’s information. Typically, the amendment information and sponsor’s information sections are pre-filled. In the voter’s information section, the voter must provide their name, address, and either their voter registration number or date of birth. The voter must then sign and date the CAIPF.
6. The petition circulator’s information sections begins with the following instruction, “This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below.” The affidavit requires that the PPC provide their name, registration number, and address. A PPC must also sign and date the CAIPF. By signing, the PPC verifies the following: “By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator’s Affidavit and the facts stated in it are true.”
7. Each year, the Supervisor of Elections (“SOE”) in sixty-seven (67) counties in Florida, including the PBCSOE, verify millions of initiative petitions signed by voters. The verification process utilized by the SOE offices involves comparing the voter’s information and signature on the CAIPF to the voter’s information and signature on the voter’s registration form.
8. After communicating with PBCSOE, Your Affiant reviewed the comprehensive list of initiatives containing invalid names, addresses, and birth dates that were submitted to the PBCSOE on CAIPFs. More than 105,760 CAIPFs for Initiative 21-16, “Limited Authorization of Casino Gaming,” submitted to the PBCSOE were deemed ineligible by

the PBCSOE due to various anomalies, including personal information written on the CAIPFs of unwitting individuals.

9. Your Affiant's review of the CAIPFs submitted by PPC Joseph, [REDACTED] ("PPC Joseph") reveal that PPC Joseph collected CAIPFs from more than one deceased individual, as records available to the PBCSOE indicated these individuals were deceased on the date that PPC Joseph purportedly gathered submitted these signatures under sponsor "Florida Voters in Charge." PPC Joseph was assigned Circulator ID #47818.
10. Upon closer examination of these CAIPFs, Your Affiant noted that each form included the deceased individual's signature and PPC Joseph's signature verifying that each petition was "signed in my presence" under penalty of perjury.
11. Additionally, the CAIPFs stated the following:
  - a. This form becomes a public record upon its filing with the Supervisor of Elections
  - b. It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185)
  - c. Failure to complete the form as required may invalidate the form
12. According to records provided to FDLE by the Florida Department of State, Division of Elections, on or about December 17, 2021, PPC Joseph became a PPC for sponsored by "Florida Voters in Charge," a group proposing constitutional amendment serial number 21-16, "Limited Authorization of Casino Gaming." PPC Joseph used the email [REDACTED] as a point of contact in his application. The application also included PPC Joseph's personal information including his name, permanent address, and phone number. Your Affiant later learned through the Florida Department of State that PPC Joseph submitted a total of three thousand seven hundred and nineteen (3,719) invalid CAIPFs for "Limited Authorization of Casino Gaming" throughout the State of Florida (Supervisor of Election) offices. PPC Joseph submitted a total of one thousand three hundred fifty-eight (1,358) CAIPFs to PBCSOE under initiative 21-16, "Limited Authorization of Casino Gaming." Of the 1,358 CAIPFs, four hundred fifty-four (454) were valid and nine hundred four (904) were invalid.
13. Your Affiant further documented that PPC Joseph submitted at least ten (10) deceased individuals' Personal Identification Information (PII) to the PBCSOE under initiative 21-16, "Limited Authorization of Casino Gaming" -to the PBCSOE and three (3) deceased individual's PII to the Miami-Dade County Supervisor of Elections ("MDCSEO").

#### **PROBABLE CAUSE**

1. Between January and February 2023, the Jackson County Supervisor of Elections Office (JCSOE) received several fraudulent Constitutional Amendment petitions, related to the Adult Personal Use of Marijuana, in the names of [REDACTED] and [REDACTED]. A total of seven fraudulent petitions were submitted in [REDACTED] name and a total of five fraudulent petitions were submitted in [REDACTED] name. Both of the [REDACTED] are residents of Jackson County Florida. All of the petitions were submitted by petition circulator Natalie Marrero. A member of the JCSOE, advised all of the petitions were suspicious because the signatures on the petitions did not appear to match the signatures the JCSOE had on file for the [REDACTED]. The JCSOE notified [REDACTED] and [REDACTED] that their personal identification information had been used on the petitions. Both [REDACTED] and [REDACTED] denied they completed and signed any of the petitions.
2. On March 13, 2023, Inspector Mark Brown conducted a phone interview with [REDACTED] and [REDACTED]. Both confirmed they did not complete or sign the petitions. Both also confirmed that neither one of them had traveled outside the Marianna area during the timeframe when the petitions were signed.

3. On March 31, 2023, FDLE Inspector Daryl McCormick conducted an initial interview with Marrero. Marrero was shown all 12 petitions that were completed in the names of [REDACTED] and [REDACTED]. Marrero stated she did not specifically remember meeting the [REDACTED] however, Marrero stated she remembered their last name because it reminded her of [REDACTED]. On all 12 petitions, Marrero confirmed that was her signature which appeared under the *Paid Petition Circulator's Affidavit* which stated, "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the foregoing Petition Circulator's Affidavit and the facts stated in it are true."
4. On April 6, 2023, Inspector Brown conducted a phone interview with [REDACTED] who was a former co-worker of Marrero. [REDACTED] stated that Marrero told her there were times when she (Marrero) would find people on Facebook and fill out petitions using their information.
5. On April 18, 2023, Inspector Brown interviewed Marrero. During the interview, Marrero acknowledged she had been collecting petitions since November 2022. Marrero stated she was paid based on the number of petitions she collected. Marrero stated she mainly worked in the Orlando area, however, she had collected petitions as far north as Gainesville. Marrero acknowledged she had never been to the Florida panhandle, where the [REDACTED] were located.

During the interview, Marrero admitted that she completed the petitions in the [REDACTED] name because she needed the money. Marrero admitted she was the only one who completed the petitions. According to Marrero, she filled out the petitions bearing the [REDACTED] names in Orlando Florida where she resides. Marrero admitted that she found the [REDACTED] names on a friend's Facebook page. One of the primary reasons she chose the [REDACTED] individuals was because their dates of birth were displayed on their Facebook profiles which was a piece of information that Marrero needed to complete the petitions in their names.

6. On September 8, 2023, Inspector (Insp.) Heather Kinnard received additional petitions submitted by Natalie Marrero with [REDACTED] and [REDACTED] name. #### **PROBABLE CAUSE**

In January 2023, Inspector (Insp.) Mark Brown was notified by the Escambia County Supervisor of Elections (ECSOE) about numerous possible fraudulent Constitutional Amendment petitions, related to the Adult Personal Use of Marijuana. The petitions in question were purportedly submitted by petition circulator Jessica Humphreys, circulator ID 53566, on behalf of Smart and Safe Florida. Keelie Sekerka, Elections Coordinator with the ECSOE, provided Insp. Brown with petitions that were marked as questionable. Thirty-eight (38) of the petitions were completed in the names of individuals who were not registered voters in the state of Florida. Those petitions were marked with an "NR", for not registered voters, in the top right corner of the form. Sekerka also provided a petition that was rejected by the ECSOE because the date indicating when the circulator signed the petition was not completed. Someone wrote "11" for the month, but did not write anything for the day and year.

According to Fla Stat. section 100.371, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.

Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located.

Voter signatures must be gathered via the use of a Constitutional Amendment Initiative Petition Form (CAIPF), which lists the voter's name, address, voter registration number or date of birth, and has a place for the voter's signature and date signed. The CAIPF also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.

The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.

The Department of State provided Insp. Brown with Jessica Humphreys circulator application information. The information included Jessica Humphreys' name, her date of birth of [REDACTED], a phone number of [REDACTED] and an address of [REDACTED]. The date of the application was August 16, 2022, at 18:24:17, and had an approved status. Jessica Humphreys was assigned with circulator ID 53566. Using the circulator information, Insp. Brown was able to identify circulator ID 53566 as Jessica Sonia Humphreys.

On May 3, 2023, Insp. Mark Brown contacted [REDACTED] at her residence located at [REDACTED] in Pensacola. The contact between Insp. Brown and [REDACTED] was not recorded. Insp. Brown showed [REDACTED] a petition that contained her name, address, date of birth, and signature which was dated November 17, 2022. This petition was the one that contained the month in the date section but did not have anything written down for the day or year. [REDACTED] verified that she completed and signed the petition at Liberty Health Sciences on Davis Hwy. in Pensacola. It should be noted that Liberty Health Sciences is a cannabis dispensary located at 7152 N Davis Hwy. in Pensacola. [REDACTED] did not remember the name of the circulator but identified her as a black female. Insp. Brown showed [REDACTED] a photo of Jessica Humphreys, using a photograph from Florida's Driver and Vehicle Information Database (DAVID), who [REDACTED] immediately identified as the circulator. According to [REDACTED] Humphreys was at the business alone. Humphreys had a clipboard with several copies of the petitions.

On October 16, 2023, Inspector (Insp.) Heather Kinnard searched social media for Humphreys. Insp. Kinnard located a Facebook account with the name Jessica Humphreys, [https://www.facebook.com/\[REDACTED\]](https://www.facebook.com/[REDACTED]). The pictures throughout the Facebook account matched the picture on Florida ID [REDACTED] Jessica Sonia Humphreys, from the DAVID. Insp. Kinnard observed a video uploaded to the account on October 9, 2022. The video started with a male mentioning a campaign with Vanguard and then discussing "Jess" being promoted to "leadership". Then a female, identified as Jessica Humphreys, comes into the video frame and starts discussing her background and then she speaks about what has helped her with her petitions.

Insp. Kinnard reviewed a report written by Panama City Beach Police Department (PCBPD), Incident # [REDACTED] which was a traffic stop in PCBPD's jurisdiction. The report indicated that when pulled over, Humphreys was a passenger in the vehicle. Also in the vehicle were [REDACTED] and [REDACTED]. Records indicated that all the above individuals were circulators with Imperial International, which is the company Humphreys worked for. All the above subjects had access to their own petitions and were given their own circulator numbers.

On October 19, 2023, Insp. Kinnard served a subpoena to T-Mobile for phone number [REDACTED] which was used on Humphreys' circulator application. On November 10, 2023, Insp. Kinnard received the results from T-Mobile. The records indicated the account was active and under the name Jessica Humphreys.

On November 16, 2023, Insp. Michelle Cabrera and Miles Sonn interviewed Jessica Humphreys at her residence, [REDACTED] Florida. According to Humphreys, she worked for Imperial Services from September 2022 to March 2023. Humphreys stated that she had posted her resume online with Indeed and was contacted by Imperial Services who asked if she was interested in a position with their company. Upon being hired, Humphreys applied for a petition circulator number via a State of Florida website. Humphreys stated that she received her circulator number within a few hours after applying. Humphreys stated that she was initially hired to work the Marijuana initiative. Humphreys was offered a position as a petition circulator, working out of numerous cities and counties in North Florida, from Pensacola, Milton, Pace, Destin, Panama City, Tallahassee, Jacksonville and Orlando. Humphreys stated she along with numerous other petition circulators traveled to North Florida via a petition circulator's

vehicle. Humphreys advised that sometimes she would be dropped off by herself for the entire day to collect signatures.

Humphreys stated that they worked 6 days per week anywhere from 10-12 hours per day. Initially, Humphreys was a "lead circulator" and was responsible for training "new team members." According to Humphreys, the new circulators who did not receive their circulator numbers, would use Humphreys' petitions with Humphreys' circulator number listed on the petition and give Humphreys the petitions at the end of their shift. Humphreys said the trainees would be within eyeshot of her while they were getting petitions signed and she did not witness them fill out the voter's information portion of the petition. Humphreys would then go back to the office and sign the petitions. Humphreys would then turn the petitions into [REDACTED] the supervisor. Humphreys further stated that she would be paid for the petitions filled out by the trainees. Humphreys stated that Van Guard, a quality control company working for Imperial Services would check the "veracity" of the petitions submitted by the circulators. However, Humphreys stated that she was never advised how many petitions were valid or invalid. Humphreys said she could not explain how people and addresses that did not exist ended up on the petitions that she admitted to signing.

On May 3, 2023, Inspector (Insp.) Mark Brown contacted [REDACTED], with the Santa Rosa County Supervisor of Elections (SRCSOE), to inquire about any petitions that had been submitted to the SRCSOE by petition circulator Jessica Humphreys. [REDACTED] verified the SRCSOE had received numerous petitions from Humphreys. According to [REDACTED] the petitions from Humphreys were delivered in different batches by the US mail. All of the petitions had been mailed from a location with a return address of [REDACTED]. [REDACTED] included with the petitions was a cover letter that displayed the above-listed return address and the phrase "For any questions, please contact [REDACTED] at [REDACTED] or [REDACTED]". According to [REDACTED] the checks that [REDACTED] sent to process the petitions were from Smart and Safe Florida.

On May 16, 2023, [REDACTED] provided Insp. Brown with a total of 183 petitions from Humphreys that were marked as invalid. 151 petitions were flagged as unknown voters and 32 petitions were flagged as having bad signatures.

According to Fla Stat. section 100.371, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions.

Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.

Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located.

Voter signatures must be gathered via the use of a Constitutional Amendment Initiative Petition Form (CAIPF), which lists the voter's name, address, voter registration number or date of birth, and has a place for the voter's signature and date signed. The CAIPF also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.

The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.

The Department of State provided Insp. Brown with Jessica Humphreys circulator application information. The information included Jessica Humphreys' name, her date of birth of [REDACTED], a phone number of [REDACTED] and an address of [REDACTED]. The date of the application was August 16, 2022, at 18:24:17, and had an approved status. Jessica Humphreys was assigned with circulator ID 53566. Using the circulator information, Insp. Brown was able to identify circulator ID 53566 as Jessica Sonia Humphreys.

On October 16, 2023, Insp. Kinnard searched social media for Humphreys. Insp. Kinnard located a Facebook account with the name Jessica Humphreys, [https://www.facebook.com/\[REDACTED\]](https://www.facebook.com/[REDACTED]). The pictures throughout the Facebook account matched the picture on Florida ID [REDACTED] Jessica Sonia Humphreys, from the DAVID. Insp. Kinnard observed a video uploaded to the account on October 9, 2022. The video started with a male mentioning a campaign with Vanguard and then discussing "Jess" being promoted to "leadership". Then a female, identified as Jessica Humphreys, comes into the video frame and starts discussing her background and then she speaks about what has helped her with her petitions.

Insp. Kinnard reviewed a report written by Panama City Beach Police Department (PCBPD), Incident # [REDACTED] which was a traffic stop in PCBPD's jurisdiction. The report indicated that when pulled over, Humphreys was a passenger in the vehicle. Also in the vehicle were [REDACTED] and [REDACTED]. Records indicated that all the above individuals were circulators with Imperial International, which is the company Humphreys worked for. All the above subjects had access to their own petitions and were given their own circulator numbers.

On October 19, 2023, Insp. Kinnard served a subpoena to T-Mobile for phone number [REDACTED] which was used on Humphreys' circulator application. On November 10, 2023, Insp. Kinnard received the results from T-Mobile. The records indicated the account was active and under the name Jessica Humphreys.

On November 16, 2023, Insp. Michelle Cabrera and Miles Sonn interviewed Jessica Humphreys at her residence, [REDACTED]. According to Humphreys, she worked for Imperial Services from September 2022 to March 2023. Humphreys stated that she had posted her resume online with Indeed and was contacted by Imperial Services who asked if she was interested in a position with their company. Upon being hired, Humphreys applied for a petition circulator number via a State of Florida website. Humphreys stated that she received her circulator number within a few hours after applying. Humphreys stated that she was initially hired to work the Marijuana initiative. Humphreys was offered a position as a petition circulator, working out of numerous cities and counties in North Florida, from Pensacola, Milton, Pace, Destin, Panama City, Tallahassee, Jacksonville and Orlando. Humphreys stated she along with numerous other petition circulators traveled to North Florida via a petition circulator's vehicle. Humphreys advised that sometimes she would be dropped off by herself for the entire day to collect signatures.

Humphreys stated that they worked 6 days per week anywhere from 10-12 hours per day. Initially, Humphreys was a "lead circulator" and was responsible for training "new team members." According to Humphreys, the new circulators who did not receive their circulator numbers, would use Humphreys' petitions with Humphreys' circulator number listed on the petition and give Humphreys the petitions at the end of their shift. Humphreys said the trainees would be within eyeshot of her while they were getting petitions signed and she did not witness them fill out the voter's information portion of the petition. Humphreys would then go back to the office and sign the petitions. Humphreys would then turn the petitions into [REDACTED] the supervisor. Humphreys further stated that she would be paid for the petitions filled out by the trainees. Humphreys stated that Van Guard, a quality control company working for Imperial Services would check the "veracity" of the petitions submitted by the circulators. However, Humphreys stated that she was never advised how many petitions were valid or invalid. Humphreys said she could not explain how people and addresses that did not exist ended up on the petitions that she admitted to signing.

WHEREFORE, your Affiant prays that a warrant be issued commanding the Executive Director of the Florida Department of Law Enforcement or any of his duly authorized Special Agents and all Sheriffs or any of their duly appointed deputies, or any law enforcement officers acting within their jurisdiction, to arrest **Jessica Sonia Humphreys**, identified herein above, for the criminal charges listed above, and bring her before the Court so that she may be dealt with according to law.

**CRIMINAL INVESTIGATION**  
**FDLE AGENCY CASE # EI-32-0215**

*Affidavit in Support of Arrest Warrant*

COMES NOW Your Affiant, Inspector Antonio Mathews of the Florida Department of Law Enforcement (FDLE), makes this Affidavit in support of probable cause to support the arrest of the Subject described below. Your Affiant has been a member of FDLE since December 2002. Your Affiant is currently assigned to the Office of Executive Investigations, Election Crime Unit and has received training in Elections Crime investigation. Based on Your Affiant's personal knowledge, a review of the relevant records and other materials obtained during the course of this investigation, interviews of witnesses, conversations with other members of law enforcement, and documents provided by public officials, Your Affiant avers the Subject identified below has committed the following offense(s):

**Subject:** Nelson Judah Stone  
**Race:** Black  
**Gender:** Male  
**Date of Birth:** [REDACTED]  
**Social Security Number:** [REDACTED]  
**Florida Driver License:** [REDACTED]  
**Last Known Address:** [REDACTED]

**Offense(s):** Personal Identification Information concerning a deceased individual  
§ 817.568(8)(a), Fla. Stat.

**FACTS**

1. In February 2023, The Palm Beach County Supervisor of Elections (PBCSOE) provided Your Affiant a list of Paid Petition Circulators (PPC) from citizen's initiative groups who submitted petitions to amend the state constitution containing the names and signatures of deceased individuals.
2. According to Fla Stat. section 100.371, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.
3. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located.
4. Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Forms (CAIPF), which lists the voter's name, address, voter registration number or date of birth, and has a place for the voter's signature and date signed. The CAIPF also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.
5. The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.
6. After communicating with PBSOE, Your Affiant reviewed the comprehensive list of invalid names, addresses, and dates of births that were submitted to the PBCSOE on CAIPFs. More than 4500 CAIPFs submitted to the PBCSOE were deemed ineligible by the PBCSOE due to various anomalies, including deceased individuals' identities and personal information written on the forms. Your Affiant's review of the CAIPFs revealed

that one particular PPC, Nelson Judah Stone, DOB: [REDACTED] "Stone") appeared to have collected CAIPFs from more than one deceased individual, as records available to the PBCSOE indicated these individuals were deceased on the date that Stone purportedly gathered their signatures.

7. Upon closer examination of these CAIPFs, Your Affiant noted that each form included the deceased individual's signature and Stone's signature verifying that the petition was "signed in my presence" under penalties of perjury.

8. Additionally, the "Attention" section of the CPAIF stated the following:

- This form becomes a public record upon its filing with the Supervisor of Elections
- It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185)
- Failure to complete the form as required may invalidate the form

9. According to records provided to FDLE by the Florida Department of State Division of Elections, on or about 10-26-2021, Stone's application was approved to become a PPC for 3PVRO "Sensible Florida," a group proposing constitutional amendment serial number 21-17, titled "Legalizes Personal Use Marijuana for Adults Twenty-One or Older, Permits Adults to Cultivate Marijuana." Stone used the email [REDACTED] as a point of contact in his application. The application also included Stone's personal information including his name, permanent address, and phone number. Stone was assigned Circulator ID #34330.

10. Stone submitted five (5) deceased individuals' Personal Identification Information (PII) to the PBCSOE under Amendment Title 2117 and one (1) deceased individual's PII under Amendment Title 2116, Limited Authorization of Casino Gaming. The following CAIPFs containing the deceased individual's information were submitted to the PBCSOE by PPC Stone:

- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]

11. Your Affiant determined that the individuals mentioned in # 10 were deceased as follows:

- a. Your Affiant requested information from the Florida Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. A certified copy obtained from the Bureau of Vital Statistics indicated [REDACTED] died on [REDACTED].

- b. Your Affiant requested information from the Florida Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. A certified copy obtained from the Bureau of Vital Statistics indicated [REDACTED] died on [REDACTED].
- c. Your Affiant requested information from the Florida Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. A certified copy obtained from the Bureau of Vital Statistics indicated [REDACTED] died on [REDACTED].
- d. Your Affiant requested information from the Florida Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. A certified copy obtained from the Bureau of Vital Statistics indicated [REDACTED] died on [REDACTED].
- e. Your Affiant requested information from the Florida Department of Health, Bureau of Vital Statistics related to a death record search for [REDACTED]. A certified copy obtained from the Bureau of Vital Statistics indicated [REDACTED] died on [REDACTED].
12. Your Affiant reviewed signatures from the Florida Driver and Vehicle Information Database (DAVID) to compare to the signatures that were obtained by Stone for the CAIPFs and submitted to the PBCSEO on behalf of 3PVRO "Sponsor" Sensible Florida.
13. There is no signature for [REDACTED] documented in DAVID to compare. However, the CAIPF for [REDACTED] showed the date supposedly signed by [REDACTED] on 02-06-2022, which is six (6) years after [REDACTED] death.
14. The signature on the CAIPF appeared to be different from the signature captured on DAVID. The CAIPF for [REDACTED] showed the date supposedly signed by [REDACTED] as 02-07-2020, which is eight (8) years after [REDACTED] death.
15. There is no signature for [REDACTED] documented in DAVID to compare. However, the CAIPF for [REDACTED] showed the date supposedly signed by [REDACTED] as 02-08-2022, which is eight (8) years after [REDACTED] death.
16. There is no signature for [REDACTED] documented in DAVID to compare. However, the CAIPF for [REDACTED] showed the date supposedly signed by [REDACTED] on 02-03-2022, which is nine (9) years after [REDACTED] death.

17. There is no signature for [REDACTED] documented in DAVID to compare. However, the CAIPF for [REDACTED] showed the date supposedly signed by [REDACTED] as 02-05-2022, which is five (5) years after [REDACTED] death.

18. Your Affiant noted that Stone's signature as it appears on the CAIPFs and other documentation is consistent with each of the CAIPFs and his DAVID record.

19. On Wednesday, August 16, 2023, the Miami-Dade County Supervisor of Elections (MDCSOE) revealed that PPC Stone had submitted thirty-three (33) CAIPFs that were deemed invalid. Of the 33, there were five (5) petitions with a deceased individual's PII. Each of these 5 petitions were submitted for Serial 2116 titled "Limited Authorization of Casino Gaming," sponsored by "Florida Voters in Charge." For each of the 5 petitions, Stone is listed as the Paid Petition Circulator and signed swearing that each "petition was signed in my presence." Again, Your Affiant reviewed signatures from DAVID to compare to the signatures that were obtained by Stone for each CAIPF submitted. The following CAIPFs containing the deceased individual's information were submitted to the MDCSOE by PPC Stone:

- [REDACTED]
- [REDACTED] (2 CAIPFs submitted on different dates)
- [REDACTED]
- [REDACTED]

20. There is no signature for [REDACTED] documented in DAVID to compare. The CAIPF for [REDACTED] [REDACTED] showed the date supposedly signed by [REDACTED] (01-24-2022) is well after Ball's date of death on [REDACTED]

21. [REDACTED] signature appeared to be different on both CAIPFs signed two (2) days apart and in DAVID. The CAIPFs for [REDACTED] (there were two (2) CAIPFs for Limited Authorization of Casino Gaming supposedly signed by [REDACTED] on 01-23-2022 and 01-25-2022) showed dates well after [REDACTED] date of death in [REDACTED]

23. [REDACTED] signature on the CAIPF appeared to be different from the DAVID signature. The CAIPF for [REDACTED] showed the date supposedly signed by [REDACTED] (01-25-2022) is after [REDACTED] died on [REDACTED]

24. On Monday, August 28, 2023, Your Affiant received documentation from the Broward County SOE (BCSOE) related to Stone. Stone submitted eighteen (18) invalid CAIPFs

related to Serial 2117 in Broward County, of which three (3) were for deceased voters. Your Affiant noted the following deceased individuals from Serial 2117:

- [REDACTED] (2 CAIPFs under Serial 2117)
- [REDACTED]
- [REDACTED]

25. For [REDACTED] there were two (2) CAIPFs for Serial 2117 processed by the BCSOE. [REDACTED] first CAIPF was supposedly signed on 02-07-2022 using [REDACTED] first name [REDACTED] and middle name [REDACTED] second CAIPF under Serial 2117 was supposedly signed on 02-09-2022 utilizing the first name of [REDACTED] and the middle name of [REDACTED]. - [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]

29. The CAIPF for [REDACTED] showed the date supposedly signed by [REDACTED] (01-24-2022) after [REDACTED] died in [REDACTED] [REDACTED] signature on the CAIPF appeared to be different from the DAVID signature on file.

30. The CAIPF for [REDACTED] showed the date supposedly signed by [REDACTED] (01-24-2022) after [REDACTED] died in [REDACTED]. [REDACTED] signature on the CAIPF appeared to be different from the DAVID signature.

36. The CAIPF for [REDACTED] the date supposedly signed by [REDACTED] (01-25-2022) is after [REDACTED] died on [REDACTED]. [REDACTED] signature on the CAIPF appeared to be different from the DAVID signature.
37. On September 18, 2023, the Orange County Supervisor of Elections (OC SOE) provided information that Stone submitted invalid petitions for three (3) deceased individuals from Serial 2117:
- [REDACTED]

41. Your Affiant notes there were four (4) CAIPFs submitted to the OCSOE under [REDACTED] name. Three (3) CAIPFs were submitted under 2117-Legalizes Personal Use Marijuana For Adults and one (1) under 2116-Limited Authorization of Casino Gaming. Paid Petition Circulators [REDACTED] (1 CAIPF) and [REDACTED] submitted two CAIPFs that were supposedly signed on 02-09-2022 [REDACTED] 02-11-2022 and 02-14-2022 [REDACTED] respectively. Based on Your Affiant's training and experience, this indicates that a list containing the PII of deceased individuals such as [REDACTED] is being circulated among several PPCs and that the unlawful use of [REDACTED] PII is intentional.
42. Your Affiant documented that Stone submitted a total of two thousand three hundred thirty-three (2333) invalid CAIPFs for Limited Authorization of Casino Gaming (Serial 2116) and five hundred eighty-two (582) CAIPFs for Legalizes Personal Use Marijuana for Adults Twenty-One or Older, Permits Adults to Cultivate Marijuana (Serial 2117) throughout the State of Florida (Supervisor of Election) offices.

In Miami Dade County PPC Stone submitted thirty-three (33) invalid CAIPFs for Serial 2116. In Broward County PPC Stone submitted eighteen (18) invalid CAIPFs for Serial 2117 and thirty-four (34) invalid CAIPFs for Serial 2116. In Orange County PPC Stone submitted three (3) invalid CAIPFs for Serial 2117.
44. PPC Stone submitted a total of *twenty-three (23) deceased individuals* CAIPFs in at least four (4) counties: Orange, Palm Beach, Broward and Miami-Dade. Of the 23 *at least three (3) individual's information was submitted more than once* on CAIPFs for Serial 2116 and 2117. Your Affiant learned that each county SOE office used their respective "voter roll" to determine that the individual voters listed on each CAIPF submitted by Stone was deceased.
45. On Wednesday, August 9, 2023, Your Affiant conducted a non-custodial interview with Stone at his residence [REDACTED] regarding Constitutional Amendment Initiative Petition Forms (CAIPFs) turned in to the Supervisor of Elections

offices in multiple counties throughout the State of Florida. The following synopsis outlines Stone's interview:

Stone did not recall which company he worked for while gathering petitions. Stone was presented a copy of the Petition Request submitted to the Florida Department of State with Stone's personal information from October 2021. Stone acknowledged that he applied for this request and within a minute stated "I don't recall" Sensible Florida. Stone stated that he did "Grassfire about Native Americans" and stated that [REDACTED] introduced him to "marijuana ones." Stone was paid for two (2) initiatives. Casino Gaming was one of the two. When asked if he knew the contact person [REDACTED] for Sensible Florida, Stone asked if [REDACTED] was an attorney and advised that if he is then "Yes, that name sounds familiar." Stone collected signatures in the Central Florida area and traveled around Florida. Stone had visited Palm Beach County and collected signatures for petitions. Stone explained the process of collecting signatures, and in particular the CAIPFs, in Palm Beach County. Stone began by stating "It's been so long." Stone then stated he would approach unknown individuals and ask if they were registered voters. If a person is willing to sign the petition they would complete the CAIPF in front of Stone. Stone was paid hourly and not by how many petitions he turned in. Stone agreed that his signature on the form was verification that the person signed the document in his presence. Your affiant presented the four (4) CAIPF forms that contained deceased individuals' information. Stone first acknowledged the forms and agreed that these were forms that he would have completed. When asked if the signature on the form belonged to him, Stone stated "I believe so." Stone was asked if he obtained the signatures in person and how each person was identified. Stone stated PPCs "hit large groups going to concerts," and other large crowds and get groups to sign the petitions. Stone paused and advised, "When I tell you like sir I can't be in any trouble right now and I don't want to be part of no investigation." Stone again stated we hit large crowds and when "we mention marijuana people just sign." Stone did not know the exact number of people he signed up but stated, "People friends and moms would sign up." Stone received a base pay (salary) and had incentives "to do well."

Your affiant asked Stone how many employees he worked with when he collected signatures in Palm Beach County. Stone stated the reason why he came to Palm Beach was to collect documents from other petitioners but could not recall any names. Stone commented, "I wanna do my best, I don't want to be in any trouble at all cause my thing is how much involved I am if I am going to get in trouble." Your affiant explained to Stone that the individuals on the CAIPF forms that were presented to Stone were deceased. Stone was asked again how did he obtain the signatures and addresses of deceased individuals. Stone sighed and stated, "You are coming as a state official obviously you have the interest of the state probably don't have the best interest of me so I would like to have an attorney

present." Your affiant concluded the interview as Stone advised to give him twenty-four (24) hours to consult with someone and he would possibly call back with information.

1. **CRIMINAL USE OF PERSONAL IDENTIFICATION INFORMATION**  
Section 817.568(2)(A), Florida Statutes (2020)
2. **PETITION; KNOWINGLY SIGNING MORE THAN ONCE; SIGNING ANOTHER PERSON'S NAME OR FICTITIOUS NAME**  
Section 104.185(2) Florida Statutes (2022)

BEFORE ME, Chris Shepard a sworn law enforcement officer, personally came Inspector Ryan Bliss of the Florida Department of Law Enforcement (FDLE) who, being duly sworn, deposes and says:

Inspector Bliss is a sworn law enforcement officer of the State of Florida, and as such is empowered to conduct investigations of and make arrests for violations of the criminal laws of the State of Florida, including those enumerated in Chapter 104, Florida Statutes, pertaining to election code violations and believes that laws of the State of Florida have been violated, specifically, those laws enumerated in Chapter 817.568 pertaining to Criminal Use of Personal Identification Information; and the person violating those laws is ZACHARY PAUL DWORSKY, as identified above.

Inspector Ryan Bliss, Your Affiant is a lawfully sworn Inspector of the Florida Department of Law Enforcement (FDLE) and has been employed since December 2002. Your Affiant is currently assigned to the Office of Executive Investigations, Elections Crime Unit with over twenty-eight years of law enforcement experience, in conducting investigations involving public integrity, election crimes, violent crime, sex crimes, narcotics, property crimes, and financial crimes. Your Affiant has successfully completed training classes provided by FDLE and also has a Bachelor's Degree from Florida State University's School of Criminology. As an Inspector with FDLE, your affiant is authorized to investigate all crimes involving election crimes, and public integrity.

This case is being prosecuted by the Florida Attorney General's Office (Office of Statewide Prosecution). The investigation is aggregated and summarized as follows:

1. On September 08, 2023, the Florida Department of State, Division of Elections provided Your Affiant with a list of Paid Petition Circulators (PPC) who reportedly submitted invalid petitions through invalid signatures or with deceased individual's identities. The spreadsheet indicated that Dworski had submitted a total of 2,438 invalid petitions from different voter districts throughout the state of Florida.
2. According to Fla Stat. section 100.371, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.
3. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot.

Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered in order for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located.

4. Voter signatures must be gathered via use of a Constitutional Amendment Initiative Petition Forms (CAIPF), which lists the voter's name, address, voter registration number or date of birth, and has a place for the voter's signature and date signed. The CAIPF also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.
5. The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.
6. According to records provided to FDLE by the Florida Department of State Division of Elections, on or about November 15, 2022, Dworsky's application was approved to become a PPC for 3PVRO "Smart and Safe Florida" (Serial Number 22-05, Adult Personal Use of Marijuana) and for Floridian's Protecting Freedom, Inc. (Serial Number 23-07, Amendment to Limit Government Interference with Abortion), two

committees seeking to have amendments to the Florida Constitution placed on the ballot for the 2024 election cycle. Dworsky was a PPC for these initiatives and listed the email address [REDACTED] in his application. The application also included Dworsky's name, address, and phone number. Dworsky was assigned Circulator ID #56091.

The reasons for your Affiant's belief that the above-listed laws have been violated and that ZACHARY PAUL DWORSKY, hereinafter Dworsky is the person who violated said laws are as follows:

On March 03, 2023, the FDLE, Election Crime Unit (ECU) received information from the Florida Department of State (DOS), Office of Election Crimes and Security regarding allegations of fraud involving Zachary Paul Dworsky hereinafter Dworsky, a paid petition circulator (PPC) for Smart and Safe Florida's initiative 22-05 "Adult Personal Use of Marijuana".

On March 6, 2023, Your Affiant reviewed documents provided by the DOS, which contained an Elections Fraud Complaint form from Candidate & Election Support Coordinator Katrina Hall of the Sumter County Supervisor of Elections (SCSOE) office and the DOS, and one petition form with one corresponding SCSOE voter information printout. The DOS letter outlines the complaint from the SCSOE, alleging that Dworsky, a PPC, submitted one petition receiving a disposition of "Signature Different" due to a signature mismatch. In addition to the signature on the petition not matching the signature images available on file for registered voter, [REDACTED] hereinafter [REDACTED] the handwriting supplied in the "date signed" fields on both the "Voter's Information" and "Petition Circulator's Information" portions of the petition form appear to be similar and resemble the Paid Petition Circulator's handwriting.

1. On April 14, 2023, Your Affiant conducted a sworn interview of [REDACTED] and learned the following. On an undetermined date in January of 2023, [REDACTED] received a letter from the SCSOE that stated, [REDACTED] name may have been forged on a petition. [REDACTED] traveled to the SCSOE and a representative showed [REDACTED] a copy of the

petition with her signature. [REDACTED] advised that was not her signature on the petition. Your Affiant asked [REDACTED] if a circulator ever approached her at home or in public and requested her to sign the petition. According to [REDACTED] no one has ever approached her and asked her to sign a petition. [REDACTED] has never heard of the petition for the adult use of personal marijuana and [REDACTED] would not endorse or sign the petition. [REDACTED] does not know Dworsky.

On August 28, 2023, Your Affiant contacted the Department of State and requested information on the number of invalid petitions with the names of the circulators for the Smart and Safe initiative to determine if Dworsky has submitted petitions in other voting districts receiving a disposition of "Signature Different" or submitting petitions that a registered voter has been deemed deceased prior to the filing of the Constitutional Amendment Initiative Petition Form being turned in.

Your Affiant reviewed the spreadsheet and saw that there were thirty-two invalid petitions submitted to the Volusia County Supervisor of Elections (VCSOE) by Dworsky. Your Affiant contacted the VCSOE, requested a copy of the invalid petitions, and reviewed the comprehensive list of invalid signatures that were submitted to the VCSOE on CAIPFs by Dworsky. The CAIPFs submitted to the VCSOE were deemed ineligible by the VCSOE due to various anomalies.

On September 28, 2023, Your Affiant contacted the following individual(s).

2. [REDACTED]

At approximately 1100 hours, Your Affiant met with [REDACTED] hereinafter [REDACTED] at the listed residential address on the petition. Your Affiant informed [REDACTED] that he could be a victim of identity fraud and petition fraud. Your Affiant explained the possible petition fraud and showed him a copy of the petition with [REDACTED] name, residential address, date of birth, and signature. [REDACTED] advised that the information was correct but that was not his handwriting or signature, and he did not complete the petition. [REDACTED] did not give anyone permission to use

his personal information or sign his name on the petition. [REDACTED] was never approached by a petitioner endorsing the adult personal use of marijuana.

3. [REDACTED]

At approximately 1100 hours, Your Affiant attempted to meet with [REDACTED] hereinafter [REDACTED] at his residence but learned that his brother, [REDACTED] was not home. Your Affiant left a business card with instructions to have [REDACTED] contact Your Affiant. Subsequent to speaking with the Sumter and Volusia County residents who were victims of identity fraud, Your Affiant traveled to Dworsky's residence located at [REDACTED] [REDACTED] in an effort to conduct a sworn interview of Dworsky. On November 16, 2023, Your Affiant met with Dworsky in front of his home. Your Affiant asked Dworsky about his employment as a PPC for Smart and Safe Florida. The following is a summary of the sworn audio-recorded interview.

Dworsky responded to a job posting for Smart and Safe Florida that required Dworsky to collect signatures for certain petitions from registered Florida voters. Dworsky would solicit signatures in parking lots of shopping centers on the streets, and rest areas on the turnpike.

Dworsky was paid \$11.00 per hour "but technically on a sliding basis based on how many signatures were collected during the week." Dworsky was paid \$ 400.00 per week for 0 to 100 signatures and the pay increased for 100 to 150 signatures and 150 to 200 signatures, etc. Dworsky would have the individual complete the petition with their personal information and sign the petition. The information would be checked through Third Party Verification (TPV) to determine if the individual was a registered voter.

Your Affiant asked Dworsky if he ever completed the personal information and signature of registered voters who were not present and did not give him consent to complete the petition on their behalf. Dworsky advised that the individual named on the petition completed and signed the petition. Your Affiant asked if he did not have enough signatures during the week and if he ever completed a petition and signed the petition without having the registered voter present. Dworsky said he never did that and every petition and signature was completed by the person named on the petition. Your Affiant told Dworsky about the investigation of petitions that were

submitted on behalf of people who were deceased or petitions that were fraudulently completed and signed for registered voters, some of which included petitions submitted by Dworsky. Your Affiant asked Dworsky if he traveled to Port Orange, Florida. Dworsky never traveled to Port Orange but did "hang out at the rest stop gas stations on the turnpike and stuff like that and would get signatures from people all over the state of Florida."

Your Affiant showed Dworsky a petition that was reportedly completed by Port Orange registered voter [REDACTED] that was completed on April 14, 2023, and asked if he remembered that petition. Dworsky did not remember anything specific but affirmed all of the petitions were completed by the registered voter on the petition and that was why the verification service was used. Your Affiant told Dworsky that [REDACTED] was interviewed and reviewed the petition and advised that he never saw that petition and did not sign the petition.

Your Affiant showed Dworsky the application with [REDACTED] name and advised that [REDACTED] did not sign the petition. Dworsky advised that he never checked identification but entered the first and last name with the date of birth in the TPV and if it returned valid, Dworsky would know it would be a good petition. Your Affiant asked Dworsky if he may have completed a few of the petitions in an effort to make the money. Dworsky advised that he "did not intentionally fraudulently complete any of the papers." Your Affiant asked again if a few petitions were fraudulently completed to make the money to support his family. Dworsky advised, "It is possible that over the course of the couple months that I did it but off the top of my head it can't say yes or no but out of all of the ones I did it is possible."

Dworsky continued and advised that if the individual was unable to complete the petition, he would write the personal information on the petition and the individual would sign the petition. Dworsky changed his statement and advised that he would sometimes sign the petition for the individual. Your Affiant told Dworsky that there are over nine hundred fraudulently signed petitions that have Dworsky as the PPC that he was paid for by the LLC. Dworsky agreed that he was paid for the submitted petitions but could not explain the fraudulently signed petitions.

Your Affiant asked Dworsky where he traveled to get signatures on the petitions. Dworsky traveled as far as Jupiter, Florida to get signatures in the parking lots of WaWa gas stations, Costco, Walmart, Sams, Publix parking lots, and other areas with high foot traffic. Dworsky never traveled to the Central Florida area.

Based on the information outlined above, it is the belief of Your Affiant that probable cause exists that, Zachary Paul Dworsky did unlawfully, intentionally, and knowingly commit:

- Count 1: Personal Identification Information, § 817.568(2)(a), Fla. Stat.  
3<sup>rd</sup> Degree Felony (15 counts)
- Count 2: Petition; knowingly signing more than once; signing another person's name or fictitious name, § 104.185(2) Fla Stat.  
3<sup>rd</sup> Degree Felony (15 counts)

WHEREFORE, Your Affiant prays that an arrest warrant will be issued commanding all and singular, the Commissioner of the Florida Department of Law Enforcement or any of his duly authorized Special Agents; all Sheriffs and Police Chiefs of the State of Florida or any of their duly authorized deputies or officers acting within their respective jurisdictions to arrest instanter ZACHARY PAUL DWORSKY, further described hereinabove on the charges set forth herein and bring him before the Court so that she may be dealt with according to law.

COMES NOW your Affiants, Inspectors Miles Sonn and Michelle Cabrera of the Florida Department of Law Enforcement (FDLE), and make this Affidavit in support of probable cause to support the arrest of the Subject described below. Based on Affiants' personal knowledge, a review of the relevant records and other materials obtained during the course of this investigation, interviews of witnesses, conversations with other members of law enforcement, and documents provided by public officials, Affiants avers the Subject has committed the following offense(s):

Subject: Yenay Ramos  
DOB: [REDACTED]  
L/K/A: [REDACTED]  
Offense(s): Personal Identification Information Concerning a Deceased Individual  
§ 817.568(8)(b), Fla. Stat.

**FACTS**

1. On August 17, 2023, The Miami-Dade County Supervisor of Elections (SOE) provided Your Affiants a list of Constitutional Amendment Initiative Petition Forms (CAIPFs) from multiple Paid Petition Circulators (PPC). These PPCs worked for numerous citizen's initiative groups that submitted petitions to amend the state constitution. The petitions provided by the Miami-Dade SOE contained the names and signatures of deceased individuals.
  
2. On January 8, 2024, The Broward County Supervisor of Elections (SOE) provided Your Affiants a list of Constitutional Amendment Initiative Petition Forms (CAIPFs) from multiple Paid Petition Circulators (PPC). These PPCs worked for numerous citizen's initiative groups that submitted petitions to amend the state constitution. The petitions provided by the Broward SOE contained the names and signatures of deceased individuals.

3. According to Fla Stat. section 100.371, any person who is or will be paid to collect initiative petitions must first register with the Department of State before collecting petitions. Information submitted to register as a paid petition circulator (PPC) becomes public record, subject to any applicable exemptions under Florida law.
4. Proposed amendments to the Florida Constitution may be made by a joint resolution of the Florida Legislature, a citizens' initiative, a proposal from the Constitution Revision Commission, or a proposal from the Taxation and Budget Reform Commission. A proposed amendment requires at least 60% approval from voters to pass. A citizen's initiative for a constitutional amendment requires petitions to be signed by Florida voters before the proposed amendment can appear on the ballot. Each election cycle, the Florida Department of State Division of Elections determines the number of voter signatures that must be gathered for an amendment proposed by citizen initiative to appear on the ballot. For the 2024 election cycle, a petition must be signed by 891,523, with additional requirements as to where those electors must be located (Per the Florida Constitution, the number of signatures needed is based on 8% of the voters who cast votes in the last Presidential election).
5. Voter signatures must be gathered via the use of a Constitutional Amendment Initiative Petition Form (CAIPF), which lists the voter's name, address, voter registration number, or date of birth, and has a place for the voter's signature and date signed. The CAIPF also requires that the circulator or PPC include their name, circulator number, address, signature, and date signed. Each circulator and PPC is assigned a specific circulator number that is recorded with the Division of Elections.
6. The fourth section of the CAIPF states "This petition form is only to be circulated and collected by a paid petition circulator. After the voter signs the form, the circulator must complete the affidavit below." The PPC's affidavit has a space for the circulator's name, circulator registration number, and circulator's address. There is also a disclaimer: "By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the forgoing Petition Circulator's Affidavit and the facts stated in it are true." Below is a space for the circulator's signature and the date attesting that the voter was present.
7. After communicating with Miami-Dade SOE, Your Affiants reviewed the comprehensive list of invalid names, addresses, and dates of births that were submitted to the Miami-Dade SOE on CAIPFs. The Miami-Dade SOE provided Your Affiants with numerous PPCs' information which reflected submitted CAIPFs of deceased individuals. Your Affiant's review of the CAIPFs revealed that one particular PPC, Yenay Ramos (hereinafter "Ramos"), appeared to have collected CAIPFs from more than one deceased individual, as records available to the Miami-Dade SOE indicated these individuals were deceased on the date that Ramos purportedly gathered their signatures.

8. The Broward SOE provided Your Affiants with numerous PPCs' information which reflected submitted CAIPFs of deceased individuals. Your Affiant's review of the CAIPFs revealed that one particular PPC, Yenay Ramos (hereinafter "Ramos"), appeared to have collected CAIPFs from more than one deceased individual, as records available to the Broward SOE indicated these individuals were deceased on the date that Ramos purportedly gathered their signatures
9. Upon closer examination of these CAIPFs, Your Affiants noted that each form included the deceased individual's signature and Ramos' signature verifying that the petition was "signed in my presence" under penalties of perjury.
10. Additionally, the "Attention" section of the CAIPF stated the following:
  - This form becomes a public record upon its filing with the Supervisor of Elections
  - It is a first-degree misdemeanor to knowingly sign the same petition more than once (F.S.S. 104.185)
  - Failure to complete the form as required may invalidate the form
11. According to records provided to FDLE by the Florida Department of State, Division of Elections, on or about August 26, 2021, Ramos' application was approved to become a PPC. Ramos used the email yenayramostulecki@yahoo.com. The application also included Ramos' personal information including her name, address, and phone number. Ramos was assigned Circulator ID # 27053.
12. Ramos submitted ten (10) deceased individuals' Personal Identification Information (PII) to the Miami-Dade SOE under Amendment Title 2117, which included the person's name, address, date of birth, signature, and date signed on the petition. The following CAIPFs containing the deceased individual's information were submitted to the Miami-Dade SOE on behalf of Ramos:

FDLE arrests Port St. Lucie woman for abortion petition fraud

**For Immediate Release**

June 28, 2024

TALLAHASSEE, Fla. – The Florida Department of Law Enforcement (FDLE) arrested Donella Harriel, 46, of Port St. Lucie, for knowingly submitting fraudulent constitutional amendment petitions for the abortion initiative, “Amendment to Limit Government Interference with Abortion.” The arrest is the result of an investigation led by FDLE’s Election Crime Unit (ECU) working with the Florida Department of State Office of Election Crimes and Security (OECS).

The investigation began after Harriel submitted 314 invalid abortion initiative petitions from different voter districts throughout Florida.

Harriel is charged with five felony counts of criminal use of personal identification information and five felony counts of knowingly signing another person’s name to secure ballot position.

Harriel turned herself in on June 6 and was booked into the Martin County Jail. Attorney General Ashley Moody’s Office of Statewide Prosecution will prosecute the case.

Since February, nine people have been charged with petition fraud following FDLE investigations, including four with fraud on the abortion initiative.

## Florida and Kansas are accusing 2 people of forging signatures for petition drives

Kansas Attorney General Kris Kobach participates in a ceremony honoring fallen law enforcement officers at the Statehouse, May 3, 2024, in Topeka, Kan. Kobach's office is accusing two Florida residents of forging signatures on petitions to allow the No Labels part to put its candidates on the ballot, and the two also are accused of doing the same in Florida during an effort to get an abortion rights measure on the ballot there. (AP F [Read More](#))

BY [JOHN HANNA AND MARGERY A. BECK](#)

Updated 5:37 PM EDT, June 5, 2024

TOPEKA, Kan. (AP) — Florida and Kansas officials are accusing two petition circulators of forging voter signatures during campaigns to put an abortion rights measure to [a vote in Florida](#) and allow the No Labels party to put candidates on the Kansas ballot.

Jamie Johnson, 47, and George Andrews III, 30, both from Dade City, Florida, in the Tampa area, were in jail Wednesday, each on \$150,000 bail. Johnson was being held in Sarpy County, Nebraska, south of Omaha, and Andrews in the Tampa area.

Each faces 20 felony charges [in Florida](#), while in Kansas, Andrews faces [30 felony counts](#) and Johnson, 19.

While Andrews has been in custody in Florida since February, authorities in both states couldn't find Johnson until she was arrested a week ago in Nebraska. Kansas Attorney General Kris Kobach [announced the arrest](#) Tuesday and said he is seeking to bring Johnson to Kansas for prosecution. She is scheduled to have a July 1 extradition hearing in Nebraska.

Kobach's office said Andrews and Johnson together forged at least 46 signatures on petitions to get the centrist No Labels group recognized as a political party in Kansas, which allows it to put nominees on the November ballot.

## **Suspicious packages were sent to election officials in at least 6 states**

Florida officials said Andrews and Johnson submitted a total of 133 invalid petitions in multiple counties during the effort to get the abortion rights measure on the November ballot.

Neither successful petition drive appears to have depended on the signatures the two submitted. In Kansas, No Labels needed more than 20,000, while in Florida, the figure was at least 891,500.

Still, Kobach said that with election fraud, “It doesn’t matter how far you run.”

“We will drag you back to Kansas and prosecute you,” Kobach said in a statement.

No Labels chief strategist Ryan Clancy said Wednesday that the Kansas case involves a former vendor’s subcontractor and that vendors are required to provide training for petition circulators and have a third party verify signatures.

“No Labels will fully cooperate with any inquiry,” Clancy said in an emailed statement.

A public defender representing Andrews in Florida did not return a telephone message Wednesday seeking comment. Tom Stringenz, a public defender for Johnson in Nebraska, said she does not have an attorney in Kansas and that she will fight extradition to both Florida and Kansas.

Stringenz couldn't say whether Johnson was in Nebraska to circulate petitions for proposed ballot initiatives there. She has no ties the state, he said.

## Florida arrests petition gatherer accused of submitting fraudulent signatures for abortion measure

**The FDLE's state elections office investigated in concert with the Sarasota Supervisor of Elections.**

The Florida Department of Law Enforcement (**FDLE**) has arrested a Tampa man for allegedly committing petition fraud on an abortion initiative.

Investigators say **Andres Felipe Salazar**, a paid petition circulator for **Floridians Protecting Freedom**, submitted more than 30 fraudulent signatures in Sarasota County. Tampa police arrested Salazar on March 21.

The 37-year-old is being held on 12 charges of criminal use of personal identification information. He was released on a \$5,000 bond.

The arrest by Tampa Police followed an investigation by FDLE's **election police force**, working with the Sarasota County Supervisor of Elections Office. Republican **Ron Turner** serves as Supervisor of Elections in the county.

Floridians Protecting Freedom **in January** passed the petition threshold to put a constitutional amendment enshrining the right to obtain an abortion in the state constitution. Election officials at that point had verified more than 911,000 legitimate signatures.

The organization had worked over eight months to secure the necessary signatures to qualify for the statewide ballot.

The Republican-dominated Legislature has **approved a measure** banning most abortions after six weeks of gestation. That limit is on hold, pending a Florida Supreme Court ruling over a ban after 15 weeks of pregnancy passed in Florida **in 2022**.

Republican Attorney General **Ashley Moody** has asked the state Supreme Court to **disqualify** the amendment question from the ballot, arguing its summary language will mislead voters. The Florida Supreme Court is expected to issue a decision this week on whether the amendment can appear on the ballot.

Floridians Protecting Freedom has already started campaigning for Amendment 4.

The FDLE **in October** arrested three paid petition circulators, that time working in concert with the Leon, Palm Beach, Miami-Dade and Broward County Supervisors of Elections Offices.

A horizontal banner with a red background. On the left is the AARP Florida logo. The main text reads "Know when, where, and how to vote." followed by "ELECTION GUIDE" in a dark red box. On the right is a circular logo for "VOTERS 50+ Our Voices Decide" and a small photo of a man.

The state agency at that time did not identify the campaign for which the individuals were gathering petitions.

*VIA EMAIL and US MAIL*

Dear Mr. Coxe:

The Department of State received information from a Floridians Protecting Freedom, Inc. ("FPF"), petition circulator ("the circulator") who appeared at the R.A. Gray building alleging that eight (8) FPF paid petition circulators employed and supervised by him were engaged in a scheme to defraud Florida voters by using Floridians' personal identification information without consent and forging voter signatures on FPF (Initiative 23-07) petitions. Based on a review of the information provided by the circulator, and as confirmed by the relevant supervisors of elections, we are imposing a *fine* in the amount of **\$328,000.00** for violations of Florida's election laws.

Under Florida law, a sponsor that collects petition forms or uses a petition circulator to collect petition forms serves as a fiduciary to the elector signing the petition form. More specifically, section 100.371(7)(a), Fla. Stat., states that "[a] sponsor that collects petition forms or uses a petition circulator to collect petition forms serves as a fiduciary to the elector signing the petition form, ensuring that any petition form entrusted to the petition circulator shall be promptly delivered to the supervisor of elections within 30 days after the elector signs the form." *Id.* The law requires each sponsor that collects petition forms to "promptly deliver[]" those petitions to the supervisor of elections within 30 days after the elector signs the form or be liable for a fine. *Id.*; Rule 1S-2.0091(2)(b), F.A.C. For each petition form that is delivered later than 30 days from the date the elector signed the form, the fine is \$50, or \$250 if the sponsor or petition circulator acted willfully. *See* § 100.371(7)(a)1, Fla. Stat. For each petition form that is not submitted to the supervisor of elections, the fine is \$500, or \$1,000 if the sponsor or petition circulator acted willfully. *See* § 100.371(7)(a)2, Fla. Stat.

In late 2023, the circulator appeared at the R.A. Gray building asking to speak to someone with the Office of Election Crimes & Security (“OECS”). The circulator wanted to report what he believed to be initiative petition fraud related to the proposed Abortion Amendment, 23-07. The circulator explained that he was the owner of a local petition circulator business working to collect signatures on petitions for the purpose of qualifying the Abortion Amendment for ballot placement. The circulator’s employees included eight FPF paid petition circulators. The circulator suspected these 8 employees were engaged in a fraudulent scheme to forge voter signatures on abortion petitions.

The circulator brought with him over 600 petitions from the eight (8) paid petition circulators. The circulator believed some of the petitions to be fraudulent for a number of reasons. Those reasons included inconsistent handwriting for dozens of individual voters, incorrect dates of birth of voters, names appearing to be in alphabetical order as if they were copied off a list, signatures appearing to be forged, etc. The circulator did not know, and could not identify specifically, which of the approximately 600 petitions were in fact fraudulent, only that he suspected a large number of them to be fraudulent in nature.

OECS made copies of the petitions, and returned the originals to the circulator so that FPF could comply with its statutory obligations under section 100.371(7)(a), Fla. Stat. (“A sponsor that collects petition forms or uses a petition circulator to collect petition forms serves as a fiduciary to the elector signing the petition form, ensuring that *any* petition form entrusted to the petition circulator shall be promptly delivered to the supervisor of elections within 30 days after the elector signs the form.” (emphasis added) The circulator was reminded of the statutory obligations and that he should identify, as best as possible, the suspected fraudulent petitions, so that information gets conveyed to the relevant election official upon submission.<sup>1</sup> OECS also confirmed each of the eight (8) paid circulators in question were registered as paid FPF petition circulators for the proposed abortion amendment. The information and paid circulator names were immediately handed over to the Florida Department of Law Enforcement and the Office of Statewide Prosecution for criminal investigation.

The Department reviewed the copies OECS made of the 600 petitions brought in by the circulator and asked each relevant supervisor of elections whether they indeed received the petitions. Confirmation by the relevant supervisors of elections reflect that 328 of the petitions were not delivered by your committee to supervisors of elections office as required by law.<sup>2</sup> Based on the documents (attached hereto) provided to OECS, the information provided by the circulator<sup>3</sup> described above, who was identified as the owner of an entity whose sole purpose was

<sup>1</sup> We know FPF is familiar with this process because its main contractor, PCI Consultants, Inc., has done exactly that by submitting “Suspicious Signature Cover letters” identifying suspected fraudulent petitions for the election official to flag during review. See Exhibit “1.”

<sup>2</sup> It is worth noting (and documented in the attached exhibits) that in a few counties, abortion petitions were received under the same voter name, but the petitions were different (dates, signatures, different petition circulator). We have forwarded these petitions to law enforcement for review, as it is likely one of the petitions was either fraudulent in nature, or the voter submitted multiple petitions, in violation of section 104.185(1), F.S.

<sup>3</sup> “Petition circulator” is defined in Florida law as “*an entity or individual* who collects signatures for compensation for the purpose of qualifying a proposed constitutional amendment for ballot placement.” Section 97.021(28), Fla. Stat. (emphasis

Therefore, the Department is imposing a **\$328,000.00 fine**.

*Re: Demand for an Accounting Due to Violations of Initiative Petition Law*

Dear Chairperson Latshaw:

Over the past several months, the Department has received information from multiple supervisors of elections offices and individual Florida voters concerning violations of Florida law involving your committee – Floridians Protecting Freedom, Inc. The allegations are concerning and include reports of your paid petition circulators signing petitions on behalf of deceased individuals, forging or misrepresenting voter signatures on petitions, using voters' personal identifying information without consent, and perjury/false swearing. In the past few months, paid petition circulators associated with your committee have been arrested and charged with serious felonies. In addition to the arrests, the Office of Election Crimes and Security (OECS) has opened nearly fifty (50) criminal investigations into individual paid petition circulators and organizations involved in the collection of petitions on behalf of your committee. Given the credibility of the allegations, many cases have been referred to law enforcement and are now active criminal investigations. Given the volume of the allegations, OECS is concerned that a large numbers of voter signature forgeries have been submitted by your contractors or subcontractors to your committee. Your committee then delivered these potentially fraudulent signatures to supervisors of elections offices around the state to be verified as valid.

In addition to the above, OECS has received credible allegations that some of your subcontractors paid individual circulators per petition collected, in violation of Florida law. One such organization, [REDACTED] allegedly paid some of the circulators collecting on your behalf ten dollars per signed petition. See § 104.186, Fla. Stat. (making it a felony of the third degree for a person to compensate a petition circulator based on the number of petition forms gathered). We understand that [REDACTED] around October 2024, was hired by [REDACTED] one of your primary contractors, to circulate petitions for the

“Amendment to Limit Government Interference with Abortion.” [REDACTED] then hired and paid circulators to collect petitions on behalf of your initiative and submitted the signed petitions to [REDACTED] would then submit the petitions to your committee. Your committee, pursuant to section 100.371(7)(a), Fla. Stat., would then submit the petitions to the local supervisors of elections offices for validation.

The Secretary is responsible for ensuring the integrity of the petition gathering process. The law is clear that you as the petition sponsor shall account for all petition forms turned in by your agents and that the Secretary has authority to conduct audits. See § 100.371(9), Fla. Stat. and Rule 1S-2.009(8), F.A.C. Accordingly, the Department requests that your committee provide the Division of Elections an immediate accounting of any and all petition forms and correspondence provided to your committee by [REDACTED]. The accounting should include petition forms and correspondence submitted to your committee between the dates of May 8, 2023 to May 8, 2024. In addition to the above, as part of the accounting, you shall, within 20 days, provide the following information to the Division of Elections:

- Any and all copies of any “do not buy” list (a list of paid circulators who had been fired or accused of fraud) maintained by you or your agents or contractors.
- Copies of any and all documents or correspondence received by your committee from [REDACTED] between May 8, 2023 to May 8, 2024.
- Copies of any and all documents or correspondence sent by your committee to [REDACTED] between May 8, 2023 to May 8, 2024.
- Copies of all petitions submitted to your committee collected by contractors or agents working on behalf of [REDACTED] including any petitions turned in to your committee by another organization or contractor, such as [REDACTED] between the dates of May 8, 2023 and May 8, 2024.
- Copies of any and all contractual documents or agreements between your organization and [REDACTED]

If you fail to provide an accounting as required, the Department may refer the matter to the Attorney General for enforcement. See § 100.371(8), Fla. Stat. The requested information should be provided to:

Initiative petition efforts must be undertaken in compliance with the law. The filing of fraudulent initiative petitions undermines public confidence in the initiative petition process and will not be tolerated in the State of Florida. The Department, through the Division of Elections

Based on information and belief, [REDACTED] was contracting with [REDACTED] [REDACTED] one of your client's primary contractors, to circulate petitions for the "Amendment to Limit Government Interference with Abortion." [REDACTED] [REDACTED] then hired and paid circulators to collect petitions on behalf of your client's initiative and submitted the signed petitions to [REDACTED] [REDACTED] would then submit the petitions to your client. Your client, pursuant to section 100.371(7)(a), Fla. Stat., would then submit the petitions to the local supervisors of elections offices for validation.

The Secretary is responsible for ensuring the integrity of the petition gathering process. The law is clear that your client as the petition sponsor shall account for all petition forms turned in by its agents and that the Secretary has authority to conduct audits. See § 100.371(9), Fla. Stat. and Rule 1S-2.009(8), F.A.C. Accordingly, the Department requests that your client provide the Division of Elections an immediate accounting of any and all petition forms and correspondence provided to your client by [REDACTED] [REDACTED]. The accounting should include petition forms and correspondence submitted to your client between the dates of May 8, 2023 to May 8, 2024. In addition to the above, as part of the accounting, you shall, within 20 days, provide the following information to the Division of Elections:

- Any and all copies of any "do not buy" list (a list of paid circulators who had been fired or accused of fraud) maintained by your client or their agents or contractors.
- Copies of any and all documents or correspondence received by your client from [REDACTED] [REDACTED] between May 8, 2023 to May 8, 2024.
- Copies of any and all documents or correspondence sent by your client to [REDACTED] [REDACTED] between May 8, 2023 to May 8, 2024.
- Copies of all petitions submitted to your client collected by contractors or agents working on behalf of [REDACTED] [REDACTED] including any petitions turned in to your client by another organization or contractor, such as [REDACTED] [REDACTED] between the dates of May 8, 2023 and May 8, 2024.
- Copies of any and all contractual documents or agreements between your client and [REDACTED] [REDACTED]

If you fail to provide an accounting as required, the Department may refer the matter to the Attorney General for enforcement. See § 100.371(8), Fla. Stat. The requested information should be provided to:

Initiative petition efforts must be undertaken in compliance with the law. The filing of fraudulent initiative petitions undermines public confidence in the initiative petition process and will not be tolerated in the State of Florida. The Department, through the Division of Elections and Office of Election Crimes and Security, will continue working closely with its law enforcement partners to investigate these alleged crimes and bring those responsible to justice.

Re: Response to Accounting Requests

Dear Mr. McVay:

This is in response to your letters of June 24, 2024, and July 16, 2024 to Floridians Protecting Freedom ("FPF"), which we represent.

We share a mutual respect for doing whatever ensures the integrity of the petition gathering process. FPF has paid in excess of \$1.12 million in fees in order to confirm that the petitions are valid and believe that this has been a sound investment in the preservation of a fair voting process.

We are always concerned when any suggestion is made that our efforts do not carefully track the requirements of Chapter 100, Florida Statutes, and applicable regulations. We promptly undertook an internal inquiry related to your concerns regarding [REDACTED]. This also included investigating an individual, as you suggested, named [REDACTED].

We have no formal or informal relationship with [REDACTED] and we do not have custody, possession or control of any records related to them. FPF is unaware of any petition gathering efforts performed on behalf of FPF by either of them. Nevertheless I have detailed by bullet point a response to your requests in both the June 24 and July 16 letters:

Brad McVay, Deputy Director  
July 30, 2024

- Any and all copies of any "do not buy" list (a list of paid circulators who had been fired or accused of fraud) maintained by you or your agents or contractors.

FPF does not have possession, custody, or control of any records responsive to this request.

- Copies of any and all documents or correspondence received by your committee from [REDACTED] between May 8, 2023 to May 8, 2024.

- FPF does not have possession, custody, or control of any records responsive to this request.

- Copies of any and all documents or correspondence sent by your committee to [REDACTED] between May 8, 2023 to May 8, 2024.

FPF does not have possession, custody, or control of any records responsive to this request.

- Copies of all petitions submitted to your committee collected by contractors or agents working on behalf of [REDACTED] including any petitions turned in to your committee by another organization or contractor, such as [REDACTED] between the dates of May 8, 2023 and May 8, 2024.

FPF does not have possession, custody, or control of any records responsive to this request, other than petition copies provided to us by the Secretary of State, which have been submitted to [REDACTED]. I assume that you do not need copies of materials already provided to us by your office.

- Copies of any and all contractual documents or agreements between your organization and [REDACTED]

FPF does not have possession, custody, or control of any records responsive to this request.

Brad McVay, Deputy Director  
July 30, 2024

We remain willing to cooperate in any fashion with the Florida Department of State to the extent we have possession of the materials requested. We trust that this letter makes clear that FPF has not engaged in any behavior which will compromise the integrity of this process.

I look forward to hearing from you if there is anything further we can do.

Sincerely,

To Whom It May Concern,

Pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, Florida Administrative Code, the Department of State, Office of Election Crimes and Security (OECS), has reviewed the enclosed Election Fraud Complaint (EFC 22-1268) for facial legal sufficiency. The OECS has determined this complaint to be "facially sufficient" and "there is reason to believe elections fraud has occurred." Rule 1S-2.025, F.A.C. Our office received this complaint and supporting documentation from an anonymous complainant. Enclosed are pictures from social media and elsewhere demonstrating a scheme to compensate petition circulators per petition collected, in violation of Florida Statute § 104.186. Of note, one of the pay charts that is included in this referral has the title of the sponsoring organization for Ballot Initiative 23-07, *Amendment to Limit Government Interference with Abortion*. Additionally, enclosed we have provided a list of names and contact numbers of

individuals – these individuals, as explained further in the paragraphs below, are a mixture of potential targets and potential witnesses.

The list contains two groupings of names. The first set of names, under the heading, “Witnesses: Subs/Subs of Subs:” are subcontractors or subcontractors of a subcontractor who are in the business of gathering petitions for the Ballot Initiative 23-07, *Amendment to Limit Government Interference with Abortion*. It is alleged that these individuals are paying initiative circulators per petition gathered for the above referenced Ballot Initiative, in violation of Florida law. Given the allegations, and that these individuals would be potential targets of an investigation if the allegations turn out to be true, we recommend that if you attempt to make contact during the investigative stage with any individuals listed under the heading, Witnesses: Subs/Subs of Subs,” that you utilize a confidential source or other undercover measures.

The second set of names on the list under the heading, “Petitioners,” are individual petition circulators who are alleged to have been paid per petition collected for the Ballot Initiative 23-07, *Amendment to Limit Government Interference with Abortion*. It is unknown whether any of these individuals would be cooperative if contacted; none of the individuals are aware their names have been provided to our Office. Not much is known about these individuals outside of what is alleged (their employer allegedly paid them per petition collected). Although it does not appear 104.186, Fla. Stat., would be implicated for this set of individuals, the individuals, if cooperative, could be used as witnesses or as an evidence source for your investigation into the illegal payment scheme that is being alleged.

Given the sensitivity of the investigation and the fact the Office of Election Crimes and Security has referred similar complaints related to this same ballot initiative in recent weeks, the Office of Election Crimes and Security has made the decision not to contact or attempt to make contact with any of these individuals on the list and instead turn the information over to you for you to determine the most appropriate and effective way to investigate the matter. Please let us know if you have questions about anything we have provided.

Nothing in this referral letter should be interpreted to limit the scope of your investigation or the nature of any and all criminal charges your office uncovers.

4 MS. PAPAKOS: Mr. Salazar, my name is Panagiota  
5 Papakos, I'm the prosecutor assigned to this case. I  
6 appreciate you coming here today.

7 I understand that you've had conversations with your  
8 attorney about possibly offering some information  
9 regarding your activities as a Petition Circulator, so we  
10 are here for that reason.

11 Have you had an opportunity to go over the agreement  
12 or the proffer letter with your attorney?

13 THE WITNESS: Yes, ma'am, that's what we spoke about  
14 this morning.

15 MS. PAPAKOS: Okay, and is that a letter from my  
16 office dated August 15th of 2024?

17 THE WITNESS: Yes, ma'am, I believe so.

18 MS. PAPAKOS: And so do you have any questions or  
19 anything that you would want to discuss with your attorney  
20 before we get started? You can have an opportunity to do  
21 that, that's okay.

22 THE WITNESS: No. I only say that because I don't  
23 have anything to hide. I don't have any reason to ask  
24 many questions in regards to, you know, just being honest  
25 and telling you what I know; what I believe we've already

1 spoken about, but I guess to a further extent.

2 MS. PAPAKOS: So you understand that probably one of  
3 the most if not the most important thing about our meeting  
4 here today is that you're truthful.

5 THE WITNESS: Of course, yes, ma'am.

6 MS. PAPAKOS: And also we're not necessarily making  
7 any promises regarding your sentence or your case. That's  
8 something we can discuss with your attorney after the  
9 meeting here today, but this meeting is not predicated on  
10 any promises of leniency or any particular sentence; do  
11 you understand that as well?

12 THE WITNESS: Yes, ma'am.

13 MS. PAPAKOS: Okay. So I will pass it over to  
14 Inspector Gary Negrinelli, and he will sort of get it  
15 started as far as what you know, 'cause I understand that  
16 you all had conversations about this previously.

17 THE WITNESS: Yes.

18 EXAMINATION

19 BY INSPECTOR NEGRINELLI:

20 Q All right, Andres, we're just going to talk about  
21 when you first signed up to become a Petition Circulator.

22 A. Yes, sir.

23 Q So who did you first, how did you first become aware  
24 of it, or who signed you up?

25 A. To not backtrack a little bit, to--

1 Q When you initially got into it?

2 A. It's because I was already a Petitioner.

3 Q Okay.

4 A. I was [REDACTED] almost every day. Not  
5 every day, because I did have a full-time job at Life  
6 Support--

7 Q Right.

8 A. --over in [REDACTED]. So maybe two days a week, three  
9 days a week, I was [REDACTED] and I was helping -- if you  
10 don't mind me grabbing my phone and showing you?

11 Q Oh, yeah.

12 A. I don't know if I had sent you this?

13 Q You had sent me some stuff.

14 [REDACTED]  
15 [REDACTED]  
16 [REDACTED]  
17 [REDACTED]

18 But originally what happened is I was on [REDACTED]  
19 and [REDACTED], and it's on here, me  
20 talking to [REDACTED].

21 Q So that was when you first signed up, and you  
22 registered as a Petition Circulator?

23 A. No. No, that's how I found out about how to sign up  
24 and doing it, --

25 Q Right, yeah.

1           A. --is I found [REDACTED]. I reached out to  
2 [REDACTED], it didn't say anything about petitioning; I have the  
3 text, you can read it. This is something I don't believe you  
4 had, because I'm pretty sure my fiancée found it this morning.  
5 Do you mind if I -- do you want me to read it, or--

6 [REDACTED]  
7 [REDACTED]  
8 [REDACTED]  
9 [REDACTED]  
10 [REDACTED]  
11 [REDACTED]  
12 [REDACTED]  
13 [REDACTED]  
14 [REDACTED]

15 BY INSPECTOR NEGRINELLI:

16           Q Uh-huh.

17           A. [REDACTED]  
18 [REDACTED]  
19 [REDACTED]  
20 [REDACTED]  
21 [REDACTED]  
22 [REDACTED]  
23 [REDACTED]  
24 [REDACTED]

25           Q Okay.

1 A. [redacted] phone number is there, I can provide that to  
2 you.

3 Q Okay.

4 A. I got this [redacted] that said  
5 something about we need greeters for the weekend--

6 Q All right.

7 A. --to bring to our tent or something, to sign up for  
8 a free prize or something.

9 Q Okay, so you met with [redacted]?

10 A. No, just [redacted].

11 Q Okay.

12 A. And then [redacted] [redacted]

13 Q Uh-huh.

14 A. We had a [redacted].

15 Q Yeah.

16 A. And [redacted] said, [redacted] --

17 [redacted]  
18 [redacted]

19 The very next day -- I don't know if I sent you  
20 this, if that looks familiar at all?

21 Q I don't know if I got that.

22 A. I can resend everything, I just don't know what I  
23 had--

24 Q So [redacted] set you up with [redacted]?

25 A. Yes, yes, sir.

1 Q Okay.

2 A. So then the next day--

3 Q Do you have [REDACTED] last name?

4 A. No, sir, but I do have [REDACTED]

5 [REDACTED] between [REDACTED]

6 Q What's [REDACTED]?

7 A. And I will send it to you. [REDACTED].

8 And I have [REDACTED].

9 Q That's all right. Okay.

10 A. Okay.

11 Q So [REDACTED] is the one that got you set up?

12 A. Yes, sir. Hi, Andre, [REDACTED] with [REDACTED].

13 And so this is where I originally was like, okay,  
14 these guys are official, right.

15 MS. PAPAKOS: When you say [REDACTED], is it [REDACTED]?

16 THE WITNESS: I think [REDACTED]

17 MS. PAPAKOS: [REDACTED]?

18 THE WITNESS: Yes, ma'am. And I'll send -- again,  
19 you can have all this.

20 A. So that's when I originally -- well, okay. Well,  
21 first of all, I had an interview over the phone, and second of  
22 all, now this guy is reaching out to me and it looks  
23 professional, right?

24 [REDACTED]

25 [REDACTED]

1           That's basically all I ever really talked to [REDACTED]  
2 about.

3           Sure thing, give me a call when you're ready.

4           We had the conversation, Meet me [REDACTED]. And every  
5 day was just, Okay, meet me here at this time, or, We're going  
6 to meet there tomorrow.

7 BY INSPECTOR NEGRINELLI:

8           Q    Okay --

9           A.  I didn't work with them -- sorry, go ahead.

10          Q    So when you first met, [REDACTED] was there?

11          A.  Yes, sir, [REDACTED].

12          Q    Okay.

13          A.  Yes, sir.

14          Q    Was other people with you?

15          A.  Yes, sir.

16          Q    There was other people that were signing up that  
17 wanted to do --

18          A.  Yeah, from [REDACTED].

19          Q    Like how many?

20          A.  So, for my group alone, for that [REDACTED] group, I  
21 believe there's about six to maybe 10 of us a day.

22          Q    Okay.

23          A.  However, [REDACTED], I even met,  
24 you know, [REDACTED] and we just started talking,  
25 'cause I talk to everyone and we're both trying to get

1 petitions. [REDACTED]  
2 the [REDACTED]. So speaking [REDACTED],  
3 I said, Oh, you weren't with our group. [REDACTED] like, No, dude,  
4 there's tons of us.

5 So it just gave me more of an example of people are  
6 really taking advantage of this petitions, or whatever,  
7 government-funded, I don't know who funds these things, but.

8 Q Tell me about when you first [REDACTED] [REDACTED] --

9 A. Yes, sir.

10 Q --and what did [REDACTED] tell you and everything that  
11 happened?

12 A. [REDACTED] was professional and smart and outgoing,  
13 and [REDACTED] definitely knew what [REDACTED] was doing in regards to kind of  
14 grooming people and telling them what to say and how to get  
15 people's attention to sign.

16 Q Now, you had you ever been familiar with petitions  
17 before this?

18 A. No, sir.

19 Q Okay, so what kind of things, [REDACTED] [REDACTED] [REDACTED], like  
20 exactly what you'd be doing--

21 A. So guys, you just want to get as many petitions as  
22 you can, and they get reviewed in the back-end or something,  
23 you know, so a lot of people are probably going to give you  
24 bullshit, people are just going to, you know, sign a fake name  
25 or whatever a lot of times, just to get you out of their face,

1 right. But at the same time, there's going to be people that  
2 are going to be willing to do it and wanting to do it.

3 I mean, [REDACTED] just kind of -- it was more of grooming  
4 you into like, Hey, can I get you to talk to me for a quick  
5 minute -- 'cause [REDACTED], and nobody  
6 wants to stop and talk to you.

7 Q Did [REDACTED] explain what the petitions were going to be  
8 for?

9 A. [REDACTED]

10 Q So what was it?

11 A. So [REDACTED] said that the [REDACTED]  
[REDACTED], and that--

13 Q And that's what the petitions were for?

14 A. And the petitions were simply that they didn't want  
15 the State of Florida to take away women's rights.

16 Q Okay.

17 A. So that's what [REDACTED] telling me. Whoever you're  
18 talking to, this petition is for you guys to keep the State of  
19 Florida from taking away women's rights; that's exactly what  
20 [REDACTED] told us to tell people. Not necessarily abortion.

21 Q Do you know if [REDACTED] was local or was [REDACTED] from  
22 somewhere else?

23 A. [REDACTED] travels, from what [REDACTED] told me, [REDACTED] travels the  
24 states. [REDACTED] liked me, [REDACTED] was trying to get me to travel with  
25 [REDACTED] [REDACTED] [REDACTED] That was the next state that

1 they were going to.

2 Q [REDACTED]?

3 A. No, [REDACTED] plates I believe were -- it's one of the  
4 two, either [REDACTED] - no, I think [REDACTED], the [REDACTED], was  
5 [REDACTED], [REDACTED] that collected the petitions is from  
6 [REDACTED]. I think [REDACTED] was from [REDACTED], I think?

7 Q [REDACTED], you mean?

8 A. Yeah, sorry. I want to say [REDACTED], [REDACTED]  
9 [REDACTED], [REDACTED]  
10 [REDACTED]

11 Q Did [REDACTED] explain to you how you were going to get  
12 paid?

13 A. Yes, sir, [REDACTED] did.

14 Q And what did [REDACTED] say?

15 A. One dollar per petition, a hundred petitions a day.  
16 We couldn't leave until we got a hundred.

17 Q So a dollar a petition?

18 A. Yes, sir.

19 Q And I'm sorry, a hundred--

20 A. Per day. And we couldn't leave until, you know,  
21 everyone had a hundred. And again, 10 people, six to 10  
22 people, six hundred, a thousand a day, right?

23 Q Yea, okay.

24 A. And what I didn't know, sir -- oh, sorry, go ahead.

25 Q How did [REDACTED] pay you?

1 A. [REDACTED].

2 Q Okay.

3 A. Through [REDACTED] that apparently, which is what I  
4 didn't know -- of course we're going to get further into this,  
5 and when I started realizing what I was doing wasn't right,  
6 right, 'cause I told you I know why we're here, I never was  
7 trying to hide anything. I just didn't know it was to this  
8 extent of the law, but--

9 I have another thing. [REDACTED] by  
10 the way. My fiancée found this literally just this morning.

11 Q [REDACTED]

12 A. So the [REDACTED] that paid me, I thought [REDACTED]  
13 [REDACTED]. I believe I sent you that [REDACTED].

14 Q Yeah?

15 A. [REDACTED] name is [REDACTED] and [REDACTED]  
[REDACTED] when you're ready. [REDACTED]. So I  
17 thought [REDACTED] was [REDACTED]. And I was surprised--

18 Q Go ahead.

19 A. Yes, sir, [REDACTED].

20 Q So did this [REDACTED], [REDACTED] worked with--

21 A. Never met [REDACTED].

22 Q --[REDACTED]?

23 A. Yes, sir.

24 Q And what, did [REDACTED] just say you're going to get  
25 [REDACTED]?

1 A. Yes, sir.

2 Q Okay.

3 A. So basically [REDACTED] was like [REDACTED]. I guess  
4 [REDACTED] was the [REDACTED], [REDACTED] was the [REDACTED], and  
5 [REDACTED] was the [REDACTED], you know, [REDACTED]  
[REDACTED], I guess.

7 Q Do you know how [REDACTED] knows [REDACTED]?

8 A. No, sir, I don't.

9 Q What's [REDACTED]

10 A. Yes, sir.

11 MS. PAPAKOS: And just so the transcript is clear,

12 [REDACTED]  
13 [REDACTED]  
14 [REDACTED]

15 THE WITNESS: Yes, ma'am. [REDACTED]

16 [REDACTED]

17 MS. PAPAKOS: Okay.

18 A. [REDACTED] is [REDACTED].

19 BY INSPECTOR NEGRINELLI:

20 Q And did you think that [REDACTED] was local?

21 A. I -- I don't know that [REDACTED] I apologize.

22 Q I didn't know from just talking with [REDACTED] or anything  
23 if you knew [REDACTED] was local?

24 A. [REDACTED] From what I get is [REDACTED]  
[REDACTED]. That's the

1 same, even with [REDACTED] --

2 Q Was [REDACTED] involved with petitions?

3 A. Never met [REDACTED], no, never seen [REDACTED], never met [REDACTED]

4 Q [REDACTED] just [REDACTED] and shot you over to  
5 [REDACTED]?

6 A. Yes, sir. Yes, sir. And [REDACTED] was the [REDACTED] on the  
7 ground. And I guess if I could imagine that I'm correct,  
8 [REDACTED] [REDACTED], if you look [REDACTED] up,  
9 and that's, those thousands that were being collected a day  
10 would, I would imagine, [REDACTED] [REDACTED]

11 Q All right.

12 A. Which I don't remember, I'm being honest, because I  
13 never thought that -- once you showed me, when you came to my  
14 home and you showed me, Andre, is this your petition, did you  
15 sign this, right? And I really took a look at it and really,  
16 you know, put two together.

17 And after meeting with [REDACTED] and [REDACTED] [REDACTED], which  
18 I told you, what I was doing was illegal, because I didn't  
19 know, because I just didn't know better. They're on  
20 [REDACTED], they're these people out there with official tents  
21 and organizations and I just, in my head was like, Okay,  
22 that's a thing, you know. But what I didn't know is that you  
23 actually had to be there, it had to be you, right?

24 Q Yeah.

25 A. But everything else pointed to that wasn't it, that

1 wasn't the case.

2 Q All right. So [REDACTED] setting it up. [REDACTED]  
[REDACTED]?

4 A. Yes, sir.

5 Q Who do you turn the petitions in to?

6 A. [REDACTED].

7 Q So basically [REDACTED] collecting the petitions, and  
8 I guess [REDACTED] --

9 A. I got a thousand--

10 Q --Andre's got whatever--

11 A. A hundred, yes sir.

12 Q --pay him this much?

13 A. Yes, sir, yes, sir.

14 Q Okay. All right. All right, so how long did that  
15 go on for, that particular method?

16 A. Maybe three, four days at most, because that one  
17 [REDACTED] is the only time [REDACTED]. The next  
18 time [REDACTED], and I think there was two more days  
19 and that's it.

20 Q It was only like for three days?

21 A. Yeah, I believe so. 'Cause I could only do it on  
22 the weekends because of my other job.

23 Q Yeah.

24 A. Mostly.

25 Q And where did you turn them in [REDACTED]?

1 A. [REDACTED] or whatever we were for  
2 the day.

3 Q It was always [REDACTED]?

4 A. With [REDACTED] it was, yeah. [REDACTED]  
5 [REDACTED]  
6 [REDACTED]

7 Q And then you said [REDACTED], I got the one where [REDACTED]  
8 you 200.

9 A. Yes, sir.

10 Q And so that was for 200 petitions?

11 A. Yes, sir, that was for two days in a row, I believe,  
12 if I recall correctly.

13 Q And then what did you say, then [REDACTED] just paid you  
14 [REDACTED]?

15 A. Yeah, for like the last day. I think there was one  
16 more day that [REDACTED] and that's it.

17 Q So you actually met physically with [REDACTED]?

18 A. No, [REDACTED], [REDACTED].

19 Q [REDACTED] paid [REDACTED]?

20 A. Yeah. I think one day -- yeah, one last day and  
21 that's it. Because what happened was -- now we're there, so  
22 that's where we get into how I'm in trouble now. While we're  
23 there and I'm doing this, one of the other Petitioners is  
24 like, Hey, you're from -- you know, just talking to people,  
25 being stuck there for eight hours a day, right.

1 Told me, said, Am I from Florida? I said, Yeah.  
2 You're a Florida resident, why don't you sign up yourself, you  
3 know they pay \$10 a petition. And I was like, What? Get out  
4 of here, I'm being paid \$1 a petition.

5 Q So you weren't registered at the time --

6 A. No.

7 Q --as a Petition Circulator --

8 A. No.

9 Q --that you were doing this?

10 A. No, that's how I find out about doing it for myself.

11 Q Gotcha.

12 A. And that's the only reason why I did it. I'm like,  
13 Why the fuck am I -- you know, excuse my language, right? I'm  
14 trying to provide for my family, but I'm not trying to fraud  
15 anyone, I'm not trying to do any illegal activities. I just  
16 signed up, I thought that's what--

17 Q All right, hold on. Let me ask you then, when you  
18 were doing those petitions and those were getting turned in,  
19 didn't you have to put a Circulator number on them?

20 A. I apologize, sir, which petitions?

21 Q These ones that we just talked about.

22 A. Yes, sir.

23 Q You know, you had--

24 A. That's what I'm saying, I would imagine it's [REDACTED]

[REDACTED], [REDACTED].

1 Q Oh, okay.

2 A. That's what I'm saying, that [REDACTED] --

3 Q [REDACTED] --

4 A. [REDACTED]

5 Q -- [REDACTED]

6 [REDACTED] [REDACTED]  
7 A. I don't know--

8 Q [REDACTED] ?

9 A. I would imagine.

10 Q And then you were taking those and getting people to  
11 sign them?

12 A. Yes, sir, yes, sir.

13 Q All right.

14 A. So that why I thought that this is like, you know,  
15 this is how groups or whoever is the Circulator does it.

16 MS. PAPAKOS: So I'm going to interrupt for a second  
17 so I make sure this is clear.

18 THE WITNESS: Yes, ma'am.

19 MS. PAPAKOS: Where were you getting the formes that  
20 you were using?

21 THE WITNESS: [REDACTED]. [REDACTED] had a box full of  
22 forms, thousands of them, and [REDACTED] each a  
23 hundred as we got there. Here's a hundred for you, a  
24 hundred for you, a hundred for you.

25 MS. PAPAKOS: For those forms that you were doing

1 for the \$1, before you signed up and started doing it on  
2 your own,--

3 THE WITNESS: Yes, ma'am, yes, ma'am.

4 MS. PAPAKOS: --did you ever see anybody sign those  
5 in your presence? Not people that were signing the  
6 petitions, but the people that are Registered Circulators,  
7 whatever was at the bottom of the form--

8 INSPECTOR NEGRINELLI: In other words, [REDACTED]

9 MS. PAPAKOS: Did you see who was signing those?

10 MS. BIRRIEL-SANCHEZ: Or did you sign them?

11 THE WITNESS: No, I didn't sign them. Because I  
12 don't remember if it was [REDACTED], but [REDACTED]  
[REDACTED], so that's why I'm saying, like if you put  
14 two together in my head.

15 MS. PAPAKOS: Do you recall if they were pre-signed?

16 THE WITNESS: No, ma'am, I don't.

17 MS. PAPAKOS: Okay, that's okay.

18 THE WITNESS: I apologize.

19 MS. PAPAKOS: No, I just wanted to make sure.

20 THE WITNESS: I don't think that [REDACTED] was signing  
21 them though, at least not in front of me.

22 BY INSPECTOR NEGRINELLI:

23 Q But you think it was [REDACTED] [REDACTED]  
24 [REDACTED]

25 A. [REDACTED]

1  
2  
3  
4  
5  
6  
7  
8  
9  
10  
11  
12  
13  
14  
15  
16  
17  
18  
19  
20  
21  
22  
23  
24  
25

[REDACTED]

Q Okay.

A. And that's, the [REDACTED] says [REDACTED] on it.

Q Yeah, yeah.

A. So in my head, right--

Q But you don't recall looking at those petitions?

A. No, I wish I had an extra one. I don't know if I do or don't.

Q Okay.

A. But I would imagine you can look, you know, you being you can probably look that up, right?

Q Yeah.

A. So that's just kind of my idea behind it. [REDACTED]  
[REDACTED]

Q Okay. So you did those couple hundred while you weren't a Registered--

A. Yes, sir. And working with--

Q --Petition Circulator with them.

A. Yes, sir.

Q Then you meet this other Petitioner, and you said you started talking about, Yeah, you're a resident here in Florida.

A. Yeah.

Q So that person got you--

1 A. Yeah, told me to go to the website.

2 Q Sign up at the website.

3 A. [REDACTED], You go do it, you get paid \$10 a  
4 petition -- I don't know any of this stuff, [REDACTED] was the one  
5 telling me. You get paid \$10 a petition. Whenever you're  
6 here and I'm here with these guys, I'll just rock with you.

7 Q Now, who is that?

8 A. I told you, the [REDACTED]. But I never  
9 like actually talked to [REDACTED] or like [REDACTED] or  
10 [REDACTED]. It was just, [REDACTED]  
11 [REDACTED] and [REDACTED]

12 And that's, I think, is the ones that you have, the  
13 ones that you came to the home with the fraud.

14 Q And [REDACTED]?

15 A. [REDACTED], and that's all I knew [REDACTED]  
[REDACTED]. [REDACTED]  
17 [REDACTED]  
18 [REDACTED].

19 Q And you don't have any of [REDACTED]

20 A. No, I swear to God I don't, man. I would give it to  
21 you. And I think that's what I was trying to tell you at my  
22 house, because --

23 Q Okay.

24 A. --I wouldn't go to jail, I have a baby, have a  
25 family, I'm a realtor. I'm not trying, for \$10 a petition,

1 like I'm 40 years old, I've never gotten in any type of  
2 trouble like this and I wouldn't start now. So I would gladly  
3 tell you. But it was just--

4 Q So [REDACTED] just basically said, Hey -- [REDACTED] just told you  
5 how to do it -- go to the website--

6 A. Yes, sir.

7 Q --register?

8 A. Yes, sir.

9 Q And then how did you get your petitions?

10 A. On [REDACTED], the -- I don't know what to call  
11 it, Petitioner's -- I don't know, [REDACTED]  
[REDACTED]. I guess [REDACTED]  
[REDACTED].

14 Q Is it the Supervisor of Elections office?

15 A. I don't know. I don't -- it was just a [REDACTED]  
[REDACTED] so I don't want to say yes. It was just [REDACTED]  
[REDACTED]

18 Q How did you find it, how did you get to --

19 A. How did I find that. That's a good question.

20 MS. BIRRIEL-SANCHEZ: Like after you signed up,  
21 right?

22 THE WITNESS: Yes, ma'am, yes, ma'am.

23 MS. BIRRIEL-SANCHEZ: How did you know [REDACTED]  
24 [REDACTED]?

25 THE WITNESS: Yeah, yeah, yeah, I'm trying to think.

1 MS. BIRRIEL-SANCHEZ: Okay.

2 THE WITNESS: That's a good question, I'm just  
3 trying to recall. I don't know if maybe -- I don't know.  
4 I'd have to -- I really don't know. [REDACTED]

6 BY INSPECTOR NEGRINELLI:

7 Q So it was a [REDACTED]

8 A. I have a [REDACTED] with [REDACTED].

9 Q --off of [REDACTED]?

10 A. Yes, sir. And they just give you the petitions in  
11 your name and collect them and pay you. So if I went there  
12 with a hundred, they give you 50 percent of what you had. So  
13 if I had a hundred petitions, they'd pay me 500 bucks, right?  
14 Within a week, they were sent to you guys to get reviewed and  
15 checked off, I come back and [REDACTED] pay me the remainder, as  
16 long as they all went through.

17 [REDACTED]

18 [REDACTED] --

19 Q So that's where you got, that's where--

20 A. [REDACTED]

21 Q [REDACTED] printed off the petitions for you there?

22 A. Yes, sir, [REDACTED] [REDACTED] [REDACTED]

23 [REDACTED] [REDACTED] [REDACTED]

24 Q Do you have [REDACTED]?

25 A. I'm looking right now, sir.

1 Q Maybe I got it here. [REDACTED]?

2 A. I apologize, I don't know. I think I -- do you mind

3 if I get [REDACTED]? [REDACTED]

4 [REDACTED]

5 Q We can get it afterwards.

6 MS. PAPAKOS: Yeah, we can get it later.

7 A. Okay. But yeah, [REDACTED] that collected from  
8 me, and everything was going well [REDACTED]. And I was getting  
9 better, like [REDACTED] would tell your percentages, and where we need  
10 petitions signed, from what areas.

11 BY INSPECTOR NEGRINELLI:

12 Q And I'm sorry, what was [REDACTED] paying you again?

13 A. 10.

14 Q \$10 per petition?

15 A. Yes, sir. 50 percent up front, 50 percent when they  
16 were reviewed.

17 MS. PAPAKOS: Okay, so when you said the remainder,  
18 let's say you had a hundred--

19 THE WITNESS: Yes, ma'am.

20 MS. PAPAKOS: You would turn them in, get 500 --

21 THE WITNESS: Yes, ma'am, exactly.

22 MS. PAPAKOS: They would submit them to the  
23 Supervisor of Elections, and if everything was fine, you'd  
24 get your second 500?

25 THE WITNESS: Yes, ma'am, exactly. That's exactly

1           how it worked. And I never got over 50 percent.

2           BY INSPECTOR NEGRINELLI:

3           Q    How [REDACTED] paying you?

4           A.   [REDACTED] And I [REDACTED] [REDACTED]  
[REDACTED].

6           Q    Do you remember, was there [REDACTED]  
[REDACTED]?

8           A.   [REDACTED].

9           Q    [REDACTED]?

10          A.   I -- I think so, yes, sir. [REDACTED]  
[REDACTED]

12          Q    Where did you [REDACTED]

13          A.   [REDACTED]  
[REDACTED] I don't know if

15          I --

16          Q    [REDACTED] [REDACTED]  
[REDACTED]?

18          A.   [REDACTED]  
[REDACTED]

20          Q    And how long did that go on for?

21          A.   I think I turned in [REDACTED] three times, and that  
22          was it.

23          Q    Uh-huh.

24          A.   I believe.

25          Q    Okay.

1           A. Maybe there was a fourth, maybe it was only two  
2 times, but it wasn't much. Because, again, this was on the  
3 weekends. I was just trying to -- supplemental income.

4           Q Right.

5           A. I think my fiancée just had a baby or was pregnant,  
6 I don't remember. But I was the only one bringing money in at  
7 the time, I believe. Or she just started--

8           Q And then why did that end?

9           A. So I started at like, I don't know, 30 percent, then  
10 it got better, like 40, 50 percent of like validity of what I  
11 was handing in.

12          Q Yeah.

13          A. And then I think it went back down maybe pretty  
14 badly.

15          Q Yeah?

16          A. And then [REDACTED] was kind of upset with me, [REDACTED]  
[REDACTED] was like, Are you watching these people, blah,  
18 blah, blah. I don't know, it was just weird. It kind of like  
19 threw me off. And that's when I told, 'cause I originally --  
20                So this is what happened. I think the second time,  
21 [REDACTED] was kind of trying to groom me too, and trying to get me  
22 better. And was telling me, 'cause people are handing [REDACTED]  
23 stacks and stacks, and I'm like, This is real? I'm like, it's  
24 hard to get a hundred, [REDACTED] if you were bringing thousands,  
25 how the fuck? Excuse my language.

1                   But that's when I told [REDACTED] [REDACTED] seemed  
2 like [REDACTED] was upset because I wasn't having good validity. And  
3 [REDACTED] was like, Have you ever done this before, just like you  
4 asked. And I say, Yeah. And [REDACTED] was like, Are you sure? Kind  
5 of like questioning me. I was like, Yeah, [REDACTED] I do it for  
6 [REDACTED], whatever. [REDACTED] was like, Who? And I showed  
7 [REDACTED]. And [REDACTED] was like, Well, what do you mean? You can't do  
8 that. And I'm like, Well, what do you mean, I can't do that?  
9 [REDACTED] like, [REDACTED] -- 'cause I told [REDACTED] the whole thing  
10 I just told you.

11                   And [REDACTED] like, Well, [REDACTED] had to be there, [REDACTED]  
12 had to be there, that's illegal, [REDACTED] can't do that. And I even  
13 gave [REDACTED]. [REDACTED]  
14 [REDACTED]

15                   I didn't realize what [REDACTED] was saying, that it was  
16 illegal because [REDACTED] wasn't there.

17                   Q    Uh-huh.

18                   A.   It was illegal in general, whether [REDACTED] was there,  
19 right, and you're there with me, and you're [REDACTED], right. Even  
20 if you got one from her and gave it to me, that's where I  
21 didn't realize it was still illegal, right. The way [REDACTED] said  
22 it, [REDACTED] wasn't there, so I figured, Okay, [REDACTED] the one that  
23 is the Petitioner, [REDACTED] has to be there--

24                   Q    Right.

25                   A.   --collecting with these people, these other people

1 that [REDACTED] hiring or whatever.

2 Q So basically [REDACTED] was questioning your validity of  
3 the petitions that you were turning in to [REDACTED]?

4 A. Yeah. And [REDACTED] like, Have you ever done this, and I  
5 told [REDACTED] about that, and that's when [REDACTED] told me no. Because I  
6 told [REDACTED] I never met [REDACTED], [REDACTED] wasn't there, [REDACTED].  
7 I got paid through [REDACTED], 'cause -- [REDACTED], What do you mean,  
8 that's illegal, [REDACTED] can't do that, blah, blah, blah, you  
9 know, like don't -- you know, Don't do what [REDACTED] did, kind of  
10 thing. That's it.

11 Q Okay.

12 A. So then--

13 MS. PAPAKOS: You said earlier that [REDACTED] was,  
14 that's when [REDACTED] started to trying to -- you used the word  
15 groom. So what was [REDACTED] telling you exactly to do about  
16 your validity rates?

17 THE WITNESS: No, it was just, Are you watching  
18 people, are you making sure they're getting signed, like  
19 do you see people signing them in front of you. And when  
20 I was with [REDACTED], you know, and other petitioners  
21 are doing them for themselves, but we just kind of grouped  
22 up because the more you're grouped up, the more people are  
23 willing to talk to you, versus just one single person  
24 going up to someone, it's a little fucking weird, right,  
25 people are just like, Who are you, what do you want.

1 But when it's three or four of us, and we got one person  
2 to sign, and then you're signing --it's almost like an  
3 attention grabber, where people do start speaking to you,  
4 which is nice.

5 But no, [REDACTED] was just like, and I told [REDACTED], I was like  
6 -- so then the third, when my stuff starting to get  
7 better, [REDACTED], Oh, you're doing great, da-da-da, I was like  
8 yeah. But I was still sometimes missing signatures or  
9 birth dates, people would leave out just the birth date or  
10 just the signature. [REDACTED]

11 [REDACTED]  
12 [REDACTED]  
13 [REDACTED]  
14 [REDACTED]  
15 [REDACTED]  
16 [REDACTED]

17 I don't think in a negative way, because [REDACTED] seemed  
18 very professional. But -- I guess maybe groom wasn't the  
19 best word to use.

20 MS. PAPAKOS: Did [REDACTED] ever give you any names to use  
21 on petitions to fill out?

22 THE WITNESS: What do you mean, I'm sorry?

23 MS. PAPAKOS: Did [REDACTED] ever give you any names of  
24 voters? Did [REDACTED] have a list or anything that [REDACTED] gave to  
25 you?

1 THE WITNESS: No, no. It's just like if I would  
2 hand it in and if it was missing like a birth date, or it  
3 would say 32 Rolling, [REDACTED] Well, Rolling what, Rolling  
4 Ave., Rolling Street, and [REDACTED], I don't know how or  
5 what database [REDACTED], Oh, okay, yeah, this one's good.

6 MS. PAPAKOS: So after you had handed them in and  
7 they were all signed, [REDACTED] would add things to them?

8 THE WITNESS: Sometimes, yes, like a street, ave.,  
9 or a birth date, yes, or what date that, Oh, it wasn't  
10 signed, what day was it that you were collecting these?  
11 Well, they all say that I was collecting them on the 10th  
12 that day, so it was the 10th.

13 But yeah, I don't think [REDACTED] ever did a signature, by  
14 any means. [REDACTED] was definitely very professional and like  
15 seemed like enthusiastic about what [REDACTED] was doing. Which,  
16 I guess maybe I shouldn't have used the word groomed. But  
17 kind of just like, Yo, are you watching people sign them?

18 And so the last conversation I had with [REDACTED], when  
19 this all ended, 'cause you said when did this stop, right,  
20 that's what we're getting to -- is when I told [REDACTED], when I  
21 was doing better, [REDACTED] like, Oh, you're doing a lot  
22 better, your validity went up, like, So you're watching  
23 them like. And that's when I told [REDACTED] Yeah, I have, you  
24 know, people working with me and helping me. That's when  
25 [REDACTED] told me, Well, what do you mean, you can't do that,

1 that's illegal, I can't take any more from you. I told  
2 you that [REDACTED]

3 I was like, Hey, you know, the fact that [REDACTED]  
4 wasn't there, is what I thought. Like he was the  
5 [REDACTED] and [REDACTED] wasn't even there, right.  
6 So [REDACTED] can't go in front of you guys and say, Yeah, I  
7 was there, yeah, I saw people signing them. I thought  
8 that was like the take-or-break thing, you know what I  
9 mean. [REDACTED]

10 [REDACTED]  
11 [REDACTED]  
12 So I really, I just, in my head I was just ignorant  
13 to what was the fine line here, right, because the way I  
14 was pulled into it to begin with, it looked all very  
15 professional and very normal; this is what we do.

16 BY INSPECTOR NEGRINELLI:

17 Q And that's when [REDACTED] said [REDACTED] couldn't take any more  
18 from you?

19 A. And I never did it again, yeah, and [REDACTED] told me, I'm  
20 not taking -- and I went there with more to get paid, and I  
21 told you that conversation, Thank you for telling me that, but  
22 we're done here.

23 MS. PAPAKOS: When you say you had people helping  
24 you, what do you mean?

25 THE WITNESS: Well, like [REDACTED], that, that's

1 it.

2 MS. PAPAKOS: Yeah, I don't know what conversation  
3 you had previous.

4 THE WITNESS: I apologize.

5 MS. PAPAKOS: So when you say that [REDACTED] was kind of  
6 getting upset and you were having people helping you, what  
7 do you mean, what was that?

8 THE WITNESS: Because when I had the better  
9 validity, when I was getting better, [REDACTED] was like, Okay,  
10 you're doing great, you know, what's, what different did  
11 you make, and you're making sure people are signing  
12 clearly in front of you. I said, Yeah, I had [REDACTED]  
13 [REDACTED] helping me, you know, because I was getting more, you  
14 know, I was going from like 50 or 60 to like a hundred or  
15 120.

16 MS. PAPAKOS: But how was [REDACTED] helping you?

17 THE WITNESS: Who?

18 MS. PAPAKOS: [REDACTED]

19 THE WITNESS: Oh, by getting petitioners, or  
20 signatures.

21 MS. PAPAKOS: Okay, and you guys were not together  
22 though?

23 THE WITNESS: Yeah, we're together, yeah. [REDACTED]

24 [REDACTED]

[REDACTED].

1 BY INSPECTOR NEGRINELLI:

2 Q So [REDACTED] -- but the way you explained to me before, if  
3 I'm right, you had other Circulators sign your petitions with  
4 your name on it, right?

5 A. Other Circulators?

6 Q Yeah, the people working with you?

7 A. Yeah, I'm sorry, when you use that word--

8 Q You were a Circulator, that's what--

9 A. 'Cause I signed up.

10 Q Yeah, you're the Circulator.

11 A. Yeah, yeah, yeah. So these were Petitioners, I want  
12 to say.

13 Q Petition Circulators.

14 A. Yes, sir, okay. Yeah, they were working for this  
15 [REDACTED], that we were working hand-in-hand for  
16 [REDACTED] and just, you know, [REDACTED]. It would be  
17 like, You work on that side, I'll work on this side of the,  
18 right, [REDACTED] Like you work [REDACTED], I'll work [REDACTED]  
19 [REDACTED] I don't know,  
20 right. So yeah, that was all.

21 When [REDACTED] told me about it, and just randomly if I saw  
22 [REDACTED] there, 'cause I would go on my own, I have a family to  
23 feed, I don't need anyone, I didn't need help. I knew that  
24 that was the best place to go, 'cause everywhere else I went  
25 to I got kicked out of.

1 I called [REDACTED], I spoke to the manager there, they  
2 said no. [REDACTED] [REDACTED]  
3 [REDACTED] You  
4 know, like a lot of places didn't want anything to do with  
5 Petitioners. So I knew [REDACTED] was my best bet, and maybe two or  
6 three times [REDACTED]. Hey, what's up, you want me to help  
7 you, you going to pay me cash? And that's what I did.

8 Q Now, remember when I mentioned that there were a  
9 bunch from [REDACTED]?

10 A. Yeah, I do, yeah.

11 Q So were those some of the people that you worked  
12 with going over there and getting people signed up?

13 A. [REDACTED]  
[REDACTED]  
[REDACTED]

16 MS. PAPAKOS: [REDACTED]  
17 [REDACTED]

18 THE WITNESS: [REDACTED]

19 BY INSPECTOR NEGRINELLI:

20 Q Because there was a lot in [REDACTED] County.

21 A. And I don't even know where--

22 Q [REDACTED].

23 A. I know that I went [REDACTED]  
24 that's from [REDACTED], I'm from [REDACTED].

25 Q Yeah.

1 A. And [REDACTED] area.

2 Q Yeah.

3 A. And I maybe collected [REDACTED].

4 Q Yeah.

5 A. I know it was more like, [REDACTED]  
[REDACTED] just hadn't [REDACTED] in  
7 a while.

8 Q I think there was even more there than you did in  
9 [REDACTED]. So--

10 A. [REDACTED]  
11 [REDACTED]  
12 [REDACTED]  
13 [REDACTED]

14 Q [REDACTED]

15 A. [REDACTED]

16 Q [REDACTED]

17 A. Yes, sir.

18 Q Yeah.

19 A. Because I would tell [REDACTED] that we're getting  
20 horrible, I'm getting horrible validity, right, I'm not doing  
21 well, right. 'Cause [REDACTED] me and they were coming  
22 back trash.

23 Q Did you know if [REDACTED] turned in petitions to [REDACTED]?

24 A. No, [REDACTED] definitely didn't, 'cause [REDACTED]  
25 [REDACTED]. So, from what I know, you have to be a Florida

1 resident --

2 Q Okay.

3 A. --to be a Petitioner.

4 Q Okay, and for sure [REDACTED] [REDACTED] ?

5 A. Yeah, [REDACTED].

6 Q Right, okay.

7 A. And again, [REDACTED]. If you look these guys  
8 up, and they didn't get shut down [REDACTED], right, because  
9 remember I told you, I told [REDACTED] before I told you [REDACTED]  
10 and all that.

11 Q Yeah.

12 A. [REDACTED]

13 [REDACTED] [REDACTED]

14 [REDACTED]

15 Q Okay.

16 A. And [REDACTED] was saying that [REDACTED], [REDACTED]

17 [REDACTED]

18 Q Do you know any other peoples' names [REDACTED]

[REDACTED] were working with?

20 A. No, man, and I'm just being honest with you. It's  
21 just me showing up, walking, Oh, what's up, bro, how many did  
22 you do today. It's just like -- no one really took it  
23 seriously, they were just there to make their money and go  
24 home, as far as the ones that were getting it signed. Because  
25 they weren't the Circulators, it wasn't in their name, so they

1 didn't give a shit, no offense.

2 And I just -- I didn't know any of this would turn  
3 into this, man. Again, I've been a realtor for almost ten  
4 years now, I've sold houses to doctors, lawyers. [REDACTED]

[REDACTED]. If you look in my phone, I have [REDACTED]  
[REDACTED] in there. [REDACTED]

[REDACTED] [REDACTED]  
[REDACTED]  
[REDACTED]

10 But I just -- it's not my MO. It's \$10 a fucking --  
11 I'm sorry for cursing, because you have to type it.

12 Q Did [REDACTED] say what company he worked for?

13 A. No, I have, [REDACTED]  
[REDACTED] [REDACTED]  
[REDACTED]

16 Q [REDACTED]

17 A. Yeah, I think so.

18 Q Okay.

19 A. Can I ask you a question? If I were to go to

20 [REDACTED]  
[REDACTED] 'cause I imagine that's how you could find

22 it, or no?

23 Q I'm not sure.

24 A. Yeah, [REDACTED] [REDACTED]  
[REDACTED]

1 Q Yeah, we can figure it out.

2 A. Whatever you need, man. I just want to stay out of  
3 trouble, bro.

4 MS. PAPAKOS: Did you ever fill out any forms for  
5 taxes or anything, or was all this in cash and checks?

6 THE WITNESS: No, no forms. Yeah. It was either,  
7 the one time [REDACTED]

[REDACTED] [REDACTED]. [REDACTED]  
[REDACTED] like, I'll help you, but I want cash, and I want \$5. You  
10 know, and that was [REDACTED] kind of way of I was the one that  
11 told you about making \$10 versus one, and I'm helping you.  
12 Almost like you need me, I don't need you kind of thing.

13 BY INSPECTOR NEGRINELLI:

14 Q Okay.

15 A. Yeah. But yeah, I just can't remember the name of  
16 [REDACTED], or how I even got in  
17 contact with -- I know that was the question, [REDACTED]

[REDACTED]  
19 MS. PAPAKOS: When [REDACTED] was helping you get  
20 some petitions signed --

21 THE WITNESS: Yes, ma'am.

22 MS. PAPAKOS: Do you know at the bottom of the form  
23 you have to sign and date it, did you do that after [REDACTED]  
[REDACTED] gave them back to you or before?

25 THE WITNESS: I did that as [REDACTED] gave them back to me.

1 Like, you know, so [REDACTED]. Say  
2 you [REDACTED], and she's just, you know, [REDACTED].  
3 You know, I'd see it, we went everywhere together to do  
4 it.

5 So the only time is, again, when I left early that  
6 [REDACTED] would say I'm going to stay, I have like 30 left, you  
7 know, and I just, I didn't know better. So I'm being  
8 honest with you guys. That's where clearly I was doing  
9 something illegal.

10 MS. PAPAKOS: So those 30 that were left, right, and  
11 you were gone and [REDACTED] was getting them signed or so you  
12 thought, did you pre-sign those or did you--

13 THE WITNESS: No, I'd wait for [REDACTED] to give them  
14 back.

15 MS. PAPAKOS: Did [REDACTED] ever tell you where [REDACTED] was  
16 getting those signatures from?

17 THE WITNESS: No, ma'am. All I know is that the  
18 reason why [REDACTED] [REDACTED] [REDACTED]

[REDACTED]  
[REDACTED]  
21 [REDACTED], right, and I wasn't getting  
22 the results, so it was almost like I was either losing  
23 money or breaking even; it just didn't make sense, you  
24 know. Once I like expressed that [REDACTED], Oh,  
25 yeah, don't worry, there's a website where you can kind

1 of -- I don't -- like verify it or something.

2 And in my head I'm like, I'm sure that's right,

3 [REDACTED], I've seen [REDACTED]

4 with, you know, all of my stuff.

5 So I don't know. I don't know. In my head it's

6 just like [REDACTED] the areas that we needed them, right?

7 And now--

8 BY INSPECTOR NEGRINELLI:

9 Q [REDACTED] there was a website that you can go to  
10 verify people's information?

11 A. Yeah.

12 Q Yeah. Okay.

13 A. Or maybe I was telling [REDACTED] was going --  
14 I'm sorry, I'm just trying to remember, to be honest, 'cause  
15 it was a year ago. Or maybe it was me telling [REDACTED]  
16 was checking them, and [REDACTED] like, Yeah, I know, or  
17 something; something along the lines -- I just know that [REDACTED]  
18 knows that there's a place where you can check them. Whether  
19 it was me saying it and [REDACTED] [REDACTED]

20 [REDACTED] [REDACTED]  
21 But I'm pretty sure it was me saying [REDACTED], like,  
22 Dude, I'm getting pissed off 'cause I'm paying you and we're  
23 not getting the results. You know, I'm here to make money and  
24 now I'm losing money, right, kind of thing. And [REDACTED]  
25 like, Dude, this guy checks them right in front of me when I

1 hand them in, and a lot of them are coming back just garbage,  
2 it's not a real person or real address, or whatever the case  
3 may be.

4 So [REDACTED]  
5 [REDACTED]. 'Cause  
6 I'm sure [REDACTED] didn't want to lose out on the five per petition  
7 versus one.

8 MS. PAPAKOS: Did you deal with any validity issues  
9 for [REDACTED], [REDACTED]?

10 THE WITNESS: I don't know, because they weren't  
11 mine to hand in.

12 MS. PAPAKOS: But nobody ever told you [REDACTED]  
13 [REDACTED], like--

14 THE WITNESS: No, no.

15 MS. PAPAKOS: Okay.

16 THE WITNESS: [REDACTED]  
17 [REDACTED] [REDACTED]  
18 [REDACTED] and I'm telling you, they had to be  
19 collecting a thousand a day, which is insane to me. It's  
20 crazy.

21 So I feel horrible about all this. I would never  
22 fraud anyone. And I told him jokingly, like, If I was  
23 going to do some fraud, I would -- you know, I'd make it  
24 worthwhile. There's no point in going and collecting fake  
25 signatures and potentially going to jail or anything,

1 probation, I don't want any type of trouble, period, for  
2 \$10 a signature, or any amount of money for that point, or  
3 for that matter.

4 It's just, I'm sorry, I am sorry. I just, I was  
5 ignorant to what was going on. I had a full-time job.

6 MS. VELASQUEZ: Hold on. Wait for a question.

7 BY INSPECTOR NEGRINELLI:

8 Q Anything else that you can think of that we didn't  
9 ask?

10 A. Anything I can think of that you didn't ask.

11 MS. BIRRIEL-SANCHEZ: Do you have any photos of any  
12 of these people?

13 THE WITNESS: No. I'm telling you, it wasn't  
14 something taken very seriously, as like--

15 MS. PAPAKOS: You said there might be some [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] THE WITNESS: Yes, ma'am.

19 MS. PAPAKOS: [REDACTED]

20 THE WITNESS: [REDACTED]

[REDACTED]

[REDACTED] BY INSPECTOR NEGRINELLI:

23 Q That's on [REDACTED] ?

24 A. If I have it, yeah.

25 MS. PAPAKOS: Can you get us those if you do have

1       them?

2               THE WITNESS: Of course, I can get you whatever you  
3       want. I'm more than willing to help you guys out. I hope  
4       those [REDACTED] -- I'm going to be honest, when we  
5       were finding [REDACTED]  
6       [REDACTED] I'm like, What the hell, which I'm  
7       so happy, 'cause that's [REDACTED]

9       'cause -- and I didn't, 'cause I just -- you know.

10              MS. PAPAKOS: [REDACTED]  
11       [REDACTED]

12              THE WITNESS: [REDACTED]

13              MS. PAPAKOS: [REDACTED]  
14       [REDACTED]

15              THE WITNESS: [REDACTED]

16              MS. BIRRIEL-SANCHEZ: [REDACTED]  
17       [REDACTED]

18              THE WITNESS: No, I don't have any of their info, [REDACTED]  
19       [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

23       [REDACTED]

24       BY INSPECTOR NEGRINELLI:

25              Q     And when did, when did it end around?

1           A. I'm sorry, sir, I think it was -- I want to say  
2 before Thanksgiving. And I think I started October.

3           Q Right.

4           A. So it was about a month. So I wasn't out there  
5 trying to fraud, man, and trying to--

6           Q So like the last contact you had with [REDACTED]  
[REDACTED]

8           A. Yes, sir, yes, sir. I never ever talked to those  
9 people ever again in my life.

10          Q All right.

11          A. [REDACTED]  
[REDACTED],  
[REDACTED]

13 [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

[REDACTED] I hope some of this will help you. If you  
18 guys come in contact [REDACTED] and I have to go testify, I  
19 don't care, man, I'll do anything I have to do to clear my  
20 name.

21           MS. PAPAKOS: So while you were working with these  
22 people and kind of hanging out with them for all that time  
23 you were working, did anyone ever talk about using names  
24 of other people that they found online, or filling out the  
25 forms with just like fake names, anything like that, did

1           you see any of that while you were --

2           THE WITNESS: People did that a lot. They would  
3           just fill out, people would just -- fake, fake, fake,  
4           because they didn't care.

5           MS. PAPAKOS: And so when did you see that?

6           THE WITNESS: All the time. All the time. People  
7           would just fill it out. And, you know, [REDACTED],  
8           Okay, I'm going to get lunch, guys, I'll be back in an  
9           hour. And then two or three of them would just start  
10          writing shit. And like not, I don't think looking stuff  
11          up, I don't know what kind of data bases are out there, I  
12          don't get it, that part of it. But, you know, just fake  
13          shit. Because at the end of the day, [REDACTED]

[REDACTED] wasn't going to go get it  
15          verified right then and there, right, they knew that--

16          BY INSPECTOR NEGRINELLI:

17          Q     They were just getting that money up front.

18          A.     Yeah. When I say that people didn't really care,  
19          and I hate to treat this like a joke, this whole scenario, but  
20          like that's how everyone did treat it, you know, when they  
21          were there. And I mean, even myself, I didn't take it very  
22          seriously, I just thought, you know?

23                 And people were like, Oh, man, you should have been  
24          here for the last one, it was for weed, everyone was lining up  
25          to sign it. And I'm like, you know what I mean, you could

1 just tell that these people did it, and they did it almost  
2 like for a living, I want to say.

3 Q Yeah.

4 A. I was naive to all of it, I was stupid. I didn't  
5 think I was doing anything wrong. If I did, I wouldn't have  
6 done it, man.

7 Q Okay. You got anything else?

8 A. Wouldn't do this to my family, more than anyone.  
9 But I hope that --

10 MS. VELASQUEZ: Just wait for a question.

11 MS. PAPAKOS: Any information you have that we  
12 talked about, [REDACTED]

[REDACTED] I want you to send over to Inspector Negrinelli, if  
14 you have them.

15 THE WITNESS: Yes, ma'am.

16 MS. PAPAKOS: [REDACTED]  
[REDACTED]  
[REDACTED]

[REDACTED] THE WITNESS: Yeah, with [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

[REDACTED] BY INSPECTOR NEGRINELLI:

24 Q Yeah, you can try.

25 MS. PAPAKOS: That would be helpful if you're able

1 to.

2 THE WITNESS: Yes, ma'am.

3 MS. PAPAKOS: [REDACTED]  
[REDACTED]

THE WITNESS: Yes, ma'am. [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

11 [REDACTED]  
12 [REDACTED]  
[REDACTED]  
[REDACTED]

15 MS. BIRRIEL-SANCHEZ: [REDACTED]  
16 THE WITNESS: [REDACTED]  
17 MS. BIRRIEL-SANCHEZ: [REDACTED] ?  
18 THE WITNESS: [REDACTED]  
19 MS. BIRRIEL-SANCHEZ: [REDACTED] ?  
20 THE WITNESS: [REDACTED]  
21 MS. BIRRIEL-SANCHEZ: Okay. [REDACTED]

22 [REDACTED].  
23 THE WITNESS: [REDACTED]  
24 [REDACTED].

25 Man, if I knew any of this, I would a never did any

1 of this. This is -- I was just trying to make--

2 MS. VELASQUEZ: Just wait for--

3 THE WITNESS: Yeah.

4 INSPECTOR NEGRINELLI: All right.

5 MS. PAPAKOS: Oh, another really quick. When you  
6 signed up for your Petition Circulator number, [REDACTED]

7 [REDACTED]

8 THE WITNESS: [REDACTED].

9 MS. PAPAKOS: And did you ever see any of the  
10 affirmations that you have to swear to when you sign up,  
11 or any of the training, you didn't look at that?

12 THE WITNESS: To be honest, no. There was no  
13 training, it was just going online, put in your  
14 information, that was literally it. Literally the same  
15 day, I didn't even -- Okay, go show your local office  
16 this. [REDACTED].

17 So that's why I thought it was a very leisurely  
18 thing. It's like, okay, here, now you're a Petitioner.  
19 You know, I went, if not a hundred of us, not just that  
20 group, but, you know, throughout all of the other people,  
21 probably a hundred Petitioners [REDACTED] you know,  
22 and none of these people are the actual Circulator. It's  
23 just a Circulator getting people to get signatures. So I  
24 never thought what I was doing was wrong. And here I am.

25 INSPECTOR NEGRINELLI: All right. Good?

1 MS. PAPAKOS: Yeah, I think that's it. I don't have  
2 any other questions.

3 (THERE WAS A DISCUSSION OFF THE RECORD.)

4 THE REPORTER: Are you ordering this?

5 MS. PAPAKOS: Yeah, I think so.

6 THE REPORTER: You think so, or yes?

7 MS. PAPAKOS: Yeah, we'll order.

AUDIO TRANSCRIPTION  
OF PROFFER STATEMENT  
OF DONELLA HARRIEL

DATE OF STATEMENT: AUGUST 20, 2024

Stenographically Transcribed Audio Recording by  
Carmel M. Street

Job No: 378469

1 PROFFER STATEMENT NO. 1

2 The following proceeding was transcribed from  
3 an audio file as follows:

4 MS. BIRRIEL-SANCHEZ: Here for a Proffer  
5 statement of Donella Marie Harriel.

6 Parties to put their names on the record. I  
7 will begin. And then we will go counterclockwise.

8 My name is Sophia Birriel-Sanchez and I am  
9 here on behalf of the Office of Statewide Prosecution.

10 MS. PAPAKOS: Pota Papakos with the Office of  
11 Statewide Prosecution in Tampa.

12 MR. BERTISCH: Flynn Bertisch on behalf of  
13 Donella Harriel.

14 MS. HARRIEL: Donella Marie Harriel.

15 INSPECTOR SHEPHARD: Inspector Chris Shephard  
16 with the Florida Law Enforcement Department.

17 INSPECTOR RATLIFF: Inspector Scott Ratliff  
18 with the Florida Department of Law Enforcement.

19 BY MS. BIRRIEL-SANCHEZ:

20 Q. Today is August 30, 2024, and it is 10:24 a.m.  
21 So, before we begin, Ms. Harriel, your attorney handed  
22 me here a document that has two pages. It's dated  
23 August 20, 2024. And it is -- it is addressed to your  
24 attorney. Did you go over these two pages with your  
25 attorney?

1 A. Yes, I did.

2 Q. And the letter has a subject that reads, "Re:  
3 Proffer of Donella Marie Harriel."?

4 A. Yes.

5 Q. I actually want to confirm that that is the  
6 same letter. It looks like it's signed by both you and  
7 your attorney on today, August 30, 2024. Is that  
8 correct?

9 A. That is correct.

10 Q. And do you understand that what you are  
11 receiving today is Use Immunity?

12 A. Yes.

13 Q. So, that means that we, as the State will not  
14 introduce any of these statements against you as  
15 substantive evidence during any trial or any hearing as  
16 it pertains to this case. But that if we can however  
17 use these statements as impeachment evidence.

18 A. Yes, ma'am.

19 Q. Do you also understand that you are not  
20 receiving Derivative Use immunity or Transactional  
21 Immunity for these statements?

22 A. Yes, ma'am.

23 Q. And has your attorney explained all of this to  
24 you?

25 A. Yes, he has.

1           **Q.**    Do you have any questions before we begin  
2    about what any of this means?

3           A.    No, ma'am.

4           **Q.**    Okay. Do you want -- do you need any  
5    additional time to speak with your attorney?

6           A.    No.

7           **Q.**    Okay. Perfect. So, the way that this is  
8    going to work is that I expect that the inspectors will  
9    be asking you some questions.

10           I may jump in just because I know -- I'm an  
11   elections prosecutor, and I may have my own questions.  
12   And then Ms. Papakos may also jump in because she has  
13   separate investigations that maybe you have information  
14   about. Okay. Thank you so much.

15           A.    Yes, ma'am.

16   BY INSPECTOR RATLIFF:

17           **Q.**    Okay. Raise your right hand for me. Do you  
18   swear the statement you're about to give will be true  
19   and correct to the best of your knowledge so help you  
20   God?

21           A.    Yes, sir.

22           **Q.**    Okay. So --

23           A.    Can you --

24           **Q.**    No. You can put your hand down.

25           A.    Okay. [www.lexitaslegal.com](http://www.lexitaslegal.com)  
                  (800) 676-2401

1           Q.    Sorry. Just want to make sure that you're  
2 under oath now. Like I said before, it's just -- all we  
3 ask is just be straight with us and just tell us the  
4 truth.

5           A.    Okay.

6           Q.    Okay?

7           A.    Yes, sir.

8           Q.    That's all anybody's asking today.

9           A.    Yes.

10          Q.    With that said, we'll just kind of give you  
11 the floor and if you can kind of explain the process and  
12 how you got started. And how -- and just kind of lead  
13 us through that. And then we'll just fill in the gaps  
14 along the way.

15          A.    Yes, sir.

16          Q.    And just remember you're being audio-recorded  
17 so pointing and that kind of -- because I talk with my  
18 hands also, or just names him, her -- just like, to use  
19 the names, that kind of stuff, okay?

20          A.    Yes, sir.

21          Q.    Thank you.

22 BY MS. BIRRIEL-SANCHEZ:

23          Q.    So, how did you get started working in  
24 Petitioning?

25          A.    Well, I didn't know anything about Petitioning

Q. Okay.

A. That's what -- that's what the deal was. \$5. We will only get five even though it's \$10 per signature. And she had to get the other. We only get five off each signature that we did.

17 A. Well, how they you know, get the information.

18 Q. Uh-huh.

19 A. She would give -- she tell us to get the names  
20 -- to look it up. We have to look it up to see who's  
21 registered to vote.

22 Q. Okay.

23 A. And they would do the rest. They had their  
24 little organization where they will fill out all the  
25 stuff.

Was it like a website?

2 A. What do you mean?

3 Q. Okay. How would they get the names?

4 A. Off the websites.

5 Q. What websites?

6 A. Clustrmaps. What else is it? She told me  
7 about, you have to go to the State of Florida voter  
8 thing. She showed me the State of Florida voter thing  
9 that you have to go to.

10 Q. Okay. What other website did she show you?

11 A. No, that was it.

12 Q. Okay.

13 A. As far as I -- what she told me, was  
14 Clustrmaps.

15 Q. So, as far -- how would you -- so, I just want  
16 your own words to describe, just walk me from beginning  
17 to end --

18 A. Hm-mm.

19 Q. -- how they would get a name and then how the  
20 petitions were filled out.

21 A. Oh, I don't know how they filled them out.

22 Q. Okay.

23 A. I just -- my responsibility was to sign my  
24 name. Put my signature.

25 Q. Got it. [www.lexitaslegal.com](http://www.lexitaslegal.com)  
(800) 676-2401

1           A.    Anything else, I wasn't responsible for that  
2 part.

3           Q.    Okay.

4           A.    I just had to sign my name. I got \$5 per  
5 every paper I signed.

6           Q.    Okay. So, I'm going to show you some  
7 petitions. Your attorney hasn't seen these yet because  
8 I just got these yesterday from Miami. But just so  
9 we're clear, these are just some petitions from Miami,  
10 okay. And I'm just -- I'm going to show them to you.  
11 I'm going to just pass you one.

12           MS. PAPAKOS: So, for purposes of the  
13 recording, we are showing Ms. Harriel and petition  
14 with voter information for a last name of [REDACTED]  
15 [REDACTED]. And first name [REDACTED]  
16 And we're showing this to counsel first. Okay.

17           MS. BIRRIEL-SANCHEZ: So, do you recognize  
18 that form generally?

19           THE WITNESS: Yes.

PROFFER STATEMENT NO. 2.

17 Q. Okay. So, all you would do to clarify, is  
18 sign your name on that form?

19 A. Yes. That's all I would have to do.

20 Q. So, you never met [REDACTED]?

21 A. I don't know who that is.

22 Q. Okay.

23 A. I don't have a clue who [REDACTED] is.

- 14          A.    Yes, ma'am.
- 15          **Q.    So, all you would do is sign a blank form?**
- 16     **So, you never even saw who wrote [REDACTED] on the**
- 17     **form?**
- 18          A.    I can't tell you.
- 19          **Q.    Okay.**
- 20          A.    No. I have no clue as far as that. I'm
- 21     admitting what I did which was sign my name on it.
- 22          **Q.    Okay.**
- 23          A.    And the agreement was to give me \$5 per each
- 24     one I signed.
- 25          **Q.    Okay. Does anybody have any problems in**

1 reference to that?

2 BY INSPECTOR RATLIFF:

3 Q. Let's go back a little bit. You said finding  
4 names. Were you responsible at any point in time for  
5 just looking like you said at the Clustrmaps or the  
6 State of Florida --

7 A. Oh yes.

8 Q. So you --

9 A. Yes, sir.

10 Q. So, what would you do as far as when you would  
11 get on the -- I'm assuming it's on a computer.

12 A. Yeah, I would look and get the names.

13 Q. So like, what would you do? Like, walk us  
14 through that. Like once you get a name --

15 A. Uh-huh.

16 Q. -- what is your responsibility?

17 A. I would write them all out --

18 Q. Okay.

19 A. -- on the papers.

20 Q. Uh-huh.

21 A. -- and give them to her.

22 BY MS. BIRRIEL-SANCHEZ:

23 Q. But not on this paper?

24 A. No. Not on that paper. No, ma'am. Not on  
25 that paper. I wrote them on paper, straight out. Any

1 one that I seen that was registered --

2 Q. Okay.

3 A. -- I gave them to her.

10 Q. So, to get anymore so, what kind of  
11 information would you provide other than a name?

12 A. Just people who's registered to vote.

13 Q. So, if you go on there and you see Joe Smith  
14 is registered to vote --

15 A. Right.

16 Q. -- what information do you get for Joe  
17 Smith?

18 A. His name and address. They have his name  
19 and address on there.

7           Q.       Okay.  And again, just to reiterate, none of  
8   the voter information of the person who would have  
9   signed the petition or purported to sign it --

10          A.       Uh-huh.

11          Q.       -- none of this was filled out when you got  
12   the forms?

13          A.       Oh no.  Blank forms.  Five hundred at a  
14   time.

15          Q.       Okay.

16          A.       They bring five hundred at a time.  Blank  
17   forms.

PROFFER STATEMENT 4

The following proceeding was transcribed from an audio file as follows:

INSPECTOR RATLIFF: So, was the voter information look up?

THE WITNESS: Yes, sir.

INSPECTOR RATLIFF: On the Florida Department of State Website. Florida.

MS. PAPAKOS: Okay, question for you.

THE WITNESS: Yes.

MS. PAPAKOS: On this form -- and again, for the record, we're looking at Ms. Harriel's phone. In order to determine if someone is a registered voter, you have to provide three things?

THE WITNESS: Hm-mm.

MS. PAPAKOS: The first name, their last name and their date of birth.

THE WITNESS: Hm-mm.

MS. PAPAKOS: How would you get that information?

THE WITNESS: I would get it from Clustrmaps.

MS. PAPAKOS: Can you pull up Clustrmaps on your phone?

THE WITNESS: It's taking a second, but it's coming up. (Inaudible)

1 MS. PAPAKOS: So can you walk us through how  
2 -- and for the record, we're looking at the  
3 Clustrmaps site.

4 And inspector, if you could read the website  
5 out loud?

6 INSPECTOR RATLIFF: It's says, "free website  
7 Clustrmaps, C-L-U-S-T-R Maps, M-A-P-S, all one word  
8 dat com.

9 MS. PAPAKOS: Thank you.

10 So, Ms. Harriel, can you just walk us through  
11 from that, the home page of Clustrmaps,  
12 Clustrmaps.com, how you would find someone first  
13 name, last name and date of birth?

14 THE WITNESS: Okay. Okay. See how it says  
15 public records encyclopedia?

16 MS. PAPAKOS: Okay.

17 THE WITNESS: Like say for instance if you  
18 doing the State of Florida, so you're going to  
19 put --

20 MS. PAPAKOS: I'm sorry. How did you get to  
21 that page? That one with -- with that on the home  
22 page, you just scroll down?

23 THE WITNESS: No, you know, how you have the  
24 bars on the side.

25 MS. PAPAKOS: Okay.

1 THE WITNESS: Yes. So where it says search  
2 the name or address or whatever.

3 INSPECTOR RATLIFF: Florida?

4 THE WITNESS: Yeah, I put Florida right there.

5 INSPECTOR RATLIFF: Got it. 14/19?

6 THE WITNESS: Yes, yes, sir. There it is.  
7 Address, people.

8 MS PAPAKOS: So what would you put, people?

9 THE WITNESS: Yes, ma'am.

10 INSPECTOR SHEPHARD: And I assume this process  
11 didn't take place on your phone. You had a  
12 computer. Was it your personal computer, or did  
13 they supply you with one?

14 THE WITNESS: No, mine.

15 INSPECTOR SHEPHARD: So you had a personal  
16 computer. Was it a laptop or?

17 THE WITNESS: Yes, sir, laptop.

18 INSPECTOR SHEPHARD: And then you would sit at  
19 home?

20 THE WITNESS: Yes.

21 INSPECTOR SHEPHARD: And do this?

22 THE WITNESS: Yes.

23 MS. PAPAKOS: Okay, I want to clarify. Had  
24 you ever been to Clustrmaps.com before you started  
25 petitioning?

1 THE WITNESS: I have never even heard of  
2 Clustrmaps.

7           INSPECTOR RATLIFF: Okay. And how did you  
8 narrow it down when you were in Clustrmaps? So  
9 you're sitting at your computer. You just type in  
10 Florida, and then I would assume you would work  
11 down. How would you work down to get the  
12 information that you forward about?

13           THE WITNESS: Well, it went by wherever she  
14 say we have to work at the time.

15           INSPECTOR RATLIFF: By ZIP Code?

16           THE WITNESS: No, she would say by County.

17           INSPECTOR RATLIFF: So by County.

18           THE WITNESS: It goes by County. I need this  
19 amount for this County.

24           INSPECTOR RATLIFF:  And then what would you do  
25    from there once you were in Clustrmaps in a

1 particular County? Can you walk us through that?

2 THE WITNESS: When -- okay, you're in that

Donnela Harrell  
August 20, 2024

3 County, it's going to look like -- it's going to

4 say, do you like basically want college graduates,

5 or basically like poor area. It's broken down like

6 that.

7 INSPECTOR RATLIFF: What's broken down like

8 that?

9 THE WITNESS: The way they --

10 INSPECTOR RATLIFF: In Clustrmaps?

11 THE WITNESS: Yeah.

12 INSPECTOR RATLIFF: Okay, so then it breaks

13 down different categories.

14 THE WITNESS: Hm-mm.

15 INSPECTOR RATLIFF: Showing college students?

16 THE WITNESS: Hm-mm.

17 INSPECTOR RATLIFF: Minorities?

18 THE WITNESS: Yes.

19 INSPECTOR RATLIFF: What else does it break

20 down in there?

21 THE WITNESS: What else was it? Oh,

22 apartments. Mainly if it was apartment, if you

23 wanted the apartment sections or if you wanted a

24 home, just home sections or whatever and then ZIP

www.lexitaslegal.com  
(800) 678-2461

25 Codes.

1 INSPECTOR RATLIFF: Then ZIP Codes. And then  
2 what would you do to get to the information that  
3 you would provide? Would you pick one of those  
4 particular subjects out of there?

Dorinda Harwell  
August 20, 2024

5 THE WITNESS: The ones that I honestly went  
6 for were the ones that had the most populated  
7 areas.

8 INSPECTOR RATLIFF: Okay. And what did that  
9 generally fall under as far as those categories?

10 THE WITNESS: Mainly, the people that was  
11 college graduates and stuff.

12 INSPECTOR RATLIFF: So college graduates?

13 THE WITNESS: Yes, mainly the college, college  
14 graduates.

15 INSPECTOR RATLIFF: Was there any other reason  
16 why you were targeting just college graduates other  
17 than that was the most?

18 THE WITNESS: You know why? Because majority  
19 of them when I was looking were registered to vote.

20 INSPECTOR RATLIFF: And out of those  
21 demographics that you talked about --

22 THE WITNESS: Uh-huh.

23 INSPECTOR RATLIFF: Did they have more  
24 information under them, under their name?

www.lexitaslegal.com  
(800) 676-2401

25 THE WITNESS: It led to -- I notice it led to

1 other people.

2 INSPECTOR RATLIFF: So it led to other people,  
3 but you were getting the information as far as the  
4 date of birth and complete names and everything?

5 THE WITNESS: Hm-mm.

6 INSPECTOR RATLIFF: Out of that college  
7 demographic?

8 THE WITNESS: Oh, yeah.

9 INSPECTOR RATLIFF: -- when you're in  
10 Clustrmaps?

11 THE WITNESS: All of that would come up.

12 INSPECTOR RATLIFF: Okay.

13 THE WITNESS: And it would lead to other  
14 people that was in like similar. It just had links  
15 right up under the other.

16 INSPECTOR RATLIFF: And then you would what,  
17 go down --

18 THE WITNESS: Just click it.

19 INSPECTOR RATLIFF: Get the information?

20 THE WITNESS: Just keep clicking.

21 INSPECTOR RATLIFF: And each time you click,  
22 would you always find their names and other  
23 personal information like their date of birth? Or  
24 was it a name and address or was it just a name  
25 and age? What did that look like?

1 THE WITNESS: All of those that you just said.

2 INSPECTOR RATLIFF: All of them?

Donnela Harrell  
August 20, 2024

3 THE WITNESS: Hm-mm.

4 INSPECTOR RATLIFF: And then after you  
5 retrieve that information from Clustrmaps, walk me  
6 through the process that happened after.

7 THE WITNESS: After you retrieve this  
8 information from Clustrmaps that's when you have to  
9 go to that voter registration and look up things  
10 for the State of Florida.

11 INSPECTOR RATLIFF: And you're still utilizing  
12 the same computer, your personal computer at home  
13 when you're doing this?

14 THE WITNESS: Yes.

15 INSPECTOR RATLIFF: What does that look like  
16 when you go to that?

17 THE WITNESS: Well, you have to put in the  
18 information that they ask for the voter  
19 registration.

20 INSPECTOR RATLIFF: And you already had that?

21 THE WITNESS: And the only stuff that I have  
22 to put on the paper is the ones that are registered  
23 to vote.

24 INSPECTOR RATLIFF: And you were able to  
25 decipher through Clustrmaps whether or not they're

www.lexipol.com  
(800) 676-2401

1 registered to vote once you put their information  
2 in and confirmed that they're a voter?

Donna Harris  
August 20, 2024

3 THE WITNESS: In the State of Florida  
4 registration lookup.

5 INSPECTOR RATLIFF: And then that name after  
6 that process, you put on a sheet or a register or  
7 something that you then --

8 THE WITNESS: Paper. I have to -- the only  
9 names that I give her were the ones that were  
10 registered to vote.

11 INSPECTOR RATLIFF: Now, on that paper, did  
12 you also include their personal information like  
13 their date of birth or anything?

14 THE WITNESS: Yeah, I had to write their name.

15 INSPECTOR RATLIFF: Okay.

16 THE WITNESS: And their date of birth.

17 INSPECTOR RATLIFF: Any other information,  
18 personal information?

19 THE WITNESS: No, it's just whatever needed to  
20 go on the form.

21 THE WITNESS: And what did that form look  
22 like? Was a just a sheet of paper?

23 THE WITNESS: It's this.

24 INSPECTOR RATLIFF: So you're putting that  
25 information on here or you're putting them

1 separately?

2 Donnela Harris  
August 20, 2024 THE WITNESS: No, no, sir. On a regular sheet  
3 of paper, I'm going straight down the road with all  
4 the ones that are registered to vote.

5 INSPECTOR RATLIFF: Okay, that's what I was  
6 asking.

7 THE WITNESS: Oh, okay.

8 INSPECTOR RATLIFF: And then you take that  
9 information. You make a list. So I assume you  
10 would probably maybe have two lists or you have one  
11 running list after you -- you go in the Clustrmaps.

12 THE WITNESS: Hm-mm.

13 INSPECTOR RATLIFF: You're making one list of  
14 people?

15 THE WITNESS: Hm-mm.

16 INSPECTOR RATLIFF: Correct me if I'm wrong.

17 THE WITNESS: Yeah.

18 INSPECTOR RATLIFF: So you're putting that  
19 information down, right?

20 THE WITNESS: Right.

21 INSPECTOR RATLIFF: And then the next stage in  
22 the process is, you're then taking that --

23 THE WITNESS: Right.

24 INSPECTOR RATLIFF: www.lexipol.com  
(800) 676-2401 Using the same computer  
25 and then plugging that information in to find out

1 who's the voter.

2 THE WITNESS: And who's ever registered to  
3 vote that's who's going on this page.

4 INSPECTOR RATLIFF: That's going on the next  
5 page?

6 THE WITNESS: Yes.

7 INSPECTOR RATLIFF: And then that final  
8 page --

9 THE WITNESS: Hm-mm.

10 INSPECTOR RATLIFF: -- is the information  
11 that's forwarded out to Kelly or who do you give  
12 that to?

13 THE WITNESS: Because they're already checked  
14 out and they're registered to vote.

24 INSPECTOR RATLIFF: And that was your task in  
25 this particular process, right?

Throughout this Agreement, the FPF and the Department shall be referred to collectively as the “Parties.”

**WHEREAS**, there currently exists a dispute between the Parties at the Division of Administrative Hearings (“DOAH”), which includes the facts and circumstances related to, or arising out of, an administrative fine imposed by the Department on FPF for an alleged violation of section 100.371(7)(a)2, Florida Statutes; and

**WHEREAS**, there currently exists a dispute between FPF and Joseph Ladapo, in his official capacity as the State Surgeon General and head of the Department of Health, in the U.S. District Court for the Northern District of Florida; and

**WHEREAS**, the Parties desire to settle and resolve their disputes in an amicable fashion and without additional delay or further litigation;

**NOW THEREFORE**, in consideration of the mutual covenants and promises contained herein, the Parties stipulate and agree as follows:

### PROMISES OF FPF

In consideration of the Department’s obligations set forth in this Agreement, FPF agrees to the following terms:

- (1) FPF neither admits nor denies it violated section 100.371(7)(a)2, Florida Statutes, but will pay **\$164,000** to the Department, within two days of the execution of this agreement, to resolve *Floridians Protecting Freedom, Inc. v. Department of State, Office of Election Crimes and Security, DOAH Case No. 24-4289*;
- (2) FPF will dismiss with prejudice, within two days of the execution of this agreement, *Floridians Protecting Freedom, Inc. v. Department of State, Office of Election Crimes and Security, DOAH Case No. 24-4289*;
- (3) FPF will dismiss with prejudice, within two days of the execution of this agreement, *Floridians Protecting Freedom, Inc. v. Ladapo, Northern District of Florida Case No. 4:24-cv-419*,
- (4) FPF will not seek attorney’s fees or costs in the federal lawsuit, *Floridians Protecting Freedom, Inc. v. Ladapo, Case No. 4:24-cv-00419 (N.D. Fla. 2024)*, contingent on the defendants in that case also not seeking attorney’s fees or costs; and
- (5) FPF will not pursue any further litigation against the State of Florida, its agencies, officers, and employees for any alleged violations of state or federal law affecting FPF, known or unknown, that occurred or allegedly occurred during the 2024 election cycle (November 9, 2022 to the date of execution of this agreement) contingent on the Department, its divisions, officers, and employees not pursuing

any further litigation against FPF, its directors, officers, and employees for any alleged violations of state or federal law by FPF, known or unknown, that occurred or allegedly occurred during the 2024 election cycle (November 9, 2022 to the date of execution of this agreement).

### **PROMISES OF THE DEPARTMENT**

In consideration of FPF's obligations set forth in this Agreement, the Department agrees to the following terms:

- (1) the Department will accept the amount of **\$164,000** to resolve with finality DOAH Case No. 24-4289, i.e., the full amount for alleged violations of section 100.371(7)(a)2, Florida Statutes, absent the willfulness enhancement;
- (2) the Department will not impose, assess, levy or seek any past, current or future administrative fines against FPF for any alleged violations of section 100.371(7)(a)1-2, Florida Statutes, known or unknown, that occurred or allegedly occurred during the 2024 election cycle (November 9, 2022 to the date of execution of this agreement), nor will the Department investigate, or refer any such alleged violations, from the 2024 election cycle, of section 100.371(7)(a)1-2, Florida Statutes, to the Attorney General for enforcement under section 100.371(8), Florida Statutes; and,

### **MUTUAL PROMISES**

In consideration of the obligations set forth in this Agreement, the Parties mutually agree to the following terms:

- (1) this settlement and any term of this Agreement shall neither set any precedent nor serve as an admission of any liability for any other purpose by the Parties, including resolution of any future DOAH or federal proceedings;
- (2) each party shall be responsible for payment of their own attorneys' fees and costs related to the DOAH proceeding; and
- (3) the Parties represent and warrant that they are authorized to enter into this Agreement and that they have the authority to perform the terms of this Agreement.

### **GENERAL AGREEMENT TERMS**

**1. Complete Integration of Agreement.** This Agreement is made without reliance upon any statement or representation of any party hereby released except those contained in this Agreement. This Agreement contains the entire understanding of the Parties and may not be modified except by writing which is signed by all the parties to this Agreement. Any oral or written promises or assurances not contained in this Agreement are waived, abandoned, withdrawn, and without legal effect.

2. **Construction of Agreement.** The language of all parts of this Agreement shall be construed as a whole, according to its plain meaning, and not for or against the drafter.

3. **Enforcement and Venue.** Any breach of any term, provision, or obligation of this Agreement by any party shall entitle the other party to seek enforcement of such term, provision, or obligation, in a court of law or administrative tribunal of competent jurisdiction. It is expressly understood and agreed that this Agreement shall be governed by the laws of the State of Florida, with exclusive venue for any action upon an alleged breach of any term, provision, or obligation of this Agreement in the Second Judicial Circuit in and for Leon County, Florida.

4. **Performance.** Should either party default in any material manner with respect to any term, provision, or obligation set forth in this Agreement, the available remedies for the non-defaulting party shall include, but are not limited to, a suit for specific performance with the prevailing party receiving attorneys' fees and costs resulting therefrom.

5. **Execution.** This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute the same Agreement and may be consummated by facsimile, email, or electronically transmitted signatures.

6. **Acknowledgment.** The Parties, as signatories to this Agreement, acknowledge that they have read this Agreement, that they fully know, understand, and appreciate its contents, that they have been advised by or have had an opportunity to consult with their respective counsel regarding its contents, and that they execute the same and make promises provided herein voluntarily, with authority, and of their own free will.

Tides-Advocacy Poder LatinX

## FLORIDA DEPARTMENT *of* STATE

July 19, 2024

Meyer, Blohm, and Powell, P.A.  
c/o Jennifer Blohm, Esq.  
P.O. Box 1547  
Tallahassee, FL 32302

IN RE: DENIAL OF APPEAL / DEMAND FOR PAYMENT  
*Tides-Advocacy Poder LatinX*

Case No. OECS-3PVRO-24-11

---

Dear Ms. Blohm:

This letter is being sent in response to your client's (Tides-Advocacy Poder LatinX) appeal of the Third-Party Voter Organization (3PVRO) fine that was levied by the Office of Election Crimes & Security (OECS).

Under Florida law, fines may be waived "upon a showing that the failure to deliver the voter registration application[s] promptly is based upon force majeure or impossibility of performance." § 97.0575(5)(b), Fla Stat.

You state in your letter that OECS's enforcement of section 97.0575(5)(a), Fla. Stat., creates impossibility of performance and therefore the fine levied against your organization should be waived or reduced. For the reasons that follow, we disagree. Your appeal fails to make the requisite showing and does not justify a waiver or reduction in fine against Tides-Advocacy Poder LatinX. We, therefore, demand payment in full within 21 days of this letter.

You begin by acknowledging that you do not dispute that 13 forms were erroneously filed in Polk County. As an initial matter, we note that the fine associated with the initial 13 forms should have been remitted immediately as it is not currently being disputed or appealed.

Addressing the merits of your appeal, you claim OECS's enforcement of section 97.0575(5)(a), Fla. Stat., creates an impossibility of performance, yet your assertion ignores the plain language of the statute. The statute provides that your client may send applications to either the county in which the applicant resides *or to the Division of Elections*. See 97.0575(3)(a). (emphasis added). This additional recipient allows your client to fulfill its fiduciary obligation,

*see id.*, by providing an alternative if there is any doubt as to the county in which the applicant resides, including for those applications where the county was left blank.

Here, your organization chose to deliver the 52 at-issue voter registration applications to the Polk County Supervisor of Elections instead of the Florida Division of Elections (or the actual Supervisor of Elections office where those voters reside). Because the 52 at-issue voter registration applications were delivered to the wrong Supervisor of Elections, your organization violated the plain language of the statute. On this record, there is no basis to conclude impossibility of performance. To avoid this potential issue in the future, your organization may choose to deliver some or all of the voter registration applications it collects to the Florida Division of Elections, as expressly authorized under the statute.

For the reasons set forth above, your appeal is **denied**.

This decision to enforce the **\$26,000.00** fine constitutes **final agency action**. You may either remit payment of this \$26,000.00 fine to the Florida Department of State within 21 days, or you may seek to have this matter reviewed by an administrative judge in the Florida Division of Administrative Hearings in accordance with your Notice of Rights below within 21 days of the date of this letter. Should you elect to pay within 21 days of the date of this letter, the check should be made out to the Florida Department of State and addressed as stated below. If you fail to remit payment and have not elected for Administrative Review, the Secretary may refer the matter to the Attorney General for enforcement. *See* § 97.0575(8), Fla. Stat.

Payment should be mailed to:

**Re: Demand for Information under 8 U.S.C. § 1373 and 8 U.S.C. § 1644**

Dear Associate Director Meckley:

Noncitizens cannot vote in Florida elections. *See* Fla. Const., art. VI, § II; § 97.041(1)(a)2., Fla. Stat. Those who do expose themselves to criminal liability.<sup>1</sup> Accurate and up-to-date voter registration rolls help ensure that noncitizens cannot vote and do not violate Florida law. *See* Fla. Stat. § 98.0575(6). And, under both Florida and federal law, the Florida Department of State (“FDOS”) is responsible for maintaining these accurate and up-to-date rolls.<sup>2</sup> *See, e.g.*, 42 U.S.C. § 15483(a) (requiring Department to “ensure that voter registration records” “are accurate and are updated regularly”); 42 U.S.C. § 1973gg(b)(4) (establishing procedures to “protect the integrity of the electoral process by ensuring the maintenance of accurate and current voter registration records.”); Fla. Stat. § 98.075(1) (“The department shall protect the integrity of the electoral process by ensuring the maintenance of accurate and current voter registration records.”).

FDOS must also take affirmative steps to “remove registrants who are ineligible to vote.” 42 U.S.C. § 15483(a); *see also* Fla. Stat. § 98.075(4)-(6). Any credible and reliable information of ineligibility obtained by FDOS triggers a notice of removal and opportunity for a hearing and can

<https://www.fdle.state.fl.us/News/2022/October/FDLE-arrests-Jamaican-citizen-for-voting-in-U-S-el>  
*See, e.g.*, 18 U.S.C. § 611; 18 U.S.C. § 911; 18 U.S.C. § 1015(f); 52 U.S.C. § 21144(b); § 104.15, Fla. Stat.; § 104.011(1), (2), Fla. Stat.

<sup>2</sup> In Florida we take this responsibility seriously. Due to recent updates to our voter list maintenance laws, in the last month alone, nearly 26,000 individuals have been removed from Florida voter rolls for ineligibility (e.g., adjudication of mental incapacity without voting rights restored, felony conviction without voting rights restored, death, not a U.S. citizen, did not list a valid Florida residence, determined to be fictitious person), voter request, duplicate record, moved out of state, etc.

R.A. Gray Building • 500 South Bronough Street • Tallahassee, Florida 32399  
850.245.6500 • 850.245.6125 (Fax) • DOS.MyFlorida.com

result in a “final determination that a voter is ineligible to vote.”<sup>3</sup> Fla. Stat. § 98.075(7). To perform its responsibilities and ensure accurate voter rolls, FDOS must have access to up-to-date citizenship information that can only be obtained from the federal government.

To that end, 8 U.S.C. § 1373 and 8 U.S.C. § 1644 provide a mechanism for FDOS to obtain pertinent information from your office. Section 1373 states:

Notwithstanding any other provision of Federal, State, or local law, a Federal, State, or local government entity or official may not prohibit, or in any way restrict, any government entity or official from sending to, or receiving from, the [Department of Homeland Security] (“DHS”) information regarding the citizenship or immigration status, lawful or unlawful, of any individual.

8 U.S.C. § 1373(a). It goes on to say that “[DHS] shall respond to an inquiry by a federal, state, or local government agency seeking to verify or ascertain the citizenship or immigration status of any individual within the jurisdiction of the agency for any purpose authorized by law.” *Id.* § 1373(c) (emphasis added). Section 1644 reaffirms FDOS’s right to obtain citizenship-related information from your office, as does the United States Supreme Court. *See Arizona v. United States*, 567 U.S. 387 (2012) (“Congress has obligated [DHS] to respond to any request made by state officials for verification of a person’s citizenship or immigration status.”); *Chamber of Commerce of United States v. Whiting*, 563 U.S. 582 (2011) (“[Section 1373(c)] requires the Federal Government to ‘verify or ascertain’ an individual’s ‘citizenship or immigration status’ in response to a state request.”).

Indeed, FDOS’s successful federal lawsuit in 2012 against your office reaffirmed FDOS’s right to pertinent, citizenship-related information.<sup>4</sup> More specifically, that case resulted in FDOS obtaining access to the Systematic Alien Verification for Entitlements Program or SAVE database. *See Exhibit 1* (Memorandum of Agreement for SAVE).

Although the SAVE database can be helpful,<sup>5</sup> it is nevertheless insufficient. The database requires FDOS to have at least one of the following, specific numeric identifiers: “Alien/USCIS Number (A-Number),” “Form I-94, Arrival/Departure Record Number,” “Student and Exchange Visitor Information System (SEVIS) ID number,” “Naturalization/Citizenship Certificate Number,” “Card/I-797 Receipt Number,” “VISA Number,” or “Foreign Passport Number (if entered along with a U.S. immigration enumerator).”<sup>6</sup> Florida does not always have access to this information.

---

<sup>3</sup> The individual also has a right to appeal a determination of ineligibility pursuant to § 98.0755, Fla. Stat.

<sup>4</sup> <https://dos.fl.gov/communications/press-releases/2012/florida-department-of-state-receives-commitment-from-us-department-of-homeland-security-to-provide-access-to-citizenship-database/>

<sup>5</sup> Last month FDOS sent 144 individualized non-citizen files to local Supervisors of Elections for removal from the state voter roll. The SAVE database confirmed that all 144 individuals were non-citizens, validating the state’s information. Upon receipt of the state’s non-citizen removal file, the Supervisor of Election must begin, within 7 days, the list maintenance process outlined in § 98.075(7), Fla. Stat.

<sup>6</sup> *Tutorial: Introduction to SAVE and the Verification Process for SAVE Users*. DEPARTMENT OF HOMELAND SECURITY. ET AL. (Mar. 2024) (available at <https://tinyurl.com/msek795k>).

Under Florida law, the Florida Department of Highway Safety and Motor Vehicles (“DHSMV”) notifies FDOS of persons who self-identified as non-U.S. citizens upon being issued a new or renewed Florida driver’s license,<sup>7</sup> Florida identification card, or updated DHSMV record. See § 98.093(8)(b), Fla. Stat. This information is highly credible but in some instances lacks the kind of identifiers needed to obtain confirmation through the SAVE database.

I thus include as **Exhibit 2-9**, the names of specific individuals for whom FDOS has information of non-citizenship but for whom FDOS cannot run a search on the SAVE database. All 7 of these individuals are currently on Florida’s voter rolls. For these seven individuals, pursuant to 8 U.S.C. § 1373 and 8 U.S.C. § 1644, I ask for verification of citizenship status **within fourteen days of your receipt of this letter**.

FDOS understands that your office has the ability to determine an individual’s immigration or citizenship status very quickly and without the numeric-identifiers required by the SAVE database. We further understand that the Person Centric Query System allows for verification of immigration or citizenship status with a very limited amount of basic information such as name, date of birth, and address. For each of the seven individuals included in Exhibits 2-9, I have provided you the name, date of birth, address, and any other identifiers or pertinent information FDOS has in its possession.

The immediate need for accurate citizenship information is critical as we are less than ninety days from the next general election. Given that the law is clear and USCIS’s obligations are mandatory, any delay in fulfilling FDOS’s (very reasonable) request for 7 individual determinations will undoubtedly undermine FDOS’s ability to fulfill its statutory obligations to protect the integrity of Florida’s election and maintain current and accurate voter registration rolls. We appreciate your expeditious assistance on this matter. If verification is not provided within the time requested, Florida will pursue other remedies, including potential litigation.

*Re: Submission of Fraudulent Voter Registration Applications*

Dear State Attorney Campbell:

We are referring the enclosed Elections Fraud Complaint to you pursuant to section 97.012(15), Florida Statutes, which charges the Department of State with conducting preliminary investigations of elections fraud and reporting the findings to the appropriate state attorney's office.

The Leon County Supervisor of Elections office provided records (Composite Exhibit A) to the Department which reflect that fraudulent voter registration applications were collected and submitted by a third-party voter registration agent, [REDACTED] collecting on behalf of two third-party voter registration organizations: [REDACTED] and [REDACTED].

As described in the complaint, many of the over 1,400 Voter Registration Applications (VRA's) that [REDACTED] submitted to the Leon County Supervisor of Elections office this year were for fictitious people. Others were for existing voters, but the applications contained a significant amount of irregularities in signatures and personal information, leading the supervisor's office to believe many of the applications to be fraudulent.

Notably, the complaint indicates that [REDACTED] previously submitted VRAs with third-party voter registration organization [REDACTED], which group was the subject of other Election Fraud Complaints submitted in 2019 and 2020. The supervisor's office prepared a chart in connection with the instant complaint summarizing the numerous issues with the suspected fraudulent VRA's. The chart reflects a significant overlap of the same voters who previously had forms submitted on their behalf by [REDACTED].

We understand your office to have declined warrants and/or prosecution of the earlier referral(s) from the supervisor's office regarding a large volume of fraudulent VRA's submitted by [REDACTED]. Please see attached warrants, probable cause affidavits, and declination email for reference (Composite Exhibit C). We also attach again herein the prior complaints (Composite Exhibit B) themselves to the extent there is significant overlap with the new ongoing issues – both in terms of the registration agent (per the supervisor of elections office) and the particular voters affected.

The issue appears to have merit and warrant further investigation to determine whether [REDACTED] and/or anyone else operating on behalf of the three above-mentioned third-party voter registration organizations violated section 104.011(2), Florida Statutes as to the willful submission of false voter registration information. Other criminal statutes such as the criminal use of personal identification information under section 817.568, Florida Statutes, may be applicable as well.

Please find enclosed April 19, 2022, Elections Fraud Complaint<sup>1</sup> against [REDACTED] from the Leon County Supervisor of Elections, as well as the prior complaints and investigatory materials against New Florida Majority in 2019 and 2020. Contact information for each third-party voter registration organization is available through the following link:

We appreciate your review of this matter and are happy to assist you in any further investigation.

Sincerely,

Bradley R. McVay

██████████ has submitted more than 1400 Florida Voter Registration Applications (FVRAs) to our office this calendar year. Some applications submitted were for fictitious people. Others were for existing voters containing information that differs significantly from the information previously provided by the voter in question. Signatures, identifying numbers, and addresses were the most common sources of inconsistencies.

This individual has submitted 1,460 forms to us between 01/18/2022 and 04/07/2022. These applications have been submitted under the third parties ██████████. The rate of incomplete applications and unverified applications is significantly higher than the normal registration rate. This individual has previously submitted forms with 16-65, which were the subject of another Election Fraud Complaint submitted by our office in 2020. Please see the attached documents for details and documentation.

**VIOLATION:** If you believe any irregularities or fraud involving voter registration or voting, or candidate or issue petition activities have been committed, please state the specific acts committed by the person or entity named in this complaint:

LCSOE suspects that registration agent canvassers working on behalf of [REDACTED] a third-party voter registration organization, may have altered voter information without consent, possibly using third-party data, which violates state law. Specific agents with initials [REDACTED] or [REDACTED] are linked to a higher number of suspicious applications. These concerns also potentially involve agents [REDACTED] and [REDACTED] LCSOE has previously reported both individuals.

**STATEMENT OF FACTS**

State in your own words exactly what happened. Please include details such as what happened, where the events or acts happened, when they happened (including dates and times), what you were told, who spoke to you and to whom you spoke, what you agreed or did not agree to, and who else saw or knows about what happened. Also, give any reasons why you feel that the person or entity against whom you have brought this complaint knew that his or her actions were wrongful. The more specific information that you provide to us, the better we will be able to assist you.

The Leon County Supervisor of Elections (LCSOE) has ongoing concerns about the voter registration forms submitted by [REDACTED] also known as [REDACTED]. This third-party voter registration organization (3PVRO) has a history of interacting with LCSOE through its representative, [REDACTED]. [REDACTED] has delivered applications on behalf of [REDACTED] and responds to feedback regarding training and quality improvement efforts. [REDACTED] has also been associated with other 3PVROs, including [REDACTED] where a previous fraud complaint was filed against another representative, [REDACTED] in April 2022. [REDACTED] has worked with multiple 3PVROs over the years, and LCSOE has consistently suspected fraudulent activity in the voter registration applications he delivered. In the past, [REDACTED] work with 3PVROs resulted in numerous fraud complaints, including the submission of duplicate forms and forms for deceased individuals. These issues have led to several formal complaints and meetings between LCSOE and affected 3PVROs. Now, LCSOE has similar concerns with [REDACTED]. The voter registration forms they submit frequently contain errors, making them incomplete and potentially harming voters. More troubling, there are cases where it seems information for existing voters may have been altered without their knowledge or consent. LCSOE suspects that agents might be using third-party data or previously collected forms to fill out applications, a violation of state law.

One specific registration agent with initials [REDACTED] or [REDACTED] is linked to more suspicious applications than others.

Notably, in 2024 the Department of State Division of Elections revised the Florida Voter Registration Application to provide designated space for the 3PVRO registration agent canvassers to initial the form and provide the collection date. Consistently having this information on the forms makes identifying potentially problematic canvassers much easier.

RE: [REDACTED] Potential Fraudulent Applications

---

**Summary**

1. **This report:** We prepared the following report for law enforcement partners regarding the potentially fraudulent activities of third-party voter registration organization registration agents working for the organization [REDACTED]
2. [REDACTED] We identified that one of the individuals involved, [REDACTED] has been a consistent contact person involved with different third-party voter registration organizations over the years.
3. **Suspected fraud:** We suspect that [REDACTED] is working with a group of canvassers, some of whom we suspect may be crafting fraudulent Florida Voter Registrations Applications to defraud the parent organization, [REDACTED] and its partners. Our suspicion is that the canvassers are forging applications to increase the number of applications they are collecting on paper or in their own organizational reporting, potentially with the goal of increasing their pay for work collecting registration forms.
4. **Evidence:** the following pages detail the evidence we collected which we underlie our suspicions of potentially fraudulent activity, and we request further investigation by our law enforcement partners.
5. **Improved FVRA Design:** In 2024 the Division of Elections redesigned the Florida Voter Registration Application to provide space on the form for the initials and collection date of the 3PVRO registration agents. This improvement in design facilitated superior reporting in this complaint.

**1. Interactions between SOE,**

The Leon County Supervisor of Elections Office (LCSOE) began receiving Florida Voter Registration Applications (FVRAs) from

a third-party voter registration organization (3PVRO) registered to vote with the Department of State Division of Elections (DOE).

filed to become a 3PVRO with the Division of Elections on . They filed to operate in all counties in Florida. Agents working with confirmed in communication with LCSOE that they operate in several counties in Northwest Florida, including but not limited to Bay County, Escambia County, and Leon County. The contact information for is:

frequently interacts with LCSOE through a voter registration agent named . delivers applications in person to LCSOE and responds to feedback the office provides to 3PVROs for quality improvement and training purposes. LCSOE offers training and resources to 3PVROs and LCSOE communicates through regarding those efforts. The contact information our office has for

has been previously involved with other 3PVROs which delivered applications to our office. She was mentioned in an Elections Fraud Complaint form that our office filed against in April of 2022. At the time both and worked with a 3PVRO named

has previously collected registration forms for other 3PVROs. has typically delivered completed applications collected on behalf of other 3PVRO

registration agents, however our office has consistently suspected agents collecting with organizations working with [REDACTED] of submitting fraudulent FVRA forms. While [REDACTED] works with different 3PVROs each election year, he consistently has delivered applications which our office suspected were fraudulently created.

In April 2022, LCSOE filed an Election Fraud Complaint form against [REDACTED] who at the time was working with 3PVRO [REDACTED]. After contacting [REDACTED] and filing the complaint LCSOE was notified that [REDACTED] had been fired and was no longer collecting with their 3PVRO. [REDACTED] identified herself as the new contact, but the organization stopped collecting registration forms shortly after [REDACTED] was dismissed.

Previously, starting in the summer of 2019, LCSOE received FVRAs from 3PVRO [REDACTED] [REDACTED] which also were delivered by [REDACTED] 3PVRO registration agents collecting on behalf of [REDACTED] turned in duplicated forms, forms for deceased individuals, and forms for existing forms who filed sworn affidavits that they did not complete the forms and accused [REDACTED] registration agents of fraudulently submitting the forms on their behalf. During the 2020 election, LCSOE submitted numerous fraud complaints in cooperation with affected voters. These include [REDACTED] (complaint dated August 2020), [REDACTED] (complaint dated March 2020), [REDACTED] (complaint dated March 2020), and [REDACTED] (complaint dated March 2020). On March 9, 2020, LCSOE met with representatives of [REDACTED] to notify the leaders of the organization that 3PVRO registration agents acting under their 3PVRO number had submitted fraudulent registration forms. LCSOE met with:

[REDACTED]

Shortly after the meeting the office stopped receiving registration forms from [REDACTED]. The individuals in the March 9<sup>th</sup> meeting were extremely cooperative with LCSOE and determined to stop any potentially fraudulent activity.

Between 2019 and 2020 [REDACTED] personally submitted 7,530 voter registration applications collected by other 3PVRO registration agents with which he worked.

## 2. LCSOE concerns with [REDACTED] Registration Forms

LCSOE found that FVRAs submitted by [REDACTED] registration agents frequently contained errors. These errors in many cases made voter registration applications incomplete, which disadvantages voters. But more worryingly, LCSOE identified cases where information for existing voters was possibly modified without the voter's knowledge or consent.

LCSOE is concerned that registration agents are using data to complete application forms without the knowledge or consent of the voters. They may be utilizing a third-party database of information or other publicly available information. They may be utilizing copies of previously collected registration forms, which is prohibited in state law (see: 97.0575(7), Florida Statutes).

The next few pages list examples of specific concerns. Each example has a noted exhibit number, which is the document image of the corresponding FVRA.

The new version of the FVRA contains a space for a 3PVRO canvasser to provide their initials. This allows LCSOE to identify specific 3PVRO registration agent canvassers who we suspect potentially submitted fraudulent applications. In particular a circulator(s) with initials [REDACTED] or possibly [REDACTED] seems to collect more erroneous or suspicious applications than other canvassers.

This is an example of these initials:

It is worth noting that the FVRA was redesigned in 2024 to provide a designated space for 3PVRO registration agent canvassers to provide their initials and collection date. This new redesigned form was very helpful in the preparation of this report and should make it easier to identify potentially problematic canvassers in the future.

**3. Examples of incorrect Florida Driver License number**

State law requires voters to provide either their Florida Driver License number, the last four digits of their social security number, or indicate that they have neither number on their application. If the voter fails to provide this information, or if voter provides incorrect information, the application is incomplete. For new registrants, the voter’s status is “unverified” if the Division of Elections is unable to verify a voter’s record based on the name, date of birth, and last four digits of social security number provided. Unverified voters have an additional burden of providing proof of ID when attempting to vote in the future. This is a disservice of the voters but is also potentially indicative of 3PVRO canvassers fabricating otherwise secure information.

The following list are examples of registration forms collected by [redacted] which have driver license number errors. It is rare for voters to registering by other means to make this mistake on their application, because most voters will have ID in hand and copy from their license as they are registering.

*Table 1: Examples of incorrect Florida Driver License number*

Reg. No.	Voter Name	Collector	Collection Date	Exhibit No.

#### 4. Examples of incorrect Security number

Florida law requires voters to provide their Florida Driver License number, the last four digits of their Social Security number, or indicate they have neither on their application. If this information is missing or incorrect, the application is incomplete. New registrants are marked "unverified" if the Division of Elections can't match the name, date of birth, and Social Security number provided. Unverified voters face extra steps to prove their identity when they vote. This hurts voters and raises concerns that [REDACTED] canvassers might be submitting false information.

The next table lists examples of registration forms from [REDACTED] with incorrect Social Security numbers. This issue makes the applications incomplete. It's uncommon for voters to make this mistake on their own. However, it is possible. Some registrants, like college students, might not have their numbers memorized.

**5. Examples of missing required identification numbers**

State law requires voters to provide either their Florida Driver License number, the last four digits of their social security number, or indicate that they have neither number on their application. If the voter fails to provide this information, the application is incomplete. If the voter provides incorrect information, the application is incomplete. The following examples of registration forms collected by [REDACTED] do not have any ID# provided, which makes the applications incomplete. This is a further concern because the other information asked for on the application is public record: date of birth, name, and address is all information that can be requested. Providing an identifying number validates that the voter submitted the form and prevents fraud.

**6. Examples of incorrect DOB**

State law requires voters to provide their date of birth on the FVRA. If the voter fails to provide this information, the application is incomplete. If the voter provides incorrect information, the application is incomplete. The following examples of registration forms collected by [REDACTED] have incorrect or incomplete or blank DOBs. It is rare for voters to registering by other means to make this mistake on their application.

collected 716 applications between June and August 2024. During that same period LCSOE received 10,421 FVRAs from all sources, including . This means that collected about 6.9% of all the applications our office processed in June, July, and the August.

Between June and August, LCSOE processed 44 incomplete applications from all sources, representing a 0.4% incomplete rate overall. Of those, 27 came from giving them a 3.8% incomplete rate. This is 10 times the incomplete rate of other sources. Despite submitting only 6.9% of all applications, accounted for 61.4% of the incomplete ones in the period. This means was 10 times more likely to submit incomplete applications, and their errors made up two-thirds of the total. Our office suspects this could point to either misconduct or poor handling by

## 8. Statistical Evidence: Unverified Applications

When someone registers to vote for the first time, our office (LCSOE) enters their info into the statewide voter registration database. This info is then verified by the Florida Department of State Division of Elections (DOE), checking the name, birthdate, and ID numbers. If everything matches, the voter is registered. If not, the registration is marked as “unverified,” and the voter must provide proof of their ID number or correct errors on their form. We send a letter explaining this and how to fix it. This verification process helps prevent fraudulent registrations.

Unverified registrations aren't proof of fraud by themselves. They can happen because of mistakes like writing the wrong number or bad handwriting. Sometimes, we might even make an error when entering data. If the DOE can't match the info on the form, the application becomes unverified.

However, if one source of registrations has a lot more unverified forms than others, it could potentially point to fraud. For example, if canvassers were using fake information for names, dates of birth, or secure identifiers like social security number, that would lead to more unverified applications. We think honest canvassers should in theory submit no more unverified applications than anyone else. If a group submits far more, it could mean they're falsifying information. It could also mean uniquely poor handling of applications.

Between June and August, LCSOE received 67 unverified applications out of 10,421 total submissions, which means about 0.6% of applications were unverified, or 1 in 200. This is the average rate we'd expect from any source. A higher rate begs the question, why is this source collecting more unverified applications than other sources on average?

But of those 67 unverified applications, 44 came from [REDACTED] even though they only submitted 716 applications during this time. That gives [REDACTED] itself an unverified rate of 6.1%—10 times higher than the average. For [REDACTED] 1 in 20 of their applications had unverified Social Security or driver's license numbers compared to 1 in 200 for all other sources. While [REDACTED] submitted just 6.9% of all applications we received in the period, they were responsible for 65.7% of the unverified ones in this period. This suggests [REDACTED] may be involved in either systemic mishandling of applications, or if not, fraud.

**9. Exhibits**

The last section of this report includes scans of applications which correspond to the proceeding tables. The scans will show the affected voter registration records. 3PVRO registration agents are required to provide their initials in the bottom right corner. This information indicates who allegedly collected the form. Because the 3PVRO canvassers only provide their initials on the forms, it would be necessary to work with the parent 3PVRO organization [REDACTED] to determine identities from the initials.

The forms are labeled with an exhibit number which corresponds to the tables of identified cases on the previous pages.

## Appendix V: Darlington Declaration

**DECLARATION OF ANDREW DARLINGTON  
IN SUPPORT OF RESPONSE IN OPPOSITION TO  
MOTION FOR PRELIMINARY INJUNCTION**

I, Andrew Darlington, consistent with 28 U.S.C. § 1746, hereby state:

**Background**

1. I am over 18 years of age, am competent to testify, and declare the following facts based on my own personal knowledge.

2. I have served as the Director of the Office of Election Crimes and Security since March 2023. As Director, my role includes, but is not limited to, overseeing the Office's: (a) receiving and reviewing of notices and reports generated by concerned citizens, government officials, or other Florida agency partners regarding alleged occurrences of election law violations by third-party voter registration organizations or their agents ("3PVROs"); (b) initiating independent inquiries and conducting preliminary investigations into allegations of election law violations by 3PVROs; (c) assessing fines for election law violations by 3PVROs; and (d) referring complaints regarding 3PVROs to other agencies for further criminal investigation or prosecution.

3. Prior to becoming Director, I served as an Assistant General Counsel in the Florida Department of State where I handled election-related matters. Before that, I served as a prosecutor, worked in several federal and state agencies, served as a civil litigator in several law firms, and was an infantry officer in the United States Marine Corps where I served twice in Afghanistan.

4. In my current role as Director, I am familiar with Florida's Election Code. I am also familiar with the claims brought by the Plaintiff in the three federal district court cases challenging various provisions of Senate Bill 7050 ("SB 7050"), Florida's most recent set of revisions to the Florida Election Code, which was codified as chapter 2023-120, Laws of Florida ("2023 Law").

5. A 3PVRO that collects voter registration applications serves as a fiduciary to applicants under Florida law. § 97.0575(3)(a), Fla. Stat. I am providing this declaration to explain some of the ways and instances in which 3PVROs have failed to abide by their fiduciary duties in recent years, and the State's interests in the provisions that the Plaintiff groups are seeking to preliminarily enjoin.

### **3PVRO Complaints**

6. Our Office regularly receives complaints of 3PVROs violating Florida's election laws via a variety of sources, including election fraud complaints (Form DS-DE 34 – Fla. Admin. Code R. 1S-2.025), 3PVRO complaints (Form DS-DE 121 – Fla. Admin Code R. 1S-2.042), and complaints from supervisors of elections or their staff (which are submitted via the previous two forms). *See, e.g.*, Fla. Admin. Code. R. 1S-2.042(8). We investigate complaints and assess civil penalties, refer civil complaints to the Florida Attorney General's Office, or refer criminal complaints to law enforcement, as appropriate.

7. Florida law requires the Office to submit an annual report to the President of the Senate, the Speaker of the House of Representatives, and the Governor detailing information on investigations of alleged election law violations or election irregularities conducted during the prior calendar year. § 97.022(7), Fla. Stat. The Office submitted its most recent report on January 15, 2023, for the 2022 calendar year—well before the proposed initial legislation for SB 7050 was submitted for consideration to the Florida Senate Committee on Ethics and Elections on March 30, 2023. The report is a statutory requirement and is incorporated by reference as an attachment to this declaration. As evidenced in the report, during 2022, the Office reviewed a large number of complaints involving 3PVROs. A number of these 3PVROs were reported by election officials for failing to timely comply with statutory obligations—most significantly, failing to timely turn in

voter registration applications. The Office reviewed approximately 3,077 voter registration applications that were collected and submitted untimely by 3PVROs, in violation of section 97.0575, Florida Statutes. The Office assessed statutory fines in the amount of \$41,600.00 against those 3PVROs that did not comply with the statutory requirements. *See* § 97.0575(3)(a), Fla. Stat.

8. Incorporated by reference as an attachment to this declaration is a sampling of 3PVRO complaints received, 3PVRO fine letters issued, and 3PVRO referrals made by the Department of State between the years 2016 and 2021. Our Office is concerned with the quantity and types of violations of Florida's election laws by 3PVROs alleged in or evidenced by these documents (especially those that resulted in the assessment of fines, referrals to other agencies for further investigation, and criminal prosecution). The types of violations alleged in or evidenced by these documents include, among other things:

- a. 3PVROs failing to deliver voter registration applications to election officials before the book closing deadline for federal or state elections. (Whenever a new applicant's voter registration application is not delivered by a 3PVRO prior to the book closing deadline, that voter is deprived of the right to vote in the next election.)
- b. 3PVROs failing to deliver voter registration applications to the division or the supervisor of elections in the county in which the applicant resides within 14 days after applications are completed by applicants.
- c. 3PVROs failing to deliver voter registration applications to the correct supervisor of elections in the county in which the applicant resides.
- d. 3PVRO agents charged or alleged with violation of a criminal statute.

9. Also incorporated by reference as an attachment to this declaration are news articles, a press release, and a letter that discuss various 3PVRO-related issues.

### State Interests

10. The 2023 Law promotes the State's interests in safeguarding election integrity, preventing voter fraud, ensuring voter registration applications are timely processed, and promoting uniformity, efficiency, and confidence in the election system as a whole. The 2023 Law reflects the State's continuing efforts to protect the right to vote by ensuring that 3PVROs are abiding by their fiduciary duties under Florida law. When 3PVROs conduct themselves in a criminal or fraudulent manner, or otherwise in disregard of their fiduciary duties, their actions may disenfranchise voters by delaying or preventing timely voter registration.

11. In furtherance of those interests, the 2023 Law amended, among other things: (1) section 97.0575(1)(e), Florida Statutes ("**Felon Volunteer Restriction**"); (2) section 97.0575(1)(f), Florida Statutes ("**Non-U.S. Citizen Volunteer Restriction**"); (3) section 97.0575(4), Florida Statutes ("**Receipt Requirement**"); and (4) section 97.0575(7), Florida Statutes ("**Voter Information Retention Restriction**"). Each of these provisions furthers important State interests.<sup>1</sup>

#### 1. Felon Volunteer Restriction

12. Under the Felon Volunteer Restriction, 3PVROs must "affirm[] that each person collecting or handling voter registration applications on behalf of the [3PVRO] has not been convicted of a felony violation of the Election Code" or "a felony violation of an offense specified in" section "98.0751(2)(c)" (murder), section "98.0751(2)(b)" (sexual offenses), section "825.103" (exploitation of an elderly person or disabled adult), chapter "817" (fraudulent

---

<sup>1</sup> Other provisions the 2023 Law amended (but the Plaintiff groups do not seek to preliminarily enjoin) include: (1) section 97.0575(5)(a), Florida Statutes ("**Late/Incorrectly Returned Application Fines Provision**"); (2) section 101.62(1)(a), Florida Statutes ("**Mail-In Ballot Request Restriction**"); and (3) section 97.0575(1)(d), Florida Statutes ("**Re-Registration Requirement**").

practices), chapter “831” (forgery and counterfeiting), or chapter “837” (perjury). § 97.0575(1)(e), Fla. Stat.

13. An individual who collects and handles a completed voter-registration application acts as a fiduciary for the applicant. § 97.0575(3)(a), Fla. Stat. This is a position of trust and the Florida Legislature has determined that that position of trust should only be occupied by those who have not committed Election-Code felonies or serious or trust-related felonies. *See* § 97.0575(1)(e), Fla. Stat.

14. It is my understanding that keeping the above classes of convicted felons from collecting or handling completed voter-registration applications furthers the State’s interests in safeguarding election integrity, preventing voter fraud, ensuring voter registration applications are timely processed, and promoting confidence in the election system as a whole.

#### 2. Non-U.S. Citizen Volunteer Restriction

15. Under the Non-U.S. Citizen Volunteer Restriction, 3PVROs must “affirm[] that each person collecting or handling voter registration applications on behalf of the [3PVRO] is a citizen of the United States of America.” § 97.0575(1)(f), Fla. Stat.

16. As stated above, an individual who collects and handles a completed voter-registration application acts as a fiduciary for the applicant. The Florida Legislature determined that only those individuals who are U.S. citizens can occupy that position of trust. *See* § 97.0575(1)(f), Fla. Stat.

17. With non-citizens, there is an issue of whether collected and handled applications will be submitted to election officials on time. Non-citizens include illegal aliens, who are actively breaking the law and are subject to deportation at any time. Even those here on a temporary basis, such as those on student visas, pose similar risks; the temporary visitors might leave the country

(or the State) without first delivering the completed voter registration applications in their custody.. For resident aliens, the Florida Legislature made the determination that only U.S. citizens—those who can vote—can conduct the most critical aspect of the voter-registration process: ensuring that a completed application gets properly submitted on time. *See id.* In other words, citizens have the most direct stake in the results of elections, and the Florida Legislature determined that they should be entrusted with that position. *See id.*

18. It is my understanding that keeping non-U.S. Citizens from collecting or handling completed voter-registration applications furthers the State's interests in safeguarding election integrity, preventing voter fraud, ensuring voter registration applications are timely processed, and promoting confidence in the election system as a whole.

### 3. Receipt Requirement

19. Under the Receipt Requirement, 3PVROs that collect voter-registration applications must provide a receipt to an applicant upon accepting his or her application. § 97.0575(4), Fla. Stat. The receipt must include the name of the applicant, the date the application is received, the name of the 3PVRO, the name of the 3PVRO agent, the applicant's political party affiliation, and the county in which the applicant resides.

20. The Division of Elections will provide a uniform receipt form by October 1, 2023.

21. The Receipt Requirement ensures that, if the 3PVRO fails to perform its fiduciary duty to collect or submit applications, the applicants can contact the 3PVRO about any issues, even those concerning the specific 3PVRO agents responsible for interacting with applicants. It also provides applicants with the necessary information to report potential violations of Florida's election laws by 3PVROs, which will enable election officials to identify issues with specific 3PVRO volunteers. More documentation of crucial aspects of voter registration is better.

22. The Receipt Requirement thus ensures 3PVRO accountability in upholding their fiduciary duty and the proper administration of the third-party voter registration process.

4. Voter Information Retention Restriction

23. Under the Voter Information Retention Restriction, a 3PVRO agent is prohibited from collecting a voter's application (which includes a voter's personal information) for any reason other than to provide such application to the 3PVRO in compliance with this section. § 97.0575(7), Fla. Stat.

24. A voter's personal information includes a voter's Florida driver license number, Florida identification card number, social security number, or signature.

25. The Voter Information Retention Restriction protects the applicant: a 3PVRO agent should not be able to retain a voter's private information that is not generally available to the public.

26. The Voter Information Retention Restriction thus ensures that a voter's application (including the voter's personal information contained therein) is protected from misuse by a 3PVRO agent.

I say nothing further.

On June 23, 2023, pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury the foregoing is true and correct.

Please see below. We have submitted instances of likely fraud on 3PVRO [REDACTED] before. This is additional information indicating either failure to perform their duties properly, or possibly fraud.

This voter was required to vote provisionally since they were not listed on the rolls. Since they have their legally required receipt from the 3PVRO, and assuming they complete a provisional ballot cure, I will likely advocate on their behalf to the rest of the Canvassing Board that we accept the provisional ballot as this was an administrative error on the part of the 3PVRO that should not disenfranchise the voter from voting. This is supported, in my view, by Title 52, Section (a)(2)(B).

Trying to keep it short and sweet since we're all a little starved for time around here 😊 See below.

Voter showed up to Early Voting site at FAMU on 10/23/2024. Voter's record could not be located and was advised she was not registered to vote and would have to vote by Provisional Ballot. Voter provided receipt from 3<sup>rd</sup> party (attached) as proof that she submitted a Florida Voter Registration Application to registration agent (working on behalf of 3PVRO) on 08/30/2024. Our office never received this application. We contacted the group on 10/24/2024 and advised them there is at least one form collected on behalf of their organization we never received. They told us they submit all forms to us.

*Re: Palm Beach County Paid Petition Circulators / Initiative Petition 22-05, Adult Personal Use of Marijuana*

Dear Andrew Watts, Special Agent Supervisor:

Over the past several months, we have received some alarming information from the Palm Beach County Supervisor of Elections Office regarding fraudulent constitutional initiative petitions received in their office from Smart & Safe Florida (the sponsoring political committee for Initiative Petition 23-05, Adult Personal Use of Marijuana). Pursuant to section 97.012(15), Florida Statutes, and Rule 1S-2.025, Florida Administrative Code, the Office of Election Crime & Security (“OECS”) has conducted preliminary investigations into the following allegations to determine if the alleged violation(s) appear(s) to have occurred warranting a criminal investigation referral to your office, as established by Rule 1S-2.025, Florida Administrative Code.

OECS has received credible information that the following petition circulators for Initiative Petition 22-05, Adult Personal Use of Marijuana, have submitted suspected illegal petition form(s), in clear violation of section 100.371(5), section 104.011, and chapter 817, Florida Statutes:

As detailed in the attachments to this letter, the Palm Beach County Supervisor of Elections Office received petitions from Smart & Safe Florida (the sponsoring political committee) from voters who were identified as not actually having signed the initiative petitions. The Palm Beach County Supervisor then secured signed complaint forms from the individual voters attesting to the fact that they did not sign the petition forms submitted in their names. Some of the above-named circulators also signed petitions on behalf of individuals who were deceased at the time the petition was allegedly signed. The circulators appear to have forged the voters' signatures and inserted the voters' personal identifiable information into the petitions without consent. The petition forms indicate the above-listed individuals as the paid circulators who collected the petitions. Our office will supplement this letter with all registration documents related to each of the individual circulators. All of the above-listed individuals are paid circulators for the Initiative Petition, 22-05, Adult Personal Use of Marijuana.

The allegations contained in this letter concern only Palm Beach County. Given the volume of allegations in Palm Beach, as well as other Florida counties OECS has previously referred to your Department, OECS asks you prioritize the resolution of this investigation.

Nothing in this referral letter should be interpreted to limit the scope of your investigation or the nature of any and all criminal charges your office uncovers.

Sincerely,

Brad McVay

v.

Case No. 24-cv-509

MAYORKAS, in his official capacity

Department of Homeland Security,

COMPLAINT FOR  
PERMANENT INJUNCTIVE RELIEF

1. Since taking office, the Biden-Harris Administration has “effectively turned the Southwest Border into a meaningless line in the sand and little more than a speedbump for aliens flooding into the country.” *Florida v. United States*, 660 F. Supp. 3d 1239, 1249 (N.D. Fla. 2023).

2. While estimates vary on the impact of the border crisis, there are at a minimum millions of new unauthorized aliens present in our country.

3. States have limited power to enforce federal law and deport these individuals when the federal government cannot or will not do so. *See Arizona v. United States*, 567 U.S. 387, 401–02 (2012) (observing that “a *single* sovereign” is “responsible

for maintaining a comprehensive and unified system to keep track of aliens within the Nation’s borders” (emphasis added)). But States can at a minimum ensure state laws are followed, including laws prohibiting non-citizens from voting in Florida elections. *See* Art. VI, § 2, Fla. Const.; *see also* Matthew Tragesser, *Illegal Aliens Are Still Voting in Our Elections*, Heritage Found. (July 10, 2024) (providing examples of non-citizen voting).<sup>1</sup>

4. As part of preventing voter fraud, including non-citizen voting, the State of Florida has an obligation to maintain accurate and current voter registration records. *See* § 98.075(1), Fla. Stat.

5. And as part of “the prerogatives and responsibilities of the States and the National Government vis-à-vis one another,” *Bond v. United States*, 564 U.S. 211, 221 (2011), the federal government has an obligation to cooperate with the States in ensuring only citizens vote in their elections.

6. That cooperation mandate is based in two provisions of federal law. First, 8 U.S.C. § 1373(c) requires the federal government to “respond to an inquiry by a Federal, State, or local government agency, seeking to verify or ascertain the citizenship or immigration status of any individual within the jurisdiction of the agency. . . .” Second, 8 U.S.C. § 1644 states that “no State or local government entity may be prohibited, or in any way restricted, from sending to or receiving from [federal

immigration authorities] information regarding the immigration status, lawful or unlawful, of an alien in the United States.”

7. Because the federal government is refusing to comply with these obligations and frustrating Florida’s ability to maintain the integrity of its elections, Florida files this suit.

### **PARTIES**

8. Plaintiff State of Florida is a sovereign State and has the authority and responsibility to protect its public fisc and the health, safety, and welfare of its citizens. As the State’s Chief Legal Officer, Attorney General Ashley Moody is authorized to represent the interests of the State in civil suits. *See* § 16.01(4), (5), Fla. Stat.

9. Plaintiff, the Florida Department of State (FDOS), is an agency of the State of Florida.<sup>2</sup> *See* § 20.10, Fla. Stat. FDOS has responsibility under both state and federal law to ensure that Florida’s voter registration rolls are current and accurate. *See* § 98.075(1), Fla. Stat. (providing that FDOS “shall protect the integrity of the electoral process by ensuring the maintenance of accurate and current voter registration records”); § 98.093(1), Fla. Stat. (requiring FDOS to access information from state and federal officials “[i]n order to identify ineligible registered voters and maintain accurate and current voter registration records in the statewide voter registration system”); 52 U.S.C. § 21083(a)(1)(A)(4) (requiring states to “ensure that voter registration records in the State are accurate and updated regularly”).

---

<sup>2</sup> Plaintiffs, State of Florida and the Florida Department of State, are collectively referred throughout as “Florida.”

10. Defendant Department of Homeland Security (DHS) is an agency of the United States Government. DHS is responsible for providing immigration status information to States under 8 U.S.C. § 1373(c). *See also* 8 U.S.C. § 1551 note; 6 U.S.C. § 291; 6 U.S.C. § 542 note.

11. Defendant Alejandro Mayorkas is the Secretary of DHS. DHS is the federal agency principally responsible for immigration enforcement. Florida sues Secretary Mayorkas in his official capacity.

### **JURISDICTION AND VENUE**

12. The Court has subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331, 1346, 1361, and 2201–02, and 5 U.S.C. §§ 702–06.

13. The Court is authorized to award the requested declaratory and injunctive relief under 5 U.S.C. §§ 705–06, 28 U.S.C. §§ 1361 and 2201–02, the Constitution, and the Court’s equitable powers.

14. Venue lies in this district pursuant to 28 U.S.C. § 1391(e)(1) because Florida sues the federal government and the State is a resident of every judicial district in its sovereign territory, including this judicial district (and division). *Florida v. United States*, No. 3:21-cv-1066, 2022 WL 2431443, at \*2 (N.D. Fla. Jan. 18, 2022).

### **BACKGROUND**

#### **Legal Background**

15. The Constitution primarily charges the States with safeguarding and administering the electoral process, subject to certain federal limits. *See, e.g., Arizona v.*

*Inter Tribal Council of Arizona, Inc.*, 570 U.S. 1, 7–9 (2013) (discussing the state and federal balance struck by the Framers in the Elections Clause, U.S. Const. Art. I, § 4, cl. 1).

16. Under federal and Florida law, the State of Florida has an obligation to ensure the integrity of elections conducted within the State by maintaining accurate voter registration records. *See, e.g.*, 52 U.S.C. § 21083(a) (requiring States to maintain accurate voter registration records and make reasonable efforts to remove ineligible registrants); 52 U.S.C. § 20501(b)(4) (similar); § 98.075(1), Fla. Stat. (“The [Florida Department of State] shall protect the integrity of the electoral process by ensuring the maintenance of accurate and current voter registration records.”).

17. One facet of that duty is ensuring that ineligible voters have not registered to vote in Florida elections. *See* § 98.075, Fla. Stat. (requiring Florida supervisors of elections to remove ineligible voters from voter rolls).

18. Under Florida law, only U.S. citizens are eligible to vote in Florida elections. Art. VI, § 2, Fla. Const.; § 97.041(1)(a)(2), Fla. Stat. Federal law mirrors this limit. *See* 18 U.S.C. §§ 611, 1015.

19. As part of its duty to maintain voter registration rolls, FDOS must verify that non-citizens have not been registered to vote in Florida. *See* § 98.075(1), Fla. Stat. (providing that FDOS “shall protect the integrity of the electoral process by ensuring the maintenance of accurate and current voter registration records”); § 98.093(1), Fla. Stat. (requiring FDOS to access information from state and federal officials “[i]n order

to identify ineligible registered voters and maintain accurate and current voter registration records in the statewide voter registration system”).

20. Under Florida law, the Florida Department of Highway Safety and Motor Vehicles notifies FDOS when a person presents evidence of non-citizenship while seeking a new or renewed Florida driver’s license, Florida identification card, or other updated record. *See* § 98.093(8)(b), Fla. Stat.

21. Other state agencies also routinely report evidence of non-citizenship, such as when a person indicates non-citizen status in response to a jury notice or when a law enforcement investigation discovers that a non-citizen is registered to vote.

22. FDOS is then responsible for investigating citizenship status and reporting that information to the relevant supervisor of elections who makes a final determination about voter roll removal in accordance with procedures set by Florida law. *See* § 98.075(7), Fla. Stat.

23. While the information FDOS receives from state agencies is reasonably reliable, frequently such data is not sufficiently conclusive for FDOS to report it to a supervisor of elections.

24. Further, Florida cannot track and maintain immigration and citizenship information on its own. *See Arizona*, 567 U.S. at 401–02 (observing that “a *single* sovereign” is “responsible for maintaining a comprehensive and unified system to keep track of aliens within the Nation’s borders” (emphasis added)). That responsibility lies with the federal government, namely DHS. *See id.* (describing the federal regime of alien registration).

25. Recognizing this asymmetry in information, Congress enacted the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, Pub. L. 104-208 (IIRIRA). Through IIRIRA, Congress mandated that the Immigration and Naturalization Service (INS) “shall respond to an inquiry by a Federal, State, or local government agency, seeking to verify or ascertain the citizenship or immigration status of any individual within the jurisdiction of the agency for any purpose authorized by law, by providing the requested verification or status information.” 8 U.S.C. § 1373(c); *see also* 8 U.S.C. § 1644 (prohibiting any restrictions on communication between state and local governments and the INS regarding immigration status of aliens).

26. In 2003, with the creation of DHS, the INS was transferred from the Department of Justice to DHS. *See* 8 U.S.C. § 1551 note; 6 U.S.C. § 291; 6 U.S.C. § 542 note. Three DHS components, U.S. Citizenship and Immigration Services (USCIS), Immigration and Customs Enforcement, and Customs and Border Protection now perform the functions of the INS, including implementation of 8 U.S.C. § 1373(c).

### **Factual Background**

27. The primary way DHS seeks to comply with § 1373(c) is through a program created by USCIS called the Systematic Alien Verification for Entitlements (SAVE) program. *See* 76 Fed. Reg. 58,525, 58,526 (Sept. 21, 2011) (noting that the SAVE program “include[s] the implementation of [8 U.S.C. § 1373(c)]”); *see also* Immigration Reform and Control Act, Pub. L. 99-603 (1986) (requiring the INS to establish a system to make immigration status information available to state agencies).

28. SAVE is an “online service for [government agencies] to verify immigration status.”<sup>3</sup>

29. The SAVE program is available to federal, state, and local benefit-issuing agencies, including state or local governments, who upon request “use SAVE for any legal purpose, such as credentials, background investigations, and voter registration.” 76 Fed. Reg. at 58,527.

30. Initially, the federal government refused to make the SAVE program available to the State of Florida to protect the integrity of its elections. In 2012, however, FDOS sued DHS to compel it to grant FDOS access to the SAVE program to verify voter immigration status. *See* Compl., Doc. 1, *Fla. Dep’t of State v. DHS*, No. 1:12-cv-960 (D.D.C. June 11, 2012).

31. As a result of that lawsuit, FDOS and DHS entered into a memorandum of agreement (the MOA) that allowed FDOS to access the SAVE program to verify citizenship and immigration status information for persons on Florida’s voter registration rolls. Ex. 1.

32. SAVE is a useful but inadequate tool that the State of Florida now uses to protect the integrity of its elections, with notable limitations.

33. To conduct a SAVE inquiry, a state agency must submit both biographic information and a unique immigration identifier from the person in question.<sup>4</sup> A

unique immigration identifier may include a USCIS/Alien remigration number (A-number), an arrival/departure record number (Form I-94), a student exchange ID number, a naturalization or citizenship certificate number, or another identifier assigned to an alien by the federal government.<sup>5</sup> But, “SAVE cannot verify a benefit applicant’s status using a Social Security Number, driver’s license number, U.S. Passport number, foreign passport number, Consular Report of Birth Abroad or other non-DHS documentation.”<sup>6</sup>

34. Thus, in situations where a state agency does not have a unique immigration identifier for an individual, it cannot conduct a SAVE inquiry.

35. In the months preceding the filing of this complaint, FDOS identified a number of individuals<sup>7</sup> for whom FDOS had evidence of non-citizenship but could not run a search on the SAVE database because FDOS does not have unique immigration identifiers for these individuals. All of the individuals identified by FDOS are currently registered to vote in Florida.

36. On September 10, 2024, FDOS sent a letter to Tammy Meckley, Associate Director, Immigration Records and Identity Services Directorate, U.S.

<sup>5</sup> *Id.*

<sup>6</sup> *Id.*

<sup>7</sup> Florida law restricts the personal information FDOS may publicly disclose regarding these individuals. *See* § 97.0585(1), Fla. Stat. Should it be necessary to the resolution of this case, Florida is willing to file redacted information in an amended complaint or to provide the information to Defendants and the Court under a protective order.

Citizenship and Immigration Services, requesting verification of citizenship status for several identified individuals. Ex. 2.<sup>8</sup>

37. On October 10, 2024, FDOS received a response from Ur Jaddou, Director of USCIS. Ex. 3. In that letter, USCIS denied FDOS's request for further information about the specific individuals in question and refused to offer any means of identifying immigration status beyond the SAVE program. Ex. 3 at 2–3.

38. Separately, FDOS officials attempted to submit inquiries regarding these individuals to the Immigration Records & Identity Services division of USCIS. Ex. 4 at 2. A USCIS official confirmed that there is no other method of verifying the immigration or citizenship status of an individual available to state agencies apart from SAVE. Ex. 4 at 2. The USCIS official also verified that SAVE cannot verify status without at least one enumerator from a U.S. issued immigration document. Ex. 4 at 2.

39. Since then, FDOS has identified several more individuals for whom it cannot conduct a SAVE inquiry due to a lack of unique immigration identifier.

40. Thus, Florida has identified a subset of individuals for whom it cannot verify citizenship or immigration status through SAVE and for whom DHS refuses to verify citizenship or immigration status through other means. And even assuming Florida were able to verify citizenship or immigration status without DHS cooperation, such efforts would certainly expend significant state resources.

---

<sup>8</sup> A September 9, 2024 version of this letter contained a minor error. Florida attaches the corrected version as its exhibit.

41. On information and belief, Defendants have readily accessible information apart from the SAVE program that is responsive to Florida's inquiries. Defendants are obligated under 8 U.S.C. § 1373(c) to provide that information to Florida.

42. Without further information from DHS, Florida is unable to fulfill its statutory duties to ensure the integrity of its elections and maintain accurate voter registration records. Florida's inability to carry out its statutory obligations inflicts sovereign injury upon the state. *See Abbott v. Perez*, 585 U.S. 579, 602 n.17 (2018) (“[T]he inability to enforce its duly enacted plans clearly inflicts irreparable harm on the State.”); *Maryland v. King*, 567 U.S. 1301, 1303 (2012) (Roberts, C.J., in chambers) (“[A]ny time a State is enjoined by a court from effectuating statutes enacted by representatives of its people, it suffers a form of irreparable injury.” (quotation omitted)), *quoted with approval*, *Alabama v. U.S. Sec’y of Educ.*, No. 24-12444, 2024 WL 3981994, at \*7 (11th Cir. Aug. 22, 2024).

## CLAIMS

### COUNT 1

#### **Agency action unlawfully withheld or unreasonably delayed**

43. Florida repeats and incorporates by reference ¶¶ 1–42.

44. Under the Administrative Procedure Act (APA), a court shall “compel agency action unlawfully withheld or unreasonably delayed.” 5 U.S.C. § 706(1). The

APA further requires that an agency “proceed to conclude a matter presented to it” within “a reasonable time.” 5 U.S.C. § 555(b).

45. Under 8 U.S.C. § 1373(c), Defendants are required to “respond to an inquiry by a Federal, State, or local government agency, seeking to verify or ascertain the citizenship or immigration status of any individual . . . by providing the requested verification or status information.”

46. Defendants’ failure to timely provide information in response to FDOS’s inquiry to verify or ascertain the citizenship or immigration status of the individuals within its jurisdiction for verification of voter eligibility amounts to agency action unreasonably delayed or unlawfully withheld within the meaning of 5 U.S.C. § 706.

## COUNT 2

### **Mandamus**

47. Florida repeats and incorporates by reference ¶¶ 1–42.

48. Under the Mandamus Act, the court may “compel an officer or employee of the United States or any agency thereof to perform a duty owed to the plaintiff.” 28 U.S.C. § 1361.

49. Defendants owe Florida a clear nondiscretionary duty to respond to the State’s inquiry to verify or ascertain the citizenship or immigration status of individuals within its jurisdiction for a purpose authorized by law. *See* 8 U.S.C. § 1373(c).

50. As a direct and proximate cause of Defendants' failure to provide access, Florida has been irreparably harmed and continues to suffer ongoing irreparable harm.

51. Because Florida has "a clear right to the relief sought," Defendants have "a clear duty to act," and "no other adequate remedy is available,"<sup>9</sup> mandamus relief is warranted. *See Cash v. Barnhart*, 327 F.3d 1252, 1258 (11th Cir. 2003); *see also Heckler v. Ringer*, 466 U.S. 602, 616 (1984) (holding that the "common-law writ of mandamus, as codified in 28 U.S.C. § 1361," is appropriate where plaintiff "has exhausted all other avenues of relief" and "the defendant owes him a clear nondiscretionary duty").

52. A writ of mandamus should issue compelling Defendants to provide verification of the citizenship or immigration status of individuals identified in FDOS's September 10, 2024 letter, Ex. 2, pursuant to 8 U.S.C. § 1373(c).

### COUNT 3

#### **Agency action not in accordance with law and in excess of authority in violation of the APA**

53. Florida repeats and incorporates by reference ¶¶ 1–42.

54. Under the APA, a court shall hold unlawful and set aside agency action—including the "failure to act"—when it is "in excess of statutory jurisdiction, authority, or limitations, or short of statutory right" or is "arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law." 5 U.S.C. §§ 551(13), 701(b)(2), 706(2)(A), (C).

---

<sup>9</sup> Florida agrees that complete relief under Count 1 would obviate the need for mandamus relief.

55. Defendants’ decision to use only the SAVE program to respond to inquiries under § 1373(c)—even though they possess additional information not available through that program—is contrary to their statutory obligations.

56. Section 1373(c) requires Defendants to “respond to an inquiry by a Federal, State, or local government agency, seeking to verify or ascertain the citizenship or immigration status of any individual . . . *by providing the requested verification or status information.*” 8 U.S.C. § 1373(c) (emphasis added); *see also* 8 U.S.C. § 1644 (prohibiting any restrictions on communication between state and local governments and DHS regarding immigration status of aliens).

57. These requirements apply to Florida’s request to verify immigration or citizenship status of a person who cannot be verified through the SAVE program. Defendants’ decision to limit their responses to inquiries that can be made via the SAVE program violates § 1373(c).

#### **COUNT 4**

##### **Declaratory Judgment**

58. Florida repeats and incorporates by reference ¶¶ 1–42.

59. Under the Declaratory Judgment Act, the court “may declare the rights and other legal relations of any interested party seeking such declaration, whether or not further relief is or could be sought.” 28 U.S.C. § 2201(a).

60. Section 1373(c) states that Defendants “shall respond to an inquiry by a Federal, State, or local government agency, seeking to verify or ascertain the citizenship or immigration status of any individual within the jurisdiction of the

agency for any purpose authorized by law, by providing the requested verification or status information.” 8 U.S.C. § 1373(c).

61. When a state agency requests verification of an individual’s citizenship or immigration status because the State cannot conduct a SAVE inquiry or a SAVE inquiry is inconclusive, Defendants owe a nondiscretionary duty to respond to that inquiry with any and all reasonably available information in Defendants’ custody under § 1373(c).

62. Because Defendants have received an inquiry from Florida to verify or ascertain the citizenship or immigration status of individuals within its jurisdiction for a purpose authorized by law, Florida is entitled to a declaration that Defendants must “respond” to the inquiry “by providing the requested verification or status information.” 8 U.S.C. § 1373(c).

#### **PRAYER FOR RELIEF**

For these reasons, Florida asks the Court to enter judgment in favor of the Florida and award the following relief:

- a) An order holding unlawful Defendants’ failure to provide Florida with a response to its inquiry to verify or ascertain the citizenship or immigration status of individuals within its jurisdiction for a purpose authorized by law, 8 U.S.C. § 1373(c), and compelling Defendants to provide a response;
- b) A declaration that Florida is entitled to a response to its inquiries under 8 U.S.C. § 1373(c);

- c) Permanent injunctive relief, or the issuance of a writ of mandamus, ordering Defendants and their officers, employees, and agents to respond to inquiries made by Florida under 8 U.S.C. § 1373(c);
- d) An award of Florida's costs and reasonable attorneys' fees, as appropriate; and
- e) An award of any further relief to Florida that this Court deems, just, proper, and equitable.

## Appendix AB: Loss of Voter Registrations on Public Bus

3P# 21-9

Dear Supervisor White,

We hope that this letter finds you well. We're writing to notify you that on Thursday, September 12, one of our team members misplaced a clipboard while registering voters on the bus (route 62). This occurred at the end of their shift at about 3PM. The clipboard contained 12 completed forms and 3 blank applications. We have since called the Lost and Found Office for the Miami-Dade Department of Transportation and Public Works four times. We also emailed Lost and Found and personally visited the bus terminal to search for the missing clipboard. We will continue searching for this clipboard and will call the Lost and Found Office twice weekly for the remainder of the cycle. We are sharing this memo to document our efforts to comply with all voter-registration obligations and deadlines.

If you have any questions, please contact me. My information is provided below.

Best,
